and

J. Goldingham Esqre Offg. Member

Minutes of the last Meeting read

(1) and approved.-

Read the following Extracts.-

From the Secy to Govt.- } Extract from the Minutes of Consultation

Under date the 14th April 1847.-

Read the following Extract

from the Proceedings of the Board of Revenue.-

(Here enter 1st April 1847 No. 178)

1.- The Most Noble the Governor in Council observes that the Mother of the de=ceased half Brother of the late Zemindar Can have no claim to the property other than as a widow of a Zemindar formerly in possession but whose rights have de=scended to his son.-

2. The widow of the late Zemindar that son now claims on those very grounds

grounds, and as her husband was the last in=
=cumbent her claim must nedessarily be superse=
His Lordship in Council resolves therefore
to adopt the recommendation of the Board
and Acting Collector and to authorize Vun=
=garammal widow of Putchay Moottoo aval=
=pah Naick being placed in possession of the
Paunaly Zemindary leaving it for Coomara=
=mall widow of Sawmy Avalappah Naick to pro=
=cute her suit if she please in the Adalut Cour=

3- Resolved that the following endorse=
=ment be made on Petition No. 551 of 1847
from Coomaramall:-

"Government having recognized a
"the claim of Vungaramma mal widow of
"Putchay Moottoo Avalapah Naick to be e=
"placed in possession of the Paunaly Zemindary
"the prayer of Petitioner Cannot be Complied
"with.-

Extract from the Minutes of Consultation
under date the 20th April 1847.

Read the following letter from
the Acting Secretary to the Board of Revenue.
(Here enter 29th March 1847 No. 169)

Referring to the nature of the service
prescribed by the grant enjoyed by the late
Casanally on account of the Aushoor Kha=
=nah at Ellore, and which is similar to those
recently declared by Government to possess no
claim to renewal in perpetuity the Most
Noble the Governor in Council resolves to
Continue the small annual allowance of
Rupees 7-- 3/ seven and Pice three as a
Charity grant for the support of the widow
and Children of the deceased, in the name of
Futtaly the son during his life.-

sons 29th March 1847.

Aged 1/2 year.

Fort St. George 6th May 1847.

From the Sec.y to Govt.

Recording observations and orders on the Board's Proceedings relative to the settlement of the Land Revenue in the District of Salem for fusly 1255.-

5

Extract from the Minutes of Consultation Under date the 20th April 1847.

Read the following Extract from the Proceedings of the Board of Revenue

(Here enter 15th February 1847 No 110)

1. The season of Fusly 1255 in the District of Salem as described in the Repot of the Collector and in the Proceedings of the Board of Revenue, appears to have been extremely unfavorable, and to have produced most disastrous results thinning the population, and decreasing the number of Cattle and Agricultural Stock, and thereby Causing land to be thrown out of Cultivation to a great extent. The Crops reaped from the lands actually brought under Cultivation were very scanty, and called for remissions to a more than ordinary extent in some portions of the District, Chiefly the Barahmal and Balaghat Talooks while prices, though 50 per Cent higher than the previous year, afforded no relief to the Ryots, and large balances from an already diminished demand, remained uncollected at the date of the Collector's report, without any chance of realization

2- The decrease in the Population from the Severity of the Season is stated by

Fort St. George 6th May 1847.

by the Collector at 6606 Souls, but the Government are not prepared to admit the Correctness of this Statement, and have reason to believe that the mortality will have been either greater, or that there is some error in the decrease presented in the number of Houses Viz.t 12714- which, it is reasonable to suppose, should bear some more relative proportion In Cattle there was a decrease of nearly 40,000 heads ex=cepting Sheep and Goats, in which there is an increase of 5,000.-

3. Owing to the total failure of the periodical rains from April to August, and the inadequate supply received after=wards by the Tanks there was a decrease almost general in the Cultivation of both Dry and Wet lands: In the Jorn or there was a decrease in all the Talooks but two amounting on the whole to 16549 acres, Assessed at Rupees 15509- a- a- and in the latter the decrease occurred in 11 out of 14 Talooks, and amounted in the aggregate to acres 3417, assessed at 1501 3 Rupees, making a total diminution in these lands of Rupees 30,522 a slight increase in the Garden lands, both Dry and Wet, which were not so much influenced by the

Season

Season, reduced that amount to Rupees 28578.-

4. The Crops are represented to have produced on an average 15/64 of a full Crop in the Dry and 36/64 in the Wet Cultivation, and it appears from Statement No. 19 which accompanied the Collectors' report, that the remission granted for these losses amounted to Rupees 15,866-4-1. or above the previous year in Rupees 13,762-15-9.-

5.- These remissions extended to 680 Villages and 817 Hamlets out of 3,683 Circar Villages, and 2821 Hamlets Comprised in the District, and were in the proportions of Rupees 7290-15-9 for Dry 7-15-9 for Garden, and 8567-4-7 for Wet Cultivation The remissions

Darampoory	Rs. 289-13-11-	for Dry Cultivation were almost
Denkenkottah	" 5427-4-5-	wholly in the two Balaghat
Ossoor	" 1573-13-5-	Talooks, more especially Den
	7290-15-9-	-kenkottah, and a trifle in

Darampoory, the remissions for wet Cultiva-tion were in the Barahmal and Balaghat and in the two lower Talooks of Namcul and Womalore, the former being included in the Sub Collectorate, but were not of any great extent, the highest in Tripatoor amounting only to Rupees 2563 10-10- The adversity of the season rendered these

these remissions necessary, and by the report of the Collector, the Government have reason to be satisfied that the indulgence shown to the poorer Ryots was no more than their condition demanded.-

6.- The Sub Collector it is observed received the authority to grant remissions on Shavee too late to act on the instruc-tions of the Board of Revenue. From the explanation of his Proceedings furnished in para 27 of his report, he appears to have acted judiciously in rejecting numerous Claims for remission made when Crops were no longer on the ground, and the means of satisfactorily ascertaining the actual state of the out-turn no longer within his reach, it is presumed that the Scrutiny of the Accounts in the Cutcherry of the Board has satisfied them that these points met with due attention in the Talooks under the immediate management of the Collector.-

7.- The settlement of the land revenue of Salem for fusly 1255 amounted inclusive of Taxes on Trees and Pasture & on Hill Revenue, Quit rent on Enam Lands and Villages, and the demand in Moottahs

Fort St. George 6th May 1847.

Moottahs permanently settled to Rupees 1,68,116-14-6, being below the settlement of Fusly 1254 in Rupees 4,3,067-11-10 Viz.

	Fusly 1254	Fusly 1255
Settlement of Government lands	12,54,695-9-1	12,11,627
Moottahs	4,68,489-1-3	4,68,489
	17,23,184-10-4	16,80,116-14

8. The Collections within the year on account of the demand on Government lands amounted to Rupees 10,28,929-11-11 leaving a balance of Rupees 1,82,698-1-4 or 15 per Cent. Subsequent Collections reduced that sum to Rupees 51,782-7-9 and the percentage to 4¼. On this portion of the Subject the Collector has promised an early report, and it is desirable, now that the period of his promise has expired, that there should be no delay in Submitting it.-

9. The Collections from the Moottahs appear to have been made with greater ease than in the Government lands, for out of a demand of Rupees 4,68,489-1-3 there was only a sum of Rupees 33,106-5-4 remaining uncollected at the close of the Fusly, or 7 per Cent, while Subsequent Collections

Fort St. George, 6th May 1847.

Collections reduced that amount to Rupees 13,326-11-7 and the percentage to 2-13-6, and this it is observed, has been for the most part adjusted by the sale of two of the three Estates by which the balance was due.-

10. So remarkable a circumstance as the total abandonment of the Cultivations of the Village of Tromatmansamoodrum ought should have been explained by the Collector especially as nearly the whole of the lands have been engaged in the year following. The Board it is observed have called the attention of that Officer to the subject of the Agraharam Villages which have reverted to Government and have required a report upon them, and generally upon their Condition and resources, as well as means of improvement.-

11 It is desirable that the term Peircooly should be properly understood and defined.-

12. Agreeably to the recommendation of the Collector of Salem and the Board of Revenue, the Most Noble the Governor in Council grants authority for writing off in the accounts of that District, the arrears

arrears of land revenue for fasly 1254 and years antecedent, reported to be irrecoverable from being due by deceased indigent and absent Ryots, amounting to Rupees 4,629-0-4 Four thousand and Six hundred and twenty nine and Pie four

13- It appears from the 31st Para of the Sub Collector's report that three references have been made from the Sub Collectorate to the Collector respecting a small item of Meturpha annually entered in the demand without being intended for realization, and that no instructions have been furnished to that Officer in reply. The Government trust that the subject will receive early consideration, and that the circumstances relating to it will be noticed in the Collector's Report on the Extra revenues of the ensuing fasly-

14- The Government concur in the views taken by the Board of the questions referred to in the para terminating their proceedings as to the relinquishment of land in seasons of general failure-

From the Collr of Guntoor

Sir,

(22)

I have the honor to report for the information of the Board, that there has been a large falling off in the sales of Salt chiefly to Brinjarries for inland consumption. On reference to the Collectors of the adjacent Districts Nellore and Masulipatam, I find that the decrease to the middle of March is still greater there. From this it would appear that the Salt trade in the interior has been seriously affected by some cause

which

which cannot be traced here.

Some of the Brinjarry Parties ascribe it to the great loss of their cattle in the last season from disease and the scarcity of forage. I have applied to the Resident at Hyderabad for any information he can procure on the subject, which shall be communicated when received.-

From H. Stokes Esqr. Collector of Guntoor

Subjoining translation of the Plaint and draft of the answer proposed to be filed in a suit prefered against the Collector and others by Atchoo: tunnah Pedda Venkaya No 9. of 1846 and soliciting to obtain Sanction for defending the same at the public Cost for reasons Explained.—

Sir,

Fort St. George

I have the honor to enclose translation of the plaint and a draft of the answer proposed to be filed in suit No 9 of 1846 on the file of the Principal Sudr Ameens Court of Guntoor brought against the Collector of this Dist[rict] and 7 other Defendants by one Atchoo tunnah Pedda Venkaya a Cummum of Suntaravoor and to request, that the Board will be pleased to obtain the Sanction of Government to defend the suit at the Public Cost. The time last granted for filing the answer will expire on the 6th July 1847.

The Plaintiff with three others rented from Ramanadha babo, the Managing proprietor of the Vasireddy Estate, the land under the Tank of the Village Suntaravoor, which from the bursting of the Tank was unfit for cultivation for a term of 5 years on a progressively increasing rent amounting in the aggregate from Fusly 1251 to 1255 to 1681 Rupees the arrears of which at the close of Fusly 1254 amounted to Rupees 893—11—0 or with interest to 982—9—4 for which

which their property was attached in due course As it appeared however that the profits of their rent had been to a great extent if not wholly lost in consequence of the floods of May 1813. from that time they were told that on the prompt payment of a moiety of the arrears the remainder would be relinquished and their property released from attachment. These terms were accepted and three of the renters paid their proportion accordingly and released their property. The Plaintiff on the absurd plea that a sum was due to him by the other three renters for which credit should be allowed to him out of the sum paid by them, refused to pay his share, and eventually brought the present suit.—

No. 1.

To The Principal Sudr Ummeen Court
in the Zillah of
Guntoor.

Plaintiff. Atchootannah Pedda Venkiah of the Brahmin Caste occupation a Cummum and an inhabitant of Santarrahmoor.

Defts. 1. H. Stokes Esqr Collector of Guntoor
2 Gattopilly Atchiah Ummeen of Rajahpetta Tannah, or inhabitant of Guntoor.
3. Cumbumpaute Venkatakristnah Sumuldar of Suntaramoor.
4 Atchootunnah Pedda Appiah
5 Ds. Chittumbrum all Brahmins
6. Boollogoollah Venkiah
7 Ds. Amarapah
8 Cundemullah Parumtalo of the Cumma Cast and inhabitant of Suntaramoor.

Plaint preferred by the Plaintiff against 1st and remaining Defendants. My Plaint is as follows- I and the 4th 6th and 8th Defendants cultivated

cultivated a piece of ground outside the Taluk of the abovementioned Village on a lease for 5 years from fusly 1251 to fusly 1255, from Rajah Vaseereddy Ramanandra Bauboo and fell in arrears in the sum of 900 Rupees In the Months Jaistum last year the Circar attached 11 Stacks of Toonga grass valued at Rupees 150, belonging to me as also certain property of the 4th 6th and 8th Defendants. The late Collector decided in the Month Aushadum the same year that out of the said sum of Rupees 900 me four should pay 500 Rupees of this we paid Rupees 375 — " jointly in equal shares, after the sum was paid the 2nd Defendant asked me to execute a document for my share of the whole balance Viz.t 125 Rupees, I replied that Rupees 375 had already been jointly paid that on deducting there from my share of Rupees 93 3/4 &c. I would owe only Rupees 31/4. Told him further that if the sum of Rupees 31/4 was to be deducted from the proceeds of sale of Toonga grass, which were caused to be sold thro' the 5th and 7th Defendants, there would be a balance in my favor. He then told me that enquiry would be made and credit given to me in any sum which I may

Shane

have to get. On this assurance, I executed a document for the sum of Rupees 125 in the Month of January 1846. whereupon thro' the intrigues of the 3d 4th 5th 6th 7th and 8th Defendants with a view of embezzling my Money, the 2d Defendant would not give me credit for the sum I paid, this induced me to present 3 Arzees to the 1st Defendant between the 3d December 1845 and 20th February of the following year but I obtained no redress for an order was issued that my cattle should be sold and the balance of Rupees 31/4 realized thereby. Out of the balance due Viz.t 500 as arrears of rent me paid jointly 375 Rupees, out of which my share was Rupees 93 3/4 paid, this sum on being added to the amount realized Viz.t 150 Rupees from the 11 Stacks of Toonga grass, which the Circar attached and sold, I have hence to get from the circar Rupees 118 3/4; and while this is the case, great injustice has been done to me. I therefore request that the Court will examine my witnesses, and documents and pass a decree that the aforesaid Defendants may pay me the balance I have to get from the circar after deducting the balance of Rupees 31/4 due from the sale proceeds Viz.t Rupees 150, of the Toonga stacks belonging to

futile objections till the 1st February from which date to the 17th the Stacks were sold by auction in the presence of mediators after much competition for Rupees 35-15-. Of which deducting fees to Government 2 Rupees 4 Annas the balance of Rupees 33-11- was placed to the Plaintiffs credit. The balance then due amounted to Rupees 89-9-2 which Plaintiff has not yet paid his cattle are still held under attachment. It is obvious under these circumstances that so far from the Plaintiffs having a shadow of right to support his Plaint he might fairly be held liable for at least a fourth of the whole arrears of the rent, of which he laid a fourth share. The falsehood of his assertion that he had paid his share of the 368-7-6. paid on 30th October is evident by his executing on the 31st December an engagement to pay 122 13-2 and if the grass had been worth as 00. represented 150 Rupees, why should he have stipulated to make up any deficiency that on the sale might remain less than 122 13-2. It is therefore submitted that the Plaintiffs claim is palpably fraudulent and that Court must after due investigation and examination of the oral and documentary evidence that can be adduced. Non suit the Plaintiff with Costs.

/Signed/ H. Stokes
Collector.

Proceedings thereon.

Submitting a letter from the Collector of Guntoor forwarding Translation of the plaint and a draft of the answer proposed to be filed in suit No. 9 of 1846 on the file of the Principal Sudr Ameen's Court brought against himself and others and recommending that he be instructed to file it and conduct the suit at the public expense.

24-25

The plaint sets forth that Plaintiff with the 4th 6th and 8th Defendants cultivated a piece of ground under the Tank of the Village of Suntarawoor on a lease for 5 years from Fusly 1251 to 1255 that having fallen into arrears to the extent of Rupees 900 the Collector decided that he /Plaintiff/ and the above Defendant should pay Rupees 500 out of the foregoing sum and they accordingly jointly paid Rupees 375- that the 2nd Defendant induced him to sign a document for the remaining Rupees 125 although after deducting his share already paid Viz. Rupees 93¾ he only owed Rupees 31¼ and further that the Circar attached and sold 14 stacks of Poonja Grass the property of Plaintiff valued at Rupees 150- He therefore sues the Defendant for the sum of Rupees 118¾ being the balance remaining from the sale proceeds of the Poonja Grass after deducting the Rupees 31¼ acknowledged to be still due.—

2. The Collector in his proposed answer states that at the close of Fusly 1254 a balance of Rupees 982-9-4 was outstanding against Plaintiff and the 4th 6th and

893-14-4
Interest 88-11-4
982-9-4

Fort St. George 6th May 1847.

to me, I will then have to get Rupees 118¾
together with the Costs incurred in this
Court.

12th May 1846.

Inhabitants of that Town.

Answer of the 1st Defendant in behalf of all defts. in this Suit.

Plaintiff stated in his plaint that

Fort St. George 6th May 1847.

that he and the 4th 6th & 8th Defendants rented
the ground under the Tank of the said Village
on a lease from Fusly 1251 to Fusly 1255 from Rajah
Vasereddy Ramanathaboo, and fell in arrears
in the sum of 900 Rupees, that after the property
belonging to the Plaintiff and the three Defen:
dants alluded to was attached they arranged
that all four should pay jointly 500 Rupees
that they all accordingly paid 375 Rupees. of
Plaintiffs share being Rupees 93¾ which
he paid. that of the balance Rupees 125 due
by all the Defendants together, the Plaintiffs
share was only 31¼ which being deducted from
the sale proceeds of certain Soonga grass
belonging to him worth Rupees 150 would leave
Rupees 118¾ in his favor. that as he (Plaintiff)
was told that enquiry would be made, and
credit allowed him for such sums as might
be due to him, he executed in January 1846.
a Kararnamah for Rupees 125 and that
as no credit was given him accordingly, he
sues for the balance of Rupees 118¾ after
deducting 31¼ Rupees of Rupees 150 the
Value of Soonga grass belonging to him. In reply
it is stated that the Plaintiff, and the 4th 6th
& 8th Defendants rented from Rajah
Vasereddy Ramanathaboo, the ground under
the

Fort St. George 6th May 1847

the Tank of the abovementioned Village; at Rupees 213 for Fusly 1251. Rupees 273 for Fusly 1252 Rupees 350 for Fusly 1253 Rupees 371 for Fusly 1254 and Rupees 474 for Fusly 1255 total Rupees 1681 for five years and obtained a Cowl from him accordingly. The Management of the Vasereddy Estate was assumed by the Circar on the 7th January 1841 or Fusly 1251 when the Plaintiff and Defendants paid up in full Rupees 213 the amount of rent for Fusly 1251 Of Rupees 273 for Fusly 1252 only 100 Rupees 2 annas were liquidated leaving a balance of Rupees 172 11. 0 for that fusly. Of the rent for Fuslies 1253-54 and 55 none was paid, the balance being Rupees 1367 11. 0 The balance due at the close of Fusly 1254 was Rupees 893 11. 0 Interest 88 11 4, total Rupees 982 9 4, and a demand for that amount having been served on the Plaintiff and the 4. 11. 6. 11. & 8. th Defendants, they failed to pay and certain property, belonging to the Defendants was attached on the 22d & 23d July valued at Rupees 982 9 4. The renters shewing pleaded loss in consequence of the floods of May 1843, the record of the case from the Origin was examined and an order issued to the effect that if they would pay down half the balance their property would be released and the rest of the arrears

Fort St. George 6th May 1847

arrears suspended, but if they failed to pay as directed the property attached was to be sold. The 4. 11. 6. 11. & 8. 11. Defendants then paid according ly on the 30th October 1845 into the Taunah treasury their respective proportions being in all 368-7-6 and released their property on the 1st November giving a receipt for it. The Plaintiff did not pay his share Rupees 122 13-2 but presented an arzee chiefly stating that as his subtenants, the partners in the rent of the land, had withheld payment of sums due on account of a distinct rent of Toonga grass, that dispute ought to be settled, and he would then pay his share. This arzee was endorsed to the Ameen, who in the presence of the Plaintiff made enquiry from the said Defendants, who stated that the Plaintiff would not come to terms, but raised frivolous objections. The Plaintiff then requested that the sum of Rupees 122 13 2 due should be realized from the sale proceeds of the stacks of Toonga grass which had been attached, and that he would make up any deficiency that might remain and executed a Hararnamah to this effect on the 31st December 1845.

