The Proprietors of the Estates from Nos. 1 to 7 have been informed as directed by the Board in their Proceedings of 16th July last, that unless they enter into proper arrangements for discharging their arrears, their Estates will be sold. When I receive their answers, the result will form the subject of a separate report.

The arrears due from the Estates 8 & 9 will soon be realized. The instalment of 3,005 Rupees for fusly $\frac{1255}{1845/46}$ due from the Estates

Vide Para 15 of the Board's Proceedings of the 16th July 1846

No. 10 as directed by the Board, was duly paid, and the remaining arrears now outstanding thereon will be collected in fusly $\frac{1256}{1846/47}$. The Zemindar of the Estate No. 11 proposes to pay the arrears by three yearly instalments from fusly $\frac{1256}{1846/47}$ to $\frac{1258}{1848/49}$ and if he tenders good security the case will be submitted for the orders of the Board for releasing the Estate from attachment. The minority of the Proprietor of the Estate No. 12 will expire on the 31st December next when measures will be adopted for the

Fort St. George 14th September 1846

realization of the arrears due thereon.

With respect to the Estate No. 13 Wagayemmakpatah, I have collected from the Zemindar Rupees 3,278-3-1 being the balance of the current Peishcush and received from him an agreement executed on stampt paper engaging to pay the remaining arrears in two yearly instalments Viz. 1,000 Rupees in fusly $\frac{1256}{1846/47}$ and Rupees 1166-9-8 in fusly 1257. These measures were adopted on due consideration of the distressed circumstances of the Zemindar who was obliged to borrow money in order to discharge the above balance of Current Peishcush.

6. The Annexed Statement shews the current balances and arrears outstanding against the six Estates comprized in the 4th Class.

The Estate No. 1, on which the balance of current demand and arrears amounts to Rupees 2,031-8-8, was attached in fusly 1254 1844/45 for a current balance of Rupees 580-8-- then outstanding. The season of fusly 1255 1845/46 proved unfavorable and the balance has now accumulated to such a degree, that unless the Proprietor arranges to discharge the arrears in a short time, an Advertisement will be submitted to the Board for the sale of the Estate. The Estate No. 2 has been attached for balance of current Peishcush amounting to Rupees 30-13-6 per cent as mentioned in my report of 11th July 1846. It will not be released until the liquidation of the current balance and arrears amounting to Rupees 1,434-10-6 which I hope will be levied within the present fusly. With regard to the Estates Polavarum and Puttesum in No. 3 the Proprietor Cocharlacotah Ramachendra Venkata Krishna Row having died, they have been placed under attachment and are held under the management of

It appears that the late Proprietor had collected upwards of 13,000 Rupees on account of the Current revenue, and paid to the Circar only Rupees 6,743-10-- leaving a balance of Rupees 3,746-4-- on account of the Kist then due, which added to the subsequent Kists of the Current fusly has accumulated to Rupees 5,233-6-- besides the arrears of fusly 1248 1838/39 amounting to Rupees 1,273-8-- The present balance of current and arrears against Goontalah in No. 4 is Rupees 25,285-15-10. It appears from the reports of the Darogahs of Goontalah and Tandemullah as well as from the representation of the Proprietor himself, that the wet crops entirely failed though the dry lands produced abundantly considering the state of the Talook. I allowed Rupees 8,000 of the Peishcush to lie over for the present. The Proprietor having engaged to pay that sum in four equal monthly instalments commencing from September. From J. H. Cochrane Esqre
Acting Collector
of Cuddapah

Affording the information required by the Board regarding the administration of the Arrakarry system in the Town of Cuddapah and forwarding a Statement on the subject.—

Sir,

Para 1. I have the honor to afford the information required in your letter of the 1st June regarding the administration of the Arrakarry System in the Town of Cuddapah. The revenue derivable in 4 years from this Branch for the Talook of Chennoor in the limits of which Busbah Cuddapah is situated was Rupees 72980 — — — as exhibited in the accompanying

accompanying Statement which shews the proposals that have been made and accepted in each. In this Statement Fusly 1250 have been omitted as the Arrakarry was that year rented by a Person from Bellary.

2. From the calculation that has been made on enquiry from the Renter, the only available means at my command of obtaining the necessary information on the subject, it is estimated that Rupees 52136. 12 — — Of the above has been realized by the sale of Spirituous Liquor within the limits of the Town of Cuddapah itself, the proportion being about 1 3/8 of the whole. The amount collected from the other Villages in the Talook is estimated at 2087.3. being about 2/5 of the amount derived from the Busbah and 2/7 of the whole Talook Amount. This calculation has been framed with reference to the amount of offers actually made as it is not easy to ascertain the actual quantity of Arrack distilled and sold by the Renter to afford him a net profit after clearing all expenses, but whatever this profit may be the proportion of the total collections which may be supposed to have been derivable from Busbah Cuddapah will be the same.—

Arrack.

3. Arrack is the only spirituous Liquor distilled in this District of which there are two sorts that distilled from the bark of the Banjool Tree and that from the fermented Toddy of Palmira and Date both which the Renters are bound by the terms of the Licence to sell at fixed prices Viz. 10 Annas 6 Pice per Seer for the 1st and 5. 3 per Seer for the 2d quality of the first description of Arrack. Palmira and Date Toddy the Renter is also authorized to sell at his discretion but if distilled the fixed rates are 7 Annas for the 1st and 3 as 8 p. for the 2d sort per Seer. The distillation of this sort of Arrack is confined Chiefly to the Salooks.

4. It is estimated that an outlay of Rupees 26¼ would produce 100 Rupees worth of Arrack. This outlay includes the price of bark, Jaggery, firewood and wages for labour employed. The Actual Cost of the production therefore maybe considered to bear to the sale price in the proportion of 26¼ per cent giving a profit to the Renter of 73¾ per cent, from which however must be deducted the Charges to be incurred in making the Collection in wages of servants, erecting of Sheds Stills and other Contingent escpences which are not easily ascertained

ascertained. It may be fairly assumed that the Renter would derive a profit of at least 50 per Cent in the actual sale of the spirituous Liquors as far as the Cost of production and other expenses incurrible are concerned. Net profit after reimbursing himself by Collections from sale, the amount of offer made for the privilege of renting and the amount of outlay incurred in the production of the Article must depend upon the demand for spirituous Liquors and it is evident that the renter to clear himself must make an outlay equivalent to the Amount of offer which would enable him to collect by sale double the amount, and whatever quantity of Arrack be distilled on a further outlay he would realize a profit thereon of about 50 per Cent.

5. The extent of the Population of the Town of Cuddapah from the latest returns is exhibited in the Statement which accompanies.

Furnishing information regarding the Abkarry System of the Town of Combaconum.

Sir,

I have the honor to supply the information required by your letter of the 1st Ultimo regarding the Abkarry Revenue of the Town of Combaconum. This Revenue has, as the Board are aware, been rented during the past five years and I am therefore dependant considerably on the Renter's Accounts which cannot be fully relied on. These rents have also included Toddy. By the accompanying Statement it appears that the Gross Revenue may be estimated on an average of 5 years preceding the Fusly which has just Commenced at 16727 Rs and deducting the charges of manufacture estimated at 10174 Rs the Net profit is calculated at 6553 Rs the Charges being 60 per cent on the gross revenue.

The Minimum price of Arrack as fixed by the term's of licence is Rupees 16. 9. 1 per Maund. The selling price is Rupees 17. 8. 11 exceeding it by 15 and this

latter is estimated as 105 to 31 to the cost of production.

The population of the Town of Combaconum by the last Census inclusive of Carapoor which unites with it was given at 13921 Males and 14624 Females — Total 28545 but I am inclined to believe it is much larger and may be rated in pounds numbers at 34,000.—

From J. Blackburne Esqre. Sir.
Pl. Coll. of Madura—

I have the honor to ac-
knowledge the receipt of your letter of the
1st. June, calling for report on the gross and
net revenue derivable from Hokarry farm
in the Town of Madura, for the last 4 or 5
years, and beg to submit a Statement shew-
ing the details therein required on returns fur-
nished by the renters, who state they
do not necessarily keep Separate accounts
for the Town alone, (which consists of the
town proper, and from 1 to 3 Miles surrounding
it) but that in some former years they having
done it, the Returns now furnished have
been prepared on the proportions the proceeds
and Charges of the Madura Town bear to those
of the Villages of the Madacolum Taluk —
in those years.

2. I place little reliance on the Statement;
I consider the Charges as greatly exaggerated as
the

the profits diminished. There is no Charge
for Collection, with exception of 1½ per Cent
Standard Commission, allowed in the name
of the Principal Collector, to the Govern-
ment on this branch of Revenue, amount-
ing to Rupees 368-3-— per Annum.—

3. The price at which the ar-
ticle is sold is as the renters state, the
same as entered in the License issued agree-
ably to the provisions of Regulation I of
1820, but I cannot doubt they sell for less
but I have not the means to ascertain the
Minimum or even ordinary rate of price.—

4. The only liquor distilled
here is the Country Arrack.—

5. The delay has been occasion-
ed by difficulty to procure the information,
even such as it is from former renters as
absent on their private affairs
at different places.—

rains were both scanty and late, and the Kuzzoor Summabundy was consequently post-poned beyond the usual period to give the Talook Servants due time for making the preliminary enquiries and preparing the accounts, but it did not commence in the Mavenungalum Talook until the 6th May-

3- Up to this time the Tahsildar had reported to the Kuzzoor loss of Crops in 3 Villages only and in 2 of these instances the accounts were sent in conformity with special orders which had been issued on the cultivators bringing to notice that their Crops had failed to a large extent and remain-ed in the fields unexamined- It was therefore with dissatisfaction at the conduct of the Tahsildar that I received from that Officer at the time of the Kuzzoor Summabundy an account of Shavi amounting to Rupees 16996-14-0 or 1/5th of the Nunjah Beriz of the Talook for although the circumstances of the season had led me to expect extensive loss, the Tahsildar had forwarded no previous accounts from time to time to shew the state of the cultivation and that he had visited the different Villages- The account of the Shavi was also prepared in an improper manner, made up of the items being

being entered in it, such as crops said to be Shavie but not remaining in the fields at the time of examination, and what is termed-Kadir Shavi which is a deficiency of produce, not an entire loss, the crops having been reaped-

