From the Collector of Ganjam-

Sir

I have the honor to submit herewith

13210 Fort St. George 22d October 1846.

No 1

herewith for the information of the Board of Revenue Translation of an arzee addressed to me by Sompa-reddy Dullamah Naidoo Proprietor of the small Estate of Malagum in this District stating that he has sold it to one Bullah Sudeppah Naidoo of Sarapully in the Zemindary of Salentrah and requesting that the Estate might accordingly be transferred to the latter. This person has also made a representation to the same effect, and further requested that the Estate might be registered in the name of his

No 2. daughter, Conoodoolah Rungamah. a translation of his Petition is also herewith submitted-

The Estate comprises two Sroyotty Villages paying to Government a Peshcush of Rupees 570 - 15 - 1 per annum. The Demand for the past Fasly 1255 has been discharged in full, and no previous arrears are due on account of this Estate. I accordingly request that the Board of Revenue will be pleased to authorize the Registry of the Estate in question in the name of Conoodoolah Rungamah her father Bulla Sudeppah Naidoo having entered into a formal engagement to manage the Estate and discharge the Peshcush payable to the Government. The Estate being very small and the father as the Minor Proprietor quite competent to its management I do not consider it

be necessary or desirable that the property should be taken under charge of the Court of Wards.

No 1.

Translation of an Arzee addressed to R. A. Bannerman Esqre Collector and agent to the Governor in the District of Ganjam by Sanapareddy Dullumnah Naidoo Proprietor of the Inalagumm Estate Dated Bunkipatam the 5th July 1846.

Sets forth.

I respectfully beg to state that I purchased the Villages comprising the foregoing Estate (Malagumm) for Rupees 420-15-1. when put up to auction by the late Acting Collector and I paid the purchase money according to the stipulated instalment. I have further paid Rupees (302-11-0) Three hundred and two and annas eleven on account of the kists of the Current fusly as they fell due and I remit to the Treasury at Chutterpoor Rupees (368-4-1) Two hundred and sixty eight four annas, and one pie payable in future on account of the remaining instalments (kists) But as I have sold the Estate the Pullah andeppah Naidoo of Sarapully for Rupees 420-15-1. and received from him the purchase money, I request that the Estate

No 2.

Translation of a Petition addressed to R. A. Bannerman Esqre Collector and agent to the Governor in the District of Ganjam, by Pullah Andeppah Naidoo an Inhabitant of Sarapully in the Zemmindary of Jalantra Dated 1st September 1846.

Sets forth.

I beg respectfully to state that when the late Acting Collector put up the Inalagumm Estate to Auction Sanapareddy Dullamah Naidoo of Simhachellum in the Vizagapatam Zillah purchased it for Rupees 420-15-1. He paid Rupees 302-11-0 on account of the current Peshcush as it became due and proceeded away to Simhachellum in the Vizagapatam Zillah, where he resides. Subsequently he having found a difficulty in meeting the demand still due on the Estate I proposed to him to pay off the Arrears to the Circar, and requested to sell the Estate to me for the purpose of bestowing it upon my Daughter Annadoolah Ammagaroo as a Gift, to which he acceded and accordingly

the Estate to me for Rupees 420-15-1. and his exe-
cuted a Bill of sale on the 15th July 1846, be
receiving the purchase money at the time of
sale. although there is not time to make Col-
lections for the payment of the balance due for
the past fusly yet my Daughter Ringamah
will now pay the said balance in Anticipation, and
I therefore request that all orders &c that might
be required to be issued on this subject or on
the subject of the Peishcush &c for the future
may be addressed to her, and Sanction obtained
for Registering the Estate in her name.

on a Peishcush realized in the Proprietary Estates of that District for Fusly 1255 with the balances outstanding —

Realized within the Fusly	34905-1-2	Peishcush was Rupees 63263-6-2 of which
Dr Subsequently by	32307-14-7	Rupees 513063-- 3 had been discharged
Total Collections	513063--3	leaving a balance of Rupees 119571-5-11

1st October 1846

Of this Rupees 100000 are due by the Zemindar of Pittapore, regarding which a separate communication has been made to Government and the remainder or Rupees 19571-5-11- stands against 14 Estates.

2. The arrears of previous years amount to Rupees 66012-8-4- and are due by 22 Estates of which 14 have discharged the current Peishcush in full, thus making 8 Estates in which both current and arrears are outstanding.

3 With the exception of the 8 Estates noticed in the foregoing Para arrangements have been concluded or are in Course of being made for the liquidation of the outstanding balances both current and arrears. The Proprietor of Vagaemmapettah against whom there is no demand on account of Current Peishcush has engaged to discharge the arrears of former years, due from Fusly 1251 (1840-41) to Fusly 1254 (1844-45) by payments of Rupees 1000 in Fusly 1246 (1845-46) and Rupees 1166-9-8- in Fusly 1257 (1847-48) as the Proprietor is stated to be in distressed circumstances, the Board beg to submit the arrangement for the favorable consideration of Government — The 8 Estates against which there is a Lis for current and arrears are current —

4 The Board Concur with the Collector in the opinion that unless the Proprietor of Pollapollum under attachment enters into satisfactory arrangements for the liquidation of the Balance outstanding against him measures should be adopted for the sale of the Estate.

5 Veeravullipollum is under attachment for arrears and it is expected that the demand against this Estate will be discharged within the current Fusly.

6. Polaveram and Cruttedam are under the Court of Wards as reported to Government under date 23d July 1846.

7. As the Proprietor of Gootala has failed to enter into suitable arrangements for discharging the arrears against his Estate and as a large sum is due by this individual on account of Current Peishcush the Board apprehend that

that it will be necessary to bring the property to sale.

See letter from Coll.r 28th Sept.r 1845 Para 8 forwarded to Govt with Proceedings dated 16th July 1846.

8. The balances against Somapavarum are in Course of adjustment. The sale of Sugaram and Takay appears unavoidable.

See Board's Proceedings on the Settlement of Fusly 1254-116th July 1846 Para 16.

9. The explanation regarding Gopaulpoorum in the Marginal Note to Para 3 shews that there are no balances of former years against this Estate and that Woopalapaty Soogy Soggenada Rauze who purchased the property recently at public sale is in possession.

Ordered that the foregoing Proceedings be submitted to Government and transcript of the same be forwarded to the Collector of Rajahmundry for his information and guidance.

From the Coll[r] of Guntoor

Sir,

1st Para. As directed in your letter of the 3d instant, I have the honor to forward the accompanying Statement shewing the arrears of Peishcush outstanding against each of the Zemindars, and Calculated up to the 1st of April amounting to Rupees 739,008-5-1, Interest not having hitherto been Charged is not included in this amount. Commission up to Fusly 1254 is included.

2 As however in my Monthly accounts for April May and June the Current list to the 15th of April has been included in the demand and the gross Collections in each Month has been credited to Peishcush Current and arrears respectively, as explained in the Correspondence noted in the Margin, the amount of such Collections, and the balance up to the 15th of August are also shewn in the Statement.

