Walter Elliot Esqre. Senior Member absent on duty as Commissioner Northern Circars.

Minutes of the last Meeting read and approved.

1

Read the following Exctract.

Bd. No. 3029. No. 1070.

From the Secretary to Government Authorizing the Acting Collector of South Arcot to disburse the arrears of Yeomiah due to Shaik Ebrahim from

Extract from the Minutes of Consultation, under date 16th. November, 1850.

Para 1. The yeomiah referred to in the present application formed the subject of the

from 12th October 1848 to 4th July 1850 amounting to Rupees 14-10-6 Forwarding a list of Yeomiahdars.

the correspondence noted in the

Extract Minutes of Consultation dated 10th November 1846. No. 1148.
From Board of Revenue 11th January 1847 No. 21.
Order thereon 18th January 1847. No. 84.—

Margin, and under the explanation furnished by the Collector of South Arcot in his letter of the 10th December 1846, was continued in the name of Shaik Ebrahim as a grant for reading the Koran during the festivals of Rumzan and Buckreed. The Acting Collector should have therefore quoted the sanction of Government of the 18th January 1847 in support of this allowance.

2. The Resolution communicated in the letter to the Government Agent at Shepaulk dated 1st March 1831 No. 207 and which is quoted in Column 4, of the Acting Collector's Statement, has been modified by the views and orders recorded in the Extract Minutes of Consultation 8th November 1847 No. 1211; and in para 3 of that dated 3d April 1849. No. 335. By these orders the Acting Collector will in future be guided in disposing of lapses among the

the service yeomiahs of the Sircarpoorum Jaghire.

3. Resolved that the Acting Collector be authorized to disburse, subject to audit the arrears of yeomiah due to Shaik Ebrahim from 12th October 1848 to 11th July 1850 amounting to Rupees 14-10-6 / Fourteen, Annas Ten and pice Six.—

4. Ordered that a copy of the list of Yeomiahdars referred to in the letter from the Principal Collector of South Arcot to the Government Agent at Shepaulk dated 21st February 1831 be furnished to the Board of Revenue. The Board will however observe from their letter to Government of the 4th October 1847 No. 466 that a revised † List of these yeomiahs, as prepared and furnished to the Government Agent under the orders of the 23d October 1829, was forwarded to their Office with the Acting Principal Collector Mr. Dent's letter of the 29th June 1831.

† Dated 24th Dec. 1829.

By order
/Signed/ T. Pycroft.
Secretary to Government.

The Agraharum to which
the

the above Proceedings of the Board of Revenue have reference is represented to be a very ancient holding- The case has been laid before Government for their orders in consequence of the late incumbent who was a female and the daughter of the previous holder of the Enam dying childless and a question having arisen whether her step son, could succeed to the property- This question has been decided in the affirmative by the answer of the Pundits of the Sudder Udalut communicated in the Court's letter of the 21st September 1850- It is not clear to the Right Honorable the Governor in Council that the rights of Government might not be asserted in this case- the Enam, it is observed having been the property by inheritance of the deceased herself and not of her husband, and the effect of acting on the decision of the Pundits being to pass it into another line- Yet under all the circumstances and referring to the apparent antiquity

Mootubugoo Ummaul the daughter of Shimanault whose name is entered in the Register of Fusly 1224, as one of the holders-

that the sum of Rupees 87-8-0 is the Cuttoobady payable to the Zemindars of Padavalli and Innugodroo Purganahs by the Mocasadars of Madaca and Rodravaram Villages. These have been resumed by Government and allowances allotted in money to the Mocasadars, but the Cuttoobady continues to be paid or credited to the Zemindars of the above Purganahs to which these Villages belong. The Purganahs in question have since became Government property and no charge has consequently been incurred on this account since fasly 1249.

The Village of Singagoodem

In boms 22d June 1837

In boms 30th April 1849

It is not stated wherefore the portion of the Cuttoobady payable to Padana did not cease to be borne as a charge on the State on the date of its purchase, and information is therefore requested on this point.

3 The Collector states that no charge has been incurred since Fusly 1249. He will state whether by this is meant Fusly 1259 as the last charge was for Fusly 1258 submitted thro this Office for sanction.

B. No. 2814.

From the Collector of Salem ------

Sir,

I have the honor to report that the sand passage of the river channel called the Rajah Vaikal Namcul Talook in the Sub Division of this District having been ascertained to be nearly useless owing to the accumulations of the sand deposited in its front by freshes from the Cauvery River, the late Sub Collector Mr. Maltby on a personal inspection of the spot arranged for the construction of a new passage on a fresh site, which in 1849 was completed by the labor of workmen belonging to the Caroomboos in these parts. The work was one of immediate necessity and of much importance as the ayacut of the land under irrigation by the aid of the Rajah Vaikal is not less than Rupees 13937. 9. 7.

2. So far as the object immediately in

Soliciting sanction of Government for the payment of Rupees 25 to the Agraharum Dars of Manapully as compensation for land taken up for sand passage to the Rajah Vaikal in the Namcul Talook as well as for the deduction of Rupees 4. 1. " from the amount of Jodigy payable by the Estate in question.

in view is concerned Mr. Maltby's arrangement has answered the purpose but I am now informed by the present Sub Collector Mr. Conway that the effect of a deep deposit of the sand ejected through the passage has been to render unavailable for the usual cultivation the extent of land shewn marginally belonging to the Manapully Agraharum in the above mentioned Talook which pays to the Government a Jodee of Rupees 1325. 4. 9.

This result does not seem to have been unexpected by the late Sub Collector who doubtless with a view of bringing the matter officially to notice, is found to have settled by means of arbitration that as compensation for the land thus destroyed a sum of Rupees 35 should be paid to the proprietors of the Agraharum, and further that as a measure of permanent relief a deduction of Rupees 4. 1. " should be made from the Jodee to which their estate is liable.

passage now in disuse is worthless in consequence of the great depth of accumulated sand it cannot be granted to the Agraharumdars in exchange for the portion of their land newly occupied - It therefore appears to me that the adjustment which the late Sub Collector had in contemplation is proper and equitable and I consequently beg to request that it be recommended by your Board for sanction by Government and that authority be granted for the disbursement of Rupees 35- as compensation to the Agraharumdars.-

To The Chief Secretary to Government

Sir,

I am directed by the

the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of Salem dated 29th October 1850 requesting permission to pay to the Agraharumdars of Monopoly the sum of Rupees 35 as compensation for a portion of their land taken up for a sand passage of the river Channel called the Rajah Vaikal in the Namcul Taluk as well as for making a deduction of Rupees 4-1- from the Jodegy payable by the Village

2. It appears that the former sand passage having been ascertained to be nearly useless owing to the accumulations of the sand deposited in its front by freshes from the Cauvery river now

new passage was constructed on a fresh site - But a deep deposit of the sand ejected through this passage having rendered a portion of the land belonging to the Manapully Agraharum unavailable for the usual cultivation, the Collector proposes that as the sand passage now in disuse is worthless and cannot be exchanged for the land newly occupied, the sum of Rupees 35, be given to the Agraharumdars as compensation for their land thus destroyed and as a measure of permanent relief that a deduction of Rupees 4-1-. be made from the Jodee to which the Agraharum is liable.—

3. The Board beg to recommend the proposed arrangement for the sanction of Government.—

Sir,

From the Coll^r of Salem --- 31.

I have the honor to report upon the Petition noted marginally, with reference to the Board's Endorsement dated 29th May 1850.—

Reporting upon Petition No. 766 of 1850 addressed to the Board by one Sashien complaining of the imposition of excess assessment on certain Poonjah lands which he cultivates by means of Circar water—

No. 766 of 1850—

From Sashien, Curnum of Abenavum Subject to yatha poor Mootah—

Complaining that he is compelled to pay excess assessment on certain Poonjah lands which he cultivates by means of Circar water, and Contrary to the conditions on which he commenced the cultivation and praying for the Board's orders with reference to Collectors Endorsement herewith submitted.—

2d. On the Submission by Petitioner, who is the Curnum in his village, of a durkast for certain poonjah lands with a view to their conversion into Nunjah by the aid of water from an annicut, the local Tahsildar was directed* to intimate to him that if the whole of the Ayacut lying waste under the annicut, were brought into cultivation, his proposal would be considered.—

In

* July 1846.

3. In March of the next year, Petitioner again addressed the late Collector, stating that he would procure durkasts for the occupancy of the waste Ayacut in question, and requesting that permission might be granted to himself to carry into effect his own original proposition regarding the lands above referred to. He mentioned that the rates at which he was prepared to take them up were Rupees 6-8-7 per acre for five fields, and Rupees 3-6-7 per acre for fourteen others.—

4. On this communication an Endorsement was passed to the effect that orders had been issued to the Thasildar to grant him toolochits for the poonjah lands, provided the waste Nunjah ayacut were previously brought under the plough.—

5. When the Thasildar reported that Petitioner had been the means of bringing forward applications for the said Nunjah waste, he was instructed by the late Collector to obtain from Petitioner a precautionary agreement binding himself to discharge the Government demand on the Nunjah fields for which he had brought

brought forward applicants whether its cultivation were kept up or relin=
=quished, and then only to permit him to convert into nunjah the poonjah applied for on his own account, sub=
=ject to the payment of a mifsal teer=
=wah, which would be revised at the Jummahbundy Settlement = Petitioner executed the desired agreement and was furnished with a tooloochit in fasly 1257, at the jummahbundy of which year a mifsal teerwa was applied by my predeceffor, at the rate of Rupees 4-14-5 per acre on some fields, and Rupees 3 7/7 per acre on others, these amounts being in some instances leſs, in others higher than those which Petitioner had himself proposed, and puttahs were iſsued in conformity with the above arrange=
=ment, up to the last fasly.—.

6. Petitioner now urges that in the Endorsement given to him in March 1847, it is shown that orders had been iſsued to the Tahsildar to grant a tooloochit in accordance with

with the amount of mifsal teerwa for which he had stipulated. He however admits in his addreſs to your Board that it was intimated to him before he received the tooloochit, that the mifsal teerwa would be revised and confirmed at the Jummahbundy.—

7. Being a Curnam, I deem it more than doubtful whether any misap=
=prehension has prevailed in regard to the terms on which he was allowed to take up the poonjah land applied for, but whether or not it was open to him at once to have objected to the rates of mifsal teerwa as adjudged at the Settle=
=ment of Fasly 1257, instead of by impli=
=cation acknowledging their fairneſs for a period of three years, and now only coming forward to challenge their propriety. He seems to me to have no sufficient ground for soliciting redreſs.—

8. A second Subject for com=
=plaint, is his having been saddled with pay=
=ment of the aſseſsment due on an entire field of which a small portion only had been cultivated by another party and so entered in Petitioner's Official accounts. The levy of this sum from Petitioner was by way of punishment for an infraction of

of the rules of the Hookumnama, which by virtue of his Office he was bound to observe and uphold. It appears to me to be justifiable.—

one the extra assessment amounting to 13,183 Rupees.—

The second crop assessment is 50% the first and it cannot be supposed the owners of the above mentioned lands have sustained this amount of loss as cropping the land but with one crop, would naturally increase the quantity of produce considerably, without ruinously impoverishing land not sufficiently rich to yield a good return if twice sown.— Good lands also require rest, and in the extent of 2 Crop, but once cropped in 1259, this cause will have existed to increase the extent brought to account.—

Applications are frequently made for the remission of the second crop Teerwah, on the score of the land being unfit to yield more than one, and doubtless many will come forward to claim indulgence such as that sought by Gopala Moodelliar, and it seems but just to grant the prayer of the ryot so situated, if his grounds of Complaint are well founded, and the difference of assessment made up, as proposed—

From the Coll.r of Tanjore — stating his inability to furnish any authentic information as to the extent of land possessed by Meerasdars and uncultivated with a second Crop.—

Sir,

In reply to your letter of the 7th Instant, I have the honor to state my inability to furnish any thing approaching authentic information as to the extent of land possessed by Meerasdars, and uncultivated with a second crop, for similar reasons to those assigned by Gopala Moodelliar. The total ex= =tent of two crop land in Tanjore is 30467 Velies, the Berij on the second crop being 6943. Rupees, and in Fasly 1259, 697. Velies were assessed at the two Crop rate, tho' only Cultivated with one

one the extra assessment amounting to 13,183 Rupees.—

The second crop assessment is 50% the first, and it cannot be supposed the owners of the above mentioned lands have sustained this amount of loss, as Cropping the land but with one crop, would naturally increase the quantity of produce considerably without ruinously impoverishing land not sufficiently rich to yield a good return if twice sown.— Good lands also require rest, and in the extent of 2 Crop, but once cropped in 1259, this cause will have existed to increase the extent brought to account.—

Proceedings thereon.— The Petitioner requests that the Fuzul Jasty on a large portion of his Nunjah lands may be remitted, as they are unable to bear a 2d Crop and are not so cultivated.—

2. The Collector reports the Extent of Petitioners holding to be in—
Nunjah 85-15-61 assessed at 3,374 Rs.
Of this 8-8-95 are rated with second crop teerwah amounting to 190-8—.—

3. The extent of land actually cultivated with second crop is 2-15-38—
=66-6-8 leaving 5-13-57=124-1-4 not so treated, and the former, it is shewn, has been the extent of culture for several past years. Petitioner has paid the demand on the whole up to Fusly 1256, the balance against him at the close of Fusly 1259 being 372-4—

4. The Collector supports the Petitioners assertions as to the incapability of

In Fl. 1259 Fuzl Jasty-1818 though only 1 Crop cultivated—

of the land to bear the additional crop, and recommends that he and others who may be similarly situated and solicit a similar remission, may be relieved from the payment of Fuzul Jasty, provided that the loss thus occasioned to the Government, be made up by the conversion of other land into Nunjah.—

5 The Board of Revenue are of opinion that the strongest grounds having been shewn for the indulgence sought for, the Petitioner should be in future Excused from the Fuzul Jasty teerwah on that portion of his land, which may be unfitted by nature for such cultivation—provided that an equivalent to the assessment remitted be furnished, as proposed, from other sources.—

6 The Collector will recommend the balance of 372-4- in his next application for remission of arrears.—

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue containing their remarks, as well as those of Government, on the Land Revenue settlement of this District for Fusly 1257.

2. In para 4 para 3 of their Proceedings of the 23rd April 1849. the Board "are desirous "of learning the local causes, "which led to the abatement "of demands on wet lands" in Cotoor and Annimalli in the Pullachy Taloo[k]; this subject has so frequently formed

formed a matter of Correspondence, between this Office and the Board of Revenue, that little remains to be said in addition to the information already submitted. I can only assure the Board I have given the whole subject the anxious and careful enquiry they enjoin, and have twice, under different circumstances and seasons, visited the entire locality, and inspected it personally, and with the Civil Engineer of the Division.

3. The Board are aware of the unhealthy character of these Villages and of the difficulty and loss attending the cultivation of wet lands, subject to the ravages of wild animals. Independent of these disadvantages, the absence of a market at hand for the sale of Grain, is another drawback. It would appear that from the earliest period

period of our administration, the revenue of these Villages has been maintained with difficulty and that in no one year, has the cultivation been successfully carried on, under the terms of Survey assessment.

4. The sources of irrigation although favorable in ordinary seasons, are as liable to the contingency of failure in bad years as those in other Taluks, and such was partially the case in 1257.

5. Since the survey rate was recurred to in 1255, which was not effected without very much difficulty and dissatisfaction, large portions of Wet Lands have annually been left waste, for which the heaviness of the demand, unhealthiness of the locality, and the ravages of wild beasts were the main causes. Upon these lands (waste) remissions were of necessity, granted, without which it would not have been possible to have maintained the Revenue at its present standard; the amount of demand given up in each year, is exhibited in the marginal Memorandum, and

Fasles.	Number of Cawnies of waste.		Assessment remitted.		
1255	760	11	4,710	2	11
1256	807	13¼	5755	7	9
1257	487	15½	3,414	14	10
1258	908	9¾	6,200	11	3
			20,141	3	10

and the result the Board will procure was anticipated by Mr. Broughton when the survey assessment was enforced in 1255, that Gentleman remarking "that the "experience of a few years must test the "necessity, or otherwise; of the reduction so "proposed by him."

6. When Mr. Welsh fixed the discretionary rate of four Rupees a Cawney 28 years ago, he did so upon the express condition, that no remission was to be claimed for waste lands not for repairs of the Sources of irrigation, and the Ryots observed this condition with punctuality the discretionary rate having been discontinued, they have a claim to the indulgence objected to by the Board. It must be remarked that remissions are never allowed except in cases of absolute necessity, and upon most sufficient and undoubted grounds, having in view the maintenance of the Ryot and revenues of Government.

7. I have, as already observed, personally visited Annimalle, and took care, and carefully inspected the several tracts

tracts of land irrigated by the "Aniar" River which fully confirms me in the conviction that the indulgence, now solicited, of granting remission for waste lands, is not more than the interests of Government, and the claims of the cultivator, urgently demand.