4. An enquiry was therefore held into the proceedings of the Tahsildar, when it appeared that during the most important time of the year (from 1st December to 15th March) he remained inactive, deputing to the subordinate servants the important task of examining the cultivation and checking the accounts of Shavi which he ought to have performed himself, and taking no care to have the duty executed even in that second hand manner- The accompanying Statement A shews that from the beginning of December to the Middle of March the Tahsildar remained at the Village of Agaram except on a few unavoidable occasions, without taking measures to examine personally the numerous complaints of Shavi and satisfy himself of the state of his Talook and another statement (B) in which the details of a few Villages are entered as an example of the manner in which the business of the Talook was

Fort St George 14th September 1846-

was conducted shows how the public interests were neglected by the Tahsildar both personally and by his failing to see that the duties which he had improperly entrusted to the subordinate servants were performed by them -

5. The Statement of Shavi presented by the Tahsildar at the Huzzoor Summabundy thus depended in many instances on the assertions of the Villagers and no proper enquiry having been held the settlement was made with difficulty and not without risk to the interests of Government on the one hand, and of the cultivators on the other. Care was taken to rectify the consequences of the Tahsildar's neglect by local enquiries and references to the state of the neighbouring Villages in the Conjeveram and Poodapollium Taloks which had been previously settled, and I feel confidence in trusting that errors were thus avoided. But still the Tahsildar's neglect endangered the interests placed in his charge and gave an opportunity to the cultivators to advance exaggerated statements of loss and express discontent when their claims to remission were not fully admitted -

6. In explanation of this neglect of duty the Tahsildar can only allege that his health was weak and that he thought the climate

Fort St George 14th September 1846-

climate and water of Agaram necessary for its restoration - but this plea cannot be admitted since if it was well founded the Tahsildar ought not to have undertaken duties which he was unable to perform. This officer was only promoted by me in July 1845 to the situation of Tahsildar as a person whose previous employment in the Huzzoor Cutcherry had made him acquainted with business in its different branches, and he was aware that in a Taluk like Maramangalum which comprises valuable Nunjay cultivation the state of the Villages ought always to be ascertained with care, and especially in a season when the partial failure of the Monsoon had led to general complaints of loss of crops. It is to be added that the small area of the Taluk affords such facilities for personal inspection that the Tahsildar's neglect is the less excusable, none of the Villages being more than ten miles from the Taluk Cutcherry - In his Police duties the Tahsildar equally remiss, and was censured on several occasions for

summoning the Prosecutors and witnesses in important cases to Agaram instead of proceeding to the spot where the crimes had been committed - He was also summoned personally before me on the 24th January and warned against continuing such general neglect of his public duties -

A second point in which the Tahsildar's conduct came to my notice in an unfavorable light was

was his having detained the salaries of the inferior Talook servants / the Zillahdars and their Cowls / in arrear for 3 Months although orders had been sent for their regular monthly payment. On being called on for explanation the Tahsildar stated that his object was to make these servants more active in their duties, but it is obvious to remark that the Tahsildar was thus guilty of a great unauthorized irregularity as it cannot be permitted that a Tahsildar should keep the lower servants dependent on his pleasure for their salaries and thus defeat the advantages which are intended to arise from the public servants being paid with punctuality and certainty. On this occasion the servants received their arrears of Salary in my presence. and I have taken measures to prevent such an irregularity occurring again in the different Talooks.

8

Another instance in which the Tahsildar's conduct is open to strong animadversion is his having improperly drawn a portion of salary in direct opposition to the orders which he had received. Shortly after his being appointed to the Talook on 1. July 1845 he applied for leave of absence founded on the state of his health. Leave was in consequence granted but the Tahsildar was informed that a third of his salary would be deducted in accordance with general usage and given to the Officer (the Talook Sheristadar) on whom his duties devolved. The Tahsildar was absent under these circumstances from the 16th July to 24th November when he resumed his duties, but in opposition to the written orders which he had received he drew the whole salary a circumstance which only came to my knowledge after his suspension. The Tahsildar is not able to offer explanation of this conduct.

I

9. I regret that I am obliged to impute the Tahsildar's neglect of duty and his misconduct in the above instances to an indifference to the public interests placed in his care and to a reliance on his previous employment in the Buzzoor Cutcherry discouraging parties from complaining against him. I found general report to be very unfavorable to his character in the Talook and his conduct was such as to give foundation for the unfavorable rumours against him. Just before the Buzzoor Summabundy he threw off the inactivity which has been remarked on in the commencement of this report and travelled through many Villages visiting 5 and 6 in a day. The rapidity of his movements would have made these visits useless for enquiry had the crops remained on the ground at that late period of the season and there is thus cause to believe that those visits were made as stated in general report to receive presents from the cultivators for the purpose of disposing their claims to remission at the Buzzoor Summabundy.

10. In four instances specific complaints have been made against the Tahsildar of receiving sums of money previous to the settlement. These have been investigated by me and the result has not been favorable to the Tahsildar's character. But as the cases are not of individual importance and sufficient justice would be done to the complainants by the removal of the Tahsildar, which appears to me necessary irrespective of these complaints I have limited myself to requesting the authority of the Board for his dismissal as a person who has shewn general misconduct during his short trial in the discharge of his duties, and who cannot safely be intrusted with the public interests.

This shavi took place chiefly in the Sumbah Crop. The Puttamanigar of the Village reported the failure of 123 Cawnies on 14th January. This report is marked as having reached the Taluk Cutcherry on 27th January. Eight days afterwards or on 5th February Tahsildar sent orders to the Zillahdar to examine the Crops. The Zillahdar did so but made no report expecting that the Tahsildar or other superior Servant would come to the Village as it was a matter of importance and the Villagers asserted that some Crops still in a partially green state were shavi. The Tahsildar took no further measures to call for a report or examine the crops himself. The cultivations (Adungul) accounts were prepared by one of the Goomastahs who was sent to the Village on 9th April when it was too late to ascertain the shavi with any accuracy. The Tahsildar paid afterwards a hasty visit to the Village on 4th May just before Buzzoor Summahbundy. The Village is 5 Miles from Taluk Cutcherry.

2 Sommungalum — 1,464 33 513 4 8 246 3 4. On 26th December the Puttamanigar reported that 60 Cawnies were shavi and requested an early examination in order that the Ryots might receive permission to recultivate such portion of the land as should prove practicable. On 3rd January this Urzee was repeated stating that 2 months water had since come into the Tank and that if orders were given 20 Cawnies could be recultivated. On 13th January two weeks afterwards Tahsildar sent orders to Zillahdar to Report.

Requesting sanction for registering the Shrotriem Villages of Vichoor Tellivoyel &c. in the name of A. Rutnavaloo Chitty as the adopted son of the late Shrotriemdar Arnachella Chitty.

in the name of A. Rutnavaloo Chitty as the adopted son and legal successor of the late incumbent Arnachella Chitty.

2. The continuance of these Shrotriems in the family of Arnachella Chitty having been sanctioned by the Board* it is only necessary for me to state the grounds on which the present application

* Letter from the Board 27th April 1835.

is made observing at the same time that the applicant has conducted the management of those Villages with the consent of the widow of Arnachella Chitty since they were resigned by the orders of the Board to the family of the deceased.

3. The letter alluded to in the preceding Para. shows that Arnachella Chitty shortly before his death reported to the Collector his adoption of Rutnavaloo Chitty and requested that the adoption might be recognized. The Collector Mr. Maclean expressed doubts of the legality of the adoption as it appeared contrary to general Hindoo usage to adopt a son in law, and the Board when directing that the Villages should be resigned to the family left the question of the legality of the adoption for future decision.

4. The widow of Arnachella Chitty and their adopted son have now addressed me expressing a wish that the adoption should be formally sanctioned, and the affairs of the family placed on a settled footing by the registry of the Shrotriem Villages, which still remain in the name of the deceased Arnachella Chitty being altered to the name of A. Rutnavaloo Chitty as his adopted son

11611. Fort St. George 14th September 1846.

son and legal heir I have in consequence made enquiries on the subject of the adoption, and now beg to bring the request to the favorable consideration of the Board.-

5 The fact of the adoption is fully proved both by evidence and by the application which Arnachella Chitty made to the Collector on its taking place. It is further mentioned in his will which has been proved before the Supreme Court, and Ratnavaloo Chitty has received a Probate and taken charge of the deceased's Estate in accordance with its provisions. On the legal question of whether a son in law can be adopted some leading Members of the Caste to which the family belong have stated before me that such adoption is not contrary to their usages and that similar instances have occurred.

6. The merits of the adoption seem thus sufficient established, and I beg to add in favor of its being recognised for the Villages of Vichoor and Vellivoyel, which were granted in perpetuity to the family in reward of the services of their ancestor, that Ratnavaloo Chitty is nephew of the deceased Shrotriemdar, and has married his daughter who is now alive, and that he seems to have a

I have to bring to the notice of the Board in connection with my letter of the 20th Ultimo that Sevacamoo Ummal, widow of Arnachella Chitty late Shrotriemdar of Vichoor and 3 other Villages, died on the 1st Instant. As the daughter of Arnachella Chitty is alive, and her husband's application for the Villages to be registered in his name as adopted son of Arnachella Chitty, is now before the Board it has appeared to me proper that the Villages should remain in the hands of the family conformably to the directions of the Board conveyed in their letter of 27th April 1846, pending the orders which may be passed regarding the adoption.-

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letters of the 20th Ultimo and 9th Instant on the subject of the Vichoor Vda. Shrotriem Villages.

