Under date the 23rd February 1847

11

Read the following Extract from the Proceedings of the Board of Revenue.—

(Here enter 25th January 1847 No 25)

Para 1 Considering the emergency of the occasion, the Most Noble the Governor in Council approves and confirms the orders issued by the Board of Revenue to the Principal Collector of Coimbatore to expend a sum not exceeding (5,000) five thousand Rupees in the employment of the poor in the Pullidom Talook of that District in the construction of wells. Roads and other works of public utility.

2 His Lordship in Council presumes that the labor of the poor will be applied to the repair of old rather than to the formation of new lines

lines of road, and that in the construction of wells the Government Funds will not be laid out on localities which may render the works eventually unprofitable or injurious to wells already constructed.

Mr Wroughton's attention is called to the orders of Government in the concluding part of Para 2

13

From the Offg Secy to Govt

Communicating observations and orders on the Board's Proceedings relative to the settlement of the Extra Sowcar of Revenue in the District of Chingleput for Fasly 1854

Extract from the Minutes of Consultation
Under date the 8th March 1847

Read the following Extract from the Proceedings of the Board of Revenue

(Here enter 15th February 1847 No 104)

The Most Noble the Governor in Council noticed with satisfaction the increase in the Home and Inland sales of salt in the District of Chingleput

Chingleput, they exceeded in the past year those of Fusly 1254 by Rupees 59,234—4 and of Fusly 1253 by Rupees 86,236—14—

2. The Ab Kurry Rent was undertaken at an amount considerably exceeding the rents of the four preceding Fushes and apparently for more than it could yield return. The Government however are, it is observed, secured against any extensive loss by the failure of the Renter to meet his engagements with punctuality.

1251—67500.
1252/53/54:76000
1855—85,310

3. The total demand for all sources of Extra Revenue exceeded that of Fusly 1254 by £7,159—10—6 and the Net Revenue which amounted to Rupees 5,22,076—5—6 is Rupees 45,444—3—7 more than that of Fusly 1254.—

4. His Lordship in Council desires that the Collector's report for the current Fusly may embrace the subject of outstanding balances in order that they may be finally adjusted.—

To The President and Members of the Board of Revenue

(A true Extract)
(Signed) H. C. Montgomery
Off. Secy. to Govt.

Order thereon Ordered to be communicated

15

From the Off. Secy. to Govt. Communicating observations and orders on the Boards Proceedings relative to the Settlement of the Extra Sources of Revenue in the Madras Collectorate for Fusly 1255

for the information and guidance of the Acting Collector of Chingleput with reference to the Board's Proceedings dated 15th February last.

Mr. Maltby's attention is requested to the orders of Government in Para 4—

Extract from the Minutes of Consultation under date the 9th March 1847.

Read the following Extract from the Proceedings of the Board of Revenue

(Here Enter 28th January 1847 h. 73)

The report of the Collector of Madras on the Extra Sources of Revenue for 1255 shews the gross Collections to have been Rupees 7,30,805—5—8 or Rupees 1,11,820—11—6 less than for the year preceding. The charges for the year were Rupees 31,390—3—11 more than those for 1254 and the Net Revenue which amounted to Rupees 5,53,488—15—8 was Rupees 1,33,110—15—5 less than the Net Revenue of 1254.—

2.— The decrease in the Salt sales as far as they were influenced by exportation to Calcutta has been sufficiently accounted for by the Collector, but the Most Noble the Governor in Council is not satisfied with the reason assigned for the decrease of 117—316 under the head of Home consumption. This the Collector

Collector says is owing chiefly to the number "of up Country Carts which usually purchase "salt when they return from Madras after "the delivery of articles of Merchandize "which they are employed in importing, having "been considerably less from the want of water "on the road for the use of their Cattle." The Government are not aware that the general trade of Madras was in any way affected by this assigned cause during the last year and cannot admit that the salt trade, as the Collector supposes, fell off on this account. His Lordship in Council observes that the Collector makes no distinction between Home Consumption and Inland sales both being apparently included under the former heading and he desires that in all future reports the two markets may be clearly distinguished and the sales on account of each compared with those of previous years. The Board will now call upon the Collector for a better explanation of the deficiency noticed and ascertain whether it actually occurred from a diminished Inland demand or whether the whole or any portion is attributable to decreased

decreased consumption at the Presidency and such of the neighbouring Towns as lie beyond its limits as may properly be included in the Home Market.

3. Since the receipt of the Collector's report and the Board's Proceedings, the insignificant demand for the British salt purchased on account of Government in the early part of 1846 has been prominently brought to notice by the Collector of Sea Customs; and at his suggestion with the Board's concurrence, Government have sanctioned the sale of it for exportation by Sea to the Eastward at 20 Rupees per Garce the price actually paid for it by Government. The Collector has not stated any reason for the slack sale of this salt and the Board have called upon him to endeavour to ascertain the real cause. The Collector of Sea Customs has stated in his letter to Government of the 15th February 1847 Cons 16th Feby 1847 that the prejudice against its use exists in the minds of the Native population.

4. The subject of the Honorable Company's Salt monopoly and of extending the

the means of importation into this Country the manufacture of Europe, is at the present moment largely agitated and discussed in England, and it is desirable that the Home Government should be fully informed of any circumstances affecting it and particularly of the result of this the first experiment of the introduction of British Salt into this Presidency.—

5— With this view the Most Noble the Governor in Council desires that the Board will not rest satisfied with the explanation which the Collector of Madras may afford in reply to their call upon him, but will fully investigate through other means within their reach and separately report upon the causes of the nonconsumption of British Salt and whether if a prejudice against it is found to exist, it has reference to the quality of the Salt as compared with the manufacture of this Country and its supposed effect upon the health of the consumer or whether it is solely a prejudice of caste.—

6 The Abkarry demand was Rupees

Rupees 3,11,61-1-2 less than that for the previous year it was realized within the Fusly. The retail of a quantity of cheap beer is stated to have contributed to this decrease particularly to the considerable part Rupees 11,043 which occurred in the Toddy Revenue- Though as the Collector observes the Revenue derived from this source, in 1255 exceeds by 40317-9-1 the average of the ten Fusles from 1243 to 1252 there is a large difference unfavorable to the past fusly in comparing the result of it with any of the years subsequent to 1247. The high price of Grain combined with other causes given by the Collector for deficient Revenue in my have had some effect on the consumption of the items composing the Abkarry but not in the opinion of Government to the extent stated; and his Lordship in Council desires that the attention of the Collector be directed to the necessity of a vigilant control over this Department committed to his charge and for increased activity in its superintendence.

15-16

Proceedings Transmitting to the Collector of Madras Copy of Extract Minutes of Consultation 9th Instant and requesting him to furnish further information in respect of the causes which led to the depression in the Sales of Salt for home consumption during the past Fusly and instituting a more searching investigation as to the reasons which have separated against the sale of the British Salt and discover what the apparent prejudice against its consumption may consist

Fort St. George 22nd March 1847

thereon. 1 Ordered that copy of the above Extract Minutes Consultation of Govern: ment be transmitted for the information and guidance of the Collector of Madras with reference to the Board's Proceedings 28th Jany last, on his report upon the Extra sources of Revenue for Fusly 1255.

2. The attention of the Collector is directed to the instructions of Govern: ment conveyed in the 3d para relative to the distinction to be in future observed, and comparison instituted, between the result of the Sales of Salt for Home consumption and Inland trade - Mr. Hudleston will also be pleased to furnish the further information required by Government in respect of the causes which led to the depression in the Sales of this article during the past fusly, and be careful to ascertain whether it actually occurred from a diminished Inland demand or whether the whole or any portion is attributable to decreased consumption at the Presidency and such of the neighbouring towns beyond its limits as may properly be included in the Home Market -

3 Adverting to the remarks of the Most Noble the Governor in Council in

4648.

Fort St. George 22nd March 1847

in para 3 & 5 on the subject of the British Salt, the Board request that the Collector will institute a more searching investigation into the causes which have operated against the Sale of this Article, and discover as far as his means may afford, in what the apparent prejudice against its consumption may consist and especially whether the disinclination to its use on the part of the native community has reference to the quality of the Salt as compared with the manufacture of this Country and its supposed effect upon "the health of the consumer, or whether it "is solely a prejudice of Caste. -

4 - It occurs to the Board that the best source from whence correct information might be derived on these points would be the more respectable native Merchants engaged in the Salt trade, Mr. Hudleston will be good enough to interrogate some of these parties and also extend his enquiries in other quarters from whence he may be of opinion that information to be relied upon can be procured

5. The Collector will bear in mind the observations of Government in

in the concluding portion of the 4th para of the above Extract Minutes of Consultation, enjoining the necessity of a vigilant control over the Chaultry Department for increased activity in its superintendence. —

The Chief Secretary to

Government

Sir,

I have the honor to request you will have the goodness to submit to the Most Noble the Governor in Council that a Chaultry built to the memory of the Ex King of Kandy on the banks of the Palaur River, is in a very ruinous condition partly owing to the indifferent materials of which it was originally constructed and partly to the late Hurricane which occurred at this station in the latter end of Nov.r last

The

3. The Chaultry in question was built after the demise of the late Ex King of Kandy agreeable to the authority conveyed in a letter from the Acting Chief Secretary to Government addressed to the Paymaster of Stipends at this Station dated 21st August 1832

The building was

3 I have reason to believe erected under the Superintendence of Goorroomoorty the then Manager in this Office the probable expense of repairing it now would be about (300) three hundred Rupees which I beg to recommend for the favorable consideration of the Most Noble the Governor in Council

Coll.r

There are occasional fluctuations in the demand and collections but too minute to remark. During the last ten years some considerable remunerative and Estate lands became Sircar Property thereby the increase of demand. The method of settlement heretofore followed has required that both considerable remissions should be granted & some Balances written off.

4656 Fort St. George 22d March 1847.

Resolution thereon. Resolved that the foregoing letter be submitted to Government with reference to the Contract from the Minutes of Consultation dated 22d December 1846 No. 1304.

(25-26)

Read the following letter

To D. White Esqre
Acting Secretary to the
Court of Wards.
Fort St. George

Sir,

From the Coll. of Rajahmundry (27)

With reference to the Contract from the Proceedings of the Board of Revenue under date the 3d December last, expressing their desire that the Minor Proprietor of Palanaroom Estate should be taught the English language as well as the Teloogoo, and directing me to make early arrangements for that purpose.

I have the honor to state that I have selected a teacher named Dustramlah Nursingarow to instruct him in both English and Teloogoo on a salary of 20 Rupees per Mensem sanction has already been granted for Rupees 4 per Mensem for educating him in Teloogoo and I now beg to solicit sanction for the additional sum of Rupees 16 per Mensem.

2 The Teloogoo teacher Puttamutta Veyanah alluded to in my letter of the 2d Instant last will be dismissed on the receipt of the Court's sanction for the measure now proposed.

Rajahmundry District Collr's Cutcherry 9th March 1847. (Signed) T. Prendergast
Collr

Read again letter from the Collector of Bellary dated 2d. and entered in Circulation 12th. October last.

Ordered that the following letter be sent in reply.

(33)

To the Collector of Bellary — Communicating instructions relative to the transfer of the Devastanum Villages & Lands in his District under the management of the officers of Government.

In Cons. 12th October 1846.

To

The Collector of

Bellary

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 2d. October 1846 in reply to the Circular from this office relative to the transfer of the Devastanum Villages and Lands under the management of the officers of Government.

2. The Property of this description in the District under your charge consists of 5 Sarva Mannium Villages. Three of these Hunspet, Cully, Rampoor and Singanathanahully belong to the Pagoda at Hunspy, one Nundapoor to the Temple at Anagroondy and the fifth Penna Ahololoum to the Pagoda of the same name. The Minister of the Rajah of Anagroondy is the Trustee of the Hunspy Pagoda under the arrangements effected in 1842. The Rajah of Anagroondy holds a pagkure on the opposite Bank of the Toombudra in the Nizams Territory and to increase his influence which has probably been used in creating disturbances in the Nizam's Dominions during the last 4 or 5 years, by making over to that family the 4 Pagoda Villages specified, you should, open to objection at the same time you observe that the Government have a-

Board's Proceedings 12 May 1842 Para 2.

a strong hold on the Rayahs conduct in the Pension of Rupees 1,400 per Annum which is paid to his Family" and that it is also to be borne in mind that "he has as one of the Eldest dynasties in India, great claims, and that should he by misconduct authorize such a measure he can at any time be removed" as at present informed the Board do not see sufficient grounds for withholding confidence in the Anagoondy Family and accordingly authorize you with reference to Para 10 of your letter under reply in which you state there is no objection to the transfer to make over to the Minister the 3 Villages belonging to the Pagoda at Hunsper, they also think it desirable that the Village of Nimbapoor should be transferred together with the 3 Villages above mentioned, but should you finally be of opinion that the Peace of the District requires that this arrangement should not be made and further that another Trustee should be appointed for the Pagoda at Hunsper you will be pleased to bring the subject again under consideration for the orders of Government. The transfer will not affect the question of Police which will of course remain under the Magistrate as at present. The transfer of Penna Ahobalum to the Trustee of that institution is free from objection and may be immediately carried out, an engagement in writing being taken from the party binding him to maintain the Rayahs and others interested in their rights and

and privileges and to pay to Government a proportionable share of the expences incurred on account of repairs of irrigation with a stipulation that on failure the amount due shall be recovered by attachment of the Village.

3. The Board concur in the opinion expressed in Para 6 of your letter that the Assessment should remain as at present leaving it to the Trustees and Managers to make such reductions as may be necessary.

4. The proposition to appropriate the surplus Funds to purposes of education was disposed of in the letter from this office to your address dated 10th December 1846 in which you were directed to make a specific application on the subject when the arrangements in respect to the Fund set apart for education in the Provinces might be more matured.

Read the following letters.

To J. Pycroft Esqre
Secretary to the Board of Revenue
Fort St. George

34

From the Acting Collr of Cuddapah — Bringing to the notice of the Board of Revenue a practice that prevails in this District in regard to continuing Puttahs to

Para 1. I have the honor to bring to the notice of the Board of Revenue a practice that prevails in this District in regard to continuing Puttahs to the nearest of Kist to

to the nearest of kin to a late Incumbent notwithstanding the land appertaining thereto having been previously for years allotted in shares to different Members of the family and enjoyed by them and collecting the Board's permission to carry the proposed plan into operation

to a late Incumbent, notwithstanding the land appertaining thereto having been previously for years allotted in shares to different members of the family and enjoyed by them respectively, which practice I consider objectionable and one which might in my opinion be with great advantage modified.