The Plaintiff did not however attend so as to admit of the stacks being sold immediately, but delayed by raising futile

futile objections till the 1st February from which date to the 17th the stacks were sold by auction in the presence of mediators after much competition for Rupees 35-15-. Of which deducting fees to Government 2 Rupees 4 Annas, the balance of Rupees 33-11-. was placed to the Plaintiffs credit. The balance then due amounted to Rupees 89-7-2 which Plaintiff has not yet paid, his cattle are still held under attachment. It is obvious under these circumstances, that so far from the Plaintiffs having a shadow of right to support his Plaint he might fairly be held liable for at least a fourth of the whole arrears of the rent, of which he had a fourth share. The falsehood of his assertion that he had paid his share of the 368-7-6. paid on 30th October is evident by his executing on the 31st December an engagement to pay 122 13-2 and if the grass had been worth as represented 150 Rupees, why should he have stipulated to make up any deficiency that on the sale might remain less than 122 13-2. It is therefore submitted that the Plaintiffs' claim is palpably fraudulent and that Court must after due investigation and examination of the oral and documentary evidence that can be adduced. Non suit the Plaintiff with costs.

/Signed/ H. Stokes
Collector.

Proceedings thereon. 1. The plaint sets forth that

Submitting a letter from the Collector of Guntoor forwarding Translation of the plaint and a draft of the answer proposed to be filed in suit No. 9 of 1846 on the file of the Principal Sudr Ameen's Court brought against himself and others and recommending that he be instructed to file it and conduct the suit at the public expense.

24-25

Plaintiff with the 4th 6th and 8th Defendants cultivated a piece of ground under the Tank of the Village of Suntarawoor on a lease for 5 years from Fusly 1251 to 1255 that having fallen into arrears to the extent of Rupees 900 the Collector decided that he /Plaintiff/ and the above Defendant should pay Rupees 500 out of the foregoing sum and they accordingly jointly paid Rupees 375- that the 2nd Defendant induced him to sign a document for the remaining Rupees 125 although after deducting his share already paid Viz. Rupees 93¾ he only owed Rupees 31¼ and further that the Circar attached and sold 14 stacks of Poonja Grass the property of Plaintiff valued at Rupees 150- He therefore sues the Defendant for the sum of Rupees 118¾ being the balance remaining from the sale proceeds of the Poonja Grass after deducting the Rupees 31¼ acknowledged to be still due.—

2. The Collector in his proposed answer states that at the close of Fusly 1254 a balance of Rupees 982-9-4 was outstanding against Plaintiff and the 4th 6th

893-14-
Interest 88-11-4
982-9-4

and

and 8th Defendants for the realization of which certain property belonging to the Defendants was attached. The Renters having pleaded loss in consequence of the floods of May 1843. an order was issued to the effect that if they would pay down half the balance their property would be released and the rest of the arrears suspended, and the 4th 6th and 8th Defendants accordingly paid their respective proportions being in all Rupees 368-7-6 and their property was released. The Plaintiff did not pay his share Rupees. 122-13-2 but presented an Arzee chiefly stating that as his subtenants, the partners in the rent had withheld payment of sums due on account of a distinct rent of Ponja Grass. He afterwards requested that the sum due should be realized from the sale proceeds of the stacks of Ponja Grass which had been attached and promised that he would make up any deficiency that might remain and executed a Karar namah to that effect. After some delay occasioned by the non attendance of Plaintiff the Ponja Grass was sold by auction in the presence of Mediators for Rupees 35-15-0 which, after deducting fees to

to Government Rupees 2-4-0 was placed to Plaintiffs credit leaving a balance of Rupees 89-2-2- still unpaid and for which Plaintiffs Cattle are still held under attachment.—:

3. The Board consider that the answer prepared by the Collector affords a good and sufficient defence, and recommend that he be instructed to file it, and to conduct the Suit at the public expense.—.

Read the following letter—

To,

D. White Esqre
Acting Secretary to the
Board of Revenue—
Fort St. George:

Sir,

From the Ag. Coll.r of Cuddapah ——— } Para. 1.

The Civil Auditor in his Audit of Accounts of this Collectorate for Fusly 1253 having retrenched the Sum of Rupees 14-6-6 Viz.t Rs. 11-14-6 the amount paid as Cooly hire for bringing up from Madras to Cuddapah Cotton Seeds, and Rupees 2-8-0 the hire for sending 3 barrels of the Seeds from Cuddapah to Summulmudgoo— As this sum has not been included in the Statement of Charges for that Fusly sanctioned by Government on the 10th March 1846. I have therefore the honor to request that the special sanction of Government may be obtained for the same.—.

2. I have the honor further to submit for the sanction of the Board, Statement of Extra Tent allowance of Mr. Knox— Sub Collector of this District for one day (19th June 1844) amounting to Rupees 5-4-0 which was inadvertently omitted to be included in the Statement dated 3d September 1844 and sanctioned by the Board on the 10th of October of the same year and which sum also stands retrenched by the Civil Auditor till accounted for.—.

Cuddapah District,

Their circumstances and the means of subsistence possessed the family	Recommendation and grounds thereof	Further Remarks.
11	12	13
Subsisting upon the produce of the Enam land	The land in Coparayum pays a fixed Jodee rent of 1s 8d and is entered in the old accounts as Jodee Enam, and appears to have been a long time in the possession of the family - Half the produce of the land is enjoyed by the elder Brother of the deceased; they divided the family property about Six years ago, but no regular division of the land seems to have been made, but only of the produce every year - As the deceased has left a large family and there is no doubt about the possession I recommend the continuance of his share to his wife and Children - The same remarks apply to the land in Kundy pully which pays a fixed Jodee of 2-10-8 and for the same reasons as mentioned above I recommend its continuance In Poolamuddy and Cadamoor the land is entered in the old accounts as Enam, it pays Enamity and has been a long time in the possession of the family, I therefore recommend its continuance - In Beemavarum and Yeragoor the long possession is not established and the land does not appear in the old accounts as Enam and should it seem fit reverts to the Circar - For the land in Polavra Summud is produced No 16 Register - The Summud was given to Rama Bhutt from whom he received it with the land on his Marriage with his daughter - It is entered in the old accounts as Enam and I recommend that it may be continued to his widow - In Bramin pully the land is likewise entered in the old accounts, as Enam and has no doubt been a long time in the possession of the Enamdars family it seems to have been given originally to the same Rama Bhutt mentioned above and to have descended to the deceased, and his son in law it might therefore be continued to his widow for her life time -

Their circumstances and the means of Subsistence possessed by the family	Recommendation and grounds thereof.	Further Remarks.
11	12	13.
Subsisting upon the produce of the Enam land and upon Alms.	The land in Pedda Bojanum consists of seven fields of 33 Acres half of which is in the possession of another Branch of the family. It appears to be a very ancient Enam though there is no Summud to support it. Five of the fields are entered in the old accounts as Enam the other two consisting of 8a — 8c are not I recommend the continuance of the land which is entered but not of the other.	
Do	In the five following Villages, with the exception of Chintacommadinnay for which there are no Zemindzada Accounts, the land is entered as Enam in the old accounts and appears to have been a long time in the possession of the Enamdars, but there is nothing to	
Do	show in what way it was first acquired. —	
Do	This land pays the usual Enamity on all	
Do	Enam lands held without Summuds or for service of the Antiquity of the Enam there	
Do	is very little doubt and I therefore beg to recommend its continuance.	
Subsisting upon the produce of the Enam land upon Enam land in Cuddapah	This land is entered as Enam in the old accounts and has been for a long time in the possession of the family, it is said to have been originally granted for the purpose of establishing an Agraharum in the Village but by whom it was granted there is nothing to show. As an old Enam however I beg to recommend its continuance.

T. Pycroft Esqre.
Secretary to the
Board of Revenue
Fort St. George

37

From the Collr. of Salem — Forwards communication from — Sir — February 1846

Referring to your letter of the 16th I have the honor to forward for

from the Sub Collector about the reduction of the Assessment claimed on Coodoo Thoray Vcu. Hamlets and requests, if the Board adopt the views of the Sub Coll. to recommend the writing off of the balances outstanding against those Hamlets.

No 1168

for the consideration of the Board a Copy of a communication from the Sub Collector relative to the reduction of Assessment claimed in the Village of Coodoo Thoray and adjacent Hamlets Olapady, Catamarapolliem, and Onjeepolliem, with the detailed Statements required by the Board in English and Hindoouee.

Although opposed to the opinion expressed by the late Principal Collector and Sub Collector, I think the Board must admit, that Mr. Malthy has now stated their claim in its proper light, in arguing that their right does not depend on whether the lands are remunerative or otherwise, whether it is saleable or can bear the present high assessment without being thrown up, but whether they should be denied the same advantages, as their neighbours, and be now directed to pay more than they have hitherto paid to Government.

Letter from Sr. Collector to Board 15th January 1843

Statement No 7 of Enclosures.

From the comparative estimate of the prices at which the lands are saleable, there appears no doubt, that they are at the present rate of assessment remunerative, and even bear a higher price than the lands in adjacent Villages irrigated from the Cavary and assessed at the equitable rates now claimed, while their means of irrigation are less favourable. This Mr. Malthy attributes, and I can see no other way to account for it, to the industry of the community the

6403 Fort St. George 6th. May 1847.

the Cultivators of Coodoothoray Vcu. Hamlets being Reddies and Vellalas, and the Holders of the neighbouring Nunjah Adiar lands being Pullies, but it would be hard on that account to refuse these Villagers the same remission and indulgence that has been granted to their neighbours.

I have not yet received from Mr. Malthy his report on the means of improving the irrigation, but by the decree depriving these Villages of any right to a supply from Comarapolliem Channel, I don't see how it can be done, excepting by enlarging the Rajah Voikal by opening new heads of supply, or other means, on which subject I shall again request the Civil Engineer to give his opinion.

The enclosed Statements from 1 to 5 fully exhibit the extent of land and the amount of reduction proposed to be made, with the Assessment on each field with reference to the neighbouring Nunjah Adiar Villages surrounding them, on which the assessment was lowered in proportion to

Fort St. George 6th May 1847.

to the quality of the land, as adverted to in Para 7 of Mr. Maltby's letter, and I think the Board will concur with reference to their Proceedings dated 28th October 1841 and 23d March 1843, that the present is a case in which the reduction of teerwah is necessary.

I hope in a few days to be able to submit my report on the subject of the necessity of a general revision of the Assessment in the Talooks of Ahtoor, Ragipoor &c as promised in Para 62 of my report on the Settlement for Fusly $\frac{1252}{A.D. 1842/43}$.

I hope, if the Board adopt the view of the case taken by the Sub Collector, they will recommend writing off the balances outstanding against these four Villages as shewn in Statement, amounting in the aggregate to Rupees 595—11—10.

Subsisting upon Zeemiah	This was rather a charitable grant than a zeemiah, it having been originally conferred by the Nawab Munawar Khan for the purpose of ministering to the wants of travellers. The late Manager of the charity (who was expected to provides for himself out of it) was a very old man and the greater part of the funds seems to have been devoted to the maintenance of a number of Fakeers and persons of that description resident in Kurnool. It is almost impossible for the local authorities to exercise an efficient check over an expenditure appointed for mere passers by, and if this charity is to be continued it should either be entrusted to the management of three or four respectable persons whose character would be a guarantee for the legitimate appropriation of the funds, or they might be more beneficially employed in restoring and keeping in repair decayed choultries and bathing places in different parts of the District.

Order thereon - Ordered to be sent again in circulation -

To

D. White Esqre
Secretary to the
Board of Revenue
Fort St. George

32

From the Commissioner in Khurnool — Sir, Para 1. I have the honor to acknowledge the receipt of your Circular letter of the 15th instant respecting the relative advantages of forming the Abkary Revenues by tender or by public Auction as at present

Giving opinion respecting the relative advantages of farming the Abkary Revenues by tender only or by public Auction as at present -

2 - I am disposed to think that the present system of annual auctions is calculated to encourage not only a spirit of speculation but also, as a consequence, the habit of drinking, by raising the rents too high - When a rent is high the Renter is driven to practise all sorts of expedients to increase the sale of his liquor, such as encouraging the sellers of Kababs and spiced Meats, and similar stimulants to thirst, to frequent the neighbourhood of the Shops, selling below the fixed Minimum price with the view of drawing off the habitual frequenters of

of arrivals shop (though of course at the risk of punishment when proved) Vice On the other hand, I think that the system of Tender would soon have the effect of lowering the Rents more than is advisable both because combination would be easier, and because in its nature it is more backward than public competition, where a man is often led to raise his preconceived valuation when he sees so many others desirous of obtaining the same object -

3 - I conceive therefore that the adoption of the "Tender" System as proposed would be hazarding too great a sacrifice of Revenue, but I beg to submit an amendment to Mr Smollett's proposition which it appears to me, would have the effect of suppressing the tendency to gambling without much detriment to the State -

4 I propose to fix the Abkary Rent of each taluk at 5 per cent below the average Rents of the last ten years to publish the amount fixed, and then to invite tenders for acceptance - I say 5 per cent below the average with the view of encouraging respectable persons to make offers to prevent numerous applications from persons.

persons of doubtful substance or inferior station I would confine the privilege of tendering to such persons who have rented a talook and fulfilled their engagement within the last 10 years, the Collector being at liberty to make exceptions in favour of any persons of respectability who may express a wish, to make an offer, on the day appointed for the receipt of the Tenders, which need contain nothing more than the desire to take a particular talook, and the names of the securities, lots should be drawn for each talook, or for the whole District if there should be any offers for it, I would have the rent last for five years which I consider preferable either to one or to three because when rented for one year only the trees are often injured from neglect and excessive tapping, and in a three years rent if it should happen that the first or second should be a year of scarcity, the high price of grain during that and the following years would materially affect the Renter's profits, but in a term of five years he would have more time to recover himself. At the expiration of the five years tenders might be invited, if considered

advisable

advisable, for the full amount of the ten years average, giving the preference however to the existing Renter if he should desire to take it in those terms.

5. In conclusion I beg to state that the Alkary Rents have never been yet been rented for a term of years in this District.

From the Collr. of Tanjore

33

Sir,

I have the honor to acknowledge the receipt of your letter of the 15th Instant with Extracts from the Minutes of Consultation of the 25th March relative to the system of Alkarry rents and in reply to state that the Alkarry rent has always been put up to auction for one year in the Tanjore District, and that failure in the payment of the rent has not occurred, and in my opinion the old system is preferable to the proposal to rent the privileges for a term of years.

One

6401 Fort St. George 6th May 1847.

One of the main objects anticipated by the proposed change appears to be the expectation that men of more substance and respectability will come forward to rent the farms - This I think is very doubtful, as the rent is not looked upon as a very reputable concern to be connected with and the same sort of people who now annually take it would also take it on tender and with less Security to Government of the rents being realized -

Do. of Sub Collector to the Collector dated 12th October 1842.

FORT St. George 6th May 1847-

of the irrigation.-

3. I am desirous to avoid adding to the already voluminous Correspondence on this subject, and shall briefly observe that the case appears to me to resolve itself into this- The Ryots of these Villages claim a Reduction of Assessment on the ground that a similar indulgence has been granted on the surrounding lands similarly situated- their own land is, they state more heavily Assessed than their neighbours without any just cause for its being so- Mr. Gleig was of opinion that as the land was saleable though at a low price a reduction of Assessment was not called for- Mr. Brett appears to have been of the same opinion provided that the irrigation of the land was placed in an efficient state.-

4. I would beg to submit that the two questions Appear to me to be independent one of the other and as that if the irrigations were placed in a fully efficient state still the Villagers would prefer their claims to be put on the same footing as the surrounding

Villages

6403

FORT St. George 6th May 1847-

Villagers- It is therefore my wish to be able to exhibit the state of the Assessment of these Villages as Compared with those surrounding them to enable you to judge whether it is advisable to grant the remission they seek- and I shall then report upon the state of the irrigation and the measures that appear necessary to improve it- The improvement of the irrigation will bring into Cultivation lands now waste and will improve the imperfect Cultivation of others but it will leave the question of the Assimilation of Assessment untouched.-

5. I may briefly state that it is clear that these lands yield an adequate return to labour, they are saleable but at a low price- They are of equal quality but are less perfectly irrigated as I shall presently shew than the surrounding lands- I have not attempted to obtain any more satisfactory estimate of the actual produce of these and the surrounding lands than that obtained by my predecessor for I believe these estimates are always too vague to be depended upon

upon, but I have obtained a comparative estimate of the prices at which they are saleable.-

6. I personally inspected the lands in company with my Sheristadar, and the following accounts have been prepared from the records- From these sources of information the following facts appear.-

7. These Villages and those surrounding them were included in certain Mootahs- In consequence of the weight of the Assessment several Mootahs lapsed to Government, on their doing so the Assessment was lowered in proportion to the quality of the land The Mootah in which these lands were situated held out for a longer period, and did not come under Amany till 1230- In 1807 during the time the Villages were under the Mootahdar, the Mootahdar was cast in an action which deprived the Inhabitants of these Villages of any right to the water of the Comparapolliem channel which passed by their land and limited their supply

6403 Fort St. George 6th May 1847.

supply to a small channel conveying the waste water of the Ranjavoikal- On the Moottah coming under Government management the Ryots preferred their claims to a reduction of Assessment similar to that made on the neighbouring lapsed Moottahs and from 1234 till 1242 this remission was made- In 1243 it was discovered that this was done without sanction and the full Deriz was entered in the Accounts but up to 1251 the difference has been remitted- From 1252 it stands as a balance against the lands- at the same time the decree limitting the supply of water has been more completely executed.-

8 It is true that the Comara=polliem Channel has been constructed since the original Assessment was fixed, and the decree might therefore seem to have no connexion with this claim to have the Assessment reduced, but there is no doubt but that the additional land now cultivated by means of the channel deprives these Villages of the supply they formerly received.-

9 The result of these circumstances is that these lands are now more highly Assessed

assessed and worse irrigated than their neighbours.-

10. These being the facts of the case I do not think that it is necessary to prove that these lands are unremunerative to entitle the holders to the indulgence of Government- I think it is a case in which the equal liberality of Government might be shewn not to an impoverished but to an industrious Community- I should regret that they should be denied the same advantages as their neighbours, and be now directed to pay more than they have hitherto paid to the Government and still more so that the arrear should be collected as proposed by Mr. Gleig.-

11 Should the Board consider that the fact that the lands can bear the higher assessment without being thrown up must deprive them of their rights to remission there can be no doubt that they have no claim- The accompanying account shews that the land is saleable and that it bears a higher price than the Nunjaiyadiar lands and almost as high a price as those of Vellore which are rated at

6403 FORT St. George 6th May 1847.

a higher assessment- I have endeavoured to ascertain why this should be the case- The lands do not apparently differ from those of Nunjayadiar, except in being worse supplied with water, and yet they bear a higher price- The only reason that is assigned is, that in the four Villages under consideration the inhabitants are Reddies and Vellalas and in Nunjayadiar they are Pullies- the two former being more industrious labourers.-

12 The accompanying Statement shews the prices at which land has been sold in this and the neighbouring Villages- The prices in the several portions have brought only prove how impossible it is that the assessment should really be proportioned to the value of the land- Land assessed at an equal rate sells in one instance at Rs. 27-14-1 the acre in another at Rs. 46-5-" A more correct estimate of the average value has been afforded in this instance by the appointment of a Punchayet to appraise the lands required for the new head of the Maganoor Channel which passes through the three Villages of Vellore- Nunjayadiar, and Coodoodoray- According to their estimate the value of the land in the Village of Vellore is Rs. 153-6-1 ₹ Acre- In Nunjayadiar Rs. 76-11-10- In Coodoodory Rs. 129-9-3-

By

Fort St. George 6th May 1847.