2. From Para 3 of the letter from this Office to the Collector of Chingleput dated 27th April 1835 it appears that when the Succession to these Shrotriems was last under discussion A. Rutnavelloo produced a paper purporting to be copy of the Register of the Vichoor and Vellevoyel Villages and showing that these shrotriems were granted in the year 1751 in perpetuity. The Board beg that you will be so good as to inform them what this register was, and that you will furnish them with a Copy of it, or with an Extract of so much of it as has reference to these two Villages.

3. You are also requested to forward to the Board if procurable the original Jauree Summed for Vichoor and Vellevoyel issued by Mr. Dighton 8th July 1785; the original Government Purwanah 25th March 1786 for the Villages of Perumunggnee and Broondooravoo; and the original Jauree Summud of Mr. Dighton for the same, with any other documents & translations if in the Native language, on the subject of the four Shrotriems which may be on your records or in possession of the Shrotriemdar's family.

From C. C. Lovell Esqr.
Acting Collector of
North Arcot . . .

Sir

I have the honor to acknowledge the receipt of your letter dated 26th January, requesting my opinion on certain "rules for encouraging the practice of "planting topes and Trees.

Reporting upon certain Rules for encouraging the practice of planting topes and trees.

2. In reference to rules 1 and 2. I think it desirable that parties disposed to plant topes for public utility and convenience should be permitted to do so, and that the land when ascertained to be suited to the purpose in regard to situation and other respects should be granted rent free. But I do not think that it is common to cultivate land so planted. It will be difficult to plough between the trees without injury to them and I should fear if this were allowed highly assessed land might be sought with the view of avoiding the tax rather than of planting topes in some cases, and that the trees being unprofitable to the planter would too frequently be sacrificed to the

Cultivation

Fort St. George 14th September 1846.

Cultivation of the Crops under them.

3. I would beg to make the same remark in regard to rules 3 and 4. It appears to me that there is much land excellently suited for trees but of little value for the cultivation of grain. The sides of tanks and banks of channel seem especially favorable to their growth probably from the soil having been all moved and commixed together and from the moisture being retained therein and the trees are beneficial by sheltering the tank from the wind and strengthening and holding the bank together. As the ground in such situation generally yields nothing, it might be granted gratis or on favorable terms for the encouragement of planting without loss to Government. I should hardly expect that the produce of trees or avenues planted by the road side will be found sufficient inducements to individuals or Village communities to plant them to any considerable extent because the care that would necessary to preserve them would be so much greater than elsewhere that I should think parties would prefer paying the assessment for ground in a more convenient situation. If in any case Village communities should

Fort St. George 14th September 1846

should be induced to plant an avenue along the road I should suppose it would rather be with a view to improve the road in their neighbourhood than to profit by the produce of the trees. I apprehend that it will be difficult generally to get trees planted and properly attended to in such situations unless some small charge is allowed for the care of them. If a small sum were allowed per hundred per Annum for a time it might perhaps be a sufficient inducement to interest the Village communities in their preservation. It may be deserving consideration whether some arrangement of the some kind may not be desirable for the renewal of the charity and public Village topes where the trees have perished or are going to decay from old age. Captain Best told me in the course of conversation a short time since that he had some thoughts of proposing that Nurseries should be established in convenient situations to supply young seedling trees to plant by the road side &c. and no measure would seem better calculated to encourage planting than to keep up at the trifling cost that would be necessary a supply of young trees ready for distribution gratuitously to

to

to such parties as might be desirous of obtaining them.

4 Rules 6 provides that single trees with certain exceptions mentioned in Par 7 to be hereafter planted in land fit for cultivation should only be taxed when the land is left waste and the Teerwah consequently remitted but I would submit that the principle should be applied to all trees particularly as the produce of all of those mentioned in Rule 7 except the Area Palm contribute to the Abkarry Revenue.

5 I would beg to observe in regard to this provision as will as some of those in the preceding Rules that they appear founded on the principle of regulating the teerwah on a consideration of the use to be made of the land in which I do not concur. The practice may have been followed hither to perhaps in deference to Native prejudices being in accordance with their principle that the lower orders should submit from generation to generation to cultivate the ground for their subsistence only never acquiring an independent property but contributing the entire surplus profits of their labour for the maintenance of their

their superiors, and the support of the State - I think that every future modification of the intricate Hookumnamah of this District should tend towards the simpler and better system of assessing the land according to its capabilities only and on consideration of the net profits which after paying all charges it will yield the cultivator.

Sir,

From the Collr of Trichinopoly

With reference to the extract from the Proceedings of the Board of Revenue under date the 13th Ultimo, I have the honor to state that two or three individuals set up a claim to the Wells in the Kallacoody Bungalow Compound but that they can shew no title to them or any proof whatever that they ever had one, and as they have been for 45 years in the profession of the Circar it is to be presumed that it has a title. The inhabitants of the Village are accustomed to take water from one Well and one has been once or twice used to assist in cultivating a small quantity of Ground in the neighbourhood.

To avoid all possible risque of embarrassment perhaps the Bungalow should be sold without the Wells and whoever purchases it will doubtless find no difficulty in procuring water from them.

To, The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to request you will submit for the orders of the Most Noble the Governor in Council the accompanying correspondence with the Collector of Trichinopoly regarding an old Traveller's Bungalow situated in the Lauljoody Talook of his District which he recommends may be disposed of at public Auction as it has long fallen into disuse-

From these papers it will be seen that the Bungalow in question is the property of Government, having been built in the year 1804 at a Cost of Rupees 525 on the then high road to Madras- A different line of road having been adopted the building is now little frequented by Travellers and is represented to be in want of repairs- An extent of land measuring 72 Goolies is attached to the Bungalow in which are 2 Wells stated to have been dug by the Villagers- The Wells are understood to be of use to the Village community, but there are no individuals who can establish a Valid title to them- Mr Onslow however recommends that, to avoid all possibility of embarrassment, the Bungalow and grounds be sold without the Wells- He estimates the building and the Lands at Rupees 103-10- but it is not expected that so much will be realized-

Under these circumstances, the Board beg to recommend that the Collector may be proposed receive authority to dispose of the Bungalow and the 72 Goolies of land attached to it at public auction-

Dr to Govt 14th June 1844 No. 12-13-
" 18th Sept. 1845 No. 33-38-

Para 1. From a review of the correspondence with the Board of Revenue which has taken place since the subject of para 8 of the Despatch from the Honorable Court of Directors dated in the Revenue Department 29th November 1843- No. 22 came under the Consideration of Government, it would appear that their instructions to prohibit Servants on Revenue Establishments from holding or purchasing lands within the Districts to which they are attached do not admit of general applicability.-

2 Before noticing the statements of the Board of Revenue it is necessary to observe that section 20 Regulation XXVI of 1802 distinctly permits Native Officers of the Cutcherries of Collectors to purchase and hold by private bargain Lands any where situated not being liable at the time of purchase to public sale for arrears

arrears of Revenue then due.-

Para 3 of Bd's letter 11th April/44.-

3. In their Proceedings of the 19th June 1820 which were circulated on the 7th August following for the guidance of the several Collectors the Board of Revenue abrogated this permission in so far as to prohibit Revenue Officers from purchasing by private bargain any lands in the Provinces in which they were employed, except under their Special authority, but it has since been explained that this order has been but very imperfectly enforced in some Districts.-

Para 9 Bd's letter 7th May 1840.-

4. In the Judicial Department the Court of Sudr Udalut have by their Circular order No. 51 dated 9th April 1836 ruled that Judicial Officers on the Establishment of the Courts in the Provinces shall not purchase lands or other property sold by public sale at the instance of the Courts if situated within the jurisdiction of the Courts to which those Officers may be attached; but the order explained that the prohibition did not extend to the purchasing or holding by private bargain, lands wherever situated not being

liable at the time of purchase to public sale under the process of a Court.-

5. From the Statements which accompanied the letter of the Board dated 27th March 1845, Land appears to be extensively held by Servants in the Revenue Department in the Districts of Malabar and Canara, the Assessment of the lands so possessed being as far as the information is available, Rupees 18,188-12-9 in the former, and Rupees 52,358-0-7/2 in the latter.- What may be the extents of lands similarly circumstanced in other Districts is unknown but there is reason to believe that it is of very limited extent.-

6. The Board of Revenue have shewn the two Districts of Malabar and Canara to be so peculiarly circumstanced that a rigid enforcement of the orders of the Honorable Court of Directors would be productive of much inconvenience and embarrassment to the public service and in this view the Government fully concur.- The Board purpose with respect to these two Districts.-

That

1st That in the case of Talook Servants the holding acquiring or professing an interest in lands, should preclude their employment within the Talook within which such lands are situated.-

2nd That this rule shall not be applied to the Huzzoor Servants who should be allowed to hold, acquire, or profess an interest in lands wherever situated.-

3rd That all such professions whether on the part of the Talook or Huzzoor Servants shall be duly registered, as well as all changes occurring therein.-

4th That public Servants shall not be allowed to purchase or acquire lands in any manner (except as Member of a Family) without previous permission.-

7. With respect to the remaining Districts, the Board see no reason why the Honorable Courts orders should not be put in force and "the holding of "land whether actually possessed by a "Candidate for employment or subsequently "acquired by an Officer constitute a "disqualification for Revenue employment "within the District in which such land "is held," with this reservation which the

the Government approve, as a just and equitable measure, that consideration should be shewn towards those parties who have acquired lands under the Boards' permission, either by allowing them to retain them or time to dispose of their possessions.- It will be for the Honorable Court to determine whether Purchases made under the sanction of the law section 20 Regulation XXVI of 1802 are to be respected.-

8. The propositions recapitulated in the two preceding paragraphs appear alike calculated to protect the interests of Government and to secure the interests of the Native public Servants, and the Most Noble the Governor in Council resolves to Communicate the opinions and views of the Board of Revenue to the Honorable Court and await their final orders.-

