Cutcherry Chittoor 19th March 1847.

Remarks

No. 10. The Decrease under these heads from the Pay of Silledy Yea charges was occasioned upon the abolition of Frontier Duties during the past Fusly.

No. 11. Vide Remark. No. 3.

No. 12 This Decrease arises from the reduced Manufacture of Salt during the year.

No. 13. This Decrease arises from the amount of Commission to the Darogah &c on the diminished sales of stampt paper during the year.

No. 14. This increase arises from the amount of allowance to the Enamdar of Mettaulaguem for May and June 1845 of Fusly 1254 incurred during the current Fusly 1255.

No. 15. The decrease under this head arises from the amount of arrears of Pension paid to Yeomiahdars in last year and the portions of Pension of the deceased Yeomiahdars was reduced during the year.

No. 16. The Increase under this head arises from the amount of Balance of arrears of allowance due on account of Chillar Devastans for Fusly 1253/54 and also the allowance Fus Leek Devastans incurred during the year.

No. 17. This decrease in the amount of Batta paid to a Revenue Defaulter confined in jail for Balance against him during the last year.

No 13

To E. B. Lowell Esqre

Acting Collector of North Arcot

Para 1 Sir

I have the honor to submit the usual annual Report in the Revenues of the Sub Division for Fusly 1255 with the necessary explanatory accounts—

2 I commenced the Settlement on the 12th February in the Arcot Talook and from thence proceeded to Polore Wundawash and Tirruttoor concluding on the 25th April and distributing the Puttahs at the Cusbah Stations the whole of which amounting to 2892, were given in my presence to the Ryots of whom each had an opportunity of stating any objections he might entertain with reference to the correctness, or justice of the demand against him 93 puttahs were declined, on various pleas many frivolous one, but chiefly because larger remissions for shavy were not granted than under the existing rules were allowed with reference to the Extract from Minutes of Consultation dated 2d January 1845. para 3 the Moorsiffs of the several Villages at the time of the distributing the Puttahs were called up and examined and instructed in the Regulations.

3. The season was the most unfavorable that has been experienced since Fusly 1243 and the effects have been very severely felt by all. The decrease in the Revenues for Fusly 1255 is below that of Fusly 1252 by Rupees 67391-10-6 that of 1253 by Rupees 114276-5-5 that of 1254 by Rupees 66145-15-10 and only exceeds that of Fusly 1240 by Rupees 24352-12-4. The great decrease is solely to be attributed to the want of rain which fell only in small quantities and very partially in May and June, and in still less quantity and equally partially in July and August. The decrease in the Cuddor or white crops below that in the previous Fusly is Rupees 2881-10-6 but on the whole it will be seen that in Poor jah cultivation there is an increase over the previous Fusly 1254 of Rupees 1174-2-4 In the item of Jolly there is an increase in the cultivation of Fusly 1254 of Rupees 21154-4-4 attributable to the copious fall of rain in December and January of that Fusly noticed in my last Report and which enabled the Ryots

Ryots to Cultivate the land under the larger Tanks, which were well filled by it. The Cultivation of Sumbah, was very trifling, owing to the want of rain in July, august and September, and to the same cause — namely scarcity of rain in October, November and December, the decrease under the heads of Paveray and Wadungal is attributable.—

4. With regard to the healthiness of the Season, if compared with Fusly 1254, there is but little difference, though what there is, is in favor of Fusly 1255. Out of 1666 persons who were carried off by Cholera in the 4 Talooks, 694 were in the Poloor talook, and 389 in Arcot, the large Towns suffering most, and also those in the Neighbourhood of the Hills, as will be seen by the annexed Extract, the Talooks of Tirruttoor and Wundewash suffering comparatively little—

Poloor	186	Poloor Talook.
Allabad	102	
Suntavasel	74	
Sheroveloor	51	
Arcot	173	Arcot Talook.
Arnee	153	
Ranipett	152	

5. The Cuddr Cultivation of Revee, Rumboo, Cholum, Varagoo and Sama run short of that of the previous Fusly as will appear

appear by the annexed Statement, which shews the decrease in Fusly 1255 below that of the previous Fusly to be Cawnies 1221 7/64 or Rupees 2881-10-6. but that of Coyce such as Gram, Cajsaloo, Colundoo, &c. shews an increase on Fusly 1254 of Cawnies 979 53/64 or Rupees 2,740-7-9. as also does that of Indigo of Cawnies 472 38/64 or Rupees 1315-5-1. or a Net increase in Poonjah in favor of Fusly 1255 over 1254 of Cawnies 231 24/64 or Rupees 1174-2-4.

6. The Kunjah Cultivation is with the exception of the item of Rar which benefitted by the rains of December 1844 shews a very considerable decrease on Fusly 1254. In Rar there is an increase over the previous Fusly of Cawnies 149 3/64 or Rupees 2115-4. In the Talooks of Arcot Polore, and Wandewash, there is an increase in the Cultivation of Betle Garders of Rupees 71-9-5. but a decrease in the Tirruttoor Talook of Rupees 30-15-3. reduces the Net Increase in this item to Rupees 40-10-2.

7. The cultivation of the Sugar cane also has considerably increased in all

all the 4 Talooks, as the annexed Statement shews, there being an Increase over the previous Fusly. of Cawnies 438 49/64. or Rupees 6862-1-8. The Arcot talook however is the principal one in which the Cane is grown throughout the 4 talooks the entire Cultivation in Fusly 1255 Amounted to Cawnies 1328 44/64 or Rupees 18566-15-2. of which 843 or Rupees 11696-6-4, or an increase of Cawnies 207 23/64 or Rupees 3339-1-9. on the previous fusly. are in the Arcot talook. The quantity of Sugar exported from the Sub Division during the fusly, according to the Certificates granted amounts to 138529 Candys, which at the average price of 1¼ Rupee per Candy may be valued at Rupees 173161-4-.

8. In the item of Sumbah from want of rain there is a decrease in the 4 talooks of Cawnies 6048 23/64 or Rupees 63074-1-1. and from the same cause there is a decrease in Haveray of Cawnies 2928 17/64 or Rupees 26305-2-4, and in Madaungal of Cawnies 219 or Rupees 2244-11-3. under the heads of Plantains, and Turmeric there appears also a Net Decrease of Rupees 86-10-6. the increase of

Rupees

5009

Fort St. George 25th March 1847.

Rupees 2-14-9 being in the Tiruvuttoor Talook.

9. The entire Punjay or wet Cultivation was Cawnies 28199 34/64 assessed at Rupees 322083-13-11, or a decrease on the previous fusly of Cawnies 7270 15/64 or Rupees 63653-12-...

	Fusly 1254.			Fusly 1255.			Decrease		
	Rs.	a	p	Rs.	a	p	Rs.	a	p
Arcot	88166	9	9	73707	9	1	14459	0	8

Total	385737	9	0	322083	13	0	63653	12	0

10. The Totaeal, or Garden Cultivation though increased in the Arcot and Poloor Talooks by Cawnies 7 12/64 or Rupees 254-8-2 from the decrease in the other talooks shews a Net decrease of Cawnies 8 44/64 or Rupees 23-4-...

11. The quantity of land assessed as Fusly Fasly, was Cawnies 533 52/64 or Rupees 2586-12-7 or a net Decrease below that in fusly 1254 of Cawnies 350 2/64 or Rupees 2576-5-... the particulars of which will be seen in the annexed statement. The Great decrease is in the Poonjah which is solely attributable to the want of rain-

The

Fort St. George 25th March 1847.

The usual remissions granted amounted to Rupees 37928-7-8. shewing an increase over Fusly 1254 of Rupees 7521-10-6. which together with considerable remissions necessarily granted from the badness of the season for Shawy and Vittoopaul make a Net Increase over the previous Fusly of Rupees 14929-6-8. The particulars of the remissions granted on Shawy and Vittoopaul in accordance with your instructions contained in your Teloogoo Memorandum of the 12th February will appear by the following Account—

Taloobs

Fort St. George 25th March 1847.

15 The Statement of land occupied on Cowle is entered below where it will be seen that in Fusly 1254 the Revenue derivable from Cowle lands was Rupees 567-10-5, and that in the present Fusly the privileges of Cowle having ceased on lands paying full assessment of Rupees 79-8-7, the amount of which together with Rupees 24-6. 3. also entered in the Statement, on account of the lands resumed from certain Cowldars in Tyaur, the particulars of whose case are to be found in my Report of last year and the Boards Proceedings of the 3d August 1846, leave a balance of Rupees 246-11-7 on lands previously Cultivated on Cowle, to be gradually increased to full assessment, the extra demand for Fusly 1255 on the balance was Rupees 180-8-9, making a total of Rupees 424-4-4 demandable on Cowle lands, the account also shews that Cawnies 46. assessed at Rupees 121-4-9 were newly taken up for Cultivation during the present Fusly, the whole of which was remitted according to the agreement in the Cowlenamah granted in Fusly 1252.—

With

16. With reference to the 46 Cawnes newly taken up as mentioned above, I would request instructions how to act. It appears that the Cowlear in Fusly 1252, entered into an agreement by which he is bound every fusly till 1258, to take up so much land. He now states that he is incapable of acting up to his agreement, which he requests may be cancelled. From his statement and also from an investigation into his case, it appears that he is quite unable to abide the terms of the agreement, that last year the reduced assessment on the lands newly taken up, has been paid, partly by others, to whom he, the Cowlear, had given the right of cultivating them. He the Cowlear further requests that if the agreement is not cancelled, it may be transferred to the parties cultivating the land but they object to being taxed for more land, than they actually have under cultivation, as before mentioned the Cowlear is obligated to take up certain land every fusly till 1258. but as he is incapable even of paying the reduced assessment, for the present fusly I would recommend that the Cowlnamah be cancelled and

and the whole of the land resumed for if he is unable to meet the small demand now against him. it is hardly to be expected, he will be in a position in future to meet the yearly increasing demands on the lands he has already taken up, and also the extra and increasing demands which will accrue from the lands, he must according to his agreement take up for the next 3 fusles.—

17. With regard to the grain market, the Ryots have had a better season than they have experienced for many years, having realized 38 per cent above the commutation rate, as will be seen by the following Statement.

Fort St. George 25th March 1847.

Of the Rupees 482-4-11 in Arrear, Rupees 315-1-4 are due by the Maungaud Sooee Errandar, who objects to the Board's orders of May 18th as I reported in my Memorandum of the 11th August, the whole amount of Rupees 241-4-8 in Poloor, has been struck off agreeable to your Memorandums date 22nd September and 9th October and of Rupees 383-9-8 in Mundi-wash Rupees 127-9-10 have been Collected, and I only await your orders to carry them to account, vide my Memorandum of the 26th September.

23- The Balance of land Revenue of Fusly 1254, outstanding at the commencement of Fusly 1255 was Rupees 20362-8-4, of which Rupees 19317-2-7, have been collected leaving a balance of Rupees 1045-5-9 the balance from former Fusslies, that is, from Fusly 1242 to 1253 amounted to Rupees 1544-13-11, of which Rupees 581-7-2 have been collected, leaving a Net balance of former Fusslies of Rupees 2008-12-2 uncollected.

24- In conclusion I beg to make a few observations on the conduct of the Thasildars of the Sub Division.—

Fort St. George 25th March 1847.

