Received the following letter.-

To

The President and Members of the
Board of Revenue.

(1)

Gentlemen,

From the Actg. Mint Master. } 1.

With reference to your Secretary's letter of the 7th. January last, I have the honor of forwarding the undermentioned Salt Measures.

Forwarding 3 Copper & 10 Iron Salt Measures and reverting to the difficulty of fixing any standard for measuring Salt.

One Half Maund / Copper / Diam. 12 Inches.
Depth 13 Inches.

Two Half Maunds Iron Diam: 12 Inches
Depth 13 Inches.

One one third Maund Copper, Diam 10 Inches
Depth 12 13/16 Inches.

One Quarter Maund / Copper / Diam, 10 Inches,
Depth 9 5/8 Inches.

Two Quarter Maunds Iron, Diam, 10 Inches
Depth 9 5/8 Inches.

Three Half Maunds / Iron / Diam, 8 Inches,
Depth 29 Inches.

Three Quarter Maunds / Iron / Diam, 8 Inches,
Depth 14 5/8 Inches.

of the above, the Copper Measures have been hooped for strength, and the whole are stamped

stamped with their dimensions.

2nd. These Measures are intended to contain 1600 and 800 Tola Weight of Salt respectively but the weight and stowage of Salt depending so much on the dryness, and the grain of the Article, there is considerable difficulty in arriving at any satisfactory standard.—

3rd. If the Measure be moved about in filling, it will contain 10 per Cent more than if the Salt be simply poured into it, or if well shaken as much as 17 per Cent more; these Measures are adapted to hold the stated quantity of Salt poured in loosely.—

4th. The smaller the Diameter of the Measure, the less is the effect produced by shaking it.— These Measures will probably answer the purposes designed by the Board; they have been carefully made and tested, but should any more be required, I beg to suggest, that application be made to the Arsenal, as the Workmen at the Mint are limited in number and constantly employed.—

From the Sect. to Govt. — Recording observations & orders on a letter from the Collector of Canara forwarding a report from Lieut. Assist. Mr. Robinson upon that portion of the Laccadive Islands which is attached to the Canara District.

Extract from the Minutes of Consultation under date the 12th April 1847.

Read the following letter from the Secretary to the Board of Revenue.—

Submitting a letter from the Collector of Canara forwarding a report drawn up by his late Assistant Mr. Robinson upon that portion of the Laccadive Islands which is attached to the Canara District, with the Boards remarks thereon.

(Here enter 7th Decr. 1846 No. 5886)

Para 1. The Most Noble the Governor in Council has perused with much interest the valuable report on the Laccadive Islands of Mr. W. Robinson, Assistant to the Collector of Canara, and desires to intimate to that Gentleman his approbation of the diligence and

and ability he has evinced in thus furnishing the Government with detailed and useful information on a portion of the District of Canara of which hitherto little was known and which it appears he was the first and only European authority officially to visit.—

2. It is not necessary to follow Mr. Robinson through the details into which he has entered. It will be sufficient briefly to notice the more important points which have elicited the remarks of the Collector and the Board of Revenue. In the latter Paragraphs of his report, Mr. Robinson brings forward the proposition of Mr. Cotton for a change in the system of Revenue in these Islands. The exact nature of the change proposed and the manner of carrying his views into effect are not specified by Mr. Cotton, but he is opposed to the continuance of the Coir Monopoly and would substitute for it a Revenue leviable on the land or in export duties. In discussing this question Mr. Robinson though in favor of the introduction of a new system of Revenue management furnishes in the opinion of the Government many serious objections to change the chief of which the declared aversion of the Islanders, is of itself sufficient to render it

it impolitic Mr. Blanes remarks on this subject are deserving of every attention. He forcibly points out the possible effects of an injudicious attempt at innovation on the minds of those at present well affected Islanders, and the difficulty of enforcing their obedience should they be tempted to resistance on the one hand and of protecting them from the oppression which a system requiring much control and interference would generate on the other. The Board entirely concur with the Collector as to the inexpediency of alteration of the existing system, and the Government approve of their instructions of this subject to that Officer contained in the 3rd Para of their Proceedings. The course directed at the conclusion of the same para with respect to the rents of the Circar gardens referred to in the 53d and 58th Paras of Mr. Robinson's report and the discontinuance of the unauthorized application of the Hossagamy system to certain Trees in Ameendevy have the approval of His Lordship in Council.

3. His Lordship in Council readily accedes to the request of Mr. Robinson in favor of the Inhabitants of the Island of Kadamal, and sanctions the advance of Rupees 500 for the purpose of enabling them to

to construct two shore go[illegible] provided repayment by instalments to be determined by the Collector, is adequately secured.

4. In the 6th Para of his letter the Collector recommends that the Tobacco Monopoly should not extend to these Islands and solicits authority for formally relinquishing it. It is reported to yield little or no revenue and to be vexations to the inhabitants. The Salt monopoly he also desires to be similarly relinquished, though it would appear never to have been actually in operation. His Lordship in Council authorizes the Collector to give effect to these propositions, and with the object of increasing intercourse between the Islands and the Company's Territory. He resolves to permit the sale of Salt for consumption in the Islands at a price sufficient to cover cost and charges at present it is observed the Islands are supplied with Salt from the Portuguese settlement of Goa, and if due precautions are taken against abuse of the permission now accorded, the measure will not cause loss to Government while it is calculated to benefit the inhabitants by providing their Coir boats with a return cargo.

5. The Most Noble the Governor in Council approves generally of the suggestions of

of the Board for the better regulation of the Police of the Islands by more extensive employment of the heads of Families. The Monegar already possesses the power of a Police Ameen and there seems nothing militating against the general regulations of the Presidency in uniting with him as assessors both in Police and Civil cases of a Petty character - the Karoomars or heads of Families.

any instances of the committal of crime of a heinous nature must, so long as the Ameendevi Islands are attached to the Canara District, be the subject of reference to the Court, but as such cases are probably of exceedingly rare occurrence, and the authority already vested in the Police is sufficient for all practical purposes, there does not appear any necessity for an authoritive declaration of the non application to these Islands of the regulations in force elsewhere.-

6. His Lordship in Council will be prepared to recommend to the Government of India the arrangement for the increase of salary of the Karina of Ameendevi in place of his present payment in Kind on receiving an application to that effect in the prescribed form.-

The

7. The occasional presence of one of the European Officers of the District of Canara in these Islands seems to his Lordship in Council a measure well calculated to their improvement, and the instructions of the Board to the Collector to this end are judicious and should be attended to as far as practicable.-

8. The Most Noble the Governor in Council resolves to bring to the early favorable notice of the Honorable Court the report of Mr. W. Robinson together with these proceedings.