8. The orders of the Board conveyed in Extract from the Proceedings of the 29th October 1835, cannot strictly be made applicable to this part of the District, which from its peculiar position, and disadvantages, requires special consideration. Much has now been done gradually to reclaim the Jungle, but much yet remains to be done, which cannot be effected without the greatest exertion on the part of the local authorities, and encouragement to the Ryots any measures calculated to disturb the present arrangement, will only tend to undo the favourable results hitherto arrived at and to throw back the Villages into their former wild and Jungly state, without any advantage to Government. Under this explanation

I trust

Fort St. George. 2d December 1850

I trust the Board will sanction the necessary remission for entire waste.

9. Judging from past experience it would seem that further encouragement than the usual remission is absolutely necessary. The large amount of Rs. 6260 11 3 a P of waste Nunjah land in Pullachy in Fusly 1258, is all under the Channels from the Aniar River, where the land has annually fallen back into waste from 1255. The land was no doubt originally assessed too high. In Fusles 1230 and 1231 Mr. Thuch gave permission, of necessity, to hold it at ½ Teerwa; it was so held and cultivated for 20 years, and till ordered by the Board in 1260, and finally entered at full tax in 1255 from that period 24,087 — 3 — 10 have gradually fallen into waste, and will I fear, continue to do so, until it be again overgrown with Jungle. It is therefore for the Board's consideration, whether the assessment shall be revised and lightened as peculiar Circumstances and necessity seem to require, or whether without touching the assessment it should be

Fort St. George. 2d December 1850

be allowed to be cultivated at ¾ Teerwa on a fixed Cowle suitable to its Circumstances. I have no hope of otherwise rescuing it from perpetual waste or inducing its continued cultivation. ¾ tax is the utmost the holders can or will give. they ask to hold at ½ Teerwa, and I am not at all sure they will cultivate it at ¾ ths; but with the Board's sanction, I will try and bind them by a Moochilka to that effect. the only other result must infallibly be a yearly and continued sacrifice to Government.

10. The best test that the lands cannot bear "Pimash" assessment" is their thus gradually falling off year by year into the waste. The Board are well aware what efforts a Native Cultivator will make to create and still more to retain a piece of Nunjah cultivation, yielding rice. Nothing short of actual and entire failure, and loss upon it, will induce him to give it up. If the Board are still of opinion that the full survey rate should be

Levied

leased on all that is irrigated, I beg permission, according to the general terms of the Pootroommah, at least to levy Poroyah demand on such of those lands as are so cultivated, and bonâfide not irrigated in order to save them all from being again overrun with Jungle, and to yield some thing, however small, to Government.

11 Adverting to para 6 of the Proceedings under reply, I beg leave to transmit Copy of Mr Bird's letter of the 21st July 1849 together with the statement alluded to from which the Board will perceive that the system of granting remissions on waste lands in several Villages in the Caroor Talook without excluding the same from the Puttahs of the Ryots, exists for many years past.

12. The question of the liability of the Pullapollium Ryots to clear the Channel of that Village referred to in para 10 of Mr Bird's letter, having been finally disposed of in the Department of Public Works, no

observations on this subject are called for.

13- With advertance to para 3 of Extract from Minutes of Consultation of the 18th May 1849 N° 494, relative to the adjustment of inaccuracies in the survey measurement, I beg leave to refer the Board to my communication of the 4th Ultimo. N° 94-

14- A Statement showing the situation and irrigation of the wet lands of Aminmalli and Caroor, on which remissions were allowed from 1255 to 1258, is forwarded as directed.

Sir,

Para 1. I am submitting the information required from this Office by Extract from the Proceedings of the Board of Revenue under date 23rd of April last, I have the honor, with reference to para 6, to forward a Statement shewing the remissions which have

have been allowed, in the seventeen lower-most Villages watered from the Ambravutty on uncultivated wet-lands without excluding them from the Puttahs of the Ryots. This account is prepared for twenty years past, with advertence to assertions made in some

* 11th October 1848. Para 16. 27th November 1848. Para 3.

× Communications from me to the Principal Collector upon this subject, and I trust that the proof of the long existence of this system in these villages, will satisfy the Board of Revenue of the injustice of the deviation from it at the Summabundy of Fusly 1257 without notice having been given before the commencement of the cultivating season, so as to allow the Ryots formally to relinquish any portion of their holdings.

2. I should here mention that a part of the balance stated in my letter of 27th November 1848 has been collected, but I hope the Board will consent to recommend the remission of the remainder.

3. The uncultivated Land in question is not waste land properly so called. There is other similar waste. Nor is it the same ground that always remains untilled. It happens in most Villages that a Number of Ryots

Ryots leave fallow some portion of their Puttah land, but except in those seventeen last villages dependant on the Ambravutty they pay the teeruah. Here however, in consideration of the irregularity and uncertainty of the supply of water it has hitherto been received upon the principle inculcated in Proceedings of the Board of Revenue under date 29th October 1835. Para 28. The extent therefore varies considerably in different years.

4. These Villages are very poor, and it is always difficult to realize the Government revenue from them, even after the indulgence under consideration is granted.

5. The highest among them on the river Pullapolliem is one of four watered by a Channel taken from the Sixteenth Anicut across the Ambravutty, which then Channel flows upwards of twenty Miles before reaching the grounds of the fourth village. The remaining thirteen villages are irrigated from six Channels taken off the river without Anicuts by means of Caruvaboos of Sand.

6. So uncertain is the supply of water to all these villages that they only cultivate

cultivate grains requiring 3 months to come to maturity, and although they immediately surround the Town of Caroor the Bazars of this place and obliged to procure their supplies of Lumbarries and Plantains from Vaugul and Nerroor on the Cauvery.

7. With respect to the Caroor Tahsildar's wrize referred to in Proceedings of the Board, Para 6, above quoted, I beg to observe that as the writer of it was acting as Sheristadar of the Sub Division at the Summabundy of Fusly 1257. and advised the exaction of the Teerwah on putcut waste, he could not well do otherwise than maintain the propriety of the measure, but whenever he has been at his post as Tahsildar as he was at the Summabundy of Fusly 1258. and prior to 1257. his policy has been to obtain as much indulgence as possible for these villages, and has not been by any means successfull in realizing the demand from them after all.

8. The demand does indeed represent a larger proportion of the value of

of the Crops in these villages than in many others in this division for from the irregularity of the supply of water so far down the River, there is in most years some Shawee, and a considerable quantity of short produce, but remissions are only allowed for the former under severe restrictions, and not at all for short produce.

9. For these reasons, I trust the Board of Revenue will allow the present system to continue, or at all events in consideration of due notice of its alteration not having been given will not insist on the recovery of the still outstanding portion of the balance for Fusly 1257.

10. It can scarcely be out of place to introduce here the subject of the question about who should bear the cost of keeping in order the Pullapolliem Channel, Government or the Villagers.

11. I understand though not officially that the Civil Engineer thinks

× Vide Proceedings of Board of Revenue D. P. N. dated 19th March 1849. and the preceding Correspondence.

thinks the burden ought to be borne by the people; because all other Channels from the Embranchy are cleared out by the Ryots. The circumstances of this Channel are peculiar as is sufficiently shown in the Civil Engineer's Diary of 11th July 1848, and unless Government continues hitherto existing practice of charging itself with its maintenance in efficient order, I am persuaded that the loss of Revenue in the two lowermost villages depending upon it Andancoil and Lutchmeenarayanmaasamoodrum will soon far exceed all possible saving of outlay upon clearing out the Channel.

12- With regard to the arrears in the village of Mayanoor adverted to in Para 7 of the Proceedings of the Board of Revenue of 23rd of April last, I regret to say only 440—2—2 have been

yet recovered, and there is a heavy balance due for Fusly 1258 also. I fear it will be necessary to proceed to the extreme measure of attachment and sale of Land to realize the Government dues, if the endeavours now making to recover the arrears prove ineffectual.

49-50 Proceedings Forwarding to the Acting Principal Collector of Coimbatore a Statement of the remissions allowed on waste from Fusly 1255 to 1258 showing the extent of Nunjah lands left waste and directing him to submit a Statement exhibiting the cultivated and waste portions of Nunjah Poonjah and Garden for each year since Fusly 1255 Instructing him to suspend all further demands under the head of waste and to enter the balances in his next application for remission

thereon. This letter is in reply to remarks made by the Board in their Proceedings 23d April 1849 on the lands left waste, and continued in the Puttah without demand in the Villages of Animally and Cotoor during Fusly 1257.

2. The Board and Government in their views of the Settlement of Fusly 1258 rather deprecated any further discussion of reduction of the Survey Assessment in these Villages, the former shewing that the reason assigned for the waste by the Collector did not coincide with that entered in the Mouzawar Windowaee List, and that the Settlement of these Villages in Fusly 1258 though below that of Fusly 1257 was in excess of that of previous years, and that reviewing the Settlement of past years, they had no reason to question the justice of reverting to the Survey rates.

3. A Statement is now forwarded of the remissions allowed on waste from Fusly 1255 to Fusly 1258 shewing

shewing the entire extent of Nunjah lands left waste, but to enable the Board to determine to what extent land has been left uncultivated in consequence of the burdensome nature of the Assessment it is necessary that the Acting Principal Collector should submit a Statement exhibiting the cultivated and waste portions of the different classes under the heads of Nunjah, Poonjah and Garden for each year since Fusly 1255.

4. It is observed that notwithstanding the complaints preferred regarding the excessive character of the Survey rates the cultivation of these Villages may be said to have fairly increased since they were reimposed, and that though the remissions were as high as Rupees 6,260 in Fusly 1258, they fell to Rupees 3946 in Fusly 1259 thus shewing that the cultivation depends upon season and other contingencies, and not altogether upon the Assessment.

5. With regard to the second point on which information was sought for by the

the Board the Acting Principal Collector forwards a letter from the Sub Collector explanatory of the remission granted on Nunjah waste in the 17 lowermost Villages depending upon the Ambravutty. That Officer shews that it has been the practice for many years to make these remissions in consequence of the uncertain and often insufficient supply of water. In Fusly 1257 the usual course was not pursued for reasons sufficiently explained in the Sub Collector's letter, and thus the balance of 718-5-6 accrued in 4 Villages. It is now reported that of this sum 350-10-2 have been collected. The remainder as having been brought to account contrary to a long established and it would appear, requisite indulgence, the Board are of opinion should be foregone.

Bds No. 2681

From the Agt Collector of Coimbatore Affords the explanations called for by the Board on certain points connected with the Land Revenue Settlement of the Coimbatore District for Fusly 1258.

Sir,

1. I have the honor to acknowledge the receipt of Extracts from the Proceedings of the Board of Revenue dated the 3d June and 18th July 1850 requiring information on certain points connected with the Land Revenue Settlement of this District for Fusly 1258.

2. With reference to para 4 of the former I beg to state that wet Lands in Chinnalli and Cotoor were "left waste as unprofitable from increased Assessment," this is the main cause for the decrease, and the "failure of irregation and casualties among the cultivating Ryots" as stated in the Hindivee list, is a secondary point, and from inadvertence on the part of the Native Establishment, the Chief cause appears to have been omitted in the remarks.

3. The instructions contained in para 10 will be attended to in future in reference to lands forming the item of "Teeruva Jasty" or increased Assessment and adverting to the Board's remarks that "in Statement No. 5 a large amount of land converted

Lands

4. Lands bearing a lower rate of assessment, when permanently converted to a higher class, are exhibited under the head of decrease in Statement No. 6, and that of increase in No. 5, but in Statements Nos. 2 and 3, they are included with lands under appropriate heads. To explain this more clearly, I would observe that in Fusly 1258, 27 10½/16 Bullahs of Garden land assessed at 33 g. 10-2, and bearing a settlement of 331-14-6, were converted into wet cultivation; this is exhibited under the head of decrease in Gardens, in Statement No. 6- for which a corresponding increase will be found in Statement No. 5, but, with the conversion, as both the number of Cawnies† and the amount of demand are increased, the exact extent and amount shown in one account will not tally with those laid down in the other, and this new Nunjah land is included in Statements No. 2. and 3. in Columns 379 to 388 of the former and 14 to 23 of the latter- This is the principle upon which the settlement accounts are prepared for years past, and I trust the Board will permit my continuing to do so, unless the alteration now suggested is

Vide Columns 24 to 26

Vide Columns 41 to 43-

† 1 Bullah being equivalent to 2 14/16 Cawnies

is indispensably necessary- which will swell the entries in Accounts and be attended with some confusion: all lands temporarily converted from a lower to a higher Class, will be adjusted as pointed out by the Board.-

Para 11 Board's Proceedings 23 June 1850.

5. The number and description of Puttahs as entered in the rent Roll for 1258, are correct, having been ascertained after careful enquiry- the entries in previous years were erroneous, and this will account for the "extraordinary difference" remarked upon by Government.-

6. The increase in the number of hamlets noted in para 12 of the Board's Proceedings, has occurred in the Talooks of Suttimungalum, Pulladum and the Neilgherries (not Chectragherry) The three hamlets in Suttimungalum, and Pulladum sprung up in 1258, and those in the Neilgherry Talook were old ones, having been omitted in former accounts, no increase of Revenue has taken place on this account, some of the Ryots having merely changed the place of their residence from one locality to another- this is frequent in this District, and is therefore sometimes passed over unnoticed: all future increase or decrease of hamlets of this nature will be duly explained in the Annual Settlement Reports.-

The

7. The details of the arrears of Extra Revenue will be furnished in future as directed by the Board in para. 13. —

8. In elucidation of the item of "Sales of Paddy" I have to explain that in the Suttimungalum and Errode Talooks, no land is alienated by Government for the pay of Servants entertained to regulate the distribution of water from the Channels to wet lands, generally known as the "Neeranie Silbendy," but an annual allowance is given in grain. To meet this demand, a fee is levied in Kind (Paddy) from every Ryot with reference to the extent of his annual holding in Suttimungalum at the rate of 9½ Company's measures of Paddy for every 120 Goontahs or Koolies of land, and at 7 Company's measures for a similar extent in Errode. Out of this, the prescribed quantity due to the Silbendies is given, and the surplus disposed of, and the proceeds carried to the credit of Government; this is the hitherto prevailing practice, and in Fusly 1259 Rupees 492-13-9 were realized under these circumstances. Independent of this fee, the Ryots in Suttimungalum are called upon to give their

their labor free, either themselves or by Coolies to be employed and paid for by them, for closing breaches, constructing temporary embankments, and other miscellaneous works which sometimes presses heavily upon them. If they were excused this labor, it will be a relief to them, and the funds realized by the sale of the surplus Paddy can be properly appropriated to the execution of the Sundry repairs above adverted to.-

10. With reference to the Board's remarks in para. 18, I beg to observe that to obviate outstanding balances, the Tahsildars are constantly urged to keep up their collections. they again, to maintain their credit at Head Quarters, urge the Ryots for full payment according to his supposed dues, calculated on his last year's payments. When the Collector goes round on "Jamabundy" he may find remission just and necessary but the Ryot has paid up to the Tahsildar's requisition. the money has been carried to the Public Treasury Account, and cannot possibly be remitted. Strict collections without outstanding balance unavidably involve this difficulty and a clear balance sheet may often be only the result of stringent collection by the Collector

and

and a Tahsildar, without being any fair test of the means or prosperity of the District. The whole case and condition of the Ryot and his entire Farm, are always as the Board direct, taken into full consideration. I only advert to the difficulty of making strict collections accord with justice and consider= =ation for the Ryot, whose means and losses, can seldom be fairly or fully known till towards the close of the Fasly.-

Proceedings thereon.

(51-52)

With reference to paras 3 and 4 of the above letter, it appears to the Board that their Proceedings of the 3d June 1850 may not have sufficiently explained what was required.

2. It is true that the amount of Teerwa Jasty may be obtained by collating Statements 2-3-5 and 6 but it is the wish of the Board that it should be shewn distinctly in Statements 2 and 3, and in such manner as to enable them to ascertain Talookwary the original Pymash assessment of the land, the cultivation of which has been converted.-

3. A Form for guidance is transmitted herewith, the Columns being numbered with reference to the Statement 2 of the Settlement of Fasly 1258.-

4. Columns 95 and 96 of the old Statement may be omitted, and in their place the 6 Columns marked 1, 2, 3, 4, 5, 6, in the Enclosure will be substituted. The sums in Columns 105 and 125 to be headed Teerwa Jasty will of course be proportionately in= =creased as they will contain the Amount levied on what it has been usual to call permanently con= =verted as well as temporarily converted land. The Board do not wish to perpetuate any such distinctions in the Accounts.-

5. In like manner Columns 131 and 132 should be omitted, and in their place the Columns 7, 8, 9, 10, 11, 12

To

of the enclosure substituted. The remarks just applied to Columns 105 and 125 will apply to Columns 141 and 165.-

6. With regard to Statement No. 3, the number of Columns will remain as they are now but a new item must be introduced to follow "Poonjah Cultivated land." and this will be "Poonjah converted into Nunjah and Garden." Also to follow item "Garden cultivated land" will come "Bagayet-turm Nunjah."