The Tahsildar of Tiruttoor, I have had repeatedly to admonish for his constant and repeated neglect of duty in every Department whether Revenue, Police or Muramut, but my orders have had little or no effect, and I would therefore recommend that on an opportunity occurring, he may be removed to a smaller Talook, as I consider he is incapable of carrying on, the duties of the situation, he now holds in Tiruttoor, the largest of my Talooks, and one in which there is a considerable quantity of Police business, From an inspection of the accounts shewing the number of Police Cases decided during the Month and those undecided, it appears from the last 10 Months, that on an average he has examined 15 2/10 Cases leaving 35 2/10 Cases every month undecided.—

The Thasildar of Poloor was appointed lately, on the removal of the late Thasildar, and

Cowle

5027

Fort St. George 25th March 1847

and appears an efficient Offier.—

The negligent conduct of the Thasildar of Arcot, in the Maramut Department, has been brought to your Notice, both by myself and the Civil Engineer for which he has been fined.

I have had occasion also to fine the Thasildar of Wundwash, for neglect in the Maramut Department, he having omitted to advance money for the execution of Various works in his Talook, although he had received from the Hoozoor the money for them before the late rain set in, when several of them could not be executed. I have also received several complaints against him, for bribery and extortion but they have been unsupported by evidence, the whole of the Thasildars have been more or less slow in making the Azmayesh for the fusly; that of 26 Villages in Trivatoor and 2 in Wundwash have not yet been made.—

No. 14.

To

E. C. Lovell Esqre . .
Acting Collector of Salt Arat

Sir

Para 1. With reference to your letter of the 13th Instant, with its enclosures I have the honor to submit the following explanation, relative to the Collection of the balance of Rupees 230-7-7 which has been suspended by me.—

2. The Collection of the balance of &c. 154-13-7. due in the talooks of Trivatore Polloor and Wundwash under the head of Bogogasty made by the irrigation of Ryots own wells has been suspended at your desire, expressed in a teloogoo yadast, under date 3d. December 1845, pending a reference which you stated you had made or intended making to the Board of Revenue on the subject.

3. The sum of R 1 — as 5. has not been collect. ed as it would appear that the land has been erroneously stated to be in Brennadasum, &c and another party claiming the land as his stating at the same time that the land was attached to "Natary" a Shotriem Village, orders were issued to the Thasildar to enquire into the case and suspend the Collection.—

4. The excess teerwah in Nagatanguel has not been Collected as from your yadast, under date December 6th 1845. it appears you did — not

Fort St. George 25th. March 1847

not approve of my predecessors act of raising the teerwah though the excess was fixed by "Madatsitat" and the owners of the land made no objection at the time of signing their Chittas.-

5. In "Meercooly" of Polookovakum in the Trivatore talook, the sum of Rs as P 1-11-11. was remitted as it appeared that the land was "Iuyer" and had been so several years, no teerwah moreover had been collected for the last 3 years.-

6. The sum of Rs as 39-11 uncollected from the Malayalum Village of Poloor, is the excess teerwah which was fixed with reference to Fusly 1253, but the villager having petitioned against the excess teerwah being Collected in 1254 and learning from the late Acting Sub Collector that, the excess teerwah had been fixed by him in 1253, as a punishment, and was only intended to be Collected that Fusly - I desired that the excess should not be Collected-

7. The last item of Rs as P 5-8-2 was remitted on the petition of the party, who stated, that his whole Crop was destroyed which Statement was Corroborated by the report of the Thasildar.-

Acting Collector
North Arcot.

Sir,

In reply to your letter dated 5th. Instant, Para 1 I have the honor to inform you that no dittum accounts were prepared of the past fusly - Orders were issued to the several Thasildars in accordance with your Circular Iyadust dated 15th. October 1845. but from want of rain and other causes they reported that it was not practicable to prepare them; I beg to enclose Copies of their reports.-

2. The Thasildar of Wundwash has not forwarded any report on the subject, but no dittum accounts were prepared for that talook, which suffered more than the others from want of rain.-

3. With reference to the Boards directions dittum accounts have been prepared for the current Fusly.-

List

did not bear any reference to the capability of the Land for bearing one or two crops—

4 From the system that prevails in this District of not allowing remission for ordinary failure of Crops, and where no remission is given where a 2d crop has not been raised for want of water on Lands assessed with two crops consolidated Teerwah, it has not hitherto been considered necessary to take any account of the extent of lands, which may yield a short produce, nor of the extent to which second cultivation may have been effected in those that have entirely failed, and I must add that in a season similar to that now under review it is most improbable that the Tanks of the Villages would have been capable of supplying sufficient water for two entire crops Under these circumstances I think it must be apparent to the Board that a very trifling if any loss could accrue to Government by the permission to raise a second crop on one crop land, where the first has entirely failed

5. With reference to the 7th Para of the Boards Proceedings containing the remarks on the wet land cultivation of the two Southern Talloks

Talooks I beg to state that the statement annexed thereto does not convince me that the opinions I have previously expressed on this subject are erroneous. I would observe in the first place that the Prices of Grain quoted by the Board are the average monthly selling price of grain in the four principal Towns in this District One of which is Chellumbrum I need hardly state, that the prices of grain in the two Southern Talooks which adjoin Tanjore is generally upwards of 20 per Cent lower than in the other parts of the District, and it may therefore be inferred, that the Ryots of those Talooks disposed of their grain at a rate much below the average price of the District as exhibited in the Boards Proceedings. In addition to this however, I would request the Board to observe that although in Fasly 1250 the wet cultivation in those Talloocks was only 3 per Cent less than in the preceding year, while the price of the 1st Sort of Paddy exhibited a

a decrease of 22 per cent it must still
be taken into consideration that it was
not possible for the Ryots at the early
part of the season to have anticipated
so great a falling off in the price of
grain. The effects of the cheapness of grain in
that year may be clearly seen in the
decrease of cultivation in the following year
Viz. Fasly 1251 and you will further find
that the same effects were produced in
Fasly 1252 for the same cause.

6 Perhaps the Board may
still consider that the System in which Lands
are now held by the Ryots, checks the
extension of cultivation in some measure
but as the Government appear to be very
much opposed to the present transfer of
landed property which in my opinion
would have a most injurious tendency
from one Kitty Putdar to another Durkhastdar,
I am at present very unwilling to propose
any change in it, the more especially
that the subject of the revision of the
assessment is now pending the Board's
decision.

Regarding

25 per cent

1/No 5 of 6. 21st July 1843 Para 6

Regarding the Boards
observation recorded in the 8th Para. of their
Proceedings on the decrease of Nunjah
cultivation principally in the Nunnargoody
Talloks, I beg to state that the proportion
which the decrease in the assessment bears to the
decrease of cultivation during the last 4 years is only 1¾ per
cent. This difference appears to me to be so very trifling that
I cannot concur in the inference drawn by the Board
Viz. that in consequence of such decrease
the higher rate of
Lands must necessarily
have been abandoned
for the cultivation
of those lightly
assessed. In confirmation
of my opinion I would
draw the attention
of the Board to the marginal note, by
which they will perceive that the average
Teerah of Nunjah Land per Cawny in
those two Talloks during the last 5 years,
appears to have been very nearly stationary-
should it, however appear to the Board
that

Rubbings of decrease 31 - 8¾
in the Assessment
Ryots Cultivation 24 - 12½
Difference 7 - 4¼

	The average Nunjah Teerah per Cawny in Nunnargoody			The average Nunjah Teerah per Cawny in Chellumbrum			Total of these two Talooks

Proceedings thereon—

Recording observations on a letter from the Collector of South Arcot, furnishing explanations on the several points to which his attention had been directed in the Board's Proceedings on the Settlement of his district for Fasly 1254—

Para 4—

21-22

In their Proceedings on the settlement of Fasly 1254 the Board observed that the usual course of Cultivation did not appear to have been followed in allowing Ryots to cultivate 2 Crops in lands assessed with one Crop without additional demand—They were desirous of learning what enquiry had been made to ascertain whether the first Cultivation had arrived at maturity or not, and they are now informed that in lands assessed with two Crops consolidated rent it has never been considered necessary (according to the present System) to take any account of the extent of lands which may yield a short produce or of the extent to which second cultivation may have entirely failed. The Collector does not explain that a different course is followed with respect to the cultivation of lands assessed with one Crop throughout only but he expresses the opinion that when the supply of the Village Tank is not sufficient for 2 entire crops the cultivation of a second crop in one crop land when the first has entirely failed could be attended with but little loss to the Government

2. The distribution of water for lands bearing

two or one crop rent is always regulated by the usage of the Country, and if the Ryots are not rendered liable to pay an additional assessment when they cultivate a second Crop on lands assessed only at one crop rent the appropriation of water for the cultivation of a second crop in such lands would be confined to those Ryots who pay two Crop Rent, by depriving them of the means of fulfilling their engagements &c—thus a loss would accrue to the Government so long therefore as the present System prevails in the Districts of charging consolidated rent according as it may be fixed on single or double Crop lands without taking account of short produce and the failure of the cultivation—the Board see no reason why the Government should be exposed to any loss whatever however trifling it may be by permitting Ryots to raise a second Crop in one crop land with water which might otherwise be available for lands bearing two Crop rent and they are of opinion that this privilege should be allowed unless they pay Fasly Jasti or additional half tierwa—

3. It would have been satisfactory if

Proceedings thereon—

Recording observations on a letter from the Collector of South Arcot furnishing explanations on the several points to which his attention had been directed on the Board's Proceedings on the Settlement of his district for Fusly 1254—

Para 4—

21-22

In their Proceedings on the Settlement of Fusly 1254 the Board observed that the usual course of Cultivation did not appear to have been followed in allowing Ryots to cultivate 2 Crops in lands assessed with one crop without additional demand—They were desirous of learning what enquiry had been made to ascertain whether the first Cultivation had arrived at maturity or not and they are now informed that in lands assessed with two Crops consolidated rent it has never been considered necessary (according to the present System) to take any account of the "extent of lands which may yield a short "produce or of the extent to which second "cultivation may have entirely failed—The Collector does not explain that a different course is followed with respect to the cultivation of lands assessed with one Crop twice only but he expresses the opinion that when the supply of the Village Tank is not sufficient for 2 entire crops the cultivation of a second crop in one crop land when the first has entirely failed could be attended with but little loss to the Government

2. The distribution of water for lands bearing

bearing two or one crop rent is always regulated by the usage of the Country, and if the Ryots are not rendered liable to pay an additional assessment when they cultivate a second crop on lands assessed only at one crop rent the appropriation of water for the cultivation of a second crop in such lands would be unjust to those Ryots who pay two crop rent, by depriving them of the means of fulfilling their engagements &c—this a loss would accrue to the Government so long therefore as the present system prevails in the [illegible] of charging consolidated rent according as it may be found on single or double crop lands without taking account of short produce and the failure of the cultivation—the Board see no reason why the Government should be exposed to any loss whatever however trifling it may be by permitting Ryots to raise a second Crop in one crop land with water which might otherwise be available for lands bearing two crop rent and they are of opinion that this privilege should be allowed unless they pay Fusly Jasti or additional half assessment

3. It would have been satisfactory if

of the collector had submitted a Statement shewing the prices of Grain during the last 8 years in the two Talooks of Chellumbrum and Manargoody comprising the period they have been cultivated under the influence of the Colleroon Anicut, and which he will be pleased to supply in his next report on the settlement. If the decrease of cultivation was dependent upon the low prices of Grain alone the same Results might have been expected to follow from a similar cause in the adjoining district of Tanjore in which after the construction of the Cauvery Anicut the prices of Grain the remarkably low have had no effect in producing a decrease in the extent of cultivation The condition of the two Talooks in question is improving, and the Board are assured that the Collector will continue to give his attention to the advantages to be obtained from the regular and certain supply of irrigation they now derive—

