Diary

Received the following letter.

18th Feby.

To J. Pycroft Esqre.
Secretary to the
Board of Revenue
Forb.s F. George.

(1)

From the Collr. of Malabar. } Sir

With reference to the remarks of the Board of Revenue on the charges incurred in this District in July 1255 which was received with Mr. Rs. letter dated 19th August last, I have the honor to report that the small pox is now prevailing to a very great extent in this District, and that it has been found necessary to incur a few charges in removing and burying the Corpses of indigent persons and in subsisting and attending to others afflicted with the disease, and removed to a Lazaretto.-

/Signed/ H. V. Conolly
Collector

Calicut
12th February 1843.

Resolution thereon.-

The Board will be prepared to pass such charges as may be incurred for the purposes stated in the foregoing letter on their being submitted to this Office in the usual course. The disbursement should be regulated as hitherto in the annual Statement of actual charges, an account & Particulars of details being furnished at the same time.-

To the Chief Secy to Govt

To the Chief Secretary to

Government

Sir,

Para 1 I am directed by the Board of Revenue to acknowledge the receipt of an order of Government, dated 3d Instant, forwarding for report, a letter from the Secretary to the Government of Bombay, dated 24th Ultimo, requesting information as to how applications preferred by Hereditary Officers, or their widows, for permission to adopt heirs, are usually disposed of in the Madras Presidency.

In reply the Board instruct me to state, for the information of the Most Noble the Governor in Council, that it has not been usual for Hereditary officers or their widows in this Presidency to apply for permission to adopt heirs nor have such application been required. On lapses occurring all claims to succeed to Hereditary Officers founded on adoption, are disposed of on their own merits.

Read the following letter from the Acting Secretary to the Board of Revenue.

/Here enter 20th January 1848 No 35/

The Government understand from the foregoing letter that from the difficulty experienced in obtaining measures of capacity to correspond nearly with the half and quarter Maund Weight, the Board of Revenue give the preference to the measure at present in use at the Collectors in the disposal of Salt, Viz. the Mercadsky of which they state are exactly equivalent to 12 Maunds. The results of the experiments made by the Board with the measures prepared at the Mint, and the circumstances explained by

by them of the Minimum quantity of Salt permitted by the established Rules to be sold in the Provinces and at Madras, satisfy Their Lordship in Council that it would be more convenient and preferable to adhere to the mode of measuring by the Mercal which sufficiently answers as a measure of Capacity.—

Sub Treasurer

14

14-15

Ordered that the foregoing letter be submitted with the following address.—

To the Chief Secretary to
Government

To the Chief Secy. to Govt

Sir,

I am directed by the Court of Wards to state, for the information of the Most Noble the Governor in Council

Council, that several Bonds, the property of minors, as particularized in the annexed Statement, held in the name of "the Secretary to the Court of Wards for the time being," have, with the sanction of Government, been deposited in the General Treasury of Fort St. George.—

The Court find that it will be attended with some inconvenience for them to draw the interest accruing from time to time on these investments they therefore solicit the permission of His Lordship in Council, to withdraw them from the General Treasury, and deposit them with the Government Agents, who, it will be observed from the accompanying Correspondence, have no objection to receive them, and dispose of the interest under instructions which they may receive from this office.—

To Govt Agents
From Bd 23 Dec 1847
In Corr: 21st Feb 1848

The frequent references to Government for authority to deposit at, and to withdraw from, the General Treasury the Bonds of Minors will thus be avoided, and the course now proposed for adoption, will, the Court of Wards think, be the most convenient in other respects.—

Revenue Board office
Fort St. George

2453. Fort St. George 21st February 1848.

Read the following letter.

To

D. White Esqre

Acting Secretary to the

Board of Revenue

Fort St. George

16.

From the Collr and Agent to the Governor of Fort St. George, in Vizagapatam.

Sir,

With reference to para 38 of my letter of the 28th Ultimo, submitting Reports upon the Arrears outstanding on the Government Sist. looks up to the close of Fasly 1255 / 1844-45 inclusive as they stand on the 15th Novr Mx 1847 and forwards 2 Statements in illustration thereof.

as Report upon the Revenue Settlement of this District for the last year, I have now the honor to forward for the consideration of the Board and Government, Statements of the arrears outstanding on the several Government Sallooks Viz. Pal: condah, Golgondah, and Surrasiddy up to the close of Fasly 1255 / 1844-45 inclusive, as they stand on the 15th November 1847.

2

These Statements shew a Balance in Palcondah of Rupees 6386 8 6 in Surrasiddy of Rupees 5,958—3—10 and in Golgondah 7 eighths of Rupees 11,403—13— making in the aggregate

Fort St. George 21st. February 1818.

aggregate a Balance under every head of Rupees

23,718 9—14.

3 These Balances have their ori-
gin so far back as Fusly $\frac{1213}{1832\text{-}33}$, or nearly
fifteen years ago. The last Report on these
Balances was sent by Mr. Arbuthnot in
in his letter of the 11th. February 1816. In
the Statements then forwarded a sum of Rupees
12,821—13—6 was included as recoverable, of
which Rupees 3,426—13—8 was the supposed
recoverable Balance of Palcondah and Hosyaum,
Rupees 666—2—8 of the Golgondah Talook, and
Rupees 2752—7—10 of Sunnasseddy. Mr. Arbuth-
not's Report, tho' purporting to shew the Balance
of Revenue outstanding to the close of Fusly.
1254, only exhibited the arrears up to the commence-
ment of that Fusly.

4 Out of the whole Amount thus
retained on Account as recoverable
Balance

Fort St. George 21st. February 1818.

Balance of Fusslies prior to Fusly 1254, Viz.
Rupees 12,821—13—6 the Sum of Rupees 977—15—3
only has been recovered from the date of Mr.
Arbuthnots Report up to the 15th. November 1817,
and thus the demand for Arrears of Land Revenue
on these Years is still Rupees 11,843—11—3. The
annexed figured Statement shews the sums
collected in each Fusly year up to Fusly
1257, the remission sanctioned by Government,
and the Balance uncollected. If to that be
added the arrears of the two succeeding sea-
sons, the total Balance of Land Revenue
up to Fusly 1255 inclusive, stands at Ru-
pees 23,821—5—7, from which deducting
the small Sum of Rupees 72—12—3 col-
lected up to the 15th. November 1817, the
actual arrears under Report is Rupees 23,718—9—14
at the present date.

Fort St. George

upon

5. Upon what principle much of the demand of Rupees 12,821—13—6 was retained in the Accounts as a recoverable Balance, originating so many years before, and accumulated under so defective a system of settlement as heretofore prevailed in this District is a mystery to me. Possibly my Predecessor went upon the adage "while there is life there is hope" and certain it is that nothing was written off irrecoverable, of which the ghost of a chance of realizing could be foreseen.

6. The Statement exhibiting the Balances in Palcondah to the close of Fasly 1255 shews that the individual Balances due by Ryots is Rupees 3663—7—8, that an arrear is due by Renters of Rupees 634—9—9 Total of arrears Ryotwar and Rents 4,298—1—2. The sist of lands held under variety of heads such as Enams, Increases, Doraturums &c. shews an uncollected Balance of Rupees 2088. 7—4, in the aggregate Rupees 6,386—8—6.

7. The whole of this Balance I consider to be desperate. The Ryotwar portion

portion is due by parties who were too indigent to pay the Settlement assessed upon them in the years which the arrears originated, and the collection of any portion now could only be made from surplus produced in favorable years, over and above the quantity of grain required to pay the current assessment on the lands.

8. The Rented Balance is composed of Sums due by certain Hill people who were in the habit of selecting spots in the jungles, inaccessible and unvisited by the ordinary Revenue servants by reason of the insalubrity of the localities. When the Seasons were favorable and the crops succeeded, matters went well and the sums inserted in the Cowle were realized, when calamities of Season and fevers were rife, the cultivation was abandoned and loss arose, consequently these Balances accumulated and cannot now be recoverable.

9. The sist on Enams &c. on arrear, Rupees 2088—7—4, principally accumulated

5 Upon what principle much of the demand of Rupees 12,821—13—6 was retained in the Accounts as a recoverable Balance, originating so many years before, and accumulated under so defective a system of settlement as heretofore prevailed in this District is a mystery to me. Possibly my Predecessor went upon the adage "while there is life there is hope" and certain it is that nothing was written off irrecoverable, of which the ghost of a chance of realizing could be foreseen.

6 The Statement exhibiting the Balances in Palcondah to the close of Fusly 1255 shews that the individual Balances due by Ryots is Rupees 3663—7—5, that an arrear is due by Renters of Rupees 634—9—9 Total of arrears Ryotwar and Rents 4298—1—2. The sist of lands held under variety of heads such as Enams, Inscafahs, Doratunums &c. shews an uncollected Balance of Rupees 2088—7—4, in the aggregate Rupees 6386—8—6

7 The whole of this Balance I consider to be desperate. The Ryotwar portion

portion is due by parties who were too indigent to pay the Settlement Assessed upon them in the years which the arrears originated, and the collection of any portion now could only be made from surplus produce in favorable years, over and above the quantity of grain required to pay the current assessment on the lands.

8 The Rented Balance is composed of Sums due by certain Hill people who were in the habit of selecting spots in the jungles, inaccessible and unvisited by the ordinary Revenue servants by reason of the insalubrity of the localities. When the Seasons were favorable and the crops succeeded, matters went well and the Sums inserted in the Cowle were realized, when calamities of Season and fevers were rife, the cultivation was abandoned and loss arose, consequently these Balances accumulated and cannot now be recoverable.

9 The sist on Enams &c. in arrear, Rupees 2088—7—4, principally accumulated

accumulated during Fuslies 1254 and 1255, these were years, as the Board of Revenue have been fully informed, of positive scarcity and privation in this District.- The lands are held by classes, generally speaking, who do not labor or cultivate themselves, but receive a share from the cultivators after payment of the Government tax. From adversity of season the lands did not produce, and in many instances were left uncultivated during these years, consequently the arrears now exhibited appear in account-

10. The lands so assessed with quit rent are unsaleable from the pressure of the Government demand, and from their position, hence the necessity of remissions; for the holders would not again undertake to till them if the arrears were to be vigorously exacted-

11. A searching enquiry was prosecuted nearly two years ago into the ability of these parties to pay the arrears, previous to making over the entire Tallook in rent to Messrs. Arbuthnot and Co. in Fusly 1256. At that time as much as could be possibly realized was brought to Account.

What

What is now outstanding I hold as desperate, the Revenue administration having passed from my hands.

12. I am aware that a different opinion is entertained on this subject by the Members of the Board of Revenue, but I should hold the present Renter's management in small esteem if they permitted their cultivators surplus produce, accruing under engagements made by the Ryots with themselves, to be swept away by my Servants, for demands arising out of a former System of Revenue administration.

Vide Boards Proceedings Dated 28th. June 1847 - Para 10-

13. Proceeding to the Balances of Survasiddy and Golgondah Tallooks, I beg to refer the Board to the Statement marked **B** which affords full information of the Arrears, and of the class of persons by whom it is due.

14. It will be seen that the Ryotwar or individual Balances of Survasiddy Tallook have swollen to Rupees 2,105 — 11 — 5 during the last 13 years, that the Enam Balances for the same period are Rupees 3,552 — 5 — 5, in all Rupees 5,958 — 3 — 10

In

15. In the season of 1256 a strict enquiry was instituted into the means of the nominal defaulters, and the Season being generally favorable, as much was collected from them as practicable, but very little progress can ever be made in realizing these Balances even if such a course was fairly justifiable.

16. There are in fact no grounds for considering whether the demand of arrears on the parties against whose names the Amount stands is justly due or not. The settlement having been made on Anchanahs, which were often purposely falsified, and in which unproductive lands were frequently saddled on an indigent inhabitant, to enable the rich actual holder to evade the payment. Under such a system it may will be supposed that the Balances not brought to book within the year were generally uncollectable. Its former existence renders any detailed examination, at the present day, almost valueless.

17. A different and more strict practice having recently been

been introduced, it seems incumbent for its unprejudiced trial that the Balances under the lax system previously followed should be forgone. The Sist of the fields undertaken and brought under cultivation, or retained for pasturage, is now demanded and required in full, and discretionary remission for loss of produce is now the exception and not the rule. The tax on the lands for current Revenue is abundantly high if strictly collected, and the retention of demands for old Balances serves only to discourage enterprize in the Ryot, to lead the Talloor Officers to oppress the weak, and to reward the more indigent of the cultivators to chicanery and fraud.

Upon these grounds I think

18. it extremely desirable to write off to profit and loss all the Balances under whatever head, outstanding up to the close of Fasly 1255. At the end of each Fasly hereafter the Balances of the previous year should invariably be reported

reported upon, for no Balance of Ryotwar ma:
nagement is worth Keeping in Public Accounts
after one years standing, if the management
be correct. This is moreover absolutely neces:
sary to prevent the demoralization of the peo:
ple, and to guard against corruption in the
Public Servants in a District situated as this is.

19 These observations equally apply to
Golgondah Talook, on which the Balance out:
standing was Rupees 11,462 — 8 — 11 up to the end
of Fusly 1255 reduced by subsequent Coll:
lection to the 15th. November to Rupees 11,403 13 —
But I would propose to exclude from the
present remission the Hill rents of Fusly
1255 amounting to Rupees 1589 a considerable
portion of which is an arrear due by Renters
at present in insurrection against Government.
It may be presumed that in the present year,
some effectual steps will be taken by Govern:
ment to restore tranquility in this Country, till
this be done, I think it expedient to retain this sum
in the Public Accounts.

