Diary

30th October, Received the following letter

To J. Bycroft Esqre

Secretary to the
Board of Revenue
Fort St. George

Sir,

1 From the Sec. Collr of Madura } 1st In reply to your letter of the 17th Instant, I am very sorry I did not foresee the Boards inability to recommend compliance with my wishes to retain the services of Mr. Caton for 11 days after relief by Mr. Robinson, and am obliged by their expressed readiness to obtain sanction for his employment and legalization of his absence in anticipation of that event -

2 Mr. Oliver took charge of his office on the 8th Instant, and Mr. Caton will cease employment this day thus requiring sanction for 19 days or five days more than I originally anticipated would be desirable -

Madura - - } 7th October 1816 } (Signed) J. Blackburne
Collr

Sent the foregoing letter with the following address -

To

Fort St. George 30th November 1846.

13/48

30th October

To The Chief Secretary to
Government.

Sir, In the letter of the Princi-
-pal Collector of Madura of the 8th last before
Government 23d ultimo that officer in for-
-warding an application from his Acting Head
Assistant Mr. Cator for one months leave of
absence on being relieved by the Head
Assistant Collr. Mr. Robinson requested
that he might be permitted to retain the
former Gentleman in the Cutcherry for a
short time after Mr. Robinson's joining
the District in order that he might com-
-plete any business in which he might
be engaged on Mr. Robinson's arrival.
The Board did not consider it necessary
to support Mr. Blackburne's application,
and the Government do not seem to have
passed any orders upon it.

From Pr. Collr. 11th Octr. 1846
To Do. 17th "
From Do. 26th October
in Cant. Dy. 2d November

From the Correspondence now
submitted it will however
be perceived that the Princi-
-pal Collector not anticipating any objec-
-tion has continued to employ Mr. Cator
in his office from the 8th instant the
day

which may hereafter be raised as to
the validity of any acts done by Mr.
Cator in the Revenue or Magisterial Depart-
-ment subsequently to his being relieved
of his appointment of acting Head
Assistant Collector and Magistrate the
Board beg to recommend that his em-
-ployment in the Madura District as
an assistant Collector and Magistrate
from the 8th to the 26th instant may receive
the sanction of Government, and that the
leave of absence granted him in the
Fort St. George Gazette of 29th ultimo may be
to commence from the latter date.

From the Collr. of Rajahmundry. } Sir,

Sending Indent &c. for Regulations and Acts required of the Collector and his Subordinates as well as the Talook functionaries in his District.

Cda 1. With reference to your circular letter of the 19th January last requiring me to ascertain and report whether the several Talook Cutcherries in my District are at present supplied with translations of the Madras Regulations and Acts of the Supreme Government, necessary for their guidance on matters of Revenue and Police to make good the deficiencies as far as my means and that of my Subordinates may permit by the interchange of any surplus Copies among the Talook Cutcherries, and to submit Indents for the translations still required. I have the honor to state that I have only one complete set of the Telugoo translations of the Regulations and Acts in my Cutcherry. I made over last year to the Sub Collector a set of translations of the Regulations from

from 1802 to 1834 and their Remains in my Cutcherry an incomplete set of translations of Regulations from 1802 to 1828 which belonged to the Commercial Factories.—

2. None of the Amildars &c. have been furnished with complete sets of the Telugoo Regulations and Acts, but those Extracts which appeared necessary to guide them in the execution of their Revenue and Police duties, have from time to time been sent to them. The accompanying Indent† shows the number of Extracts of Telugoo Regulations and Acts now in the Talook Cutcherries and specifies those that are still required by them which I request may be furnished accordingly. A copy of the Acts from the year 1834 downwards is also required for the use of the Sub Collector.—

No. 1.

No. 2.†

3 I also submit a List† shewing the Telugoo translations and Acts wanting in the set belonging to the late Commercial Factories, which, if the deficiencies be supplied, will be useful for the Head Assistant to Collector.—

From the Coll.r of Salem ——— } Sir

With reference to your letter of the 19th. January last, requesting me to report whether the several Talook Cutcherries in my District are at present supplied with translations of those Madras Regulations or Acts of the Supreme Government on matters of Revenue or Police necessary for their guidance, I have the honor to inform you that from the Acts received at this Office those most urgently necessary for the guidance of the Tahsildars were Copied and sent to them. I beg to forward an Indent for the number of Copies of Tamil Translations required for the use of the Tahsildars, which have not been supplied to complete the sets for each Talook.—

assistance of the Board in procuring from the proper quarter some more efficient medical aid for the Cuobah Station of Cocanada than we now possess in the person of an unwieldy native Dresser who from ill health and long service has become unfit for his situation. The Civil Establishment the Prisoners in Jail, the people on board the ships that now throng to this Port the Europeans at Coringa Nedjelly and Ingeram are all dependant upon the Dresser stationed here and there is no other medical aid available. The Civil Surgeon resides at Rajahmundry nearly 40 miles off and the assistant surgeon at Samulcottah has full occupation with the Regiment to which he is attached and which he cannot leave for more than a few hours. It sometimes happens that the road to Samulcottah is impassable for 2 or 3 days together and such is the case at this moment. On the last occasion when the hill

hill streams came down and intercepted the communication there was a Ship in the roads manned by English sailors among whom the Cholera had broken out. On such occasions the services of an European Surgeon are of the utmost importance. The annexed proceedings of the Sessions Court at Rajahmundry will shew that the Medical Department in this Zillah requires to be strengthened, I believe there is no other station in which a Collector and his subordinate reside together with several European families which has not an Assistant Surgeon permanently attached to it and I can see no reason why such an arrangement should not be made for Cocanada. If an Assistant Surgeon be not at present available, a young active man of a higher grade than a native Dresser is at all events necessary to meet the requirements of this place and I trust the Board will interest themselves in the matter sufficiently to procure the immediate appointment of such a person.

No. 1.

Extract from a letter addressed to the Register to the Court of Sessions dated by the Sessions

Judge at Rajahmundry Dated 10th September 1846.

I request leave to state here that this Zillah is too sparingly supplied with Medical aid. The Zillah Surgeon has to attend to the two Courts Establishments the Jail and the Detachment of Troops, all of which is his proper duty. He also has to attend the Civil Engineers Establishment at Dowlaiswaram and on a recent occasion when the Assistant Civil Engineer was sick there the surgeon's daily visits to that place more than 5 miles distant from this added to a fatal sickness in a family here were too laborious for his health to withstand, and it failed, I venture to remark this, as in other Districts Medical aid is better provided, as for instance in Ganjam where there were 2 Medical Officers at Chicacole one with the Collector at Ganjam one with the Troops at Berhampore and one at Russellcondah while Kimedy Mahapoor and Askha had each a first class Apothecary besides Dressers in the usual number. If a Medical Officer were attached to the Collectors Establishment at Cocanada the demands on the Zillah Surgeon would be lessened and it is not from any want

want of Zeal on the part of that Officer or any wish to question the right of the revenue and Engineering Establishments to the benefit of Dr. Scott's Services but simply to point out the actual result of his being forced to attend to so much that I recall to the attention of the Court of Tonjdaree Adalut the necessity which I have long seen of an addetion to the Medical staff of the Zillah the European inhabitants of which are rapidly increasing.-

From the Collector of Guntoor

I have the honor to report the suspension on the 24th Ultimo of Mungapatty Row Ameen of Bellumcondah on a charge preferred by certain Comatics of Nuzeed in the Police Department for having forcibly taken from them Supplies without payment and having tortured Cribes on occasion of examining their Weights and Measures.—

2 On investigation all that is substantiated is that the Ameen had kept a running account with the Bazar men procuring supplies under notes of hand, in which a balance appears against him of Rupees 23-5-10 On explanation he states that the Comatics had neglected to present their accounts when called upon to do so, and this appears in a great measure true.— I have therefore permitted him to return to his duty changing him to another charge, he having satisfied the complainants by the settlement of his accounts and defraying their expences incurred in complaining

Sir,

Para 1 I have the honor to submit the accompanying Statements of the Extra Sources of Revenue for Fasly 1255 and to refer the Board to the A.D. 1845-46 subjoined Abstract from which it will be seen that the aggregate Peris exceeds that of the preceding year by Rupees 47159-10-8 or 8 1/2 per Cent.

Fort St. George 2nd November 1846.

2. Under the head of Salt there is an increase of Rupees 43,547-4-4 which arose from an extension of the home and inland sales. The increase of revenue on this account amounts to Rupees 59,234-4-4 but a diminution in the export to Bengal from whence no Indent was received reduced the net increase to the sum abovementioned. The home and inland sales were facilitated in the present year by a reduction in the high price at which salt was sold during the part of the previous July.

3. The trifling decrease and increase under the heads of Tiyer and Sea Customs call for no explanation.

4. Under the head of Abkarry there is an increase of Rupees 9310-4-4 arising from the higher sum for which this branch of Revenue was rented for the year. The renter has however failed in his contract owing to the unfavorableness of the season and the high amount of his rent, and it will probably be incumbent upon me to recommend that a small remission be allowed. — Rupees 85,310

5. There is a decrease of Rs. 1,283-5-10 in sundry small farms and licenses which arose partly from lower term having been offered for cutting Wood in some Villages, where a high rent had been obtained in the preceding

Fort St. George 2nd November 1846.

preceding July from the jungles having been left uncut during several years. The temporary stoppage of traffic on Cochrane's Canal by which Firewood is brought from the Tirrehancotta Jungles to Madras contributed also to the result by suspending the usual Collections.

6. The decrease of Rupees 1,214-11-9 under the head of Moturpha arose from some Looms for the fabrication of the more valuable Cloths remaining unworked, and from a diminution in the collections on temporary shops established during native Festivals. In both these instances the decrease is owing to the unfavorableness of the season, and the high price of grain, which prevented the ordinary trade and intercourse taking place.

7. In Stamps there is a decrease of Rupees 3200-4-6 which is attributable to a recent change in the Judicial System by which all Suits under 1000 Rupees are now invariably instituted in the Courts of the District Moonsiffs where Stampt paper is not used.

8. The annexed Statement shews the Demand, Collection and Balance under each head. — Collection

This increase arises from the higher amount of rent settled for Fusly 1255

This Sibbendy was not entertained until the latter part of Fusly 1254 while in 1255 it was paid for the full year.

This item of Charge was not disbursed during Fusly 1255.

This decrease has arisen from the reduced rents obtained for Fire-wood in the Jungles of some Villages.

There was no additional Salary of Jungle Products in three Districts taken after the settlement of Fusly 1255 as was the case in the preceding year.

Net Increase 296-3-11.

Sic

8- The increase in 2 items as shewn above Amounts to Rupees 1589-6-11 of which Rupees 416-6-11 are from tax on profession, Bullocks & Forges Vca and the remaining Rupees 1173 are from the tax on boats alone, the cause of this increase is from the high roads throughout the District being kept in repair, and the facility of transit causing greater traffic.-

Chuckler's Stalls included under the head of Forge in the Statement- A decrease of Rupees 104-15-9 is occasioned on account of a great number of Chucklers Vca having been reduced in circumstance and who abandoned their own trades from the effects of the season.-

Trade- Rupees 500-7-3 Dealers in grain and sundry articles having left off dealing owing to the failure of the rains, this decrease was occasioned.-

Houses- Rupees 1831-1-11 This decrease was owing to the tax on houses belonging to those who were engaged as cultivators under Ryots having been remitted on account of their being reduced to poverty occasioned by the drought in the present year.-

Caste- Rupees 4-10-3- Occasioned from casualties among those that are subject to tax on caste.-

Secretary to the
Board of Revenue
Fort St. George.