4 The Collector does not reply to the observation of the Board that the Kuyroo cultivation had not been affected by low prices in fasly $\frac{1254}{1844/45}$ With reference however to the Revenue derived from the System of allowing lands to be cultivated and bringht to account under the head of Kuyroo they will endeavour in the examination of the settlement accounts for fasly $\frac{1256}{1846/47}$ to ascertain its apparent effects upon the ordinary Nunjah cultivation of the District In

5 In Para 9 of the letter under review the Collector states that waste lands under Poocheiha of which he furnishes a copy was brought to account agreeably to the established Rules as contained in Clauses 130 and 131 of the Acotham under date 28th February 1842 namah received from the Board On examining this document it is observed that the engagement was made so late in the Fasly as the Month of December when the season for Punjah cultivation had ceased and on the condition of paying the Full Teerwah for separate pieces of Punjah waste and Pramboke land whether they were cultivated or not without reference to any bowle It is not shewn that the Parties engaging to cultivate these lands were Coleeoodies or Paracoodies and whether the option in the latter case was just given to the Coleeoodies to use them or is it specified that these Parties did engage to cultivate not only the land given up to them on proposal but their other Puttah Clause 132 lands also The lands in question comprise waste of long standing and Pramboke The former would seems have been assessed in proportion to the assessment of the entire field of which it formed a part but to the extent of a Cawney which as it is

12 If a field exceeding 1 Cawney in extent more than 1 Cawney is cultivated, as much as is cultivated is to be entered in the accounts but if in such a field less than 1 Cawney is cultivated Teerwah for one Cawney must still be charged

of a Cawney which the Board remark is contrary to Clause 12 of the Acotham namah and should be accordingly corrected—

An-

5045

Fort St. George 25th March 1847.

6 An unqualified engagement like that now submitted to pay full Peiwash on waste and Pramboke lands out of the ordinary season for cultivation whether they are cultivated or not appears to the Board to partake of the character of that System of Purchase which they believed had been entirely discontinued— Mr. Davis will be pleased to direct his attention to this Subject and hence forward will only allow waste lands to be taken up for cultivation in strict conformity with those clauses of the Moo-kummanah, to which he has referred—

7. The Board are desirous on all occasions to forward to the Government the most complete information respecting the Revenue Settlement of every District and when any Statements and accounts are found to be defective or any matter is introduced in their annual Reports which requires notice before the Board can submit them to Government the Collectors have invariably been required to furnish immediate explanation but when cases arise which do not admit of correction and modification before the Settlement of the Land Revenue for the ensuing year takes place the Board have always considered it to be the most convenient Course

9 The Board observe that with the trifling exception of Rupees 364-9-1 the entire Land Revenue of the year was collected within the Fusly. Of the excepted amount the sum of Rupees 350-6-7 since realized was due by one Annajee Row, a Tahsildar in the Madura District and Rupees 14-2-6 is the assessment of a Poroopoo Mannium of an individual who left the district some years ago.

From Coll. 5th Octr. in Cons. 2d Novr. 1846 No. 120.

Para 47 10 The arrears of former years commencing with Fusly $\frac{1242}{1832/33}$ and ending with Fusly $\frac{1254}{1844/45}$ amount to Rupees 71479-11-4 a portion of which belonging to Fusly $\frac{1251}{1841/42}$ is in course of realization. The balances of that Fusly it is stated will be more fully reported on hereafter, in the mean time Mr. Onslow recommends that the Balances of the other years enumerated in Statement No. 10 amounting to Rupees 32,363-13-5. may be written off. There is some discrepancy in details as shewn in the Margin between the Balance recommended to be written off

As per Statement No. 10

off as above and that exhibited in the Demand Collection and Balance statement at the commencement of fusly $\frac{1256}{1846/47}$ which requires explanation. The Board desire that this may be afforded and that the Balances may be reported on at an early date in separate communication the portions recoverable being clearly distinguished.

11 The letters from the Collector noted in the Margin and recorded at the head of these Proceedings contain the replies of that Officer to the remarks of the Board and Government in reviewing the Settlement of Fusly 1254.

6th April in Cons. 20th July 1846.
20th April in Cons. 13th August.
5th Decr. 1846 in Cons. 11th February 1847.

The points requiring notice are.

Minutes of Cons. 5th May 1846 Para 1. The supposed effects of the Coleroon Anicut in reducing the supply of water to the Trichinopoly Channels.

Dr. Para 3 The practice of allowing Ryots to leave their highly assessed lands for those bearing a lower assessment.

Do. Para 4 The falling off in the in the Revenue in Fusslies $\frac{1251}{1841/42}$ — $\frac{1252}{1842/43}$ — 1253 - and $\frac{1254}{1844/45}$.

Do. Para 5 The principle of assessment which obtains in Trichinopoly according to which the crop and not the land is assessed.

12 Mr. Onslow has always assigned a

Fort St. George 25th March 1847

Inbound 11th Feb.y 1847

a prominent place to the Coleroon annicut as injuriously affecting the Trichinopoly Channels. In his letter dated 5th December 1846 recorded above he has entered into some detail as to the several causes which have occasioned the falling off of the Revenue during the last 4 years, and notices the condition generally of the Channels of irrigation in the Wet Talooks of Conaud, Vittoo cutty Moosery and Laulgoody. He has submitted a Statement in which a comparison is instituted between the Revenue of Fusly $\frac{1245}{1835/36}$ and that of Fusly $\frac{1254}{1844/45}$ the former Fusly having been adopted for the purposes of comparison as being higher than the average of the last 13 years. Following the details of that Statement the difference against Fusly $\frac{1254}{1844/45}$ is Rupees 154505-12-5 and a contraction of the cultivation is exhibited in both Wet and Dry lands, and is found in each description of Wet cultivation as one and two Crop lands. The Causes assigned for this falling off are 1st Failure of the periodical rains, particularly the N.E. Monsoon, affecting Cultivation

Fort St. George 25th March 1847

cultivation generally but chiefly two crops Lands 2d. Deficient Freshes in the Cauvery and the late period at which they came down. 3d. continued depression of Prices 4th. Prevalence of Cholera at critical periods of Fuslies $\frac{1251}{1841/42}$ $\frac{1252}{1842/43}$ and $\frac{1253}{1843/44}$. 5th. Emigration of the laboring Classes to Ceylon particularly from the Wet Talooks. 6 Inundation in some Villages and a deficient supply of water in others both arising from the projects which have been carried out for the improvement of the irrigation in Tanjore. The condition of the Channels of irrigation in Trichinopoly is engaging the particular attention of the Board in the Department of Public Works they would however observe from the facts connected with the irrigation which fall under their observation that there are not any grounds for ascribing the decrease in the Cultivation, which it must be remembered has occurred in the Dry lands as well as in the Wet, to the effects of the Coleroon Annicut, nor are they disposed to attach any importance to the supposed failure of the Freshes of the River at seasons when water is most required. The deficiency of the North East Monsoon with depression of Prices and the prevalence of disease have they are willing to admit

exercised

exercised an influence to a certain extent perhaps considerable, but allowing this consideration its full weight a tendency to contract the cultivation, both Dry and Wet particularly of 2d. Crop is still apparent and is not fully explained, the Board are not prepared from the information before them to pursue the subject further in this place but they think it desirable that the subject should engage the immediate attention of the Officer in charge of the District, who will examine the particulars of the cultivation in each Talook for the last ten years, the changes it may have undergone and particularly how far the decrease is ascribable to additional facilities given for leaving land waste, what those facilities, are, and whether Fusal Jastee or assessment on 2d. Crops is strictly brought to account by the Village and Talook authorities. It is also desirable that after the fullest enquiry has been made explanation should be afforded as to the particular periods when the first and second crops are sown and whether the practice of the Ryots in this respect as at present followed, has had any influence on the cultivation - The information now called for should be submitted in a separate communication as early as Mr. Elliotts recent appointment to the charge of the District will admit.

In

13. In regard to the exchange of Lands whereby a Ryot may relinquish the more highly assessed fields for those bearing lower rates, the Collector has pointed out in his report on the Settlement of Fusly 1255 / 1845/46 / Para 14 / noticed in Para 3 - above of these Proceedings that the general working of the rule is not as has been inferred and that the result in Fusly 1255 1845/46 is in favor of the land newly taken up - The Settlement of Fusly 1254 1844/45 was made on the Cultivation of the year, and before the revised Hookumnamah could be carried into effect: and it appears from a letter from the Head Assistant Collector in charge written while the settlement of that year was in progress that several Ryots had applied for deductions on account of waste "mostly on account of their lands being too highly assessed and partly from unavoidable reasons such as want of water and other good causes" - Hence the result noticed by the Board - The explanation of the Collector is satisfactory and the subject does not call for further remark -

From Head Assistant Collector in charge 12th March 1845 -
To Do. 27th March ---

14. The last point to be noticed is the principle on which the assessment of the Dry lands is fixed which regulates the demand with reference to Products rather than the

soil

Soil - Its defective character has been noticed in Para 6 above of these Proceedings and does not call for further remarks in this place.

Communicating a letter from the Court of Sudder Udalut reporting that the proposal of the late Collector of Vizagapatam to prohibit District Moonsiffs in the Ryotwar Districts from receiving suits for sums under 10 Rupees and to reserve all actions in which the amount of litigation fell below that limit for the sole adjudications of Village Moonsiffs is not sanctioned by any provision of the existing Regulations and stating that under the present circumstances it would be a harsh measure to compel the people to resort to those Courts

Extract from the Minutes of Consultation

Under date the 18th March 1847.

Read the following letter -

To

Sir H. C. Montgomery Bart

Offciating Secretary to

Government

in the Judicial Department

Sir,

Para 1. I am directed by the Judges of the Sudder Udalut to acknowledge the receipt of an Extract from the Minutes of Consultation in the Judicial Department under date the 23d February 1847 No. 136 referring for their consideration and report a letter from the Acting Secretary to the Board of Revenue dated 8th February 1847 relative to the opinion expressed by the late Collector of Vizagapatam in his letter quoted in paras 10 and 11 of an Extract from a Despatch from the Honorable the Court of Directors under date the 22nd July 1846 to the effect that the benefits of the institution of Village Moonsiffs would be greatly extended if in Ryotwar Districts the District Moonsiffs were prohibited from receiving suits for sums under ten Rupees and all actions in

in which the amount in litigation fell below limits were reserved for the sole cognizance of the Village Moonsiffs.

2. The Judges of the Sudder Dewanny Adawlut observe that the proposed limitation is not sanctioned by any Provision of the existing Laws and indeed is opposed to the Provisions of Section XI Regulation VI of 1810. Before therefore such a course can be adopted a special enactment will be required.

3. The Judges are not prepared to recommend that course. The present state of education among the Village Moonsiffs does not in the opinion of the Judges, qualify them to perform satisfactorily the ordinary duties which now devolve upon them. A great proportion of them are perfectly illiterate and unable even to write their names. They are moreover, for the most part, either ill paid, or at least inadequately paid for the duties they are usually called upon to perform.