7. With reference to the number of Puttahs referred to in para 5 of the acting Principal Collector's letter the Board have to observe that if the rent roll for Fusly 1258 is correct there is an extraordinary increase in the number of joint Puttahs. In the Taloofe of Errode, consisting of 63 Villages, out of 8670 puttahs, 4,505 are joint so that on an average there are 71 joint puttahs in each Village, a fact which requires notice.-

8. The Board would wish Mr. Thomas to consider whether the Neerandy Sibbendy &c. might not be so calculated as to leave no surplus, for it cannot be the intention of Govern:-ment to profit by such a usage, at the same time the Board are prohibited from sanctioning the appropriation of surplus to the object proposed by the Acting Principal Collector.-

9. With reference to the difficulties complained of in para 10, it remains with Mr. Thomas to rectify them. The Board cannot admit that a punctual realization of the Revenue, necessitates an over de:-mand on the Ryot.-

No. 120.

To, W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George.

(53)

Sir

I beg the Board's concurrence to the following arrangement, which while it entails no expence on Government will add to the efficiency of the Public Service. The Tahsildar of Coimbatore alone, receives 120 Rupees. 20 more than any other Tahsildar in the District. The revenue duties are not heavier than those of other Taloks, but, the Police of the large Town of Coimbatore is arduous and troublesome, more than the Tahsildar can properly manage, and requiring a Police Ameen to assist in the Town. To prevent extra expence to Government, I propose to apply 20 Rupees from the Tahsildar's pay of 120 and give him a Police Ameen to relieve him of some of the details of Police. He will still draw as much as any other Tahsildar, and more than many who have only 85 Rupees.-

2. Several robberies have lately happened in the Town of which no trace is yet discovered; and the large mixed population from Coimbatore, the Hills, and the western Coast, with numerous travellers passing render the arrangement proposed extremely desirable, for which I request the sanction of the Board

3. The Head Darogah recommended by Mr. Wroughton to be appointed as Police Ameen is of no use in this case. His proper place is watching the smuggling paths and passes in the Hills- a sufficiently arduous duty, when properly performed, and which would not admit of his being in the Town of Coimbatore; to which I propose to limit the Police Ameen, with 2 miles round it, and the 20 Rupees will I think be sufficient.

Proceedings thereon-

The Board of Revenue are of opinion that Mr. Thomas might add to the Court of Fouzdary Adawlut in his capacity of Magistrate, on the subject of the Police Ameen for Coimbatore; and if the Court support his view the Board will submit it with their recommendation to Government. In his letter to the Board he has made no provision for an Establishment which, however small, is yet necessary.-

Bd. No. 2490- To the Chief Secretary to Government.- Submitting for sanction a revised set of Rules for the management of the Salt Revenues of the Madras Presidency and observing that for stated reasons the requisition to transfer Rowanahs has not been introduced in the Rules.-

In Cons. 14th January 1851.

Para 1. With reference to para 9 of Esetract Minutes of Consultation 14th December 1848, I am directed by the Board of Revenue to submit for the sanction of Government a revised set of Rules for the management of the Salt Revenues framed in this Office from those Orders of the 31st May 1819 and from the instructions issued from time to time by the Board and by Government.

2. The Board desire me further to observe that on due consideration of the suggestion contained in my letter of 1st July 1850 para 7- 8- and approved of by Government in para 6 of letter from Secretary to Government dated 31st July 1850 they have thought it advisable not to introduce the requisition to transfer Rowanahs in the Rules as it would entail considerable labour on the Collector's

Collector's Officers and it is more than doubtful whether a corresponding benefit would be obtained. The Collectors to whom these Rowanahs may be transmitted have not the means since the abolition of the Sayer Chow-kies of ascertaining whether the salt taken at the Pans has arrived at the destination noted in the Rowanahs or not.-

Salt Rules.-

Para 1. Advances for the Manufacture of salt shall continue to be made to the Manufacturers according to local custom as sanctioned by the Board of Revenue. An annual Statement shall be submitted in the Form prescribed by the Board's standing orders of the 13th July 1826 Para's 23- 24- and 25.-

2. During the period of Manufacture, Tom toms shall be beaten at half a hour before sun-set to warn the Manufacturers to depart, they shall again be

Fort St. George 2nd December 1850.-

beaten at sun-set and all the Manufacturers shall then be required to leave the Pans by a prescribed route so as to pass by the watching peons whose duty it shall be to ascertain that they do not carry away any salt.-

3. The salt shall be delivered into store by measurement only, and not by Estimate; the measurement shall be conducted in the presence of the Manufacturer, the accountant and the local superintendent, at the Pans, and a receipt written by the accountant and signed by the local superintendent shall be given to the Manufacturer specifying the quantity by measure of salt delivered by him into store.-

4. All salt thus delivered shall without any distinction as to the particular Manufacturer from whom it may have been received be secured in one common store, and be formed into heaps of a regular shape on a raised platform.-

5. Each Collector will cause at all

all the Pans in his District rectangular platforms of raised Earth to be formed three or four feet above the level to which water usually rises in the Monsoon, and sufficiently extensive to contain the whole quantity of salt at the Pans. These platforms shall be as large, and as few in number as practicable, it being an object to secure as many heaps as possible upon the same platform. The Earth to be dug for raising these platforms shall also be taken up in such a manner, as to form a deep ditch round each of them, leaving only one broad entrance, and on the centre of each there shall be a raised mound of Earth for the hut of the watching peons.-

6. Where it may not be attended with considerable expense and difficulty, these platforms should be surrounded by Palisades or hedges of prickly pear, aloes, &c. as well as by a ditch. At all events, they should be enclosed in some manner, and the entrance especially should be palisaded and guarded by a gate.-

Written

7. Within the enclosures surrounding each platform there shall be a separate space set aside, for the express purpose of measuring the salt.-

8. The salt shall be stored in heaps of 10 Garce. The Manufacturers shall not be obliged to give a surplus before the actual measurement on the plea of covering wastage, but, a strict account of wastage on each heap shall be kept. The salt Cotaurs shall be periodically visited by the Collector or his Assistants, and one or more heaps measured in their presence, a record of these measurements shall be kept in the Collector's Office in the event of the Board of Revenue requiring explanation on the Subject. A Quarterly Account Current of salt transactions is to be furnished in English and Hindoovy according to the Accompanying Form A with it's 3 Enclosures B. C. D.-

9. The Salt heaps shall be stored in straight lines upon the platforms as near as possible to each other Space being left for only one person to pass between each heaps.

10. These Rules shall be considered applicable as well to Salt intended for exportation by Sea, as to Salt for Home consumption, or inland Sale, but Collectors may establish pans for exportation separate and distinct from those for Home and Inland consumption.

11. The Accounts of the Manufacturers shall be adjusted immediately on the Salt being heaped and secured in store, and after deducting any advances made, the balance due to them shall be paid without delay. If not attended with inconvenience to the people, it might be a further check upon the Servants at the Pans to pay the Manufacturers the balance due to the Workmen their Accounts being adjusted there.

12 The Superintendent at the Pans shall be held responsible for any difference between the quantity stored as per receipts given

B/ (after) No. 3118.-

Sir,

From the Collector of Rajahmundry Reporting the death of the Zemindar of Pithapoor at 4 P.M. yesterday and that the Estate will be attached and brought under the Court of Wards.-

Para 1 I have the honor to report that Sree Rajah Row Venkata Sooria Row Bahader Zemindar of Pithapoor died suddenly at 4 P.M. Yesterday and that I am proceeding to attach the Zemindary paying a Peishcush of Rupees 2,70,652-7-2 A 9 05.-

2. There is a balance against the Zemindary for fasly 1259 amounting to Rupees 49749 for which the Government were pleased under date the 22d of October 1850 to direct that payment should be made by instalments to be determined by the Commissioner in communication with me.-

A.D. 1849/50

3. There is also a question pending before the Commissioner regarding the interest due to Government on account of an arrear of Rs. 100000 which

To The Chief Secretary to Government

Sir,

Bd. No. 2550.—

To the Chief Secretary to Government } I am directed by the Board of Revenue to acknowledge the receipt of the Resolution of Government dated the 1st November 1850. transmitting a Memorial addressed to the Honorable the Court of Directors by Theroovengada Colluppah Naicker, Zemindar of Nellacottah in Madura claiming certain arrears of allowance, and calling upon the Board to forward any correspondence which may have passed with the Collector together with their own report on the subject.—

Reporting on the Memorial addressed to the Honble Court by the Zemindar of Nellacottah in Madura claiming arrears of allowance—

To Collector 25th July inclos. 10th Augt. 1848—

2. In reply I am directed to submit copy of a letter from the Collector of Madura in reference to a Petition addressed by the Zemindar to the Board No. 2241. of 1847 from which it will appear that the Zemindary of Nellacottah bearing

was sequestered in June 1810 sold for arrears of Revenue and incorporated with the Government lands in Fasly 1224 A.D. 1814 that an allowance of 10 per Cent was granted by an order of the Board dated 11th April 1816 and sanctioned by Government 23d Feby. 1816 para 20 and was paid from 1816 but not in arrears, that there is nothing to shew why the arrears Rs. 3786-14- were not paid, and that during the years 1814 and 1815 the Zemindar subsisted on the produce of the sale of his Jewels and his private Cultivation.—

3 The Zemindars silence for a peeriod of 33 years before making application for these arrears, formed, in the opinion of the Collector and of the Board also, a valid reason for declining to comply with his request.—

4. The Board further apprehend that if the Arrears in question are granted to the Zemindar in the present instance, it may be turned into an inconvenient precedent in

Fort St. George 5th December 1850.—

in future.—

5. The Board deem it right to point out that in the case of the Thogamalay Polliem arrears of allowances were left undrawn from 1816 until 26 years afterwards, the Poligar having declined to receive the amount on the pretext of wishing it to accumulate until he should be able to emancipate his estate but the features in this case are different from that adverted to in the foregoing paras as the allowance due to the Poligar of Thogamalay were in deposit and were paid to him when he expressed his consent to receive it in 1841.—

Relative to the Settlement of the Extra Sources of Revenue in the District of Nellore for Fasly 1259.

Sale

Read letter from Collector of Nellore, dated 30th September 1850, reporting on the Settlement of the Extra Sources of his District for Fasly 1259 No. 110.

1. The Sales of Salt shew a net Increase of 15,111 Rupees over the receipts of the previous year, arising from a decrease in "Home Sales" of 823, in "Inland" of 4490 Rupees, and an Increase on Ship Sales of 20,239 Rupees.

Fasly 1258.	526092.	
1259.	540203.	
Rs.	15,111.	

2. The decrease in the Home Sales occurred chiefly in the Divisions of Pavkola and Eshapully, there having been an unusual call

Fort St. George, 5th December 1850

call upon the former in July 1258. in consequence of the store in the Pauduty Division having been consumed before the termination of the July; but having resumed its usual trade in July 1259. there was a decrease, as above, in the Paukala Division.

3. The falling off in Eskapully was occasioned by the stock in the Toomalapenta Cotaur having been sold off as early as February. It would appear from Statement 5. that no manufacture took place at this pans in July 1258. though a considerable quantity has been made in July 1259. The increase in the other Cotaurs of this Division did not make up the deficiency arising from the abovementioned inadequate supply, a recurrence of which, as occasioning inconvenience to the people and loss to the State, the Board trust will be provided against in future.

Rs. Net Decrease 4404.

4. With reference to the Collector's Statement that the Home Sales were partly affected by the Board's Circular of the 27th May 1850 it is necessary to remark that the order reduced to a Minimum sale of Salt from 40 to 20 Measle

P. 8.

Fort St. George, 5th December 1850

Measles, the former being the quantity prescribed by the Rules in force, as soon however as the Board were made acquainted with the fact of the Minimum quantity of sale being one Measle in the Nellore District, they directed a return to this usage.

From Nellore 11th inst. 22d July 1850. T. D. 22d July

5. The decrease in the Inland Sales is principally to be found in the division of Pauduty, in which a large deficiency, occurred nearly compensated however by an Increase in the Todda Division, the sales under this head resulting in a net decrease of 4,490 Rupees.

Rs. 23530

Rs. 21,416

6. The season being unfavorable for the pasture of their droves, the Merchants from Hydrabad and Kurnool abstained, it appears, from visiting the Pauduty Pans in their usual numbers, the same reason causing the absence of the Salt dealers of Cuddapah and Bellary.

7. The increase in the Todda Division is attributed to the resort thither of Merchants usually frequenting certain pans in North Arcot, and Chingleput, owing, it is stated, to the temporary discontinuance of sale in those pans.

P. 13.

The

Sea Customs.

8. The seaborne trade of this District being chiefly "from Port to Port," the revenues under this head are confined to the duties on Imports from the Eastward which give a decrease of 1498 Rupees arising from the diminished imports of Rice and Paddy, it is presumed from Arracan, as stated in the Report for last year. The receipts of the year fell far short of the charges, becoming a net decrease of Rupees 1807. It is observed however that a reduced Establishment of Rupees 1032 per Annum came into operation on the 23d September 1850.

To Chief Secretary 20th August
Pro B. 14th October

Abkarry

9 The abkarry net Revenue resulted in an advance on the former Fusly in the Gross of 1791 Rupees in consequence of an increase of Rupees 931 in two abkarry Stations, and the transfer from North Arcot of the Paumoor Division rated at 1100 Rupees.

Fusly 1268 - 29973
1259 - 31764
Rs 1791

Moturpha

10. The Moturpha Settlement shews a small Decrease. The arrears under this head amount to 701 Rupees on which, it is stated, a separate Report will be submitted.

1258 - 17261
1259 - 17150
Rs 111

Stamps

11 The Stamps gave a net Revenue of 12134 Rupees or 1313 below the previous year, occasioned by a smaller levy of Penalties

on unstamped Documents, and the refunds to parties compromising under Act XVIII of 1848.

12. The Collector will not, as a general rule, introduce into his Report, matter, which is a recapitulation of what is contained in the Statements. He has omitted to shew in the Report the General Heads of the Moturpha according to the orders of Government, and the Circular of the Board 15th March 1849.

13 The Salt Statement No 5 is also deficient as not exhibiting the quantity in store at the commencement of the Fusly or the quantity actually stored during the Fusly under report, but, these defects will be remedied by the submission of the Statements required by the Salt Rules about to be issued.

14. The total Demand excluding Extra Collections amounted to 52168 Rupees, leaving a Balance uncollected at the end of the Fusly of 1268, of which 1040 Rs have since been realized. The arrears up to Fusly 1258, will it is stated, be shortly reported upon.

1258 - 480859
1259 - 524795
Rs 43936

15. The net Revenue gives a Total of Rupees 524795 or Rupees 43936, above Fusly 1258.

Ordered that a Copy of the foregoing Extract with the annexed Comparative Statement of the Collections, Charges and Net Revenue be submitted to Government and a transcript of the same be forwarded to the Collector of Nellore.

Bd No. 3033

From the Collector of North Arcot.

Reports on Petition No. 1124 of 1850 from Zaheruddeen Hussain Khan Bahadoor, son of the late Jagheerdar of Culwah.-

Sir,

Petition No. 1124 of 1850 bears on it the endorsement of the Board of Revenue directing me to report on it with reference to my endorsement on a former Petition from the same party. The Petition is from Zaheroddeen Hussain Khan of Culwah, who urges with reference to my endorsement on his former Petition (859 of 1849) that he does not derive from his topes at Culwah the profit stated by me inasmuch as his Sibbandy expenses for the Custody of the topes are heavy. The matter has been again carefully investigated and the following is the result.

2. The Petitioner holds seven topes at an annual rent of 172 - 14 - 6. His income from them was as follows in Fusly 1259.

For

	Rs a P.
For five topes rented out	154 - - -
Land let out for cultivation	44 8 9
The Turn Teerwah of 3½ Cawnies of land held in his own occupation	29 7 7
Total	228 - - 4
Of the two topes not rented out by the Petitioner one was rented in the preceding year for	22 - 12 -
and that may be taken as its fair value, thus raising the probable actual income to	250 - 12 4

The other of the two topes not rented out contains the fifteen productive Mangoe trees referred to in the former endorsement (August 17th 1849) and the Petitioner has also a tope of young trees to the extent of 1 Cawnie 13 3/4 Cap. The latter is now unproductive, the annual value of the former cannot be accurately estimated but being retained in the private occupation of the owner the trees are probably valuable, and the annual return may be estimated at

at 30 Rupees; this would raise the money receipts to 280 - 12 - 0 Rs. P.

3. Against this is to be set off the charge for Silladdy. The Silladdy maintained is as follows; a Darogah at 3½ Rupees Monthly, a Comicopillay at 2 Rupees and four Gardeners at 2 Rupees each, total 13½ Rs. a Month or 162 annually. The four Gardeners attend to the Young tope cultivate the 3½ Cawnies land, and also some other garden land belonging to the Petitioner - The last two items are not to be put to the debit of the topes, as the latter of the two is entirely distinct, and the expense of cultivating the other land is defrayable out of the Ryots share of the produce, no part of which is included in the calculation of receipts above given, probably not more than a fourth of their time and labour at most is really bestowed on the young tope, the Darogah and especially the

the Curnum also probably attend to the Petitioners other Business. Deducting however 90 Rupees as the proper charge for the Sibbendy there will remain a net income of 190 Rs. - 12 as. - to meet the Government demand of 172 Rs. 14 as. 0 p. leaving a surplus of nearly 18 Rupees.

