on the footing of that of the same Officer in unsettled Districts, and he is ex pleased to direct that the Rules which re regulate the Salary of Head Sheristadars in unsettled Districts be accordingly applied to the case of the Sheristadar in Guntoor.—

5. The total Establishment now ex maintained in Guntoor involves an expendi: ture of Rupees 12,986—11—2 per mensem, that proposed entails an expense of Rupees 12,716—7—2 being a decrease of Rupees 242—4 per mensem or Rupees /2904/ Two thousand nine hundred and seven per annum. The Governor in Council sanctions the reduced establish: ment and directs that immediate effect be given to the proposed altera: tions.—

6. Of the Amount of the establishment now sanctioned, it is observed Rupees /4968/ Four thousand nine hundred and Sixty Eight are on account of the Remindaries newly purchased, the remainder Rupees 7776—7—2 appertaining strictly to the Govern: ment.—

Para 7. 7. As requested in para 7 the ex Governor in Council grants special sanction for

Fort St. George 18th January 1817.

for the higher rates of pay drawn by the Officers of the former Sibbendy Corps now employed on General police duties, to be reduced to the regulated standard as lapses occur.—

8. The Governor in Council observes that the Board of Revenue have not noticed the suggestion of the Collector contained in para 11 of his letter dated 27th March 1816 that a Modification should be published for the guidance of the Courts declaring the permanent settle: ment to have ceased in the Guntoor District.—

by the late Syed Shumsoodeen on account of the Ansaray Moobarick in the Fort of Trichinopoly be continued in the name of Syed Fakeroodeen with the distinct understanding that it will cease entirely on his decease.

×8th October 1842 No. 1198 in the Minutes of Consultation noted in the
20th Jany. 1846 No. 95 para. 5
13th June " " 628 para. 2. margin in respect of grants of the nature

referred to in the foregoing Communication, the Governor in Council cannot regard the Yeomiah enjoyed by the late Syed Shumshoodeen, as a strictly service grant, and possessing as such a claim to renewal in perpetuity. Indeed it would appear from Mr. Wallace's Register of the Yeomiahs in the Trichinopoly District existing in 1801, that this Yeomiah was viewed as a charitable grant, and a Purwanah was ordered to be issued accordingly although that Officer had then before him the Purwanah of the Nawab Anawuddeen Khan, of which a translate is now submitted. There is certainly nothing in the nature of the service prescribed by that grant that calls for its being perpetuated, nor do the terms of the Sunnud hold out the expectation that the allowance would be continued hereditarily.

2. It is also observed that when the Government sanctioned the continuance of

of the Yeomiahs in 1818, the information laid before it by the Board of Revenue in support of their recommendation did not afford a correct view of the nature of the service, which was represented to be that of "Reader and lamp lighter in a Mussjed or Mosque" but the terms of the Purwanah would appear to provide for the ceremonies usually performed at the tombs of reputed Mahomedan Saints and for the offering up of prayers for the prosperity of the Government. This latter condition being almost invariably annexed to subsistence grants.

3. Under the above view of the case, confirmed as it is by the course observed in the renewal of similar grants, the Governor in Council resolves to direct that the Yeomiah of Rupees 16—7—" a year, and Annas two per Mensem enjoyed by the deceased on account of the "Ansaray Moobarick" in the Fort of Trichinopoly be continued in the name of Syed Fakeroodeen from the 10th Sept. 1846, the date of his father's death, with the distinct understanding that it will

will cease entirely on his demise.—

Relative to the Settlement of the Extra Sources of Revenue in the District of Bellary for Fusly $\frac{1255}{A.D.\ 1845/46}$ ---------- /Here Enter 23d Nov. 1846 No. 564/

Para 1. The Settlement of the Extra sources of Revenue in the District of Bellary for Fusly 1255 calls for little remark.—

2. The result gives a net decrease on comparison with the Settlement for 1254

Fusly 1254 --- Rs. 68,297—8—0 of Rupees 7884—0—5. The
Fusly 1255 --- " 60,448—7—7 gross decrease Rs. 10,031/4—12—5
" 7884—0—5 is with the exception of
Rs. 743 caused by the abolition of the Mysore and Soondoor Frontier Chaukeys, the discontinuance of the use of Stamp Maffee Rowanahs

Rowanahs, alterations in the practice of the Court, and in the arrangement of accounts.—

3.— The Abkary Rents considerably exceeding those of Fusly 1254 have, it is observed, been realized in full.—

4.— Increased number of looms has augmented the Moturpha Revenue of the demand on this account, there is only a balance of Rupees 542 of which a portion is reported recoverable— Of the outstanding Moturpha balance for 1254 amounting to 1,4 13—14—2, Rupees 1273—0—5 have been collected leaving Rupees 138—9—9 which the enquiries conducted by Mr. Mellor and his Sub Collectors during the Summahundy have shewn to be irrecoverable. The Governor in Council sanctions the writing off of this sum viz. one hundred and Twenty eight Rupees nine annas and nine Pice.—

In reply to a former application from Mr. Pharoah the Government expressed willingness to authorize his being furnished with the information he requiries if unobjectionable by means of Extra Establishments at the expense of Mr. Pharoah. The representations of several of the Collectors to whom he has applied show that to comply with the requisition made on them would entail on their Public servants considerable labor which would interfere with their usual duties. The Governor in Council therefore cannot further promote Mr. Pharoah's views than by permitting the Heads of Offices in the Provinces to use their

their discretion in furnishing him with information regarding the districts under their charge on his paying for such extra establishment as they may find it necessary to entertain for this purpose

As the Zemindar of Nozeed

Noozeed in Masulipatam has actually paid down 2,0000 Rupees of the large balances outstanding against his Estate, and would therefore appear to be in earnest in his intention of liquidating his debts to the Government, The Governor in Council accepts his proposal to discharge the remaining balance amounting to Rupees 44,237 14-8 by two instalments, the first of 22,118 15-4 within the Current Fusly 1256, and the second of 22,118-15-4 within Fusly 1257. (Here enter 10th Sept. 1846 N. 426 and 12th November 1846 N. 565)

Para 1. The Governor in Council regrets to learn from the foregoing Proceedings the great diminution which has taken place in the Land Revenue settlement of the Vizianagrum Zemindary for Fusly 1254 Compared with previous years. This Estate is stated to have suffered from an unfavorable season in Common with the rest of the Vizagapatam District and the effects of which it is to be hoped will be only temporary

temporary and not permanent, as the Board are disposed to interpret the expression used by the agent to imply.

2- The Settlement of Fusly 1254 was made by Mr. Arbuthnot and amounted under all heads including Agraharums, Shotrums, Nuzzers &c. and Moturpha to Rupees 7,78,155-11-2- being below fusly 1253 in the sum of Rupees 1,07,4,25- 6-4- which occurred in the portion of the settlement made direct with the Ryots: Of this reduced de=mand, there was uncollected at the close of the Fusly Rs. 1,00035-:-2 re=duced since to Rupees 87,287-:-5, of which Rupees 69,957-5-5 is on account of Villages under rent, and the remainder Rs. 14,380-2-5. on account of individual settlement- The whole of the latter sum has been pronounced to be perfect=ly irrecoverable.-

Paras 9 & 12. 3- The present Collector in the Paras of his report in expressing his opinion in favor of Rents urges the necessity of granting remissions in seasons of dearth to Villagers who have jointly undertaken the rents of their lands equally with individual

Ryots

Ryots, separately cultivating their fields. The Board do not concur with this view and argue that Rents are based on the actual results of former years, whereas settlements with individuals are founded on the dittum as a general rule the Governor in Council con=siders remissions on rents inadmissible, and on a late occasion has expressed his con=currence with the opinion of the Board, that "it is much better that the rent should resolve itself into a ryotwar settlement than that contracts should be made with the Village collectively which they fail to fulfil;" but there are times of extreme failure when the claims of Ryots renting their lands jointly may deserve special and indulgent consideration- In the present Vide Para 11 Coll.rs Report. case the large rented balance outstand=ing would appear to be chiefly against Vil=lagers who jointly contracted for their lands and as probability of their realiza=tion is not held out, the retention of them in the accounts is impolitic- The Governor in Council is of opinion that the Collector may be instructed to in=stitute an enquiry into these balances as

as well as those termed Ryotwar with the view of their being adjusted.—

4.— The Current Collection of the two years also exhibits a diminution of Rs. 157,694—5—10 in fusly 1254 Viz.t.—

Fusly 1253	Rs.	8,35,814	15 —
—— 1254	"	6,78,120	9 — 2
		157,694	5 — 10

5.— The entire receipts under all heads amounted to Rupees 13,21,635 — 1 and the disbursements to Rs. 11,82,845 — 9 — 1 leaving a balance of Rs. 138,789 — 7, against this sum however is to be placed a balance of Peishcush still due, amounting to Rs. 2,50,000 making the real deficit for the year under review to be Rupees 111,210— Besides the balance of Peishcush the amount of debt due by the Estate at the end of the year was Rupees 6,10,000.—

6.— He Governor in Council observes that a report on the outstanding balances was promised by Mr. Arbuthnot in his Communication of the 24th May 1845, but as none has yet been received by Government he requests Mr. Smollett may be required to forward it without further delay.—

Ordered.

Fort St. George 18th January 1847.

7.— In the Extract Minutes of Consultation dated 17th April 1846 No. 434 the Government observed that it was uncertain whether any surplus Funds would be available from the resources of the Vezianagarum Zemindary to discharge even the Interest of the Rajah's debts and the view then taken by the Government is strongly Confirmed by the report under Consideration— It is evident from this report which shows so large a diminution in the receipt from the Zemindary, that there is no certainty that the Vizianagarum Zemindar can meet all the liabilities on his Estate, and duly pay the annual Peishcush especially if these liabilities are augmented as they have been of late years by the heavy debts Contracted at Benares and by the Rajah continuing to indulge in a large personal expenditure—

Sir,

In Cons 2nd Dec.r 1846.

With reference to your letter of the 18th December last, I am directed by the Board of Revenue to acquaint you, that the Most Noble the Governor in Council has been pleased to sanction the refund of the sum of 80 Rupees being the amount of fines levied from 4 persons for an assault, but ordered to be refunded by the Sessions Court.—

Suggesting that the confirmation of Trustees elected for the management of the late Pateadapah Modeliar's charity be notified

Sir,

With reference to a letter from C. Sreenevasa Pillay, President of the Committee for the Management of the late

notified to him by the Secy to the Board.—

late Putcheapah Moodelliar's charity, to my address dated 19th Ultimo, forwarding copy of one from your Secretary to him, dated the 10th Idem confirming the election of T. Veeradawmy Pillay P. Rajarathnum Moodelliar and C. Ramanjooloo Naidoo to be Trustees for the Management of Putcheapah Moodelliar's charity in succession to C. Veeracawmy Naidoo A. Coopoo Chetty and M. Narasinga Row, deceased, I have the honor to suggest for your consideration the propriety of such confirmation, when it takes place, being notified to me as at present by your Secretary instead of my having to satisfy myself on that point through what Streenevasa Pillay certified to be a true copy of your Secretary's letter, conveying that confirmation. I have no reason to doubt, but that the election of new Trustees has been confirmed in the present case, but as the confirmation involves the payment of money, it seems to me to be objectionable in principle that this Office should order it's being paid away, simply on what one Streenevasa Pillay certifies to be a true copy of your Secretary's letter of confirmation without a direct notification

from your Board that such confirmation has taken place.—

Fort St. George 18th January 1847.

