Sect. to Govt.

Resolution thereon.- Resolved that Copy of the

(1-2)

foregoing order of Government and of the Board's letter to which it is a reply be communicated for the information and guidance of the Collector of Madras with reference to his letter dated 21st Instant.-

ORIGINAL DESTROYED.

At

Fort St. George 3rd May 1847.

At a Meeting Present.

Monday 3rd April 1847.

G. D. Drury Esqre Senior Member.
A. Robertson Esqre Second Member.
Walter Elliot Esqre Third Member.

and

J. Goldingham Esqre Officiating Member.

Minutes of the last meeting read and approved.

3

From the Secretary to Govt. Read letter transmitting copy and translations of certain acts of the Supreme Government.

Order thereon.

3-4

Ordered that the printed acts received with the abovementioned letter be lodged in Office.

Read the following Resolution.

Extract from the Minutes of Consultation dated 26th April 1847.

(From Bd. 6th April)

From the Secretary to Government. The Most Noble the

5

Governor in Council concurs in opinion with the Board of Revenue that it is not necessary to deviate from the usual course by publishing in the Official Gazette the notification proposed by the Collector of Guntoor relative to the

Fort St. George 3rd May 1847.

termination of the Permanent Settlement in that District.

(Signed) W. C. Montgomery
Secretary to Government.

Order thereon. Ordered to be communi-

5-6

-cated for the information and guidance of the Collector of Guntoor with reference to the Boards Proceedings dated 6th Ultimo.

Read the following letter.

To,

Daniel White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

Sir,

From the Collector of Guntoor -----

7

With reference to my letter of the 25th June last I have &c
the honor to state that as it &c
is

Fort St. George 3rd May 1847.

is ascertained that printed Copies of the Rules for the Village Moonsiffs can be procured from Madras at less expense than they can be furnished in manuscript from this Office, I would beg to recommend that in the event of the Board not seeing fit to comply with the suggestions contained in that letter, I may be permitted to procure the required copies from Madras.-

Cutcherry 17th February 1847 } Collector.

7-8

Order thereon.- Ordered to be sent again in Circulation.-

To

Fort St. George 3rd May 1847.

To,
D. White Esqr.
Acting Secretary to the
Board of Revenue.
Fort St. George.

9

Sir,

From the Collr. of Guntoor - - - - - -

Submitting translations of two Plaints in suits Nos. 2 & 3 of 1846, preferred by Illa Narrainaphi & Ippatum Ramasawmy of Ippatum with drafts of answers to be filed in the Principal Sudder Ameen's Court & requesting the Board to obtain the Government sanction for defending the same at the public cost.-

Para 1. I have the honor to submit translation of a Plaint preferred on the 5th of February 1846 in Principal Sudder Ameen's Court at Guntoor by one Ippatum Ramasawmy Kurnum of the Village of Ippatum against the Head Assistant Collector in Charge the Ameen and Samutdar in whose jurisdiction the cause occurred and his fellow Kurnum together with draft of an answer proposed to be filed, and to request the Board will be pleased to obtain the sanction of Government to defend the suit at the public cost.-

2 The circumstances of the case are briefly these. Ippatum a Village of the Sultanapully Zemindary for many years past under sharing tenure were rented by the Zemindar to 5 of the Villagers for a term of years from Fusly 1251 to 1255. But at the expiration of one year the Zemindar cancelled the rent and in the Accounts given on the Assumption of the Estate entered it as an Amani Village. In the Summahbundy of Fusly 1252 the Plaintiff being Kurnum and renter, and the other renters maintained that according to the usage of the Village they

they were not liable to Poolla Kurch, but from information given by another of the Meraddars, as well as from other proofs it appeared that it was Customary for the Cultivators to pay Poolla Kurch; i-e, a certain Cash payment in addition to the fixed proportion of grain on every Candy of produce measured.- It having been Established to the Satisfaction of the Officer in Charge of the District that the Charge was sanctioned by usage it was included in the demand and paid without demur by 30 out of 35 rayets.- As the Plaintiff pertinaciously refused either to pay the demand or to write the Accounts of his Village he was suspended from the office of Kurnum and he now sues for its recovery and for exemption from Poolla Kurch as when the Act here Complained of was done the Zemindars had surrendered their proprietary rights into the hands of Government, Regulation XXIX of 1802 did not apply to the then circumstances of the District.-

To Board 19th April 1843. para. 2.-

3 In the press of other matters the preparation of this Answer has been long deferred.- The last time applied for to file it will expire on the 1st July 1847.-

4 I also submit translation of the Plaint and draft of proposed answer to be filed in another Case closely connected with the last for defending which at the public cost Sanction is also requested.-

5 One Illa Naraina pah rayet

rayet of the same Village Ippatum and Associated with the Kurnum Ramasawmy in the Rent like him resisted the demand on account of Poolla Kurch and for the same reasons as in the case of the Kurnum, the demand being considered just was enforced by distraint.- The present Suit is brought on the 3d February 1846 to prevent the levy of the disputed amount which however was realized by the sale of property after the Plaint was filed.- The time last applied for for filing the Answer will expire on the 1st July 1847.-

Guntoor Collectors Cutcherry, Dindy 10th April 1847. } Signed W. Stokes Collector

No. 1.
No. 3 of 1846.-

To, The Principal Sudr Ameen of Guntoor-

Plaintiff - Ippatum Ramasawmy son of Ippatum Showeraurze of Brahmin Caste and by Profession a Curnum.-

Defendant - 1. W. Newill Esqr 1st Assistant to the Collector of Guntoor
2- Doomulrow Subbamenursoo Curnum Tooloo Ameen of Sultainapilly.-
3- Mootoocoor Soobbarow Samut dar of Vadla moody.-
4- Ippatum Ramanarzure inhabit and of Ippatum.-

Plaint preferred by the Plaintiff.-

That was the last Curnum of the aforesaid Villages Ippatum and Thodelavarum from my ancestors time immemorially 1212 when the Permanent Settlement was fixed in the

Talooka

observed ever since in all the Villages. However in Fasly 1232 the 4th Defendant, who had nothing whatever to do with the concerns of the said Village came as an interloper and living separately brought blame against the list Currums with the fraudulent intent of obtaining for himself the Meraasee privileges. He then got in with the 2nd and 3rd Defendants and contrary to usage entered in the Accounts Poolla Church at 1 Rupee per Candy and 6 Annas Poolery tax per each bullock instead of 6 annas per each yoke of bullocks hitherto customary and tho' I had paid Salaga Maraloo at 15 Tooms per Candy, they stated in the Accounts that only 10½ Tooms per Candy had been made. thus presented false Accounts. I presented Arzees immediately to the Collector of the Zillah, but no answers were given. On the 13th September 1845. the Collector took into consideration the report fraudulently made by the 2nd and 3rd Defendants and passed an Endorsement on my Arzee to the effect that I should pay the amount specified in the Accounts given in by the 4th Defendant. a demand was then

then made and my property attached on the 25th January 1846, I owe only Rupees 5-10-8 according to the account of the list Currum up to Fasly 1254, but the 4th Defendant made it appear in his accounts that I owed the sum of Rupees 16-13-3 and gave cause for the demand. He deviated from the practice usually observed in my case since 11 years: for a new Cowl was given and no Cabolyet taken and, as it is unjust that he should force me to pay more than is legally due. I institute this complaint against those who are the cause of this annoyance. I therefore trust that the documents which I will present at the time of enquiry will be inspected and that a decree may be passed awarding that I should pay only Rupees 5-10-8, that the illegal demand against me be cancelled, that my property be released from attachment, and that the Defendants be directed to pay the costs I have been put to in this case.-

Please to peruse this 3rd February 1846.

Collector.

To

that the Suttanapilly Zemindar having sur-
=rendered his proprietary rights into the hands
of Government on the 3d April 1843 his Estate
from that date became to all intents and
prerposes in the Eye of the law an unsettled
District, Regulation XXIX of 1802 ceasing
to be applicable to it consequently the
Plaintiffs suspension is a matter for appeal
to the Board of Revenue under Section VII
Regulation II of 1806 and not for the cognizance
of the Civil Court.-

9. In reply to the Plaintiffs
assertion that whereas 1 Anna 7 Pice only
were due from him, Rupees 6-9-10 had been
levied by the distraint and sale of his pro-
=perty, it is to be observed that the justice
of the demand having been Established to the
satisfaction of the Officer in Charge of the
District and contumaciously resisted by the
Plaintiff its recovery by a legal process
followed as a matter of Course.-

10. On the above facts being establi
=shed to the satisfaction of the Court by the
oral and documentary evidence which
is ready to be produced it is trusted that
the Court will see fit to non suit the
Plaintiff leaving him to bear the
Costs of Suit.-

To
The Principal Sudr Ameen of
Guntoor.-

Plaintiff- Illa Narayanapah- of the Buljee Caste and an inhabitant of Ippatum.-

Defendants 1. H. Newill Esqr Head Assistant Collector in charge of Guntoor.-
2. Doomal Row Lutchmenarsoo Guntoor Coo Ameen of Suttanapilly-
3. Moodooroor Sooblarow Samutdar of Vadalamoody-
4. Ippatum Ra-
=masawmy in-
=habitant of
Ippatum.-

The following is the subject of my plaint.-

From the time of my ancestors Re-
=sided in the aforesaid Village Ippatum apper-
=taining to the Suttanapilly Estate cultivated
Shery land and paid without any balance the
Muctashist due to the Circar In Fasly 1244 the
then Zemindar Rajah Manoor Vencata Row super-
=seded the Vysabady Settlement of the Village
and introduced the sharing system allowing the
Karnams a half share and other Ryots 9/20 or nine
Toomx per Candy and cancelling Poottu Kurch
and all other charges which practice has been
observed

No 4

To The Principal Sudr Ameen of Guntoor

Plaintiff Sillah Narsynapah of the Bulgee caste and an inhabitant of Ippatam.

Defendants. 1 The Collector of Guntoor
2. Doomulroo Lutchmenarsa Pantooloo Ameen of Suttanapally.
3. Mootoocoon Soobba Rao Samudar of Vuddlapoody.
4. Ippatam Ramarauze of Ippatam.

1 Answer of the Collector of Guntoor on behalf of all the Defendants to the Plaint preferred by the Plaintiff.

2. Plaintiff states in his Plaint that in Fusly 1244 the then Zemindar Rajah Manoor Vencata Row changed the Veesabuddy rate previously established in the Village of Ippatam and introduced the sharing system cancelling the Pootta Kurch &c and this practice continued to the present period, that the 4th Defendant with a view to obtain the Meerassee previleges procured the friendship of the 2nd and 3rd Defendants and arranged that the Pootta Kurch should

contrary

contrary to the usual practice be at 1 Rupee per Candy, that in lieu of the customary rate of Poolary 6 annas for each yoke of oxen used in ploughing, 6 annas on each bullock should be exacted, that 12 Manecas in the Candy were deducted from him as Chellaga Merraloo and that they inserted in their false accounts that only 10½ Maunikas had been exacted and managed thereby to shew a sum of Rupees 16-13-3 outstanding against him up to Fusly 1254 for which a demand was made and his property attached, that the Plaintiff owes the Circar only Rupees 5-10-8 according to the Accounts of the list Kurnum which he requests may be levied from him, the irregular demand cancelled and his property released from the illegal attachment.

