(1)

To The Chief Secretary to Government —

Sir,

To the Chief Secy to Govt —

I am directed by the Board of Revenue to acknowledge the receipt of an Order of Government dated 12th Ultimo Communicating Copy of a Letter from the Secretary to Government of India dated 20th March preceding, in para 2 of which the President in Council desires to be furnished with a Return of Estates that have been purchased and are now held on account of Government under this Presidency, and also to be informed whether it has been usual to give allowances to Zemindars in such cases —

Stating with reference to the order of Government dated 12th Ultimo that in most of the Districts in which the permanent Settlement was introduced in 1802 the greater portion of the Zemindaries and proprietary Estates has reverted to Government by purchase and that it does not appear to have been usual to grant allowances to the Proprietors of the reverted Zemindaries except in the cases of a limited number of the northern circars who are descended from Ancient families —

Ganjam
Vizagapatam
Rajahmundry
Masulipatam
Guntoor
Chingleput
Salem
Part of Tinnevelly
Do of Madura
Do of South Arcot

2. In reply I am instructed by the Board to state that in most of the Districts in which the Permanent Settlement was introduced in 1802 the greater portion

portion of the Zemindaries and Proprietary Estates has reverted to Government, they having been sold from time to time for arrears of Public Revenue and purchased on account of Government. Sir Jas. in Guntoor and with few exceptions in Salem and Chingleput the whole of the Lands in those Districts are now under the direct management of the Officers of Government.

3. It does not appear to have been usual to grant allowances to the Proprietors of the reverted Zemindaries, except in the cases of a limited number in the Northern Circars who are descended from Ancient Families. The whole of the Ex proprietors of the Zemindaries in Guntoor are in receipt of allowances which were granted to them on Special grounds.

4. The Records of the Boards Office do not contain sufficient information to enable them to prepare a return of the kind called for by the Government of India but if, after this explanation of the extent to which purchases of Estates have been made on account of Government, the Most Noble the Governor in Council should deem it desirable that a Return should be furnished they will make a reference to the Collectors of the several Districts and prepare

prepare one as early as possible.

Read the following letter

To R. K. Ringle Esqre
Chief Secretary to the Government
of Bombay.

Sir,

I am directed by the Most Noble the Governor in Council to acknowledge the receipt of your letter dated 2d November 1846 No. 3820, and in reply to transmit for the purpose of being laid before the Honorable the Governor in Council of Bombay Copy of one from the Board of Revenue giving Cover to a Report from the Collector of Canara on the proposition to transfer to the Bombay Presidency the Port of Coompta and that portion of Territory to the North of the Honore river comprizing the greater part of North Canara.

dated 15th April 1847 No. 197

I am desired to explain that His Lordship in Council considers the arguments of the Collector of Canara quite conclusive, and concurs in the sentiments expressed both by that Officer and the Board of Revenue as to the inexpediency of the proposed transfer.

To
The President & Members
of the
Board of Revenue.

(Signed) H. C. Montgomery.

Read the following letter.

To D. White Esqre
Acting Secretary to the Board of Revenue.
Fort St. George.

6

Sir,

From the Collr. of Guntoor — Para 1.

I have the honor to report for the information of the Board the suspension of Tayer Khan Tahsildar of Martoor on 22d Ultimo; for culpable delay in the enquiry and commitment to the Criminal Court, of an important Police Case.—

Reporting the suspension for culpable delay in the enquiry and commitment to the Criminal Court of an important Police Case of the Martoor Tahsildar Tayer Khan.

2. A murder was committed on the 17th March as is supposed in Nagaula in the Martoor Talook, and the body removed to a field in the adjoining Village of Kalalapoody, where it was discovered; the Tahsildar upon the report reaching him, sent his Sub Police Officer to hold an inquest, (as it was not then clear that the deceased was murdered) he found that the case appeared to be one of Murder, upon which the Tahsildar repaired to the spot, and reached Nagaula on 24th. The whole of the parties, both witnesses and accused were

were either at or within 2 Miles of Nagaula, and might have been examined within one or two days at furthest, the Tahsildar protracted the examination for 6 days, detaining some of the persons in custody 2 or 3 days before taking depositions from them, and at last committed it to the Criminal Court on 30th March.-

3- The Tahsildar has afforded no satisfactory reason for this delay, and as the whole of the Witnesses retracted in the Court, the evidence they gave before the Tahsildar, there is strong presumption either, that the delay gave an opportunity for the witnesses to be tampered with, of which the Tahsildar could not be ignorant, or that the Tahsildar used the delay to extort the evidence from the parties, and confessions from the accused.-

4- The case was rescanned on the spot by the Tahsildar of Nurrasarowpett, but without any further success in bringing the crime home to the guilty party, and an enquiry is now pending before my Head Assistant of the alleged extortion of the evidence and confessions of the parties, the result of which will be reported at an early date.-"

Guntoor Collr. Office,
Dindy 13th May
1847.-

/ Signed / H. Stokes.
Collector

The

Resolution thereon.- The Board sanction=sion of Tayer Khan Tahsildar of Martoor's proceedings reported in the foregoing letter and will await the result of the enquiry now pending before the Head Assistant Magistrate.

(6-7)

Read Monthly Return of persons charged before the Collector of Guntoor with Offences under Regulation IX of 1822 for the Months of April 1847.

11th Instns. 20th May 1847.

Proceedings thereon.- In case No. 1 the date of suspension is entered 17th February 1846, the date of acquittal 17th April 1847 embracing a period of 14 Months during which the accused were suspended.-

(8)

2- In Cases Nos. 3, 4 and 5 the records of the Tahsildars were received on 23d March, 29th August and 19th September respectively since which no decisions have been passed.-

3- In Case No. 6 the accused was suspended on 19th December 1845 and the record of the Tahsildar was received on 13th January 1847 upon which no sentence has been recorded.-

4- In Cases Nos. 8-9 and 12 the records were received respectively on 30th November 12th October and 12th May 1846.-

5- The Board consider the delays above noticed to be highly objectionable and such as no pressure of other business can be held to justify and they request

Fort St. George — May 1847.

request the Collector to apply himself forthwith to the disposal of those cases which have been longest outstanding.-

Received the following letter.

To

D. Mill Esqre

Acting Secretary to the

Board of Revenue.

Fort St. George.

Sir,

With reference to the Board's Proceedings under date 8th Ultimo accompanied by the orders of Government, requiring me to report "whether" an "allowance" of Rupees 15-3-4 per Annum "for "Oil for a lamp in the Nanganandaswara Pagoda "at Brimapooram has been entirely discontinued — "or whether the payment has been suspended only for a "time and in either case whether just claim for its — "renewal may be advanced," I have the honor to state that I donot find any record of the above allowance having been paid at any time - It is ascertained that the charge has not been incurred since Fasly 1227 / 1817-18 I think therefore it may be considered unnecessary and that no just claim for its renewal can now be advanced.

Sent the following letter.

To

The Acting Principal Collector of

Madura.

(12)

Sir,

To the Acting Prin.l Coll.r of Madura. } I am directed by the Board of Revenue to acknowledge the receipt of your Predecessor's letter dated 11th February last, forwarding two State= =ments exhibiting the condition and resources of Sixty Pollams in the district of Madura, Viz.t Vallaputty, Vadagburray, Combay, Amatterah, Comaravady and Veeramalay, and proposing a reduction in the amount of peishcush fixed on each by Mr. Burdis in Fusly 1213.-

Requesting him to submit his sentiments respecting Mr. Blackburne's proposition for the reduction of the Peishcush on certain Pollums in his District.

Fort St. George 25th February 1847

2- The Principal Collector has adopted as his standrad for fixing the amount of future peish= =cush the average Settlement of 13 Years Viz.t from Fusly 1243 to 1255 inclusive, after deducting therefrom 30 per= Cent for maintenance and charges. The measure, if adopted, will reduce the present peishcush upon the several Pollums as follows.-

Amatterah	42	per Cent.
Combay	29	Do.
Veeramalay	19	Do.
Vallaputty	17	Do.
Vadaburray	12	Do.
Comaravady	8	Do.

But

But it is evident that any modification of a well weighed and long established Settlement founded on a consideration of the recent Collections alone may lead to the most fallacious conclusions. A satisfactory judgment can only be formed by a careful examination of the past and= present capabilities of each Estate. It is not enough to say that the outturn of the lands has diminished. It must be shown why it has done so, whether by mismanagement or = calamity beyond the proprietors control- whether the deteriora= =tion is temporary or permanent. Much stress has been laid on the effects of the Epidemic that affected the District in Fusly 1219-21. It should be ascertained whether the length of time that has since elapsed has not been sufficient to efface the traces of this visitation and likewise whether the Ayen= =lands which equally felt its virulence exchibit the same results.

3- Mr. Blackburne states that he has made this proposition with great diffidence, because he has not had suf= =ficient information as to the capabilities of the perumboke and waste ground in each Pollum, he therefore suggests that it may be desirable to reserve the right of some fixed portion on all waste hereafter turned to account as timber land or by cultiva= =tion in consideration of the proposed reduction.

4- Before disposing of this question the Board are desirous of being favored with your sentiments on Mr. = Blackburne's proposition, and request therefore that you will, after due enquiries respecting the capability of each Pollum, inform them whether a reduction of peishcush is in your opinion called for, and if so, to what extent.-

5- By the records of this Office it appears that 16 Pollums were under attachment in your District up

† Madoor —
Yamoochola poram
Thanasamaddy —
Pullapanaikner —
Chokumpatty —
Nellacotay —
Thoddencottay —

up to Fasly 1255, of which Seven were finally surrendered to Government, and Five form the subject of the present correspondence, leaving three others, Thogamalay Shendyoor, and Ramagherry, — which the Principal Collector has left unnoticed in his communication — You will be pleased to explain why these Polliums, — which appear to be similarly circumstanced with those on which a reduction of Peishcush is now proposed were not included in Mr. Blackburne's recommendation —

6. Assuming that the Peishcush was determined in the first instance on fixed and general principles, it occurs to the Board that if so great a reduction as now proposed be made in favor of these Five Estates, the easy rents on which the lands will be given to the Cultivators, will have the effect — of withdrawing the Ryots from the neighbouring Circar Villages, and thus indirectly occasion loss to Government, and it may be presumed that a similar indulgence will be claimed by the — Proprietors of the surrendered Polliums, and of the other Estates which may have fallen in arrears —

7. With respect to Mr. Blackburne's suggestion that it would be desirable to reserve the right of some fixed portion on all waste hereafter turned to account, the Board request you will state whether it would not be preferable in place of permanently reducing the Peishcush, with such reserve, to make over the Polliums on a reduced Peishcush at first, to be gradually increased until it again reaches the present demand, the number of years in which it is to — arrive at this standard being fixed in reference to the present condition of each Estate —

8. The Statements furnished by the Principal Collector do not shew the details of Annual Cultivation Bariz &c. The Board request you will supply this deficiency in your reply to this letter, and at the same time furnish an account shewing the Assets of the several Polliums at the time of fixing the permanent Settlement —

From the Coll.r of Madras & Register of Government Grants.

Sir,

I have the honor to transmit herewith

From Pur.d Coll.r Coimbatore 23d April 1817.

To Bd. 9th Dec.r/41.

herewith for submission to the Board of Revenue a copy of an application from Mr. P. Riely for a fresh lease for Cs. 2 of land at Oolacamund on the Neilgherries in the Collectorate of Coimbatore in substitution of No. 107 granted to Mr. C. E. Eskersall under the Sanction of Government dated 1st February 1812.

As the lease to Mr. Eskersall has been made over by him to Mr. Riely I beg leave to recommend that the necessary sanction may be procured for my issuing in lieu of it a separate Deed by way of consent and ratification of the transfer, in the form submitted to the Board on the 19th March 1832 subject to the same rates of assessment and the same conditions as those originally authorized by Government.

Madras 6th May 1817.

20

From the Secy. to Government

Communicating observations & Orders on the Board's Proceedings relative to the Settlement of the Land Revenue in the Collectorate of Madras for Fusly 1255.

Extract from the Minutes of Consultation under date the 1st May 1847.

Read the following Extract from the Proceedings of the Board of Revenue

Relative to the Settlement of the Land Revenue in the Collectorate of Madras for

Fusly 1255.—

A.D. 1845/46

(dated 29th March 1847 No. 172)

1. The Land revenue of the Madras Collectorate as settled for Fusly 1255 presents a little variation, the Demand being nearly on a par with that of the previous year while the Collections, on current and arrears exhibit a small decrease of Rupees 851.

The Collections of the Current revenues a

Fusly 1254	Rs.	63712.
1255	"	63609
Decrease		102
1254	Rs.	61583
1255	"	60731
Decrease		851

Fort St. George 24th May 1847.

a part were however in excess of the amount realized in the past year by nearly a thousand Rupees and this result is particularly ascribed by the Collector to "every effort having been used for the realization of as large a proportion of the demand as possible within the year". Creditable as these exertions may be the Most Noble the Governor in Council still considers the balance of Rupees 3873 outstanding at the close of the Fusly on Houses and Garden houses occupied and Paddy fields in a productive state to be rather large, being above 7 per Cent of the Demand under these heads. The remarks recorded on the same subject in reviewing the report for Fusly 1753 apply with equal force to the explanation afforded by the Collector in his present report in respect of the above balance.

2. His Lordship in Council also observes that out of a Demand of Rupees 7,368 on account of ground rent, there was a large sum of Rupees 1505 - or nearly one fifth of the amount uncollected at the end of the year, and which is not accounted for -

3. There was but a small sum of Rupees 229 recovered from the amount due on unoccupied Houses and unproductive Gardens

the

Rs. 53,532 of which Rs. 4,965 were collected within the Fusly

Para 3 of the Revs Cons dated 4th June 1845 No 669.

Rs. 24,98

Fort St. George 27th May 1847

the recovery of this sum is stated by the Collector to have been effected "by distraint where distraint was likely to be of any use" Under the circumstances stated His Lordship in Council fully admits the difficulty of realizing the Government demand on property of the description above referred to -

4. Exclusive of the amount already recommended to be written off the balances of the past and current years outstanding at the close of the Fusly were Rupees 24,778 - a considerable portion of which is stated by the Collector to be irrecoverable. It is hoped that the special report promised by the Collector will be submitted without any unnecessary delay, it being no less important than desirable that these arrears should be adjusted at an early period -

5. As a Statement of the nature required by the Board, if prepared from imperfect materials and insufficient data, would be worse than useless, His Lordship in Council thinks that the measure should be at once abandoned -

20-21

From the Secy to Government

Communicating orders on certain lapses of Yeomiahs in the District of Bellary.

22

Extract from the Minutes of Consultation under date the 4th May 1847.—

Read the following letter from the Acting Secretary to the Board of Revenue

Transmitting four Original Sunnuds with translations relative to the three Cases of Yeomiahs submitted for the orders of Government with the Board's Proceedings of the 18th January last

Here Enter 26th April 1847 No 705

Para 1. The Sunnuds called for in the Minutes of Consultation of the 15th March last No 329 having now been submitted by the Board of Revenue, the Most Noble the Governor in Council proceeds to take into consideration the lapses of Yeomiahs reported by the Collector of Bellary in his Statement of the 10th December 1846 and on which the orders of Government are requested.—

1 Yeomiah of Rs 6-12-5 per Mensem enjoyed by the late Bettada Malagherry Anabary, viz. Rs 3-4-6 always paid in the Bellary District and 3-7-11 " " in Cuddapah District.—

2 This is a mere subsistence grant and has already been enjoyed for two lives— Besides, the age of the son of the deceased and the means he possesses are circumstances which would not warrant the extension of the bounty of Government to the third life.— The Yeomiah therefore will be considered to

† 38 Years

Letter formerly Coll.r of Cuddapah to Coll.r of Bellary 20th June 1846 No 178

to have lapsed from the 23d January 1846, the date of the last incumbents decease, as recommended by the Board.— It is observed that under instructions from the Board it was generally made known that allowances of this description would be discontinued on the occurrence of lapses.—

2 Yeomiah of Rs 9-13-6 for Mensem enjoyed by the late Meer Zynoollabdeen

3 This is also a charity grant and has been enjoyed by the family during three generations, but in consideration of the destitute condition of the parties hitherto supported by it, his Lordship in Council resolves to recommend to the Government of India the continuance of two thirds of the Yeomiah to the Widow of the late Grantee for her life, as proposed by the Board.—

Cazanbee

3 Yeomiah of Rs 6-7-3 per Mensem enjoyed by the late Godam Hyder

4 This Yeomiah was originally granted for the services of a Teacher in the Jummaah Musjed at Adoni and its renewal in favor of the deceased was sanctioned by the Government of India under date the 6th November 1843 & authority is accordingly now granted for the continuance of the allowance of Rs 6-7-3 per Mensem in the name of Nanadoollah Saib the Uncle of the last incumbent from the 28th April 1845.—

Read the following letter

To

Sir H. C. Montgomery Bart.
Secretary to Government
Fort St. George.

Sir,

I am directed to acknowledge the receipt of your letter No. 25 dated the 5th January last, with Enclosures, and in reply to state that the President in Council sanctions the proposed increase of 90 Rupees per Mensem to the salary of Mr. John D'Vaz, Head Clerk and Record Keeper in the Cutcherry of the Madras Collectorate, as a personal allowance, with the distinct understanding that it is not to be taken into calculation in deciding hereafter on any claim to pension.—

The

7386 Fort St. George 27th May 1847.

34

From the Secretary to Government

The Most Noble the Governor in Council approves of the proposition of Board of Revenue Communicated in the foregoing Proceedings and desires they will act accordingly.

(Signed) H. C. Montgomery
Sec. to Govt.

Read letter dated 21st January 1847 from the Collector of Madras and Register of Government grants Submitting an application from Mr. J. Ryan for a lease of land at Oolacaumund on the Neilgherry Hills:—

In Cons 18th Feby 1847

34-35

Proceedings Requesting the Collector of Madras and Register of Government Grants to furnish further information regarding an application from Mr. J. Ryan for a lease of land at Oolacaumund on the Neilgheries.—

Thereon—Para 1. The Board observe that the extent of Land entered in Mr. Ryans' application dated 28th July is Cawnies 72 9-7th and that the title under which it is held is represented to be "Purchase". It further appears by the same document that a grant was applied for in 1840 and that quit rent has been paid for many years. The Plan furnished by Mr. Ryan appears to include various roads those which are common to the public not being distinguished from others as should have been done and all the entries of places &c are filled up in Mr. Ryans own handwriting &c

no enquiry appears to have been made with a view of ascertaining how far the land entered in the present application corresponds with the extent of land included in the original boundaries of the several detached properties since acquired by him and whether by carrying his claim close up to the boundaries of other Neighbouring Proprietors he may not have included the heads of several remaining Streams. It is desirable that the Collector should Communicate with the surrounding Proprietors and ascertain whether their rights might not be invaded by the proposed grant, especially in reference to water priveleges which are extremely valuable on the Hills.

The Register of Government Grants is requested therefore to obtain this information from the Collector of Coimbatore and he will be pleased also in communication with the same offices to report upon what grounds Mr. Ryan has applied for a grant of 6 72 9 74 as the extent of land belonging to the property he has purchased and in what manner he establishes his title thereto by purchase.

The original title deeds under which Dr. Glen first occupied the land in question and which should have been sent to the Register of Government

Grants

Grants should also be forwarded to the Board for inspection.

2. Further explanation is also required as to what has become of the application for a Grant said to have been made in 1840 and as to the exact date from which quit rent has been collected on the land in question and its amount. In furnishing the particular information now called for, it is necessary that the Collector should forward a correct plan of the land applied for, drawn up by a Surveyor and exhibiting its extent and boundaries.

3. The original documents which accompanied Mr. Hudlestons letter dated 21st January last are returned with these proceedings.

Extract from the Minutes of Consultation dated 20th May 1847.

(From Board 10th May)

36

From the Secy. to Government

The Most Noble the Governor in Council grants authority for the defence in the 1st Instance at the public expense of the Suit No. 2 of 1845 brought against the late Acting Collector of Guntoor in the Principal Sudr Ameens Court at that Station by Soondapilly Kristnaiah but will determine when a Copy of the Decree

Fort St. George 27th May 1817.

Decree is submitted whether the Costs, if any be adjudged against the Revenue Officers, shall be borne by them or by the Government.

/Signed/ H. C. Montgomery
Sec.y to Government

(36-37)

Order thereon.

Ordered to be communicated for the information and guidance of the Collector of Guntoor with reference to his letter dated 20th April last.

Extract from the Minutes of Consultation dated 20th May 1817.

(38)

(From Board 10th May)

From the Secretary to Government

Resolved that the Acting Principal Collector of Madura be authorized to make over to the Enamdar 2½ Annas of Porumbokee Ayen land as proposed in lieu of that taken up by the Road referred to.

/Signed/ H. C. Montgomery

Fort St George, Accountant Generals Office, 28th April 1847

E. E. E. E. (Signed) J. H. Stonhouse
Accountant General

No 13

Statement of partial alteration has been made in this Statement by entering in a separate Column all Receipts & Charges under their respective heads of Revenue instead of deducting them from the Charges as hitherto. This has been done in conformity with instructions from the Honble Court of Directors under date the 20th May 1835.

Fort St. George

27th May 1847.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 7th Instant with the original Papers which accompanied it respecting the General Treasury at Masulipatam.-

42-43

Revenue Board Office,
Fort St. George, 27th May 1847.

Signed D. White.
Acting Secretary.-

7423

Fort St. George 27th May 1847.-

Read the following letter.-

To

The Secretary to the
Board of Revenue.

Sir,

44

From the Collector of
Rajahmundry ---

Submitting for the approval of the Board an advertisement for the sale of the Peddapoor zemindary and recommending that an allowance of 1000 Pds. per mensem may be granted to the zemindar.-

† No. 1. both in English and Telooguo.-

With reference to the Minutes of Consultation of Government of the 2nd and the Proceedings of the Board of Revenue dated the 24th December 1846 directing the sale of the Peddapoor Zemindary for the arrears of Reasnae I have the honor to submit an advertisement for the approval of the Board of Revenue for the sale of the Six Estates comprising the Zemindary including the dairy lands enjoyed by the zemindar but excluding 63 — 18 — 0 of lands bearing the Cost of Rupees 3145 — 15 — 6 allotted by order of Government for the support of two Charity Choultries - It is impossible to ascertain the amount of balance actually due from each Estate inconsequence of the Collections having been made and the accounts having been rendered for the whole Zemindary at once. It will therefore be necessary to put the whole of the Six Estates up for sale in one lot and the result will be that there will be no bidders.-

Fort St. George 27th May 1847.

†Nos 2 and 3 Copies & translations Dos 17th Sept. 1846 and 30th Jany 1847.

2. I further beg leave to submit for the information of the Board 2 Petitions received from the Zemindar Vutchavoy Sooria Narasina Jagapaterauz. He prays that he may be left in possession of the Cos Peddapoor Moolah which contains 14 Villages assessed at Rupees 31405-8-0 and promises that he will duly pay the Peishcush and that he will discharge the balance of Arrears due thereon by instalments. He also requests that the Government will grant to him and his brother Simma Jagapaterauz an allowance upon the other five Estates which he proposes to cede to Government in satisfaction of the whole of arrears. This proposal however appears to be opposed to the views and wishes of Government.

3. The permanent assessment of the Zemindary is Rupees 169,435 but this sum cannot be realized at present owing to the irregation works of Richavole and Lingumpurty having fallen into disrepair but it is hoped that the repairs of the Soolia Baga Channel which are now going on will soon restore the former Moolah to a state of prosperity.

4. The amount of Annual Maintenance which the Zemindar now receives is as follows.

†Vide Government sanction of 4th received with the Proceedings of the 7th July 1842.

	Per Annum
Ready Money allowance at 500 Rs per Mensem	Rs 6000 — 0 — 0
List of Dairy lands	160 — 4 — 0
Total Amount Annually enjoyed by the Zemindar	6160 — 4 — 0
List of the lands attached to the Charity Chattrums enjoyed by him up to Fasly 1253 A.D. 1843-43 but subsequently brought under Circars Management and now appropriated according to the intentions of the donors	3145 — 13 — 6
Total	11307 — 3 — 6

Fort St. George 27th May 1847.

†Vide Para 7 of the Minutes of Consultation of 22nd and 28th Ult. of 24th December 1846.

As this allowance will cease on the sale of the Zemindary and the Dairy lands will also be sold I beg leave to recommend that an allowance of 1000 Rupees per Mensem may hereafter be granted to him. This sum will maintain him and his brother in a Manner suitable to their rank and Station. The former has become a Married man since the allowance of Rupees 500 was conferred upon him and the latter was to have been Married in the Course of this year but the loss of the estate has caused him to postpone it till next year.

5. It would be gratifying to the Zemindar to hold land near the Cusbah Town of Peddapoor of value equivalent to the allowance now proposed but he is unwilling to be exposed to the humiliation of contesting with the ryots those petty disputes about the supplies of water for their fields &c which invariably arise when there is a deficiency of rain. He would rather forego the pleasure of being a land holder than reduce himself to a level with his Neighbours at the scene of his former greatness.

6. In accordance with the intentions of the Board as expressed in your letter under date 27th June 1844 the Zemindar's only brother Simmia Jagapatherauz has received Rupees 100 out of the Rupees 500 which constitute his present Monthly allowance and I would suggest with all deference that his Maintenance should be continued to him in the same proportion hereafter that is that he should receive Rupees 200 per Mensem. Considering that his elder brother possesses the valuable estate of Cottanow this arrangement appears to be an equitable one and it will be beneficial to both parties in respect of its preventing those disputes which so frequently arise in consequence of the inadequacy of the Maintenance which the elder allots to the younger brothers.

No. 2.

To J. Prendergast Esqre.

Collecton in the Zillah of.

Rajahmundry

I Stree Rajah Vutchavoy Sooria Narasima Jagapatty rauz Behadur Zemindar of Peddapoor Taluk &c. present Salam, I am very well here and wish to hear of your welfare.

I am informed that you intend to sell by auction the Zemindary of Peddapoor under orders from the Board of Revenue. The Government were graciously pleased some years ago to cancel the sale of this Zemindary by Mr. Smith the late Collecton, and retain it in my name and therefore I did not think that they would now proceed to sell it without obtaining some explanation from me.-

My ancestors acquired this Zemindary three hundred years ago. They obtained the favor of the Nizam and afterwards that of the Honorable Company and when the Zemindary was permanently assessed they paid the beriz to the Circar and made other Zemindars follow their example had my ancestors who thus performed meritorious Service asked for any assistance the Government would have conferred it on them but with a view

to

to maintain their repute they used to pay to the Circar the Peishcush of six Lacs of Rupees regularly and enjoy the surplus profits. Had my ancestors formerly made over our Zemindary to the Government they would have shewn them much favor and I should not have incurred the disgrace of the Zemindary becoming extinct during my Management.-

On the 25th October 1843 I made two proposals to Sir H. C. Montgomery Bart. when in this District, one shewing sufficient reasons to strike off the balance of arrears against my Taluk grant me the remission of certain Items and reduce the permanent assessment; and the other to employ my people as Circar servants so that I might afford them my assistance in clearing off the arrears by degrees but as he gave me no answer I still hoped that he would submit my Case to the higher Authorities and obtain redress for me. Our Zemindary which formerly paid as Peishcush upwards of Rupees 6,67,000 has now been reduced to Rupees 1,69,435 some Estates having been sold by auction by the Circar- You will find on perusal that my proposals to the Commissioner are just consequently I beg you will be pleased to consider them and submit the

present

present address to the Government with your re-
commendation so that the present small Estate
may be retained in my possession and that
I may have the gratification of one of my
said proposals being accepted.

The Government of Madras and
other Presidencies have been pleased to grant
similar prayers of the Zemindars through
favor towards them, and I also beg that my
proposal may meet with the same indulgence
should it not be convenient to grant my request
and the Circar wish to bring my Estate to sale
I shall attribute it to my mere Misfortune and
being apprehensive that the Circar will be
displeased if I offer any objections to their
Commands Since we have depended upon their
favor from the time of our Ancestors. I beg
leave to submit the following proposals trust-
-ing you will be pleased to submit them to
Government thro' the Board of Revenue
for redress.-

As the Circar improved the works
of irrigation in Bickavole Estate it may be
resumed by Government if so inclined, as
for the remaining five Estates they may
be granted to me as Zemindary by fixing
the

the permanent assessment anew with reference to
the average Collections of the past ten years
leaving one third thereof as profit. Should
this not also be agreeable I beg to state
that as I was unmarried when Mr. Smith
the late Collector reported to the Board
regarding my Maintenance he only proposed
to grant me a Monthly allowance of
500 Rupees together with lands yielding
Annually 5300 Rupees and recorded his opinion
that the Maintenance of our family might
be increased eventually. The Government
have also been pleased to retain the Zemindary
at our disposal. These are the reasons why
I have not solicited an increase of the
allowance for our Maintenance tho' the present
one is insufficient to support us with
dignity supposing that I may be put in
possession of our Zemindary at any time.
A part of the said allowance Viz. 100 Rupees
has also been allotted for my Brother Timma
Jagaspatherauze and a portion of the lands have
been appropriated for the support of the
Chattrums so that I find it very difficult
even to pay my daily expenses with the
remainder of the Maintenance allowance.

you

No. 3.

To

J. Prendergast Esqr.

Collector in the Zillah of

Rajahmundry.

I Stree Rajah Vutchavoy Sooria Narainar Sagapaty Rauz Bahadar Zemindar of Peddapoor Taloob &c. Present Salem Sane well and wish to hear of your welfare.-

As you were not pleased to take my former proposals into favorable Consideration regarding my Zemindary I consider it with much regret to be my Misfortune, and addressed you another Arzee. on 17th September 1846 with certain propositions- I have addressed the Government on the 29th of the same Monther requesting them to grant my Petition but as my Case has not yet been taken into consideration and I am afraid that I shall have the disgrace of losing my Zemindary I now beg leave to make the following proposals trusting that they will meet with your favorable Consideration.-

1st. As my Zemindary contains 6 Mootahs bearing the permanent assessment of Rs. 1,09,435 I propose that you shall resume five Mootahs

Namely

namely Bickavole, Velgoobundah, Colunkate &c. Cundeecopah and Lingumpurrao bearing the permanent assessment of Rupees 1,39,029-8-0 and grant me a proportionate allowance and that you will put me in possession of the Peddapore Mootah receiving from me by Instalments the amount of arrears outstanding against the Estate.-

2nd. Should this scheme not be agreeable, will you fix an allowance with reference to the Permanent assessment of all the six Mootahs and put me in possession of the Peddapore Mootah fixing a new permanent assessment upon it and deducting the amount of the said allowance.-

I beg you will be pleased to accept of these two proposals shewing me one or other of this favor that I may receive a suitable Maintenance and that I may not be deprived of my title as Zemindar of Peddapore.-

Dated 30th January 1847.

Sir,

From the Agent to the Governor at Vizagapatam - Submitting the usual accounts explanatory of the settlement followed in the Vizianagrum Zemindary for Fusly 1255 -

Para 1. I do myself the honor to submit herewith, the usual accounts explanatory of the Settlement followed in the Vizianagrum Zemindary for Fusly 1255 for the 1845/46 current year, for the information of the Board of Revenue -

2 The Settlement was wholly made by my predecessor Mr. Arbuthnot. The remissions allowed in each Talook were fixed by himself and the Demand defined after such enquiry and investigation as that Officer deemed sufficient - Assuming the management at an advanced period of the season, I merely carried out the arrangements that had been previously determined upon and I hold myself in no way accountable for the results -

27th February 1847. 3. The season as I have already explained in my Report on the settlement of the Government Talooks was extremely unfavorable - No rain whatever fell in the early part of the year and the late rains were both scanty and partial, quite insufficient

insufficient to fill the Tanks or to bring the growing crops to maturity. In consequence the failure of the harvest was very general, and this following a season so calamitous as the preceding greatly diminished the resources of the Zemindary impoverished the Ryot and led in some instances to extensive emigration and desertion of the Villages.-

4.- Prices as shewn in the annexed Table rose considerably above those of the previous year, but still were greatly below the prices ruling in the District during former seasons of dearth and scarcity in the Carnatic. The failure of the harvest in this instance being

Number		Fuslies 1245	1246	1247	1248	1249	1250	1251	1252	1253	1254	Total	Average	Fusly 1255
		Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.

9	Coolty	53	73	94	117	147	121	56	49	50	99	859	85¾	87.

Chiefly local, and its consequences obviated in some degree by greater abundance in the neighbouring Districts.-

5.- Without further preliminaries, I beg leave at once to submit a Statement shewing the gross Demand of the Vizianagrum Zemindary under the usual Heads of Ryotwar and rented (divided into Ordinary, Moodut, and Nursaul Rents) for the year under review, in contrast with the Demand of the preceding Fusly from the same sources. This Demand is in this District termed the Attkoobady.-

Number		Attkoobady of Fusly 1254			Attkoobady of Fusly 1255			Increase			Decrease		
		Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.
1	Ryotwar	389072	8	3	577427	6	6	188354	14	3	"	"	"
2	Moodat and New Rents	477772	14	10	289607	13	6	"	"	"	188165	1	4
	Nursaul Do.	8784	6	"	"	"	"	"	"	"	8784	6	"
	Total	486557	4	10	289607	13	6	"	"	"	196949	7	4
	Grand Total	875629	13	1	867035	4	"	188354	14	3	196949	7	4
								Net Decrease			8594	9	1

6 Upon the whole, there was a small decrease in the Demand of the present year amounting

amounting to Rupees 8594-9-1- but no reliance can be placed on this account as illustrating generally the state of the people, or their capacity to undertake the lands allotted to them, for the distribution of cultivating lands in this District, was heretofore made at haphazard without any proper check or due enquiry.-

7- Although the gross results of the Demand in the two years approximate, there was a great variation in details. The rented Demand under all Heads had fallen from Rupees 486557 to Rupees 289607- shewing a decrease of nearly two lacs of Rupees. This was occasioned in great measure by the failure of the Renters under the pressure of the season in the previous year, and the determination of the Board of Revenue not to permit the grant of Remissions to the Village Communities renting their lands on engagement for a term of years; a measure which the Board considered to involve an unnecessary sacrifice of Revenue. This determination however disastrous to the financial interests of the Estate, rendered it necessary to cancel the cowles in many instances, and to revert to Jeroyettee Ryotwar.-

The

8 The Kursul Rents of the previous year had ceased, and been absorbed, owing to the demise of the Zemindar of Vizianagrum at Benares in August 1845; on whose life these leases were determinate.-

9- Of course, from operation of these causes, there was a great increase in the Ryotwar Demand; which rose Rupees 188354-14-3 above that of the preceding year.-

10- From the nature of the season, and the deteriorated condition of the District, which had suffered from a failure of the periodical rains for two years in succession the Board will be prepared to expect greater reductions and extensive remissions from the distribution of lands paying sist. The subjoined figured statement exhibits the Demand, Settlement and Collection of the Land Revenue, exclusive of Agraharums and extra items for the season under notice. The remissions allowed being not less than two lacs thirty seven thousand five hundred and seventy four Rupees and Annas nine (237574-9-0) from a Demand of Rupees 577427-6-6.-

Number

Fort St. George 27th May 1847.-

Number		Dowle of Lands given for Collection	Remissions	Settled Dowle	Collection
	1	2	3	4	5
1	Ryotwar	57427 6 6	23757 4 "	33985 2 13 6	31010 2 3 4
2	Moodut and New Rents	28960 7 13 6	" " "	28960 7 13 6	27228 7 14 "
3	Mirasul Do	" " "	" " "	" " "	" " "
	Total	86703 5 4 "	23757 4 "	62946 0 11 "	58239 0 1 4

11 The Remission of Rupees 23,757-4-4 exhibited in the foregoing Statement, was composed of Rupees 9284 3-14-3 allowed for Lands left waste, and Rupees 14,473 0-10-9 on account of loss of produce, founded on Estimates of crops framed agreeably with the plan of settlement usually followed in this District by Mr. Arbuthnot.

