Read the following Extract from the Proceedings of the Board of Revenue, —
Relative to settlement of
Extra Revenue in the District of Nellore for Fasly 1253 A.D. 1843/44 (Here enter 11th Feby 1844 No 559)

The settlement exhibits a net increase of Rupees 42,389 - 7 - 10 the particulars of which are concisely shewn in the statement subjoined to the 1st Para of these Proceedings.

Par 1

2. An improvement in the sales of salt amounting to Rupees 59705 - 12 - 3 is the Chief cause of this satisfactory result notwithstanding a decrease of Rupees 23,809 - 3 - 6 which accurred under the head of Inland Customs in consequence of the abolition of these duties during the last three Months

months of the period under review. —

The other items of Increase and Decrease do not seem to require any remark from the Government. —

3

In the charges there is a decrease of Rupees 4,929 arising from a diminished manufacture of salt and the abolition of the Cooper Establishment. —

4

Of the total Demands it is satisfactory to observe that only Rupees 716-2-10 remain outstanding, regarding the final disposal of which as well as that of the Balance of the old arrears amounting to 6744 - 11 - 8 alluded to in the 9th Para of the proceedings, the Government will be glad to receive the Board's recommendation. —

5

The total gross Collections of Fasly exceeds those of its predecessor by Rupees 86,442 - 5 - 10 notwithstanding the abolition of Transit Duties a result which the Most Noble the Governor in Council considers as satisfactory and creditable to the management of these sources of Revenue in the Nellore District. —

Para 1. The demand was slightly increased owing to certain lands and house being newly brought under assessment, and in the Collection of the current land Revenue a small increase took place in consequence as compared with the preceding Fasly.—

2. The amount realized by sales of land was Rupees 4,136 less than in the former year, but this appears to have arisen not from the usual sales having fallen off to that extent, but from their amount in Fasly 1251 having been unusually swelled by a sale of a spot of ground on the beach for Rupees 5005.—

3. The settlement being framed in the usual manner requires little remark, the remissions made would seem in general judicious

judicious and proper, but the Government concur with the Board of Revenue in thinking that under the circumstances stated in reference to the numbers noted in the margin of the 6th Para of the proceedings the prolonged continuance of the reduction is uncalled for—and would also impress upon the Collector the necessity of exercising much caution and discretion in recommending for permanent reduction of assessment ground which may probably at a future period acquire a greatly enhanced value.—

4. The Most Noble the Governor in Council trusts that the Collector will ere this have submitted to the Board a report on the outstanding arrears amounting, exclusive of a sum of Rupees 17357 since written off by order of Government 25th September 1843, to 21152—6—10 and that such recommendation as the Board may see fit to make regarding them will be shortly submitted to the Government.

head of sales of Land be substracted as for the reasons alluded to above, it ought to be, the result will shew an actual decrease of no more than 104-13-2.

From the Acting Collr of Ganjam

Sir,

Para 1

In the Board's Proceedings of date the 14th October last instructions were issued to the Acting Collector to take immediate measures to recover as far as possible the outstanding balances on the Proprietary Estates in Ganjam - In reference to Teckaly Zemindary the authorities were specially enjoined to bring that Estate to the hammer unless some proper arrangement could be effected before the day of sale which was fixed for the 11th Instant.-

Reports an arrangement made with the Zemindar of Teckaly for payment of the Balances on that Estate and urges the expediency of remitting portion thereof accruing under Government Management on the Zemindar fulfilling his present Engagement.-

2

My attention was at once directed to the importance of this subject on taking charge and Gopenad Deo the Registered owner of Teckaly with his brother having attended at my Office on the 8th Instant I have made an arrangement with the family which I trust will obviate the necessity of a compulsory sale and will be approved of.-

3

This Estate commonly called Teckaly comprises the three Mootahs noted in the Margin with an aggregate Peishcush of Rupees 49148 - On the introduction of the Permanent Settlement

settlement they were purchased for one lac and twelve thousand Rupees by Doogaraauze of the Purlah Kimedy family then and for many years afterwards Manager of that ancient Zemindary. Teckaly was registered however in the Permanent Cowle as the property of his son Pudmanabe Deo.-

4 Doogaraauze who alone of all the Kimedy family had ever evinced capacity for Government and whose rule in that distracted Country it has been recorded by Mr. Go. C. Russell is yet remembered with gratitude by the Villagers died at Benares in 1813. His son Pudmanaba Deo the original owner of Teckaly succeeded him as Manager of Kimedy but was unable to maintain either order or his own authority. He died in the end of 1833 at the commencement of the proceedings superintended by Mr. Russell for the pacification of Kimedy, having expended most of his inheritance in the vain struggle for ascendancy amongst the factions in that Zemindary.-

5. The present owners of Teckaly are the two sons of Pudmanaba Deo tho by different Mothers, Gopenad Deo the eldest

eldest is a clever active man but dissentions had arisen early in the family, and with a view to protect the supposed interests of the family the Estate was zuffled on the 4th February 1834.-

6 The Amany Management of the Estate was not successful. On the date of zuft the balance due to Government was Rupees 15,693-"-5; when it was released from sequestration in December 1838, the arrears had accumulated to Rupees 45301-13-5.-

7 Neither has the Peshcush since that date been paid with punctuality, far less the arrears. In the Accounts of the Collectorate the payments made by the Zemindar, Current and arrears have been blended but the figured statement subjoined exhibits at one glance the actual payments during the five years of his management and shews the actual deficit of these five years in comparison with the Current Peshcush to be Rupees 6,966-15-11.-

J

8 It may be observed that the Zemindar was not actually in charge of the Zemindar during the last 7 Months of Fusly 1253 the Estate having been again sequestered in January last but for the sake of simplicity the accounts have been carried on till the 12th July 1844- Payments have also since been made by the Zemindar from private sources to the extent of Rupees 13940-13-7 which reduces the balance accruing since Fusly 1248 to Rupees 48026-2-4.-

9 This deficit is not to be attributed to the owners maladministration- On the contrary he is considered active and capable enough. but the result was chiefly caused by the calamitous season of Fusly 1249, which is described by Mr Bannerman as "one in which the Rice harvest of the District had wholly failed more particularly in the centre of the District" where Teckaly is situated- That season greatly crippled his means and he has never since recovered the blow- Add to this the dissentions in the Household never wholly at an end till very recently and the confusion of the family affairs is at once told.-

To the Secretary Board of Revenue 22nd July 1840.-

10 At my interview with Gopenad

Gopenad Deo and his brother, I stated in a word that their retention of the Estate depended on their paying the balance created under Gopenad Deo's own Management in this year, and the next- together with the Current Peishcush and Security for the same- After some consideration Gopenad Deo consented and tendered what is considered adequate security- Assuming immediate charge he has engaged to pay the present year's Peishcush in full with 25,000 Rupees of the arrears and the same security is engaged to be tendered for the same purpose in the next Fusly.-

11 I have agreed to these terms and the owner has been again put in possession of Teckaly- subject only to a Peishcar being employed on account of Government to take accounts and to see and report that the proceeds are properly accounted for- to Government in short to act as an immediate check against improper management.-

12. I believe the engagement will be adhered to, if practicable and I am sure the arrangement is the most advantageous to Government that could be made.-

13. There will still remain outstanding

Fort St. George 9th January 1845.

outstanding the old arrear of Rupees 4530-13-5 at the close of next Fusly. Of this sum, the Zemindar hopes that the Government will consent to forego at least so much as was permitted to accrue under the immediate superintendence of the Officers of Government and that the remainder will be taken from him by such easy instalments as may be then agreed upon.-

14

I venture to solicit favorable consideration to this proposal, contingent on the Zemindar fulfilling his present engagement to the full. Many reasons seem to call for fair and liberal treatment to this Land holder. the high price originally paid by his father to Government for the Permanent Cowle. the punctuality of payments till the father's death in 1833. the pressure of the Peishcush upon the resources found to exist under attachment. the great loss incurred in Fusly 1249 which led to an actual abatement of Peishcush in many Estates in Vizagapatam District. and finally the respectability of the family. these are facts which induce me to hope that this application will meet with the attention it merits,

and be supported by the Board of Revenue.-

15

I may add that the Zemindar has again preferred a claim to remission for the land taken from this Estate by Government for the high Northern Road. This demand objected to by Mr. Bannerman chiefly on the ground that the Proprietors might have and cultivate the old Road, has not been admitted in the case of the Codoor Mootah, but it could, I think, be established legally, and I know it has been allowed in Vizagapatam. Besides remission to reclaim an old Road for valuable land newly assumed for public purposes, is not a fair exchange. But on this point I need only say that the sum claimed as compensation for the Teckaly Mootah shewn by the Accounts of this Office to be Rupees 380-3-4 per annum with arrears for Nineteen years will be cheerfully waived retrospectively and for the future, if Government will forego on their part the arrears created under Circar Management.-

To

C. C. Lovell Esqre.

Acting Secretary to the
Board of Revenue

Fort St. George

From the Collr. of Ganjam ——— Sir,

Intimating that the Sale of the Estates of Polaky, Duntah Lutchmepore, and Barwah has been proceeded with according to the Advertisement and that they will be knocked down on the 30th Dect. if the Government Demand be not paid before that date.-

39

Para 1. In my letter of the 16th Instant the Board of Revenue were informed of the arrangement made for the recovery of the balances on the Teekaly Estate, I now proceed to state the course I have judged it expedient to take in reference to the arrears on the Polaky Zemindary.-

2

Polaky ———
Duntah ———
Lutchmepooram —
Barwah ———

The four Mootahs noted in the margin are now registered in the name of Mosalacunty Ramiah Pundaloo. This Person is a boy incapable from his youth of managing the Estates personally. In fact he has never by himself or guardians had any concern in their management until the present year. He is the Heir at law of the former owners who died last year and who have left the Estates about two years in arrears of the Government Demand at the close of that year.-

3

Mr. Anstruther had proposed to retain these Mootahs under Circar Management, and to recover the arrears with

12

Fort St. George 9th January 1845

12 per Cent Interest in eight years and the Board has solicited my sentiments on this point before selling the Estates. My opinion founded on a tolerably extensive experience of the kind of management that attends in the Northern Circars on proprietary Estates under temporary Sequestration with a Zuft Establishment leads me to the conclusion that in a few years the whole property would be swamped beyond redemption. I have reason to know that there is a good deal of private debt due by the Estate of the Proprietor and that will be running on at interest at 12 per Cent even although the Government debt is being gradually liquidated, which I doubt.-

4 Besides the State of the District with a Zemindary balance of more than 6 lacs of Rupees of Peshcush at the close of the last Fusly year and with one half the next season expired without the receipt on these Estates of a single Rupee (the Mootahs had not been even attached on my arrival) required in my judgment that the Officers of Government should exhibit firmness and not

Fort St. George 9th January 1845

not vacillation, a determination to enforce the just demands of Government with a due consideration for the rights of private property - When I saw then that the last year's Crop on these Estates had been abundant and that nearly all the proceeds had been wasted on private purposes, I considered it imperative on me to proceed to sell and not to waste time at this advanced period of the season by making a reference to the Board and waiting for an answer - Otherwise another years Peshcush will be due to Government and the Crops gone -

5 The Sale therefore proceeded agreeably with the advertisement and offers have been obtained for three out of the four Mootahs at sums in excess of the Government Demand Principal and Interest, and for the fourth Barwah I have bid the amount of the balance outstanding - on this offer there has been no advance - On purpose knocking down the Estates on the 30th Instant if there be no advance, and I propose to place the purchasers in immediate possession with a view to secure the present

Fort St. George 9th January 1845.

present seasons revenues -

6 It is proper to explain that the sale has been postponed till the 30th to enable the Proprietor if possible to pay his balances. On the 11th he appeared and offered to pay the whole arrear without Interest within fifteen days if I would defer the sale but in justice to Parties who might have come from a distance to attend I declined desisting altogether merely upon a promise - On consideration however of all the circumstances I offered to postpone the sale till the 30th Decem- ber and to accept the principal day if tendered leaving any ultimate adjustment of accounts for the orders of the Board of Revenue and the Government -

7 I have mentioned these circumstances in some detail to prove that I have shown every proper consideration to the parties in question, altho' I do not myself believe they have credit to raise the amount - and in conclusion, I hope that what I have done will be approved, repeating that

that firmness of procedure and resolution are necessary to be exhibited in the present condition of this District if it is intended that the Government Collections are hereafter to be regularly made.--

From the Collector of Vizagapatam. } Sir, Para 1.

I have the honor to acknowledge the receipt of your letter of the 18th Ultimo, pointing out certain reductions, which the Board of Revenue consider expedient in the Establishments which I proposed to entertain for the Revenue and Police administration of the surrvasiddy Talook when the 5 Estates recently acquired by Government shall have been incorporated with it.-

Submits revised statements of the Establishment proposed to be entertained in the Surrvasiddy Talook also revised lists in the form which accompanied letter of 30th October last.-

* 30th October 1844

2. Before proceeding to the details of these reductions, I beg to submit a few very brief general observations respecting the new Talook.-

3 It will comprize altogether 7 Proprietary Estates, assessed at the time of the Permanent Settlement, with the sum of Rupees 999 18-8.-

4. From disputes regarding irrigation, from the poverty and consequent frequent change of the Proprietors, and other causes, these Estates have become greatly deteriorated, and some are almost depopulated, so that I do not

not anticipate that we shall be able to realize, at any rate for some years to come, on an average more than Rupees 90,000. from the failure of rain in the present year our Collections will be much below that sum.—

5 But I trusted that by care and attention in the management of these Estates, now that they have all became the property of Government, I should be able to restore them at any rate to the state they were in, at the time of the Permanent Settlement, and I fixed the salaries of some of the servants at a rather higher rate than is usual, both with reference to the large extent of the Talook, and that I might be able to command the services of able and efficient persons.—

6. But as the Board of Revenue seem to object to this, I have reduced the pay of all those to whom I had proposed to give a higher salary than persons holding the same situation in other Talooks receive, and I have drawn out a fresh statement of the Establishment which in my opinion ought to be entertained.—

7. To satisfy the Board of Revenue that

that this Establishment is moderate, — compared with those now employed in the other Talooks in this District, I beg to submit a Statement C in which they are contrasted with each other.—

8 I consider it objectionable to compare Establishments of this description in one District with those in another.— From the inefficiency of the Village servants a great deal more labor is thrown on the Talook servants than in a Ryotwaree district, and in the matter of accounts, one servant in the Ceded Districts will do as much work in a day as 3 or 4 will do here.—

9. I now proceed to the details of the reduction proposed by the Board of Revenue.— These are 1st a Goomastah in the Hoozoor kutcherry — 2d, a 2d Peishcar, and 3d a Jemadar.—

10. The Board have perhaps overlooked the fact that an additional Goomastah in the kutcherry has been entertained ever since the Coondakerlah, Velichoor Coodoor and Cottoor Estates have been under management. These Estates as well as two others — have

have now became the property of Govern=
=ment, and I have proposed to add,
or rather to continue, the Goomastah
on Rupees 15 per mensem on my
permanent Establishment. This will
surely not be considered unrea=
=sonable when it is remembered
that the extent of territary under
ordinary management will be in=
=creased about ⅓ by the addition.

11. The Board will observe that there is a second Peishcar in both the other Talooks. The duty of the Peish=cars is to prepare the accounts. they are therefore stationary in the Talooks, while the Tahsildars assistants and Goomastahs are generally on the move. As it is, I have much difficulty in getting the accounts from the Talooks, and if the Establish=ment were reduced by the abolition of the 2d. Peishcar it would be almost im=possible to expect it.

12. In regard to the Jemadars, the Board will observe from statement C that in the Palcondah Talook there are 3 Duffadars on a salary of Rupees 6 each per mensem, besides a Naik who receives 7 Rupees

Rupees 5. In Golgondah there is a Jamadar on 8, and 2 Duffadars on 5 Rupees each per mensem. The Golgondah arrangement has been found to answer very well, and I have proposed a similar Establishment in the Survasiddy Talook. The pay of a Duffadar in the District generally is Rupees 6 when he has no Head peon or Jemadar over him, and if the Jemadar is not entertained, it will be absolutely necessary to have 3 Duffadars (2 Revenue and 1 Police) on 6 Rupees each, so that the ex=pense will be the same.

13. The Board propose to reduce the pay of the Police Mudduligar from Rupees 14 to 12 per mensem. I omitted to mention in submitting my former statement, that the Head of Police of Survasiddy will exercise Police jurisdiction over a considerable tract not included in his revenue Talloak, and the mudduligar will therefore be detached on that account. I consider it necessary that he should receive a higher salary than an ordinary Police Mudduli=gar, who merely performs the duties of a Goomastah.

14. I have adopted the other reductions pointed out by the Board of Revenue.

15. In conclusion, I beg leave to submit 2 sets of Statements* one exhibiting the Establishments which the Board have expressed their willingness to recommend for sanction, and the other exhibiting the Establishments which I consider absolutely necessary for the efficient administration of the Talook.

*Proposed Estab=lishment of the Talook of Survasiddy in the Vizagapatam District.

From the Coll.r of Vizagapatam

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter of the 21st October last, and to inform you in reply that I have consulted several natives of respectability as to the introduction of the Provisions of Act No. X of 1842 into the principal towns of this district, and they are unanimously of opinion that there is no objection whatever to this measure.

2. But it has occurred to me that it would be an improvement if a Summary appeal were allowed to some Officer of Government from the decision of the Committee, which is vested with authority to tax the Community.—

3. At the same time I should state that I do not think there is any town in this District in which 2/3ds of the inhabitants will be found to have sufficient public spirit to make provision at their own cost for the purpose of local improvements.—

Fort St. George

Sir

Para 1. With reference to the correspondence Noted in the Margin, relative to the abolition of the Monopoly of Indigo Pot at Padanah, and the instructions lately received, directing that the dealers at that place should be assessed with Nuzzur as is done in regard to persons engaged in this trade at Masulipatam, I have the honor to request the Board's instructions on the following points.—

2. The amount derived from the tax on Indigo Pot in the Padanah Taulook during the period it has been under rent is shewn in the Margin. The subjoined statement also shews the Collections from Fusly 1215 A.D. 1805/6 to 1224 1814/15 derived from Indigo Pot and from washing Green at Masulipatam the Collections under each of the above heads cannot now be separated the former may however be taken at 2/3ds of the whole but since the abolition of the Indigo Pot tax at Masulipatam in Fusly 1225 A.D. 1815/16 the Dealers in dying cloths

Fort St. George 9th January 1845.

Cloths have never been taxed with Moturfa as appears to be supposed by the Board.

3. The instructions now received clearly shew that the Monopoly of Indigo farm is to be done away with, in Padanah, and that in lieu thereof, the dealers should be assessed with Moturfa. This can hardly be effected without assessing the dealers at Masulipatam who have hitherto been Exempted for the last 28 years, but as there appears no reason why they should be Exempted whilst the inhabitants of Padanah are to be subjected to the tax, I would suggest that sanction may be granted for levying it in Masulipatam also, unless in consideration of the small amount likely to be realized, the Board should see fit to discontinue the Collection in both places.