I have transferred S. Runga Row Amildar
of the Amlapoor Talook to the Rawley

useful when the Lower Annicut was built across

experienced man as Superintendent of the

After Compliments.— I have received your favor of the 9th Instant and I have understood the contents thereof I am informed that it is in contemplation to remove Swerna a Village of my Zemindary and Cheeraula &c. Villages of the Chendalore Talook belonging to the Circar &c. from under the jurisdiction of Nellore and to place them under Guntoor and I am required to give my opinion relative to the Subject of placing Swerna under Guntoor.—

My Talooks have been hi= =therto under the jurisdiction of the Heads of Police in the Nellore Zillah, and they for diffe= =rent reasons send for to their Cutcherries the Ryots Surnams &c. of the Villages, consequently as from this cause the Cultivation in the Villages fail the collection &c. Revenue duties are not done in time and they become confused and the Ryots &c. are put to trouble.—

If the Village of Swerna situated in Pellore Seema belonging to me were separated from the other Villages of my Talooks and removed from under the Nellore Zillah and attached to Guntoor, the inhabi= =tants of the Village and the Aumeel and Carkuttie &c. my Servants of that Purgunnah will be put to much trouble, consequently I beg that the Village of Swerna may according to Maumool continue to be attached to the Nellore Zillah and remain under your Superintendance.—

Sir,

Para 1.

I am directed by the Board of Revenue to request you will submit for the consideration and orders of the Most Noble the Governor in Council the accompanying correspondence with the Collectors of Nellore and Guntoor relative to a proposed transfer of certain detached Villages in those two Districts. The subject was brought under consideration on two former occasions, but the arrangement was clogged by the introduction of minor extensive changes, in the first instance by a proposal that the Goondlacumma River should form the Boundary of the Districts, and in

Submitting correspondence with the Collectors of Nellore and Guntoor and recommending that the proposed transfer of certain detached Villages in those two Districts be sanctioned and the annexation of Kistnah to Guntoor may be allowed to take effect from the commencement of the ensuing Fasly 1257.-

in the second by the transfer of the entire Talooks of Chendalore and Enamenamellore from Nellore to Guntoor. On the occasion first mentioned the proposition was not laid before Government but was disposed of by the Board who observed that it did "not appear to them advisable that any change should take place at present" on the second the question was brought to the notice of Government in the first instance by the Judicial Authorities whose recommendation however was limitted to the two detached Villages only. The transfer of the two entire Talooks mentioned to the Jurisdiction of the Court of Guntoor was an after proposition, and was objected to by the Principal Collector of Nellore chiefly because though attached to that Court on its re-establishment in 1828, they were afterwards annexed to the Zillah of Nellore at the request of the Inhabitants. Added to this the Board in their letter to Government expressed an opinion that the confusion attendant on the transfer of accounts and the different Systems of revenue administration rendered the proposed arrangement inexpedient. Such were the principal reasons adduced at that time and the Government were pleased to concur in the view of the Board as to the inexpediency of the transfer.-

The

2. The circumstances of the case are now altered - The Guntoor Zemindaries have been surrendered to Government and one uniform System of Management prevails in the two Districts - The main objection formerly urged by the Board is thus removed, and by limiting the transfer to the few detached Villages only the proposition is divested of its objectionable features and has received the acquiescence of the Collectors of the two Districts -

3. The arrangement which I am directed to submit for the sanction of Government is as follows. —

From Sub Coll. Paras 2 and 7 and Para 9 - From Coll.rs letter 28th October 1846.

4 The Sub Collector of Nellore it will be seen has ascertained the feelings of the inhabitants of the Villages to be transferred from Nellore to Guntoor - Beyond the mere feeling of change it does not appear that any objection has been urged - Purchoor is a Station with a Travellers Bungalow, on the high Northern Road and the Inhabitants the Sub Collector observes "rather advocate the measure than otherwise" from the assistance they will obtain from the surrounding Guntoor Villages in furnishing supplies to Travellers — The isolated position of Cherala on the Coast is described by the Sub Collector (Para 6) - This Village has extensive manufactures and pays a large revenue to Government - The inhabitants it is stated desire the transfer and "of their own accord have advanced reasons shewing the advantages they will now gain" - In the concluding Para (5) however of his letter the Sub Collector points out that the parties who are so desirous of the change are principally Weavers who pay Russooms to the Communs and that the Communs object to the proposed arrangement as this usage does not obtain in the Guntoor District - The legitimate rights of the Communs whatever they

they may be, will be recognized under any circum-
-stances, and the objection urged on this ground is
not the Board think important- Pondanapilly
adjoining Ramanapettah which belongs to Guntoor
is likewise a manufacturing Village on the
coast and equally detached with Cherala from
the Nellore District having the Guntoor Villages
of Pedda Ganjam, Chinna Ganjam and Cada-
-vadooroo to the South between them and that
jurisdiction-

5 The Village of Swarna is equally
detached from the jurisdiction of the Nellore
Authorities with the other Villages which it is proposed
to transfer, but as the Zemindar of Venkatagherry,
to whose Estate this Village is attached, does
not acquiesce in the transfer the Board
have not included it in the arrangement- The
Zemindar has not assigned any reasonable
ground for his non acquiescence and should
the operations of the Guntoor Police be embarras-
-sed on any future occasion from this Village
belonging to a separate jurisdiction the Board
are of opinion that the objection of the Zemin-
-dar should be overruled.-

6 The transfer of Tummava-
-ram with its hamlets from Guntoor to Nellore
it will be observed is equally free
from objection.-

The

7 The average Revenue for the
last five years of the Villages respectively to
be transferred are Rupees 11586-6-10 from
Nellore to Guntoor and Rupees 2922-5-2½ from
Guntoor to Nellore.-

8 The Sub Collector of Nellore has
further suggested a more extensive arrange-
-ment by which the important salt manu-
-facturing Villages of Pedda Ganjam, Chinna
Ganjam, and Cadavadooroo are to be trans-
-ferred from Guntoor to Nellore, and the
present Boundary of the two Districts
changed- It is unnecessary to notice the
arguments of the Collector of Guntoor as setting
aside the inexpediency generally of altering
the boundary of two contiguous Districts except
on pressing grounds, the Board would confine
the proposed arrangement to those Villages
only- whose detached position has been found
to be attended with inconvenience.-

9 In the concluding Para of
his letter dated 26th January 1847 the Collector
of Guntoor notices the position of Kytapully
on the Guntoor Bank of the Kistna but
included in the district of Masulipatam-
Mr Stokes considers the transfer of this
Village to be even more necessary than
that of the Villages noticed above- and

States

states that in bringing the subject personally to the notice of the Collector of Masulipatam that Officer expressed himself as perfectly approving of its annexation to the District of Guntoor - Kytapully, from that part of the Kistna being within the influence of the Tide, is at all times cut off from the authorities in Masulipatam; its separation therefore from that District appears to the Board to be particularly called for, and they accordingly beg to recommend that it may be transferred to Guntoor. - They have not referred the subject for the consideration of the present Acting Collector of Masulipatam as the Collector previous to his departure has acquiesced in the expediency of the measure and as it is further within the personal knowledge of the Board that under the present arrangement, the management of the affairs of the Village is attended with much inconvenience).-

10 The Board beg to recommend that the arrangement both as regards the Nellore and Guntoor Villages and the annexation of Kytapully to Guntoor may be allowed to take effect from the commencement of the ensuing Fusly $\frac{1257}{1847/48}$.-