3 It is stated in answer hereto that previous to Fusly 1244 the sharing tenure obtained in this Village. For a term of five years from that year to Fusly 1248 Naugulla Seshoo of Peddawadlapoody took it in rent from the then Zemindar and established such rates of share as he pleased throughout the Village, which have continued up to this time. That five inhabitants of the Village including the Plaintiff rented it again for five years from Fusly 1251

to 1255. and having managed it for one year Fusly 1251 fell into arrears for which cause the Zemindar annulled the rent in Fusly 1252 and restored the Village to Amanie.-

4. At the Jummahbundy of Fusly 1252. the Plaintiff having represented that the Renters from Fusly 1251 had settled the Village without Poottu Kurch a declaration was signed by Ippatums Ramanarauze that the Renters had settled to collect Poottu Kurch at the rate of 1½ Rupee from Bramins and 2 Rs from other Ryots and that they had at the instance of the Ryots in order to prevent this from being established as a precedent entered the rate on the Cowles issued by them as 1 Rupee from all, and as this was clearly proved by the declarations of Ramana Rauze, and further by a Cowle produced in another case by one Veemoo Seetaramoodoo a Payakarty Ryot bearing the signature of the Renters including the Plaintiff in which the Poottu Kurch is entered at 1 Rupee per Candy, the same rate was entered in the accounts of demand from Fusly 1252 to the present time.-

5 The Plaintiff having

renewed his complaint in the Jummahbundy of Fusly 1254, it was referred to the Ameen of Suttanapally, and from the record sent by him, as well as by the Memo given by one Jonnalagudda Sungeevaroydoo, who had been 7 years Samuttdar there it is clear that Poottu Kurch had been levied at 1 Rupee from Fusly 1252 and, whereas the Plaintiff contends that Poottu Kurch has never been usual since the Village was settled on share, it is clear from Accounts filed by Naganlah Seshiah that in 1244 when the sharing tenure commenced ½ a Rupee was fixed on this account.-

For these reasons and as

6. Poottu Kurch is usually levied in several of the Zemindary Villages held on share, the demand was considered just and the Ameen was ordered to collect it, and it was paid without demur by 30 of the Ryots being all those of the Village with the exception of 5, who were associated with the Plaintiff in his intrigues. It will thus be evident to the Court that the demand on account of Poottu Kurch is just and proper and the Petitioners opposition to it groundless and contumacious.

In

In reference to the tax called Poolary leviable on Bullocks only 6 Annas have been charged per Yoke on ploughing oxen and not 6 annas a head as stated by the Plaintiff in his Plaint.

8 Regarding the assertion that the usual rate of Chellaga Meralu was 12 Manikas per Candy, the records in this Office Viz: the former Fifty Accounts of Fusly 12Lk and the subsequent accounts shew that 10 Manikas were deducted per Candy. While all the other Ryots follow that practice without dispute, it is strange that the Plaintiff should say that he gave at 12 Manikas per Candy, and his assertion that the same was the

the usual rate of the Village is unworthy of credit. The Plaintiff asserts that he owed only Rupees 5-10-8 according to the Account of the list Curnums. Ispratum Shayerazs the list Curnum of this Village died in Fasly 12Lk, his Son Ramasawmy soon afterwards went away to another country and returned in Fasly 1250 and interfered with the rent of the Village during the Zemindars Management. That after the Talook was attached he joined in

in intrigue with the Plaintiff and failed to render Accounts to the Circar for which cause the 4th Defendant was directed to have all the Accounts of the Village prepared and given into the Circar. That the Plaintiff owes Rupees 16-5-7 according to the Accounts and as he fail-ed to pay the same, the rules were duly acted upon and the Sum realized by the Sale of his property.

9 On the above facts being established to the Satisfaction of the Court by the oral and documentary evidence which is ready to be produced, it is trusted that the Court will see fit to non Suit the Plaintiff leaving him to bear the costs of Suit.

(Signed) H Stokes
Collector

Proceedings thereon - The Collector represents

Submitting a letter from the Collector of Gan-jam forwarding translations of two plaints N.s 2 & 3 of 1846 on the file of the Princi-pal Sudr Ameens Court, together with the draft of his proposed answer and re-commending that he be authorized to file them & to con-duct the proceedings at the public expence -

the circumstances of the case as briefly these - Ippatam a Village of the Sataapilly Zemin-dary for many years past under Sharing te-nure was rented by the Zemindar to 5 of the Villagers for a term of years from Fusly 1251 to 1255, but at the expiration of one year the Zemindar cancelled the rent - and in the accounts given in the assumption of the Estate entered it as an Amani Vil-lage - In the Summahbundy of Fusly 1262 the Plaintiff being Curnum and renter & the other renters maintained that accord-ing to the usage of the Village they were not liable to pay Poottu Kurch i e a cer-tain Cash payment in addition to the fixed proportion of grain on every Candy of produce measured - As it appeared that it was customary for the Cultivators to pay Poottu Kurch it was included in the demand and paid without demur by 30 out of 35 Ryots but the Plaintiff having pertinaciously refused either to pay the demand or to write the ac-counts of his Village was suspended from the Office of Curnum for recovering of which and Exemption from Poottu Kurch he has insti-tuted the present Suit / No 3 of 1846 / The Collector (1st Defendant) in answer maintains that the

9-10

the demand of Poolla Kurch is in accordance with Custom and justifies the removal of Plaintiff from the Office of Curnum upon the ground of his having resisted the orders of the Collector in refusing to render the accounts of his Village. We further urges that as the Zemindar surrendered his Estate to Government on the 3d April 1843 Regulation XXIX of 1802 ceased to be applicable to it from that date and that therefore Plaintiff's suspension is a matter for appeal to the Board of Revenue and not for the cognizance of the Civil Courts.

2. The Plaintiff in No 2. of 1846 sues for recovery of the difference between Rupees 16-13-3 the amount realized from him by the sale of his property and Rupees 5-10-8 which he acknowledges to have been due by him to Government. The 1st Defendant in answer maintains (as in the answer in the other Suit) that the demands of Poolla Kurch is supported by Custom. In regard to the levy of Poollary tax he asserts that 6 Annas only have been charged on each yoke of Bullocks and not 6 Annas on each Bullock as stated by

by Plaintiff and that the deduction on account of Salaga Maraloo is proved to have been made at the rate of 10 manekas per candy and not as represented by Plaintiff.

3. The Board considers the answer proposed by Mr Stokes in the two Suits under report to constitute a good and sufficient defence and beg to recommend that he be authorized to file them and to conduct the proceedings at the public expense.

Collector of Salem.

Sir,

Adverting to your letter of the 29th December last requesting under Section XI Regulation V of 1804 that a guardian may be nominated to Mungaie Ammal the widow of the deceased Venkatachella Chetty one of the Proprietors of the Anumdoor Mootah in the Tengaricottah Talook and of the Jawy Cuddatoor Estate, I have the honor with reference to Clause II Section XXI Regulation V of 1804 to request you will ascertain if the deceased Venkatachella Chetty's father in law Tandavaraya Chetty named at the close of your letter, is willing to, gratuitously, execute the Office of Guardian to his daughter and if you consider him a fit person to be vested with the trust.

2- In the event of your deeming him so and his requiring a Salary, I request you will give me your opinion as to what sum will be sufficient to remunerate him.

Salem Civil Court
9th January 1847

To

J. G. L. Bruere Esqre
Civil Judge of Salem

(Signed) J. G. L. Bruere
Civil Judge

Sir,

In reply to your letter of the 9th January last requesting me with reference to

6143 Fort St. George 3d May 1847.

to Clause II Section XXI Regulation V of 1804 to ascertain if the deceased Venkatachella Chetty's Father in law Tandavaraya Chetty is willing to gratuitously execute the Office of Guardian to his Daughter Mungaie Ammal the widow of the deceased Venkatachella Chetty one of the Proprietors of the Anumdoor Mootah in the Tengaricottah Talook and of the Jawy Cuddatoor Estate, I have the honor to forward a deposition taken before me from Tandavaraya Chetty consenting to gratuitously become the guardian of his Daughter Mungaie Ammaul, and to state that I consider him a fit person to be vested with the trust.

Resolution thereon.

The Collector is referred to the Board's Proceedings of 26th Ultimo they will await the receipt of the Court's final reply.

15-16

Read again letter from the Collector of South Arcot dated 20th and entered in Consultation 26th Ultimo.

Ordered that the abovementioned letter be submitted with the following address

To

6144 Fort St. George 3d. May 1847.

17

To The Chief Secretary to Government.

Sir,

To the Chief Secy. to Government. In Cons 8th April 1847.

With reference to Para 2 Extract Minutes of Consultation dated 28th March last I am directed by the Board of Revenue to request you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of South Arcot explaining the nature of the Services performed by the Pymash Goomastah employed in that District.

20th April in Cons 26 Do.

2— As it appears from the explanation furnished by Mr. Davis that the Services of this Goomastah are absolutely necessary and that they cannot be dispensed with the Board beg to recommend that the charge on account of this Servant may be allowed to be inserted in the Statement of Extra Establishment annually submitted for the Sanction of Government as heretofore.

Revenue Board Office. Fort St. George 3d May 1847.

(Signed) D. White Acting Secretary.

Read the following letter.

To

6145 Fort St. George 3d. May 1847.

To D. White Esqre Acting Secretary to the Board of Revenue Fort St. George.

18

From the Collr. of South Arcot. Forwarding an Extract from the Re-audit of the accounts of South Arcot for Fusly 1253 & requesting to obtain the Sanction of Government for the payment made to certain Dehaut Enamdars.

Sir,

Para 1. The net Collections of Dehaut Enam Villages were, by an arrangement made in the year 1805 annually paid to the several incumbents entitled to them, and the Charges so entered in my accounts passed by the Civil Auditor up to Fusly 1251 without requiring any fresh authority for such disbursement. In his re-audit on my account of Charges for Fusly 1253, he not only requires fresh authority for payment made on this account, but also desires that the yearly sanction of Government for the specific actual disbursement which vary according to the settlement of each Village, be obtained and conveyed to him for passing the same. I have therefore the honor to forward

+ No 1. an Extract from the Re-audit of the accounts of this Collectorate for Fusly

+ No 2. 1253 and a Statement shewing the names of the Enamdars, the amount yearly paid to them, and the authority for such payment for the inspection of the Board, and request in the event of their seeing no objection to the measure, they will be pleased to obtain the sanction of Government for the sum of Rupees

Fort St. George 3d May 1847.

Rupees 13,440-1-1. thus retrenched.-

2. I take this opportunity to submit for the consideration and decision of the Board, that after a Village is once sanctioned in favor of an incumbent on Enam tenure, the holder would be freely entitled to enjoy the proceeds thereof, unless any lapse occur, and on its being however found necessary to keep it under the management of Government merely to secure the Ryots against any oppression of the Enamdar the Collections of these Enam Villages instead of their being properly kept in a separate account as in deposit have been carried to Ijen account agreeably to the Custom hitherto observed in this District and by which means the payment of such Collections to the Enamdar appears as a charge in the public account whereas in fact it is not so But if the Board, after considering these circumstances should deem it advisable not to disturb the present System and that the sanction of Government may be annually obtained, I shall follow their orders from the Current Fusly, but as the payment already

Fort St. George 3d May 1847.

already made on this account for Fuslies 1254 and 55, will I imagine be similarly retrenched by the Civil Auditor and to save another reference on the subject I beg to forward at once a Statement shewing the disbursements made for the above two Fuslies to the several Enamdars amounting to Rupees 13,308-12-1 with a view that the sanction of Government may also be obtained for the whole period.-

+ No 3.

