## Draft Act.

An Act for repealing parts of Regulation XIX of 1810 of the Bengal Code and of Regulation VII of 1817 of the Madras Code.

I. It is hereby enacted that so much of Regulation XIX 1810 of the Bengal Code and of Regulation VII 1817 of Madras Code as relates to Native Religious Institutions and to endowments buildings and establishments connected therewith is repealed.

II. And it is hereby enacted that

Fort St. George 19th November 1846

that within the Territories subject to the Government of the East India Company and without the local limits of the Jurisdiction of Her Majesty's Court of Judicature it shall be lawful for the local Government to appoint Committees consisting of one or more respectable Natives for the superviision of the affairs of such Institutions as aforesaid and from time to time to fill up vacancies occurring in such Committees.

III. And it is enacted that in regard to the persons to be appointed on such Committees the Local Governments shall exercise a discretion and shall be guided in the exercise thereof as far as conveniently may be, by the wishes of the Community connected with the Institution which such Committee is appointed to superviise.

IV. And it is hereby enacted that it shall be lawful for the Committee appointed to superviise any such Institution to sue the Trustees, Managers or Superintendents thereof for the purpose of compelling them to account for all sums received or which ought to have been received by them as such Trustees Managers or Superintendents and also to sue any person to whom any of

any land the property of such Institutions may have been unlawfully alienated.

V And it is enacted that whenever the Office of Trustee Manager or Superintendent of any such Institution shall become vacant and the nomination to such vacant Office has usually rested with the Government, or with a public Officer or when there is no person entitled to succeed to such vacant Office and no private person may be competent and entitled to make sufficient provision for the succession to such vacant Office it shall be lawful for such Committee and such Committee is hereby required to appoint a person or persons to fill such vacant Office duly attending to the qualifications of the person or persons selected and to any special provisions of the original endowment and foundation and to the general Rules and the known usages of the Country applicable to such cases.

VI And it is hereby declared and enacted that it shall be competent to any person who may be aggrieved by any Act done by any such Committee to sue such Committee in respect thereof. Provided

VII Provided always and it is hereby enacted that nothing in this Act contained shall be construed to deprive any person of any right to institute any Civil Suit which he would have had if this Act had not been passed.

VIII And it is hereby enacted that in Suits in which any such Committee may be a party the Plaint and other pleadings and applications for receiving exhibits and summoning witnesses on the part of any such Committee may be written on unstamped paper and that all precepts on the part of such Committee shall be issued by the Shroffs on the Establishment of the Court without any expence of such Committee and that on the conclusion of the suit the Court shall calculate the whole of the Costs which would have been incurred by such Committee but for the exemption provided by this section and shall charge the same to the party Cost or to the Parties respectively in such proportions as may be deemed equitable and that the Court may order the whole or any portion of the Costs charged to such Committee to be paid out of the funds of the Institution to which the Suit relates.

To The Chief Secretary to Government

Sir

I am directed by the Board of Revenue to acknowledge the receipt of the order of Government enclosed in a Extract Minutes of Consultation 7th July and 5th October requesting the Board to submit any observations they may desire to offer on the provisions of a Draft Act relating to Regulation VIII of 1817 and to express the regret of the Board that the difficulties experienced by them in reconciling the conflicting views arising out of the consideration of the draft have prevented them from transmitting their reply at an earlier period

2 The final orders for conducting the charge of all native religious establishments to the people themselves were issued on the 12th June 1841 and were carried out by the Officers in charge of the several Districts during the two following years the arrangements were

were submitted to Government from time to time as they were concluded in each province and after full examination were approved and confirmed in every instance. On the 17th August 1843 the Board reported the complete withdrawal of all interference on the part of Government with the native religious institutions throughout the Provinces composing the Madras Presidency and it only remained to give to the whole proceeding the sanction and force of Law. But during the three following years no steps were taken for the purpose. In the meantime numerous causes of dissatisfaction with the recent arrangements arose and frequent complaints of fraud and maluersation were preferred to the Board and the Collectors, in reply to which the Petitioners were informed that the Officers of Government were precluded from interfering as heretofore and that redress must be sought in a Civil Court. But difficulty of proceeding by suit was found to be so great under the existing state of the law that an appeal to these tribunals was

Fort St. George 19th November 1846.

considered little better than useless. In this state of uncertainty the abuses became more glaring and at length led to the proposition in the Board's Proceedings of the 16th March last that the provisions of Regulation VII. 1817 which have never been rescinded should continue to be employed in the investigation and disposal of all such matters until the promulgation of a new law.

To this however the Government demurred and resolved to submit the matter to the Government of India and this appears to have led to the preparation of the Draft Act now under consideration.

3. It was to have been expected that the new enactment would have been framed with some regard to the various circumstances of the arrangements which had been matured after so much time and trouble by this Government. But no allusion is made to them in the Draft which is confined to one general proposition empowering the Local Government to appoint Native Committees for the superintendence of the Endowed Religious Institutions with authority to sue persons charged with acts of fraud &c and to fill up vacancies occurring

occurring among the Pagoda Servants such Committees being themselves liable to prosecution at the instance of any persons conceiving themselves aggrieved by their acts.

4- The Board are in doubt whether the Committees thus described refer to the bodies which have already been appointed for each Institution or to a new description of bodies superior to the former and invested with power to Superintend their proceedings in the same manners as the Board of Revenue exercised a control under Regulation VII 1817 over their local Agents and thro' them over the institutions themselves.

5- It has further appeared open to doubt whether the Committees contemplated by the Act are intended to be permanent or occasional Agencies. The expressions employed in that part of Mr. Secretary Bushby's letter transmitting the Draft, in which he refers to the scope and intention of the Enactment seem to be in favor of the latter supposition. For it is there explained that the discretionary power

power of interference to be vested in the local Governments under the Act is to be limited to the prevention or correction of abuses, and that only on the representation of the people interested. Under this view of the constitution of the Committees it is evident that no provision will have been made for carrying out the intention of Section V of the Draft or in other words for filling up vacancies which must occur in the original temple Establishments such as Trustees, Managers Superintendants or other officials not hereditary or exercising the rights ex officio. On the other hand the clause in Section II providing that "vacancies in such Committees shall be filled up from time to time" appears to refer rather to a standing body.

6- In considering these several views it is to be remembered that the arrangements already concluded by the Officers of this Government for divesting themselves of the charge of native religious institutions were conducted on the principles laid down by the Government of India for the guidance of the authorities at Bombay and subsequently communicated to this Presidency which was embodied in a Circular

Vide from Govt. 12th Cons. 5th June 1841

order issued to all Collectors under date 24th June 1841 — Guided by these instructions the several Collectors selected certain individuals who under the designation of Punchayets Committees &c were vested with the control of the temples and the Officers attached to them — In the majority of cases little difficulty was experienced in finding respectable individuals willing to undertake the trust — The Potels, Curnums and principal Ryots generally accepted the charge of the Pagodas of their own Village — In other cases three or four respectable inhabitants of the District but not so immediately connected with the locality of the temple were formed into a body of Trustees, or the Office was entrusted to a neighbouring Zemindar or other influential individual whose family had been the founders or benefactors of the endowment — In such cases the formal recognition of the persons so selected as required by Section II would seem to fulfil the conditions of that clause according to the first assumed view of the meaning of the Draft but it is doubtful whether they would be

content

content to remain in subordination to a Superior Committee the formation of which was not contemplated when they accepted the Office —

7 — It was chiefly in the smaller temples that the mode of settlement above described was successfully carried out — In several of the larger and more important Pagodas the applications of the general principle was found to be impracticable — Sometimes as in South Arcot the difficulty lay in meeting with individuals of sufficient weight to command the respect due to the Office in others it arose from the oppositions manifested by the Officers and Servants of the institution against any external interference in their affairs — These obstacles were overcome for the most part by associating together in the same Committee some of the Priests or other functionaries of the temple with the other independent individuals already chosen — But this compromise was not always accepted and (as in Tirunomallee) no alternative was left to leave the

recusants —

recusants in undisturbed possession as at Treaty) to place the entire management in the hands of the Head Mahunt of one of the religious Establishments (Byraugees) there. It is clear that the existence of such anomalous cases in which a determined resistance was successfully opposed to the construction of any Committee has not been contemplated in drafting the Act.

8. The above observations apply to the fundamental constitution and character of the Committees and until these have been more clearly defined it is needless to dwell on the functions with which such bodies must be armed to enable them to guard effectually over the interests committed to their charge. But there is one important element of the plan sketched in the draft which as explained in the concluding clause of Section II calls for special remark. It is there declared that all vacancies in the Committees (and it is the same however these may be constituted) are to be filled up by the appointment of new Members from time to time

by

by Government. This proposition has always appeared to the Board to involve a contemplation of the interference with the religious concerns of the Natives or at least to fall short of that complete separation which is the great end and object of the whole arrangement. The Board expressed the same opinion in their Proceedings of 24th March 1842, formerly submitted to Government and it was there suggested that instead of the plans advanced by several of the Collectors, the choice of successors to the Members of Committees selected in the first instance by Collectors should in future be left to the people themselves, the right to be exercised by election or in such other way as might afterwards be deemed. It will be proper likewise to allude to another main point in which the Draft appears to be defective, which is likely to lead to embarrassment under any form of Committee and that is that it does not lay down any course of procedure for the guidance of parties having recourse to the Courts of Law. It neither defines with distinctness the acts that shall constitute offences

Para 6.

not

ner the persons who are affected by its several provisions.

Section XVI of Reg VIII

9 In the old law it was declared that "the legislative provisions now in force or which may hereafter be enacted for the punishment of fraud or embezzlement by the Native Servants of Government in the Department of Sand Revenue, shall be held applicable to all Native Servants and to all Trustees, Managers or Superintendents of the religious Institutions referred to in the Regulation and these Enactments will be found to describe accurately the several classes of offences, the description of persons amenable and the mode of conducting investigation. The inconvenience caused by a want of precision in the new Act will be the more felt because the enquiries conducted under the former state of things was summary whereas hereafter they must be made in conformity to the forms and technicalities of a regular Court. Without some better guidance than is afforded by such expressions as "the community connected with the institution" "persons aggrieved

X IX VII XXXVII
1822 1825 1837

aggrieved by any act done by such Committee it is apprehended that considerable difficulty would be experienced by the Courts in deciding on the parties properly falling within the scope of the Act so as to enable them to establish a ground of action. The disciples of many of the more celebrated shrines are found in all parts of India and might fairly claim to be interested in their affairs, but how are the Courts to determine in the absence of any specific characters who are entitled to prosecute the Committees under Section VI of the Draft.

From what has been urged it will be seen that the Boards consider the Committees proposed by the Act have not been described with sufficient clearness, that they are not applicable to all existing cases that their functions and powers have not been specified fully, that the clauses and descriptions of persons affected have not been defined with any precision, and that the mode of procedure has not been distinctly laid down from which they are of opinion that if the Act should be passed in its present shape it will be productive of much

much uncertainty and embarrassment hereafter.

11. In concluding this letter I am directed to state that as the question has formed the subject of much discussion, the different Members have recorded their sentiments upon it in separate Minutes.

Ordered also that the following Minute be recorded in consequence.

After what has occurred in Trichinopoly and Tinnevelly it appears to me that there will be no difficulty in the appointment of a Committee consisting of one or more respectable natives for the purposes contemplated in this Draft Act. The Government may be moved to direct whether the Committee shall be permanent or not. I conclude it is intended to be permanent as the Government will from time to time fill up Vacancies occurring in such Committee.

It seems proper to bring to notice that the Act should provide for the Sanction and confirmation

See B. P. Pro. 21st Nov. 1846 P. 24.

of all that has already been done.

Para. 27. Provision may be also necessary in the case of the decay of a Pagoda as to whether the Government shall resume the endowments.

In all cases in which Pagodas have been interested to the management of Rajahs, Zemindars or individuals of distinction there will perhaps be no difficulty in appointing them respectively as a Committee leaving the affairs of the institution to be conducted by a trustee or trustees to be recommended by them, with the approval of any community entitled to have a voice in the matter.

