Two of these in Cottalem (received many years ago from H. H) though always entered as Oloongoo, are not strictly such as the rate of commutation is fixed, but this being too high they have very frequently been under Amany, though occasionally, (as was the case in Fusly 1258) rented at the established rates, under expectation of favorable seasons, or other temporary causes. The other Village was either Amany or Board rented from the commencement of the Oloongoo settlement till to Fusly 1257. In 1258 the proprietor nominally acceded to the Oloongoo tenure, and it was not considered at once requisite (as had been done in some other Board rented Villages) to decrease the amount of grain tax. But as the Meerasidar has with good reason alleged that the amount of produce has been overrated and was above what he could realize the Village has been again brought under Amany.

5. These tables show the exctent of land cultivated and amount of Land Revenue which is Rs 3,3439-12-5 not above the preceding year.

6 The wet lands furnish Rs 32,528-4-9 of this increase, which is mainly attributable to the rise of prices in the Aloongu Villages where the Government share is calculated on the principle, that Government should only bear the loss exceeding five per cent. that the local current prices fall below the Standard prices. The Government demand thus calculated amounts to Rs 2,10,235-10-10 or Rs 25,702-14-7 in excess of last year.

	Rs	a	p
Government demand at Standard rates	305,337	9	8
At actual selling rates	261,965	12	11
Difference	40,365	12	9

Of which Rs 25,701-14-10 is borne by Govt & 15,266-13-11 by Ryots.

The other main causes of the increase are extended cultivation and higher taxed lands being substituted for lower taxed culture (as when Poonjah is converted into Nunjah) and from the favorable season which has rendered the necessity for remissions of

reaping of crops under Government superintendence.

7 The decrease from Poonjah is owing to the converting of dry into wet lands, and unproductive lands being given up.

8 The decrease in garden tax (Rs 135-5-1) arises from gardens being made into paddy fields; diminished cultivation; destruction of gardens by rivers, their becoming unproductive or other causes.

9 The Jungle rent has been augmented under the terms of the lease to the Porto Novo Iron Company.

10 The higher price of Grain is the main cause of the increase of Cavel fees & Shrotriem.

11 Only 22 Villages have suffered from drought, inundation &c whereas considerably more than double that number did so, and in a greater degree in 1258 Even in favourable seasons there are always some few lands so situated as to yield less than a fair crop. Great care has been taken in examining into all alleged complaints of deficient produce and no lands placed under

under Government management when the
crop was 70 per cent of the standard, and
in all cases where so reaped, every precaution
has been taken to realize the actual crop.

12 The total extent of land in
these 22 Villages is 654 Vaikes of which the
produce of 254 Vaikes was reaped by Go-
vernment Eight of these Villages are
situated in Combaconum, a taluk which
furnished 18 Villages under the same head
in the preceding Fusly. This taluk is
most favourably situated for irrigation
but possesses some inferior lands which
being of higher level, worse soil &c are
occasionally liable to bad crops. The
other 14 Villages are in Parallum (9)
Velungman (4) and Koottalum (1) the extent
of land is too small to require particular remark

13 The decrease of Government
tase is 710 cullums of Grain less than
in Fusly 1258, but this loss is more than
compensated by higher prices and
the total revenue of these Villages in 1259
exceeds that of 1258 by 175 Rupees.

14 Ten Villages were under Amany

in 1258 and thirteen in 1259. The loss there-
from is 207 - 12 - 8 in excess of 1258. Ten of
these Villages have yielded about the same
as in the preceding fusly and the decrease
has arisen in the Villages of Covilachery
Croonoolay and Shamishuestrayos Kada-
The former of these belongs to a nominally
wealthy family overburdened with debt
who are bitterly quarrelling among
themselves to the great detriment of
their estates. One of these Villages (Amany
in 1258) was found to be so neglected that
an Annemah was deputed to aid in
cultivating and the effects of their pre-
vious negligence and mismanagement
are visible in crops short by 1240 cullums
occasioning a diminution of 610 cullums in the
Government share.

15 The two other Villages
(rented in 1258) were received from H. H.
and have been rented off 4 on by the
proprietor never having been taken for a
continuance owing to the high rates at
which

Bd No 3092

From the Collector of Madura 31 Sir

Forwarding the Original proceedings regarding the seizure of Dammer at Cumbum with the explanations.

With reference to the Proceedings of the Board of Revenue dated the 17th October I have the honor to state that the Bandies containing the Dammer in question were seen at 8 Clock in the morning at the Village of Cumbum by a Peon, Syed Yacoob, who was told by some boys in charge of them that they contained Beatties. An examination he found that the load was Congelyum and accordingly informed the Chouke=dar. The Deposition of Canna=Cattoo Meera Lubbee the owner to=gether with the other evidence in the case is herewith forwarded - It will be seen that he asserts that he purchased the Commodities from

Original Vrzee from the Tahsildar of Thenkurray with

17271 Fort St. George 19th December 1850

with 15 Enclosures as per listed to be returned

from the Honey and Wax Renters of Goodaloor for the present year, who corroborated his statement; but it must be observed that while the seizure took place on the 17th July he only entered on his Rent on the 12th Idem. The late Renter and several other inhabitants of Goodaloor, on the other hands, denied that the article is produced in the Goodaloor Woods, and a Travancore Mett Peon deposed to it's growth at a particular place in that Teeritory.