From the Collr of Guntoor.-

Submitting copy of Memorandum from the Head Assistant, and recommending the removal from employ in the Guntoor District of D. Kishnamah Shetty for reasons therein explained.-

Sir

Para 1.-

Under the circumstances detailed in the accompanying Memorandum by the Head Assistant Collector, I have the honor to recommend the removal from employ in this District of D. Kishnamah Shetty, who for the reasons explained in the correspondence noted in the Margin, was in July last reduced from the Office of Ameen and Head of Police of Innacondah to that of Ameen of Yedlapudly, and on the cessation of that Office, to be Tanahdar at Nizampatam - Mr. Nevill, while making the Settlement at Innacondah in the present year discovered additional proofs of his unfitness for such an Office.-

in the Cash Chest at Innacondah reported in my letter dated 5th August 1846, the subordinate Servants, who participated in the blame of the irregularities noticed by

by Mr. Nevill, have already been dismissed.—

3 Krishnamah Shetty has been well thought of by some of those Officers under whom he was employed, and I am inclined to think, that his inefficiency latterly results from giving way to extreme indolence, though it is clear that this can be no palliation for some of the matters laid to his charge— I would propose, unless the Board disapprove of such a course, to allow him to resign.—

4. With respect to the System of check exercised in the Cuzzoor over the Talook correspondence to which Mr. Nevill alludes, it is to be explained, that the practice which I found on joining this District and which continued till the commencement of this year, was to enter all petitions in one Register with only one consecutive number for the whole District, in consequence of which it was not easy to check the Monthly Returns from each Tanah, of those received and disposed of— The punctual delivery to petitioners of final endorsements seems never to have been secured hitherto, though orders have been from time to time issued on the subject— In future the Tahsildars will be required to send to the Cuzzoor the

ORIGINAL DESPATCHED

the receipts of the parties— I issued an order with a view of ascertaining how far practices like those in Innaconda may have prevailed in other Talooks— The replies received show that Endorsements have not been delivered, but it does not appear that orders requiring answers have been suppressed.—

5. In conclusion, I may say that the great press of current business, as well as heavy special duties arising from the defects of the System and Subdivision of the District in its transition state from Zemindary to Rayetwary precluded that regular and vigilant control over the subordinate functionaries which might have prevented the evil complained of. Those defects being in a great measure now remedied, I trust similar irregularities will not again occur.—

Official Memorandum.—

1. When lately making the Settlement of the Innaconda Talooke at that place, several parties came to complain that no attention had been paid to Cuzzees that had been presented

Some

some time back— Upon my immediately call=
=ing for those Arzees they were not at first
to be found, and upon referring to the periodical
accounts of undisposed petitions they were found
to be omitted; upon further search being
made for these and any others of a similar
kind, numerous petitions were found among
the Talook records both those referred to the
Ameen for enquiry and report as well as
many others bearing final endorsed orders
to be given to the Petitioners— The former
were found to be omitted in the Statement
of undisposed petitions, and the latter to be
included in the list of petitions disposed
of and given to Petitioners for which
their receipts were taken.—

2— There was at once a disclosure
of a system which had been pursued for some
time to frustrate justice and all redress of
grievance and checking all immediate supervis=
=ion, and discouraging all further complaints
of injustice and oppression as well as
being detrimental to the revenue and
as the channel of communication between
the Rayets and European authority was
thus obstructed both as regards the
enquiry

enquiry into matters and the mode of disposal
of them by the Collector and the authority of
the Ameen in proportion uncontrolled, every
facility was afforded for the exercise of that
corrupt influence, which too well accords
with the Systematic operations of this nature
brought to light by the Commissioner lately in this District—

3— The petitions alluded to extend
over the following periods; but as the number
is small previous to Fusly 1252, and admit of
the supposition of oversight they will only
be noticed from that time.—

From the imperfect manner in which these accounts have been kept in the Huzzoor as well as in the Talooks, it is impossible to say whether these are the whole of the omissions. The same course appears to have been adopted in Hookums requiring answers, many of which in the late Fusles to which I had occasion to refer during the Summahbundy had been improperly omitted in the Statements sent to the Huzzoor as requiring no answer, while the subject was undisposed of and further enquiry or report directed.—

4 The Ameens under whom these irregularities have mostly prevailed are Krishnamah Shetty who had charge of the Talook from April 1842 to November 1844, and again from June 1845 to March 1846, and Shaik Khan who was there from November 1844 to March 1845, and again from August 1846 till lately. The following is the proportion which falls to the lime of the former.—

In

In the former Column of petitions are comprised the following important matters, besides others of a more ordinary nature. Encroachments of land and concealments— Representations of low proposals for Pollary rent and offers of higher alleged process of demand for Sist already paid— Illicitly granting new Inamems— Enquiry about Service Inamems.

5. Krishnamah Shetty in his defence throws the blame upon the subordinate Servants by whom the accounts sent to the Huzzoor were prepared, and states that eleven of the petitions above shewn were received just before he left the Talooke in March 1846, and belong to the Statement which was forwarded after he left, which latter appears correct— reducing the amount by this number, but owing to the large number of the petitions it is difficult to suppose that the Ameen could have been ignorant of their omission in the Accounts bearing his signature, especially as he must doubtless have had many applications from the petitioners as appears from some of the petitions themselves; and whatever excuse may be urged for the non disposal of these petitions, or giving them to the petitioners, he must be made responsible for the falsity of the Statement

bearing

bearing his signature as it was his duty to have satisfied himself of their accuracy by at least occasional examinations- Krishnamah Shetty has already been removed from this Talook under circumstances unfavorable to his character for Zeal or ability if not integrity, and it remains to say whether or not the offence now brought to light, in connection with his general conduct should be considered to incapacitate him for future service, which step seems to me to be called for-

6. Nair Khan to whom a portion of the blame attaches has lately been removed to a Sale Tanahdar's situation at my instance for the dilatoriness and unsatisfactory manner in which he conducted the business connected with the Jummahbandy, and as he has expressed himself desirous of resigning his present situation in favor of his brother Kufsain Khan, this arrangement may perhaps suffice.-

2. This is obtained by renting out the Fisheries and carried to the Credit of Government under the Head of "Motorpha Revenue."

3. The tax is confined to 4 or 5 large Tanks in the District and none is collected from the fisheries of the other small reservoirs &c. &c. the Village Tanks and Channels which are numerous but in which the levy of the Tax has not in fact been usual.—

4. In these small reservoirs water seldom remains beyond a 16 Six Months supply, and therefore no Fish exist in them. Neither are there such Channels, Ditches or Estuaries in this Province as are frequented by Fish except the River "Toombadra" of which the fishing has never yet been rented out.

5. The amount collected on this account is so trifling in this District, that it signifies little whether the tax is retained or abolished, and no great loss or gain could be anticipated as accruing to the People from these Fisheries, yet, as by the renting system disputes occur not only regarding the infringement of the Rent by Poaching, but also as regards the Water itself and as the amount is an insignificant item and open to trickery and abuse, I am of opinion that it should be

Sir,

35

From the Coll.r of Chingleput.