* From Bd 10th Augt 1846
To Bd 15th Ditto
To Bd 18th Ditto

3 It would appear that from the balance on the 1st April as above stated, is to be deducted the price at which the Estates were purchased on account of Government being at the rate of 5000 Rupees for each Estate. This amount was not adjusted in the Month of June as a reference on the subject was necessary to the Accountant General.

Sir,

From the Collr of Guntoor — Para 1

Submitting the information called for in the Board's letter of the 26th August 1846 in respect to the Amount vested in public Securities on account of Vaseredy Zemindary & the allowances paid to the widows of the family and suggesting that the surplus funds now in deposit should be carried to the Credit of Government & the above Allowances Continued by Government in the same way as the Stipends of the dependant Zemindars are paid

I have the honor to acknowledge the receipt of your letter of the 24th Ultimo, forwarding for my Report a petition from Vaseredy Ramanadaha Bauboo praying that the payment of allowances to four Widows of the family from the interest of funds in the Custody of the Sudder Udalut may be discontinued —

1. The Amount originally invested in Government Securities on account of the Vaseredy Zemindary & deposited in the Custody of the Courts was Madras Rupees 4,84,788 according to the Reports to the Board noted in the Margin Rupees 3,66,289 — 3 — 1 were afterwards paid on account of Peishcush — There remains a sum of Rs 118,498 — 12 — 11 the Amount of interest on which is not known in this

this Office but out of it allowances are paid as follows —

To Verremmah first wife of Vencatadri Naidoo as fixed by order of the Sudder board dated 23d October 1837 per Month	202 — 8 — "
To Parvatyma Second wife of Do Do Do	202 — 8 — "
To Atchamah first wife of Jagannad Bauboo Do Do	157 — 8 — "

3. The allowance of Parvatyama was originally fixed on the 27 January 1832 by an order of the Sudder Udalut at Rupees 150 per Month Verremma's allowance at the same rate of Rupees 150 was first ordered to be paid by the same Court on the 2d May 1832 from the expiration of the Current fasly — Copy of the Proceedings of the Court which is now forwarded on the subject shews also, that the directions to Verremma to institute a suit for her allowance, contained in the Proceedings of which Copy is appended to

the

the petition under report, were after-
wards modified. The allowances of
these Widows were afterwards, viz.
on the 17th September
1836 reduced one half
and again on 23d October
1837 10 per Cent, which placed them on
the footing they now are —

4. The allowance of Atchamah
was first fixed from August 1836 at
Rupees 175 and reduced on 23d October 1837
to Rupees 157 8 0 which is still
Continued. Rungama's allowance was first
Rupees 350 but was subsequently Reduced
but these records do not show how and when.

5. The origin of the arrangement
whereby the Surplus funds were
invested in the name first of the
Register to the Northern Provincial
Court and afterwards of that of the
Sudder Udalut is explained in the
Accompanying Copy of a letter from
the

the Register of the Sudder Udalut to the Judges
of the Provincial Court of appeal Northern Division
dated 14th October 1826 the Estate being then under
litigation in appeal before the Sudder Udalut.

6. After the repayment to Government on
account of arrears of Pisheush of Rupees 366289-3-1. an
application was made to the Sudder Udalut on the 17th
October 1836 for a further payment on the same ac-
count in reply to which the Court in their Proceedings
dated 7th November of that year observe that a repre-
sentation should be made to the Board of Revenue
and Government to ascertain whether with reference
to the reduced funds in deposit in that Court and
to the arrears in question having accrued in conse-
quence of famine and pestilence during the
Management of the Estate by the Officers of
Government the demand should be pressed. This
application was brought to the Notice of the Board
by Mr. Glass in his letter dated 2d December 1836
The allowances continue to be paid by the Sudder
Udalut thro' the Civil Judge to the 3 Widows residing
in this district and it is supposed also to the other
widow Rungamah.

Under the present circumstances of the
Zemindary it would appear desirable that the
Surplus funds in deposit should be carried to the
credit of Government in liquidation of the demand
Still remaining against the Estate and that allowances
on the same scale as at present should be continued during
their

their life to the four widows by Government in the same way as the stipends of other dependent Zemindars are paid it being presumed that this procedure would not be contrary either to law or equity.

8. The petition with its accompaniments is herewith returned.

No. 1.

Extract from the Proceedings of the Sudr Udalut under date the 2d May 1832.

Read Miscellaneous petition No. 52 of 1832 presented by the Vakeel Tolaty appich on behalf of Verrammah Senior widow of the late Rajah Vafsa Reddy Vencatadry Naidoo Bahadur.

1. The petitioner referring to the order passed under date the 28th March last upon her petition No. 22 of 1832 directing her to apply to the heir of the late Jaganatha Bauboo for the fulfilment of the agreement executed by the deceased whereby he engaged to allow her a Maintenance, States that she applied accordingly to Ramanatha Bauboo who replied that he would fulfil the agreement as soon as he should be put in possession of the Talooks &ca which are under attachment. The petitioner prays that the Court will issue orders for her Maintenance in the Meantime. As

2. It appears from the former petition that the allowance granted to the petitioner by Jaganatha Bauboo having been secured by an assignment on the rent of certain Villages leased to Chana Venkiah for a term of 8 years from the commencement of fusly 1234 had been duly paid up to the date of her petition but she anticipated its cessation on the expiration of the lease which according to the document No. 3 presented by the petitioner will terminate at the end of the Current Fusly 1245 not at the end of the year Khara as Stated by the Petitioner.

3. The right of the petitioner to a Maintenance as the Senior widow of the late Vafsa Reddy Vencatadry Naidoo the former proprietor if the Vafsareddy Estates Chargeable upon those estates is unquestionable. the amount which she claims under the agreement executed by Jaganatha Bauboo, 450 Rupees per Mensem is moderate being less than the amount lately awarded to each of the widows of Jaganatha Bauboo and under the circumstances in which the Estates are now held under the administration of the Officers of Revenue by order of this Court it appears to be reasonable that an obviously Just Claim of this Nature in which the welfare and Comfort of so Considerable a Member of the family as the widow of the late Head of it, the adoptive father of the present heir are so immediately concerned should be at once admitted

admitted. The Court therefore upon mature consideration resolve to order the Provincial Court to direct the Collector of Guntoor to pay to the Petitioner from the Surplus revenues of the Vafsareddy Estate in his charge, the Monthly Sum of 450 Rupees from the date of the expiration of the lease held by C. Venkiah of the Villages of Toorlapaudoo &c.a in the Purgunah of Nundegaum.—

No. 2.

To

The Judges of the Provincial Court
of Appeal in the N. D.

Gentlemen.

1. I am directed by the Court of Sudr Udalut to acknowledge the receipt of your letter dated the 15th May last, respecting the amount in deposit in the Treasury of the Collector of Guntoor on account of Vafsereddy man Estate which was the subject of Original Suit No.

No. 20 of 1825. in your Court, now in appeal before this Court.—

2. Shortly after the receipt of that letter a petition was granted for execution of this Courts decree in appeal No. 6 of 1822 which adjudged a Sum of Rupees 238833-7-5 to be paid out of the same estate and as this Sum rather exceeded the whole amount reported in deposit, the Court Considered it unnecessary to give directions as to the disposal of that amount.