2 I think that if the Dammer Mongelyem were grown within the Divisional District the fact would be well known as it is in general use; and that the quantity seized could not be procured between the 12th and 17th July.

3 Premising that the submission of

17272 Fort St. George 19th December 1850.

of the case to the Board was made during my absence on Leave I have the honor to request information with reference to section 66, Act VI of 1844, whether in future the Collector should himself adjudicate such cases or apply for instructions.

This

17274 Fort St. George 19th December 1850.

1 This was an action to try the right of the Plaintiffs (now Appellants) to erect a dam whereby the waters of a certain stream flowing from the Seroomalay Hills into the Tank of the Defendants at Natchecolum was to be turned and diverted into their own Tank at Sillacolum.

2 The Plaintiffs justified the formation of such dam by averring that it was not made to supply a tank newly formed by them but was one which they had a prescriptive right to construct for the supply of their ancient Tanks which they had recently repaired and rendered capable of again receiving its former supply of water.

3 The Defendants on the other hand maintained that no such ancient Tank ever existed, that the bund which Plaintiffs had constructed, was an unwarrantable and novel attempt to cut off their supply of waters, for the purpose of diverting it into a tank which they had but newly formed. To the proof and disproof of the existence of this alleged old tank the pleadings and evidence chiefly confined themselves, it was felt by the parties and the Court to be the point on which the decision would chiefly turn, and it met accordingly as the Original record will shew the fullest investigation. The result

result of which was that the Acting Subordinate Judge on the 19th February last decided that the Plaintiffs had failed to prove their right to lay a dam across the stream of water leading to the Natcheeolum tank and the order of the Principal Collector directing such dam to be removed was just and proper, and that Defendants should &c therefore be left in undisturbed enjoyment of the stream supplying the Natcheeolum &c tank, and that the suit of the Plaintiffs be dismissed with Costs.—

4 Against which award they now appeal recapitulating their pleadings in Original and averring that the trial of the suit was commenced by the Subordinate Judge Mr. Woodgate, who made a personal inspection of the locality in Company with the Civil Engineer of the Division and would have passed a Decree in Appellants favor; but that he going away the present Acting Subordi=nate Judge without making such inspection and without the professional advice of the Engineer has decided against them on the score chiefly that they fail to prove the existence of the old tanks or that it had ever received it's supply of water through the Channel in question. They contend that this judgment is opposed to evidence, they having proved as satisfactorily as under circumstances could be expected and that

17274 Fort St. George 19th December 1850.

that any deficiency of proof would have been compensated by the personal &c inspection of the Subordinate Judge. that the traces of the old tanks are plain, that it's omission in the Survey Map is not &c conclusive and that the fact of the Depths having been made without giving information to the Collector as required by the order of the 22d January 1840 cannot be made to tell against Appellants as they are Ryots of Ammiaikonoor Zemindary.

5 They argue further that nothing hostile to their claim can be inferred from the "old tank" for the existence of which they contend not being laid down in the Survey Map, and that if the Natcheeolum tank has received supply from the source in question, it has been owing to their tanks at Vellaeolum being out of repair. They pray the Court to make an inspection and reverse the &c original Decree.

6 18th Respondent, in Appeal, answer maintains that the arguments of Appellants are entirely false and against evidence, they admit that

that the old tank was not in existence at the time of the assumption of the country by the British Government, that any dispute or suit regarding it which they may have had with others cannot affect the question now in issue, it was collusive between them and will not impeach the rights of third parties.

7 The inhabitants of Natchecolum complained of the dam as soon as its erection was commenced and the late Principal Collector immediately ordered its removal as an evident infringement on the rights of the Government.

8 16th Respondent further remarks that the assumption by Appellants that Mr. Woodgate's Decree would have been in their favor is unwarrantable and improper and to show how utterly untrue is their assertion that the Decree of the Acting Subordinate Judge has been made as it has, owing to his not having consulted the Civil Engineer, he begs to be allowed to file copy of a letter from that Officer to the Collector on the subject from which will be seen how

how decidedly his opinion is adverse to the Appellants and the reasons which he grounds it, it will specially appear what great reliance is due to the Map of 1825

9 The credit of this Map the Appellants endeavour to shake by asserting that not only their old tank but the stream in question called by them Sullatoo oday is omitted therein, but this is not the case the stream is marked though not named, different names are given to these still streams and the name in the present instance is immaterial. the identity of the stream in dispute having been obvious to the Civil Engineer who inspected the spot in company with the Subordinate Judge.

The 16th Respondent also alluded to the admission of the Appellants that the stream in question might supply the Natchecolum tanks and no reference thereto and to the sketch presented to the Subordinate Court would explain that the Podoocummal therein shown is an higher level than the disputed tanks and was originally fed by a smaller stream to the westward Nallah No. 8 in the

the sketch.—

11 A Petition No. 335 of 1850 was presented by Vakeel Annavarsley on behalf of Camala Naik Zemindar of Ammanaikanoor asserting the cause of the Appellants Ryots of his Zemindary to be true and just, arguing that by it's being decided against them undue injury must arise to his Revenues and praying that a Decree may be passed allowing the erection of the dam and that the old tanks may receive it's supply &c.

