1825. Fort St. Georges the 1st June 1847.

Diary.

A. Maclean Esqre. has in pursuance of his appointment published in the Fort St. George Gazette of the 25th Ultimo assumed his Seat this day as Acting Second Member and subscribed the following Oath according to Section II Regulation I of 1803.

(1)

Oath of A. Maclean Esqre. I Alexander Maclean do promise and Swear, that I will to the utmost of my endeavours well and faithfully execute and discharge the duties of an Officer of Revenue, reposed and committed to me by the East India Company and that I will not demand, take, or accept directly or indirectly, by myself or by any other person, for my use or on my behalf, of or from any Rajah, zemindar, Talookdar, Poligar, Farmer, Renter, or Ryot; or from any person paying or liable to pay any tribute, Rent or Tax, to or for the use of the said Company, any sum of Money or other valuable thing by way of Gift, Present, or otherwise, over and above, or besides and except the actual tribute, rent or tax authorized to be taken by and for the use of the said Company, and that I will justly and truly account for, answer and pay all the rents, duties, and other revenues, and sums of Money which shall come to my hands, or to the hands

hands of any person or persons in trust for or employed by me, as an Officer of the Revenue of the said Company to the said Company.-

So help me God.

Sworn to before me this first day of June 1847 at Madras

(signed) E. F. Elliot
Justice of the Peace.-

Ordered that the foregoing Oath be submitted with the following Address.-

To The Chief Secretary to Government.-

Sir,

To the Chief Secy to Government

I am directed by the Board of Revenue to report that A. Maclean Esqre has this day assumed his seat at the Board in pursuance of his appointment as Third Member and Acting Second Member, having first taken and subscribed the Oath herewith transmitted.-

From the Secy to Govt stating by Endorsement on a Petition from the

To J. F. Thomas Esqre
Chief Secretary to Govt
of Fort St. George in the
Revenue Department

Vca Vca Vca

Sir,

Herewith we beg respectfully to forward

the purchasers of the Palauky and Dinta Estates in the Ganjam that Govt. see no reason to doubt the legality of the Course pursued.-

Fort St. George 3d June 1847-

forward to you for submission to the Most Noble the Governor in Council a Copy of the Memorial which we have this day addressed to the Secretary to the Board of Revenue at Madras, regarding the annulment of the legal sale of the Palauka and Dintala Estates which we purchased at the Ganjam Collectors Public auction in the Months of December 1844, and of which we were duly put in possession after we had paid in full for the same.-

2. Our object in forwarding a Copy of this Memorial to Government is to put the Most Noble the Governor in Council in possession of all the bearings of the case in order that His Lordship might be prepared to weigh the report well, which the Board of Revenue at Madras might very probably deem proper to make to Government on this subject.-

3. In case the Board should see no necessity for making a report to Government on our case set forth in the annexed Memorial, we would most humbly crave the favor of your moving the Right Honorable the Govr. in Council for Authority to call for a report from the Board of Revenue and to render us justice- To give

a

a full insight of our case to Government there the annexed Memorial does we humbly beg to recommend the perusal of the whole correspondence of Messrs. Bannerman, Arbuthnot and Swollett (Collectors of Ganjam) with the Board of Revenue from the October 1843 to December 1844, bearing on the affair, which correspondence we firmly believe, may convince Government of the justice of our claims to speedy redress.-

4- We would here beg to record two questions on which we conceive the discussion mainly hinges.-

1st. What made the Board of Revenue in the first instance believe that Mosulcanlee Ramyah Punlooloo was a Major? we should say the united declaration of his father his Aunt & himself, on the strength of which the Talooks were not only allowed to remain in his possession but subsequently authorized to be registered in his name and afterwards sold on account of Arrears due from them to Government.-

2nd What made the Board subsequently believe he was a minor? His own assertion supported by evidence which we confidently believe to be insufficient, unsubstantial and objectionable, and also in direct contradiction to his own former declaration besides that of his father and Aunt.-

5. If such be the case, then the Right

1830 Fort St. George 3d June 1847.

Right Honorable the Governor in Council will see how slight is the ground upon which the Board have thought proper to annul their former decision so much to the detriment of your pet. Petitioners.

6. If such be not the case, we beg to be favored with the particular reasons which determined them to cancel a sale in every respect legal and effected under their own orders, which latter circumstance in particular strongly inspired us with every degree of confidence to become purchasers.

7. As the Right Honorable the Governor in Council will be fully informed of our grievances by the perusal of the accompanying papers we will not enlarge any further here.

Petition No. 7th of 1847.

The case of Petitioners has already undergone the fullest investigation and the Most Noble the Governor in Council sees no grounds for further enquiry or for doubting either the justice of the conclusions arrived at by the Board of Revenue and Government or the legality of the course pursued.

No. 1

Date of Board's letter or Proceedings transmitting orders of Government calling for information.		Points in each order of Government upon which information was called for, but not furnished by Collectors.	Remarks
Board's Proceedings dated 27th Feby. 1845.	Minutes of Consultation dated 11th February 1845.	Paras 8 & 9 Minutes of Consultation calling for a separate report of the extent to which the correction of the over Assessment of the Fields has been carried out and the principles upon which it has been conducted by the late Principal Collector Mr. Robertson.—	This is a matter of great importance and one of long standing — The Collector is prevented from replying to the requisition by pressing duties, but he hopes to be able to furnish the information without loss of time this report being nearly ready.—
		Do. 11 and 12 of Do. — calling for a separate and full report of the effect of the Grant of the General Remissions of 25 and 33 Per Cent in Fasly 1231 upon the general condetions of the Agricultural Classes and the Revenue of the District accompanied by a Separate Taloo Kiwari Statement of the extent of each description of land Dry and irrigated taken up for cultivation in each year both prior and subsequent to the Grant of the above remissions with information for Tyem and Cowle land.—	The retort of the Collector to the Board dated 25th July 1846 upon the operation in this District of Sir Thomas Munros Ryotwar System contains explanations which answer the points noted — He will however furnish a report immediately after sending his reply to the foregoing requisition.—
Do. dated 4th March 1847.	Do. dated 23d February 1847.	Calling for with reference to the Collector's Ryotwar Report and the letter of the Board thereon to Government dated 7th December 1846 further information in regard to the opinions expressed by the Collector on the present state of the Bellary District in particular reference to his allusion to the Wealthy Families who have disappeared and to the highly assessed lands not being cultivated and at the same time to state whether he still thinks any measures necessary for the relief of the District.—	It is only a few days since the Collector received these Proceedings he is now collecting the necessary accounts.—

