This suit was originally filed

Fort St George 20th May 1847

filed in the late Auxiliary Court of Guntoor by Vaseereddy Ramanadah Baboo the Zemindar of Vaseereddy against Meercha Sawarally - On the auxiliary Court being abolished, the Suit was transferred to the Principal Sudr Ameens Court the Zemindary having been attached and subsequently purchased by Government, the Collector of Guntoor became Plaintiff. —

In the Plaint it is stated that in the year 1837 and also in the year 1840 the Defendant usurped 53 Coontahs and 15 3/4 Vesums of Shary land. The Defendant Cultivated part of this land and refused to Pay Kist for it - The Plaintiff therefore sues the Defendant for the above land yielding Rupees 188—15—2 past Kist at Rupees 3—8—0 per Coontah per year and Rupees 680—10—6 on account of this Kist of the former years. —

The Defendant in his answer denies that he has usurped the land sued for and states that in 1735 allakhollee by a sunnud gave Ameenooddeen one Coachellah of Land in Cranm. —

Ameenooddeen

Fort St George 20th May 1847.

Ameenooddeen had four sons who divided the Coachellah into four parts - The only surviving heirs of these men were Beejan Bee by a Deed Dated 14th and 15th April 1821 made over to Defendant the 6 Vesums being her share of the land - Baday Saheb on the 10th of September 1824 gave the remaining 10 Vesums to his daughter Soomanbee when she married the Defendant. The Defendant went to Hyderabad and in 1832/33 he sent for his wife and Beejan Bee. In 1835/36 the Defendant returned to this District planted trees on the ground and Cultivated it that no Kist is payable on this land and that it does not yield at the rate sued for. —

In the reply it is stated that Ameenooddeen never had one Coachellah of Cranm land, he has only a Garden containing 6 Vesums that it is only the produce of the trees in this garden which was granted to Ameenooddeen and his family and that Kist is paid for the Crops raised on the ground. The sunnud &c mentioned in the answer are false deeds, the quantity of land is double the quantity mentioned in the answer.

In the rejoinder the

the Defendant denies the truth of the reply.—

The Principal Sudr Ameen in his Decree states, that Defendant shall deliver up 6 Coottahs and one Vysum to the Plaintiff that the Plaintiff has not proved his right to any portion of the other two lands sued for and which form part of the 69 Coottahs 9 Vysums and 1 Cawnee of land which the Ameen in his report states, is now in Defendants possession. He therefore dismisses the Plaintiffs claim for this land, and also the claim for Rent. He further decreed that both parties should pay their own Costs.—

The Collector being dissatisfied with this decree has appealed therefrom.—

In his appeal Petition he states that the Principal Sudr Ameens decision is grounded on the assumption that the possession by one Ameenooddeen of a certain quantity of land granted for making a garden Veda is admitted by both parties, that the Respondent has proved that he obtained the land now claimed, from Ameenooddeens heirs and that appellant has failed to prove that either encroachments have been made beyond the

the limits of the land granted or that the land if cultivated with other produce than trees, is liable to assessment.

The appellant however argues that under the provisions of Regulation XXXI of 1802 the Respondent was bound to produce an authentic title for all the lands claimed and that under Section XII of that Regulation if the Summuds were liable to exception, the Court was bound to decree in favor of the appellant, that the Summuds filed in this Case is not to be depended upon is admitted by the Principal Sudr Ameen, and he has in actually decreed to the appellant part of the land which respondent claims under that Summud.—

The limits laid down in the measurement Account filed by the Respondent include altogether three Coochellahs of which half a Coochellah is held as a Garden with an undisputed title by one S. Venkata Krishnamah.—

The Principal Sudr Ameen is of opinion that the appellant has not proved, that Respondent has not held the

the Defendant denies the truth of the reply.—

The Principal Sudder Ameen in his Decree states that Defendant shall deliver up to Contahs and one Vissum to the Plaintiff that the Plaintiff has not proved his right to any portion of the other two lands sued for and which form part of the 69 Contahs 9 Vissums and 1 Cawnee of land which the Ameen in his report states, is now in Defendants possession. He therefore dismisses the Plaintiffs claim for this land, and also the claim for Rent he further decreed that both parties should pay their own Costs.—

The Collector being dissatisfied with this decree has appealed therefrom.—

the limits of the land granted or that the land if cultivated with other produce than trees is liable to assessment.

The appellant however argues that under the provisions of Regulation XXXI of 1802 the Respondent was bound to produce an authentic title for all the lands claimed and that under Section XII of that Regulation if the Summuds were liable to exception, the Court was bound to decree in favor of the appellant that the Summuds filed in this Case is not to be depended upon is admitted by the Principal Sudr Ameen, and he has actually decreed to the appellant part of the land which Respondent claims under that Summud.—

The limits laid down in the Measurement Account filed by the Respondent include altogether three Coochellahs of which Half a Coochellah is held as a Garden with an undisputed title by one S. Venkata krishnamah.—

The Principal Sudr Ameen is of opinion that the appellant has not proved, that Respondent has not held the

the land free of assessment and therefore the land is Enam and no assessment can be levied on it, but by Section VIII Regulation XXXI of 1802 it is enacted that possession for any length of time cannot be pleaded in bar to the right of Government to resume lands held under invalid titles.—

By Section XVIII and XIX of the above Regulation it is enacted that unregistered titles and Sunnuds shall not be deemed valid, the sunnud on which the land is claimed by the Respondent has not been registered.——

It has been proved by accounts filed that kist was paid from the year 1825 to 1832. the Principal Sudder Ameen says that during this time the Respondent was at Hyderabad, and therefore these Collections cannot prove the right of the Zemindar to Collect the kist, but if the Zemindar had no actual right to Collect kist the persons in charge of the

the land would have sent notice to the Respondent who would have taken measures to obtain redress.—

Under Section IV Regulation XXXI of 1802 it is provided that if for a period of 12 years kist has been paid on land exempt from Revenue the exemption is thus rendered null and void: in this Case there is proof that kist has been paid from 1800 to 1833, and the Respondent had not a Doombalah for a single year.——

That the exceptions taken by the Principal Sudder Ameen to the appellants witnesses and the accounts filed by appellant are most frivolous.——

The respondent in his

7140 Fort St George 20th May 1847.

His answer states that the Sunnud is dated in 1735. the documents therefore under Section II Regulation XXXI of 1802 must be valid moreover the Respondent has proved by witnesses that the sunnud is genuine that the land was never before in litigation and therefore the Sunnud was not produced before any Public authority -- that it would be unjust to

cancel the sunnud on this account. The Respondents document 33 dated 21st January 1841 shews that the respondent was to have not only the produce of the trees, but also all other produce of the land.

The document NN dated 13th July 1838 shews that the garden is exempt from assessment that no assessment has ever been paid on this nor is there any document filed to shew that the assessment has been paid The appellant asserts that the sunnud should have been registered, but Mr Orr and Mr Walsh on the 14th June 1826 reported to the Board of Revenue and to the Government that no regular register had been kept in the Guntoor Zillah as directed by Regulation XXXI of 1802. that in December 1834 the Government and Board of Revenue directed that the Maniums as they stood up to 1834 should not be disturbed.

The Civil Judge having taken into consideration the proceedings in this case passes Judgment thereon.