2 A Puttadar for instance, having 4 Sons, allots shares of land to them respectively, which they continue to enjoy after the death of their Father. The Puttah is however continued in the name of the eldest Son, and so on in the male line in that branch of the family, and the nearest of kin to the other shares of land included in the original Puttah succeed to their shares. After the occurrence of Casualties the Puttah has perhaps to be continued to a Person, the Brother of whose Grand father or the sons of whose Grand Uncles may be alive and one of whom as Head of the family may be more competent to look after their conjoined Interests. The Person to whom the Puttah would, according to practice, be continued may be a Minor and get dispossessed of his claim as Puttadar thro' the artifices of others the moment he is supposed though permanently competent to manage his affairs. Parties holding shares

shares in the Puttah lands from mistrust frequently object to the Puttah being continued to the Person to whom it ought, as it frequently happens the latter only looks after his own interests and disposes of the whole of the land for which he holds the Puttah by a deed of sale. The Collector is unwilling to disturb the occupancy of the Parties while the Purchaser gets a Decree of the Court passed in his favor which eventually must be carried into effect. The Puttadar frequently insists upon dispossessing other shares of their occupancy on the plea of the Puttah for the whole lands being in his name. Shares make over their portion of the lands to others by deeds of sale which are recognized in the Courts on the grounds of the unmolested enjoyment the Person has for years had of the land which he has disposed of by sale. To this course of Proceedings the Puttadar always objects, the more particularly when Persons who so dispose of their lands have no Heirs to succeed to the enjoyment of the same, in which case the former expect their shares to revert to them.

3 Numerous squabbles for these and other reasons ensue among Parties, entailing upon the Tahsildars the necessity of making endless enquiries and reports for the decision of the Collectors whose orders are only temporarily enforced

Fort St. George 22d March 1847.

enforced.

4. It appears to me a far more simple and desirable plan of arrangement, and one that might with every propriety be introduced, if on the death of the Puttadar separate Puttahs were drawn out in the names of the other Sharers and Members of the family for the shares they respectively enjoyed as allotted to them previous to his demise, I beg therefore to solicit the Board's permission to carry this plan into operation if approved of.

Cuddapah District Collr's Cutcherry at Aphsapatty, 4th July 1846. } (Signed) J. H. Cochrane Acting Collector

Proceedings thereon.

In the foregoing letter the Acting Collector states that he considers the practice therein adverted to objectionable, and one which might in his opinion be with great advantage modified, and in elucidation thereof points out some of the evils of the present system.

The Board are disposed to approve of the introduction of separate puttahs for different holders of entire fields, but they observe that the Acting Collector must exercise great precaution in carrying out the proposed measure. It is expedient that separate puttahs should be issued in cases only where such is the unanimous wish of the wasteling Puttadar and the other Shareholders, and of all parties concerned, and when the Collector is fully satisfied that the arrangement

Fort St. George 22d March 1847.

arrangement will in no way effect the punctual realization of the revenue the provisions of the Toomumanah should also be strictly attended to.

(36.)

From the Acting Collr of Cuddapah forwards Translation of 2 Urzees from the 5 Widows of the late Rajah of Chittoor and their authorized Vakeel and soliciting permission to comply with their request in such suitable manner as the Board may think the emergency of the case requires to relieve them from their present difficulties.

To

D. White. Esqre.

Acting Secretary to the Board of Revenue
Fort St. George

Sir,

1. I have the honor to forward Translations of two Urzees from the five Widows of the late Rajah of Chittoor (whose demise I reported in my letter dated 4th December 1846) and the other from their authorized Vakeel in their behalf.

2 Should the Pension amounting to Rupees 1086-1-8 per Mensem be continued by Government to the Widows as recommended, the arrears now due would amount to Rupees 10920-2-8. As the Parties are extremely urgent in their demands for a moiety of the arrears being disbursed to them for reasons assigned pending the decision of Government in their case, I beg to solicit permission to comply with their request in such suitable manner as the Board may think the emergency of the case requires to relieve them from the present difficulties consequent on the amount of Pension having been in Deposit for so long a period since the death of the late Rajah for the transmission of the Report on this lapse of Pension was unavoidably deferred owing to the unpossibility of having reference to the Records at

No 1

Translation of an Arzee from Muttee, Peddaw Kummah, Chinnummee, Amma Condummah, and Ragunnah to the Collector of Cuddapah dated 25th February 1847.

After usual Compliments.

We entirely depend upon your goodness to favor us justice in the affairs connected with our Samastanam agreeably to the will and desire of our late husband and of ourselves. Our husband departed this life shewing you and Mr. Ingles as a means of our support. The sum of Rupees 10,020-2-6 being the amount of pension for 9 months and 4 days from 25th May 1846 the date of our husband's demise to the end of February 1847 is in deposit in the Circar.

As we are entitled to a share in the Government we await on your Grace. We suffered much for want of expence and at last we had no other alternative than mortgaging our Jewels and Ornaments of great value and continued to subsist ourselves upon the same we can hardly carry on our livelihood any longer nor are we able to look into the distress which our dependents endure for want of food. Much difficulty

Fort St. George 22d March 1847.

difficulty is experienced to defray our own domestic expences. We beg you will take due notice to protect us some of the Camels, Horses and Cows, have already perished and those still alive is starving for want of fodder.

Our late husbands annual Ceremony is required to be performed in Vishaka or May next for which provision &c. should be made ready from the present time. We have now directed our Vakeel Chinna Rao to represent to your goodness all our circumstances in detail and beg you will take the same into your consideration and protect us. That time to represent more on the subject.

For the Collr of South Arcot

Sir,

Communicating instructions relative to the transfer of the parties concerned of the Devastanum lands in his District under the management of the Officers of Government

In Cons 4th January 1847

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 21st December 1846 in reply to Circular from this Office relative to the transfer to the parties concerned of the Devastanum Lands under the management of the Officers of Government.

2 The amount annually paid from your Treasury on account of Devastanum in lieu of resumed Lands Meerahs and other privileges is Rupees 68,820-7-5. The only Lands now traceable as having belonged to Pagodas and included in the above commutation are 15 Shrotriem Villages enumerated in Statement No 2 and these were incorporated with the Lands paying full assessment so far back as 1806/7. The Survey value of these Lands is Rupees 17229-14-4 and the amount of commutation is Rupees 14582-2-8 The Berij

Statements Nos 1 and 2.

of

of these Villages in Fasly 1256 / A.D. 1846-47 was Rupees 3,508-6 only

3 The Villages under the management of the officers of Government consist of 2 Villages paying a quit rent and 5 Surva Eraan Villages (Devasundal) of the last mentioned Villages is a life Grant. The other 4 Surva Maanium Villages were alienated for the support of Mussulman religious institutions and the 2 Villages Kaal Poolicengoody and Soundalum paying a quit rent to Government belong to Pagodas at Streeamustum and Trivendeporam. The Board are of opinion that these 6 Villages are of the description to which the orders of Government refer and should be transferred to the trustees and other parties interested. You will be pleased therefore to carry this measure into effect immediately taking from the parties respectively an engagement in writing to maintain the Ryots and other Members of the Village in their respective rights and privileges and to pay to Government a proportionate share of the expences incurred on account of repairs of irrigation with a stipulation that on failure the

the amount due, shall be recovered by attachment of the Villages

4 It is considered desirable that the 15 Shrotrium Villages enumerated in Statement No 2 should if practicable, be also transferred to the charge of the Trustees, but before passing orders to this effect the Board wish to be informed in advertence to the length of time which has elapsed since their resumption how far the arrangement will be free from objection and will be acceptable to the Ryots and others affected by the transfer

5 The sums specified in Statement No 6 amounting to Rupees 7,306-3-10 appear to be accumulations after defraying all charges and will thus strictly fall under the Head of surplus funds. If included in the Statement of surplus Funds forwarded to the Accountant General and to which the orders of Government dated 11th January 1846 have reference it is obvious that they must be treated as such and applied to objects of general utility as directed. The Gold and Silver Ornaments belonging to the Pagoda in Mylum in the Talook of Tindevanum should be made over to the Trustee of that institution.

I have the honor to state for the information of the Board of Revenue that the Tahsildar of Chattput reported to me in January 1846 that a remittance amounting to Rupees 190-1-= being the amount of Rent role

+Yeathapet Village 104-15-
Vylamoor — " — 44-8-
Toolangonnum — 40-10-=
Rupees — 190-1

=Levied from the 3 Villages noted in the margin for fusly 1255 was waylaid on the road between Pooloore and Chattput by a Gang of Robbers who having severely maltreated the Village Officers (10 in number) carried off the treasure

2. The Tahsildar on receiving the above informations immediately proceeded to the spot; and having ascertained that the Robbers were supposed to be Cravers despatched Peons in different directions to effect their Capture. All persons found in the Neighbourhood were brought before the plundered party, who were however unable to identify any among them

ORIGINAL DESTROYED

Fort St. George 22d March 1847

them as having been concerned in the Robbery and no property being found either in their persons, or in their huts, they were released.

3 From the enquiries instituted on the spot by my Head Assistant as well as by the Tahsildar, I am satisfied that the Robbery was really committed, and that the amount specified to have been stolen, was previously collected from the above mentioned Villages. Every exertion has been made to apprehend the Robbers, but hitherto without success, and as one year has now elapsed, I have the honor to request that the Board will obtain the sanction of Government for writing off the amount outstanding in my Books on account of Land Revenue Bewz due from the 3 Villages for fusly 1255=

South Arcot, Coll.rs Cutchery, Cuddalore, 12th March 1847 } /Signed/ W. D. Davis Collector

Order that the foregoing letter be submitted with the following address

To The Chief Secretary to Government.

To the Chief Secy to Government }

47-48

Sir

Para 1. I have the honor by desire of the Board of Revenue to submit for the consideration and

1678 Fort St. George 22nd March 1847.

12th in Cons 22d March 1847

and orders of the Most Noble the Governor in Council, the accompanying letter from the Collector of South Arcot, intimating that in January 1846 the Tahsildar of Chittoor reported to him that a remittance amounting to Rupees 190-1-0 being Collections of Kist from three Villages of that Taluk, was forcibly taken possession of from the Village officers a Gang of Robbers, and that every exertion for their apprehension has been unsuccessful. From enquiries instituted on the spot by the Head Assistant Collector and the Tahsildar, Mr Davis is satisfied that the Robbery was really committed and the money stolen, and he now requests the authority of Government for writing off the above sum in his accounts.

The Board consider that the Collector should have reported this robbery to them at the period of its occurrence, but under the circumstances represented they recommend that the authority of Government may be granted to the Collector to write off the amounts in his accounts according to his request.

Revenue Board Office
Fort St. George

From the P.C.C.r
of Madura

Sir,

1. In explanation of Petition
No 1525 of 1846 herewith returned, I have the
honor to submit that on the decease of Pottu Raike
Nattamgar of Vadakurray in Shekurray in 1837,
whilst under one years Suspension for certain
fraud he was on its expiration, succeeded by
petitioner, his son by second wife on the 21st July
1838 in pursuance of the recommendation of the
Moozoomdar of the 18th Idem.-

ORIGINAL DESTROYED

2 The subsequent claim of Custoory Rungapa
Naik deceased's son by 1st wife to succeed to the
Nattamai, was referred to the Tasildar and on
9th August 1838 his report of the prior right of heirship of the
16th Do claimant as son of the deceased by first wife,
I directed his nomination to the Office in perform-
-ance of the duty of which he has been for the last
8½ Years.-

Madura -

/Signed/ J. Blackburne
P.C. Collector

Proceedings thereon.

53-54

Mr Blackburne reports
that although petitioner succeeded to the
Nattamai in 1838, the subsequent claim of
Custoory

Fort St George 22d March 1847.

Custoory Kungapah Naik, the Son of the deceased Nattamgar by his 1st Wife was admitted and he was nominated to the Office the duties of which he has performed for the last 8½ years. The Board consider this explanation satisfactory and resolve to record the following Endorsement.

ORIGINAL DESTROYED

Under the explanation afforded by the Principal Collector the Board of Revenue are of opinion that the claim of Petitioners is inadmissible.-

To
D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St George

(55.)

From the Pl Collector of Madura

Returning Petition No 1371 of 1846 with explanation-

Sir,

In explanation of Petition No 1371 of 1846- hereunth returned, I have the honor to submit that so far back as fusly 1243 Petitioner formed a ham let under the name of Canara Gounden putty in the Village of Kunibum, in Shenkurray peopled it, and brought certain waste lands under Cultivation. In remuneration for his trouble he was nominated Nattamagar in the same year with a Maniem of 31 Goolies of Poonjah taxed at Rupees 25-7-3 Similar Maniem being granted for 2 Tendulgars a toty and a Matharay or distributer of water to the fields at 37½ and 11 Goolies each taxed at Rupees

Fort St George 22d March 1847.

Rupees 11-14-2 respectively of which they were in enjoyment till fusly 1250 (1840/41)

2 In July 1843 Petitioner applied for a fresh Maniem in lieu of that already granted him as also for an addition, the former because the original ground had gradually become unfit for cultivation, and the latter because of increased cultivation in the hamlet resulting from his care. The Tahsildar of the Talook after inspection of the Maniem land, reported on the 10th August 1844 supporting Petitioners claim basing his support on the ground of the Maniem land, being Covered with thick grass slime, kumbur &c. Petitioner therefore received Endorsements from me under dates the 15th October and 1st November following refused compliance with his prayer, his neglect of the land seeming the cause of its infertility and because no strong plea - such as encroachment on it either by road or jungle stream could be made.-

/Signed/ J. Blackburne
Pl Collector.

Madura
13th March 1847

Proceedings thereon.

Mr Blackburne explains that in July 1843 petitioner applied for a fresh Maniem in lieu of that already granted him as also for an addition, the former because the original ground had become unfit for cultivation and the latter because

55-56

because of increased cultivation in the hamlet & resulting from his care but that his request was not complied with because his neglect of the land appeared to be the cause of its infertility and because no strong plea such as encroachment on it either by road or Jungle stream could be made.-

The Board are satisfied with this explanation and accordingly resolve to record the following endorsement.-

Under the explanation afforded by the Principal Collector and by which it appears that Petitioner neglected the land referred to, the Board will not interfere in the matter of this Petition.-

To

D. White Esqre

Acting Secretary to the Board of Revenue

Fort St. George

From the Pl Collr of Madura

57

Sir,

I have the honor to request you will press upon the Boards attention my letter of the 2d Instant, No 58 advising the Civil Courts precepts of the 1st Idem, requiring my assignation to it, within 15 days of the Rammad Bonds and appraise them, I have this day made return that I begged the Boards permission on the 2d Instant, to comply with the requisition, and having failed to obtain it, have, this day again pressed permission to comply upon their consideration.-

Madura 16th March 1847

P Collector

Resolution thereon

57-58

The Principal Collector is informed that his letter of the 2d Instant has been submitted to Government and that the reply when received will be duly communicated to him.-

Read the following letter

59

From the Asst Collr of Tinnevelly

For warding prepared according to form received a Statement shewing the Revenue derived from land in this District from 1810 to 1845.