13. By this estimate the value of land is much higher in Coodooloray than in Nunjayadiar. But I would still hope that for the reasons stated this indulgence may be granted. I believe that the nearest estimate of the value of the land may be found in the following manner. Purchases of land are now usually made in this District so as to return about 6 per Cent. In the sale therefore of the land noted in the account in 1245 Viz. acres 3-22-14 bearing an Assessment of Rupees 58-5-3 for Rs. 204-2-. the net produce of the land may be supposed to be about 12-4-. in addition to the Assessment or to be about Rs. 70-9-3 and the landlord may thus be suppos=ed to receive only one sixth or say one fifth of the net produce. I do not think these facts are such as should deprive the inhabitants a liberal Consideration of their claims to the same indul=gence as their neighbours have received.-

Fort St. George 6th May 1847

14. I believe it will be more convenient if I should state the result of my enquiries as to the means of improv=ing the irrigation of this Village in a separate letter.-

6104 Fort St George 6th May 1847.

Order thereon — Ordered to be brought forward at a future meeting.

(37.38)

To H. Popcroft Esqre
Secretary to the
Board of Revenue
Fort St George

(39)

Sir

From H. E. Lockhart Esqre Collector of Salem

Reports with reference to Para 24 of the Board's Proceedings dated 26th February 1846, on the reverted Mootahs and forwards a Statement exhibiting the permanent Berij of those Mootahs in each Talook compared with the Berij including Motarphas of Fasley 1251 and 1255 and the increase and decrease together with the percentage

With reference to Para 24 of the Board's Proceedings dated 26th February 1846 I have the honor to report on the state of the reverted Mootahs for their information. The accompanying Statement at one view exhibits the permanent Berij of these Mootahs in each Talook compared with the Berij including Motarphas of Fasleys 1251 and 1255 and the increase and decrease together with the percentage

2. The total decrease of the permanent Berij of these Estates compared with the Berij of Fasly 1261 as noted in the Margin is Rs 15,304-10-9 giving a percentage of Rupee 1-6-1 but when compared with that of Fasly 1265 the decrease amounts to Rs 10,687-7-4 giving a percentage of Rupees 8-11-10 The total Berij of Fasly 1265 cannot be considered as a standard in consequence of

Total increase of Fasly 1261 as compared with the permanent Berij	5466-9-9	
Do Do Decrease as compared with Do Do	7,261-4-6	Vide Decrease
	15304-10-9	
Total increase of Fasly 1265 as compared with the Permanent Berij	1440-8-11	
Do Do Do Decrease	11,028-3	
	10,687-7-4	

of the season being very unfavorable. The adverse seasons commenced from Fusly 1252 and the Ryots were compelled to relinquish their lands in consequence of the rains which fell during Fusles 1252 53 54 and 55 not being sufficient to bring their Nunjah and Poonjah lands under cultivation. Remyssion was granted in these years to alleviate the distress, which was increased by periodical visitation of Cholera, and sickness and death among the Cattle pressed them severely. Fusly 1255 being the severest of the four bad seasons, the decrease in the Beriz appears very great when compared with that of the Permanent settlement.

Ashtoor

3. The Beriz of the Ashtoor Talook is far below that of the permanent Settlement by Rs 18600 14 9. this decrease is attributed to the high assessment on both Nunjah and Poonjah lands that have been thrown waste. When the Estates were under the management of Mootahdars the lands were let out for cultivation on reduced Teerwah as also on Varakum, and the Mootahdars themselves cultivated a portion of the lands to enable them to reimburse the Circar demand. but on the contrary

contrary having met with loss they were induced to relinquish their Estates one after another, 4 years after the introduction of the Mootadary system from Fusly 1216. and within Fusly 1229 all the Mootahs of this Talook reverted to Government. As it is not customary to let out lands for cultivation on reduced Assessment under Zumany Management a great quantity of land has been left waste, as stated above. Regarding the high and unequal assessment on the Nunjah lands of this Talook as well as on those of the Talooks of Salem and Rayeroon, I beg to refer the Board to my report of the 4th December 1846

Kaneul

4. The Beriz of the reverted Estates in the Kaneul Talook for Fusly 1254 compared with that of the permanent Settlement, shews a decrease of Rupees 3,643 2 occasioned by the reduction made, in the Teerwah on lands irrigated by the Cavery Channel by Mr Hargrave in Fusly 1228. after this reduction was granted Nunjah lands were never left waste. The Beriz of Fusly 1254 added to the amount of reduction granted, exceeds the permanent Beriz. A light Teerwah, in every case, would induce Ryots to take up additional lands for

cultivation

cultivation and thereby increase the Beriz which would prove beneficial to Government—

Paramutty— 5. The decrease of the Paramutty Talook is Rupees 15,382—15—11, when the amount of reduction made in the Teerwah on the Nunjah land in this Talook is added to the Beriz of Fusly 1251, it reduces the above decrease to a small amount notwithstanding this decrease was principally occasioned from there land under the Edoombuncoolum Tank being left waste. This Tank was breached in Fusly 1228 and repaired in Fusly 1246 in Mr. Orr's time, when it receives a full supply twice in the year, the lands under it yielded one Crop, but its Teerwah being high, 13 Rupees per acre of the 1st Sort and Rupees 9-9-6 for the 2nd Sort Ryots not being able to meet the Circar demand from one Crop relinquished the lands bearing an assessment to the amount of Rupees 2389-5-6. On the subject of the reduction required to be made in the Teerwah of this land, I have already submitted a

a Report on the 27th October last—

Salem— 6. The Beriz of the reverted Estates in the Salem Talook exhibited an increase of Rupees 11,122—11—8 the principal cause of which is from the Cowle granted by Mr. M. D. Cockburn agreeably to the Cowle Rules introduced in Fusly 1234; by Para 2 of which, no Teerwah for the 1st year was imposed on Cowle land left waste for more than 10 years; 1/4 Teerwah for the 2nd year; 1/2 for the 3rd year, and 3/4 for the 4th which was considered as a fixed Teerwah; and by Para 5 of the Cowlenamah a reduction from one sixteenth to five sixteenths were granted in all cases in which lands were left waste from having been originally highly assessed. Moonasub Cowle was also granted agreeably to Para 6. This indulgence stimulated the Ryots to take up Annadytaroo, Podoogaul and Poorumboke lands for cultivation. The sources of irrigation were put in good order after the Mootahs reverted to Government at an expense of 27,000 Rupees in Fusly 1233, and subsequent improvements made to them, assisted the Ryots in carrying on their cultivation of waste and put out Nunjah and Poonjah lands to a great extent. Besides this, the seasons were favorable

up

up to Fusly 1251. There being great demand for every sort of grain in the market of the populous town of Salem, where there is a garrison of Sepoys &c.a the Ryots meet with a ready sale for the produce of their lands &c.a on the spot, their labour and capital laid out being remunerated they do not throw up any of their putteut or Cowle lands, consequently the Beriz of Fusly 1251 exceeded that of the permanent Settlement as stated above.

Raizepoor 7. There is a decrease in the Raizepoor Talook of Rupees 2,876-11-3 which may be considered as very trifling most of the cultivating Ryots in this Talook are in good circumstances, and as the Poonjah, Nunjah and Totacal lands are highly assessed they convert their Poonjah lands into Totacal and Nunjah by the means of Wells constructed at their own expense, and cultivate them with Turmaric Sugar cane Raeghy, Cholam, and Paddy paying only their original poonjah Teerwah. The produce enables them to pay the fixed high assessment and to retain the lands in their possession. Some of the Nunjah lands are yet left waste owing to their having been highly assessed. Should a reasonable

reduction

reduction be made in their Teerwah they would be brought under cultivation and make good the decrease shewn above.

Sankerrydroog 8. The decrease in the Talook of Sankerrydroog is Rupees 2,847-4-1. The cultivating Ryots are of the poorer class, the whole of the Talook is interspersed with Jungle, and there are no populous towns in it, but the Teerwah is light. The Cusbah Village of Sankerrydroog was formerly a Military Station and was a populous place consequently the Ryots had taken up a great quantity of land for cultivation, and had the means of getting a ready sale for the produce of their lands, but after the removal of the Military force the Villages were deserted and the Ryots were induced to contract the cultivation, or abandon it altogether owing to their being unable to command a ready return for the produce, and meeting with loss after conveying it for sale to the Town of Salem, a distance of 25 Miles. There were originally 14 Mootahs in this Talook, but subsequently being Sub-divided increased the number to 21. Most of these Mootahs reverted to Government in consequence of the Proprietors having met with loss. there are only 5

Estates

Estates at present under Saury- From the mortality from Cholera in Fusly 1241- succeeded by famine in Fusly 1242,- many of the cultivating Ryots were reduced to poverty- From the remission allowed in this Talook being very trifling compared with that granted on other Talooks, some of the Ryots left the Talook altogether for Coimbatore and Trichinopoly- These are the causes from which the decrease of Rupees 21847-4- above shewn has arisen-

Womalore

9. The Womalore Talook- exhibits a small decrease of Rupees 1754-13-9- The extent of this Talook is miles 30 in circumference, and is interspersed with Jungle- It has no populous town, the Ryots generally are in poor circumstances, and suffer from the effects of fever and ague prevalent- generally in this Talook- Although the Teerwah is light, yet the poverty of the Ryots does not permit them to ex- -tend their cultivation; the produce of the land they posses is just sufficient for their maintenance- When the Estates were under Saury, the Mootahdars- granted lands for cultivation on a reduced

Teerwah,

Teerwah, and although they continued to- -bring lands under cultivation in this manner still they were obliged to abandon their- Mootahs there is not a single Mootah at- present under Saury- The People of this- Talook have suffered from Cholera and also from draught from Fusly 1252 to 55 consec- -cutively, consequently the Beriz of Fusly 1255 exhibits great decrease when compared with that of the permanent Settlement In- favorable seasons when the Talook receives periodical rains, and the climate more healthy an increase of Beriz might be expected-

Trichengode

10. The Talook of Trichengode- exhibits a Decrease of Rupees 7556-6-9- This Talook is 5 Miles from that of Sankerrydroog and the surrounding Villages are small and situated at short distances from each other- Half of the cultivating community are in indigent circumstances they also derived great benefit when the Cusbah of Sankerrydroog was a Military- Station and in a prosperous state; and after the removal of the Military from that Talook contracted their cultivation- The Mootahdars are in affluence, but I think that they had formerly managed to Subdivide the Mootahs and retain in their profession all the-

profitable

profitable portions and abandoned those that were unprofitable. There are 19 Estates including subdivided ones under the Management of the Mootahdars who allow the Ryots Tuccavey or advances for cultivation also advances of grain and let out lands on reduced Teerwah — These indulgences shewn by the Mootahdars draw the Aumany Ryots into their Mootahs to which the decrease shewn above is attributed —

Barahmahl 4 Talooks —

11. The Beriz of Fusly 1251 exhibits an increase in the 4 Baramahl Talooks compared with that of the Permanent Settlement as follows Viz.t —

Tripatoor Talook	6481	2	10
Kistnagherry Do.	14940	8	0
Darumpoory Do.	18846	15	4
Tengaracottah Do.	4465	3	11
Total	44733	14	1

The Poonjah and Nunjah lands in these Talooks are lightly assessed and the greater number of cultivating Ryots are in good circumstances and possess Cattle in abundance. The lands in their possession are considered valuable and saleable which they very seldom throw up, and there are several populous Towns and Villages in these

these Talooks at short distances from each other where they find a ready market for the produce of their lands. After the Mootahdary system was introduced, immemorial waste and Poromboke lands were let out for cultivation by Mootahdars on reduced Teerwa, Consequently lands to a great extent were brought under cultivation and yielded a profitable return to the Mootahdars altho the Estates were lucrative yet the greater portion of them being held by 2, 3 and 4 Joint Mootahdars, the disputes and disagreements among them, is the cause of the Estates being neglected and consequently brought under Amany Management. The sources of irrigation of the Mootahs which reverted to Government being annually repaired and kept in order a great quantity of Nunjah land was brought under cultivation and the Beriz increased annually but from Fusly 1252 the mortality from Cholera among the cultivating community being great the Beriz of Fusly 1255 in the Darumpoory and Kistnagherry Talooks exhibits a decrease of Rupees 16547 15 9 when compared with that of Fusly 1251 —

12. The effects of the Seasons were felt more in the Talooks of Tengaracottah and Tripatore than in those of Kistnagherry

6416 Fort St. George 6th May 1847.

Kistnagherry and Darumpoory and consequently the following Remission was granted to the amount of Rupees 8771–1–3 for Fusly 1255.—

In Tripatore on wastes	1st a. c. 2576-11-5	
Do Tengaracottah Do Do	2386-0-0	5962-11-5
In Tripatore on Shavee	2363-10-10	
Do Tengaracottah	244-11-0	2608-5-10
	Total	8771–1–3

consequently the Beriz of Fusly 1255 of these 2 Talooks exhibits a decrease of Rupees 12002–18–10 but the Beriz for Fusly 1251 exceeds that of the Permanent Settlement by Rupees 10940–6–9 and in favorable seasons however an increase may be expected in these as well as in the Talooks in which the assessments both on Punjah and Poonjah are high.—

13. The Decrease in the cultivation in some places is attributed to the indulgence shewn in the Jaury Mootahs to which many of the Aumany

6416 Fort St. George 6th May 1847.

Aumany Ryots resort in consequence of the privilege allowed them in the reduction of Teerwah and also in advances in grain for their maintenance.—

From the Collector of Salem ... Sir,

Reports with reference to Para 11 of the Minutes of Consultation dated 18th November 1846 on the subject of Cowles granted by Mr. Cockburn on 3/4 of the Pymash teerwah and on Inoonasib or discretionary teerwah.

With reference to Para 11 of the Minutes of Consultation dated 18th November 1846 on the subject of the Cowles granted by Mr. M D. Cockburn on 3/4 of the Pymash teerwah on rates involving a reduction of 25 per Cent, and on Inoonasib or discretionary teerwah, I have the honor to state for the information of the Board that finding lands to a great extent left waste in consequence of inequalities in the Assessment and Aswady toroasoo, and Poromboke lands brought under cultivation, subsequently left waste owing to the average teerwah of the Village having been fixed on them Mr. Cockburn introduced Cowle namahs in Fuslies 1232 and 1234 in the District and let out lands for cultivation according to the privilege therein allowed. In Para 2 of the Cowlenamah for Fusly 1232, no teerwah was imposed for the 1st Year on lands left waste for 20 years, 1/4 for the 2d Year, 3/8 for the 3d, 1/2 for the 4th and 3/4 for the 5th which was considered the Standard rate. By Para 2 of the Cowlenamah for Fusly 1234 teerwah was remitted for the first Year on lands left waste above 10 years, 1/4 teerwah was imposed for the 2d Year, 1/2 for the 3d and 3/4 for the fourth Year which was considered the Standard rate. By Para 5 a

reduction

reduction from one Sixteenth to five Sixteenths was allowed in Inoonasib or discretionary Cowle on lands which were left waste on account of the Assessment being high Cowle granted by Inoolahars and disallowed after the Estates reverted to Government was re established by Para 6 with the view of bringing under cultivation lands that were left waste owing to their having reverted to their original high teerwah.

2 Agreeably to the above Cowlenamahs lands were let out for cultivation on 3/4 teerwah up to fusly 1240, but Inoonasib Cowle was granted from fusly 1234 and continued for some years. Even these teerwahs appeared to be heavy on some of the Cowle lands which were after a few years again left waste. In fusly 1241 the granting of these 2 descriptions of Cowle was prohibited and Statements in Tindoovee agreeably to instructions from the Board shewing the extent and quality of the land granted on Cowle, their fysul teerwah, Cowle teerwah, the reduction made and the names of the occupants were submitted on the 24th. November 1834 to which I beg to refer the Board.

3. Agreeably to Para 30 of the Hoo Koomnamah introduced in fusly 1243 those who were in the enjoyment of those descriptions of

of Cowle were allowed to continue the same until further orders. Lands were afterwards granted on Cowle agreeably to the terms specified in the Cowlenamah introduced in fusly 1243, but agreeably to the instructions therein contained the enjoyment of the Inoolahdars Cowle was limited to the first year after the Mootahs reverted to Government, and for the 2d. Year Dymash teerwah was ordered to be imposed thereon. These instructions were from the above date applied to all cases in which the Mootahdars Cowle was continued.

4. The enjoyment of the 2 descriptions of Cowle in question was agreeably to instructions from the Board dated 17th May 1837 allowed only to the original Grantees, but when they were transferred to their heirs relatives, or any other individuals either with the consent of the original Grantee or after his death full teerwah was imposed thereon.

5 A great portion of the Cowle lands mentioned in the preceding Para has been brought to full assessment from being transferred to others, either by the death of the original Grantee or by Nuzzeranahs tendered by them.

6. The following is the quantity of land now under Cowle tenure which exhibits a great decrease when Compared with the quantity of land entered (up to fusly 1242) in the Statement

Submitted

Fort St. George 6th. May 1817.

Submitted to the Board on the 24th. November 1834.—

Ded.	From one of the Subdivisions of the Senkerry droog Mootah which was under the Manage: ment of the Court of Wards Coming under Amany Manage: ment	4-28-5-9-8-"-7-2
	Nagady Jaunsty	" " " " " 176-15-3
		4-28-5-9-8-"-184-1-3
	As per Jummabundy of fusly 1255	6791-2-11, 11959-11-8803-6-"

7. The accompanying Hindoowee Statements No. 1 and 2. and the Abstract in English No. 3 will exhibit the particulars of the Cowles as required in Para 11 of the Minutes of Consulta: tion quoted above. The amount of Teerwah of lands at present under Cowle tenure Compared with that of lands held on Cowle in fusly 1242 shews a great decrease of Rupees 83-8-8 per Cent, the lands of which are partly under cultivation paying full teerwah, and partly left waste. Since the instructions contained in the Board's Proceedings of the 17th. May 1837. were strictly observed the Cowle tenure has gradually decreased.

8. A spot of land bearing 3/4 Cowle teerwah entered under the Head of deduction in Para 6 was formerly attached to the Aumany Village of Ammanungoib in the Tripatore Talook and was included in the Accounts Submitted to the Board in 1834, but it is now deducted

deducted from the accounts in consequence of the Village (Ammanungoib) having been granted as a Jaghire to the late Mohomed Moonasaib and his heirs as per Sanction of Government dated 4th. April 1834.

Acres 4-28-5 bearing Teerwah 9 Rupees 7-2-" entered under the Head of increase belong to the Subdivision of Kurmapooram in the Mootah of Senkerry droog reverted to Govern: ment. When the entire Mootah of Senkerry droog was under the Management of the Court of Wards Mr. Cockburn granted this Cowle on the highly assessed lands that were left waste at the time in the said Mootah but when the subdivision of Karmapooram reverted to Government the Cowle was continued in common with others under Aumany, this was not entered in the Accounts Submitted to the Board, shewing the extent of lands that were held under Cowle tenure up to fusly 1240 in consequence of the Subdivision in question having been at the time under the Management of the Court of Wards.

