The Settlement of the Minor

Fort St George. 9th February 1852.

Minor Estate of Gundracottah in Tanjore for Fusly 1260 exhibits an increase of Rupees 401 on comparison with the preceding year of the demand Rupees 18264 the sum of Rupees 16913 was collected within the Fusly and the balance of Rupees 1357 reduced by subsequent collection to Rupees 994. The gross collections including current and arrears amounted to Rupees 17655 and added to the surplus of the previous year made the total Rupees 23897. From this the charge for Peishcush and subsistence and payments towards debts and other items amounting in all to Rupees 15221 being deducted, the surplus in favor of the estate at the close of Fusly 1260, was Rupees 8676. It does not appear in what way this surplus is proposed to be disposed of.

2. In the conclusion of his report the Acting Collector states that private debts to the amount of Rupees 7811 are still due by the Estate but the whole except 47 Rupees unclaimed is the claim of one creditor for dealings from

from Fusly 1225 to Fusly 1238, that the accounts are still unsettled as great doubts appear to exist whether the claim is valid". This debt has been referred to in previous reports upon the Estate, the Government think that the matter should no longer be kept open, but that the Collector should enquire into and dispose of the demand without further delay either admitting it wholly or in part or rejecting it, and leaving the Creditor to seek his own remedy in the Civil Court, according to the circumstances of the case.

Proceedings of the Board of Revenue dated 24th November 1851 calling for further information on certain points connected with my last Report on the Extra Sources of Revenue and the outstanding Balances of Motupalla -

The Board in para 4 of the 2nd Proceedings desiring me to institute more particular enquiries regarding the falling off in the Inland sales of Salt in the past Fusly, for which I assigned among other causes, the increased consumption of earth Salt I beg to explain that this information is not founded altogether on the Statements of the local Salt Superintendents, but also upon the representations of the Lumbadies who have occasionally complained of the decline in their trade, owing to the increased consumption of earth Salt not only in the Districts where it is produced but in this also into which it is thence surreptitiously introduced having occasioned a falling off in the demand for the Monopoly Salt - This not the only or the main cause, I am of opinion that it has in some measure contributed

to

to the falling off in the Sales under notice.

2- In regard to the tax on the Furnaces of the Village Shroffs of Ravoor and Choukacherla referred to in Para 6, I beg to inform the Board that the tax in question was first imposed in Fusly 1249, but was not collected the amount being remitted up to Fusly 1255 inclusive as will be seen from Para 9 of the Board's Proceedings dated 4th September 1848. The tax having therefore never been paid, and as these Shroffs receive no remuneration of any kind for the services they perform in their Villages, I am of opinion that it is expedient the question should be left for the final disposal of the Board as proposed in similar cases in Para 8 of their Secretary's letter of the 25th August 1845.

4- With respect to the Shopkeepers referred to by the Board it appears that there are five of them at the Choultry. They are understood to have settled there between Fusslies 1242 and 1251 and two of them were paying during the whole of that interval a tax of 2-12 a year being

being the amount they had before been paying in Chowkacherla the Village in which they had formerly resided another of the Shopkeepers also was paying a tax of 1/2 Rupee a year from Fuslies 1251 to 1253, and in all these three cases the demand appears to have been remitted at the instance of the owner of the Choultry by the then Collector. The remaining two Shopkeepers have never paid any. Motupalla since they joined the Choultry in Fuslies 1244 and 1248.

5- I do not see any valid ground for these retail dealers having been at first exempted from the payment of the tax, the two more especially who are stated to have been subjected to the impost in the Village where they had formerly resided, and it will rest with the Board to decide whether, in consideration of the circumstances of the case the tax shall be imposed or not.

the breed of Half bred Merino Sheep would be attended with success in this District, and the number of such Sheep that would be required I have the honor to state that Sheep of any value for their wool are chiefly to be found in the Country above the Ghauts leading to Mysore, embracing the Palmanair Talook part of Shoolinghar and the Conjeevaram Zemindary - The Sheep usually bred in these parts is a small black kind, from the wool of which the people manufacture the common blankets Cumbly to an extent sufficient for local wants, and to supply other parts of the District -

2 I also understand that Cumblies are manufactured in the Talook of Palvoy, adjoining the Trinomalay Talook in the Southern Division of Arcot - The Sheep from which the wool is obtained in this part of the Country is grazed chiefly in the Trinomalay Jungles - In the remaining parts of the District the sheep is of the common long legged red kind, and is esteemed of

of no value for its wool -

Sir,

I have the honor to transmit a copy of a communication to my address from the Acting Sub Collector of this District, dated the 18th Ultimo, proposing the sale for arrears of revenue, of certain lands situated in the Villages marginally noted, and under the circumstances stated, I beg to request that the Board's authority may be granted for the adoption of the Acting Collector's suggestion in so far as regards the lands of the Village Vayloor, and that information of the date fixed by your Board for the sale, be communicated to me in time to admit of the requisite notification being made in the Talooks.

to the fact that the permanent assessment rates borne by the Runjah fields has formed the subject of the correspondence stated in the annexed Memorandum, wherein the local Officers have advocated the expediency of your Board sanctioning a reduction of the Jaisul teerwa from Rupees 21-7-9 to Rupees 14-9-3 the acre, in view to its thus being made to correspond with the rates levied in the neighbouring Villages, which, as the Board are aware, were formerly lowered by the Collector Hargrave.-

On the point of reduction your Board appear to have before them all such particulars of information as are considered necessary, and it would seem to have been their intention finally to dispose of the matter by special instructions. As these, however, have not yet been received, and it may be inconvenient at once to enter on a review of the subject in your Board's Office, I submit that it is desirable to let the arrear stand over for future adjustment for, unless this course be taken, it will be necessary now to dispose of the land for a balance that has accrued against it, under a assessment, which, in the opinion of several of the local authorities, it

Sir

A.B.C.

As a means of diminishing the mass of useless records which have accumulated in the Record Department of the Huzzoor Cutcherry in this Collectorate, and thus to a certain extent to obviate the approaching necessity of making fresh provision for the custody of any official papers, I have the honor to submit for consideration by your Board, three Lists of Documents contained in Dufters or cloth Bundles, the whole of which ought, as it appears to me, to be destroyed by being torn into pieces and then handed over at so much per Maund to the paper manufacturers. - I accordingly beg to solicit sanction for the adoption of that arrangement. -

2. The records remaining in the three Departments to which these Dufters belong, are sufficient for all purposes of probable investigation and after deliberable consideration both on my own part and in communication with my head Native advisers, I am satisfied that the future interests of the Government are not likely to be affected in any degree by the removal of those of which I now beg to recommend the destruction. -

Bd. No. 3002.

From the Acting Collector of Tanjore, submitting Statements of Receipts and Disbursements of Cabistalum Estate for 1260.—

No. 86.

To W. H. Bayley Esqr.
Secretary to the Court of Wards
Fort St. George.

Sir,

I have the honor to submit No. 1 a statement of the receipts and charges for Fusly 1260 (1850/51) for the estate of the late Capistalum Moopenar under the management of the Court of Wards.—

2. Of 82 Villages forming the estate 72 are Tarufft, 9 Sarvamaniem and one permanently Grain rented.—

Total Demand
Fusly 1259. 28737.
1260 33336
Increase 4,599

3. The Revenue demand for the Fusly under report has exceeded that of the preceding Fusly by Rs 4,599 which is the net increase after deducting the decrease of Rs 285. from the gross increase of Rs 4,884. This increase consists of the following items, Viz^t, Rs 2,956 from better crops and higher prices Rs 45 in Pomjah Putcut payable by Tenants, and Rs 1883 in sundry items such as Pagatty, (quit rent for house grounds) Fish rent, Tukavee advances, and receipt of the hire paid for carrying Paddy to the Palace of His Highness Kafsar in Paddy &c^a. The decrease of Rs 285 arises from the non receipt of interest on Company's paper &c^a.—

4. The sum of Rs 28,603 was collected within the Fusly, which left a balance of Rs 1,733 at

Fort St. George 9th February 1852.

at its close, this has, by subsequent collections to the end of October last, been reduced to Rs. 225 the sum of 118 Rs. of this balance Rs. 225 is under objections and the remainder Rupees 107 will be collected in due course.—

5. In para 5 of their Proceedings under date the 28th April 1851 the Court of Wards call for a report on the old balance due to the estate. The amount of arrears up to Fusly 1255 is Rs. 3050- of this sum 149 Rs. is considered recoverable, 978 Rs. doubtful, and the remainder 1923 Rs. stands against persons deceased, absconded, without assets &c.a as shewn in the detailed statement which is submitted. But as these debts to the estate accrued prior to Circar management, I think that it would not be advisable to remit these balances and should propose that such of them as cannot be recovered shall be allowed to remain outstanding to be dealt with as the Minor pleases when he attains his majority. The arrears which have accrued since the estate was placed under the management of the Court of Wards amounted to 1169 Rs. which has been reduced to 984 Rs. by Collections up to the end of October. 24 Rs. of this will be realized, and the rest 960 Rs. is withheld under objections.— The

Proceedings thereon.—

Reporting upon the Settlement of the Cubistalum Estate in the Tanjore District for Fusly 1260

In consequence of a better season, the Settlement of this Fusly ex=ceeded that of the preceding one, by Rupees 4,884, but the interest (285 Rs) on the sum invested in the Bengal loan, not having been received, the net Jumma in Comparing the two years, shews an Increase of 4,599.—

F. 1259 - 28737-
1260 - 33,336
Increase - 4599

(33·34)

2. The Collections within the Fusly were 28,603. (and 4,508 to the end of October) adding to this, the Collec=tion of arrears (3,806) and the sum of 7,950- in hand at the commence=ment of the Fusly, the total receipts were 40,359 Rupees.—

3. Deducting from these 31,299 Rupees as Charges which with one exception, were of the usual nature, and are exhibited in Enclosure 1. there remained a surplus at the close of the Fusly of Rupees 9060- and 12,000 Rupees have already been invested in Government securities.—

4. The Court presume that the Acting Collector is aware that if this surplus can be more profitably laid out in permanently improving the

the Estate, he is at liberty so to employ it with their previous sanction.—

5. The expenses (97 Rupees) incurred in the Marriage of the Niece of the late Proprietor, are sanctioned.

6 The Court agree with the Acting Collector that the demand outstanding against the Ryots prior to the Court assuming charge of the Estate should be left for adjustment by the Proprietor himself, on his entering upon the Management of his property.—

7. The Collectors Commis=sion is not entered among the disbursements. Mr. Goodwyn will be careful that this item, with arrears, be satisfied from the Settlement of the present year and be duly shewn in future accounts.—

Ordered that a Copy of the foregoing Extract be submitted to Government and a transcript of the same be furnished to the Collector of Tanjore.—

Furnishing explanation required regarding the growth of Cotton.