South Arcot .....
Collector's Cutcherry, Chaitput
10th April 1847

Ordered that the following letter be sent in reply.—

18-19

To The Collector in the Southern Division of Arcot.

To the Coll.r in the Sn Div.n of Arcot

Sir,

In reference to your letter of the 10th ultimo and its accompaniments, I am directed by the Board of Revenue to request that you will inform them when, and under what circumstances, the Enam in the Village of Vengundoor in the Talook of Tindevanum, entered in the names of Mahomed Ismail and Giafur Hoossain saib in the Statement No. 2 of allowances paid to Dehaut Enamdars for Fusleis 1252 and 1253, were continued to them, furnishing at the same time copy of the correspondence alluded to in the Column of Remarks of that Statement— you will also be pleased to state whether the Dehaut Enam No. 20 entered in the Register of alienated lands which accompanied Mr. Hyde's letter of the 17th February 1815 is that now adverted to.—

In Bd. 3d May 1847.

From the Pr Collr of Madura — } Sir,

Forwarding sub Collectors report of 30th May on the state and Capabilities of the Calamundy & Moottah together with my own views supported by documents prepared in my own Office —

In laying before the Board the Sub Collector's report of the 30th May on the state and capabilities of the Moottah of Calamundy after personal inquiries and partial examination of the Harvest together with the five english statements that accompanied it I & V and a translate of his vernacular lists of 392 vernacular documents, altho I neither concur in the report itself nor with his deductions from his examinations and documents submitted, I have the honor to forward also 8 other Statements prepared in my own Office, as per accompanying lists of documents marked A: and without stopping to canvass his views in detail, I propose to offer the fewest remarks possible on his report and documents and to proceed at once in submitting my own review of the Estate. —

2 In his Statement No 1, the Sub Collector gives the tax as fixed by Mr Hurdis — but it must be kept in mind that whilst Mr Peter was making his discretional

reductions

reductions in the adjacent Company's Villages under denomination of "Munnasib Commee;" the Mootah-dar was also making his on the lands in question under the title of "Coole" — and as the Survey rates only appear in the Calamundy lands, so only do the survey rates appear for the adjacent Company's lands, leaving out of consideration the reductions made by Mr. Peter in them, thó brought in juxtaposition for examples and that fact is not shewn, and cannot be discovered from the Statement itself. —

3 Statement No II, giving the result of the Sub Collectors personal examination of a very small portion of the harvest, his calculation of the outlay of the Ryot and his conviction of the great profit cannot, in my opinion, be other than an exetremely dangerous guide for the Board, whereon to form a judgment. The Board will doubtless consider if the Spot examined by the Sub Collector were fertile, there were probably a much greater preponderance of slightly remunerative ground, they will also be aware, a just view cannot become to form one Years outturn, or from the outward wealthy appearance of some of the Ryots, or absence of Beggars, as noted in the report they will also know the difficulty,

almost -

almost impossibility of Superintending the whole out-turn of a whole year, and they will bear in mind that a Cullum of Ragey, for instance, measured the day it is reaped will be greatly diminished in bulk if measured some time subsequently when fairly dry and clear of the particles of ears at first firmly adhering to the grain. —

3 The Sub Collector reports that he procured Statements Nos III, IV and V from the different Curnums. — I am much inclined to doubt their genuineness, for when I visited the Mootah in July 1842, I was confidently assured they were not forthcoming, an assertion I could readily believe when I considered that the Moottahdar at one time rented out his estate by Villages, which were sublet, in various ways, at the will of the Renter, and at other times Ryotwary, and with undefined Cowles in the bulk, without specifications, and thus the revenue was similarly levied by him, without regularity and by the Sub renters with still less regularity, and paid partly to him by the Renters, partly by the individual Ryot, it seemed to me unreasonable to expect accounts from the Curnums, and impossible for them to have kept them correctly, and when I compare these accounts with those I formerly received from the Moottahdar, and

submitted

Fort St George 3d May 1847.

submitted to the Board on the 10th July 1839. tho' I find but a trifling variation in the grand total, I find it vary in the annual ones from 2 to 882 Rupees. It must also be observed that the demand as exhibited in Nos 4 and 5, is on the Cultivation, and not as per Survey rates, but as per Survey rates after deduction of the Survey deductions and the Mosttadars Cowle reductions.

+ See Column 8.

4. The Sub Collector gives it as his opinion that the Mosttah is decidedly advantageous and profitable, and that the Mosttadar has succeeded in blinding me, in full expectation of a reduced Peishcush, as would appear from the readiness with which the estate can be sold at public auction, and he hints at collusion, but gives no names. If the Board have faith in Mr. Elliots opinion, there can be no harm in offering the estate for sale, for the Government are surely the only party concerned, for I fully believe the assertion of the Mosttadar that he has no wish to have any thing further to do with the estate, unless its Peishcush be reduced much below what I should venture, or wish, to recommend.

5. Calamunday is a Mosttah of 6 Villages in the Talook of Iyempully, separated, on the South, by the Varaka mountains, from the

Fort St George 3d May 1847.

the Valley of Dindigul, on the west, by the river Amaravatee from Coimbatore, on the North by intermingled Villages of the 2 Collectorates, and on the east by Vellacottay and Tandicomboo, Talooks of Dindigul.

6. The Company took possession of the Dindigul Country in Fusly 1200 and A.D. 1790/91 rented it for 3 years to one Comarapapillay and afterwards rented it by Sub Divisions and Villages to various Renters, for 3 years further, up to Fusly 1205, but there is no record to shew if, during this time, Calamunday, which originally with the 3 other Mosttahs of Virapatchy, Paracotay and Vadoor formed a component part of the Virapatchy Pollem, was under the Polligar, or under the Renter. In Fusly 1206 A.D. 1796-7 seems probable, Virapatchy was sequestrated for the delinquency of the Polligar, and it is believed its management was left directly in the hands of Government till Fusly 1211. but no accounts are forthcoming, the consequence probably of the Temporary suppression of the Cutcherry at Pylney in Fusly 1215. Be that as it may we have Mr. Hurdis Survey records of this Mosttah of Calamunday in Fusly 1212, and the Settlement shewed an increase over the total of Fusly 1211 by Rupees 2862-1-10. This was taken as the standard, and the Settlement for Fusly 1212 was that of 1211, with one third

of

of the surplus over that fusly added to it. The Settlement of 1213 has 2/3rds of the surplus added to that of 1211, and the remaining third of the Surplus being added for Fusly 1214, made the Settlement equal to that of 1212.——

7. In fusly 1215 Mr Parish formed the Villages into Moottahs, fixing the Peishcush on the Settlement of Fusly 1214 which was assumed on that of Fusly 1212 deducting for the proprietor 17 per Cent from its Settlement.——

8. These Moottahs being put up for sale, Vailoor and Calamunday were first purchased by Nunn Permal Naik, but when again sold, as it is presumed for arrears of revenue, by Permaul Naik, father of the present Moottahdar of Vailoor, Moottooswamy Naik, the first for 1250, and the last for 1800 Pagodas, in fusly 1216. but falling early into arrears, were A.D. 1806-7 soon sequestered, but restored to him, after payment of the balances, in November 1808.—

The purchaser, and after his decease, his Son, continued to pay the demands till Government consented to take the last mentioned one off his hands for trial, on the 4th November 1839.——

9. The 6 Villages of Calamunday Moottah, like all the surrounding lands, have but a small extent of rich high clayed soil, such as Karasel, Veppel

Veppel and Sevel, but extensive tracts of Sandy, Stony and gravelly lands fit for Punjah Cultivation if favored by rain in June, July and August—but if they be withheld, little remunerative or productive. Statements 13. 14 and 15 will shew how far this unproductiveness has existed for the 2 years Vizt 1212 and 1221 and for the 11 years from fusly 1245 to 1255 not only in the Moottah under consideration, but generally in the Jyerpully Talook and to this annually decreasing productiveness must be attributed the exertions of the Ryots in digging Wells extensively and, at much cost, converting their Punjah into Garden, and the increase of Garden correspondent with decrease of Punjah cultivation of the Survey, but general decrease both of cultivation or lands of all classes together, and of revenue, below the Survey will be also found in the above Statements.——

10. The Moottahdar is evidently not an able or experienced farmer, when his Ryots refused to cultivate the high taxed, unremunerative lands, he thought to meet the difficulty by granting extensive remissions, by renting his lands below the Survey assessment and by renting Villages in the same way, at reduced rates. but Statement No 4 shows the great loss he sustained thereby, during ten years, whilst it was ill-counterbalanced by the small profit obtained in other fusles. The Ryots seem to have

have abstained from culture of the high taxed lands on conviction of their unremunerativeness. but there is no reason to believe they emigrated to other places or confined their labor to the adjoining Moottah of Vaboor belonging to the same proprietor, or that they formed any combination against cultivation in Calamundy.——

11. The Moottah was taken under the Collectors management in fusly 1249 the Moottahdar's form of Management was adhered to, and the net revenue amounted to Rupees 7327-8-4-

A.D. 1839.

See Boards Proceedings 6th March 1845 para 11.

Survey tax of cultivated lands——	18908—7—11
Deduct Survey reduction—	1046—10—4
Do. Moottahdaree reduction	10534—5—3
	11580—15—7
	7327—8—4

12. In the following fusly, and subsequently the Settlement was made in accordance with the rules and practice of Government lands

Survey tax of cultivated land in fusly 1250.	6766—12—2
Deduct Survey reduction——	237—13—8
	6488—14—6
Add Sornadayem or tree tax——	54—15—3
Settlement of fusly 1250—	6543—13—9

13. When Mr. Hurdis effected his Survey Settlement he soon found it was too high, and immediately made a Survey remission on all

all the lands then cultivated / not on any of the uncultivated / lands to amount of Rupees 1144-7-1- the reductions varying from 1/16 to 3/8 per each fanam and the remission was made at discretion both as respected amount and persons but was extended to almost all the Ryots. The reduction of Rupees 237—13—8, in fusly 1250, was in proportion to the Survey cultivation, and here it will be observed the Survey tax on land cultivated under the Moottahdaree remissions in 1249 was Rupees 18908, whilst that under the Company's rules, in 1250, was only Rupees 6726-12— and by Statement No. 11 the total cultivation of 1249 is shewn at Cawnies 9167—3 as whilst in 1250 it was only Cawnies 2436—17/14 as ——

See Supra para 12

See also Supra para 11.

14. The total Cultivation and Settlement of the 7 years the Estate has been in the hands of Government is shewn in Statement No. 11.

Fusly	Cultivation		Settlement		
1249	9167	3	7327	8	4
1250	2434	8¼	6488	14	6
1251	2147	13¼	6357	8	11
1252	2238	7	6996	2	
1253	2356	7½	6934	6	11
1254	2926	9¼	8049	6	
1255	3753	3½	10075	5	10

15. A brief notice of the estate of Polliems of Edaicotay and Moombaray on the North

Fort St George 3d May 1847.

North and North east border of this Moottah may be worth consideration, in comparison with it.

Settlement of Edeacotay in fusly 1212	14668 5 7
Deduct 33-5-4 per Cent for proprietor	4886 2 0
Balance or Peshcush	9782 3 7

But the proprietor being unable to hold it, it was, in 1239, further reduced by Rupees 28-7-0 per Cent to 7000 0 0

At which it is now held or by 61-12-5 per Cent below the Settlement of Fusly 1212

16 - Settlement of Moombaray for fusly 1212 3320 7 2

Deduct 30 per Cent for proprietor	966 1 2
Balance or Peshcush	2354 6 0

As in the former example it was necessary to reduce it by Rupees 33-7-6 per Cent to the present Peshcush 1500 0 0

which is Rupees 63-7-6 per Cent below the Settlement of fusly 1212.

