Stating his opinion on the relative advantages of renting the Abkarry Revenues by Public Auction or Tenders

Sir,

1. I have the honor to acknowledge the receipt of your letter of 15th April accompanied by an Extract from the Minutes of Consultation of Government of 25th March requiring me to state my opinion on the relative advantages of renting the Abkarry Revenue by Public Auction or by Tenders.

2. In reply I beg leave to state that the result of my own experience leads me unhesitatingly to say that renting by Public Auction is most advantageous to Government most satisfactory to the Natives generally and most just towards the local authorities. When rents are made by Tenders many stratagems are resorted to to keep down the offers. Promise of shares are made to some Parties if they will abstain from tendering. Several tenders are made in different names by the same party

Fort St. George 17th May 1847.

party and security is only made forthcoming for the lowest tender which answers the purposes of the party by putting them above the other competitors. When after the time of tendering has passed new tenders are sent which being rejected Petitions are addressed to the Government and the Board insinuating that better rents might have been made. An open public Auction puts an end to all tricks and annoyances of this description and though occasionally extraordinary competition may raise rents to an undue height they again find their level. The Abkarry Revenue of this District has been rented during the last 24 years and since Fusly 1243 by Public Auction and though some remissions were allowed during the first years, during the last ten it has gone on progressively increasing from Rupees 17,170 to Rupees 30537-8-0 and every rupee has been paid up to the end of last fusly and a like result is expected in the present. Under these circumstances I certainly am of opinion that the renting by public

Auction

Fort St. George 17th May 1847.

for one year should be continued in this District. One year I consider preferable to more as it is easier for the Parties to furnish security.-

Sir,

From A. Mellor Esqre
Coll.r of Bellary

Sir,

Fort St. George,

1- I have the honor to acknowledge the receipt of your Circular letter dated 15th Ultimo, together with transcript of an Extract from the Minutes of Consultation of the 25th March 1847, relative to the mode of renting the Aiakary Revenues.

2- I can by no means acquiesce in the proposals made of renting the Aiakary Revenue for a period of 2 or 3 years and that by Tender.-

3- The reasons on which my objection is grounded are as follows. The Aiakary has not usually been rented in this District for any term of years. A portion of

Fort St. George 17th May 1847.-

of the Frontier Sayer duties of Chittoor, Salem, Cuddapah, and Bellary in Fasly 1242 were rented out for 3 years at the recommendation of the Collector of the first mentioned District. The Board are aware of the difficulties which ensued in the liquidation of the Kists and of the ultimate loss which the Government sustained by permitting the outstanding balance to be written off the Accounts.- No abatement of any description is ever allowed here except the remission on account of disastrous Season.

† Vide Extract from the Minutes of Consultation dated 19th Sept.r 1842.
Board's Proceedings 21st November 1842
Dc 5th January 1843.-

4- Should the term of the Aiakary Farm be extended to more than one year, I have great doubt of the Renters paying their Kists according to the conditions of their rent in consequence of unfavorable Seasons and divers other causes. Large outstanding balances unliquidated will induce the Circar to yield to reduced Offers which the succeeding renters will make; I do not think the Renters will be able to furnish the Deposits or the securities for the Bariz of any term of years Rent, that is to say for the Amount of more than one year.-

The

Fort St. George 17th May 1847.-

5. The invitation of Tenders in writing is opinion abuse and fraud. The competitors conspire together in keeping down the Beriz and causing loss to government which they can do by means of these Tenders. An open sale of the rents has not this disadvantage or opportunity for fraud.-

6. Under these circumstances, I cannot recommend a change in the present system of renting the Melkarry Revenue by public Auction every year which I think the best, having been observed in the District for a series of years past without there being any cause to justify change. Since the District came under my management the Beriz obtained by Public Auction has increased 30-10-0 per cent. It is collected within the year.-

Beriz of Fusly 1249 - 22,835.
" - 1256 - 300,252.
Increase 70,417.
Percentage 30-10-0

7. The usual proclamations to the Talooks inviting the attention of the Renters for the Rent of Melkarry Revenue of Fusly 1257, at my Hoozoor Cutcherry on the 1st June have been already despatched.-

8. In conclusion, I refer the Board

Fort St. George 17th May 1847.-

Board to the yearly Statements from this District. The results shown are worthy their attention. In Fusly 1249 when I joined the District the rents sold for Rupees 22,835.

A
Fusly 1249 - 22,835.
" - 1250 - 234,080.
" - 1251 - 213,808.
" - 1252 - 252,837.
" - 1253 - 272,214.
" - 1254 - 282,174.
" - 1255 - 301,640.
" - 1256 - 300,252.

Last year I sold them myself for 300,252. or in other words an increase of 30 per cent not a single year but a gradual one - during the 8 years that have passed I never sold up a renter and yet every Rupee has been realized. It must be evident therefore that this has not been a gambling transaction, for I imagine the principle of gambling to be that the loss of one is the gain of another, and that great risks are run for large profits and that had there been mere gambling speculations during a series of years involving 20 Lacs of Money, one rent must have given great profits another failed. The secret of this success is to be looked for elsewhere.- It consists in my opinion in avoiding what is now recommended, in accepting no Offers but those made in open Cutcherry, paying no attention to Tender or recommendations putting an end to all Monopolies and selling the Rents myself without favor, only

insisting

existing on the responsibility and respectability of the Securities. I found that it had been customary to all the Amildars to give an opinion of a particular Tender various reasons being assigned Mr. Abrahams claimed Bellary for instance, at a rent of Rupees 17,500 assigning various reasons [its vicinity to Bellary which he rents yearly Vca Vca] I over ruled them. he was outbid at the sale, and has never had the Salooks since. I can not conceive that one person taking the rent for 3 years would in any way alter the System. There are only one class of persons who can manage Rents, and these men would have them whoever was the nominal Renter. The speculation and gambling would in my opinion be increased. The only difference would be that the loss which would accrue would always fall upon the Government, where the rent was successful; the holder would pocket the profits.—

9— The Rent of the Sayer which I have mentioned above and which was conducted on this principle is a strong case

case in point. all I have to do with it was to recommend that the sum of Company Rupees 10396-6- appertaining to this Zillah might be carried to "Profit and Loss." In the present system in my District real Renters contented with small profits are the parties concerned. There is no more gambling than is incident to the system itself. The revenue is as high as it will bear. There is neither difficulty nor loss, and I can see no object to be gained by the new proposal.—

Sir

In reply to the Board's Proceedings of the 15th Ultimo with Minutes Consultation dated 25th March last, I have the honor

honor to state that my opinion is in favor of renting the Alkarry on tenders in lieu of competition by Public Auction; and also of granting the Farm for a term of years. I anticipate loss by the change in the first instance, but deem it probable that the economical arrangements which the course of Proceedings will allow, may eventually induce even higher Offers; and that from the Farm being thrown into the hands of a superior class of persons, there will be less chance of Balances and illicit proceedings.

The Alkarry has never been rented for more then One year in the Madura District.

Sir,

Para. 1 I have the honor to acknowledge the receipt of your letter forwarding for my report a Petition from Hyder Hoosain Khan Bahadur Naib or Circar to His Highness the Nabob of the Carnatic complaining of the encroachments of certain Ryots on his lands and of his representation on the subject not having received proper attention &c.