12 The Board will perhaps expect detailed explanation of these Remissions and proof of their necessity

But

Fort St. George 27th May 1847.-

But on this subject I can supply little that can be considered satisfactory The Settlement was as usual effected upon Estimates framed in the Talooks, without in my judgment any proper or effectual System of check or Supervision In looking over, and in comparing the sums admitted in the several Talooks, attention cannot but be directed to the enormous inequalities in the remission admitted on villages and Talooks adjoining each other, for which no very satisfactory explanation can be given I am constrained therefore to admit, that although in such a season as the one under review, large remissions were needed.- No searching examination or check seems to have been applied to the Estimates of loss of produce made by the Talook Officers in their respective Districts.-

13. In para 5 of the Board's proceedings bearing date the 10th September last, the unsatisfactory nature of the existing mode of settlement was noticed, as apparently not conducted upon any fixed system. Each item of remission it was observed, should be exhibited, deductions for lands left

waste

waste were not the Board noticed, explained by the remark, that the settlement was made by Anchanahs. Finally, it was said, that the Tahsildars should have forms of accounts furnished to them, exhibiting each item of remission, and it was desired that this should be done in future years.-

14 These remarks, in the truth of which I fully concur, are not applicable to the details of the year in question as they did not reach this Office till some months after the close of the season under report. It is quite true, that accounts might even now be sent shewing each item of remission, corresponding in their aggregate amount with the total deductions that have been admitted. But these accounts for any purposes of comparison or review, would be worse than useless, for no reliance whatever could be placed upon their truth. They would appear to support the Anchanahs but these Estimates are often spurious and untrue.-

15 In fact, the system of Estimates must be abandoned, and the settlements made upon the land brought under the plough by the Ryots. The Ab'stoobadies must be a real distribution of the fields, and not a nominal

and fictitious entry in the Talook account of the lands in the Names of Ryots. and finally, no deductions from the Abstoobady should be admitted, without full explanation and verification of their necessity by a rigid examination of the Village accounts and Cultivation by Hoozoor servants on the spot. There is no difficulty in this scheme whatever although Mr. Arbuthnot raised many insufficient objections, which he treated as insurmountable obstacles to its introduction. The only real obstruction, is to be found in the Public servants, who profit by existing irregularities. To their advice Mr. Arbuthnot was too apt to refer, instead of trusting to his own good judgment.-

16. Of the settlement effected, amounting as above shewn to Rupees 629460, five lacs and eighty two thousand, three hundred and Ninety Rupees were collected within the year, leaving the balance outstanding at the close of the Fusly, forty seven thousand and seventy nine annas and eight piece as shewn in the accompanying Statement.-

Out

7452

Fort St. George 27th May 1847.

17 Out of the Balance shewn in this Statement Rupees 2,750-10-2 was a Ryotwar balance, and Rupees 1,319 and odd an arrear due by renters. Of the Ryotwar balance Rupees 1,458-6-3 has been collected up to the end of March, and Rupees 1,425 of the rented arrear up to the same date.-

18 I now beg to subjoin a Comparative Statement of the Current settlement and Collections from all sources of the Vizianagrum Zemindary during the two last years.-

Fusly-

							Net Decrease	97,517 2 6	49,521 12 3	

7454

Fort St. George 27th May 1847.-

19 It will be seen that the Net Collections within the Fusly under review, amounted to Rupees 628598-12-11 and fell short of the Collections of the preceding season by Rupees 49521-12-3.-

20 If a comparison be made of the Collections from all Sources, including arrears, in the two last Fuslies, it will be found that in the first year, there were Rupees 695664-3-9, and in the latter, Rupees 645360-6-5. being a decrease in the present Fusly of Rupees 50303-13-4.-

21. This is the worst year of any on record during the last ten years, but when things are at the worst they sometimes mend.-

22. The retained private villages in the year under review, had an estimated Dowle of Rupees 26075-2. The Settlement and Collections were only Rupees 19102-12-5. and Rupees 16441-14-9 accordingly.

23 I have now to submit a Statement shewing the Account Current of the Estate during the past year.-

Total Company's Rupees		84[illegible]91 10 11

Total Company's Rupees

24. The assets including Tuccavy and adding the balance on hand at the end of Fusly 1254, give the gross receipts Rupees 841491-10-11.-

25. From this was disbursed Rupees 166833-8-5 for expences of management and Tuccavy Vcd. Rupees 5,65,650. on account of Government Peishcush current and arrears, Rupees 54,000 were sent to the Rajah and Rupees 27370-9-10- were spent in payment of interest, leaving a balance on hand at the close of the year of Rupees 27,637-8-8.-

26. The Peishcush annually paid by this Estate is Rupees 5,00,650 and a sum of Rupees 3,15,650 only being carried to current account, it follows that a balance of current Peishcush remained unliquidated to Rupees 185,000 at the end of the Fusly, to meet which, there was only 27,000 Rupees and odd in hand.-

27. This deficit however is not wholly the result of any actual inability in the assets of the Estate to pay the current demand of Government Peishcush. The balance arose in the year 1845, when Mr. Arbuthnot, under circumstances fully explained in the letter marginally noted, advanced from the Treasury a sum of Rupees 220000 for remittance to

* 18th June 1846.

to Benares to discharge certain debts contracted by the late Rajah. It was originally intended to have borrowed this amount from private sources, and it had been promised to be advanced by Narrain Row. Some legal technicalities prevented the money being forthcoming, so soon as at first hoped for, and Mr. Arbuthnot ultimately advanced the money on his own responsibility.-

28. Part of this amount was recovered by the loan of a lac of Rupees from the Zemindar of Bobilly, but when Narrain Row was in a condition to make up the remainder, the Government were apparently inclined to have nothing more to do with the Rajah's debts, and had resolved to enforce his return to his own Country.-

29. Under these circumstances, the Zemindary became indebted to the Government to the extent noted in para 26. The whole balance will be recovered during the present season.-

30. I have only to add, that in my judgment the Estate is quite

capable

capable of meeting all its engagements.
Its resources are not to be measured by
past results of neglect and mismanage=
=ment, aggravated by the occurrence of two
unusually bad seasons in succession.
Next Fusly, I propose to shew, what
what can be done with more active super=
=vision and by the abandonment of the
baneful system of Estimates heretofore
followed, under which no Country could possibly flourish.-

31. It will be seen, I trust, from
the results of the year in which I now
write, that a settlement on the lands
can be made in Vizianagram with
as much facility as in the most ac=
=curately surveyed District under the
Madras Presidency, and that the
settlement so made, can be brought
to account with equal punctuality
and with much greater satisfaction to
the people, than is customary in those
highly favored localities, rejoicing in
a survey field assessment.-

32. I had intended to have

submitted a Report on the outstanding
Balance of the Vizianagram Zemindary
before this, but I have found it im=
=practicable to do so, until after the
close of the Fusly year 1256. A strict
scrutiny into the ways and means of
the people having been instituted,
during the progress of the current
settlement, which has only now
been brought to a close.-

Vizagapatam Governor
Agent's Office

Order thereon — Ordered to be sent again in Circulation

Read.

J. G. B.

7477 — Fort St. George 27th May 1817

Read the following letter:-

To D. White Esqre
Acting Secretary to the
Board of Revenue

Sir, Fort St. George:-

(52)

From the Dy Collector of Masulipatam — 1. With reference to the Boards Proceedings under date 8th February last, forwarding an Extract from a General Letter from the Honorable Court dated 23d July last, and requesting me to report to what extent their views may be carried out in regard to substituting Invalided for Regular Sepoys for revenue purposes, I have the honor to state that all the Guards employed for Revenue and Magisterial purposes in the District are supplied from the two detachments of regular Troops located at Condapully and Rajapoor, and considering the extended and open nature of the frontier bordering on His Highness the Nizams Dominions, I could not recommend that Invalid Sepoys should be substituted at those stations:-

Subs.ting opinion in regard to substituting Invalid for Regular Sepoys for Revenue and Magisterial purposes in this District:-

From Condapully Guards of the

	1st Class	2nd Class	3rd Class	4th Class
	Rs	Rs	Rs	Rs
From Condapally				
To Juggiahpetta	0	1	0	13
Bezoara	0	1	0	13
Madhavaram	0	0	1	6
Mylavaram	0	0	1	6
	0	2	2	38
From Rajapoor				
To Pirwoor	1	2	1	22
Chintalapoody	0	0	1	6
	1	2	2	28

the Strength noted in the Margin are detached to Juggiahpetta Bazoara Madhavaram and Mylavaram and from Rajapoor to Pirwoor and Chintalapoody and should it be an object to relieve the Regular Troops from Minor duties Invalid Sepoys might be employed at all these Stations with the exception of Juggiahpetta and Juggiahpettah is a wealthy and mercantile Town with a Tahseldar's Treasury, and being close to the frontier requires to be carefully guarded at Pirwoor there is also a Treasury and though a smaller Town, yet from its being surrounded by the Mazawa Villages and in a Simply neighbourhood requires efficient protection.

Ordered to be brought forward as a future meeting.

Read the following letters.

To D. White Esqr
Acting Secretary to the
Board of Revenue.

From the Acting Collector of Masulipatam.

Sir, Fort St. George.

54

I have the honor to acknowledge the receipt of your letter of the 10th Instant, and to forward herewith a Statement shewing the amount of the endowments in land and money paid for the support of Pagodas and Mosques in the several Government Estates in this District, prepared according to the form therewith furnished.

2d. The amount exhibited in the said Statement is not a fixed payment, but has to be determined according to the quantity of produce yielded on the lands in each year consequently the sums calculated for the most part upon the produce of fusly 1255 A.D. 1845-46 and in some instances upon that of former years, in which the lands yielded some returns.

3d. The accounts of the endowments on the Zemindaries are ready from which a return can be prepared without considerable delay, but if such should be required it will, on an intimation to that effect, be prepared and forwarded as speedily as possible.

Abstract

7483 Fort St. George 27th May 1847

To

D. White Esqr.

Acting Secretary to the

Board of Revenue

Fort St. George

Sir,

From the Agent to the Govr. of Fort St. George at Kurnool

I have the honor to forward two small items amounting to 17-4-3 which have been discontinued, as were erroneously included in the money payments on account of Mosques in the Statement submitted with my letter of the 17th instant. I have therefore the honor to transmit a fresh Statement and to request that the other may be returned.

2. I should also observe that under the head of "Mosques" were included the allowances for Durgah, Oroos, Asar and other ceremonies connected with the Mahomedan religion, but it occurs to me that it is possible the Board may require a Statement of the endowments for Mosques only, but the period fixed for the transmission of the Statement having escpired, there is no time for a reference on the subject, I have therefore prepared two Statements the one marked A showing the allowances appropriated for Mosques only, the other marked B. including also the ceremonial allowances mentioned above.

From the Collector of Malabar

Sir,

I have the honor to acknowledge the receipt of your Circular letter dated 10th Instant, and to transmit herewith, a Statement in the required form of the only money payment made in this District for the support of a Mosque at Durlandy, and which under the orders of the Board dated 22d March last, is about to be superseded by an Endowment in Land.

There are no Endowments in land for the support of Pagodas and Mosques in Malabar, as will be observed by my letters to the Board dated 11th September 1846 and 30th July last.

I have the honor to be
Sir
Your most obedient
humble Servant

Orders

54-61

Order on the 7 abovementioned letters. Ordered to lie on the table.

Read the undermentioned Registers.

62

From the Acting Coll.r of Masulipatam. Register of Endorsements passed by him on Petitions referred by the Board during the Month of February last.

63

From the Acting Coll.r of Masulipatam. Register of Endorsements passed by him on Petitions referred by the Board during the Month of March last.

62-64

Proceedings thereon. The Board observe that in the Statement for February the number of Petitions noted in the Margin remains undisposed of, none of which appear by the Return for the following Month to have been enquired into. The Board consider the practice of allowing the petition department to fall into arrears to be very objectionable, and they request the acting Collector to take early measures for the final disposal of petitions of such old date as those now noticed.

Read the following letter

To D. White Esq.re
Acting Secretary to the
Board of Revenue
Fort St. George

65

From the Coll.r of Guntoor

Sir,

I have the honor to bring to the notice of the Board the following

following circumstances connected with the leases of rent granted by the Reyfully Zemindar, for the Village of Budamm in that Zemindary.

2. The Village of Budamm is situated in low ground to the South West of Yagilly on the road between Sandole and Barpetta, and contains according to the Ayacut accounts 21 Coolcherls of land of the best description, the whole of which is capable of wet Cultivation, being well supplied with water from the Kristna both by the Vellatore and Tonigoboodra Channels. The Village itself is almost deserted and the land is Cultivated by Ryots of the Rauz caste from Cauzepallums.

3. In fusly 1247 the Reyfully Zemindar rented the Village to one Mantina Peddalutchmapelly ranze of Cauzepallums on a lease for three years as noted in the Margin, during this time the Vellatore Channel came into operation, greatly improving the resources of the Village. In fusly 1250 the Zemindar renewed the lease to the same parties as follows.

1247- 651—0—0
1248- 781—0—0
1249- 821—0—0

1250 ——— 1357 — 8 — 0 —
1251 ——— 1426 — 8 — 0 —
1252 ——— 1491 — 8 — 0 —
1253 ——— 1524 — 0 — 0 —

at which sum the rent was to remain stationary.

4. In the accounts rendered by the Zemindar when the estate was taken from his management in

in 1843 this Village is entered as having been rented on a lease for eleven years from Fasly 1250 to 1260 inclusive- In the course of the Commissioner's enquiries it is understood that the Kurnums gave information that this was a collusive transaction, the Zemindar having in 1250 renewed the lease for 5 years only, and in 1842 or 1843 after finding that the estate was about to be taken under the charge of the Collector, had for a large consideration received from the renter and security who are wealthy men, taken back the Cowl previously executed, and substituted in its stead another for the additional period to 1260 inclusive. It would appear however that the Kurnums afterwards retracted their statement, and probably for this reason, no further notice was taken of it, except that Budaum is mentioned by the Commissioner in the list of Villages in which frauds of the servants had been alleged, in his letter dated 15th ult. in September 1845 to the Acting Collector-

5- On the 24th March last, a petition was given to me by Mantina Sinna Vencata pully, one the renters younger brother, stating that his brother after renting the Village from the Zemindar for five years, had Collusively obtained an extension of the lease on the same terms for 6 years more to 1260 and that

that after engaging to give petitioner a share in the first rent, he had afterwards refused to do so.-

6- This led to an investigation of all the circumstances connected with the rent, the result of which is, that although the parties who are privy to the Collusion, with the exception of the petitioner persist in disclaiming it, there appears presumptive proof of it- For on reference to the annexed statement of the Settlement and Collections of this Village from Fasly 1230 it will be seen that it had previously yielded in 1240 as much as 3300 Rupees, and after means had been provided for irrigating Annually the whole of the land, from the Kistna, with scarcely the chance of interruption, it is impossible to conceive that the Zemindar should, except for his private advantage, have granted so long a lease for less than half that amount, while it is to be observed that the renting of rice lands in the Zemindaries was almost unheard of, as were also leases for more than five years, except under circumstances indicative of Collusion.-

7- But independently of the presumption of Collusion, it appears perfectly competent to the Collector, now that the Estate has been brought by Government, under Section XIII Regulation XXX of 1802, to Annul the Zemindar's engagements, and therefore the Tahsildar will be directed to collect in the present year the

full

full value of the Surkar share - It will be observed that the value of the Government share in the last season, reached the large amount of Rupees 5269-9-2 or about Rupees 9-11-4- per acre -

8- An order was issued to the Tahsildar of Ponnoor on the 6th April, as soon as the enquiry commenced, to detain the produce, but, though he proceeded immediately to the Village, it had been measured and to a great exctent removed - But according to the accounts of the measurement on which he obtained from the Kurnums, the produce amounted to 364 Candies - The estimated value of the Surkar's share being Rupees - 2830-15-1 -

Abstract

Resolution thereon - Under the circumstances represented in the foregoing letter the Board approve of the measures adopted by Mr. Stokes in regard to the rent alleged to have been granted by the Reypully Zemindar for the Village of Budaum in that Zemindary -

65-66

Read the following letters.

To,
D: White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

67

Sir,

From the Collr of Nellore } 1-

I have the honor to submit my report on the accompanying Petitions presented to the Board of Revenue by Allata Soobrow late Salt Superintendent of Escapally in this District -

Reporting on the Petitions No. 1582 of 1846 and 229 of 1847 presented by Allata Soobrow to the Board of Revenue and submitting the decision of Mr. Bishop in regard to his removal from the situation of the Salt Supt. of Escapully and the fine levied from him -

(New authorities added in 1582 of 1846 and 229 of 1847)

2. By the sentence passed by Mr. Bishop on 15th August last R. Venkatanarrainapah one of the Goomastahs subordinate to Petitioner stationed at Gogoolapully was fined in the sums of four hundred and fifty Rupees namely three hundred Rupees the export value of ten Garces of Salt fraudulently made away with and Rupees one hundred and fifty for falsifying the accounts to enable the transaction to be concealed, and the Petitioner was fined one hundred Rupees for having connived at the fraud and submitted such false accounts to the Collector

Collectors Office -

3- Petitioner Attolo Soobrow in his Petition to the Board admits that the fraud and falsification of accounts took place, but that the extent of the Escapully Pans was such that he could not be expected efficiently to superintend them, and that he could not be considered answerable for the frauds of his Subordinates - Indeed he pleads the utter abandonment of the duty for which he was paid -

4- Having myself lately been at Escapully and taken this case into consideration on the spot, I can see no extenuating circumstances in Petitioners favor, The Escapully Pans extend about twelve Miles from Varery on the South, to Toonmalapenta on the North, and Escapully is nearly in the Middle. The Gogoolapully mound from which the Salt was made away with is barely two Miles distance from Escapully, and I do not understand how the Petitioner could possibly have avoided knowledge of the transaction if he had paid the commonest attention to his duty. Under all the circumstances of the case I cannot help considering that the punishment inflicted on Petitioner by Mr. Bishop was fully merited. -

(Signed) G: A: Smith.
Collector

Nellore,
Collrs Cutcherry
7th May 1847 -

Decree

A.

Decree passed by the Collector of Nellore-

Complainant

M. Veerasawmy Akkur
merisf of Gogoolapully in
Escapully-

Defendants-

1. R. Venculanarrainapah
Goomastah of Gogoolapully

2. A. Sooboorayloo Supt.
of Escapully.-

The 1st Defendant is charged in the first instance with having made away with one entire heap of Salt containing 10 Garce the manufacture of fasly 1253 and stored on the plat form of the Gogoolapully Cotaur of the Escapully Division and in the second with making false and fraudulent entries in the public accounts relative to the expenditure of public property (Salt) under his immediate charge-

The Second Defendant is also charged with submitting false statements under his signature of the quantity of Salt in store.-

On receipt of the charge against 1st Defendant, a Goomasta and Daloyet were deputed to the Cotaur to examine the number of heaps in store-

The absence of one full heap is proved on examination and admitted by 1st Defendant but accounted for as expended in covering a more than usual

usual deficiency on the other heaps which had been sold for export, the out turn of which he admits to have falsely entered in the accounts- The 1st charge being clearly proved and the Salt having been in the Defendants immediate charge and not forthcoming, he is sentenced under Section VI Regulation IX of 1822 to pay to the Circar the value of the missing property at the export price ie Rupees 300.-

On the second charge of making false and fraudulent entries in the public accounts 1st Defendant can say nothing in his defence- The accounts bear his signature and their falsity is undeniable, he is therefore sentenced under the 5th Class of offences specified in clause second Section II Regulation IX of 1822 to pay a fine of 150 Rupees.

The second Defendant Superintendant of Escapully Division when called on to account for the difference between his statement of the number of heaps in store and the actual number found can give no satisfactory explanation, pleading entire ignorance of fraud or any knowledge of the number of heaps in existence, tho the periodical accounts submitted and signed by himself are intended to show the quantity of Salt in store as personally ascertained by himself. It cannot be supposed that the Second Defendant could be ignorant of the existence

existence of fraud on such a scale as that practised in a Span under his Superintendence, which could never have existed but with the knowledge and consent of all parties connected with the Span, his connivance being apparent and the accounts submitted being false he is sentenced under the 4th Class of offence specified in Clause 2d Section II Regulation of 1822 to pay a fine of 100 Rupees

Given under my hand and Seal at Nellore this 15th day of August A. D. 1846.

Collector

Resolved

69-70

Proceedings thereon- Resolved that the Collector of Madras be requested to intimate whether there is any objection to the Yeomiah, adverted to in the foregoing letter, being paid from his Treasury-

71

From the Collector of Nellore- Read Statement of Collections and Charges for fusly 1255-

71-72

Order thereon- Ordered to be lodged in the Office-

Read the following letter-

To, D: White Esqr
Acting Secretary to the Board of Revenue
Fort St. George-

Sir,

From the Acting Collr of Cuddapah } Para 1- I have the honor to bring to the notice of the Board of Revenue that the late Poligar Narasimha Reddy the Leader in the late Insurrection had for years past, according to mutual agreement with his Brothers, drawn his 3d share of the Poligar Pension entered in Mr. Ross' Register No. 5 Statement X in the name of Coomara Mulla Reddy the head of the Family, who, as well as the 2nd Brother Vurda Reddy are alive-

73

2. As I imagine Narsimha Reddy by his late treasonable Proceedings has entailed upon his family the forfeiture of claims to the continuance of his share of the Pension, and as his elder Brother Coomara Mulla Reddy would be scrupulous in receiving the same

same to the Pension of the Widow and family of his late half Brother, I would beg to suggest that this 3rd share of the Pension be resumed, and that some suitable allowance in addition to the two thirds of the Pension which the two elder Brothers enjoy be granted to Coomara Mulla Reddy as a reward and mark of the approbation of Government for the assistance he rendered during the late disturbances as brought to notice in Para 27 of my Report dated 15th Ultimo, Copy of which has been forwarded to the Board of Revenue. The elder Brother Coomara Mulla Reddy draws exclusive of Narsimha Reddy's share Rupees 23-5-4. I would beg to recommend that this amount of Pension be doubled and continued in the name of the said Coomara Mulla Reddy, and that it shall be left to him to allow his Brother Vurda Reddy whatever portion of this additional allowance he pleases; by this arrangement the amount of original Pension would be increased to Rupees 11-10-8-

Cuddapah District, Collectors Circuit Cutcherry, at Muddenpully 12th May 1847. } / Signed / J. H: Cochrane. Acting Collector.

Resolved that the foregoing letter be submitted for the favorable consideration of Government.

73-74

the

the Board observe that the arrangement proposed by the Acting Collector will increase the amount of the original pension in the sum of Rupees 11-10-8- but under the circumstances of the case they do not consider it necessary to offer any further remarks upon the recommendation-

From the Collector of Cuddapah.....

Reporting on the relative advantages of renting the abkarry by tender instead of the present practice of so doing by public auction.

Sir,

I have the honor to acknowledge the receipt of your Circular letter dated 15th Ultimo transmitting Copy of an Extract from the minutes of Consultation dated 25th March last and requesting my opinion on the relative advantages of renting the abkarry by tender, instead of the present practice of so doing by public auction.

2. The proposed system of renting by tender for two or three years would if adopted certainly tend towards more substantial Persons farming the abkarry rents as many comparatively less wealthy Parties who have hitherto been in the habit of Competing annually with each other for the privilege of selling Spirituous Liquors in the several Talooks would be deterred from making their offers consequent on the difficulty they would experience in finding the requisite security, which for a term of two or three years would be greatly enhanced.

This

3. This would certainly be an advantage if not counterbalanced materially by the decrease in the Abkurry Revenue which I think would naturally result. The proposed system would I am inclined to think, tend to the exclusion of respectable and sufficiently wealthy and substantial Persons from bidding up against and competing with their more wealthy neighbours as they would do if the renting of the Talooks was confined to one Year, the rents would fall to the more substantial Parties at a rate greatly to their advantage and to the detriment of Government and of course the system of subrenting would be equally carried on as hitherto while the present system does not as far as I can judge deter the same wealthy and substantial Persons from making their offers for renting one or as many Talooks as they feel inclined for the period of one year.-

4. The proposed system appears to me in some measure objectionable. The Renters on the certainty of holding their Rents for a fixed period of

of years might be induced from extravagance or in mercantile speculations to allow their instalments to fall into arrears fully intending to pay up eventually. Their Calculations as to Abkarry Profits in prospective may frequently prove incorrect consequent on unforeseen unfavorable circumstances of a season rendering the Collection of arrears in the end a matter of difficulty without having recourse to confiscation of Property.-

5. The abkarry has never been rented in this District for a Term of years. Parties who are in the habit of competing for the Rents annually are Persons of ample wealth and respectability and the rents have invariably been collected with facility. Taking every thing into consideration I beg to express my opinion that it would not be desirable to extend the term of the abkarry farm to two or three years.-

6. In regard to the plan proposed

proposed of farming this branch of the Revenue by tender instead of by Public auction I do not see what advantage its adoption will possess over the present practice of receiving offers by public auction.

From the Proceedings received I am unable to learn if Mr Smollett proposes to extend the term of the Abkarry farm by tender for Talooks separately or for the whole District. I conclude the former but if otherwise I beg to state that this arrangement if carried into effect would in my opinion still more materially affect the Revenue derivable from this source.

Cuddapah District. }
Coll.rs Circuit Cutcherry at } Signed J.H. Cochrane.
Muddenpully 19th May 1847 } Collector.

To
C. White Esqr.
Secretary to the
Board of Revenue
Fort St. George.

78

From the Coll.r of Salem } Para 1.

Sir

With reference to Extract from the Minutes of Consultation under date the 25th March 1847 conveyed in your Circular letter of the 15th April requiring my

Offering his opinion on the mode of renting the Abkarry- States that it would

would be preferable to give it on a lease of 4 or 5 years than to dispose of it for one year by Public auction suggests that in the first instance a term of 3 years should be allowed to try how far the object in view will be attained.

opinion on the relative advantages of the mode of renting the Abkarry by tender instead of the present practice of renting by Public auction, and to extend the term to two or three years and also to state whether the Abkarry has ever been rented in my District for a term of years, and if so whether there has been any instance of failure on the part of Renters in fulfilling the terms of their rent, I have the honor to state that the practice of extending the term of the Abkarry farm for 2 or 3 years was never adopted in this District yet although the term of this farm has always been restricted to one year the Renters failed in discharging the Government demand in several instances, and consequently the Local authorities were induced to have recourse to harsh measures for the recovery of the balance. Their property was attached and sold by Public Auction but the sale proceeds not being sufficient to meet the balance they were in Jail. The balances from fasly 1214 to fasly 1234 which were finally remitted by the sanction of Government are exhibited in the margin.

Every

	Balances	Rs	a	p
Remitted in fasly 1242.	For fasly 1214	222	13	7
	" 1218	135	13	3
	" 1227	2295	5	5
	" 1231	880	14	6
	" 1232	334	1	"
	" 1234	920	"	"
		4591	15	9
Remitted in fasly 1247.	For fasly 1232	6	8	"
	" 1233	5852	8	4
	" 1234	13439	"	7
		19298	"	11
	Total	23890	"	8

2. Every speculation of the kind, the success of which mainly depends on the nature of the season may be considered in that respect gambling when the season is so uncertain and perhaps the present system of farming the rents for only one year at a time when parties who make their offer are enabled to judge of the prospects of the season, is less objectionable in that point of view than if they were taken for a more extended period I am however inclined to the opinion that receiving offers by tender is preferable to a public auction; for although the competitors at a public sale often run up the offers above the prospects of indemnification from individual rivalry and jealousies as I have often experienced in conducting sales, it can never be to the ultimate advantage of Government to accept offers above what are likely to prove remunerative to the bidders especially if the rents are given only for one year, as they must if the season proves at all adverse exhaust all the resources of the farm to enable them to meet their engagements, which [illegible]

would do if their interest in it only extended to so limited a time but if given on a larger lease of four or five years it would be obviously their interest to improve it as much as possible so as to ensure a profitable return in ensuing years.-

3. It has always been noticed in the Ostrijars published in the District that offers would be received by tender previous to the day of sale but parties have always preferred attending the sale: but I am much inclined to the opinion that receiving offers by tender to be accepted or rejected according to the discretion of the Authorities in lieu of a public sale would insure a more respectable class of renters and also that renting the farms on a lease of 4 or 5 years under good security & restriction as to the payment of half yearly instalments would be advantageous to Government and the Renters. Perhaps in the first instance three years would be a sufficient extent of lease which would be sufficient to illustrate the advantages of the changes of system and afterwards.

afterwards. I think it will be found that the leases may be beneficially extended to a longer period.-

Salem Collrs Cutchery 18th May 1847 } /Signed/ W. E. Lockhart. Collector.

Order on the 2 Abovementioned letters. Ordered to lie over.-

77-79

Read the following letter.

To, L. White Esqre Acting Secretary to the Board of Revenue Fort St. George

80

From the Asst Collr of Chingleput

Sir

Para 1- I have the honor to state for the information of the Board that there is a balance of Rupees 20233—10—10 outstanding against the Akarry renter of the last Fusly who became a defaulter and thereby forfeited the Government Promissary Note of the Tanjore debt for Company's Rupees 21000 deposited by him in Security.-

Requesting the instructions of the Board regarding an offer made for the purchase of the Government Promissary Note of Tanjore debt for Rs 21000 deposited by the defaulting Akarry Rent of last Fusly.-

Letter to Board dated 15th June 1846. Para 8 & 10.

2. This Note was sent by me to the Accountant General for sale and the proceeds together with the interest due on the Note would under ordinary circumstances have covered the arrears be the recent opening of the 5 per Cent loan has so affected the Money Market that the value

value of the Note is materially altered. The only offer made for its purchase is at a discount of 23½ per Cent and the Accountant General has requested to be informed whether this offer is to be accepted.-

3. In the event of the Note being disposed of on the above terms a portion of the arrears amounting to about Rupees 33,00 would remain irrecoverable and I therefore request the instructions of the Board as to my accepting the offer, or deferring the sale of the Note until a better price can be obtained - In the present state of the money market more favorable terms are not to be expected but I am not aware when the 5 per Cent loan is likely to be closed.-

4. I have stated that if the present offer is accepted a portion of the outstanding balance would be irrecoverable, and beg in this point to explain that the late Akarry Renter has no property within this district and that as the amount of Revenue already realized will exceed that of any previous year notwithstanding the disadvantage of an

an adverse season it would appear to me unadvisable to resort to personal process against the Renter for the recovery of any sum which might remain due after the sale of the Note deposited in Security.

Chingleput District
Collrs. Circuit Cutcherry

Fort St. George

Sir

82

From the Acting Collector of North Arcot -- } Dated 1.

With reference to the Boards Proceedings dated 25th. February last I have the honor to report further regarding the arrears due to the several Yeomiahdars respecting whom the Board required to be furnished with further information.

2 According to the terms of the Original grant the Yeomiah is for defraying the expense of lamp oil to the Durgah and Mosqueed, for the subsistence of the Parties and for the performance of the Services of the Durgah. The Nature of the Services are reported to be to perform the duties of Khateeb or to read prayers every Friday, Of Peish Comaz or leader of prayers Of Maunzun, or he who offers up prayer five times in the 24 hours To provide for sweeping and keeping the Mosqueed clean, the supplying of water to those who attend prayers and setting lights The Tahsildar reports that these services have been efficiently discharged by the Yeomiahdars deputy in his absence.

The

No. 24. Shah Habeeboollah in the family of Shah Enaya toollah See Enclosure dated 2d. Jamadalouel Hijree 1210 = AD 1794

No. 50 Haleem Sahibah in the family of Shaha Enayatoolah.

3. The mention of this Individual as of the family of Shaha Enayatoolah was a mistake of the writer. Haleem Sahibah is of the family of Syed Mahomed. Her age by a reference to Register B sent to the Board on 1st December 1843 is 97 years. The Cauzy's Certificate of her being alive is supported as is usual in the Cases of all female Yeomiahdars by the testimony of two other Yeomiahdars who are aware that according to the Yeomiah Rules any misrepresentation would subject them to the forfeiture of their Yeomiahs, and of her Vakeel, also a Yeomiahdar and subject under a Kararnamah to a similar penalty. There seems therefore no doubt of the above person's identity.——

No. 86 Mahomed Shariff
& 138 Mahomed Nasarodeen

4. The Statement of these persons regarding the cause of the non-payment of their allowances were verified in the case of the former by the Yeomiah Sudr of the Collector's Cutcherry who saw him with a broken Arm and two Yeomiahdars under the penalty of incurring forfeiture of their Yeomiahs deposed to the infirm state of each pensioner.——

No. 252 Abdool Allee Son of Syed Sadroodeen. From the Board 2d Sept. 1824.

5. The 27th August 1824 was the date of the Order of Government by which this Yeomiah was continued

continued in the name of the present incumbent. 23d April 1819 is the date of the Original sanction of the allowance as entered in the Inoyenzabeah of July 1228. Two Yeomiahdars have deposed that sickness was the cause of the above party not having attended to draw his allowance.——

No. 508 Mahomed Ghouse Brother of Goolam Hussein Moulem Teacher to the boys at Vaighur.

6. The Yeomiah was renewed in favor of Mahomed Ghouse in succession to his brother Goolam Hussein on the 13th April 1822 by Order of the then Collector Mr. Cooke, according to the practice which appears to have prevailed previous to the Board's instructions of the 21st September 1829. The 23d April 1819 is the date of the Original Sanction.——

No. 667 Goolam Hussain Grand Son of Syed Abdool Rajack.

7. The name of the person claiming is Goolam Hufeum and not Hufsain. He was sick at the time of the death of his brother Goolam Hufsain as appears by the report of the Tahsildar of Arcot.——

North Arcot Collr's Circuit Cutcherry Dated 27th April 1847.

Translation of a Copy of an Enoyetnamah bearing

bearing the Seal of Nabob Wallajah to Nezzaum-ood-deen Hummed Khan Bahadoor on the 20th Rumjaun Hejeree 1207 received on the 16th Shawal Hejeree 1207. This Copy was taken by the Yeomiahoar from Syed Dood-deen Khan Canzee of Arcot with his seal on the 2d Jamadelawl Hejeree 1210.—

The sum of 4 Mahomed Khanee fanams per deem was continued to be paid from the Collections of the Goodiatum Purgunna attached to the Satgud Taloke for the subsistence of the family of Shah Enayatoollah Rajaee as per Sunnud bearing the Seal of Baqir Aerasut Khan dated Rajab at the 14th year of his reign but it is written in the Current Fusly 1202 that in Common with the whole of the other Yeomiahs only half of this Yeomiah should be continued yet on reference to the Sayar Dustatee of the Sudaut Duftar, the full Yeomiah is now confirmed for defraying the expenses of Lamp Oil to the Musjeed in the Durgah of Shah Vajahooddeen Saib for the subsistence of the family and for the performance of the services in the Durgah. The full Yeomiah therefore from the date of the receipt of this Enoyetnamah should be paid daily to the said family and receepts taken and remissions granted

granted hereafter in the accounts for this sum in reference to this Enoyetnamah and the receepts.

In Cons 27 May 1847.

In Cons 2 September 1824.

Sir

With reference to Para 5 of your letter of the 27th April last, I am directed by the Board of Revenue to inform you that the order of Government dated 27th August 1824, to which you refer as the authority upon which Aboob Allee Yeomeah our No 252 draws his allowance, sanctioned the payment of Rupees 4 — 15 — 3 per mensem to Meer Sudr Ooddeen, being the amount originally bestowed for the joint subsistence of that individual and his sister Ameen Sahibah ——

2. You will now be pleased to state when and under what authority the allowance of Rupees 7 — 6 — 10 per annum was continued to Aboob Allee and at the same time report whether the individual named Meer Sudr Ooddeen in the order of Government dated 27th August 1824 is the party entered as Syed Sudeer Ooddeen No 252 in the Moguey Zabeeta from your District for Fusly 1228 and sanctioned by Government on the 23d April 1819 ——

Fort St George.