17. The following abstract shews the fixed rates of tax in Calamunday, in Comparison with 10 adjacent Government Villages and the Villages of the adjacent Pollems of Edeacotay and Moombaray.

Specie

19. Having thus shewn the state of the Mosttah as far as I am able, and adverting to the disinclination of the Mosttahdar to have any thing further to do with it, I shall instead of proposing a reduced Peshcush, recommend that the deficiency below the original one that has accrued during mine or the late Sub Collectors management of

Fort St George 3d May 1847

of the Estate, be written off to Profit and loss and that it be continued under the Government management, open to such reductions of the Survey tax as the Board think proper from time to time, and for which sufficient data will probably be found in the very extensive accounts sent to Madras on 28th April 1835 when it was proposed to take into consideration Mr Vincents general report on Dindigul, of the 24th October 1838.

Madura, 24th December 1846. } (Signed) J Blackburne Pr Collector

126. Deposition dated 28th. April from Thonda Rao Tahsildar of Iyengpully-
127 Ditto Ditto from Andyapa pillay Curnum of Ain Thalayoor-
128. Ditto Ditto from Sariana Counden Nattamgar of Ditto.
129 Ditto Ditto from Thavy Counden of Thavo: thony of Vaniloor Moottah.
130. Ditto Ditto from Imamcara Counden of Poorooloor.
131 Deposition dated 29th. from Calcana Sowndarum Iyen Zillador of Veroopatchee Moottah.—
132. Ditto Ditto from Sabapathy Pillay Ditto of Keerathoor Moottah.
133 Ditto Ditto from Sordaya Counden Nattama: gar of Ain. Nellumpolliyem- Ditto

134 Ditto 30th. Ditto from Chokalinga Moodely Curnum of Ain Palayempully.-

135. Ditto 2d. May from Suthesoobien Zilladar of Thenacacheempully.

136. Ditto 26th. February from Theroomala Iyengar Curnum of Ain Coothenenpundoo.-

137. Ditto Ditto from Rungia Moodely Ditto of Ain Apeploiyen.

138. Ditto Ditto from Somasoondara Moodely Nattamagar of Carepampully.

139. Ditto 27th. Ditto from Vurgee Counden Ditto of Ditto

140 Ditto Ditto from Ootiapully Curnum of Ditto

141. Ditto Ditto from Calrana Soondra Iyen Zilladar of Verroplachy Iroottah.

142. Ditto 13th. March from Mullaya Counden Nattamgar of Sinnavalumpully.

143. Ditto 12th. Ditto from Ramalingumpully Curnum of Poovaloor.

144 Deposition taken on the 12th. March from Vencatachella Moodely Curnum of Ain Vagharay.

145 Ditto Ditto from Venkat Row Goomashta of Iyempully Talook.

146 Ditto 13th. Ditto from Sabapathe Pillay Hillahdar of Kurainoor Moottah.

147. Ditto Ditto from Sunkara Counden Brother of Palainandy Counden Nattamagar of Poovaloor in Calamunday.

148. Ditto 12th. Ditto from Ramasawmy Moodely Curnum of Conthayem Villages-

Deposition

149. Deposition (without date) from Coopa Palany Counden Nattamagar of Coonthayem Varagherry Colay.

150 Ditto dated 11th. March from Solamala Pillay Curnum Goomashta of Thungachy Ummapully.

151 Ditto 16th. Ditto from Authee Soobien Zilladar of Ditto

152. Ditto 4th. May from Vencatachellum Moodely Curnum of Conthayem Varagherry Colay.

153 Ditto 9th. Ditto from Mootoosawmy Naikenroottadar.

154 Ditto 11th. Ditto from Syed Hussain Revenue Duffadar of Iyempully Talook.

155 Ditto Ditto from Coopa Mootoo Counden of Conthayem

156. Ditto Ditto from Theroomala Naik of Conthayem

157 Ditto Ditto from Suroomuthu Counden of Ditto

158 Ditto Ditto from Sellapa Counden of Ditto.

159 Ditto Ditto from Malcher Solayapa Counden of Varagherry Colay.-

160 Ditto 13th. Ditto from Ramasawmy Pillay.

161. Ditto Ditto from Vencatachella Moodely Curnum of Condarum Keeranoor

162. Ditto 13th. May from Theroomalasawmy Moodely Curnum of Ain Marechelumpoo

163 Ditto Ditto from Cootiapillay of Ain Sukkanamankumpully.

164 Ditto 14th. Ditto from Vencatachellum Pillay of Poodoovarpully.

165 Ditto Ditto from Suroomoogum Moodely Curnum of Thavathooray.

166. Ditto 15th. Ditto from Authi Soobien Zilladar of Thungachoomimapully Moottah.-

Ditto-

6247 Fort St. George 3d. May 1817.

167. Ditto Ditto from Calamasoondara Ayen Zillahdar of Veroopatchy Mootah.

168 Ditto Ditto from Mondia Rao Tahsildar.

169. Ditto 18th. Ditto from Vencat Rao Goomastah of Ditto

170 Ditto from Soobien Zilladar of Palaney Mootah

171 A bundle of 10 Cadjan leaves being daily report of examination of 4 Villages Viz.t Calamundoy Carepampully, Sinnavalempully and Parestorr for fasly 1255.

172 Ditto of 69 Ditto 57 leaves of which being Accounts of examination of Cultivation of Calamundoy 3 Cootcopully (a Kind of ledger) account 1st. a Ditto of inspection of Cholum stubble, and of Cultivation made subsequent to the above inspection 4 of Sornadayen or Cultivation Cootcopoolly ledger of Ditto 2 Abstract of Cultivation for fasly Ditto.

173. A bundle consisting of 51 Cadjan leaves 35 of which being examination of cultivation of Carepampully 7 Cootcopully ledger 5 Sornadayen Culture, 2 Cootcopully ledger 2 Abstract of Cultivation for fasly Ditto.

174. A bundle Consisting of 8 Cadjan leaves, 5 of which being examination of

of cultivation of Sunnavalum fully 1 Cooloo-
-fully ledger 1 of Sornadayum Culture
and 1 Abstract thereof for fusly 1255.—
175 Ditto consisting 45 Ditto 39 of which
being examination of Poonjah Cultivation
of Porroloor, 4 of Runjah cultivation
3. of Runjah Cooloofully ledger 2 of
Sornadayem Culture 1 Cooloofully of Ditto
2 Abstract and 1 Measurement of sub-
-sequent Cultivation for fusly Ditto.
Total of 4 Villages Cudjan bundles 5 Consisting
of ---------- 222 leaves
" Papers Document ---------- 170
Including Cudjan leaves ---- 392
English Statements ---------- 5

E. E. P. [Signed] J. Blackburne
Principal Collector

Report.

Fort St. George 3d May 1847.

Report of the Sub Collector of Madura, on the Mutah of Calamandy, situated in the Talook of Tyempilly, Dindigul Division.

1. In consequence of the stated inability on the part of the Mutahdar Muttusawmy Naick to pay the amount of Peshkash fixed on Calamandy by one of the two Estates in his possession, and that he was incurring debt by its retention, he requested permission on the 11th of February 1839, to resign the same into the hands of the Circar, for that and the coming Fusly 1248 / A.D. 1838/39 and 1249 / 1849/40; as he was totally unable to meet the expenses, he therefore feared the consequences and desired to return only the Mutah of Veloor. In reply to which, the Principal Collector, on the 18th of the same Month, endeavoured to point out the Mutahdar, that with the exception of Fusly 1247 / A.D. 1837/8. he had, for each of the 23 years, received an annual profit of Rupees 1000. therefore he had not seen his accounts properly, which was now recommended to the Mutahdar, respecting which a Memorandum was forwarded; that if the Estate once came to the Circar, it would not be restored; he was therefore recommended to reconsider the matter, as the coming year would undoubtedly be favorable.

2. The Mutahdar, on the 1st of March, replied

Fort St. George 3d May 1847.

replied that although there might be an annual increase of Rupees 1000, he himself did not collect or enjoy it, as he rented the Estate to others. On the 11th idem a list of the Annual Beriz, from Fusly A.D. 1211 / 1801/2 to 1247 / 1837/38 - 37 years, which had been formerly sent by the Mutahdar, was referred to, but the annual collection and balance were not entered, which was now required to be done, and a plan forwarded for the purpose. On the 27th of March the Mutahdar submitted a list of the Demand Collection and Balance for 24 years, from Fusly 1224 / A.D. 1814/5. to 1248 / 1838/9. By an order of the Principal Collector, dated the 28th of June, the Mutahdar was required to state how he obtained the two Estates of Calamandy and Veloor, whether he purchased them at the same or at different sales, and to forward any order or documents he might have, to shew the dates and all particulars. On the 5th of July, the Mutahdar stated that his father Permal Naick purchased the Estates at separate sales in the year A.D. which, (Fusly 1216 / A.D. 1806) the Veloor Mutah for 1250 Pagodas, and Calamandy for 550. total 1800 Pagodas, of which sum, as he only paid a portion at the time, and his Mutah fell into arrears of Peshkash, the Mutah was assumed, but released on the Balances being duly paid; - his father

father received the Estate back in November of the following year. The original Sunnud had been burnt in his father's time.

3. On the 10th of July following the Principal Collector addressed the Board of Revenue, and in consequence of their reply the Mutahdar was directed on the 2nd of Sept. to proceed to Madura within the 15th idem, with all his Accounts, &c attended accordingly, and gave a Deposition on the 11th of that Month. On the 16th the Principal Collector proposed to the Board that the Mutah of Calamandy should be assumed for 3 years in order to enable him to form a just estimate of its resources, for which permission was granted by Government on the 4th of November 1839. Communicated by the Board of Revenue on the 21st, and order sent by the Principal Collector direct to the Tahsildar of Tyempully on the 30th of the same Month.

Extract of Proceedings 6th Feby 1845.

4. The Mutah of Calamandy may therefore be considered as having been under the immediate management of the Circar for 7 years, a period far exceeding that originally contemplated; but even if no positive collusion has been shewn to exist, and if it had not

not been already acknowledged that the Mutahdar received an annual surplus from the Estate, it has at least been fully established that neither the maintenance of the Circar rates the amount of Peshcush, the inferiority of the land, nor indisposition of the Ryots to cultivate, have had any operation in preventing the Mutahdar from continuing to realize a profit after payment of the Circar Peshcush.