9. From the Statements submitted with the letter of the Register to the Court of Sudr Adalut dated 27th April 1840 No 60, it appears that numerous Servants in the Judicial Department possess lands, though probably not to the extent of the possessions in the Revenue Department.- The Regulations do not contemplate any prohibition to

Servants

Servants on the Judicial Establishments acquiring lands, and the only prohibition subsequently introduced / under particular circumstances / had prospective effect, and extended only to purchases at public Sales of land by order of the Courts.-

Infon. 6th March/38 No. 24-25- " 3d April 1838 No. 4-5- " 24th Dec. -43-44-

10. The Court of Sudr Adalut observe that they are generally opposed to the imposition of any restrictions of the nature laid down in the Honorable Courts Dispatch on the Native Judicial branch of the Service and that they do not consider any further orders than those already promulgated to be needed.-

11. His Lordship in Council is of opinion that under the Honorable Courts orders all public Servants whether in the Judicial or in the Revenue Department should be alike prohibited from purchasing lands situated within the Districts to which they may be attached the objections however apply more forcibly to those in the Revenue Department as it is believed the facilities of becoming unduly possessed of landed property are greater in the former than in the latter, but the principle is the same in both Cases, and any Rules which may

may be finally resolved upon by the Honorable Court of Directors upon a review of the circumstances which will now be brought to their notice should be made applicable to both branches of the Service.-

12. His Lordship in Council observes that as a preliminary measure for giving effect to the orders of the Honorable Court, it may be advisable to rescind so much of Section 20 Regulation 26 of 1802, and, of the Circular order of the Sudr Adalut No. 51. of 1838 as permit Native Officers in the Revenue and Judicial Departments to purchase and possess lands by private bargain.-

13. The Honorable Court will however observe that it will be necessary at this Presidency to except the Provinces of Canara and Malabar from the operation of the general rule laid down by them and it may be deserving of consideration whether in lieu of the absolute rule elicited, it may not be sufficient to require every public Servant under the penalty of dismissal and disqualification for the public service to place before the Collector or Judge, a Register of the lands held by himself his relatives, or dependents in the Districts in which he is employed.- And that further acquisitions shall only be made on application to and by the special authority of the Controlling Board whether the Board of Revenue or the Court of Sudr Adalut.-

In

14

In this Country, where the possession of landed property is so greatly prized by all the respectable classes of society it may be a question whether in the course of time injury may not arise to the public interests if all the proprietors of land in a District are on that ground alone disqualified for the public service and whether it will not have the effect of shutting out from public employment the most respectable families and precluding their identifying themselves with the Government.-

Sir

I have the honor to acknowledge the receipt of your Circular dated 17th Instant. calling for a Statement, according to a prescribed form, of the annual land Revenue of this District; and to state that I have given orders for the selection of the materials that are required for the compilation of the required Statement.-

Requesting instructions for his guidance in preparing the statement of Land Revenue for 30 years called for by the Board in their Secretary's letter of the 17th August 1846.

I beg however to be favored with instructions on one or two points for my guidance in preparing this statement. I request to be informed whether the revenue derived from that part of the land which is under Permanent Settlement is to be blended with the Collections from the portion of the District of which the Settlement is made annually and in detail. I am also desirous of learning what is intended should be included in the Column headed "remissions granted".-

I presume that in the 3 Column the actual Collections both current and arrears that

that are brought to account should be exhibited. In respect to the last column, I have very considerable doubts as to what process of calculation should be pursued to attain the result that is desired should be exhibited therein. If, for example, the Revenue for the particular year / Permanently settled and annany / of the District, be assumed at Eight Lacks of Rupees, and the average price of grain, at two Rupees per Burmum, it is meant that four lacks of Burmums should be exhibited as "the grain rent of the year at the price of the year in the ordinary measure of the District" as it is obvious that a statement prepared on such a principle would be utterly fallacious and useless, I shall feel obliged by being instructed as to the manner in which it should be made up.

Suggesting the issue at the expence of Govt. to every Village Moonsiff of a Printed Telogoo Copy bound of Rules and Regulations for that Office to be got up in the Govt. Gazette Press.-

Board's Proceedings 29th January 1840.

With reference to the correspondence relative to furnishing Tahsildars with complete sets of the Laws by which their proceedings are regulated, and also to that respecting the means of improving the efficiency of Village Moonsiffs noted in the Margin, I have the honor to suggest that the Board will be pleased to recommend for the sanction of Government, the issue to each Village Moonsiff of a printed Telogoo Copy of the Rules and Regulations enacted for the guidance of those Officers.

The number of Copies required for this District is 1000. The Telogoo Rules and

and Regulations indifferently bound can be purchased in the District for 2 Rupees a Copy; but they might probably be got up better and at less expence in the Government Gazette Press- as the Village Moonsiffs in this District enjoy no official emolument it would be unfair to entail upon them the expense of purchasing these books which it seems but reasonable that the Government should furnish them with the rules for conformity to which they are held responsible.-

Sir

Para 1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue under date the 29th June calling for further particulars regarding the renewal of the Jeemiah of the late Canjah Mohomed alluded to in my letter of the 29th May.

2. The Jeemiah in question has been the Subject of previous correspondence as will be seen by reference to the letters noted in the margin the latest of which was accompanied by Extract from Minutes of Consultation under date 11th July 1834 agreeing to the recommendation of the Board that on the death of Canjah Mohomed his share of the Jeemiah should revert to the head of the family of the Original grantee subject to the condition of making provision for the family of Mohomed Canjah now deceased.-

Jamadiysany of 1176 Hejery granting 8 annas per diem to the family of Huzzrut Shaw Abbas Mohomed Caudry for keeping lights at the Tomb of Shah Abbas Mohomed Caudry. and the allowance has been shared hereditarily by the descendants of the Original grantee.

4. Canjah Mohomed was the Uncle of Abdool Careem one of the immediate descendants of the original grantee's family and a share of the Yeomiah amounting to 5 Rupees was granted him for the performance of the service at the Mosque the immediate descendants being then too young as shewn in the letter from the Board dated 12th. April 1832 Abdul Careem who has been in the enjoyment of another share of 5 Rupees is the present head of the family of the original grantee and is recognised as such in the Extract from the Minutes of Consultation of the 11th. July 1834. this man is of unsound mind and has neither wife or family so that it would not appear to me advisable that the share of the Yeomiah lately held by Canjah Mohomed should revert to Abdool Careem but rather

be continued in the name of Canjah Mohomed's son "Shaick Ally" who performs the greater part of the Mosque service owing to the incapacity of Abdool Careem.

Submitting a correspondence with the Collector of Nellore on the subject of the lapse of a share in a Yeomiah in his District and supporting his recommendation that it be continued in the name of Shaik Allg who performs the greater part of the service attached to it.

Sir,

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying correspondence with the

Proceedings - - - - - 29th Do.
From Coll.r 20th August in Consn 17th Sept.r

Collector of Nellore on the subject of the lapse of a share in a Yeomiah in his District.

The Yeomiah in question was granted Hejerah 1178 or A.D. 1760 by the Nabob Wallajah to the Mootalikha of one Huzrut Shaw Abo Mahomed Caudry for their maintenance and for keeping a light near the Tomb of the said Shaw.

Note
The Collector mentions services performed in a Mosque but from the Purwannah it is clear that the Yeomiah was originally bestowed for keeping a light in a Durgah or Tomb. It is probable however that there may be a Mosque attached to or in the vicinity of the Durgah.

A copy and translation of the Nabobs Purwanah have been forwarded by the Collector. The original is said to have been sent to the Board by Mr. Travers in 1804, but cannot now be found in the records of

Fort St. George 17th September 1846-

of this office- The Yeomiah is at the rate of 8 Annas per diem or 15 Rupees monthly but was many years since divided into three equal shares- One for all a second drawn by Mahomed Cayah the party whose death is now reported and the third by the elder branch of the family of which the present representative is Abdool Hareem, Nephew of Mahomed Cayah- The circumstances of the Yeomiah were laid before Government in detail in a letter from this office of 9th June 1834 in Paras 4 and 5 of which the Board gave it as their opinion that the allowance should be Considered of the nature of Mushrut or service, and that it had been intended to be hereditary, but as its division into shares had been unauthorized and was open to objection they suggested that on the death of Mahomed Cayah his share should be registered in the name of the head of the family- The Government 11th July 1834 adopted this view and directed that on the decease of Mahomed Cayah his share should revert to the Head of the family of the original grantee,

subject

Fort St. George 17th September 1846

subject to the condition of his making for the family of Mahomed Cayah such provision as the latter might be entitled to-

The Collector now represents that the head of the family Abdool Hareem already mentioned is of unsound mind, has neither wife nor family and that it would not appear to be advisable that the share of the Yeomiah lately held by Cayah Mahomed should revert to him- Mr. Bishop therefore recommends that this share be continued in the name of Cayah Mahomed's son Shaick Ally- by whom in Consequence of the incapacity of Abdool Hareem the greater part of the service attached to the Yeomiah is performed- The Board beg to support the Collector's Recommendation-

I am directed to annex a genealogical Table prepared from the records bearing upon the subject, and shewing the connection of the parties mentioned in the foregoing Paras-

From the Collr. of Nellore - - - I have the honor to forward a Statement as per form accompanying your Circular letter of the 15th. June relative to the disposal of Pagoda lands under Circar Management in this District.

2 The extent of land and amount of Revenue is very insignificant and there appears to me no difficulty whatever in the immediate transfer of the same into the hands of the Managers of the several institutions to which they are attached, and I do not apprehend that the Cultivators of these lands will be exposed to any imposition or oppression on the part of the Managers who will stand in the same position towards them as Shrotreumdars and Enamdars do to their under ryots, any undue demand being appealable to the Revenue authorities. As regards the portion of Inaumut charges to be borne by the Pagoda lands watered in Common with those of the Circar, the Managers should be held responsible for the repayment of a fair share of money expended on works of irrigation which benefit their lands and be liable to afford anigee labour, in proportion to the extent of land occupied in the same way as Cultivation of the Circar lands.