The Committee cannot effectually supervise the Institutions unless it is fully empowered to call for accounts of the Receipts and disbursements and to remove the Trustees for embezzlement, and irregularity, leaving the parties aggrieved by its proceedings at liberty to sue for the recovery of their Rights —

The Committee should also be empowered to appropriate the surplus funds of the Institutions to such purposes as may be considered useful and expedient —

A clause should be added providing that in the event of a difference of opinion arising in any matter the majority of the Committee shall decide and enforce its orders —

Minute of J. Goldingham Esqr.

Officiating Member } I have all along been of opinion that the Committee of the proposed Act is a standing Body. The severance of the connection between Government and the Pagodas leaves the Supervision unprovided for. It is to meet this and to substitute a Body for the purposes of Supervision instead of the Board of Revenue and their local agents, that the proposed Act contemplates the appointment of Committees.

The Trustees, Managers or Superintendents appointed under the orders of the Board of Revenue will be subordinate to the Committee. If they do not wish to hold a subordinate place they will resign and the Committee will fill up their places under the provisions of the Act.

I think the Committee should have power to suspend the Trustees, Managers or Superintendents pending the institution of a suit, provided legal proceedings be taken within 3 Months, and failing the institution of proceedings in Court within

within the said period, the suspension shall cease to have effect, and in the event of the Committee making objections against the return to office of the party in question he shall apply to the Court by Petition and the Court being satisfied of the Petitioners previous incumbency and that the period of 3 Months has elapsed shall without entering further into the merits of the case direct his restoration to office.

The Committee must necessarily have power to send for accounts and Majority to decide as proposed by Mr. Maclean.

Surplus Funds to be appropriated to useful purposes with the concurrence of Government.

It will be the duty of the Committee of Superintendence to report to Government all escheats.

Minute of Walter Elliot Esqr. } In their Proceedings of 17th August
Third Member 1843 the Board reported that the total withdrawal of all interference on the part of Government with the Native religious institutions three out the

the whole of the Provinces composing the Madras Presidency had been completed."

The principle by which the local officers were guided in effecting this object was that laid down by the Supreme Government for the Government of Bombay and subsequently communicated to this Presidency Viz. "That the administration of all temples and their endowments should be vested in those individuals, who professing the same faith may be thought best qualified to conduct that administration with fidelity and regularity - such individuals together with their Subordinate Officers, being held responsible to the Courts of Justice for any breach of the duties and Trusts assumed by them."

Accordingly the Collectors in every District divested themselves of the Charge of all the endowments under their control - Committing them in the majority of cases to Committees or Punchayets of Trustees composed of four or more respectable individuals of the Village or Town in which the temple was situated - But in some instances the priests and officers of

of the Pagoda refused to submit to such an arrangement and their opposition was overcome by various expedients - such as appointing the Mullatars, Archekars and other officers of the Pagoda with the Committee - But in a few cases where they refused to allow even this degree of external interference no other course was left than to suffer the Principal Members of the temple establishment or the Chief priest or Head of it, only to remain undisturbed - In other cases the trust was confided to old or distinguished families in the neighbourhood, by whom the institution had been founded or liberally endowed.

In all these settlements which have been approved and confirmed by Government, the parties so nominated accepted the charge on the understanding that they were liable only to be sued in Court for alleged breaches of Trust, and consequently that they were to be independent of all superior direction or control.

The Draft act under consideration appears to have been drawn up without reference to these proceedings

proceedings. It might naturally have been supposed that the object of such an enactment would have been to legalize arrangements framed after so much time and trouble with the approbation of the local authorities, and it is believed with the concurrence of the Supreme Government. But this is not the case.

Sections II and III provide for the appointment of Committees of superviision and for the filling up of vacancies in them by the local Government, and Sections IV and V vest them with the power of controlling the interior Economy, and of appointing the Officers and Servants of the Temple. But whether these refer to the Committees already appointed or to others of uniform character on supercession of them or of superior powers for the supervision of them is not stated.

The Committees of Panchayets which, as already stated have been appointed for the majority of the institutions by the Collectors, appear to me to be in accordance with the requirements of these sections. They may be considered to occupy the places of the "Local Agents" denoted

denoted by sections XI to XIII of Regulation VII 1817 being held accountable to the Courts of Law as the latter were to the Board of Revenue. But no notice has been taken of the cases in which a different arrangement was adopted and in this respect the Draft is defective.

The proceedings of the Collectors were confined simply to the appointment of Committees in the first instance and no provision was made for perpetuating them. Various propositions it is true were started, - as that the posts should be hereditary, that the surviving Members of the Committee should choose their associates on the occurrence of vacancies or that Government should continue to exercise the right of selection. Each of these was considered by the Board to be open to objection and they suggested that the new Trustees should be elected by the persons who had an interest in the particular Institution. The proposition contained in section II of the Draft not had been already been objected to by the Board on what appear to be valid grounds viz. as

proceedings It might naturally have been supposed that the object of such an enactment would have been to legalize arrangements framed after so much time and trouble with the approbation of the local authorities, and it is believed with the concurrence of the Supreme Government But this is not the case.

Sections II and III provide for the appointment of Committees of superviesion and for the filling up of vacancies in them by the local Government and Sections IV and V vest them with the power of controlling the interior Economy, and of appointing the Officers and Servants of the Temple. But whether these refer to the Committees already appointed as to others of uniform character in supercession of them or of superior powers for the supervision of them is not stated.

The Committees of Punchayets which, as already stated have been appointed for the majority of the institutions by the Collectors, appear to me to be in accordance with the requirements of these sections They may be considered to occupy the places of the "Local Agents" devised

Fort St. George 19th November 1816

devised by sections XI to XIII of Regulation VII 1817 being held accountable to the Courts of Law as the latter were to the Board of Revenue But no notice has been taken of the other cases in which a different arrangement was adopted and in this respect the Draft is defective.

The proceedings of the Collectors were confined simply to the appointment of Committees in the first instance and no provision was made for perpetuating them. Various propositions it is true were started, as that the posts should be hereditary, that the surviving Members of the Committee should choose their associates on the occurrence of vacancies or that Government should continue to exercise the right of selection. Each of these was considered by the Board to be open to objection and they suggested that the new Trustees should be elected by the persons who had an interest in the particular Institution. The proposition contained in section II of the Draft act had then already been objected to by the Board on what appear to be valid grounds viz. as

as falling short of that complete separation which it was the great object to effect. The Boards plan is free from this imputation. On the other hand it may be troublesome to define a constituency for each Institution and to fix a qualification for voting. Still these are not insuperable difficulties. For example the former may be determined with reference to the influence and importance of the temple and be confined to a single Village or extended to a district as the case may be. the latter may be limited to individuals paying a certain amount of revenue and holding puttahs in their own names or some such stipulation.

But it has appeared to my colleagues that section II is not applicable to the Committees already appointed for each Institution, but is intended to provide farther for the Establishment of central Committees to exercise a general management and control over them. I do not see that the wording of the section necessarily requires this rendering, tho' the words "Trustees, managers and Superintendents" in

Section II which have been occasionally applied in our correspondence with the local Officers to the newly appointed Committees might have been considered applicable to them, had the act been drafted with special reference to our proceedings. But this there is no reason to suppose and I understand these terms to mean the Durmakar[1] tax and Executive officers who have always been more immediately in charge of the temples, and not the individuals now specially appointed to superintend and Control these executive Officers. Recollecting the trouble and opposition experienced in accomplishing what has already been effected, I doubt the possibility of procuring any superior controlling bodies that would be accepted by all parties. The numerous Institutions for which arrangements have been concluded belong not only to all castes and descriptions of natives but also to various sects and denominations in the same caste[2] to Saivas[3] and to rival bodies of the same creed[4] to factions which divide the

[2] As Jangamas, Pirakalus &c.

[3] As Tengalas and Vadagalas.

\As Right & left hand castes.-

the whole community \Castes/ &c. many of which are animated by feelings of bitter hostility against each other. To combine all these shades of opinion under general Committees or even under Committees for each denomination I consider impracticable.

Another view of the nature of these Committees has been taken from the explanation of the sentiments of the Supreme Government with reference to them conveyed in the 2d para of Mr Secretary Bushby's letter dated 20th June 1816. which seems to imply that they are only to be nominated on special occasions for the investigation of abuses "on the representation of the people interested."

If this be the case the final settlement of the question would be farther off than ever. The Officers of Government would be constantly called upon to receive complaints and to adopt steps for their adjustment, or to take measures for filling up vacant Offices [section illegible]

But

But this reading, which was mooted at the Board, appears to me to be hardly tenable.

It appears then,

1. That sections II, IV admit of three different interpretations, as providing.

1st. For the legalization of the existing Committees.

2d. For the appointment of central Committees in supercession of or in addition to the present Committees.

3d. For the nomination of occasional Committees on particular emergencies.

2. That the draft is defective inasmuch as it makes no provision for cases in which it has been found impracticable to select any Committee to which the temple Establishment would submit - as in the cases of the Mahant of Tripatty, the Goorookool of Trimonala &c. and

3. That it further omits to notice the mode of proceeding against Rajahs and Zemindars, who in many cases have been invested with the charge of Institutions, some of whom are not amenable

to

to the Courts and others as the Rajah of Travancore are not subject to any jurisdiction whatever.

Another principal defect in the Draft Act appears to me to be that the functions and responsibilities of the Committees are not defined with sufficient precision - Under the vague and general forms of expression now employed it is difficult to see how a valid ground of action could be established against them under section VI. The Board in their Proceedings of the 21st March suggested modes by which such responsibility could be created - Viz by the execution of Deeds of Trust and by making provision for the production of the Pagoda accounts - Under VII 1817 the Collector was empowered to make summary inquiry into all complaints, but in Judicial proceedings the same latitude is not allowed - and the Courts will not feel themselves at liberty to take cognizance of matters which are not specified in any Law. But in addition to this the concluding section (XVII) of Regulation VII 1817 declares that all enactments present

present or future, for the punishment of revenue frauds or embezzlements should be applicable to persons connected with the Religious Institutions referred to in the Regulation - These are IX VII 1822 1823 and XXXVI 1837 in which the acts constituting offences, the parties amenable and the mode of procedure are specifically laid down. The Draft Act commits the disposal of all actions under the Act to more formal tribunals - and at the same time omits to provide the means by which they can be prosecuted to a successful conclusion -

The same vagueness of phraseology is found in other important clauses of the Draft - The expression in section III "the community connected with the Institution," conveys no precise character by which the right of parties claiming to have a voice can be admitted or rejected - The words in section VI "any person who may be aggrieved" is liable to the same objection - Who is to determine the persons entitled to plead grievances? and what acts are to be considered as grievances?

On the whole I consider the Draft Act as it now stands to be deficient

Fort St. George 19th November 1816

deficient both in perspicuity and completeness and that it will not fulfil the objects for which it is intended without material alteration.

I have already stated my views in regard to the Draft act in a separate Paper dated 28th August. The arrangements at present in exist-ence do not embrace general bodies for the supervision, as defined in the proposed act, of the affairs of the several institutions. This defect is now supplied and existing arrangements will merge in the provisions of the new act. The Committee of the proposed act is purely a body of supervision, with powers in certain cases as defined in Sec 11th where as the Trustees, Managers and others under the recent arrangements are more strictly executive & ministerial bodies. Where it is otherwise, and it is considered desirable that the arrangement shall be permanent, the proposed act will legalize the appointment, giving the parties the additional powers conferred by Section 11th

I

Fort St. George 19th November 1816

I dissent from the views expressed in para 3 of the letter to Govt. It is clearly obligatory on Govt. to provide for the objects of the proposed act, a duty which necessarily involves that Vacancies in Committees shall be filled up by them unless a good suitable arrangement presents itself. The Board seem to think that Vacancies should be filled up by popular election or in some other way. Popular elections, it is evident, are suitable only where popular rights and interests are involved. There is nothing of the kind in the present instance. The chief duty of Committees is to see that the Funds and Property of the institutions are not misappropriated. The expressed wish of the community, as provided by section III of the proposed act is sufficiently declaratory of the popular voice, and will be found practically to be the safest guide in the selection of a fit person to fill a vacancy. As it appears right that Committees of Supervision should be maintained in their original respectability and adaptation for the duties required of them, it does not occur to me

that

14745 Fort St. George 19th. November 1840

that the separation of Government from their former executive connexion with Pagoda Establishments will be rendered in any way incomplete by their filling up vacancies in Committees in the way proposed — On the contrary it appears to be the fulfilment of an obligation — Standing Committees as proposed consisting of one or more respectable natives fully embody the main objects of the intended separation, Viz: 1st. To relieve the officers of Government from duties incompatible with their position and 2d. to substitute a suitable profession for the administration of religious Establishments.

