(1)

Bd. No. 181
From the Chief Secy. to Government

To
The President and Members of the
Board of Revenue.

Gentlemen.

I am directed by the Right Honorable the Governor in Council to draw your attention to the Circular from this Department dated 19th December 1842 and to request that the instructions of the Government of India therein conveyed, may be strictly attended to and that your communications

Communications to Government be compressed as much as possible, care being taken that they are always lucidly indexed or docketted on the back.-

Dated Fort St. George 2d January 1851. } Signed / H. C. Montgomery Chief Secretary

No. 626 to 647.

To All Collectors and the Commissioner at Kurnool.

Sir,

It having been found that Collectors do not generally report to this Office their having taken and delivered over charge of the Treasury, I have the honor to request that in future, when you may have occasion to deliver charge of the Treasury to another, you will invariably report

your

your having done so, and forward to this Office a Copy of the receipt of the Officer to whom you may deliver over charge, and the Officer taking charge should likewise inform this Department that he has taken charge of the Treasury and the amount therein.

Fort St. George
Accountant Genl. Office
14th December 1850

Signed J. D. Stonhouse
Accountt. General.

Referring to the orders of Government in the Revenue Department under date the 30th November last No. 1125, the Right Honorable the Governor in Council is of opinion that the requisition of the Accountant General contained in the 1st para of his Circular to Collectors and the Agent to the Government at Kurnool No. 602 to 621 is unnecessary, and tends to augment the accounts furnished by those Officers to the Presidency, while it is the desire of Government to diminish them.

Dated 30th Novr. 1850.

2. The object of the Accountant General may be in this case equally attained by the Certificate forwarded to.

Fort St. George 3d February 1851

to the Board of Revenue with the Statiments of Demand Collection and Balance shewing the result of the Monthly examination of the Huzzoor Treasury by the Collector or his Assistant being sent by the Board to the Office of the Accountant General for entry and thus the Collector's Establishments which are already overburthened with accounts will not have imposed on them this Extra duty.

3. The requisition contained in Circular No. 626 to 647 may also be avoided by a similar course. The Accountant General will therefore cancel Circular No. 626 to 647 also the first para of Circular No. 602 to 621 and the Board of Revenue will be requested through the Revenue Department, regularly to forward in future for entry the Certificates which accompany the Monthly Statements of Collection and Balance, and also the reports of delivery and receipt of Charge of Treasuries.

Dated 4th Decr 1850.

Signed H. C. Montgomery
Chief Secretary

Ordered that the foregoing

Fort St. George 3d February 1851

foregoing Extract be forwarded to the Board of Revenue with a request that they will comply with the instructions contained in it.

Signed J. Pycroft
Secretary to Government.

Ordered that the following letter be submitted in reply.

No. 51.

To the Chief Secretary to Government.

To the Chief Secy to Government

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of an order of Government No. 24 dated 7th January 1851 Communicating Extract from Minutes of Consultation in the Financial Department dated 24th December 1850, No. 482 in which they are desired to forward to the Accountant General for entry, the Treasury Examination Certificates which accompany the Monthly Demand, Collection and Balance Statements,

and

In forwd 3 July 1851

and also the Receipts submitted with the reports of delivery and receipt of Charge of Treasuries.

2. In reply I am instructed to state that the Periodical Certificates above alluded to will be duly forwarded, under blank Covers to the Accountant General, for entry after their return from Circulation to the Members of the Board. The Receipts which are occasional, are however always submitted for the information of Government, and the Board would suggest with a view

view to avoid delay that instead of their being returned as usual they may be forwarded from the Government Office to the Accountant General direct, who might be requested to return them to this Office when no longer required.

From I. H.
Cochrane Esqre
Submitting

Sir.

I have the honor to acknowledge the

the explanation called for in the Board's letter of the 27th Instant on the subject of the defalcations in the Cuddapah Treasury:-

the receipt of your letter dated 27th Instant requiring me to state for the information of the Board of Revenue whether I have any explanation to offer on the subject of the defalcations in the Cuddapah Treasury with reference to the Statement contained in a Report from Mr. Murray Extracts from which were annexed thereto.

2. Adverting to Para 2 I beg to state I accompanied Mr Wedderburn to the Treasury rather earlier than usual, but was not present when he conducted the examination that on my return thither from the Cutcherry on being informed by him that there was a deficiency of Rupees 8,000 I naturally under the circumstances which had transpired concluded that the examination of the Ghylut amount had not been omitted.

3. I confirm Mr Murray's Statement so far as concerns the periodical examination of the Treasury not as a general rule involving one of the Ghylut Money (which comprises various -

various Items which debited in the accounts for charges incurred have remained undisbursed from various causes, though I am unable to state whether the Head and 2d Assistants may not have occasionally satisfied themselves that the amount so kept in deposit was correct in reference to accounts kept in the native language this however I beg to represent I have myself done in the comparatively few instances in which I have personally examined the Treasury.

I much regret under any circumstances that I should have omitted to have given my Assistants particular directions for the examination also on all occasions of the contents of the Chest containing the Ghylut should such steps appear to the Board of Revenue to have been necessary as ensuring any material degree of precaution when it is considered these native accounts embracing as they do so many Items in detail connected with payments in the Talooks and

and the amount to which it has reference were under the immediate supervision and responsibility of the Head Sheristadar, in whom every confidence was placed and I trust not undeserved, notwithstanding what has resulted consequent on a sudden and unexpected examination.-

4. I may have observed that but a short time previously I caused an account particular of every item comprizing this Khyhut amount to be prepared in English, and carefully looked into them with the Head Sheristadar, on which occasion orders were issued for re-carrying to account and for the disbursement of every item, not necessarily required to be kept a further period in deposit with a view to the reduction of this amount and that I caused an Abstract Statement to be in future entered in English at the foot of the daily Cash report shewing the daily receipts, disbursements and balance of this Khyhut money.

J. H. C.

money, in order to an examination being made at any time required in reference to such daily Abstract Account.

From the Acting Collector of Cuddapah dated 7th Decr. 1850 No. 92.

In Cons 12th Decr. 1850.

From Dy. Do. 18th in Cons 27th Jany 1851 No. 2.

From Wd. Sheristadar to the Bd. 9th Decr. 1850.

25-26

From Do. Do. to J. L. Blane Esqre Dec. 1850.

In Cons 12th Decr. 1850 No. 230.

Proceedings thereon.- The Board proceed to take into consideration the 2 Reports from Wm. Murray on the subject of the defalcation in the Cuddapah Treasury, as also the Petitions from the Head Sheristadar and Head Shroff of the District.

It appears that on the 21st November 1850 Wm. Cochrane the Collector having been appointed Collector of Singlepoot gave

gave over charge of his Treasury to his Head Assistant Mr. Wedderburn. On examining the Cash Chest a deficiency was found of 8,000 Rupees which was duly reported to the Board of Revenue. On the following morning Mr. Wedderburn, in consequence of an intimation made to him by the Sristadar, that the Cash-Keeper Seshagerry Row was conveying money surreptitiously into the Treasury sealed and closed the Treasury altogether and suspended the Cash Keeper till the arrival of Mr. Murray the Sub Collector who assumed charge of the District the next day the 23d. On this day the chest in which was deposited the "Gybut money" (i.e. that transferred from the Ayen Account for the pay of the Public Servants) was examined. This had not been done by Mr. Cochrane and in that a deficiency of 11,500 Rupees was found. On examining the Cash Book and comparing it with the account kept by the Head Shroff, there was found a discrepancy of 22,000 Rupees, and on its being subsequently proved that a sum of 2500 Rupees had been surreptitiously conveyed into the Treasury after the defalcation

defalcation had been discovered, and the Books closed, the real deficiency Amounts to a total of 22,000 Rupees.

Deficiency in the Ayen at discovered by Mr. Cochrane	8,000
Deficiency in the Gybut discovered by Mr. Murray	11,500
Deficiency secretly replaced before Mr. Murray's examination	2,500
	22,000

The Cash book kept by the Cash Keeper is of course the authentic Record had he not succeeded in replacing the 2,500 Rupees, the difference between the Balance struck from that Book, and the Cash forthcoming in the Treasury (including the Gybut) would have been 22,000 Rupees. The Head Shroff appears to have kept a book of his own, noting the dates of actual disbursements made by order of the Cash Keeper, and the names of the individuals to whom paid this account being examined shews that the

the 22,000 Rupees unaccounted for in the Cash book has been disbursed-

3. It may be here noticed that the Cash in all District Treasuries may generally be considered as in 3 Portions. 1st The main treasure Kept in readiness to remit to the Presidency, which is placed in a strong hold under the joint seals of the Collector and Cash Keeper 2ndly the floating balance or Cash in hand to meet daily demands, which sum is more or less kept in equilibrium by occasional Receipts, and 3dly Money which has been ordered to be disbursed for the purpose of paying the Public servants, advances of Maramut, Batta &c. The 2 first are included under the head of Aymatee the 3d is called in Cuddapah the Gylut. The 2d portion of the Aymatee is of course in the immediate custody of the Cash Keeper, and in Cuddapah where large advances are constantly made to the cultivators of Indigo by the Mercantile houses at Madras it is necessary to keep a large sum in hand to meet the Accountant Generals Bills through

through which the above said Houses remit money to their Agents- On a Bill being accepted by the Collector an order is forwarded to the Cash Keeper authorizing him to disburse the money on the Bill becoming due- The Collector is for many Months in the District, and it would be impossible to expect that parties would wait for his sanction after the bill had become due, or follow him into the Talooks- The Cash Keeper therefore pays the accepted Bill on presentation, out of the floating Balance of the Aymatee and debits it in the Cash Book.

4. As for the "Gylut" when the Baramahl Nominal roll of establishment of the Hoozoor and Talooks have been passed by the Collector, as also any advances required for sanctioned works of Maramut, it is usual to write the sum off the Agency Account, i e debit it to Government at once, and make it over to the Cash Keeper to disburse it as occasion may offer for sending it into the Talooks which is generally when the Talook

Peons

Fort St. George 3d February 1851.

peons who have brought remittances to the Aungoor return to their Cutcherry. It will thus be observed that this money no longer forms a portion of the Public assets although of course the Cash Keeper is responsible that it has been properly applied.

5. Mr. Cochrane as has been shewn found on the 21st November 8,000 Rupees short in the floating Balance of the Aymatee and Mr. Murray on the 23d found that the Cash Keeper could only shew that he had disbursed from the Gylut entrusted to him, what would yet have left a balance of 16,641-5-10 instead of which excluding the 2500 Rupees surreptitiously slipped in 2,641 Rupees were for the morning, i.e. 14,000 Rupees short.

6. It was then discovered that the Cash Keeper had been in the habit of paying as it were to himself or his own dependents monies due on Accountant General's Bills as soon as they became due but before payment had been demanded by the owners for it often happens that Mercantile houses in Madras

Fort St. George 3d February 1851.

Madras remit these Bills to their Agents in the event of a sudden call for money, which call does not always arise, and thus the parties prefer to leave their accepted Bills lying over till the money is really wanted.

Pro. 12th Dec. 1850

7. On the Board requiring to know how it was that there could be a deficiency in the Gylut on account of payments for Bills, which form no part of the object of that deposit, Mr. Murray explained that the Bills must have been paid from the floating balance of the Aymatee, which as well as the Gylut being under the charge of the Cash Keeper, he could previously to the Treasury being counted, transfer bags from the Gylut (the Talookdars servants not having been then paid in consequence of the Peons being detained at the Mohorrum) to the Aymatee still it appears he could not make up the whole deficiency even by emptying his Gylut box, which though it is not customary to examine, it is usual to look into

18th Jan. Cons 27th Jany 1851.

some 5 or 6 bags (2641 Rupees) were therefore left in it or it may be that

that there was not time to transfer
more. The defalcation must therefore
in the opinion of the Board be consi-
dered as having been made from the
Aymatee and not directly from the
Gylut, and this makes the delinquency
the greater.-

8. It will now be necessary
to notice in more detail the manner
in which the deficiency must have
occurred, and here the Board would
observe that the circumstances dwelt
upon in the first 4 paras of Mr.
Murray's letter of the 18th January will
be taken into consideration on a se-
parate occasion, as they have no
concern with the question now before
them.-

dated 9th Dec. 1850 9. It would appear from the 2 Petitions of the Head Serishtadar & Appoo Row that he was the person who gave information of the Cash Keepers proceedings. His State-
No. 173 of 1851. -ment and that of the Head Shroff in his Petition to the Board agree very nearly with the result of Mr. Murray's enquiries.

10. The whole of this defalcation has occurred in tampering with

with Accountant General's Bills.
Mr. Murray supposes the system has
been some time going on, but it is im-
possible to trace it beyond the 1st
October 1850 since that period, the
Shroff's own account and the Trea-
sury Cashbook are in constant dis-
agreement according to the latter
which is the Office Record 24,320 Rs.
had been debited to Accountant
General's Bills from the 1st October
to the time the defalcation was dis-
covered. Tested by this account, the
Cash Chest (including Gylut) is 22,000
Rupees short. At the same time,
the Head Shroff's account shews that
he actually paid (by order no doubt
of the Cash Keeper) 2,63,320. Tested by
this account, (which however is not
the Public Record) the amount in the
Cash Chest corresponds. Previous to
the 1st October the 2 accounts agree,
and as no deficiency was ever dis-
covered it is useless to extend the
period of enquiry further back.

Enclosure C in Actg Coll.r's letter of 18th January 1851.

Statements A. B.
C enclosed in the Acting
Collector's 2d. letter of 18th
January.

January 1851 exhibit the same result in different points of view and it may be stated in brief that the Cash Keeper by regulating his orders on the Head Shroff with reference to emergencies as they arose, and not with any reference to the number, date due or value of the Bills themselves, managed to make the surplus in some cases cover the deficiency in others, so that probably had time been allowed the sum total of the Cash book and the Shroff's account would have balanced. There are however 3 bills especially which are mentioned in the Sheristadar's Petition and which formed the chief subject of Mr. Murray's investigation on which 22,000 Rupees were overdrawn and these may be considered as the liabilities which the Cash Keeper was not able to meet in time to save himself. Nos. 1753-2036-1934.

12. The 2 first were Bills transmitted by Messrs. Arbuthnot and Co. of Madras to their Agents. Mr Saalfelt for 10,000 Rupees each, both payable at sight. No. 1753 was accepted Octr. 8th 1850,

No.

No. 2036, the 1st November 1850 according to the Cash Book No. 1753 was paid October 17th 1850, No. 2036 2d. November 1850.

13. First as to Bill. No. 1753

This Bill bears Mr. Saalfelt's endorsement to his peon Hujoon Mahomed, whom he sent to get it cashed. There is however another endorsement (as if by H. Mahomed) to one Gosoomeyah a friend of the Cash Keepers. As before shewn this bill was according to the Cash book paid October 17th 1850. By referring to the Shroff's own account, it is shown that he paid on that day to Gousoomeyah 12,500 Rupees. He only keeps an account of the name of the individual to whom paid. Now Gousoomeyah had 2 bills* endorsed to him paid that day, leaving the other out of the question, it may fairly be presumed that he received the 10,000 Rupees for which he gave a receipt that day on account of the Bill 1753. It however appears in evidence that Mr Saalfelt did not present any Bill on the 17th October for payment. It is clear therefore that Gousoomeyah received his money without presenting any Bill at all, and that

* the other was No. 1858 for 5,000 on which 2500 only were paid So as to counterbalance other deficiencies.

that the entry in the Cash book is false -

14. When Bill 1753 was actually presented by the Peon Hussun, Mahomed on the 2d. November, the Cashkeeper paid through the Head Shroff 10,000 Rupees as the account of the latter shews but in the Cash book the payment of that day is entered as paid on account of Bill No. 2036 (to the same owner and to the same Amount) whereas it is in evidence that No. 2036 was not presented for payment till November 9th and then by Peon Madar Saib to whom Mr. Saalfelt endorsed the Bill. On this day the Shroff paid 10,000 Rupees to the receipt of Hussun Mahomed, but no entry at all appears in the Cash book. Thus for these 2 Bills Mr. Saalfelt received his 20,000 Rupees, and Gousoomeyah 10,000 fraudulently.

15. It is shewn that No. 1753 bears an Endorsement to Gousoomeyah that it is entered in the Cash book as paid on the 17th October, and that on that day when paid to Gousoomeyah he gave his receipt for it to Mr. Saalfelt

J.F.P.
I.O.C.

denies

denies and so does the 1st Endorsee his peon Hussun Mahomed who cannot write, that there was any endorsement in favor of Gousoomeyah: it is therefore clear, that, as Bill No. 1753 was not presented for payment till the 2d. of November, the endorsement to Gousoomeyah could not have been written before that, and that it is a forgery for the purpose of making the Endorsee's name and the Receipt correspond. In like manner Bill 2036 bears a Endorsement to Hussun Mahomed by Madar Saib, both peons of Mr. Saalfelt but to the latter of whom he endorsed it, as Madar Saib never endorsed it to his fellow peon so that it was managed that the bona fide receipt given by H. Mahomed on the 2d. November when he presented Bill No. 1753 might look as if it was his receipt for 2036 which is the Bill entered in the Cashbook as paid on that day; another 10,000 Rupees deficiency may be accounted for in this manner: By Statement C it is seen that on the 22d. October 10,000 Rupees was paid to Gousoomeyah by the Head Shroff

† Para 14 of this letter of 15th January.

Shroff which is not alluded to at all in the Cash Book. Mr. Murray explains that for this "there is no Voucher of any kind, either Bill or receipt."

16. The other 2,000 may be accounted for as follows. Bill No. 1934 in favor of M. Sashoo for 8,000 Rupees 10 days sight, Payable 25th October, is entered in the Cashbook as having been paid on that day; but on the same day the Shroff shews that he paid 10,000 Rupees to Gonsoomeyah: This Bill is endorsed over 1st to Ramiah, 2. to Nursinga Row and 3rd to Gonsoomeyah. It seems that M. Sashoo himself received the money on the 4th November. There is an entry by the Shroff on that date as having paid 13,000 Rupees to M. Sashoo but no reference is made to any Bill. In Mr. Murray's explanation of Statement C it is stated that the 2nd Endorsee Nursinga Row affirms solemnly that he received the money for this Bill but Mr. Murray disbelieves this, and the mode of proceeding is altogether entangled.†

† Para 4 and 11 of Memo: on Statement C

It

17. It is needless to go through the details of all the accountant General's Bills, and the confusion in their payments: the person whose name is so prominent in these proceedings Gonsoomeyah, is an agent of Messrs. Lecot and Co. of Madras, and seems to have been a tool of the cashkeeper's and had frequent money dealings with him. The acting Collector is of opinion that he lent his name for endorsements and receipts but that on receiving the money he carried it to the cashkeeper's house. This brings the offence home to the cashkeeper who no doubt made use of the money. Nursinga Row is a dependant of the cashkeeper, M. Sashoo is a Merchant in Cuddapah and a friend of the cashkeepers. From his prevarication when examined it would appear that his integrity is doubtful.

Para 8 of the Acting Collector's first letter -

19- From the Sheristadar's Petitions the Board were at one time inclined to think that some portion of the Aynatee money for Tappal Runners was mixed up with these 22,000 Rupees but Mr. Murray has explained that the deficiency can be otherwise accounted for, and that the Aynatee Balance was counted and found correct on the date (21st October) of the suspicious entries in the Shroff's Account -

20- Mr. Murray has not transmitted to the Board the original Proceedings, neither has the Cashkeeper as yet sent in any appeal: In the opinion of the Acting Collector he stands guilty of tampering with the Public Money committed to his charge; and the Board concur in this opinion - According to

7th December 1850 - para 3 of the Acting Collector's first letter the Cashkeeper states that he is unable to account for any part of the deficiency and endeavours to throw the blame

blame on the Head Shroff and others whose states may have abstracted the money during his absence on illness. No further explanation is recorded in Mr. Murray's 2d letter, except that according to para 20 x the Cashkeeper has admitted that when he cashed Bills, endorsed over to his friends, he brought the money to his own house from the Treasury: and also that it is proved that he clandestinely conveyed 2,500 Rupees into the Treasury, no doubt to assist in making up the deficiency when discovered -

18th January 1857 -

x also para 12 (latter part) of Memorandum accompanying Statement C -

21. The Board in their instructions of 12th December 1850 required the Acting Collector to make the investigation regularly under Regulation IX of 1822 and they must assume that he has done so: As however he has not specifically awarded any punishment under that Regulation the Board have only to direct the immediate dismissal of the Cashkeeper Seshagerry Row as unfit to hold

Fort St. George. 3d February 1857.

hold any situation under Government.
It is with regret that they are
constrained thus to disgrace the son
of an old and faithful public ser-
vant* to whose family Government
have awarded a Shrotriem.

22. It is impossible to be-
lieve that Runamoopa the Head
Shroff could have been unaware
of the fraudulent transactions
carried on. The acting Collector has
come to the conclusion that he has been
in the habit of combining with the
Cash keeper in tampering with the
Public accounts, and as the Board can-
not excuse any delinquency on such
a responsible Office as the Government
Treasuries, they direct his dismissal.

23. With regard to the Se-
rishtadar, the Board have as Mr.
Murray observes in para 22 of his 2d
letter plainly directed that that Officer
should control the Treasury as well
as other accounts, and they do not
consider the explanation offered as
in

* The father of Sashagerry Rau was Buchu Rau the late Serish-tadar. The Shrotriem was conferred for 3 lives under orders of Government dated 6th July 1842.

Fort St. George. 3d February 1857.

in para 12 of his Petition of De-
cember 9th 1850 satisfactory. It is
his duty to examine from time to
time the Native as well as the
English Accounts, and if he was
able to give the acting Collector in-
formation of suspicious practices,
it was in his power to have satis-
fied himself more fully on the
subject and brought it to notice
openly. The Board must record their
opinion that there has been great
remissness in his Department.

The Board also think
24.
that it would be well either to dismiss
or to transfer from the Buzzoor to the
Talook any of the subordinates in
the Treasury whom the acting Collector
may see reason to believe have with-
held information which it was their
duty to impart.

Mr. Cochrane has in re-
25.
ply to a requisition from the Board
submitted his explanation* on the non-
examination of the Gybut at the time
of Mr. Wedderburn's receiving charge, and
confirms

* 30th January to 3d February 1851.

confirms Mr. Murray's Statement that it is not usual to examine it for the Monthly Report. It appears that Mr. Cochrane was not present when the Treasury was counted and Section LXIX of Regulation II of 1803 does not render personal attendance on the part of the Officer giving up charge necessary; but the Board have recently given it as their opinion that it is desirable that he should in all practicable cases give his attendance. The manner in which the Gybut has been placed in the hands of the Cash keeper is objectionable. The Board are of opinion that in future no money for pay of Talook Sibbandy, even though the Baraboud are passed, should be debited to Government in the Cash Book until the payment is actually made and the same with regard to advances for Maramut; but they propose to call for some further information upon this point previously to issuing any positive instructions to that effect.

20. The Board also propose to

to issue Circular instructions that whenever the Head Sheristadar or his Deputy is on the spot, one of them should assist at the examination of the Treasury for the purpose of inspecting the native accounts, and pointing out to the European Officers any irregularity or defect which he may observe.

Ordered that a Copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Collector of Cuddapah for his information and guidance.

B. No. 170.
From the Collector of Chingleput.

Sir,

Endorsement on the accompanying Petition No. 2100 of 1850 from Mooneappah Moodelly, Moorsiff of Vaiken Pettah, attached to the Conjeveram Talook.

1. Referring to the Board's

I have the honor to

1744.

Fort St. George, 3rd February 1851.

to report, that on the investigation held before the Tahsildar, it was satisfactorily proved that the Petitioner had with the view of defrauding the Government, omitted to bring to account as the Motorpha Tax on 16 Looms working in the Village in Fushies 1257 and 1258 as noted in the margin, and that he further connived at the cutting of 5 of the Tamarind trees in the Village yielding revenue to Government, he was therefore fined by my predecessor in the sum of 20 Rupees, and removed from the Offices of Puttamongar and Moonsiff as unworthy of trust.

Fasly - Looms.
1257 — 11
1258 — 5

2.

I beg to submit for the consideration of the Board that although the fine referred to was inflicted so far back as 20th August last, and orders issued to the Tahsildar for the levey of the same, he has not been able to realize it, in consequence of the absence of the party from the Village. As I am disposed to think that dismissal from Office is of itself a sufficient punishment, I would beg, with the approval of the Board, to remit the fine.

Bo No 13.

From J. D. Bourdillon Esqre Collector of North Arcot. } Sir, Para 1

Reports the result of an examination into the cases of the female yeomiahdars above the age of 50 years and encloses with explanations Petition 2742 of 1850 received from Government in connection with the subject.

Agreeably to the 2d of the additional yeomiah rules circulated in the Boards letter of the 1st July 1850, I issued a Notification requiring all the female yeomiahdars above the age of 50 years by the Register to appear for Muster prior to receiving the instalment of their pensions due in July, and in order to render this proceeding as little irksome or inconvenient to them as possible, I made arrangements for mustering them at the three towns respectively at which there are resident (Arcot, Vellore, and Goorriantum), and I announced also that if attendance at the public Cutcherry was particularly abnoxious the personal appearance might take place at some private house or houses in the Town.

As I had reason to expect, the

2.

parties one and all, failed to appear, and I then proceeded to institute such enquiries as the circumstances admitted, with the view of ascertaining, as nearly as possible, the probabilities for and against.

against the life or death of each one. These enquiries were made through the means of the Naib Sheristadar of my Office, under the immediate supervision of the Acting Sub Collector at Arcot and of the Head Assistant and Acting Head Assistant for the pensioners of Vellore and Gooriaulum; and in the two latter cases the whole of the examinations were conducted in the actual presence of Mr Sullivan or Mr Blair. The Vakeels of the several pensioners, the parties who last certified their existence, and their next heirs, or persons calling themselves such, were all examined except in a few instances in which they could not be found. The enquiries necessarily occupied much time, viz. from the middle of September to the beginning of December, and the number of depositions recorded was very great, extending in all to 191, some of great length. I now proceed to lay before the Board a brief statement of the result.

Note as it was clear that the females would not appear these enquiries in respect to Gooriaulum were held at Vellore.

3. The whole number of female Yeomiahdars above the age of 50 on the

Register when the enquiry commenced, was 137. but the deaths of 17 were almost immediately reported to have just occurred, and the number for enquiry was thus reduced to 120. The parties primarily responsible for the existence of the Yeomiahdars were the Cararmanadars or Certifiers under the 4th of the rules of January 18, 1841, and their testimony was very unsatisfactory. The best evidence that these persons could state as justifying their certificates, except in the very few cases in which they were the heirs and immediate relations of the persons certified, was that they had heard their voice from behind a wall or a Curtain. Not one with the exception above stated, said that they had ever seen the female, or would know her if they did see her, and very few that they had any knowledge of the voice as being that of the individual alleged. But only a few of the certifiers could say that they had had any communication with the female certified, even from behind a screen, the majority stated that they signed

the

Note. These are the numbers of the Certificates given, not of the Certifiers.

the Certificate on credit of the heirs statement that the individual was alive, or because the heir asked them to sign it, and no fewer than 12 declared that they had no recollection of having ever signed the Certificate. Two of the certifiers were not forthcoming.—

4. The Statements of the Vakeels were not more satisfactory. The majority of them simply said that the parties for whom they professed to act were alive, but did not state how they knew that fact, or offer any proof of it. A number of them, like the majority of the Certifiers, gave as their foundation for saying that the parties were living, that they had heard their voices, or that their heirs told them so. Both the Vakeels and the Certifiers were ignorant for the most part of the names of the Fathers or husbands of the females, in many cases could not say where they lived, and in many others the Statements of the several deponents respecting one and the same person were materially at variance with each other, some both of the Vakeels and the Certifiers

Certifiers, were unable to say who were the heirs of the females for whom they acted or whose life they had certified, or what relation to them those persons bore whom they (the deponents) styled their heirs. The heirs themselves, for the most part simply declared that the females respectively were alive but offered no proof.

5. It is a matter of some importance too to observe how small is the whole number of individuals who have acted as Vakeels or given Cararnamahs. I enclose a tabular Statement, shewing the number of persons, and the Amount of their Yeomiahs, compared with those of the parties for whom they acted as Vakeels, or gave Cararnamahs. It will be seen that at Arcot eight Yeomiahdars whose aggregate allowances amounted to only Rupees 389 held Vakalutnamahs, and gave Cararnamahs for one hundred and thirty four female Yeomiahdars whose aggregate pensions amounted to 8190 Rupees. One man (Syed Mohomed Hoosainy) with a yeomiah of only Rs 18-9-a, was thus concerned for 25 females, whose united allowances came to 1361, another Mahomed Hussain, with an allowance of only 18-15-8, acted in both capacities as guarantee for 34 females, receiving

receiving the aggregate amount of 1483 Rs and a third, Syed Abdoollah, receiving only 494 Rs a year. gave Cararnamahs for 36 females whose total pensions equalled 1852 Rupees. It was the same in Vellore and Sautghur, and the former place six parties holding Yeomiahs to the amount of 671 Rupees, acted as Vakeels for or certified the life of 29 females, whose total pensions equalled 3282 Rupees, and at Sautghur four pensions receiving allowances to the amount of 81½ Rupees acted in one or other Capacity for fifty three females, whose total pensions amounted to 1728 Rupees. I have before me also similar Statements as to the parties attesting to Vakalutnamahs, and those attesting the female Yemiahdars, receipts, but I will not trouble the Board with more detail.

6. On the foregoing facts I beg to observe first, that the intention of the Yeomiah rules of 1841 has in this particular been quite defeated in this district, by the mode in which they have been practically carried out, though without any departure from their letter. The object of Rule 11 clearly is that the fear of forfeiting his own allowance shall deter the Vakeel or the Certifier from fraud or falsehood, this motive may

may be powerful when the loss risked, bears some proportion to the gain realized, but must obviously be inoperative where this condition is so signally absent.

