2d January. Received the following letter.

To J Pycroft Esqr
Secretary to the Board of Revenue
Fort St George

(II)

From the Collr of Canara — Sir,

Submitting for Sanction the offer of Badrapa Shetty of Mysore for the supply of Tobacco for the Monopoly of this district at Rs 58- per Candy.

I have the honor to report for the information of the Board that on inviting tenders for the supply of Surjoor Tobacco for the Monopoly of this district the lowest tender in all was that of Badrapa Shetty of Mysore for its supply at 58 Rupees for Candy.

2. In Consequence of there being no competition considerable difficulty has been experienced in getting tenders which I could feel myself justified in recommending for acceptance, and it was only after delaying the final closing of the Contract till other bidders could be invited to attend from Mysore that the present tender has been obtained. It is considerably below the rates of last year and secures to the Government the advantage derived by the reduction of 6 Rupees per Candy on the Export duties on Tobacco levied by the Mysore Government. It is slightly in excess however of the average of the last 5 years.—

1255 per Candy. 64-8
1256 — 58-4
Difference 6-8

1257 per Candy — 58-0-0
1252 — 55-0-0
1253 — 53-8-0
1254 — 64-12-0
1255 — 64-8-0
287-12-0

Average per Candy 57-8 10
1256 — 58-0-0
Increase above the average — 7-2

I have

3. I have reason to believe that the Crops above the Ghaut are not above the average and that the Contractor and surety will not deride more than what may be considered fair mercantile profits. I would therefore beg to recommend this tender for acceptance as the lowest which under the circumstances can reasonably be expected.—

4. Badrapa Shetty was one of the Contractors last year, and is with his surety Veasha Rows / hitherto frequently accepted as surety for this Contract / quite unobjectionable.

5. The delay which originated in the absence of Competition, and the high tender at first made induces me to request that the Board's sanction may be communicated to me as early as possible.—

Collectors Cutcherry

Offg. Secy. to Government

To The President & Members of the Board of Revenue

Resolution thereon-

3-4

Resolved that Copy of the foregoing Extract Minutes of Consultation and of the Board's letter to which it relates, be communicated for the information and guidance of the Collector of Trichinopoly, with reference to his letter dated 25th July last.

Read also the following letter-

To J. Sycroft Esqr.

Secretary to the Board of Revenue

Fort St. George-

5

From the Coll. of Trichinopoly-

Sir, With reference to the 2d Para of the Board's Proceedings dated the 1st Instant and to the instructions contained in the 7th para of the Extract from the Minutes of Consultation dated 5th August 1846 which accompanied it, I have the honor to forward herewith a Statement of Yeomiahs in this District shewing distinctly

Forwards a Statement of Yeomiahs in the Trichinopoly District shewing distinctly those which have at any received the Sanction of Government & those

Entered 1st Octr. 1847-

those which have not yet received the same & requests that sanction of Government may be obtained for the two Numbers not sanctioned as also a general sanction for the nine Numbers exhibited in the Statement -

distinctly those which have already received the sanction of Government and those which have not yet received the same as therein required and to request that the sanction of Government may be obtained for the two Numbers not sanctioned and also General sanction for the nine numbers exhibited in the Statement above quoted if necessary - and for which sanction was granted on the several date entered opposite each respectively -

2. Agreeably to the instructions contained in the concluding part of the Board's proceedings under reply, I have the Honor to forward herewith an application for payment of the arrears due to Saheb Mahomed and Chandhee drawn out in the Form which accompanied your letter of the 18th May 1826; and I request that the sanction of Government for Rupees 16 Sixteen may be obtained accordingly. ——

3. It would appear from the correspondence noted in the † Margin that the Yeomiah No 6 of Volcondapooram specified in the accompanying

† From 17.25th Nov 1826.

Fort St. George 4th January 1847.

Ordered that the foregoing letter be submitted with the following address.

To

The Chief Secretary to
Government.

Sir,

5-6

To the Chief Secy to Government

Submitting a letter from the Collector of Trichinopoly forwarding a statement of the Yeomahs paid in his district specifying those which have already received the sanction of Government & those which have not and recommending that sanction may be granted for the latter.

Read 5th January 1847.

1. With reference to para 7 of Extract Minutes of Consultation dated 3d August last, I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Trichinopoly dated 29th October, forwarding a Statement of the Yeomahs paid in his district specifying those which have already received the sanction of Government, and those which have not, and requesting that sanction may be obtained for the latter.

2. From this letter and the Statement enclosed, as well as from the recent

Fort St. George 4th January 1847.

recent correspondence with Government on the subject of the Trichinopoly Yeomahs it will be observed that 30 out of the 41 Yeomahs payable in that District received the sanction of Government under date 20th January & 31st March and 3d August 1846 that 9 were sanctioned on the previous dates set opposite to each in the Statement, for which Mr Onslow now requests general sanction if deemed necessary, and that the remaining two have been continued to the incumbents without the sanction of Government.

In Cons 9th Feby, 23d April & 1st October 1846

In Cons 18th Jany 1847.

3. Of the last mentioned two Yeomahs, the one (Rs 104) paid to Shunmoodeen formed the subject of the Board's Proceedings to Government dated 3d December 1846, and was sanctioned

Fort St. George 14th January 1847

In Cons 18 Jany 1847

sanctioned under date 21st idem the other paid to Puleer Mohamed and Lehna Bee / No 69 / is recommended for sanction under the explanation contained in Statement D of the Collector's letter of 26th September 1845 herewith transmitted - Sanction for payment of the arrears due to the last named Yeomadars is also recommended with reference to Para 3 Extract Minutes Consultation

In Cons 13th July 1846

1st June 1846 and para 4 of the Board's letter to Government dated 1st October 1846 -

Transmitting for report a letter from the Government of Bombay forwarding Copy of a communication from the Collector of Dharwar representing the advantages which would result from the annexation of the Port of Compta to the Bombay Presidency

Fort St. George 14th January 1847

Read the following Extracts -

Extract from the Minutes of Consultation under date the 14th November 1846 -

Read the following letter -

To J. F. Thomas Esqre
Chief Secretary to Government -

Sir,

I am directed by the Honorable the Governor in Council to transmit to you for the purpose of being laid before the Most Noble the Governor in Council the accompanying Copy of a letter from Mr Shaw Collector of Dharwar, dated the 23d January 1844, representing the advantages which he considers would result from the annexation of the Port of Compta to this Presidency - and to intimate the desire of this Government to be favored with the opinion of the Government of Fort St. George on the suggestions therein contained.

/Signed/ R K Pringle
Chief Secy to Govt

Bombay Castle
2d November 1846

To L. R. Reid Esqre
Chief Secretary to Government
Bombay -

Sir,

With reference to your letter of the 17th Ultimo, No 4099, I do myself the honor to -

to state, that I have visited the port of Comptah in Canara, which is situated immediately west of the Dharwar Zillah, and is between fifty five and sixty miles distant from its frontier, whilst Vingoorla, the nearest port in the Bombay Presidency, is about one hundred and seventeen miles from the extreme point of the Dharwar Collectorate. Compta therefore is the great and perhaps only feasible and natural outlet, for the export of the produce of nearly all the Dharwar Collectorate the adjacent Jagheer States, and the Eastern Talooks of the Belgaum Zillah.

2.- The rapid and increasing importance of the trade of the Southern Mahratta Country has attracted the attention both of Government and the mercantile community, and the liberality and policy of Government, in endeavouring to remove all visible obstructions in the free progress of Commerce, and fostering at the same time agriculture by every encouragement, has I am inclined to believe, been deeply felt by the reflecting portion of the community, who are daily becoming more sensible of the protection and care of the Government under which they are living, and feeling that their interests are bound up in the welfare and continuance of

of the British rule. The spread of this feeling and sentiments must be productive of the general happiness of the country, and is rendering a district where formerly a cultivator went forth armed, to plough his field, to protect his Cattle from being plundered and carried off, peaceful and secure, and must tend, where all would be by a change, to establish a strong and popular Government.

3.- It is not here necessary to enter into the details of the trade and exports of the Southern Mahratta, it will

Table shewing the quantity of cotton from the Southern Mahratta Country exported through the port of Compta to Bombay in the last 3 years with the duty realized thereon.

	Cotton from Mahratta Country exported to Bombay		Tariff Value at Rs 89-24 per Candy of 500 lbs			Amount of duty collected at the rate of 5 per cent		
	Candies	lbs	Rs	a	p	Rs	a	p
1840/41	26318	1	3½ 2358807	13	5	117904	14	4
1841/42	24062	16	10½ 2158028	9	u	107801	6	10
1842/43	33767	18	17½ 3025666	10	7	151280	5	3
Total	84148	16	3½ 7539733	u	7	377086	10	5

will suffice to remark that the Statements from both Vingorla and Compta, shew that the exports are rapidly increasing and it will be observed from the two Documents appended on the Margin, that Rupees forty nine thousand seven hundred and seventy three was the full amount of the whole exports and imports collected

collected at Vingoorla during the year A.D. 1842/43 whilst the exports on the Cotton alone from the Southern Mahratta exported at Compta amounted during the following year, to Rupees one hundred and fifty one thousand two hundred and Eighty three times the amount of the whole exports and imports of Vingoorla and this, be it remembered is only a return of the one item of Cotton, for whilst the amount of the whole exports and imports of Compta may have been I cannot say, as these are the only Official returns I have obtained, but the result points significantly enough to the Quarter in which the port of the Southern Mahratta should look, when the export duty realized on one item alone of its produce destined exclusively for the Bombay Market exceeds by three times the amount of the whole imports and exports of the nearest port under its own Presidency, and large as this amount appears to be, it forms no criterion whereon to calculate what might be the amount of the trade and exports from Compta, if all restriction was removed, and

point to the point of the Toombudra &
the Mysore attached country forms an equally
clear line, and if a reference is here made to the
Map, it will be seen that the proposed boundary
to the Bombay Territory from Honore, would
be the river which makes a fall above Gursoppa
down the Ghauts, from which the line would
take an inward curve towards the North,
joining the Dharwar Collectorate somewhere
near the junction of the Talooks of Hungul
and Kode of that Zillah, which will be easily
recognized by consulting a map, Chanloorgooly
droog being in the Mysore District so that
from the Southern part of the Dharwar
Zillah to the Sea, there is a tract of land
belonging to the Madras Presidency running
up between the Dharwar Talooks and the
Goa state, and advancing North of Dharwar
itself into the Belgaum Talook of Beedee &c.

On the mere question of a
natural Boundary line between divisions of
the same Government, I should not deem
it necessary to make any remark, although
perhaps it might appear inconsistent and
somewhat injudicious, that a strip of
land running North of Dharwar - and
at

at no great distance even from Belgaum,
should be under a jurisdiction residing at
Mangalore, and that thus a party should
often be compelled to travel a long distance
for that redress which might be obtained at
hand at Dharwar - I am sensible also that
it is an argument of little importance, that
the Bombay Presidency, with an extensive & escpe-
sive Frontier does not meet its own charges, or
is it, moreover, of any weighty consideration that
the Madras Government should derive an
annual Revenue from the Escport of produce
raised in the Bombay territory? These circum-
stances, trivial in themselves, it might, I would
respectfully submit, be desirable to avoid, in
where such a course could be pursued without
public detriment but from them, arguments
of no great value would arise, ded they not
carry a still further sufficient weight to
induce the General Government to notice the
subject, as being one of far greater mag-
nitude that the mere fixing an internal
boundary mark to a portion of the same
state, or as relating to which local treasury
was

was to receive for the general expenditure, the revenue of a district, and I would not have deemed it necessary to have made allusion to them, were it not for other important considerations embracing an extended influence, which apply not only to the welfare of the agriculture of the Southern Mahratta, but to the commerce of Bombay, and the prosperity of the Port of Compta, and upon these grounds I will mention a few reasons why the Boundary of the Bombay Presidency should extend from the Honare River to the Southern part of the Dharwar Collectorate, i.e. which would include within the limits of the Bombay Presidency the Port of Compta.