Sir,

With reference to the Boards' Extract 17th November 1851. requiring explanation on the statements contained in paras 4 and 7 of the Civil Engineer's letter dated 20th October respecting the growth of American cotton in this District, I have the honor to state that not being aware or able to learn that any Ryot has ever applied for a document protecting him from increased taxation for the culture of this article, I applied to Captain Lawford on the subject. and find that "he did not mean that application was made by the Ryots for a "document protecting them from increased "taxation for American Cotton but merely "that the possession of such a paper was "assigned to his informant as the only "condition on which they would cultivate the plant and that they acted "up to their declaration".

I

Fort St. George 9th February 1852.

2. I am not aware of the prevalence of a general impression that an increased tax will follow the cultivation of the new Cotton and believe that Captain Lawford has been misinformed on the subject. There is, as Captain Lawford states, a great indifference, I might even say a strong aversion to the introduction of the new Cotton, which is clearly shown by the Meerasidars not taking the trouble to collect the crop growing luxuriantly and yielding ample produce in patches in the Padagays as observed at Para 4, and I suppose that the Ryots when pressed for their reasons against the new Cotton, have advanced the fictitious one of fear of increased tax and the absence of a written assurance against it, as additional arguments to these that really actuated them, Viz. dislike to innovation, belief that the new culture would be more expensive and troublesome and the produce less remunerative.

3. No increase of tax has ever been imposed or contemplated, and no

no objection exists to giving any Ryot who may require it a written assurance, that no increased tax will follow the culture of any new kinds of Cotton.-

4. The disinclination to try the new cotton arises from the expence of trial being certain and the success even Botanically speaking, problematical, whilst even if it succeeded they have reasonable doubts of their being able to find a remunerating Market on the spot, for the produce, which though fit for the English Market might not suit the Tanjore Weavers.-

5. If Government are desirous to give American Cotton a fair trial in Tanjore, they should share with the Ryot in the risk of the

The Collector by L. 11th June 1849. recommended that 40 Valies of Poorajay land should be granted rent free for 3 years for the culture of new Orleans Cotton.-

The Revenue Board 9th August 1849. backed the proposal, But Government on the 28th August 1849 declined to accede, under the orders from the Court of Directors of 4th July 1848 Vide also C. C. Revenue Board pages 246 to 257.-

the trial, by furnishing the Seed gratis, and publicly declaring that in the event of failure, from whatever cause, the fullest consideration as to remissions will be accorded to them Vide Minutes Consultation 19th November 1849 page 257.- whilst the tax for the first 40 Valies of land so cultivated should be received in kind on the Aumanie principle for a period not exceeding 3 years.-

6. The arrangement would reduce the risk of trial to so moderate a limit that I believe the Ryots would undertake the experiment with good will, which I do not think has ever hitherto been done.-

Answer to Para 7. Captain Lawford's letter.-

7. The question now raised by Captain Lawford as to the restrictions at present imposed on the conversion of Poonjah into Bagayet by improvements (Wells) effected at the expense of the Ryots, has been fully discussed in Acting Collector Bird's letter of the 14th April 1849, in which he proposed that Poonjah so converted into

into Garden should remain at the Poonjah tax for ten years and pay half Rajayat the 11th and full tax from the 12th year.—

8. Tho' agreeing with Mr. Bird that sufficient encouragement is not at present afforded to the expenditure of capital on the improvement of Poonjah land, I doubt the efficacy of his proposed plan and moreover doubt whether any general rule can be framed that would suit all sorts of land.—

9. Besides Government by it give up all increase of tax for 10 years on the uncertain prospect of a large increase after 11 years, but it appears to me to be doubtful, whether this large eventual increase will not induce the Ryots to construct mere temporary Wells fit to serve their purpose for 11 years, when the Wells being in ruin, or in need of considerable repair, they will abandon the land rather than pay the

the increased tax.—

10. In all cases where this is done, and the repairs required were considerable these must either be undertaken by Government, or the old or fresh Ryots allowed to take up their land at the former Poonjah tax, or a fresh improvement lease be granted with the risk of a similar failure.—

11. I conclude that if it involved no probable loss of Revenue Government would willingly sanction any rule however liberal that would encourage improvements and would therefore suggest that in Caudarumbum Villages Poonjah lands should be allowed to be wholly or partly converted into Rajayat by means of Wells sunk at the sole expence of the Ryots without any increase of Poonjah tax.—

12. This rule should not extend to the Caudarumbum Villages, as where water lies near the surface in consequence of the means of irrigation supplied at the expense of Government, I do not think that the Ryot should be permitted to participate in the advantages of his locality without paying to Government some

This tax is fixed on Poonjah according to its value but if additional value be given solely by the enterprize and Capital of the Ryots in sinking Wells; it appears hardly consistent for Government to demand an increase of tax especially when admitting that raising a second Crop of Rice by water from a private Well &c. forms no just ground for additional taxation, Vide G.O. page 250.

some additional tax, as the Government share of the expences which created those advantages of locality.-

This restriction would moreover prevent Bajayet land being thrown out of cultivation in order to take up neighbouring Poonjah land, with water near the surface, Link Wells, and then cultivated it with Bajayet produce.-

I believe that Captain Lamford has much overrated at Para 8 the consequences likely to arise from the modification of the present rules, and doubt if even one tenth amount of the land alluded to by him would be brought into cultivation in the next five years. But a certain and steadily advancing though much smaller increase would certainly arise, and Government would place themselves in a sounder and better position than the one in which they now stand, and prevent objections being raised that the principles of our taxation discourage the expenditure of capital in fitting land to raise the more valuable Crops for the English and other Markets.

acknowlege the Extract from the Proceedings of the Board of Revenue dated 13th November 1851 directing me to report upon an application from Messrs Ballard and Brice of Cochin relative to the refusal of the Collector to grant them a license, to sell Spirits wholesale in the Town of Coimbatore.-

2. On the 6th August Messrs Ballard and Brice applied through their Agent at Coimbatore Mr D. Silva for a License to sell Spirits at Coimbatore and on the Hills.-

3. Mr Thomas, on the same date required to know whether the party had been selling Liquor, and if so, for how long. He replied on the 7th that he had been doing so for 10 Months. On the same day the Collector pointed out that he had been selling liquor illegally, warned him against the repetition of it, and refused to grant the license.-

On

4. On the 24th September Messrs Ballard and Brice applied for a License to sell Spirits by the Dozen in the District of Coimbatore. On the 8th October Mr Thomas declined to grant the license on the ground stated by Messrs Ballard and Brice.-

5. On the 16th October they addressed a second letter which was received by me, in which they stated that they apprehended that the Contractor had a Monopoly only of Country Spirits, and observed that they considered that if Government interfered at all it would be to facilitate rather than to impede their transactions. I informed them in reply that having communicated with Mr Thomas I concurred in opinion with that Gentleman that no grounds had been shown, which would justify the officers of Government in granting a license in their favor, for selling liquor in the District of Coimbatore.-

The

6. The Contractor fully supplies the wants of the Town of Coimbatore, in which the Consumption of Europe Spirits does not, as far as I can learn, exceed 3 dozens in the year. If a license were granted to Messrs Ballard and Brice to sell Spirits all would find it's way clandestinely to the Hills, and consequent upon the intention to locate European Troops on the Hills a push is made by all parties, regularly and irregularly, to obtain means to sell Spirits, whereas the Public Officers are exercising every vigilance to prevent the Sale of Spirits on the Hills except by authorized Venders, who are responsible for their conduct, and who can be kept under some control. Messrs Ballard and Brice can communicate with them, and thus obtain a share in the Trade. They cannot have a license to sell Spirits on the Hills, and as there is no one at Coimbatore to purchase

purchase Spirits for consumption therein, an additional licensed Vender is not required to sell Spirits by wholesale, especially under the circumstances above detailed.-

contraband Salt from the Cochin Country continues still to affect the sales at Ponany and Chonghaut (Coast Depôts) as well as at the Inland Gollah of Palghaut.

4. The disbursement under the Head of "Charges of Purchase" exhibits a reduction of Rupees 48,104-5-5 two thirds of which arise from Salt having been purchased in Fusly 1260 at more favorable rates than in the preceding year, the average purchase Price of 1259 being Rupees 32-13-7,- and that of 1260 Rupees 23-15-6 per Garce, producing a saving of Rupees 8-14-1 in favor of the last mentioned year.

Rs 31785-11-5

The remaining portion of the decrease, Viz.t Rupees 16,318-10-- is consequent upon a less quantity of Salt having been purchased in 1260 than in 1259 the respective quantities being 2,899-14 Md. S. 37 and 3,579-115 Md. S. - - -

hence the falling off of Rupees 16789-4-4 in the Gross Collection

The decrease of Rupees 7-26,601-5:6 on account of "charges of Pur:chase" arises partly from the quantity of Tobacco received from the Collector of Coimbatore in 1260 being below the supply of 1259 by C. m^ds 503-17-4, and partly from the Price charged being less by Rupees 3. 8-4 53 1/2/100 per Candy.

| | | |
|---|---|---|
| Supply of 1259 | 3268. 6. 12 | |
| 60 | 2764 9. 8 | |
| Difference — | 503. 17. 4 | |
| Average purchase Price per Candy in 1259 | 33 7 4 | 82 1/2/100 |
| 60. | 29 15 | 29/100 |

The difference in the "charges for superintendence and Sale" is too trifling to be noticed.