The

Sunnud

711

The respondent claims 1 Coochalla of land on the title of a Summud granted to Ameenpodeen in 1735 he admits that the Summud was never registered. he further stated that the registry books in this District from being improperly kept, are worth nothing as evidence. For the persons stated by the Respondent the registry of a summud may not be sufficient to prove the validity of the deed, but because the books are badly kept and are worthless it does not therefore follow, that a Summud which has not been registered is valid by Sec: XVI Reg: XXXI of 1802. All persons holding lands exempt from assessment under Summuds granted previously to the dates herein before specified, shall register their Summuds in the Office of the Collectors and by Section XVIII those who Omit to Register their titles for one year, their lands shall be liable to be assessed for the full Amount of the Public Revenue. The Summud by which Respondent holds his land never having been registered, it is therefore liable to assessment. That assessment has been

paid on the land is proved by the Documents filed by the appellant, which shews that from the year 1825 to 1829 a the sum of Rupees 28-13-a was collected yearly from the persons who cultivated the land in 1833, Rupees 22-5-a were Collected.-

The Ameen report shews that there is in the Respondents possession 75 Coontahs 10¼ Vissums of land, The Appellant admits that Respondent has a right to the trees on 24 Coontahs, and in the Ameens plan there is a garden Marked off containing 23 Coontahs 2 Vissums which is 14 Vissums less than the quantity the appellant allows the Respondent. Of this 75 Coontahs 10¼ Vissums the Principal Sudr Ameen has in his decree awarded 6 Coontahs and 1 Vissum.

The Civil Judge partly reverses the decree of the Principal Sudr Ameen and Decrees that Respondent shall restore to appellant of the 69 Coontahs and 9¼ Vissums now in his possession, 45 Coontahs 9¼ Vissums. The Civil Judge further decrees that appellant shall recover from the Respondent

correspondence noted in the margin, I have the honor to submit the accompanying representation of Yellawarley Sashagherry Row containing his defence on the charges on which he was suspended.—

2. With respect to the sale of the Nulloor paddy and the renting of the chay root there is no proof forthcoming that Sashagherry Row was guilty of more than culpable negligence. The loss incurred by postponing the sale of the grain amounted to Rupees 217-8-1 His delay in the first instance to procure a suitable offer for the rent of the chayroot is ascribed to the absence of certain parties who have at times taken these rents, and who he says he expected would compete for them and it appears likely that they did designedly hold back under some understanding with the person whose tender was forwarded. The marginal statement shows the previous rent and the proposal now received and as no higher offer could be obtained by the Acting Tahsildar who was sent to succeed Sashagherry Row no alternative was left but to accept it.

appears more exceptionalle the circumstance are briefly these One Ramachanry a young brahmin who had for a short time been in the Tahsildar's service as cook was found dead in a tank at Roypully close to the house occupied by Sashagherry Row on the 27th October 1846 an inquest was held and a report drawn up that deceased appeared to have Committed suicide in consequence of the pain of an abscess in the groin. On the 29th of the same month, the Tahsildar reported that evidence had come out to shew that one Maruthalapelly Jagganaudham a Curnam of Roypully had had a quarrel with the deceased on the night of his death at the house of a prostitute and that they were heard exchanging high words in the direction of the tank, where it seemed likely that Jagganaudham had pushed deceased in, Jagganaudham was sent up to the Court on this evidence, and released by the sessions Judge. It is to be observed that this Jagganaudham about a year ago gave information of an attempt that was made in Roypully to hush up the circumstances of the death of Pakally. Among who was on enquiry found to have been killed by a shot fired from the Zemindars

Fort

Fort St George 20th May 1847.

Fort, this case was investigated on the spot by Mr. Newill and he came to the conclusion that the Zemindar had accidentally while firing at a mark shot the deceased, and had made great assertions to get the belief Estatblished that the deceased had died in consequence of being gored by a bullock. The body had been burned before an inquest could be held on it. As the evidence on which Jagganadham was Committed was almost entirely given by dependants of the Zemindar, a strong presumption exists that a false charge was got up by the Zemindar for the purpose of retaliating upon Jagganadham, and that the Tahsildar Sashagherry Row lent himself to the plot

4. A third account of the death of Ramacharry was given by certain persons including the Jawaubnevis of the Talook and afterwards the deceased's mother Viz. that the deceased having been suspected by Sashagherry Row's son in law of improper conduct towards his wife Sashagherry Row's daughter had been cruelly illtreated and had either thrown himself into the Tank in consequence or had been killed and thrown in

Fort St. George 20th May 1847

in. The Head asistant Magistrate was deputed to Respully to enquire into all these several Statements, but owing to the shameless falsehood of nearly all the parties concerned was unable to elicit the truth; but was decidedly of opinion that the charg against Jagganadham was false tho' he found it hopeless to get at the bottom of the intrigues this which it was got up.-

5.- Subsequently another matter has come to light which reflects discredit on Sashagherry Row. on the 31st October Sashagherry Row sent a proposal to rent the Village of Yeledepolyam which is under sharing tenure for Rupees 1055-- he was told in reply by an order dated 11th November, that the proposal was inadequate and that he should have a careful examination made of the resources of the Village he replied on the 7th January that the Peishcar had examined the Village and estimated the return of the current year at Rupees 1202-8-4 and that he had reason to think there was no concealment. that a proposal had since been made at Rupees 1301—"—. but that the proposer had afterwards said he could not get security and begged to withdraw his offer and

Fort St. George 20th May 1847

and he therefore strongly recommended the rent might be given to one Woolaky for Rs. 1255-. The whole case was then referred to the new Tahsildar who was sent on Sashagherry Row's suspension and the result has been that he has now found the Value of the Government share in the Village to amount on an Estimate to Rupees 2606-8-3. and that the proposals strongly recommended by Sashgherry Row for less than half this sum. were made by parties in the private interest of Sooranany Venkata Nursimha Row. dependant of Zemindar of Nyagapatam Circar.

6. Under all these circumstances it seems that Sashagherry Row is not safely to be trusted with the responsible functions of Tahsildar and tho it must be mentioned in his favor that he exerted himself very creditably on many occasions during the short time he has been employed I feel it right to recommend that he should be removed from his present situation and held to be eligible to employment 6 months from his suspension It must be mentioned that tho' he has held important Offices under the Zemindars

and above these in the Coivls which when I was
Collecting I was changed to Raypully Tanah,
This I trust will shew that there is no want
of diligence on my part in the performance
of my duties as Auneen of Mungulgherry-

2d On your honor appointing me
as Ameen of Raypulley, I had come to your honor
for obtaining permission to go to Raypully when
you were so kind as to say that that Talooka
is a Pectory one, that if I do not like it
I would be appointed as Auneen of Toomoor
-gooloo Tanah, the pay of which is 100 Pc and that
I should remain at Rayfully for few days,
and in the event of not wishing that place
to report the same to your honor for exchange, I,
with a hope that I can restore peace in the
Talooka proceeded to Rayfullay and adjusted
disputes of the Village of Nullloor regard-
-ing Beedoo (uncultivated lands) which
were in dispute for 3 years, and also the
dispute regarding the grain for July
1255 and prepared lists of the amount
payable by each ryot on account of
former and present arrears of Revenue

The

Fort St. George 20th May 1847.

