To A. P. Onslow Esqre. Collr. of Trichinopoly Madras — Sir,

I am directed by the Board of Revenue to acknowledge receipt of your letter dated 19th February 1847 and to intimate to you that the same should be accompanied by a Medical Certificate recommending the leave of absence applied for. The only certificate received in this Office is one granted by Dr. Golde recommending that you should be permitted to visit the Presidency preparatory to applying for leave to proceed to New South Wales for the benefit of your health, which is not sufficient to support the present application.

Read the following letter from the Secretary to the Board of Revenue

(Here Enter 18th January 1847 No. 49.)

The Most Noble the Governor in Council concurs in the recommendation of the Board of Revenue as regards the Money allowances paid to the late Meerbahwoodeen for subsistence and for services at the Durgah referred to. an Institution which appears to have been founded on the remains of the father of the original grantee, but he would not apply the same principle of reduction to the Emoluments from the lands held by the deceased which are shewn to have been in the enjoyment of the family from the year 1758 or for a period of 88 years

Fort St. George 22d. February 1847.

The sudden cessation of these Lands seven at half Seerwah without any previous intima-tion of the intentions of Government is likely to affect the resources of the parties and cause great distress, as well as dissatisfac-tion. His Lordship in Council accordingly directs that the sum of Rupees 154-3-11 (one hundred and fifty four, annas three and pice eleven) per Annum, being a Society of the aggregate Amount of the two Grants and the 12 Cawnies of Land on the tenure hitherto enjoyed be continued in the name of Maruzmoollie Shah from the 27th July 1845 the date of his Father's death with the intimation that no expectation can be held out of either being renewed after his decease. The Collector will however re-port on the occurrence of this event, the circumstances and other particulars of the family for the consideration and orders of Government.

2. Any excess above the 12. Cawnies of Land Authorized by the Purwanah will of course be assessed at the full Seerwah for-ayen land.

Statement shewing the extent of Sugar Cane Cultivation the produce and the Consumption of Goor or Jaggery in the Ganjam.

for the information of the Board of Revenue an Abstract Statement shewing the extent of Sugar Cane cultivation, the produce, and the Consumption of Goor or Jaggery in this District, according to the form received with your Circular letter dated the 10th December last.

2. From the peculiar circumstances of the Ganjam District a considerable extent of which consists of ancient Hill Zemindaries under their Rajahs, who have always viewed with suspicion any inquisition into their resources, statistical information of any kind connected with these possessions, is obtained with very great difficulty, as has been frequently represented to the Board. The Statement now transmitted has been prepared by the careful Collection of information derived from different sources tested by various calculations and with reference to returns made by the most intelligent of the local Officers, aided by the opinions of persons conversant with the subject but owing to the defective nature of these data, the result obtained can only be regarded as an approximate estimate. On the whole however I am inclined to believe that the estimated quantity of Jaggery

and

annually available for the purpose of Commerce in Ganjam, as shewn in the Abstract, about 3750 Tons, is more likely to be below than in excess of the actual quantity now yielded from the District. There is no doubt also that the Cultivation of the Sugar Cane has been extended greatly within the last five Years, and if a remunerative demand continues, there is in my opinion scarcely a limit to the quantity that might be produced. The description of Jaggery or Goor referred to in the estimates is the expressed juice of the Cane boiled once in the manner practised by the Ryots and sold in the pots in its original state, and necessarily containing much refuse, yielding no saccharine matter.

3. The export of coarse sugar by sea from the Ports of this District during last year, about 1200 Tons, although considerably larger than at any former period, is only about one third of the entire quantity assumed to remain after allowing for the local Consumption. Nearly an equal quantity is supposed to be transported to the Cuttack Provinces where the consumption of this article in various shapes, is very great particularly at Jaggernath

during

3552 Fort St. George 22d. February 1847.

during the festivals. A considerable quantity also passes by land into the adjoining District to the South, some part of which is probably exported by Sea. The local consumption of the Ganjam District I have assumed at rather more than the proportion given by the returns rendered by the local Officers, which have been corrected with reference to the computed population of the District, the last census taken about 15 years ago and admitted at the time to be extremely defective, being first revised by including portions of the District formerly omitted, and a small allowance being made for increased population.

4. I beg to add that in Ganjam Jaggery is not produced from the Date or Palmira tree or any other substance than the Sugar Cane, of which varieties indigenous to the District are cultivated.

With reference to your Circular letter dated 30th. March last, calling for a report whether, besides the ready Money allowances referred to in the Circular of the 1st June 1843 there are any other allowances of the nature of Inaims paid by deduction from the Sist bundy Bareej, I have the honor to forward three Statements Noted in the Margin, Shewing the allowances paid under the respective Heads.

No. 1. Statement Shewing the Charitable allowances paid by deduction from the Sist in the Jamabundy Doubles.

No. 2. Do. Do. paid from the Village charges by Do. in the Do. Dist.

No. 3. Do. Do. Shewing the Annual remissions paid by Do. in the Do. on account of Inaimsah Villages.

2.

The Estates to which these allowances are charged have lately reverted to Government, and as it has been found necessary to institute an enquiry into the tenures of these grants as well as the purpose for which they were made, orders have been issued on the subject, and as soon as the requisite information is received it will be submitted to the Board.

Proceedings thereon.

From the return recorded above it is observed that several petitions, 25-26 bearing the Board's Endorsements of 1843, 1844 and 1845 respectively are still remaining undisposed of, and that the Collector has not afforded any explanation as to the cause of the delay. Recommendation and grounds thereof	Further Remarks
12	
To the lands in Cooroocoonda the same remark applies as above, except that it is entered in the old accounts in the Name of the Father instead of the grand father of the deceased.	
The land in Siddapoor is entered in the old accounts in the Name of Streenevasa Charry, but it has been waste so long that no one remembers to have seen it Cultivated except a portion which is said to have been under the plough 16 years ago. Possession not being established I do not recommend its continuance.	
For Acres 13 — 22 of the land in Sreeputrow pett a Summud of Nawab Mustkhans is produced given to the deceased himself, and seems to have been in the possession of the family ever since, I therefore recommend its continuance; the remaining land has been uncultivated for 12 or 14 years and need not be confirmed.	
For the land in Indraswarum a similar Summud to the last is produced N° 167. It is entered in the old accounts in the name of Rungacharry father of the deceased, and I recommend its continuance

From the Collr. of Madura

Sir,

In reply to your letter of the 4th. Instant calling for further information with reference to Item No 9 in the Statement of Pensions &c. transmitted with my letter of the 23d. July last, I have the honor to submit Copy of Mr. Peters orders dated 11th. June 1821 and an attested copy of the Nawab's Purwanah for grant of Cullegoody Village under which it was continued, by that Gentleman, to Allaheddin Sisty, both with translates. It does not seem to have received the Sanction of Government.

2. The settlement of the Village for fusly 1255 was Rupees 211. 8. 9. the greater part of which and of the Yeomiah aforesaid is appropriated, the incumbent says, for festivals, feeding Fakeers and Keeping lights &c. &c. in the Mosque at Madura, whilst a small portion only is enjoyed by himself towards maintenance of his family.

Translate of an order dated 11th. June 1821 No 37 from the Principal Collector of Madura to the Tahsildar of Madacolum.

In your address of the 18th. Ultimo giving cover to a petition with copies of a Purwanah and Enoyutnamah from Allaheddeen Sisty, son of Pyze Sisty an Enamdar at Madura shewing that the Village of Cullegoody in the above Talook, and a Yeomiah of 2 fanams per diem, had been granted, the former on entire free gift tenure, to Assunnuhummud Sisty his grand father, for his subsistence and for Keeping lights in the Mosque at Madura by Moofty Khan Shamutjung Bahadur and directed

to

to him under his Purwanah, in virtue where of he enjoyed them for a length of time till death, when his son succeeded under a renewed Enoyutnamah from Nawab Walajah holding the same with entry in the Collector's records; that he /petitioner's father/ having died on the 15th May, he requested being constituted and recognised as successor according to the laws of his nation and placed in charge of the duty, their continuance in his name according to Custom and in conformity to the above Instruments, and you recommend compliance with his prayer. As the Petitioner has also produced the original documents above referred to, the Cash Keeper, Bic Rajee has been directed to continue the Yeomiah in the name of the Petitioner. You are therefore required to surrender the Village of Kulligoody to him as heir of the deceased incumbent on the understanding that he continues to maintain his family and defray the expenses of Keeping light &c. in the Mosque.

Translate of an order dated 20th Rumjan Regree 1169 from Mahomed Mafooj Khan Shamalgung to all Public Officers for the time being and those succeeding them in the Talook of Madura in Trichinopoly appertaining to the Soobah of Hydrabad.

Whereas the Village of Kulligoody has been granted on subsistence tenure and in endowment of, and contribution for the expense of building a Mosque to Asun Mahomed Sheriff, a descendant of Moozuk Rajanasee paathan the ruler of Delhi who has no other of livelihood, you will let him enjoy the same from the beginning of fusly [illegible] understanding that he should afford from the produce thereof the expenses of Keeping lights &c. establishments and his own maintenance and to pray to God for prosperity of our Government. Proceedings thereon.

38-39

The Board of Revenue have not before them sufficient information relative to the circumstances of this Village, alleged to have been alienated by the terms of the Purwanah above mentioned, to enable them to address Government on the subject. They would be glad to learn with reference to the fact that this document merely bears the initial of the grantor whether there is any grounds in the opinion of the Principal Collector for suspecting its authenticity. They observe that the existence of an Enoyetnamah is adverted to in Mr. Peters' Takeed as having been issued by Nawab Wallajah on the occasion of a lapse occurring in the incumbency of the Village if this instrument is now forthcoming it is desirable that it should be submitted for their inspection /translated/.

The Principal Collector remarks in his report with reference to the appropriation of the proceeds of the Village that the incumbent says the greater part is appropriated for festivals, feeding Fakeers and Keeping lights &c. &c. The Board request that steps may be taken by Mr. Blackburne to satisfy himself of the correctness of these general assertions

on

on the part of the Enamdar and to ascertain if the purport of the original Grant has been and continues to be duly conducted.

The Principal Collector will also be pleased to state the particulars of the Entry of this Village in the original settlement Accounts and at the same time furnish any further information regarding it, which further enquiry may elucidate.

From the Asst. Collr. of Madura ---------- Sir,

Reporting refusal of the Sudr Udalut to take charge of the Company's paper in favor of Pannad Estate, and approval of similar refusal by the Civil Judge of Madura.

Copy Proceedings Sudr Ud. Dwt 13 February 1847 accompanies.

1. Whereupon in obedience to the requisition of the Board of the 29th October last, I requested the Civil Court to take charge of the Pannad paper to value of Rupees 674983 — and received their refusal. Lost no time in making similar application to the Sudr Udalut on the 11th November, and obtaining no notice I ventured to renew it on the 21st Ultimo, and was last night honored with communication of approval of the course pursued by the lower Court, and of their own refusal to accept the charge themselves, because they (the Sudr Court) had no cognizance whatever of the existence of any such property, and it now remains for me to obey the orders of Government expressly approved by the Sudr Udalut, to withhold the bonds and interests accruing thereon from either party till a final adjudication of the Suit now pending, for the Pannadary of Pannad and its dependencies, and investment of interest from time to time.