4. If it is not intended to tax the dealers at Masulipatam, it will of course follow that those in Padanah should be exempted also.

From the Collector of Masulipatam

Sir,

Para 1.

With reference to the correspondence noted in the Margin calling for a Copy of the Sunnud or other Documents under which the allowance enjoyed by Numboory Pooroshottama Charloo out of the Sayer collections of the Bunder Division was granted, I have the honor to forward the accompanying Copy and Translation of a Petition from the late Sayer Amuldar of Bunder, together with one from the Rozeenadar, which will shew that a daily allowance of 6 Dubs or two Annas was granted to the Petitioners father 60 Years ago by the then Authorities by a Sunnud, which, as well as other documents were Consumed by fire during the life time of the Petitioners father; that at three different periods the question of the continuance, or otherwise, of the Allowance had come before Messrs. Lane, Roberts and Gley, the former Collectors of this District, and that they have issued orders for the continuance of the Same as usual by deduction from the Sayer collections. Most probably after Satisfying themselves as to the Authenticity of the grant. This circumstance is corroborated by the Accompanying Translations

From Board 1st June 1843
To Do. 21st July "
Board's Proceedings 16th November "

Sharloo out of the Sayer Collections of the Bunder Division and recommending that it may be paid from the Treasury since the date of the abolition of the Sayer duties.

No. 2

Translations of Arzees received from the Sayer Amuens and the orders issued to them on this subject in the Years 1822, 1824 & 1834.

2. A search has lately been made Among the records of the Cutcherry with the view of ascertaining the period at which the Allowance was granted. This point however could not be ascertained from the absence of the detailed Accounts of the Bunder Sayer Division for former Years, which alone can give any information on the Subject but it is beyond a doubt, being clearly proved by the Accounts from fusly 1219 (A.D 1809) up to the latest period, which are forthcoming both in the late Sayer Department and in the Huzzoor Cutcherry, as well as the orders issued by the former Collectors above noticed that the Allowance has been uninterruptedly enjoyed by the Petitioner and his father, from which it may fairly be inferred that the allowance must have been granted at some remote period.

3. The deductions made on account of the allowance are shewn in the Statements of duties levied in the Bunder Sayar Division which accompanied the Extra Renewe reports transmitted to the Board from fusly 1237 to fusly 1252 / 1842-43, to which a reference is requested. The fact of the Original Sunnud having been consumed by fire, appears to have been brought to notice on former occasion so that this point cannot be doubted.

Under

4. Under these circumstances, and as the allowance has been enjoyed for a series of Years uninterruptedly, I beg to recommend that this may be continued by payment from the Treasury since the date the Sayer duties were abolished in the Masulipatam Division, and up to which period only it was disbursed.—

No. 1.

Translation of an Arzee addressed to R. T. Porter Esqre. Collector in the Zillah of Masulipatam by Arogala Ramasawmy Naidoo Sayer Amuldar of Bunder.—

Agreeably to your Hookoom of the last Month No. 143 directing me to forward Numbooty Pooroshottama Charloo who was enjoying a roofsoom in the Collections of the Sayer to your Hoozoor, together with the Original Sunnuds Hookooms, documents &c. the said Pooroshottama Charloo has been sent for and informed of the above circumstances; he stated that about 60 Years ago the then Authorities have been pleased to Establish to his father Casava Chetty a Rozeena or a roofsoom at 6 Dubs per day, to be debited and

and paid from the Sayer Collections and executed Sunnuds &c. to that effect; that for some time afterwards during the life time of his father his House having taken fire accidentally the Sunnuds &c. were then consumed also, altho it was the Case, Yet his father as long as he lived and himself after his demise from 35 Years, have successively been under the enjoyment of the said roofsoom uninterruptedly that Pedderauze Croostniah, and Chittoor Govindarow the late Amuldars have in their Management, sent for him, enquired after him about the Sunnuds &c. regarding the roofsooms &c. wrote Circars to the then Authorities on the Subject, obtained orders from them, and continued the said roofsoom to be paid without any hesitation; and that he has no other documents at present in his profession beyond the same Hookooms &c. Originated in the Circar, for it from the beginning. A Kyfeyet was accordingly taken down from him. On Examining the Hookoom issued during the time of Pedderauze Croostniah and Chittoor Govinda row Amuldars, and the then Accounts it appears from the Hookoom dated 26th. December 1822 issued to Peddepauze Croostniah, that the roofsoom should be disbursed in the Jamakhurch Account and paid to the aforesaid

aforesaid Numbooty Pooroosholtamachary according to Maumoob formerly observed. The Hookoom subsequently issued to Chittoor Govinda row on the 7th. June 1824 in No. 20, shews that the said Pooroosholtama Chary should be sent down to the Hoozoor together with the documents in his possession regarding the roofsoom in question. Two Months afterwards, that is to say, on the 4th. August 1824 a Hookoom was issued to Chittoor Govinda Row in No. 14 stating that the Accounts in the Hoozoor having exhibited, that the roofsoom at 6 Dubs per diem had been continued to be paid to the said Pooroosholtama Chary son of Numbooty Casava Chary from the Amount of the Collections of Sayer at Bunder from a great length of time, the roofsoom in question has been permitted to continue to him for every month according to Maumoob. This item was also entered in the former Accounts. Accordingly on a consideration of the foregoing circumstances it plainly appears that this roofsoom from 60 Years has been disbursed and paid to them every month without any impediment; that the said Pooroosholtama Chary has no any documents; that this circumstance had lately been reported to the Hoozoor, and that this roofsoom was ordered to be continued to him on the foundation of the Hookooms Accounts &c. Originated in the Circar. I therefore herewith forward the Kyfeyet and Copies of the 3 Hookooms

for

for your inspection.

Sayer Cutcherry, Bunder,
18th. December 1843. } (Signed) A. Ramasawmy Said
Sayer Amuldar.

To,
The Company Circar,

Translation of Kyfeyet executed by Numbooky Pooroshottama Chary an inhabitant of Boolah: pett on the 14th. December 1843.

The Sayer Amuldar of Bunder Division having sent for me to his Cut: cherry and told that the Collector has, on the 28th. November 1843, issued a Hookoom No. 143 directing him to send me to the Huzzoor together with the original summd Hookooms &ca. documents which were origi: nated on the Subject of the roofsoom enjoyed by me in the Sayer Cutcherry from the time immemoriab, and that I should accordingly attend in the Cutcherry with the documents I beg to represent as follows.

About 60 Years ago the then Authorities have established a roofsoom called "Rozeenah" at 6 Dubs per diem to my farther Numbooky Casava Chary to be paid from the Amount of the Collections of the Sayer and executed a

Summd for it, but subsequently during the life time of my father, my house took fire, and was burned together with the Summds &ca. documents. Notwithstanding which as long as My father lived and Myself after him from 35 Years, the Honorable Company who are the emblem of justice have been pleased to continue granting the said roofsoom according to Maumoob. Besides this, as when Pedderauze Croostniah and Chittoor Govindarow were Amuldars formerly, they made some enquiry after me regarding the said roofsoom I presented to them at that time the above Circumstances, afterwards they wrote the fact to the then Collectors and granted us the said roofsoom continually under their orders, they have likewise caused that Circumstance to be inserted in

in the Accounts & the Copies of those Hookoms were not furnished to me I cannot state the dates of them, consequently on reference to the former record it will be plain that my above Statement is true. I am this Kyfeyet for the information of the Circar that this roofsoom has been enjoyed by us from about 60 Years successively without any impediment; that the same Hookoms Accounts &c. lodged in the Hoozoor regarding this are the only documents for me, and my reasons above setforth are sufficient to convince that I have no Copies &c. of them in my profession that my subsistence depends merely on the said roofsoom and that it was under my uninterrupted enjoyment.

Desp. to the Hoozoor 15th December 1843. — (Signed) Numboory Pooroshottama Chary

No. 2.

Translation of an arzee addressed to the Collector in the Zillah of Masulipatam by Numboory Pooroshottama charloo inhabitant of Boticapettah. Dated 22d April 1844.

About 60 years ago, the Circar were pleased to establish a "Rojeena" or a daily allowance at 6 Dubs per day to my father Casavacharloo, to be disbursed and paid from the amount of Sayer Collections of Masulipatam division, and executed Sunnuds &c. documents to him to that effect. During the lifetime of my father the said Rajeenah has been paid to him disbursing the same in the Circar accounts in his name, and after his death the same was Continued to be paid to me accordingly since a period of 35 years, that is to say since the time I was in the 5th year of my age, but when my father was alive my house accidentally took fire, at which time the Sunnuds &c. Documents have also been consumed by fire, Notwithstanding which the said Rajeena has been uninterruptedly paid to my father as long as he was alive and.

and to me also / after his death / since these 35 years. The late Sayer Aumuldars Pedderauz Croostniah and Chittoor Govindarow Puntolos, have during their management sent for me and enquired of the documents in question, and reported the Subject to the Collectors by means of their arzees respectively. There=upon a Hookoom under date the 26th.a December 1822 had been issued to Pedderauz Croostniah and another under date the 14th.a August 1824, to Chittoor Govindarow Puntoolos directing that the Rojeena rufsoom should be continued to be paid to me according to Maumoob. on inspecting the Telogoo and English accounts lodged in your Cutcherry and the Arzees addressed by the then Sayer Aumuldars, on the Subject, as well as the Hookooms issued thereon from the Hoozoor, it will be plain that the Rufsoom has been continued to be paid from a series of years, both to my father as well as to myself, after him as there is no other means of support for us than the roofsoom granted by the Circar, my ancestors and myself have continued to enjoy the same from a series of years, praying the

the almighty God to prolong the prosperity of the Honorable Company. Having under=stood that in consequence of the orders received from the Honorable Government of Bengal for the abolition of the Sayer System, from the 1st.a april 1844, the Sayer division of the Masulipatam Town, has been displaced I humbly entreat your honor will, on enquiry into the former Accounts &ca.a lodged in your Cutcherry and in which the Rojeena, aid to us unmolestedly from a series of years by the Honorable Company from the Sayer Collections of Masulipatam division was entered, be pleased to order the same to be paid from the Hoozoor Treasury to me in common with other Rojeenas now paying from your Hoozoor, and support my numerous family.-

Translation of an arzee addressed to John Fraser Esqre Collector in the Zillah of Masulipatam by Peddyraauze Kristniah acting Sayer Aumeen of Bunder Division.-

Dated 20th December 1822.

As it appears from the accounts that the rent of the Sayer Cutcherry amounting to Rupees 21/- as well as the Sum of Rupees due for each month at 6. Dubs per Diem to Numboory Pooroshot:-tamacharloo, had (these two items) been paid by debiting them in the former Jamakurch accounts, and as the Hoo:-Room of the 20th November 1822 in No. 18 directs not to debit any item in the Jamakurch

Fort St. George 9th January 1845.

Jamakurch, I beg your honor will be pleased to Consider, and issue such orders as you may deem proper on the Subject.-

Translation of an Arzee addressed by Chittoor Govindarow Sayer Aumeen of the Bunder Division.-

Dated 3d June 1824.

The Amount of Rupees 3-7-4- being the Rozeenah allowance payable to N. Poorooshottum:-macharloo at 6 Dubs a day being disbursed in the Sayer Collections of the months of April, I enquired the Sayer Servants,

Fort St. George 9th January 1845.

Servants, why this item was debited, they informed that this charge is an usual one, and that a Hookoom was issued by Mr. Lane the late Collector under date 26th December 1823 on the Subject. I therefore deposited the money of that item and herewith enclosed Copy of the said Hookoom, and beg your honor will issue such order as may deem proper on the subject for my future guidance

Translation of an arzee Addressed to C. Charles Roberts Esq re Collector in the Zillah of Masulipatam by Numboory Pooroosholtamacharloo Son of the deceased Kasavacharmacharloo as well as his Mother and Guardian Lutchmummah. Dated 3d August 1824.

We have received our Rojeenah, or the daily allowance at 6 Dubs per Diem up to the end of March 1823, which was Continued to us from time immemorial in the Bunder Sayer, but on our asking the Present Darogah to pay our allowance for April, he answered us, that he has addressed an arzee to your Hoozoor regarding the said allowance, and that after obtaining Hookoom, he will pay it us. We therefore entreat your honor will be pleased to issue a Hookoom to the Darogah, to Continue paying us our daily allowance from the Months of April as usual, as it is the only means by which we, the 3 Persons are now subsisting, and as we are now suffering much, we have presumed to address this arzee to your honor, who is most Charitable and benevolent Gentleman.-

Order thereon

Fort St George 9th January 1815

Ordered to be sent again in circulation

Read the following letter

To

J. D. Bourdillon Esqre

Secretary to the Board of Revenue

Fort St George

Sir,

51

From the acting Collr of Guntoor

Para 1 Referring to the Boards' Proceedings noted in the Margin, with accompanying Copy of an Extract from the Minutes of Consultation of Government, respecting the Goomsoor Rajahs family en route from Vellore to Berhampore, I have the honor to inform the Board that on their arrival at this Station a few weeks ago, the instructions of Government regarding the payment of their Stipend &c.a were duly attended to, but that owing to disputes among the women they have not yet proceeded on their March.

2. I beg to forward herewith translations of certain petitions presented to me, as also that of an Arzee from the Head of Police of Guntoor, from which and by other enquiries I find, that Mahadevah and her daughter Pedda Tammah are not only at present under Medical treatment, but that they appear to be the rival party of the others composing the family alluded to, and that the detention of the rest until they recover, is subject either party to unnecessary annoyance and trouble.

3. I therefore suggest that those 2 females be allowed to remain at Guntoor until they are able to undertake the Journey under a detached guard of 2 Peons, and trust the Board will be pleased to obtain the sanction of Government for this arrangement, and for permission to inform Mahadevah and Pedda Tammah that the proper course for them to follow, would be, if they are willing, to institute a regular charge to the magistrate and Governor's Agent of Ganjam, for the recovery of the Gold image said to have been taken from her by the aforesaid Rajah's Married wife Puttabee Mahadevee

Salutation from Neka Makadevee and her daughter Pedda Tammah of the family of the Goomsoor Rajah—

We beg to state that having travelled in a bandy from Vellore to Guntoor we have become much fatigued, and ill with fever, pains &c.a and under the necessity of abstaining from food. In our petition to your honor of the 8th instant for Medical aid we solicited that we should be permitted to continue our March in Palanqueens, after we got better—a Drafter named Seetiah came and told us that he attended according to the instructions of the Doctor who had received a letter on the subject of our address, consequently, we allowed him to see us, and prescribe suitable Medicine, which we are at present taking but regret to say with no hopes of being speedily free from Sickness. Major General Gibson having sent us in company with the Goomsoor Rajah's married wife Puttabee Makadevee and her female Relations, Makadevee took from us a gold image

image which we worshipped, she said she
merely wished to see it, but by this pretext she has
retained it ever since, and altho repeatedly requested
ed to give it back, has not done so. Puttabeera
Mahadevee and the rest even Puttabeera Mahadevees
father have abused and most shamefully illused us
along the road from Vellore to Guntoor and are
putting us to much Annoyance, arising apparently
from circumstances best known to ourselves; we
are still sick, but are yet compelled to get into
a bandy and prosecute our March with intend to
Annoy us the more and if possible to make us very
ill by bad usage at the other Stages. We have
hitherto patiently borne all in hopes of representing
these particulars to your honor, together with the
cause of the enmity that exists between them and
us, and trust your honor will take our request into
favorable consideration and give such orders as you
may think proper. Both of us are ill and should
we be compelled to go in Company with Puttabe
Madavee and the rest who are our Mortal
enemies, there is not the least doubt but that
our lives will be placed in Jeopardy, therefore
we hope your honor will keep full favor on
us and grant us permission to stay at Guntoor
until we get well, under Medical treatment
and that after we recover that you would be
pleased

pleased to send us under the safe custody of
your peons to our Native Country. we hope to
remain here under your Command and trust
that this circumstance may be brought to the
notice of the Most Noble the Governor, and to
Major General Gibson Commanding Vellore, with
your concurring opinion for we are females
totally destitute and hope to be protected, and
relieved from the Annoyance we are obliged to
endure by our rivals. Please to Perusa this

To,

The Acting Collector of

Guntoor

Arzee addressed by Broondawana Row Tarawade

The Collector of Vellore granted

me

Fort St George 9th January 1815

me a passport with instructions that I should (in Company with 1 Suffadar, and 6 Peons on duty of the Circar) conduct under our care and deliver over to the Ganjam Collector the 10 persons composing the "Zemena" (women's apartments) of the Motoowalee Bote Mahadeven's family, together with their Servants, Shagursan, Seeka, and others, and that we should assist them in procuring supplies &c.a at each stage. I have accordingly come thus far to Guntoor and owing to disputes am unable to go on, Nema Mahadeven and her daughter Pedda Jannah say they will proceed when they think proper, or remain here just as they please, that they will not come in company with the rest, that I should not therefore trouble myself about them; that if I and the rest were willing to proceed, we could go, or act in any manner we pleased, for that they would have no concern with us, or with the rest of the females. Thus are they obstinately saying; owing to such disputes we are unable to quit this station, and therefore write to receive your orders, as to how, I am to proceed, and whether it would be proper for me to leave them, and proceed with the rest. I await your Honor's orders on the subject. To act on my own responsibility in direct violation of the original arrangements

Fort St George 9th January 1815

arrangements, and orders, at Vellore, would bring me into trouble. I therefore trouble you with this address. I think it best that all should proceed together, in compliance with the orders of Government, on the subject, and that to divide the party would entail additional trouble, in obtaining fresh orders from Government, &c.a However your honor, I expect will give suitable orders as you please, and it will be obeyed: I repeat that my orders are that I should take under my charge these two women also and deliver over them over with the rest to the Collector of Ganjam. and that to divide the party would be improper. I have persuaded these 2 females in many ways to come with the guard, and that I would see them protected, but they will not listen to me, they are like mad persons and will not come to comply with reasonable requests, and suggestions, but are raising oppositions and will not go on. The woman Jannah was sent in company with the rest, so that she should attend to the wants &c.a of the rest of the females and speak to each according to their dignity, until they reach their destination, and be delivered over to the Ganjam Collector. this she voluntarily agreed to, when leaving Vellore, but now she has raised oppositions, and has, in direct violation of her promise, refused to accompany the rest. She proposes going separately and therefore your honor should settle about that. I request your Honor's speedy orders on the subject of our leaving this station by any arrangement, which may be made.