1st That this appears the natural boundary to the two Presidencies, and that by departing from the natural Boundary persons are removed to a very considerable and inconvenient distance from the seat of the Supreme authority of the district.-

2nd That all, or nearly all the produce exported from Compta is grown by Residents living under the Rule and Regulations of the Bombay Presidency, that this produce is purchased by Bombay Merchants and consigned

consigned to Bombay Mercantile Houses it is therefore desirable, in the event of ordinary disputes, that all parties so concerned should be subject to one Code of Laws and the Jurisdiction of the same Courts. The Tariffs of Madras and Bombay do not I believe assimilate, and by Sections XIX XX XXI of Act 1st of 1838, called the Bombay Customs act, goods shipped from a Madras Port become liable to certain local Regulations and thus produce grown under the Bombay Presidency, is subject to the Rules of Madras on exportation, and again to the rules of Bombay on importation, as if grown in Madras, which circumstance whether favorable or unfavorable, must at times act unequally on the productions of the same District- Stores 4cwt. 8cwt. arriving from Bombay I understand also are charged an Extra duty, landing at a Madras Port-

3d Transit duties exist in the Madras Territory, which subject the produce of this portion of Bombay Territory, in having to be re-shipped at a Madras Port, to an Extra tax and acts unequally upon produce exported from the different parts of the same Zillah.-

By

was to receive for the general expenditure the revenue of a district, and I would not have deemed it necessary to have made allusion to them, were it not for other important considerations embracing an extended influence, which apply not only to the welfare of the agriculture of the Southern Mahratta, but to the commerce of Bombay, and the prosperity of the Port of Comptah, and upon these grounds I will mention a few reasons why the Boundary of the Bombay Presidency should extend from the Honore River to the Southern part of the Dharwar Collectorate, which would include within the limits of the Bombay Presidency the Port of Comptah.

1st That this appears the natural boundary to the two Presidencies, and that by departing from the natural Boundary persons are removed to a very considerable and inconvenient distance from the seat of the Superior authority of the district.-

2nd That all, or nearly all the produce exported from Comptah is grown by Residents living under the Rule and Regulations of the Bombay Presidency, that this produce is purchased by Bombay Merchants and consigned

consigned to Bombay Mercantile Houses it is therefore desirable, in the event of ordinary disputes, that all parties so concerned should be subject to one Code of Laws and the Jurisdiction of the same Courts. The Tariffs of Madras and Bombay do not I believe assimilate, and by Sections XIX XX XXI of Act 1st of 1838, called the Bombay Customs Act, goods shipped from a Madras Port become liable to certain local Regulations and thus produce grown under the Bombay Presidency is subject to the Rules of Madras on exportation, and again to the rules of Bombay on importation, as if grown in Madras, which circumstance whether favorable or unfavorable, must at times act unequally on the productions of the same District. Stores 1st sort 2nd sort arriving from Bombay I understand also are charged an Extra duty, landing at a Madras Port.-

3rd Transit duties exist in the Madras Territory, which subject the produce of this portion of Bombay Territory, in having to be re-shipped at a Madras Port, to an Extra tax and acts unequally upon produce exported from the different parts of the same Zillah.-

By

4th By Act XV of 1839 Sugar grown in the Bombay Districts is totally excluded from the Madras Presidency. The operation of this Act has already been felt in the Dharwar Collectorate, and called forth complaints, and will materially affect, if not impede altogether, a rising trade and important Agricultural employment. The Sugar of the Mysore Country is also virtually totally excluded from all exportation, as it would be compelled to proceed by the long and circuitous route of a Bombay Port, unless Coompta is transferred to the Bombay Presidency.

5th The imports of Salt by land from Goa into British territory amounted last year

1,75,070 to one hundred and seventy five thousand and seventy Bengal Maunds or the fourteen Millions three hundred and fifty five

14,35,57,740 thousand seven hundred and forty, on which an excise of Rupees Eighty seven thousand five

87,535 hundred and thirty five was realized. It is of the first importance to prevent smuggling in this Article, which can be produced at Goa for a mere trifle to any extent. That an uniform system should be in force all round the Goa frontier, especially as Government contemplates increasing the excise on Salt 50 per Cent. or

to 12 Annas per Maund, which will render smuggling more attractive.

6th In Canara also Tobacco is monopoly. This virtually excludes all Tobacco grown in the Dharwar Collectorate. This monopoly yielded in the Canara Collectorate last year two hundred and ninety thousand five hundred and Sixty Nine Rupees.

7th The Jungles of Teak wood, which occupy a large portion of this strip of land now under the Madras Territory are situated close to Dharwar, and adjoining the Belgaum Districts. From these large supplies of wood are cut for the Bombay District consumption, and lately much / vide margin / has been transmitted to the Presidency via Belgaum and Vingoorla for the preservation of these Jungles, the controlling power should rest with the Government consuming the wood, especially as in the instance of Bombay, a Sea Port where Vessels both for the public and private Service are built, for which this timber is particularly

particularly well adapted.

7. The Port of Compta is, like most of the Ports on the Malabar Coast, with the exception of the harbours of Goa, exposed to the Southerly winds, its proximity to the Southern Mahratta Country, forms its chief value and importance to the Bombay Presidency. It is in fact open road stead and Cotton is shipped in small boats at the Custom House about a Mile up a Creek, which is dry at low water. it might therefore be a question whether a bunder might not be made at the mouth of this creek, or whether the port itself might not be removed to a bay, a few Miles to the North, called Suddra or Meergah; where Vessels run from Compta on a Southerly wind blowing and which appeared, if I am capable of giving an opinion in just visiting the place, in every way better fitted as a port than Compta, which is perhaps inferior to Vingorla in every point but local situation.

8. The land Revenue derived from this slip of Country, exclusive of the transit duties and Sea Customs levied on the produce of the Southern Mahratta cannot be of much importance

importance to the Madras Presidency, and amounts I understand to about five hundred thousand Rupees, I can see no difficulties in the way of its transfer, or any cause for an increase of expense over and above the present cost of management.

500,000 Rs.

9. The Port of Compta is itself situated nearer to the centre of Dharwar Collectorate than very many of the Villages of the Zillah are to that point, and is nearer than any Bombay port to every part of the Collectorate, and more than one half less in distance, than Vingoorla or any other port in the Bombay Presidency to above one half of the Villages of the whole Zillah, add to this much of the Belgaum produce is also exported from the same port, and even Merchandize from the adjoining Bellary District traverse nearly the breadth of the Dharwar Collectorate to be shipped at Compta.

10. Finally, I would respectfully submit that in making the remarks I have done, I have placed myself in what may appear an invidious light, in contemplating the grasp from a sister Presidency, a portion of its territory. I am therefore only say, that I am actuated by a desire to improve the

the agriculture and commerce of the District under my charge and that the mere question of territory or local collection of revenue, has had very little weight with me in the formation of an opinion upon what I consider a most important subject.-

11- Regulations suited to one Presidency do not always equally apply to another, as in the instance of the Madras Presidency exporting Sugar, and consequently under the act excluding all Bombay produce, and that a rule which may tend to foster the commerce and agriculture of one Port or Zillah, may be fatal to the prospects and prosperity of another, and that this may even occur from a local or Police arrangement, and upon the simple principle that every one best understands his own affairs. I would suggest that the growers of the produce, shipped at Comptar, who are resident chiefly of the Bombay Territory, and the merchants of Bombay who are the buyers and importers of that produce, are persons most to be affected by this proposed transfer of the port, and that these persons, the former being in the Dharwar Collectorate, the latter at Bombay, are more capable of protecting their own interests by an appeal

to an authority on the spot, than they are capable of doing by addressing a distant power, subject to different rules, or by reference to a separate Government, and that these causes alone might be productive of sufficient difficulty or delay to discourage a new trade or impede the progress of one that did not yield large profits.

12- In the Bombay Presidency I am inclined to believe that the land assessment is generally considerably higher than the land assessment in Madras, but then the produce of the former has a free transit through the Country, and is unhampered by Monopolies existing in Madras - In the Canara Collectorate Rupees

2,97,063 two hundred and ninety seven thousand and sixty five are collected on land Customs or transit duties, and Rupees two hundred and ninety

2,90,596 thousand five hundred and ninety six on Tobacco Monopoly, making Rupees five

5,87,661 hundred and eighty seven thousand six hundred and sixty one, and as it might be exceedingly inconvenient to relinquish so large a revenue, as these items alone must yield to the whole Presidency, or to depart from a general system to suit one line of

of road, so also it is extremely hard and injurious on the Bombay produce, to compel it to seek a long and round about outlet to the sea, or to exclude it from it's proper port by heavy duties, monopolies and local acts.

13. I would still beg in conclusion to offer a few general observations for such consideration as Government may deem them worthy. several Merchants at Comptá from Bombay represented that at the last Summa Bundee settlement, they had been charged Mohturpha, which had annoyed them much, and as the levy of this tax could realize but a very trifling sum as Revenue, the Madras Authorities might be induced to relieve them from the payment of it, if the subject was duly brought to notice.

14. The road down the Neelcoond Ghaut from Circee is merely a pass for bullocks. I do not say this in disparagement of the Road, for it seemed to the an excellent undertaking, and to be finished at Comptá in a style well worthy of notice and imitation but it is very much to be lamented that the Ghaut is capable of being formed into

a carriage road / that such was not done, for Cotton travelling on Bullocks is subject to many disadvantages. It is more expensive than the same Cotton would be, if conveyed by Cart, and liable to be very much injured by the frequent loadings and unloadings of the Bullocks, which is apparently done without the slightest consideration or protection of the Cotton, and I myself saw many bales of the Cotton on Bunder at Comptá which had evidently lain many hours in muddy wet ground, the bullocks having doubtlessly been carelessly unloaded near some tank.

15. As the protection to merchandize whose goods are thus conveyed, the Cotton Masters at the different ports should be authorized to take before a Magistrate, or to punish such careless carriers whose employer's goods bear sufficient evidence of their misconduct.

16. The Bunder which is dry at low water, and Custom House at Comptá might perhaps be enlarged, so as to admit of more boats loading in a tide or the road

road might be led to nearer the mouth of the creek, and thus make the shipment of Cotton independent of the tide and be the saving of time and expense.-

17.- The cloths with which Cotton is packed, are valued and charged a duty- The returns from this item must be very insignificant, and if at times the levy of this duty on the wrappers of Cotton was partially suspended, (for I would only recommend that the duty should be remitted, where the Cotton was well packed), it might tend to produce cleaner Cotton in the market, as the exporters often pack their Cotton in a common woollen Cloth, in the hopes of selling the same at the Presidency- The levy of duty being optional with the Custom master, would prevent the possibility of fraud, and it should be rigidly enforced in all cases where the Cotton was dirty or badly packed.-

18.- It might be perhaps beyond the province of Government to interfere in any of these matters and the Chamber of Commerce appears to think also, that it has no control over the native agent purchasers of Cotton; but surely if this influential body thought fit

fit to combine amongst themselves to purchase in Bombay no Cotton so shamefully treated as the Cotton of the Southern Mahratta this measure would alone compel the native Agents to do the same. so that in the result, the Cotton would be cleanly picked and arrive in the Market, in a better condition, and thus the desirable object in view would be attained and I feel convinced if the Chamber of Commerce aided by the local authorities would hold out this threat that much good would arise from it.

19- The Cotton now proceeding to the Presidency is last years' growth, and I hope (for I cannot say I trust) that the picking of this season will produce a better and cleaner outturn- but as long as the condition of the Cotton, whether cleanly gathered or not, is a matter of no importance to the Ryot and purchaser on the Spot, so long it must require a considerable deal of logic to induce a native to take this extra trouble; but if it was found that the dirty Cotton did not find a ready Market at the Presidency a reaction would occur which would affect all parties concerned in its production to the lowest degree.

On

Fort St. George. 4th January 1847

20 On the subject of cleaning Cotton I have issued many proclamations and the general reply from the Ryots is, that (quantity not quality is the object) the native local purchasers buy the Cotton as it is, and that there is no assurance that they (the Ryots) would get a better price or remuneration if they bestowed more labour in cleaning Cotton. The local purchasers again find no difficulty in disposing of it to the native agents who as I have mentioned to me, and who distinctly at Compta told me upon the question being pointedly put that they would without trouble sell all the dirty Cotton at the Presidency. The Body of Merchants therefore have it in their power in one season, to effect (by refusing to purchase at any price such shamefully dirty Cotton) that which will take years otherwise to accomplish, for it is disheartening and almost useless to attempt to induce Ryots to go to the expense of carefully cleaning their produce when the demand is for quantity not quality, or that the district local purchasers will give an enhanced price for Cotton better cleaned, which would perhaps when cleaned yield them no greater profit. The power of improving the

Fort St. George 4th January 1847.

the condition of the Cotton in the Bombay Market rests with the purchasers of the staple at the Presidency if they will reject the dirty and unclean. When also the local Agents and District retailers do the same, and then the Ryots to sell, must produce a cleaner and better article. The effect of this may be in the first instance to lessen the profit of the purchaser, and to give a better price to the Cultivator but as the better Cotton would create the increased demand, so would the increased demand, cause an increased Cultivation and as cultivation could be increased to almost any extent, improved produce would soon by competition be reduced to its ordinary profits to the benefit of the general trade of the Country.