The Umbarum paddy for July 1255 being in pits
and not sold by my predecessors, I sent for
the Merchants, and sold them to purchase the
grain according to the then current price, and they
having informed that the Paddy of Cazy pollam
Vcu Villages is better one, that the ryots of
Nullloor resisted at the beginning of July 1255 to
measure the produce and to the sale of the
Ombarum grain, and the produce being kept in
the fields, they made away with a part of
good grain and substituted it with bad one,
that the Bauptta Peishcar Lunkar Vencatarow
not being able to put those ryots the Head of Police of
Bunder Tanah by the influence of his Police authority,
dug pits and without the pits being warmed, put the grain
in them, that the grain would not do for
Merchandize, and that they will not purchase according
to the price current, which they wished to reduce,
I reported the same to your honor and
after writing Official letters to the Peishcar
Chillerya Brenmajee punto, and to the Sanat:
:dar of the Village regarding the sale of the
grain, I went in to the District on Circar's
business- They having made some delay and the
price having decreased, added to the bad state
of the grain the following is the result of the
sale of it- The whole quantity of the paddy is
45 Pottees 6 toams and 8 munckas- The original
price fixed by Circar for that paddy is at
28-8 per Candy- the late Sunnatdar sold at

that

Fort St. George 20th May 1817

that rate 5 Pootties 16 toons 7 Mannacks and 15 Giddas and half, which is part of best part of the paddy. The present Samuttar sold 5 Pootties 15 toons 4 Mannacks and 14 Giddas taking Cowrannahs from the purchasers that they would pay the price, which may be fixed by the Cutcha this grain to be of the best quality would fetch the fixed price. The latter sold 30 Pootties of second sort at 23 Rupees a Pootty. there remains 13 Pootties 14 Toons 9 Mannacks this the present Shesildar had already sold. I am confident that your honor will perceive that there is no fault committed by me in this matter.

3. Soliliyan Sahib presented a proposal before your honor for renting the Pootee Cheruvaroo, and subsequently presented another petition that he would not accept the rent unless given within 10 days. Your honor signed to me orders to try for highest bidders certain of the persons dealing in that article having proceeded to Chebrole and Ignatoor on their own affairs I was with a view of procuring high bidders, waiting for them when they attended, they having refused to propose any addition to the amount already proposed. I reported the same to your honor your honor permitted him to rent for one year only while he proposed for 3 years. The same being informed to the renter, he refused the rent saying that his rent for 3 years had not been complied with he added to this an additional ground that the time fixed

Fort St. George 20th May 1817

fixed by him for answer from your honor expired upon which your honor attributed the delay to me and rebuked me. The renter being still willing to undertake the rent, notwithstanding the time fixed by him expired, if his proposal for 3 years were acceded to, I reported the same to your honor, and your honor complied with his proposal for three years. The renter is now going to assume his management. now I am in full hopes that your honor will consider how much weight is to be given to the ground of delay assigned by the renter. He is taking the rent even now will plainly shew that he refused it at first as his proposal for 3 years was curtailed to one.

4. During Captain Ramachandroo served me to the date of his death for a period of one month and 10 days. I subsequently heard that he was subject to venereal disease When I was at Vellatoor, he asked me for permission to go to Raypulley in order to apply medicine, saying that he had a boil in his groins, and that there is no doctor at Vellatore and the Peishcar &c having told me his favor, I sent him to Raypulley in charge of a man with directions to treat him properly in diet &c in my house. I received a report when I was at Poolamaroo that on the next evening of the day on which he went to Raypully he told in my house that he would not take supper during that night

Fort St. George 20th May 1817

that rate 5 Pootties 16 tooms 7 maunakas and 15 Giddas and half, which is part of best part of the paddy. The present Sunnadar sold 5 Pootties 15 tooms 4 maunakas and 14 Giddas taking Cowrannahs from the purchasers that they would pay the price, which may be fixed by the Cutcha this grain to be of the best quality would fetch the fixed price. The latter sold 20 Pootties of second sort at 23 Rupees a Pootty. there remains 13 Pootties 14 Tooms 7 maunakas This the present Sheristadar told already sold. I am confident that your honor will perceive that there is no fault committed by me in this matter.

3d Solitjon Sahib presented a proposal before your honor for renting the Pootee Cheravoo, and subsequently presented another petition that he would not accept the rent unless given within 10 days. Your honor issued to me orders to try for highest bidders certain of the persons dealing in that article having proceeded to Chabrole and Guatoor on their own affairs I was with a view of procuring high bidders, waiting for them when they attended, they having refused to propose any addition to the amount already proposed. I reported the same to your honor your honor permitted him to rent for one year only while he proposed for 3 years. The same being informed to the renter, he refused the rent saying that his rent for 3 years had not been complied with he added to this an additional ground that the time fixed

fixed by him for answer from your honor expired upon which your honor attributed the delay to me and rebuked me. The renter being still willing to undertake the rent, notwithstanding the time fixed by him expired, if his proposal for 3 years were acceded, I reported the same to your honor, and your honor complied with his proposal for three years. The renter is now going to assume his management. Now I am in full hopes that your honor will consider how much weight is to be given to the ground of delay assigned by the renter. His taking the rent even now will plainly shew that he refused it at first as his proposal for 3 years was cutcheled to one.

4th Devingoptum Ramadoo served me to the date of his death for a period of one month and 10 days. I subsequently heard that he was subject to venereal disease When I was at Vellatoor, he asked me for permission to go to Raypulley in order to apply medicine, saying that he had a boil in his groins, and that there is no doctor at Vellatore and the Peishcar &c having told me his favor, I sent him to Raypulley in charge of a man with directions to treat him properly in diet &c in my house. I received a report when I was at Polaurroo that on the next evening of the day on which he went to Raypully he told in my house that he would not take supper during that night

3. Solliyan Vellé presented a proposal before your honor for renting the Punjee Cheruvoo, and subsequently presented another petition that he would not accept the rent unless given within 10 days. Your honor issued to me orders to try for highest bidders certain of the persons dealing in that article having proceeded to Chebrole and Yeatoor on their own affairs I was with a view of procuring high bidders, waiting for them when they attended, they having refused to propose any addition to the amount already proposed. I reported the same to your honor permitted him to rent for one year only while he proposed for 3 years. The same being informed to the renter, he refused the rent saying that his rent for 3 years had not been complied with he added to this an additional ground that the time fixed

4. During optum Ramuckroo served me to the date of his death for a period of one month and 10 days. Subsequently heard that he was subject to venereal disease When I was at Vellatoor, he asked me for permission to go to Raypully in order to apply medicine, saying that he had a boil in his groins, and that there is no doctor at Vellatore and the Peishcar Vt. having told in his favor, I sent him to Raypullay in charge of a man with directions to treat him properly in diet Vt. in my house. I received a report when I was at Poolaurroo that on the next evening of the day on which he went to Raypully he told in my house that he would not take supper during that night

night, as he would make a barber to put medi-
cine to his back, which will be covered by a
cloth polluted by him, and that on the follow-
ing morning he was found dead on the tank -
I immediately proceeded to Raypullay and
made inquest on the dead body and reported the
result to your honor - On the subsequent morning
when I was holding my Cutcherry one
Bannan came to me and told that while
he was looking after for his Cow and
walking on the bank of the tank at the
last midnight he heard a noise in the
tank and saw Mannellapully Jagunnadum
on the bank. I as a police Officer could
not be silent, took B. down a depostion
from him, which suggested the necessity of
examening others and so I examined 4 or 5
others from which although there is no direct
proof that Jagunadum murdered Rama-
charloo, yet it appeared by the evidence of a
whore by occupation that the deceased and
Jagunadum who had come for her quarrelled
in her house and that the deceased had been
beaten by Jagunadum in that night, which
circumstance was substantiated by her
neighbours, and that Ramacharloo died by
a fall in the tank - as this is a case of loss
life wherein evidence to some extent, or
throwing suspicion appeared, I who is a police
Officer