20 On the whole therefore the Amount
recommended to be written off to profit and loss is
Rupees 22,159 — 9 — 14 as noted below:

Order thereon,

16-17

Ordered to be sent again in circulation.

Read the following letter.

To J. B. Roupell Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George

Sir,

From the Sub Collector in charge of Rajahmundry

18

Para 1. During the late Settlement of the Mogultoor and Tanookoo talooks I received very numerous applications from the Ryotts for the grant of spots of Ground on which to erect new houses, and on paying personal and particular attention to the wants thus expressed, I found that some of the villages had increased very much in population, while the size of the village remained the same. In the large village of Ausuntah particularly, the people were most inconveniently crowded, and as it is obvious that not only comfort, but cleanliness and what so much depends on cleanliness health itself are incompatible with the existence of such state of things, I have the honor to bring it to the notice of the Board.

2. The accompanying Statement shews in detail the past and present condition of the Villages in

which new houses are required, the extent of land required by each Ryott and the distance thereon. The circumstances of the Ryotts vary so considerably both in respect to their families, and to their agricultural stock as sufficiently to account for the different extents of ground required by each.

3 In the 9th paragraph of the Board's letter to the Collector of the 23d. September 1839 on this subject the Board state that on receiving an account of the amount required for remission they will be prepared to obtain the necessary sanction.

4. I have therefore the honor to request that I may be authorized at the approaching Settlement of Mogultoor and Tanookoo to remit the assessment on the land required by the Ryotts for erecting new habitations, as I can on personal acquaintance with the state of their villages assure the Board that the indulgence is urgently required for the comfort and health of the people.

Rajahmundry District
Mamoor
28th January 1848.

Asst Collector in Charge

Ordered.

Rs. Fus

Fort St. George 21st February 1818

Ordered that the foregoing Letter be submitted with the following address.

To

The Chief Secretary to Government.

(18-19)

To the Chief Secy. to Government

Submitting letter from the Sub Collector in charge of Rajahmundry with a Statement shewing the extent of land applied for by certain Ryots in some of the Villages in the Mogulteer & Tanookoo Talooks for erecting new houses and recommending a Compliance with their Officers request.

Sir

I am directed by the Board of Revenue to request you will lay before the Most Noble the Governor in Council the accompanying Letter from the Sub Collector in charge of Rajahmundry submitting a Statement shewing the extent of land applied for by certain Ryots in some of the Villages appertaining to the Mogulteer and Tanookoo Talooks forming the Sub Division for erecting new houses in consequence of the want of house ground in the Villages in question arising from the increase of population.

2 Numerous applications Mr. Forbes states were preferred by Ryots during the late Settlement of the above named Talooks for spots of ground for building new houses, and that on making Enquiry he found that in some cases the population had considerably increased, whilst the size of Villages remained the same, and that in the large Villages of Amuntalur in particular, the people were most inconveniently crowded

On

Fort St. George 21st February 1818

3 On referring to the Statement accompanying the Letter under Submission, it will be perceived that in some Villages the population has more than doubled during the 10 years from Fasly 1214 to Fasly 1250, whilst the increase in that of the other Villages tho' not quite so great, is by no means inconsiderable. The total number of applicants for land, it will be seen is 330 and the aggregate extent required is P. 6 I. 3 M. 12 bearing a Jeroonah of Rupees 251.

4 Which Mr. Forbes requests he may be authorized to remit at the approaching Settlement as he feels satisfied from personal acquaintance with the State of the Villages that the indulgence sought is urgently called for, for the sake of the Comfort and health of the people

5 Under these circumstances represented and agreeing with the Sub Collector in Charge as to the expediency of the proposed indulgence, the Board beg to recommend a Compliance with his application viz. to remit the Jeroonah as above stated on P. 6 I. 3 M. 12 of land amounting to Rupees 251. 5.

Proceedings thereon. The Collector is requested to forward with the translation the original deed of donation referred to in Column 3 of the Statement which accompanies the foregoing letter, as directed in the Board's Circular of 29th September 1815 — he will also state who the grantee of the Shrotriem Soopally Veneatramanaidoo was and whether the Village of Chottepad is entered as a Shrotriem in the permanent Settlement accounts of the Zemindary to which Estate it appears to have formerly belonged. Mr. Smith will at the same time furnish any further information which he may possess in respect to the right and title under which the Village in question is held under Shrotriem tenure to enable the Board, in reporting upon the case to lay clearly before Government the nature and terms of the grant.

From the Coll of Nellore

Sir,

With reference to my letters of 27 & 29 December 1817, I have the honor to report for the information of the Board of Revenue that I have seen the Zemindar of Venkatagherry who is a very fine sensible young man rather older looking than he really is and I am perfectly satisfied that the arrangement for his holding the Zemindary which has been sanctioned by Government and carried into effect, is the best that could have been proposed.

Nellore District Kapoor, Collector's Cutcherry, 16th February 1818.

[Signed] G. A. Smith
Collector.

Order thereon;

Ordered to be recorded.

22-23

Read again letter from the Collector of Cuddapah dated 16th August and entered in Cons: 24 20 11th October 1817.

Ordered that the following letter be sent in reply.

24-25

To the Collector of Cuddapah

To the Collector of Cuddapah

Sir

In acknowledging the receipt of

Inbons: 11th. October 1847. your letter dated the 16th. of August last reporting upon the cases of certain Cuttoobady Enamdars whose lands it was proposed to resume on the terms specified in the Boards' Proceedings dated 28th. May 1846. I am directed by the Board of Revenue in reply to inform you that under instructions from Government the orders of the Board therein conveyed are to be held in abeyance pending the Settlement of the general question connected with these and similar Grants. Under these circumstances, therefore, you will be pleased to restore the Enams which have been charged with the Assessed Resumed less the usual remission referred to in your letter to the heirs of the late incumbents, refunding to such parties any amount of Collections which may have been realized from their Enams and detained in deposit.

2. The Board take this opportunity to direct, under instructions from the same Authority, that on the occasion of any future lapses among the Cuttoobady Enamdars and holders of Grants of a similar description that you will place the next of kin of the late incumbents in professeon of the lands on the same terms as they were held by the deceased, but they request that a report of each case be submitted for the information of this Office.

The

3. The Board have passed the following Endorsement on Petition Nos. 1692 and 1693 of 1846. and 92b of 1847.

"The Petitions are referred to the Collector to whom instructions have been communicated on the subject of their cases."

Revenue Board Office,

St. George

2503

No 26 Application 31.

21st February 1818.

Case No.	Village	Talook	Share enjoyed by the deceased and that held by the other Members.	Family left by the deceased and names & ages of the parties	Their circumstances & the means of subsistence possessed by the family	Recommendation & grounds thereof
1	2		9	10	11	12
1	In the Tower Sudhout in the same	Talook	The whole of the Amount of allowance entered in Column 3 was enjoyed by the deceased alone.	1 Son Vencatasambuttoo aged 31 Years. 1 Vencummah widow of the deceased aged 58 Years. 1 Soobbammah step Mother of the deceased 1 Vencata Lutchmynie wife of Vencatasambuttoo or daughter in law of the deceased. 1 Parmaswarabuttoo grand son in the male line of the deceased aged 3 Years. 1 Cheruboo Soobbum mah grand daughter in the male line of the deceased aged 5 Years.	The deceased and his family lived in tolerable circumstances & is reported that the deceased had been in the enjoyment of certain Bhatavrittee Enams lands the particulars of which will be detailed in the Statement of Bhatavrittee Enams on the receipt of the Report from the Talook and submitted to the Board Separately.	As the Enam seems to have been granted on account of the framing of a Punchangum or Annual Nature Almanac & as the Enam had been enjoyed for a very considerable number of Years. I recommend that it may be confirmed as hitherto from the date last incumbents demise in the name of his son Veneasum Buttoo who the Talsildar reports is competent to perform the duty. The Original Summuds together with translations hereunto annexed forwarded.

Proceedings thereon.

26-27

In the above Statement the Sub. Collector in charge reports the death, on the 24th. Instant. of Vencatasseyaloo, Punchangum or Astrologer of the Town of Sadroun, in the Sadroun Talook of his District, who enjoyed a ready money enam of Rupees 76-14-10 per Annum. The grant appears to be an ancient one, having been conferred during the time of the Native Government and was continued by the British Authorities after the assumption of the Country. Mr. Murray recommends that the deposed allowance be continued from the date of the late incumbents death to Vencatasum Buttoo son of the deceased who is reported to be competent to perform the duty.

2. As the office of Punchangum or Astrologer is to be found in many Towns and in most Villages, is of the nature of the Village office and therefore usually considered hereditary, the Board would support Mr. Murray's recommendation for the renewal of the Grant in the name of Vencatasum Buttoo son of the last holder.

3 It will be observed that the deceased was also in enjoyment of certain Shurtoorty Enams which the Sub Collector in charge purposes to report upon seperately.

Read the following letter.

To

J. B. Roupell Esqre.

Acting Secretary to the

Board of Revenue

28

From the Agent to the Govr. of Fort St. George at Rurnod.

Reporting on the petition No. 2203 of 1847 presented by certain parties of the Rurnool District regarding the Veesabaddy Tax.

No. 2203 of 1847

Sir,

I have had the honor to receive your communication dated the 13th. Instant requiring a report on a Petition from certain Veesabuddy prayers of Rurnool complaining of the conduct towards them of the Acting Sarishtadar of this District.

2. The best answer I can make to the Boards requisition will be to submit a statement of the circumstances under which the Petition appears to have originated.

3. On receiving charge of the Agency my attention was attracted to a decrease in the Rurnool Town Veesabuddy for fusly 1256, which was less than that of the previous year by Rupees 836-3-7. I received from the Nair Sirishtadar no satisfactory explanation of its cause and my attempt to ascertain it from the Rurnool ameen under whose management it is placed, was equally unsuccessful.

Fusly 1255. 13251-4-1
" 1256. 12415-0-6
Difference 836-3-7

4. I was at the same time given to understand that it had proceeded mainly from an undue bias shown by the Ameen to many of the principal Veesabuddy prayers of the Town, whose

assistance

afsistance had some time previous to the adjustment of the Veesabuddy for Fusly 1256, been given to the Ameen on the occasion of a ceremony in his family.. Of this report I could make nothing, but I warned the Ameen that I should carefully scrutinize his Veesabady Settlement for the current Fusly, the more especially that on reference to the Veesabuddy Summar accounts, I found that by far the greater number of the most substantial traders and Shopkeepers of the place, had had their tax greatly reduced by a late Acting Ameen in Fuslies 1252 and 53. For such reduction I could trace no reason and on enquiring it was clear to me that the condition of these parties called for an increase rather than the reverse..

Vide Enclosure A

5. The reduction which the late Acting Ameen had made in those Fuslies was to a certain extent remedied in Fusly 1254 by the present Ameen when he came into Office and the subsequent falling off was thus the more unaccountable in my estimation, because beyond a doubt there has been a marked improvement in the circumstances of this class of persons during the past few years..

Fusly 1253 - 11,687
" 1254 - 13,216
" 1255 - 13,251
" 1256 - 12,415

Being

6. Being quite alive to the facility with which the descending scale may be used in these matters and knowing the difficulty of again raising it to its old standard, I took pains to enquire whether any just cause existed for continuing to the favored individuals an indulgence shown to them in Fuslies 1252 and 53 by the Acting, and in Fusly 1256 by the present ameen; but such information as I received fully impressed me with the belief that the Ameens settlements had at the least been injudiciously lowered..

7. I therefore on his arrival desired the Acting Sarishtadar to employ the few days which were to elapse before I moved out on my Jamabundy tour in probing the matter, and, if necessary, in settling the Veesabuddy for the current Fusly with more regard to the interests of Government..

8. His enquiry was conducted in open Cutcherry in the building where my own Cutcherry was held and the reports daily made to me, hourly I might say, showed to my mind beyond a doubt, that the Veesabuddy payers had combined to resist any increase whatever and that nothing would go down with them except the last years amount or something lower than it.

Late

9. Late in the evening they appealed to me in a body and were most clamorous; but knowing that on this, the first day of the Sarishtadar's enquiry, they had one and all set their faces against making any disclosures whatever regarding the condition of parties paying Veesabuddy, I told them plainly they would have to suffer from their own obstinacy and that unless it were proved by Punchayets — formed in the usual way in such settlements from amongst themselves, that reductions of Veesabuddy had been necessary in individual cases the Sarishtadar would in my opinion be justified in assuming that the old and higher rate was the proper one.

10. The second and third days of the Settlement were not marked by the same — feeling of opposition to the enquiry in progress, and the rates fixed on those and on the fourth and — fifth days, were generally assented to. Still the parties who had offered passive resistance on the — first day, persisted in their assertion that the Sarishtadar's rates were fixed at too high a figure.

11. At this juncture I moved out — to Nunnoor a place 10 Miles from Kurnool, carrying with me unanswered, a Hindustani address from

some

some of the payers - praying for a reduction of the — Veesabuddy fixed on them — The Summabundy duty prevented my disposing of it so soon as — I intended and it was still without a reply when

30th. Novr. 1847. I received by Tapaul a Petition to the same effect nearly as that which your Board have now sent to me for report - There were 69 signatures to it.

12. I immediately took steps to ascertain whether the sanctity of the Post Office had been violated as asserted, by a refusal on the part of the Tapaul Head Writer to receive a communication addressed to your Board and the Government and — whether, as also asserted, it were true that a Cooly whilst carrying those rejected communications to the Ghooty Post Office, had been stopped midway, deprived of them and brought back to the very — place where my own Cutcherry Camp was pitched.