Rs. 10700 invested this 17th February 1847.

2. And as it would seem from this that no part of the interest and dues Mauey should

should have been made over to the proprietary of the Estate, since the institution of the present suit. It is incumbent on me to point out that Rupees 27,518 11 6 of it former part of the sum of Rupees 49734 9 6 paid by order of the proprietary to Mr. Fischer of Salem, on the 21st September

Extract from the Proceedings of the Sudr Adalut under date the 15th February 1847.

Read letter dated the 11th November 1846 from the late Acting Civil Judge of Madura submitting for the orders of the Court of Sudr Adalut on the reference stated in Proceedings under date the 20th April 1846 Copy of a letter from the Principal Collector of Madura dated 9th November 1846 requesting permission to deposit with the Civil Court the funded accumulations of the Ramnad Zemindary in Ramiseram of the Supreme Government to the amount of Rupees 674,983

Read also letter dated 11th November 1846 from the Principal Collector of Madura requesting permission with reference to the Extract from the Minutes of Consultation in the Revenue Department under date the 21st October 1846 No 1055 to deposit with the Court of Sudr Adalut "Company's bonds to the amount of Rupees "674,983 — the property of the Ramnad "Zemindar in the name of the Collector "of Madura, for the time being until adjudication of the Suit now pending for the Estate."

Read also letter dated the 21st January 1847 from the Principal Collector of Madura repeating the request contained in his letter of the 11th November 1846.

The Court of Sudr Adalut observes that the order of the Civil Judge of Madura dated the 10th November 1846 makes no allusions whatever to personal property or money in deposit with the Principal Collector; it is entirely confined to the question of the propriety of keeping the "disputed Zemindary of Ramnad under attachment" and as the Proceedings of this Court of the 20th April 1846 were founded solely on the order of the Civil Judge, it is manifest that

that they could not have intended to require the delivery to Talookdary Purna-tha Turdhauree Manahgar of the funds in question, of the existence of which the Judges who passed that order seemed also to have been in ignorance.—

2.— The Court of Sudr Adalut are of opinion that the Civil Judge is not called upon, in the present circumstances of the Case, to interfere at all in respect of the personal property of the Estate, and that he should therefore decline to receive charge of the Promis-sory Notes as proposed by the Princi-pal Collector.—

3. The Court of Sudr Adalut deem it also proper to decline according to the request of the Principal Collector conveyed in his letter of the 11th November 1846, that this Court will receive the said notes and hold them in deposit.—

4.— The Court are of opinion that the most expedient Course is that suggested in the concluding part of the letter of the Secretary to the Board of Revenue to the Chief Secretary to Government under date the 27th August 1846, namely that the Principal Collector "shall retain the said notes

"under his own charge drawing the interest and "reinvesting it from time to time for the bene-"fit of the Estate until the question in regard "to the succession to the Ramnad Zemindary "be finally determined."—

Ordered that Extract from these Proceedings be forwarded to the Offi-ciating Civil Judge of Madura for his in-formation and guidance.—

Ordered also that Extract from these Proceedings be forwarded to the Principal Collector of Madura for his in-formation.

Proceedings thereon.

Receiving observations on a letter from the Principal Collector of Madura reporting the refusal on the part of the Court of Sudr Adalut to take charge of the Promissory Notes of the Supreme Govt held in their possession on account of the Ramnad Estate.—

In their Proceedings dated 5th October 1846 which were submitted to Government on the 7th idem, the Board recorded at length their observations on a letter from the Principal Collector of Madura report-ing the payment by order of the Rance of Ramnad of Rupees 49,734-9-6 the property of that Estate to Mr Fischer of Salem, and in the 8th para of the same, they resolved to call upon the Principal Collector to furnish information as to whether the Zemindary had or had not been made over to the Rance

Fort St George 22nd February 1847

Rance as to the sources whence the sum paid to Mr Fischer had been derived as to the circumstances and authority under which he had justly or unjustly taken part in the payment of the sum in question to that individual. Mr Blackburne's reply in which he stated that the Money which had been paid to Mr Fischer had been left in his hands as surplus from various sources at the period of restoration of the Estate, was submitted to Government with the Board's Proceedings dated 9th November 1846 and the Extract Minutes of Consultation of the 18th February 1847 passing orders thereon were received on the 18th Instant.

28 Oct. Min. Cons. 9th Nov. 1846

In Cons. 18th Feb. 1847

2.— The Board had occasion on the 27th August 1845 to address Government upon the subject of the Pecuniary Balances held in possession of the Principal Collector on account of the Pannah Estate and in the concluding paragraph of their letter they suggested that the Principal Collector should move the Civil Court for permission to lodge them in its Charge in the event of the Court refusing to receive them that application should be made to the Sudr Adalut, and if that Court should decline

Fort St George 22nd February 1847

the Board recommended that the Principal Collector should be instructed to retain the securities under his own charge drawing the interest and reinvesting it from time to time for the benefit of the Estate. The Government under date 24th October 1846 approved of the Boards suggestions and Copy of their letter and of Extract Minutes of Consultation were accordingly furnished for the guidance of the Principal Collector with instructions to report the result of his application Mr Blackburne in a letter dated 11th November 1846 expressed, in reference to the above Minutes of Consultation, depriving the Rance of any power over her invested property his apprehension that the first instalment on account of the Estate for the Fusly which would fall due in the 15th December would not be paid without obtaining money from Merchants at usurious interest and at the same time he intimated that the Civil Court had declined becoming the depositary of the Bonds in question. The Board in their proceedings dated 26th November 1846 remarked that they considered it would be premature at present to pass any order on the subject of the instalment about to become due, but that in the event of any hesitation

being punctually discharged, the Principal Collector should report the default and the amount of balance, when instructions would be sent for his guidance. They also request to be informed of the decision of the Court of Sudr Adalut in respect to the custody of the Bonds.

3. The Board have now received the letter referred to at the head of these Proceedings, in which the Principal Collector reports that the Court of Sudr Adalut refuse to accept the charge of the Bonds, because they, the Court, have no cognizance whatever of the existence of any such property, and he also states that it now remains for him to obey the orders of Government, to hold possession of the Bonds and the interest accruing thereon, and to invest the interest from time to time.

In para 2 of the same letter Mr Blackburne adds "as it would seem "that no part of the interest on this money "should have been made over to the Proprie "tors of the Estate since the institution "of the present suit, it is incumbent on "me to point out that Rupees 29.518-11-6 "of it formed part of the sum of Rupees 49.734-9-6 paid by order of the Board relating to Mr Fisher

Fort St George 22nd February 1847.

of Salem on the 24th September last. It would appear therefore that the Principal Collector although requested by the Board under date 17th August 1846 to retain possession of the Bonds pending a reference to Government, has subsequently appropriated the sum of 29.518-11-6 which formed part of the interest accruing on these Bonds to the payment made to Mr Fischer.

5. The Board resolve to call upon Mr Blackburne to furnish without delay a statement specifying every item of receipt and disbursement up to the present date on account of the Rammad Estate from the date of the account last rendered, and particularly to inform the Board from what sources the sum of Rupees 20.216-14-1 forming the remainder of the amount of Rupees 49.734-9-6 paid to Mr Fischer was derived.

6. The Board observe that the last annual account of the Estate furnished by Mr Blackburne bears date 11th July 1845, but was dispatched on the 30th March 1846. They resolve therefore to request Mr Blackburne to furnish as soon as practicable the statement for the following July 1255 ending 11th July 1846

The other property (besides Colattoor) which fell to the share of Balaram by the Will, consists of various tracts of Nunjah and Poonjah Iyen lands and portions of Villages situated in different Talooks and paying the Government dues in the regular Course; as also of houses, and some little moveable property. There are I understand a considerable amount of debts due by the late Ramsing not distinctly provided for by the Will, besides 3500 Rupees made payable by Balaram vide Paras 34 and 35 of the Extracts under these circumstances, I strongly recommend that if practicable, the superintendence of the Court of Wards should be confined to the Colattoor

Submitting Copy of the entire Will of Ramsing with a translation together with observations thereon.-

With reference to the letter of the Sub Collector in Charge dated the 14th Ultimo I think it necessary to submit the accompanying Copy of the entire Will of Ramsing with a translation in order to place the Court in possession of all the difficulties of the case which appear to me very considerable.-

2 The debts due by Ramsing's Estate are understood to be very large- This extent I believe is not yet fully known to his representatives but I am informed that 6 suits have already been preferred to the Court.-

3 Having premised this I beg to refer the Board to Paras 26 & 29 of the Will

and

and to state that the Mother of the Minor contends that Clause 29 shews all debts not specially allotted on Coop Chund - The words of the Clause does not seem plain therefore when some of the Members of the Family re=quested my advice I suggested the propriety of its being referred to Arbitrators to compare the probable receipts of Coop Chund with the probable Amount of Debts with the view of deciding on the fairness of his discharging all debts not allotted. This Cam informed has been done and an opinion expressed by the Arbitrators that Ramsing must have in=tended Coop Chund to bear exclusively only such debts as were specifically allotted to him and that the remainder should be shared by the legatees conjointly - To this Pharoah Chund and Vastoodavoo agree but the Mother of Balaram makes strong opposition -

4 The Minor cannot be removed altogether from his Mothers' influence and the Enemies of Ramsing who were numerous are likely to promote any dissension that will afflict his Family. Under these circum=stances it is to be apprehended that any Compromises entered into by the manager or Collector on behalf of the Minor, will be hereafter disputed, if they can be so legally

5 It seems to me very doubtful whether the Court of Wards if they interfere at all can confine their interference to the Collattoor Mittah alone, leaving the Miscellaneous property of the Minor and the settlement of debts to the care of others. -

6 If therefore, the Court of Wards can legally abstain from interference I would strongly advise their doing so - The investigation of the complicated affairs of a man of so much property and so many schemes as Ramsing who besides his agricultural business was embarked in commerce would be most burdensome to the Collector and pre=vent his paying proper attention to his more important duties. The interests of the Minor it is true ought to be considered and as his Mother is a woman of bad habits who is so likely to make away with his property he will not be safe under her care but I beg to submit to the Court whether as Mr. Cocq has declined to accept the Office of Guardian of Balaram it is not compe=tent to the Zillah Court to appoint a Guardian for him on the Collectors' application and whether such Guardian will not be competent to manage his Property and discharge

Vide Sections XX XXI & XXII of Regn. V of 1804 & Regn. X of 1831.

FORT St. George 22nd February 1847

discharge his share of debts without the interference and responsibility of the Collector.-

7 In regard to the power of the Court of Wards to abstain from interference in this case I beg to remark.-

1st That the Preamble of Regulation X of 1831 seems to imply such an option.-

2ndly That it may be doubted whether the Will is valid.-

3rdly Whether as the Poliput is derived to Balaram by Will it comes within the purview of Regulation V of 1804 which has reference to Property devolving by Inheritance.-

4thly Regulation V of 1804 seems to contemplate that the Property of the deceased would consist principally of land held on Zemindary tenure whereas in the present case the Mittah of Colattoor forms but a small part of a very extensive Estate including every description of Property.-

8 I beg in conclusion to submit Copy of a letter from Mr. L. R. Cocq declining to accept the Trust bequeathed by Ramsing's Will and also a list of the supposed property and Debts.-

To the Ag. Collector of Tinnevelly Communicating instructions regarding the property left by Ramsing Mootahdar of Collatoor to his Grandson Balaram a Minor.—

In Cons. 22nd Feby. 1847

Fort St. George 22nd February 1847.—

Ordered that the following letter be sent in reply.—

To

The Acting Collector of Tinnevelly

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 3rd February 1847. in reference to the Sub Collectors letter of the 14th January 1847 forwarding Copy and Translation of the Will of Ramsing and pointing out certain difficulties as regards property left to his grandson Balaram a Minor.