Officer, was not bold enough to reject the case
at once without remitting the case to superior
criminal authority - I trust that your honor
would not blame me for committing this case
to the principal Sudr Ouneen Court since
the principal Sudr Ouneen himself committed
this case for trial before the Session Court, or
It is true that they released the prisoner, but
I must represent here that there, the prisoner
&c. had the privilege of Cross examining the
witnesses - Even there, the witnesses, deposed
before me and principal Sudr Ouneen,
did not deny their depositions given before us.
The Session Court having examined on oath the
persons who sat inquest on the dead body of Rama-
charloo and did not object to their evidence
that the deceased died by Disease only I trust
that your honor will perceive that there was
no omission on my part to find out if there
were any persons who murdered Ramacharloo -

There are several persons of bad
character in the Raypullay taluk I reported
to your honor in the month October last, the
names of the following persons - Batapoody
Pantiah, his son, Mannellapully Jagunadum,
his nephew Veerunnah, Vudlamoody Krishniah, his
brother Parthasarady Cotumraz Puttaberamoodoo,
Parchoor Veerunnah inhabitant of Batapoody Vamoola-
pully Nojiah, Chinna Venkatachellum of Pedda pedenarroo,
Dyta Ruckhotaramunnah of Roodraverum his
sons

sons abla Venacta reddy of Conyolla and others and
of the acts committed by them. The acts they com-
: mit are these, they will send anonymous petitions
and give bad advice to ryots and some will come
forward as witnesses in favor of false accusations
which any one of them may make. One of them
Batapoody Puntiah subscribed the abkary rent
of the Villages of Rapullay Vcu from the renter
Cotnuranj Ramachendrooloo. while he was bring-
: ing to Coudies load of liquor without a permit
from Villages under Nizam putam to Kistnetta
Villages the Peons of Sammitdar apprehended the
same near Willeepolem and brought to the
Head Assistant Magistrate. He above Puntiah
fearing for the consequence resulting from his
abovementioned conduct presented an arzee
stating that the deceased Ramacharloo was
murdered in my house by certain people
during my absence and also made Pullool
Seobaroydoo the Sawabnuvis of the tunkah
is counsellor to these people to write two
arzees to that effect, and named certain of the
above men as witnesses. Moreover he incite
the old woman (the Mother of the deceased)
to present a charge, wherein he put the witnesses
in his arzee, and the Sawabnuvis as witnesses
Prior to the presentation of this Arzee, Mr.
Newill the Head Assistant Magistrate
came

Fort St. George 20th May 1847

came to Raypullay and enquired the circumstances
in the Arzee of Puntiah found his statement
to be quite false, and rejected the same. That
Gentleman called upon the mother of the
deceased who gave a deposition on oath declar-
: ing that on the day of the death of her son
she was at Guntoor, that the Rapully people
Mannillapully Amniah Venkiah and Bata-
: poody puntiah Vcu prepared a charge in which
they entered the names of the witnesses, and
assured that they would furnish necessary
evidence, and that on her enquiry into the
real circumstance found that her son died
by disease only and that the charge was pre-
: pared by them thro malice and lastly de-
: clared he inability to prove her charge upon
which Mr. Newill dismissed the charge. I am
given to understand that the above people
still persuading the old woman to present
to your honor false charges in this matter,
and that they are using measures to buy
witnesses to suit their purposes, as none of them
set will answer any more and that they
made her to present 2 false charges to your
honor accusing certain people of the murder
of her son without telling her of the consequence
attending on her under Section II Regulation
III of 1826 in giving a contradictory deposition
Every one of those people whenever they have
Occasion to present petition to your honor
will

will certainly write false statements against me
The tank Tavabunny Vellore Soobaroydoo having
written false argees to your honor, the facts of
his being counsellor to these people is clear. After
Mr. Newill disposed of all these false charges
namillapally Jagunnadum presented similar
charge in the sessions Court, who also dismissed
it Mr. Newill after dismissing the charge
of Puntiah as being false, remarked me that
I should have dismissed the charge against
Jagunnadum, which he said was brought by
the advice of Zemindar I represented to him that
there appearing suspicion from the record, I had
no alternative than remitting the case to
criminal Court. I had no friendship with the
Zemindar, moreover he dislikes me for the
following reason when all Zemindars were
called to Guntoor for surrendering their perma-
nent Summuds, they hesitated to do so. I used
every endeavours to prevail some Zemendars
to give up their Summuds. When this Zemindar
not willing to give up his Summud disliked
me I trust that the explanation is satisfactory
in the event of your honor not deeming so I beg
to be allowed to see the petition records &c.
upon which your honor wanted my explana-
tion as without seeing them it is impossible
to afford further explanation —

While your honor shewn your
great kindness towards me and gave me at

one 100 Rupees situation, I am not sure, as I
main as to guide myself according to the ins-
structions of others with the sole view of meeting
your favor. I settled the disputes of Nallooo-
Villagers - also I settled the disputes between
Cawmaravaguddah and Chatraguddah in this
Zillah on one side, and yedla Lanka in the
Zillah of Masulipatam on the other side which
were pending since these 30 years. —

Up to this my 55 years, I have
been passing my time honorably my object
is to obtain the favor of generous Gentlemen
like your honor, and hold high situation, I
therefore beg your honor will maintain my
Character, and grant me redress —

I have no other protection than your
honor, and my humble request is that your honor
will bring all my case into your valuable con-
sideration and favor me with Justice

For which act of favor I shall always
offer my numerous prayers to the almighty
God for your long life and prosperity —

From the Collr of Nellore. } Sir, Para 1. I have the honor to submit my report on the accompanying Petition as purported to be presented to the Board by Mootiya loo an inhabitant of Gundavarum and Codava loor, but when I had this Individual before me at Escapully he denied having sent it and he was not a person likely to have been a party to it.

Reporting on Petition No. 1784 of 1846. 1784 of 1846

2. As no Goomastahs names are mentioned in this Arzee it is impossible to say who are alluded to, as having given bribes to T. Narsimloo 2d Assistant Sheristadar but the object of the Petition is evidently to connect that Individual with the frauds which took place in the Escapully Salt pans last Year, and which I have been alluded to in my letter of this date, but as the case appears to have been met in the most straight forward way and the Salt Superintendent the Goomastah, the Nuzeendah, and Dygusty having been dismissed and the Acharneefs who gave information of the frauds removed to another

Submits for the Board's Orders a copy of a plaint filed before the Sub Court of Chittoor against the Acting Collector and two others by Azim Nawaz Khan Bahadoor alias Hafiz Goolam Mohd. the Jaghiredar of Sayanapooram & Ismay &c. &c. in the Caverypauk Talook to recover the Toddy rents which have been collected on account of Government together with an answer proposed to be given.-

Stated by Plaintiff Rs as &c. at 125-8-0

From the Secretary to Govt 3rd April 1802.
From the Board of Revenue Dated 23rd January 1823.-

Para 1.- Sir, I have the honor to submit for the Board's Orders a Copy of a plaint which has been filed before the Subordinate Court of Chittoor against me, the Tahsildar of Caverypauk and two others, by Azim Nawaz Khan Bahadoor alias Hafiz Goolam Mohomed, the Jaghiredar of Sayanapoo of Caverypauk in this District, to recover the Toddy rents from fusly 1248. 1838/39 amounting to Rupees 10-11-0 which have been collected on account of Government with Draft of an answer to the Sub.-

2.- The land revenue of the above Villages were granted with certain reservations by Government for an Endowment to the Wallajahpee and Arnawaree Mosques at Madras to be administered by the Plaintiff.- The rents in question appear to have always

always been carried to the public account but have decreased lately in consequence of the opposition of the Sagheredar - The average from 1241 to 1245 inclusive, but omitting 1242 - in which there were no rents amounted to Rupees 59-10-6 per Annum -

3- I expressed my doubts through the Government Vakeel regarding the jurisdiction of the Court in a case of this nature but the Subordinate Judge over ruled my objection and has extended the period for filing the answer to the Suit, till the end of June next.