Sir,

Para 1. I have the honor to acknowledge the receipt of the proceedings of the Board of Revenue dated the 11th conveying Extract from the Minutes of Consultation of the 1st February last sanctioning the purchase on behalf of Government for Rupees 80000 of the Ramachendrapoorum Zemundary expressing their intention of taking into consideration the subject of the provision for the Kankurlapoody family when the information relating to the saury lands shall have been laid before Government and approving the postponement of the adjustment of the remaining balance against this Zemundary until a written engagement shall have been obtained from the late Zemindar or his legal representatives to relinquish all outstanding demands against the Ryots. On the 25th January last I reported the death of Rajah Kankurlapoody Ramachendraraze which event occurred on the 27th December 1846 from which date the allowance of Rupees 400 ceased. I now submit copies and translations of three Arzees with their Enclosures addressed to me one by

They have been in great distress since the death of Ramachendrarauze when the allowance of Rupees 400 was discontinued - The younger brother of the late Zemindar Vizia Surummharauz applied for a separate portion but he has now consented to receive his maintenance from Nursaraz the prevent head of the family - Adverting to the observation of the commissioner Sir H. C. Montgomery Bart. "that a more liberal provision must be assigned for the support of the family upon their being deprived of their ancient property" and in consideration of their high rank and former dignity it was my intention to have proposed the sum of Rupees 800 for the further allowance to be granted to Rajah Caukurlapoody Ramachendraraz - His death however having taken place during the interwal between the sale of the Estate and the settlement of the question relative to the Amount of the allowance required for the comfortable support of the family one important consideration has been removed - The present head of the family Caukurlapoody Nursaraz having never been the actual possessor of the Estate has not to sustain the Mortification which Ramachendrarauze if he had lived would have felt when reduced from his former rank to the condition of a Pensioner, but as the family appears to be on the increase and there are several of the younger Members unmarried the allowance ought to be on a liberal scale, I therefore

Collector of Rajahmundry

Sir I Arzee from Shree Rajah Cauhiliapoody Ramachendrarauze Bahadar Zemindar of Ramachendrapoor

I beg leave to represent the

following circumstances which I trust you will be pleased to take into your kind consideration.

In consequence of my Zemindary having been sold by auction on the 11th Instant, and bought in by Government, I have been relieved from all trouble regarding the Estate, and I wished to inform you of my circumstance, and enjoy peace hereafter, but unfortunately I have been in such ill health, that I am induced to believe that I shall live no more. The eldest of my five sons named Rajah Nursarauz will be my heir, on whom I beg you will be pleased to confer the same favor as the Honorable Government did on my ancestors and Myself.

I have delivered over to the said Nursarauze My other sons, brothers and their family, and as he is entrusted with their maintenance I humbly beg you will be pleased to make him again Zemindar of our Estate.

I have often represented all my Circumstances both by Arzees and in person and now lastly I pray you will submit this arzee to the Honorable Government through the Board of Revenue with your kind recommendation that measures may be adopted to maintain my ancient family in peace, and comfort. As my son Nursarauze will attend at your Huzzoor and inform

Fort St. George 3d June 1847

inform you all other Circumstances, I beg you will be pleased to shew favor to him and protect him. I have no more to add. Dated at Ramachendrapoor 27th December 1846 Corresponding with the 10th day of Poothrasondha sunday of the year Parabhavah

To T Prendergast Esqre
Collector of Rajahmundry;

I have the honor to solicit your favor and protection in behalf of my self and family, which I hope you will be pleased to grant me, as I am in great distress for the want of means to support my family, and to discharge the Peshcush due to Government, which I am unable to do, unless you will be pleased to grant me some assistance.

I beg leave to bring to your notice the following circumstances in hopes of obtaining your favor under the unfortunate event which has now befallen my family, and trust you will be pleased to take them into kind consideration.

The Zemendary of Colah and Ramachendrapoor, which was conferred long ago upon my ancestors by the Hindustany Government was put in possession of my worthy father Stree Rajah Cauherlapoody Ramachendraraauze Bahadur on the 5th of May 1810. Ever since that period

Fort St. George 3d June 1847

period upto the year 1838 he managed the two Estates carefully. Under the Rajeemamah in case No 13 of 1817 on the file of the Northern Provincial Court and a precept from the Court of Sudr Udalut, the Colah talook was made over to Chinna Juggunnadharauze the elder son of my uncle the late Rajah Juggunnadharauze. This Colah Estate was sold by auction on 10th September and Ramachendrapooram which we held was sold on the 7th December 1846 and both have now reverted to Government.

3. My father had four brothers. Two sons of my first uncle are living at Colah with their families. I reside at Ramachendrapoor with my brothers, my 3d and 4th uncles named Rajah Padmanabharauze and Rajah Vyraya Narsimharauze the son of my deceased 2d Uncle Rajah Veeladryraauze named Chinna Narsaraauze and many other near relatives who have for a length of time depended upon us. Our circumstances are fully known to the Collector, the Board of Revenue and the Honorable Government. In 1836 the Collector were on the point of selling both Colah and Ramachendrapoor to satisfy the demands of our Creditors, but the Board of Revenue through favor towards us recommended in the Month of May of that year that Government should

assord

us assistance. The Government were accordingly pleased to grant sanction for a loan to us. If you will refer to the Minutes of Consultation, you will see that Government shewed great favor towards our ancient family but we are not so fortunate as to meet with such favor now a Series of unfavorable seasons caused our Estate to fall into large arrears and to be subsequently exposed to sale. This last circumstance my father heard us with much regret and told me that the Government would show us the same favor as they Conferred on the Zemeendars of Vedadavole Purganah &c.a in Vasulipatam District, and that he would apply to you on the subject in due time. But through my misfortune he suddenly fell sick and died on the 27.th December last, as he thought that his life was in danger he addressed you an argee on the same date by which you will learn our Circumstances.

For a length of time we have depended upon the protection of the British Government with respectability, and have not earned our livelihood by any other means. You will therefore be pleased to refer to the assistance Conferred on us by the Honorable Government in the year 1836 and restore me to my Zemeendary Estate, with new conditions in which case the Estate will be held without

any injury as I have been much improved in Revenue affairs, and will discharge the revenue heriz of the Circar with punctuality in hopes of meriting their favor.