4. From this calculation which seems to me to be a fair one; it does not appear that the topes are a loss to the Petitioner, and the young tope will hereafter add to his income - The present rent paid by him however is the same as was formerly paid (See endorsement above referred to) when the topes contained many more trees; and years may come, more adverse to him than that to which the above calculation refers. In consideration of these circumstances, as well as out of regard to the high rank formerly held by the Petitioner's family, and

and to his present fallen position, the Beriz of the seven topes may be reduced to 140 Rupees if the Board of Revenue are pleased to take a liberal view of the Petitioner's case and circumstances

Proceedings thereon It is observed that when Subder Hoosain, the Petitioner's father, sought the Gardens in question rent free, or on a more favorable rent than the present, Rupees 174. 14. 6, the Board, in para 2 of their letter to the Collector 21st May 1818, stated that they considered that rent fair and moderate; but in his present communication

Fort St. George 5th December 1850

commencation the Collector has shewn that the profit derived by the Petitioner is about 18 Rupees a year, which might under less favorable circumstances be converted into an actual loss.

2. The Board of Revenue under these circumstances will not therefore object to a temporary reduction of the rent to 140 Rupees for such number of years as the Collector considers ought to bring the young tope referred to in Para 2 to maturity.

Ordered that the following Endorsement be passed on Petitions Nos 1124 and 1548 of 1850.

"The Petitioner is referred to the Collector to whom the necessary orders have been furnished".

From the Collr. of Tanjore

Sir,

Sending a Plaint filed in the Court against the Collector &c and draft of an answer proposed to be made to it.

I have the honor to forward a copy of plaint filed in the Sub Court of Combaconum against the Collector of Tanjore, on the part of Government, and others, for the recovery of lands sold by public auction for arrears of revenue in 1828, and should the Board approve of the accompanying draft of answer to the same it will be submitted to the Court.

The circumstances connected with the Village of Perravelandan sold for arrears and again restored to the owners, but subsequently redelivered to the purchaser, being all on record in the office of the Board, I have not considered it necessary to enter into any detail regarding them, and with reference to the present flourishing condition of the Village in comparison with its former description the Government have been great gainers by the

Value of Taruf land Nunja Poonja &c. claimed by the complainants Rupees 1,094-8- annas - 2- Peice.

Subject of the complaint -

The abovementioned Village of Perovalundan in Nannargoody Talook, is of the Anchundraream Class, divided into 32 Karays the total esctent of land in Nunja, Poonja, and all, being 433 V 7 m 45 G- Of this the first of us owned 27 V. 1 m 7 1/16 G the esctent contained in 2 Karays and the second 15- 4- 7 1 13/32 equivalent to 1 1/2 Karay which we respectively enjoyed; all the rest of the land in the Village being held by the defendants from 5 to 16 and some other Meraasdars. In 1819 A. D. Goondopundit the late Head Seristadar of this district,

and

and Naralurra Row the contemporary Tasildar of Munnargoody, the natural and adoptive fathers respectively of the 4th defendant (Krishna Row of Heavalur) desirous of usurping the profession of the Peroovalundan and some other Villages, Temporary &c. got a false account prepared to show that the Village in question had been rented whilst under attachment and that a Balance of 9220 Rupees was outstanding against it for the years between 1802 & 1819. This account which was submitted to Buzzoor by Naralurra Row, was shown by Goondo-pundit to the then Collector Mr Cotton, and measures were immediately taken to sell the Village to the highest bidder, for the realization of the Balance. Informed of these proceedings, we and the other Inerasidars of the Village, complained to the Collector that there was no balance at all against it, that the account forwarded by the Tahsildar was a mere fabrication, and that the Village should not on its authority be brought to auction, on which it was ordered to

to be put in summary and the cultivation and Cundroomdul were carried on under the immediate superintendence of Sircar. The subsequent orders of the Honorable the Court of Directors communicated to the Collector of this District in a letter under date the 1st July 1819, that all balances of Revenue outstanding up to that year should be struck off the accounts and that no Ryots should be made answerable for their realization, seemed to have put an end to all thoughts of bringing our Village to sale.

But the said Goondopundit and Naralurri Row persevering in their illegal endeavours to get possession of the Village, persuaded the said Collector some how or other to bring it to sale, and accordingly some lands were sold on the 21st August 1822 and the rest on January 18th 1823, but without any public notification being made previous to the sale according to Regulation 26 of 1802, it being apprehended that such a proceeding will raise the biddings so high as 100,000 Rupees and prevent Goondopundit and Naralurra Row from gaining their private ends. The Village was purchased by

by Naraluvee Row in the name of one of his own people Streenevas Row (contrary to clause 20 of the said Regulation) at the low price of Rupees 2745-11-5. and he subsequently settled in the Village with his family and enjoyed the lands

Some of the Inamdars of the Village having subsequently complained to the Board of Revenue of the unjust proceedings alluded to, the Board ordered the Curnum of the Peroovanchundan Village, and the Talook Nautcurnam to appear before them with accounts of the balances that had accumulated on the Village from 1802 to 1819, which they inspected together with the list that Mr. Cotton had furnished on 15th November 1824 of the persons that purchased the lands in auction. They then declared that the Balance for which the Village was sold had already been remitted by Government, that the proceedings to which the Collector was led by the misrepresentations of his subordinates were unjust and oppressive and contrary to all public orders and regulations, that the auction consequently should be regarded as of no force, that the Collector should restore the purchase money to

to the several parties and the Village in question (and 28 others Senpirayen that had been purchased in like manner by Sircar servants) to the profession of the original Inamdars that the Head Seristadar Goondopundit and Runga Row his deputy who were the original causes of all these unjust proceedings should be dismissed with all other public servants concerned in the purchase of the lands, and that Board will always be ready to resist any endeavours on the part of the opposite party to confirm the auction;- This decision was passed on the 19th June 1820, and submitted to Government when the then Governor (Sir S. Munro) after a further investigation of the matter confirmed it in his Minutes of Consultation under date 11th July 1820, and orders were issued to the Collector in the same year to carry that decision into effect, But Mr Cotton tho' he dismissed the Seristadars and others according to those orders did not restore our lands, but went away to England leaving it under attachment.

on

16450 — Fort St George 5th December 1850 —

On the death of the said Naraharre Row, the 2d Defendant (Reddy Row) with the view of confirming the 4th defendant Naraharre Row's son and his own son in law in the professions of the Village, petitioned the Board and the Government that the said Village was purchased for his son, 3d Defendant, and not for Grandfather's or Naraharre Row, and praying that the auction at which the purchase was made may be confirmed — But some Merasdars of our Village immediately presenting a motion with the view of defeating his unjust purpose which they accompanied with an agreement executed by the said Naraharre Row to Streenevasanga the highest bidder in auction, and some other documents given under his signature to his Proceedings, the Board decided on inspection of those documents and the auction List above noticed, that the Village was actually purchased by and for Naraharre Row beyond doubt, that the auction was not confirmable, and that the Petition of the second Defendant should therefore be dismissed —

Sometime

16451 Fort St George 5th December 1850 —

Sometime after Mr Kindersley who succeeded to the Collectorate of this District wrote a report to the Board of Revenue under date 16th September 1829. requesting sanction to make over Peroovalundan and the other 28 Villages to the parties who purchased them in auction, as the original Merasidars were absent — But the then Governor Mr Lashington insisting on the invalidation of the Sale and the restoration of the Villages to their original possessors and of the purchase money to the several purchasers, issued an order to the Board to that effect on the 21st August 1830 in virtue of which, all the Merasidars of the Peroovalundan (viz 29 Villages) and we among the number were put in possession of their respective lands —

In 1833, the second defendant brought an action before the Principal Court under No 5 of the year: complaining of the proceedings of Government in his case without making us parties to the suit a course contrary to custom and regulation, and Mr Kindersley who acted as defendant on

Fort St. George 5th December 1850

on the side of Government, influenced by the same motives which induced him to attempt to dispossess us on the plea of our absence while in fact we were present, instead of availing himself of the many orders and accounts above noted to prove that there was no balance against the Village, made a feeble defence by stating that it was improper in the former Collector to have sold it for 9000 Rupees when the Balance on it amounted only to 5,000 Rupees and that the second defendant should content himself with the restoration of the purchase money. But the Court decided, for what reasons it is impossible to conceive, that the difference between the amount of the balance and that raised by the sale, should be paid to the original Merasidars and that the second defendant should be put by Government in possession of the Village in question. On an appeal made by the Collector under No. 10 of 35 the same decree was confirmed and without any precepts from the Court we were unjustly outsted of the possession of our lands which the Coll.r made over to the 2d Defendant.

Some of the Merasidars of our Village

Fort St. George 5th December 1850.

Village having subsequently presented a Motion in the Sadr Adalut Court requesting the reversion of the decree which deprived them of their property and the restoration of the Village to their possession, that Court declared that the decree alluded to was due to our not having defended our side as parties in the original Suit, that it Could not be reverted on a "Summary motion" that we should regularly sue the 2d defendant if we would establish our right and that the Government should in the first instance have left us to follow that course. All these declarations are contained in Extract from the Courts Proceedings under date the 9th March 1840. Copy of which has been furnished to us.—

We would have immediately proceeded to establish our rights by a regular course of law in conjunction with all the other Merasidars of the Village had not some of them, thus deprived of their property and destitute of every means of subsistance, gone off to foreign countries, and had not the 2d defendant enticed many to his side by offers of monthly allowances in money and

Fort St. George 5th December 1850

and grain, and by giving lands to be held at a low rent — a temptation, which in their miserable circumstances, they had not in spirit enough to resist. Of the 29 Villages whose sale was invalidated by order of Government all the other 27 except Peroova= =lundan and Temperay have been made over to and are to this day in the enjoy= =ment of the original Merasedars, and our Village was unjustly usurped by the 2d. defendant by an irregular Law Suit and the assistance of the Collector after we had kept possession of it for 6 years from 1831. We therefore now come to law to substantiate our title to our lands, though the other merasidars of the Village have forsaken us. As the Government and the Board of Revenue have failed in their promise of defending our rights whenever they should be brought to the stake, we sue the Collector [1st. Defendant] as their representative. We sue the 2nd 3rd and 4th defendants, as they are the present enjoyers of the Village and should restore our lands to us, and the defendants from 5 to 18 as they have sided with them.—

We

Proposed answer

Plaintiffs Sue for the Recovery of a portion of the lands in the Village of Perravelendan Sold in public auction to the 2d. Defendant in 1823. the 1st Defendant being included in the suit (on the part of Government) on the Score of irregularity in the Sale and want of proper assistance in defence of Plaintiffs rights.—

The transaction for the annual= =ment of which Plaintiffs Sue took place 27 years Since, and tho Subsequently reviewed, the matter was finally settled by decree of the Sudr Adalut dated March the 7th 1834, to which decree 1st Defendant begs to call the attention of the Court, with reference to the Provisions of Section X Regulation II of 1802. as applicable to the present case, which is

Fort St. George 5th December 1850

is a mere revival of one already disposed of by a competent tribunal. In answer to the plea of irregularity in the sale of their lands urged by Plaintiffs, the 1st Defendant conceives this point to be set at rest by paras 7. and 24 of the decree above referred to, the latter confirming the opinion expressed by the Provincial Court in the former, that "there is no proof that the sale was not perfectly fair" and in paras 5 and 28, the non-inclusion of Plaintiffs' in the original suit (on which point they now lay such stress) is declared of no consequence as affecting the decision of that suit, in which 2d Defendant was Plaintiff versus the Government in behalf of the present Plaintiffs, who by the omission of their names as defendants, were saved all costs attending the prosecution of the suit. Clause the 4th Section XVII Regulation II of 1802 prohibits the trial of any suit "if the cause of action shall have arisen twelve years before any suit shall have been commenced on account of it," or a claim "preferred within that period to a Court of competent Jurisdiction to hear such complaint."

Twenty

Fort St. George 5th December 1850

Twenty Seven years have elapsed since the sale of the lands which Plaintiffs now sue the annulment of, and thirteen since the final decree of the Sadr Adalut, during which period no suit has been commenced "or claim preferred to a Court competent to decide the same, consequently the 1st Defendant prays that the Plaintiffs may be nonsuited either under the provisions of Section X Regulation II of 1802 or under the "Statute of limitations" unless the Court consider a mere petition presented more than 10 years since to the Sadr Adalut as a Claim preferred to a Court of Competent Jurisdiction to hear such Complaints.

the Governor in Council the accompanying letters from the Collector of Tanjore dated the 13th and 26th November 1850 with enclosures consisting of translation of a Plaint filed in the Sub Court of Combaconum for the recovery of certain lands in the Village of Perevelendan sold by the Collector in 1823 on account of Arrears of public Revenue and of draft of proposed Answer.—

2. The action is brought against the present holders of the lands and a number of the former Merrasidars, the Collector having been included on the ground of an irregularity in the sale and for not rendering the Plaintiffs his assistance in defence of their rights. The Plaintiffs urge that the arrears on the land in question which accrued between the years 1802 and 1819 should have been written off under orders from the Honorable Court in a letter to the Collector dated 1st July 1819 that the sale was annulled by an order of Government 11th July 1826, that the Merasidars of the Village of Pereavalundan including

Fort St. George 5th December 1850

[including plaintiffs] were put in possession of their lands under an order issued by the Board 21st August 1830 under instruction from Mr. Governor Lushington that Plaintiffs were not absent from the District as as improperly represented by Mr. Kindersley the Principal Collector in 1833, that on the Decree of the Sudr. Court in Appeal Suit No. 10 of 1835 they were ousted from possession of their lands without precept of the Court, that they subsequently presented a Motion to the Sudr. Court requesting a reversal of their Decree but that the Court declared that not having defended the original Suit they must take the consequences on which they would have immediately proceeded to establish their rights by a regular course of law in conjunction with all the Merasidars, but some had gone to foreign Countries and many had been enticed away by the present holders of

of the lands to their side.—

3. In the Draft of the proposed Defence the Collector urges that the Sale, the annulment of which is now sought by the Plaintiffs took place 27 years ago, that the matter tho' subsequently revived, was settled by the decree dated 7th March 1837 of the Sudr Adalut in A Suit No. 10 of 1835 or 13 years ago and the plea of irregularity of Sale has been set at rest by paras 7 and 24 of that Decree— He therefore prays that the Plaintiffs be nonsuited as the Suit cannot be revived under the provisions of Section X Regulation II of 1802. nor under those of Section XVIII of that Regulation unless the Court consider a mere petition presented more than 10 years ago to the Sudr Adalut as a "claim preferred to a Court of Competent Jurisdiction to hear such Complaints".

4. The Board are of opinion that the proposed is a good and sufficient Defence and they request that authority be granted to the Collector to put in his Answer and to conduct the Defence at the public cost.—

Inloan. 11th Novr. 1850.

I am directed by the Court of Wards to acknowledge the receipt of your letter of the 18th October 1850 enclosing an advertisement for publication in their Office of a sale of Land belonging to a Fish rent defaulter in the

P. 336 of Vol I published at Madras in 1843. " Decrees of " appeal Suit " in the Court " of S.A."

the Shevagunga Zemindary—

2 The Court of Wards observing that in appeal Suit IV of 1822 before the Suder Adalut, that Court stated "that the power of a Manager are co-ordinate with those of a Zemindar as to the realization of rents of Estates" made a direct reference to that Court and were informed that the ruling in the above Suit must be taken as the Authority for disposing of the case in question.

3. The Court of Wards therefore see no necessity for the Collector taking the sale of these lands into his own hands or for their being advertized at the Board's Office in the same manner as Ayen land to be sold for arrears. It will be sufficient for him carefully to see that the Manager complies with the terms required from a Zemindar under Section III Regulation V of 1822.—

enquiry was instituted and the result thereof reported to the Assistant Magistrate Independent of which the Monigar of Nerinjepett now reports to me, that having been informed that a Musulman who carried piece goods to Muddoor Chennapatam was carried away by a Tiger on the 23d. Instant, he inspected the spot, but Could not find the Corpse of the deceased, whose name he states is also unknown to him.

During the course of 25 days four lives were thus lost by Tigers in the above Jungle of Nerinjepett and Travellers are now afraid to pass that way. From the same cause much difficulty is now experienced in remitting to the Talook Cutcherry of Bhawany the Kist money of Cauveypoorum &ca. Villages, and when peons are sent to that part of the Talook on any urgent affairs, a delay of somedays is occasioned as they cannot go safely or alone.

In my Anzee of the 30th April last, No. 333, I recommended that the Jungle

Fort St. George 5th December 1850.

Jungle on both sides of the Road should be cleared to an extent of about 20 fathoms, and also submitted a memo of charges required to be incurred for the purpose.

If the Jungles are not cleared as recommended by me, no travellers in future will pass by that Road and there being no other road, people will suffer much. Under these circumstances, it appears to me advisable that until the Jungle be cleared 12 Shekary peons with Muskets, Gun powder, and Bullets Should be Stationed on that road, Viz. Six at Nerinjeepett, and six at Navaputty in order that each detachment may escort passengers for 6 Miles from their respective Stations. This Arrangement will facilitate the despatch of the Public business also. I will await your orders on the subject.