I do not think that the proposed act is defective in regard to the definition of offences and persons affected by its provisions — Sections IV & VI appear to be sufficiently explicit on these points.

The act appears defective in not providing for escheats and the appropriation of surplus funds. It is not likely that a surplus will be declared at first, but as a large surplus has fallen to accrued under the management of the Government Officers it is not improper to anticipate that a surplus may hereafter exist for the appropriation of such, for the general welfare, provision should be made.

From the Offg. Secy. to Government — Directing that the Collr. of Guntoor be instructed to prefer to the Sudr Court the Claim of Government to such balance as may be in their Custody to the Credit of the Vuzeereddy Zemindar and to report the issue of his application.

Read the following Extract.

Extract from the Minutes of Consultation under date the 12th November 1840.

Read the following letter from the Secretary to the Board of Revenue.

(Here enter 22nd October 1840 No. 54)

From the Proceedings of the Board and the Correspondence accompanying their Secretary's letter of the 22d Ultimo it appears that a sum of Rupees 484788 the Surplus Collections of the Vuzeereddy Estate in the years from 1820 to 1830 was invested in the Government loans to the credit of the Zemindar and the bonds deposited in the Custody of the Sudr Court. In the years 1833 and 1836 Rs. 366287 were paid under order of the Court in liquidation of arrears of Public Revenue. From the Interest derived from the balance the pensions to the family of the Zemindar are regularly paid. The Estate having now been purchased on account of Government and the Zemindar having complied with the requisition made on him for the relinquishment of all demands on account of arrears upon his former Subtenants the final Settlement of the balance of Principal depends upon the disposal of these deposited Funds. The Board suggest that the Collector of Guntoor should be authorized to prefer to

to the Sudr Court the claim of Government to such balance as may be in their hands on the grounds that whatever it may be it is liable under Section VII Regulation XXXII of 1802 for the public demand which still amounts to the large sum of 3,24,568-7-7

The Governor in Council concurs in the opinion of the Board and desires that their Suggestion be at once carried out and the issue of the application of the Collector Communicated to him. In the event of the claim of Government being admitted, The Governor in Council will be prepared to give favorable consideration to the claims of the family of the Exe. Zemindar to life pensions equivalent in amount to that they now derive from the interest of the deposited Bonds.-

Order thereon,

Ordered that Copy of the foregoing Extract Minutes Consultation and of the Boards letter to which it is a reply be Communicated to the Collector of Guntoor for his information and guidance in reference to his letter of 17th September last. Mr. Stokes will be pleased to make early application to the Court of Sudr Adalut for the Amount of

of the Government Securities now in their Custody on account of the Unforeseen Zemindary to be appropriated in satisfaction of the arrears of public revenue still outstanding against that Estate and he will apprize the Board of the result of his application. He will be careful to acquaint the Sudr Court with the intentions of Government towards those members of the Zemindars family who now desire support from the interest of the deposited bonds.-

12. The total Collections from the
this branch of Revenue for the Fasly
under review amounted
to Rupees 6,00,375-1-2- from
which the Charges amount
-ing to Rupees 19,625-13-7-
being deducted there remain
-ed a clear surplus revenue
of Rupees 3,80,689-3-7 being Rupees 69,639-

13. Statement No. 2. will shew
that there was an increase of Rupees 58-3-
on building materials &c. but a decrease of
of Rupees 76-11-7 on those of Tobacco and other
articles; and the former being set off against the
latter, gives a Net decrease of Rupees 18-11-7-

14. The duties collected in Juggiapettah
Division on Tobacco, Ghee, Tamarind, Sugar
Paddy and other Articles exceeded those of
Fasly 1254 by Rupees 6036-15-10 in con-
-sequence of the large exportation
of these Articles to Hydrabad and other
foreign

foreign Native States from the demand which
obtains for them in those parts of the Country-
There was however a decrease of
15. Rupees 8347-3 in the Collections of duty
on Cocanuts, Iron, Rawsilk &c. in consequence
of their non-exportation to Hydrabad to the
same extent as in the preceding year as well
as on Opium imported from Mysore which
has been exempted from duty-
The result of the increase and
16 decrease noticed above shews a Net decrease
of Rupees 2310-3-3 in the Frontier Collections-
In the frontier Chowkies of
17. the Tinevelly division there was a small
increase of Rupees 197-12-3 in the duties
collected on Paddy, Gingely Oil seed, Joggery
&c. exported to Hydrabad. There was on the
other hand a decrease of Rupees 11,143-6- in
the duties collected on Cloths, Tobacco, Ghee
Timber &c. in consequence of the duty on
these Articles having been paid by the
merchants to the Chowkey Officer in Bommidellum
in the Rajahmundry District instead at
Chintalapoody as in the preceding year owing
to

to the Tariff prices being left at the former place. To remedy this measures are in progress with the view of assimilating as far as practicable the Tariff prices of both Districts which will form the subject of a separate communication. The Net decrease on the Sirwore frontier amounted to Rupees 915-9-9.

18. In the frontier Chowkies subject to the Nundegamah Division the duty collected on Tamarind and other Articles exhibited an increase of Rupees 47-15-7 but a decrease of Rupees 47-4-- in those on Cotton &c. the Net increase being Rupees --11-7--

19. There was a decrease of Rupees 142-10-3 on the frontier duties collected on Articles conveyed by Bunghy from and to the foreign States through the Post Offices in this District under the Provisions of Act No. XI of 1844.

20. The total decrease on account of frontier duties in the Tuoly under review amounted to Rupees 879-13-6 but if the increase in some of the items be deducted therefrom the Net decrease amounts to Rupees 346-4-5.

21. The Collections under this head including arrears and Extra items amounted to Rupees 34,320-12-4 from which if the sum of Rupees 4549-4-10 on account of Charges be deducted the

Export duties. 23 The duties collected on Ghee, Ginjelly oil seed, and blue long Cloths &c. exported by the Commissariat and the Merchants exhibit an increase of Rupees 1,648-8-10. There was however a decrease of Rupees 852-15-7 in the exports of Paddy, Turmeric, Painted Cloths &c. in consequence of these articles having been dispatched by land to Bombay by the Mogul Merchants instead of by Sea.

Import Duties. 24. There was an increase of Rupees 2072-1-5 in the import duties owing to the large importation of Alum, Borax, Paddy, Silk piece Goods and Glass ware from Calcutta, but a decrease of Rupees 2460-9-9 from the non importation of Pepper and Benjamin and a large quantity was imported in the preceding year from a Vessel bound to Nagore and Negapatam which was driven to this port by stress of weather as also from the non importation of Europe Cotton Thread

left a net revenue of Rupees 4,82,628-4-4 the increase above that of the preceding fusly being Rupees 67,200-4-6 as shewn in the Margin.-

39. In Conformity with the instructions conveyed in Mr. Secretary Elliotts letter under date 27th October 1828 I have the honor to submit herewith two Statements A. and B. explanatory of the Causes of increase and decrease in each item of Revenue.-

40. It will be observed on reference to Columns Nos. 7 and 9 of the Statement A. that of the demand of Rupees 5,17,670-9-8 including Extra items the sum of Rupees 5,12,776-8-8 was collected within the fusly leaving a balance of Rupees 4,894-1-4 of this the sum of Rupees 2,067-4-6 on account of Salt Rupees 1,747-5-11 on account of

of frontier duties and Rupees 504-2-5- on account of Abkarry Moturpha and Sundry small farms and licences has since been collected, leaving a balance of Rupees 215-8-2. as noted in the Margin which will also be realized hereafter.-

| | |
|---|---|
| Abkarry | 38-10-7 |
| Moturpha | 176-13-7 |
| | 215-8-2 |

41. On referring to Statement B. the Board will observe that there was an arrear of Rupees 9,455-12-4 due at the end of fusly 1254 A.D. 1844/45. under the heads noted in the Margin.-

| | |

| | 9,455-12-4 |

42. Of the Sayer balance Rupees 6,053-11-8, the sum of Rupees 1,514-7-7 has since been collected and agreeably to the sanction of Government dated 21st June and 15th September 1845 the sum of Rupees 2099-11-8 Viz. Rupees 1,502-12-7 on account of Sayer Renters of Fusly 1236 A.D. 1826/27 and Rupees 530-15-1 on account of the Renters of Fusly 1242 A.D. 1832/33 has been written off in the accounts. After deducting the said sums there remained a balance of Rupees 2,439-8-5 as will appear on reference to the accompanying Statement No. 1.-

43. It will be observed from enclosure No. 2 that there was an arrear of Rupees 2,469-12-6 on account of Abkarry Revenue from which the sum of Rupees 1512-3-1 Collected on account of Fusles 1244-45-48-49-50 and 54 as well as the sum of Rupees 67 written off agreeably to

the

the sanction of Government dated 5th April 1840 in all Rupees 1579-3-1 being deducted there remained an arrear of Rupees 888-9-5 of which Rupees 11-8-4 have since been Collected and as regards the remainder Rupees 877-1-5 it is to be observed that the result of the enquiries which at the date of my last report were in progress enables me to state that the recovery of the sum of Rupees 731-1-3 is hopeless and it is accordingly recommended to be written off in the accounts. The remarks appended will give the necessary explanation regarding the balance which still Remains.-

29th Dec. 1845 see also M. of Lond 2nd April 1840.-

44. The small balance of Rupees 6-6-- on account of Small farms and Licences will be realized hereafter for which orders have been issued.-

45 Enclosure No. 3 will shew that there was an arrear at the end of fasly 1254 of Rupees 927-14-2 on account of Moturpha of which the sum of Rupees 320-5-6 was Collected within the fasly and Rupees 13-6-1 since. Of the remainder, the sum of Rupees 60-6-9 I consider to be irrecoverable and accordingly recommend that it should be remitted by which the balance will be reduced to Rupees 533-11-10. Regarding which the remark appended to the Statement will give the necessary explanation.-

There

46 . There is an arrear on account of Moturpha Revenue due up to fasly 1248 amounting to Rupees 2448-2 which is not included in the demand at present under the Board's orders dated 4th May 1840 of which the sum of Rupees 6-11-4 was collected within the fasly which has been carried to account under the head of Extra Revenue. Now it has been ascertained on enquiry that the recovery of Rupees 1079-14-10 on account of the said arrear as explained in the Column of remarks in the accompanying Statement C is entirely hopeless, and I therefore recommend that it should be remitted and written off in the accounts.-

47 . The Balance still remaining which amounts to Rupees 1361-8-3 will as far as possible be collected from the future resources of the persons from which it is due.-

**REMARKS.**

No 1 The increase in the Sales is owing to there being a large quantity of Salt in Stock at Pondraca and Sunnegodoro Cotaurs

No 2 The increase in the Charges is in consequence of a larger quantity of Spontaneous Salt on having been gathered in Fusly 1265 than in the preceding Fusly.

No 3 This decrease is owing to the limited amount of Charges incurred for repairing Canals &c. during the current Fusly.

No 4 This decrease is attributable to the limited amount of duties Collected on Cloths Opium Silk &c. in this Fusly.

No 5 This decrease is owing to the disbursement of the Salaries &c. as per Peria Moyenzabeitha sanctioned by Government.

No 6 The decrease in the Drawback is owing to the limited amount disbursed in this Fusly.

No 6 The increase arises from the levy of duty on Grains &c. in this Fusly.

No 7 Requires no remark.

No 8 This increase is owing to the punctual payment of the Kists by the Abbary Renters in this Fusly.

No 9 This increase is owing to the pay of a Comastah employed in the Huzzoor Cutcherry having been disbursed in full in the Current Fusly.

No 10 The decrease under this Head is owing to there being but little demand for Stamp Papers for Suits as well as to the issue of Rawanahs on Plain Paper in lieu of Stamp Rawanahs in the Frontier Chowkies during the Fusly.

No 12 The decrease is owing to the same Cause.

No 13 The increase is in consequence of a large amount of Moturfa tax Collected from some individuals with reference to their professions in this year as well as to the Rent Amount of Indigo Pots being included in it.