From the Sub Collr in charge of South Arcot. (42)

Sir,

1. In reply to your letter dated 15th Instant calling for an early report on the result of the enquiry ordered to be held in the case of Venkut Row the suspended Tahsildar of Ellavanasore, I have the honor to inform you that the Board of Revenue Department of Public Works, in their Proceedings dated 27th August 1846 directed that the Tahsildar should be "removed "from his present situation and employed "if the Collector thinks the measure proper "in some other of an inferior description."

2. This order was passed in consequence of the Collector and Civil Engineer having recorded their opinion that the Tahsildar was unworthy of further trust or confidence.

Had occasion to notice the falling off in Fy. 1254 of the consumption of Salt in Tranquebar and to complain of the failure of my endeavours to obtain from the Acting Governor Mr. Teinroth a faithful performance of

Fort St. George 2d November 1846.

of the engagements of the Danish Government in the prevention of illicit manufacture - The transfer of Tranquebar to British rule took place in November last and from that Month the sales increased and in Fusly 1255 they have more than trebled those in Fusly 1254 thus proving that notwithstanding the Acting Governor's obstinate assertions to the contrary illicit manufacture was carried on in the Danish Territory to a considerable extent - The removal of the Collector's Establishment to Tranquebar not having taken place till the latter end of the Fusly the increased demand thereby has had but an immaterial influence in this result -

Tranquebar having now become annexed to the Tanjore District it will not be necessary in future reports separately to notice the Salt sales for it, nor should I have done so on the present occasion had I not decided it to be seen that my former complaints of illicit manufacture were well founded - The quantity supplied to the French Government for the consumption of Karikal in Fusly 1255 exceeds by 17 Garce that in Fusly 1254 there appeared no reason for supposing this quantity immoderate with reference to the population -

The Sea Customs Revenue for Fusly 1255 exceeds that for the year preceding by Rupees 27021 — 4 — 6 -

The

The Establishment of a Sea Custom House at Tranquebar in November has aided to this result. But excluding the collections at that Port during the Fusly amounting to Rupees 18,512 – 2 – 1, there is still an increase in the Sea Custom Revenues for the District as it was previous to the acquisition of Tranquebar Rupees 11,509 – 2 – 5. The increase is both on Export and Import but principally on Export. Under the latter head the Articles named in the Margin are the most prominent and among these Rice is the most considerable.

	Rs.	a.	p.
Rice	24,333	11	6
Paddy	779	3	0
Cotton	398	1	0
Soap	262	3	4

The main demand has been from Ceylon but exports have also been made to Madras Penang and Mauritius and a brisk trade in this description of grain has been carried on for the latter half of the Fusly.

Decrease on Export has occurred chiefly in the items specified in the Margin – Im Cocoanut and Cocoanut Oil from failure of produce – Im piece goods by diminished demand from Penang and Colombo where the exports of last year are stated still to remain unsold, and under the head of

	Rs.	a.	p.

of Sundries mostly in Tobacco.

Imports – In imports the gross increase of 11,837 – 10 – 4 is on piece goods from England viâ Colombo and Penang and from Bengal and Pepper from Achin, Benjamin from Singapore and under the head of Sundries Cotton Twist, Drugs, Crackers from Penang and Bengal. This gross increase is reduced to Rs. 7175 – a. – p. chiefly by decreased importation of Boiled Betelnut from Achin Timber from the Malabar Coast and Colombo and Camphor from Singapore.

The progressive increase in the Sea Custom Revenues of Tanjore during the last ten years is shewn in the Marginal Statement from which also the operation of Act VII of 1844 as far as it has affected the Revenues will be apparent.

The abolition of the Chowkies on the Tanjore Frontier of Tranquebar consequent on the annexation of the Danish Territory in November is the cause of Decrease - a comparison of the Collections during the two Faslies at the Chowkies on the Tanjore Frontier of Harikal gives an increase of Rupees 7424-10-11 obtained by increased exportation of Rice the Collection and management of which is maintained by the Officers of the French Government - To the Talooks of Nannillum, Codavasel Combaconum and Parallum. The Port of Karical affords from its proximity great facilities for the transport of Grain -

the importation of Piece Goods and Liquors

Under the orders of the Most Noble the Governor in Council under date the 8th December 1845 duty on import on a number of trivial items was struck off - A similar remission on the same Articles on Export would be a great boon to the poorer Classes and put a stop to much annoyance and harrassing which are necessary concomitants with the collection of duty on such petty items, and at the same time a very small amounts of Revenue would be relinquished -

During the last 8 Months of Fasly 1255 the Duty realized on the import of these items amounted only to Rupees 28-6-13 as shewn by the following Statement

As reported in my letter to the Board of the 4th September 1845 offers were made and accepted for the Chank fishery in September last for the sum of 1200 Rupees a deposit of 200 was made by the Renters. In consequence of the advanced state of the season I was induced to comply with their earnest solicitation

solicitation to be put in possession of their rights at once on their executing a temporary agreement. Before the more formal one on Stamp Paper was executed the first Kist became due and the Renters failing in paying it, orders were given for the attachment of their property. Claims however were advanced to it which rendered it unavailable for the demand on the defaulters. One of the Renters absconded to Karikal and my efforts to procure his appearance have hitherto failed. the other declared his inability to continue the rent, other Renters were not to be had and the maintaining the Fishery under Aumany was impracticable or would only have lead to expence without advantage. Under such circumstances I thought it best to secure any produce that had been obtained by the fishing and accordingly succeeded in getting possession of all the Chanks amounting to about 6817 which the Renters had fished during the short period of their enjoyment of the right. These were sold and Rupees 223-13-- realized making together with the amount deposited Rupees 423-13-- The remainder Rupees 776-3--. I regret to state I believe to be irrecoverable, and I beg to have permission to

to remit that sum on this account on the grounds of the explanation given above, of there being no actual loss by the failure of the Renters, the amount realized forming an item of undiminished increase in comparison with 1254 when no Renters could be procured and being nearly equal to the rent for 1253- and on the belief that I entertain that the rent was not entered into with any fraudulent intention on the part of the Renters but that they were entirely deceived in their expectations of profit and that the sum realized has been a complete loss to them without any return and a clear gain to the Government which their engaging in the rent has alone caused.--

From the Coll[r] of Canara — Forwards an application in the prescribed form for an addition to the Forest Establishment in Canara, with reference to Boards Proceedings of 28th September 1846 } Para 1.

With reference to the Board's Proceedings dated 28th ultimo, I have the honor to forward an application in the prescribed form for an addition to the Establishment for the protection of the Teak forests in upper Canara, and I take this opportunity of observing that I have found it impossible to take any measures for felling teak in the forests above the Ghauts for the use of H. M. Navy according to requisition made by the Timber Agent to that effect in consequence of the entire absence of any establishment to superintend and direct the work. It may perhaps therefore be considered by Government expedient to sanction my entertaining the proposed Establishment at once pending its final sanction by the Government of India. —

With respect to the in-

Mem[o] of Com[rs] 11th Sept[r] 1846 — formation called for by Government as to what has been done respecting the road referred to

Fort St. George 2d. November 1846.

to in the postscript of my letter of the 20th June last, I have the honor to state that no agreement could become to with Coopacharry the person whose tender I transmitted in consequence of his having dropped all further mention of his proposal to construct a road when he was called upon for a more full explanation of the terms he had proposed As I subsequently learned that he was only the agent of a Parsee Merchant at Belgaum who had before been largely concerned in [illegible] and exporting the Canara teak, and his intention appeared to be to carry his timber a road down into the Goa Country I have little doubt that the offer was only made in the hope that if accepted, it would open a means to him of Continuing his former trade underhand, and that without some such expectation it would not have been worth his while to incur the expense that he would have been put to in making a road. I have since written to him again on the subject to know whether he is inclined to renew the proposal but with such restrictions as appear

necessary for the security of the forests, and particularly stipulating that he should bring the timber [illegible] down within the Company's territory, but I have very little hope that he will be disposed to undertake the contract on these conditions.

(50-51) To the Chief Secy. to Government

With reference to Extract of Minutes Consultation dated 11th September last, I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council, the accompanying letter from the Collector of Canara dated 17th ultimo, transmitting an application, in the prescribed form, for an addition to the Forest Establishment in Canara.

2. Mr. Blane states that he has received a requisition from the Timber Agent for Teak for the use of H. M. Navy but that he finds it impossible to take any measures for felling the trees in the Forests in consequence of the entire absence of any Establishment to superintend and direct the work, he therefore requests permission to entertain the proposed establishment at once, pending its final sanction by the Government of India, and under the circumstances stated, the Board beg to support his recommendation.—

3. Adverting to Para 2 of the Minutes Consultation now under acknowledgment, in which information is called for respecting the road referred to in the P. L. to Mr. Blane's letter of 20th June last, it will be observed from that Officer's present letter that he has been unable to effect any agreement with the party whose tender he then transmitted, and that for reasons stated he has very little hope of making any arrangement with him.—

a free circulation of the air and afford satisfaction to the Medical Committee assembled to report in the first instance on what was required, and in the next place as to the effect produced by what had been done.

Herewith forward Copy of Doctor Williams letter, having made no further clearance to the extent requested in it. I have merely further to observe that in the event of its appearing desirable to destroy more trees some compensation will, I think with justice be demanded by the Ryots, and considering the demand of the Cocoanut and other trees, the immediate expense and eventual loss to Government would be enormous before a perceptible change was effected.

In reply to your letter of yesterdays date I have the honor to state for the information of the Major General Commanding

Commanding the Pioneers that the Medical Committee observe a vast quantity of wood has been cleared away from the Compounds of Houses occupied by European Officers, whereby the free circulation of air has been much facilitated, but that in the centre of the Cantonment about the Native Huts, on the West side of the House occupied by Captain Patterson, and in the neighbourhood of the Theatre (where Bamboos grow luxuriantly) little appears to have been done.

The Committee being of opinion that the vegetation in the immediate neighbourhood of the Cantonment has no noxious influence on the health of the inhabitants do not recommend that the Public should be put to any expense by paying for the removal of trees that are of profit to their owners, but if the cutting away of some more that are quite useless were carried into effect, it would add still further to the comfort of the Residents.

To the Chief Secretary to Government

Submitting a letter from the Collector of Madras reporting upon a Petition presented by Cummachummaul and Pungamaich Cummaul inhabitants of Parawacherry on the subject of arrears of Quit Rent demanded on certain lands occupied by 2 houses owned by them stating that the Board beg to renew their recommendation that in all cases in which application may hereafter be made for the issue of Grants or Certificates for Lands at Madras the

Sir,

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Madras reporting upon a Petition addressed to this Office by Cummachummaul and Pungamaich Cummaul inhabitants of Parawacherry.

2. From this it will be seen that these women own two houses, of a monthly rent of Rupees 3 8 - and Rupees 4 Part of the Ground occupied by one of the houses is held under a Certificate, and on this part Quit Rent has been regularly levied but for the remaining portion and for the entire Ground on which the other house is built, no Certificate has been issued, nor has any Quit Rent hitherto been collected. In the year 1814, Petitioners solicited a Certificate for this latter portion of

The demand for arrears of Quit Rent to such ground be limited to 6 years or to the time for which the present owner has been in possession within that period and suggesting that the case of the Petitioners may be disposed of on this principle.

