(Here enter 31st May 1847 No 269)

The Most Noble the Governor in Council observes

10184. Fort St. George 2d August 1847.

observes that the Establishment which the Collector of Tanjore proposes to entertain in substitution of regular Sepoys of the Line at present employed in Tanjore in guarding and escorting Treasure is less than that recommended by his Predecessor in his letter of the 20th June 1846- although it is the desire of Government that all Establishments should be formed on the most economical basis. It is obvious that in the present case the safety of the Treasuries should be fully secured, and before applying to the Government of India for sanction for the proposed increase, His Lordship in Council would wish to be certain that the present Collector of Tanjore, with reference to the opinion of his Predecessor is fully satisfied that the Sibbendy he recommends is amply sufficient for the purposes intended, and if not that he will so increase its number as to place its efficiency beyond doubt.-

To

Secretary to Government in the
Public Department
Fort St. George.

Sir,

I have the honor to enclose a petition (as it was sent) signed by myself and the Cultivators of 18 Villages under the Trivady Bund South Arcot Cuddalore, representing certain grievances under which we labour.-

2. My motive for bringing myself to the notice of the Most Noble the Marquis in forwarding this Enclosure is to solicit the interference of the Council Board to determine whether the head Revenue Officer of the District can thus summarily return a public communication to his address without answering the representation referred to him in it.—

3. I think it right to inform the Government that owing to certain differences between

Fort St.a George 2.d August 1847

between myself and Mr.a Davis the Collector he has declined to receive any communication from myself But I presume respectfully to question if he is authorized by the Rules and Regulations of the Service to carry out this denial to parties who have serious interests at stake and consequently well grounded claims on his official attention, and confidently look to the Government for support.-

4- I have the honor to transmit a copy of the Petition above referred to.-

The humble Petition of the undersigned inhabitants of the 18 Villages under Trivady Bund watered by the Gundelum Rivers-

Most humbly Sheweth-

That when your honor was at Trivady for the Jamabundy to issue Puttahs you promised to write to the Engineer to have the Brick annicut built this year But as it appears

Fort St.a George 2.d August 1847.

appears to this date that no such order has been issued, we are not only losers of the Articles made and collected by our contract for making Bricks- But we are also losers by our first Crop of Paddy in consequence of the trouble occasioned by the annicut Work- and our second Crop of Cor Paddy we have been quite unable to plant as you opened our channel and gave all our water away to the Parloor people seeing now that the annicut will not be built, we beg your honor will be kindly pleased to order that the channel be closed and the water given back to us that we may endeavour to plant still a few Acres for our support this year.-

From the Sr Collr of Masulipatam submitting an offer received for the Rent of Abkarry Revenue of Masulipatam Mootah for Fusly 1257 and requesting sanction for the same.

Sir,

Para 1. In my letter of the 8th Instant while submitting for sanction a Moyen Zabitah for the Aumany Management of the Abkarry Revenue of the Bunder Division, I stated that I would still endeavour to obtain an adequate proposal for the Rent of that Mootah, and I have now the honor to report that the late Renter has at last come forward with an Offer of Rupees 11,500-0-0 inclusive of the fees on Palmira

J. J. S. R.

10192 Fort St. George 2d August 1847.

Palmira leaves being Rupees 1814 below the rent of last Fusly.

2. To account for this diminished offer I would observe that since the commencement of Fusly 1251 A.D. 1841-42 the Civil Farm of this Division has been rented by the present proposer in connection with others who have rented the Military farm of this Town during the same period and the Management of the two farms being thus conjointly carried on, resources have been available for meeting the increased demand on account of the Civil farm, the rent of which was raised by competition in Fusly 1255 A.D. 1845-46 to Rupees 13,310 and in the past year was Rupees 13,311. The same individual who made an Offer of Rupees 13,364 for the rent of the Current year provided the Military farm was granted to the parties in connection with him. That farm however was obtained by another individual for a sum less than the rent of last year by above Rupees 3000 and the separation having materially affected the value of the Civil farm, the late renter could not undertake without loss a rent so much raised under the abovementioned arrangement, and accordingly at first made an Offer of only Rupees 10,250 which

which he has since increased to Rupees 11500.

3 Before receiving the last proposal I had been making arrangements for the Annamy Management of the Moolah by inviting proposals for the rent of the Abkary Revenue of the different Villages separately to the Toddy drawers themselves and other parties coming forward for the rent of the Villages in the immediate vicinity of this Town and it was calculated the settlement might thus amount to Rupees 12000 exclusive of charges for Establishment &c. The Estimate was however framed with reference to different contingencies in which disappointment might occur and as the amount would have to be collected from numerous individuals who can hardly give competent security I doubt not some balance would accrue at the close of the year. Moreover the collections made in the different fusles since fusly 1211 (A.D. 1831-32) in which the farm was held under Annamy as shewn in the Margin do not encourage me to expect that the full amount thus estimated could

could be realized.

4. On the other hand the late renter has always paid his Kists with punctuality and will now give excellent security and as I think it very desirable that this branch of Revenue should, if possible, be rented out, I beg to request the Board's sanction for confirming him in the rent of the Bun Cutcherry farm for the present year for Rupees 11,500. Though this amount is below that of the last two years, the account in the Margin shews that it exceeds the rent obtained for many years previous to that. The obvious necessity for a speedy settlement of the question will I trust be an excuse for my soliciting a reply at as early a date as possible.

From the Agent to the Governor in Vizagapatam

Reports the death of the Salloor Zemindar in October last and wishes to know whether the Board approve of making his Eldest son by the first wife who is a Minor, a Ward of the Court -

Sir,

1- The owner of the ancient Zemindary of Salooor Narrain Ramachendrawze died in October last and as there was a considerable Balance of Peishcush for Fasly 1255 outstanding thereon exceeding Rupees 8,000 and no security for payment of the Current Peishcush of Fasly 1256 Rupees 32,900 and odd, I deemed it necessary to order the local authorities to hold the Estate under sequestration -

2- During the season that has just expired I have thus been enabled to secure the Government Peishcush with nearly all the arrears, although a considerable sum had already been collected by the deceased Zemindar -

3- The family is of high respectability and the deceased left three wives all living and has a family by each -

4- It is the unanimous desire of all the Members of the Family that the Zemindary

Fort St. George 2d August 1847

Zemindary should be managed by the Governors Agent during the Minority of Sunnyasee Nauze the Eldest Son by the first wife to whom the succession devolves, agreeably with the usage of these ancient Zemindars -

5 The Estate itself is of great fertility, and is sure under ordinary Management to yield a very considerable surplus, notwithstanding that the late Zemindar left a heavy private debt.

6 There will be no difficulty in managing the Estate and Sanctioning that the surplus accruing during the minority will suffice to discharge all private demands. The boy is about 12 years of age.

7 If the Board approve in making the Young man a Ward of the Court, the details of the allowances for the family maintenance and other arrangements

arrangements will be specially reported hereafter for sanction: As well as some arrangements for the proper education of the Young Zemindar.

Vizagapatam Government Agents Office 16th July 1847.

Agent to the Govr

Proceedings thereon —

(17-18)

The Board observe that the Agent states that during the Season just expired he has been enabled to receive the Government Peishcush with nearly all the arrears, that there will be no difficulty in managing the Estate and that he anticipates that the surplus accruing during the minority will suffice to discharge all private demands upon the property. Under these circumstances and in reference to the unanimous wish of the Family the Board beg to recommend that during the minority of the Heir the Estate be placed under the Management of the Agent to the Governor subject to the orders of the Court of Wards —

In the event of this arrangement receiving the sanction of Government due arrangements will it is observed be made for the maintenance of the Family — and for the education of the Minor. —

Ordered

Ordered that the foregoing letter be submitted with the following address.—

To,

The Chief Secretary to

Government.

(19-20)

To the Chief Secy. to Government.

Submitting a letter from the Collector of Guntoor forwarding 2 Statements of sums paid as wages to Servants employed in the purchased Zemindary Estated in that District in Fusly 1255 amounting to Rupees 4006-13-11 and recommending that sanction be granted for the charge.

Sir,

1. With reference to Para 2 of the Extract from the Minutes of Consultation under date 11th June last, I am directed by the Board of Revenue to request you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Guntoor forwarding two Statements of sums paid as wages to servants employed in the purchased Zemindary Estates in that District in Fusly 1253.—

2. The wages of these Servants were formerly charged in the accounts of the Zemindaries, but since their purchase by Government they are detected in the public accounts. The Board therefore recommend that sanction be granted for the total charge amounting in the aggregate to Rupees 4006-13-11.—

3. It may be proper to add that the disbursements entered in Statement No. 1 being on account of wages of Village Officers will continue to be debited under the head of Extra Charges until otherwise provided for, but those in Statement No. 2 on account of Hurzy Goor and District Cutcherry Servants will be discontinued in future, being not included

included in the Mogan Jabetah sanctioned by Government under date the 21st December 1846.—

From the Collr. of Guntoor forwarding two Statements in detail and Abstract of Villages in which the first exceeding the proposal by the Board in Para of their Proceedings dated 25th May 1846 the Jowars of Villages rented for more than one year.

Sir,

With reference to the Board's Proceedings on my Summahmundy report for Fusly 1254 I have the honor to forward a Schedule of 49 Villages for which proposals have been obtained from the Rayets for a Settlement on the principles pointed out by the Board as I understand them.

Thirty Eight of these Villages were last year settled on an actual partition of the gross produce. The rayets have now stipulated to apportion on the several lands of the Village the amount of the proposed Settlement which is to be in force for the number of years specified in each case subject to the confirmation of the Board, and to be set aside in the event of a regular survey & assessment being

being introduced in the mean time - In other respects the engagements signed by the rayets resemble those taken by Mr. Goldingham from the rayets of the Rachoor Talook, in the Villages settled by him in a similar manner, I trust the amount of Settlement will be considered satisfactory with reference to the average Collections, and especially to the great importance of superseding a vicious system - I must add that in 88 of these Villages, the sharing tenure has continued in force since the permanent Settlement, and no accounts of the former muctas are forthcoming as the basis of the present Settlements - They lie along the Kristna chiefly in what was the Tanah of Tenally. —

2. In seven of the Villages the Settlement has been made on the former money rates, four Villages formerly under Muctas and latterly under share, have been settled on the Veesabady or individual rent tenure, as the Rayets did not agree to the original muta rates. —

3. Great progress has thus been made in superseding the sharing system by one on sounder principles, and when it is considered that the last season was worked by a rare combination of — a bundant produce, and scarcity of prices, the — terms on which the change has been made — seem advantageous - The aggregate revenue on dry

dry lands realized under share in Fusly 1255 which has been commuted to money payments may be stated at — 14,490 - 11 - 4 - Rupees and the amount at which it has — been settled at 12,417 - 8 - 1 - besides which lands — held on share in Villages partly mucta have been settled to a large extent at their former rates or according to contiguous lands of the same quality. —

4. It has not in this season been found practicable to introduce the same system in the Villages along the coast belonging formerly to Nizampatam Circar from peculiarities in the soil, and cultivation presenting difficulties which however it is hoped may still be met in another season, and in some of the low Villages in the Pennoor Talook which suffered much from floods -

N-4 2. 5. I also send a Statement of Village rents for more than one year which with one or two exceptions were given before the receipt of the — Board's Proceedings and which I beg the Board will be pleased to sanction - They were almost all in the former Corapand Tanah, and on Villages which have been under successive rents for a long series of years - In the absence of a survey assessment considerable difficulty will attend the introduction of another mode of tenure but as the Villages are at present for the most part the renters and a good understanding subsists, it does not appear likely that the evils which frequently have arisen — under Village rents will in their case be experienced - On 79 Villages the settlement for 1255 was 52,601 - 4 - 5 - and the rent now concluded amounts for 1256 to 70,996 - 3 - and for 1257 - to 74,181 - 8 - 4 - —

6. A third Statement exhibits in abstract the result of N^os 1 and 2. —

(23)

Sir,

From the Collector of Guntoor

I have the honor to request you will have the goodness to cause the following corrections to be made in the Demand Collection and Balance Statement forwarded on the 21st Instant. The erroneous entries were observed by me when the Statement was brought for Signature and sent back for corrections at Guntoor, but it was thro' oversight despatched without the corrections being made.

At Page 1 under extraordinary items for "Magisterial charges" write "Magisterial Receipts."

At Page 2 in Column 22 in the Total including Stamps for 1,00,068-11-9 write 11,00,068-11-9.

Read the following letter

To J. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St George

(25)

Sir,

From the Collr of Bellary

Para 1. In furnishing me with an Extract from a general letter from the Honorable the Court of Directors dated 12th Novr 1845 & 22 Para 92 Submitting with reference to the Extract from a general letter from the Honorable the Court of Directors — dated 12th Novr 1845 & to the Board's Proceedings thereon of date the 16th April 1846 a report upon the System as at present followed in regard to the manufacture of Earth Salt in the Bellary District & the arrangements proposed to be adopted in future by reducing the number of Class of the Molas and limiting the Demand of Government to 10 per cent in the value of the Produce —

Extract from a general letter from the Honorable the Court of Directors — The Board have under date the 16th April last called upon me to submit my opinion upon the feasibility and expediency of placing the Manufacture of Earth Salt in my District under a more defined system of Regulation and in lieu of — levying Moturpha on Parties engaged in the manufacture imposing a Moderate tax proportioned to the quantity Manufactured, also to state the arrangements which it will be necessary to adopt for Carrying the plan proposed by the Honorable Court into effect —

I shall proceed in the first place,

2 to explain the System as at present followed, and will then submit the arrangements which I propose should be adopted —

The brackish Earth which is

3. . .

Collected every year and heaped up and — from the Moisture Contained in which the Salt is Manufactured is called "Moda" or Hillock) These

these "Modas" with reference to the quantity of Salt manufactured in each are in certain Talooks, classed respectively as full, half & quarter Hollocks while in others no System or Rule of any defined character exists. The Modas of one Village or Talook do not however agree with those of another either in respect of name Class or other particulars. I mean to say that every variety of denomination and System prevails in the District. Neither is the tax thereof regulated on one uniform principle throughout the Province; but in each Talook or Division continued

agreeably to a Mamool of its own.

4 Until I could obtain such accounts as might afford information on these varieties, it was impossible for me to form any opinion of what ought to be the future System. I issued Circular Orders to the Amildars to have the whole of the Hollocks in their respective Talooks examined without exception, and to send in detailed accounts of such examination stating the amount of Tax which each Hollock pays at present, the quantity of Salt manufactured &c. &c. &c.

5 This examination, and the rendering

of accounts by the Talook authorities have necessarily occupied so much time that I was not able to forward this my reply earlier. The Talook accounts had to be abstracted in my Hooz or Cutcherry revised and reduced into a general Statement, and in consequence of the remote places selected for the manufacture (often in unfrequented Jungles) and the uncertainty and want of information on the subject, I can assure the Board, that no unnecessary delay has occurred.

6. The want of uniformity in the System as above set forth is occasioned by one Salt Hoop being worked by 8 Persons with 4 Buffaloes another, by 3 Persons with 3 Buffaloes a third by 1 Man and 1 Buffaloe while some are managed by manual labour alone without the aid of battle. The return from these operations is, of course, enjoyed by those following the Trade and as the produce is dependant upon the extent of labor bestowed, I have endeavoured to show in the accompanying Statement No 1 (which has been prepared from the Talook accounts) the various classes of the Salt Hoops noticing by how many men and Buffaloes each Class is worked, together with the tax attached to each. An abstract of which Statement I beg to subjoin.

7 By this account, it will be observed, that the number which actually paid Tax during Fusly 1255 is 2889, the collection amounting to 6 Rupees 13105 4 0, if from this is deducted those 84 Molas Rupees 112 8 0 not actually worked but taxed as usual, the remaining 2805 Molas is the actual number worked and paid Rupees 12692 12 0 during the Fusly of these, there are not 16 Classes, in 12 of which both manual labor and cattle are employed, the remaining 4 being worked by manual labor alone, The taxes were levied on the actual number worked for the above mentioned period at different rates, but on the whole District, the highest rate is 28 Rupees per Mola and the lowest 3 annas and 6 Pice, the average being 4 1/2 Rupees per Mola. The average Tax on each Class and the increase and decrease appearing in the Statement No 1. now submitted will satisfy the Board beyond a doubt, that the Taxes levied in this District on Earth Salt Molas are not based upon any Systematic principle of taxation or any uniform rates. My Predecessors as well as myself have occasionally brought to the notice of the Board, the irregular Motunpha taxes on which Earth Salt is included.

8 In my opinion it will be inexpedient to introduce a new System, until the existing one which has obtained for a series of years is totally dispensed with. In the new System the alterations anticipated will consist in those now paying high taxes being taxed less while those paying less than is just will of Course be called upon to pay higher taxes as circumstances may render it necessary. The result will be discontent among the latter mentioned Classes. It nevertheless seems advisable to introduce at once a defined regular System rather than Continue the present irregular and objectionable mode of taxation. The change will not at first appear a hardship, but in Course of a year or so after its introduction it will become universal and be understood and agreed to.

Having detailed the present System I shall state the particulars of the change proposed. Of the 16 Classes of Molas now existing those of a trifling and uncertain description ought to be dispensed with and such only as are of some Consequence be continued for the future, due regard being had in taxing them to the quantity of Salt manufactured in each of the Molas comprized under the respective Classes so retained and the tax being fixed with reference to what may be a fair portion of the product liable to be appropriated in the shape of an impost to Government, that the rates of Tax enjoyed so determined Stand unaltered. Under the impression that this is the object of the Measure suggested by the Honorable Board I have framed another Statement which I beg to submit (Enclosure No 2) from which the Board will clearly perceive the results of the past Fusly 1255, and what I propose for the future the gain or loss to Government and the Manufacturer. The following is an outline of that Statement.

10. The period during which the Salt operations are generally carried on is 6 Months in the year Viz^t in the hot Season from January to June. Within this period it is Manufactured 5 times a Month or 30 times in the Manufacturing Season. The Quantity produced from the different Molas of each Class as correctly as can be learned from the best informed Persons, has been ascertained, and of course forms the Basis of the suggestion now made. The Manufacturers themselves, are in the habit of disposing of their Produce at a much lower Price than the Bazar rate. I have fixed the value of a Garce of Earth Salt at 100 C. Rupees and Calculated the tax to Government, at 10 Per Cent on the value of the Quantity Manufactured. The rate thus proposed is the same as fixed for Veesabady on the Profits of Trade Vide Regulation IX of 1818 at the rate of 10 Per Cent on the produce of Earth Salt the tax on 2805 Molas will amount to Fanams Rupees 1,230 which being Contrasted with the sum Collected for Fusly 1255 (Viz^t 12,692 12) the decrease to be anticipated from the operation of the proposed System will be C. Rs. 11,69. 12 This added to the amount on Molas not worked in that year, makes the total loss to Government

If Government are not disposed to give up the last mentioned Benjy, but

Collection of Fusly 1256 - 13105
Increase — 371-

to assimilate the tax for the future with what has been usually collected up to this time, the best method of doing so that presents itself is by increasing the Percentage of tax from 10 to 12 at which rate the demand of Government would rise to Rupees 13476 calculated on Rupees 112,300 being the value of the assumed aggregate produce. Another plan is that of taxing those manufacturers who during the time they do not Manufacture Salt engage themselves in other pursuits. To be more explicit on this point, I beg to remark that of these Earth Salt Manufacturers some engage in agriculture at other times (i.e. the remaining 6 Months during which their legitimate pursuit is not carried on) some earn their livelihood by hiring out their Buffaloes during the Period just mentioned and the tax payable by them as employed in these Pursuits is, it should be understood included in the impost on Molas; but according to the System of taxing with reference to produce or income, they escape the payment of that portion of tax. Those who during the Half Year obtain a livelihood by hiring out Cattle (without resorting to agricultural pursuits) would be liable to pay a Bag hire Veesabady.

In the event of the Suggestions contained in this Report being approved of, defined Rules would be necessary. I have merely submitted this Report for the consideration of the Board in the first instance.

Proceedings Relative to the Settlement of the Land Revenue of the District of Kurnool for Fusly 1255.

1. In the latter which is the earliest of these Communications Mr Scott represents the season as decidedly unfavorable to the Monsoons having been very deficient. Previous to the 6th and 7th September so limited and partial had been the falls of rain that agricultural operations had ceased. On these Dates, however, as well as on the 14th Idem abundant rains fell, and the prices of Grain fell to their former rates. Subsequently the Rains were deficient and the general out turn resulted in general failure of the Crops on light as well as rich soils.

2. The Wet lands which yield not more than a Seventh of the Revenue, were more fortunate, the larger Tanks having received a sufficiency of water for one Crop, but the

Crops

Crops under the Smaller reservoirs suffered injury. The Chenna Crop was the only one that turned out well.

Para 5. 3. With reference to the apprehensions expressed by Mr Scott regarding the outturn of the Cotton Crop, and the probable injury which the unthreshed Grain was likely to suffer from a recent fall of rain, the Board are led to conclude from his subsequent silence on the subject that no material injury was sustained.

4. The report on the Settlement of Fasly 24 was received on the 20th December 1846, or 6 Months after the close of the Fasly Mr Scott explains that the delay was occasioned by the length of time he was engaged on the Frontier during the disturbance raised by Nursemmia Reddy, and the additional work thrown on him by the subsequent Proceedings held against his adherents.

5. In this Report Mr Scott refers to his previous Communication in which he had reported the season as very unfavorable, so much so indeed as to render some relaxation of the rules regarding Remissions absolutely necessary. The Commissioner seems not to have spared his own personal exertions either in the

the inspection of those Villages in which remission to any extent was given, or in ascertaining and refusing indulgence where he thought it possible to do so. the season in short is described as one in which much distress was felt, and had it not been for high prices much Revenue would have been lost.

6. In noticing the subject of high prices the relative rates in the present and past Faslies should have been exhibited. In their Review of the Settlement for Fasly 1253, the Board dwelt on the importance of detailing the average selling prices in the Report and directed that a Monthly return of Prices Current should always accompany the Statement of Demand Collection and Balance furnished to this Office. neither of these requisitions has been attended to by the Commissioner, and his attention is now called to the subject, in order that the omission may be carefully supplied in future.

Para: Dated 16th Feby 1846. Para 21.

Para 3. 7. The Southern Talooks Viz. Chengulmurry and Panoor are represented as having suffered most in point of season, and there the remissions were the largest, but the Board have not before them any Statement shewing in detail

Fort St George 2? August 1847.

detail the extent of Cultivation in each Talook, and the ratio borne thereby to the amount of Remission granted in the same Statement as No 3 which accompanies the Report is of a general Character, and merely exhibits the Comparative results of the Cultivation of the entire District in the past and current Fusles. It is therefore directed that a similar Statement Talookwar be henceforth forwarded with the Report and if any difficulty be experienced in doing so for Fusly 1256 the details of the preceding Fusly may be dispensed with. Those for the year reported on being absolutely necessary.

Para 4. 8. Mr Scott states that notwithstanding the unpropitious Nature of the season, there was an increase in the Cabooliaty for the year under Review of Rupees 19490 and the Net Settlement after deducting remissions shows an increase over the antecedent Fusly of Rupees 7361- It is also observed that there was an increase of Collections amounting to Rupees 5811- 7 — 8 — 9.

The Subjoined is a Statement Comparative of the Beriz under each item in the present and past Fusly.

Remainder Deductions during Summah

From this it will be seen that there was an increase in the Cabooliattee of Rupees 19489-7-6 and of Rupees 710-8-6 in the Net Settlement, inclusive of ready money Collections, and that the sum of Rupees 7361. given by Mr Scott as the increase in the Net Settlement has reference to the Land Revenue of the District only.

10. The foregoing Statement is taken from Statement No 3 which accompanied the Report, but it is desirable for facility of reference that in all future Summabundy Reports wherein entries of Berizes &c. are made, Tabular Statements, in which they are traceable, should invariably be given.—

11 In Para 5 of his Report Mr Scott states the decrease in the Enamattee at Rupees 5469 which however he describes as only nominal the demand having been struck out of the accounts in consequence of its never having been realized.

12. The following is the result gathered from Statement No 3.—

	Fusly 1254			Fusly 1255.			Increase		Decrease

adverting

13. Admitting that Mr Scotts investigation into the subject of Enams had rightly led him to the opinion that the Enforcement of the said Amount of Puttee on the Enam would be no longer justifiable, the striking it out of the accounts, without the sanction of the Board was irregular.

Para 8

14 The total amount of Remission for Shavy on Lands which were actually sown amounted to Rupees ——— 10267-14-11

Viz. Nunjah Shavy Rs. 2660-11-6.

Poonjah Do Rs. 7607-3-5.

Total 10267-14-11

15. Mr Scott states that these remissions were granted after full investigation into the Circumstances of each Ryot, and with reference to the aggregate out turn of all the lands. In illustration of the principle observed by him in that respect he has forwarded an Jeerwah account of two of the Villages which received remission.—

16 Here it must be observed that Remission on account of Poonjah Shavy so far from being countenanced by the provisions of the Rookoomnamah of the District is expressly prohibited in Para 9 of its provisions. so great a deviation from the rule ought

not

Fort St George 2? August 1846.

not to have been ventured upon without the previous sanction of the Board having been obtained.

Fusly 1254	1667	8	1
Fusly 1255	10267	12	11

17. The Marginal entry shows the amount of Remission granted during the years commencing from Fusly 1250, from which it is perceived that the Remissions for the year under review were considerably greater than those for any of the preceding Fuslies. The season of Fusly 1253 was notoriously bad and occasioned a very considerable decrease in the extent of Cultivation both under Nunjah and Poonjah nor were the prices high. and yet these Considerations were not deemed powerful enough to induce the extension of Remission to Poonjah lands. Nunjah alone having enjoyed that indulgence.

18. On a reference made by the Collector of Cuddapah on the subject of Remissions on account of Poonjah shavy the Board prescribed on their reply dated 13th December 1832 that the principle observed by Colonel Munro in Fusly 1241 should invariably be the guide that such indulgence should be distinctly understood as having been extended in Consideration of the

Fort St George 2? August 1847.

the peculiar severity of the season of the particular year in which it is granted and with a view to prevent its being taken hold of as a precedent they directed that the qualification above specified be always entered in the Puttahs. Judging from the nature of the four items under which the Remission was distributed in the Fusly under Review, it is believed that so far Colonel Munro's Rules have been conformed to: but the Board are not aware whether the qualifying clause has been inserted or not in the Puttahs.

19. The principal item under the head of Teerwah Cummee is stated to be Rupees 201 on account of land planted with sugar Cane which was taxed very high under the late Government. The above sum of Rupees 201 was found to be the excess above the Teerwah assessible according to the principle laid down in the Boards letter dated 26th January last, and was therefore struck off.