21 Respecting the important subject of cleaning Cotton I would respectfully beg to propose 1st that Collectors should be authorized to distribute a few small rewards to Cultivators whose fields and Crops demonstrate that they have paid attention to the instructions given and 2ndly that the Custom Master in Bombay should be permitted to do the same to parties landing at the Presidency large quantities of Cotton carefully and cleanly packed. By

22 By a proper and public distribution of these rewards they would reach the persons most entitled to receive them, and will, I am of opinion, be attended with beneficial results, — where any thing like shameful carelessness or fraud has been committed on Cotton, the Custom Master should expose the same or the regulation might be enforced for the punishment of it.

23 Regarding the road between Circee and the limits of the Dharwar Collectorate, it is little better than a cleared cut through the dense jungle, from which the difficulties of obtaining supplies of any kind, should to be well understood, be experienced, and I would here beg to remark unless the object of carrying this Road direct to Dharwar and Kaabbee by a straight line through Surree was to save a few miles in distance, that the true interests of the Southern Mahratta Country would have much benefitted if the Road had been led through the populous and agricultural Districts of Mongul Bunkapoor and Seegaum to Kaabbee, in the place of a line through the Jungles expensive as this might reasonably have been done for a trifling

To
P. B. Smollett Esqr.
Agent to the Most Noble the
Governor of Fort St. George
Vizagapatam.

Sir,

Major Carpenter has communicated to me the Minutes of Consultation of Government of the 28th August 1846 in which the Government resolved not to interfere in future with my affairs, we are all its subjects and if the Government should abandon me, who would countenance me.—

Formerly certain persons instigated and fired upon the Company's Troops without the permission of my Grand Father Vizeram Gazapatty Rauze Maharauze, who was slain in battle in 1794 - subsequent to which my Father being then a boy made his escape and

and roamed amongst the Hills, the Government having thus obtained the right of the Vizianagrum Zemindary, were nevertheless pleased to acknowledge my late Father as the rightful Heir to the Rauze through an act of favor my fathers establishments and expences having been very heavy his Debts increased from time to time, and whenever the Zemindary happened to be in danger, the Government took upon itself the management thereof discharged the debts, and supported my Father - It appears by these circumstances that my Family prospered owing to the countenance it received from Government, otherwise it would not have existed so long - I shall in future pay implicit obedience to the orders of Government, and I am ready to return to my Country reduce my expences, and pay my Debts: I will not at present solicit the assistance of Government to relieve me of my debts at Benares, but I am in want of some funds for my Monthly Disbursements, and Travelling expences with my family in returning to my Country, for discharging small debts for repairing my Houses in the

the Fort at Vizeanagrum, which are in a dilapidated condition, and to defray the charges of certain ceremonies of Gyah on account of my deceased father, as well as other indispensable escpences. if the Government will therefore be pleased to issue orders that the monthly allowance which I have not received from April to December 1846. being the period I propose to quit Benares, making 9 Months at 6000 Rupees per month Rupees 54.000 and that 6000 Rupees be allowed me monthly from that period until I shall have taken charge of my Zemindary according to the orders and Instructions of Government; as well as Rupees 28,000 to the end of Fusly 1255. being the surplus which the Government usually allowed my Father. I shall require also a sum of Rupees 28000 to enable me to defray the Gyah escpences and Travelling for myself and household from hence to Vizeanagrum. and trust that the present season, and amount of Collections will readily enable you to recommend to the Government that this advance be made without trenching in any way upon the payment required for Government Customs in

in the present Fusly year. In the event of the Government not allowing me the aforesaid sums of Money being Rupees 110,000 on any account whatever, I shall not be able to returne to my Country with credit, and my difficulties increase from week to week I solemnly pledge my word of honor to you, that I will, if my life is spared, commence my journey to Vizeanagrum within one month or 40 days from the date the Money necessary to enable me to do so reaches Benares, as I shall require a short time to make all necessary preparations for the march, and Major Carpenter has kindly promised to assist me in every way in his power to expedite my departure and as I wish very much to reach my Country before the hot season commences I sincerely hope that Government, on a consideration of my situation, will graciously be pleased to authorize the immediate payment of the above sums, and in the event of my request being granted I shall be much obliged by your giving the amount to G. I. Farrain now, who will remit it to me without loss of time, which will save the

the delay in making reference to Calcutta and other places, and I can make no fiscal prepa-rations until I receive money for that purpose.-

Benares

No 20. Here enter 20th August 1846 No 921

Para 1- The Most Noble the Governor in Council observes from the past correspond-ence connected with the affairs of the Vizea-nagram Zemindary in the District of Vizagapatam that additional demands have been made for the payment of debts incurred by the Zemindars at Benares, in proportion as the Government have been found ready

to meet those demands; and the representation now made notwithstanding the large sums re-mitted to Benares to liquidate the late Rajahs debts, "that a much larger sum is now required "than two lakhs to effect this object, with the "further declaration of the present Rajah that "the proposal to reduce his stipend from a lac to 24,000 Rupees a year would further augmat "the amount of the debt to the full extent of "the difference," clearly indicate that the large & extravagant expenditure hitherto indulged in, will be continued; and that loans will be taken up as heretofore on ruinous and usurious terms, without reflection as to the ultimate consequences.-

2. The only result, therefore, to be anticipated by the prolonged residence of the young Zemindar at Benares, is an idle and wasteful expenditure of his resources, without a single compensating advantage to himself or to the Government, but the contrary- His large income instead of being spent in his own country will be withdrawn from it, and the longer he resides at Benares the more fixed will his habits of extravagance

become

a letter to your address from His Highness the Rajah of Vizeanagrum with reference to the Minutes of Consultation of the Madras Government which accompanied your Communication of the 3rd July 1846.

2. You will observe the Rajah is still anxious to assume charge of his Zemindary by Deputy, but if the Most Noble the Governor in Council at Madras finally declines to accede to his request and insists upon his taking charge in person, I am of opinion it would be indispensable as a preliminary to this measure, that the whole of the debts in Benares should be liquidated, otherwise the Creditors would interfere to prevent his departure and if the Government resolve that the Rajah shall at once assume charge in person this is the only plan I can suggest to enable him to obey their Commands.

To

P. B. Smollett Esqre
Agent to the Most Noble the Governor
of Fort St. George
Vizagapatam

Sir,

Para 1. I have been duly favored with the Minutes of Consultation of the Madras Government in the Revenue Department under date 25th June 1846 which accompanied your letter to Major Carpenter No. 14 - 3d July 1846 and I regret exceedingly to observe that the Most Noble the Governor in Council objects to my proposal to assume charge of my Zemindary by Deputy in accordance with the option frequently granted to me and especially by Minutes of Consultation para 1 2d of the 17th of April 1846.

2. I would immediately comply with His Lordship's orders and proceed in person to Vizanagrum if it were possible for me to do so but independent of all the other considerations I have urged, the now Settlement of my late Father's debts alone present an insuperable obstacle to my quitting Benares at present for I am fully

fully persuaded the Creditors would not allow me to depart until they were paid or adequate se= =curity given for the liquidation of their claims at an early period.—

3. The delay in adjusting the re= =mainder of my father's debts is productive of very serious consequences to me, for although the Lacs of Rupees would have amply sufficed for that purpose, previous to his decease, a much larger sum is now required, consequent to the accumulation of interests and the heavy charges of his funeral rites, the debts are moreover still increasing by interest at the rate of upwards of 30,000 Rupees per Annum, and the proposal to reduce my stipend from a Lac to 24,000 a year would further augment their amount to the full extent of the difference, so that the present arrangement would speedily place me in similar pecuniary difficulties to those from which my late father was nearly extricated by the kind and benevolent in= =terference of the Madras Government for the above statement shews an annual increase of debt exceeding a Lac of Rupees.—

4— The measure I have proposed namely

namely to assume charge of my Zemindary by a Deputy, would at once relieve me from all dif= =ficulty, obviate the necessity of disposing of any portion of my inheritance, and place the whole of my affairs on an easy and satisfac= =tory footing, if my continued residence in Benares be ultimately considered inexpe= =dient- there will be no difficulty in tak= =ing charge of my Estates in person when the term for which I may stipulate with my Agent expires, say at the end of 3 or 5 years as the case may be.—

5— Under the foregoing circumstances I request you will do me the favor to submit to the Most Noble the Governor in Council my earnest and respectful solicitation that they will be pleased to reconsider their resolution and= permit me to assume charge of my Zemindary by an approved and competent Agent, which I am fully prepared to do immediately on the receipt of the Government sanction to the arrangement.—

6. In conclusion I trust His Lordship in Council will not refuse my request- but add this favor to the numerous benefits my family have already received. Major Carpenter is well aware of all the difficulties

difficulties of my position, and will if called upon vouch for the Contents of this communication.

Offg. Secy. to Government

Ordered that the following letter be submitted in reply.

To
The Chief Secretary to Government

Sir,

To the Chief Secy to Govt. } Para 1. I am directed by the Board of Revenue to acknowledge the receipt of an order of Government No. 1210. 21st November 1846 transmitting for their early report a letter from the Agent to

Recommending that the Agent at Vizagapatam be authorized to remit Rs. 110,000 to Benares to be paid

to the Zemindar of Vizianagrum, to enable him to return to his Zemindary.

Most Noble the Governor at Vizagapatam, bearing date the 7th of the same Month.—

2. In this letter Mr. Smollett submits for the consideration of Government a communication which he had just received from the Rajah of Vizianagrum. In this address the Rajah represents his perfect readiness to return to his Zemindary provided only that the requisite Funds for his travelling and other expences be advanced to him, and solicits that sums amounting in all to Rupees 110000 may be remitted to him at Benares, on receipt of which he solemnly engages to commence his journey homewards, as soon as the necessary arrangements can be made. The Agent states that he has been given to understand that the Rajah has applied to a private party, G. S. Narrain Row, from whom he expects to raise on loan a sum sufficient, or nearly sufficient, to discharge his fathers debts at Benares, and Mr. Smollett recommends that the request now preferred by the Rajah to Government may be acceded to.— In such case the Agent begs that he may be authorized to remit the

the amount required thro' the channel of the
Accountant in the North Western Provinces
payable on the responsibility of the Gover
General's Agent at Benares, upon the Raj
guarantee that he will positively quit the
place. He adds that the Funds availab
in his Treasury are ample for the purp

From the Coll. of Masulipatam

Submitting report on the subject of a Petition addressed by Shaw Abdool Cawder claiming for the Mecassah Village of Penacademy.-

Para 1- Sir,

I have the honor to acknowledge the receipt of your letter of the 22d June, forwarding Copy of an Extract from the Minutes of Consultation of Government &c dated the 1st of the same Month, wherein a full and detailed report is required upon the Statements made in a Petition &c which accompanied it, addressed to the Honorable the Court of Directors by one Shaw Abdul Kauder, and especially as to the Circumstances under which the Village of Penakademy stated to have been in the family of the Petitioner up to fusly 1203 A.D. 1793/94 was included in the Jemindary of Nedadavole.-

2- In Paras 1 & 2 of his Memorial the Petitioner sets forth that the Village in question was granted under Sunnud Mocurrurry tenured to his Grand father by name Shaboo Mahomed Roospaun Khadery by the Nizam's Government

and

and the Zemindars of Ellore for purposes of charity connected with the Mosque &c. institutions situated in Doogerala in the Umberapettah Mootah to be enjoyed from generation to generation; that Mr. Branfill a former Collector of the Rajahmundry District issued an order to his grand father on the 20th December A.D. 1794 calling upon him to produce the documents connected with the Village in question in order that they might be registered, in default of which the Village was to be taken under attachment; but that as he was then laid up with sickness had no confidential person to whom he could entrust the said documents they were not then sent to be registered as required in consequence of which the Village was again entered in Fusly 1204; that afterwards his A.D. 1794/95 grand father having made a representation to the said Gentleman on the subject the latter stated that he would in lieu of the Village grant an annual allowance of 300 Pagodas which proposition his Grandfather would not agree to but represented his case to the then Governor Lord Hobart.