5. On account of the period which has elapsed since the project was first entertained, it may tend perhaps materially to facilitate the requisite examination of the papers &c connected therewith, if an outline of the regular order of the proceedings be given. After the temporary assumption of the Estate as above stated, the then Sub Collector directed, on the 3d of December, that the cultivation &c Savany accounts up to the 15th of that Month, should be sent to that Cutcherry; and in another order of the same date information was required as to the method adopted by the Mutahdar in giving lands for cultivation. To this last the Tahsildar replied, on the 13th that the fallow lands were included with the cultivated, and Settlement made for 9091 17/20 Cawnies, assessed

appeared at Pagodas 7144-9-6, and that he sent the account accordingly; that the first Kist had been collected by the Mutahdar himself to the Amount of Rs. 799-2-6, and had been forwarded by him to the Salook Treasury; that the Natangars and Curnums had given in written Statements confirming those of the Mutahdar, but were not aware how much land was cultivated, and how much fallow, that they stated they would pay according to the Mutahdar's puttahs, and not according to Hooloos taxe, that he would send a Gomastah to measure the lands, but he wished to know according to what account the money was to be collected.- The Tahsildar was ordered on the 23d. idem, that as such appeared to be the case, the collection should be made according to the Mutahdar's rates, that a final answer would be sent thereafter, but in the meantime certain two Zilladars and a Gomastah should be sent to examine the actual cultivation according to the Hooloos maf rates and the Soornadhayem, with all the particulars, and the accounts duly forwarded.-

6. On the 20th. of December, the Principal Collector, in a yaddasht wished to

know whether the collections were made according to the fixed taxe, or the Mutahdars rates- ing to the fixed taxe, or the Mutahdars rates- On the 23d. the Sub Collector replied that the Tahsildar having Reported that the Ryots desired to pay according to the Mutahdars taxes, it was considered proper to act accordingly, but that in the following year the Cerear rates would be maintained, on which point however the opinion of the Principal Collector was requested in consequence of which, on the 27th. the Sub Collector was informed that if the Dowl Vca. accounts were sent they would be forwarded to the Board of Revenue, with the Mutahdars Cowle, and their orders obtained. On the 1st. of January 1840 an order was sent to the Salook quickly to prepare the said Dowl Vca. accounts, and on the 8th. to send two Zilladars and two Gomastahs for the purpose mentioned on the 23d. of December previous. On the 13th. of February the Principal Collector urged the completion of the accounts, and on the 21st. the Tahsildar was desired to report the cause of delay, which was repeated on the 6th. of March.-

On the 10th. of March the Tahsildar reported that he therewith sent the Dowle Kararsaguhady accounts, according to which it appears that the Mutahdars settlement

of

Fort St. George 3d May 1847.

of cultivated and fallow lands included in the ryots holdings (according to the fixed tax after deducting the Hooloos mūf) amounted to Rupees ——— 17,678 14 9

The Mutahdar's Cowle remission amounted to ——— 10,534 5 3

The remainder to be collected, which was alone alluded to by the Tahsildar ——— 7,144 9 6

Further Cultivation up to the above said 10th of March (Hooloo tax, or Circar rates) ——— 129 — 14 10

Total Rupees ——— 7273 10 14

But the Tahsildar further reported that when the Circar Servants measured the lands, together with Soornadhayem &c. it appeared there was actual cultivation to the Amount of Rupees ——— 12247 7 11

Subsequent to the receipt of the said Arzy there was a further cultivation at the Circar rates of ——— 53 14 0

These accounts and Arzy were forwarded to the Principal Collector with Yaddasht of the 14th March.

Wishing

Fort St. George 3d May 1847.

8 Wishing to see the above accounts and not finding them amongst those sent by the Sheristadar which were stated to be the only ones existing in his Office, I directed the dowl &ca accounts to be sent, but it was replied that as the Estate only came into the charge of the Circar in the Month of November no dowle or Kar: rarsagobady accounts were received. On reference however to the Yaddasht from the late Sub Collector, dated as above said (14th March) prepared in the Sheristadar's Cutcherry, together with the vernacular correspondence referred to in Parah of this Report, it appeared that the Kaurarsagobady &ca Accounts, "had been duly forwarded to the Principal Collector, to whom application for inspection thereof was made; and a week afterwards the Sheristadar produced the Copy of the accounts which was headed "Sagoo: bady Pymash," called in his Arzy accompanying it "Sagobady aimash." But after stating that no such account had been ever received, it would have been more satisfactory if the Copy had been furnished from his Office before the Original had been requisitioned elsewhere. No Copy is, however, to be found in the Talook where it ought to have been, nor does it appear that any separate dowle

Accounts

accounts had been drawn up.

9. In a yaddasht dated 17th March, from the Principal Collector, it is observed, that the fixed rate and amount of tax appeared to him to be higher than that granted by the Mutahdar's Cowl. It was therefore desired by that Officer to be known what kind of settlement had been effected, whether the richer ryots had taken the bowley and, if so, for how many years did the same extend, with other particulars. Whether or not there existed a single document between the Mutahdar and ryot, and what was the present opinion of the cultivators, observing that without some documents or depositions the Board of Revenue could not be written to on the subject; therefore the former state of the 6 Villages, and the particulars of the present year with the objections of the ryots, should be drawn up for each village, together with any agreement there might be forthcoming between the cultivators and the Mutahdar, and immediately forwarded to the Principal Collector.

10. On the 21st of March these instructions were sent by the Sub Collector to the Tahsildar, who, in answer thereto, on the 31st of the same month reported that he had sent for the

Natamgars.

Natamgars, Curnams and great inhabitants &
and ascertained that for the Fasslies 1248- 1249- &
A.D. 1838/9 1839/40.
1250/1840/41 the ryots of Cuchah Calamandy received Pattahs
from the Mutahdar, but for the other 5 Villages the
individual Pattah had only been made for Fasly
A.D.
1249/1839/40 according to the pleasure of the Mutahdar, or ac-
quiescence of the Cultivators, but the reduction
did not appear to have been made on the extent of
the lands nor on a per centage of the rents. That
the amount payable by each was merely re-
duced in a lump on Pattahs however, had
been given for Cottiem and Varahagerry Cottah.-
The others received them, but no Cowlnamahs
or Muchelkas passed between the parties.-
The Tahsildar further reported that the land
or soil of the Calamandy Mutah was declared
to consist entirely of large sandy high ground,
lime-stone and gravel, so that even after plough-
ing if the rain fell the ground could not
contain any moisture; the produce therefore
was most scanty and inferior, and even although
the tax had been reduced the crops proved
unremunerative; therefore the ryots desired
to have the Mutahdars rates. That the said
Six Statements taken from the Village Of-
ficers, were duly forwarded. That in one of them

it

it would be seen that Palaniyandee Gownden the Nattangar of Calamandy and Pooraloor had taken the Sekkaragownden tank in Pooraloor for 22 years from Fusly 1242 to 1263 A. D. 1832/3 1853-54 for 60 Rupees the year, the fixed tax being Rupees 182-13-7. and hoped the same would be continued to be granted to him at the same rate. The Tahsildar forwarded 8 bowl Pattahs for Calamandly and 3 other Villages, and 15 Cadjans for the other two Villages.-

11. On the 6th of April 1840, a Yaddasht was forwarded to the Principal Collector, with the abovesaid documents and the Tahsildar's Report on the absentees or absconded ryots; and, on the 10th idem, the Principal Collector directed that as the period of cultivation had passed, it was proper to collect the rents according to the Mutahdar's agreements, which were to cease with that Fusly. The Yaddasht of the 11th April, directed the Pooloos māf. rate to be adopted the following Fusly, particulars being given of the cultivation, waste, &c. The Soornadhayam was directed to be struck off by the Yaddasht dated 29th April, and, on the same date, a Proclamation was issued to the effect that from Fusly 1250 / 1840/41 the Pooloos māf. rates would be maintained.-

12. On the 29th of June, the then Sub Collector

Collector directed the Tahsildar of Iyampilly to procure the attendance of the Ryots of Calamandhy on the 2d of July, for the purpose of issuing Pattahs. The Tahsildar stated his inability to attend on account of the illness of his son, but he sent the Pattahs by a Gomastah and the Cultivators by a Pilladar.-

13. By the Principal Collector's Yaddasht of the 3d of July, a Munasib Cummy account was required to be drawn up for the said Mutah, and forwarded to the Tahsildar according to which he transmitted an account on the 26th. On the 13th of July, an order was issued to the Tahsildar to send, in 10 days, an account of old wastes, which, since the Fysal time, had been cultivated with garden, and Punjah — cultivated with Punjah Ycs. This was also sent on the 26th Idem.-

14. On the 25th December 1840 the Sub Collector was directed, in conformity with instructions from the Board of Revenue, to exclude the Calamandy Estate from the "Ryotwar Settlement" and include it under the head of "Permanently settled", according to which, instructions were sent to the Taluk, and separate accounts sent with the Tahsildar's Argy of the 11th January 1841.-

15. On the 29th of June an order was-

was issued to the Tahsildar to know how it came, when the Mutahdar's Cowl rates were abolished that there was an increase in Pooralee of 300 and odd Rupees; that there ought to appear less, how then was there an increase the true cause, and particular comparative account were required.

16. On the 3d. of July, the Sub Collector directed the Tahsildar to report on the cause of 77 Puttahs being less, and to inform where those Ryots had gone. On the 16th July, the Tahsildar reported in answer to the order of the 29th of June, that on account of the high rates maintained the tax was increased for Punjah ... Rs. 353 — 3 — 9

And for Vampyre an increase of Rupees — 4 — 15 — 5

That for Punjah an old waste — 4 — 2 — 6

For Punjah changed to garden — 238 — 3 — 2

On regular garden lands — 13 — 7 — 1

Soornadhayem — 9 — 8 — 9

Total Rupees — 353 — 3 — 9

That in the other 6 Villages on Cawnies 6,319 12/16 the tax fixed by the Mutahdar was Rupees 6,469 — 12 — 7 whilst in the Jamabundy for Fusly 1250 there were Cawnies 1718 5/16 assessed at Rupees 4,287 — 9 — 7

Soornadhayem — 44 — 10 — 6

4,332 — 4 — 5

The difference between the past and present years being Cawnies 4,601 — 6 1/2 / 16 or 1137 — 10 — 5 that of the 77 missing

missing Ryots 3 belonged to Calamandy, and had gone to Coimbatore, and 1 to the Velvoi Mutah, — the remaining 73 had abandoned their lands and lived by daily labor, not being able to give the increased tax — The Village Officers had given such Statements, which were forwarded with the accounts.

17. In December 1841 I joined the District, and on the 28th of July 1842, a Yaddasht was sent from the Principal Collector to send for that Fusly (1252) A.D. 1842/3 two Gilladars to see the cultivation examine the produce, &c., and to remain there till further orders, sending in periodical accounts of the same, and the Tahsildar directed to superintend the whole; Further, that the land should be measured, and the produce thrashed and examined. The requisite instructions were issued accordingly, and a year subsequently, or 11th of August 1843, the Tahsildar wished for the services of the said Gilladar in their own Taluk, to which the Principal Collector assented.

18. Soon thereafter I was relieved from the duties of the Gillah Court, or 24th October 1843 I submitted a short Report chiefly exhibitive of my opinion touching the total absence of all necessity for any examination of the land tax, although the accounts or records in my possession were exceedingly few, they were

were sufficient to induce a suspicion that some con-
cealment, at least, had taken place respecting the
resources and capabilities of the Estate, because
the Proprietor had proved, for a series of years
the profits arising therefrom, and not being aware
of the Reports which had preceded it to the
Board of Revenue, I merely forwarded such
Statements as had been prepared in the Talooks.
The Proceedings of the Board of Revenue dated
the 6th of February 1845 were received with your
letter of the 8th of March requesting me to pro-
ceed with my Establishment to the Mutah
and attend to the reaping threshing, and mea-
suring of the crops in some fields in different Villages,
and to use exertions in procuring the accounts of
cultivation and collections for the last 10 or 12
years, during the management of the Mu-
tadar either from the Mutadar Village
Curnums or Renters, and also to endeavour
to ascertain whether any of the Ryots
have been unduly withdrawn from the
Calamandhy Estate to that of Vilve,
to extend the cultivation of the latter to the
prejudice of the former.