8. The diminution in the charges above adverted to, has tended to produce an excess in the Net Revenue of Rupees 9,966-2-8 Com-pared with the amount credited under this head in 1259.

This item is too inconsider-able to need any particular remark

is applicable to arrears of 1259 realized in the course of the year now under report, and the residue is owing to the full amount of the Demand having been collected before the expiration of the year, with the exception however of the trifling sum of Rupees 98 13. 6, out of which Rupees 85-3-- has been brought to account since the commencement of the present Fusly.

Farms and Licenses. 13. The deficiency apparent in the settlement of this Item of Extra Revenue falls on the Ferry Farms - The losses alleged to have been sustained by the Renters of 1259 discouraged biddings when the farms were sold by public auction and the decrease in the Gross Collection of Rupees 1279-15-- arises from the decrease in the Demand.

Stamps 14

The increase of Rupees 3,641-3-3- exhibited in the marginal abstract is in addition to the excess of Rupees 6,418-2-. which occurred in 1259. This improvement is consequent upon the use of stamps for suits filed in the Moonsiff Courts under Act 17 of 1848; and to the same cause is attributable the excess of Rupees 1159-10-5 in the Charges, the same being Refunds made under the provision of the above enactment.

In the Gross Settlement of this branch of Revenue there was originally an increase of Rupees 3,800-7-1; all which was absorbed by the Remissions which it was found necessary to grant on account of Taxes on houses, Shops, professional Implements &c. &c. no longer in existence or held by despossessed parties.

From the subjoined comparative Statement, it will be observed that the Settlement of the year amounted to Rupees 1106702-13-9 - or Rupees 69124-4-" above that of the preceding Fusly.

Salt.

2. The demand on account of Salt was Rupees 515368-8-" or Rupees 101676-9-7 in excess of that of Fusly 1259—

There

Fort St. George 9th February 1832.

There was an increase under each head the principal being on Inland sales which amounted to Rupees 91986 attributed to the superior quality of the Attipat Salt, as well as to the facilities afforded to Native Merchants to purchase Salt for the interior, by forming a depot of sale at the Presidency. The largest Exports during the year were for Bangalore and Mysore and the Board are of opinion that much of the increase may be attributed to the increased facility afforded for its transport by the improvement in the great Western trunk Road.

Sayer. 3. The frontier duty amounted to Rupees 103-13-4 and calls for no remark.

Alearry. 4. The Board regret to observe the large falling off in the Alearry Revenue, compared with the preceding fasly amounting to Rupees 34,167-10-0. The Collector has shewn from para 17 that the revenue for Fasly 1260 Exceeded the average of that of 20 Faslies by Rupees 13,276-8-2 yet it cannot be lost

Fasly 1259 Rs 5,7,20,67-12-10

lost sight of that the revenue is below the average of the last 7 years by Rupees 24,033-12-5.

5. The falling off occurs under the several heads of Columboo and Putta Arrack, and Toddy, that in arrack being attributed to a rise in the price of food from a failure of the rains to a great degree in the fasly, by which the cultivating laborers, the chief consumers of the liquor, were prevented from indulging in its use. The loss is also ascribed to the illicit sales and system of smuggling carried on both within and without the limits of the Supreme Court from the want of an efficient Establishment. As an Extra Establishment has since been sanctioned by Government for the due protection of the Alearry the Board will depend on the Collector's best exertions to prevent illicit traffic for the future.

From Govt 4th S. Cons 11th December 1831.

6. With respect to the decrease under the head of Toddy, the Collector states that the reduced results are

are partly owing to the improved sales in former years, and partly to the loss sustained from the effects of the gale in May 1851 on which occasion Rupees 2891-14-4 were deducted under sanction of Government from the demand on the Shopkeepers.

† From Govt. 5th June to 3d July 1851.

Sundry Small Farms and Licences. Stamps.

†. In Sundry Small Farms and Licenses there was a decrease of Rupees 89-8-5 and in that of Stamps an increase of Rupees 920-13-— these require no remarks.

Cochranes Canal.

8. The revenue derived from Cochranes Canal amounted to Rupees 32,515-11-8 or Rupees 880-10-5 in excess of that of the preceding year, and appears to be principally on account of the toll levied on firewood and shells.

9. The Demand as shewn in Para 1 having been Rupees 110,607-13-9 and 2,891-14-4 remitted on abkaree the aggregate receipts for the year together with the Collections Rupees 601-8-7 from all the sources of

of Extra Revenue amounted to Rupees 110,412-8-— from which the Charges being deducted, Viz.t, Rupees 13,416,78-5-10 there remained a Net Revenue of Rupees 94,9734-2-2 or an increase of Rupees 73,825-10-8 above that of Fusly 1259.—

Ordered that a Copy of the foregoing Extract with the annexed Comparative Statement of the Collections, Charges and Net Revenue, be submitted to Government, and a transcript of the same be furnished to the Collector of Madras.—

Sir,

I have the honor to forward a Memorial, in Triplicate, addressed to the Honorable the Court of Directors from Mrs O. DeVaz praying that in consideration of the long and faithful services of her late Husband, they would be pleased to bestow upon her such Pension as may be deemed necessary.—

As my opinion on the subject of the late Mr. DeVaz's services have been repeatedly placed on record by myself, it is only necessary for me to add that the grant of an allowance as solicited by the Memorialist will be of service to the large family he has left in apparently limited circumstances.—

With reference to the Board's Endorsement of the 2d October 1850, I have the honor to report on the case of the Petitioner, Nellore Rowamah Bathoodoo and Chinnatomby Naidoo.

2 It would appear from further enquiry that the spots of land mentioned in these Petitions are very heavily assessed, much more so indeed than the neighbouring ground, and I would therefore recommend that the land in question should be taxed at 1¾ Rupees in each case.

From the Supt.t of Stamps ——— }

I have the honor to annex copy of correspondence that has passed between this Office and the Collector of Salem on the subject of Commission being drawn on the value of Stamps issued for Government Law suits. The General letter from the Honorable Court of Directors referred to, by Mr. Phillips not appearing to me to apply to Stamps issued for the purposes above mentioned, the Stamps so issued being entered in the accounts as a Nominal and not an actual sale, I beg to solicit the instructions of the Board on the subject for my guidance.

I beg add that Commission is not drawn on the value of Stamps issued for Government Law suits in the other Districts.—

To

H. D. Phillips Esqre
Collector of Salem.

Sir,

I have the honor to acknowledge the receipt of your letter of the 13th Instant, and I beg to state that it is not usual to allow Commission on Stamps issued for Government Law suits, Stamps so supplied being a nominal sale

I request you will therefore be good enough to recover the difference Annas fifteen, and pice eight (As. 15-8) and credit the same in the Statement for the current Quarter and in the meantime inform me of its recovery.—

I have also to request that Rupees 13-10-4 drawn as Commission on the above account during the 1st Quarter of this Fasly may also be recovered and credited.—

I beg to add that the

principle of drawing Commission on Stamps issued for Government purposes is contrary to the practice in other Districts.

Sir,

Para 1. Adverting to your letter dated 20th Instant stating that it is not usual to allow Commission on Stamps issued for Government Law suits and requesting me to recover the difference of Annas Fifteen and pice eight and credit the same in the Statement for the Current Quarter and to recover also the sum of Rupees 13-10-4 drawn as Commission.—

I have the honor to observe

2. that the practice of allowing the Commission now objected to by Your Department appears to have originated in this District on an Extract from the Communication noted marginally and I beg to submit that as the Cost of Stamped paper issued in suits against the Government is likely in

General letter from the Honble Court of Directors 28th July 1847 No. 18 para 9.

in many instances to be recovered from the parties suing the Government it seems somewhat hard to debar the Vender from the receipt of his usual fee.-

3 The words "actual Sale" are used in the Honorable Court's Despatch and I am aware that any thing more than a credit entry is made in my accounts for sales of paper required by a local Collector still the Vender would appear entitled to remuneration of some kind for his previous Care and Custody of the Stamps whether they be withdrawn from his Charge for the benefit of his Employers or for the use of private Individuals.- He receives no fixed Salary and naturally looks forward to this only source as his means of livelihood

To The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying letter from the Superintendent of Stamps dated 5th January 1852, annexing Correspondence with the Collector of Salem on the Subject of Commission being drawn on the value of Stamps issued for Government Law Suits.-

2. As the vender receives no fixed Salary and is entirely dependant on the Commission derived from Stamps, the Board concur with Mr. Phillips in the opinion that he is entitled to some remuneration for his previous care and custody of them, whether they be withdrawn from his charge either for the use of the Collector or private individuals and they accordingly recommend that he be allowed to draw a Commission on all Stamps issued on account of Government Law Suits.-

Bd. No. 330

From the Collector of Madras.—

Sir,

With reference to the Board's Proceedings of the 29th January 1852 I have the honor to State for the information of the Board that from the enquiries made by my Assistant Mr. Ellis and a personal inspection of the progress of the manufacture, there appears to be every probability of obtaining a supply of new salt from the old pans in this district, by the commencement of March next.—

2. It was only in the event of any accidental failure in the expected supply that I was induced to prefer an application for an addition to the quantity now in store, and should the weather prove unseasonable from this to March next, it is much to be feared that the salt now on hand will not be sufficient to meet the exigencies of this District.—

3. In reference to Para. 2, I beg to state that the object of the formation of the new pans was to enable this Office permanently to meet the increasing demand for salt both for Inland and Home Consumption and to have a sufficiency in store against unexpected failures in the supply.—