Of

3- Of the most material of the documents produced by the Petitioner as original ones in support of his claim, Copies and Translations are here with forwarded as hereunder enumerated Viz.

Nos 1 to 4

No. 1. Sunnud purporting to have been granted on the 6th increasing Moon of Mauzy year Doormooky Fusly 1186, corresponding to the Month of February A.D. 1777 by Nursemha Apparow former Zemindar of the Nedadavole Estate alienating the Village from the ensuing Fusly under Mokasa to Hoossain Saheb Peeroojadah.

No. 2. An order purporting to have been issued on the 20th Ramjan Heejery 1190. corresponding to the Month of December A.D. 1776 by Mezam ally Khan Nabob of Hydrabad to the Amildars &c. of Ellore Circar to the effect that the Village above adverted to which pays a sist of 300 Pagodas as also 2 Cuttles of wet land in Dooggerala, a garden and a house together with its compound, and the Cocoanut trees growing therein situated in Sancvarapoopet, tah, were granted to Shaba Mahommed Hoossain Khadary to be enjoyed as Enam

from

from generation to generation for defraying the charges incurred on account of Travellers and the Maintenance of a Mosque and a charitable School established for Educational purposes.-

No. 3. Sunnud purporting to have been granted on the 10th increasing Moon of Vysakum year Pramadeecha, Fusly 1202, corresponding with May A.D. 1793 by Raja Vencata Nursimah apparow late Zemindar of Nedadavole Estate to Peerjadah purporting to alienate to him the Village in question according to the usage, and that it should be continued to him in the same manner as it had been by his Zemindar's father.-

No. 4. Order issued by Mr. Benjamin Bramfill Collector of the former 3d Division to Mahommed Hussain Khadary Peerjadah Mokaspadar of Penakademy on the 20th December A.D. 1794, Fusly 1204, to the effect that the Sunnud and Doombalahs on which the grant to him of the Surva Mocaspa founded should be brought to be registered in the Company's Duftor within the 10th of the increasing Moon

Maghum, Corresponding to February A.D. 1795, or that on the failure of the same being done within the time prescribed, the Mokaspa in question would become liable to be attached.-

4th The present Zemindar has questioned the genuineness of the documents Nos. 1, 2 & 3. From the Endorsement on the document No. 2 it would appear, that the Village in question was originally granted as Mokaspa by Nursimah Apparow, and that afterwards a Sunnud was granted by the Nabob of Hyderabad on an application being made for the same. From which it must be concluded that the date of the sunnud granted by Nursimiah Apparow would bear a date anterior to that of the one given by the Nabob of Hydrabad; whereas on the contrary the date of the Nabob's grant now produced is antecedant to that of the Zemindar's grant. However in the abstract Statement taken by the Circuit Committee from A.D. 1776 upto A.D. 1783 the Village was entered under the head of "Mokaspa Villages". Further it was inserted in the heading of the accounts of the Village as Mokaspa belonging to Peeroojadah. Copy of which account is subjoined as enclosure No. 5. Consequently there can be no doubt as to the Village having

having then been continued as Mokasah to Peeroojadah supposed to be the Petitioner's ancestor moreover the accounts produced by the Kurnums of the Village go to prove the continuance of the same to him up to Fusly 1197 corresponding to 1787.

Fusly 1202 / May A.D. 1793

5. From the date and tenor of the Document No. 3 however it would appear that there was a period during which the Village was not in the possession of the individual alluded to, for by that document which is dated at the latter end of Fusly 1202 corresponding to May A.D. 1793 it would appear that the Village was then made over to him anew and under this document it was held, when the order [illegible] for bringing the little deeds to be registered was issued by Mr. Branfill. Hence, as well as by reason of no documents or accounts being produced to shew that the Village in question was held as Mokasah from Fusly 1198 A.D. 1788-89 up to 1202 the period during which the Estate was under the management of Venkata Narsimah Appa Row who granted the document 1792-93 it is to be inferred that the Village had not been uninterruptedly enjoyed from Fusly 1187 A.D. 1777-78

in which the same was said to have been originally granted, until its attachment in 1204 1794-95 but that from Fusly 1198 A.D. 1788-89 to Fusly 1202 A.D. 1792-93 it was in the hands of the Zemindar who renewed the grant in Fusly 1202 as per documents No. 3, and that subsequently after it had been in possession of the Mokasadar for a period of only 21 Months, it was taken under Amani in consequence of the little deeds not being produced when required, and that even if it is admitted to have been under uninterrupted possession it was so but for a period of 17 years.—

Letter from the Coll.r of Rajahmundry 7th April 1813 with enclosures herewith sent No. 6.

6. From the information which I have obtained from the late Collector of Rajahmundry to whom I applied in consequence of the Medad: wold Estate having been upt to Fusly 1211 A.D. 1801-2 under the management of Mr. Branfill the then Collector of the 5th Division, it would appear that there has been no separate correspondence relative to the Village, but that under orders received from the Board of Revenue dated the 23d May A.D. 1795 it had reverted to Government by reason of its not having been Mokasa, and the grant having been made

having then been continued as Mokasah to Peeroojadah supposed to be the Petitioners ancestor moreover the accounts produced by the Kurnums of the Village go to prove the continuance of the same to him upto Fusly 1197 corresponding to 1787.-

Fusly 1202. May A.D. 1793

5. From the date and tenor of the Document No.3 however it would appear that there was a period during which the Village was not in the possession of the individual alluded to, for by that document which is dated at the latter end of Fusly 1202 corresponding to May A.D. 1793 it would appear that the Village was then made over to him anew and under that document it was held, when the order for bringing the title deeds to be registered was issued by Mr. Branfill. Hence, as well as by reason of no documents or accounts being produced to shew that the Village in question was held as Mokasah from Fusly 1199 A.D. 1788-89 upto 1202 A.D. 1792-93 the period during which the Village was under the management of Venkata Murtiah Apparow who granted the document it is to be inferred that the Village had not been uninterruptedly enjoyed from Fusly 1189 A.D. 1779-80

in which the summed was said to have been originally granted, until its attachment in 1204 Fusly A.D. 1794-95 but that from Fusly 1198 A.D. 1788-89 to Fusly 1202 A.D. 1792-93 it was in the hands of the Zemindar who renewed the grant in Fusly 1202 as per documents No.3, and that subsequently after it had been in possession of the Mokasadar for a period of only 21 Months, it was taken under Amany in consequence of the title deeds not being produced when required, and that even if it is admitted to have been under uninterrupted possession, it was so but for a period of 17 years.-

Letter from the Coll.r of Rajahmundry 7th Apl. 1813 with enclosures herewith sent No.6.-

From the information which I have obtained from the late Collector of Rajahmundry to whom I applied in consequence of the Redad: sold Estate having been upto Fusly 1211 A.D. 1801-2 under the Management of Mr. Branfill the then Collector of the 5th Division, it would appear that there has been no separate correspondence relative to the Village, but that under orders received from the Board of Revenue dated the 23d May A.D. 1795. it had reverted to Government by reason of its not having been Mokasah and the grant having been made

Fort St. George 4th January 1847.

having then been continued as Mokasah to Peeroojadah supposed to be the Petitioners ancestor moreover the accounts produced by the Kurnums of the Village go to prove the continuance of the same to him upto Fusly 1197 corresponding to 1787.

Fusly 1202 / May 4th A.D. 1793

5th From the date and tenor of the Document No. 3 however it would appear that there was a period during which the Village was not in the possession of the individual alluded to, for by that document which is dated at the latter end of Fusly 1202 corresponding to May A.D. 1793 it would appear that the Village was then made over to him anew and under that document it was held, when the order for bringing the little deeds to be registered was issued by Mr. Branfill. Hence, as well as by reason of no documents or accounts being produced to shew that the Village in question was held as Mokasah from Fusly 1198 A.D. 1788-89 upto 1202 1792-93 the period during which the Estate was under the management of Venkata Mariah Apparow who granted the document No. 3 it is to be inferred that the Village had not been uninterruptedly enjoyed from Fusly 1198 A.D. 1788-89

Fort St. George 4th January 1847.

in which the summed was said to have been originally granted, until its attachment in 1204 1794-95 but that from Fusly 1198 A.D. 1788-89 to Fusly 1202 A.D. 1792-93 it was in the hands of the Zemindar who renewed the grant in Fusly 1202 as per document No. 3, and that subsequently after it had been in possession of the Mokasadar for a period of only 21 Months, it was taken under Amani in consequence of the little deeds not being produced when required, and that even if it is admitted to have been under uninterrupted possession, it was so but for a period of 17 years.—

From the information which I have obtained from the late Collector of Rajahmundry to whom I applied in consequence of the Redad: whole Estate having been upto Fusly 1211 A.D. 1801-2 under the Management of Mr. Branfill the then Collector of the 3d Division, it would appear that there has been no separate correspondence relative to the Village, but that under orders received from the Board of Revenue dated the 23d May A.D. 1795. it had reverted to Government by reason of its not having been Mokasah and the grant having been made

Letter from the Coll.r of Rajahmundry 7th Apl. 1843 with enclosures herewith sent Rec.d 6th

having then been continued as Mokasah to Peeroojadah supposed to be the Petitioners ancestor moreover the accounts produced by the Kurnums of the Village go to prove the continuance of the same to him upto Fusly 1197 corresponding to 1787.

Fusly 1202 / May A. D. 1793

5th From the date and tenor of the Document No 3 however it would appear that there was a period during which the Village was not in the possession of the individual alluded to, for by that document which is dated at the latter end of Fusly 1202 corresponding to May A. D. 1793 it would appear that the Village was then made over to him anew and under that document it was held, when the order 8th for bringing the little deeds to be registered was issued by Mr. Branfill. Hence, as well as by reason of no documents or accounts being produced to shew that the Village in question was held as Mokasah from Fusly 1198 / A. D. 1788-89 upto 1202 / 1792-93 the period during which the Estate was under the management of Venkata Mundaka Apparow who granted the document it is to be inferred that the Village had not been uninterruptedly enjoyed from Fusly 1198 / A. D. 1788-89

in which the summed was said to have been originally granted, until its attachment in 1204 / 1794-95 but that from Fusly 1198 / A. D. 1788-89 to Fusly 1202 / A. D. 1792-93 it was in the hands of the Zemindar who renewed the grant in Fusly 1202 as per documents No 3, and that subsequently after it had been in possession of the Mokasadar for a period of only 21 Months, it was taken under Amani in consequence of the little deeds not being produced when required, and that even if it is admitted to have been under uninterrupted possession, it was so but for a period of 17 years.—

Letter from the Coll.r of Rajah. dated 7th Apl. 1843 with enclosures herewith sent No 6.