Letter 31st August 1832.

of their premises when they were informed that before such documents could be issued they must pay Quit Rent upon the ground in question in arrear from the date on which their houses were first erected on it, or for more than 30 years, amounting to Rupees 102-12-.

This demand has been made under the orders of Government conveyed in a letter from the Acting Secretary to Government to this Office, dated 21st August 1832 para 15 but as in the present case such a charge would bear hardly upon the parties, the Collector proposes that it be limited to the period which has elapsed since the houses came into their possession, or thirteen years, whereby the amount payable would be reduced to Rupees 68-4-. This however would still be a heavy demand in reference to the circumstances of the parties.

In their letter to Government
3. 31st October 1840, the Board in submitting for consideration a case in which heavy arrears of Quit Rent had been demanded on certain property at Madras, prior to the issue of a Certificate which had been applied for, suggested, that in that case arrears should not be charged for the period prior to that at which the individual had inherited the property, and they further recommended that as a general rule, arrears should not be charged in such cases for any period prior

to

13882 Fort St. George, 2d November 1846.

to that at which the property had come into possession of its present owner and should not in any instance be carried back for a longer time than five years. The Government Extract Minutes of Consultation 10th December 1845 directed that in the case immediately referred to them, the demand for arrears of Quit Rent should be restricted to those which had accrued since the party had succeeded to the property, but passed no orders on the General rule proposed by the Board.

4. The present reference from the Collector has led the Board to recur to the recommendations contained in their letter of 31st October 1844 already mentioned. They would observe that the rule therein suggested is analogous to that which has already been sanctioned by Government under date 24th April 1840 in regard to property held on Government Grants in the Provinces, and that a contrary practice as it would not only in many cases as in that now under submission operate heavily towards individuals, but may tend to deter parties generally from applying for Grants for their premises. As a further reason in favor of the rule it may also be mentioned that the neglect to pay Quit Rent proceeds in most of such cases from no fault on the part of the possessors of the lands but simply from the fact of no demand having been made upon them.

Under

Note. The correspondence then submitted did not shew for what period arrears would be chargeable in the case then brought to notice adjusted on the principle mentioned in the text. From a reference to the Collector of Madras, it has however been ascertained that the arrears collected on that principle in the instance in question were for upwards of 15 years.

In Cons. 3d May 1848.

13883 Fort St. George 2d November 1846.

Under these circumstances the Board beg to renew their recommendation that in all cases in which application may hereafter be made for the issue of Grants or Certificates for lands at Madras, the demand for arrears of Quit Rent on such Ground be limited to five years, or to the time for which the present owner has been in possession if within that period and they would also suggest that the case of the Petitioners now brought to notice may be disposed of on this principle.

To The Chief Secretary to Government

Sir,

With reference to Minutes of Consultations under date 28th July 1845 I am directed by

Communicating the Boards opinion on the subject

subject of the introduction of Nursery Gardens of Mauritius Sugar Cane into some of the Districts of this Presidency.

Fort St. George 2d November 1846.

by the Board of Revenue to request that you will submit for the consideration of the Most Noble the Governor in Council the accompanying letters noted in the Margin on the subject of the introduction of Gardens of the Mauritius Sugar Cane into some of the Districts of the Presidency.

2.

It would appear neither desirable or necessary to attempt the proposed project in those Districts where the alternate object contemplated is being already attained by private capitalists, as in Ganjam and Rajahmundry while in other Districts the Establishment of Depots, where a good and flourishing supply of cuttings could be obtained would be a sure means of guarding the applicants against the risk of getting damaged Canes, and would at the same time offer every facility and inducement to them to cultivate the mauritius instead of the common cane.

3.

The success which has attended the attempt to introduce this species of Cane into the Salem District appears mainly attributable to the circumstance of the Ryots having had a good and steady supply of cuttings available to them

of no demand having

Fort St. George 2d November 1846

them gratis at the Government Garden at Rajahmundry and on the other side the reluctance which the poor and on the other side the reluctance which the Ryots of South Arcot are represented to feel to ask for more Rations is to be traced chiefly to the total failure of the batch which was sent to them from Madras in 1841. The superiority of the Mauritius over the Country Cane has been almost universally acknowledged and appreciated in those places where it has been fairly tested.

Two feasible modes of establishing nursery Gardens suggest themselves the one is for the Collector of the District to farm them at the Government expense under his own immediate Superintendence and the other is for him to remit the Government demand on certain spots of land selected for the purpose, and enter into binding agreements with respectable Ryots to appropriate them solely to the propagation of the Mauritius Cane for cuttings, stipulating that they must all be sold to the Circar at a fair remunerating price, to be settled at the time of harvest when they are to be distributed gratis to applicants. Either of those modes would entail some expense upon Government but not of any considerable amount or such as would be considered of importance when weighed with the benefit conferred by it the more

more minute details of the arrangement and development of these plans might in the opinion of the Board be safely entrusted to the local Officers who might also be allowed to adopt whichever of them they might consider most suited to the peculiar circumstances of their Districts.

5.— It appears advisable that in the first instance the experiment should be confined to the Districts of Kurnool, Coimbatore, South Arcot and Tinnevelly, where its success would be highly beneficial.

"constructed at Bellary." In the Statement now laid before Government the allowances payable to these Institutions are stated at Rupees 19,027-14-8 per Annum, exhibiting a difference of Rupees 419-11-10, of which no explanation has been furnished by the Collector. The Board will be pleased to require that Officer to supply the Omission.

2. With a view to the final adjustment of the accounts, the Governor in Council has adopted the former Sum of Rupees 19,447-10-6 as the fixed charge, because in the Circular approved by Government and communicated to the Audit Office under date the 4th March 1819 the Civil Auditor was instructed to admit among other charges the "Endowments to Pagodas and Mosques" according to the Sanctions granted to the Mogenzabitah of the Collector for Fusly 1228, until a general or particular revision should take place. It is therefore necessary to ascertain what alterations of the Sanctioned Jusdeeks have occurred since that period and to exclude all payments for propitious seasons as prohibited by the Honorable Court. In affording this information, the Collector should also state the amount allowed to the Pagoda referred to in the remarks on the item No. 17 in the Statement noted in the Margin, and whether a separate application was

From the Sec.y to Government

Communicating a letter from the Gov.t of India and requesting the Board to report whether the greater portion of these Charitable Endowments in the Cuddapah and other districts do not consist of small grants of two Cawnies and less in extent and whether if these are exempted from rent the intelligence would not involve a great sacrifice of revenue.-

5

Extract from the Minutes of Consultations
Under date the 26th September 1846.-

Read the following letter.

To E. F. Thompson Esq.re
Secretary to the Government of
Fort St. George.

Sir, Dated the 22nd August 1846.

I am directed by the Honorable the President in Council to acknowledge the receipt of your letter No. 712 dated the 7th Ultimo and its enclosures.-

2. Two descriptions of Enams granted during the Native Government form the subject of your despatch.-

First, Shutwartee Enams, which are described to be Charitable grants of land revenue to Brahmins for their subsistence, and with a view to obtain their good wishes and intercessions for the prosperity of the state.-

Second, Pullecattoo or Boorjoo Enams, being grants of Land revenue for services rendered to the State; such as the construction of Forts, Martello towers and other works of defence for the security of Villages. some are held under Sunnuds, some without.-

3. The Collector of Cuddapah and the

the Board of Revenue advocate their being confirmed on the grounds of their having been always treated as hereditary in this District.

The Government of Fort Saint George on the other hand hold that the mere circumstance of the right to these grants not having before been questioned, is no sufficient reason for considering them to "have always been treated as hereditary"

4. There is certainly nothing in the opinion of the President in Council, in the nature of the Khutwartee Cranns to warrant the belief that they were intended to convey a hereditary interest.

5. Of the Summuds produced some are fresh grants, some are renewed grants to the descendants of the original grantees but none confer hereditary title. Some of the grants are stated to have originated 100 or 150 years ago.

The President in Council concludes they are all resumable under Regulation XXXI 1802, and IV 1831, and if the right of Government is to be asserted, His Honor in Council would approve of the mode of enforcing it adopted by the Most Noble the Governor in Council.

7. The Grants however are each small

small that the President in Council would be disposed to apply to these the principle of the Rule regarding the resumption of Lakhery tenures which obtains at this Presidency, and he would accordingly suggest to the Government of Fort Saint George the expediency of instructing the Officers charged with enquiring into Cranm Cases not to enter upon the investigation of any grants where the Land according to the original grant does not exceed two Cawnies and may have been held exempt from the payment of Revenue or rent without interruption for a period of 50 years unless these tenures are so numerous that the indulgence would involve too great a sacrifice of revenue.

8. There are only two cases of Poorvjoo Grants, one held under an unauthorized renewal in 1825, which in the opinion of the President in Council is clearly resumable. The other the Coll[r] of Cuddapah states to have been given to the Uncle of the lately deceased incumbent, and the Curnum of the Village. The date of the Grant the Collector says is not known, but the Summud produced bears date 15th Saystum year Dantoo Sileevahana year

13900. Fort St. George 5th November 1846.

year 1678 – 12 Ramyan 1166. If the last be the Hijree Era, it will answer to about 1753. A.D. In its terms it is hereditary but conferred as the Government of Madras observe "not on account of service rendered, but for "the performance of a service, which under "present circumstances can no longer be "necessary" and which with reference to the trifling amount of the Grant could not possibly have been undertaken by the Original Enamdars.-

9. The President in Council concurs with the Most Noble the Governor in Council in considering the transfer by sale, Gift or Mortgage of these two descriptions of Grants unauthorized as diverting them from their original purpose, though where long possession or the small value of the Enam would have induced the Government to forbear from interference with the original grantee or his legal successors it would be scarcely just or expedient to treat the present possessor who had obtained possession by a bonâ fide transfer from the grantee or his successor with less consideration than would have been shewn to them.-

Ordered that the following letter be submitted in reply.

To The Chief Secretary to Government.

(5-6)

To the Chief Secy. to Govt. stating in reply to Extract Minutes of Cons. 26th Sept. 1846 that the rent-free lands in the Provinces under this Presidency are for the most part severally of small extent that nearly the whole of them have been held exempt from the payment of rent without interruption for more than 50 years and that the application to them of certain principles asserted by the Supreme Govt. may be expected to entail a considerable loss of revenue.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of Extract Minutes Consultations 26th September 1846, Communicating to this Office Copy of a letter from the Secretary to the Government of India, on the Subject of Rent-free tenures, in Para 7 of which, it is stated, that the President in Council would be disposed to apply to such grants "the principle of the Rule regarding the resumption of Lakheraj tenures, which obtains above that Presidency, and he would accordingly suggest to the Government of Fort St. George, the expediency of instructing the Officers charged with enquiring into Enam Cases, not to enter upon the investigation of any grants, when the Land, according to the original grant does not exceed two Cawnies, and may have been held exempt from the payment of Revenue, or rent, without interruption, for a period of 50 years, unless these tenures

tenures are so numerous, that the indulgence would involve too great a sacrifice of Revenue." The Board are requested to "report" whether the greater portion of the Charitable Endowments in the Cuddapah and other Districts, do not consist of small grants of two Cawnies and less in extent, and whether, if the principle of the Rule obtaining in the Bengal Presidency regarding the resumption of Lakheraj tenures were applied to the Enam tenures in this Presidency, the indulgence would not involve a great sacrifice of the public interests."