4. The Judges are of opinion that

that the proposed measure if carried out would afford no satisfaction to the great body of the people, but, on the contrary would be distasteful to them. The people care now, if they please have their claims, if for an amount not exceeding ten Rupees adjudicated by the Village Officers, but in the Majority of Districts they seldom resort to them for this purpose, having little confidence in their integrity and impartiality.

5. It appears to the Judges of the Sudder under these circumstances that it would be a harsh and unjustifiable measure to compel the people to resort to Judicatories in which they have no confidence and from whose decisions there is no appeal and to exclude them from the Courts of the District Moonsiffs who are for the most part men of far superior abilities and experience and who are constantly looking for advancement in the service, may be justly supposed to have a much stronger motive to maintain a character for Integrity and Impartiality than

5090. Fort St. George. 29th March 1847.

than can reasonably be expected in the case of the Village Moonseffs.

(16)

To Sir H. C. Montgomery Bt. Officiating Secretary to Government.

Fort St. George

Sir,

Home Dept. Legislative

I am directed to acknowledge the receipt of your letter No. 236 dated the 18th Ultimo, with Enclosures and in reply to state that good and sufficient reasons having been there in shown for the discontinuance of the Betel and Tobacco duties at Trangubar, the President in Council is pleased to accede to the proposition of the Most Noble the Governor in Council and to sanction the Proceedings of the Madras Government abolishing those duties.

Fort William
The 6th March 1847.

/Signed/ G. A. Bushby
Secy to the Govt of India

A

To G. A. Bushby Esqre
Secretary to the Government
of India

1. I am directed by the Most Noble the Governor in Council to acknowledge the receipt of your letter of the 25th April last No 257 in which the opinion of the Government of

of India is intimated that the taxes on Betel and Tobacco as levied under the late Danish Government at Trangubar should not be dispensed with.

2. In accordance with these views this Government issued instructions to the Collector of Tanjore to which District the late Danish Settlement of Trangubar has been annexed and I am directed to bring to the notice of the President in Council the objections which that Officer has urged against the re-imposition of these obnoxious taxes in his letter of the 10th July 1846. which together with the Proceedings of the Board of Revenue thereon under date the 10th August accompany this communication.

3. The reasons assigned by the Collector for his opinions appear, the Board state "to be of much weight" and after adding others which occur to them the Board conclude their letter by "expressing "their hope that on further consideration "of the subject it may be thought desirable "to obtain from the reintroduction "into Trangubar of either of those Taxes."

A duerking

4 Adverting to the remark in the 2nd Para of your letter under reply "that the "President in Council would concur in the "opinion as to the inexpediency of imposing on "the inhabitants the taxes on Betel and Tobacco "if prepared to substitute another mode by "which the same amount of Revenue as was "obtained by the late Danish Government "from these sources could be realized with "less trouble to the community" this Government requested the Board of Revenue to ascertain whether "the taxes on Betel and "Tobacco could be levied in a less objectionable "able manner than they were under the Danish "Government, what was the amount of the "House tax, and whether this or any other "impost could be levied without difficulty and yield the same Revenue".

5. In reply the Government have received from the Board of Revenue their letter of the 21st December forwarding with their observations on it a report from the Sub Collector in charge of Tanjore who states his inability to devise any plan for the collection of these duties less open to objection than the System lately in force and who satisfies the Board of Revenue

Revenue that new taxes could not be imposed in addition to those proposed by the Commissioners in their report of the 28th November 1845, so as to produce a return equivalent to the proceeds of the late Tobacco and Betel duties.

6 From this last letter and its enclosure submitted herewith the President in Council will perceive that the Revenue of the ceded Danish possessions exceeded

Commrs Estimate	34000
Revenue of 1255	36594
Average Rs under Danish Government 3	26097
Estimated Revenue for Current Fusly 1256	42762

in the past Fusly 1255 the estimate of the Commissioners which latter also considerably exceeded the average Revenue obtained by the Danish Government and that a large addition of income is expected in the current year.

7. Considering the altered condition of Tranquebar which has now become the Cusha Station of the Collector, that it is increasing as a trading Port and for these causes has become frequented by persons from all parts of the Tanjore District having business to transact connected with trade or the Revenue authorities, that it

it gives every prospect of yielding a Revenue much larger than was calculated by the Commissioners and that the Betel and Tobacco duties even if realized to the same amount they yielded under Danish rule (which is not probable) would bear a much smaller proportion to the Revenue of the Territory than they did when the subject of their abolition was first brought to the notice of the Government of India, considering also that they cannot be re-introduced without imposing on the people of the District generally, and on the servants and Sepoys of the state serving within the limits of Tranquebar tax no longer known in other parts of the Collectorate, and that they could not be enforced without vexatious restrictions on trade the

Most Noble the Governor in Council trusts the re-introduction of them will

will not be insisted on and that the Proceedings of this Government in abolishing them will be confirmed by his Honor in Council.

Fort St. George 18th February 1847 } (Signed) H. C. Montgomery Offg Secy to Govt

You will observe from the letter from Government dated 25th October 1797, that the General Treasury at Masulipatam, which was at that time under charge of the Collector, was transferred to the Civil Paymaster, and that on the abolition of this office of Paymaster in 1803 the charge of the General Treasury was retransferred to the Collector. When and under what circumstances the General Treasury was first established at Masulipatam do not appear from the records of this Office. I am further instructed by the Board to state that when you are desirous of obtaining information of a similar nature as that now furnished from the records of their Office, it would prefer your request being conveyed in the form of a letter.

4th March 1847

Ordered

5107 Fort St George 29th March 1847.

Ordered that the foregoing letter be submitted with the following address

To The Chief Secretary to Government

Sir,

I am directed by the Board of Revenue to forward for the consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Masulipatam, dated 15th Instant, reporting the death, on the 20th November last of Hasanully Rozeenadar at Ellore, who was in the receipt of a daily allowance of 4s five, for maintaining a Light in the Ashoorkhanah built to the memory of Nawjung Nawab, and submitting an application in the prescribed form, for the continuance of the allowance in the name of Dauda Ally, brother of the deceased.

The Grounds on which the Board recommended the continuance of the allowance to the late Incumbent, are fully detailed in their letter to Government dated 28th November 1845, and for the reasons therein stated they beg to submit the present application for the favorable consideration of Government.

The letter from the Collector of Masulipatam dated 11th September 1845, containing original documents in support of the grant

To the Chief Secry to Government

26-27

5108 Fort St George 29th March 1847.

grant is herewith retransmitted for the information of Government.

To The Commissioner
Kurnool

Sir,

To the Commissioner of Kurnool

I am directed by the Board

Inbnd 29th March 1847.

Board of Revenue to acknowledge the receipt of your letter of the 4th Ultimo transmitting statements of charges incurred in your District during Fusslies 1253 and 1255 and to inform you that the statements have been submitted for the orders of Government which will be communicated to you in due course—

The Board observe that the several statements submitted by you are written on country paper, as these documents are intended to be kept on record it is desirable that they should be written on Europe paper, but the accounts particulars which accompany them may be drawn upon country paper as directed in the Board's remarks dated 16th February 1846 on your statements of charges incurred without Estimate for fusly 1254— You will be pleased to bear these instructions in mind for the future.

The charge on account of Batta paid to Public Servants while on Circuit is considered very high, with a view to effect a reduction in this item as well as to restrict as much as possible the Extra charges incurred in your District

District I am directed by the Board to transmit a copy of their Circular under date 13th June 1836 communicating instructions for the guidance of the several Collectors and to request that you will be pleased to conform to the orders therein conveyed. A copy of the Board's Circular dated 28th January 1833 with Forms of accounts particulars of Batta paid to public servants on circuit and of Cooly and Cart hire for conveying duftors is also forwarded according to which future returns from your District should be prepared—

From the Acting Collector of Chingleput

Explaining that a Bariz founded on the basis of the result of 5 years would not suit the Subdivision of the Vellum Zemindary—

Sir,

Para 1. I have the honor to acknowledge your letter of the 5th November last desiring me to reconsider the Subdivision of the Vellum Zemindaree, as the Board were led to an impression that a Bariz based on the accounts of three years as recommended by me, might unduly favor the Aloonday Division. I was therefore called

called upon to express an opinion whether a Beriz founded on the result of 5 years was not more suitable in reference to the extent of Poonjah land which the Aloonday Division contains and to report whether a Beriz fixed on this basis would be acquiesced in by the parties interested—

2. In conformity with these instructions I have again examined the accounts and made further enquires, but find that the Proprietors of the Aloonday Division does not agree to the arrangement suggested by the Board which would make an additional increase to this Beriz of Rupees 85—9—5. I beg therefore to point out that the arrangement submitted by me already increased the assessment of this Division from Rupees 476—11—4 to Rupees 790—15—2 that a portion of its Poonjah lands are not capable of annual cultivation, but must be left fallow in alternate years, and that its Anadi Bunjer does not consist of land which can hereafter be brought into cultivation by clearing away jungle as in the other Divisions—Under these circumstance

circumstances I beg again to bring the Beriz originally proposed by me to the favorable consideration of the Board—

3. I would add that on making the first enquiry the Vellum Division attracted much of my attention, as its proprietor had been paying annually an assessment of Rupees 1906 and a Sub division fixed on any of the Averages of 7, 5 or 3 years reduced this amount between Seven and eight hundred Rupees. The principal cause for doubt seemed therefore to be that a Sub Division framed on the present accounts might ultimately cause loss to Government by unduly relieving the Vellum Division of its just liability and fixing an amount of assessment on the other Divisions which they might ultimately prove unable to bear. The accounts therefore were closely examined by me, and on becoming satisfied that the Sub division was not likely to cause loss to Government, I brought the subject before the Board, but in doing so it appeared proper to propose the adoption of that average which would leave the assessment

increase to his Beriz of Rupees 85-9-5 He further points out that the arrangement submitted by himself has already increased the assessment of this division from Rupees 476-11-4 to Rupees 790-14-2 that a portion of its Poonjah lands is not capable of annual cultivation but must be left fallow in alternate years and that its Anadi Binjer does not consist of land which can hereafter be brought into cultivation by clearing away jungle as in the other divisions—

Under these circumstances the Board confirm the adoption of the Beriz originally proposed by Mr. Maltby who has closely examined the accounts and satisfied himself that the Subdivision is not likely to cause loss to government

To D. Whish Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

From the Collr of Salem (42)

Sir,

With reference to Extract from the Board's Proceedings under date the 21st January last, I have the honor to forward Copy of the Appeal Plaint entered in the Civil Court by the Plaintiffs in O.S. No. 74 of 1844, with the Answer I propose to file.

Salem Collr Cutcherry 11th March 1847. } (Signed) W. E. Lockhart
Collector

Translation of an appeal Plaint instituted in the Civil Court at Salem by Mootoosawmy Gounden 1 Palanyvala Gounden 2, and Ramasawmy Gounden 3, appellants in the Appeal No. 64 of 1846.

We the appellants beg to state that the points which should be principally taken into consideration are—

1st Whether the sale of the Dudamungalum Mootah which is the subject of this suit was fairly or unfairly conducted

2dly Whether it was sold at much below

below its value in consequence of the irregularity of the Sale.

3d. Whether our adversary Raja Gounden's wishes and endeavours were to appropriate to himself the whole of the Mootah or not.

4th. Whether the 1st Respondent in accordance with the Raja Gounden's intentions allowed the Mootah to be sold for a sum much below its value without permitting those who were prepared to make a higher bid.

5th. Whether Comaravala Gounden who, as stated above made a bid for a less sum is the real brother in law of Raja Gounden.