6th From the information which I have obtained from the late Collector of Rajahmundry to whom I applied in consequence of the Redad: whole Estate having been upto Fusly 1211 / A. D. 1801-2 under the management of Mr. Branfill the then Collector of the 3d Division, it would appear that there has been no separate correspondence relative to the Village, but that under orders received from the Board of Revenue dated the 23d May A. D. 1795. it had reverted to Government by reason of its not having been Mokasah and the grant having been made

made by an individual not empowered to alienate Circar lands under Enams - But there is nothing on record to shew that Mr. Braunfill, as asserted by the Petitioner, promised to his grand father that an annual allowance of three hundred Pagodas would be granted to him in lieu of the Village in question; and that the latter declined compliance with that proposition - The Gross Collection of the Village having been included as per Circuit Committee accounts in the assets on which permanent Pishcush of the Nedadavole Estate was determined and the Village having been continued up to Fusly 1211 A.D. 1801. under Sary it was inserted under the heading of the Sary Villages on the permanent Cowle granted to the late Zemindar -

7- Petitioner States in Para 3 of his Arzee, that from the time the Village was taken under attachment his father and himself having been absent from the Country, they had not an opportunity of representing the subject in question to the Authorities. Regarding this

this, the present Zemindar has forwarded a Mahazurnamah which he States was presented to him by the Villagers of Doggeralla and Samevarapoopettah, avowing that the Petitioner, his Ancestors and relatives had been in Samevarapoopettah situated Contiguous to Penakademy. Petitioner has on the other hand also forwarded a Mahazurnamah from the inhabitants of Ellore to the effect that he and his father had been absent for a long period from this Country - The Villagers of Penakademy gave in a Kyfent to the Tahasildar of Ellore declaring absence of the Petitioner and his father from the Country, but they have been unable to adduce any good and sufficient evidence in support of their affirmation - As the Petitioner has been in possession of Separate Enams in Doggerala and Samevarapoopettah, it is hardly to be believed that neither himself nor his relatives should have ever been present during the period in question and even supposing that they had

made by an individual not empowered to alienate Circar lands under Enams - But there is nothing on record to shew that Mr. Branfill, as asserted by the Petitioner promised to his grand father that an annual allowance of three hundred Pagodas would be granted to him in lieu of the Village in question, and that the latter declined Compliance with that proposition - The Gross Collection of the Village having been included as per Circuit Committee accounts in the assets on which permanent Pieshcush of the Nedadavole Estate was determined and the Village having been continued up to Fusly 1211 A.D. 1801 under Sary it was inserted under the heading of the Sary Villages on the permanent Cowle granted to the late Zemindar -

7- Petitioner States in Para 7 of his Anzee that from the time the Village was taken under attachment his father and himself having been absent from the Country, they had not an opportunity of representing the subject in question to the Authorities. Regarding this,

this, the present Zemindar has forwarded a Mahazurnamah which he States was presented to him by the Villagers of Doggerala and Samevarapoopettah, avowing that the Petitioner his Ancestors and relatives had been in Samevarapoopettah situated Contiguous to Penakademy. Petitioner has on the other hand also forwarded a Mahazurnamah from the inhabitants of Ellore to the effect that he and his father had been absent for a long period from this Country - The Villagers of Penakademy gave in a Kyfent to the Tahasildar of Ellore declaring absence of the Petitioner and his father from the Country, but they have been unable to adduce any good and sufficient evidence in support of their affirmation - As the Petitioner has been in possession of Separate Enams in Doggerala and Samevarapoopettah, it is hardly to be believed that neither himself nor his relatives should have ever been present during the period in question and even supposing that they had

had been away it would have been easy enough for them to have submitted from so far their appeal to the authorities against the injustice alleged to have been undergone by them.-

8. In reply to the observations made by the Petitioner in Para 9 that the Nedadavole Estate having been purchased by Government in auction on account of balances due to the Cirkar and the Zemindar of Noozeed it is competent to the Cirkar to make over to him the Village of Penakademy I have to observe that agreeably to the instructions of the Honorable the Court of Directors under date the 24th of August 1802 Conveyed in the Extract from the Minutes of Consultation dated 6th December following the Estate in question was put up to sale and so purchased by Government on which a portion of it was made over to the Zemindar of Noozeed under a debt due him by the Nedadavole Zemindar, and the remaining portion of the Estate

Bd's Proceedings 12th January 1813.

which the Village of Penakademy is included was made over to the Nedadavole Zemindar and still remains in his possession.-

With reference to the instances

9. adduced by the Petitioner in which the Enam lands alluded to were restored to two Enamdars by former Collectors after having been for a length of time out of their possession, all that can be said is that these cases were disposed of according to the relative circumstances of each under orders passed by former Collectors.- Copies and Translations of which are herewith forwarded for the Board's information.- I can hardly imagine however that the case of the present Petitioner can be considered analogous to those which he has quoted, as the Village which he claims has been formally resumed and incorporated with the Estate of a Zemindar for a period of 46 years, and can not of course be regranted to the Petitioner without an equivalent being made in the shape of reduction of the Peishcush, in fixing the assessment of which the proceeds of this Village were taken

No. 7 & 8.

as

had been away it would have been easy enough for them to have submitted from year to year their appeal to the authorities against the injustice alleged to have been undergone by them.-

8. In reply to the observation made by the Petitioner in Para 9 that the Nedadavole Estate having been purchased by Government in auction on account of balances due to the Circar and the Zemindar of Noozeed it is competent to the Circar to make over to him the Village of Penakademy I have to observe that agreeably to the instructions of the Honorable the Court of Directors under date the 24th of August 1842 Conveyed in the Extract from the Minutes of Consultation dated 6th December following the Estate in question was put up to sale and purchased by Government on which a portion of it was made over to the Zemindar of Noozeed under a debt due to him by the Nedadavole Zemindar, and the remaining portion of the Estate

No. 6.

To. R. T. Porter Esqre
Collector in the Zillah of
Masulipatam.

Sir,

Para 1. In reply to your letter of 21st ultimo. requesting me to inform you of the Causes of the resumption of the Village of Pena Cadeny appertaining to the amberpet= =tah Mootah in your District. I beg leave to state. that there is no direct Correspond= =ence about this Village. but it would ap= =pear to have been resumed under the orders of the Board of Revenue of 23d May 1795 as not being a Mocafsah and having been granted by a person unauthorized to alienate lands from the Circar.

2. The accounts furnished to your Office by Mr. Robertson on 4th October 1820 contain Hifsaib Samavafsool Ban= =k accounts Fcs. of the said Pena Cadeny Village for fuslies 1203. 1204. 1205. 1207 & 1208. Consequently it may be presumed that had the said Pena Cadeny been a Mocafsah Village. the accounts in question from Fusly 1203 Corresponding ex= =with 1794 would not have been pro= =duced in the Collectors' Office for that

Board of Revenue
Fort St. George.

Gentlemen

Enclosed I have the honor of forwarding to you attested Copy of a letter addressed to me by the superintendent of the Corcondah Havelly upon the subject of the Maaniums &c.a Grounds in that Country, as also the accounts relating thereto. The particular attention I have been obliged to bestow of late upon the aumany Countries under my management, and my writers having been employed in preparing the pariodical accounts that are shortly intended for your inspection. I have not been able to forward these accounts so soon as I could have wished.

I have perused with attention the Judicious remarks made by Mr. Denton upon the subject of the

the immense quantity of ground that is improperly alienated in the Corcondah Havelly, and agree with him in opinion that such persons as are unable to produce regular Puttahs or summids from the late Zemindars, should forfeit their Maaniums. Those granted by the Renters, subrenters, Curnums and the inhabitants of Villages are highly irregular, those people who have not any property whatever in the soil certainly cannot under any plea claim a right to make away with it. therefore claims of this kind should not by any means be admitted of. The Maaniums appropriated for the maintenance of the Peons heretofore in the service of the Zemindars should also be considerably reduced and every reasonable encouragement given to them to serve as Cultivators. I beg leave therefore to recommend that all the Maaniums granted by people unauthorized to alienate the Lands from the Circar be resumed, as well as those for which the present proprietors cannot

produce

that Villages in Common with the other Zeroyettee Villages.

Board of Revenue
Fort St. George.

Gentlemen

Enclosed I have the honor of forwarding to you attested Copy of a letter addressed to me by the superintendent of the Corcondah Havelly upon the subject of the Mauniums &c.a Grounds in that Country, as also the accounts relating thereto. The particular attention I have been obliged to bestow of late upon the aumany Countries under my management, and my writers having been employed in preparing the pariah accounts that are shortly intended for your inspection, I have not been able to forward these accounts so soon as I could have wished.

I have perused with attention the Judicious remarks made by Mr. Denton upon the subject of the

the immense quantity of ground that is improperly alienated in the Corcondah Havelly, and agree with him in opinion that such persons as are unable to produce regular Puttahs or summuds from the late Zemindars, should forfeit their Mauniums. Those granted by the Renters, subrenters, Curnums and the inhabitants of Villages are highly irregular, those people who have not any property whatever in the soil certainly cannot under any plea claim a right to make away with it. therefore claims of this kind should not by any means be admitted of. The Maunimums appropriated for the maintenance of the Peons heretofore in the service of the Zemindars should also be considerably reduced and every reasonable encouragement given to them to serve as Cultivators. I beg leave therefore to recommend that all the Mauniums granted by people unauthorized to alienate the Lands from the Circar be resumed, as well as those for which the present proprietors cannot

produce

produce regular Puttahs or sun=nuds. unless they can bring sufficient evidence that they have lost them by accident. as it requires however much Circumspection in making these presump=tions. I think it would be better to defer it until the commencement of the ensuing Fusly when a proper arrangement might be made. nor can any inconvenience or loss accur to the Renter on this account. although Mr. Denton seems to think the presumption of the greater part of these Mannium is the only means he has of escaping the serious losses of last year. as well as the probable ones of the present. In this particular. I differ with the Gentleman in opinion for allowing the whole of these Manniums were pre=sumed. the profit arising from them should revert to the Circar and not to the Renter. as it appears by the tenor of his Coole that he took the Country in rent exclusive of the Enams. and con=sequently he cannot be entitled to the profits arising from this pre=sumption alluded to I humbly con=

ceive therefore when the arrangements are made. that the amount of the Renters lease should be increased in proportion to the quantity of Ground reannexed to the Circar Lands.

It is my intention to make a report separately upon the subject of the Enam Grounds in the different Countries under my authority. as I find there are many abuses that re=quire to be corrected. and which I hope in a great measure to effect. al=though it is almost impossible to prevent them entirely.—

them that such as did not obey the summons would subject themselves to have their Lands and privileges taken away from them.

Notwithstanding the repeated and strict Orders that were given to them upon that subject, the accounts they have delivered in are grossly misstated and appear to be framed for the purpose of deceiving me.

To Mr. Benj. Braunfill Esqre.
Collector in the 3d Division
of the Rajahmundry
and Ellore Circar.

Sir,

We have received your letter of the 3d Ultimo with its enclosures and send herewith our resolutions thereon which have been approved by Government as you will observe by the accompanying Extract of their letter on this occasion.

The resolutions we recommend to your particular attention, and we have to desire at the same time that in reporting the names and pretensions of the several claimants, the forms prescribed by the statement to which they refer / Marked A / may as far

be faithfully adhered to.

Fort St. George
23d May 1795 } (Signed) Charles A. White
for Members Board of Revenue.

Extract from the Proceedings of the Board of Revenue dated 27th April 1795

The Board are sensible of the labor and pains bestowed by Mr. Denton informing the Registers now before them, which Contains information of much importance to the Revenue and it is agreed to communicate to him thro' Mr. Braunfill their sense of the Zealous exertion he has used on this occasion.

It appears by the comparative statements of three Villages, that the produce of the Manium greatly exceeds that of the Government lands, the latter being Pooties 1041. the former 1459. an Extraordinary disproportion. It further appears that the whole alienations of land in this small Zemindary extend to 1836. Pooties equal to about 10700 Cawnies, and the greater part granted away by Curnums, subrenters, and Even the Inhabitants of Villages

make over a foot of land, one person alone
Branaling nn formerly a Manager for the you
Zemindar professes grounds thus surreptitious
obtained to the extent of 359 Cawnies.

In remedying an evil of such magnitude the
Board are at the same time anxious to prevent indi
=dual distress and they therefore concur in opinion wi
the Collector that it will be more expedient to defer
making the resumptions until the Commencement of th
ensuing fusly

In the mean time it is agreed to submit th
following Resolutions and opinions for the sanction of
Government as rules for the guidance of this Board in
all similar Cases -

The Board are of opinion that only such aliena
Lands as are held by valid Grants or prescription o
30 years should be confirmed. they judge it proper to fi
period of prescriptive right anterior to the Company's a
=ministration by about two Years in Consideration of the u
=chy which prevailed in the Country and the unrestrai
=ed assumption of the lands to the great prejudice o
the Revenue - Resolved accordingly that possession of gra
obtained previous to the above mentioned period of 30
Years and which have been uninterruptedly conti
=ed to the present time, be considered as valid

The Board think it proper to remark that the
Committee of Circuit in 1784 recommended in re
=spect to alienated Lands in the Circars, that such
persons only as had valid grants or had held possess
for 24 years should be confirmed which, is a perio
anterior to that proposed now, by about four years

Resolved

Resolved that all grants confirm
=ed by Government since the Cession of the
Northern Circars to the Company be held valid,
but that all grants of Lands made within
the term considered to give prescriptive right
(30 years) by any other authority and which
have not been sanctioned by Government be
deemed invalid and ordered to be resumed with
the exception of Lands or privileges appropriated
for the support of places of worship and other
religious or Charitable establishments to be continued
to the extent that may actually be found necessary
for these purposes -

Resolved that those persons possessed
particularly of the Nocafsahs be allowed a pre
=ference to hold the same lands at a reasonable rate
of assessment except the Native Revenue Officers
who are not to hold any Lands or privileges, but such
as may be allowed them on account of their respective
Offices -

Resolved that those dispossessed
who are aged persons or incapable of gaining a
subsistence or managing the lands be allowed a
reasonable pension for life to be paid from the

Company's

Company's Treasury, the amount of which would be reimbursed, from the produce of the lands so resumed, that the Collectors be desired in arranging the information required by the Board's instructions dated the 8th November last respecting alienations of Lands whether in the Zemindaries or Mawallies to prepare a General Statement of all alienations in each Zemindary according to the forms

From this General Statement separate Registers of all the following Classes are to be formed and transmitted along with it.—

1st Lands held by grants considered valid by the foregoing resolutions or otherwise esteemed so by the Collector.—

2nd By prescriptive right considered valid

3rd Lands and privileges appropriated for support of places of worship and other religious Charitable institutions held by valid Grants or prescriptive right, together with a separate register of all such lands and privileges as have been appropriated for the same purposes within the term considered to give prescriptive right showing the dates when granted by whom

whom, their extent, and for what particular objects, also in an annexed Column what reductions or resumptions should in the opinion of the Collector take place, and his reasons for making them, in order that the preceding resolution, excepting the lands from the general resumption, may be carried into effect.—

4th Lands and Privileges held by Revenue Officers.