20. The Commissioner will be pleased to furnish with his future Summabundy Reports a separate Statement shewing the extent of lands cultivated with Sugar Cane their former Teerwah assessment and the Jyen principal and Tusdeek Teerwah

Teerwahs / extra cesses imposed thereon in Conformity to the Board's instructions alluded to —

21. In regard to a remission of Rupees 15-8-0 being half the Full Teerwah on an extent of two Crop land in the Village of Brahmiapullee, Mr. Scott explains that the land in question was not Cultivated with a second Crop in consequence of operations for the first Crop having been commenced at too late a period. The Rules of the Ryotwar Settlement relative to this subject prescribe that one Crop land happening to be Cultivated with two Crops shall pay an additional Tax of half the original demand and that two Crop lands Cultivated with only one Crop shall receive a Remission of 1/3 of the original assessment according to which the proper Remission on the land under Remark would be Rupees 10 — 6 — 8 or 1/3 of Rupees 31-4-0

22. In explanation of a "Teerwah Cummee" of Rupees 134 — 5 — 3 in four Villages the Bagayet lands of which Mr. Scott considered too highly assessed the Commissioner states that he had hitherto put off the reduction by an assurance to the

the Ryots that it would be rectified at the introduction of the Survey assessment but that with reference to the severity of the year under notice, he made the reduction at once. If the assessment on the garden lands alluded to be too high in Comparison with that on the adjacent lands the Course adopted by Mr. Scott must of Course be allowed to be right, but he should be careful in future to have both the original assessment and the reduction inserted in the accounts / instead of merely the Net demand after reduction / as such detailed entries would hereafter be of use.

23. Of the total amount of "Teerwah Cummee" stated by the Commissioner at Rupees 448-10-1 the details given amount to Rupees 415-3-7 the remainder being Composed of trifling items. There is a difference however of 2 Rupees observable between the total of Rupees 448-10-1 in the Report and that in the Statement which gives it at Rupees 452-10-1 whilst from the Window Statement it appears that the above sum of 2 Rupees constitutes the Remission granted on a piece of land on which a House was erected and improperly included

in

Fort St. George 2d August 1847.

in the Teerwah Cummee instead of being more properly placed under a Separate heading.

24. With reference to the Circular instructions from the Board dated 21st October 1839 it is resolved that Mr. Scott be furnished with transcript thereof and that he be called upon to transmit with his future Summahundy Reports, statements shewing the Particulars of Settlement in any one Village in the District which he may select, and also Villagewar accounts of Beriz in elucidation of the principle of Settlement generally adopted in the District, such Returns being furnished by the Revenue authorities of all other Provinces in Conformity with the above requisition.

Ordered that a Copy of the foregoing Extract from the Boards Proceedings be submitted to Government and a transcript of the same be forwarded to the Commissioner of Kurnool for his information and guidance.

From the Agent to the Govr. of Kurnool

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 10th June 1847, requesting the Collectors in the Provinces to submit to the Board a Hookoomnamah pointing out in detail the specific duties required from Carcoons.

2. The duties performed by the Carcoons in this District are precisely similar to those mentioned in the Hookoomnamah of the Collector of Salem, and in preparing a Hookoomnamah for submission to the Board, I found it impossible to avoid making it almost a Copy of that, I have not as therefore thought it necessary to trouble the Board with a repetition of these instructions, but as more detailed directions on a few points not particularly alluded to in Mr Lockhart's Hookoomnamah I have from time to time been issued to the Carcoons in Kurnool, I have the honor to forward a Copy and translation of them.

Rules for the guidance of Carcoons in the Karnool District.

1. In the Statement transmitted annually to the Zalook Cutcherry prepared according to the Hookoomnamah shewing by a proper calculation the number of Goats and Sheep in possession of Coorbahs and Sheep keepers &c. of the Villages within his Division, the Carcoon need not include young ones under two Months old.

2. When the Carcoon is informed of any wet Crops having been dried up for want of water he is to proceed to the spot and examine them and report the true State of the case to the Amildar; he should be careful not to allow water to the Enam lands until all the usual Ayen land which is fit for Cultivation has been agreed for.

3. In examining previous to Jummabundy the fields in all the Villages of their respective Divisions, the Carcoons are to examine every day 60 Numbers, and every Village must be examined, twice for the dry lands after the seed is sown and at different times for two Crop wet lands. If they fail to examine the Villages within

Fort St. George 2nd. August 1847.

within their division as aforementioned, and any Village is left unexamined, others will be appointed to make the examination and a Salary deducted out of their pay.

4. Whenever a Carcoon may proceed to the Villages within his division and compare the Lists with the amount collected from the Ryots, if any irregularities be proved against the Reddies and Curnums he is immediately to report the case to the Amildar, and in order to ascertain readily in which Villages these enquiries have been made he is to enter in his Diary in detail, that the Collections made from so many Ryots of such a Village have been compared, and also note any irregularities which may have thus occurred, and as it appears that the receipts given to the Ryots before Jummabundy do not always bear the Signatures of the Reddies and Curnums the Carcoon is to take care for the further prevention of such informalities, that each Ryot has a receipt on a small piece of paper for each payment from the beginning of the Kists that they may be affixed to the Puttahs at the time of Jummabundy. Moreover in Comparing the Collections it must be done in presence of all

whether walls have been constructed round the wells or not, and cause them to be built wherever there are none; and he should also see that the order is obeyed, which requires a piece of wood to be suspended near the steps, to be within reach of any one that may fall into the well.

To D. White Esqre

Acting Secretary to the Board of Revenue Fort St. George,

(36)

From the Collr of South Arcot—

Sir,

1. With reference to the Extract from the Proceedings of the Board of Revenue, I have the honor to submit the whole of the original Proceedings connected with the charges preferred against the Petitioner both in the examination held by the Acting Superintendent of Sea Customs at Porto Novo and subsequently by the Head Assistant Collector.

Referring Petition No 298 of 1847. From Parthasarathy Iyengar late Sea Custom Writer Porto Novo reporting thereon.

155 Dated 1st Octr 1847 Petition No 298 15th Octr 1847 with enclosures

2. The Petitioner was not brought to trial under the Penal Regulation X of 1822, and the Board will find from the above papers that the mode of procedure adopted in conducting the investigation

Fort St. George 2nd August 1847.

of the officers charged against the accused was of a preliminary nature.

3. The Petitioner held the Office of Acting writer of Sea Customs at Porto Novo, where several complaints were at different times received against him both in writing and verbally on the occasion of my visiting that place, but the complaint which led me to his dismissal, was one preferred by the Duffadar of the Sea Custom Office upon whose Statement placing some reliance, I was induced, with a view to ascertain the correctness of the charges, to hold a summary enquiry on the subject in the absence of Petitioner owing to the averseness of the people to come forward to depose against him whilst he was on the spot, from the circumstance of his having escaped conviction on a former occasion, when the rest of the servants were dismissed from their situations for similar malpractices

Fort St. George 2d August 1847.

malpractices. Instead of suspending him I ordered him to repair to my Cutcherry to bring up the arrears in the Department he had so neglectfully allowed to accumulate granting him the half of his salary till that duty was completed.

4. The circumstances remarked by the Head Assistant Collector, added to a report of the Acting Superintendent of the Sea Customs at Porto Novo (see* Copy wherein enclosed) completely confirmed the suspicions I entertained for the last 2 years of the character and conduct of the late writer and which was grounded from what I had seen and heard of him from various quarters from time to time, rendering the Petitioner utterly unworthy of further confidence.

5. From the above explanations I trust the Board will be satisfied as to the grounds and necessity for the removal of the Petitioner from the Office, and will also agree with

* The general letter from the Court of Directors dated 1st March 1843 entered in the Board's Rec. 8th June 1843.

Sir,

Para 1. With reference to the accompanying Petition preferred by Mahomed Khan Duffadar of this Office, which was referred for my inquiry and report, I have the honor to submit the following for your information and eventual decision.

2. The first charge brought forward by the Duffadar in his Petition against Parthasarathy Iyengar English writer Mariengar Monegar, & Seenoovasa Iyen Nevesindah of this Office is that they had on the 22d April last allowed six Madura Cloths of the value of 15 Rupees each to be taken on board a Country Craft then in these roads, free of duty, and had received some money in return from the Commander of the Vessel, and further that they had passed Rice to the value of one Rupee free of duty, which the Flagstaff Syrang Vellapen, by whom the cloth was sent on board had brought with him.

3.

The circumstance of the cloths having been sent on board without lowying duty and of the money having been received in return has been fully proved by the evidence of the first Witness Nellapen, who in his deposition not only admits of his having been the bearer of the money, but also enters into circumstantial detail of the whole transaction; that the confessions of the other witnesses* who were examined at the same time proves it beyond a doubt that the Writer Monegar and Neweesindah had defrauded Government of their dues.

* Matto Naick
Abdullah

4. It would appear that one morning about 8 O'clock Nellapen the Flagstuff Syrang was sent for and ordered by the writer to accompany the Commander to his Vessel for the purpose of bringing with him Rupees 13½ which he would give him, and also to cause the six red Cloths which was tied up in a bundle and given to the Commander, to be passed without any impediment in the part of Mahomed Shabaf, Deloyet of the Custom House, who was then on his ground at the beach, and to inform Karaningar the Monegar, that he (the writer) will pay the duty due on the Cloths. On his proceeding accordingly to the beach in company with the Commander, having met the Monegar near the Customs House, delivered the

the message to him, who told him immediately that he has credited the duty on the cloths in the accounts the day previous, and ordered him to inform the same to the Peon at the beach and carry the cloths soon to the Vessel. On his reaching the beach, he found the Commander who had proceeded a little before him already there, and Mahomed Shabaf inspecting the Cloths. Nellapen communicated to him the orders of the writer and Monegar upon which he ordered the Catamaran man to proceed with the Commander as well as the cloth to the Vessel. A few hours after Nellapen returned with Rupees 13½ and some Tobacco for the writer, which was delivered to him immediately, and a small quantity of Rice which Nellapen got from the Vessel for his share.

The confession of Peons Mootoo

5.

Naick and Mohomed Shabaf are more clear on the subject; for they state that one day about the middle of April last the said Vessel laden with rice and paddy from the Northern Provinces anchored in these roads, and about 4 O'clock that Evening the Commander who came ashore to ascertain if he could obtain a sale for his grain in the Town, met the writer Paravathy Syengar at the Custom House, and after conversing with him until 9 O'clock that night accompanied him to his house, where he had his supper and lodging and the next morning procured him the cloths in the presence of the Monegar and Nerravasiendah

*This part is more clearly stated in the Deposition of Ramiengar.

Nerra-nevasindah whom he had invited to his house to select the best sort and further that each cloth was worth about 15 Rupees according to the value set on them at the beach by Raza Meca this place, and who went to the beach to meet the Commander for the purpose of purchasing grain.-

6. Regarding the duty on cloths it is neither proved by the witnesses nor by the accounts of the Office, that either the writer or the Commander had paid it- and as it appears to me extremely suspicious that the writer as well as the Monegar and Nevasindah, without whose knowledge nothing was done at the time, could have shown the commander so much Kindness without some inducement I am inclined to believe that Rupees 13½ which the writer received and which can neither be accounted for the value of the cloths or for the Government dues, which was trifling, was a bribe that they have received in consequence of their having saved the Commander from the payment of duty on cloths, as well as anchorage duty on his Vessel, neither of which appears credited in the accounts of this Office.-

7. The second charge is that the Nerranevasindah Ramiengar was in the habit of entering the Weighing accounts at the time when goods are brought by merchants to be weighed, on

on common Cadjans instead of stamped ones according to the orders issued by the Collector, and that when the Duffadar pointed out the impropriety of the proceeding, the Nerra-Nevasindah as well as the Writer and Monegar, to whom he subsequently informed the irregularity cautioned him against his interfering in the matter in future.-

8. On an examination of the four[x] Witnesses produced in support of this Charge it is proved by their evidence as well as by that of Nerra-Nevasindah Ramiengar himself that it is always customary to enter the weighing accounts on stamped Cadjans agreeably to the late orders of the Collector, but that during his absence from Office on leave on two or three occasions Nerinengar, the Monegar, who conducted the duties of the Nerra-Nevasindah, wrote the weighing accounts first on common Cadjan and afterwards entered them on stamped ones upon the order of the Writer. There is no doubt that such was the case from the control which Parthasarady Iyengar appears to have exercised over the Establishment and from the way he had intimidated those whom he found to submit to his wishes easily.-

[x] Abdullah Mahomed Shabaf Nellapen Mootoo Nauck Dasyah Row.

9. The third Charge is, that with a view to defraud Government, a practice had been introduced by the servants of the Sea Custom House, of passing goods landed at this port upon

upon deposits instead of collecting duty on them immediately - that from 9th April last up to the date of the Petition, the Writer and Nowasindah Seenoovaps Syen were settling accounts with the Merchants according to their wish - that a balance was then outstanding against many Merchants the recovery of which was very slow - that the money which they were then Collecting were not carried to account from the Circumstance of the writer, Monegar & Nowasindah remaining until 10 Oclock every night in the Office, and the Monegar carrying Money from the Cash Chest once in a few days, to his house -

10. Regarding this Charge I beg to remark that in addition to the facts that have been proved during the examination, the state of things at the Custom House a few days previous to my arrival, about which time the Duffadar appears to have submitted his Petition, affords a striking proof of all the transactions stated in the Petition -

11. On the 26th May last, when Nerraimengar the Monegar delivered over charge of the Cash to me, I not only found several Sums deposited by the Merchants a month or two previous still remaining unsettled, but also Rupees 630 - 12 - 1 being the Collections of customs unremitted to the Hoozoor

Hoozoor. The Monegar was unable to assigna satisfactory reason for the delay; and soon after I had taken charge of the Office, I called upon him to explain why the deposits were not settled up to that time, as I found they had remained so in cash Chest from apparent neglect on his part rather than sufficient cause. He then in company with the Nowasindah informed me that it was partly owing to the difference in the weights of the Office on which account the Merchants did not consent to settle their accounts until a few days previous to my arrival, and partly from the difficulty of procuring their attendance at the Office when required. this was certainly a most frivolous excuse which they could ever have resorted to on a subject so very clear in itself, for it will be observed that the application from the late Superintendent for orders to allow the Merchants the deficiency in the weights claimed by them, is dated 13th and orders to allow the benefit at once was issued on the 15th May last consequently there was no necessity to delay the settlement of the deposits untill the adjustment of the weights, because that was only intended for their future correctness - Moreover, the Circumstance of the Writer, Monegar and Nowasindah having so suddenly commenced to settle the deposits made by four Merchants only from 23d until 9 P. M of the 25th May last / a day before I took charge, renders

renders the matter altogether suspicious, and I can only attribute this wilful neglect and sudden closing of the accounts entirely to mercenary motives on their part, owing to a fit opportunity having been afforded them to attempt at fraud without hesitation from the uncontrolled manner in which they were left by the absence of the late Acting Superintendent on sick certificate at Cuddalore for upwards of a month, during which period, it is proved beyond a doubt, that the Writer, Monegar and Nevasindah had the full management in their hands, and carried on business according to their wish. It may not be out of place, therefore, to remark that I having heard of the appointment of another person to the Superintendency (which in a measure was beyond their expectation at such a crisis) they lost no time in settling the accounts of those only who were their particular friends, and from whom, no doubt, they did expect some benefit.

12. In the present instance, it is proved by the evidence of five[x] witnesses that the Monegar had taken out money from the Cash Chest one night about 10 O'clock, and carried it to his house in the presence of the Writer and Nevasindah. The seizure of this individual by the Duffadar, in the act of taking out money from the Cash Chest on the evening of the 26th May last, and the Proceedings[x] held by me on the occasion in which the crime was brought home to him, fully establishes the

the charge of his having been in the habit of misappropriating public money for his own use with the full knowledge of the Writer and Nevasindah.

The further charge is that the Writer, 13. Monegar, and Nevasindah had received bribes from the Merchants who imported goods in the present year, from 10 to 5 Rupees on each Chest of Piece goods, that they collected duty at 1 Rupee on every piece of Long Cloth valued at 16 Rupees, as well as from 1 to 1¼ Rupee on each Col and Rattan mat that were landed, and further that they collected duty on the most trifling articles brought by the Merchants but that the remittance to the Hoozoor Treasury was not in proportion to the Collections made, and finally that up to the date of the Petition a sum of Rupees 800 was deposited in the Cash Chest, against the orders, without being sent to the Hoozoor.

Regarding the first part of this charge, I beg leave to state, that in examining the Merchants[x] that have paid duty in April last on articles brought by them on Brig "My deen Bux" Commander Abdool Cauder Tullathumbee, and whom the Duffadar pointed out as the only individuals by whose evidence the charges brought forward by him will be proved, great discrepancy[x] exist between the accounts produced by them and those of the Custom House by which it appears to me that a great deal of articles landed and passed at the Custom House on payment of duty have

have not been entered in the import Manifest, which tho' corresponds in some measure with the import Register and Kham Chittah of the Office as to the quantity and description of goods manifested and duty levied, yet the accounts produced by the Merchants which were written at the same time, must be credited, there being no reason to doubt their accuracy. On questioning the Merchants regarding the difference between their accounts and the manifest, they declare that they were quite ignorant of what the manifest contained from their not understanding the English language, that they entirely depended on the honesty of the writer, and moreover, that as the Commander of the Vessel had manifested for the whole Cargo, and chance might have been afforded to the writer to omit whatever he thought proper, being, on one person's name.

12. By the deposition of Yasin, the last-mentioned Witness, it will be observed that the articles, landed by him from the same Vessel, Viz.t 1 Chest containing cloths, Handkerchiefs, almonds &c.a have been, in common with the rest, brought to the Custom House, and cleared on payment of duty, which is proved to have been so passed by the depositions of the duffadar, the Acting Moneger and the Nerra-Nevasindah, whom he had named as eye Witnesses to prove his assertion in the absence of any accounts in his possession. The duty paid

sum is neither entered in the import Register or Kham Chittah, nor the articles are found in the Import Manifest. He further stated that out of the said articles, brought by him to the custom House, the Writer had forcibly taken away almonds, &c. Benjamin & Scents &c.a to the value of Rupees 15.- which sum was neither paid to him, nor the articles returned. This Statement is likewise proved by the confessions of the three witnesses above mentioned.

15. In regard to the concluding part of this charge; I beg leave to observe, that having stated at some length in the 11th Para. the state of affairs here at the time when the Petition was submitted by the Duffadar, further detail on the subject appears to me unnecessary, save that the statement made in the Petition of Rupees 800 having remained in the chest, is a fact, from the circumstance of the collections amounting to Rupees 630, at least, having been accumulated up to the date of the Petition.

16 The fifth charge is that by order of the Writer, the Moneger and Nevasendah proceeded to the houses of several Merchants and stamped Cloths &c.a until 10 O'clock every night; that they received, bribes to the amount of 170 Rupees from certain weavers of Bauengherry who exported Cumbayems on Brig "Putchesme" on September last, by reducing their value; that a Bale

J.

of red Cumbayems found in the said Vessel without Stamps, which by the Duffadar and Dalayet Mahomed Shabaff who went to take an account of the passengers on board, had seizzed and brought before the late Superintendent were stamped and reshipped the next day, upon a false report made by the writer, that duty had already been collected on them and further that they had reduced the value of Blue cloths, Silk Cumbayems &c. which were shipped to Calicut on a Dhoney by a Merchant named Ayson Saib about the same time.

17. In the examination of this case the attendance of the Weavers of Bowenghery appearing necessary before me, they were forwarded by the Tahsildar of that Taluck upon my request among the eight individuals who exported Cumbayems &c. last year on the said Brig, Chundrah Chetty the principal person and agent to the rest, on whose name the manifest as well as duty on the Cloths have been entered, denies all Knowledge of having paid any money to the writer and Monegar either directly or thro the medium of Mahomed Sultan Nagodah of the Brig as stated in the Petition - and the witnesses examined by the Duffadar to prove the charge of bribery were unable to do so. On a reference to the Export Register and the

old Tariff under which the Cumbayems were valued last year, it does not appear that any reduction took place in the valuation, being the same that were fixed formerly, as found on examination of the Registers of the three previous years in which the entries correspond in respect to the value entered in last year's Register.

18. In regard to the Seizure of the Bale by the Duffadar and Peon, I beg leave to state, that it is proved by the evidence of five Witnesses that the bale had contained red Cumbayems only; stamped, and that four of them Peons of the Custom House declare that they were stamped the next morning in the Office by order of the writer upon a false report made by him to Mr. Brunton that duty had been collected on them, but only the stamps were omitted by a Mistake on the part of the Servants. That this was a false report and that a most serious fraud was committed by the writer, Monegar and Nevasendah in this instance, is further proved by an entry found in the Kham Chittah under date the 22d September 1845 / the day after the seizure of the bale in question / that "Double duty has "been collected from Chundra Chetty and annachelle "Chetty on 41 Pieces of Cumbayems agreeably to Section 1st "of act VI of 1844, in consequence of their having been "shipped after the Port clearance was granted." Section quoted above, does not bear on the case at all, for the circumstance under which the bale was discovered being quite different from what the section really contains. It will be observed in the first place that the Duffadar and Beloyet seized the bale on the Brig and produced it before Mr. Brunton after the application was made and all the bales exported; and secondly the account of it not having been stamped with the seal before shipment clearly shows that it was omitted in the application with a fraudulent intention which if it were for had it been so included, duty thereon would certainly have been brought to account; and therefore the provisions of Section XXXIX of the same act should have been brought in force immediately for a confiscation of the goods followed, because the application was made at the Customs House to pass the Bale after the grant of Port Clearance as mentioned in Section LI, but seized by the Duffadar on board the Brig under suspicious Circumstances

* The seizure is proved by the depositions of the Nagodah Mahomed Sultan, Thundrah Chetty the owner of the Cloth as well as by the Book accounts

If

The Writer Chundra Chetty denies his having paid double duty on the Cumbayems on the plea that they did not belong to him and Arumchella Chetty & said belong to Condulore, of which place some have exported Cumbayems in this Port last year. But the Duffadar asserts that it was found out the bales exported by the Nemmers of Cumplay which

which is the fact by the entry in the Chittah on Chundrah Chetty's name.-

20. The sixth charge is, that the Writer, Monegar and Nenadindah reduced the value of Palmeirahs and Reepers landed from Sagnor last year, thereby defrauding Government of their dues, and also received a bribe from the Brokers, who was pointed to prove the charge.-

21. There is no proof of the charge of bribery. On examining the Brokers alluded to by the Duffadar, it appears by his deposition that he neither paid any bribe to the Servants nor knows any thing about it, and further that there is no account in his possession to produce in Consequence of his being a Broker and of his having delivered the Palmeirahs' accounts to the Merchants at Sagnor from time to time which I believe to be the case. But on the whole the manifest and application correspond with the Kham Chittah as to the actual quantity landed and duty paid.-

Peria Chetty.

22. The seventh charge is that the Writer, Monegar and Nenahsindah had received a bribe of 6 annas on every Garee of Rice which the Merchants of this place exported to Ceylon last year - that they have embezzled Circar Teervah Collected thereon by making fraudulent entries in the accounts as well as in the Port Clearance, which frauds will be proved on Comparing the Merchants accounts with those of the Office

In

23 In this case, the principal Rice Merchants of this place were examined together with their accounts with those of this Office. The Writer, Moneygar and Nevadindah having received a bribe of 6 annas on every Garce of Rice at the time of Exportation, had been proved by their accounts the particulars of which are more fully explained in their Depositions Viz.t, that annas 6 were paid sometimes to the writer and sometimes to the Nevadindah to save them the unnecessary delay and trouble to which they would otherwise be subjected at the Custom House; and half a Rupee at every time to Dasapah Row Beach Conneapillay & a Rupee to the Second when they take an account of the number of Rice Bags exported at the Beach - the former amounting to Rupees 83-3" and the latter Rupees 20-2-6.

24 During this examination, it appeared to me necessary also to ascertain the Source thro' which these merchants have received their Paddy in the Town last year. Of the Rice dealers of this place Ramadamy Chetty one of the principal persons states in his deposition, that Paddy was always supplied to him and others, from the Tanjore District thro' the Coleroon River & the old Channel in the Chellumbrum Talook on Boats, but that in last year he was obliged to bring

it by Sea in Consequence of an Annicut having been thrown across the Copenaur in the limits of the Coramoodoo, which prevented the Boats from Coming by the usual route, and as the Rice of this Paddy was intended for exportation at this Port, its import was free upon a special order obtained from Mr. Brunton by an address made by him and others to that effect and that he has not paid duty on it in the Tanjore District - This Document which was found in the records, bears the signature of four Merchants and in which permission is solicited only to bring the Paddy by Sea instead of by the Channel in Consequence of the above obstruction but not upon any specific Condition as regards the duty as Ramasamy Chetty states - Mr. Brunton granted the request most assuredly on the understanding that the Paddy was to pay Import duty and not free as the Merchant agrees i.e, as the Rice was intended for exportation his object in soliciting permission to land the Paddy by Sea was free of duty, as it could not be expected, that he would pay duty on Import as well as Export on one and the same article and strongly remonstrated against the enquiry on the plea that the person who wrote the application for him had inadvertently omitted the words "to import free of duty".

