Bd. No. 564.

From the Secy. to Government.

Read the following Extract No. 204.

Extract from the Minutes of Consultation in the Revenue Department under date the 2d March 1852.—

Read the following Extract from the Proceedings of the Board of Revenue. Here enter 15th Jan. 1852 No. 20)

The Right Honorable the Governor in Council concurs generally in the suggestions of the Board of Revenue as to the Modifications proposed to be made in the Agricultural Leases for lands on the Neilgherries or in similar localities. The one is required to protect Government from fraudulent,

Concurring generally in the suggestions made by the Board as to the modifications proposed to be made in the agricultural leases for lands on the Neilgherries and similar localities and issuing certain instructions on the subject.—

Fort St. George 1st April 1852

fraudulent practices on the part of Tenants, and the other to give sufficient encouragement to Lessees to effect improvements.—.

2. With regard to the modification recommended by the Board in Para 2 of the Lease, it will however be necessary to exempt from resumption land which may previously have been alienated or assigned to another party under the conditions specified in Para IV.— It will also be necessary to make some alteration in the concluding passages of both Paras II and IV.—

3. Para 2 might run thus "The said A. B. his heirs &c. shall bring into cultivation the land hereby leased, in the proportions and within the Periods hereunder stated that is to say.—

At the end of each period the Collector shall cause a survey to be made of the lands, and an account to be taken of the extent brought into cultivation, and the extent remaining still uncultivated and if the proportion of cultivated land be less than is herein before specified, the entire land, excepting such part of it as may have been alienated or assigned by the Lessee to any other party under Para IV of this Lease or the difference only, shall be resumed on account of Government, as it may be deemed fit.

Fort St. George 1st April 1852.

fit. In case of the difference only being resumed, a reduction shall be made on the whole = extent leased proportionate to the extent which shall be resumed. In case of the entire land, with the above exception, being resumed, this Lease shall cease and determine from the date of such Resumption".—

4. At the end of Para 4 should be added "and unless such assignment or alienation shall have been duly registered by the Collector it shall not be valid so as to exempt the land from resumption under Para 2".—

5. Para 13 of the lease the Govern = ment would modify as follows.—

N. B. Not ex = ceeding 30 Vide Nallyherry Manual Para VIII. Bd. C. O. Page 586.

"This lease is to be in force for the period of years at the expiration of which term the land hereby leased shall be liable to reassessment or to such revised assess = ment as may have been intermediately introduced upon the Hills and it shall be open to the Lessee to hold it at such assessment on a renewed lease for the further period of years" and with the option of having the lease renewed at the expiration of such second period for a further term of years".

+ Not exceeding thirty.—

+ N. B. Not exceeding thirty so as to make term of 96 years in all

In place however of taking the

Fort St. George 1st April 1852.

Manual 8. for agricultural purposes on lease for 30 years subject to after renewal some parties might prefer a positive term being fixed and under such circumstances the Government would not object to grant such a period say even as far as 75 years. In such case Para XIII might run as follows.—

PXIII. This lease shall be in force for the period of + years at the expiration of which term the land with any buildings upon it shall revert to Government.—

+ any number not exceeding 75.

7. It will be proper to have some printed forms of Leases and counterparts = struck off with a Para (13) in these terms as well as others with the Para in the terms + suited to renewable Leases.—

+ Above Para 5

To the President and Members of the Board of Revenue.

No. 8.

To

W. H. Bayley Esqre

Secretary to the

Board of Revenue

Fort St. George.

1

Bde No. 492.

From the Collector of Bellary———

Sir,

I have the honor to acknowledge the receipt of Extract Proceedings Board of Revenue 21st July last, calling for further information in one or two points relative to the funds from which I intended to defray the expenses of a proposed Survey of the large Village of Mudde-herry in the Panchapallom Talook.—

Stating in reply to the Proceedings of the Board of Revenue of 21st July last, that only Rupees 1187-13- are collected out of the total amount of Funds at his disposal that the Talairy Enam lands which were temporarily resumed by the late Collector have now been restored to their holders and that it is desirable that an European Officer such as Civil Engineer should Survey the lands and suggesting that as the amount at his disposal exceeds that Estimate by Government the work be permitted to be at once put in hand——

In reply to Paras 2 and 4 I have the honor to inform the Board that out of the total amount of Funds which I supposed would be at my disposal (Viz. 1430 Rupees) the sum of Rupees 1187-13- has been collected & is now in deposit, The rest for various reasons Rs 242-4-0 will not be collected.—

The Talairy Enam Lands respecting which the Board call for information were temporarily resumed by the late Collector the Enamdars removed for misconduct & substitutes put in

Fort St. George 1st April 1852.

in their Office- The Enamdars have now been restored to Office and hold their Enams as before- The Collections made from these lands is the sum of the overplus after paying the substitutes a fixed salary.—

In reply to para 5 I have the honor to state that I did not contemplate the testing by European Officers of the Survey- It would of course be desirable, and if an Officer could be spared for a few days it might be done- The Civil Engineer or his Assistants might during their tours give a few days to this duty without inconvenience to their other duties- But if the measure should be carried out eventually more generally an Officer would be required to superintend the Survey- But the present object is merely to try one Village with a view to relay its field boundaries in a more satisfactory footing than the old survey has done-

The Estimated cost to Government of the work was stated by me to be Rs. 1090 the funds at my disposal amounts to Rupees 1187-13-0 and therefore the work with the Board's permission may at once be put in hand.—

Rs
Total Estimate 1518-
Distant Villages Servants Labor 428
Remainder- 1090

Bellary Collector's Office,
On Circuit at Putteondah,
3d February 1852.

Signed/ C. Pelly
Collector.

Ordered that the foregoing letter be submitted with the following address.—

To

Fort St. George 1st April 1852.

No. 117.

To The Chief Secretary to Government.

(7-8)

Bde No. 631.

To the Chief Secy to Government—

Sir

I am directed by the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying letters dated 12th May 1851 and 3d February 1852 from the Collector of Bellary the former enclosing an Estimate amounting to Rupees 1,518-0-0 for replacing Boundary stones 4 feet high, for raising masonry or stone pillars 6 or 9 feet high at intervals embracing a number of fields and for Surveying and Mapping out the Village of Muddekarah in the Punchapallam Taluk.—

Submitting a Correspondence from the Collector of Bellary regarding the replacing of certain boundary Stones and Surveying and Mapping out a certain Village; and recommending that sanction be granted for disbursing Rupees 1090-0-0 out of the Amount in deposit in the Collector's Treasury for the above purposes.—

In Cons 21st July 1851
In Cons 1st April 1852

2. The Collector points out that up to Fasly 1251 a Sum of Rupees 600 per annum was sanctioned for replacing Boundary Stones of the field in his District since which period no charge has been incurred- that their present state is very defective and that there is no trace of them in a great many instances- Before recommending a remedy for general adoption the Collector has selected the Village of Maddekarah as the black lands in it are very extensive and the cultivation has greatly increased, and because much difficulty is experienced in obtaining a correct

correct account of its cultivation and the result of a survey may bring to light some concealed cultivation and unauthorized Enams- Having obtained the services of 2 or 3 Mootsuddies from the Dharwar District Mr. Pelly anticipates that the work will be successfully performed in that Village and that it might be tested by the Engineer or his Assistant during their Tour, but if it be found necessary to carry out any detailed Survey more generally he considers that an Officer will be required to superintend the work.—

3. From the amount of this estimate it will be seen that the Collector purposes to deduct Rupees 428-—-— for Village and Talook Service and Labor, and to disburse the remaining sum of Rs. 1090-—-— out of a Fund of Rupees 1187-—-— in his deposit obtained from Marah and Vurtanah or Fees & Rossoums of Fasly 1259 and 1260 unpaid to dismissed Merasidars and Reddies, and from produce of Taliary Enams up to Fasly 1260 also unpaid to discharged Taliaries of the Village of Muddekarah, after deducting the fixed allowances granted for the parties who acted for them, whose duty it was to have preserved the Boundary Stones.—

4. Under these circumstances the Board

Board recommend that the Collector may receive the Sanction of Government to disburse the Sum of Rupees 1090-—-— for the experimental Measure above indicated out of the amount in deposit in his Treasury.—

Read the following letter.

No 38

To W H Bayley Esqre
Secretary to the
Board of Revenue
Fort St George.

13

B2 No 695 Sir,

From the Acting Magistrate of Tanjore } 1. Under the provisions of G.O. Sundry Udantut of the 10th June 1834,

Recommending that the Deputy Tahsildar Venkata Krishnama Naick be appointed an amean of Police at Kovilday.