To

D. White Esqre

Acting Secretary to the Board of Revenue

Fort St. George.

Sir,

Adverting to your letter of 17th August last, I have the honor to forward prepared according to the form therewith received, a Statement shewing the annual Revenue derived from land in this District during the last 30 years or from Fusly 1226 to 1255.- A.D. 1816/17 1845/46 With reference to Para 3 I beg to observe that I have been too short a time in the District to have been able to form for myself a decided opinion as to the fairness of the assessment, but the conclusion I draw from the information of others is as follows.-

1st That the Coonjah tax is on the whole moderate though not altogether equally distributed. to remedy which defect Mr Thomas submitted suggestions in his report of 24th October 1843.-

2d That the Nunjah tax is too high to admit of accumulation and improvement on the part of the Ryots, though from the peculiarities of the Settlement it has not absolutely impoverished them. This opinion is supported by the nearly stationary extent of cultivation (due allowance being made for the vicissitudes of the Seasons) and the few rich men that exist in the District. The settlement is made on a Standard Corn Rent - formed on an average of 7 years, which is applied (as far as the Government accounts are concerned) uniformly to all the lands of the Village, This Corn Rent is converted into Money according to the selling price of each year - Such being the case, the Ryots do not suffer the whole loss by low prices, and are able to lessen the pressure of the Tax by leaving the poorer lands uncultivated - The division between the Circar and the Cultivator is calculated to be 45 per Cent to the former and 55 to the latter - It is unnecessary to make any further remarks on the subject as a resurvey with a view to fresh assessment has already been commenced -

The tax on garden Produce is low in some places and high in other and with regard to Topes Mr Thomas in his letter of the 6th February 1843 has recommended a reduction.-

Tinnevelly 10th March 1847.

/Signed/ C.D. Parker

Acting Collector

(signed) D. White
Acting Secretary

Read again letter from the Principal Collector of Coimbatore dated 2d and entered in Consultation 22d February last.

Ordered that the following letter be sent in reply.

To

Fort St. George 22d March 1847

61

To The Principal Collector of Coimbatore

Sir,

To the Principal Collector of Coimbatore 3 1.

In Cons 22d Feby 1847

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 2d ultimo in reply to circular from this office relative to the transfer of the Devastanum lands to the Trustees of the several Institutions.

2. The lands of this description under your charge consists of 2 Entire rent free Villages assessed at Rupees 5,288-4-2. and rent free Enam lands in different Villages bearing an assessment of Rupees 30,930-2-7. together with a small extent of Enam land assessed at Rupees 212-7-3 on which a Quit rent of Rupees 20-7-3 is payable to Government. The immediate transfer of these Villages and lands appears to be free from objection and the Board accordingly desire that this may be done an engagement in writing being taken from the party in each case providing for the maintenance of the Pyats and others interested in their rights and privileges and for the payment to the Government of a proportionate share of the expenses that may be incurred in the repairs of irrigation

Para 3

in

Fort St. George 22d. March 1847

in which the Institutions respectively may participate.

3.

You will be pleased to report the measures you may adopt in pursuance of the orders now conveyed.

Revenue Board Office
Fort St. George 22d. March 1847

(Signed) D. White
Acting Secretary.

Read again letter from the Collector of Canara Dated 18th. and entered in Consultation 28th. September last.

Ordered that the following letter be sent in reply.

62

To the Collector of Canara

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 18th. September 1846. in reply to Circulars from this office on the subject of the transfer of the Devastanum lands under the management of the Officers of Government to the Trustees of the Different institutions.

2. It appears that there are no lands of this description in the District under your charge the payment

To the Collector of Canara ... 31.

Calling for further information regarding the transfer of the Devastanum lands in his District under the management of the officers of Government to the Trustees of the Different Institutions.

1 & Cons. 28 Sept. 1846.

Fort St. George 22d. March 1847

payments from the land having been resumed at different remote periods and a fixed allowance in Money granted with reference to the ordinary charges in each institution. The former payments were either portions of the fixed assessment on the land or private contributions. The former was paid by the Land holders and from the nature of landed tenures in Canara did not impart to the institution any right to the land. Any attempts to trace these payments would be attended with great difficulty at this distant period and the difficulty would be increased in consequence of the transfers and Subdivisions of Property which have since taken place. You are accordingly of opinion that it would be almost impracticable to place things in their former position and suggest as an alternative if necessary to carry out the Disconnection, the assignment of the Revenue of particular Estates equal to the ready Money payment which is now made. But this you observe "would be more a nominal than

than a real difference".

3. The Board think it desirable that an assignment in land should be substituted for the present payments as far as such an arrangement is attainable and is convenient to all the parties interested. In Malabar the Collector has acted on the principle and Government escheated Farms will be made over to the Trustee of the Masque at Tellandy in lieu of the present money payment enjoyed by that institution. The Board wish to be informed how far it would be practicable to make a similar arrangement in Canara and if impracticable what peculiar obstacles present themselves they do not object to the assignment of the Revenue of particular Estates as suggested by you provided the arrangement is convenient to the land holders and has their concurrence. Thus by the assignment of Government Wungs and the Revenues of particular Estates, the requirements of the disconnection they think may be fully met. You will be pleased

pleased to take this subject into further consideration and report the arrangements which you may think it desirable to make.

4. The question in regard to the succession to the Office of Trustee on vacancies occurring noticed in Para 7 of your letter under reply will be provided for by legislative Enactment. In the meantime your proposition to pay the allowance "to the party who appears best entitled to it," that is as the Board presume to the party who has succeeded to the management with the general concurrence of the community appears proper.

5. The items from 4 to 13 both inclusive enumerated in the statement which accompanied your letter are clearly surplus accumulations. Item N. 3 Rupees 326-11-8- or stoppages of allowances to make up for the value of Pagoda Property lost thro' the neglect of the servants, belongs to the Pagoda and should be made over to the Trustee. The information furnished regarding Items 1 and 2 is insufficient to enable the Board to decide in what way these

Fort St. George 22d. March 1847.

these sums should be treated. The nature of the Dispute referred to in the 1st Item when it first occurred and in what way it affects the sum in dispute should be explained also in regard to the 2d Item if the Collection referred to is of long standing and has not been expended as not being required the Board would be disposed to view it as a surplus.

Revenue Board Office. Fort St. George 22d. March 1847.

To
D. White Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George

From the Collector of Malabar — dated 20th. August

(66)

Sir

Adverting to Mr. Pycroft's letter and my reply of the 7th. September last, I have the honor to inform you, that I have procured a few Specimens of the foliage, seed and timber of the three varieties of Teak and a Specimen of the foliage and timber of the Poon therein alluded to, and described in the accompanying Copy of a letter from the Bombay Government Timber Agent dated 1st. Instant. The specimens have been carefully made up in two packages bearing your address and will be forwarded to Madras in the H.C. Steamer "Hugh Lindsay" which is expected here in a few days.

The blossom and seed of the Poon

Poon can only be obtained in about two months hence, and the blossom of the Teak in July and August. Specimens of them will be procured and forwarded in due course.

/ Signed / H.V. Conolly
Collector.

Calicut
1st. March 1847

No. 1.

To
H. V. Conolly Esqre.
Collector of
Malabar.

Sir.

With reference to your letters dated 5 October 1846 — 9th. Feby. 1847 noted in the margin, I have the honor to forward to you three Specimens of Teakwood marked 1. 2 and 3 and two Specimens of Poon wood marked 4 and 5 the whole of which have been prepared from well grown timber.

2. It would appear that there is but one species of the Teak tree in Malabar as distinguishable by foliage although the color and character of the wood is found to vary a little according to the nature of the soil on which it has been grown. The difference however, which is but small cannot be detected in the external appearance of the tree or log, but is determined by the amount of resistance which it offers to

to the saw on cutting up.-

3. The Sawyers of Malabar who are expert in their handicraft recognise three different Kinds of wood Viz.-

Specimen No. 1. Kull Teak (from the Malayalum word Kal stone) which is considered the best and most durable and is the produce of trees grown on the tops or sides of hills in a rocky or stony soil it is much harder than the two other Kinds, and resists the action of the saw rendering it more difficult to cut up.-

Specimen No. 2. Nay Teak (from the Malaybar Sn Ey oil) which is considered equal to the Kull Teak in point of strength and durability, and is the produce of trees grown in a loamy soil on elevated ground. it is nearly as hard as the Kull Teak and more troublesome to saw, owing to the unctuous nature of the wood which causes the saw dust to adhere and clog the teeth of the saw.- Ooney Teak (from the

Specimen No. 3. Malayalum ward Pe 2d brun) which is considered less durable than either of the other two Kinds and is the produce of trees grown upon low or marshy ground it is somewhat open grained, deficient in hardness and yields freely to the action of the saw in cutting up.-

I believe it is not the practice to

to make any distinction in the application of the different Kinds of Teak wood to distinct purposes, though it is evident that the Kull Teak is the best adapted for works exposed to atmospheric influence, or where the greatest possible strength is required.- that the Nay Teak from its oily nature is the best suited for hydraulicail purposes, and that the Ooney Teak can be applied with the greater advantage to internal works or fittings up such as are of less strength and are not exposed to the influence of the weather.-

4 As regards the Poon wood I beg to state that the same remarks apply as to Teak wood, there being apparently but one species of tree though the quality of the wood varies according to the nature of the soil on which it is grown, the specimen marked L is the produce of a tree grown on elevated ground and is esteemed stronger and more durable than that of wood grown on the low ground or at the foot of hills and of which No. 5 is a Specimen.-

6 The Poon wood which grows to a large size is seldom used for other purpose than that of forming the masts and yards

Fort St. George 22d. March 1847.

yards of ships for which it is found to answer admirably.-

Sir,

I have the honor to transmit herewith for submission to the Board of Revenue Copy of an application from Captain J.J.F. Cruickshanks of the Bombay Engineers dated 21st January last for fresh leases of lands at Ootacamund on the Neilgherries in the name of Mr. J. H. Crawford in substitution of Nos 5435 and 12 granted to the Revd. H. W. Stuart and Major A. Ross respectively under the authority of Government referred to in the Margin

From the Collr. of Coimbatore No. 1 January 1847.

Date of Collectors letter to Board	Area laid down in Plan	Extent of Ground			Name of former holder	Date of Govt. sanction	No. of lease

To

D. White Esqre.

Acting Secretary to the
Board of Revenue
Fort St. George.

Sir,

(72)

From the Collr. of Madras - - - - Reporting that there is not any prospect of the English salt stored in the Bonded warehouse being purchased by the Native population within any reasonable period & that the quantity required by the Commissariat for the use of the European troops is only about ½ Garce per mensem.

Para 1 I have the honor to acknowledge the receipt of your letter under date the 10th. Ultimo, and to report, for the information of the Board of Revenue, that, having directed a Cart-load of English Salt to be taken, for some days, to each of the principal Bazars and Markets in Madras, and offered it there for sale, as an experimental measure, the result is exhibited in the following Memorandum.

Number of the Bazars.	No. of Cart loads	No. of days	Quantity actually sold.			amount.		
			M.	m.	m.	Rs.	a.	p.
Cutwall Bazaar in Black Town.	1	3	"	4	4	1	5	9
Parcherry — Do. — " — Do. —	1	6	"	"	"	"	"	"
Cutwall — Do. — " — Triplicane	1	6	"	1	"	"	4	10
Principal — Do. — " — Chintadrepett	1	2	"	"	"	"	"	"
— Do. — Do. — ... Poriewaulk	1	1	"	"	"	"	"	"
— Do. — Do. — " — Royapett	1	3	"	5	4	1	10	7
— Do. — Market Black Town.	1	5	"	10	"	3	"	4
Total			"	21	"	6	5	6

The

The above sufficiently establishes the fact that there is not any prospect of the Salt being purchased by the Native population within any reasonable period. Their prejudice against it is so great, that they refused to make any purchase at all in some of the principal parts of the Collectorate, whilst in others a very small quantity was taken, altho' it was saleable at the Monopoly Price of 1 Rupee only per Maund, according to a Notification bearing my signature and the sale of this Office, which was in the hands of a Circar conicopillay to be shewn to the purchasers and others, whereas the ordinary Country salt is sold to them by the retail dealers with the addition of a high per Centage as a remuneration for

for their own labour.-

3. Before addressing my letter to the Board under date the 21st January last, I made enquiry as to whether the Commissariat would not wish to buy any large quantity. The information then obtained by me is confirmed in a great measure by that contained in the

17th Feb.y/47 reply from the Commissary General to a recent reference to him on the subject, as he therein states that he would make a Monthly requisition on the stock to the extent of about 5,500 lbs, or a little beyond 2 Garce only, for the use of the European troops.-

I have the honor to transmit for your information Copy of a letter from the Post Master of Guntoor, together with the three Duplicates received therewith, and request you will please to draw the attention of your Clerks to the provision contained in Section XLIV of the Post Office Rules.

Fort St. George General Post Office 6th March 1847 } /Signed/ C. P. Brown

Post Master General

To C. P. Brown Esqre

Post Master General

Sir, Fort St. George.

In reply to your Deputy's letter of the 20th Ultimo, I have the honor to express my regret that three letters should have

have been sent on the same day under
separate covers, as I have repeatedly reminded
the Writers of the Rule forbidding this practice. I may however take this opportunity of bring-
ing to your notice that the Rule you refer
to is frequently violated at the Presidency
Offices, not excepting your own, and
especially in those of the accountant
General and the Boards of Revenue,
from the latter of which, officials
letters are usually folded in thick Country
paper instead of Sellaum [illegible]
quested by the late Post Master General.
I send three of the letters for your in-
spection, all posted on the 25th February
I would therefore beg to suggest that
the standing orders in question may be renewed.

(2) Read the following Letter from the Acting Secretary to the Board of Revenue.-

(Here enter 15th March 1847. No. 169.)