25 He further founds his argument on
+No. 45. the strength of a Moochilkah tendered by him on
the occasion, but this document only states the difficulty
experienced in bringing the Paddy on basket Boats thro' the
Channel as usual on account of its being obstructed at the
spot above mentioned, soliciting permission to land
the Paddy by Sea and binding himself to pay duty on
the whole if it be proved that he had sold the Paddy
Lutchmana Chetty, Erossapah Chetty +No. 43 & 44. in the Town. Two other merchants have also executed
similar documents, but it does not appear that Mr.
Brunton was aware of their existence in the records
nor that they were executed at the same time with the
application because they neither bear the date nor
his attestation.-

26. On referring to the Application Manifest
as well as the Chittah of this Office the quantity
of Rice exported last year is far greater than the
+Vide Statement No. 48. 2nd 2nd No. 47. Paddy imported without duty and he as well as the other
merchants, are unable to produce any account and prove
the actual quantity of Rice produced from the said
Paddy in the absence of any entry in the Office Chittah to prove
this save a few Cadjans Containing an individual a
Statement of the quantity of Paddy landed to each
without duty. On asking him the Cause of this increase
he states in Common with the rest that the Rice which
he received from other sources being added and exported
with the above he can only assure that the Rice pro-
=duced from the said Paddy is included in it but is
unable

unable to show the actual quantity of each. Upon
this mode of reasoning it may be naturally question-
=ed, whether there is any proof that the Rice pro-
=duced from the same Paddy has been included
and exported with the rest and if that Paddy
which is considered to be the best, could not have
been reserved by him for Domestic Consumption?
or if it could not have been disposed of in the
Town at a favorable opportunity as the generality
of them do? There is nothing to Contradict these opinions
especially the last mentioned one which is supported by
the freedom allowed him and to others as regards the
storing of the Paddy until its exportation into Rice.-

27. Ramasamy Chetty and the rest of the
Merchants are grain dealers in the Town and as soon
as the Paddy was brought into the river from the
sea, it was allowed to be carried direct to the houses
of the Merchants without being inspected by a Custom
Officer, weighed and stored in a Godown under the
Custom House key until the time of exportation
The next was, that not a Peon from the Custom
House had been deputed to superintend the measuring
and storing of the Paddy even in the merchants
godowns, whither the Paddy is said to have been
taken immediately on its landing and from whence
after a lapse of several months a great quantity
of Rice is carried to Sea on Boats direct from
the said Godowns without being brought and
weighed at the Custom House. It is impossible
therefore

therefore, to suppose that the Rice produced from that Paddy was exported with the rest, whilst the possibility that it could have been consumed in the Town is tenfold - for, there are numerous instances to suppose that the Paddy in question was disposed of during the recent dearcity of grain, in this place and most part of it plundered on that occasion at this Ramasamy Chetty's Godown.-

28 The other merchants who were similarly supplied with paddy and of Course placed in the same predicament as the above individual have freely confessed that they have neither paid duty in any of the Ports in the Tanjore District or here and expressed their willingness to pay any amount that may be awarded against them on account of duty now, with the exception of Ramasamy Chetty, who in Common with the rest, having evaded duty in Tanjore as well as in this District, refuses to make good his share on the plea of his having landed the Paddy free of duty on permission and moreover did not produce his accounts in Common with the rest for examination at the Office.-

29. The Beach account contains no other explanation than the quantity of Paddy imported by sea by these individuals, and the Beach Concapilly Dasapah Row states that duty had not been collected on the above quantity. On asking him the reason of his not having entered this as a remark in his account sent to the Hoozoor as well as in the

the Office copy of the same, he states in his deposition that he omitted them upon Mr. Brunton's order, which is totally unworthy of credit, for it is impossible that he could have been aware of the fraudulent intentions of the merchants as well as the public servants under him who are fully concerned in defrauding Government of their dues, by being accessary to such daring acts of Smuggling - It is proved that the three Moochelkahs were written by the Nevasindah Seenoosa Iyen and the application by Nerra-Nevasindah Ramiengar, who states in his deposition that he wrote it upon the precise order of the writer, by his own diction on his table at the Office, tho' he knew not the parties who were to set their signature to the document in Consequence of their not having been present at that time - Had the servants been faithful in the discharge of their duties, and honest in their intentions, Confiscation should have followed the clandestine import of the Paddy since the merchants themselves declare that they did not pay duty at Codiempollium Custom House the nearest Port in the Tanjore District situated between this Port and the Village whence the Paddy was produced - The two statements herewith submitted will show the difference between the quantity of Paddy landed without duty and that of Rice exported as well as the amount which the merchants have to pay on account of the Paddy.-

31- Six witnesses have confessed that they have paid fees at the rate of 2 annas to the writer for every application made by them and 2 more for a blank one, which was always given to them with the written one, and to which they were compelled to set their signature on the plea that it was to be filled up and sent to the Hoozoor the other being for the records of this Office. This must certainly have been an extortion on the part of the writer to which there is no doubt, he had resorted; but the records contain no blank application which it is very probable had been destroyed by him.-

32- The Ninth Charge is that the writer had received bribes to the extent of Rupees 20 for each Dhoney that had sailed from this Port by creating a delay of some days in granting Port Clearance and a Sum of Rupees 25 from the Commanders of the Brig "Julia" on the same account as well as Rupees 3/2 from each Boatman to number their tripping Boats.-

33. The first Charge is proved by the confession of Shaik Abdul Jubber Sole owner of a Dhoney and the only witness available at the time that he has paid Rupees 21 to the Writer last year when his Dhoney was to sail to Madras, the particulars of which are fully described in his Deposition. He has named two witnesses to prove his assertion but

but was unable to produce them in consequence of their absence from the place.-

34. There is no proof of the bribes received from the Boatmen- Ramalingum Nattan the owner of a Dhoney and several Boats who was examined in this Case in the absence of Pundaramattan the Head Boatman declares his inability to depose to the fact, in consequence of his knowing nothing in the matter- Other owners whose evidence may perhaps tend to throw light on the subject are absent from this place.-

35- No enquiry has been made regarding the bribe received from the Commander of the Brig "Julia" in consequence of the departure of the Vessel from this Port in the latter end of May last.-

36. The tenth Charge is, that a Cullamdan belonging to a washerman named Vellien landed from a Brig in this Port in 1845 and delivered to the writer at the Custom House by the Nagoda of the Brig, had been taken away by him-

37 Altho this case has been already enquired into and reported by the late Superintendent on an Endorsement received from you to that effect the attendance of Vellien owner of the property and that of Mahomed Tumbee Nagoda of the Brig "Puttunmallah" appeared necessary before me in order to satisfy myself of the truth of the Culumdan not having been brought to the Custom House and of its not having contained money from an apparent inconsistency which I found on a perusal of the records held in the case- In this I beg

leave to state, I was under the necessity of proceeding throughout from the Collateral evidences produced by Vellien during his examination to prove that the box had been lost in the Custom House whilst the key of the Godown in which the Cullumdaun had been kept was in the Custody of the Writer.-

38- In the Deposition given before me by Vellien, he states that the Cullumdan was his own and that it contained +money, Jewels, Brass Cups, Silk handkerchiefs &c.a Amounting to Rupees 58-12-" belonging to him and two #others who went with him to Penang to better themselves; that the Cullumdan and the above individuals landed at Porto novo from the said Brig and himself at Cuddalore a day after on another Vessel, in consequence of his having stayed back from unavoidable Causes- that these two persons being equally interested with the Contents of the Cullumdan, had taken care of it during the voyage and having landed at the Custom House one evening at a late hour when the passengers could not have cleared their baggages immediately from thence the Cullumdan was delivered to the writer by the Nagoda in the presence of the Peons and the said individuals requesting of him that he would keep it in his Custody until Vellien arrives- that soon after his arrival at Porto Novo the third day he came in Company with the Nagoda to ask for the Box when the writer gave the key of the Godown to Peon Abdullah and ordered him to open it, and deliver the Cullumdan that

that himself and the Nagoda accompained the Peon to the Godown when the (the Peon) found only the white cloth with which the box was tied up thrown open and the box missing. that he (Vellien) then cried out that his box was lost and the Nagoda immediately + since suspended- asked Peon Mootoo Nuick, who kept the Box in the Godown, what became of it, who answered as that he knew nothing of it, that the writer then came out and pacified him (Vellien) and promised to enquire into the matter and restore him the Box. that after the lapse of a few days finding that nothing was done for him he petitioned the Magistrate who sent an endorsement to the late Superintendent to enquire into the Case. He moreover informed that the white Cloth with which the Box was tied, is still in the Custom House, which was then produced as a proof of the Box having been lost therein.-

+ Mahomed Lumbee. 39- The +Nagoda deposed before me almost to the same effect as he did before Mr. Brunton without contradiction in his statements, and further recognized the white cloth which was produced for his inspection and in which he pointed the size of the box impressed on the cloth which is still visible.-

at

at the time of passing the goods (which was a day or two previous to the loss) by the concourse of people that were then present in consequence of every baggage and Boxes which were let out having been properly examined by the Writer and Nevasindah into the Godown and by the Peons before they were out of the Custom House Compound.-

41 Dalayet Narsappah Naick further stated that the Cullumdaun was landed from the Brig one evening while he was on his guard in the Office which was lodged under the Writer's Table and that the next day it was removed into the Godown by Peon Moottoo Naick when he was guarding the Office and he (Narasappah Naick) fully recognized the white cloth and even pointed out the impression of the Boxe on it.-

42 Ramiengar the Nerra-nevasindah stated that Mr. Brunton was at the Office at the time the loss was discovered when the cloth that was found in the Godown was immediately produced before him for inspection by Vellien.-

43 The statements made by Delayet Mahomed Shabeer and Flag staff Syrang Nellapen in their depositions before me appears to be from hearsay rather than as eye witnesses, the former saying that he was absent on duty at the time the boxe was landed and its loss discovered, and the latter that altho' he was in daily attendance at the Office, yet he did not think it proper to

to interfere into the matter and therefore that he can only depose to what he had heard from people in the Town about the loss of the washermans' Cullamundaun whilst there is every reason to suppose that he knew all the particulars from the beginning from his attachment to the writers. The reason assigned by Mahomed Sabeer in order to establish his ignorance of the transaction is totally unworthy of credit; for there is much probability from the confessions of others that he had returned from Cuddalore where he had gone on duty a day after the landing of the Cullamundaun and that the day on which the loss was discovered he was present at the Office which his own confessions will show from the vexatious and evasive manner in which he has replied to most of the questions put to him during the examination.-

44 The Beach Conicopillay Dasappah Row states in his deposition before me that the Cullamundaun and other large boxes were landed from the Brig and brought to the Office and were entered in his accounts that he is Certain the Cullamundaun which was tied up in a white cloth is the one that has been lost in the Office.- Regarding the erasure said to have been made in his accounts which has reference to my report of the 16th June 1846, I beg leave to state, that in the same Cadjan in which the Boxes are entered, figure 1 has been altered into 2, which he denies having been the Author of, and states that as the Cadjan has been kept in the Nevasindahs Dufter for some time the alteration must have been made

made by that individual in order to injure him, which is incredible- The erasure appears suspicious without any Change in the writing and besides there appears no reason that the account should have remained with the Nevasindah nor that Dasapah should have allowed himself to be so easily injured by another by giving up his account without sufficient Cause.-

45- From the particulars above stated and on a perusal of the Depositions given by the parties before Mr. Brunton in last year no improbability appears to exist as to the loss of the Cullamdun in the Office and it further shews that the loss was not discovered by any of the Peons or Custom House servants until Vellien himself appeared at the Office with the Nagoda to take charge of his Cullamdun when the door of the Godown which was quite safe and uninjured under the key and seal of the Custom House, was opened without the least difficulty or suspicion by the Peon+ to whom the writer delivered the key from his own desk- Therefore in the absence of any other Cause or suspicion as to the loss of the Cullamdun there is much reason to believe that the Box in question had not been stolen from the Godown without the knowledge of the writer and Peons against whom there is strong suspicion of being fully concerned in the theft, especially

+Abdullah-

especially Monttoo nuick and Nellapen who are said to have been rewarded by the writer in Money and grain shortly after the discovery of the loss; besides, the Circumstance of Nellapen having been the Confidential Servant of the writer both as regards public as well as private business having been fully proved by the Peons as well as his own Confession.-

46. Independent of these I also beg to submit that Vellien in his original Petition to the Magistrate dated 5th April 1845 had alluded to the loss of certain Copper in this Office in 1844 by the Misconduct of the Servants who afterwards made good the value of the same to the owner after a lapse of 3 months, as an instance to show that his Cullamdan with its contents had in like manner been misappropriated by the same individuals.-

47 The import manifest and register, Compared with the weighing account and Cham Chittah of the Office, proves this assertion beyond a doubt- Eight bundles of Copper are entered in manifest as having been imported per Brig "Lutchmee" on the 22nd March 1844- In the weighing account and Cham Chittah only 7 Bundles Amounting to 1 Candy and 153 lbs & their duty Rs. 319-15-7 are entered whilst in the import Register submitted to your Office for May 1844, Eight bundles amounting 1 Candy 153 lbs Rupees 319-15-7 are entered under

date

date the 11th of that month thus shewing clearly that the quantity and duty levied on Seven Bundles only had been entered for Eight in the Register in order that it may Correspond with the actual quantity Landed and manifested, whilst only 7 bundles have been weighed and actually brought to account.-

48 The deposition of Mahomed Sultan, Nagodah of the Brig is more clear on the subject, for he states that one Abbas Murcayen for whom the Copper in question was brought by him having demanded the value of the one bundle which was stolen at the Custom House- he was obliged after a dispute of nearly two months with the writer to make good the value of the article Rs. 58 to the said merchant at his own expence.-

49 The eleventh Charge is that the writer Monegar and Nevasindah wilfully neglected to Collect duty on all the goods brought by merchants with a view to misappropriate public money.-

50 Having explained at some length the State of the Cash Chest and the Deposits found in it in my remarks to the third Charge in this report which I Consider to be applicable to this Case further Comment appears uncalled for.- + Para 9

51- The 12th Charge is, that in Consequence of the irregular attendance of the late Superintendent to the Office fair opportunities had been afforded to the Writer Monegar and Nevasindah of embezzling

public Money receiving bribes from the merchants and Committing various other injustices and praying that enquiry may be instituted and punishment awarded to the accused parties.-

52 In this Case I have no other explanation to submit, but that the proofs which have been already obtained, and the misconduct of the late Servants must account for it.-

53. The thirteenth Charge is that the Writer down to the Nerre Nevasindah had by their late attendance to Office and gambling therein entirely neglected their duties and Caused unnecessary delay in the business by making the merchants wait until late in the night; that they had received 5 Rupees Godown Rent on every Chest brought by the merchants and Collected about 10 Rupees as fee on Boats allowed to them on Sundays; that they had allowed goods to the value of about 1500 Rupees to remain on a Brig then in these roads which the Monegar went and examined; that out of 125 Rupees which was received from the Hoozoor for Repairing the flat bottomed Boat, stationed at the Porto Novo River, only 60 Rupees was spent and the Remainder Rupees 40 were misappropriated by the said individuals- that the flag Staff Syrang Nellapen besides the duty allotted to him used to weigh goods

Replies to letter of the 10th Instant on the propriety of assigning to the several Pagodas interested an equivalent in land in lieu of a portion of the annual Beriz of the Villages.

1. I have the honor to acknowledge the receipt of your letter of the 10th Instant pointing out my having omitted to reply to the requisition made to me in regard to the propriety of assigning to the several Pagodas interested an equivalent in land in lieu of a portion of the annual beriz of the Villages in the cases specified. I have the honor to inform you that there are 38 Villages connected with the support of Pagodas in this District 19 of which are Swarna Mannium which must so remain entire being merely transferred from the management of the Government Officers to that of the Devastanum managers. There are two Iyen Villages paying full Carem tase to the Govern-

The remaining 17 Shrotriem Villages attached to the Pagodas should in my opinion be forthwith assumed on the part of Government granting in lieu thereof as the share due to the Pagoda an average of 10 years emoluments derived therefrom in land situated in the same Village.-

2.- Three of the items mentioned in Statement No. 2 Viz.t the tase on certain tope the tase on Fish in Tanks and that on Darbar Grass will become the property of Government when the said Shrotriem Villages in which they are situated shall have been assumed or duly incorporated with the Jeyen Villages should the happen to be in that portion of the Village made over in perpetuity for the maintenance of the Pagoda they will of course still remain Devastanum property- The 4th item Samy Bhogum on the Pagoda lands must remain undisturbed as still being the exclusive property of the Pagoda- The 5th item as stated in my letter of the 20th April has been discontinued.-

3.- The Tiroonarayana poorum and Jeyen Condan Vcu. Villages mentioned in para 2 of your letter under reply are included in the 17 Shrotriem Villages above mentioned.-

Sir,

Reports on Petitions Nos. 932 and 942 of 1847 from one Aroomachellum Pillay late Curnum of Condrayadittum.

I have the honor to acknowledge the receipt of your letter Dated 1st Instant enclosing the Petitions Nos. 932 and 942 of 1847 from one Aroomachellum Pillay late Curnum of Candiradittam in the Arrealore Talook in this District and directing me to report on the Statement of the Petitions- In reply I beg leave to enclose Copy of Mr. Anslow's draft of Decision in English together with a copy of the Deposition given by the Petitioner by which the Board will perceive that the petitioner has not stated in his defence that the fraud was committed by his Goomastah during his absence on sick leave, but now, after 18 Months advances that plea in justification and throws the whole blame on his Goomastah which is not admissible- The correct time too for such excuse was the period of arrangement and the proper authority to whom it should have been made was undoubtedly the Collector neither

neither of these appear to have been adopted: no leave was granted to the said Cummum and therefore it can scarcely be admitted in justification, that the fault was committed by his private Goomastah during his own absence without.

From the Coll.r of Canara

Offers some further explanation respecting the necessity for the entertainment of the Extra Servants in the Land Revenue and Sea Customs departments for the current fasly 1256

Sir,

1. With reference to the 2d para of your letter of the 8th Ultimo, I have the honor to offer some further explanation respecting the necessity for the entertainment of the extra Servants in the Land Revenue and Sea Customs departments, as entered in my Estimate for charges proposed to be incurred for the present Fasly which have attracted the notice of Government.

2. The employment of these extra or temporary Servants for a portion of the year only in place of on the fixed establishment, though they thereby appear as Extra, is in reality a measure of economy by which the only other alternative, that of entertaining them permanently, is avoided, and if viewed in this light, it will be apparent that an actual saving is effected by this arrangement, rather than any additional expense incurred, as will I hope be apparent from the following explanation, previously into entering upon which however I wish to observe, that the reduction which has taken place in the number of available peons in consequence of the abolition of Layer Cheekies has

DESTROYED

has thrown a considerable quantity of Extra duty upon those who remain, because the Sayer peons were on point of fact available in other respects than that for which they were entertained. As Government Servants they afforded a certain degree of security at their several stations on the frontier between Mysore, Dharwar and Goa, & where since their withdrawal it has been found necessary to place Jamahs supplied from the remaining peons who are thus withdrawn from the force formerly available for the numerous general duties which are required of them. The establishment therefore may be considered on this account generally weaker than it was previously and I have received frequent representation regarding the insufficiency of the present Establishment not only from the Tahsildars but from my European subordinates, which I have alone refrained from bringing to the notice of the Board in consequence of the known reluctance of Government to entertain any application for increase in the Establishments.

Land Revd. dept.
Shroff—1.
Peons—29.

3. The extra addition to the fixed establishment in the Land Revenue Department consists of 1 Shroff and 29 Peons as noted in the margin. The Shroff is employed in the Peishcar's Cutcherry at Bunwassy in the Soonda Taluk. The distance

distance at which the frontier Moganies are situated from the Tahsildar's Cusba at Sirsy having rendered it necessary to have the collections of these Moganies received in the Peishcar's Cutcherry, the entertainment of a Shroff for a limited period every year has been indispensable and the necessity for it cannot be avoided without the employment of a permanent one. The Sibbendy of some other Talooks provides two Shroffs in the Land Revenue Department, but on a reference to the Moyenzabitah it will be seen that the establishment of that Taluk has only one whose services cannot be dispensed with at the Tahsildar's Cutcherry.

With regard to the 29 peons to aid in the Collections of Land Revenue, they are employed in the several Talooks as shewn in the margin. The strength of peons in these Talooks is for the reasons I have above noticed, inadequate to the general duties required from them. The period of the year at which the Collections of Land Revenue are made is also that at which the services of the peons are most required on duties of a general nature such as those of attending in the execution of public works which the Board is well aware, have greatly increased in this district. The collection of materials and the procuring of workmen is a task of difficulty

difficulty in Canara and requires the constant employment of peons in one way or another. Under these circumstances the employment of the extra establishment cannot be dispensed with without great impediment to the ordinary and extraordinary work to which the attention of the Salook Servants is to be directed, and which from the nature of the seasons on this coast will not admit of being deferred, but must be pressed on during the fair weather.

Sea Cus. Dept. Goomastahs 9 Weighers 2 — 11

5. The extra establishment in the Sea Customs department as entered in the Margin consists of 9 Goomastahs and 2 Weighers. The work devolving upon the weighers at the ports of Mangalore and Coompta is too heavy to be conducted by a single Weigher, indeed it was only the other day that the necessity of employing a third weigher at Coompta was pressed upon me when I was there, to prevent the impediment offered to that important branch of trade, the export of Cotton, which is sometimes experienced during the trading season in getting the Cotton weighed and passed as quickly as is required. The exports carried on at both these ports are very extensive during the months of trade and the entertainment of at least the proposed number of extra weighers is therefore indispensable.

Mangalore 4
Bekul 1
Barcoor 1
Cundapoor 1
Coompta 1

With regard to the 9 Goomastahs they are employed at the ports noted in the Margin. The extensive trade in Rice going on in the ports of Mangalore, Barcoor, and Cundapoor of late years entailed a great increase of work on that department. The short measure in which the Merchants attempt to pass the article, cannot be checked without a large quantity being actually measured and weighed, and the extra Goomastahs are chiefly employed on this duty, and in reference to the usual number of applications tendered at the Custom houses, the establishment of these extra Goomastahs cannot be considered as otherwise than essentially necessary.

7. The Goomastah at the Port of Bekul is also absolutely necessary as long as the Subsidy attached to that port provides no paid Goomastah. The regular transaction of the custom business could not be carried on without the assistance of one during the trading season.

Sir, Para. With reference to your letter of the

of Anuntaya Tahsildar of Dodpy Taluk with observations thereon and forwards certain Proceedings and Translations in the cases against him.

The 3rd Instant I have the honor to forward the Original proceedings held in those cases in which Anuntyah the Tahsildar of the Dodpur Taluk has been convicted of the charges brought against him together with such portions of the proceedings held by Mr. Robinson in his enquiry into the frauds committed in the Tobacco department as appear necessary to illustrate his proceedings.

2. I have not forwarded the Original proceedings in the other cases as they are very bulky and voluminous, but the abstracts of 15 charges which were investigated by Mr. Robinson and have been translated are herewith enclosed. Of these the two ORIGINAL DESTROYED cases are those on which he was convicted and fined, and they were selected because they were considered to be proved in such a manner as would have insured a conviction before any Criminal Court. Of the other cases there are many in which the evidence can leave no moral doubt that they are substantially true, but they were not prefect to actual conviction because there were some slight defects or links in the chain of evidence wanting.

3. I do not consider it necessary to follow the Tahsildar through all the allegations contained in his appeal which appear to consist mainly in accusations against every

person concerned in the investigation from myself downwards to the Village Shanabogues of being his enemies and in league against him. His assertions are either entirely false, or with so slender a foundation as to amount to a total perversion of fact. There is only one point upon which I wish to make any observation which is in the allegation contained in the 10th and succeeding Paragraphs of his address to the Board that he had not been allowed to put in a defence, or had been hurried in doing so, and that I had returned the defence he wished to put on the record.

4. The Board will find that in every charge his separate defence was taken after the proceedings in each case were closed and so particular was Mr. Robinson to avoid any appearance of hurry and to give him every fair opportunity of exonerating himself that he delayed sending in the report of his proceedings to me for upwards of a month that the Tahsildar might have an opportunity of looking over the proceedings and making any further defence he might wish a Moonshee was left with the records in Trangalore when Mr. Robinson was obliged to quit it on other duty, and he had the fullest access to them.

The

10331. Fort St. George 2nd August 1817.

The fact however appears to be that he wished to delay going in his final answer that he might procure the assistance of some of the Vakeels in the Court in getting up a [illegible] [illegible] [illegible]

irregularly in sending him even to the hospital against his inclination, and the mistake was immediately rectified, but with this explanation the affair bears a very different aspect to that which the Tahsildar is desirous of giving to it.

6. I take this opportunity of replying to the Board's Proceedings of the 27th. Ultimo by stating that I now see some reason to regret not having followed the course pointed out by the Board and Committed the Tahsildar to the Criminal Court under Section XVIII Regulation IX of 1822. In not having done so was owing to an unwillingness I entertained to subject him to the great additional disgrace which a resort to this means of disposing of the case would have been considered to involve. He seems quite incapable of appreciating the leniency and consideration with which he has been dealt with, assumes the character of a much injured man, and endeavours to support it by the most groundless and untenable accusations against others. Such a man therefore it would perhaps have been better to have treated with as much severity as is allowed by the Regulation, but as a formal

formal sentence has already been passed by me in the two strongest cases and as the fine awarded has been collected, I am not disposed to recommend that the matter should be pushed further, although should the Board be of a different opinion there are one or two other cases in which it is very probable that a conviction might be secured if he were committed for trial.

7. In reference to Para 2. of the Board's proceedings, I beg to state that the Sheristadar of the Barcoor talook is at present acting as Tahsildar of Codiay and that the Gomastah Gopalkrishnayah has been dismissed and the two Moonshees Revenue and Police have been transferred to other situations in different talooks

Anantayah.

With having in the early part of the Fasly of 1255 illegally exacted the Sum of Rupees 50 from certain Arrack renters of the Codiay talook for that Fasly by threats that he (Anantayah) would compel them (the renters) their Securities &c. to proceed to Mangalore there to register before the Court in accordance with

with act XIV of 1823 their Surety bonds and with having corruptly received thro' Anajoo Narrayah of the Oodipy Talook Cutcherry and his Anandayah his wife the sum of Rupees 25 to relieve those persons from such obligation and appropriated the same to his own use

The circumstances of this case are as follows. The arrack farm of the Oodipy Talook had up to 1255 always been at Ta: lookwar, and was consequently in the hands of one of the Merchants of Oodipy. at the Hoozoor Immanabundy of 1251. the Billawer Body drawers caste petitioned Mr. Blair late Principal Collector in a body to permit of its being let for the succeeding fusly 1255 Mayaneswar their prayer was granted and orders issued accordingly to the Tahsildar, and when the farm was up Offers were made and accepted and Sureties tendered as below.

when

when the offers were made the usual surety Kabo: : lyats were taken on plain paper, and the offers submitted for the Collectors approval, who ac: cepted them, and the regular surety bonds were then drawn up on Stampt paper and bear dates varying from the 20th. July to the end of September. In the mean time B. O. No. 4. dated 21st. July 1255. was issued in accordance with the Board of Revenues orders under date 7th. Idem requiring that all Security bonds &c. on real property executed to the Circar should be registered in conformity with act XIX of 1813. The Tahsildar Annantayah deemed that this order was applicable to such Security bonds as those executed by the Securities of arrack renters, and sent for the renters and their Sureties, and kept them for several days about the Cutcherry pressing them to go to register their bonds before the Subordinate Court at Mangalore. as going to Mangalore, a distance of 40 or 50 miles, paying the expenses of the Sureties, and witnesses to the deeds together with the registration fees the order ordering that fees should be collected was not received till the end of 1255 / would, besides the delay and inconvenience at the season of the crops growing, have entailed heavy expenses on the renters, the principal

principal men among these arranged that they would collectively pay the sum of 50 Rupees to Anantayah, besides certain sums to other servants to relieve them from the necessity of going to Mangalore to register the Surety deeds. The matter was arranged with the Tahsildar Anantayah thro' Rasalgee Manjoo, (who frequently acted as agent in such matters for Anantayah) and Chikkapoo No. 2 with Betty Baba No. 1 the heads, and most influential men of the Caste, the former in the North Magannies, and the latter in the South Magannies of the talook.

Chikkapoo and Betty Baba depose to the arrangement to pay 50 Rupees from the Renters collectively to escape the necessity of going to Mangalore to register the Security bonds and to having one day in the house of Chikkapoo, paid to Rasalgee Manjoo, the sum of 11o Rupees for the Tahsildar, which Betty Baba No. 1 explains to have been 11 Rupees from himself in part his share and 3 Rupees the share of Dainanah No. 9 renter of the Cap magany. Chikkapoo further states that he (Chikkapoo) collected from Natha No. 3 renter of the Shivally magany 3 Rupees, from Canapah No. 26 renter of the Padoomoor magany Rupees 5, from Codyaver Goorwa No. 4 Rupees 5, from Chittpady

Chittpady Goorwa No. 5 Poojaree Rupees 3, to which he added 2 Rupees in part his own share total — Rupees 18, of which he paid on a second occasion Rupees 11 to Manjoo Rasalgee for the Tahsildar Anantayah, making with the former payment total 25 Rupees and the balance 7 Rupees were paid to the Revenue Moonshee Soobrow. He further states, that Manjoo came again & pressed him for the balance, but as some of the renters did not pay up their full shares, he was unable to make up the full sum settled. Goorwa No. 4 Poojaree (Codeaver) Goorwa No. 5 (Chittapady) Devannah No. 9 (Cap) Natha No. 3 (Shivelly) and other Contractors depose to having been sent for to the Cutcherry, and pressed to go to Mangalore, and there have their Security bonds duly registered. To this (the renters) having collectively consented to pay to the Tahsildar Anantayah the sum of 50 Rupees to induce him to relinquish his design of sending all the parties, renters Sureties & witnesses to the bonds, to Mangalore as arranged by Chikkapoo No. 2, and to the design being given up as soon as the payment had been arranged for.

Goorwa No. 4

Fort St. George 2d. August 1847.