I have the honor to recommend that the Deputy Tahsildar of Trivady, Venketakistnah Naick, whose pay is 35 Rupees be appointed an amean of Police under CI Section V Regulation X of 1816 Section II Regulation IV of 1821 and act XXX of 1837.

2 The Trivady Talook contains 289 Villages with 166,335 Inhabitants its Police duties are very onerous, as it is bounded on the North West and South west by the Trichinopoly District and Tondiman's country whereas in this Talook the callers or thief caste are very numerous. It is intersected by the two high roads from Combaconum and Tanjore to Trichinopoly.

3 The Police duties are at present entrusted to the following Officers

Nos

I The Sirgipatty Police ameen whose charge comprises 166 Villages with 85,100 Inhabitants most of them Cullers.

II The Tanjore Police ameen has charge of 25 Villages with a Population of 15,301 Souls but I do not consider it would be advisable to increase his limits or remove his station as he ought to be constantly in Tanjore on account of the vicinity of the large Population belonging to his Highness's limits.

III The Trivady Tahsildar whose peculiar Police charge is 98 Villages with 65,934 inhabitants besides the general superintendence of the Revenue, Police and Maramut which latter is of more than usual importance as the Taluk is situated at the apex of the Tanjore Delta.

4 I therefore propose to relieve the Tahsildar and Sirgipatty ameen of portions of their charges by placing the two western Maganums of anbattinalk and Nemem containing 36 Villages and 23651 Souls (now under the Tahsildar and Maravars comprising 15 Villages and 6397 people) now under the Sirgipatty ameen / Total 51 Villages and 30048

30048 Souls under the jurisdiction of the Deputy Tahsildar whose station will be Kovilady a village of 2000 Souls situated on the high road 16 miles from Trichinopoly and about double that distance from Combaconum. This arrangement would prove very beneficial to the people who would thereby be relieved from the hardship of having when either complainants Defendants or Witnesses to proceed a long distance to the Cutcha station which hardship is often increased by the absence of the Tahsildar from the Cutcha when they must either follow this officer or remain at the Cutcha till his return.

Negapatam 17th March 1852 } / Signed / T. W. Goodwyn Acting Magistrate

Order thereon.

Ordered that the foregoing letter be submitted with the following address

No 118.

(13-14)

To The Chief Secretary to Government.

B2 No 632

Sir.

To the Chief Secretary to Government } I am directed by the Board of Revenue to submit for the consideration and orders of Government a letter from the Acting

Submitting a letter from the Acting Magistrate of Tanjore recommending

recommending that the Deputy Tahsildars of Trivady may be appointed an ameen of Police and suggesting some alterations in the jurisdiction of certain Police ameen and requesting the Board's approval of the above proposals.

Sanctioned 1st April 1852.

Acting Magistrate of Tanjore dated 17th March 1852, No 38 recommending that Vencata Kistna Naick Deputy Tahsildar of Trivady Talook whose pay is 35 Rupees a month, may be appointed an Ameen of Police.

The entire Talook of Trivady consists of 289 Villages and its Police duties, which are said to be onerous owing to its being on the borders of the District is distributed among the following officers.

Villages	souls	
166 —	85,100	Sengumpully Police Ameen
25 —	15,301	Tanjore Police Ameen
94 —	65,934	Trivady Tahsildar

Mr Goodwyn is desirous of making no alteration in the Tanjore Police Ameens jurisdiction but he proposes to relieve the Trivady Tahsildar of 36 Villages and 23651 souls, and the Sengumputty Ameen of 15 Villages and 6397 souls, total 51 Villages, and 30048 souls and to place them under the jurisdiction of the new Office.

The Board, under the circumstances stated by the Acting Magistrate approve of the proposed arrangement and submit it for the favorable consideration of Government, in reference to para 7 of Contract

B. No 700

From the Collector of Madura

Govt. No 1865 of 1851 and B. No 0 of 1852.

Sir.

With reference to the Endorsements of the Board and Government on the accompanying Petition I have the honor to point out that the Petitioner does not pretend that she is "own sister to the late Sevugunny Natchear / Daughter of Mootooramalinga Santhoopatty Zemindar of Ramnad / but "related to her as "sister because she is daughter of Mootooverya anttal who was elder sister "of the said Mootooramalinga Santhoopatty's "first wife"

2. Now in fact the Parentage she mentions so far from making her sister of Sevagunny Natchear makes her at most a maternal cousin without any of the blood of the Zamindars of Ramnad.

In my letter of the 5th February

3 1851

1851 I ventured to recommend her for a small pension as a dependant and foster sister of Sevaganny Natchear, left destitute by her death, but she has no claim whatever to be considered a daughter of the deposed Zemindar or a blood relation.

(17.18)

To The Chief Secretary to Government

Sir.

I am directed to forward the accompanying letter from the Collector of Madura having reference to the Endorsement of Government on Petition 1865 of 1851.

2. It is explained that Petitioner is daughter of the elder sister of the deposed Zemindars first wife and not of the blood of the Ramnad family.

3 In the opinion of the Board a closer connection with the Ramnad family on the part of the Petitioner is now reported by the Collector, than might have been inferred from

B. No 663

From the Collector of Tinnevelly

Sir,

The Mother of the Minor Zemindary of Mummaycottah in this District requested in the first instance that she might be allowed to expend Rupees 367-2-- in performing ceremonies customary among her caste people, on the occasion of

of the commencement of her son's schooling, as he has now attained the age of 7¼ years. But as the amount appeared to be very large she was required to send in a reduced estimate and she has now submitted one amounting to Rupees 250.

Ceremonies of this description are sometimes conducted in respectable families when great economy is used for as little as one hundred Rupees. but as the Minors Mother seems very urgent to have the ceremony in the present case performed on a scale of greater liberality and as the surplus funds in Deposit in favor of the Estate accumulated at the end of last month

Fort St. George 1st. April 1852

Month to Rupees 518, I beg to recommend that Rupees 200 — may be granted for the Tahsildar purpose on the present occasion.

(23)

Bd. No. 720
From the Collector of Tinnevelly.
Reporting upon Petitions Nos. 37 and 38 of 1851.-

Returned herewith.

Sir,

With reference to the Board's Endorsements on Petitions Nos. 37 and 38 of 1851, and the Orders of Government noted thereon, I have the honor to report as follows.-

2. The Enams referred to in the Petitions under report Amounting to 2½ Cottahs of Nunjah and the same quantity of Poonjah lands in the Villages of Chultrared dispatty was as shewn under No. 9 in the Register of Mr. Hudleston dated 28th September 1822 originally conferred under a Sunnud dated 24th Tye of Fusly 1196 and attested by the seal of the Tinnevelly Cutcherry on Shanker Baura for Subsistence on account of his being a servant in the Nattadaully Durgah and was held on the date of the above Register by his son Caujeddiri in whose name the Enam is still

† Extract enclosed.

Fort St. George 1st April 1852.-

still entered in the Jumminahundy Account.-

3. A Petition presented to the Collector on the subject under date the 28th December 1848 states that the present Petitioner is the son of the person marked C in the annexed Genealogical Table, that the entire Enam was at the death of the Original Grantee divided between those marked A and B in the proportions of 2 and 1 share respectively and that the last mentioned 1 share was subdivided into 3 shares at 1 to C and 2 to D and enjoyed accordingly up to 1841 when A having died without male issue, his 2 shares were portioned out into 16 shares at 8 to E, 2 to F and the remaining 6 to B who was then alive and that C and D were entitled according to the Mohomedan

Fort St. George 1st April 1852.-

Mohomedan Law to the last mentioned 6 shares in the proportions of 2 and 4 respectively; but that D instead of allowing C to enjoy the said 2 shares has usurped the same together with the 1 share which she was enjoying up to 1841 as before stated and prays for the recovery of the 3 shares from D.

4. As no documents were forthcoming from the records of this Office to show that the Petitioner or his Mother marked C are entitled to a share in the Enam or that any divisions such as are above described ever took place, an Endorsement was given under date the 6th May 1850 referring the Petitioner to the Civil

4379 Fort St. George 1th April 1852.

Civil Court.-

5. Under these circumstances I do not see any objection to the Petitioner being permitted to sue in the Civil Court.-

Read again letter from the Collector of Coimbatore dated 15th October 1851 reporting on the Land Revenue Settlement of that District for Fusly 1260.-

Inf. 27th October 1851.-

(27)

(Here enter No. 106)

B. of R. 638.-

Proceedings thereon.-

Reporting on the Land Revenue Settlement of the district of Coimbatore for Fusly 1260.-

The Season is reported not to have been favorable, the rains having been deficient in quantity and falling at unseasonable times particularly for the Dry Crops, excepting Tobacco to which a dry Season is advantageous. The tanks in some parts of the district were scantily supplied with water but in others it was more abundant and on the whole the Wet Cultivation is stated to have been carried on to a greater extent than in the preceding Year. and the produce to have been considerably more abundant, as a falling off of

Para 6.