2 The Petitioner complained against Narain Moodelly one of the Arrack renters and the Monigar and other Village Officers having dug a trench within the limits of the Nabob's Garden taking the earth to strengthen the fence and having sown Palmira seeds there and also with having abused and assaulted his Gardeners when employed in levelling and ploughing the ground and removing the seeds. Narain Moodely on the other hand complained of the Petitioner's servants having broken down and destroyed his fence and taken possession of part of certain Circar land in which he had an interest.

States that there was no proof of the assault complained of by the Petitioner of the accompanying Petition No. 1458 of 1846 under the circumstances set forth.

Dated 23rd June 1846.

No 1458 of 1846 Encloses Petitioner's statement.

There

3. There was no proof of the assault complained of by the Petitioner the Tahsildar reported that it appeared from the Pymash Accounts that the land in question was Circar and never formed part of the Garden and the Petitioners servants having attempted to encroach thereon, the Mongar and Village Officers at the instance of the above Narrain Moodely were instructed to interfere to prevent his Establishing himself in possession of it.

From W. E. Lockhart Esqre
Collector of Salem

Sir,

With reference to my letter of

of the 10th December last relative to a Puttah or lease to be granted to Messrs Ouchterlony, Fischer and Cadenhead for certain land on the Shevaroy Hills; I have the honor to state that the lands so applied for by these Gentlemen for Coffee plantation were measured by Surveyor Vanderputt in presence of the Tahsildar of Salem and found to consist of Acres 150-3-12 the Original plan of the grounds received from the Surveyor and the Statement furnished by the Tahsildar are herewith submitted; and I request that the plan may be returned after the Board's inspection.

A spot consisting of 2 Acres of the above 150-3-12 being unfit for Coffee cultivation and partially converted into vegetable Garden and for building Sheds for Cattle, they have agreed to pay Cundayam on it at one Rupee per Acre from the Current Fusly 1256. and tendered a Durkast (signed by Mr Cadenhead for himself, Messrs Fischer and Ouchterlony) for the remaining Acres 148-3-12 requesting that a Puttah may be passed in their names for a period of 21 years exempt from teerwah for the first 5 Years. as however as the parties commenced to clear the forest and took possession in anticipation in Fusly 1254 as the period from which they should be considered not liable to teerwah should be dated from that time. Agreeably to the instructions conveyed in the Board's proceedings dated 23rd April 1846. I forward drafts of Durkast Mochelkah to be taken from them and the counterpart or Puttah to be granted to them.

Proceedings thereon-

Informing the Collector of Salem that the Board are of opinion that the whole of the land applied for by Messrs Puckle-lang, Archer and Cadenhead should be granted for the term of 21 years at the rate of One Rupee per Acre Annually and requesting him to state whether there are any particular rules applicable to cases where the water from Jungle streams on the Hills is turned to account in the cultivation of Coffee or any other product-

30-31

The Board observe that in para 2 of their letter to Government dated 2d April 1846 the land for which Messrs Puckle-lang & Co have applied was represented to be in extent 170 Acres but that in his letter of the 10th December last Mr Lockhart reported that the Tahsildar of Salem had upon measurement found it to comprize Acres 213-4-8- By the foregoing letter it appears that the Surveyor Vanderputt has subsequently measured the land in question and ascertained that its extent is Acres 150-3-12- The Board are led to suppose that the latter measurement is correct and that the discrepancies noticed are to be attributed to the difficulty in making a Survey in consequence of the thickness of the surrounding Jungle-

2- In reference to the Pottah proposed to be given in this instance in which it is entered that a spot consisting of 2 Acres of the above 150-3-12 is unfit for Coffee cultivation, and has been partially converted into Vegetable Garden Vizt and that on this extent the parties have agreed to pay Government at the rate of one Rupee per Acre annually for 21 years from the Current Fusly 1256 the Board consider it desirable that the whole land applied for should be granted for the same period commencing from the same Fusly 1254 when the parties took possession in anticipation-

3- Mr Lockhart is requested to inform the Board whether there are any particular rules

rules applicable to cases where the water from Jungle streams on the Hills is turned to account in the cultivation of Coffee or any other product-

From the Coll.r of Trichinopoly —

Replies to letter of the 1st Instant and submitting further information on the lapsed Inam of Oomiapoorum.

Sir

3 Para 1. With reference to your letter of the 1st Instant, returning a Statement of the lapsed Inam of the Village Oomia-poorum and calling upon me to submit my opinion on the Subject of the Enam I beg to state for the information of the Board that the four Original documents which accompanied the Tabular Statement submitted by Mr. Sudhington appear to me to be perfectly genuine. I therefore beg to recommend that the Share enjoyed by the deceased Narnacharee may be continued to his widow and Son and 2 daughters — during their lives respectively they having no other means than this Shortriem for their Subsistence —

2 Previous to the receipt of the Boards Circular letter dated 22d May 1845 it appears to have been always customary in this District for the heir to succeed immediately after the death of the Enamdar in the same manner as they would do to any other species of property the Circar

taking

taking no particular notice of them considering that they held the gift under genuine documents handed down from their ancestors according to which practice the deceased Narnacharee succeeded in due time to the Enam after the death of his father - the authority of Government being neither obtained nor solicited for the purpose.

3. The Purwanah by Futtay Sing Bosalay appears to have been issued in the Fejree 1141 which has been inserted in the Translation of the Purwanah and also in the Tabular Statement, which as well as all its enclosures are herewith returned - the date of the document is illegible from the great age of the Document.

(34-35)

To the Chief Secretary to Government—

To the Chief Secy to Government—

Submitting a letter from the Asst Collr late in charge of Tuchinopoly reporting the death of Narrachary the holder of a half share in the Shrotrium Village of Oomiapoorum and recommending that the share held by the deceased be continued to his family—

To The Chief Secretary to Government

Sir,

1. I am directed by the Board of Revenue to Submit for the consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Head Assistant Collector late in charge of Tuchinopoly dated 8th March, reporting the death on the 25th January 1847 of Narrachary the holder of a half share in the Shrotrium Village of Oomiapoorum in the Moovery Talook of the Tuchinopoly District, and transmitting the usual Tabular Form for the Continuance of the share held by the deceased to his widow and three children—

2. The Village of Oomiapoorum appears to have been originally granted in Fuzeree 1141 or 122 years ago by Tuttay Sing Bosalay free of Tax to Vadamoorty Gopala Kistmah Anchary great grand father of the late incumbent, but was Subsequently assessed at Pagodas 66=30=a- Rupees 233-5-4 after the death of Gopala-Kistmah it was continued to his descendants and Narrachary, the party whose decease is now reported was in the enjoyment of

enjoyment of one half share of the Village in question—

3. There are four Summuds in support of the grant but the propriety of its continuance appearing to the Board to rest on the genuineness of the Summud No 1 they called upon the Acting Collector

1st April 1847. Mr. Elliot to state his opinion on this point and the terms on which he would propose the renewal of the Shrotrium to the Surviving Members of the family of the deceased, and it will be observed, from his reply, that he is satisfied

21st April Instrs 17th May 1847. that the whole of the documents are genuine and recommends that the share enjoyed by the deceased should be continued to his widow, son and 2 daughters during their lives respectively, they having no other means of subsistence—