No. 1

To The Collector of
Trichinopoly

Sir

With reference to your letter of the 4th November 1815 requesting information on the points mentioned in the 2d Paragraph of Mr. Pycrofts letter to you dated the 30th October 1815, regarding the enjoyment of the Shrotriem Village of Coman in your District, by Vencatachella Pillay for the ceremonies of the Pagoda of Jagadratcha-caperumal in Audatoray in this District, I have the honor to inform you that according to the Deposition taken under my instructions by the Tahsildar of Papanasum, it appears that Vencatachella Pillays Great Grand Father bearing the same name had the Village alienated to the Pagoda on Shrotriem tenure by a Native Prince before the Honorable Companys Government and that it has been held by his descendants for 4 Generations who are interested in the Pagoda as Trustees, as far as this Charity is concerned, and have retained the management of the Village from the Revenue of which the expenditure

expenditure is defrayed. Vencatachellapilly states he has no documents to produce in illustration of the connection between the Pagoda and the Village, and assumes there must be one which owing to lapse of time he knows not where to find. He states he has with him Puttahs granted to his ancestors and Receipts by Circar in acknowledgement of the payment of the Shrotriem Demand. He cannot give the exact date of the Commencement of the charity but estimates it 60 years ago. Referring to the Question whether the allowance is fixed or variable, He states that formerly 18 or 12 persons were fed for Charity besides the other charges of the Pagoda till since 15 years during the life time of his Father it was settled to increase the number to 30 in addition to the performing Extraordinary Ceremonies. This institution has besides in this District (as will be seen by enclosure No. 1) an Endowment of Rupees 125-9-9. On Vencatachella Pillay being asked if he performs any other Charities for the Pagoda, he states that his grand Father executed some masonry works at 10000 and his father at 2000 Rupees for the Pagoda and that he does as his ancestor had done support these Charities from

Fort St. George 17th September 1846.-

from his private funds whenever deficiency occurs in the proceeds of the Village. He has accordingly given an account of the Ex= =penditure of the Pagoda for Fusles 1253 and 1254 which as will be observed by Enclosure No. 2 is at variance with the Account formerly furnished in which it appears is omitted the Charge of the Establish= =ment maintained for the Management of the Village.-

Adverting to the 3d Para of Mr. Pycroft's letter above referred to, I beg to inform you that the pre= =sent holder of the Enam is aged 16 years and being a Minor the Manage= =ment of this Charity is entrusted to his Uncle, his father having died 5 years ago.- He possesses about 115 Vales of land in the Sheally Talook of Tanjore.- Questioned as to what are his claims on the surplus proceeds

Fort St. George 17th September 1846.-

proceeds of the Village, he states that there is no surplus and that on the contrary he lays out his own private Funds when the resources of the Enam are in= =sufficient.-

Copy of the Aryee from the Tasildar of Papanassum on the subject and the original Deposition, and account for Fusly 1253 and 1254 taken by that Officer from Vencatachella Pillay are sent for your better infor= =mation.-

Examination

No. 4.

Examination taken on the 16th February 1846 before Shamarow Tahsildar of Papanassum Talook from Vencatachellum Pillay adopted son of Vencata Rengam Pillay residing at Seeringanadapooram attached to Aumcoody Pullom in the Seyallee Talook.

2 It is understood that you as Dummakurttah continue performing daily charities in the Pagoda of Sreejagad=ratchcapermal of Audootoray in the Talook of Papanasam out of the produce derived from the Shotriem Village of Vomaun situated in the Trichinopoly District. What right have you to the aforesaid charity and Village?

A. During the time of Vencata=chellum Pillay my great Grand Father previously to the assumption of the Country by the Honorable Company obtained the Shotriem Village of Vomaun from the Rajahs then existed for the support of the aforesaid Pagoda from that time, Village has been in our possession in last four generations from the proceeds of that Village we continue performing the Ceremonies of midday in the Pagoda of Jagadrachaca Permaul and distribute the rice to Bramen Travellers.

a

a light is constantly kept in the Pagoda Musicians are employed in the Pagoda and paid from the proceeds of that Village this manner we have been performing the charity from the time of Vencatachellum Pillay aforesaid since my ancestors obtained the above Shrotriem Village we spend a great deal of money and improved the lands and peopled the Village to cultivate the lands and from the proceeds of the Village we paid annually the Shrotriem rent to the Circar and appropriated the remainder to the Pagoda and if the proceeds of the Village is not sufficient at any time to continue the charity in such cases we pay out of our own pocket and perform the charity in this manner we have been performing the charity since a long time and from generations to generations thus the long enjoyment in itself is my right to the charity and the Village aforesaid—

2 What document have you on the subject?

A. I heard from my ancestors say that a document was obtained at the time of the Shrotriem was granted but long time having elapsed since, it is not now

now forthcoming, what kind of document, and where it is now I do not know, as we continue enjoying the Village and performing the charity from the length of time it is the document to me, besides that the Circar granted every year Pottahs for the above Village in the name of my father ancestors and agents we paid also annually the Shrotriem rent to the Circar and obtained the receipt for the same the receipts and Pottahs are now in my possession—

2 Since what year the above charity is continued—

A. I do not know from what year but it is continued for about 60 years.—

2 Have you fixed any amount for the annual expenditure for the Charity in question or paid as much sum as each years expense required—

A. The aforesaid Village have dry Village and depend on periodical rains the profit derived therefrom formerly was small my ancestors therefore fed 12 Bramins every day at the Woocheecalla Cuttay and for some years subsequently to the above period 18 Bramins were fed daily and now since

since these 15 years 30 Bramins have been fed daily we kept constant light in the Pagoda and have employed 4 Molagars, Curnum and other Servants and paid their wages- thus we continue performing the Charity every year, at any time when produce may be small and inadequate for expense or whenever Ryots failed to pay the revenue, we used to lay out money from our own hands and keep up the Charity if there be any surplus sum we never take it for our own use, but appropriate it to the repairs of the Pagoda—

2 What the expence of feeding daily 30 Bramins and paying the Establishment will amount to a year?

A The actual expenditure in Fusly 1253 was Rupees 481 13 1 in fusly 1254 was Rupees 432 1 11. for the particulars of which I have produced the accounts—

2 You stated at first 12 Bramins were fed afterwards 18 in subsequently 30 and that the wages for Establishment were paid by whom and when were these charges regulated?

A My Father Vencata Renga Pillay determined the expense of feeding 30 Bramins

Bramins every day and paying the Establishment wages thus since these 15 years it has been continued formerly our ancestors fed for some time 12 and for some time 18 Bramins—

2 Do you continue any other charity in the Pagoda than the one aforesaid—

A Vencatachellom Pillay my fathers Grand father spent out of his own hand about 10000 Rupees in the repairs of the Pagoda my Grand father Chinniah Pillay and my father Vencatarengom Pillay also spent about 2000 Rupees for the repairs.—

2 How old are you?

A Sixteen Years

2 From what day, Month and the year have you been enjoying the aforesaid Village?

A In the Month of Chottersy year Bavary, my father died, as I was then a minor my Brother Ramakishna Pillay and my agents conducted the affairs of the Village, I also continue performing the Charity—

2 How do you earn your livelihood?

A In the Sheally Talook I got about 115 Vallies of Nunjah and Poonjah lands in the name of my father Vencata Rengom Pillay out of the proceeds of which

I

I pay 3,000 Rupees annually to Circar on account of Beriz and take the remainder for my livelihood. There are certain extent of lands in the name of my brother Ramaswamy Pillay which also is in my possession I continue the charity in the Pagoda of Jagadratchakapermaul besides this I continue charity in some other Pagodas My ancestors purchased for 5,000 Rupees 3 Pangoos of Shrotriem lands in the Village of Teroomaikanum in the Combaconum Talook and 150 Cawnies in the Villages of Conamangalum and Poondy in the Oodiarpolliam Talook in the Trichinopoly District for full and half Teerwah and out of the proceeds of the abovementioned Shrotriem lands Charity School of reading Vaddas has been kept up in the Pagoda of Stree Bhoovarah Samy in the Village of Streenoodum in the District of South Arcot in the Village of Sarasvathy velagum in the Sheally Talook 2 Pangoos were purchased and in the Shrotriem Village of Talasandrapooram one Pungoo was purchased out of the proceeds of these lands Daily Archanas in the Pagoda of Trepultty and Seerangham are continued

there

there are certain extent of lands in the Village of Seeyacal and there are also certain extent of manem Lands from the proceeds thereof we continue certain Charities in the Pagoda of Sa. Translate of a Deposition taken from Mootoo Coomara Pillay Vakeel of Vencatachellum Pillay Grandson of Vencatachella Pillay residing at Streerenganathapooram of the Talook of Sheally in the Zillah of Combaconum on the 22d December 1845

What is the age of Vencatachellum
2 Pillay who enjoys as Shrotriem the Village of Coman in the Arrealore Talook granted for the support

of

—of certain charities (Thasandry cuttay) and ceremonies to be performed in the Vernal Pagoda at Audoodoray in the Tanjore District—?

A He is 16 years of age

2 From what year the said Vencatachellum Pillay has had the Superintendance of the Village?

A The Grand Father and Father of the said Vencatachellom Pillay has had the Superintendance of the said Village from a length of time, and it is now 5 years since his Father Vencatarengom Pillay died and ever since that time the said Vencatachellom Pillay had succeeded to the Superintendance of the affairs of the Village and Charity.—

2 By what means does the said Vencatachellom Pillay obtain his livelihood?

A He is a Meenapoidar in the Shealy Talook of the Tanjore District and pays 3000 Rupees to Government.—

2 What documents has he to authorize him to enjoy the surplus proceeds of the said Village after meeting the expenses of charity?

