Fort St. George

Sir,

Bd. No 3214

From the Collr of Malabar

I have the honor to submit my Report on the Land Revenue Settlement of Malabar for Fasly 1259

Reporting on the Land Revenue Settlement of this District for Fasly 1259. A. D. 1849/50 accompanied by the usual Statements & Recapitulation of the Heads of Revenue, compared with the Settlement of the previous year, shews the following abstract results

Season and its effect upon cultivation and produce.

2. The South West Monsoon set in rather late, viz.ˢ on the 29th May 1849.

Quantity of Rain fallen from April to November 1849 — 107 Inches
1848 — 78 "
Excess in 1849 — 29 "

The falls of rain were sufficiently favorable for the Nunjah, and duly so for the Punjah or upland cultivation, as will be shewn hereafter.

3 The cultivation of the first and second Fasl crops fairly made up the deficiency of 30 per Cent which occurred in Fasly 1258. This had however the effect of causing a trifling reduction of 3 per Cent in the Sicca rate which prevailed in the previous year.

Vide Para 3 of Report dated 16th Nov.r 1849

4 The effect of the bad season upon Trees noticed in the 4th Para of my last Report, was more or less, generally felt. The Produce was much below the average the more hardy too was rather dull till about the middle of the trading season, when a renewed demand for C.b caused an improvement in the prices of the produce of Cocoanuts. Great exports in 1849 will be carried

carried away in 1258, the result is.

Cocoanuts — decrease — Rs. — 20,100.
Kernels. — Do. — " — 25,200.
45,300.
Cocoanut Oil — Increase — " — 99,360.

It is, however, to be borne in mind that the exportation in 1258 of the two first articles was unusually great.

Vide Para 1 of the Report for 1258.

5. By the Abstract inserted in the 1st Para of this Report, it will be seen that the Settlement of the year under review falls short of the month of the previous Fasly by Rupees 4483-2-10, chiefly arising from the Punjah or Upland cultivation, for the Nunjah Lands exhibit an increase of Rupees 7903-1-10.

Nunjah or Wet Lands Rs. 7903-1-10

6. The aggregate amount added to the demand of 1258 was Rupees 1115 — †

† Vide Col. 33 of Statement No. 2.

* Col. 25.

13-9. Of this Rupees 8431-2-5 was * on account of Remissions of the last and former years. The residue, Rupees 2724-13-4, were new additions. In the latter Class are comprized a sum of Rupees 94-5-8 on account of Trees cut down, which seems to call for particular explanation.

6

... the assessment that upwards
of 45 years ago Remissions, in some cases
to the extent of 1/2 in others 5/8 of the amount
assessable on the lands, were granted for
several plots of lands situated near the
Hills, and in disadvantageous neighbour-
hoods, especially about Colongode, in the
Venalpoorum Taluk, in consequence of some
of them being, at the time, waste and others
only partially cultivated owing to the ravages
constantly committed by Wild Elephants &c.
For many years the Remissions so
granted were borne in the account but
subsequently they were left out of record and
lost sight of.

The subject attracted the attention
of my Head Assistant Mr Robinson, who
after elaborious enquiry, in which he was
assisted by the Second Sheristedar resumed
the amount above specified, the changed
State of the Country having for some time past
brought the lands into full cultivation, and
rendered the continuance of the indulgence no longer
necessary. There are still some more lands of this
description which are scattered about in Six
different Hamlets in Mr Robinson's division, the
enquiry respecting whom will be proceeded with during the
Current year's Jummabundy.

Total Remissions Rupees — 3257. 11. 11

The foregoing deductions which in the aggregate fall short of the concessions made in 1858 by Rupees 7787. 7. being of an ordinary and authorized nature, it is unnecessary

necessary to enter into any explanation touching thereon.

Ponjah or Dry Cultivation Decrease Rs. 11381-9-3.

9. The extent of Lands taken up in 1259 for the cultivation of the three kinds of dry grain enumerated in the Marginal abstract, was much more than the quantity therein exhibited, but a want of Rain at seed time and an excess just after the seeds commenced to sprout, forced the abandonment of several tracts. The unpropitious season, so far as it applies to this species of cultivation, also affected the produce of what was retained. It was far below the Standard

Standard quantity. Three causes account for the unfavorable result apparent under this head.

Gardens. Net Decrease Rs. 987-9-7.

10. Although the difference observable in this branch of Land Revenue is inconsiderable, I may as well state that there was an increase of Rs. 2,287-13-2, the whole of which was however absorbed by the Remissions which it was found necessary to grant on the following grounds.

See Col: 46 to 53 of Statement No. 1.