3. As it appears from your return dated the 22d August that the appellant in No. 6 of 1822 has failed to give the Security required for execution of the Decree in his favor, the Court are of opinion that the deposit should not be suffered longer to remain unproductive and accordingly direct you to cause instructions to be issued to the Collector of Guntoor to vest in whatever Sum may be in deposit on account of Vafsereddy war estate on the 5 per Cent loan if that loan is still open.—

To The Chief Secretary to Government

To the Chief Secy. to Government

Sir,

Submitting a Correspondence with the Collr. of Guntoor on the subject of the Zemindaries of that District which were purchased on behalf of Govt. on the 1st April last and suggesting that the Collr. be instructed to address the Sudr Adawlut & to prefer a Claim in behalf of Govt. for such balances standing in the public Securities to the Credit of the Vasareddy Estate as may be in the hands of the Court

1. I am directed by the Board of Revenue to forward for the orders of the Most Noble the Governor in Council the accompanying Correspondence which has passed between this Office and the Collector of Guntoor on the Subject of the Zemindaries of that District which were purchased on behalf of Government on the 1st April last.

3- From the correspondence indicated in the Margin, it will be perceived that in the years from 1826 to 1830, the surplus Collections from the Chayakole and another two Divisions of the Vasareddy Estates in Guntoor to the extent of 184788 Rupees were invested in the Government Loans to the credit of the Zemindary. The Bonds were Deposited in the custody of the Register of the Court of Sudr Adawlut the Estate being under litigation before that Tribunal. In the year 1833, the sum of Rupees 202977 and in 1836, the sums of Rupees 151092 and Rupees 17218 in all Rupees 366287 were

were paid under orders of the Sudr Udalut to the Collector of the District, on his requisition in discharge of the arrears of public revenue which had accrued against the Zemindary leaving the balance of the investment /principal/ in the hands of the Court at Rupees 118,498—12—11 From these funds pensions are regularly paid to the two widows of Rajah Vasareddy Vencatadry Naidoo adoptive father and to the two widows of Juggunadha Baboo, elder adopted brother of Ramanadha Baboo the ex-

which now amounts to Rupees 3248566—7—7 They would therefore beg to suggest that the Collector of Guntoor be instructed to address the Sudr Udalut and to prefer a claim on behalf of Government, for such balance of the Vasareddy investment as may be in the hands of the Court, it being of course understood, that the Government will charge themselves with the continuance for life to the Widows of Vencatadri Naidoo and Juggunadha Baboo, of the allowances which they now enjoy. The propriety of this latter condition was fully admitted by Government in the correspondence which occurred on the subject of the appropriation of these investments in 1833

From Govt 14th Inl Ltr 20th June 1853

From the Collr of Guntoor } Sir,

1- With reference to the correspondence noted in the Margin I have the honor to submit Statements shewing the lands held by Public Servants on the Huzzoor and District Establishments in this Zillah as they stood in April 1845 and at the same time to submit the following explanation on this subject to complete the information supplied by Mr White.-

Forwarding Statements shewing the lands held by Public Servants in the Huzzoor & District Establishments in the Guntoor Zillah as they stood in April 1845 with the necessary explanation

From Board 15th Septl 1842
Do 29th May 1843
Do 27 July "
To Do 29th March 1845
From Do 17th April "
To Do 22d Do "

2- My attention was first called to this subject by the receipt of the Board's letter of the 15th September 1842, upon which I noted in pencil that I wanted the Board's Circular of 1826 therein referred to, and gave it into the Office. This note was not however attended to and the letter escaped my recollection until reminded of the subject by the Board's letter of the 27th May 1843, when I again called for the former correspondence still it was not shown to me till after the receipt of the Board's letter of the 27th

13236 Fort St. George 22d October 1846.

27th July of the same year when after some days I succeeded in procuring it, and spoke about it to the Head Sheristadar and directed him to prepare the requisite orders. He assured me most confidently as he assured Mr White that the rules of 1826 had not been acted on or made known in this District, and in the orders which he deferred to prepare until the 28th October after repeated applications from me, he assumed this as a fact. I cannot help thinking that the delay which I have stated was designed with a view if possible of eventually keeping out of sight altogether the delinquencies of himself and other Servants, as it was subsequently clearly ascertained by Mr White that the orders of the Board were duly promulgated at the time, and this promulgation

could

could not have been unknown to the Sheristadar and to many others of the servants, whose names appear in the Statement as holders of land -

3- Many of the Servants whose lands are included in the Statement, among them the Head Sheristadar himself, have since been dismissed but I thought the Board would like to see the extent to which their orders had been disregarded with respect to those who remain in employ I await the Board's instructions, as to the enforcement of the penalty of dismissal to which they have rendered themselves liable

4- I conceive this to be a

a fair specimen of Veerapatte Shagerry Row's official character and conduct and had no others instances come to light of his audacity in Malversation and the deception of his superiors this would have been quite sufficient to call for his dismissal -

Ordered that the following letter be sent in reply

To the Collr of Guntoor

To The Collector of Guntoor

Sir. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 7th ultimo forwarding Statements showing the lands held by Public servants on your Hoozoor and District Establishments as they stood in April 1845.

In reply I have to inform you that the course to be pursued in respect to those native revenue servants who at present hold lands in their respective Districts has with other points connected with the general question been submitted by Government for the orders of the Honorable Court of Directors on receipt of whose instructions the Board will communicate with you further on the subject of the lands entered in the Statements which accompanied your letter. Meanwhile you will be pleased to use every means to prevent the further acquisition of land by the Native servants of your Hoozoor or District Cutcherries.

Resolved

North Arcot, Coll.r Cist.e Cutj. Palmaneir

13250. Fort St. George 22d October 1846.

Resolution thereon.

(27-28)

Resolved that the following Endorsement be passed on Petition No. 594 of 1845

Endorsement.

From the report of the Sub Collector upon the subject of this Petition it seems no reason to suppose that the Devastanum Inamians referred to in it are not appropriated. It further appears that the parties in whose name the Petition has been preferred is dead and the two others deny all Knowledge of it. It is therefore unnecessary to take further notice of it.

(29)

From the Actg. Collr of N. Arcot
3d Augt 1846.

Sir

Referring to para 13 of the Board's Proceedings on my Summabundy report for Fusly 1254, desiring me to report in a separate letter my opinion in regard to the resumption of 300 Cawnies of land granted on Cowle as noticed in the Actg Sub Collectors Summabundy report and the final adjustment which it will be proper to make with the parties. I have the honor to state that the parties having since died and having already abandoned their lands, the amount due by them for the above Fusly was included in the irrecoverable balances

From the Collr of South Arcot
Dated 20th Augt 1846.

Sir,

With reference to the Boards Proceedings No. I have the honor to state for their information that the identity of the claimants therein mentioned, was not only proved before the Tahsildar of the Taluk of Chittoor but also before the Head Sheristadar and Cash Keeper of my Cutcherry and subsequently before myself as being the persons to whom the amount of pension was originally awarded their ages &c. corresponding with the parties mentioned in a letter addressed by my predecessor to the Board under date the 16th November 1839.