The

Fort St George 9th January 1815

The Duffadar and Peons who are allowed to go with us, have been relieved at the limits of each Zillah by one fresh guard, this is according to the original arrangements and has been acted up to from the time we left Vellore both thro the Chittoor and Nellore Zillahs while there is only one guard allowed. How is it possible that without further arrangement the party can be divided, by leaving some of the women here. I therefore await further orders from your Honor about this, and shall act according to your instructions. The females may remain as many days as they please, at such stages as they think proper but my opinion is that they will not be allowed another advance of their stipend until they reach Ganjam, and that the instructions already given regarding this has been acted up to at this station. consequently I and the rest of the females wish to proceed as soon as possible. I informed these 2 women in many ways of the tenor of the instructions, and of the necessity of their concurring to proceed together, but they will not mind. This is an affair in which females are concerned, I therefore give such orders as may seem becoming. I am a man of the Odia Caste and Country and totally unacquainted with the language of this part of the Country, therefore should there be errors in my arzee, please to excuse it. Please to perase this. Major General Gibson sent us from Vellore on our march, and we have come thus far without opposition and now await your honors speedy permission to proceed on our journey. Please to peruse this.

The humble Petition of Naka
Mahadeva the concubine of the late
Ghoomsua Rajah and her daughter
named Pedda Jama—

Most Honored Sir,

It is with all humility that we take the liberty to lay our grievances before your honors auspicious presence trusting that we shall stand excused for the instrusion—

We have hitherto addressed your honor 2 Telugu petitions setting forth the hardship of our case, but no redress has as yet been granted to us— we now therefore beg to represent to you at full length— that when we were first captivated with the Rajah by Mr. Russell, he caused all the Jewels we then wore, to be accurately weighed, and having specified the weight thereof in his Register, replaced us in possession of them as before and dispatched us to the Vellore fort— after we remained there for sometime, the Government becoming merciful on our heart rending appeals ordered our withdrawal to our own Country about 3 years ago but the Rajah's son entitled Vurdarajuloo, (who has ever still been captive in the above fort) as well as his widow and others forcibly prevented us, the former being unlawfully inclined to marry one of us, by

Fort St. George 9th January 1815.

by name Pedda Janna We having refused compliance with their barbarous request, they, with a pernicious design to hurt, fell upon us one day when in separate Chambers, and having pinioned and gagged us with rags, they deprived us of all our Jewels together with the golden image which we had long been accustomed to worship.—

When the General Commanding the Vellore fort came to our quarters we repeated to him all our grievances, but we being obliged to keep ourselves behind the hangings, and our adversaries having tampered with the Dubash by mercenary means, he (Dubash) would not give a proper interpretation of our speech—Thus the circumstances having been left unnoticed, the General in question held no scrutiny of our case, nor ordered the restoration to us of our Jewels &c.

Ever since, our antagonists are intent to hurt us by any means—In the interim the Rajah's widow together with her father and attendants having by order of the Government departed from Vellore to marry the Rajah's Daughter at Ganjam we have also accompanied them as far as this station, by the stringent orders of the General, to whom we at the time

Ever since our departure from Vellore to our arrival here, the Rajah's widow as well as her Father and others had been putting us under a great many restraints which are above expression—The are now also resolved to take us along with them and kill us any where in the midst of the road—We are females and bereft of all male partners; we are in danger of losing our lives if your goodness direct our removal with them—

Sir,

With reference to your letter of the 1st Instant and dispatched the 11th Instant answering Copy of a letter from the Acting Principal Collector of Nellore dated 8th November last I have the honor to inform you that the Principal Merchants here from whom enquiries have been made all state that formerly the farce of salt at the Ports not having varied for so many years it was the practice for the dealers in the Interior to keep large quantities in store in their Godowns, but that latterly owing to the rise in the price and more particularly to the uncertainty as to the future caused in their minds by the price having been altered twice within the last year they have been selling off all the salt in store and now only purchase from time to time such small quantities as may be required for immediate use, which will perhaps be considered sufficient to account in a great measure for the falling off in the sales of salt mentioned by Mr. Bishop.

2.

I am given also to understand by the Merchants here that the transactions of the dealers in the Hydrabad Country have been affected by the same causes and it is probable that the diminished quantity required for immediate consumption in that Country has been procured from the more adjacent Districts of Guntoor and Masulipatam.

Sir,

With reference to the correspondence noted in the Margin I have the honor to submit for the consideration and orders of the Board the circumstances under which certain lands were alienated for the support of a Choultry and its Establishment at Chinglepoolum in the Island of Streeharecottah.

This Choultry which is situated on the Northern boat road between Pulicat and Nellore, and much frequented by Native Travellers was originally constructed in 1833 by Casavoodoo Naidoo the then Zemindar with good and substantial materials at a cost of 1,500 Rupees and for its support and the maintenance of the servants, he then assigned to it 15 Cawnies of wet and dry land in Chinglepoolum and Keelpaukum upon favorable terms but the Zemindary having since reverted to

A ground plan of the Choultry is also submitted.

Proceedings thereon. Parah 1. A Petition was presented to the Acting Principal Collector on the 9th September 1843 by the Curnum of a Village of the Rausipooram Talook charging the Acting Tahsildar Venadasien with various offences. This complaint was referred for investigation to the Acting Head Assistant Collector, and at his suggestion, the accused was suspended from his Office, for the purpose of facilitating the enquiry. Mr. Hamilton also issued a proclamation inviting Complaints against the accused, and being informed that some papers connected with public business were kept by the Tahsildar at his private residence, he went to the House (with the sanction of

The original petition of Soobram
was compressed eight charges, of which
two contain two items each making ten in all-
Of this number Mr. Hamilton acquits the Tah
sildar on six, and on these therefore the Board
will only remark that after examining the
evidence they are disposed to pronounce even a
more decided acquittal- The other cases require a
little more particular notice.

3.

In the first part of the third charge
complainant states that he paid the Acting Tahsildar
35 Rupees, being 5 per Centum on his Bond; at which rate
he says the accused levied contributions ex

throughout the Talook- To prove this payment
three Witnesses are produced all of whom declare
that they were present when the Money was
paid to the Defendant- Their statements are
precisely the sort of evidence invariably
offered to prove charges such as the present-
It is always justly distrusted, for reasons
which it is not necessary to record here; —
and in addition to those reasons, still more
doubt is thrown on it in the present instance
from discrepancies noticed by the Acting Head
Assistant Collector himself and by the ma-
-nifest confederation of the parties- One of
the Witnesses, Chundra Coumden, is the Complain-
-ant in another of the Charges- another,
Chellapen, is a Witness in the 2d Charge, on which
the Acting Head Assistant Collector acquits
the Defendant- The deposition of the
Plaintiff himself contains statements decidedly
incompatible with the object for which the
Bribe is alleged to have been given- The Board
have no hesitation in pronouncing an acquittal
on this charge-

4-

In the same paragraph of
his complaint Plaintiff states that the
Tahsildar

Tahsildar made a malicious and false report against him to the Principal Collector, and so caused him to be fined 10 Rupees, and this is made a separate charge against the Tahsildar. On this, the Board will only say that they see nothing in the proceedings to lead them to suppose that the Tahsildar's report was not true, or that the fine was unjustly imposed on the Complainant.

5. The fifth charge is that the Defendant has been frequently ordered to measure the land of a certain Ryot and that he had been induced by bribes to defer obedience. The fact that the order was given and not executed is admitted; certain reasons are assigned by the Defendant in justification; on the truth or validity of which it is not necessary that the Board should pronounce. No evidence whatever is offered to support the charge of bribery.

A second Count in the same charge accuses the Tasildar of corruptly disregarding a durghast presented to him for the cultivation of certain grass land. The real facts

of this case are easily seen in the proceedings. Two Ryots from mutual spite presented durghasts, proposing each to cultivate some of the grass land of the other. The Tahsildar settled the dispute most properly by ordering the parties each to cultivate his own grass land, before making an offer for that of another Ryot.

7 Besides the foregoing charges contained in the original petition Mr Hamilton investigated three complaints preferred to him by other parties and apparently after the issue of his proclamations inviting complaints. The first of these was from Lutchmana Naik stating that he paid the Acting Tahsildar a bribe of 50 Rupees in order to be appointed Monigar of a Village, the second is from Mila Counden to the effect that he paid him a hundred Rupees to procure the Office of Monigar of his Village. The Acting Head Assistant Collector considers the first of these to be proved but not the second. The Board of Revenue do not consider it necessary to record any lengthened remarks on these cases, the evidence offered is of the same character as that already commented on in the third

charge

charge- It is observable also that in the former of the two on which only the Acting Head Assistant Collector connects the complainant appears to be a man of bad character having been involved as prisoner in two criminal charges, it appears also that he was removed from the office of Manigar under a former Tahsildar for inefficiency The Defendants explanation of the circumstances under which he appointed the complainant to collect a certain Balance appear to the Board satisfactory-

8- The third of these complaints is from Verganeyer Cummum of Vaumiembady and contains two charges, the first states that the Acting Tahsildar unjustly refused Shaung remission on some land cultivated by the Petitioner and the second that the same Officer by misrepresentation to the Principal Collector procured an order for the destruction of a tank formed by him, on the ground that it intercepted part of the supply of the Vaumiembady Tank- The Board see no reason in the record for supposing that Tahsildar's Proceedings in these two matters were other than correct, so far the former,

545 Fort St. George 9th January 1845.

the personal view of the ground after the crop was off, it could prove nothing, in the second, Mr. Hamilton states that the Tahsildar's representation was correct in matter of fact- No corruption of motive is even charged-

Besides all the foregoing charges Mr. Hamilton framed six others from the papers found in the Tahsildar's House, and the daily diary of his Proceedings- It is unnecessary to particularize these, they are principally for delay in the investigation of complaints, and in one or two instances the falsification of dates,- In these charges the Board see very little that could properly be made the ground of a judicial process and nothing that it comes within their province to take cognizance of a negligent supervision on the part of the Magistracy, over the works of their Native Subordinates, is the proper preventative of such irregularities- And even if committed they rarely require more rigorous punishment than official censure or trivial fine-

10- The Board have thus gone through all the charges brought against

against Vencadasien, and after attentive exa-
-mination of the evidence, have acquitted him of
all. It is also clearly manifest that the com-
-plaints originated in the private Malice of
the Curnum Soobramania Pillay, excited aga
the Tahsildar by his having been the means o
through which the former was found by the Sa
-epah Collector for misconduct. Having acqui
-ted Vencadasien on all the charges wherein he
was arraigned it becomes the duty of the B
Board to order that he be restored to his
Office, and that the whole of the salary accru
-ing during the term of his suspension be
paid to him. With a view to the discouragement
of such malicious complaints, the Board fur
-ther deem it incumbent on them to direct
that Soobramania Pillay be dismissed from
the Office of Curnum. With reference to
the order noted in the Margin the Board
likewise point out to the Principal Col
-lector that Vencadasien has been kept
"acting" in the situation of Tahsildar
for a much longer term than is allowed
by Government and they desire that he
may be appointed full Tahsildar. It

Appointed Tahsildar Decr 12-1841.

It is presumed that although only "Acting"
Vencadasien received the whole salary of
the appointment up to the date of his
suspension.

Before concluding their review
of this case the Board deem it their duty to
notice some parts of the proceedings held
in it. The first point on which they will
remark is the issue of a proclamation cal-
-ling on complainants to come forward. The
Board have on some former occasions
given expression to their decided disappro-
-val of such measure as having a certain
tendency to frustrate, rather than advance
the ends of Justice. It invariably gives
rise to a supposition among the Country
people that the Officer issuing such a pro-
-clamation seeks the conviction and down-
-fall of the individual affected by it,
and all who have any feeling of ill will
against him, and a Tahsildar can seldom
do his duty without creating such enemies)
seize what they deem a favorable oppor-
-tunity to fabricate charges to his ruin.
It would rarely be safe to give credit
to any accusations or statements so
brought

Fort St. George 9th January 1845.

Letter to Bd. Dec. 26/43. Par. 24.

brought forward after such a proclamation however well they might appear to be supported

12. The second point requiring notice is the search of the Defendant's house by the Acting Head Assistant Collector to find Official papers. This was an act totally unwarranted by Law or Regulation and can be regarded in no other light than as a trespass. Had this been the act of Mr. Hamilton only it would have been a matter of less surprize but it is unaccountable that such a measure should have been subsequently justified by an Officer of Mr. Lockhart's long standing and experience. In his report Mr. Hamilton merely states that he went to the Tahsildars House at Rousipooram, and found many public papers in it. The Board desire to be more fully informed as to the particulars, and the Principal Collector will be pleased to ascertain from his Head Assistant and report for their information the particular circumstances of the transactions. In this report he will state how often many times Mr. Hamilton or any of his people visited the Tahsildars House, and on what

545

Fort St. George 9th January 1845.

at what time of the day, who accompanied him and of what Castes they were and whether they entered the house or remained outside where the papers were found, what property was removed besides papers, who of the Tahsildars family were in the House and whether the Tahsildar himself was present,

Dec. 26/43. Mr. Lockhart states in his letter, that in authorizing the search of Vencadasiens House he acted on information taken on Oath. Mr. Hamilton merely states that he had "received information". The Board wish to know what was the character of the information and whether any thing of the nature of a Warrant was issued.

13. Mr. Hamilton appears to consider it a heinous offence that the Tahsildar had official papers at his private House. The Board cannot but express their dissent from such an opinion. Every active Tahsildar who understands the business, language of the district and transacts his business himself instead of only by means of his subordinates, will keep many papers in his own hands and refer to them not only in office hours but at all times. The Board desire also to point out

out to Mr. Hamilton how improper it was to refer to the present officiating Sahukar the investigation of cases involving the conduct of his predecessor, as that functionary could not but be aware that Venkata's punishment might probably not pave way for his own advancement, and feel that consideration an inducement to throw light. Mr. Hamilton should also be cautioned hereafter not to allow surmises to take the place of judgment in the exercise of his judicial functions.

See charges 3-7-10 & 17 in the 1st Pl. Mst. Col. Bs Report

14. There is one other particular to which the Board desire to call the attention of the Principal Collector in the case referred to in the first count of the fifth charge it appears that a very small excess of land discovered on measuring the holding of a Ryot was brought to account at the Jummabundy the increase on the stullums measured being no more than 8 Rupees and a few annas, while the Puttah of the Ryot amounted to a thousand Rupees. It is a favourite practice with Goomastahs and other inferior servants when sent to inspect the cultivation preparatory to the annual settlement to bring such small items to account, sometimes from malice but more

"B. of more frequently to make a show of zeal- as The Board have ever discouraged this practice, as being not only harassing and annoying to the Ryot without adequate advantage, but also as being positively unjust- and they have ruled that where a field or Stullum has once been regularly measured and surveyed, it shall not be liable to remeasurement except when there is reason to apprehend that its bounds have been altered- The Jummabundy Hookumnamah of the Salem District is in accordance with this Principle. It prescribes

Para 9. that no excess or deficiency not exceeding 10 per Cent, shall be noticed; and it is added "No field however should ever be measured unless there are strong grounds for suspecting any great difference in its extent, as a frequent and minute enquiry must prove vexatious." It is further necessary that when a taxable excess is found in one Stullum, the adjoining Stullums if under cultivation should also be measured, as it often happens that one Stullum is enlarged by taking from those next to it. The Principal Collector will be pleased to investigate and decide the case of Tandava Coundan on

				1 Died 24th April 1843 arrear due from 12th January to 24th April 1843	2 7 11	On enquiry it appears that this allowance has not been drawn since the death of the sharer No. 1 in consequence of the absence of the sharer No. 2 who has proceeded to a distant Country and not likely to return for sanction. The rest of the sharers being females now claim the arrears of the allowance due to them; which the Collector begs to recommend for sanction as the delay appears to have arisen chiefly from the absence of the 2nd sharer, and the present claimants have been cautioned to draw their allowance punctually in future.	Under the explanation given by the Collector, the Board recommend that sanction may be granted for the payment of the arrears due amounting in the aggregate to Rupees 87-2-6; and for the continuance of their respective shares to the parties named in the Margin.—	Sanction granted accordingly. Sir,

I have the honor to submit for sanction the claim of Ibrahim Shah Mercoyer of Tuticorin for repayment of Rupees 7-4-8 difference of duty collected from him on "kapsia" No 28 imported at Keelacurray as per Rowanah No 20 accompanying in excess of the Schedule annexed to Act VI of 1844.

2.

In explanation, I beg to state, that prior to receipt of the Sanskrit translation of the Act, I had furnished a translation of it to the Sea Customs in which the article in question was represented as a dye a kind of Chaya root with reference to the interpretation put upon it in the printed tariff for 1842/43, furnished me thro' the Collector of Sea Customs at Madras, and thus duty on the article was collected at 10, instead of at 3½ per cent.

Since

Supplied by Post on the 25th July.

Fort St. George 9th January 1845.

3.

Since receipt of the Government translation, I have instructed the Sea Customers to levy the duty on the article at 3½ per cent.

75 Proceedings thereon.

74-75

The Para 1st of the foregoing letter, the "kapsia" on which a refund of duty is recommended is stated to have been imported at Keelacurray. In that case the duty of 10 per cent levied is in accordance with the Schedule annexed to Act VI of 1844, but the Rawannah submitted by the Principal Collector certifies that the article was exported from Keelacurray to Manar. The Principal Collector will be pleased to explain this apparent discrepancy and to state where the duty of 10 per cent was first levied on importation.

Sir,

I have explanation of Petition in

No.

76 From the Prin. Coll. of Madura Returning Petition

Petition No. 1001 of 18th with opinion that petitioner's claim to receive a certain quantity of paddy for Money paid in advance is untenable, and that he is entitled only to recovery of portion of this advance.-

No. 1001 of 18th, returned, I have the honor to state that pending a favorable opportunity to dispose of the Rammad Grain of Fusly 1253 in public auctory, the Manager of that Estate had authority from me for retail sales for prompt payment, at the daily Bazar rates, which authority was cancelled on the 15th May, when I proposed the General sale in public auctory.-

Meantime, Petitioner made some verbal arrangements with the Ameen of Anoor mungalam Talook and paying Rupees 1050-8-2. into the Talook treasury on the 5th April, obtained order for the grain of two Magazines; and there was delivered of the paddy thus paid for in advance, at different times, to the Amount of 420 Cullums 3 Measures & and 3½ Measures, at 7 12/16 Fanams or Rupee 1-1-8 a Cullum, and the delivery continued even after my prohibition of the 15th May; and he would still have continued it till the whole quantity had been delivered, but for a renewed prohibition from me thro' the Manager, under date the 8th June, communicated

also

also my disposal of it wholesale in public auctory at Rupees 1. 12.- a Cullum.