My father and first uncle in dividing the Estate between themselves entered into a Razeenamah of the said suit in the Court that they should pay to my other 3 uncles an annual allowance of 18000 Rupees at the rate of 900 Rupees by each of them. Sir Henry D. Montgomery, Bart late Commissioner in charge fully perused this Circumstance and recommended an annual allowance of 1200 Rupees to my first uncles three China Juggunnadarauze and of Rupees 1800 to ourselves. These sums were sanctioned and paid to us annually. But after Colah Palock reverted to Government you were pleased to obtain sanction to pay to our said Chinna Juggunnadarauze, an allowance of 900 Rupees monthly for the maintenance of our family.

My father expected that you would make a more favorable recommendation regarding the maintenance for our large family but he departed this life through our misfortune. My 3d. Uncle Sree Rajah Pudmanabharauze is now at Benares the rest of our family is at Ramachendrapooram and I and my second uncles son China Narsarauze are attending here. I and my first uncles son the said Juggonnadharauze must maintain the families of my other three uncles by fixing allowances according to the

us assistance. The Government were accordingly pleased to grant sanction for a loan to us. If you will refer to the Minutes of Consultation, you will see that Government shewed great favor towards our ancient family but we are not so fortunate as to meet with such favor now a series of unfavorable seasons caused our Estate to fall into large arrears and to be subsequently exposed to sale. This last circumstance my father heard us with much regret and told me that the Government would show us the same favor as they conferred on the Zemendars of Nedadavole Purganah &c. in Masulipatam District and that he would apply to you on the subject in due time. But through my misfortune he suddenly fell sick and died on the 27th December last. as he thought that his life was in danger he addressed you an urzee on the same date by which you will learn our Circumstances.

4th. For a length of time we have depended upon the protection of the British Government with respectability and have not earned our livelihood by any other means you will therefore be pleased to refer to the assistance Conferred on us by the Honorable Government in the year 1836 and restore me to my Zemendary Estate, with new conditions in which case the Estate will be held without any

any injury as I have been much improved in Revenue affairs and will discharge the revenue being of the Circar with punctuality in hopes of meriting their favor.

My father and first uncle in dividing the Estate and Ramachendrapooram Estates between themselves entered into a Rajeenamah of the said sum in the Court that they should pay to my other 3 uncles an annual allowance of 18000 Rupees at the rate of 900 Rupees by each of them Sir Henry Montgomery Bart late Commissioner in charge fully exercised this Circumstance and recommended an annual allowance of 1200 Rupees to my first uncle Venkatarazu and of Rupees 1800 to ourselves These sums were sanctioned.

But after Colah Saleck reverted to Government you were pleased to obtain sanction to pay to our said uncles an allowance of 600 Rupees between them for the maintenance of our family.

My father expected that you would make a more favorable recommendation regarding the maintenance for our large family but he departed this life through our misfortune. My 3d Uncle Sree Rajah Padmanabharazu is now at Benares the rest of our family is at Ramachendrapooram and I and my second uncles son Chinna Narsarazu are attending here. I and my first uncles son the said Veggeswaradharazu must maintain the families of my other three uncles by fixing allowances according to the

the present circumstance - Besides the said three families My own family now at Ramachendrapooram contains five Brothers including myself and five sisters in all 10 together with 50 nearest relatives We all supported ourselves with the monthly allowance of 400 Rups granted to my father with great difficulty by taking two meals only one time a day in hopes of having an increase of it by degrees, but on the contrary as this allowance has also ceased, I am now induced to represent you the circumstances of our being at present destitute of any means of livelihood - I therefore most urgently solicit you will be pleased to submit my present arzee to the Honorable Government through the Board of Revenue with your kind recommendation to grant us even the allowance adequate to the maintenance of our ancient family from posterity to posterity so as to preserve the respectability acquired by our ancestors The Honorable Government are pleased to support the distressed ancient families in many Districts by conferring on them sufficient allowances, and as the Government are pleased to take up our Zemindary which is the only means of maintenance for our family and which would fetch profit in favorable seasons I trust the circar will find that it is just to grant maintenance to our family who have been solely dependant on the same Estate - I therefore pray you will be pleased to take our prayer into favorable consideration Please to peruse Dated 1st February 1847 -

An Arzee from Stree Rajah Cauteerlapoody Nursaraujee Bahader late Zemindar of Ramachendrapooram Taloor.

I beg leave to submit herewith for your consideration a Petition addressed by my late father Rajah Ramachendraraujee to the Honorable Government two Lists showing the Member of our family and our Servants, 1 Memorandum and 1 Genealogical table in all 5 Papers which together with the Arzees &c already presented by us I humbly pray you will be pleased to take into your kind consideration recommend our Case to the higher Authorities and support us. -

Alamoor the 15th March 1847 -

(Signed) Rajah Nursaraze Behader Zemindar of Ramachendrapooram Taloor.

Memorandum from Stree Rajah Cauteerlapoody Nursaraze Behader late Zemindar of Ramachendrapooram Taloor. -

1 - Stree Rajah Cauteerlapoody Auchootaramraujee

Fort St. George 3d June 1847.-

Auchootaramrauze was our first ancestor his paternal Nephew Rajah Cauleurlapoody Jaggannadharauze had at first acquired the Zemindary of Cotah Talook, the cousin of the latter named Rajah Rama= chendrarauze had acquired Rama= =chendrapoorum Talook but both these Estates had been a long time managed by the elder the said Jaggannadharauze and on his death his son Venkatapatterauze managed them a short time, and died leaving a wife who lived at Almoor and died also.-

2. After the demise of Rajah Jaggannadharauze Ramachendrarauze took posession of the two Estates but he caused Cotah to be Managed by his elder Son Rajah Pada Jaggannadharauz and Ramachendrapoorum by his other Sons.-

3.- Upon the death of Rajah Ramachendrarauze a Permanent Cowle was granted to his elder son Pada Jagga= =nadharauze but he had no male issue but a daughter named Duntooloory Auchootah who was mother of the Proprietor of Casanacoorroo.-

Fort St. George 3d June 1847.-

Casanacoorroo.- The second son of the said Ramachendrarauz named Neeladrarauz also had no male issue.- The 3d son Auchootaramrauz had one son but he died young.- he had also one daughter who died very lately leaving two sons who are now living at Chowdadah in the Northward.- The 4th son Rajah Nursarauze only issue has now been in the two Estates of Cotah and Ramachendrapoorum.-