Goorwa Poojary (No. 4) paid his share 3 Rupees to Chikkapoo as stated by him (Chikapoo)

Chitpoody Goorwas (No. 5) share was fixed by Chikapoo at 8 Rupees, of which he paid 8 Rupees to Chikapoo as stated by him (Chikapoo).

Padmoonoor Kannapah (6) paid of his share, fixed at 7 Rupees, 5 Rupees which he borrowed from his Surety Soo: broyah Copadyah, who corroborates the Statement

Chinelly Nathah (No. 3) consented to the Collective contribution of 50 Rupees for Anantayah and paid to Chikapoo as stated by him Rupees 3, in part of his contribution, which was fixed at 4 Rupees - is aware that Anantayah only received 25 Rupees, in consequence of the difficulty of making collections from several of the renters.

Dairanah (Cap) (No. 9) agreed to the payment as did the others, and paid his share to Billy Baba as stated by him (Betty Baba) Rupees.

Pareshwa (Kotyady) (No. 10) states that at the time of the bidding for the farm the renters consented to pay 100 Rupees to the Tahsildar but that he refused on the ground of

Fort St. George 2d. August 1847.

of the high rate at which it was let. He was subsequently pressed to get his Surety's bond registed before the Court, when Chikkapoo again pressed him (Pareshwer) to pay his share of the fee without which they could not escape being sent to Bangalore. He however did not pay on this occasion either.

Tomah and Chennapoo (No. 7) rented the Balsawara and Yellur Inagania on which 12 Rupees were fixed as the contribution, although partners they managed separate parts of the farm. The contribution on the part retained by Tomah was fixed at 8 Rs. while that on the part managed by Chennapoo was fixed at Rupees 4. Tomah remained however responsible for the whole contribution, and Chennapoo assigned to him several of the under renters of his (Chennapoos) division in lieu of money payment of 4 Rupees. Tomah knew that the payment was made to avoid going to Mangalore to register the security bonds. Chennapoo understood that the original arrangement had been made by Chickapoo and Betty Baba in reference to the Derkast but they were subsequently pressed to go to Mangalore Chennapoo

Corroborates

Fort St. George 2d. August 1817.

Corroborates the Statement of Soma in reference to the arrangement between themselves. Soma was unable to pay his contribution and was one of the defaulting contributors.

Bill Doonah / No. 4 / was sent for and pressed to have his surety's deed registered and while in attendance in Cadjey at the Cutcherry for that purpose, Cheekapoo took him to the house of Bill Ratha / No. 3 / and told him of the arrangement to pay a sum not specified, to the Tahsildar of which the proportion falling to his / Doonah's / Mogany was said to be 5 Rupees. This he refused to pay Chikapoo told him that the money was to be paid as a present for getting the offers of their caste confirmed. He was allowed to go to his village without registering his Surety's bond.

Masalgee Manjah deposes to having been sent by Anantayah and his wife on one occasion to fetch Rupees 50 from Bill Chikapoo who said that he had not yet collected the money. That about a fortnight afterwards he was again sent by Anantayah's wife to Chikapoo's house where he found Batty Baba also and received from them as stated by them

Rupees

Fort St. George 2d. August 1817.

Rupees 44 he does not agree exactly as to who actually delivered the money into his hand but the difference is slight and immaterial The money was paid to Anantayah's wife. About a month afterwards he / Manjoo / was again sent by the wife of Anantayah to Chikapoo who then paid him 11 Rupees making up a total of 25 as stated by Chikapoo. He was again sent to press Chikapoo for the balance but Chikapoo stated that he had been unable to collect the money. Manjoo was informed that payment was made in order to avoid being compelled to proceed to Bangalore to register the Security deeds. Manjoo mentioned the arrangement to pay 50 Rupees to Cantoo Dograny and Thorn blower to anantayah. That Cantoo he believes must have witnessed the payment of the first instalment to Anantayah's wife.

Cantoo deposes to having had conversation with Manjoo about the 50 Rupees which the renters had decided to pay, and on one occasion saw from a distance Manjoo pour some rupees into Anantayah's wife's hand, he does not know how many but learnt from Manjoo that it was from the Arrack renters. He understood it to be the 2d instalment.

Thirteen of the Sureties are examined.

examined, and all depose to having been summoned by Anantayah and detained in the Cutcherry for some days, and then dismissed to their villages without proceeding to register their deeds. Appanah and Kullah Koragah Sureties for Bitty Babah Renew of the Subscription for the Tahsildar, and that Bitty Baba paid 11 Rupees and that Devanah thro' Bitty Baba paid 3 Rupees Oogah Sureties for Dodyanur renter Goorwah No. 9 No. 4 depose to Goorwah having paid 5 Rupees after which the Security was received and registration which was before pressed on them was dispensed with.

Cuntapah Hegadeh Potail of Yennoogoody village and Surety for Bas: Jomah No. 8 deposes to having learnt from Jomah that the Contractors had made a subscription for the Tahsildar and thereby got the sureties relieved from the necessity of going to Mangalore to register the Security bonds, and heard that Jomah had agreed to pay 12 Rupees, which he (Jomah) asked Belly Babah to advance for him.

Sooberayah Dopadyah Potail of the Rodavoor Gram and Surety for Padmoonoor Ramapah No. 6 deposes to knowing of

of the contribution made by the contractors to save themselves the trouble of going to Mangalore to register their bonds. He lent the Contractor for whom he was surety 5 Rupees for the purpose. About 2 months subsequently he took an opportunity which in Mangalore on Civil business to register his bond as he was on bad terms with Anantayah, and probably too, as the Tahsildar's arrangement, made on his own responsibility might be annulled by a Huzoor order, and the trouble of again going to Mangalore might be entailed on him.

Deraje Shetty surety for Nellamboor Doomah No. 7 was detained with the others two days, and then was permitted to return and learned from Doomah that the cause was, that Chickapoo had arranged that a certain sum of money should be paid and the registration dispensed with, and that he (Chickapoo) had called on him (Doomah) for his contribution.

Janah Shetty appayah & Jomah, Sureties for Chickapoo Lukshmee narain Bellab, Surety for Kuttpady Goorwah No. 5 Lingah Shetty surety for Shivally natha, depose to having been pressed to register their

their Surety deeds and that it was afterwards dispensed with by the Tahsildar but Cannot state why it was dispensed with.

Kalah Billah Korragah surety for Pareshra No. 10 /Katpady/ heard that the renters had agreed to pay Anantayah a certain sum and that the sum fixed on Katpady noganny was 6 Rupees as stated by Pareshra No. 10 which Cheteekapoo asked Pareshra to pay one day in his /Korragahs/ presence while in Codjy to execute a Security bond and under Anantay's orders to proceed to register the deed in Mangalore.

Coliyapoo Surety for Cheeratapoo heard of the arrangement to fee the Servants but does not know why, was pressed to go to Mangalore and eventually released, Anantayah saying he would write for orders in regard to the Sureties to the Huzoor.

The Salook Shristadar and 6 other public servants of the Cutcherry depose, that all the rents and their sureties were collected by the Tahsildars order with a view to being sent to Mangalore to register their security bonds, and their being subsequently dismissed without registration, Three of the latter depose to there being a Current report that registration was dispensed with

with in consequence of the renters having feed the Tahsildar.

Mahomed Jaffer and Maha Singah the Duffadars of the Cutcherry, depose to the almost of the renters and sureties being summoned to the Cutcherry by Anantayahs order to have their sureties bonds registered and detained some days; That they expressed great unwillingness to go to Mangalore. That they were suddenly dismissed, and no further mention of registration made, that they learnt that 50 Rupees had been arranged by Cheteekapoo to be paid to Anantayah, and that the matter was arranged thro' Mahsalgee Manjoo.

In his Defence Anantayah denies having received directly or thro his wife the present, as stated by the contractors, their sureties and the Witnesses.-

Admits that it was his intention to have applied the C. O. No. 4 to the Surety bonds executed for the arrack contract, that he desired the contractors to go to Mangalore but denies, that he was urgent on them. admits that he — — made no reference to the Hoozoor to ascertain whether he was justified in considering the C. O. No. 4 applicable to such surety bonds.

bonds.—

Admits that he subsequently gave up the intention to enforce registration without any reference to the Hoozoor being induced to do so by finding that Security bonds executed more properly for the good behaviour of some public Servants, and sent from his Talook were not returned from the Hoozoor, with orders to have them registered. and that he considered that if it were neglected in reference to these it would be requisite in regard to the Security bonds of the arrack Contractors. The Security bonds alluded to are those of Vendor Ram Woozoor Sheristadar bearing date 21st January 1846 and received the Hoozoor Office on the 27th Idem and that of Sreenivas Rao Sheristadar of the Cistna Talook bearing date 22d January 1846 and received in the Hoozoor Office on the 1st Feby.

He further states that he heard the Neighbouring Tahsildars were not enforcing the registration of the Security bonds of the contracts of their respective Talooks. That no letters on the records to shew that he wrote to learn whether other Tahsildars were acting in the order as he proposed to do.

He asserts that there is a general ill will towards him on the part of the toddy drawers because he caused

farm 80 Rupees in 1255 when it was let to Nagangowar. This was done by the contractors themselves to out bid the Merchants to whom it had hitherto been let.

Other causes which might lead to a bias against him are pointed out but all too slight and unimportant to be of any weight against such a Mass of testimony and Circumstantial evidence.

That the fact that certain surety bonds for the good behaviour of two public servants were not returned by Hoozoor order to be registered in conformity with Act XIX of 1843. one so strongly urged by Anantaya in defence of his having relinquished his professed design to enforce registration, Could not have had the influence on his mind alleged, is sufficiently clear. The intention to enforce registration was taken up on the receipt on the Talook of C.C. No. 4 This is dated the 21st of July 1255 and whole business of security taking was closed before the end of September 1255 and the collection of the renters Pots with a view to sending them to Mangalore took place ending on the 2nd July 1255. The security bonds for the good behaviour of the public Servants were executed respectively 21st and

10349. Fort St. George 2d. August 1847

and 22d. January 1845 and did not reach the Hoozoor Office till 27th January and 4th February respectively and before March he could have had no reason to believe that the registration would not be required - This is evidently an after thought to account for the extraordinary relinquishment of a design which he was proved to have entertained so firmly as to induce him to write to the Government Vakeel to ascertain whom it would be necessary to forward to the Court to effect formal registration.

The points established are - The intention to enforce registration admitted and proved by the Statement of public servants, renters sureties &c. and the letters to the Government Vakeel - His sudden relinquishment without reference to the Hoozoor or elsewhere for which Anantayah is unable to give any satisfactory cause and which is proved by the Statement of many witnesses both contractors and sureties to have been wrought by an arrangement to pay 50 Rupees Seven persons depose to have subscribed and the sum of 25 Rupees is proved to have been paid into Anantayahs wife's hand and appears the only intelligible motive for relinquishing the design

and Chenapoo and some public servants corroborate the well known fact that the original arrangement was to pay a large sum of money to the Tahsildar and Moonshies to obtain the Contract in the caste and get it taken Magany-war but the contractors being all poor low caste men they failed in the payment as soon as the contract was accepted and that the proposal of Anantayah to enforce registration, while the neighbouring Tahsildars had not considered the order applicable to these security bonds on his own responsibility and without reference to the Hoozoor although one at least of the sureties threatened to withdraw from the sureties in case he was obliged to proceed to Mangalore was a mere ruse to oblige the contractors to keep to their word.

The charge being clearly proved Anantayah is sentenced to pay the sum of 50 Rupees being double the sum proved to have been unduly and corruptly received by him while Tahsildar of the Oodipy Talook under clause 1st Section V Regulation IX of 1832

Krishnayah Shanbhog of the Hattoo Bettoo Division Balsawar Mogany of the Oodipy Talook

Anantayah

With having in June (exact date unknown) 1755 while lodging in Pangal illegally exacted the sum of 10 Rupees and corruptly received in part of that sum the sum of 20 Rupees from Krishnayah Shanbhog of the Hattoo Bettoo Division Balance Mogany of the Oodipy talook, to recommend and obtain (Krishnayah) exchange back to the Bannar Bett. taraf of the Yeduad mogany from which he had been transferred by the order of the additional sub Collector's No 82 / 7 Aug 1846 and with having appropriated the same to his private use.

The circumstances of the case are as follows.

Krishnayah was for many years Shanbhog of the Kondate taraf of the Yeduad Mogany in which he possesses houses and land. About 1842 he was removed from the Kondate Division to the Bannar Bett Division of the same Mogany by Anantayah's predecessor. In 1844 he was sent to the Criminal Court

Court with the Potail of one of the villages in the Division, Manjayah Kedlayah on a charge of highway robbery by Anantayah the charge was dismissed as false and preferred apparently through malice for his (Krishnayah) having exposed some practices which reflected disgrace on the konkony caste. Krishnayah was therefore in his Shanbhogship. About the same time a case was brought forward against Krishnayah in which it was alleged that he (Krishnayah) had not given a ryot credit in the accounts for a certain payment made till nearly a month after it had been paid and he was transferred to the Bonnar Bett taraf of the Balsawar Mogany on Anantayah's recommendation (Police No 3 / 1844) by the Sub Coll's order under date 7th August 1844 No 82.

The duties of the Hattoobett taraf of the Balsawar Mogany being unusually heavy and at a distance from his (Krishnayah's) property, while he himself is a sickly man & unequal to onerous duties (he is so deaf that he can only be communicated with by writing or signs) he was anxious to obtain an exchange back to be near his property and where the duties were less severe, and on Anantayah coming with the Cutcherry to Pangal he

Fort St. George 2nd August 1817

he (Krishnayah) requested the Tahsildar thro his son in law Nunyapah to procure his exchange. Nunyapah at length settled that 40 Rupees should be paid, 20 to be paid in advance and 20 as soon as the order for exchange should reach the Taloob. Krishnayah & Nunyah then proceeded to Bykady to his (Krishnayahs) house and brought 20 Rupees which they went and paid to Anantayah who was then lodging in Straich Saranis house he (Krishnayah) sitting on the Verandah of the house while Nunyapah went in and paid the money to the Tahsildar on Nunyapahs return they went together to (his) (Krishnayahs) lodging where they wrote an Arzee as Anantayah had directed, praying that the exchange might be ordered this was forwarded to the Hoozoor with the Tahsildars recommendation but the prayer refused. The payment was made on the 1st or 2d of June.

1st Witness Nunyapah is Krishnayahs son-in-law and in consequence of his deafness he

Fort St. George 2nd August 1817

he has been with him (Krishnaya) ever since his transfer to the Hatter Bell tarf. of Balasawar, and keeps the accounts &c. and acted for Krishnaya for 10 days in May 1755. about this time Anantayah came to Pangal and remained for about 20 days and Nunyapah took an opportunity of speaking in behalf of his father-in-law with a view to procure his exchange back to either of the divisions of the yednad Mogany again. At the request of Krishnayah he (Nunyayah) went to the lodging of Anantaya in Pangal and prefsed him again to get the exchange arranged. Anantaya demanded a Considerable sum but agreed to receive 40 Rupees for the recommendation, 20 to be paid down and 20 on receipt of the order permitting the exchange. Nunyapah and Krishnaya went together to his (Krishnyahs) house at Barkady and brought some money and a day or two afterwards, one morning early he (Nunyapah) went with Krishnayah to Staick Naraniahs house in which Anantayah lodge and krishnyah staying outside the door he Nunyapah went in and paid the Money to Anantayah who was standing in the South Chaudy of the house and was told by Anantayah to write an Arzee praying for the exchange

exchange which was done and he (witness) understands was sent with recommendation that the prayer might be granted. Witness heard that permission was refused and subsequently spoke to the Tahsildar who promised to manage an exchange for Krishnayah at the Hoozoor Jamabundy or on some future opportunity. One Ramapah came to Pangal, where witness and Krishnaya were living, on his way to Mangalore on the day on which the money was paid and saw witness Krishnayah go to the Tahsildar's lodging and they mentioned in their return the object with which they went. Besides which the fact was made known to the Patail Nanjah Reddy, Anantayah and Oograny of the Bonnar Bett and also to Padoor Nabob Bhutta.

2nd Witness Ramapah corroborates the Statement of the 1st Witness and he was present when Krishnayah and Nanjayah went in the morning on which the money was paid to the lodging of Anantayah and knew the object of their doing so and also while the Arzee was being written praying that the exchange might be effected. The matter of the payment of 20 Rupees was then spoken of.

3d Witness Nanjah Reddyah Patail of the Heraga Mouzah states that there was a

a rumour in the village that Krishnayah was to return as Shanbhog and Nanjayah mentioned that 20 Rupees had been paid and 10 Rupees arranged for.

Anantaya in his Defence admits that he recommended the exchange prayed for by krishnayah as above stated but denies the receipt of any present or any arrangement to receive such - and states that Krishnayah has many causes of ill-will against him (Anantayah) - That he had once sent him on a Criminal Charge to the Criminal Court - That he frequently left his Tarf and went to where his house and lands lie in the Heraga Maganey to the neglect of his duties for which he Anantayah had frequently found fault with him.

Anantayah admits that he had at his Krishnyahs request as stated, recommended in his report 870/1858 that he (Krishnayah) might be retransferred to the Bonnar Bhett Tarf for which he had been transferred according to Anantayahs own recommendation Sel. No 2/1816 and explains that though the principal objection to him was that he was frequently going to the Yedraad Maganey where his lands were situated and was frequently going

going to his house to the neglect of his duties and that he was generally a lazy and inefficient Servant, he recommended his retransfer to one of the divisions of the Yednad Mogany in hopes that he would do better although an indulgence and likely to place him nearer his lands for which he neglected his public duties.

Anantayah is shown the accounts which he states are fabricated for the purpose and states that they should have been produced at once - they were produced as soon as required when the Asst. Collector sent a Deloget to Krishnayahs house after taking his deposition in presence of Anantayah. He cannot show any good reason to suspect the accounts which are quite free from suspicion.

The payment of 20 Rupees is deposed to on oath and proved by the evidence of Nanjayah through whom it was paid he being at the time Krishnayahs agent as Krishnayah is too deaf to hold secret Communication with any one - 2d Witness was present when Krishnayahs and 1st Witness went to the Anantayahs lodging and overheard at the time of the payment and

saw the arzee written according to Anantayahs direction.

Other witnesses prove that it was the subject of conversation in the Mogany to which Anantayah promised to obtain Krishnayahs retransfer. The whole is established by the production of most unsuspicious accounts which include the personal expenses for a whole year and on which the 1st witness is named as the person to whom it was paid.

The circumstance of having recommended the transfer of a Servant acknowledged to be idle to the Mogany in which his lands were situated, and from which Anantayah recommended his removal 2 years before corroborates the whole Statement.

Sentence that Anantaya pay the sum of 40 Rupees being double the sum proved to have been exacted and corruptly received - under the provisions of Sec. V of IX of 1812.

one of very gross injustice and to the personal knowledge of the Assistant Collector attracted the attention of the then subordinate Judge and roused in his mind very strong suspicions of the integrity and impartiality of Anantayah as a Police Officer. Local enquiries satisfied the Assistant Collector that his conduct in this case had been corrupt. The prisoners are men of property not likely to commit highway robbery for 1 Rupee 1 Ar. the exposure by a Brahmin of a practice which is considered established caste against the Saraswats & Coukanees led to this mode of punishment. Anantaya. Charged with having about December 1755 illegally exacted and corruptly received thro a female named Soubbanmah usually called Bhatny and dependant of his own, the sum of 20 Rupees from Myndah Shetty Defendant

Defendant in a summary revenue Suit then pending before him / Anantaya / to permit him / Myndah Shetty / to file certain documents in his possession to prove enjoyment of a certain Cerar Gueny wurg and to obtain for him / Myndah Shetty / a favorable decision in the Case and with having appropriated such sum to his private use.

The circumstances of the Case are as follows.

Plaintiff Collyadha Bill Doom Shetty filed a complaint against Myndah Shetty & others charging them with forcibly possessing themselves of and Cultivating that year certain fields bearing about 3½ Ks berg which Doona Shetty had commenced to Cultivate that year as heretofore. The defence on the part of Myndah Shetty was that he had obtained from Doona Shettys Maternal uncle and another a Krestanally sale deed (selling the improvements the Wurg being Cerar Gueny) about 10 years before this claim was raised by Doom Shetty, & had paid the Government dues. That Doom Shetty was only a tenant and that merely Chalgueny - Doom Shetty denied

the Kristanelly Sale deed and alleged immemorial and continuous enjoyment from his ancestors down to date of the aggression complained of. That it was mortgaged to but the land has never been enjoyed by Doom Shetty but that he was unable to prove this Statement. The Records of the Cutcherry showed that Plaintiffs maternal uncle had presented a petition in 1245 when the sale deed was executed stating that Myudah Shetty would pay up all arrears and that he had executed a deed for ...ment on the Murg. to Myudah Shetty from whom he prayed that the Government dues might be collected in future which was done and a taheed issued to that effect. Myudah Shetty had since that time of 1245 paid the Beriz up to date of litigation.

Thus the matter appeared in the examination before the Tahsildar which were forwarded with his report ... under date 18th October 1255 / No 330 in which he states that the Defendant had neglected to file his Kirlanelly Sale deed & that without ... taking it into consideration it being ... forbidden to transfer Guerg Murgs the land should be made over to the Plaintiff

Doomah

Doomah Shetty-

On the recommendation order ... No 315 dated 10th 1255 Revenue indicating the points which appear to show that the recommendation was erroneous and ordering the Tahsildar to make further enquiry as to the enjoyment.

On the 31st July 1255 / No Rev 579 Tahsildar reports further in answer to the order that he had filed Myudah Shettys' Documents from which it appeared clear that Myudah Shetty had enjoyed possession up to date and no further examination seemed necessary.

... July 18th 1255 / No Rev 544 ... it appears that Myudah Shetty had enjoyed and paid ... Revenue since 1240 up to date & that Plaintiffs Suit is false, it is dismissed."

Myudah Shetty states that as soon as the first complaint was filed he went & deposed to the Circumstances ... and produced his documents but the ... Tahsildar refused, & he then sent an Arzee by tapal to the Huzoor praying that his documents might be filed.

Some time subsequent he mentioned the circumstance to Pudmanna Sha Nawadah who promised to go & Speak to the Tahsildar and returned a few days ... afterwards

afterwards & received from him (Myudah Shetty) 20 Rupees which he (Padmanabha Nawdah) had promised to pay to him, the Documents filed and a favorable recommendation from the Taluk sent - within a few days a summons came to file the documents which he (Myudah Shetty) did and a favorable decision was passed.

Myudah Shetty has no accounts but is a richman and an influential Ryot.-

Padmanabha Nawdah deposes to having about Ashwin Pudah (the latter end) of 1815 promised to Myuda Shetty who complained that Sabsildar would not file his documents, to speak to Bhatny a woman of his (Sabsildars) house & do what he could to get them admitted - which he (Padmanabha Nawdah) did and she promised to speak to Sabsildar & let him (Padmanabha Nawdah) know. Afterwards he went to the house when the Bhatny said it might be managed and asked what he would give, on which he offered to pay 20 Rupees to which she assented. When he returned he told Myudah Shetty the arrangement and

and some time after he paid 20 Rupees which the Padmanabha Nawdah) came to Oodipy and paid to the Bhatny for the Sabsildar one morning she promised that it would be all right. He (Padmanabha Nauda) heard that the Documents were filed admitted and a favorarable decision obtained by myudah Shetty.-

Anantaya states that he is responsible for the female Bhatny who is a dependent in his family. Denies having exacted or received thro her the sum of 20 Rupees states that Myudah Shetty stated at the time that he had a deed of sale to which he (Anantaya) answered that it need not be filed as the case would be settled on such Cicar records as might be forthcoming. the writg being Cikar Query.

That he (Anantaya) recommended according to such documents a portion that Myudah Shetty is a bad character which however is unsupported.-

Bhatny was examined but denied. she has been long a dependant of the Sabsildars as a Mistress. From the evidence of several persons it appears that she was frequently the channel of communication with Anantayah and in the habit of negociating such

such matters.—

It is sufficiently borne out by facts that the most important papers were not filed before the report of the 18th October 1255 No. 330 was made and a most unjust recommendation made without full enquiry to oust a person who had enjoyed the land and paid the revenue for eight years. Had the documents not been refused Inyadah Shetty would have had no cause to address an arzee to the Huzoor. On a second occasion the Documents are admitted and proof of possession and right of enjoyment considered satisfactorily proved from them by the same officer who 3 months before recommended that he be ousted. The first proceedings show partiality to the Plaintiff so plainly in the face of public records, as to warrant belief in the Statement of the Tahsildars refusal to file documents which would have established the impossibility of ousting the Defendant in the revenue Department while the filing & subsequent report sufficiently establish the facts deposed to on oath by Inyadah Shetty & Padmanabha Mandal

The circumstances of the case lead to a strong presumption that the Statement of

of Anantayah in his final report that Inyada Shetty had neglected to file the documents is false.—

Kitta Shetty —
Potail of Yeloor
Cuba Village
of the yellow Mogany

Anantaya.— Charged with having about the time of the Huzoor Jummabundy in 1254 illegally exacted the sum of Rupees 25 and corruptly received in part payment the sum of Rupees 16 from Kitta Shetty to obtain for him confirmation in his (Kitta Shetty's hereditary Potailship and with having appropriated the same to his own use.—

The circumstances as stated by Kitta Shetty are as follows. He (Kitta Shetty) had acted for 3 years for his maternal uncle and on his death should have been confirmed which was not done. Shortly before the commencement of the Huzoor Jummabundy he applied to the Tahsildar to recommend his confirmation on which he demanded the payment of Rupees 25 which was at first refused. He then sent 16 Rupees to the Tahsildar thro the Mogany Shanbogues Gomastah Soobraya which he (Soobraya) paid to the Tahsildar — Anantayah demanded the balance 9 Rupees which

which however was not paid. The appointment was recommended by Anantayah at the Huzoor Jammabundy and confirmed according to the recommendation.—

1st Witness Soobrayah Gomastah of the Mogany Shanbogue confirms the Statement He received 16 Rupees from Kitta Shetty which he paid to Anantayah on account of Kitta Shettys appointment. Anantayah then mentioned the arrangement for payment of 25 Rs and asked the balance, on which witness said that 16 Rupees was all that he had received. The appointment was confirmed according to anantayahs recommendation There is some discrepancy as to the time of giving the money to anantayah between this witness' Statement and that of Kitta Shetty. He either kept the money after receiving it for some time or strives to gloss over his share in the transaction being a public Servant.—

Anantayah stated in his defence that the Potailship being hereditary the appointment was recommended by him at the Huzoor Jummabundy of 1254 but he neither exacted or received a consideration as charged. That the Statement is made for ill will borne him by Kitta Shetty

and

Soobraya.—

That he got Santa Shetty Connexion of Kitta Shetty and one about whom he interested himself in the case, fined, in the Cosse of appanarow versus Koondah Begadeh (See No) for which he (Kitta Shetty) bears him ill will all that need be remarked here is that Koonda Begadeh deposes on oath to having in that case paid Anantayah 20 Rs for the favorable report (See No) It is impossible therefore to trust Anantayahs Statement as to that case From his report No 146 of 1246 it appears that he considered that no trust could be placed in a report made by this Kitta Shetty in favor of Santa Shetty against whom Anantayahs recommendation went in favor of Koondah Beggadeh—

In that case 2nd witness Soobrayah reported in opposition to Kitta Shettys report and in favor of Koondah Begadeh. Ill will on that account instigated Kittah Shetty, Soobraya was not likely to be chosen as witness

Anantaya states a second cause of ill will may be that Kitta Shetty was obliged to pay a Fazleewar arrear amounting in 1252 to Rs 13-3/2 on the wring No 2 of the yellore

yellore grain which arrear had accrued by the fault of the former wurgadar from whom it had in that year been purchased - Facts which appear from perusal of the case, do not bear this out

Property of the real defaulter was attached, but fraudulent claims put forward - On two occasions the Tahsildar recommended that the property be sold - in spite of the claims but on perusal of the papers on both occasions the Sub Collector did not consider it advisable to act on these recommendations and at length ordered in opposition to the Tahsildar's recommendation that Kitta Shetty who had purchased the land with an arrear on it should pay and sue the Sellers for the amount or the land and crops would be held responsible - The arrear was paid by Kitta Shetty who immediately sued the Seller for the amount -

Anantayas recommendation in favor of Kitta Shetty -

In reference to Soobraya he urges in his cross examination and defence that he has been actuated by ill will 1st that Soobrayah is brother in law to Narrapah who had acted Gomastah to Lingapah of the

Randkoor turf during his minority & who was displeased when Anantayah gave Lingapah leave to conduct his own duties (See No) and that he bears an ill will because Narrapah was thrown out of Service in consequence of his Anantayahs permission to Lingapah - That Narrapa was thrown out of employment by Lingapah assuming his own duties on payment of 25 Rupees is shown in Case No 7 - But from Anantayahs cross examination & statement in that case it appears that he ordered Lingapa to continue to employ Narrapah and was displeased with him (Lingapah) for giving him (Narrapah) up and refused to recognize any other - 2nd Soobrayah sufficiently shows that he has no cause of ill will in reference to the cutting of a tree for public purposes on land in which he had no permanent rights or - the competition admitted when Soobraya had bid for the cultivation of a certain wurg which he (Soobraya) himself withdrew - Anantayah also urged that in 1252 heavy arrears were brought up by him (Anantayah) and as the Shanbogues would have benefited by remission ill will is borne by them on that account - This took place 4 years ago and he (anantayah) shows no reason of believing that

that this shanbag was backward in carrying out the Hoozoor orders which directed that no remission would be admitted.