Now the Petitioner claims 3. delivery of the remaining part of the paddy at the same rate at which a great part had been delivered to him by the Ameen which I refuse, by reason of his having effected it thro' an incompetent authority, in direct opposition to the authority given, and the purity of his own conduct is open to suspicion of collusion from the delay in time of the receipt of the grain: Be sides which the retail price cannot fairly be deemed less than the wholesale price, and there is no agreement to shew that Petitioner was to receive at the low rate mentioned, but it seems understood he was to receive at the Current selling price, that price being of the date of delivery. The Petitioner appears to me to have no claim in law or equity to other than restoration of that portion of advance for which he has not received an equivalent in grain, as has been long ago directed; a fine of ten Rupees to

Fort St. George 9th January 1815.

to the Ameen is all that is competent to me without especial sanction of the Board, and seems sufficient considering the long irregularities of the Zemindary administration

Sir,

2. I am further instructed to point out to you that under Regulation V of 1804 all orders issuing from a Collectors Office, affecting Ameens or other Officers under the Management of a Minor Estate should be directed to the Manager, and by him repeated to the Subordinate. It does not clearly appear from the terms of your letter of reference whether that formal course was followed throughout the present case.

To me they have never pretended ignorance that the Amount was to be collected. I think it will be no indulgence to postpone the sale of their land, but will disturb the minds of those who have paid. I advocated its being again given to him, in common with many others in my address of the 13th September; and the Board's reason for upholding Mr. Drury's resolution, and disapproving of my views will be found in their proceedings

Sec.y to Govern.t communicating Orders and orders on the Board's Proceedings relative to the Settlement of the Land Revenue in the Estates under attachment in the Dist.t of Masulipatam for Fasly 1251.—

Read the following Extract from the Proceedings of the Board of Revenue Relative to the Settlement of the Land Revenue in the Estates under attachment in the District of Masulipatam for Fasly 1251.—

Rec.d 1841. 42.—

Here entered 4th November 1842 No 5277

1. The Seasons having varied much in different parts of the district, those Estates of course experienced the consequences of it, in general however the season dispensed to them has been favourable to all descriptions of produce except Jonna which suffered severely from the heavy rains.—

2. The settlement of all the Estates exhibits a net decrease of 27,695 — 7 — 3. when compared with that of the preceding Fasly which appears to have arisen chiefly in the Dowleswaram Estate and to have originated partly to the low price of Jonna, & partly to the injury done to the Crop by the rains.

98.

28 Villages of the Estate which are so under Annuary thereby occasioning a fall ing off of Rupees 29721 - 15 - 1 - and partly to the Circumstances of the remaining 36 of the 64 Villages which compose the Estate, and which were on rent during Fasly 1250 having reverted to Annuary in 1251 — A change which as the Board of Revenue observe proved "most unpropitious" with respect to the revenue results the decrease in these Villages amounting to 39,955 - 15 - 3 de. manifesting the evils of a temporary Annuary management.

3. With regard to the increase and decrease exhibited in the other Estates respectively it seems only necessary to remark that while the former may be attributed to judicious management and extension of Cultivation the latter was caused by the partial destructions of the Jonna crop and a fall in the price of that and other dry grains, a fact which is accounted for by the large import of Rice from Arracan, having occasioned a diminished demand for them as an article of

of food. The Government will be anxious to learn what effect act VI. of 1814 may have in lessening this import and improving the demand for the local produce.

4. The Government fully concurs with the Board of Revenue in attaching importance to the speedy settlement of the question regarding the Polary taxes in Ellore as brought to notice in the 12th Para of these proceedings and hope that the Collector will make no delay in submitting such information as may enable the Board to come to a decision on the point.

5. It is observed that the Rental of the Vasantawadah Estate, which together with that of Padafundy was attached towards the close of the Fusly under review being Rupees 10,000 it was therefore so entered in the demand which however must be considered as merely nominal, the actual sist being

Settlement of all the attached Estates for a
Permanent Peishcush 3,976- 11- 8.

Under the Circumstances reported in Paras 13 and 14 of these proceedings the most noble the Governor in Council is of opinion that the sale of the Vasantawadah and Padafundy Estates as directed by the Board was the only course that could be adopted in regard to them.

The settlement of the Extra Sources of Revenue in the District of Salem for Fusly 1253. Amounted to Rupees 311,781-11-2. and exhibited on a comparison with that of Fusly 1252 a decrease of Rupees 30,776-11-1 owing principally to a large falling off in the Sayer from the abolition of the Inland and Town Customs three Months prior to the close of the Fusly.

3. It is satisfactory to learn that at the date of the Principal Collector's report there was only a balance of Rupees 1,688—3—0 outstanding of the above demand, and that of this sum the recovery of only Rupees 314 was doubtful.

4. Including Extra Collections and the Collections of arrears and deducting charges, the Net Revenue brought to account in Fusly 1253 was Rupees 2,86,571—5—4 being below that of Fusly 1252; in the sum of Rupees 37,513-11—1.

observes under the Head of Small Farms several items from which to trifling an account of Revenue appears to be annually derived as to render it doubtful if they are worth the trouble and expence of Collection at the risk of subjecting the people to unnecessary annoyance. He therefore begs of desiring the opinion of the Board of Revenue on this point not merely in reference to this district but to all in which similar petty Collections are made.—

To
The Acting Chief Secretary to Government.

Sir,

Para 1. I am directed by the Board of Revenue to request that the correspondence noted in the Margin may be laid before the Most Noble the Governor in Council for his consideration and orders.—

From the Ag Collector of Ganjam 11th Inst: 23d September 1844 Para 60. / Boards Proceedings 11th October Para 4.
From the Ag Collector of Ganjam 16th December 1844 in Cons 9th January 1845.—

To the Ag Chief Secy to Government.
Submitting a correspondence with the Ag Collr of Ganjam regarding the balance outstanding against the Teckally Estate now under sequestration & recommending for favorable consideration certain arrangements proposed by the Ag Collr after communication with the proprietor.—

2. The Teckally estate bears a Peishcush of 49,148 Rupees, it was in possession of the owner from the introduction of the permanent settlement

Settlement, when it was purchased by him for 112,000 Rupees, up to the commencement of the year 1834, when it was put under the charge of the Officers of Government in the hope of arranging quarrels which had arisen in the family. It was retained under Government arrangement till 1838; and from this latter date was in the hands of the owner till its requestration for arrears in January 1844.

3. During the first of the above stated three periods, the Peishcush was paid with much punctuality, and at the requestration in 1834 there was a small balance of no more than 15,693 Rupees, notwithstanding the disastrous season of 1833. During the four years of Government Management which ensued, this arrear was augmented to Rupees 45,301; owing in a great measure no doubt to the calamities of season which during that period afflicted almost the whole of the Northern Circars, as is well known. In July

July 1248 the Estate was given back to the proprietor burdened with this accumulated arrear; but no part was defrayed and new balances arose, which amounted at the close of July 1253 to 61,967 Rupees, reduced by subsequent payments from private sources to 48,026-2-4.

4. The arrangement now proposed by the Acting Collector after communication with the proprietor is as follows; The estate to be released; the arrear which accrued under the owner's last period of management to be defrayed, in addition to the current demand, in two nearly equal annual instalments. and this being done, the Zemindar hopes that the realization of the balance which arose under Circar management will not be insisted on; and that he will be permitted to defray the old balance existing at the date of the first requestration, by easy instalments.

5. This proposal the Board beg to recommend to the favorable consideration of Government. Mr. Smollett has received what he considers adequate security; and the interests of the Government are to be still further

further protected by the maintenance of
Para 11. a Peishcar at the Cutcherry of the Zemindar,
to be paid by him, but appointed by the
Collector. The grounds on which this recom-
mendation is made will be found on Para 11
Decr. 16/44. of Mr. Smollett's last letter; and the Board
fully agree with that Gentleman that the
terms of the engagement are at least as fa-
vorable to Government as equity could
demand; especially with reference to the
known ruinous character of several of the
years from July 1248 to July 1253 — As
an additional ground for recommending
this measure, I am directed to notice the
concluding part of Mr. Smollett's letter.
The claim of the Zemindar there alluded
to is one which the Board are not fully
prepared to allow, but it is one admit-
ting of two opinions, and the eventu-
al abandonment of it may therefore
be considered deserving of some —
acknowledgment.

From the Collector of Masulipatam
Para 1.
Submitting report relative to the reduction of Peishcush on the Bezoarah Zemindary in the Zillah of Masulipatam.

With reference to an Extract from the Proceedings of the Board of Revenue dated the 20th of May 1839 and the papers which accompanied it as specified in the Margin, I have the honor to forward certain accounts and Statements illustrative of the condition, past and present, of the Estates comprised in the Zemindary of Bezoarah in this District.

Extract from the Minutes of Consultation of Government dated 8th January 1839. Extract from a General letter from the Honorable the Court of Directors dated 9th May 1838. Para 63 to 65.

2 In the Extract from the Boards Proceedings above alluded to, it was desired that the Collector, after taking into his early consideration the circumstances and condition of the Bezoarah Estate "should submit his sentiments on the course most proper to be taken to relieve it from its present embarrassments," and should state "the amount of Peishcush paid by the Zemindar on account of each year since her assumption of the

the Estate and to what extent the Proprietor had falfilled the engagements entered into, when the Zemindary was made over to her." The attention of the Collector was also especially directed to the extent of relief which it might ultimately be found proper to allow and to the manner in which this should be applied whether by a permanent or temporary abatement of the Government demand. It was also suggested as a point worthy of consideration whether the Zemindar could undertake to defray the Peishcush in future with regularity if the entire arrear up to the close of Fusly 1248 were written off or whether it would also be necessary to make a reduction from the Permanent Peishcush for a series of years.-

3 I much regret that it has not been in my power to comply with the above requisition at an earlier period after my being placed in charge of this District. The information contained in the Statements and Accounts now submitted, might, it is true have been furnished many months ago, but my time has been so fully occupied until lately with (in addition to the current business of the District) the

the affairs of other Estates requiring immediate attention, that I had not been able to obtain that personal knowledge of the condition of the Bezoarah Zemindary, without which but little weight could attach to any suggestions which I might offer with the view of carrying out the intentions of the Honorable Court for its relief.-

4 The present Proprietor of the Bezoarah Zemindary is C Latchmenursamah, widow of the late Zemindar C. Vencatarama Gopaul Jagannadarow, and sister in-law of the Nuzzeed Zemindar in whose family she has resided since the death of her late husband. The Zemindary has been in her professsion since 3d January 1838 when it was made over to her on the Nuzzeed Zemindars security for liquidation of a balance of Rupees 68,476-9-11 to Government, by 10 yearly instalments and on his paying down Rupees 40,000 to satisfy the private Creditors. Previously to that date the Estate had been under Circar Management from Fusly 1240 when it was attached in the first instance A.D. 1830/31 for an arrear of Rupees 8316-1-. due by the late Zemindar who died shortly after the attachment, on the 12th April 1831. From that date until the end of 1836 the property was continued under management in consequence of the widows Minority which expired on 11th September 1836 and the

the heavy balances then due to Government precluded its being made over to her immediately until she was enabled to do so by the arrangements concluded with the Noozeed Zemindar as above stated in January 1838 (Fusly 1247).-

5 The balance of Peishcush due to Government on the 3rd January 1838 (Fusly 1247) when the Estate was made over to the present Zemindar was Rupees 14,9762-11-. of which as noticed in the foregoing Para, the Noozeed Zemindar engaged that a portion amounting to Rupees 68476-9-11 should be paid off by instalments in ten years as shewn on the Margin and the remainder amounting to Rs 81,286-1-1 was written off under sanction of Government dated 15th December 1837 in consideration of its having accrued during the Minority of the Zemindar. In addition to the instalments due on account of arrears the Noozeed Zemindar became security for the punctual payment of the Current Kists of Peishcush on the Bezoarah Estate.-

6- Not only was it found impracticable from the commencement to realize the instalments of arrears as they became due, but a large portion of the current demand fell in arrear in the two first years of the Zemindars Management, the Demand for Peishcush at the close of Fusly 1248 A.D. 1838/39 inclusive of the 1st instalment of arrears being Rs 30,643-12-9 as shewn in the Margin. On account of this the Zemindar executed a Kararnamah on the 7th November 1839, also guarantee by the Noozeed Zemindar, by which it was stipulated that the amount should be made good in addition to the instalments already promised by the close of Fusly 1253 A.D. 1843/44 by annual payments as exhibited in the annexed Memorandum.-

9. Repeated representations appear to have been made by both the Zemindars in reply to the demands issued upon them for payment of these balances; to the effect that the disastrous consequences of the famines by which the Estates had been devastated had put it out of their power to do more than appropriate the surplus which remained after defraying the usual charges to the liquidation of their debts; and the knowledge that their case was considered in higher quarters to be deserving of consideration; and that some abatement of Peishcush might be ultimately conceded, appears to have deterred the authorities from putting the Regulations in force for the recovery of arrears whilst at the same time I am inclined to think that this forbearance has had the effect of rendering the Zemindars less strenuous in their exertions to retrieve their circumstances than they otherwise would have been. It is high time therefore that some definite arrangements should be made and that after

after such indulgence may have been granted as the circumstances of the case may appear to call for, the demand which may be ultimately fixed should be rigidly enforced for the future. It remains therefore to consider from the accounts now submitted to what extent, and what manner the relief which is certainly most urgently called for should be applied.-

Total	47,917	15	11

11,734-15-11 making the total Peishcush payable by the Bezwarah Zemindar amount to Rs 47,917-15-11.

12 Statements Nos 1-2-& 3 which accompany this report will shew the number of Ploughs and Ryots, the extent of cultivation and the quantity of produce as well as the gross demand and Collection from Fusly 1212 (A.D 1802/3) to fusly 1253 (1843/44) in the Divisions of Bezwarah, Joodjoor and Chemalapauty Samut respectively. It will be observed that from Fusly 1212 (A.D 1802/3) to 1224 (A.D 1814/15) the Estate was in the hands of the Zemindar Venkatanursimharow; at his death it was taken under management of the Court of Wards, owing to the minority of his son Venkatarama Gopaul Jagunnadarow and so continued for 12 years from Fusly 1225 (A.D 1815/16) to 1236 (1826-27). During each of these

periods the Peishcush appears to have been realized in full. From fusly 1237 (1827-28) to 1239 (1829-30) the Estate was in possession of the late Zemindar. From 1240 (1830/31) to 1246 (1836/37) it was under attachment under the circumstances noticed above in Para 4 and from fusly 1247 (1837-38) to the present time it has been in possession of the present Zemindar.-

13 The subjoined Statement exhibits at one view the average amount of Jist and Collections on each Division of the Bezwarah portion of the Zemindary for the different periods above noticed, and it will be seen from this that the resources of the Estate have so lamentably fallen off during the last 14 years, that the average Collections of the two last periods do not come up to one half of the amount on which the permanent Beriz was originally fixed.-

Fort St. George 13th January 1845.

To

Sir,

I am directed to transmit herewith a Statement of the Revenue Remittances &c. for the Fusly year 1254 and to request that you will be pleased to cause the Collections in the Sudder Cutcherry to be made with the utmost punctuality.

2. Your Predecessor was informed in his Letter of the 22nd May 1844 that the Average of the Collections for the Fusly years 1237 to 1239 would be considered as the Standard Jummabundy for the Fusly year 1254 and that the Collections would be expected to be made accordingly.

3. The Collections of the Fusly year 1253 have fallen short of the Standard Jummabundy by Rupees 2,292 - 6 - 11 which will be deducted from the Jummabundy of the Fusly year 1254.

4. The Returns of Collections and Remittances for the Fusly year 1253 have been received and the Balance Sheet of the Fusly year 1252 has been passed.

I am &c.

16 Chemulpaudy sumtoo the 3d portion comprized in the Bezorah Estate, consists of Mocassah Villages the resources of which at the time when the Permanent Peishcush of Rupees 36,183 was fixed on the whole Estate were calculated at Rupees 2,580-15-3- It appears however that all the revenue derived by the Zemindar from this Mootah is the Mocassah Beriz which was fixed in perpetuity long before the permanent Settlement was made by the Circuit Committee and which amounts to the inconsiderable sum of Rupees 577-8-, which has of course been punctually discharged by the Mocassadars up to the present time-

Crocodiloo Mootah

17 The Crocodiloo Mootah as has been before stated was purchased by the Father in law of the present Zemindar in Fusly 1223 A.D. 1813/14 having previously formed portion of the Charamahl Zemindary from which it was detached and sold in consequence of an arrear of Peishcush falling due by the Charmahl Zemindar C. Sobanadry Row-

18. The average gross Collections from the Crocodiloo Mootah from A.D. 1776 to 1783 as shewn by the accounts of the Circuit Committee upon which the Permanent Peishcush of the entire Charmahl Zemindary was fixed appear to have amounted to Rupees 17,786-6-10 and the Peishcush of this portion of the Estate if calculated in the same manner as that upon the whole Estate would amount to Rupees 11,857-9-6. or two thirds of the gross

gross Collections- At the time of the sale however Sub Division Accounts were prepared and with a view of determining the amount which should be fixed on the portion sold, an average was taken of the Collections from the whole Zemindary for 5 years from Fusly 1217- to 1221 and because it appeared that these Collections were below the Peishcush, the deficiency was made good by an addition of Rs a P 2-11-8 per Cent and the Peishcush thus fixed upon the Crocodiloo Mootah amounts to Rupees 11734-15-11- which constitutes the present demand.

19. Up to Fusly 1241 A.D. 1831/32 the Peishcush upon this Mootah was realized in full, tho' as may easily be imagined from what as above stated as to the data on which it was fixed it exceeded in many years the amount of Collections which remained after defraying the Current Charges of Management Vizt But from Fusly 1242 A.D. 1832/33 to 1246 A.D. 1836/37 under Fusly Management a balance of Rupees 22,243 3-11- accrued and altho' a remission of Rupees 13,657-7-5 was allowed in consideration of the Famine of Fusly 1242 A.D. 1832/33 the arrears have subsequently continued to accumulate until at the close of the last Fusly they amounted to Rupees 55,399-8-1.

Statement No 8.

20. Statement No 8 exhibits details of the resources, Sist and Collections on the Crocodiloo Mootah from Fusly 1223 A.D. 1813/14 to the close of Fusly 1253 and the subjoined Abstract exhibits the averages for the different periods during which it has been under the Management of the Zemindar and the Government- Since the date of its forming part of the Bezoarah Zemindary

21 It has been noticed in a foregoing para that the gross resources of the Crocodloo Mootah according to the accounts of the Charnakt zemindary laid before the circuit committee from A.D. 1776 to 1783 were calculated at Rupees 17,786-6-4 per annum. It appears however on examination that in this sum are included two items which no longer form assets upon which the Permanent Peishcush should be calculated. One of them is Rupees 1034-13-9 the estimated gross resources of the Village of Gonnoor which now belongs not either to the Crocodloo Mootah or the Charamakt Estate but forms part of the Chavendrapa Mootah lately made over to the Noozeed Zemindar and the other Rupees 2,084-14-9 is the revenue formerly derived by the Charnakt Zemindary from Salt

Salt the manufacture and sale of which is at the present time monopolized by Government. The gross resources after deducting the above 2 items would amount to Rupees 14,666-9-10. which at the usual rate of Calculation would leave Rupees 9,777 11-10. as the Permanent Beriz to which the Crocodloo Mootah should have been liable as portion of the Bezarah Zemindary and even this is an exceeds of the average Collections of the last seven years as exchibited in the statement subjoined to the foregoing para-

Resources as per Circuit Committee's accounts — ₹	17,786-6-4

An account of Gunnoor ₹	1034-13-9
Salt — ₹	2,084-14-9
	3,119-12-6
Remaining resources —	14,666-9-10

22. Statements No. 6 and 7 of which an abstract is subjoined will shew the actual receipts and disbursements on account of Bezarah and Crocodloo respectively since the Zemindary has been in the hands of the present proprietor- The Demand Collection and Balance on account of Peishcush from Fusly 1212 A.D. 1802/3 to the close of the past Fusly is exchibited in Statement No. 8.