19- By the above it was perceived
the species of information which had not been
supplied but was urgently required to enable the
Board

Board of Revenue to pass a decision in the matter
no confidence could be placed in the Statements
of the Curnums, or even Gillodars respecting the
produce of the land, but even with all their at-
tempts in a season far from favorable, the neces-
sity for any reduction was not obvious, because
the accounts of the Curnums could scarcely have
referred to more than a single crop, as this,
however is not specified, the surest way is to
place no confidence whatever in their Statement,
for, if framed on a single crop of garden produce,
and one harvest from a field sown with 2 or 3
Kinds of grain, the result would be fallacious
and totally useless; but if on the entire produce
of the land throughout the season, it is particu-
-larly false - On receipt of your letter of the
6th of March 1845, there was no Punjah Standing
in any part of the District, nor any garden pro-
-duce fit for the Sickle.

20- In June, however, after my re-
turn from Tencarrey, I proceeded to the Cutcherry
Calamandhy and measured the produce of a
garden belonging to one Vellia Gounden
in Tambichan pollicem in the Cutcherry
Village of Calamandhy - I found there
same in sheaves, and a small portion of it
was not quite ripe, and could not therefore be threshed -

The

Fort St. George 3d. May 1847.

The 3 crops therefore amounted to Rupees	105—12—"
The Cultivators share, besides value of Straw and Stalks (20 Rupees)	82—14—14
Land lord's share	82—14—"
Deduct tax	9—14—"
Remaining profit to the Puttah dars or above 450 per cent	163—"—"

Cholum or small maize is nearly as nutritious as Ragi, and was then in great demand for the Tinnevelly markets. I met about 40 bandies laden with the said grain, on the morning of my arrival, and heard that constant large supplies were despatched daily, and all from the Calamandy Estate, particularly the Village of Pooralur. During the above examinations the Sheristadar and his Gomastahs, with those of my own Cutcherry, were present. In the first field the crop was cut before my arrival, and in the second, though the crop was cut in my presence, a small portion was not sufficiently ripe for threshing. The results above given are therefore rather within than in excess of the precise out turn.

22. The accounts of the Calamandy Estate had hitherto been received from the Pillahdars, Taloor Cutcherry and the Mootahdars legitimate

Fort St. George 3d. May 1847

The field consisted of $3\frac{2}{16}$ grontahs assessed at Rs. 8–8–9 average per grontah after deducting the Woolloo maf of 12½ Wally fanams. On entering the field I first directed an estimate to be made.

	Callams
The Curnum gave it as his opinion there were	16
The Natamgar Do.	18
An Officer of the Cutchery Do.	20
The Natamgar of a neighbouring village Do.	25
Sub Collector Do.	28

The result of the threshing and measuring (leaving the portion that was unripe) proved that there were 26 Callams Mercals 19 which at 1½ Rupees* the average price of a Callam of Cholum would give Rs. 40–2–3

This for 2½ crops per Annum, or 5 Crops in two years would give 100–6–8

Collectors share	50	3	4
Remainder for the Landlord or Puttahdar	50	3	4
Circar tax	8	8	9
Remaining Sheer profit for the Landlord, or about 800 per Cent	41	10	7

A Ryot seldom parts with much of the Stalks or Straw of the produce; indeed there may be said to be comparatively no market for such perfusion except near large Villages or Towns, or on the high road, when the price received for this same

* The average price during the present year is Rs. 1–8

Fort St. George 3d. May 1847

same would itself more than cover the tax on the land, but its possession prevents the necessity of his purchasing any for feeding his cattle, thatching his house &c. The value of the Cholum stalks in the above field was considered from its position as only ten Rupees. It is the property of the cultivating ryot. The above shews an annual profit to the land lord, on each grontah cultivated, of nearly 41 Rupees per Annum, which betokens any thing rather than inferiority of land, paucity of produce, or loss to those engaged in the cultivation, whether Proprietor or Cultivator.

Another field of Cholum was examined by me in the Village of Cottiem. It was in the possession of one Rangaswamy Naik, and consisted of $3\frac{5}{16}$ grontahs of land, assessed at 11/16 fanams each, after deducting the Woolloo maf. Total reduced assessment Rupees 9–14. The produce was 19½ Callams, which at Rupees 1½ each, would give Rupees 28–14. But this ryot was fortunate enough to have 3 full crops, the field was Cholum, which, taken to be equivalent to that measured by me, which it could easily be, would give 19½ Callams, valued at Rupees 28–14–11. The 2d. Crop was paddy, which the Curnum stated to be about 32 Callams, the price being the same as Cholum Rupees 48–

The

legitimate sources of the information doubtless, but independently of the suspicion attachable to the affairs of, and statements concerning that Mootah, they happened to differ one from the other. Had they agreed, however, they would not have been much more trustworthy. The accounts given before me in June 1845, also differed from those submitted to the Board from the Principal Cutchery, whilst the Curnums accounts were themselves deficient. Certain Puttahs too were delivered to me by the Ryots, which had the most suspicious appearance; and it seemed absolutely necessary if an exact Report from the Commencement, were required from me, through all the instructions connected with the Mutah had hitherto proceeded from the Principal Collectory, to examine, as far as possible every single document myself, which the Ryots, Curnums, Talook Officers, and others, possessed to ascertain if there were any such substantial grounds for supposing collusion existed. That period, however, being the middle of the annual settlement, † I determined on waiting for completion of the investigation, till the beginning of the following year. I should then be enabled to examine some fields of Punjah measure carefully the whole of the cultivated land

† The increase in the Revenue was Rupees above the previous Fasly.

land for Fusly A.D. 1255 / 1845/6 personally examines the Ryots, Curnums, Zillahdars and others; search the Village accounts; over-haul the Cutchery records for documents and explanations of points not easily to be reconciled; and prepare such accounts as would tend to explain at once the capabilities and resources of the Mutah, the real state of the inhabitants, as well as of the cultivation and soil compared with the former statements of the Village Officers and ryots; and determine the necessity or otherwise of a permanent reduction in the Peishkush of the Mutah of Callimandhy.-

23.- For the above purposes I proceeded, on the 20th of January to the Cusbah Village. Indisposition prevented the Sheristadar from accompanying me- The result of a few fields examined, which, in a separate account (No. II), accompanies this Report, is sufficient to shew that it is not to any total failure of profit to the actual cultivator or the land lord, that the Zemindar has been unable to maintain the Hoolloos maf. rates, and that there is no more necessity for a reduction in the land tax of the Mutah of Calamandhy, than in any of the surrounding Villages (See Statement I) the Curnums of which, viz. Condarangi, Keeranore, Mandaviady

Sikkamanaikenpatty

Sikkamanaikenpatty, Pottikampatty, Pujaripatty, Kuttumpundy, Appiempatty, Vagarey, Appipolliem, Palapampatty, Devatorey, Bodivarapatty, and Pulampatty of Manichellamboy- deposed that compared with the soil and produce, the tax was far lighter in the Calamandhy Estate than in their Villages; and some of them were present during my examination of the produce.-

24.- It having been discovered that Depositions had been given by the Curnums, Natamgars and certain Ryots of Calamandhy, before the late Tahsildar, respecting the state of the soil and produce, with profit and welfare of the cultivators- the said documents were sent for, and found to contain statements so much at variance with the truth, as to render it necessary to examine the Village Officers on the subject.- The papers stated the poverty of and difficulty in working the ground, the scantiness of rain, and even with reduction, the unremunerative nature of the produce, as stated in the 10th Para of this Report- When these were read over to those of the Officers and Cultivators whose signatures were attached to them, they declared they had never given such statements- That they were directed to sign certain papers, and they did so- That the statements therein

+Copies.-

were

were perfectly untrue; the cultivated land was not of the said description; the language used moreover was not even that of their part of the Country.

25. For the ascertaining the state of the land I had already examined the fields in the occupation of the Natamgar of Pooraloor on the border of that Village and Calamandy. I found it of the best description, but on suspicion touching its extent, I directed it to be measured and as there was much difference in the entry Vs. I determined on immediately measuring all the fields under cultivation. For Cottiem and Varahagherry cottah I appointed the Sheristadar Venkata Row who arrived the previous evening, after the threshing and examination of the Crops were completed; the Hoozoor Gomastah Streenevāsa Row, and the Sangacheyamapettah Curnum Gomastah Salamalay Pilly and that Frika Zillahdar Adee Soobiah, together with the Curnum, Natamgar, and others of those Villages.

For Cariampatty and Chinnavelampatty the Javāb Navis Soobbiah; Veeroopakshy Mutaah Zillahdar Caliana Soondramiah; the Curnum of the adjacent Villages Kuttumpoondee Siravalliengar; the Appipolliem Village Curnum Renganādha Moodly, with the fixed Curnum, Natamgar and others of the said Villages.

For Pooraloor, the Javab Navis Vardiengar; Paloote Gomastah Venkata Row; Keeranoor Mutahzillahdar Sabāpatty Pilly; Vagarey Curnum Venkatachella Moodaly, and the Curnum, Natamgar and other ryots of the said Village.

And for Calamandy, the Tahsildar of Iyampilly Dond Row; Paloote Gomastah Sanjivee Row; Palany Mutahzillahdar Soobboovyen; Palampampatty Curnum Sokkalinga Moodly with the Curnum, Natamgar and head inhabitants of the said Village.

26. The above individuals were ordered, on the 6th of February to proceed to their respectively appointed Villages for the necessary examination of the actual cultivation. But it appeared the Sheristadar and Revenue Javab Navis objected to being so employed. It was scarcely to be credited that the work which was required by the Board and directed by you to be performed could possibly be so unacceptable to the Chief Native Revenue Officers who, on the plea of inability, the length of time required, want of practice, or the fear of responsibility, desired to be excused. There certainly seemed no great hardship in being directed to investigate a supposed fraud

nor

nor any improperty in their employment upon work of a description to which they happened to be not daily accustomed. The Revenue Sarabnevis stated that during 25 years service he had never done such work and did not understand accounts, and could not therefore do it. this was very necessarily explaining his ignorance. But they were fortunate enough to see the mistake they had made and proceeded with the investigation to the best of their ability being content with merely drawing up an appeal to higher authority against my order. The Heristadär after examining the small village of Varakaycherry Cottah was unwell and returned to Dindigul. Daily reports of work and progress being required there was the least possible opening for misunderstanding my wishes and intentions. The difference between the Cultivation during the Fusly 1254 and the present Fusly 1255 A.D. 1845/6 may be seen by the following Statement.-

Fusly	Punjah and Punjah Garden	Pasa.			Nunjah and Nunjah Garden	Pasa			Soornadayem			Total		
	Cawnies	as	Rs.	a	p	Cawnies	as	Rs.	a	p	Rs.	a	p	Rs.	a	p

The

27. The result of the above examination, then, which I confess I did not expect to find obtaining much favour with any party was nevertheless such as when coupled with my personal inspection during nearly 2 Months amply to bear out my suspicions respecting the utter falsity of former statements touching the poverty of the Soil & the disinclination of the Ryots to cultivate. Had it even been otherwise, any reduction in the Peishkush could not of necessity reach the Ryots, and could scarcely remove the difficulty of a perfectly hard stony and unproductive soil. It is particularly worthy of remark too, that not a single Ryot has ever petitioned for a reduction; doubtless for the reason, that he neither expected nor required it. The evidence of those who have addressed the Board of Revenue, as well as the local authorities, offering to take the Mottah of Calamandy, is another proof, if such were wanting, of the value of the Estate and these also support the supposition that some improper means had been adopted or was contemplated to bring about a reduction in the peishkush. The contents of the Statements taken from the examiners and village Officers of Calamandy and those of the surrounding Villages with the Five English accounts herewith submitted, will explain the past and present state of the Moottah of Calamandy. These accounts are.-

A.