This Soobrayah is a fellow caste man and intimate of Anantayah and bears the repute of being Anantaya's regular agent on his own Division. He acted as such no doubt in Koondah Heggade's case.

Soobrayah was fined Rs. 5/- with another 4 as for delaying the transmission of Calendars of Cases settled by Potail.

Hoozoor order No. 229 of 1846 animadverts on the Tahsildars negligence in dispatching the arrears of orders of the Commissioner of Estates required by the Courts & fined Soobrayah 1 Rupee for delay in one case.

Sheshegerry.... }
Sall Shanbhogin } Anantayah.
the Oodyawar Taluk }

with having about the end of November or beginning of December 1255 illegally exacted and corruptly received from Sheshgerry the sum of 25 Rupees to procure his (Sheshgerry's) confirmation in the appointment of his Uncle Timmapayah Shanbhog in the Sall Tannah at Oodyawer and with having recommended the appointment accordingly and appropriated the same to his own use.

The circumstances of this case which is closely connected with No. 6 are as follows - Timapayah Shanbhog in the Sall tanah at Oodyaver fell sick early in November 1255, and obtained leave of absence sheshgerry his nephew acting for him dangerous symptoms showed themselves shortly and a petition was sent by him thro' Sheshgerry to Anantayah then Tahsildar praying that his appointment might be confirmed to Sheshgerry - This arzee was presented to the Tahsildar in Cutcherry but Sheshgerry proceeded that night to the Tahsildar's lodging where he (Anantaya) demanded 25 Rupees for his recommendation to the payment of which Sheshgerry consented as soon as the appointment should be confirmed Timapayah's arzee was forwarded to the Hoozoor with recommendation from the Tahsildar under date 15th November 1255 urging that Timapayah's prayer be granted and Sheshgerry his nephew appointed to the situation he had resigned. an order No. 145 Nov. 20-1255 confirmed the appointment according to your recommendation This order was received in the Taluk on the 27th November of 1255 and Takeed was given by Anantayah

Anantayah accordingly on the 28th November Seeta Ramah Sheshgerry's brother for whose appointment 25 Rupees also had been contracted for (See №6) is a younger brother of Sheshgerrys. The latter conducts all the family affairs as Eelder son. The order confirming Seeta Ramah's appointment was received in the Taloko on the same day 27th November and the takeed of the Tahsildar to him (Seeta Ramah) bears the same date as that to his Eelder brother Sheshgherry, the 28th November 50 Rupees were thus due from the family to Anantayah of which Sheshgerry paid 35 Rupees a few days after the receeipt of the orders about 7 Galegees of the night and the balance 15 Rupees were paid one morning within 4 or 5 days after the first payment.-

Evidence consists in the Statement of 1st Witness his brother Seeta Ramah, who was told by Sheshgerry, who arranged the payment of 25 Rupees for his (Seeta Ramah's) appointment that he had also arranged to pay for his own appointment in succession to their Uncle Timapayah's 25 Rupees. He deposes to his knowledge of the 2 payments first of 35 Rupees and shortly afterwards of 15 total 50 Rupees for the two appointments. He was not present at the payment 2d Witness Soobayah Shombog in the sall tannah at Cajr and father of Sheshgerry and Seeta Ramah corroborates these

these Statements he knew that 25 Rupees had been contracted to be paid for each of these appointments and that 50 Rupees were paid in 2 instalments of 35 & 15 Rupees each.

No accounts of personal expenditure are kept by the family.

In defence Anantayah denies having executed or received such present and pleads that 2d Witness Soobayah father of Sheshgerry and Seeta Ramah bears him an ill will which is shared by the sons. The cause of ill-will is alleged to be that he (Anantayah) had threatened to report a certain encroachment made by 2d Witness on the public road near Cajr. This is denied by Soobbayah and the encroachment if one is of old standing. Anantayah has neglected to proceed to any measures for removing it for several years, and there is no reason to believe that he ever intended to bring it forward. It is further improbable that if afraid of enquiry Soobbayah would take the step most certain to lead to its being brought to light.

The cross examination by Anantayah of Sheshgerry was not on points important to the issue and had reference to kind of Rupees and the exact dates. No cause of ill will is attempted to be elicited and no objection taken

taken to the credit of Seeta Ramah nor questions asked in reference to this case. The points on which the cross examination of Soobbayah a public Servants of 30 years standing turn are 1st in reference to the encroachment and Anantayahs intention to bring it forward 2nd In reference to frauds in the Sall godown at Oodyawer of which he (Soobbayah) is the Shanbhog, nothing was elicited- Anantayah shows no attempt that he had made to take notice of them, nor does he point to account &c which would show that such frauds, as he alludes to had been carried on 3rdly It draws attention to a fine imposed by the Assistant Post Master on the occasion of a great delay in the Tappal one night at Cap in 1846 in consequence of the absence of a runner there- This fine was not recommended however by the Tahsildar but imposed by the Assistant Post Master who considered that the Senior public servant on the spot tho' not responsible for the ir- fraternering of the Tappal should have taken the trouble of making some arrangement when as happened then to be the case the delay was likely to be great.—

Anantaya- charged with having about the Month of Pooh 1755 illegally exacted and corruptly received from Seeta Ramah then a volunteer for public employment the sum of Rupees 25 to procure his appointment to the office of Shroff in the Sea Customs Department at Oodyawer and recommended him for appointment accordingly and appropriated the same to his own use.-

The circumstances of the case are as follows- when an increase in the establishment in the Sea Customs department had been determined upon the more important appointment were filled up in the Huzoor office while the Tahsildars were called on to submit recommendations for the minor ones- The recommendation of 5 appointments one Shroff and 4 Kolkars fell to the Tahsildar of the Oodipy Talook- Seeta Ramah who was a volunteer in the Huzzoor Office but native of the Oodipy talook went from Mangalore to Oodipy and visited anantaya one morning in his house whom he asks to recommend him (Seeta Ramah) for the new Shroffship- Anantayah said if he would

would pay for 25 Rupees he would, otherwise he would recommend some one else and desired him (Seeta Ramah) to go away; Seeta Ramah then went and told his brother Sheshgerry who said as they were entirely dependant on the public Source they must pay it as the appointment would go by the Tahsildars recommendation and then said that he (Sheshgerry) would go and arrange the matter which he did and obtained the desired order. The payment was made thro' his brother Sheshgerry at the same time that he (Sheshgerry) paid from his own in 2 instalments of 35 and 15 Rupees each.

1st Witness Sheshgerry (No 5) — corroborates this Statement that his brother Seeta Ramah told him that he had spoken to the Tahsildar about the appointment but he had demanded 25 Rupees and wished him (Sheshgerry) to go and arrange the matter which he did one day in Aadipy in the Tahsildars lodging for 25 Rupees and the order was obtained - The money was paid in 2 instalments 35 & 15 Rupees respectively by — Sheshgerry shortly after the receipt of the appointment.

2nd Witness father of the two lads corroborates the Statement (See No. 5)

Anantayahs defence is as in No. 5 - He denies the receipt of any present or that the recommendation was made in consideration of

of such present.

Documents examined in this Case are the Tahsildars Urzee recommending to Kolkars and Seetah Ramah, the latter as Shroff He is described according to form and is said to have acted for Hap Salt Monegar and the Padoobidry Sea Custom Monegar The former is his father the latter Timapayal was his uncle whom his brother Sheshgerry (See case) succeeded; this is not mentioned. He is further described as 25 years of age but his age does not in 1847 from personal inspection exceed 22 or 23 years.

The evidence in these cases No. 5 & 6 is of a most respectable character and was given before Anantayahs suspension and implicit dependence may be placed and as the facts of the case well known.

The cross examination of Soobrayah was admitted this of an unfair & probably illegal nature in order that every chance might be allowed to Anantayah.

Soobrayah Bhut of Neery Gram — Anantayah — Charged with having on or about the 11th January 1847 illegally executed and corruptly received from Soobrayah Bhut thro' his (Soobrayah Bhuts) brother — Venkat Rayah Bhut the sum of 20 Rupees and in consideration thereof recommended Soobrayah

Fort St George 2nd August 1847

(Soobrayah Bhut) for the Potailship of Neery Village, and appropiated the same to his own use.

The circumstances are as follow.—

The Potail of Neery Soobrayah Kurnick was in December 1846 convicted and sentenced under Reg: III of 1819 for bribery corruption and abuse of power, in the case of supposed murder which was sent up to the Criminal Court by (Anantayah) For Anantayah Conduct in the case see Memorandum on P. 153 on Criminal file of Sub Collector by Assistant Magistrate) and further dismissed from the service. Orders were sent to Anantayah to report a fit successor. He it appears called on the Shanbhogue of the Magany in which the Neery Village is situated to report the names of fitting persons.—

Soobrayah Bhut has little or no land of his own in the Village but is mortgagee in possession of a considerable portion of that of Soobrayah Kurnick the dismissed Potail and influential Ryot of the Neery Gram, and being anxious to obtain the Potailship applied to the Shanbhogue who refused to recommend him and forward a report to the Tahsildar very adverse to

Fort St George. 2d August 1847.

to his claims Soobrayah Bhut and his brother Venkat Rayah Bhut state that he (Shanbhogue) did so, as they refused to pay a bribe of 20 Rupees Venkat Rayah Bhut was then sent to Cuddapah to canvas the Tahsildar. He states that on the morning as charged, he went to the Tahsildars lodging early the Tahsildar had just got up and was in the back yard the trumpeter Kantoo was in the Verandah and he (Venkat Rayah Bhut) desired him to tell Anantayah that he wished to speak to him. Anantayah desired Kantoo to let him in. He found Anantayah in the back yard and stated that the Shanbhogue Krishnayah had made an unjust report in respect to his brother Soobrayal Bhut with partiality to others whose claims were not so good the Ryots of the village having given an argee in his Soobrayah Bhuts favor. That this had been done because Soobrayah Bhut had refused 20 Rupees demanded; On hearing this Anantayah he states, said that if the 20 Rupees asked by Krishnayah be paid to him, he would arrange the matter himself. The money was immediately paid, Kantoo standing at a little distance and the recommendation made accordingly—

Kantoo corroborates minutely the statement and states that he witnessed the payment of some Rupees to Anantayah

does

does not know however how many as they were only paid into his hand. The Assistant Collector examined the spot where he states he and Venkel Payah Bhut were respectively standing and the payment might be easily seen as stated. Soobrayah Bhut corroborates the Statement that his brother paid 20 Rupees and secured his (Soobrayah Bhuts) recommendation to the Potailship of Neery Pauntayah denies having received the money as stated, admits that he recommended, in opposition to the report from the Shanbhogue although the Shanbhogue has reported against the propriety of his (Soobrayah Bhuts) appointment, that the acting Potailship be conferred on Soobrayah Bhut for the present. He states as his reason for so doing that from a petition by certain persons of the village he considered that the Ryots of the Grama wished Soobrayah Bhuts appointment.

The papers which bear on this case are 1st the report of Shanbhoge Krishnayah to the Tahsildar under date 3d January 1817 in answer to his (Tahseldars) letter to report on the fitness of persons

for

10382. Fort St. George, 2. August 1817.

for the Potailship vacant in consequence of the dismissal of Soobrayah Kurnick. The forwards a list in form of 5 persons among whom is Soobrayah Bhut, whose petition he transmits with an arzee by certain tenants on Soobrayah Kurnick estate (which is mortgaged to Soobrayah Bhut) and who are further all as he (Soobrayah Bhuts) debtors and as well known to you (addressing the Tahseldar) are troublesome fellows and the Arzee presented by them is quite untrustworthy.

Then follows the list and form of the persons eligible.

1st Soobrayah Bhut. He father is alive and pays 38 1/8 Bergam other Grains, and is possessed of property to amount of about 4000 Rupees. Is of indifferent character himself, and a passionate man. That the inhabitants of the Neery Grama are most of them largely in debt to him, and are tenants of Soobrayah Kurnicks (his land is mortgaged to the Soobrayah Bhut and consequently in reality Soobrayah Bhuts tenants) that Soobrayah Bhut had been fined 5 Rupees for assaulting a woman Pookanery, and that his brother Venkel Row had been committed to Circuit Court implicated in a charge of murder and was said to have got off by payment of large

sums

sums of money.

2nd Ramayah Shanbhogue paying Berij 5-9-9 (3-4-4 in Steery Gram the balance in other Grams) He is reported to be a good man, writes Canarese, and lives in the village.

3rd to 5th Doorvanah and 2 others very eligible persons are named with their qualifications.

On the report of the Shanbhogue Anuntayah joined Jaheed dated 4th January "as it appears from your report that Soobra "yah Bhut is a troublesome person, and is "that the Aryee represented to be the Agent "of the Ryots is got up among the tenants "of the village. You are to Collect some of "the principal Wargadars and take a Muta: "Yeramah as to whom it would be right to "recommend."

But without waiting for any answer to this, the list forwarded with the Shanbhogue's Aryee of the 3rd January was submitted to the Huzoor with Anuntayah's Aryee under date 23rd January 1847. "Shanbhogue "having been called on for a local report of "the fitness of persons for the vacant appoint- "ment, has sent in a list showing the name "of Soobrayah Bhut and 4 others Soobrayah Bhut "lives within the Gram, and the Ryots of the

"the Gram have given their consent to the ap- "pointment of Soobrayah Bhut) has been "fined 5 Rupees for a quarrel, but this took place "long ago and he appears now to be be- "having well. He may be appointed for the "present, according to the consent of the Ryots, "and may be confirmed after his conduct has "been tried for a short time."

The only comment required on these is that the bribe is alleged to have been paid on the 11th January. That in the report of the 23rd January 1847 submitted before answer to the 1st Jaheed of the 11th January had been received, carefully avoids all the important considerations against Soobrayah Bhut's appointment - that the Ryots are his Cottars - that he is not an eligible person and all mention of the most objectionable person in the family, Venkatrayah Bhut, who is the younger brother, the most active member of the family, and is both a dangerous and troublesome person. He makes no allusion to the qualifications of these persons although the Shanbhogue recommends any of them in preference to Soobrayah Bhut - that the steps said "on the consent of the Ryots" was made with the wilful desire to mislead and in the way which it was eminently calculated to do so, is clear from the Jaheed to the Shanbhogue dated

dated 3 days before the bribe was paid in which he expressly says "It appears that Soobrayah "Bhut is a troublesome person and that the "Argee of the Ryots was only gone got up by Gunny "Wakkals and calling on the Shanbhogues to "take the Mahazernamah of unhiafsed persons" Here admitting the worthlessness of the Argee which he subsequently makes the ground of recommending the appointment-

By admitting the payment of the bribe Venkat Rajah Bhut and Soobrayah Bhut cast a suspicion on the Tahsildars re-commendation which led to more minute examination of their character and issued in another being appointed to the desired situation-

Anantayah can show no cause for ill will but states that they may have been induced by others to make these false statements either by Soobrayah Hurnick or one Ramachandrah Bhut whom he had recommended for one Months suspension shortly before. Soobrayah Hurnick was dismissed by Venkat Rayah Bhut assisting Devapah Shetty in prosecuting his charges against him and Soobrayah Bhut was a principal Witness on the Case. The warmest enmity exists between Soobrayah Bhut and Soobrayah Hurnick. There is no reason to believe that Ramachandrah Bhut interested

interested himself in this case, or influenced any other against Anantayah. Anantayah certainly did recommend his suspension for one month 7th January 1847 but so carelessly that the Sub Police. No 7- Collector did not act on it. Anantayah's report bears so much the appearance of spite as to give some probability to his (Ramachendrah's) verbal Statement, that the Tahsildar got up the case in order to get him punished as he and Anan-tayah had had some difference about money matters. (probably a bribe which was not re-turned when the object for which it was paid could not be obtained) being under a cloud at the time the Assistant Collector did not think it advisable to go into the circumstances-

Munjayah Nagany Shanbhog of the Shroor Divn. of the Yelloor Nagany

No 8

Anantayah- With having about the end of April of 1238 received the sum of 25 Rupees from Munjayah Nagany Shanbogue of the Shroor taraf of the Yelloor Nagany for giving him the said Munjayah permission to conduct the duties of his situation, he having succeeded to the appointment while a minor for which no such payment or gift could be lawfully demanded or received- as Anantaya being at the time Tahsildar-

of the Taluk and of the 1st Class of Sanads described in Clause 3d of Section II of IX of 1802.

The facts as stated are briefly these. The Shanbogueship is hereditary in the family and on the death of his elder brother Keshwayah Manjayah was appointed, but being minor his business was conducted by Vadrajaya Goomastah till 1253 when he died and Manjayah presented a petition to be permitted to conduct the duties. Of this no notice was taken by Anantaya till when Manjayah went one day. Anantaya refused to give and till paid 50 Rupees which he paid to Anantayah one evening in the verandah of his house. The latter denied was found with 2 or 3 days after the payment. It bears date 26 May 1253. The order for his appointment as Shanbhog on the death of Keshwayah bears date 21st January 1243 describes him as 12 years of age and orders a Goomastah to be employed till he arrives at years of discretion.

On the 2nd May 1253 the Tahsildar reports the death of Vadrajaya on the 23d April of that year and that he has given orders to Manjaya to conduct the business.

Manjayah produces as witnesses to the payment. The defence of Anantayah consists in an admission of the amount

as above, and denial of the receipt of any fee or present from Manjayah. States that he has made the Statement at the investigation of a Potail in his division whom he Anantiah has had lately recommended for one months suspension but beyond the allegation shews no cause for supposing such to be the case. That this Shanbhog was interested in the case alluded to. The object of the cross examination by Anantiah was to shew that he had cause for ill will from having been frequently reproved for laziness. it however failed and from one of the questions and its answer may be gathered that at the time of his appointment Manjayah was not equal to the duties but was compelled to have recourse to the aid of a Goomastah. It appears from one report of Anantayah under date 20th December 1256 that this individual delayed a fortnight or 3 weeks the transmission of some copies of Collection Books required in a Civil Suit. The Tahsildars forwards his deposition in explanation without recommendation.

This person seems a respectable man and public Servant. The deposition was made

made most reluctantly while Anantayah was still Tahsildar and is trust worthy.

Lingapah Shanbag of the Sandecoor division of the Yellore Mayang

Anantayah. Charged with having illegally exacted and received the Month of January 1844 from Lingapah Shanbag of the Raidee Koor tarf of the Yellore Mayang the sum of Rupees 25 to give him permission to conduct the duties of his Office to which he was appointed in 1253/1248 but of which in consequence of the (Lingapah's) animosity, Narsingrah Gomastah had conducted the duties upto till 1254 Fasl and with having appropriated the same to his private use.

The Circumstances stated by Lingapah are briefly as follows.

From the time of his Lingapah's appointment in 1248 to the Hereditary Shanbhogship of the Mayang, during a minor his Gomastah Narsingrah had conducted the duties. In 1254 he considered himself equal to doing them and presented a petition accordingly but as Anantayah did not issue the order he went to his house, when he (Anantayah) demanded 50 Rupees but consented to accept 25 Rupees.

the

the payment was agreed to, and the next day Anantayah issued the desired order. He (Lingapah) then went and borrowed on a bond the sum of Rupees 50 of which he paid 25 Rupees to Anantayah on night in his (Anantayah's) own house of the balance, 8 were paid to the Revenue Moonshee Soobroo and the balance spent in his own private concern. no one was present while the payment was being made and he does not keep accounts of his private & personal expenses.

1st Witness Paddoo Bidry Sowkar Timmapayah. Has had dealing with the family for long and holds bonds from members of it, for large sums. on the 20th January 1845 or 2nd Phalgoon Dundubhi (Devadashe) Lingapah borrowed 50 Rupees on note of hand and told him, when he at first attempted to evade making the loan and it was to pray the Tahsildar to obtain his hereditary Shanbhogship. The note of hand was subsequently returned to Lingapah on his (Lingapah's) executing a further bond for 80 Hoons on the 23d June 1840 (Vishwavasoo Jeshta Bahula Chouthe). but before his books for Krodhi in which the payment is specified. "By a note of hand from Lingapah on Poothyah "Shoodha Devadashie" and again in books for Vishwavasoo under date Jeshta Bahula Chouthe the whole accounts are balanced prior to executing

the

the deed for 80 Hoons in which the Rupees 50 items alleged are accounted for with interest up to date..

The witness admits that Anantayan sent to the Magistrate certain measures belonging to him as incorrect with those of many others in the same Petta - these however were not false measures but merely not such as are recognised by the Circar, as Measures holding 1/8 and 1/5 of a Seer respectively. There is a great want of uniformity in the measures generally used in the District..

2. Witness Balike Tenkayah Talaver ancen[illegible] is Lingapah's father-in-law was told by Lingapah that he had given 25 Rupees for the purpose of borrowing from Anantayah.

Anantayah's Defence consists in an admission of the facts relating to the appointment and the subsequent issue of a Yakeed to the (Lingapah) on the petition begging to be permitted to conduct the business himself. The (Anantaya) considered him fit and permitted it and subsequently reported the step to the Honble. That the statement is made out of ill will he does not deny. He has frequently reprimanded him for [illegible] and made him make good a Fuzlewar arrear.

The Cross examination by Anantayah

Fort St George 2nd August 1847

is 1st a reference to personal accounts and the expenditure of the 50 Rupees which is satisfactorily explained 2nd as to causes of ill-will 3rd in having made Lingapah pay a balance of Fuzlewar arrear in his Mogany of Fasl 5 and 6 which Lingapah states he paid as it was very trifling and the Tahsildar did not wish to represent it at the Hoozoor Jumabundy but afterwards collected it from the Cool which appears correct - 2ndly that he frequently warned him about outstanding balance and other Current business which appears to have consisted only in the usual proceeding orders issued to all Shanbogs 3rdly That he had been ordered to give a tree for the public Bungalow building at Cape - The Lingapah states he gave willingly and there is no reason to suppose the contrary - 4thly Because he (Anantayah) had frequently told him Lingapah to do his own work and not to do it thro a Shanbog - to this Lingapah answers that when he first received the order the Tahsildar desired him to retain Karanapah the Gomastah who hitherto had acted but not agreeing with him, he (Lingapah) employed another at which Anantayah was displeased and ordered that he should in future not keep one - That he does not understand surveying and the other more

complicated

complicated duties of his appointment he was obliged to get occasional assistance, when he could others. Anantayah explanation in reference to issuing the order to him to undertake his own duties without ascertaining that he was equal to them is very unsatisfactory. The Tahsildar once refused to recognize the Gomastah whom the (Lingapah) had employed after disagreeing with Naranapah.-

This Narnapah Gomastah is a fellow caste man of Anantayah and is alluded to by Anantayah in No 4.

Hoond Hegady of Kootiyar Village in the Yellow Coimpy of the Coddy Taluk.

Charged with having in the Month Kartick / Trotes/ November taken staying in the Yellow Dewadar corruptly received the sum of 30 Rupees from Hoond Hegady a Deft in a Summary Suit then pending before him on plaint of Appanna Arra, and appropriated the same to his own use.

The Circumstances are briefly the following.-

Appana Arra preferred a plaint before the Tahsildar praying that his ten tenants might be required to execute Jenmy cattle

Chitty to him / Appanna Arra / and Hoond Hegady restrained from interference - Hoond Hegady pleaded that he was the Gedjman of the Estate while Appanna Arra was only an ex agent under him / Hoond Hegady / In the proceeding Appanna Arra is reported by Anantayah as having been instigator to lay claim to the property which he managed in hopes that his purpose of appropriation might be effected. Hoond Hegady being young and inexperienced. The Tahsildar required Hoond Hegady to pay 40 Rupees but consented to accept 30 and a pagee. Hegadys allegations and an order passed confirming the Tahsildars recommendation by the Collector - Hoond Hegady paid the Money him self into the Tahsildars hand and there are none but Anantayah witnesses - Hoond Hegady does not keep accounts of Current expenditure.

Anantayah denies having received 30 Rupees as a bribe - pleads that the person has been investigated in making this Statement by yellow Mogany Nandikoor tarf Manhoque Lingapah / vide case No 7 / but beyond the allegation there is nothing to lead to the inference that Hoond Hegady has been induced

to make the Statement for ill will or malicious
-advice -

Ditto Do Anantayah Charged with having about the season of cultivation 1254 (May or June) while head of Police of the Codiyg Talook extorted 20 Rupees from Koma Heggady Deft on the charge by Appanna arsa with having gathered persons with a view to taking forcible possession of certain fields and committed affray, by threats that he a Head of Police would commit the case to the Criminal Court.

The circumstances of the case are as follows. -

A dispute took place at the time of cultivating certain fields cultivated on the part of Koond Hegady by one Bermoo. a large party of persons was collected on both sides, on one side by Appanna Arsa aggressor and on the other side by Coondaya Hegady to prevent their taking forcible possession of the land. The Potail of the Village Hitla Shetty is a connexion of Santa Shetty the person principally interested and a report unfavorable to Koond Hegady was made to the Tahsildar and himself Koond Hegady sent in custody to the Talook Cutcherry. Threats were made by the Tahsildar that he would forward the case to the Criminal Court.