4.- The said Rajah Nursarauz had five sons the first of whom was my father Rajah Ramachendrarauze who managed the Zemindary a long time & merited the favor of the Circar and departed this life on the 27th December 1846. The 2d Son Chena Jaggannadharauz and 3d Neeladrerauz died some years ago. The 4th Son Padmanabharauz is now at Benares The 5th Son Vizia Narasimharauze is now at Ramachendrapoorum.- With the exception of the issue of Chena Jaggannadharauze the 2d Son, the families of the other four brothers the sisters the relative the slaves &c are all now depending upon me at Ramachendrapoorum.-

5.- Rajah Ramachendrarauz

/my

Fort St. George 3d June 1847:-

/my father/ had five sons and four daughters now alive of whom I the elder son and one daughter are only married. Of the other four sons one is quite young while the remaining three sons and three daughters have attained the proper age but are not yet married for want of espenses. Neelladreraauz had two sons and one daughter two of whom are married and one son has not yet been married. Padmanabharauze has one daughter who is not married, Vizia Nursimharauze has one son two daughters who are young and not married. The family thus existing is in a very distressed condition.-

6. My 2d Uncle the said Chena Jugguunnadharauze used to live separately at Cotah he has four sons and two daughters all married two of the four sons are now living at Calamor the other two are now being supported by Rajah Poosapauty Vizia Ramaraauz Zemindar of Vizianaggaram Samastanum now at Benares. The Circar are now granting to the family a monthly allowance of 400 Rupees.-

During

Fort St. George 3d June 1847.-

7. During the existence of Pada Jagganadharauze his three brothers were dead, he also died afterwards on 5th May 1810. His 3d brother Nuroraauz's 1st son Rajah Ramachendraraauz who is my father took possession of the Zemindarye and held the two Estates till 1839 and only one Estate of Ramachendrapoorum till 1846.-

8. While Ramachendraraauz /my father/ held the two Talooks his first brother Chena Jugganadharauz on the ground that Pada Jagganadharauze had kept him by him, prodecuted Ramachendraraauze for the recovery of the two Estates in Case No. 13 of 1817 on the file of the late Northern Provincial Court. But both of them entered into Razeenamah with conditions that Ramachendrapoorum Estate should be taken by Ramachendraraauz and Cotah Estate by Chena Jugguunnadharauz that each of them should annually pay an allowance of 900 Rupees for the maintenance of the other 3 brothers

that

Fort St. George 3d June 1847.-

that they should equally defray the espences for the Turmerick and saffron of their Sisters and that they should discharge their debts half and half.- It also specifies several other Conditions but as many disputes arose without the enforcement of this Razee: namely the Estate of Colah was under a final orders of the Court of Suder Adalut made over to Juggannadharauz who is now receives allowance.- Both this Colah and Ramachendrapoorum Estates have however fallen into arrears and reverted to Government on the 11th September and 7th December last.-

9. The allowance which the Circar heretofore granted to the family dependent upon me has been hardly sufficient for their meals even for one time a day consequently they beg leave to submit the following just reasons under which they are entitled to a more liberal allowance than they had heretofore received.-

10.- The issue of China Juggannadharauze of Colah Taluke contain four brothers two of whom are being supported by Poosapantyman - while the other two are

Fort St. George 3d June 1847.-

are now receiving a Monthly allowance of 400 Rupees from the Circar- As you will perceive the number of our family by the Genealogical table if the Circar are to grant allowance with reference to the extent of the family we are entitled to four times as much the present amount.-

11. The Colah Estate when sold was jointly held by Cundemullawar and Jaggya: nadharaze the latter had a right only to a Moiety of that Estate and as we had full right to Ramachendrapoorum Estate we are likewise justly entitled to a more liberal allowance.-

12. The Commissioner on due consideration of all these circumstances recommended to the higher authorities and obtained their sanction for a temporary Monthly allowance of 100 Rupees to the Zemindar of Colah and 400 Rupees to ourselves- This also will show that we are entitled to a Fourfold allowance.-

13.- You will therefore be pleased to take all these circumstances into your candid consideration and recommend to the higher authorities payment of an

Fort St. George 3d. June 1847.

an allowance adequate to the maintenance of our family.-

14.- The lands held by us and the houses situated in our Fort are now under Court's attachment and are mortgaged in security of our debt to the Sowcars as may be seen by the record at your Huzzoor.-

15.- As our ancient family is in great distress under various Circumstances I pray you will be pleased to inform the Honorable Government of our case and protect us.- Dated alamor

An agreement entered into by Stree Rajah Caukerlapoody Nursarauz Behader Son of Stree Rajah Ramachendrarauz Behader late Zemindar of Ramachendrapoorum Talook

In consequence of our Zemmundary Ramachendrapoorum having been sold by public auction for Arrears of Revenue, Viz Rupees 35,508 " 7 including interest and bought in by Government for Rupees 8000 from want of other purchasers, and having represented that the remaining balance of arrears Amounting to Rupees 27,502 " 7 after deducting the said purchase money, should be excused for want of means to liquidate it and the Circar having directed that the Amount will be remitted in the event of my relinquishing the whole balances outstanding against the Ryots, Renters &c. in the Villages of the said Talook up to the date of its sale. I now hereby declare that I entirely relinquish the balances due to me from the Ryots, Renters and others in all the Villages of the said Talook that I will not demand from them either the whole or any part of their debts and that neither I nor my heirs will ever sue in any

any Court for the recovery of the same. I therefore pray you will be pleased to remit without further demand, the Remaining balance of Arrears outstanding against the said Talook due from me to the Circar. Dated the 23d day of April 1847.

Proceedings thereon. In Extract Minutes of Consultation dated 1st February last, Government were pleased to sanction the purchase on their behalf for Rupees 80,000 of the Ramachendrapooram Zemindary expressing their intention of taking into consideration the subject of the provision for the Cankurlapoody Family when certain information relating to the Saivy Lands held by the Zemindary should have been laid before them and approving the postponement of the adjustment of the remaining balance against the Estate until a written engagement had been obtained from the late Zemindar or his legal representatives to relinquish all outstanding demands

The Collector having under date 25th January last reported the death on the 27th December 1846 of the late Zemindar Rajah Cankurlapoody Ramachendraraze and that the payment of his life pension had, with reference to the instructions of Government conveyed in an Extract Minutes of Consultation of the 14th April 1846, ceased from that date, the Board on forwarding a Copy of the Extract Minutes of Consultation dated 1st February 1847 requested the Collector to expedite his report upon the lands in the enjoyment of the family and upon the measures to be taken in consequence of the death of the Proprietor.

In Cons. 7th July 1846 11th Feby. 1847.