In reply I am instructed to inform you that it appears to be advisable that you should under Section XX Regulation V of 1802 report the case to the Zillah Court with a view to the Nomination forthwith of a proper person to be the guardian of the Minor. The Board do not consider it necessary or desirable that you should retain Charge of any of the property in question unless such a Measure be absolutely required for the due Security of the public revenue. They request therefore that you will, upon the Nomination of a Guardian, make over the Collatoor Mootah as well as any other property you may have in your charge appertaining to the Estate to the party duly invested with that Office.—

From the Acting Collr. of Tinnevelly ——

Sir,

Para 1. With reference to the Cowle granted to Ramsing and Chendoolal and transmitted in the Board's letter of the 18th May 1837, I have the honor to request that the Board will inform me whether the same has expired by the death of Ramsing or should be continued to his representatives during the remainder of the term specified therein.—

2. I do not myself perceive that the terms of the Cowle will justify its immediate discontinuance, but being aware that different opinion is entertained by others, I have thought it necessary to put the question.—

3. I beg to add that Chendoolal's share was resigned by him to Ramsing by Razeenamah in the Zillah Court about 2 years ago.—

From the Actg Collr of Tinnevelly—

Sir,

Para 1. I have the honor to submit the circumstances of this District to the Board with my recommendation that some relaxation of the Ordinary Rules of Assessment may be allowed with the view of mitigating the distress which may be anticipated from a considerable failure in the N. E. Monsoon.—

Reporting on the adverse state of the season and the consequent apprehension of distress and requesting a slight remission of tax in certain Cases.—

2 Statement No. 1 enclosed herein exhibits the total extent of cultivation in Nunjah and Poonjah up to the end of December, Compared with Fusly 1255. There is a decrease in Nunjah in round Numbers of 10,600 Cottahs or about 14 per Cent on the total cultivation of last year. In Poonjah the decrease amounts to about 4931 Chains.—

3 The Decrease in Cultivation is not in itself sufficient to excite apprehensions of great scarcity though the produce of 10,600 Nunjah Cottahs forms a considerable proportion of the supply of the District. To the deficiency arising from this cause however must be added a much larger amount of Decrease from the failure of Crops. Throughout the District the N. E. Monsoon was very deficient. In the Ambasamoodrum, Sharenmahdavy, Nelliambaluvi, Vedoogramum,

Fort St. George 22nd February 184

Vedoogramiem, Streevygoontum and Panjahm
Talooks, the Tambraporney River which
=ing from the Ghauts derives its supply fro
Rains of the S. W. Mondoon will enable the Ry
to reap upon an average about 3/4ths of the averag
Crops, the proportion being higher or lower as
lands lie near or distant from the Ghauts
the Tullyoor and Nanguncherry Talooks the C
will be less productive. In Tencoundey in the
=mediate vicinity of the Ghauts but not on
Tambraporney River the outturn may be
equal to that of Talooks on the River, as it
favored with more frequent showers than
Talooks lying further East. It is in the 4
Northern Talooks of Ottapedarum, Sattoo
Streevelly pootoor, and Sunkerninarcoil especi
in the two latter that the drought has been most ex
=tensively felt. In Sattoor and Ottapedarum, the
deficiency will be very considerable, and in Stree
=velly pootoor and Sunkernnarcoil a large pro
=portion of the Crops are entirely dried up. I
enclose a translation of an Urzee of the Taho
=dar of Streevelly pootoor to show the state of
that Talook more fully.-

4th Owing to there being a still severer
drought in the Coimbatoor and Madura Dis
=tricts, Tinnevelly cannot expect much extraneous
aid

Fort St. George 22nd February 1847.

aid. The surplus of Tanjore and Trichinopoly
will be in a great measure absorbed by the a
abovementioned 2 Districts which are con=
=tiguous to them and although the Crops of
Travancore have been good, they will not
probably more than suffice for the consump=
=tion of that Territory.-

5 I beg therefore to recommend to the
Board that the Ryots may be encouraged to
attempt to raise such Crops as it is practicable
to cultivate at this late period by a remission
of 3/4 Teerwah in Nunjah land and 1/2 Teerwah
for Poonjah as regards land cultivated sub=
=sequently to the receipt of the Board's sanction.
With this inducement, it is probable that
the Ryots will exert themselves to dig Wells
in the Wet lands and raise Javerie and o
similar Crops which come speedily to maturity,
and the same in dry lands furnished with
Wells which now pay a full second assess=
=ment for a second Crop and which therefore
the owners will not venture to cultivate
under the ordinary rules in such a year
as the present.-

6. I would recommend also that
in the 4 Northern Talooks Ottapedarum,
Sattoor

Fort St. George 22nd. February 184

Sattoor, Sunkerninar Coil and Streenelly for the Ryots may be allowed to raise Vegetable tax free in the beds of Tanks for this yea only.-

7- I would also suggest that the Export of Grain to Tinnevelly from the Company's Territory and Import from Tra =vance may be free till further orders.-

8- I trust that the Board will approve of my being lenient in the Collec of Moturpha this year from Weavers, Coo and other persons who live by the labo of their hands and will find difficulty obtaining employment.-

9- I will immediately take into co =sideration what public Works can be und =taken with advantage in addition to thos already recommended for sanction and com the Board a separate letter in the Depart =ment of Public Works on this subject. The road from the Madura District to the Pooliaree Pass for which Estimates are requ and which traverses the Sunkerninacoil and Streenelly poolear Talooks where distress will be chiefly felt occurs to me, but I wish to give the subject a little consideration

10. The prices of the District were

Fort St. George 22nd. February 1847.

were not much higher than in Fusly 1255 up to the end of December, but they are now rising considerably, particularly in the Northern Talooks, and may be expected to rise still more. The poorer Classes also have little employment there. If the distress of the District be not considered very great, the relief which I have proposed will also entail but very trifling loss to Government, but at the same time may prove an important boon to the People.-

No. 2.

Translation of an Urzee addressed to the Sub Collector of Tinnevelly by Dewan Row Acting Tahsildar of Streevelly pootoor under date the 13th January 1847.-

The Extent of Nunjah Cultivation during last Fusly in the Villages attached to this Taluk amounted to 10,477 Cottahs, whereas during the Current Fusly owing to the failure of rain, only 5,490 Cottahs have been brought under the Plough, as observed, from the Cultivation account up to the last January of December last. From this it is anticipated that the Cultivation on 500 Cottahs alone, would come to maturity or become Manepedy and the rest would suffer entire drought.-

The extent of Poonjah Cultivation during last Fusly including that under Wells and Pirpyre or late Crop amounted to 23,417 Chains but during the Current Fusly 21,877 Chains have been brought under cultivation up to the end of December last exhibiting a decrease of 1540 Chains below last Fusly. This deficiency will be made up by the Cholum Cultivation expected to be

Fort St. George 22nd February 1847

be raised under Well irrigation in the Month of March, so that in the accounts alone there would appear to be no decrease under the head of Poonjah Cultivation, but in some places the Crops have yielded from ½ to ⅛ of the full produce, and the Cultivation in many fields have been scorched, so that on an average, the lands would yield only one fourth of the full produce.-

Those Ryots who subsist upon Poonjah Cultivation alone, are not subjected to any particular charge on account of raising that Cultivation- but as those who have both Nunjah and Poonjah Cultivation have to spend much on account of the wet Cultivation and a little for the dry, and as the Nunjah Crops of such Ryots are quite perished, those Ryots have suffered the most who have both Nunjah and Poonjah Cultivation.-

Hitherto, in years when the seasonable falls of rain have been but limited, there have fallen one or two large showers and the Tanks thereby received their supply of water and the wet Cultivation have been benefited altho' the Poonjah Crops perished in consequence of the failure of

Constant

constant falls of rain peculiar to that species of Cultivation.-

In years when the heavy showers on the Hills and in the Country entirely failed there have at least fallen very small showers and the Poonjah Cultivation yielded full produce altho' the wet Cultivation perished. Whereas in the Current year neither had been the case, and the result has ended in a failure both of the wet and Dry Crops.-

Heretofore as Nunjah Mail Poonjah Crops were allowed to be raised on Lands entered in the Nunjah Ayacut the Ryots when they felt a failure of rain supported themselves by raising that species of Cultivation by the Assistance of old wells which the cleared, and of new ones sunk by them but of late the usual indulgence granted for Nunjah Mail Poonjah Cultivation having been discontinued and the Crop traced in common with Nunjah, the Ryots in consequence of the famine that occurred this year are very much alarmed, and besides this Cholera is also prevailing.-

Even if the Ryots were to think of supporting themselves by the Cultivation

raised under the irrigation of old wells, I beg to state that the Poonjah fields lying on elevated grounds, and owing to the entire failure of rain, the wells which were usually found full of water in this Month of the year, have this year water hardly to the depth of even a yard.-

Human beings can support themselves by any means i.e. either by taking Loan from others, by receiving Charity or by going to other Districts to seek for or their maintenance- but it is out of my power to communicate in writing the trouble the Cattle are subjected to in Consequence of there being no grass on the Hills or in the Country, owing to the failure of Nunjah and Poonjah Crops, to there being no water in the Tanks sufficient to drink, and to its being impossible to draw water from Wells for the Cattle- all of which have resulted from the entire failure of rain.-

As Nunjah fields are situated on low grounds, wells Could be easily sunk, those employed in sinking the well will support themselves Besides this one man cannot bring to use the water from a well.

Fort St. George 22nd February 1847.

well, One man should draw the water, 3 persons should work on the Yethum or Swings, and another should see the Crops well watered. Thus 5 persons should be employed for making use of the well water. The Stocks of the Crops raised would serve for feeding the Cattle. The owners of the lands would also support themselves and the loss suffered by Government both on account of the failure of Crops and of Cultivation would be in a great measure recompensed.-

Under these circumstances I beg to state that orders should be issued permitting the Ryots to sink wells in Punjah fields to raise Punjah Mail Poonjah Cultivation by the assistance of the little supply of water that may remain in the Tanks, insufficient to carry on Punjah Cultivation, and to such Cultivation the Assessment should be fixed either according to the Crop raised, or at 1/3rd of the average Teerwah or at 1/2 of the Punjah Teerwah. If this indulgence granted I think the Ryots would reap some advantage. Besides this, the Punjah Mail Poonjah Cultivation requires water only for 3 or 4 times. It would benefit the Circar and in the meantime support the Ryots.-

I do not know what would be the fate of the Ryots.-

Memo

Proceedings thereon.

Authorizing some relaxation of the ordinary rules of assessment in the District of Tinnevelly during the present adverse seasons and submitting for the favorable Consideration of Gov[t] the Collector's proposition to allow free export of grain to Tinnevelly from the Company's territory and free import from Travancore.