Before incurring any further expence

Fort St. George — March 1847.

upon an account of the British Salt and loss by wastage from carriage from one building to another, the Most Noble the Governor in Council requests the Board of Revenue will report whether the small quantity now remaining in store might not with advantage be disposed of for Inland Consumption at a rate somewhat below the price at which the manufacture of this Country is sold on account of Government. His Lordship in Council is of opinion that a slight reduction of price would induce the Salt traders of Madras to purchase it, and as a condition of the acceptance of an offer would be immediate removal from the building wherein it now is, and which it is necessary to make vacant as soon as practicable. This course, it is believed, would be preferable to retaining the Salt in store for an indefinite period with a probability of ultimately disposing of it at a large

Received the following letter.

To.

D. White, Esqr.
Secy. to the Board of Revenue
Fort St. George.

Sir.

(4)

From the Pr. Collr. of Madras.— Forwarding Account Current with Rannad up to end of February 1847 an Account particular of sources from which a Sum of Rupees 49,734-9-6 was disbursed under the order of the proprietrix of Ramnad Sauthoopatty. Vindication from rising doubt of disobedience of Orders in suffering interest accruing from certain bonds belonging to the Ranee forming part of the Sum entered in payment of the above order.—

As directed in the Board's Proceedings of the 22nd, received on the 28th Ultimo, I have the honor to forward Nos. 1 and 2, the Accounts Current, for Ramnad, shewing every item of receipts and disbursements, from the end of Fusly 1255 (A.D. 1847-48) to the end of last Month; and, another Statement, No. 3, particularizing the Sources from which the Sum of Rupees 49,734-9-6 was paid to Mr. Fischer; and hasten to present, by the following explanation, any fresh ground for dissatisfaction, which from the 5th para of their proceedings it is possible my conduct may appear open to.—

Extract Minutes of Cons. dated 11th March 1847.—

2 In my communication to the Board, of the 22nd Ultimo, it was my anxious endeavour, and adverting to the declaration of Government that my explanation has been considered perfectly satisfactory; I am pleased that I endeavored successfully.

successfully, to vindicate myself from the charge of wilful disobedience, in having made a payment from funds belonging to the Ramnad Estate, which I had been held not authorized in making. I also, endeavored to impress upon the Board and Government that, at the time of making the payment, I was not only not in possession of any injunction prohibiting that payment, but that I had received orders of a directly contrary tendency, which I should have contravened had I, in any way furthered, hindered, the liquidation by the Ranee, from her own funds, of the claim which by the payment in question, she finally adjusted.-

Dr. 349. Para 1.

Pro. 7th of Nov. 21st May 1846. Para 5.

3. I have now to explain, for the Board's information, the precise nature of the funds from which that payment was made; and, if I correctly understand the Board's present view, I have rendered myself liable to the imputation of having, "on the above date, and, in making the said payment, appropriated, for the purpose, certain funds which I had been expressly ordered not so to employ" that is to say, that part of the sum so paid was

was the interest of certain Promissory Notes, which Notes I had been ordered to retain in my charge - and which interest, I had been directed to reinvest from time to time, in the purchase of Government Securities.-

4. In reply I beg to request the Board's attention to the following precis of facts.-

1st By the Board's letter of the 17th August 1846, I simply received instructions to retain the Promissory Notes in my charge as heretofore.-

2nd Ibid. so, and according to the usual and previous practice in my Office, for the alteration of which I beg it may be observed no orders whatever were then given, I continued to draw the interest, as it accrued on the bonds, and credited it to the Ramnad Estate.-

3rd On the 21st July 1846, the Ramnad Estate, with all its appurtenances and resources, exclusive of the Promissory Notes, but inclusive of the said Amount proceeds of Interest, was made over, and placed

plied at the disposal of the proprietrix.-

5th On the 24th September 1846 a draft, drawn by the proprietrix against the on amount standing to her credit was presented at the Revenue Treasury and paid.-

6. On the 8th of November 1846, an Extract from the Board's Proceedings, dated the 27th August previous, reached me containing an order, of the same date, extending that which had been sent to me in the Board's letter, of the 17th of the same Month, and directing me not to return the Promissory Notes in my possession, but from time to time, to reinvest, in Government Securities, the Interest, as it became due and was realized.-

7 Under these circumstances I could not possibly give retrospective effect to the last mentioned order; but, subsequent to its receipt, I have implicitly obeyed it, and, in conformity with the injunction it conveyed to me, no part of the interest has since been expended.-

8th I hope that the above facts will

will be held to render all comment on my part superfluous, as it is evident that no act of mine, done on the 24th September, could be in violation of an order received only on the 8th November following.-

9th Having thus removed the doubts which appear to have arisen in the mind of the Board, I would bring under their consideration, and, through them, under that of Government, that all questions arising out of these Rummad affairs have now passed away, same in so far as they affect me individually whatever consequences might have ensued, none are now to be apprehended.- The party, on whose account cautions were deemed necessary, by the Government, has, I am given to understand, long ago laid

24th Feby. 1846. before the Board, her acquiescence in the propriety of the payment, made by me, to Mr. Fischer; and the litigant parties have since finally compromised all their disputes.-

Proceedings.

Proceedings.

45

Resolved that the foregoing letter and its accompaniment be submitted for the information of Government in reference to the Board's Proceedings dated 22nd February last.-

2. The Board do not consider it necessary to offer any comment on Mr. Blackburne's letter further than to observe, in reference to the concluding part of para 2, that the instructions conveyed to the Principal Collector in para 5 of their Proceedings dated 21st May 1846 were simply as follows.-

"The question "Viz. the payment of the claim of Mr. Fischer upon the Ryots of Ramnad", is one in which "the Revenue Authorities have no "power of interference and which "must be left to be settled by the "parties among themselves or by "reference to a Civil Tribunal."-

The

At a Meeting Present:

G. D. Drury Esqre Senior Member.
A. Maclean Esqre Acting Second Member.
and
J. Goldingham Esqre Offg. Member.
A. Robertson Esqre Second Member.
Absent on leave

Thursday 25th March 1847.

Minutes of the last Meeting read and approved.-

6

Read the following Extract.-

From the Offg Secy. to Government.- Transmitting for any observations the Board may desire to offer a Report from the Special Commissioner at Cuddapah in regard to the origin and causes of the recent outbreak in that District.

Extract from the Minutes of Consultation under date the 2nd March 1847.-

Read the following letters.-

From the Special Commissioner at Cuddapah.- (Here enter 19th January 1847 No. 48.)

From - Do. Do. (Here enter 20th February 1847 No. 63.)

Para 1. Before finally disposing of the Report from the Special Commissioner at Cuddapah recorded above in regard to the origin and causes of the recent outbreak in that District, the Most Noble the Governor in Council resolves to transmit it to the Board of Revenue for any observations they may desire to offer, especially with

with reference to that portion of the Report which adverts to the interference with the Cuttabady Evans of the District, seemingly contrary to the wishes of Government conveyed to the Board in the letter dated 18th September 1821 quoted in para 32.—

2. Pending the decision by Government of the question of Cuttabady Evans, the orders of the Board of the 28th May 1846 and any other of a similar character will be held in abeyance.—

3. His Lordship in Council is desirous that the Acting Collector should submit his views of the causes of the outbreak and his opinion generally on the special Commissioner's communication, copy of which will be furnished to him for that purpose.—

4. As Mr. Inglis states in his letter of the 20th Ultimo that the Proceedings in the trials now before him will be closed by 15th Instant and that there are no other persons at present remaining for committal

His

His Lordship in Council requests the Court of Fouzdaree Udalut will instruct that Officer to resume charge of his duties as Civil and Sessions Judge on that date but to continue in his Capacity of Special Commissioner to dispose of any cases that may hereafter be committed by the Magistracy connected with the disturbances in Cuddapah, Mr. Murry at present Officiating for Mr. Inglis will be directed to take up his appointment as Sub Collector and Joint Magistrate of Cuddapah on being relieved.—

/ A true Extract /
/ Signed / W.C. Montgomery
Offg. Secy. to Govt.

To The President & Members
of the
Board of Revenue

A.

To.
Sir,

W.C. Montgomery Esq.
Offg. Secy. to Government
Judicial Department
Fort St. George.—

Sir,
Com. 1 The trials of persons committed by the Magistracy as having been concerned in the late disturbances in the Cuddapah District, have now been nearly all completed and the Proceedings held are being referred as fast as the translations can be made, and as it is not likely that many more cases will be committed or that any thing further

material

material will be elicited in regard to the origin and causes of the outbreak, I proceed, to report on the different points regarding which Govt. have required information to be supplied. These points appear to be as follows Viz.t. "The specific causes proximate and remote of the late disturbances, the immediate cause which led the Polygar Narsimha Reddy to take up Arms against the Government, and the causes of the disaffection of the Cuttoobady Peons who joined him to each of which points I shall advert as briefly as possible.—

2. With regard to the remote causes of the outbreak, I think that the frequent changes in the Office of Collector in this District within the last 10 or 12 years have undoubtedly tended in a great measure to produce the state of affairs, which ended in open Rebellion. For many years a prejudice seems to have very generally prevailed against the District, owing probably to the heat of the climate of the Town of Cuddapah during a portion of the year, the vast extent of the District and the arduous nature of the duty with the want of compensating circumstances, such as the society and means of recreation obtainable in other Districts, and in consequence, Cuddapah, came to be viewed both by Collectors and Acting Collectors merely as a stepping stone to an appointment in a more favorite locality

A.

A reference to the Gazette will I believe show that including Collector's Acting Collectors & Sub Collectors in charge the number of changes has been upwards of twelve since Mr. Lacon the last Gentleman who held the office long, was Collector and I believe that most of the Gentlemen so appointed, were ignorant of the language of the District, and had little or no previous experience in it.—

4. It seems to me quite natural and it has doubtless often occurred that Acting Collectors who are of course always anxious for a permanent appointment and permanently appointed Collectors who dislike a District and are anxious to exchange, should be desirous to lose no time in recommending themselves to Government by shewing their zeal in bringing forward seeming abuses in the District in which they are, and in pointing out imperfections in the system of such District, and that in their anxiety to do so, they should be apt to overlook, and not sufficiently consider the History and Customs of the District, the nature of the tenures of land, and the rights and feelings of the people, wherein the very same individuals if permanently appointed and satisfied with their situations, might probably hesitate to embarrass themselves by raising discussions prematurely

A.

Fort St. George 25th March 1845.

prematurely on subjects not long and well con-
=weighed and considered. There are many other ob-
=vious ways, but which need not be dwelt on here, in
which frequent changes in the Office of Collector and
Magistrate, must necessarily be injurious such as
injudicious selections for the situation of Head of
Police, and other important though minor appoint-
=ments from want of personal knowledge of the
respective qualifications of applicants insufficient
supervision of the Police from want of local know-
=ledge of the acquaintance with the language of
the District &c. What I have thus alluded to gene-
=rally seems in my humble opinion to have
been long going on in a very marked manner in
Cuddapah, which leads me to the more
=diate causes of the disturbances in the District.-

5. I have been aware for several
years of the prevalence of excitement, con-
=cern, and discontent throughout the District,
owing to rumours current, regarding the
correspondence carrying on and the mea-
=sures intended with respect to the Bhot-
=warty as well as to the Cuttobady Enams
which was much increased by the mea-
=sures adopted within the last 18 Months
and although it was the resumption

of

Fort St. George 25th March 1847.

of certain Cuttoobady Enams which immediately
led to the insurrection, yet I am satisfied that the
discontent occasioned by the measures adopted
regarding the Bhotwarty Enams, caused the up-
=per classes generally to view it much more
favorably than they would otherwise have
done. The knowledge of which general feeling
doubtless encouraged many of the leading inser-
=gents to make themselves more prominent in
the outbreak than they would otherwise have
ventured to do, and I feel therefore that I omitted
to advert particularly to the latter subject also
I should fail to convey to Government a true
picture of the state of affairs and the feelings
of the people there, and I shall therefore enter
as briefly as possible into this branch of the
subject before proceeding to discribe the mea-
=sures adopted regarding the Cuttoobady Enams
and the consequences of them.-

6. The Bhotwarty Enams of this
District are extensive rent free landed tenures
held by different classes, but generally by Co-
=Bramins, as is implied by the term, which
signifies simply "grants to Bramins." Under
this head and that of Bhyratee are comprised
all the Enams in the District being less than
a whole Village not service lands or granted
on some specific account and bearing a

corresponding

corresponding designation of the latter there are many different heads, but the total amount is comparatively small and they are therefore unimportant as are also the Khyrutee Enams. The Bhaturty Enams bear a value according to the survey assessment of Shelieve, upwards of 6 Lacs of Rupees per Annum. The exact amount, I am unable to state from memory, and have not means of immediate reference to the Collector's Office, that officer being at a distance, nor is positive accuracy on this point of importance. The real annual Value is of Course much less, the lands are not all cultivated and those cultivated are usually taken by the Circar Ryots on terms lower than the assessment; In treating therefore of Bhaturty Enams, it must be borne in mind that term comprises in fact almost the rent free land of the District exclusive of the Shestreem and Agraharum Villages, the former of which generally pay some Quit Rent and that these Enams have afforded the only opening by which any native of this vast District, who by his industry acquired wealth was enabled to obtain by purchase rent free land; which in this Country as elsewhere is an object of the greatest ambition with all. The Cultivation of these Enams under certain restrictions

restrictions by the Circar Ryots, has also been in reality a great assistance to them, and in consequence a source of general prosperity to the District, for no Ryot would cultivate an Enam from which he is liable to be ousted it will unless he got it on very favorable terms much below the assessment in general.

7. The Bhaturty Enamdars are a large body of native Gentry many of them possessing considerable Estates, comprising lands in many different Villages while others have but small holdings some of them are in the public Service others are engaged in Commerce but a great number live on their properties, and subsist on the produce and rents of them. They have held their Estates for 47 years or since the expiration of the Country on fee simple or as private property having perfect liberty to alienate them by Gift or Sale and more happy and contented feeling certainly from their confidence in the good faith of the British Government that while it has not been the practice to make new Grants, no changes would be made in regard to old tenures. Their feelings now however are of a far different nature.