With the letter quoted at the head of these Proceedings the Collector has submitted Copies and translations of 3 Urzees and their enclosures addressed to him one by the late Zemindar just before his death and two by his eldest Son and heir Nursaraw by which it appears that his deceased Father has conferred upon Nursaraze the whole right & title to his property and charged him with the maintenance of the Family. The lands enjoyed by the late Zemindar as noted in the Margin are represented as resumable along with the Estate and have therefore been resumed accordingly. The

3 The Collector states that the Caukeri Lapoody family is composed of 40 individuals together with 49 Servants as per list furnished by the Amildar of the Ramachendrapooram Talook and that they have been in great distress since the death of Rama=chendra Rauz when the Monthly allowance of Rs 400 was discontinued. Mr. Prendergast remarks that adverting to the observation of the Commissioner Sir H. Montgomery Bart "that a more liberal pro=vision must be assigned for the support of the family upon their being deprived of their ancient property" and in consideration of their high rank and dignity it had been his intention to have pro=posed the sum of Rs 800 for the future allowance to be granted to the Zemindar, but his death having taken place during the interval between the sale of the Estate & the settlement of this question, and in reference to the fact that the present head of the family has never been the actual professor of the Estate he recommends that the sum of Rupees 700 per Mensem be granted to Nursarauze=

4 The condition on which the Government proposed to confer this pension Viz^t – the execution of a deed relinquishing all claims against the former Ryots and Sub tenants, having been fulfilled Mr Prendergast requests that sanction may be obtained for writing off the remaining balance against the Estate amounting after deduction of the purchase Money and the subsequent Collections to Rs 268982 – 12 – 11.–

5 Under the circumstances above detailed the Board beg to recommend that a Monthly allowance of Rupees 700 be conferred upon Nursarauz subject to the condition specified in para 2 Extract Minutes of Consultation dated 10th November 1846 and that the Collector be authorized to write off in his accounts Rs 268982 – 12 – 11 being the amount at present outstanding against the above Estate.

Sir,

From the Asst Collr of Masulipatam 3 Paras

Reporting on Petition No 1665 of 1846 presented to the Board by the Carnums & Ryots of Panooguncheprole Purganah

With reference to the Boards Endorsement on Petition No 1666 of 1846 presented by the Carnums and Ryots of the Villages of Panoogunchepprole Purganah appertaining to the Nundegamah Estate I have the honor to report that the rents of several Villages of the said Purganah were settled under two distinct tenures the one for Fusly 1255 / 1845/46 alone and the other for five years from the said fusly should the proposals receive the sanction of the Board as reported on the 10th February 1846 but the Board having repeated their orders dated 11th September 1845, which direct that rents should not be concluded for more than one year in para 9 of their Proceedings dated 5th March 1846, the rents already settled for fusly 1255 have been alone continued at the Original Amount and the Ryots of the Purganah were duly apprized that Village rents cannot be allowed for more than one years but if proposals for rents with the individual holdings duly arranged are made, they can be given for

for a term of years. The Ryots accordingly agreed to rent the Villages for the Current year alone and tendered the necessary documents But in consequence of a depression in the prices of grain they have, with a view to relieve themselves from the responsibility of the rents submitted the said arzee to your Board and another to the Collector of similar import.

2 Subsequently when I proceeded to Nundegamah for the settlement of this year the Ryots of the aforesaid Panoo Gunchepole Purgaiah including the Petitioners, have, agreeably to the Cabooleats they have entered into agreed to the rents for the Current year and have presented arzees withdrawing their opposition as set forth in the arzees already submitted by them, and having received their Cowles are managing the rents accordingly.

3 I therefore beg to forward herewith the Petition in question as there appears no necessity to take it into further consideration

From the Actg Coll[r] of Masulipatam, Panel

Submitting opinion in regard to the renting out of the Abkarry Farms by Tender instead of by the present practice.

I have the honor to acknowledge the receipt of your letter of the 15th Ultimo forwarding Copy of an Extract from the Minutes of Consultation dated 25th March last, and calling for my opinion on the relative advantages of the mode thereon proposed of renting the Abkary by tender instead of the present practice of renting by public Auction.

2. The plan of renting out the Abkarry farms for a period of 2 or 3 years instead of annually as at present, I certainly think is very desirable; but that point being conceded, I do not perceive that it signifies materially whether the rent is settled by tender or by public Auction. The latter system is prevalent in this District and I am not aware that respectable parties are ever kept back from taking the rents and indeed they are generally in this District undertaken by the Zemindars though not in their own names, and considering the greater publicity

publicity of a sale by Auction and the pre-
vention thereby of all complaints any opinion
inclines to the continuance of that system.

To 1225 Dec 1830
From Dec 11th Jany 1821

3. The Correspondence noted in the margin will shew that the Abkarry Revenue of the Masulipatam Division was once rented out for a term of 3 years Viz from July 1231 to 1232 / 1822/23 / 1822/24 The amount thereof was fully realized on that occasion, but since that period it has been let out on annual rents.

Sir

In reply to your letter of the 15th April and its enclosed Extract from the Minutes of Consultation under date the 25th March 1847 requesting my opinion on the relative advantages of the mode of renting the Abkarry by tender for 2 or 3 years instead of the present practice of

of renting it by public Auction, and en-
quiring whether the Abkarry has ever been
rented in this District for a term of
Years, and, if so, whether any failure
occurred, I have the honor to state that
it appears to me that the present system
of renting the Abkarry Farm by public
Auction is better adapted to the character of
the parties likely to bid for the same, than
renting it by tender, as it cannot be expected
at present that they will at once offer the
highest sum they might be disposed to give
under the circumstances of competition at-
tendant on a public bidding but would
probably (under the idea that it might
be

be got for less, be disposed to make offers less advantageous to Government. The Albany of this District has been only once rented out for 3 years from fusly 1235 to 1237 when the Renter failed to fulfil his engagement, and a loss occurred of Rs. 3424

I do not however consider there are any valid reasons for not letting it out for 2 or 3 years at a time, provided due care is taken before confirming the Rent to see that the Securities are good and that on the whole there are reasonable grounds to suppose the Renter will be able to fulfil his engagement.—

From the Collr of Guntoor — Reporting the acquittal by his Head Assistant of the charge of oppression against the Tahsildar of Martoor mentioned in his letter of the 13th May and requesting sanction for the deduction of half his pay during the period of suspension for culpable delay in Committing a case to the Court.

Sir,

Referring to my letter of the 13th Instant reporting the suspension of Fayer Khan Tahsildar of Martoor for culpable delay in the disposal of an important Police case, and that a charge of oppression and extortion of evidence and confession in the same was under enquiry, I have the honor to state for the information of the Board that the enquiry has been concluded by the Head Assistant Magistrate and that the evidence adduced on the latter not being conclusive, Fayer Khan has been acquitted of the charge of oppression.