Para 3. Thereon.- Para 1. In the early part of the year the Principal Collector made a special report on the very unfavorable prospects of the year and the consequent falling off in the cultivation of the extensive failure were mitigated by a succession of showers in the following Months. During the early part of the Fusly (or from June to September) there was little or no rain so that the Dry Crops suffered severely and with the exception of a heavy fall in the end of December (the effects of which in some instances proved injurious to the Tanks) the supply for the wet lands not dependant on artificial irrigation was precarious and scanty.-

2. The consequences of such unseasonable weather were exhibited in the extensive failure both of the wet and Dry Crops and in the greatly enhanced price of Grain which rose to nearly double that

that of the preceding year, although the scarcity did not extend to the neighbouring Districts.-

3. But in addition to the failure of Crops sown and to a much greater remission for withered produce

than was granted in the preceding year there was a large decrease in the Cultivation both of Poonjah and Nunjah lands, which notwithstanding an increase of Garden tillage and of Dry crops raised on wet lands caused the settlement to fall considerably below that of the preceding year, the net Decrease being 54,668-4-2 as shewn in the subjoined table.-

Paras 5 & 10 & 21. 6. The preparation of the

new Settlement accounts based on the

survey according to the forms used

in the ceded Districts which had been

completed in 114 Villages in 1253 Fasly

was in the year under review, extended

to the three Talooks of Madacolum Tira-

-nungalum and Melloor. Mr Blake-

-burne describes the original survey

executed by Mr Burdis in fasly 1211/1801/2 as

recorded only in the Cadjan accounts

left in the hands of the Village Curnums

one fourth of which he reckons to

be no longer in existence. Of the re-

-vision of the Survey made under the

direction of Mr Parish the accounts

are more complete, one set in Hindavi

being in the Principal Collector's Office,

which is entire with the exception of

15 Villages and the corresponding

Cadjan Copies in the Village Dufters

but of these about one third are

wanting. Of the 15 villages above men-

-tioned the deficiency in regard to

three has been supplied from Mr

Burdis accounts and in that of the

remaining 12 has been corrected by a

re-examination of the Lands aided by

such

such abstract Statements of former Settlements as were forthcoming.

Mr. Blackburne's Statements would lead to the supposition that in the recently prepared accounts he has followed those left by Mr. Parish except in the instances specified but this is not clearly explained. The area of the land in both surveys was measured by the portions or Thalams in the occupation of each individual ryot and not by fields. These Thalams therefore vary indefinitely in extent from a very small to very large size and the measurement, such as it is, having long been overlooked and omitted in the cultivation accounts it is easy to imagine that the original boundaries have not been readily recognized. The exertions of the Principal Collector have been chiefly directed to the determination of these and in effecting this object numerous adjustments appear to have been considered requisite. Corrections of the classification were made by raising high assessed lands entered as to the extent of 1393.15.0 and by lowering those of inferior classes incorporated with higher ones to the amount of

The Board would be glad to have a full and detailed account of the course of proceedings pursued by the Principal Collector in making these important alterations and of the grounds on which he has satisfied himself that they have been effected in conformity with the original surveys. The progress already made in the completion of the revised accounts sufficiently displays the increased facility and security they will afford to the settlement. The omission of the specification of fields from the accounts must have afforded scope to the Curnums for the commission of frauds to which the data derived from the old survey records and the notation of the area and number of each field in subsequent settlements will interpose a considerable check hereafter. It does not appear that the new accounts have been

introduced

introduced as yet into Maraingapoody or the Talooks of the Dindigul Division nor what progress has been made in the preparation of them.

Paras 12-13 Sab Coll'rs Report P. 27.

8. Mr. Blackburne states that the Dittum rules and the introduction of agreements (Cabooliyats) for lands taken by the ryots at the commencement of the season of Cultivation as required by the orders of the Board and Government are unpopular and he adds that he considers the rigorous adoption of them in Madura to be unnecessary and therefore injurious as well as vexatious. From the general tenor of the Principal Collector's observations the Board are led to believe that he has not fully comprehended the nature of the System which it is desired to introduce. The Dittum or cultivation accounts merely provide for the accurate specification and entry of all the land that each ryot is desirous of occupying for the

year. In general most persons will be found to cultivate the same fields from year to year. If they desire to take up additional land it is brought to account in the Dittum. If to reduce their holdings it is deducted from that of the preceding years, care being only taken that good and bad are thrown up together. It is the duty of the Village and District Officers to take steps for the re-engagement of such relinquished portions and generally for the extension of the cultivation when opportunities offer. But it is a mistake to suppose that the employment of compulsory means is required for the purpose. When therefore Mr. Blackburne states that "the Curnums and Nattamgars write out a list of the lands they think will be of advantage to the Ryot to hold and by continual pressing and the threat on refusal to give the land to others, they obtain his desperate and reluctant mark of assent before the Taksildar or Moozoomdar" he shews that he has entirely misconceived the object and spirit

spirit of the rules in question. The Ryot himself must be a much better judge of the extent of land he can occupy than any other person, and if the interference with his freedom of action be of the vexatious and compulsory character described in the above quotation it is not surprising that it should have been received with general dissatisfaction. All that the Dittum requires is that the ryot should make up his mind as to the extent he means to hold during season of cultivation that is between June & September Mr. Blackburne however says that in a matter so dependant on the falling rains and the capacity and supply of tanks, the people will not undertake the responsibility of a given extent of land. But it should be explained to them that at the settlement they are entitled to remission for any portions included in their agreements which they may have been prevented by the vicissitudes of season from bringing under tillage. The Dittum in fact is the process of forming the Demand. The settlement that of deciding on cases in which the engagements

entered into at the Dittum have failed of performance. The present system of permitting individuals to retain an indefinite hold on land to the prejudice and exclusion of all others which they will only plough if it suits their convenience is destructive of industry and improvement and at the same time injurious to the revenue. Its tendency must be to enable the Village Officers and influential ryots to engross a larger share of good land than they can fully employ, to encourage improper and collusive arrangements between the cultivators and the Talook servants and to embarrass the settling Officer in deciding on disputed titles of possession and in disposing of claims to remission. It appears to the Board that the Hookumnamah of the District is defective on this subject and they resolve therefore to transmit with these proceedings Copies of those in force in the neighbouring Districts of Coimbatore and Salem† by a comparison of which with the rules prevailing in his own district the Principal Collector will be enabled to bring the latter into greater conformity with the prescribed practice. The Board will be glad to receive a copy of such amended Hookumnamah,

at Mr. Blackburnes leisure with any observations he may desire to offer.

Para 14 Coll. No. 269 Paras 9-10.

The Remissions allowed for short produce have been regulated strictly by the standing orders on the subject but the Principal Collector considers them to have borne hardly on the poorer Class which comprises the Majority of the Cultivators. The explanation of the particulars on which the Board animadverted in their proceedings on the settlement of 1253. are contained in the paras noted in the margin but as the usual mode according to which they were granted has given place to the general rules sanctioned by Government no further notice of the subject is required.