1 Further portion of the annual Remission granted to Hulsully Ram Menon	41-14-5
2 Remissions allowed in 1259 in consideration of the deteriorated state of the Gardens, and the low circumstances of the Ryots to whom they belong	2363--1

Total Rupees	3275 6 9

Cochin Decrease Rs. 17-1-10.

11. This difference is too trifling to need particular remark.

The

Current Collection - 12

The gross demand was as shewn in Para 1 of this Report, Rs 16,42,176-2-. out of which Rs 16,21,133-4-8- was collected within the Fusly, leaving a Balance of Rs 21,042-13-4- outstanding at its close. Rs 9,326-12-8- has however been realized since the commencement of the present year: the residue amounting to Rs 11,716-...-8- is due as follows.

The per centage of the total charges, exclusive of Mali Kawa and Pensions, upon the total Gross Revenue is Rs 17-15-6 and inclusive of them Rs 34-7-3-

Outstanding Balance - 15. By the accompanying Statement No 23, the Board will perceive that at the commencement of Fusly 1259, the arrears remaining uncollected were Rupees 10,122-9-10. Of this, Rupees 4,280-5-4 was realized in the course of the year Rupees 137-14-11 was written off, under the sanction of Government dated 27th June last, leaving still an outstanding of Rs 11,704-5-7 +

+ of this Rs 1000-11- is due by the Bearer of Cannandoe for 1258-

A scrutiny into the Kolvar accounts has satisfied me that Rs 11141-9-7 is recoverable - Rs 173-4- doubtful and Rs 389-8- irrecoverable. I beg to recommend that the latter sum be written off to Profit and loss - it forms part of the demand of the undermentioned Fusles.

Waste Lands - 16 By the accompanying Statement
No 24 the Board will perceive that during the late Fusly, 126 bowles were ifened for 137½ bawnies of immemorial wastes, which were taken up for Rice cultivation. The revenue expected from these lands is estimated at Rs 1029-9-2.

17 Irrespective of the above,
See Statement No 25 arrangements have been entered into for forming 1244¾ bawnies of waste Lands into 586 separate Gardens, capable of holding 101768 Cocoanut Trees - 13579 Betelnut Trees, and 5373 Jack Trees - and the Returns received from the different Talooks shew that during the last season 67,800 Cocoanut, 8500 Betelnut, and 8400 Jack Trees were planted in lieu of the old Trees which had gone to ruin, from age and other causes.

18 I shall now proceed to offer the explanations which seem to be called for by the remarks recorded by the Board in reviewing my Report for 1258.

Proceedings 6th June 1850 Para 7. I regret to have not been more explicit when I treated about the Settlement of the Lands belonging to

Fort St George 14th April 1851

to the Bremasoom Devasoom in the Hootnaad Talook. This Institution possesses lands not only in the Talook just mentioned, but in the adjoining one of Betutnaad. The increase of Rupees 96-7-7 adverted to in the 7th Para of my

16 November 1849. Report stands thus.

and the decrease of Rupees 242-14-10. in Hootnaad alone. These Items are however blended with others of the same nature, set opposite the two Talooks in Column 26 of Statement No 1 and Column 9 of Statement No 21 respectively.

Para 16 to 19. Proceedings.

19 In these Paras, the Board animadvert upon the discrepancies apparent in Statement No 25 of 1258. There seems to have been some misconception in making up this account according to the new form, received with the Board's Proceedings of May 8. 1848. for instance, the entries in Columns 2. to 6 were not affirmed as the demand for 1258, but as the result

and paras 2 & 3 of the Sub Collector's Report, it may only be necessary to state that Mr Chatfield's observations embrace the entire Cultivation of the Talook of Wynaad, whereas the number of 261 Ryots with an assessment of Rupees 2,999-8-7 entered in the Rent Roll above alluded to, apply entirely to the Government lands.

Para: 21. 22 The Board's instructions respecting the arrangements of the Items credited under the Head of Savoy Jumma will be carried into effect in the Current Fusly (1260). They would have been attended to in 1259, but that the Proceedings on the subject were received after eleven months of the Fusly had elapsed by, and the Items noticed by the Board had been credited in the Demand Collection and Balance Statement and other accounts forwarded to the Presidency under the old System. It may however be necessary to observe that the Penalties levied on unstamped

Deeds

Deeds, "Value of Stamp Paper received", and some other Items are credited under the Head of Extra Revenue in conformity with instructions received from the Accountant General. It seems also doubtfull whether the Proceeds sale of Jungle wood cut from the Government Forests, could be added to the Demand on account of Land Revenue. It is not a fixed, but fluctuating item of Revenue, and as such it has hitherto been classed under the Head of 'Extra Revenue'. I beg therefore to be favored with the Board's further order on the subject.