3. The sales for Home Consumption might have been greater but for the store having failed from February and March in two Colaurs of the Todda Division. The Collector has

Increase- 66-4-5

has however adopted measures to ensure in future an adequate supply.-

4. The Decrease in the sales for Inland consumption occurred in the following Divisions.-

| | Other Districts. | Foreign States. | Total. |
|---|---|---|---|
| Fusly 1259- Rs. | 1,72,214-3-2 | 1,04,350-4-10 | 2,76,564-8-.. |

| Decrease- | 26,583-14-7 | 13,579-6-5 | 40,163-5-.. |

5. In the Pauduty Cotaurs it was occasioned by the Brinjaries, who usually frequented them, having proceeded in Fusly 1260 to the Pedda and Chinna Ganjam Cotaurs in the Guntoor District. In the Estrapully Cotaurs the decrease is ascribed to an esetended manufacture of Earth Salt in the Districts of Bellary, Cuddapah and Kurnool, which induced the Brinjaries to abandon their trade in Salt with those parts and to employ their Bullocks in Conveying Grain, also to certain petty traders in Salt having relinquished that for a trade in Salt Fish. On the first of these causes, the Board have before pointed out that it is a common excuse among the servants of the Salt Establishment to attribute any falling off in their sales to an increased use of Earth Salt in these Districts, and remarked that the consumption materially depends on the nature of the seasons, as "in bad seasons the ability of the Ryot to purchase "Marine Salt is diminished and Earth Salt "is in consequence more freely restored to." The season

Para 8 Pros: 21st January 1850 on Extra Sources, Fusly 1258.

season in Fusly 1260 of the three Districts above named would however appear on the whole to have been favorable, judging from the Revenue from the Land.-

| | Fusly 1258. | Fusly 1259 | Fusly 1260. |
|---|---|---|---|
| Bellary- | 21,81,374- | 22,52,334- | 22,43,162 |
| Cuddapah- | 20,79,480- | 20,77,404- | 21,89,541 |
| Kurnool- | 7,14,854- | 6,95,493- | 7,22,881 |

6. In his subsequent letter dated the 19th January 1852, the Collector reiterates his view that the use of Earth Salt exercises an influence on the sales of Sea Salt and tho' not the main cause, that it has in some measure contributed to the falling off in the Inland sales under consideration.-

7. The decrease in the Taddah Cotaurs is ascribed to certain Brinjaries having ceased to resort there who had done so in the previous year, during an enquiry into irregularities practised in certain pans of the North Arcot and Chingleput Districts, which they usually frequented.-

8. The deficiency in the Esports by Sea is in consequence of the diminished quantity indented for from Chittagong, and of the loss of certain Vessels which were lying off the Coast of Nellore ready to receive their Cargoes of Salt.-

In the quantity manufactured Salt there is a decrease of 2,81,195-32-u no white salt having been made, as there was a sufficient stock and fewer shipments.- This tended to diminish the Charges which fall below those of the preceding year by Rupees 10,774-2-7- The Net revenue from Salt in Fusly 1260 was thus Rupees 68,126-u-7 below the previous year.-

Sea Customs- 10. In the Sea Customs the Collections only Amount to the trifling Sum of Rupees 11-2-5- being below the receipts of the preceding year by Rupees 979-2-4 and below the Charges of the year under review by Rupees 1,747-1-1-

Abkarry. 11- The decrease of Rupees 1,849-4-7- in Abkarry is ascribed to lower offers, and the decrease of Rupees 80-u-8 in Small Farms and Licenses to the abolition of the Tax on Tank Fisheries.

Small Farms &c.

Stamps. 12. The increase of Rupees 1,515-12-u- in Stamps is owing to a larger number of Suits filed in the Civil Courts, and the increase of Rupees 428-14-1 in Moturpha is attributed to a larger number of Furnances for Smelting Iron, and to an excess of Quit rent levied.-

Moturpha.

Of the last Amount, Rupees 250-4-3- are due by deceased, deserted and indigent Ryots and the remainder consists of the disputed items marginally indicated, regarding which the

14. Under the representation afforded, the Board recommend that the sum of 731-2-9 Rs. a. p. may be written off the Accounts- Of the six disputed items, the Board consider that the demand should in future be limited to the 4 last.-

15. The Gross Collections Current, Extra and Arrears under all heads of Extra Revenue in Fusly 1260, amounted to Rupees 5,23,475-u-2. Deducting therefrom the Gross Charges, Rupees 68,773-8-3- the Net revenue to Government is Rupees 4,54,701-7-11- falling below that of the preceding year by Rupees 70,093-12-8.-

From the Civil Auditor.— Sir,

In reply to your letter of the 19th Instant on the subject of the enquiry made in your Memorandum

of

of the 8th Ultimo, I have the honor to inform you that, as far as I have been able to discover, there seems to be no particular limit beyond which applications for the pay or allowances of Public Officers in the Civil Department, will not be recognized by the Audit Office, and that the Civil Auditor has hitherto exercised his discretion, according to the circumstances of the case, in admitting or objecting to claims for allowances preferred considerably after the period when they had become due. And I am not aware of any limit beyond which Government will not recognise such claims.-

Proceedings thereon.-

The Board observe that Mr. Cotton in Para 3 of his letter of 25th November 1851 states that this question of Tent allowance has been constantly agitated, and it appears that he has received some reply on the subject from the authorities addressed. The Board would wish to know what these replies and the grounds of refusal were, before they give an opinion which may establish a precedent.-

To W. H. Bayley Esqre

Sir,

The Choultry referred to in the Correspondence

To Board 16th November 1849.
From Dto 6th December 1849-

correspondence noted in the Margin and the Out houses attached to it having been substantially built of good materials and completed in July 1851 at an ascertained cost of Rupees 3,332-5-5 and the opening of the same for the reception of Travellers notified to the Public as required in the 2d Para of the Board's Circular dated 8th August 1836, I have the honor to forward for the inspection of the Board a Drawing of the Buildings in question shewing the extent and nature of accommodation allotted to the several classes of Travellers and the Materials of which they are constructed and to recommend the usual grant of waste land for the support of the same inasmuch as the Applicant for the grant has complied with the condition of providing accommodation for all classes of the community.-

Bd. No. 308
Proceedings thereon.-

Since Government have declared† that in future, no Chuttrums will be endowed by the State which are of an exclusive character, it becomes the duty of the Board to see that the Spirit of this order be carried out, and they cannot look upon the plan now forwarded by the Collector without the impression that there

†29th August 1850 Bd's C. O. Book p 522.

(20-21)

there is an attempt to secure the endowment by a very inadequate yielding of a small corner for "people of all castes."-

2. It appears to the Board that the Choultry is one for the especial convenience of Bramins and Pilgrims to Ramiseram a supposition strengthened by the first part of the Petition of the Founder enclosed in Mr. Bird's letter of 16th November 1849. The plan now submitted is that of a spacious Choultry for Bramins on one side of the road with one portion as a "place where bramins and soodras take bed." whilst on the other side of the road is a small building with 2 rooms one of which about 12 feet square is marked." For all the caste.-

In Con. 6th December 1849

3. The Board would not wish to throw obstacles in the way of the building of Choultries even for Bramins alone or Pariahs alone, but they are not disposed to recommend such buildings for permanent support from the funds of the state unless fully satisfied that the intention of Government is honestly carried out. That this is the case in the present instance, they trust Mr. Bird will be able to shew more clearly by farther explanation of the points noticed.-

5- I beg to observe that a sum of Rupees 1224-12-10 has been recovered from Contractors for the transport of Salt on account of excess of wastage above the quantity allowed in cases where they seemed to be liable to this payment and the same has been carried to the Credit of Government, as will be seen on a reference to the Statement furnished to the Board with my Report on the extra Sources of Revenue for the past Fusly 1260 -

6- It will be thus seen that the wastage now exhibited is below that which has previously been recorded but it is in many instances so far in excess of the amount which I considered a fair average that either I have greatly miscalculated what this ought to be or the deficiency must arise from fraud - I have already commenced enquiries with the view of discovering either the proper

Fort St. George 12 - th February 1852 -

proper allowance to be made for wastages or the extent of the frauds committed in which so very large an Amount of public property is involved, and I have by arranging that the accounts of each Cutcherry shall be immediately scrutinized by the Officer in charge of the Taloob and sent to me with his opinion of the conduct of the Officers responsible for it, a more efficient check will be maintained -

7- I am sure the Board will not be surprised that whether the error in these accounts arises from miscalculation of the wastage or from fraud I should not be able to state that I have succeeded at once in rectifying it - But I hope that the exertions of my Sheristadars as well as of the Head Officers will enable me to send in a more satisfactory report in future, for nothing but minute scrutiny can adjust that wastage with the precision or check fraud in so extensive a business -

8- I cannot help expressing to the Board how far more satisfactory it would be to me if I entered in to this investigation with the feeling that the Servants of Government employed in this Department were paid in proportion to the extent of their trust and I feel sure that it would be a measure both of justice and economy to make their pay adequate to their maintenance and to arrange that it should bear a proportion to their services - a Salary of 14 Rupees a Month is not an adequate remuneration for a Servant who sells property peculiarly liable to peculation to the extent of Rupees 32,000 and has a store of equal value under his custody -

9- The value of the property into the loss of which I am about to enquire is at the selling price more than 50,000 Rupees and I am sure that to make the appointments in this Department more reliable would greatly aid in preventing the serious loss to the Revenue which I fear must be indicated by the accounts which I now send -

Ordered that the following letter be sent in consequence.

(28-29)

To the Collector of Malabar.

Sir,

B.R. N. 310 To the Collector of Malabar. Calling for certain information relative to some lands belonging to the Bebee of Cannanore which the Collector proposes to sell in satisfaction of the arrears of Peishcush.

The Board have had under their consideration your letter of 24th. November inclosing a List of certain lands belonging to the Beebee of Cannanore which you propose to sell in satisfaction of the balance of Peishcush due by her.