85

Sir

From the Acting Collector of North Arcot ——

20th August 1829
19th January 1832
8th August 1832

Requests that a grant of land of the usual value 60 Rupees may be allowed for the support of a choultry constructed by Sawmy Chetty at Goonnadeepoondy under the circumstances set forth and submits a Petition from him on the subject.

Referring to the Board's orders noted in the Margin, I have the honor to submit a Petition from Sawmy Chetty of Madras requesting that a grant of Land of the usual value 60 Rupees may be allowed for the support of a Choultry which he has constructed at Goonnadeepoondy on the high Northern road to Nellore ——

2. The Petitioner has deviated from the general rules in constructing the Choultry before obtaining sanction, being as he states imperfectly acquainted with them. There is an Endowed Choultry, about four miles distant from Goonnadeepoondy on the road to Nellore. The nearest in the opposite direction towards Madras, is at Nendrumbauck about 15 Miles distant. East or West there appears to be no Choultry that is Endowed or in repair within the prescribed distance of 10 Miles ——

The

7528. Fort St George 27th May 1847.

3. The Choultry appears to be well built of the best Materials at considerable expenses and provides for the accommodation of Hindoo Travellers of all Casts. There is a verandah for the reception of Mahomedans and such other travellers as cannot associate with persons of caste and the Petitioner has prepared materials with the view of making some additions for their accommodation —

4. He has planted a tope and dug a Goontah which is well supplied with good water and as Goonnadeepoondy is a place of great resort to travellers there is no doubt that the institution will be a great comfort and convenience to them. I shall be glad therefore if the Board shall be pleased to recommend the Choultry as deserving an Endowment of Land of the usual extent prescribed by the Rules —

To C. C. Lovell Esqre
Collector and Magistrate of the
Northern Division of Arcot.

Sheweth that
The humble Memorial of Cawoo
Chetty an inhabitant of Madras.
With heart impressed with utmost

7529. Fort St George 27th May 1847.

reverence your Memorealist begs to be permitted to lay this humble Memorial before you and at the same time solicits that he may be fully pardoned for thus intruding upon your time and attention. — As preamble to this memorial, your memorialist deems it expedient to state that the superior wisdom and unbounded liberality of the British Government at first set an example of affording an ever lasting benefit and comfort to the European Public by constructing Bungalows on the high Roads at an expense of a vast deal of money. This was then and not till then liberally followed by the natives in constructing choultries on the High Road for the accommodation of their own country men with full confidence of their receiving every possible aid and assistance at the hands of Government and of its Public Officers. Their wishes were accordingly realized in almost every case of real utility in providing permanent means of support for the choultries by the enforcement of the rules of the Board of Revenue sanctioned by Government in the year 1828. — The number of choultries your memorialist believes erected on the high Roads ever since the construction of the Public Bungalows is sufficient to verify the foregoing facts and your memorialist deems it

it

it entirely unnecessary to dwell further on the point.

On the line of the Northern High Road which branches off at Angole to Calcutta, Hyderabad Vea. Vea. there is a Village called Old Goomadeposy in the Talook of Sutteavedo within your range. It being a regular stage for the halting of Travellers and for the posting of Bearers, the Government were pleased to extend their liberality in erecting a Bungalow at the place likewise for the accommodation of the European Travellers, but for want of any other building or even trees to afford shade. Travellers of every other class including Detachments of Troops and their followers and also Pilgrims to and from Benares and from North to the Hindoo Holy Places in the Southern Provinces, were subjected to very great inconvenience and trouble in all seasons equally. Of this your Memorialist was a self sufferer and an eye witness once during his Journey to Calastry. You are aware that there is a Choultry near Valavolapooram 2 Miles off to the North of the said place, but its situation out of the High Road at some distance makes it unavailable to Travellers in general as is the case with several other choultries in the Country.—

Observing the inconveniences and distress to which Native Travellers were exposed at

at the said stage and trusting in the liberal disposition of the British Government in rendering its kind assistance for the future support of such charitable institutions your Memorialist had resolved to build a Choultry on the spot for the accommodation of his fellow creatures. Providentially for this purpose your Memorialist succeeded in purchasing a tract of ground containing 8¼ Cawnies situated at a distance of 80 yards from the Public Bungalows and he laid out his private funds to the amount of 5000 Rupees for erecting 2 Choultries and the necessary out Houses, and for the construction of a large Tank in which thank God, an excellent spring of pure and fresh Water has been found. Trees of several kinds have been planted for shade around it and your Memorialist is assured that there will be a sufficient quantity of Water in the Tank in all seasons for the use of Travellers and Cattle the aforesaid Choultrees Vea. are now available for the use of Travellers, as you personally observed in last Month.—

For the construction of similar charitable Buildings the Public officers of Government had in several cases assisted the owners in different ways especially by allowing them to occupy waste lands of Government for the sites of the Choultries and to cut down

Palmira

Fort St George 27th May 1847.

Palmira Mango Mangosa &c trees for timber your Memorialist has however refrained himself from giving you any trouble of the kind with the view of availing of your full assistance at once in the end for the future permanent support of the Choultries

Your Memorialist has done what his means would fully permit him to do for the completion of these charitable institutions. But Respected Sir, you know that the general and permanent utility of such Choultries and other similar charitable Works mainly if not solely depends upon the arrangements made for their future support. Even in Cases in which considerable sums of money and other suitable Emoluments have at different times been left by opulent Native Inhabitants of the Territories under this Presidency for the like purposes your Memorialist has with the greatest regret observed that their good intentions have generally been frustrated by the misconduct or inattention of their successors and the buildings are in view at present. This convinces your Memorialist that Choultries constructed by one whose fortune is as much limitted as your Memorialist is, and who cannot appropriate any further sums on this account can by no means meet with a better fate unless protected and supported by the benign and fostering hand of Government.

Your

Fort St George 27th May 1847.

Your Memorialist therefore humbly begs permission to request that notwithstanding the extent of grant limitted in the said rules, you will be pleased to take the aforesaid circumstances into your candid consideration and to submit the case as a special one to the Higher Authorities with your favorable recommendation for such a grant of land as may be sufficient for the future permanent support of the Choultries under reference, because exceptions to every general rule were allowed by Government in several cases for special reasons as in the present instance.

At the same time your Memorialist entreats that you will be kind enough to issue the necessary and peremptory orders to the District Native Authorities directing them to see that the Tannah Peons, Talears, Tollies and all other Public Servants at the said stage watch the Choultries particularly at night in order to protect the Travellers who may put up in them, from Robberies and other atrocities.——

In conclusion your Memorialist begs to state that he confidently relies on receiving from you every full and lawful assistance in your power for the permanent Establishment of the above charitable Choultries and for this kindness your Memorialist.——

Proceedings thereon.

85-86

Previous to submitting the foregoing application for the orders of Government the Board request the Acting Collector to furnish further information as to the plan of the building the extent of accommodation and the construction whether Brick in Chunam or otherwise. He is also requested to state whether the proximity of the Choultry to the Public Bungalow interferes with the comfort and convenience of persons occupying the latter building —

In Ford 6 May 1847. 67

From Collector of Salem dated 30th December 1846 relative to the Cowles granted by Mr. Cockburn on a reduction of the Survey rates and on Mowasil or discretionary Jeerva. —

(Here enter No. 139)

87 Proceedings — Recording observations on the letter from the Collector of Salem reporting on the present Revenue of the resumed Mootahs on the Cowles granted by Mr. Cockburne on a reduction of the Survey rates & on Mowasil or Discretionary Jeerva &c

The explanation contained in the foregoing letters has been supplied in connection with the requisition of Government in Paras 11 and 12 of Minute of Consultation dated 18th November 1846. Hon Lordship in Council was desirous to have before him some account of the origin of the Cowles in the Salem District and why if Mr. Cockburn entertained the opinion that the survey assessment of that District was easy and that partial reductions

reductions to remedy inequalities were in exceptional cases rates involving for the most part a reduction of 25 per Cent of the survey standard were introduced. It was also desired that a Statement of the land thus granted and now held on Cowle should be furnished with explanation whether in any instance the term "fixed Jeerwah at three quarters" implied a permanent reduction not revertable to the Survey standard on such lands being thrown up and again taken for cultivation by other than the original Cowle Holders. His Lordship in Council was also desirous to have before him a Statement shewing the Permanent assessment of the Estates in each Talook (less the Mootahs included in their assets) compared with the Revenue they now yield. —

2 In his letter dated 30th December 1846 recorded at the head of these Proceedings the Collector has furnished the information called for relative to the lands held under Mr. Cockburns Cowles. The Statement which accompanies that letter shews the actual state of these lands in Fusly 1258 / 1845/46 in comparison with the accounts furnished in fuslies 1240 / 1830-31 and 1842 / 1831-32.

	Land			Full assessment			Summadundy			
Fusly 1240 and 1842 / 1830/31 1832-33	47672	10	9	78387	15	10	53996	4	1	
Deduct Fusly 1258 / 1845-46	40885	36	10	61432	1	11	45286	15	4	
Land as held on Fusly 1258	6786	13	5	11949	13	11	3709	4	9	

From this it is seen that in both descriptions of Cowle Viz. Land held

Fort St George 27th May 1847.

held on a reduction of 25 per Cent of the survey assessment and that held on rates termed "Descretionary about 5/6ths of the whole is no longer in the occupation of the original Grantees but has reverted either to

Cols 4 & 5 of 1851-52 of Statement

full assessment or is unoccupied

	Land	Settlement
Cultivated	19499	15370
waste	30212	55756

the extent reverted being in the proportions of 1/3rds full assessment and 2/3rds waste on the entire quantity held on Cowle. The Cowles were originally granted it appears under the impression that the fixed assessment was excessive. The subject was noticed by the Board in their Proceedings on the Settlement of Salem for fusly 1245/1835-36 dated 11th May 1837. On that occasion they observed that the lands were gradually lapsing both from the death of the original Holders and from inability to cultivate them and they expressed an opinion that the privilege of the reduced assessment should be limitted to the original Grantees only. The Government were pleased to concur in these remarks as the whole will lapse in due course. the subject does not call for further observation in this place.

Cons 31st 32

M Cons 6th June 1837 Para 5
In Cons 22 Do

3. The first letter recorded at the head of these Proceedings has reference to the present condition of the reverted Mootahs

Mr

Fort St George 27th May 1847.

Mr Lockhart has taken the results of fuslies 1251/1841-42 and 1253/1825-46 as standards of comparison and it is

Para 2. seen that the Revenue of these two years falls below the Permanent assessment in the sums of Rupees 15304-10-9 and Rupees 10158-7-4 respectively but the last mentioned year Mr Lockhart states does not present a fair view as a series of adverse seasons arising from failure of rain and sickness, causing much land to be left uncultivated, commenced with fusly 1252/1842-43.

Taking then the result of fusly 1251/1841-42 as exhibiting a more accurate view of the condition of the Villages under consideration the decrease is Rupees 15304-10-9 or 1 per 5 per 1 per Cent. The Statement which accompanies the letter from the Collector exhibits the "Aim Moturpha" and excludes, but without any explanation from the Collector in regard to such exclusion, the Loom Sase, which also formed part of the assets upon which the Permanent assessment was founded. Adding Loom Sase the result is an increase of Rupees 8988-4-7 or 3/4 per Cent in favor of fusly 1251/1841-42.

4. Extending the review to a Series of years commencing with fusly 1247/1837-38 since which period no reversion of Mootahs has taken place and including Loom Sase as well as Moturpha the following results drawn up from accounts in this Office are exhibited.

Fuslies

Fort St George 27th May 1847.

Talukes	Peshcush	Being the Reven the year	Per Centage	Deceases	Per Centage	
1247	1161 8 2 1	4 4	117078 1	14476 3	2 9	12/32
1248	1161 8 2 1	4 4	105946 15	10209 4	4 4	8/32
1249	1161 8 2 1	4 4	119099 5	42741 13	8 2	8/32
1250	1161 8 2 1	4 4	113525 11	26625 8	6 2	9/32
1257	1161 8 2 1	4 4	117032 9	8988 4	4 49/64	
1252	1161 8 2 1	4 4	114193 6	20503 13	5 1	49/64
1253	1161 8 2 1	4 4	113533 1	26602 13	3 2	15/64
1254	1161 8 2 1	4 4	110991 8	52049 12	8 4	15/32
1255	1161 8 2 1	4 4	108940 14	74907 5	6 6	15/32
Total	10456571	9	994587 15	489681 11	9	
Averages	1161 8 2 1	4 4	110430 14	54409	6 2	4 59/32

7539. Fort St George 27th May 1847.

5. It is thus seen that the Revenue of the reverted Villages is improved in a very marked and rapid manner till fasly 1251 (1841-42) that from that date there has been a progressive decline the declension being greatest last years and that the present condition of the Villages is apparently what it was in fasly 1248 (1838-39).

6. It is proper however to view the subject more in detail and to consider what has been the actual result in the different Talookes. —

The Peshcush of the reverted Villages in each Talook and the average Revenue of 9 years commencing with fasly 1247 (1837-38) are shewn in the following Table. —

Talookes.

during the last 9 years.

9. Mr. Lockhart attributes the decrease to the high Assessment of both Dry and Wet Land and states in the concluding part of Para 3 of his letter under consideration that the subject of the Assessment as regards Wet Lands was brought to the notice of the Board under date 4th December 1846. The question under discussion touchuch Mr. Lockhart's letter has reference was not a reduction of the Assessment of the wet lands a relaxation of a portion of the Demands for the year as Fasul Cummee in the case of Crop lands Assessed with a consolidated Seerwa whenever water sufficient for a second Crop is not to be had. The instructions of the Board on this subject were communicated to the Collector in their Proceedings under date 18th February 1847. as a consolidated Seerwa obtains generally in the subor District they cannot concur in the view that the decrease in Altoor is attributable to this cause.

In Con. 15th Feb. 1847.

10. In the Talook of Purmatty the per Centage of decrease is $16\frac{23}{37}$ and is ascribed by the Collector [Para 5] principally to the land under the Edoombuccolum Tank being less cultivated in consequence of its high Assessment. The Collector also alludes to a report made

Permatty

27th October 1846 in Con. 11th January 1847.

made by him advocating a reduction of the Seerwa of that Land. It is true that the Revenue under the Edoombaccolum Tank has fallen off during the last few years as is shewn in the Margin, but there are 17 Mootahs besides Edoombaccolum in Permatty and it will be seen from the Subjoined Abstract that there is a deficiency in these also.

Edoombaccolum Permatty:					
Present Assessment		2202			
Berij of Fasly	1247 / 1837/38	1516			
	1248 / 1838/39	1750			
	1249 / 1839/40	2007			
	1250 / 1840/41	2570			
	1251 / 1841/42	2133			
	1252 / 1842/43	1680			
	1253 / 1843/44	1543			
	1254 / 1844/45	1472			
	1255 / 1845/46	1820			
Average		1826			
Decrease		376			
Per Centage exclusive of Interest		17 3/10			

	Mootahs	Peshcush	Average Berij	Decrease	Centage
	18	90736	75512	15223	16 27/32
Deduct Edoombaccolum	1	2202	1826	376	17 3/10
Remaining	17	88533	73686	14847	16 25/32

It is thus apparent that the decline in this Talook is altogether independent of the Edoombaccolum Tank. The proposition of the Collector for reducing the Seerwa of the land under that Tank was noticed by the Board in their Proceedings dated 11th January 1847 in which further information was called for.

Dunkerry

Sunkerry drog and Trichengode

11. Sunkerry drog and Trichengode are contiguous Talooks and the decrease in these is ascribed by the Collector to the indigence of the Ryots in general and to Sunkerry drog being no longer a Military Station. The Mootadars however are in affluence: they are stated to retain the best lands under their own management and to draw off the Ryots from the Government villages by offers of Tuccavy and favorable rates of assessment. It is probable that the Government Ryots to a certain extent are induced under the advantages held out by the Mootadars to settle in their Mootahs, but taking into consideration the improved state of the Revenue during the last few years with what it was in Fusly 1247/1837-38 it is obvious that too much weight should not be attached to this cause and that the difference between the present Revenue and the Permanent assessment is to be ascribed chiefly to the same general causes as have

Trichengode

Permanent Assessment	81614
Beriz	
Fusly 1247	61973
1248	68225

1253	73315
1254	76556
1255	75447

have been in operation in the other Talooks.

Parts Kunneal

12. Again as regards Kunneal the Collector attributes the decrease to a reduction of the assessment in certain cases made by Mr. Hargraze so far back as Fusly 1228/1818-19 but as the reduction was followed by cultivation of the Lands, the Collector states, to the full extent and as the Beriz of the whole Talook has been progressively improving, other causes are to be sought for to account for the falling off which is now under consideration.

	1255	79595

Tripalore Kestnagherry Darampoory Tengarucottah

13. The 4 Baramahal Talooks are light hy assessed, possess a ready market for their produce and a saleable property has been imparted to the land. The Revenue from these Talooks is accordingly proportionately favorable. The average of the last 9 years exceeds the Permanent assessment in 3 Talooks and in the remaining Talook, Tengarucottah the decrease is only Rupees 1978 or 2 35/64 per Cent. partly ascribable to the Remissions which it was found necessary to give to meet the unfavorable character

character of the Seasons.

16. Following the review contained in the foregoing Paras the Board are inclined to ascribe the difference between the present Revenue and the Permanent assessment to two distinct causes 1st the nature of the seasons and depressed state of the Market for all agricultural Produce 2nd to the system of bowles and indiscriminate relinquishment of land which obtained for some time. The first mentioned cause has been chiefly influential. The latter has ceased and a revised Kootumnumah having been brought into operation it is hoped that with ordinary seasons and attention on the part of the local authorities a decided improvement will be apparent in future.

Ordered that a Copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Collector of Salem for his information and guidance.

Read the following letter.

To D White Esqr
Acting Secretary to the
Board of Revenue
Fort St. George

Sir,

I have the honor to bring to the notice of

See Mem. Cons. 18th Nov. in Cons. 12th Dec. 1844 Para 13 & 15.

88

From the Collr of Salem
Recommending to the Board's

Considerations the helpless state of the family of the late Tahsildar of Salem that they may be granted a small Pension of 30 Rupees per month.

of the Board that Suryapoor Seenuppa Row late Tahsildar of the Salem Taluk who died of cholera on the 21st February 1847 addressed an urzee a few days before his death setting forth his inability to conduct the duties of his Office from old age and impaired health and expressed his desire to apply for pension. He was a faithful servant of Government and served them 35 years; and maintained an unimpeached character. He was Nail serristadar in Gunboor and serristadar under the Head Assistant Collector of Nellore for a few years he served as Tahsildar in the Talooks of Poor, Jengamacottah, Attoor and Salem in this District for about 11 years.

The number of the helpless relatives of the deceased is noted in the margin.

The deceased was in very poor circumstances and was not able to give his 3 daughters in marriage before the completion of their 8th year of age according to the practice observed by Brahmins. He left a debt of about 2000 Rupees his property including

Vencataraw son by the 1st wife aged 30 years — 1
Daughter ⁄ widow ⁄ aged 25 years — 1
2d wife of the deceased aged 40 years — 1
3 daughters — aged 11 D° — 1; D° 9 D° — 1; D° 6 D° — 1
Son Sunkaranarayana Row aged 3 years — 1
7

including house &c. was valued at less than 1000 Rupees and went towards the payment of his debts but the family and relatives are left in utter distress. Their monthly subsistence would at least cost Rupees 30 per month. The deceased having maintained an upright character and faithfully discharged the duties entrusted to his care I trust the Board will take into their consideration the helpless state of his distressed family, and as a special case recommend that a small pension of 30 Rupees per month may be granted to them until Sunkaranarayana Row the youngest son who is now 3 years old attains the age of 15 years in consideration of the services rendered by the deceased.-

Collector.

88-89

Proceedings thereon. The Board observe by the foregoing letter that the deceased Subadar has left by his 1st Wife one son Venkat Row 30 years of age whom the Collector is at liberty to employ if qualified for the public service. The circumstances represented by Mr. Lockhart will not in the opinion of the Board justify them in recommending the grant of a pension as requested.-

Read again letter from the Collector of Trichinopoly dated 19th December 1845. Submitting for the Board's approval a form of security Bond for future use in his District.-

Read also the several Returns furnished by the Collectors in reply to the Board's Circular under date the 22d January 1846 relative to the forms of the Security Bonds usually taken from native Public servants and others required to furnish Security to Government in their respective Districts.-

Inform: 19th January 1846.

Proceedings thereon.- Para 1.- A reference having been made to this Office regarding the registration of Deeds under the existing regulations and Acts, the Board of Revenue deem it desirable to point out to the Collectors in the Provinces that in all cases in which property tendered as security to Government either by Public servants or by other parties giving security on their behalf is real Property to which the Provisions of Act XIX of 1843 would appear to be confined, such security deeds should invariably be registered in the Office of registry within the jurisdiction of which such real property may be situated.-

90

2.- From the Returns now made by the local

local authorities in reply to the Board's requisition recorded above, it appears that in some instances the property tendered as security is omitted altogether from the body of the instrument, or is not specified with sufficient explicitness, the liabilities incurred being made applicable to the property of the Party generally and without due distinction being made to such property being of a real or personal nature.-

3. Deeds of this character cannot in the opinion of the Board be regarded in the light of Mortgage Bonds coming within the scope of Act XIX and it is doubtful whether in their present form any benefit would result from their being registered under that Law. In order therefore to avoid any future difficulties the Board consider it desirable to assimilate the form of security Bond generally throughout the Provinces and with this view resolve to circulate for future adoption the accompanying form of Deed in which the real property is to be accurately specified and made directly answerable to Government in satisfaction

of

of any liabilities to them, which may be incurred by the party by whom or on whose behalf the security may be given.-

4. The modified form now circulated presupposes a sufficiency of real property being professed by the party impledging but in the event of such not being adequate to the liabilities to be incurred no objection exists to other property of a personal nature being also included together with the real property in the same Bond.-

5. The Board are led to think that the form now furnished for adaption in future may with slight verbal modifications meet all the cases to be provided for in taking security from public servants and other parties but should circumstances arise to render a deviation from the form requisite the same should be notified for their information with any observation which may seem called for.-

6. From the information furnished by the several Returns submitted by the Collectors the Board perceive that a want of uniformity exists in respect to

requiring

requiring security from or on behalf of Public
servants in some Districts it is stated not to
have been usual to take any Bond from the
servants themselves, who in such a case are
required to produce other parties as sureties
for the liabilities incurred on their entering
the Government service whilst in other
Districts the Public servants are required
either personally or by means of their Sureties
to enter into pecuniary obligations for the due
discharge of the duties imposed upon them.

Without interfering with the
practice hitherto pursued in the several Collectorates
the Board are of opinion that it is nevertheless
desirable that hereafter the system should be
rendered as uniform as possible, and as there does
not appear to be any valid reasons for prohibiting any
Officer of Government from impledging his own
property as security for faithful service they
direct that the option of so doing be permitted,
especially if the security tendered consists of real
property, which for manifest reasons should be
preferred to all others.—

Proposed

Fort St. George 27th May 1847

A.

Proposed form of Security Bond for general adoption throughout the Districts.—

I A. residing in the Village of— in the Talook of— do hereby agree to bind myself as surety to Government on this— day of— in the year— in the sum of Rupees— on behalf of B appointed to the Office of Tahsildar of the Talook of—

I therefore hereby engage to hold myself my Heirs and Executors responsible to the Honorable Company to the above extent of Rupees— for any amount of defalcation, embezzlement or misappropriation of the Public Money of which the said B may be found guilty, as also for any amount of bribes which may be proved to have been received by him directly or indirectly while retaining such Office, or for any pecuniary loss whatever which the said B may cause to Government for acts done by him contrary to the Regulations and Rules of the service, and I accordingly pledge the undermentioned real property of which

which I have disposed to the Honorable Company as security for the same- In failure of my paying on demand the amount required at stipulated above, I further agree and consent conjointly with my Heirs and Executors to such portion of the real property now tendered in security, and as particularized in the subjoined list, which may be required to meet the claims of Government being sold without reserve or legal form in the same manner as property is sold in satisfaction of arrears of Land Revenue-

(Here enter particulars of real property)

I further declare that the above property is free from Mortgage or any other encumbrances, and that I execute this security Bond with my own free will and consent and in the presence of the undersigned

Witnesses-

In the presence of

Witnesses / Signed /

Ordered that a Copy of the foregoing proceedings be transmitted to all Collectors on the Coast, and that the Board

91

Read the following letters-

To, D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

From the Aga Collr of Trichinopoly Forwards with reference to the Circular letter of the 15th January 1846 details & Statements in duplicate of all authorized allowances to the religious and other institutions of the Natives &c.

Sir,

Para 1- In compliance with the instructions contained in a Circular letter received from your Office under date the 15th January 1846 I have the honor to forward herewith 4 detailed Statements in duplicate of all authorized allowances to the religious and other institutions of the Natives as well as of service and charitable yeomiahs and other pensions paid from the Treasury of this collectorate as hereunder particularized, Viz.t-

1- Statement of service and Charitable yeomiahs
1- Statement of compensation in lieu of resumed lands privileges &c.
1 Statement of sums paid to the Religious institutions
1. Statement of Pensions paid to Mysore pensioners-

There are no hereditary stipends paid in this district for the support of ancient families-

There are in this District a few superannuated pensioners and some pensioners of the late Native Pension Fund, but as it does not appear that the Board desire such Statements they are not forwarded-

The letter under reply would have been answered early but the Board having directed that the Statements should be submitted when the retrenchments from the Accounts of this District for fusly 1252 had been finally adjusted and the final sanction of Government for the retrenchments of fusly 1252 having been received only on the 24th Ultimo accompanied by an Extract from the Board's proceedings dated the 19th Idem the transmission of the detailed Statements in question has been till now deferred-

Detailed

1838

State of New York, } ss.
County of Cayuga, } ss.

I do hereby certify that the foregoing is a true and correct copy of the original Certificate of Incorporation of the Auburn Theological Seminary, as the same appears of record in my office.

In testimony whereof I have hereunto set my hand and affixed my official seal this 21st day of May 1838.

Wm. H. Maynard
Clerk of Cayuga County

State of New York, } ss.
Secretary's Office.

I have compared the preceding with the original Certificate of Incorporation of the Auburn Theological Seminary, filed in this office on the 29th day of March 1821, and do certify the same to be a correct transcript therefrom and of the whole of said original.

In testimony whereof I have hereunto subscribed my name and affixed the seal of my office, at the City of Albany, this 30th day of March in the year of our Lord one thousand eight hundred and thirty eight.

J. V. N. Yates
Secretary of State.

---

1. Certificate of Incorporation of the Auburn Theological Seminary, filed March 29th 1821.

2. Certificate of Amendment, filed March 28th 1821. To be recorded jointly with the original.

3. Certificate of Amendment, filed March 18th 1837. To be recorded jointly with the original.

4. Certificate of Amendment, filed March 18th 1837. To be recorded jointly with the original.

5. Certificate of Amendment, filed March 18th 1837. To be recorded jointly with the original.

6. Certificate of Election, filed March 18th 1837. To be recorded jointly with the original.

7. Certificate of Amendment, filed March 18th 1837. To be recorded jointly with the original.

Resolution thereon. Resolved that the Original Statements 1 & 4 which accompany the foregoing letter be forwarded to Government, in reference to P. 4 of Extract from Minutes of Consultation dated 2d January 1846, and that the duplicates of the same be recorded in this Office

(91-92)

To
D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

(93)

From the Ag Collr Sir
of Trichinopoly
Para 1. I have the honor to acknowledge the receipt of your letter of the 15th Ultimo forwarding designs of the Medals awarded by the Agri Horticultural Society to the manufacturers of the best Sugar and Silk produced in this District during the past year and inviting any suggestions I may have to offer on the subject

Acknowledging letter dated the 15th Ultimo and offering opinion on the designs of the Medals to be awarded by the Agri Horticultural Society to the Manufacturers of the best Sugar and Silk.

2. I beg to consider the design of the Medals which the Board propose to have made up at Madras most appropriate and of the description best calculated to answer the purpose and object contemplated. It is necessary

not

not only that the parties to whom the Medals have been awarded but also the inhabitants generally should be made specially acquainted with the motive which induced the vote of such honorary distinction to prove the disinterestedness in the donors and to prevent the possibility of any misconception. The names of the successful Competitors should be engraven on the Medals and the utmost publicity given to these presentations shewing to all, the advantages accruing from the culture of such valuable produce; and the prices in the various markets. This information would doubtless prove most acceptable to the more wealthy and influential inhabitants who would wish to turn the same to the best account & without any likelihood of acting on the time duty or ignorance of the Ryots.

3. If a space be left for the names I shall be happy to have them duly engraved.

4. I beg to return the designs received with your letter under reply.

Trichinopoly Collector's Office 3d May 1847

Signed M. Elliot
Acting Collector.

Proceedings thereon. Resolved that Messrs Lowe & Co be requested

(93-94)

requested to make up three Medals, one for Silk and two for Sugar of the size and value of those lately made for Guntoor and according to the designs furnished by them; which are herewith returned.-

The following inscriptions should be engraved on each medal Viz.t.-

Silk.-

"Government Prize for the best Silk produced at Trichinopoly A.D. 1847." This inscription to be in English on both sides.-

Sugar.

"Government Prize for the best Sugar produced at Trichinopoly A.D. 1847." These Medals being intended for natives, the same inscription should be engraved on the reverse in Tamil.-

A sufficient space should be left on each medal to enable the Collector to have the name of the successful Competitor engraved at Trichinopoly.

Read the following letter

To, D. White Esq.re

Acting Secretary to the

Board of Revenue

Fort St. George

95

From the Actg. Pl.
Coll.r of Madura

Sir,

In reply to the questions contained in an Extract from the Proceedings of the Board of Revenue dated the 21st Ultimo, I have the honor to state that on the Petition (in No. 1555 of 1846 of Chinna Periacurpa Tavien being reported unable to perform the duties of

of Natamyar from extreme old age, his son Paleynady Tavien was in the first instance appointed to discharge them as his Goomastah, but on his misbehaviour, Ramasawmy Tavien the son of the late Tysil Goomastah was selected, because the Petitioner had already proved incompetent from old age and Ramasawmy Tavien's claim from inheritance pointed him out as the next person to be considered.

The entry of the dismissal of the Petitioner seems to have been omitted from the returns by an oversight.-

(Signed) R. D. Parker.

Acting Principal Collector

Madura
3rd May 1847.

Order thereon.

Ordered that the following Endorsement be passed on Petition No. 1555 of 1846.-

95-96

"Under the explanation afforded by the Acting Principal Collector, the Board see no reason for interfering with the arrangement of the Principal Collector."-

To D. White Esq.re

Acting Secretary to the

Board of Revenue

Fort St. George

97

From the Ag. Pl.
Collector of Madura

Sir

With reference to Para 3 of your letter of the 8th of February last, I have the honor to state that

that additional Estimates for public works be prepared with the view of affording employment to the poor owing to the adversity of the Season have been received from the Tahsildars, but that I do not now think it necessary to submit them as from recent very heavy rain the inhabitants of the district are so fully occupied in the more necessary and profitable business of Cultivation, that it will be difficult to pursue the execution even of the works already sanctioned.

Madura ... 6th May 1847 } (Signed) R. D. Parker
Acting Principal Collector

Order thereon

Ordered to be recorded

97-98

Read the following letter

To

D. White Esqr.
Acting Secretary to the
Board of Revenue
Fort St George.

From the Asst Collr of Tinnevelly 99

Sir,

I have the honor to report the Completion on the 26th October 1826. of the Chowltry the erection of which by Dondoo Row at Ponnacoody on the high road from Tinnevelly to Travancore was authorized by the Board in their Proceedings of the 2d February 1826. The expence of the building

to be Rupees 931-2-11. It was opened to the Public on the same day and is reported to be useful to Travellers going to and from Travancore. Under these circumstances I have the honor to recommend the grant agreeably to the Rules sanctioned by Government under date the 9th July 1829. of waste land liable to a Teerwah of 60 Rupees per annum.—

From Board 20th August 1829

Tinnevelly, Tuticorin, 4th May 1847 } (Signed) T. B. Elton
Acting Collector

Ordered that the foregoing letter be submitted with the following address.—

99-100

To

The Chief Secretary to
Government.—

Sir,

To the Chief Secty to Government 99 100

I am directed by the Board of Revenue to request you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Tinnevelly reporting the completion of a Choultry built by one Donda Row at Ponnacoody on the high road from Tinnevelly to Travancore at a Cost of Rupees 931-2-11 and recommending the usual grant of Waste land for its support.

2. In forwarding the application for permission for the erection of this building, the Collector observed.

1st mo 27th May 1847

From Collector 10th Jany in 2d Feby 1826

7505. Fort St George 27th May 1847.

observed that there was no Choultry at the spot or near it, but only a small stone Mundapum quite useless and in ruins, and that the one proposed to be constructed was much needed there being no place available for Travellers, Troops, or others halting at Poonnacoody. Under these circumstances the Board accepted the proposal and it is now stated that the building was completed on the 26th October last and opened to the Public on the same day - The Acting Collector adds that it is reported to be useful to Travellers going to and from Travancore.

Pro: 2d February 1846

3. The Board beg therefore to affix the Collector's recommendation that waste land liable to a Peishcush of Rupees 60 per annum may be granted for its support under the existing rules for endowments to Choultries.

Read the following letter.

To

D White Esqr.

Jr. Secretary to the
Board of Revenue
Fort St George.

Sir, I have the honor to forward

From the Actg Collr of Tinnevelly - Forwarding translation of an application from the Head Sheristadar Bucha Row for a further increase of Salary

101

Para 1. Translation of an application from the Head Sheristadar Bucha Row for a further increase of Salary to which he appears entitled in consequence of his having Completed another 5 years on the 21st Ultimo, as already adverted to in Para 2 of Mr. Thomas' letter of the 28th November 1845 and Para 3 of the Board's letter to Government dated 20th January 1843 and beg to recommend its being complied with.

RESTORED

2. The Head Sheristadar's activity in the discharge of public business and his other merits have been already favorably noticed by Mr. Thomas in his letter above referred to. To which I beg to add the accompanying Extract from a letter to Butcha Row from Mr. Parker, so lately Acting Collector here, expressive of the satisfaction the Head Sheristadar

Sheristadar gave him during the period of his stay in Tinnevelly in which so far as my slight experience goes I entirely concur.

Tinnevelly
Trichendoor
1st May 1847

Signed F. B Elton
Acting Collector.

Translation of an application presented to the Ag. Collector of Tinnevelly by Buchia Row Head Sheristadar dated 25th April 1847.

I beg to state that I was appointed Head Sheristadar of this District on the 26th November 1839 – My period of service as Head Sheristadar from that time to the present date Amounts to 7 years 4 Months & 26 days and that as Jakoildar and Nail Sheristadar to 10 years 4 Months and 17 days of which 1/2 to be included in the service of the Head Sheristadar, Viz. 2 years 7 Months and 4 1/2 Days being added to the above under the Rules passed on the 6th March 1828 my period of service as Head Sheristadar Comes to 10 years. With reference to this Rule I am entitled to 125 Pagodas from the 22d Instant

Mr. Thomas the late Collector on his letter to the Board recommending for an

increase of my Salary on completing the first 5 years as Head Sheristadar, has intimated that I shall be entitled to 125 Pagodas from the 22d Instant: shewing thereon the period of my service. In the reply received from the Board it is stated that my salary should be increased from 80 to 100 Pagodas and that I should apply for further increase when I shall become entitled to it.

As I have completed another 5 years and the business in this unsettled District is heavier than in settled ones, and as I continue to discharge my duty with activity, I beg your honor will inspect my testimonials and submit my claim to the Board of Revenue with your honors kind recommendation

25th April 1847

Signed Buchia Row
Head Sheristadar

Extract from a letter from R. D. Parker Esqr to Butcha Row, dated Madura, March 31st 1847.