23 Referring to the latter part of Para 21. I beg to state that the arrangement and Copying of the old survey accounts is not yet completed, but more than half has been done.

I beg to enclose copy No 27. of the Sub Collector's Report of the Settlement of the Talooks under his charge.

Adverting

Fort St. George 17th April 1851

24 Adverting to the Board's Circular dated the 13th June last, I beg to state that the Statement therein required to be furnished is not transmitted in consequence of there being no Sugar Cane Plantation in Malabar.

25 The instructions conveyed in the Board's Proceedings dated the 22nd November 1849 were duly attended to in making the Settlement of this District for the Fasly now reported on.

26 With reference to the Circular under date the 28th August 1849, I have the honor to

Fort St. George 17th April 1851.

to state, that the Revenue and Police servants in this District have furnished Accounts of their landed Property. Some of them however not containing sufficient information, have been returned for amendment.

Calicut, 8th November 1850.

Collector.

Although the period of exemption from Peishcush dates from the Fusly in which the Trees in question were planted, yet as the Proprietor is unacquainted with the Rules which proceed to Continue Annual Grants to the number of Potail and Jacke Trees as may be found thereon, it is necessary that Notification should be issued to the Collectors directing them to grant Certificates for 3 years before the Trees shall fully mature and enter the whole of the Trees in question in the Manual Muster Roll.

2. The increase on account of paddy Lands amounts to Rupees 3,418 5-1 Viz. Rupees 661. 2. 1 in the Talooks below the Ghats, and Rupees 2,757-3-. in Wynaad

Fort St. George 14th April 1851.

Wynaad - The following particulars com=pose the increase below the Ghats, Viz. Rupees 170-3-. on account of reclaimed remission, Rupees 210-.-11 brought into the account from the temporary remission of 58 Fasly, Rupees 41-2-5 of ancient waste lands now brought into cultivation, Rupees 166-7-5 on account of Puttajams granted, Rupees 33-1-3 brought to the Permanent Summah of lands hitherto assessed as Modan, Rupees 6-6-10 of concealed cultivation on land measuring 1¼ Rawney and 350 Holl. Rupees 32-9-9 of lands inspected and assessed with reference to the produce, Rupees 7-2-8 on account of Landlord's Share. In Wynaad Rupees 1,452-1-10 on account of lands newly cultivated, Rupees 9-11-6 of Puttajams granted, Rupees 2-2-. of lands brought into the Government account, Rupees 1,251-2-10 of the cultivation of ancient waste lands, and Rupees 42-.-10 being the Landlord's share.

3. The decrease in Paddy lands amounts to Rupees 3,143-15-2 Viz. Rupees 206-14-8 in the Talooks below the Ghats and Rupees 2,937-.-6 in

Fort St. George 14th April 1851.

in Wynaad - The following are the items composing the decrease in the Talooks below the Ghats, Viz. Rupees 185-5-10 a temporary remission granted this year on account of certain Salt marsh lands, and lands allowed to be fallow owing to the poverty of the cul=tivators, and lands remaining uncultivat=ed owing to their being in the vicinity of Jungles, Rupees 1-2-2 on account of Lands converted into Cocoanut Gardens, Rupees 20-6-8 of yearly inspections. The items composing the decrease in Wynaad are Rupees 2868-8-3 on account of Lands thrown out of cultivation, owing to the desertion of Slaves, death of Cattle, and Lands lying uncultivated in the vicinity of Jungles, Rupees 2-2-. of Lands brought into the Government account, Rupees 25-.-. on account of Sale of certain Sirkar Lands and a Rupees 41-6-3 being the Landlord's Share.

4. There is a decrease of Rups 924-13-. on account of Gardens, owing to the loss of Trees by tempests, encroachment

encroachment of Sea, and temporary remission. The increase on this head amounts to Rupees 632. 7. 2 on account of newly assessed and resurveyed Gardens, temporary remissions and Gardens for which Pattayems were granted ..

5. In the dry grain there is, as shewn in the Margin, a decrease of Rupees 1,870 - 4 - 11, which occasioned in consequence of the reduction in the number of Lands cultivated with Modan, Ponam & Ellu, in consequence of the weather having proved very unfavorable to this Kind of Cultivation ..

6. The South west Monsoon commenced in the beginning of May, and proved at first unfavorable to all produce except that of the garden, but in the end was favorable to both the Magazam crop and Gardens.