No 11 Nil.

Guntoor Collectors Cutcherry 17th October 1846.

(Signed) H Stokes
Collector

Fort St. George 19th November 1846

Ordered that the foregoing letter and the previous correspondence on the subject be submitted with the following address-

To the Chief Secretary to Government

(27. 28)

To the Chief Secy to Government

Submitting a correspondence with the Collector of Guntoor regarding certain arrangements & alterations of his Establishment which have become necessary in consequence of the sale of the Zemindary Estates and of the present condition of the districts with the Board's recommendation of the Collector's proposals.

Sir,

I am directed by the Board of Revenue to submit the accompanying correspondence

From Coll. 27th March in Cons. 19th July 1846 with the Collector's Proceedings 23d July ——

From Coll. 17th Augt in Cons 8th Octr — of Guntoor regarding

To Coll. 8th October —— ing certain arrangements and alterations of his Establishment which have become necessary in consequence of the sale of the Zemindary Estates out of the present condition of the District-

From Coll. 17th October in Cons. 17th Novr — ments and alterations of his Establishment which have become necessary in consequence of the sale of the Zemindary Estates out of the present condition of the District-

2. Mr Stokes' letters embrace three propositions- 1. A new Territorial division of the Zemindary Villages into more convenient revenue charges; 2. A transfer of three Zemindary Villages within the limits of Palnad to the Talooks of that division and the exchange of certain isolated Villages of Vellore included within the Guntoor boundary for others belonging to Guntoor which are within the Vellore frontier, and 3rd a revision of the Establishment both in the Hoozoor

Fort St. George 19th November 1846.

Hoozoor and the Talooks with reference to the new arrangements of the latter already proposed-

From Coll. 25th May in Cons. 22d June 1843

3. The first of those measures was originally proposed by Mr Stokes in 1843, but being dependant on the revision of the Establishment the consideration of it was postponed with reference to that measure which Mr Stokes was unable to submit until after his return from the Cape- The manner in which the Villages of the different proprietary Estates are intermixed with each other is depicted in the Map accompanying the Commissioners Report and the causes arising out of the original partition by separate Villages, of the largest Samat (Condavid) between the 3 principal Zemindary families without reference to the contiguity or compactness of their several shares and the subsequent changes occasioned by family divisions, sales, transfers &c. are described in the 2nd para of the Collector's first letter- At present the whole are divided among 14 Revenue Ameens (exclusive of the Palnad Talooks) 5 of whom are without Police authority, which is vested in the other 9 together with two detached Heads of Police and two Salt Ameens the Villages being much scattered and in some instances even subdivided, many Villages and

Subdivisions of the same Village being subject to the jurisdiction of two different Officers- For these it is proposed to substitute 12 Tasildars, each exercising Revenue & Police authority within his limits- The 12 new Talooks are formed without reference to the former proprietary divisions on the gneral principle of proximity to the Cusbah or Head Station of the Tahsildar as shewn in the accompanying Sketch Map- The inconvenience of the present arrangement and the propriety of that now submitted which is also recommended by the Commissioner are so obvious that the Board have no hesitation in recommending Mr. Stokes' proposition for confirmation- The Collector has anticipated the only two objections of any moment that can be urged against it- Viz. the liability of the proposed divisions to be broken up in the event of the Estates being restored to the proprietors and the difficulty of keeping the accounts of each Estate distinct particularly with reference to the orders of the Honorable Court of Directors for the future adjustment if necessary of the charges of the Survey and of the repairs of public works with the Zemindars- But as Mr Stokes justly observes, in the first case, the district would not be worse off from having been more conveniently managed

managed in the meantime" and to obviate the second difficulty he proposes to furnish annually a separate Statement of the Settlement Collection and charges of each Estate prepared from the Account of each Village, which the Board consider will suffice for all purposes of comparison and adjustment that are likely to be required-

From Coll.r 27th March Para 12 –

4- The Board are in communication with the Collector of Nellore regarding the transfer of the detached Villages of both districts to the one within the limits of which they are situated which will form the subject of a future communication- In the meantime they see no objection to the immediate incorporation of the 3 proprietary Villages with the Palnad Talooks as desired by Sub Collector-

5- The revision of the District Establishments in connection with the new distribution of Talooks after some modifications proposed by the Board provides for the Arrangements of the Tahsildars into 3 Classes with salaries of 120–100 and 80 Rupees a Month which are as low as the Board deem consistent with the importance and responsibility of the newly constituted charges- Mr Stokes also recommends the appointment of Deputy Tahsildars on Peshears in the 8 larger Talooks which with some Honor

alterations

alterations will be found at length in the accompanying Statement.

6. In the Collector's own Office it is proposed to raise the Head Sristadar's Salary from 210 Rupees to 280, and to place him in this and in all other respects on the footing of the same Officer in the settled Districts, to increase the pay of the Deputy and Sristadarship to entertain a Translator the duty at present being performed by the Head Writer to the prejudice of his more immediate duties, to abolish one of the native record Keepers and to entertain an English one there being no such Office at present together with some minor alterations and some modifications of anomalies in the Talook Establishments which will be seen in the accompanying Statement containing the present and proposed Monyen Jedidah for the whole District. The Board entirely concur in the propriety of all these arrangements and beg to recommend

recommend them for the approval of Government — The net saving effected by the reduction of two Talooks after providing for the addition to the pay of the Tahsildars and other changes is Rupees 80 — per Mensem. In the Beoygoor there is an increase of Rupees 170 from which must be taken the proposed reductions Amounting to 62 Rupees which will leave a net increase of 108 Rupees per Mensem. The saving on the whole Establishment District and Beoygoor — Amounts to Rupees 722 — per Mensem or Rupees 2007 — per Annum and this being the case the Board trust that the alterations if approved may receive the immediate sanction of Government —

† A Column has been added to the — figured Statement shewing the proportions in which the District Charges for Establishment are debited to the Government and to the late permanently settled Revenue which may be charged to the several Estates in the ratio of their Collections or as Mr. Stokes finally proposes according to the Amount at present actually borne by each Estate Mr. Stokes requests special sanction for the higher rates of pay now drawn by the Officers of the former Sibbendy Peons now employed on General Police duties which will be reduced to the regulated allowances of the police Establishment as the present incumbents lapse. In the propriety of the increase the Board concur and beg to support the Collector's recommendation —

From the Collr of Guntoor

Reporting that the Guntoor District has been visited with an excessive fall of rain from the 20th to the 23d Inst. that the Bunds of certain Tanks except in the North western Talooks have been breached that the bridges at Nundeyaud &c are in good state and that the Jonna Crops in many places have been inundated &c &c

Sir,

Para 1. I have the honor to report for the information of the Board, that this District has been visited with an excessive fall of rain from the 20th to the 23d Instant, accompanied on the 22d with a gale which for about one hour from 9 to 10 P. M. appeared to equal in violence that experienced in May 1843. Providentially however the injury sustained has been comparatively trifling and will, I trust, be in a great measure compensated by the general benefit from so copious a supply of water at the end of the rainy season. The gale as now already ranged nearly round the compass commencing in the East veering round by the North, and ending at South West. the violent squall already alluded to coming from the North west. The Tanks except in the North Western Talooks being previously for the most part full the torrents of rain, together with the tremendous force of the gusts of wind from the west in almost every case

in

Fort St. George 19th November 1846.

in the Central Villages of the District forced the water over the Bunds and breached most of them. From this cause, as well as from the sudden rush of the Nullahs, the whole of the Country for much of the distance between Pulicat and Sullore was again flooded as in May 1843 to the delay for four days of the Southern Mails and indeed of all Communication. Yet as in the last occasion though the water was above the arches the bridges at Nundeyaud, Varagani and Parchoor have none of them given way. The Block Tank at Guntoor was breached extensively about 9 o'Clock on the 22d and the Madras road broken up for a distance of 120 yards nearly all the Tanks within 12 Miles of Guntoor shared a similar fate. I am happy however to say that the most important reservoirs with which the Joongabhadra communicates and under which there has been this season an extensive Cultivation Viz. Koonamoor Chundolo Assie-cutta and Banputta, as well as those of Copalcoor and Cherkoor were safe up to the 24th Instant tho' they were still in great Jeopardy. Unlike the floods of 1843 they have not on this occasion caused loss of human life or with a trifling exception of Cattle.

2. The Jonnah Crops in many places have been inundated and elsewhere almost universally laid, but as there has been no rain since the evening of the 23d and a dry Northerly wind has prevailed, they will with some few exceptions fully recover and probably yield more than they otherwise would

would have done.

Sir,

From the Coll.r of Guntoor

(31)

With reference to my letter of yesterday I have the honor to report that from the accounts this day received, the principal Tanks communicating with the Kistna, with the exception of that at Emany which has burst, may be considered out of danger; tho' the low country around Bapetlah is still under water. I regret to be obliged to qualify what I said regarding the loss of human life as reports have been received of two females killed by the falling of houses and one person drowned. The accounts from Palnaud, Innacondah and Mauntoor shew that the rain has been of great service in the western Villages while little or no damage has been caused by the storm or floods.—

7. There has been an increase in all the Talooks excepting in those of Cumbum, Chennoor, Muddenpally and Poolevandalah. The decrease in these above mentioned Talooks amounting to Rupees 1200 is owing to the Sums the Renters agreed for in the Fusly under review falling short of those made in the preceding Fusly consequent on their having sustained a loss by the high offers they made in that year.

8. Of the above demand Rs. 1,08,266 3 4 were collected within the Fusly and the remaining balance of Rs. 668-12-8 has been realized since.

It will be perceived that there has been a Net increase of Rupees 995-8- in the renting of Orchards and Topes which is attributable to the favorable nature of the season as regards the plentiful production of Mangoes, particularly in the Talook of Chennoor in which Orchards and Topes are more numerous. The increase under the Head of Palmyra or Rent for the privilege of sifting the ashes of the Goldsmiths Furnaces amounting to Rupees 89 is owing to there having been a greater competition causing higher Offers to be made in all the Talooks excepting those of Doopaud, Doovoor, Camalapoor, and Muddenpully, in which the late Renters, it is supposed, sustained a loss in the Offers made in the previous Fusly. No one has in the Fusly under review come

forward to rent the privilege of working the Deamond Mines. There has been an increase in the Honey rent in all the Talooks excepting Goorrumcondah and Muddenpully. The Net increase in the amount realized by the sale of Red wood viz.th Rupees 496-7-7 is owing to larger quantities having been purchased particularly in the Chetwail Talook, while the Net decrease under Palmira Trees is attributed to opposite results.

12. Of this demand Rupees 16,377-14-7- were collected within the Fusly, leaving a balance of Rupees 332-7-11 of which Rupees 304-13-11 have since been realized.

14. The demand under these Sources of Revenue amounted to Rupees 1,46,471-3-5 being Rupees 1,519-7-4 in excess of that settled during the preceding Fusly.—

15. The details of the increase are as follows—

| | |
|---|---|
| In Veesabady— | 110-10-10 |
| In Bagur Veesabady— | 1,408-12-6 |
| Total Rupees— | 1519-7-4 |

16. The increase under the head of Veesabadee or the Tax on the profits of Trade is owing to the increased Taxation imposed on Merchants according to their dealings and extent of Traffic they carried on, and that in Bagur Veesabady to the increased Number of implements used by various artificers but chiefly of Looms.—

17. Of the above demand Rs. 1,44,927-8-7 were

Fort St. George 19th November 1846.

were Collected within the Fusly and of the balance Rupees 1,543-10-10 Rupees 979-15-5 have been since collected leaving a balance of Rupees 563-11-5 still due.—

Stamps— 18. The amount of Revenue realized from the sale of Stamps in the past Fusly amounted to Rupees 11,822-4-" being Rupees 3,507-12-" less than that collected in the preceding Fusly.—

19. The decrease under the head of Revenue Stamps is attributable partly to fewer Original Suits having been filed both in the Subordinate and Sudr Ameens' Courts during the Fusly under review and partly to Stamped papers of 1/4 Rupee value being used agreeably to the orders of the higher Court instead of that valued at 1/2 rupee in filing Pleadings and documents. It is also ascribed to fewer appeals having been made against Decrees in Original Suits during the Fusly.—

From the Agent to the Governor of Tormashing Kurnool
Report upon the Settlement of the Extra Sources of Revenue for fusly 1255.