10. The failure of the expectations had been entertained of a larger revenue from the pasture lands of the Ramgherry Pollam

are attributed partly to the refusal of the Board to sanction the additional Establishment originally proposed by Mr. Blackburne for the purpose, partly to the heavy duties that have engrossed his attention since his return to Office connected with the revision of the cultivation account. A considerable extent of land seems to have been relinquished from the refusal of the ryots to hold on the prescribed conditions and the revenue derived from the rest was less than it would have been

13256 Fort St. George 22d. October 1846.

been otherwise on account of the drought. The directions of the Board, it is stated, are however in course of being fully carried out but as they cannot be expected to take effect in a single year time must be allowed for the development of their success. The Board request that a separate statement may be forwarded with the next settlement Report shewing the extent of Runjah and Poonjah Land allotted for Cultivation on the payment of full assessment and that retained for pasturage distinguishing those retained by Resident Cultivators from those in the possession of Pycarries. The Principal Collr will also be pleased to state whether the principle of the grass tax has been extended to Veerasmalay, Togamalay and Comeravaddy as formerly authorised and if so, to include lands on such tenure in the statement:-

Para 17 No. 269. Pt. 2

11. With reference to the explanation of the neglect to enforce the higher rate of Seerwa prescribed under the orders of the Honble Court of Directors on single Crop wet lands cultivated with Sugar Cane Mr. Blackburne states that no distinction of Single and double Crop assessment was observed in the Dindigul survey but consolidated rates to the number of 12 Classes were imposed on all lands capable of yielding

a

a second Crop. Having afforded this General explanation Mr. Blackburne refers to the Sub Collectors report for the details of the manner in which the Board's orders have been carried out Mr. Elliot according by gives a figured statement explanatory of the rule adopted by him in imposing the additional tax on Sugar Cane Crops according to which it is seen that by the original or Hoolow survey all the wet lands were finally mulcted under 12 compolidated rates ranging from 9 to 45 Cully fanams the Goontah which by Mr. Blackburne's revision were reduced to 11 Classes with rates from 6 to 30 Cully fanams and that guided by the latter standard and by such oral evidence as he could procure he assumed all land above 20 C. F. the Goontah to be two Crop land. But in the Principal Collectors explanatory paper No. 269 above adverted to, a statement is given of the original classification prepared by Mr. Hurdis Serrindars in which the superior or double Crop lands alone are arranged under 12 Classes with separate rates of Teerwah for the first and the second Crop of detailed accounts of application of these rates to fields are still forthcoming. The lands actually

Para 12.

actually capable of yielding two crops will be seen at once and there will be no further difficulty. In the settlement under consideration, however the Sub Collector guided by the principle explained in his Report imposed an addition of 80 per Cent on Sugar Cane fields assessed at less than 20 C. F. per Goontah, but where such addition caused the aggregate Teerwah to exceed the amount of the original higher (or so called double Crop rates) he remitted the excess, in accordance with what he conceived to be the spirit of the Board's instructions. It is evident that this rule is too indefinite to lead to correct conclusions. On examining the detailed accounts of the data on which the Hoolow assessment of Dindigul was determined as contained in a statement forwarded with Mr. Vivash's letter of 24th October 1831, and referred to by the Pr. Coll. it is seen that numerous examples occur both of single and double Crop land rated above 20 C. F. and that some of the former are even as high as 30 C. F. while the latter range from 27 to 60. However proper therefore it may be to impose the additional tax on the former when producing a Sugar Crop, it would be manifestly unjust to

15. In reply to the objections urged by the Board against the Settlement of the Pylney Hills Mr. Blackburne states that the Sub Collector has preserved in the system introduced by him and that he (the Principal Collector) is constrained to approve of this proceeding, the propriety of which he trusts will also be apparent to the Board from Mr. Elliots' Report. Referring to that Gentlemans explanation which is given at great length, it appears

Paras 44 of Encls. No. 27.

that the revenue was derived from a ryotwar Settlement on the land in the time of Mr. Hurdis (1801) that the system of renting the Collection of the Government dues had been introduced subsequently; that the rates on ploughs and hatchets had been restored by the Manadies or Head Men who were then as now the renters, that in consequence of the oppression and exactions of the renters the inhabitants themselves have repeatedly petitioned the Principal and Sub Collectors during the last 10 or 12 years "for the annihilation of the Rentals, for "the tax to be fixed by the Circar at certain "rates, the Dewastanums and Village "Sibbendy being defrayed by Govt." that the mode of assessing the lands in

perfect accordance with the wishes of the people that the rates and classes were settled with reference to a scale prepared by the ryots themselves and was in no wise regulated by the amount of taxes formerly levied which was only brought forward in the way of comparison. that these were willingly accepted and have been cheerfully paid. that the heavy balances of 1252 and 1253 Fasslies have arisen solely from the opposition of the former renters whose efforts have been strenuously exerted to maintain the late farming system, that the Ryots themselves never objected to make good the balances, that in fact they have now paid all the amount outstanding except 177 Rupees in Fusly 1252 and 353 Rupees in Fusly 1253 as per annexed.

erroneously credited for land left unsown and other items through the incompetency of the Curnum, and that the whole account of the Settlement for Fusly 1254 had been collected without difficulty. In Conclusion the Sub Collector requests authority for writing off the above mentioned balances and trusts that the settlement as now explained will be approved and sanctioned which Mr. Blackburne supports limiting his recommendation to its continuance unaltered for the three following years

settlement were that instead of a so
Bye-war distribution of the existing laws
to relieve the inhabitants from the
oppressive control of the Marauders, a new
mode of settlement had been introduced foreign
to their habits and conducted by Agents (the
Canmans) not deserving of much confidence
whose proceedings do not appear to have
been duly checked or superintended. It was
also noticed that the principle of imposing
the assessment on the description of produce
and not on the quality of the soil
was erroneous and regret was
expressed that in a matter of this
nature the plan of the proposed
settlement had not been first submitted
for approval.

17. From the explanations now
given however it is seen that the inhabi-
tants have not only readily acquiesced in the
present assessment and paid the
amount but that the plan ori-
ginated with themselves. The vexations
interference of the Marauders described
by the Sub Collector doubtless led the
inhabitants to acquiesce gladly in
any

any proposition that should relieve them
from such arbitrary exactions: but the
same disposition would have made
them equally ready to accept a settle-
ment on sounder principles. The particulars
in Statement No III of Enclosure No 15 shew
that there is no classification of the
land but that the demand is fixed on
the produce only, the amount so obtained
likewise appears very low when
compared with the assessment of
the same extent of land in the
low Country. Mr Elliot admitted

on 1252 Fusly and assigned

of Markets and the inferior quality of the Grain. But it

See Paras 35. 45. 47. would seem from Mr. Elliot's own showing that the Mamadies derived a very much larger revenue than that now collected for Government.