4. Under these circumstances the Board beg to recommend the continuance of the share of the Shrotrium held by the deceased to his family as proposed by the Acting Collector—

From R. D. Parker Esqre Acting Principal Collector of Madura.——3

Fort St. George
Adverting to Mr. Blackburne's letter dated the reporting the death of the late Head Sheristadar of this District, Kistna Row, I have now the honor to recommend as his successor Ram Row, at present Head Sheristadar of Nellore.—

Recommending that Ram Row at present Head Sheristadar of Nellore be appointed to the vacant Office of Head Sheristadar in his District.—

It is unnecessary for me to enter into detail to satisfy the Board of the fitness of this person for the Office. His ability to discharge the duty of Head Sheristadar was acknowledged on his appointment to that situation in Nellore and he has had abundant opportunity of acquiring a knowledge of the Revenue System and general concerns of the Madura District from his long residence in the adjoining District of Tinnevelly and subsequent attendance on Mr. Drury when employed as Commissioner in Madura.—

DESTROYED

I must leave it to the Board to judge after such consideration as they may think proper whether Rama Row can be

be spared from Nellore. On this point I would only beg leave to observe that from his long official experience in Southern Districts he may be supposed to be more versed in their Management than in that of a Telugoo District to the North of Madras.—

Of the numerous applicants for the appointment many I have no doubt from the testimonials they possess are very fit for it, but Ram Row appears to me to unite the greatest number of qualifications.—

I have the honor to submit an account particular of the Charges incurred in the purchase of the two Articles.—

With

Fort St. George 17th May 1847

2 With regard to Salt Sheg to observe that the sanctions granted for the purchase of Home manufactured Salt under date the 12th August 1845 was Rupees 35,000 and for the purchase of foreign Salt under date the 20th November of the same year Rupees 2775 making a total of the Estimates sanctioned Rupees 62775 The actual charges incurred exceed this amount by Rupees 7959 13 " as shewn in the Margin. This increase is to be accounted for by a larger quantity of Salt than that estimated for having been required to be purchased as shewn in the Margin. The excess in the Home Manufactured Salt is owing to the Season being favourable for its production and the increase in the foreign Salt was found necessary to meet the increasing demand for it for inland consumption.—

To D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

Sir,

Para 1 I have the honor to acknowledge the receipt of your letter under date the 6th Ultimo, relative to a deed of Assignment of certain lands, and in which the signature of one of the parties named in it has been omitted, and to transmit herewith, for submission to the Board of Revenue, Copy of a Correspondence which has passed in consequence with the Honorable Company's Solicitor.—

2. It will be observed that it is the opinion of the Advocate General that "Government can suffer no harm from executing the Conveyance" so as to "Secure at all events an interest in 2/3ds of the property" He states that "the trust is to sell the whole and pay over the surplus" but that, "if an effectual Conveyance or sale of the whole property cannot be accomplished under this deed for want of execution of it by one of the parties entitled, it only remains either to effect a sale by seizure of the Sheriff in Execution upon a Judgment (on Cognovit or through regular Suit & verdict and Judgment) against the widow" "or else to take a conveyance of the 2/3ds" if that would

would suffice."

3 It would thus appear that there is no objection to the Government executing the conveyance and disposing of the whole property with notice of the defect in the title for any sum which those willing to make the purchase may feel inclined to offer for the same. This is, I think preferable to the "sale by seizure of the Sheriff in execution upon a Judgment" on account of the law costs which the Government may have to incur by the adoption of the proposed measure.

Sir,

Para 1 I have the honor to acknowledge the receipt of your letter to my address, noted in the Margin, and its enclosures, and to inform you that in compliance with the request therein contained I laid the papers before Mr Advocate General, and enclose you a copy of his opinion.

8th March 1847.

2 I return you the Assignment which accompanied your letter now under acknowledgment, the receipt of which I shall thank you to acknowledge at your Convenience.

(Signed) Clemt Dale
Hon'ble Company's Solicitor.

Opinion of the
Advocate General.

The omission of the execution by the Daughter of the deceased invalidates the full title of Government under the Conveyance for it is quite absurd to suppose that expulsion from Caste (by what authority does not appear) defeats her claim on distribution to her fathers Estate.

Government

Government, therefore, could not safely sell this Property without her execution of the conveyance. If they sold it with notice of the defect in the Title, it would be a breach of Trust, and of their Covenant to sell the whole property and pay the surplus after discharge of Government's claim to the Owners of it. If they sold without notice, then the purchaser would be decreed, and might sue for a specific performance (which Government could not comply with) or obtain damages for nonperformance of the Contract of Sale.

But I think that Government can suffer no harm from executing the Conveyance and thereby secure at all events an interest in 2/3ds of the property. It will be for the interest of all parties to procure the Execution of the daughter - and it is obviously a mere pretence that she is not to be found. It is probable she may be induced to execute finding that she can get no profits from the property by refusing - But, if she will not, other measures may still be taken on the Bond against the estate of Poonamak. The execution of the husband of the daughter is not sufficient to convey her property under the Hindu Law

To Clement Dale Esqre
Honorable Company's Solicitor.

Sir,

I have the honor to acknowledge the receipt of your letter under date the 27th Ultimo, No. 68, together with the Advocate General's opinion and Assignment thereon referred to, and to acquaint you that, having instituted a further enquiry, the result shews that, in accordance with the established usage, Vellee Ummaul was expelled by the heads of the Caste for acts affecting her moral character.

2. It is evident, from the reports and declarations now before me, that Vellee Ummaul has not been heard of for some time past - all endeavours made by the Officers on my Establishment and others, even after the receipt of the letter under acknowledgment, to trace out her place of residence, have been unsuccessful.

3 The Advocate General observes in Para 3 of his opinion that "Government can suffer no harm from executing the conveyance, and thereby secure at all events an interest in 2/3ds of the property." . . . . . It is inconsequence proper to ascertain whether it should not be notified, at the time of sale, that the right of Government under the Conveyance is limited to two out of the three shares originally held by the representatives of C. Ponnapah Mudelly, or that only 2/3ds of the whole extent, that is C.Ps 26 out of C.Ps 3-10-1039 will alone be put up, if such be the intention of the Advocate General.

The

Fort St. George 17th May 1847.

The Advocate General also observes that "it is probable she / Velle Ummaul / may be induced "to execute, finding that she can get no profits from "the property by refusing; but, if she will not, other mea- "sures may be taken on the Bond against the Estate "of (Sonnapah)". I request that you will be good enough to state what other measures should be taken on the Bond against the Estate of Sonnapah, if they are considered re- quisite under the circumstances explained in Paras 1 & 2 above.

Opinion of the Advocate General

The Collector is not authorized under the Assignment to sell 2/3ds of the whole property assign- ed. The trust is to sell the whole, and pay over the surplus by a sale of 2 undivided thirds the property would be materially sacrificed.

If an effectual Conveyance or sale of the whole property cannot be accomplished under this deed for want of the execution of it by one of the parties entitled, it only remains either to effect a sale by seizure of the Sheriff in execution upon a Judg- ment (on Cognovit or thro' regular suit and verdict and Judgment) against the widow as represen- tative of Sonnapah, or else to take a conveyance of the

I am directed by the Board of Re- venue to acknowledge the receipt of your letter of the 27th Ultimo retransmitting the deed of assignment returned with my letter of the 5th idem, with Copy of correspondence which has passed between yourself and the Law Officers of Government in respect to it.