7. The price of grain as well as that of Cocoanuts fell, whilst that of pepper was higher than in the preceding year..

Cholera

8. Cholera and small pox raged severely during the year and the number of deaths was very great..

9. The collection during the Fusly on account of Land Revenue amounted to Rupees 400185 - 11 - 5, and the outstanding recoverable balances on the part of Her Highness the Beebee, amounts to Rupees 10,000 - - - 11 - Her Highness seeks the remission of this sum on the plea of losses sustained by the inundation of her Lacadive Islands ..

10. The total Collection of the Extra Sources of Revenue, amounted to Rupees 84,143 - 12 - 10, Viz. Rupees 44151 - 8 - 11 on account of Maturpha, Rupees 773 - 6 - 4 of Patty Chatty, Rupees 26440 - - - of Alkary, Rupees 14,362 of Ferry Farms, Rupees 720 - - - of Hill Farm, Rupees 690 - - - of Gold Mines, Rupees 6 - 13 - 7 on account of escheated Cardamum Hill.

11. Of the outstanding Balance of last Fusly on account of Land Revenue the sum of Rupees 134 - 14 - - has been collected and a balance of Rupees 5,004 - 6 - 10 remains to be collected ..

12. Probably nothing in the preceding will call for remark except the asserted diminution of Revenue in

Wynaad

Fort St. George 14th April 1851.

Wynaad in consequence of the desertion of slaves. This has for years been an evil for which no legislative remedy has been, or, perhaps, could be proposed.

The Natives of Wynaad attribute the desertion to allurements held out by the Coorgs, when it is more reasonable to suppose it arises from their own indifferent treatment of a race of men who are proverbial for a local attachment to their place of birth. The numbers who have left Wynaad for Coorg are probably exaggerated, but I have heard it constantly stated to be as many as 15,000. No doubt can exist of the number being great, and at the same time I fear it is an increasing rather than diminishing evil.

B. No. 774

From the Collector of Madras.

Affording the necessary explanation as to what additional duty would be imposed on the Establishment were the selection of trees from which Toddy is to be drawn left to the Shopkeepers themselves.

To Board 27th October 1849- Para 3.

No. 33.

To, B. Cunliffe Esqre.
Secretary to the
Board of Revenue.

Sir,

1. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 24th Ultimo, calling for further explanation as to what additional duty would be imposed on my Establishment were the selection of trees, from which Toddy is to be drawn, left to the Shopkeepers themselves.-

2. Whilst the number of Gardens or Topes from which Toddy is drawn is 2470, the number of trees, which it is requisite to examine carefully every year, preparatory to the formation of an annual Settlement with each of the several Shopkeepers exceeds 130,000.-

3. I stated in my letter of 7th Ultimo,

Ultimo that "it is customary for the Cutcherry servants, in the presence of the Shopkeepers, to take an account of all productive trees in each Garden, which are to be included in the Settlement - those trees which are really unfit being deducted - so that when an arrangement has thus been completed, this Office has little more to do than to prevent Toddy being clandestinely drawn from any of the Toick Trees which may be set apart in one, or last of the Gardens selected by a Shopkeeper in consequence of their being in excess of the fixed number, and which may not be taken up by another."-

4. The Statement H submitted with my report on the management of the Exctra Sources of Revenue for Fusly 1259 exhibits the particulars of the Settlement made with the holders of 354 Shops. The Memorandum herein enclosed has been compiled from the particulars entered in that Statement, from which it will be observed that 94 Shops only have had an excess in the number of trees beyond those allotted to them, in the "last" or in a corresponding

To Board 18th Novr. 1850.

Enclosure No. 1.

number of the Gardens selected by the parties respectively, and that, of the said 94 Gardens the trees in 85 having been taken up by others, the excess number in the remaining 9 Gardens alone were left unappropriated, from which it is at present, the duty of my Establishment to prevent Toddy being clandestinely drawn.

5. If therefore, the selection of trees is left to the Shopkeepers themselves, they will, on some pretext or other, exclude a comparatively large number of productive trees which may be mixed up with the rest, in each of the 2470 Gardens, with the intention of defrauding Government, and additional duty will thus be imposed on my Establishment, in as much as it will be requisite for my servants to inspect every day the whole of the Gardens in question, instead of the small number referred to above, Viz^t. 9 for the detection and apprehension of those who may be guilty of a violation of the Established rules.-

6. It is, besides, on record that the rules now in force relative to the selection and allotment

Fort St. George 11th April 1851.

allotment of trees have been in operation since 1826. I therefore trust, that the correspondence which has passed on the subject within a recent period, together with the explanation afforded above, will satisfy the Board that the "Complaints" of Shopkeepers that "they are compelled by the interference of the Collectors Establishment to pay for unproductive trees" are without foundation.