Salem Zillah Ojsoor Collectors. Cutcherry 30th. December 1846

(Signed) W. E. Lockhart. Collector.

Advertisement -

Notice is hereby given to all whom it may concern that the rent of the Arrack and Toddy in the 14 Talooks in the Zillah of Salem, and Oravandoor Village will be put up for sale for the ensuing Fusly 1957 or year Plavungah and the Rules to be observed by those desirous to offer for the same are hereunder specified -

1- The above rent will be put up at Darumpoory on the 25th May 1847 corresponding with the 13th Vyasey of the year Plavungah and those desirous of offering for the same either for each of the Talooks or for the whole zillah should attend on the above date, and are at free liberty to make their offers - It is optional with the Circar either to accept offers for each Talook or for the whole zillah and to reject the offers made by persons incompetent, although the amount offered by them may be the highest The offers of persons whom the Collector may consider to be competent and trustworthy will alone be admitted, but will not be confirmed until approved of by the Board of Revenue -

2d Those who make an immediate payment of 25 per Cent on the amount of the purchase Money will not be required to find security, but those who pay 15 per Cent will have to produce security immediately before the Huzzoor for the whole amount of the Rent - The Security will according to the Rules produce their property equal to half of the amount of the Rent and enter it in the Edoosutty or List of property in which the Securities will state that the property entered in the List will not be sold, Mortgaged, or transferred to any one before the expiration of the time of the Rent for which they became Security - and that in the event of any of these transfers being made it will not be considered valid and also to affix their signature to it - If Durkasdars request to be allowed to pay their Tavanant Money or a portion of it into Talook Cutcherries or to produce their securities there, their request will not be complied with - The whole amount of the purchase Money together with the Security should be brought to the Hoozzoor - Persons finding difficulty to bring the purchase Money to the Huzzoor will deposit such amount as they may think proper for the purpose into the hands of the Tahsildars of their respective Talooks and the receipts obtained from the Tahsildars to that effect will be accepted in the Huzzoor. Should the amount so deposited be less than the amount of purchase Money the difference should be paid up immediately but should it be above the amount of the purchase Money the excess will be returned to the party - The whole amount deposited in the Talook will be returned to the parties in the event of their offers not being accepted -

If

3rd If parties bidding for the Rent fail to pay up the amount of Tawanant — and to produce the Security immediately it is knocked down, as required in the preceding para, the rent will be resold at the hazard of the first bidders who will be held responsible for any loss and forfeit all advantages that may arise therefrom.—

4— No Revenue defaulters or any one who was imprisoned in Jail on account of Circar balance or any of their associates will be allowed to bid for the Rent in question, but in the event of any of these persons bidding clandestinely or indirectly it will be optional with the Circar on proof thereof to cancel the bid and to put up the rent again at the risk of the — first bidder. The renting of the above contract in the Military Stations and in the places frequented by Troops rests with the Circar and the Renters have nothing to do with it.—

5. The parties requiring to make any alterations in the distilleries and places where the Shops were established for Fusly 1256 should at the time of making Durkast — present a list to that effect. The Remount Depôt in the Ossoor Talook and the Shemeray Hills in the Salem Talook are excluded / in the rent that is to be put up / The three — Poleims Viz.t Bagalore, Unkoosagherry and Soolagherry shall be included in the Ossoor Talook. The Villages Viz.t Paranuttaramingalum Nelamputty Dassy Naickenputty with their road shops shall be included in the Salem Talook to which they belong.

6. Those who are desirous of making Durkast should do so before the Tahsildar of their respective Talooks before the 15th May 1847 all offers that may be made to the Tahsildar — after that date will not be admitted consequently all such offers should be made before the Collector on the 25th May in the Huzzoor.—

7— All cases wherein Goomastahs are made the bidders and their Employers — securities for them will not be admitted. Every one should personally make his Offer and produce the required security.—

8— Parties requiring further information regarding the rent ingueston will at the time of sale apply at the Huzzoor where it will be made known to them.

9— Parties obtaining rent will act agreeably to the Puttah and Moochilkahs and — Regulation I of 1820.—

10. Should it be deemed necessary to make any additions to the above it will be explained at the time of Sale and the Purchasers will be required to act up to it.—

/Signed/ W. E. Lockhart.
Collector.

Ordered

Ordered that the following letter be sent in reply.—

To, The Collector of Salem.

Sir,

To the Coll.r of Salem
6th May 1847.

42-43

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 17th Ultimo, forwarding an Advertisement in English and Tamil for the sale, at Daramsoory, on the 25th Instant, of the Abkarry rent of your district for the ensuing year.—

The Board observe by Para 1 of your Advertisement that you are not restricted to the acceptance of the highest bid, but that they authorize you therefore to accept, subject to their Sanction and with reference to the Circular from this Office of the 15th Ultimo relative to the advantages of renting the abkarry by tender instead of by Public auction, and also for a term of years instead of Annually, the offers of the most respectable and substantial parties, and to extend if it be desirable the term of the farm to a longer period than one year.—

Revenue Board Office,
Fort St. George,
6th May 1847.

/Signed/ D: White.
Acting Secretary.

Read the following letter.—

To, D White Esqre
Acting Secretary to the Board of Revenue
Fort St. George.

44

From the Acting Coll.r of Tinnevelly

Sir,

Para 1-

I have the honor to forward the

the Return of Cotton Cultivation called for in your Predecessor's letter of the 18th January last, so far as the Accounts of the District admit of its being done correctly.- The Return now sent exhibits the Cultivation of this Article in the Government Villages for fusly 1255 only, as it is for that period alone that particular accounts of Cotton Cultivation have been ordered to be kept, and they were accordingly obtained last year for the first time.- Till then it has not been usual in this District to keep Separate Accounts for any one of the several species of Dry Cultivation.-

2- No Accounts are furnished to this Office from the Zemindaries regarding the Cotton Cultivated within their several limits, and though on the present occasion they have been called for and almost all received it is not considered they can be fully depended upon, either as to extent of Cultivation, or rates of Assessments, for this reason, as well as to avoid further delay, the Cotton Cultivation of the Zemindaries is merely Estimated at 20 per Cent of the Amount Cultivated in Government Villages, as was shewn in the Jumabundy Report for fusly 1255, and not included in the Return.—

3- The necessity of reference to the Talooks with a view to obtain the full information sought for, is the cause of the delay in transmitting this return.—

Tinnevelly,
Trichendoo
22d April 1847.

/Signed/ F. B. Elton.
Acting Collector
Return

6439 || Fort St. George 6th May 1847.

Read the following letters.

To D. White Esqr
Acting Secretary to the
Board of Revenue
Fort St. George.

From the Collector of Canara

Sir,

I have the honor to forward a Statement shewing the probable quantity of Land Cultivated for Sugar, the probable quantity of Jaggery produced from Cane and Palmira, and that consumed in this District in the form received in Mr. Pycroft's letter of the 10th December last.

2. There being no Sugar Manufactory in this District, no information on this point can be furnished.

3. With reference to your letter of the 19th April, received this day in which I am desired to submit the information called for "without further delay" I beg to assure the Board that no delay whatever has been made which could possibly have been avoided by me. There being no Accounts of Cultivation in this District it was necessary to procure the information from each separate Village, and the account was made up as soon as ever the materials had been collected for enabling me to do so.

Collector's Cutcherry
Mangalore 27th April 1847

Signed T. L. Blane

Collectors Cutcherry
Mangalore 27th April 1847

[Signed] J. L. Blane
Collector

Ordered

51-52

Order thereon.- Ordered to lie on the table.-

To D. White Esqr
Acting Secretary to the
Board of Revenue
Fort St George.

Sir,

From the Collector of Canara &c } I regret to have to report for the information of the Board that a very severe gale has been experienced on the whole length of the Canara District which has occasioned a great destruction of lives and property.- It set in on the night of the 16th Instant with heavy rain, and continued with more or less severity for the three following days. It was at first supposed to have been an unseasonably early setting in of the [illegible] having commenced from the South West [illegible] it proved to be one of the rotatary tropical hurricanes, veering round at different times to nearly every point of the Compass, and it has since entirely cleared up and the weather is now unusually clear.-

Reports on a gale experienced in his District and its effects

53

2. I have not yet received full reports from all the Talooks on the Coast, but the losses and damage to the Native shipping already communicated to me amount to 25 Vessels totally destroyed 44 dismasted and otherwise injured

injured and 13 Missing and supposed to have foundered at Sea.- The number of lives lost as yet ascertained is 17, but this is independent of those who may have perished at Sea, and of the crew and passengers of an arab Buggalow which sailed from Mangalore and was wrecked off Goa, in which out of a number of 95 persons only 6 were saved, The Victoria Steamer was driven from Cannanore, and anchored a few Miles North of Mangalore, for two days in considerable danger, and without the possibility of communicating with the shore.- She subsequently left for Cannanore again, but is understood to have sustained much damage, and her engines to have been injured.-

RECEIVED

3. The Manufacture of Salt along the whole Coast may be said to be lost for this Season.- The pans have been all inundated with Salt water, and as it would require more than a Month to drain and put them in order again and the rainy Season may be expected before three weeks have elapsed no further supply can be expected.- Out of the total Estimate of Salt to be manufactured within the district Viz.t 3,5'5'8 Garces only

only 884 Garce had been actually produced and as the greater part of this had not been stored, and was exposed to the full force of the rain for three days, it is improbable that more than a small portion of this will have been saved. It will be necessary therefore to make arrangements for supplying the quantity required for the consumption of the district and for inland Export by importations from Goa and Bombay after the close of the Monsoon.

4. The low lands situated along the banks of the large rivers have been flooded, and their crops of Sugar Cane and rice in some instances totally destroyed, while the lands have been damaged by the irruption of Salt water and will require two or three years to regain their usual fertility.

Collector's Cutcherry Mangalore, 28.th April 1846. } /Signed/ T. L. Blane, Collector.

53-54

Resolved that the foregoing letter be submitted for the information of the Most Noble the Governor in Council.

55

From the Coll.r of Madras and Register of Government Grants } I have the honor to transmit herewith

From P.t Coll.r of Coimbatore 5.th April 1847.

From B.r 22.d April 1844.

herewith, for submission to the Board of Revenue copy of an application from Captain W. Brown of the Bombay Army for a lease for C. [illegible] of land at Colacan mund on the Neilgherries in the Collectorate of Coimbatore and to observe that this is the property for which Staff Serjeant W. Holmes was entitled to obtain a lease under the sanction of Government dated 18.th April 1844. Preparatory to the issue of one, the usual counterpart agreement was forwarded to the Principal Collector of Coimbatore on the 30.th of the same Month In reply, that Officer has now furnished me with an assignment which shews that the premises originally held by Serjeant Holmes have been sold by him to Captain Brown for Rupees 3,750. I beg leave, therefore, to recommend that the necessary sanction may be procured for my issuing a lease to Captain Brown, instead of to Serjeant Holmes, at the rate of assessment proposed in my Statement dated 18.th January 1844.

Read the following Extract

5

Extract from the Minutes of Consultation under date the 27th March 1847.

Read the following letter from the Acting Secretary to the Board of Revenue
/Here enter 15th February 1847. No. 103/

Para 1. The Most Noble the Governor in Council grants authority for the issue of a lease to Mr John Ryan for the land, measuring Cawnies 72-9-74 situated within the Cantonment at Ootacamund on the Neilgherry Hills, at the rates of Assessment and subject to the conditions proposed by the Register of Government Grants.

2. His Lordship in Council observes that the Board of Revenue in the Department of Public Works were required by para 21 of the Revenue Extract Minutes of Consultation dated 10th August 1846 No. 821. to report the progress made in the Survey of the Neilgherries, and he thinks that pending the Completion of this work and the decision

Revenue Dept 11th August 1846 No. 44.

of

† Rem. Pp. 26th March 1844 No 94.

of Government as to the instructions to be issued for the disposal of lands in that locality, the Board should for the future abstain from submitting applications of the character now laid before Government. His Lordship in Council understands that the survey of Potacamund and the inhabited parts of the Hills is ready for submission.

/ A true Extract /
/ Signed / B. C. Montgomery
Sec.y to Govt.

(6)

Proceedings thereon.

Stating with reference to Para 2 Extract M. of Cons: dated 27th March last that it will be advisable to postpone the issuing of the lease to Mr. J. Ryan for certain land at Potacamund until receipt of the final decision of Government as to the instructions to be issued for the disposal of land in that locality.

Adverting to para 2 of the foregoing Proceedings in which the Board are directed, pending the completion of the Survey on the Neilgherries to abstain from submitting applications of the character now laid before Government, the Board are upon further consideration of opinion, that it will be advisable to postpone the issuing of the grant in question until receipt of the final decision of Government as to the instructions to be issued for the disposal of land in that locality.

2. The plan furnished by Mr. Ryan includes various roads, those which are common to the public not being distinguished from others, as should have been done, and all the entries of places are filled up in Mr. Ryan's own hand writing. It is not clear whether Mr. Ryan has applied for a larger extent of land than was included in the original boundaries of the several detached properties since

since acquired by him, and whether by carrying his claim close up to the boundaries of other neighbouring Proprietors he may not have included the heads of several running streams. The Board consider it desirable that the Collector should make further enquiry and communicate with the surrounding proprietors with the view to ascertain whether their rights might not be invaded by the proposed grant, especially in reference to water privileges, which are extremely valuable on the Hills and they propose therefore, with the concurrence of Government, to call for further information and to request the Collector to furnish a correct plan of the land applied for, drawn up by a Surveyor, and exhibiting its extent and boundaries.

Directing that an allowance of 600 Rs p Annum be continued to Soobamah widow of the late Camadana Boochee Paupiah Row on account of his son Venkatakristna Row out of the allowance granted to the Ex Zemindar of Vinnacottah and Goodewadah Estates

Rev. Dep. 16th Sept 1838 No. 5-6.

14

Extract from the Minutes of Consultation under date the 24th April 1847.

Read the following letter from the Acting Secretary to the Board of Revenue.

(Here enter 1st April 1847 No. 174)

The Most Noble the Governor in Council observes that by the orders of 11th Para 1. January 1838 the Proprietor of the Vinnacottah and Goodewadah Estates was permitted to draw during the attachment of that property an annual allowance of Rupees 6,000 from its resources, for the maintenance of himself and family, and that on the sale of these Estates for arrears of Revenue and purchase of them on account of Government, the allowance was confirmed by the Minutes of Consultation of the 28th April 1846 until other provision could be made.

Rev. Dep. 1st Oct 1846 No. 31 @ 33.

As it appears from the para. 2. pers recorded above that the late Comadana Boochee Paupiah Row, one of the brothers of the Ex-Zemindar received an allowance of Rs (50) Fifty per Mensem, or (600) Six hundred Rupees per annum from the above sum of Rupees 6,000, His Lordship in Council is pleased on the recommendation of the Board of Revenue to permit this portion of the allowance to be continued to the widow Soobamah for and on account of his son Venkatakristna Row until

until he attains his Majority; the same commencing from the date of the Father's decease.

(Signed) H. C. Montgomery
Secretary to Govt

14-15

Order thereon.

Ordered to be communicated for the information and guidance of the Acting Collector of Masulipatam, with reference to his letter dated 8th March last.

16

From the Sect to Government

Relative to the Settlement of the Extra Sources of Revenue in Canara of Fusly 1255

A.D. 1845/46.

Extract from the Minutes of Consultation under date the 21st April 1847.

Read the following Extract from the Proceedings of the Board of Revenue.

(Here enter 1st April 1847 - No 173)

Para 1. The Revenue obtained from the Extra Sources in Canara in Fusly 1255 is shewn to have been greatly affected by the operation of the Customs and other enactments and of the orders lately issued with reference thereto.

Fusly 1254 Rs	1299,675
" 1255 -	1080,459
Rs	219,216

The result produced by these causes was a decrease of Rupees 219,216 - the greater portion of which or Rupees 169,330 under the head of Land Customs was occasioned by the discontinuance of the Hawlut duties under the orders of Government dated 21st January 1845 No 84.

2 The Revenue from Sea Customs was

was affected in like manner by that measure and by the Orders of this Government of the 24th and of the Government of India of the 28th March 1846 giving effect to the provisions of Act II of 1846 and Act XIV of 1837 - the first in respect of the exemption from Export duty of unscrewed Cotton wool exported from the Ports of Canara to the Port of Bombay and the second directing Goods imported into the Ports of this Presidency in the vessels of certain States to be treated as Goods imported in British Bottoms. It is only in the customs on Pepper and Cardamoms and on Sandalwood that the operation of other causes is referred to by the Collector, but the decrease from these must have been small considering that the Collections from the above sources, which are not large, have been equally affected by the abolition of the Hawlut duties. The whole of the decrease entered against Sea Customs Viz Rupees 63,188 may therefore be fairly set down as the result of the measures adverted to in this Para in explanation of it.

3 The falling off in the Sale of Stamps contributed also though in a less degree, to the net result of the Settlement, as given in Para 1. Of the decrease of Rs 12,871 exhibited under

*Published at Pages 317 and 423 of the Gazettes.

this head, Rupees 3627, was caused by the operation of Act IX of 1846 which formed the subject of the correspondence noted in the Margin, and Rupees 9244 by the disuse of stamped paper for Land and Sea Custom Rowanas and certificates under the orders of Government dated 12th March 1845 № 338.

To Govt of India	3rd	Augt "	" 453
From D°	D°	18th	July " 460

4. The increase of Rupees 21123. in the Sales of Salt for Inland consumption is considered very satisfactory, as being mainly attributable to the improved state of the roads and Ghauts, and His Lordship in Council is of opinion that good reasons have been assigned for the decrease in the Home consumption, which is shewn to have amounted to Rupees 8,941- about one half of this deficiency would appear to have been caused by the reduction in the sale price authorized by the orders of the 13th August 1846 № 827.-

5. The realization of the current Demand[a] as well as of the arrears[b] outstanding on the 12th July 1845 is also satisfactory. The balances on the 30th September 1846. being respectively

[a] Rs 10,80,459-2-4
[b] Rs 9,500-4-1

Rs a p
Ferry Farms 15---
Miscellaneous 43-6-6

respectively Rs 855-13-10 and Rs 67-9-6. of this latter amount, the sum of Rs 58-6-11 Fifty eight annas six and five eleven is recommended to be written off, and His Lordship in Council accordingly grants the requisite authority for this purpose.-

6. The net Revenue of the year exclusive of extra collections and arrears amounted to Rupees 7,50,344- being Rupees 22,092 below that of the preceding Fasly 1254-

Fort St George

Sir,

Para 1. In acknowledging the receipt of Extract from the Minutes of Consultation in the Political Department No 64 of 4th February 1845. I have the honor to state, that I am not aware of any circumstances which appear to call for exemption on the part of Carnatic Stipendiaries from the penalty incurred by all other classes of

Adverting to prolonged absence of Fatima Begum from Madras. Calling for Government Agents opinion in regard to the period for which payment of Stipends to such absentees removed beyond the limits of European intercourse and observation should be passed.

of Pensioners who fail to present themselves at the periodical muster, or at the termination of the leave of absence granted to them, Viz.t. the suspension or forfeiture of such arrears.- Unless where the cause of such absence is satisfactorily explained.-

2. As Carnatic Stipendiaries however have not hitherto been brought within the limits of the general regulations of the service, in regard to parties partakers of Pensions any retrospective application of such Rules, would involve much hardship and distress.-

3. In forwarding the petition of Fatima Begum, for an extension of the protracted leave already granted to her for the reasons then stated, I felt unwilling to incur the responsibility of being possibly a party to the perpetration of a fraud upon the Government- At the same time that such an indefinite extension of the indulgence of leave appeared to me, to be an abuse of it on principle most objectionable.-

From Govt Agent at Cheapauk to Chief Secy to Govt dated 5th Dec 1844 Para 5- The Govt Agent states that the impossibility of discovering the period of Fatimah Begum's decease whilst so far removed from European intercourse and observation precludes his recommending a compliance with her request for a further extension of leave.-

4. As a prospective Rule, I would beg leave to submit for the consideration of the Most Noble the Governor in Council, that previous to any Carnatic Stipendiary hereafter receiving leave to proceed to Mecca, or to any other place in Arabia, or to any city or place situated beyond the limits of European intercourse and

and observation, that it be required of such party to furnish thro' His Highness the Nabob previous to departure from Madras, an accurate descriptive Roll of Pensioner with a view to the Political Agents at Bagdad, and Bussorah being furnished with copy of such Rolls, to admit of the yearly appearance of the Stipendiary on leave in Arabia, before one of other of these Officers, or before one of their accredited Agents.-

5- By these means, periodical Certificates of existence might be furnished to this Government, and if in any case the leave of absence should be extended beyond the period of three years, but for which, I can foresee no good cause, as all Mahomedan observances, in respect to pilgrimage to the Cities in Arabia, considered by Mahomedans as Sacred are usually concluded within the limits of one year, some guarantee at least would be afforded, that the indulgence of leave was not abused.-

To

The Secretary to Government
in the Revenue Department
Madras.