7. But 2d it is clear from the inspection of the Statement now under reference, as well as from the enquiry generally that the Vakeels form a separate body who act together on an established system. They act with the so called heirs, and aid and support each other, attesting each others Vakalutnamahs, and certifying the life of each others alleged clients. Thus they obtain payment of pensions which have properly lapsed, and the amount is shared by them and the heirs, after the deduction of what is necessary in various quarters to prevent unpleasant enquiries.

Note. The word heirs is used to signify the next of kin or representatives of the females or those who are put forward as such.

8. It is by no means my intention to assert that this is the case with the whole of the female Yeomiah department or that none of the number are alive, there is no doubt that many of them are living. But the result of these enquiries has been strongly to support the inference deducible from the extreme longevity alleged to have been attained by so many of the female Yeomiahdars, especially when compared with

that

receiving the aggregate amount of Rs 1483, and a third, Syed Abdoollah, receiving only Rs 414, gave Cararnamahs for 36 females whose total pensions equalled 1852 Rupees. It was the same in Vellore and Sautghur, and the former place six parties holding Yeomiahs to the amount of 671 Rupees, acted as Vakeels for or certified the life of 79 females, whose total pensions equalled 3282 Rupees, and at Sautghur four persons receiving allowances to the amount of 81½ Rupees acted in one or other Capacity for fifty three females, whose total pensions amounted to 1728 Rupees. I have before me also similar Statements as to the parties attesting to Vakalutnamahs, and those attesting the female Yemiahdars, — o receipts, but I will not trouble the Board with more detail.

6 On the foregoing facts I beg to observe first, that the intention of the Yeomiah rules of 1841 has in this particular been quite defeated in this district, by the mode in which they have been practically carried out, though without any departure from their letter. The object of Rule 4 clearly is that the fear of forfeiting his own allowance shall deter the Vakeel or the Certifier from fraud or falsehood, this motive may

may be powerful when the loss risked, bears some proportion to the gain realized, but must obviously be inoperative, where this condition is so signally absent.

7. But 2d it is clear from the inspection of the Statement now under reference, as well as from the enquiry generally that the Vakeels form a separate body who act together on an established system. They act with the so called heirs, and aid and support each other, attesting each others Vakalutnamahs, and certifying the life of each others alleged clients. Thus they obtain payment of pensions which have properly lapsed, and the amount is shared by them and the heirs, after the deduction of what is necessary in various quarters to prevent unpleasant enquiries.

Note. The word heirs is used to signify the next of kin or representatives of the females or those who are put forward as such.

8. It is by no means my intention to assert that this is the case with the whole of the female Yeomiah department or that none of the number are alive, there is no doubt that many of them are living. But the result of these enquiries has been strongly to support the inference deducible from the extreme longevity alleged to have been attained by so many of the female Yeomiahdars, especially when compared with

that

that of the Males. On the whole there appears valid ground for strong suspicion that out of 137. the whole number of female yeomiahdars alleged to be living up to the time when the enquiry commenced, fifty nine are really dead. The amount of probability of course varies much in the different cases, from that high degree which amounts to a moral conviction to that which cannot be called more than strong presumption, but in the number I have stated there seems the latter amount of evidence at least.

9. I made it matter of debate whether in any case there was sufficient evidence to support a criminal charge, but I did not find that there was. The instance of Raabia Begam's case last year shows that the Sessions Court will not convict on such a charge without strong and direct testimony to the death of the party by persons who have actually seen the body. (Of course this is very rarely to be obtained in the case of Mussulman females and in all the cases now referred to all the evidence was circumstantial the whole of the parties capable of giving direct evidence of death, (Viz. the relatives) deposing the opposite fact.

10. I have stopped the allowances of all the female yeomiahdars above the age of 50 in default of appearance, agreeably to

Note. This includes the 17 persons whose deaths were reported immediately the enquiry began.

Board's Circular July 1st 1850.

+ Note. These are 97 in number and their yeomiahs amount in the aggregate to 2593 Rupees. Eventually the yeomiah of a considerable part of them will properly be renewable.

to the 2d of the new rules, and I have also stopped those of all the parties who last acted as Vakeels for them or last certified their existence. To the case of these I think the concluding part of the 1st of the new rules may properly be applied. Viz. that their yeomiahs shall be discontinued until every female yeomiahdar for whom they have drawn pay or given certificate shall either appear in person, or shall be proved to have died subsequently to the date of the last transactions.—

11. I have already said that I believe a majority of the females to be living and I think it very probable that all those who are so will shortly abandon their refusal to appear to muster. This refusal has been persisted in hitherto, under the influence of the Vakeels, who saw clearly that if any female appeared, their refusal to produce those who being dead cannot appear, would be untenable. The same parties also encouraged them in the belief that if they persevered in refusing to appear, the authorities would give way. But they will soon see that this hope is fallacious, and I think it probable that in a few years the females will become habituated and reconciled

to

3d December 1850 No 1139.

to a personal appearance. With reference to the order of Government quoted in the margin, it may become proper after a short time, to grant special exemption from such appearance to particular individuals, as is done in the case of male yeomiahdars, but I think it would be inexpedient to moot that question at present.

12. With reference to what I have said above in Paras 5 to 7, I beg to suggest that the 4th of the rules of January 1841 needs some modification to make it more precise. In future indeed this rule will have a much narrower operation, but I think it desirable to require that the yeomiah or Enam of the Vakeel and of the certifier, shall bear not less than a certain relation, (one half perhaps) to the yeomiah or aggregate of the yeomiahs, of the party or parties represented or certified by them respectively.

13. In connection with the subject of this letter, I have received from Government for enquiry and report through the Board of Revenue the Petition noted in the Margin, from a number of persons calling themselves

+ No 2272 of 1856 herein enclosed

relatives

relatives of female yeomiahdars at Vellore, objecting to the requisition for the personal appearance of the females, and complaining that one of the respected Mussulmans of the place was placed in confinement under a Military Guard. so far as it concerns the prayer for a return to the old mode of ascertaining the life of female yeomiahdars, this Petition does not seem to need enquiry.

With respect to the complaint that a priest was placed in confinement, the following appear to be the facts.

14. The individual in question Syed Ghoolam Hoosainy Saib was examined by Mr Sullivan respecting the life or death of his wife, who was in the receipt of a yeomiah of 55 Rupees a year. It was a case in which there were grounds for the very strongest suspicion, and Mr Sullivan thought that Criminal proceedings might be instituted, and wrote to me for my opinion, detaining the individual above named, pending my answer, on receiving my + reply that I did not think the evidence strong enough to support a

+ By return of Post

prosecution

prosecution, he immediately discharged the party. While he was under detention no severity appears to have been shown towards him, the place assigned him was a large room or hall of the building in which Mr Sullivan was then holding his Cutcherry, with liberty of access to the Garden; the colour for the statement that he was under a Military Guard is that Mr Sullivan being short of peons, had obtained a few Sepoys from the Brigadier as a Guard in front of the Bungalow, which is inside the Fort. I may add that the individual in question was treated with much consideration by Mr Sullivan, being accommodated with a chair while under examination before him.

15. The Petition also contains some general charges against the Naib Serishtadar to the effect that he treated the parties examined with disrespect. This complaint seems scarcely to need much notice. The duty to be performed was necessarily disagreeable to those whose conduct was brought under inquisition; I have the testimony of both Mr Goldie and

and Mr Sullivan that the Naib Serishtadar's part in it was performed with much activity and zeal, (which indeed the result proves) and it is no wonder that some parties should be dissatisfied. But the whole of the Proceedings respecting the Vellore Yeomiahdars (the complaining parties) were conducted, as already said, under the immediate supervision of Mr Sullivan himself, and I feel confident that he would not sanction any unbecoming measures, or any needless disrespect or severity to any party.—

North Arcot,
Collector's Cutcherry,
Chittoor, 28th December,
1850.—

Signed J D Bourdillon
Collector.

B.o. No. 245.

No. 55.

Proceedings thereon.- Submitting a letter from the Collr of Salem dated reporting the result of his investigation into the cases of certain female Yeomiahdars above the age of 50 years stating that the Board approve of the Collrs proceedings in stopping their allowances in default of appearance as also of those parties who last acted as Vakeels to them & suggesting that the period for proving their identity be limited to 3 Months after which their Yeomiahs should be forfeited.-

Fr. Govt. 17th June 1850

1. The Collector in the above communication reports his proceedings consequent on a Notification he had issued for the personal appearance of female Yeomiahdars above the age of 50 years.- in accordance with the additional Rules approved by Government 5th June 1850.-

2. He appears in his arrangements for identification, to have had due regard to the convenience and prejudices of the parties so called upon, yet in no instance was his requisition obeyed.-

He then commenced enquiries through his Sub Collector and Assistants as to the probable existence or otherwise of the Yeomiahdars in question, who, according to the Register, are 137 in number, though 17 deaths being almost immediately reported, as having just occurred, reduced the number for enquiry to 120.

3. The Board will not pursue the Collector through all the particulars of the investigation. It led to no satisfactory proof of the existence of the Yeomiahdars which, as the examination testified, had been periodically declared by the Vakeels and

and life Certificers upon the slightest and most insufficient ground.-

4. A Tabular Statement is submitted by the Collector of the relative amount of the Yeomiahs of the Vakeels and Certificers, and of the aggregate sum due to those whose existence they respectively declared.-

5. By this Document it appears that the intention of the rules of 1841 has been defeated and that the risk incurred by the checks then devised, bears no just proportion to the advantages realized by successful fraud, facilitated by a combination among the Vakeels, Certificers and next heirs to afford each other mutual assistance in furnishing the declarations necessary for a Yeomiah payment.-

6. As the result of his enquiries, the Collector is of opinion that out of the 137 female Yeomiahdars registered as living, 59 including the 17 above referred to, are probably dead.-

7. In whatever degree this supposition may be borne out by future proceedings

proceedings the present disclosures justify in the opinion of the Board, the course pursued by the Collector of stopping in accordance with the general intent of the additional Rules the allowance of all the female Yeomiahdars in default of appearance and of suspending payment of the amount due to the parties who last acted as Vakeels or last certified the existence of the women in question until such appearance is brought about. These parties consist of 37 individuals, whose Yeomiahs amount in the aggregate to 259 Rs.

9.- It is observed from the Tabular Statement that the greater portion of the attesting Yeomiahdars are the holders of service Enams. If this service be of a public nature, it will be necessary to provide for its performance by substitutes, enquiry being made that the service has been actually performed and is of such a nature as to call for a continuance of the Grant. and that the question of the tenure of the registered Enamdar may be set at rest it would appear requisite to define some limit as three months perhaps within which the female Yeomiahdar must prove her identity by

by personal appearance, and beyond which the forfeiture embraced in the 4th of the Rules of 1841 shall be put in force.-

10.- Sufficient proof having been adduced that the spirit of the 4 of the Rules of 1841 has been evaded the Board concur with the Collector in the expediency of contracting its operation and of declaring that in future the Yeomiah or Enam of the Vakeel or Certificer, shall bear the relative proportion of not less than one half, to the amount of the Yeomiah or aggregate of Yeomiahs of the parties represented or certified by them respectively.-

11 The concluding remarks of the Collector have reference to a Petition forwarded by Government for investigation and report through this office and with regard to which the Board have only to observe that the explanation of the Collector appears to them quite satisfactory.-

Ordered that the Collectors letter and accompanying Petition and copy of these Proceedings be

Govt No 2,272 of 1850.

Fort St George 3rd February 1851

be forwarded to Government.-

(39)

Bd. No. 217.

From the Collr. of Salem ..... } for publication in the Boards Office three

Transmitting for Publication in the Boards Office 3 Advertisements for the sale of certain lands belonging to Revenue defaulters.

Sir,

I have the honor to forward Advertisements regarding the proposed sale of the lands belonging to certain Revenue defaulters.

Kalipelly of Manicalipelly Talook Namakal.
Chellandy Gounden of Kaliyalliem Talook Paramutty.
Unoly Valen Yen of Cholabal Talook.

1. 2. 3.

The holdings of the first two individuals are recommended for sale by the Sub Collector, who states in respect to Kalipelly that he "was formerly Curnum of Patypollum Yen Villages and was removed from Office for misconduct and neglect of duty; when in Office the dues on his lands were deducted from his salary and the arrears now outstanding have accumulated since his removal and are not recoverable from any other Source." The lands in his occupation have been waste from Fasly 1257. He has declined to pay the Peishwah Nuzzur or to relinquish them. The Sub

Sub Collector adds that he appears to be a trouble some and litigious character, and is now in confinement in the Zillah Jail for debt.

3. The second individual Chellandy Gounden is stated by the Sub Collector to have taken up his lands on Cowle in Fasly 1243 but to have brought only one piece under cultivation the remainder being left waste through inability. The Sub Collector further states "after the lands came to full Assessment being unwilling to relinquish the occupation, his moveable property has been sold from time to time in order to satisfy the periodical demands."

4. The demand against Moothealoo and others under the head of Seroy Summa- It has arisen from their having usedes for the irrigation of their Bagayet lands the water of a Government Annicut, whilst a portion of the Nunjah Ayacut under the Annicut was lying waste, their having done this rendered their lands liable to the highest Nunjah Jeerwah under the Annicut, agreeably to the 30th Para of the Hookoomnamah. On their representation however at the last Summabundy

Summabundy, the higher rate was changed for a Nunjah Mifsal Jeerwah by the Sub Collector in Charge Mr. Maltby. They have however failed to appreciate indulgence thus shewn them by withholding the amount due, notwithstanding repeated demands by the Tahsildar and as there is no moveable property forthcoming the bringing their lands to sale seems the only means of realizing the amount.

5. Should the Board approve of the sales of lands above recommended, the particulars which are shewn in the accompanying Statements. I beg to request their instructions on the subject may be communicated to me in sufficient time for the publication of the Advertisements in the Taloks.

Notice is hereby given that the lands particularized below situated in Taluk Attoor, in the absence of moveable property, have been attached in consequence of the holders thereof not having paid the Assessment due thereon to Government for Fusleis 1252 and 1260 and the same will be sold by auction to the highest bidder on Wednesday the 12th March 1861 at Salem.

The purchaser is required to pay 15 per cent of the purchase money at the time of Sale and the balance within 30 Days from the date of the Sale, either in the Huzzoor or Taluk Treasury and in default thereof the lands will be resold at the risk of the first purchaser. It is to be understood that the sale of the lands will not be considered valid until the orders of the Board of Revenue are received confirming the same.

No. 7.

To

W. H. Bayley Esqre.

Secretary to the

Board of Revenue

Bd. No. 234.

From the Collr. of South Arcot...

Sir, Fort St. George.

In conformity with the directions contained in your letter of the 11th April last, I have the honor to forward a Statement shewing the extent and value of Grants made in endowment of Choultries as they stood at the close of Fusly 1259 prepared according to the form therewith furnished.

43

And, with reference to the concluding part of the same communication, I have to remark that all the endowments made to Traveller's Bungalows are resumed from the commencement of Fusly 1253 as reported to the Department of Public Works under date 31st October 1853 an extract from the account therewith forwarded is enclosed for your Board's information.

Trichinopoly Collectors Office 2d December 1850.

Order thereon.— (47-48)

(Signed) E: Maltby. Collector.

Ordered to be recorded.—

Read

Read the following letter.

No 11.

To W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St George.

(49)

B2 No 249.

From the Collr of Trichinopoly

Sir.

I have the honor to re-quest sanction for repaying the sum of Rupees 70-- to some parties who were fined for an affray by the late Acting Head assistant magistrate, as the acting Sessions Judge has reversed the sentence upon appeal and direct-ed that the amount of the fines be repaid to the parties from whom they were levied.

2. As the case in question did not belong to the Petty Calender but was decided under the enlarged Magis-terial powers, the amount of the fines imposed upon the Defendants was Kept in deposit for 3 months, in case an appeal should be preferred, but at the end of that period it was car-ried to the public account, so that

9

I am unable to act on the instructions of the acting Sessions Judge without having the authority of Government for making the payment.

Trichinopoly
Collector's Office
27th January 1851

/Signed/ C. Maltby
Collector.

B2 No 240.
Proceedings thereon.
(49-50)

Ordered that the foregoing letter be submitted to Government with the Board's recommendation, that sanction be granted for refunding the abovementioned sum of Seventy Rupees

---

Read the following letter.
No 4.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St George

(51)

B2 No 124.

From the Collr of Madura

Sir,

Requesting instructions on certain points in the preparation of the account of census

According to Native Custom of Fathers and married Sons, and undivided Brothers, and their families live in the same house, I have the honor with reference to Para 6 of Mr Ropell's letter of the 7th February 1850 to request instructions whether in such

such cases each married couple and their children in a house are to be considered a separate family, or only when they are divided and separate, according to the native idea, from the other families in the same house.

2. The question whether a family is distinct or otherwise would be determined in the native mind by the fact of their expences being in common or separate - the object of the distinction as regards the census is to obtain thereby a check with reference to known averages on the returns of Population. If every married couple were to be considered a family this object would be defeated, I think, by the early age at which marriages take place among the Hindoos - I should prefer there-fore to apply the term family to any body of relations residing in the same house who defray their escpences from a com-mon stock.

Madura
Thathumputty
10th January 1851

/Signed/ R. D. Parker
Collector

The

Bd No 234

Proceedings thereon. The Board are of opinion that a family must be defined according to its local signification. they therefore approve of Mr Parker's proposition to apply the term to any body of relatives residing in the same house who defray their expenses from a common stock.

Read the following letter.

No 54.

To The Chief Secretary to
Government

Bd No 232

To the Chief Secy to Government

Stating that the Board do not perceive any enactment in the acts of Indies 16th June 1851

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an order of Government No 34 dated 11th January 1851, forwarding

2

of Parliament 13 and 14 Vic which it is requisite to publish in the official Gazette for the guidance of the officers in the Revenue Department.

a Volume of Acts of Parliament passed in the 13th and 14th year of the reign of Her Majesty Queen Victoria, and requesting them to point out such parts of the Laws contained therein, relating to this Department, as it may be necessary to publish in the Fort St George Gazette for the information and guidance of Public officers.

2. In reply I am instructed to state that the Board do not perceive in the Volume any Enactment which it is requisite to publish in the Official Gazette for the guidance of the officers in the Revenue Department. The Collectors of Sea Customs to whom the Board have made a reference, in accordance with the orders of Government dated 3d March 1847, has however recommended the publication of the Acts noted in the margin.

Inbnd 8th March 1847.
From Coll Sea Customs 21st January in bnds 3d February 1851.
XCIII and XCV of 13 & 14 Vic.
Also Cap CXVI of Act 8 & 9 Vic.

Inbnd 22d May 1848.

but the Board would observe in reference to Extract Minutes Consultation 9th May 1848, that these Laws do

do not appear to contain any thing necessary for the guidance of the Revenue Officers.

Bd. No. 176

No. 58.

From the Secy. to Government — Sanctioning the continuance of Certain Enams in the District of Cuddapah —

Extract from the Minutes of Consultation Under date the 17th January 1851.

2. √ The × share held × by the deceased in these Enams, as noted in the Margin will be continued to his Widow Soobbammah for her life.—.

Enams Rent Rs. 2-2-5 — 4 3/11 Value Rs. 5-5-5 — 1.

3. Under the circumstances represented, the Collector is authorized to continue this small portion of Enam to Gooroovadoo, the son of the deceased, for his life.—

4. The Orders of the Board of

Fort St. George 6th February 1851.—

of Revenue Referred to by the Collector permitting Veeradoo, the first Cousin of the deceased, to succeed to the Enam in Chinnanavootoorla on the ground of his being of an undivided family, applying equally to this Enam, which will accordingly be continued to him.—

5. The share enjoyed by the deceased in this Enam to be continued to his Mother Naughee for her life, on the grounds Recommended by the Board of Revenue.—

6. Ordered that the lapsed Enam be Continued for life to Krishnama /aged 60. years/ widow of the Brother of the deceased and his only surviving Relative.—

7. There being no male issue, the Collector is authorized to continue the lapsed share in the Enam to Seetah, the widow of the last incumbent for her life, as recommended by the Board.—

8. In consideration of the advanced aged and destitution of the foster daughter of the deceased, the Government are disposed to accede to the Recommendation of

Fort St. George 6th February 1851.—

of the Board of Revenue in her behalf, and accordingly direct that the lapsed Enam be continued to Baulee for her life.—

9.— Excepting the Enam at Calagatta A. 6–15— assessed at Ac. 14–10– which will be continued to Amoorum Battoo as Recommended, Ordered, that the Rest of the Lands enjoyed by the late B. Cansammah be resumed in default of heirs.—

10. Under the circumstances stated the Governor in Council will not object to this Enam being allowed to revert to the Donor, Chinna Soorappah as Recommended by the Collector and the Board.—

11. Resolved agreeably to the recommendation submitted in this case, that the lapsed Enam be continued to Latchme Narsammah the widow of the deceased and be resumed on her death.—

Translate of the Copy of the Enjoynamah from Nabob Waulaja to Nooroddeen Mohammed Khan dated 16th Mohurrum 1207 Hegeree

I am very desirous of having the Mussulmen taught the Mohamedan Law &c. and therefore write this for your guidance in regard to the mode to be observed in getting the children taught.-

There are residing in Nellore, Ongole, Paulnaud and other Villages a large number of respectable Mussulmen consequently if a number of them were allowed Jeomiahs or Lands for their subsistence and places appropriated for teaching the Children will learn to read.- Two Aulims will be sent from this place but as they will require the assistance of Moulums to teach Children you will nominate individuals who can read Koran at 7 Rupees per Month to teach the Children to read Koran.- You will take measures to see that in Villages where there are Mosques the Mussulmen attend to perform prayers.- What more is there to write.-

B. No. 293.

From the Collr. of Nellore ... } Stating that the Renter of the Alkarry Farms of Survapully &c. Divisions having failed to make punctual payments they were attached and resold in auction and requesting sanction to Put Appiah the highest bidder in possession of them from the date of attachment.-

Fort St. George

Sir,

On the 1st of July last the Board sanctioned the acceptance of the offer of V Panpiah for the Alkarry rent of the Survapully Nellore Sungum and Talamunchee Division of this District for the Current Fusly.- The Renter having failed to discharge the December Kist long after it had become due, I considered it necessary to attach the Farms in order to bring them to a re sale.- The usual notification having accordingly been issued inviting tenders, the Farms were put up to auction on the 31st Ultimo and Knocked down to one P. Appia for Rupees 6,600.- The undischarged portion

circumstances the Revenue of the Village which is entered in the Summuds at Rupees 2,250 has since the dates of those documents increased to so large an amount as Rupees 5,517-9-8 and will specify the dates of the several alienations therefrom.-

Bo No 2781.
From the Collector of Salem
Reporting on the Bandy fund for the year 1849-50 agreeably to Board's Proceedings dated 23d February 1850.,

Sir,

I Adverting to the 5th Para of Extract from Minutes of Consultation dated 14th February 1850 No 155, which accompanied your Board's Proceedings dated 23rd Idem, desiring that the accounts of the Cart Fund both of receipts and expenditure be forthwith separated and kept distinct, and likewise separately reported on at the expiration of each Fusly.

2. I beg permission to mention that in Conformity with instructions contained in Extract Minutes of Consultation dated 3rd April 1846, Rupees 5,197-8-5, the amount of Bandy Fund at that time entered under the head of Moturpha was debited against the Government

Fort St George 6th February 1851

Government in the public accounts, and placed apart as a deposit.

3. Certain sums having since been disbursed from that amount, as well as from subsequent Collections, detailed Bills of annual receipts and disbursements were prepared at the close of each year ending on the 31st December and submitted to Government through the channel of the Board of Revenue Department of Public Works. These have been periodically published in the Fort Saint George Gazette for general information up to 31st December 1848; the Bill for the past year has also been submitted to that Board.

4. The amount on hand on the 31st December 1849 was ---------- 2,817-11-

Amount expended by the Subordinate Judge of Salem in improving and cleansing the Town of Salem, but which was directed to be refunded and credited to the Bandy Fund as per order of Government dated 27th May 1850. No 100 ---------- 721-5-6

Advances made on account of various roads from January to July 1850 ---------- 3083-3-6

Balance on hand in July last 2592-7-11

The

Fort St George 6th February 1851

5. The amount of Bariz for the year 1849 was Rupees 3423 and that for the present year is Rupees 3478, exhibiting an increase during 1850 of Rupees 55. The amounts of the Collections and disbursements of this Fund, have from its original establishment in 1836, been kept according to the Calendar year ending on the 31st December, they are therefore still closed up to that date.

6. A detailed report upon the roads and communications of this District on which the Bandy Fund has principally been expended, having been submitted to the Board of Revenue Department of Public Works, I beg in order to prevent unnecessary repetitions, respectfully to refer to that communication for any further information that may be deemed necessary.

B No 173.

From the Collector of Salem

Submitting the claims for remuneration of two Poly Meerasidars of Annamaly-puttu Village in his District and recommending that sanction may be obtained for granting to them, rent free, certain Podoogal lands.

Sir,

1. I have the honor to submit for favorable consideration by your Board, the claims for remuneration of Annamalay and Comaly Poly Merasidars of Annamaly puttu, a Village in Talook Tengracottah.

2. From the enquiries which I have instituted it appears that in the Cymash Accounts of the year Nala (Fusly 1206) the Poly enams of the Village in question are registered in the names of Chinnapally and Vellayandy. When these enams were subsequently resumed in view to the granting of money payments to Village Servants, no Commutation seems to have been fixed for the Polies of Annamaly puttu, apparently on the score of the Village being then uninhabited. In the accounts of the year Thoorumutty (Fusly 1211)

also

also there is no entry of any pay to Toties. During the period the Village belonged to a mootahdar, as well as subsequently, small portions of it were brought under cultivation from time to time by the Ryots of other Villages, though indeed in some years there was no cultivation at all. In Fusly 1259 however, some Ryots came and settled themselves in the Village permanently and built houses there, and it is believed that their number and the extent of their cultivation are likely to increase. Although in the past Fusly the aggregate cultivation fell below the total of the preceding ones as will be seen from the subjoined Table of Cultivation, being only Rupees 60-11-8 attributable to the deficient rains of the season, yet it is expected from the circumstance of the cultivating parties being fixed resident, that in the current year an increase of Rs. 130 will take place. The assessed ayacut of the Village amounts to Rupees 636-4-7.

3. The services of the Toties in question as being essentially requisite for the Collection of the Current Revenue, the performance of Minor Police duties, and the preservation of the usual sources of irrigation, I beg to recommend that sanction may be obtained for granting to them rent free the undermentioned Podoogal lands which yield an annual profit of 12 Rupees, the difference Annas 7-8 being Collected from them as Jodigy.

No. 60

To,

The Chief Secretary to
Government.

28-29

B. No. 258.

To the Chief Secretary to Government.

In Cons. 6th Feby. 1851.

Sir,

I am directed by the Board of Revenue to request that you will lay before the Right Honorable the Governor in Council, the accompanying letter from the Collector of Salem, dated 18th January 1851. submitting the claims for remuneration, of Annamalay and Comaly, Toty Meerasidars of Annamaly-putty, a Village in the Talook of Tengra-cottah in his District.

From

2. From the enquiries made by Mr. Phillips, it appears, that in the Cymash Accounts of Fusly 1206, the Sixty Enams of the Villages in question are registered in the names of Chinnapally and Vellayandy - When these Enams were subsequently resumed, with a view to the granting of money payments to Village Officers, no commutation seems to have been fixed for the Sixties of Annamaly-putty, apparently in consequence of the Village being uninhabited - Recently several ryots have permanently settled themselves in it, and it is believed that their number and the extent of their cultivation are likely to increase - The services of the Sixties are stated to be essentially requisite for the performance of certain revenue and police duties, and as they are the heirs of the parties whose names appear in the accounts of Fusly 1206. the Collector recommends that sanction may be obtained for granting to them, rent-free, certain Podvogal* lands to the extent of acres 8-38-4 yielding an annual profit of Rs. 12-7-8. to be assessed with a Jodi of annas 7-8-0.

3. The Board beg to recommend the Collector's proposal for the favorable consideration of Government.

30

(Here enter No. 7.)

B. No. 285.

Proceedings. 1. The season of Fusly 1259 / 1849-50 was marked by a deficiency of rain throughout, causing a considerable diminution in the cultivation of both Dry and Wet-lands - There is also a decrease in the Garden cultivation but not to any extent - The importance of River irrigation appears conspicuous in a season like that under consideration, it is seen that the lands fed by the Cauvery and Coleroon received an ample supply of water, and that but for the aid afforded from these sources the decrease in the Revenue of the Year would have been very large - The Sanitary condition of the District during the period under notice was on the whole favorable -

Relative to the settlement of Land Revenue in the district of Trichinopoly for Fusly 1259 / 1849-50.

Carr - Do. — 15½

The prices of Fusly 1258 / 1848/49. it was observed in reviewing the Settlement of that year, had declined below those of the preceding Fusly- In the period under report a slight improvement took place, but not commensurate with the fall of the previous year, nor such as might have been expected from the character of the Season, owing, the Collector states, to the abundant produce along the Cauvery and Coleroon and to slackness in the external demand generally, in consequence of which the Rice of Tanjore is brought for sale in the Trichinopoly Bazars-

3. The Lauljoody Talook was settled by the Head Assistant Mr. Hathaway, the remaining Talooks by Mr. Maltby. The orders of Government require that the names of the Villages, in which the Summahbundy was carried on should be specified, the Collector will be pleased to attend

attend to this requisition in future reports on the Settlement-

Para 8- 4- The resumption of the Enam Village of Talagoody lately enjoyed by the Cauvery Ferry men at Trichinopoly caused a correspond-ing increase in the number of Ayen Villages, the numbers being-

5. The total extent of the cultivation in Fusly 1259 / 1849-50- was 3,22,741 Cawnies, being 18,649 Cawnies below the cultivation of the preceding year. The decrease occurs princi-pally in Dry lands- The following abstract State-ment exhibits in the par-ticulars-

Items

Fort St. George, 6th February 1857.