For[t] St[e] George 22[nd] February 1847

In the foregoing letter the Acting Collector states there is a decrease in the Cultivation of Punjah land to the extent in round numbers of 19,600 Cottahs or about 14 Per Cent on the total Cultivation of last year, and that the decrease in Poonjah amounts to about 4931 Chains. He further represents that although this decrease in Cultivation is not in itself sufficient to excite apprehension of great scarcity, yet to this deficiency must be added a much larger amount of decrease arising from the failure of Crops.

2. The Board observe by Para 3 of the Acting Collectors' letter that in the Ambasamoodrum, Sherenmadavy, Nellambalum, Vedoogramum, Streevygoontum and Punjaimahl Talooks, the Tambraporney River will enable the ryots to reap upon an average about 3/4 of the average Crops, the proportion being higher or lower as the lands lie near to or distant from the Ghauts. In the Tullyoor and Nanguncherry Talooks the crops will be less productive and in Tencausey in the immediate vicinity of the Ghauts, but not on the Tambraporny River, the outturn may be about equal to that of the Talooks on the river. In the 4 Northern Talooks Ootapedarum, Ettayapooram, Kaylacoil, Sattoor, Streevelly pootoor and Sunkarnainarcoil, especially the two latter, the drought has been most extensively felt, and very little extraneous aid can be expected in consequence of the still severer drought in the Coimbatore and Madura districts, which will in a great measure absorb the surplus of Tanjore and Trichinopoly.

3. Mr. Parker recommends with a view to meet the present exigency that inducement be held out to the ryots to attempt to raise such crops as it is practicable to cultivate at this late period, by a remission of 3/4 Teerwah in Punjah land and 1/2 Teerwah in Poonjah as regards land cultivated after receipt of the Board's sanction. He further suggests that in the 4 Northern Talooks the ryots may be allowed to raise vegetables free of tax in the beds of tanks for this year only, and that the export of grain to Tinnevelly from the Company's territory and import from Travancore may be free till further orders.

4. The measure proposed by Mr. Parker of encouraging the Cultivation of wet lands at this late period by a remission of 3/4 Teerwah as regards land Cultivated after receipt of the Board's sanction, appears the unobjectionable but it should be distinctly intimated

intimated that the indulgence is granted only in reference to the unfavorable state of the present season, and will not constitute a precedent for ordinary years.- Remission will not necessarily be granted for the preceding Crop which has failed - but it will be given upon Consideration of the state of all the fields Cultivated by each Ryot and Regulated by the general principle laid down in the Correspondence Communicated in the Board's Circular dated 13th June 1831.-

5. The Board are prepared to sanction remission on Poonjah land, should such a measure be urgently called for, in which case Mr. Parker's attention is called to the instructions contained in a letter addressed to the Principal Collector of Cuddapah dated 13th December 1831, Copy of which is furnished for his guidance. The Board also authorize the Acting Collector to allow the Ryots of the 4 Northern Talooks named in para 3 of these proceedings to raise vegetable tasee free in the beds of Tanks for the year only.-

6 The Board Consider the proposition to allow free export of grain to Tinnevelly from the Company's territory and free import from Travancore a judicious measure, and they accordingly resolve to submit it for the favorable Consideration of Government and the order passed thereon will be hereafter Communicated to the Acting Collector.-

7 The Board deem it unnecessary at present to pass any orders upon the subject of the Collection of Moturpha but will await Mr. Parker's future report upon the subject.-

Resolved that a Copy of the foregoing proceedings be furnished for the information and guidance of the Acting Collector of Tinnevelly, and that Copy of the same be submitted for the orders of Government in reference to the recommendation Contained in para 6.-

To J. Pycroft Esquire
Secretary to the
Board of Revenue.-
Fort St. George.-

Sir,

I have the honor to acknowledge the receipt of the Board's Circular dated the 15th June 1846 with its Enclosures on the subject of the transfer to the Managers or Trustees of the several Religious Institutions in this district of the Landed Devastanum Endowments at present under the Management of the Officers of Government, and upon other points connected with those Institutions.-

2. Pursuant to the instructions therein contained, I beg leave to forward herewith a Statement, in the prescribed form, prepared with reference to the accounts of Fusly 1254 (1844/45) exhibiting the extent and Revenue of the landed Endowments of each of the Devastanums in this district of which an abstract is inserted in the margin the lands alienated for the payment of Sibbendy are not included in

From the Pr. Coll. of Coimbatore

Affords explanation Called for in the Board's Circular Letter of the 15th June 1846 on the Subject of the Transfer to the Managers or Trustees of the several Religious Institutions in this District of the landed Devastanum Endowments at present under the Management of the Officers of Government.

in this Statement, as they are already in the occupancy of the Grantees, the revenue deriv= =able from them amounting to Rupees 25876-1-9.

3. With reference to para 2, I would observe that there are no Devastanum Estates in Coimbatore, on a grand scale, of the nature alluded to by the Board, and in consequence there seems little or no diffi= =culty for the immediate transference of the lands to the exclusive control of the Mana= =gers. Neither does any peculiar arrangement seem to be called for to meet the change: all that is required, in my opinion, is that the Ma= =nagers should be bound to observe the existing Rules and Regulations as regards the Cultivation and Collection of the revenue. The Regulations at present in force suffici= =ently provide for the protection of the Ryots in the occupancy of their landed rights and for the set= =tlement of any dispute relat= =ing to those rights, the Esta= =blished Courts of Adalut are, of course open. Under these circum= =stances, no new or further legisla= =tive Enactment would seem abso= =lutely required to meet the occa= =sion - at all events so far as this district is concerned.

4. Adverting

4. Adverting to para 4 of the despatch from the Government of India and to the orders of the Board thereon to state my opinion whether any revision, reduction, or settlement in perpetuity, of the Assessment of the Pagoda lands be necessary prior to the transfer" I have no hesitation in observing that nothing of the kind is expedient. The Survey Assessment of these lands in the Southern Division was formed in 1802/3. this was com= =plained of as being exceedingly heavy, and reductions were made in 1216 / 1806/7 on Punjah lands both in the Government as well as the Devastanum Estates. The same course was pursued in respect to wet lands also in such cases as were found necessary. The taxation of Gardens has never been interfered with. neither is it necessary to question it now, and conse= =quently any attempt to revise, or modify the Assessment of the Devastanum lands on this occasion would only be productive of confusion and probably withdraw the Ryots of the Government Villages to their Enam lands.

lands, or induce them to claim similar reductions for which there is not the slightest cause under present circum=stances.-

5.- The only doubt that can be entertained is whether in seasons of adversity the Ryots would receive from the Managers that aid which is now afforded them by Government this however is of minor importance and cannot be considered a material objection- for the Cultivators in Enam Estates are as well off as those in the Government Villages; and I hardly recollect having received any complaints during the last 5 years on this particular point.-

6.- The Board direct me to state "what measures should be taken for maintaining the sources of irrigation for Pagoda lands in repair and for recovering from the Holders their quota of the Expense which may be incurred for the maintenance and repair of such works." To this I am unable to reply satisfactorily; but I fancy that prescriptive custom would be the best and safest guard I am informed that when lands were originally

allotted-

allotted for the Davestanams, strict refer=ence was made to the previous annual ordinary and extraordinary expenses and nothing more than what was indispensably required granted. It has hitherto been usual in the district to repair the sources of irriga=tion at the expense of Government and in the advantages arising thereby the Hol=ders of Enam lands have of course partici=pated, without being called upon to pay their quota- this may form the grounds of objection on the part of the Managers to contribute to the Funds required for repairs but I cannot discover any diffi=culty in the adjustment of this point if insisted upon. However I am of opinion that it will be inexpedient to break through the practice for the apportionment and recovery of this amount which will be a mere trifle from the different individuals forming the Davestanum Sibbendy and from the Trustees, will be attended with inconvenience and confusion.-

7.- Referring to paras 4 and 5, I have only to repeat that there are no religious Insti=tutions in the district the lands of which, it will be impracticable

to make over to the Trustees.-

8. As connected with para 6 I have also to add that the Surplus Funds of the Pagodas amount to Rupees 58,850-7-11- of which Rupees 18,876-4-4 will be expended for the construction of the X Bridge over the Bhawaney River under the sanction of the Government of India dated 20th September 1845, leaving a balance of 39,974-7-11- which I am of opinion may with advantage be appropriated to the repair of roads and to the formation of Topes, Wells and Tanks for the convenience of Travellers, but this will form the subject of a separate report to the Board in the Department of Public Works.-

9- It would appear from the abstract annexed to para 2 of this communication that the assessment of the lands proposed to be made over to the Managers or Trustees amounts to Rupees 36480-14-4 or Rupees 327-13-5 plus the amount entered in the Statement submitted to the Board on the 16th Ult. February 1842- this has been occasioned from the variation of the demand, consequent

consequent on the improvement of the soil such as the conversion of common Dry lands into Garden and Nunjah &c.

10 In conclusion I have only to observe that I am prepared to carry out the instructions of the Supreme Government so soon as I am favored with the final orders of the Board on this subject.

11. I would further venture to suggest for the consideration of the Board, and eventually for Government whether the balance above alluded to could not with the greatest prospective benefit be expended for the formation of an English School in the Town of Coimbatore. I have good grounds for believing that this mode of appropriating the Money would be by far the most acceptable measure to the Community, and when it is recollected that there is not a single Institution of the Kind fostered by the Government Funds, I do not think that such an opportunity of supplying the want should be lost the sum might be invested in the 5 per Cent loan, and the interest accruing thereon applied to the purpose. the Natives are peculiarly studious of acquiring a Knowledge of English, and for which they are prepared to make great personal sacrifices. Should this suggestion be viewed with favor I shall be prepared to enter into further explanation on the subject.

Sir,

I am directed to acknowledge the receipt of your letter No. 537 dated the 30th November last with its enclosures, and to transmit for the information of the Most Noble the Governor in Council at Fort St. George the accompanying Copy of a letter from the Superintendent of the Indian Navy No. 30 dated the 13th Instant relative to the charges for felling and conveying Timber from the forests to the

No. 30 of 1847.

To The Honorable L. R. Reid Esqr.
President and Governor in Council

Honorable Sir,

In reply to Secretary Lieutenant Colonel Melvill's letter No. 1791 of the 19th ultimo with its enclosures requiring my opinion and report upon the Charges for felling and conveying Timber from the Forests to the Coast at Gungawally and Sadasheguer. I beg to state that the working and production of the Forests being new and in a great measure experimental, the cost of transit may be thought rather high, that may probably be reduced in future contracts when the roads are more familiar that will no doubt be attended to under the vigilant eye of the Collector.

The quality and value of the various logs will be better appreciated when brought to the Test in the Dock yard. one desirable object is to ascertain the value and fitness of woods not hitherto used

to

Fort St George 25th February 1847

to keep down the demand for Teak to ascertain if small spars could not be obtained in a measure to substitute for Fir Spars from Europe.-

Soon Spars are required of the very best quality and dimensions only and a wood named Matica hitherto but little used is found very good for many purposes and desirable to obtain in larger quantities

Read the following Extract

Extract from a General Letter from the Honorable the Court of Directors dated 22d September 1846. No 13.