12 A Petition No. 441 of 1850 was presented by the 2d and 7th Appellants &c. setting forth that whereas while in original pleadings the existence of their old tanks was denied the 15th Respondent with whom the others say they agree admits in his appeal answer that there was a new Channel as shewn in the Map which was originally supplied by the Channel marked as 8 in the Plan while by his own Plan the 16th

D.G.

Respondent shews, that at No. 11 at the East-end of the old Bund of Petitioners tank the waters of the stream now in dispute were received. They allege also that the assertion of Respondents that the Yatticolum tank existed prior to the assumption of the Country is shewn to be false by their own document No. 75, and that it was decided by the then Collector on the 28th February 1827 "that the surplus water of the Sollacolum Tank /belonging to Appellants/ should flow into the Natchicolum Tank." If the 16th Respondent be allowed to file a letter from the Civil Engineer they pray that they may have it copied and be allowed to answer any thing therein that may appear adverse to their claim.

13. The Court having considered the pleadings in Appeal ordered the letter of the Civil Engineer to whose opinion both parties refer as favorable to themselves respectively to be filed by the 16th Respondent in order that such opinion may be known to the Court and that Appellant may have no grounds for complaining that Decree was passed without

without reference to opinion of that of Officers or in opposition to it.-

14- The Court declined to receive arguments against that opinion if hostile to Appellants as prayed in Mo. P. No. 441 of 1850 it receives it not as evidence of fact but as evidence of what opinion whether right or wrong was entertained by the Civil Engineer, a matter which Appellants blame the Acting Subordinate Judge for not ascertaining.-

15- 16th. Respondent filed one document No. 17 being copy of the letter above alluded to.-

Decree.-

16- The Court after careful consideration of the whole record in this voluminous case of the original Decree and appeal pleadings is of opinion that the judgment of the lower Court was just and proper and that no grounds for disturbing it have been shewn in Appeal. The alleged "old Tank" which

which the Ryots of Sellacollum would now as they pretend repair and for the supply of which they would divert the Stream in question if it ever existed at all had been disused prior to the assumption of the Country by the present Government. In 1815/16 at all events at the period of the Survey we have the evidence of the Map that no such tank existed fed as the Appellants pretend, and would now have it-

17- The Appellants lay great stress on the circumstantial evidence in favor of their claim to be derived from an inspection of the locality by a person competent to form an opinion on that subject, they felt aggrieved that the Subordinate Judge had not obtained such an opinion. The Court has been able to supply this deficiency, the opinion of a most competent Judge and one evidently well acquainted with the points in issue between the parties is before it in Document No. 17.- The Court even apart therefrom upon view of the pleadings

pleadings and consideration of the reasoning of the lower Court thereon would have been perfectly satisfied of the correctness and justice of the original judgment and that no other could have been given by it. Looking to that Document it feels if possible a greater certainty that any other must have been wrong.-

18.- The Original Decree is confirmed and Appellants ordered to pay all costs in Appeal.-

Resolved that the letter above recorded together with its enclosure be submitted for the information of Government with reference to Extract Minutes of Consultation 14th March 1842 and to the papers noted in the Margin -

2 - The Appellants sought to reverse the decision passed against them as Plaintiffs in original Suit No. 13 of 1847 in which they were non-suited - The right they claimed was to erect a dam whereby the water from a certain Stream flowing into the Defendants Tank was to be turned and diverted into a Tank which Plaintiffs stated belonged to them -

3 - The Decree in A. Suit No. 19 of 1850 dated the 15th November 1850 confirmed the decision passed in Original Suit No. 13 of 1847 as no grounds for disturbing it had been shewn, and ordered the Appellants to pay all costs in Appeal -

with reference to Extract Minutes Consultation 30th August 1850.-

2 It will be observed that both the Collector and Sub Collector consider that the people of Malabar are not likely to avail themselves of the provisions of Act XXVI of 1850 but that the Head Assistant Mr. Robinson is under the impression that it may be introduced into that part of the District (Palghaut) of which he has charge-

3. Mr. Whatfield the Sub Collector seems

seems to think there is not much need of sanitary laws in the Malabar Towns since they are cleaner than those in most parts of India whilst the Head Assistant states that there are Towns the filth of which is proverbial where the enactment might be introduced with great benefit—

4 The Board do not exactly understand what kind of popular and intelligible paper Mr. Robinson requires, but if that Officer will prepare one that meets with the Collectors approbation, the Board would request permission from the Government to have it printed for circulation in the District—

5 In the mean time they would urge on the Collector and Sub Collector not to lose sight of the intention of Government in encouraging a desire towards the improvement of Natives Towns—

Sir,

1 I beg to suggest that Mr. McIvor the

the Superintendent of the Police Gardens at Potacamund be deputed to visit the Government Teak Gardens near Nelumboor and give his opinion as to the propriety of thinning some of the more advanced plantations. This recommendation is the result of a late visit to Nellumboor and of a succeeding conversation with Mr. McIvor who has expressed his willingness to give any advice or aid that may be thought desirable—

2 I am very desirous to make no mistake in the at present thriving plantations and am convinced that the adoption of my recommendation is likely to prevent any, as Mr. McIvor is acquainted with arboriculture—

B. No. 3087.

From the Superintendent of Stamps

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of your Board dated 18th Instant, annexing Copy of Extract from the Minutes of Consultation of Government under date the 24th October last and requesting me to suggest the arrangements I would propose for reducing the quantity of high priced paper in the Districts named by Government and in any other where the Stock on hand seems larger than on a reasonable calculation is likely to be required.