6. The decrease in the Wet Talooks, where the advantages of River irrigation are enjoyed, is comparatively small and may be ascribed chiefly to accidental circumstances as breaches, obstruction to the cultivation caused by repairs in progress, and land required for public purposes as roads and Channels. A reference to the Cane Return of Fasly 1258/1848/49 shews an increase of 208 Cawnies in favor of the year under review, of which 158 Cawnies occur in the Taluke Talook. The report is silent as to the causes of this increase.

Para 7. 7. In the Paras noted in the margin explanation is afforded regarding the several items of increase and decrease. The chief are,

8. The increase in the cultivation occurred in those Villages where the season was not unfavourable and includes both Wet and Dry. The deductions for waste are found chiefly in the Dry Taloohs; these with the remaining remissions above noticed are contingent on season. The assessment of land left uncultivated on insufficient grounds and in consequence included in the settlement, amounted to Rupees 15911-4-0 as shewn in Statement No. 12.

The

11. The demand was realized with a punctuality that reflects credit on the local Officers. The collections within the Fusly were

Rupees	138,7109–3–11
Do. Subsequently to the end of November 1850.	9,930–3–0
Total	139,099–6–11

leaving the small balance of Rupees 296–8–8. Referring to Statement No. 9. it is seen that the current Demand was fully realized in the Talooks of Arealore and Walcondaporam within the Fusly.

Para 22. 12 Under the explanation afforded by the Collector in the Statement of arrears which accompanies his report, the Board beg to support that Officer's recommendation for writing off the sums of Rupees 634–9–10 being

	Rs	a	P
For Fusly 1242	17	2	8
" 1243	8	14	8
" 1251	5	"	"
" 1258	603	8	10
Total	634	9	10

The unadjusted arrears will then amount

Statement No. 10. amount to Rupees 31,643–4–1 belonging almost entirely to the period intervening between Fuslies 1242 and 1257. The Board will expect an early report on these Balances.

13. The following abstract Statement exhibits a view of the Demand and collections from Land and Extra Sources for the Fusly under consideration in comparison with the preceding.

Fusly.

Fort St George. 6th February 1857.

Jusly 1258.

Collection within the Jusly and Balance - Demand and Outstanding Balance - 1st November 1850.

| | | |

reference to those lands. It was the desire of Government in pursuance of the orders of the Honorable Court of Directors that an assessment on the land should be substituted for the present practice; but, the revision was postponed till a General Survey should afford the means of carrying out more readily the proposed change. The Board are unwilling that a measure, directly affecting the interests of the Ryots should be delayed any longer, and they desire on the present occasion to call the attention of the Collector to the subject and to express their readiness to take into consideration any proposition for the end in view which he may deem expedient. They would point out that in giving effect to the proposed change, it is important that field registers should be prepared shewing the boundaries of each Field or parcel of land bearing a separate assessment.

17. In Statement No 5 exhibiting the Cane Cultivation, it is seen that there is a separate item of "Teerwah Jastee"

Jastee" under the general Head of Punjah. The signification of Teerwah Jastee in this place should be given.

Statement No 7. 18. The Statement of Levy Summa is defective as not distinguishing the items coming under the head of Land Revenue from those which appertain to Extra Sources. These should be separately shewn both in the Statement which accompanies the report on the Settlement and in the monthly returns. In the latter, the Demand Collection and Balance should be exhibited. and not the Collection only, which at present is entered as the Demand. The Balances of Extra Collection, Current and arrear, should be adjusted at an early date, and explanation should be afforded to shew why so small a portion of the Demand on this account is realized.

Extra Collection	Demand. Rs a P.	Collection. Rs a P.
Current	396 3 10	41 12 4
Arrear	1098 11 5	119 15

Statement No 3. 19. The Price Lists which accompany the Report on the Settlement exhibit the rate per Culkum and not per Garce, as in the monthly Returns

Fort St. George, 6th February 1857.

Returns submitted to the Board. It is desirable that a note should be appended to the Price List, shewing how many Cullums constitute a Madras Garee-

Statement No. 148. 20-

It is observed that the number of Gonchees or Joint Puttahs is 145 held by no less than 4151 individuals paying only Rupees 1815-11-6. These Returns would appear to be inaccurate-

The Board would draw the attention of the Collector to the subject, with a request that the number of Joint-Puttahs may also be exhibited in State-ment No. 1-

Fort St. George.

Sir,

In my Summabundy report for

B. No. 208-

From the Collector of Trichinopoly-

Fort St. George, 6th February 1857-

for the late fusly 1259 forwarded to the Board on the 18th October 1850, I mentioned that the Balance of the Settlement then outstanding amounted to Rupees 639-2-9. Of this sum Rupees 468-2-4 have been since Collected, but the remainder or Rupees 171-0-5 proves incapable of realization- and I have therefore the honor to for-ward an explanatory Statement of the items and to request the Board's auth-ority for writing off the amount, in order that the accounts of the past fusly may be closed and no necessity exist- for including this irrecoverable balance in future Statements-

Ordered that the foregoing letter be submitted with the following address.

No. 66.

To.

The Chief Secretary to
Government

Sir.

(31-32)

B. No. 286.

To the Chief Secretary to Government.

In para 21 of the Settlement Report of the District of Trichinopoly for Fasly 1259, submitted to Government with the Board's Proceedings of 6th February 1851 No. 65, the Collector stated that the balance remaining uncollected for the year under report was Rupees 639-2-9 and which was in course of recovery.

2. From the accompanying letter from Mr. Maltby dated 22nd January 1851, it will be seen that of the abovementioned sum, Rupees 468-2-4 have been since collected, leaving Rupees 171-0-5 outstanding which is said to be irrecoverable.

Infms: 6th Feby 1851.

3. Under these circumstances the Board recommend that the Collector

Fort St. George. 6th February, 1851.

Collector may be authorized to write off the abovementioned irrecoverable balance of Rupees 171-0-5 which will close the accounts of Fasly 1259.

4. The Collector will be requested to report more fully regarding the Choultry built by the Zemindar of Oodiarpolliem, in order that the sanction of Government may be obtained for the remission of Rupees 2-4-9 in perpetuity, if sufficient grounds are set forth for such indulgence.

(33)

B. No. 1144.

From the Collector of Salem.

To,

W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

In reply to your Board's requisition

requisition dated 13th June last, for certain information regarding the manufacture of Saltpetre in this District, I have the honor to state that no rules are in force within my charge of the nature of those referred to by the Collector of Madura-

2- The process by which Saltpetre is prepared for the market is thus described by the Sub Collector of Mr Conway in whose division only it is believed to be manufactured-

"The Saltpetre earth, as which is collected before Sun rise, is mixed with water in the proportion of 100 measures of the former to 50 or 60 of the latter, and placed in earthen vats, plastered in the inside with black clay- These vats are constructed on a raised mound of earth and are generally made 6 feet in length, 6 in breadth and 6 feet deep- In 20 or 24 hours after the mixture has been poured in, the earthy impurities are precipitated and the clear liquor is then drawn off thro' a tube inserted in the vessel

vessel, and transferred to earthen or Iron Boilers, to undergo the process of evaporation; when, this has been carried far enough, the solution is set in flat earthen vessels to cool and crystallize, which is effected in about 8 hours- The Saltpetre thus obtained is refined once by the native manufacturers and in that state is sold to the merchants who again refine it two or three times- The operations of the manufacturers are invariably carried on in any open space, within or on the outskirts of their Villages- Earth Salt is manufactured from the same earth, but generally by Solar evaporation in pans of the same description as those used in the manufacture of Sea Salt- Some years back it appears to have been extensively manufactured in some of the Mootah Villages for purposes of adulteration; measures however were adopted for its suppression and

Fort St. George. 5th February 1851.

I cannot discover, that it has been revived, to an extent likely to be at present affecting the Salt Revenues.

Salem, Collector's Cutcherry. 14th January, 1851.

No. 11

To W. H. Bayley Esqr.
Secretary to the
Board of Revenue

B. No. 276 Salt.

From the Actg Collector of Coimbatore

Requests information on certain points connected with the issue of Lease for lands on the Neilgherries in the new forms.

35

I beg to acknowledge the New forms of lease for the Neilgherries received with the Board's Proceedings of the 11th November 1850, and to request that 50 Copies may, for the present, be sent to me.

2 I would beg to know if these forms are to be restricted to English settlers, or to apply to all applicants for land of however small a portion, except those named in para 5 of the Manual. I am also somewhat in doubt what the Board intend, by a lease being given to present occupants holding without lease. Land is and has been occupied and held in several ways on the Hills; under the ordinary Pattah of the District; and under Grants. - most of such, I find on enquiry decline the new lease.

lease, and prefer to hold on the forms and document on which they have heretofore held. I conclude I cannot disturb these, and that the new lease is meant only to apply to all future applicants for Government waste lands.- 2.

3- I also beg to be informed whether the lease in question is considered to supercede the rule under which "Grants" were previously taken out for lands, and also whether new leases may be granted for lands held on Grants before. It is necessary that this doubt should be cleared up, as Mr Fullerton and others holding lands, ask a "consolidated Grant" for the same; while many Prospectors are desirous of obtaining transfer Grants for lease-held properties purchased by them in late years. as Mr Fullerton is in Madras, perhaps the Board would kindly learn if the new lease will satisfy him.-

Proceedings

No 68

Read letter from Collector of Canara dated 10th October 1850 reporting on the Settlement of Extra Sources of his District for Fusly 1259.-

In Cons. 6th Jany 1851

37
Bd No 294
Proceedings thereon.

Relative to the Settlement of Extra Sources of Revenue in the District of Canara for Fusly 1259.

The total Demand inclusive of the Ameendevi Islands was 9,92,426. or an Increase of 23,133 Rupees above that of Fusly 1258.

2. The Revenue derived from Salt amounted to 4,54,175 being 8671 Rupees above those of the previous Fusly and 8970 above the average of the past five years.-

3. The Home consumption fluctuated in a slight degree and in the Inland Traffic, there was an increase of 11,565 Rs, under circumstances calling for little remark. The increase at the Ospinapatam Kotie is large and would it is stated have been augmented but for the large import of Goa Salt. Of this article no less than 197-276 were imported by land within the last six Months of the Fusly. The Collector has been unable to separate the distribution of this quantity into Home and Inland sales, so that the portions

Home including sales to ameendevi

1258 - - - 199049.
1259 - - - 196156.
Decrease 2893 Rs

Inland.

1258 - - - 246453.
1259 - - - 258018.
Increase 11565

carried

carried out of the District cannot be shewn. The increased substitution of this article for monopoly Salt was noticed in the Board's letter under date 27th January 1851, but as it is liable to a duty of Rupees 90 per Garce on import the Revenue from Salt will not be affected. The Collector proposes to distinguish the Imports from Goa both in the Salt and Sayer Departments under a distinct heading between the two. The Board think that this separation might tend to the inconvenience remarked by the Collector and that it will be sufficient to notice the imports from Goa in the manner he has done in the abstract attached to Para 4.

4 The Collector in Para 11 reverts to the remarks of Government upon the increasing Centage of Salt Charges from Fasly 1256 to Fasly 1258, which he shews were calculated upon the purchases and sales of the year omitting

omitting the stock in hand. Inclusive of the latter item, the centage of Charges is given in Para 12, and would appear of slight variation:-

1258 . . . 7,352
1259 . . . 23,884
Increase 16,532 Rs

5 In the land Customs there is and Increase of 16,532 Rupees arising from the duty on Goa Salt excluding the source, the decrease is 966 Rs.

6 In Sea Customs there is a net falling off of 11,021 Rupees chiefly in Rice and Coffee. The decrease in the Exports of the former has been fully noticed in the Board's Proceedings on the Land Settlement for this year, the decline in the latter arose from large Exports of the article duty-free.

7 The trade in Cotton appears in a thriving condition, and will make. the Collector trusts, further progress with improvements in the inland communications. The exports having been trifling in the previous year, the increase in the present one

is

is 45420 Candies and when compared with that of Fusly 1257 shews an advance 19,971 Candies.-

8 There was an Increase in Abkarry of 4.010 Rupees. It is not stated whether the system of renting it out in petty contracts, which has been so successful in the previous, had been again followed in this Fusly. though it would appear from the late Collectors letter 23d June 1849. that six of the Taluks at least were so rented.-

In Cons. 8th July 1849.

Tobacco.-

1258-	30,066	
1259-	30,274	
		208

Stamps

1258-	45555	
1259-	51,377	
		5822

9- In Tobacco and Stamps the increase was 208 and 5.822 Rupees respectively.-

10- The revenues from the Amendevi Isles exhibit a decrease of 1253 Rupees occasioned by the sale of their Coir produce having taken place subsequent to the termination of the Fusly. and the amount therefore carried to the proceeds of the Current year.-

11 Of the Demand Rs 9,89,850 were collected

collected within the Fusly and 2,542 subsequently, leaving a net balance of-

33-10-4.-

12. Including Extra Collections (16,249) and arrears (3,172) the total Collections of the year 10,09,271 Rupees from which 30,1082 Rupees as Charges being deducted, there remains a net Revenue of 7,08,188 Rs.-

Ordered that a Copy of the foregoing Extract with the annexed Comparative Statement of the Collections, Charges and Net Revenue be submitted to Government and a transcript of the same be forwarded to the Collector of Canara.-

Remarks thereon. Under the circumstances represented by the Collector, and agreeably to the terms under which the Pension of the family of the late Jaghiredar of Sattumpauk and Poondy was distributed under the authority of Government dated 20th March 1821, the Board of Revenue recommend that a pension of Rupees 13-5-4 per Mensem be allowed from the 30th November 1850 the date of the decease of Hyder Newas Khan to his son Fitteh Hoossain Khan being $\frac{2}{3}\frac{5}{6}$ of the allowance drawn by deceased under the Sanction quoted which was a moiety of item No 4 in enclosure to the Collector's letter of the 24th February 1821.

Read the following letter

No 5

To W. H. Bayley Esqre
Secretary to the
Board of Revenue

Sir

In obedience to the orders of the Board dated 10th January 1851 I have the honour to report

42

Bc No 179

From the Collector of Madras. } on Petition No 66 of 1851.

J. F. B.

report the particulars connected with the case of the Petitioners Goorroonada Chetty and Veerabudra Chetty.

The Petitioners are the sons
2. of one Soudavaroy Chetty in whose name the property in dispute was originally held. On the death of their father, they came into the enjoyment of the same, and on the 11th February 1832, executed a Bill of Sale making over their right to one Somasoondara Grammy, the party who has now applied for a certificate in his name.

It will thus be observed
3 that the question of the Petitioners claim depends on the validity or otherwise of the sale. The Petitioners. I am aware, have denied the sale and have declared that the deed transferring their right, was a forgery. Of this fact, I am certainly not in a position to determine, having no evidence at all before me to support the bare assertion of denial on the part of the Petitioners.

On the other hand the probabilities of the case are in favor of the applicant from the following circumstances, 1st Possession of
4 the

the property and Title deeds since 1832. 2d Testimony of the only surviving subscribing witness to the bonafide execution of the deed of Sale 3d Assessment Bills being in the name of the Applicants father Kineapale Grammy and lastly Possession of the 2nd Rent Bills from 1805.

5 These, your Board will admit are facts that would justify me in rejecting the pretensions of the Petitioners and authorizing the issue of the Certificate in the name of the applicant agreeably to the principles laid down in Mr advocate Generals letter dated 9th September 1828.

6, Finding however that the Petitioner has appealed to your Board from my Endorsement I have ordered the issue of the Certificate to be stayed awaiting your Boards further commands on the subject.

Madras
23d January 1851 } (Signed) J. A. Hudleston
Collector

B. of R. No 249.
Order thereon,

42-43

Ordered that the following Endorsement be passed on Petitions No 56 and 221 of 1851.

"The Board of Revenue having

received a report from the Collector of Madras on the subject of this Petition declining to interfere in the matter"

Resolved that the following letters be despatched.

Resolved that the following letters and Memo be despatched.

46

B. N. 270

To the acting Collr of South arcot

To The acting Collector of South arcot

Sir,

I am desired to forward for reconsideration

-sideration Petition 1272 of 1850 bearing the Endorsement of the acting Collector of the 28th October 1850

2 The reason assigned for the exclusion of the Petitioners claim appears to the Board insufficient. The relationship which he is stated to bear to one of the dismissed Monigars would not necessarily imply any intimate connection between the parties especially, if as Petitioner declares, the misconduct of

of the late Monigars was brought to
light by his information.

2. The Acting Collector has advised that the orders of Government 19th April 1844 regarding remission of assessment on sand drifts be extended to all sandy tracts that are unfit for other cultivation - It is observed that those orders permitted the cultivation of the Palmirah on the sand Drifts in Tinnevelly at "half the usual teerwah"

but

but that on a subsequent representation from the Board of Revenue that the inducement offered by those orders was "inadequate and not commensurate with the labor attendant on planting and rearing the Trees" the Government were induced to permit by their orders of the 9th May 1848 No. 487 the Cultivation of the Palmirah in the localities referred to "free of all demand" with the caution that no ground should be encroached upon under this sanction except what was only useless for all other purposes. The Government wish it to be clearly ascertained from the Acting Collector whether the remission of the half teerwah authorized by the orders of 19th April 1844 will afford sufficient encouragement for the plantation of Palmirahs on the sandy tracts to which he refers or on whether the greater indulgence granted under the Orders of the 9th May 1848 No. 487 should be allowed.-

No. 298.

From the Secy. to Government } Extract from the Minutes of Consultation Revenue Department under date the 4th February 1851.

Directing that the land belonging to the Zemindar of Kalacottah in the Madura District be surrendered to him, and an addition of Rs. 40 per annum be made to his Peishcush commencing with the present Fusly.

No. 112.

Read the following letter from the Secretary to the Board of Revenue.-

(Here enter 2d January 1851 No. 7)

The Right Honorable the Governor in Council having had under his consideration the correspondence submitted by the Board of Revenue with the above letter relative to the boundary disputes between the

the Zemindar of Keelacottah in the Madura District and the Ryots of the Neighbouring Government Villages, agrees in the Conclusions at which the Board have arrived, and he therefore directs that the land shown to belong to the Zemindary Pooliem 526 - 1 3/4 equal to Cawnies 229 - 1 - be surrendered permanently to the proprietor and an addition of 40 Rupees per annum be in consequence made to his Peishcush to commence with the present Fusly.-

Bd No. 157
From the Collector of Masulipatam

Sir,

1. I have the honor to acknow=
=ledge the receipt of an Extract from the
Proceedings of the Board of Revenue dated
12th Ultimo. forwarding an Extract from the
Minutes of Consultation dated 30th November
last in which I am directed to supply
certain information in regard to the items
of Motursha remission &c.-

Submitting the further in=
=formation called for by Government on the subject of the amount of Mo=
=turpha Remis=
=sion &c.

2. In reply, I beg to state, with
reference to Para 4 of the Minutes of Con=
=sultation above referred to, that the Zemindary
of Mylaweram was subdivided into two
Mootahs. viz. Mylaweram and Valawa=
=dum and professed by Sooranany Venkata=
=paty Row and his brother Ramachendra Row
respectively - In November 1840 the latter
died and his Estate was bequeathed to his
brother Venkatapaty Row. and was put into his
profession agreeably to the orders of the Board.
In 1843 it was attached for arrears of revenue
for which it was ultimately sold in 1846 and
purchased

purchased by Government consequently no Moturpha remission has been disbursed on account of that portion.-

Minutes of Cons. Para 5

3. It appears from the records of this Office that the name V. Chenarama Row which appears against No. 15 of Mr. Lane's list dated 12th August 1822 has been erroneously substituted for that of V. Chinnamma Row - V. Venkatarama Gopaulrow is the adopted son of the latter and came into possession of the Estate on attaining his Majority agreeably to the Board's orders dated 16th October 1834 - This individual died on the 19th September 1849 and was succeeded by his son Venkatarama Krooshna Gopalrow, and the succession has been confirmed in the Proceedings of the Commissioner for the Northern Circars dated 15th April 1850.-

† To Board 6th July 1847 from 2d-27th April 1848.

Minutes of Cons. Para 6.-

4. The late S. Pauparaiah Zemindar of Chanoolundah died on the 19th November 1836 as reported to the Board on the 7th January 1837 - The Village was under attachment and the Moturpha remission credited to the Estate up to Fusly 1756 (1846-47) when it reverted to Government agreeably to orders dated 1st May 1848.-

The

Minutes of Cons. Paras 8 & 9.

No 142.

5. The list and account Particular called for in Paras 8 and 9 are herewith forwarded.-

6. Referring to the entries shewn in Column 3 of Statement No. 1. I beg to bring to notice that a sum of Rupees 2163 — — was paid to the Zemindar of Nedadavole up to Fusly 1252 (1842) when the Estate was sold agreeably to the orders of Government and restored to the Zemindar and his relatives. The Zemindary has since been subdivided into four different Estates but no remission has been allowed since that period - The Zemindars have solicited the repayment of the remission and their claims for the same in arrear have been submitted for the orders of Government through the Commissioner for the Northern Circars - In the event of the authority of Government being granted it will be necessary to add the sums composing this item to the amount exhibited in Column 4 of the Statement now forwarded.-

From the Civil Auditor. ---

To

W. H. Bayley Esqre

Secretary to the

Board of Revenue.

Sir,

I have the honor to acknowledge the receipt of your letter of the 12th Decemr. last, and in reply to acquaint you, for the information of the Board of Revenue that I am not aware of any objection with reference to the order of Government dated 30th November 1850 to the admission of Charges of Moturpha Remissions in the Accounts of the Collector of Masulipatam for Fusly 1260, "on all "Changes in the succession to the Ancient "Zemindaries" for which such remissions are allowed, on "the name of the party "and the relationship in which he stands "to the deceased holder" being reported by the Collector, through the Board, to this Department, provided that such intimation of the succession shall be found to correspond with a list which the Government propose in the above order, to authorise for once.--

Fort St. George
Civil Auditor's Office
14th February 1851. -

/Signed/ A. F. Bruce
Civil Auditor.

Resolved

+ Revenue Depart. No. 1127.

10-12

Bd. No. 311.

Proceedings thereon.

Submitting a letter from the Collector of Masulipatam furnishing further explanation on the subject of the Moturpha remissions payable in that District as also a letter from the Civil Auditor relative to the admission of Charges on the above account and stating that the Board see no objection to the Collector reporting to the Civil Auditor thro' the Board all changes in the succession to the Ancient Zemindaries for which such remissions are allowed to the proprietors.

R. Cons. 12 December 1850.

No. 73

Resolved that the letters above recorded together with the enclosures to the first communication be submitted for the orders of the Right Honorable the Governor in Council.

2. In Extract Minutes of Consultation 30th November 1850, in passing the payments up to Fusly 1259 on account of Remissions of Moturpha Revenue allowed to Ancient Zemindaries in Masulipatam, Government called for further information on several of the allowances, and for an account Particular of those payable from Fusly 1260 with any alterations that have since occurred. In para 7 they requested that the Board would state, after communication with the Civil Auditor whether it will be sufficient for the purpose of future Audit to require the Collectors to report thro' their Office for the information of the Civil Auditor all changes in the succession to the ancient Zemindaries for which such remissions are allowed to the Proprietors specifying the name of the party and the relationship in which he stands to the deceased

deceased, and in para 9 an Account Particular was called for in support of the Pension to the Ex Zemindar of Vinnacottah and Poodemadah and the other Members of the family for payments made in Fusly 1254 and subsequently.-

Moiety of Rupees 388-8 per annum allowed to Zemindar of Mylaveram.

3. In regard to the allowance noted in the Margin the Collector explains that the Mylaveram Estate was subdivided into two Mootahs and that one of the Mootahs Malavadum was attached for arrears and ultimately sold in 1846 and purchased by Government when the allowance of Moturpha Remission of this Mootah lapsed.-

Rupees 21. per annum allowed to Zemindar of a part of Zamuttoy and Madoor Ghutt.

4. In reference to the next item he states that V. Ven Katarama Doss Paul Row was recognized by the Board 16th October 1834 as adopted son of the Zemindar but that he died in the 19th September 1849 and the Commissioner Northern Circars confirmed his son Venkatarama Kroostna Dospal Row in succession.-

Adverting

Rupees 17-8-- per annum allowed to the Zemindar of Chancolumdah

5. Adverting to the third allowance on which information was called for Mr. Porter intimates that on the death of I. Paupanah Row the Mootah was attached and the Moturpha remission was credited to the Estate until Fusly 1256 when the sum reverted to Government.-

6. He encloses an Account Particular of the Moturpha Remissions payable annually from Fusly 1260 which are only 9 in number amounting to Rupees 2451-12-- and adds that a similar remission of Rupees 2163, was allowed to the Zemindar of Nedadavole up to Fusly 1252 when the Estate was sold but that since its restoration to the Zemindar it has been divided into 4 Mootahs the holders of which have sought repayment of the Moturpha remission and that their claims are submitted thro' the Commissioner Northern Circars.-

7. An account Particular of the Pension

Fort St. George 10th February 1851

Fusly	Rupees
1254	7,375
1255	5,400
1256	6,600
1257	5,625
1258	6,025

Pension to the Ex Zemindar of Vinnacotah and Goodewadah is also sent amounting as per Margin to Rupees 30,925 exclusive of the payment in Fusly 1259 which was Rupees 575.

8. The Civil Auditor it is observed considers that the course suggested by Government in para 7 of Extract Minutes of Consultation 30th November 1850 will be sufficient for the purposes of audit "provided that intimation of succession to the Zemindaries shall be found to correspond with a List which Government propose to authorize for once."

9. The Board do not perceive any objection to this measure.

Forwards a set of Rules framed for Subah and Trustees. Acquaints that property of Rupees 3,033-12-0 independent of cost unpaid to servants &c. is still due from late

13

I have the Board in para 1 of their Proceedings dated 11th March last having directed me to ascertain the wishes of the parties entrusted in the concerns of the Hunspee Pagoda and cause the two Individuals named in my Letter of the 11th February to be nominated joint Trustees of the Pagoda on their entering into the requisite agreement and securities, I have the honor to report that on the receipt of the above Proceedings I published a Proclamation to the people of the different religious persuasions interested in the Pagoda residing in those Taluks adjacent to Hunspee, requiring them to present themselves before me on the 16th May to express their opinion respecting the remodelling of the

Trustee Runga Raz and proposes means to recover the same.-

the Sabha and the nomination of the said two joint Trustees. In conconformity thereto a large body appeared before me, at Haspett, a station near Kunnpee; I ascertained their wish was that their Sabha should be constituted of about 50 selected members; eleven of those being of the number previously elected and the other 39 were new selections. Most of these are not only residents of Villages contiguous to the Institution, but are also hereditary Enamdars of respectability.-

2 With regard to the Rajahs of Anagoondy and Sondoor whom it was proposed at first should be Patrons and be at the Head of the Sabha, I have to report that they declined the honor.-

3. The Sabha as now constituted has elected the before named Principal Priest Sumbara Bharaty Sawmy who is generally known by the title Veroopatchaswamy of the Seva or

Religion

Religion, and Chintapah the Jaghcerdar of Coordagreddah are the joint Trustees of the Pagoda. They have agreed to retain them for a period of five years, and mutual agreements have been drawn out and signed by the respective parties and security given. Copies of these documents with translations are enclosed for the Board's inspection.-

4 These preliminaries being accomplished I instructed the Tahsildar of Kunnpee to deliver over at once to the Trustees, in the presence of the Sabha, the Kunnpee Veeroopatcha= =sawmy and other Pagodas attached &c thereto together with the Enam Villages and Lands belonging to these Temples as well as the property in the Pagodas and in the Talook cutcherry, these two last items being of the value of Company's Rupees 16,228-2-6

The

The Tahsildar has reported to me that he has delivered over all that were in his charge, taking a receipt for the same.-

5 I have also the honor to send herewith transcript of a set of Rules for the guidance of the Sabha and Trustee in the affairs of this Hindoo Institution, and which I purpose with the Board's sanction to introduce. I think that it is necessary that some such Rules should be in force, that parties may understand the relative duties of the Trust confided to them and if the Board are of the same opinion, I request they will give them the strength of their authority.-

6 With reference to the last Para of the Proceedings under reply, I have the honor to add, that notwithstanding repeated representations on my part to Runga Raz the Ex-officio Trustee urging him to give up

up the Jewels of the value of Company's Rupees 3,033-12-a with the Accounts of Receipts and Disbursements during his administration as Trustee, I have as not succeeded in inducing him to meet my wishes, And as ordered by the Board of Revenue I have the honor to report the same with the view that measures be taken to compel Runga Raz to make good the balance of the Pagoda Property confided to him.-

7 I may here call to the recollection of the Board that whilst the present Veeramala Dasa Raja of Anagoondy, who receives a monthly pension of Rupees 1,377-11-a from this Zillah, was in his minority, and his adopted mother Narasingamah was his Guardian, this Runga Raz was authorized by that Lady under a muctyarnamah having the seal and signature of the state to hold and conduct the Trusteeship of the Hindoo Pagodas

Fort St. George 10th February 1851

Pagodas. The terms of the warrant is to the effect that the Circar having entrusted the affairs of this Institution to the Sunstannum he Runga Raz should take upon himself the trusteeship and conduct the usual duties connected therewith, receiving charge of the Property of the Temple and it stipulates that whatever he may do in the course of his management of this Institution the Sunstannum shall acknowledge the same to have been done directly by itself - From this Imagine that the Rajah must become answerable for the Jewels &c as well as for the accounts not yet produced, And it might be now proper to call upon the Rajah directly to make good the balance and in the event of his refusing immediate compliance I would suggest the propriety of stopping his Pension.-

The Tahsildar of Trumply further reports to me that Runga Raz owes 605 Rupees for arrears of

Fort St. George 10th February 1851.-

of pay of the Establishment of servants and 4,108 seers of Rice and 6 Maunds of Oil in the Provision department, and that he has not settled with the Merchants who supplied things for the Pagoda, the balance of which item amounts to Rupees 200 and further that he has neglected to pay the wages (48 Rupees) of Extra guards employed during the Festival to watch the several roads which have always been paid out of the Pagoda Funds, and which Rungaraz promised to disburse as usual.-

It is clear that the affairs of the Pagoda under Runga raz's superintendance have been very badly managed, And that there were good grounds for the Complaints made against him.-

Translation

Fort St. George 10th February 1851

No. 51

Translation of an agreement entered into by Sree Abhenavadunda Narasimma Bharaty Swamy of Hunnpee and Chentapah of Kooradagundoly, and executed to the Sabha of Electors on the bright moon in the Month of Vejaya Saka of the year Sadharana, Corresponding to the 23d day of May 1850 or Jusly 1250.-

We Sree Abhenavadunda Narasimma Bharaty Swamy of Hunnpee (here follows this Priest & Chentapah Jahageerdar of Kooradagundoly in the Talook of Hoodlighee) do hereby enter into this agreement with the Sabha of Electors to the following effect, that as you (the Sabha) have nominated us both, as joint Trustees for managing the affairs and performing the Duties of the Temples of Hunnpee Veerapatchesawmy and the other Pagodas connected thereto, We do hereunder specify the terms of our engagement.-

We

Fort St. George 10th February 1851

Article 1 We are to receive from Circar the cash allowance, and demand the kists becoming due from the Enam Villages of this Institution and to grant our Receipts to the Circar and Ryots respectively for the same

2 We are to receive such money only from the worshippers resorting thither as may be prescribed in the rates enumerated into the Cowzpatty which is to be furnished to us and we are not otherwise to give them any annoyance.-

3. With regard to the Disbursement of the Institution we are to defray the charges attending the daily, weekly, monthly, yearly &c duties as well as the annual car festival and to pay the Sibbundy charges together with the fees which these attendants are entitled to, and we will take their receipts for the same.-

We

Fort St. George 10th February 1851.-

4 We are to see that the person appointed as accountant keeps a Book in which we are to cause to be regularly entered all accounts of all money received from circar and from religious persons and of all Jewels ornaments &c. and account of sums disbursed made in conformity with our Rules, and this Book &c. of account we will keep publicly and in case of any - body exceeding two in number out of respectable parties, or Land holders, demanding in writing to look at the said account, we are to submit it &c. accordingly for their inspection.-

5. When there is a surplus of money received after disbursing the Charges we will apply it with your approbation for the ornaments &c. of the Image or for the Repairs of the Institution, as may be expedient.-

We

Fort St. George 10th February 1851

6. We are to employ each attendant of the institution solely in his own respective duties and &c. not otherwise, but we are empowered to fine such of them as are found negligent or guilty of other faults and in case a more severe punish= =ment is deemed requisite we will then make known the same to you and act with your approval.-

7 We are to receive in our charge all jewels of the Image, the utensils, apparel, cloths, &c. which may be given into our hands with a List of the same, and we are not to apply any of them for our private use nor will we misappropriate them, and if we misappropriate we will replace and make them good on our own responsibility.-

8 Should we not act &c. according to the foregoing or further rules, or should we &c. embezzle.-

Fort St. George 10th February 1851

embezzle the funds or be guilty
of irregularities towards the community
in such case we are bound to be
answerable for the claims that may
be made against us either before the
Collector or before such authority as
Government may establish in future
by you or by the worshippers or by
the servants attached to the Institution,
and we are also bound to
abide by the final sentence
which the said powers may pass
against us.