2. In reply I am directed to state that the rent-free lands in the Provinces under this Presidency are for the most part severally of small extent, and there is reason to believe that a very large proportion of them will be found to fall within two Cawnies. The whole or nearly the whole of these lands have also been held exempt from the payment of Rent, or revenue, or in Cases where quit rent is payable, of a heavier quit rent than that now chargeable, without interruption, for more than 50 years.

the application therefore to these Courts of the principle asserted to by the Supreme Government; may be expected to occasion considerable loss of revenue, and the rule itself appears to the Board to be generally unsuited to the circumstances of the Madras Districts.

Sir,

Adverting to the present circumstances of this District, especially the approaching settlement, and to Mr. Newill's experience and qualifications, of which the Board can judge, I have the honor to request that if the Board see fit, they will be pleased to obtain for me the permission of Government to modify the rule laid down in the Board's Circular of the 5th January 1824 to place my Head assistant in permanent charge of 3 Talooks instead of 2 as then limited.

2. Hitherto the scattered and intricate position of the Zemindary Villages composing the revenue charges of

Submitting for sanction Statements of a proposed sub division of the Mootah of Vullum

Enclosures from No. 1 to 6 with 15 Statements

Para 1 I have the honor to request you will submit to the Board for sanction the accompanying Statements of a proposed subdivision of the Mootah of Vullum comprising 16 Villages and bearing an annual Assessment of Rupees 5551-6-8.-

2 This Mootah formerly formed a portion of the Zemindary of Sreepermatoor, from which it was separated in 1812. It was purchased in 1842 by the present owner C. Ramiah who applied to have it subdivided into 11 portions, ten of which he has sold

sold to other parties retaining the re-
eleventh, that of Vullum himself.

3 With the object of appor-
=tioning the demand payable to Govern-
=ment on the respective portions of
the Mootah, accounts of the actual
produce of each Village for 7
years, from Fusly 1248 to 1254 in-
=clusive, have been obtained from the
Curnums and carefully examined
in this office. Statements founded
upon them are now transmitted for
the Board's examination, and I beg
to call attention to the comparison-
exhibited in them between the present
Permanent Beriz of the Villages as-
shown in the accounts of the sub division of
1812 and the Beriz as which would now be
assigned

assigned to each Village in reference to
their average produce for the last 7- 5. and
3 Years.-

4 The result of these com-
=parisons is exhibited in a concise form
in the following Memorandum, and I am
induced to recommend for sanction the
Beriz founded on the average of the
3 years from 1252 to 1254 which for the
purpose of being more easily distinguished
is entered in the Statement in red
ink - This Beriz is recommended
as it would not introduce greater
changes than a beriz framed on either
of the other averages and it is acqui-
=esced in by all the parties interested
whose enjoyment of the different
Villages during the last 4 years has
made them practically acquainted with
their resources and fair amount of
Assessment.-

13921. - Fort St George 5th November 1846.

5 It will be observed that the apportionment of the Beriz now proposed will introduce considerable changes in the Assessment of several of the Divisions a large reduction occuring in the 1st 8th and 9th while an equal increase takes place in the 2d 5th and 6th I beg therefore to explain that these changes do not arise from a diminution of cultivation in the former divisions where the available arable land has been brought under the plough, but from the clearance of a Jungly tract in the Divisions of Aolunday Vialoor and Coottayoor by which their arable area has been much increased since the former sub division in 1842 - Under these circumstances and in reference generally to the lands of the different divisions and their means of irrigation it does not appear to me that the apportionment of the assessment now proposed is likely to be injurious to the interests of Government.-

I beg

13922. Fort St George 5th November 1846.

6 I beg to add that as the lands of this Mootah have been surveyed, the Statement of the Ayakut included among the other accounts now forwarded will assist the Board in judging of the capabilities of the different Villages.-

7 The late fusly has not been included in the Statements now forwarded both from the accounts not being yet fully adjusted and from the season having been unusually adverse to cultivation.-

Ordered

Ordered that the following letter be sent in reply.-

To

The Acting Collector

of Chingleput

Sir,

(29-30)

To the Acting Coll.r of Chingleput

Requesting him to reconsider his proposed sub division of the Vellum Mootah in his District.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of 9th September last, submitting for their sanction the proposed subdivision of the Vellum Mootah in his District.-

2. In your letter you have proposed for the consideration of the Board three modes of distributing the entire Peishcush of the Mootah upon its subdivided portions founded upon the outturn of the various subdivisions on the average of three different periods viz.t that of 7 years from Fusly 1248 to Fusly 1254- of 5 years from Fusly 1250 to Fusly 1254- and of 3 years or from Fusly 1252 to Fusly 1254 and you have recommended for sanction the permanent Assessment calculated upon the average of the last of these periods- "as it would not introduce greater "changes than a Bariz framed upon either of "the other averages and as it is acquiesced "in by all the parties interested whose enjoyment

of

"of the different Villages during the last four "years has made them practically acquainted "with their resources and fair amount of "Assessment."-

3 In reply the Board instruct me to state that they are led to doubt whether the adoption of the Bariz which you have recommended would not have the effect of favoring the Polunday Village at the expence of the other subdivisions. It is observed that the permanent Assessment which would be imposed upon this Village on the average outturn of three Fuslies is considerably below those framed according to the averages of the other periods, being Rupees 85-9-5 lower than that based on the average of 5 & Rs. 145- 4 - 3 below that calculated on the average of 7 years- The Board request that you will reconsider your proposed subdivision in reference to this remark, and will favor them with your opinion whether adverting to the condition and resources of the Polunday sub-division and the extent of Poonjah Land annexed to it- a larger proportion of the Peishcush of the whole Mootah might not be assigned to it, than would be imposed upon it if calculated on the average of the three Fuslies 1252-3-4 only.-

From the Acting Collr. of North Arcot. } To T. Pycroft Esqre. Secretary to the Board of Revenue. Fort St. George.

Sir,

I have the honor to acknowledge the receipt of your letter of the 6th July last desiring to be informed what parties are now in possession of the land in the Cavary pauk Fort granted to the late Subadar Mahomed Yahoor, and to state that since the decease of the Subadar's son Mahomed Dahir which is understood to have occurred in Fusly 1258 the right of succession to the land has been in

dispute

dispute between his Nicka wife and sister The same persons who rented the land of Mahomed Dahir still hold it on, without any having entered into any fresh agreement regarding it but a balance of Rent, Rupees 50-- --, which was due for Fusly 1255 was paid to the Nicka Wife.-

Ordered that the following letter be sent in reply.-

(33-34)

To the Acg Collr. in the N. D. of Arcot } To the Acting Collector in the Northern Division of Arcot.

Jr. Cons. 5th Novr. 1846.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 8th Ultimo on the subject of the land in the Cavary pauk Fort held by the late Mahomed Yahor and in reply to inform you that Government have sanctioned the continuance of the Cadumbancum Jaghire in Chinglepet held by the same party in the name of Haneefa his daughter by his wife Jainabee alias Fatima. The land in the Cavary pauk Fort should therefore be also registered in the name of Haneefa and the rent paid by the parties in possession to her Mother on her account - as these lands were originally granted for three lives of which that of Haneefa is the last, you will be careful to take measures for assuming them on the present life lapsing.-

name to the Anandoor Mootah until the other partner should be present his name was accordingly registered for his share in the Codatoor Mootah on the 26th September 1843 he died on the 10th December 1845 & leaving a Mother named Moonechy ummah aged 50 years and a widow Mungummah aged 12 years as his sole heirs and the latter is under the protection of the former. These females presented me two Urzees requesting their names to be registered to the share in the Codatoor Mootah and one Veeraragava Chetty's name to their share in the Anandoor Mootah stating that a portion of it was sold to him by the late Kistnama Chetty and Vengatachella Chetty and the remaining portion was sold to him by themselves. The said Veeraragava Chetty has also presented an Urzee for the registry of his name to the share he purchased from them.-

The death of Venkatachella Chetty the late Joint Mootahdar ought to have been reported to the Board earlier as his widow and immediate heir is incapacitated by minority for the management of her inheritance

inheritance in order that the Board under the provisions of Regulation V of 1804 in their Capacity as Court of wards might order provision to be made for the management of the estate or perhaps as the deceased was a joint professor of the Mootah it should under Section XX of that regulation be re-ported to the Zillah Courts.-

I enclose translations of the Petitions presented to me with my endorse-ments upon them and request in the event of the arrears of the Anandoor Mootah not being paid up the Boards instructions whether I am to prohibit the sale agreeably to Clause II Regulation X of 1831. as one of the heirs is an old woman and the other a minor altho' the former states that she is Capable of managing the affairs of the Mootah.-

I have refused to register Veera-ragava Chetty's name to the share as the purchaser pending the orders of the Board.-

I request an early reply to this communication that it may be received previous to the day appointed for the sale of the Mootahs.-

2 The Noolhully Mootadar Vataroyachetty was present and when called upon for the payment of the Government dues expressed his inability to discharge the arrears. The Mootahdar of Molypully named Rummenahyany Sahvajee Loobarahjoo Naidoo the son of the Rungoondy Poligar in the Chittoor District has never managed the affairs of the Mootah personally but through a Goomastah named Dandupanew the latter was present at the sale and when called upon for the payment of the Government dues stated that he cannot pay the arrears and that the estate can be put up to sale.-

3. The Purchaser of Noolhully Mootah deposited the Amount of Rupees 690 and that of Molypully Rupees 1,000 the latter being above the per centage mentioned in the 6th Para of the Advertisement- both of the Purchasers have executed an agreement to pay the remaining sum viz. Rupees 3910 and Rupees 3700 within 30 days from the date of sale and gave competent securities. There is a balance of Rupees 587- 13- 3- against the proprietor of Molypully Mootah. for the recovery of which

Proceedings- (37-39)

Sanctioning the sale of the Noolhully and Molypully Mootahs in the District of Salem for arrears of Revenue and the disbursement to the proprietor of the former Mootah of the surplus realized by its sale above the public demand due upon it also directing that the sale of the Anundoor Mootah be postponed and that the Cudatoor Mootah be at once registered in the name of Mungammal widow of Veneatachella Chetty.-

The Board sanction the sale of the two Mootahs Noolhully and Molypully reported in the last of the letters above recorded and authorize the purchasers being placed in possession on their completing the payment of the purchase money. They also sanction the disbursement to the late proprietor of Noolhully of the surplus realized by the sale of that Mootah above the public demand due upon it. and approve the measures taken by the Collector for the recovery of the balance still outstanding against the Molypully estate.

Mootah must remain suspended pending further instructions from this office. The Collector will be pleased to ascertain whether Veneatachella Chetty appointed by will a guardian to his widow and if not under section XX Regulation V of 1804. the case should be reported to the Zillah Court with a view to the nomination of a Guardian by that authority. The Cadaloor Mootah may ath once be registered in the name of Mungayummal widow of Veneatachella Chetty, the Course to be taken in respect to the registration of Anundoor will be considered after a guardian shall have been appointed. Meanwhile the Collector will ascertain whether some arrangement may not be effected for the liquidation of the arrears due on that Mootah.-

From the Collr of Salem -- Forwards a Statement shewing the annual land Revenue in the Salem District from 1815 to 1845 & describing other particulars-

With reference to your letter of the 17th August last I have the honor to forward a Statement shewing the Annual Revenue drawn from the land in the Salem District during the last thirty years or from 1815 to 1845 shewing the Chief Causes which have contributed to render the land tax progressive yearly with the names of the Talooks in which they occurred entered in the Column of Remarks.