Sir

Having entered into an extensive contract with the Government of Bombay for the supply of Teak Timber for the period of 4 years, I beg you will very kindly bring to the notice of the Most Noble the Governor in Council the great inconvenience I am subjected to in consequence of an order being in force in this District, that no Peon in the employ of private Individuals should be permitted to wear the belt across the shoulder in the same manner as those of Government, but having resigned the Military Service, and entered into a Government contract, by which my whole time, property and energies will be devoted to Government, agreeably to the tenor and penalties of the said contract, I do not consider myself in the light of

x No. 1316 dated 11th December 1846.
From the Secretary to Government Revenue Department

of a private Individual but still as a Govern: ment Servant until the expiration of the contract. This order is not inforce at Ootacamund, where the Peons of the Hotel Keepers, as also at Madras the Peons of the first Merchants, down to the petty Shop Keepers, all wear the Belt in the manner. I now solicit permission for my Peons to wear.

Under these Circumstances as I am compelled to keep up a large Establishment of Peons for the Superintendance of my business to enable me to fulfil my contract annually, may I beg you will be pleased to obtain the Sanction of the Most Noble the Governor in Council to the boon, I now as a "special case" very respectfully solicit which if necessary, may cease on the expiration of my present contract unless the same should be renewed by the Government of Bombay of which notice will be given to your Government, and an extension of the indulgence solicited.—

To

G. A. Bushby Esqre
Secretary to the Government of
India

Sir,

Para 1. I am directed by the Most Noble

6484

Fort St. George 10th May 1847.

Noble the Governor in Council to request you will submit for the orders of the Government of India the accompanying correspondence which has passed with the Board of Revenue on the subject of a Muttum Maniem in the Village of Caroongalgoody in the Madura District.

Ori. From Board of Revenue 15th January 1847 No. 8 with 6 Enclosures
Copy
Ex. Mins of Cons. 25 January " — 105
Ori. Ex. Pro. Board of Rev. 15th March " 182 with one enclosure

2. The Maniem is 19 8¾/16 Goolies in extent assessed at Rupees 42-7-8 and is charged with a Quit rent of Rupees 9-6-8 From the Register of Fusly 1223 the year in which the titles to the Enam grants were re-examined by the Collector it appears that the Maniem in question was granted by a former Poligar of Megloor for the subsistence of the Grantee and for the performance of ceremonies in a Muttum so far back as the year 1375 of the Hindoo Era of Salivahan or nearly 400 years ago. The grant is supported by a Deed of gift engraved on Copper of which a copy and translate accompany, but no mention of this document is made in either of the District Registers of Fusly 1217 or 1223, extracts from which are also furnished.

3. His Lordship in Council has in the Minutes of Consultation of the 25th January last remarked on certain points in

6486

Fort St. George 10th May 1847.

Read the following Resolution

Extract from the Mints of Cons. dated 26th April 1847

(From Board 12th April)

From the Secy to Government — Pursuant to the recommendation of the Board of Revenue, and under the ample explanation afforded by the Agents, the Most Noble the Governor in Council grants authority for writing off in the accounts of the District of Kurnool, the balance of Land Revenue reported irrecoverable outstanding for the years from Fusly 1250 to Fusly 1254 inclusive amounting to 170738 — 4 — 5 and of Succaw outstanding for Fusslies 1251 and 1252 amounting to Rupees 492 — a 10 together one lac seventy one thousand two hundred and thirty Rupees, Five annas and three Pice. —

(Signed) H. C. Montgomery
Secy to Government

27

Resolution thereon. — Resolved that a Copy of the foregoing order of Government and of the Board's Proceedings to which it relates be communicated for the information & guidance of the Government Agent in Kurnool with reference to his letter dated 3rd March last.

Resolution thereon. — Resolved that a Copy of the foregoing order of Government and of the letters to and from the Government of India to which it relates, be transmitted for the information and guidance of the Acting Principal Collector of Madura with reference to Mr. Blackburne's letter dated 1st March last.

25-26

Read

Fort St. George 10th May 1847.

the receipt of your Circular letter of the 15th Instant, requiring the opinion of Collectors as to the most advantageous mode of renting out the Abkarry Revenue.—

In reply I beg to state that I consider the practice of settling the rents of the Abkarry farms annually, by public Auction to be the fairest to all parties, & best calculated to ensure the largest amount of Revenue from this source; and I have not observed in the course of my experience its tendency to encourage Gambling, the evil effects of which appear to be so much deprecated by Mr. Smallett. I further think that the parties who are in the habit of engaging in these speculations would be averse to enter into contracts for the period of three years as proposed, unless upon reduced terms. I am unable, I conceive, to advert to any especial and peculiar advantages in the mode of letting by tender.—

Fort St. George

From the Collr of Ganjam— Sir,

Para 1.— I have the honor to acknowledge the receipt of your circular letter of the 15th Instant

Encld

30

Fort St. George 10th May 1847.

the 15th Instant transmitting Extracts from the Minutes of Consultation, dated 25th March and calling for my opinion on the relative advantages of renting the Abkarry by tender or by Public Auction, and whether this revenue has ever in this District been rented for a term of years, and if so whether there has been any instance of failure.

2.— My own opinion is that both public Auction and annual rents stimulate competition, and by consequence lead to additional exertions to raise the profits of the rent by promoting the consumption of intoxicating liquors. It seems indeed questionable how far the sale of arrack and Toddy is a desirable source of revenue. If it be conceded that the licensing system is intended to provide a check, and wholesome control over the sale of intoxicating liquors, I think it desirable both to grant rents for more than a year, and to conclude them by tender instead of by auction.—

3.— On the other hand it may be said that while the increase of Revenue will be retarded under the system proposed the consumption of liquor and profits of the renters will continue

to

Fort St. Georje 10th. May 1847.—

to increase and that greater facilities exist for collusion and corrupt interference on the part of the public servants under the mode of renting by tender, than by of Auctions. It is understood that the abkary has not been rented in this District for more than one year at a time —

No difficulty is apprehended 4 under either system of obtaining renters and securities competent to fulfil their engagements, but in any other sense respectability is rarely to be met with among those who engage in these Farms.—

5. I enclose a Memorandum on the subject by my Head Assistant, who has had immediate charge of the Abkary Department for the last 3 years.—

Guntoor ——————
Collrs Office ——————

No 1

Memorandum by H. Newill Esqr Head Assistant Collector of Guntoor

There seems little doubt of the advantages of renting the Abkary for 2 or 3 years over the present system of annual renting.—

1st As regards the Abkary itself the renters would manage it better if their interest were of longer duration and there will

Fort St. Georje 10th. May 1847.—

will not be the same motive for screwing all that can be got out of it within the year

2nd As regards the renters. It will afford an opportunity of making up any loss in the 2nd or 3rd year which may have occurred in the former ones, by a more judicious Management.—

3rd As regards the revenue itself It will occasion no loss, as the advantage arising under the last 2 heads will afford an additional security for the Revenue, and the average or at least a comparison of former years, seems a much more desirable standard than that of frequent competition for altho' the latter may perhaps raise the revenue higher at times than the former yet it is at the cost of increased means of intoxication, and it is liable to a depression afterwards. It may however be limited to 1 or 2 years where it is supposed that the offer is less than the resources warrant, which is not often the case.

4th As regards tender and Auction, The former has been the Custom till Mr. White came to the District when he introduced auction, vide his letter to the Board, but if we cannot settle the whole

Tabokwar

6491 Fort St. George 16th May 1847.

Talookwar or Tillahwar we must still have the dunkhast thro' the Tahsildars, as the people will not come from a great distance nor is it fair to expect they will bid for the petty rents for one or more stations. In the proclamation, the tenders are received, at the highest offer, on day fixed for sale, but these below all come within the day. Auction has a bad effect in exciting excitements and enmity between the parties leading them perhaps to bid higher than they would offer more deliberately in a tender. But an arbitrary limit to receiving no tenders would also disadvantages and might prevent the acceptance of most suitable and proper offers.—

Signed H. Stokes
Collector

To D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

31

From the Collr of South Arcot } Sir,

With reference to your letter of the 15th Ultimo accompanied by an Extract from Minutes of Consultation, I have the honor to submit my opinion on the proposed mode of renting the Abkarry Revenue by tender instead of the present practice of renting it by public auction.—

Considering

6492 Fort St. George 16th May 1847.

Considering the general habits as well as the inferior condition of the Native renters who rented the several Talookwar farms in this District up to the end of the fusly 1253. I cannot advise the renting by tender as an advantageous measure for the revenue of Government they obtain the farms much below their value, unless they are disposed of by Auction, since fusly 1254 a respectable class of persons fully qualified for the management of the Arrack and Toddy farms have united together in renting out Annually the whole farms in one lot, and tendered substantial security and the terms being favorable they have been most punctual in the fulfilment of their engagement.—

Wherever a good set of proposers are to be found, I am not aware of any objection existing to the rent being settled by tenders, but such terms can hardly be procured by means of tender from an inferior class of renters, without rivalship between the bidders at open auction.

In this District the Revenue of this branch not having been rented out for more than one year at a time, no instance of failure on the part of the renters has occurred.—

With

Fort St. George 10th May 1847.—

14th April 1825

7th July 1845

With reference to the orders of the Board I submitted in 1845 a tender for three years which they declined accepting I am still of opinion that the rent may be settled with the present renters or with persons of their rank, with benefit to Government by means of tender for a period not exceeding three years on substantial and unexceptionable security being given for the performance of their contract.—

South Arcot Coll.r Circuit Cutcherry

Fort St. George

From the Actg Coll.r of Trichinopoly
submitting his opinion &c regarding the renting of the Abkary farms

Sir,

1.— I have the honor to acknowledge the receipt of your Circular letter of the 5th Ultimo together with copy of an Extract from the Minutes of Consultation dated 25th March on the subject of Abkary Rentals and requiring my opinion on the relative advantages of the mode therein proposed of farming the Licenses by tender instead of the present practice of renting by Public Auction.—

32

2.— With reference to the method of bidding I beg to give my opinion in favor of

Fort St. George 10th May 1847.—

of rentals by public Auction; it is a more open method, and one likely to give most satisfaction to the Circar and the Renter. No one whose circumstances are unknown or whose inability or character are such as to unfit him for the responsibility should be even permitted to bid. It doubtless frequently happens, that to exclude some hateful or obnoxious individual a man of inadequate means is put forward by the under farmers and others engaged in the business, to avoid the tyranny and exactions of the Renter, who to enjoy the means or power of giving such annoyance, will bid himself offer a higher Amount than he has either the intention or ability of paying.— Such characters being excluded and rents being put up before all comers, and respectable persons being alone allowed to bid, appear to me to be the plan best calculated to endue the Circar from loss, the people from annoyance and the parties themselves from constant temptation to break through the terms of their agreements. The system of renting by tender appears to me exceedingly liable to abuse.—

3.— The system of Triennial Rents for the Abkary I consider not only perfectly unobjectionable, but calculated to yield a larger

Fort St. George 10th May 1847.—

longer profit to the renters themselves without any loss to the Excise Parties will offer a co- larger Average Amount per Annum on hand the rent is secured to them for 3 years because any temporary failure any bad or indifferent season is more easily rectified, or made up for, without the inducement to keep improper or late hours, or, attempt to sell their co- spirituous liquors at greatly reduced co- prices which in hopes of securing a profit are not infrequently resorted to, thereby placing themselves at the mercy of in- -formers and their prospects in constant jeopardy. Respectable or competent se- -curities will also be far more easily co- procurable under a triennial lease than for one that is annual.—

4.- There is no instance in this District of the Abkarry having been rented for more than one year.-

Trichinopoly- 8th May 1847.- (Signed) W. Elliot Acting Collector

To D. White Esqre Acting Secretary to the Board of Revenue Fort St. George

33

From the Collr of Canara —. Sir 1.— I have the honor to acknowledge the receipt of your Circular Letter of the

Submitting observations relative to the renting

Fort St. George 10th May 1847.—

renting of the Abkarry Farms by tenders for a term of years instead of by public auction for one year only.—

the 15th Ultimo forwarding Copy of Extract from Minutes of Consultation under date 25th March last and desiring my opinion on the relative co- advantages to be expected from renting the Abkarry by tender for two or three years instead of by public Auction for one year only.—

I can see no advantage likely to arise from altering the system which at present prevails. The rents are, at present let, it co- may be said both by tender and by Auction i.e. Tenders are first invited to be sent in co- and on a given day the rents are finally put up to auction.—

2.— The plan of giving the rents for two or three years would I think rather tend to diminish the amount of Revenue, while some embarassment and confusion might co- arise on the death of the renters or their sureties of which the present system of yearly rents affords little likelihood. It would also have the effect of placing the Sub-Renters and toddy drawers more completely in the co- hands of the renters, a result which it is desirable to avoid for they are already sufficiently ground down by them, and my object would rather be to offer some further facilities to the persons actually engaged in the manufacture and sale of

Fort St. George 10th May 1847.

body which would enable them to undertake themselves and participate in the profits of the rents than to their any further power into the hands of the present class of renters

3. The Adkarry has never been so rented in Canara for a term of years and no instance of failure in this mode of renting can therefore be adduced. There would be no difficulty in effecting this arrangement if thought desirable, but I confess I do not see in what its superiority would consist over the present system of annual rents

The nine customary—

2.

Statements accompany this report, and as on the last occasion, the other explanatory accounts given in illustration of the several topics noticed including the details of the settlement of each Zemindary are entered consecutively in the form of an appendix.—

Officers in Charge of District.—

3. The District was under Charge of Mr. White as Acting Collector until the 10th October 1845, of the Head Assistant Collector Mr. Newill from that time until the 8th February 1846, and of

Settlement by whom made—

of myself during the remainder of the Fasly— Mr. Newill settled the Palooks of Coorapad and Bellumcondah before my return to the District and subsequently the Palooks of Rachoor, Yedlapully and Bapetta which were under his charge as Head Assistant, Bapetta having been substituted for Yedlapully in the month of May— The rest of the settlement was made by myself visiting the Palnad, Innaconda, Maurtoor and Mungalagherry for the distribution of bowles to the rayets, to the rayets of those Palooks respectively— The straggling Zemindaries of Reypully, Chilkaloorpad and Suttanapully were settled partly at Sandole, partly at Ponnoor and partly at Guntoor, there being no one station in either of these Palooks conveniently situated for the Jummah-bundy of their scattered villages and as in former years, chiefly owing to this impediment it was found impracticable to complete the Jummahbundy for some weeks

weeks after the Fasly had expired.—

Conclusion of the Commission—

4. The Commissioner closed his enquiries in the District and returned to the Presidency on the 26th August 1845, but the survey instituted by him was continued in the Chaybrole Palook until the 21st December 1845, when it was stopped after reference to the Board— The measurements were taken of 22 Villages, and the fields defined by boundary stones.—

Purchase of Zemindaries by Government—

5. Sanction not having been received for managing the District in Palooks within convenient limits irrespectively of the Zemindary divisions, these latter continued in force till the end of the Fasly, but under orders of Government dated 20th Jany. 1846 No. 98— received on the 16th February 1846— the Zemindaries were put up to auction on the 1st April for arrears, and no bidders appearing, were brought in on account of Government for 5,000 Rupees each— Under instructions from the Accountant General the accounts were kept as for an unsettled District from the

Fort St. George 10th May 1847

the 1st May being the commencement of the Official year, Consequently for nine out of twelve Months the net Collections have been Credited to the Zemindaries under the head of Peishcush, and for the remaining three months the gross Collections have been credited under the head of "Collections from the purchased Zemindaries" Under instructions from the same Office and in Communication with the Board the Collections from the Zemindaries from the 1st of May have been entered as the Demand.—

J. Board 18th August 1846— From do 10th Sept. 1846—

Principles of settlement—

6. The principles of settlement were the same as heretofore, that is to say, according to the varying tenures of the villages either rayetwary, village rents, sharing lands settled on estimate, and sharing lands settled on an actual measurement of the grain.—

Changes in the method of management—

7. Some important changes were introduced in the management of the District in the beginning of the

Fort St. George 10th May 1847.—

the Fusly— among them may be mentioned the practice of furnishing each rayet with a small receipt book rudely bound for the Kurnum to enter therein the Demand and several payments made in each year— The Cost of each Book being 8 puce was recovered from the person to whom it was furnished— This practice was introduced by the present Serishtadar from the Bombay Presidency where it appears that Cowles are not in use— It has some advantages over the custom of entering the rayets' payments on the back of his Cowle— In the same manner at the Head Serishtadars suggestion the Bombay method of keeping accounts in Books called "Kirdi," each leaf bearing the Collectors seal instead of on Bunds or loose slips of paper was adopted for the Tahsildars' account Current on the 18th August, and for the village account Current to be kept by each Kurnum on the 18th of October— The superiority of the new method is

Fort St. George 10th May 1847.—

is beyond question and it has now come into general operation.— Some other Changes were also made in the method of keeping accounts, such as pasting in a book in the Talook the original remittance lists from each village, and entering the receipt thereof in a book kept by the Kurnum, all tending to check frauds in the accounts.— Another change was directing the Tahsildars to rent the Poollary or Grazing land to the highest bidder.— This measure has had a salutary effect in realizing much concealed revenue that has hitherto probably formed a fund for peculation, but there seems reason to fear that its continuance without restriction might lead to oppression. The Collections were made on the Zemindary system on the cutting and thrashing of the Crops, so that the Current Collections were for the most part realized in the western and central Villages from October to January.— Owing however

Fort St. George 10th May 1847.—

however to the excessively high price the rayets were not thereby discouraged. A new Cultivation Hookumnamah was also put forth, which in the existing state of the District has had its use in restoring the Demand to a legitimate standard, tho' it appears to me to affirm too decidedly the questionable principle of Coercing the rayets to Cultivate to the extent of their stock.— It is much to be commended, in so far as it directed the Tahsildars to settle the "Jettam," or extent of each rayets farm in the beginning of the season of Cultivation, and in requiring a Kararnamah in writing on every occasion of relinquishment of lands.— Also in relieving the rayets from land which without being Cultivated and against their consent had been Continued in their Cowles.— In the Palnaud, measures were taken after my arrival for introducing an assessment on the wet lands, Completing the field registers

Jo. Board 18th April 1846- do. 8th June -a-

registers and the marking the boundaries of fields on which separate reports have been and will be made. —.