In a letter to this Office
2.—
from the Acting Collector of Rajahmundry
In Cons. 20th March 1845 dated 22nd February and laid before Government 31st March 1845, the circumstance of the Canjah Proprietor having adopted legal measures against his former Ryots, and the grounds of his proceedings, were briefly alluded to— It will be proper however here to explain that, on the sale of a Zemindary for arrears of public revenue, it has, until recently, been the practice for the Collector, even in cases where there may have been no competition, to buy in the Estate on behalf of Government, at the full extent of the arrears outstanding against it— This custom seems to have been adopted with a view to disencumber the public Books, by relieving them of the Balance which would otherwise remain against the Proprietor and for the permissions of which the formal sanction of Government would be requisite. It has also been usual, after an Estate had been purchased at the full Amount of the Arrear due upon it, and the proprietor had thus been absolved from his liabilities to Government, for the Collector, to remit by proclamation

Fort St. George 18th January 1847.—

that prior to the decision of the Court being passed upon this motion, the ryots having neglected to put in their Answers under the expectation that their defence would be conducted by the Government had been declared ex parte.— The suits were therefore decided on the showing of the Plaintiffs only— The whole have been determined in favor of the expropriators. The amount decreed in each case, including costs, is shewn in the Margin, the aggregate being— Rupees

It appears to the Board to be proper that these actions should be appealed both because the parties who have been cast have not been heard in their defence, and because it is very desirable that the main question involved in these suits, viz. whether in sales of Estates under Regulation XXVI 1802, the right to the arrears of Cist due by the Ryots prior to the sale, remains with the previous holder, or passes on to the purchaser as "the lawful successor to all the rights and property of the former possessor in the said lands" (Section XVI Regulation XXVI 1802)

Should

Fort St. George 18th January 1847.—

should be finally adjudicated— The expenses attendant on the Appeal should, the Board think, in the first instance at least, be defrayed by the Ryots but on the suits being finally decided, it will be for the consideration of the most Noble the Governor in Council whether, under the circumstances, these expenses, together with any other costs which may be adjudged against the Appellants, should not be borne by Government— It does not however seem to the Board that the Government are, in any way called upon to make good the damages or in other words, the balances of Cist which may be decreed against the Ryots— These balances must have been bonâ fide due by the parties, at the time when the Estates were sold— Their remissions by the Officers of Government was simply an Act of grace— and if such remissions were invalid, the ryots in again becoming liable to their former Landlords for those arrears are only replaced in the position which they originally occupied— It is also evident that were the Government to charge themselves with the payment of those balances, it would operate as a direct

Fort St. George 18th January 1847.—

direct encouragement to the institution of similar suits by other expropriators.—

4.— With these views the Board in their letter of 29th June 1846 directed the Collector to instruct the defendants in the late suits to appeal, intimating to them at the same time that these Appeals would have to be carried on by them at their own charge. Mr. Prendergast states that the Ryots have agreed to take this course on condition that they may not be required to refund the amount which it would seem had, prior to the receipt of the Board's orders, been disbursed, to enable them to proceed in the Appeals and he therefore requests sanction for charging the sums, being Rupees 129-2-0 in his Accounts. Considering the condition of the parties, and the peculiar circumstances of the case, the Board beg to recommend that this request may be acceded to and that the Collector may receive authority for the disbursement of Rupees 129-2-0 in question.—

5.— No suits of the nature now appears to appear to have been instituted in the Subordinate Court, except those noted in

Fort St. George 18th January 1847.—

the margin of Para 2 of this letter and it is probable that no more will be brought until the issue of the present appeals be known. Should the right of the expropriators to the arrears which they claim be affirmed in the higher Court, the result will certainly be in some degree embarassing in as much as the realization of the arrears cannot but interfere to some extent with the collection of the current revenue. It should however be added that since the inconvenience liable to result from the former method of purchasing Estates for Government has been brought to the notice of the Board, as evinced in the instances now under review, they have taken effectual means to prevent its recurrence by directing that whenever it may be practicable, Zemindaries put up to sale for arrears of Peishcush &c shall be so bought in by the Collector, at prices considerably within the amount outstanding against them, thus leaving a balance still due by the Proprietors, and to be written off hereafter, on their executing engagements relinquishing all demands upon their former subtenants. This course has

Fort St George 10th January 1847.—

has been adopted in the sales of the Guntoor Zemindaries and in that of most of the large Estates in Masulipatam and Rajahmundry and it is trusted that the omission of the precaution in cases of Estates sold prior to 1845, will not be found to have been productive of serious loss to Government

From P. Pendergast Esqre
Collector of Rajahmundry

Sir,

Requesting permission to dismiss Meer Shaka Savarally Amildar of the Nuggaum Talook from the Service

With reference to my letter of the 3rd Ultimo requesting permission to remove Meer Shah Savarally Amuldar of Nuggaum Talook to a lower situation in consequence of certain irregularities which were reported to me by my Head Assistant Mr. T. J. Knox (which permission the Board granted under date the 3rd Instant) I have now the honor to request leave to dismiss him from the service on the following grounds.—

1. On the 25th August last the Amuldar illegally and arbitrarily fined the Villagers

Fort St George 10th January 1847.—

of Servacoodoo, Luckavaram and Goodemellunka Rupees 42 of which sum he collected Rs. 26/2— On the 7th of October a hookum was sent from the Head Assistant Collectors Office calling on him to account, and it was found that up to that date he had not carried the amount to credit of Government, and could give no satisfactory reason for the omission.—

2d. The Summutdar of Untravaidy pollium having reported that two emissaries of the Amuldar were measuring land and receiving money from the Villagers an order was sent to the Amuldar by the Head Assistant Collector on the 11th of November 1846 of which he took no notice. A second order was sent on the 1st of December in reply to which the Amuldar denied that he had sent those persons but on examining his Diary there was found an order dated in June directing those two persons to proceed and measure the lands and to receive four Annas each per diem besides their food from the Villagers— Their reports were also found in the records with the Amildar's initials upon them—

3d. In November 1845 in an enquiry being made by the Amuldar there was

Fort St George 18th January 1847.

was found to be an excess in the Sunkah lands of the Village of Rajavola – but no report was sent in by the Amuldar and when the Village was rented for Fasly 1256 / A.D. 1846/47 the Government lost the benefit which they ought to have derived from the Amuldars discovery in the form of an increase in the Sists –

4th The Amuldar charged Rupees Eighty in his accounts under the head of Sukkary issued to the Ryots of Gooda-pilly and the Head Assistant Collector reports that instead of giving it to the ryots he carried it to the credit on account of the Sists DEBIT by them –

There are many charges of bribery against the Amuldar which are now under enquiry before the Head Assistant Collector and which will be disposed of in regular form but the abovementioned instances of misconduct appear to me quite sufficient to justify the urgent request of the Head Assistant Collector that he may be dismissed from the service.

Rajahmundry District,

Resolution thereon.—

/Signed/ T. Prendergast
Collector –

Under the circumstances brought to the notice of the Board in the foregoing letter, they see no occasion for further Enquiry and authorize the dismissal of Meerdah Sayarally Amuldar of Nuggaramma Lalook, in place of his retraction to a lower office previously sanctioned under date the 3rd December last –

Sir,

From the Collr of Masulipatam } Parat. Stating that the claims of the Minor Zemindar of Mongalgiri for an abatement of Peishcush should now receive no further consideration under the circumstances stated.

With reference to the Board's Proceedings dated 30th January 1845 in which they observed that before submitting the question of abatement of the Peishcush on the Mongalgiri Estate for the consideration of Government they are desirous of obtaining information whether the extent of land which had by the decisions of Captain Gresley been declared to belong to the Nizam was included in the Gross assets of the Estate when the permanent Peishcush was adjusted or was held to be an encroachment subsequent to that Settlement, I have the honor to state that I have proposed to have the whole extent of the lands of the disputed Villages surveyed, with the view of enabling me to ascertain the difference between the present survey and the former Goodecuttoo land (estimated) as it appeared that these lands had never been surveyed either before or subsequent to the adjustment of the Permanent Peishcush on this Estate.

2. The Zemindar asserts that out

out of the extent of 977-11-0 Vizt. arable wa
Pormbokoloo &ca. of the Sary and Enam
in the 11 Villages in which the land in
dispute is contained, (as will be seen
from an Account which he designates
the Committee Form of Fusly 1204 wh
is in his possession) a portion of the
land thereof disputed by the Nizam
subjects consisting of 198-2-7¼ of whi
131-10-7 were surveyed, and 66-8-¼
not surveyed had been declared to
belong to the Nizam by the decision
of Captain Gresley and he therefore
claims a remission of the Sist on
the said land.

3. In consequence of the lands of the Estate not having at any time been surveyed, it appears impracticable to ascertain as the Board desire whether the disputed lands were included in the gross assets of the Estate when the permanent Peshcush was determined or were held to be an encroachment subsequent to the same, but as the probable extent of land was entered in the Committee Form of Fusly 1204 produced by the Zemindar tho' considerably differing from that entered

x No corresponding accounts are forthcoming in the records of the Hoozoor Cutchery.

Fort St. George 18th January 1847.

in the accounts taken by the Circuit Committee, I issued orders with a view to procure a comparison with the same, to the Tahsildar of Suggrahpett, requiring him to survey the whole extent of the lands in the disputed Villages and sent at the same time Enoymanahs to the Guardian and Manager on behalf of the Minor Zemindar directing them to keep their people on the spot during the Survey, afford every assistance to facilitate the same and to furnish to the Hoozoor any accounts which they might have in their possession tending to prove the disputed lands to have originally formed part of this Estate.

4. While the lands were being surveyed the Villagers sent in a Mahazurnamah representing that the people and Ryots of the Zemindar are unwilling to have the lands surveyed, and that if they should be surveyed, they would fail to yield produce, that in consequence of the disputed lands which were decided by Captain Gresley to belong to Nizam having been surveyed, the resources of those lands have since failed, that if the Survey be commenced at present failure of produce would in like manner by the result, and that they therefore will desert

Fort St. George 18th January 1847.

desert the Estate and emigrate into the Nizam's Country if it be determined that the survey of the lands in question be continued. This Mahazurnamah is followed up by an Urzee addressed by the Manager and Guardian of the Minor Zemindar under date the 31st May 1845 protesting against the survey of the lands on the ground that the Ryots will not consent to it, and stating that as the accounts which they (Manager and Guardian) have furnished will prove the disputed lands to have belonged to the Estate originally, the point under consideration may be disposed of with reference to the same. They have moreover prevented the Survey of the lands from being completed.

5. On perusal of the Dowla accounts and Anchanah Zabitah &c. of Fusles 1191 / 1781-82. 92-93-94-95-96-97-98-99-1202-5-7-8 and 9 furnished by the Manager and Guardian alleging that they will prove the disputed lands to have been a portion of the Estate when the permanent Peishcush thereon was adjusted, it not only appears that the extent of land was not inserted in those accounts, but also that the names of certain lands forming part of those which the Zemindar now claims to have been included

Fort St. George 18th January 1847.

in the Nizam's Country, as also that the names of certain individuals have been newly inserted in the said Accounts in another hand writing different from that in which the former Accounts were written entertaining therefore suspicion respecting their validity, I issued another Enquiry=nah to the Manager and Guardian of the Minor on the 12th July 1845. To this they replied by an Urzee dated 17th October of the same year to the effect that the Accounts in question having been written by different writers at different times, the discrepancies or clerical errors found in them cannot be called in question, and they assert that the Accounts in question have been transmitted in the same state in which they were originally prepared, and that no recent entries have been made in them. On referring to the Anchanah Zabitah &c. Accounts of former Fusles lodged in the Huzoor Record with a view to know whether in any of them the names of fields were inserted, it appeared that the same were not entered in any of them.

6. Notwithstanding a further Enquirynamah was issued to the Manager and Guardian of the Minor Zemindar on

on the 8th August last, giving them to understand that their throwing impediments in the way of Surveying the lands will of course, weaken the claim advanced by the Zemindar, still they persist in declining to have the Survey made. Such being the state of the case, and as suspicion is attached to the Accounts which have been forwarded as original by reason of certain of the disputed lands having been inserted in them in different hand writings and as it will be impracticable under the foregoing circumstances to trace out whether or not the disputed lands were included in the gross assets of the Estate when the Permanent Peishcush was fixed thereon, I beg to report the same for the information of the Board, and would suggest that, as the Zemindar and his people have by their own act precluded the Government Authorities from taking the only measures which would enable them to form a proper estimate of the reasonableness of their claims, to remission those claims should now receive no further consideration.

Resolution thereon—

41-42

The Board agree with the Collector that unless the Guardian and Manager of the Mongalu Minor Zemindar will allow the Villages to be Surveyed that it may be ascertained what portion if any of the land transferred in 1839 to the Nizam was included in the Estimate in reference to which the Mogulpuish was fixed it will not be possible to proceed further with the investigation of their claims to remission. The Collector will be pleased again to communicate with those parties on the subject and once more call upon them to assent to the proposed Survey, should they still decline he will be pleased to report their continued refusal to the Board, who will recommend to Government that the claim may be at once rejected as undeserving of further notice.

From the Collr of Masulipatam. Para 1.