8. In 1845, the Board of Revenue having come to the conclusion that Bhaturty Enams

Enams were of the nature of the charitable allowances mentioned in Clause II Regulation IV of 1831 instructed the Collector to object through the Government Vakeels to the jurisdiction of the Courts over these Enams, to prohibit any transfer of them by Gift or sale, and to report all cases of deaths of present incumbents for the special order of Government, which instructions have been strictly acted up to accordingly when an Enamdar dies his lands are attached immediately and his family even when he has left sons are kept in a state of anxiety and suspense for Months, and until the order for continuing the Enam arrives / of such is the order / the heir is informed that he receives the Estate of his ancestors not as his hereditary right but as the bounty of Government and for his life only. The people here generally know nothing about the Regulations enacted by Government, or the constructions which may be put on them, and only learn the intentions of the Government for the enforcement of their orders by the local Officers. They now feel no confidence on the permanency of any thing said commonly

commonly say. "In what can we now trust, and in what respect is the Company's Government better than former Governments"—

9. When the Collector made his application to the Court objecting to its jurisdiction over Bhatwarty Enams, I repeatedly requested to be furnished with an exposition of the grounds of such objections but could obtain none except Copy of the Board's instructions to him and of a letter from the Board to Government dated 14th August 1845, in which it was mentioned that in a Glossary of Revenue terms, Bhatwarty Enams were defined to be grants mostly of a religious or charitable nature. The Board of Revenue doubtless may have other and better grounds for their opinion, but this was the only one stated and accordingly I as Civil Judge overruled the said application for reasons stated in my Proceedings of the 2nd June 1846 in which I attached to the anxiety prevailing through the District and adverting to the importance of the subject stated that under any circumstances I thought it desirable that it should be brought before the highest Judicial Authorities, and that any change in the practice of the Courts in a matter of such consequence should originate with them—

The

Fort St. George 25th March 1847.

10 The following is as far as I know all that can be said on both sides of the question. In Sir Thomas Munro's instructions to Surveyors he directed that all Sundry Enams having no specific designation under which they could be classed, should be entered if belonging to Mahomedans as "Khyratee," and if belonging to Hindoos as "Bhatwarty," in framing which order he of course could not foresee what construction might be put on it in connection with Regulations subsequently passed. Consequently in the abstract list in the Cutcherry, classifying Enams, Khyratee, and Bhatwarty Enams are bracketed together as Dharmadayem or secular, as distinguished from Dawadayem or Religious grants. There come Enams of different kinds and lastly Pullakuttoo Kotah, &c. or such as have a specific designation denoting their origin. The term Dharma is one of very extended signification, but the translation which I have given of Dharmadayem as distinguished from Dawadayem is I believe the correct one. Hence has arisen as I imagine the idea that Bhatwarty and Khyratee Enams are similar and are both of the nature of the Charitable allowances mentioned in Section II Regulation IV of 1831. Khyratee Enams are really in some measure of a religious or charitable nature, being mostly small grants in many instances connected with the preservation

and

Fort St. George 25th March 1847.

and care of Mahomedan Tombs. Sir Thomas Munro ordered such Enams of Mahomedans as has previously no specific designation to be classed as Khyratee simply because he knew that they were mostly of a charitable nature, as the term implies, and the Enams of Hindoos to be classed as Bhatwarty because he knew that almost all of them belonged to Brahmins.

11. The Yeomiahs mentioned in Section II Regulation IV of 1831, are small allowances in Money of an Eleemosynary nature granted by the native Governments and continued by the British Government. They are also in this District in many instances connected with the sweeping and care of Mahomedan Tombs and correspond with the grants in Land called Khyratee and the term charitable allowances in the above mentioned enactment seems to me to be merely used as an explanation of Yeomiah.

12. No appeal to the Court of Sudr Adalut has yet, that I am aware of, been made against my decision as Civil Judge, but as an intention of making one was intimated, the decision of Suits regarding Bhatwarty Enams, and the sale of such as were attached in execution of decrees, have been suspended in the meantime, but the Collector continues to attach the lands in all cases of deaths of the present incumbents. What the decision of the Sudr Adawlut in appeal might be, I of course, cannot tell, but I hope that the Government

may

may see the question in the same light that I do, and see fit to interfere at once, because even of the extensive and in many cases, ancient landed tenures alluded to could be made out to be an Eleemosynary nature, and liable to resumption at pleasure by means of strained construction of a portion of a Government regulation of which regulation the people have really no knowledge, and which construction even has been brought forward only many years after the passing of the said Regulation and extension of it by Act XXX of 1836, yet it would be better to rescind the enactment than to prolong and perpetuate the discontent and distrust in the good faith of Government which whether justly or not certainly now prevails, and which would be ill repaid by any increase of Revenue derived from the gradual absorption of these Enams. Besides it is questionable whether any great permanent increase of Revenue would be really obtained by the resumption of the whole of them, because the extension of so large a body of resident Landholders would probably have a very deteriorating influence on the trade and manufactures of the District and consequently on the prices of produce and the general prosperity of the District, which hitherto has been such that I believe the Revenue has been gradually on the increase although probably less has been done for the improvement of this District than of any other, and the Revenue has been paid with a punctuality not exceeded if equalled in any other District.-

13. There is one portion of the Enams in this District which appears hitherto to have escaped observation, although they of all, would form the most proper and legitimate objects of resumption. They are of different kinds and are entered in the accounts as ancient Enams. When the claims to Enams after the expiration of the District had been in great part investigated and decided on there remained a good many in each Talook of a

a doubtful nature, but which there was not from pressure of other business time to investigate fully at once; and as the parties claimed to have been long in possession they were allowed to continue so on giving security Annually for the rent of them pending a full and final investigation of their claims. The pressure of duty has been such ever since that, that investigation has never yet been made and the parties remain generally in possession still, but as their claims were originally doubtful and have never been established by them and as they never received any guarantee but rather the reverse these Enams might I think without injustice be resumed on Lapses occurring, if such measure should be thought proper. It may also be remarked that the cultivation of Circar waste land of which there is plenty would no doubt be greatly extended if by improving the road to the Presidency now barely passable for Carts, and opening the passes in the two chains of Mountains which obliquely intersect the District facilities were given for carrying produce to the best Markets and that would form the most desirable source of increase of Revenue.-

I now

14. I now proceed to advert to the measures adopted regarding the Cuttoobaddy Enams. It appears that previous to the year 1839 attention having been drawn to the prevalence of Gang robberies in this District some correspondence took place between the Magistrate and the Judicial authorities in which various opinions were broached as to the causes to which the existing state of affairs should be attributed. In submitting on the 26th August 1839, a report on the subject called for by Government Mr. W Blane, then Collector and Magistrate who had held the situation at that time for about one year having officiated for a short time at a former period adverted to the large bodies of Cuttoobaddy peons kept in particular Villages and in certain Talooks only, while in some Talooks there were few or none of that class and suggested the idea of remodelling the Village Police in which he included the Cuttoobaddies so as to effect a more equal distribution of them through the District.

15. This idea was approved of by the Board of Revenue who since that period have continued to carry on a correspondence at intervals with the Collector calling for reports and statements with the view of submitting the plan for the approbation of Government as soon as it was matured. The last report forwarded was by the

present acting Collector on the 15th December 1845, submitting certain information and Statements called for.-

16. It is not necessary here to enter into the details of the correspondence but only to remark that Government when the subject has come casually before them have, while awaiting the full development of the plan expressed their doubts as to the expediency of the proposed measures. I may also mention that during the short time I acted as Collector previously to receiving my present permanent appointment I took no part in the said correspondence and had I been called to do so was prepared then to have remonstrated strenuously regarding the danger and inexpediency of the measures proposed.-

17. The general features of the said plan seem to be as follows- To retain such number only of the Cuttoobaddies, Vcca as may be required in the Villages in which they are now located to remove to other Villages in the same Talooks where there are few or none of them at present, such of the Cuttoobaddies as are willing to be removed, resuming their present lands and giving to them fresh grants of waste land in the Villages to which they are removed to resume the whole of the remaining Enams on the death

of

of the present incumbents and to appoint as such lapses occur either the heirs of the said persons if willing or other parties with fresh grants to other Villages and Talooks where their services might be required so as to have an average number of Village peons for each Village according to its size. There was also to be a minimum standard of remuneration to which the Enams less than the standard were to be raised and those now in excess of it even if retained were to be reduced on the death of the present incumbents.-

18- In this way the Enams of 1396 Cuttoobaddies rated in the Survey Assessment at Rupees 27767-4-7 and of 8 Ravilgars rated at Rupees 1347-4-3 were to be resumed on the death of the present possessors; 239 Cuttoobaddies were to be removed to other Villages with their own consent and by curtailing the Enams of 1695 Cuttoobaddies bearing a Survey Assessment of Rupees 7,4895-12-10 to the proposed standard resumptions to the amount of Rs. 29,623-12-5. would also be carried to the account of Government, while on the other hand the new grants of waste land required for peons removed or newly appointed to Villages where their services were considered requisite and for raising Enams when necessary to the proposed standard would cause notwithstanding all these resumptions a net expence to Government of Rupees 4130-4-4. I doubt however whether the Consent of 239 Cuttoobadies to be removed

removed from their Villages although reported by the Tahildars can be considered as genuine or other than esctorted by the threat of total resumption.-

19 The professed object of these measures was and the practical effect obviously would be to scatter the Cuttoobaddy peons and destroy them as a body to diminish their numbers and reduce those retained to the condition of Talliaries or Village Peons, and the said measures would therefore be of a very harsh nature independently of other objections to them which seem to me insurmountable although apparently hitherto totally overlooked and which will be presently adverted to. The Cuttoobaddies are generally of two Classes 1st Relations of the Poligars and their Chief retainers who received large grants for their support, and 2ndly The lower Class of retainers who held only very small Enams frequently burdened with a heavy quit rent which Enams they received as a sort of retaining fee to secure their services when required and they looked more to the batta given them and opportunities of plunder when on service, than to their Enams for their subsistence. The former Class are Comparatively wealthy and substantial people often holding puttah lands in addition to their Enams and serving

when

Fort St. George 25th March 1847

when called out by means of substitutes and the proposed measures would be particularly harsh towards them- The latter, notwithstanding the smallness of their Enams have been willing to serve because they have not hitherto been required to give more than a few weeks service during the year and because, if called out to furnish a guard in a pass or for any other duty beyond their usual tour in supplying a guard in turns for a few weeks for the Talook Cut=
=cherry or assisting to escort Prisoners to the Criminal Court they were entitled to 2 annas per diem as batta- The Cuttoobadies are only located in particular Villages in certain Talooks and generally in large numbers together, and in those Villages a few of them by turn are expected to sleep as a guard at night in the Village Choultry but that it is not very strictly attended to and under the circumstances stated that duty is trifling and almost nominal and they have not been expected to perform any other duties than those above stated which are obviously more of a Military nature in assisting the Police than duties of the Police.-

20. It appears to me very questionable whether the proposed measures if carried out would have the desired effect of im=
=proving the Police and checking Gang Robberies

Fort St. George 25th March 1847-

Robberies- The Talaries or Village Peons under whatever designation are generally subservient to their immediate superiors, the Mirasi Reddies and Curnums, and the latter owing to the sub=
=division of the service lands among Coparcers being too often needy in their circumstances and some=
=times still further impoverished by the infliction of heavy fines are led in many instances to resort to the harbouring of Gang robbers and other illicit means of remunerating themselves- When such is the case to increase the number of Talaries would be only to place so many more tools at their disposal and when the state of affairs is different a small number of Village Peons only is necessary for the performance of the duties really requisite from Village Police.-

21- I believe that excluding the Cuttoo=
=baddies altogether, the ancient Village Police will be found to have survived all changes and to be as effective here as in other Districts that there are generally speaking a sufficient number of Village Police under the different local designations of Talaries Mohtadies Village Peons Malavaundloo or Pariahs Vea Vea and that they are adequately remunerated. In support of this opinion I beg to submit the Statement A. shewing the number of Talaries Vea Vea distinguished

From

Fort St. George 25th March 1847

from Cottoobaddies and Cavilgars in each Village in the Collectorate Talook from which it will be seen that in 100 Village there are 526 Village Police Servants giving an average of rather more than 5 to each Village; that the numbers vary from 1 to 38 being in most cases according to the size of the Village; and that the average emoluments of each amount to nearly Rupees 36 there being only one small Village in which there is no Peon. In reference to the amount of Emoluments it must not be overlooked that a Village Peon resides among his family and relations that only a portion of his time is taken up with his official duties and that he generally either Cultivates puttah land or has some trade or occupation according to his caste by which he in part supports himself.

22. I believe that in other Talooks the result will be found not far different and if in some few Villages in certain Talooks one or more additional Talaries be absolutely requisite such deficiencies might be supplied by grants of waste land at a small cost, without interfering with vested hereditary rights or having recourse to the sweeping changes which have been described and which must necessarily have produced the greatest discontent.

In

Fort St. George 25th March. 1847.

23 In the Correspondence regarding the Cuttoobaddy Peons frequent assertions have been made somewhat at random as I imagine stigmatising them in a body as harbourers of thieves, (which could in reality only be done by the heads of Villages,) and as taking part in the perpetration of Gang Robberies amongst them as amongst other numerous classes of the people bad characters are doubtless to be found, and some of the lowest of them have been implicated in robberies, but in such cases it seems to me that the proper course would have been to resume at once the enams of all those who were convicted of any heinous offence which would check the practice and not to punish for the offences of such persons the more respectable members of the body who have not been guilty of any delinquencies. The fallacioustness of such general assertions may be gathered from the fact that Gang Robberies have been most prevalent in the Talooks where there are few or no Cuttoobaddies. In the Chittaul Talook where the Cuttoobaddies are most numerous and amount to no less than 1123 persons Gang Robberies have for many years been almost unknown, whereas in the Poolevendla Talook

Fort St. George 25th March 1847.