Season-

8. One of those severe droughts to which Guntoor is exposed was experienced in the months of May and June 1845 causing great distress for want of water- Rain fell in June however, tho not to any great extent till the end of July and again at the end of August- In the beginning of September there was a general and abundant supply, and in October partial showers in certain places- There was again rain at intervals both in November and December- A tolerable supply of water was received in the Tanks. —.

Crops- Guntoor-

9. The early or Ponaffa Crop sown in June suffered much from the scanty fall of rain till the end of August when it recovered and yielded on the whole an average out turn- The large Jonna, tho' sown late after the rain

rain in August and September, yet owing to the subsequent rain falling seasonably and in moderate quantities yielded in most parts of the District an excellent Crop- The Crop of red paddy was not so good- The Pyra cultivation or last crop was only attempted to a small extent, and did not yield very well- Cotton succeeded well- The wet paddy Crop turned out better than in the preceding year and was of average productiveness. —.

Crops Palnad-

10 The early Crop of Suzza and Gidda Jonna, the principal grains cultivated in this part of the District sown in June and July suffered, as has been mentioned in speaking of Guntoor from the want of rain, till the latter end of August, but yielded eventually an average return- The cultivation of Cotton was somewhat circumscribed by the want of rain at the proper season but where cultivated, it turned out

out particularly good—The Pyra Crops — could not generally be sown and proved very light—The paddy Crops of the Paluand as those of Guntoor tho' failing under some Tanks yielded well on the whole.—.

Channels— 11. In addition to the — Kistna irrigation hitherto in operation the Sandole Tank was in this year — partially supplied from the Poongabhadra Channel—The Cut connecting the Poonga— —bhadra with the Tanks at Kommamoor, Bapetla Appenttla and Nandoor was also completed in the season but only a small supply of water was obtained by it.—.

Prices 12. The prevailing drought throughout a great part of this Presidency and the scanty harvests in many — Districts appear to have raised the prise of grain generally; and in this District, it reached a higher — point than it has done since the year Fusly $\frac{1248}{1838/39}$. The range of prices of Jonna and Paddy in the last — year are noted in the margin—Owing to the

the excellent crops prices fell somewhat after the new grain became available, but still the commutation price at which the sharing Crops were settled was enough to realize a vast increase of revenue— These prices are shewn in the Margin.—

13 It will thus be seen that in

General results of Settlement— the year under review, all those influences which tended to produce the depression of the revenue in the three preceding years were simultaneously replaced by others of an exactly opposite tendency— — Instead of a combination for purposes of — peculation under an unprincipled and unfit — Head Serishtadar there has been an active, able and experienced servant trained in a good school at the head of the native establishment—Instead of Ameens whose hands were tied by Corruption several very efficient servants have been — obtained unconnected with the — District.—

Fort St. George 10th May 1847.—

District, and while the Crops were unusually good the rayets participated in the profits of scarcity prices— The consequence has been that the rise of the revenue was even more striking than its fall— The increase of land revenue Comparing the Gross Collections was Rs. 39,941— 3—8.— It extended to every part of the District comprehending both Current and arrears— It would be as unreasonable to ascribe the increase entirely to alterations in the Establishment or administration, as it would be to limit to these causes the previous depression of the revenue, for thó Combinations of the kind which are found to have existed may succeed in concealing the true extent of cultivation, and the true amount of collections, I do not see how they could tamper with the market— If our price Currents are true and

and there is as great disproportion between the prices of Fusly 1253 and 1255, as these indicate to deny their corresponding influences on the revenue in both years would seem to be alike Contrary to reason and experience— As an instance of the fluctuations in the revenue depending on prices, I note in the margin the settlements of the sharing villages of Nutacky, Pedda Condoor and Colloor of the Vassereddy Estate.—

Nutacky

1255 — 17,14,217
Increase 4,31,608

N. B. This does not include the Collections on account of advance for Cultivation Extra revenue & Meturpha remission which Amount to Rs. 14,258-4-9-

Statement No. 1 shews the revenue from all sources Current and arrears— The revenue for the year was Rupees 17,14,217— 5 being a net increase of 4,31,608-7-4— The Extra sources having already been reported on, need not now be noticed— For the purpose of Comparison however the sum of Rupees 2,5000 being the purchase money of the Zemindaries and

Fort St. George 10th May 1847

and of 44991-14-4 being the charges on the purchased Zemendaries for three months is to be deducted which leaves the actual increase of Rupees 3,61,616-12-" above the preceding year.—

Circumstances of the Zemindaries—

15 With the exception of their purchase by Government already noticed, all the Zemindary Estates continue as when last reported on. As there is a difficulty in shewing the amount of Peishcush realized there have been exhibited in Statement No. 2 the Peish=cush, Gross Collections, Charges and net revenue of each Zemmdary—Of the Net revenue Rupees 7,33,200-8-10 Collected to the 15th April has been credited to the head of Peiscush and subse=quent Collections have been brought to account as Collections from the purchased Zemmdaries.—

16 As called for in the Boards letter dated 3rd August 1846 a statement was forwarded of the Balance of Peishcush outstanding on

Fort St. George 10th May 1847

on the 1st of April minus the amount of the purchase money 23,00 Rupees for the purpose of obtaining Remission—Statement No. 3 shews the balance of Peishcush at the Commencement of the Fusly the Collections within the Fusly and the Balance on the 15th April.—

17. As from the change in the method of keeping the accounts already noticed, there is some difficulty in Comparing the Collections of Peishcush in the two last Fuslies—Statements No. 4 and 5 have been prepared to shew instead Salookwar, the first the settlement and Balance at the end of the Fusly with particulars of each Estate, and the next the Gross Collections Current and arrears in the last two Fuslies—The result—shewn for the Guntoor Circar in the first statement is that in Fusly 1254, the Balance outstanding at the close of the Fusly was Rupees 1,65,849-14-3 or 17-13-" per cent and in Fusly 1255 Rupees 1,00,595-4-8 or 9—"—7 per Cent.—

	Settlement			Balance			Per Cent

1255	11,12,942	4	9	1,00,595	4	8	9	"	74/100

The

Fort St. George. 10th May 1847.

	Current	arrears	Total
1254	7,64,950	7,3,282	8,38,233
1255	10,12,347	1,96,311	12,08,658
Increase	2,47,396	1,23,029	3,70,425

18. The result of the next Statement as regards the Zemindaries is that whereas the total Collections — current and arrears Amounted in Fusly 1254 to Rupees 8,38,233–1–3; there was in 1255 an increase of Rupees 3,70,425–8–8–

19. The mode in which the Zemindary Villages were settled in this and the preceding Fuslies is as follows. —.

	1254	1255
Village rents		432–400
Mukta villages		225–243
Sharing villages		63–77
Partly mucta partly share		27–29
Agraharums		131–129
Villages without land		4–4
		882–882

43. Villages lapsed from rent to Amain and 11 Villages were newly rented. —.

Reyfully Settlement

20. The next Statement No. 6 exhibits the settlement of the Reyfully Estate in a clear form than has hitherto been furnished as it shews distinctly those villages which have been transferred from one mode of settlement to another. The Extent of land is also shewn there in

	Land	Shist
1254	2210	89,158
1255	1980	96,367
Increase		7,208

Reyfully Demands Collection and Balance

Fort St. George 10th May. 1847.

is a Net increase in the Settlement of Rupees 7,208–13–1 arising from an increase of Rupees 13,514–10–1 and a decrease of 6306–13– The decrease occurred in Mucta lands which under the Settlement made by the Zemindar were held for a term of years whether cultivated or not, and the demand included in the Settlement, the Collections were only made upon the extent cultivated. Reductions of this Kind of Rupees 2884–14–5 on Mucta Villages, and of Rupees 3401–12–3 on Villages which lapsed from rent to mayet-wary were made in this year chiefly by the Tahsildar in settling the Dittum. On nearly all other items there was an increase but chiefly on the sharing lands, in consequence of the coincidence of good prices and good produce. The increase on lands held under the sharing tenure was on dry produce Rupees 4,450–7–, on wet produce 8,673–13–2– It will also be observed that the Grazing tax was more than double. This was owing chiefly to the greater exertions of the Tahsildar and a different system. It is to be observed that the extent of cultivation was less by Cutchelly 230–6 than in the preceding year.

4/16

21. Of the Settlement as exhibited above the Collection and Balance under each item

Fort St. George 10th May 1847.

Demand 96367
Collection 86728
Balance 9638
Since collected up to 15th December 1294

items is shewn in Statement No. 7 Out of 96367 Rs. 12 a. 6, there remained a balance outstanding at the close of the Fusly of 9638 Rs. 12 a. 7, of which Rupees 1294 — 10 — 7 has since been collected.

Reg.ully Gross Collections —
1254 — 63739
1255 — 111467
Increase 49357

22 — A comparative view of the Collections of this Estate Current and Arrears is given in the neat Statement No. 8, from which it appears that there was an increase to the large amount of Rupees 44357 — 15 — " exclusive of the purchase money of the Estate. This increase has resulted from causes already explained, and calls for no remarks in this place.

Charges of Reg.ully —
Total Charges — 18391 — 13 — "
Amount to be carried to the head of Extra revenue on account of arrears prior to 1843 — 185 — 9 — "

23 — The charges of this Estate are neat given in Statement No. 9. They amounted to Rupees 18391 — 13 — " which leaves a net revenue of Rupees 90908 — 13 — 9 so that within Rupees 1622 — 13 — 11 of the permanent Settlement were realized.

Balance — 93720 — 4 — 9

Palnaud Settlement
1254 — 140684
1255 — 164139
Increase 23455

In the Settlement of the Palnaud containing 152 Villages, there appears an increases under every head amounting on the whole to Rupees 23455-"-2 as shewn in No. 26. of Appendix. The principal items of increase are - -

On land held on Puttahs	18642	5	6
On wet land including Dasabhagum	5492	15	6
On grazing tax	1117	2	5

The increase may be ascribed generally to two causes, first the high prices secondly greater activity in the Talook establishment - -

	Acres	Cent.
1254	66394	83869
1255	77930	99511
Increase	11536	15642

41 - In Statement No. 27 is shewn the extent of land held on Puttah and the assessment thereon. The increase in land cultivated Amounts to 11,636 Acres -

42 - The particulars of the relinquishment and occupation of lands are entered in Statement No. 28 In this Statement, land which having merely changed hands, has continued under cultivation is not exhibited. It will be seen that - -

Acres 3383 — Cent. 5 assessed at Rupees 4879-"-3

have

- have been relinquished and left fallow, and that Acres 3006 — Cent. 2 assessed at Rupees 3823 — 8 — 4 of land taken up but not sown, was deducted at the time of the Settlement. The actual extent of land newly taken up was Acres 18125 — 7 assessed after deductions - - for Cowle, at Rupees 23996 — 5 — 8 - - - There is an addition of Rupees 348 — 8 — 5 this year on land taken up in previous years at progressively increasing assist. -

1254	4543	
1255	8989	
Increase	4446	

The details of the wet cultivation are next shewn in No. 29. There was an increase in the extent of cultivation of Acres 184 — Cent. 27 and of produce of 228 — 10 — 8/8 while the commutation price per - - Candy which in Fusly 1254 was Rupees 20 — " — " was this year 29 to 30 the result being, that the revenue was very nearly doubled - -

44. The increase under the head of dry cultivation in wet lands which is chiefly under dry Tanks was less in extent than in the previous year, some land having been brought under wet cultivation, but the revenue was much more owing to the difference in price - It will be remembered that

it

it has been usual to settle this description of land on share - The remaining items call for no remark -

45 - The particulars of the Garden cultivation are shewn in Statement № 30 - There is an increase of Rupees 825 - 8 - 9 in the shist - -

Old Wells	139	13	8
New	161	14	10
Channels	548	10	2
Betel Gardens	387	6	6
Sugarcane Do	1	11	11
Garden & cotton wet land	35	1	11
Land in Village site	151	4	2
	1775	8	2

46 - The total Garden cultivation settled at Rupees 1,776 - 8 - 2 is elapsed as shewn in the margin -

47 - Of the Settlement, with the exception of Rupees 10,682 - 10 - 1 quit rent on uncultivated Enam lands, the whole was collected within the Fusly, but Rupees 49 - 14 - 6 - It will thus be seen that the Settlement has been realized with great punctuality, and that the amount of Enam balances is less than in the preceding year -

dated 4th Jan.y 1847 The Board's Proceedings recently received conveying their views of these balances, I hope shortly to reply to - -

Arrears - 48 The arrears outstanding at the commencement of this Fusly amounted to Rupees 151,833 - 13 - 1 of which Rupees 2,315 - 12 - 3 were collected as shewn in the

the

Palmd Demand Collection and Balance - See № 31 -

Demand	164139
Collection	154036
Balance	10082

Since collected to 15th Dec.r 44

the Statement № 32 - Of the remainder Rupees 131,635 - 5 - 7 is the amount due on Enams, and Rupees 16,862 - 11 - 3 dues on Sirkar land - Of the latter I beg to recommend that Rupees 15,289 - 6 - 6 - the balance up to Fusly 1262 inclusive, be remitted as irrecoverable -

Total Collections
1254 128,556
1255 137,372
Increase 23,815

49 - On a comparison of the total collections from all sources in the Palmaud, as shewn in Statement № 33, an increase is observable of Rupees 23,815 - " - " -

50 - It will be in the recollection of the Board that I placed Chuckrapanny Row then acting as Naib Serishtadar, in charge of both the Palmaud Talooks in March last for the purpose of completing the Field Registers, and settling the wet lands for money rates - The latter of these objects was successfully accomplished, and that of registering all the fields is very nearly brought to a close - This however will more properly come under notice in reporting on the Current Fusly - I merely mention it here to shew

To Board 28th February 1846

that

Fort St. George 10th May 1847.

that the anticipations expressed in para 2 of my letter dated 23rd February 1846 have not been disappointed - The results of the general management of the Palnaud which have now been detailed considered in connection with the accomplishment of the difficult special duties assigned to him will, I doubt not, be considered by the Board as highly creditable to Chuckrapauny Row -

81 - The Telooga Accounts of the Village of China Gawalapaud in the Palnaud, are forwarded as usual with a separate list -

82 - Mr. Newill as already noticed was in charge of the District from 11th October 1845 to 9th February 1846 - Of the Talooks of Rachoor and Yedlapully — from 9th February to 3d April 1846, and afterwards he had charge of Rachoor and Bapetla, as well as of the Extra Sources of revenue, in all of which he has rendered very efficient assistance -

83 - I have already noticed incidentally the services of the Serishtadar. He has been a very great assistance to me - Several of the Ameens have also

Fort St. George 10th May 1847 -

also acquitted themselves satisfactorily as noticed in my letter of the 22d August 1846.

E. E. Ftn. (Signed) H. Stokes Coll.r
Order thereon. Ordered to be sent again in Circulation.

To

D. White Esq.re

Acting Secretary to the
Board of Revenue
Fort St. George

(38)

From the Collector of Guntoor

Submitting translation of a plaint and draft of Answer proposed to be filed in a suit No. 2 of 1815 preferred against the Collector by T. Cristinah and soliciting sanction to defending the same at the Public Cost.

Sir,

Para 1. I have the honor to submit translation of the Plaint, and draft of the Answer proposed to be filed, in a suit No. 2 of 1815 preferred in the Principal Sudder Ameens' Court against the late Acting Collector for the purpose of establishing a certain land now held on quit rent tenure in the Village of Inoottoor in the Reypilly Estate, to be Latekheraz or rent free and to request that the Board will be pleased to obtain the sanction of Government to defend the suit at the Public Cost.

2. It will be observed from the plaint and Answer that the proprietor of the Enam land in question is not a party to the suit the Plaintiff having no other interest in the Enam, than what arises from his having as alleged become Security for the payment of a loan Contracted by the Enamdar, from a third party, who has obtained a warrant for the sale of

of the land in Satisfaction of his debt and the Plaintiff brings the present action to prevent the land being sold as malgoozary to save himself from having to make good the Amount of the debt. Under these Circumstances, it seems sufficient to contend that the Plaintiff has no right to bring the suit in question. If the Court should rule that he has evidence will be adduced to shew that the land is liable to quit rent.

Guntoor Collectors
Circuit Cutcherry, Dindy

No. 1.

To,
The Principal Sudr Ameen of
Guntoor

Plaintiff
Tandepully Kristniah
of the Bramin Caste,
obtains his living by
Enams, and an inhabitant
of Guntoor.

Defendant
H. White Esqr. Acting
Collector of Guntoor, on
behalf of Government.

Plaint preferred by the Plaintiff.

The property of Ionnalayedda Kristniah of Inoolaloor having been attached under a warrant issued upon a Rajeenamah filed in Suit No. 533 of 1843 in the Court of the

the District Moonsiff of Chabrole, wherein the Plaintiff Pootoor Cooshalrow Pant sued the said Defendant Ionnalayedda Kristniah, the Contractor of a debt from him, and me as surety for the recovery of Rupees 93 2 6. the Principal and Interest thereof. The Villagers of Inoollaloor from Animosity specified in a declaration given by them, that the land belonging to him (Kristnyah) was Inalgoozary, whereas it is in fact Lakkeranze, and I having understood that owing to that land having been designated Inalgoozary it is about to be put up to auction as such, and as the 1st. Defendant having no House, land or other property besides that Enam. If the Amount stated in the warrant were not realized thereby, I as Surety should have to pay the difference, and it being clear by the deed of the Enam Inoolgaged to P. Cooshalramiah and by the Enam Register in Defendants Cutcherry, that the Enam in question is Lakkeranze. I presented a Petition to the Moonsiff on the 24th. December 1844 containing these particulars, and requesting that it may be sold as Lokkeranze, whereupon the

Fort St. George 10th. May 1847.

the sale was stopped and proceedings held on the 30th. September that I should produce an extract from the Register of Enams in the Defendants Cutcherry, to shew that the Enam in question was Lakkeranze — On obtaining a Copy of that order I presented it to the late Collector of Guntoor, and tho' I addressed to him 8 Petitions on the subject between the 2d. October 1844 and 28th. January 1845 no Copy of the Enam Extract was — furnished to me.

I presented petitions again to the Moonsiff on the same subject on the 10th. December 1844 and 25th. January 1845, — but he took no trouble either to send for the Extract or have it given to me, but holding me responsible to bring an Extract was about to proceed with the sale designating the land Malgoozary I presented extra petitions Nos. 5- 22 and 35 to the Zillah Judge setting forth these circumstances and an order having been issued to the Moonsiff directing him to stop the sale, and to answer the particulars stated in my petition the sale was stopped accordingly. The Moonsiff explained that I neglected

Fort St. George 10th. May 1847.

neglected to produce an Extract from the Enam Register that there was an outstanding Arrears of Rupees 66 quit rent on that land at 6 Rupees per Annum, and that the Collector sent him the Ameens Arzee on the subject by petition was not investigated into in Consequence. Appeal time was granted, and when I presented an appeal petition, in Extra No. 180 of 1845 in the Sudr Adalut Court with the Proceedings held by the Zillah Judge, that authority having understood by the Enclosures, the circumstance of the Zillah Judge having failed to furnish me with an Extract from the Enam Register, and of this Enam having been deducted from the permanent settlement according to — Section 4 Regulation XXV of 1802, and to its being Lakkeranze as admitted by the late Collector; then held proceeding on the 30th. June this Year to the effect, that the Civil Judge of this Zillah should himself write to the Defendant and ascertain under what tenure the said Enam is held, and how it originated, and that after ascertaining the facts, a full report should be made. That Proceeding was sent to the Judge of this Zillah and when the —

Defr.