18. A comparison of the annual revenue and produce of the different divisions of the Hills is exhibited in the following Statement:

19 This would make the relative Deriz of the three first some what low and that of the two last rather high particularly that of the Tandicoody Hill. With reference to the latter it was observed in the Sub Collector's Report for 1252 Fusly that the Renters profits were unreasonably large and that he required no indulgence and Mr. Elliot was of opinion that there was much concealment in most of the Hills. Yet it does not appear that the measurement of the lands lately completed has effected any increase of Revenue

Sub Collrs Report 1252 Fusly Para 28- with reference to the Deriz of 1241 Fusly and previous years or to the produce of 1250 Fusly - The Board do not make these remarks from any desire of deriving a heavy revenue from the Hill people but to shew that the present settlement professing to be based on accurate data appears in

Para 25- several instances to be unequal and unsatisfactory. With reference however to the very decided opinions both of the Principal and Sub Collectors and to the Extra rations now offered the Board see not object to give the present settlement a

a fair trial by allowing it to continue unchanged for a period of three years until the end of 1257 Fusly as recommended by Mr. Blackburne.

Sub Collrs Report Para 53. 20- The information in these reports regarding the service and Devastanams Enams and the Sooruadayem Tax on Trees &c. is too meagre to enable the Board to form any opinion of the mode of dealing with them and they will await the further communication promised to be made regarding them.

Para 29-30. 21- It is here explained that the reduced Quit Rent on Enam lands which had continued in force till 1252 Fusly was re-imposed in 1253 Fusly and is now universally collected according to the Board's Orders but the particulars of Statement No. 16 of that year were not very clear and did not shew how much had been so brought to account. A comparative statement of all the lands in the 55 Villages to which Mr. Peter allowed discretionary remissions shewing the amount of reductions added to the Demand in 1252 Fusly and comparing the total with the settlements of the two following years accompanies the present Report. From this it is seen that

23. It was desirable that a Form prepared expressly for the exhibition of the extent of which the Board's Orders for the remission of these remissions had been carried should have contained some explanation of the very large decrease apparent on the face of it since the measure was first enforced. Doubtless much of it was attributable to the effects of the seasons but it would have been satisfactory if this had been shewn to be the case by figures even at the expense of some extra trouble although (as is stated) no separate Account had been prepared for the purpose. The Board would be glad to know whether any of these Villages were among those mentioned in para 22 as having refused their participation and if so whether it was on the ground of the discretionary remissions being withheld. They also desire to be furnished with detailed

13256 Fort St. George 22d. October 1846.-

detailed Statements in Hindoostanie shewing the particulars of the arrears alluded to in para 3 as existing in Nallayoor. Valacherry and Angadamangalum specifying the land and assessment of each individual in detail and the amount of remission charged to him together with similar information for the Merasidars of the 9 Villages in Madacolum Taloote who have mortgaged or sold their Merasi and emigrated. But they must observe that the fact of the lands in question having been mortgaged and sold is altogether inconsistent with the Collectors belief in the over assessment of the land and the result of the sales in Nallayoor reported in his letter of the 24th March 1845 in

In Cons 3d April 1845

equally adverse to the same view of

13256 Fort St. George 22d. October 1846.

Of five parcels of land advertised all of them small, three were redeemed previous to the day of sale and the remaining two fetched prices equal to 4 and 6 years purchase of the assessment. Viz.t.

14. 5. 9.	1.	10.	6. 5.	26.

Looking to the large amount of the discretionary remissions agreed to the Demand and to the length of time (29 years) they had been enjoyed the wonder is rather that so little resistance has been offered than that a few individuals should have persevered in exhibiting a spirit of passive opposition to a measure so obnoxious to their interests.

Submitting Statement of balances in deposit on account of Devastanums Endowments in five Pollems of the late Zemindary of Marawngapoory recommending that those of Marawngapoory be immediately made over to the Zemindar and suggesting as a matter of precaution that those of Conaravady and Veeramalay shall be retained in deposit till final disposal of those Estates be determined on and that the Board reviews the existing final orders regarding Ramagherry Thogamalay and reiterate those orders respecting the surplus.

I have the honor to submit a Memo: of surplus funds in deposit in the Madura Treasury, up to 31.st March, to amount of Rupees 9884-13-10 shewing, also, the further Amount received up to this date, Viz.t Rupees 3239-2 in favour of re.d late Zemindaries institutions in the Zemindaries of the late

13265 Fort St. George 22nd. October 1846

I have given due warning to the parties concerned. I visited the Annaputty Cadavenaur bridge yesterday morning and again this morning with the Sheristahdar and with the exception of the trifling repairs made a few days back to the flooring which never required more than 1 hour all appeared just as I left it 3 months back. Instead of digging the trench to the South of the road as repeatedly directed by the Civil Engineer and with that material raising the road or approaches to the Bridge according to the Estimate, the earth has been taken in the first instance if not chiefly from the ground to the North of the road for the evident purpose of lowering the ground for the more easy cultivation, apparently for getful or rather perfectly indifferent towards the safety of the road and Bridge itself for if the road be filled up by subtle springs from irrigated fields or salsuginous soil what is to be done with the Debris of the Channel when excavated in conformity with the instructions of the Civil Engineer. Every obstacle seems to have been thrown in the way of finishing this Channel. Even when the work was Commenced the Channel

was cut too near the road which together with the South west wing Wall are thereby considerably jeopardied. Having drawn the attention of the Tahsildar on the 19th 31st ultimo to the back Guard state of the Emergent Maramma I have now to enclose an order passed by me levying a fine upon those who might have shewn if they had wished it much more vigilance.

Fort St. George 22d. October 1816

Subsequent to the demise of my Father when it was necessary to obtain certificate in my Name in Support of the said Maniems I produced in 1822 a Mazernamah given by the inhabitants of the said Village testifying to the validity of my having prefixed to mine the first part of my Brother's Name "Veeraragava" with a view to be distinguished by the name of Veerragavagopalathathachary. But I regret to say that the name of Veerragava thathachary which is that of my brother was fraudulently entered in the certificate No. 998 granted to me in Support of the Maniems lying in the Taloork of Streevilly poottoor. My age and height were however Correctly entered in it. In the Certificate granted to me for the Maniems Situated in the Village of Heelanathum though the name of Veeraragavagopalathathachary was Correctly entered in full, yet the word Gopala was obliterated with ink. Whereupon I asked my brother and Vittularayer the Hindoovy Goomastah the Cause of my name not being entered in full in one Certificate as mentioned in the Mazernamah and of the word "Gopala" having been obliterated in another Certificate. To which they replied that the word "Gopala" was

omitted in one Certificate through forgetfulness and that the same word was blotted with ink while being written in another Certificate. After a joint enjoyment of two or three years my Brother the 1st Defendant denied my right to the Moniems in question and stated that the name entered in the Certificates were his own. Upon which I complained to Ramasawmy Iyer the late Head Sheristadar of this District that a part of my name Gopala was fraudulently omitted to be entered in my Certificate as mentioned in the Mazeramah. The Sheristadar having called for the Mazemah inspected it and pointed out the discrepancy to the then Collector and then added the word Gopala to the name incorrectly entered in the Certificate (Making a full name of Veeraraghava Gopalathathachary.) From that time up to fusly 1242 the said Moniems were jointly enjoyed by me and the 1st Defendant. In the ensuing fusly 1243 when a dispute arose between me and the 1st Defendant regarding the Division of our patrimonial Inheritance he took possession of the Certificate