Talook, where Gang robberies have always been most frequent there are only 10 Cuttoobadies.—

24. The prevalence of Gang robberies in the Poolevendla Talook must I think in a great measure be attributed to the impossibility of any efficient superintendence of its Police by the Head of Police owing to its vast size which is far too great for any one person to superintend however active and zealous he may be. This Talook which formerly composed two (designated the Kadree and Poolevendla Talooks) extends from North to South about 70 Miles by about 40 Miles from East to West and contains 231 Villages. It bounds through nearly its whole length with the Bellary District being thus much exposed to the incursions of robbers from that District; and is intersected about its center by a chain of Mountains by a long and difficult pass through which is the only communication between the Northern and Southern portions of the Talook.—

25 A very well considered and desirable arrangement was suggested by Mr. Arbuthnot when Acting Principal Collector in 1843 by which the small and open Talook of Cumala poor being

Fort St George 25th March 1847

being absorbed into the adjoining Talooks the division of Poolevendla into two Talooks (as was originally the case) might be effected without any additional expence to Government. The Board of Revenue at the time found some objections to the measure having reference I believe to the preparation of the accounts and comparative Statements of revenue but I imagine that any inconvenience caused in that way would not be very great and the measure would I think have the best effects on the Police of that part of the District.—

29. Although a remodelling of the Village Police has been proposed I do not find that any reform of the Talook Police has been stated to be necessary although the Talook Peons have in reality been as much implicated as the Cuttoobadies in Gang robberies and several of them are now working on the roads here. Heads of Police are too apt to favor and screen their own Peons and not listen readily to accusations against them; and whenever endeavouring to account for the state of the Police in their Talooks to lay the blame anywhere else; but the fact is that cases frequently occur

Fort St. George 25th March 1847.

occur where although the circumstances may not be so glaring as to force enquiry yet much suspicion attaches to Police Peons of being accessary to Robberies either before or after the fact. The Talook Peons are of two classes Police and Attavany or Revenue Peons the former receiving Rupees 4 and the latter Rupees 3½ per mensem but both classes perform Revenue and Police duties indiscriminately as occasion requires. These Peons are obliged to give constant service and their duty necessarily causes them to be generally absent from their homes. The pay they receive is less than what is generally given to the same class of servants elsewhere and is not sufficient to support them and their families and in consequence they all I believe without exception look more or less to eking out by perquisites and other illicit means the pittance they receive. If it is well when they do not resort to worse courses than merely allowing a little delay in the strict enforcement of the orders given them on obtaining free quarters in a Village for a few days.-

2dly. My own experience in this District extending over a period of about 11 years during which I have officiated in almost every

Fort St. George 25th March 1847.

every situation. Revenue and Judicial leads me to the conclusion that the best means of improving the Police of this District and diminishing the number of Robberies would be 1st to improve the condition of the Mirasdar Reddies and Curnums through whose joint connivance only the harbouring of thieves & Robbers can take place within the limits of a Village by giving them a greater share of the emoluments properly belonging to their Offices than is now owing to the subdivision of Service I think by the Collector - without much difficulty if the measures adopted are judicious and gradual according to circumstances and the opportunities presented but the state of affairs in different Villages is so various as mentioned by Mr. Blane in his report previously alluded to that I do not think it would be possible to lay down any general rule which would be satisfactory in its working as regards the amount of emoluments to be enjoyed in each Village by the Meerasdars in Offices and out of Office respectively 2ndly. The dividing of the Poolevendla Talook into two as suggested by Mr. Arbuthnot and 3rdly the improving the condition of the Talook

Peons

Fort St. George 25th March 1847.

Peons by revising the Establishment and appointing a sufficient number of Peons on better Pay than they now have I think they properly ought to have an increase of about one Rupee per mensem to put them on an equality with those of most other Districts.-

28 Much however must always depend on the sagacity and ability of Heads of Police and upon the efficiency and Judici=ousness of the Magistrates measures in super=vising and Controlling those Officers and with all that it must yet be expected that the perpetration of Gang Robberies although it may be checked will still take place to some extent particularly in years of scarcity while the District continues in its present un=improved state. It is in most parts very hilly and Jungly and is divided by two chains of Mountains intersecting it diagonally from North West to South East into 3 parts which only Communicate with one another by long and difficult passes not passable by heavily laden Carts, as is also the case with a great part of the road to the Presidency If the sand road was improved and the passes alluded to opened, Communication between different parts of the District would be

Fort St. George 25th March 1847.

be increased, the Carriage of produce to the best Markets would be facilitated and a stimulus given to trade and Manufactures which would open many sources of employment to the lower classes and place them in a con=dition less exposed to the temptation of joining Gang Robberies while increased Com=munication between different parts would also tend to render the harbouring of robbers more difficult.-

29- Having thus briefly adverted to the points to which in my humble opinion attention should be directed in order to effect any real improvement in the Police of this District, I have now to observe that whatever advantages might have been ex=pected from the proposed plan for remodel=ling the Village Police it seems to have been totally overlooked that insurmountable obstacles existed to the Carrying out of such plan in the fact that the Cuttoobady Peons (who have never formed part of the Village Police at all but are only a sort of Militia called out occasionally to assist the Police) received a special guarantee from Sir Thomas Munro on the part

Fort St. George 25th March 1847.

part of Government that their Enams should be continued to them hereditarily during good behaviour on Condition of their yielding to the British Government the same services only which they had formerly given to the Poligars and that therefore any interference with their Enams except by resumptions on account of the proved misconduct of individuals would implicate the Government in a direct breach of faith towards them. The resumption of Kavilgar Enams can I fear only be viewed in the same light. The Kavilgars of the Ceded Districts are described by Sir Thomas Munro as being descendants of a sort of Petty Poligars to whom from political motives certain hereditary lands and allowances were continued, and he states that they are to be viewed as persons pensioned in order to keep them quiet that no useful Service could be expected from them and no service therefore should be required from them, but that their lands & allowances should be resumed on failure of heirs, and although he held the Cuttoobadies liable for occasional service when required, he did not expect that such

Service

Fort St. George 25th March 1847

service would be of much use, and intended that their Enams should also be resumed on failure of heirs. In regard to the Kavilgar Tenures of the Ceded Districts and the nature of the duties hitherto performed by the Cuttoobaddy peons, and for which alone they are liable, I beg leave to refer the Government to Sir Thomas Munro's Report of the 10th April 1806, addressed to the Secretary of the Police Committee, a valuable document, and which gives an accurate account of the Police as it then was, and now exists in the part of the Country, and I would refer particularly to paras 13 and 15 of that report.

Report from Colonel Munro to the Secretary of the Police Committee Dated 10th April 1806

30. When this District was ceded to the British Government the towns of Cuddapah and the Talooks immediately adjoining it only were under the direct management of the ruling power, and the remainder of the District was almost entirely in possession of Poligars, who kept up much larger bodies of armed peons than they were bound to do by their tenures, and with the Held their Peishcush altogether if not compelled annually to pay by the presence of a larger force and

such

Fort St George 25th March 1807

such was the state of anarchy that little revenue would seem to have been derived from the District by the Nizams Government during the ten years they held it. The measures it was found necessary to adopt to put a stop to this state of anarchy were to resume all the Poligars and grant hereditary pensions partly in money and partly in land to the Poligars and Rayagars, and to continue to the hereditary portion of the Poligars' Peons who are the Cuttoobadys Peons their Enams on the same terms as they previously held them; and Sir Thomas Munro states that notwithstanding the favorable nature of the terms granted, he had much difficulty in persuading many of the Peons to consent and accept them.

31. These measures were in the highest degree successful in accomplishing the desired object, for although Gang Robberies have since been always more or less numerous they have not been at all so prevalent as they are described to have been previously, and by day, the roads which were formerly no were safe except for considerable

bodies

Fort St George 25th March 1807

bodies of armed men, have since continued to be almost universally safe and free from molestation to travellers. While until the occurrences of the past year, open insurrection against Government, which was only the common and constant Custom of the Poligars, has been a thing never heard or thought of. For some account of the Poligars and the state of this part of the Country at the time when it was ceded, I would beg to refer to Colonel Munros letter of the 20th March 1802 to the President and Members of the Board of Revenue, in which reference is also made to a previous letter on the same subject of the 12th August 1801 not to be found now in the Cuddapah records.

Letter from Colonel Munro to the President and Members of the Board of Revenue dated 30th March 1802

32. In regard to the hereditary nature of the Cuttoobaddy Enams and the conditions on which they were granted, I might quote numerous documents but it will be sufficient to refer to the two letters as per Margins and particularly to the latter one being from the Secretary to Government to the President and Members of

Letter from Colonel Munro to the Chief Secretary to Government under date 30th September 1801

From the Secretary to Government to the President and Members of the Board of Revenue
18th September 1807.

Gentlemen

"The Honorable the Governor"
"in Council thinks it proper to point out to your notice"
"that in the Cuttoobaddy Enams in the Ceded Districts"

"have always been hereditary and that the succession"
"them ought to be regulated by the usage of the Country"
"on a former occasion you have been apprized of the"
"importance attached by Government the mainte="
"nance of all hereditary privileges you will make"
"such communication as you may judge proper"
"to the Collectors of Cuddapah and Bellary desiring them"
"not to disturb the Cutbudy persons in the possession"
"of their Enams"

/Signed/ D. Hill
Secretary to Government

of the Board of Revenue under date the 18th September 1821 which being and of so clear and decisive a nature has been tran= scribed on the Margin

This letter was elicited by a proposal of the Board of Revenue at that time to assess Cuttoobaddy Enams upon the deaths of exist= ing incumbents with a quit rent equal to one third of the Survey assessment, and it states dis= tinctly the hereditary nature of the Cuttoobady Enams, and the importance which the Govern= ment at that time / of which Sir Thomas Munro was the Head / attached to the maintenance of all hereditary privileges.

33.

I now proceed to show in what manner the measures described are connected with the Insurrection which took place in December 1846 the Acting Collector in Mr. Cockrane's report was sent in in the the

Statements regarding the Village Police = called for by the Board of Revenue, and early in 1846 the Acting Collector having report= =ed the deaths of certain Cuttabadies, entered as not required for service in the Statements sent by him, and having requested instructions, He was directed in the Proceedings of the Board of Revenue of the 28th. May 1846 to resume the Enams referred to, and all similar lapses, and levy the full assessment on them, keeping the same in deposit and allowing the Heirs of the late incumbents to retain pos= session if they chose to pay the assessment pend= ing the final settlement of the question of the reform of the Cuddapah Police and accordingly in due course in the month of June, the resumption of the lands of 23 Individuals deceas= ed as per Statement B, took place; all of whom / with the exception of Nos 3 and 4, who left no heirs and whose lands were therefore proper objects of resumption / left sons Brothers or Nephews Male Heirs entitled to succeed to their land. No 1 in the Statement B is an extensive Kavelgar Enam bearing a Survey assessment of Canteroy Pagodas 254-4-5, which on the authority of Sir Thomas Munro is a hereditary allowance for which no service is required Yet

this

thus Claas been presumed notwithstanding that the late incumbent has left a son, entitled to succeed to it. It will be observed that with the exception of Nos. 18 and 21, the whole of the lapses and resumptions took place either on the Kalcoontla Taluk or on the adjoining Talooks, and on the immediate Borders of it and it is also worthy of remark that the Cuttoobadies of Goondladoorty, Nofsum, and the other Villages of the Kalcoontla Taluk in which such resumptions took place were the foremost in taking Arms —

34. In the course of the Month of June the Tahsildar began to hear rumours that some Conspiracy was going on, and some disturbance meditated; and in the beginning of July these rumours were confirmed by its being ascertained that Narasimha Reddy was going about visiting the principal Villages where the Cuttoobadies are located in rotation, attended by about 30 Armed Men; that on these occasions he was received in the Villages with the unusual Honors the whole of the Cuttoobadies of each Village going out to meet him and escort him into it. Narasimha Reddy at this time sent by a Messenger a petition requesting for the amount of his Pension for the Months of May which had

preached

preached the Cutcherry and although such requests had previously been occasionally complied with the Tahsildar properly as I think, on this occasion sent word that as no reason was assigned for his not coming in person for it, as usual, and as he wished particularly to see him, it could not be sent — as he did not come however and as he was known to be with a body of armed followers at the Village of Ankonnulla the Tahsildar deputed a party of Peons with a warrant on the 3d July with instructions to bring Narasimha Reddy if possible by fair means to the Cutcherry to speak with him, but if he refused to come to show the warrant and apprehend him if possible. His party however was too strong to allow of his being apprehended on his refusal to come, and he even came to Kollicondah and halted there during the next day on his way from Ankonnulla, in the Western part of the Taluk to Boodravarum in the Eastern part, still refusing to go to the Tahsildar, and gave an account of his proceedings, thus daring the Tahsildar to seize him if he could. As he went off at night, the Tahsildar sent the Taluk Serishtadar or Head Peon with as many Peons as he could muster and with 100 Cuttoobadies, who on his summons from different Villages in pursuit of Narasimha Reddy in

Fort St. George 25th. March 1847

on the direction of Ruddravarum, but after following on his traces unsuccessfully for a few days the Poms were suddenly attacked by Narasimha Reddy with several hundred Armed men mostly Cuttobadies while halting at Chittoor fully ared were disarmed and made Prisoners while the whole of the Cuttobadies with them deserted them and joined Narrasimha Reddy immediately on his appearance and when the attack on the Taluk Cutcherry was made on the 10th. July the Cuttobadies whom the Tahsildar had summoned for its defence all behaved in the same manner. It was also subsequently ascertained very clearly from the enrolment lists of the Reddies followers, found [illegible] and the lists furnished to the Magistrate, of persons absent from their Villages, that the whole of the Cuttobadies in that part of the Cutcherry were implicated in the Rebellion and that the great Majority had actually taken up arms and joined Narasimha Reddy. Government having already received full particulars of the subsequent course of the Rebellion and the manner in which it was quelled it is unnecessary here to enter into any details on that subject.

35. It is obvious that the insurrection was in the first instance solely that of the Cuttobadies and

Fort St. George 25th. March 1847

and their friends untill by the plundering of the Cutcherry, the seizure of the Tahsildar, and drawing away of all the other public servants, a temporary state of anarchy was produced when all the lowest classes on the surrounding Country to the number of many thousands flocked to the standard of Narasimha Reddy, not from any regard for him or from motives of disaffection to Government but merely on the hopes of plundering & pilfering with impunity; and they all dispersed as rapidly as they had collected on the first collision with the Troops. It is also I think equally obvious and is indeed notorious that the resumption of Enams under the order of the Board of Revenue of the 28th. May 1846 was the immediate cause of the rising in Rebellion by the Cuttobady Poms; being as it were the spark which set fire to a train previously laid the people having been previously aware that such measures were threatened, and would probably take place many of the Cuttobadies admitted indirectly in their depositions that all that class were engaged in a common cause, and Narasimha Reddy also admitted in his Depositions before the Magistrate that when he first set out to take the Cutcherry he was hesitated to take the first fatal step of attacking the Cutcherry they

Fort. St. George 25th March 1847

they insisted on his remaining with them and going on, while the Tahsildar in the report forwarded by him by desire of the Magistrate after his release, stated that the Constant subject of conversation amongst the persons on guard over him was that, "if successful, they would not only retain their present Enams which the Circar were bent on taking from them, but would obtain increased grants from Nara=simha Reddy."