I have the attendance of the Reverend F. Xavier has enabled me to commence an investigation into his claim to hold the Village of Cadapankam in Enam, as directed in the Board's Proceedings of 25th October last but I find that this office contains only an imperfect Copy of the Sunnud by which his Highness the Nawab made over the Perguunah of Carangooly to the Company in 1763. This grant details the Villages in the different Magans or divisions which then existed distinguishing the Government Villages from those held on Shotrium or Enam tenure. A complete Copy would therefore throw light on the present case besides being useful in the office and I have the honor to request that one may be furnished to

From W. E. Lockhart Esqre
Collector of
Salem

Sir,

I have the honor to submit a Statement shewing the extent and particulars of lands applied for by individuals for cultivating Coffee and for building on the Shevaroy Hills agreeably to the orders of the Board dated 1st December 1842. In conformity to the Notice published, the native Inhabitants of the Hills were made acquainted with the offers made and have signified the consent to their being given to the applicants.

Of thirty Acres applied for and included in the Statement, 5 are immemorial waste lands, but the applicant has agreed to pay full Teerwah from the date the lands are granted, and the other two being waste lands below 5 years will also pay full Teerwah on it being granted. This being in accordance with the instructions of the Board under date the 8th September 1842.

I solicit their early sanction.

Salem, Darampoory,
Collector's Cutcherry

No. 1

Draft of an Appeal Plaint to be filed in the Civil Court of Salem against the Decree passed in the Subordinate Court in the Original Suit No. 59 of 1845 by the Collector W. C. Lockhart Esqr 1st Defendant now Appellant.

The Plaintiff Mauruppah Gounden instituted the Original Suit for the recovery of 37 Coolies of Poonjah land paying an annual Peeruah of Rupees 2. 11. 8 and Yielding produce to the value of Rupees 10.

The Subordinate Court in its merits dismissed the Plaintiffs claim directing that the costs of the 1st Defendant as regard Vakeel's fees and Peons batta only should be defrayed by

by the Plaintiff but directing that the 6th Defendant should pay the costs incurred for the value of Stampt Papers amounting to 15 Rupees to set aside this latter award this Appeal Plaint is instituted.

The Appellant submits that the costs incurred for Stampt Papers was for the purpose of filing his answer, rejoinder, list of witnesses. Vouchers recorded by the Court as required to be filed in determined of the Suit Motions.

The Subordinate Court having gone into the merits of the case record that the evidence is clearly to the effect that there are distinct boundaries between the Plaintiff and the 6th Defendants lands and that it was further shewn that the field No. 262 was waste in the year 1838 when the 6th Defendant took it and if any land had been illegally added to it from the Plaintiffs field No. 263 which adjoins it the Plaintiff would have made some claim to it while it was waste, an opinion in

in which the Appellant perfectly concurs; but why after giving so decided an opinion as to the untenable nature of the Plaintiffs claim, the Court should have decided that the 1st Defendant should pay the costs for filing the pleadings and documents recorded by the Court as necessary to defend the action; the Appellant cannot understand, and begs that the Civil Court will on a perusal of the record set aside the decision of the Subordinate Court in that respect, and direct that the Respondent pay all costs incurred by the Appellant as also all costs now incurred in making this Appeal.

The Appellant has only a single observation to add with reference to the concluding para of the Decree of the Subordinate Court, that as this action was brought with the specific object of the recovery of certain lands held on Puttah by the 6th Defendant and to have that Puttah cancelled and the Respondent being nonsuited on that point the observations of the Court as to whether there is any deficiency

deficiency in the Respondents entire Puttah and if in consequence he is entitled to a deduction from his rent it is not involved in the merits of this suit.

Proceedings thereon.

Submitting letters from the Collector of Salem with a draft of Appeal plaint proposed to be made in O.S. No. 59 of 1845. and recommending that he may be authorized to file it and to conduct the suit at the Public expence.

1. The plaint sets forth that the Subordinate Court having decided O.S. No. 59 of 1845 on its merits dismissed the Plaintiffs claim and directed that the costs of the 1st Defendant (Appellant) as regards Vakeels fees, and Peons Batta only should be defrayed by the Plaintiff leaving the costs incurred on account of Stamp Paper amounting to Rupees 15 to be defrayed by 1st Defendant.

2. The Appellant states that the costs on account of Stampt Papers were incurred for the purpose of defending the suit and urges that as it was decided in his favor and against the Plaintiff the payment of costs for filing the Pleadings &c. should have been similarly decided.

3 The Board approve of the proposed Appeal Plaint and in forwarding it together with the foregoing letters and their enclosures

Sir,

I have the honor to acknowledge the receipt of your letter &c. dated 15th Instant enclosing Petition No. 1599 of 1846 from Shasadry Iyengar of Codialoor and calling for an explanation of the circumstances under which Mr. Onslow refused to allow Petitioner to withdraw his security Bond.

2. In reply I beg to enclose the Endorsement given to Petitioner by Mr. Onslow from which it will be seen that as the greatest inconvenience would arise from the practice of withdrawing at pleasure security bonds Mr. Onslow refused to comply with the request.

3. The Board must be aware of the great difficulty in procuring persons to stand security and of the trouble attendant on the necessary forms through which the Security Bond passes, even after obtaining the name of the parties consenting but they perhaps

perhaps may or may not be aware that in most instances the parties / Curnum, or other Officer requiring to give security / are obliged to pay a douceur to their sureties and that if they are allowed to withdraw at option it would open the way to all kind of abuses and vexations, as the party would again have to pay for a second security, the Circar would again be at the trouble of verifying and filing the Bond and in the mean= time be without security in case of a delinquency, or without the services of the Officer, thus causing very great incon= =nience and hindrance to the Circar.-

4- It is surely the duty of the surety to ascertain before hand the conduct of the party for whom he stands securi= =ty and not after he has signed the Bond.

5- Under these circumstances the Board will I think consider Mr. Onslow justified in refusing to allow Petitioner to withdraw the security Bond executed by him.-

stated that from the Communications which they received in reply, there was not any likelihood of the Salt Meeting a ready Market -

20th April 1847. On Calling over again, however, they have agreed, after some hesitation to purchase 20 Garees at 60 Rupees per Garce provided the Necessary Sanction was procured within two Weeks -

3. They have further agreed to pay for the Salt immediately on the decision in favor of the tender being made known to them; and to remove it in 20 days beyond the limits of the Presidency Collectorate -

4. One of the parties, who acts for the whole, has executed an agreement to the effect Stated above, and another has entered into a Security Bond for the due fulfilment of the Conditions of the agreement on the part of the principal -

5. The production in the price which the Merchants have asked for his certainly large and, if there is not much difficulty that attends the disposal of the Salt at the place of Ultimate destination, on the introduction of it at a rate Considerably below

below that at which the Manufactures of this Country can be offered to the Consumer must necessarily affect the revenue, in some degree, and interfere with the retail trade Carried on by others; but the quantity required to be purchased by the Merchants is Small and the acceptance of the tender may eventually afford me an opportunity of ascertaining how far the result of their speculation has been successful, both as regards the expeditious Sale of the article, and the profit derived from it -

6. The quantity of the British Salt originally purchased in the past year was Garee 155 - 354 - 3 - of 9256 ½ lb per Garee Of this Garees 89 - 353 - 6 ½ have been already sold for Rs. 3062 - 0 - 11 as follows.