In the hurry of my departure from Tinnevelly I had not sufficient time to

Fort St. George 27th May 1847.

To express to you the satisfaction I derived from the manner in which you transacted the duties of your Office during the 11 Months I acted as Collector of Tinnevelly- besides you will naturally be better pleased to receive this acknowledgment in writing.

I take the present opportunity therefore, of stating that to the clearness with which you laid all the questions before me, and to your accurate knowledge of the District, I felt myself very much indebted for the power of performing the heavy duties of the Tinnevelly District.

/True Extract/

/Signed/ P. B. Elton.

Acting Collector.

Ordered that the foregoing letter be submitted with the following address:

Fort St. George 27th May 1847.

To

The Chief Secretary to

Government.

(101-102)

To the Chief Secy. to Government.

Submitting a letter from the Acting Collector of Tinnevelly and recommending that the pay of his Head Serishtadar Bucha Row be increased to 125 Pagodas per mensem from the 21st Ultimo-

Sir,

Paras 1. With reference to para 3 of the Board's letter to Government dated 20th January 1845, I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council, the accompanying letter from the Acting Collector of Tinnevelly, dated 1st Instant, recommending that the pay of his Head Serishtadar Bucha Row, may be increased to 125 Pagodas per Mensem being the 3d. rate of salary allowed to Officers of his class.

2. From the papers laid before Government with the Board's letter of 20th January 1845, and those which are transmitted herewith, it will be observed that Bucha Row completed on the 22d. April last

	years	months	days
* Tahsildar -	8	7	22
Naib Serishtadar -	1	8	25
	10	4	17
	2	7	4

2 — 4 — 26 service since he obtained the last increase to his salary, and that he wishes to add to it one fourth of the aggregate of his previous * Service as Tahsildar and Naib Serishtadar respectively Viz.t 2 — 7 — 4 in order to entitle him to 125 Pagodas per mensem.

3. Agreeably to the order of Government dated 12th October 1847, a Head Serishtadar of

Inform: 18th Oct. 1847.

of 5 years standing, having previously served as Head Serishtadar or Division Serishtadar, is allowed to reckon his former service in those situations, to entitle him to an increased rate of pay under the following limitations. —

For service not exceeding 10 years 1/4 of the time to be reckoned
From 10 to 15 years 1/3 Do.
From 15 to 20 — " — and upwards 1/2 Do.

In Cons 6th March 1828. 4 On the 4th March 1828 the same rules were extended to Head Serishtadars having previously served as Tahsildars with this difference in the period of service. —

For service exceeding 10 and under 12 years 1/4 of the time
From 12 to 15 1/3 Do.
Above 15 1/2 Do.

5 Rucha Row did not complete 10 years as Tahsildar and is not strictly under the rules entitled to calculate any portion of his service in that capacity, but only one fourth of the period he served as Nait Serishtadar. It is however urged, in support of his present claim, that his service as Tahsildar and Nait Serishtadar, added together exceeds 10 years, and as the latter situation is of importance and responsibility superior to the former the Board consider that he is entitled to the full benefit of the promotion to the higher grade to which he obtained previously to

completing the required period of 10 years actual service in the Office of Tahsildar, and that he should be allowed to calculate one fourth of the aggregate service in both these Offices. Under this view they beg to recommend that pay may be disbursed to — Rucha Row at the rate of 125 Pagodas per Mensem from the 21st Ultimo, the date on which he completed the length of service requisite to confer a claim to that enhanced scale of salary Viz.t ten years. —

103

Sir,

With reference to the Board's Endorsement on Petition No. 1724 of 1846, I have the honor to report that taxes referred to therein are continued to be levied under long established custom. There are special reasons connected with the Tobacco trade Bce for the high rates of Moturpha in some instances levied in Virdoosputty, yet it must be admitted they are too high, but cannot be done away with without

Jones

4. In the Dry lands bearing full assessement the Net decrease amounted to Rupees 14489-8-3 which is accounted for by the remissions allowed on the lands left waste under the instructions of the Board - In the Gardens there was an increase of Rupees 11930-13-9 and it is satisfactory to observe the efforts that were made in a season of so much uncertainty to extend this valuable source of Revenue - The Settlement of the Wet lands gave a Net increase of Rupees 4496-5-8 inclusive of the full rent levied in two Villages of the Palachy Talook. To look the net increase from lands of every description paying full rent will be seen to amount to Rupees 1937-11-2.

Statement No. 4 Col. 15.

Statement No. 4 Col. 23.

5 The total remissions on Dry and Wet lands as shewn on Statement No. 17 amounted to Rupees 36621-4 and were regulated according to the circumstances of the Ryots and by every consideration of the season which affected them.

6. The decrease under the item of Cowle lands transferred to full rent is observed to have arisen chiefly from the adjustment to its proper head of Account of the demand on the Wet lands of Animalle and Cotoor in the Pulachy Talook - The Board

Paras 15-16

perceive no advantage in prolonging the discussion respecting the unauthorized Cowles in these and other Villages which have now been finally disposed of with the sanction of Government.

Extract Minutes Cons: dated 20th September In Cons: 16th Octr. 1845. Para. 15.

Para 23

7. The Principal Collector explains that the Garden Assessment on the Neilgherry Hills at the rate of Rupees 7-1-2 per Bullah is not levied from the Hill inhabitants but is applied only to "lands included within the "space embracing a distance of three Miles in "every direction from the Centre of the Cantonment "at Ootacamund." the Burgher Cultivators continuing to pay the existing assessment. He has submitted a Statement of the expence and profits of the cultivation of Coffee - which has now become the most extensive Garden product on the Hills contrasted with the ordinary Garden produce. and adverting to the sentiments recorded by the Board on a former occasion that the Standard which obtain in the nearest Burgher Villages should regulate the assessment for all lands, so that by raising it above the rates of assessment paid by the Burghers the occupancy of new lands might not be checked. He still adheres to his proposition to levy the first class of Poonjah Teerwah on all Coffee lands. On the earlier discussions respecting the assessment on lands situated within a prescribed distance from the Cantonment

Bd's Pro: dated 14th July 1846 Para 3.

of

of Cotacamund and beyond, Coffee and Mulberry Plantations were not contemplated, neither was it supposed that the Cantonment of Cotacamund would be so soon abandoned but the great change which has since taken place in the occupancy of lands on the Hills renders it necessary that some definite rules should be established, to meet the object of encouraging the extension of the more valuable products and in consideration of the use of the water derived from the Hill streams the Board are of opinion that for lands appropriated for Coffee and Mulberry Plantations requiring irrigation, the original assessment of the land so occupied or if waste the assessment should be fixed with reference to the quality of the soil in each individual case and as far as possible in conformity with that existing in the nearest land of a similar description.

No. 19 20 Para 28

8. The Statements are furnished by the Principal Collector to shew the result of the examination of the lands in the Villages of Ettemadday and Potoor compared with the original survey accounts. The measurements which have been now made comprise the waste lands only - the cultivated lands having been measured as shewn in these 2 Statements in fasly 1252. It was not the wish of the Board that such separate measurements

measurements should have been made. The whole extent of lands cultivated and waste, should have been measured consecutively and at the same time, in order that "the "partitions and alterations of the boundaries "of fields by the Proprietors and without "reference to any authority" as observed by Mr. Wroughton might be correctly ascertained.

Para 31.

On comparing Statement No. 19 which accompanied the Settlement Report for Fasly 1252 with that now submitted there is a difference in the total extent of land in field No. 41 as follows.—

No. of Field.	Particulars.	Extent according to survey Bullahs.	Recent measurement.	Decrease.	Per Centage.
41	Cultivable	2 13/64	1 45/64	1/2	22 1/2
41	Waste	2	2	"	"
	Total	4 13/64	3 45/64	1/2	11 15/16

The discrepancy between the Survey Account and the recent measurement the Inspector requires attention from whatever causes this discrepancy may arise whether from the Subdivisions or Partitions of the Ryots themselves or from errors in the survey it is necessary that the Lands of the Villages in

Fort St. George 27th May 1847

in question should be again examined and all lands, arable and waste be measured together, to enable the Board to apply for sanction to write off from the Account any deficiency which may be eventually discovered. They desire therefore that another examination may be made, and suggest that a competent servant from the Principal Collectors Establishment may be deputed to assist the Talook Servants in this work. —

Paras 30 – 31

9. Before passing orders on the means of rectifying any confusion that may have arisen in the relative boundaries of fields the Board request the Principal Collector will state whether any, and what instructions were issued at the time of the original Survey for giving credit to the Ryots when a field was found to be less, or for bringing to account land when its extent was found to be more than the Survey measurement. If the practice of taking to account any difference exceeding 6¼ per Cent, or 1/16 of a Bullah either in favor of the Ryot or of the Government as the case may be, without admitting fractions has been

Fort St. George 27th May 1847.

been found to answer the purpose hitherto it may not be advisable to discontinue it and the Board are averse to introduce any new measures without having before them the principles upon which the original survey was carried out.

The Board observe that there

10. was a decrease of two Muzzerahs or Hamlets in the six Villages and an increase of thirty four Hamlets in those of the Polliputs and they request that the cause of this change may be explained.

Statement No. 2 Col. 9 and 24

Mr. Broughton has furnished

From the Dy. Coll. 30th January 1847. In Cons 29th March 1847.

11. further explanation on the subject of the Cowle land held by Mr. James in the Village of Segoor. The Board were of opinion that the terms of the Cowle should be regulated by the rules in force in the District of Coimbatore, and the demand was accordingly raised to the full amount of the assessment in the year under review, but referring to the unhealthiness of the locality in which Mr. James has endeavoured to form Coffee and Mulberry Plantations and to the impossibility on that account of his pursuing the object, the Board concur with the Principal Collector in the justice of cancelling his Cowle and they solicit the sanction of Government to remit the arrears outstanding on account

Board's Proceedings on the Settlement for Fusly 1254 Para 9.

of

Fort St. George 27th May 1847.

of it, amounting to Rupees 238—5—10.

12— The total Demand for the year under review amounted to Rupees 2,22,172-10-4 of which the sum of Rupees 2,20,952-5-1 was collected within the fasly. Subsequent Collections to the end of March 1847 of Rupees 934—8—7 leaving a balance of only Rupees 1218—11—8 a result which under the variable circumstances of the season the Board consider very creditable to Mr Heaughton and his Subordinates—

From the Coll. of Canara

Sir,

With reference to my letter of the 8th and the Board's letter of the 22nd March last, I have the honor to report that after a very full and patient enquiry by myself Assistant Mr. Robinson into the conduct of Annunjayah the Tahsildar of the Odepee Talook his participation in extensive frauds which has been carried on in the Tobacco Department in his Cutcherry has been established beyond

beyond a doubt and amongst a variety of other charges he has been convicted under Clause II Section II Regulation IX of 1822 of two cases of deception and corruption and sentenced agreeably to the Regulation to pay Rupees 90 being double the amount proved to have been exacted by him. His conduct of this man, as shewn in the accompanying reports by Mr. Robinson and his general character are so bad that it is impossible he can be allowed to remain in the public service any longer and I have the honor therefore to request the Board's sanction for his dismissal.

× Nos. 1 and 2 8th May.

Collector's Cutcherry, Mangalore, 15th May 1847.

I have &c.
Signed J. L. Blane
Collector

No. 1

No. 1.

To
J. L. Blane Esqre
Collector of Canara.

Sir,

1. I have the honor to submit for your perusal the original proceedings and report the result of the enquiries I made according to your verbal communication into the frauds which have for several years found place in the Tobacco department of the Bodipy Talook.—

2. For the sake of elucidation of what follows it will be well to trace the management of the Tobacco from the time of its receipt in Mangalore till retailed.—

3.— The native accounts are always so arranged that the article be in excess of what is shown in the accounts that there may be no or only a small deficiency to write off when the whole is retailed. From the Contractors for the original supply a bandy of 576 ℔s is required in other words 2¼ per cent is requested according to contract to admit of its being retailed without loss. In the accounts of the Depôt

credit

credit is given for a candy of 560 lbs. The
Tobacco is then packed in bundles with-
mats to the weight of 3½ to 4 and
numbered. In each bundle there
should be exactly 80 lbs but care is
taken that in each there should be 82 to
84 lbs of net Tobacco. In this manner
a very considerable amount in excess
is brought into the Depot.-

When dispatched from the Depot
to the Talukes the bundles are taken ac-
cording to the numbers recorded with the
tare for which an allowance of 5 lbs per
bundle is allowed, new net weight is
then entered in the accounts and credit
given for the excess above 80 lbs the weight
at which the bundle is stored whatever ac-
tual excess there may be. The net
weight deducting 5 lbs for tare of each
bundle is entered in a book which is
transmitted to the Taluk with the Tobacco
from the Depot at Mangalore. It is
again weighed in Gross on arrival in the
Taluk, the tare allowance of 5 lbs per bundle
for tare deducted and receipt passed for the net

As every allowance is made when the tobac-
co is dispatched and the fullest weight given,
it is rarely that any great deficiency occurs.
There is generally indeed an excess at first
of net Tobacco (after deducting the 5 lbs
for tare) as the advantage of the fractions
of a lb are allowed to the taluke.- If Kept
very long some slight deficiency may occur.-

On being retailed in the taluke
the numbers are retained and the weight
for which the receipt was passed is made
the basis of the fresh accounts. The mats
are removed and the tobacco being weighed
net an excess of tobacco will always be
found as up till this time the net weight
has been taken at the gross less the round
amount 5 lbs for tare whereas the tare
never actually exceeds 3½ or 4 lbs. An ex-
cess therefore of one lb or one and a half
lbs must necessarily result. Further the
Tobacco being now retailed to shop Keepers
or Jannah Venders to be disposed of immedi-
ately the fractions of lbs hitherto neglected are
carried to account which may raise the excess to
2 lbs or more per bundle. In the weight sent
from the Depot allowance so ample is made
that no deficiency should occur when taken
out.

out for retail in the weight of the bundles and certainly if allowed fair play cannot occur for several months neither which time a new supply is dispatched. Little, or no deficiency in the weight of the bundle therefore should come into the accounts while the whole of the "excess" of tobacco between the weight of the bundle weighed in gross, 5 lbs being allowed for tare, and the outturn of tobacco weighed without the tare which seldom exceeds 3¾ to 4 lbs together with all fractions of lbs should appear in the accounts. Thus it will be seen in the Abstract of the Tobacco accounts of the Talaks which is appended to this paper, the deficiency in the weight of the bundles is very small and a considerable excess chiefly of the kind above described is brought to account.

6. A column is entered in the Statement in which the Deficiency on the bundle is balanced against the excess and carried to account on weighing net, the two however have no close connection the result is shown as net Excess or Deficiency.

7. It is a well known fact that an excess must necessarily be found in every bundle when weighed without the tare which never exceeds 4 lbs, over what has up to that time been taken as the net weight of the bundle viz. the gross weight less 5 lbs allowed for tare. To carry none of the account would immediately arouse suspicion

a large deficiency is therefore shown between the weight sent from the Depot and its weight in the Talak being both times the gross weight of the bundle less 5 lbs for tare. This is more easily accounted for as it may be represented to have been lost weight by buying Tcha Tcha for instance a bundle was sent weighing 3 Mds 1 lbs - 2 from the Godown. On receipt in the Talook credit is only given for Md. 3 a loss in weight of 2 lbs is represented to have taken place. 3 Maunds is taken as the basis of the retail accounts with which the outturn of the Tobacco when weighed without the tare is compared. Besides the 2 lbs set aside when credit was given an excess must arise from 5 lbs having been allowed for tare while 3½ to 4 lbs is the actual weight. A part of this excess may be carried to account without trenching on what had been set aside for embezzlement and may be pointed to as a set off for the great deficiency in the weight in the bundle.

8. This is exactly the system pursued in Dodapy - 100 candies are sent and by showing a loss of weight of 1½ or 2 lbs per bundle credit is given for a candy or a candy and a half

less

Fort St. George 27th May 1847.—

less than is actually received and that balance so embezzled. In retailing apart of the necessary excess which is only the difference of tare actually allowed when weighed in the Godowns has been carried to account and pointed to as an off set to the deficiency.—

9— While weighing the Tobacco in Godowns in February Stock the utmost care to ascertain correctly what the excess ought to average per bundle and found it an average of 30 bundles to be upwards of 2 lbs per bundle. In regard to the deficiency in the weight of the bundles, I need only mention that in 39 bundles which had been in the Talook Godowns for 2 Months there was not only no deficiency as compared with the weight when sent from the Depôt at Mangalore, but an actual excess beyond that weight of 7 Mds value 60 Rs. this arose from the most ample weight being allowed in the Depôt and the advantage of all fractions of lbs being allowed to the taluk. In short it may be asserted that no deficiency can occur and never should be admitted without being most satisfactorily accounted

Fort St. George 27th May 1847.

for— The general excuses of drying &c. should never be admitted except under special circumstances.— As a general rule an average net excess of ¼ to ⅓ of a Maund should be required per Candy, or from one Candy to ¼ Candy per 100 Candies.—

It is notorious that in Godefy 10. during the last 3 or 4 years great frauds have been committed by this system of giving credit for a less quantity than that received, and embezzling the balance and dividing the proceeds among the servants. Carrying to account a part of the excess which exists in every bundle and when called on for explanation pointing to this as an off set for the other, but there has been so marked an increase in the deficiency and falling off in the net excess shown in the Accounts of the tobacco Godowns at Godefy as compared with that in other talooks and that of preceding years in the same Taluks as to leave no doubt that great frauds were being committed— The Comparative Statement will illustrate this and it need only be added that the examinations of 10 years accounts for these 5 talooks

Fort St. George 27th May 1847.-

Talukas presents no parallel deficiency - unaccounted for.-

Statement shewing the Depôt weight deficiency on the bundle that occurred in the Taluk. the excess found on weighing Tobacco net without the mats and the net excess and value on average of 4 Talooks Bey: Kut Buntwal, Barcoor and Cundapoor / compared with Oodipy for the Fusles of 1254 and 1255.-

N. B. 1253 was Anantayahs first entire fusly.-

For further elucidation I beg

11.

to refer to the Statement in the Appendix showing the outturn of 5 Talukas for 5 years.-

Reports got abroad in the

12.

Native Cutcherry of these frauds and the way these were carried on and brought to the notice of the then Acting Princi: pal Collector Mr. Parker and when the Tahsildar Anantayah applied in December 1255/1845 to have the deficiency of Cr. 1. 2 — 17 lbs — written

written off for the Sayer of 128½ Mr. Parker refused to permit it stating in his order No. 100/1255 that it was impossible that such loss should actually have taken place and requiring the names of all servants connected with the Tobacco Godown. Under date 31st December 1255 Swantayah explained that the loss had occurred on account of the bundles weighing less when taken out for retail than when received into the Godown which must have been caused by the tobacco drying and that as he had not weighed each bundle separately, it was possible that he Swantayah had passed his receipt for more than he had received.- Mr. Parker then ordered No. 230. 9th Feby 1255 that in future each bundle should be weighed and the excess or deficiency in the weight of the bundles shown in the accounts at once. But he withheld his sanction to write off the deficiency and had it in contemplation to visit it severely on the public servants. Permission was given to write it off shortly after you took charge No. 258 13. In the meantime the 27th Feby 1255. Tahsildar applied to you for permission to write

Novr.	2	1
Decr.	4	20
Jany.	3	2 20
Total	9	23 20

off deficiency for 3 Months November December and January of 1255 amounting to 9 23 20 Huzee 266.- No. 18 Feby 1255 It is remarkable that the total amount is not shown in the Huzee, as if named so large a deficiency could not have failed to attract attention, this part is carefully blurred over. Huzzoor order 1254 — 26th Feby 1256 calls for a full examination and particular report, as the cause shown in the Tahsildar's Huzee was totally insufficient to account for such deficiency. To this the Tahsildar made the same answer that the deficiency was in the weight of the bundle as compared with the weight at the time of disposal that the tobacco must have lost weight from exposure or otherwise, that no frauds could have taken place as the weighing was conducted in his own or the Shirastadar's presence — No examination of any description was made as directed.- Permission to write off the deficiency was withheld. It has been usual to apply for the arrangement of the Account at the end of each Fasly. the attempt to get a deficiency of half a Candy written off

off in the middle of the Fasly was to evade the difficulty likely to arise as already once experienced in reference to that of 1254 from having to apply at the end of 1255 for permission to write off a large deficiency swelled as it would then be by the deficiency for a whole year. It is remarkable that in this application no mention is made of July, August, September, and October tho' the deficiency for those months had not been written off 14. The account shewing the total deficiency for 1255 was forwarded to the Huzzoor on the 31st January 1256 shewing deficiency for the Fasly of Cs. 1. 7. 20 value 242 Rs. 8 As. and its writing off is still unsanctioned. The deficiency of 1254 having already been written off nothing further need be said about it but I should not be prepared to recommend that the deficiency of 1255 be written off. An average of other taluks might be remitted and the balance recovered from the public servants.

15. This view of the case is corroborated by the facts which are more immediately the subject of this report

as detailed in para 12 great difficulty was experienced in February 1256 in getting the deficiency of 1844/45 / 1254 written off and it was no secret among the public servants that Mr. Parker had some thought of making the Talisildar make good at least a portion of the deficiency. In November last 80 Candies were ordered to be sent to Oodipy - 560 bundles were sent weighing 83 - 16 - 20 lbs. - exclusive of the round amount of 5 lbs per bundle being allowed for tare - The usual list of the numbers and weight of the bundles accompanied the tobacco but when it was returned from Oodipy it was found that after reweighing the tobacco the taluk list shewed deficiency in almost every bundle of from 1 to 2 lbs making a deficiency of Cs. 1 - 6 - 1 / value Rs. 227 - as. 13 - p. / on the whole quantity - The receipt was made out for 82 Cs 10. 19 only and transmitted to the Tobacco Darogah on the 18th December 1846 and a copy sent to the Huzzoor without remark or attempt at explanation how such a deficiency arose.

16. That there would have been no loss from long storing and the other causes usually urged was obvious and the coincidence that this was just the quantity which shown at the close of his account

for

for 1254, had been passed with so much diffi-
=culty in February preceding, at once struck the
public servants.- The usual order calling
for explanation was sent but I further
received accurate private information of
the way in which the whole system
worked. I learnt that no deficiency really
existed that the whole tobacco would be
found in the Godowns and that the
deduction had been made prior to obviat
the necessity of shewing a deficiency
on the bundles in the accounts at the
end of the year, and the responsibility of
such a deficiency having occurred
the tobacco was in store in the taluk.-
As Mr. Parker No. 238/1255 had ordered each
bundle on receipt to be weighed and accu-
=rately entered in the accounts inorder
to make away one of the loss excuses to be
made that the bundles had been
received without reweighing and part of
the loss had probably occurred before it
reached the Taluk.- After communicating
with yourself I proceeded without
giving warning to Oodipy and with
the aid of the Sheristadar of the Taluk
reweighed the whole and found that
not only the whole had actually been in stock

and that the balance deducted in anti-
=cipation was in the Godown in excess of
what they had passed receipts for, but
also an excess found beyond what the
head of the Depot at Mangalore had
required credit for which showed that
he had made the most ample allowance
at the time of dispatch.-

17. Of the 560 bundles 121
bundles had been sold before I reached the
taluk, the balance 439 bundles were reweigh-
=ed and the actual weight of them was found
to be Cz. 66-0-23, while the account of the
Godown showed a balance on these 439
bundles of Candies 64-22-20 only, the excess
in the Godown beyond what was shown in
the accounts was therefore Cz. 1-6-20
value Rupees 227-8.- Nearly the whole
amount of what the receipt passed repre-
=sented to be deficient / Cz. 1-6-1-0 / was thus
found altho' about 1/5 of the whole amount
of the tobacco had already been disposed
of.-

18.- An average struck on the 439
bundles weighed, gave the average of each
bundle Mds. 2-27-30 weight, an average which

leeing

being over so large a number may be safely
assumed that of the 121 bundles already sold
their actual weight therefore must have
been Cs. 18-1- md. lbs. -/ in the Talukaccount
credit is given for Cs. 17-15-24-20 only
the deficiency being 7-3-20/ value Rs. 62-
as. 5-6/ add this to what was actually found to
be in the Godowns viz 66-0-23- and the
amount actually received must have been
84-1-23 an excess therefore of what the
Depôt weight showed, must have been re-
received amounting from 5 to 6- Mds accruing
from the fractions of lbs not carried to
account so that the Tahsildar receiving credit
had been given to him with a little
allowance for future loss of weight
might safely have passed his receipt for
the whole amount sent from the Depôt
Viz Cs. 83-16-20. Instead of which
loss amounting to Cs. 1-6-1. and valued at
230 Rupees was falsely represented to
taken place. It must be borne in mind
that the reweighing by myself took pl
2 Months after storing when some slight
loss might have been looked for in
the weighing

took place immediately on receipt and
before it was possible that loss from
such causes could have occurred- This clearly
established the fact that the full quantity
of tobacco sent was actually received, that
no such loss, as was represented, took place
that the Memo of weight received and
receipt were false returns- That the
accounts kept in the taluk were false
and did not show the whole quantity
of Tobacco actually on hand.-

19.- The next point to be shewn
is that this fraudulent return was made
with a view to the future gradual em-
=bezzlement of the portion thus falsely
represented to be deficient and this
besides by other considerations is established
beyond a doubt by the fact that on the
121 bundles already sold an embezzle-
=ment has taken place in proportion to
the falsely returned deficiency- It has
been shown above by an average struck
on 439 bundles weighed, that the actual
weight, on receipt of these 121 bundles
must have been about Cs. 18-1- md. The
Tahsildar gave credit in his accounts

for

for Cs. 17 - Mds. 15 - lbs. 24 - rut. 20. Difference Maunds 5. 17 lbs. 20. The rate at which the deficiency was represented was Candy 1 - Mds. 6 - lbs. 1 on 560. bundles or on an average lbs. 1 - 15 rt. per bundle this would make somewhat above Mds. 4 - lbs. 18 on the 121 bundles in other words on the 121 bundles already sold embezzlements have taken place as nearly as possible in proportion to the quantity falsely represented before hand to be deficient.-

20. The Talukh accounts for the retail sale of these 121 bundles is as in the following Statement.-

Number of Bundles	Bundles	Weight of the bundles as given credit for by Tahsildar	Net Weight of Tobacco weighed without Mats &c. prior to retail	Excess.
121		Cs. Mds. lbs. rut. 17 - 15 - 24 - 20	Cs. Mds. lbs. 18 - 1 - 4 - u -	Cs. Mds. lbs. 5 - 17 - 20

and shows an excess in the weight of the Net Tobacco over the weight in the bundle i.e. the gross weight less 5 lbs allowed for tare of 5 Maunds 17 lbs 20 Rut. whence this arises has been described in para

para 5 and as the ground work of the Comparison is the weight which was given credit for after the fraudulent deduction had been made, it does not need to be pointed out that this excess credited does not trench on that set aside for embezzlement in the way above described.- But I have reason to believe that not even the whole of this which actually was found was carried to account but only Maunds 5 - 17 - lbs. 20 rut. as a set off for the deficiency of 5 - 1 - 20 leaving a small net excess of 16 lbs to point to. my reasons for believing this are as follows.-

21.- I caused 30 bundles to be weighed carefully without the mats and the excess of this description which we obtained averaged to each bundle upwards of 2 lbs.- This must have given an excess on 121 bundles of Mds. 8 & 18 lbs value Rs. 75 - as. 10 but to take a low and perfectly safe average 1½ lbs per bundle, the excess should have been at least Mds. 6 - lbs. 25 - rut. 20 of which Mds. 5 - 17 - 20 only have been carried to account leaving a probable balance of Mds. 1 - lbs. 8 value Rupees 10, 10 as. as unaccounted for.- It remains only to remark that at the rate of 16 lbs net excess on 121 lbs, the whole for the year would have amounted to Mds. 2 - 18 lbs which

Fort St. George 27th May 1847.

which shows that the intention was to show a net excess above what they had shown for the last 2 or 3 years / see Marginal Extract from Statement No in para 10 / while other Tahsildars have been showing net excesses from 1½ to 2 Candies.-

	Net Excess Cs. M. Chut
1253	1 - 8 - 2 - 34
1254	" - 8 - 21 - 6
1255	" - " - 20 - 32
1256	" - 2 - 18 - "

22. The deficiency in the weight in the bundle has no connexion with or relation to the Excess found in weighing the tobacco net, and the Comparing them together is a mere way of glossing the fraud not likely to be detected by Officers who have no means of knowing the intricacies of native account, and the very making use of this Explanation is the best presumptive proof of connivance in the frauds which are tried to be explained by recourse to it.-

23. Had they not over reached themselves by making the deduction before hand this year and been detected with the Excess, so deducted, in the Godown, in Excess of the quantity shown in the accounts however dissatisfied we

Fort St. George 27th May 1847.

might have felt with the Tahsildar's explanations and the great deficiency he applied to have written off each fusly, fraud could not have been established beyond a doubt; nor would the mere fact of the quantity in store exceeding that shown in the accounts have thoroughly substantiated the fact, that the returns were falsely made with a view to future embezzlement, had it not been established by the fact that the amount so fraudulently represented to be deficient has actually been embezzled on the 121 bundles already sold, and in proportion to the rate falsely represented to be deficient before hand.-

24.- Systematic frauds of this description cannot possibly go on without the knowledge of, or the most culpable and criminal negligence of the Tahsildar, and the less so in this case as his attention has been several times and in successive years most strongly called to the point The Sheristadar of the Taluk I do not think

think had any thing to do with them for reasons specified below. The person through whose instrumentality the whole has been carried on whosoever may have participated in the proceeds, is the Gomastah whom the Tahsildar has persisted in spite of the clearest fraud in retaining an entire charge of the Taluk tobacco Godown. The embezzled Tobacco was sold through the tannah Venders, Gopaul Krishnayea and the weigher Ganesha a Peon and Shop Keeper and who conveniently holds a tobacco licence.-

25. The result of my enquiry was as follows. On the arrival of the Tobacco. the Tahsildar was absent on his usual Jummabundy tour. The Gomastah Gopaul Krishnayeah who has for a few years conducted the receipts and dispatches into and from the Tobacco Godown, had the tobacco weighed by the Duffadar, and it was written down at his / Gopaul Krishnayeah's dictating to his son in law who

is a volunteer in the Cutcherry.

The Tobacco is weighed at some distance from where the Sheristadar of Taluk sits.- The Sheristadar, as you are aware, is almost a cipher in the Cutcherry timid and so deaf that it is necessary to communicate with him by signs.- Gopaul Krishnayea appears to have at once commenced making small deductions in each bundle for on the second day's weighing the Sheristadar reported to the Tahsildar, 18th November 1846, that a deficiency was occurring which he proposed to make up by deducting for tare at the rate of 4 lbs only per bundle which would enable them to pass a receipt for nearly the amount sent from the Taluk. To this the Tahsildar answered 21st November that 5 lbs for tare were to be allowed per bundle, remarked that the deficiency had probably arisen from the tobacco drying and that care must be taken to bring the excess / difference between the weight of the bundle less 5 lbs and the net weight of the tobacco / to account when retailing it. The letter contains

no

Fort St. George 27th May 1847.-

no remark as to the deficiency and ask
no explanation of the causes thereof. It
points to the very way in which he had
for 2 years been accounting for similar
deficiencies & the way in which he had
been glossing them over by pointing to th
excess in the net as setting off deficien
in the weight despatched from the Depôt
2d.- 5 lbs per bundle for tare were
eventually deducted and receipt forwar
to the Huzzoor with Urzee No. 123 / 21st Dec. 1846 withou
making the slightest allusion to the great
deficiency shown C. 1. 6. M. 1 lb / value Rs. 27
By the Huzzoor order No. 127 / 2d Jan. 1847 he is reproved
for not having held an examination
into the causes of the deficiency and
to report immediately the reason of his
having taken no notice of it, and also
report the cause of the deficiency.- To
this order he made report No. 145 / 10th Jan. 1847 an
explanation with depositions of some P
and showing that no theft had taken
place.- Stated that the full outturn of the
of each bundle had been actually
to account and that he had deducted
the Depôt had done 5 lbs per bundle
tare, admits that the average of

Fort St. George 27th May 1847.

of lbs over and above the gross weight of
the bundle not carried to account in the Depôt
was this year greater than usual. Points to the
excess which was found in such bundles as had
been weighed out on being retailed up to the
date of his report / but which excess has been
shown to be quite independent of and inapplicable
to deficiency of this nature as a set off to the
deficiency.- Stating that he had carried to account
on 107 bundles "excess" to the amount of Rs. 4-22 lbs
and that, although probably such an amount of
"excess" could not be expected throughout the year, he
thought that there would not be much net deficiency
on the outturn of the Fusly.- Hints that the
Depôt accounts are in excess of what they really
sent and that his Duffadar who received it there,
had neglected to watch well the weighing /
on reweighing the quantity sent was actually
found to be nearly 1/2 a Candy in excess of what credit
was asked for /.- The Urzee concludes that no
theft seems to have taken place in carrying excess
to account when retailing to the venders and that
he believed that the deficiency would be made up
by such "excess" so as not to have a net
deficiency.-

The

Fort St. George 27th May 1847.

27- The finding the tobacco represented to be deficient and the exposure of the fraud attempted by making false returns put an end to all vain excuses- I secured Gopaul Krishnayah's rough Memorandum of the weight received and made while being weighed- It appears to have been changed, items effaced and corrected arbitrarily some time after it had been written, the weight of some bundles increased and of others decreased, Gopaul Krishnaya asserted that he put down the weight as named by the Duffadar- Admits that the excess in the Godown could not have been retailed or imbezzled without his cognizance and states that the excess found in the Godown may have been stored without being brought to account in consequence of the inaccuracy of the weighing apparatus- He admits that he has the charge of the tobacco and retailed 11lb of the 121 bundles which have been sold, 7 only having been delivered while he was unable to attend Cutcherry on the 13th December last- Beyond all doubt the false returns were made intentionally by this man- There is no reason to believe that the Duffadar named a false weight and as it was weighed in his presence, Gopaul Krishnah must have observed it, had he done so- The

Fort St. George 27th May 1847.