Submitting further information called for by the Board regarding

Sir, I have the honor to acknowledge the receipt of the Board's Proceedings dated the 13th July last, requiring explanation on certain points relative to

Fort St. George 18th January 1847.

regarding the Collection of Poollary Tax in Kykaloor and Bhoojabalapatam Mootahs.

to the collection of Poollary for the cattle of the different Estates which are allowed to graze in the Kykaloor and Bhoojabalapatam Mootahs.

2. In reply to Para 3 I beg to state that the reservation therein alluded to is intended to apply solely to such cultivating cattle as may be employed on the lands of Kykaloor and Bhoojabalapatam and that the indulgence was not intended to be understood as extending generally to cattle employed for purposes of agriculture in the different Estates whose Ryots had usually grazed their herds in the Collair Lake.

3. In reply to the 4th Para of the Proceedings under acknowledgment, I beg to state that the discretion alluded to in my letter dated the 30th September 1845. as exercised by the Zemindar in remitting Poollary to the Ryots engaged in cultivating his own lands referred to cattle other than those employed for such cultivation the latter (Viz. Cattle employed exclusively in the cultivation of the Zemindars

lands)

lands) being exempted as a matter of course, whilst in particular instances the Zemindar for purposes of his own used some times to extend the indulgence. The custom observed in the aforementioned cases is set forth in the accompanying Kyfeat copy and translation of which is herewith submitted for the Board's information.

No. 1.

4. As regards the information required in Para 5 as to the principle on which the collections of Poollary were made during Fusly 1254 / A.D. 1844-45 I beg to state that in consequence of there having been but a small number of resident

Fort St. George 18th January 1847.

resident Ryots to cultivate the lands in the Mootahs alluded to during the management of the Zemindar or during the sequestration of the Estate it had been deemed indispensably necessary to hold out encouragement to and invite the Ryots of the other Purgannahs to carry on cultivation in the said Mootahs and that remission was therefore made in cases where the Poollary on account of cattle belonging to the ex Ryots of other Purgannahs who engaged to cultivate lands in these Mootahs (independently of those cattle which were employed there in agricultural purposes fell below the amount of the last

payable

Fort St. George 18th January 1847.

payable by them or even sometimes where the amount of Poollary might be greater provided the diminution in the amount of Agricultural Sist was owing to failure of produce notwithstanding pains had been taken in carrying on the cultivation. This System is likewise set forth in the Kyfeut now submitted —

1243. 5. Two Statements shewing the number of Cattle of each Village in the other Purgannahs which were brought in July 1254 to graze in the Collair, as also the rate of Poollary fixed thereon together with the amount thereof distinguishing in the one the number of cattle assessed with Poollary, and in the other that of those which were exempted under the foregoing reasons from the payment of the same, are herewith forwarded —

6. The season in which lands are cultivated in the Colleir Lake and the time at which the registry of the Cattle driven to graze thereon was made, being one and the same the cultivating Cattle belonging to the Ryots of the other Purgannahs were away from the place, and could not therefore be entered in the Statement, which accordingly only shews the number of grazing Cattle belonging to such Ryots —

7. The Ryots who demurred to pay the amount of the Poollary have not as yet paid the money due on account of that tax

for

for the said fusly

4. As however the Estates in question have now come into the possession of Government there will be no difficulty in ensuring a due realization of the tax in question for the future.

The sheep and goats are assessed with tax without giving any deduction or Bandoo at 2 Rupees Per 100 Per Annum and the Pollary list collected from the individuals respectively and carried to the Circar account. This Inamool has invariably been observed from the time of my Zemindar holding the management of the Estate and the same system has been continued during the Circar Zufty management, the same form regarding the Pollary tax is under continuance without any dispute.

3. If any individuals of neighbouring Villages who have no cultivation in these Islands brought cattle into these places for pasturage, they are used to come in to the Tanah and after entering into an agreement that they will pay Pollary tax for their cattle

become parched and given a security return in such case, after a full enquiry into the energy and labour displayed by him, and if no negligence be proved to have occurred by him in the progress of his exertions - he is entitled to remission from the payment of the Pollary tax. This was the practice grown on regarding the levy of the Pollary tax. The cause of levying the tax in this manner is that as the Malcarem Ryots in these Mootahs are few and the non-resident Ryots from other Purgunahs who may have come into these Villages to cultivate the lands will come with a desire that their cattle may be admitted to feed in these islands free without any levy of Pollary tax the aforesaid Maamool has formerly during my Zemindars Management been observed. Consequently I have drawn out and presented a Kyfyet in presence of the Deputy Tahsildar of Kykaloor on 25th October 1845 stating that the same system should be continued also now for this year during the Jamabundy settlement of each fusly declared in the above manner regarding the Pollary tax and delivered the accounts prepared at the above rate with my signatures thereon. In the same manner as was particularized above the Pollary tax has been entered in the accounts for fusly 1252-53-54 & 55- But as the cattle feed in the islands during the time when the Ryots are engaged in cultivations and in preparing the lists of the number of Cattle, the Plough cattle then employed in the Village will never be counted, but left out, and only the other cattle viz Buffaloes Bullocks Cows, the Buffaloes, Sheep & Goats entered in the list the Pollary tax has been recipitated to be entered in the list in all the cattle in the above manner - by this reason the number of Plough Cattle,

belonging to the Proyeenyots which were employed for Cultivating the soil in the Villages of Kykaloor and Bhoojabalapatam Mootahs, have not all been used to be entered in the lists of the Cattle.-

6. In fixing the Pollary tax on the above manner, on all the Heads belonging to the individuals, a Batta at or-dinary Per hundered Heads / termed about 6 annas / Per hundered Heads / termed "batta" for having counted the Cattle / will also be charged and the same included in the Pollary List.-

7. During the Zemindars Management no Pollary tax at any time on the cattle belonging to the individuals from other Villages which were employed in Cultivating lands in the islands appertaining to the Villages of Kykaloor and Bhoojabalapatam Mootahs, was collected - also in the Zemfty Management no tax of the kind alluded to was collected on the Cattle of this sort.-

The true state of the Maamool observed both during the Zemindars Management as well as in Zemfty upon the above manner is now drawn out in this Kyfyet-

To the Chief Secy to Government

Submitting a correspondence with the Collector of Masulipatam on the subject of the Pooliary Tax levied in the Kykaloor & Bogabalapatam Mootahs of that District suggesting that the Collector may be instructed to inform the Ryots that the Collection of the Balances due on account of the tax up to Fusly 1253 will not be enforced if they adhere to their engagements for the due discharge of it from Fusly

Sir,

I am directed by the Board of Revenue to submit for the orders of Government the accompanying Correspondence which has passed between this Office and the Collector of Masulipatam, on the subject of the Pooliary tax levied in the Kykaloor and Bogabalapatam Mootahs of this District.

From Coll. Masulipatam 27 October 1842
To Do. 3 November "
From Do. 30 Sept. 1845
Inclosure 5 June 1846
Proceedings 13 July "
From Coll. 7 Dec. 1846
Inclosure 18 Jan. 1847
3765.

From the correspondence it will be perceived that the Mootahs of Kykaloor and Bogabalapatam, lately the property of the Zemindar of Mylaveram are situated in the

lake has been in the habit of levying a Pooliary Tax, at certain rates, upon the inhabitants of the Mootahs in the neighbourhood of the Collair for the privilege of grazing their Cattle in the Dry bed of the Lake an exception being however made in favor of such Cattle as might be employed in cultivating the Lands of the Zemindars own Mootahs. The Tax seems to have been collected until Fusly 1248 A.D. 1838-39 which the Ryots demurred to any further payment, and from that year to Fusly 1253 [redacted] inclusive, an arrear has accumulated to the amount of Rupees 7712-6-.. The Collector has however, with some difficulty succeeded in making an arrangement with the Ryots of two (Olive and Covelly) of the Mootahs in which the Balances have accrued, whereby they have engaged, on condition of the arrears against them to Fusly 1253 A.D. 1843-44 being remitted, to pay Pooliary Tax in future, at the usual rates, on all Cattle which they may send to graze within the bed of the Tank save only on such as may be employed in the cultivation of the Kykaloor

Fort St George 18th January 1847.

Kykaloor and Boojabalapatam Landr.

Mr Porter states that the Ryots of the other Mootahs, by whom the balances of Poollary are due, are also likely to accede to these terms, and he therefore recommends that the arrears to Fusly 1253 A.D. 1843-44 being Rupees 7712-6- may be remitted at once.

The arrangement effected by the Collector, seems to the Board, to be judicious. It should however be remembered that the sum proposed to be remitted forms a portion of the balances of Revenue which were due to the Zemindar of Nuggeram; by his Ryots, at the time when his Mootahs Boyabalapatam and Kykaloor were sold for arrears of Peishcush. The Zemindar will be required to relinquish all claim to these balances hereafter, as a condition of his being relieved from his own balance to Government. This adjustment is for the present delayed, under the orders of Government, Extract Minutes consultation 3rd Dec. 1846 November 1846. The Board therefore would recommend the immediate remission of the balance (Rupees 7712-6-) if the Poollary in question should

the Collector may be instructed to inform the Ryots, that the collection of the balance is suspended, and will not be eventually enforced, if they adhere to their engagements for the due discharge of the Jaxe from Fusly 1254 A.D. 1844-45.

From the Collr of Guntoor

Sir,

In reply to your letter of the 30th Ultimo, I have the honor to state that Rupees 57-12-= the amount paid in Fusly 1252, is the fixed annual allowance payable to the late Nuffeer Shaw, at the rate of Rupees 4-13-= per mensem.

Ordered that the foregoing letter be submitted with the following address-

To

To The Chief Secretary to
Government

To the Chief Secry to Government

Sir,

With reference to Para 8 Extract from the Minutes of Consultation under date 10th August 1846 I am instructed to state for the information of the Noble the Governor in Council that the sum of Rupees 57-12 paid in Fusly 1252 to Hussain Shaw was the fixed annual allowance due to him, and that the duties of the Aushoor Khana for the performance of which the Grant was originally made, are of the same nature as those in Nos 68-69- and 70 of the Statement under consideration, which the Government have already decided should not be renewed after the death of the present incumbents - It appears that after Hussain Shaw became a lunatic previous to his death which occurred on the 19th of last June, the duties of the Aushoor Khana were performed by his Father in law Mahomed Soliman and his Mother in law who claim a renewal of the pension in their own favour - the Collector's opinion that it ought not to be continued and in this view the Board of Revenue concur in as much as the Father in law Mahomed Soliman has a Son in the receipt of a monthly salary of 5 Rupees and the care of the Aushoor Khana may with propriety be left to the Mahomedans interested in it -

Stating with reference to Para 8 Extract Minutes of Consultation 10th August 1846 that the sum of Rs. 57-12- paid in Fusly 1252 to Hussain Shaw was the fixed annual allowance due to him and that the Board concur in the opinion of the Collector of Guntoor that the pension ought not to be continued.

5.

I have also the honor to acquaint you for the information of the Board, that Syud Hyder the Boy in whose name a Yeomiah allowance of Pags 6-7-3 per mensem was granted by Government under date the 9th March 1844 for teaching the koran to children in the Jumma Masjeed at Adonie died on the 28th July 1845; payment of the allowance was discontinued from the date of death.

Vide letter from the Government of India dated 4th November 1845

The relatives of the deceased who hitherto received support from the Yeomiah in question are—

1 Beebee Saheb the Grandmother of the deceased by his father's side—

1 Sahejada Beebee his own mother

1 Hyshabeebee his father's sister

3

Fort St. George 18th January 1847.

The allowance although granted for the purpose of teaching Children at the great Jeomiah Masjeed at Adonie has always been enjoyed by the family as an income for their Maintenance.

On the occasion of renewing his

8.

father's Yeomiah in the name of the Boy, it was proposed, vide my letter to the Board, dated 4th July 1843, that the infant being then only 6 months old, the Uncle by name Namatoollah Saib who enjoys a separate allowance of Pags 1-9-9- per mensem should teach children at the great mosque until the boy attained a proper age and was able to undertake the duty which Namatoollah is still performing. He now proposes to continue the same for the future, and to support the family above referred to if the Yeomiah under suspension were renewed in his name in addition to his own.