2. In reply I beg to submit a Statement prepared from the returns in this Office shewing the Number of Stamps of the higher valuation sold during

during a period of ten Fusleis Viz: from Fusly 1249 to 1258. And it will be observed that the actual sales for one Fusly bear no proportion to the Stock now on hand, I would therefore suggest that a Circular be written to the Collectors whose Stock on hand seems large, requesting that they would retain only such a number of these papers as are likely to be required on a reasonable calculation for one year, and return to this Office the remainder, and at the same time directing that they would for the future be careful to regulate their Indents with reference to the general demand for Stamps of all value and guard against the occurrence of their unnecessary accumulation.

B. No 2622.

Proceedings thereon. The Board of Revenue approve of the suggestion of the Superintendent of Stamps for reducing the number of high priced Stamps in the Districts—

They authorize him to give effect to his suggestion by addressing a circular to all Collectors requesting that they will retain such number only of the high priced Stamps as may be required for one year that they will return the remainder to the General Stamp Office, and at the same time directing them to be more careful in regulating their indents with reference to the general demand for Stamps of all value but especially of those highly priced—

Resolved that the following letters be despatched—

No. 483.

To

The Quarter Master General
of the Army.

Sir,

In the concluding para of my letter dated 31st Ultimo, I promised to communicate with you again on the subject of reducing the out posts of this Division and I have now the honor to request the sanction of His Excellency the Commander in Chief to the following direction.—

1st. Madura.—

This Detachment now consists of two Companies. The number of privates required daily for Guard is 24 and there are not any Palook Guards from it. I propose that one Company be immediately withdrawn, and that in future only one Company be stationed there. The Collector has no objection to this reduction and I am in hopes that the present daily Guards may be reduced.—

2d Ramnad.—

This Detachment consists now of one Company. At present 18 privates are on

Fort St. George 23d. December 1830.

on duty daily - but I hope with the concurrence of the Collector to reduce this number. The Detachment furnishes once a Month, a Treasure Escort of 1 Naigue and 6 privates to Madura. I propose for sanction a reduction of 1 Havildar 1 Naigue and 10 Privates in this Detachment. The Collector sees no objection.

3d. Tanjore.

This Detachment consists of 52 privates irrespective of other ranks. I propose for sanction that it be reduced by 1 Havildar 1 Naigue and 7 Privates. The Guards furnished by it daily are 11 privates besides one outpost of 1 Havildar 1 Naigue and 9 privates. The Collector has no objection.

4th. Coimbatore.

This Detachment consists of two Companies. Its daily Guards amount to 32 privates and it furnishes three Talook Guards, each of 1 Naigue 6 Privates, "to aid in preventing Tobacco being smuggled. Of these the Collector says" under the urgent desire of His Excellency the Commander in Chief to withdraw all possibles, I think the three Talook Guards may be dispensed with." he goes

Fort St. George 23d. December 1830.

goes on to say that they are not of much use in the supposed prevention of illicit traffic. But he requires before they are withdrawn that due notice be given him, to make timely arrangements." He also considers that his Treasury Guard, now 12 privates, might be safely reduced one third — as the Treasury is near the main Guard in case of need."

I recommend that a reduction of 1 Native Officer 3 Havildars 3 Naigues and 40 Privates be made in this Detachment.

At present I am not able to suggest any other reductions.

To

The Quarter Master General of the Army.

Sir,

In the Tanjore Collectorate of this Division a practice prevails of requiring Talook Guards, from the different Military

Fort St. George 23d. December 1850.

Military out posts for the protection of Talook Treasuries and Cutcherries and for escorting treasure to the Head Quarter Treasury of the Collectorate. It does not prevail in any other Collectorate of the Division - and this is, in itself I consider a sufficient proof that the objectionable practice might be done away with in Tanjore.—

I call it objectionable, not only because, the detaching of small guards for a long period, under non Commissioned Officers is injurious to discipline - but also because the Guards in question are required to do an amount of duty which it is impossible they can perform as regular Troops should perform all duty - This to an extent that would leave a Commanding Officer in a very painful position were he duly found guilty of sleeping on his Post while so employed -

Under these circumstances I have the honor to transmit a Return of the Guards to which I refer, for submission to His Excellency the Commander in Chief and I trust that His Excellency may suffer to recommend to Government to instruct the Collector

No. 343.

Requests Statements of the smallest number of men necessary for the proper performance of all the duties of the several Detachments and how for these extra Detachments to be spared upon the Regiments in the Southern Division.

The receipt of your letter dated the 11th. Instant, No. and subject as per Margin, and in reply to forward the called for Statement explaining at the same time, in the reference to the *N. B. at the foot of the list of Guards that accompanied my letter of the 27th. Ultimo No. 364. that as desired in your letter now under reply, I have made the present calculations at the smallest number of men by whom the duties required from the Talook Guards could be properly performed - not allowing as in that N. B. 3 reliefs but only giving to reliefs / one set of men on duty and one set off / with one or two men extra in case of Sickness, for the Treasure Escorts while absent from the Head Quarters of their Guards the period of their absence varying from 4 to 13 days.