2. It seems clear to the Board from the opinion of the Advocate General that the entire property cannot be sold under this deed. They therefore request that you will make further enquiry, and exert your best endeavours to ascertain where Vulleamah may be found, and if after the lapse of a reasonable time you cannot discover any trace of her, you will then apply to the Honorable Company's Solicitor for a fresh Convey- ance for the transfer of 2/3ds of the property, or such portions of it as the parties, who have already signed the deed are entitled to make over to Government.

3. It does not appear to the Board how the shares of Vulleamah is equal to one third of the whole Estate.

From the Secy to Government

Recording observations on the Board's Proceedings relative to the settlement of the Land Revenue of the District of South Arcot for Fusly 1254.-

Read the following Extracts.-

Extract from the Minutes of Consultation under date the 19th April 1847.-

Read again Extract from the Proceedings of the Board of Revenue dated 29th July and entered in Consultation 8th Septem=ber 1845 No. 815.

Read also the following further Extract from the Proceedings of the Board of Revenue.-

/ Here enter 25th March 1847 No. 164 /

1. The Most Noble the Governor in Council proceeds to review the Report of the Board of Revenue on the Settlement of the Land Revenue of South Arcot for Fusly 1254 the Consi=deration of which was deferred pending the re=ceipt of the further information called for by the Board from the Collector on points Con=nected therewith which has now been laid before

before Government in their Proceedings of the 25th March 1847. No. 164.-

2. The season of Fusly 1254 in the South Arcot does not appear from the Boards review of the Collectors' Report to have been favorable prices however were in advance of those of the previous year and are stated to have been in some measure remunerating to the Cultivating Community.-

3. In the Cultivation of the District there was a decrease under each of the heads of Dry Wet and Gardens

of the permission granted in South Arcot to enable the Ryots to meet the Government demand Viz.to the use of water for a second crop when the Cultivation of the first had not been carried out to its full extent without the payment of any additional tax. The Most Noble the Governor in Council concurs in the propriety and approves of the directions issued to the Collector that this privilege should not be allowed unless the Ryots pay Fusly Jaundy or additional half Teeruah. The Government have a right in any case to impose an Extra assessment on a second crop but in the particular case under consideration no examination appears to have been made by the Local Officers into the actual state of the first crop which are represented to have failed and it could only be on the grounds of ascertained complete failure that the indulgence should have received the Collectors sanction, or been admitted by him as a relaxation of a rule which should under any but emergent circumstances be strictly adhered to.

water from the Coleroon it is satisfactory to learn that their condition is improving. The low prices of grain in late years may have in some degree checked the extension of Cultivation but with an abundant supply of Water the Government are not inclined to believe that the Ryots simply from low prices would so materially contract their cultivation, as would appear to have been the case in the Talooks of Chillumbrum and Manargoody.

Pro: 25th March 1847 para 5.

7. The Government approve of the orders of the Board for adhering to the Clauses of the Hookummanah in the granting of Cowle lands, and consider the proceeding of the Collector in the case referred to as an objectionable departure from the established rules.

8. In reference to the concluding paragraph of the Proceedings dated 25th March the Most Noble the Governor in Council has to remark that the replies of the Collector of South Arcot to the observation in the Boards' Proceedings of the 20th July 1846 are dated the 19th September and were received by them on the 26th of the same month while their further proceedings bear date only the 25th Ultimo and

and though His Lordship in Council is ready to admit that in some cases it might be found more convenient for the Board to furnish their proceedings on the settlements of Collectors without waiting for further information from those Officers on points where it has been found defective, and which might entail the examination or preparation of accounts requiring time; yet in general it would be preferable to places before Government at once the fullest information on all subjects connected with the settlement of the year. In the present instance this latter course might well have been adopted and the delay which has now occurred in the Office of the Board obviated.-

(7,8) 1. The Most Noble the Governor in Council observes that the monthly allowance of

of 105 Rupees referred to in the foregoing Proceed-
=ings was originally granted by Government
for the support of Chinnaujee Tavern in lieu
of the Village of Coolliemary formerly Con-
=ferred on that individual and which was
by some unaccountable mistake made
over to the Zemindar of Chocumpatty without
any stipulation whatever for the Appropri-
=ation of the revenues in favor of the incum-
=bent. It would also appear that the Govern-
=ment were obliged to provide a separate
maintenance for Chinnaujee Tavern as it
had indirectly guaranteed the pay-
=ment of a certain sum for his mainte-
=nance, on the Village above mentioned as
being included in the Deed of Permanent
Settlement granted to the Zemindar.-

2 The provision hitherto in-
=volved an Extra Charge to the State, but the
Zemindary of Chocumpatty having now
become the property of Government and the
revenues of the Village of Coolliemary being at
its disposal, His Lordship in Council consi-
=ders the Government bound by considera-
=tions of Justice to continue the allow-
=ance without reduction and as a permanent
grant

grant for the support of the family of
Chinnaujee and he accordingly directs
that the sum of Rupees 23¾ enjoyed by the

shares as recommended by the Acting

From the Collector of Rajahmundry

Reporting on the Settlement of the Government Estates for fusly 1255 and Submitting the usual Accounts both in English & Telooguo.

Sir,

Para 1. I have the honor to Submit for the information of the Board of Revenue the usual accounts of the Settlement Estates of this District for fusly 1255. A.D. 1845/46.

2. The Government having been pleased to appoint Mr. Henry Forbes to be sub Collector and Joint Magistrate of this District I have placed under his charge the four Government Estates lying on the South and west of the Godavery named Mogultore, Woondy Tunnakoo and Tandemulla, also the management of the Police and Moturpha of Goo-
=talah Division as detailed in my report of the 28th November 1845.

Season. 3. There was a small quantity of rain at the commencement of the Cultivating Season in the months of May and June. In the Month of July there was a good fall in the Cottapillay Rajahmundry, Mogultore, Nuggarum Rauly and Tunnakoo only. In August and September there was partial rain on the west of the Godavery which was sufficient for the dry Crops. In the middle of October there was a like fall in the same part of the District, but there was no rain at all during the months of November December and January. There was a failure in all the Estates on the East of the Godavery and the want was seriously felt in Cunnavarum Cottapilly Peddapoor, Cotah Ramachendrapoor and Pittapoor In the Month of July the Godavery Came down, but immediately

Subsided

Subsided. The supply however was sufficient for the irrigation of the Paddy Crops in Woondy Talook, but the Tanks in Tandemmalum and Campanee and other Estates received no water.

Produce.