Duffadar bears a good name but being unable to read or write could not detect fraudulent entries of the Gomastah- connivance is however possible- The Sheristadar in whose presence nominally the weighing took place, is the last man to attend while an active pushing man like Gopaul Krishnayah was conducting the weighing of tobacco during 3 or 4 whole days while he (Sheristadar) was otherwise employed and it is a physical impossibility, were he attending to the noting down the weight by Gopaul Krishnayah on paper, that he should be able to check fraud as he could not hear the weighers words-

28- Shrinivas Row Sheristadar is a sickly, timid unobtrusive, simple old servant who has long been a Sheristadar because scarcely equal to more active employment- His private character is good, he inherited a considerable patrimony and is well off and his deafness and ill health prevents his joining in what is going on- He is a Deshast Brahmin while the Tahsildar

Gopaul

Gopaul Krishnayah, and others Servants are Sarassats, and is very unlikely to have any dealings in or partnership with them. He is perhaps to blame for not watching but I am inclined to acquit him of connivance in the fraud which has been detected this year, though only in part prevented and which have been systematically pursued for 3 years in this Talook.-

29- The embezzlement of the quantity takes place gradually and in small quantities. The greater portion is sold in Oodipy where the vender Lakshme Narnapah is Gopaul Krishnaya's fellow caste man and lives within the same court yard on terms of the utmost intimacy. It is by them / Lackshme Narnapah and Gopaul Krishnayah / given to the holders of licenses in excess of what is entered in the accounts, as brought by them, beside which the tobacco weigher, a Peon, holds a licence and retails tobacco at his shop, and here a great part of embezzled tobacco is certainly

sold. The Shroff Ramchendras Pa= =dyaroo attached to the tobacco Godown in Oodipy too is an untrustworthy man and is, as appears from the pro= =ceedings, on the most intimate terms with Lacshme Narnapah and Gopaul Krishnayah. Legal proof of the exact way in which it is sold is of course not to be obtained. The Shop Keepers frequently do not wait for Certificates / Tobacco Chities / as it takes some time to write them. The mere detection of tobacco in their profession uncovered by Chities does not therefore neces= =sarily amount to strong pre= =sumption that it came there otherwise than by being purchased in the regular way. Several shop keepers are conniverse and assist the servants in disposing of the tobacco. It appears from the Statement of several persons that Vencataishna Cumpty a shop= keeper & licensed tobacco seller near the Cutcherry was invariably present and generally weighed himself all the tobacco taken out of the Godown. a proceeding most highly irregular. Of

this

Fort St.a George 27.th May 1847.-

this mans renown as a general agent in such matters I was aware before going to Codipy and my local enquiry confirmed this surmise.- Badraya is another in whose shop much tobacco was found uncovered by Chitties unaccounted for.- But nothing could be proved though the interference is corroborative.- Several of the detached Tannah Venders are also known to be Channels through whom the embezzled tobacco is disposed of These however cannot be detected now.-

30.- Gopaul Kristna had for several years conducted the whole business of the Tellock Tabocco Godown, keeping the accounts of receipts and dispatches and superintending the weighing until the breaking up of the Sayer establishment. Check account were kept of the receipts and dispatches into and from the Tellock Godown since then Gopaul Krishnayah has had uncontrouled management and the returns of the last 2 years show the consequence.- The frauds carried on for 2 or 3 years have I consider entailed a loss of at least 250 to 300 Rupees in each of the Fasleis 1254 & 1255

Fort St.a George 27.th May 1847

It is he too who by making the false returns this year of the quantity received attempted to prepare a way for the embezzlement of 1½ to 2 Candies of tobacco to the value of about 250 to 300 Rupees this current fasly and has succeeded certainly to the amount of abount 5 Maunds to the value of 40 to 45 Rupees.- Gopaul & Krishnaya is a man of very indifferent character.- He was fined in 1252 for partiality in delivery of tobacco from the Godowns/ see Huzoor order 708/9.th June and was reduced from Gomastah-ship of 17 Rupees pay per mensem to an inferior appointment on 14 Pd. for being accessory to the abstraction of a public paper from the records which affected the character of the Admar Mutt Sawmy then the subject of investigation.- The order specifies that Mr. Blair had then thoughts of dismissing him the service Anantayah even admits reluctantly that he is a man of bad character.- Under these circumstances I would confidently recommend his dismissal from the service and that the value of

the

the tobacco embezzled in the 12 bundles be levied from him. I found a considerable inaccuracy in the balances used in the Cutcherry which is known to and adjusted by the public servants, but I fear may be made use of too to defraud the annuary. The balance was sent to Codapsy a year or two ago and was a very correct one and frequently used in the treasury in Mangalore It had been reported to bear the appearance of having been tampered with.-

31.- I found the scales used for the retail of tobacco loaded on one side to the amount of 9 Rupees a little less than ¼ lb. and evidently wilfully as a piece of coir had been tied to that side. They are used by Lakshme Narrapah. I would recommend his removal from all connexion with the Tobacco. He has only been ½ year in the service and is a dissipated well to do young

he was a worthless young man about Mangalore. He has interest and is well connected.-

It was with great regret

32 that I learnt that every sort of petty cheating goes on the part of the public servants in re= =tailing tobacco at Codapsy. These mean nesses reflect in the mind of the people on the Government in whose employment such servants are.-

Weigher Ganesh should be

33.- be sent to another Talookat once & and his tobacco licence or his appoint= =ment as peon at once cancelled the object of keeping a shop keeper holding a tobacco licence as tobacco weigher cannot be mistaken.-

Of the Tahsildar

34.- Anantayahs participation in the proceeds of these frauds the result of my local and other enquiries leaves not a doubt in my mind. The frauds have been kept up so= =long and committed so systemati= =cally and have been so frequently the subject of reproof from the Hurzoor and

and conversation among the public
servants with so many necessarily
in the secret that the circumstances
could not fail to transpire and so
it is currently reported and I believe
with truth that he participates to the amount
of 50 per Cent. Thoroughly corrupt
as other proceedings which refer
more particularly to him, show him
to be it is highly improbable that
these frauds should go on without
his knowledge and participation.
His Argees as shown in the body
of this Report bear connivance on
the face of them and the fact of
his slurring over the part which
was really the point in question
the "deficiency" and throwing forward
prominently the "excess" as a set off
to what it really has no relation,
affords the strongest presumptive proof
of his connivance and participation
in the systematic embezzlements
of tobacco for years which he

thereby attempted to palliate and conceal.
It is clear that his public and official
reports in answer to repeated orders of
your own and other Officers are evasive
and have been wilfully and knowingly made
with an intention to mislead and distract
attention from where the real embezzlement
had taken place.-

35 Hence I feel no hesitation
in crediting the current report that the
fraudulent deductions made by Gopaul
Krishnayah in the accounts of this year
was preconcerted and the tenor of the
Tahsildars' letter in answer to the Sheris-
=tadars' proposal to pass receipt for nearly
the whole of the Tobacco despatched from
Mangalore by deducting only 4 lbs per
bundle for tare confirms my belief as in it
he entirely keeps out of sight the deficiency
and points to setting it off by the excess on
retail which is exactly the trick by which
he had been misleading his Superiors for
two years.-

36 As I intend to state fully my opinion
in my report submitting the proceed.
=ings held relative to the general character
of the Servants I will here close this paper.-

No 2.

To J. L.n Blane Esq.re
Collector of
Canara.

Sir

1. I have the honor to submit the original proceedings held by me under your directions relative to the conduct of Anantayah Tahsildar of Oddipy

2. I have made the examination into the systematic frauds that have for some years been carried on in the tobacco department in that Talook, and which formed the primary object of my going to Oodipy the subject of a separate and particular report in which I have to the best of my abilities attempted to point out the way in which that embezzlement is effected, and attempted to be concealed and stated my own opinion and the grounds of it as to Anantayah's connexion with these frauds, formed on the circumstances under which they are committed, and the way in which Anantayah has endeavoured, year after year by evasive inapplicable and preconcerted excuses, wilfully to palliate and distract the attention for the large deficiency which the embezzlements have necessarily introduced into his accounts. no further remarks on this subject will be necessary here.

3. My personal knowledge of the bad character that this public servant bears and

and of the dissatisfaction expressed by the Officers who from time to time have had to overlook his work, as well as my own experience while on temporary charge of the police department of the taluk last year, induced me, in communication with yourself, to take advantage of my position while in Codiply for local enquiry into the general character. I made use of some Memoranda which I had by me of cases in which Bribery, Corruption and abuse of authority were known to have taken place, and obtained further local information of others of the same nature.

4. On the 23d. January I issued a few Summonses to the persons reported to have paid bribes in these cases, and on enquiry found my information so well grounded, that I proceeded to record a few Statements on perusal of which I considered it advisable to suspend Anantayah from the Service with a view to facilitating full and general enquiry. I prosecuted my enquiries actively from the 23d. till the 30th. I carefully avoided receiving the statements or complaints of persons who came forward voluntarily. I summoned only those about whom my information was good and trustworthy and preferred those living at a distance from Codiply, and I examined pretails and others as to the character Anantayah bore.

5. On the 30th. January Anantayah tendered a resignation of his appointment as Tahsildar in consideration of some less difficult and responsible one. On receipt of this I desisted from further enquiry and submitted the Petitions with my letter of the 30th. January recommending that it might be accepted, this on general grounds specified in your Demi. official communication under date 31st. January, you deemed quite inadmissible. On the 2d. February I joined you on Circuit at Cundapoor, where on perusal of the papers, the result of one week's enquiry (from the 23d. to 30th. January) you directed me to go no further in the general enquiry which seemed satisfactory but to try Anantayah on formally one certain of the cases the subject matter of which had already been collected.

6. The result of these trials it is that I have now the honor to submit.

7. In each the Parties & witnesses were examined on oath and their Statements recorded in the presence of Anantayah, and every facility for cross examination afforded. Where parties had deposed in the summary enquiry those Statements were laid before him and Cross examination on them permitted to him. His own defence & explanations were taken down to his dictation. Each

such public documents as he required were shown to him and his remarks thereon recorded, and such persons as he wished to be examined, were sent for at his request and examined.-

8. These cases are drawn up very formally and carefully and will require no further remark, but besides several statements in addition will be found which have been taken down merely summarily but the circumstances of each no gone into thoroughly. These are also submitted as showing how general as well as mean of their servants' Cupidity was.-

9- In Cases Nos I and No II they to suggest that convictions under Clause 1st of Section V. of IX of 1822 be recorded, a perusal of the papers will show that there is the fullest and most satisfactory legal proof.-

10. Unwilling to swell this paper with matter which can be gathered from the proceedings, I would merely remark in reference to No 1 that the original engagement of the Ballawen Castle (Toddy drawers) was certainly to pay forgetting the contract let amongst the Castle, instead of being let as hitherto to a merchant who looked to it merely as a Commercial speculation and absorbed the little profit which might be over and above the price of the contract. While he

drove the hardest bargains possible with a poor Caste of people who under the most adverse circumstances would not relinquish their hereditary employment. On their failure to pay the promised subscription the threat of requiring registration of the sureties' bonds was resorted to. The contract was very properly let again for the current Fusly to the Caste of Toddy drawers and still further subdivided. This Fusly also the Tahsildar and Moonshee were promised fees and it is reported with truth, I believe their payment was more carefully provided for. But as the Fusly is still current, and a report was diligently circulated among the Toddy drawers that disclosures of this kind relative to contracts which had yet to run might lead to their being re-opened to competition, I considered it more judicious not to press the point in reference to this Fusly.

11- Plaintiff in No II, Krishnaya Shanbogue is a respectable public servant and Wurgdar paying a considerable Peruz. He has been for several years the object of Anantayah's enmity, the first origin of which was the case sent by Anantayah to the Criminal Court. Entirely originated in Caste Malevolence, and the Committal of such a case, groundless as it was malicious, reflects great suspicion and discredit on Anantayah, though I fear that this is no solitary instance in which Caste malice has been gratified

gratified in the Police Department of this Taluk
17.

No. III is an instance of an attempt being made, by refusal to receive credible documentary evidence to suppress facts and important points against a party. The Tahsildar evidently wished to favor, and to get a person ousted from a land who had actually been in enjoyment of it and paid the Revenue for 8 years. Fortunately a careful perusal of the case by the Revenue Officer in charge prevented the mischief which might have been done by confirming an unjust and partial recommendation couched in terms intended to mislead. The 2nd report is evasive and opposed to the first.
13.

Nos. IV, V, VI, & VII are cases in which Anantayah exacted and received bribes for the recommendation of persons for employment in the public service and appointments to Potailships. On this point I would only remark that as far as I could learn, Anantayah has throughout made this a very profitable thing. The Statements of Bamar Bett Potail Mungapa Shetty (tho' he states that he lent 25 Rupees) no doubt was a present; Pellapa Potail Kasibhotla and Pelletoor Potail Balayah, Peons Pattas and Vide Vol. V. Cases may be referred to. Besides which there are Memoranda of numerous other instances in which

public employment was obtained in a similar manner. Many were not cited, a few who were well known to have paid, denied from fear of the consequences of disclosing the unworthy manner in which they first got into employment. Many cases of this description might still be found.

Nos. VIII & IX are two cases in
14.
which fees of 50 & 75 Rupees were exacted for permission to two Shanbogues, who had succeeded to hereditary Shanboguehips during their minority to transact the duties of their appointments on reaching years of discretion. From their appearance I am inclined to believe that they were both permitted to undertake the duties of the appointment prematurely, which was the real reason of the payment being made.

Nos. X & XI are cases of malversation in both Police and Revenue matters. The proceedings in which do not seem to require further
15.
elucidation. No. XI discloses a degree of corruption and shameless cupidity and venality on all sides which is exceedingly disgraceful.

Nos. XII and XIII are cases in
16.
which money has been collected from some for persons Police and Revenue, either by transferring them to places they did not like, at a distance from their homes, and the employment to which they stood appointed as in the case of the Revenue peons, or, as in the case of Police peons to permit them

them to escape the operation of a standing Circular order in this district that no Police peon should ever be more than one year in the same Cheetelbundy. This order is looked on by the peons as a great hardship. Many of the peons are natives of the Taluk and are tied to the Cheteldundy in which their homes are situated, where soon get houses and form connexions in the neighbourhood in which they have lived for a few years, the feverish climate of the Ghaut Maganies is unsuited to the native of the Coast, as is that of the Coast to native of the inland & most change to neighbourhood they are unacquainted with, is irksome. Indeed perhaps their efficiency is sacrificed to the hope of keeping them free from local bias too much. In the Taluks the order has seldom been acted on, except as a means of getting the pay of a month or two from the peons at present, I have by me a Memorandum of this public of Anantapaly made two years and a half ago when I first became aware that it was carried on in this Taluk.

17.

Nos. XIII and XIV require no remarks. Two English Memos have been appended the one on the supposed murder case at Neery No 15 of the Criminal File and the other on the bribes paid by peons Ketta and Kalle. They require no remarks here except that some further information, if

that

think necessary might be submitted to the Court of Foujdary Udalut on the former Considering the very serious manner in which the case was noticed by that Court when nothing was before it except the fact that the parties confessed to a murder which never took place, I should not have considered myself justified in neglecting to Commit Arantayah to the Criminal Court when I had discovered how corrupt he had been in the matter, that the Potail dismissed for bribery and Corruption of Soobraya Nurnich in the same case, had not a link been wanting in the evidence without which there was no reasonable hope of his legal conviction on a Criminal Charge.

Many cases from which I had

18.

Collected the materials, I found it unnecessary and considered it would be a waste of time to prosecute further as those of.

1 Francis Moter.

to Tahsildar ——— 10 Rupees

to Venkuh Row Police Moonshie 8 Rupees

to Soobrow Rev^e Moonshie ——— 4 Rupees

his case having been tried in both Departments both Moonshies were fed.

2. Imam Sahib & Moideen Beary Sandal oil boilers. Paid bribes to the Revenue Moonshie Soobrow & to the Tahsildar Arantayah.

Pay not.

3 Bagvoti Manjah. gave 6 Measures of Rice in a Summary Revenue Suit to the Tahsildar.-

Belma Potail Sheevapah. Paid 8 Rupees to Tahsildar and 4 Rupees to Revenue Moonshee Soobrow. In a Case in which difficulty occurred about payment of a Tazeeah to a Pagodah of which he has been constituted a Trustee.-

Rodacor Potail Soobrayah who gave 1 Maund oil Seed (worth 2 Rupees) to obtain 50 Rupees takavy.-

Doogaiah Shetty, Paddo Pett Gram Potail — who paid 10 Rupees to induce Anantayah not to report at once a heavy arrear of Revenue due on his Village at the end of the Fusly. and others of the same nature.-

19. Several persons depose to having given loans which have not been repaid. A Statement of this nature, always suspicious, is doubly so where a sufficient Cause for borrowing does not appear. These loans are most probably pecuniary considerations paid for some object to which the parties are afraid to confess. while the payments is so well known

that it cannot be denied.-

The evidence afforded in these proceedings

20. of Anantayahs habit of requiring from Potails and Ryots rice and other articles which he either did not pay for or paid for at rates considerably under their value, requires no remark, except that, small tho' the matter seem, it must be exceedingly irksome to the people and is disgraceful to the Officer who thus takes advantage of his official position to live at the expense of others.-

The statements of Shevelly (Oddy

21. Rasha) Potail Badrelayah Soobrayah. Billaman Potail Sheevapah. Rodacoor Potail Soobrayah. Bellary Potail Doddah Kanta Shetty. Sangal Potail Soobrayah Paddo Bettoo Potail Doogaiah Shetty. Sheerwa Potail Ramayah Hegadeh. Caltoor Potail Balayah. Nedoosal Potail Chenyah Shetty. Boinar Bettoo Potail Manjaiah Shetty. Shamachary Parpathygar of the Sunday Khuti. Manjayah Korlayah Hegadeh (a rich and influential Ryot). and others may be referred to as evidence of the disgraceful character which Anantayah and indeed his whole Cutcherry bear throughout the Talook, for venality and the difficulty of prosecuting even just claims in that Cutcherry without being the Public Servants. So general has corruption been for years in this Talook Cutcherry that all who know any thing of Oddipy are unanimous on this point and I will add that I have looked on this Tahsildar and his

Cutcherry

Cutcherry as perhaps the most Corrupt we have in the district; and have I believe frequently exposed to you our opinions which these papers will substantiate.

77. The depositions and the statements of Duffadary Peons &c. in Constant attendance at his house will show that Arantayah has been in the habit of receiving the parties in Cases before him at all times at his house. He does not trust much to intermediate agency receiving the bribes generally with his own hand. Many ingenious arranged for was occasionally given into his wifes' charge. The persons to whom parties who had not an opportunity of communicating directly with Arantayah, were in the habit of applying to a widowed female of the name of Seebama (Commonly known by the name Bhutay) who has long been a dependent (she is no connexion) of Arantayah and was in her younger days his mistress. She was in the habit of Communicating with the parties in Cases pending in that Cutcherry and was well known to possess the Confidence of Arantayah and to have considerable influence in the transaction of his public business. Bribes were paid to her for Arantayah and her influence no doubt Canvassed by bribes on its own account.

The

78. The Peons in more constant attendance on Arantayah became naturally cognizant of these matters and were no doubt frequently the channels of communication with the lower caste parties. The principal of these were Manjoo the Cutcherry Mussalgee and Hautoo the trumpeter both of whom Arantayah kept in almost constant attendance at his own house. The former (this man Collected the money from the Soddy drawers in No 1) is one of those overbearing worthless characters so useful in such matters. Hautoo appears a drunken careless sort of man who would do whatever he is told. I would recommend the removal of Manjoo to some other Talooke. Though persons ought to be responsible for the parts they play as accessaries in such matters, it is not right that principle at present. The standard of Morals among the lower Classes of Natives will scarcely admit of making such persons responsible for all moral delinquencies committed under the orders of a superior and the less so where, as in Oodipy, venality and Corruption reigned paramount.

79. The Oodipy Tassildary is one of the most important in the District in Consequence of the great influence possessed by the people attached to the great Devastan there and that of

of the Swamies of the eight Mutts and their depend-
-ants. It is almost proverbial that the purposes
to which this influence is used are bad, and the
independence and integrity of the Sahsildar is
of the utmost importance. I would refer to the
Statement of the Duffadar Peons and others as
shewing how entirely Anantayah was in the hands
of the people of the Admur Mutt during the
Swamy's late turn of the management of the
Devastan at Conjeveram. My enquiries fully
substantiated their Statements.

25. Besides the Nerry Case on which
I have recorded a separate Memorandum I
had on local enquiry of many cases of the most
Criminal Corruption and malversation on the
part of Anantayah and his Moonshies in the
matters. Since it is always dangerous to stir again
when once hushed up and evidence destroyed and
I rather avoided official notice of them. Amongst
other matter I got good and credible information
of the large sums spent among the public
servants in order to hush up the wooden dolls
of Vittla Achary Parpatagar and father of the two
Swamies of the Pejawer Mutt in the house of
Kittanna Nayery (dancing Girl) under most
suspicious circumstances. The case was one which

created great sensation amongst Natives at the time,
but as it is two years since it occurred and I did not
consider it wise to meddle with it although the
circumstances were well known to the public
Servants no report ever was made to the
Magistrate. I might mention others of the
same nature.

26. Before closing a paper of this nature
I consider it right to record what I know of the
opinion of other Officers in regard to this servant.
I do not now recollect ever having heard Mr.
Parker's confidence, and I am personally aware
that Mr. Blair, to whom he owed his appoint-
-ment as a Sahsildar, entertained subsequently
a very bad opinion of his efficiency and integrity.
His numerous public orders sufficiently attest this.
But besides having heard him speak of him on various
occasions disparagingly shortly before he left the
District in December 1845. I had some Conversation
with him in which he said, he wished it had been
in his power to tell his successor the opinion he had
formed of the different public servants and in
reference to Anantayah he said "that it was an appointment
I regret much having made. The man was never fit
for

for a Talookdarship. He made some severe remarks on his (Anantayah's) dishonesty and mentioned his own entire want of confidence in him. He said that his reason for appointing him had been that he was at the time the Peishcar of Porto Novo an appointment which as it is difficult to get Servants to accept, Mr. Blair wished always to be looked on by them as the step to the first Talookdary vacant. This Talookdary became vacant unfortunately before Anantayah had been sufficiently tried in the Peishcary. He was for nine Months and seven days Peishcar of Porto Novo.

27. As Mr. Blair expressly Commissioned me to tell his successor this his impression of Anantayah, I took an opportunity shortly after wards of speaking very strongly and earnestly to Mr. Brady myself on the occasion of a visit he paid to me early in 1846. I told him plainly Mr. Blair's sentiments which I was Commissioned to tell you. He there pleaded innocence and said that Mr. Blair had listened to the malicious stories of his enemies and said that if I would say nothing about it to you, you should have no cause of Complaint. My own opinion then of him was bad and between that and the time of my visit to Cudjoy early this year I saw ample cause to think that it was well founded.

28. Anantayah is dull in intellect his habits lazy and sluggish, and public papers and orders show that his manner of doing his official business is particularly careless and negligent and the arrears on his files heavy. He always was in short totally unfit for the head of an Office.

Under these circumstances I need

29. scarcely add that I think his dismissal from the service very desirable and indeed must follow if you record Conviction in Cases as with ignominy: and indeed I must express my full conviction gathered from these papers and local enquiry that both of these men are thoroughly corrupt and that in every case in

30. The perusal of these papers will show so frequently the names of one or both the Moonshies of the Cutcherry - Revenue Moonshee Soobarow and Police Moonshie Venkatrow as the recipients of bribes, that I almost fear I may be considered to have been remiss in my duty in not taking up some Cases against them and formally convicting them, that they might be dismissed the service

in their respective departments they exacted bribes, received any sums they could get; and were frequently guilty of the greatest irregularities not only as instruments of Avantayah; but with a view to their own advantage. They probably received with much regularity as he did though the sums might be less. These were Sane families, and little or nothing but their pay to look to; this was for long only 9 Rupees per Mensem but was increased about 3 years ago (by an arrangement by which a peons pay was divided between them) to 11 Rupees and still, at the time I was at Cadiapy while this examination was going on, they were each of them building a house which could not have cost, it was estimated, less than from 2 to 3000 Rupees.

31 A Monsdie ought to be a person without the power to do mischief and with so little influence that it should not be worth while bribing him. It needs scarcely be remarked, it is not so in European Cutcheries and much less so in Native ones, where the feeling of subordination to a superior frequently scarcely has place that they should be corrupt when the head of the office is essentially so, it not surprising and the more so Avantayah is a sluggish dull

Soobarow and Avantayah are fellow

32. caste men, Venkatrow is a Shively Brahmin the three have always been on the best of terms except for a few Months some years ago when Venkatrow and Avantayah had some differences on the occasion of a marriage in the latters family they have long since forgotten. Before this quarrel and since it was settled these three men have played into each others hands steadily.

Under these circumstances I must

33. leave to your discretion to determine in the propriety of retaining these men permanently in the Service or dismissing them on general grounds My reason for not going into cases against them was the inexpediency of the examination in which I was engaged relative to Avantayah's conduct and the difficulty of carrying on three such enquiries at the same time. Further the backwardness of the current Jaimicabandy business rendered it impossible that I should devote more time to these enquiries at that season. I recommended their suspension from their service and subsequent employment in a subordinate irresponsible appointment but perhaps on perusal of these papers you may find reasonable grounds for questioning the judiciousness of my recommendation on general principles. The

34. The name of Krishnaya the Moneger at Karkul occurs frequently in these proceedings in a way in which were it not thrown into the shade by the mass of other delinquency, would infallibly lead to his dismissal from the service. He is a very bad man and it might be well either to institute a regular enquiry before an European Officer or at least remove him from where he has done so much mischief.-

35. In closing this paper I would beg to suggest to your recollection that while I was Collecting this mass of evidence of the corruption and misdemeanors of the Revenue and Police departments the Civil Judge was making local enquiries into similar Charges of the most extensive nature against the Moonsiff of the Taluk which have led to his suspension from the service. He is now under trial. These contemporary enquiries disclosed a state of things in every department in this Taluk that is really distressing, and calls for some strenuous measures to introduce a new tone amongst its public servants. This can best be done by obtaining for the Taluk as Tahsildar a man of tried qualifications Integrity.-

I

36.- I regret exceedingly that I should have so long a delay to account for in submitting these proceedings. The examination and enquiries were only closed towards the end of February when I was obliged to move down from Codeja to Coolgal to commence Summary Duty of the Buntwal Taluk. On leaving Amattagabal Cash I ordered him to join my Cutcherry on Circuit as soon as possible giving him permission to stay a few days in Mangalore to peruse some papers that were in the Kazees record room which he wished to see. It was a week before he arrived at Mangalore though the distance was only 3 stages. He then protracted this stay by the intentional slowness with which he examined these papers, but when further delay was impossible in this way, he feigned sickness, and it was not till after the Zillah Surgeon had certified to me, that he considered he was feigning sickness, and that the slight local affection (Hemorrhoids) of long standing which was hanging about him was not such as ought to prevent his joining my Cutcherry on Circuit, that I got him to join me and then only by putting a Peloget over him - a whole month was thus lost by Amattagals throwing every stone of

of delay in the way shortly after my return to Mangalore I was again called on business into the Buntwal Talooke and on my return found an arrears of Current business which occasioned me entirely for some time, and I was unable to make much progress with the Cases till the end of April, for while on Circuit with you in the Barcoor and Cundapoor Talookes moving, and the sickness of my Moonshee impeded me a little in getting through the English portion of the work. The delay must will be over looked by you.

/ Signed / W. Robertson
Assistant Collector

Proceedings thereon.- Under the circumstances represented in the reports of Mr Robertson the Assistant Collector the Board would have no hesitation in sanctioning the dismissal from the service of Annantyah Sahsildar of Oodipy, but adverting to the numerous instances of corruption adduced against him they regret that a more severe example has not been made by selecting

106-107

some of the most glaring cases and susceptible of the best proof for commuttal to the Criminal Court under Section XVII Regulation IX of 1822 and if such a measure be in the opinion of the Collector still practicable, they consider that further Proceedings should be instituted against the Tahsildar previous to his dismissal.-

In reference to the general fraud and corruption which by Mr Robinsons reports appear to pervade the greater part of the native establishment of the Oodipy Talook. Mr Blane is requested to state what measures he may have taken against the other parties implicated and what arrangement he may have made to ensure in future a more regular and efficient discharge of the duties of the Department.-

/Signed/ G. A. Smith
Collector
To

Fort St. George 27th May 1847.

No 2

To

G. A. Smith Esqre.

Collector of Nellore.

Sir.

I do myself the honor to request that the Thasildars who have hitherto carried on the repairs of the Northern Trunk Road in part of the advances made by this Department may be ordered to furnish Accounts to Assistant Overseer Arnold who has been directed by me to settle those Accounts and to remain in charge of the Northern road to Superintend the Establishment granted for its preservation and continue the repairs that have been commenced.-

The Assistant Overseer will relieve the Thasildars from all further responsibility as to the manner of Carrying on the work and the payments for it but he will still need their assistance and I shall be much obliged by your giving them orders to aid him in procuring work people gravel mile Stones, Bricks, Chunnam and such other materials as he may require, for which he will give written lists and such money in advance as they may state to be necessary.-

The quantity of earth work

Fort St. George 27th May 1847.

still remaining to be done is very considerable enough to employ 150 to 200 Coolies until the Monsoon and as the repairs of Tanks &c are now going on there may be some difficulty in collecting so many tank diggers but if the Tahsildars of Survapully and Nellore could supply 50 to 100 each Village Coolies may be employed with them. The earth work will go on first between Vencatachellum Choultry and Wojelly afterwards between Wojelly and Trumbauk and from thence to Goomeraspoody. The Collection of gravel to be spread in the early rains will go on in the mean time and also the repairs of the bridges inverted arches and works of Masonry.-

I propose to make two principal alterations in the road south of Nellore, the first between Writers Chuttrum and Wojelly where a new line has been marked out by which a saving of distance of 1/2 a mile in eight will be effected. the new line being in all respects superior to that now followed. The second alteration is for the purpose of avoiding the narrow street of the Town of Naidepett and will occasion a saving of 1/4 mile in 3/4. Part of the former and the whole

of.

of the latter line will be in the Venkatagerry Zemindary and some Paddy land will be wanted for which compensation may be required.

It is desirable that the proper width of road and road ground should be marked out before cultivation recommences and provision made against future encroachments in conformity with the printed regulations lately issued under the orders of Government and the Assistant Overseer will be ready to point out to the Thasildar or other person nominated by you the position and extent of the ground required all along the road.

I would beg also that no time be lost in completing the repairs of the large Goodoor Tank and that particular attention be paid to the other Tanks west of the road lest they breach and carry the road away.

The Wojelly Tank Gindloor Chanagoonta and other in the Venkatagerry Zemindary should be repaired thoroughly and as soon as practicable, and I would suggest that periodical reports should be called for from the Heads of Police until they are finished as I am aware from previous experience in this District that long delays are likely to take place and the works to be

x Proceedings Cons. No. 2338 p. 260.

very imperfectly and inefficiently done if they be left to the sole management of the Rajah's servants.

Mr. Arnold will be directed to report to me until they are completed to his satisfaction.

The Dhaloyets who have been employed on the road may if required be now recalled to the Huzoor as there is no further necessity for their Superintendence; but if you can still afford the services of a Peon or two to assist Mr. Arnold it will be of great convenience, and I should be further obliged by your allowing him to occupy the private Bungalow at Goodoor adjoining the Travellers' Bungalow in case of its not being required for other use.

Superintendent of Roads Office, Camp Sooloorpett 16th April 1847.

/Signed/ Sam.l Best
Supt. of Roads.

No. 3.

To Captain S. Best
Superintendent of Roads.

Sir,

With reference to the 4th Para of your letter of 16th Instant alluding to certain alterations proposed by you in the high North road between Nadars and Nellore I have the honor to forward Copy and translation of a letter received from the Zemindar of Venkatagerry and

and beg leave to request to be informed whether you intend me to understand that the land in question is at once to be occupied and the remission required guaranteed to the Zemindar.

From the 1st and 2d Rules for the improvement of the principal high roads alluded to by you it had appeared to me to have been the intention of Government that in the first instance the necessary plans and valuations of the land required should be completed by yow and negociations entered into by me for obtaining it on just terms and so as to interfere as little as possible with private rights and the comfort and usages of the people. but to prevent any mistakes, I have submitted copies of this correspondence to the Board of Revenue in the Department of Public Works.

Your other requests for aiding your Establishment in the discharge of their duties have been duly attended to.

Nellore District,
Coratoor, Collectors Cutcherry,

/Signed/ G. A. Smith
Collector

No. 4

To
G. A. Smith Esqre
Collector in the Zillah
of Nellore
&c &c &c

Sir

A Ameel of Sagatoor in my Zemindary informs me that the Civil Engineer in order to widen the general road and to avoid bends has in some places departed entirely from the old road and laid out fresh lines and that in doing so he has in view of the road running through the Village of Naidepett, turned it out of the Village and carried the line of measurement straight from the Goodoor Channel aqueduct, to Annamallo Channel aqueduct, that if the road were to be formed on this line the 1st Sort Sumbavoo Magany land south of Venamala sowable with 8 Tooms of seed, the Sumbavoo Seroovaranga and Nulla Varee Involoom Magany lands, extending from the Venamala Calingala along the bed of the Tank up to the boundary of Toomoor and sowable with about 1/2 Candies of seed and the Magany Metta and Garden lands of Toomoor extending from the boundary of Venamala to the bridge over Nunamatta Channel near Toomoor and sowable with 15 Tooms of seed in all lands sowable

sowable with $2\frac{13}{20}$ Candies of Seed will come under the road. that in addition to this as the road will run through the bed of the Venamala Tank it will not receive even 1/8th of its full supply of water. that in consequence of this deficiency of water the Serovaranga and Sumbavoo Crops which are grown when the bed of the Tank is under water cannot be grown hereafter, that the Imaganys under the Tank will only prove partially productive from water received by the river Channel that from these causes there will be a decrease of 5/8ths in the Sist of the Venamala Village of Toomoor, that further the old road near Vojelly has been departed from and a line running through the centre of the fields of Ranzoopollem a hamlet of Vojelly and through those of the Vocanteway Cundrega and through the fields behind Vojelly and Damaragoonta has been inspected that flags to a certain extent have been planted and that in order to plant more flags they are being troubled to remove the grain heaps from their present places to other spots, that operations have been commenced upon to remove the banks of the fields in order to form the road. that from this cause a large extent of the Vojelly cultivated lands

lands will be ruined and that there is no prospect of the Ryots of the said Cundrega being able to keep them.-

As the particulars of these three Villages have been brought to my notice I have written this to inform you of the matters I have issued orders to the aumils to let me know what damages the other Villages will sustain and the result will be intimated to you as soon as the reports are received.

Since it is necessary that I should improve the lands in the Sallooks of my Zemindary and from the proceeds thereof disburse the dues of the Honorable Government expences I beg that instead of my being put to loss by new roads being raised on lands that are under cultivation from a long period without intermission and through beds of Tanks making them unfit for use, some other measures be taken and till this is done the Engineer may be desired not to commence upon new roads in the fields of my Zemindary.-

16th April 1847.-

III

Extract from the Proceedings of the Board of Revenue in the Department of Public Works under date the 10th May 1847.

Read the following letter from Captain S. Best Superintendent of Roads-

To Captain J. H. Bell
Secretary to the Board of Revenue
D. P. W.

Sir,

Fort St. George

Having been informed by the Collector of Nellore that he has submitted copies of my letter to him dated 16th Instant with his answer and other correspondence to the Board of Revenue I have the honor also to forward a copy of my reply to his letter of the 24th Instant:-

Superintendent of Roads' Office
Adiyar
29th April 1847.

/Signed/ Saml. Best
Superintendant of Roads

To

To,
G. A. Smith Esqr.
Collector of Nellore-

Sir,

I have the honor to acknowledge the receipt of your letter of the 24th Instant and its enclosures- I entirely concur with you in the understanding of the rules with regard to the occupation of land for road purposes- It is however, necessary that the line should be marked out before the extent and position of the ground to be occupied and its value, can be ascertained, and in case compensation is to be given, it will depend upon the amount whether it will be worth while to make any alteration of existing roads-

As to the letter of the Venkatgherry Zemindar, it appears to me that it would be as well to inform him that his Aumil has misinformed him, and that it was perfectly impossible for the Aumil to estimate the ground in as much as neither the exact line nor the width of the grounds required have yet been determined on, and it is surely necessary that both should be known accurately before the true value can be assigned- As for the Venamala Tank, it need hardly be remarked that even though

though the road were made through it, of which there is no intention, the supply of water would be in no degree affected as of course a bridge in the road-bank would allow for water passing to the tank in the same quantity as usual.-

Supdt. of Road's Office,
Adiyar Madras,
29th April, 1847.

/ Signed / S. Best.
Superintendant of Roads.

Ordered to be transferred to the Revenue Department of the Board with reference to Proceedings dated 6th Instant. No. 279.-

/ Signed / J. H. Bell
Secy. Bd. Rev. & D. P. Works.

110-112

Proceedings thereon.- In reference to the foregoing letter the Board consider it sufficient in the present instance that the Collector shall in communication with the Superintendant of Roads, ascertain the quantity of land required for the purpose of the new road, when it will be his duty on a special consideration of the circumstances of each particular case, to settle the terms of compensation reporting the same to the Board for submission to Government.-

The Board proceed to take into consideration the Statements noted below and to record their remarks thereon.-

Read the following Extracts

From the Secty to Government

Transmitting Extract from a General Letter from the Honorable the Court of Directors dated 5th January 1847 No. 1 with the resolution of Government

Extract from a General Letter from the Honorable the Court of Directors Dated 5th January 1847 No. 1.