2 Previously however to passing any orders on the subject, or referring it for the consideration of Government, they desire me to request information upon the following points; Viz.t.

1st. Whether the lands are all portions of the ancient possessions of the family on the continent on account of which the Peishcush is due or whether any of them are private lands since acquired, and held on the ordinary tenure.

2d. Whether the balance due is exclusively or avowedly owing on account of her Laccadive Islands. The Board are aware that a Gross sum of Rupees 15,000 is paid by her partly on account of the Islands, and partly for her lands on the continent, but

but the sum on account of each of these is distinctly fixed and they observe that the amount due is just equal to two years payment on account of the Islands, coupling this circumstance therefore with the remonstrance made by her respecting the remission which the Government consented to grant her (solely on account of the Islands) they are under the impression that it is the revenue due for these that she has withheld and not that for her continental possessions.

3. The Board also wish for some information respecting the sum of Rupees 10,250 referred to in your letter dated 15th. January 1851 and Extract Minutes of Consultation 28th. February 1851, whether it was realized as directed by Government and whether it was paid on account of the Islands.—

Islands 30th January 1851

Islands 8th March 1851

4. The Board are also desirous to have your opinion as to what course would be most conducive to the interests of the Bebee herself. It appears to them that if she cannot now, as she alleges, pay up the amount of Peishcush due for the Islands, she would be still less able to do so, after her lands on the Continent had been sold. It would therefore

Extract Minutes of Consultation 4th October 1849 Mr Robinson's Memo in letter from Collector of Malabar 5th February 1849

therefore be necessary within a short time to make some arrangements for realizing the balance which would in all probability accrue either by finally assuming their management, or by some other course. It would seem therefore more conducive to her interests that this course should at once be adopted leaving to her her continental possessions, than that these should in the first instance be sold for the arrear due on account of the Islands which the circumstance of her refusing to come to any settlement and their generally unsettled state may render it unavoidable for Government to assume the management of. In this Event she would not only have lost the Islands but her lands on the continent also.

Rules for the Settlement of the Revenue from the Land.—

Dittum or Engagements of the Ryots.—

The Kabooliat or Dittum shews the Engagements of the Ryots for the year. It differs from the Dittum of the preceding year only, as land from various causes may be newly taken up or relinquished. Many Holdings continue the same from year to year.—

2. The Dittum shall be formed at the Commencement of the season for cultivation and shall be closed as early as practicable an abstract of the Dittum, prepared

but the previous Consent of
the Collector is necessary
in every case.

8. A Field may be
taken up by two or more

From the Asst Supt of Roads

Sir,

With reference to the accompanying documents * I do myself the honor to request that you will lay my claims before the Board and request their assistance in recovering the property forcibly (and so illegally as appears to me) seized out of my Carts. —

Soliciting Board's assistance in recovering certain property alleged to have been forcibly seized out of his Carts.

1 Copy of a Native valuation of the discovered property.
2. Ditto of a letter from Lieut Forlong to the Superintendent of Roads.
3 Ditto from the Supt of Roads to the Chief Secretary to Govern.t
4 Ditto Minutes of Consultation dated 25th November 1851.

2. The articles as per Annexed list, thus forcibly taken out of my Carts and Custody when in process of conformance to the Go-
=vernment regulations were deposited by the

Cutch

Civil Authorities in the hands of certain Bramins or other Villagers, and my people were prohibited by the local Civil Authorities from endeavouring to recover them.—

3. I have since learnt that a kind of agree=ment was made with the above parties, to the effect that they would obtain the property, pro=vided they built a temple within the space of two years, for the reception of these metal figures &c. I mention this to show that the property is still forth=coming and unappropriated, no temple having yet been constructed.—

4. This forcible and illegal seizure was brought to the notice of my superiors as can be proved by the records of my Department in my possession. no diligence then was wanting on my part to con=form to the Government orders to which I am re=ferred by the Minutes of Consultation noted in the Margin but the forcible seizure and removal of the property discovered by me precluded the possibility of my conforming to the Government regulation, and the interposition of the Civil Magistrate of the District was necessary to the restitution to me of that property, of which I had been forcibly deprived. This interposition, and the restitution, has not yet been vouchsafed to

No 345 of 25th November 1851.

to me, I have therefore no alternative but to appeal to your Board, in order to establish for myself and my subordinates, that, which I conceive to be our just right.—

5. If the articles in question are really the property of the Bramins or Villagers no con=ditions could be annexed to the restoration to them, of what is their own, nor would such be accepted by them, and if they are not the real owners. I feel assured the Board will agree with me, that on taking the same out of my Carts, they have taken that which the regulation referred to by the Chief Secretary to Government marked as mine.—

6. It must I should think be a difficult matter for the claimants to prove their descent from the original owners through the long period of 7 Centuries, during which time the articles have by their own Account been under ground as well as to settle some other points to which I should imagine necessary to substantiate so ex=traordinary a claim; at all events, I would maintain, that according to the Regulation re=ferred to by the Chief Secretary to Government, the property should have been lodged in the Court house at Chittoor until the right to possession had been legally settled, and that the onus for non=compliance under the circumstances detailed, does not rest with me.—

To,

Captain C. C. Johnston

Superintendent of Roads. —

Sir,

1. Being under the impression that the late Superintendent of Roads had upon a report of mine to him, taken measures for the recovery of some valuable property discovered by some Coolies under my orders in June 1850 whilst digging for stones within the limits of the Oodecudrum Village lands near to Vaniembady in the North Arcot Dis-
-trict, I had allowed the subject to rest in his (Captn Beats) hands, but not having yet heard the result, I beg to bring the matter to your notice, and to myself the honor to request that

your

Fort St. George 12th February 1852.

you will early take such measures as seem to you best for the restoration to me, of all the Articles I have discovered, or of their estimated value. —

2. After the Coolies had dug out the valueables my Overseer had them packed in Three Carts with the intention of removing them into safe custody, until he should hear from me as to their disposal, but some Bramins collect-
-ing a Mob persuaded the Villagers to oppose their withdrawal, and the Tahsildar and his Cutcherry of Bramins siding with the Mob the Carts were unpacked and taken possession of by them, in either their own or the Collectors name, I know not which. —

* by the people

3. It was estimated* but the Copper and Brass dug out by my Coolies was worth from seven to Ten thousand Rupees, and there were be-
-sides numerous Vessels Candlesticks figures &c. and about a dozen of interesting Copper plates covered with writing in Telugoo and Grunda

Character

character, said to be a history of some Pagodas or dynasties which flourished about seven hundred years ago.—

4. I trust you will obtain for either myself, the Department, or the Government, for I know not whose the property should be, the right of the finders to whom I believe all treasure or valueables found under a Lac of Rupees belong.—

5 The people in attempted justification of their illegal seizure asserted that the figures or some of them were "their Village Gods, Goddesses" "or Demons" and although there can not be the slightest objections, why they should not have, what they choose so to name, yet perhaps you will be so good as to see that they first purchase the Copper, before appropriating it under either

either these or any other names they prefer to call Candlesticks and figures by.—

Sir

In continuance of the Subject of my letter to your address No. 301, dated 13th Ultimo, I have now the honor by Order of His Excellency the Commander in Chief to enclose for submission to Government a petition received thro' the Officer Commanding Malabar and Canara, from a respectable Parsee Merchant of Cannanore, setting forth the fact of the Queen Beebee of Cannanore having instituted a Suit against him in the Civil Court of Tellichery for the recovery of Land Rent, which she has

allowed

has allowed to accumulate for a period of 18 years.

To,
Brigadier W. B. Elliott K. H.
Commanding Malabar and Canara
Cannanore.

The humble Petition of
Cursetjee Merwanjee and
the Sons of the late Merwanjee
Framjee Merwanjee Jee-
jheebhoy Parsee Shopkeep-
ers and Merchants resid-
ing in the General Military
Bazar in the Cantonment of
Cannanore.

Respectfully sheweth.

That your Petitioners succeeded their

their father the late Merwanjee Jeejheebhoy in trade here, as Parsee Shopkeepers, on his demise in the year 1846.

That your Petitioners father had been a resident and engaged in trade at this place for a period of upwards of Fifty years, during which time he became possessed of several Bungalows and dwelling houses situated within the limits of this Cantonment and in the European and Native Infantry Lines, the houses in question having been purchased at different times by their said father of Military Officers by whom they had, with the sanction of the Military authorities been originally built, Some of these having become dilapidated and out of repair were rebuilt by permission of the Officer Commanding the Garrison both by your Petitioners father and your Petitioners themselves.

That your Petitioners father, prior to the year 1822, this being the period about which the Military Police Regulations were Established and enforced here, paid only to the Collector of the District a certain annual tax for

for some years for his shop in the General Bazar. and that upon the Collector seeking to raise the amount of such tax, your Petitioners father, together with several other tradesmen and parties resident in the Bazar Memorialized the Commandant of the Garrison, Colonel E. Miles C. B. praying to be relieved from the tax demanded.

That on the same being represented to Government. it was ordered that upon your Petitioner's father and others consenting to be registered under the General Military Police Regulations. they would be entirely exempted from Vessabaddy or Motorpha taxes.

That your Petitioners father thereon became a registered Shop Keeper of the Sudder Bazar of the Station and remained so, until his demise, after which the registration was continued in favor of your Petitioners. That from the period of your Petitioners fathers registration he had been exempt from assessment of any kind and the possessed for years of the different Bungalows and Dwelling houses which

which your Petitioners now possess by inheritance, was never subjected to any tax, save and excepting the sum of 3 Rupees demanded and paid annually to the Beebee of Cannanore for a small Cocoanut Garden situated close to the Military Bazar Guard Room. The trees in the said Garden from age are becoming unproductive, and are consequently valueless. and it is necessary to plant others in it to enable your Petitioners to pay the Beebee's tax. But as an order has been issued on the 12th September last under authority from Government prohibiting the planting of trees of any description within the Military limits of the Cantonment / which the Beebee cannot dispute / Petitioners must object to any further payment.