4. About three Sixteenths of the land of the District were cultivated with Peramaj or the early Crop. Those on the west of the Godavery yielded three fourths of a produce while those on the eastern bank produced only one fourth. The result of the early crops throughout the District was about three fourths of the usual produce. The dry paddy called Boodama was cultivated in about one sixteenth of the District and yielded only one fourth of the expected produce. The dry paddy of other sorts and the Cholum which occupied one fourth of the lands yielded a full crop in the vicinity of the Godavery and somewhat less in other parts, the whole growing about three fourths of the expected produce. The wet Crops in Woondy and Nugoor Talooks were very good but very little was in Cauveravum, Collapidday and Tandemalum that little was lost for want of water. The Cundooloo Gram, Cotton, Tobacco, &c. grown in the Lunkahs or Islands of the Godavery yielded good Crops. The Pyru or dry crop consisting of Thuvya, Avaremoloo, Pesaloo and Gumpa Oil seeds could not be sown for want of rain, the unfavourable nature of the season.

harvest was scarcely more than ten Sixteenths of a good Years produce.

Prices

5. The failure of the principal wet Crops in all the eastern Talooks, the large Exportation of Paddy and rice by Sea to Bourbon &c. and the despatch by land of Cholum and Paddy from Rawley and Woondy to the Nizam's Territories where the scarcity of Gram was seriously felt led to a great rise in the prices of Gram in fusly 1255 A.D. 1845/46 as shewn by the Statement in the Margin, exhibiting the prices of the four principal products of this District. The ryots were thus in Compensated in some degree for their scanty Crops and the Collections did not prove so small as might have been expected.

22. It is now reduced to 18 as detailed in the margin owing to the Talooks having been all remodelled under the Sanction of Government conveyed in the Proceedings of the Board under date the 1st September 1845.

It will be seen that the Estates of Pengondah and Moongondah have been incorporated with the adjoining ones but no change has taken place in the number of Government Villages in the Estates Nos. 6-7-8-9 and 14.

9. The Settlement was made under three systems namely Wisabady Assarah and joint rent. The Settlement

The

Fort St George 20th May 1847

The above shows a decrease of Rupees 15302 on the Estates under my charge and Rupees 1910 in those under charge of the Sub Collector. The decrease in the former is chiefly in Ruggavarum Kaupavarum Kotah and Ramachendrapoorum Estates

The Statement notes in the margin shows what portion of that decrease occurred partly in those Villages which were settled under Vysabady in both Fusles and secondly in those which were settled under rent in fusly 1254 a.D. 1844/45 and transferred to Vysabady in fusly 1255 a.D. 1845/46. The decrease in Ruggavarum and Kaupavarum arose from the decreased Cultivation from want of rain from allowing remission of the Sheist of certain lands actually left uncultivated and from the impoverished state of the Ryots. The decrease in the Kotah and Ramachendrapoorum Estates was occasioned by the same causes also by a large quantity of land in Vankatippa having been covered with sand and thus rendered unfit for cultivation. The increase in the Rajahmundry Estates is partly attributable to the augmentation of Rupees 642-- in the Sheist of the Dunkah lands but chiefly

Fort St George 20th May 1847.

chiefly to the levying of the Kham Sheist at an increase of Rupees 1237 upon Vandapully and other Villages which were rented in last Fusly but transferred to Vysabady in the Fusly under report. With respect to the falling off on the Estates under the Sub Collector I beg to observe that the large decrease of Rupees 893-6-6 on Tandemulla was owing to certain Villages that were settled in last Fusly under rent having been brought into Vysabady at reduced Sheist in consequence of the lands of Kotavarum and Pungedegoodem having been left waste for want of water in the irrigating Tanks. The decrease in Woondy Talook arose partly from the lands of Pondoovapaudoo having been spoilt by being under water for some time and partly to the inability of the Ryots to cultivate their usual extent of land. The small decrease on Mogultore Estate needs no remarks.

The

Fort St George 20th May 1847.

The increase of Rupees 310 9 8 on Amlapo Estate has arisen from the improved state of the irrigation and from the enhanced prices of Grain in two Aysarah Villages called Samuntacoorcoo & Pellooguddo The decrease of Rupees 297 8 5 on Rajahmundry Estate arose from the Tunkah land which was settled under Aysarah in last fusly at the Assist of Rupees 207 12 having been transferred this year to Vizagapatam and from the crops on the newly formed Tunkah lands having been injured for want of rain among the Estates under the Sub Collector, the increase on Mogultoor arose from the improved state of the cultivation and the favorableness of the season in Anguroo which was settled under Aysarah in both fusles, and from the rise in the prices of grain The same remark applies to the increase in the Woondy Talook wherein 5 Villages named Goonapoody Gollalacodairoo, Goonadavilly, Royalum and Madavarum were transferred to Aysarah in the fusly under report from want of proper offers for rent The Villages of Gollalacodairoo, Goonapoody and Goonoodavilly also derived profit from improvements

Fort St George 20th May 1847.

improvements in the irrigation from the Bhoopiah channel &c. The increase in the Tanookoo Talook was owing to the Assist having been levied under the Aysarah system upon some lands in the beds of certain tanks which were left perfectly dry in consequence of the failure of the rains The decrease on Tandemulla Estate was caused partly by a large quantity of lands under Amaracum having been left uncultivated and partly by the failure of crops, on those lands which were cultivated, for want of rain

The following Statement exhibits the Settlement of Villages under rent in comparison with the preceding year

all the Villages were let out for the term of one year. The increase on the 237½ Villages of the Estates under my charge is owing to the Settlement having been framed upon the Permanent Assessment and with reference to the Assist and Collections of the preceding years also to the Lunkah lands in Woobalinkah Ravoolapelleru Cuttoongah &c. in the Rauly Estate having been let out at a higher rate in consequence of their increased value. The increase on the Estates under the Sub Collector is also attributable to the Settlement on the basis of the Permanent Assessments and

15. The Statement annexed shows the Collections of the said Current Demand levied within the fusly and those up to the end of October 1846 leaving the present balances of Rupees 29568-11-3 under the various systems of Settlement.- The Amount due from the Estates under the Sub Collector will be levied conditionally on the state of the season in the present fusly as will be seen in his report.- Of the Amount of balances due from the Estates under my control, a large portion is outstanding against the Kanpavarum and Cottapilly Estates; against Venkatippa and other Moolahs comprised in the Cotah and Ramachendrapoorum Estates and against Undrungy and other Villages included in the Coca-nada Division. This is attributable to the unfavorableness of the season in those parts of the District. Of the Amount of Rupees 19332-10-6 outstanding under rents, the Collection of Rupees 18738-11-6 has been postponed with a view to its realization during fusly 1256.- After

making

making particular enquiries in each Talook this sum was ascertained to be the Amount of the whole of lands left uncultivated for want of water. Under Ordinary remission would have been granted to this extent but under rents it is necessary that it should be realized in spite of there having been little or no produce. In the Rajahmundry Estate four Villages named Vandapilly Vga. bearing a Jeshya Jaidy Cist of Rupees 900-3-11 having been brought under assarah by the Amuldar without any authority for doing so. they were again settled during the Summabundy under Vis: Jabady.- Amt. sum of Rupees 509-9-7 (forming part of the balance of Rupees 520-10-2 against the Estate) is due from very poor ryots and from some who have newly arrived and is found to be irrecoverable, and requires Sanction to be remitted. The remaining Balances due from this Estate and from others will be duly enquired into at the Settlement of fusly 1256. and recovered as far as practicable.-