2. The delay however in the committal of the Case to the Criminal Court seems quite inexcusable and calls for severe notice. The 1st witness was examined on the 24th March upon the Tahsildar's arrival at the spot and deposed that one Nagee told her that deceased had been murdered by prisoners: this individual was not examined till the 29th. Similar delay took place in the examination of the other witnesses, the 7th Witness was

was examined on the 25th 6th writings on the 26th the 2d and 3d and 4th Witnesses on the 27th the examination of four others was delayed till the 29th and that of three of the prisoners till the 27th and the remaining four till the 29th During the time they were detained in Custody.

3.

The Tahsildar states in defence that as the parties upon his arrival at the spot did not give statements clearly inculpating the suspected parties he deferred reducing them to writing for some days in the hope of this being induced to depose more fully to the facts. The proceeding is indubitably reprehensible and the more so as he was warned by an order on the 2 Sec which reached him on the 27th about the delay in the disposal of the case, which however he did not commit till the 30th.

Tayer Khan has been directed to resume charge of his duties from the 22nd Instant but under the above circumstances I request sanction for the deduction of half of his pay for the period of his suspension, being one month which may be a sufficient punishment for his offence.

the receipt of an Extract from the Proceedings of the Board of Revenue under date 13th Instant calling for information as to the effects of the inducements held out in favor of emigration.

2 I cannot speak from actual observation of the results of the measure in this District because I am not acquainted with a single instance of emigration among the Ryots farther than to the neighbouring Districts of Bellary and Cuddapah and I should certainly not be disposed to encourage it in any degree at present among the agricultural Class for the population of this District is much below what it ought to be.

3 As a general question the effects of emigration from a Country must depend on its wants and its means of giving employment to its population. There are I imagine few Districts in the Madras Presidency that could stand a drain on the agricultural class, and few that could not spare Emigrants from all the other orders Most Districts contain large tracts of land left uncultivated for want of hands and emigration to any extent among the agricultural labourers must have the effect of throwing still more land out of cultivation which must entail an immediate diminution of Revenue.

But

But to form a correct judgment of the ulterior effects, one should have the means of ascertaining what proportion of Emigrants return to their Native Country and in what circumstances. When I was at the Mauritius in 1842 on my return from England, I saw a number of Emigrants from the Southern part of the Peninsula; many of them were desirous to procure a papage to India and offered to pay well for it, and I was told that they often saved from 50 to 100 £ after a very few years residence on the Island. Five hundred Rupees would stock a good sized farm in this Country and if men who left it as common day labourers could return after a few years with sufficient capital to take a Farm on their own account, the immediate loss of Revenue might be counterbalanced by the ultimate advantages to be derived from imported Capital.

5 Viewing the question in a moral point of view it cannot be doubted that they who do return will come back with increased intelligence and the acquired Knowledge that foreign intercourse must impart in some small degree to every one a victory over many prejudices may have been gained and a dissemination of newly acquired views, in however humble a sphere, may be among the first steps to overcome the exclusiveness of Caste and the home bred philosophy that satisfies the son to be

be and do precisely as his Father. Observation may have created a desire of imitation and is improvement and the emigrants acquired knowledge might in various ways be turned to account in his native Country. But it must be acknowledged this is looking at the bright side of the picture for in the present social condition of the people it is perhaps an even chance whether the 500 Rs is spent in stocking a farm or squandered in celebrating marriage &

In conclusion I am of opinion that in Districts where the Agricultural population is much below the wants of the Country it would be unadvisable to encourage emigration among that class but where that is not the case the advantages appear on the whole to be in favour of the measure.-

Sir

With reference to the Extract from the †Proceedings of the Board of Revenue and to the Extract from the Minutes of ‡Consultation which accompanied them, I have the honor to state that although from the limited number of persons said to have emigrated from this District, there exists no reason to believe that it has affected its cultivation, yet some of the intelligent Ryots with whom I held personal conference on the subject have expressed their opinion that from the circumstance of a numerous and a large body of labourers continually leaving the Southern Districts as also from the scarcity of labourers, some difficulty has been experienced in procuring a sufficiency of hands to carry on their cultivation in the scale of former grain allowance which is 30 per cent higher than it was some years before, and that therefore the exportation of labourers from India tends by degrees to produce bad effects which will in some years hence be more seriously felt and ought to be discontinued. The foregoing arguments appear to me worthy of the consideration of the Board and Government.

I have the honor to acknowledge the receipt of the Extract from the Boards Proceedings dated

dated the 13th Instant transmitting Copy of our Extract from the Minutes of Consultation under date the 30th Ultimo and to inform you that the emigration from this District is I believe entirely confined to Ceylon; and that the parties proceeding there are in the habit of returning within a year or two with the proceeds of their labor; the rate of wages there being high and the facilities of transit to and frogreat Some slight decrease in the Moturpha Revenue is the consequence of the absence of these persons from the District, but it does not seem to affect the Cultivation of the land which may be accounted for by the Class who Emigrate being not generally Ryots Cultivating land on their own account or if possessed of land or Palmira trees it would be looked after by their relatives during their absence Injurious effects of this kind will not I think take place where the cultivation of the land is sufficiently profitable to support the Ryots comfortably in their own Country.

Malabar } Sir

In reference to the Extract from the

the Minutes of Consultation of Government dated 30th Ultimo and received with the Board's Proceedings of the 13th Instant, desiring me to report whether any bad effects are produced in this District by the inducements to emigrate which are now held out to the Ryots, I have the honor to state, that no emigration of labourers from Malabar has taken place since 1838. That emigration was very partial and chiefly confined to the Port and Country of Cochin The inhabitants of Malabar as a general rule are curiously attached to their country and there is little probability of any number of them being induced to leave it under any inducement. A menial Servant on good pay will generally leave his master in preference to accompanying him even to the neighbouring Country of Coimbatore.

From the Coll.r of Nellore

Sir,

1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 17th Instant forwarding Copy of a letter from the Collector of Madura expressing his wish to have Ram Row the present Head Sheristadar of this District as Sheristadar of Madura provided I can spare him and he is willing to agree to the change.

Stating that Ram Row the Head Sheristadar of his Zillah is willing to go to Madura as Head Sheristadar that it would not be desirable for the Collector to oppose the change and that he is endeavouring to get the situation filled up in the most effectual manner possible.