Sir

I have the honor to report upon the Settlement of the Extra Sources of Revenue in my District for fusly 1255.

2. Under this head there is a decrease both in Imports and Exports. The principal deficiency is in the article of Cloths and occurs chiefly at the Chelikes on the Northern Frontier of the Cudwal Country. This is ascribed to the great Annual fair not having taken place this year, and to the prevalence of Cholera and the dearness of food in the Nizams territories. The next great deficiency is in the duty on Coosumbah which is brought from the same part of the country, but which failed this year in consequence of the want of rain. Statement A shows a total decrease of 5781 Rupees but in this are included a sum of 3529 Rupees on account of Sayer duties in the Bungarpully Sagtire which were subsequently under the orders of Government altogether abolished.

* Surplus collections of fusly 1254 carried to the account of fusly 1255.

Abkarry. 3. The Abkarry rents were higher but the actual collections fell short of those in the previous fusly and heavy balances are still outstanding. This was owing to the long drought which is still unfavorable

unfavourable to the production and to the sale of the liquor, the principal consumers being the lower classes who suffered considerably from the dearness of food. The Balances at the end of the fusly amounted to 27,000 Rupees, and were in all the talooks but one. This Balance has since been reduced to 17,990 which was outstanding on the 1st instant. This is against two persons, one of whom is the Renter of the Paunian talook

Rent for fusly 1255 ——— 10500
Balance at the end of Dc 3275
Rent for fusly 1256 ——— 8940

and is a defaulter to the amount of 1996 Rupees. This talook suffered very much from drought and there is no doubt that the Renter sustained a very heavy loss. He is himself a man of no substance but his security is a Sowcar of Kurnool and is competent to discharge the balance if the Board think fit to enforce the whole of it. The remainder is against Buswaugand whose rent was taken under amany on the 16th of May as sanctioned by the Board under date the 4th June 1840. The collections under amany were much below the rent as will be observed by the Marginal Statement. Buswaugand rented three talooks besides the Cushah

Cushah Kurnool. The deficiency is in all, but chiefly in the latter, which is to be attributed, in addition to the reasons mentioned above to the removal of the Regiment from Kurnool with all the camp followers, two companies only being retained for some months after. The rent also was manifestly too high. What the actual amount of his loss has been it is difficult to say, as he kept the Cushah sales in his own hands, but the balance against his under Renters to meet the Circar demand in the three other talooks was at the end of the fusly Rupees 4227.

5. The Renter and his security are substantial Meerasdars in the Bellary District, and though I believe there is no doubt that if time were given them the whole of the arrears could be eventually discharged — it would be such a drain on their resources as would cripple them for years. I am aware that it is not usual to grant remission of rents which are a matter of speculation in which a man must take his chance of loss or gain, but a peculiarly adverse season in addition to other circumstances makes this a case in which the indulgence of Government may be beneficially exerted, and I trust the

the Board will sesspost my recommendation for a remission of ten thousand Rupees to Busmaugoud and one thousand Rupees to the Renter of the Pannem taluck, and in the mean time authorize me to defer the collection of this sum till the decision of Government is made known. The remainder will be collected before long.

Sundry small Farms and Licenses

5. There is an increase under this head of 415 Rupees, it is principally on account of the Diamond Mines which were rented for 366 Rupees more than in last year.

Motorpha

6. There is likewise a small increase in the Motorpha of 310 Rupees, it is chiefly on the Tanners in Kurnool who appear to have been assessed much too lightly before in proportion to the profits of their trade. The chief items of decrease are 102 Rupees on the Dyers of cloth, and 104 on the Butchers in Kurnool with regard to these last the Board desire me in their proceedings under date the 16th of February to state my opinion as to the propriety of relinquishing or retaining this tax. Its amount is regulated by the quantity of meat supposed to be consumed daily, which is ascertained by the number of sheep slaughtered and is in point of fact a direct tax on an article of food which is no doubt objectionable. As far as the Butchers themselves are

Latter part of Para 7

are concerned, they have most of them a thriving trade, it is not on their account therefore that I would advocate the remission, but as the price of meat would be much lowered if this tax were taken off it would undoubtedly be a great boon to members of the poorer class of Mussulmans, who are not in very flourishing circumstances, and I would therefore be very glad to see it given up.

Stamps

7. The decrease of 270 Rupees in the sale of stamps is caused by a decrease of 39 Rs on account of Rowannas, the use of which was abolished by order of Government, and the remainder is owing to the diminished sale for Civil purposes.

Balances of Jusly 1254.

8. All the arrears outstanding at the end of the fusly have been collected except as 353-5-3 on account of Motorphas of this b-R. it owing by two Bukkals who complained that they were already highly assessed in other taluks and as I found their statement was correct I directed the collection to be suspended, and beg to have the sanction of the Board for writing it off.

Viz 306-3-6. I trust the Board will procure the permission of Government to write it off.

9. I have now the honor to report the result of my investigation into the old balances outstanding from fusly 1250, the amount of which under each separate head is exhibited in Statement B.

Fusly 1250 Sayer.

10. There is a balance of 112-11-9 against one Sunjum Veeriah on account of Pollary, or tax on pasturage (at that time included in the Sayer) in three Villages. This seems to have been a disputed account from the commencement, for though the rent stood in his name the privilege was enjoyed by others, and as some of the persons are not now forthcoming it is impossible to ascertain the real truth of the matter at this distance of time. A balance of Rs 14-6-0 against the Sayer Renter in Paunieam taluck Swamy Row, his property was sold in satisfaction of arrears and this is the amount still unliquidated he having no means of discharging it. Rs 33-11-1 against the Sayer Renter in the Nundial taluck. This sum was appropriated by order of the then Amildar to the payment of Sibbundy charges for the collection of the Hullabury tax (at that time included in the Sayer) and ought to have been remitted at the time. The Hullabury was afterwards separated from the

the Sayer, and is now merged in the land Revenue. Rs 17-2-0 in the Dhone taluck has been already credited in the Village accounts to the head of Moturpha, and stands erroneously as a debit in the Taluck accounts to the head of Sayer. Rs 28-12-7 is against persons who have no means of paying.

1251 Sayer

11. Rs 300-7-3 balance in two Villages of the Alcoor and Nundeealoor talucks. This is an item of the Hullabury tax which in fusly 1250 was included in the Sayer in fusly 1251 that tax comprized part of the land Revenue and the sum in question was credited under that head, it was erroneously retained in the accounts as part of the Sayer, but the collection was suspended by order of the then Commissioner Mr. Blane.

1250 Akkarry

12. Rs 110-14-7 against the Renter in the Paunieam taluck swamy Row, the person mentioned before, whose property was sold in satisfaction of arrears against him.

1251 Akkarry

13. 631-14-0 against the same person 361-15-4 against the Renter in the Nundicaloor taluck, he is possessed of no property and has no means of paying.

Fusly 1250 small farms and Excesses.

14. Under this head there is a balance of 592-7-0 as tax on fruit trees and topes, and it is outstanding

on

in several Villages. The tax did not exist under the Mogalye Government except here and there where a few of the larger topes were taxed, and included in the Moturpha and it appears at first to have been collected with some difficulty, and was evaded under various excuses. The collection of this balance appears not to have been pressed at the time

1251-8-4-..
1252-29-12-..

in consequence of the trees not bearing. It suspended

1253-1-8-5

the collection of this, the trees being on the high road and the fruit at the disposal of travellers.

Moturpha Fusly 1250. 15 The total irrecoverable balance on this account for fusly 1250 is 2599-14-3 and of these arrears 1899-8-8 is due by persons

| Dead | Deserted | Unable to Pay | |
|---|---|---|---|
| 229-5-1 | 425-10-8 | 944-8-8 | |

since dead or who have left their Village or who are entirely unable to pay. A sum of 551-13-7 was suspended by order of the Commissioner, it having been already collected and carried to account for fusly 1249, the Moturpha under the Mogulye Government having been usually fixed in the Month of aswayujum (September) to the same month in the following year, and not from the commencement of the fusly. The country was assumed in Fusly 1249. and the consequence was that in some Villages, owing to the ignorance of the Burmans, the

period from the commencement of the fusly to the month of aswayujum was included both in the Mogulye accounts for fusly 1249 and again in our accounts for fusly 1250.

54 Rupees. In two Villages where it appears to have been collected and to have been expended on account of Village Sederward.

51-10-2 seems to have been collected and was appropriated by the then Sahsildar, but the fact does not appear to have been quite clearly established. 73-14-7 remains as a balance against the toddy drawers in a few Villages, by a mistake of the Burmans, as it was collected and credited under the head of abkarry, but under the Mogulye system this tax was included in the Moturpha.

Rs a p
21-15-.. by a similar mistake of the Burmans remains against the Renter of some topes included formerly in the Moturpha, but forming a separate head under our system and under which head this sum has already been credited.

Rs a p
130-6-7 appears against different persons exercising various professions, and on account of sheep pasturage. This balance is disputed on the ground that the professions were not exercised, and that sheep were not pastured that year, at this distance of time it is impossible to ascertain the real truth of the case.

Fort St. George 19th November 1846.

Rs a p
15-8-11 remains against the grain dealers, in a Village in the Chaguleuury talook, who paid a tax on all grain transported to other places, this was formerly included in the Motarpha but in fasly 1260 was transferred to the Sayer, and this sum was collected and credited by the Sayer Renter.

Rs a p
89-10-11 was paid out of the Motarpha collections to the Sayer Renters on account of Hullabarty Sibbendy charges, the Hullabarty being at that time included in the Sayer, but was transferred two or three months after the commencement of the fasly to the head of Land Revenue, which transfer entailed some loss on the Sayer Renters and they received the sum in question as compensation, which ought to have been written off at the time.

Rs a p
11-7-11 on account of Moolawaddum or a tax upon cattle passing through a Village. This tax was cancelled generally throughout the District but in this particular Village the inadvertence of the Curnum allowed it to remain in his accounts as a balance.

Fasly 1251 Motarpha. 16. On account of fasly 1251 the balance against persons deceased or who have left the Village or are in reduced circumstances amount to 103-8-9=4-2-5 against a Ryot suspended

suspended by order of the Commissioner because he has a considerable Puttah for circar land.

129-11-3 in various small Villages on account of the tax on sheep. The Curnums were directed to arrange so that the proportion of the sheep tax to be paid by the hamlets and small Villages should be brought to account in the accounts of the large Villages, but in some cases it was included in both, and this balance should have been struck off at the Summabundy of that year, it being already brought to account once.

Rs a p
7-5-8 is the loss by exchange of Coopers per Sayer Doodies.

Fasly 1252 Motarpha.

Rs a p
408-6-4 remains outstanding against persons deceased &c.

Read Deserted. Unable to Pay. 13-12-11 against a person
52-2-9 318-12-11 37-7-7 who represented that he had given up trade and held a Puttah for circar land, his Statement appearing on enquiry to be true the collection of the Motarpha tax was suspended.

42-4-11 in various Villages on account of the tax on sheep Grazing was entered in the Curnums accounts as a customary tax but

but was not collected in this year because the flocks were not brought from other Villages to graze as usual. Pa 14-6 is against the venders of vegetable in the Kurnool bazar, and 18-4-0 against some Palankeen Bearers and Village servants who plead to be exempted on account of their services.

17. In receiving the various items detailed above, the Board cannot fail to remark certain irregularities which do not exist in the old Districts, but when with the change of Government a different system was gradually introduced it was not to be expected that the same accuracy and regularity was all at once to be attained by a class of servants who under the lax superintendence of the mogulye rulers, were little accustomed to the formal precision of our fiscal arrangements. At the commencement of fusly 1255 the total balance on account of Extra Sources of Revenue was Rupees 20464 which has been subsequently reduced to 7278-13-4 and of this latter sum I consider that Rupees 6726 1-6 are irrecoverable, and I beg to express a hope that the Board will procure the sanction of Government

From the Collr. of Salem - Forwards copy of his report made to Government on the subject of employing Pensioned Sepoys at the different Talooks.