The Yeomiah in question would

9.

appear to have been originally granted to a Predecessor of the Boys' named Shaik Badooroodeen by a former Ruler of Adonie Province. Hedayet Nadeen Khan in the year 1742, since which period the Original Grantee specified in the Summud and his successors as per margin have continued

to enjoy the same successively.—

10.— There is neither Cranam land nor any other income except the bounty of Government on which the maintenance of the family depends. Under these circumstances I am induced to submit his proposition for consideration with that the Yeomiah of Rs 6-7-3 per mensem be renewed in the name of Namatoollah / the Uncle of the last Incumbent / retrospectively from the 28th April 1845 for the purpose and on the Condition proposed, his present age is 35 years.—

To A. Mellor Esqre Collector of Bellary

Sir,

1.— In reply to your letter of the 4th Ultimo I have the honor to state, that on reference to Mr Ross's Register Z prepared in the year 1815, the name of Malagarree Ruchary is entered as the then present Incumbent in the enjoyment of the Yeomiah, or life Pension in question, under the Head of "Kudduk Mash" and it appears from the records of my office that this Pension had been granted to his father Canary Ruchary in the Accounts prepared in 1803, to which is affixed Colonel Munro's Initials; but no Purwanah issued by Colonel Munro at the time this allowance was granted is forthcoming.—

In

Fort St. George 18th January 1847.

2.— In the Register above referred to, two Descriptions of Yeomiah allowances are entered Viz "Mash" and "Kuchroot." The former being Life Pensions granted for the subsistence of Parties were nevertheless some of them continued to the heirs of Parties on the occurrence of lapses by deaths under the sanction of the Board of Revenue; but as in January 1843 the Board ruled that as regards allowances under "Muddud Mash" it should be generally made known that allowances of this description would be discontinued on the occurrence of lapse by death, they have not since been continued to the Heirs of deceased Parties. The life Bhuim lately enjoyed by the deceased Malagerre Auchary is one of this description.—

3.— The Original Documents that accompanied your letter are herewith returned

Poor Circumstances. The family posses Enam land Yielding 22 Rupees per Annum. This and the Yeomiah are the Means of their subsistence.—	The Yeomiah of Rupees 3-4-6. alone paid in the Bellary District is applid for to be renewed in the name of Vencabahaden son of the last holder from the 23d Jan.y 1846 the date of his Father's death. The item trans-ferred from the Cuddapah District lapsing to Govt. The income from the Enam land is inadequate for the subsistence of the Family and the ground of recommendation is their having enjoyed the Yeomiah for two generations.		1. As these yeomiahs appear to be merely subsistence yeomiahs, and the son of the deceased is of an age to support himself, and is in possession of some Enam land, the Board cannot advise the continuance of the grant.	
Destitute circumstances. The family have no other Means of subsistence except the bounty of Government.—	Submitted on the summuds and on the ground of the Yeomiah having been enjoyed by the family during two succesive generations. To be renewed in the Name of the Boy Meerbo-ranoodeen from the date of his Father's death.		2. This is also a subsistence Yeomiah, but adverting to the family left by the deceased, a widow and Minor son, and to their destitute condition, the Board beg to recommend that 2/3 of the allowance, or Rupees 6-9-, be continued to the widow for her life.

Sir,

From J. H. Cochrane Esqre. Acting Collector of Cuddapah } Para 1.

Reporting on the 4 cases of lapsed Poligar Pensions and recommending the continuance of three of the heirs of the deceased Pensioners.

I have the honor to submit for the consideration and orders of Government the following 4 cases of lapsed Poligar Pensions.

An Annual Pension of Rupees

2. 13,253-2-11. (thirteen thousand, two hundred and fifty three, annas two, and Pice eleven) entered in Mr. Ross' Register X No. VIII was granted by Government on the 1st. January 1801. to Muttu Comara Vencatarazavaranzo late Zemindar of Chitwail. He died on the 24th. May 1846.

3. On the resumption of the Pollium in May 1801, the deceased and his 2nd. Elder Brother Vencatramaranzo received 10 per Cent of the Net Revenue of the Chitwail Talook under orders of Government in 1802 Viz. Rupees 19,879-12-5. On the demise of the 2nd. Elder Brother Vencataramranzo the allowance was continued to the family two thirds of which or Rupees 13,253-2-11- was allotted to the Poligar now deceased and the

the remaining one third or Rupees 6626-9-
was divided between Pedda Condummah
Widow of Venkatapaty Rauze the eldest Bro
of the deceased, and Chinna Condummah, an
Venkatummah, the widows of the above menti
Venkatramanaruze his 2nd Elder Brother- On
half of the remaining share of 1/3rd or 1/6th of
the whole Viz.t 3313-4-9. having been allott
to the widow of the eldest Brother, and the
remaining 1/6th equally divided between the tw
widows of the 2nd elder Brother, the whole of
this last share of 1/6th was enjoyed solely by
Venkatamah on the death of Chinna Condumm
and on the death of the former the payment
of this share of 1/6th was discontinued for some
time, but agreeably to the sanction from the
Bengal Government dated 26th April 1845 it ha
been continued to Chinna Ramuckah the daug
of the above Venkatummah from the date of
the demise now reported on of her Uncle
Muttu Camara Venkatraganaruze.—

4. The deceased Muttu Camara Ven
katraganaruze has left five widows without ifs
Viz.t—

1 Pedda Ackummah
2 Chinna Ackummah
3 Ummee Condummah
4 Pedda Ramuckah
5. Ragunmah.—

Fort St.George 18th January 1847.

5. Repeated representations were
made by the Poligar shortly previous to his demise
praying that the Pension allowed him may be
transferred to one Venkatramanaruze a lad of
about 17 years of age whom he was anxious to
adopt (and whom he did adopt previous to his
demise) and the five widows of the deceased have
all been unanimously urgent of this point.—

6 The Boy whom the deceased had
adopted is a destant relation being the son of
his Cousin 4th remove as would appear from
the accompanying Genealogical Tree, The prayer
of the widows of the deceased to allow him to
succeed to the allowance lately enjoyed by his
adoptive Father on the plea of adoption is inad-
missible, and, it appears equally so on that
of such distant consanguinity.— I beg therefore
to recommend that the arrears of Pension
lately enjoyed by the deceased Poligar may
be equally divided between his five widows
and continued to them during their lives
respectively, that each of them should
have a life interest in the amount of Rupees
2650-10-2.—

7 This annual Pension of Rs.† 291-10-8
was granted to Body Camara Veerummah whose
name

name is entered in Mr. Ross's Register X. No. XXI.

He died on the 7th May last leaving a widow, a
a son named Chinnah Veerunnah aged 32 years
who has a wife, 2 sons, and a daughter - I beg
to recommend that the Pension in arrears may
be paid to the son of the deceased and be contin-
nued in his name.—

8. Gobboor Chinna Timmarazu
who was on the receipt of an annual Pension
Rupees 78-2-8 entered in Mr. Ross's Register X
No. XXXVII died on the 11th January 1846 - This Pen-
sion was originally granted to Pedda Timma
panje the father of the deceased, who having
died on the 10th October 1826 it was renewed in
the name of the late Incumbent under sanc-
tion of Government dated 14th May 1830 -
The deceased has left a mother and three
married sisters Vizt. Mungummah aged 45 -
Kristnummah aged 30 and Ramuckah aged 27.
Venkatamah the Mother of the deceased prays
that the Pension may be continued in the name
of one Vurdaragooloo her nephew-in-law the
son of her Husband's Brother.—

9. The deceased had Putta land
assessed at Rupees 24-1-0 and the Tahsildar
reports that his Mother has besides
no other means of support beyond

the Pension granted to her late son - I beg to recom-
mend that the surviving mother of the deceased
may be allowed to have a life Interest in one third
of the amount of Pension Vizt. 26-10 3/4 -0 and that
the remaining two thirds may be divided between
the three sisters of the deceased, such share to be
considered resumable on the occurrence of Lapses
and that the arrears of Pension be distributed
in the same shares to the parties respectively.—

10. Khasseemkhan who drew an an-
nual Pension of Rupees 35 in lieu of a resum-
ed Jaghier of Toonmala in the Poolevendalah
Talook died on the 22nd February 1846 leaving
two sons.—

1 Salakhan.—

2 Boolundakhan.—

I beg to recommend that the Pension may
be paid in arrears to the eldest son and con-
tinued in his name - This Pension was originally
sanctioned by Government in the name of
the deceased on the 13th July 1801 and is entered

(52-53)

To the Chief Secy. to Government

Submitting a letter from the Acting Collr. of Cuddapah on the subject of the occurrence of four lapses in the list of Pensioned Poligars in his District with the Board's remarks thereon.—

Sir,

1. I am directed by the Board of Revenue to submit with the following remarks for the consideration and orders of the Most Nble the Governor in Council the accompanying letter with its enclosure from the Acting Collector of Cuddapah on the subject of the occurrence of four lapses in the list of pensioned Poligars in his District.—

2. In respect to the first case the Board of Revenue concur in the opinion expressed by Mr. Cochrane in Para 6 of his letter that the claim set up on behalf of Vencatramanaraze to succeed to the annual pension of Rupees 13,253-2-11 enjoyed by the late Mukkee Camara Vencatragava raze, the former Poligar of Chitwail is inadmissible, whether advanced on the plea of his adoption or consanguinity to the deceased. Viewing the

Fort St. George 18th January 1847.

the large amount of the pension with the present circumstances of the family left by Mukkee Camara Vencataragavaraze the Board consider that a portion of it may with justice be resumed by Government, and they therefore recommend that a moiety only of it should be continued, and paid in equal portions to each of the five widows as provision and maintenance during their respective lives, commencing from the date of the decease of the late incumbent the share of each widow to lapse to Government on her death.—

3. With regard to the second case the Board recommend that the annual pension of Rupees 291-10-8 enjoyed by the late Body Camara Veerunnah should be continued to his son Chinnah Veerunnah from the date of his Father's demise.—

4. In respect to the third case

Fort St. George 18th January 1847.

case the Board see no reason why a portion of the annual pension of Rupees 78-2-8 enjoyed by the late Gobbar Chinna Tum-marauze should be renewed to his married Sisters, but they would submit for the favorable consideration of the Most Noble the Governor in Council their recommendation that a moiety of it should be continued as a life Grant to his mother commencing from the date of his death.—

5. The Board support the recommendation of the Acting Collector that the annual pension of Rupees 35 enjoyed by the late Khaseem Khan may be continued from the date of his death in the name of his eldest son Salahkhan.

3. In some parts of the Distrid rain fell in fair quantities in the months of May and June while in others only from ¼ to ¾ of a full fall was received which however enabled the Ryots in the Southern Talooks Viz^t Goorrumcondah &c^a to sow their red and mixed lands.-

4. The insufficiency of rain received in July and August caused the failure of a portion of the Dry Crops Viz^t Jowja Areka &c^a and other cultivation on the point of withering was saved by the fall of rain throughout the Destrict in September and in October in some localities only.- These rains not only proved beneficial to such Crops as were restorable, but also enabled the Ryots to sow their black red, and mixed lands.- The Tanks &c^a also received water from ¾ to full supplies which induced the Ryots to begin the wet cultivation.-

5. In November and December slight and moderate showers of rain were received throughout the District excepting in Coilcountla Summalmadgoo and Doovoor in which Talooks the rain failed entirely. The only Talooks the Tanks of which received supplies

Fort St. George 18th January 1847.

supplies of water were Cumbum and Doopaud.

6. The rain that fell in September and October enabled the Ryots to cultivate their black lands with Cholla Jonna and Cotton Crops, but the subsequent want of seasonable Rain caused a failure of the Jonna Crops in some places while in others the harvest resulted varied from 1/8 to 3/4 of a full one.-

7. The Crops of Dar Corn consisting of Lujja, Arcka Corralos and the false Dizit Horse Gram. Oil plants. Doll &c. cultivated in the Red and mixed lands yielded 1/2 of a full harvest in some instances but the result was less favorable in other localities varying from 1/8 to 3/8.-

8. The lands dependent on Nullahs and Wells yielded both Cartikay and Tysaakam Crops viz. Jonna, Indigo &c. in full in some places and in others from 1/4 to 3/4 of a full harvest.-

9. The season therefore during the Fusly under review must be considered a very unfavorable one, and the consequent result has been that wet lands which had been cultivated in anticipation of a Monsoon, failed considerably - The Cartikay

Fort St. George 18th January 1847.

and Tysak Crops in some few favored localities yielded full Harvests, but the produce of such wet lands, which did not fail may be estimated as varying from 1/8 to 3/4 of a full Crop. The cultivation in Coilgoontla, Jammalmudgoo Doovoor and part of Poolevaindla, limited as it is to dry Crops failed so considerably as to render it necessary that the ordinary practice of the District should be departed from by granting discretionary remissions on these Crops. On the whole the result of the past season is a decrease of Revenue in all the Talooks with the exception of Cumbum and Doopaud.-

10 The year was altogether a very unhealthy one Cholera prevailed almost throughout the District, and the number of Persons who have fallen victims to this disease is calculated at 10000 Fever Ague and small Pox were prevalent also and a few casualities occurred in consequence.-

11 The mortality among Cattle and Sheep occasioned by diseases incidental to them was great in some of the Talooks particularly in Gossumcondah, Poolevaindla, Royachoty and Doopaud.-

12. The following Statement exhibits the average prices of the principal kinds of Grain also of Cotton and Indigo during the last 10 years with a comparison between those of the last and the preceding Fusly.- Fusly.