12 per Cent in the price of paddy is attributed to an increase of Crops. In a few instances it was found necessary to grant remissions for failure of Wet Crops which perished.

perished before coming to maturity.-

2. The variation in the prices of the different description of produce is exhibited in para 6- The increase in those of the two descriptions of oil Seeds and the decrease in Paddy as above noted are most observable. There was a slight advance in the price of Cotton in the latter part of the year amounting to about 4 per Cent.

Para 34- 3. A Census of the population was taken this year in accordance with the direction of the Board and is noticed further on in the Collector's report- He observes that it was prepared with much care and may be considered as an accurate returns The result shows how extremely incorrect the previous population returns have been :- The general increase beyond the returns for the previous year is 320,000 Souls or about 38 per Cent. There is even a greater difference in particular talooks in that of Andivor the increase is 108 per Cent and in Sheyoor 72 per Cent than the others it

47.

it varies from 2 to 67 per Cent. The population seems almost exclusively composed of the various Hindoo Castes of which there are no less than 106 enumerated in the Statement. Out of the entire population of 1153862 there are only 25948 not Hindoos of which number two thirds are Mussulmans and one third Christians- The increase in the number of Cattle in some of the talooks is also remarkable- In Hongsiem it is 34% and in Sheyoor 47%-

Enclosure A to Statement 24-

It

Fort St. George 1st April 1852

It would seem from the foregoing Abstract that notwithstanding the incorporation of the Shuttrum-lands there was a falling off in the Total Cabooliat of Rupees 12,746 of which the greater part is in dry lands.

x Pl 10,622. Para 11-

6— There is a Net Increase on the Wet lands under full rent of Rupees 18,912 inclusive of resumed Shuttrum Enams - and a Decrease in Dry and Garden lands the former of Rupees 2468 and the latter of Rupees 12,701 - The latter is stated to be partly owing to the usual remissions on the lands of ryots who have died deserted or become insolvents and partly to the failure of waters in many of the Garden Wells which has occasioned the necessity of Cultivating the lands under them with the common Dry Crops - This means of irrigation seems nevertheless to be on the increase the number of Wells being in the whole district 280 more than they were in Fusly 1259 - Of these 194 are classed as "in good order."

Paras 8—10-

Wells	In repair	Out of repair	Totals
Fusly 1259—	32,719	6,975	39,694
" 1260—	32,913	7,061	39,974
Increase—	194	86	280-

and

Fort St. George 1st April 1852.

and 86 is out of order." The increase in these Wells is principally in the Peramboray taluks while Erode shows a nearly corresponding decrease.

123

107-

7- The Summary Statement No. 21 corresponds with that which accompanied the Collectors letter dated 7th October 1851 and gives a full detail of the Cotton Cultivation of the Coimbatore District. A very large increase in the breadth of land cultivated with this Crop amounting to more than 10,000 Acres is shown - The largest quantity is in the Pulladum and Dharapooram taluks. But as the Special reports from the Cotton growing districts will be separately reviewed hereafter - The Board will defer entering into further details on the present occasion.

Cultivation	Fusly 1259	Fusly 1260	Increase

Fort St. George 1st April 1852.

below Fusly 1259. The most considerable falling off is in the Coimbatore and Carroor talooks in both of which the decrease amounts to 130 Candies.

9. The Net Increase under the head of fixed Assessment amounts to Rupees 2617, as shewn in the Margin. Of the items constituting the gross decrease that appertaining to "Quit rent on lands held by Europeans should have been accounted for.

10. In Para 23 the Collector notices the increase in the number of puttahs distributed this year the total number being given at 230826. This however the Board observe included 85806 Motturpha puttahs, and they would prefer that in future the comparison should be confined to the Land Revenue Puttahs or at all events that the two should be distinguished. Instituting such a comparison it is seen that the increase in the Land Puttahs

2d July in Cons 23d Aug 1851 para 4.

-dividual and an increase of 2389 Gonchee or joint puttahs which indicates an increasing preference for this description of tenure. In another letter the Collector has more particularly referred to this subject and explains the principle causes of this preference to be 1st that "by associating the names of their Sons and other relatives who are generally employed in the cultivation of the same land - the latter are relieved from paying an impost which would otherwise be levied from them under the denomination of House tax and 2dly that in the case of Wet lands particularly many Ryots from inability or other cause add a partner and hold puttahs jointly" and he adds that the Joint Puttah also facilitates the division of family property among the

Fort St. George 1st April 1852.

the different members of it this the Board do not clearly understand in what manner it conduces to this end. The gross number of these joint puttahs is 69001 paying Rupees 993929 or little less than half the revenue. The average is Rupees 16-13-6 each. The individual Puttah in number 86020 pay a gross sum of Rupees 1176789. or an average of Rupees 13-11-" each.

11- Of the total demands on account of Land Revenue Rupees 2348861-4-4 the Collections within the year were 2326626-"-6 leaving a balance at the close of the Fusly of Rupees 22235-3-10 which was reduced by subsequent Collections made up to the end of September to Rupees 6583-5-5.

12- It appears from Para 28 that there are arrears still due on account of the previous ten years from Fusly 1250 to 1239 Amounting to Rupees 8416-9-10 Under the recent Orders requiring that such balances should be enquired into and adjusted during the Fusly succeeding that in which they

Circular 11th March 1852

Fort St. George 1st April 1852.

they became due the Collector should at once proceed to investigate them and recommend for remission all those which there are not special reasons for retaining on the accounts.

In the following

13- tabular abstract taken from Para 29 of his report the Collector has compared the Revenues from all sources with those for Fusly 1259.

Items	Fusly 1259	Fusly 1260	Increase
	Rs as	Rs as	Rs as
Land Revenue	23,40,092 " "	23,48,861 " "	8768 " "

Total	2,14,311 " "	2,14,052 " "	29741 " "
Grand Total	25,54,403 " "	25,92,913 " "	38510 " "

Fee

Fort St. George. 1st April 1852.

14- The most considerable increase is under the Head of Sewoy Jumma which shows an excess of Rupees 18375 principally derived, as the Collector explains from the sale of Sandal and Teak wood. He has omitted however, as required by the Board's Circular Order dated 8th October 1849 to forward a separate Sewoy Jumma Statement detailing the Demand Collection and Balance on account of the different items composing it. In Statement D. which accompanies the Extra-Revenue report for Fusly 1260 the Collections alone are given for all the items of that branch of Revenue but some of these appear to admit of the exhibition of a "Demand" also. The total Collections are entered at Rupees 24068-7-6 the amount appearing under the head of Current Collections in the Demand Collection Balance Statements ending 11th July 1260. A separate Sewoy Jumma Statement detailing the several items both Current

Fort St. George. 1st April 1852.

current and arrear under their distinct heads of Demand Collection and Balance should in future be transmitted with the Land Revenue Settlement report; and a similar entry be made in the 11th July. Statements to be submitted to Government with the general report. The items of "Interests" and "Profits on Tobacco" should be included both in the Annual and Monthly Returns.

15 In Para 38 of his Settlement Report for last Fusly Mr Thomas gave an abstract of the balance of Sewoy Jumma for each of the last 35 Years, and held out the expectation that he would be able to furnish the Board during Fusly 1260 with a report on the recoverable and irrecoverable portions of these balances; but it has not as yet been received. They trust that another year will not be allowed to expire without the transmission of this information.

Para 38- 16- He has in his present report brought to notice the existence of certain old balances outstanding against the resumed Chuttrum Enams which it appears had been previously lost

lost sight of. They amount to Rupees 23,702, of which he recommends that Rupees 23,641—13—8 be at once written off the accounts. He states that he has carefully investigated them and ascertained that their recovery is nearly hopeless, and under these circumstances the Board support his request. The remainder of this balance which is set down as recoverable amounts only to Rupees 60—2—4. Most of this is of very old standing, the largest arrear being Rupees 20 due for Fusly 1246, or 14 years ago, and it would perhaps have been better to have remitted the entire arrear at once.