Sir,

With reference to Extract from the Board's Proceedings dated 28th Septemb[er] 1846 transmitting Extract from the Minutes of Consultation dated 1st Idem requesting me to report the result of the system introduced into the Salem District of employing Pensioned Sepoys at the different Talook Treasuries I have the honor to forward copy of my report made to Government on the Subject on the 15th May 1843, and to state that since the sanction of Government was obtained for the employment of 8 Sepoys and 1 Havildar at each Talook, it was found necessary to employ a greater number in the two frontier talooks, in consequence of many robberies being committed in them by persons from the Mysore territories, and that those from Salem were sent to the Talooks of Osoor and Denkencotta, so that there are 14 at the former and 13 at the latter. -

Fort St. George.

Sir,

In reply to your communication No. 398 being an Extract of Minutes of Consultation of the 18th April I have the honor to state for the information of his Lordship in Council that the Employment of Pensioners has been found to answer remarkably well in this District. -

There are 12 Pensioners with a Havildar in Osoor and Denkencotta Talooks and 8 Pensioners and 1 Havildar in all other Talooks excepting Salem and they are employed in guarding the Talook treasury and escorting remittances to the General treasury at Salem and from the Military duties habitual to them are found to be more efficient as a treasure Guard than Peons. Altho' at first there was some difficulty experienced in persuading them to employ themselves on this duty they now most willingly tender their services and when vacancies occur there is no difficulty in supplying their places. Their being already in the possession of the bounty of Government

which

which they would be liable to forfeit if convicted of any serious misconduct is a security for their faithful services but we have no such hold over common Peons. Their employment has also been found very beneficial from the Police Peons being more generally distributed over the District where they are most required.-

From the Sub Coll.r in Charge of Southern Coast.

In returning the Petition No. 1071 of 1846 report on the Subject of the dismissal of Ramasawmy Odian Monigar of Thimsoor Village with reference to his letter of 28th Sept.r 1846.

Returned

Sir

Para 1. I have the honor to acknowledge the receipt of your letter dated 28th ultimo, calling for explanation upon the circumstances set forth in the petition No. 1071 of 1846. Viz.t Ramasawmy Odian's dismissal from the Office of Manigar of Thimsoor Village in January last his removal in February by the Head Assistant Collector from the Managem.t of Pootamungalam, the repeated complaints stated to have been preferred against him by the Petitioners and others, and particularly regarding his non residence in the Village to which he has been nominated Monigar.-

2. In reply I have the honor to state that Ramasawmy Odian was not dismissed in January last he was only suspended from Office in common with five other Monigars on a report from the Tahsildar of Tiruvallore which induced

induced the Collector to suspect him of withholding his assistance in the apprehension of certain gang robbers, and for the same reason he was suspended in the following Month by the then acting Sub Collector but as no sufficient grounds appeared to justify his removal he was subsequently reinstated in both situations. The only petition presented by these parties against Ramasawmy Odian which appear on the records are two dated 29th December, and 18th February last in which the petitioners remonstrated against his appointment to Pootamungalum Villy which petitions were rejected for the reason explained in the Collector's Endorsement on petition No. 1071 of 1846. Two other petitions from other ryots were received and not containing any just grounds of Complaint were also rejected, the petitioners in question though they represent themselves as Merasidars have never held the Monigarship and posses no right whatever to it.-

3- In regard to Ramasawmy Odian's non residence at Pootamungalum I beg to state that he resides in Thindivanam Village distant from the former about 8 Miles and that since his appointment

no report has been received of his remissness or neglect of duty. If such had been the case a Goomastah would have been appointed as is usual in instances where a Merasidar holds the Maniem of more than one Village.-

From the Sub Collr in charge of South Arcot Returning Petition No. 1365 of 1846 From Narumboo Odian son of late Venatheta Odian Puttah Monigar of Pootamungalum Collarganasore Talook with report.- & Enclosures.

Para 1- I have the honor to acknowledge the receipt of your letter of the 8th instant forwarding for report a Petition No. 1365 of the current year.-

2. The particulars of this case have been already laid before the Board in my letter of the 2d instant. The petitioner Narumboo Odian is the son of Venatheta Odian who held the Monigarship from Fusly 1232 to 1253 and in Fusly 1254 resigned on account of old age in favor of petitioner which was allowed by the Sub Collector

Ramasawmy

Fort St. George 19th November 1846.

Ramasawmy Oodian, the original Meerassidar, who had, in Fusly 1232, been superseded in the Office on account of absence without leave took advantage of Venatiettha Oodian's retirement to endeavour to re-obtain the situation, but the Sub Collector, in consideration of his having been removed in Fusly 1232 for leaving the country and of Venatiettha Oodian having filled the situation for about 22 years, refused to re-instate him From this decision of the Sub Collector Ramasawmy Oodian preferred an appeal to the Collector who directed that he should be reinstated as he appeared to be the original Meerasidar.-

3.- The question involved in the above orders of the Collector and Sub Collector, which are at variance with each other, is the right of a Meerasidar, dismissed by the Collector, to claim his appointment after the lapse of 20 or 30 years, to the prejudice of the person who has for that long period creditably filled the Office, or to the prejudice (as in the present instance) of his son and heir, and as I am not aware of any rule upon the subject, I request the instructions of the Board

Proceedings thereon.1. Ramaswamy Woodian Meerassee Puttah Monigar of Pottamangalum is stated to have been superseded in his Office in Fusly 1232, on account of his absence from his Village without leave. One Veenatiettha Woodian was appointed in his room, and continued in the Monigarship until Fusly 1854, or for 22 years, when in consequence of his age and infirmity, he resigned in favor of his son Nurumboo Woodian Ramaswamy Woodian took advantage of the retirement of Veenatiettha Woodian, to urge his claim to reinstatement in his former Office, his application was rejected by the Sub Collector, but was admitted on appeal by the Collector, who directed that he should be appointed Monigar of Pottamungalum instead of Nurumboo Woodian, as he appeared to be the original Meerassidar. Some of the Ryots of Pottamungalum

Directing that Ramaswamy Woodian be removed from the Monigarship of the Pottamungalum Village in the District of South Arcot and that the Office be Conferred on Nurumboo Woodian Son of the late incumbent Venatiettha Woodian.-

Poottamungalum have since preferred a Petition /1071 of 1846/ remonstrating against Ramaswamy Woodians reinstatement on the ground of various irregularities which he is alleged to have committed, and of his non residence in the Village. The charges of misconduct seem to be without foundation, but it appears that Ramaswamy Woodian does reside in another Village, Thinsoor, of which he is also Puttah Monigar, at the distance of 7 or 8 Miles from Poottamungalum.-

2.- The question involved in the present case is, the Sub Collector in charge remarks, "as to the right of a Meerasidar dismissed by the Collector to claim his appointment after the lapse of 20 or 30 years, to the prejudice of the person who has for that long period creditably filled the Office, or to the prejudice (as in the present instance) of his son and heir," and as he is not aware of any rule upon the subject, he requests the instructions of the Board for his future guidance. On this head the Board would observe, that there can be no doubt that no Village Servant, who has been dismissed from his

his Office on sufficient grounds, can claim his reinstatement as a matter of right, his re employment being an act of grace under any circumstances. On his death the Meerasdee should in ordinary cases revert to his family it not being desirable that the punishment should extend beyond the life of the actual delinquent. but even this rule is not absolute in South arcot and must be governed by considerations connected with the State of the Village, and the public interests

In the present case it seems that

Ramaswamy

14889 Fort St. George 19th November 1846.

Ramasawamy Woodiar was removed from the Monegarship many years since, and it is to be presumed for sufficient reasons. It appears further that even to the present day, he does not reside in Poottamungalum, but in a Village 7 or 8 Miles distant. The Board do not therefore think it advisable that he should remain in the Poottamungalum Managership, and they direct that he be removed, and the Office conferred on Nurumboo Woodiar, Son of the late incumbent Veenatee tha Woodiar.

Ordered that the following Endorsement be passed on Petitions 1365 and 1071 of 1846.

The Board have communicated orders to the Collector of South Arcot on the Subject of this petition.

Decree of the Civil Judge

This is an Appeal made by
the Collector of South Arcot on the part of
the Government against the Decree
passed by the Principal Sudr Ameen
of Cuddalore in Original Suit No. 296 of 1842
on the file of the late Auxiliary Court
of Chingleput.

The original Suit was instituted
instituted in forma pauperis by the Respondent
to recover from the Appellant the Collector of
the District Rupees 4,836 — 9 — 0 amount
of loss alleged to have been sustained by the

Respondent

Respondent in the year 1817 in consequence of certain Official Acts of Mr. Cockburn who was, that time the Assistant Collector of the District.

The Respondent stated in his original Plaint that he and one Munna Padeachee had received from the Collector the lease of the Village of Cuddalore from Fusly 1220 (1810) to Fusly 1230 (1820) at an Annual rent of Pagodas 1022 Fanams 3 Cash 56. On the 22d February 1817 Fusly 1226 Mr. Cockburn in obedience to a Precept issued by the late Zillah Court of Viradachellum to collect from Respondent Pagodas 183 1/16 sold by public Auction to one Kuraimma Pillay for Pagodas 200 Respondents moiety of the lease. Of the Amount thus realized Mr. Cockburn retained Pagodas 35 1/16 as a balance of Fusly alleged to be then due by Respondent whereas in fact only Pagodas 10 — were at that time due by Respondent. In April of the same year Respondent having repurchased from Narasia Pillay the moiety of the lease, obtained it to be registry in his (Respondents) name subsequently in the same year on the 20th June 1817 on account of an arrear then due by Respondent and his partner in the lease of Pagodas 164 — — Mr. Cockburn sold the whole lease by Auction for

for Pagodas 135 — — which however was not the highest bid made for it, and confined the Renters in Jail for five Months for an alleged balance of Pagodas 150 — — which amount he eventually realized by the sale of their property and also collected from Respondent the batta paid to him while in Jail amounting to Pagodas 6 3/16. The Respondent therefore sued to recover the alleged profits of the lease during the last five years of it from Fusly 1226 to Fusly 1230, the value of his property sold for arrears and the batta recovered from him with equal interest amounting, according to the figured Statement rendered by him to Rupees 4,686 — 9 —

The Appellant (Defendant) stated in his original Answer that Mr. Cockburn was not responsible for the sale of the lease in February 1817 under the orders of the Zillah Court and that the sum of Pagodas 35 1/16 retained by him out of the proceeds of that sale was an arrear then due by Respondent that the second sale by Mr. Cockburn of Respondents lease in June 1817 on account of arrears was legal and fair that the sale having taken place before the conclusion of the Fusly, affords no grounds of objection to it, as by Regulation XXVII of

1802

1802, if a Kist is not paid as soon as it due, it constitutes an arrear and property of the defaulter may be attached on account of it and sold within the Fusly in which the arrear is due, that in the case in question the sale did not take place till the 20th June after the last Kist had fallen due and only a few days before the expiration of the Fusly, that it was necessary the sale should take place before the conclusion of the fusly in order to secure the Government or the next renter by purchase from any loss which might have arisen if it had not been sold in time to enable the purchaser to take the necessary preeliminary measures for immediate cultivation; that the sale having been legal the Respondent had no grounds for claiming the alleged profits of the lease after it had been sold to another; that the proceeds of the sale being insufficient to cover the arrear he was confined in Jail until the Amount due had been realized by the sale of his property; that the batta paid to him by Government during his confinement was recovered from him on his release as is the established usage in such cases; that after the interval of time which has elapsed since his imprisonment

imprisonment, the Respondent has no right to dispute the demand, because if he considered the demand unjust, it was incumbent on him, by Clause Second Section XI Regulation XXVIII of 1802, to proceed against the Collector and try the validity of the demand within three Months from the date of his imprisonment that the excessive delay which has taken place in the prosecution of this Suit, has not been accounted for, and that the amount of Annual profits realizable by the holder of the lease has been enormously exaggerated by the Respondent.

The Appellant annexed to his answer a Statement of the items composing the Respondents claim with remarks appended pointing out the Respondents inaccuracies.

The Respondent stated in his reply that the Collector realized Pagodas 150 — — from the Ryots subsequent to the sale; that Respondent is not liable for the arrears which occured during the interval in which Narrain Pillay held the lease, that the Appellants observations appended to the figured Statement, are incorrect; and that Respondents delay in prosecuting this Suit was occasioned by

Fort St. George 19th November 1846.

by want of means, and by the circumstance of his having been imprisoned seven years on a Criminal charge.