7. The above sum of Rupees 2928 — 14 — 7 falls short of the Cost price of the G. 155 — 354 — 3. by Rs. 188 — 12 — 11. The Sale of 2 G. more at the Monopoly price of Rs. 120 each will more than Cover the difference of Rupees 188 — 12 — 11. just alluded to as whilst the Sale of 20 Garce at Rupees 60 will yield Rupees 1,200 or an excess of Rs. 1011 — 3 — 1. beyond the prime Cost of the whole.

188 — 12 — 11
1011 — 3 — 1.

8. The remaining quantity of the British Salt is G. 66 — 4/2 as it appears to be of importance that that part of the Bonded warehouse in which the Salt is now deposited should be delivered over to the Contractor at an early date, to enable him to execute the works which have been in progress there for some time past, and as it is evident that the article Cannot be sold within a reasonable period for Consumption at the Presidency it would seem requisite either to remove it altogether to the shed pointed out by the Collector of Sea Customs, at an expense of Rs. 150, or to retain only 2 G. for Home Consumption at Rs. 120 each so as to recover the original outlay, or to sell 20 G. at 20 Rs. each for Inland Consumption, and destroy the rest.

Madras — 21st April 1847.

Ordered that the foregoing letter be submitted with the following address

63-64

To the Chief Sec.y to Government submitting with reference to extract Mr. Consultation dated 23d March last a letter from the Collector of Madras reporting that he has received an offer to purchase 20 Garces of British Salt at 60 Rs. per Garce and recommending that the Collector be authorized to accept the terms offered also suggesting that the remaining quantity of British Salt be put up for Sale by public Sanction

To The Chief Secretary to Government.

Sir. With reference to the Extract from the Minutes of Consultation dated 23d March last No. 390. requesting to know whether the quantity of British Salt now in Store might not with advantage be disposed of for inland Consumption at a rate somewhat below the Sum at which the Manufacture of this Country is sold on account of Government. I am directed by the Board of Revenue to request that you will lay before the Most Noble the Governor in Council the accompanying letter from the Collector of Madras reporting that on communicating with the principal dealers in Salt they have offered to purchase 20 Garces of the British Salt at 60 Rupees per Garce, and that they have agreed to remove it in 20 days beyond the limits of the Presidency.

The Monopoly selling price of 2. Salt is 120 Rupees per Garce the loss to Govt. will

will therefore be 50 per Cent, but considering that the removal of the Salt from its present place of Store is urgently required, and that better terms cannot be obtained, the Board are of opinion that the Coll. should be authorized to accept the terms offered.

3. The Board would further suggest that the remaining quantity of the British Salt be put up for Sale by public auction at the fixed price of 60 Rupees per Garce and the Collector be directed to report what offers are Made.

With reference to your letter dated the 5th September 1846 No. 502 I am directed to forward for the information of the Government of India Copy of a Communication

communication from the Collector of Bellary of the 26th ultimo from which it will be seen that Cawder Ameen Shah is neither able or willing to provide from his own funds for the support of the Durgah hitherto maintained by the proceeds from the Shrotriam Village of Kaditotum.

The Durgah is not regarded by his Lordship in Council as a religious but as a Charitable Institution, founded generally on the remains of some reputed Saint who was a Member of the Family of the original grantee and where alms are distributed on the occasion of the usual Ceremonies being performed at the tomb.

2. I am directed to request attention to the correspondence noted in the Margin, and to state that even in cases where the Grants expressly provide for the support of similar Institutions, they have not been regarded as strictly service grants and as

From the Collr of Bellary
Furnishing the further information called for by the Board in their letter of the 7th January 1847 regarding

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter of the 7th January in reply to my report dated the 29th October last

regarding the Cultivation of Bullar together with Copies of Packeds and Urzees with Translations.

last on the subject of the levy of Fazul Jastee on Buller cultivation in the Seroogoopah Village of this District.

2. With reference to para 2, I beg to state, that neither the Buller nor any similar Dry Grain is sown in Nunja land in any other Villages of this District with the exception of Dasanoor and Seroogoopah. The Cultivators of these two Villages having been subjected to the payment of half the assessment in Fusly $\frac{1234}{1824/25}$ they laid the land waste without cultivating the Pulse, till at last Mr Robertson and myself have respectively relieved them from the Assessment in Fuslies $\frac{1242}{1832/33}$ and $\frac{1251}{1841/42}$ that is, the Ryots of Dasanoor have resumed the Crop in the former Fusly and those of Seroogoopah in the latter. As to the question "how far the grant of any indulgence to the Ryots of Seroogoopah would be likely to lead to applications for "similar concessions from other quarters", it may be proper to anticipate that the Cultivators of some Villages under the Toombadra Nullahs in the Kumply Talluk are assessing; should no demand be imposed to introduce the culture of this particular pulse

pulse into their land which is usually laid waste for want of Water for the Vyak season and which consequently pays no Fazul Jastee.

3. With regard to Para 3 of your letter under acknowledgment Viz. "whether in "the cultivation of Buller or Dry Grain of "a like description, in wet land was taken into "consideration at the time of the "survey, and whether any definite orders were "then passed upon the subject," The Board will observe that in the concluding part of Para 9 of Mr Sub Collector Vivesh's Report for Fusly $\frac{1234}{1824/25}$ of which an Extract marked A was submitted in my last letter, that Officer concludes that the question was finally disposed of in Fusly $\frac{1216}{1806/7}$ the year in which the land Assessment was fixed; In submitting therefore the correspondence [in the Native Language] which passed at that time together with Translates Nos 1 to 6, I beg to enter into an explanation thereof.

† 29th October.

4. Of the above correspondence, No 1 is an Urzee addressed to Colonel Munro by the Sheristadar of the Bellary Sub Division. In Paras 6 & 7 of this Urzee the ancient Collections

collections of the land under Joombadra Nullah of Serogoopah and Dasanoor are stated in detail, the mode observed in fixing Sums and the objections advanced on it by the Village Heads and Ryots as well as the nature of the land and of the grain "Buller." In reply the Colonel Munro authorized some deductions in the rates on account of this dispute and directed that the land should pay a moiety of the Sett rent, when it is cultivated with Buller or any other species for the 2d Crop. Para 2 of the subsequent Urzee from the said Serishtadar explains that the Beriz of Sum Summumbundy was fixed after deducting a Sum of Pagodas 3700 as per orders, from the Dowle for the Bellary Talook, which at first amounted to Pagodas 10,946-5 and the following is a figured Statement of the Detail, now prepared with reference to the above abatement allowed to the Nullah Lands of Serogoopah

Enclosure No 2.

Enclosure No 3.

The abatement in the rate thus amounts to Pagodas &c

to the wet lands of this Village. It will be observed that the Sheristadar of the Sub Division states in one of the clauses of Para 6 of his 1st Urzee already quoted, that antecedent to the survey Assessment one Acre of land was liable to pay C. Pn 9 4 0 for all cultivation of a year whether one or more Crops.