Extract from the Minutes of Consultation Under date the 20th April 1847 No. 491.

Decision of Government prohibiting the use by private persons of badges or warrants similarly to those used by Government servants reported.

Para 1. The object of Act XXIII of 1835 in prohibiting the servants of individuals from wearing badges resembling those worn by the Servants of Government was obviously to prevent the abuse of authority by parties falsely assuming an Official character as the use by private individuals of a badge worn

Para 5. Ordered to be communicated to the Board of Revenue.

worn in the manner adopted by the Government servants to Viz^t on a belt over the Shoulder would be liable to misconcep=tion on the part of persons unable to read the inscriptions on the badges. We approve of your having declined to sanction the practice.

21 & 23 Ditto Ditto 8th September No 2. 1840 Proceedings relative to the enforcement of the order prohibiting Native Revenue Servants from holding Lands in the Districts to which they are attached re=ported.

17. We cannot depart from the general principle involved in the or=ders communicated to you in paragraph 8 of our despatch dated the 29th November (No 22) 1843. but it is not our wish that those orders should be enforced without due notice to the individuals affected by them, or in a manner calc=ulated to impede the public service. We are therefore willing to allow you to exercise your discre=tion as to the time and

mode in which those orders shall be carried into effect, but not as to their ultimate enforcement.

18. The particular circum=stances attending the holding of landed Property in Malabar and Canara appear however to render some modifications necessary in respect of those Provinces. You have accord=ingly proposed that the follow=ing Regulations shall be made applicable to the Native Servants of Government em=ployed in the two abovemen=tioned Districts Viz^t:-

First- That in the case of Talook Servants, the holding acquiring or professing an in=terest in lands should pre=clude their employment with=in the Talook in which such lands are situated.

Secondly- That the rule shall not be applied to the Huzzoor Servants who should be allowed to hold, acquire or profess an

to which they are attached.

The Board will be pleased to prepare and submit for the ap=proval of Government the instructions which they would pro=pose to issue to the local authorities on the subject, taking care that due no=tice is given to the parties affected by those Orders and ample time allowed to enable them to ar=range for the disposal of their landed property with=out causing unnecessary distress.

10. Referring to the Extract from the Minutes of Consult=ation of 19th

an interest in lands wherever situated -

Thirdly - That all such professions, whether on the part of the Salook or Huzzoor Servants shall be duly registered as well as all changes occurring therein and -

Fourthly - That Public Servants shall not be allowed to purchase or acquire lands in any manner (except as Members of a Family) without previous permission -

19 - We are satisfied from the reports of the Collectors of Malabar and Canara that the rigid enforcement of the order prohibiting the profession by public servants of lands within the districts in which they are employed would disqualify almost all the respectable inhabitants of those Provinces for employment in the public service.

If 8th August 1815 No 833 Government desire that such parts of the existing laws as may under the present orders require to be abrogated or modified should also be considered and a Draft of the provisions to be substituted by a legislative enactment should be framed and submitted for their adoption.

and we therefore give our consent to the modifications above noticed -

20 - We agree in your opinion that although the objections to the holding of lands by public servants apply more forcibly to the Revenue than to the Judicial Department, the principle involved in them is the same in both cases, and we accordingly desire that the same rules may be made applicable to both branches of the service -

Forwarding a memorial from Lutchmanrow Ummal widow of a Cutcherry Shroff, similar in Character praying that the Sanction may be continued to his adoption -

Extract from the Minutes of Consultation
Under date the 15th May 1847.

Read the following Extract from the Minutes of Consultation in the Military Department -

(Here enter 4th May 1847 - No 2348)

The Most Noble the Governor

Para 1 in Council observes from the Report furnished by Major Harris on the Hill Country between Kurnool and Cuddapah that there are twelve Forts in the geria Mulla and Nalla Mulla ranges which two only seem ever to have been of any importance. Gunjeecottah and Badrachellum. Of the former the Ramparts and banquets are represented to have fallen down in many parts, while as Major Harris states those portions of the work which have the outward appearance of Stability would crumble and fall under the impulsive power of a few discharges of Artillery. It is stated that in an Old magazine of this Fort is a quantity of Powder and Balls. His Lordship in Council considers it desirable that this should be ascertained and that whatever powder may be found, should be removed, or destroyed if unserviceable -

Major

Fort St. George, 31st May 1847.

Major Harris account of Badrachellum does not bear out the opinion of its strength given by Ensign Smith of the 19th Regiment Native Infantry in his letter of the 8th October 1846. His Lordship in Council however resolves with reference to the recommendations of His Excellency the Commander in Chief conveyed in the Quarter Master General's letter of the 23rd October to forward Major Harris report to the Board of Revenue with a request that they will in furnishing copies of the same to the Civil authorities instruct those Officers to be careful that no addition or reparations are ever allowed to be made to these unfortified places of defence amongst the Hill tracts of the Cuddapah District.

The President and
Members of the
Board of Revenue.

A

To,
Lieutenant Colonel C. Browne
Secretary to Government
Military Department

Sir,

With reference to the order of Government No. 985 dated 1st

Fort St. George, 31st May 1847.

the 9th February last I have the honor by desire of His Excellency the Most Noble the Commander in Chief to forward the accompanying copy of Major Harris's Deputy Assistant Quarter Master General's (Ceded Districts) report upon the Hill Country between Kurnool and Cuddapah as directed by the order of Government above referred to.

Fort St. George,
1st May 1847.

/ Signed / W. Strahan Colonel
D. Master General.

Report of Brevet Major Harris, Deputy Assistant Quarter Master General Ceded Districts, on Forts and strong holds in the Yerra Mulla and Nulla Mulla Hills as pointed out to him by Officers of the Civil Department deputed by the Collectors of the several Districts with generalen description of those ranges prepared agreeably to the orders of Government Minute of Consultation No. 95 dated 8th February 1847 and letter from the Quarter Master General of the Army No. 335 dated 11th Idem.

With a view to simplifying the details the Report is divided into two

two parts: the first comprising a description of the Forts on the Yerra Mullahs and the general character of the Country and the second of those pertaining to the Mulla Mullah Range, and, as far as practicable a declination of that densely wooded tract. The places described are entered in this Report in the order in which they appear on the map.

Yerra Mulla Range to direction Extent and breadth.

Yerra Mulla Range.

The Yerra Mullah range takes its rise about 8 Miles East of Yennevaram in the Jammalamadugoo Taloob Cuddapah Zillah on the High road to Madras from Bellary and its general direction is from South by East to North by West as far as Moonemadugoo; and from South South West to North North East thence to within 4 Miles of Kurnool, a distance of about 70 Miles; it breadth varies from half a Mile to 12 Miles.

Fort of Gunjecottah Situation, Extent and present state.

The first place met with on the range about 12 Miles from the Eastward is Gunjeecottah, a Fort of some pretensions which was garrisoned

by British Troops for some years after it was taken from the Mahomedan power. It is situated on the Right Bank of the River Penaur at its junction with the Chetravaty, which Rivers conjointly pursue a serpentine course through the range at this point. The western face of the Fort overhangs the River at an elevation of about 380 feet and Commands the approaches from the Northward and Southward by its bastions. Its form is indiscernible, the works with the exception of the East and a portion of the South faces which are at right angles to each other following the Curvatures of the Bluff and rugged rock which it is built.

The extent of the body of the place from North East to South West is 3574 feet and from East to West (the broadest parts) 2054 feet.

The number of Bastions is 22 Square and 20 Round and the distances between them vary from 60 to 1200 feet. The square bastions on the East and South faces are pierced for Cannon

Fort St. George, 31st May 1847.

Cannon the Embrasures being square holes made in the parapets which rise to several feet above them. The flanks only project about 6 feet in front of the Curtains, and are not provided with Embrasures.

There is only one Gun in existence and that in a perfectly unserviceable condition but 2000 Pounds of Powder and 2000 Balls of sizes, are said to be in an old Magazine the doors of which are built up with stone.

The North face measures 1095 feet.
The South face ——— 3390 feet.
The East face ——— 3570 feet.
The West face ——— 2187 feet.

The Walls are constructed of stone throughout the old or Hindoo portion without any other Cement than a little mud, while the Mahomedan portions principally on the East and South faces are pointed with Chunam.

The heights of the walls vary from 25 to 30 feet and their thickness from 6 to 24.

Traces no Ditch.

A Rampart and Parapet run round the Works generally.

There

Fort St. George, 31st May 1847.

There are two entrances to the Fort, one on the East or land face and the other on the West or River face. The ascent to the upper Gate from the River is defended by two other gateways screened by a wall which runs up the side of the Hill and of which they form the points of junction. These have all three been recently built up by the inhabitants as a protection against thieves and under the dread of gang Robberies, two having occurred within the last three years, so that there is now only one way of access left by the Eastern or land gate.

The approaches to Gungacottah from the River side are four in number, three of which are accessible to Cattle laden, while the fourth or Easternmost one is practicable for Country Carts. This leads to the East or landgate of the Fort, and Commences at a ruined Village immediately opposite to the Town of Hadrabad about a Mile distant and across the River. There are numerous footpaths from the surrounding Villages to the summit of this portion

of

Fort St. George, 31st May 1847.

of the range.

The bed of the River from the high road between the Eastern and Western parts of the Jummal mad goo Talook, and is passable for Country Carts excepting during storms which usually occur in the Months of June, July and August when the communication is confined to wandering footpaths along the sides of the Hill.

The position and the height of its walls render its appearance from the outside impressing and its outward aspect conveys the impression of its being in a good state of repair but this illusion is speedily dispelled by a visit to the interior where a great scene of decay progressing towards final desolation is indicated by surrounding objects.

The Ramparts and bungalows are in many parts so close to

Fort St. George. 31st May 1847.

is a breach in the wall to the Right of the East or land gateway two breaches in the Walls on the South face were repaired by a Subscription raised amongst the inhabitants when the late disturbance broke out and with the exception of the Mesjid and Imaur all the buildings are in ruins, while those portions of the works which have the outward appearance of Stability would crumble and fall under the impulsive power of a few discharges of Artillery. A deep ravine runs North and South about 2½ miles and Covers the Fort of Gunjee cottah to the Eastward. half a mile from the nearest point, it is screened by a stone wall on its inner side or that Nearest to the Fort, which is now falling to pieces.

The population Consists of about 500 persons occupying 117 Houses inside the Fort and 200 occupying 47 Houses in the Pettah at a distance of three hundred yards from the Fort to the Eastward.

The Fort Contains seven Bowries and Reservoirs, three of the former of which usually run dry during the hot season; the rest always afford an abundant supply

outside

Fort St. George 31st May 1847

Outside the Fort, and near the Pettah there are also two Bowries that can always be depended on for water.

The general character of the ground about Gunjecottah is that of Sterility, the whole surface being covered with stone, with a sprinkling of bushes principally thorn and Prickly pear and tufts of a coarse kind of grass. it is gently undulating about four miles across and the descent to the plain on either side precipitous though not inaccessible to footmen excepting in some parts where the Strata assume the form of a wall which is perpendicular and impracticable.

The Inhabitants are dependent almost entirely for Sustenance on supplies of grain &c. brought from below, and the very few articles that are grown in the Slips of Garden in the neighbourhood, such as Turmerick, Yams, Sweet Potatoes, Plantains, Oranges &c. are cultivated for exportation to the Market Towns in the vicinity.

Dubbodapully Small Fort its extent and state.

The next Village on the range about 10 miles Northwest of Gunjeecottah is Dubbodapilly in the Jummulmudgoo Talook, Cuddapah Zillah. It is situated close to its western edge at a distance of 200 yards

Fort St. George 31st May 1847

North of the Village there are the remains of a small quadrangular Fort which measures from North to South 344 feet, and from East to West 390 feet. It is built of Stone laid in mud with Rampart, Parapet and a ditch 12 feet broad, and 12 feet in depth the ditch is entirely formed by a bank of earth thrown upon the outside, and lined with stone. It has no bastions, and no gate, and is altogether in a State of dilapidation.

The Village contains 33 Houses and about 100 persons.

There is only one Bowry, and that in the Fort, where it is turned to good account in watering a small field of Congonee and one shop in the Village.

Footpaths traverse the Hill from the surrounding Villages, and the character of the country continues the same as has already been described, open, very strong and partially covered with bushes, and tufts of Grass- small patches of cholum, and castor Oil plant are met with occasionally, but the inhabitants for the most part obtain their food from the Villages below in exchange for firewood.

About 2 Miles West of Dubbodapully and at the foot of the declivity is a large tank called

Called by the natives a Kona; caused by the rushing of the waters during the Monsoon, and screened by the overlapping of a Shoulder of the Hill, it was used recently as a hiding place by the insurgents, and possesses the convenience of a good supply of water but is altogether indefensible.—

Orchintala its Situation, Extent &c.

Eight Miles North North west of Dubbodapelly is the Village of Orchintala in the Sandputtry Talook Bellary Zillah. How is a Small Quadrangular Stone Fort with Round Towers at the Angles.—

It measures from North East to South West 279 feet, and is rapidly going to decay, having no gateway and the walls tumbling down in Several places.—

It is occupied by a Small Jaghiredar, and his family, and contains one Bowry of Brackish water.—

The Village of Orchintala is composed of 52 Houses and 180 persons and possesses 3 Bowries that always contain water, and 2 that run dry in the hot Season, and the people are dependent for nearly all their supply on the weekly Market held at Sandputtry which is about 6 Miles distant.

Tallary cherroo its situation Extent &c.

A small Village about 2 Miles North west of Orchintala in the Sandputtry Talook Bellary Zillah having a Fort of exactly a similar description; in a ruinous state and occupied by the inhabitants. It contains 45 Houses and 150 persons 4 Bowries that always supply water and 1 Shop.—

Between Orchintala and Tallary cherroo on the Western Edge of the Hill is another rent or small Screened Valley with a large Pagoda, and walled enclosure, and an abundant Supply of water. The Country continues open and gently undulating with here and there a deep ravine, and covered with Stone and bushes, as before stated.

Toomulpentta its situation, Extent &c.

A small Village 8 Miles North by west of Tallarey cherroo in the Jummul-mudgoo Talook Cuddapah Zillah with a Quadrangular Fort similar both as to Extent and Condition as those of Orchintala and Tallarycherroo. It contains 209 Houses and 588 persons, 2 Bowries and 1 Shop.

Toomulpentta is situated at about 2 Miles from the Western Edge of the Hill which continues precipitous and is about 400 feet above the plain in that direction while

to

to the Eastward the descent is very gradual for about 4 miles, at which distance about north east several small Hills spring up abruptly to the heights of between two or three hundred feet they are without any other vegetation than thorn and prickly pear bushes, and only one of them has a hamlet containing 10 Houses on it, the inhabitants of which are obliged to descend the Hill to procure water.

Two miles west north west of Toomulpentla there is a pass through the range leading from the Kolgeontla Talook, Cuddapah Zillah, to the Yadakee Talook, Bellary Zillah, the road is practicable for Country carts and is used extensively in the conveyance of Timber from the Nulla mulla Hills to the Eastern Talooks of Bellary, about midway in the pass a Tank of considerable size has been formed by a Bund thrown up across it, which irrigated a large patch of Paddy pertaining to the Village of Bayasamoodrum situated below the range on the western side and in the Yadikee Talook.

Boorgul its situation extent &c.

West North west of Toomulpentla 9 miles is the Village of Boorgul in the Bunchepollimer Talook, Bellary Zillah, here is a Quadrangular Fort with Six round bastions and measuring from North to South

South 200 feet and East to west 340 feet. The Village is surrounded by a Wall connected at its South East, and North west angles by two round towers. Four of the bastions have fallen and the wall of the Fort on the East and West faces, while the whole is fast going to ruin.

Boorgul Contains 250 Houses 900 persons 9 Bowries and 2 Shops. In the hot weather, after a bad season, water fails entirely, and the inhabitants are obliged to go a distance of two miles to the westward with their cattle for that necessary of life.

South of Boorgul 3 miles in the Yadikee Talook, Bellary Zillah there is a deep ravine called "Colaroyoodoo Devastanum" and west of Boorgul 2½ miles another of a similar description called "Aathergungah" where the people say thieves hold their Councils, but they are in reality nothing more than the Common Nullahs or ravines met with in every hilly Country, and no one can tell when they were used for the purposes ascribed to them.

Cholum and Castor Oil Plant are cultivated to a small extent, but beyond this the food of the people is brought from the

Fort St. George 31st May 1847

the Villages on the plains -

Copulpaud its situation extent &c

North East of Boorgul 6 p Miles is the Village of Copulpaud in the Coilgoontha Talook, Cuddapah Zillah, Adjoining the Village and partially inhabited there is an old Fort in ruins pentagonal in form, with 13 round bastions, and measuring on the East face 600 feet on the South face 480 feet on the west face 430 feet on the North face 460 feet and on the Northwest face 260 feet one bastion is entirely down, and the rest partially so, and there are several passages over the walls -

Copulpaud contains 207 Houses 1006 persons, 10 Bowries, and 2 Shops -

The Country continues as before described -

Raicherlah its Situation, extent &c

Northwest of Copulpaud 6 Miles is situated the Village of Raicherlah having a small stone Quadrangular Fort adjoining it, and the ruins of a Wall with 16 round Bastions Surrounding it -

The Fort measures from North to South 451 feet, and from East to west 360 and is surrounded by a Shallow dry ditch -

It has 11 Round and 1 Square Bastions - one Bastion has fallen down entirely and the rest are going to decay -

The

Fort St. George 31st May 1847

The wall on the East face has given way, and affords a passage into the Fort -

The Gateway has fallen down, and there is no gate -

Indeed the whole place is in a Melancholy state of desolation it now consists of only 250 Houses, (the remains of a Town numbering about 2000) 1232 persons 5 Bowries 4 small Tanks, and 1 Shop -

The country continues of the same character as above described, but with small hills on either side, and rather more brushwood -

The land about Raicherla is cultivated to a considerable extent, and yields the principal portion of the food of the Inhabitants -

Mooneemuddoogoo its situation extent &c

North, North East of Raicherla is the Village of Mooneemuddoogoo in the Punchipolliam Talook, Bellary Zillah, to which a Fort of similar Style, and dimensions as at Raicherlah is attached but in a more advanced state of dilapidation -

Mooneemuddoogoo is situated in a hollow between the Hills to which the descent is gradual from Raicherlah -

The town is in a condition similar to that of Raicherlah having once consisted of about 5000 Houses which are

Fort St. George 31st May 1847

are now reduced to 206 with 177 persons 50 Houses and 5 Shops.

The place is considered unhealthy, and the inhabitants are subject to Dropsy but the cause assigned for its depopulation is the Carrying away about 80 years since, by a Native Mooseulman Commander, of the whole of the Merchants and dealers of any substance to the Mysore Dominions on which their Dependants left it in search of Employment elsewhere.

The same is said of Rancherla.

The Country about Mooneemuddugoo, and extending for some miles is of a more mountainous Character, but Countinues open having only a Sprinkling of bushes on the sides of the Hills, and the ravines Clothed with Brushwood, in which offenders against the laws might evade detection for a time, but they would afford no protection or security when discovered.

Batrachellum No situation description of yet.

About 8 miles East, North East from Mooneemuddugoo is a place called Bandruchellum in the Punchepalliem Talook Bellary Zillah, and spoken of as a Fort, but which it would be difficult to discover as such were not the remains of a few walls particularly pointed out.

Fort St. George 31st May 1847

It is situated on the Eastern edge of the range ½ mile West of the small Village of Mettapilly, and 4 miles North, North west of Owk, both on the plain, in the Koilgoontla Talook, Buddapah Zillah, and I conceive is about 300 feet above them. The ascent is steep and difficult for cattle from its rugged and stony nature.

On the approach from the Eastward the Eye is struck by the strange appearance of strata of rock running in parallel lines and varying in height to 20 feet and so chisselled by the hand of time as to give them a resemblance to the ruins of some vast City.

Some Centuries since, as would appear from their present condition, an attempt seems to have been made to establish a position by throwing Walls across the opposite ends of two of the lines of rock above described and building up any opening existing on either site; the result of which has been an enclosure measuring from North to South 500 feet and from East to west about 750 feet.

There are the remains of one square Bastion on the West face; one on the South face and one on the East face; but the whole now wears the appearance of having been destroyed by some convulsion of Nature.

On

Fort St. George 31st May 1847.

On the North face is a deep ravine which in the wet season contains water but is now dry.

Water is abundant in a Nullah close by, and communicating with the enclosure by two narrow ways on the South face, and is said to remain the whole year round.

This Nullah with the same strata of rock, how best on a smaller scale, extends westward as far as Mooneemendugoo being in that direction covered by a good deal of low Jungle - and in any part of which thieves, and robbers might find shelter as long as they were not sought after.

To the North and South of Badrachelum the Country is open but Stony; on the east is the ascent from Mettapilly, and Westward the Nullah already alluded to and I am of opinion that although an armed gang might probably temporarily resist the Civil authorities, a rabble to any amount would be dislodged from it in a few minutes by a Company of Regular Troops, and the terms "Fortification" or stronghold seem to be quite inapplicable to it.

Pyent Pushullah. Its situation &c. existing state of repair.

North West of Badrachelum about 8 Miles is the Village of Pyent Pushullah

Fort St. George 31st May 1847.

in the Jaghier of the Nawab of Banagapilly with a small ruined Fort, similar to those already described, and situated amongst small hills on the high road from Cumbum to Bellary.

To the Eastward 14 Miles is the Town of Banaganpilly, beyond the Yerra Mullah range, and to the Westward 8 Miles, the Village of Yeldroy within the range, having a small Fort similar in extent and condition to that at Pyent Pushullah.

Hence the Yerra Mullah range changes its direction from South by West to North by East, and rapidly decreases in breadth until its termination in a point near Kurnool where the table land is not more than half a Mile in Extent. The Hills continue barren and with the exception of a hamlet here and there are altogether Waste.

General Remarks.

General Remarks

Having traversed the Yerra Mullah range and visited such places as were pointed out by the Civil authorities as deserving of notice, I may be permitted to observe that with the single exception of Gunjeecottah, a place well known on the high road from Bellary to Madras no such thing as a fortification in the strict sense of the term exists. and although its surface is rough, being nothing more or less than a bed of Rock undergoing the process of breaking up, and consequently so far difficult, it presents no other obstacle from end to end to the free passage of Troops, and it is crossed by such numerous footpaths that no impediment would be found in the transport of Camp Equipage &c &c on Cattle.

The only roads practicable for Bandies through

through the ranges in its whole length are those under
Viz^t at Empercottah, near Tonnelpenttah and from
Bonagapilly via Pyrit Ouspullah and Jeldrigoo
Pooty.

Nulla Mullah Range.

The Range of Hills commonly called the
Nulla Mullahs extend from the immediate vicinity
of the Town of Cuddapah in a Northerly direction
as far as the Kistnah River a distance of about
130 miles, and are in the Cuddapah Collectorate,
with the exception of a narrow Slip on their western
edge in the Kurnool Zillah, which runs from Gogy
pully South and North East to the Konjamuggee
Shaut on the Kistnah about 60 miles.

Rungahreddy Cottah. its situation description W^m W.

The only Fort indicated by the Collector
of the Zillah as existing on these Hills is called
Rungah Reddy Cottah, and is situated midway
between the Villages of 'Roodrar' on the western
side, and 'Cottacottah' on the Eastern side the
whole distance being about 30 Miles.

On arrival at the Site of Rungareddy
Cottah, which occupied six Hours from Cotta Cottah
I found it to overgrown with trees and long grass
that it was with difficulty I ascertained what was
the nature of this reported strong hold, but which from
on a minute Examination to have once been a small
Quadrangular Fort having six Round bastions one
at each angle, and one in the centre of the South
and South faces.

The Fort measures from North to South
254 Feet.

Do — Do — East to west 117 feet.

It is built of rough Stone without any Cement,
and is now in ruins heaps.

Water

There is a bed of a small Tank within a
few yards; but no water within three miles.

After entering the Jungle water was only
met with once and that were a pool in the bed of
a Rawne, which would very shortly be dried up.

The Road

The Road which is a mere footpath, is
in some parts, so steep, and stony, and so shut up
by the overlapping of Bamboos and a peculiar kind
of thorn, that it was with difficulty my horse
was led over it; and the guides furnished by the
Civil Authority declared it impossible for a
horse to descend from Rungareddy Cottah to
Roodrar, although it might at the risk of
breaking its legs come up from that place.

Passes through the Hills.

The passes through the range are three
in number.

First. The Nundialpettah pass distant from Cuddapah
to the Northward 19 miles leading to Budwail and
Cumbum

Second. The Gadadagoo pass distant from Cuddapah
to the Northward 23 miles leading to Cumbum. these
are both practicable for Bandies.

Third. The Nundy Conamah pass distant from
Cuddapah 70 miles North, is the direct Road
leading from Bellary, Phooty and Kurnool
to Cumbum, Doopaud and the Northern Circars,
but is barely passable for Bullocks laden,
wheeled Carriages being obliged to make a detour
of from five and thirty to 40 miles and proceed
by the Gadadagoo pass.

There

Foot paths over the Hills

There are several footpaths across the Hill which are very little frequented, and that only by individuals having occasion to visit the Villages on the opposite sides.

First. Gootah Canamah between Rodrar in the Koilgoontla Talook, and Giddalore in the Cumbum Talook Cuddapah Zillah.

Second. Cotta Canamah between Burwapoor Coilgoontla Talook and Puttacherro Cumbum Talook Cuddapah Zillah.

Third. Between Naglapoor in the Kurnool Zillah, and Awkneed in the Cumbum Talook Cuddapah Zillah.

Fourth. Between Naglapoor in the Kurnool Zillah and Cottoor in the Cumbum Talook Cuddapah Zillah.

Fifth & Sixth. Koorty Canamah and Imutul Canamah, both between Atmuccoor in the Kurnool Zillah, and Dorenall in the Cumbum Talook Cuddapah Zillah.

Seventh. Between Movacherro in the Kurnool Zillah, and Guntawaupilly in the Cumbum Talook Cuddapah Zillah.

And there are doubtless others known only to the Chinchewars, a race of men who dwell in the Jungles, and obtain a scanty livelihood from roots, herbs honey and a chance Elk, or Deer that may occasionally fall to their Bows and arrows.

The breadth of the range varies from about

about 16 to 20 miles to the Northward of the Gadadevgar Pass. between this and Cuddapah it is considerably circumscribed.

General Character of the Hills.

The Nulla Mullahs are covered with a dense Jungle composed on the Lower parts of them intermingled with forest trees and on the upper of Forest trees and Bamboos and are generally impervious both from the closeness of the Jungle and the precipitous and rugged nature of the soil.

There are number of places of refuge provided by nature, in these Hills where bands of rogues or rebels might, for a season escape the arm of the Law, and set the Civil Authorities at defiance but so inimical to human life, according to Common Report, is the climate that a protracted stay in any of these Retreats would assuredly rid the Government of the greater portion of them, in corroboration of which opinion I may mention that according to the testimony of some few persons who having been implicated in the late Reddys' rebellion had fled to those Jungles, and were driven from their hiding place by the alternative of Speedy death or returning to their Loues, Hundreds of their Companions had been carried off by fever and to this is to be added the difficulty of procuring food, which in itself would necessitate a Speedy withdrawal. unless supplied by plunder or the good will of the proximate Villages, which latter it is to be feared, was

Fort St. George 31st May 1847.

was extensively the Case during the late disturbances, and against both of which the only feasible provision would seem to be Military Posts for protection and prevention.

Regular troops would necessarily have to encounter some difficulties in traversing these Hills by the few footpaths that are known to exist, and indeed but little advantage could be expected from it Yet the want of Circumstances rendering it indispensible there is no difficulty that might not readily be overcome, and as far as I could learn and judging from the general Character of the Country at the season in which I last visited it, when the grass had been burnt, no natural position from which any amount of Rable could be immediately dislodged.

15-16

To Mr. Pharoah

To Mr. J. B. Pharoah

Informing him that as you have permitted the Heads of Offices in the Provinces to use their discretion in furnishing him with information regarding the districts under their charge the Board do not consider that any further orders on their part are necessary and acquainting him that he is at liberty to make use of the Maps applied for—

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 21st April 1817 stating that you have not yet received replies from the Collectors of certain Districts upon the heads of information required by you and requesting to be furnished with an account of the annual Revenue and Expenditure of the Madras Presidency the names of every Village in the several Collectorates with the amount of the Revenue annually derived from each and also to be allowed the use of certain Maps.—

In reply I am instructed to inform you that

permitted Heads of Offices in the Provinces to use their discretion in furnishing you with information regarding the Districts under their charge the Board do not consider that any further orders on their part are necessary.—

The Records of their Offices do not enable the Board to furnish you with the amount of the Annual Revenue and Expenditure of the Residency in so much as they do not contain the particulars of Military charges &c. the amount of annual Revenue for the last 5 years is noted in the Margin.—

Fusly 1251	1,71,10,700	1	6
1252	1,79,55,670	5	10
1253	50,78,052	9	0
1254	1,61,00,970	11	2
1255	1,60,31,952	8	1

In regard to the Revenue annually derived from every Village in the several Collectorates, it is observed that such a Statement from the fluctuations to which the Revenue is liable would be very fallacious—

The Board desire me to state that you are at liberty to make use of the Maps applied for. That of Nellore is herewith forwarded and upon its return another will be furnished you.—

The 18 Maps which accompanied

accompanied your letter under reply are herewith returned.

Revd. Board Office — Fort St. George 31st May 1847. } (Signed) D. White
Acting Secretary

Read the following letter.

To
D. White Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George

17

From the Collector of Guntoor. }

Sir,

Reporting the measures which he had taken for transferring the lands of the Palnaud Deshmukhs to their respective Dharmakurtahs and submitting his observations as to the appropriation of the surplus funds on a Native Dispensary as suggested in the Boards' letter of the 18th ultimo 1847.

I have the honor to acknowledge the receipt of your letter of the 18th Ultimo, conveying the Boards instructions upon the transfer of the lands of the Palnaud Deshmukhs to their respective Dharmakurtahs.

2. Orders have been issued accordingly to the Tahsildar to transfer the lands taking written engagements from the Trustees declaring the obligations under which they receive charge of them.

3. With respect to the appropriation of the surplus funds I think the object suggested by the Board of a Native Dispensary preferable to any that have hitherto been thought of. The Tahsildar has been called upon for his opinion and to ascertain the feelings of the people, and he reports that

would be quite agreeable to them.

4. The following observations occur after considering the question in connection with the Civil Surgeon and the Native Authorities.

5. A Hospital would not answer in the present stage of Native feeling especially in that part of the Country, as the prejudices of nearly all the castes would prevent their availing themselves of it except under compulsion.

6. Many of them would at once thankfully avail themselves of such European Medicines and advice as could be obtained at the Dispensary, and the number of applicants would gradually increase. The most prevalent cases to be treated would be fever, small pox, Cholera, Syphilitic affections, Ulcers and Surgical cases.

7. Without a precise knowledge however, from Government, it does not appear that the design could be carried out. The funds available would, if invested in the 5 per Cent loan, yield only about 30 Rupees a Month. I am unable to say what might be the monthly cost of Medicines, and

until

until the experiment has been tried it will not be possible to Estimate with any accuracy. It would be desirable to place the Institution in charge of a tried steady and skilful Medical Subordinate: perhaps a pensioned Apothecary might be found willing to take charge of it on the pay of 20 Rupees a Month and after retaining 600 Rupees for erecting a building, the interest of the remainder might be appropriated to the pay of the Apothecary and a Sweeper and the repairs of the building and the purchase of Country Medicines European Medicines to such value as may be deemed proper might be supplied by Government thro the Civil Surgeon of the District, who should have the immediate control of the Dispensary.

8. I would venture to suggest, that a reference be made to the Medical Board on such points as fall within their province, and that I may be immediately authorized to invest in the 5 per Cent Loan in the name of the Collector of Guntoor for the time being 7000 Rupees of the Surplus funds in deposit, the Interest to be applied to the support of a Native

Dispensary at Dalchapully as soon as the arrangements are matured.

To
J. A. Horak Esqr. M.D.
Assistant Surgeon
Guntoor

Sir,

The Board of Revenue having referred for my consideration the propriety of expending the Surplus funds amounting to 7000 and odd Rupees the Surplus funds accumulated during the Government management of the lands of certain Pagodas in the Palnaud, which have accumulated in the Palnaud, in a Dispensary or Hospital for that part of the District I have the honor to request you will have the goodness to favor me with your opinion as regards each of these objects separately, as to the mode in which the institution ought to be conducted. The sum available might yield about 30 Rupees a Month if invested in Government Securities. 1 What Establishment would be necessary. 2 What quantity and description of Medical stores should be provided and their probable cost monthly. 3 Is it likely that a Native Dresser could

could be found suitably qualified to have charge of the Institution? If placed under the control of the Civil Surgeon could that Officer without interference with other duties exercise such control so as to secure the design of the charity? are you of opinion that the pensioned first Dresser Shaik Hamud now resident at Guntoor might be entrusted with the duty? What sort of building is necessary for the purpose? with any other suggestions that may occur to you.

Guntoor Collectors Cutcherry

To

H. Stokes Esqre
Collector of Guntoor

Sir,

In reply to your letter of the 24th Ultimo requesting my opinion with regard to the propriety of establishing a Dispensary or Hospital in the Paluaud I have the honor to state that such an Institution would be a great boon to the people of that part of the District To meet the expences of a Dispensary however would require a much larger sum than that placed at your disposal for

that benevolent purpose A considerable outlay of money for the purchase of even the more necessary medicines would in the first instance be required and it must further be borne in mind that the most prevalent diseases on the Paluaud are severe Remittent and Intermittent fevers which at certain stages of their progress require the liberal use of a most expensive remedy Quinine It will also be necessary to provide a suitable building for a Dispensary or Hospital where the patients may be admitted and properly attended to during the progress of their diseases— Unless the sick are collected together in one place the person in charge of the Dispensary will frequently be unable to afford that prompt aid, and to adopt that active practice by which alone the violent Remittent fevers of the Paluaud can be successfully treated. But the greatest difficulty will be experienced in securing the services of a duly qualified person for such a responsible situation without a corresponding high salary and I think that no one, with lower qualifications than those possessed by an Apothecary will

will be able successfully to discharge the duties of that important situation. However desirable it may therefore be to establish a Dispensary in the Palnaud I consider the means at your disposal Viz.t Rupees 30 a Month quite inadequate for that purpose.—

Guntoor 21st April 1847. } /Signed/ J. A. Horale M.D.
Civil Surgeon

Collector

Ordered that the following letter be sent in reply—

17-19

To

To the Collector of Guntoor. } The Collector of Guntoor

Sir,

(Bolt) Fort St. George 31st May 1847

I am directed by the Board of Revenue to acknowledge the receipt of your letters dated 17th and 22d April 1847 forwarding copies of correspondence with the Civil Surgeon at Guntoor on the subject of a Native Dispensary for the Palnaud—

2 As it appears that the small amount of interest derivable from the Surplus Dawasthanum Funds in Palnaud is quite inadequate for the Establishment

Establishment and Maintenance of a Dispensary or Hospital I am instructed to request that you will turn your attention to its application to some other useful purpose. It occurs to the Board that the sum in question may be made available for a School to be conducted on the same principles as those sanctioned by Government and they request therefore that you will take this project into consideration and favor them with your opinion furnishing such detailed information in regard to its Establishment as may appear to be useful—

3 Meanwhile the Board consider it desirable that the amount of the Funds at your disposal should, after deducting the sums required for the repair of the Pagodas at Macherla and Singarcotta, be invested without delay in the 5 per Cent Loan in the name of the Collector of Guntoor for the time being—

Revenue Board Office Fort St. George 31st May 1847. } /Signed/ D. White
Acting Secretary

Read Endorsement passed by the Collector of Guntoor under date the 9th April last on Petition No 799 of 1847.—

Proceedings thereon.— The Petitioners in their address to the Board complain of having been recently called upon to pay Rupees 50—6—2 on account of Molurpha beyond the sum hitherto demanded from them.—

(20)

In his Endorsement on this Petition the Collector states that it is the fact that the enhanced amount objected to by the complainants has been fixed upon their Village by the Head Assistant Collector, as appears from a Memorandum furnished by that Officer which represent that Rupees 743—1—2 was levied upon 130 houses in Fusly 1241 and that in consequence of the tax having since that year decreased although the saleable houses have increased the above additional demand has been enforced.