2. I would respectfully solicit the attention of his Excellency the Commander in Chief, in My letter,

* N. B. To furnish three reliefs for the above Guards and Escorts would require 51 Naiques and 190 Privates where as the Talook Guards only Amount to 39 Naiques and 83 Privates. The Posts to be guarded are those requiring most care and attention, Jails and Treasuries.

Approving and sanctioning with sundry modifications the revised set of Rules for the management of the Salt revenue of the Madras Presidency submitted with Bd. of 2d. December 1850.

Extract from the Minutes of Consultation under date the 17th December 1850

Read the following letter from the Secretary to the Board of Revenue.

(Here Enter 2d. December 1850 No. 502)

The Right Honorable the Governor in Council proceeds to take into consideration the revised set of Rules for the management of the Salt revenue of the Madras Presidency submitted by the Board of Revenue with their Secretary's letter of the 2d. Instant, and to record such observations as occur to him upon the subject.

It is remarked that the Rules have been framed on the basis of those prepared under late

date 31st May 1819 with such modifications and additions as subsequent circumstances have rendered necessary.—

In Rule 8 it is prescribed that the Salt shall be stored in heaps of 10 Garce but from a marginal note it would appear that the Rule is not applicable to Malabar and Canara, and circumstances may occur to render a deviation from it advisable in other Districts. It would therefore be preferable to fix 10 Garce as the standard generally and to provide for its observance in all Districts except when for special reasons the Board of Revenue may see fit to order otherwise

Rule 11. It would be proper to add to this Rule that if the manufacturers cannot conveniently attend at Koozoor and the amount of the balances due to them is considerable the Collector should, whenever it be practicable, depute one of his Assistants to repair to the pans and superintend the adjustment of accounts and payment of arrears of Coolies arum on the spot. A similar course should likewise be followed in the issue of advances and an addition to that effect made to Rule 21

Rules

Rules 22 and 24. These Rules apply to Salt exported to Calcutta <u>on private trade</u> this should be expressly stated in them.

Rule 26. The Government are not aware whether the same course is followed as regards Salt exported on Indent to Chittagong but if so, it should be so stated.—

Rule 28. The terms "Home and "Inland" should be here defined and it should be explicitly stated that the sales brought to account under the former head are those made for consumption within the District in which the Salt is sold. the sales under the latter those for consumption in other Districts and the Territories of Foreign states. The Subdivision of the Head "Inland consumption" made by the Board is quite proper.—

Rule 30 Statement H. This statement contains two Columns. "Quantity sold for consumption within the Madras Territories" and "Quantity sold for transportation across the Frontier for the supply of the Native states in the interior." an additional Column should be inserted after Column 5 to show the Quantity sold for consumption within the

17335

Fort St. George 23d December 1850

the District in which the sale takes place which should be distinguished from that sold for the supply of other Districts. a similar remark will apply to Statement K in which Rules 2 and 3/ Cash by sales to other Districts and Foreign states is alone specified, and the proceeds of the sales for home consumption /property so called/ are not shown. With the above modifications the Governor in Council approves and sanctions the Rules and the Board may proceed at once to publish them as above, in the compilation of their Circular orders which is understood to be in the eve of publication.

Ordered that the several modifications suggested by Government be inserted in blue Ink in the Draft of the Salt Rules submitted for their approval on the 2d December 1850 and that the following Circular be dispatched to the Collectors of the several Districts.—

Sir,

Circular

I am directed by the Board of Revenue to transmit for your information and guidance a revised set of Rules for the management of the Salt Department sanctioned by Govt on the 17th December 1850.—

Salt Rules-

1. Advances for the manufacture of Salt shall continue to be made to the Manufacturers, according to local custom, as sanctioned by the Board of Revenue. An annual Statement shall be submitted in the form prescribed by the Board's Standing Orders of the 13th July 1826 paras 23, 24 and 25. The advances shall be made at the Hoozoor, and when the Manufacturers cannot conveniently attend and the amount of the advance is considerable, the Collector shall, whenever it be practicable despatch one of his Assistants to repair to the Pans and superintend the payments of the Advances.—

2. During the period of manufacture, tom toms shall be beaten at half an hour before Sun set, to warn the Manufacturers to depart they shall again be beaten at Sun set and all the Manufacturers shall then be required to leave the Pans by a prescribed route, so as to pass by the watching Peons, whose duty it shall be to ascertain that they do not carry away any Salt.—

3. The Salt shall be delivered into store by measurement only, and not by Estimate the measurement shall be conducted in the presence of the Manufacturer the Accountant

and

and the local Superintendent at the Pans, and a receipt written by the Accountant, and signed by the local Superintendent, shall be given to the Manufacturer specifying the quantity, by measure of Salt delivered by him into store.

4. All Salt thus delivered shall (without any distinction as to the particular Manufacturer from whom it may have been received) be secured in one common store and be formed into heaps of a regular shape, on a raised platform.