From

23. From the foregoing Statement it will be perceived that the disbursements on account of the Bazaarah portion of the Estate since it has been under the present proprietor's management, have absorbed, not only the whole of the actual Collections+ which barely exceeded the amount paid for Peishcush alone, principal and interest, but likewise a large sum of money borrowed from different sources, from which were defrayed the expences of the wages of Servants Zemindars subsistence Vca and those requisite for carrying on the Cultivation+ and repairs to works of irrigation Vca and small as indeed was the sum found available for liquidation of the private debts as regards the Proceeds Mootah it appears that with the exception of Rupees 10057-2-7 + disbursed in liquidation of sums advanced by the Roozeed Zemindar Vca on account of the other portion of the Estate and which payment bears but a small proportion to the aggregate of the sums so advanced the whole of the Collections have been appropriated to payments on account of Peishcush and the charges of Management and Zemindars subsistence.

As regards the assets of the Mocassak Villages it has already been observed that 5 of them forming the Cheemalapauty Duntoo were calculated as possessing resources to the amount of Rupees 2586–15–3– of which two thirds or Rupees 1720–10–a were fixed as the permanent Peishcush leviable on their account whereas the whole profits derivable from them by the Zemindar amounted only to Rupees 577–8–a being less by Rupees 1143 2–a– than the amount at which they had been assessed.

In the same way as regards the remaining Mocassak Villages on which the Gross resources were taken at Rupees 1498–3–8 and the permanent Beriz fixed at 2/3ds of that sum or Rupees 998–13–a the actual revenue derived from these Villages by the Zemindar was only Rupees 388–13–a being Rupees 610. below the amount at which he had been assessed on account of them The aggregate extra assessment arising from the abovementioned two items is Rupees 1753–2–a which if deducted from the total demand on Bezoarah would reduce it from Rupees 36183 to 34429–14–a These particulars

particulars are merely noticed with the view of shewing that the Estate had from the commencement laboured under the effects of an over assessment. The accounts now furnished are amply sufficient to shew that if it is wished that the Zemindary should remain in the possession of the present proprietor a much more considerable reduction must be allowed than the adjustment of these items of over assessment would involve.

26. In the Extract from the Minutes of Consultation dated the 8th January 1839, which accompanies the Board's Proceedings alluded to, at the commencement of this report it is stated that "there is no reason to believe that any of the Estates in the Northern Circars have been over assessed" Vera Vera This remark I would respectfully submit must be taken (certainly as regards most of the Estates which have come under my observation in this District) with some qualification. It may be true that the assessment originally fixed was not greater than, at the time, the Estates were able to bear but it can hardly be contended that after the succession of

adverse

adverse seasons which have visited the Northern Circars, and with the prices of grain bearing the very small proportion which they now do, to those which then existed these Estates can reasonably be expected to yield the Peishcush originally imposed upon them; else how is it that I am at this moment under instructions to furnish information with a view to the modification of the assessment on the Estates of Maramalle and Nedadavole, that the Vaseneddy Estates have been for so long a period evidently incapable of affording any thing like the full amount of Peishcush, and that I find it of no avail as I shall shortly have to explain to the Board I endeavor to carry out the instructions lately conveyed to me in regard to the Dawercottah Estate, being fully convinced that unless a reduction of Peishcush is conceded, the property will not remain in the Zemindar's hands a single season. It is useless to disguise the fact, which a very transient glance at the accounts of these Estates must disclose that the pecuniary of many of them have for a series of years been utterly insufficient to ensure a punctual realization of the Government Demand on them and that they must therefore inevitably revert in a short time to Government unless some reduction and that of a permanent nature be made without further delay

H.G.R.

26. As regards the Estates under immediate discussion it has already been shown that in both the Bezoarah Estate and the Mootah of Coroodoo, certain items had been included in the assets on which the permanent Beriz was originally fixed, which ought to have been excluded, and by which consequently the said Beriz was improperly augmented. Moreover that since the Estate was last put in possession of the present proprietor she has been obliged to contract large debts to enable her to pay the small portion of Peishcush which has been realized on the Bezoarah portion of the Zemindary. The annexed averages will show that for the two last periods of 7 years each the gross Collections in the last mentioned portion of the Zemindary have fallen below the Government demand, in the former by 15,604-6-3 and in the latter by 12,456-4-10 Rupees and that the average last

28.

Assuming the charges to amount to the average of the different periods shewn in the Margin of the foregoing para or Rupees 7,951-4-7. it would be many years before the Zemindar would reap any benefit from the difference between that sum and the portion of the gross proceeds assigned to her under the present arrangement for fixing the Peishcush, as it is hardly to be expected that the Estate will be found capable of immediately on satisfying all demands even at the reduced rate of Peishcush now proposed.-

In advocating a reduction in the Peishcush of this Estate to the extent above mentioned, I have been guided as much by the manifest disadvantages under which it labours from its local situation, which have been oft times pointed out to the Board, as by the deteriorated state of its resources from famine and other causes, and for this reason I would strongly urge that the relief granted should be of a permanent nature for although the amount now suggested, is as I conceive, somewhat more than the Zemindar can, without much inconvenience, discharge in full at present, yet I feel confident that the stimulus to her exertions

exertions for the improvement of the Estate, and the confidence of the Ryots, would be greater from knowing that the demand, tho' under existing circumstances rather high, cannot be exceeded, than would be the case if a higher rate of demand were fixed as the ultimatum, to be approached by gradually increasing payments, even tho at the commencement a certain degree of relief might be experienced by the payments being fixed at a lower rate than the amount now recommended as the permanent demand.- Of the amount of arrears which it would be expedient to remit I shall have to speak presently after considering the abatement which should be made in the permanent demand on the Coroocolloo Mootah, as I conceive that it must be obvious that the mere striking off of arrears, would have little effect in enabling the Proprietor to retain possession of her Estate, so long as the annual demand remains fixed at a rate which precludes a hope of her being able in any ordinary year to discharge it.-

Coroocolloo Mootah.

30. The items which formed the estimated Resources of the Coroocolloo Mootah, when it belonged to the Charnakk Zemindary,

and the data upon which the permanent demand was fixed at its present amount when the Mootah was first transferred to the Bezoarah Zemindary, have already been noticed, and it has been shewn how the exclusion of two items which should not have affected the amount of the present Peishcush would have reduced it from Rupees 11734—15—11. to Rupees 9777—11—10.—

31. In estimating however the amount of relief which may reasonably be extended under the present circumstances of the Mootah, regard should rather be had to the revenue which it has yielded since it became a portion of the Bezoarah Zemindary than to the estimated resources of a long antecedent period, and with this view I would request attention to the subjoined Statement, which shews the average sist, collections and charges for different periods, and under different systems of management since fusly 1225—

33. Upon the whole I consider that a sum of Rupees 9300 is the utmost that can be expected to be derived as Peishcush from this portion of the Zemindary and it may be judged from the annexed Memorandum

endulgence in perpetuity, with a remission of a portion of the large balances outstanding, I see little reason to doubt that the property may be brought into such a state of improvement, as to remove all apprehension of the proprietor failing to discharge the proposed Peishcush with punctuality.—

Arrears Peishcush.

35 The balance of Peishcush outstanding against the Bezoarah Zemindary to the close of the past fusly amount to the large sum of Rupees 208079—9—7. This includes Rs 8 of this report, which the Zemindar on the security of her brother-in-law Sobanadry Appiarow had agreed to pay by instalments between fusly 1249 A.D. 1839/40 to 1257 1847/48 but which agreement, owing to the embarrassed circumstances of both parties, they have been utterly unable to fulfil. The instalments due under this agreement amount to Rupees 65.0.0 and a further sum of Rupees 115079—9—7 has accumulated since fusly 1249 A.D. 1839/40 making the total amount for which the Soozeed Zemindar is at present responsible Rupees 180079—9—7.

J.

36. I can see no reason whatever to suppose that the Soozeed Zemindar, in offering to guarantee the punctual payment of the instalments alluded to above, was actuated by any other motive than good will towards his relative, and a wish to prevent, if possible, the ancient possessions of her husband from passing out of the family. It has already been noticed that he advanced a large sum in satisfaction of the demands of the private Creditors, for which the greater portion, if not the whole of the Estate, must otherwise have been sacrificed, and the accounts shew that since the Zemindary has been put in possession of the present Proprietor, he has made frequent advances to enable her to pay even the small proportion of the Peishcush which has been realized. At the time of his offering himself as security, he entertained sanguine hopes, as he has frequently represented to me, that under the management of the proprietor the Estate would improve, so as to enable her to liquidate the arrear without his assistance, but subsequent events have proved the fallacy of these hopes, and now his own Estates have

have fallen so far in arrear that it has been found necessary to write off the greater portion of them, and he is at this moment, I am told, negociating loans for the payment of his own Peishcush to the Government.

37. Under these circumstances and as moreover it does not appear that any part of the Collections from the Bezoar Zemindary have been misappropriated either by the Zemindar or her security, I would suggest that the whole of the arrear which accrued prior to the Estate having been made over to C. Lutchmeenarsamah amounting to Rupees 68,476 — 9 — 11 should be remitted, and that the arrears which have since accumulated should be calculated at the difference between the actual amount of Peishcush since realized and the

which the Zemindar ought to find no difficulty in liquidating by thirteen annual instalments.

38. As however the experience of past years has rendered it abundantly manifest that difficulty will be for some time experienced in realizing from the Zemindary even the Peishcush at the reduced rate now proposed, it would hardly be allowing the Zemindar a fair chance of retaining possession of her Estates if it were insisted upon that she would immediately commence payment of the instalments of her arrears, in addition to the current Kists. I would suggest therefore that she be allowed to defer the commencement of these payments for 5 years (until fusly 1257 A.D. 1847-48) which will afford ample time for developing and improving the resources of the Estate. In the mean time should it be found that the payments made by the Zemindar do not for the current year approach some what nearer to the total present demand than they have hitherto done, and at all events come up to the amount to which it has been suggested that the Peishcush be reduced, I would recommend that no further indulgence be shewn, but that the Estate be at once taken under management on behalf of the Government.

which the Zemindar ought to find no difficulty in liquidating by thirteen annual instalments.

38. As however the experience of past years has rendered it abundantly manifest that difficulty will be for some time experienced in realizing from the Zemindary even the Peishcush at the reduced rate now proposed, it would hardly be allowing the Zemindar a fair chance of retaining possession of her Estates if it were insisted upon that she would immediately commence payment of the instalments of her arrears, in addition to the current Kists. I would suggest therefore that she be allowed to defer the commencement of these payments for 5 years (until fusly 1237) when will afford ample time for developing and improving the resources of the Estate. At the same time should it be found that the payments made by the Zemindar do not for the current year approach some what nearer to the total present demand than they have hitherto done, and at all events come up to the amount to which it has been suggested that the Peishcush be reduced, I would recommend that no further indulgence be shewn, but that the Estate be at once taken under management on behalf of the Government.

From R. T. Porter Esqre. Collector of .... Masulipatam ....

Sir, Para. 1. With reference to your letter of the 11th. October last authorizing the sale of Vasuntawadah Mootah, I have the honor to report for the information of the Board, that the Estate was sold on the 23d. Instant to the highest bidder for the sum of Rupees 35,400.—

2. As the purchaser, Rajah Bommadavarah Nagunnah Naidoo Zemindar of Vulloor, has made the usual deposit of 15 per Cent and tendered a deposit for the payment of the remainder on the receipt of the Board's sanction, I request that the sale may be confirmed, and that I may be allowed to put him in possession of the Estate as soon as the purchase money has been paid.

Ordered that the following letter be sent in reply.—

To, The Acting Collector of Guntoor

(23)

To, the Actg. Collr. of Guntoor ....

Sir, 1. In acknowledging your letter of the 23d. October 1844, I am directed by the Board of Revenue to inform you that the whole of the charges shown in the list which accompanied it will require the special sanction of Government. But as the details there given are not sufficient to enable the Board to submit them for sanction in their present form, you are requested to prepare a regular Statement shewing the objects for which these charges were incurred; and in the Case of those payments which were made by the Zemindar, in what manner the surrender of the Zemindary renders the Government responsible for them. In future you will not incur any law charges without the previous authority of Government, except on occasions in which delay would be inconvenient

suggesting the scales and weights required for the use of the Salt and Sea Custom Departments may be supplied from Madras.

Sir,

I have the honor to acknowledge the receipt of your letter of the 5th. December last, regarding the introduction of the Indian Maund of 3,200 Tolas as the standard weight in all Government transactions which will infuture be adopted.

2. Referring to the 2d. Para of the letter under reply, I beg to inform you that with the exception of one Set of scales at Nellore, there are none belonging to the Sayer Department. The

Fort St. George 13th. January 1815.

3. The scales used for the export: tation of Salt to Calcutta and Chittagong of which there are 7 Sets, have been made available by the adjustment of the weights to the Indian Standard of 3,200 Tolas. The weights being as follows, each set containing.-

	lbs.
1 — Weight	56
1 — D°	28
1 — D°	14
1 — D°	7
1 — D°	4
1 — D°	2.

I have endeavoured to ascertain if the scales and weights, 10 Sets, as applied for in the letters of the 15th. May and 28th. September last, could be made up here, but owing to the want of skilful workmen scales cannot be made, and the price demanded for the weights alone being so heavy, 1080 Rupees, that I beg to suggest they may be supplied from Madras for even if made up in Nellore, they would not be ready under many Months.-

To the Acting Pl. Collr. of Nellore ... }

Sir,

With reference to the letter from this Office of the 5th. Ultimo, and to yours of the 9th. Instant. I am directed by the Board of Revenue to inform you that a reference being now before Government as to the expediency of selling Salt by a measure made to contain a Maund of dry salt instead of by weight as provided by Act VI of 1844 it is desirable that until that question is decided no change should be made in the practice hitherto obtained in your District in respect to Salt.

May last, for a + model of the scales found in practice the most useful, as well for receipt as delivery of Salt. Also the intermediate weights from heaviest to lightest, with intimation of the metal or Material of which the Government would wish them to be made; my own opinion being decidedly in favor of Brass, but I apprehend the Government might demur at an estimate for weights of such metal in 17 plat-forms.

From the Asst Collr of Cuddapah

Requesting the sanction of the Bd of Revenue for the payment of the Commission to the Darogah at 3 per Cent & at 2 to the Vender on the Monthly sales of Stamp Papers.-

Sir,

1. By the arrangement hitherto in force for the distribution of the Commission of 5 per Cent on the sale of Stamps, the Stamp Darogah drew 2 per Cent on all sales, while the Vender in the zillah Court received 3 per Cent on the sale of Revenue Papers only/the average receipt of the former being about Rs. 40 per Mensem, and of the latter about Rs 30/ since the abolition of the Sayer, however, the relative proportion of the Commission drawn by these parties has been quite reversed, and the Darogah's Commission has been as much less than that of the Vender as it was formerly in excess of it.-

2. The situation of Stamp Darogah is one of much greater responsibility than that of Vender in the Court, and the former is required to furnish security to the amount of Rs 5,000 while that required from the latter is only for Rs 1000. I think therefore that in justice to the Darogah a revision should be made of the present System of distributing the Commission so as to make the amount drawn by each party have the same relative proportion as formerly. For which purpose, I request the sanction of the Board to pay the Darogah at the rate of 3 per Cent, and the Vender at the rate of 2 per Cent on the Monthly sales.-

Sir,

In reply to your letter of the 3d Ultimo I am directed by the Board of Revenue to inform you that the Board agree with you that some change is desirable in the present mode of remunerating the Stamp Darogah and Zillah Court Vender at Cuddapah. The change which you propose is not quite clear; but the Board suppose it to be, to give to the Darogah 3 per Cent on papers sold by the Vender, and 2 per Cent on papers sold by the Tahsildars, and to the Vender 2 per Cent on papers sold by himself. Before [illegible] this arrangement the Board wish to have before them some estimate of its probable operation, as it appears to them likely to produce too great a relative reduction in the Vender's Emoluments.

the 21st Ultimo, and to supply the information therein called for on certain points regarding the Shrotrium Village of Erragoodepully.—

2. The Head or mouth of the new Channel referred to, is undoubtedly in the Shotriemdar land, but the stream which supplies it with water is certainly in some measure connected with the Yerrabulla Tank although as will be seen indirectly or remotely.—

3. The Yerrabulla Tank is so unfavourably situated from the loose and marshy nature of the soil in its site that water never remains long into but disappears sinking into the soil. The ground in its vicinity on all sides as well as below the Tank is of the same marshy description and full of numerous springs which unite originate the stream in question. After proceeding for some distance, the main part of the water of the said stream is turned by a Dam or Anicut across it into the great Poolavoy Channel while a diminished stream continues and entering the Yerragoody pully Shrotriem lands at a total distance of 2 Cos or Five Miles from the Yerrabullah Tank But passes through the centre of the said

Fort St. George 13th January 1865.

said lands and finally joining another stream flows into the Pennaar.—

4. When the Yerrabulla Tank burst upwards of 20 years ago the water escaped to the Pennaar by its natural course of the lowest level and flooding the stream choaked up the old Channel which opened from the left bank, and the Shotriemdar abandoning it excavated a new Channel from the right bank there not only being on that side a much larger quantity of land suited for irrigation but the Village also being situated there.—

5. It will thus be seen that although the water is derived from sources in the Cirkar land and flows thence into the Shotriem lands as indeed must always be the case with exception of Salapareshu Channels, a mode of obtaining water for irrigation only available in a few localities peculiarly suited for it yet that the Shotriemdar's operations have been entirely

entirely confined to his own limits the
his right to the water has not been qua
:tioned, but only the right to irrigate a
greater extent and different portions of
land by it now to what he did at the
time of the survey and that the charge
in the description of Cultivation is no
of recent date but has existed unques
:tioned for more than 20 years.-

6. The present case having
come accidentally to Mr. Ashton's notice
the issued the order for levying of the ad
:ditional Cess which the more I consider, it appears
the less in my humble opinion to be
sound and judicious being in fact a
straining and extending of the letter
quite at variance with the spirit of the
rules hitherto in force under which ad
:ditional Cess has been charged for the
use of Circar water in irrigating lands
not previously entitled to it. The in
adoption of this order as a rule would
be tantamount almost to a total pro
:hibition of all improvement in
irrigation

J.G.B.