5. Moreover, even after the rate was so reduced, the Ryots repeated their objections to pay a Fuzul Jastee on Buller. To prove this I beg to transmit 2 Urzees (originals) addressed to Colonel Munro by Peishcar Bheema Row of Serogoopah in which he explains the nature of the wet land of that Village, its produce, the obstacles which presented themselves towards ensuring a Second Paddy Crop, and the loss anticipated as likely to occur, if Paddy is cultivated for the 2d crop and the advantage existing on the other hand from the Buller cultivations

Enclosure Nos 4 & 5.

6. Subsequent to the passing of the orders of Colonel Munro above noticed, only three were but 2 Summabundies, namely of Fasly $\frac{1217}{1807/8}$ and $\frac{1218}{1808/9}$ cited in them, there were instances of great difficulties being experienced

rienced in collecting the demand of Buller Fuzul Jastee during the 13 subsequent years i.e from Fusly 1219 (A.D. 1809/10) to 1231 (1821/22) the revenue was rented out without reference to our survey Ryotwar System. When the Ryatwar System was revert=ed to in Fusly 1232 (A.D. 1822/23) the same objection was adduced before Mr. A. D. Campbell the then Collector who reduced the Buller Fuzul Jastee from one half to one fourth of the original rent as per the accompanying Statement to the Bellary Tahsildar dated 13th May Fusly 1232 (A.D. 1822/23) but this abatement did not last longer than Fusly 1233.

Enclosure No. 6.

In Fusly 1234 (A.D. 1824/25) it reverted to the half as aforesaid as already stated. Thus ever since the order was issued announcing that the Buller (a crop only planted to manure the lands) is liable to the payment of Fuzul Jastee the Ryots have ceased to cultivate it.

7. In short the objection to the Buller Fuzul Jastee always existed ever since the Turm was fixed. The Sub Collector's Sheristadar who superintended the duties of aseping the lands, having already expressed in his first Letter above quoted, that Buller is not a real crop, and afterwards Mr. Camp=bell having thought it advisable to reduce

one half of what is called a Fuzul Jastee and a distinguished able Collector (Mr. Robert=son) having altogether relieved the Dasawar Ryots from that taxation, I am of opinion that the Ryots of Seroogoopah are also entitled to now this Relief as being advanta=geous to subsequent crops free of Demand of Fuzul Jastee and I trust that the Board will see reason to concur with me in this opinion, as it would not be giving up any regular collection hitherto made in Seroogoopah and as on other Village could establish a similar claim. Colonel Munro's order that whatever crop a Ryot resides for the Ryotk season, he must pay a Fuzul Jastee may be looked upon as a general rule of the Settlement referring to valuable crops - Betel, Sugar Cane, &c. and it being brought to bear upon Buller never intended.

8. In the survey the lands under the Soombadra Nullahs of this District were aseped for only one crop. The turm fixed to the Nullah lands of Seroogoopah and Dasawar is comparatively higher than other Villages as is exhibited in the accompanying Statement which contains the quantity of land cultivated in 3 years

Enclosure No. 7.

9. I have stated in the preceding Para that the Lands under these Soombadra Nullahs have been assessed at the Survey for the only one Crop - The water running in them is used for cultivating Paddy, the 1st Crop, but the season for the 2d Crop being the hot weather and the water insufficient, they plant Cane, Plantain and Paddy only where it admits; but neither the Ryots of other Villages nor those of Serroogoopah and Dalamoor ever object

object to pay the Fuzul Jastee on those crops which amounts to Rupees 30275 as entered in Colm 6 of the above abstract and the particulars of this amount is as follows.

On Cane cultivation	14,000.
On Paddy	12,000.
On Plantains and Betel leaves	4,275
	30,275

I stated in my last Report that Buller was cultivated in some fields of Serroogoopah and Dalamoor since the demand thereon was given up, and that the Ryots of Serroogoopah were taxed with about 2000 Rupees for Fusly 1256 (F.S. 1845/46) These two items are not included in the Statement No 7 now forwarded - In no other Villages except these two is this cultivation ever raised.

10. In conclusion, I beg to report, that in the event of the Board hesitating to exempt the Serroogoopah Ryots from the levy of Fuzul Jastee on Buller cultivation, such decision is not to be considered as refusing to give up an item of Revenue, for as the Buller will never again be sown no revenue will ever be collected. The matter is not in fact one of Revenue, though

6761 Fort St. George 29th April 1847

though I much fear that the result of such a decision as regards the prosperity of the Village would be most serious.

Translation of an Extract from an Urzee addressed to Colonel Munro Collector of the Ceded Districts by Hemaomumta Row Sheristadar of the Bellary Sub Division under date the 17th February of Fasly 1216.

Para 6. In some lands under the Toombadra Nullah of Dasanoor are Cocoanut Gardens. The custom of the place has been to pay for these Gardens at the rate allowed to Paddy fields, but now the Turrum being fixed (as per Rule) after distinguishing one crop and two Crops, it appears as follows.

Viz. To one Crop land of the 1st sort 10 Pagodas, and of the 2d sort 9 Pagodas per Acre, but if we saddle the moiety for Dhroovapsne Dasturul Jattee on Cocoanut Gardens it becomes more. There is no Rivaz Jattee too, yet it amounts to more than Dasturul the Village Heads anticipate the Ryots Tenants to plant Gardens in future considering the impossibility of calculating for

for these Gardens at the rate alluded to for Paddy Fields. I have saddled together with the Doofuzul, and the account of these Gardens is also sent. I have called for the ancient Accounts to ascertain the rates of payment made, and paid in there, that Mahomed Shayee Pagodas 5/4 had been collected for every Coodo which quantity of land is equal to our 25 Coontahs, so it amounts to 1/2 Coodo per acre or Mahomed Shayee Pagodas 7/8 and these Pagodas of 12 fanams each if converted into Canteroy Pagodas 9-4-8 is per the present Jumma will be Vizt.

Pagodas 10 per acre of the 1st Sort land.
—— 9 —— Do —— Do ——
19 average per acre Pagodas 9-5-4

In the ancient Accounts, there is no mention made of Bagayet, and they say, that both Paddy field and Bagayet were treated alike.

The out land of this place (Dasanoor) under the Toombadra Mullah does not yield two Crops. It is sown with only one Crop of Paddy, but in a few fields of this land, Sugar Cane, Betel Leaves, and Plantains are planted during the 2d Crop. In the ("Doubl") Estimate the rent for the Tuzul Jaske is entered

But,

Fort St. George, 29th April 1847.

But the Cultivator's claim is, that ever since the rate of land rent had been anciently fixed, at so much per Candy, no distinction was ever made, between Crops whatsoever it be. They state that as the rate for Sugar Cane, Betel leaves and Plantains amounts to a large sum, these Plantations would probably fall off, that the Buller is not to be considered as a Crop, it yields no pulse to any considerable quantity, and that it is merely grown to manure the Paddy field with its leaves, for, if they do not sow Buller their fields would never be fat. Under these circumstances, they are unable to manage if the fields are made payable for ("Doofazul") both of the Crops. The Villagers state, that the land of the rate of 20 Pagodas becoming payable so large a sum as 15 Pagodas, they would wish the whole to be 12½ Pagodas for a year (being ¼th of the said rate of 50 Pagodas) for Bajayet Betel leaves and Cane Cultivation. I replied to them, that as the lands throughout the whole of the Country are distinguished by one Fazul and two Fazul lands, and as all Pyots pay Rent, Jastee for Cocoanut Gardens, they cannot expect

a variance in the Rule, and so framed the Dowle which is herewith forwarded.