No Rejoinder was made by the Collector.

Sixteen Documents were filed and eighteen witnesses examined on the part of the Respondent.

Four Documents were filed and four Witnesses examined on the part of the Appellant.

The Principal Sudr Ameen observes in his decree that the sale by Mr Cockburn on the 22d February 1847 of Respondents moiety of the lease for Pagodas 200 — — is very surprising as the Courts Ordas directed to recover from Respondent only Pagodas 139¼ and the Respondent had much other property on which it might have been recovered, but that the cause of Mr Cockburn's having thus sold the lease is explained by subsequent occurrences, that Mr Cockburn having stopped out of the proceeds of the above sale Pagodas 35-39-46 in full liquidation of the arrear of rent then due by Respondent, Respondent ought not to have been held responsible for the arrears which accumulated between the date of that sale (22d February 1847) and the date of the receipt of the moiety of the lease in his name on the 2d April 1847, but only what accrued after that

E.B.P.

that sale; that it is a most surprising circumstance that, whereas in February 1847 half the lease sold for Pagodas 200 — —, the whole lease sold in June following for only Pagodas 135 — —, that the appellant has not accounted for this difference, and it is evident from it that on the second occasion the lease was sold at a very low price; that the appellant has not proved that the latter sale was a fair one; that the Respondent has proved by oral and documentary evidence that some of the Hoozoor Servants and others at enmity with Respondent had, in the first instance without sufficient reason, caused the Respondents moiety of the lease to be sold in satisfaction of a small debt due on a decree of the Vizadchellum Court, and subsequently, a Month after Respondent had recovered possession of the lease, they caused it again to be brought to sale for an arrear of rent, instead of recovering the arrear on Respondents other property or giving him time in which to pay it, and though Money belonging to Respondent was at that time in deposit in the Vizadchellum Court, no steps were taken by the Collector to obtain it; and the Respondents document marked **B**, which purports to have been a Petition presented by

by the Respondent to the Collector) dated 12th. February 1818) contains several statements as regarding the irregularity of the second sale, which, though the document is unauthenticated, appear deserving of credit; that the lease having been thus unjustly sold, the Respondent has a right to recover the profits of the last five years of it; that as he was irregularly imprisoned he has also a right to recover the batta which was paid to him in Jail, and again collected from him on his release; that the Respondent having failed to prove the real amount of the profits of the lease the Principal Sudr Ameen awarded to him half the profits of the last five years of the lease at the rate admitted by the appellant, and also the Jail batta and equal interest.

The Principal Sudr Ameen further adjudged that the appellant should pay all costs, instead of adjudging, in conformity with the rule laid down in Clause first Section XXVI Regulation XIV of 1816. that he should pay the Costs only on the Amount awarded against him, and that the other Party should pay the costs on the Amount disallowed.

The

The decree was certified and signed on the 22nd. July 1845, but the Amount awarded not having been specified in it, in order to supply this omission, the Principal Sudr Ameen on the 5th. August 1845 made an entry at the foot of the decree to the effect that having, on a review of it, ascertained the omission, he proceeded to supply it decreeing to the Respondent.

Cross Appeals having been filed Viz. Appeal Suit No. 96 of 1846 and Appeal Suit No. 29 of 1846, the pleadings and evidence in both appeal Suits are adverted to in the following abstract.

The Collector, Appellant in the Suit, Maintains that Mr. Cockburn sold the lease on the 27th. February 1817. by the explicit orders of the late Vindachellum Court. With regards to the Principal Sudr Ameen's

ameens observations that the Respondent had unjustly been held liable for the arrears which accumulated between the 22nd February and 12th April 1847 in which interval Respondent did not hold the lease the appellant observes that the transfer of land does not divest it of its liabilities, and though the transfer was registered on the 7th April, it had been executed on the 20th March, (appellants document No 1) both execution and registry bearing prior to the date on which the April Kist fell due viz the 11th April, besides which the transaction of transfer took place between an undivided father and son, that the difference in the Amount of the sale price of the lease on the 22nd February and 20th June affords no inference, that the latter sale was unfair, for in the former sale Respondents son Narrain Pillay was only the nominal purchaser, but Respondent himself was the real purchaser, as he has himself declared in M. S. No 720 of 1847 of the file of the late Viradchellum Court, (the No 151) and circumstanced as Respondent was with regard to the lease, it was much

more valuable to him than to any one else, that with reference to the rate, which the Principal Sudr Ameen has assumed as the Renters rate of annual profit viz Pagodas 31-2-39, the price of which the last four years of the lease was sold viz Pagodas 133—4—4 was not below its value, but even if it had been sold at a low price, it is not therefore to be inferred, in the absence of other proof, that the sale was unfair, that if the Respondent was unjustly imprisoned, as represented by the Principal Sudr Ameen, for a balance the whole of which was not actually due by him, he should agreeably to the Regulations have sought redress at the time by Petitioning the Judge, that as to the Principal Sudr Ameens remark that Mr Cockburn, before imprisoning the Respondent omitted to take any steps to obtain the Money belonging to the Respondent in deposit in the Viradchellum Court, the fact was that the Respondent had himself drawn that Money from the Court on the 20th May 1847 as proved by document No 152 filed in Appeal suit No 29 of 1846, that not having been unjustly imprisoned,

Respondent

Respondent has no just claim to the
balla paid to him while in prison and
recovered from him again on his
release, that the amount realized on the
sale of the lease in June 1817 having been
applied to the liquidation, as far as it
would go of the arrears of July 1926 out-stand
-ing against the Respondent; the Respondent
has no right to claim the recovery of that
Amount; that the Amount decreed by the
Principal Sudr Ameen was not specified in
the decree, and the Proceeding of the Princi
-cipal Sudr Ameen having subsequently
reviewed the decree and justified the omission
was contrary to Clause second Section VI
Regulation XV of 1816, that in the figured
Amount thus subsequently added to the de-
-cree not only the alleged profits of the
last four years of the lease, but also
the alleged profits of the lease for July
1226 are included as decreed to Respondent
though Respondent held the lease till
within three weeks of the conclusion of
July 1226. and that contrary to Section XIV
Regulation XIV of 1816 the Principal Sudr
Ameen has calculated the Costs payable
by Appellant on the Amount sued for

Viz. Rupees 4,606-9 instead of on the Amount
decreed Viz. Rupees 576-12-4.

The substance of Respondents
Answer in this Suit, and of his appeal Plaint
or appeal Suit No. 29 of 1846 omitting much
repetition, is as follows.

That Respondent was not
bound by the terms of his lease to pay
any Rent till the end of the Month wherein
the Village was attached on the 11th. April 1817
for the Rent of that Month, that he is not
liable for the Arrears that accrued during
the interval that his half share of the
Village, who was of a divided family, that
the document marked B and the evidence of
several witnesses have proved that the
sale which took place in June was con-
-ducted irregularly that the said sale was
in contravention of Clause fifth Section
XIII and Section XVII of Regulation
XXVII of 1802 in as much as it took place
before the conclusion of the July, that
Respondent on his imprisonment appealed
to the Zillah Judge against the injustice
of the Collectors Demand, that when the
first sale of the Respondents half share

took

took place in February 1817, if Pagodas 33½ were then due from the two Renters the Collector should have detained only half that sum as the Respondents share, that the appellant not having proved that Respondents derived any profit from the lease in July 1816 the Principal Sudr Ameen did right in decreeing them to him; but that the Principal Sudr Ameen was entirely wrong in rating the annual profits so low, and with no reference to his documents marked K and L and the evidences of some of his witnesses to original Claim and the Amount which he now claims to recover is, Pagodas 4,437-2-- and one Cawny of Garden land, Respondents own property sold for Arrears of rent.-

The Respondents observations regarding batta and Costs are too absurd to merit recording.-

Decree.-

It is deserving of particular notice that a very long interval of time occurred between the date of the cause of action and the date of the Pauper Respondents having taken any steps towards the institution of this suit, and that he allowed a still longer period to elapse before he

he prosecuted the suit with effect. The cause of action arose in June 1817, but the Respondent did not bring forward this claim till 1829, when to avoid the institution of the Suit being barred by the law of limitation he was obliged to commence it; but though thus forced to commence it, he brought it forward in a manner that was not admissible, and continued presenting Motions at long intervals and trifling with the business for until 1834. Seventeen years were thus wasted. In 1834 he was convicted of Perjury by the Circuit Court in Case No. 1 of the Chingleput Calendar for the second Sessions of 1834 and sentenced to 7 years hard labour on the roads. After his term of imprisonment had expired, the object for which apparently he had delayed the prosecution of the suit, was fully obtained, and accordingly in 1842, twenty five years after the cause of action had arisen, by producing personal security, he at long the enabled the Court to file his plaint. He appears to have designedly delayed the prosecution of this suit until all the Revenue Servants of Government both native and European who had personal knowledge of the circumstances to which this suit had reference had

had passed away. Thus the Collector on the part of Government was called upon in 1842 to disprove the Respondents assertions that a demand of Revenue made against Respondent 25 years before in 1817 was an unjust demand, and that the sale of Respondents lease which took place in the same year in satisfaction of that demand was unfair and irregular. The flagrant manner in which the law of limitation has been evaded by the Respondent, has placed the Government in a disadvantageous position as a party in this Suit.

The first sale of the Respondents moiety of the lease, which took place on the 22nd February 1817 under the orders of the Zillah Court of Vizagapatam, seems to have been mentioned by the Respondent in his original Plaint solely for the purpose of making it appear that the Revenue Authorities were harsh and oppressive in their treatment of him, for in his appeal Answer he explicitly admits that he has no claim against the Government on account of that sale. The orders of the Vizagapatam Court to the Collector

Document

Fort St. George 19th November 1846

Document No. 125 to rell the Respondents Moiety of the lease were express and positive. The Collector was told as that document shews required merely to realize a certain sum from the Respondents. The Appellants' document No. 13 proves that Mr. Cockburn was unwilling to obey the Courts orders and the Collector pointed out to him that with reference to the terms in which they were worded, he had no alternative. There appears therefore to be no grounds for the Principal Sudr Ameens surprise at Mr. Cockburn's having made this sale or for his observation that the sale was procured by the Boozoorz Servants

The next point to be determined is whether Mr. Cockburn demands for arrears of rent, in satisfaction of which demand the lease was attached, and eventually sold on the 20th June 1817 was just or not. The Principal Sudr Ameen states his opinion that the whole Amount claimed was not due, as much as the Respondents was not justified held liable for the arrears which accrued between the 22nd February and the 7th April 1817 in which interval the Respondents Moiety of the lease was registered in the name of his son Narrain Pillay.

It is unnecessary to review the Appellants arguments on this point, since

Fort St. George 19th November 1846

in the Govts appeal Suit No. 29 of 1846 he has filed a document No. 151 which appears decisive. This document is an authenticated Copy of a M. Petition No. 720 of 1817 on the file of the Zillah Chellum Court in which the Respondent affirms that his son Narain Pillay was only the nominal purchaser of Respondents Moiety of the lease when sold under the Courts orders on the 22nd of February 1817 and that he Respondent, was the real purchaser and had paid the purchase Money out of the Collections he had made from the ryots.

There is another circumstance demonstrative of the fact that Narrain Pillay was only the nominal purchaser on the 19th March 17 as shewn by an endorsement on Respondents document marked A Mr Cockburn registered Narrain Pillay as the purchaser and on the very next day Narrain Pillay, as shewn by appellants document No. 1 transferred his right to Respondent.

It is clear from the above two circumstances that the Respondent was the real holder of the lease during the short interval in which it was nominally held by his son Narrain Pillay and not therefore in the opinion

Fort St. George 19th November 1818.

opinion of the Court justly held responsible for the arrears which accumulated during that interval but supposing that he was not justly held responsible the time for resisting the justness of the demand has long past. By Clause second Section XI Regulation XXVII of 1802 it was incumbent on him to proceed against the Collector within three Months from the date of his imprisonment. The Appellant has not proved it. If he did, the matter must have been adjudicated and the question cannot now be renewed.

The Court being of opinion that the Collector's demand was just the point to be determined is whether the sale of the lease on the 20th June 1817 in satisfaction of that demand was fair and regular.