2. In their Proceedings of the 14th March 1850 the Board of Revenue granted Authority to the Acting Principal Collector to disburse for the period of one year the Extra sum of Ten Rupees above the maximum reward for the destruction of Tigers, but it would appear that this is not found sufficient to remedy the difficulties complained of which can only be effected by an immediate clearing of the Jungle. The Acting Principal Collector has therefore instructed the Tahsildar to commence cutting the Jungle and requests sanction for expending 200 Rupees from the Surplus Chuttrum Funds to clear this and similar localities.

3 With reference to the concluding para of Extract Minutes of Consultation 26th September 1850 Department Public Works the Board recommend that under the circumstances represented by the Acting Principal Collector Sanction be granted for the disbursement of the above mentioned sum from the Surplus Chuttrum Funds.

From the Coll. of Canara ... S.

Sir,

Reporting upon the present limits of the Cantonment at Mangalore with reference to the letter of the 8th July 1850.

I have the honor to acknowledge your letter of the 8th July having reference to the present limits of the Cantonments within this District.

2. The illness of the Commanding Officer of Mangalore and his subsequent departure has been the cause of my delay in addressing you in reply.

3. The only Cantonment in this district to which any distinct limits have been assigned, is, as far as I am aware, that of Mangalore.

4. From the time when it was first marked out by the Commissioners in 1821 a certain quantity of private landed property was included within its limits. From this circumstance no inconvenience is at present experienced. The public and private lands are with the exception of a few square yards accurately known. All that is not actually required for public purposes is already occupied, so that no difficulty is likely to arise from applications being made for land within its limits.

Should

Fort St. George 5th December 1850.

5. Should the Board however consider that a fresh arrangement is desirable limiting the Cantonment to the lands occupied for Military purposes this can be done without much diffiently.

31st October 1850. 6. I have the honor to annex a letter from the Officer now Commanding Mangalore who recommends that three houses generally occupied by Military Officers should be included within the Cantonment. The only effect of doing so would I believe, be to give the Military authorities some controul over the rent demanded. The houses are all private property the sites of two are held on perpetual lease from the owner of the Estate on which they are placed the third is held by the owner of the house under grant direct from the Government.

2379 of/50.

I am desired to forward to you a Petition from Bungaroo Iyengar of Caroomboor requesting that his associate in the Office of Monigar of the Village may be withdrawn, and the appointment held by himself alone.-

2. It appears from the Acting Collector's Endorsement on Petition 855 of 1850 that the Meerassy right of the Petitioner has been admitted, and that he was appointed joint Monigar with the incumbent Narrainen, who was continued in Office, in consideration of having held it for "a length of time."-

3. Narrainen died in 1848, and his adopted son Ramasamy Iyen was

appointed to succeed him at the Immunabundy of Fusly 1258.-

4. Petitioner declares that Ramasawmy Iyen is a boy of 10 years old and that the Beriz of the Village in Fusly 1259 was 1,800 Rupees.-

5. You are requested to state the correctness or otherwise of these assertions, and whether in your opinion the Village requires more than one Monigar for its Superintendence, for from the tenor of the remarks in the Endorsement it would seem that it was not intended to recognize after Narrainen's death, any claim vested in his previous incumbency.-

6. I am directed to point out that an irregularity appears to have occurred in the payment to Narasemiah of a moiety of the Emoluments after the death of Narrainen.- Subsequent to this event, & until another Monigar, if considered necessary, was formally appointed Petitioner should have been considered as solely performing the duties of Monigar and

To The Collector of Chingleput.

In Dr Cons 9th Dec 1850

With reference to Mr Fullerton's application forwarded with your Endorsement of 5th December 1850 requesting leave of absence for one Month under section XI (amended) of the Absentee Rules to visit the Presidency on private affairs. I am directed by the Board of Revenue to inform you that they are precluded from submitting the same for the sanction of Government as the Collector has but recently joined and there is no other assistant in the District. The Board also consider it desirable that, at the season of the year when the Settlement is approaching, Officers should not be absent from their districts except for urgent reasons.

The deceased had left no heirs besides her husband who is said to be residing in the Bellary District and also one Chinna Soorappah adopted son of the father of the deceased.	They are reported to earn their livelihood moderately. Chinna Soorappah is in the enjoyment of a separate share of Bhatavritty Enam, of his adoptive father including that of his natural father amounting to Rs. 124-10-0	It appears from the Proceedings in this case that the lapsed Enam had been bestowed in gift 10 years ago to the deceased Venkammah by her Father's adopted Son Chinna Soorappah for her support this portion of the Enam amounting to Rupees 14-4-4 is claimed by the adopted Son to whom the whole share of his adoptive Father reverted. Recommended that the lapsed Enam be continued to Chinna Soorappah.

The Collector proposes to resume this Enam as there are no heirs of the last holder Bagum Sutchmy. The Board are however disposed to favor its continuance to her Foster daughter Baulee as it is stated that she has no other means of subsistence and because they conclude that from her age (50 years) she is incapable of earning a livelihood.

No. 252 Kyrateé Enam.

The deceased B. Cansemmah was in enjoyment of the greater share of 61—1—7 in value Rupees 88—5 in this Enam. In the absence of near relatives the Collector proposes the resumption of that share with the exception of the land in Calagota A. 0 C. 15 As. — in value Rs. —14—10 which he proposes to continue to the claimant Amarum Buttoo on the ground of its entry in his Grand father's name in the Pymash and Enamity Accounts. In this case it is observed that Chinna Soruppa 10 years ago alienated by gift to his adoptive sister Venkumah the portion of the Enam which has now lapsed by her death and which he now claims. The Collector recommends that it may be allowed to revert to him and the Board see no objection thereto.—

It is stated that the adoptive father of deceased obtained succession to this Enam on being adopted by the 5th Cousin once removed of the individual named in the Pymaish and Enamity Accounts. and the present claimants the deceaseds adopted son. The Collector suggests that the Enam be resumed as such repeated succession in virtue of adoption seems objectionable. The Board recommend the resumption of the Enam on the death of the widow of the late incumbent.—

your letter of the 7th Instant requesting me to state for the information of the Board of Revenue the nature and extent of Anna Pillay's association with his brother in the duties of Curnum in the Villages of Chittoor in Cauveripauk Talook and on what grounds I recognize it as Official within the intending of Regulation IX of 1822 -

2. Tiruvengada Pillay is the registered Curnum of the Village, having been so registered in Fusly 1258, but both before and after that registration, he and his brother Anna Pillay jointly and equally performed the duties of the Curnum's Office, wrote and signed accounts and gave them into the Talook Cutcherry and were to all intents and purposes joint Curnums of Chittoor and several other Villages. Up to Fusly 1257 the name of Shasha Pillay father of these two persons was still borne on the register, though he had been dead some years - It is the general practice in this District, and in all others, I believe where meerasy right in the Office is recognized for parties other than the registered Curnum to do the duty, either in turn according to their shares in the Meerasy, or jointly with him -

I have the honor to reply
to

the further information required by the Board relative to the land entered in the joint names of Attyacharry and Sengada Tamboovan

to the orders of your Board in regard to the sale of certain land held by the indiviuduals Attyacharry noted margin=ally, which are continued in the Boards proceedings dated 7th instant

Sengoda Tam=boovan
2

The instructions in this matter received from the judicial authorities were issued by the Sub=ordinate Judge They were founded on a Razeenama filed between the Ap=pellant and Respondent in a suit on the file of the Subordinate Court, the Original of which was instituted before a District Moonsiff. These parties are the indiviuduals now in pos=session of the land which it is proposed to sell and the Raseenama entered into between them went to declare that the land in question should be shared equally the one taking the half to the East, the other that to the West of the holding.

13th May 1845

3. The Subordinate Judges instruc=tions were to the effect that the Col=lector should pass a putta in the names of the parties for the lands specified in an accompanying Yadasht to which requisition no objection was raised

raised by my predecessor.

4. In conformity with the request made in a Petition to this Court by the 24th April 1849 Appellant Attyacharry, the Subordinate Judge subsequently requested that a separate Putta might be passed in that individuals name should there be no objection to such a course.

7th May 1849 5. It was intimated in reply that a separate Putta could not be so passed as being contrary to the rules of the settle=ment and it was also stated that an endorsement to the same effect had been given to Attyacharry in the Collectors Office. No further communication has been held with the Court up to the present date. No division of the land has been made with or without the con=currence of the revenue authorities, but on a complaint urged by Attya=charry that he had left his half un=cultivated and would not pay the Teerwa to which it was liable, because he was not in possession of a fair moiety of the holding, it was ascertained by the local Hasildar, by actual measurement that his assertain was unfound=ed.

6- Inasmuch that decision by the Civil Court of the District have recog=nised the power of the Collector to act upon and enforce the rules of the Sanc=tioned Hoobunnama, which in respect of the Subdivision of fields, acknow=ledges those only which were entered in the Jummabundy accounts prior to fusly 1241, it seems to me obvious, the fields under notice not having under=gone division either before or subsequent to that period, that the entire holding is answerable for the revenue dues payable by one or more of any number of joint occupants, and consequently that it should be sold, unless the balance be discharged by one or the other of the persons interested in it.

(23-24) Proceedings thereon. The case reported upon in the foregoing letter is of a peculiar kind, and demands further consideration.

2. The land which it is proposed to sell appears to have been divided between two parties Seengoda Tumberan and Attyachavy.

From Ft. St. George 9th December 1850

Attyacharry, through the intervention of the Courts. One party taking the half to the East and the other that to the west. Upon the complaint of one of the sharers Attyachavy, that he was not in possession of a fair moiety it was ascertained by the local Tahsildar by actual measurement, that his assertion was unfounded. Nevertheless this individual re=fused to cultivate his land or pay the teervah and the question now is whether Seengooda Tumberan who has cultivated and paid the demand upon his own share of the divided property is responsible for the teervah due on the portion allot=ted to the defaulter.-

3- If the entire holding is small, and will not admit of a divided occupation the whole land is

is certainly liable for the Govern=
=ment Demands; but if otherwise it
seems to the Board to be harsh to

B. No. 3125.

Sir,

From the Acting Collector of Tinnevelly
Reporting on the results of the Chanks Fishery for Fuslies 1258 and 1259.

With reference to Extract from the Proceedings of the Board of Revenue dated the 11th Instant I have the honor to report on the results of the Chank Fishery for Fuslies 1258 and 1259.

2. From the accompanying Statement it will be observed that the No. of Chanks fished in Fusly 1259 exceeded the number in 1258 by 10805 and that the number fished in Fusly 1258 was 15096 in excess of those in the previous Fusly 1257. It will also be observed from the margin that the number obtained in each Fusly since the Fishery has been conducted under Annamy commencing with Fusly 1256 has been in excess of the preceding-

Fusly 1256 —	5,25,590-
" 1257 —	539,394.
" 1258 —	5,54,490.
" 1259 —	5,65,295.

Prices-

Fusly 1256 —	61-4 a per 1000 good Chanks
" 1257 —	37-8 a per Do.
" 1258 —	36-4 a per Do.
" 1259 —	27-8 a per Do.

3. At the same time there has been a continual depreciation in the value of Chanks as shown in the margin, and

Fort St. George 9th December 1850

and the Beriz has consequently been decreasing every year and consequently the net revenue after deducting from the Beriz the Charges composed of pay of Establishment and Divers share.

Fuslies-	1256-	1257-	1258-	1259-
Beriz	30,613	10 8	18,973	10 18,336 - 3
Deduct Charges	10,413	13 3	10,508	7 9 10,463 7 1
Net Revenue	20,199	13 5	7,464	10 1 7,872 9 2

14,000 5 5

10,625 11 3

3,374 10 2

4- From the account Particulars of Charges for Fuslies 1258 and 1259 now under report which were submitted to the Board of Revenue on the 4th October 1849 and the 7th Instant respectively and the abstract Statement in the margin, it will be seen, that a decrease of Rupees 132- 3 in Fusly 1258 and a very trifling increase of Rupees 15- 2 in Fusly 1259 have occurred in the amount of Sibbendy & Co. Charges -

	Sibbendy & Co. Charges	Divers share
Fusly 1257-	836 11 11	9,871 13 10
" 1258-	504 11 8	9,958 11 5
" 1259-	505 10 10	10,120 " 5

5- Under the head of Coodewarem or Divers share an increase has occurred in the Charges of Fuslies 1258 and

Fort St. George 9th December 1850

1259 above those of the years immediately preceding owing to the increase in the Number of Chanks fished in those years.

6- The revenue realized in Fusly 1258 amounts to Rupees 18,336-0-3 and that in Fusly 1259 to Rupees 14,000-5-5. From these sums deducting as above shewn the charges incurred during those years amounting to Rupees 10,463-7-1 and 10,625-11-3 respectively, the net Chank Revenue stands at Rupees 7,872-9-2 for Fusly 1258 and at Rupees 3,374-10-2 for Fusly 1259-

B. No. 3062 - From the Collector of Tinnevelly } Reporting the death on the 21st Ultimo of the Zemindar of Sorandy -

Sir,

I have the honor to report the death on the 21st Ultimo of the Zemindar of Sorandy - He has left 3 surviving widows named Annapooranavadewoo Nacheyar, Oolagoo Nacheyar and Thunganny, of whom the first two have no Children, while the third has a son named Sevanoosaloovakuttary Taven, now in his 19th year as appears from the Horoscope produced by him, shewing that he was born in A. D. 1832 - There are no arrears against this Estate which pays an annual Peishcush of Rupees 700 -

The

Fort St George 9th December 1850

2. The young Zemindar appeared before me and requested that he might be put in possession of the Estate. The 1st and 2d Widows of the deceased Zemindar addressed a communication to me dated the 22d October last stating that under an engagement made in their favor by the late Zemindar on the 29th October 1831. they are entitled to become Proprietors of the Estate on his demise, but, on the 15th Instant they forwarded another communication stating that they had consented to the recognition of the son of the 3d Widow as Zemindar in consideration of having 30 Candy Seed Cottahs of land belonging to the Estate assigned to them for their support.

3. The Tahsildar of Tencausey has submitted to the Hoozzoor an Enquiry No. 10 under date the 20th Ultimo, accompanied by the accounts brought forward by the young Zemindar, reporting that the deceased has left no ready cash but some jewels and Utensils worth Rupees 130 and that his debts amount to Rupees 7,043.—

4. Under these circumstances as the young man appears to be of sufficient age and discretion

R. No. 2983
From the Asst & Collr of Coimbatore....
Communicating with reference to the Board's Proceedings of the 8th May last that

Sir

In extract from Board's Proceedings of the 8th May 1830 the Board in para 8 ask "whether the Guzzelutty Choultry is supported from Pagoda Funds, and whether

that the Choultry at Gazzelehutty is supported from public and not from Pagoda funds, and requesting permission to establish an English school in the Town of Coimbatore at 600 Rupees per annum from the Chuttrum Funds.—

whether a Hospital might not be endowed in connection with it." On the 1st point I beg to refer the Board to para 10 of my letter to the Department of Public Works dated 1st June 1830 from which it appears that the Choultry depends on Public Funds not from Pagoda. On the 2d point a Hospital would hardly be practicable or useful in such a locality even with a large Establishment with a Dresser and Medicines. The Choultry is used by Travellers who find heavy Jungle as a temporary Shelter but there are very few Villages or residents near it; as a Choultry it is highly valuable and has lately been repaired and is now conducted under the scale laid down in the orders of Government of the 20th September 1830 No. 907.

2 In this and in the Salvady Choultry both now supplied there will accrue to Government a saving of Rupees 997 7 " annually if Government would permit an English School out of this surplus at 60 Rupees per annum (or 50 Rupees per Mensem for

for a School Master) it would be an essential benefit to the whole District and one much desired by the Inhabitants, who have expressed such a wish to me and I need hardly add that I should give my constant and careful attention to it There would still remain a clear annual surplus to Government of Rupees 397 7 " and the two Chettrums kept up at 108 Rupees each per

by the late pe- arrangement of the Chettrums.—

3 Perhaps not less than 50 or 70 Rupees × per Month would secure an efficient English Teacher, but several Inhabitants of respectability profess their willingness to make up 10 or 20 Rupees more by a payment of 1 Rupees per Month for each Child, a plan which would stimulate the Teachers activity, while it also increased the interest in the School, a benefit for which something is paid being ever more valued and used, than one purely gratuitous.—

Proceedings thereon. The Board of Revenue apprehend that until the general question of Education now under the consideration of Government has been decided it would be premature to lay before that Authority the Acting Principal Collector's proposal for the employment of a Schoolmaster for an English School at Coimbatore, especially as his salary cannot be defrayed from the Chettrum Funds as the accounts have been finally adjusted.—

Bd. No. 3150
From the Ag. Pl. Collr of Coimbatore

Sir,

I have the honor to forward a Statement of Cotton Cultivation in this District in Fusly 1259 / 1849/50 prepared in the form received with the Board's Letter of the 25th July last.