13. The result of my investigation showed distinctly that the cooly was stopped, but from the depositions given before me, I cannot believe that his arrest was more than the effect of the — purest accident; and I am impressed with the — conviction that the Veesabuddy payers have — gladly taken advantage of the circumstance to make out an ad-misericordiam point in

their

their tale.-

14. The cooly, a known debanched character and an eater of Opium, was observed at an early hour of the morning roaming about the Village Podamalpandoo in a suspicious and half drunken manner.- It led to his being taken up by the Village Taliaries and to his being transmitted to a Tannah of the Kurnool Sowars at Dhone, 2½ miles off, where on arrival the Duffadar of Sowars searched him. Finding as the Duffadar has himself informed me that the cooly had two Aryzes in his Bag addressed to the Government and the Board, the Duffadar an old Maharatta soldier long employed by the late Exc- Nawab thought he was performing a very meritorious act in stopping and sending him to the Dhone Amildar who was then at Kunnoor with my Cutcherry; and adverting to the state of affairs under the late Mogalye Dynasty, I have no doubt that if the transit of two communications to the address of the Government and Collector of Bellary had thus been stayed the Duffadar would have been rewarded by the Nawab for his Zeal I have however, explained to the Duffadar that our system of rule is different and that no officer in the Provinces is at liberty to impede the progress of

Appellate authorities at that time.-

an

an appeal to the authorities at Madras.-

15. The Dhone Amildar seeing nothing against the Cooly set him at liberty at once and as he declares, gave them over to him again, unopened.- I am unable to gainsay the truth of the Amildars declarations, no report having at the time been made to me of the transmission of the Cooly to Kunnoor and he himself not having appeared to make any Complaint.-

16. As regards the purport of the Petition bringing these alleged occurrences to my notice, I have to add that I lost no time in sending for five of the 69 parties whose signatures it bore, selecting them at random; but although they admitted having signed it, they could not tell me what it was about and merely knew that Masoom Chitty and another who had been most strenuous in their opposition to the Seristadars, enquiring, I had begged them to do so- They could not say who had taken to the Post Office the letter stated to have been refused there by the Writer and in fact knew nothing about the contents of either address, further, than that it had for its object to keep down the Veesabuddy by an appeal to Madras.-

17. I subsequently had before me the whole body of Veesabuddy payers on whom rates had been

been fixed on the first day of the Sarishtadar's enquiry.- most of the 69 Signatures on the Petition to myself were theirs, but they too were as ignorant as the other five of the contents of the papers written; the man said to have carried the rejected communications to the Post Office had not from his own account done more than go there and ask what would be the postage leviable on such communications; whilst on the other hand, the Post Office writer denied the truth of the charge alleged against him.-

18. My opinion of the complaint was and is, that advantage had been taken of the arrest of the Cooly carrying the two communications to the Ghooty Post Office, to assert that they had been rejected by that Department at Kurnool, and I am disposed to believe, seeing that they emanated from the least honest and most litigious part of the Kurnool inhabitants, that oreginally they had doubts whether if put into the Kurnool Post Office, they would ever reach their destination and therefore in the first instance resolved to post them at Ghooty.-

19. In conclusion I beg to state that in order to set the question at rest I personally fixed the Veesabady of the principal payers, having the assistance for that purpose in open Cutcherry

of the Sarishta Department, the Kurnool Ameen, and his Subordinates and a Committee of the most respectable Komatees.- I certainly experienced difficulty in getting the Committee to discharge their functions as Punchayet dars, but after considerable delay, hesitation and alleged incompetency on their part to offer any opinion on the substance and well doing in the world of their Caste brethren, they entered upon the labor with sufficient energy and good will and at the close of two days it was brought to a close.-

20. The rates assumed by the Sarishtadar as proper being in my opinion rather too high, I somewhat lowered them, and as the payers severally left my presence after having agreed to the sum fixed on them individually, I am somewhat surprised that the settlement has now formed the subject of complaint to your Board.-

21. It is true that being without date it may have been written before my decision on the appeal against the Sarishtadar's rates was passed, but adverting to the date on which it appears to have reached the Board's Office, I can but infer that the

7 and 8th. Decr. 1847.

11th. Decr. 1847.

parties

parties who have subscribed it were aware of what was in progress, as my personal investigation took place on the 7th. of December last and the Petition must have been despatched from Kurnool on or about the 5th. of that month..

22. I have no reason to believe that the Sarishtadar has been influenced throughout these proceedings by other than a desire honestly to secure the dues of Government, and I apprehend that the Petition herewith enclosed, is but the result of the factious oppositions to which I have above adverted, the more especially that I see appended to the address the name of Yagumtee who was in personal communication with me as a Member of the Committee for two days, who was himself (having temporarily retired from it for that purpose) rated by the Committee, and who, being a leading man in Kurnool would I imagine have openly brought to my notice any subject of complaint against the Sarishtadar had there been true cause for making any..

23. What they did complain of was that they had been too highly rated.. I have shown that the higher rate was the consequence of their own act in wilfully withholding a

a knowledge they surely possessed and which according to existing practice, they were bound to have made available for the just and fair distribution of the Veesabuddy assessment;- but I have also shown that these higher rates were rectified by the imposition by myself of sums lower than those to which they had taken exceptions, and until taxations by some process hitherto undiscovered can be rendered an agreeable infliction I despair of bringing the Veesabuddy payers to the conviction that they are justly assessed..

24. I do not believe that the Petitioners have any other cause of complaint against the Sarishtadar than that arising out of the Veesabuddy rates and its origin lies I am satisfied in the measures taken for securing what ought not to have been abandoned.-

Read the following letters.-

To T. B. Roupell Esqre

Acting Secretary to the

Board of Revenue

Fort St. George

(32)

From the Collr of North Arcot

Sir,

Para 1. I have the honor to acknowledge

the receipt of your letter of the 20th December last,
calling upon me to report more fully on the sub-
ject of a Petition presented by Veeratchellam
Moodelly and Veerasawmy Moodelly Renters in the
Vellore Taluk; and to state that the Petitioners
are the Renters of a farm consisting chiefly
of land under cultivation and enclosed with
fruit trees but including also the Meturpha on
certain houses, Amounting as the Petitioners state
to Rupees 105. 12. - per Annum. The Petition re-
lates only to the latter which it is stated the
householders refused to pay and the petitioners
therefore required that their goods should be
attached and sold to satisfy the demand.

2. On a former occasion the petitioners
preferred a similar demand to Mr Goldingham
who refused compliance with it until they
should prove the justice of their claim. It appear-
ed to me to be necessary that the Petitioners
shall produce a Moochelka or other proof of
the engagement entered into between them and
the householders, as required in Regulation
Section II. XXX of 1802, and if they are not prepared
to do so that it would be irregular to en-
force the demand in the manner

† No. 2022 of 1847 hereunto returned.

by them and their proper course would be to
apply to the Village Moonsiff or other Civil
Officer.

North Arcot
Coll.r Circuit Cutchery
Vellore 2d February 1848

Signed C. C. Lovell
Acting Collector

Proceedings thereon.

32 - 33

The Acting Collector is requested
to furnish more particular information in respect to
the Meturpha rented by the Petitioners which it
would seem from the Endorsement of the 21st
November 1846 is leviable not only on houses or
on house ground, but on Looms, Piece Goods
beating rice and goldsmiths shops. He will
specify the several items of Meturpha com-
prised in them the rent and explain under
what circumstances they have been farmed out
in place of being collected by the Sircar ac-
cording to the usual mode. The Board further
desire to know the amount of arrears claimed,
the Fasles in which they accrued, whether
Puttahs were in those years tendered by the
Petitioners to the Ryots and refused, and whether
when the Meturpha of a Village in North Arcot
be rented out, it is customary for the renters
to grant Puttahs to the Meturpha ryots.

Fort St. George 21st. February 1818.

Fort St. George

(34)

From the Collr. of North Arcot Reports with reference to the Board's Proceedings dated 10th Ultimo on the Extra tent allowance drawn by the Acting Sub Collector Mr. Cotton at Ranepet for July 1256.

Sir,

Para 1. I have the honor to acknowledge the receipt of the Proceedings of the Board of Revenue dated 10th Ultimo requiring that the necessity of Mr. B. B. Cotton's residence at Ranepet with reference to the charge incurred in July 1256 on account of his Extra tent allowance should be explained and also to be informed if any measures have been adopted towards providing accommodations for the Sub Collector and his Cutcherry.

DESTROYED

2. The extra tent allowance was drawn by Mr. B. B. Cotton under the Board's order dated 4th December 1815. There was no particular necessity for his residing at Ranepet except that his Bungalow was out of repair, but in the above Proceedings the Board observed that they "would not object" "to his residing at Ranepet until the repairs of the bungalow were completed".

From Regr. of Works 3. 19th April 1817 / Do. 28th March 1817 / From 3rd & 2nd June 1817

3. It will be seen from the correspondence in the Department of Public Works that after the Estimate for the repairs of the Sub Collectors

Fort St. George 21st. February 1818.

Bungalow at Arcot had been sanctioned, the question was reviewed by the Acting Sub Collector whether his Cutcherry should not be transferred to Ranepet, and the Board having called for a further report on this point the repairs were necessarily postponed pending their final decision. It was then too late in the year to mix of the Mud building which is of brick laid in Mud but the present Acting Sub Collector proceeded with the provision of materials for the work which are now for the most ready. The removal of the parts of the building which are to be taken down has commenced. I have directed the Tahsildar to cause the foundations for the new walls to be excavated and have applied to the Engineer to have them inspected by his Department as required by the orders of the Board.

From Regr. of Works dated 18th February 1818.

North Arcot Collr's Circuit Cutcherry Vellore 15th February 1818

Resolution thereon.

Signed / C. G. Lovell

Sec. to Bd.

34-35

Under the explanation furnished in the foregoing letter the Board sanction the extra tent allowance drawn by the Acting Sub Collector Mr. Cotton for 31 days residing at Ranepet in July 1256. The total number of days sanctioned on account of the above for the month of July 1256 is set in the Margin.—

On

Proceedings thereon.

(39-40)

In Cont. 3d March 1845

On referring to the Decree forwarded with Mr. Ouvlow's letter of the 10th January the Board observe, that the damages therein adjudged against the 2d and 3d Defendants amount to Rupees 23. 8. and the Costs both for themselves and the Plaintiff to be borne by the 2d and 3d Defendants to Rupees 33. 7. Further Costs were subsequently incurred in Appeal. A part only of those Costs in the Original and Appeal, Viz. that for stamp paper, would seem to be entered in the account Particular now furnished by the Acting Collector. Mr. Elliot is therefore requested to submit another Statement shewing the total amount of damages and Costs to be defrayed by the 2d and 3d Defendants on account of themselves and the Plaintiff both in Original and Appeal, that application may be made to Government for their Sanction for the whole sum.—

2d & 3d Defendants Costs 9-13.
Plaintiffs Costs 23-10.

To,
D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

41

Sir,

From the Acting Collr. of Tinnevelly — Reporting upon the Settlement of Land Revenue of the Tinnevelly Co. District for Fusly 1256, and forwarding the several Statements relative to the same.

Para 1. I have the honor to report upon the result of the Settlement of Land Revenue of the Tinnevelly District for Fusly 1256 / 1846-47, and to forward the several Statements marked A to D and numbered 1 to 15.—

Carr Season— 2. The Carr season of Fusly 1256 was favorable— The rains of the South West Monsoon falling in sufficient quantities on the Hills from the latter part of May to September afforded an adequate supply of water in the Rivers and Channels, and enabled the Ryots to carry on the Ayaputt Nunjah Cultivation to an extent greater than last year, by Seed Cottahs 657— But the Nunseemoodungum and other Cultivation raised from water in the Tanks towards the end of the previous Fusly, not having been brought to the Carr accounts of Fusly 1256 to so great an extent as was the case during the last year a decrease of 1103 Seed Cottahs has occurred in the Cultivation of

Lands

lands under Ponnacolum Tanks- The crops came to full maturity owing to the favorableness of the season, and in consequence the land on that suffered from drought and short produce during the year under review (of which there was a little only in the lands under Ponnacolum Tanks) is less than last year by Seed Cottahs

" 1256	3	7	6 1/2
Decrease	"	3	2 13/64

Peshanum Season Fall of rain at Polliamcottah-
+October - 1800 Inc
+November 5978.
+December 850-

3- The season was remarkably unfavorable for Peshanum- The rains in +October +November and +December were either chiefly confined to the Hills, or too slight and partial to fill the Tanks generally, and their deficiency caused a decrease in Aganut Cultivation to the extent of Seed Cottahs 4271 and in Ponnacolum lands to the extent of Seed Cottahs 7721——, even where Cultivation was attempted in the latter description of lands, the want of seasonable supplies of rain caused the standing Crops in many Places to perish altogether by drought- The adverse state of the season especially in the Northern parts of the District, combined with

with the scarcity of Grain in the neighbouring Districts of Madura and Combatore, induced serious apprehensions of a famine- Under these Circumstances Mr. Parker the late Acting Collector addressed a letter to the Board of Revenue on the 28th. January 1847, recommending that some relaxation of the ordinary rules of Assessment should be allowed, Viz. a remission of 3/4 of the Nunjah tax on lands cultivated after the receipt of the Board's orders; which having been sanctioned, and rain having subsequently fallen in remarkable abundance during all the latter part of the season, the Ryots were enabled to bring a considerable extent of Nunjah lands under Cultivation, amounting to Seed Cottahs 8,371, leaving however still a decrease below last year of Seed Cottahs 3,620-7-7 1/2-

4- In the Month of April an exceedingly heavy fall of rain, connected doubtless with the hurricane elsewhere, caused inundations and in some few places destroyed, in others injured some of the late standing Crops, on the whole however it was I consider beneficial to the District- This occurrence was specially reported to the Board under date the 21st. May last-

5- The unfavorable nature of the season above detailed caused an increase

in

in the extent of land which suffered from drought and from scanty produce above last year —

	Sh.	M.	M.
Fasly 1255	482	—	—
" 1256	8665	—	—
Increase	8183	—	—

by seed Cottahs 8183, as shewn in the Margin - Moreover in February, when the Peshanum Crop was ready to cut, rain fell, and the consequence was that the ears of Paddy dropped off the stalks to the loss of the Ryots of Oloongoo Villages - Notwithstanding the rise in the Nerruck as exhibited in the Margin, the unfavorable nature of the Peshanum season has occasioned a considerable loss to Government of which nearly the whole has occurred in the 2 Talooks of Sunkerrnarcoil and Streevelly pootoor; the state of the latter of which was specially reported to the Board in an Enclosure in Mr. Parker's letter of 28th January 1847.