A He has no other authority than that of being in enjoyment for these 4 or 5 Generations—the surplus funds once in 4 or 5 years when sufficiently accumulated to meet the expenses it is appropriated for the repairs of the Pagoda and in one instance a sum of 10,000 Rupees was expended, and subsequently a sum of 2000 Rupees was expended at different times for Coombah Abeshagum and thus are the surplus funds appropriated for the repairs of the Pagoda—

sense of the apprehended danger, as well from infliction, as explosion.-

2- The buildings made use of are I believe, the property of the Estate. Her fears appear exaggerated and the location not nearly so objectionable as she would have them appear, either from one cause or other; but I consider her intimidated by the recent heavy infliction of death by Cholera, and that she has a right to demand their removal.

3- Should the Board be prepared to support her desire I shall lose no time in submitting a plan and estimate for a new Hospital, and new Powder Magazine, after which they can decide by whom it shall be paid and in selecting an advantageous site for the two buildings, in event of the proposed South Bastion being deemed as ineligible from its isolation and requiring an extra sentry.

Reception of the Company's Sepoys and other patients attached with Cholera and other epidemic diseases into the Government hospital, situated within 30 feet of the Palace, opposite the south gate, terrifies the servants and others passing and repassing and the disease is often communicated to them.

Moreover serious accidents are to be feared from fire, even to destruction of the whole city from the present position of the hospital, used also as a repository of Gun-powder in the midst of the Town. Consideration of this will I trust satisfy you of the propriety of removing the powder magazine, and hospital, to some other place, apart from the town in view to the public safety; and I request you will be so good as to direct their removal

Resolution thereon.

As it appears that the buildings in question are the property of the Ramnad Estate and that the Ranee has a right to require that they shall no longer be used for the purposes to which they are now applied the Board request that the Principal Collector will in communication with the Civil Engineer of the Division ascertain whether the Hospital and Magazine can conveniently be removed to the South Bastion of the Fort. Extract from a letter from the Officiating Salt Agent of Chittagong No. 240 dated 30th. June 1846, to the Secretary to the Board of Customs, Salt and Opium.-

Para 1. I have the honor to solicit the Board's sanction to the arrangements proposed by me for the importation of Kurkutch Salt from Madras for the ensuing season for consumption in Bulloo-ah and Chittagong.-

2nd. My computation is founded upon the current Monthly sales, and the Board will observe that I propose to import 263100 Maunds of which 44900 Maunds will be stored at Kenkra, and Maunds 52100-

52100 at Nya Allum, for the supply of Sattiah and the western parts of Bullooah, I propose to send a large amount to Kenkra as compared with last year, in consequence of the difficulty experienced by the Merchants in fulfilling their contracts.-

3rd. I beg to submit a List of the Contracts I propose making for the importation of the Salt in question, and the Board will observe that the rates have been lowered 3 Rupees per hundred Maunds at all the Ghauts, which will effect a saving of Rupees 7893-

Extracts

11796 Fort St. George 21st. September 1846.

Extracts from a Despatch from the Honorable the Court of Directors in the Marine Department dated the 3d. June 1846 No. 5.

Report for the year 1845 of the proceedings of the Government Timber Agent in Malabar and Canara.

7. We perceive with regret that this Report confirms previous accounts respecting the devastated condition of the Forests of Malabar. It appears that in the whole province there are only two Proprietors, the Teeroopands of Edawarra and Neelamber, on whose domains much large Teak Timber is still standing, and even those forests are said to have been so much exhausted of late years as not now to be capable of yielding more than 4 or 5000 Candies annually still it is satisfactory to learn that the Government Timber Agent hopes to be able to obtain the pre-emption of the whole of this quantity.

8. We would recommend that the Teeroopands of Edawarra and Neelamber should be encouraged to take measures for the preservation and improvement of their extensive forests, that they should be made acquainted with the mode of procedure and with the success of Mr. Conolly in getting the Teak seed to germinate, and if possible be induced to form extensive plantations. The flourishing state of the nurseries established under

Fort St. George 21st. September 1816.

under Mr. Conolly's Superintendence leaves little doubt that eventually an abundant supply of Ship Timber may be procured from Malabar, but it is equally clear that the resources of the forests of that province will not be available to a great extent for many years to come, and that in the meantime the wants of the public service must be principally supplied from other quarters. We have however sufficiently noticed this part of the subject in former despatches, in which we have also stated our reasons for not acting upon your recommendation to engage an European Arboriculturist for the conservancy of the Indian Forests.

17. Approved. Confirmation of the refusal of the Madras Government to grant a new certificate of Registry to a British Vessel after her abandonment as unseaworthy.

Sir,

From the Collr and Agent to the Governor in Ganjam-

Reports the arrangements that have been made Connected with the removal of the eldest Son of the Zemindar of Purlah Kemedy

Para 1 I have now the honor to report for the information of the Board of Revenue the arrangements that have been made Connected with the removal of the Eldest Son of the Zemindar of Purlah Kemedy to Chicacole for the purpose of Education pursuant to the instructions contained in the Extract from the Proceedings of the Board of Revenue under date the 29th January last-

2. I found that the youths family including his imbecile father, entertained a decided dread and dislike to his quitting the Country in which the lad himself participated, and it required discreet management to reconcile the family to the separation, and re-assure the timidity of the boy, who had taken a fancy that he was about to be carried away into Captivity- after these difficulties had been got over and suitable arrangements made for his Comfort, Pretabarooda Gujjapatee Narain Deo attended by his uncle and Guardian proceeded to Chicacole about the beginning of April and

I have

Fort St. George 21st September 1846

I have since received from time to time from my Assistant favorable accounts of his behaviour and of the disposition he shews to avail himself of the means of instruction - Mr. Fraser interests himself in his progress and has secured the services of a competent teacher in the Oriah and Telugoo languages - a selection of the Elementary works compiled for some of the native Educational institutions in Calcutta have also been procured for his use, and such parts of these as admirably drawn up little treatises as seem best suitable to the capacity of a beginner are now being translated into the Oriah language. I know of nothing of this kind published in the Vernacular languages of the Madras Presidency to be compared with the works intended for the Education of natives compiled for the Calcutta Society. -

3. I beg leave to submit to the Board a list of the individuals attached to the person of the Young Zemindar and of the menials retained for his service - with the salary assigned to each. Some of these may have the appearance of being superfluous and unnecessary but the feelings and prejudices of the Oriah Zemindars of the District are so exceedingly strong

Fort St. George 21st September 1846 -

strong in all points connected with etiquette and ceremonial that it has not been possible to dispense with these useless appendages - The while expence connected with his separate Establishment is however moderate and on a scale consistent with the young Rajah's position, and the Board are aware that the funds of the Estate are most ample and the surplus largely and rapidly accumulating -

House Rent - 15 - - -
Household - 213 - - -
Sub-sistence - 120 - - -
Rs Inclosed 378 - - -

4. The Youth has expressed a wish to have a horse instead of the small Pony he has hitherto used, and as it is desirable to give every encouragement to his taking healthful out of door exercise at a time of his rank generally falling into most listless and sedentary habits, I propose to take an opportunity of purchasing one for him - and I have no doubt that the Board will approve of my authorizing a moderate expenditure from the Zemindary funds for the promotion of the Youths rational and innocent amusement and Comfort -

Acknowledging his letter of the 29th June last and furnishing explanation regarding certain Items of allowances to the family of the Mogultore Zemindar &c. &c. &c.

In reply to your letter of the 29th June last, I have the honor to state that it appears that the allowance of S. Pagodas 98-33-0 therein alluded to, was granted for servants Wages &c. and for other necessary charges of maintenance for the Principal branch of the family of the Mogultore Zemindar and was not considered as a personal allowance- Consequently when Comara Surpaty rauze the father of the present incumbent Lutchme-nursimha rauze died in 1810 that allowance was not discontinued- The personal allowance of S. Pagodas 31-11-20 ceased but was afterwards again granted to Lutchmenursimharauze as per special sanction of Government dated 3d May 1822.

S. Pagodas 9-

The personal allowance allotted to Chendriah mother of Lutchmenursimharauze was also discontinued on her death in 1820-

2. The allowance of S. Pagodas 98-33-00 having been enjoyed by Lutchmenursimharauze without interruption eversince his father's death in 1810, it seems but equitable that no deduction should be made from it till after the death of the present incumbent-

Vide Statement Submitted by the Collector Cuttack under date 31st Oct. 1814-

3. Hateejah Beebee died in 1814 and was succeeded by her son who having been

been subsequently represented as unfit for performing the services of the Punjah, one Hoosain Sahib her nephew was appointed by Mr. Colhoun Crawley on 23rd March 1832 agreeably to the recommendation of the Cauzy of the Zillah to whom the case was referred. The said Hoosain Sahib continued in the service until his death on 4th November 1837 when Mahomed Cauzy was appointed as per order of Mr. Smith dated 27th July 1838. The services at the Punjah have been regularly performed without interruption by Mahomed Cauzy.

furnishing further information regarding certain items of charges retrenched from his accounts for Fusly 1252.