4- I take the opportunity to observe that the Sagheredar collects also Mohturpha revenues in the Villages, which I do not understand it was intended to confer on him. The Original Order states that Government had resolved to restore the land with which the Mosque was endowed and in the Sunnud for the Village of Sayanapoorum, which however was never delivered to the Sagheredar for the reasons explained in Mr Graves letter

* From the Secretary to Government 3d April 1807.

letter dated 17th December 1810 all other revenues seem to be distinctly reserved. I would therefore beg to suggest that the Mohturpha should now be resumed.

North Arcot Collectors Circuit Cutcherry Pulicat 26th April 1840 } (Signed) E. C. Lovell. Acting Collector.

Answer proposed to be given by the Acting Collector of North Arcot to the Plaint filed in Suit No. 61 of 1847 on the file of the Subordinate Court at Chittoor -

The 2nd 3d and 4th Defendants in this case having acted under competent Authority should not be held responsible for the issue of the Suit which may be conducted against the 1st Defendants only.

The Plaintiff administers the land revenue of the Villages of Sayanapoorum and Ismailcoopum with certain reservations as an endowment for the Wallajahee and Anwaree Mosques at Madras.

It is clear that the Plaintiff can have no right to any portion of the revenue of the Villages unless by the Grant or Gift of Government - It rests with

with him therefore to shew his title to the Toddy rents which he claims but as on the contrary he admits that the documents in his possession show that he is to enjoy all other revenues except those of Arrack and Toddy the Court has no alternative but to nonsuit the Plaintiff on his own shewing.

The grant by the Nabob Wallajah referred to in the Bill of complaint could avail the Plaintiff nothing even if it had not been cancelled by the resumption of the Villages in the year 1801.

Edmund C. Lovell Esqr. Acting Collector of North Arcot ——— 1st Defendant.

The Plaintiff has filed a Bill of Complaint against you and 3 others to

recover Rs. 125 8 0 being the Amount of the rent of the Villages therein setforth.

These are to require you to appear before this Court either in person or thro the Government Vakeel to make answer to the said Complaint, on or before the 15th Instant.

These are further to inform you that if you shall not appear at the time limited in the Notice the Court on examining the witnesses &c. of the Plaintiff only will proceed without further notice to decree and give judgment in the Cause as if you had appeared and answered the Charge.

From the Collr of North Arcot

Submitting an application from V. Soondra Naick for the construction of a Choultry at Narasingaroypettah & requesting sanction for its erection—

20th Augt 1839
19th Sept. 1839
4th July 1839

Para 1 With reference to the Board's circular orders noted in the Margin, I have the honor to submit the accompanying application from V Soondra Naick, the Sheristadar of the Subordinate Court at Chittoor, for the Board's sanction for a Choultry which he proposes to build at Narsingroypettah, with a view to the usual Maunium being eventually allowed, as prescribed by the Rules for the support of it.—

2. A plan of the Choultry is herewith submitted, it provides for the accommodation of Travellers of all casts. The Cost is estimated by him at Rupees 2781-9-4.—

3. Narsingroypettah is situated in the road from Chittoor and Arcot and Sholinghur and is about ten miles from Chittoor. The nearest Choultry on that side is at Chittoor. There is a Choultry also at Cutamunjee near Chittoor on the road to Tripulty and about 9 Miles distant from Narsingroypettah.— In the opposite or easterly direction there is a Choultry at Poonah distant about

about 4 Miles and 5 furlongs, which has no endowment and provides only for the accommodation of persons of the Brahmin Caste. The next Choultry on the same road as at Mailpoody distant nearly 10 Miles from Nursingroypettah and is Endowed by a Grant of land from Government.

The situation of the Choultry is seems to be judiciously chosen on the high road to Madras by the way of Arcot, Wallajahpet or Sholinghur and at a convenient distance between Chittoor and the Mailpoody Choultry and I should be glad if the Board of Revenue shall see fit to give their sanction for its construction.—

Most Honored Sir,

With the sentiments of highest consideration and respect, I beg leave to intrude on your valuable time with this application, trusting that the intrusion will be pardoned, and the prayer herein solicited granted.

My personal experience of the hardship and convenience to which the poor travellers are subjected for want of

of an accommodation at Nursingaroy pettah situated at the distance of more that ten m. Miles from Chittoor, and the hue and cry of those who are obliged to halt there move me m with compassion and compel me to form a design of erecting a choultry and Moosafur khanah after the fashion described in the Plan herein submitted at the cost of Rupees 2784-9-4 as per subjoined Estimate.

The site chosen for the erection of the choultry is situated on the High road leading from Chittoor to Sholenghur, Madras, Cuddalore, Wallajapetta and Arcot and the passengers are necessarily obliged to halt there having no other place they can conveniently put up. I therefore most respectfully request you will be kindly pleased to take the matter into your best consideration and submit this application to the Board of Revenue with your kind support and recommendation to grant Maniem under the Rules in force.

Sir

From the Aj Collr of North Arcot & Para. I have the honor to acknowledge the receipt of the proceedings of the Board of Revenue under date 15th November 1846 conveying with an Extract from the Minutes of Consultation of Government and requiring me to report whether there are any Mahomedans resident at Codagul or in its vicinity. Whether service is still performed in the Mosque in that Village. Whether the Mosque is resorted to and whether under all Circumstances the continuance of the institution can be said to be required.

Suggesting that the present Enamdars continue to discharge the services in the Mosque at Codagul on the Stipends lately received by them and eventually as lapses occur the endowment may be further reduced to such a sum as may be considered a sufficient remuneration for the care of the building 8th 8th

Rd 11 Oct 1847 No 1029

2. It appears from a careful enquiry that there are 5 houses occupied by Mahomedans at Codagul including one of the Enamdars, and that in the six nearest Villages situated within something more than

Fort St George 20th May 1847.

than four Miles distance there are nine houses occupied by the Enamdars and their near relations and 10 by other Mahomedans. The Number of houses in the seven Villages being 24 and the Number of the inhabitants capable of attending the services at the Mosque inclusive of the Enamdars being in all forty five.

3. As regards the question whether the continuance of the institution can be said to be required it appears that two or three times in the year on the principal holidays a small assembly numbering from 5 to 15 or twenty usually meets there and Mahomedan travellers also occasionally resort to it as a convenient place for Dressing and taking their meals as well as for worship. But it does not appear to me under all the circumstances that it is of such importance as to require that the revenues of a Village should be granted for its endowment. I would beg to suggest that the present Enamdars may continue to discharge the services on the stipends lately granted them and eventually as lapses occur the Endowment may be further reduced to such a sum as may be considered a sufficient remuneration for the care of the

the building and attendance on the occasions above noticed.