17. In connexion with the subject of resumed Enams the Board notice that there is a decrease in Enams below Fusly 1259 according to the Ayacut Account [No 1] amounting to Rupees 17,727 + a portion of this or Rupees 10,952—1—7 appears to consist of the resumed Chutrum lands but there is no distinct information as to whence the remaining 6,775 is derived tho' it is probably

Fusly 1259. 38,816.
60-30,089
17,727 +

probably the amount of Miscellaneous Enams resumed during the year under the operation of the rules of 27th July 1848. It would be convenient to have this distinctly explained in future. Another point also on which the Board would wish to have some explanation is connected with the same subject in the Sub Division. The extent of Dry land in Chutrum Enams attached this year amounts to only 937 Bullahs bearing an assessment of Rupees 2761 but the cultivation under that head is given at 1103 B. assessed at 2,816 thus making the cultivation greater than the entire Ayacut. The Cultivation of Garden and Wet land also show a small excess above the Ayacut of each.

As per Statement No 19.	Bullahs	Rs.
Fusly 1259	982	2,860.
1260.	45	99.
Decrease	937	2761.

Sub Coll[r]s report Para 10. Statement.

18 The Board take this opportunity of noticing an inconvenience attending on the manner of arranging the taloohs with their revenues in the Jummabundy accounts. There is no separate total given for the talooks under the Sub Collector which renders it

it difficult to compare the results of the
Settlement with those given in the Sub Col-
lector's report. These should be placed last
in order and a distinct total given both
for the Principal and Sub Divisions.

Para 15. 19. In their proceedings on
the Settlement of Tusly 1259 the Board
requested more particular information
respecting certain Wet lands left waste
amounting to Rupees 14,774-3-11 regarding
which it was uncertain whether they
were still retained in the Puttahs, the
remission being only temporary; or
whether they had been permanently
struck out from the Putent to which
25th Sept. 1851 No. 3. they belonged. In a separate commun-
Jud. Cons. 29th March 1852. =nication the Collector has explained
that these lands "were struck off the
accounts altogether" that "they were
left waste from sufficient causes,
such as their inaccessible position
for water, inferiority of Soil &c." and
that their retention in the Puttah
of the Ryot was considered useless
inasmuch as they would not be
cultivated

cultivated in succeeding years with any
prospect of advantage and he adds that
"any others wishing to take up the
"same or any portion thereof for cultiva-
"tion are at liberty to do so." The Board
are not altogether satisfied with this
explanation. The reasons assigned for
allowing this deviation from the esta-
blished practice of the district would
equally apply to any other waste which
the ryots might desire to give up, and
with respect to others being at liberty
to take it up for cultivation it was
because no one is likely to take such
rejected, and perhaps detached portions
of Putent farms, that the rule of the
Koothoommanah was adopted requiring
equal portions of good and bad land
to be resigned. The explanation of the
Collector is not sufficiently full to
enable the Board to give any decided
opinion whether these lands were
properly deducted or not but they think
it necessary to request his particular
attention to the concluding Paragraphs
of Extract Minutes Consultation 27th
May

In Cons. 5th June 1851.

May 1851 in which the Government has laid down the course which he should pursue. It would, it appears to them, have been sufficient and more in accordance with the Hookumnamah if these lands had been retained on the Pattahs, as in the previous year remitting for the time the assessment of those left waste from temporary failure of water or, where they were rendered permanently unfit for Wet Cultivation in consequence of the damaged state of the Tanks and Nullahs, or from other causes permitting them to be cultivated with a dry crop, and assessed accordingly until the sources of irrigation were restored.

Para 37. et seq. 20. In the concluding Paras of his report the Collector expresses views of a similar tendency with those conveyed in his report for last year respecting the want of real freedom of holding, and the manner in which the revenue has been forced up to its present high standard by a stringent application

application of all those provisions of the Hookumnamah which are calculated to raise the Rent-Roll while those conducive to the fair and just relief of the Cultivator have been in practice, a dead letter." He states that the Hookumnamah at present in force is nearly sufficient if fully and fairly carried out; and the Board quite approve of the intention he expresses at the conclusion of his report of affording to the ryots that necessary and fair relief which the Hookumnamah and system of the District permit. Should any thing further be required both the Government and the Board have expressed their willingness to take into consideration any modification in its present provisions which he may think proper to recommend. They do not propose therefore to offer any lengthened observations on the present occasion.

Para 39. 21. They think it desirable at the same time to point out that in referring to the Board's Proceedings

Para 40. of

Fort St. George. 1st April 1852.

of the 29th October 1835 on the subject of allowing Ryots to contract their holdings he has omitted to admit to their subsequent proceedings of 28th November 1836 in which they explained the import of those referred to, a misinterpretation of which had induced the Acting Sub Collector to issue a proclamation in his Division allowing the unconditional relinquishments of any portion of their land by the Ryots.

Para 37. 22. The Collectors observations are introduced by a reference to "a decrease which has occurred in several "talooks" but he has not referred to the particular talooks in which the decrease is shewn, or pointed out for how many years the decline has been going on. In the past and present Fuslies the falling off in Garden and dry lands has been attributed to the inauspicious character of the seasons. The Inuminabundy Beriz of the Fusly now under review (Fusly 1260) when compared with that of Fusly 1258 exhibits

Fort St. George. 1st April 1852.

	Rs
Fusly 1258	23,21,049
Fusly 1260	23,20,842
Decrease	807

		Rs
Decrease in	7 Talooks	14,879
Increase in	8 Do	14,072
Net Decrease		807

exhibits a decrease of Rupees 807. as shewn in the margin; but that year was (as pointed out in the Board's Proceedings on the settlement of last year) the highest year on record. There is an increase however of Rupees 15,530 as compared with the settlement of Fusly 1257. while again a Comparison between Fusly 1259 and 1260 shows a Net excess of Rupees 8769. Altho' there before there may be a decrease in particular

	Rs
Fusly 1257	23,05,312

ordered

Fort St. George 1st April 1852.

28. 29

Order thereon.

Ordered to be recorded.

Read the following Memorandum

30

Bd. No. 755.

From the Deputy Accountant General.

Memorandum.

With reference to the accompanying Certificate signed by the Assistant to the Collector of Masulipatam relative to the examination of the state of the Cash remaining in the Treasury at Masulipatam, dated the 24th February last, the Deputy Accountant General has the honor to observe under instructions from the Accountant General, that it appears therefrom that the Treasury in question was examined on the 24th January last, whereas it is dated the 24th February, and includes the receipts and charges up to the 23d February last. It is therefore requested that the Collector may be instructed to alter the date shewn in the Certificate as that on which he examined the Treasury from the 24th January to the 24th February 1852.

The Board resolve to return to the Collector of Masulipatam, the Cash Certificate which accompanied his Demand Collection and Balance

Fort St. George 1st April 1852.

Balance Statement for the months of January 1852, with a request that the name of the month entered in the 2d line may be altered from "January" to "February", which latter appears to be the correct month.

Read the following letter.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue.
Fort St. George.

32

Bd. No. 668.

From the Mesrs. Ballard and Brice, Cochin.

Intimating that the sale of spirituous liquors for 10 months, without license, adverted to in the Board's letter of 9th February 1852. is attributable to the ignorance of their Agent, and not to any defiance of the Regulations.

Sirs,

We have the honor to acknowledge receipt of your letter of the 9th Ultimo, informing us that the Revenue Board decline granting us the license to sell spirits in Coimbatore, for which we applied under date 29th October last.

2. From the concluding paragraph of your letter, we infer, that the Board has been influenced in it's decision by an intimation from the Collector of Coimbatore, that our Agent sold spirits for 10 months, without a license.

3. The Collector of Coimbatore is perfectly aware that in selling spirits at all without a license, our writer acted in ignorance; and having satisfied himself that such was the case, he merely cautioned him against breaking the regulations in future.

We

4. We deem it therefore extremely unfair of the Collector, after proceeding in that manner, to make such a reference to the sale of spirits by our writer, as to convey the impression, that the same had been done in defiance of the regulations, and with a knowledge of its impropriety, and we are the more surprised at the Collectors noticing the point in such a manner, after the correspondence we have had with him on the subject.—

5. We cannot allow such an impression to be made without at least attempting to remove it, which alone is our object in now addressing you: and with this view, we beg to hand you herewith a Copy of Mr. Thomas' letter to us dated 8th October 1851, and our reply thereto of the 16th idem, and to which we beg to call the special attention of the Board.—

Cochin, 10th March 1852.

(Signed) Ballard and Bruce.

No. 367.

To,

Messrs. Ballard and Bruce.

Sirs,

1. In reply to your letter of the 24th Instant, I beg to acquaint you that no license can now be issued to you to sell spirits at Coimbatore

Coimbatore; first, because it cannot be done but with the consent of the contractor for the Abkarry Rent of this Taluk; and 2dly, because it would not probably be desired by Government.

2. Your agent who has been I know learn, clandestinely selling spirits without a license for some time past, had laid himself open to fine. but is excused on plea of ignorance, which could not be admitted a 2d time.—

Coimbatore, 8th October 1851.