	Cr.	A.	P.
Fasly 1255	2	11	5 5/32
" 1256	3	4	5 13/32
Increase	—	9	1/4

6. The Ryots have also sustained a considerable loss in consequence of their Poonjah Crops having in many places partly withered and partly yielded a scanty produce - But this loss is not shared by Government, no remission being usually allowed on Poonjah, and the latter part of the season having been such, as to enable me to dispense

dispense with the special indulgence in this respect, which the Board intimated their willingness to grant in case of necessity - The only aid the ryots received with respect to Poonjah, was that proposed by Mr. Parker in his letter to the Board above referred to, and which, as not being objected to he considered virtually granted; and consequently authorized the remission of 1/2 Teerwah on Poonjah Cultivated after the receipt of the orders, at the same time as the remission of 3/4 Teerwah on Nunjah - In comparison with the latter it was a small indulgence though one which as that had been granted justice required, in order that all might partake of the timely aid according to the circumstances of their respective localities - The quantity of Poonjah land Cultivated so late as to come under the operation of this remission was Shaws 4877 27/32 —

On

8- On a reference to the annexed Statement No. 2, it will be seen that the extent of Nunjah Carr and Peshanum Cultivation in the Ooloongoo, Rented and Jumary Villages has fallen short of the previous Fusly by Seed Collahs 4,138-19-3 3/8; adding to which the decrease of Seed Collahs 616-3-4 in the Cultivation of Pottom lands; and that of Seed Collahs 242-19-5/4 in the Cultivation of Poroopoo lands, the total decrease comes to Seed Collahs 4,998-- 1 3/8 Deducting therefrom the increase in the Jarum Villages amounting to Seed Collahs 54-9-2, the net decrease stands at Seed Collahs 4,943-12-2 7/8.-

9- The extent of lands cultivated with Nunjah Mail Poonjah and Vamjyre produce in Fusly 1256 amounts to Seed Collahs 10,500-8-3, being an increase of Seed Collahs 524-20-3/4 above last year; the reasons for which are detailed in the remarks on Statements 9, 10, and 11 further on.-

The rise in the settled prices of Fusly 1256, as shewn in the Statement No. 3, is chiefly attributable to the deficiency of the Peshanam harvest, consequent on the failure of rain at a time when it was much required-

10-

The annexed Statement No. 4 exhibits in one view the Settlement of the Fusly under report, under the several branches of Land Revenue in contrast with Fusly 1255.-

In the Nunjah Warapuh

12-

Villages there is an increase in Cultivation

both in Carr and Peshanum under the Head

of Agapuh; but a decrease under that

of Pinnacolum, as shewn in the Statement

No. 5, Notwithstanding the decrease in the

total of Carr and Peshanum Cultivation

amounting to Seed Cottahs 2986- 17- 7⅛,

which has occurred owing to the unfavorable

nature of the Peshanum season already adverted

to- the Revenue from the Nunjah Warapuh Villages

in Fusly 1256, but for remissions exceeds that of

the previous Fusly by Rupees 59477- 5- 8- which is

attributable to the augmentations of the

Serruck shown in the Statement No. 3-

13. The decrease in Cultivation, average produce, and average rate of Mailwarum, as shown in the foregoing Statement No. 6, has produced a decrease in the quantity of Mailwarum Grain of Fusly 1256 of Grain Cottahs 11499-13-7¾; which is attributable to the deficiency of rain in the Cultivating season, and to its having fallen during the time when the grain was in ear, as before remarked. The amount gained by considerable augmentation in price, averaging per Grain Cottah Annas 13-4/8 has however reduced the decrease of Berij to Rupees 19911—"—8.—

Abridgt

17- Under the head of Nunjah mail poonjah and Vampyre under old Wells, there is an increase in Cultivation of Seed Cottahs 437-9-13/81 attributable to the relaxation of the ordinary rules of assessment before referred to; but a decrease in the revenue amounting to Rupees 1414-6-9. The latter is to be ascribed to lands cultivated with higher sorts of products having been less in Fusly 1256 than in the previous years.-

Re

18- The increase in the Items noted in the foregoing Statement of Rupees 307-13-" is owing to a greater extent of land being brought under cultivation, in consequence of the rains that occurred at the termination of the Peshanum season of Fusly 1256.-

19- On a reference to the subjoined Statement No. 12, it will be seen that there is a net Increase in the total of Nunjah and Bagayet Cultivation of Seed Cottahs 54-9-2, which has produced a corresponding increase in Revenue of Rupees 822-6-7- in the 4 Settled Villages; which is ascribable to the extent of land employed for a 2d. or additional crop having been greater in Fusly 1256, than in the preceding year.-

Fort St. George 21st February 1848

20- The Net Revenue derived from Poonjah in the unsettled Villages for Fusly 1256 has, notwithstanding the decrease under some classes of soil, exceeded that of the previous year by Rupees 3894-10-1- owing partly to increased cultivation consequent on the abundant falls of rain towards the termination of the Peshanum season, and partly to the inducement held out to the Ryots by allowing a remission of ½ Teerwah on Poonjah Cultivation made after the receipt of the Board's answer to the Acting Collectors' letter of 28th January 1847.-

21.

In the course of Cotton cultivation the use of decreased in the year under review as compared with Fasly 1255 of Canies 5996 53/64, which is to be attributed to the unfavourable nature of the season, as which was especially felt in that part of the District where Cotton is chiefly grown. The extent of Ground under Irrigation has also decreased, as well as the Produce of the Crop at the gathering season. But the increased cultivation of other dry grain will more than counterbalance the deficiency in the Cotton Crop.

Fort St. George 21st February 1848.

22.

It will be seen from the Statement No 15 that there is a decrease in the Poonjah Cultivation of the settled Villages of Caunies $611\frac{33}{64}$, or Chains $236\frac{47}{641}$ and in the Revenue of Rupees 41-6-9. The latter does not however decrease in proportion to the former, in consequence of land bearing a higher rate of assessment having been cultivated this year to a greater extent than in the last. No portions of fields have been left waste during the year under review, as was the case in the preceding one.

Here

Fort St. George, 21st February 1848.

25. There is also a net increase under the head of Sandbunds or Palmiraks amounting to Rupees 1474-1-10 attributable to a greater number of trees having been brought to account as bearing, notwithstanding some decrease from some trees formerly rented out, having, at the request of the Ryots of the Villages, been brought under assessment instead.

26. The annexed Statement No. 19. will exhibit the improving state of the plantations therein adverted to. The under cultivation (raised to a very trifling extent during the year under report) has been exempted from tax agreeably to the terms granted to the Ryots, further explanation regarding which has been given in the answer to the Board's Proceedings on last Jummabundy Report, dated 22nd October 1847.

From the Statement No. 23 it will be seen that the loss sustained by the Ryots claiming remission for drought and short produce amounts on the whole Beriz of Rupees 118879 - 7 - 11 due by them to Rupees 104,860 - 4 - 11 or to 70 13/32 per cent - The failure of the North East Monsoon, and consequent unfavorable nature of the Peshanum season, which was particularly severely felt in the Talooks of Shevelly Pootoor and Sumbur-nimacail was the cause of the large amount of remission granted in July 1256 as shown in the foregoing Statement - These remissions were granted only in cases where the crops have been ascertained by personal and careful examination, by public servants deputed from the Sheristadar and Talook establishments, to have really suffered from drought and short produce, and where the loss of the Ryots exceeded the prescribed per centage of 30 per cent as laid down in the Hoobunnamah of the District -

The

Fort St. George, 21st February 1848.

32. The decrease in the 1st 3d and 4th Items of Cauin has occurred partly from diminished cultivation and partly from certain Cauin lands having suffered from drought and amounts in the aggregate to Rupees 510-0-2. Deducting therefrom the increase under the 2nd and 5th Items caused by the grain in which the Cauins are usually paid having been in July 1256 commuted into money at a price higher than in July 1255. the Net Decrease is left at Rupees 3823 2-7.

33. The unusually heavy falls of rain before noticed in Para 4. that occurred during the Months of April 1847, brought down extraordinary freshes in the River Tambraparny, the consequence was that its banks were breached in different places, and the country including some of the standing crops inundated. Owing to this and to a breach that occurred in a Tank in Sentheniarcoil Talook, some Crops were coverd with sand, and some destroyed by inundation to the extent shown in the Statement No 27 In the former case, involving, besides the total destruction of the crop, the loss of the land also, intitl remitted, the Jeenwak was, as in some former precedents, entirely remitted; and on the latter, remission was granted in those places where the loss sustained exceeded the prescribed Centage of 30 per Cent. Remission of tax was also allowed on 137 Palmirahs that were washed down by the inundations.

Fort St. George, 21st February 1848.

34. With reference to the late Acting Collector Mr Parkin's letter to the Board of the 28th January 1847, reporting the unfavorable nature of the season, and their answer of the 22d February 1847, before noticed in Para 3 of this Report, orders were issued to the several Tahsildars to make known to the people that for this year only a remission of 3/4 of the Nunjah, and 1/2 the Poonjah teerwah, would be allowed on lands subsequently cultivated, and that in the 4 Northern Talooks vegetables might be raised free of tax in the beds of Tanks, and rain having fallen abundantly during the latter part of the season, a considerable quantity of late cultivation was raised as shown in the annexed Statement No 28. The Teerwah at the reduced rates on the total extent of land thus cultivated from and after 5th March 1847, Amounts to Rupees 27,506-10-7. The indulgence has been confined to lands reaped within the July, and a very large amount of Cultivation standing at the end of the same has been carried to the account of the Carr season of July 1257, which it is satisfactory to observe has not suffered from the late indulgence, but on the contrary shows a vast increase on both July 1256 and 1255. These lands will be assessed with full teerwah as usual. The extent of Vegetables raised tax free in the beds of Tanks amounts to seed Cottahs 21 — 3.

Fort St. George, 21st February 1848.

30. The demand on account of the several Items enumerated in the Statement No. 30. which are usually added to the Land Revenue, amounts for Fasly 1258 to Rupees 4,04,087-14-8 being less than the amount of the previous Fasly by Rupees 0820-14-8 for the undermentioned reasons-

37. The decrease under the 1st Item is owing to lower proposals having been received during Fasly 1258 than the previous year, that under the Head of Dassacavel or Sirva Enam Villages is consequent on diminished cultivation in the lands paying Dassacavil fees and that under the Head of Extra Revenue is owing to the sale proceeds of a vast number of Trees blown down by the storm of 2nd December 1845. having been brought to account during last year, and no such event having subsequently occurred. The decrease under the head of Tripany and Chuttrum is consequent on a diminished extent of Cultivation - The decrease under these different Heads being added together their total amounts to

Rupees

Fort St. George, 21st February 1848.

Rupees 6,820—14—8 as shown in the Statement N:o 30.

38 The foregoing Items being added the total Net Land Revenue of Fusly 1256, exclusive of Deposit, and Rupees 2,71,613-9-4 and inclusive of the same was Rupees 220,1164—13—7, which is shown in Comparison with the previous year in the Marginal Statement N:o 31.

The

Fort St. George, 21st February 1848.

39 The balance at the end of Fusly 1256 was Rupees 31030—3—1, of this 22913—8—7 was Peishcush, the greater part of which Viz. Rupees 20451—9—5 was realized within the Month of July, and the whole of it subsequently with the exception of Rupees 332—15—10 due by the Estate of Surgur Patty under Coiar Management, owing to the accounts not having been yet adjusted, and the grain not having all been yet sold.

40 Of the remaining Jgems Balance Rupees 8116—2—6 outstanding at the end of the Fusly, Rupees 4330—8—6 have been since collected and carried to account up to 31st October, and Rupees 417—8—3 is in deposit in the Treasury, and the remainder Rupees 3919—0—4 is composed chiefly of doubtful items including lands in dispute between this District and Travancore, Madura, and the Zemendaries Viz as well as some against the Ryots of this District which it is too early to report on finally at present.

12. The Balance of Rupees 120 outstanding at the commencement of the Fusly out of an advance made for the reconstruction of Houses consumed by fire, has been recovered within the year under review. Of the sum of Rupees 1611 advanced for cultivation in Fusly 1256. Rupees 201 was recovered within the year, leaving a balance of Rupees 1410 outstanding on the 1st July 1847. From which Rupees 32 should be deducted, having been merely carried to the Head of Deposit, and returned. Rupees 508. have been since collected, and the remainder Rupees 870 were advanced to the Ryots only at the close of the Fusly 1257 viz. in the Month of June and July, for the cultivation of Fusly 1257 which cannot be expected to be realized after the harvest of the current year. The amount of Recovery Balances outstanding from Fusly 1214 down to Fusly 1242 has been written off the accounts, under the sanction of Government dated 11th August 1846.