The Beebee of Cannanore has now however urged other claims and is now causing your Petitioners the greatest annoyance and vexation by the prosecution of a Suit instituted against them in the Civil Court of Tellicherry for the recovery of the sum of Rupees 2607-3 = the amount she alleges in her plaint to be due to her by

your

your Petitioners on their own and their late fathers account as arrears from the year 1834 being 18 years of tax for the lands whereon their shop and dwelling houses are built, and which are situated, as has already been stated in the European and Native Inhabitants Lines. To prove that such demand on the part of the Beebee is illegal and a mere attempt at extortion your Petitioners respectfully solicit your attention to the two following instances selected from many in which the Beebee attempts to impose similar unjust and vexatious claims upon other parties have been defeated.

The late Major Macdonald when Brigade Major of this station, took possession of and enclosed, a piece of ground adding the same to the compound of the upper pooned or house known as the property of the late Poovaden Bappoo abkarry Contractor [the house in question is at present in the occupation of Captain Rhodes of the 94th Regiment] on Major Macdonald's doing so the Beebee raised

raised objections and advanced certain claims asserting her right to assess the land in question, but was told in reply by Government that she had ceased to have any proprietary right to ground in this station from the period of its having been declared a Military Cantonment.

Again in the year 1848 she advanced certain claims for pensions 3 houses and grounds situated within the limits of the Cantonment. the owner of these houses resides within the limits as assigned by treaty of her own ground at Cannanore; and on his refusing to acquiesce to the Beebee's demands. her agents forcibly entered the Mans house and possessed themselves of certain articles. The legality of such acts was investigated before the Chief Judicial authority of this District, Copy of the Courts proceedings on the case are herewith appended, from which it will be seen that not only were the acts of the Beebees people declared illegal but further

further that the Judge Mr. Forsyth confirmed in the fullest manner a previous order of the joint Magistrate Mr. Chatfield the Sub Collector and principal Revenue Officer of North Malabar which declared that the Beebee has no right to levy House tax.—

Your Petitioners are furthermore strictly bound to abide by the orders issued by Government in G. O. under date the 17th April 1849 with respect to their houses occupied by Officers, and relative to fixing the rent thereof to a certain rate.—

Your Petitioners having thus adduced proof sufficient to show the extortionate and vexatious nature of the Beebees demands, now beg respectfully to solicit you will take the same into your kind consideration and forward this Petition with your favorable recommendation to the Quarter Master General of the Army, for submission to Government in order that your Petitioners together with many others living and carrying on business in this Cantonment against whom similar proceedings are threatened may be favored with

with the protection of Government and rescued from the vexatious litigation they are now being subjected to, at the instance of the Beebee of Cannanore for which act of justice your Petitioners as in duty bound shall.—

Extract from the Proceedings of the Session Court of Tellicherry under date the 15th September 1848.—

Read again Petition No. 48 of 1848 presented by Vakeel Soobrow Shetty on behalf of Sheva Shangara Pubhoo, appealing against a decision said to have been passed on the 4th Ultimo by the Magistrate directing him to institute a Suit to recover 6 Pots being part of the property forcibly carried away from his house by certain Kariastens of the Arrakel Beebee of Cannanore and for recovery of the requisite expenses attending the removal of defilements from his house.—

Read also the proceedings in the case

Read

Read also return from the Joint Magistrate of Malabar to the Court's precept of the 30th Ultimo requiring him to state why the said pots have not been delivered to Petitioner with the other property.—

The Joint Magistrate states that he saw no reason to credit the assertion that 6 Pots more than were returned were seized by the people of the Arrakel the regular steps which were taken in the attachment rendering such an illegal Capture as that complained of very improbable.—

The Court concurs with Joint Magistrate and Petitioners Vakeel admits (vide his deposition of this day) that he has failed to prove that the 6th "pots" in question were taken by the Beebee's Agents but as it is declared in the Joint Magistrate's order that the Beebee has no right to levy a house tax the Petitioner has a right to sue for damages for the trespass as well as for the alleged "defilement"

If the Beebee's Agents took upon themselves to act on their own construction of Regulation XXVIII of 1802 She must be

held responsible.—

Mean while he will inform the Petitioners Cursetjee Merwanjee and Framjee Merwanjee that the Government cannot interfere in the suit instituted against them by the Beebee and that they must make their own defence.—

2. In reply I beg to state that although I am not prepared to say the residence of both these Gentlemen at the place in question during the whole period referred to was absolutely necessary for the public service, I was myself at Dindy from the beginning of the Month of May and till towards the end of June and great convenience was found in the assistants and their Establishments being on the spot. Both Gentlemen afforded me valuable assistance and Mr Nesbitt took advantage of the opportunity to look into the state of things in the adjoining Salt store at Nezampatam and left early in June to superintend the storing at Pedda Ganjam. I found that it had in previous years been usual for the assistants to draw Extra tent allowance under similar circumstances and the allowance was therefore passed to them on the occasion under reference.

The following individuals produce deeds of gift alleging that the Enams granted to them by the deceased during her life time have been in their enjoyment ever since.—

The 1st Claimant Narasimha-sastroolu produces a deed of gift and alleges that the Enam of Budda Polamada No. 147 measuring 27 6/15 Goontahs of land assessed at Rupees 3-15-7 was obtained as gift by his father in the year Jayalumbee of Seeka 1760 or August 1837, and enjoyed by him up to the time of his death, and afterwards by himself, and claims that it be continued to him.—

Appanacharry who obtained the Enam as gift.

Soobamah the widow of Appanacharry who obtained the Enam as gift.

The Entire Enams were enjoyed by the deceased with Sookla 1759 in the Jem three or Eighteen years.

Appanacharry the husband of the deceased Soobamah from Narrainacharry the son of Jaitheer=thacharry whose name is entered in the Survey Accounts and enjoyed by him.

Soobbabuttoo the last holder and the grantee in which he stood to the deceased and date of his decease 1838.

The 2d Claimant Soobbabuttoo produces a deed of gift and alleges that the Enam of Rapoolatroonda No. 150 comprising 2 Acres and 6½ Goontahs of land assessed at Rupees 2-3-8. was obtained by him in the year Veelumbee of Salivan Sookla 1760 corresponding with April 1838 and has been enjoyed by him ever since.—

The assertions made by the claimants to the effect that the Enams had been obtained as gift from the deceased and enjoyed by them, have been borne out by the witnesses to the deeds of gift. But nothing came to light from the Escamination held in Fusly 1218, regarding the grant of these Enams as gift by the deceased to the present claimants. No good claim can be preferred by Nursimhasastroolo or Soobbabuttoo to the share enjoyed by the deceased, entered in Column 9 Viz. Rupees 16-11-8. The Deeds of gift in Solaputty Sastroolo's name for 3-15-7 and in Soobabuttoo's for 25-3-8. (Column 9.) were executed on unstamped paper, not long before the death of Soobamah. it does not appear why the gifts were conferred and no mention was made of them at the escamination held in 1838. The present claimants have however held them, but unauthorized for about 13 years. The orders of the Board as to the final disposal of these Enams are requested.—

No heirs.

These Enams appear to have been obtained as gift by Appanacharry the husband of the deceased Soobamah, from Narrainacharry the son of Jaitheer=thacharry whose name is entered in the Survey Accounts and enjoyed by him. No deed of gift however is forthcoming, and there are not any claimants. The permission of the Board to resume this Enam is requested.—

Kristnamah is daughter in law of Ayyumagal charry who obtained this Enam as a gift from Vanoomuntiah, the grandson of the Original grantee Veasarow

Do

Veaksarayaswamy's name is entered in the Pymaish Accounts. Vide Happears from the name Veaksarayaswamy was by mistake entered in the Pymaish accounts instead of Veasarow.

A deed of Gift executed by Vanoomuntiah in favor of Timmanacharry in the year Roodrodgarry of Seeka 1728 corresponding with A.D. 1803 is produced.

Do

The entire Enam was enjoyed by the deceased.

The Deed of Gift for this Enam is in favor of Timmanacharry father in law of deceased Kristnamah (Col 8) It purports to be a deed of gift executed by one Vanoomuntiah but as it is signed by one Madarrow executed on unstamped paper, and not attested by witnesses, its genuineness seems very questionable the claimants are Venkatartas = rasuminah charlu and Seethamah Cousins of the deceased Kristnamah and her husband Gnanacharlu the orders of the Board with regard to the disposal of this Enam are requested.

portion of the Enam for about 17 years it is submitted for the Board's favorable consideration.

The 2d Claimant Moorarappah adopted son of the deceased's Cousin Dhronapah claims the whole of the Enam of the deceased on the ground that he is Cousin to the deceased's husband that their families had never mentioned that they had divided their property and that he had performed the funeral Ceremonies of the deceased, and states that Shanmooga=pah has no title to the Enams. Besides the fact of this individual having separate Enams, it appears that he has lived sepa=rately for a long time. There seems to be no special grounds for recommending the succession of this distant relative to the deceased's property and the disposal of these Enams is subject to the Board's Orders.

The deceased Hasamah died without issue having obtained them through her late husband who was the brother of the grantee named in the Pymash accounts. There is nothing forthcoming in support of this grant. The last holder Soolummah obtained them apparently in right of her previously deceased husband who was the grand Son in the Male line of the grantee named in the Pymash accounts for Fuslies Nos. 147-126 and 59 there being no name entered for Field No. 108 and Field No. 150 being entered as Desai Soolummah's husband Appanachary Received the Fields Nos. 26-78 and 79 in gift from another Soolummah died so long ago as 1838 and although orders were issued to take her Enams under Amanie, yet it would appear that only some of the lands were thus managed, and the rest retained by one Narharee Row who has since died. The present claims are by Two individuals Narasimmah Shastralu to Field No. 147 and Soobbutloo to Field No. 150 and they produce deeds of gift - but as there was no mention made

made of these deeds at the enquiry which took place in 1838. and as it does not appear why these gifts were made, the Board are not prepared to admit them. In default of heirs they recommend that the entire lands be resumed.