5. Each Collector will cause, at all the Pans in his District, rectangular platforms of raised earth to be formed, three or four feet above the level to which water usually rises in the Monsoon, and sufficiently extensive to contain the whole quantity of Salt at the Pans. These platforms shall be as large, and as few in number as practicable, it being an object to secure as many heaps as possible upon the same platform. The earth to be dug for raising these platforms shall also be taken up in such a manner, as to form a deep ditch round each of them, leaving only one broad entrance and on the centre of each there shall be a raised mound of earth for the Hut of the watching Peons.

6. Where it may not be attended with considerable expense and difficulty, these platforms should be surrounded by palisades, or hedges of prickly pear, aloes, &c., as well as by a ditch. At all events they should be enclosed in some manner, and the entrance especially should be palisaded and guarded by a gate.

Within

7. Within the enclosures surrounding each platform there shall be a separate space set aside for the express purpose of measuring the Salt.

8. The Salt shall be stored in heaps of 10 Garce, except in those Districts in which the Board of Revenue may, for special reasons order otherwise. The Manufacturers shall not be obliged to give a surplus, before the actual measurement, on the plea of covering wastage; but a strict account of wastage on each heap shall be kept. The Salt Cotaurs shall be periodically visited by the Collector, or his Assistants, and one or more heaps measured in their presence. A record of these measurements shall be kept in the Collectors Office in the event of the Board of Revenue requiring explanations on the subject. A Quarterly Account Current of Salt transactions is to be furnished, in English and Hindoovee, according to the accompanying form A, with its 3 Enclosures B. C D.

10. These Rules shall be considered capable as well to Salt intended for Exportation by Sea, as to Salt for Home Consumption, or Inland Sale; but Collectors may establish Pans for Exportation separate and distinct from those for Home and Inland Consumption.

11. The accounts of the Manufacturers shall be adjusted immediately on the Salt being heaped and secured in store and after deducting any advances made, the balance due to them shall be paid without delay. If not attended with inconvenience to the people, it might be a further check upon the Servants at the Pan, to pay the Manufacturers the balance due at the Huzoor, their accounts being adjusted there. 12. The Superintendent at the Pans shall be held responsible for any difference between the quantity stored as per receipts given to the Manufacturer and the out-turn allowing for wastage according to circumstances, to be regulated by the Collector, and remarked on in his accounts.-

13. Each heap shall be numbered according to the order in which it is received in store and the sale of the Salt shall take place in the order of the numbers attached to the heaps.-

14 The price of Salt to retail Dealers is one Rupee per Indian Maund, or 5 Measures for 1½ Rupees. Wholesale Dealers, who are willing to purchase Salt by the heap taking it as it stands and the next in order of sale shall be permitted to have it at the rate of 114 Rupees a Garce, or 6 Rupees below the established rate. A Statement of the wholesale prices of Salt prevailing in each District shall be furnished monthly, in accordance with the instructions

17. In receiving and disposing of Salt by measurement, the universal measure throughout the Territories under this Presidency shall be the Mercal of 828 1/3 cubic inches - 8 wide and 16/2 deep being 28 1/8 cubic inches in excess of the standard fixed for other articles. 1 Garce of 400 Mercals being considered equal to 120 Indian Maunds - The Mercal is to be struck and not heaped on any account, neither is the Salt to be pressed into the Mercal. The Parrah is to be entirely discontinued, except where it has been specially authorized by the Board -

18. It being a material object to limit the retail sale of Salt at the Pans, it is determined that no less than five Mercals of Salt shall be sold to any one person, except where the Board of Revenue may specially authorize a smaller quantity to be sold -

19. No Salt shall be sold before sun rise nor after five O'Clock in the evening and it shall be the duty of the watching Peons on each platform to exclude every other person from these enclosures till sun set until sun rise -

20. No Lumbadies or other inland wholesale Merchants shall be allowed to encamp within [illegible] yards of any Salt platform, heap or pan, or during their continuance in the vicinity of any pan, the Watching Peons shall be [illegible]

to the preceding Rule. The Watching Peons shall not allow any quantity of Salt whatever to be either measured or removed from a platform, until the Rowannah, or other delivery Certificate, for it, is previously produced to them -

21. No Peons, or other persons, shall be deputed to meet Lumbadies, or other wholesale inland Dealers, nor shall any inducement whatever be held out to them, to resort to one pan in preference to another -

22. From the Secretary to Government.
Directing that the allowance of Rs. 36 per annum enjoyed by the late Hoossain ally Khan at Arcot be continued to his widow Haufeeza Bee in arrear from 8th February 1850.

The Right Honorable the Governor in Council concurring in the view taken by the Board of Revenue of the claim of Syed ally to the Yeomiah in the first case No. 498. directs that the allowance of Rupees [36] Thirty Six per Annum enjoyed by the late Hoossain ally Khan as Khadim of Nabeeshah Canary Mosjid at Arcot, be continued to his Widow Haufeeza Bee in arrear from the 8th February 1850, the date of her husband's decease, on her appointing a Deputy to the Office; but this arrangement must be regarded as temporary and to continue only until Syed Ally's relinquishment of Service and return to Arcot, when the Yeomiah will be entered in his name on his undertaking the duties of Khadim of the Mosque.