Fort St. George 10th. May 1847.

Defendant was made acquainted therewith, — the Defendant wrote to say that the land in question was Lakkerauze; and that there was an outstanding balance of quit Rent of 66 Rupees for 11 Years. The Sudder Udalut Court then took this subject into Consideration and held proceeding on the 28th. August ruling that if it were Necessary to establish the Enam to be Lakkerauze, I must do so by a regular Suit in the Civil Court a Copy thereof was sent to the Zillah Judge who — issued an order to the Moonsiff on the 3d. Septr. to the effect that if I failed to institute a — complaint in 10 days the said Enam should be sold under its usual designation Even after I instituted a complaint to — establish that Enam as Lakkerauze, I presented an Arzee to the Defendant on the 5th. September setting forth that unless the Revenue Board is made acquainted with — the subject under Regulation I of 1823, — the Suit Could not be defended, and that the Defendant should investigate the — same himself and do justice. An Endorse- ment was then made to the effect that no answer was necessary to the particulars stated in my Arzee. Whereupon as the 1st. Defendant

Fort St. George 10th. May 1847.

Defendant Ammalageddu Kristniah who — executed the bond is not present and he has no other property than that attached, from which if the Amount claimed be not realized, I as security must pay the difference, and if the Lakkerauze Enam be sold as liable to quit rent it will only fetch a trifling price; and as the Keypully Talook is under attach- ment the Defendant unjustly demands as — arrears of quit Rent the Sum of 66 Rupees on the said land, which is rent free. I in Conformity with the Sudr Udalut Courts' Proceedings, and the Zillah Judges' — Proceedings, on my petition No. 139 of 1845 institute this complaint against the Defend- ant.

Consequently, it is trusted that the Court will see Cause on Examination of the document and witnesses, I have to adduce regarding the Enam to cancel the unjust demand of quit rent whereon said to be due for 11 Years at 6 Rupees a Year, and Cause the land to be sold as Lakkerauze, and to decree the Costs of Suit to be — borne by the Defendant.

(Signed) Tandapully Kristniah.

27th. September 1845.

Further

Further. The Amount of produce of that ps. Coolchul Enam land is 8 Rupees per Annum, therefore it is hoped that the demand of the Defendant of 66 Rupees as arrears of quit rent thereon be Cancelled, and that the land in question be caused to be sold as Lakkerauze and not Mul: goozary.

Said date

No. 2.

To

The Principal Sudr Ameen

in the Zillah of Guntoor.

Plaintiff	Defendant
Taudapully Kristniah of the Braman Caste obtains his livelihood by Enam, and an Inhabitant of Guntoor	D. White Esqr. Acting Collector of Guntoor

Answer of H. Stokes Esqr. Collector of Guntoor on behalf of the Defendant.

The Plaintiff States in his Plaint in Suit No. 2 of 1815 on the file of the Principal Sudr ameens Court that one Jonnalagedda Kristniah

Kristniah an Inhabitant of Moottoor Contracted a loan from Pottoor Cooshalram Pant for which he (Plff.) stood Security. That the property belonging to said Kristniah having been attached under a warrant issued upon a Razeenamah filed in No. 533 of 1813 in the Court of the District Moonsiff of Chabrole, wherein Pottoor Cooshalramiah had sued Kristniah and plaintiff for the recovery of Rupees 93 2 6 the Princi: pal and Interest of that debt, the Villagers signed a declaration that the Lakkerauze Enam belonging to Kristnyah at Moottoor was Mulgoozarry liable to an annual kedeya or Quit rent of 8 Rupees and that 66 Rupees were outstanding on that account and that they were thus about to have the land sold as Mulgoozary at a Depreciated value whereby the Amount of Pottoor Cooshalramiahs claim not being realized, the Plaintiff as Security would have to pay the difference. That therefore he (Plff.) had protested against the Sale, and filed Motions in Court which resulted in the Sudr Court ruling in their Proceedings that if

Fort St. George 10th May 1817.

if (Pfff) found it necessary to establish the Enam to be Lakkeranze, he must do so by a regular Suit, and that therefore he brings this suit accordingly claiming that the demand of Quit rent on the Enam ca may be cancelled, and the land sold as Lak. Keranze &ca.

It is thus apparent on the face of the Plaint that the Plaintiff is merely a Surety for money borrowed by Ponnalagedda Kristniah from Pooloor Coothalram Punt, and that he has no sort of property in the ca Enam land of Kristniah or any shadow of right to dispute the levy of quit rent upon it. It must be for Ponnalagedda ca Kristniah alone or his representatives to do so, and in this case the Defendant will be prepared to enter on the defence of ca any suit that may be filed against him. Under present circumstances, Defendant submits that the Court have only to strike off the file the Plaintiff's Suit subjecting him to all the Costs incurred in the same.

(Signed) H. Stokes

Collector.

38-39

Proceedings thereon,

Submitting a Plaint

This Suit is instituted for

Fort St. George 10th May 1817.

a letter from the Collector of Guntoor forwarding translation of a plaint and draft of an Answer proposed to be filed in Suit No. 2 of 1815 in the Dt. Mundr. Ameen's Court and recommending that the Collr. be directed to put in the Answer and to Conduct the proceedings at the public expense

for the purpose of establishing that certain land now held on quit Rent tenure and attached under warrant issued ca upon a Razeenamah filed in Suit No. 533 of 1813 in the Court of the District Moonsiff of Cheybrole is Lakhraz. The Plaintiff represents that if the land in question be sold as Inalgoozary, it will fetch a trifling price and he as surety for the 1st. Defendant, who has no other property, will be held liable for any balance which may remain if the Amount stated in the Warrant should not be fully realized thereby. He therefore in conformity with the Proceedings of the Sudr Udawlut dated 26th August 1815 brings the present action against the Collector.

It is stated in the proposed Answer

2.

otherwise objectionable the Board requested that he would explain upon what grounds he was led to think that collusion exist and mention any instances which might have come to his own knowledge. In reply the Collector states that the grounds on which he supposes that collusive purchases of Stamps may exist are the increasing frequency of cases where Stamps purchased at Guntoor are returned, and the knowledge that no check at present exist to such purchases. He adds that no instances of proved collusion have come under notice nor is it usual to make enquiries as to the circumstances under which Stamps are returned.

2. The Board do not consider that the circumstances represented call for interference with the System which now obtains in regard to the refund of the cost of Stamps when returned. They have before them no Statement exhibiting the increased frequency of the practice and no single case of collusion has come under the Collectors notice. They are of opinion therefore that it will be sufficient at present if Mr. Stokes continues narrowly to watch the amount of Stamps returned as compared with those sold, and if the increase should be found so considerable as to lead to further suspicion of fraud on the part of those concerned it will be his duty again to bring the subject to the notice

notice of the Board.

(50)

To the Collector of Nellore

Sir,

I am directed to transmit to you the accompanying Statement exhibiting the quantity of Salt in store available for exportation to Calcutta on private trade at each of the several places of Export in the District of Nellore up to 30th April 1847, which has been forwarded to this Government by you, and to request that you will favor the Board of Revenue with your opinion thereon.

I am Sir
Your most obedient Servant
(Signed) G. A. Smith
Secretary to Govt

Fort St. George 10th May 1847.

inviting offers to be made before me on the 1st June 1847 for the rent of the Toll of the above mentioned Fords.—

2. With reference to the desire of the Board that an uniform scale of rates be established applicable to all the Ferries in the District, I beg to observe, that the rates collected in the 5 Talooks noted in the + Margin are already more or less the same, those levied in the Adonie Talook are higher and in fact varying one Ford with another, in the same Talook an assimilation of the rates throughout the District would lead to material increases and decreases at several Fords, and be productive of some annoyance to the People. Under this impression I have opened two heads in the accompanying Table and entered in one, the revised rates for the 5 Talooks of Bellary, Kumply, &c. and in the other, those of the Adonie Talook alone (also modified) an assimilation of these modified rates with those hitherto in force, in consequence of the various Amounts was found impracticable. Nevertheless the rates have been contrasted, which will in some measure prove useful to the Board in considering the matter.—

+
1. Bellary
2. Kumply
3. Hurpenhully
4. Hoodleghee
5. Hoovinhadagally.—

3. I am inclined to think that the revised

Fort St. George 10th May 1847.

revised rates would in practice be found to be attended with loss to Government, but not with any inconvenience to the People. The equalization of so many different rates must of course raise the rates at certain fords while at others they will be less: on the whole however, the People crossing the River will benefit.—

4. Should the Board be not disposed to allow two different rates as proposed in the Statement they might fix those suggested for the 5 Talooks for the Adonie Talook also, the consequence will be a decrease of the Bariz of that Talook and as the Boatmen are paid from the income of the Boats, their earnings also will be less. The arrangement will no doubt be disagreable to them. The more so in consequence of the Boatmen of the Adonie Talook being subjected to the payment of a Bagheree Vecessabady Tax of 191 Rupees under the head of "Motorpha" which they will ask to be remitted. Under these doubtful circumstances I have thought proper to propose separate rates for the Adonie Talook.—

1 Cart empty or loaded.—

Thus the different Classes are passed across the River and as Toll rates separately fixed for each will be easy and generally known to all, the tax is Established separately for the load & Separately for People. For instance if a Person brings a Bullock with load to be passed he has to pay the usual tax in 3 different shapes as follow

Toll for 1 Person
Do for 1 Bullock
Do for 1 Bag.

A 2nd Instance

If a person brings unladen Bullock to be passed he will have to pay for the Person and the Bullock separately. Thus the Toll is proposed to be collected separately for each item.—

Bellary District Coll.rs Office on Circuit Ramandroog 13th April 1817.

E.E.Sq.r [Signed] A Mellor
Collector.

N.B. The rates at which Tolls are collected on this Side of the River and those collected on the opposite Side in His Highness the Nizam and Maharatta Country should be equal at all Ends New rates being now proposed for the Exports from this side the Board should if the same meet their approval take into consideration the propriety of the Tolls on the other side being assimulated with ours.—

To

The Chief Secretary to

Government

To the Chief Sec.y to Gov.t } Sir,

I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Bellary forwarding in the usual Tabular form his report on the lapse of certain Balaustee Enams.—

15th April in Cons.s 10th May 1817.

The Board observe that no sunnud is forthcoming for these Enams, that they have been considered in the light of charitable grants and were last enjoyed by Ackummah and Rockummah daughters of the original Enamdar named Ramanah, and that the present claimants are only distant relatives of the original grantee.—

Under these circumstances the Board beg to recommend that the Collector may be authorized to resume the Enams comprizing Acres 41—6 A P bearing an Annual Assessment of Pr. 59—1—4.—

Sir,

The Post Master at Bellary has lately furnished me with copy of a Notification of the Post Master General dated 18th April 1814 and dated on the 6th March last in order that the Rule to make use of Challan Paper for Cumlopes may be strictly adhered to. The letters dispatched from this Office by Public Dawk are so numerous

OFFICIAL DESTROYED

Fort St. George 10th May 1847.

numerous that Country Paper has been used in great quantities for covers since the receipt of the above mentioned communication, I have discontinued the practice and ordered the Covers to be made only in Chellam Paper.—

Only 15 Quires of this last mentioned description of Paper were indented for and supplied both in last and this year. This quantity is not sufficient. If the order is to be strictly followed 20 Quires more are required for this year for which a Supplemental Indent is enclosed and I beg the Board will be pleased to sanction the supply.—

Bellary Collr's Office on Circuit Ramandroog 30th April 1847. } /Signed/ A. Mellor Collector

Order thereon. Ordered that the original Indent accompanying the foregoing letter be passed and transmitted to the Secretary to the Military Board.

Fort St. George

56

From the Actg Collr of North Arcot } Sir,

Para 1 I have the honor to acknowledge the receipt

Head

Fort St. George 10th May 1847.

19th Novr 1846 No. 1509 of 1846 Herewith returned. I have the receipt of your letter accompanied by a Petition from Causy Vencalakistnamah Naick late renter of Paupuncoopum in the Sulwaid Talooke and requiring me to furnish a full report on the subject therein brought to notice.—

2. The Petitioners' father rented the revenues of the above Village on a lease of 25 Years granted by Government which having expired in July last he had the option accordg to the terms of the lease of holding the Village on by paying the full assessment but declines doing so and it has therefore been resumed and brought under Ryotwar Management as several other Villages so rented had been before. Paupuncoopum being almost the only Village which continued to be so held.

19th April 1820.

North Arcot Collr's Circuit Cutcherry Pulicat 19th April 1847. } /Signed/ Ewd C. Lovell Acting Collector

Proceedings thereon. The Acting Collector states that Petitioners Father rented the revenues of the Village of Paupuncoopum in the Sulwaid Talooke on a lease of 25 years granted by Government which having expired in July last he had the option according to the terms of the lease of continuing to hold the Village by paying the full assessment but declined doing so and it was therefore resumed and brought under Ryotwary management.

56-57

19th April 1847

The

Fort St. George 10th May 1847

The Board observe that in para 6 of the Petition above referred to it is stated that the Petitioner applied to the Acting Collector on the 15th March 1846 to restore the Village on a new lease agreeably to the condition of the Cowle. but that he declined to comply with his request stating verbally that the grant of the Village on a higher assessment could not benefit the party. Mr. Lovell is requested to inform the Board whether this Statement be true and further to explain in what manner Petitioner was as reported in the foregoing Letter, offered the option of continuing the lease of the Village in question.

From the Coll.r of South Arcot
20th April 1843.

(58)

Sir, Fort St. George

In reference to the orders of Government, which accompanied the Boards Proceedings sanctioning the increased rate of salary to my Head Sheristadar Rungacharloo, I have the honor to state, for the information of the Board & Government, that having completed his service as Head Sheristadar in my Office on the 2nd

From 15th Feby 1838 to 15th April 1847 as Head Sheristadar } 9 "

From 13th October 1834 to 11th Feby 1838 as Sarb Sheristadar in this Cutcherry being 10 Months one fourth of which as per Letter from the Board dated 6th March 1838 } 10 "

Total 10 " "

of Cutcherry for a period of 10 Years as shown in the Margin, he has become entitled to a higher salary of Pagodas 125 or Rupees L 37-8 " from

Fort St. George 10th May 1847

22nd March 1846

from the 16th Instant, according to the orders of Government

I take this opportunity of expressing the high opinion I entertain of the qualifications of my Head Sheristadar Rungacharloo, who has always displayed the greatest activity and zeal in the discharge of all his public duties. I beg to add my testimony to that of my Predecessors* relative to the high and unexceptionable character he continues to maintain. I have therefore much pleasure in recommending the sanction of Government his claim to the higher rate of Salary now solicited from the 16th Instant.—

*Messrs. Dent, Ashton, Hallett.

South Arcot Collr.s Circuit Cutcherry, Tindevanum, 21st April 1847. } Signed / W. D. Davies Collector.

Ordered that the foregoing Letter be submitted with the following address.

To
The Chief Secretary to
Government
Sir,

To the Chief Secy. to Government

(58-59)

I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council, the accompanying letter from the Collector of South Arcot, dated 21st Ult.o, reporting that his Head Sheristadar Rungacharloo has completed the period of service

In Cons.s 10th May 1847

Fort St. George 10th May 1847

Service which entitles him to the Salary of 125 Pagodas per Mensem from the 16th Ultimo, and recommending that the same may be disbursed to him from that date.

It will be observed that Rungachariloo has served 14 Years and 2 Months since Government Sanctioned the last increase to his pay which being added to the period (10 Months) he is allowed to calculate as Naib Serishtadar under the orders of Government dated 17th October 1827, entitles him to the 3rd rate of Salary, or 125 Pagodas per Mensem, from the 16th Ultimo.

+ 11th in Con.s 20th April 1813.

The Board are glad to observe the further testimony borne by the present Collector to the character and qualifications of Rungachariloo, and have much pleasure in recommending that Mr. Davis's application on his behalf may be complied with.—

Dated 22nd May 1845.

Their Circumstances and the means of the subsistence possessed by the family	Recommend:ation and grounds thereof	Further Remarks.
11	12	13
They are poor and possess nothing for subsistence than this Enam	It appears by the Cumanah that 2 Chays of Poonjay land were granted only for life but in the Jaigedanamah 1½ chays of Poonjay lands are stated to have been given to the original grantee and to his 4 Mutaliyan or the resident relatives the documents therefore do not agree with each other the latter document moreover does not appear to have been produced to the former Collector Mr. Wallace or registered in his Enam Register. The widow of the deceased has 4 Children and has no other means of subsistance than that derived from this Enam It would therefore seem proper that the share enjoyed by her late Husband should be continued to her during her life time.	An Extract from the Register of Enams prepared by Mr. Wallace the two original documents mentioned in column 5 and the translation thereof are herewith submitted for the consideration of the Board. The Tahsildar of Uttoocotty Taloob has reported that the Vaikuarum of the share of the deceased was mortgaged to Aromachellum Pillay and he remortgaged to some others it is in their possession the Poonjay one Caumey was mortgaged to an inhabitant named Mannica Mondeliar for Rupees 100 the Mortgagee instituted a suit in Court and the Poonjah land was sold by the Court in execution of the decree when it was purchased by the Plaintiff and he pays only 7 Rupees to the Mosque a year from the gross produce of Rs. 21-

To

D. White Esqre

Acting Secretary to the

Board of Revenue

Fort St. George.

From the Dy Coll. Sir,

of Trichinopoly

I am reply to your letter of the 15th March relative to the transfer of the Pagoda lands, I beg to forward two Statements shewing distinctly the highest, lowest and average Dasiz of each Pagoda Village together with the amount payable to the Sirkar, and the profit to the Cavilo for the 9 Villages mentioned in the margin of your letter under reply Para 2; of which 7 Villages are of Shrotriem payable quit rent and the two are Din Villages paying full assessment to Government. The surplus enjoyed by the Pagoda in the latter Villages is trivial. It is impossible to trace from the records on what principle the Amount of Shrotriem was originally regulated.

Agreeably to the instructions contained in Para 3, I beg to forward a Statement (No 2) shewing the nature of each item. All these items properly belong to the Pagoda except the last one payable by the Cotton Merchants which appears has since been discontinued by my predecessor Mr. Onslow.

Signed W. Elliot

Sir

Para 1. I have the honor to acknowledge the receipt of your letter of the 12th Instant regarding the land belonging to Mandooray Pagoda and beg to enclose Copy and translation of a deposition taken from Ramien Village Curnum by which the Board will perceive that the land belonging to the Pagoda was under the Management of the Merasidars of the Village from the assumption of the Country up to Fusly 1221 - and then rented to the Petitioner Appa Goorcul, who held it till Fusly 1234 - But in consequence of his having neglected to perform the necessary Ceremonies of the Pagoda and the Merasidars of the Village having brought this to the notice of the Tahsildar, the management of the land was assumed by the Revenue Authorities and continued so until Fusly 1250 - In Fusly 1251 when the Pagodas were made over to the Trustees the Pagoda in question together with the Merasy land was made over to two of the Puttadars of the Village, and it remains accordingly under

Fort St. George 10th May 1847.

under their management an agreement having been taken from them for the due discharge of the Kist due upon the land and for the punctual performance of the Pagoda affair.

2 In consequence of this being a Petty Village Pagoda for which no special allowance was set apart it probably was not inserted in the Statement forwarded by Mr. Onslow with his letter dated 7th August last. There are several Petty Pagodas in this District similarly situated the management of which is vested in one or more Village Officers. ——

Translate of a Deposition taken from Ramien Curnum of Maundoray a Village in the Talook of Lauldroody on the 20th April 1847.