The Documents mentioned in support of these Enams would not seem to warrant their continuance. The deceased Bhimanah was the adopted Son of the party whose name, and that of his grand father are entered in the Pymash accounts - but the deceased would appear to have been in enjoyment of the lands Conjointly with other Members of the family. The Board therefore recommend that the Enams be continued to Lutchimanah the Widow of deceased for her life.

I Two Summuds are submitted in support of the first 7 Fields but neither of these nor the other documents adverted to

to in Columns 4 and 5 appear sufficient to warrant the continuance of the Enams - The Father in law, Husband and Husbands Grand father are supposed to have been the original grantees and the name of Runga is Bhutt the Husband of the deceased is entered in the Pymash Accounts. The last 3 Fields are not supported by Summuds but Rungah Bhutto name is entered in the Pymash accounts - The Board consider that Burry Puttah Shashumbhut might be allowed to retain possession of the Field No. 44 assessed at Rupees 7-1-6 he having held it for 17 years under the deed of gift granted to him by deceased and that Fields Nos. 327 - 90 - to 88 assessed to Rupees 74 - 14 - 1 be continued to Shummoorah the Nephew of deceased who has no other means of subsistence -

N There are no Summuds in support of these Enams and the Documents and entries in the Accounts referred to by the Collector do not favor the continuance of the Enams. The claimant is a very distant relation and the Board see no ground for admitting his claim especially as it appears that he has a share in certain Sur Deisai Enams assessed at Rupees 484-5-"-. The deceased having left neither wife nor child the Board recommend the resumption of the entire Enams enjoyed by him.

B. No. 307.

From the Collector of Chingleput.

Requesting instructions for the disposal of the claim preferred by the Durmakartah of Nayer Pagoda for granting lands in exchange for those annually inundated by the Hijsa Tank.

Sir.

1. I have the honor to solicit the instructions of the Board of Revenue in regard to the disposal of the accompanying Petition No. 2609. of 1851 presented to the Board of Revenue by the Dhurmakurtah of Pushpara=daswra Swamy Pagoda in the Cusbah of Nayer.-

2. The Petitioner complains that certain lands assigned to the above Pagoda and situated on the bed of the Hijsa Tank appertaining to the Villages of Aroomunday and Poodoopaukum have been rendered unprofitable consequent on the improvements which have been effected to the Tank, by which the lands in question to the extent of 17- 12 as 7/8 Cawnies are annually over flooded.-

3. From the enquiry instituted into the case by the Tahsildar, it appears that the lands in question which comprize Cawnies 17- 12 as 7/8 bearing an assessment of Rupees 101-4-0 as per and which are situated in the interior of the Hijsa Tank were under Cultivation prior to fusly

fusly 1230, and that subsequently a portion varying from 3 to 10 Cawnies were cultivated up to fusly 1235. from which year the Cultivation has entirely ceased.-

4. This Circumstance is attributed to the fact of certain repairs having been executed to the Hijsa Tank in fusly 1231 and 32 at an outlay of Rupees 187, by which the Tank retains a larger supply of water, inundating the lands in question as well as 17-15-7/8 Cawnies belonging to the Circar Villages.-

5. Under these circumstances the Shrotriemdar requests that lands of an equal value may be allowed to him in exchange or that the usual supply may be only retained in the Tank, so as to enable him to cultivate his lands, pleading that the former Durmakurtahs had neglected to urge their claim, and that he has year after year been disappointed in his hopes of reaping the crops on the lands before the supply of water, was received in the Tank and inundated them.-

6. Since the improvements were effected to this Tank the cultivation under it has been

rendered more steady and regular, while the revenue has increased and it therefore only

appears necessary to consider that proposition of the Shrotriemdar as regards other lands being allotted to him as Durmakurtah Maniems to the value shown to have been inundation.-

7. On this point I incline to the opinion that the Circumstance of the Shrotriemdar having for so long a period neglected to advance his claims as now urged might in itself justify a decision adverse to the Interests of those concerned in the management of the Pagoda, but in soliciting the sentiments of the Board in the matter I have only to observe that the arrangement as solicited by the Shrotriemdar can be readily entered into, the Villagers of Aroomunday and Poodoopaukeem having consented to surrender lands as marginally noted situated under the

The Collector will be pleased to make further enquiries and report whether the Pagoda lands have been inundated only since the repair of the tank in Fuslee 1231-32.- why a claim to compensation was not before preferred, what other lands the Pagoda possesses, and whether the performance of the ceremonies has been materially impeded by the alleged loss of income.-

2. Before proceeding with their sale it will be necessary for the Acting Collector to prepare within a specific period, the Subdivision accounts required by Section VII and VIII Regulation XXVI 1802. and to submit a Statement to the Board under Section XVIII Regulation II. 1803.-

3. With respect to the claim of Government amounting to Rupees 80,289-2-2, being the Interest on certain old arrears due by the Estate, it would appear that the demand was intentionally withheld by Government, in order to assert their rights in the event of the zemindar failing to settle with his creditors and forcing the sale of his Estate; and considering this, and the depreciated value of Zemindary lands generally, it may be a question whether the entire zemindary should not be sold. From the Collector of Salem. ---

Sir,

I have the honor to reply to your Board's

No. 127 of 1852.

Report on Petition No. 127 of 1852 addressed to the Board by one Papummal praying that the Moonsiffship of Nairkenpully which was enjoyed by her late husband may be bestowed upon her brother in law.

From Papummal Daughter in law of late Chengauna chetty. Moonsiff of Naickenpully in Salook Darampoory.-

Complains that the Goomastalap: pointed by her on her husband becoming insane, and during the Minority of her brother in law, has been unjustly confirmed, on the ground of his having held the place for two years; stated that the order referred to in the Collectors Endorsement was not received by her and prays for enquiry and the nomination of her brother in law to her husband's Office of Moonsiff.-

instructions contained in the order endorsed on the Petition Marginally noted.

Boards Endorsement.-

Forwarded to the Collector who is requested with reference to his order dated 19th. July 1851, to submit by endorsement a brief report of this case.

26th. January 1852.

2. The Village where the Petitioner resides had formed part of a Jaree Mootah up to Fusly 1231. when it became Amanee. The Caraydar and Moonsiffs until Fusly 1235, was one Anunta Iyen, who was then succeeded by Chengun Chetty, father of the Petitioner's husband. Chengun Chetty demised in Fusly 1246. and from that time for a period of three

three years, Petitioner's husband appears to have done duty as Caraydar and Moonsiff. He had not, however, been registered in Fusly 1249. he went mad, left the village and became a wanderer. No official report was at the time made of this occurrence, the local Tahsildar having contented himself with selecting for the Caraydaree and Moonsiffship, one Bommay Gownden, who has been in possession of the two offices up to the present time, or for a period of nearly 13 years.-

3. Recently the Petitioner applied to have a nephew of her husband appointed to the offices in question alleging that Bommay Gownden had originally been selected by herself as her Goomashta, but the enquiries instituted by me failed to bear out the truth of her assertion which on her part she has been unable to Establish. Further, there has been nothing brought forward to show that Bommay Gownden has, as Petitioner insinuates, been attempting to usurp the Offices which Petitioner claims for her nephew Bommay Gownden was in quiet and undisturbed enjoyment of them, their emoluments being only 2 Rupees a year, when Petitioner addressed my Office this only point of deficiency in the regular and legal discharge of the functions of Caraydar and Moonsiff, being a former Tahsildar's omission to report the

the Vacancy caused by the physical incapacity of the last, but not officially recognized Caraydar.-

4. Under these circumstances it did not seem to me that I should be justified in disturbing Bonmay Gowden's long incumbency. I declined doing so; formally confirmed him in it, and intimated to the Petitioner that on occurrence of a lapse her claim would be considered.-

5. I have not deemed it worth while to delay the submission of this report in order to test the truth of the Petitioner's averment that my former order has not reached her. I receive from the local Thasildars a monthly statement of Petitions endorsed for distribution to parties and am under the belief that they are carefully delivered to those for whom they are intended.-

In reply to your letter of the 15th Instant, I have the honor to state that no expense essentially police appears to have been incurred in this Department in substitution of the abolished Cavelly system, except the employment of the 420 Shambalam or paid Saliaries, to whom I adverted when reporting on the general subject in my letter of the 30th October last.

Proceedings thereon - Para 1. The Government were
Forwarding letter from the pleased in reviewing the Proceedings of the
(29.30)

2637. Fort St. George, 16th February 1852.

The Collector of South Arcot regarding the proposed reform of the Taliary Emoluments in his District together with the Boards views on the subject.

Para 9. Ref. to Board's Proceedings 21st May 1850.

the Board on the subject under date 21st May 1850, to lay down certain general principles to be observed in remodelling these Taliary allowances.

1st They desired information as to the working of the arrangement whereby the Taliars of certain Villages received a monthly payment of 2½ Rupees.

2ndly They were of opinion that for reasons given the efficiency of this class of servants would be increased by remunerating them partly in ready money and partly in rent free land, and the Board were desired to take this suggestion into consideration.

Para 10. 3dly It was thought advisable that when the Villages were small and contiguous, two or more should be entrusted to one Taliar, and that the present Sotuntrums should remain unchanged when approaching more or less the assumed Standard. Information was also sought

Para 13. whether the Sotuntrums had been incorporated with the assessment, or still formed a separate charge upon the ryots.

4thly The Board were instructed that

Para 13. the present Manians, when otherwise unobjectionable, might be held as heretofore

when

2638. Fort St. George, 16th February 1852.

when their value came within 10 per % of the standard, and that as regards land given anew, the option should remain with the Taliar of exchanging it for other land within 3 years.

Para 17. 5thly Further information was required regarding the collection by the Curnam of the fees enjoyed by Andeappah Soorie Boundary, and the refusal of that individual to receive them.