Extract from the Minutes of Consultation under date the 8th Jany 1847 No 35.

2 to 4 Settlement of the Land Revenue of Nellore for Fusly 1252.-

Para 3. The net demand on account of Land Revenue (including Peishcush, Shotrem &c) Net Settlement amounted to Rupees 1824002. being less than that of the preceding year by Rupees 234154. and on this reduced amount a balance of Rupees 67162 remained outstanding and was reported to be irrecoverable. The cause of the decrease is stated to have been the nature of the Season which was "unusually adverse to the "cultivation of the wet "Crops, and much contracting the extent of "all species of culture."

Fusly 1251 - 2058156.
" 1252 - 1824002.

Para 3. A copy of these Paras will be furnished to the Bd of Revr with instructions to communicate the amendments of the Honorable Court conveyed in paras 6 & 8 to the Officers concerned.-

4 The several points connected with the

the Settlement which are brought forward in the Principal Collector's report appear to have received sufficient notice in the proceedings of your Government, and of the Board of Revenue.

5 & 6. Management of the Extra Revenues of Nellore for Fasly 1253.

5. Notwithstanding the loss of Rupees 19,174, occasioned by the abolition of the Sayer duties in the last three months of the year, the Revenues exhibit an increase particularly under the head of Salt, in which, partly from the increased price, under act VI of 1844, and partly from a reduction in the charges, the net receipts exceeded those of the preceding year by Rupees 99,076. The subsequent reduction of the price of Salt to an amount but little exceeding

exceeding that which it previously bore, renders it unnecessary for us to notice Mr Bishop's remarks on the effects of the enhancement of prices.

7 to 10 - Settlement of Land Revenue of Tinnevelly for Fasly 1251 and 1252.

6. In both the years under notice, the season was unusually favorable, and a considerable increase occurred in the extent of land brought under cultivation. The same cause however led to a decrease in price which more than counterveiled the advantage which would otherwise have accrued to the Revenue. The Collections were realized with unusual punctuality, and we concur with the Board of Rev-

in considering the administration of the District to be creditable to the successive Collectors Sir H. C. Montgomery and Mr E. B. Thomas.-

11 & 12. Management of the Extra Revenue of Tinnevelly for Fusly 1253.

7. The principal fluctuations in these items of Revenue occurred under the heads Net Revenue of Salt, Sayer and Sea Customs. Although the Collections on account of Salt exceeding those of the preceding year by Rupees 19,055 yet from the increase of charge on account of the larger quantity Manufactured during the season, the net Revenue exhibited a deficiency of Rupees 15,055. Sayer Revenue fell short of that of Fusly 1252 by Rupees 40,407 in consequence of the abolition of those duties under Act VI of 1844, while from the increase of Export duties imposed by the same Act the receipts from Sea Customs were increased to the extent of Rupees 30,089.-

13 to 20. Settlement of the land Revenue of Salem for Fusly 1251 and 1252.-

8. The season of Fusly 1251, is stated to have been generally favorable, and that of the following year to have been less so, a circumstance which sufficiently accounts for the variation in the Settlement.- The Revenue was realized with considerable punctuality, and the general administration of the district appears to

to have been creditably conducted by the succeſsive Collectors Meſſrs Gleig and Lockhart.

9. We are glad to observe that the investigations of the Board of Revenue have satisfied themselves, and your Government that the assessment of this District is generally moderate and that no reductions are at present required. There appears reason to believe that the practice of granting Cowles at reduced rates has been carried to an undue extent, and that it has interfered with the calculation of the Superior lands at the Survey rates, but we observe that the Board

Board are alive to the neceſsity of devising suitable means for keeping the practice within proper bounds.-

Read the following Extract from the Minutes of Consultation in the Financial Department dated 14th January 1847.

Read the following letter from the Secretary to the Government of India.

Extract from a letter from the Secretary to the Government of India dated 30th October 1846.

5. The special attention of the Most Noble the Governor in Council is requested to the observations contained in Paras 111 to 114 and Para 329 of the Honorable Court's Despatch, in which the Court desire that no important measure tending either to diminish the public resources or to augment the public expenditure shall be carried out without their previous concurrence, except under circumstances of clear and urgent necessity, and that the Governments in India shall co-operate in strenuous efforts to effect every practicable improvement of the resources and the reduction of every expence that can be effected without detriment to the public Service.

18. Concurring in the views of the Honorable Court, that it is most incumbent on the Government of India to spare no exertion to bring the public expences down to the level with the public income, the Honorable

Honorable the President in Council would urge upon the Most Noble the Governor in Council, the absolute necessity which exists for the adoption of the utmost economy in all branches of the administration. It may be, that no effectual relief can be afforded, but by a large diminution of Military expenditure, and the exercise of rigid economy in those branches of Civil expenditure on which the well-being of the people and the general improvement of the Country mainly depend cannot always be contemplated without pain and regret, yet still it will be a duty to control expenditure of every kind, till the time shall arrive when a more favorable posture of the Indian finances will enable the Government to indulge more liberally in those great measures of public utility, which are so much required for the moral and physical advancement of India.-

Extracts from a letter from the Honble the Court of Directors addressed to the Government of India in the Financial Department under date the 19th August No. 22 of 1846.-

"under circumstances of clear and urgent necessity,
"any important measures tending either to diminish
"our resources, or to augment our expenditure,"
and, "we added that any failure in future of com-

Para 112- In our letter in the same De-

which should invariably guide our Governments
in India in the adoption of any new measures
occasioning expense or the creation of any new
or the augmentation of existing Establishments,
and we concluded our remark in the following
terms:-

"We now explicitly inform you,
"that reference to England upon all matters

"large amount is to be the general rule by which
"you are to be guided, and from which you are

Fort St. George 25th February 1847.

Para 113. The occurrence of such exceptions must be much less frequent now that the intercourse with India is so greatly accelerated. When any arises the arrangement adopted should be considered temporary, and full information of the grounds of the proposal and in proof of the urgency of the case should be immediately transmitted to us that our sentiments upon the measure may be obtained at the earliest possible period.

Para 114. You will now, we trust, clearly understand that the injunctions which have been thus repeatedly communicated must be invariably obeyed, in all future cases whatever be the Department in which the supposed necessity for augmented expenditure arises.

Para 329. Under the above circumstances the deficiency in 1845/46 of £350,000 is assumed upon the most favorable view that can be taken of the Indian Revenues and the charges abroad and at home but its reduction is to a great extent occasioned by a large amount of the Home charges being postponed only to the year 1845/46. that circumstances combined with the occurrence of hostilities on your North Western Frontier may, we apprehend, produce a more unfavorable result in the latter year than is shewn in the several previous

previous years. The removal of a deficiency even when peace is restored will be a work of extreme difficulty, this fact however renders it more incumbent upon our Governments in India by united and strenuous efforts to effect every practicable improvement of our resources and the reduction of every expense that can be effected without detriment to the public Service. You will therefore call upon the Governments of the other Presidencies on the receipt of the present despatch to afford to you their immediate and zealous co-operation to bring about this indispensible result.

of the causes to which the decline is attributable.

8. In Para 231 in reviewing the Salt Revenue the Honorable Court observe "what may be the financial result of the new measures adopted in 1844" (alluding to the abolition of the transit duties and the raising of the price of Salt) "it is difficult to foresee. We have great doubts however whether the amount of Inland Customs duty which has been given up will be replaced by an increase in the resources from Salt as

10. Para 243 & 244 contain a review of the charges of Collection of Land Revenue

Revenue - The Honorable Court remark on the tendency to augmentation in the scale of these Charges and instituting a comparison between the average proportion of a charges to Collections in the 7 years from 1816/17 to 1822/23 and in the 7 years from 1837/38 to 1843/44, show that while the proportion in the former period was about 8 per Cent, in the latter it rose to nearly 11 per Cent "thus exemplifying an inverted order of things, an increase of expense being incurred in the collection of a diminished Revenue". This result is certainly "most unsatisfactory". Para 116 - and the President in Council will be happy to give his serious attention to any suggestion on the subject with which the Most Noble the Governor in Council may favor him in explanation of the cause of this result and tending to ameliorate it.-

11. Para 247 notices the unfavorable financial result of the change in the mode of management of the Sayer Revenue from the farming systems to Management by Government Officers - The Court observe that "this arrangement, so far from

from being attended with improvement of Revenue, occasioned a deterioration comparing the average net proceeds before and after the change of no less than 4½ Lacs of Rupees".-

Para 22.- We now come to the important Head of "Land Revenue" at Madras, the decision in which for so long a period had occasioned so much anxiety. It was therefore satisfactory to find that a reaction occurred in the year 1838/39 in addition to the sum of Rupees 5,29,076 of Deposits then brought to account from other heads and that subject to natural fluctuations and allowing for the new Territory of

of

of Kurnool the revival has since been well sustained as will be seen by the statement in the Margin. The annual income from land is still however considerably less than it was 30 years ago.

Para 223. In taking a retrospective view of the amount of Land Revenue at Madras for the last 30 years we have divided that period into six Series of 5 years each, and find the average annual amount of each Series to have been as follows Viz.t.—

	Current years Receipts	Arrears	Total
From 1814/15 to 1818/19 the average was	30,25,22,[illegible]	3,41,41,452	3339,6609
" 1816/20 to 1823/24 Do	30,57,59,114	2,38,00,006	32,85,59,20

" 1834/35 to 1838/39 Do	28,76,8387	2,47,6,921	3124,5308
" 1839/40 to 1843/44 Do excluding Kurnool Territory	30,25,7,118	2,34,23,68	32,59,91,86.

Para 224. From the above view it appears that the greatest decline occurred in the five years from 1829/30 to 1833/34; which was in the alarming ratio

ratio of between 30 and 40 lacs per annum as compared with the preceding 15 years. In the 5 years from 1834/35 to 1838/39 there was an amelioration of 13 lacs per annum as compared with the five years immediately preceding: and in the last five years from 1839/40 to 1843/44 there was a further amelioration of 13 lacs per annum: the present deficiency is therefore reduced in amount to 8 lacs per annum as compared with the sum realized from Land 30 years ago.—

225- The state of the Madras Revenue ten years since induced us to direct the Government of that Presidency in our Despatch dated 30th. August 1837 No. 13 to institute enquiries

enquiries with a view of ascertaining the causes which operated to produce so serious a falling off in the receipts. This duty was assigned to Mr. C. R. Cotton, a Member of the Board of Revenue. His preliminary arrangements for obtaining the necessary information appear to have been judicious, but before the Returns which he called for were completed he was compelled by ill health to return to Europe. Mr. John Sullivan then proceeded with the enquiry, but he also retired from the service without completing it. Both of these Officers reported upon the subject as far as the means within their reach and the time

time employed in the duty enabled them, but their reports do not contain any sufficient explanation of the decline. The want of better means of irrigation is however frequently adverted to, and we are fully sensible of the importance of supplying that want.