Fort St. George 13th January 1845.

irrigation otherwise than by digging new wells on the part
of proprietors of Enam Villages and would cause the neg:
:lect and eventual, if not immediate, abandonment
if all such improvements already made, for when such
works fell out of repair the Proprietors would not be
likely to restore them, but would naturally endeavour
to devise other means of obtaining for their own use increas:
:ed returns from their lands, so that while much loss
might be caused to the Enamdars little or no perma:
:nent advantage would be secured to the Circar —
The rule if adopted would apply with equal force
to Tanks as to Channels. The more or less remote sour:
:ces of all supplying streams for Tanks as well as
Channels are in the Hills which belong solely to the
Circar, and Consequently every proprietor who by raising
and extending the bund of his Tank has been enabled
to retain in it the surplus water which was formerly
allowed to escape and be wasted, would be liable to
additional Cess for any extension of wet cultivation
thereby obtained on the plea of the additional sup:
:ply being of Circar water. —

7- I am unable at present to state

Fort St George 13th January 1845.

state what number of similar cases there are as there is no record of them in my Office, but I have no doubt that there are in every Talk numerous instances of Proprietors having improved the means of irrigation at their disposal by spe-cuts within the limits of their estates without a-ditional Cess having been hitherto demanded in any instance. I can have an account of them prepared if the Board wish it but have not hitherto done so being unwilling unnecessarily to unsettle peoples minds and cause alarm and di-tress to individuals. In the first instance proba-only a portion of such changes would be brought to account but if declared liable to assessment they would no doubt soon be all brought to light through the Complaints of individuals —

8. I do not however anticipate that the Board will give their sanction to the adoption of a new Rule so questionable, at least, so it appears to me, in point of justice as well as of policy. —

Proceedings thereon. —

Directing that the additional assessment imposed on the Shrotriemoor of Erragoodepully in Cuddapah for fusly 1253 on account of a Channel cut by means of which he extended the wet cultivation in his Shrotrium be discontinued, & authorizing the Agt Collr to return the amount Collected on that account.

From Collr Dec. 1844 - P. 3. in Cons. 13 January 1845. Para 4.

From this letter and the former papers it appears that the Madoor or stream from which Petitioner Codundapany Balacharlo cut the new Channel by means of which he extended the wet Cultivation in his shrotrium village, is the refuse of the two Government works the Yerrabulla tank, and the Poolevendlah ancient. and that it cannot in any sense be said to be beneficially dependent on those works. It further appears that before the channel was dug the whole of the water of the Madoor flowed into the Pennaar river, so that no existing works of irrigation are deprived by it of their supply. It is also expressly stated by Mr Inglis that no Complaints of such injury have ever been brought against Petitioner. The Board have also ascertained from their records a point on which Mr Inglis reports are not clearly explicit Viz. that Erragoodepully is a Kayem Jodie shrotrium, that is, a fixed and invariable rent is paid for the whole village, containing an ascertained extent of land.

The Board hold it as a general

2.

Principle that a person in this position is

Fort St George 13th January 1825.

is entitled to increase the productiveness of his prop[erty]
by any works of irrigation executed within the limi[ts]
of his Cmand, provided no existing rights are ther[eby]
infringed, and that such improvement of his
property does not subject him to any additional
demand - The usage in Cuddapah appears to b[e]
in accordance with this principle, and Mr
Ashtons order in the case of Curagoo dipully was
opposed both to general principle and to the
analogies afforded by his own district. —

3. The Board accordingly direct that
the additional assessment imposed in July 182[4]
be discontinued, and as the Amount collected
on that account /Rupees 122-9-11/ has been kept
in deposit and not brought to account, they auth-
rize the Acting Principal Collector to return it to
the Petitioner. —

Ordered that Extract of the forego-
ing Proceedings be transmitted for the information and
guidance of the Acting Principal Collector of Cuddapah
who will be pleased to furnish Petitioner Balachetty
with a Copy of them, for his security, and s[ati]s-
satisfaction. —

From the Table given in Para 1 of the Report it appears that the total Settlement of all the Extra sources of Revenue for Fusly 1253 A.D. 1843/44 fell short of that of the previous year by Rupees 47,636-3-6 the result of a decrease in the Salt, Sayer, Sea Customs, Stamps, and Moturpha, althô there was an increase of Rupees 12,390 in the Abkarry, and a trifling sum of Rupees 89-8-1 in the Sundry small Farms &c. in excess of the preceding Fusly.—

This decrease is stated to have arisen partly from the falling off in the sales for Export by Sea to the Eastern Ports and to Pondicherry, that Government having taken 77-15 3½ less in this, than in the preceding Fusly, and partly from the failure of the new Salt in consequence of unseasonable rain, besides a gradual falling off in the sales for home consumption as exhibited in Statement No. 8 accompanying the Statement No. 8—

To the Collector of Madras.

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 9th September last, reporting on the claims of certain parties to a spot of ground situated in Mearsaibpetah.

2. The land in question seems clearly to have been held by the three Sisters Laura Begum Mastra Begum and Igida Begum on Exemption certificates issued by the then Collector since the year 1822, on the condition of appropriating the produce for the support of a Charity Mosque and Choultry, but which you represent in para 2 of your letter under reply to be no longer in existence. As it appears that the object for which the Quit rent was remitted is not now attained and that the Grantees state they are unable to appropriate the future profits arising from the land to the charitable purposes above alluded to the Board request that you will report if there are any circumstances connected with the land with the exception of the Burial Ground sufficient to entitle it to further exemption from the usual Quit Rent.

3. As it appears from your enquiries that the parties named in the Petition entered aside are only the Tenants of the Grantees, their application for a fresh appropriation of the income arising from the ground for the support of a Charity school is wholly inadmissable.

Submitting with reference to the Extract from the Minutes of Consultation dated 24th September last, a letter from the Collector of Malabar furnishing further information regarding a tract of Forest land in Wynaad applied for by Mr. Cowley. [Here Enter 28th October 1844 No. 301]

Para 1 The Most Noble the Governor in Council having had under consideration all the circumstances brought to notice in the correspondence

correspondence above recorded is pleased to resolve, that the tract of Forest land in Wynaad referred to in the letter of the Board of Revenue Dated 22d July 1844, No. 313, be made over to Mr. Cowley as proposed by them upon the Payment of 3,000 Rupees for a period of 21 years upon a Pepper corn rent, renewable for a further period of 14 years on the same terms after which this tract will be subject to the ordinary land tax of the District.

2. The Board of Revenue will be pleased to prepare immediately in communication with the Company's Law Officers a Deed of Lease which shall contain the following stipulations.

That one third of the lands granted shall be cleared within the first five years and the whole of the cultivable lands cleared and brought under cultivation within the first ten years of the tenure.

That on failure the lands not cleared and cultivated shall revert to Government.

That the right of the Government to take any portion of the land for High ways or other public purposes to all Mineral products, to all streams, and to the distribution of water for irrigation, as well as the right of way to the community both for Men and Cattle be reserved.

That the Grantee erect Boundary marks and keep them in order.

That

That no part of the land not brought under actual cultivation shall be subject to sale or transfer the Lease to be subject to the eventual confirmation of the Honorable the Court of Directors.

8 The Board will communicate these instructions to the Collector who is authorized to allow Mr. Cowley to enter upon possession at once if he should wish to do so upon the foregoing terms and he will require him to signify his determination for report to the Honorable Court.

4. The Government will be prepared to reconsider these terms, if there should appear to the Board or Collector any valid objections as they are anxious to give every due facility to the application of European Capital and intelligence to the soil of the Country and to the developement of its resources.

Q. In what Language will you give your deposition?

A. In Telloogoo.

Q. State when and on what account and by what authorities you were granted a pension Certificate where the pension Certificate is, from how long and what amount you are receiving and also what your age is.

A. About 30 years ago an European Vessel arrived at this Port, and my eldest son Cumiah and V. Pydeegaudoo were deputed by the Captain to carry an English letter to the Gentlemen, that were on board the ship, which they having done, a tempest arose, and the Vessel being unable to remain in the roads parted from her cable and sailed off. Previous to this my son was lowered into the Catamaram and both my son Cumiah and the abovementioned Pydeegaudoo perished in the Sea from the tempest. after this I and the widow of the said

The widow of the above Pydeegaudoo has also drawn her pension regularly to the period of her demise - when the Pension was bestowed on me I solicited of the above Gentlemen, that a certificate may be granted me but they declined to grant it on the grounds that I would not be able to preserve it and that it was likewise unnecessary as the grant was recorded in the Diary and they have assured me that there would be no impediment by a change of the Gentlemen in authority - My age amounts to about 70 years.

Sir,

From the Acting Collector of Rajahmundry 28 Para 1

Reporting upon Petition No. 1005 of 1844, from the Zemindar of Cattaum regarding the remission claimed by him for lands occupied in making the high road &c. through his said Estate

Ans. 1st 2.

I have the honor to reply to your letter of 16th September, calling upon me to state what is the amount of remission claimed by the Zemindar of Cattam for land occupied in making the high road from Madras to Calcutta, how far his claim is in my opinion well founded, and under what circumstances it has remained so long in Abeyance.

The enclosed statement contains an abstract of the Petitioner's claim, and of the result of my enquiry as to its correctness. The Petitioner asks for a refund of Rupees 1472 3/4 on account of past Fusslies from 1232 to 1251 A.D. 1822/23 to 1844/42 and an annual remission from the latter date at the rate of Rupees 210-7 per annum. I find from actual measurement that the extent of land within the Cattam limits taken up for the public road and for the purpose of facilitating the progress of the posts

Fort St. George 16th January 1845

posts amounts to Pootees 20–11–7/4 of which
however Pootees 11–17–10 3/4 never Did and are
not calculated ever to yield revenue. The
Cist of the remainder Pootees 8–13–17/2 is
down at Rupees 232–13– a per annum
The whole of this land however was not
occupied in the same year and the enclosed
account accordingly exhibits the Fusties
which the ground in each separate Village
was taken and the aggregate of assessment
claimable from such Fusly to the end of the
last. The total of this arrear comes to Rupees
4722–2. In the Column of remarks will be
found the elements and principles of the calcu-
lation upon the above specified data
shew how much remission should have
been claimed by the Petitioner. The amount
claim it will be seen according to the
principles upon which the permanent
Settlement was made should be Rupees
158–9–3. and the arrear differs accordingly
as it may be thought claimable by the
Petitioner from the time of the occupation
of the ground or from the date of Petitioners
induction into the Estate Viz. Fusly 1214
A.D. 1838/39
In the former case the total would be
Rupees 3216–7–6. In the latter
Rupees

Fort St. George 16th January 1845

Rupees 951–7–6.

3. My own opinion regarding
the admissibility of Petitioner's claim to the
remission he demands I beg with deference
to submit coincides with those heretofore
declared by the late Collector Mr. Smith,
and the late Commissioner in charge Sir
H. C. Montgomery Bart.

4. This opinion I ground, first,
upon the absence of precedent in this District
for the demand by Zemindars or Proprietors
of Compensation on account of land taken
for public uses of the present descriptions,
late second and principally upon the fact
of Petitioners not having been the possessor
of the Cattam Estate, at the time when this
appropriations of land were made without
any opposition on the part of the then
acknowledged Proprietor.

5. The Petitioner Stree Rajah
Vutchavoy Soorie Narraina Jagapaty rauze
Bahader, as the Board were informed
by Mr. Smith in his letter of the 16th November
1838 is descended from the original
acquirer of the Peddapore Zemindary of
which the Cattam Estate was a Mootah

His

Fort St George 16th January 1845

His father Jaggannatharauze was by order of the Courts made administrator of the Zemindary in the year 1808 on the death of the adopted heir of the former Zemindar pending the decision of the question of succession This was determined in 1809 in favor of the Senior surviving widow of the late Zemindar by Name Lutchme Nursiah into whose possession it was accordingly placed Juggannaudakauze appealed, but before the decree had been confirmed in 1811 the parties on the 12th October 1810 filed a Razeenamah whereby the Ottam Mootah was separated from the Zemindary and given to Juggannatharauze. And this Mootah was accordingly registered in his name towards the close of the same year subsequently the Ottam Estate fell into arrears to the amount of Rupees 31,308 and would have been sold but that the Proprietor prevailed upon Kaukerlapoody Jaggannatharauze the Zemindar of Catak to be security for its payment and an agreement was made between these parties upon the provisions of which the said Kaukerlapoody Juggarnautharauze in

Fort St George 16th January 1845

in December 1812, claimed to have the Ottam Estate put into his possession and registered in his name and accordingly he was acknowledged as its Proprietor Vutchavoy Jaggarnatharauze the present Petitioners father disputed this right in the Courts but Caukerlapoody Jaggarnautharauze's claim was maintained by the Provincial Court Northern Division in their Decree dated April 16th 1819, and he continued to be the acknowledged Proprietor even after the Provincial Courts Decree, was reversed by the Sudder Adalut on the 20th May 1824, for no precept was sent to the Collector to correct the register probably because Caukerlapoody Jaggarnautharauze sent his claim by appeal before the King in Council, mean while the Estate had been attached in 1819 for arrears due from Caukerlapoody Jaggarnatharauze upon his other landed properties and it remained under attachment till 1838; when the Sudder Adaluts Decree having been confirmed from home, the Estate was given up to the present Petitioner his father having deceased

Fort St. George 16th January 1845.

demised in the mean time.

6 The appropriations of land complained about by Petitioner were all made it will be observed between Fasli 1232 A.D. 1822/23 and 1238 A.D. 1828/29 while the Estate stood registered in the name of Kankatapoody Jaggarnatharauze they were moreover made while the Estate was under attachment by the Collector.

7 My argument is that Petitioner has no right to demand compensation for appropriations of land unopposed by the then Defacto Proprietor and to prove that no opposition was offered at the time I beg to direct the attention of the Board to Para 17 of Mr. Robertson's letter on the subject of the roads in this District dated 13th April 1824 Mr. Robertson in that letter named only the Proprietors who had the actual management of their Estates Cauterlapoody Jaggarnatharauzes name is omitted but the Cottam Property was under attachment Mr. Robertson's letter shewing the difficulty of travelling through the District in his time - I think fully proves the position taken

Fort St. George 16th January 1845.

taken by Sir H. C. Montgomery in his Endorsement which as accompanied your letter under reply / and which with the Petition to which your letter refers are now returned / that Petitioner so far from being a sufferer has equally with all land owners on the line of the road been a great gainer by the formation of this line of Communication and in confirmation of this opinion I may add that Cottam is now a profitable Estate, whereas formerly it fell deeply into arrears.

No. 1005 of 1844

I beg further with submission to suggest that under the general regulations

regulations, the Collector is required when an Estate comes under his management to take measures for the improvement of all public works and that if Mr. Robertson had thought proper to charge the expences of making this part of the road to the Cattam Estate as well as to appropriate the necessary quantity of Ground for the purpose. Petitioner would not have had a just ground of complaint.

9 With respect to the question why this claim has remained so long in abeyance I can only reply upon supposition that it

it must have been in consequence of the late Collector and Commissioner deeming the request of the Petitioner inadmissible and not deserving of attention.

I have &c.

Proceedings thereon,

The claim set up by the Zemindar of Cattam for a refund of Rupees 4172 3/4 and an annual remission of Rupees 210-7-4 for the extent of land required by Government for the purpose of constructing a Public road through the limits of that Estate having been referred to the Collector, and reported on in the above letter. The Board of Revenue taking into consideration all the circumstances of the case see no reason to disturb the Endorsement of the late Commissioner in charge dated 22d December 1843, rejecting the claim of the Petitioner.

The following Endorsement is accordingly ordered to be passed on Petition No. 1005 of 1844.

"The Board of Revenue confirm the Endorsement of the Commissioner in Charge dated the 22d of December 1843."

From the Collector of Masulipatam Para 1.

Requesting an advance for a further sum of Pn. 834-15-7½ for the repair of the Palace of the Zemindar of Davercottah situated at Chullapilly.

Noted in the Margin. With reference to the correspondence that upon removing portions of the brick Work, for the purpose of repairing the roof and other parts of the Zemindars palace at this place, it has been found that the damage to be repaired is much more extensive than was apparent on the inspection made previously to the estimate made by the Engineer being submitted for sanction.

2- Most of the timbers of the roof in the upper story are entirely decayed at the ends where they rest upon the walls, and unless these are immediately replaced (for which purpose the terracing of the roof must be removed) there is every reason to expect that the upper part of the building will sustain such damage from the next rains

Sir,

I have the honor to acknowledge the receipt of your letter of the 23d Decemr returning the Summabundy accounts of fusly 1253 for the purpose of being copied into Maharatta as hitherto.

Offering an apology to the Board for sending the Jummabundy accounts of fusly 1253 in Telugoo without a previous reference and expressing a hope that sanction may yet be given to the change under the explanation herein afforded.

2. I beg to offer an apology to the Board for venturing to make the alteration in question without a previous reference on the subject and at the same time to express a hope that sanction may yet be given to the change under the following explanation.

1843/44.

3. All the Accounts in the Huzzoor and Talooks are carried on in the language of the District, and Hindoonee is never used except in the statement submitted to the Board, even the copies of them retained in the office being in Telugoo, the Head Sheristadar and the Cutcherry Establishment with the exception of one or two Goomastahs being

Fort St. George 16th January 1845

being unacquainted with the Maharatta language. This appeared to me objectionable and was represented as such by the Sheristadar who signed the accounts trusting to the copyists for their correctness. Hindivi was introduced by a former Sheristadar a Maharatta Bramin, and Goomastahs of the same class were appointed to carry on the Accounts, these men have gradually been removed and the language is now only partially understood by 2 Goomastahs in the Cutcherry who could not have completed the valuminous statements accompanying the Summa Hburdy Rept without considerable delay to avoid which, I ventured to furnish them in Teloogoo. Besides the convenience of the arrangement in my own Establishment I was also under the impression that no additional trouble would be given to the Sheristadars Department in the Board's Office, as I understood the accounts from Guntoor and some of the Northern Districts were also furnished in the Teloogoo Character.