I have

2583. Fort St. George, 21st February 1848.

13. The conclusion I beg leave to record my sense of the important services of the acting Sub Collector Mr. Sullivan, who arrived in time to carry on the settlement of the 4 Talooks of the Sub Division, and whose report thereon I have the honor to forward herewith. From Mr. Lewinge the Head Assistant I have received the most valuable services, especially in the Extra Revenue, and in general during a time when there was only him and myself to carry on the business of the District, he was permanently in charge of 2 Talooks, besides other duties. Mr. Cuthill arrived the end of April, and has already afforded me efficient aid, and having been previously employed in South Arcot has been put in charge of one Talook, besides other business.

I have the honorable
Secretary
Collectors Office

The

3 The Carr season of Fusly 1255 was a favorable one in the Talooks of Shermadavy and Bremadasem. The rains fell in the months of May June and July on the Hills affording a sufficient supply of water in the Channels and Tanks and the slight increase in cultivation under Agaput Tanks in the former Talook as shewn in the foregoing table No 2. is to be ascribed to the propitious state of the season.

4. The lands under Carroodoolum Tank in Caupapoody Village of Bremadasem Talook (being the last supplied by the Catanomady River) which lands anterior to Fusly 1254 were only cultivated once a year Peshamma were in the preceding Fusly owing to the quantity of water in the Tank brought under Carr Cultivation also. This present year the water in the Tank having failed there was no Cultivation. The want of timely water in the said Tank gave rise to the decrease in the extent of Agaput cultivation in Bremadasem Talook (Vide Table No 2) in the present Fusly.

5. The Talooks of Shermadavy proper and Shenkerminarcoil in Table No 2 exhibit a decrease of Cultivation under Agaput

Agaput Tanks in this Fusly amounting to Seed Collahs 191-9-1¼. The Tanks placed under the head of Agaput in the Talooks are not so favorably situated as the Tanks under the same denomination in the other two Talooks of the sub Collectors Division. Failure of rain on the Hills and adjoining plains destroys the streams which feed them; whereas Bremadasem and Shermadavy have the Tambraparrany River.

6. The Carr Annjah Cultivation under Coonacolum Tanks in these 4 Talooks has fallen short of last year by Seed Collahs 1093-7-4¾. This large decrease has occurred in the amount of Annymoodungum or 2d and 3d Crops on 1 or 2 Crop lands, the cause of which is that this description of Cultivation made in Fusly 1254 having been reaped in Fusly 1255 it was as usual brought to the Carr Accounts of the latter Fusly. Whereas the Tanks not having been supplied by rains at the end of the last Fusly no lands were cultivated during that period with Annymoodungum to be reaped in and brought to the Carr amount of the Fusly under review an average of the Cultivation of the four Talooks will shew a decrease. The decrease in the revenue is attributed to the lowness of the Nerneck

Peshamma

Journal of Occurrences, Sunset & Sunrise, Winds &c. 1828.

No. 3. Observations, Latitudes, Longitudes, Soundings, Variation and Remarks

| Extract of Observations of Lunar Distances | | |

7. The Peshanum season was a singularly unfavorable one. Even the trifling rain in the months of October November and December was very partial and the Channels supplied by the Tombrapoorney river were alone filled. The lands under Agapul Tanks in Shermadavy and Brenadasen were fully cultivated but untimely rains during harvest injured the crops when lying out. The lands lying under Poonacolum Tanks were from the failure of rain on many places left waste and in many returned very little. This remark applies to all the 6 Taloks

8. The Tahsildars reported that the entire failure of rain in January had occasioned a drought that no seed for cultivation could be procured, that of the Poonjah cultivation much was destroyed and much did not return above 1/4 1/8 and 1/2 anticipated, that the people were suffering from want of water, that a famine was to be feared, that both water and provender had failed for the cattle, that in former years a failure in the Nunjah was usually met by an abundant Poonjah Cultivation

that

that this year both failed, and the Tahsildars therefore prayed that a favorable assessment should be made.

9. In consideration of these representations Mr. Parker the Acting Collector addressed the Board of Revenue requesting that a remission of 3/4 tax on the Nunjah and 1/2 on the Poonjah should be made. The Board having acceded to this request, Circular orders were sent out to the Taloks in the beginning of March. Subsequent to the 13th March there were four days good rain in all the Taloks it also rained from 7th to 19th April freshes came down and the Tanks filled. although the cultivating season was over the dry crops raised rape and other grains of quick maturity.

10. The extent of land thus employed in Nunjah is seed cottahs 4243. and odd in Poonjah in Chawis 2234/32. and in lands irrigated by Wells seed Cottahs 346-7-7 3/4. The revenue derived on this account amounts to Rupees 15359-13-1. If this extent of land be deducted from the original defalcation of cultivation the Net Nunjah decrease comes to seed Cottahs 4135-12-1/4. The Superabundant Poonjah supplies

For St. George 21st February 1848.

supplies in certain Tanks and channels in consequent on the heavy rains of April in occasioned breaches in the banks injuring some Punjah Crops. The produce of rape seed and some others and that of cotton did also suffer to some extent by the rains in abovementioned.

No. 4 Poonjah.

The

Fort St. George 25th February 1848

12. The cultivation under this Head fell short of that of the previous Fusly owing to the adverse state of the season, but the Ryots eager to avail themselves of the Boards' order for Reyoynt or favor-able assessment on lands cultivated subsequent to their instructions ex-tended the cultivation to a larger scale with what little water remained in the Wells thereby not only mak-ing good the above decrease but also occasioning a Net Increase amounting to Leed Cottahs 205 - 8 - 4 -

Fort St. George 25th February 1848.

13. The Carr season in the Agaput Talooks having been favorable the Kerruck was low but in the Poonacolum Talook of Streevelly pottoor no rains fell from the close of Fusly 1255, and the season inconsequence being unfavorable the Kerruck of this Talook was high however exhibiting a total decrease of Anna 1. 9 7/14 as shewn in the foregoing Table No. 6.

14. In the Peshaumm season although the crops in Agaput Talooks arrived at maturity the Cadarumbum Talooks suffered considerably from drought and short produce attributable to the failure of rains. The Kerruck in consequence rose

Light

Fort St. George 21st February 1848.

high, amounting on the whole to Annas 10- 11 5/8. The Kerruck however was fixed in the usual manner with reference to that of the adjoining towns.

15. The particulars of revenue, obtained from all the different sources, are exhibited in one view in the following Table No. 7, shewing a decrease below last year of Rupees 107,187- 7- 9 which is attributable to the unfavorable nature of the season already adverted to

No. 7.

The

Fort St. George 21st February 1848.

16. The cultivation of the Nunjah Warapat, or full taxed wet lands, in the Fusly under report, falls short of the preceding one by Seed Cottahs 4267 – 13 – 7/8 the Mailvarem of which, at Grain Cottahs 4 – 15 – 2 37/64 (being the last years average per Seed Cottah) amounts to G. C. 20186 – 9 – 2/4 or, in value, to Rupees 55607 – 14, at Rupees 2 – 12 – 57/64 per Grain Cottah. To this must be added Rupees 66552 – 4 – 7 caused by an increase in the amount of Remissions granted in this Fusly, forming a Total of Rupees 122160 – 2 – 7. If from this sum be deducted Rupees 64851 – 12 – 8 Viz. Rupees 148 – 9 – 11 the value of G. C. 46 – 8 – 3/8 (at Rupees 3 – 3 – 23/32 per G. C.) gained by an higher rate of Mailvarem (at 4/4 Measure per SC) upon SC. 31335 – 3 – 6/4 being the extent of cultivation, and the increase of Rupees 64703 – 2 – 9 caused by a rise in the Nenuck (at As. 6 – 11 53/64 per G. C.) upon the quantity of Mailvarem amounting to G. C. 148204 – 15 – 5/2 the result will shew a Net Decrease of Rupees 57308 – 5 – 11, as shewn in Table No. 8.

On

Fort St. George 21st February 1848.

17. On a reference to Table No. 9 it will be seen that the revenue derived from the Nunjah Waraput lands of the Aumany Villages for this Fusly, shews, as compared with the last, a Net decrease of Rupees 10,836—13—10. This defalcation is attributable to the decreased cultivation consequent on the unfavorable state of the season. The crops of the cultivated lands also in some places dried away, and in others yielded a scanty produce. Although there has been a slight gain by an increase in the Nunjah, the Net decrease stands at Rupees 10,836—13—10, as stated above. The harvest of these Aumany Villages was as usual conducted under the supervision of public Servants deputed for that purpose.

Extent of Cultivation

2720.

Fort St. George 21st. February 1848.

21. The lands in this Fusly having been favorably assessed according to the Board's Orders, the cultivation under this Head, is in excess of that of the preceding Fusly by Seed Cottahs 205-8-4 but the Teeruvah has fallen short to the amount of Rupees 424-10-7, ascribable to certain descriptions of Cultivation bearing a lower rate of assessment having been raised to a greater extent than in the previous Fusly.

No. 14 Poonjah.

22. There is an increase in the Poonjah cultivation of Chains 587 31/64 and a corresponding augmentation in this revenue of Rupees 307-11-10, consequent on the remission of half the full tax in conformity to the Circular Orders, but the lands yielded no full produce to the ryots owing to the unfavorable season.

24. There is an increase of Rupees 257—1—3 in the amount of offers received for the rent of trees usually let out on lease, and from Topes under Circar management but a decrease in the revenue derived from productive Trees paying a fixed tax, has occurred to the extent of Rupees 221—11—4 in consequence of certain Tamarind and other trees not having yielded produce. This sum being deducted from Rupees 257—1—3 the Net Increase comes to Rupees 35—5—11.

No. 17. Tandbund.

Deduct Sums not yet realized from the Sub Collectors Balance Sheet

It

Fort St. George 21st February 1848.

3/4. It will be seen from Table No. 8 that the Revenue was, with the exception of Rupees 5,549-9-5, realized within the Fusly and this balance, has since been reduced by the end of September to Rupees 1350-12-1. Of this sum, Rupees 212-6-1 is the amount of Collections realized from lands, the boundary of which is at issue between the Government and the Zemindars, and is in Deposit in the Collectors Treasury. The remaining Balance of Rupees 1138-6-4. will, it is anticipated, be collected in a short time.-

Shermadavy

Acting Secretary to the
Board of Revenue
Fort St. George.

Sir,

From the Pr. Collr of Coimbatore - } I have the honor to acknowledge
the receipt of the Board's Endorsement bearing
date the 15th September 1845 on Petition No. 982 of that year -

43

II The Petitioners request that the
Surplus Funds of the Pagoda at Errode may be
given to them for the necessary repairs of the
said Devastanum which is now in a very
decayed state, but with Reference to the
Extract from the Proceedings of the Board of
Revenue bearing date the 13th July 1846 I fancy
that any portion of the amount claimed cannot
be so paid -

III The Surplus Funds of this Pagoda amount
at present to Rupees 155-1-0 and the Petition
No. 982 is returned herewith -

Suttenieungalum
January 24th 1848 } Signed Julen Wroughton
Prin. Collector

Resolution thereon. From the foregoing letter it
appears that the surplus funds of the Pagoda at
Errode

43-44

Fort St. George 21st February 1848.

Errodes amount at present to Rupees 1155-- --;
the Principal Collector has not explained whether
the whole of the above is included in the Amount
stated to be in deposit in the Collectors Treasury
on the 31st March 1846 which Government
directed should be appropriated for Educational
and other purposes, or whether any portion thereof
has accumulated since the date of the above
order. The Board are not prepared to grant any
part of the amount in deposit on the 31st March
1846 to the Trustees, but if any surplus has
since accrued such sum may be made over to them--

Ordered that the following
Endorsement be passed on Petition No. 982 of 1845.

"Petitioners are referred to the
Principal Collector of Coimbatore to whom instruc-
tions have been sent on the subject of their
Petition"--

Read the following letters.

To
J. B. Powell Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George

Sir,

I have the honor to transmit a
Statement shewing the sales of some of the lands

45

From the Collector of Canara--

Rs. 38835-8-7

Ex. Gl. Cons. dated 14th July
Jud. Cons. 3d Augt 1846.

Fort St. George 21st February 1848.

proclaimed under the Board's sanction dated
the 15th July last and to request the early
confirmation of the same--

2. The lands in question are situated
in the Honore Taluk where the landed
property is less valuable than in the
Southern Talooks of the District. The
actual income of the first mentioned land
being much short of the rawaz or reputed
produce entered in the Statement, is the
cause of the sum offered being so low--
while the other land being in a rather
improved condition has brought a higher price--

Collectors Cutcherry

To T. B. Roupell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

Sir,

From the Collector of Canara - - -

47

With reference to the Board's letter of the 18th November last I have the honor to forward Copy of a revised Jummabundy Report formarded to me by Mr. Reade the additional Sub. Collector of this district also transmit at Mr. Reade's request Copy of a letter which he addressed to me under date the 29th October 1847 -

† No. 1

⊕ No. 2

Collector's Cutcherry
Ans Circuit Sceroy
28th January 1848

(Signed) T. L. Blane
Collector.

No. 1

To T. L. Blane Esqre
Collector of
Canara.

Sir,

Para 1 I have the honor to lay before you the result of the past year's settlement in the 3 Talooks of Honore Soonsah and Bilgh forming the Sub Collectors Division of this District -

That

2 That the season on the whole was favorable may be evidenced by an increase of the Land Revenue in the past over the preceding year in all three Talooks as shewn in Margin=

Talooks	Summabundy of 1255	Summabundy of 1256	Increase	Decrease
	Rs a p	Rs a p	Rs a p	Rs a p
Honore	182777 14 3	183691 5 ..	913 6 9	.. .. ..
Sondah	129401 8 ..	129788 7 7	386 15 7	.. .. ..