Para 226. The Abkarree receipts at Madras progressively improved in the period under review. In 1842/43 the increase exceeded 3 lacs as compared with the amount in 1837/38, and the Estimate for 1843/44 shews a further increase of Rupees 130,000. The Motturpha Sale also shewed a tendency to increase in the last two years noticed in the Margin. The receipts from small farms and licences in 1839/40 and the Extra Revenue receipts in

in 1841/42 appear unusually large; but the augmentation in both cases arose from the same cause, viz.t the adjustment of sums on Revenue which had previously been retained as deposits.-

Para 228. In the Customs Receipts at Madras from 1837/38 to 1842/43. there was not much variation, but on comparison with the 3 years from 1834/35 to 1836/37 there was however considerable diminution in the annual amount Collected particularly in the Land Customs and occasionally in the Sea Customs.-

Para 229. In 1844 the important measure of abolishing the Transit or Inland Customs duties at Madras which

which had been so long under consideration was carried into effect. The immediate result according to the Madras sketch Estimate for the year 1844/45 would be a diminution in the amount of Customs Receipts to the extent of 20 lacs of Rupees, but this loss it is assumed in the same document would be met by an increase in the receipts from Salt.- To accomplish which the price of Salt had been raised by order of the Government of India to a rate that it was found impossible to maintain, the actual receipts for the year 1844/45 cannot therefore be expected to equal the Amount assumed.-

Para. 230. The receipts from the Tobacco Monopoly at Madras have improved of late.- From the year 1825/26 to 1830/31 the average receipts per annum amounted to Rupees 6,87,052.- from 1831/32 to 1836/37 the average was rather higher, being Rupees 6,94,183 per annum, and from 1837/38 to 1842/43 the last six years of actual account the average receipts rose to Rupees 8,39,64. per

Para 231- The effect produced upon the Salt receipts by the temporary measure adopted in 1836 for suspending the export of that Article to Calcutta subsided in 1838 and in the year 1838/39 the receipts amounted to Rupees 1,029,534 which exceeded those of any former or subsequent period with the exception of 1829/30 although the receipts from the Salt Monopoly since 1838/39 have not quite reached the amount which they attained in that year, they continued in a sound and satisfactory state. But what may be the financial result of the new measures adopted in 1844 it is difficult to foresee. We have great doubts however whether the amount of Inland Customs duty, which has been given up will be replaced by

by an increase in the resources from Salt as anticipated in the Madras Sketch Estimate for 1844/45.- at all events we consider, that it could not be done at the high rate of duty temporarily adopted, hence we ordered it to be reduced one third.-

Para 233- Having noticed the Madras receipts as they appear under the several heads in the annual Statements we now insert in the margin a summary of the total Amount in each year under review, as compared with former periods of the same duration, Viz.t. 7 years, the present view exhibits a decided improvement. marked upon the large increase which had taken place in these charges particularly in the expense of collecting the Land Revenue, between the years 1816/17 and 1836/37 and directed your attention to an investigation of the circumstances which occasioned it.—No diminution of charges has since been effected, but rather on the contrary there has been a tendency to augmentation as will be seen by comparing the Tabular Statement above with a similar one inserted in

Fort St. George 25th February 1847.

in the Margin of Para 176 of the Despatch just referred to, and it is still more discouraging to observe, by the Estimate for the year 1843/44 that almost every head of Revenue Charges is assumed at a higher amount than the actual charges in preceding years.

Para 24th. In our Despatch already alluded to we shewed that the average expense of Collecting the Land Revenue at Madras in the 7 years from 1816/17 to 1822/23

an inverted order of things, an increase of expense being incurred in the Collection of a diminished Revenue.-

A.D. 1845/46.

(Rece.d Enter 21st Jan.y 1847 No.-59)

The Most Noble the Governor in Council observes that there are balances of Moturpha for Fusly 1255 uncollected at the date of the Acting Collectors report to a which the Board have called the attention of that Officer.-

The abolition of the Sayer and dis:use of Stamps in certain cases have caused a di:minished demand in Comparison with that for Fusly 1254.- Increase in the remaining items reduced the Net decrease and the Settlement stands at Rs 284528-13-11 and is Rupees 6,182-5-10 less than for the Fusly preceding.-

The gross receipts for the year inclusive of the Extra Collections and arrears were Rs 287345-13-11 and deducting charges the Net Re:venue of 1255 is Rupees 286213-11-5.-

The Most Noble the Governor in Council authorizes the Acting Collect.r

From the Collr. of Bellary — Submitting the further information called for by the Board on the 9th April 1846 Regarding certain items of Case under the Head of Sundry Small Farms & Licenses together with a Statement of particulars — Recd. Letter from the Board dated 20th April 1846

1. The Board with reference to my letter of the 9th January 1844 in which I recommended certain items which I conceive might be kept up and others discontinued in the branch of "Sundry Small Farms and Licenses" comprised under the Head of "Casual Revenue," having called on me to furnish them with some further information in regard to the nature of these petty farms, I have the honor to submit the following ——

2. Before entering into particulars on each of the items, I append a Short Abstract of the Statement herewith sent which exhibits the several items for Fusly 1252 with the Beriz proposed to be retained and that to be abolished also the average Collection of 10 antecedent years as drawn from the periodical Accounts submitted to the Board. —— Items

The practice that prevails is that the Tahsildars each year receive proposals (or Competition) from Individuals who engage to take the privilege or rent of the several farms respectively — when these proposals are received at the Kotzoor the offers of the highest bidders are sanctioned if unexceptionable. Puttahs are made out in their names, and security taken in the Talooks for the due payment of the Kists which are collected in 6 Months from

from December to May inclusive for every fusly —

Collections which I propose to maintain —

The 1st item in the said State-
3 ment is the rent of fruit trees such as Tama-
rind and Mango which amounted to Rupees
13610 for Fasly 1252 —

The 2nd is Palepoolavaree
4 or Collection on Grass and Toona trees growing
naturally in the vicinity of Tanks, low grounds
which retain moisture &c. These Thorn Trees
are taken care of by Village Servants. Shep-
herds are allowed to take their Flocks thither
to graze both on the Grass grown underneath
and the seed of the tree (produced in
March, April and May) Goats thus fed
yield abundance of Milk and Sheep thrive,
The Shepherds as well as Villagers who keep
Flocks of their own Come forward as competitors
to bid for them. The renters are allowed
to collect at the given rate per 100 on the number
thus grazing — The 3rd is Gedakawel and
5 Condakawel, i.e. forest watch for pasture and
wood. This privilege of levy on pasture as well
as

as on some other Species which are usually added to this head is rented out either to Baders, Village Heads, or Merchants of adjacent Villages. The renters collect a usual tax on persons gathering the produce being various articles wood &c.a This head comprises 13 Species, I am unable to furnish the particulars with their exact sums there being no distinct account kept. Hence, I am compelled to enter what is stated to me by the renters themselves - This will also explain to the Board how the items of honey and wax mentioned by me were obtained as required in Para 4 - In fact the Renter takes the Jungle and allows People to avail themselves of the produce of that Jungle almost on his own Terms - The only check consists in its being to his own advantage not to demand more than is usual or than will leave Profit to the Gatherers as otherwise they would go elsewhere or at any rate not avail themselves of the produce, while the Tax remained too high the objection to giving up the Rents altogether would be not only the loss of Revenue but the destruction of Trees &c.a when none held an interest in their preservation - I am not aware that any great hardship

Fort St George 25th February 1847.

hardship or inconvenience is experienced, at any rate I have had no Complaints on the subject. The worst feature of the Tax is that it falls upon the most Poverty stricken race existing, but these will be relieved if the items I have already recommended included in the Contract of Godakawel and Condakawel should be freed from the restraint of a Tax.

6. As directed in Paras 4 and 5 of the letter under reply I shall now proceed to shew the Items to be retained and discontinued out of those contributing to the Revenue of &c. out of which for Fusly 1252 amounted to Rupees 2505 — — — —

Items proposed to be kept up being 5 in number -

1 Rent or fruit trees such as Tamarind yeas grown on Hills and in Jungle Rupees - - - - - - - - - - 662 —

2 For Shrubs and leaves which they gather for Manuring their wet land ——— 280—

Rupees 366—

The 3rd and last Item of the remittable levy is a tax realized by the Renters on pasture land in the Jungles calculated at a fixed rate per Month on each flock or on the number of Bullocks grazing there ——— 192—

Grand Total Rupees 1045—

7. The amount proposed to be retained is Rupees 1460 under the heads of Godacawel and Cordakawel. The items recommended to be discontinued amount to Rupees 1045 ———

8. Independent of the Gruss (Poollavaree) tax on grazing included in the above stated Godawel there is another of the same name "Ghats Poolavary." It is the tax levied on common land as well as in the forest. It amounted in Fusly 1252 to Rs. 180 ——— "is the aggregate sum which I recommend for abolition would be Rs. 1225. I must here take occasion to inform the Board that the levy is not universal throughout the Taloks of this District, but exists only in certain Taloks.

9 I beg in conclusion to observe, that the sums entered in my last report were the average of 10 years whilst those now given are the amounts inserted in the accounts of Fusly 1252 ———

Proceedings thereon.

Before submitting the foregoing Statement for the orders of Government, the Board wish to be put in possession of some further information on the subject of these Yeomiahs.-

Calling for further information on the subject of the arrears of Yeomiah due to certain Yeomiahdars in the District of Arcot.

This Yeomiahdar has, it is

24. Shah Habeabollah in the family of Shah Enayatoollah.-

2 stated, allowed his stipend to fall in arrears for a period of four years, Viz. from 12th October 1842 to 11th October 1846- it therefore becomes necessary to ascertain the terms of the original grant, and the nature of the duties performed at the Durgah. The Acting Collector will be pleased to furnish information on these points.-

50. Haleem Sahibah in the family of Shah Enayatoollah.

3 This Yeomiahdar appears to be of the family of Syed Mahomed and not Shah Enayatoolah as stated by the Acting Collector. The Board request to be informed of the age of Haleem Sahebah, also of the manner in which the Acting Collector has satisfied himself that she is living beyond the production of the usual Certificate from the Cauzee of Arcot.-

667

88. Mahomed Shariff
1884 Mahomed Nasaroodeen.-

4. The Acting Collector is requested

Fort St. George 25th February 1847.

to inform the Board whether he has verified the statements of these parties in respect to the alleged cause of the non receipt of their allowances for the period of 2 years respectively.-

252. Abdool Allee Son of Syed Sudroodeen.-

5. The date on which this Yeomiah was continued in the name of the present incumbent should be stated, that quoted by the Acting Collector refers to the allowance sanctioned to his father and Aunt, amounting to Rupees 59 6 8. it is also observed that two years have elapsed in this case without the incumbent drawing his allowance, on the plea of sickness.-

508. Mahomed Ghouse Brother of Goolam Hoosain Moulem Teacher to the boys at Satghur.-

6 This Yeomiah was sanctioned in the name of Goolam Hoosain on the date quoted, the Acting Collector is therefore requested to state when and under what authority it was continued to Mahomed Ghouse.-

667. Goolam Hussain Grand Son of Syed abdool Razack.-

7 The cause of delay in Goolam Hussain preferring his claim to the arrears due to his late Brother should be more fully explained. Mr Lovell is further requested to state whether both Brothers bear the same name

of

Fort St. George

3812 Fort St. George 25th February 1847

of Goolam Hussain -

8 The attention of the Acting Collector is called to the long periods for which several of the Yeomiahdars have allowed their stipends to fall into arrears, extending in one instance (No. 603) to no less than four years - Mr. Lovell is requested to impress upon the incumbents the necessity of drawing their allowances within the time prescribed by Government, and at the same time to intimate that any neglect on their part to avail themselves of the allowances entered in their names beyond such period without the most ample grounds for such delay will render their Yeomiahs liable to forfeiture and resumption -

From the Collector of Salem - - -

Submits translation of a Plaint filed by Kylasa Gounden & Ramasawmy Pillay Mootahdars of Shankerry droog in No. 15 of 1846, claiming 280 7/10 Goontahs of Poonjah lands which they say are included in the total Ayacut of Annady Bunjer lands in their Mootah.