I. A Chakbandy or statement of comparative rates of assessment on the lands or Villages surrounding the Calamandy Mootah.-

II An account shewing the Candamaddal or results of examination into the duly threshed Crops in the Villages forming Calamandy Estate.

III. Fuslywar account or Statement of the particulars of Cultivation for the last 45 years From Fusly 1211 a.D. 1801/2 to Fusly 1255 a.D. 1845/6.-

IV Abstract Statement of the Total Calamandy Collections, shewing the annual increase and decrease from Fusly 1212 a.D. 1802/3. to Fusly 1255 a.D. 1845/6. - 44 years.-

V. Account of Fuslywar Bariz shewing the increase and decrease between the Cultivation and Collection with annual increase and decrease after deducting the Peshkash.-

28. The Collection or settlement during the last 2 years the Estate has been under the Circar management, will be found to be considerable and being in the present Fusly above the amount of Peshkush no further evidence can be required to prove the excellence of the soil and the readiness of the Ryot, when not acted upon by false hopes or real fears, to occupy that ground for the support and happiness of himself and family which the Muttahdar Tahsildar and others wished to be considered poor and unproductive

unproductive. If for a moment it had been desired or expected that the name "Calamandy" was to stand guarantee for the truth of their statements respecting the stony and barren nature of the soil, it might not perhaps have been remembered that the adjoining village in the same Mootah is Poroolloor signifying "the wealthy village" which name could scarcely have been given to expressly hard and unprofitable land; any one wishing to ascertain these points has only to examine the Muttah personally. Indeed the fact of so much land being taken up, on any terms whatever, during Fusly 1249 is alone sufficient to prove the falsity of such statements and intended fraud on the Revenue. The state of the inhabitants themselves too, with their many earrings of pure gold forms a contrast with that of the surrounding Ain villages. Did not meet with a single beggar during a circuit in Calamandy of about 2 Months. Only one individual asked alms, an old religious mendicant who had probably spent nearly a Century in exercising the privilege and satisfaction of living at other persons expense. So that I am totally at a loss to discover on what grounds the Muttahdar could reasonably expect any remission; if he may certainly plead the having granted large reductions to certain Ryots as well

well as the custom of allowing each to hold treble or quadruple the land intended to be cultivated but it is equally certain that there was no necessity in all this- The large holdings nominal or real, merely deprived the industrious of occupation and the Proprietor of rent, but there is every reason to believe that these reductions were in proportion to the wealth, not the poverty of the Cultivators; and really therefore, in the inverse ratio of the necessity- To all this, there could be no possible objection so long as every party was contented, and the Mut=
=tahdar continued to pay his annual Peshkush; but when it was intended to transfer these ar=
=rangements to the Circar, by the surrender of an injured Estate unless his terms were com=
=plied with, and the Deed of resignation couched in terms which the Muttahdar probably c=
considered might, according to circumstances, be inter=
=preted by him as either a permanent, or only temporary transfer, the case assumed a very different appearance and the suspicion of collusion amply borne out. Had the Estate been sold to the highest bidder (and several offers have been made for the same) the result would have shewn its value, and doubtless rather than let the Mutah pass into other hands a near relative of the Proprietors would have been found the purchaser-

purchaser- It certainly appears as if the object of the Mutahdar had been to make a bold dash at the Revenue, fill his treasury with the price of his Cowle, hand over the Estate to the care of the Government under a threat of abandonment unless he were paid 2000 Rupees a year to retain it, and in the event of non compliance claim back the Mutah whenever it may have sufficiently recovered from the ex=
experiment of himself and friends- A reference to the settlement for Fusly 1214 / A.D. 1804/5 will shew an increase in the actual collections over the amount of peshkush to have been Rupees 2810, and this was under the Circar or Hoolloos rates.-

29- Many remarks might be made on the accounts and proceedings drawn up from Fusly 1248 / A.D. 1838/9 to the present time but only a few will here be given. It appears by the arzy of the Vide Para 10- Tahsildar of Iyempilly dated 31st of March 1840 that the Mutahdar had given Cowle puttahs for 3 years- viz^t^ For Fuslies 1248 1249 and 1250 / A.D. 1838/9 1839/40 1840/1 to 91 Ryots of Calamandy, but not to any of the other Villages- In the Yadast of the Principal Collector dated 10th of April following No. 79 it was therefore directed that the Village of Cala=
=mandhy should pay according to the Mutahdars rates, without any further communication there=
=fore it was reasonably to be inferred that the same indulgence or remission was not to be

be extended to the remaining 5 Villages yet they all appear to have enjoyed it.-

If the Collections were to be made according to the Muttahdars rates or the Cultivator's wishes, there did not appear any necessity for measuring all the land, for ascertaining the amount of Hoobs, for examining the actual cultivation for distri= buting fresh puttahs, and for drawing up a hasty Cowl account- It is believed these state= ments and accounts were required for immediate submission to the Board of Revenue but the period of their being forwarded is not Known.

The Muttahdar was accused by certain Ryots of having proceeded to the Villages of Calamandhy and made his own arrangements subsequest to the Circar taking the Estate e= temporarily under its own superintendence and of having then and there granted e= puttahs also for the following year- This was a highly improper proceeding and although the Muttahdar does not acknowledge the correctness of the assertion, he apparently attempts to defend the proceeding by stating that as the Estate was his own, he had a right to do what he pleased, and acted e= accordingly- It appears that out of the above said 91 Puttahs, 3 were subsequently increased

increased in amount without any reason given for such progressive increase and for Fusly 1248, 3 further puttahs were distributed & for 1249, 25 new puttahs were given- which would at least tend to shew that all was not quite fair.-

In a Yaddasht dated 29th of April 1840 the Soornadahyem was directed to be struck off the accounts, because not entered in the Muttahdars Cowls new puttahs were there for made out, and issued by the Circar to correspond with those given by the Muttahdar, so that the Ryots had 2 Sets of the same- In the following Fusly however 1250- The falling off of a few Rupees was directed to be accounted for and a Talooke Officer was fined 5 Rupees for carelessness rather a hard case after the total but unsolicited remission of the previous year. On the back of the Takeed to the Tasildar to explain the cause of the said decrease is written "no answer" The reports of the said decrease did not even agree.-

Vide Para 15.

The astonishment evinced at any e= increase in Poraloor under the Circar rates as shewn in the Takeed to the Tahsildar of Iyem= pilly dated the 29th of June 1841 was not likely to be repeated, as any thing rather than encouragement was decer= nible from the tone of the said order, or likely to be the probable result of similar future discovery.-

In

Fort St. George 3d May 1847.-

30 In reply more immediately to the points directed to be attended to by the Board of Revenue and your letter of the 5th of March 1845 adverted to in the 18th Para of this Report.- I beg to state that I examined all the Crops that were at the time fit or ready for that purpose, and some in the 4 Chiefs of the 6 Villages as shewn in Statement II. It does not appear that the Ryots had been withdrawn from the Muttah of Calamandy as I had suspected, but it seems from the Statements of the Gilladars and others that although the Ryots remained, they were restrained from Cultivation.- With the accounts of the Curnums I had considerable difficulty on account of some being finally understood to be missing and said to have been destroyed by fire, others supposed to have been burnt were subsequently found and after properly arranging them the book or Statement No. III was formed not for the last 10 years of the Muttadars superintendence only but from the Fysul time Fusly 1211 A.D. 1801/2 up to the present Fusly or during 45 years. The Book or Account No. IV will shew the names of the under Renters, and it is to this Sub Letting that there was so much confusion in the Village accounts, and so much time and labor required to arrange and obtain the necessary information from those accounts and memoranda which the Curnums did happen to posses, and I trust that

Statement

Fort St. George 3d May 1847.-

Statement No. III will afford all the information required with respect to the capabilities and resources of the Estate.-

32. The Board of Revenue have observed on the falling off in the Revenue or rather "the great decrease of cultivation in Fusly 1250 below that of 1249." It is probable that this apparent decrease arose not from the return to the Circar rates, but from the custom of entering in the Ryots puttah whatever quantity of land he wished to hold, not the extent he intended to cultivate; for it may be observed from Statement No. V that for 10 successive years (from Fusly 1237 to 1247) the amount value of the Ryots holdings was higher than it was in Fusly 1249. The present entry in the accounts is that on which the Ryots will be called upon to pay, there being no difference at present between the value of cultivated land, and actual Collection. I do not affirm the accounts for Fusles 1249-1250 and 1251 to be free from suspicion. The result of the present Fusly's cultivation (to enter which in order to exhibit the resources of the Muttah.- I have purposely delayed this report) would rather tend to shew some concealment, and indeed such was formerly proved in one of the Villages and corrected accordingly.- It is particularly doubtful whether the Gilladars at any time sent in faithful

accounts

accounts of the state of the actual cultivation. The Muttahdar should have reported the same, but such was not his interest whilst the Estate was under trial of ability to meet the Circar demand.-

33- From all that has been stated in the foregoing paragraphs as well as from the accounts, depositions and other proceedings which will be duly forwarded, it does not appear necessary to trouble you with any further expression of my opinion. I will merely offer for your consideration that the Village Officers and Ryots were the under Renters; that the Mutahdar himself proposed to place the Estate under the Management of the Circar for a limitted period to ascertain its real condition, and to collect the revenues which he suspected, (and not without the greatest reason, himself, being the chief cause) would fall far short of the amount of Peshcush that the injury of the Revenue the Renters or the Ryots, or to all was a premeditated act as shewn by his giving three years Cowl to the Villagers of Calamandhy whilst he was soliciting the Circar immediately to take the Estate off his hands for a space (2 years) to avoid that very injury he was himself studying to inflict, that had immediate compliance with that request been granted, the Proprietors rates of Cowl would according to Custom have been respected the 1st

year

year. (Fusly 1248.) but the Circar rates being maintained during the following year, the Cowls for the last 2 of the 3 Fusties would have been annulled, and the Ryots considerably injured, as it could not be supposed they had paid nothing for the extensive remission, that the Calamandians did forfeit their Cowls for the 3d. year, and were therefore doubly interested in pretending the soil to be unremunerative, or to have deteriorated, that if it be true as stated by the Mutahdar that he had not for 4 or 5 years made Collections equivalent to the amount of Peshkush there appeared no particular necessity for granting 3 years Cowl to any of the Ryots-

34- It is further worthy of remark that the Mutahdar has never objected to the continuance of the Circar Superintendence that although an order was issued on the 16th of February 1839 to the effect that if once taken by the Circar the Mutah would not be restored, that Estate still belongs to the said Mutahdar, Muttaswamy Naick, who is as responsible for the difference between the actual Collections for Fusly 1249 as he was for that of Fusly 1248; and that as he has never been in the slightest degree relieved from the responsibility

responsibility of subsequent deficiencies the remission of any portion of the true balance due with interest cannot be considered as a matter of right- The Board of Revenue have on more than one occasion most distinctly refused to strike off any portion of the Balance against the Estate, and further directed that the Estate should not be included under "Ryotwar Settlement." The ability of the Proprietor to pay the deficiencies caused by his own proceedings, in the Mutah of Calamandy may be gathered from profit from the Veloor Estate, also partly sub rented during the present year which has doubtless been annual- These Mutahs were sold on the same day to the same individual and stated to be included in one and the same- Istimrar puttah- The Mutahdar denies this, but says the puttah was destroyed by fire; under such circumstance there was no necessity to obtain Copies which it appears he did- But a close inspection of the Originals in the Principal Cuchry and the Office of the Board of Revenue may settle this point.-

Fasly 1255 — 1838-7-8-

List.