In the Second case No. 537 the 2.
Government also agree with the Board in thinking that

Fort St. George 23d December 1850.

that the relationship of Mahomed Cassim as Uncle to the dismissed incumbent is not of itself a sufficient reason for excluding him from succession to the Yeomiah lately held by Shaik Ahomed, and they accordingly direct that the allowance of Rupees (48) Forty Eight per Annum granted for the subsistence of the Khadim of the Jummah Musjid at Chitta be continued to Mahomed Cassim provided he was in no way implicated in the delinquency of his Nephew. The arrears of Yeamiah from the date on which payment to the last incumbent was suspended Viz.t 2d Hist of Fusly 1259 will be paid to Syed Yacoob who is said to have performed the prescribed service in the Mosque since Shaik Ahomed's dismissal.

The Right Honorable the Governor in Council concurs in the view taken by the Board of Revenue of the object of this Grant which appears to have been originally of a Charitable nature; adverting therefore to this circumstance and to the incompetency of the Sons of the late incumbent Syed Meeran to undertake the charge of the School heretofore maintained at Pennagur, he is of opinion that it would be a preferable arrangement to grant two thirds of the Yeomiah, without requisition of service, for the support of the widows of the deceased, in consideration of their age and indigence; and he accordingly resolves to authorize the Collector of Salem to continue to Putchabee and Saulbee in equal shares an allowance of Rupees (56) Fifty six per annum in arrear from the 27th April 1850, the date of their husbands decease, on the distinct understanding that the share of each is

Sir.

Reporting on Petition No. 1887 of 1850 presented by Venatachella Reddy of Movoor in the Peddapolliem Talook claiming further remission than was granted on account of Crops destroyed.

Endorsement on Petition No. 1887 of 1850 from Venatachella Reddy of Movoor in the Peddapolliem Talook, I have the honor to state that the petitioner cultivated in Fusly 1259 30 Cawnies as per of land assessed at Rupees 308—12—6 in the Village of Naivalee and Movoor, and that remission of Rupees 43—4—7 was granted to him under the various heads specified in the Margin for loss of crops experienced consequent on the unfavorable nature of the season. He now lays claim to a further remission of Rupees 11—4—4 on account of partial Crops, and of Rupees 6—11—7 on account of Fussul Commy. The Petitioner having cut his crops before they were inspected by the Sircar Servants it was considered inexpedient to grant him any remission for partial Crops. as

as regards Tussul Commy his claim was likewise rejected, as it appeared on enquiry that he had ample time to raise a 2d Crop on his double Crop lands, and that in this Instance there was no bar to his so doing on the score of insufficiency of water.

2. The Petitioner further claims for a remission of Rupees 30-2-11 on account of partial Crops viz. on certain lands appertaining to the Ryots of Movoor appears also inadmissible, the reasons for non-Compliance in regard to his own case being equally applicable. Under these circumstances, I do not consider that the Petitioner has established a claim to further consideration.

Sir,

I have the honor to report on the settlement of the Extra Sources of Revenue in this District for Fusly 1259 A.D. 1849-50 and to submit for your Board's consideration the usual Statements relating thereto.-

Neither increase or decrease is apparent in the revenue derived from the Ab Earry farms, owing to the arrangement made for renting them as a whole during a period of three years, Viz. Fuslies 1258-1259 and 60, at an annual rate of Rupees 186500.-

4. On the Tamarind tree rents although in the Namcul division there was an advance of Rupees 303 beyond the demand for the previous Fusly, a Net decrease is visible of Rupees 280-8- attributable to the lower offers made for the rents of the Tripatoor and Kistnagherry Talooks, where the yield of Fruit, was inconsiderable. The increase of demand in the Namcul Talook above adverted to, appears to have resulted from greater competition than usual for the Tamarind crop on the Cullymallay Hills.-

J. Against a gross increase of Rupees 81-13-4 under the head of Fisheries must be set off a gross decrease of Rupees 1036-, leaving a net demand lower than that of the preceding Fasly by Rupees 954-2-8, which is attributable, I believe, to the fact that in some of the tanks of the District there was an esetremely, scanty supply of water, whilst in others none at all was received.-

11. Of the items composing the Ain Moturpha a decrease of Rupees 210-10-4 as will be observed in the Tax on Trade, which will be seen from the subjoined particulars to consist principally of gross decreases in Nos. 11. 12-14 set off against a gross increase in No. 17. The former have been occasioned by the transfer of certain items erroneously included in them to their proper heads, as well as by deaths and desertions, and the latter by the inclusion in it of some of the above and others transferred to it from other heads, as well as by an increase in the Ain.-

I. I do not see any useful to please before your Board the Statement entered below, from which it will be seen that of the aforementioned amount a sum of Rupees 2,553. 2. 8. is the enhanced demand on cloth looms, very slight variation having occurred on those used for the manufacture of Cumblies, Gunny Carpets, Matting bags. The enhancement has resulted mainly from the greater number of looms (737) found to be at work, consequent it is believed on a large call for cloths in the Mysore Territories and certain Districts to the northward and West.-

17. The decrease under the head of Aluarry has arisen from the more punctual realization of that branch of Revenue in the present year by which the charge of interest has been deminished. The very slight increase in sundry Small Farms and Licenses requires no remark. The increase of Rupees 233-9-4- in the Moturpha consists of collections levied on Looms & Co. which were omitted to be brought to account at the Summahbundy and on individuals, whose liability to the tase was subsequently established.- A smaller amount of penalties having this year been received from the Court, explains the decrease of Rupees 182-1-" under this head.-

Bs. No. 3186.