6th. Whether the construction of Para 7 of the Istiar published by the Collector the 1st Respondent on account of the sale of the Mootah mentioned in No. 36 goes to nullify the sale in the event of it's not being confirmed by the Board after the usual report being made by the Collector on the subject, or whether it is imperative duty of the Collector to use all his exertions to set the sale which had not been approved by the Board confirmed

confirmed or whether the spirit of the above Para would implicate him / the Collector / in the event of his not doing so.

7th Whether the purchase said to have been made by the above mentioned Comaravala Gounden agreeably to the 6th and 7th Paras of the Istiyan was annulled by the letter (annexe No. 75) from the Board to the Collector.

8th Whether the 1st Respondent the Collector concluding that the right of the purchase was annulled has received from him / us the arrears due on the Mootah together with the interest and sibbendy charges.

9th Whether our right to the Mootah after the money had been paid was established and the claim of the purchaser annulled by virtue of the order / No. 81 / to the Treasurer directing him to refund the purchase money to Comaravala Gounden.

10th Whether the Board has authority to nullify or confirm any sale or engagement entered into by the Collector

11th Whether the opinion of the Subordinate Judge stating that the Government

Government had shewn as an indulgence which cannot be carried into effect without interfering with the right of the 3d Respondent and that such illegal interference is not injudicious.

We now proceed to give the particulars regarding the 1st point, that in order to ensure regularity the auction should take place before many of the parties assembled for the purpose disperse and that no subsidiary rule should be framed during the progress of the sale contrary to the spirit of the proclamation issued previous to the Auction, as regards the practice which should be observed by the parties making offers; but the 1st Respondent, the Collector, diverting such a right course commenced the sale of the Mostah in question after 4 O'Clock in the evening, when a great number of the parties had left among those that were present at the time Nunpara-ma Gounden and Palanjala Gounden were the only persons who were prepared to make an high Offer

Offer and independent of Raja Gounden's friendship, but before the conclusion of their (Palaneswala Gounden and Nunparadana Gounden's) bidding the 2d Respondent in order to comply with the wishes of Raja Gounden suggested to his employer the 1st Respondent some captious opinion when the (the 1st Respondent) required the bidders to produce security, and ordered that no one should be permitted to make any offer without producing security, but the bidders replied that it was not convenient either to require security from them or for them to produce it that they were not previously informed of the requisition of security and that after the conclusion of their bidding they were prepared agreeably to the Durkast rule and regulation to pay down immediately 15 per Cent and to produce security for the remainder of the purchase money in the Talook. Besides this, the Head Sheristadar of the 1st Respondent's Cutcherry explained to him (the 1st Respondent) the Regulation and Istyar for conducting

the

the sale and the usage and further alleged that it was unusual to require security from the bidders at that moment and that in the event of the bidders not being punctual in the payment of the purchase money, they are liable to the forfeiture of their deposit money and to make good any difference which may arise by the resale of the property and he/ the Sheristadar/ further requested the 1st Respondent to make enquiries of the old public Servants that were then present on the subject.

After all this, the confidence placed by the 1st Respondent on the 2nd induced him (1st Respondent) to demand security in direct opposition to Sections 5-7- and 12 Regulation 26 of 1802 from the bidders, agreeably to his (the 2nd Respondents) motions; consequently the bidders, not being able in a strange Village, Dharampoory to produce the required Security were induced to withdraw. Those that were eye witnesses to this occurrence also retired thinking that their Offers would in the same

same manner be objected to. Upon this the friend and relations of Rajaw Gounden Sizt. Kylasa Gounden Paramasiva Gounden and Chengodavala Gounden commenced bidding for small sums but when it was going to be Knocked down in the name of Comaravala Gounden, brotherinlaw to Raja Gounden for the small sum of Rupees 9,000, the Head Sheristadar suggested to the 1st Respondent that the Estate should be purchased on account of Government for a higher sum in consequence of its being a profitable one, but he (the 1st Respondent) took no notice of it as he intended to get it Knocked down in the name of Comaravala Gounden agreeably to the wishes of the 2nd Respondent. Mr. Pliey afterwards enquired into the truth of this Case & when he took depositions from the Head Sheristadar and other public Servants and made his report (No. 85) to the Board being of opinion that the Mootah in question by right should be restored to as. On examining the above report and the depositions

depositions (inner Nos. 83 and 84) given by the Head Sheristadar and Coomustah Streenevasa Iengar the Court will be fully convinced of the irregularity observed in conducting the sale which commenced after 4 O'Clock in the evening when objections were raised demanding security and the practice which was observed in all similar Cases explained during which the remainder part of the evening was spent and the Assembly dispersed when just about the time it was getting dark the Moottah as stated above was Knocked down for a small sum and the Court will further conclude that no other evidence than these are required to demonstrate the irregularity of the sale and that the decision of the Subordinate Court is illegal and inadmissable.

The particulars of the 2d point are that when such irregularity as

as stated in the 1st para took place what opportunity was there for offering or purchasing the Moottah in question. Before the parties assembled retired and who were desirous of making offers. The proper time for conducting the sale was from 10 A.M to 4 P.M if this was duly observed the offers would have been increased and the Moottah would have realized its proper price. The Collector without observing this introduced at the time of sale an unusual rule of demanding security from the bidders who were at a loss to comply with his orders this itself is a plain proof of its having been sold for a small sum and to occasion a loss. The subordinate Judge without taking this principal point into consideration remarks in his decree that we failed to prove the

the irregularity of the sale which occasioned a loss and lessened the price than that which it otherwise would have reached, and in the following lines he states that it is to be admitted that the demand of Security from the bidders Rumparoomas Gounden during the progress of the sale was unusual and unauthorized by the Proclamation issued previous to the auction, altho the subordinate Judge admits in his decree that irregularity had taken place, yet he states that we failed to prove it, from this it should be inferred that

that he has not made a sufficient examination into this case. The Civil Court will on examining this case plainly find the decision of the Subordinate Judge to be erroneous, and that a great loss was occasioned on account of the irregularity of the sale. The particulars of the 3rd point are that Raja-Gounden with the intention of obtaining possession of the whole our Mootah kept back the portion of the Kist due by him to the Circar and also used his influence being an opulent person who has a great number of relations &c to debar the Collectors of the Kist in our division of the Mootah in order to bring it under attachment and further he Raja-Gounden instituted a false suit No 148 of 1843 to recover possession of our half share of the Mootah in question, but finding that he would not meet with success in this suit allowed the Mootah to be put up to sale, at the time of sale we had the Amount of balance due by us ready and mentioned the subject to the Collector, but Rajah Gounden, by the influence of 2nd Respondent, without paying the balance due by him, managed, to get the Mootah in question knocked down in the name of his brother in law for a small price. This can be proved by

Fort St. George 29th March 847.

by the suit No. 148, above alluded to, and by the Vouchers (inner No. 83, and 84) which shew that he (Raja Gounden) was the promoter of the illegal act of demanding security. Besides this if Raja-Gounden had no intention of getting the Mootah purchased at a low price (by indirect means) he would not have started objections at the progress of the sale, in order to depreciate the price instead of being desirous of seeing it increased to his advantage in consequence of his being one of the joint proprietors. The Subordinate Court it is evident did not take this point into consideration.—

The 4th point is, that the 2nd Respondent (Savabiniyh) this the persuasions of Raja-Gounden suggested to the 1st Respondent (the Collector) to demand security from the bidders who were accordingly prohibited making offers without producing security, altho' the Head Sheristadar at the time explained to the 1st Respondent regarding the practice observed in all similar cases and that the demand of security was altogether unusual, yet he took no notice of it nor did he purchase it on account of Government for 9000 Rupees, he (the 1st Respondent) at last accepted the offer made by Comaravala-Gounden.- From this it will be

Fort St. George 29th March 1847.

plainly perceived in the course of examination in the Civil Court, that the Collector the 1st Respondent had from the commencement an intention of getting the Mootah in question purchased in Comaravala Gounden's name and that he so wilfully acted in the manner stated so as to cause a loss.—

The 5th point is, that the pleadings of Comaravala Gounden shew that Raja Gounden is his brother in law, and that it is also fully admitted in the Decree; it being so, the Subordinate Judge formed an erroneous opinion that Comaravala-Goanden purchased the Mootah in question for himself and that he conducts the affairs of it while all from the commencement allege that Raja-Gounden caused the Mootah in dispute to be purchased for him thro' Comaravala-gounden; it is to their interest to screen the fact, altho' Raja-Gounden privately conducts the affairs thro' the agency of the nominal proprietor Comaravala-gounden. From the witnesses part (inner No. 83) it is proved that on the subject of granting puttah for his (Witness') patent land Comaravala-gounden told him that he would first get the consent of Raja-Gounden for so doing do- Moreover as stated in our reply Comaravala-gounden with the intention of

Port St. George 29th March 1847.-

of deeming the joint Proprietors, allowed his Manaly Mootah to be put up at public auction, and the nominal purchasers in this case were Raja Gounden and relative Pramasiva Gounden, this Mootah is up to this day in the enjoyment of Comaravala Gounden altho' this point was not required to be proved by witnesses by us in the original Suit, yet if the 3rd Respondent Comaravala Gounden will take his oath in a regular manner at the 60th Step in the Pagoda of Trichingode and put up the 60 lights that may be lit therein by us pronouncing that the Moottah of Manaly is not in his enjoyment that the Mootah of Dindamungalum was not purchased on account of Raja Gounden that the purchase money paid including Savarant was not Raja Gounden's but his own and that the expense attending the Suit has not been defrayed by Raja Gounden but by himself we shall forego this claim but should the same oath be required from us by 3rd Respondent, we shall readily accede to it- we humbly request that the Civil Court will be pleased to take into consideration this particular point and confirm it as solicited about, that the deceit practised in this case in order to deprive us of our Estate and reduce us to poverty we may

Port St. George 29th March 1846.-

may be brought to light-

The 6th point is that on perusing the Petition published for the sale of Mootahs the Court will be convinced that the purchase of the Mootah in question had been annulled in consequence of its not having been confirmed by the Board, on the 1st Report of the Collector, that the 3rd Respondent had no reason to press on the Collector to get the sale confirmed, that owing to the regard he the 1st Respondent had for the 2nd Respondent, he was induced to represent to the Board that the sale was regularly conducted commencing at 10. A.M instead of after 4 P.M. and to solicit that it may be confirmed in order to endure confidence on the part of Government- Yet as we stated about the deposition (annexure No. 83) taken from the Sheristadar by Mr Glen will show that the 2nd letter from the 1st Respondent to the Board contains a subject that did not actually take place, the deposition given by Raja-Gounden refuting the payment of the balance due by him was alone forwarded with it and that the deposition given by us agreeing to pay the whole of the amount of arrears due both by

5135 Fort St. George 29th March 1847.

by ourselves and Raja Gamdeo was set aside without being forwarded with the same when we appealed to the Board regarding the irregularity of the sale they stated that they would be reluctant that the Mootah which was in our possession from many years should pass out of our hands but if they (the Board) entertain any doubt on the letter of the 4th Respondent regarding our Appeal Petition they should have called upon us to prove the allegation therein contained, without doing so they sanctioned the confirmation of the sale in conformity with unjustifiable intention of the 4th Respondent quite contrary to the order (inner No 75) To render justice to the parties that have been totally injured as specified and to establish their right, laws and regulations have been enacted, but the Court will plainly perceive from the Result that tho' the Subordinate Judge had found the injustice done by the 4th Respondent and the Board in our case, yet he tried to establish such an injustice by assigning an order to deprive us of our Estate we therefore fully trust

5130 Fort. St. George. 29th March 1847.

trust that the Court will take our unfortunate case into consideration and render us justice.