Before issuing final orders on this subject, the Board would be glad to have before them more detailed information of the circumstances under which the Extra assessment has been fixed and a Statement of the amount annually realized from the Village since Fusly 1241 and the data upon which the Settlement was made during the current year.

The Collector will at the same time be good enough to furnish the Board with his own opinion of the justness of the present additional demand.

Read the following letters.—

To

D. White Esqre

Acting Secretary to the

Board of Revenue

Fort St. George

(21)

Sir,

At the request of my Acting Sub I have the honor to submit for the consideration of the Board of Revenue the correspondence and papers noted in the Margin.

From the Collector of Nellore — 1.

Collector Mr. Pringle,

Submitting a question whether the Merchants who raised a private subscription among themselves are liable to be called to account by the Collectors Department.—

From Collector to Acting Sub Collector dated 16th April 1847.

From Acting Sub Collector to Collector dated 26th April.

From Collector to Acting Sub Collector dated 27th April.

From acting Sub Collector Dated 30th April

Translation of Sentence passed on certain Ongole Merchants by Acting Sub Collector under Regn. IX of 1822.—

Appeal addressed by Ongole Merchants dated 18th March.—

Proposal by acting Sub Collector for dismissal of Ongole Cutwal.—

The point at issue between myself and Mr. Pringle is whether Members of a Mercantile body raising a subscription among their own body for the purpose of meeting any emergent exigency of their calling are liable to be called to account by the Collectors Department and tried under Regulation IX of 1822. My opinion has been given in the case that they are not liable as their Proceedings have no connection with the Public Revenue.

Fort St. George 31st May 1847.—

Urzee addressed to the Collector by Ongole Cutwal dated 23d March

Revenue or the interests of Govern=
=ment, but that the ordinary Criminal and Civil Tribunals are sufficient to protect one member of that body from the oppression of another. Besides this Mr. Pringle's whole Proceedings appear to me too irregular to stand the test of being brought before any Court of appeal. The case was first conducted by Mr. Pringle as acting Joint Magistrate and a sentence passed, which sentence was not even correct as though a Magistrate can fine he must order a term of imprisonment in Commutation, and though if the fine is paid he may award a portion to the Compliment he cannot award a separate refund.—

2. This sentence however was then reversed by the Acting Joint Magistrate and the designation of Acting Sub Collector added to the depotation, and a fresh sentence passed under Regulation IX of 1822 which I have considered incorrect the parties not appearing to me amenable to that Regulation.

3. With respect to the dismissal of the Ongole Cutwal, I first objected as Mr. Pringle himself recorded his opinion that he ought to be otherwise provided for, but did not make any provision for him, and on a further review of the whole Proceedings though I did not wish to object to Mr. Pringle's removing him from Ongole

Fort St. George 31st May 1847.

Ongole, I did not consider he deserved reducing to a lower situation.—

Nellore,
Collectors' Cutcherry,
7th May 1847.—

/Signed/ G. A. Smith
Collector.—

No. 1.—

To
J. R. Pringle Esqre.—
Acting Sub Collector of
Nellore.

Sir,

Your call on me to dismiss Gopansing Cutwal of Ongole and Petitions addressed to me by Pakoor Ragavadoss and Canegaloopoola Soobia Merchants of Ongole have obliged me to take into consideration the record of the Case in which you have fined certain Merchants under Regulation IX of 1822 in the Sum of Rupees Seventy Six and I cannot help stating to you that I do not think the Parties in question were amenable to that Regulation or that the fines could be legally levied from them under it.—

The Right Wing of H. Majesty's 84th Regt was at Ongole on the 27th and 28th January Her Majestys 63d Regiment was there on the 19th and 20th February— Your Cutcherry Arrived there about 22d February and the left Wing of Her Majestys 84th Regiment was there on the 13th or 14th March

March—If you make enquiry I believe you will find that in most Towns and Villages in India where similars exigencies occur, the Merchants are accustomed to make arrangements among themselves and form small funds to procure in advance such additional supplies as they deem necessary and to Remunerate some Members of their body for taking the trouble of Superintending the shops required to be kept temporarily out side the Towns in the neighbourhood of the encampments, making an adjustment of the same when the emergency has ceased, and in the Proceedings before you it does not appear that Collections were made by the Ongole Merchants for any other purpose—If Bommesetty Padmanabhoodoo Chose to resist the payment of Twelve Annas on this account and the other parties assaulted him to make him pay it they were liable to punishment under Regulation IX of 1816 but not under Regulation IX of 1822.

With respect to G opinion Cutwall of Ongole, I have no objection to your changing him to another situation equivalent to his present one, if you consider it desirable, but he is a very old servant of, I believe, forty five years standing and in the present case I cannot see that he committed any fault meriting

suppose the Rahadary Establishment or Mercantile body of any District have often had greater calls on them than those throughout this District have had lately and I have every reason to believe from the letters received that the duties required have generally been performed well.—

I beg leave to return herewith the records of the Case having stated my opinion on the Sentence.—

Nellore District
Eskapilly—
Collectors Cutcherry,
16th April 1847—

/ Signed / G. A. Smith
Collector.—

No. 2.—

To
G. A. Smith Esq.re
Collector of Nellore

Sir,

I have the honor to acknowledge the receipt of the record connected with the punishment by me of certain Merchants inhabitants of Ongole and the removal of the Cutwal of that place, accompanied by your letter stating your opinion as to the total illegality of the sentence passed in the first instance, and also as to the propriety of a more lement one being awarded in the second—on a reperusal of Regulation IX of 1822 I cannot help giving it as my opinion that it applies in every way to the case in question, in as much as the parties accused were those "amenable to the Collectors authority" and secondly that those parties were found guilty

Fort St. George 31st May 1847.—

guilty" of extracting from others certain sums of money on false pretences."—

2. That they (the Merchants) had many calls on them at that time I will not attempt to dispute, but that (as according to their own statements) the collections in question, (which were made previous to one of these calls taking place in order to provide for any loss they might run the risk of sustaining in supplying Troops &c.a) are legal I cannot for a moment admit. Had these collections taken place in conformity with the customs and understanding, which you inform me are general among the merchants of all large towns, there would undoubtedly have been no necessity to cause the attendance of the parties who were to pay their shares at such a public place as the Cutwals Tannah, and in the presence of that Officer to make their demands for the sum required to be realised, as each individual would have paid up his stein without demur. The very fact of their having had recourse to such expedients shews in my opinion the perfect consciousness which they possessed, at the time, of the illegality of their proceedings and it was only from a perfect knowledge of the character of the Cutwal and the influence which they had gradually obtained over him that rendered it safe for them to seek his

assistance

Fort St. George 31st May 1847.—

assistance as a screen to their villainous conduct as regards the merchants therefore I must beg to state that I do not see any reason for considering the Regulation quoted by me as inapplicable to the case or the punishment awarded in any way illegal.—

3. As regards my sentence for the removal of the Angole Cutwal from his situation to one of less emolument, I trust I may be pardoned when I give it as my opinion that I consider I leant rather to the side of mercy in not dismissing him entirely from the service,—a sentence which the crime he has been guilty of would in my opinion fully have warranted me in awarding. What I have said above in reference to this person when alluding to the undue intimacy which exists between him and the Merchants of Angole, together with the facts of his giving up the use of his office to so illegal purposes and at the same time sanctioning by his presence the unlawful proceedings therein carried on are crimes sufficient in themselves to call down a much severer rate of punishment than that imposed by me. His period of service when taken in the aggregate amounts doubtless to a number of years, but a glance at the accompanying list will shew that during that number, which amounts to 45 he has been appointed to sundry situations no less than twenty

three

Fort St. George 31st May 1847.—

three different times, giving as an average a little less than 2 years service in each situation. It will be seen also that he was dismissed from this very situation of the Cutwal of Ongole when he held it on a former occasion and that being reinstated he remained in it only for a period of 1 year and 5 Months when he was again removed to an employment of less emolument and responsibility, such constant removals and changings from one place to another, do not in my opinion speak highly for the Character of any one, and I think had the individual in question been a person of honest and upright habits, he long ere now, would have established a good Character and procured for himself a situation to which his period of service would entitle him. During my residence in this Sub Division I have had frequent cause for displeasure on this individual. He has been fined by me on a former occasion and has been frequently warned against the very improper degree of friendship which existed between him and the Ongole merchants, and by reason of which friendship I have every reason to believe that false reports, on many occasions as to the impossibility of reducing the rate of Nirruck in that town have been made and forwarded to me. Under all these circumstances therefore I

Fort St. George 31st May 1847.—

I would respectfully beg to differ with you in your opinion as to the propriety of placing Gopunsing in a situation of equal emolument to that of the Cutwal of Ongole as I do not consider the mere change of situation any punishment whatever.

I have entered thus far into the 4. explanation of the merits of the case, so as to enable you to form an accurate idea of the grounds on which I passed the sentences which in both cases you have disapproved of. On a perusal of this should you see sufficient reason to alter your former opinion and confirm my decision, I shall be happy to carry the same into effect. On the contrary should you think it necessary still to differ with me I trust you will not think me unreasonable in requesting you to lay the whole matter before the Board for their final decision.—

Nellore Sub Collectors Cutcherry, 26th April 1847.

To J. R. Pringle Esqre
Acting Sub Collector of
Nellore.—

Sir,

In reply to your letter of the 26th Instant I beg leave to inform you that the Case of the Ongole Merchants and the Cutwall shall be submitted to the Board of Revenue but as there is one point which will require a remark from myself, it appears right that your explanation should go also.—

I originally sent for the record of this case on my being required to sign the order for the dismissal of the Cutwall not having heard a word on the subject before. The Ongole Merchants however addressed me about that time, but their Petition was addressed to me as Magistrate and they stated that they had been first fined eighty rupees & ordered to refund thirty six, but that afterwards this punishment was Commuted to a fine of seventy six Rupees. On reference to the record it appeared that the whole proceedings were conducted by you as Acting Joint Magistrate & Acting Sub Collector & there is nothing in the individual Deposition to show in which capacity the Depositions were taken. I did not notice this to you before as I considered that the punishment inflicted by you under regulation IX of 1822 could not hold good & that the simple reversal of that Sentence was sufficient but the submission of the case to the Board ought it appears to me to be accompanied by explanation on these points.—

Nellore District Collector's Cutcherry } / Signed / G. A. Smith
Collector &c.
Yaroor 27th April 1847.—

Fort St. George 31st May 1847.

No. 4

To

G. A. Smith Esqre

Collector of Nellore

Sir,

1. I have the honor to acknowledge your letter of the 27th Instant, and in reply to offer the following remarks, as explanation of the points therein noticed by you.—

2. My chief, and in fact only, reason for not apprizing you of the dismissal of the Cutwal of Ongole, by other means than the Official Yadast which accompanied the Sakeed to the Treasurer announcing his removal, was my wish still to adhere to the Custom hitherto practised in the District in similar cases and which has always been considered sufficient when the person dismissed belonged to the Class of Pans and not Mootsuddy.

3. As regards the Capacity in which I conducted the whole proceedings in the case, whether as acting Sub Collector or Acting Joint Magistrate, I beg to state that on receiving the petition from Bommesetty Padmanabadoo it appeared to me that the Complaint preferred by him was of such a Nature as to come under my inquiry as Acting Joint Magistrate and Consequently in this capacity having taken the Depositions I issued verbal orders to the Defendants to pay a fine of 30 Rs and to refund 36 Rs to the Complainant. But afterwards on a reconsideration of the records of the case finding that the defendants were punishable under Regulation IX of 1822 I gave my decision in the Revenue Department to the effect that they the defendants, should pay a fine of 76 Rupees under the provisions of the Regulation above cited and as the inquiry

Fort St. George 31st May 1847.

inquiry was conducted by me as acting Joint Magistrate and the decision given as acting Sub Collector offices which are both connected and as it is customary to unite these two functions I considered it necessary to sign my name to each deposition both as acting Joint Magistrate and Acting Sub Collector.—

Nellore — } Signed J. R. Pringle

Defendants

1 Cunnygailpoola Soobiah.
2 Rungiah Son of Pacoor
Rungavadoo.
3 Ramasawmy Younger Brother
of Davatoo Chinna Soobiah.
4 Davatoor Soobiah.—

The four Defendants having been Charged with having Constituted themselves as Head Chettees and with having troubled the Complainant and the Comatties in the Village and Collected from them, according to the Vesabady Moturpha, a Contribution of 3 Annas for each Vessum and with other Matters and the Complainant also having given his Deposition on Oath, some of the Comatties of the Village Viz.te Dasoo Saiabah, Parla Lutchmiah, Sonalagadda Goravaya &c.a were sent for before the Sub Collector and their Depositions taken. They state that some time before the Sub Collectors' Cutcherry arrived at Ongole on account of the Settlement Cunnygaipoola Soobiah and Head settles sent for the other Comatties to the Cutwall's Choultry and told them that some Money would be required to make good the loss that will be sustained in the Bazars that must be kept when the Sub Collector arrives and troubled

Fort St. George 31st May 1847.—

troubled them to promise to pay at the rate of 3 Annas 7½ Visems and accordingly Collected the Money from a Many persons.—

The four Defendants who acted as Head Settlies in the Town of Ongole were then sent for and an enquiry instituted. Cunnygaipoola Soobiah &c. &c. defendants admit that a Contribution at the rate of 3 Annas 7½ Visam was Collected in order to purchase and have ready the necessary supplies that were required and to make good all loses, that the ready Money Collection so made Amounted to only 38 Rs. and that a portion of the Money was spent. It has been satisfactorily proved that the Conaties were not permitted to go and take their Meals or Drink water, that an Extra Collection was levied from them and that all this was done at the Cutwall's Choultry where the Ongole Cutwall holds his Cutcherry. The Cutwall Gopunsing also has fully admitted the matter as the acts of the above said four Defendants, in having taken upon themselves an Authority to which they have no right and in Making an irregular and an unjust Collection of items that are not authorized with the intention of appropriating the Money for their own use, are in opposition to the Regulation, these four Defendants are consequently sentenced under Clause 1 Section V Regulation IX of 1822 to refund the 38 Rs which the said Cunnygail poola soobiah had admitted having Collected as also to pay a further sum equivalent to it Viz. 38 Rs making together 76 Rs and in default of payment thereof their property will be attached and the Money recovered in accordance to the provisions of the said Regulations. The said 76 Rs will be paid by the four individuals who had Conducted themselves as Head Settlies as follows Viz.—

No 6

To The Magistrate of
Nellore

Anjee of Pokoor, Raghavadoo &
Canegalaopoola Soobia, Pedda-
Chettes of Ongole.—

That from the time of Nabobs our ancestors were Peddasettles in this Village after the country was assumed by the Honorable Company we have been made Peddasettys and conducting our trade whenever Regiments &c. happened to pass thro' this Village the Tahasildars used to order us to supply them.— On occasions when Coffee, Tea, Sugar Candy and other valuable things which are not procurable in this Village are required to supply to Gentlemen it has been customary here to collect money from the Merchants before hand so much as the time requires and to buy those things, and when the things were sold in the Regiment or to other Gentlemen and the proceeds of sale recovered to return the Money to those from whom it was originally collected.— Thus we have been for long time supplying Regiments &c. and discharging other circar business without any trouble to any one and the existence of this practice is well known to every one.— Also in Nellore, Guntoor, and in other Towns this practice

practice has been invariably observed. In the Month of February 1847 the Tahseildar of this Talook sent for and having informed us that a "Regiment passing from South to Northwards is "expected to arrive and the Sub Collector also is "going to settle this and two other Talooks Enamanamellore and Chendaloor in this Village a "great number of Ryots and Cumums will there"fore arrive at this place," directed us to pro"pare ourselves to supply without any inconvenience upon which we collected Rupees 37 2 9 from the Merchants to send for the things which are not to be had in this Village and having drawn an account shewing the different sums received, purchased articles for the Money in other places and supplied the Regiment without any inconvenience being experienced soon after that, the Sub Collector arrived and to him also we supplied the things required and have taken proper measures to supply also the Circar servants and Ryots &c. who have arrived on account of Settlement. One of the Merchants named Bommisetty Pedamaloodoo being persuaded by some of our enemies, presented a Petition to the Sub Collector misrepresenting that we had collected the Money with a view to remit it ourselves

those who encouraged him as witnesses to prove his complaint. On the complaint being preferred these witnesses were examined without requiring our presence and we do not know what false evidence was given by them as we had no opportunity to cross examine them. The Sub Collector sent for us and being questioned we gave depositions in which we stated the circumstance of the practice mentioned in the above having long been observed and requested the Gentleman to enquire some witnesses in our favor and examine the account shewing the Collections and the things purchased, as also the fact of this custom having been observed in other places such as Nellore and the Gentleman did not comply with our requests. but fined us both in 20 Rupees each as also Davatoo Soobiah and D. Ramasawmy brother of Chena Soobiah in similar sums of 20 Rupees each and issued directions that these sums to be delivered in his Cutcherry together with Rupees 37 2 9. which we collected from the Village, in default of payment we should be sent to the Criminal Court. As we have hitherto been respected we considered it best to pay down the Money than to go to the Criminal Court and then to make our appeal to you who is the proper Authority in the belief that justice will be rendered to us. Davatoo Pedda Soobiah

and

and Ramaswamy paid the Amount of their fine but as we both have no means to pay we informed our inability but promised to inspect the Account of Collections and the sale of the Articles purchased and then to collect Money and pay down. The Tahasildar was then directed to collect all the money from us in 6 days in default of our paying to issue a demand against us for 37 Rupees and then to send us to the Criminal Court if we still refuse to pay the Amount of fines. we expressed our inability to meet the demand in 6 days and the Tahasildar then issued a demand against us we therefore beg to lay the following circumstances before you. whenever Regiments &c are to be supplied the authorities used to call for Peddasetties and to direct them to discharge the business and the Pedda Settiies to desire the other Merchants to supply and employ themselves to manage in such a manner that they (Merchants) should suffer no trouble nor sustain loss. If this practice is enquired into it will be seen that we have no reason to be liable to receive the punishment of fine. No difficulty will be experienced by the Authorities if they should call upon all the Merchants on such

occasions this practice is observed and in Accordance with this they used to send for Head Settiies and give them the requesite orders. on all occasions on which we collected money we returned it after the Articles we purchased were sold, but never usurped it. If the Maamool of this Village and the customs observed in Nellore and other places on such occasions are enquired into it may be seen that we have been unjustly punished by the Sub Collector. How only Pedda Settiies could supply the Regiments &c. if all the other Merchants do not assist them. If the account shewing Collections and the purchase of things was examined the complaint will of course be proved to be false but this was not enquired into contrary to justice. If we are to meet with injustice on this occasion on which we have kept a proper Account of all the particulars, how would it be possible to Pedda Settiies to guide the Petty Merchants on such future occasions and to dispatch Circar business. In conclusion we pray the Magistrate to take this Arzee into consideration and to enquire into the custom observed also in other places and remit the fine imposed by the Sub Collector upon us after having called for the record in this case and perused it. also making other enquiries which may appear necessary

necessary to render us justice we also beg you will be pleased to issue orders to the Sub Collector not to collect Money from us until the Magistrate finally dispose of this appeal we humbly request your honor will extend to us (who are poor) your paternal affection and render us justice —

18th March 1817 } (Signed) Raghavadoss

Memorandum

To The Collectors Cutcherry
of the Zillah of
Vellore

The four orders to the Hoozoor Cash keeper informing him that Gopaussing the Ongole Cutwall is dismissed and Mohamed Caujeem the Naik of the Ongole Talook is employed as acting Cutwal, that Pagadala Kurroo the 5th Class Peon of Enamanamellore Talook is dismissed and Channaing employed as acting Peon that as Hauve Beriah is not able to perform his duties he is removed and his Brotherinlaw Tawdeboyanah Mungiah employed in his place and that as the 5th Class Peon Jonnasela Vencatarandoo is very old, he is removed and his son Penchalloo employed in his place, are forwarded herewith for your signature. The Cutwal Gopaussing is

above alluded to, being a very old servant it is in contemplation to employ him in some other suitable situation —

Ramcapatam } (Signed) J. R. Sc
12th March 1817 }

№ 8

To The Collector of Nellore

Arzee of Gopaussing the late Cuttaval of Angole.

That Sub Collector issued to me an order dated 7th March 1817 № 109. dismissing me from my situation and stating that I interfered with the Reddy Chettys of Ongole who shortly previous to the arrival of Sub Collector collected 38 Rupees on subscription from Merchants at 3 annas per Sixteenth share and have been still collecting the balance of the subscription, that it was proved that the Act was committed in Cuttavals chavedy that the Gentleman passing and repassing this have occasionally reported my negligence that I did not report to the Circar the aforesaid Collection which I as a Circar Servant ought to do that I am unfit for the situation the duties of which it appeared I would not manage, that I was removed from

from my situation on the 6th Instant that I should deliver over charge to Mohoned Cauzim appointed to succeed to me and obtain receipt from him and that he has considered to give me another situation because I am a long and old servant In obedience to this order I delivered my charge to my successor and obtained from him a Receipt I therefore submit my observation as follows.—

From the time Ongole was established whenever large Regiments and Settlement Cutcheries of the Gentlemen were to be supplied it has up to this time been the practice of Pedda Chettees Viz.t Divatoo Pedda Soobiah Do. Chinna Soobiah Canegaloo Poola Soobiah and Pocoor Raghavadoss to collect money from the other Merchants according to the proportion of their shares and to open a joint shop to supply things and also to return to the Merchants the Money received in advance from them after the proceeds of the sale of the things in the Shop have been recovered I have been acquainted with this from the time I was appointed to Ongole Sir F. Cabaud's last orders having been received to proceed

Supplies for the Regiment paſsing from South & for the Sub Collectors Cutcherry which would arrive for the Settlement of the District the Pedda Chettees of Ongole formed a subscription at 3 annas per Sixteenth Share to open a Joint Shop & collected some Money. The Regiment having halted between Vellore & Pellore they in obedience to the orders of the Head of Police took with them some money in addation to the amount they had Collected & supplied the Regiment when returned they have also repaid to some of the Merchants from whom they had received Money in advance. The Circar has favored me with a Monthly Pay of 15 Rupees & I see no reason why I should interfere with Business as mentioned in the Sub Collectors Order. If I prevent the Merchants from entering into their usual & Customary habits it would be prejudicial to the discharge of the Circar business & under this consideration I did not bring the case to the Notice of the Circar. I was very careful in reporting both to the Joint Magistrate and Head of Police of the circumstances paſsing in the Busy but was never careless.

As regards the remark of the Joint Magistrate that Travelling Gentleman have reported my negligence in the Rohadary Book on several occasions. I beg to state that whenever a Gentleman arrived.

arrived at Angole I used to send my Peons to provide for them all the necessaries but when I asked the Gentleman for the value of the things I supplied some of them used to say that the rates fixed were high and though I represented that it was not the case yet they used to grow angry & to write remarks in Books. Some have merely on this ground used to write separate Complaint also to the Magistrate against me on which standing I used to apologize to them they did not pity me.

In the beginning of the assumption of the country by the Honorable Company or 45 years ago I entered in the Circar Service during the time of Mr. Travers and have been conducting Circar duties on the 3rd December 1831 I was appointed to this Situation and have been conducting business with care but my negligence never retarded the Circar affairs during the 16 years I have been Cuttaval either in supplying Peishcary Gentlemen or in other Circar business. I have no other protection but Gentleman nor did I procure other means of livelihood but Service, during the last 45 years I have been a Circar Servant such being the case owing to my misfortune the Subordinates of Angole Banians displeased Mr. Pringle the acting Sub Collector on the reason that I did report it to him and he dismissed me

In the

stated that I would be favored with a situation and I waited on the Gentleman until the settlement was finished by him at Angole but the Gentleman then went away without giving me any orders Under this circumstance I could not bring my case to your notice earlier but now take the liberty to lay my grievances before your honor trusting that your honor who is just and kind to Servants will relieve me. your honor has been protecting your Subjects in the same light as your children and this has been spread throughout every part of the District I have been in possession of the orders of appointments I passed through during the last 45 years and if ordered I am ready to produce them for perusal. I am far advanced in age and have been from my infancy bred up by the Circar but I am now suffering much for want of food not to mention this I have 4 daughters and one son who are also suffering much. I therefore most humbly request your honor will kindly be pleased to take pity on me and favor me with means of support.

Proceedings thereon.- 1. The points embraced in the foregoing Correspondence which are referred for

Fort St. George 31st. May 1847.

for the decission of the Board are 1st. the punishment under Regulation IX of 1822 of certain Merchants convicted of having made an unauthorized Collection and 2ndly the dismissal by the Sub collector of the Cutwal of Angole.-

2. There being nothing on the face of the Proceedings now forwarded to shew that the defendants tried under Regulation IX of 1822 are included in any of the Classes of persons enumerated in Clause third Section II of the same enactment, the Board are of opinion that the Proceedings of the Sub Collector must be quashed. Adverting to Clause third Section II Regulation VII of 1828, the Board observe that the Collector is thereon authorized to pass such orders as he may see fit on the proceedings of his subordinates. In regard to the dismissal of the Cutwal they are unwilling to interfere with such an arrangement as the Collector may think proper to make, but they must remark that the Conduct of that Officer in countenancing at his Cutchery the proceedings of the Defendants is deserving of censure.-

To.
D. White Esqre.
Acting Secy. to the Bd. of Revenue
Fort St. George.

23

From the Coll. of Nellore - Sir, Para 1. I have the honor

Fort St. George 31st. May 1847.

the receipt of your letter of 6th. Instant calling for explanation respecting the decrease in the sales of Salt in this District in the Current Fusly 1256 as compared with the past Fusly 1255.-

2. The remarks of the Board extend to the sales to the end of February but as the accounts of this Office have been closed to the end of April, I have prepared a Statement to the end of that Month shewing the sales of Fusly 1256 in comparison with the sales of the like period of the five preceeding Fusles from which it will be seen that the Home Sales of Fusly 1256 are favorable either as compared with Fusly 1255 or with the preceeding four Fusles and that the decrease is confined to the Inland Sales and Exports by Sea.-

3. With respect to the Inland sale so great a falling off could hardly occur without some great cause and this appears to have been the following. On the 1st April 1844 in Fusly 1253 an order was passed raising the price of Salt from 105 Rupees to Rupees 180- according

Fort St. George 31st. May 1847.

According to ordinary calculations an increase in the Revenue from Salt ought to have occurred instead 1254, but this was not the case and the Inland sales of Fusly 1254 were only just equal to those of Fusly 1253 and far below those of Fusly 1251. During this time it is not to be supposed that the people generally gave up the use of Salt but that they exchausted the quantity already in Store throughout the Country the consequence of which was when the price of Salt was

Fort St. George 31st. May 1847.

reduced on 17th August 1844 a general necessity existed for the Merchants to replenish their exchausted Stocks which accounts for the extraordinary increase in Fusly 1255.

4. The exports by Sea depend entirely on the demands from Calcutta and Chittagong and the Collector cannot do more than be prepared with Salt to supply all the

require it and in this year every demand has been met.

5. I further beg leave to submit a Copy of a Statement sent me by the Collector of Guntoor from which it appears that there is a decrease in the Inland Sales of that District in Fusly 1256 as compared with Fusly 1255 as in this District.

From the Principal Colr of Coimbatore

Sir,

(27)

1. I have the honor to forward the abstract Statement of Pagoda and Mosque allowances called for in your Circular letter of the 10th Instant prepared in the form which accompanied it.

2. It will be observed that the allowances in money for Pagodas and Mosques Amount to Rupees 54302 — 15 — 10 or 1 Anna and 10 pice in excess of the sum specified in Extract from Minutes of Consultation dated 4th May 1816 this difference trifling as it is has been occasioned in the commutation of Mr. Garrow's Tusdeek from Star Pagodas into Company's Rupees which has now been made with accuracy.

3. It would also appear that the landed endowments of the Devastanums and Mosques Amount to Rupees 64210 — 4 — 10, this includes the the emoluments of the Pagoda Establishment

7752.

Fort St. George 31st. May 1847.

Establishment also [Viz.t Rupees 25916 6 7]

which if deducted

reduces the net

allowances to

Rupees 38293 14

3.

To D. White Esqr.

Acting Secretary to the

Board of Revenue

Fort St. George

Sir

25-28 I have the honor to forward

Cuddapah dist. } Abstract

of Cuddapah } Statement

From the Collr. } No. 29

herewith prepared in the form which accompanied your Redeception Letter dated 18th. ultimo; by which I was required to furnish information on the following points as contained in the Boards Letter dated 18th. Novr. 1846.

1st. Quantity of Cotton produced in the Talooks of this District, and the average yield per Beegah.

Cotton is grown more or less in all the Talooks of this District. The quantity produced in each Talook and the average yield per Beegah cannot be ascertained with any degree of accuracy, as the Ryots do not keep any account of the Cotton they grow, and the Talook Accountants have no means of ascertaining the quantity produced in each village. The Ryots generally estimate the produce of their Cotton fields by the number of Maunds of Seed Cotton which they yield, and the Talook Accountants have no other means of ascertaining the quantity produced than by the information given by the Ryots. The Talook Accountants are also Cultivators and have Cotton fields of their own, and from their own experience they estimate the produce of a Maund of Seed Cotton at 3200 lbs. weight. The Ryots however say that 2,500 lbs. weight of Seed Cotton is a fair average produce of a Maund. The Talook Accountants are also Cultivators and have Cotton fields of their own, and from their own experience they estimate the produce of a Maund of Seed Cotton at 3200 lbs. weight. The Ryots however say that 2,500 lbs. weight of Seed Cotton is a fair average produce of a Maund.

3. The rate of assessment varies according to the description of land on which Cotton is raised: the rates are published in the Collectors Proceedings of the 25th. May 1847.

Cuddapah Dist. Collr. Office

(Signed) D. White
Acting Secretary.

Read Endorsement on Petition No. 347 of 1817 recorded by the Collector of Cuddapah under date the 29th. April last.

31

Proceedings thereon;

The Collector represents that the Petitioners' father and their Uncle lived "dividedly" in the enjoyment of separate shares of the Merasee under dispute but from the original Petition presented by the Complainant it appears that the property is still undivided, and such would seem to be borne out by the awards stated to have been given by the Civil Court and

Fort St. George 31st. May 1817.

and by the Collector alluded to by the Petitioner. Before proceeding therefore to pass a final orders on this subject the Board wish to be informed when the alleged division of the property in question took place, and whether the respective shares have continued in the enjoyment of the separate branches of the family since that event.

From the Actg. Collr. of North Arcot---

Reporting on the Choultry situated at Sholinghur.-

Sir,

Cadre 1. I have the honor to acknow-
=ledge the receipt of your letter dated 8th Ultimo
regarding the Choultry at Sholinghur- The
Board require to be informed "how many people
are fed at the "institution- Whether the Establish-
=ment cannot "be reduced and what means of
"supervision I have over the affairs of the Choultry"
and observe that "the practicability of Converting
"the present institution into a Hospital for the
reception of the destitute diseased should not be
lost sight of &ca".

2. I beg to explain that the building is
merely a small open Choultry for the reception of
travellers of the Bramin Caste on their way from
Sholinghur to the Pagoda on the hill, and in every
respect unfit for a Hospital- The number of
Bramins fed fluctuates daily- On the average of
the last six months it appears from the Tha-
=sildars Statement to have amounted to thirty
per diem- If this supply of food be discontinued the
further question whether the present Establishment
should

should be immediately reduced must depend on the light in which the Claims of those composing it may be regarded. No doubt these persons on their appointment to their Offices must have Considered the provision permanent. They are unfit to become the attendants of a hospital and the distribution of food to the destitute poor of a Leungurkhanah would afford employment for not more than one of them. I have no means of supervision except through the Thasildar and the Monthly Accounts received from him of the expenditure.—

North Arcot Collr's Cutcherry, Cuddapah 10th May 1847. } /Signed/ C. C. Lovell. Acting Collector.

Proceedings thereon.— Before passing orders upon the subject of the foregoing letter the Board wish to have before them some more information re=garding the endowment to the Sholinghur Choultry. In the Statement which accompanied the Acting Collectors letter dated 4th November 1846 it is ex=plained that during the Nabobs' time a Roosoom or fee from the Sayer Revenues was allotted for defraying the expenses of food to Bramin travellers, and that the Roosoom was afterwards abolished and a ready Money payment of Rs. 1280-9-5 allowed in lieu as per Mozenzabitah

34-35

In Con. 19th Dec.

Sanctioned on the 23rd April 1829. This item appears in the Copy of the Mozenzabitah in the Boards' Office as sanctioned on the above date but it cannot be traced to an earlier period, and as it is desirable to ascertain the exact nature and conditions of the Original grant the Acting Collector is requested to furnish such further explana=tion as he may be able to afford, forwarding any original documents connected therewith which may be forthcoming in the records of his Office.—

Read the following letter.—

Board of Revenue.
Fort St. George.

36

Sir,

From the Collr of South Arcot } Para 1. The guardian referred to in your predecessor's letter of the 1st February last having been absent at Combaconum and only lately returned, I intimated to him and the other representatives of the late Moottadar of Vanamadavy Estate the sentiments of the Board, that they must be pre=pared either at once to resign all demands upon their former Ryots or to make good the balance of the Circar Peishcush Rs. still outstanding against the Mootah, they have preferred the former arrangement

arrangement in consequence of their reduced Condition and have granted a document resigning unconditionally all demands upon their Ryots.-

2. The Amount of arrear of Peishcush due to Government with interest up to the date of the sale of the Estate mentioned in the 4th Para of the letter under acknowledgment is correct, but the interest due upon the said arrear for the subsequent period has not been calculated it being nominally due without any chance of its recovery.-

3. Under these circumstances I have the honor to request that the Board will be pleased to procure the Authority of Government for writing off in my demand Account under the head of Remission the arrear of Rists amounting to Rupees 1,611-6-10. and also permission to forego all interest due upon the said arrear.-

(38)

Sir,

From J. F. Bishop Esqre.
Collector of Tanjore—

Forwarding an account of Sibbandy to be entertained Consequent on the proposed withdrawal of regular Sepoys from the Talooks.

In reply to the Extract from the Proceedings of the Board of Revenue under date the 15th. April and the Copies of Cor=respondence which accompanied it regarding the withdrawal of regular Sepoy Guards from certain Talooks in this District—I have the honor to state my full Concurrence in the opinion expressed by Sir, Hu Montgomery in his letter of the 20th. June 1846—but having been directed to fix the Establishment at as Moderate and economical a rate as possible I have reduced the Amount suggested by Sir, Henry from 406-8- to 337-8- per mensem which is the lowest expenditure I can recommend with Safety.—

It will be necessary that the Men be supplied with efficient Arms and Ammunition which can perhaps be furnished from the Stores at Trichinopoly and when this is done the Talook detachments can be removed.—

An Account in the usual form is herewith submitted.—

Tanjore,
Trinquebar

/ Here enter No. 89 and 100 /

Both in Fort 12th Nov. 1846-

40

Proceedings thereon, 1 The Summabundy was concluded before the present Collector took charge, and the settlement was made by the several subordinate Officers in the manner described in the 2 para of the Report- The Monsoon seems to have been an average one, but the distribution of rain was in some instances irregular. There was a general improvement in the price of agricultural produce which

Relative to the Settlement of the Land Revenue in the District of Canara for Fusly 1255-
A. D. 1845/46-

more than compensated for any partial defects of season. In the Balaghaut Talooks the value of Paddy rose to 40 3/4 per % above what it had been during the preceding year but in the Payenghaut that of rice did not exceed 14 per %- In Garden produce the difference was less perceptible. A considerable improvement appears in the price of Cardamons but altho the produce did not equal that of the preceding year the value of Pepper suffered a diminution- The ravages of disease were lamentably severe Both Cholera and small pox prevailed extensively and swept off nearly 10,000 persons- The loss of Cattle exceeded 25,000 head-

Paras 12	Fusly	Rs	as	P.