2. The extent of Cotton Lands in the present year amounts to 113558 3/16 acres assessed at Rupees 131 632 . 2 . 5. and bearing a demand of 121970 . 10 . 9 .

3. The estimated quantity of produce is 32,152 Candies of Seed Cotton, of which about 10,540 Candies were consumed by the Growers, the net quantity brought to the Market being 21,612. Of this 12,550 Candies of Seed Cotton or 2951 1/2 of wool, were exported as exhibited in the Margin and the residue 9,062 are on Stock.

	Candies
To Bombay	1320
" Madras	270
" Salem	749
" Tinnevelly	400
" Madura	100
" Calicut	112 1/2
	2951 1/2

4. The price paid for a Candy of wool by the Home Merchant, was Rupees 50 and that obtained by him from the exporter, was 52 Rupees.

5. The diminished exports are attributed by the Bombay Native Merchants here to a want of fair demand in that Presidency.

Coimbatore, 29th November, 1850.

Madras, 3d. December, 1850.

No. 1

To, J. A. Rudleston Esqre
Collector of Madras.

Sir,

I have the honor to report, for the information of the Board of Revenue, that the Sales of Salt for Inland Consumption in Fasly 1259 amounted to G. 2,419-90-- or to an average of G. 201-250-- per mensem, but the sales between the 12th July last and the 30th ultimo amounted to G. 1263-220-- which gives G. 280-300- per mensem. The quantity required for that purpose during the ensuing season may therefore be estimated at

at Garce 280 per mensem, and, at that rate, the supply necessary for 16 Months, or from 1st December 1850 to 31st March 1852 when the newly manufactured Salt of the said year may be expected to arrive will be ——— Garce 4480-- --.

To, W. A. Bayley Esquire
Secretary to the
Board of Revenue.

Sir,

B. No. 2973. From the Superintendent of Stamps

With reference to the letter from the Register to the Court of Sudr Udalut dated 17th July 1850 furnished with your Board's Proceedings of the 11th Instant, I have the honor to represent for the consideration and orders of Government, that under the opinion of the Sudr Udalut as contained in para 4 of the letter above referred to a large amount of the refunds made in the several Zillahs on account of Stamp duty under the provisions of Act No. XVIII of 1848 as heretofore construed, will probably come under retrenchment. I would therefore solicit instructions whether retrospective effect should be given to the construction communicated by the Court in reference to the refunds made since the above Act came into operation.

2 With regard to the correspondence noted in the margin, I have also to request that the authority of Government may be obtained for the proposed new form of Certificate being printed at the Government Press as before, with the headings in English and in the Native languages and furnished to the Court of Sudr Udalut for distribution, as was done in the former occasion; I beg to enclose a copy of the Certificate as now revised. I Signed I A. F. Bruce Supt of Stamps

Proceedings thereon (48-49)

Resolved that the letter above recorded be submitted for the orders of Government with reference to Extract Minutes of Consultation 23d October 1850 and its enclosure.

In Cons: 11th Nov 1850.

2. It does not appear to have been intended to give retrospective effect to the construction of the Sudr Adalut on the three questions adverted to in para 1 of their Registers letter to Government 17th July 1850 and the Board recommend that notice be given accordingly to the Audit Office and thro' the Sudr Adalut to the several Courts if necessary.

3. They also recommend that the requisition contained in para 2 of Mr Bruce's letter may be complied with.

Proceedings thereon. The letter from the Collector

In Cons. 25th March 1849. of Bellary dated 15th March 1849 respecting the operation of the Salt Monopoly in his District, being a reply to the Board's Circular of the 17th July 1848 should not have been entered in the above List. Mr Pelly will be so good as to omit it in future.

31st Octr in Cons. 5th Decr 1850 under Regulation IX of 1822 in the District of Madura during the Month

2 of October 1850.

B. No. 2564.

Proceedings thereon. In the first case recorded in the foregoing Return it would appear that Peravarungandan Modelly and Chinnagoundan

16584 Fort St George 12th December 1850

Chinnagunda Moodelly Curnums of Nullamanaicken Cotah were each charged with the offence of "Fraudulent omissions" in account, coming within the 4th Class of offence defined in Clause 2 Section II, and also with "receiving bribes" coming within the 1st class of offence enumerated in the same clause. The first of these individuals seems to have been convicted of both offences and the second apparently only of "Fraudulent omissions" but this is not stated as distinctly as it ought to be.

2. In cases similar to the above the Collector is requested to distinguish in future, in Column 6 of the Return, the exact offences of which each party has been convicted.

From Secy to Government calling for further information respecting certain items in the accounts of the Collector of Masulipatam for Fusly 1254 retrenched by the Govt Auditor.

Extract from the Minutes of Consultation Revenue Department under date the 30th November 1850

Read the following Extract from the Proceedings of the Board of Revenue.

/ Here enter 24th October 1850 Nº 4143 /

The first two items

Fort St. George 12th December 1850

Nº 12 Refunds of Moturpha in Fusly 1253 Rs 3,489-8-
" 13 Dº in Fusly 1254 " 2,579-8-

items of the charges retrenched in the accounts of the Collector of Masulipatam for Fusly 1254.

comprise remissions allowed to the ancient Zemindars in that District on account of Moturpha resumed and collected by Government which formed the subject of the correspondence noted in the Margin, In the letter to the Board of Revenue dated 29th November 1822 the Government sanctioned the arrears of remission on this account from Fusly 1212 to 1231 amounting to Rupees 134,686-3-6. and an annual remission to the amount of Rupees 6,717-8-. from Fusly 1232 according to a Statement Nº 3 furnished by the Collector with instructions that this remission should not be extended to any Estate which did not remain in the family of its ancient Proprietor.

From ——— Dº ——— 14th November " 557
To ——— Dº ——— 29th " " 752

2. The amount of remission, it is observed, has

has since been much reduced owing no doubt to several of the Estates having passed out of the families of the ancient Zemindars, when by the terms of the grant the remission was to cease. The Civil Auditor has admitted in his recandid of the accounts for Fusly 1254

1	V. Rawakistnarow Zemindar of part of Gummulvoy and Madoor Ghutt per annum Rs 63--	--
2	V. Lutchemedavanah Zemindar of Gummulvoy	217--
3	M. Soobaraidy Apparow Zemindar of Noogeed	962-8--
10	Lale I. Pampanahrow Zemindar of Chanoo Gundah	17-8--

the sums entered as Nos 1-2-3 and 10 in the account particulars furnished by the Collector, but has taken exception to all the other payments on the ground that the parties to whom they were made are not those in whose names the remission was originally sanctioned. For these the special sanction of Government is in consequence required by the Audit Office, as well as for the continuance of the remission to the present incumbents whose names are specified in the Collector's Account particulars

3 The explanations furnished by the Collector in the last column of the account

account particulars of Moturpha remission paid in Fusly 1253 No 1 meet in great part the objections of the Civil Auditor, and as the authorities thereon quoted in support of the allowance to the present recipients have been verified in the office of the Board of Revenue, the Right Honorable the Governor in Council grants the requisite sanction for the actual disbursements in Fusslies 1253-54, and 55 as per accounts particulars

1253 Rs	3,489 - 8 -	--
1254 "	2,579 - 8 -	--
1255 "	2,248 - 12 -	--

Nos 1-2-and 3 as well as for the subsequent payments to Fusly 1259, to obviate future retrenchment in the accounts of the Masulipatam District.

4 There are however two or three points which require explanation and these the Government will briefly notice. It appears from Para 1 of the Collector's letter of the 4th October 1850 that of the sum of Rupees 388-8-- per annum originally allowed to S Venkatapatyrow Zemindar of Mylavaram, only one half is now paid to him in consequence of a division of the property between the Zemindar and his Brother. It does not however appear

Fort St George 12th December 1850

appear to the Government why the remain-
-ing moety should not be drawn by the brother
and they would wish to be informed of the reason

5 In the Collector's remarks
in the last column of his account particulars
№ 1 no explanation is afforded regarde-
-ing № 13 included in
the Civil Auditor's re
-trenchment. The number
in Mr Lane's list dated

13 V. Venkataramma Gopaul row
Zemindar of a part of
Gummulvoy and Madoor
Glutt -- Rupees 21 - - -

12th August 1822 corresponding with the
above is 15 V. Cheenuvaramma Row Pargue
of Ongole for Rupees 21 per annum but it is not
stated who the present incumbent is,
or how he came to the possession of
the property, as explained in the
other cases. The Board will instruct the
Collector to supply this omission.

№ 20 in Mr Lane's List

6 In regard to № 10 in
the Collector's present account particulars
№ 1 the late J. Punyanarayanarow, the Zemindar
of Chanchundah, the Government desire
to know when this individual died
and whether the remission of Rs 17-8-
per

Fort St George 12th December 1850

per annum enjoyed by him continues
to be paid, and if so, to whom and on
what grounds.

7 The Board would be
pleased to state after communication
with the Civil Auditor on the subject
whether it will not be sufficient for
the purpose of Audit to require the Collector
to report through them for the information
of the audit office, all changes in the
succession to the ancient Zemindaries
for which Moturpalra remission is now
allowed to the Proprietors, specifying
the name of the party, and the relation-
-ship in which he stands to the deceased
holder. This course would probably remove
objections similar to those taken to the
repeals now sanctioned.

8 On the receipt of the in-
-formation called for in the preceding
paras the Governor in Council will be prepared to
grant the requisite authority for the continuance of
the remission in the several cases specified in the
Collectors Accounts particulars from Fasly 1209 for which
year that Officer should be required to furnish a
fresh

fresh List, noting in it any changes which may have occurred since Fusly 1256.

No 52 Allowance to the family of the Zemindar of Vinnacottah and Goodewadah Paid in Fusly 1254 Rs. 7,375.

9 The Board will require the Collector to furnish within a fixed time an account particulars of the disbursements made to C. Panjuah Row the late Zemindar of Vinnacottah and Goodewadah, and to the other Members of the family in Fusly 1254, as well as for the subsequent years until the Zemindar came into the receipt of the Pension of 12,500 Rupees per annum granted him for life under orders of the Honorable Court communicated in para 23 of their despatch dated 29th November 1848 No 17.

Sir, With reference to your retrenchments in the Accounts of the Collector of Masulipatam for Fusslies 1253-54 and 55 on account of Motunpha Remissions granted under the general sanction of Government dated

In Cons. 12th Dec. 1850

dated the 29th November 1822 and to para 7 of Extract Minutes of Consultation of the 30th November 1850 on those retrenchments. I am directed by the Board of Revenue to request that you will state whether it will not be sufficient for the purposes of Audit to require the Collector to report this this Office for your information all changes in the succession to the ancient Zemindaries for which Motorpha Remissions are allowed, specifying the name of the party and the relationship to which he stands to the deceased holder and whether this course would remove objections similar to those taken in the instances of the retrenchments under reference.

Extract from the Minutes of Consultation in the Revenue Department under date the 2d December 1850

Read the following letter from the Secretary to the Board of Revenue

(Here enter 18th November 1850. N° 471.)

The Right Honorable the Governor in Council agrees with the Board of Revenue and the Acting Collector of Tinnevelly in considering it under present circumstances unnecessary to take the Woothoomaly Zemindary in that District under charge of the Court of Wards and he therefore approves of and sanctions the continuance of the Estate in the Management of Perearndighy Natcheyar the widow of the late Zemindar for and on behalf of the Minor Son Yerroodeya Aulia Manoodapah Tavenden on the understanding that the Acting Collector will keep a watchful eye over the property and interpose promptly whenever there may be reason to suspect mismanagement or misappropriation of its revenues.

B. No. 2596.

To the Chief Secy. to Government.

In Cons. 26 Augt. 1850.

A reference having been made in this Office to case No. 230 entered in the Tabular report of lapsed Enams from the Collector of Cuddapah dated the 26th June 1850 submitted to Government with the Board's remarks of the 26th August 1850 in disposing of Petition No. 2010 of 1850 from Verdacharloo the 1st Claimant named in that case it was found that in submitting the above Tabular Report to Government, the recommendation of the Collector in favour of the claimant named Vovoor Prasuma Charloo who was in possession of a field No. 180 consisting of A 6 0 — 17 8. valued at Rupees 3—3—1 holding it under a Deed of Gift mentioned in the Cymash Accounts has been over looked.

I am therefore directed by the Board of Revenue to retransmit the Tabular report in question to Government and to request that sanction be granted for the continuance of this field in the name of Vovoor Prasuma Charloo.

B. No. 3222.

From the Acting Collector of Cuddapah — Reporting for the information of the Board of Revenue upon the defalcation of 8000 Rupees from the Hoozoor Treasury at Cuddapah reported by Mr. Wedderburn on the 21st November 1850 and further Rupees 11000-2-5 under Gybut deposit when the Treasury was examined by the Collector on the 23d and remarking also certain irregularities and discrepancies between the accounts of the Cash keeper and the Head Sheriff.

Sir.

Para. 1. I have the honor to report for the information of the Board of Revenue that notwithstanding a strict enquiry instituted regarding the defalcation of Rupees (8000) Eight thousand from the Hoozoor Treasury reported to you by Mr. Wedderburn in his letter of the 21st Ultimo, I have been unable to trace the person who made away with the money, the particular time or the purpose for which it was appropriated.

2. On taking charge of the Treasury on the 23d of November last a suspicion arose that the amount entered in the accounts as "Gybut" or money debited to Government on account of Salaries of the Taloot Establishment &c. had not been appropriated to the purpose for which it was ordered; an enquiry was instituted and the whole amount in the Treasury

Fort St. George. 12th December 1850.

Treasury examined when a deficiency to the amount of Rupees 11,500-2-5 was discovered, with this sum of Rupees 2,500 supposed to be deficient at the time the Treasury was examined on the 21st instant but surreptitiously replaced in the Treasury on the morning of the 22d prior to the suspension of the Cash keeper and the Head Shroff and states a total deficiency of Rupees 14,000-2-5 this amount added to Rupees 8,000 deficient in the "Aynati" or balance of Cash placed at the credit of Government makes a total defalcation of Rupees 22,000-2-5.

3. The Cash keeper in his deposition states he is unable to account for any part of this deficiency and endeavours to throw the whole weight of odium on the Head Shroff and others, who he states might have abstracted the sum whilst he was absent, he being unwell with fever for four days previous. The Head Shroff in opposition to this statement alleges the money was disbursed by order of the Cash keeper which he entered in his rough accounts.

4. On the discovery of the deficiency of Rupees 22,000 the Cash keeper was

Fort St. George. 12th December 1850.

was ordered to have the sum immediately replaced, which was done in the following manner; Viz.t Rupees 8,000 on the 21st the day on which Mr. Cochrane delivered over charge of the District to the Head Assistant Collector; Rupees 2,500 on the 22d and the remaining 11,500-2-5 on the 25th which was carried into effect under Section VI Regulation IX of 1822, so that the whole amount has been reimbursed to the Treasury.

5. The Cash account of the Treasurer having been Compared with the Bills drawn by the Accountant General on the Treasury of this District together with the receipt affixed to the back of each on the amount being liquidated at the Treasury, there is a discrepancy of 2 and 3 days. Bill No. 1931 is entered as paid on the 1st November but from the receipt on the back it was known that the amount was liquidated on the 4th, shewing that the money was ought to have been in the Treasury 4 days later than that on which it is entered in the Cash Book.

6. It further appears that Bill No. 1753 drawn by the Accountant General in favor of Messrs. Arbuthnot & Co. for the sum

Sum of Rupees 19,000 and endorsed by them in favor of their Agent Mr Saalfelt is entered in the Cash Book as paid on the 17th October 1850; but from the State-ment given by Mr Saalfelt, the amount was paid to him on the 2d November which co-corresponds with the entry in the Sheriff's accounts; this Statement is further corroborated by the deposition of the Peon Hoossain Mohummud who was sent by Mr Saalfelt to receive the amount from the Treasury, and in whose name the Bill was re-endorsed by Mr Saalfelt. It is particularly to be remarked that this Bill is stated to be endorsed to Gonsoomeyah by the Peon Hoossain Mohummud sent to receive the amount. The Bill is drawn at sight in favor of the aforementioned Firm and the said Gonsoomeyah is the Agent of Messrs Amatic Lecot & Co. It is highly improbable that Mr Saalfelt who denies having done so would make over the Bill received from his employers to another Firm, they both being engaged at the same time and at the same place in the purchase of Indigo. Hoossain Mohummud is

is unable to read and write and denies ever having made any endorsement, nor is he acquainted with Gonsoomeyah. Gonsoo-meyah in his deposition stated that he wrote the receipt dated the 17th October for the amount of 19000 Rupees at the re-quest of the Cash keeper but did not re-ceive the money, and as the money is stated by the Cash keeper (and supposing this State-ment to be correct) the amount must have been taken from the Treasury and employ-ed to other purposes than the liquidation of the Bill. An Oomadewar or Volunteer co-named Gundeiow states that he wrote the endorsement making over the Bill to Gonsoomeyah by the order of the Cash keeper. thus a fraudulent endorsement has taken place and have happened after the Bill was presented for payment by Mr Saalfelt through his Peon Hoossain Mohummud on the 2nd November. He (Mr Saalfelt) stated before me on a reference to the Memorandum from his Books that the amount was received by him on the 2nd November, tho' it is stated in the Cash Book to have been paid on the 17th October, the above endorsements from the Peon

Fort St. George. 12th December 1850

pean Hoosain Mohummud must have co
taken place on the 2d November or at a later
date and antidated as the Bill was kept
by Mr Saalfelt until its presentation on
the 2nd November, when the amount was
paid. It is thus clear that the amount
of this Bill has been twice taken from
the Treasury Vyt on the 17th October the
date of receipt granted by Gousoomeyah
and again on the 2d November when co
paid to Mr Saalfelt.