Proceedings thereon.

Resolved that the foregoing letter and the Board's Proceedings to which it is a reply be submitted to Government in reference to Extract Minutes of Consultation dated 12th October 1846.

In Cons.s 16th Nov.r 1846

55-56

The Board observe that the number of Mahomedan inhabitants in and near Cadagul capable of attending the services at the Mosq.e inclusive of the Enamdars is in all forty five, and that two or three times a year on the principal holidays a small assembly numbering from 5 to 15 or 20 usually meet there. The Board consider Mr. Lovell's suggestion to continue the the stipends lately granted to the present Enamdars and to effect a reduction as lapses occur to be worthy the consideration of Government.

From the Coll.r of Salem

Sir,

I have the honor to forward copy of a letter from the Sub Collector with a Mahratta Memorandum and translation requesting the sanction of the Board of Revenue may

be obtained for the sale of the lands therein referred to in satisfaction of the amount of fine Rupees 433-6-0 imposed on Settaya Gaunden a Gomastah in the Salook of Trichengode on proof of his having fraudulently withheld the payment of the sum of Rupees 216-11-0 Collected by him from the ryots of Luddaynaudy and another Village in the Salook in question.

I consider that the two claims preferred by Rajah Gounden and Nulla Gounden for the lands alleged to be mortgaged and sold to them, having taken place in January 1846 eight years after the land, by which the property of the sureties was made liable to sale by the Government was executed viz.t 4th December 1837 should be set aside, I therefore solicit the sanction of the Board for the sale of the above lands.

Sir

I have the honor to forward a Maratta Memorandum shewing the particulars of 9 spots of land valued at Rupees 123 belonging to four inhabitants of the Trichengode Salook whose names are noted in the Margin and to request that the sanction of the Board of Revenue may be obtained

1. Settera Gounden (Original Mortgagor)
2. Settya Gounden Gomastah of Do
3. Cauchakar Nullen Security of Do
4. Sangoda Gounden Do of Do

Fort St George 20th May 1847

obtained for the sale of these lands in satisfaction of the amount of fine Rupees 33 6 imposed on the second person Settiya Gounden on proof of having fraudulently withheld the payment of the sum of Rupees 216-11 collected by him from the Ryots of Laddyvaady and another Villages in the Talook in question on account of Revenue due to Government for fusly 1253.

The person first named is the Monigar, the second is the Goonnastah acting on his responsibility as well as his owne the third and fourth were joint sureties for the Monigar A decree was given by me against the second, and on his failing to pay the amount he was placed in confinement and an order given to the Tahsildar to attach the property of all the responsible parties. The accompanying Memorandum shews that the property attached is valued at Rupees 150-7-5. Viz. the real property abovementioned valued at Rupees 123- and moveable property valued at Rupees 27-7-5.

3. Cunchakar Nullien has objected to the attachment of his land on the ground that his father and not himself was surety for the Monigar, and that he afterwards withdrew his security. But on enquiry it is proved by the evidence of the other surety Sengoda Gounden and the witnesses to

Fort St George 20th May 1847

to the bond that Cunchakar Nullien himself executed the security bond, by which the sureties bound themselves to be responsible for any frauds committed by the Monigar, and to pay to the Circar the amount due by him and in case of any delay occurring in paying the sums due by the Monigar to Government, their property should be attached and sold according to Regulation and the proceeds thereof be carried to the credit of Government.

4. Two other claims have been preferred to bar the right of Government to sell the lands in question. Rajah Gounden late Moottahdar of Pootoor stated that one of these lands called Ammencovil Nanjah assessed at Rupees 12-- 2 was mortgaged to him for 40 Rupees in January 1846 by Cunchakar Nullien. Nulla Gounden states that a spot assessed at Rs 16-4-4 was sold to him for 95 Rupees in April 1846 by Sengada Gounden.

5. But as the bond by which the property of these parties was made liable to sale by the Government was executed on the 4th December 1837 I conceive that these lands are responsible and that the objections offered to their sale must be set aside. To admit the claims of the Mortgagees and the purchaser would I consider be a dangerous precedent.

Sir,

(Reporting on the Manufacture of Sugar.)

With reference to Extract from Para 46 of a General letter from the Honorable the Court of Directors dated 22d September 1846. and Copy of Para 15 from the Minutes of Consultation dated 8th January 1847 conveyed in Boards Proceedings dated 25th Febuary directing me to furnish information respecting the number of Sugar Manufactories established in my District, and the quantity of Sugar and Molasses, the produce of those manufactories annually exported to England, I have the honor to state that there are no Sugar manufactories in this District.

I have

Fort St George 20th May 1847.

The manufacture of Sugar was totally unknown, till the Mauritius canes were sent by the Horticultural Society to be propagated at different times, from fusly 1249 to fusly 1252. my predecessor, in order to instruct the Ryots to make Sugar employed a person agreeably to the orders of Government dated 16th July 1840, on a salary of 35 Rupees per Month, who manufactured sugar from the canes in 1841 in the Talooks noted in the Margin. The quantity of Sugar manufactured amounted to about 200 Maunds, of which 18¾ were exported to England. The said individual in 1842 purchased cane juice from the Ryots in the Sheptoor Talook where he manufactured about 100 Maunds of Sugar of which a great quantity was consumed within the District and the remainder taken to Madras.

From the reports submitted from this Office on the 21st November 1842, 21st October 1844 and 21st February 1846 on the state of the Mauritius canes introduced into this District and from the Statements which accompanied them, the Board will be aware of the number of canes produced, and the quantity of Jaggery &c. manufactured from them.

From

Fort St. George 20th May 1847.

From one of the above reports dated 21st February 1846 the Board will perceive that 134000 cuttings were planted in fusly 1235 which produced only 159430 canes in consequence of the blight occasioned by the bad season and destruction by white ants, of which deducting the number of canes taken by the Ryots for their own use those sold and reserved for plants the remainder 125100 which were converted into Jaggery produced 511 Maunds and 112½ of Brown Sugar, which make a total of Maunds 623½ as exhibited in the accompanying Statement.

Mr. Martin in the Salook of Salem planted 12500 Cuttings in fusly 1255 but the whole of them were dried up from the failure of rain. The lands in which the canes were planted, are now left waste. The season was so discouraging that no canes were planted at ahtoor for fusly 1256 and the whole produce of fusly 1255 was made into Jaggery. In the Raizepoor and Ossoor Salooks 77700 cuttings from 23330 canes have been planted in the present year, but in many places plants have been entirely parched for want of rain. The ryots prefer making Jaggery instead of Sugar in consequence of meeting with a ready market for the former.

The planters of both the Mauritius

Fort St. George 20th May 1847.

Mauritius and Country canes in all other Salooks. ahtoor and Raizepoor excepted, are in the habit of manufacturing Jaggery. The quality of the Brown Sugar made at Raizepoor and ahtoor is little better than that of the Jaggery. The price of the Brown Sugar is above that of Jaggery by 2 annas per Maund.

The planters are apprehensive that they cannot get a ready Market for the Sugar Manufactured as taught them by the persons employed for that purpose from whom although many have obtained the knowledge of making Raw Sugar, yet they prefer Manufacturing the Jaggery which is easier made and consumed in the District, where by they get a ready return.