13. From the above Statement it will be observed that there has been a considera:=able rise in the prices of all kinds of grain during the Fasly under review, which is solely attributable to the unfavorable circumstances of the season. This has been beneficial only to such Ryots, whose crops yielded abundantly and to those who had in store supplies, the produce of the preceding year but as the enhancement in price was owing to its being almost a year of scarcity and to the produce of the District having failed to such an extent as to induce the ex richer Merchants after having purchased up the bulk of it to keep up the prices by a combination and understanding among themselves, the Ryots generally have derived no benefit thereby and purchasers for consumption have greatly felt the consequent rise in the prices of all descriptions of food.

14. Any interference with the operation of the Market to compel a fall in the price of grain must be considered very objec:=tionable as the market price of grain it is not supposed will continue above or below its natural price, the price of free competition Nevertheless there is such a want of spirit and competition among the Merchants of

of this District that a few principal and leading men by purchasing up the bulk of the produce, manage to monopolize the Market in an unfavorable year, which, the check to importation caused by the great inconvenience of transport consequent on bad Roads, enables them more readily to do. Circumstance which ought to regulate the Market price of Grain when there are no restrictions in Commerce, do not I consider apply to this District for it is a fact well known and deserving of consideration that although there was so great a rise in the price of Grain during the past Fasly there was a supply in the District far exceeding the demand for Home consumption for that year, certainly for the next, and as I have been informed on every enquiry I have made, for the ensuing two or three years.-

15. This circumstance can only be reconciled by the prices so kept up by combination on the part of the Princi-

wholesale Merchants being so high as to yield them a higher profit after deducting even the losses from their Grain deteriorating from natural causes by being kept, than they would be able to derive if they competed with each other and sold it at its natural price. Facility afforded for importation and exportation by the construction of good Roads would in unfavorable Seasons induce competition and put an effectual check to leading Merchants of the District monopolizing the Market as they in my opinion certainly do, and in favorable Seasons by encouraging the exports of the surplus produce, would tend to guard against depression of prices so disadvantageous to the Ryot.-

From

Fort St. George 18th January 1847.

17. From the above Statement it will be observed that in comparison with the preceding Fusly there has been an increase amounting to Rupees 10692-a-8 in the following descriptions of land Viz.t Dry Garden Wet and Poonasah.

18. The increase under the head of Dry land is ascribed to the Ryots having agreed to cultivate lands from the Ayacut Punjer and that under the head of Garden land is owing to dilapidated old Wells having been made available as the means of irrigation, by the necessary repairs being effected.

19. There is a decrease under the Heads of Teervajasty and Fusuljasty respectively, which in regard to the former is attributed to

Teervajasty-3 6265.12.5.
Fusuljasty-3 3509.26.

to lands under new Wells in the vicinity of Tanks and Channels, as also lands under old Wells having been this year cultivated by Garden crops, the insufficiency of water in Tanks and Channels not admitting of their being converted into wet by these sources as in the preceding year when Teervajasty was consequently levied on them according to the Rules in force. In regard to Fusuljasty the decrease is owing to their having been only cultivated by one crop.

a net decrease of Rupees 14,109 — 6 — which must decrease in the result of the total deficiency of Rupees 1,48,984 — 15 — 10 under the different Heads of Pay, Viz, Jarry — Bagayet Varyaddy and Kattaly being reduced by an Increase under the Heads of Bagayet and Dorrasdar —

22 The decrease under the Head of dry land has arisen from the want of seasonable rain in June, July and October the period for cultivating the black red and mixed lands with dry grain also Kar — the insufficient supplies of water in Tanks and Channels had chiefly caused the decrease in the Cultivation of Wet Jarry — Bagayet and in Varyaddy and Kattaly —

23 The increase in the Cultivation of Poruadai lands is ascribed to the Tanks in Kundrum and Poplaud Taluks having received tolerably fair supplies of water — The explanation already given in regard to the Increase of Garden lands agreed for cultivation is applicable to the cause of the increase of the description of lands actually cultivated —

25 There has been an increase of remission granted under the head of Caboolaty Bunjer and loss of crops in the past compared with the preceding Fusly attributable to the deficiency of water in the Tanks and small reservoirs, Goontahs &c. that under the head of Peeva Cummi and Pymash Cummi has arisen from lands liable to a reduction of Assessment which had been left waste in Cumbum and Doopaud Talooks during the last Fusly having been this year cultivated, and that under the Head of "Paniboodly" is owing to lands sown on the beds of Tanks in the above Talooks being overflooded when the Tanks filled.—

26 The decrease under the head of Esta=blished and usual remissions and Enam Vujja is ascribed to remissions having been granted for Caboolaty bunjer and loss of crops for reasons above assigned, and that under the head of Bunjer bowle is owing to the expiration of the lease granted to the Ryots in some Talooks.—

28 The amount of assessment on Wet crops which failed throughout the District was Rupees 21,743-3-6 as will be seen by State- ment No. 11-Of this Rupees 15522-11-6 have been remitted, the remaining amount of Rupees 6221-3- has been realized, remissions not having been entirely granted to some Ryots but allowed partly on the failure of their Wet crops when considerable and according to circumstances with reference to the condition of such who have cultivated other crops Jonna, Indigo or Land under New Wells, all which points have been duly ascertained and considered- The remissions actually granted for the failure of the wet crops are more par- ticularly exhibited in Statement No 11-

29 The total amount of remissions granted for the failure of dry Crops is Rupees 2,452- These remissions were granted in the rich black soil in the Talooks of Yummulmudgoo, Doorvy Hoilgoontla, and Northern parts of Podevaindla the cultivation in which is limited almost entirely to dry Crops.—

30 The Ryots in the above Talooks cultivated their lands with Chitta Jonna- The

the entire failure of the North East Monsoon having induced me to solicit permission to relax the General Rule which allows remis- sions only for the failure of Wet Crops the Board sanctioned the grant of these discretionary remissions in conformity with the principle laid down in the letter from their Office dated 31st December 1832 by which I have been strictly guided- all crops for the failure of which remissions were granted were examined and remissions of the assessment allowed only on such the produce of which had failed entirely before the ear was formed and then not indiscriminately but partly or entirely ac- cording to circumstances and the means of payment with reference to the condition of the Ryots and the general outturn of the whole cultivation of such who have cultivated other lands, all which points were ascertained on due enquiry.-

31 The following is a Statement prepared according to the form received from the Board of Revenue with their letter dated 15th January 1846 exhibiting the extent of remissions that have been made on the failure of dry crops.—

32 In the 43 Villages of the four Talooks specified in the foregoing Statement, crops on land assessed at Rupees 9,500 after a deduction of the usual remissions, failed entirely.- The accounts thereof were carefully reviewed by the Hoozoor Servants at the time of Immunabundy and such remissions as appeared to be absolutely necessary for the relief of the Ryots were granted.- The amount thus remitted was inserted in the Puttah of each Ryot with a special clause stating it to be an indulgence granted under peculiar circumstances, and that it would form no precedent for the practice in future years.

34 The decrease of Rupees 6,891 11 11 under the head of waste land paying Tax is attributable to a portion of the Tax due by the Ryots on lands left waste having been remitted in consideration of their reduced circumstances, and the difficulty they experienced in paying even the assessment due on their dry and wet lands actually cultivated, a portion of which Crops failed during the unseason-able a year.- That under the head of land sown Sodee, Enam, Teervajasty and other items is owing to the deficient supplies of Water

42. It will be observed in comparing the entries of the different descriptions of Enam Lands Cultivated during the Fusly under review with that of the preceding one, that there has been a decrease in all the Items excepting that of Zemindary.

43. The result of settlement of all branches of Revenue for Fusly 1255 (1845/46) is exhibited in the following Statement.

44. The total decrease as exhibited by the above Statement is 153397-5-6 of which 143095-2-9 is on account of land Revenue the remainder, being on the Head of Sayer and Stamps Viz. Rs. 8794-6-9 for the former attributable to no Collections having been made on the exportation of goods consequent on the abolishment of the Frontier Chowkies and Rupees 3507-12-— for the latter the reasons for which decrease have been explained in my report on the Sooter sources of Revenue. This total decrease has been reduced to a Net decrease of 149577-8-7 by an increase under the Heads of Abkarry Sundry farms and licences & Motarpha Amounting to Rupees 5,819-12-11

Fort St. George 18th January 1847.

45. The Demand Collection and Balance of Revenue of the District of Cuddapah for fusly 1255 (1845/46) are as follows—

	Rs.	A.	P.
Demand	19,00,289	7	9
Collections within the fusly	18,47,413	5	11
Balance at the close of Do.	52876	1	10
Collections up to 31st December 1846	44,183	10	—
Remaining Balance Rupees	8,742	7	10

46. Of the above balance only one third is considered recoverable and the remainder is outstanding against indigent Ryots—

47. Although remissions were granted on the failure of crops and to some extent on the dry Crops which failed entirely it was to be expected that some distress would be experienced by the Ryots from their Crops having Yielded but moderately during a year bordering on one of scarcity, and from other causes attendant thereon. It seemed of the greatest importance that severe measures should be avoided as much as possible and as the present season holds out such favorable anticipations as to its result, it is probable that some of this outstanding Balance will be realized hereafter without pressing severely on the Ryots by whom due (which at present could not be done without causing distress) by every consistent consideration being shewn towards them, their circumstances and means of payment being individually enquired into during the Annual Settlement of Fusly 1256 (1846/47) which has now been commenced — The particulars of the Balance eventually remaining irrecoverable shall be reported on in due course.—

48. The subjoined statement exhibits the particulars of the arrears outstanding from Fusly 1250 (1840/41) to the close of Fusly 1254 (1844/45) and the Collections therefrom—

The

Fort St. George 18th January 1847.

51 The above statement has been carefully got up from documents received from the several Tahsildars which had been prepared by them on a reference to the Chengaveresa Accounts submitted to them by the several Carkoons who examined the lands entering therein the extent and assessment of land applied to each description of produce, and cultivated during Fusly 1255 1845/46.

52. Indigo is cultivated generally throughout the District in Wet and Dry lands, and principally in Chitivail, Sidhout and Budvail the produce in these Talooks is in the proportion of 7 1/4 - 15 6/16 - 3 3/16 per Cent respectively to the whole cultivation Circar and Enam, while the proportion this crop bears to the Cultivation of Circar lands in the whole District is 2 3/16 per Cent and to the grain produce 2 " " per Cent.

53 The Cultivation of Cotton is general throughout the District but carried on to a greater extent in the black land Talooks of Koilcountla, Cummulum and Doovoor - the Centage on the Circar and Enam cultivation of this description of produce in these Talooks is 10 2/16 - 9 1/16 - 7 3/16 respectively in proportion to the whole Cultivation, and 20 3/16 - 10 3/16 - 80 2/16 in proportion to the grain produce - The Centage on the whole Circar Cultivation of the District is 4 11/16 and in the grain produce of the District is 5 1/4.

54 The past Fusly was not however one in which a fair criterion could be formed in regard to the extent of the Cultivation of Indigo

Fort St. George 18th January 1847.

The season having been a very unfavorable one certain lands dependent under Tanks and cultivated with Indigo in the previous year, were last Fusly left waste owing to a deficiency in the means of irrigation, and a still greater portion of Lands under Wells were in the Fusly under review cultivated with Jonna and Ragee instead of Indigo Grain, the price of which it was naturally to be expected would rise considerably during the season which foreboded so unfavorably and fodder for Cattle being consideration sufficient to induce Ryots to show a predilection in favor of the Cultivation to some extent of these Crops - For the same reason there has been a decrease also in the Cultivation of Cotton in the price of which there has been a gradually increasing depression -

55 In my last report for Fusly 1254, the Cultivation of Cotton and Indigo was stated to be about 10 Per Cent of the whole Cultivation of the District while for the Fusly under review it is ascertained to be under 5 per Cent

There

Fort St. George 18th January 1847.