Koond

Koond Hegady is very young and of dull intellect and paid 20 Rupees to the Tahsildar - a compromise was then made between Koond Hegady and Appan Arsa and a report in his favor was made to the additional Sub Collector who acquitted Koond Hegady and Appan Arsa of affray and fined Santa Setty according to the Tahsildars report enhancing only the amount to the latter on more particular enquiries made in the talook which was the scene of the disturbance the Assistant Magistrate is not inclined to believe that matters took place exactly as they appear on the Tahsildars proceedings - a reinvestigation would however not have been judicious.

The land in question was the same as that litigated in the Suit in which Koond Hegady paid 30 Rupees and got the case settled in the same manner by the Razeenamah of Appana arsa (See No 10).

On hearing of the case the Assistant Magistrate sent for Koonda Hegady before he was aware of what the nature of the examination would be. he then stated 28th January 1847 that the Money was paid thro Soobrayah the Manbogue of the Hogany - Soobrayah the Manbogue on being examined denied that it was paid thro him, but stated that he had heard that he (Koond Hegady) had paid thro his own Manbogue of the same name. On re examination he made this Statement and said

said that this must have been a mistake in record-
ing it, as there is every reason to suppose that this
was done to the same Mogany Shanbogues name
as well as to give an appearance of truth to the
Statement of that public Servant, Ramda

not examined - The proceedings in case No will

very many cases when the parties were within his

Anantaya Sheik having about June
1846 while head of the Police
and Revenue of the Codidy Talook
Corruptly received from Antapa-
kalah Plaintiff in a case of Assault
and Deft in a summary revenue Suit
then pending before him (Anantayah) the sum
of Rupees 12 paid with a view to obtain his (Anantayas)
favor in both cases and with having appropriated
such sum to his private use -

The circumstances of this case
are as follows -

A revenue case or the Suit
of Plaintiff Monoapoomany had been pending
before the Tahsildar for years in which Anta
Pakkala

Pakkala was Deft Plaint was that Anta-
Pakkala had enjoyed a portion of the Warg for
some years and had the preceding year grown
it up again to Mona Poomany from whom he was
represented to have taken it on lease that he was
about again forcibly to possess himself of it - The
allegation that Plaintiff Monapoomany had pre-
covered possession was a fiction in order to ob-
tain ground of Suit. Antapakalah was and had
been in continuous possession -

The case was still pending at
the commencement of the Season of Cultivation
of 1846 - when Mona Poomany proceeded to take pos-
sible possession of the land under Litigation a
very serious affray took place on the 4th June in which
Anta Pakala was severely wounded on several
places. a complaint was preferred before the
Potail by Antapakala against Mona Poomany, his
brother Bermoo Poomany, Bhiroo Paady, and 2
others of Assault - and the parties with the wit-
nesses were sent by the Potail to Codidy - as the
case passed thro' Kurkal Mona Poomany preferred
a counter charge against Antapakala - and the
Monegar a Sub Officer of Police commenced an
examination of the whole case & received a
bribe of 18 Rupees from Anta Pakalah. The charge
of Assault was proved against Mona Poomany and

others

others and he was placed in Confinement under a peon Venkala-Mona Poomany paid the latter the peon 2 Rupees and was allowed to escape and came to Cadiapy first going to his own house in Barcoor to fetch some money- While in Karikal Antapakala paid to the Monegar there 18 Rupees when he promised to send Monapoomany to Cadiapy in hand cuffs- it was on learning this that Mona Poomany escaped the Peon to be permitted to escape- The payment of 18 Rupees to the Monegar is establishment by the evidence of Antapakala's brother Henyah Pakala and Narsapah Shanbag who lent 10 Rupees for that purpose- and files the document executed by Henyah Pakala for the money after it was sent under date Parabhava Shravana Shudh 11th (29th July 1847) - on Mona Poomanys arrival in Cadiapy he went at once to the Tahsildar's lodging and there got introduced to the Tahsildars wife to whom he paid 10 Rupees and prayed that she would intercede with her husband that he (Mona Poomany) should not be hand cuffed which she promised- Besides which he Mona Poomany sent a present of 3 Rupees to the Police Moonshie Venkata Row thro' one Bhir adhelary.

In due course the Monegar of Karikal forwarded the cause & the other persons after detaining them 10 days together with Anta Pakala to the Tahsildar who did not however take up the case immediately in the interim Anta Pakala went to his (Anantayah's) lodging one night & there paid 12 Rupees

and

and begged him to settle the two cases the Revenue Suit, and assault case in his favor, and also gave the Police Moonshee 8 Rupees The Tahsildar, who had received from both sides as had also the Police Moonshee then proposed that the assault should be settled by Rajee that both parties should consent to the revenue suit being referred to a Punchayet- At the instigation of the public Servants therefore a Razeenamah was filed & the Tahsildar sent up the proceedings with his report Police No 149 in which he states that "all the assault with 27th June 1847 Cudgeons &c. is proved against 2 of the prisoners & that one had laid hands on the Plaintiff and that this in the Affray Plaintiff had been slightly wounded it was at the time of report somewhat cured" (N.B. the assault took place on the 4th June 17 days before the date of the report) "He would therefore recommend that the Rajee be accepted as the affray had its origin in a difference about the land in question and which was then under examination in the Revenue department- and in which both parties had just agreed to abide by the decree of a Punchayet."

On the receipt of the case the acting Addl Jt Magistrate Mr Reade passed order Pol: No 95 that 5th July 1847 that in such a case a razeenamah was quite inadmissible that an aggravated assault with sticks was proved and 3 severe wounds had been inflicted, and that such affrays at the time of cultivation were peculiarly reprehensible- Convicted the prisoners and fined the 1st Prisoner Mona Poomany 10 Rupees 2d Prisr Birmoo Poomany 5 Rupees, directing at the same time that the fines should be kept in deposit, and the result of the revenue suit reported, when according to the circumstances which should appear on perusal of it he would then confirm or mitigate the fine.

The Tahsildar got the parties further to consent to a Rajee by which Anta Pakala was to give up the land in dispute to Mona Poomany in consideration of the length of time that Anta Pakala had enjoyed the land was to pay them

Fort St. George 2nd August 1847

him 10 Pc. /40 Rupees/.-

A subsequent report 3rd July 1848 was made as to the escape of Monapoomany from custody in Narsal in which he reports that he was not in custody but only placed under a peon to be produced when required to be sent to Oodipy - and that there was no connivance on the part of the peon, but recommends that 3 peons and among them Venkata be fined 1/2 Rupee each for carelessness. From his own Statement and that of Anta Pakala and others there is no doubt that Mona Poomany was in Confinement.

Anta Pakala further states that he on two occasions paid Rev. Manuskee Sastry 18 Rupees on the 1st occasion 10 Rupees & again 8 months later 8 Rupees.

There are no circumstances to the payment of the money by Anta Pakala to Anantaya but that when going to Oodipy on the occasion of the assault case he borrowed from Narsal Chetty 3 Pc. (12 Rupees) and from Deje Kadambatilly (female) one or two Pc. - In consequence of the age and infirmity of this person and the distance (about 30 Miles) of her residence from Oodipy she was not examined.

Here is a case in which connection has had to midst license Tahsildar and shee receive from both sides. Narsal Manager was largely bribed and a peon admitted on record for 2 Rupees and is screened by Tahsildar, report and small fine only recommended.

The evidence is most unobjectionable as object from self accusation of escape and the reflection which confession of giving bribes with the malicious object of getting another sent to the Cutchery in hand of the accused. The witnesses were sent for from a great distance and could have come under no influence. Bhood by whom the Assistant Collr. from certainly was gained over expected.

Sheik Hamed Kolkar attached to the Salt Depot at Kadekar - about 2 years ago /1845/ 8 Pc. to obtain permission to return to do duty in the Salt Depôt to which he stood appointed. Anantaya having ordered him /Sheik Hamed/ to do duty as police peon in the Oodipy Taluk Cutchery.

since which time he /Sheikh Hammed/ has been permitted to remain unmolested in the Salt Depôt.

—— Nullah Kolkar in the Kurkul Tobacco Godown about eighteen months ago in 1845 the sum of Rs. 6 and a fine turban Kerchief value 2/2 Rs. were given to permit him /Nullah/ to return to Kurkul whence he had been transferred by Anantayah to do duty in the Oodipy Taluk Cutcherry.—

States that he is a native of Kurkul and belonged to that Tobacco Tannah that about a year and a half ago he was called to Oodipy by Anantaya and ordered to do duty there. being a stranger and unacquainted with the neighbourhood and anxious to return to his village paid the Tahsildar one months pay. but was not at once permitted to return. Anantaya then sent him to Kurkul with a Takeet and desired him /Nullah/ to bring a good turban Kerchief with him on his return which he did paying 2½ Rs. for the same. This he also gave to Anantayah and 4 or 5 days afterwards obtained the desired permission to return.—

3d. —— Chellah Kolkar attached to the Tobacco Depôt at Kurkul about the end of 1844 or beginning of 1845 the sum of Rupees 4 to permit him to return to the Kurkul tobacco Depôt from which he had been transferred by Anantayah and made to do duty — of a peon in the Oodipy Taluk Cutcherry.—

Chellah states that the stands appointed to the Kurkul tobacco Godown but that Anantayah made him do duty for several months as a peon in the Taluk Cutcherry at Oodipy. That on the occasion of his being sent to Honore to guard the remittance he caught a severe fever which made him very anxious to return home. that he begged Anantayah to let him return, but was refused; that he therefore one day took 4 Rupees which he paid to Anantayah and was at once ordered to return the next morning, he has since been unmolested. He further states that on his return with the weekly remittance to Oodipy — Anantayah desired him to bring ½ a Measure of Castor Oil which he did and paid 2 Rupees for it. That he was not paid for it.—

The Takeet by which this peon is sent to camp Salt Depôt bears date 17th. September 1845

4d. —— Chennah Kolker belonging to the Tobacco Depôt at Kurkul. In 1254 6 Rs. permit him /Chennah/ to return to Kurkul Tobacco Tannah

to

to which he stood appointed for the Salt Depôt at Pangal where he had been ordered by Anantayah to do duty.

Chennah states that when he came in with the tobacco proceeds box to Oodipy from Kurkul, Anantayah stopped and ordered him to go to Pangal and there to do duty in the Salt department; that he remonstrated without effect and during the several Months he served in Pangal frequently prefsed Anantayah to permit him to return to Kurkul. At length he paid him 6 Rs. and a Sarkeed was ifsued to the Salt Shanbogue of the Sannah at Pangal to send him /Chenna/ to Oodipy whence he was permitted to return to his Sannah at Kurkul.

DEPOSITED IN THE RECORD ROOM

The Sarkeed Kurkul Tobacco Shanbay by which he is informed that chennah is transferred to Pangal is dated 25th July 1254 about 5 Months after his first transfer.

Anantayah made a general defence in reference to all peons. he shows no cause for transferring revenue peons and afsorts malicious feeling as the cause of the Statement /Sa No/

None of the Rolkars above named have been punished except Sheik Hennee fined 8 annas by order No. 456/255.

The facts in this and other peons cases are of the most notorious kind Anantayah has, it is well known, been in the habit of extorting money from the peons of his District. The Assistant

Assistant Coll.r has by him memorandum of this fact noted down by him, 2 years ago on well informed authority, this led to his summoning these persons and enquiring. He has no doubt that many others might be found from whom money on some pretext or other has been obtained.

The effect of the head of an Office levying money in this way from his peons need not be enlarged, and his authority destroyed and a wide door opened to their rapacity.

No. 12

Anantayah — Charged with having illegally exacted and corruptly received from certain peons on the police establishment of the Taluk to permit them to evade the operation of a standing police order that the peons on the various Chekkundies are to be sent to other Chekkundies every 6 Months and converted the same to his private use. In the following instances. Viz.

Sheslah Police peon — About 2nd October 1254 on the Kurkul cutcherry. 8 Rupees to permit him to return to the Kurkul Chekkundy from which he had been transferred to Oodipy by Anantayahs order. Sheslah states that he had been long peon at Kurkul where he lived and a man of sickly constitution and unacquainted with the neighbourhood of

of Oodipy. That he was induced to pay Anantay-
-ah 8 Rs. and obtained the desired transfer within
5 or 6 days. That he gave further about 3/4 Rupee
worth of rice.-

Mahomed Jaffer Duffudar of
the Oodipy Talook Cutcherry corroborates this state-
-ment. This peon does not appear to have been
transferred to Oodipy by takeet. The order send-
-ing him back to Kurkul is dated 4th. October 1252.-

Mahomed Jaffer corroborates this statement-

The Takeet transferring this Peon

sick and on his praying Anantay-
-ah to send him back again to
Kurkul, he (Anantayah) demanded
4 Rs. which was paid by him to Anantayah
Cutcherry at Pangal.-

Anantayah admits that there
is a standing order to change peons to differ-
-ent Chekkundies every year, that he has not been in
the habit of doing so altho he asserts that he
has ordered them to be moved about to the dif
-ferent Moganies of the same Chekkundy;
that on examination it appears that in 1853 only
one peon was transferred by Takeet. In 1255, 11 such
takeets were issued but include only 8 persons and
in 1255 only 2 peons were sent by the Tahsildar.
He further admits that the order specifies that
the peons are not to be longer than one year
in any Chekkundy.-

The takeet ordering this peon to Oodipy after acting 3 months for Kittah bears date 26th. Octr. 1255. and that permitting him to return 21st. June 1256 - 8 months.-

He asserts that the peons have been put up by certain enemies to make the statement viz. Duff: Mahomed Jaffer. Duff: Shekh Hammed attached to the camp Chekkandy of Peon Ven Kata whom he had fined 2 Rupees Shekh Hammed whom he / Anantayah had sent to Kurkul against his will and had once recommended a fine of 8 annas. Both which he has had some of them fined.

From records it appears that Peon Sheska and Karnee were fined 4 as. for delay in carrying tandah tapal order No. 2/1253. Ven Kata fined in 1846 Re. 2 in part value of a stray bullock which the Monegar of Kurkul neglected to sell by the outcry within the regulated period and which died in this peon's keeping. Asst. Magistrate's order No. 54/1846

Shekh Ibrahim was fined in 1255 Tamil one Rupee for idleness. Huzoor order No. 371 / again 1/2 Re. order No. 455/1255.

The peons here admit that they have systematically evaded by corrupting the head of the office the operation of a standing order. The admission is made well knowing that the disclosure would have the effect of removing them from their home and the Cheekkandy in which they

they had long served and for which they had sacrificed from 1 to 2 months pay and further most effectually put a stop to the possibility of evasion in future.

Duffadar Shekh Hammed who is alleged to have instigated these depositions has been fined 1/2 Rupee for delay in sending the parties in petty assault Case No. 31/1845 & 1/2 Re. for not giving efficient assistance in the collection of land Revenue No. 612/1255.

— Karnee Police Peon In 1846 6 R. on Kurkul Chekkandy under the same circumstances and for the same purpose as above.

Stating that happening to come to Oodipy on private business Anantayah told him that he intended to transfer him / Karnee / to Oodipy and send another to Kurkul in his stead. being an old man and quite a stranger to the place he was induced to present 6 Re. to Anantayah. This took place a few days after he had been told that he should be transferred to Oodipy and the day after the payment he was ordered to return to his former Chekkandy.

Devapah Kolkar in the Salt Godown Capd } Anantayah.

Chaged with having during the Monsoon of 1846 / date unknown / illegally exacted and corruptly received through his own wife from Devapah, Kolkar in the Salt Godown at Capd Vlr Ylr the sum of 4 Rupees in two instalments of 2 Rupees each, by threatening to get him punished for making away with his bell appropriated the same for his private use.

The circumstances are briefly the following. Devapah was sent to Karkul to execute a message during the Monsoon of 1846 and on his return missed his road, which was new to him, and in crossing a swollen Nallah lost his bundle, in which were his belt and clothes, he himself escaping with difficulty. On his return to Codiply he requested the Tahsildar to obtain an order for a fresh one, this the Tahsildar refused to do till he had promised to fee him in the sum of 4 Pr, threatening to report that he had fraudulently made away with it. when he had agreed to pay 4 Pr a report No. 388 / 19th 1258 was sent to Hoozoor recommending that bell be replaced, and paid for by the person which was ordered

Fort St. George 2d August 1847.

ordered accordingly No. 718 / 24th 1255 subsequent talkeed to the Potail of the Village to send it in, if he could find it was returned by that Officer 29th June 1255, the search having been unsuccessful. The money was paid by Devapah to Tahsildars wife in two instalments by Anantayahs direction.

Evidence in the case is that of Soobayah, the Shanbhog of the Salt Godown to which this Kolkar is attached, who was acquainted with the circumstance.

Anantayah denies that he exacted any such sum or that his wife received it as charged to Karkul against his will or at the instigation of Soobayah the Salt Monegar who he avers bears him ill will (see No. 5).

N. B. This man's case was heard of thro' Soobayahs whom Anantayah in his cross examination charged with extensive frauds in the Salt Godown and he stated the circumstance apparently in self influence, and the man was sent for immediately from a destance of 8 or 10 miles and the Assistant Collector is of opinion that no collusion could have taken place.

Charged with having illegally exacted and on or about the thirtieth of Shood of the month Maya. 1st February 1825. in wishwansu corruptly received from Sheshgerry younger brother of Manjoonatha Shanbog Shroff in the Talak Cutcherry gold to the weight of 3 Hoons valued at 12 Rupees 12 annas to procure delay in the furnishing the necessary Surety for Manjoonathas conduct in the public service and with having appropriated the same to his private use.-

Sheshgerry states as follows.

Manjoonatha had not up to the date in question been able to furnish the surety required under the late standing orders that all public servants should furnish security and the Tahsildar pressed when he Sheshgerry who conducts all the business of the family went to the Tahsildar and begging 15 days delay to find one, the Tahsildar at first refused and demanded 3 Gold Hoons which he (Sheshgerry) paid for his brother. The private accounts of the

the family are produced and show with many other entries of Miscellaneous Kinds one under the date above stated To the Tahsildar 3 as 12 as value of Gold 3 Hoons 1 14 12 on examination of the surety bond it appears to be dated about the date of this payment and considerable delay appears to have occurred in carrying the Boards order into effect in this case.

Manjoonathn is an old Servant very sickly and nearly blind and leaves the whole conduct of his private affairs in the hands of his younger brother. Manjoonatha is subject to occasional fits of slight aberration of mind and was in a nervous state when this examination took place and was not examined -

Anantayah denies any such receipt and states that the private account book has been made up afresh for the express purpose of this entry - An assertion entirely unborne out by the circumstances as well as the appearance of the book. It is a private memorandum book free in the Ags. St. Coll.rs opinion from all suspicion and was produced in reference to an examination into the conduct of the Cajr Moonsiff going on at Cajr when this entry could not be concealed and the explanation given is sufficiently borne out by the facts.

Circumstances bear out this case the

the security bond is dated the 29th January 1840 and it appears from Meshgerrys depositions that he is in the habit of writing the accounts after a few items have accumulated and not at the time the payment was made.

Memo: of Bribes paid to Anantayah by Balla & Killa.

Killa peon on the Codify Establishment being sick wished to resign his billet in favor of his brother Rama which Anantayah promised to permit on receipt of 6 Rupees which were paid accordingly and a present of some Ghee added.

His brother Ramah was then allowed to appoint Killahs belt.

Balla Cograny of Badanadoor gram having settled to give a Buffaloe worth 12 Rupees was however recommended to the Hoozoor for Killahs belt and Ramah in whose favor Killah had resigned recommended for the Cograny ship vacated by Ramah and orders were passed accordingly. But when Killah found that he had been deceived and being aware of the payment by Balah, he came to Mangalore and made much about, and published the way that he had been defrauded when he had only resigned in favor of his brother. He was at length reinstated in

Fort St. George 2d August 1847.

in the resigned peonship by Hoozoor order and Balah who paid 12 Rupees again remanded to his Cograny ship.-

Balah admits that he settled to give Anantayah a buffaloe worth 12 Rupees on condition that he should have the first peons situation vacant that he in this manner obtained Killahs situation, but the Tahsildar (Anantayah) as Killah was making a great noise about the matter and now that a bribe had been paid would not take the buffaloe preferring its value 12 Rupees in coin which was paid.

The statement is corroborated by that of his elder brother Sinnappah who is a land holder and was anxious to settle his brother well.

The case is undoubtedly true and created some talk among the public Servants as Killa published the circumstances and intended to expose Anantayah had he not recovered his belt.-

Balla admits having fraudulently deprived Killa of his belt and the affair led to so many arrangements subsequently by Anantayah to give Bala a situation such as he had paid for, that there can be no doubt that he was influenced by bribes.-

No. 18

No. 153 on the Criminal file of the Sub. Court for 1846.

While employed in general enquiry into the conduct of Anantayah as head of Police and Revenue in the Talook of Codisy the Assistant Magistrate took the opportunity of making local enquiries into the real circumstances of this remarkable case in reference to which the Court of Foujdary Vedamulut had threatened to direct the dismissal of Anantayah from office.

The case was one in which certain prisoners were committed to the Sub Court by this Tahsildar charged with the murder of a Dher Mota on the full confession or of one of the parties and the partial admission of another that they had actually committed the murder. Mota had been missing for two days or a fortnight before any charge was brought forward and no Corpus was found. The prisoners withdrew their Confessions before the Court and charged the Police with extorting the Confessions but the story as shown in the depositions represented to be Confessions was apparently so plausible that some of the prisoners were called on to furnish security and in default committed to Jail. In the mean time after considerable precaution Devaraja Shetty

Fort St. George 2d. August 1847

Shetty brother in law of Anantayah one of the prisoners who confessed produced the supposed murdered man who it turned out went about the Ghauts of his own accord to obtain wages absconding secretly from the Village being in debt to his former Master.

The circumstances attracted the attention of the Judges of the Foujdary Adalut and enquiry was instituted no violence in the execution of the confession was proved as exceptions the assertions of the persons sent as prisoners to the Court and Dewapoo Shetty no others were willing to depose. A case of bribery however was proved against the Potail and he was convicted under Regulation III of 1819 and dismissed from his Office. The Tahsildar had gone himself to Muery the Village where the murder was supposed to have taken place, remained there a week and recorded the confessions before himself at the land of his Moonshee Seobarow, This was of itself a most suspicious circumstance but the Assistant Magistrate obtained information of the whole irregularity committed by Anantayah and his Servants. The (Assistant Magistrate) was aware that Dewapoo Shetty had intended to come forward with the whole truth

Fort St. George 2d. August 1847

truth but had been induced to withdraw by Anantayah's son who is a Registered volunteer in the Courts of Mangalore one of the Inconsistencies of the Godjey Taluk Cutchery then in Mangalore, Sooba Row, the same who had been to Moery and recorded the Confession, while caste influence and family connexion among some of the Servants of the Assistant Magistrates Cutchery made it difficult for a poor Bunt to push a charge against a Tahsildar.

Under these circumstances and the Court of Foujdary Adalut having recorded the severest censure against Anantayah threatened to direct his dismissal in their Proceedings under date 2d February 1847 the case became again the subject of the Assistant Magistrates anxious attention while in the Taluk.

The parties were again sent for Dewapoo Shetty stated that he paid 20 Rs to the Patail who and Seobaya Shroguy as present in the former case to obtain his and release and obtained it accordingly. But besides when the Tahsildar came Mootyah his Younger brother and Baboo Shetty his brother in law were accused of the murder, put in hand cuffs and severely beaten, that to save themselves he was

was induced to give 25 Rupees to Anantayah and 10 to Soobroo Moonshie. They were negociated for and paid thro the Potail Soobrayah and Revenue Peons &c also were paid by Devapoo Setty.

40 Rupees were borrowed by Soobayah Sheroogar from Soobrayah Bhut on the pledge of Devapoo Shetty's jewels. Devapoo Shetty being then in close confinement a further sum of 20 Rupees were borrowed from Baboo Shetty. the loan from Soobrayah Bhut is established by his Soobrayah Bhuts Statement and the jewels produced and Baboo Shetty state that 20 Rupees more borrowed from him was produced Devapoo Shetty wrote a petition charging the Tahsildar and others with misconduct and bribery. The utmost endeavours seem to have been made by the Tahsildar to settle the matter Peons, Hollah and Sameo were sent to settle the matter with the Potail and others who had received bribes and to send Devapoo Shetty to the Tahsildar This it seems was managed thro Munjoo Shetty one of the principal Cryste of the neighbourhood. He deposes to having sent Devapoo Shetty to the Tahsildar to settle the matter.

Doraisami Ramaya and Krishnoo depose to the intention of Devapoo Shetty to prefer charges

charges and the anxiety to get it withdrawn was shown by the son of Anantayah.

The principal neighbouring margadars were examined. Nair Regady Potail of Haniyar and Narain Redayah depose to the general report that large sums of money had been extorted

Devapoo Shetty denies having received the money back again and tho' there is no evidence to that effect the Assistant Magistrate is under the impression that at least part has been returned.

Police Moonshie Venkatarow also received 4 Rupees and returned them.

Potail Soobraya Nainee denies that his share in the transaction. He was convicted of having received 20 Rupees and there is every reason to believe he acted as agent without his evidence a link is wanting without which there seems to be no reasonable hope of obtaining criminal conviction against Anantayah and the others.

Aboo Shetty states that he too was unjustly confined for 2 days by Anantayah and hand-cuffed. He paid 25 Rupees thro Potail Soobraya Nainee and obtained his release.

Manjoo Shetty paid 6 Rupees to Potail Soobrayah Nainee and obtained his release.

After mature consideration of the whole bearings of this extraordinary case both as

as it appeared when under examination in reference to the Potail Soobrayah Harnee on which order was passed punishing and dismissing him / Soobrayah 19th
Harnee & and the subsequent examination in the Talick the Assistant Magistrate is satisfied that the utmost irregularity and violence with the view to extortion of money was used by all parties. After boy had been missing for a fortnight a report was raised that he had been murdered and Soobrayah Harnee & the potail gathered and confined un-conditionally the greater part of those living in the neighbourhood. The Talick Sibbendar went to the spot with a Moonshie 8 days after the first report had been raised, a period within which it might have been supposed that the truth or at least a suspicion that the report was false would have transpired and after remaining there 4 or 5 days he Records 2 confessions in which participation in the most heinous of crimes are to which the severest of penalties is attached is admitted. and there an enmity existing between the prisoners it might be supposed that one confessed in the hope by his own Confession to implicate the other. Here the prisoners are brothers in law and on the best of terms. Their story in further arranged so as to appear consistent.

DEPOSITED

Dher

Dher Moto states that no assault ever was committed against him. that pecuniary difficulties induced him to run away from his master secretly, an almost daily occurrence in this district since the promulgation of the act abolishing hereditary slavery. There is no tangible reason for disbelieving this statement. In this case, the Confessions are probably deliberate premeditated fabrications, which, as the prisoners state they were forced to attest as that these statements were actually deposed to as recorded, the Assistant Magistrate is unwilling to believe, no persuasion could induce two near relations without any ulterior object to implicate each other in a charge of murder in which they had no share & which never took place - If, as stated in the Confessions Moto was caught stealing & beaten, and in Consequence of that ran away, the Confessions are forced & exaggerated with a view probably to extort money.