2 State in whose profession the income allotted in the Maundoray Village for the support of the Swah Pagoda was formerly and who professes it now?

A Ten Cawnies and 13¼ Goolies of Mulgoodary Iyen land are allotted to it, and the full taxes Viz. Rupees 39-11 is collected upon it by Government; they were cultivated from the Commencement of the assumptions of the Country in Fusly 1211 up to Fusly 1223 by the Mahajanems of the Village who

Fort St. George 10th May 1847.

who after paying Cirkar Kist gave the residue for the performance of Poojah in the Temple, those lands were afterwards given to Appah goorookul of that Pagoda under stipulation of his paying 55 per Cent varum or Cirkar Kist and 25 per Cent for Cultivating expences and the remainder 20 for his wages Viz. which was continued up to Fusly 1234 accordingly. In consequence however of his not conducting the Poojah regularly the Villagers complained against him to the Tahsildar, and the land in question on proposal to pay the Cirkar kist from the Produce thereof and the residue appropriated for the expences of the Poojah. when all the Durastanums were transferred to the managers. the abovesaid Pagoda was also delevered over to Suptorishy Iyen and Rajathavien Meerasdars of the same same Village, they giving a Carárnamah and then as it appears renting the same to one Iyapillay for 8 years from the present Fusly for 150 Cullums of Paddy per Annum and from the said quantity they pay the Cirkar kist and appropriate the remainder to the Caul Poojah and Gooroosculs wages at 1 Cullum per Month. ——

From the Pnl Collr of Madura

Sir,

Requesting instructions as to the propriety of entering certain Petitions in the monthly Register.

In transmitting the accompanying Register of Petitions for the Month of March I have the honor to request the instructions of the Board as to the propriety, with reference to the Petition rules of including in the Register a considerable number of the Petitions which appear therein.

2. The major part of the Petitions are endorsed to be returned to the Petitioners under Para 3.

3. I understand this Endorsement to intend that the Collector should return the address to the Petitioner with the Board's endorsement only, with the views of instructing them (should he desire to persevere in the Petition) to present any Endorsement he may have previously received

Fort St. George 10th May 1847.

received from the Collector or apply to them by a fresh Petition for such an Endorsement. It will be seen from the accompanying Register that in very many cases previous endorsements on the subject had been given. Their repetition therefore and transcription in the Register seem to entail unnecessary labour and waste of time both here and in the Board's Office.

4. The same remark applies to Endorsements under other Section of the rules prescribing a rejection of Petitions presented informally.

5. I have hitherto understood that the only Board Petitions which the Collector and Magistrate is required to enter in the Register are such as are distinctly referred to him for his report by Endorsement or letter as the case may be and if informed that this construction is correct, future Registers will be framed accordingly and considerable time will be saved in the Office.

To D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

From the Jr. Collr. of Innevelly.

Sir

With reference to the Extract from the Proceedings of the Board of Revenue of the 6th and to the Minutes of consultation under date 5th May 1846 I have the honor to submit Copy of the Decree passed by the Principal Sudr Ameen of Innevelly in O.S. No. 1 of 1846 therein alluded to.—

The award is in favor of the Plaintiff

72

to whom the 1st Defendant is adjudged to give up the land in question but Plaintiffs are to pay the Costs of Suit. I do not consider it advisable to appeal from this decision on behalf of the Collector, but should it be thought necessary I beg that early instructions may be sent me on the subject. The appeal time expires on the 5th Proximo.—

Innevelly 30th April 1847.

/Signed/ J. B. Elton
Acting Collector

Abstract Translation.

Original Suit No. 1 of 1846 Principal Sudr Ameen's Court.

Plaintiffs. Versus. 1 E. B. Thompson Esqre Collr. of Innevelly
1. Calatti Meera Rowuttan inhabitants of Suncasi
2. Nagoor Meera Rowuttan inhabitants of Anoomond.
2. Conary Row Sahsildar of Suncasy
3. Sammooyen of Suncasy
4. Sreenivasayengar.—

Plaintiffs instituted the Suit for the recovery of their land from the 3rd and 4th Defendants who took it for cultivation under the orders of the 1st and 2nd Defendants.

First Defendant states in his answer that the land consisting of 7 Sc 2 Dr 3¾ yielding the annual revenue of Rupees 76 is situated adjacent to the tank in dispute that in

in 1237 Plaintiffs taking advantage of a small breach in the tank in question and neglecting to repair it raised Poonja Crops upon the said land for their own advantage and paid to Circar, a pesoment which amounted to one third of the Nunja tax payable for it and that the Circar sustained a loss by it.

The 3rd and 4th defendants having proposed to take the land in question for cultivation, Plaintiffs gave their Moochalicas to the effect that they would repair the tank and raise Nunja Crops under it, but they failed in their Engagements to the loss of Circar. They again entered into an agreement to the effect that they would repair the breach in 15 days, but they did not complete the work. The 1st defendant considering it inadvisable to allow them any longer to hold the land to the loss of Circar revenue disposed of it in favor of the 3rd and 4th defendants, who proposed to repair the breach and raise Nunja Crops upon it, and that he directed the 3rd and 4th Defendants to pay the Plaintiffs the amount of Expences incurred by them in repairing the tank in question.-

2nd 3rd & 4th defendants not having filed their answers, the case has been decided Ex parte.-

Decree.

The 1st Defendant admitted in his answer

that he gave to the 3rd and 4th Defendants an extent of land which the Plaintiffs had in their occupancy.

That the negligence on the part of the Plaintiffs to cultivate the said land with Nunja Crops for 17 years had occasioned a loss to the public Revenue.

That the 3rd and 4th Defendants proposed to repair the breach in the Tank and raise Nunja Crops on the land in question, that the Plaintiffs stated in their Moochilicas that the season of cultivation was over, and that they would repair the tanks in Fusly 1255 and pay the full pesoment, but they omitted to do so.-

That they gave another Moochalica to the effect that they would repair it in 15 days, but they did not complete the repairs within that period. He further added that seeing that they always made use of some pretext or other, he permitted the 3rd and 4th Defendants to repair the tank and cultivate the land with Nunjah Crops.-

1st 2nd and 3rd Witnesses on behalf of the Plaintiffs stated, that they completed the repairs of the Tank.-

The 5th Witness, Village Curnum, deposed that the 4th Defendants had the lands

in

in question in his occupancy that there were two tanks west of the Odaya Cottam tank and that they were repaired in July 1255. It is further stated that it would be no use of repairing the Odayan Cottam Tank in dispute because the water in the said two tanks which are in a state of dilapidation, forces its way through the bank of the former. The cause assigned by the Plaintiffs for their having omitted to repair it appears to be satisfactory. Further, the tank appears to have been left unrepaired upto July 1255. This was not attributed to any fault on the part of the Plaintiffs. Neither did they feel an interest to repair the said two tanks.

It is clear that the repairs made for the tank in dispute would be of no avail, unless the said two Tanks were also repaired.—

1st & 2nd Witnesses on behalf of the 1st Defendant stated that the Plaintiffs did not complete the repairs. As Plaintiffs executed a Moochilica binding themselves to pay the assessment of the said land if they left it waste, the 1st Defendant ought to have waited to the end of July 1255 because there was no loss to Circar by doing so. Under the above circumstances, and owing to the petitioners having the land in their occupancy

for a great length of time, they are fully entitled to the possession thereof, but as they failed to act according to the terms of their Moochilica, the 1st Defendant was obliged to dispose of the land in favor of others.

The Plaintiffs were wrong in having failed to fulfil the engagements in which they entered.—

Under these circumstances, the 1st Defendant is adjudged to restore the land in question to the Plaintiffs who are to pay the Costs of the suit.—

The term of Appeal expires on the 5th March.

12th March 1847. My signature and the Seal of the Principal Sudr Ameen's Court of Tinnevelly are affixed to this, this day the 6th April 1847.

72-73

Resolution thereon. The Board concur in opinion with the Acting Collector that it is not advisable to appeal from the decision passed by the Principal Sudr Ameen. They observe that the time of Appeal expired on the 5th Instant and the foregoing letter reached their Office on the 6th Instant. The Acting Collector is requested in future to forward the decision of the Court in cases to which he is a party, at an early period.—

Ordered also that copy of the foregoing letter with its Enclosure be submitted for the information of Government with reference to Extract Minutes of Consultation 5th May 1846.—

Read

Read the following letters.

From the Jt. Coll.r of Tinnevelly — Sir, Para.1 — With reference to your letter of the 25th February last I have the honor to forward a Statement shewing the Amount of Revenue derived in this District from the Fisheries of the Village Tanks including one larger tank named Radumbacolum in the Streevygoondum Talook and those in the Estuaries during the last 10 years from Fasly 1246 down to Fasly 1255.

Forwarding a Statement shewing the amount of revenue derived from the fisheries of the Village Tanks & Estuaries during the last 10 years.

2. On a reference to this Statement it will be seen that the Revenue derived from these Items is entered under 2 distinct Heads Viz.t 1st Small Farms and Licenses, 2nd Tripany (from the Fisheries in some of the Estuaries having been attached to Pagoda Villages) and that it amounts on an Average of the last 10 years to Rs. 9300-13-9- Annually, of which a great portion is realized under permanent rents and the remainder under annual ones.-

3. The Fisheries in the Village tanks are for the following reasons prejudicial to the interests of the Cultivating Ryots. When there is but little water in Tanks the Fisheries thereof not

not under permanent rent, are yearly rented out to the highest bidders who to enable them to catch fish let out the whole water contained in such tanks whereas had the water remained in the tanks it would have been useful for future Cultivation in cases of failure of rain as well as for the Cattle to drink.-

4.- I may also remark that the poor people living in the neighbourhood of the tanks and Estuaries are by the Fisheries thereof being rented out to the highest bidders prevented from catching fish therein.-

5.- Under these circumstances on the one hand and considering on the other the large sums laid out on Marahmut Works and the importance of keeping up the Revenue it does not seem expedient to give up the Fish rents entirely but to modify them 1st by carrying out fully the practice of renting out the Fisheries in Village tanks to the Meerasidars of the Villages in which they are respectively situated, 2nd by granting remission whenever the deficiency of rain prevents the usual supply of Fish or when from late rains the tanks (as is the case at present) cannot be fished from the quantity of water in them, and when it is judged more important to

retain

Fort St. George 10th May 1847.

retain the water for purposes of Cultivating or the comfort of the Community than to drain it off for the purpose of catching the fish.

The sea Customs are not rented out in this District but the persons who fish in the Sea are liable to the payment of Moturpha tax on their fishing Nets, Cutmarans and Boats amounting on an average of 10 years to Rupees 4420-3-10 annually.

Acting Secretary to the

Board of Revenue.

Fort St George.

Sir

From the Jr Coll.r of Tinnevelly.

With reference to your Prede.: = cessor's letter of the 10th December last, I have the honor to forward a Statement shewing the extent of land cultivated for Sugar in Fasly 1255, its Estimated produce, the number of Palmira trees with their Estimated produce in Jaggery, and the probable quantity of both consumed in the District, and to state that the delay in furnishing this information was owing to the Accounts from some Talooks having been received later than the time fixed.—

76

Tinnevelly
Trichendoor
1st May 1847.

I have &c
Signed J. B. Elton
Acting Collector

Statement

0636.

Fort St. George 10th May 1847.

Statement shewing the Extent of Land cultivated for Sugar the probable quantity of Sugar and Jaggery produced and the probable quantity of both of these consumed in the District of Tinnevelly for Fusly 1255.-

Extent of Cultivation of Cane in Seed Cottahs Mercals & Measures for Fusly 1255.	Estimated Produce from Cane in Toolams of Jaggery.	Estimated Number of Palmira Trees	Estimated produce from Palmira in Toolams of Jaggery.	Estimated Consumption of the District whether in Sugar, Jaggery or that raw Cane itself the whole being reduced into their equivalents in Jaggery in Toolams Computed at an average of per head during the year on the assumed or ascertained Populations.-
1	2	3.	4	5-
L. C. M. C. 62- 9- 5½ = 76 8/8 Cawnies	16164- Toolams equal to 303580- lbs Avoirdupois-	No. 17,12,631-	1691928- Toolams equal to 31832866- lbs Avoirdupois	Jaggery 87233 Toolams = 699232 lbs from which deducting about 4755 Toolams = 89305 lbs consumed in the Hindoo temples in Canes and for Marahmut Works the remainder Amounts to 32478- Toolams = 609977 lbs which averages upon 64956 the Amount of Assumed population Consuming Sugar alone ½ Toolam equal to about 9 3/8 lbs per head per annum.-
The quantity here given includes Sugar Manufactured as well as that consumed in raw Canes themselves.- The Toolam is the weight in use in the District and its equivalent has been given throughout in lbs Avoirdupois.	The Number is exclusive of leaf & fruit giving Palmira Trees from which no Juice is extracted for making Jaggery.-	This quantity is exclusive of the produce supposed to be Consumed as Toddy.-		Palmira Jaggery 1015006- Toolams = 10063081- lbs from which deducting about 3697 Toolams = 69434- lbs consumed for Marahmut Works and temples the remainder amounts to 1011309- Toolams = 18993647- lbs which averages upon 1011309- the Amount of Assumed population Consuming Palmira Jaggery alone 1 Toolam equal to about 18 3/4 lbs per Head per annum.-

From this calculation it would appear that Sugar is imported into Tinnevelly the produce of the District being less than the Estimated Consumptions.-

To D. White Esqre

Acting Secretary to the Board of Revenue Fort St. George

83

From the Collr of Madras

Sir,

Requesting Sanction for the renewal of the late Arnachellum Moodelly Salt compensation certificate in the name of a Streeneevasa Naick and for the payment of the amount due thereon upto 11th Jany last Amounting to Rs 40-2---

Para 1. I have the honor to bring to the notice of the Board of Revenue that a Certificate was issued on the 7th December 1815 No. 3. to Arnachellum Moodelly for an Allowance of Rupees 80-4 per annum for the suppression of the Salt Manufacture at Eroongoonum on which payment was made up to the 11th July 1846.-

2. In consequence of the death of Arnachellum Moodelly his Eldest Son Mootteeswara pah Moodelly drew the Amount on his name being registered on the 21st September 1831 with the concurrence of his Brother and on the death of Mootteeswara pah Moodelly his brother Veerasawmy Moodelly obtained payment in the like manner from the 30th November 1840 with the consent of the other Surviving Sons of the original grantee.-

3. Veerasawmy Moodelly having made over the old Certificate to T. Streeneevasa Naik on the 7th January 1847 with the compensation remaining undrawn thereon and his brothers having signed a Rajeenamah in his Office in favour of the purchaser, T. Streeneevasa Naik has now applied to me for a fresh certificate

Certificate and for the Amount due up to the 11th January last. I beg leave accordingly to recommend that the necessary Sanction may be obtained for the renewal of the present Certificate and for the payment of the half yearly Commutation due thereon from the 12th July 1846 Rupees 46. 2-4-

The Certificate No. 3 was issued for the sum exhibited in No. 8 in the list submitted from this Office on the 1st April 1843.-

Madras 17th April 1847. } Signed J. A. Ruddlestow
Collector

Resolution thereon.- The Collector will be pleased to state the authority under which the said compensation Certificate referred to in the foregoing letter was transferred in the name of Veerasawmy Moodelly on death of his Brother Moottoocomara para Moodely in 1840.-

Read the following letter.-

To,
The Secretary to the
Board of Revenue
Fort St. George

87

From B. J. Nooroor Esqre } Sir,

Transmitting Copy of a correspondence with the Collector of South Arcot and requesting the Board to order the refund of the tax paid by him for the Current Fusly of some land which was not transferred to him till December last.-

I have the honor to request you will lay before the Board the accompanying letter from myself to the Collector of South Arcot dated 19th January 1847 and his reply thereto dated 20th January 1847.-

The Board will learn from these letters that I have obtained some land for the purpose of planting Sugar Cane and that it was transferred to me before the Collector by the original applicant.-

The transfer of the land was made to me in the month of December 1846 and a very short time after as my letter of the 19th January 1847 states an application was made to me by the Tahsildar of Trivady for tax in the present Fusly year. Immediately wrote to the Collector the annexed letter and on receipt of his reply I directly paid the instalment of tax. The object of my letter is now to request the Board will take into consideration the hardship of the case and order the Money so paid to be refunded.-

The

Fort St. George. 10th May 1847.

The Collector states he is unable to comply with my request because the original applicant said he would pay tax for this Fusly. The Board are aware this is a mere customary manner of wording an application and signifies nothing. But the applicant would have been very willing to have paid the tax for this Fusly had the Ground been given to him in proper time.

The application was made the Board will observe in June and the ground was not given over until the month of December. The Collector knew very well that the Monsoon being over it was utterly useless to me for that Fusly. Indeed as a proof I beg to inform the Board that I am only now beginning to plant it, and therefore it is only just that the tax should commence from next month. May being the first month in the approaching Fusly year in which my Crop will be grown and cut.

I trust therefore the Board will order the money to be refunded me, and that I commence payment of tax in May.

I beg further to mention for the information of the Board that last year in connection with Messrs Parry and Co. I planted 130 Cawnies of Cane and have erected a Factory with a six horse power Stream Mill Costing Rs. 10,000. That

Fort St. George. 10th May 1847.

that we are now working up the Cane the produce of which is satisfactory. But from our 130 Cawnies planted we shall not obtain more than 40 Cawnies consequent to a failure of water. We have therefore suffered a loss of more than two thirds of our Crop. the outlay upon which (90 Cawnies) did not amount to less than Company's Rupees 3500-0-0 when we were obliged to abandon it. We shall this year be again subject to similar loss as the Brick Annient ordered by Government will not be built till next year. Great and unnecessary delay having occurred in preparing the materials. By which Government will suffer a loss of Revenue for another year and myself and other Cultivators serious loss and injury to our Crops.

Nellicoopum. 21st April 1847.

(Signed) B. I. Norfor.

A

To
The Collector of the
Southern Division of Arcot.
Cuddalore

Sir,

I have the honor to bring to your notice that I am as you are aware in possession of 31 Cawnies of Ground in the Village of Aroongonum Inevady Taloob and also 7¾ Cawnies in same Village in another lot.

I am

6665 Fort St. George 10th May 1847.

I am now somewhat surprised at your Tahsildar and other servants calling on me to pay rent for the present Fusly and beginning in the Month of November

I need not point out that I only received the Ground on 23d December and that the calling for rent from November is certainly wrong.

But passing this over as an error I have further to observe that I am well aware that the Original applicant from whom I hold the Ground by transfer did in his application state "as customary" that he was willing to pay that years rent. But then! the application was made in June 1846 and the applicant hoped to have had the Ground in August of the same year when he might have planted it in Paddy in September! and had a Crop in January to cover the Tax!!—

But consequent to delays the planting time the rains the season was over and the Ground was not given till it was entirely too late to be planted in any way this Fusly

The Ground you are aware is now transferred to me for the purpose of planting Sugar Cane in March and April I shall be most ready to pay the Government rent beginning from May next. But I hope you will not insist on my paying that of the

6666 Fort St. George 10th May 1847.

the Current Fusly for the reasons which I have herein stated.

Nellicoopum 19th January 1847. } /Signed/ B. I. Norfor.

To

B. I. Norfor Esqre

Sir,

In answer to your letter of the 19th Instant I have the honor to state that the waste land therein mentioned having been transferred to you upon the same terms of the special Pivo-chilhak on which the original Durkhasdar had obtained it I am unable to comply with your request. The Teerwah of the land should be paid according to the Established Pists from the commencement of the month of November—