In reply to Para 3 of your letter I beg to state that in my opinion the Nunjah lands in the Talooks of Paramuttoy, Attoor, Salem, and Razipoor and Poonjah and Bagayet lands in the Razipoor Talook are highly assessed and in the most favorable seasons the Ryots find a difficulty in paying up the assessment in consequence of which a great portion of these lands are generally given up and left waste. In all the other Talooks the assessment is with reference to the price of grain and the quality of the soil fair and equitable.-

From the Collr of Tanjore -- Submitting a Statement &c shewing the annual Revenue Settlements and Collections from 1224 to 1255.

With reference to your Circular Letter under date the 17th August last, I have the honor to submit a Statement shewing the Annual Revenue Settlements and Collections in this District from fusly 1224 up to the last fusly with Remarks on the causes of Increase or Decrease -

2 Under the variety of Revenue systems that prevail in the Settlements of this District, it is not easy to give any opinion on the Question contained in the 3d Para -

Not

Fort St. George 5th November 1846.

3. That the country in the aggregate is not overassessed is proved by the punctual realization of the annual demand, the Value of landed property and the generally flourishing state of the District. But it is beyond doubt that in many cases the assessment is too high and that it might be raised in others -

From fusly 1238 was in progress the fixed assessment introduced by Mr. Kindersly. In these years the Revenue management was generally conducted under the two systems of Wooling and the fixed assessment the former explained above & the latter allowing remission only for waste and purchased crops. The revenue from taxes on looms & houses which up to fusly 1242 formed a part of the Land Revenue was transferred from this to a nother head under the denomination of Moturpha. The annexation to Tanjore in fusly 1255 of the latter Danish settlement of Tranquebar raised the Revenue. These variations have contributed to the difference presented by the statements of each of these years. The construction of the annicut in fusly 1246 and the execution of important works of irrigation reduced the occurrence of short produce & thereby the amount of remission but the increase of it in fusties 1253-1254 is owing to the failure of rains in Villages depending on them.-

× The remissions given in Col. 3 are included in the amount of settlement but only up to 1234 as it was not upto that time customary to make any remissions from the standard Bariz at the time of settlement but are excluded from the settlement from 1235.-

f The Grain quantity in Col. 6. has been calculated as stated in the Heading on the Punjah Bariz above included in the amount in Col. 1. the Motheriam Demand, Poonjah Bariz and Cauil fees having been excluded.-

This Concession was also made for fusly 1251.-

3.- In fusly 1252 when the orders of the Board for the exemption of the half Kuffer generally throughout the District was received and circulated by Proclamation it appears from the records of my Office & that the Village Officers deducted from the & adungal account the half Kufser ordered to be levied by the Commissioner, and my Sheristadar states he immediately brought to the notice of my Predecessor the question as to whether Madoogoo water intended for the Iyen & Nunjah land was liable to the exemption of Kufser that Gentleman after personal & enquiry during the Settlement and deliberate consideration passed a conditional order, that the Ryots were not liable to any extra Cess on account of Madoogoo water provided

4.- As regards the 4th Item & that a loss of Rupees 16,200 has occurred to Government owing to the corruption of Head Sheristadar I beg to state that it has already & been mentioned in the endorsement given by me that certain land in the Cottacoopum Village was charged with Land Tax as in & many other Villages from fusly 1231 but the & Petitioner argues that certain land in the Village of Cullyancoor pays Free tax. It will be in the recollection of the Board that in this District from a very remote & period some Villagers pay rent on trees and some on land as to the alluvion that no Village except Cottacoopum pay a land tax for trees I beg leave to forward the original Marattah statement furnished by the & Tahsildar of Villoopooram in fusly 1248 with an abstract Translation thereof from which it will be seen that the Tope lands in many other Villages in this Talook as in Alers Contain to pay the land Revenue the conduct of my Head Sheristadar in this respect is therefore

free from all blame.

5. In the 5th. Item it is stated that in the Village of Thennul a loss of Rupees 1800 is said to have occurred to Government on the classification of land. In answer to this allegation I be to forward Copy* and translation of a Yakeed issued by the late Principal Collector Mr. Ashton under date the 13th April 1841 containing his decision on the Anjunash account of the said Village from which it appears that only a sum of Rupees 35-- had been omitted to be brought to Summah. I cannot find in my records the order said to have been passed by Mr. Hallett on the Petition of one Soolen connected with this subject.

6. Regarding the 6th. Item of the complaint that a sum of Rupees 900 was paid to the Curnum of Pollicherlah Jaghire without the sanction of Government I beg the Board will be pleased to refer to my letter,* and they will perceive that the cause of the payment made by my predecessor was therein fully reported and I hope met with their approbation. I beg to remind the Board of the hard case of the Curnums who have been for more than 3½ years without any allowance pending the finale decision of the Board on that subject.

7. The Petitioner in his Deposition given before me, stated that the 7th. Charge against my Sheristadar for having caused a loss to Government of about Rupees 5000 in fusly 1212 on the disposal of Circar grain of Jaghire Villages it having already been explained in my Endorsement that it had been disposed of by the then Principal Collector I now begs to forward the original* Paper in which the late Principal Collector Mr. Dent fixed the price of several sorts of grain according to the rates entered therein by the late Head Sheristadar in his own hand writing; any further enquiry therefore on

on that point was deemed unnecessary.-

10. "In order that the Board may become better acquainted with the Character of Petitioner's character who is a dismissed Moonsiff I beg to lay before them the following remarks of the Sessions Judge regarding him in his Proceedings dated 29th April 1846 "The Petitioner who has in fact nothing "properly to do with the Complaint will not "rest and being a man of considerable wealth "and resenting his degradation from the "Office of Moonsiff and being aided as appears "from his Petition by a certain party in the "Collectors Cutcherry he persists in making "Complaint."

"The Sessions Judge being of "opinion that the Petition is entirely grounds "less under Section VII Regulation XIII of 1832 "imposes on the Petitioner a fine of Rupees 50 "commutable to one Months imprisonment"

I therefore trust the foregoing explanation as well as my Endorsement on the Petition will be considered by the Board to be satisfactory and that they will Concur with me in opinion that the several Charges brought forward by the Petitioner

are quite unfounded and totally unworthy of credit.-

Translation of a Yakeed No. 615 issued by W. Ashton Esqre Principal Collector of South Arcot to the Tahsildar of Veloopooram Talook under date the 13th April 1841.

Your urzee No. 808 dated 30th March has been received. From the accounts furnished by you for the lands in the Village of Navoomal Thennal and Pulley Thennel which were measured a second time by Carkoone Viapoory Pillay agreeably to the Yakeed dated the 29th May 1840 it is clearly proved that in 15 kaitha of Navoomal Thennel 15 3/4 Cawnies capable of paying an annual revenue of 59-1-10 Rs. a P. were fraudulently Claped and numbered realizing a revenue of only Rupees 33-.-3 for a length of time up to last year that in 12 kaitha of Pulley Thennel 13 3/4 Cawnies yielding a revenue of 52-11-. Rs. a-P were in like manner agessed at only 43-12-1 and that a total sum of Rupees 35-.-6 per year has not been brought to account. When I personally enquired of the present Puttamonigar Lutchoomnarogana reddy and the Curnum Tholasingum Pillay if they had any thing to say against the said account they admitted it to be quite correct according

according to the Pymash account. You will therefore make known to all the Ryots that the claps and the numbers of the lands will be corrected according to the account in question for Fusly 1251. It is also known from the accounts that some Inamdiem lands belonging to Carpenter Ironsmith, Toty and Taliars have been included in those of Jyen for which Puttahs were granted to the Ryots but you omitted to report upon it forwarding at the same time a list shewing the names of the persons whose lands were so included you will therefore report fully upon the subject without the least delay. Orders have been issued to make Puttahs for this Fusly similar to the last. Had you measured and reported immediately according to the Yakeed issued in may the false claps and number of the lands may have been made known to the Ryots and brought to account for Summa in this Fusly but you having neglected and measured on your being again directed in a Yakeed dated 24th December) the lands only in the Month of Jye when the cultivating season was lost the amount due to circar was remitted.

permitted you will therefore in future close the investigation of any case of similar importance without unnecessary delay, and report the result. The fraud in question being discovered by the complaint of the present Vromiagar Lutchoomenarayana reddy he is not in fault. Had the Curnum written the accounts correctly there would not have been any room for playing tricks. It being represented that the present Curnum is writing the accounts only since Fusly 1248 and that he was guided by the accounts of the past years which were written by the Goomasta of the late Curnum, he is this time excused and you will warn him to behave well in future as otherwise he will be dismissed from his Office.

13997. Fort St. George 5th November 1846.

2. It is stated in the deposition given by Mungalum Pillay that the Mahajanum lands in Streemootum 17 Villages of the Streemootum Cuganum which were cultivated by Soodras or Ryots during the last three years have been assessed with Mahajanum teerwah and that you know it. State therefore distinctly as far as you are able the names of the Villages and the Ryots who cultivated Mahajanum lands during the last three years, as well as the extent of the land which thro the intrigues of the Village Servants have been assessed at Mahajanum teerva?

A Up to last year, the Mahajanum lands in Streemootum and Mailapooliengoody which were cultivated by Ryots have been charged with Ryot teerwah and the same collected. I am not aware of any tricks played by the Village authorities in assessing such lands with the Mahajanum teerwah in the said two or any other Villages. I never even heard of such being the case. I am not therefore able to

Proceedings thereon.

Recording observations on a letter from the Collector of South Arcot reporting on a Petition presented by Mungalum Pillay of Mummargoody containing Certain Charges against the Head Serishtadar of that District

9th October 1845.

On the 11th August 1845 Mungalum Pillay of Mummargoody forwarded to this Office Copy of a Petition which he had on the same date addressed to the Collector of South Arcot containing certain charges against the Head Sheristadar of that District Pungacharloo. The Petition was referred by the Board to the Collector for such notice as it might seem to merit. On 12th February 1846 the same party presented a further Petition to the Board giving an abstract of the charges which he had preferred the mode in which they had been disposed of by the Collector and his objections to the decisions passed by that Officer. The Board 10th August 1846 called upon the Collector to furnish detailed explanation in regard to the objections raised by Mungalum Pillay except in respect to the first and second instances of charge against the Head Sheristadar Viz. the renting of the Cullumelay Saghire and the allowance paid to the Mummargoody and Chellumbrum Poligar. On these points no further notice was necessary the question regarding the Cullumelay rents had been already disposed of in the Correspondence noted in the margin and

and the information on the * records of this Office sufficiently shewed that the manner in which the Amount payable to the Poligars had been calculated was fully reported by the Collector to the Board communicated by them to Government and confirmed by that authority and that the principle on which the calculation had been made whether correct or not was a matter for which the Sheristadar was in no degree responsible. In the letter recorded at the head of this paper the Collector has supplied explanation on all the other items of charge against his Sheristadar in number and the Board proceed to take these charges into consideration.