These points cannot be cleared up - but it is sufficiently clear what part the public servants played. Corruption violence, and abuse of power only can account for the matter -

The Potail was legally convicted punished and dismissed and the further proceedings show satisfactorily that the Talsildar Moondie &

other

other servants not only connived but participated in the plunder extorted. While the case against Subbayah Parreeh was under examination by order of the Foujdary Adalut the Assistant Magistrate was obliged to dispense with the Assistance of the talook servants and send for every one direct as he was fully aware at the time that the whole of the Talookdar's influence was being used against him-

Sir

With reference to your sentence in case No. 153 on the Criminal File of the Subordinate Court in which the 1st. Prisoner in the said Case "Deva" is directed to find two securities in 20 Rupees each for the period of

of one year on the grounds of suspicion existing against him in the matter of the suspected murder of one "Monda" with which he stood accused at the instance of the suspected deceased's younger brother I have the honor to forward the accompanying copy of papers of investigation recently held by me on the petition of one "Dowja Shetty" elder brother of the second Prisoner "Mootya" in the said case.

These papers clearly shew that no murder has taken place & there is no doubt in my mind as to the identity of the persons of "Monda" "Dowja Shetty" connected with the 2nd Prisoner sufficiently complicates the anxiety in the matter & the cause of his watch about the ghaut and search of the suspected deceased while the examination of "Dowja" Convey the belief that he was not under the impression that his brother had been murdered. the examination (having confessional by the 1st Prisoner) and partially by the 2nd 3rd & 4th before the Police is certainly very unaccountable, and though I do not apprehend that enquiry will elicit any thing satisfactory yet I shall feel it proper

proper in order the circumstances to endeavour if possible to discover the cause of these confessions for except under some strange influence — exerted for purposes unknown to all but the parties themselves it is impossible to conceive that such confessions could have been voluntarily given especially of a crime that actually had no existence.

In furtherance of the enquiry to be made I shall feel obliged by your sending me the Record of Proceedings held before your Court.

I stated it was my intention to enclose in
the matter therein referred to, in reply
I beg to state that since the 16th the date on which
the Proceedings from the Court reached me,
I have been travelling about the District &
have been so much occupied with other matters of

Fort St. George 2d August 1847

that I have as yet made no enquiry. I also at the time considered
it necessary to know the result of the information conveyed to
you in my letter adverted to before commencing any inves-
-tigation which a perusal of the Record of the trial might
eventually suggest, & it was only yesterday I
became acquainted with your revised sentence
though it appears to have been passed on the
12th instant. The Government Cutcherry in forward-
-ing the Proceedings did not mention that the
case had been disposed of, though I certainly
might have inferred it from the fact of their
return, but it did not occur to me. no time
shall now be lost in submitting the requisite
information, though I am of opinion from my
partial perusal of the records, that the nature
of the depositions of the Prisoners given before
you, preclude the probability of any enquiry
elucidating the real cause of their confessions
before the Police. The enquiry available would
seem to have been made by the Court, in
support of the defence then set up & the cause
alledged by the 1st Prisoner for his extraordinary
statement before the Police is incapable of
proof. he states it to have been given at
the instance of the Potail & Subrya Parish"
of his own Village, who was examined by you

yet at the same time he declared himself — unable to adduce any thing in support of it, so — that I fear there is little prospect of ascertain- -ing the real facts. With reference to the correspondence — which has taken place between yourself & Mr. Reade Asst. add.l Mag.te with regard to case of 2/53 of 1846 on the Criminal file of the Subordinate Court in which Deno & 3 others were sent up to the Subordinate Court Charged with the murder of one "Motta" I have the honor to submit the following) in- -formation -

2. You will recollect that the — 1st prisoner confessed before the Talook police that he had taken some part in the murder which he represented to have been actually Committed by 2d & 3d prisoners. 2d prisoner also made some admissions. On my taking charge of the additional Sub Collector's cutcherry on the

Fort St. George 2d August 1847

the 12th Ultimo. I found that the circumstances had arrested the attention of the Foujdaree Tedalut & that the parties had been summoned but no enquiry had yet been Commenced. I have since been endeavouring to get such evidence and information as might throw light on — this mysterious matter but I am sorry to say that I have entirely failed in getting proof of the violence & undue influence which the persons who confessed as well as the others who were sent up allege was used towards them. Their assertions are quite unsupported by aught but the one strong presumptive — inference to be deduced from the fact of their confessions of having been implicated in the Commission of the grossest of crimes but — which is now found not to have been committed. That such confessions were ob- -tained by undue influence on the part of the Village police does not admit of a reasonable doubt. It appears that the Potail on the — Complaint of a Dher woman that her son had been missing for several days confined indiscriminately a great number of persons & without any reasonable grounds of suspicion retained them in Confinement for 8 days until the Bodify Tahsildar arrived there -

3 The Confessions & admissions were made before the Tahsildar & tho' I have not been

been able to find out any thing irregular in his proceedings / such an examination is certain to lead to no thing / I can scarcely conceive how a person on the spot examining a case after the lapse of a week from the time of the first Confusion could have been made the channel of transmitting to the Court such a case involving as it did Capital Charges. The fact is scarcely consistant with the intelligence vigilance & integrity which should mark the proceedings of the head of the police of a district & I have communicated to him my opinion on the subject & trust that it may lead to more care in future in the examination of cases in which such vital interests are concerned, as above said I have not been able to satisfy myself whether the whole was a fabrication & that Matta / the supposed murdered man absented himself of his own accord, or whether he actually was beaten by some one in the Village & consequently run away. No wounder certainly took place & Matta denies any assault & states that he went away of his own accord secretly as he was in debt to his Master.

4 In connection with the same case Devapa Shetty brother of the 2d Prisoner charged the Potail Cograny & 2 of the Peadar's peons with extorting 20 Rupees from him, Devapa Shetty was himself closely confined by

by the Potail & paid the sum for his own release and to induce them he states to desist from violence towards his brother

2d Prisoner. The case has been clearly & satisfactorily proved against the Potail but not against the others and the Potail has been sentenced under Regulation III of 1819. under all the circumstances of the case it might be thought that he ought to have been committed to the Court as the punishment was not adequate to the offence but as his defence was that he professed to produce evidence document which would prove evidence for the prosecution to be false it became necessary to send him to his village to produce them - and I was unwilling to keep all the witnesses in attendance for a week or ten days at a distance of 50 or 60 miles from their houses particularly as the protracted examination before me had already occasioned them much inconvenience -

5. The Potail failed to produce these papers & was sentenced as above, the dismissal from the service which has been awarded in addition enhanced as the

the punishment to this individual I have awarded the Aograny long thened suspension as without his aid undue influence would not have been used the pri: =soners being in his custody & his denial that any irre: =gularity took place leaves a strong presumption of his participation in the delinquency & its profits-

Read again Criminal Reports under date the 1st. November 1846 submitted by the Acting Subordinate Judge of Mangalore for the Month of October 1846.

Read also the following letter &c. from the Acting Subordinate Judge of Mangalore under date the 17th. December 1846.

1st. With this Communication the Acting Subordinate Judge submits copy of a letter from the Assistant Magistrate Mr. W. Robinson reporting on the result of the enquiry held by him, with reference to the Confessions made by the Prisoners in Case No. 150 of the foregoing Criminal Report before the Police authorities-

2 The Petitioners in the case referred to were charged with the Murder of an individual who has been discovered alive & who denies having met with ill treatment of

of any kind whatever alleging certain pecuniary difficulties to have been the cause of his disappearance from his village on which the charge of Murder was preferred and admitted fully by the 1st. Prisoner and partially by the remainder-

3 The existence of the individual said to have been murdered having been reported to the acting additional Joint Magistrate & proved to the satisfaction of that officer & of the acting Criminal Judge by whom the 1st. Prisoner had previously been placed under a requisition of Security the 1st. Prisoner was released and an enquiry was instituted by the Assistant Magistrate which has resulted in the conviction of the Patail of having extorted money from the brother of the second prisoner for which he has been sentenced under the Provisions of Regulation III of 1819 and also dismissed from office the Aograny in whose custody the Prisoners were placed being punished by long Hand suspension-

4 The Court of Foujdari Adalut cannot pass from the Consideration of this matter without recording their opinion of the Conduct of the Head of Police by whom the case was committed, who have they consider to have evinced most culpable negligence in having failed to discover that the grave charge preferred against the prisoners was false & that the con: =fessions made by them had been extorted by the village authorities-

5 The Court of Foujdari Adalut can scarcely believe that the Head of Police was ignorant of the misconduct of the Patail & other officers concerned in the extortion of the Prisoners' confessions & they resolve to direct that a copy of these proceedings be sent to the Magistrate with a request that he will warn the Head of Police that on the recurrence of similar irregularities being brought to their notice, the Court will direct his immediate dismissal from Office-

Ordered, that Extract from these proceedings be forwarded to the acting Subordinate Judge of Mangalore for his information & for Communication to the

From the Coll.r of Malabar

Sir, On receiving the Lease of certain lands

lands in Wynad contained in the Board's letter of the 31st May last, Irequested Mr Chatfield in whose jurisdiction Wynad is, to look over it and make such remarks &c as were neces-
sary.

Mr Chatfield has returned the Lease with a letter in which he expresses his belief that the attempt to define the boundaries in the way attempted will lead to future disputes and discussions.

On consideration I think with Mr Chatfield that as this wild tract of land is so imperfectly known, and all our information regarding its exact boundaries is derived from native and not very perfect sources, it will be well to avoid "the difficulties so liable to result from ambiguous names and definitions" by merely making over to Messrs Richmond and Herrick "all those "six several pieces or parcels of escheated forest "land situate, lying and being in the Coddanar "da Soora Umahom of the Pariyatta Sarrah "in the Wynad Division in the Collect-"orate of Malabar within the Presidency "of Fort St George in the East Indies, "known in common parlance and by the "Government accounts under the names "of 1 Cottapilavo Mallah 2. Bavano thy Mallah,

"Mallah, alias Chayadan Mallah 3. Caudangolo "Valia Mallah 4 Hakhty Madako Mallah 5 Nanny "Goody Mallah & 6 Cherroo Mallah, and computed "to contain, altogether, 1500 Cawnies more or less, "and bounded on all four sides by other jungle "tracts belonging to private proprietors." The onus of determining the exact boundaries I would leave to the Purchasers who I have no doubt will not be deterred by this condition from proceeding with their bargain. They would of Course get all reasonable assistance from the Government Salook servants in case of difficulties occurring.

Unless this step is pursued I fear nothing satisfactory can be done without a regular survey by Europeans and this, as I have explained in former letters will be a very difficult, long and dangerous work.

Collector of Malabar.

Sir, I have the honor to return the draft of a lease "for six tracts of land" in Wynaud, and as I have not visited the grounds am unable to offer any particular

particular opinion on the subject, but, as the lands are described to me as decided Forests and Hills, I think the attempt to define the boundaries is more likely than otherwise to lead to future disputes and discussion, a Plan merely enumerating the Forests and Hills would be ample security to the possessor and avoid the difficulties so liable to result from ambiguous names and definitions. I think it might be left to the proprietors whose Forests adjoin the escheats to determine the boundaries, and the Nairs of Wynaad are not likely to allow any encroachment by a stranger without a complaint or full compensation.

To the Honorable Company's Solicitor &c &c &c

Sir,

With reference to your letter of 31st May 1847 dated 17th May last, I am directed by the Board

Board of Revenue to forward herewith Copy of a letter from the Collector of Malabar, and of one from his Sub Collector, containing observations on the draft of a Lease prepared by you for certain tracts of land in Wynaad applied for by Messrs Richmond and Herrick.

From Malabar 1st July in Cos 2 Augt 1847 with Encs

From Sub Coll dated 1st July 1847.

2. The Board have inserted a few notes in pencil in the Margin of the Lease to which they request your attention, and they are of opinion that the several alterations and omissions suggested by Mr Conolly in red ink should be adopted.

3. The Board further concur in the propriety of omitting the stipulations regarding running streams as they are not likely to cut off water which is required in other parts. They would also have a provision determining the Lease in the event of the Lessees becoming Bankrupts.

Read the following letter from the Acting Secretary to the Board of Revenue.

(Here enter 8th July 1847 No. 320)

It appears from the foregoing report of the Board of Revenue that the Village of Cadapacham in the District of Chingleput has never been held on Enam tenure since the Company's Government and that there is no record of its ever having been

so at a former period, the oldest District Account Viz.t of 1743 mentions only an Enam of Cawries 16 p.s for the support of a Missionary Chapel which was duly assigned to its proper purpose in 1812 Cadapacham is stated now to belong to the Mootah of Vembandoo and the Collector observes "it is to be presumed that no claim "has hitherto been made to hold it on Enam "tenure or was apparent from the records, "as all such claims received attention at the "introduction of the Permanent Settlement "in 1802" The claim of the Reverend Francis Xavier would appear to be founded upon a Summud in favor of M. Dupleix Governor of Pondicherry given in 1751. but the most Noble the Governor in Council cannot under this, or the other circumstances above recapitulated admit the claim.

Ordered that the above Resolution be communicated to Dr. J. Tennelly with reference to his letter to Government dated 25th September 1846 the documents enclosed in the Reverend F. Xaviers' Memorial being Returned at the same time

Extract from the Minutes of Consultation under date the 27th July 1847.

Read the following Extract from the Proceedings of the Board of Revenue.

Relative to the Settlement of the Government Estates in the District of Rajahmundry. (Here enter 20th May 1847. No. 254)

for Fasly 1255 / 1845/46.

Para 1. In the Southern portion of the Rajahmundry District composing the charge of the Sub Collector the season of 1255 was upon the whole a good one. In the remaining proportion it was not favorable and "the result of the whole harvest" the Collector states was "scarcely more than ten sixteenths of a good years' produce".

2. The Settlement of the Government Estates was fixed at Rupees 8,41,472—7—8 or Rupees 8063—2—7 below the settlement of the preceding year. This decrease being the result of a net decrease of Rupees 9701—11—4 in the Estates under the immediate management of the Collector, where, as before remarked, the season failed, and a net increase of 1638—8—9 in the Talooks forming the Sub Collector's Division.

Exclusive

3. Exclusive of Cuttoobady agraharums and Shotriems paying a definite annual rent the number of Villages to which the Collector's report refers is 536, and of these the Government observe, 151½ were rented to the Villagers jointly in the year under review at an amount of Rupees 70009—2 or Rupees 9749—10 in advance of the Settlement of 1254. The superiority of this system of joint rents over the Assarah and Veesabady Settlement as existing in Rajahmundry has been fully recognized, and the Government hope it will continue to prevail and also to extend to the 84½ Villages settled under the two latter systems in 1255. It is remarked that the Villages were let out for one year only and that the directions of the Board in Para 3 of their Proceedings do not accord with the views of Government communicated to the Board in the 10th Para of the Extract Minutes of Consultation under date the 20th April 1847 which probably had not come under the consideration of the Board.

4. The Most Noble the Governor in Council notices with satisfaction the progressive improvement of the Woondy Talook consequent on the attention bestowed on its irrigation since 1839 as shewn by the marginal

Marginal Statement annexed to the 18th Para of the Sub Collectors report. The rental however of this Taluke is still far below the Permanet assessment and His Lordship in Council looks for the further development of its resources when the great works now in progress on Rajahmundry for the general improvement of the irrigation of the District shall have come into operation. Of the settled demand for Fusly 1255 Rupees 80,3181 — 11 — 8 were realized within the Fusly leaving a balance at its termination of Rupees 38,290 — 11 — 7 By the end of March this balance was reduced to Rupees 25482 — 5 — 10 The greater portion of this would appear to stand against rented Villages and as the Collector states to be the amount of Shist of lands left uncultivated for want of water. His Lordship in Council has on several occasions expressed his objections to imposing on the coming season the arrears of the past, and when such arrears have accrued, as in the present case would appear, from adversity of season and from circumstances beyond the control of the Ryots. He is inclined to prefer the relinquishment of the Government demands to a rigorous enforcement of it to the injury of

of the Ryots' resources.

5. His Lordship in Council fully concurs in the opinion given by the Board in the 18th Para of their proceedings and resolves according to their recommendation to authorize the writing off in the Accounts of Rajahmundry the old balances outstanding for the years from 1242 to 1253 inclusive amounting to Rupees two lacs twenty six thousand eight hundred and twenty seven, annas two and Pice four. His Lordship in Council also resolves to remit the arrears of Tuccavi for the same period reported by the Collector to be irrecoverable, amounting to Rupees four thousand five hundred and sixty eight annas eleven and Pice five.

From the Secy to Government. } Extract from the Minutes of Consultation under date the 31st July 1847.

Transmitting a letter from Mr. Fischer requesting permission to prosecute the work of raising Chromate Ores in the District of Salem and desiring the Board in reporting upon it to state whether the Indian Grant Steel Company have exercised the privilege granted to them by the Leave of the 31st August 1841.

Read the following letter.

To The Chief Secretary to Government Fort St. George

1. Sir I have the honor to solicit the reference of Government to the correspondence detailed in the Margin relative to my using the power of raising the ore of chromate of Iron in the District of Salem for purposes of legitimate trade.

G. F. Fischer to Government	18th February	1841.
Dr. ... to ... Dr. ...	8th June	Dr.
Minutes of Consultation	31st August	Dr.
Mr. Secretary Elliot to G. F. Fischer	25th October	Dr. and enclosure.

2. The Most Noble the Governor in Council will be pleased to observe in the said correspondence that, acting in my capacity as a Merchant, I sought in the Month of February 1841 to be allowed to prosecute the passing of Chromate Iron but that

that I was held in suspense upon the subject
for upwards of six Months, and at the expi-
ration of that time, had my application summa-
rily rejected because on the very day
of the communication made to me, a
lease of exclusive privileges had been
given to a particular Company.

3. I trust I may not be con-
sidered presumptuous by His Lordship in
Council for here venturing to observe,
that I could not but feel aggrieved by
being thus driven altogether out of a field
of industry and enterprize by the Company
in question, and the more especially so
because, not only was the said company
so notoriously overwhelmed with debt that
the carrying out of any works to redound
to the advantage of the Country with its
own means was next to an impossibility,
but the "General Directors," acknowledged
and recapitulated in the Government
lease, were Members of the Public Service,
being the advocate General and a Medical
officer, Superintendant of the Eye Infirmary
from whose direct interference and com-
pletion as such in Commercial affairs,
it was always understood that Merchants

were

Enclosure in Mr. Secretary Elliots letter to J. Fraser 25th October 1847.

were protected by the express Regulations
of the State.

4. The paras of the lease
given to the "Indian Iron and Steel Com-
pany" by Government, and with which
the Government was pleased to furnish
me, were only 1 and 5. But I am given to
understand that, in other paras of the
lease, conditions were imposed upon
the Company, which have been violated,
and in consequence of which violation
their exclusive privileges have become forfeited.

5. I can indeed bear testi-
mony myself to the fact, that since
the date of the lease referred to, a period
numbering on 6 years very faint attempts
have been made by the Indian "Iron
and Steel Company" to work the de-
posits of Chrome Ore in the Salem
District, some years ago, and latterly
it has been relinquished altogether.
and I am left to conclude that the same
condition was imposed upon them of doing
a given amount of work in a certain time
that was laid upon other Parties to whom
similar Monopolising privileges were granted.

6. I beg now to bring under
the notice of Government that in consequence

of

of references made to me on the subject, I am again desirous of prosecuting the work of raising Chrome Ores in the District of Salem and I respectfully solicit at the hands of Government that its permission to that effect may be accorded to me. I have been led to assume that the field is open, and I trust under the circumstances above recapitulated, that no objection will exist to my being allowed to occupy it, not exclusively, for that I beg leave to observe is beyond what I seek, but simply such spots of grounds as I may select and actually prosecute operations upon for raising these Chrome Ores.

Madura, 10th July 1847. /Signed/ G. F. Fischer.

Resolved that the foregoing letter be transmitted to the Board of Revenue with a request that they will in reporting upon it also state whether the Indian Iron and Steel Company have exercised the privilege granted to them by the Lease of the 31st August 1841 of raising Iron and Chrome Ores in Salem and certain other Districts, or whether under the provision of the third clause they have forfeited that privilege.

From the Collr of Bellary

Sir,

1. The Superintendent of Pensions Fort St. George has under date the 1st ultimo issued Circular instructions to the officers charged with the Payment of Pensions relative to reports of Casualties among the Military Pensioners, quoting therein certain Paras of the code of Pension Regulations for their guidance. Not having a copy of that code in this Office, I was obliged to apply for one, in reply to this requisition, that Office stated that those printed by the authority of Government for the use of the service have long ago been distributed from the Adjutant Generals Office, but that some are still to be bought on application to Mr J. B. Pharoah Athenaum Rooms.

2. This copy of Regulation is much

much needed in this office as there are many Military Pensioners who are drawing stipends from this collectorate. I have therefore, the honor to request that you will obtain for me the authority of the Board for purchasing a copy of Pension Regulation from Mr. Pharoah.-

(39-40)

Resolved that the foregoing letter be submitted for the orders of the Most Noble the Governor in Council.

2. It is observed that the Inam in question, of the annual value of Rupees 5–13–8, is stated to have been conferred so far back as the year 1684 on one Hindu named Chanry by Ragoojee Vengala Narasoo for charity, and that no summuds are forthcoming in support of the grant. It appears that latterly the Maniem was purchased by one Rama Chanry at a public sale, and that the last incumbent Lutchmanah, was the Mother of this individual. She deceased has left a Daughter-in-law who is stated to have no means of livelihood, apart from the Maniem.

3. The Board observe that by the death of the late incumbent without male heirs the Inam has virtually lapsed to Government, but adverting to the destitute condition in which the surviving Member of the deceased's family is represented to be left, they beg to support the recommendation of the Acting Collector that authority may be granted for its continuance to the said Mamalummah for her life only.—

From the Collr of Salem.— Reporting on a petition presented by Picha Thathum.

Sir,

With reference to your letter of the 26th April last forwarding a Petition No. 545 of 1847 from one Picha Thadum praying to be restored to the Office of Toty of Arrasanuttum in the Ahtoor Talook and requiring me to report thereon & with reference to my Endorsement of the 1st September last— I have the honor to state that a dispute arose regarding the Toty Meraisy of Arrasanuttum and Mullycarrah Villages in the Talook of Ahtoor between Annay and Palany (Petitioner's father and Uncle;) and the present Defendants viz. Saundavent, Annamalay 2. and Saudan 3. The Defendants Saudan &c. preferred their Complaint in the Muzzoor when an order was thereupon sent to the Aspesors agreeably to Regulation 6 of 1831 to investigate the case and report the result.—

I have no doubt, th

Mr. Blackburne's letter of the 15
January 1846 they will perceive
it is less easy to determine whether
substitution will be equally safe
gards the general protection of the
trict. I think, however, that the ex
ment may be as safely tried in this
trict as in any other. Since the Severa
example made in 1845 of some of the pur
concerned in the Riot between the Right
and Left hand Caste, the Annual mee
Feast at which it occurred has passed
quietly, and if a Judicious Native or a
European officer were placed in command of
the Invalids, they would most probably be
sufficient to repress such a tumult, were it
to occur again. I would however recommend that
the detachment of Invalids at Madura and
at Rammad should not be weaker than
the present Regular Force, and I should pre-
fer a European Officer at Rammad as
well as at Madura. At Dindigul, as for
as I am at present informed, a Company com-
manded by a Subadar might suffice.

From the Collr of Bellary-

Sir.

On receiving the Board's instructions dated 12th April last I immediately applied to the Rajah it was not till this day that I could obtain a satisfactory arrangement-

2. The Rajah declines selling or permanently disposing of any part of His Jaghire he has however in consequence of the urgent wishes of the Government agreed to make over the Table land of the Ramanmullay to Circar Management. He proposes that the Village and Hill be placed under me and that any sums that may be collected from Sayer, Abkarry, Motarpha, Quit Rent or any other source be received by him. He gives up the Police &c and in fact makes over the land he has no objection to a Sanatarium being established and a building erected. He leaves all details to the pleasure of the Government. I see no objection and request to be informed whether the Government accept the terms as I will immediately

make

make the necessary arrangement.-

Bellary Collectors Office, 26th July 1847.- } (Signed) J. Mellor. Collector.

Proceedings thereon. 1. The Collector of Bellary in reply to the Proceedings Board of Revenue dated 8th February 1847 calling upon him to ascertain the terms upon which the Rajah of Soondoor might be induced to make over to Government the table land on the Ramanamally Hills required for the establishment of a Sanatarium, reported under date 5th March 1847 that he was willing to exchange it for the Village of Dandyakana Kerah. Mr. Mellor at the same time explained that the Revy of Land & Moturpha revenue collected from the 6 hamlets- composing the above Village amounts on an average of the past five Fusslies to Rupees 10698 per Annum, while the produce of the Hill is at present a mere nothing. The terms proposed appearing to the Board unreasonable and such as they did not feel themselves warranted in recommending to Government for acceptance they requested the Collector to place himself again in communication with the Rajah and endeavour to carry out the object of

Government

(21-22) Submitting for the information of Government letters from the Collector of Bellary reporting the further steps taken for the establishment of a Sanatarium on the Ramanamally Hills observing that he has not stated how he intends to provide for the administration of Criminal Justice in that part of the Jaghire about to be made over to Government and that the Board have resolved to call on him for further information on this point.-

2. By the letter quoted at the head of these Proceedings it will be observed that the Rajah declines selling or permanently disposing of any part of his Jaghire, but in consequence of the urgent wishes of the Government has agreed to make over the table land of the Ramanamally Hills to Direct Management with the provision that the Village and Hill be placed under the Collector who will pay to him any sums that may be collected from Sayer, Abkarry, Moturpha, Quit rent or any other source. He gives up the Police &c. and in fact makes over the land and has no objection to a Sanatarium being established and a building erected leaving all details to the pleasure of

Mr. Meller sees no objection to the proposed arrangement, but as he has not stated how he intends to provide for the administration of Criminal Justice in that portion of the Jaghire about to be made over to Government, which with the exception of capital punishment is, by sunnud, vested wholly to the Rajah, they resolve to call upon him for further information on this point and meanwhile to submit the correspondence which has already passed on the subject for the information of Government.-

From Govt. to 30th Jany. in Cons. 18th Feby. 1841-

Ordered that a Copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Collector of Bellary for his information and guidance.-

for carrying out the views of Government for the introduction of the Mauritius Sugar Cane I have the honor to submit a fusly year Statement of the land planted with the cane since fusly 1254 in which year the cuttings were first sent from Madras.

2. The Statement exhibits a progressive increase in the quantity of land cultivated and as the manufacture of some Sugar and Juggery this year has completely established the superiority of this cane over that of the country, it is readily taken, and I apprehend that no further encouragement is necessary than to remit the tax on all land the produce of which is reserved for seeds for the next year, obliging the growers at the same time to sell the cuttings to any one that wants them, at a fixed price, the price this year was fixed at one thousand cuttings for a rupee.

3. Regarding the 2d Para of your letter I have the honor to state that the season for planting the cane is past and even if it were not I do not think there is any necessity for a further supply of cuttings, as the produce now raised is quite as fine, I think I may even say finer than the stock originally sent from Madras.

of which, with reference to the orders of Government dated 18th December 1846 No. 1288, I propose to take at the Nersik prices for distribution and with them, I fancy, we shall be able to extend the propogation to a degree that it will be necessary to create a demand for it, which does not now exist. How this is to be effected I know not. but in no part of the Madras Territories, in my opinion, is there a better opening for sugar speculation on a large scale, than at Coimbatoor.

Read also Petition No. 298 of 1847 presented to the Board by Parthasarady Iyengar complaining of his Summary removal from Office without having had an opportunity of personally confronting the witnesses deposing against him or of fully knowing the nature of the charges upon which he has been dismissed.