9 If we conduct the
management in conformity to Rules
you have written, this authority
(Trusteeship) shall be Confirm-
-ed to us and to our heirs
for a period of five years
and at the expiration of that
term

T.R.

Fort St. George 10th February 1851

term the power of retaining us again
for another term if our management
is approved of or of removing us
and appointing other Managers if
not approved of is reserved for yourselves.

10 We are to render unexceptionable
surety to you for our abiding to these
tenures.

11. The Rules relating to the
management of the Institution to be
conducted co-operatively both by you
and by us as mentioned in the
8th/11 article are distinctly prepared, and
we, both parties, are respectively to
conduct ourselves in conformity thereto.

12. We are to pay out of the funds
for the wages of such extra guards as
may be employed by the Circar during
the car festival to watch on the
Ghauts (Passes) for securing the
Peace in the Police Department
and will obtain receipts for the
said payment.

Thus we both have
executed

Fort St George 10th February 1851.

executed this agreement with our free will and accord. Right-Hospet.

No. 2

Translation of a Document Conferring the trust to Sree Abhenavodunda Nurrasimma Bharty Swamy of Humpee, and to Konadaguddy Chintapah executed by the Sabha of Electors, on the bright Moon in the Month of Negavy Saka, of the Year Sadaharana, corresponding

Fort St George 10th February 1851.

corresponding to the 23d day of May 1850, or Jusly 1259.

We the Sabha of Electors do grant this power of Joint Trusteeship to Sree Abhenavodunda Narasimma Bharaty Swamy of Humpee (here follows this Priests titles) and Chintapah Jahageerdar of Konadaguddy in the Talook of Koodlighee viz. that we have nominated you both as Joint Trustees for managing the affairs and performing the duties of the Temples of Humpee Veeroopatchesawmy and the other Pagodas attached thereto. We hereunder specify the terms of your engagement.—

1 You are to receive from the Circar the cash allowance and demand the Kists becoming due from the Enam Villages of this Institution and to grant your Receipts to the Circar and Ryots respectively for the same.—

You

2 You are to receive such sums only from the worshippers resorting thither as may be prescribed on the rates enumerated into the pevuzpatty which is to be furnished to you and you are not otherwise to give them trouble at any rate.—

3 With regard to the disbursements of the Institution you are to defray the charges attending the daily, weekly, monthly, yearly, &c. duties as well as of the annual Car Festival and to pay the Sibbundy Chargers together with the pusomms (fees) which these attendants are entitled to, and you are to take their receipts for the same.—

4 You are to see that the person appointed as accountant keeps a Book in which you are to cause to be regularly entered all money received from Circar and from

religious persons; also all receipts of Jewels ornaments &c. and to enter the disbursements which may be made according to your Rules, and this Book of accounts you are to keep publickly. And in case of any body exceeding two in Number, of respectable Parties or Land holders demanding in writing to look at the said Accounts you are to produce them accordingly for their inspection.

5 When there is a surplus of Fund after disbursing the charges you are to apply it with our Consent for the Ornaments to the Image or for the Repairs of the Institution which ever may be expedient.

6 You are to employ every attendant of the institution, solely in their own respective duties— and not otherwise; but you are empowered to fine such of them as are found negligent or guilty of other faults, and in case a more severe punishment is deemed requisite you shall then report the same to us (the Sabah

of

of Elections) and proceed according to our approval.—

7 You are to receive in your charge all Jewels of the Image, the utensils, apparel, Cloths, &c. which may be given into your hands with a List of the same, and you are not to apply any of them for your private use, nor shall you misappropriate them, and if you mis-appropriate them you shall replace and make them goods on your own responsibility.—

8 Should you not both &c according to the foregoing or further &c Rules, or should you embezzle the funds or be guilty of irregularities &c towards the Community, in such case you are bound to be answerable for the Claim that may be made against you (either before the Collector or before such authority as the Circar may &c establish in future) by us or by the persons of this religion, or by the Servants attached to the Institution, and you are also bound to abide by

by the final Sentence which the said powers may pass against you.—

9 If you conduct the management in conformity to the Rules we have written, this authority (Trusteeship) shall be confirmed to you and to your descendants for a period of five years, and at the expiration of that term the power of retaining you again for a further period if your management is regular or if otherwise, of nominating any other in your room is solely reserved for ourselves.—

10 You are to tender unexceptionable Surety to us for your abiding by these agreements.—

11 The Rules* relating the management of the Institution to be conducted Cooperatively both by us and by you as mentioned in the 8th article are distinctly prepared and you both parties should &c respectively conduct yourselves in conformity thereto.—

You

* Note. This refers to the Rules for the guidance of the Sabha and Trustees in the affairs of the Pagoda of Tirumpee.—

12 You are to pay out of the fund for the wages of such extra Guards as may be employed by the Circar during the Car festival to watch the Ghauts (passes) for securing the Peace in the Police Department, and you will take receipts for the said payment—

No. 3.

Translation of Moochlika given to the Company's Circar jointly by Sree Abhenavodunda Narasimma Bharaty Swamy the great Priest of Humpee and by another individual named Chintapah Jahagheerdar of Kooradagunday, dated the 12th Light Moon in the Month Nejaingsaka, of the year Sadharana, Corresponding to the 23d May 1850.—

/ We two namely Sree Abhenavodunda Nurenimma Bharaty Swamy (here follow his titles) the great Priest of Humpee and Chintapah Jahgheerdar of Kooradagunday in the Talook of Hoodleghy do give this Mochlika unto the Company's Circar to the

the effect: that the Circar having intrusted to us the Management of these three Suwa Enam Villages in the Talook of Kumply namely Humpee Sriganatana hully and Lenlly Rampoor being the Enam Villages belonging to the Institution of Humpee Sree Veroopatcha Swamy - We will not only manage the affairs without molesting the Ryots but will also duly respect every ones rights and Enams -

2 That as for some years back the Costs for Repairs of the River Channels of Toombadra which supply water to these Villages are paid out of the Collection of these Villages, we bind ourselves hereby to make the repairs accordingly in future also from the proceeds of the said Villages. Besides we bind ourselves to pay such share as the Circar may order as falling on these villages in due proportion of the Customary Repairs usually made to the principal Nullahs; and in case of our failing to

pay

pay so, these villages can be presumed and their Collections taken to the credit of Government.

3 We will conduct the Cultivation with the Ryots consent and manage the Collections &c. in the same manner, and on the same principles observed while these villages were under circar management, and we will conform to the rules allowing the Established remissions on the lands and where extra remissions are needed we will use proper discretion in giving them.—

4 We will continue the Patail Kurnums and other Enamdars' rights undisturbed in these three Villages according to Manioh.—

5 Where there are no Kadeem Merasidar Patail and Kurnums we will retain the same individuals who are employed by the Circar for the service of these Villages; but if they do wrong we will report the same to

D.P.

to Circar for orders and in the same Manner we will act with regard to the other village officers and we will never discharge nor entertain any one at our will.—

6 The Police Duties and those of the Village Monies being now under the exclusive management of the Circar we will not interfere in them but if any disturbance takes place we will immediately acquaint of the same to the Police officers.—

7 We will not on any occasion change the Ryots Puttah lands &c. from the Posession of the occupants contrary to the Circar Rules.—

8 If the Circar employ extra Peons to watch on the grounds for preserving the peace during the annual Car festival we will then discharge their wages as usual out of the Institution funds.

Thus.

Thus we have given this Poochika with our own free will and consent at Hospett on the 23d. May 1850. Corresponding to the 12th day of Brightmoon in the month Rejayvysaka of the year Sadharana.—

No. 5.

Rules for the guidance of the Sabha and Trustees in the affairs of the Temples of Ammjee Veroopatchaswamy and other institutions connected therewith in the Taluk of Kumply in the Bellary Division of the Ceded Districts.

Part 1.— Rules for the General Sabha.

1 The Sabha are to elect the Trustees and to furnish them with authority in writing for management of the Institution.

The

2 The Sabha to appoint a Sub Committee of not less than 5 and not more than 10 Persons out of this number.

3 The duty of the Subcommittee will be to examine monthly the accounts of the Trustees to which they will affix their signature in token of their correctness.

If the accounts are incorrect or the Sub Committee have cause to be dissatisfied with them they will report the same to the Sabha. It will be the duty of the Sabha then to investigate the Matter and dispose of it as they think proper.

Should the Trustees refuse at any time to produce their accounts to the Sub Committee, the Sub Committee are to report the Matter to the Sabha and if the Trustees still refuse to comply with

Comply with the requisition of the Sabah it will be the duty of the Sabha to report by letter to the Collector or to such other authority as the Government may hereafter appoint to take cognizance of such matters and in such manner as may by Government be directed.—

5 All accounts are to be examined within the precincts of the Pagoda by the Sub Committee or other parties (not exceeding 5 respectable persons) deputed by the Subha for the purpose.—

6 All Questions brought before the Sbha duly assembled are to be decided by the Majority of votes of the Members present when the votes are equal the President to have a casting vote.—

7 The Sabha is to be assembled once every year at the

the Pagoda, notice is to be affixed by the Trustees or Sub Committee in a conspicuous part of the Pagoda one month previous to the days of meeting.—

8 Special meetings by desire of the Trustees. The Sub Committee or a number not less than 25 of the members of the Sabha may be convened by due notice of one month being given.—

9. All the members of the Sabha who are present to have a vote at the general or special meetings of the Subha. They are to elect a President who will in the name of the Sabha sign all their Proceedings and it will be the duty of the President to bring such matters as may be cognizant by the Government officers to the notice of the proper

authority

authority in the name of the Sabha or of the Majority of the Members of the Sabha desiring to make any Complaint Cognizable by the Officer of Government.

10 The Trustees are to elected by the Sabha once in five years. The same Trustees may be re-elected if the electors approve. But Trustees once elected are not removable from Office until the expiration of five years. except for fraud or other gross mismanagement and on the Complaint of the Majority of the Sabha duly made and confirmed by the Collector or other Government officer authorized to investigate matters connected with the Pagoda. The Majority of the Sabha must be obtained in the manner noted in Clauses 6-7-8 before any notice of the Complaint will be taken by the Government officer.

Casualties

11 Casualties by death among members of the Sabha may be filled up by the surviving members at the annual meeting of the Sabha. Should 20 or more Casualties occur without being filled up it will be the imperative duty of the Sabha to take the earliest opportunity of supplying the vacancies.

Part-2. Rules for the guidance of the Trustees.

12 The Trustees will conduct the affairs of the Pagodas in Conformity with their agreements entered into with the Sabha.

13 The Trustees will collect all Revenues attached to the Pagoda.

14 The Trustees will defray the usual expenses of the said Funds, when any extraordinary charges necessary the Trustees are to obtain the previous sanction of the Sabha before disbursing it.

15 The Trustees will entertain an accountant to keep the regular daily

daily and monthly accounts of Receipts and Disbursements incurred on account of the Institution

16 The Trustees to deliver their accounts once a month to the Sub Committee and obtain the signature of the Sub Committee attesting the correctness of the accounts.—

17. The Trustees will disburse the Monthly Pay of the Servants attached to the Pagoda and take their receipts for the same.—

18 The Trustees have not the power to dismiss the hereditary Servants of the Pagoda; but they may punish them for neglect by fine or suspend them pending the decision

decision of the Sabha at the next annual or Special meeting.

19 The Trustees to pay out of the the usual extra Police charges incurred at the annual Festivals.—

20 The Trustees will call the general or Special

Fort St. George 10th February 1851.

Special Meetings by giving due notice of at least one Month previous to the day fixed for assembling.—

21 The Trustees to give Security for the Pagoda property intrusted to their Care.—

The Sabha and Trustees are amenable to such Courts and subject to the orders of such Officers of Government as are or may be instituted and appointed by the Government to take Cognizance of matters connected with the Pagoda

Bo. No. 262.

From the Collector of Bellary....

Sir,

With reference to para 6 of my letter to you of the 18th Ultimo reporting that I had made several ineffectual representations to Runga Ranz the late Trustee of the Humpee Pagoda urging him to give up certain property of the value of Company's Rupees 3033—12—0 with the accounts of receipts and disbursements during his administration as Trustee, and suggesting that measures ought to be taken to compel him to make good the same, I have now the honor to report that Runga Ranz and his sureties have at length returned into the Cutcherry of the Tahsildars of Kumply the greater portion of the said property, and for the remainder the value thereof, amounting to Rupees 756—0—0 as also some of the accounts above alluded to.—

Bellary Collrs Office

B°. N°. 210
From the A^g Coll^r of South Arcot ... } Sir,

Returning Petition N°. 2379 of 1850 from Bungaroo Iyengar of Carumboor in the Talook of Tiruvandy and reporting thereon.

In returning Petition N°. 2379 of 1850 from Bungaroo Iyengar of Carumboor, in this District received with your letter of 5th Ultimo, I have the honor to refer you to the Boards final Endorsement on a former Petition N°. 1496 of 1844 from that individual, on which they approved of the admission of Petitioner as Joint Monigar with the then incumbent

incumbent Naraniah as recommended by the late Collector, the claims set up by Petitioner after the death of Naraniah in Fusly 1258 for the entire Office, was in consequence rejected and the adopted son of the deceased allowed to succeed to his share Mr. Davis was induced to this course the more by the spirit of the Board's Orders in similar cases in which they have decided in favor of the heirs of the last incumbents without admitting the exclusive right of the original Mo rasidars.—

Board's Proceedings 23d. Feby 1850 and 19th Nov.r 1850.

In support of the assertion of Petitioner that Ramasawmy Syan son of Naraniem is a minor, is true, but that can be no bar to the recognition of his right a Goomastah having been according to the practice of the District appointed on his behalf for the performance of the duties. His Statement as to the Bariz of the Village in Fusly 1259 is also nearly correct, but the season of that year being one of particular adversity, that amount Rupees 1898 — 8 cannot fairly be considered as

as the general Revenue of the Village, and from the marginal note the Board will see that the Bariz during the four years preceding averages to near 3,000 Rupees as stated in Mr. Bird's Endorsement of 18th June last. The Village contains 130 Puttahdars

Fusly—	Bariz Rupees	As	P.
1255	2,980	10	6
1256	3,179	3	9
1257	3,041	10	1
1258	2,367	4	11

Average	2,892	3	3¼

and has also River Channels which require to be kept in repair by the Ryots, for the efficient discharge of these duties therefore the superintendence of two Monigars would seem to be absolutely necessary.—

As regards the apparent irregularity pointed out by the Board in the payment to Narasimiah of a moiety of the emoluments after the death of Naraniem, it is to be explained that for some years previous to that event, in consequence of the old age of the latter, the former had performed the duties as Goomastah by formal appointment, and continued to do so even after the demise of

Naraniem

Fort St. George 10th February 1851.

Saranian, pending the final disposal of the Office, the disbursement to that individual of the pay due for the broken period therefore appears to have been just and requisite.—

/Signed/ J. C. Wroughton
Acting Collector

The Board remark that the Office of sole Monigar being the means of Petitioner, they approved of his appointment to this joint tenancy together with the incumbent Saranian, because the Collector was "averse to the total exclusion of the latter in consequence of the length of time he had been in possession." The acting Collector however being of opinion that the Village requires the superintendence of two Monigars, the Board will not object to the Office being divided.—

Ordered that the following Endorsement be passed on Petition 2379 of 1850.—

"The Acting Collector having stated

Fort St. George 10th February 1851.

his opinion that the Village bearing an average beriz of 2,892 Rupees for the 4 years prior to Fusly 1259 requires the superintendence of two Monigars, the Board will not disturb the present arrangment."

With this exception the books of English correspondence and accounts are perfect and have been arranged and registered. This Department is not however as effective as is desirable for the despatch of business in consequence of the want of an English record Keeper as that Office having been abolished in 1828 on Government making a pressing call for the reduction of Establishments. In his letter of the 3d November 1836 the Collector Mr. Blair remarked on the inconvenience which was felt in

consequence

consequence and which has become more perceptable from the large addition which has been made to the records during the 14 Years which have since elapsed.

3. The Huzoor Malabar and Hindivee records are also in a good state of preservation with regular lists and have been arranged in a convenient manner for reference except a few dufters of 1801 and 1802 containing the Marattah reports sent by the Talook Moozoomdars to the Head Sheristadar according to a practice which then prevailed but has been since discontinued - although these papers appear to be of no present use I have directed the record Keepers to arrange them gradually in proper order as their time permits.

4. I may here be permitted to remark that the pay of the Huzoor Marattah and Tamil record Keepers in this Collectorate is Rupees 17½ per mensem and as they have no assistants,

this remuneration seems hardly adequate either to the responsibility or weight of their duties both of which increases yearly as a greater mass of papers accumulate.

5. Of the state of the records in the Talook Cutcherries I am unable to make a favorable report partly in consequence of the Talook Cutcherries seldom affording good accommodation for their safe custody and partly from there being no record Keeper on the Talook establishments. During my last Jummabundy tour I directed that the Talook dufters should be occasionably aired and dusted and should be placed under the especial care of one of the Goomastahs aided by a Sunt Burnum but the entire establishment in this district is on so small a scale that the attention of a Goomastah can seldom be spared from the current pressing Talook business and given to the Records.

No. 148.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir

With reference to Para 2 of Extract from the Board's Proceedings of the 9th Instant No. 1193, I regret that the Board do not think 1000 Rupees of the Chuttrum surplus Funds of the District, would be well appropriated to an English school Room in Coimbatore such a school is much wanted and desired by the whole Province, not one being now in existence as the Board do not approve of the Chuttrum Fund being so applied. I would earnestly request their favorable recommendation to Government for a like Sum from the

B.o No. 870.

24

From the Acg Pl Collr of Coimbatore ... 8/1

Requesting sanction for 1000 Rs from the education fund for the construction of a school room at Coimbatore and for the allowance of 600 Rs. for the pay of a Teacher from the surplus of the Talaghaty and Gazzelpatty Chuttrums allowances.

2027

Fort St. George 10th February 1851.

the "Education Fund referred to by them and that the Board will still recommend 600 Rupees per annum alluded to in my letter to the Board in the Revenue Department dated the 12th ultimo No. 128. for the pay of a Teacher, this 600 Rupees being only a portion of Rupees 997-3- accruing to Government, and which the Board before proposed devoting to a Hospital. the liberality of Government has supplied, a dispensary to Coimbatore and an English school would be greatly appreciated and as both the Building and the Teacher would be provided for out of strictly local Funds, fairly the property of the District without any expenditure from the Coffers of Government, I would respectfully request the consideration of the Board and Government for an object so entirely desirable, and as it appear to me unexceptionable.

Talaghaty 425-3-
Gazzelpatty 572-
997-3-

2. Neither the Board nor Government would, I think wish to put these Funds into the Pub. the Treasury but to spend them for

namely 2 of

the

Fort St. George 10th February 1851

Confidential Letters

the good of the District, to which they of right belong, and I would respectfully ask how the part of 60,000 Rupees could be better spent than in erecting a place of education, whether European or Vernacular, among a population of 800,000 to all of whom the benefit will be open. I trust the Chuttrum Funds are not yet adjusted so finally as to preclude the Boards' favorable consideration, since they had already suggested, to a Hospital, and are now asked, to a Hospital, and are uninformed of the exact sum total of this Fund till they receive my reply to their Proceedings of the 14th October 1850.

3. I would therefore earnestly but respectfully request the Boards' reference, if not their recommendation of the matter to Government, as I feel that this is the last and only opportunity of a large local Fund being available for such useful purposes, before it finally and irrecoverably

Fort St. George 10th February 1851

irrecoverably goes into the Government Treasury.

4. I cannot but think that the 1000 Rupees suggested by the Civil Engineer for a store of seasoned Building materials, would not only have been money well spent but most advantageously and economically invested for Government, and I confess I was sanguine not only of the Board's concurrence, but of their approval, as the Board decide otherwise of course, it will be given up.

Coimbatore 27th December 1850.

No 67

To
The Chief Secretary to
Government.

24-25

B. No. 293.
To the Chief Secy to Government.
Submitting letters

Sir,

I am directed by the Board of Revenue to submit for the consideration and

Fort St. George 10th February 1851.

Letters from the Actg Pl. Collector of Coimbatore relative to the proposed building of an English School and the employment of a Master and recommending the proposition for the favorable consideration of Government.

Sy Genl 9th December 1850
Sel Cons 10th February 1851

and orders of the Right Honorable the Governor in Council the accompanying letters from the Acting Principal Collector of Coimbatore dated respectively the 12th November and 27th December 1850 containing his proposal for Building an English School and for employing a competent Master.

2. In his letter 11th November 1850 to the Department Public Works the Acting Principal Collector stated that the Surplus Chuttrums Funds were about Rupees 59,000 and suggested that Rupees 50,000 should be disbursed in certain Public Works most of which the Board approved and in desiring that Estimates should be submitted requested that the exact amount of the Surplus Chuttrum Fund should be specified. They however took exception to, Two items namely Rupees 1,000 for building an English School as

Proc to Coll. D.P. W. 2d Dec. 1850

Fort St. George 10th February 1851.

as they thought that it would be premature to lay the proposition of the Acting Principal Collector before Government, while the general question of Education was under consideration and Rupees 1,000 for a Reserve store of Building materials which they deemed inexpedient.

3. In his letters now submitted the Acting Principal Collector reiterates his request for the grant of Rupees 1000 to the allowed if not from the Surplus Chuttrums Fund yet from the Education Fund.—

The Board in modification of their resolution of the 2d December 1850 in the Department Public Works beg to suggest for building of a school room in a central part of the Town of Coimbatore to be kept under official surveillance from the Chuttrums funds when the General Estimate before called for

Fort St. George 10th February 1851.

for is submitted.

4. The proposal for granting an allowance of Rupees 600 per Annum for paying an English Teacher out of the Net Annual Leasing of Rupees 11,334 15 5 of fected to the state by the new arrangement of endowing the Chet= trams in Coimbatore, the Board= submit for the consideration of Government. It will be observed that to secure the services of an efficient English Teacher several = Inhabitants of respectability pro= =fs their willingness to make up 10 or 20 Rupees in addition by a payment of 1 Rupee per mens= =em for each Scholar.

Sir,

Para 1

With reference to your letter of the 10th October last forwarding Petition* No 1529 of 1850/ bearing the Endorsement of Govern-ment/ with Copy of Extract from the Board's letter of the 23d September 1850- I have the honor to enclose a detailed Memoran-dum containing the necessary replies to the several queries contained in the above communication.

* herewith returned

2. The Petitioners state in their Depositions, that one of the three portions of their Punjah lands formerly sold by Public auction, was purchased for Peishcar Davood Saheb, by one Mohydeen Saheb of Mailpollium. It appears however that the said land was actually in the enjoy-ment of the aforesaid Mohydeen Saheb till

till his death, since when /4 or 5 years/ the Son inlaw of the Peishcar has had possession of it. From this it may be in-ferred that the Peishcar is the present actual owner thereof.

3. The sale of the land in question took place fifteen years ago /Viz. in Fusly 1246/ and the Petitioners admit their in-ability to prove their assertion, that the Peish-car was the then actual purchaser of the land by means of the deceased Mohydeen saheb. It cannot therefore with any degree of certainty be ascertained whether Peishcar Davood Saheb was the original purchaser of the land in question, as it does not ap-pear to have come into the possession of the Peishcar's Son in law till after the decease of Mohydeen Saheb

Memorandum

Fort St. George 10th February 1837

Memorandum

Queries

Replies

The Petitioners has had no Puttah in their names in the Fusly in question, but their respective fathers Soobaroyer and Sashachary had a Puttah No. 57 for certain Aunjah Lands. The amount due to the Circar as per Jamabundy settlement of F. 1244 amounted to Rupees 31-2 annas 7 piece. a further sum of Rupees 40-2-10 became due for the following Fusly 1245, Viz.t Rupees 29-5-8 being the arrears of Revenue 10 Rupees being money advanced on account of Tuckavy and 13, annas and 4, piece being the interest on the above sum of Rupees 29-5-6.

The amount of remission allowed for the items for Shavee and waste for this Puttah is as follows

Fusly	Sorts of the Dittos	Waste lands Cawnies	Assessment	Revenue entered in the Puttah	Deduct the amount remitted on account of waste	Total Sorts due as per Puttah
1244	56 6 -	5 1¼	33 10 -	8 6 7	25 3 5	31 2 7
1245	41 8 2 -	5	1 8 11	- 6 3	1 2 8	40 5 6

No.

Fort St. George 10th February 1837

No Shavee occurred in the above mentioned two Fuslies in consequence of the lands having been left waste. On this account 3/4th of the Revenue due thereon was remitted and 1/4 entered in the Puttah according to the late Customs.

Particulars of the Ryots of the Village, to whom remissions was allowed excepting the Petitioners are these, Viz.t

Fusly	Sorts	Cawnies	Assessment	Settlement	Revenue entered in the Puttah	Remission granted
1244	Shavee	54 15¾	411 15 9	411 14 10	103 - 7	308 14 3
	Waste	107 12¾	652 1 3	658 3 9	163 2 6	495 1 3
Total	No. 72	162 12¾	1064 1 -	1070 2 7	266 3 1	803 15 6
1245	Waste No. 30	24 15¼	168 5 2	171 7 11	40 13 5	130 10 6

The

Fort S.t George 10.th February 1851.

4.th The authority under which the lands were disposed of, whether sumptuary laws were observed, from the Office or otherwise &c.

The records of this Office shew, that with reference to circular orders of the Principal Collector dated 14.th October 1834 and 5.th April 1835 Takeeds were issued from this Office on the 9.th January and 18.th October 1836 for the recovery of the balance of the above Village, whereupon a notice appears to have been given to the defaulters but the balance not being discharged within the prescribed time, their lands were attached, and sold by Public auction by the sale Commissioner - so that the whole of the formalities laid down by the Regulations seem to have been duly observed prior to the disposal of these lands. The Petitioners state that it is not in their power to prove that any irregularities were committed in respect to the sale of their lands.-

5.th Reasons for the purchase money not being paid &c.

The 14 1/2/16 Cawney of Petitioners Nunjah land No.376, sold by Public auction on account

Fort S.t George 10.th February 1851.

6.th If other than Petitioners purchasers, with reference to the price fixed by the Board &c.

account of the balance due on them in Fusly 1244. was actually purchased by one Pogaloor Ra:machary for 34 Rupees out of this sum Rupees 31 2 7 being the Amount of arrears due for Fusly 1244, as shewn above were carried to the account of Government, 2 Rupees and 4 annas were paid to the Sale Commissioner on account of his Fees, and the remainder 9 annas and 5 Pice, were delivered to the Puttadars.-

Two other pieces No.s 294 and 395 belonging to the Petitioners were also sold on account of the arrears of Revenue due for Fusly 1245, amounting to Rupees 40 2 10. No.294 consisting of 1 1/4/16 Cawnies of Nunjah land, was purchased by one Morodeen for Rupees 15 5 - No.395 - consisting of 15 3/4/16 Cawny of Nunjah land, was bought by one Mohydeen Saheb - for Rupees 11 4 - total Rupees 26. 9 - Out of this, the Sale Commissioner was paid on account of his fees,

One

Fort St. George 10th February 1857

One Rupee 10 Annas and 7 fuce, and there remained Rupees 24–14–5 A further sum of Rupees 15–4–5 was still due by the Petitioners to make up the deficiency, which being paid 2 17/18 Cawnies of land which had been sequestrated in conjunction with those above enumerated were released.