The Principal Sudr Ameen denies the fairness of the sale because the Appellant has not proved that it was fair, because it took place before the conclusion of the suit and because it was sold at a reduced price with reference to the price given at the former sale on the 22nd February 1817.

With regard to the first objection

Fort St. George 19th November 1818.

it is sufficient to observe that it was for Respondent to prove the sale to have been unfair not for Appellant to prove it to have been fair.

With regard to the second objection it may be observed that there is no Regulation prohibiting a Collector from selling for arrears before the conclusion of the Suit. The sale took place after the last Kist had fallen due.

With regard to the inference drawn by the Principal Sudr Ameen of the unfairness of the second sale of the case from the circumstances of its having been sold at a much lower rate than at the former sale, four Months before it appears to the Court that this is not a just inference since the Respondent declared in a Mr Petition No 151 noticed above that the first sale was not as regarded the nominal purchaser a bonâ fide transaction, and supposing that the first sale had been a bonâ fide transaction the reduced amount offered at the second sale does not afford sufficient ground for inferring unfairness. Even if an higher offer had been made than the one which was accepted which Respondent has alleged but not proved

proved to have been the case, that circumstance would not prove unfairness for in sales of this discription it is not incumbent on a Collector to accept the highest bid.

The Principal Sudr Ameen in support of his opinion that the lease was sold in June unnecessarily observes that the Collector did not before so doing apply for Money belonging to the Respondent and available there lying in deposit in the Vedachellum Court. With reference to this observation the Appellant has filed a document No 152 in the 1845 appeal Suit No 29 of 1846 which proves that the Respondent himself drew out the Money the 20th May 1817.

The Principal Sudr Ameen further observes that instead of selling the lease the Collector might have realized the balance by the sale of the other property of the Respondents but there is no proof that the Respondent had other available property. If he had it was his business and that of his sureties to have pointed it out. In the Proceedings of the Vedachellum Zillah Court noticed above No 125 it is mentioned that the Respondent had no other property.

The Respondents Statements about the Hindu are absurd and false for Hosts fall due at the end of the Hindoo not of the English Month.

The Principal Sudr Ameen attaches importance to the Statements made in the document marked **B** filed by the Respondent. This document is authenticated as purports

purports to be the petition addressed by the Respondent to the Collector of the District in 1818. There is no proof that this petition was written in 1818 and presented to the Collector and even if it was so written and presented the utmost it would prove would be that some of the Statements which Respondent makes now, he also made in 1818.

The Court being of opinion that Mr Cockburn's sale of the lease in the 22d June 1817, was fair and legal, it follows that the Respondent has no right to claim the profits derivable from the lease after it had passed out of his hands, and his calculations therefore regarding the amount of those profits require no notice.

The Court also rejects the Respondents claim to recover Covenant Garden sold for arrears.

As the Respondent was in the opinion of the Court, legally imprisoned for arrears of revenue he was liable to pay on his liberation, the batta advanced to him during his confinement.

The Principal Sudr Ameen has attached great weight to the circumstance of the Collector not having been able to furnish to the

Fort St. George 19th November 1846

the Respondent all the documentary evidence he required and has made it a ground for exercising the discretion vested in him by Clause third Section XXXII Regulation XIX of 1816 and has awarded the whole costs to be paid by the appellant, instead of following the rule laid down in Clause first of that Section by which when only a part of the sum sued for in any suit is decreed proportionate costs only are to be decreed against the defendant, and the costs on the amount disallowed are to be paid by the Plaintiff. It does not appear to the Court that any reason existed in this suit for setting aside the established rule. It was not to be expected that after 29 years all the records should be forthcoming which might have been produced had the suit been instituted within a reasonable time after the cause of action arose. The appellant denies the legality of the Principal Sudr Ameens award regarding the costs, but with reference to Clause third Section XXXII Regulation XIV of 1816 the Court does not consider the award illegal.

The Court considers the Principal Sudr Ameen's amendation of

Fort St. George 19th November 1846.

of his decree to have been contrary to Clause second Section VI Regulation XV of 1816.

The decree of the lower Court is reversed, and the Respondents claim dismissed.

The Respondent must pay all Costs of Suit.

Reporting the decease of all parties to a pension reduced on decease of Sokia Nark of the illegitimate branch of the Muttum Pollium with exception of his widow Shanmanal shewing how she has continued to draw the full pension of all up to the end of June 1846 and recommending continuation of Seven Pagodas Portion of 11 Rupees a Month to her till her decease as she has no other means of subsistence.

Sir,

A Pension of 500 Pagodas annually to Chockalinga a deceased relative of the extinct family of the former Polygars of Muttum, was reduced to two thirds and the distribution of that portion as proposed by the Collector on the 2d was sanctioned by Government on the 24th June 1814.

Under this distribution there was allotted to his widow Lechmanal which seems, from the best enquiry I can make to have been a mistake of name for Shanmanal, and their daughter Sodammal 6 Pagodas

In the Statement No. 1 accom-

of 20th May 1830, he shews that the payment on
account of this pension, had at that time, been
reduced from Rupees 44 — 3 — 1 as at its renewal in
1814, to Rupees 29 — 7 — 4. —

From the report of the Tahsildar
of Moyloor, of the 31st December 1845, it seems that,
being an undivided family the whole amount was
drawn, from the Taloor treasury, in the name
of Chinnamal, the real and only widow of Chokkien,
and that she is the only survivor of the whole of
the pensioners, her daughter, Seshammal, appearing
to have died 2 years ago Papammal's child, a son
named Comaralinga Naick, about 13 years ago.
and Papammal herself, and Allaghurammal

the list, sent to the Tahsildar, this pension is —

been habitually entered in the accounts sent to the
Board and the Tahsildar fulfilled my orders in —
mustering her as the person who had even before —

in person —

its general tone.

The

3d

The rent of a zemindary seems to me in a general point of view preposterously absurd. The Copy and translate of the one now in question, and its counterpart are herewith forwarded. The zemandary is large, being a third in extent in this District, very poor and requiring much money, perseverance and judgement when it is capable of very great improvement. When confided to the care of the present holder, it was oppressed with a debt of Rupees 99148-7-9 being Arrears of Peishcush not to be demanded till the majority of the heir, it was oppressed with other debts incurred by the necessities or prodigality of a former proprietor, which seem at length to have been repaid by the prudence of the present holder who is still greatly embarrassed and to excuse which and save and restore the estate, she has entered into the sub rent which under the circumstances of the want of Money for improvements, I should look upon as most prudently drawn up, and calculated for fair and reasonable advantage to both contracting parties, if executed in good faith. The season since entering on the contract has been adverse. The sub renters by their servants and their own now present appear to me to fear their bargain will not be

27 Dec. 1845 No 1.

A.D. 1836.

B. of Rev. No 7 Aug. 2 1837.

be profitable, and perhaps they distrust the present enquiry. The proprietrix seems to fear they will not be able to fulfil their contract, and though I think both parties would be happy to cancel the agreement neither party will admit so much. The Tasildar of the neighbouring taluk, of Shiroomungalum, gives me reason to doubt the capability and responsibility of the first of the sub renters, a resident at Nattamgar in it. The second inhabits a considerable trading Village of Tinnevelly and is possibly a man of some substance, but if so I am unaware of it, nor can the contracting party shew me that she has taken any sufficient means to satisfy herself on the point, nor had she any previous Knowledge of either of them to warrant such belief; yet on this alone has she trusted, without taking any other collateral security, than a loan of 2500 Rupees, for satisfaction of last Peishcush. The rent is most injudicious.

4. The Minor Sheroomalar Coudanda Ramakistna Naig was born on the 4th Kurgooly Vicorrity, 20th December 1830. by attains his 16th year on the 30th December of the current year 1846, or his 17th year on the 30th December 1847. By the Hindoo Shasters

29th May 1846.

characters of the Hindoo law he would attain his majority at the first named period: whilst section IX Regulation V of 1804 fixes the majority on completion of the 18th year. The young man seems to have been well brought up, as far as their means have allowed, and to entertain a proper feeling of respect and affection for his mother; and it is clear that at present, there is no wish in either part to claim his majority before the 18th year. It is for their interest, also to postpone it as affects the Arrears.

5. It does not seem to me that the Government, or their revenue Officers, have, in the present stage any right to take exception to any arrangements made by the matter personally admitted and as corroborated by the deed of rent, with full currence of the ryots; so long as the Peishkush is regularly paid there seems neither advantage nor justice in interference. If the Board deem the heir will have attained his majority as I think, at the end of December next and choose to assert their claim to the postponed demand for the Arrears, their interference becomes justifiable, and if they deem it advisable, they can —

requestrate for the arrears and the Agreements in question will become a dead letter: on the litigation will inextricably involve the Estate.

6. The paper No. 3, to which I am inclined to give full credence is a Memo of information in answer to certain particulars I personally required from the Mother in presence of her son Vera Varbar and is dated the 2nd July. It shews reduction of the private debt to amount of very near 10,000 Rupees and it would lead to believe their expenses were confined to Rs. 1450. per Annum; which can hardly be looked upon as extravagant when it is considered the widow of the late Pollygar and all the family are maintained out of it and I really do not see any prospect of the Estate recovering itself, unless the Government are willing to forego the debt due to them; but I would recommend it not being written off, but left conditional on the good Conduct of the heir, for the first five years after his assuming its management, as it can hardly be hoped without some such check, they will be restrained from an unnecessary and prodigal expenditure at the Marriage of the young Pollygar.

7. Till within the last July the Peishcush has been punctually & duly paid, but about its commencement the Sub Collector's zeal for the Company's

Company's interests seems to me to have led him gine ways to visionary ideas of fraud, that induced him to commence dissensions in the family and to act with a degree of severity towards the Proprietress and her Karbar that I can hardly think justified by the motives tho' this I fear may have involved them in unnecessary expenses; delayed payment of the Peishkush; and finally rendered the loan shewn in the Memo No 2 and resort to the Sub rent necessary and desirable—

Ordered that the following
letter be sent in Reply.

51-52

To The Principal Collector of
Madura

To the Princ. Collr. of Madura

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of 20th August last, on the subject of the rent of the Gantamanaickner Zemindary.

2.

From your letter it would appear that you consider this rent to have been most prudently drawn up in reference to existing circumstances and calculated for fair and reasonable advantage to both contracting parties, if executed in good faith, but that you doubt the competency of the renters, and think that as the Manager of the Estate, Mother of the Minor Zemindar, has not taken means to satisfy herself of their ability

Stating in reply to his letter of the 25th Augt last, that the Board do not consider that there is any immediate necessity for interfering in the management of the Gantamanaickner Zemindary & requesting him that in the event of the current Peishcush falling in arrear or from after causes the insufficiency of the revenue securities should be required to address the Board again upon the subject

14950 Fort St. George 19th November 1846

to fulfil their engagements, as she was previously unacquainted with them, and has taken from them no collateral security beyond a loan of Rupees 2500, in satisfaction of the last Peishcush, the rent is most unjudicious. It seems however that in your opinion, no interference in the affairs of the Zemindary is at present called for.

3

The Board observe that this Estate was placed under charge of the mother of the young Zemindar in 1836 on condition that the current Peishcush should be regularly paid the arrears Rupees 9948-7-9 being left for adjustment on the termination of the Minority - These terms seem to have been duly observed, there is no balance of current revenue now outstanding on the Estate but it would appear from your letter, been well managed by the Mother hitherto, the expenditure of the Family kept within moderate limits and private debts to a large amount discharged. Under these circumstances and adverting to the opinion expressed in your letter the Board do not consider that there

Fort St. George 19th November 1846

is any immediate necessity for interfering in the Management of the estate - The term of the Young Zemindars minority must as appears to them, be that prescribed by Section IV. Regulation V 1804. and the minority will therefore expire on 30th December 1848. when the condition of the Estate, and the measures to be taken in respect to it will of course be brought under consideration

In the interim if from the current Peishcash falling into arrear, or from other causes, the interposition of the Revenue Authorities should be required you will be pleased again to address the Board upon the Subject.

4. Your letter now under reply is in substitution of one of the same date, which was returned to you from this Office, in order that the 2d Para which was considered objectionable, might be revised - The Board will not remark upon the alteration which you have made in the letter now before them, further than to observe that it is far from meeting the requisitions contained in their Communication of 21st September last