Sir,

I have the honor to submit for the information of the Board translation of a Plaint filed by Kylasa Gounden and Ramasawmy Pillay joint Mootahdars of Sankerry droog in No. 15 of 1846 on the file of the Subordinate Court of Salem claiming 280 7/10 Goontahs of Poonjah lands bearing teerwah Rupees 166 - 2 - 11 - which the Plaintiffs state are included in the total Ayacut of Annady Bunjer lands of the Villages of Ivaily and Custoorypuddy in their Mootah and entered in the Ayacut Accounts prepared in the year Doormady (Fusly 1211.)

A Copy of the Plaint was sent to the Sub Collector on the 26th September 1846 in consequence of the Mootah in question being situated in the Sub: Division and a Copy of his report and its enclosures relative to the right of the Mootahdars and the validity of their claim to the lands alluded to in the Plaint are herewith forwarded. -

I beg to remark that this is a case similar to those of the Mootahs of Vallacoorchy and Saudamungalum; the Giddagavel lands of which had been taken under the circar management by Mr Hargrave at the time of the resumption of the lands

mentioned

Fort St. George 25th February 1847.

mentioned in the Plaint as having been specially reserved by Government at the time of the permanent settlement The Giddagavel lands attached to the Mootah of Vallecoorochey were given up to the Mootahdar in pursuance of the Decree of the Zillah Court in Suit No. 381 of 1821. and a certain portion of this description of lands that was in the possession of the circar together with the sum of Rupees 3197-4-8 being the amount of past Collections, on them was also made to him as per sanction of Government under date the 14th March 1843. The Giddagavel lands attached to the Mootah of Saudamungalum were given up to the proprietors to whom the last Collection on them amounting to Rs. 259-6-9-10 was refunded as per sanction of Government dated 2nd November 1846.

From the Records in my Office I find that 992 2/32 Coolies or 839-22-8 acres of Annady Bunjur Poonjah lands are entered in the Ayacut account of the Villages of Ivaily and Custoory putty attached to the Mootah of Sankerry droog of which Coolies 270 7/10 or Acres 228-34-10 are Giddagavel lands and taken under the Circar management. These lands Coolies 270 7/10 or Acres 228-34-10 were on Fusly 1243 measured and found to consist of only Acres 218-26-14 altho' they have been for a series of years in the possession of Government yet the right of the Mootadars to them, is not affected in consequence of their having been originally included in the total Ayacut of the Villages of Ivaily and Custoory putty attached to the Sankerry droog Mootah under

Fort St. George 25th February 1847.

under the denomination of Annady Bunjur and also entered under the 3rd head of the Poolochittoo or Sale Schedule granted to them at the time of the formation of Mootahs. I therefore coincide with the opinion of the Sub Collector that the Suit may be compromised and the lands in question acres 218-26-14 / ceded to the claimants.-

The whole of the Giddagavil lands attached to the Cusbah of Sankerrydroog Village consisting of Acres 17871-7-11 are entered in the Pymash Accounts under the head of Porumpoke and are in the possession of Government. The 1st Mootahdar instituted a Suit in the Zillah Court in the year 1807 for the recovery of the whole of them, but the decree passed in this case in favor of Government was founded on the existence of a correspondence between the Special Commission and the Collector, but this does not tend to weaken the present Claim or the right of the Mootahdars to the Annady Bunjur lands included in their Mootah altho' the Circar had omitted from the Ayacut accounts the lands alluded to in the Plaint under the denomination of Giddagavel when the entire Mootah of Sankerrydroog was in Fusly 1246 subdivided and the Bariz fixed on the Collection of 7 years. The only ground of argument on the part of the Circar is, that the Mootahdars did not at the time of subdivision of the Mootah start any objection regarding the exclusion of the lands in question from the Ayacut of the Villages above alluded to, even this, I think would not affect the legal right of the Mootahdars.

To No. 1.

W. E. Lockhart Esqre
Collector of Salem.

Sir

I have the honor to acknowledge
your letter of the 26th September last and
preparing an answer to the Plaint of Ry
Goundan and Ramasawmy Pillay joint Moo
=dars of Sankerrydroog. They to lay before you
such information as I have been able to collect
from the Records regarding the Giddagamel lands
of the Sankerrydroog Sort.--

In the Minutes of Consultation
under date the 7th August 1835 the right of the Mootahdars
has been recognised to such Giddagamel Lands as were
included in the Statement published for the information
of persons intending to purchase Mootahs - and the principle
on

Fort St. George 25th February 1847.-

on which that decision was formed was directed to be
applied to all similar cases. In the Minutes of
Council of the 2d November of the present year the
principle is applied to lands resumed by Mr. Hargrave,
and these lands with the revenue derived from them
have been restored to the Mootahdars. The question
therefore is whether the Giddagamel lands of the
Sankerrydroog Sort are or are not similarly situated.

The Plaintiffs claim appears to
rest upon the following statements. That the Ayacut
accounts of Doormuty shew that Goontahs 992 8/32 of
waste land were entered in the Ayacut accounts
of the Villages of Ivaily and Custoory putty that
of this land 280 7/10 are now in the possession of
Government and the remainder in their own possession
as Mootahdars, but that they are entitled to the
whole of the waste lands and not only to the
portion they now possess and they therefore sue for
the above portion of 280 7/10 retained by the Government.-

If the above statement is correct
and if the above portion of land although Giddagamel
was included in the Estate as advertised when
the Mootah was formed, I believe that the Plain-
=tiffs are fairly entitled to it under
the orders of Government unless it be shewn
that any special circumstances preclude
the Plaintiffs' right.--

Although the statement
published on the formation of the Mootah
is not forthcoming, still I find
that

that the Tooloochit in the Plaintiff's possession affords sufficient proof that this portion was so included under the head of Anady Bunjer, and as such belongs to the Mootah. I forward a translation of the Tooloochit for your inspection. I have also examined the circumstances of the Giddagavel lands and I do not see any thing which precludes the Plaintiff's right under the just decision of the Government that the Mootahdars are entitled to the lands which they were given to understand formed a part of the Mootahs.-

It would appear that at the time of the survey the Ghidagavel lands of the Sanjeevaroyan fort were divided into the Classes Anady Bunjer & Porumboke. The Porumboke lands yielded a Revenue to the Government from the farms of wild honey, tree Indigo, pasturage &c. but as much of this land was adopted to cultivation it was gradually encroached upon by the Mootahdars. This led to the resumption made by Mr. Hargrave and it would appear that in resuming the Porumboke lands the Anadybunjer was included, and thus the whole Ghidagavel was resumed. The right of the Mootahdars had been asserted & litigated so early as the year 1807. I forward to you a copy of the decree passed by Mr. T. Dufrere in that year, you will observe that the decision was based upon the existence of a correspondence between the Special Committee and the Collector which proved that the farm of the Porumboke lands was reserved to the

Government

Government. Copies of these letters are annexed. But neither these nor the decree appear to me to touch upon the Special case of the Anady Bunjer lands included in the Mootahs at the time of their formation although I consider it final as to their right to the Porumboke.-

There is another circumstance which it is right that I should lay before you although I do not think it affects the merits of the case Viz. that the Mootah is not now in its Original form but has been divided into three Mootahs the assessment being distributed according to a survey of the lands made in 1241 in which the whole of the Ghidagavel lands were expressly excluded. Had the lands lapsed to the Government and been redistributed this no doubt would bar any claim founded upon the previous accounts, but as the distribution was made among the lineal descendents of the 1st Mootahdar I do not think it affects the equity of their claim and if their claim is just I should be reluctant to urge their acquiescence in the resumption thus implied as a bar to their claim.-

I am therefore of opinion that if you are satisfied that this Anady Bunjer was originally included in the Mootah it should now be conceded to the claimants I conceive that the Giddagavel Porumboke land is not in any way affected by this Case. It is on the ground that this land was entered as Anady Bunjer that I consider it equitable to concede it &

Extract of a letter from the Secretary to the Special Commission dated 8th September 1846
Para 5th

The Special Commission direct you to add to the Amount of the proposed Jumma whatever items of the district licences noted in Major Macleod's appendix A 20 as can consistently with the principle of a permanent System be included in the Jumma of the Estates, wherein such items are collected, leaving the Amount to be added in discretion but reserving in the hands of Government the revenue arising from Spirituous liquors, Salt extracted from the earth and Saltpetre. The extensive Jungles whence a small revenue is derived by renting the cutting of wood, you will reserve as a Government State; and as the best means of clearing it you will publish that all persons are at liberty to cut wood from thence free of charge, provided they take it up by the roots. Wood attempted to be carried away without having taken up the root, to be liable to seizure, and the party to fine if proved the Adolut as the lands are cleared they may be given in lease on Pottahs rising to the full assessment in any number of years it may appear to you reasonable.-

Extract of a letter to the Secretary to the Special Commissioners dated 17th January 1803.-

Para 6.

In the 5th Paragraph of your letter I am directed to abolish the tax upon the cutting of Wood in a certain Jungle in the District of Sankarry droog the Collection of which has hitherto been made by the means of a farmer and the revenue paid by him conjointed with the farms and Licences upon Condition that the wood shall be taken up with the roots and the ground cleared in this way to be considered the property of Government. In enquiring concerning this of the people in the custom of cutting wood in that Jungle it appears that the labour it would require to root out the trees is much more expensive than the Amount of tax they now pay for cutting them, and that were they even entirely excluded from the Jungle the inconvenience would never overbalance the trouble & loss of time required to take up the trees by the roots, the revenue from the farm shall therefore be collected as usual. The Amount of it is Pagoda 215 the greatest portion of which Sum is collected from the sale of the fruit of the tamarind trees & honey. The small Sum Collected by means of the tax on cutting the wood is determined by the number of Persons in each of the families in the Custom of resorting thither for wood which varies from 1/4 to 2 Rupees a year on each door the Amount so collected does not exceed one sixth part of the whole as stated.-

No. 2.

Translation of a Plaint filed in Subordinate Court by Kylasa Gounden Son of Angie Gounden and Ramasawmy Pillay Son of Sawmynada Pillay Joint Moottahdars of Sankerry droog by caste Vellala against the defendant W. Lockhart Esqr. the Collector of Salem.