Sir,

From the Coll.r of Madura

Requesting permission to submit to Government the claim to pension of Annajee Row late Tahsildar of Madacolum dismissed by Mr. Blackburne.

I have the honor to transmit Annajee Row late Tahsildar of Madacolum Talook, and dismissed by Mr. Blackburne having frequently applied to me to recommend him for a pension I have been induced to take his case into consideration, and have arrived at the conclusion that the loss of his Office and of pension for 4 Years is as severe a punishment as the nature of his fault required, but before submitting to Government an application in the prescribed Form, I deem it necessary to enquire whether with reference to the Correspondence noted in the Margin the Board would approve of my so doing.

I.

To Board	25th	September	1846.
From Do.	26th	October	Do.
To Do.	3d	November	Do.
From Do.	16th	Do.	Do.

7.

I concur with Mr. Blackburne in the opinion that the removal of Annajee Row was very desirable and as regards the compromise of a charge of theft that he was culpable in forwarding the compromise for the approval of the Magistrate, the case being one which should either have been dismissed or committed to the Court, but I think that his error may have arisen from the indecision of old age, and it will be observed that in his letter of the 25th September 1846 Mr. Blackburne states that complicity or even guilty knowledge had not been proved against him, tho' he could not doubt he was privy to the transaction—

3.

He was, nevertheless committed to the Criminal Court by the Acting Head Assistant Magistrate, for his conduct in this matter, but the long, and somewhat

somewhat confused Charge, which was superscribed "Fraud" was thrown out by the Subordinate Court. It is to be remarked also that the Sessions Court which tried the case of Culpable Homicide which this Tahsildar was considered by Mr. Blackburne guilty of suppressing, came to the conclusion that the deceased person died a natural death—

5.

Under these circumstances I trust that his long service of about 34 years may induce the Board to allow me to submit the claim of Annajee Row to a pension from the date on which it may be granted—

Proceedings thereon

The Board are doubtful whether, under the Notification published at page 236 of the Gazette for 1835, any application for a Pension to Annajee Row will be entertained by Government. Under the circumstances stated by the Collector in the foregoing letter

1748 Fort St. George 23d. December 1850

Resolved that the following letters be despatched.

(49)

To, The Acting Collector of Cuddapah.

B. No. 2690
To the Acting Collector of Cuddapah

Sir,

I am directed to request that you will inform the Board of the connection of Sashumiah, Petitioner in 1125 of 1850, with the Enam in which he claims a share, for his name does not appear in your Endorsement of the 12th December 1850.

Revenue Board Office,
Fort St. George,
23rd December, 1850.

[Signed] W. H. Bayley
Secretary

To, The Collector of Madura.

B. No. 2691
To the Collector of Madura

Sir,

It is not clear to the Board from your *Endorsement on Petition 2394 of 1849, whether the land in question was in the possession of Petitioner's family at the Peymash, and the Mailwarum given over as Enam to the Blacksmith at that period; or whether, the land has always been the Maniam of the Blacksmith and given over by the Enamdar to Petitioner for cultivation.

*dated 12th July 1850

You

Fort St George 23rd December 1850

2. You will be pleased to determine this point, as in the former case it would appear that the Enamdar would be entitled only to the rate allowed in the Cymash; and in the latter, that he has a right as you remark, "to make the most of his Enam land."

3. The Board would be glad to know how far these views coincide with the usage of your district.

Revenue Board Office,
Fort St George,
23rd December, 1850.

To the Collector of Madura.
Relative to Petition. No 2493 of 1850.
No 2493 of 1850.

To, The Collector of Madura.

Sir,

In forwarding the appeal to the Board of Mahomed Meerah from your decision in his case dated 14th November 1850, I am desired to request that you will take the circumstances of this man's claims again into consideration.

2. The compensation allowed to Petitioner for 671 young Cocoanut Trees,

Fort St George 23d December 1850.

Trees, the number stated to be "now standing," putting aside his own computation of those actually planted at 1022, appears to the Board very inadequate, the Petitioner too alleging in his appeal, what appears to be supported by your endorsement, that this estimate included only the value of the trees and the expense of planting them, and that the expense incurred in watering and rearing them for 18 months had not been considered.

3. The Board observe that particular stress has been laid upon the fact of the Petitioner possessing no document from the late Zemindar as a ground for rejecting his claim, but no attempt is made to correct his Statement of what the agreement really was under which he planted the trees; and, presuming that he did not plant the trees without some Kind of agreement or understanding either written or verbal as to the remuneration he was to receive for doing so, they think

think that there ought to exist no difficulty in ascertaining from the records, or from the servants of the late Zemindar what the nature of the agreement was The Petitioner himself urges that the particulars of the agreement entered into with the Zemindar are well known to Cooty Iosyer, and that he should have been questioned upon this point.

4. The Board think that he might so be called upon, and that a more equitable arrangement with regard to Petitioners claim, might be arrived at than would appear to have taken place.

Revenue Board Office,
Fort St. George,
23d December, 1850.