7. In likemanner Bill No
2036 drawn by the Accountant Gene
favor of the same Firm and endorsed to
Mr Saalfelt is stated in the Cash Book
to have been liquidated on the 2d November.
Hoosain Mohummud receiving the amount,
but from Mr Saalfelt's statement the amount
was not paid to him until 9th of the
same month. On examining the Original
Bill drawn by the Accountant General
a fraudulent endorsement seems to have
taken place as Mr Saalfelt endorsed
the Bill to his Peon Madar Saheb
deputed to receive the money, who is stated
to have re-endorsed the Bill in favor of
Mohummud

Fort St. George. 12th December 1850

Mohummud Hoosain, another peon or
servant in the employment of Mr Saalfelt.
A circumstance which cannot for a moment
be credited, neither party being able to read
and write. Bill No 1934 drawn by the co
Accountant General in favor of Mootteyala
Seyshoo for the amount of Rupees 8,000
is stated in the Cash Book to have been
liquidated on the 25th October last, on refer
ence to the Shroffs account and the de
position given by Mootteyala Seyshoo it
appears the amount was paid on the 4th
November.

8. It is difficult to account for
the endorsements upon the two Bills co
drawn in favor of Messrs Arbuthnot and Co.,
but I am inclined to believe the sum of 10,000
Rupees has been twice taken from the co
Treasury in liquidation of the same Bill,
that is 20,000 Rupees for each Bill, and
Rupees 20,000 applied by the Cash keeper
or others for the purpose of discounting
or trading with the Government money for
their own advantage, and the 20,000 Rupees
seems to me to form a portion of the amount
of Rupees 22,000 found deficient. The Shroffs
account shows that Gousoomeyah received
Rupees

1655. Fort St George. 12th December 1850

Rupees 12,500 on the 17th October, 10,000 of which belong to the Bill No: 1753 above referred to. It further appears from the Cash keeper's accounts that Rupees 710 have been debited to Government as the compensation for Tappal remuneration, while in the Shroff's account the amount is only 210 Rupees making a difference of Rupees 500, this latter sum deducted from 12,500 to which must be added the double payment of Bill No: 2036 makes up the total sum of Rupees 22,000, which they had not time to replace on account of the Head Assistant Collector going suddenly to take charge of the Treasury. The amount of Cash would in all probability have been found correct had a short notice been that the examination was about to take place been forwarded. It is usual when Bills are drawn at sight or otherwise that instructions are sent by the Collector to the Cash keeper (at the time of the acceptance of the Bills) to disburse the amount at the time the Bills become due. The Cash keeper knowing the time at which the amount will be required in my opinion has removed the amount from the Treasury at the time such

1657. Fort St George. 12th December 1850

such instructions were sent appropriating it to his own traffic, tho' with no intent of fraudulently appropriating the same permanently to himself.

These fraudulent entries in the Cash Book, at a time prior to that in which the sum was actually paid to the holder of the Bills together with the deficiency found in the Treasury has induced me to retain the Cash keeper under suspension, as his conduct has forfeited the confidence formerly reposed in him, and I consider it requisite, should the Board of Revenue deem it expedient, to remove him permanently from his Office.

10. With regard to the Head Shroff who states that he disbursed the money by the order of the Cash keeper, but whether he was acquainted with the nature of the transactions above stated it is impossible to discover, but I think it is more than probable that he must have been cognizant of it altho' there is no actual proof

of

Fort St. George 12th December 1850

of the fact- I shall leave his case for the consideration and orders of the Board of Revenue and at the same time cannot help remark-ing that had the necessary supervision of the accounts belong-ing to the Cash keeper and Head Shroff been held by the highest native revenue officers entrusted with the entire manage-ment of all accounts such a deficiency could not have taken place, nor would such discrepan-cies have appeared between the accounts of the Cash keeper and the Head Shroff-

11. I am engaged in draw-ing out some Rules for the better management of the Treasury trans-actions which shall be hereafter submitted to the Board of Revenue for their approval and sanction-

No.

To The Honorable The President
and Members
of the
Board of Revenue

30

Honorable Sirs,

B. No. 3223.
From Apprs. Head Sert. Cudd. Depth.
Affording Explanation respecting defalcation of Rs 8,000 and certain other sums in the Shroff's or Treasury at Cudd. Depth.

I most humbly beg leave to present to your Board the following circumstances respecting the deficiency of the Cash discovered in the Treasury of the District.-

1st On the 21st Ultimo Mr. Cochrane when delivering over charge to Mr. Wedderburn a sum of Rupees 8,000 being found deficient in the Treasury Mr. Cochrane said to Sasha-ghery Row the Cashkeeper that he being responsible for the amount he should re-place the deficiency accordingly, the latter made good of the sum. On the same day Mr. Cochrane made a report of the same to your Board. I was not called to be present when the charge was made over to Mr. Wedderburn but Mr. Cochrane after the discovery of the deficiency sent for me and ordered me to exa-mine the cash accounts.-

2. On the same night at about

about 8 O'Clock one of the Goomastahs of the Treasury having informed me that a considerable sum out of Rupees 166-1-5-10 in a chest, which amount was written off the Public accounts and set apart on account of the pay of the servants attached to the Talooke was also deficient that it could not be properly examined on that day which was closed before examining the ready cash; and that the Cashkeeper was endeavouring to replace whatever sum he knew to be still deficient. I immediately sent my Deloyet Mahomed Raza to Mr Wedderburn to inform the above circumstances and to beg him to issue orders to the Sepoy escort guarding the Treasury not to allow any person to take in or out of the Treasury any sum without Special orders who doing so reported me on his return that Mr Wedderburn has been pleased to say that he would issue the necessary orders on the next morning.

Being

3. Being again informed that after 7 O'Clock at N. on the 22nd Idem the said Sashagherry Row came to the Treasury, broke the seal of the Cash Chest as usual and was intending to issue pay to the Talooke servants, I reported it to Mr Wedderburn who thereupon having ordered me to go to the Treasury, cause the Cash Chest to be locked up and seal it with Sashagherry Rows Seal; further ordered not to allow any Cash to pass into or out of the Treasury until further orders; I did so.

4. On the same day Mr Wedderburn after his arrival at the Cutcherry issued a Takeed suspending both Sashagerry Row and Head Shroff of the Treasury respecting the deficiency of Rupees 8,000 and took declarations from them. at the same time the Cashkeeper represented that he must refer to the accounts to enable him to answer the points and the Head Shroff stated that he had only made entries of actual receipts and disbursements in his accounts that if a reference be made to his accounts the truth shall be known and produced the accounts. On comparing the accounts of

the

the shroff with those of the Treasurer there were several discrepancies between them, but on an adjustment of the differences appearing on the face of those accounts there appears a net deficiency on the whole of Rupees 22,000.-

5 On the night of 22nd ultimo Khajah Sheriff the Daffadar attached to the Treasury having informed me that on that morning as the Cashkeeper went to the Treasury he caused certain peons to take along with him 5 Bags of Rupees each containing 500 Rupees and placed it in the Treasury. On the next morning on my verbally enquiring the Peons attached to the Treasury they stated that the Statement of the Daffadar was true. Immediately reported the same both to Messrs Murray and Wedderburn. The said Peons have made declarations before the acting Collector to the same effect.-

6. On Mr Murray's taking charge from Mr Wedderburn on the 23d Idem I was also directed to ascertain them - when a further deficiency of Rupees 11,500 out of that kept apart for the use of the pay of the Talook Servants was discovered to

7. On the following day I waited upon and suggested to Mr Murray that in accordance with Section VI Regulation IX of 1822 it was necessary to issue a notice to the Cashkeeper calling upon him to make good of the amount accordingly that Gentleman having issued a notice directing him to make good of the sum before 12 O'Clock at all on the following day the Cashkeeper produced the amount.

8. An enquiry into the matter was commenced on the 25th Idem, when a searching examination of the accounts were made - and during the trial I continued to submit to the acting Collector as to what questions should be proposed to the party that were examined on the subject, touching the accounts. The examination was closed on the 4th Instant. A Statement of the amount particulars of the deficiency

as

as appeared from the Cashkeepers and the Shroffs accounts was submitted to the acting Collector.-

9- The cause of the deficiency and the discrepancies between the both Accounts as appears from the recent investigation is as follows. Viz.t The Shroff written off his accounts the actual sum disbursed either authorized or not, but in the Public accounts only those Items which were sanctioned, omitting therein such of the sums as were disbursed on the sole responsibility of the Cashkeeper and without authority. Consequently a larger sum of disbursement in the Shroffs account than that in the Public accounts rendered by the Cashkeeper is appearing. In some instances the Cashkeeper written off certain sums authorized by the Collector as actually disbursed on the occasion and obtained receipts from the parties, but there are no corresponding entries of disbursements in the Shroffs accounts of

of the amount thereof for the amount of those Items having been already disbursed on his own responsibility but not on the occasion. Consequently the Shroff did not write off any sum on such occasion. The origin of the deficiency is nothing than the failure of the Cashkeeper in making good of the sum over paid to his friend Gowsoomeah on the pretext of paying the Bills Nos 1753 and 1934 drawn in favor of Mr Saalfelt and Mootteala Sahoo. The particulars and cause of the deficiency will be known clearly on reference to the Statement presented to the acting Collector as alluded to, and to the Proceedings held in the case.-

10- The Particulars of the deficiency stands thus.-

J.

11 I am given to understand that in the report Mr Murray has made respecting the deficiency of the amount that Gentleman has made a mention that from my not having properly examined the accounts of the Treasury there was an opportunity afforded to occasion the deficiency.

12 I have to submit with respect to the mode in which the accounts of the Treasury were examined by the Sheristadars of Kooroor. Viz: Copies of the English reports of the Cash, daily submitted to the Collector as well as that of the Cash reports furnished to the Accountant General every 10 days were invariably sent to my Cutchery, which I used to compare with each other. and at the end of each month the General accounts of receipts and disbursements during the preceding month, were as well sent to my Cutchery and compared with the reports furnished to the Accountant General. Besides I used to call for the Cash accounts of receipts and disbursements, Diary or Shash Amul, and the daily reports whenever it was necessary and to examine them. If there had been any thing in these Accounts to create suspicion I would have called for explanation upon the Cashkeeper, but such has never happened. For all the entries made in such accounts as respects Bills contain the disbursements

disbursements of the actual amount for which the several Bills were drawn. Under such circumstances it would be impossible that any one should know the secret of the malpractice, unless it had been revealed by some one attached to the Treasury. Besides during my predecessors and my time the above method was invariably observed.

13 I am extremely sorry to hear that Mr Murray the officiating Collector has from certain representations made to him both by the Huncharapully Kistna Row the Sheristadar attached to the Sub Collector and Parthasarathy Pillay the English Head Writer who taking the advantage of the censure passed against me by the Government in the matter of endowment to the Chuttrums endeavours to further hurt me without alluding to my having discharged the duties correctly in the matter, and to the services I have rendered in ascertaining from accounts the origin of the deficiency in the Treasury, was that of my negligence in examining the Cash accounts.

In

16628. Fort St George 12th December 1850

In proof of the ill disposition of the party alluded to towards me and their eventual object in doing so is evedent from the said Kuncharapully Kistna Row's being induced to relinquish his superior appointment and to accept the place of my Deputy Madunpully Kistna Row.-

14 I humbly further beg to state that my Petition to your Board in explanation of the subject regarding the endowment to Chuttrum, shall be submitted to your Board in a short time - that the Acting Collector and hope that your Board on a perusal of the same will be pleased to consider me fit object to be exonerated from the censure now passed by Government against me.-

15 In conclusion I humbly pray your Board will be pleased to take the same into your favorable consideration and submit the same to Government with your kind recommendation and support.-

B. No. 3224. Honored Sir,

From the Hd. Sheristadar of Cuddapah - - I most humbly beg leave to state that in the matter of the censure passed by Government against me on account of the endowment for Chuttrum I have prepared a petition to your Board and handed it over to Mr. Murray who I hope will submit it shortly. I implore your honor will be kindly pleased to assist him on the particular occasion.-

I further beg to represent the following circumstances for your honors Notice, respecting the deficiency found in the Treasury. On the 21st Ultimo, when Mr. Cochrane delivered over charge to Mr. Wedderburn as Mr. Murray could not arrive then Rupees 8,000 was found deficient and on Mr. Cochrane's calling upon Sashaghery Row as the responsible person, to replace it he did so. A report of the same was made to the Board on the same day. On the 23d Idem Mr. Murray having arrived and took charge & on an examination with myself, a further sum of Rs. 11500. was found deficient from the sum of Rupees 16641-5-10 kept apart for the issue of pay to the Servants of the Talook's. The next day the

Fort St. George 12th December 1850.-

(the 24th) the Acting Collector in accordance with the Section VI Regulation IX of 1822 issued a Notice to Sashaghery row to pay into the Treasury the sum of Rupees 11,500, the latter produced the sum on the 25th Idem.-

Mr. Wedderburn has on the 22d Idem suspended both Sashaghery row and the Head Shroff and took declarations from them respecting the deficiency of Rupees 8,000. On the 25th Mr. Murray resumed the trial on the subject of the deficiency of Rupees 8,000 and 11,500 and took further declarations from the Treasurer and others and closed it on the 4th Instant.-

The Head Shroff having declared that all the entries of this book contains the actual Receipts and disbursements. Consequently the Accounts of the Treasurer was called in and on comparing them with each other there were several discrepancies between his and the Treasurers accounts as respects Bills. but after all adjustments a deficiency of Rupees 22,000 was written off the account of the Head Shroff over and above what was written off the public accounts of the Treasurer.-

It is further proved that Sashaghery row on the next day Mr. Cochrane delivered

over

Fort St. George 12th December 1850.-

over charge and before Sashaghery row was suspended he caused certain persons to take Clandestinely 2,500 Rs. into the Treasury and to place it there. So the particulars of the deficiency found, stands thus.

November 21st	Found deficient in the Treasury Rs.	8000
" 23rd	Ditto "	* 14,000
		22,000

November 21st Paid into Treasury by Sashaghery row 8,000.

22d Amount which the Treasurer caused to be placed in the Treasury 2,500

25th Paid on Notice 11,500

22,000

* The sum of Rs. 2,500 being replaced on the actual deficiency on the 23d is Rupees 11,500.-

I further beg to represent that from the investigation it was known that the sum of Rs. 2,250 was in the following pretexts used Malpractice by Sashaghery row from at the Treasury from October to 21st November 1850.-

Mr. Saalfelt produced a bill of Accountant General No. 1753 on the 8th October last for Rupees 10,000 which the Collector accepted.-

The treasurer written off Public account Rupees 10,000 on the 17th October as paid to one Gowsoo meah stating that he was the Endorsee of the Bill.-

But

Fort St. George 12th December 1850.-

But it appears from an Entry in Head Shroff's Account of the same date Gowsoomeah that a sum of 12,500 Rupees was paid to the said Gowsoomeah on the same Account, but the receipt obtained from him was only 10,000 Rupees.-

Mr. Saalfelt on the 2nd November having sent his servant Hussan Mahomed with an Endorsement on the bill No. 1753 to pay the Amount to him. But the Treasurer paid the Amount of Rupees 10,000 but written off the publick accounts as if it was paid on account of the Bill No. 2036 which was for another 10,000 Rupees produced by Mr. Saalfelt. This discre-=pancy appears both from the Cash-=Keepers and Head Shroff's Accounts.