2. The first and second charges have been disposed of as already noticed the charge which stands next or third in Munjalum Pillay's Petition is that in consequence of the connivance of the Head Sheristadar Kusser to the amount of Rupees 1800 was remitted in some Villages in the Tendavanum Talook in Fusles 1248 to 1252. From the Statement No. 1 forwarded by the Collector it appears that the assertion in respect to the remission of Kusser

Kuser in Fusly 1248-9 is untrue full Kusser at 6 Rupees per cawny having been levied in both those years. In the two following Fuslies under orders of the Commissioner Mr. Dent half Kuser only was charged the irregation being it would seem from Mud-dawas or as the Board understand it from natural hollows or ravines. In the next Fusly 1252 the revised Hookoommanah was published the provisions of which allowed the use of water from such sources free of all Kusser. Some doubts occurring to the Head Sheristadar in regard to the application of this rule to the particular villages now referred to he brought the subject to the notice of the then Collector Mr. Hallett by whom a Turreed was issued authorizing the exemption from Cuser on certain conditions. Whether this order was or was not correct is immaterial to the present question - but it clearly exonerates the Head Sheristadar who as in duty bound had drawn the attention of his superior to the matter in doubt and could only act upon the instructions then given him.

3. The fourth head of charge is that certain land planted with trees in the Village of Cottacoopum of the Villapooram Talook has for 9 years been chargedwith land

land assessment in place of the assessment being
levied upon the trees the difference or loss to
Government from the whole period being Rupees
16200. The Petitioner alleges that Cottacoopum
is the only Village in which land instead
of tree tax was levied upon Topes prior
to Fesly 1251 where the change of System was
authorized by the Board.-

In reply to this the
collector states that for many years prior
to the Boards orders in question the mode
of taxing topes varied in different Villages
in his District. falling in some upon the
land and in others upon the trees. This is
further proved by the Original Marattah
Statement for the Villapooram Talook for
fusly 1248 forwarded by the Collector which
shows that in that year many other Villages
in the Talook besides Cottacoopum were
charged with land and not on the tree
tax upon the topes in them.-

4. The fifth Item of accusation is
that frauds to the extent of Rupees 1800 had
occurred in the classification of lands in the Village
of Tennul. It is shown by the Collector that
this subject was investigated by Mr. Ashton
whilst Principal Collector of the District
and the necessary orders passed. Petitioner
alleges that the subject was revived by
Mr. Hallett but there is no evidence of this in
the

the Collectors record.-

5. The next act laid to the charge of
the Sheristadar is the payment of Rupees 900
to the curnums of the Balancottah Jaghire
without the Sanction of Government.-

In his letter of the 22d August 1840
Para 2. to 6 the Collector reported this payment and the
circumstances under which it was made.-
The money was paid by the late Collector Mr.
Hallett. whether the payment was
or were not correct it is not necessary
here to inquire the question regarding the
remuneration of the Jaghire Curnums being
now under consideration but it was a proceed-
ing for which the Head Sheristadar can in no
way be held accountable.-

6. The seventh item of which the She-
ristadar is accused is for having allowed
Mahajanum remission to be granted to the
extent of Rupees 3366 on land cultivated
by Soodras.-

The Collector states that the
Mahajanum teeruva is nearly stationary and that
the party cited to establish this charge professed
total ignorance of the whole transaction and
that no further proof was offered by the
Petitioner.-

7. The last head of charge is that in
Fusly 1242 the sheristadar caused a loss to
Government

The Board have received from the Collector of Tanjore in reply to a reference made to him on the subject of this Petition a full explanation of the grounds under which remission was refused to the Petitioner from which it appears that the deficient outturn of the Pranjary Village did not as asserted proceed from an insufficient supply of water during the past season, but is attributable to negligence and inattention to the cultivation on the part of the Petitioner himself and his Agents The Board are of opinion that the Collector acted properly in withholding remission under such Circumstances.-

thereon. The Board beg to draw the attention of the Collector to Para 17 of an Extract from a General letter from the Honorable the Court of Directors dated 19th September 1838 circulated on the 23d January 1840 and in reference to that Para to request that he will explain the considerations which have induced him to recommend the sale of the lands referred to in his letter, and to state to what causes the arrears due upon them are ascribable and for what Fasslies they are due. He will be so good as to furnish similar information on all future occasions on which he may recommend the sale of lands for arrears of Revenue.

Read again letter from the Principal Collector of Madura submitting Report on the Settlement of the Ramnad Estate under Wardship for Fasly 1254.

38th March in Con. 9th April 1846

(49)

Proceedings thereon.

Relative to the settlement of the Ramnad estate in the District of Madura for Fasly 1254.

P. 2 & 3

The Rains in the Months from July to September were scanty and partial and insufficient for dry grain sowing. The same may be said of the Rains in October and November, whilst the freshes in the different rivers were limited; and attended with partial results. The Tanks dependent thereon received supplies from one fourth to

to 3 fourths, whilst under those that derived their supply from the Rains only, the cultivation was in proportion, but varying in extent. The rain that fell in December and January was in= sufficient, whilst a little that fell in March was turned to profitable account as regarded wet cultivation. On the whole the Punjey sowing was far below the average whilst that which was sown did not yield an average return. The Nunjey suffered in like manner. Much of the paddy sown for seedlings perished, whilst the wet land actually sown did not yield any thing like an average crop. The general result was decreased wet and dry cultivation and extensive withering of the Dry grain crops.

Para 5

2. In reply to the remarks of the Court in their Proceedings 15th December 1845 Para 4 regarding wet land paying in kind the Principal Collector states, that when the grain is ready to cut the land (crop) is es= timated, by the Village Officers, and in cases of doubt or suspicion the reaping is superintended by the Ameen in person or by an overseer sent for the purpose. Still however be seen from what is stated afterwards that the reaping of the produce was superintended by the Government Officers

Jaffna St. George 5th November 1846

On comparison of the Jaloke accounts there is a decrease in all but Gothagynad.

Jaloks	Fasly	Seed sown in Cultivated Lands	Outturn	Average Outturn per Cullum of Seed

	1253	994	7,305	7 1¼ "
	1254	182		

The large decrease shewn above cannot in the opinion of the Court be wholly ascribed to adversity of Season.

7. The Statistical Abstract furnished by the Collector in Para 10 exhibits an increase under all heads except those of Resident Ryots and Bullocks. The value of this comparison is however much impaired by the absence of explanation or remark. It is observed that the entry under the head of Males and Females instead of pursuing the result of Fasly 1253, actually gives those of Fasly 1252 from customary usage for which deviation no reason is assigned. In

Jaffna St. George 5th November 1846

8. In the Abstract comparative Statement of Revenue Para 11 a decrease of Rupees 10,898-1-4 is observed under the head Sornadayum. In the year preceding that under discussion the decrease compared with that antecedent thereto amounted to Rupees 5,402-15-2. The Principal Collector has failed to notice this decrease, nor have the Court the means of ascertaining the items of which it is composed.

Para 11.

9. Mr Blackburne states that his instructions to the Manager were almost exclusively confined to directing him to make the settlement in five centrical parts of the Zemindary, and that in other matters he was left to his own discretion in following the mode hitherto prevalent.

10. The Account Current of the estate shews a balance in its favor of Rs. 3781-5-9 which the Court concur with Mr Blackburne in thinking was too small to be invested in Government Securities.

Para 14

11. The Balance due at the end of the Fasly on account of Government Peshcush Rs. 5,657-8-6 was fully liquidated at the end of September 1845 though no mention is made of it in the reports. The

Collections	3,25,907-15-6
Balance	5,657-8-6

Fort St. George 5th November 1846

12. The Court are well pleased to observe that Managements for the entire abolition of the pernicious practice of paying servants and liquidating debts by Grain Orders on the Talooks, which has heretofore existed, and had attracted the notice of the Court was completed without difficulty.

13. Statements 6 to 9 inclusive shew an outstanding Balance on account of Fusly 1254 of 70,437 Rupees which was chiefly due from purchasers of the Crops and from cultivators Mr. Blackburne describes the results as "unsatisfactorily dilatory" tho' the Managers claims much credit for it. It would have been more satisfactory to the Court had Mr. Blackburne shewn what steps he had himself taken to stimulate the Managers to those exertions which would have produced a more favorable result.

14 On a comparison of the revenues of Fusslies 1253 and 1254 it will be seen that the ratio of gross balance is much the same in one year as in the other.—

The reduction in the amount of Grain Balance is no doubt caused by the rise in the current selling prices, but it by no means appears that the Collections are proportionate to the increase in the former. In Fusly 1253 the current selling price was per Cullum ——— 1-7-8

In Fusly 1254 ——— 2-4-11

Increase ——— " 13-3

a result which does not appear to have attracted Mr. Blackburne's notice.

Para 17.

15 Mr. Blackburne states in Para 7 that 3386 Cullums of the Proprietors share of Produce was sold by retail whilst the rest was disposed of by Public outcry the amount of Proprietors share it appears was 54,275 Cullums

Columns of which only 3386 or 6 per Cent to be disposed of by wholesale who the purchasers of the produce by wholesale are is not stated whether Sowcars or others or whether there are arrears due from them on account of former years.-

Para 18. 16 In the Abstract Statement of the Balance for Fusly 1253 an item of Rupees 20-2-10 appears under the head of Gain by sale higher than the Settlement prices. This sum would appear to have resulted from the sale of produce entered in the settlement accounts according to the average prices at an enhanced rate and suggests the existence of a further balance due on account of Produce stocked. No account particulars however have been received.-

17. Of the Balance for Fusly 1253 amounting to Rupees 22,504-8-8. Mr. Blackburne briefly states that 7,647-3-8 is due from purchasers of Crops Rupees 14,683-5- from various Ryots and that as regards the first mentioned sum there are probably disputes to be adjusted as to the full delivery, but that particulars are unknown. This explanation is

is far from satisfactory, and the Court trust the Principal Collector enforced the orders reported to have been sent to the Manager at the close of Para 18. The Court moreover observe that no specification of this Grain Balance is made in Statement No. 10 the whole amount being entered under the head of "Ready Money". This should have been explained as well as the nature of the Grain Balance of other years referred to in Column 10 of Statement No. 10.-

Submitting a correspondence with the Pr. Collector of Madura and reporting his recommendation that part of land be granted to the Inhabitants of the Village of the Madacolum Talook in his District in lieu of that portion of their Manions which is at present unproductive.

Sir,

which has passed between this Office and the Principal Collector of Madura on the subject of an application made by that Officer for permission to grant to the Nattamgars and Protagars of the Samaya Pettee Village of the Madacolum Talook in his District fresh land in lieu of that portion of their Manions which is at present unproductive.

2. From this it will be seen that the Nattamgars Manions in Samaya Pettee consists of 1 B. 6 a. 3/4 of Poonjah and 10 B. 0 a. of Nunjah land. The dry land is good but of the wet 1 B. 6 a. 10 are Valueless being impregnated with Salt and in part also rotten the water proof of a newly constructed Tank and 1 B. 0 a. 10 the Salt ed as Nunjah in the survey accounts but from its

its elevated situation never been cultivated as such, and is further of a Saline and Barren soil. The small remaining portion of the Punjah 13 Annas is productive.

3. The Notagan Manniem is composed of 13/16 of dry land and 1/16 of wet. The Punjah is worthless being a mere ravine, of the remaining 15 Annas only is good land the remaining 1/16 Annas being of a brackish quality and sterile. The Office of Notagan is discharged by the Nattamagan as no person has been found to perform its duty separately in consequence of the inadequate remuneration annexed to the appointment.