Those of 1253 Fo. 1843/44 arose chiefly from the damage done to the crops by the great floods of the Godavery in September 1843. I beg to recommend that sanction be obtained for writing off this sum of Rupees 7,522-13-2 to profit and loss. The remainder of the irrecoverable arrears Viz. Rupees 128205. 7- 11 is outstanding against the Villages settled under the renting system in three different ways namely— Rent under security — Byanny rent and joint — rent— The balance under the two latter heads is due from ryots who in consequence of a series of unfavorable seasons the famines in fusles 1242 A.D. 1832/33 and 1248 A.D. 1838/39 the storm

storm in fusly 1249 A.D. 1839/40 and the river floods in fusly

1253- A.D. 1843/44 have been reduced to poverty - The reten-

-tion of this balance hanging over the heads of

the ryots will only tend to maintain the syste-

of exaction injustice and violence which has so

ground them down to a state of destitution who

on the other hand the relief afforded them by

striking it off will soon be manifested by

an improvement in their condition - As

regards the balance of rent under se-

-curity it appears impracticable at

with reference to the conduct

of the renters and their sureties to

realize more than what had been agreed

upon to be paid - Some of the Securities

when summoned to the Boozzoor denied

having given security and stated that

the Amildars had fraudulently entered

their names in the Security bonds as if -

they were a mere form - But this excuse was

of course rejected - It will be ob-

-served by the Statement that -

this balance accumulated chiefly

in the famine season of fusly 1248 A.D. 1838/39

the storm in fusly 1249 A.D. 1839/40 and the -

drought in fusly 1250 A.D. 1840/41 - For these

three seasons it amounts to Rs. 24,575-

a p.

t- j. under these circum-

-stances I request sanction for -

writing off the amount of this

balance Viz. Rupees 128,205-7-11.

Fee

Fort St. George 20th May 1847.

The sum of Rupees 297-3-11 entered as recoverable will be realized as soon as possible. The sum of Rupees 4,568-11-5 entered as irrecoverable is the result of casualties by death poverty or desertion. A part is due on account of the calamitous fusles 1242 A.D. 1832-33 and 1249 A.D. 1839-40 in the former of which there was a famine and in the latter a dreadful storm accompanied by an inundation of the Sea. As there is no prospect of recovering this sum I beg that sanction may be granted me to write off the same from the Accounts.

The following Statements corresponding with the accompanying accounts Nos. 3 and 9 shows the Demand Collection and Charges of all items of revenue inclusive of Estabishments separately reported upon on the 7th September 1846 for fusly 1255 A.D. 1845-46 as compared with fusly 1254 A.D. 1844-45. The increase of Rupees 43,043-10-11 in the collections of Government Estates is attributable partly to the fine season combined with good prices and partly to an improvement in the efficiency of the Amildars

Fort St. George 20th May 1847.

Amildars. The decrease of Rupees 98,931-13-6 in the collection of revenue permanently settled arose from the crediting in last fusly under arrears a sum of Rupees 31,631-3-1 being the proceeds of the sales of Estates which were sold by auction and purchased on account of Government also from a Sum of Rupees 100,000-0 on account of the Current Peishcash of the Pittapoor Zemindary having been reserved to be collected hereafter by yearly instalments owing to the failure of the Monsoon and consequently of the Crops. The state of the land revenue permanently settled and of the Estates under Circars Managements had been explained in my separate reports of 7th September and 9th November 1846. The increase in the charges is occasioned by the appointment of the Sub Collector and his Establishments.

20. Copy of the report of the Sub Collector accompanies this. The Statements in my report exhibit the demands of all the Vifsabady and Afsarah systems under their respective heads with reference to the Accounts prepared in my Office and those sent by the Sub Collector. But the Statements inserted in the report of the Sub Collector do not include under their respective heads the Vifsabady Cist on portions of land in the rented and Afsarah Villages nor the Afsarah Cist. on Vifsabady Villages. The Bareez has been entered as if the Villages were wholly Vifsabady or wholly Afsarah. This difference it will be observed has been pointed out by the Sub Collector in the 20th and 25th Paras of his report.

21. The experience and ability of my Sub Collector. Mr. Henry Forbes are too well known to require more than this cursory notice from me. Mr. T. J. Howe Head Assistant Collector has been for 3½ Years in charge of the Taloks of Nuggaram and Amalapooram and has also conducted the Management of

of the Extra Sources of revenue. The results as shown by the public Accounts have been very satisfactory and prove that Mr. Knox has zealously maintained his reputation.

22. Mr. R. E. Master has only lately joined the District. He is in charge of the Post Office and is engaged in trying Police cases. I consider myself fortunate in having the benefit of his services.

4. The Season in these Talooks was upon the whole a good one. The rains in June and July were sufficient for the commencement of the Cultivation, and the freshes in the river, though never very high, twice sent a supply of water into the Poopeah Channel which enabled the Ryots of Woondy, and of 1 or 2 Villages in Mogultore, to bring forward their wet cultivation. The Villages on the North of Woondy, and South of Tanookoo, were not so favored as other parts of the Division some Crops were lost and some land left altogether uncultivated. —

5. I regret that I am unable to furnish a Comparative Statement of the several descriptions of Cultivation for Fusleis 1254 and 1255, No accounts from which such a Statement might be prepared are forthcoming in the records, and none could be obtained from the Curnum on which reliance could be placed. —

6. I have taken steps to supply this great deficiency in the Division accounts and to obtain regular periodical reports of the Cultivation in all the Villages. —

7. It is obvious that to compare the Beriz without also comparing the Cultivation of two successive years may give a very fallacious idea of the actual state of a District. —

8. From the wet Cultivation a full Crop was reaped, the Jonna, Cotton, and other dry Crops were not so full, and the average may be stated at three quarters. —

9. The diminution in their Crops was however very generally made up to the Ryots by the rise of prices which enabled them to obtain a good remunerating price for their Grain and in almost all instances punctually to discharge

11. The settlement was formed on the principles of Joint rents whenever they could be obtained on fair terms, and where that was not the Case, the Vifsabadi and Aseamh Systems were followed.

12. The number of Villages settled under each System is particularized below, and a Comparison made between the last and the preceding Fusly. —

Talooks

Fort St. George 20th May 1847.

13. With the exception of the usual remissions to Village Servants &c. no remission was granted except for lands left uncultivated, and then only after a personal enquiry into the condition of the Ryots, and the profit made on the produce they had raised from their other lands, had satisfied me that the indulgence was absolutely necessary.—

14. The Amount of remission thus granted in each Talook was as follows.—

15. The number of rented Villages has been above stated at 214 being 11½ less than in the preceding year. Of the whole number 208½ were rented in both 1254 and 1255 Fuslies. Of 225½ rented in Fusly 1254, 12 were settled under Visabady, and 5 under Asarah in Fusly

The

24. The decrease of Rupees 3588-4- " in the Saudemullah Talook, on lands which remained under asarah in both fuslies was entirely owing to want of water in the tanks on which the land depended. In Mogultore and Woorgy the Crops were good and combining with high prices, a favorable result is apparent.—

25. The difference apparent between the above Statement, and that entered in No. 5 A is owing to the former containing the Beriz of entire asara Villages only, while the latter includes also small parts of puncorboke land settled under asarah from a length of time, although forming parts of rented or Vesabady Villages and the total amounts of each are shewn in the Margin-