This suit is brought to recover certain Poonjah lands situated in the Villages of Ivaly and Custory putty attached to Sankerry droog Talook Consisting of Goontahs 280 7/16 producing annually Rupees 300 and paying a tax of Rs. 2:11- which are unjustly appropriated by the Government and also to annul the Puttahs and Moochilikas passed on the subject by the Circar.-

The Plaintiffs state that the 451½ Goontahs of waste Poonjah lands situated in the Village of Cusbah Ivaly are bounded on the west

3823 Fort St. George 25th February 1847.-

west by a land called "Moolley pareya pauley tar" in the Village of Vellachetty pollicm and by Coottavardumputty east by a Pareya Villanary land washed off by inundation in a garden called "Ackamakthottam" near the limits of Cusbah Sankerry droog; north by a Eltary or narrow passage leading from Sankerry droog to Curmapoorum; and south by "Lakely pauelle" situated in one of the 3 boundaries of Vittoocaudoo lands in the Village of Coottavardumputty that the 540 19/32 Goontahs of waste Poonjah lands are situated in the Hamlet of Custoory putty, are bounded on the west by the limits of a brass smith; south by a passage leading to Carcomapoorum; and north by a passage from Sankarry droog to Coolly-Kaulmuttum; and that the aforesaid lands are entered in the Anjacut accounts of the above 2 Villages and their rent annually collected from them by the Government.-

In the Anjacut accounts of the year 1801 Doormooty it is inserted that 451½ Goontahs of Poonjah lands are waste in the Village of Ivaly and that 540 19/32 Goontahs of Poonjah lands in that of Custoory putty. Afterwards a few of the said lands were gradually brought under cultivation, and in the enjoyment of late Moottahdars until the year 1809 Sookla Whilst 188 3/8 Gts. of lands out of those brought under Cultivation after the year 1809 Sookla

1809
Sookla. and left waste, situated in the Village of Ivaly, and 92 10/20 Gts. out of lands brought under cultivation and left waste, situated in the Village of Custoory putty are by some unaccountable means in the possession of the Circar.

711 21/32 Gts. of waste lands out of 992 3/32 mentioned in the Anjacut Accounts of the said two villages had been in the possession of the Plffs. and are still enjoyed by them. The whole of the waste lands situated in the Estate in question are under the provisions of Regulations, and those of Istoomerar Sunnuds appertained to them of Mootahdars

The waste lands situated in every Estate are respectively belonging to the proprietors, who enjoy themselves the Assessment levied on those brought under Cultivation. The several decrees passed by the Court and orders of the Government, shew that the whole of the waste lands situated in the Moottahs, belong to the Mootahdars, which proceedings have also been duly carried into effect But as the Moottah in question has for some time been without permanent occupation, and Continually put to Public Auction, and from the Year Virama 1820, it having been placed under the Management of the Circar and litigated, the Plffs. were precluded from claiming the lands now in dispute.

In the Year Velumbey 1838, the Moottah in question was made over to the Plaintiffs and on an examination of the accounts it was found that some of the lands in the possession of the Circar belonged to the Mootahdars. From which time the Plaintiffs not only

presented

presented several Petitions to the Authorities of the Government, but also requested them personally, setting forth their reasons to restore the lands appropriated by the Circar, but who not having passed any just orders thereon, hence this suit.

Of the 992 3/32 Goontahs of Poorjah waste lands mentioned in the Anjacut, 711 21/32 Goontahs are in the possession of the Plaintiffs, whilst so, the remaining 280 11/20 Goontahs are appropriated by the Circar, which is quite Objectionable. The Plaintiffs will prove by the evidence of Documents that the Moottahdars alone are entitled to the whole of the waste lands in their Moottahs.

7th September 1846.

P.S. The said lands are inserted in the Moottah Accounts up to the year 1809 Sookla, and excepted from the year 1810 Pramodotah Consequently the Circar might have incorporated them with their lands but the Plaintiffs are unable to define the exact period.

Defendant.

1. The Collector of Salem.

Government Vakeel

T. Venkatasawmy Naick.

The Plaintiffs instituted a suit against the Defendant on the 26th August 1806 to recover 576 Star Pagodas with interest thereon being the Amount of tax collected by the Collector from the individuals by the Collector for 4 years, Viz.t from Doondoobee to Credana on account of Tamarind trees &c.a situated in the Village of Cusbah Senkerrydroog as shewn in the Anjaca Coolapara annum accounts of the said Village attached to the said Moottah and also to put in possession all the Groves, other Trees Pasture lands &c.a attached to their Moottah. The Plaintiffs state that they in the year Doondoobee purchased the said Moottah containing 20 Villages in its vicinety and which was permanently assessed on a Bareez of Star Pagodas 3300 from the Collector the then Collector of the District, after paying Nuzzeroo or

or amount of purchase money Viz.t 520 Star Pagodas and that they had been in its enjoyment from the said year. Whilst so, the Collector unjustly rented out to the parties the undermentioned trees &c.a situated in the Village of Cusbah Senkerrydroog as shewn in the Anjaca Coollapara annum accounts of the said Village attached to the said Moottah Viz.t

Rs. A. P.	
70 - - -	Rent on 1000 Tamarind Trees situated on the waste lands.
17 - - -	Do. on 2 Groves of Tamarind Trees and 270 trees grown apart from each other.
50 - - -	Farming of Honey.
11 - - -	Rent on wood apple and other trees 22 in number.
177 - - -	Pasture Teerwah on waste lands.
176 - - -	Tax on Persons who cut Jungle trees.
501 - - -	

and thus collected Rupees 2016. or 576 Star Pagodas from them for 4 years Viz.t from Doondoobee to Credanah, and that similar Mems as stated above are not enumerated in section IV Regulation XXV of 1802, but the above said lands are attached to their Moottah.

The defendant declares in his answer that when he arrived in this District as Collector, the Ghistagaurd or trees situated in certain lands on the Senkerrydroog Talook were rented out by his Predecessor for 4 years at 216 Star Pagodas per year, that as soon as the abovementioned period was expired,

he

he also accordingly rented out the said Trees for 3 years at 205 Pagodas per year, that the produce thereof is entered in the Circar Accounts, & that the Tax on the Ghidagauval and the Amount of rent of the Tamarind trees are excluded in the permanent Beriz of the Mootah in question, and that the said Plaintiffs have no right whatever regarding the rent of the said trees.

The defendant also produced 3 Documents with a Petition under date the 31st March 1807 Viz.

1. Letter to the Special Committee from the Secretary dated 8th September 1802.
1. Do. to the Secretary from the Special Committee dated 17th January 1803.
1. Do. to Special Committee from the Secretary dated 3d March 1803.

Judgement.

The Court having gone through the foregoing documents and other proceedings of the case observes that as it appears from the letters of the Special Committee which were filed in evidence by the defendant with reference to the suit brought by the Plaintiffs to recover from the defendant the Amount of rent of Ghidagauval and that of Tamarind trees &c. that the Collector had been written to by them informing that all the lands, Trees &c. attached to the said Ghidagauval belonged to the Government, the Plaintiffs have

have no right whatever to the said Ghidagauval lands or to the rent of the Tamarind trees. Under these reasons, the Suit brought by the Plaintiffs is dismissed.

The Court direct the Plaintiffs Vakeels on behalf of both parties the Sum of Rupees 269-11-27, being the fees on the whole Amount of Rupees 3124-19-24.

Proceedings thereon.

(44-45)

In the foregoing letter the Principal Collector states that care is being taken for the realization of the balance due by the late Renter of ~ whose poverty and real loss he is ~ fully satisfied and he therefore re~ ~peats his recommendation for re~ ~mission of Rupees 1274-7-2. being the Amount of loss upon the resale of the Farm.-

Under the explanation of the Principal Collector the Board will not press this demand upon the Renter whose claim to remis~ ~sion will be taken into consideration after the balance of Kist due by him shall have been paid up.-

(46)

From the Princl Collr of Madura, } Sir, Having mislaid the ~ Board's Proceedings of the 18th received on the 25th April 1846, giving cover to Minutes of Consultation of the 13th February and General letter

Forwarding 2 Statements shewing the condition of 6 Pollums and grounds on which a proposed reduction

Fort St. George 25th February 1847.

reduction of Peshkush is advocated Viz. Valeapatty, Vadakurray, Combay Amas ~ tiram, Comaraw ~ rawady and Veeramalay as also trans ~ cripts of an English and Tamil ad ~ dress from the Polligar of Vadakurray.-

Letter from the Honorable Court of ~ Directors of the 12th November 1845, directing surrender of the Maroong apoory Pollium to the Proprietor, and requiring report on any others similarly entitled to con ~ ~sideration or indulgence, I requested, after repeated vain search for them, a Copy, on the 12th which you were obliging ~ enough to furnish me, on the 21st December, and which I received on Circuit, on my return, in the first week of January, I called for the various volumenous ~ correspondence on the subject of all the different Polliums, and on my table appeared the missing letter, but how it came there I cannot, by any means, satisfy myself.-

2. In their Proceedings, of the 11th Ultimo, the Board desire my early report on these Polliums, which by a marginal list they confine to Comaravady Valiapatty and Veera ~ ~malay, which last was duly, tho' perhaps insufficiently, reported on the 13th November, but I shall take the liberty of adding to the list 3 others Viz. Vadakurray, Cow ~ ~bay, and Amatiramkay, as the Proprietors

continue

Fort St. George 25th February 1847

continue exceedingly anxious for their restoration; and the two last may plead their surrender was given in fear of declining the Board's ultimatum (See Collector to Board 27th January 1844) whilst reference to proceedings of the Board of the 15th September 1844, make me think the case of Vadakurray has not been finally disposed of.-

3. According to Statement No. 1 shews the Peshkush, average settlement and the amount of deficiency below the surplus of 30 per Cent, originally intended to have been abandoned to the proprietor, for his charges of administation and maintenance and Balance causing original sequestration, and in the Column of remarks a reference to the correspondence on the subject.-

No. 2. Shews the survey Ayacut in comparison with the cultivation of fusly 1255 past and present population, and past and present sale price of 3d Sort paddy.

4. I make with great diffidence any proposition as to the extent of reduction desirable in the Peshkush

Fort St. George 25th February 1847

Peshkush because I have not sufficient information, nor shall I have time to procure it, to enable me to make up my mind as to the capabilities of the Peramboke and waste ground in each Pollam, but before determining on a reduction it may possibly be desirable to reserve the right of some fixed portion on all waste, hereafter turned to account as timber land or by cultivation, in consideration of the reduction under consideration.-

5. I have also the honor to submit Copy of a Tamil and English representation on the subject, as made by the Vadakurray Polligar on the 2d January last.-

From the Collr. of Madras -- Requesting sanction for the continuance of certain pensions and charitable allowances the disbursement for Fusly 1252 having been retrenched by the Civil Auditor.

2/5 I have the honor to bring to the notice of the Board of Revenue that the Pensions and charitable allowances disbursed from my Treasury in Fusly 1252 amounted to Rupees 13,369-1-10. which sum the Civil auditor has retrenched, and has suggested that I

might obtain and furnish from the Collectors, by whom the payment thereof was transferred to the Presidency Collectorate, Copies of the orders of Government under which the allowances were continued in the names of the present incumbents, or, if such orders were not forthcoming that I might procure the necessary sanction by making a direct application for the same.--

2. Of the Rupees 13,369. 1-10. thus retrenched, Rupees 1533-1-1. form certain arrears paid for the previous years leaving a balance of Rupees 11,836-9. which was the aggregate payable for the year under the head of Pensions and charitable allowances. For Rupees 8151-1-7 of that sum, the Collectors in the Provinces have furnished me with copies of the orders under which the allowances were continued in their respective Districts, and for the remaining sum of Rupees 3684-15-2 I have