4. There being no arable waste in the Village available for the purpose, the Principal Collector has proposed that 10 a 13/16 of land usually under cultivation bearing an assessment of Rupees 74—8—10 be assigned to the Nattangaro and Notagar in place of that portion of their present Manniem which as shown in the preceding Paras is unproductive. The Board beg to support this recommendation and should it be acceded to, they will direct the Principal Collector to cause the Offices of Nattangar and Notagar to be lodged for the future in different hands. It should be added that the Revenue

Revenue of the Village for the past amounted to Rupees 2,120—13—11 which appears susceptible of being increased on the means of irrigation being more fully developed. It is therefore of importance that the Village Officers should be duly remunerated.

Forwarding replies to certain remarks of the Board contained in their Proceedings on the Summabundy Report of Tinnevelly 1254.

Para 5.

I have the honor to acknowledge the receipt of the Board's Proceedings dated 29th June last on the Summabundy Report of Tinnevelly 1254 and to forward replies to such parts thereof as appear requisite.

2. Agreeably to the directions of the Board the Standard or Colongoo prices will be entered in Statements No. 3 in

in addition to the information it at present contains.

3. In explanation of the discrepancies in Statement II pointed out in para 13 of the said Proceedings I beg to submit the Statement hereunto annexed from which it will be seen that the entry of Rupees 529–9–2 includes not only the half teerwah liable on the 2d. additional Crop but also a second half teerwah on a 3rd. Crop raised on a small portion of the land, together with an additional double teerwah on certain Betel cultivations which properly should have been entered in the next line. With reference to the entry of Rupees 38–12– in the same Column next below the figures Rupees 529–9–2. I beg to observe that it is the effect of the recent rules Established by Mr Thomas assessing Betel cultivation at 3 times the usual tax. He has done so because it yields produce all the year through and is capable of bearing on

Translation of a Plaint preferred to the Principal Sudr Ameen of Tinnevelly by

Fort St. George 5th November 1846.

3d The 4th Defendant mortgaged, on the 12th December 1838. or 29th Kartighy anno 1020. his 1/3d share of the Village to one Kandy: =mody nadapillay Son of the said Arnachel: =lumpillay for the Consideration of 200 Rupees and executed a deed of Mortgage for the same on a stamp paper of the Value of half rupee and of the 200 Rupees received in ready Cash only Rupees 56-11-4. the remainder or Rupees 143-5-8- having been credited in favor of the Sum he (the 4th Defendant) owed to the abovementioned Kandimody nadapilly in former money transactions kept up between them; moreover the holder of the other 1/3d share of the Village by Name Dolovay Sheethamppa Moodeliar, who Mortgaged his share also to the said Veroognanampilly for Rupees 253 and executed deeds for the same, has not up to the present moment redeemed the Mortgage nor has the Village in question ever been in the enjoyment of the 3 proprietors, it having remained before and after the year 1828 in the posession of the Mortgagees—

4. While circumstances stood thus the Mortgagees of the 2 shares of the Village belonging to the 3d and 4th Defendants having pressed the letter for the Mortgage amount the

the 3d and 4th Defendants sold to the Plaintiff their respective shares for Rupees 600 at Rupees 300 a shares and severally executed on 26th May 1842 corresponding with 15th Vyasy Anno 1017. Mortgage deeds on 2 stamp papers each of the value of 1 Rupee, and put the Plaintiff in posession of the 2 shares and of the Documents in support thereof, having redeemed them from the former Mortgagees Veroognanampilly and Kandymody nadapillay on payment of the Mortgage amount due to them respectively Viz. Rupees 250 and 200.-

5th Applications for transferring the registry of the 2 shares of the Village standing severally in the Names of the 3d and 4th Defend: ants, to that of the Plaintiff were made on behalf of both the parties to the Tahasildar the 2d Defendant; who received and forwarded them to the Collector (the 1st Defendant) with his urzee No. 21 of 1843 and the Collector (the 1st Defendant who was then only Acting) approving of them issued a Proclamation with his Seal and Signature affixed thereto, stating therein all the particulars of the purchase &c and giving notice that any one who may have a claim to the land in question either by right of Mortgage, inheritance by Cousinship &c

&c. or otherwise should come forward and prefer it either at the Talook or Huzzoor within 30 days from the date of Proclamation, and in the absence of any such claims being advanced within the prescribed period orders will be issued at the expiration of the term for altering the registry in the name of the Plaintiff the present purchaser. The Tahsildar (the 2d Defendant) signed the Proclamation and gave due publicity thereto throughout the District or in other words made it known to all -

6- The Tahsildar (the 2d Defendant) having made an Arzee to the address of the Collector (the 1st Defendant) stating that no persons raised any objections within the limited period of 30 days or afterwards an order was issued to him in No. 183 of 1843 - directing him to transfer the registry of the 2 shares of land standing in the name of the 3d and 4th Defendants &c. to that of the Plaintiff and to make out Puttahs in his names accordingly the Tahsildar (the 2d Defendant issued on the 2d June 1843 a Summed to the Curnom who entered the registry for the land since fusly 1252 in the name of the Plaintiff and made out the Puttahs also in his

7. While things have thus rightly and regularly come to pass, one Dolovoy Seroomalay uppa Moodely who is an inveterate enemy to the 3d and 4th Defendants in view to gratify his enmity towards the latter, represented to the Collector (the 1st Defendant) that the 3d and 4th Defendants have Mortgaged the Villages endowed by their ancestors for the support of Charitable institutions &c. and that the Villages should in Consequence be assumed in behalf of and the Charity conducted by Government; and to the same end gave a deposition on the 3d Nov. 1845 before Buchanan the Head Seristadar of that Office The 3d and 4th Defendants also in obedience to the order of that Collector (the 1st Defendant) gave depositions on the 4th Idem Stating therein that former Collectors having promulgated a Proclamation under date the 16th October 1816 and issued orders to the effect that such Chuttrum Villages as have fallen in arrears from their Revenue having been insufficient to meet the &c.

Government demand, will be put up to auction in satisfaction of the Circar dues, the Villages have been either mortgaged or hypothecated; that therefore the amount of Mortgage and that of hypothecation should be discharged from the Net profits of the Village and that all Villages that are allotted for the support of Chuttrums may be assumed by the Circar and the intended Charity Conducted by them On the Head Sheristadar questioning the 3d and 4th Defendants regarding the statement made through misconception by the said Veroomalay appa Moodely on the 3d Instant that he thought of assigning for the future the Village of Kylasapary for the support of Singhy colums Chuttrum and though he has Mortgaged his 1/3d share of the Village: yet that it should be annexed to the Chuttrum they (the 3d and 4th Defendants) stated in their depositions of 4th Idem that the profits of the Kylasapra Village were never applied at any time to the use of the Chuttrum nor is it by any means attached to the Choultry being their own Punny Village that they Sold their shares which they had first mortgaged to the Plaintiff and that there is no right whatever for its being made to belong to the Chuttrum

The

The Tahasildar who is the 2d
8.
Defendant made every enquiry regarding the Village under litigation and found no evidence whatever to the end that the revenue of the Village was ever applied to the use of the Chuttrum - The Collector / the 1st Defendant / also did not call for the Plaintiff or any witnesses and examine them nor did he (the Collector) ascertain at all the truth of it according to Regulations - While so the Collector has issued an order to the Tahasildar / the 2d Defendant / in No. 22 of 1846 stating that the litigation held at the Huzzoor that the Village of Kylasapary was allotted for the Maintenance of and is attached to Singhy columns Chuttrum and directing him to sequestrate the Village and to invite tenders for the Sawmybogum rent; who / the Tahasildar / accordingly attached the Village on the 3d February last and has usurped the right of possession to the 2 share of the Village -

9th Had the Village of Kylasapry in question formerly attached to the Talook of Calacaud and now to that of Nungoonary belonged to the Chuttrum it should have been exhibited

exhibited as such in the alavaloogoo account of 978 Anndoo in the Habitah list made out in Fusly 1222 explanatory of 42 items and also in the detailed list made out in Fusly 1235 shewing the particulars of Survey - such is not the case - That the Village in question is belonging to the 3d and 4th Defendants and not to the Chuttrums, is evident from the 38th and 43d Columns in the list of 42 Items aforesaid for the entry of the right of Chuttrums being left blank and from the Statement made in the detailed list of Survey for Fusly 1235 that the above Village is fit for Sale and purchase - The 2 kinds of Statement above referred to have not only been forwarded to Board, but Copies of them are also deposited with the records of this District -

10. It has been hitherto Customary to state in the annual reports and accounts on the Conclusion of Settlement of this District that such and such Villages are attached to the Chuttrums and the revenue derived therefrom are applied in such and such manner as also to take an account of receipts and disbursements from the proprietors of the Chuttrums. accordingly Voghycolum &c. 6 Villages are annually deducted from the Jamnahbundy accounts in favor of the Singhycolum

Fort St. George 5th November 1846.

Singhycolum Choultry and Puttahs for the same made out in the name of Chuttrums and besides these accounts of receipts and Charges for the above 6 Villages alone were taken during the years in which such accounts were received whilst the Village of Kylasapary was excluded from such accounts, and not even a puce deducted from it on account of the said Chuttrum - But it will be observed that the Village Kylasapary in question paid full Teerwah to Government on a equal footing with 1yen Villages without in the least belonging to the Chuttrum and that the puttahs for the Village were as is the Case with other Villages exclusively possessed by the 3d and 4th Defendants as also by Dolovoy Teroomalayuppa Moodelly issued up to Fusly 1251 preceding that in which it was sold to Plaintiff for the 2/3d of it in the name of the 3d and 4th Defendants and since Fusly 1252 in the name of the Plaintiff and for the other 1/3d in that of Dolovoy Teroomalayuppa Moodely up to the present period -

11. The Puttahs distributed yearly by the Collector (the 1st Defendant) and his Predecessors, the Pullee Teerwah account and also the documents mentioned above are capable of shewing that such and such Villages

Fort St. George 5th November 1846.

Villages are endorsements to Chuttrums and such and such belong to private Individuals. The said Collector (the 1st Defendant) ascertaining through the Proclamation he issued, that the Village in question was subject to no disputes caused the requestry and Puttah for the same to be made out in the Name of the Plaintiffs. Whilst these documents Conducive to shew easily how the case should be disposed of, were forthcoming from his records, the Collector (the 1st Defendant) instead of referring to or Consulting their has unjustly without any Cause Evicted the 2/3 of the Village (which the Plaintiff continued to enjoy by right of purchase and on receiving Puttahs) as if alienated for the support of the Chuttrums.

12th The 3d and 4th Defendants, and another Dolavoy Veeroomalay uppa Moodely have, to meet the Necessity of liquidating Government dues mortgaged Villages allotted for the support of Chuttrums and executed deeds of Mortgage stating therein that they (the Villages) are belonging to Chuttrums. The late Collectors have also issued many orders giving effect to the above Mortgage &c. Had the Statement that the Kylasapary Village is attached to

Fort St. George 5th November 1846.

to Chuttrums been true, mention might have been made to that effect in the several Mortgage bonds passed for that Village and also in the 2 Bills of Sale respectively executed in the name of the Plaintiff. On the contrary it is stated in the Mortgage bonds and in the said 2 Bills of Sale for the 2/3 of the Village sold to the Plaintiff that the aforesaid Kylasapary Village is "my own Village". Whilst the Plaintiff has good and sufficient grounds to shew by several Documents such as above referred to that the revenue of Kylasapary Village now under litigation has never been appropriated to the use of the Chuttrum, the Collector (the 1st Defendant) has without making any enquiry touching the above Subjects agreeably to the provisions of Sanction IX XXI. XII and XIII Regulation VII of 1817. usurped the 2/3 shares of the Village appertaining to the Plaintiff by attaching the same. As this course pursued by the Collector involving the Plaintiff into expenses and distresses is inconsistent with the above Regulations and equity administered by Government this action was brought under Section XIV of the above Regulation for the recovery of the loss sustained by the Plaintiff and for that of the 2/3 shares of the Village belonging to

to him, against the Collector / the 1st Defendant / the Tahasildar / the 2d Defendant / who by order fixed the 2/3ds shares, and against the 3d and 4th Defendants / who sold the above lands to Plaintiff.