With reference to the Statements of the Petitioners contained in their depositions, that the land which was purchased by the said Mohydeen Sahib is the same which is now in the occupation of the Peishcar, the latter / Peishcar / states, that he never purchased it, and that he has consequently no connection with it but that his Soninlaw Booran Sahib rented from one Mohomed Sahib younger brother of the deceased Mohydeen Sahib certain lands. this statement is corroborated by the depositions of the said Booran Sahib and Mahomed Sahib. The deceased Mohydeen Sahib was not related to or connected with Peishcar Davood Sahib.

The

Fort St. George 10th February 1857.

The Monigar and Curnum of the said Village as well as their Goomastahs declare that the land in question was in the enjoyment of the aforesaid Mohydeen Sahib, and after his death the Son inlaw of the Peishcar had possession of it. Poornacharry the Monigar further states that he does not know the condition under which the land is enjoyed by the relatives of the Peishcar, the Curnum and the two Goomastahs state that they heard from the Peishcar that the land in question was enjoyed by his Son inlaw on Boghum tenure. Another person of the name of Ramacharry states that the said land has been in the enjoyment of the Peishcar from the time it was purchased by the aforesaid Mohydeen Sahib but on what condition, he is unable to tell. With respect to the allegation of the Curnum and Goomastahs, the Peishcar states that he never told them that his Soninlaw was enjoying the land on Boghum tenure, and that what the said Ramacharry has stated is from enmity.

It

Fort S.t George 10.th February 1851.

It appears that the value of a Cawney of Punjah land in the Village has been 30 to 100 Rupees according to the quality of the soil, and the documents herewith sent, shew that in Fuslies 1244 and 1245 when the supply of water in the Channel of this Village was so uncertain (for want of a sufficient fall of rain) as to cause numerous desertions in the Village, a Cawny of land was sold for less than the sum of 30 Rupees. Besides the lands of the Petitioners do not appear to have been sold for an inadequately low price, for simultaneously with these lands, 45 11/18 Cawnies belonging to 26 other defaulters were disposed of by Public auction. Some of these fetched a price equal to the lands of the Petitioners, some were sold for a less sum, while other lands fetched a little more as the accompanying statement will exhibit.—

2. Whether the land shewn in the occupation of the Petitioners is transferred to the latter on sale or mortgage and what

The land No.376 purchased by the above Ramacharry as well as other 9 Cawnies belonging to

to him, are in his enjoyment.—

3. What the value of the land is and what the value paid on the acquisition

Land 29.4 purchased by Maroo Deen was sold by him in Fusly 1258 for 100 Rupees to one Basoovay Veerun who enjoys it at present.

The land No.395 remained in possession of Mohydeen Saheb, the purchaser till his death, after which the relatives of the Peishcar Davood obtained possession of it on Mortgage.

4. Whether any lands of other Ryots were sold for arrears of Revenue simultaneously with those of Petitioners and what were the particulars of such sales and the reasons assigned by the Collector for the sale of this measure on the score of the Petitioners alone

When the lands of the Petitioners were sold, those of 24 other Ryots were also sold on account of arrears of Revenue as will be seen from the subjoined statement as well as from the statement herewith submitted.—

Fusly.

Extract from the Proceedings of the Fouzdary Udalut under date the 14th January 1851.

Read letter dated 23rd December 1850 from the Acting Magistrate of Coimbatore, transmitting Copies of a Correspondence with the Board of Revenue, regarding the appointment of a Police Ameen to the Town of Coimbatore.-

In his letter to the Board of Revenue dated 24th October 1850, the Acting Magistrate states that the arduous and troublesome duties connected with the Police of the large and populous Town of Coimbatore, are more than the Tahsildar can properly manage; that consequently the appointment of an "Ameen" is absolutely necessary, and to meet the additional expence he proposed that the salary of the

Fort St George 10th February 1851

the Tahsildar, whose Revenue duties are stated not to be heavier than in other Talooks, be reduced from 120 Rupees to 100 Rupees, the highest rate drawn by any other Tahsildar in the District.

2. The Board of Revenue in their Proceedings under date 2nd December 1850, intimated that if the acting Magistrates proposition for the appointment of a Police Ameen were supported by the Court of Fouzdary Udalut, it would be forwarded with the recommendation of the Board to the Government for sanction.- They objected however to the reduction of the Tahsildar's pay and pointed out that some provision, however small, must be made for Establishment.

3. The acting Magistrate now proposes that the salary of the Ameen should be fixed at 6 Pagodas or 21 Rupees per Mensem, and that the Establishment noted marginally should be assigned to him.-

	Rs
1 Royasum	6
3 Peons @	3½

4. The Court of Fouzdary Udalut entirely concur with the acting Magistrate in respect to the necessity of appointing a Police Ameen to the charge of

Fort St George 10th February 1851

of the Town of Coimbatore. They consider a Royasum or Goomastah indispensable; but are of opinion that the Peons required should be furnished from those already employed in the Talook.- To the reduction of the salary of the Tahsildar, especially as it is stated that the present incumbent will gladly assent to the arrangement the Court of Fouzdary Udalut can see no objection.-

Ordered that Extract from the Proceedings be sent to the acting Magistrate of Coimbatore for his information.-

Proceedings thereon.- The acting Principal Collector is requested to submit the proposition contained in the foregoing letter in the form circulated from this Office

Office on the on the 20th June 1850.

2. The Board observe that in the Proceedings of the Fouzdary Adalut it is stated that the Tahsildar will gladly assent to the arrangement, such assent has not been alluded to in either of Mr Thomas's letters to the Board of Revenue, and they would wish him to forward Copy of his communications to the Fouzdary Adalut.

Sir,

From the Actg Pl. Collr of Coimbatore } I have the honor to return the 3 Petitions noted in the Margin from certain Inhabitants of Caroor Talook in this District.

30

Bd No 255

27-28 and 1899 of 1849

2. The several complaints therein set forth are unfounded, and appear to have arisen from interested motives.

3 The late Seristadar of the Sub Collectors Office referred to Sir has resigned

resigned the appointment and proceeded to Tanjore, some Months ago and the present Tahsildar of Caroor is not capable of what he is represented to be. the object of the Petitioners being to get back the former Tahsildar, who from sufficient cause, was transferred to Chuckraghurry a misunderstanding and jealously between the late Seristadar and the Tahsildar referred to, is the real and main cause of these party Petitions.

4 The allegation of the Petitioners that "the present mode of visiting them with ignominious tortures is injustifiable" is entirely unfounded, and I would beg to assure the Board that no act of this kind would be overlooked by the sub Collector.

Fort St George,

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings

38

B. No 263

From the A. C. Collr of Coimbatore.

Fort St George 10th February 1851

Proceedings of the Board of Revenue dated the 2d Instant, and in explanation to state that several special enquiries required my presence, and that of part of my Cutcherry, on Circuit last year, tho' I beg to assure the Board that no needless or avoidable Batta has been, or will be, incurred, nor useless servants be taken on Circuit -

2, The amount of Circuit Batta in various years will unavoidably differ, and I believe it would be found in the result, that it is perhaps the money best spent by Government in each District; and that the pay most fairly and usefully earned by the Collector and his subordinates, of both native and European, is that earned on Circuit - the Native officials never go from choice and the European seldom - the former leave all their families and comforts behind them, and the latter partly the same. It is a duty to be encouraged rather than checked; and to make a useful tour a Collector ought at times, to have his Sheristadar and most of his Cutcherry with

Fort St George 10th February 1851

with him; or the Current business will be delayed and the Cutcherry inefficient. It is quite as desirable that the Head Sheristadar should see and know personally and not from mere accounts, the state of each Talook and its Ryots as the Collector. but I beg again to assure the Board that no needless expenditure shall be incurred.

3 Having been absent from the District some years, I was desirous to see for "myself at least" once, every part of it, which I may add I have done, since I rejoined it - from the Teak Forests, and Boundary, within the aninmallay Hills on the one side; to Coiligal and the Mysore Frontier, on the other - as well as from Erode to Palghaut and the western limits of the Province - I ascended to Coiligal by the Guzzelehutty pass, returning twice by the Hasanoor new Ghaut - I have been several times with Major Cotton to the site of the water project in the Bolamam hutty Hills - and lately along the whole length of the new great Western Road, from Coimbatore to Palghaut, with Captain

Best

Fort St George 10th February 1851

Best - Having thus been fully and leisurely into every one of the 15 Talooks of the District, not excluding the Sub Division, I feel more able and authorized to afford the Board every information they may call for, as regards the state and the resources of the Province - its irrigation, Roads products and people - When Head Assistant here 18 years ago I came down the old "Cavery pooram" pass, and visited the former "Neringepettah" Amicut - No European had then been thro' the Pass for many years and I cannot learn that any one has been since tho' still used by Brinjaries and others - I mention these facts only to shew the Board, that Batta has not been expended within a small range, or I hope needlessly - on many of these occasions, of course, I took few public servants all the way, but left them at central points - I trust I shall not have occasion, as I certainly shall not have inclination, to go over all the same ground again - I beg that the Board will afford this explanation to Government

with

with reference to Minutes of Consultation 19th December, if they deem necessary.

Register of Government Grants

Madras

Sir.

I have the honor to forward an application and a Sketch together with two original documents received from the Reverend L. Valett for a grant of ground situated in the Government Village of Rajahmundry wherein he has built a house, enclosed a compound &c

2.

The total quantity of land occupied as per application № 1 is 2ᵃ G sq.ᵉˢ pat 8 - 150½ for which as it seems quite unobjectionable I have the honor to recommend that a grant should be given to him, a quit rent being fixed thereon at Rupees 5 per annum.

3.

There are no deeds or documents connected with the ground excepting two letters from Mr C. J. Bird the late acting Collector permitting Mr Valett to occupy G G sq.ᵉˢ pat 1 - 23 - 209½ of land for building purposes at the fixed Zeroyettee Assist of Rupees 5-0-0

The Village accounts specify that this

✓ original № 1 dated 19th July 1850

+ № 2 and 3 dated the 19th and 21st January 1845.

+ Vide Enclosures № 2 and 3

Fort St George 10th February 1851

this ground contains 3 Cawnies and that the Assist is Rupees 5-0-0 but by actual measurement it is now found that the area G G sq.ᵉˢ pat is 2 - 8 - 150½ being G G sq.ᵉˢ pat 9 - 24½ - more than that specified in Mr Bird's letter.-

+ № 4. 4. I also enclose Copy of Mr Valett's letter dated the 19th July 1850.

To.

J. Prendergast Esqre.

Collector of Rajahmundry

Sir.

I request you will procure the permission of Government for my occupying the piece of Ground described in the enclosed Statement.

I take the liberty to make the following remarks

The document of the grant of the present mission compound I had the honor to transmit to you in December 1845 according to your request, and is still in your office.

When I obtained that grant Rajahmundry

Fort St George 10th February 1851.

Rajahmundry was still the property of a Zemindar, but already under attachment in consequence whereof it was soon put in auction and bought by Government.

It was for these reasons that Mr Charles Bird, under whose administration the district then was, could not give me the full title deeds which I take now the liberty to request you will procure me from Government. However after due investigation whether any private person had any claim to the land and whether the villagers had any objections to my occupying it, it was granted to me for building &c purposes with the unanimous consent of the annuldar, Curnums and Villagers and a yearly rent of 15 Rupees was put upon it.

This said sum being the rent of the land, when under cultivation and the Collector did not feel himself at liberty to lower the tax - all the years the compound has been in our profession this tax has been paid whereof the receipts are in my hands.

When

Fort St George 10th February 1851

When I obtained the land there were only few inhabitants who knew the land had been under cultivation, as for owing to its situation close between the town and the Chucklies Village the Cultivators had suffered so much by the people passing through the fields and the Cattle trespassing on it that it had been left waste a long time.-

There was on the ground no public building of any description or any public property, neither was there any fence around it. The present fence has been entirely erected by me.-

The present compound is likely to appear larger than it was when it was first measured out to me by Government. This is owing to the circumstance that the field had been waste for many years and although the Government officers knew by the accounts the rent it had paid formerly, they knew not the real extent thereof. They were therefore obliged to rely on the information of the neighbours to the place, who concealed first

Fort St George 10th February 1851

first the real extent thereof to profit thereby But when our neighbours became afterwards more friendly to us they pointed out the real boundaries to the place.-

The rent fixed by Government on the compound was however not fixed according to the measurement thereof but according to the rent formerly paid by the Cultivators who cultivated the field in its full present extent.- although therefore the compound may appear larger than when measured out to me I would request not to raise the rent paid for it, which is quite as much as was ever paid for it by the Cultivators who cultivated it in its full extent.-

Recommending my request for the procuring of a Government Grant for the present Mission ground and the observations I have taken the liberty to add to my request to your kind consideration.-

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

(45)

Bd. No. 183.
From the Civil Engineer — } 6th Dec. 1850 to the Sect. to the Bd of Revenue }
Reporting on the cultivation of American cotton at the Upper Coleroon Annicut.

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue under date 23d December 1850 conveying the orders of Government of the 11th Idem No. 1171, that I should explain from what source I derived the 1500 lbs of American Cotton seed forwarded to the Collectors of Tanjore and Tinnevelly and whence I expect to obtain the further supply of 3000 or 4,000 lbs for distribution next season and also to state the results of any experiment in the cultivation of American cotton carried on this Season under my superintendence.

2 The Board are aware that the Western extremity of the island of Seringham adjacent to the Upper Coleroon Annicut and the Regulating Dam of the Cauvery is under the jurisdiction of

of the Collector of Tanjore, which extends for about four Miles from the head of the island, and comprises an extent of about 300 acres. This land belongs to no Village, and has never been Cultivated, but has been reserved for the growth of Jungle to be used in the defences of the embankments. Excepting some palmira and Tamarind trees, and bamboos, which had been planted, the Jungle was of no value, and was gradually becoming less available even for the River works owing to the excessive growth of thorny creepers which over spread the trees. Except-ing the dike which runs along the centre, dividing the waters of the Cauvery and Coleroon, this strip of land is all more or less sub-merged during the freshes. The Soil consists chiefly of Sand inter-mixed with light Alluvium, with occasional beds of rich black silt seldom, more than a foot or two in thickness

3. The Board also know that

that an Establishment of Coolies is permanently maintained for the management of the Anicut works, and attending to the state of the embank-ments during the freshes.

4. In 1846 I obtained the per-mission of the Board, with the con-currence of the late Collector of Tanjore to clear some of the useless jungle, sell it for firewood, and employ the proceeds, together with the labour of the Anicut Coolies when available, in planting useful trees on the island, and accordingly a considerable num-ber have been planted, including more than 1000 Cocoanut trees, the leaves, and flowers of which will be ser-viceable in fascine works.

5. In 1848 the idea of plant-ing American Cotton on this alluvial land first occurred to me, and having been supplied with seed by Dr. Wight, I sowed it in the land cleared for the Cocoanut plantation, and between the rows of those trees. The water was supplied by pecottahs fixed

on

Extract from a letter to the Board of Revr. in the S.P.W. dated 24th Octr. 1848 No. 608.

on the river bank, on the 27th October I reported to the Board my experiment as follows — "While on this "subject I am induced to acquaint "the Board that I have also sown at "the Annicut a small quantity of cotton "seed received from the Government "Farm which I intend to cultivate by "partial irrigation as an experiment —

"It has often occurred "to me that the inferior quality of "the cotton of this country may be "in some measure owing to deteriora- "tion of the seed, by imperfect "culture and especially by drought, "and that the quality of the produce and "the perfection of the seed may best sus- "tained and ensured by irrigation" —

"The only argument I have "ever heard against this is that the "value of a cotton crop would "not cover the assessment of Nunjah "land, but this supposes the quality "and quantity of the crop to be only "such as is now grown on dry land"

"Another objection may "possibly

"possibly occur, that the extent of irri- "gable land is insufficient for the pur- "pose of producing the quantity of cotton "required to meet the demand, but this "difficulty leads at once to the great "question of extending the means and "works of irrigation, not to add to the "over supplied rice Market but to "produce an article, which our "own Country will receive to any bal- "culable Amount, and when it is con- "sidered how small a quantity of water "would be required compared to that "absorbed by rice fields, the prospect "of extending the cotton cultivation "is almost boundless" —

"And why this should not "be done? Egyptian cotton, which bears "a high value must be the produce "of inundated land and there are "immense tracts in India over which "rivers could be forced to spread their "muddy waters in high freshes, and "thus afford sufficient nourishment "to a crop of cotton or wheat, but which

can

"can scarcely be supplied with the con-
"stant flow necessary for the production
"of rice"—

"The assessment is a question
"on which I write with diffidence, but
"I may remark that there are large
"tracts of land in Tanjore and Trichi-
"nopoly watered by the Cauvery and
"producing fine crops of rice, which
"are more lightly taxed than the
"dry cotton lands in Bellary and
"Cuddapah, and even then some of the
"dry lands in Trichinopoly itself. If
"then it is reasonable to expect that
"cotton can be profitably grown in
"the dry lands, subject to all the
"contingencies of season, much more
"advantageously could it be produced
"in the lightly assessed wet lands."

6 In February 1849 I forwarded to the Board, and the Collectors of Tanjore and Trichinopoly samples of the cotton I had raised, and I received from Mr. Onslow the follow-ing report of the favorable opinion of

of Mr. Finnie the American planter—

Extract from a letter from the Collector of Trichinopoly dated 28th. February 1849 No. 53—

"It may be satisfactory
"to you to know that Mr.
"Finnie the American cotton
"planter in Government
"employ who happened to be
"my guest at the time the
"sample of your cotton arrived,
"pronounced it to be remark-
"ably fine."

7. During that year I extended the cotton over about seven acres, but still within the cocoanut plantation, and the produce last season amounted to about 4,200 pounds of seed cotton. Hitherto the

Fort St. George 10th February 1851.

the plantation had not suffered any damage from inundation, though the land had been submerged in July 1849, but the immoderate freshes of 1850 destroyed a great number of the plants, first in July and again in November, the flood at both periods being higher than has been known for many years. As soon as the ground was dry enough which was

Fort St. George 10th February 1851

was late in November, I renewed the crop which is now coming forward, but a fair proportion of the old plants are again throwing out healthy shoots, which are already covered with buds, flowers and pods. The young crops will be ready for picking about the middle of March.

8. The great difficulty I have experienced has been in picking and cleaning the cotton, for my personal superintendence has necessarily been limited and the natives are very slow to learn the importance of securing the good quality of the produce by excluding or separating what is inferior. The cost of cleaning by the churka is very great, and the cleaners consider this machine inapplicable to American cotton owing to the length of the staple. I found after many trials that a woman at one anna per day, can only give one pound of clean cotton. About a year ago I was supplied with one of the Cottage saw gins, which cleaned the cotton rapidly enough, but, as I afterwards found, injured the staple too much. Whether this arose from any inherent defect in the machine, or from mismanagement I cannot

Fort St. George 10th. February 1851

cannot say, as my public duties at the time it was being used, precluded me from giving it much attention. Still it seems to me that the cottage gin is unfit in its present state for the general use it was intended for—

9. Regarding the employment of artificial irrigation, the Board will observe that this is the leading principle of my experiments in the cultivation of cotton, and my first Crop was raised entirely by such means. Of course the quantity of water to be supplied must depend on the state of the weather, the nature of the soil, and the age of the plants, for if my supposition should prove well founded, that the cotton plant may be cultivated in India, as it is in South Africa, Brazil and the West Indies, as a perennial, it is obvious that the deeper the roots the less will be the superficial watering requisite. My plantation has been in soil so sandy and light, that no Native would have deemed it fit for the growth of Cotton, and yet the plants yielded abundantly with scarcely a single shower of rain. It is indeed a great advantage for rain to fall moderately on the

Fort St. George 10th. February 1851

the growing plant, and ~~in~~ ~~er~~ ~~or~~ by sowing in September this may generally be expected, but droughts will occur at the most critical seasons, when irrigation would save the crop. Further Dr. Wight mentions his having lost more than half a crop by rain falling on the mature pods in November, but with the means of irrigation at command, the plants would have speedily renewed their produce, and the loss would have been of little moment—

10 The quantity of produce is a point on which I cannot speak positively, because the cotton was not the sole occupant of the land, and much of last year's crop was lost, and also on account of the great variety of soil in a small space some spots proving extremely poor and little else than sand, while occasional beds of silt caused the most luxuriant growth and having produce— as far however as I can judge, I see no reason to doubt that the produce of favorable soils, sufficiently irrigated will in India nearly equal the American and African crops of 300 lbs. of clean Cotton per Acre, the average of Indian crops being according to Dr. Royle 100 lbs but by a Statement lately given to me, the produce in Tunnevelly is only 63 lbs per Acre—

Respecting

Fort St. George 10th. February 1851.

11 Respecting the expense and profit of the crop my data are very imperfect, as the labourers were required to perform a variety of duties besides working at the plantation, the few land holders who have tried the cultivation assure me that it is decidedly profitable, and I have not the smallest doubt on the subject. The current bazaar price of Seed Cotton is 6 puce per ℔ and if the produce of an acre be 1000 ℔, the price is Rs 31 — 4 — a. An acre of irrigated land will ordinarily yield about 20 Trichinopoly Cullums of paddy a fair price for which at 12 annas per Cullum is 15 Rupees.

12 As the established number of annicut coolies was not sufficient for the work required the cotton raised in the plantation was sold, and its proceeds applied in payment of additional workmen. A large quantity of seed was also sold and it seems to be as fit for the food of cattle as that of the indigenous kind. All the accounts connected with the plantations have been regularly kept in the Talook Cutcherry as well as at the Annicut, and it may be observed that the extra hands

maintained

Fort St. George 10th February 1851

maintained by these funds have been employed to great advantage in attending to the works of defence, especially during the late unprecedented floods, when their services at the proper time prevented much damage and subsequent expense.

13 From this Statement it will be evident to the Board that my efforts to extend the cultivation of American cotton, although made with public means, and conducted as a public experiment have occasioned no expense to Government; while by contributing to the improvement of the public lands, they will produce ultimate advantage. The water raised to irrigate the cotton nourishes the Cocoanut, and other trees, which will become profitable when the experiment in cotton has ceased, and the same men who plant, pick and clean the cotton, work the annicut sluices, plant the banks of the river, and as far as possible, repair the works. I think that the plantation might be still further enlarged on the same plan, and that a supply of American cotton seed may be annually scattered over the Southern Districts without the smallest expense to the State.

It

Fort St. George 10th February 1851

14 It has long appeared to me that the disposition of the people to adopt any improvement either in the nature of their produce, or their mode of raising it, does not depend so much on our representations of its advantage to themselves, as on some tangible proof that Europeans derive profit from it. One example of the extensive cultivation of American cotton would do more to establish it as a staple than all that has yet been attempted, and such an example is now being shewn in Tinnevelly. But in the Delta of the Cauvery there are no European planters, and it is impossible to anticipate when private enterprize will develope itself among the Natives. On this ground I would suggest that the experiments I have now reported should be carried forward to such an extent as may be found conveniently practicable, without expense to Government. The Cotton and its seed should be sold on the spot, and every effort made to determine fairly, and display openly the actual value of the cultivation. Should the Government see fit to authorize the adoption of this plan, I am prepared to exert my best endeavours consistently with

J.G.B.

Fort St. George 10th February 1851

with my professional duties towards its realization.

15 But as the Government may enquire what field there is for an extensive cultivation of cotton by irrigation in these Provinces, whether by its substitution for rice, or by an addition to the cultivated lands, I would state that there are large tracts now waste, which would be taken up, if the necessary means of irrigation and drainage were afforded. In Trichinopoly the Talooks of Arrialoor and Woodiarpollium contain thousands of acres which may be easily watered by the Coleroon; in South Arcot the banks of the Vellaur and tracts along the Coleroon are equally favorable, and in Tanjore the Talooks of Shiteraporam -dy and Puttoocottah offer great facilities. To irrigate these extensive wastes for the ordinary purpose of cultivating rice would no doubt lead to a large increase of the public revenue, but it is impossible to hear the frequent and well founded complaints of the low price of Grain, without hesitating about a measure likely to cheapen it still

still more, while with the local advantages these Districts posses, the cultivation of cotton could not fail to enrich all parties concerned in it, and it is certain that the stability of the revenue would be greater, in as much as the crop would be less liable to fluctuation than rice.

16. Having thus explained the circumstances under which my experiments in American cotton were undertaken and carried on, I would avail myself of the opportunity of bringing to the notice of the Board that I have also successfully tried the cultivation of linseed and wheat, both of which though common enough in the Deccan and the bedded Districts are unknown in the Delta of the Cauvery. It is generally believed that the climate of the Carnatic is too hot for the growth of wheat, but if sown in october in pure black soil and watered occasionally my experience for three years shows that it will succeed perfectly. The price of wheat in the Trichinopoly market is 500 per cent above that of paddy, and as far as I can judge the produce is not inferior

Linseed

Linseed is grown in the richest parts of the Deccan cotton soil, generally in the dry beds of watercourses filled with alluvium, and I find that it will thrive here in the rich river deposit, but it requires partial irrigation, if rain does not fall supposing the produce to equal in weight that of rice, the London market price of Indian linseed is 20 shillings per cwt, while that of ordinary rice is about 9 shillings, but for linseed there is a constant demand, while Tanjore rice is I believe scarcely saleable in England.

17 I have mentioned these experiments in order to shew the Board how much may be done for the improvement of agriculture in these Districts, if we can overcome the prevailing habit of considering the cultivation of rice, an indispensable consequence of irrigation, and though I am fully aware of the difficulty of introducing a change of system, I cannot but think the effort should be made, and steadily conducted as success must contribute to the

wealth

wealth of the people, and the stability of the public revenue of India, irrespective of the advantage to the commerce and manufactures of Great Britain.

18 It is not the least important consideration in this question that the culture of rice requires four or five times as much water as any other crop, and I well remember that in comparing the estimated results of the great projects of irrigation in the North West Provinces where rice is not the staple, with those on which we usually calculate in this Presidency, the advantages of the Northern system were very apparent.

19 Since the foregoing was written I have had some conversation with a Merassidar of this District, who has cultivated a little american cotton from seed I gave him. He informs me that it has grown well and yielded abundantly, but that he can find no sale for the produce. The same difficulty has been felt by others

others, who have seemed to expect me to purchase their cotton after having given them seed. This is accounted for by the circumstance that foreign cotton is quite unknown as marketable produce in these Districts, and that the country cotton is almost all cleaned and spun in the Villages in which it is raised, the yarn only being sold to the weavers. It is therefore evident that some means of giving a first stimulus to the cultivation of american cotton is much needed, and as private merchants will scarcely do this while success is still uncertain, I do not see any other possible method than for the Government to purchase a reasonable quantity in each District annually, and I think it should be the seed cotton, and not that which has been cleaned. My cotton has been chiefly purchased by a man who contracts for making clothing and quilts for the European Troops at Trichinopoly.

From the Secretary to Government } Extract from the Minutes of Consultation Revenue Departt. dated the 24th January 1851.

Authorizing the issue of a Permission Certificate in the name of Capt. Taylor of the European Veteran Battalion for certain land in the District of Rajahmundry subject to a yearly assessment of 8 As. per Cawney. Directing the Board to revise the Rules respecting Permission Certificates

Read the following Extract from the Proceedings of the Board of Revenue.-

Here enter 18th November 1850 No. 73

Para 1. The Right Honorable the Governor in Council grants authority for the issue of a permission Certificate in the name of Captain Taylor of the European Veteran Battalion for certain land in the District of Rajahmundry

Certificates for lands with reference to the remarks stated within..

Rajahmundry measuring Cawnies 4-23-588¾ subject to a yearly assessment of 8 Annas per Cawny..

2. He observes that the Board are correct in supposing that the public demand to be charged on land taken up under permission Certificates, is the ordinary assessment which would be levied if the land were occupied for cultivation..

3. With reference to the points noticed in the concluding part of the Board's letter, it is remarked that special forms of Government grants have been prescribed for lands situated within Military Cantonments, that forms of leases have been prepared for lands on the Neilgherry and similar ranges of Hills, and that particular instruments, as drawn up by the Advocate General in 1828, are in force for lands in the Collectorate of Madras- save in these localities, British subjects may take up lands throughout the Provinces on simple Puttah unless when the land be required for building, or when the applicant may desire to purchase the proprietary right, or to hold on other terms than natives- Government land

Bd. of Revt. to Govt. 30th October 37 Ex. In Cons. 13th Novr. 37 Cls. Desp. 10th April 39 P. 34.

land required for building must be taken up under a Permission Certificate according to the Rules drawn up by the Register of Govern:-ment Grants and sanctioned by the Board of Revenue 16th March 1835, in the other two excepted cases special reference must be made to Government and the instru:-ment to be employed will depend on the circumstance of the Case..

4 The attention of the Govern:-ment has been drawn to the Rules of 1835 respecting Permission Certificates above alluded to which do not seem altogether adapted to existing circumstances. It has on a previous occasion been pointed out to the Board that Permission Certificates are not applicable to lands which are private property. Further, although the Course prescribed by the Rules may with propriety be followed in the case of Govern:-ment lands required by British subjects for building purposes - so that the Govern:-ment may be satisfied - that their occupa:-tion for that object would not be preju:-:cial to the public or to individuals - Yet as

Govt to Bd of Revt 4 Augt 1836
Ex In Com 21 Septr 1836.

as regards the "all other cases" noticed in Rule VIII it has been above remarked, that lands required for cultivation and to be held on the same terms on which they would be held by Natives may be taken on simple Puttah and that no form of Permission Certificate is necessary - Again there seems no reason why Certificates for lands for building should as in the Forms A and B be limited to the period of 99 years, or why a fee should be charged for registration, which it is ob:-served is not done in the case of Govern:-ment Grants for lands in the Military Cantonments - The Board of Revenue will be pleased to revise these Rules in reference to the above remarks and to the correspondence noted in the Margin. -

From the Secy. to Government.