Total	370632 6 8	372186 1 10	1553 11 2	.. .. ..

3 This result has been attained without any effort to effect it and it may be ascribed to 3 Causes, increased Cultivation, the yearly instalments towards the maximum Reve=nue due by those Estates known as Hyder Wuzgs and to sums brought up on others which from cir=cumstances in the previous year had been remitted=

4 The particulars of the additions & causes as well as of the reductions are noted marginally, they do not seem to call for any special remark, the causes which led to the latter are those beyond Control and which more or less arise annu=ally

Total of 3 Talooks							5913	3	1

Total Land Revenue of the year

=ally, the differ=ence is shown in the Statement annexed to Para 2 under the heads of Increase and it is satisfactory to observe that notwith=standing these calls for remission the Land Re=venue has for some years been steadily increas=ing and that in the past fusly it is Rupees 5913-3-1 in excess of the average for the 5 preceding years=

5 The lateness of the Rains with the Comparative defi=ciency of quantity in Fusly 1255 both in the lower and upper Talooks considerably affected Rice lands where no artificial means of irriga=tion existed, and which depended on the actual falls for their culti=vation, in the season under review neither of these causes operated but on the Contrary it was admitted by

2740

Fort St. George 21st February 1848.

by all to be one of the best known for many years both for Garden and other produce while perhaps there may rather an excess of Rain than otherwise—

6 Casualties both in human life as well as in cattle are so intimately connected with the prosperity of a country, no less than with the happiness of its people that it is pleasing to remark any deficiency of those causes which occasion them, and by the subjoined Returns it will be seen that in both there is a very marked decrease in the past over the previous year. I allude only to that part of the District of which I am writing, as it has been my painful duty already to touch on the fearful loss of life mainly by Cholera, in the Southern Talooks of the District when under my management during the early part of Fusly 1250.

which compriz the main productions of the Honore Talook were below those obtainable in Fusly 1255, but it will be recollected that in that year an Extraordinary demand for the Export trade caused a sudden rise in the market in the case of Paddy of nearly 100 per cent and in that of Rice in the

Fort St. George 21st February 1848

the same Talook of nearly 20 per cent as explained in last years report while there was a considerable increase also in the market rates of the same produce in the Talooks of Soondah and Bilghi it could not therefore be expected that these high rates would continue and it is only surprizing that the fall in the succeeding year Fusly 1256 should have been so comparatively trifling

8. I give in the margin the average prices of Rice and Paddy for the 5 years succeeding Fusly 1251. with those obtainable in the past the difference being materially in favor of the latter as exhibited. The rate entered for Paddy in the Honore Talook I have assumed to be that current in Fusly 1255 there being no returns of any export of that grain the produce of that Talook for that year, and it is my impression that these as well as former accounts of the market

Fort St. George 21st February 1848 -

market rate of this produce in the Honore Talook must be incorrect. The Paddy grown at Honore is seldom exported as such the Custom House returns shewing the export trade of that grain afford no standard to judge of the market value of what is actually grown in the Honore Talook. These Exports are mainly the produce of the Northern parts of the Mysore which are brought down to the Coast for Exportation therefore my enquiries lead me to believe that the returns for former years which have contained the market rates of Paddy as well as those which represent that no sales or purchases have been effected in the past are not to be relied on. In the Talooks of Soondah and Bilghi the market is regulated by the produce in the adjoining Districts to which much of the surplus produce of those Talooks is exported while the market rates for the grain produce of the Payenghaut are mainly dependent for their rise and fall on the Export trade by Sea to foreign Countries, so that while in any one year the returns shew an increase in price over the average of a given number of years the result must of course be considered as very favorable to the cultivators and though less than in its predecessor the rates in the past season shew that

increase

increase. The price of Cocoanuts it will also be observed is on excess of the rates of the year preceding.

9. In the margin I annex the prices obtained during the past 6 seasons for the Garden produce of the Balaghaut Talooks of Betelnut Pepper and Cardamums. These form the staple productions of this part of the District and though any diminution of the Market value of any of these spices must be felt by the producer it is important to observe that the fall in the price of Betelnut has not been continuous but is almost confined to the Fusly under review. In the 2 years succeeding Fusly 1252 there was a material increase while in the present year though the prices obtained are below the average they are in excess of the

	12	8	3	"	"	"												
	14	6	1	"	"	"												

the Government rate.

10. In his report for Fusly 1252 the additional sub Collector Mr. Lushington when commenting on the prices obtained for Garden produce in the year then under review observed in respect of the price of Betelnut that it "must be considered favorable, as the rate for the last 4 years has been so much higher than that obtained for a long succession of years preceding them," in the subsequent years until the present it will be seen that the prices have been still further in advance of those then current and to the operation of the act abolishing the Bazlut duties must I imagine be in part ascribed the sudden fall in Fushes 1255 and 1256.

11. There has been a gradual decline in the price of Pepper in both these Talooks and the present rates as compared with those obtainable in Fusly 1251 are very marked and are considerably below the Government standard rate.

12. This decline in the price of Pepper has been going on for a succession of years but the Exports of this spice bear so small a proportion to those of Betelnut which is the main stay of the Garden lands that I am

Fort St. George 25th February 1848

am not prepared to say that the condition of the Ryot is immediately affected by it though doubtless as the 2 Articles in importance to which he looks for a return the deficiency in price being nearly 22 per Cent must operate prejudicially on his prosperity while any continued depression in the prices of both these Spices combined must bring with it eventual distress but the fluctuating character of the market induces hope which acts as an incentive to that labour and industry so requisite to keep up a Garden in order to ensure any thing like a fair return and as this labour involves considerable outlay the disappointment and loss following such continued depression in the market rates may be readily estimated and it would not be easily counterbalanced by the additional quantity which might be the result of such outlay and labour.

13 In Cardamoms the rates in the present year are considerably in excess of those in the 5 preceding seasons but the produce of this precious Spice bears so small a proportion to the other 2 and being more a luxury than a necessary of life its value is liable

2740

Fort St. George 25th February 1848

liable to far greater fluctuations.

14. I do not add a Statement of the Exports of these 3 articles of produce because with the abolition of the Rawlut Sayer the means of ascertaining them has been removed at least with any degree of precision. the Accounts I had prepared from the Statement of the Merchants and others fall so far short of what I believe to be the real amount that it would be useless to insert them and any comments I might make in explanation would be equally so, while the accounts on which they would be based could not be relied on nor would an account of the Exports by Sea from Ports in the Talook of Honore form any criterion by which to Judge of the amount of Exports from the Balaghaut all 3 species are grown in the South Eastern parts of Honore and usually find their exit by the Port of Buthul.

15. The benefit arising out of the operation of Act VI A.D. 1844 abolishing the Rawlut duties are progressively developing themselves and by bringing the grower into direct contact with the purchaser it has already done much to improve the condition of the great mass of the people who under the system formerly

Fort St. George 28th February 1848

to need comment. It is of course fluctuating and dependent on the amount brought under cultivation

20. The Moturpha accounts show a total decrease of Rupees Rs. 11-3 in the 3 Talooks. In fusly 1253 Mr. Lushington and myself introduced a uniform scale for fixing the Moturpha into the 5 Northern Talooks of the District, an arrangement which as shewn in Mr. Parker's Report for that year, caused an increase in this source of Revenue of Rupees 1,676-9-0 in these 3 Talooks alone. This scale was however eventually set aside by an order from your Predecessor and I think perhaps not without reason. It proved in many cases exceptive: and the varied circumstances of the people carrying on the same trades in different Talooks did not on inquiry appear to admit of one uniform rate and hence the proposed scale was considered insufficient to meet the conditions of all. It has in consequence been since modified and a further decrease may be looked.

Talooks	Summary Jumma of 1255	Jumma of 1256	Increase	Decrease
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.

looked for.

21. I have always regretted the necessity for these taxes on petty trade they yield a very inconsiderable revenue and certainly operate as a check to industry they are very unequal in their operations and they ought not I think to exist out of Towns, whereas every petty Village is at present burdened with them and this cannot be without the Ryots of the inhabitants feeling it.

22. Enquiry has convinced me of the propriety of discontinuing the Tax on the 4 Trades noted in the Margin, for the Reasons recorded under the head of Remarks — they are of trifling amount and unless I receive your directions to the contrary. I propose to strike them out of the accounts.

	Amount	Remarks
1 Fishermen	23 6 4 "	These persons merely fish in Tanks and in Streams chiefly for their own subsistence it is not an exclusive pursuit — what is sold by them yields an almost nominal return and is acquired at the expense of great labour
2 Choormary sellers	4 14 "	Boiling and Roasting rice carried on by poor old women of the Conkany Caste who are unfit for any other occupation —
3 Perfumery sellers	4 2 "	This tax is imposed on those who visit Sirei on Market days only to sell their perfumery goods there is no one resident in Sirei carrying on the trade
4 Sweetmeat Sellers	4 2 "	This trade so called is not taxed in any of the other Talooks of the District —

Fort St. George 25th February 1868.

accounts for the ensuing year.

23. The Petty contracts under the title of Small Farms only exist in Sondah and Soopah I give the account of these for the year 1255 in the former Taluk it is composed of two items the Honey and what is called the Hoolbanee contract or grazing cattle

Smdry Small Farms and Licenses

	Summah Jumbundy 1255	Do 1256	Increase	Decrease
	Rs as	Rs as	Rs as	Rs as
Sondah	1641 25	1589 " 5	147 4 "	" "

24. The former of these was some years ago recommended to be discontinued owing to the oppression and extortion which accompanied its enforcement these evils have been remedied by subsequent orders which make it a part of the conditions with the contractor to confine his search for Honey to the Government forests exclusively whereas he was privileged under the old system to enter the private lands and even Houses of the Ryots and this it was that led to the advocacy by my Predecessors of the entire abolition of this source of Revenue I am not however aware that this measure is now needed as no complaints on the part of Ryots appear to have been

Fort St. George 25th February 1868.

been made since the above charge was sanctioned in the conditions of the contract in the Districts of Darwar and Belgaum as well as in the Muggur Division of Mysore it is unknown and was there discontinued owing to the evils attending its operation.

25. I do not know that it is within my province to notice the other Extra Sources of Revenue they are all under your own immediate management and do not in consequence properly fall within my Cognizance I therefore refrain from comment on the causes of the aggregate deficiency of Revenue which the accounts exhibit under these Heads

26. I beg to add the usual statement of the Classification of Estates as compared with the previous year in these 3 Talooks together with an account particular of the Total Bhurty and Kama Bhurty Kools at the close of the Summabundy Classification

Vide Report for Fasly 1255 Para: 8.

had been granted the year previous, and which as a matter of course resumed their old place amongst the Bhurty clafs in this - it is usual when granting remifsions for temporary loffes on Estates already paying the full Beriz to direct such remifsions to be brought up in the follow-ing year, or if necefsary a further period is allowed and the Estates are at once transferred into the clafs of Wyda until the conditions are fulfilled, when they again resume their old position the same may apply to many of the Wurgs in Sondah and Bilghi, which are entered as having been transferred this year from Wyda to Bhurty -

27 Thus transfer of Estates from one clafs to another under the present system is quite unavoidable, they are not made except on due inquiry but circumstances beyond control occasionally render it necessary and ex-pedient to reduce for a time the afsessment on an Estate, which has for long been paying Paraos - Such transfer is usually to the clafs of Tunky or Wyda according to the circum-stances at the time suggest, but you will observe that in only one case has a Bhurty Estate been transferred to the clafs of Bo-Sefarish the particulars of this I feel it neces-

to state because it is not only quite contrary to my views as already explained, to make such transfers, but as observed by Mr Ward "it is a practical infringement of the first principles of the present system" the case was this - The high road leading from Darwar to the coast directly runs through a portion of this Estate, the Proprietor up to this time, now nearly 10 years, has received no remifsion whatever in consequence, the precise amount of land of which he is thus deprived, was ascertained to be 8/4 Goontas, the Beriz on which at the average rate on rice lands in that part of the District was Hoons - 5 Fahanday or 2 annas making a sum of Rupees one and a fraction - I considered, in justice demanded a compliance with this call for remifsion, and I had no other means of making it legitimately so as to appear in the accounts without transferring the Wurg to the clafs of Board Sefarish - There are others whose lands have suffered in a similar way some claims have been settled, others remain to be so, while there are cases where it has been practicable to make over to the Proprietor a corresponding portion of the old road for cultivation in lieu of what he may have lost by the new

J.

Fort St George 21st February 1848.