Gross Increase	10045	13	11
Gross Decrease	7097	15	2
Net Increase	2947	14	9

2- The settlement amounted to 1860734-5-7- exceeding that of the preceding fusly by Rupees 2947-14-9-

3- The remissions under every head were Rs 7097-15-2, being less than those of the preceding year by the amount of the Increase above mentioned The largest item is 5034 on account of Cumeri the cause of which is attributed to season- but as this description of cultivation

Fort St. George 31st May 1847.

Cultivation is only carried on for a single year in the same spot, and as there is a considera= =ble item under the same head among the par= =ticulars of increase it seems more proper to consider it is an ordinary occurrence in the Courses of this sort of Cultivation which is annually abandoned in one place to be com= =menced in another. The additional Sub= From Asst. Sub Coll. Collector attributes it to a recent order pro= Para 6. =hibiting this species of Cultivation in places where Teak Trees may be found growing:-

4. The other items call for no partic= =ular remark. Some discrepancies occur in the figured statements of the amount granted on account of losses by fire which are stated in the report at 207-15-7 accord= =ing to enclosure A. This however does not correspond with the entries of the same item in those marked E and I as shewn in the Margin.

Paras 15 to 22.

5. The six following paras of the Report relate to the Classification of Estates a subject that has been fully examined on former occasions and which under the recent orders of Government has now been referred to the particular attention of the Col= =lector. It will only be necessary therefore at present to advert briefly to some matters of detail in the transactions of the year. The expected increase from Estates under Cowle (or Wydah) was Rupees 4,188-5-6 but the amount actually brought to account fell short of that sum by Rupees 714-13-9, from various Causes arising out of the poverty or misfortune of the ryots the distribution of which is exhibited in= the table at para 16 of the Report and for further particulars reference is made to the figured statements. No ad= =ditional information however is found in these documents which exhibit only the expected increase above= =mentioned the sums col= =lected and the Amount allowed to stand over.

Extract Minutes Cons. 2 in Cons. 14th Jany 1847.

Wydah Estate Cowle Dr. as per Balance Sheet 4,188-5-6

Collected 3473-7-11

Balance 714-13-9

	Rs a p
By statements	4,188-5-6
By actual Collections	3473-7-11
Remainder due	714-13-9

But it appears from the Hindulee account

Fort St. George 31st May 1847.

account marked N. that 38 mungs have been transferred from the head of Wydah or Cowle to that of Turkhy or requiring investigation the Tarow Berez of which is Rupees 1,252—9—4

The settlement of them in 1254 Fusly according to the rate of instalment was ——— 820—11—10

While that of 1255 Fusly the year under Review was only ——— 674—9—11

being 577—15—5 below the standard of Tarow Beriz and 146—1—11 below the settlement of the preceding year. If these particulars are correct and this sum forms part of the defalcation of 714 Rupees above mentioned the loss appears to be attributable not so much to the circumstances of the particular year under review as to the defective character of the original classification when these Mungs were admitted to the indulgence of Cowles. The Board took occasion in their Proceedings on the settlement of 1253 Fusly to point out the ill effects of again transferring Wydah Estates to the head of Tunky and desired

29th May 1845.

Fort St. George 31st May 1847.

desired that where deductions from any cause were found to be absolutely necessary they should be granted as discretionary annual remissions for that year only and be regulated by a consideration of the general circumstances of the ryot not by those of the particular mung. By this mode of proceeding some idea may be formed of the necessity of the indulgence granted which should be regulated by the same rule as that of ordinary remissions in other districts, that is to say by a consideration of the means of the ryot not by the condition of any one field or piece of land. The proportion of the demand which has been allowed to remain suspended on Estates thus brought under the head of Tunky or Investigation is very considerable. In the Proceedings above adverted to detailed explanations of the items suspended under this head were demanded. The Collector has accordingly prepared the Statement marked

1253 Fusly 29th May 1845.

marked I which shews the total deductions to amount to Rupees 1,38,544-6-5-5

From Statement F it will be seen that the Tarow Beriz of these 7169 wurgs is 2,64,616-11-11

Thus the amount to be investigated is more than half of the whole demand and of* this sum about 75 per Cent is on account of waste land. The Board would be glad to be informed in what manner the investigation of this item is conducted and what proportion of it may be considered to be on account of lands no longer distinguishable.-

*Immemorial waste-64199-11-1
Recent waste—31193-11-5
115395-9-0

6. The Board are likewise of opinion that a similar course should be pursued with those remissions of a more permanent nature which are proposed to be made in the Wurgs transferred from the head of Wydah to that of Board sefarish or recommended for permanent remission- By a reference to the Hindooe Statement L it is seen that 273 Wydah Estates which have been so classed as incapable of paying the full

Col: 23400-

full Tarow assessment / Board sefarish / are likewise entered under the head of Wydah having obtained Cowles for the Beriz that remained after deducting the Amount recommended to be struck off the Demand in perpetuity.-

	Rs as D
Tarow Beriz of 273 wurgs recommended for permanent remission under Board sefarish	22613-3-4
Settlement of 1254 Fusly	13939-6-1
Remain	8673-11-3
of which permanent remission recommended	6092-2-4
" temporary remission on the year	1392-3-10
" future instalments according to the Cowles	1189-5-1
	8673-11-3

Thus these Estates are not only to be recommended for a perpetual reduction of 26 per Cent on the old standard but are at the same time in the enjoyment of annual relief of the necessity of which there are no means of judging.-

9. Other particulars of the Classification are shewn in the Table given after

Paras

Proceedings 16th Nov.r 1843 Pa 2 &c
5th Dec.r 1844 - Pa 12 - 15.

being a difference of 513 3 5

or exactly the sum of the items above mentioned which should therefore be again entered in their proper place together with those noticed in Para 18 -

* Land occupied for public purposes Rs 3-8-5.

Para 19

8. The number of Estates left entirely waste is less than in the last Fusly by 27 - but the accounts do not shew under what heads of account such wurgs are included as for example whether they form part of the 5 6,014 in Col 5 of the Statement in para 17. This desideratum was adverted to in the Proceedings on the settlement of 1253 Fusly and again in those of the following year - The Collector will be pleased to attend to this in his next report -

Proceedings 29th May 1845 Para 8 Do 3d September 1846 Para 8

9. In conformity with the instructions issued by the Board in their Proceedings on Fusly 1252 V 53 the custom of issuing Pottahs to all the wurgadars was again resorted to in the one however transmitted with the accounts of Eulepad Village ac=companying the report a material omission occurs - The clause hitherto inserted which specified

5th December 1846 Para 11 29th May 1845 Para 18 See Statt No 3.

Marked A

land added to the different Estates, of which a statement will be found in the enclosure marked G. With reference to this account the Board desire to observe that the plan of including such newly found lands in the old wurgs appears to be objectionable. The latter having been registered in the Jarow and other standard accounts have acquired a fixed and definite character and consequently the additions subsequently made to them from such sources will tend to produce confusion. It will be preferable to continue the original registry unaltered and to enter all such new discoveries as separate Wurgs or fields.

See Stat.t G Col.s 4 & 11 Vers.

11. The late Principal Collector was of opinion that the form of this statement might be greatly improved and the Board expressed their readiness to adopt any alteration that might seem advantageous. In calling Mr. Blane's attention to the subject it is requested that the whole accounts of any one Village in which a considerable extent of Koodgaumi land may have been brought to light may be

be submitted in all their detail with the next years settlement Report.

15 The Collections within the Fusly amounted to Rupees 1840231–12–4 leaving a balance of Rupees 20502–10–3 which was reduced by the subsequent Collection of Rupees 1967–11–10 to Rupees 834–14–5 the Amount outstanding at the end of March last.

		Rs–a–p
From Collector 9th October in Cons. 12th November 1846 Encl. No. 8	Fusly 1249	42–9–7
	" 1250	164–1–"
	" 1251	869–"–10

	" 1253	1459–"–9
	" 1254	1777–3–2
		5253–2–9

16. The arrears of previous years outstanding at the same date amounted to Rupees 5253–2–9 the adjustment of which it is trusted will receive the Collectors early attention.

17. The Report of the acting Sub Collector exhibits much care and attention to his duties with reference to the views recently expressed by the Board on the present condition of the assessment they desire to draw attention to the opinion expressed by this Officer of the difficulty of arriving at a satisfactory knowledge of the actual circumstances of lands for which remissions either temporary or permanent are claimed

Fort St. George 31st May 1847.

claimed "The data" observes Mr. Ward, "on which "the Revenue Officers have to go in making their "annual Settlement, and more especially "that of the Honore Salook are so loose "and imperfect that the Sunky can "never be very satisfactory, and in too "many instances I fear may be said "to amount to little more than guess "work. A disquisition of the causes which "have led to such a state of affairs would "be out of place in the present Report, "but I hope before long to have in op= "portunity of pointing out to you such "as have occurred to me. I shall only "here just observe that the principal ob= "jection seems to me to be in the irrespon= "sible or rather uncheckable power en= "trusted to the Mugany Shanbogues and "their inadequate remuneration."

18 The report of the Acting additional Sub Collector is likewise creditable to his industry.

Ordered that a Copy of the forgoing Extract from the Boards Proceedings be submitted to Government and a transcript of the same be forwarded to the Collector of Canara for his information and guidance.

Fort St. George 31st May 1847.

Read the following letter.

To D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

Sir,

41

From the Collr of Canara. Reporting in Conformity with the Boards instructions conveyed in a letter of the 26th October 1846 upon 4 Cases of Saree Enams the holders of which have lately died.

1. In conformity with the Boards instructions conveyed in your letter of the 26th October last, I have now the honor to report upon 4 Cases of Saree Enams the holders of which have lately died. The Statement has been drawn up in the form transmitted from the Boards Office but I feel a difficulty in making any distinct recommendation respecting their continuance in some of the cases without being informed generally as to the principles by which it is the wish of Government that the renewal of such Enams shold in future be guided.-

2 The Board will observe that the cases now reported on are all Agraharam Enams and that in three of them the persons claiming to Succeed to them are not connexions of the last holders. In one case the claim is made on the strength of a purchase, and in two others upon agreements entered into by the heirs of the last holder for their transfer, and if it be the intention that Enams of this nature should now be regulated by the same rules as have heretofore prevailed with regard to the Poligar pensions and life grants there can be no doubt that they would now lapse to Government. The-

3. The difficulty however seems to be in drawing a definite line between personal grants and those of a charitable or religious nature. An Agraharium Enam appears to partake of the nature of all three. These Enams are personal in so far that they have been granted to particular individuals but the object for which they were granted was religious and no restriction appears ever to have been placed on their transfer to parties other than the descendants of the original Grantee, provided these parties were capable of performing the religious service or ceremonies attached to the grant. It has also been a subject of much doubt to me how far the provisions of Regulation XXXI of 1802 may be applicable to these Enams. By that Regulation "all persons holding lands exempt from the payment of public Revenue in Canara on Sondah previously to the 4th May 1799 are entitled to continue to hold such lands without let or molestation" and it is not clear to me whether as respects the Enams now referred to a permanent right has been conveyed to the holders of them, or whether it has been modified or annulled by Regulation IV of 1831 which latter Regulation would seem however to refer only to "Grants of money or land revenue conferred by the authority of the Governor in Council" and not to ancient Enams conferred by former Governments and continued to the holders under Regulation XXXI of 1802. -

This

This regulation seems to me to be so loosely worded as to leave it in doubt whether the Enams to which it refers can or cannot be resumed. Whilst by Section II a distinct and permanent confirmation appears to have been made of Enams held previously to the dates specified Section III creates doubts with regard to the authority of the public Officer to resume and assess them, and in Section VI makes provision for cases where they may expire "or be resumed" Thus it appears that while the only meaning conveyed by Section II is to declare distinctly what lands shall not be liable to resumption the succeeding sections contemplate such lands being liable to that measure. The difficulty which has presented itself to me will, I make no doubt have been cleared up in determining the claims to Enam lands in other districts where they are much more numerous and I only now refer to it to explain the uncertainty I feel in making a distinct recomendation and from a doubt which I entertain whether under the late orders of Government there remains any Kinds of Enam land which will not hence forward require the Confirmation of Government on the occurrence of casualties and if so whether any of the Enams now referred to are of that

nature

nature.-

4.- It seems desirable also that I should take this opportunity of bringing to the notice of the Board the very anamolous state in which the Enams in a part of this district now are and which has arisen from some peculiar circumstances connected with the manner in which they were at first regulated. The greater part of these Enams were at the Commencement of the Company's Government grants of Land Revenue Continued to and enjoyed by the holders in the same manner as they are to so great an extent in other District with this distinction however that they are not grants of the land itself but of the whole or a portion of the assessment on estates generally belonging to others.-

5. The Board is aware that in the early part of our administration the province of Canara was divided into two Districts each under a separate Collector and in making the settlement of Land Revenue a very different system in respect to the Enams was adopted by each of the Gentlemen who then had charge of the two Divisions- Mr. Reade who was the Collector of Northern Canara after an enquiry into the validity of the tenures made over the Enams to the holders who have continued in possession of them as they have done in other parts of the Country without

without any direct interference on the part of the Sircar. But in the districts which formed the Collectorate of Southern Canara which were settled by Mr. Ravenshaw a different system was adopted The Enam revenue was ordered to be collected by the Tahsildars and distributed to the Enamdars and they have thus become in some measure a money payment although not strictly so in the sense in which I understand the Board's letter of the 13th March last. The "yeomials personal or Charitable Grants" therein referred to as being payable by a deduction from the "Kisthundy Beriz" I take to be grants or assignments on the General Revenue of the District having no reference to any particular lands whereas those which I now refer to are specific grants or assignments of land revenue on particular estates the Collection of which however has been made over to the Sircar Servants instead of being retained by the Enamdars themselves.-

6. The object of this somewhat unusual arrangement made by Mr. Ravenshaw does not at this distance of time clearly appear but there is reason to believe that it owes its origin to the Conviction on the part of the native Cutcherry that the Enams would be more secure and less liable to misappropriation if the Collection and

and payment of them were retained in the hands of the public Officers- However this may be the arrangement has somewhat altered their character and Converted them into what may be considered ready money allowances.-

7. It has also had another effect- it has placed the Enamdars on a more favorable position than they before occupied or than is now occupied by holders of Enam in Northern Canara, and it has secured to them the regular receipts of their Enam revenue at the espence in some instances of the Sircar- I was at first under the impression that as Mr. Ravenshaw's arrangement only amounted to this, that altho' the collections were made by the Tahsildars and paid to the Enamdars they were the bona fide produce of particular Enams and would vary according to the state of Cultivation in which the Enams might happen to be, but on observing that an uniform sum was paid every year I was led to further enquiry and I then found that such was not the Case but that the Enam Assessment on the Estates liable to it is Collected with the Government Revenue, and that whatever the sum

Collected

collected may be the full amount of Enam is always paid to the holder of it- It thence follows that Estates paying the full assessment no loss occurs either to the Public Revenue or to the Enamdar but in Cases where the Estate pays below the fixed berij or where from temporary causes a remission is given none of the loss is sustained by the Enamdar but his full demand is paid and the remainder only credited to Government The advantage therefore which he gained by this arrangement is manifest- Before the System was brought into operation and to the present day in the Northern part of the district the Government demand is first Collected and the Enamdar having the responsibility of realizing his own demand on the Estate and receiving no assistance from the Revenue Servants in doing so is obliged to put up with what he can get and must of Course where the estate is actually incapable of paying often sustain a loss- This loss or at all events a fair portion of it was formerly borne by the Enamdar it is now borne by Government, and if it should happen that the Collection from an Estate were only just sufficient to pay the Enamdar the whole of his claim

would

Fort St. George 31st May 1847.

would be paid to him and the Government get nothing. I cannot but consider this as a departure from the Original intention and as in fact an abuse which has grown out of it. The remedy would seem to be to revert to the former state of affairs but though it forms a point of some importance in relation to Enams it does not bear directly upon the question which forms the immediate object of my now addressing the Board which is to request that I may be furnished with some general instructions by which I may be guided in making recommendations for the continuance of Enams and also that I may be informed whether there be any Enams with the exception of those belonging to Public Religious Institutions in which Government does not contemplate any interference.-

8. If I may venture to state the rule by which I should desire to be guided it would be to recommend the continuance at all events for the present of all Enams which however indirectly are associated with the religion of the inhabitants of the district, because as they are mostly of a very old

Fort St. George 31st May 1847.

old date, have been continued by former Governments both Mooselman and Hindoo, and by that of the Company up to the present time, the measure of resuming them, occurring as it will almost simultaneously with that of withdrawing the connexion of the Government with the religious institution of the Country, would I cannot doubt be looked upon as having its origin in the same supposed feeling of hostility to their religion, to which the Natives are too much inclined to attribute this latter measure, and which I am sorry to add they continue to view with feelings of much dissatisfaction. ——

Specified that the amount of assessment therein contained was to be paid "until the Tarow should be sanctioned" has been left out and this alteration is the more objectionable an account of the discussion to which the general state of the assessment has given rise.-

Male			Gueny		
Ploughs	Wurgs	Pottahs	Ploughs	Wurgs	Pottahs
1249	10399 2	12723	12723	13978	12455	12455
1255	10399 2	13505	13505	13978	12509	10830

10 A remarkable difference is observable between the number of Puttahs issued to the Male and those to the Gueny wurgs in 1255 as compared with 1249 Fasly, the reason of which is not apparent. The continuance of exactly the same number of ploughs without variation for so long a period would further seem to indicate that the annual revisions have not been conducted with due care and attention.-

11 A comparison of Col. 162 in the statement marked E for 1254 Fasly with the corresponding one numbered 160 in the similar statement for the year under review leads to an inference that Inam escheated wurgs are still conferred on Male tenure notwithstanding the orders that have been issued to

From Coll.r 21st Jan.y Com.n 30th Oct.r 1848.

suspend the practice. It is seen that in the first mentioned account the sum remitted on account of newly granted Male puttahs is _____ 1878 - 9 - 4

while in the latter it is _____ 1388 - 1 - 2

Increase _____ 9 - 7 - 10

and further that the increase has occurred in Codepy Taluk the remission in which in the former year was _____ 9 - 10 - 6

in the latter _____ 19 - 2 - 5

or the same difference of _____ 9 - 7 - 11

12 But on the other hand the same account shows no diminution in the number of Tarow Beriz of the Gueny Wurgs, thus the Estates on this tenure in Codepy Taluk for the two years are entered as follows.-

	Male		Gueny	
	Wurgs	Tarrow	Wurgs	Tarrow
Fasly 1254	3255	162793 - 7 - 5	517	16312 - " - 5
" 1255	3269	162891 - 1 - 2	517	16312 - " - 5
Increase	14	97 - 9 - 9		

The Collector is requested to afford explanation on this point.-

13. Most of the above increase appears to have accrued from Hosagaum land

Family left by the deceased and name and age of the parties	Their circumstances and the means of subsistence possessed by the family.	Recommendation and grounds thereof.	Further Remarks.
10	11	12	13
Salee widow of the deceased Soola Bhut aged 42 yrs.	The deceased's widow has transferred the share of Enam the only means of her subsistence to Krista Devara Bhut on condition of his maintaining her till her death. Krista Devara Bhut independent of the Enam possesses landed property yielding a Net return of 56 Rupees annually and holds personal property to the amount of 500 Rupees in value.	The continuance of this Enam to the claimant will depend upon the views entertained by Government respecting the Propriety of doing so or otherwise-	Original grants are not forthcoming-Copies only are produced. The Dan Pottah by Sooranna to Shenkra Naraina Bhut dec^d is alleged to have been stolen- On the assumption of the Country by the British Government the Enam was continued after the necessary enquiry- the Proceedings of this enquiry are lost during the late destruction of the Huzoor records. The amount for the renewal of which this application is made agrees with the present accounts of the Collectors office- The Enam is suspended since fusly $\frac{1250}{1845/46}$ in which the late grantee died, in consequence of the heirs not having come forward before. The original amount of Enam granted by Soma Shekar Naik to Sooranna was Rupees 776 which after what had been resumed during the late dynasty was reduced to Rupees 333. 6- 5. as was found to be paid at the beginning of the Company's Government-

Proceedings thereon.

41-42

Previous to the disposal of the subject of the foregoing letter the Board wish to be furnished with such original documents (with translations) as may be forthcoming relative to the Enams referred to, and to be informed of the nature of the religious duties for the performance of which the grants appear to have been originally made. In reference to the former correspondence upon the subject the Collector will be pleased to state whether the grants in question were on the first assumption of the District by Government viewed as hereditary to be enjoyed for ever.

To D White Esqr
Acting Secretary to the
Board of Revenue
Fort St George

43

Sir

From the Collr of Malabar

With reference to Mr Ogilvie's Circular letter dated 10th December last, I have the honor to transmit herewith the Return thereon called for, shewing the probable quantity of Land cultivated for Jaggery, and the probable quantity of Jaggery produced and consumed in this District.

As the manufacture of Jaggery from the Cocoanut tree prevails to a large extent in Malabar, I have thought it proper to exhibit the quantity thus produced in separate Columns in the accompanying Return.

Calicut 21st May 1847.

I have &c
Signed H V Conolly
Collector

District

Fort St George 31st May 1847

Appoorow Moodelly as the eldest Member of the family applied to me for payment of the allowances &c&c — with reference to the result of an enquiry, I informed him that I could not grant his application from the circumstance of his not being in charge of the Pagoda.—

Vide Endorsement 23rd April 47

3. On the 10th Instant I received a Petition from N. Ramasawmy Moodelly and his wife, Ummee Ammall accompanied by Probate of the late Lutchmena Moodelly's Will under which they have been appointed joint Executor and Executrix to the Estate of the deceased.— They are now in possession of the Pagoda under Lutchmana Moodelly's Will. The following is an Extract from Para 22 thereof.—

Dated 10th May 1847 No 2550 of 47

"After my death my Brother in Law Nuttumbadoo Ramasawmy Moodelly and my Sister Ummee Ammall should not only perform the Charity as in the capacity of Church Wardens, but they should also lay out by way of loan as much Money as shall be required from the Assets of my Estate, should the Amount allotted for the performance of the above Charities be found insufficient."

4 In the decision of the Supreme Court dated 13th March 1835, which is alluded to in Para 13 of Mr Roberts's letter of

Fort St George 31st May 1847

of 24th January 1842 No 8 it was ordered that it be referred to the Master to enquire and report who is or are the proper person or persons from time to time to have the management of the Pagoda, due regard being had to the fact of its having been founded by "Manally Moodoocistna Moodelly the Grand father of the Complainant," out of his own private Monies, and that further, without prejudice to such enquiry, as aforesaid, the said complainant Manally Moodoocistna Moodelly as the eldest Son of the eldest branch of the family of Manally Moodoocistna Moodelly deceased, be at liberty in the mean time, and until the Master shall have made his report to exercise the functions of Dharmacurtha or Warden."

The interference however of all public Officers with Native Temples and places of religious resort having been withdrawn, and it appearing to me that the Monthly allowance from this Office is only a gratuity from Government, I should have recommended at once payment being made to the persons in actual possession, to enable them to perform the usual Ceremonies, irrespective of the question of right or title, but as I find that the Master's "report," which was called for on the 13th March 1835, and the final Decree

of

of the Supreme Court have not yet been obtained and as under the peculiar circumstances of the Town Pagoda the nomination to vacancies rests with that Court I beg leave to submit the applications of both parties for the consideration and orders of the Board.-

Enclosure 1 to 8

6. Since writing the above Appoo Row Moodelly's petition to the Board No 511 of 1847 forwarded in Mr Rowsell's letter dated 5th Instant has reached me. It does not seem to me to call for any explanation beyond that contained in the foregoing Paras. The Petition is returned herewith.-

Madras 15th May 1847. } (Signed) J. A. Huddleston Collector

A

To The Collector of Madras

Sir

We have the honor to address you on behalf of Manally Appoo Row Moodelly relative to the revenues of the Chinnamaleswara and Chinnacasavapermall Pagodas in Black Town usually called the Magamah fund.-

The Pagodas in question were founded by one Moodoo kistna Moodelly &c who was the Grand father of our Client and after his death they were managed by his eldest son Chinniah Moodelly who left four Sons viz Kistnasawmy

Kistnasawmy Moodookistna Ponniah and Lutchmana.-

After the death of Chinniah the management of the Pagodas were for some time in the hands of Tombeapah &c &c a Brother of Chinniah and after his death our Client Appoorow who is the son of Tombeapah took possession of the Pagodas and managed them until he was compelled by a Decree of the Supreme Court to deliver over charge to Moodookistna who was at that time the eldest surviving son of the eldest son of the founder Moodookistna continued in the possession and management of the Pagodas until his death after which his Brother Lutchmana took possession and continued to manage them until his death which happened a short time ago.-

All the sons of Chinniah are now dead without leaving any sons and our Client Appoo Row is now the eldest descendant of the family of the Founder and is entitled to the management of the Pagodas and in case it is disputed (which we understand is likely to be the case by the Executor of Lutchmana) our Client intends to proceed to Establish his claim by a Suit in the Supreme Court.-

Under

Under these circumstances we have the honor to request that you will refrain from paying the revenues to any person other than our Client, who is the only person entitled to receive them.

Ordered to be recorded.

Order thereon.

Read the following letters

47-48

To D. White Esqr
Acting Secretary to the
Board of Revenue
Fort St George

49.

Sir,

From the Collr of Madras

Submitting copy of a correspondence with the Chief Magistrate and Superintendent of Police relative to the seizure of a large quantity of Putta Attack when about to be clandestinely introduced within the Abkarry limits of this Collectorate.

With reference to Para 7 of my letter under date the 11th Instant No 49, I have the honor to submit Copy of a recent correspondence with the Chief Magistrate and Superintendent of Police relative to the seizure of a large quantity of Putta Attack when about to be clandestinely introduced within the Abkarry limits of this Collectorate, as it will shew that besides the inconvenience arising from an inadequate Establishment of Peons, detection is at times rendered extremely difficult, a fact which I have no doubt has influenced the Police authorities in their decision on the present case as regards both the nature and extent of the punishment.

To Superintendent of Police 19th May 1847
From Do 20th Do

2. Parties apprehended within the limits of the Jurisdiction of the Supreme Court have been punished under the provisions of Regulation I A.D. 1813 and act No XXII of 1837. The case now reported upon, is the first that has been taken cognizance of at Madras as coming within

19th May 1847. within the intention of Regulation I A.D. 1820. I have already addressed the Staff Officer at Poonamalie on the subject, and shall now draw the attention of the Acting Collector of Chingleput to the facilities with which private individuals are allowed to purchase Spirits in large quantities for the purpose of being run within the Presidency Collectorate to the detriment of the Abkarry Revenue.-

Madras 21st May 1847 }

A

To,
E. F. Elliot Esqr
Superintendant of Police
Madras

Sir,

I have the honor to send herewith three persons who were taken up at Madavaroyet on the night of Monday the 17th Instant, when in the act of introducing clandestinely a Key containing 16½ Gallons of Putta Arrack, on a Cart which had a Bamboo Mat covering thereon so as to give it the appearance of a regular Car Travellers conveyance. At the time of seizure, Chinnatomby and Andeappen were seated on the Cart, the Key being concealed under straw

Chinnatomby Naick Andeappen and Veerasawmy Carts owner and Driver

and some Vegetables, and it was in the midst of numerous other Carts which were then coming into Madras. Indeed it would have been impossible to ascertain the fact, if an informer well acquainted with the whole transaction, and who could have identified the Cart, did not point it out at once. Chinnatomby states that the liquor was purchased at Poonamalie from Tegaroy Pillay Godown Keeper there, for a man of the name of Soobroy Modelly a Grass Goods Bazar Man at Triplicane, and that a similar quantity was brought in like manner and was actually delivered to him about a fortnight ago. Andeappen declares that he is the brother in law of Soobroy Moodely, for whom the Arrack was intended, and that Veerasawmy has a full knowledge of the matter.-

2. Chinnatomby and Andeappen further declare that both of them were sent to Poonamalie for the purchase of the Arrack by Soobroy Modelly, as was done on the former occasion also, when this very same Veerasawmy's Cart was employed in bringing the liquor to Madras.-

3. The fact of the three accused parties being equally guilty of an attempt to defraud Abkary revenue is then, in my opinion beyond a doubt, by the evidence elicited from

at

Vola, Venkatachellum & abdul Cauder & Vencata Rogava Charrear.

4. The Peons who made the seizure are likewise sent. Depositions have been taken from the whole of the parties which I shall forward to you should you require them. The prime Cost of the Arrack is Rupees 5-4-0 and the Excise duty leviable thereon is Rupees 40-10-0.

5. Madavaroyel, the place where the seizure was made, is within the abkarry limits of the Madras Collectorate the sale of Spirits in that Village being always licensed by this Office. It is perhaps known to you that my abkarry limits include an Area of 9 Miles beyond the limits of jurisdiction of the Supreme Court.

6. Madavaroyel being beyond the limits of the Supreme Court, the provisions of Regulation I A. D 1820 are applicable to the case now brought to your notice. The parties would seem to be punishable under the rules laid down in Sections XI, XIV and XV of the said Regulation, it being provided by the last mentioned Section that all persons attempting to pass Spirituous liquor unaccompanied by a valid permit shall be liable to the payment of a fine not exceeding 500 Rupees. The whole jurisdiction which formerly belonged to the Judicial authorities of Chingleput under Regulation I of 1820 in respect of offences such as Chinnatomby

Chinnatomby and others have committed, belongs now it will be observed to the Superintendent of Police of the Town of Madras and to every one of the Deputies of the said Superintendent under Act No. XXII of 1837. I therefore request that you will be good enough to institute an enquiry and to favor me with a Copy of your proceedings in this case, as I should wish to bring the same to the notice of Government, my attention having been particularly called by that Authority to the necessity of taking active measures for the protection of the Abkarry revenue, which has sustained serious injury by the increase of Smuggling.

Madras 19th May 1847. } Signed J. A. Hindleston Collector.

To

J. A. Hindleston Esqre
Collector of Madras

Sir,

Agreeably to the request contained in your letter of yesterday's date, I have the honor to state, for your information, the result of the investigation of the case forwarded by you. Upon the evidence of the Peyaust and two Peons of your Department, who proved the finding of the Cask of Spirits concealed in the Cart at

at Moroogapah Modelly's Choultry in the Collectorate of Madras, the parties were fined in the sum of 250 Rupees each, and in default of payment imprisonment with hard labor for six Months severally. It is clear by the Statements of these parties that they were the mere agents of others to convey the liquor, and there are no means of rendering the principals Viz.t the Vendors liable for the only evidence (which cannot be received) to this point is the Statements of the Prisoners &c.

I do not forward Copy of the Proceedings as you desire, because I doubt whether I should be justified in so doing. According to Act XXII of 1837 I am bound to furnish the Court of Foujdaree Udalut with the proceedings of all such cases.

51
From the Collr of Madras

Sir

I have the honor to acknowledge the

the receipt of an Extract from the Proceedings of the Board of Revenue dated 13th Instant with the orders of Government therein referred to, and to observe that, within the limits of this Collectorate Cultivation is carried on to so limited an extent that the emigration of any portion of the poorer Classes of the people is not likely to affect the interest of the proprietors of lands, nor have I heard of any injurious effects that may have been produced at Madras by the inducements to emigrate which are now held out to the Ryots.

From the Hon'ble Company's Solicitor — Sir, Para 1

Transmitting draft of a lease of 6 tracts of land in the district of Malabar to Messrs. Richmond & Herrick.

Letr from Secy to B. of Rev. to H. C. Sol. 24th August 1846.

With reference to the Letter noted in the Margin I have the honor to forward herewith the Draft of a Lease which I have prepared of the Premises therein mentioned. In the Margin of the Draft I have put notes drawing attention to points which require consideration, and I have the honor to request that any alteration or observation which it may be considered desirable to submit to me should be shewn under each note. If on a careful perusal of the Draft it meets the approbation of the Board and is found to be correctly prepared it should be forwarded to Messrs. Richmond and Herrick for their perusal and approval. If on the other hand the Board should wish to offer any observation or that any alteration should be made which they may deem unadvisable to be seen by Messrs. Richmond and Herrick I will have the Draft recopied when finally settled by the Board on behalf of the Honorable Company.

Referring

2. Referring to Para 2 of the letter now under acknowledgment you will observe that I have prepared the Lease to be executed by the Most Noble the Governor in Council on behalf of the Honorable Company as I am of opinion the Collector of Malabar has no power to Execute the Lease, but that the Seal of the Honble Company should be affixed to it by His Lordship in Council.

3. In Para 3 of the Letter now under acknowledgment certain boundaries are mentioned I have not been able to make them tally with the descriptions given in the plan which accompanied that letter, the boundaries mentioned in the Draft are taken from the plan.

4. A space shall be left in the engrossments for the insertion of a plan.

5. In Para 4 of that letter it is mentioned that the Land is to be demised to the parties for the Cultivation of Coffee from which it may be inferred that it is intended to oblige the Lessees to cultivate the Land for that purpose and no other. In fo. of the Draft I have inserted a note on the front.

6. The nature of the Country mentioned in Para 4 of that letter, will render it difficult to Erect Land or Boundary marks. I have therefore prepared the Covenant to compel the Lessees to Erect them under the directions of the Collector of Malabar.

Referring

7. Referring to the first condition in Para 6 of that letter I have the honor to draw to your attention that in the proviso (in fo.) for re-entering I have as usual reserved to the Honble Company the power to resume possession of the whole of the Land if any of the Stipulations of the Lease are not duly performed.

8. In Para 8 of that letter it is mentioned that there is to be reserved a right of way to the community both for Men and Cattle to the Streams on the Land. This appears objectionable and likely to lead to collision you will observe (in fo. of the Draft) the terms in which I have reserved this right and will be good enough to say if the Board consider it sufficient to meet the objects they have in view or in what manner it would be desirable to amend it.

9. As regards the 5th Condition mentioned in Para 6 of the letter now under acknowledgment I would take the liberty of suggesting that in the first instance the Collector of Malabar be authorized to enter into an Agreement with Messrs. Richmond and Herrick as the Agent of and on behalf of the Honble Company for the Demise of these Premises, if the Honble Court shall approve thereof, submitting at the same time the Draft now prepared for the approval of Messrs. Richmond & Herrick and

and referring to that Draft as so approved for the terms on which the Lease is to be granted if the Hble Court give their sanction in which case the last Proviso (to which the note X is appended) should be omitted.

Madras 19th May 1847. } (Signed) Clement Dale
Hble Company's Solicitor.

Ordered that the following letter be sent in consequence.

57-58

To

The Collector of
Malabar.

To the Collector of Malabar. } Sir

From Malabar 11th July in Con. 24th Augt 1846
From D. 12th in Con. 12th March 1847.
To Hble Compy's Solicitor 24th August 1846.
To D. 19th in Con. 31st May 1847
x to be returned

In reference to the correspondence noted in the Margin I am directed by the Board of Revenue to forward you Copies of a letter addressed to the Hble Company's Solicitor and of his reply thereto together with draft of a Lease proposed to be granted to Messrs. Richmond and Herrick and to request that you will furnish all the information and explanation therein called for, which it may be in your power to afford, submitting at the same time any alterations, additions or amendments which may appear to you to be advisable. Parts, as that which provides that the land shall be in a certain condition at the expiration, or other sooner determination, of the Lease, may, the Board are of opinion, be omitted.

Revenue Board Office Fort St. George 31st May 1847. } (Signed) D. White
Actg Secy

The Board proceed to take into consideration the Statements noted below and to record their remarks thereon.

57

From the Sub Treasurer. Statement of Contingent Charges incurred during the Month of March last.