2. It will be seen from the letter dated 24th August last that the sum of Star Pagodas 98-33-60 or Rupees 345-10- allowed for servants wages and other charges of the family of the Mogultore Zemindar was not considered as a personal allowance, consequently, on the death of the original grantee Comara Tirpaty rauz in 1816, the allowance was continued to his son Lutchmeenarsimha-rauze the present incumbent. The Board beg to support the Collector's suggestion that no deduction be made from it till after the death of the present incumbent and accordingly recommend that the Civil Auditor be authorized to pass the charges on account of the above allowance.

garden lands: under the well the new cultivation alluded to being that of dry lands, which have been wastes since the famine, when their occupants either died or emmigrated- Some of the Ryots who thus quitted their lands, upon their return some time after, witnessing the inconvenience arising from scarcity of water preferred settling in some of the neighbouring hamlets, and as their circumstances are now improving they are desirous of re-turning to their former Village to resume such portion of their old lands, as they are able to undertake in addition to what they now cultivate in the neighbourhood, but are prevented from doing so, by the difficulties arising from the scarcity of water for their own use and for their cattle, by which the present inhabitants have also been discouraged, and which as stated the Ryots are unable to remedy from their own resources-

Sir,

1. I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying correspondence with the Collector of Guntoor on the subject of an application made by him for sanction for the disbursement of Rupees 150 for the repair of a Well in the Village of Vapacumpully in the Tummerecottah Tannah in Palnaud-

2. From these papers it will be seen that the Ryots of the Village have been subjected to much distress since the Well in question fell into decay, for want of water for the use of themselves and their cattle. The Collector states that on condition of the Well being put in repair, the resident cultivators have engaged to bring under the plough 100 Acres of land bearing an assessment of Rupees 110- It further appears that certain

certain Ryots who emigrated during the famine are desirous of returning to their Village and of resuming such portion of their old lands as they are able to undertake in addition to what they now cultivate in the neighbouring hamlets where they settled after the famine in consequence of the scarcity of water in their own Village- Twenty of these Ryots are prepared to take up 300 Acres of land at present out of cultivation making together an increase of cultivation of 400 Acres with a teerwah of Rupees 110-

I have the honor to state that on enquiry it was found that there was only one old Smith in this District who professed to be able to make a Ghurry, and as he would have required a very long time for the purpose, and after all his work might not have been successful - I applied to the Collector of Masulipatam to have the Ghurries made there and sent to me - In reply he suggested that they could be had on Indent from the Commissary of Ordnance at that Station and as this seems the simplest way of getting them, I beg that unless therefore the Board entertain some objection to this course, they would be pleased to obtain the sanction of the Military Board for the accompanying Indent in duplicate, and forward the same to me -

Sir,

(36)

From W. Stokes Esqre. Collr. of Guntoor

Forwarding the statement called for in the Boards Circular of the 17th August 1846 with additional Columns shewing particulars for Guntoor & Palnaud & the Collection within each year of arrears & Current as well as Collections on account of each year upto 1254. Stating that the assessment under the prices of 1251 to 1254 would be ruinous but could easily be paid at the average price upto 1250 if equalized.

Para 1. I have the honor to acknowledge the receipt of the Circular dated 17th ultimo calling for a statement of the annual revenue drawn from the lands in this District during the last thirty years in the Form annexed thereto.

2. A Statement is accordingly forwarded herewith, but in uncertainty as to the precise import of the headings of the form prescribed additional Columns have been opened to afford the information which may be required. For instance, under the head of "actual Collections" it is doubtful whether should be inserted the actual collections, arrears and Current

current made within that year, or the collections on account of that year made within it and subsequently. Both have now been entered. Again it is not clear what ought to be entered in the 4th Column as "remissions granted" and what in the 5th as "Balances struck off," as in this District there have been no remissions except those of irrecoverable balances - as the price of grain of the year that of Fasly the staple crop of this District has been selected but the price of paddy is also exhibited. The prices entered are the mean of the Monthly price currents as returned to the Board in each year. The grain current of the year for both columns are shewn in Fasly and particulars are given both for Guntoor and Palnaud. a note is appended shewing the population and number

of Ploughs in various periods.

3. On reference to the Statement it will be seen that the prices from Fasly 1251 to 1254. have ranged lower than at any former period on record, and I have no hesitation in declaring my opinion that under a continuance of such prices the assessment would be ruinous. Taking the average prices upto Fasly 1250. I think the assessment if equally distributed would be easily paid.

Submitting information relative to the registry of a Yeomiah now standing in the name of Malkee Shaw.

Sir

I have the honor to acknowledge the receipt of your letter of the 25.th June requiring information relative to the registry of a Yeomiah now standing in the name of Malkee Shaw.

2 The original grantee was Futta Mohommud grand Father of Malkee Shaw to whom was granted in Fusly 1193, a Yeomiah of Rupees 7-8-0 per mensem by the Nabob Vallayah for services to be performed (in the Mooque of Cundakoor cleaning and keeping lamps &c.a) in the Durgah of Lanta-shaheed. The copy of original Purmanah with translation is formarded as directed in the letter under reply.

*Original forwarded to the Board with others by Mr. Travers.

3 On the death of Futta Mohommed the Yeomiah was transferred to his son Abdool Nubbee who died in 1822 and was succeeded by his son Malkee Shaw whose Yeomiah was sanctioned by

Government under date 3rd January 1823-

It appears that Malkee Shaw enjoyed the full allowance for some time but on a complaint being made by his brother Gouse Sahib claiming a portion, an agreement was entered into in 1837 dividing the amount into equal shares, which agreement was acted up to, till the death of Gouse Sahib in 1841 whose widow Fatma Bee succeeded to the half share. Shortly after the death of Gouse Sahib two other Brothers of Mulkee Shaw put in their claims to a portion of the allowance and an order was given by the late Principal Collector in March 1842 dividing the original Yeomeah × into 3 parts- Malkee Shaw was dissatisfied with this arrangement and never drew the portion allotted to him which amounts in arrears to 81 Rupees, having been drawn and kept in deposit from April 1842 the date of the division till March 1844, when I thought it advisable to discontinue the payment from the Treasury as nothing certain was known of the existence of the party- The portions assigned to the other parties have been paid and the services of the

of Nellore on the subject of a Yeomiah of Pr 7-8 per Mensem held in the name of Malkeeshaw.

2. From these papers it will be seen that the Yeomiah was originally granted to Futta Mahomed for the performance of certain religious ceremonies at the Durgah of Santoshaheed in the Cusbah of Cundoocoor Purgunah. The date of the grant is not known but it was continued by an Enayetnamah issued by the Nabob Wallajah bearing date Fusly 1193 or A.D. 1783. On the death of Futta Mahomed the Yeomiah was transferred to his son Abdul Nabee who died in 1822 and was succeeded by his son Malkeeshaw under the orders of Government dated 3d January 1823. Malkeeshaw appears to have drawn the whole allowance and performed the duties until 1837, when on a complaint having been made by his brother Gouse Sahib an agreement was entered into dividing the Amount into equal portions between them.—

3 Gouse Sahib died in 1841, and in the following year the Principal Collector divided the Yeomiah Among the family in the proportions noted in the Margin. Malkeeshaw being dissatisfied with this Arrangement refused to receive his share, quitted the District in 1843 and has not since been heard of the other two parties continued to draw their shares until March 1844 when the Collector discontinued the

entire payment with a view of ascertaining whether Malkeeshaw was in existence - the arrears due to Malkeeshaw to March 1844 are 81 Pagodas - the other two sharers now pray for the Continuance of their allowance, as they have performed the Durgah Service since its intermission by Malkeeshaw and Mr. Bishop has requested the orders of the Board for his guidance.

The division of service Yeomiah appears to the Board to be objectionable, and it seems to them to be desirable that the amount of the Yeomiah should be disbursed to the head of the family and that the district authorities should interfere as little as possible in its distribution - In the present case as Malkeeshaw does not appear to have performed any service, or to have been in the district since 1843 the Board would recommend that the amount in deposit on his account be carried to the Credit of Government - As the other parties, Fakeer Hommud and Fatima Bee through her son Shaik Hossain, are stated to have kept up the performance of the regular service, the Board are of opinion that their shares should be continued to them and the arrears paid from the date on which their allowance was suspended.

Remarks.

" " " The reasons of the falling off in the Revenue are to be
" " " ascribed since Fusly 1252 to unfavorable seasons low prices
" " " and the general impoverishment of the agricultural popu-
" " " lation for a long course of years. The usual symptoms of a
" " " flourishing Province are rarely to be meet with in Kurnool,
" " " such as well built substantial houses Vehicles, good farming,
" " " well conditioned cattle, personal ornaments &c. &c. &c.

The land tax in Kurnool is much higher than in
" " " the neighbouring Districts of Bellary and Cuddapah, which
" " " added to the abovementioned absence of prosperous appear-
" " " rances leads to the conclusion that the assessment in its
present irregular shape is higher than the land can bear.

Applying for the instructions of the Board as to the disposal of the sum Rs. 7458 remaining undisposed of from sales of certain Lands sold on Public Auction by Mr. Ellis during their Superintendence by Government before their restoration to the original Proprietors

The orders of Government dated 21st October 1830 regarding the restoration to the original Proprietors of Lands purchased at public Auctions in this District being Inalienable public servants and their connections, were, as the Board are aware, carried into execution by Mr. Kindersley at the termination of July 1840-

2. In the 2nd and 3rd Paras of his letter to the Board of 19th January 1831 Extract of which is annexed Mr. Kindersley solicits instruction regarding the land Lords shares during the period the lands were in possession of the purchasers and concludes his letter by recommending that the purchase money be repaid to the purchasers without any demand for Loodoovarum-

3. In the 3rd Para of their letter to the Chief Secretary dated 3rd February 1831 the Board say "It does not appear necessary at present to take the 2nd Point under consideration- The Principal Collector will of course report upon any claims which may be preferred by the original Proprietors for recompence for the loss of their Land Lords' "share" and the Boards' views having been approved by Government Copies of the correspondence were sent for the Principal Collectors guidance- many claims have

have been advanced for the restoration of this share by the original proprietors the arguments against them which Mr Kindersley's letter contains will, I believe, be found sufficiently convincing. The restoration of the lands to the original proprietors was clearly under any view of the case an act of grace on the part of Government and was not of necessity an accompaniment of the annulling of the sales and as the original proprietors during the interval of sale and restoration had no share in the cultivation of the lands, so they appear to me to have no claim on the land lords' share -

4. A Sum of Rupees 7458-7-3 remains in deposit in this Treasury being the Soondowarum of 26 restored Villages collected during their retention under the Superintendence of the Collector from July 1236 the date of their being resumed under orders of Government to the end of July 1240 when they were restored to the original proprietors, and I have to solicit the instructions of the Board as to the principles on which I am to be guided in making this disposal. Either it must be given to the original proprietors whose claims I believe to be not good or to the purchasers in whose name the cultivation was carried on under the superintendance of the Revenue Servants and whose claim

claim for reasons above stated I consider well grounded or it should be carried to the credit of Government the right of neither party being acknowledged, a course I do not venture to recommend - -

I have the honor to add that numerous applications have been made to me for Soondowarum in deposit on this account, and that a decision on the question cannot be much longer be delayed without the probability of its being brought before the Court of Adalut -

Para 2. There is another Point connected with this Question upon which I request your Board's instructions. In the proceedings of your Board and Government on the subject of their lands, there is no mention of any recompence to the late proprietors for the loss of their land lords' rent since the sale of their respective lands. Nor do I conceive that they are entitled to any or that it was ever intended to grant it. your Board however is aware that Mr Cotton on the receipt of orders to attach their lands allowed them to remain in the hands of the purchasers on their giving security for the Soondowarum or

land lords' share pending a further reference on the subject, and that this arrangement with a temporary interruption has continued with the sanction of Government in many instances up to the present time.