This is what you have Estimated and you have

have further stated as follows. Viz. Out of the wet land, the land under the Toombadra Nullah of Seroogoopah and Dasancon (one Crop) is cultivated with Paddy and for the 2d Crop, Buller is sown. This Pulse returns a nearly "produce. For the Lands of Cocoanut and Betel "nut Gardens only one Fazul rent is fixed "as per Rule. For these two branches, the en "rent on the 2d Fazul is fixed at a moiety of the original rent. the Ryots complain that the addition for the 2d Crop is too much. You have also stated that these People have a less assistance of Dry land where compared with Paidroog. You have therefore ordered as follows.

Article 1st You will ensure the sug or cultivation of Dry land both Pagudee and Mufsul, taking care that no difficulty should arise either on the collection or in the facilitation of the cultivation.

2d In every Country the second Crop on the wet-land is a fixed sad at one Half of the original Tarum which say 10 Pagodas then add 5 Pagodas for the second Crop total 15 Pagodas. This can never be altered. But when as at present fixing the Tarum, consideration should be given to the amount

of these both Crops, so that the collection may cause no difficulty it will be facilitating the cultivation. From the 10 Pagodas here said for example, one Pagoda be reduced, that in 9 Pagodas is written the next crop would then amount 4½ Pagodas making for both crops 13½ Pagodas or 1½ Pagodas short of the amount given for example. Thus both Crops being taken into consideration the decrease should be made according to merits or circumstances keeping in view the Rule that one half should be for the second crop by curtailing the only portion found to be reasonable. Deduct therefore what may follow with reference to the orders contained in these two Paras, so that the same may come up to three or four thousand Pagodas below the Estimate, and then the remainder shall be Pagodas 98,940 5 14 to this amount the Tarum must be made to correspond by individual proportion.

3. With regard to the fields cultivated with Paddy for the 1st Crop and Buller to the 2d Crop it does not signify whether they cultivate Buller or any other Crop as the cultivation seeks

for

for the advantage by cultivating whatsoever crop he likes. He must pay according to the Sunnum rate for one crop and he must pay a moiety of the same for whatsoever crop he raises for the 2nd and the Rule can never be varied. Therefore, the rent must be fixed with discretionary proportion.

3. Cardamoms of Betel leaves &c Sugar Cane and Plantains being the crop contenuing for 12 months the rent of the lands cultivated with these articles should be one full and one half &c supposing the Turuns rent in 9 thers Fazal Justee is to be added 4½ Pagodas making in all 13½ Pagodas.

that where water shall reach for the Paddy growth, they will cultivate Paddy. To this end they have given unto me Moochulkas or agreement. In the meantime, Sheta-hunta Row, Tasildar of the Talook, having arrived at this place prevailed upon them for eight days to cultivate for about 2,000 Pagodas. Then they have agreed as before in (both the Tahsildar and himself) to cultivate the fields within the reach of water Viz.t-

1000 C. Pagodas worth of two crop land at Serooroopah dependent of the Garden cultivation such as Cane, Plantain, Cocoanut Trees, Limes, V.ca-

400 C. Pagodas out of the land of Dasanoor to the extent the water may reach-

50 C. Pagodas out of Ibrampoor lands within the reach of water, three fourths of this Village land being already occupied by Garden such as Plantains for Doofuzel-

1450 C. Pagodas-

Thus three Villages were settled and the

Translate of a Tahsd. issued by A.D. Campbell Esq.re to the Tahsildar of Bellary dated the 18th May Fusly 1232-

In the current Fusly 1232 ca when the Cooliwar Summalunty of your Talook was under Settlement, the Pyots of Serooroopah and Dasanoor having expressed that they shall pay for the cultivation of Cartuck but that they are unable to cultivate Paddy V.ca Crops for Dry soil and that this owing to the insufficiency of water but to the saving of Ballar for the aid of subsequent cultivation as well as for the forage of their Cattle, and then that you press them to pay a moiety of the original rents, that prior to the survey, they were

were paying at 1 Pagoda to one Crop of a land cultivated with Buller and subsequently or during the Triennial and Decennial Lease the same practice was followed up and for these reasons they request the rate to be still in force - You are hereby informed that the Rule is to collect a moiety of the original Rent to whatsoever 2d Crop they cultivate in their wet land, yet as you have explained in person that the Buller is not worth so much as to meet the Ryots rent or to the provision and that of the Ryots to escape from the Fazul Jastee, do not cultivate this species, their cattle would be in need of forage and the cultivating course would be obstructed - On account of the foregoing explanations of yours and in compliance with the request of the said Ryots it is now ordered Viz - Half of the Fazul Jastee be fixed to the quantity of land a Ryot cultivates only Buller for the 2d Crop - and you must know the proportion by this example viz. supposing a field is rented at 8 Pagodas its Fazul Jastee is 4 Pagodas and half of this is 2 Pagodas From the above turn and the half Fazul Jastee other regulated deductions should be made.

made and the net only Demanded - You will explain this to the whole of the Ryots of the said 2 Villages at the time of Cultivation of Fusly 1233 and ensure the same accordingly -

E. E. Jr. (Signed) A. Meller Collector. Under.

6063. Fort St. George 29th April 1847.

In Cons. 7th January 1847.

Read again letter dated 29th October 1846 from the Collector of Bellary recommending the remission of the Tax levied on the Cultivation of Butler in the Village of Seroyoopah.—

Proceedings thereon,

Under the explanation afforded by the Collector, the Board authorize the remission — until further orders of Usual Justee upon Butler when Cultivated as a 2nd Crop upon one crop wet land. They request the Collector will at a future opportunity report the effect which the remission now sanctioned may have upon the Cultivation of the Grain in question.—

Sir,

I have the honor to submit a Statement shewing the extent and Particulars of lands applied for by Individuals for cultivating Coffee on the Shevaroy Hills agreeably to the order of the Board dated 1st December 1842. In conformity to the Instructions published the Native inhabitants of the Hills were made acquainted with the offers made and have signified their consent to their being given to the applicant.—

Of the 19 acres applied for and included in the Statement, 11 which has been left waste beyond 20 years are to be given free of assessment for 5 years and the other 8 to pay full Peishcush from the date the lands are granted. This being in accordance with the instructions of the Board under date the 8th September 1842. I solicit their early sanction.—

Proceedings thereon -

Calling for further information regarding the Sale of certain lands in the Talook of Raizepoor in the District of Salem -

18-19

The Board observe by the Statement No 2 which accompanied their foregoing letter that the total Number of defaulters whose lands are proposed to be sold is eight of whom three have discharged a part of their due to Government - It is desirable that the Collector should explain whether the Nunjah lands alluded to have been fully supplied with water and have yielded a mood Crop.