5th Lands held under the general Denomination of Mocadams.

6th Grants considered not valid held by persons, objects of Charity.

These Statements as in the general Statement to show the names of the parties the title deeds by whom granted and the dates, the extent of the Lands comprised in each grant, the just Collections made by each incumbent for the last ten or fifteen years, and annexing also in the Column for that purpose such remarks as may be necessary for the full information of the Board and accompanying the same with Copies of all the Title deeds to be referred to respectively by number from the Statements.—

Resolved

Fort St. George 4th January 1847.

Company's Treasury, the amount of which would be reimbursed, from the produce of the lands so resumed, that the Collectors be desired in arranging the information required by the Boards instructions dated the 8th November last respecting alienations of Lands whether in the Zemindaries or Mawallies to prepare a General Statement of all alienations in each Zemindary according to the forms

From this General Statement separate Registers of all the following Classes are to be formed and transmitted along with it.—

1st Lands held by grants considered valid by the foregoing resolutions or otherwise esteemed so by the Collector.—

2nd By prescriptive right considered valid

3rd Lands and privileges appropriated to support of places of worship and other religious Charitable institutions held by valid Grants or by prescriptive right, together with a separate register of all such lands and privileges as have been appropriated for the same purposes within the term considered to give prescriptive right showing the dates when granted by

Fort St. George 4th January 1847.

whom, their extent, and for what particular objects, also in an annexed Column what reductions or resumptions should in the opinion of the Collector take place, and his reasons for making them, in order that the preceding resolution, excepting the lands from the general resumption, may be carried into effect.—

4th Lands and Privileges held by Revenue Officers.

5th Lands held under the general Denomination of Nocapsas.—

6th Grants considered not valid held by persons, objects of Charity.

These Statements as in the general Statement to show the names of the parties the title deeds by whom granted and the dates, the extent of the Lands comprised in each grant, the just Collections made by each incumbent for the last ten or fifteen years, and annexing also in the Column for that purpose such remarks as may be necessary for the full information of the Board and accompanying the same with Copies of all the Title deeds to be referred to respectively by number from the Statements.—

Resolved

Company's Treasury, the amount of which would be reimbursed from the produce of the lands resumed, that the Collectors be desired in arranging the information required by the Board's instructions dated the 8th November last respecting alienations of Lands whether in the Zemindaries or Havallies to prepare a General Statement of all alienations in each Zemindary according to the form

From this General Statement separate Registers of all the following Classes are to be formed and transmitted along with it.—

1st Lands held by grants considered valid by the foregoing resolutions or otherwise esteemed so by the Collector.—

2nd By prescriptive right considered valid

3rd Lands and premises appropriated for support of places of worship and other religious Charitable institutions held by valid Grants or by prescriptive right, together with a separate register of all such lands and premises as have been appropriated for the same purposes within the term considered to give prescriptive right showing the dates when granted by whom

whom, their extent, and for what particular objects, also in an annexed Column what reductions or resumptions should in the opinion of the Collector take place, and his reasons for making them, in order that the preceding resolution, excepting the lands from the general resumption, may be carried into effect.—

4th Lands and Privileges held by Revenue Officers.

5th Lands held under the general Denomination of Nocafsas.

6th Grants considered not valid held by persons, objects of Charity.

These Statements are in the general Statement to show the names of the parties the title deeds by whom granted and the dates, the extent of the Lands comprised in each grant, the just Collections made by each incumbent for the last ten or fifteen years, and annexing also in the Column for that purpose such remarks as may be necessary for the full information of the Board and accompanying the same with Copies of all the Title deeds to be referred to respectively by number from the Statements.—

Resolved

Resolved also that a further Statement be required showing in the same distinct manner, all claims in the General Statement, which not coming under the descriptions before mentioned are considered inadmissible, with such explanations as the Collector may have to offer.—

When the Board have all the necessary information and documents before them, no time will be lost in submitting the whole for the final determination of Government, with whom it will rest to confirm such of the claimants as shall appear to have just rights and it will be expedient to issue fresh Sunnads to them under the Company's Seal and the Signature of the Collector.—

With a view to remove the difficulties to the due regulation and improvement of the Country incidental to such grants, as also to prevent future irregular alienations and unjust exemptions in the Mawallies, it will be an object to make a Settlement with the grantees to hold their lands at an adequate rent, and in lieu of the privileges accorded to them by their grants, to receive an Annual Compensation payable

payable from the Company's Treasury calculated upon the following principle, Viz.t. Having ascertained the net Revenue realized from the Lands of each for the last ten years, to take the average annual amount, from which having deducted the tax payable yearly to the Circar according to the Sunnud the residue to constitute the compensation. This would ensure to them a certain income and being confirmed in their lands subject to the same rate of assessment as the Circar lands in general, it would afford them the means of Cultivation, and thereby secure to them great advantages.— The period of continuance of this Compensation would depend on the term for which the original grant was given, whether hereditary, for life, or any other specific period. and separate Registers might be kept of each class, specifying every necessary particular to prevent abuses in the payment of the Money, as well as to ascertain the actual existence of the parties, and further to preclude others from receiving the Compensation after the demise of the Incumbents, whose grants are for life only or for some limited duration.— Should such Settlement be approved by Government and agreed to by the parties, the Company may be indemnified

indemnified for the proposed annual compensations by a proportionate additional assessment of the lands, or in other words, by demanding a proportionate higher rent for the Purganahs including such Lands which would become liable to the same rate of assessment with the Circar lands in general.—

Asstt. Deputy Secretary.

Extract of a letter from Government Dated 15th May 1795.

We entirely approve the orders you have given to the Collectors for procuring correct Statements of the lands alienated under the titles of Enams, Maniums &ca, and of the general resolutions which you have formed for regulating your decisions on the claims which may in consequence be submitted to your consideration. We notice with particular satisfaction the alacrity of Mr. Branfill in furnishing you with the documents you require, and hope that his example will excite the emulation of the other Collectors so that little further delay may happen before a general determination may be passed

passed on this important subject.

To,

The Tanadar of Coroocolloo

Mostah.

In the Urzee addressed to me by Rajanala Veerasalingum, he stated that

that he had one Cully of Manieum land (wet) in the Bommenumpandoo Village in the Corocolloo Mootah appertaining to Kale= =lindy Purganah, consequently Shaue insti= =tuted inquiry regarding it, in which it a= appeared that the land had been continued to him prior to the permanent Settlement as would appear from the Hifsab a= accounts from Fusly 1202 up to 1211. conse= =quently I give orders to continue the said Manieum land to him. You will therefore make over to the Maniendar the said land according to the Shakoonamah.—

Purlalamoody 21st. October 1820.— } / Signed / G: E: Russell. Collector.

Ordered that the foregoing a letter be submitted with the following a address.—

To,

15-16

To the Chief Secy: to Government.

Submitting a letter from the Coll.r of Ma= =sulipatam re= =porting on the Memorial ad= =dressed to the Honorable the Court of Directors by Shah Abdool Cawder and stating the a Circumstances under which the Village of a Penacadenny represented to have been in the family of the Petitioner up to Fusly 1203 was included in the Zemindary of Nedadavole=

In Cons: 22d June 1846.

To,

The Chief Secretary to Government.

Sir,

1. I am directed by the Board of Revenue to acknowledge the receipt of Extract Minutes Consultation of the 1st of June last, transmitting to them Copy of the Memorial a addressed to the Honorable the Court of a Directors, by Shah Abdool Cawder, and re= =quiring a full and detailed report upon the Statement therein made especially as to the a Circumstances under which the Village of Penacadenny represented to have been in the family of the Petitioner up to Fusly 1203, was included in the Zemindary of Nedadavole=

In reply the Board instruct me to sub= =mit, for the information of his Lordship in Council, the accompanying letter, from the Collector of Masulipatam, which will be found to furnish full particulars on all points connected with the Memorial. It will be seen that the Village of Penacadenny is stated to have been granted to the Petitioners Grand father, Shah Mahomed Hofsain Kandrey a Peerjadah, by Nursinha Apparow a former Zemindar of Nedadavole, under a Sunnud bearing date a February

23d. Dec.r 1845. In Cons: 14th January 1847.

February 1777- In this Summud the purpose of the grant is not stated- but in a Summud issued by the Nabob of Hyderabad, in December 1776, and co intended, as would seem from the endorsement co upon it, to confirm the Zemindars grant, tho co singularly enough it bears a date prior to the date of that instrument, the Village is stated to have been conferred in support of a Mosque, and for Charitable and educational objects- The Mocassa co seems to have been enjoyed by the Grantee as free from Fusly 1186 to Fusly 1197. but it appears co doubtful whether it continued to be so enjoyed for this last year to Fusly 1202- at the close of Fusly 1201 or in May 1793, a further Summud was issued by the then Zemindar of Nedadavole, Rajah Venkata Nara= simha Apparow, Son of the Narsimha Apparow already mentioned continuing the Mocassa to Shaik Mahomed Hoossain Cawderry, in the same manner as his (the Zemindars) father had done- The Mo= cassadar seems to have held the village from the date of this last Summud, to Fusly 1204. when in common with all other holders of rent free lands and Villages, he was required by Mr. Brampton then Collector of the 3d Division, to appear &

From Fusly 1186-1194.

to produce for registry, the documents under which his Mocassa was held, under penalty of its attachment, co in the event of his non attendance- He did not co appear, and the Village was in consequence attached, and soon afterwards resumed, in conformity with the general rules laid down by the Board of co Revenue in their Proceedings of 23d May 1795- It continued under Sairy or Among the Sircar lands, from Fusly 1204, until the formation of the Permanent Settlement, when it was made over to the Nedadavole Zemindar; its value, as determined in the Accounts of the Circuit Committee having been included among the Assets on which the Peishcush of the estate was fixed, and the Village entered as Sairy in the permanent Cowle granted to the Proprietor- It has remained as an co integral portion of the Zemindary from that date. Recently the Nedadavole estate, after having been purchased by co Government for Arrears, has been divided- one third given over to the Noozeed Zemindar, in lieu of the debt due to him, and the remaining reconferred upon its former Proprietor, in which latter portion the Village of Penacadeny is included-

3- From the above account it will be perceived, that the Village in question, was not under any circumstances in the possession of the Memorialists Ancestor for a co longer space of time than 17 years- that it is doubtful co whether his occupation of it for that period was uninterrupt= =ed, and that it was finally resumed from the failure of its holder

Fort St. George 4th January 1847.