28 I had applications during the Jum-
-mabundy offering to pay the full Beriz owe
Estates both Male and Guenny, at the time in
the posfesion of their Proprietors and which
were under the clafs of Board Sefarish, a perma-
-nent remifsion having been recommended the
prospect of a permanent remifsion had doubtlefs
induced greater industry on such Estates and
may have led to their entire cultivation and
other improvements, but I believe in all cases
where Estates have been so transferred, it has
been on the mutual understanding that they were
to continue in that Clafs pending the orders of
the Board of Revenue, and therefore I have not
felt at liberty to interfere with such transfers
by my Predecefsors, as it appeared to me to be a
breach of the understood conditions on which
they were made, although the right to enquire
into all Kunges transferred to Board Sefarish
is unquestionable, as they can only be regarded
in the same light as other than Bhurty Estates
"Board Sefarish" simply means what the words
imply Viz "a recommendation to the Board to
sanction a permanent remifsion" and nothing
more it rests with Board to confirm, modify
or reject that recommendation in each case, or
to direct further inquiry into the circumstances

of

Fort St George 21st February 1848.

of each before disposing of it, but it is clearly
not binding on the Board to attend to such recom-
-mendation nor can it be so regarded by those
to whom the indulgence has been temporarily extended

29 It is usually personal enmity or
some other latent cause that prompts applica-
-tions of the kind to which I have alluded, &
though on all occasions I have at once rejected
them, the Landlords of such Estates have at the
same time been distinctly apprized that they
are not to regard the remifsion as permanent,
but simply as a measure for their immediate
benefit and to enable them mean while, to re-
-novate and improve their Properties pending
the orders of the Board, and by consequence that
at any future time they may be called upon to
pay up the full Beriz should investigations
show that the Estate would bear it —

30 The above has always been my
view of the conditions, on which alone, Estates
have been, or ought to have been, transferred to
the "Clafs of Board Sefarish" The local officers
being vested with no authority to alter or
amend the "Kadeem" Beriz or ancient afsefs-
-ment, it is clear that their recommendations
to that effect, cannot be held as binding on
the confirming authority and no Proprietor

of

Fort St George 21st February 1848.

of an Estate whatever his interests may have led him to hope can in truth entertain any other view—

31 Annexed is the usual State-=ment of the Balance re-=maining at the close of the Fusly the excess in the Honore Talook compared with the preceding year may be accounted for by the severe storm and un-=seasonable rains in the month of April, which occasioned great loss to the Proprietors of Salt Pans in particular many of whom in consequence, claimed the indulgence of further time to pay up their Kists— other causes will be found in cases of individual distress subsequently brought to notice and which in the majority of instances have necessitated additional time for payment

A.

Fort St George 21st February 1848.

32 A Memorandum of the sums in the 2 Talooks of Honore and Sondah which I recommend may be struck out of the accounts as irrecoverable, is subjoined, they are very trifling— and it will be observed that there are no arrears whatever in the Talook of Bilghi, the collections corresponding with the Jummabundy and were all realized within the Fusly—

33 I also beg to add an abstract Statement of the total arrears in the Talooks of Honore in that of Sondah there are none extending beyond the past Fusly the greater part of which are recoverable, those in the Honore Talook will also I imagine be eventually recovered, the measures adopted for their realization are noted under the column of remarks.

To
T. L. Blane Esqre
Collector of
Canara

Sir,

I have the honor to acknowledge your letter of the 19th instant and to forward a duplicate copy of my Jummabundy Report for the past Fusly—

2 I regret that through inadvertence I should have introduced into the Report, matter not strictly relevant to a review of the settlement, and which alone a Jummabundy Report purposes to be, and still more so, that my having done so, should have caused you any embarrafsment as pointed out by you—

3. The subject of the Hawulut duties which while in existence, formed an important item in the Revenue of the Balaghaut Talooks, has invariably occupied a place in the Reports of my Predecessors, I therefore considered an allusion to the effect of their abolition in no way extraneous, but rather called for, and I was under the impression that it was your desire I should state the result of the working of Act VI A.D. 1844—

4. The subject of labour is one, so intimately connected with the land revenue of a Country, and having received during the past settlements so many representations from Landed Proprietors regarding the emancipations of those / termed slaves / on whom, they had

Fort St George 21st Febuary 1848.

had previously depended for the cultivation of their Properties, that I did not view the question of the abolition of Slavery by Act V of 1843 as altogether irrelevant.—

5. I conceive every public officer has a duty to perform to the people over whom he is placed, as well as to the State he serves and as I have for long regarded the above Act unaccompanied as it was by any prospective intention on the part of the Legislature, to remunerate those, whose interests were so materially affected by it, and not having before had an opportunity of stating my sentiments I did not feel that I could be justly obnoxious to censure by offering the observations recorded in my Report although it is true I felt it probable that they would serve no good end.

6 My remarks on the question of a Survey I now feel, were out of place, and I regret that I should have made them, considering too that I was aware the subject was to be treated separately by you—it only remains for me to offer my apologies with the assurance that the orders of the Board of Revenue to which you have called my attention but which were before unknown to me shall in future be carefully adhered to, and that I will hereafter refrain from introducing into my Journals Diary Report any matter not strictly bearing on the subject of the settlement—

I have &c

47-48

Ordered to be recorded
Read the following letters

49

To D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St George

From the Collr of Malabar. Sir With reference to your

Transmitting with reference to the Boards Circular of the 26 August last a Memo shewing the various descriptions of Servants from whom it has been customary in the District to require a Security

Circular under date the 26 August last requiring information on certain points Connected with the System prevailing in this District of taking Security from public Officers, I have the honor to transmit herewith a Memorandum Shewing the various descriptions of Servants from whom it has been customary in this District to require a Security regulated with reference to the duty and responsibility attached to each Office

This list the Board will observe comprehends the whole of the Treasury Revenue and Police Officers—excepting the Hazzoor and Division Cutcherry Servants in the District. The Rule of taking this general Security which has obtained for many years appears to have been made on the principle

2

Fort St. Georges 21st. February 1818

principle that they are almost more or
less connected with the receipts and
payment of public Money.

3 It must however be admitted
that, with the exception of the higher
classes of Servants and those possessing
property of their own, and Officers of
experience by the Individuals who
have no other means than their Pay of
furnishing the Security demanded by
such people it is only practicable
upon giving a small Sum of money
for which some according to the extent
of the Security, in this as in present case
a loan without interest, some are
obliged to give their entire year's
monthly or annually, besides private gifts
&c. on the occasion of Feasts, &c.
to the different Officers through
whose hands the money has passed
before the enforcement of the Regulation
acted in regard to Bail, was always readily
procured tendered or security for the
of further Sum to

Sir

Subsidiary to the Board dated 21 June 1814.

Fort St. Georges 21st. February 1818

Officer to mortgage his own property as security
— — he of late been introduced in
this District but it is a benefit that
will only be felt partially.

6 I am of opinion that it is
desirable to relax the severity of the
present rule which, so far as
I can see, is not borne out by
other than local order, and
to permit the parties who are
named in the Margin to enjoy
their situation on the production
of no other Security than that which
was formerly called for by the provision
of Regulation XXXIII of 1802 Viz. a
Security for their personal appearance

Calicut
11th December 1817

Collector

Memorandum

to do so, having failed to come forward to receive their respective shares, and from enquiry, I find that their unwillingness proceeds, not from any objection to the Cantonment as now fixed, but from a disinclination to part entirely with their right to the Lands, however small their value. Under these circumstances it appears to me that the most expedient mode would be to give the parties due notice that if they still decline to accept within a limitted period the compensation that has been fixed for their lands after due consideration, the Amount will be carried to the credit of Government.

3 I regret that I am unable at present to transmit an authenticated copy of the limits of the Cantonment as now fixed as Captain Cotton informed me that in consequence of other duties requiring his presence elsewhere he sees no probability of being able to furnish it till February or March

March next.—

Proceedings

Submitting letter from the Collector of Malabar reporting the completion of the arrangements for fixing the limits of the Mily Contonments at Palghaut cherry & forwarding a Statement shewing the total amount of compensation payable to the owners of the lands observing that some of the parties have a reluctance to give up their right to the land and in the event of their declining to accept their amount of Compensation within a prescribed period. approving the Collectors Suggestion of carrying the amount to the Credit of Government & recommending the Statement for the special Sanction of Government

Rec'd 19th Dec. Ex. 1848.

Fort St. George 21st February 1848.

Proceedings thereon. 1. Ordered that the foregoing letter be laid before the Most Noble the Governor in Council with reference to the Extract from the Minutes of Consultation dated 6th February 1816.

2. In the letter recorded above Mr Conolly reports the completion of the arrangements for fixing the limits of the Military Cantonment at Palghaut cherry, and submits a Statement for the special Sanction of Government shewing the total Amount of compensation payable to the owners of Lands included within these limits the portion which has been already disbursed, and the same remaining to be paid.—

3. It will be seen that of the aggregate Amount Viz. Rupees 1105 15-2 only Rupees 503—13—10 has been actually paid to the parties concerned and that the remainder Rupees 601—1—2 is held on deposit in consequence of the individuals to whom it is due having failed tho' repeatedly called upon to come forward and receive their respective shares not from any objection that is stated to the Cantonment

Fort St. George 21st February 1848.

Cantonment as it is now fixed but from a reluctance to part entirely with their right to the Lands however small their value. In regard to this Mr Conolly gives it as his opinion that the most expedient mode would be to give due notice to such parties that in the event of their declining to accept the compensation which has been fixed for their Lands, within a prescribed time, the Amount will be carried to the credit of Government.

4. The Board approve of this suggestion, and they beg therefore

Proceedings Relative to the Settlement of the Land Revenue in the District of Madras for Fusly 1256.-

Read letter from the Collector of Madras reporting on the Settlement and Collection of the Land Revenue of his Collectorate for Fusly 1256. / 1846/47

/ Here enter No. 104 /

The subjoined Statement exhibits thereon 1- a Net Increase in the Demand of Current Revenue of Rupees 372-1-7 above that of the past Fusly.-

	Fusly 1255 Bills	Amount	Fusly 1256 Bills	Amount	Increase Bills	Amount	Decrease Bills	Amount
Quit Rent on Houses and Gardens occupied	19,670	4,086 10 3	19,498	4,090 0 7	1	" "	" "	172 186 2 8
Do. Do. unoccupied	1074	1,710 13 1	1,113	1,787 8 4	39	76 11 3	" "	" " " "
Gardens and Fields Cultivated	1831	12,446 3 7	1,619	11,716 9 10	"	" "	212	729 9 9
Do. Do. uncultivated	328	787 15 8	820	1,986 2 5	492	1,198 2 9	" "	" "
Total	22,903	5,031 10 7	23,050	5,390 12 2	531	1,274 14 "	384	915 12 5
Ground rent on Boutiques &c.	19,554	1,368 4 6	19,583	7,381 4 6	29	13 " "	" "	" "
Total	42,457	6,399 15 1	42,633	6,372 " 8	560	1,287 14 "	384	915 12 5
Shrotriums	"	210 " "	"	210 " "	"	" "	"	" "
Grand Total	42,457	6,609 15 1	42,633	6,582 " 8	560	1,287 14 "	384	915 12 5

Net Increase 176 372 1 7

61

This increase is attributable to an amount of Revenue (including arrears from the date at which the demand had been inadvertently discontinued) on certain Property in the Fort having been re-brought to account in Fusly 1256 as well as on certain lands recently cultivated and therefore included in the Current demand. The former as explained in the remark appended to item No. 66 in Statement G amounting to Rupees 171-7-2 is stated to have arisen from a House situated in Fort St. George the assessment on which rated at Rupees 7 per annum had accumulated to that sum from 1830 the year in which the demand was discontinued from oversight. This however appears to be a mistake inasmuch as the assessment for the 17 years from 1830 to 1846 at the rate specified would amount to Rupees 119 and not to Rupees 171-7-2 as entered in the account. The whole of this item should not have been added to the Demand of the Current year but only the quitrent due for that period, while that portion of it coming under the head of Arrears should have been separately carried to the Jumma Summah.

2. The Collector should have stated in detail the particulars of the increased Cultivation which he states to have also partly contributed to the increase in the demand.

Para 3. 3. The increase in the Current Collection amounted to Rupees 152-9-5. The Balance of the Current

demand on productive Gardens and Paddy Fields uncollected at the close of the Fusly is no less than 13 per cent and on account of occupied Houses and Gardens Houses 4 per cent; the total Amount being Rupees 3270. 12- 11. The Collector states that this Amount could not be recovered within the Fusly for unavoidable reasons but the Board bearing in mind the light assessment on Land of every description in the Madras Collectorate, are not satisfied that more might not have been realized from lands which have been actually cultivated and yielded produce, seeing moreover that watching Peons were employed at a Cost of Rupees 238-6-6 to guard and preserve the produce from being removed without payment of the Government Demand. If as the Collector states, the means of irrigation were uncertain, and therefore the cause of a deficiency of produce, measures should be adopted by him in order to remedy this state of things as far as possible.

	Demand			Collection			Balance			Per Cent	
	Rs	a	p	Rs	a	p	Rs	a	p		
Lands Vide Para 4	11716	9	10	10,189	5	4	1527	4	6	13	
Houses Vide Para 4	40,900	7	7	39156	15	2	1743	8	5	4	
Total	52617	1	5	49,345	4	6	3270	12	11	6	

Vide Stat. F.

Para 5. 4. On unoccupied Houses and Gardens and on uncultivated Gardens and Paddy Fields there was a balance at the close of the Fusly amounting to Rupees 3519-1-6 but on referring to Statement E, the number

	Houses and Gardens occupied.		Gardens and Paddy Fields uncultivated.		number of Bills on the above descriptions of property is found to be greatly in excess of that on Fusly 1255. An explanation is given by the Collector of this increase of Bills, representing as they do the extent of uncultivated Gardens and Fields as well as unoccupied Houses and Gardens. It is seen that there is a decrease in Fusly 1256 below Fusly 1255 on occupied Houses and Gardens, as well as on productive Gardens and Paddy Fields, but this increase in the one case and the decrease in the other do not correspond. Hereafter therefore the Collector will carefully scrutinize and exhibit in a detailed account according to the accompanying form all changes in the extent and number of all holdings and submit the same with his Report on each year's Settlement.

†On account of unoccupied Gardens and Houses } 6990-4-2.
Do. uncultivated Gardens and Paddy Fields } 6086-6-6

Rupees 13076-10-8

5. The Amount of Arrears under the two heads in question is no less than Rupees †13076-10-8 It

appeared that, partly owing to the want of greater supervision and exertion on the part of the Collectors establishment and partly from a belief that the demand cannot be enforced, the Ryots select for cultivation only those lands which from their abundant means of irrigation and superior productiveness yield a highly profitable return and thus tho' the Assessment is comparatively lighter than in any other part of the Presidency, the extent of land uncultivated and consequent irrecoverable arrears are slow to an undue amount.