(Signed) E. B. Thomas.
Collector.

To,

The Principal Collector of
Coimbatore.

Sir,

We have received your letter of the 8th Instant in which you inform us, in reply to our application for a license to sell spirits in Coimbatore, that the same cannot be granted, and the reason stated are first, that the consent of the Abkarry Contractor must be obtained thereto; and 2d, that it would not probably be desired by Government.—

With

With regard to the first we believe that the contractor has a monopoly only of the Country spirits, Toddy &c. if however we are wrong in this opinion, we will of course make an arrangement with the contractor, by which the objection will be removed, so far as he is concerned. with respect to the 2d reason urged, we have to remark that we consider Government should, if it interferes at all, do so rather with the purpose of facilitating, than impeding our operations: We are not aware that importers of spirits at Madras, are subject to such contract and we believe that no difficulty is ever experienced by the merchants there, who receive a license when applied for, as a matter of course - we know of no reason, why parties in the Mofussil, should not be placed in a similar footing -

We beg to correct an error in the concluding para of your letter. Our writer Mr. D'Silva on the arrival of some spirits for sale, so far from Acting "clandestinely" sent for the Shanbogue, by whose peon the same were examined he was not aware of a license being required, and acted in utter ignorance, that any regulation was infringed by his selling the spirits and his being excused by yourself on this ground, from any

any fine, should we think be no hinderance to our receiving a license now. We consider we are fairly entitled to receive precisely the same treatment, as if our application came before you for the first time -

We trust you will upon further consideration grant us the license -

(Signed) Ballard and Bruce -

32-33

Order thereon -

Ordered to be recorded. -

Resolved that the following letter be despatched -

No. 123.

To,

The Chief Secretary to Government.

34

Sir,

Bd. No. 639.

To the Chief Secretary to Government } 1. I am directed by the Board of

Submitting A. Revenue to submit for the information of Government Statements shewing the number of persons charged in each district under this Presidency under Regulation IX of 1822 and the manner in which the charges have been disposed of, also the number of appeals preferred and

the accompanying Statement, shewing the number of persons charged in each District in the Madras Presidency, under the provisions of Regulation IX of 1822, and the manner in which the charges have been disposed of, together with a

Extract from the Minutes of Consultation, Under date the 30th March, 1852-

Read the following Extract from the Proceedings of the Board of Revenue-

(Here enter 26th January 1852 No 30)

Para 1-

The Right Honorable the Governor in Council sanctions the charges No 18 and 19 retrenched from the accounts of the Collector of North arcot for Fasly 1257-

18. Paid Mungammah Daughter of the late Covilgar of Maumandoor - - - - - Rs 709-5-7-

19- Paid Carelly Peons of Maumandoor pcn " 3060-6-5

If the alterations in the Establishment of Carelly Peons have not been already included in the recently revised Moyenzabitah of the District a detailed List of the same should be submitted - - - - -

made to them. The Collector will observe
the course laid down in Para 3 of Extract
Minutes of Consultation of 9th April 1850 No 34
in reporting future changes in this class of
Servants.-

3

The first of these individuals
is stated to have been
entertained in the rooms
of Goorooparadum trans-
-ferred as Peon to the Sutwaid Talook, and
the vacat to have been appointed in lieu of
his Father Pautee Venkatasawmy said to be
old and infirm. In regard to the allowance
now paid to Venkataramooddoo the Collector
was not authorized by the terms of the grant
make the arrangement in question as the pay
-ment was to be continued for life only,
and the allowances must therefore cease on
the death of the incumbent in whose name
it was sanctioned by the Government of
India. In the other case to the Payment
to Venkataroy Coo must cease on the death of
his father Pautee Venkatasawmy, the actual
incumbent. With these remarks the Governor in
Council sanctions the charges under retrenchment

and

Life or Assistant Salaries
No 22 Paid Venkataramooddoo Rs 42---
- 23 - - - Venkataroyaloo - 42---

and directs that the arrangements under which
the allowances are now paid be regard-
-ed as temporary and be discontinued on
the death of the original incumbents.-

Acting Collector.

No 1

Memorandum

Land Revenue

Rs a p
Decrease 63,991-5-9

Owing to a short delay in the realization of the Current kists in certain Talooks in consequence of the Summabundy being in progress and from an instalment of Kist in

in one Talook (Prattepad) having been realized in advance in Fusly 1260 which has not been the case in the present year.

Salt

Decrease 36,315-7-4-

This decrease is mainly owing to the more favourable terms allowed, since the storm of November last, to the wholesale mer-chants at the adjoining stores in the Nellore District by which they have been induced to take salt from thence instead of from the Ganjam stores in this District. The subject has been brought under notice in the correspondence noted below and the practice complained of has since been put a stop to.-

Pro-ceedings

Fort St. George 5th April 1852.

Bd. No. 668
Proceedings thereon
(5-7)

The Board observe that the decrease of Rupees 63,991-5-9 under the head of Land Revenue Collections is attributed partly to the delay in the realization of Current Rists in certain Talooks owing to the progress of the Settlement in them and partly to the non-receipt of the Rist in the Prettypad Talook in advance in the Current Fusly as in the last. But the Acting Collector has not explained his reasons for making those collections in advance nor has he stated the amount of the Rist alluded to.-

2 The Board desire Mr. Purris to furnish information on these points.-

To W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

(8)

Bd. No. 495.
From the Collector of Bellary

In reply to letters of 28th ult. July last sends 3 Statements of Topes, states that Remissions of Land Revenue for support of Topes no longer exist. Shews that the Topes planted by Mr. Robertson have ceased to incur expenses. That the grant of 6,000 Rupees for 10 years does not expire till the end of current fusly 1261. Forwards an Estimate of the future cost of the Topes and requests annual sanction for 3,000 Rupees for a period not exceeding 12 years for support of Topes now in existence and 2,000 Rupees for an indefinite period for planting more topes and adds a memo of the expenditure of the grant of 6000 Rupees per annum.

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter dated 28th July last requiring certain information respecting the Government Topes in this district. Before entering upon a detailed reply I request the Board's attention to 3 Statements herewith sent to which I shall have to refer Viz.-

1— Statement of Charges incurred and Estimate of future Charges on account of the (Iyen) Topes.-

2— Do. of Charges for trees planted on the Road side and on Bunds of Tanks.

3— Do. of Charges and Estimate of future Charges on account of Palmyra Topes.

These Statements shew the Charges incurred from Fusly 1235 to 1260 inclusive, and the prospective charges estimated from the commencement of the present fusly 1261 for the Trees as they stand at the commencement of Fusly 1261.- In Statement No. 1 (Column 2 to 21) an explanation is given of a slight difference between

between this Statement and that sent to the Board with my letter of 13th January 1851.

2. In para 1 of your letter under reply I am informed that the Board understand "that the remissions of Land Revenue 8a (Rupees 64,317) on account of Topes referred to in enclosure 2 which accompanied my letter of 13th January 1851 no longer existed, and that this mode of remuneration is now disallowed." In this opinion the Board are correct - and they will observe in Columns 25 and 31 that there is no charge of the kind alluded to in the year 1260. But the amount 64,317 Rupees stated in my former letter to have been incurred on this account requires a slight correction - The correct amount is 64,192-6-0 as will be seen in Column 20 of the Statement now sent.— The difference arises from having inadvertently omitted to deduct the sum of 125 Rupees the amount of Enam formerly granted to 4 Topes which having failed were deducted from the Statements, and the grant having ceased should have also been deducted - The charges entered

Statement No. 1.

entered in Statement 2 alluded to in para 8 of my letter of 13th January 1851 and now shown in Column 4 of Statement No. 1. herewith sent amounted to ——— 64,317-10-2-

Deduct charges omitted to be deducted in the former Statement on account of 4 Topes which failed as per Column 9 of Statement now sent ——— 125-4-2.

Actual charges See Column 20 of remissions of Revenue 8a ——— 64,192-6-0

3. In para 2 of your letter referring to para 7 of my letter of 17th June 1850 it is stated that the Board "suppose that as these Topes" (alluding to the Topes planted by Mr. Robertson) "are expected to support themselves from "Fasly 1260, all charges on their account will cease from that date" - I said in my letter alluded to that this" would probably be the case or nearly so" - The result is as follows:- The actual number of Topes now in existence planted during Mr. Robertson's time and which have incurred expence on the part of Government is 524 Topes.— The Cost. of

See Statement No. 1.—

Col. 33 to 39.

of these up to the end of Fusly 1260 was in c
Cash ——— 98,643–11–0
in land 8 Cawnies ——— 64,192–6–0
Total Rupees– 162,836–1–0

Of these Topes 520 have now entirely ceased to c
incur any expenditure, Rs 91–2–0 only having been c
spent in some of them in fusly 1260 and 4 only
which cost 109 Rupees in fusly 1260, still c
require tending on account of some young Trees
planted in them– and they are entered in the c
prospective annual Estimate of Charges c
from fusly 1251. The remaining Topes alluded
to in para 7 of my letter of 17th June 1850 never c
incurred any expense or are not now in existence.
4.