holder to comply with the requisition made to him for the production of the documents, on which his title was founded - Had those Vouchers (supposing them to be genuine which is denied by the present Zemindar) been brought forward, the Mocassadars claims would probably have been decided by the rules prescribed by the Board for the guidance of the Collector 23d May, and sanctioned by Government 15th May 1795. and his claims, tried by those rules, would not have been held valid, inasmuch as the Mocassa had not at the utmost been enjoyed for more than 17 years, and the Grants on which it was held had not been confirmed by the Company's Government. Some consideration might perhaps have been shewn as a matter of favor, had the Grant appeared to have been made for Charitable, or useful objects - but from the original Sunnud, issued by the Zemindar in 1777, it seems doubtful whether it was really conferred for such purposes as it is, the Village has been in possession either of Government, or of the Nedadavole Zemindar, from its resumption in 1794 to the present time, or for 52 years, no representation having till lately been made by the Memorialist or any of his family. The Board cannot therefore consider his present application to be worthy of attention, and as remarked by Mr. Porter, if it be acceded to a proportionate deduction must be allowed to the Nedadavole proprietor, the revenue of the Village being as already stated, part of the assets on which his Peishcash is based -

Note
The rules require that the lands should be held by prescription of 30 years or rip on Sunnuds granted within that period that they should have been confirmed by Government -

Jas. Spence

3- The season of Fusly 1255, tho' it affected the Wet Crops from the failure of seasonable rains, proved on the whole favorable to the dry ones and especially to Jowar. The Black Paddy and Pyra Crops suffered considerably from want of rains and yielded but a scanty return in June when the Poonnasa or the 1st Crop of the year is generally cultivated; the rain was partial, and subsequently there was an entire failure up to the end of August. In September it was again partial, and failed entirely in October and November when it was much required for the white Paddy Crops. The failure of the N. E. Monsoon occasioned a considerable falling off in the wet cultivation as well as in the outturn therefrom except in those lands which are dependent on irrigation from the Kistna and Godavery, where the Crops were in proportion to the supply of water obtained from these sources- Thus the season was not on the whole very favorable compared with the preceding year, but the revenue obtained even under the above disadvantages was higher than that of Fusly 1254 (A.D. 1844/45) a result which was owing

owing in a considerable degree to the abundant harvest of Jowa and specially to the highness of prices for wet and dry grains consequent on their increased exportation to the Nizams Dominions, where the effects of the season were even more severely felt- In closing these remarks it will be sufficient to state that the season of the year under review varied in the different Estates, giving of course corresponding results-

Ellore & Covally.

4- The Marginal Statement will exhibit the extent of dry and Wet cultivation together with the returns therefrom, in the Estates of Ellore and Covally-

5- These Estates are composed of a large extent of Wet with a limited portion of dry lands- The decrease in the cultivation of the former was occasioned by the failure of rain added to the limited supply received by the Tanks from the freshes of Sunlair which is the principal source of irrigation.

as

Fort St. George 4th January 1847

as well as by the contumacious conduct of the Ryots who combined together in neglecting to bring the usual extent of land under cultivation with a view to obtain a remission of Durbary Charges with which they had been taxed. The consequence was the decrease above noticed in the cultivation with a disproportionate return from the inadequate supply of water.

The refractory Spirit manifested by the principal ryots in refusing to attend the Settlement has been duly noticed under the Board's orders dated 20th April last. They were at the same time clearly given to understand that the claims advanced by them to a remission of the imposts cannot now be entertained and that unless they pursue a more peaceable conduct they would become liable to the severe penalties of the Law. This warning appears to have had a favorable effect on them, as in Fusly 1250 A.D. 1840/41 they have carried on cultivation in proportion to the means of irrigation and the favorableness of season the results of which I shall have to report on the settlement of that year. In the dry land cultivation in Fusly 1258 there was an increase owing

Fort St. George 4th January 1847

owing chiefly to the considerable extent of Peervut lands cultivated, and the return was equally favorable, exhibiting an improvement over that of the preceding year. The Carriar share of the produce was settled on Estimate, the principles of which were explained in my report on the Minor Estate dated 30th Ultimo and the Settlement thereof including ready Money Collections, the Money rented and garden lands

	Rs	a	P.

Old balance on account of the Zemindar's Management	2555-5-4
On account of the Circar Management	612-10-6
Total	3167-15-10

10- The Settlement of Fusly 1258 compared with the Peishcush exhibits a decrease of Rupees 33254-10-1. which can only be attributed to the falling off in the wet cultivation consequent on the failure of rains and the scantiness of the produce.

	Rs. a. p.
Peishcush	39383-7-7.
Settlement	6128-13-6
Decrease	33254-10-1.

11. Of the Peishcush demand Rupees 39383-7-7 the sum of Rupees 8100-" was collected within the Fusly and Rupees 1000 since, leaving a balance of Rupees 29983-7-7- There was an arrear of

Fort St. George, 4th January 1847.

of Rupees 29,698-8-" at the close of Fusly 1254; of which Rupees 10,000 were collected within the year, leaving still a balance of Rupees 28,698-9-"-

12. The Estates of Ellore and Covally will be disposed of by public auction on the 23rd Instant agreeably to the Board's orders dated 17th Ultimo. The practicability of ensuring an improved means of irrigation to these Estates, as also those referred to in Para 20 of the Board's Proceedings dated 3rd September last, in connection with the subject of constructing an Anicut over the Pustra is now under the consideration of the Civil Engineer of the Division-

Davercottah 13- The Dry lands of this Estate, the Board are aware, were let on a Quinquennial Lease on progressively increasing rents-

14- The demand of this Estate for the year under review exhibits a Net decrease of Rupees 1004-0-11 below that of the year preceding as noted in the Margin- This decrease was owing to the arrear of

Settlement Fusly Rs. a. p.
1254 — 157 — 11 — 4
1255 — 1093 — 0 — 0
Decrease 480 — 11 — 4

21. The settlement of the year under review exhibits a decrease of Rupees 480 — 11 — 4 below that of the preceding year. This decrease is chiefly attributable to the limited supply of water received by the Tanks consequent on the failure of periodical rains, by which a falling off in the extent of wet cultivation was occasioned. The Crops also suffered at a time when they were coming to maturity for want of irrigation.

22. The decrease in wet lands was made up in some measure by the increase in dry cultivation, for which the season was favorable and which gave an adequate return. the Net outturn however was still below that of Fusly 1254. (A.D. 1844/45) as above stated.

23. The settlement was effected for the sum of Rupees 1093 — 0 — 0 on the Estimated Cottah share of the produce, wet and dry, referred to above, including the Money rented and Inam lands as well as ready Money collections. Of this Rupees 915 — 1 — 7 were collected up to 25th October 1846, and Rupees 51 — 7 — 7 since that period, leaving a balance of Rupees 126 — 13 — 10.

Of

Fort St. George, 4th January 1847.

24. Of the arrears due from the Ryots Rupees 343 — 5 — 11, the sum of Rupees 49 — 8 — 11 was collected up to 25 November last, leaving still a balance of Rupees 293 — 12 — 1, which will be gradually collected from the future surplus resources.

25. The whole amount of Peishcush cash Viz: Rupees 787 — 8 — 0 was collected within the year, and the settlement of Fusly 1255 exceeded the Peishcush by Rupees 305 — 8 — 4.

of water from the freshes of the Godavery which in addition to the failure of periodical rains as already noticed tended to obstruct the cultivation to a considerable extent. The water of the Lake was available to some extent for bringing the lands situated in the immediate vicinity thereof under Cultivation, and the partial showers in September and October assisted in bringing up the Crops to maturity.

28. The Wet lands of these Estates chiefly depend on rain having no independent sources of irrigation. In these Estates the season was tolerably fair rain having fallen in July, August and September sufficient to carry on the plantations, in which the extent of cultivation was

was nearly equal with that of the preceding year, but the Out-turn was inconsiderable from the failure of rain at a time when the Crops were coming to maturity.

Valavadum Mootah. 29. This Estate consists of a large extent of dry with a small portion of wet land. The season proved favorable rather to the dry than to the wet lands, the harvest of the former being abundant, while in the latter tho the Cultivation was not quite equal to that of Fasly 1254 and the produce was scanty consequent on the failure of the later rains.

31. From the early rains the cultivation of dry lands kept pace with that of the preceding year, tho' latterly the prospect of a better harvest was lost owing to subsequent failure of rain. The wet lands in this Estate are dependent for irrigation on rain and on Streams passing from the neighbouring Hills, by which tanks are supplied. Both these sources nearly failed in the years under review, and the partial showers were insufficient to carry on cultivation in wet lands with any success, which will account for the great falling off under this head.

32. The following statement will exhibit the aggregate demand determined on the Estimated produce of the year in wet and dry

Fort St. George, 4th January 1847.

dry lands of the Estates enumerated with reference to the current prices, inclusive of the Money rents on the cultivated Government and Pagayet lands, as well as ready Money Collections together with the several sundry items composing it.

The season of the year proved favorable to the dry lands which caused an increase of C. V. P. 73-11-31. in the quantity of produce notwithstanding the contracted extent of Cultivation. In Wet lands, the extent of Cultivation was limited from the small supply of water which the Tanks had received at the commencement of the season, and the out turn was likewise scanty from the subsequent failure of rain. Including the Jeervut and ready money collections the settlement was effected with the principal inhabitants of the several

several Villages for the sum of Rupees 2181-
A. P.
" To this being added Rupees 1135 - - - the
rent amount of a Village leased out by the
Zemindar, the aggregate demand was Rupees
3616. shewing an increase of Rupees 268-11-
2 above that of the preceding
year chiefly attributable
to the highness of prices.

Settlement of	Fusly	Rs.	A.	P.

From

59. From the foregoing Account it will be seen that there was a large increase C P D
of 11.15 6 6 in the dry Cultivation in the three first Estates of Nundegamah, Panoogunche-prole and Batanole, compared with Fusly 1254 owing to the goodness of season but chiefly to the reversion to Dumany of the Villages above mentioned in which lands were held on Seeraut or money rents on low terms mutually agreed to between the Renters and Ryots for that year. The consequence of this operated favorably as regards the interests of Government in as much as there was an abundant Crop which combined with good prices yielded a revenue far above that of the preceding year. The cause of variation in the extent of cultivation in Wet and Dry Lands in the remaining Estates is attributable to the nature of Season and does not appear to call for any particular observation.—

60. The produce in dry lands generally it will also be seen, was proportioned to the extent of cultivation. In the wet ones, particularly in Junegoodooroo, Aucolamanu and Culdindy, the out turn was scanty from the failure of rains and the absence of any independent means

of irrigation.—

61. The prices of grain in Fusly 1255 were exorbitantly high compared with Fusly 1254. There having been an increase of

Fusles	Dry	Wet.
	Pr. A P	Pr. A P.
1254	12 15 2	13 10 7
1255	29 11 8	25 " 4
Increase	16 15 6	11 5 9

Rupees 16 15 6 for the Dry, and Rupees 11 5 9 for wet produce per Candy. The cause of this as already stated in my remarks on the season is owing not only to the failure of rain at a fixed period when it was much needed, but principally to the scarcity which prevailed in the Nizam's territories to which there was a large exportation of Grain from this District.—

62. Except in Panoogunche-prole, Batanole, Namaly, Junegoodooroo and Aucolamanu and Purganahs where the rents confirmed by the Board for Fusly 1255 remained in force, the settlement on the estimated circar share of the produce in the dumany Villages including Seeraut and Garden lands as well as ready money collections amounted to Rupees 9115—10—" from which the usual remissions in the Culdindy and Condapully Purganahs, Rupees 1190—13—" being deducted the net demand was Rupees 89924—13—" to which is to be added Rupees 159—11—" on account of items not included in the Settlement, making a total

59. From the foregoing Account it will be seen that there was a large increase of Rs. 11.15.6.6 in the dry Cultivation in the three first Estates of Nundegamah, Panoogunchesprole and Balanole, compared with fusly 1254 owing to the goodness of season but chiefly to the reversion to Dumany of the Villages above mentioned in which lands were held on Seeramut or money rents on low terms mutually agreed to between the Renters and Ryots for that year. The consequence of this operated favorably as regards the interests of Government in as much as there was an abundant Crop which combined with good prices yielded a revenue far above that of the preceding year. The cause of variation in the extent of cultivation in Wet and Dry lands in the remaining Estates is attributable to the nature of Season and does not appear to call for any particular observation.—

60. The produce in dry lands generally it will also be seen was proportioned to the extent of cultivation. In the wet ones, particularly in Junegoodooroo, Aucoolamanad and Culdindy the out turn was scanty from the failure of rains and the absence of any independent means

of irrigation.—

61. The prices of grain in Fusly 1255 were exorbitantly high compared with fusly 1254. there having been an increase of Rupees 16—15—6 for the Dry, and Rupees 11—5—9 for wet produce per Candy. The cause of this as already stated in my remarks on the season is owing not only to the failure of rain at a fixed period when it was much needed, but principally to the scarcity which prevailed in the Nizam's territories to which there was a large exportation of Grain from this District.—

the remaining proceeds held in deposit pending the Boards orders on a special reference to be made hereafter on the subject.—

72. The special report called for in Para 7 of the Boards Proceedings dated 3d September last will be submitted with as little delay as practicable.—

Innegoodooroo and Aycoolamanaud Purganahs.