The extent of Cultivation in Fusly 1256 was less than that of Fusly 1255 by †127 the Revenue on account of Current demand collected within the Fusly was also less by Rupees 252-14-4. The Collector has taken pains to shew that the average per Cawny was greater in the former than in the latter years. The object of this Comparison is not apparent. It would have been more satisfactory had a Comparative Statement exhibiting the actual cultivation and Assessment of all lands of every description, and under all sources of irrigation in the past and Current Fusles been furnished with full explanation of all changes embodied in his Report.

Para 7

7- The uncollected Balance at the close of the Fusly on account of "Monthly Ground Rent" was Rupees

1077-

1077- 15- 6- Of this enmi the Collector states some portion will be recovered and some will not.- Adverting to the erratic character and habits of these occupants and shopkeepers as given by the Collector the Board would wish to know whether competent security for the due payment of the Rent could not be obtained from them previous to permission being given to them to occupy the Government Land. It would seem preferable that the land should remain wholly unoccupied rather than that it should be surrendered to irresponsible parties whose only objection in occupying it seems to be the fraudulent evasion of the Government demand.- The Board cannot but think that more circumspection on the part of the Native Officers in the first instance, and more enquiry and vigilance on the part of the Hoozoor Cutcherry as to the means and character of different parties would produce more satisfactory results.-

8- Statement D furnishes the following particulars regarding the wealthy and populous Village of Poorsawakum.-

	Bills	Extent of Land			Jeermah
		L.	A.	P.	Rs. A. P.
Fasly 1255	276-	75-	18-	5.16	921- 8- 2
Collection	107-				379- 11- 4
Fasly 1256	119-	46-	4-	3.13	492- "- "
Collection	48-				249- 6- 8

9- The falling off in the cultivation in Fasly 1256 is thus shewn to be 46 per Cent whilst the decrease in the amount of Collections is 50 per Cent.-

This unsatisfactory state of things should have been fully explained, and the better to enable the Board to judge of the actual results the Collector will hereafter be pleased to enter in detail in the Statement under remark the extent of cultivation under the usual heads of Nunjey and Totacal.-

Para 8- 10

	Rs.	A.	P.

Balance	+7867-	13-	11
	3519-	1-	6
+Coll.r Report	4348-	12-	5.

Of the whole demand of the Current revenue of the year there was a balance of Rupees +7867- 13- 11 at its close, of which Rupees 3519- 1- 6 is not for reasons already assigned recoverable at present, leaving a balance of Rupees 4348- 12- 5 as Arrears.-

Para 10 11.

Fasly 1255	Rupees	4769- 14- 2
" 1256	"	3481- 9- 11
Decrease		1288- 4- 3.

The amount of Collection of Arrears fell short of that of the preceding year by Rupees 1288- 4- 3- The sum actually collected amounted to Rupees 3481- 9- 11 and comprized Collections on account of Houses and Garden Houses occupied and productive Gardens and Paddy Fields as well as Ground Rent.-

Para 12- 12

	Rs.	A.	P.
Fasly 1255	60731-	7-	6
" 1256	59595-	12-	8
Decrease	1135-	10-	10
Fasly 1256	59595-	12-	8
Average Fasly 1244 to 1253	56287-	6-	2
Increase	3308-	6-	6.

The Marginal entries exhibit the total amount actually collected in Fasly 1256 in comparison with that of Fasly 1255 and also in comparison with the average of ten years from

2764 Fort St. George 21st February 1848.

from fusly 1244 / 1834/35 to Fusly 1253 / 1843/44.

Para 13. 13. The unfavorable outturn of Fusly 1256 is assigned and the Board think with reason to the storm of October and November of 1847 whereby many Houses and Tenements were injured and destroyed and many Tanks burst, the lands being inundated, the Cultivation injured and the produce rendered deficient.-

14. From what is stated by the Collector, it would appear that the total demand of Current Revenue and Arrears at the Commencement of Fusly 1257 and to be accounted for hereafter was

	Rs	as	p
Balance at the close of Fusly 1256	36848-	15-	8
Deduct authorized to be written off —	8151-	2-	7-
	28697-	13-	1-

Rupees 28697- 13- 1

15. The Board beg to expedite the despatch of the Report on the remaining irrecovrable outstanding Arrears, which they are desirous of adjusting up to the latest period consistent with the realization of whatever may be reconverable without injury to the Ryots.-

The Board will expect to receive this report within one Month from the despatch of these Proceedings.—

Ordered that a copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a Transcript of the same be forwarded to the Collector of Madras for his information and guidance.-

Read the following letters.

To

F. B. Rousell Esqre

Acting Secretary to the

Board of Revenue

Fort St. George

55/

From the Collr. Lir.
of Madras

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 29th November last, and to transmit herewith a Statement relative to the death Vea of Mahomed allowoodeen Cateeb of the Mosque at St. Thomés.

Encs. Nos. 1.

2 With reference to Para 2, I beg leave to observe that it was in advertence to the Orders of Government dated 20th December 1836, I stated in my letter of 22d October 1847 No. 106 that Mahomed allowoodeen had not left any male issue, and that there was not any other Member of the family in a direct line whom I could recommend as his successor. Gholam Ahmmed Moonshee and Gholam Nabee, who are therein named as the Cousins of Mahomed Ameenoodeen

Fort St. George 21st February 1848.

being otherwise employed do not wish to fill the vacant Office.

3. I have duly ascertained that there is not now any lineal male descendant of Mahomed Ameenoodeen or other Member of his family, I could recommend in succession to the last incumbent. I am in consequence induced to submit again the original arrangement proposed by the widow and others.

Madras

(Signed) J. A. Huddleston
Collector

Statement

2768.

1 St. George

Statement shewing the [illegible] forms furnished

Case	Talook and Village	Exact Yearly Age of Deceased & Name & Age of Parties	Shewing circumstances and the Means of subsistence possessed by the family.	Recommendation and Grounds thereof—	Further Remarks.
1	2	10	11	12	13
1	"	Rukut Bee 88- per 19 and Gholam Bee Daughter 2 —	The family do not possess any means of subsistence.-		

21st February 1848.

with the Circular letter from the Board of Revenue dated 3d September 1846.

The widow Burkut Beebee solicits that her brother Gholam Moortezah may be nominated in succession to her husband in order that he may support her and the infant daughter of the deceased Mahomed Allawoodeen not having left any male issue and there being no other Member of the family by a direct line to succeed him. Gholam Ahomed Moonshee the individual named in the letter to the Board dated 16th November 1836 as the Cousin of Mahomed Amenoodeen and his brother Gholam Nabee both of whom are otherwise employed recommend the appointment of Gholam Moortezah Nabob a cheerful Amrah Bahader & Hall and the other respectable portion of the Mahomedan population frequenting the Mosque bear testimony to his qualifications. His appointment as Caleb is therefore submitted for favorable consideration.—

Madras 26th January 1848.

/Signed/ J. A. Hudleston
Coll.r

In

Proceedings thereon.

(55-56)

In the correspondence recorded above the Collector reports the death on the 16th January 1847 of Mahomed Allowoodeen Catech of the Mosque at St. Thome who was in enjoyment of a yeomiah of Rupees 88-8 per Annum, under the Sanction of Government conveyed in Extracts from Minutes of Consultation dated 20th December 1836 and 21st March 1837. The family left by deceased is stated to consist of his wife and an infant daughter, and the Collector recommends for stated reasons, the Appointment of Gholam Moortezah the widow's brother, to the vacant Office.

In Cons. 26th Dec. 1836.
In Cons. 27th March 1837.

2. As neither Mahomed Allowoodeen nor his father Mahomed Ameenoodeen the party who was removed under the orders of Government dated 19th September 1836 have left any lineal Male descendants on whom the appointment could be conferred and as it appears that the Mahomedan Community connected with the Mosque approve of the selection made by the widow, the Board beg to support the recommendation of the Collector that Gholam Moortezah be appointed Catech with the understanding however that he shall support the family of the deceased.

To J. B. Roupell Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George.

(57)

From the Collr. of Madras ——

Sir,

With reference to Extract from the Proceedings of the Board of Revenue dated 1st July 1839, I have the honor to submit herewith Copy of a recent correspondence with the Honorable Company's Solicitor together with the Certificate from the Registrar to the Supreme Court therein alluded to, and to request orders as to whether under the circumstances of the case, the Security lodged by C. Soobroy Moodelly, on Nallaed by the Mauniem land belonging to the Munnaimoottanad being put in possession of the Mauniem land belonging to the Munnaiwary Pagoda at St. Thome and its proceeds, may now be returned, in compliance with the application made to me by the parties

To Honble Company's Solicitor 17th Jan. 48 — From Collr. 26th Do. —

Vide Letter to Govt. 28 Nov. 1839 and Letter from Govt. 3 Nov. 1847 & 28 Dec. 1847 sent herewith.

Signed J. A Anderston
Collector

Madras 29th January 1848

A

To Clement Dale Esqre.
Honorable Company's Solicitor

Sir,

I have the honor to transmit herewith

To Bd. 4th April 1839
From Do. 1st July —

herewith the correspondence with the Board of Revenue referred to in the margin, and to state that the Maniem land and its proceeds adverted to in the orders of Government dated 15th June 1839 were made over to Nullamoottamal, on one C. Soobroy Moodelly. on depositing in this Office, the title Deeds of certain landed property as security. The

Nos. 4647 & 4648
dated 23d Nov. 1847

accompanying petitions have been now addressed to me by Nullamoottamal and C. Soobroy Mudelly soliciting the return of the title Deeds in question, on the ground of the right of the former to the maniem land &c having been affirmed by the Supreme Court, when the question was tried at the suit of one Mylay Armoogum Mudelly Executor of the late Mylay Sonachella Moodelly. To prove the alleged fact, they have submitted the enclosed Certificate from the Registrar Mr. W. A. Serle dated 23d June 1847, No. 3788 of 47. as this Certificate is not sufficiently explicit, I request the favor of your ascertaining, if practicable, whether the petitioner's statement is correct to enable me to dispose of the application made to me.

Madras
17th January 1848

(Signed) J. A. Hudleston
Collector

To J. A. Hudleston Esqre
Collector of Madras

Sir

1. I have the honor to acknowledge the receipt of your letter to my address noted in the margin, with its enclosures, and in reply to state that the Certificate you refer to (and which accompanied your letter) proves that on the 23d June 1847 a verdict was pronounced in the Supreme Court for one Nullamoottammall in an action of ejectment brought by Mylay Armoogum Moodelly as the Executor of the last will and Testament of Mylay Sonachella Moodelly deceased, and in which Nullamoottammall had caused herself to be made Defendant, for the purpose of trying the Title of Mylay Armoogum Moodelly to some land or premises to which he claimed the right, and such verdict proves that Armoogum failed in establishing his Title to the premises, but it does not affirm the Title of Nullamoottammall.

2. I would beg to remark that whether the Nullamoottammall there mentioned is the same person as you refer to, or whether

whether the premises in respect of which that action was brought, are the same or form a part of any portion of the same land as Chatrichik was made over to Nullamoottummall as mentioned in your letter now under acknowledgement. I have no means of ascertaining.

3. I return the enclosures which accompanied your letter.

Madras — 26th January 1848

[Signed] C. Dale
Hon'ble Company's Solicitor

Here enter B certificate from the Registrar dated 23d. June 1847.

Ordered that the following letter be sent in reply.

57-58

To the Collr. of Madras —

To require Nullamoottamal to furnish proof of the identity of the parties and premises as referred to in the Decree of the Supreme Court before giving up the security deposited by C. Soobaroy Moodelly when the Pagoda lands of Mannarsawmy Coil were made over to her.

To The Collector of Madras

Sir.

1. I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 29th. ultimo, submitting copy of your correspondence with the Honorable Company's Solicitor, and a certificate from the Registrar of the Supreme Court and requesting their orders as to whether the security lodged by C. Soobroy Moodelly on Nullamoottamah being put possession of the Mannaeen's Lands of

belonging to the Mannarsawmy Pagoda, at St. Thome, may now be returned in compliance with an application made to you by the parties.

2. In reply the Board instruct me to observe that the parties who laid claim to the Pagoda land and its proceeds in the year 1839, as shewn in Mr. Robertson's letter of 24th April of that year were three 1. Narrain Sawmy Moodelly agent of the late M. Looba-royah Moodelly son of Sonachella Moodelly- 2 Nullamoottummal the party whose claim was preferred by Government - 3 Sadiapah Moodelly- The verdict in the trial "John Doe on the demise of Mylay Armooga Moodelly Executor of Mylay Sonachella Moodelly deceased" shews that the plaintiff had failed in establishing his right to certain premises, but independently of the fact that it does not prove the title of Nullamoottamal to the property at issue, there is nothing to show that the premises under litigation are the Pagoda lands on account of which the security was given by C. Soobroy Moodelly, nor to establish the identity of the parties in the suit, Nulla Moottamal and Sonachella Moodelly with the individuals

In Cons. 19th May 1839.

Fort St. George 21st. February 1848.

individuals of the same name referred to in your letter. Under these circumstances the Board request that you will call upon Pulla Moottumaul to establish the identy of the parties and premises, as above stated, and will submit the result of your enquiries with your own opinion on the subject.

3. You are also requested to ascertain and inform the Board whether Sadia:pah Moodelly has taken any steps to urge his right to the ground since it was given over to Pulla Mootanaul.