Column 30.

See Columns 40 to 69.

In para 3 of your letter the Board
"observe that 49 Topes had been planted by Mr. c
"Mellor at an expense up to Fusly 1259 of 15320 c
"Rupees taken it is supposed from the annual c
"grant of 6000 Rupees". The Number 49 Topes
includes 6 Topes planted by myself up to the c
time indicated Viz. Fusly 1259, the Amount c
paid was, as supposed, Cash out of the Annual c
grant– These 49 Topes have since been reduced to 47
and the actual charges are here–under abstracted c
from the Statement No. 1.–

Amount

Amount of Cash Disbursement as per Statement sent to the Board on 13th Jany for 49 Topes	15320–11–0
Deduct 2 Topes swept away by c Storm of 5th and 6th May 1851	120–0–0
Amount of Cash Disbursement for the remaining 47 Topes	15,200–11–0
Add difference between sum c estimated and actual Cost	11–6–9.
Total Cash expenditure to end of Fusly 1259 for 47 Topes as per Columns 18 and 19 of Statement No. 1 now sent	15,215–1–9.
Do. for same Topes for fusly 1260	3,210–14–2.
Total as per Column 39	18,455–15–11.

Columns 27 and 28.

5. Besides these Topes there were 21 c new Topes planted in 1260 at a Cost of 781–1–4.

6. In the last para of your letter c under reply you write as follows–

"But as this grant has now ceased the c
"Board wish to know under what arrangements
"these Topes are now looked after, and in
"the event of the Government being pleased c
"to renew the allowance wholly or in part in c
"what way it is proposed to lay out the c
"amount and whether the expenditure will c
be

"be confined to the ready money grant if such is co
"sanctioned"- In reply I have first to point out that
the grant of 6,000 Rupees sanctioned by Government on
the 11th April 1842, or towards the close of Fusly 1252
did not come into operation until the next fusly
1252, and will not therefore expire until the close
of the present fusly 1261. Mr. Mellor (as appears
by the account) commenced planting in fusly 1252
and the terms of the grant are in the following co
words- "On these grounds His Lordship in Council
"would maintain and extend the Plantations and
"he accordingly resolves to authorize the Collector of
"Bellary to prosecute the work pending a reference
"to the Honorable the Court of Directors to whose
"notice the subject will be specially brought and their
"orders solicited on the proposition for continuing the
"experiment for the next ten years at an outlay of
"Rupees 6000 per annum"- These orders were commu=
=nicated to the Collector by the Board of Revenue
on 18th April 1842. I have thought it necessary to
show that the sanction is not yet expired, but co
in making up the accounts I have closed it to the
end of Fusly 1260, and entered the present current
fusly 1261. in the Estimate for future sanction-
7- In reply as to the mode of management
and expenditure of any further sanction to be co
observed

observed- I beg to remark that 520 Topes
now existing have already ceased
to incur any charge on account
of Government- There remain
75 Topes which will still re=
=quire tending and will incur
expense. It is found that
Topes on an average require
to be watered and tended
for 12 or 13 years- The time
that these 75 Topes will respec=
=tively require further care
is shown in Statement
No. 1 from Column 40 to the end,
and the annexed is an abstract
from it.- Description.

Fort St. George 5th April 1852.

8. From the foregoing it will be seen that during the ensuing 12 years the 75 Topes will cost 34,081 Rupees. These 75 Topes contain 32,573 Trees and have cost ...

Ther-

Fort St. George 5th April 1852.

10. The amount that I have above estimated as the future Cost of the existing Topes &c. from fusly 1261 inclusive is thus shown to be—— Rs. 35,665

Viz. Charges for 3yen Topes for 12 years as per Statement No. 1. 34,081

being for gardeners &c. — 33,081

cost of bullocks, implements— repairs of wells &c. — 1,000

Charges for Palmyra Topes — as per Statement No. 3 — 1,584

Viz. for existing Topes— 84

" — new Topes — 1,500 — 35,665

This divided over 12 years would make an average Cost of 2,972 Rupees per annum. But as it is desirable to continue planting a few Topes, as opportunities occur, I might solicit sanction for an annual Expenditure on account of Topes of 4000 Rupees per annum commencing with the current fusly 1261 to be again renewed after the period of 12 years. But it must be borne in mind that though the expenditure of the Topes now in existence will entirely cease, in all probability, at the close of 12 years or at the end of fusly 1272. yet the new Topes that may be planted in the interval will

Fort St. George 5th April 1852.

will require to be tended after that time. And it becomes therefore a question whether it would not be preferable to allow a fixed sum, not to be exceeded, to be annually laid out, for an indefinite period, in addition to, and independent of the sanction necessary for the existing Topes.—

11. Thinking this would be the best plan I would beg leave to request that a sum not exceeding 3,000 Rupees per annum be sanctioned for 12 years commencing with the current fusly 1261. and ending with the fusly 1272 for the support of the existing 75 Topes and 2 Palmyra Plantations, and I would also beg leave to recommend that a sum of 2000 Rs per annum be sanctioned for an indefinite period for the purpose of extending the Government Plantations generally of all kinds. If it is deemed at any time expedient to plant a long line of Road Trees on a specified line of Road hereafter to be constructed, special sanction can be applied for, for that purpose.—

12. In conclusion I should mention that the amount sanctioned in April 1842 was 6000 Rupees for 10 years i. e. 60,000 Rs.—

The.

Fort St. George 5th April 1852

The Cost has been as follows.—

		Rs. A. P.
Fusly	1252	4,274. 9. 4
"	53	3657. 10. 11
"	54	3,686. 6. 2
"	55	3,399. 2. 5
"	56	3,813. 13. 5
"	57	3,465. " . 6
"	58	3,368. 9 5
"	59	3,127. 11. 5
"	60	1,437. 13. 6
Total 9 years		33,230. 13. 1
Estimate for 1261		3,773. " . "
Total		37,003. 13. 1

It will be seen that out of the amount 60,000 Rupees sanctioned, the sum expended during 10 years on account of the Topes from 1252 fusly including the estimated cost of the Current year 1261 fusly, amounts to 37,003 Rupees leaving 22997 Rupees unexpended.—

Bellary, Collector's Office,
On Circuit at Yadakee,
February 1853.

(Signed) C. Pelly.—
Collector

Collector.

B. N. 613

Proceedings thereon.

(8-9)

The Board having requested some further information regarding the details reported by the Collector in the two first letters above recorded received the third in reply, and as the latter communication brings down the particulars relative to the Bellary Topes to the end of Fusly 1260. together with the Collector's later suggestions for their future welfare, the Board will refer chiefly to it in these Proceedings.

The last report submitted to Government on the results attending the planting of Cicar Topes in Bellary was dated 13th January 1842. and shewed that at that period there were in existence 665 Topes containing 173813 Trees, and that the charges from Fusly 1236 to Fusly 1249. inclusive of expenses incurred in planting Palmyras on the banks of Tanks, forming avenues &c. had been in money 91,463 Rupees or 237 below the sanctioned amount and which added to the assignment and remissions in land made to those taking care of the trees amounted to 123,519 Rupees.

The total disbursements should rather

To Chief Secretary 13th Janry 1842. Para 3.

3.

rather have been given at 1,43,015 Rupees — composed of these items —

Enclosure 4. From Collector 1st November in Cons: 15th December 1841. —

Planting Topes	75,410
Trenuning	347
Planting Palmyras on Sandy Banks and avenues	15,099

Enclosure 1 From Collector Dt Col 41.

Assignments and remissions of land	48,103

Carried from Collector 1st November in Cons: 15th December 1841 —

Remissions on Sandy Banks and high roads	3,449
Rupees	1,43,014

4. The expenses however attendant on the planting and rearing of Government Topes, properly so called, amounted to 1,23,519 Rupees as follows — (omitting 347 Rupees for pruning)

Ready money ——— 75,416.
Land remissions ——— 48,103.
Rupees — 1,23,519.

Money — 22,683
Land — 15,898 —
38,581.