2. In reply I beg leave to state that Ram Row is well willing to go to Madura and as that is his native country and he must naturally be more at home with his work in a Southern than in a Northern District, it would not be desirable for

for me to oppose the change. At the same time it appears to me that justice to myself and this District requires that I should endeavour to get the situation filled up in the most effective manner possible. Some little time ago I received an application from S. Ramanjaroo the present Head Sheristadar of the Musulipatam District but formerly Head Sheristadar in this District until dismissed by Mr. Stonhouse requesting to be restored to his former situation in case of a vacancy and his request has further been supported by a recommendation in his favor from Mr. Porter. My own experience of this District moreover points out S. Ramanooja Row as the best person I could select at present. I have therefore written to him to ascertain his present sentiments and also written to Mr. Stonhouse and Mr. Mathison about him and as soon as I receive their replies I propose addressing the Board on the subject.

1. With reference to my letter of the 21st Instant

that Ramanooja Row has expressed his willingness to return to this District as Sheristadar and Mr. Mathison has given his consent thereto and requesting the sanction of the Board for his employment accordingly.

I now have the honor to state that S. Ramanooja Row has expressed his willingness to return to this District as Sheristadar and Mr. Mathison has given his consent to the measure.

2. Objections have been raised to this choice on the ground that there is a party feeling in the District both on the part of S. Ramanooja Row and many who stood opposed to him formerly. This however is as it should be, and what is particularly required in this District at present. On the removal of S. Ramanooja Row a very large number of young hands more or less selected and connected by family ties obtained promotion and employment. Among this Party there is very little talent but they have been strong enough to form a combination both in the Cutcherry and out of it which renders it impossible for the Collector to obtain that information which is indispensable for the proper management and control of the District. This state of things has been particularly felt by Ram Row my Sheristadar up to this time and the necessity of breaking through it determined on before this opportunity occurred.

3. S. Ramanoojarow is advanced in years and has had his share of adversity as well as of prosperity

prosperity. He formerly held a high character in this District and returns to it with a very high one from the Masulipatam one. He has no claim upon me, consequently I am perfectly free and independent to controul him and make use of his talents for the advantage of the District and of Government with my eyes open to the failings some think he may be inclined to manifest.-

4. Under these circumstances I request the Sanction of the Board for my employment of S. Ramunooja row as Sheristadar of this District.-

From the Collr. of Tanjore - Repeating on the settlement of the District of Tanjore for Fusly 1255 and 1848/49 and submitting the usual Summahan dy Accounts -

Sir.

I have the honor to submit for the consideration of the Board the annexed Accounts of the Settlement of Tanjore for Fusly 1255.

2. The Remarks which have accompanied the Monthly Abstracts of Demand Collection and Balance for the first half of the present Fusly. I have informed the Board that the season was to [illegible] favorable for

the wet Crops dependant upon River Irrigation, but though not so bad as Fusly 1254 by no means approached one moderately favorable for the production of Crops on land dependant upon local Rain The Freshes, though not plentiful, or quite Seasonable, were timely and there was no deficiency for land not at the extreme distance from the Head of the Coleroon The Talooks nearest the Coast were those affected by the general lowness of the Rivers - The deficiency of water in the Eastern Talooks was not made up by the falling Rains, which, throughout the season failed especially towards the Coast, and were inadequate to the wants of the Country generally -

3. The number of Villages in this District inclusive of Gardens, was up to Fusly 1254, 6323, and has now increased to 6341 by the accession of 18 from the annexation of Tranquebar -

4. The prominent feature of the year has been the high prices of Grain together with an increasing Demand. Large Exports to Ceylon Madras, and the Mauritius have been made during the latter part of the year and early in the

by land were made to the Interior. Prices are shewn by the marginal Statement to have risen 33 7/8 per Cent above those of Fasly 1254. The Rates here given have been calculated on a Principle different to that hitherto prevailing too which objections were found by the Board and they no longer exhibit only the Average Rates of Amanny Villages, but comprise those of the District generally where the settlement is affected by Prices.

7. In Villages of Woolungoo Rent influenced by current Prices there is a Net Decrease of 15 in consequence of 24 having come under Amaany, and 1 having been received from the Strictly money Rents enforced in Fasly 1254 under the Boards orders and 8 from the Amaany.

Woolungoo unaffected by Prices

8. There is observable a Net Decrease of 3 Villages in those of the same Settlement unaffected by Prices, by the reversion of 4 to Amaany and by the accession of one rented for Grain Amount under the instructions of the Board in Fasly 1254.

9. The wishes of the Board with regard to Money Rents for Amaany Villages as will be seen by the Accounts have been attended to. In the Fasly under review though there is an Increase of only one Village under the denomination of Board Rent

Rent. the Increase in land is 194 Vailies. In Fusly 1254 25 Villages only were Money rented. In Fusly 1255. there are 113. A correspond-ing diminution of the number of Grain rented Villages follows. In Fusly 1254 the number of these was 129. In Fusly 1255. 36. These rents were agreed to at the early part of the season, and none were entered into subsequent to the commencement of the Car harvest. Had the Instructions of the Board admitted of it a large portion of the Villages remaining in Amuany would probably have been also rented late in the season. There can be doubt that the Meerasidars who undertook these money rents in this year have gained largely by the high prices. It was not possible at the early part of the season to guess at what rate Prices would range, and though there was reason from the failure reported in other Districts to believe that they would be high it was not expected that they would be so exorbitant as they have proved. The determination in such season of what should be a fair Amuan of rent must be a matter of difficulty. An example of this

Vide Para 10.

is to be found in the Village of Topulanpoo Agoor in the Trivalore Talook. At the early part of the season, I was willing to rent this Village for 5000 Rupees but the Meerasidars would not listen to my proposition. At a later period, when prices began to rise high, they offered to accede to the terms proposed, but the prospect of the crops was improved, and I thought it more advantageous to rent the Village on a Grain Rent under which system the Revenue actually realized from it is Rupees 8038–14–3. Another example of the uncertainty which attends this description of rents in this District is to be found in the two Villages of Tolajapoor and Gopinadapoor in the Tiruvaloor Talook. The main crop of these Villages is what is called Chittiecar ripening in June. A Grain Rent was agreed to, but a failure of the Crops has ensued; and with it a failure of Payment of Rupees 815 which there is very little expectation of being realized.–