From the Collr of South Arcot.-

Reporting on the settlement of the Land Revenue of South Arcot for Fusly 1255 / 1845/46 and forwards the usual Statements.-

Sir,

Para 1- I have the honor to submit for the inspection of the Board of Revenue My Report on the settlement of the Land Revenue of this District for the past Fusly 1255 / 1845/46 together with the usual Summabundy Statements as per accompanying List.-

State of season.-

2. The Board will observe by referring to the Remarks appended to the Monthly Demand Collection and the Balance Statements, as well as to my Report of the 17th February last that the S.W. Monsoon was very partial at the commencement of the Fusly, the early Poonjah Crops were consequently much injured, and yielded but scanty produce, there does not however appear to have been any decrease in the extent of the cultivation of those Lands.-

3. The total failure of rain from October to the beginning of December led me to entertain most serious apprehensions that great loss would inevitably accrue both to Government and the Ryots my-

fears-

fears were however greatly relieved by a copious fall of rain in the beginning of the latter Month which happily arrived in time to save the Crops from the entire destruction with which they were menaced.-

4. From January to May no rain fell in the District, consequently the cultivations of the Pulse grains as well as the Indigo cultivation sustained much injury and I may also add that from the above cause the Ryots were unable to reap their latter produce, from which source they are usually enabled to discharge their Kists until the end of May.-

Produce

5. From the bad effects of the above season, the Poonjah Lands have yielded very short produce, neither have the Crops raised on Nunjah Lands dependant on their supply of water from Tanks been so rich and productive as they usually are.-

6. Although I heard from the Ryots of several Talooks, that they had suffered great loss from the failure of Rain, still the only Petition presented for remission of Teerwah on Land which had entirely failed, was received from some Ryots in one of the Villages of the Tindevanum Talook during May last, when I was engaged in the Settlement.- These Ryots however not

only

only failed to bring forward their Complaint at an earlier period when the truth of their Statement might have been enquired into, but also failed to preserve the alleged Savee Crops on the ground I accordingly declined to listen to their Complaint.-

Price of Grain.

	average Price of Fusly 1254			average Price of Fusly 1255.		
	Rs	a	p	Rs	a	p
Cumbo early dry crop per Garce	106	u	u	145	15	7.
Waragoo Middle per Do	70	u	u	88	15	8
White Paddy per Do	84	5.	8	114	5	6

Note During the last six months the average price of Paddy per Garce was Rs. 127-u-u-

7. a Statement Shewing the prices Grain obtained in this district during the past Fusly is annexed by which the Board will observe how very favorable they were to the interests of the Cultivators who have not met with such remunerating prices for their produce within the last 10 or 11 years, and I am of opinion that these high rates, together with the facilities the cultivators found for the disposal of their grain [being generally able to sell it in their own Villages] were quite sufficient to compensate them for any loss they may have sustained in the scantiness of their produce.-

Indigo Cultivation.- 8. No accounts having been kept to ascertain the probable quantity of Indigo manufactured in this district during the expired year, I am unable to report accurately thereon, but it is supposed to

to be much below the average production. The prices obtained for this Article are not considered fair and advantageous to the growers the average appearing to be Rupees 420-9-10- per Candy of 500 lb. The present fall in price, and stagnation in demand are said to be occasioned by a large quantity of Indigo still remaining unsold in the European Market.-

Poonjah Iyen.- 9. The extent of Poonjah land brought under cultivation in the Iyen and resumed Jaghire Talooks for Fusly 1255 amounted to 296929-6- yielding Teerwah to the amount of Rupees 1090841-11-11. and exhibits when compared with Fusly 1254 an increase of 20107-10- or Rupees 78481-14-9- This increase in the cultivation appears to be nearly equally divided among all the Iyen Talooks with the exception of Cullacoorchy and Chaitput where the long drought appears to have been more severely felt than elsewhere.-

No 1 in A

The average Teerwah in the whole district is Rs. a. p. 3-10-9- per Cawny varying from Rupees 4-7-10- to 2-8-8¼ This certainly appears

appears to be a very high rate when compared with the average Teerwah in other Ryotwary Districts, and I would earnestly beg the Board's earliest consideration of my Report, as there can be no doubt but that the present high Assessment of land checks the extension of Cultivation to very great degree.-

The total wet land Cultivation in the year now under review was 97854-5- or Rupees Cs. 95219-9-8, which in the previous year having been Cs. 99830-10- or Rupees 95767-6-11- shews a small decrease of 1976-5- or Rupees 1447-13-3. This decrease chiefly resulted in the 5 first Talooks noted in the Margin, and is to be attributed to the great failure of rain in those parts. It is satisfactory to observe that the wet Cultiva= tion in the two Southern Talooks under the Coleroon irrigation appears to

to progress steadily & in fusly 1255 shews a net increase of 1640- or Rupees 1930 6- in excess of the preceding fusly.-

4.- In the foregoing Statement a very considerable decrease in Nunjay land requires notice.- This is attributable entirely to a failure of seasonable rain.-

5.- The total amount of land revenue for fusly 1254 as per Comparative Statement 'C.' amounted to Rupees 67385-11-7 and that of fusly 1255 to Rupees 69565-12-a exhibiting a Net increase of Rupees 2180-a-5-

6th.- There is an increase in the Extra Collections on account of disputed boundaries of land in fusly 1255 of Rupees 105-12-8 as shewn in the Margin.- This increase arose in consequence of a portion of disputed land being cultivated in fusly 1255.-

1254-350-13-1.
1255-456-9-9.
105-12-8.

7.- An increase in the Abkarry Revenue for fusly 1255 of Rupees 213-5-a as shewn in the Margin arose from the higher rate of bidding by public Auction.-

213-5-a.

8.- There is a decrease in Sundry Collections for fusly 1255 of Rupees 56-11-a as particularized in the Margin.- This decrease arose from the lower rate of bidding for barse (called Jembooramputtay) by public Auction.-

1254-682-a-2
1255-625-5-2
56-11-a.

9.- The decrease in the proceeds of the sale of salt amounting to Rupees 883-12-3. has been caused by a falling off in the sales.-

1254-29353-1-5.
1255-28469-5-2.

Proceedings thereon.

Relative to the settlement of the Land Revenue in the District of South arcot for fusly 1255.

61-62

at the commencement of the fusly year the Rains were partial and unfavorable to those early Dry Cultivation, the extent of which however was not diminished. The entire failure of rain from October to December led to a serious apprehension at one time of a loss of Revenue which was removed by the fall of heavy "rains in December but from January to May the Collector reports there was no rain throughout the District and the result as might be expected, was a scanty harvest of Dry produce; and the Wet lands maintained by Tanks- No remission for failure of Crops was needed the Prices of the principal Grains were more remunerating than they had been for the last 10 years

The Board observe a large

brought to account under this head in the preced

12. On examination of the Statement exhibiting the particulars of land held on Cowle, the Board remark that 287 10/10 Cawnies of waste were granted on Cowle in fusly 1250/1840 ful. on the condition of being held rent free for 5 years, and thus in the year under consideration they would have become liable to full Rent. It is seen however that Cawnies 21 only have been brought to account of full assessment and the remainder Cawnies 266 are not charged in the Summabundy accounts, and thus the conditions of the Cowle have not been fulfilled. The freedom from rent for 5 years involves an obligation to pay the full assessment at the expiration of that period at least for one year, with the option of holding the land, and without some serious cause a Ryot can never be permitted to throw it up in the first year that it becomes liable to full tax, and thus to evade the Government demand. The Board desire to receive a full explanation on this subject from the Collector.