and other Documents connected with the Moniems and attempted to usurp the ready money Enam in Neelanantham Village. But knowing his deceitful intention I complained to the Sahasildar of Shermadavy Taluck to which the said Village was then attached. Whereupon the 1st Defendant gave a Deposition before the Sahasildar pleading that he is distinguished by the Names. I then presented a petition to the then sub Collector of this District who directed me to have recourse to the Civil Court. Accordingly I sued the 1st Defendant in suit No. 233 of 1835 on the file of the Shreevellpoottoor District Moonsiffs Court where a decree was passed in my favor. Being dissatisfied with the above decision the Defendant appealed therefrom to the Zillah Court of Madura in appeal Suit No. 68 of 1836 who confirmed the Decree of the lower Court on the 21st June 1837. Subsequently I presented a petition to the then Collector Mr. Eden on the 28th August 1839 requesting him to issue a Jury Summud for the Continuance of my

To The Chief Secretary to Government.

Sir, I am directed by the Board of Revenue to submit for the Consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Tinnevelly, dated 22d. Ultimo forwarding translation of a plaint in original Suit No. 6 of 1846 on the file of the Principal Sudder Ameens Court of Tinnevelly preferred by one Gopala thathachariyar alias Gopalaswamy thathachariyar in which the Collector Esq. B. Thomas Esqre. and Sooloochena Moodelliar the Nail Serishtadar are 2d. and 3d. defendants; together with the draft of an answer which he proposes to put in, and requesting sanction to defend the suit as regards his predecessor and the Nail Serishtadar, at the public expense.

To the Chief Secry. to Government

Submitting a letter from the Acting Collector of Tinnevelly forwarding translation of a plaint preferred by one Gopala Swamy thatha Chariyar regarding the enjoyment of certain Maneeums in which the Collr. E. B. Thomas Esqre. and the Nail Serishtadar are 2d. and 3d. defendants and requesting that authority may be granted to defend the Suit at the expense of Government.

From these papers it will be seen that the Plaintiff and 1st Defendant are brothers and joint sharers in certain Inameums - These Inameums not being supported by any valid documents, incres[illegible]

on the occurrence of the last lapse, continued by Government, as an indulgence, and as a life grant, and the Certificate now made out in the name of the 1st defendant, as the Eldest brother, at whose death the Inamoums will be resumed altogether. The brothers seem to have disagreed in regards to the enjoyment of the Inamoums and their differences have led to the institution of the present suit. but there appears to be no reason why the Collector should have been included as a defendant in as much as while he was in no way bound to interfere between the parties, his interference, as far as it has gone, has been in favour of the Plaintiff.

3 The answer which the Acting Collector has submitted appears to the Board to be good and sufficient, and they therefore beg to recommend that he may be permitted to defend the suit, as regards his predecessor and the Serishtadar, at the expense of Government.

Board of Revenue

(43.)

Sir,

From the Acting Collector of Tinnevelly explaining why the proposed Suspension of the Establishment and advance required for conducting the Chank Fishery under Ammany in Fusly 1256 is in excess of the charges incurred on the same account in Fusly 1255.

Para 1 I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 21st ultimo calling for an Explanation why I have applied for an advance of 15000 Rupees and an Establishment at Rs As 37-8 per month for fishing Chanks under Ammany in Fusly 1256 whereas the total charge incurred for this purpose in Fusly 1255 amounted only to 10724-11-1 and the Establishment sanctioned for the same Fusly was 25 Rupees per Mensem.

2 In regard to the "advance" I beg to refer the Board to Mr. Elton's letter of the 2d March last, as exhibiting the hurry and disadvantage occasioned by the want of sufficient sanction in the first instance. It will be seen that sometimes the daily quantity of Chanks obtained is very great, and if the fishing stops short at such a time for want of funds the loss to Government will be considerable. The number of Chanks obtained last year was not so high as has been fished in previous Fusslies or as we may reasonably hope to fish.

The Board are aware that whatever may be the amount

13285 Fort St. George 22d October 1846

amount sanctioned by the Government the advance made from the Collectors Cutchery are moderate, and given only when actually required. There is no danger therefore of a larger sum being advanced than can be actually recovered; unless the Price falls below the hire of the Divers, which is very unlikely indeed.

3 With regard to the Establishment at this Port Mr Thomas originally proposed an Expence of 25 Rupees per Mensem for this purpose he was obliged to increase it almost immediately to Rs. 30-4 per Mensem, and he employed a Number of Talooks' Sons in the operations who could not be conveniently spared. The only addition I propose is the expence of 2 Peons at 7 Rupees per Mensem which will enable me to dispense with calling away Peons from the Talooks. The total Expence of Establishment will thus be Rs. 37-4 per Mensem not Rs. 37-8 as entered in the Boards' letter.

*So also in rough Draft.

4 I have received within the last 3 days an offer of 5000 Rupees per annum for the fishery for one or two years from Jn. Rn. Coeg Appoe Merchant of Tuticorin but as it is coupled with a condition regarding the Divers which I consider inadmissible, and the sum appears to me to be too low, I do not submit it for sanction.

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 20th instant — Calling upon me for further explanations relative to the Jaggery received by contract in Fasly 1254 for the distillation of Pattarrack and to report that whilst for the 5 years immediately preceding the contract price for Imports only from Rupees 11-10-0 to Rupees 12-14-0 per Candy, I was unable to procure any offer for the Article below Rupees 17-8-0 for the year under review, owing to the enhanced rate at which all available supplies were purchased by those engaged in the manufacture of Sugar for export to England. I was therefore induced, for the first time, to make an arrangement for the introduction, on the Condition stated before into the Distillery of Country Jaggery or what is manufactured in the neighbourhood of Madras, in addition to the product of Tinnevelly, it being

2 As the use of Country Jaggery however was subsequently found to be injurious to the Revenue the Deed of Contract for 1253 provided for the supply of Coilpatam Jaggery alone at the it was to be paid for at the increased rate of Rupees 15-8-0 per Candy. From the present extended manufacture of Sugar from Jaggery parties who have always shewn every disposition to enter into engagements with this office have held back in the Current year and the lowest offer I could get when the Contract for 1256 was sent up has in consequence been Rupees 20 it being stipulated that all loss arising from wastage should be borne by Government but a few days afterwards succeeded in forming a Contract on more advantageous terms in as much as the Contractor is now bound to supply unrefined Coilpatam Jaggery at Rupees 17-12-0 per Candy and according to the practice which has obtained since 1249 to relieve the Abkary Department from any liability on account of wastage.

Proceedings thereon—

Recording observations on the Letters from the Collr. of Madras reporting on the circumstances connected with the decrease in the Revenue derived from the sales of Cattab arrack in fusly 1254 & recommending that sanction be granted for the remission of

Decrease in 1254 F.S.