Fort St. George 3d May 1847.-

List of Statements accompanying report on Calamunday of the 24th December 1846.-

1. Statement shewing the rates of tax in Calamunday Moottah and the Government Villages surrounding it.-
2. Result of Examination by the Sub Collector and his establishment in January & February 1846 of certain Spots of Calamunday & comparison of produce and tax.-
3. Statement of Cultivation in Calamunday for 44 years from Fusly 1211 to 1254.-
4. Statement of Cultivation & Collection in each year from the Survey Fusly 1212 to 1255 both inclusive.-
5. Statement of profit & loss by the Calamunday Moottadar for 45 year from Fusly 1211 to 1255 as gleaned by the Sub Collector from the Curnum's Accounts.-
6. Sub Collector's report on Calamunday dated 15th June 1846.-
7. Translate of the vernacular list of Documents sent by the Sub Collector with his report of the 15th June 1846.-
8. Mr. Hurdis' ayacut Settlement of the 6 Villages of the Calamunday Moottah in Fusly 1212 and their net Settlement for the three following Fuslies.-

Statement.-

N.B. These 5 five Statements are in English only the vernacular not having been furnished by the Sub Collector.-

Fort St. George 3d. May 1847

9. Statement of Peishcush of Calamunday as fixed by Mr. Parish in fusly 1215.-

10. Statement of Settlement of fusly 1249 the first year in which it Came under the Government management.-

11. Abstract Statement of Cultivation of Nunjah Poonjah & Garden Wits assessment, reductions & net Settlement for the 7 years Calamunday has been under Government Management from fusly 1249 to 1255.-

12. Statistics of the Calamunday Moottah in fusly 1214 & from 1249 & 1255 both inclusive. The date on which the Peishkush was originally formed the annual settlements from fusly 1224 to 1247 both inclusive as per Mootadars statements furnished to the Board on the 20th July 1839 in juxtaposition with the settlements from 1215 to 1248 as obtained by the Sub Collector from the Curnums & entered in his Statement No. 5 dated 15th June 1846.- and the annual settlement of the 7 subsequent years from fusly 1249 to 1255 under Government management & a name of the Original and recently reduced (Vizt. in 1839) Peishkush for Edaicotay and Moonibaray also in Iyempully & and adjacent to Calamunday.-

Abstract

Fort St. George 3d. May 1847.-

13. Abstract Settlement of all 64 ain Villages of the Iyempully Taloot for 12 years Vizt. for fusles 1212 to 1221 and from fusly 1245 to 1254.-

14. Statement of Cultivation & settlement in 10 of the Compy's Villages bordering on Calamunday for fusles 1212 to 1221 & from fusly 1245 to 1255. Total 13 years.-

15. Annual Settlements of all 24 Villages of Veeroopatchee & Poriacotay being two of the four Moottahs into which Veeroopatchee was originally Subdivided but speedily incorporated with the other Government lands for default of Peishkush & Transferred to the head of "Land revenue" in fusly 1216.- but from its great length.- Submitted only in Hindoo-vie, the English Department not having leisure to translate and transcribe it.-

From the Collr of Canara - - } Sir,

In acknowledging the receipt of your letter of the 20th Instant calling my attention to the orders of Government published in the Fort St. George Gazette of the 16th with reference to my letter of the 11th Instant, I have the honor to state that those orders will in future be punctually Complied with but that as my letter was written previously the publication of the above orders it could scarcely be expected that I should have conformed to those rules on that occasion.-

Read the following letters.

To D. White Esqre

Acting Secretary to the Board of Revenue Fort St. George

28

From the Collector of Madras - - } Sir,

Reporting that the owners of only a part of the premises on the Beach required for an Export warehouse and yard are willing to sell their property and submitting that with reference to the enclosed Copy of a Correspondence with the Colls of Sea Customs the interference of his Department is no longer requisite.-

With reference to Extract from the Proceedings of the Board of Revenue dated 7th December last, I have the honor to report that immediately on the receipt thereof I supplied to the Military Board for a Memorandum showing the situation and extent of the Grounds and tenements to the North of the Custom House required to be formed into an Export warehouse and yard, to enable me to try and negotiate for their transfer to Government - at their suggestion, I addressed the Collector of Sea Customs and in pursuance of the arrangement made with that officer, I deputed the Surveyor attached to this Department, in order that the premises might be pointed out to him -

2 The Surveyor, accordingly obtained the necessary particulars, and furnished me with a plan of the Ground and buildings - I afterwards, used my best endeavours with the parties concerned to procure an assignment of the premises on such reasonable terms as they could agree to but I have not been wholly successful as the proprietors of only a part of them have expressed themselves willing to make over their right and title for the sums named by them, whilst the others are not at all disposed

Fort St. George 3d May 1847

disposed to surrender their property on any terms whatever.—

Encl re A

3 Therenclosed Sketch plan exhibits the result of my enquiries. It will be seen that the estimated value of the Ground and tenements referred to by the Board is Rupees 75901-3-0 and that the estimated value of the portions of them which the owners are prepared to assign over is Rupees 31,990-4-0 instead of Rupees 1,38,500 which they have asked for them.

4. When I was about to report to the Board, the course which I deemed it expedient to pursue in furtherance of the object in contemplation I was applied to by the Collector of Sea Customs to state what steps have been taken for providing his Department with the accommodation for an Export yard.—Copy of

From Coll.r of Sea Customs 18th March 1847
To Do. 24th Do. —"
To Do. 9th April —"
From Do. 12th Do. —"

a correspondence which has passed in consequence is enclosed herein from which it will be observed that I requested him to inform me of any suggestion which he might wish to offer to meet the difficulty that presented itself in carrying out the orders of Government but he has considered it proper to address the Military Board instead recommending that he might be put in Communication with the Superintending Engineer with a view "to make the best possible arrangement at the least practicable cost" adding that "no ground is available, but the portion between the Custom House and the Sea which (he recommends) may be enclosed."

Fort St. George 3d May 1847

5. I submit that Consequent on the measure which the Collector of Sea Customs has now taken the interference of this Department to provide him with accommodations for an Export Warehouse and Yard is no longer requisite.

Madras — 16th April 1847

(Signed) J. A. Huddleston

No 1

To J. A. Huddleston Esq.re
Coll.r of Madras.

Sir,

I have the honor to request the favor of your informing me if any and what steps have been taken for providing this Department with accommodations for an Export yard.

Madras — Sea Customs House 18th March 1847

(Signed) W. E. Underwood
Coll.r of Sea Customs.

To W. E. Underwood Esq.re
Collector of Sea Customs

Sir,

I have the honor to acknowledge the

Encl.re A

receipt of your letter under date the 18th Instant and to transmit herewith a plan with all necessary particulars.

It will be observed that only a part of the premises required for the proposed Export yard is available the proprietors of the rest not being willing to surrender it on any terms Should you wish to offer any suggestion to meet the difficulty I request that you will favor me with a Communication

of

of the same, to enable me to submit a complete Report to the Board of Revenue at as early a date as may be practicable.

Madras 24th March 1847. (Signed) I. A. Huddleston Collr.

To W. E. Underwood Esqre Collr. of Sea Customs Madras.

Sir,

I have the honor to request that you will be good enough to favor me with a reply to my letter under date the 24th Ultimo as soon as you conveniently can, to enable me to submit my report to the Board of Revenue at the earliest practicable period.

Madras 9th April 1847. (Signed) I. A. Huddleston Collr.

To I. A. Huddleston Esqre Collr. of Madras.

Sir,

In reply to your letter of the 9th Instant I have the honor to transmit Copy of a letter addressed to the Military Board under date the 30th Ultimo on the subject.

Madras Sea Customs House 12th April 1847. (Signed) W. E. Underwood Collr. of Sea Customs

To Captain J. Laurie Secretary to the Military Board Fort St. George.

Sir,

I have the honor to state for the

information of the Military Board that the whole of the Buildings appertaining to the late Board of Trade which formed the Bonding and Export Warehouse and Export yard have been made over to the Barrack Master, and that the only place this Department can now appropriate to conduct the duties of weighing, examining and passing Goods for exportation, is the open space between the Custom House and the Sea. The Merchants have naturally objected to the exposure to which their goods are now subject.

2. In Para 2 of the letter of your Board to Government dated 21st August last, your Board referred to Schedule prepared by Mr. Morris having reference to certain grounds or Buildings which it was desired to obtain for this Department in lieu of those given up to form the new Police and Petty Court offices. In the Minutes of Consultation of Government dated 1st October 1846 No. 597 the Government sanctioned the proposal of the Military Board and desired that this authority would arrange for obtaining on account of Government the property situated to the Northward of the Sea Custom House on the terms indicated in their letter.

3 I have now the honor to forward a letter from the Collector of Land Customs dated 24th Instant together with a Sketch† shewing the property alluded to in the Schedule above referred to from which it appears that very few of

† Requested to be returned

of the parties are willing to part with the property and that it is valued at about ₹6000 Rs.—

4 As this property is not available both on account of the inability to obtain it, and the enormous price asked for it, and as it is indispensably requisite that this Department should have some accommodation in lieu of that given up for the purpose detailed above, I have the honor with reference to the Correspondence above detailed and to that noted in the Margin, to recommend that the Collector of Sea Customs may be put in communication with the Superintending Engineer with a view to make the best possible arrangement at the least practicable cost. No ground is available but the portion between the Custom House and the Sea which I recommend may be enclosed. The Road is never used as a Thoroughfare and I see no objection whatever to its enclosure.

Letter to Govt dated 12th July 1843
From Do dated 3d April 1843 to Military Board dated 15th Do from Do dated 18th Do—

5 I have been given to understand that some Iron Sheds were sent out for the purpose of forming Barracks and as it is not available for this purpose it has occurred to me to suggest that it may be made available for Sheds on the Beach in lieu of going to the expence of new Buildings for the whole range required.

6 If the measures to be proposed by the Superintending Engineer and the Collector are approved by the Board, I have to request that the

Board may be pleased to recommend them to Government in furtherance of their orders received from that authority in October 1846.

Sea Customs House
Madras 30th March 1847

(Signed) W. Ed. Underwood
Coll.r of Sea Customs.

Resolution thereon.

28-29

Resolved that the foregoing letter be submitted for the orders of the Most Noble the Governor in Council with Reference to the Extract from the Minutes of Consultation dated 1st October 1846.

In Cons.n 12th Nov.r 1846.

It will be seen from the Sketch plan furnished by the Collector that the estimated value of the ground and tenements required is Rupees 75904-3-u and that the Proprietors of a part of them only have agreed to make over their right and title for sums far exceeding their estimated value, whilst the others are not disposed to surrender their property on any terms whatever—

Estimated value —	31,990 — 4 — u
Price asked for —	43550 — u — u
Excess —	8559 — 12 — u

It

Fort St. George 3d. May 1847

3 It is observed that under these circumstances the Collector of Sea Customs has communicated with the Military Board, and requested that he might be placed in communication with the Superintending Engineer with the view of making "the best arrangement at the least practicable cost" and as no ground is available for the purposes required excepting the portion between the Customs House and the Sea he recommends that it may be enclosed.

4 Should Government approve of the proposition made by the Collector of Sea Customs the immediate interference of the Board of Revenue or the Collector of Madras will not be required, the land referred to being part of a public road and not under the Controul of the Revenue authorities.

Fort St. George 3d. May 1847