Future charges for the tending of these Topes were estimated at Rupees 38,581. — and for the laying out of new Topes, an annual outlay not exceeding 9,000. — Rupees for the following ten years was requested, and this sum the Government sanctioned. It was supposed that the Topes planted by Mr Robertson would be productive in Fusly 1260 —

and

11th in Cons: 18th April 1842.

and require no further attention after — that period, and that the income to be derived from them would be consider- -able —

5. Of these Topes, the Collec- -tor states in his letter of the 11th February, there now remain 524, upon 520 of which the charges have ceased. Four still require tending which added to 47, out of a total of 49 (2 having been destroyed by a storm) planted by Mr Mellor and the present Collector and 24 laid down in Fusly — 1260 give 75 Topes for which expenditure is at present required, and which for

Col. 30 Encls: 1. Fusly 1260 amounted to 4,130 Rupees —

6. The number of existing Topes therefore is 595. containing 183193 Trees, and costing from the commencement of the undertaking in Fusly 1235 to Fusly 1260 Rupees 1,82,073 comprising the two items noted marginally. The mode of remu- -nerating by remissions is now discontinued —

Money 1,17,880
Enam. 64,192.
From Coll. 13th Jany 1851. Para 9.

7. The amount of income from the produce has not entered into the calculations of the Collector in his last letter, but in that dated 17th June 1850, it

it is given (Para 7) for Mr. Robertson's trees, at Rupees 1527 for Fusly 1258, and at only Rupees 867 for Fusly 1259 (From Collector 13th January 1857 Para 3) the total receipts from Fusly 1236 to 1259 from all Topes having been 10,484. Rupees. Assuming then 2000 Rupees as the Net-profit on the two Fuslies 59 and 60. we have a net-expenditure on account of the Bellary Topes 109589 Rupees.

Enclosure 1 From Coll.r 13th January 1857. Col 20.

Charges 132073
Profits 12484
107589

8. If to this sum be added the amount expended during the same period for Trees planted on Roads and Tank Banks 1764 (Encl.o 2)

2704 — 3

20352 Rs

the net outlay will be 189941 Rupees.

9. The anticipation that Mr. Robertson's Topes would require no further outlay in Fusly 1260 may be said to have been fulfilled, but the expectation formed of a large yearly revenue of about 40000 Rupees being derived from them has proved altogether fallacious. It will never, in the Collector's opinion, be realized, or an approximation to it made for several years to come. The mistake arose as explained by the Collector from the average annual profits of 3 and 4 annas per tree having been estimated from the outturn of the hardy survivors only of

Paras 4 and 7 From Collr 17th June 1850.

of many thousands which probably had been planted, and had long come to maturity, no comparison of the capability of those newly planted could be correctly made from the yield of the old Topes.

20 years for Mango 22 — for Tamarind.

10. Too short a period had also been given within which the trees were expected fully to bear. Out of 150498 — planted by Mr. Robertson and expected by him to yield a maximum crop about this time, only 42197 are productive at all. though doubtless a large return may be looked for on the trees attaining a greater age and growth.

From Coll.r 13th January. P.C. Encls. 1 Col.s 9 & 19.

11. The Board regret to find that the financial results expected have not been realized, but as the Government have already expressed a very decided opinion of the benefit of these plantations, and of the necessity for continuing and increasing them, they concur with the Collector in opinion that future plantations should not, on the ground of the discouraging results of past experiments, be discontinued in so arid and barren a district, and one in which the

Minutes Cons. 11th April 1852. P. L.

comfort-

comfort of the people would be so much enhanced and the climate probably improved by systematic planting.

12. The Board will therefore now consider the proposition of the Collector for the future tending of the young Topes, and the formation of new ones.

13 The grant of 6000 Rupees annually was not, it appears, acted upon until Fusly 1252 and consequently will not terminate until the end of Fusly 1261. though the Collector has closed his accounts with Fusly 1260. and included the expenditure of Fusly 1261 in the Estimate for future sanction.

P. C.

14. Calculating that a Tope requires to be looked after and watered for 12 or 13 years, he reckons the 75 Topes now rearing to require 34,081 Rupees, or including Rupees 1,584 for Palmyra Topes, he estimates a total expenditure in 12 years of Rupees 35,665; being at the rate of Rupees 2,972 annually but remarking that although the expenditure on the present Topes will probably cease with Fusly 1272, those planted in the interval will require further care at the expiration of that period. He therefore proposes that 3000 Rupees be annually granted from

from Fusly 1261 to 1272 for the preservation of existing Topes and 2,000 Rupees be sanctioned "for an indefinite period for extending the Government plantations generally of all kinds".

15. In considering this question it is only fair to calculate on the future return from the Topes, which at a low rate may be placed at 1,000 Rupees yearly.

16 It is to be observed also, that judging from the past expenditure on Mr. Robertson's Topes which the Collector rates at 1-1-1 per Tree, he has estimated the cost of the new plantations at rather an high average Viz.^{p} 1-11-3 per tree, the Board therefore trust that in recommending an annual grant of 3,000 Rupees for the next 12 years, they are proposing sufficient to keep up the existing plantations and they would leave the annual profits to be employed in creating new Topes.

P. 8.

17. In his letter of the 17th June Mr. Pelly submits a set of Rules for the better encouragement of Planting Topes in his District, as hitherto private enterprize would appear but little engaged in this direction. In lieu of these Rules, the Board would recommend that

Fort St. George, 5th April 1852.

that the private Taipas rules be modified for the present in Bellary, to the extent of permitting land to be so occupied, in portions of not less than an acre, rent-free in perpetuity -

From Coll.r 17th June 1850 - P. 18 -

18 - The plan proposed of encouraging ryots to plant trees on their putta lands appears judicious, indeed from the marked interest taken by the Collector in the experiments now discussed, the Board are satisfied that he will adopt every expedient which local experience may suggest to him, as favorable to the end in view -

19 - As to the means of restricting the further destruction of jungle wood, it will occur to the Collector that cowles for clearing land covered with low jungle should be given with discrimination. Extensive cutting for firewood might be carried on only on his permission, and the extent occupied by the scrub might be divided into several portions, one to be used yearly, thus allowing time for the wood to be replaced -

Bo. No. 742.

From the Collr. of Cuddapah.

Sir,

I have the honor to submit for the Board's approval a draft of the answer it is proposed to file to the suit which in my letter of the 19th February last I stated had been brought in the Subordinate Court against the Sub Collector. -

Cuddapah District, Collrs Office on Circt. Royachoty, 24th March 1852.

/Signed/ A. Forbes. Collector.

No. 1.

To, The Subordinate Court of Cuddapah.

Plaintiff.
Ibrahimkhanbitty an inhabitant of Cuddabah Budwail -

Versus.

Defendants.
1 Ayatkhanbitty alias Badakhan inhabitant of Cuddapah
2. Peddia Roofsaimkhan a revenue peon inhabitant of Budwail.
3. Bistow Woonmurkhan
4. Curnum Chentsyahs
5. de Rosparanze Inr. Saunah
6. Comaragery Chetumberum
7. Rosparanze Soobbiahs.
8. A. Wedderburn Esqre Actg Sub Collr. of Cuddapah.

Answer of 8 Defendant.

1. Plaintiff sues defendant with seven others for.

for losses sustained from a certain piece of land and the puttah on which it was held having been transferred from him to another party.—

2. The transfer is admitted and justified under the following circumstances.—

3. Ryatkhanbitty alias Badakhanbitty the 1st defendant in the present suit, held for about eight years 1½ acres of Gramanumtum poramboke land forming part of No. 104, in the town of Budwail. the land was classed as bagayet, dependant on a tank, was assessed at the rate of 2-8 as the acre, and although a portion of it only was cultivated the rent on the whole was paid by Ryatkhanbitty who also held the puttah in the uncultivated portion of the land were two tamarind trees the produce of which was enjoyed by one Catekay Roosainkhan of Budwail.—

4. This Roosainkhan was sued in the District Moonsiff's Court by the Plaintiff in the present suit for an alleged debt and in satisfaction of the claim a document was obtained from him and his son, making over to Plaintiff ten Coontahs of the land entered in Ryatkhanbitty's puttah and the two tamarind trees situated in the uncultivated portion of it.— Plaintiff then, without the

knowledge

knowledge of the 8th defendant by whose order alone could any change in the puttah be properly effected, induced the Curnum Chentsoo to make out a puttah for these ten Coontahs in his name for Fusly 1259. cultivated the land and planted some fruit trees in it.—

5. As soon as Ryatkhanbitty became aware of what had been doe he preferred a complaint to the Sub Collector, and the enquiry which ensued elicited the following facts.—

6. Ryseinkhan and his son stated that at the time they executed to Plaintiff the document on which he grounds his right to the land, they told him that the two tamarind trees alone were in their enjoyment, and that without their knowledge he entered the land also in the deed.—