Para 3. Mr Cotton's object in taking security for the Soondowaroum was imagined to bear himself harmless from the claims of the original proprietors in case the delay in executing the orders of Government which he

made upon his own responsibility should not be approved. The reference made however to his successor through your Board seems to be an acknowledgment on the part of Government that the question was still under consideration, and the orders of Government dated 21st October 1830 and not to those of the 19th June 1826 must be considered

If therefore the original proprietors were not entitled to Soondowaroum from the date of the sale of their lands up to the 19th June 1826 there seems no reason why they should be so from that date up to the present. The claim if admitted for the latter period, must be allowed good for the former, and in other cases its admission would involve endless and hopeless investigations. for as it is only to the net land lords' rent that they can have any title the expenses incurred by the land lord in each year must be proved and in the spirit in which the parties are likely to meet on such a point, there can be little hope of an amicable or satisfactory adjustment of their disputes.

11780. Fort St George 21st September 1846.

Ordered that the foregoing letter be submitted with the following address.

To

The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Tanjore 3 August 1846 requesting instructions in regard to the disposal of the amount in deposit in his Treasury on account of Soondowaroum or land lords share of the produce collected between fusly 1236 and fusly 1240 in 26 Villages of his District the sales of which were eventually cancelled.

(50-51)

To the Chief Sec. to Government.

Submitting a letter from the Collr of Tanjore requesting instructions in regard to the disposal of the amount of Rs. 7458-7-3 in deposit in his Treasury on account of Soondowaroum or land lords share of the produce collected between fusly 1236 & fusly 1240 in 26 Villages of his District the sales of which were eventually cancelled & recommending that the Collr may be authorized to disburse that sum to the purchasers from whom it was collected.

2 From the correspondence noted in the margin it will be seen that on the 11th July 1846 the Government directed that the sales of certain lands which had been sold at Public auction for arrears and purchased by public revenue servants or by their connections, should be annulled, the lands replaced in the possession of the original proprietors, and the purchase money repaid to the purchasers. Owing to certain further enquiries and references which became necessary these orders were not carried into effect until the

close of Fusly 1240/1830/31 and during the greater part of the interval the lands remained in the possession of the purchasers who furnished security to make good the Toondowaruem or Land lords share. The sum now in deposit on this account amounts to Rs 7,458-7-3 and the Collector solicits instructions as to the party who should be held to be entitled to it- the old Meerasdars the purchasers or the Government-

3 The assessment upon the lands having been paid to Government for the period for which the Toondowaruem referred to was realized it seems evident to the Board that the Government can have no title to the money in question- The claim urged by the Meerasdars seem also to be unavailed- the restoration of these lands to those parties did not follow as a necessary consequence from the annulment of the sales but was a pure act of Grace and as the Meerasdars had no share in the cultivation of the lands for the period on which the Toondowaruem has accrued and were put to no expense or risk thereby they can have no title to the Land lords portion of the produce- On the other hand the purchasers during the whole of the period referred to superintended & the cultivation of the lands bore all the expenses attendant upon their culture and were besides during the whole time deprived of the use

use of the purchase money which was not returned to them until after the lands had been finally taken out of their hands and were then repaid without interest- As a further reason in support of the right of the purchasers to the Toondowaruem it may also be mentioned that from the construction which has been placed by the Court of Sudr Adalut on the provisions of Regulation XXVII 1802 there seems reason to believe that the validity of the sales would have been affirmed by a Court of Law-

Proceedings Bd of Revenue 25 Nov 1829.

4. Under these circumstances the Board beg to recommend that the Collector may be authorized to disburse the sum in question Rupees 7,458-7-3 to the purchasers from whom it was collected-

Sir,

From R.D. Parker Esqre -
Actg Coll.r of Tinnevelly
(54)

With reference to your letter of the 22d May last, I have the honor to state that no offers having been hitherto received for the rent of the Chank Fishery for Fusly 1256 and there being no prospect of one being made hereafter, it appears necessary that the Chank Fishery for the current fusly should be conducted under Annuary for which purpose an advance of R.s 15000 will be required for the payment of Divers and Libbendy till the close of the fusly as per annexed Estimate. I request that the sanction of Government may be obtained for the same -

Proceedings thereon.

Desiring the Acting Coll.r of Tinnevelly to state why the advance required for the Chank fishery of the present year is in excess of the Charges incurred in Fusly 1255 and to explain the necessity for increasing the Chank Establishment by Rs. 12-4 per Mensem

To Coll.r 2nd Sept.r 1846.

The Board observe that in September 1845 when the Collector Mr. Thomas requested permission to fish the Chanks under Annuary for Fusly 1255, he applied for an Establishment of 25 Rs. per mensem and an advance of 5000 Rupees subsequently in March last a further advance of 5000 Rupees was sanctioned at the request of the Sub Collector in Charge Mr. Elton, making in all 10,000 Rupees. In the Statement of expenditure received with the Sub Collectors' letter of 6th April last the total Charge for fishing the Chanks for Fusly 1255 is shewn to be Rupees 10744-11-1 -

2. In the Acting Collectors' letter recorded above he solicits an advance of 15,000 Rupees and the expence of the Establishment he proposes to entertain amounts to Rupees 37-4 per Mensem - Before submitting this letter to Government the Board request Mr. Parker will state why the advance required by him for the present year is so much in excess of the Charges incurred in Fusly 1255, and also that he will explain the necessity for increasing the Chank Establishment by 12-4 per Mensem.

From Ju. C. Wroughton Esqre. Principal Collector of Coimbatore

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 25th June last enclosing Extract from Minutes of Consultation of the 5th of that Month and directing me to furnish a list of the Civil Armed Establishment in this District, and also to state whether that portion not included in the fixed Mozenzabitah is absolutely necessary and if so whether it may not at once be brought on the Permanent Establishment and also to explain for what period this Establishment has been maintained at its present Complement.-

Forwarding a list of the Civil Armed Establishment employed at present in his District and furnishing the information called for by the Board.-

Pursuant

2

Pursuant to these instructions I beg leave to forward a list exhibiting the Civil Armed Establishments kept up in this District. The portion not included in the fixed Mozenzabitah amounts to Rupees 923 per Mensem - the necessity for this as well as the Sibbendy entered under the head of "Tobacco Charges" is needful, and has been so frequently a matter of correspondence for the last 25 years that I am incapable of entering into any further discussion on the subject and would therefore only add that I am not aware of any objection to the Kundachar Sibbendy being incorporated with the Permanent Establishment of the District.-

Vide my letter to the Board of the 2 Octr. 1845. No. 12

The Kundachar Sibbendy is maintained at its present Complement for the last 10 years - vide Correspondence noted in the Margin.-

Resolution thereon.

(56-57)

In Para 2 of the above letter the Principal Collector states that the portion of the Civil Armed Establishment not included in the fixed Moyen Jabitah amounts to Rupees 923 per Mensem. but on reference to the Statement which accompanied his letter the Board find that this amount is the expense of the Tobacco Subbendy which they understand from the Civil Auditors letter to Government 27th May 1846 para. 2 to be included in the regular Moyen Jabitah of the District. the expense of the remaining Subbendy seems to be only Rupees 762. &c. " The Principal Collector will be pleased to afford explanation on this point and in furnishing it he will also be so good as to state what is the nature of the service performed by the Cyhauk Candachar.

11799 Fort St. George 21st September 1846

Ordered that the foregoing letter be submitted with the following address-

58-59

To the Chief Secy to Government — submitting a revised Table of Tolls leviable on Cochrane's Canal and recommending that it may receive the sanction of Government & that it may be published with translations in Tamil and Telugoo in Fort St. George Gazette for general information.

July 6th 24th January

To,

The Chief Secretary to Government

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an Order of Government dated 20th January last directing them to submit a Table of Tolls leviable on Cochrane's Canal, converted into the new currency with translation in the Tamil and Telugoo Languages for publication in the Official Gazette.

2. Since the receipt of the order of Government now under acknowledgement the Board have been in correspondence with the Collector of Madras, and have in communication with that Officer revised the rates of charge on certain Articles: the correspondence which has passed on the subject is herewith submitted for the information of Government.

3 It will be seen that the toll has been reduced on the articles noted in the Margin, in which are also shewn the new and old rates on the several items. It is hoped that the increase in the quantities of the articles in question conveyed by the Canal will more than compensate for the reduction of the tolls- under these circumstances the Board beg to request that the revised Table now submitted may receive the sanction of Government, and that it may be published with the translations in the Tamil and Telugoo languages in the Fort St. George Gazette for general information.