Declining to grant the Shrotriemdar of Ellapatundalum in the District of North Arcot an abatement of Jodi on account of the waste land in his Village taken for the improvement of the Succalum Channel as he has sustained no real loss.-

Extract from the Minutes of Consultation Revenue Departt. Dated 6th February 1851.

Read the following letter from the Secretary to the Board of Revenue.

(Here enter 16th December 1850 No. 527)

The Right Honorable the Governor in Council is not prepared to admit the title of the Shrotriemdar of Ellapatundalum to abatement of Jodi on account of the waste land in his Village which has been taken up for the improvement of the Succalum Channel.-

Channel.- It is perfectly clear that the Shrotriemdar has sustained no real loss, and the Government cannot recognize a claim for an imaginary one, such as the invasion of his proprietory right, which is inappreciable, or for a possible loss in future of something which he might have got from the land, improbable as any such expectation may be from present appearances.- Mr. Bourdillon expressly says that to admit the Shrotriemdar's claim will be to establish a new precedent in his District.- It has, it is believed, been the unquestioned usage hitherto for the Government to use unproductive land in making Roads Canals &c. as a prerogative of the ruling power, without compensation to the owner except for loss of something actually enjoyed through his possession upon which a positive value could be set.- The land in the Shrotriem claimed as Porumpoke must be regarded as included in the grant not as having a value or expected to have a value but merely as a parcel of the Village assigned by it.- Entertaining these views the Government

Government must decline to accede to the Board's recommendation in favor of the Shrotriemdar.

B. of No. 2935.

From the Collector of Bellary——

Sir,

Submitting his report on the management of the different Sources of Extra Revenue for Fusly 1259.— A.D. 1849/50.—

I have the honor to submit my Report on the Management of the different Sources of Extra Revenue for Fusly 1259 A.D. 1849/50 accompanied by the under-mentioned Statements in the English and Native languages.—

No. 1. Jabookwar Statement of the Settlement of Extra Branches (Stamp Revenue excepted) for Fusly 1259 compared with Fusly 1258.—

" 2. Printed Statement Babwar in Triplicate exhibiting the Gross Collections Charges and net Revenue of all branches (Land Revenue excepted) for Fuslies 1257. 1258. 1259.

" 3. Comparison of the Settlement of Veesabady and Moturpha between Fuslies 1258. and 1259.—

" 4. Abstract Statement of Veesabady and Baglyr— Veesabady according to the Board's Form of 15th. March 1849.—

" 5. Statement of the Amanee Collections of

of Duties on the Nizams Frontier for Fusly 1259. according to the Board's Form of the 18th June 1823.—

6 Statement A of Demand Collection and Balances under each head of the Extra Revenue for Fuslies 1258 & 1259.—

7 Statement B of Demand Collection and Balance of arrears of Extra Branches of Revenue due on account of former fuslies.—

2. The Settlement of the Extra Revenue for Fusly 1259 as compared with the preceding Fusly was as follows.—

	Settlement Fusly 1258	Settlement Fusly 1259	Increase	Decrease
1 Sayer	6,919	6,295	"	624
2 Abkarry	3,16,789	3,15,535	"	1,254
3 Sundry Small Farms & Licences	19,978	19,626	"	352
4 Moturpha	2,71,630	2,73,848	2,218	"
5 Sales of Stamp paper	10,877	14,885	4,008	"
	6,26,193	6,30,189	6,226	2,230
		Net	3,996	

Sayer

3. There is a Net decrease of Rs. 624 in the Branch of the Sayer Revenue this year. It will be remembered that the Sayer is confined to the Toombadra River on the Frontiers of H. H. the Nizam's dominions.—

The following is a Table of the Articles on which Sayer was Collected

Collections

		Collections in Fusly 1258.—	Collections in Fusly 1259	Increase	Decrease
		C Rupees	C Rupees	C Rupees	C Rupees
1	Betel leaves	233	242	9	"
2	Tobacco	89	41	"	48

10	Ghee	220	197	"	23
11	Cocoanuts kernel & dried	800	825	25	"
12	Pepper	46	1	"	45
13	Grain	217	214	"	3
14	Other Sundry Articles	260	277	17	"
	Viz.ᵗ Total	6,615	6,288	184	511
	Imports	1,370	1,312	"	58
	Exports	5,245	4,976	"	269
	Extra Collections	304	7	"	297
	Total	6,919	6,295	"	624

The

4. The decrease is chiefly in the exports from Bellary and mostly in the three Articles of Betel nut, Jaggery & Sugar which is attributed to the Merchants carrying their goods to the Nizams District from the Western part of the Mysore Province through the Bombay Territory and so escaping the Chowkies of Bellary. The decrease in the Extra Collections is explained by no confiscations having this year been made and brought to account as was the case last year.—

5. The decrease in this Branch of Revenue (so difficult to check) is not attributable to a want of attention because it has been carefully watched but the facility of evading the Tolls by going another route is daily becoming better known and of course advantage is taken of it. The Cost of the Establishment for the Sayer is 3266 Rs. being 53 7/16 per Cent. The Net Revenue is 2887 Rs. The Question of entirely abolishing the Sayer Revenue is still in abeyance.—

Abkarry.— 6. The Settlement of the Abkarry of the whole District with the exception of the Military Cantonment of Bellary was Rupees 315538 being Rupees 1254. below last year, as per the

the following particulars.—

Items	Beriz of Fusly 1258	Beriz of Fusly 1259	Comparison Increase	Comparison Decrease
	C Rupees	C Rupees	C Rupees	C Rupees
Syen Beriz according to the offers of Abkarry Renters	316780	315515	"	1265
Extra from Goty Garrison	9	20	11	"
Total	316789	315535	"	1254
Collected within the Fusly	310117	302263	"	7854
Balance	6672	13272	6600	"

7. The increase and decrease has been explained for the respective Talooks in my letter submitting the offers for the Sanction of the Board. The Abkarry rents have considerably increased of late years. In Adonie Talook the increase has been great. But the Contractor suffered loss in Fuslies 1257 and 1258 and though he had the talook in Fusly 1259 at a still lower rate by 3,000 Rupees, his losses have been very considerable and he has not been able to make good his Contracts, the cause is ascribed to the decline in the Cloth Manufactories owing to a less demand for the Commodity by foreign Merchants who frequented Adonie and made considerable advances to the Weavers, a Class which the very poor

" 1258–57,000
" 1259–54030

Fort St. George 13th February 1851.

poor chiefly consume liquor. But there is no doubt that Competition has been carried to too great an extent and the late Renter is now ruined. His security will however make good the Government Demand. The balance outstanding at the end of the Fusly Amounted to Rupees 13,272. of which Rupees 7,342 has since been Collected leaving Rupees 5,930 which is entirely due by the Adonee Renter to whom time is necessarily given to Liquidate the same, But I beg to submit his case to the indulgent consideration of the Board. The rent of the Talook for the Current Fusly 1260 is 59,000 Rupees, or 2,000 Rupees less than last year and this was the utmost Sum that could be obtained, and I am inclined to believe that even at this Reduced Rent the Renters will be losers. The late Renters Security, though able to pay the balance, will yet suffer severely, if the whole is enforced and as he has been a great loser by the transaction I hope the Board will not be disinclined to remit 2,000 Rs. which is the amount of Rent in Fusly 1259 above the Cowmutyam.

The

Sundry Small Farms and Licences.—

8. The items composing this branch of Revenue for the year is as follows.—

		Revenue of Fusly 1258	Revenue of Fusly 1259	Comparison Increase	Comparison Decrease
		C Rupees	C Rupees	C Rupees	C Rupees
Government Plantation	Produce of Govt Plantations, Viz.				
	Rent of Old Topes	12,889	12,554	"	335
	Do of New Do	1,611	1,713	102	"
		14,500	14,267	"	233
Other Items	Rent of Hills and Woods	1,757	1,729	"	28
	Do on pasture land and Trees called Saly Poolwary	3,266	3,224	"	42
	Total	5,023	4,953	"	70
	Do of Fisheries	455	406	"	49
	Grand Total	19,978	19,626	"	352

The old Fruit Trees did not rent quite so high as in the preceding year, the Rent of which was also below that of Fusly 1257. The season was not favorable. The new Topes yielded a better Revenue from

Fort St. George 13th February 1857.

from more Trees having become productive. The other items require no remark.—

Moturpha 9

The information on this Branch is contained in detail in the accompanying Statements Nos. 3. & 4. It is comprised of two heads, Viz.t., The Veesabady and Baghyre Veesabady or Iyen Moturpha which together amount to Rupees 2,73,848. In the Veesabady there was a small decrease of 88. Rupees and in the Baghyr Veesabady an increase of 2,307 Rupees. The following abstract is taken from the Talookwar Statement No. 3.—

The Veesabady Settlement is made to a certain extent in conformity with the provisions of Regulation IV of 1818. The Bhaghyr Veesabady or Iyen Maturpha is quite and arbitrary Law. The Board desired that it should be settled by the Collector and his Sub-ordinates. I could not without great inconvenience and delay manage during the last Summabundy settlement to carry out the Boards' orders in all the Talooks. It was my wish to introduce a better Method of settling this branch of the Revenue on some fixed basis, and in one or two Talooks in the principle items, Viz:- in that of Looms, I endeavoured to establish some general rule of Taxation but after many enquiries and attempts I found that no satisfactory system of rates could be obtained. The rates imposed on Looms vary very much, and at present I am not prepared to recommend any better system than that which has always prevailed

of

of an entirely discretionary taxation sanctioned by long Custom, which system has therefore been continued for the year under Report. The Settlement was made in the Hoozoor Catchery during the Summabundy for 7 Talooks entirely, and for many Villages

Fort St. George 13th February 1851.

Villages in other Talooks
But I do not see
that any advantage
is to be derived from
making the Settlement
in the Moozoor Cutcherry.
The Tahsildar has
much better opportunities
of knowing what amount
of assessment should
be.—

L. R.

Fort St. George 13th February 1851

be levied, and he makes his Settlement at several stations in the Talook with little or no inconvenience to the people and becomes responsible for it. But if it is made at the Moozoor the Weavers and the rest of the poor people paying the tax must attend at considerable inconvenience from a distance, and nothing is gained.

The Collector or his Sheristadar has no fixed data to guide him and must, in almost all cases abide by the Tahsildar's report. Custom is the general Rule, with such changes as are necessary from casualties. The Tahsildar should I think be responsible for the Settlement and the Collector should confine himself to a general supervision alone. But if the Board are still of opinion that the Settlement should be made during the Jimmabundy by the European Authorities I shall endeavour to meet their wishes tho' it entails much additional labour, and as far as I can see, without any corresponding benefit as long as the present System is carried on. Could a better and a definite mode of assessing this branch of the Revenue be discovered, then the advantage of the Collector making it in person would be apparent.—

Stamp Revenue.— 12. The Revenue derived from the sale of Stamp paper during the Fusly under report

Pure

Fort St. George 13th February 1857.

Balances outstanding

16. There was a balance of Moturpha Revenue amounting to Rupees 442-5-9 at the end of Fusly 1258 as noted in Column 14 of the Statement marked B of which only Rs. as A 98-13-6 has been recovered to the end of September and Rupees 146-14-1 is expected to be hereafter realized leaving an irrecoverable balance to be written off Rupees 196-10-2 as noted in the Margin— The causes of this irrecoverable balance are hereunder explained for each Talook as follows.—

†Veedabady	70-14-6
Bagepyem Veedabady	125-11-8
	196-10-2

Fort St. George 13th February 1857

17. Each item of the above irrecoverable balance has been examined by myself or my Assistants in my own Division, and by the Sub Collector in his Division, I therefore have the honor to request that the sanction of Government may be obtained for striking off this balance of Rupees 196. 10. 2. It averages not more than one anna per hundred Rupees of the total Beriz which amounted that year to Rupees 2,73,848.—

18 Having already had the honor of giving a full explanation in my Reports of the two last years respecting the Sugar manufactories in this District and having stated that no Sugar was exported beyond sea, I have no more to add, than to repeat that the difficulty of procuring practical men to teach the method of Sugar making prevents experiments being tried to ascertain, whether or no this District is

Sugar
vide the Board's
instructions dated
27th January 1848.

Fort St George 13th February 1851

is capable of turning its Cane cultiva-
tivation to better account.—

Salt— 19. In my Report on the Extra
Sources for fusly 1257. as well as in a
separate letter under date the 28th
September last I have had the honor to
state the difficulties of introducing Marine
Salt for general consumption throughout
the District owing to the Sea Coasts
being at so great a distance— The quantity
of Sea Salt imported into this District during
the Fusly under Report cannot be accurately
ascertained but in the absence on any correct
account it may be inferred that the imports
have amounted to about 50 Garce— The
present selling price is about Rupees
240 a Garce.—.

J.G.D.

The

Fort St George 13th February 1851.

Roads— 20. The annual Report on
Roads will, as usual, be submitted separately;
many Roads require to be made or improved.

Bellary District—

No. 9.

To, W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

29

Bd No. 375

From the Collector of Bellary —

Reports the measures he had adopted to secure the property of Ramchetty the late Stamp Darogah — forwards a summary Decision passed by him states at length the grounds on which he has seized the property of Kristnamachetty the father of Ramchetty who also had fully admitted his liability and reports the measures taken against the securities for the remainder of the deficiency and the grounds of these Proceedings — and hopes the Bd will approve of what has been done and requests their instructions for selling the property sequestered and

Sir

1. In my letter of 18th ultimo I reported a deficiency that had been discovered in the Stamp Revenue to the amount of 25,186. 4 - - which sum it appeared had been embezzled by the Stamp Darogah and Vendor Ram Chetty who had committed Suicide when his Papers were seized and the investigation commenced. I also reported that I had seized the property supposed to belong to the Darogah which at that date was valued at about Rupees 6,905 - and for the balance I informed the Board that I had made an immediate demand upon the securities and was about to attach their property in satisfaction of the Demand - but having doubts as to the legality of such summary Proceedings against the securities I referred to the Board for instructions transmitting with my letter copy of the

security -

Fort St. George 13th February 1851.

and their further orders for his guidance. Especially as a suit in the Civil Court has been instituted against him by Kristnama Chetty the father of Ram Chetty.

Security Bond given by the Sureties.

In reply I received the orders of the Board in a letter from you dated 25th January informing me that in the opinion of the Board I could proceed against the parties in the same manner as I would do in the case of arrears of revenue, that being the principle laid down in Section IV Act XII of 1850.

2. My attention was also called to the Circular orders of the Board of Revenue on the subject of Stamps noted in the margin of your letter, and the Board trusted that I should be able to shew that the loss had not been occasioned by remissness or neglect of duty on my part and that I had adhered to the Rule laid down in para 4th of the Circular order dated 23d February 1837.

in para 2.

3. The purport of my present letter is to report to the Board the measures that I have adopted to secure the property of the Defaulter. I will address a separate communication to the Board on the subject of the 2d part of your letter above noticed in which I

Fort St. George 13th February 1851

Trust to be able to shew that I have not neglected my duty. In the present emergency however I must look to the Board to assist me with their effectual aid in making good the loss from the parties primarily responsible for the defalcations of the deceased Ram Chetty. For already am I beset with difficulties. The Board I trust will in the first instance (without reference to the eventual responsibility of the Collector) look upon this matter as a case of embezzlement of Public money and support me in every proper step I may take for the recovery of that money from the parties properly responsible. And I beg accordingly to be advised by the Board.

4. On its being discovered that the defaulter Ram Chetty had absconded steps were immediately taken to secure his property, and as he lived in the same house as his father Kristnama Chetty the Head Sheriff of the Poozoor Treasury the whole property was seized. The value of this property now amounts to

to Rupees 13,923. 2. 2 - Which has re:duced the demand upon the securities to Rupees 11,263 - 1 - 10. and there are Bonds and accounts and Papers still under examination from which it is probable a further sum will be realized..

5. No opposition was offered by Kristnama Chetty the father of the defaulter - but on the contrary he ad:mitted his responsibility - The securi:ties however would not acknowledge their responsibility - For some time I had great expectation that the father and the sureties would come to an amicable arrangement - and repeatedly did the father come to me requesting me to allow time and terms to make good the deficiency, offering at once to make good the deficiency out of the property seized as far as it went, and re:questing time might be given to realize it profitably [illegible] To these solicitations I gave a favorable ear - and I have no doubt but that all would have been satis:factorily arranged had it not been for the interference of some Vakeels

of

of the Civil Court - who I learnt were thwarting my endeavours and the fair intentions of Kristnama Chetty - But on receiving the Board's instructions of 25th January I proceeded to draw up a Summary Decision - Copy of which I have the honor to enclose with a translation of the same..

6. In this Decision the grounds of my proceedings against the father of the Defaulter Kristnama Chetty and the securities are setforth at length - It was read to the parties on Saturday last the 1st Instant and declared to them to be my final decision on the matter, seeing they did not seem inclined to come to an amicable Settlement - Several friends of the parties were present who with many of the most respectable Merchants even then endeavoured to persuade the parties to make some arrangement.

7. In the mean time while the parties were discussing the terms to be made, the Government Vakeel came to my Cutcherry and reported that a suit had been presented

against

Fort St. George 13th February 1851

against me in the Court by Christ:
:naval Ketty the father of the de:
:faulter and the Head Shroff of the
Bonzoor Treasury, a servant of Govern:
:ment of more than 30 years standing!
In Bellary, where a Suit against a
Collector is never heard of, the announce:
:ment of the fact was received with
the greatest astonishment by every one
and with some indignation that the
Institutor of the Suit should be an
old and hitherto faithful public
Servant - All parties had been repeatedly
told that if they were dissatisfied
with any of my proceedings they could
as the proper way appeal to the
Board - I have not yet seen the Suit
they have instituted but I believe
the Court have not power to receive
it, and I am informed that the Civil
Judge has some doubt upon the
matter and that he has written for
instructions to the Sudr Adalut - But
I think there is no fear of the de:
:fault even should the party have per:
:mission granted to file the Suit -
The purport of the Suit is Sunder:
:stand to recover the property seized
by me on the plea that I exempted

the

See Sect. XVI
& Cl: 3d Sect V
Reg: IX of 1822.

Fort St. George 13th February 1851.

the admission of his liability from
Kistnama Chetty by keeping him
fasting; a plea so false to be ad:
:vanced by such a man as the
Head Shroff of the Treasury will
doubtless be treated in the manner
it deserves - When the Judge offici:
:ally informs me of the subject I
shall immediately report to the Board.

8. I will now briefly review
the grounds of my decision as set:
No. 1. :forth in the Summary Decree which
was fully made known to the
parties on Saturday afternoon the
1st Instant:

9. There is no doubt on my
own mind confirmed by the opinion
of the most respectable merchants
of Kistnama Chetty's Caste - and
many others that Kistnama Chetty is
in honor and morally as well as
legally responsible in the first
place to make good the loss occasion:
:ed by his son Rama Chetty's defaul:
:cations - Because Ram Chetty the
eldest son lived in common
partnership with his father, manag:
:ed the affairs of the house and
carried on business in common

with

with his father. Though this is well known it was desirable to produce evidence to the fact. Shanu already stated that Kristnama chetty repeatedly admitted his liability before me. And on two occasions has he given in writing what he had, both before and after, verbally admitted. I beg to refer more particularly to the two depositions taken from him, one on 18th. January in which on being questioned he distinctly states that Ram Chetty was an undivided member of his family, and that he (the father) was liable, and that his property must be taken by the Circar to make good the deficiency caused by his son; and he further implores that means may be given him for his livelihood. In the 2d. Deposition taken on the 27th. January on being questioned as to the authenticity of a document written by Ramchetty (presently to be noticed) he among other things again admits his liability most fully. I beg the Board particular attention to this document especially

See No: 2.

See No: 3.

See No: 4.

especially to the answers to the 12th. and following questions. The Board will perceive that Kristnama chetty states that he knows nothing of the mercantile affairs of his house which were conducted by his son the deceased Ram chetty. He admits that he is liable for the loss, that the property about 12,000 Rupees in value seized is liable and that he Kristnama Chetty would make good the remainder by giving up all his salary (to be increased) in six years. He then shows the manner in which he proposes to make good the amount. And on being asked if he can give security, says he cannot that he was owed about 8,000 Rupees by other parties which he agreed to give over to the Circar. These Statements were given before me in Open Cutcherry. And by them I consider that Kristnama chetty is fully bound to make good the loss.

J

10. I will next advert to the document (marked No. 4) which is a paper written in Ram Chetty's own hand writing and no doubt im-mediately before he committed sincide - It was founds among his thing - It was evidently written for his fathers information and this his father Kristnama Chetty admits (see his deposition above e-marked on 27th. January questions and replies 1 to 3) Now I request the Board will peruse this important document - It is a memo of some property pawned by Ram Chetty and other matters in which he directs his father how to act concerning them - clearly identifying his father and himself as joint proprietors - And at the end he cautions his father not to admit himself so responsible for the Circar accounts. stating in conclusion that he (Ram Chetty) had ruined him - The purport of the three last memos evidently shews that Ram Chetty was

was fully aware of his father's liability - and the purport of the prior memoranda shews as far as they go that Kristnama Chetty and Ram Chetty were one in their loan transactions.

11. I now come to another very important point which connects the two persons and shews how the property now sequestered is the property of the Defaulter - Kristna-ma Chetty after he got into the hands of the Court Vakeels was instigated to deny his liability, and he stated among other things (a statement he has probably repeated in his suit in Court) that his wealth which was solely his he had obtained in a great measure by a Lottery Ticket which was a Prize of Twenty thousand Rupees - Now it can be proved as stated in the Summary Decision that this said Lottery Ticket was not in Kristnama Chetty's name but in the name of his son Ram Chetty; and further that the Money drawn in payment

of

of it was drawn from the Bellary Treasury by Ramchetty's father — Kistnama Chetty the Head Shroff of the Treasury in April 1841, as Mr. Mellor the Collector had issued orders to pay the prize to the party who brought the Ticket. The ticket in the Son's name; the money received at the Treasury by the father! This fact identifies the two most conclusively.

12. It will only now be necessary to show how Ramchetty came by his appointment the further and more closely to identify him with his father. Ramchetty was when a young man first appointed as Stamp Vender at Bellary by the late Principal Collector Mr. Robertson in 1838 on the application of his father — Kristnama Chetty and in consideration of Kristnama Chetty having as Head Shroff of the Treasury been reduced (by the Revision Committee) in his salary 10 Rupees a month from 60 Rupees to 50 Rupees. Kristnama Chetty's Brother having previously held the appointment. His father having always been considered a very worthy and

and Excellent public Servant and Ramchetty's conduct being deemed unexceptionable he was appointed to hold the joint office of Stamp Da:rogah, and Stamp Vender at Bellary by Mr. Mellor the Collector on 1st. April 1846.

13. From that time and indeed before as may be inferred from his accounts found he commenced his malversations; his accounts which have been seized exhibit entries every day in his own hand of the quantity of Paper sold daily. The accounts are in books for each month commencing in January 1846. and continued until the day of the seizure of his Papers - but the totals for the day or the month have not generally been made - and from casting up these accounts it is discovered how and when he embezzled the money - The total of the sales are discovered and comparing these with the Remit:tances to the Treasury it has been ascertained that he withheld a considerable portion of the proceeds

each

each month. These accounts however only account for 17,434 4/4 Rupees. There are 7,752 Rupees in no way accounted for as far as has yet been discovered.

The result of the examination of these accounts is as follows.

Year.	Total Collections according to Ramchetty's accounts	Remitted to Treasury as per Ramchetty's Financial Papers	Amount embezzled.
	C Rupees as	C Rupees as	C Rupees as
1846	2,802 "	2,175 8	626 8
1847	5,363 8	3,169 12	2,193 12
1848	8,423 8	4,901 12	3,521 12
1849	8,628 "	4,224 "	4,404 "
1850	14,499 "	7,964 4	6,534 12
1851 to 10th January	426 "	272 8	153 8
Total	40,142 "	22,707 12	17,434 4
Amount no where accounted for			7,752 "
Total Defalcation Rupees			25,186 4

14 For this sum of 25,186-4-0 I consider that Kristnama Chetty is in the first instance responsible for the reasons above stated, and it is probable that further grounds may be produced when all the papers are examined in proof of Kristnama Chetty's liability for Ramchetty's defalcations - I would only here mention that the family are considered, among the merchants and others capable of forming an opinion, as being worth from 40 to 50,000 Rupees chiefly the proceeds of the Loan and Ramchetty's embezzlements - and there is but little doubt that the father has succeeded in concealing much valuable property - But on the grounds above stated I trust the Board will agree with me that the property now seized and in deposit should be made liable and accordingly authorize me to sell the same and carry the amount realized to the credit of Stamp Revenue.

5. The next point to be noticed is the liability of the securities.

The

Fort St. George 13th February 1851

The one Roddum Soobiah brother of and Copartner with and of the same undivided family of Roddum Chetty: biah the former security is security for Ram Chetty as Darogah, but (according to the terms of the Bond, the form of which I transmitted in my first letter) also for Ram chetty while holding this appointment or any other appointment from Govern: ment. And the terms of the Bond are to the effect that the security would make good any sum of money embezzled by the Darogah out of the collections & that the security would be answerable for his good conduct &c. The other security is Doo: dykee Danapah who stands security for Ram chetty as Vender of Stamps the terms of his security Bond are precisely the same: 16. It is impossible I think to disconnect the two securities the party in his capacity of Darogah and Vender being one and the same. The Darogah is responsi: ble for the Venders accounts & and if he supplies paper to him with

Fort St. George 13th February 1851.

with the view of embezzling the money and does himself embezzle it the Darogah's security must be called on as well as the Venders security to make good the Loss. The two offices being under one and the same individual and being moreover so when the sureties became such the sureties are jointly liable. On this ground I trust the Board will approve as indeed they have authorized in their letter of 25th January of my proceeding against them.

17 But an objection raised by the Securities is that they have only lately become surety for Ram: chetty and that they cannot be call: led upon for defalcations made previous to their being surety - This claim to exemption can not hold good - They are surety for all that may appear against the defaulter whenever that defalcation is found out - and there is no proviso in the Bond which would exempt them -

:* Note
Roddum Soo: biah became surety on 20th December 1850
Doodgee Danapah on the 20th Octr 1850

With

18 With respect to one of them Rodum Soobiah he cannot on any such plea escape his responsibility. He is the brother of Chetumbiah who was secured in 1846 until his death in November 1850 when he became surety in the place of his deceased brother. The brothers were members of an undivided family and partners of a large mercantile firm of which Chetumbiah was and Soobiah now is the head.

19 I have therefore to request the Board will confirm the proceedings against the securities.

20. The securities unitedly are quite competent to make good the demand against them, but they are opposing me in every way they can, and I have been very reluctantly compelled to issue my warrant for restraining their property. because they refuse to produce the sum demanded or any property equivalent thereto. They have been told that they must abide by the consequences and informed that they could not possibly suffer any

any loss by depositing the sum demanded or property equivalent to it, pending any appeal they might please to make to the Board in the usual manner; but they appear to listen rather to the advice of some Vakeel then to abide by my orders pending an appeal and no argument of mine is of any avail.

21. I have throughout had before me the provisions of Regulation IX. of 1822, Regulation I of 1826, and Regulation XXVII of 1802, and Act XII of 1850, in conducting this enquiry. But such proceedings are so rare in Bellary and it is so new a thing for a Collector to be even threatened with a suit in Court, that I trust

Fort St. George 13th February 185

trust I may apply to the Bo
for full instructions and
counsel to guide me in
bringing this unfortunate
matter to a satisfactory
conclusion. —

22.

Trusting to write
tomorrow on the subject of
the 2d Para of your letter
of 25th January which the
Board will perhaps agree
with me should be kept
quite distinct from the
matter of this letter.

Bellary,
Collector's Office,
4th February, 1851.

(Signed) C. Pelly
Collector

D.G.

Fort St. George 13th February 1851.

No. 1

Translation of a Summary Decree passed by Mr. Pelly Collector of Bellary under the provisions of Regulation IX of 1827, in the case of embezzlement of Public Money, being the value of Government Stamp papers, by Ramsetty appointed as Stamp Darogah, and Vender of Stamps at the Cutcherry Bellary and to the Civil Courts of Bellary."

Seetaramsetty, the brother of Krishtamasetty Head Shroff of the Hoozoor Treasury held the appointment of Stamp Vender of Bellary till the Month of May 1838, when he relinquished that Office, an Urzee was addressed to the Principal Collector Mr. Robertson on the 13th May 1838 by Appajapah, the then Hoozoor Cash Keeper and Stamp Darogah soliciting that Ramsetty son of Krishtamasetty might be appointed to the Office of Stamp Vender in consideration of Krishtamasetty's Salary having been lately reduced 10 Rupees the said Gentleman took the

the matter into consideration and issued an order No. 34, dated 11th June 1838 to the Darogah and the said Ramsetty was appointed to the Office of Stamp Vender on the 16th June 1838 from which time the said Ramsetty continued to sell Stamps to the Merchants of Bellary and to the Civil Courts living with Krishtamasetty as a member of an undivided family.

2 In the year 1841 the said Ramsetty purchased for 40 Rupees the 1st Class Ticket No 45 of the Government Lottery No. 68, which turned up a prize of (20,000) Twenty thousand Rupees. The Collector Mr. Mellor issued a Purwana No. 679 dated 20th April 1841 to the Cash Keeper to pay the sum to the person who brought this Ticket to the Treasury. The Head Shroff Krishtamasetty presented this Ticket No 45 to the Cash Keeper and received the above sum and thereby became a man of wealth.

3

A separate person had been appointed to the office of Stamp & Darogah for some time during Mr. Mellor's administration who was remunerated at a stated commission until this appointment was given to the Stamp Vender & Ramsetty on the 1st April 1840 who from that time discharged the duties of both the Offices; and it has since been ascertained that he also carried on trade and money transactions.