36 I also know that the same feeling of discontent and disposition for insurrection prevails universally thro' the District amongst the Cuttoobadies and has even been expressed very openly by some of them who, when sent for by a Tahsildar to serve in their turn on guard at the Cutcherry, have refused to come saying "if our lands are to be taken from our children we will not serve you any longer, and you may as well take them at once."

37 Many of the principal Cuttoobadies in the Koilcondla Taluk are related to the Polygar Narasimha Reddy while he and they being of the Kanpa or Cultivating class of Soodras are related also to many of the Heads of the Villages and principal Ryots and over the whole of them he has of course some hereditary influence

owing

owing to them having received their lands from
his ancestors, and in order to ascertain whether
there could be any thing in the conduct
of the late Tahsildar Ragavachariar
(a stranger brought to the District
by the late Principal Collector) towards
either him or them to account in any
manner for their conduct, I had depositions on
solemn affirmation taken on that subject from
all the public servants of old standing attach
=ed to the Perilcoontla Taluck Cutcherry, but
neither on that investigation, from my own
proceedings held on the trials, nor from the
proceedings received from the Magistrate, did
any thing material of the sort appear
although from the Tahsildar being a stranger
put over the heads of servants of older standing
in the District, and from his being, as I have
had reason to think, rather over bearing and
coarse in his manner to his subordinates, he was
far from popular, and any thing that could
be said against him would have been told
readily. It only was found that the said
Tahsildar

Tahsildar lead a little arranged some of the princ-
-ipal Cuttobadies by objecting to their serving for
the short time they were liable to be called out
each year by substitutes as they had been in
the habit of doing, and persing them to a-
attend in person, and that he sometimes required
such as did attend in consequence of his requisitio-
-ns to that effect to perform services some-
-what of a menial nature at his own house. His
conduct of the Tahsildar exposes him to the
suspicion of having wished to extort from
these parties the payment of some consideration to
him for allowing them to continue the practice
of serving by substitutes, particularly as he adopt-
-ed the course of innovating on previous practice,
without referring to the Magistrate on the subject,
but any such grievance was of a trifling nature, and
under other circumstances would only have formed
the subject of a complaint to the Magistrate. The
very fact of the insurrection having taken
place without any previous complaint, or re-
-remonstrance regarding their grievances by
any of the Insurgents, makes it, I think,
pretty clear, were it not otherwise ev-
sufficiently

sufficiently obvious and indeed notorious,
that such grievances must have had
reference to a matter in which both
the Tahsildar and Collector were
known to be acting under superior authori-
-ty, and that any complaint regarding the
acts of those Officers in such matter, it
was supposed would not be listened to by
that authority. On the other hand, it
is evident that there was not any strong
personal feeling against the Tahsildar,
for when he was seized by the Rebels, the
first impulse of Narasimha Reddy was to
let him go, and although, at the instig-
-ation of some of his followers, he resolved on
detaining the Tahsildar, lest, if left at
liberty, he should in any way be able
to counteract the plans of the insurgents,
yet the Tahsildar's own Palanqueen
was provided for him, and his comfort
attended to in every way, during the
time he was detained and forced to accompany
the Rebels.

39. The Insurgent leader Nujjare
Narsimha Reddy is the third and youngest son
of Mullareddy, late Poligar of Coyalavada in
the

Koilcuntla Taloob, which Pollams, in common with all the other Pollams, was resumed shortly after the cession of this District to the British Government; and in lieu thereof an allowance of Rupees 70 per Mensem was allotted for the maintenance of the family. Half of the said sum fell to the share of Mullareddy's elder Brother, and is still enjoyed by his widow Dodamma, and the other half being divided among the three sons of Mullareddy afforded only Rupees 11-odd to each, which sum Narasimha Reddy, being of an ambitious and expensive turn with an increasing family found quite insufficient for his wants, even with the contributions which he appears to have been in the habit of receiving from the hereditary retainers of both his Father's and mother's families. He is, through his Mother, the Grand son of Jayaram Reddy, Poligar of the extensive Pollam of Nossum also in the Koilcuntla Taloob, for the support of which family on the resumption of the Pollam, an allowance of about Rupees 1000 per Mensem, was granted, and in consequence he has always been held by the people of higher rank and consideration than his elder half brothers. The allowance

for

for the Nossum family lapsed to Government on the death of the late Poligar without male issue, and the refusal to continue to Narsimha Reddy any portion of the allowances of that Family, and the consequent poverty and indigence of his mature years, compared with the state and affluence of his Childhood, have no doubt rankled in his mind. He has therefore always been (as admitted by himself) a disappointed and discontented man, anxious to obtain Military service, or to find any other means of bettering his condition. He was for some time in the service of Shah Alumkhan a wealthy Patan from Hydrabad, who held part of the Banganapilly Jaghire, in Mortgage, but the settlement of the affairs of that Taloob, has of late years, deprived him even of that resource. He appears to have frequently visited Purneol and parts of the Hydrabad Country, where the Vanapurty Zemindar, being of the same caste, is said to have been his friend, and to have occasionally afforded him a little pecuniary assistance. It is probable that in the Hydrabad Country, he may have both heard of, and seen insurrections when protracted for some time ending in a

Compromise,

compromise and flattered himself that he might obtain some such result; and procure an increased allowance for his support. That such was in reality the case, may be gathered from his declarations before the Magistrate, in which complaining much of the insufficiency of his means, he admitted that he was aware of the power of the Company's Government, and never expected that he could be so far successful as to regain the position of his ancestors. He also stated that he had been actively concerting the insurrection for six Months before it took place, having first thought of it about a year before, and that at the last moment when his followers were assembled, and had made Prisoners of the Peons sent to apprehend him, he hesitated whether to go on with the Rebellion or to proceed to Cuddapah and make a representation to the Collector regarding his circumstances and motives, but was persuaded by the Cuttoobadies to adopt the former course. In other parts of his declarations, denying that he intended any actual Rebellion, and alleging that when he went to Karcoontla and attacked the Cutcherry with 5 or 600 men, his object was

was only to speak to the Sahsildar, and the conflict accidental. He attributed the outbreak entirely to the issuing of a warrant for his apprehension, all which however is quite incompatible with his other admissions and with the fact clearly established, and not denied by him, that no warrant was issued until he had refused to come peaceably and give an account of his proceedings, nor until he had been going about for several days with so large a body of men, that his apprehension by the Sahsildar's Peons was not impossible, and when the only effect of the warrant could be to bring matters to a crisis probably sooner than he intended, or wished, as it appeared that he was in hopes of being able to persuade several other Poligars, and discontented persons in that part of the Country and elsewhere to join him.

39. It would appear therefore that his relations and friends, the principal Cuttoobadies, being alarmed at the threatened loss or curtailing of their Emans, and having consulted and complained to Narsimha Reddy, the idea of bettering himself and them, by an insurrection ending in a compromise, such as he may have witnessed or heard of elsewhere, suggested itself to his mind, that the resumption of certain Emans, as already mentioned, merely brought to a crisis a Conspiracy which had been going on for many months previously and that Narsimha Reddy was solely actuated in his revolt by discontent with his

Condition

condition in life, and perhaps in some degree by the
feeling that the impending curtailment of the
means of his relations and friends would diminish
their ability to contribute as formerly to his support,
&c. and tend to reduce his circumstances still lower-
&c.

The people of this District have always
felt confident that the settlement of the landed
tenures made nearly half a century ago, was to be per-
manent, and would not be altered, or infringed in
any way to their disadvantage, and it was therefore
to be expected that the various changes now attempt-
ed would produce discontent regarding the present,
and alarm for the future. The disaffection is how-
ever I am satisfied merely of a temporary nature,
arising from the causes mentioned, and I am con-
fident that it only requires the prohibition of such
innovations to render the people of this District
happy and contented, and yielding to those of no
other District in loyalty, and affection to the
Government, as was till of late the case.
&c.

I have thus endeavoured to the best
of my ability to supply the information called
for by Government, and should further explana-
tion or illustration of any point be required I
trust to be able to afford it. In conclusion, I beg
to state that it has been with feelings of much
reluctance and diffidence that I have presumed
to impugn in any way the opinions and acts
of the Board of Revenue, consisting of Gentlemen,
my seniors in the service, and of far greater general
experience than myself, but at the same time in
submitting the Report called for by Government,
I felt that it was my duty to state my opinions and
the conclusions I had come to plainly and without
reserve, leaving to Government to attach such
weight

weight to them only as they might
appear to deserve, and should I have
in any way expressed myself too freely,
which I hope I have not done, I trust
that it will be attributed solely to
the interest I take in the welfare of
the people of this District, among
whom I have lived so long, and my
anxiety to make fully known to Govern-
ment the causes, which in my opinion
could alone have led to the insurrection
which unfortunately took place.

Special Commissioner's Court, at Cuddapah, 19th January 1847. — — —

/ Signed / Wm. A. D. Inglis
Special Commissioner.

Statement -

To

The Acting Collector of

Cuddapah.

To the Actg Collr of Cuddapah

Sir,

With Reference to the Extract from the Minutes of Consultation under date 2d March last No. 184 requiring you to submit your view of the causes of the recent outbreak in your District and your opinion generally on Mr. Inglis Report of the 19th January 1847 Copy of which was transmitted to you direct from Government - I am instructed by the Board of Revenue to request that after dispatch of your Report to Government you will be so good as to furnish them with a Copy of it for their information.

In Corr. 25th March 1847

Encl. to above

8

From the Offg Sec. to Govt

Directing that the accounts of the Karnool District from Fusly 1249 to 1253 be re-audited.

Extract from the Minutes of Consultation under date the 8th March 1847.

Read the following letter from the Secretary to the Board of Revenue

/Here enter 28th January 1847. No. 71/

Para 1 It does not appear from the foregoing communication that the accounts of the Karnool District for Fusly 1249 to 1253 have gone through a re-audit this course is obviously necessary in order that the Government may have the fullest information of the grounds of retrenchment before it passes final orders on the several items composing the large amount of disbursement for which sanction is now requested.

2 It is observed that of the sum of Rupees 1566056 5 3½ retrenched by the Civil Auditor several† charges have been incurred under orders of Government, the dates of which are quoted by the Agent in his accounts particulars - these, it is stated, are unconnected with the Revenue Department - The Civil Auditor should therefore apply to the Secret and other Departments whence those orders emanated for attested Copies

†Rs 130337-11 9½

Copies of such as have not been communi=
=cated to his office and on re-audit, those=
items for which there may be no sanction will
continue retrenched, and will, after receipt
of the Agents replies, form, if necessary,
the subject of a final reference to Govern=
=ment in the Departments to which the
charges specially relate.—

3. The remaining charges, except=
=ing those stated to be under examination
in the Department of Public Works, should be
re-audited in like manner, for as at present
informed, the Government have no idea of
the particular sums requiring sanction some
of them having already re=
=ceived sanction in the Minutes
of Consultation of the 27th October 1845, No. 1246,
which was duly communicated to the
Audit Office.—

4. It is not explained on what
grounds the pay and allowances of Sub=
=Assistant Revenue Surveyor F. Dick have
been retrenched—the disbursement on this
account should be audited and passed under
the established Rules.—

5. It must be remarked that
some of the charges connected with the
Revenue

† Rupees 27,612-14-6 = ing those stated to be under examination

Extra charges incurred without Estimate for Fasly 1253 Rs 2,887-—-3
Do under Estimate —— —" 202-12-=

No. 13. Rs 553-4-8 for 7 Months

Revenue Department, such as those on
account of the Huzzoor and District Establish=
ments, have been incurred under orders issued
from the Secret Department—The Civil Auditor
should see to what extent the charges are
admissible under those orders and modify
his retrenchments accordingly—

6. Ordered that a Copy of
the Board's letter above recorded, and the
detailed Statements which accompanied it,
be forwarded to the Office of Audit, with=
reference to the foregoing observations—

Extract from the Minutes of Consultation
under date the 10th March 1847—

Read the following Extract from the Proceedings of the Board of Revenue—
(Here enter 18th January 1847 No. 361.)

Para 1. The Most Noble the
Governor

in the District of South Arcot.—

Fort St. George 25th March 1847

Governor in Council observes from the correspondence noted in the margin that the proposition to revise the Establishment of Village Officers in the Villages formerly appertaining to the Suncrapooram Jaghire in the District of South Arcot, so as to place them on a footing with Officers of the same description in the Government Villages was originally computed to involve an Extra charge on the state of Rupees 1143—3—4, and for which amount Sanction was applied and obtained from the Government of India, but it appears now, that owing to difficulties chiefly in the Collection on account of Government of the fees hitherto enjoyed by the Village Officers, these measures could not be carried out.—

Revenue Cons			
30th March 1841	No 18	19
25th May	"	5	6
21st Sept.	"	24	25
11th Feb. 1845	"	21	22

2 From the Abstract Statements submitted by the Collector with his letter of the 22d August 1844, it appears that the emoluments of the Village Officers in the late Jaghire amounted under various heads to Rs. 4,039—7—5 Viz.

Fixed allowance upon the gross produce in different proportions, according to local Custom, 1285—15—1

Sundry small grain fees ——— 820—14—7

Ready Money allowances from Cultivators and Weavers ——— 1,932—9—9

4,039—7—5

Fort St. George 25th March 1847

3. It is now proposed to remunerate the Village Officers by a fixed ready Money allowance amounting in the aggregate—

for Curnums to Rupees	3589—8—9
for Notagars "	1304—11—9
	4894—7—6

and to meet this charge the sum available (after deducting the Ready Money allowances which as resulting from the shares of the Ryots and Weavers themselves, both the Collector and the Board of Revenue consider should be relinquished on the introduction of the proposed revision, as well as the petty grain fees which have also been recommended for remission is only the fixed allowance from the gross produce or Rupees 1285—15—1, which being deducted leaves the Net charge on Government at Rupees 3608—8—5.—

4 The Most Noble the Governor in Council sanctions the revised arrangement now recommended by the Board of Revenue for improving the efficiency of the Village Establishments in the late Suncrapooram Jaghire, involving as above shewn an annual extra charge of Rupees Three thousand Six

Fort St. George 25th March 1847.

Six hundred and eight annas Eight and Pice five—

To the President Members of the Board of Revenue.