Mr. Saalfelt again sent one Mader-=sail on the 9th November to receive the sum of Rupees 10,000 on account of the bill No. 2036 when the Treasurer paid the Amount from the Treasury but did not enter the disbursement in the publick accounts, but which was written off in the Accounts of the Head Shroff.-

So it appears from the above circumstances

Fort St. George 12th December 1850.-

circumstances and from the publick and private accounts, that under the pretext of paying the said two Bills to Mr. Saalfelt 12,500 Rupees has been paid to the said Gowsoomeah a friend of and dealer with Sashagherry row.-

A Bill. No. 1934 for Rupees 8,000 in favor of the Banker Mootteyaloo Sashoo was produced in October last. The Amount thereof appears by the Public accounts to have been paid to the said Gowsoomeah on the 25th October, but in the Shroff's account it appears that Rupees 10,000 has been paid to Gowsoomeah on account of the same order.-

It seems that the said Mootteya-=loosashoo on the 4th November came to Treasury and demanded the Money of the Bill which he had endorsed in favor of Gowsoomeah by order of the Treasurer. Whereupon the Treasurer paid over again the Sum of Rupees 8,000 on account of the bill as appears from the Shroff's account and the declaration of Mootteya-=loosashoo.-

So it is clear that a sum of Rupees 10,000 on the pretence of discharging the Hoondie for Rupees 8,000 in favor of Mootteyaloo Sashoo was paid to Gowsoomeah.-

The said Gowsoomeah on being questioned said that he having had dealing with Sashagherry row granted receipt for Rs. 10,000 at

Fort St. George 12th December 1850.

at his request, but the amount appears to have paid to him by the Account were either by himself or some others taken to the House of Sashagherry row but at all events he did not receive them; and with respect to the Rupees 8,000 on account of the bill in favor of Moottyaloo Sashoo for which amount there is a public receipt, he makes the same Statement as to the other.-

Mr. Saalfelt being questioned as to his having endorsed the Bill in favor of the said Gowsoomeah, he stated that he knew nothing about the Endorsement on the said Gowsoomeah and further stated that he on the 2nd and 9th November sent Hufsan Mahomed and Madarsaib respectively and received the Amount of the two Bills, and that he cannot speak respecting the Endorsement that bears on the Bill.-

In public Accounts an entry of Rupees 710 was made on the 21st October on account of the pay of the Tappaul runners, whereas a sum of Rupees 210 was only written in the Shroff Account so there is a difference of 500 Rupees between these Accounts.-

Sashagherry row states that he being ill he used to go to the Treasury row each

Fort St. George 12th December 1850.-

each day to report to the Collector and at other times he trusted and intrusted the Office to his Shroff and Goomastahs that those individuals should have committed such practices, but that he did not do any thing irregular.-

From the Amount taken from the Treasury on the pretence of having given to Gowsoomeah on account of the Bill in favor of Mr. Saalfelt and the cause of the 2500 Rs. having been clandestinely caused to be placed in the Treasury, the Statement of Sashagherry row is not credible.-

I am sorry that in a zillah such as this where no such unfair dealing was ever practised and such a blame should happen to a respectable family. I have most humbly taken the liberty of representing the existing circumstance for your honors notice.-

Proceedings thereon.-

Before submitting the Report of the acting Collector to Government the Board consider it necessary to call for further explanation on several points which are by no means satisfactorily elucidated by Mr. Murray as well as on

Calling upon the acting Collector of Cuddapah for further explanation respecting the various deficiencies in the Hoozoor Treasury.-

29-32

on those wherein discrepancies appear between his Report and the Statements made by the Head Sheristadar of the District in his 2 Petitions entered above, and forwarded herewith.-

2. The Board consider that the Cash Keeper should be regularly tried under Regulation IX of 1822 and Witnesses examined and depositions taken in his presence. These Proceedings as well as any documents connected with them such as the original Accountant General's Bills Receipts &c. should be forwarded to the Board, with the acting Collector's summing up and judgement on the case for their information. He will of course be at liberty to include the Head Shroff as being charged with one of the offences specified in the Regulation above referred to. The evidence of the Head Seristadar should receive every attention, and the Board here take occasion to observe that if as stated in the Sherishtadar's petition the Nail Serishtadar has been replaced by the Sub Division Sherishtadar an explanation of the circumstances which have led to that exchange should be given by the Acting Collector.

2S

The.

Fort St George 12 th December 1850

3. The Acting Collector will also look back into the accounts previous to October 1850, and report what further discrepancies there may have been lately between the Public Cash account, and the Head Shroff's own account, especially as regards Accountant General's Bills.-

4. The Treasury Shroff should be examined, as also the Goomasta who the Serishtadar states informed him on the night of the 21 st November of the deficiency. It is possible he may have been examined, but no allusion is made to it in the Report, nor to the evidence produced to prove that 2,500 Rupees were replaced in the Treasury the day (November 22 nd) before the Acting Collector took charge.

5. It should have been explained what was the amount entered in the accounts as "Gylut" or debited to Government for Talook Servants salaries &c. the date of transfer according to what estimate or Baramund, it was framed, and whether the money was paid according to the items in that Estimate. It seems extraordinary that out of a sum of 16,641 Rupees (as stated in the,

Fort St. George 12th December 1850

the Petition) 14,000 should have been abstracted without the parties for whom the money was set aside noticing the non-payment of their dues. It has not been shewn what was the actual sum that ought to have been in the Gyput account on the day Mr. Murray examined it, or how it was that the money drawn for paying the servants had not been expended.

6. Mr. Wedderburn will be called upon to state whether he or Mr. Crane examined the Gyput at all, and what was the nature of the examination made of the Treasury - and the Board would wish to be informed in whether there was any (and what amount of) cash in the Treasury besides the Gyputs and that Kept under the Collectors own seal.

7. It is the duty of all Collectors to watch at intervals the balance in hand, that has accrued by Remittances &c. and see it or a portion of it transferred to the Chests which are under his own seal. Mr. Murray will state whether this has

Fort St. George 12th December 1850

been the custom at Cuddapah.

8. The Board observe from their Demand Collection and Balance accounts that the Treasury was examined by the Officers, and at the times noted in the Margin, as well as when Mr. Wedderburn received charge. A reference should be made to the state of the Accounts at those periods and the Board informed whether at those dates the Head Shroffs account agrees with the Treasury Book and whether the Gyput accounts were examined on those occasions.

19th Augt. Mr. Smith
17th Sept. Mr. Murray.

9. The Board will now notice some discrepancies between Mr. Murray's Report, and the Sheristadar's Statement which require explanation.

10. Mr. Murray specifies the numbers of 4 Accountant General's Bills (omitting it is observed, in some cases what should have been carefully attended to Viz. the days sight, date of acceptance, the Amount, and the names endorsed) These are, in para 5 No. 1931 in para 6 No. 1753 in para 7 No. 2036 and No. 1934. Whereas the Serishtadar states that only 3 Bills

have

Fort St George 12th December 1850.

have come under discussion Viz.t Nos. 1753, 2036, and 1934.

11. Again Mr. Murray in the last part of para 7 states that the amount of Bill 1934 was 8000 Rupees and that it was paid according to the Shroff's Account on the 4th November. The Serishtadar's version is that the Shroff's entry on that date shews a payment of 10000 Rupees. This sum would, as will be presently shewn, make up the Amount of the defalcation exactly i.e. a total of 22,000 Rupees, whereas, if the payment was 8000 Rupees there would be 2,000 Rupees unaccounted for.

12. With respect to the Bill No. 1931 noted in para 5 of Mr. Murray's letter * and said by him to have been paid as per Treasury Books on the 1st November, the Board in the absence of explanation on this point are led to the conclusion that some want of care has occasioned a mistake; and that it is the same Bill referred to in a subsequent part of his letter[a] as No. 1934.

* the amount not stated nor the Endorsee.

[a] para 7 of Mr. Murray's letter

/ and

Fort St George 12th December 1850

(and which has just been remarked on in the preceding paras of these Proceedings) as having been entered as paid in the Treasury Books on the 25th October. It will be satisfactory to find that an error on so important a matter has not taken place, still there seems to be a genuineness in the Serishtadar's Statement which justifies the Board in believing that both paras[a] of the acting Collector's letter refer to the same Bill. In this case 3 Bills only and not 4 have come under discussion, and if the Serishtadar's explanation is correct, the defalcation may be made to correspond with the discrepancies between the Shroff's own Account, and the Public Cash Book. in the following manner.

Cash Book Payments		Actual Disbursements as per Shroff's accounts	
17th October Bill 1753	10,000	17th October To Goorooviah	125.00
21st Oct.r To tappal runners	710	21st October To tappal runners	210
25th October Bill 1934	8000	25th Oct.r (said to be Bill 1934)	10,000
2d November Bill 2036	10,000	2d Nov.r (said to be Bill 2036)	10,000
	28,710	4th Nov.r really for Bill 1934	8,000
Really taken from the Treasury	50,710	9th Nov.r really for Bill 2036	10,000
Deficiency	22,000		50,710

[a] para 7 of Mr. Murray's letter

if

13. It would thus appear that the 3d and 4th items of the "Shroff's account" were paid fraudulently, as also the extra 2,500 of the 1st item, making a total of 22,500; but of this, 500 was concealed by entering a payment of 710 whereas only 210 were disbursed: This last item should be further investigated, for if the demand of 710 Rupees is correct the 500 difference has yet to be made good.

The Board would also wish to know if the entries in the Cash book state that these Bills were paid from the "Aynatee" account. The defalcation is said to be in the Gyhut, but none of the items abovenamed (except it may be the payment to Tappal runners) come under that head, and it should be stated whether it would have been possible to have transferred any cash from the Gyhut to the Aynatee Kists without breaking the Collector's Seal.

14. It will be also necessary to endeavour more closely to trace into whose hands the 22,000 Rupees passed, and there is again an apparent discrepancy between the Serishtadar's statement

statement and the Acting Collectors. The former seems to assert that Bill 1753 when presented on the 2d November bore a bona fide Endorsement of Mr Saallfelt in favour of the peon who brought it, Hassun Mahommed. The Cash Keeper paid the 10,000 Rupees but entered it as paid to Bill No 2036 (also for the same amount,) but which was not presented till November 9th when Mr Saallfelt's man Madar Saib brought it. This Bill was paid out of the Public money but not entered in the Cash Book. Mr Murray in para 7 states that Bill No 2036 for which Mr Saallfelt received 10,000 Rupees on the 9th November bore a "fraudulent endorsement" i. e. that Madar Saib to whom Mr Saallfelt had endorsed it, had re-endorsed it to Mahomed Hoossein. It would not appear from the Serishtadar's explanation that there was any necessity for a 2nd fraudulent Endorsement, as both parties were in the employ of the same individual, who acknowledges the receipt of the money

15. Mr Murray will use every endeavour

Fort St George 12th December 1850

endeavour to ascertain the truth of the
Comediwar Gunda Row's statement * that
he endorsed over the bill to Gowsoomeyah,
an offence amounting to forgery and deserv-
ing of further notice than has been taken
of it.

* para 6.

16. The connection between Gow-
soomeyah and the Cash Keeper should be
enquired into, and every Bill endorsed
to him investigated with a view to dis-
cover the writer of the Endorsements.
The Serishtadar states that Goossoomeyah
admits "he had dealings with Seshar-
gerry Row".

17. It should also be ascertained
whether the Head Shroff was in the
habit of shewing his accounts to the
Cash Keeper, and whether they were ever
compared by any one with the Public
Cash Book. That this was Cash Keeper's
duty there can be no doubt, and if per-
formed he must have been cognizant of the
discrepancies. It was his duty to examine
the Gybut money, and in this case he
must have observed the defalcation bef-
ore the acting Collector did. On these
points

Fort St George 12th December 1850

points he should be examined.

18. Mr. Murray will also explain
who are the "highest Native Revenue Officers"
that should have supervised the accounts,
and he will give his opinion upon the
explanations offered by the Serishtadar
in paras 11 and 12 of his letter without
date herewith enclosed.

19. The Board are not disposed
to exonerate the European Officers from
their due share of responsibility in so
important a part of their duty, or to per-
mit the charge of laxity of Supervision to
be laid wholly on the Native Servants of
the Cutcherry without the fullest explana-
tion.

20. It is not clear why the endorse-
ment of Gowsoomeah's name on the Bills
was required. It is true he seems to have
given a receipt, but the parties who pres-
ented the real Bills, and who were
paid must have given receipts also.
2 Receipts for the payment of each of the 3
Bills should therefore be forthcoming.

21. Towards the end of para 8

Mr.

16646 Fort St George 12th December 1850.

Mr. Murray reports that it is usual when Bills drawn at sight or otherwise are accepted to authorize the Cash Keeper to disburse the amount when they become due. It does not appear how this can apply to Bills drawn at sight which are due as soon as accepted, and it would be well to make enquiry why Bills at sight have been presented for payment so many days after acceptance, or how the Cash Keeper could have known "the time at which the amount would be required."

22. The Acting Collector will be expected to notice in his Report all the points adverted to in these Proceedings, and to furnish that report with little delay as possible.

Bo. No. 3190

From the Collr. of Madura. Reporting opinion relative to the introduction of Act XXVI of 1850 in the Madura District.

Sir,

With reference to Para 3 of the Circular letter of Board dated 19th August last, relative to Act XXVI of 1850, I have the honor to report my opinion that the Towns of Dindigul and Madura are well adapted for the introduction of this Enactment the latter peculiarly so owing to its wealth, extensive population, and the regularity with which it is built, which render lighting and Road repairs very desirable and the realization of the necessary funds very easy were the inhabitants well disposed to the measure. I regret however to say that the publicity which I have given, as far as possible, to the provision of the Act, and the mode in which the Inhabitants should make

Fort St. George 12th December 1850

make known their wishes on the subject has failed to elicit the slightest expression of an inclination for its adoption in the Town of Madura. The cause of the supineness is probably this, that the Inhabitants have already obtained, without much expence to themselves, the benefits of many broad streets and considerable though not perfect drainage; and by the exertions of the Police suffer little from Robbery compared with their wealth and numbers. They have therefore, no pressing evil to be remedied; and are averse to venture into the untried experiment of self taxation, to perpetuate their present advantages & secure fresh ones. I trust that the example of other Towns may overcome this carelessness or distrust, for I can scarcely suppose, an Indian Town better prepared for the measure.

2. In the Town of Dindigul, however the notification of

Fort St. George 12th December 1850

of the Enactment, as will be seen from the enclosed copy of a letter from the Sub Collector met with a most favorable reception. The Town is at present far behind Madura in improvement, and the Inhabitants sensible of their wants, are willing to submit to a house assessment to provide the necessary funds to meet them. In fixing Rates I apprehend the Acting Sub Collector is premature as that must form part of the functions of the Commissioners when appointed; and I suppose that it will be necessary that some of the Inhabitants should present a petition praying for the introduction of the Act to be forwarded to Government, and that subsequent measures will have to be taken to ascertain whether this Petition speaks the sentiments of a bona fide majority of the wealth if not of the numbers of the place.

3. I beg to add my opinion unhesitatingly

Fort St. George 12th December 1850.

unhesitatingly that a House Assessment would be far more readily submitted to than Town Duties. As a toll on conveyances is contemplated for the repair of high Roads, I would not propose a tax on them for Town purposes unless absolutely necessary.

4. Rammad Shevagungah Aroopoocottah and Purmagoody Pareacolum and Pulney are popu=lous Towns in which the Act may be eventually introduced with advan=tage; but I think it desirable that the working of the measure should be brought to some perfec=tion at the places of residence of European authorities before it is tried in distant Towns.—

Sir,

Para 1. In reply to your Letter dated the 17th Instant, No. 742 requesting

Fort St. George 12th December 1850.

requesting my opinion whether Act XXV of 1850, might be applied with advantage to the Town of Sen Dindigul, and in what manner the necessary Funds could be best raised, I have the honor to state that 403 Inhabitants of this Town have inscribed down their names, as being in favor of the adoption of the Act in question, and I beg to submit the following for your con=sideration.—

No. I List shewing the number of Houses and the assessment pro=posed to be fixed thereon, in the Town of Dindigul.—

No. II. Statement of the proposed assessment on Houses and conveyances &ca in the Town of Dindigul.—

No. III. A Moyenzaftah shewing the proposed Sibbendy and Saderward charges for the Improvement of the Town of Dindigul.—

Para 2. The method in which the House assessment is shewn in List

Fort St. George 12th December 1850

List I/ has been proposed, is detailed below.-

First- The rate of assessment proposed on the Terraced Tiled and Thatched houses, is with reference to the length of each house facing the street, at so much per yard.-

Second- The rate inserted for the upperstory building (vide Column 4 of Pericknamah No II) is with reference to the same method of measurement, but with this difference that the rate (1 Pie) is the same whether the upstairs be terraced, tiled or thatched.-

Third- Where a portion of the ground is occupied by the house itself and the remainder left vacant, the assessment for this vacant portion has been fixed at the rate of 1/2 Pie per yard.-

Fourth- Where the front or street side only of the house is covered with Thatch, but the inner portion is either terraced or tiled the

Fort St. George 12th December 1850

the rate for a terraced or tiled building has been respectively adopted.-

Fifth- The rate (with reference to the length of the house in the street) is the same whether the back yard be extensive or not.

Sixth- The rate of assessment on the houses or Bungalows occupied by Gentlemen and others should be similar to that proposed in Clause 1st But the rate for the compounds should be fixed at one Pie per yard.-

Para 3. With reference to the Pericknamah No II. I beg to observe that the total number of Conveyances &c has not yet been ascertained.- Should this mode of taxation, in addition to the House assessment, be approved of by you, I should prepare an account Particular and forward it to you.-

Para 4- The suburb of Begumpoor has not been included in the

16656 Fort St. George 12th December 1850

the List No. 1 One hundred Rupees may be expected to be realized from it.-

Para 5. I trust that the House assessment proposed by me, is sufficiently light, so as to secure both the confidence of the Inhabitants on the good intentions of Government, as well as their own comfort and convenience, by effecting the improvements contemplated in the aforesaid Act.-