4 From the above circumstances it appears that Krishtamasetty became possessed of all Ramsetty's acquirements and Krishtamahsetty on two occasions subsequent to Ramsetty's death by Suicide Committed because he had embezzled the Money realized on the sale of Stamps, admitted to me and caused Statements to be written conventing to be answerable for the embezzlements made by Ramsetty and offered to make the same good. He is the person & therefore

therefore to be held responsible in the first instance.

5 The following are the particulars of the Malzamen and Hazirzameen securities tendered during Ramsetty's life time.

See Act XII of 1850.

1. Cheedala Venkatachellum a relative of Krishtamasetty became surety for Ramsetty as Stamp Vender and executed a security Bond on the 22nd September 1847, on Stampt paper. this security failing one Doodegee Danapah a merchant of Bellary executed a document to the same effect on unstampt paper on 20th October 1850 before the Sahsildar, and the Sahsildar reported that the said Doodegee Danapah was a wealthy man, and the security Bond was accordingly executed afresh on Stampt paper on the 29th November 1850.

2. Bodhum Chedumberapah a very wealthy merchant of Bellary and

and a relative of Krishtamasetty executed a Security Bond on Stampt Paper on the 19th May 1850 as security for Ramsetty for the office of Stamp Darogah - the said Bodhum Chedumberapah having demised on the 30th November 1850, his own undivided brother living in the same house. Bodhum Soobbiah took up the security in his place and executed a Security Bond first on unstampt paper on the 21st December 1850, and on the 1st January executed it on Stampt Paper.

Altho' these individuals executed distinct documents for the different offices, yet as it is the duty of the Darogah to report to me the grands that the Stamp Vender may be guilty of and as that was not done by him he became responsible, and as the Darogah took and sold the papers that

were

were under his charge at
mill, and embezzled the
cash realized thereon, the
two Securities are Specially
responsible for the sum embez-
zled by Ramsetty.

The said Ramsetty
obtained the two offices in consider-
ation of his being the son of
Krishtamasetty the Head Shroff of
the Hoozoor Treasury, living in the
same house with and transacting
business with him. But suspicion
having arisen that Ramsetty had
abused the trust reposed in him
and that he had been giving
false accounts, the acting
Head Assistant Collector C. B.
Pelly Esquire was appointed by
me to investigate the matter
in conjunction with the Head
Sheristadar; these officers at 7 o'clock
on the morning of the 11th January
1837 found the list of Stamps
papers on hand, furnished by
Ramsetty;

Ramsetty to be correct Viz. 4,590.
Stamp papers amounting in value
to Rupees 13981 - - On being asked
to give an account of papers with the
different Stamp Venders, he produced
a list of papers in the possession
of the Vender at Bellary Viz. 100,
amounting in Value to Rupees
187 8 - as also the sum of Rupees
272 - 8 - as being the sum realized
on Stamps sold, and stated that
that was all he had to account for -
On being asked for the account that
would correspond with the last
quarterly report furnished to the Superintendent
of Stamps after deducting Stamps since sold,
he promised to produce it and proceeded
to his house; He afterwards remitted
Rupees 519 - - to the Treasury as being
the value of Stamps sold; this having
raised suspicion in Consequence of
the said Ramsetty having previously
stated to the Acting Head Assistant
Collector that he had no balance be-
yond that which he had before
said,

said, I had him brought before me the same day and took his deposition and on directing him to produce the accounts, he answered that they were in the Bellary Talook Cutcherry, and as it was then beyond the Cutcherry hour, I ordered the said accounts to be kept in deposit in the Talook Cutcherry and Ramsettyment [illegible] January (Sunday) Krishtamasetty gave information that Ramsetty disappeared during the night. Takeeds were sent to the several Tahsildars to apprehend him. But on the 4th January the Corpse of the said Ramsetty was found floating in a well in the Cantonment of Bellary.

The last act of the said Ramsetty is a proof that he was actuated to it from his inability to account

account for the Government money he had embezzled.

As Stamp Bariz is included in Extra Revenue, I

Commenced an investigation

under Regulation IX of 1822.

8 An abstract prepared from Ramsettys' own accounts is subjoined as furnished to the Superintendent of Stamps, as the last quarterly Statement ending 31st October 1850.

Statement

said, I had him brought before me the same day and took his deposition and on directing him to produce the accounts, he answered that they were in the Bellary Talook Cutcherry, and as it was then beyond the Cutcherry hour, I ordered the said accounts to be kept in deposit in the Talook Cutcherry and Ramsettymen
[illegible] January (Sunday) Krishtamasetty gave information that Ramsetty disappeared during the night. Takeels were sent to the several Tahsildars to apprehend him. But on the 14th January the Corpse of the said Ramsetty was found floating in a well in the Cantonment of Bellary.

The last act of the said Ramsetty is a proof that he was actuated to it from his inability to account

account for the Government money he had embezzled.

As Stamp Bariz is included in Extra Revenue, I commenced an investigation under Regulation IX of 1822.

Total	40,142 " "	22,707 12 "	17,434 4 "

In this manner the said Ramsetty has entered daily the Monthly sale of Stamps in each year according to the dates; but regular additions have not been made of what he sold monthly he appears to have made a list of as much as he pleased and permitted the amount thereof to the

the Hoozoor Treasury and embezzled the remainder - this is clear. His accounts written in his own hand-writing place the matter of his having embezzled the Sum of Rupees 25,186 4 " as mentioned in Para 9 beyond a doubt.

11 All tho' the Sureties of Ramsetty are responsible for the Amount Viz. Rupees 25,186 4 " laid against Ramsetty yet his father Triahtamasetty who has a claim to the deceased Ramsettys Estate is on the receipt of 50 Rupees per Mensem as Head Shroff of the Hoozoor Treasury, a Sum only sufficient to defray his family expences and the circumstance of his being possessed of Considerable wealth being evidence that he became possessed of the property Viz. the Amount of the Lottery Ticket Prize of 20,000 Rupees obtained by Ramsetty as also of the Money embezzled

embezzled by Ramasetty out of the Collections on the sale of Stamps the property so come by has been seized, a list of which is annexed.

Moveable property ——— 10,759-2-2

Immoveable do. ——— 2,000-0-0

The shops in which Ramasetty carried on trade having been placed under guard, the persons in those shops executed documents to pay the money due by them to Ramasetty.

Bazaar in the charge of Venkat Ramasetty nephew of Ramasetty ——— 1,000-0-0

Bazaar in the charge of Gopaulsetty ——— 850-0-0

Gopaulsetty ——— 750-0-0

1,600-0-0

13,923-2-2

Remaining to make up the deficiency ——— 11,763-1-0

25,686-3-2

It is probable there is still in the possession of Krishtamasetty property of much greater value than that under sequestration

sequestration. I have issued an Ishtiar to those who may have charge of any of such property to give notice of the same; but up to this time none has been found & lest the Sureties may get information if there is any. Krishtamasetty has given a deposition that he would make good to the Circar any sum due by Ramasetty and Krishtamasetty admits that the Memo written immediately before Ramasetty's demise is in his (Ramasetty's) hand writing and on his (Krishtamasetty's) account, but states that he knows nothing of the property which is mentioned in the said Memo as being with certain persons. But Krishtamasetty would appear to be inclined to deviate from the path of honesty in not making good the money due, it is therefore necessary to sell the property under sequestration and make good the deficiency as far as possible.

I.

Fort St. George 13th February 1851.

I have nominated a few persons to examine the accounts which Krishtama Setty had in his house, but I cannot yet say what will be the result.

12 After deducting whatever sum the property under sequestration may fetch from the amount which falls due by Ramsetty Viz. 25,186 4, the amount that falls short must be deposited by the Sureties of Rodhum Soobbiah and Dodegee Danapah in my Treasury, and should they fail to do so, their property to such amount will be seized and the sum made good.

To this effect has the Decree been given.—

Summary Decision given this first day of February 1851 by me and read to Krishtamasetty and the two Securities Rodhum Soobbiah and Dodegee Danapah.—

/Signed/ C. Pelly
Collector.

Fort St. George 13th February 1851.

No. 2

Statement of Kistamchetty Head Shroff of the Hoozoor Treasury given in Bellary on the 18th January 1851.—

2 How many years have you been employed as Head Shroff of the Hoozoor Treasury?2

A 31 years.—

2 What relation existed between you and the deceased Stamp Darogah and Bellary Vender Ramchetty?2

A He was eldest son.

2 Were you members of one and the same family, where are his wife and Children at present?2

A Myself and deceased Son Ramchetty were members of an undivided family, his wife and Children are in my house I am supporting them.—

2 There is a claim against Ramchetty for Rupees 25,186 4 — how will you make this good?2

A The Circar people must make it good by means of all my property &c the

the Circar must enable me to live.—

Signed Kristamchetty
H.d Shroff of the Treasury.

Given before me 18th January 1831.

Signed C. Pelly.
Collector.

No. 3.

Statement of Kistamchetty Head Shroff of the Hoozoor Treasury given in Bellary on the 27th of January 1831.

2 You have been shown a Memo. this day, who wrote it.?

A My deceased Son Ramsetty — who was employed as Stamp Darogah and Vender — the hand writing is his.—

2 When did Ramchetty write it?

A I do not know.—

2 Examine the Memo: and state when and for whose perusal you think he wrote it?

A He wrote it for my perusal.

I.

I think he wrote it just before he died — I did not see it written, it appears he wrote it just before he died.—

2 What property had Ramsetty pawned to Ronapore Nursapah state the particulars?—

A I do not know.

2 what property did Ramchetty pawn to Maderow son of Bagavantarow and why?—

A I do not know.

2 What property did Ramchetty pawn to Irada Rudrapah?—

A I do not know.

2 From the Memo: it appears that an article of property is in the care of Vencatramedu, who is Vencatramedus what relation is he to you, and what is the article of property?

A Vencatramedu is my daughters son, I do not know what the article is.—

2 From the Memo: it appears that there is an Ear ornament in the possession of Almaramah?—

A I do not know.—

Did

2 Did Ramsetty pawn property to Konnasala Basapak?

A I do not know.

2 are there Bonds with Vakeel Narasingarow?

A I do not know.

2 Are there Bonds in the hands of Vakeel Narandpak?

A I do not know.

2 You state that you do not know any thing about the property in the hands of the parties entered in the Memo: written by your deceased Son Ramsetty, who lived with you, explain this?

A I merely perform my Circar business, and know nothing of the affairs of the house, the lending borrowing &c. were Conducted by the deceased Ramsetty.

2 What did you tell the Collector about the claim on the part of the Circar, against the above Ramsetty, your deceased Son on account of Stamp Paper?

A

A I stated that of the claim against the deceased Ramsetty of Twenty five Thousands odd Rupees, about twelve Thousand Rupees would be made good out of the property seized, and that I would make good the remainder to the Circar if My present salary was increased one hundred Rupees by giving it all up to the Circar Moreover if the property seized by the Circar is restored I will sell it, give the produce to the Circar, and make good the entire Sum in 6 years.

2 You have stated that you will make good the entire Sum in six years, in what Manner?

A I will sell the property under seizure by the Circar, will invest the Money in a Company's Bond for twelve thousand odde Rupees.

Rupees and place it in the
hands of the Circar, by means
of the interest on it, my salary
and the Money which is owed
to me by parties I will make
it good in Six years. I will
give the bond to the Circar
after certifying on it that it
is a balance due to the Circar,
the Circar must admit the a
bond as security.—

2 It is useless your a
asserting that you will make
good out of your Salary the a
balance which remains over and
above the value of the property
under seizure Viz.t about a a
Twelve Thousand odd Rupees a
Can you give security for it.2

A No.

If

2 If you do not give a
security now, will you make
it good.2

A I am owed about
8000 Rupees by different parties,
I have Bonds for that sum,
I will Collect the Money
and give it to the Circar.
Moreover if you invest it as
a Circar loan a little a
interest will arise, and
if you give into my charge
the property under seizure a
I will give solvent security a
for Rupees Twelve Thousand.—

30

B. No. 319.

From the Collector of Bellary.

Sir,

In my letter of 4th Instant I shall have led you to expect an immediate reply to the 2d para of your letter of 25th January and indeed I had prepared the necessary information, but facts have transpired which lead me to think I shall be able to give a fuller Statement than I can at present of the causes which have prevented an earlier detection of the Frauds committed by the Stamp Darogah Ramchetty and with the Board's permission I will defer my reply for a few days.

Bellary, Collector's Office, 6th Febuary, 1851.

/Signed/ C. Pelly.
Collector.

Ordered that the following letter be sent in consequence.

To, C. Pelly Esqre
Collector of Bellary.

29-31

B. No. 314.

To the Collector of Bellary

Relative to

Sir,

In reply to your letter of the

Fort St. George 13th. February 1851.

Read 13th Feb. 1851.

to the defalca-
-tion in Stamps
in his District

the 4th February 1851 I am directed by the Board of
Revenue to inform you that the liability of Cs
Krishnama Chetty's property for his Sons defal-
-cations is a question of law which they do not
consider themselves competent to decide. Their
impression is that a fathers property is not Cs
liable as such; but upon proof of the part-
-nership in business referred to in Para 9 of
your letter they are of opinion that the share of
property common to the two partners would be
liable independent of any relationship Cs
between them.

2.

They observe at the same time
from Para 11 of your letter that you have strong
reason for supposing that much of the property
found in the possession of Krishnama Chetty Cs
belongs in fact to the deceased defaulter
Ramchetty, and the Board entertain no doubt
that such portion of it as may be proved to be
his either from your summary enquiry, or by
the means pointed out in clause 3d Section V
Regulation IX of 1822 (to which you do not Cs
appear to have resorted) is responsible in the Cs
first

Fort St. George 13th. February 1851.

first instance.

3. With reference, however, to the concluding
part of Para 11 of your letter in which you request the
Board to authorize your selling the property attached,
the Board think it necessary to point out that a Cs
Collector Acting under Regulation IX of 1822 or Act Cs
XII of 1850 must proceed on his own judgment in con-
-ducting the details of the case. When his Proceedings
held under the former of those enactments are closed
the Board may review them on appeal; but until such
proceedings are before them it would be premature for them to Cs
offer more than a general opinion upon questions which must
often depend upon nice points of evidence or facts which
are not before them. Although, therefore, the Board do not
object to furnish you with their sentiments upon any distinct
point which you may submit for their opinion they desire Cs
that you should clearly understand that you are at liberty
to act, or not, on their suggestions. The law has vested you
with very ample powers which it is necessary that you should
exercise on your own responsibility.

4. With reference to the Sureties the Board
are of opinion that, under the circumstances as detailed by
you, they are liable to make good the loss occasioned by the
defaulter, and that you have acted properly in holding them
responsible and in attaching their property on their Cs
failure to do so. At the same time I am directed to point
out that the Board entertains much doubt whether proceed-
-ings by a Collector under Act XII of 1850 are open to review
by the Board.

B. No. 329.
Proceedings
Relative to the management of the Extra Sources of Revenue in the District of Chinglepute for Fusly 1259.
1849/50.

Read Report dated the 22d October 1850 from the Collector of Chinglepute upon the management of the Extra Sources of Revenue in his District during Fusly 1259. 1849-50.

/ Here enter No. 66 /

The annexed Abstract exhibits a comparative view of the Demand for Fusly 1258 and 1259 the result of the Settlement in the latter year being a net increase of Rupees 3,375-8-11 or 1/7 per cent.

	Demand of Fusly 1258.		Demand of Fusly 1259.		Increase.		Decrease.	
	Rs	aP	Rs	aP	Rs	aP	Rs	aP
Salt	2,33,297	"	3,04,690	13 5	71,501	6 5	"	"
Sea Customs	33,710	"	"	"	"	"	33,710	"
Abkarry	76,500	"	73,200	"	"	"	3,300	"
Small Farms & Licenses	17,550	1 9	13,785	8 4	"	"	3,764	9 5
Motorpha	29,952	12 6	30,048	" 2	95	3 8	"	"
Stamps	15,981	7 6	15,302	2 "	"	"	679	5 6
Total	3,73,450	15 7	4,37,028	7 11	71,656	10 1	8,081	1 9

Deduct Decrease — 8,081 1 9

Net Increase — 63,575 8 4

The

Fort St. George, 13th February 1857.

2- The increase under Motorphaws Rupees 95-3-8 does not call for remark-

3- In Salt the increase of Rupees 71,561-6-5 is ascribed to the exhaustion of the stock of Salt in February and March in certain Cotaurs in Madras as well as to the number of Cultivators who were thrown out of employ by the drought having temporarily employed their labourers and Cattle in the Salt Trade- The entire sales under the heads Home and Inland- Consumption in Fusly 1259 contrasted with those of the previous year are marginally noted- The result shewing a Net excess of 30 per Cent, which took place chiefly at the platforms of Vadasammujary contiguous to the Madras Cotaurs, but partly at the platforms of Chunam Chutty remote from Madras; the greatest supply for Inland Consumption being intended for the Mysore Country and the District of Salem- The excess in the Chingleput Salt sales in Fusly 1259 does not appear to have affected those at the adjoining Platforms of other Districts in which

	Fusly 1258-	Fusly 1259-	Nett Increase
Inland Rupees	211,084-8-0	272,650-8-0	61,566-0-0
Home — " —	22,044-15-0	31,740-5-5	9,695-6-5
	233,129-7-0	304,690-13-5	71,561-6-5
			or 30 per Cent

Fort St. George, 13th February 1857.

which it will be seen from para 3 of the Collector's Report, the sales have advanced above those of the previous Fusly 9 1/2 per Cent at Madras, 21 3/4 per Cent at Mercaumum in South Arcot, and 54 3/4 per Cent at Pongoalum in North Arcot-

4 All the other Extra Sources exhibit a decrease- In Sea Customs of Rupees 537-2-10 as the duties, which are confined to Goods landed from Wrecks, were not levied, no such disaster having occurred- In Abkarry of Rupees 3,300-0-0 attributed to the Farm having been rented at a less sum for 3 consecutive years, exclusive of Six Shops, the sites of which it was ascertained were within the Madras limits and which were therefore transferred to that Collectorate- In Sundry Small Farms and Licenses a Net decrease occurred of Rupees 3761-9-5 ascribed to the large number of Cultivators who owing as to the drought resorted to the cutting of Firewood as a means of employing themselves and Cattle, and thereby causing a decrease in the supply from Streekarri-catta and in some measure to the Shallowness of

of the water in the Pulicat Lake, rendering it difficult to bring up heavy laden Boats to Madras. In Stamps the decrease of Rupees 979-5-6 is stated to be owing to the smaller number of Stamps required for filing Suits in the Civil Courts.

5. It would appear that there are no Sugar Manufactories in Chingleput but that Jaggery is made by the Ryots of several Villages on the border of the District contiguous to North Arcot.

6. In para 10 of his Report Mr. Freese points out that it has been found difficult to check the sale of Spirits to the European Soldiery, and suggests the propriety of requiring in future from the Abkarry renter the deposit of a sum of Money, liable to forfeiture for each breach of the stipulations entered in his Cowle. The Board observe that in the 6th Stipulation of the Mochilka taken from an Abkarry Contractor he binds himself not to sell any Liquor to European Soldiers or Sailors and in the 2d Clause of that document he agrees to pay a fine of 50 Rupees if he transgresses either the 5th or 6th Stipulation on proof before a

a Magistrate. The enforcement of this penalty would materially check the sale complained of but the Board apprehend with reference to clause 8 Section VI Regulation I of 1820 that this condition of the Mochilka can only be enforced by Civil Process and take this opportunity of submitting the Collector's letter, 23d July 1850, and their Proceedings thereon.

7. Of current Collections there was a balance at the close of Fusly 1259 of Rupees 1566-14-7 which up to the 10th October 1850 was reduced to 3168-13-6 confined to the heads of Small Farms and Licenses and Moturpha.

Small Farms &c.	Rs. 2280-13-9
Moturpha.	887-15-9
	3168-13-6

8. Of the Arrears under these two heads of Revenue from Fusly 1258 to 1258 reduced by Collection and Remissions to Rupees 183-9-6 the sum of Rupees 173-12-1 is irrecoverable, the parties by whom it is due having died, deserted and become impoverished, and the Board therefore recommend that it be written off in the Accounts of the Collector.

9. The Charges of Fusly 1259 exhibit

Fort St. George. 13th February 1857.

exhibit an increase of Rupees 2,215-11-0
over those of the preceding year and
occurred in the Salt Department
from extended manufacture.

10. The Gross Collections
Current Extra and Arrears from
all branches of Extra Revenue
amounted to Rupees 4,53,415—3—11
Deducting Charges Rupees
61,825—1—3 the Net Revenue
was Rupees 3,91,590—2—8 ex-
=ceeding that of the previous
Year by Rupees 60,953—9—8.

Ordered that
a Copy of the foregoing
Extract

D.S.

Fort St. George 13th February 1857.

Extract with the Annexed Comparative
Statement of the Collections, Charges
and Net Revenue be submitted

Bd. No. 355

Sir,

From the Coll.r of Chingleput

Adverting to the Endorsement from your Office on Petition No. 1976 of 1850 from Nautoo Aranachella Moodelliar Shotriemdar of Atteput in Peddapollium Talook, representing that he has sustained a loss, consequent on lands in his Shotrium Village to the extent of 5 Coumies having been occupied in the formation of the Northern Road by the Superintendent of Roads, I have the honor to state that as 12¼ of Kunjah and Punjah lands appertaining to the above Shotrium was given up for the purpose at the latter end of Fasly 1257, and that my predecessor in his letter to Captain Best dated 10th October 1849 entered into detail in respect to all the lands which had been occupied by the different Roads in which improvements have been effected, & to the arrangements proposed to be made in reference to the claims

Reports on the Petition No. 1976 of 1850 from Nautoo Aranachella Moodelly Shotriemdar of attepur in Peddapollium Talook claiming remission

* Herewith returned

claims of the several Parties dependent on the nature of their tenure. The value of Petitioner's land so given up is entered on the Statement forwarded to Captain Bent at Rupees 222 13 as determined by the Tahsildar and the Villagers, and this it will be necessary to pay to the Mirasidars who claim it provided no reasons exist to question the correctness of the valuation. As regards however the compensation claimed by the Petitioner, his case will be disposed of on the receipt of Captain Best's reply conveying the sanction obtained through the proper Channel his (Petitioner's) claims having been considered in reference to the Amount the land is estimated to yield annually, and to the advantages he derives from the increased facility of transit afforded by the New Road which thus in a great measure enhances the value of his Shotrium.

To W. H. Bayley Esq^re
Secretary to the Board of Revenue
Fort St. George

Sir,

Bd No 300.
From the Coll^r of Trichinopoly

45

I have the honor to ac-
-knowledge the receipt of your letter dated
27th January 1851 calling on me to explain
with reference to my endorsement on Petition
No. 2115 of 1850 under what authority I pro-
-pose detaining the Petitioner in confinement—

* Zemindar returned

The endorsement in question
2. was given by me under the supposition,
hitherto I believe generally acted upon, that
advances

Fort St. George 13th February 1851

advances for Maramutt works as well as for cultivation are recoverable like arrears of public revenue under Regulation XXXVII of 1802 and Regulation I of 1826. I request to be informed if I am mistaken in this view as there are numerous public works in this District, besides mere repairs of tanks, such as river defences irrigating Channels, bridges, roads, &c. for which advances are made and it is essential that the law should be clearly known.

3. With respect to the Petitioner his petition shews that he was not confined but only placed under the surveillance of a peon while endeavours were being made to discover and attach his property and that of his surety. I should not have proceeded to imprison him without reporting the circumstance to the Board in conformity with the Regulations.

Trichinopoly, Collector's Office 1st February 1851. } (Signed) E. Mallby, Collector

No. 317.

Proceedings thereon.

45-46

The Board observe that the advances for Maramut works are

Fort St. George 13th February 1851

XXVII of 1802 / I 1806

are not recoverable under the Enactments quoted.

Resolved to pass the following Endorsement on Petition 2415 of 1850.

As it is the duty of the Collector to protect the interests of the Circar, the Board are of opinion that he was justified in placing the Petitioner under the surveillance of Peons, until satisfactory arrangements had been made for the discharge of the Circar demand.

To W. H. Rayley Esqre
Secretary to the Board of Revenue
Fort St. George

B.P. 203.
From the Collr. of Madura
Reporting upon Petition
No. 249 of 1850.

47

Sir,

With reference to your letter of the 23d Ultimo I have the honor to transmit translation of a Deposition taken from Cotee Joseyur relative to the claim to remission for Cocoanut plants which is the subject of Board Petition No. 2493 of 1850.

He

Fort St. George 13th February 1851

2

He supports the Statement of the Petitioner that the Zemindar desired him to plant 1000 young Cocoanut trees with a promise to remit 4 annas per tree in the rent, but it will be observed that he considered it implied in this verbal contract that the trees should be reared till they became "Orul" that is throw out some lateral leaves, to arrive at which 3 or 4 years would be necessary. He cannot remember the exact time at which the order was given—

3.

From the report of the Ameen it appears that the date of the order was August or September 1848, and that the claimant did not commence to plant the trees till December 1849, nor entirely complete the plantation till March or April, while his lease expired in July 1850 and was then given to another person. By this delay he put it out of his power to fulfil his implied contract of rearing the trees, and when the Head Sheristadar inspected them in October last those that survived were in a stunted unhealthy condition—

4

My calculation of 42 Rupees included,

FGH

with 1.

Fort St. George 13th February 1851

included as the Board observe, the value of the young plants and the expense of planting according to the Estimate of persons acquainted with this species of cultivation—

The Petitioner incurred the expense of watering &c. for only 6 Months not 18 Months as he asserts and as was reported by the Manager by an error corrected by the enclosures—

I laid stress upon the absence

5.

of a written Agreement not as discrediting that some order had been given by the Zemindar, but as leaving in doubt the precise terms of that order. According to the information of the persons questioned on the subject 4 annas per plant was a most exhorbitant remuneration for simply planting the trees—

6.

Cootee Joseyur calculates that 3 or 4 years would be required to bring the plants into the state entitling the Petitioner to the remission in his rent at the rate of 4 annas per plant. But as the Petitioner's Rent expired at the end of Fusly 1259, rather less than 2 years after the order was given, he

may

may argue that it was impossible that attention for more than that period could be implied in the contract, and although it is impossible that the Zemindar may have anticipated the continuance of this man's lease and the further care of the young trees yet there is no sure ground for such a conclusion—

7. The fairest mode of settling the question therefore will probably be to calculate the price of 1000 young plants and the expense of the planting and to deduct the total of these 2 Items from 250 Rupees the gross amount of stipulated remission and to consider the Balance as the estimated allowance for watering &c. for the 21 months intervening between the end of September 1848 and the 19th July 1850 where the lease terminated— This allows some time for planting— Then to allow for 671 young plants watered 6 Months at the rate per tree thus obtained—

8 I subjoin a calculation made on this data according to which the compensation to be made to Petitioner will

will be Rupees 77—14—10 and I request the instructions of the Court on the subject—

Plants

	Rs. a. p.	Rs. a. p.	Rs. a. p.
1000 at 4 Annas	250 . .	671 at 4 Annas	167 12 .
Deduct		Deduct	
Value of plants at 24 per Rupee	41 10 8 . .		28 . .
Expense of planting Rice at 4 per tree	20 13 4 / 62 8 .		14 . . / 42 . .
Balance allowance for care for 21 Months	187 8 .	care for 21 Months	125 12 .

The above remuneration gives a rate of $10\frac{18}{64}$ per tree for 6 Months at which the care of 671 trees for 6 Months 35 14 10

No. 25.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

(51)

Bd. No. 225.
From the Jr. Collector of Tinnevelly—
Submitting for the decision of the Board of Revenue a question respecting certain Tope Maniems appertaining to several Mosques in and near to the Cusbah Town of Tinnevelly.—

Sir,

I have the honor to submit for the decision of the Board of Revenue a doubtful question respecting certain Tope Maniems appertaining to several Mosques in and near to the Cusbah Town of Tinnevelly.—

2. The general question is whether the holders of the Tope Maniems on behalf of those Mosques have a right when the Trees have decayed or fallen or been otherwise removed to cultivate the land on which they used to stand with any kind of grain and particularly with paddy for the benefit of the Institutions to which the Topes appertained without payment of any tax to Government.—

3. The accompanying statement will show the several particulars of the case the history of which is concisely as follows.—

In

Fort St. George 13th. February 1851.-

4. In the time of Mr. Lushington the first Collector of this District it was decided after inquiry by that Gentleman that the Topes were not liable to the taxa-

+ Circular order to Tahsildar dated 27th. Nov.r 1802.