In regard to those who have paid no portion of their liabilities, it appears that the lands of the Ryots - No 304 were advertized for sale in Fusly 1254, but that the arrears were paid previous to the day of sale - It should be explained whether these were discharged out of the profits of Fusly 1254 or whether the demand was met by appropriating the produce of Fusly 1255, which must have been available at the time the arrears in question were paid -

The Ryot No 3 took under cultivation in Fusly 1255 land considerably in

excess of that which he cultivated in the preceding Fusly -

2.

In the proceedings of the Board dated 1st December 1845 the Collector was called upon to explain the manner in which the probable value of lands was ascertained when he stated that it was determined in reference to the "Nature of the Soil" - In the Statement No 2 the probable value is stated as follows -

27th Dec 1845
In Cons 19th Jany

No	Average Teervah per acre -	Probable value -
124	Rs - 6 - 4 - 0	Rs - 0 - 8 - 4
154	7 - 15 - 0	0 - 8 - 0
149	9 - 1 - 0	8 - 0 - 0
150	9 - 13 - 0	2 - 0 - 0
155	10 - 10 - 0	1 - 0 - 0

the discrepancies in which are too obvious to call for remark - It is also observed that

Fort St. George 29th April 1847.

that the two fields cultivated by the Ryot No. 3. though nearly equal both in extent and in assessment differ very considerably as regards "probable value" which is entered as one Rupee and eight annas respectively. Again referring to the corresponding Statement for Fusly 1254, in which the same Ryot is entered as a defaulter, it appears that the probable value of one of the fields above alluded to Viz.t No. 153 which was the only one cultivated by him that year was fixed at Rupees 2 being exactly double the value entered in the Statement for Fusly 1255. The attention of the Collector is again called to the subject and in his reply to these proceedings he is requested to furnish further explanation in regard to the apparent inconsistencies now noticed. ——

Sir,

From the Collector of Salem.

With reference to the Extract from the Proceedings of the Board under date the 11th March 1847 requiring further and full explanation of the grounds on which I recommended the sale of certain lands mentioned in the Estear submitted with my letter of the 23d February last I have the honor to forward a statement exhibiting the balances of revenue due on the lands belonging to the individuals therein mentioned with an explanation of the grounds on which I recommended the sale of them. the Board will observe that with two exceptions therein mentioned I am induced to resort to the extreme measure of the sale for the security of the revenue I therefore request the Board's sanction for the sale of those lands.

From the Collector of Tanjore --- 8

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue under Date the 18th February calling for explanation why the balances of 1253 have been so long unadjusted and in reply to state that of the balances alluded to Rupees 6435- 2-1 are due by Lukkana Pillai and a part of which Viz. Rs. 6134- 1- 1 was lately received from the Subordinate Court but refunded under instructions from Government dated 13th February 1847 and for the recovery of the balance there appears no other way than by the sale of lands - on which the balance has accrued, a statement exhibiting the individual balances from Fusly 1240 is submitted giving a detail of the same - These balances have been allowed to hang on in the hopes that

In reply to Extract of 18th February explaining the reason why the balances of former years have been left unadjusted.

that they would be by degrees paid as the defaulters means were bettered but the indulgence of which has been abused and the impression (from forbearance) strengthened, that the extreme measure of selling the land would not be resorted to. Under these circumstances I beg to recommend that the lands entered in the statement submitted with Mr. Cotton's letter of the 11th January, may be put up to Public Auction the effect will probably be the recovery of some portion of the balances immediately, without sale of land, and the realization of the remainder can be secured by no other means than actually bringing it to the hammer. I am averse to pressing the sale of a defaulters lands but when he allows arrears to stand without making any endeavour to liquidate the demand against him the necessity of resorting to extreme measures for the protection of the revenue becomes absolute and the example will be beneficial

Proceedings thereon.

24-25

Under the circumstances stated in the foregoing letter the Board authorize the sale, for arrears of public revenue, of the lands entered in the Statement which accompanied the letter from the Sub Collector in charge dated 11th January last.

Mr. Bishop will be pleased to publish the usual advertisement in his district and forward a copy with translation in sufficient time to admit of its being published in the Board's Office at least 30 days before the date of sale.

To D. White Esqre
Acting Secretary to the
Board of Revenue

From the Collector of Malabar

Sir,

I have the honor to request to be favored with the Board's instructions whether or no the orders of Government dated the 16th October 1846 published in the Official Gazette of the 23d Idem, relative to the weights and measures, are intended to supersede those circulated by the Board on the 5th December 1846 under instructions from the Government

of India especially as regards the Sea Customs Tobacco and Salt Department.

I would beg to observe that the change if it is to be made, will be attended with much inconvenience in the Sea Custom Department. The Board are aware that our chief commercial intercourse is with Bombay the Custom House accounts there, are as is the case here kept in Indian Maund Seers and Tola. The Certificates received from thence are all made out in this description of weight to convert it for entry in our Books into the Maund Viz Pallam and Tola prescribed in the Notification above adverted to, would entail I think needless trouble on the Custom House servants and retard the despatch of Business. The same inconvenience would doubtless be felt at Bombay, if our Export Certificates are drawn out according to the last mentioned weight. Moreover all the weights in the several custom Houses have, as directed by the Board been adjusted to the standard specified in Mr. Lovell's letter above quoted a

+ It was considered of this, that in former years the Bombay Candy of 560 lbs instead of the Madras Candy of 500 lbs was introduced in all the Malabar Custom Houses.

Fort St. George 29th April 1847

Under these circumstances I beg to recommend that the accounts of this District may continue to be kept in Indian Maunds.

Calicut 16th April 1847 } (Signed) H. V. Conolly Collector.

Proceedings thereon.

(26-27)

The Collector is informed that the Salt transactions should be conducted as hitherto in Indian Maunds, each of 3200 Tolas. The Maund of the same weight should also be used in levying Frontier or Sea Custom duty under Act VI of 1844 wherever under the schedule annexed to that act, duty is leviable by the Indian Maund. The provisions of Act VI of 1844 are in no way affected by the proclamation of the 16th October last.

Ordered

Ordered that the foregoing letter be submitted with the following address

To The Chief Secretary to Government

31/32

To the Chief Secy to Government

Submitting a letter from the Collector of Madras requesting sanction for the continuance of certain allowances retrenched by the Civil Auditor from his accounts for Fusly 1252 and recommending that special sanction may be granted for their continuance—

Inform 29th April 1847.

Sir,

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Madras requesting sanction for the continuance of certain allowances retrenched by the Civil Auditor from the accounts of the District for Fusly 1252.

2. The allowances for which the Collector asks sanction are of a two fold nature Mootalikan, and Mushroot— of the former there are 28 Nos and from the Statement A accompanying the letter of 7th April 1847 it appears that they were originally granted for the support of the families for whose benefit they were allotted and will lapse to Government on the death of the present incumbents—

3 It will appear— moreover from that Statement that the greater number of the allowances were paid under the orders of the Board as set forth in the margin while