73. The Villages composing these Estates were settled on rent for 4 years from fusly 1254 / 1844-45 to 1257 / 1847-48 as reported to the Board under date 10th February last but in their Proceedings of the 11th September 1845 the Board in confirming the rents for fusly 1255 observed that it would be preferable to introduce annual Settlements for 3 or 5 years. The Board further remarked that "the settled rent of Innegoodooroo (Rupees 1,710) for the last year of the series is less than that (Rupees 1,328) of the

Bds Proceedings 5th March 1846 Para 6.—

last year but one, and is considerably below the average (Rupees 1,706—10—9) of 20 years, that in both cases the Settlement for the last year fell short of the Peishcush and that a condition was entered into that the excess would be given up to the Ryot." In explanation of this it is to be observed that the Statement No 2 is intended to exhibit the Settlement of rents of only 9 out of 15 Villages composing the Innegoodooroo Purganah. Of the remaining 6 Villages 3 were settled by the Zemindar on rent, and 3 are Bilmuta Agraharums, the Bariz of which Amounted to Rupees 639—4—0 as shewn at the foot of that Statement which would shew that the total rents of the Purganah is Rupees 1,879—4—0 The rent for the last year of the series is moreover exclusive of that of the Village of Kanoor no offer having been received for the same for that year, whereas if the rent of this Village for fusly 1256 / A.D. 1846/47 is included in the last years total it will be seen that instead of a falling off it would give an increase of Rupees 130 as shewn in the Margin.— In comparing the Peishcush.

Peishcush the Basiz of the abovementioned 6 Villages and that of Kanoor ought to have been added to the rent of the 8 Villages, which would shew that the Basiz of Fusly 1255/1847-48 is Rupees 5097 4 " instead of Rupees 4967 4 " tho' it still falls below the Peishcush by Rupees 1200. The resources of the Estate have greatly deteriorated during the Zemindars management. It was with the view of effecting improvement under direct management that a renting system was introduced and the result of these rents, tho' somewhat less than the average collections of 20 Years has exceeded the average of the last 5 and 10 Years. But in the case of the Aycolamanaud Pergunah the proposed rent exceeded the average of Collections as shewn in the Margin. In the present deteriorated condition of these Estates, it cannot be expected that they will at once become capable of paying the Peishcush demand. Improvement can only be introduced gradually by holding out inducement to the Ryots for the purpose of developing the resources of the Six Islands. I shall Advert to the Boards observations in Para 8 of the above Proceedings of the

Panoguneche prole and Batavole Purganahs.

75. With reference to the remarks in Para 5 of the Board's Proceedings above alluded to, as to the rents concluded in the Panoguneche prole and Batavole Purganahs being entered into for too long a period, I beg to state that the Villages of these Purganahs are situated on the frontier of this District and in the immediate vicinity of the Nizams Villages. In consideration of their present deterioration, I considered that the renting system would be preferable than keeping them under Amany, thinking that the renters would doubtless take an interest in improving the lands by procuring Ryots for extending Cultivation. The renters have accordingly entered into money rents with their under Ryots, and this system would serve as a preliminary to the introduction of Ryotwar settlement as contemplated by Government. At present with the few Ryots in the Village the lands will be waste, but the renter would be obliged for his own interest to get Vagaring Ryots, who otherwise will be induced to remain in the Nizams Dominions. In anticipation of the rents being confirmed several Vagaring Ryots have engaged lands for Cultivation which

which in the current fasly has been carried out to a considerable extent; and the Villages are accordingly under improvement.

Average of Rs. a. p.
20 years — 19,048-4-4
Do. of 10 Do. — 10,453-12-10
Do. of 6 Do. — 14,556-0-2
Proposed rents — 23114-6-4

76. From the Marginal abstract, it will be observed that the proposed rent is greater than the average collection of a series of years, but as the Board have given the preference to an individual settlement, their orders will be carried into effect after the lands are surveyed and classified. Ifear however that the settlement under the latter mode will fall below the proposed rents from the small number of Ryots who are now engaged in Cultivation.

77. As a general rule the leases were concluded with the Principal Ryots in the Villages, and with the view to secure Government from loss, it was deemed expedient to enter into a stipulation that any excess produce beyond that on which the rent was calculated will be paid to the Circar. The proposed rents nearly correspond with the proportion of Peishcush on the Zemindary.

Proportion of Peishcush due of the two Estates including the proposed rents — 25042-2.
21273-2.

78. In the same Proceedings it is also remarked that the rents having been settled on only one or two individuals, the interests of both the Circar and the individuals would thereby be much affected. I beg to observe in explanation thereof, that the Villages were settled

settled on the Villagers and seldom to strangers except at the request of the Villagers themselves in consequence of their pleading inability to undertake the rent; and in such cases the renter generally assists those Ryots with advances of money to enable them to carry on Cultivation. The amount of these rents is divided among all the Ryots of the Village according to the extent of his holding with reference to the Classification so as to make up the aggregate rent of the Village, a condition being at the same time entered into that they will pay their respective Vesabady rents to the Circar through the renter, whether the lands may be productive or not. This rule is observed invariably by the Ryots, and each Ryot will enjoy the profit or bear the loss according to the proportion of his holding as contemplated by the Board, and no loss can therefore accrue either to the Ryot or Circar as supposed by the Board.

79. From the prevalence of famine in former years and Continued drought of seasons, as also from the mode of management pursued during the Zemindari time having been continued under the temporary management of Circar, under the apprehension that if it were deviated from the Zemindar might eventually advance claims after the release from attachment, the Ryots in the Zemindary Estates are reduced to great distress, by which Cultivation and produce failed and the revenues decreased, the Villages having become incapable of yielding

them

their former sist.-

80. Under these circumstances, it would seem preferable that the rents should continue as at present, particularly in this part of the Country to be held by the Villagers, so that they may bring their Villages into gradual improvement and introduce new Ryots, and at the expiration of the leases the Circar after taking into consideration the sist to be agreed to by the Ryots between themselves, could have a survey made and the sist fixed for lands, by which the interest of Ryots and Government will be secured and the frauds attendant on the systems heretofore in force be prevented.-

81.- In submitting the foregoing observations I trust that the Board will understand that they are merely submitted as explanatory of the reasons which induced me to advocate the introduction as a temporary measure of rents for a term of years in these frontier Villages, and not with any views of offering opposition to the Boards' wishes or instructions which I have since their receipt been endeavouring to carry out as fully as circumstances of the case will admit of.-

Chintalapanty Venkatapah. 82. This Estate which is situated contiguous to the Nundegamah Purgunah consists almost entirely of Dry lands, the proportion of wet being very small

83. The annexed comparative abstract of Cultivation and produce will shew that there was as in the Nundegamah Purgunah a considerable increase in Dry Cultivation, the extent cultivated above that of Fusly 1254 being Cutties 735-4-11¾

Collections of a series of years, and as the several Villages were under the management of the Renters for 4, 3. & 2 years, I did not think it expedient to disturb the same, and so confirmed them for fusly 1255, and I would suggest that they should be continued for the remaining years of the lease, for which I request the Board's orders.

93. The Sibbendy Mokassahs and Agraharums as well as Cheemalapauty Samudr which is held on Bilmuctu tenure amounted to Rupees 1259-14-6 exclusively of an increase of Rupees 242-11-3 above fusly 1254 as noted in the Margin.

94 The aggregate demand on account of the items above enumerated for the year under report amounted to Rupees 59,003-14-9, being Rupees 32062-8-3 above that of the year preceding.

95. In these Estates the Zemindar holds Savarum lands to the extent of Cutties 100-8-0, of which 56-6-0 were Cultivated in fusly 1255; the proceeds thereof including the share of the Proprietor's Cumtum amounted to Rupees 3791-5-6. As the produce of these Lands was enjoyed by the Zemindar during Circar management; and as such was not carried to account; and particularly as the Estate came under management at the advanced period of the year, and as the Estate has become a Government property only from fusly 1256 the said sum was deducted from the Settlement of fusly 1255. These lands will form the subject of a separate report in connection with the provisions to be made for the Zemindar as directed in the Board's Proceedings dated 19th February last.

Coroocolloo

96. The Mootah of Coroocolloo consists of 24 Villages, of which two were rented out by the Zemindar for a term of 5 and 7 years commencing with fusly 1252 A.D. 1842-43 for the total sum of 731-8 Rupees, and 12 are carrying the produce of which

Fuslies.	Extent of Land Cultivated			Quantity of Produce		
	C	V	P	C	V	P
1254 ——	54	6	8	435	15	8
1255 ——	84	8	8	966	17	24
Increase.	30	2	0	531	2	16

which was settled on Estimate the extent of Cultivation and produce is noted in the Margin. These Villages do not contain dry lands fit for raising Jonna Crop but there is a considerable portion of Wet Land which is worthy of remark that the season which elsewhere was unfavorable proved the very reverse of it as regards this Estate. Not only did timely falls of rain in the absence of any independent means of irrigation prove of the greatest service to bring a large extent of land into Cultivation, but the harvest was also plentiful, to which added to this the price for grain was nearly double that of the year preceding, so that the settlement of the year under these favorable circumstances amounted, inclusive of the usual items of revenue, to Rupees 9066-1-7, being Rupees 4,972-2-3 or more than double that of the preceding Fusly.

	Rs. a p
Settlement of Fusly 1254	4093-15-4
D.o 1255 ——	9066-1-7
Increase.	4972-2-3

97. The Jungles in this Estate which are of great extent yielded Soap Nuts and other fruits and the tax levied thereon is the chief source of revenue. The receipts on this account in Fusly 1255 (1845-46) amounted to Rupees 4987-14-8 being no less than Rupees 4,338-1-4 in excess of those of the preceding year owing to the abundance of the produce.

	Rs. a p

99.

100. Thus the aggregate demand of Pergunah and Corocollee Estates for Fusly 1255 was Rupees 76,126-6-5, from which the Collections received within the year and subsequently thereto being deducted, left a balance of Rupees 6,896-10-10 as shewn in the Margin. Of the large balance on Corocollee Viz.o Rupees 4075-2-11 the sum of Rs. 987-15-6 is due on account of the contested "Durbary Charges" which the Ryots demurred to

to pay on the plea that the Zemindar had re-imposed it after it had once been discontinued by Mr. Russell in fusly 1730.
A.D. 1820-21.

101. I have already had the honor of addressing the Board regarding these Charges in the Sadapuram Estate which has lately come into the possession of Government, and I shall hereafter make a representation regarding the same Charge in this Estate, which is now similarly situated with Sadapuram and which it appears to me should be similarly dealt

102. The remaining balance is due on account of Sea Nuts rented out, which as well as the sundry balances will be realized hereafter.

103. The Taccavy advances, made by the Zemindar to the Ryots in Corocollos Mootah for fusly 1255 amounted to Rupees 662-7; of which Rupees 651-12-9 were Collected after the Estate was attached. There was a balance of Rupees 150-1-9 on account of Maramut Work in this Estate, of which a sum of Rs. 13-0-9 has since been Collected, and the remainder will likewise be realized hereafter.

104. The arrears on these Estates due from the Ryots upto the close of fusly 1254 amounted to Rupees 8,217-0-10; of which the sum of Rs. 60-11 was Collected prior to the date of attachment, and Rupees 739-5-1 subsequently up to the end

of October last; and the remainder will be Collected from the future resources.

105. From the abstract noted in the Margin it will be observed, that of the current Peishcush Rupees 47,917-15-11 one Bezoarah and Corocollos, the sums of Rupees 46617-11-0 was Collected, Viz. Rupees 1161-5-11 before the date of attachment, and Rupees 45,456-5-1 since, leaving Rupees 1,300-4-11 on the Estate of Corocollos. Of this the sum of Rs. 1000-0-0 being the sale proceeds has been carried to account, and there remains a small balance of Rupees 300-4-11.