25th D.o "—

Read the following letter

To D. White Esqre
Actg Secretary to the
Board of Revenue
Fort St George

12

Sir,

From the Coll.r of Bellary — Submitting with reference to the Coll.r Letter of the 11th January and the Board's Proceedings of the 8th of that Month the particulars connected with the claim of Venkatappah Naid the son and heir of the late Chennama naid of Doode Condal in the Bellary District and recommending the continuance of his father's allowance of CRs. 43-12- in his name for the support of himself 39 Dependants retrospectively from the date of his father's death—

Para 1 With reference to my letter of the 11th January and the Board's Proceedings thereon of the 8th Ultimo, I have the honor to submit the following particulars connected with the claim therein specified for the consideration of the Board—

2 The Pension of 25 Pagodas or Company's Rupees 87-8- granted by Government under Date the 19th August 1817 would appear to have been continued inequal portions to the two sons of Pennal naid late Poligar of Doodecondah by

Fort St. George 25th March 1847.

by name Bada Chennama Naid and Chota Chennama Naid. The latter enjoyed his share of Company's Rupees 43-12- per Mensem, and died on the 8th May 1846 leaving a son and a large Family as per Margin — depending on the Pension for support—

1 Widow of the deceased
3 Daughters
3 Son in laws
1 Sister of the deceased
16 male — 2 Dependants.
15 Female

This Family are sepatate from that of Badda Chennama Naidoo who is still alive and have no other income or Enam Land except the bounty of Government for subsistence. The present claimant Vencatapaty Naidoo the son of the deceased Chota Chennama Naid is a young man aged 15 years, and it has been urged, that owing to the suspension of the Pension from the date of his Fathers death the Family are in great—

3

4

From the Coll.r to the Board dated 7th Oct.r 1817
From you.r to D.o — " 19th Augt 1817
From Board to the Coll.r 1st Oct.r 1818.
From the Coll.r to the Board 16th Nov.r 1818—

The Grounds under which the Pension was originally granted are detailed in the correspondence noted in the Margen I need not therefore trouble the Board with a recapitulation of the same here, but refer them to the correspondence. It is only necessary to add that the allowance was originally recommended for the support of the sons and the Family and having been granted and enjoyed as such, it appears reasonable that the Portion posessed by one of the sons (now dead) should be renewed in the name of his Heir—

Under these circumstances,

5

I beg to recommend the renewal of the Pension of the late Chota Chennama Naidoo in the name of his son Vencatappah Naidoo retrospectively from the date of Casualty—

Bellary Collectors Office 2d March 1847

/ Signed / A. Mellor
Collector

Ordered

Fort St. George 25th March 1847

Ordered that the foregoing letter be submitted with the following address.

(12-13)

To The Chief Secretary to Government

Sir,

To the Chief Sect.y to Government

I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council two letters from the Collector of Bellary dated the 11th January 1847 and 2d Instant.

In Cons.n 8th Ap.l 1847 — 25th March — 598

2 From these letters it appears that on the 19th August 1817 Government were pleased to sanction the continuance of Pension of Company's Rupees 87-8-, enjoyed by Personal said late Poligar of Doodecondah, to his two Sons named Bada Chennanah Naid and Chota Chennanah Naid and that the latter died on the 8th May 1846 leaving a Son and a large family without other means of subsistence than the bounty of Government. Mr. Moller represents that, as the allowance was originally recommended for the support of the Sons and the family of the original Grantee, it appears reasonable that the portion professed by one of the Sons (now dead) should be renewed in the name of his Heir.

Under

Fort St. George 25th March 1847

3. Under these circumstances the Board recommended the continuance of the grant of Rupees 43-12-0 in the name of Vencatapatty Naid and that the arrears may be granted to him from the period of his fathers death—

Ordered to lie on the Table.

Read

Season.

2. Rain fell occasionally in May and June and the season appeared to be commencing favorably but there was an entire failure in July and August, the rain in September and October was very insufficient and partial, affording but little water for the Tanks and was still more scanty in November, December and January and entirely failed in February, March and April, from the season being so unfavorable, there was necessarily a great falling off in the extent of land Cultivated, many of the Crops were entirely dried up and great part both of the Nunjah and Punjah that remained, was much injured by the continued drought. Cholera prevailed in many places and the Cattle were attacked with a disease which destroyed them in considerable numbers. The season appears to have been unfavorable in the Talooks of Chittoor, Vellore, Pennaury and Trunkenbarry, Cottah, than in other parts of the District.

Price of Grain.

3. Annexed is a Table of the prices of Paddy in Fasly 1255, compared with the average Commutation prices.

Stand.	Average Commutation price of Paddy per Garce.			Average Market price of Paddy per Garce.			Difference			Per Centage		
	Rs.	A	P	Rs.	A	P	Rs.	A	P	Rs.	A	P
Collectors Division	84	5	2	117	8	6	33	3	4	39	6	1
Sub Collectors Division	87	8	"	120	12	"	33	4	"	38	"	"

The

The high prices which prevailed towards the close of the season could not fail to be felt distressingly by the poorer Classes generally, though less by the Cultivators than others, as those who had grain to sell were compensated thereby for the deficiency of their produce. The prosperity of the District does not appear to have been permanently affected which I think can may be ascribed chiefly to the repeal of the Sayer duties and the general improvement which is taking place in consequence in the trade of the Country. Some slight disorders occurred once in each of the towns, Wallajah nagger and Vellore, from the difficulty of procuring food, but were speedily suppressed. The neighbourhood of these towns appears to abound with numerous persons who have little beyond some small stipend or Enam for their support. Having commonly a numerous family of helpless dependants, such Classes seem to be generally among the first to feel any increase in the prices of food.

4. Annexed is a Statement of the

Dittum

1805

Fort St. George 25th March 1847.

Dittum or total quantity of land taken up for Cultivation in the Talooks under the Collector's immediate charge, distinguishing the land which was so Cultivated from that which was left fallow, as called for in the Board's

The

Buyer of the Dittums — 15 The remission under the Head of Buyer or land taken up but uncultivated amounted to Rupees 17405.3 as P 4-10.

Chickerpoolay — 16. The remission for land ploughed but unsown amounted to Rupees 30209 as P 1-5 being Rupees 15159 as P 3-2 above the remission granted in the preceding Fusly occasioned by the unfavorableness of the Season.

Stull Cummy — 17 The remission for Stulla Cummy or parts of fields left uncultivated amounted to Rupees 35776-11-7 the increase in the Fusly under report being Rupees 7058-2-11.

Shavy &c — 18. The remission on account of withered Crops in Fusly 1254 was Rupees 13142-2-5 as P and in Fusly 1255 Rupees 28412 as P 11-6. being an increase of Rupees 27070 9-1. in the latter year. The Shavy occurred to a greater extent in the Cauvery pauck, Sholingur, Sutwaid Arcot and Tiruttoor Talooks than in the other Talooks. The total amount of the Shavy was Rupees 15531-2-11 and occurred chiefly in the Nunjah Crops. There was a small amount remitted on Poonjah Crops

Poonjah	3718-9-5
Nunjah	48779-3-11
Gardew	33-5-7
	52531-2-11

From the Board of Revenue 5th December ---- 1844
Board's Proceedings 3d August 1846 Para 13
To Board of Revenue 22d September ---- 1846

Oddadah lands or fixed rent 23. The remission granted under this head was as usual Rupees 6012-12-6 as P. The amount remitted is the difference between the assessment and the fixed rent. The

Seazgarry 24. The remission under the head of Seazgarry in Fusly 1255 amounted to Rupees 10650-12-1 a P being a decrease of Rupees 1803-1-5 below the preceding fusly.

Shrotriem Reyat 25. The remission under this head was as in Fusly 1254 Rupees 115-8-- it is allowed in one Village only in the Wunduwash Talook.

Dusbundum 26. The remission granted as Dusbundum in Fusly 1254 amounted to Rupees 1195-8-- a P and in the Fusly under Report to Rupees 858-12-4 a P being a decrease of Rupees 336-11-8 as P in the latter occasioned by a decrease of Cultivation.

Seerwah Cummy 27 The remission under this head in Fusly 1254 was Rupees 113-3-3 a P and in Fusly 1255 Rupees 201-14-6 being an increase in the latter of Rupees 88-11-3 a P. The remission is allowed under the instructions noted in the Margin

Extract Proceedings from the Board of Revenue 17th December 1840.
Letter from Dr 14th August 1843
Dr from Dr 25th July 1844.

28. The sums remitted under several usual heads were as follows and do not appear to require particular Remarks. Items

Items	Fusly 1254			Fusly 1255			Increase			Decrease		
	Rs	a	P	Rs	a	P	Rs	a	P	Rs	a	P

The

The chief decrease under the above head appears in the Sodee on Enam and Dustundum lands in the Penneuny and Sautgher Talooks which varies with the extent of the cultivation.

Fruit Garden & Palmira Trees

31. The revenue under this head Amounted to Rupees 7548-3-11 in Fusly 1254 and in the Fusly under report to Rupees 7466-13-11 being a trifling decrease of Rupees 81-6-" in the latter which appears to require no particular explanation.

32. The total Summah of Fusly 1255 exctra Sources of Revenue excepted is as follows.

Items	Land Revenue	Zemindary Peishcush	Total
	Rs a P	Rs a P	Rs a P
Total Demand	1302380 4 3	450953 7 3	1753333 11 6
Collections within the Fusly	1272325 7 7	363481 14 3	1635807 5 10
Balance	30054 12 8	87471 9 "	117526 5 8
Subsequent Collections up to 12th March 1847	28170 15 11	66014 1 8	94185 1 7
Balance	1883 12 9	21457 7 4	23341 4 1

33 The only alteration in the classification of Villages in the present Fusly consisted of the three Shratrium Villages

Villages having been transferred to Ain as explained in the 40th para of my Summabundy report of Fusly 1254 Dated 15th June 1846.

Tuccavy Rs 29000-0-0 34 Of the amount sanctioned as advances to assist the ryots in cultivating their lands Rupees 7200-0-0 were disbursed of which Rupees 7184-2-0 were recovered during the Fusly and the remainder Rupees 15-14-2 has also since been recovered.

35. The charges of Fusly 1255 in comparison with those of the preceding Fusly are detailed in Statement No 9. prepared according to the Board's Circular letter Dated 29th November 1830.

Maramut- 36. The expenditure under the head of Maramut was Rupees 13,867-1-3. in the year 1845 Viz. on ordinary works Rupees 5,722-10-0 occasioned Rupees 6,207-10-6 and emergent Works Rupees 1936 12-9- The total number of Works executed was 97 namely 57 Tanks 21 Supplying Channels 3 River Channels 9 Spring Channels and 7 Annicuts repaired.

37 The total number of Puttahs

1824 Fort St George 25th March 1847

Principal Dr 72900
Sub Drs 28232
101132

Puttahs issued in the District including the Sub Division, amounted to 101,132- The Puttahs were prepared agreeably to the form received with the Boards Proceedings of the 6th February 1845- The Summabundy commenced on the 19th January and was completed by the 11th July-

38- A Summabundy report on the Sub Division prepared by Mr. R R Cotton, the Acting Sub Collector is herewith forwarded- The alleged neglect by the Head of Police of the Trivuttoor Talook of his Police duties is under enquiry but I must observe that the Sub Collectors remarks on this subject would seem out of place in a Settlement report- He also complains of the conduct of three of the four Tahsildars of the Sub Division in the management of the Works of the Maramut, I quite concur with Mr. Cotton in considering the present system of management unsatisfactory as the Board have been already informed and believe that it would be a measure of good economy to take the whole out of the hands of the Native revenue officers and transfer it to persons better qualified and specially selected for the duty-

Para 31 of the Summabundy Report for Fusly 1254 Dated 15th June 1846.

39. The outstanding balances for the year amount to Rupees 23,341-4-1 as shewn in the following abstract- Items

Irrecoverable

1826 Fort St. George 25th March 1847

40. Of the Zemindary balance amounting to Rupees 21457-7-4, the sums due by the Cavetruggar and Calastry Zemendars are in the course of recovery by instalments as ordered by the Board of Revenue in their Proceedings noted in the Margin and the trifling balance due by the Sagliredar of Aveleondah will also be recovered forthwith.

Proceedings of the Board of Revenue 31st Augt 1846 Do. Do. 10th Do.

41. The remaining recoverable balance consists of a sum of Rupees 7-a-a due on account of quit rent, Rupees 247-7-8 to be recovered through the Civil Courts from property under attachment Rupees 15-8-3 due by two Enamdars pending the final decission of certain claims on which they have petitioned the Board and Rupees 316-5-5 which is in course of Collection and will in all probability be realized in full.

Endorsement dated 20th Octr 1846 on Petition No. 338 of 1846 Letter to Board dated 23d February 1847

42 The unrecoverable balances amount to Rupees 1297-7-5 of which Rupees 8-a-8 is due on Enam land which has been relinquished by the owner in preference to discharging the demand and has therefore been incorporated with the other Circar lands

The

Fort St. George 25th March 1847

Insolvent 960-6-9
Dead 98-12-3
Emigrated 230-3-9
1289-6-9

The remainder Rupees 1289-6-9 a.p. is due by ryots who are unable to pay have died insolvent or emigrated I have the honor to recommend that sanction may be obtained for the above sums amounting together to Rupees 1297-7-8 a.p. being written off as irrecoverable.

43. The Balances outstanding for years previous to fusly 1253 inclusive were duly accounted for in my letter dated 8th January last. The Balance outstanding for fusly 1254 amounts to Rupees 681-11-2 a.p. of this sum Rupees 311-11-4 a.p. are recoverable, Rupees 298-4-4 a.p. being due on property under attachment of the Civil Courts and Rupees 13-7-4 a.p. remains outstanding pending the adjustment of one of the claims referred to in Para 44.

44. Of the irrecoverable balance amounting to Rupees 370-2-2 a.p. Rupees 152-3-11 is due on the Shrotrium Villages referred to in Para 33. The remainder Rs 217-12-3 a.p. is due in the Talooks of the Sub Collectorate and I beg to refer

17th June 1846. to a Report from the Acting Sub Collector herewith

Para 1. forwarded for the particulars. The Difference between the amount above stated and that given in his letter arises from certain small sums amounting together to Rupees 12-11-8 which were found on examination of the accounts to be fairly due under the rules of the Hookoomnamah having been since collected the instruction from me of the

Para 2. 3d December quoted by Mr. Cotton was superceded by the Board's Orders

Fort St. George 25th March 1847

Extract Proceedings Board of Revenue 1st December 1845.

Orders noted in the margin which were communicated to him on the 8th Instn. The above amount Rupees 370-2-2 a.p. being irrecoverable I beg to recommend that sanction may be obtained for its being written off.

45. The total amount recommended to be written off for fusly 1254 and that under report is Rupees 1667-7-7 a.p.