Para 1 In the report upon the Extra Increase of Revenue in his District for fusly 1254 the Collector stated that the large decrease observable in the Revenue derived from the sales of Cattab Arrack which amounted during that period to 9330 Rupees was owing to the Jaggery supplied for distillation being of an inferior quality which produced a weak Spirit by no means equal such

such as was usually sold in the Licensed "Shops" and that he had in consequence of this depreciation in the Revenue considered it necessary to remove the Superintendent of the Abkarry Department from his office and had nominated a more efficient Officer to superintend that branch through whose instrumentality the case of the diminution of the receipts was investigated and brought to light—

2 In reviewing this report the Board called for further explanation as to the measures adopted by the Collector towards the Servant at the Head of the Abkarry Department to whom they were led to attach great blame for permitting an article to be supplied by the Jaggery Contractor so injurious to the Public Revenue and desired to be more fully informed of the nature and conditions of the agreement entered into by the Contractor for the supply of that article—

3 In the reply to this requisition recorded at the head of these Proceedings Mr. Hudleston explains the means he had adopted to ascertain the grounds and check the decrease in the receipts

13293 Fort St. George 22d October 1846.

From 105 per mensem to 100 per mensem Rs 5 decrease of Salary.

receipts the cause of which appears to have been kept back until revealed by the appointment of a more efficient officer to superintend the Department, when he added "proofs of that bad Jaggery was the cause of the decrease," he however acquitted Augusteswara Moodelliar the late superintendant of any fraudulent practices and recorded his opinion that "he erred only from ignorance" and in this view of his Conduct and in consideration also of his being an old Public Servant he expressed a hope that the arrangement he had made for removing him to a situation of lower salary (to the duties of which he was better suited) would be deemed sufficient punishment.

4. As regards the Conditions attached to the agreement entered into by the Contractors the Collector states that he was bound to provide 2 descriptions of Jaggery viz. that "manufactured in the neighbourhood of Madura" and that imported from Tinnevelly "both descriptions to be of the best kinds" and to be furnished as required by the Collector. no penalty clause however as appears to have been intended in the

deed of Contract to provide for an infraction of the conditions and consequently no further steps were taken on the discovery of the alleged delivery of the inferior article beyond "the withdrawal of the contract."

5. In submitting the above explanation Mr. Hudleston forwarded a Petition from Augusteswara Moodliar explanatory of his conduct in which he referred to an order from the Collector directing him to receive for distillation either Coilpatam or Country Jaggery which he added is known to be inferior to that of Coilpatam and was never contracted for in previous years in the Collectorate," this remark having been passed by the Collector without comment the Board called for explanation whether any change had been made in the description of Jaggery supplied in fusly 1254 from what had been hitherto furnished for the distillation of arrack. Mr. Hudleston's reply is contained in the second letter recorded above from which it will be seen that in consequence of the greatly enhanced price of the article owing to the

the continuance of which he must have known was prejudicial to the Revenue but as the Collector does not impute to him any irregularities other than the result of ignorance in the department under his charge the Board will not interfere with the orders already passed removing him to a situation of lower emolument.—

6. Adverting to the modification of the contract thus permitted by the Collector the Board would observe that it would have been desirable that Mr. Hudleston had reported the circumstances under which he was placed before entering into an Engagement upon his own responsibility for the supply of an article not previously used in a department involving so large an item of Revenue, they are glad however to learn that he was able to provide for the necessary supply of Tinnevelly Jaggery to meet the subsequent demand for fusly 1255 but desire that no change be made in future without previous reference to the Board.—

7. Referring to the remarks in the

the concluding para of the Extract Minutes Consultation 6th March last and to their Proceedings dated 16th February 1846 Mr. Hudleston states that the old arrears remaining unadjusted in his District amount in the gross to Rupees 1020–13–9– and comprise the balances due from fusly 1227 to 1238 both inclusive– Of this sum Rupees 516–1–5– falls under the head of Sayer being due since the year 1818, and which under the explanation given by the Collector the Board concur in considering altogether irrecoverable, and they therefore beg to support his recommendation for its remission and exclusion from the accounts– The remaining balance 504–12–4– consists of Sundry advances for the manufacture of Salt made during fusslies 1235 to 1238 in the proportions shewn in the Statement furnished in the Collector's letter of the 26th of August last– Of this sum Rs 181 2–1– are pronounced recoverable but

of the residue 29l—8s.— is chargeable for the demise or desertion of the defaulters and 191—8—2 from the poverty of the parties liable, and with regard to which latter sum Mr. Hudlest remarks "that there is not the remotest prospect of being able to recover any part however small without occasioning much inconvenience and distress" Under this representation therefore and considering the length of time the arrears has been due the Board also recommend the final remission of the above amount.

The total sum therefore now recommended for remission Amounts to

Reporting upon a petition from Canakammal and Ringanakammal two female inhabitants of Parawak relative to a demand for quit rent on certain premises for which they have applied for certificates

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter under date the 7th instant transmitting for explanation a petition from Canakammal and Ringanakammal, two female inhabitants of Parawak, N.o 1187 of 1840, relative to a demand for quit rent which has been made by this Office and to report, for the information of the Board of Revenue, that the petitioners, being the widow and Daughter of the Audeycasava Modelly, are in possession of two Houses one of which, on G.t 6: 403/16 was built by Canakammal's father-in-law 30 years ago, and now yields a Monthly rent of Rupees 3. 8.—; and the other, on G.t 3-1824, was built 33 years ago, and the Monthly rent of which is Rupees 1½—

from B.d 19th Sept.r 1832

2. Under the orders of Government Con.veyed in Para 15 of a letter dated 21st August 1832, quit rent should, upon the issue of a Grant or Certificate for any Ground, be recovered from the period of Cultivation or from the date of the erection of the building upon it—The quit rent on the petitioner's first mentioned House for 30 years at R.s 3-8.— per

13301

Fort St. George 22d October 1846.

per Annum will accordingly be Rupees 165-

3. Part of the Ground attached to the Second House, Div. C. Sette 1. 157½ is held under a Certificate signed on the 1st January 1803 No. 882 and the Quit rent thereon at R1 per Annum, has been paid regularly- On the remaining G2: 166 7/16 the demand for 33 years at R1-12-- per Annum will be Rupees 57-12-- and the aggregate Chargeable on the two unassessed spots will thus be R. 162-12-

R. 105-- --
57-12--
162-12--

It appears that the petitioners suffer much distress in Consequence of the House which was rented at Rupees 16 per Mensem being at present unoccupied- On a review of the whole Case, I am of opinion that they should be required to pay arrears only from the year in which they succeeded to the property as the personal representatives of the former Owners- Canakammal's husband died 13 years ago and the quit rent payable for the subsequent period, or from the 12th July 1833 to the 11th July 1846, at Rupees 5-4-- per Annum, will be Rupees 68-4-- The adjustment of the petitioner's account on this principle will place them on an equal footing with the parties whose cases are referred to in the orders noted in the Margin-

5.

Should the Board sanction the arrangement, I would further beg leave to suggest that the arrears be received by small instalments from the months in which the larger of the two Houses is rated in consideration of the petitioner's helpless condition-