In

15 In the four first named classes of the crop the cultivation when below 70 per Cent recourse was invariably had to a Division of the Demand in substitution of the forming the Rent engagement. In the Field assessed Vil. lages, remission was given for waste and parched crops consequent on failure of water after careful examination of the failing lands. It was again imperative to make considerable remission in the Poonjah lands in the Trivady Talook on the grounds explained in my letter to the Board of the 23d. July 1846. These Vil. lages lying to the South west of that Talook, are in no way influenced by River Irrigation and the Poonjah lands unlike other parts of Tanjore, from the most considerable portion of each village. The failure of rain at the early part of the full extent of land agreed to at its com. mencement; and where this was proved to have been the sole cause, such waste alone was struck off. A small remission for similar reasons was allowed in Puttoocottah. The Remission given in Trivady Talook on wet land amounting to Rupees 6145 was, with the trifling exception of 56 Rupees for the same

vance Villages inmfluenced by River Irrigation.
In Nunnilum, Sheally and Sitrapoondy
Taloks, distant from the sources of
irrigation, comparatively large remissions were
found requisite. In Combaconum large remissions
were likewise given under the circumstances
explained by the Sub Collector in the 26th
Para of his Report. The Board will
observe that nearly one half of the remission
given in that Taluk Viz.t Rupees
2709. is on the three Villages named in the
Margin Mr. Cotton has submitted a
separate Report on the condition of these
Villages with the view of obtaining a
Reduction of assessment on grounds
especially applicable to them. The Accounts
are under scrutiny and the case will
be submitted for the consideration of

the Board should I feel satisfied of the
Policy of entering into the Question of
Partial & Permanent Reductions of assessment
which might lead to much Intrigue, and hold
out expectation of their general extension. The
Remissions granted by Mr. Cotton have
my approbation.

10. I will be observed that the
aggregate settlement of all the
Sources of Revenue for Fusly 1253,

Fusly 1254 — 4,72,675
Fusly 1255 — 5,11,340
Increase — 4,38,665

has been Rupees 5,11,340, shewing an Increase
of Rupees 4,38,665 above that of Fusly
1254, an amount exceeded only in
Fusleis 1233 and 1234 since the assump-
tion of the District. Fusly

The main Decrease under the Head of Rents is on Pollacy as Remarked in last Letter, settled under Grain Rents and Amany in Tinnevelly 1254 - ryots not rented in last are considered, it has been taken off Pollacy Rents of Tinnevelly 1255 as those of Calemuts having been commuted into Grain according to the Current Prices which the Collectors have fixed agreeably to the Standards fixed by the Board for 1254 - The Decrease on Amany is owing to actual Collections being less than the Demand - The Decrease on Cattle having amounted for the same to 798 - The Decrease on the Cast three Settlements is chiefly occasioned by Lands remitted on Tinnevelly 1254 having been carried to account according to the terms of Pattah in Tinnevelly 1255 - 20 per Cent

The Increase is owing to Collections being more than the Demand

Of the Land Revenue Demand of 4,53,527 Rupees, Rupees 4,17,698 were collected within the Fusly leaving at its termination a balance of Rupees 35,829 of which Rupees 18,0[illegible] have been subsequently realized. The balance outstanding on the date of this Report being Rupees 17,769. Of this sum Rupees 7,74[illegible] is the Demand for Caudaurambam Jarum Wolungoo and Grofs Beriz fixed Villages which I am not permitted to remit though the circumstances of the Villages render the Collection impracticable. Rupees 1770 are due by deceased and deserted Ryots in Villages under the same settlements and should properly be included among Remissions. Rupees 2222 are in course of collection, and will mostly be realized during the Current year. Rupees 816 stand irrecoverable from the two Villages referred to in Para 9. Assessment of Rupees 5,214 is outstanding against 43 Meerassidars whose claim to remission I refused to admit, and who consequently pertinaciously refused to cut their crops or pay their Kists. These 43 Meerassidars were in no wise better entitled

entitled to remission than the remaining 55 of the same Villages who paid their dues without asking for it. Their lands were on Enquiry ascertained to be mixed up with those of the other Landholders of the Villages and in most instances, they held shares in the many subdivisions of which the Villages was composed. It

Fort St George 3rd June 1847

It was clearly shewn on investigation that there was no want of water in the channels of supply and that whatever deficiency of crops had occurred, was attributable to negligent Cultivation or other causes for which remission was not justly due. The low Prices and deficient Produce of late years, have called for liberal remissions and a notion seems to prevail that remission is to be exhorted from the Government without reference to causes of failure. While the benefits of great improvements in the irrigation are being felt by all classes, the cry of failure has been continued by the Defaulters whose negligence would only be rewarded by Remission to which neither by the letter nor spirit of their Engagements are they entitled. A due respect for the rights of Government demands the recovery of these Balances, and I shall shortly have to solicit the sanction of the Board for the exposure to Public auction of the Lands of those who fail to enter into arrangements for the payment of the

Demands against them:-

27. Rupees 52,094 the balances of former years have been realized in Fusly 1255, which added to the Collections on account of the same year, make the Land Revenue paid within the Fusly to amount to Rupees 42,69,792.-

28. Rupees 48,600 were advanced under the Head of Tuccavy and have been recovered in full. The Marginal Statement shews the amount of Balances under this Head unadjusted for years previous to Fusly 1246/1836/37 subsequent to that Fusly there are none outstanding.-

30 . I have the honor to sub-
-mit the Report of Mr J. Cotton on the
settlement of the Division of the Dis-
-trict under his charge. Mr Ellis the
Head Assistant has had the Revenue
charge of the large Talook of Veevalur
the Management of the Salt, Sea Customs
and Frontier Duties and the Magisteri-
-al business of 4 Talookes. During the
absence of Mr Cotton on leave Mr Ellis
performed the Duties of Sub Collector
Mr Grant who since the termination of
the Fusly has been promoted to Special
Assistant has been of great assistance
to me on the Magisterial Department
and has at all times shewn the utmost
alacrity in aiding me in the Revenue
the execution of every duty entrusted to him
Mr Grant exhibits judgment and industry
affording satisfaction to the People, to the
public Servants under him and to his su-
-periors in Office, and it gives me pleasure
to bring his meritorious conduct prominent-
-ly to the notice of the Board. Mr Minchin
has had charge of the Post Office De-
-partment and has been usefully employed

in Police duties and during the harvest
of the Tumany Villages he rendered
—valuable assistance. Mr Minchin
possesses a good knowledge of Tamil
and has qualified himself for a more
important charge. To Mr Cotton and
to the three Gentlemen above named
I beg to tender my best acknowledge-
-ments for the Cordial Co-operation
which I have received from them during