In reply to your letter of the 4th Instant I am directed by the Board of Revenue to inform you that at the time when the Account department of the Board's office was constituted it was considered a point of great importance by Government that the accounts from all the Districts should be in one language and the language selected was the Hindivi. Stating that the Head Sheristadar Appa Row can be spared from the District with a view to his accompanying Mr. Elliot on special duty to Guntoor & requesting that Vencut Row Deputy Sheristadar of the Board may be placed at the acting Collector's disposal during Appa Row's absence.-

Sir,

I have the honor to acknowledge the receipt of your letter of the 8th Instant and to state in reply that although the withdrawal of the Head Sheristadar Appa Row from this District with a view to his accompanying Mr. Elliot on special duty to Guntoor for a short time would be productive of much inconvenience and embarrassment particularly at this season in the middle of the annual settlement, yet I am unwilling, by objecting, to attempt to throw any obstacle in the way of Appa Rows valuable services being made available wherever it may seem to Government most expedient to employ him and will not therefore do so-

2 I have completed the settlement of the Chennoor and Kamalapoor Talook at this place and the Sheristadar's Department of the Cutcherry was sent in advance several days ago to Gummulmudoogoo with my Head Assistant to prepare

the

the accounts and commence the Settlement of the three western Talooks, and I propose joining them myself in a few Days—under these circumstances and considering that the Deputy Sheristadar Nagesa Row attached a very worthy and respectable man has had little practice in Revenue matters having been employed in the Treasury Department the greater part of his life, I think it of essential importance that if Appa Row is withdrawn though but for a short period, he should be replaced by a competent person and in that case I should wish therefore to avail myself of the Board's offer of placing the services of their Deputy Sheristadar Vencatarow at my Disposal, and would request that, if possible he might be ordered to join previous to the withdrawal of Appa Row who could meet Mr. Elliot either at Guntoor or at the nearest point on the road.

2 Enquiry was made by Mr Byles through the Tahsildar on the subject of the claims preferred by Chimpariyagaudoo and Petaumbagaudoo to 2 shares of the Soty Mauneum of the Meyzrat Heandapilly and the evidence showed that neither the claimants nor their forefathers had any share of the Mauneum in question but that it was originally held by the Ancestors of Vardadoo and Moonugaudoo the present incumbents and that it has descended to these individuals. The claims of Chimpariyagaudoo and Petaumbagaudoo were accordingly rejected. The case comes under Regulation VII of 1831 as remarked by the Board.

No 1287 of 1844

Sir,

I have the honor to acknowledge the receipt of your letter of the 9th instant covering a petition from Appoo Row late Monsiff of Cumbaya Nellore in the Ingracottah Talook &c.

With reference to receiving petitions in English, there is I conceive these great objections viz. the party presenting them rarely knows what is written, and after they are received by the Collector, they are useless for reference to the talooks until they are translated. A Collector's English Establishment is scarcely equal to it work. and the necessity of translating these Petitions might be easily prevented by a Circular order causing all petitions to be written in the vernacular language of the District. this besides being cheaper to the petitioners, would very much facilitate the business in a Cutcherry. —

1. Read Calendars of cases furnished by the Magistrates in the Zillah of Salem for 1st Quarter of 1844 received on the 8th July 1844.

2. In case No 1 disposed of by the Acting Magistrate the prisoners should have been committed if there were grounds for supposing them guilty of gross or culpable neglect, which from the proceedings does not appear to have been the case, and that they were fined for neglect. In case No 53 likewise disposed by the Acting Magistrate, the prisoners were improperly punished under Section XXXII Regulation IX of 1816, which does not provide for punishing a person for making a false Statement. The Sessions Judge therefore directs that the fine be restored.

3. In Nos 834 and 44 it is shown that the parties noted in the Margin (who were accused with the others examined and fined) were fined before being apprehended, or heard, the Sessions Judge therefore directs the remission of the fines imposed on them and requires the Magistrate to call upon the Head Assistant to cause their apprehension

To the Collr. of Tanjore

Sir

I am directed by the Board of Revenue to acknowledge your letter of the 11th Instant transmitting an original letter from your Native Collector with reference to some charges against Row Tahsildar of Shetlly on which when you were in charge of the District he had some correspondence with this Office.

2. Mr Cotton put the Tahsildar on his defence for extortion; and having convicted and fined him recommended that he should be dismissed from the service. An appeal Petition having been preferred by him he was directed to be suspended from the exercise of powers prescribed by Section VI. Regulation VII of 1821, but this order has not yet been received. The Board however knowing from the papers laid before them by Mr Cotton that the charges held by that Gentleman such that they would preclude from confirming the sentence passed by him, and I am directed to communicate to you the following observations on the case for your information and guidance.

To the Collr. of Tanjore

Communicating observations on a letter from the Native Collector relative to certain charges against Ram Row Tahsildar of Shetlly & requesting that he be restored to his situation unless he could be put on his trial at once or it was considered expedient that he be transferred to another District also requesting leave to delay utmost to check certain irregularities practised in the accounts of the Mirasdar Department.

From Govt. to Collr. No. Tanjore Sept. 2 & Nov. 12 } 1844.

Para 4.

Fort St. George 16th January 1845.

Collr. Tanjore Sept. 1844.

Mr Cotton's letter of the 2nd September it appears that the charge on which the Tahsildar was arraigned was that "he made extra collections at the rate of 3/4 Rupee per Valy throughout the Taluk in Fusly 1252" an accusation on which proof and defence would be alike difficult. The evidence accordingly is not addressed to the proof of this general charge, but to the establishment of a few particular instances. This was an irregular and objectionable mode of proceeding; the instances capable of proof ought to have been made distinct charges, and the evidence and defence should have been separately recorded in each. If it appears to you advisable, proceedings should be commenced de novo on this plan. The present charge is wholly unproved. So far as can be judged of the evidence by Mr Cotton's remarks, it also appears to the Board that even the facts mentioned by the Witnesses as instances under the general charge, are not satisfactorily proved. and they hope that if further proceedings are held care will be taken to procure all the evidence obtainable.

grounds.

For the present, and pending any

Sir.

I have the honor to acknowledge
Para 1. the receipt of your letter dated the 8th Instant,
forwarding

Fort St. George 16th January 1815.

forwarding an indorsement on an Appeal Petition dated 23rd July from one Chinna Candasawmy Gowunden, apprising him that he had been requested to cancel my order of the 9th September 1813; and to state that an order has been issued to the Tyempilly Tahsildar to act according to those instructions.—

2. In your letter of the 6th ultimo on the same subject, it is stated "In your order to the Tyempilly Tahsildar of the 9th September 1813, you appear to direct the entertainment of a new Kutangar" making with one already there, two, by the documents it would appear there were then two, and a third had been ordered in obedience to your orders, which appears to be to the effect that I had erroneously stated in my order dated the 9th of September 1813, that there was only one Kutangar when there were in reality two; and in your letter of the 22nd ultimo, you were pleased to observe that the information afforded by me, was not sufficient, but that you were ready to construe the non-supply into an admission of error on my part in the creation of a new Kutangar.

2d Para.

Fort St. George 16th January 1815.

Kutangar. In my letter of the 5th Instant, I endeavoured to supply the deficiency by giving an abstract view of the case and showing that Chinna Candasawmy Gowunden had taken ten months to consider about preferring an Appeal. I was in consequence favored with final instructions in your letter of the 8th idem, cancelling the order of the 9th September 1813, because the emoluments of the Mannium do not permit it and because he / Muttu Gowunden / has no claim. These have been carried out accordingly; but having been directed respectfully hereby to appeal against them to the Board of Revenue, and feeling confident such will be no matter of surprize when you perceive the perfect justice of Muttu Gowunden's claim, the imperfections of Chinna Candasawmy Gowunden's right and that the objected to order of the 9th of September 1813, was passed by yourself and not by me, I being at the time in charge of the Zillah Court of Madura.—

3. The comparative claims of the contending parties, are as follows—

The 2 Tysal Kutangars of the Village of Moddapady, were first, Kattiapah Gowunden, and second, Candasawmy Gowunden.—

It certainly appears to bear hard upon Mutta Gownden that all right to his fathers inam should be forfeited for the benefit of the other Natang. should Condasawmy Gownden wish to have his relatives to do the duty with or for him, his share of the Inam should alone be permitted to suffer, and I therefore consider it due to Mutta Gownden to shew his perfect right to succeed his father whilst there appears no due authority for Chinna Cummun having merely taken on himself to enter his name in the accounts; that Mayan who was the

5. I regret in both the above instances to feel that the documents had not been carefully examined or it would have been immediately discovered that the two decisions, supposed to be mine, and pronounced unjust and erroneous, were both passed by yourself, on the 8th and 9th September 1843, when I was doing duty in the Zillah Court of Madura, and beg to offer for your consideration that in both instances the said awards have been appealed against that both have been reversed stating them to be mine, although the orders bear your signature alone, and it was impossible for me, on account of absence to have signed them, whilst two different orders on the same subject have thus been passed, supposing the appeal to be regular and against my Acts. Under these circumstances, I beg respectfully to request that you will lay before the Board of Revenue, an application from me for the reversal of the two decisions on the said Appeals, and that they will be pleased to

from the Board's Proceedings dated 31st October last, requiring me to take into consideration the means of effecting a reduction in the Armed & Civil Establishment of this District and to submit my sentiments on the subject, I have the honor to state that the Establishment was entertained soon after the assumption of the District in Fasly 1211 at a Monthly cost of Rupees 1167 - 2 - 2 for the purpose of guarding the Treasure in the Talook Cutcherries, and escorting pensioners to and from the Huzzoor Treasury. This Establishment was upon the requisition of the Board in their letter to Government dated 30th July 1827 reduced to Rupees 943 - 12 - 0 per Month. A reference to the correspondence noted in the margin will show that a continuance of the Establishment to the above reduced Extent is indispensible; and any reduction of it would necessarily require a proportionate increase, as I believe is the case in Tanjore and other Districts

of Military Guards from the regular Troops for the protection of the Talook Treasuries. If I am asked why the Talook Peons should not be employed for this purpose, the answer is that the number of Peons in each Talook in Tinnevelly is much less than in the adjacent districts of Madura, Dindigul, Combaconum, Trichinopoly, Tanjore and other Provinces in a State like that of Tinnevelly. The Talook Peons are now hardly sufficient for the performance of the multifarious duties required of them.

2.

The armed Sibbendy Force has always been found absolutely necessary for the protection of Treasure from depredation in a District where the predatory tribe of "Marravars" forms a large portion of the population. There are, besides 8 Salt and Sea Custom Chowkies, 13 Talooks in the District which only the 6 Talooks in the Morasses are situated within 25 Miles of the Kuzzer Bay, and the remaining 7 are at a distance of from 25 to 60 Miles from the Head Station. distant Talooks occupies several days journey and has to halt on the road by night, and it will be within the memory of the Government that the Talook Treasury of Tencarcy was once plundered of Rupees 21,000.-

3. The armed Sibbendy is so distributed that while one Guard is kept to watch over the Talook Cash Chests the other is sent with the remittance of the Month to the Kuzzer Treasury and by the time the guard returns to the Talook, the 2d remittance is ready to start; when the return Escort is relieved, and the Station guard is sent in charge. Under these circumstances I consider it impracticable to effect any further reduction in the Establishment without detriment to the public Service, every possible revision having been already made. The Sibbendy Force is also at present absolutely necessary for police duties among the worst classes of the District with difficulty awed and kept in order. Such is the case at the large Village of "Puddakaput" the well known locality of a large number of desperate characters (Marravers) and where besides 11 Police Peons 3 Sibbendy Sepoys are always on duty.-

4 A Statement shewing the Strength and disposition of the Sibbendy Corps Employed on this District is herewith forwarded.-

Sir,

I have the honor to acknowledge the receipt of your letter of the 21st October regarding the adaptation of the leading principles of Act X of 1842 to the wants of this Presidency.

2. The intention of the Act is very good, but without the power to do that which is necessary for the public health and convenience is compulsatory on the inhabitants, the provision of the law on this side of India will be totally useless and inoperative. My experience of some years, warrants me in saying, that the natives would see the public suffering the greatest inconvenience with the utmost indifference and apathy and would not give the smallest sum even to secure themselves and families from infection and

To
E. C. Lowell Esqr
Acting Secretary to the Board of Revenue
Fort St George.

From the Collr of Madras — Para 1.

Requesting the Boards decision as to whether persons bringing Casks are justified in refusing to make payment of the general duty of 8 per Cent and also to give security for the payment of the particular excise duty prescribed by Regulation X of 1813 on the 11 Casks of Rum from North Arcot referred to in the enclosed City Police letter from them.

Sir,

I have the honor to bring to the notice of the Board of Revenue that the Collector of Sea Customs informed me lately that 11 Casks of Rum distilled in North Arcot were sent to the Bonded Warehouse by Messrs Parry & Co and that rather than allow them to remain in Town, he caused them to be passed, and that he wished to know what assistance he might afford me for the realization of the duty chargeable by this Department. Mr Underwood, however, being unable to specify the quantity of Liquor contained in the 11 Casks, I applied to Messrs Parry and Co for information, and stated that with a view to the levy of duty under Regulation X of 1813 the provisions of which Regulation, so far as they applied to this office, were not affected by Act No. V of 1844, the 11 Casks should have been brought here in the first instance, a rule which, I added, it would be requisite for them to observe in all future occasions.

From B.R. 9th July 1844.

Inclosed I submit copy of Messrs Parry and Co's reply

pefully dated the 17th Instant. It will be seen that they state that the 10 casks were taken to their door and that desiring to place them as soon as in legal custody they forward them for the charge of the Collector of Sea Customs. That if these Casks within the Collectorate would have escaped the attention of the small number of Peons now on my establishment, who are posted through a large track of Country to watch and give information of illicit practices amongst the petty dealers in arrack and Toddy in Villages bordering on the arbitrary limits of Madras.

Parade 3.

Messrs Parry and Co further state that they "demur to the claim of duty and also to the security for the payment of the particular duty," because "under no circumstances are we "permitted to dispose of the Spirits manufactured "under Act XXIII of 1844 except by Exportation by Sea."

4—5 4.

All such Spirits as are purchased from this Office to the Bonded Warehouse by Messrs Parry and Co before Act XXII of 1844 came into operation have the general duty of 8 per Cent with reference to which Correspondence noted in the Margin although remarked before, as they now do again that the

To Act 9 Sept 1840 From Dr 11 Dr

were manufactured under Act No XXII of 1844 exclusively "for exportation". The Act in question is merely an Act for prohibiting the importation of Rum and Rum Shrub into the Presidency of Fort St George in Madras "from any foreign Country," and has thus for its object the protection of the trade, and not the imposition of any restriction on the distillation and sale of Spirits, which did not exist previously to its promulgation; for it is provided even by Regulation I of 1820 that the license to Europeans for the establishment of every Distillery "shall "contain a stipulation that the whole of the "Spirituous liquor manufactured at such Distillery "shall be exported by Sea." The same rule is still adhered to on the occasion of taking out the license under Section X Act No XXIII of 1844.

See IV

Messrs Parry and Co think that "the duty

"of 8 per Cent cannot be legally levied under Regulation "V of 1813 on an Article expressly manufactured for exportation "in as much as it is subject to the Excise duty of 3 per Cent "provided by Schedule B Act V of 1841." On this point it is not for me to offer an opinion, nor do I feel called upon to enter upon the question of whether there is any ground for extending to the present case the exemption of the export duty of 3 per Cent under the rule laid down in Section XVII of the last mentioned Act, but I submit that

Note

By Schedule B Act No V of 1841 Rum exported to the United Kingdom or to any British Possession out of the Continent of India is to pay 3 per Cent and only when exported to any other place including any British Possession or Settlement on the Continent of India it is to pay 8 per Cent

Fort St. George 16th January 1845.

that the Law is sufficiently clear respecting the liability of Messrs. Parry and Co. Rum to the duty payable at this Office. I therefore solicit that the Board's decision as to whether, under the circumstances Messrs. Parry and Co. are justified in proceeding to make payment of the general duty of 8 per Cent, and also to give security for the particular Excise duty provided by Regulation I of 1813.—

The Collector of
Sir, Madras.

We have the honor to acknowledge your letter of the 16th Instant, mentioning that 11 Casks of Rum the produce of Arrack that you were by us to the Bonded Warehouse for exportation should have, in the first instance, been brought to your Office with a view to the levy of Duty.

We beg to explain that the Casks were brought to our Office Door, and desiring to place them as soon as possible in Legal Custody we forwarded them forthwith to the charge of the Collector of Sea Customs for exportation in accordance

with the conditions of our Licence.

The number of Imperial Gallons in the 10 Casks is 612½.—

We take the liberty however to demur to the claim of Duty, and also to giving security for the payment of the particular excise Duty.—

It is decided by the Board of Revenue that under no circumstances are we permitted to dispose of the Spirits manufactured under Act XXIII of 1841 except by exportation by Sea, and conse= quently the payment of the particular excise duty cannot be enforced in respect to Spirits so manufactured because the article can never become liable.—

Again the duty of 8 P. Cent cannot, We think be legally levied under Regulation I of 1813 on an article expressly manufactured for exportation, in as much as it is subject to the Export Duty of 3 per Cent provided by Schedule B Act VI of 1844, and it is not to be presumed that the law intended to levy a transit Duty of eight P. Cent, and an Export duty of three P. Cent on the same article. The charge of eight P. Cent can be considered in no other light than a transit Duty and that appears to be abolished by the Act VI of 1844. It may be further urged, in support of

of our view of the case, that Spirits manufactured for exportation, may be exported at any subordinate Port without any other charge than that under Act VII of 1844. and we apprehend the mere transit through the town of Madras for the purpose of shipment does not create the liability

The Most Noble the Governor in Council also resolves that the salary of the Collector shall on the first occasion of a vacancy be reduced to Rupees 1500 per Mensem - He is desirous that this reduction should be made as early as possible; and did the public interests admit of his doing so he would at once make the necessary arrangements. But he observes, that the present Collector Mr J.A. Hudleston has had no experience in the Provinces, which would qualify him for the important duties of either of Judge or Collector and Magistrate, nor in fact in any other Office than that of Collector of Madras. His appointment therefore to a different Office might be injurious to the public service - whilst from his standing of 27 years actual residence it would appear not to be altogether just to reduce that Gentlemans allowance to the scale proposed for the future Collector (Rs. 1500) His Lordship in Council resolves therefore to submit the point for the Orders of the Honorable Court and to continue Mr Hudleston in the Office of Collector, on the distinct understanding that his salary will be calculated at Rupees 1500 per Mensem, from this date should the Honorable

the Governor in Council concurring in the expediency of the proposed notification resolves to sanction it and desires that the same may be immediately carried into effect and a proportionate reduction made in the Establishment the details of which will be submitted for the sanction of Government. —

4. His Lordship in Council is not at present prepared to enter on a consideration of the various suggestions for modifying the System in force for collecting the Abkary Revenue discussed in Para 14 at 24 of the same proceedings, and considers it advisable under all the circumstances mentioned by the Board of Revenue to allow this branch of revenue, which has been steadily increasing, to remain on its existing footing, but the Board should keep the subject in view and instruct the Collector to submit the question to the Government on a future occasion.