These have not however been so great decreases in the Cultivation of these descriptions of produce in the past compared with the preceding Fasly the difference must be attributed to the reports then received from the several Tahsildars having been some what incorrect. For the year under review care has been taken to obtain correct information on authentic documents.

56. The Board in the 16th Para. of Extract from their Proceedings dated 20th April last have directed my attention to the advancement of the valuable production of Sugar by affording facilities to the Cultivator and to the Party who makes advances, to enable him to extend his operations and increase his resources. I have also been required to report whether it be possible to give an additional facility to the present means on the part of Merchants at the Presidency of transporting large sums of money to distant and remote Villages.—

57. In stating in my former

Fort St. George 18th January 1847.

report that Ryots had derived benefit and Profit from Cultivating sugar cane owing to the Increased demand for Sugar for exportation. I alluded chiefly to those who had sufficient Capital and stock to enable them to cultivate without advances from the manufacturers, and to sell their produce, or the sugar made therefrom (if Manufacturers themselves also) at the market price.—

58. The practice of Merchants entering into agreements with the Manufacturers for the supply of Sugar at a fixed price, and of the latter making advances (the money they have received from the former) to such Ryots who require them (and who form the greater portion) on a Contract to be supplied with a specified quantity of their produce is not one calculated to benefit the Ryot. Sugar is manufactured to a limited extent by Merchants themselves, who buy the produce direct from the cultivators, and as the Manufacturers must have their profit the terms of the contract entered into between them and the Ryots are I am inclined to think too favorable for

the

the former to admit of the latter deriving advantage, particularly if the years turns out unfavorable, the produce of their labour being in this case less than anticipated at the time the contracts were entered into, and forestalled at a price far less favorable for them than the market one which must necessarily rise if the demand is, as it is great.

59. Competition among Merchants (raised by the increased demand for sugar for exportation) which induces them to make large advances to Manufacturers for this article has no doubt a tendency to the general advancement of this valuable production, but to increase the resources of such Ryots only who are independent, and can dispose of their produce at the price of free competition. The money so advanced to the Manufacturers is circulated among those Ryots who require it at the time and the former meet their engagements with Merchants and no doubt derive a considerable profit themselves.—

60 If with a view to increase the resources of such Ryots who required advances, their kists were not collected until they had disposed of the produce of their Crops at the market price, or if sufficient assistance was afforded by advances as Succaui (measures of course being adopted to collect the amount in either case within the Fusly) their circumstances and condition would soon be changed for the better by their participating in the profits derivable by the increased demand for sugar for exportation and a very considerable stimulus would be afforded for the increased cultivation of the cane.—

61. Notwithstanding the season having been unfavorable the cultivation of sugar did not fall off owing to the increased demand for this article and as this has not abated, the Increase in the Cultivation of this description of produce this year is expected will be considerable. The subjoined Statement shews the extent of Land cultivated with cane last Fusly in the principal Talooks in which these Crops are raised and the Assessment on

readily effected (as the Bills drawn would not be so considerable in amount by Talsildars being empowered to give Bills in receiving payments in the several Talook Treasuries reporting the circumstances immediately to the Collector with a view to the necessary adjustments being made for which separate Journals for each Talook should be kept.—

64. In either case orders on the Talook Treasuries by Collectors in favor of Parties who may forward Government or Accountant Generals' Bills on their Treasuries whenever the state of the Funds in the Talook Treasury on which to be drawn will admit of it, and Talsildars being also allowed to give Bills on other Talook Treasuries for amount received, will greatly facilitate matters as regards remittances being more readily made to the different parts of the District required, but the risk attendant on large sums of money being retained in the several Talook Treasuries to remedy inconveniences experienced by Merchants at Madras remitting large sums of money to various parts of the District, is not to be overlooked.—

65. The subject adverted to in the 17th Para of Extract from the Proceedings of the Board relative to numbers and fields on being entered as half Enam and half Circar as brought to notices by the late Sub Collector Mr Knox, I shall do myself the honor of reporting on, at an early period in a separate communication, as also that regarding the condition of works of Irrigation in this District which formed the subject of observation in Para 7 Extract Minutes of Consultation dated 19th July 1845, the transmission of the report having been delayed by my time having been much taken up ever since the conclusion of the settlement of the Tushy now reported on, in matters connected with the late disturbances in this District—

Dated 20th April 1846.

66. I have the honor to forward the annual report of the Sub Collector—There does not appear to be any thing in it calling for observation from me—

67. In conclusion I beg to acknowledge the assistance I have received from Mr W. M. Mills and Mr Thornhill and to express my continued satisfaction with the conduct of the Head Sheristadar—

Acting Collector of

Cuddapah.

Sir,

I have the honor to forward here=with the annual report for Fusly 1255 of the land revenue of the Talooks attached to the Sub Division-

The settlement was made agree=ably to the rules hitherto in force- In the last report there are enumerated 18 deserted Villages, instead of 18, in the Doopaud Talook- This error was owing to oversight in preparing the ac=counts, in the Hoozoor Cutcherry. One of the deserted Villages named Coorapenta, has been brought under cultivation this Fusly- At present 17 deserted Monjahs, and 6 hamlets are excluded from the bareeze of the co Doopaud Talook-

Of the Coinjoded Villages in the Budwail Talook, one named Aravapilly has become deserted, and uncultivated- The Shrotri=endar of this Village, being unable to pay the Sadie, has given in his Rajeenamah, and in consequence this Village is to be included in the number of Circar Villages-

The rains in this Fusly have been very scanty, and the cultivation of the first Crop commenced the beginning of June of the Fusly 1254- Abundant rain fell in May, in every part of the Doopaud Talook to about one Padoanoo,

which

which moistened the whole of the tary, land &
Sefs fell in the Cumbum Talook - In the Budwail
Talook so scantily, that in some parts there
was not more than about half a Padoonoo -
In June it rained in all the three talooks but
very scantily in the Budwail Talook - By this
rain a supply of 2 Months water was received
in the Cumbum large tank, and a smaller supply
in the other tanks of the Cumbum and Doopaud
Talooks - By this rain, and that which fell
in May, the Ryots (in these two Talooks) were
enabled to irrigate and sow a great extent of land
for the first Crop - In the Budwail Talook it
rained partially in the Months of May and June
and in consequence the irrigation, and sowing
for the first Crop was limited - In July, from
the Total failure of rain in this talook, the
Crops sown turned out unfavorably, nor was
there an opportunity of sowing fresh grain - In
consequence of very slight showers having
fallen in the Cumbum and Doopaud Talooks
the Coorshakey Crops previously sown did
not grow well -

In August it rained slightly
in every part of the Sub Division, and in con-
=sequence of the insufficiency of moisture
the Crops previously sown, (and then in a
failing state) were not benefitted - A full
Padoonoo of rain and having fallen
equally every where, Varagoo, Cora, and
Indigo, were not sown extensively -

Distressing accounts were received
from the Talooks that a great portion of the
Coorshkey Crops for want of sufficient rain
had nearly failed -

From the 8th to 7th September there
was an abundant fall of rain, being the heav-
=iest this Fusly, many of the tanks in the
Cumbum and Doopaud Talooks were in
consequence filled with water to overflowing
and some burst their embankments, which
were since repaired - The supply of water
received in the Cumbum large tank, suffic-
=ing for the first Crop then in the tary and
Poonasa lands, and enough for the 2d Crop - In
the Budwail Talook it rained partially and
a few tanks received from about 1/4 to 3/4 of water.
The Vuttyvurytary Crops sown in the Cumbum
and Budwail Talooks, and the Boorada-
=pantoo tary lands and toorkumrageeries in the
Doopaud Talook were benefitted by the
rain which fell in June -

Although a great number of
tanks in the Cumbum Talook were filled with
water, yet the Kartikey Cultivation had passed
and the ryots were in expectation of the
November Vyshakum Crop - In the Doopaud
and Budwail Talooks, the season for the
Cultivation of the Chittasumbarvoo paddy
not having gone by, advantage was
taken of the remaining portion of the
season,

2283.

Fort St. George 18th January 1847

season, for the sowing of a small quantity of the a=
above grain- The Crops which were sown in gra=
=velly and dry lands were considerably destroyed,
but a portion which had not entirely failed was
much revived by this rain, and turned out pro=
=ductive- Advantage was taken of this rain
to irrigate the lands in which the Crops had
failed besides other spare lands- The usual
Crops of Cotton, Grain &c. were sown this Month-

In October it rained very abundantly
in the Doopaud Talook, Cyres, Jonna, and Varega Crops
were sown extensively in several parts, but in the
Cumbum and Budwail Talooks, the rain was
scanter, and the lands in consequences were not
sown throughout-

In November it rained insuffi=
=cientty for the sowing of Wheat, Black and
Bengal grain, and the Beds of the tanks and
lands which were sufficiently moistened, were
sown with the above several species of Grain,
but nothing to compares with the last fusly-
In this Month ends the season for sowing of
Cooshkey lands-

In December it rained moderately
in the Doopaud Talook, and some of the tanks received
a supply of water- In the Cumbum Talook the rain
was scantier, but in the Budwail Talook it was less again-

From the rains not falling in due sea=
=sons in the Budwail Talook, the Jonna Crops &c.
sown in the Cooshkey lands had in a great measure
become Bondas- In the Cumbum and Doopaud
Talooks, the Cooshkey Crops had been less pro=
=ductive than the past fusly but not to such an
extent as in the Budwail Talook- This year the
Crops of Indigo, Cotton &c. have not turned out favorably-

The following is a Statement shew=
=ing the number of tanks in the Sub Division and
the quantity of water they have received during
this year-

In

Fort St. George 18th January 1847

In consequence of the Crop Kay crops of the Sub Division being less this fusly than the last, added to the demand on Cumbum from Hydrabad, Cuddapah and Bellary, &c. the prices in the Kerneh are higher than those of the previous fusly. Had the produce this year in the Crops been great, the Ryots would have been much benefitted by the increased prices of Grain.

The following is a State= =ment shewing the number of Put= =tahs and Ploughs in the Sub Divi= =sion for Fushies 1255 and 1254.

Active

Fort St. George 18th January 1847.

Active measures were taken that / in addition to the lands given up last fusly / the ryots should on agreement cultivate this fusly a larger portion, Viz. to the extent of 1581 Acres and of the amount of Company's Rupees 10,831-14-11- thereby given an increase of Cabooleaty for this fusly-

The following State-ment will show more fully the quantity of land of each description agreed for in each Taloock as compared with the year before-

On reference to the Lists
= culars of three Materials Store
appears to be an increase in
every description of Canada agreed
for in all the Talooks of the Dis
Division, as well as in the abstr
= ment of them - owing to the m
= sufficiency of water in the Tan
of the Bandicoot Talook there is a
decrease in the Tanjore Dis
= trict. This however is not attri
= butable to the first class lands
being thrown out at the Villuvary-
Swamy to the greater supply of wat
received in the Cumbum and Dephan
Talooks there is an increase of Fifteen

Fort St. George 18th January 1847.-

On reference to the particulars of items, although there would appear to be a deficiency of cultivation in the Coosh Key of the Enam lands in the sub Division, yet in the Cumbum and Doopaud Talooks the items of the tary cultivated lands wea will show an increase in the total lands cultivated; but as there appear only a very small increase there is no occasion to specify the cause of it.-

The Enamdars in such of the Talooks as find cultivation on their own account, both easy and practicable in the tary lands, sowed them extensively and this is the reason of an increase of Rupees 5.681- a p - 1 in the Khud saugoo.-

In the cultivation of the Koimjody shrotreams, although included in the diggersang (as per Yadast from the Hoozoor Cutcherry) yet there is a decrease of 5.055- Rs a p 3- 2- Of this there is a decrease of

of 2.769- 9- 6 Rs a p in the diggersang of survaenams (paying Taffareck.) owing to the ryots having been unable to cultivate the Coosh Key lands in Cumbum and Doopaud Talooks, and both Coosh Key and Tary lands in Budwail Talook from insufficiency of rain.-