(31)

Proceedings thereon.

Containing the Boards observations on the decision

The Petitioner Parthasarady Iyengar held the Office of Writer in the Custom House at Porto Novo but in consequence of repeated complaints to

J.C.B.

decision passed by the Collector of South Arcot on the case of Parthasarathy Iyengar late Writer at the Sea customs Department directing that he be taken up anew and that one or more of the accusations most susceptible of substantiation be selected for trial and requesting that the duty payable by certain parties upon Cadjy imported from Tanjore be realized.

complaints having been made of misconduct in the discharge of his duties the Collector states that with "a view to ascertain the correctness of these "charges he was induced to hold a summary "enquiry on the subject in the absence of the "Petitioner, owing to the aversness of the peo"ple to come forward to depose against him "whilst he was on the spot."

This enquiry appears to have

2

been conducted in the first instance by the Acting Superintendent of Sea Customs at that Port whose report and Proceedings accompany the above letter, and subsequently by the Head Assistant Collector whose remarks upon the case are also furnished, but in neither instance would it seem that the Petitioner was allowed an opportunity of being confronted with the witnesses or of being made fully acquainted with the facts deposed to by them. Upon the conclusion of these investigations which are stated to have been of a "preliminary nature" the Collector reports that his suspicions of the character and conduct of the Writer having been fully verified he directed his dismissal without proceeding to trial under the final regulation IX of 1822.

On

3 On referring to the documents before them the Board observe that some of the offences upon which evidence was taken by the Acting Superintendent involve the direct charge of gross corruption and misappropriation of the Public Money by the accused and that in some cases the testimony is represented in that Officer's report to have substantiated these charges and in the memorandum from the Head Assistant on a review of this evidence it is also distinctly stated that the Criminality of the writer was fully established.—

4 Under these circumstances the Board consider that it was incumbent upon the Collector to have proceeded to a formal trial in strict accordance with Regulation IX of 1822 and although they are averse from a too ready resort to the penal provisions of that Law in ordinary and unaggravated cases of malversation, they are of opinion that in a case like the present where the charges are of a specific and tangible character indicating an extensive and long practiced system of fraud and irregularity in the Sea Customs Establishment in which the accused acted a prominent part, it is highly desirable that the formal course of proceeding laid down by the Law should be followed out. They therefore direct that the Collector will take

up the case anew, selecting for trial one or more of the accusations which he may deem most susceptible of substantiation.—

5 In conclusion the Board desire to call the attention of the Collector to the remarks in Para 28 of the report from the Acting Superintendent on the subject of the non payment of duty upon Paddy imported into Porto Novo from the ports of Tanjore, they trust that Mr Davis will take the necessary steps to realize the duty payable by the parties therein named in communication if necessary with the Collector of Tanjore

From the Collr of South Arcot.—

Submitting information regarding certain Items of Yeomiah retrenched by the Civil Auditor and requesting to obtain the Sanction of Govt for the same.—

With reference to the 3d and 4th Paras of your letter of the 12th Instant requiring further explanation on two items of Yeomiah referred to, I have the honor to submit the necessary information.—

It is true that in item N=89 a Sum of Rupees 180 per Annum was originally sanctioned by Government in the former correspondence which took place in the year 1820 roughly calculated

calculated at 15 Rupees per Mensem in refer-
ence to the Purwanah of His Highness the late
Nabob Anurdeen Khan dated 11th Zilleez of Hegra
1166 granting half a Rupee per diem, but ac-
cording to the established custom of the late
Nabobs Durbar and as was invariably done in
all other Yeomiahs a deduction of 6 days al-
lowance was made on account of Shamsika-
mari or the difference between the Solar
and Lunar Year. This circumstance reduced
the annual amount of Yeomiah from Rupees
180 to Rupees 176-15-11. and it is at this rate
that the Yeomiah has been paid ever since
including the arrear sanctioned.-

With regard to the item
No 90 I beg to state that the name of Cow-
Beebee was clearly mentioned in a Register
originally sent by the Board and also in
a Cutcherry Sheet.-

Mr Ravenshaw also includ-
ed her name in the Certificate issued by him.
I consider it proper here to state that this
Yeomiah is not of a Mootaliqan tenure but
has always been classed as a 'Khoodi' or life
grant. Moreover the incumbents name will be
found entered in the List furnished to the
Board by the Principal Collector although it
appears to have been accidentally omitted
in that forwarded by Mr Hyde. In which
the name of Ameenahbeebee was alone entered

Register B received with Board's letter of 2nd October 1806. Copy of which was sent to them in the 8th Dec. 1846.

2nd March 1838 List No 1 Item No 230 in Col 10.

No 230.

The above explanation will I trust
be sufficiently satisfactory to enable the Board
to procure the sanction of Government to the
Civil Auditor for passing the amount of the
disbursement which at present stands retrenched.-

Resolution thereon. The Collector is informed
33 that the explanation afforded in the above
letter will be duly submitted to Government,
but as he has been called upon in the Board's
Proceedings of the 2nd Instant to furnish a
Statement of other cases of a like nature
on which orders are required for the guid-
ance of the Civil Auditor, he will be plea-
sed to include the items Nos 89 and 90, now
under notice, in that Statement.-

32-34 foregoing letter be submitted for the in-
formation of Government with reference to
Paras 6 and 7 of the Board's Proceedings dated

Forwarding a memo in the native language with translation thereof containing instructions for the guidance of Carkoons &c.-

1st Sept. 1847

Para 1.

With reference to the Proceedings of the Board of Revenue, I have the honor to forward a Memorandum in the Native Language, with translation thereof containing instructions for the guidance of the Subordinate

Subordinate Revenue Officers called Carkoons and Tareefdars &c. pointing out in detail the specific duties required of those Officers in the District under my charge as therein directed.-

50 at 10 Rs each
1 at 14 Rs
51

There are 51 Carkoons employed
2.
in the Syer Talooks on a Salary noted in the Margin. The smallness of the pay in comparison with the large number of Villages places under their immediate superintendence renders it difficult for them to maintain that degree of vigilance which is required of them.-

The situation of Talooke
3
Sheristadar can only be filled by a person qualified to superintend the Accounts in Hindoovy. There are only 5 Peishcarships in the Talooks in this District to which any intelligent Carkoon may be promoted when a vacancy occurs, however the instructions contained in the 2nd Para of Board's Proceedings shall be attended to as was done by me on the occasion of a vacancy in last year.-

No 1.

Instructions for the guidance of Subordinate Revenue Officers called Carkoons Tareefdars &c.-

The Carkoon should reside
1
in the Cusbah Village of his division, the duties hereunder

hereunder specified should be performed by him and he should be held answerable for any failure.-

2- The Cultivation Dittum or Engagement which nominally existed in the District of South Arcot until Fusly 1235 having been abolished under orders of Government, and having left it free to the Ryots to cultivate to the extent of their capacity and willingness, it became absolutely necessary for the interests of Government to bring all the lands actually cultivated into the Monthly cultivation account. this important object cannot be attained without proper surveillance on the part of the Carkoons against the acts of the Village officers.-

3. The Carkoons should in every Month after the Village Officers have rendered the cultivation accounts examine some Villages in different directions of his division, and with reference to the Villages to which each Curnum stood appointed and bring to the notice of the Tahsildar for submission to the Collector any fraud (either in the extent of Land omitted to be brought to account or any charge of the Suram or Claises fixed for each field) which he may discover in his

Sagoobady

Sagoobady Aizamash.-

4 He should also carefully ascertain that none of the Teervaput land cultivated, is entered fraudulently by the Village Officers as Maniem.-

5 He should further be careful to examine whether all the lands entered in the name of Bramins or Mussulmans are cultivated with their own agricultural stock to entitle them to 10 per Cent remission customarily allowed, where any portion of their land is cultivated by other Soodra or Ryots it must be distinctly stated in the Cultivation account, that such Soodra Ryot has cultivated in the Puttah lands of such Bramin or Moosulman as the case may be to check undue remission.-

6. He must in every Month on his Circuit in the Village for Aizamash, carefully ascertain that all dry, wet or garden Crops raised on Poonjah land with the Circar Tank, or Channel water are charged with Kulsur or additional fixed Teerwah on them respectively, and likewise see that no remission of 25 per Cent Kulsur is made for lands that are not actually watered by large Pucotahs.-

If

7 If lands expressly entered in the Pymash account as Erapooputtada or Maanwaree Nunjah land on which 25 per Cent Teerwah is remitted are now cultivated by Circar Tank or Channel water without the said artificial means, he should cause the full Teerwah to be brought to account and annul the remission.

8. If Ryots who have taken waste lands on Cowle terms cultivate in Shygal lands fraudulently in lieu thereof he must bring such Cultivation to account.

9 There are several descriptions of productive trees being liable to rate and those trees bearing fruits at different periods of the year he must see that these productive trees are brought to account in proper season.

*Tamarind
Jack
Elepa
Mangoe
Cocoanut
Date
Palmira.

10. The Teerwah of all Enam lands endowed for the support of Choultries or Muddeastah Davastanums, where no ceremony is kept up being declared by the Hookoomnamah to be carried to afsin Jummah until the ceremony is recommenced, or resumed the Carkoon should ascertain in each Village without interfering with the internal management of those institutions, whether any Davastanum is kept without ceremony and

and in such case to bring the Teerwah of such Enam land to account.

11 The Carkoon should send a Monthly Abstract Cultivation account in Villagewar for his division shewing the several descriptions of land cultivated in each Month in comparison with the same for the preceding year with remarks on the increase and decrease thereof as also the state of season and supply of water in different Tanks, and all disputes relative to the occupation of land to be settled if practicable by the Carkoon, if otherwise the subject should be reported to the Tahsildar for his orders.

12 When the sowing or planting for the year has been completed the Cadungal Examination should be commenced without delay, as in many Villages he would be able to conclude before Summah bundy althe in other Villages a further inquiry might be requisite afterwards. This examination should be made with reference to the Pymash and Kadaway Accounts in the possession of each Village Carnam bearing the

the Stamps of the Collector.

13. It is the duty of the Carkoon to be present during the Jummabundy and he should be prepared to furnish full information upon all points of disputes that may arise during the Settlement.

14. In the Collection of Kists from the Ryots Monthly the Monaigars and other Village Officers withholding their own payment and also displaying partiality in favor of their relations and collecting more from others the Carkoons should compare the individual Collection with the Monthly Varycal or demand accounts, and bring to the notice of the Tahsildar any partiality enumerated above with a view to his adopting such measures as

as may be necessary.

The Monegars with the connivance of the Village Shroffs, misappropriating the Public Collection for their own use instead of paying it into the Talook Treasury Monthly as soon as they are collected, and also omitting to bring to Cash accounts sums paid by Ryots on their receipts, the Carkoon should in each Month collect receipts from the Ryots of some Villages and compare them with the cash Account of the Notagar, should any discrepancy appear, he should invariably bring the subject to the notice of the Collector thro' the Tahsildar. He should also see that receipts are duly given for every payment on the day it was paid, if they were withheld in any instance without cause, the Carkoon shall cause the necessary receipts to be given reporting the same to the Tahsildar.

16. The Carkoon should keep a Diary recording briefly his proceedings for each day, this should be transmitted to the Tahsildar on the 1st. of the ensuing Month to be forwarded with the Counter Signature of that Officer to the Collector.

17. All orders intended to be communicated to the Ryots, should be

attended

attended to immediately on the receipt of the same.

18. The Carkoon should take care to listen to any complaint of partiality from any Ryots in the distribution of water to their lands and cause it to be fairly and immediately given thro the Village Toty without any injury to their Crops.

19. He must also see that all persons paying Motorpha tax such as Loomis, Steps &c. professioners as well as any new Comer are duly brought to account according to the Hoolkoonnamah and also be cautious that no person be exempted from the payment of this tax without due authority.

20. He must take care that no Ryot encroaches on lands occupied by public roads and that no one cuts any avenue trees and bring it to the notice of the Tahsildar.

21. The Carkoon tho not held immediately answerable for the execution of the Maramut works, where a Tank suddenly bursts, it will be his duty to proceed to the spot immediately and adopt such measures as may be requisite. Moreover during the

course of his visit in the Villages, if he finds any delay in the execution of the sanctioned Mud or other works, and in the Collection of Materials for Masonry and stone works after receiving advance for the same, he should invariably bring such delay to the notice of the Tahsildar.

22. Immediate attention should be given to such instructions as the Carkoon may receive in regard to supplies to Troops and others passing thro the District.

23. The Carkoon will render prompt obedience to all orders of the Tahsildar, he is further prohibited from taking any thing from the Villagers on pain of dismissal.

of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council the accompanying Correspondence with the Collector of Tanjore, relative to certain charitable, and Pagoda allowances, paid in Fusly 1252, and retrenched by the Civil Auditor.

From the papers it will be seen that

Charitable allowances.

2. the sum now payable under the head of charitable allowances in the district of Tanjore is Rupees 11620-3-11 whilst the amount sanctioned on this account for Fusly 1228, the Moyen Zabitah of which year, under the orders of Government dated 4th March 1819, is considered as the standard of fixed payments, was Rupees 16732-9-11, the difference Rupees 5112-6-, having been caused by lapses in the Yeomiah department since Fusly 1228.

In Cons 18th March 1819.

It will also be observed that

Pagoda & Mosque allowances.

3. the amount sanctioned in the Fusly named above on account of Pagoda and Mosque allowances was Rupees 145893-15-8 and that the sum now payable under this head is Rupees 145866-2-2 being Rupees 27-13-6 below

10573 Fort St George 9th August 1847.

below the fixed amount, arising from the subsequent discontinuance of certain allowances.

4. The Collector has therefore applied for renewed sanction for the following annual payments viz.t.

Charitable allowances Rupees	11,620	3	11
Pagoda and Mosque allowances	137,398	2	2
Do. - a/c Vadaruniem	6,468	"	"
Total	157,486	6	1

and he also requests special sanction for the following sums paid in Fusly 1252 and retrenched by the Civil Auditor particulars of which are given in enclosures 1 and 2 of his letter dated 2d June last.

Charitable allowances	12,048	2	1
Pagoda & Mosque allowances	141,502	12	2
Total	153,550	14	3.

5. Under the explanation afforded by the Collector the Board beg to recommend that the Civil Auditor may be authorized to pass the payments made in Fusly 1252, alluded to above, and that renewed sanction be granted for continuance of these allowances.

Forwarding Statements shewing the result of the sales of land for arrears of Revenue and requesting Board's order thereto.

Sir,

I have the honor to forward Statements shewing the result of the sales of land for arrears of revenue as published in the Notice accompanying my letter of the 3d June and to request that I may be favored with the Boards orders as early as possible, the lands in the mean time not being in the possession of the purchasers and the season for cultivation at hand. It will be remarked that the determination to sell the lands of defaulters has in many instances caused the balances to be paid up in full, and in others a part has been realized and agreements for the punctual payment of the Remainder taken so that the whole amount will be paid by the middle of the year. I trust no objection will be made to the delivery of the lands to the purchasers, as they have not been brought to the hammer till all other means of realizing the balances had failed and I anticipate a very wholesome result from this decided measure, which few believed would be actually carried out until the Cryer proclaimed the sale.

Proceedings thereon,

Under the circumstances stated in the foregoing letter, the Board confirm the sales of the Lands of the defaulters as per Statement No. 2, and they direct accordingly that the purchasers be severally put in possession of the Lands.—

It is observed that the rate at which the Land of the 4th Defaulter has been sold is [+]entered at Rupees 458 per Vaily of a Nunjah, whilst the market rate is entered at Rupees 258 only. From the great disparity between the two rates the Board wish to be informed whether the figures have been correctly entered.—

From the Collr of Madura.

Sir,

In answer to the Extract from the Proceedings of the Board of Revenue dated 12th Instant, I have the honor to state that Shashagherry Row eldest son of the late Head Sheristadar of this District is employed in my own office in the capacity of Revenue Royasom and pay of 4 Pagodas a month.—

Ordered.

10578 Fort St. George 9th August 1847.

Ordered that the foregoing letter be submitted with the following address.—

To

The Chief Secretary to
Government

(45-46)

To the Chief Secy to Government

Submitting correspondence with the Collector of Madura in reference to an application from the Head Sheristadar Kistna Row since dead for permission to hold 3—10½ C. A. of Land on Cowle in the vicinity of which he had built a Tank and Muntapum and recommending that his Son Shashagherry Row be allowed to hold the land on the terms solicited so long as the Tope and Garden for which the land is required are available to the public and the Tank and Muntapum attached thereto are kept in repair.

Sir,

Para 1. I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council, the accompanying correspondence with the Collector of Madura, having reference to an application from the late Head Sheristadar of that district, Kistna Row, for permission to hold a certain piece of land on Cowle:—

From Collr 17th Decr 1846
in Cons. 8th April 1847

Board's Proceedings 8th April—

From Acting Collr 18th June
in Cons. 12th July "

Proceedings 12th July "

From Collr Madura 20th July

2. It will be seen that Kistna Row with the cognizance of his official Superior, purchased a plot of Poonjah Ground 13 years waste in the vicinity of the Town of Madura and in extent 11 11/16 Goolies in 3 5/16 of which he constructed a Tank and Muntapum for the public convenience and proposed to lay out the remaining 8 6/16 Goolies or 3—10½ C. A. as a Flower Garden and Tope in connection with the Tank and Muntapum for the accommodation of Travellers and others. In consideration of the utility of the contemplated undertaking, and of the expense which he had already

already incurred in the construction of the Tank
Kistna Row solicited permission to hold the
3 - 10/16 on favorable terms Viz.t on the Poonjah
Teeruah of its class for the first three years
and half Garden tax from the expiration of
that period until the trees come into bearing
after which the land was to be charged with full
assessment. The Principal Collector supported
the application, observing that the utility of
the Tank already constructed by Kistna Row
was so great, that if no private individual had
come forward he would strongly have urged the
Government to undertake the work at the public
expence.—

3 The Board were on the foregoing
ting Kistna Row's application for the favor
consideration of Government, when the letter of
death reached them, they accordingly requested
Principal Collector to state whether the under
would be carried out by any member of his fa
and were informed in reply that Shashaghiry
Row, eldest son of the deceased, had notified
willingness to carry out his father's plans on
specified conditions.—

4 Shashaghiry Row the party on
behalf the application now preferred is a
Revenue Servant being as stated in Mr. Pur
of the 20th Ultimo employed in the Collector
cherry in the Capacity of Revenue Roy
a Salary of 11 Pagodas per Month. The Board
aware that the holding of land by such per

has been prohibited, but they cannot suppose
that the interdict will be extended to cases such
as the present in which the party is desirous of
holding the land, not as a source of private
profit to himself, but that he may devote
it to purposes of public utility and con
venience.—

From Govt. 25th Sept. 27th July 1816. 5 The Government have on a late occasion expressed their concurrence in the Board's opinion that the holding of a portion of Enam land, by a native Revenue Functionary, in Endowment of a Choultry which he may have constructed, would be unobjectionable, and the present seems a somewhat analogous case.

The Board therefore beg to recommend that Sashaghiry Row be allowed to hold the land in question, Viz.t 3 - 10/16 on the terms solicited so long as the Tope and Garden are available to the public, and the Tank and Mantapum to which they are attached are kept in good order.—

DESPATCHED

I do myself the honor to communicate to

from the situation of Tahsildar and Head of Police of Andoor in consequence of the numerous complaints from the Civil Engineer points out his irregular proceedings in the investigation of a case of Murder and recommends his dismissal from Office.

to the Board that in consequence of numerous complaints made by the Civil Engineer of the 6th Division against Streenevas Row the Tahsildar of Andoor, I was under the necessity of suspending him from his situation about the same time a murder was committed at Bhawaney - the Cutchah station of Andoor, previous to the arrival of his successor which Streenevas Row committed for trial before the Criminal Court, the Parties implicated were the Maramut Superintendent of the Salem District and others who were subsequently released and Streenevas Row was committed by the Principal Sudr Ameen to take his trial for perjury this case terminated yesterday in the release of the said Tahsildar also.

I have waited for the result of this trial previous to reporting his suspension and although it has terminated in his acquittal of the Crime of perjury the Board will readily conceive that there were grounds to justify his Commitment to the Session Court In fact the irregularity in his Proceedings as regards the Maramut Superintendent a person, it is notorious he would injure if possible, his want of Co-operation with the Engineer, the very careless manner in which

his accounts have been rendered with reference to the Bhawaney Bridge, the heavy balance he left in his Talook at the time of his suspension, Viz.t 21000 Rupees, as well as the disgrace he has sustained by his incarceration in the Jail renders him unfit for the situation of Tahsildar or that of Head of Police, and under the circumstances above detailed, I request the sanction of the Board for his dismissal from the service; a cruel murder has been committed and remains unrevenged although the Public voice points to certain Parties, they are absolved solely occasioned by the misconduct of and the irregularity which marked this Proceedings a list of his services manuscript is appended for perusal which tends to display Streenevas Rows character in the most unfavorable light. Vide Marginal Statement also.

From the Collector of Canara

Sir,

(49)

With reference to the Board's Proceedings of the 28th Ultimo, I have the honor to forward the Appeal Petition of the Tahsildar of Oodipy which he has now prepared in Canarese. The Board has also desired me in submitting it to forward a translation, but on referring to the extreme length, consisting as it does of 69 very long Paras which would occupy not less than 50 Sheets of translation in English, and to the fact that there is now no translator attached to my Office, and that I am at present without the aid of any European Assistant, and overwhelmed in consequence with a press of business that I am unable to get through, I trust that the Board

Board will be able to dispose of the case without imposing upon me this onerous duty which it is impossible to say within what period I should be enabled to perform — She patience and attention bestowed by Mr. Robinson on this case and the clear manner in which he has exhibited the facts connected with the defalcation on the tobacco as well as the general character of the other charges in his two Reports already submitted, have placed the demerits of the Tahsildar in so clear a light that the Board has already expressed its concurrence in the propriety of this Appeal and I trust that it will be sufficiently manifest from the proceedings already submitted that the two instances in which the Tahsildar has been fined, have been fully and legally substantiated and that the Board will decide the Appeal upon its original merits.—

Proceedings confirming the decision passed by the Collector in Canara awarding under Regulation IX of 1822 double the amount

Read again letter from the Collector of Canara dated 17th June and entered in Consultation 9th Instant. The Charges brought against thereon. the Appellant Annantayah and investigated by the Assistant Collector extended to fifteen distinct offences, upon two only of which however the evidence was considered to be of

of such a nature as to ensure conviction before a Criminal Court and sentence has therefore been passed with reference to these two merely although the Collector observes that of the other cases there are many in which the evidence can have no moral doubt that they are substantially true.—

2. As regards the two cases which have been carried out to a conviction it appears that the first involved the receipt of the sum of Rupees 25 on behalf of the Tahsildar thro' the medium of his wife exacted by him from certain Arrack Renters in consideration of withdrawing a threat to compel these parties to proceed to Mangalore for the ostensible purpose of registering their surety deeds in the Court at that station.—

3. The second charge also involved the corrupt receipt of Rupees 20 extorted by the Appellant from one Venkatayah Shanbhog as a remuneration for recommending his exchange to a station from which he had been previously removed by order of the Sub Collector.—

4. The Board do not consider it necessary to

to advert in detail to the particulars connected with these charges which have not been pressed to a conviction, and as the proceedings against the Tahsildar have now been closed, it merely remains for them to record their confirmation of the decision passed by the local Authorities under the provisions of Section V of the above Regulation, awarding the payment of double the amount corruptly received by the Appellant. A perusal however of the several documents and reports of the Assistant Collector, which have now been laid before them exhibit a course of systematic corruption on the part of the Tahsildar; especially in reference to the frauds practised by him to a considerable extent in the Tobacco Department and in which it is apparent that he largely participated and has attempted to conform the regret expressed in their Proceedings dated 27th of May last, that a more serious example had not been made of this Public Officer by a committal to the Criminal Court with a view to his undergoing the utmost extent of punishment before that tribunal, to which his malversation may have rendered him liable.—

5. The Board observe that the Appellant was dismissed from Office under their orders communicated in their Proceedings dated the 27th of

of May last, they now desire to record their approval of the measures adopted by the Collector in respect to the other Public Servants of the Odipie Talook Cutcherry as detailed in the concluding para of the letter recorded above.-

Ordered that the following Endorsement be passed on Appeal &c. Petition presented to the Board of Revenue by Annutayah late Talsildar of Oodipy Talook in Canara.-

Endorsement

The Board of Revenue &c having taken into consideration the evidence adduced before the Local Authorities and the Statement contained in this Appeal, have fully confirmed the decision passed upon the Appellant Annutayah awarding a fine of Rupees 90, under the provisions of Regulation IX of 1822. The Board of Revenue observe, that the conduct of the Appellant in his capacity of Talsildar of Oodipy as exhibited in the proceedings against him, has been characterized by a systematic course of fraud and corruption, and they have accordingly further directed his dismissal from Office.—

The endowments in land and money have reference only to the Government Estates & do not include the Zemindaries for which Returns no account to ready their preparation the acting Collector states will be attended with great delay.

The amount exhibited is not a fixed payment but has to be determined according to the quantity of produce yielded on the lands in each year consequently the same is calculated for the most part upon the produce of Faisly 1255.—

No complete account is ready of the Inamdars or exempted lands entered in the Village accounts as Grants to Mosques and Pagodas. The Collector states a Statement of these will be called for from the Talooks and submitted as soon as complete.—

A of this sum Rupees 7390-10-11 is actually disbursed from the Treasury and consists of salt Rogromiah payable to Pagodas and Jeomiahs paid for service to be performed in Mosques Durgahs &c.a The remainder is what is contributed by private Individuals for the performance of Ceremonies and Festivals in the Pagodas and the Expenditure is partly superintended by the Individuals themselves who provide the funds and partly by Trustees and the Servants attached to the Pagodas.—

Stating that the additional supply of 4 Copies of Thornton's History of British India from the Principal Commissary of Ordnance has enabled the Board to forward to each Collector one copy for the use of this Office and as a fresh supply appears to have been received from England and a number of Copies of Thornton's Gazetteer may have been received requesting that 14 Copies of the Gazetteer may be forwarded if they can be spared in order that each Collector may be furnished with a copy.

Sir,

I am directed by the Board of Revenue to state for the information of the Most Noble the Governor in Council, that, in addition to the 20 Copies received last year, the Principal Commissary of Ordnance has forwarded to them four Copies of Thornton's History of British India, which appear to have been furnished in compliance with the request contained in the letter from this Office dated 30th March 1846. This further supply has enabled the Board to forward to each Collector at the Presidency and in the Provinces, one copy, for the use of this Office.

In their letter above alluded to, the Board stated that, including the Collectors of Sea Customs, there were 22 Collectors under this Presidency and expressed a hope that of the ten Copies of Thornton's Gazetteer furnished to them, they might be allowed to retain two, one in the Revenue Department, and one in the Department of Public works the remaining Eight they said they would distribute so far as the number permitted, among the Collectors in the provinces giving the preference

preference to those of the Maritime districts.

As a fresh supply of Thornton's History appears to have been received from England, it occurs to the Board that more copies of the Gazetteer may also have been sent out at the same time, if so, and the number can be spared, they would be glad to be favored with 14 additional Copies, in order that each Collector may be furnished with a copy of this most useful and valuable work.