4th Point:- From the tenor of the latter (inner No 75) the Court will perceive that the purchase made by the 3rd Respondent is proved null and void and so that the different constructions put upon the said letter by the adversaries stating that it contained no specific orders to cancel the sale and the allusion made in the original decree so as to agree with their objections that was insufficient sanction by the Board of Revenue in their letter to the Collector stated in lieu of sanction that they would be reluctant that the Mootah which was in our enjoyment for many years should pass out of our hands if we were willing to pay up the amount of arrears the claim of the

the 3rd Respondent was altogether set aside and which point agrees with the 6th Para of the Cistar, and confirms its stipulation. Their 2nd letter in answer to the Collector's letter Countermanding the first, and their subsequent proceedings will be considered unacceptable by the Court. The Board's 2nd Order and not the putting of the Mootah into 2nd possession tends to raise a mistrust in the minds of bidders, and subjects them to a loss.

8th point As the letter from the Board Pinner No. 75/ plainly states that we are to be put in possession of the Mootah if we were willing to pay up the balance by cancelling the sale; the 1st Respondent was induced to enter into an engagement with us/ Pinner No. 77/ requiring us to pay the whole of the amount of arrears Rupees 5,257-12-7 which including that

of

of Rajah Gounden, who refused to pay it, if we wished to get the Mootah redeemed into the Patah Putchary of Salem on the 1st January 1844 and stating that in the event of the failure of payment, as stated above, the sale of the Mootah would be confirmed agreeably to the said engagement, a Takeed/ Pinner No. 78/ was also sent to the Tahsildar of Salem directing him to receive from us the Amount of the whole of the balance on the above date and to report to the Huzoor if there be any difference in the amount agreed to be paid by us and refusing the acceptance of it at the same time This large amount Rupees 5257-12-7 was procured with great trouble and loss and paid within the time allowed for the purpose upon which the Collector of the 1st Respondent/ on the 8th January 1844 sent a Takeed/ Pinner No. 80/ to the 3rd Respondent directing to receive back the amount of the purchase money paid by him. On examining these Vouchers the Court will conclude that the arrears were received from us in earnest pending to right reason that it is a sufficient proof of the cancelling of the sale, and that the doubt entertained by the Subordinate Judge in this point is without any ground whatever.

9th point Altho' the right of the purchaser the 3rd Respondent was annulled and that of ours established by virtue of the

vouchers

Fort St. George 29th March 1847.—

voucher (inner No. 81) yet the 4th Respondent the Collector kept the Mootah under attachment instead of putting it into our possession and consequently we were induced to institute the original suit at the time the notice was sent to the Collector requiring him to file his answer— Mr. Gley the then Collector thereupon examined all the public servants that were present at the sale and also the records of his Office and then submitted a letter to the Board (inner No. 85) on the subject but the Subordinate Judge without taking it into consideration & puts in his decree that the said letter prompted us to bring this Action; this is an erroneous opinion, for the litigation on the subject was commenced before the dispatch of the letter which contains only the circumstances that had taken place in this case in which the appellants had no way of defending or justifying themselves. The letter of Mr. Gley contains no innovation and is not even written on any new subject and the objections started against it in the decree is not therefore acceptable. It is further inserted in the decree that the Board in the 5th Para of their report (inner No. B) on the above letter to Government admitted that the instructions in their letter (inner

Fort St. George 29th March 1847.—

inner No. 175) were indistinct, but the 4th Respondent in your case upon the said instruction passed a legal order; and took no contrary course in any point whatever— If the Board admitted that they have erred they should be held responsible for it but their error cannot in any manner thrw obstacles in the way of recovering our right thro' the channel of the Court.—

5th point.— The Subordinate Judge ought to have considered whether there was any power vested in the Board of Revenue, either to annul or confirm the sale or engagement entered into by the Collector (copy of the Ostiar (inner No. 36) exemplifies this point) if the meaning of which was taken into consideration the Subordinate Judge would have concluded that the sale was annulled, and there was no cause for confirming it.—

6th point.— It is quite clear that the 3rd Respondent has no other right than that of the objectionable sale stated above— From the proceedings held in the case by the Collector and the Board of Revenue the Subordinate Judge was fully convinced that we (the Appellants) deserved the indulgence of Government in the restoration of our Estate— but yet he observes that it could

Port St. George 29th March 1846.

could not be carried into effect without direct interference with the right of the 3rd Respdt. that he therefore passed decision against us. This is injustice for we are the actual proprietors of the Estates since a very long time - The 3rd Respdt is a new purchaser, whose purchase has been annulled by the proceedings of the Collector and the Board, this being the case the Subordinate Judge makes him the legal proprietor and says that justice could not be done to us without direct interference with his right - This is an indirect opposition to justice and laws. From this it appears that the Subordinate Judge knowing that there is every reason to see our Mootahs not being at present in the possession of the 1st Respondent. It is improper that the Judicial Authorities should act in this manner. The Court will observe that the Collector, the 1st Respondent, has every reason agreeably to the Voucher (inner No 111) above quoted to put the Mootah into our possession, that the claim of the 3rd Respondent is not greater than ours, nor have they any cause to complain, against the 1st Respondent to put us in possession of the Mootah in question; when there is sufficient cause for so doing and when the Subordinate Judge is fully convinced of it, it is quite contrary to any law or justice that he should pass a

Port St. George 29th March 1847.

his decision to injure us in consequence of the Estate not being at present in the possession of Government.

12th point. In this point the Subordinate Judge states that the Collector in his rejoinder mentions that the Mootah in question was once sold for Rupees 10000, and that we admitted in the answer No 158 that it is only worth Rupees 10000 this is groundless, but altho' as the Collector states in his rejoinder, it was once sold for the above sum. I, the 1st Appellant, and my brother Seetrungaroya Gaundew, had appealed to the Board requesting that that sale should be cancelled and the balance received from us owing to the Mootah being of greater value than Rupees 10000 - The Board accordingly cancelled the sale and refunded the deposit money to the purchaser Venkataramareddy and put us in possession of the Mootah by receiving the balance due against it from us - If these proceedings which are now lodged among the records of the Collectors Office are examined the Court will conclude that the Mootah is worth more than 20000. In the answer No 158 we stated that our half share of the Mootah is worth Rupees 10000 but we did not mention that the entire Mootah was worth only that sum: when in this answer and the reply of Rajah Gaundew in that number, are perused the Court will find

Fort St. George 29th March 1847.

find that the assertion made in the decree that the sum of Rupees 9000 is a fair price of the Mootah in question, is quite erroneous.

13.— It is stated we sold half of the Mootah to Rajah Gounden for Rupees 4,000 and sold the Villages that were not profitable, and he knew them to be so when he purchased them. Besides this the prices of Mootahs formerly were quite different to those at present. The Mootahs purchased formerly for a small sum, are now worth about 30,000 or 40,000 Rupees: when the depositions taken in this case from the Cummums, and the Accounts are examined the Court will perceive that the Mootah in question is of high value and profitable one.—

14th It is further shewn in the decree that the individuals Naumparaama Gounden and Palanymala Gounden were persons of no property and made offers for the Estate on our behalf in direct opposition to Section 18 Regulation 25 of 1802.— They are men of property, in ready money they had brought a large amount when they attended the sale, which was also proved by witnesses. The Subordinate Judge who started no objections that these individuals are our own relations, and that their offers were against the Regulations did not apply the same Regulations in the case of Rajah Gounden, and his brother in law the 3rd Respondent. This should be taken into the Courts consideration. The purchase of the 3rd Re

Fort St. George 29th March 1847.

Respondent are fully trust will be considered null and void and the Mootah put into the possession of the Original proprietors as the whole of the circumstances contained in our plaint being fully proved by public vouchers altho' Raja Gounden by his influence and the great number of his relations tampered with many of our witnesses yet the principal points required in our case have been fully proved by some of the witnesses

We therefore beg that the whole 15th of these proofs may be taken into the consideration of the Court and reverse the decree of the Subordinate Court by putting us in possession of our Estate and also directing the Cost to be paid to us.—

996th 997th 998th 999th 1000th

Yeas 3 persons, for pleading the cause passed in the Subordinate Court on the 17th August in Original Suit No 274 of 1844, cannot discover a single point or argument brought forward by the Appellants, which has not been fairly met and disposed in the original pleadings

Fort St George. 29th March 1817.

pleadings in answer to the complaint and in the Decree of the Subordinate Court. It is there shewn from the testimony of numerous witnesses that the Appellants have entirely failed to prove their allegations as to any irregularity in conducting the sales, and that the parties as to whose competency to make the offers exception was taken at the sale, were persons of no property and merely came to bid on behalf of the Appellants the late Proprietors, in violation of the Provision of Section XVIII, Regulation XXVII of 1802.

The 1st Respondent maintains that in the 7th and 8th Paras of his answer to the Original Suit the objections raised in paras 6, 7 & of the Appeal Plaint are satisfactorily answered. The Board of Revenue suspended their confirmation of the sale, pending the investigation of assertions made by the Appellants, which turned out to be false; but they never gave orders to annul the sale, and when satisfied that it had been conducted in a fair and legal manner, they could not, without a direct interference with the rights of the purchaser avoid confirming it. The Appellants themselves only insisted on the illegality of the sale and the Board were willing that the Mootah should be restored to them, could they prove their assertions, and pay up all the balances in arrears. The latter was done, the arrears were

Fort St George. 29th March 1817.

were paid up and kept in deposit, but they having failed altogether to prove their allegations, as to the validity of the sale, the contingency on which the Board were willing it should be restored to them. The simple liquidation of the arrears could not upset it. The 1st Respondent is satisfied that the decision on the Original Suit as to the legality of the sale will be found quite satisfactory.

The 1st Respondent must however differ from the opinion of the Subordinate Court in its award of damages. The question as to the irregularity or irregularity of the sale having been only raised by the Appellants themselves and as they have entirely failed to establish their assertions and which are designated in the Decree as groundless it appears unjust that the 1st Respondent should pay any portion of the costs incurred by the 3rd Defendant in the Original Suit, who was admitted as a supplemental Defendant at his own request, but was not included by the Appellants originally as Defendants, neither has he suffered any pecuniary loss by the Acts of the 1st Respondent. The Estate

5147 Fort St George 29th March 1847

Estate was put into his possession as soon as the Board were satisfied that the sale had been properly conducted and as the Sub Court have confirmed the legality of the Proceedings, the 4th Respondent begs the Court, in revising the case, will direct that the costs of the 3rd Defendant should be paid by himself and also awarded that the expences incurred by the 4th Respondent both in the original and Appeal suits be borne by the Appellant.—

Proceedings thereon. In reference to the correspondence noted in the Margin and Extract Minutes of Consultation dated 2d October 1846, conveying sanction for the defence in the first instance at the public expense of Suit No 74 of 1844 instituted by Mootoosawmy Goundan and others against Mr Lockhart, the then Acting Principal Collector and others for the recovery of the Dindigul Mootah the Collector on the 17th September last forwarded copy of a decree passed by the Sub Judge rejecting the claim of the Plaintiffs and directing payment of a portion of the costs of 3d Defendant by 1st Defendant. The Plaintiffs having appealed the Collector now submits his proposed answer. He observes that he cannot discover a single point or argument brought forward by the appellants which has not been fairly met and disposed of in the original pleadings in answer to the Plaint and in the decree of the

the Sub Court and he confines himself therefore to the arguments adduced therein and to the Decree appealed from. He however demurs from the opinion of the Sub Court in its award of damages. He states that the question as to the regularity or irregularity of the sale being only raised by the appellants themselves and as they have entirely failed to establish their assertions which are designated in the decree as gross exaggerations it appears unjust that he (1st Respondent) should pay any portion of the costs incurred by the 3d Defendant in the original suit who was admitted as a Supplemental Defendant at his own request and has suffered no pecuniary loss by the acts of 1st Respondent. He requests therefore that the Court will award payment of 3d Defendants costs by himself and that the escpences incurred by 1st Respondent both in the original and appeal suits may be borne by the appellant.