The subjoined statement shows the remission granted under the several heads in this fasly compared with that of the preceding one.-

By the increased irrigation of the tary Fasly lands in this, above that of the previous Fasly the Rs a p Net decrease in the Cabo= laty bunjer is 24008-2-- Of the whole No.s Bunjer lands which remained last Fasly, some parts were brought under Cultivation by which there is an increase of Rs a p Sloopa in 6223-13-1, by adding to this the sum of Rs a p 851-15-9 (the in= increase from the Pamaboodey, in the beds of the Tanks of the Cumbums and Doopaud Talooks) gives a total increase of Rs a p 7075-12-10 as per Statement.-

The following is a state= ment shewing the particulars of Bondoo remitted in the Sub= Division.-

Fort St. George 18th January 1847.-

On reference to the above Statement it will be seen that there is a decrease of Rs a p 253-2-3- in the remission of Bondoo in this, below the past Fasly, in the Cumbum Talook, and an increase of Rs a p remission of 8-13-5 in the Doopaud Talook- These remissions were granted on the responsibility of the Tahsildars' Azmaish- In consequence of the badness of the season, and failing state of the Crops (reported becoming Bondoo) in the Budwail Talook, it was feared that advantage would be taken of the same, and to prevent loss either to the Circar, or Ryots, the Sheristar= dar (then discharging the duties of a Tasil= dar) was directed to examine the state of Crops (Bondoo) both personally and by Karcoons- Before this could be carried into effect, this Officer had so neglected the circar affairs, that the object in view was left unaccomplished, as from his extreme dilatoriness) many of the fields were reaped before the examination took place, and the amount of Crops (really Bondoo) could not be accurately ascertained- These cir= cumstances have already been reported to you-

From the accounts sent in by the Tahsildar, on the Azmaish of the Karcoons, Rs a p 6299-7-" is the amount on (Bondoo or) crops failed- The sum of Rs a p 1840-12-4 was not remitted from the above amount, in consequence of some of the crops being cut and removed, prior to the Azmaish of the Karcoons, this sum includes also the usual percentage not remitted- It was reported by the Karcoons on their investigations, that actual Bondoo existed (from failure of rains in the assessed lands) of Rs a p 4.258-10-8 this Amount was in consequence remitted thereby giving an increase of Rs a p 3368-13-1 above the remission of the past Fasly.-

2304.

Fort St. George 18th January 1847.—

The unfavorable state of the seasons, and not the want of activity on the part of the ryots, is the cause of an increase of Bunjer this fusly; It was therefore deemed necessary to grant a remission.—

In consequence of the (Pararavaboodity or) lands which were sown in the bed of the large tank in Cumbum, and other tanks in the Doo-aband Talook, being more flooded with water than the past fusly,

Rs a p.
1854- 8- 4 was remitted.—

Sir,

I have the honor to forward a comparative statement of Bunjer Gyer Moojrah or non remission of Bunjer now held at non remission of Bunjer now held at Cumbum for the Fusly 1254 and 1255.

2. Although there has an increase of cultivation in the Cumbum and Doopaud Talooks, nevertheless the total amount of Bunjer now remitted, altho' a portion now not remitted to the actual tillers ryots in the Cumbum and Doopaud Talooks, and according to the circumstances Talooks, and according to the circumstances and Condition of the Ryotes in the Ryot, and Canadian in the Village of Cumbum Talooke.—

The regular Assessment of Cumbum remission now made to the Village of authorities who have no Enamm.—

There is a decrease of 13-2-0, in the Dryamatty Cauls which ended with the Last Fusly in the Budwail Talooke.—

The usual remission now granted on the remaining lands, in proportion to the lands cultivated and an increase and decrease.—

The reasons for the increase and decrease of the above Statement are given in the following Statement No. 15 giving the amount of the Demand and Collection for Fusly 1255.- already given.-

The above Statement nets interest at Rs. 16,854-11-" as per a/c of 1255-8-0. an enumeration of which accounts for the above Net Increase will be found in Statement No. 15 herewith.

2309

Fort St. George 18th January 1847.—

The Settlement was made with care and attention as far as practicable.— By this State-ment it would appear, that a large balance remains in the Budwail Talook Viz.t.- Circar lands 422-11-"- Rs a.p. Jodee Enam 1875-11-7.— Rs a.p.

The cause of the outstanding balance in the Budwail Talook is that the Enamdars have to pay the Jodee whether the lands be cultivated or not and are unable from their reduced circumstances, (caused by the late unfavorable seasons) to meet the Circar demands.—

Alth.o active measures were taken for the collection of the Bareeze before the completion of this Fusly, the insurrection of Narasimma reddy,) a pen-sioned Poligar on the Cailgoantla Talook) was the cause of Considerable loss of property throughout the whole surrounding Country.- The panic and temporary deser-tion of Villages consequent on this outbreak, is the cause of the delay in the collection of the outstand-ing balance.—

The following Statement shews the amount of recoverable and irrecorable balance.—

In the explanation of the extra report, reasons are given of the increase and decrease in the Extra items. —

In this year much distress happened in the Sub Division from the prevalence of small pox and Cholera, which carried off a great many of the inhabitants. — Great numbers of Cattle and Sheep were attacked with various diseases; this added to the want of water and vegitation, caused great mortality among them — Taking all circumstances together, this year has not been very favorable to the Ryots throughout the Doopaud and Cumbum Talooks, and still less so in the Budwail Talook, in which the want of rain was more severely felt than in the remaining portion of the Sub Division. —

I have much pleasure in bearing testimony to the assiduity, and intelligence of my Sheristadar Kunchana Pilley Krishna Row, and since my taking charge of the Sub Division, have found him a most active and efficient public Servant. —

Sir,

At the request of the Acting Sub-Collector Mr. R. Ra. Catton, I have the honor to forward the accompanying letter from him in reply to the Board's orders dated 29th October last, on the subject of the Extra tent allowance drawn by him while residing lately at Palmanair.-

To,

Ag. Collector;
North Arcot.-

Para. 1

Sir, I have the honor to acknowledge the receipt of a Copy from the Proceedings of the Board of Revenue; under date 29th October, containing the opinion of the Board, that as in their Proceedings under date 4th December 1845 they did not contemplate sanctioning the disbursement of Extra tent allowance to me, so far beyond the limits of my division as Palmanair, they cannot allow me, that an allowance for a period exceeding one month, during my residence there in Fusly 1255, and to request you will be kind enough to recommend that in the present instance I may be allowed to draw Extra tent allowance for the whole period I resided with my Establishment at

Fort St. George 18th January 1847.—

at Palmanair.—

2.— I am induced to make the above request, because in the first place, by the Proceedings of the Board, I was led to suppose that I should be allowed Extra tent allowance so long as the Sub Collector's Bungalow at Arcat was under repair and I provided an accommodation for my Establishment 2nd Because my residence at Palmanair was with your concurrence, and unattended with any inconvenience to the service, 3rd Because at Palmanair as at Ranipett I provided accommodation for my Cutcherry (No accommodation whatever being supplied for my Establishment by the Government,) and consequently that no Extra expence to Government was incurred by my remaining at Palmanair, and lastly because had I been aware that the Board of Revenue would have objected to sanction the above disbursement, (being far from well) I should have applied for the leave to which I was entitled und the Regulations, for the sake of recruiting my health.— I enclose a Certificate from Doctor Mc Kenna which contains his opinion that a change to Palmanair was very desirable for the

sake of my health.—

This is to certify that, I saw and prescribed for Mr. R. R. Cotton previous to his leaving Arcat for Palmanair, and as he has been suffering from the effects of an attack of Cholera, with which I was informed he had been seized at Trivatore.— I was of opinion that the change to Palmanair would be of great benefit to him in restoring his health.—

The accompanying Abstract Statement marked A drawn up in accordance with the principles laid down in Extract of Minutes of Consultation dated 20th September 1841 supplies information on all the points which appear to the Board to be of importance in regard to the subject, but they are of opinion that the sum of Rs. 1932-9-9 entered

Fort St.a George 18.th a January 1847.—

entered in Column 18 may be justly considered as resulting from the shares of the ryots, and weavers themselves and as such, that it should be altogether relinquished by Government on the introduction of the proposed revision.—

Statement.—

Add—	
Lofs if the amount entered in Col. 18 is relinquished, as re = commended	1932-9-9
Actual extra annual disbursement	3426-2-10

2. This as may be seen by the Marginal Statement would raise the annual extra disbursement by Government from Rupees 1493-9-1 to Rs 3426-2-10 being a charge of about 3 3/4 per cent upon the average gross revenue derived from the Jagheer calculated in 1844 from the receipts of the three previous years to be Rupees 92621-13-0.—

3.— As the Board consider that one of the chief objects to be attain = ed by the proposed measure of paying the Curnums and Notagars by = salaries direct from Government is to relieve the Ryots as far as can reasona = bly be done, of the charge of remunerat = ing them as hitherto, they are induced to recommend that the arrangement which

Fort St.a George 18.th a January 1847.—

which involves an Annual extra outlay of Rupees 3,426-2-10 should be sanctioned as being obviously the one most calculated to accomplish effectually the purpose. Follow = ing the rule pointed out in Para 2 of Extract of Minutes of Consultation dated In Cons.s 4.th Oct.r 1841. 20.th September 1841, they have not included the grain emoluments entered in Col.s 5-6-7 and 8 in their recommendation for remission but adverting to the smallness of their amount, and to the trouble and vexation which the realization of them would cause they are of opinion that they should also be abandoned, by which the aggregate annual extra outlay by Government would be raised to Rupees 3,608-8-5.—

Adverting to Para 1 of Extract of Minutes of Consultation — under date 20.th September 1841, and to Para 2 of Extract of Minutes of Consulta = tion under date 11.th February 1845, the Board In Cons.s 4.th Oct.r 1841. have to state for the information of Govern = ment that the Abstract Statement A now submitted comprises all the claims contained within the limits of the Jagheer in question, and that the survey In Cons.s 6.th March 1845 of the whole of it's lands was reported by Mr Hallett in 1842, to have been completed by his Predecessor Para 13 of Letter dated 28.th November 1842 Ordered that a Copy of the foregoing Proceedings be submitted to Government.—

Para.1 I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of South Arcot 31st.a August 1846.— reporting the lapse of a Mushroaty or yeomiah in his District.—

2. The Yeomiah in question is held under two Perwanahs— One granted by the Nabob Anawurthy Khan dated 5 Jamadesawny of Hezira 1174 or A.D. 1758.— and conferring a money allowance of 220 Rupies per Annum and 12 Cawnies of Runjah Land for the performance of ceremonies at the Durgah of Shah Hulli Gengi Gevar Cuthasirahoo and for the livelihood of his heir Mootali Khan and the second issued by the same Nabob and on the same date giving a daily allowance of two Almgherry Fanams or of Rs.a 88—7—10 per Annum for keeping Lamps at the same Durgah— At the assumption of the Carnatic these allowances were found to be entered in the list obtained from the Nabobs records of the Yeomiahs & were paid in Fusly 1210 or that immediately

3.— In his letter under submission the Collector has given it as his opinion that the allowance of 88 Rs. 7-10 per Annum granted under one of the Perwannahs having been given solely for service at the Durgah — so for as keeping lights in it should be continued without deduction — As the allowance both in land and money conferred under the other Perwanah was granted partly for service in the Durgah, and partly for subsistence he suggests that a moiety of it which may be assumed as having been the proportion granted for subsistence, may be resumed and the remaining moiety being 110 Rs. in money and 12 Cawnies Lands at ½ teerwah together with the full allowances under the first Perwannah be continued to Maunzenoolli Shah son of Meerbakur Allie who has kept up the services at the Durgah since his father's death.—

4.— Referring to the views taken by Government on previous occasions as shewn in the Extract Minutes of Consultation 8th October 1842 and 10th November 1846 in respect to the continuances of endowments such as that under consideration, the Board cannot advise that either of the allowances enjoyed by the deceased be continued to his heir without deduction. They beg however to recommend that a moiety of the full emolument held by the late Meerbakur Allie viz. Rs. 154-3-11- in money and 12 Cawnies of land at ½ teerwah be conferred upon his son Maunzenoolli Shah to have effect from the date of the last lapse on 27th July 1845 — with the distinct intimation that these allowances are to be resumed in toto at his death.