5. His Lordship in Council does not think any addition to the Salt Establishment or to the Salaries of the Superintendent and Peishcar, involving, as shewn in Para 29 an Extra Charge of Rupees 72-8 per Mensem, to be called for, nor does He see any necessity for the permanent retention of the Establishment

come to by the Board of Revenue to place this estate under attachment.—

6. The arrears due on the Beezarah and Kurrooculloo Estates are also very high Viz.ts 1,70,798-11-11. The Board however offer no remarks regarding, awaiting a report on the subject promised by the Collector. His Lordship in Council will therefore only observe how very desirable it is that this report as well as that to be regarding the Bundegamah Estate should be speedily furnished. And he cannot but express his regret that balances of such extent should have been allowed under any circumstances to accumulate - if it was possible to deal with them at an earlier period which there is nothing before him to shew might not have been done.—

2. The Ameen of Rama-

charge of the District at the instance
of the Zemindar of that Estate. In
drafting his Sunnud, Sir H. Montgom-
particularly warned him against be-
-traying the interests of Government in
favor of the members of the family of
late Master, the Zemindar. But
regret to say he did not attend to
warning and it was brought to my
notice that he had connived at the
rent for fusly 1253 A.D. 1843-44 of the village of
Janoomullah being given nominally to
certain persons for Rupees 900 while
reality the cultivation was made by
the brother of the Zemindar, and the crop
reaped and carried off by him without
payment of the full stipulated
revenue. The Zemindar's family

of Rupees 560-12-0 will, it is feared, be
irrecoverable. Being unwilling to deal
severely with any one during my short
administration in this District, I
contented myself with removing
Vandravoo Veerasalingum beyond
the influence of the Ramachendra-
-pooram Zemindar to the Pengondah
Division, by which he loses 15 Rupees
per Mensem, and transferring the
Pengondah Ameen to Ramchendra-

3. I have also removed Vadra-

from his situation of 100 Rupees
to the Darogah-
-ship of Gennagoodem on 60 Rupees
and exchanged that Darogah by
name Coley Hareppah to the Amil-
-dary of Cottapitty under the Hills,
on the same pay of 60 Rupees and
promoted Cuneky Ramanah, the
Amildar of Cottapilly to the Ja-

Acting Collector

Cuddapah,

Sir,

As directed by your Gadast of the 18th Instant, I have the honor to bring to your notice for the consideration of the Board of Revenue the case of the Neer cuttoo ladies of Cunchepully in the Cumbum Talook. There are 177 1-4 acres of wet land bearing a list of 6. Pags. 778- 8- 6½ under the Tank of this Village the distribution of the water for which was entrusted to four persons and an Enam aspesed at 55- 3- 11½ and bearing a Jodee of Pags. 30- 3- 12 was given for their remuneration. Of this land 9- Rs 5 — as 12 — aspesed at Pags. 21- 1- 5 is Bagayet clapsed as Mittah or high land, to water which much extra labour and expence is required, tho' the list is at the rate of 3 Pagodas the acre, the highest rate of land in the Village. There is 8- 18- 4 acres of turree land aspesed at the rate of 8 fanams per acre which is far above the average rate of land in the Village owing to these Enamdars not being able to pay proper attention to the cultivation

Fort St. George 20th January 1815

cultivation of this land much of it has lost all heart and yields little or no return and nearly all has for two years been left uncultivated. Last year the Neer cuttoos asked leave to resign or to receive either a part of their Enam free of Jodee or a Money payment of 6. Pags. 12 — 0 — 0 per Annum. The fees on grain in the Village are very small averaging about 2 — 0 — 0 Pagodas per Acre.

I have endeavoured in vain to get other persons to undertake the duties of these men taking the Enam into their hands. The whole lands if cultivated by ryots would produce a clear gain of 6. P. 9- 3- 2½ too little to induce them to undertake this work. I therefore trust you will recommend the Board to grant the petition of the present Enamdars and if this is determined on, appears to me to be more advantageous to Government to grant them a free Enam of 6. Pags. 16- 7- 4 equal, after deducting the usual remission of 1/4th to 12 Pags. per Annum, than to allow them a Money payment. Annexed is a Memorandum of the list of each number of this Enam marking those which Talsildar has advised should be set aside for

From the Asg Collr of Cuddapah — Para 1.

Affording information as to the date on which the Board's Circular of the 23d March 1844 reached the late Pl. Collr of Cuddapah, as well as explanation on the subject of the grounds on which the Cuddapah authorities entertained doubts as to the Establishment of Frontier Chowkies.-

I have the honor to acknowledge the receipt of the Extract of the proceedings of the Board of Revenue of the 19th Ultimo, annexing copy of an Extract from the Minutes of Consultation under date the 10th Ultimo requiring information as to the date on which the Board's Circular of the 28th March 1844 reached the late Principal Collector of Cuddapah, and any explanation which can be obtained from the local officers on the subject of the grounds on which the Cuddapah authorities entertained doubts as to the Establishment of Frontier Chowkies. —

2 An reference to the records of this office I find that the Board's Circular of the 23d March 1844 was received by the late Principal Collector on the 1st April 1844, on which date orders were, in conformity to it, immediately issued, viz. to discontinue the Inland and Town Chowkies but to retain the Establishments of the Frontier Chowkies and also to continue to levy the

at them. Four days afterwards or on the 5th of April 1844 Act VI of 1844 was received on perusal of which the late Principal Collector issued fresh orders forbidding the Collection of any duties at the Frontier Chowkies until further orders and ordering any duty collected in the intermediate time to be returned, but directing the Establishments to be still kept up and it seems only to have occurred to Mr Ashton to make a reference on the subject after learning that duty was being levied at the Frontier Chowkies of the neighbouring Districts.—

3. I am given to understand that the view taken by the late Principal Collector of section VII act VI of 1844 was, that according to the letter of that section Mysore would not be considered in the light of Foreign Territory and that therefore goods passing into or out of Mysore were not liable to Duty, but I am unable to give any explanation as to the grounds on which he omitted either to order the Collection of duty or to make an immediate reference on the subject, after the receipt

receipt of the notification dated 16th April and published in the Government Gazette of the 23rd April 1844 in which it is distinctly stated that Mysore is to be considered a Foreign Territory.—

4. I take this opportunity of expressing my regret that in my report on Coorg Revenue which was written in the press of business in a crowded Cutchery, my meaning should have been so ill expressed as to be liable to a construction quite different from what I intended, as noticed in para 3 of the Board's proceedings of the 9th December 1844. for, in alluding to the final orders of the Board on the subject of the Frontier Chowkies, I merely meant to say that the said orders put an end to the previous state of affairs.—

From the Asst Collr of Salem — — — Sir,

Referring for the orders of the Board the case of a Roods assumin enjoyed in the Inspatore Talook.

I have the honor to submit the following circumstances to the notice of the Board and to solicit their orders thereon.—

Among the Ryotwundars in the Inspatore Talook, one Kumbalayen was in the enjoyment of a Money allowance of Rupees 69-5-1. per annum granted by Colonel Read in lieu of a Dogany allowed to be collected by him (Kumbalayen) upon every Bullock load of grain &c. brought for sale at Vanier bady, originally, or prior to the assumpt

of the Country, for the purpose of taking care of the Muttum belonging to the Lingabalajawdoo caste at that place.—

After the death of the original Roosoumdar Humbalayen the money allowance granted by Colonel Read was continued to be paid to his son Sungabasseen Vyen who also died leaving a son named Siddah and two widows named Nagammaul and Singammaul, who afterwards continued to enjoy it. when Siddah the son, died, the widows [illegible] death took into adoption, as son, one Seddanun-jaen, to the knowledge of several persons, and made him their sole heir, and the enjoyment of the said allowance thereupon descended to him. On the death of Siddanunjaen on the 20th February 1840 the Roosoum was registered in the names of his sons Siddalingaen and Sungabasangen on the 1st August 1840. One of these two Individuals Viz. Siddalingaen having now died and all the other heirs noted in the Margin jointly by a Moochilka is request

request that his (deceased's) widow Bassavamaul's name may be registered - I have therefore to solicit the orders of the Board whether the said female Bassavamaul's name is to be registered for the allowance, and the allowance which stands undisbursed from the date of the decease of the said widow's husband paid to her.—

Up to 1841 it was not customary to bring to the notice of the Board the lapses which took place in the Roosdoms - this ac-counts for the Inheritance of the

1. Adverting to the Paper quoted in the margin I am directed by the Board of Revenue to request that you will lay before the Most Noble the Governor in Council the accompanying correspondence which has since passed between this Office and the Collector of South Arcot, regarding the emoluments of the Curnums of the Sunnam Jaghire.—

2. The information furnished by the Acting Collector in obedience to the call made by the Board agreeably of the orders of Government being incomplete. The Board furnished him with a Form of Statement drawn up so as to show all the particulars required, which statements they desired might be submitted

Fort St George 20th January 1845.

submitted for each Talook. These have now been received.—

3. On subjecting these returns to examination it is found that the items of the Curnums emoluments differ materially in the different Talooks, while in some the grain fees exceed the money receipts, and in others this relative is inverted. These discrepancies lead the Board to think that the real facts are not yet before them, as all the information obtained regarding these fees has been procured from the Curnums themselves, there seems reason to suspect that they have designedly suppressed or falsified the truth in some instances, with the view of still continuing to exact from the Ryots their old fees in addition to money payments proposed to be allowed by Government. It is observed likewise that these Statements do not show clearly what part of the old emoluments might be realized hereafter on the part of Government, and what it would be proper to discontinue altogether.—

Under these circumstances the Board

4. would feel no confidence in making any recommendation to Government based on the

information now before them; and as a regular survey of the Taghear of Sunnarapooram has been resolved on, it appears to the Board for better to abstain for the present from all interference with existing usages, and to postpone the revision of the System till the completion of the Survey. since the execution of a Survey necessarily involves the ascertaining and recording all particulars connected with the emoluments of Village Officers. and the Board would recommend that the Collector should be authorized to empower the Curnums to resume the Collection of the customary fees which were interdicted by Mr Ashton - The appointment of Natagars may also in the opinion of the Board be properly postponed till the survey shall have been completed. —

Proceedings thereon-

Requesting the Collr of Trichinopoly to furnish separate and individual accounts shewing the particulars of the sums outstanding to be written off with reference to the actual Condition of the Ryots, supported with his own recommendation in each Case. —

In their Proceedings dated 16th May 1844- when receiving the Statements of the balances outstanding in Trichinopoly District from Fusly 1240 to 1247 inclusive, the Board of Revenue called the attention of the Collector to the necessity of supplying more explicit information regarding the sum of Rupees 40,623-6-1 now reduced to Rupees 40485- composed in part of arrears extended over the above period, and Rupees 24,794 being the balance of Collections of Fusly 1257 only which was suspended by the authority of the Board in consideration of the unfavorable circumstances of the season. —

2.

The Board observed that they had no means of knowing from the accounts then before them whether the suspended Collections were apportioned in the gross on the different Villages or upon Individual Cultivators" if the latter they pointed out the necessity that an individual account should be submitted with view to ascertain whether the same party was in arrear for seasons anterior to Fusly 1257. in addition to that year so that the course to be pursued for the Collection or remission of the amount might be determined &c

Fort St George 20th January 1845

by the liabilities in each case. —

3. Mr Onslow in his letter recorded above does not reply specifically to these points but merely reiterates his opinion "that it would be almost impossible to select any persons in particular who should be observed from paying their balances," "there "being no one who had not saleable lands," and therefore recommends either "that the whole be written off or a per centage "upon the whole." —

4. The Board will be prepared to consider any proposition for a remission that the Collector may have to make, when accompanied by separate and individual accounts, shewing the particulars of the sums necessary to be written off with reference to the actual condition of the Ryots and supported by his own recommendation in each case.—

5. If the suspended amount of Collections was apportioned with due regard to the actual circumstances of the Cultivators individually the Board do not think that Mr Onslow need anticipate any serious difficulty in

Fort St George 20th January 1845

in furnishing the required information from the accounts which it is presumed are in his Cutcherry.

But if on the other hands, as appears from Para 3 in the Collectors letter dated June 29/42 the

Refd 7 July 1842.

suspended balance was not apportioned at all either on individuals or on Villages, or on the total Beriz, but was simply the aggregate of balances due by Ryots who had no available means of paying in full under the adverse circumstances of the years; the Board see no other course to be followed than an immediate enquiry into the present state of tion of the defaulters, with a view to ascertain satisfactorily their ability or otherwise to liquidate the demands outstanding against them. —

6. When furnished with the required information and separate individual accounts of the arrears comprised in the demand which was suspended or account of Fusly 1251 as well as the old arrears, the Board will then have the means of applying for the sanction of Government to remit all items which are irrecoverable —

ac

Fort St. George 20th January 1845.

7. With regard to the remarks contained in Para 2 of Mr. Onslow's letter it is presumed that a clerical error has been committed, as sanction for striking out of the accounts the over demands of assessment on Gardens in the Cantonment of Trichinopoly amounting to Rupees 303-8-4 for Fusly 1251, was applied for in Para 11 of the Board's Proceedings dated 6th April 1843 and granted in the Minutes of Consultation dated 22nd July 1843 Para 9, quoted by the Collector.—

From the Collector of Trichinopoly

The Civil auditor having upon examining the Accounts of this Collectorate for Fusly 1252 objected to pass almost all the allowances paid by me in Fusly 1252 to the Yeomahdars in this District for want of special sanction of Government, I have the honor to submit herewith for the consideration of the Board Extracts from the retrenchments and reandit of the accounts containing the nature of the objections made by the Civil auditor to each item and also my replies annexed thereto which will I trust be sufficient to enable the Board to obtain the sanction of Government for the amount paid to the Yeomiahdars specified in the accompanying list and for my continuing the allowance to them for the future.—

Explanation of the Collector.

Nos. 29. to 58. All these Yeomiahs have been continued under the sanction of the Board of Revenue ever since the assumption of the Country by the British Government and the charges have been passed without objection. In the year 1813. Mr. Travers one of the former Collectors of this District revised, under the instructions received by him from the Board of Revenue, all the Yeomiah allowance held in this District, prepared five Statements separately marked with letter **A** to **E** and submitted them to the Board, who having satisfied themselves of the propriety of continuing whole of the allowance in question gave their sanction accordingly. The copy of the Boards' letter on the subject and copies of the 5 Statements abovementioned are herewith transmitted see Enclosures No. 9 to 14. Between the years 1813 and 1843 most of the Original Yeomiahdars mentioned in those 5 Lists died and the allowances held by them were subsequently renewed in the names of their descendants under the orders of the Board of Revenue - see Enclosures - Nos. 15 to 39 as for Syed Causim and Ashabee See Statement **E** No. 18 in the Voticondaporum Talook of the Original Yeomiah

Sir,

In reply to your letter of the 30th Ultimo I am directed to inform you that the general order to which you refer was resolved on by the Board of Revenue after a full consideration of the whole subject of the purchase of lands by Native public servants in their own districts, which came under their review in consequence of the very serious evils which had resulted from the practice in one of the Districts of this Presidency.

Informing him with reference to his letter of the 30th Ultimo that the Board do not deem unnecessary the observance of the orders prohibiting all revenue officers from purchasing lands in the provinces in which they are employed except under the Board's special authority

Such purchases at public sales are already prohibited by Section XX Regulation XXVI of 1802."

3. If the allusion in your letter to "other similar instances which have occurred" implies that you have allowed Native Revenue Servants to purchase lands in your District without obtaining the Board's Sanction, The Board regret that their recent orders above quoted were allowed to escape your remembrance.

Sir,

To the Actg Chief Secy. to Government.

Submitting letters from the Collr of Tinnevelly reporting that his Head Sheristadar has completed 25 years service in that office on the 25th Novr last and recommending that sanction may be granted for paying to him from that date the increased allowance of Rs 350 per mensem.

I am directed by the Board of Revenue to request that you will submit for the orders of the Most Noble the Governor in Council the accompanying letters from the Collector of Tinnevelly having reference to an application from his Head Sheristadar Butcha Row for an increase of his Salary from Rupees 280 to Rupees 350 per mensem under the Rules Sanctioned by Government on the 22d March 1816.

It will be seen from the Statement of Butcha Row's Service which accompanies the Collector's letter of the 30th Ultimo, that he completed 5 years Service as Head Sheristadar on the 25th November last and adverting to the high testimony borne by the Collector to his services in Tinnevelly the Board beg to recommend that sanction may be granted for paying to him the increased allowance of 350 Rupees per mensem from the 26th November last.

The Board do not consider it necessary to notice at present the Head Sheristadar's claim to the further increase of Salary to which he will become entitled on completing 10 years service. The subject may be brought forward at the proper time.

From the Hble Compy's Solicitor

Forwarding a Conveyance from the Honble Company to A. Freese Esqre of the House & Premises at Poolicarney

Letter from Honble Co's Solicitor to A.D. Lovell Esqre Mr Secy to Govt Bd of Revs 27th August 1844 No 301. To Do from Do 18th Nov 1844.-

With reference to the correspondence noted in the margin I have the honor to forward you herewith a Conveyance in Duplicate from the Honorable Company to Arthur Freese Esqre of the House and Premises at Poolicarney as settled by the Advocate General: I would recommend that to each part be affixed the Company's seal and that Mr Freese do also execute both parts, one of which he should hold and the other be deposited with the records of Government.-

2. I have the honor to draw to the attention of the Board that the enquiry made by me in Para 1 of my letter noted above has not been answered, but that judging from the tone of the correspondence I inferred that it was the intention of the Government to sell the fee simple and that the Honorable Court sanctioned such arrangement. I have the

a prepared the accompanying Conveyance, but should I have been labouring under an error in supposing such was the intention of Government, I have the honor to request that the Conveyance may be returned to me with further instructions.

3. I have the honor to request that prior to execution the Plans of the Premises may be put in the space left on the first side of each part of the Deed for this purpose. I do myself the honor of returning the 2 Plans forwarded to me in the Board's letter of the 11th July 1845. Previously to execution the date and several blanks should be likewise filled up in words at length, and not in figures. These blanks consist of the date, the name of the place from thence the Road leading to the Premises on the East leads; also the Amount of the quite rent 3 places and the day on which it is to be annually payable, likewise the name of some party to be appointed by the Honorable Company for the purpose of delivery seizing the Premises to Mr. Freese, who after delivering Seizen to Mr. Freese in the presence of the witnesses, should sign the Memorandum of Seizin and the witnesses should sign their names under the word "witnesses". The receipt for the Consideration money should be signed by the Sub. Treasurer.—

I have &c.

Sir.

I am directed by the
Board of Revenue to acknowledge the
receipt of your letter of the 10th Ultimo
reporting on the revenue derived from Stamps
in July 1253.

The Sel. Revenue is shewn
to be Rupees 37971—5—5. below that of
the preceding July 1252, which you
state is owing principally to a smaller
sale of Sayer Pawannahs in consequence of
the abolition of the inland customs duties under
the provisions of Act VI of 1844.

The Board request you
will have the goodness to shew distinctly
the decrease occasioned by the cause

above stated, and that from any other
cause.