The Board approve of the defence proposed by Mr Lockhart and beg to recommend that he may be allowed to file his answer and conduct the subsequent proceedings at the public escpense:

Ordered

Fort St. George 29th March 1847

Ordered that a copy of the foregoing Extract from the Board's Proceedings be submitted to Government.

To D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

Sir,

44

From the Collector of Salem —

With reference to your letter of the 25th February last requiring me to state whether any revenue is derived from the Fisheries of the Village Tanks and Channels in my District and if so to explain in what manner it is realized under what head it is carried to account, and whether the tax is productive of any annoyance to the people, I have the honor to report for the information of the Board that agreeably to the usage of this District the Fishery of the Tanks, Rivers, Anicuts &c. whose produce exceeded 20 Rupees has been annually rented out to the highest bidders and the amount carried to account under the head of "Sundry Small Farms and Licences," All Tanks Rivers

Informs from the Fisheries whose produce exceeds 20 Rupees are annually rented out to the highest bidder and the revenue shewn under the head of Sundry Small Farms and Licences and that those below that sum are allowed to the Villager free of tax.

5151. Fort St. George 29th March 1847

Rivers Vca. whose produce does not exceed 20 Rupees are exempted from tax, and the people of the Villages, to which such tanks Vca belong are allowed to enjoy the benefit of the same

2. The Villagers where the above tax prevails are restricted from fishing and consequently they purchase fish from the Renters- this is of course received by them as a source of annoyance; and the abolition of the tax would I think greatly tend to the benefit of the cultivating Ryots-

3. There are no Estuaries in the District, nor is it the practice of imposing tax in the Fishery of the large Rivers such as the Cauvady Panakeny Vca

4 The following is an

5152 Fort St. George 29th March 1847

abstract shewing the tax realized during the first 10 years from Fusly 1246 to Fusly 1256 the average of which amounts to Rupees 2,035-4-10-

Fusly	Amount of Tax
1246	Rupees 1485-8-4
1247	1875-14-8
1248	1867-13-4
1249	2132-4-8

48

From the Head Asst. Collector in Charge of Trichinopoly Submitting explanation with reference to the Board's Proceedings dated 15th February 1847.

Sir,

With reference to the Extract from the Board's Proceedings dated 15th Ultimo requesting the particular attention of the Collector to Paras 7. 9. and 10 of the Minutes of Consultation dated January 25th 1847. and calling for an explanation relative to the last Mentioned para I have the honor to submit the subjoined explanations.-

2. With reference to para 7 of the Extract from the Minutes of Consultation above alluded to stating that an allowance of Rupees 24-8-4 per Mensem was ordered to be continued under the authority of Government of India for the support of the family of Nooruldeen consisting of 8 Members only and that it now appears that 9 individuals are in the enjoyment of the Yeomiah," it would appear that the Mistake thus originated. Mr. Onslow in his letter to the Board dated 19th January 1841 recommended for the pension 9 individuals Viz. 5 Sons 3 daughters and the Widow of Nooruldeen

but

Fort St. George 29th March 1847.-

but in the Sanction granted by the Govern:
=ment of India it would appear that the
name of the widow was omitted as it appears
but just that she should be included in the
Yeomiah payment will be continued to the
9 individuals according to the Sanction con:
=tained in the Minutes of Consultation of
the 25th January last.

3. The discrepancy in para 9
appears to have been a clerical error and
the Yeomiah will, according to the order of
Government, be continued at the rate of
Rupees 11-4-9-

4- In para 10 the intentions of
Mr. Onslow appear to have been misunder:
=stood by Government as will appear by the
following explanation.-

5- In the Yeomiah list under
the head of Valcondapooram the names of
three Yeomiahdars are entered Viz. Hajee
Booran drawing annually Rupees 35-6-
under orders of the Board dated 29th April
1813 Para 3 and Abdool ally and Cawder ally
Conjointly drawing Rupees 35-6- per
annum under the orders of Government
dated 3d June 1825- Abdool Ally having
died on the 1st January 1828 one half of the

allowance

Fort St. George 29th March 1847.-

allowance granted by Government on the
3d June 1825 was discontinued Cawder e
ally who received the remaining portion of
this yeomiah having absented himself in
July 1252 was not included in Mr. Onslow's
revised list No. 3 accompanying his letter to
the Board dated September 26th 1845- the revised
list No. 3 being a list of those actually pre:
=sent and drawing their pensions at the time
of his writing.-

6- It would appear however
that it was understood by Government that
Sanction for the sum of Rupees 35-6- entered
in the list opposite the names of Hajee Booran
and Cawder ally was intended for the
two / in equal shares of Rupees 1-7-7 / whereas
Sanction was solicited for Rupees 2-15-2-
for Hajee Booran only Cawder ally being at
the time absent, Sanction was not soli:
=cited on his account- I have now e
therefore to request that Sanction
may be obtained on account of these
Yeomiahdars as follows.-

For Hajee Booran for Rupees 2-15-2-
per Mensem

For Cawder ally / having since appeared /
for Rupees. - - - - - - 1-7-7-

7- The abovementioned
Hajee

5157

Fort St. George 29th March 1847.

Hajee Boorjun draws another Yeomiah No. 41 of Chittoor for Rupees 2-15-2 sanctioned under orders of the Board of Revenue dated 16th August 1821.

Trichinopoly - - -
Collector's Office
11th March 1847.

(Signed) J. L. Lushington,
Head Assistant Collector
in charge.

Ordered that the foregoing letter be submitted with the following address.

To,
The Chief Secretary to
Government.

Sir

48-49

To the Chief Secy. to Govt. submitting a Letter from the Head Assistant Collr. in charge of Trichinopoly furnishing explanation on certain points regarding Yeomiah allowances in that District noticed in Extract Minutes of Consn. dated 25th ult. January last.

In Cons: 9th June 1825.
In Cons: 9th February
In Cons: 1st Decr.

With reference to Extract from Minutes of Consultation dated 25th January last, I am directed by the Board of Revenue to submit, for the consideration and orders of the Most Noble the Governor in Council, the accompanying Letter from the Head Assistant Collector in charge of Trichinopoly, dated 11th March 1847. furnishing explanation on certain points noticed in the above Extract.

2. The explanation contained in paras 2 and 3 relative to Yeomiahs No. 22 and 33 appear to the Board to be satisfactory.

3. From the Statement of Mr. Lushington in

5158

Fort St. George 29th March 1847.

in para 5 and 6. and from a reference to the correspondence already on the records of their Office the Board observe that Yeomiah 36 of Volendapooram is payable to 2 parties viz.

Kader Ally - Rupees 1-7-7 per Mensem, as per order of Government dated 3d June 1825.

Hanjee Bhooram Rupees 2-15-2 per Mensem, as per Sanction of the Board dated 29th April 1813, Copy of which was furnished to Government on the 6th February 1845.

The last named individual also enjoys another yeomiah of Rs. 2-15-2 transferred from Chittoor to Trichinopoly and sanctioned by Government in Extract from Minutes of Consultation dated 20th January 1846 Para 9.

4. The discrepancy noticed by Government arose therefore from Mr. Onslow's having erroneously entered in the revised list No. 3 which accompanied his letter of 26th September 1845, the name of Khader Ally along with that of Hajee Bhooram, opposite the amount of Rs. 35-6- whereas this sum was actually paid to the latter party alone in Fusly 1254. Mr. Lushington states that the amount payable to Khader Ally viz. 1-7-7- per Mensem was not included in the revised list, because he absented himself in that Fusly.

5. Under this explanation the Board beg to recommend that the orders of Government contained in Para 9 of Extract from Minutes of Consultation dated

Fort St. George 29th March 1847.

dated 20th January 1846, may be cancelled and that in lieu thereof sanction may be granted for payment of these Yeomiahs as follows.-

Volcondaporum 36-1-- Hader ally Rupees 1-7-7 per Mensem-
" " " Hanjee Bhooram " 2-15-2. Do
Chittoor 1-- Do " 2-15-2. Do

Tinnevelly - 25th March 1847. (Signed) F. B. Elton.
Acting Collector.

Order on the 3 foregoing letters. Ordered to be submitted for the information of Government.-

(56-57)

5166 Fort St. George 29th March 1847

Read again letter from the Principal Collector of Combatore dated 19th January 1847 reporting upon, and submitting Statements relative to the Settlement of the Davastannum and other Enam lands in the District for Fusly 1255.-

(Here enter No 4)

(60)

Proceedings thereon.- The Settlement of the lands in question for the period embraced in the report amounted to Rupees 28793-5-7 the particulars of which are detailed in the Summary Statement in para 2. and exhibits a net increase over Fusly 1254 of Rupees 208-7-6 The collections are shown in the concluding Statement to have been made with punctuality, the only balance remaining unadjusted at the close of the Fusly being in Rupees 33-11-2 which was however brought to account before the disposal of the report with the trifling exception of Rupees 1-13-3 to be there after realized.-

2. Lands to the amount of 185-4-- are stated to have been released from attachment and transferred to the party in charge of a Chattram at Canatcodoo in Fusly 1254 causing a reduction of that amount from the annual Settlement.-

3. The Board approve of the

Conse

Dated 2d November 1846 Para 36.

accidentally by fire- and these formed the grounds of my recommendation for the remission proposed in my Samabundy report of 1255 / 1845-46.

4. Under the foregoing circumstances and with reference to the Statement of Mr. Lawes that he has been compelled to give up any further prosecution of the experiment from the unhealthiness of the locality, it appears to me advisable to abrogate the Cowle at once for its continuance will answer no good purpose either to Government or the holder as Mr. Lawes cannot be legally called upon to pay the enhanced Amount of demand arising out of any subsequent alteration of the terms as stipulated by the Collector of Malabar and neither can the terms of the Pootacummaish be infringed to meet any case except with the previous knowledge and sanction of the Board.-

Coimbatore, January 30th 1847. } (Signed) L. C. Wroughton
Pro. Collector

Order thereon.

(61-62) Ordered to be sent again in Circulation.-

From the Collector of Canara:- Read Statement of contingent charges incurred in the year 1846 and sanctioned by the Board of Revenue.-

(63) Ordered to lie over.-

Order thereon.

(63-64) Read

Read letter from the Collector of Madras dated 12th October 1846 reporting on the Settlement and Collection of the Land Revenue of his collectorate for Fusly 1255. A.D. 1845-46.

(Percentage No 81.)