Ordered

(65-66)

To the Chief Secy. to Government
Submitting a letter from the Collector of South Arcot forwarding a Statement shewing the amount recovered from each member of the family of the late Sa=ghiredar of Sunkarapooram on account of overpayments made to them and soliciting the instructions of Govt. regarding the recovery of the balances still outstanding.—

Fort St. George 18th January 1847.

Ordered that the foregoing letter be submitted with the following address—

To The Chief Secretary to
Government.—

Sir,

I am directed by the Board of Revenue to forward for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of South Arcot, submitting in reference to Extract Minutes of Consultation 21st January 1839 a Statement shewing the amount recovered from each Member of the family of the late Saghiredar of Sunkarapooram, and the balance still remaining due.

2.

On referring to the Extract Minutes of Consultation already quoted, it will be seen, that the total amount overpaid to the members of Kureem Ollah Khan's family was Rupees 31,944-13, but that the sum ordered by Government to be recovered was Rupees 28,367-4-8. the difference, or Rupees 3,577-8-4 having been remitted in consequence of the death of two of the parties to whom the overpayment had originally been made and the reduced rate of pensions enjoyed by their representatives. Of the above amount, it will be perceived from the Collector's letter, that Rupees 14,725-7-3 has been realized, leaving a balance yet uncollected of Rupees 13,641-13-5. of the parties (7) from whom the recoveries were ordered to be made, three have discharged the amount due by them in full. The sums collected from two others were refunded by the Sub Treasurer under orders of Government 23d February 1841, and the two remaining parties have died.

3.

As the correspondence respecting the Pensioners has not passed thro' this Office, the Board are not acquainted with reasons on account of which the refunds mentioned in the last Para was made. Nor are they informed, whether the deceased parties have left representatives, and if so, why no stoppages have been made from the allowances continued to those individuals. They beg however to submit the Collector's letter and to solicit the instructions of Government whether any, and if so, what further measures are to be taken for recovery of the balance still outstanding. Should it be the pleasure of Government to forego the realization of this balance, or of any part of it, they beg to request that the Collector may receive authority for writing off such sum in the accounts of his District.—

To,
F. Bycroft Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

From A. B. Onslow Esqre Collr of Trichinopoly — dd 1.

Reporting on the subject of certain Fees appropriated for the benefit of Brahmins & Pagodas in the Talook of Valicondapooram.—

With reference to your letter of the 10th September last, calling for information on the subject of certain fees appropriated for the benefit of Brahmins and Pagodas in the Talook of Valicondapooram — I have the honor to state that the fees in question were up to the time of my orders to discontinue the Collection of them collected by the Public servants and distributed from the Treasury according to the particulars entered in the accompanying list, and that the sum due by each individual liable to pay the tax was entered in his Pattah.—

2 The demand of these fees is restricted to the Villages and individuals named in the list — the cause of the demand being fixed there particularly I am quite unable to ascertain — nothing being known regarding the origin of the practice — The fees are paid by the same persons who contributed them when the Country was first assumed on their descendants.—

3.— I beg to send translations of depositions taken from two of the most respectable of the parties from whom the fees are collected.—

Trichinapoly Collrs Office 7th November 1846.

Signed A. B. Onslow.—

E. E. Fr. signed J. P. Onslow Collector

Fort St.a George 18th.a January 1847.-

No.a 2.-

Examination of Nyenah Chavry aged 63 years agent of Pollampaudy of Mullapak reddy Nauttum of Valicondapoorum before Maly apillay Tahsildar of the same Taluk.-

Instructions having been received from the Hoozoor to enquire into and report upon the Vurthany, Veyasapooday and Voladum - in some of the villages in this Taluk as regards its original establishment period and the authors - state the particulars of it as far as your experience admits of or otherwise what you have heard of the same:-

A. I was told by my ancestors that from the time of the Carnatic and from a length of time allowances of Vurthanay for the Brahmins - Voladum for the Pagoda of Valicondapoorum Vyasa= =poody for reading the Pooranum was established and still continued on ready Money similar to Maunium allowed to Pagodas and Brahmins= besides which to my Knowledge I know that

Fort St. George 18th January 1847.—

that prior to the assumption of the Country these 45 years ago during the Mahomedan dynasty these allowances were paid and after the assumption Mr. Wallace the then Collector enquired into the circumstances of the Manniams alienated this item of Maniums to the Cutlay dittum accounts since which time it has been included in the Individual Puttahs and continued up to the last year.—

2. How was the allowance of Vurthany &c. paid was it from the assumption of the Country Collected by the Circar and paid from the Talook Treasury?—

A. Ever since this talook was formed in Fusly 1228, and up to the last Fusly—it was Collected by the Circar and received by them from the Talook Treasury—before which time they have received it in the Cutcherry of the Valicondapoorum Magani Peskar.—

Examination of Ramreddy aged 60 years Putta Manigar of Brambaloor in the Talook of Valicondapoorum before Malia=pillay Taksildar.—

Instructions having been received from Hooz=oor to enquire into and report upon the Varthanay=Veyapoodaya Valodum of some of the Villages of this Talook as to the person by whom the time when, and the particulars how they were conferred in the beginning and as to whether they are included in the Cutlay dittum Accounts or whether they were Collected by the Circar and disbursed from the Talook Treasury and to enter into some other details connected with them state what you know either by experience or hearsay about the same?—

2.

A. My Father Konareddy told me that Rockamaniam or allowance in ready money similar to the allowance in Lands such as varthanay to Brammin velo=dans to the Pagodas of Valcondapoorum Veyapoo=dayam to Pooraunums were continued from an unknown length of time—during the last 43 years or as far back as I can recollect I remember that the allowances were collected.

collected by the Mahomedan Government before the Honorable Company's assumption Mr.a Wallace, Knowing that the allowances were continued from time immemorial included them in the Cutlay dittom, Accounts and sent a list with his signature and seal to be stuck on the Chavilly walls of the respective Villages. In Fusly 1211 the allowances were collected by Baula Kistna Modaly the then Tahsildar of Valcondapooram. In Fusly 1212 the Talook was transferred to the Porriore from that time up to 1227. the fees were collected and disbursed by Magal the Peshcar's Cutcherry at Valcondapooram — and as the Talook Cutcherry was reinstated in 1228 the Fees were collected and disbursed from that time up to Fusly 1255 in this Talook Cutcherry.—

From the Collr of Madura

Sir. As directed by the Board's proceedings of the 3d August, I have at length the honor to submit the following statement on all balances of land or extra revenue in this Collectorate, their amount as including Peishkush, Rupees 31923-9-7½ of which Rs 424-5-4 ought to be remitted, as irrecoverable, Rupees 9948-7-9. due from the Guntamanaikoor Estate was allowed on the 2nd August 1837 to lie over till the young Poligar shall attain his majority in December 1848. and Consequently must not be levied now. Rupees 16269-6-11 is a nominal balance against the Cullamundaly Estate, accruing since its sequestration, in November 1839. and the remainder Rupees 5281-6-6 is supposed recoverable the particulars are shewn in the Statement No 1. being Rupees 4760-7-11 from the wholly and partly sequestrated Estates of Seroopaly and Ammanaikoor / Rupees 105-2-2 from the ain lands and Rupees 407-11-11. due from the abkarry renters of Nellacotay. for fasly 1255. will only be in part recoverable.—

thereon.- 1.

The total amount of arrear of Revenue in the Madura District due up to the end of November last was Rupees 31,923-9-7- which may be thus classed.

Arrears recoverable	₹381-6-6
Arrears to be over	26,217-13-9
Arrears irrecoverable	424-5-4

2. The recoverable portion is composed of Rupees 4,760-7-11- due from the Zemindary and Ammianam Knoor Estates and of Rs. 103-1-5- due from the Ain lands, the remainder (Rs. 407-11-0) is outstanding against the Abkarry Renter of Nellacotay for Fasly 1255 and though entered as recoverable, can, the Principal Collector thinks, be realized only in part.- Mr. Blackburn will be pleased to treat more fully on this portion of the balance in his next report on the Extra Sources of Revenue in his District.

3. The amount classed under the second head consists of two items; the first of which (Rupees 9,948-7-9) is stated to be due from the Guntamanaikanoor Estate and becomes payable in December 1848. on the present Polygar attaining his majority as will be seen on reference

Sir,

Para 1. With reference to the correspondence noted in the Margin, I have the honor to request to be informed whether

whether Bramadayem Poroopoo land which has passed from the family of the Original Grantee by sale should be assessed with the full Teerwah.

2. A case has recently come to my notice in which Bramadayem Poroopoo land was purchased 30 years ago and is now in the hands of the son of the purchaser. Should the Board determine that the sale nullifies the grant, I would beg respectfully to recommend that the favorable assessment may be continued during the life time of the present Grantee, in consideration of the length of time it has been in his family.

Resolution thereon.

75-76

The Acting Collector is informed that as a general rule the transfer of Bramadayem Poroopoo land from the family of the Original Grantee should subject the land to be raised to the full assessment. It is not however desirable that this Principle should be enforced in cases such as that under reference, when its application would bear hardly upon existing incumbents. In such instances the full Teerwah should be imposed on the lapse of the present holders or on their alienating

the land to other parties.

Read the following letters.—

To

2382. Fort St. George 18th January 1847.

To
The President and Members of the
Board of Revenue.—

89

Gentlemen,

I have the honor to forward for the information of your Board a Statement of the Stamp'd Papers and Cadjans received and sold by Collectors from 12th July 1845 to 11th July 1846 or during Fasly 1255 a.c. accompanied by seven explanatory Statements.—

From the Supt. of Stamps—

Forwarding a General Statement of Stamp'd Papers and Cadjans received and sold by Collectors from 12th July 1845 to 11th July 1846 during Fasly 1255 a.c. accompanied by seven explanatory Statements. also forwarding a comparative Statement shewing the decrease occasioned in the Revenue between Fasleis 1254 and 1255.—

By Statements Nos. 1 and 2 your Board will observe that the Gross Revenue derived during the Fasly in question amounted to Company's Rupees 24,21533-12-8 and by Statement No. 3 that the charges amounted to Company's Rupees 42656-10-4 which with the sum of Company's Rupees 1179-8-" refunded being deducted leaves the Nett Revenue Company's Rs. 198319-8-. This on a comparison with the Nett amount of the preceding Fasly exhibits a decrease amounting to Company's Rupees 111039-2-" which has arisen partly from a smaller sale of Judicial Papers and from the abolition of Inland and Sea Customs Duties under the Provisions of Act VI of 1844 and Order of Government dated 12th March 1845 communicated with the Extract from the Proceedings of your Board dated

2383.

Fort St. George 18th January 1847.—

dated 30th June 1845.

3.

The mode in which I have disposed of the Paper and Cadjans received by me during the July and the balance remaining on my hands at its termination are shewn in Statements No. 4 and 5.

4.

Your Board will perceive that the excess of Papers reported to be found by Collectors in their stock as particularized in Statement No. 6 amounts to Rolls 91 to the value of Company's Rupees 46.7.— which has been carried as usual to my debit and I request that the sanction of Government may be obtained for my taking credit for the deficiency of Papers shewn in the same Statement Viz. 5 Rolls to the value of Company's Rupees 5. 12.—

5.

The quantity and value of Damaged and unserviceable Stamped Papers and Rowannahs returned by some of the Collectors from their Stocks as having been rendered useless from being damaged from long standing and in consequence of the abolition of Inland and Sea Custom Duties is shewn in Statement No. 7. amounting to Rolls 7,057 to the value of Company's Rupees 285.989-6.—

deducting

2384

Fort St. George 18th January 1847.—

deducting therefrom 40,092 Rolls to the value of Company's Rupees 2,688.44-2.— for which the sanction of Government has already been obtained for carrying the value of them to profit and loss under date the 28th April and 7th and 26th August last. and for the balance Viz. 1,649 Rolls to the value of Company's Rupees 17,145-4.— I have the honor to request that the Board will be good enough to obtain the Sanction of Government for any carrying the value of these Papers also as usual to profit and loss and for permission to destroy the same.—

6.

Statement No. 8 exhibits the description and value of Paper and Cadjans disposed of by the several Collectors during July 1845.—

7

I beg also to forward a Statement (No. 9) particularizing the several Heads under which there has been an Increase and Decrease in the Stamp Revenue during the past July from which it will be observed that the Nett decrease Company's Rupees 111039-2.— which is attributable as already explained to a smaller sale of Judicial Papers and to the abolition of Inland and Sea Custom Duties.—