13th The Villages of Kylasapary is bounded on the east by the limits of Meencolum Caudoovetty; on the south by the said Meencolum limits; on the west by the limits of Keelakaudoovetty; and on the North by the limits of the said Kaudoovetty. The Village contained within the boundaries above described consists of 3 shares of which the 2 shares reasonable to the Plaintiff are composed of seed Cottahs 11-9-18 in arable Nunjah land of 5/8 Chowles in Poonjah, and of 240 Palmyrahs and have as per anycent accounts, waste [illegible] as also habitations and commons attached thereto. all which the Plaintiff prays to be put in possession of the net profits derived for fusly 1255 from the Nunjah lands of the above 2 shares amounts exclusive of Circar dues and other expenses to grain Cottahs 24 4/4 valued at Rupees 72-12-- at Rupees 3 a Cottah that the Poonjah and Palmirahs &c. to Rupees 6-4--. Besides these the Proprietors shares of the 30 Palmirah trees blown down by the late Storm after deducting the Circar warum comes to Rs. 18-6-- and the value of one Morgosa tree and 2 Vaughy trees to Rs. 3 making a total of Rupees 21-6-- the 2/3ds of this is Rs 14-6-- The above different Items of profit added together shews the net profits claimed by the Plaintiff at Rs. 93-4-- which sum being Correct the Plaintiff prays that a decree be passed according to the Plaint.-

No. 2.

Translation of an Answer to a Plaint proposed to be presented by Meer Ahamed Ebrahim the Government Vakeel on behalf of E. B. Thomas Esqre. Collector of Tinnevelly the 1st Defendant in O. S. No. 4 of 1846 on the file of the Principal Sudr Ameens Court.

1. The Plaintiff sues the Defendants for the recovery of 2/3ds of Kylasapairy Village yielding an annual produce of Rupees 205 together with the sum of Rupees 93-4-- being the profits therefrom (after deducting first and all other expences) for fusly 1255 inclusive of the sale proceeds of certain trees, and also for the produce to be derived upto the date of his being put in possession of the disputed Villages. It will be obvious to the Court that the Plaint is unfounded for the following reasons.-

2. The chuttrums of Soodalpairy and Singeecolum originally erected by the ancestors of the 3d & 4th Defendants and one Delavoy Teroomalyappa Modelliar on the high road from Madras and Ramnad to Travancore for the accomodation of Travellers and for feeding the poor, and endowed with large tracts of lands held on favourable tenures were for some time managed by the 3d and 4th Defendants and the above mentioned Delavoy Teroomalyappa Modelly

14049 Fort St. George 5th. November 1846.

Moodelyar. These persons mortgaged the Chuttrum lands and discontinued the charity and afterwards — when their abuse of endowment occasioned an enquiry by the 1st. Defendant under section VII Regulation VII of 1817 surrendered the management into the hands of the Government and by written documents dated the 3d. and 4th. November 1845. Accordingly the charity has since been conducted under the supervision of the officers of Government.—

3 At the above enquiry held by the 1st. Defendant respecting the misappropriation of the incomes of the Singeeculum Chuttrum the 3d. and 4th. Defendants and the said Delavoy Seroomaly-appa Modeliar gave depositions stating that in Aundee 1000 Fasly, 1238 when a Division of family property took place between them, they alienated the Village of Kylasa-pairy for the support of the Chuttrum in addition to former endowments and consequently did not include the same in their Partition Bond — and it was ascertained by the 2d. Defendant that the Village had been appropriated to the Chuttrum.—

4. An agreement executed on the 27th. April 1833 on a Stamp[illegible]paper to 4th. —

14050 Fort St. George 5th. November 1846.

Defendant by Delavoy Seroomaly-appa Modeliar clearly shews that the Village under dispute belongs to Chuttrum.—

5. Moreover the same Delavoy Seroomaly-appa Modeliar, in an answer filed by him — in the Zillah Court of Madura on the 20th. May 1824, plainly stated that this Village had been appropriated to the Singheeculum Chuttrum. In consequence of this declaration, on a Precept under date the 28th. June 1824 being issued from the Court for changing the Registry of lands to the names of 3d. and 4th. Defendants and Delavoy Seroomaly-appa Modeliar consequent on a division that had taken place between them, — it was mentioned in the list, which accompanied the said Precept, that the disputed Village had been assigned for the support of a Chuttrum.—

6. It is not only generally notorious that the Village in question is attached to chuttrum but also evident from a Statement of Villages forwarded to the Collector by the Judge with reference to the Decree. Nevertheless the Plaintiff who is one of the pleaders in the Court and has a knowledge of the Regulations pretends to have purchased the Village from the 3d. and 4th. Defendants in 1842 which is in direct

Fort St. George 5th November 1846

direct opposition to Regulation VII of 1817 and as he has included them as Defendants in the suit in the expectation of their making admissions in his favor.—

7. In the 9th Para of the Plaint it is stated that the Aboveo Aboveo account of 978 Aundoo and 42 Lists of Fusly 1222 Shew that the Village of Kylasapairy belongs to the 3d and 4th Defendants but not to the Chuttrum— This is of no importance as it alleged only that the Village inquisition was set aside for the support of Chuttrum in Aundoo 1000 Fusly 1234 Therefore the above-mentioned 2 accounts will not avail to establish the claim of the Plaintiff and as regards to the Varaury account of Fusly 1235 it is to be observed that it was not a fundamental account carefully prepared but one given in by the Curnums to facilitate the giving of Puttahs then first introduced in the District and its correctness therefore dependant solely on the information and integrity of the Curnums-

8. In the 10th Para of the Plaint it is stated that no mention is made of Kylasapairy in the accounts of receipts and disburse-ments on account of Chuttrum rendered every year at the time of Samabundy— No argument can be drawn for

Fort St. George 5th November 1846.—

from this circumstance as the accounts are not prepared by Government servants but by persons who when they have misappropriated the income of a Choultry have a direct motive for not furnishing correct accounts.—

9. In the 10th and 11th Para of the Plaint it is stated that the Putta of the Village of Kylasapairy stood up to Fusly 1251 in the names of the 3d and 4th Defendants and one Veroonalyappa Moodeliar— The Puttahs for the disputed Villages may have been issued in their names as is the case with other Chuttrum Villages— The reason why a Puttah was subsequently given in the name of the Plaintiff is that as the 3d and 4th Defendants applied for the transfer of the Puttah in his name and as the management of the Chuttrum was under them the real fact of the Village being attached to Chuttrum was unknown— But the mere issue of a Puttah in the name of the Plaintiff will not prove his right to the Village—

10. In the 12th Para of the Plaint it is stated that no mention has been made in the Deed of sale that the

14053

Fort St. George 5th November 1846.

the Village is attached to the Chuttrum — It is not probable that it would be, as the sale would thereby be shewn to be contrary to the Regulation and it was the interest of the parties therefore to keep the cir= =cumstance concealed. —

11. The 1st Defendant has done nothing but Justice in the above matter — Whereas the circumstances set forth in the Plaint are quite false. The Plaintiff has stated falsely that Teroomalyappa Moodeliar mentioned in his Deposition only that he had it in contemplation to grant the said Village to the Chuttrum and that the 4th Defendant has deposed that the Village does not belong to the Chuttrum. —

of your letter of the 12th Ultimo, forwarding trans= =lation of the Plaint in a Suit No. 4 of 1846, which has been instituted against your Predecessor and others, in the Court of the Principal Sudr Ameen of Tinnevelly, and Submitting Draft of the answer, which you propose to file in the case. —

2. This action has been brought to recover the share alleged to have been purchased by the Plaintiff in a Village which has recently been attached, and taken under management by the Collector, Mr. E. B. Thomas, on the grounds of its having been alienated by its original proprietors for the support of a Choultry. It is stated in the draft of the proposed answer, that the Assignment of the Village for the endow= =ment of the Choultry was made in Fusly 1234, or 22 years since but it does not appear that the Village was ever entered as a Chuttrum or Village in the accounts of the District. On the contrary it is admitted in the answer, that so late as Fusly 1251 "the fact of the Village being attached to the Chuttrum was unknown to the revenue authorities. No notice seems to have been taken of the Village in the accounts of the Chuttrum receipts and

14055

and disbursements, annually rendered to the Huzzoor, and the Chuttrum itself has other sources of income. On the whole therefore, altho' the revenue of the Village may for a time have been applied for the benefit of the institution, it is not clear to the Board, as far as the information now before them enables them to judge, that the transaction was more than an arrangement among the parties themselves, or that the alienation of the Village in endowment of the Choultry, was so publicly recognized, or so full and complete, as to deprive its owners of all future power over the property, and prevent them from making other dispositions in respect to it, if they saw fit. You are requested to reconsider the case, in reference to the above remarks and if possible, so to enlarge the answer, as to shew that the surrender of the Village, on the part of its former owners, for the benefit of the Choultry, was final and irrevocable, and that the Village may therefore be considered as an endowment falling under the Provisions of Regulation VII. 1817. Unless this case be clearly established the defence of the action can hardly be sustained.

been made in the roads and Ghauts leading from the Balaghaut into Lower Canara appear to have combined to cause the increase shown in the sales for Inland Consumption as more fully explained in a letter which I had lately the honor to address to the Board under date the 25th Ultimo. The decrease in the Home consumption is partially accounted for by the higher prices at which the article was sold for some time in 1254 while the reduced rate prevailed throughout the year under report. The reduction in the quantity is only Garces 35 while the difference in the selling prices made the falling off amount to Rupees 8,941-15-0. The great mortality from Epidemic diseases in December and January last probably had considerable influence in occasioning the decrease in the Home consumption. The quantity of salt sold and the Collections under each head are shown in the annexed statement

The decrease in the Customs on Rice is referrible to the imposition of the British bottom rate of duty on this article exported on Vessels covered by the Colours of the Imaum of Muskat

There is an actual increase in the exports of Rice during the past year as noted in the margin

Of the above arrears Rupees 23 58—6—11 are irrecoverable and recommended to be Written off in the Accounts— Of this Rupees 15 are due by the Farmer of a Ferry in the Buntwal Taluck by which the troops marching from and to Mercara to Mangalore were on two occasions crossed by the Renter in the Month of December 1844 and May 1845, and the Collection of the above sum has been suspended pending the receipt of Sanction as a compensation for the services rendred by him— The remaining amount of Rupees 43—6—11 is due from the Contributors to the Mokturpha who have either abandoned their profession or absconded into the neighbouring countries They therefore to recommend its full Remission

With regard to the Charges 24 in the Collection of Exctra Revenue the fluctuation under the four undermentioned heads appear to call for some explanation.