30- These balances formed subject of particular enquiry at the time of the Settlement and advantage was taken of a season favorable to the Ryots both in amount of produce, and of high prices to collect a proportion of these old balances from every Village.——

31- The amount to be thus collected was fixed by myself and has in almost all cases been duly paid.——

32- Of the total sum of old balances thus amounting to Rupees 127085—11—11, the accounts prepared in each Taluk return a sum of Rupees 36764—9—7, as eventually recoverable, but the facility of collecting, or the propriety of demanding even that portion of the balances must entirely depend upon the seasons than which, as past experience shews, nothing can be more uncertain.——

33- In recommending that the Ryots may be relieved from the remainder of their balances amounting to Rupees 90321-2-4. I am aware that the sum is large, but it is the accumulation of thirteen years, among which some have been ruinously unfavorable, and although some further proportion might be brought to account, if recourse were had to distraint, and the harsher

harsher methods of enforcing payment of the revenues, the Government would undoubtedly in the end be the greatest sufferer, and would lose more by the decreased cultivation of future years, than would be gained by the sale of the agricultural stock of the Ryot.—

34. If it is once determined that it is impolitic to enforce the payment of these balances the sooner they are struck off the better, for as long as they remain on the accounts they are a fertile source of peculation to the Talook servants and of oppression to the people, and serve to keep down the resources of the Country, from the unwillingness of the Ryot to embark in extended cultivation, when they have to fear that the whole surplus produce of their Capital and labor, will be taken in payment of balances of more than 12 years standing.—

35. After the Settlement was closed, a detailed examination was made into the circumstances of the renters of eleven Villages in Tsarakatalook, who owed balances amounting to Rupees 17370-6-11 accumulated in fusslies 1247, 48, 49, 50, 51.

36. Some of the Original renters and many of their securities had died and as very irregularly had the rents been given that it appeared

7106 Fort St George 20th May 1847.

appeared that no less than 39 out of 165 of the securities had been entered in the bond, not only without their consent, but without even their knowledge that many of them were inhabitants of Masulipatam, and heard of their liabilities for the first time by a demand for payment being made.—

37. Against such irresponsible securities, no demand could with justice be enforced, and I at once remitted their several shares.

38. These Villages undoubtedly suffer. severely in fusly 1248, from drought, and from the storm in fusly 1249, and making due allowance for the amount due by parties deceased and for the means of further subsistence to those who remain, I consider that in receiving Mootchilkas for the payment of Rupees 5209, within the Month of April 1847, and in recommending the remission of the remaining sum of Rupees 12161-6-11.— I best consult the interest of Government by forbearing to press too heavily on the means of future production.—

Sub Coll.r's Report Para 4. and Paras 23 & 24-

The rains of the S.W. Monsoon throughout were partial and scanty and tho' a good fall occurred in July it was confined to certain localities only. In the middle of October a partial rain was received in the Villages situated to the West of the Godavery but no rain fell in any part of the District after that date- The Woondy Talook and a part of Mogultoor both in the Sub Division having the irrigation of the Boopiah channel not led from the Godavery experienced no deficiency but as the River Freshes were not high and subsided rapidly the more remote Villages which should be fed by the Channel, derived no benefit from this source of supply. The out turn of the year was good in Woondy, in a part of Mogultoor and in the Islands of the Godavery- In the other parts of the District it varied averaging about 3/4 of a fair yield but as the deficiency of rain did not admit of the last Crops of the season as Pulse and Oilseed being sown, the entire result for the whole District it appears was below 3/4 "of a good year's Produce". The District till rain fell, was unhealthy from the prevalence of Cholera- Disease as well as a want of forage and water proved fatal to the Cattle-

Fort St. George 20th May 1847.

The Board think it desirable that one uniform system of Rent the extent of Land held and assessment payable by each being clearly defined, should be adopted till superseded by a survey. The Collector will be pleased to attend to this in regard to the Villages settled at present as Veessabady and Aparah and if it is found necessary to retain either of these modes of Settlement the cause should be distinctly explained—

4. The distribution of Villages mentioned in Para 8 appears to refer to the new arrangement of Talooks sanctioned by Government under date 30th August 1845. Jandimala, 34 Villages, is exhibited as a separate Talook, while no separate mention is made of this Estate in Statement No. 1 under the signature of the late Acting Collector Mr. Bird, forwarded with letter from the Collector dated 29th May 1845. On the other hand the Talook of Yernagooden No. 4 of Mr. Bird's Statement is not separately mentioned in the Report under consideration. These apparent discrepancies should be explained in a separate letter and the Collector will also

Asparah Settlement.

Q. The Settlement of the Asparah Villages exhibits a Net increase of Rupees 2644-3-8. the Gross increase occurring principally in Mogultoor and Woondy and arising from the improved state of the cultivation in those Talooks and from the high prices of the year, a large decrease of Rs. 3588-4-10 occurs in Sandymal-lah in 24 Villages Settlement under Asparah in both years and Arises entirely from failure of water as already explained. This mode of Settlement was resorted to in 5 out of 10½ Villages settled in this manner in consequence of the offers for rents being inadequate. The 5 Villages in question are situated in the improved Talook of Woondy. The Collector has apparently acted with judgment as the result shews in not Accepting the Offers tendered, but as a general rule it is better that a Village should be rented if the terms are not unreasonably low, rather than that the risk of loss of Revenue and injury to the Village by settling on a division of the Produce should be

The Rented Villages shew a Net Increase of Rupees 9749-10- in the year under report which is attributed partly to favorable offers having been received for certain Asparah Villages in the Woondy Talook, and partly to the rents generally having been fixed with reference to the Permanent Assessment and the last and Collections of former years. These Accounts unless rendered inapplicable in consequence of an improved state of the Village are the best data for forming the Settlement and the Board desire to have before them in future with the Report on the Settlement of the year in abstract Statement shewing the Permanent Assessment and the average Amount of the Demand and Collections of past years in comparison with the rents of the year: reported on explanation to be afforded in regard to any difference that may be found to exist.

11. In the Woondy Talook the Amount of rent is still 33-13-2 per cent below the Permanent Assessment and the difference is greater in this than in the other Talooks of the Subdivision. This Talook has however progressively advanced as remarked by the Sub Collector and the Board trust that in the present improved state of the irrigation it is capability will be further developed.-

12. In the Government Villages generally the settlement of the year under review is Rupees 15,274- 3- 4 below the permanent Assessment.-

13. The Board observe that the rents are confined to one year and conclude that the terms are adjusted generally at an early period of the fusly thus affording the Ryots an opportunity of availing themselves to the utmost of the advantages of the season. Where the Ryots of a Villages are desirous of extending their Farms by taking upland thrown out of cultivation during the last few years

years in consequence of mismanagement under the Zemindary system or from other causes, on a progressively increasing Cist, the Board are of opinion that this wish should be complied with, and the arrangement with particulars reported for their information with the Settlement of the year. This extension of cultivation appears desirable and is in unison with the recent orders of Government.-

14. It is proper to point out with reference to the remarks of the Sub Collr in para 6 of his Report that to require returns of the cultivation in rented Villages would involve an unnecessary interference. In Aparah Villages such returns are indispensable.-

It is thus seen that the Balance outstanding at the end of Fusly 1253 (1843/44) is Rupees 22,827-2-4- of which the greater portion or Rupees 19,972-8-5-1 as already explained is stated by the Collector to be irrecoverable. The Board are of opinion that the future resources of the Ryots, however abundant should not be trenched upon to meet these old Balances, to do so would be to interfere with the Collection of more recent Balances and with future Production — They accordingly beg to recommend that the whole sum or Rupees 22,827-2-4- may be written off in the accounts of the Collectorate.