5. The Pymash Accounts of Fusly 1213 A.D. 1803/4. contain particulars of the Extent and Site of the several Topes attached to each Mosque, but no intimation as to whether the land or even the trees are Maneim or not. The trees however, have always been enjoyed free of taxa. A demand has occasionally been made upon them but in every instance subsequently remitted.-

6. The occupants of the topes not having replaced such trees as perished from time to time, open spaces have come into existence in various places, and many of these have been cultivated with paddy. Up to Fusly 1253 A.D. 1843/44. it was usual in such cases to assess the wet cultivation with but from Fusly 1254 A.D. 1844/45. it has become the practice to consider the land as absolute Maneim in all new cases of Cultivation made on the tope ground but

Fort St. George 13th. February 1851.-

but without extending the indulgence retrospectively to such spots as previously had been brought under cultivation and assessed with Teerwah the effect of which it will be seen was that, whereas down to Fusly 1254 A.D. 1844/45 only Ac. 8-15-5/8 were thus cultivated, in the succeeding five years Ac. 11-15-5 were added to the extent.-

7. These circumstances having been brought to my notice at the Jummabundy of Fusly 1259 in consequence of additional Tope land to the extent of Ac. 3-14-2 5/8 having that year been brought under cultivation, it appeared to me proper to refer the case for the decision of the Board of Revenue and in the mean time to order that the land newly cultivated in Fusly 1259 should be assessed equally with those portions brought under wet Cultivation prior to Fusly 1254, but that the spots exempted from taxation from Fusly 1254 to Fusly 1258 A.D. 1848/49. should remain unassessed pending the orders of the Board of Revenue.-

8. It appears to me that the

Fort St. George 13th February 1851.-

the topes having from time immemorial been enjoyed as Maniem by the several Mosques the land on which they grew should also be in fairness considered as tax free property of those Institutions; but considering that the wet cultivation made on failure of the trees is effected by means of water derived from Government works of irrigation, I think some tax ought to be demanded for the excess of water required for paddy cultivation above what used to be given to the topes.-

9. The topes consist principally of Cocoanut and Mangotrees on which the tax in the District is so high that the average number of such trees growing on a Seed Cottah of land would pay more tax to Government than the Revenue derived from a Seed Cottah of Paddy. I cannot therefore suggest the demand to be fixed at the difference between the rates for paddy and the worth of the Maniem topes. Neither have I any means of accurately ascertaining the Cost to Government of supplying water to these lands. But I believe it would not amount to more than one

Fort St. George 13th February 1851.-

one quarter of the full Assessment, and I would beg to recommend that that proportion should be fixed not only for the land last taken up but also on the portions brought under cultivation previous to Fusly 1254 and from that time to Fusly 1259.-

10. The present revenue realized on the S.C. 815-5 3/8 cultivated previous to Fusly 1254 averages Rupees 140-That Collected on the S.C. 3-14-2 7/8 of Cultivation first made last year amounts to Rupees 64-1-5. The demand on the S.C. 11-15-5 now enjoyed free would be about Rupees 200- one quarter of the total of these items would be little more than 100 Rupees and therefore less by nearly 40 Rupees than what has been collected previous to the last Jummahbundy. I do not think however that it is less than a fair Settlement and it seems likely if so moderate an Assessment be fixed that a great portion of the tope Maniem lands will ultimately come under cultivation.

Tinnevelly, Trichendoor, 23d January 1851.

No. 2.

No. 30.

To,
Sir H.C. Montgomery Bart
Chief Secretary to Govt.
Fort St. George-

Sir,

I have the honor to acknowledge the receipt of Petition+ No. 1831 of 1850, with the Endorsement of Government of the 15th. October last.-

+herewith returned

2. The complaints of the Petitioners are two-fold, the first refers to the "Modahully" Annicut in the Talook of Collegal, the Completion of which would involve a loss of Revenue to the Amount of Rupees 6,000 and upwards, at the time, the estimate was transmitted to the Board for the sanction of Government for the restoration of this Annicut, which was in ruins for the last 50 years or more, an increase of Revenue Amounting to Rupees 3,366-8-2. was anticipated, but the fact that it will affect the Cultivation in the Villages lower down the stream was unfortunately overlooked- the Complaints from

Fort St. George 13th February 1851.-

Villagers against the proposed work are numerous, the correctness of which was satisfactorily ascertained by myself and the Civil Engineer of the 7th Division after a personal and careful inspection of the locality in October 1849. For further information on this point, I would beg leave to refer Government to Major Cotton's Diary* for that month, and to my letter to the Board, Department of Public Works.-

3. With reference to the 2d point, alleged ill treatment, I would most unhesitatingly assert that it is utterly untrue; every enquiry has been made, and nothing of this kind has occurred: the Petitioners are all the relatives and friends of Kempagounden Basoovalinghe chetty and others, who are persons of litigious and troublesome characters in the District, setting all orders of the Talsildar at defiance, and throwing obstacles in the way of Cultivation of lands, and the recovery of the Government Revenue; they are rich and influential in addition to which they profess to be heads of "Caste" which affords them means of exaction from

* 27th Octr 1849.
5th Decr 1849.
No 182.

Fort St. George 13th February 1851.-

from Ryots. On a previous occasion they were suspected of having been concerned in numerous Gang Robberies perpetrated in Mysore, but escaped conviction from want of proof, they are authors and instigators of the several Complaints which have too often been preferred to Government and the Board by the Ryots of Coligal and for which no real cause exists, their sole view being to forward the objectionable works referred to, which if permitted would benefit <u>them only</u>, to the great loss of many other respectable Ryots.

Vide Letter from Supt of Salt & grand Division dated 12th April 1848 No 146.

4. In conclusion I venture to assure the Government that it is my earnest and constant endeavour to prevent all oppression from the local Officers or others, to hear personally all such Complaints and give them early redress, and in this especial case, particularly, I accompanied the Civil Engineer, a distance of 90 Miles, to the Extremity of the District and a locality seldom visited mainly for the personal inspection and settlement of this Annicut the removal of which the Civil Engineer found absolutely necessary- as regarded existing interests of others, a fair division to all, with the safety of the Government Revenue and the nature of the ground in all which points, after a careful and prolonged enquiry I entirely concurred, the Petition is in fact

a

From the Collr. of Canara -
Submits for the Consideration of the Board Copy of a letter from Lt. Walker with a plan relative to the question of removing the Salt Establishment from Ocpinputnam to Devamunnay road called for in the Board's Proceedings of the 24th October last

Sir,

Para 1

In Para 13 of the Proceedings of the Board of Revenue under date the 24th October last I am requested to take into consideration the question of removing the Salt Establishment from it's present site at Ocpinputtinam to the high Devamunnay road in the neighbourhood of the Deogah ferry.

2. My first impression was that the change would be advantageous, but my recollection of the crowded state in which I found the road at the ferry from the number of bullocks detained there by the difficulty of crossing a broad river led me to doubt whether our object should not now be rather to divide the trade than to Concentrate it upon one spot. To bullock drivers a deviation of a few miles, bears no comparison with the inconveniences of a site exhausted of all pasture

In

Fort St. George 13th February 1851.

3. In answer to a request to the Assistant Civil Engineer for his opinion Mr Walker has favored me with the annexed very clear Statement* and Plan, and I so completely concur in the opinion with Mr Walker that it is only necessary for me to lay them before the Board.

*Dated 3d January 1851

4 The Board will observe that Mr Walker proposes that the Salt Kothis be removed to a site within a short distance from Cattigal which has the advantage of being within a quarter of a mile of the main road, being nearer to the place of manufacture, at the mouth of a navigable creek, with good pasture at hand and easily made accessible by Carts. It affords to those frequenting the Kothies all the advantages of the Devanumnay Ghat without increasing the press at the ferry. It obviates the necessity for a difficult road to Coopumputnam and an expensive bridge.

5 These advantages are so great that with reference to my letter of the 9th September last, in which I pointed out that it is desirable to increase these Kothies so as to be able at any period to relieve the Kothies at the place of manufacture, I shall at once submit this

Fort St. George 13th February 1851

the Civil Engineer for the approval of the Board, Estimates for the construction of three Kothies at this site, calculated to hold 300 Garce together with a Cutcherry, upon the completion of which the Establishment may be gradually removed from Coopumputnam.

Collectors' Cutcherry,
Mangalore,
24th January, 1851.

No 2

F. N. Maltby Esq^re
Collector of Canara.

Sir,

I have deferred addressing you on the subject of your letter of the 6th December last, and the enclosed Extract from the Proceedings of the Board of Revenue under date the 26th October, in order to afford myself time and opportunity of coming to a correct decision. I now beg to submit for your consideration the reasons which induce me to deprecate very strongly the removal of the Salt Depôt from Coopumputnam to the Dewga Ferry, on which you have requested my opinion.

The Tuddry River, as you are aware, is influenced by the tide, and navigable by Boats

Fort St George 13th February 1851

Boats of considerable Size, as far as Cupini-
putnam. To that place accordingly a vast
amount of the miscellaneous traffic of the
Devanunnay Road is brought down on Bullocks
which being there relieved of their loads by
Boats, are thereby enabled to lay in return
loads of Salt, without going one step out
of their way, and to the saving of upwards
of 14 Miles of journing on which the Juddry
River has to be crossed and recrossed at a point
where it is not less than 1,000 feet wide, and
of great depth. Leaving out of the calcula-
tion the vast number of Cotton Bullocks
as they rarely if ever load with Salt on their
return trip I am convinced from actual ob-
servation that by far the greater number of
the Cattle on this line of Road have Cupini-
putnam instead of Coomptah for their
destination

This applies more especially to the
poorer description of Cattle owned by Lumbadies
or Brinjarries. These again depend entirely
upon that they can pick up on the
hills and jungles adjacent to the Road-
side, for their subsistence, not receiving any

Fort St George 13th February 1851

forage whatever from their owners. They cannot
consequently be halted except where Grass
and Water are freely to be obtained. Within 3
Miles of Dewgah Ferry the country is unusually
barren of these essentials, as the Juddry water
at that point is quite Salt, and there is
no Nullah, Well, or Spring of adequate size
at hand, and the high ground adjoining is one
vast Mass of Laterite Rock devoid of herbage or
any but the scantiest jungle.

The evils of this state of
things press very severely on the Cattle bound for
Coomptah and necessarily compelled to halt
up at Dewgah Ferry, where as you yourself have
ascertained, if the Contractors neglect their work,
3 and 4 days delay is no unusual occurrence.
Is it not therefore great advantage to have
the Salt Depots in a totally distinct site
from the Ferry, were it only to diminish the
press at the latter point?

Again, as contrasted with
Dewgah, the facilities for procuring Forage
abound at Cupiniputnam; above it flows a splendid
stream of the finest water, bordered on each side
by

by jungle hills, unenclosed, and covered with pasture- One place in the Neighbourhood, Shiroomy, is especially frequented by the Cattle of the Lumbadies who are comparatively indifferent to a little delay, should any arise in the sale of Salt while their beasts are well employed in refitting for the home trip-

Not only however on account of those Bullockmen who go no further than Coimpetore, is it advisable not to remove the Salt a Depot to Dewgah, those even who go on to the Ferry object less to moving a little distance out of their way for Salt on their return trip, than to any detention at Dew-gah, for the reasons abovementioned regarding Forage

But although Coimpetuam is the proper locality for the Salt Depot of the Devamunnay Line of Road, the actual site of the present Kotties is very objectionable and in proposing their removal I think I shall be fully borne out by a reference to the accompanying Sketch- It shews 2 tracks from the new road at Kuttegaul to Coimpetuam; the shorter and easier of them is practicable only when the tide is ebbing at the flood, the circuitous line

line must per force be adopted. By either route the Salt Kotties are at present inaccessible to Carts- The nearer line cannot be converted into a Cart Road without bridging the Soonday Nullah, a work which would cost more than double the price of new Kotties- the longer line might do without a Bridge during the dry weather, but running as it does along the River side many feet under water during the monsoon, and through difficult ground, its reconstruction would be costly- In fact the cheapest as well as the most satisfactory plan would be to rebuild the Kotties in some eligible site, north of the Soonday Nullah- Such a site I have found it is marked A in the sketch, is only a quarter of a mile from the main Road and embraces a good frontage on deep water for the purposes of traffic backed up by high ground above the reach of inundations, whereon if new Kotties be constructed the cost of conveying the Salt from the Boats into store will at once fall from 10 annas per Garce to less than half that amount. Further back a large area

of

of waste ground where thousands of Bullocks may encamp is Government land, leaving to be purchased or rented, a portion roughly measured at 150 yards in length by an average width of 60 yards.

The 3 Hotties at present existing at Ospinpulnam contain 240 Garce of Salt; it is supposed that they may be sufficiently replaced by 3 new ones of 100 Garce each. These will cost on the new plan about Rupees 2,000, to which Rupees 100 being added for the land, and Rupees 250 for a branch Road and for sloping the River bank, a total of only Rupees 2,350, represents the whole cost of the alteration proposed; a cost most insignificant as compared with the benefits which the change will confer, and which will be made up in ten years by the mere saving in Carriage of Salt from the Boats to the new Hotties.

I cannot dismiss this subject without alluding to a kindred one Viz.t the supply of Salt on the Road from Coomptah to the Arbyle Ghaut. Sanecutta is the place whence the bulk of it is drawn but

but it is miles off the road except for the very few bullocks that go to Tuddry Port. Burgny, where 1 Hotty of manufacture and sale is established, is not more than a mile off the Line, but is barely accessible even to Bullocks from it's swampy situation. I am convinced that the removal of this last mentioned depôt to Goondabully, on the Gungawully River, 12 Miles North East of Meerjan would be a vast boon to the traders of the Arbyle Line. To increase of establishment would be involved but merely a transfer of that already at Burgny. The money sanctioned for an additional Hotty at Anhola, which is now thought to be superfluous, might be expended at Goondabully with telling effect. This addition to the conveniences of the Arbyle Road could not be conferred upon it at a better period than the present when it's improved state is beginning to be appreciated and it would assist much in keeping up its efficiency as an Auxiliary to

2257 Fort St. George 13th February 1851

to the main Line by Devamunny

Devamunny
3d January 1851.

Signed G. W. Walker Lieut.
1st Ass.t Civil Engineer
In charge 3d Division

Extract from the Diary of Lieutenant G. W. Walker 1st Assistant Civil Engineer 3d Division for the Month of January 1851.

I have lately become aware of, and seize this opportunity of remarking on a practice which I believe has had its origin only in this season; and which I consider most arbitrary and unjustifiable on the part of the Contractors for the Dewgah Ferry. On every load brought down the Devamunny Ghaut and embarked at Catinputnam, taken down the River to Munity and there landed at the Sirkar landing place (the only one available) a tax equal in amount to the boat hire itself is levied, on the pretext of interference with the rights of the Ferry Contractors. It may be that the Munity landing place is too confined for the traffic and that the goods brought down in boats encumber

ground

2258 Fort St. George 13th February 1851.

ground not one with too extensive to accommodate what is crossed over at the Ferry alone, but that is the fault of the Sircar for not providing more ground and a great misfortune to owners of goods and boat people. These latter have an undoubted right to land on the public road goods which they have been from time immemorial in the habit of bringing down by a circuitous water track where a Devamunny new Road and Dewgah did not exist.

I believe this has been represented as a new matter, and complaints made against the Boat People on the Juddry as starting an opposition to the Ferry on ruinously cheap terms in order to beat down the Contract in a future Year. Whereas it is nothing more than a legitimate competition on the part of men for years accustomed to drive a thriving trade, much of which has of late years escaped their hands through the opening of the new approach to Compta. Were the landing place at Munity the private property of the Ferry Contractors purchased by them to facilitate the traffic; their right to wharfage

2259 Fort St George 13th February 1851.

wharfage would hold good; but sanction of the present claim would only open a way to the grossest abuses and afford the worst of precedents. Boats coming down any River and landing Cargoes at any existing wharf or would be immediately put under Contribution by the Ferry Contractors making use of the same wharf

To, W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St George.

(57)

B.d No. 308.

From the Collr of Canara. - Submitting explanation called for in the Board's Proc: of the 4th January last in regard to the proposition for allowing the Cultivation of certain land with Coomery for 14 Years free of Assessment.

Sir,

1. I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue dated the 4th January 1851 requesting explanation as to what is meant by the proposition submitted to the Board for allowing the Cultivation of certain land with Coomery for 14 years free of Assessment.-

2. I beg to explain that the object of the application is that approved by the Board, Viz.t to encourage the destruction of the Jungle altogether and to lead to the permanent occupation of the land.-

3. The System of Cultivation called Coomery is generally such as the Board describe; the land is cleared, cultivated and abandoned, but in many instances the cultivation is more permanent, the

Fort St. George 13th February 1851.-

the land has been converted into fields cultivat
=ed almost yearly, but it is still entered
as Coomery. Such is the case round e
Karkal, and Ibeline in many parts of the
Balaghat. The name usually given to
dry cultivation in the District is "Hukal"
but the term "Coomery" is in many instances
retained.

4. The object of the application
is to encourage the clearing of Jungle by the pro:
=cess called Coomery and to lead to it's per:
=manent occupancy by exempting it from all

Collector.-

Order thereon.-

Ordered that the foregoing
letter and the previous Correspondence on the
subject be submitted with the following
address.-

No. 75.

To The Chief Secretary
to
Government.

Sir,

I am directed by the Board
of Revenue to submit for the orders
of Government the accompanying
papers on the subject of Coomary
Cultivation in Canara,

57-58

Bd No. 323.

To the Chief Secretary to Government. 1.

Submitting a correspondence with the Collector of Canara relative to the Cultivation of certain Jungle land

From Collector 4th Jan 27th January 1851.
Proceedings 24th do
From Collector 1st Jan 13th February -"-

Fort St. George 13th February 1851.-

land on the sites of the roark from Yellapoor to Mundgode with Coomery and recom:
=mending that he be authorized to grant the land in question rent free for a term of 14 years.-

2. In the first of these communications Mr. Maltby advocated the extension of the indulgence that is now granted for clearings of Jungle on the Sircy and Dharwar road to the new line of road from Yellapoor to Man:
=golgode and recommends that the privilege of holding the land free of Assessment for seven years may be enlarged to double that period.

3. The Sub Collector Mr. Silver has in his Jummabundy report now before Government pointed out ad:
=vantages that have resulted from allowing the Jungle on each side of the Dharwar and Sircy line of road to be cleared, and the Board consider that such clearances are most desirable for the protection of passengers and the encourage:
=ment of traffic. They were however doubtful whether

whether the system of clearing the land by means of Coomery Cultivation, as the term was generally understood, might not be merely a partial benefit leading perhaps to a greater growth of underwood for the future.

Mr. Maltby explains in his letter of the 1st February last, that while the land taken up for Coomery is generally abandoned after 2 or 3 years, yet in many instance the Cultivation is more permanent, and the land has been converted into fields and cultivated yearly, though still entered as Coomery. Under the belief that a compliance with the present Application will encourage the destruction of Jungle and lead to the

the permanent occupancy of the land by exempting it from all assessment for 14 years, the Board beg to recommend that the request of the Collector may receive the Sanction of Government.

Order thereon—
(Vide Rec. to Govt. 17th February 1851)

61-62

Ordered to lie over.—

To

Fort St. George 13th February 1851

Read the following

No. 9.

61

To

W. H. Bayley Esqre
Secretary to the
Board of Revenue

Jr. No. 286

From Collector of Madras.

Sir,

Affording explanations respecting the decrease observed by the Board in the Abkary Collections from 12th July to 31st December 1850.

I have the honor to acknowledge the receipt of an Extract from the Boards Proceedings of the 27th Ulteno calling for explanation respecting the falling off in the Abkarry Collections of this District from the 12th July to the 31st December 1850.—

2. On the 8th July of the past year I had the honor to submit a report on the Settlement of the Abkarry Revenue of my Collectorate for the current Fusly which received the confirmation of the Board on the 11th of the same month.—

3 The results of that Settlement will be seen more clearly from the following Statement:—

Anack

Arrack	Fusly 1259 Rp a ℔	Fusly 1260 Rp a ℔	Increase Rp a ℔	Decrease Rp a ℔
1 Colombo	160,510 12 5	160,354 10 3	" " "	156 2 2
2 Putta	207,658 1 5	191,985 11 8	" " "	15672 5 9
Toddy	231,257 14 8	235,000 " "	3742 1 4	" " "
	599,426 12 6	587,340 5 11	3742 1 4	15,828 7 11
		Nt Decrease		12,086 6 7

4 It will thus be observed that the Settlement for the current Fusly fixed at Rp 587,340: 5: 11 was below that of the preceding year by Rp 12,086 6: 7 which decrease would have been larger had not the dawle of the Toddy revenue shown a slight improvement in comparison with the past season.

5 The deficiency occuring chiefly

chiefly in the Putta Arrack revenue both within and without the limits of the Supreme Court amounting to Rp 15,672: 5: 9 was accounted for by the facilities with which European Spirits are sold illicitly both by Licensed and Unlicenced venders, the removal of a large portion of the troops in the contonments of St. Thomas Mount and Palavenam, and the loss which the cultivators of the soil in the villages beyond the limits of the Supreme Court have been subjected to from continued adversity in the seasons.

6 The contraction of the Dawle for the current Fusly has necessarily produced a corresponding difference in the collections and the same causes existing up to the present time

2276 Fort St. George 13th February 1851.

time the efforts of this office towards improvement have not hitherto met with success.

It is however, necessary for me to advert to the fact that this fall in the collection of the present year is not of a nature to create any alarm as to the permanent deterioration of this branch of the revenue, as a glance at the figures in the margin will convince the Board that the collections of the current Fusly are likely to be equal to the average for the last ten years, and that the deficiency under notice is but an ordinary fluctuation consequent on bad seasons.

Collections from the 12th July to the 11th January being six months

B No. 324

To the Chief Secretary to Government

Submitting with reference to the order of Government on Petition No. 2115 of 1850 a report from the Collector of Tanjore on the subject of the claim of Petitioner I. Nyanady Sastry, Enamdar of Bhacrapett in the Budwail Taluk to certain Enam belonging to his father.

Sir

I am directed by the Board of Revenue to acknowledge the receipt of the Endorsement dated 30th November 1850 on Petition 2115 of 1850 calling for a report on the claims of I. Nyanady Sastry, Enamdar of Bhacrapett in the Budwail Taluk of Tanjore to the Enam belonging to his father of Tanjore, to the Enam belonging to his father of Tanjore, to the Enam belonging to his father of Tanjore,

Fort St George 13th February 1851.

grandson of Jonnalagudda Kristnumbhutlos entered in the Enamity and Tarwary Accounts, and that a document was executed permitting the father of Nundala Ramanunnak to hold the land until claimed by the proper owner but no document is forthcoming.

4. On the other hand Nundalah Ramunnah affirms that his own father obtained the Enam in gift from Jonnalagudda Kristnambutlos, Petitioner's Grandfather, but produces neither documents nor Witnesses to substantiate this assertion.

5. The Board of Revenue are of opinion that the fact of the Petitioner being the Grandson of the original Enamdar does not seem a sufficient reason to dispossess Nundala Rammunnah in whose family the Petitioner's Two Witnesses admit that the Enam has been enjoyed for 28 years.

Revenue Board Office

Resolved that the following Proceedings be despatched.

Read Endorsement of the Acting Collector of Tinnevelly dated the 23d January 1851 on Petition No 2366 of 1850.

Ordered

Fort St George 13th February 1851.

69 Proceedings thereon.

Ordered that the following Endorsement be passed on Petition No 2366 of 1850.

"It would appear that in 1847 an investigation was made into the dispute between Petitioner and Ringanatha Pillay and that it was decided by the Acting Collector Mr Elton that Petitioner was entitled only to the Mailwarum on the land in question and that Ringanatha Pillay should be left in undisturbed enjoyment of the Coodewarum.

"Petitioner's object in seeking redress through the Civil Court being to make good his claim to the Coodewarum, the Board of Revenue will not object to his taking this step."

Read the undermentioned lists.

70 From the Acting Principal Collector of Coimbatore ... List of letters addressed to the Board and remaining unanswered upto 31st December 1850.

From the Acting Principal Collector of Coimbatore ... List of letters received from the Board and remaining unanswered upto 31st December 1850.

71-72 Order on the 2 above lists. Ordered to be recorded.

From the Acting Collector of South Arcot ... Read Register of Endorsements passed by him on Petitions referred by the Board for the month of January last.

73-74 Order thereon. Ordered to be lodged in the Office.

Read the undermentioned Statements.

75 From the Collector of South Arcot ... Comparative Statement shewing the Quantity of Salt sold for Home and Inland consumption for the Quarter ending 31st January last.

From

Fort St. George 13th February 1851

The one Roddum Soobiah brother of and Copartner with and of the same undivided family of Roddum Chetty: biah the former security is security for Ram Chetty as Darogah, but (according to the terms of the Bond, the form of which I transmitted in my first letter) also for Ram chetty while holding this appointment or any other appointment from Govern: ment. And the terms of the Bond are to the effect that the security would make good any sum of money embezzled by the Darogah out of the collections & that the security would be answerable for his good conduct &c. The other security is Doo: dykee Danapah who stands security for Ram chetty as Vender of Stamps the terms of his security Bond are precisely the same: 16. It is impossible I think to disconnect the two securities the party in his capacity of Darogah and Vender being one and the same. The Darogah is responsi: ble for the Venders accounts & and if he supplies paper to him with

Fort St. George 13th February 1851.

with the view of embezzling the money and does himself embezzle it the Darogah's security must be called on as well as the Venders security to make good the Loss. The two offices being under one and the same individual and being moreover so when the sureties became such the sureties are jointly liable. On this ground I trust the Board will approve as indeed they have authorized in their letter of 25th January of my proceeding against them.

17 But an objection raised by the Securities is that they have only lately become surety for Ram: chetty and that they cannot be call: led upon for defalcations made previous to their being surety - This claim to exemption can not hold good - They are surety for all that may appear against the defaulter whenever that defalcation is found out - and there is no proviso in the Bond which would exempt them -

:* Note
Roddum Soo: biah became surety on 20th December 1850
Doodgee Danapah on the 20th Octr 1850

With

18 With respect to one of them Rodum Soobiah he cannot on any such plea escape his responsibility. He is the brother of Chetumbiah who was secured in 1846 until his death in November 1850 when he became surety in the place of his deceased brother. The brothers were members of an undivided family and partners of a large mercantile firm of which Chetumbiah was and Soobiah now is the head.

19 I have therefore to request the Board will confirm the proceedings against the securities.

20. The securities unitedly are quite competent to make good the demand against them, but they are opposing me in every way they can, and I have been very reluctantly compelled to issue my warrant for restraining their property. because they refuse to produce the sum demanded or any property equivalent thereto. They have been told that they must abide by the consequences and informed that they could not possibly suffer any

any loss by depositing the sum demanded or property equivalent to it, pending any appeal they might please to make to the Board in the usual manner; but they appear to listen rather to the advice of some Vakeel then to abide by my orders pending an appeal and no argument of mine is of any avail.

21. I have throughout had before me the provisions of Regulation IX. of 1822, Regulation I of 1826, and Regulation XXVII of 1802, and Act XII of 1850, in conducting this enquiry. But such proceedings are so rare in Bellary and it is so new a thing for a Collector to be even threatened with a suit in Court, that I trust

Fort St. George 13th February 185

trust I may apply to the Bo
for full instructions and
counsel to guide me in
bringing this unfortunate
matter to a satisfactory
conclusion. —

Trusting to write
tomorrow on the subject of
the 2d Para of your letter
of 25th January which the
Board will perhaps agree
with me should be kept
quite distinct from the
matter of this letter.

Bellary,
Collector's Office,
4th February, 1851.

(Signed) C. Pelly
Collector

D.G.

Fort St. George 13th February 1851.

No. 1

Translation of a Summary Decree passed by Mr. Pelly Collector of Bellary under the provisions of Regulation IX of 1827, in the case of embezzlement of Public Money, being the value of Government Stamp papers, by Ramsetty appointed as Stamp Darogah, and Vender of Stamps at the Cutcherry Bellary and to the Civil Courts of Bellary."

Seetaramsetty, the brother of Krishtamasetty Head Shroff of the Hoozoor Treasury held the appointment of Stamp Vender of Bellary till the Month of May 1838, when he relinquished that Office, an Urzee was addressed to the Principal Collector Mr. Robertson on the 13th May 1838 by Appajapah, the then Hoozoor Cash Keeper and Stamp Darogah soliciting that Ramsetty son of Krishtamasetty might be appointed to the Office of Stamp Vender in consideration of Krishtamasetty's Salary having been lately reduced 10 Rupees the said Gentleman took the

the matter into consideration and issued an order No. 34, dated 11th June 1838 to the Darogah and the said Ramsetty was appointed to the Office of Stamp Vender on the 16th June 1838 from which time the said Ramsetty continued to sell Stamps to the Merchants of Bellary and to the Civil Courts living with Krishtamasetty as a member of an undivided family.

2 In the year 1841 the said Ramsetty purchased for 40 Rupees the 1st Class Ticket No 45 of the Government Lottery No. 68, which turned up a prize of (20,000) Twenty thousand Rupees. The Collector Mr. Mellor issued a Purwana No. 679 dated 20th April 1841 to the Cash Keeper to pay the sum to the person who brought this Ticket to the Treasury. The Head Shroff Krishtamasetty presented this Ticket No 45 to the Cash Keeper and received the above sum and thereby became a man of wealth.

3

A separate person had been appointed to the office of Stamp & Darogah for some time during Mr. Mellor's administration who was remunerated at a stated commission until this appointment was given to the Stamp Vender & Ramsetty on the 1st April 1840 who from that time discharged the duties of both the Offices; and it has since been ascertained that he also carried on trade and money transactions.

4 From the above circumstances it appears that Krishtamasetty became possessed of all Ramsetty's acquirements and Krishtamahsetty on two occasions subsequent to Ramsetty's death by Suicide Committed because he had embezzled the Money realized on the sale of Stamps, admitted to me and caused Statements to be written conventing to be answerable for the embezzlements made by Ramsetty and offered to make the same good. He is the person & therefore

therefore to be held responsible in the first instance.

5 The following are the particulars of the Malzamen and Hazirzameen securities tendered during Ramsetty's life time.

See Act XII of 1850.

1. Cheedala Venkatachellum a relative of Krishtamasetty became surety for Ramsetty as Stamp Vender and executed a security Bond on the 22nd September 1847, on Stampt paper. this security failing one Doodegee Danapah a merchant of Bellary executed a document to the same effect on unstampt paper on 20th October 1850 before the Sahsildar, and the Sahsildar reported that the said Doodegee Danapah was a wealthy man, and the security Bond was accordingly executed afresh on Stampt paper on the 29th November 1850.

2. Bodhum Chedumberapah a very wealthy merchant of Bellary and

and a relative of Krishtamasetty executed a Security Bond on Stampt Paper on the 19th May 1850 as security for Ramsetty for the office of Stamp Darogah - the said Bodhum Chedumberapah having demised on the 30th November 1850, his own undivided brother living in the same house. Bodhum Soobbiah took up the security in his place and executed a Security Bond first on unstampt paper on the 21st December 1850, and on the 1st January executed it on Stampt Paper.

Altho' these individuals executed distinct documents for the different offices, yet as it is the duty of the Darogah to report to me the grands that the Stamp Vender may be guilty of and as that was not done by him he became responsible, and as the Darogah took and sold the papers that

were

22853

For 1st Sessions 13th February 1851.

76 From the Collector of Madura. Comparative Statement shewing the quantity of Salt sold for Home and Inland consumption for the Quarter ending 31st January last.