2. The remarks of the Government having been forwarded to the Collector, that Officer, as instructed by the Board, proceeded as soon as his duties permitted him to the adjoining populous and important Talook of Trivady, and holding a personal inquiry on the condition of each Village, has submitted the report recorded above.

3. Before entering upon the Statistical details of this Talook, the Board will take into consideration the instructions of Government as conveyed in the Minutes of Consultation 21st May 1850, together with the proceedings and remarks of the Collector, as guided by them.

As

From Collector 30th October 1851 - Para 10 -

4. As to the great service rendered by those Taliars in receipt of ready money payments of 30 Rupees yearly, the Collector bears testimony to the efficiency of that system in procuring well qualified men, and in making the situation prized. Looking to these results and to the importance of the considerations pointed out by Government as attaching to money payments in part of the Taliar's remuneration, the Board are of opinion that the proposal of the Collector to give a yearly payment of 12 Rupees, and the remainder in serviceable Enam land, is very desirable

Para 11 -

12th May 1807 in Cons 21st May 1807 -

and they observe that a similar arrangement was advised by Mr Ravenshaw in 1807. The money allowance is to its extent a certain provision, and the maximum though less so, will consist, as directed by Government, of good land from which a fair return may be looked for in most years.

5 As to the extent of each Taliar's charge, the Collector, it will be seen, proposes in the general scheme to carry out the suggestion of Government, either

Paras 2 and 14 -

by attaching one or more villages to the

care of one Taliar, or appointing one or more such officials, when requisite to a single village, the charge being kept, as explained within the original estimate of one Taliary to each Village of the district, on an annual allowance of 30 Rupees.

6. Government desire to be informed of the additional outlay required by the plan of money payments, but as the commuted Saluntrums which were incorporated with the assessment at the period of the survey vary, it is not practicable at this early stage to calculate precisely the amount necessary, though an approximation to it is given marginally in the sum of Rupees 14,087.

7. As regards the proposed arrangements in the particular taluk now reported on, no additional money payments have been recommended, but grants of rent-free land alone -

Para 11.

8. Out of the 161 Taliars of the Taluk 137 receive allowances in money, so that the principle advocated already exists to that extent.

9. It may be here observed that the Collector has judiciously refrained from

making

Fort St. George, 16th February 1852.

Para 13- making more change than was demanded, or altering the present allowances when they approached the assumed standard.

10. With reference to the 5th point alluded to by Government, the Collector states that the cawl fees due to Andeappah Bundary have been and are collected by the Circar, and paid over to that individual his temporary refusal to receive them having been caused by private reasons.

Para 6- 11. His age not having been given, the Board are unable to offer a positive opinion on the suggestion of Government that he should be permitted to receive his present emoluments during life; but as a reference to the list of Civil Pensions 2 in Statement No 5 shews the grant to him to be of long standing, such permission would appear unobjectionable.

12. The villages of the District are 3200, and that each should possess its talaars on a remuneration equal to Rupees 30 per annum, the sum of Rupees 97,800 is requisite, and the Collector in Paras 8 and 9 points out what in his opinion may be supposed the assets from whence this charge to the State may be drawn.

leaving a deficiency of Rupees 44,926-

13. This Mr Mallby argues may be met out of the resumed Cavelly allowances, which for the whole district, amounted, on a 5 years average to 80,088 Rupees- From this amount having deducted certain items, he adduces the sum of Rupees 66,484, as more than replacing the deficiency above noted- He submits that the resumed Cavelly income of the entire District may as justly enter into the calculation, as the portion of it spread over the two Southern talooks which had been before discussed by the Board and Government-

x 20,903 Rupees-

Board's Proceedings 21st January 1850 Minutes Consultation 21st May 1850-

14. On this point the Board would remark that although the Collector reports under date the 20 December 1851,- that the only expenditure incurred in substitution of the Cavelly system, has been the employment

In Cons. 16th Feby 1852-

Fort St. George, 16th February 1852.

employment of 428 Taliars (who receive ready money allowances to the amount of 12780 Rupees) they cannot but think that a portion of the subsequent Police Force established must be considered in lieu of the abolished Cavelly system, and that consequently, the assets as still as available from that source, have been overstated. This is a matter however of little consequence, the assets having long ago been resumed and incorporated with the Government revenues, any payment from them must now be regarded as a direct call upon the resources of the State. Even looking upon the deficiency (£4920) as an additional outlay required to place this very important branch of the Police in a state of efficiency they trust, bearing in mind the remarks passed by Government on this subject, that this sum though large, will be considered not out of proportion to the advantages secured by it.

Para 21.

15. Some proceeds to the amount perhaps of 2000 Rupees annually, may also be looked for when the Cutbady Enams finally lapse.

Para 32. Board's Proceedings 21st January 1850.

16. To state concisely the results in:

Fort St. George, 16th February 1852.

in the Talook, the accounts of which are now submitted, it appears, that it's villages (exclusive of dependant hamlets) are 127 having a strength of 161 Taliars, which it is proposed to increase by one, making the entire emoluments 4539—4—4 at an average of 28—4—½ per annum to each man and a per centage on the Beriz of 1—14—7.

Beriz Fusly 1260. Rupees 237236 14—4.

17. On the plan of giving to each village a Taliar on Rupees 30 yearly, the requisite amount is exceeded by Rupees 729—14—4, occasioned, as the Collector explains, by many of the large and populous villages of this Talook demanding more than one Taliar but this increase, he satisfactorily shews will be met by the smaller requirements of the Western Talooks, in which two or three of the minor villages may be thrown together under the charge of one Taliar. Mr. Maltby is confident that the entire outlay for the district will not exceed the estimate of 97800 Rupees.

18. The proceedings of the Collector has been worked by much care and judgment.

judgment, and have the entire approval of the Board.

19. Statement A is a full explanatory document.

20. In Statement B. the manniny lands resumed as unfit for cultivation are entered as assessed at 83 N.P. an amount lower than the Board expected, though they doubt not that the Collector has been mindful that these grants to be remunerative to the extent desired, should be situated in lands of profitable tillage.

21. Mr Maltby will proceed with the remaining Taloocks as soon as practicable, that the necessary reforming may be concluded at an early period.

From the Collector of Madura — } Para 1

Reporting upon the State of the Records of the Collectors and Sub Collectors' Offices.

Sir,

I have the honor to furnish the report on the state of the records of this District called for by the Proceedings of Board of Revenue dated the 25th November 1850.—

2. In his letter dated the 7th October 1836. Mr. Blackburne described the mode in which the Records are kept in each Department English Hindovee and Tamil, and the Board intimated their appro=val of this by Proceedings dated the 9th November 1837.—

Hoozoor Records.

3. The same method is pursued now and the Records belonging to the periods which have elapsed since the commence=ment of the system are in good order

and.

Fort St. George 16th February 1852

and easily referred to - The commencement of the system dates as regards Hindoovee from 1813 - and 1826 for Tamil, when record keepers were appointed to those Departments respectively. —

4. Mr. Blackburne in his Report above mentioned did not touch upon the state of his Records - I have found it very unsatisfactory with respect to the Papers connected with the periods earlier than those given in the preceding Para and the Board in consequence of my representations dated respectively the 4th February 1850. and 27th June 1851 were pleased under date the 14th July 1851. to permit me to entertain Extra Hindoovee Gomastahs who are now engaged in the classification of the early Records of that Department. —

5. The Record Keepers since their appointment have not entirely neglected the Records of previous years, many of the Dufters they have arranged - In the Tamil Department all have been placed in proper order and what remains to be done is to make Lists - Some Hindoovee Dufters

however

Fort St. George 16th February 1852

however are still in the confused state in which the Record Keepers found them, and these perhaps, contain accounts of the greatest importance regarding the Original Settlement of the District - Hence the necessity of the assistance which has been accorded - The number of arranged Dufters is larger than was known to me when I addressed the Board regarding them - In addition to the above there are 30 Dufters of Persian Papers relating to the early period during which business was transacted in that language - They are arranged according to the year and Month, but there is no List of them, and as no one on the Establishment knows Persian, the Tamil Record Keeper when one of them is required, obtains the aid of a Mussalman Yeomeahdar and makes a search which sometimes occupies a considerable time - I think it desirable that a man acquainted with Persian and Tamil should be temporarily employed on 10 Rupees per mensem to make a short abstract of the contents of each paper in Tamil. —

6. There are no Dufterbunds on

my

Fort St. George 16th February 1852

my Establishment, and the Record Keepers complain that the duty is not efficiently performed by the Deloyets who are attached to them for the purpose. For the pay of one Deloyet 2 Dufterbunds they say could be obtained and if permitted I will, as vacancies occur dispense with 2 Deloyets and procure 4 Dufterbunds for the Hindovee Records.—

7. The Record Rooms of the Cutcherry are not sufficiently large to contain all the Records and many Dufters consequently lie in exposed situations outside. I hope that the inspection which is now going on will enable me from time to time to recommend some for destruction and thus make space. Besides, I have requested the Civil Engineer to prepare an Estimate for some additional Rooms. The Madura Cutcherry it may be explained is an old Mum-to-pum with the addition of a few fresh buildings.—

8. The Records of the Sub Division were reported by Mr. Levinge to be in good order both in the Hoozoor and Talooks, except a few old ones in the latter

Fort St. George 16th February 1852.

latter damaged by time or gnawed by Rats. Unfortunately it is precisely these old Records that are of use for investigation, and it is known to the Board that most important Documents illustrative of Mr. Hurdis Settlement of Dindigul are wanting. The Tahsildars are directed to procure Copies from the Hoozoor of Records fallen to decay in their Cutcherries, in cases where the originals are in the Hoozoor.—

9. The Records of the Talook Cutcherries are generally in good order. I have recently had occasion to cause an arrangement of the records of a Police ameen to be made by Goomastahs from my Cutcherry, and some Dufters relating to the time when the Police was in the hands of the Zemindar still remain to be sorted but these are not of much importance.—