The Board expect that the Balances of Fuslies 1254 (1844/45) and 1255 (1845/46) will be finally adjusted and reported on with the Settlement of the Current Fusly (1256) (1846-47).

Under the explanation afforded by the Collector the Board beg to recommend that the Arrears of Tuccavy amounting

Para 1. I have the honor to acknowledge the receipt of your Circular letter of the 15th Ultimo transmitting Copy of an Extract from the Minutes of Consultation dated the 25th March last and requiring my opinion on the relative advantages of the mode of renting the Abkarry by tender and of the present practice of selling the rents by public Auction &c. &c.

2 The Abkarry in this District has never been rented for a longer term than one year at a time, but it seems desirable that it should be rented for two or three years. The adoption of the system of tenders will necessarily lead to a diminution in the revenue at first and it will occasion more trouble than the simple method now prevailing I do not think that it will introduce a more substantial or respectable set of men as renters and therefore I prefer maintaining the present state of affairs.—

From H. V. Conolly Esqr
Collector of

Sir,

I have the honor to acknowledge the Board's communication of the 15th Ultimo desiring me to submit my opinion on the relative advantages of Renting the Public farms Abkarry &c. by tender instead of Public Auction.

Submitting his opinion on the relative advantages of renting the Abkarry revenue by tender instead of by public Auction.

I beg to express my opinion in concurrence with that of Mr Sinclair that the system of putting the Government rents up to Annual Auction does encourage gambling and that any immediate gain accruing to Government from the Competition of bidders is more than counterbalanced by the evil passions and individual loss which the system is calculated to produce. I have known more than one instance in Malabar in which the excitement of a public auction has induced a man to give much more than the Farm was worth. Bad blood was roused by the open rivalry of the Competitors and the successful candidate was eventually a severe loser in keeping to his engagement.

I think the plan of substituting a system of sealed tender for a limited

period

period say from 3 to 5 years is one well worthy of trial. The value of the farm would not alter much in that time and the certainty of an uninterrupted possession for so long a period would tempt many respectable persons to engage in a speculation which is at present thought to be too short and uncertain. Many a Capitalist I think would embark properly in a lease for 3 or 5 years who would not embark it in a lease for one. In the Ferry Farms an important item in the Malabar rents the additional time would lead to greater care being taken in the provision of good servants and boats and the public would be much advantaged.

I do not find that the Abkeary has ever been rented in this District for a term of years.

The Cardamom Farm which was generally rented Annually was given on a lease of 5 Years (at my recommendation) in 1811 and was renewed for a further and equal period in 1816. I have every reason to be satisfied with the change as explained in my letter to the Board of the 4th July 1816.

Board of Revenue.

Soliciting the Boards instructions as to whether the Arrears of Peishcush are to be entered in the Accounts Current of the several purchased Zemindaries in the Guntoor District &c.

The time having arrived when it becomes necessary to come to a clear understanding as to the principles upon which the accounts current of the several Zemindaries are to be kept, with a view to carrying out the instructions contained in the Despatch of the Honorable Court of Directors of the 21st June 1815, so as to recover from each Estate the actual cost of such improvements as may be made either in the Means of irrigation or by a survey. I have the honor to solicit the Boards orders on this subject.—

2. The principles on which the cost of works of irrigation are to be apportioned have already been decided upon, and the proportion of the charges of Management to be borne by each Estate has already been fixed in the new Establishment sanctioned by Government under date the 21st December 1846. The doubt is whether in the accounts now to be kept the Estates are to be debited annually with the Current Peishcush, and the outstanding arrears,

or

arrears, or only the Current and arrears that may accrue from the date of the Government purchase.—

From Bd. 3d Augt. 1846
To D. 29th D.

3. From the correspondence noted in the Margin it appears that a recommendation has been made to Government to remit the arrears of Peishcush outstanding up to the 15th of April last. If it be intended that the Peishcush from that time only is to be recovered from the Estates, there would seem to be a prospect at no distant period of attaining that point, as the collections from some of the Zemindaries are now nearly equal to the Peishcush. But I apprehend that this was not contemplated by Government or the Honorable Court, and that it is intended to retain the Estates until the permanent Settlement, arrears and Current, has been recovered, and only to absolve the Proprietors from their personal liability on that account. In this case, it will be necessary to keep an Account Current with each Estate some what in the following form.

To Arrears due on 12th July 1846.	By Gross Collection in Fusly 1256.
To Peishcush for Fusly 1256.	Current—
To proportion of charges of Management.	Arrears—
To allowances to Zemindars and family.	Balance—
Charges of irrigation.—	
Charges of survey.—	

Such

Such an adjustment however admits of a very remote prospect of the restoration of the Estates and I should conceive that on this account it would be most acceptable to the Zemindars as well as highly desirable on all other grounds to allow them to resign in perpetuity their reversion to the Estates in consideration of receiving an immediate bonus in the shape of rent free Villages &c. and perhaps a more indulgent scale of allowances and I would beg to suggest that I may be authorized to ascertain their sentiments on this point.—

Proceedings thereon. The Board consider with reference to the present condition of the Zemindaries which requires the revenue to be exhibited under two different forms of account that in the Statement shewing the particulars of each Zemindary as directed by the Honorable Court of Directors the Estate in question must be debited with the outstanding arrears in addition to the current Peishcush and they request the Collector to prepare and submit for their perusal a form of

27-28

of Statement shewing the manner in which he proposes under the instructions herein contained to keep the account of the several Zemindaries.

2. The question of the future treatment of the Zemindars being at present before the Government and the Honorable Court of Directors the Board are of opinion that it would be premature to authorize Mr. Stokes in the present stage of the business to communicate &c. with them with a view to ascertain their sentiments in regard to resigning in perpetuity their estates in consideration of receiving an immediate bonus in the shape of rent free Villages &c. and perhaps a more indulgent scale of allowances.—

Board of Revenue

Fort St. George

Sir,

From H. Stokes Esqr.
Collr. of Guntoor

I have the honor to acknowledge the receipt of your letter of the 17th Instant conveying the Board's remarks on the return of persons charged with offences under Regulation IX of 1822 from this Office for the Month of February last.—

2 The oversight in omitting to enter the dates of suspension in all cases will be avoided in future, and the dates of reference to Tahseldars and of the receipt of their proceedings will be noted in the column

column of remarks.—

3 The names of the parties in cases Nos. 18. 21. 38. and 41. were left out by some neglegence of the subordinates in the Office; they are entered in the subjoined Memorandum and I beg you will have the goodness to cause their insertion in the Return in your Office for Febuary as well as for March in the cases which are included in that Month.—

4 The delay in disposing of the cases investigated by the Tahseldars was in a caused by the necessity of devoting a large share of time to the Inamdar Cundy during the last five Months, and they will now be decided as speedily as practicable.—