14. The Board observe that the Collectors report on the balance of Land Revenue referred to in Para 15 has been received and disposed of in the correspondence noted in the Margin. The Amount of irrecoverable balance authorized by Government to be written off is Rupees 21883-10-- but on reference to the Statement of Demand Collection and Balance for February last, it is observed that the amount of irrecoverable Balance remitted is Rupees 39078-5-8 exceeding the sum authorized by Government by Rupees 17194-11-8. The Collector will be pleased to furnish explanation regarding this discrepancy.

Proceedings thereon.

The Board have already recorded their opinion that the order of Government dated 7th January 1847 can not be held applicable to old Mosques and Pagodas or to ancient Palaces or other Buildings the property of H. H. the Nabob but to such buildings only as have been or hereafter may be erected by private individuals.- In regard to the small Establishment applied for by the Head Assistant or Collector in Charge they consider in reference to the nature and extent of the duty to be performed and to the short period within which it will be completed that the Survey may be made without any additional expence to the State and they resolve therefore to direct the Acting Collector to supply the Servants required for the purpose from the Huzzoor or Taluk Cutcherries.-

Sir,

With reference to the remarks of the Board on Item No. 17 in the Statement of charges incurred without Estimate in the district of Malabar for fusly 1254. I am directed to request you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of that district requesting that sanction may be granted for the sum of Rupees 36. 2-8. paid as Batta to a Goomastah while on Circuit during fusly 1254 which was retrenched in the Accounts of that year.

23d April in Bdt 20th May 1847.

From the Statement Annexed in the Margin of the Collector's letter now submitted it is observed that the pay of the Goomastah whose Batta was retrenched is Rupees 35 per mensem and not Rupees 30 as entered in the Account particulars submitted by Mr. Conolly with his Statement under date 11th July 1845 and that the amount disbursed was according to the rates authorized in Para 2 Extract Minutes of Consultation dated 9th February 1830. Under these circumstances the Board beg to recommend that sanction may be granted for the Amount retrenched in the Collectors Accounts Viz. Rs. 36.2.8.

From the Collector of Madras.....

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 22d March last and of the orders of Government therein referred to relative to the Extra Sources of Revenue of the Presidency Collectorate for Fusly 1255, and to observe as regards the decrease in the sales of Salt, of 117-31b-5. under the head of Home Consumption, that before January last I was not authorized to issue Rowannahs for the conveyance of Salt to the interior. There was not, in consequence, any fixed trade carried on as formerly with the provinces. The purchase was made merely by the owners of the Country Carts for their own use, when returning to the Villages from whence they brought Articles of Merchandize &c. and the quantity taken by each was necessarily small, as otherwise the Salt would have been liable to seizure on the part of the Servants of the Collectors through whose Districts they had to pass. It was to a deficiency in the number of these Carts

Carts, which reached Madras in 1255 compared with the number which arrived in the previous year, arising as I had every reason to believe, from the Causes stated in my report, that I was led to attribute, more particularly the loss of Revenue noticed by Government.

To B. Nov. 4/46 P 2

2. From the names which occur in the accounts of the daily sales of Salt, the quantity purchased by Cart Drivers appears to have been in 1254 £. 173—390—« whereas in 1255 it was only £. 108. 316—5/4 the difference being £ 65—73—2 3/4 The quantity purchased by the Agents for the different ships in the Madras roads, for consumption on board, was in 1254 £. 73 whereas in 1255 it was only £ 40—120—« the difference being £ 32—280—« The total amount of the decrease under these two Heads is £. 97 353- 2 3/4 leaving yet £ 19- 3- 2 3/4 to be accounted for This loss was sustained in the sales to the Dealers at the Presidency, as well as to those at Sydapett and St. Thomas Mount and may be ascribed to the continuance of illicit practices, which from certain seizures which have actually been made, there can be little doubt, are sometimes carried on successfully from the ports of Chingleput, from the want of adequate means at my Command for their suppression.

3. The above explanation will, I trust, satisfy the Board and Government that the observation in my report that the decrease is "owing Chiefly" to a reduction in the number of Carts which have arrived from the interior in 1255 is borne out by Official records.—

4. In consequence of the non issue of rowannahs for the conveyance of Salt to the Provinces, the sale proceeds of the article at the monopoly price were, in 1255, as was the case also in the previous years, wholly credited to the revenue under the head of "Home consumption". The amount realized by the sale for "Inland consumption" under the sanction of Government dated 5th January last is brought to Account under that head, so as to Keep the two items perfectly distinct.—

6. Government have observed that, altho the Toddy revenue of 1255 exceeds by Rupees 40317- 9—1. the average of the ten Faslies from 1243 to 1252, there is a large difference unfavorable to the last Fasly in Comparing the result of it with any of the years subsequent to 1247. The quantity purchased by the Agents for the different ships in the Madras roads, for consumption on board, was in 1254 ℔ 73. whereas in 1255 it was only ℔ 40—120—" the difference being ℔ 32—280—" The total amount of the decrease under these two heads is ℔ 97 353—2¾ leaving yet ℔ 19. 3. 2¾ to be accounted for. This loss as sustained in the sales to the Dealers at the Presidency, as well as to those at Sydapett and St. Thomas' Mount and may be ascribed to the continuance of illicit practices, which from certain seizures which have actually been made, there can be little doubt, are sometimes carried on successfully from the power of Check put, from the want of adequate means at my Command for their suppression. The

To Bd 4th Nov. 1846 P 4.

3. The above explanation will, I trust, satisfy the Board and Government that the observation in my report that the decrease is "owing Chiefly" to a reduction in the number of Carts which have arrived from the interior in 1255 is borne out by Official records.—

4. In consequence of the non issue of rowannahs for the conveyance of Salt to the Provinces, the sale proceeds of the article at the monopoly price were, in 1255, as was the case also in the previous years, wholly credited to the revenue under the head of "Home consumption" The amount realized by the sale for "Inland consumption" under the sanction of Government dated 5th January last is brought to Account under that head, so as to keep the two items perfectly distinct.

6. Government have observed that, altho the Toddy revenue of 1255 exceeds by Rupees 40317- 9—1. the average of the ten Faslies from 1243 to 1252, there is a large difference unfavorable to the past Fasly in Comparing the result of it with any of the years subsequent to 1247. I am not aware on what data this conclusion may have been arrived at, but the

Statement

Fort St. George 20th May 1817.

Statement appended to Para 20 of my report dated 9th November 1816. will shew that the amount Collected in 1255. Rupees 2,29,158—12—8 is considerably in excess of the revenue realized during any of the years from 1247. For easier reference I take the liberty to state that the entries to which I allude are the following

Fusly 1255. Rs. 2,29,158. 12 8. Fusly 1247. Rs. 1,68,031-10-11

1248 — 1,91,280 1-7

1249 — 2,13,407 8-8

1250 — 2,12,082 5-9

1251 — 2,08,862 6-7

1252 — 2,06,607 11-4

7. Every effort is used to check smuggling and to prevent the unlicensed sale of spirituous and fermented liquors. Several important seizures of Arrack, Brandy and Gin have been recently made, and the parties infringing the Laws have been punished by heavy fines. However inadequate to the duties my present Establishment of Peons may be, I hope to be able, through their instrumentality and the Co-operation of the Superior Servants under me, to put down illicit practices, at least to a certain extent.