(65)

Proceedings thereon. 1. There was a decrease in the Total Demand below the Settlement of the preceding Fusly amounting to Rupees 102-14-1. caused by Bills having been made out in Fusly 1254 on certain property in Mylapore retrospectively from 1816 which was not the case in the year under Review - The reason why Bills not made out previously to 1254 should be explained.-

Relative to the Settlement of the Land Revenue in the Collectorate of Madras for Fusly 1255.

Demand.	
Fusly 1254 -	63712-13-2
Fusly 1255. -	63609-15-1
Decrease -	102-14-1-

Collections
F. 1254 - 53966.....
F. 1255 - 53961-94.
Increase - 995-94

2. The increase in the collections of the current Land Revenue amounts to Rupees 995-9-4 which is ascribed to the exertions made to bring all available sources of Revenue to public account as soon as possible.-

Para 4. 3. The proceeds derived from the Sales of Land in the Fusly under notice under the sanction of Government amounted to Rupees 750-2-0.-

Para 6- 4. The Current Demand on Houses and Garden Houses occupied as well as on Gardens and Paddy Fields in a productive state was Rupees 53532-13-10 of which Rupees

Fort St. George 29th March 1827.

Rupees 49,659-4-5 were realized within the Fusly leaving an outstanding balance of Rupees 3873-9-5 at its close.-

Para 7. 5. The Current Demand on Houses unoccupied and on Gardens and Paddy Fields in an unproductive state was Rupees 2498-12-9 of which only the small sum of Rupees 229-1-8 was collected even this amount was realized by distraint in all cases in which any available property was found on the Premises. The difficulty of realizing any portion of the Demand of the description here referred to is forcibly described by Mr. Hadleston: all legitimate means seem to have been ineffectually resorted to, nor are the Board prepared to suggest any remedy until the Law of distraint within this Collectorate is better defined and enforced.

Para 8. 6. The extent of cultivation in Fusly 1255 was much the same as in 1254. In the former year it was C. 2375-9-1019 or
In the latter C. 2315-20-3½ or
Difference C. 59-13-505.

7. The Demand on account of Ground Rent was Rupees 7368-4-6 of which the 5/7 Collections amount to Rupees 5863-3-3 Rupees 1505-1-3 remained uncollected at the

Fort St. George 29th March 1827.

close of the Fusly.-

Para 10. 8. Of the whole Demand of the Current Revenue Viz. Rupees 63009-15-1 the Collections amounted to Rupees 53901-9-4 leaving an outstanding balance of Rupees 7628-5-9. Of this sum a considerable portion Rupees 2209-11-1 is not recoverable immediately being due on account of Houses unoccupied and Paddy Fields uncultivated.-

Para 11

Para 12. 9. The amount brought to account under the head of arrears was Rupees 4369-14-2 being the aggregate of Rupees 3029-15-11 realized on Houses and Garden Grounds occupied and on Gardens and Paddy Fields in a productive state, and Rupees 139-14-3 on account of Ground Rent. The amount as compared with that of the past year shows a decrease of Rupees 1847-5-5.-

Collections of arrears
Fusly 1251 - 6617-3-7
Fusly 1205 - 4769-14-2
× Decrease 1847-5-5

10. The total amount collected in the year under notice of both Current and arrears Rupees 66731-7-6 falls short of the Collections of the antecedent Fusly by the small sum of Rupees 857-12-1 but it exceeds the average of the 10 preceding years by Rupees 4444-1-1.-

Para 13

Para 14

Para 15. 11. The sources from whence the Land Revenue of Fusles 1254 and 1255 were derived are exhibited below.- Fusly

In the concluding Para of his Report

Boards Proceedings 15th August 1816. Para 19

Mr. Hudleston adverting to the Boards requisition for an annual Statement shewing the whole Ryacut Lands within the Madras collectorate states that with every exertion on the part of his Establishment to collect the necessary materials from all available sources for the preparation of the account he has been able to furnish but a very imperfect statement as questions of the particulars of the Lots have been drawn up, the particulars of the entries in respect to the purposes for which each of the Subdivisions of an enclosure is appropriated being founded almost entirely on his own knowledge of them in consequence of the Conopullys not having power to enter the dwellings of individuals by which alone the necessary details can be arrived at. He adds that as any account framed on such imperfect data can be of but little service in meeting the object in view and as moreover the attempts of the former Rent committee to have the whole of the Madras collectorate surveyed have failed in

the season may be expected to be in request for removal to Madras, is G 1260.—

3. In consequence of the great number of Carts which were recently engaged on occasion of the departure of H. M. 84th Regiment, and of the 49th Regiment N.I. from the Presidency, purchases of Salt for Inland Consumption were not made to the same extent as the Native Merchants could have wished, but within a recent period, nearly the whole of the Carts, which have imported articles of Merchandize, being available, the sales have increased in proportion, so that the quantity disposed of within the last 10 days amounts to G 116. 390—, which gives no less than G 350 per Mensem. If I could have spared one additional scale or two, the quantity actually sold would have been much greater, but it is, perhaps, better to allow the existing arrangements to continue undisturbed.

From 8th to 17th March 1847.

4. Having already brought to the notice of the Board how much the sale of Salt at the Madras Cotaurs for transport to the Provinces would contribute to the benefit of the inland trade, a result which the facts adverted to above would seem sufficiently to attest, and the expediency of removing the article from the Cotaurs being evident, I am of opinion that a further supply for this purpose should be manufactured in the present season

To B. of R. 7th Dec. 46 P. 9

Ditto Ditto 28 Ditto P. 8

season to the extent of G 1000 at least.

5. Although no application for Salt for exportation to Calcutta on private trade was received after September 1845, as stated in my letter of the 7th December, G 300—200—0 were shipped subsequently, but by parties who did not purchase any before. It is proper to get an additional supply of G 500 manufactured for the Bengal Market. With a view to economy, however, I would propose that this Salt, when ready, be removed to the Madras Cotaurs, so that a corresponding quantity out of the Stocks now remaining at the Ennore Depôt and conveyed to it at an expense of Rupees 1—15—10 per Garce, be continued there, besides the G 193—200—0 of the 500— originally reserved for export.

6. The quantities required for the different purposes specified in the foregoing paras will thus be—

For Home Consumption	G	1260	—0—0
" Inland Ditto		1000	—0—0
" Export to Calcutta		500	—0—0
		2760	—0—0
Deduct the quantity referred to in Para 1		736	—30—5½
Less		2023	—18—5½

Should the Board approve of the above suggestions, I would beg leave to

5177 Fort St. George 29th March 1847.

in consequence of the objections raised by different parties to the prosecution of the measure, he entertains little hope of being able to obtain sufficiently accurate details for the formation of the Statement in question.-

To Adverting to the final observations contained in Para 3 of Extract Minutes of Consultation under date the 16th September last Mr. Budleston on having been called upon to state whether the collection of the arrears therein referred to had been enforced with any undue stringency and in such a manner as to impede the realization of the Current Revenue has replied that every effort is used to bring as large a proportion of the Current Demand as possible to public account, and that it is the established practice of his Office first to collect the Demand of the year and then to proceed with the recovery of former balances either by direct application to the parties or by distraint of personal property, excepting where from the indigent circumstances of the defaulters a Warrant of distraint can be of no avail.-

Ordered that a Copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Collector of Madras for his information and guidance.—

Read the following letter

To D White Esqre

Acting Secretary to the Board of Revenue

Sir

Fort St. George

66

From the Coll. of Madras Regarding sanction for the manufacture of 2000 G. of Salt in the present Season.-

Para 1 I have the honor to bring to the notice of the Board of Revenue that of the G. 3544 25 2/4 of Salt being the estimated quantity in store both at the Madras Cotaurs and at Ennore, according to the Statements which accompanied my letter of date the 1st December 1846, No. 97, G. 1131 120 3/4 have been sold up to yesterday, as follows.

	G.		
For Home Consumption	347	247	—
" Ireland - Ditto	477	53	3/4
" Export to Calcutta on private trade	306	200	—
Total	1131	120	3/4
Total as above	3544	25	2/4
Reckon on the 15th March 1847	2412	304	3/4
Residue of G. 1457 — 77 — Set apart for Ireland — Consumption	1482	1732	3/4
Ditto G. 500 Ditto Ex Export to Calcutta	193	200	—
	1675	323	3/4
Difference	736	381	3/4

2 I then supply required for Home Consumption for the next 14 Months, or up to the 15th May 1848, when the newly manufactured Salt of the

the Season may be expected to be in readiness for removal to Madras, is G 1260.—

3. In consequence of the great number of Carts which were recently engaged on occasion of the departure of H. M. 84th Regiment, and of the 49th Regiment N.I. from the Presidency, purchases of Salt for Inland Consumption were not made to the same extent as the Native Merchants could have wished, but within a recent period, nearly the whole of the Carts, which have imported articles of Merchandize, being available, the sales have increased in proportion, so that the quantity disposed of within the last 10 days amounts to G 116: 390—, which gives no less than G 350 per Mensem. If I could have a additional scale or two, the quantity actually sold would have been much greater, but it is, perhaps, better to allow the existing arrangements to continue undisturbed.

From 5th to 17th March 1847.

4. Having already brought to the notice of the Board how much the sale of Salt at the Madras Cotaurs for transport to the Provinces would contribute to the benefit of the inland trade, a result which the facts adverted to in above would seem sufficiently to attest, and the expence of removing the article from the

to recommend that the necessary sanctions may be given, as soon as convenient, for the manufacture in the present season of a further supply of Salt equal to 2,000 Garces.

Madras
18th March 1847 } /Signed/ J. A. Hudleston
Coll.r

Ordered that the foregoing letter be submitted with the following address.

(66-67)

To The Chief Secy to Government. } for 1

I am directed by the Board of Revenue to request that you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Madras requesting sanction for the manufacture of 2000 Garces of Salt in the present

From Coll.r of Madras 29th March 1847.
Submitting a letter from the Collr of Madras requesting sanction for the Manufacture of 2000 Garces of Salt in the present season and recommending that he be authorized to continue to sell Salt for inland exportation without restriction.

5182 Fort St. George 29th March 1847.

present season.

2. It will be seen that of the 1957 Garces authorized by Government under date 5th January last to be removed from In Dr. Cons. 27th Jan.y 1847. Ennore to the Madras Cotaurs for inland exportation Garces 477 have been disposed of, on that account up to the 18th Instant, leaving a balance on hand of Garces 1482. The Collector states that the sale for inland consumption is daily increasing and he therefore proposes to manufacture a further quantity of 1000 Garces for inland sale during the season 1847/48.

Coms.r's Letter 21st Dec.r 1846. 3. In recommending the removal of the quantity of Salt in store at Ennore to Madras for inland exportation the Board stated that the sale of Salt at the Madras Cotaurs for conveyance into the interior had been discontinued in 1823 lest it should interfere with the supply for home

5183 Fort St. George 29th March 1847.

home consumption and exports to Bengal, but that such a result was not on this occasion to be apprehended. It may be added that of late years the Bengal Govt. have discontinued indenting for Madras Salt and that the quantity sold for exportation to Calcutta on private trade is small, the Board therefore recommended that the Collector of Madras be authorized to continue to sell Salt for inland exportation without restriction.-

The Board are of opinion that the proposed measure will not only prove beneficial to the inland trade carried on with Madras, but will also be productive of an increase of revenue to Government, as they observe that the sale of Salt at Madras in January and February last has not affected the Salt revenue of the Chingleput District which exhibits an increase of Rs. 7796 in the current Fusly at the close of Feby. last above the receipts raised up to the same period in the preceding Fusly.