7. The Curnum Chentsoo stated that he transferred the ten Coontahs of land from the puttah of Ryatkhanbitty in Fusly 1259, to one in the name of Plaintiff, on the latter informing him that he had purchased the land from Ryseinkhan. but that he did not report the circumstance to his superiors & that the rajeenamah usual on the transfer of land from one name to another was not given.—

8. Nursannah another Curnum of the Village stated that he had formerly held the land mentioned in the third paragraph, that he sold it to Ryatkhanbitty eight years ago for Rs. 150, giving the customary rajeenamah for its transfer in the puttah that the ten Coontahs now in question formed part of the land then sold and that when

he

he and his brother Curnums objected to the alteration of the puttah for Fusly 1259. as sure to give rise to dispute, the Curnum Chentsoo denied their right to interfere with a case connected with his division of the Village—

9. Ayathkhanbitny having made a complaint in Fusly 1260 / 1850/51. to the late Thasildar that the land he actually held was less than was entered in his puttah it was measured by the Curnum Chentsoo and others, when a Statement was given to the puttadar which admitted that the ten Coontahs now in question formed part of his holding and that even with that, there was a deficiency of twenty Coontahs and thirteen Annas—

10. On a full enquiry ordered by the 8th defendant it therefore appeared that Plaintiff had obtained a transfer of land entered in one man's name on the strength of a document said to have been executed by another man and that the latter admitted that he had no right whatever to the land and no power to transfer it. it also appeared that the form invariably customary on the transfer of a puttah of a Rajeenamah being taken from the puttadar was not complied with, that the Curnum who made the transfer acted in opposition to the remonstrance of his partners in Office, and made no report of his proceedings to his Superiors. It was proved that the land in question formed part of Ayathkhanbitny's holding that he had purchased it eight years since and had paid the Circar dues on it regularly ever since. the 8th Defendant therefore could not uphold the fraudulent transfer, by continuing to Plaintiff a puttah, he

he had obtained illegally, and had no other course to follow than to continue to the puttadar the rights he had never relinquished - a puttah for Fusly 1260 was consequently issued in the name of Ayathkhanbitny as usual, and proceedings against Plaintiff for his fraud were only stopped by his bringing the present suit.—

11. Under all these circumstances the 8th Defendant prays the Court to dismiss the suit and that all costs may be paid by Plaintiff.

(Signed) W. Forbes
Collector.

10·11

No. 643.

Proceedings thereon,

No. 125

Resolved that the letters above recorded together with their enclosures be submitted for the consideration and orders of the Right Honorable the Governor in Council

This suit was brought for the recovery of 10 Goon-
2. tahs of Land / assessed at 10 C. Veesums / with the Tamarind trees therein, valued altogether at about 150 Rs.

3. The Plaintiff alleges that the land was transferred to him by the 2d 3d Defendants in 1848 by a document, in release of a certain debt for which he was suing them in the Moonsiff's Court. That in Fusly 1249, Mr. Murray the Sub Collector granted him a puttah for it, but that the next year Mr. Wedderburn / the Acting Sub Collector / on the misrepresentations of the 3d 4th 5th & 6th Defendants whom the 1st & 2d had gained over cancelled the puttah, and transferred the land into the puttah of 1st Defendant.

4. In the draft answer the 8th Defendant admits the transfer, but urges that he was justified in

in the course he took, for that 1st Defendant had purchased lands in which this spot was included eight years ago, and held it ever since and paid the Circar dues regularly - that the spot contended for is an uncultivated portion which with two Tamarind Trees was made over by 2d Defendant to Plaintiff, without the consent or knowledge of his father the 1st Defendant, that 2d Defendant had no right to make over the land, and has since admitted that he had not that right, that the Curnum Chentsoo who made out the Puttah for Fusly 1259 did not report the circumstance of the transfer to his superiors, or obtain the usual rajeenamah from one party consenting to the transfer to the other party, but acted in opposition to the remonstrance of his partners in Office. The 8th Defendant therefore urges that he could not uphold the transfer by continuing to Plaintiff land which he had illegally obtained, but re-transferred it to 1st Defendant after due examination of the extent as specified in his Puttah, and that he consequently cancelled Plaintiff's Puttah. He prays therefore that Plaintiffs action may be dismissed with costs.

5 The Board consider the proposed answer to constitute a good and sufficient Defence and they recommend that the Collector may be authorized to put it in, and to defend the suit at the public Cost.

6. The time allowed for filing the answer is not stated.

N.T.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue

(12)

Bt. N. 74
From the Agt. Collector of North Arcot
Reporting on the settlement of the Land Revenue of this District for Fusly 1260.

Fort St. George.

Sir,

I have the honor to submit the usual Statements relating to the Land Revenue of North Arcot District for Fusly 1260 / 1850-51 agreeably to the following list

A. Abstract of the Summahbundy Statement
B. Comparative Statement of fusles 1259 and 1260.
C. General Comparative Statement of the same two fusles.
No. 1. A detailed Statement of the amount of Shavy remissions.
" 2. Abstract of Do Do.
" 3. Statement of land granted on Cowle.
" 4. Abstract of land granted on Cowle.
" 5. Detailed Statement of Teeruvasty and Bogajasty
" 6. Abstract of Do
" 7. Statement of Boganushty or remissions

remission for non cultivation of a 2d crop..

No 8 Statement of the Beriz of rented Villages.

" 9 Statement of Charges.

" 10 Statement of the Prices of Grain in each Talook..

" 11 Statement of Sugar Cane Cultivation.

" 12 Comparative Statement of Sudjee Cultivation.

" 13 Detailed Statement of Seuoy Summah.

" 14 Talook Kuar Statement of Sharee remission.

" 15 Statement of Population.

" 16 Statement shewing the number of Villages in this District.

" 17 Exctract from the Register of landed property held by Public Servants..

" 18 Kindoonee Report with its Enclosures.

2 The Season of Fusly 1260 was far better than that which preceded it, and may on the whole be considered a tolerably good one tho' all parts of the District were not equally favoured. The early rains in May and June required for Poonjah were

were somewhat scanty. Those in July and August for Nunjah Kar were on the whole favorable as were also those in September and October for Sumbah in most parts of the District. There was rain for the Navary in November but very little in December and none at all from January to April. The consequence was that the Sumbah and Navary Crops suffered much, and in some parts of the District and more especially in the Talook of Sholinghur became "Shauee".

In Fusly 1259 3,303
" 1260 - 714
Decrease 589

3 Cholera occurred in several places during the early part of the Fusly but chiefly along the different lines of road leading to Tripatty. The number of deaths was 714 which is little more than half that of last year, the only other desease worth noting was a kind of influenza which shewed itself in Sautghur and the western parts of Trinallium at the beginning of the Fusly and at one time prevailed to such a degree as seriously to interfere with the Poonjah Cultivation..

4. The loss in Cattle was smaller on the whole than it was in Fusly 1259 and this year was

was owing less to disease than to a storm of wind and rain, in May, which swept off great numbers in those parts of the District which lie towards the East. North East and North as the Talooks of Trivallum, Sutwaid. Sholinghur and Triputty. The total loss sustained throughout the District was.

	Cows & Cow Buffaloes.	Bullocks & he Buffaloes.
In the above four Talooks	912	819
In the other Talooks	592	765
Total	1504	1584
In last fusly	1423	1927
Increase	81	Decrease 343
Net Decrease		262

besides a great number of Sheep and Goats.

5. The Pollium of Maumundoor and the Jaghire of Aulcondah resumed in 1848. and which had heretofore been leased, were this year settled Ryotwar after having been duly surveyed and assessed as directed by Government in their order No. 307 dated 27th March 1849 and I shall therefore speak of them as such throughout my

* Extract Minutes in Consultation 10th January 1848 No. 2. Do. Do. dated 25th March 1848 No. 305

T. L. 18

my report.

6. The following Abstract Statement compares the average price of Paddy in the Fusslies 1259 and 1260 in my own and in the Sub Division. The talook variations are given in Enclosure No. 10. These Statements are prepared on the basis of a measure of 120 Rupees weight of Grain pending the final orders of the Board on the subject.

Items.	Commutation price of Paddy per Garce	Bazar price of Paddy per Garce. Fusly 1259.	Bazar price of Paddy per Garce. Fusly 1260.	Comparison between Cols 2 & 4. Difference	Comparison between Cols 2 & 4. Per Centage.	Comparison between Cols 3 & 4. Difference	Comparison between Cols 3 & 4. Per Centage.
	Rs a P	Rs a P	Rs a P	Rs a P	Rs a P	Rs a P	Rs a P
Collector's Division	84 52	66 - 1	68 10 5	15 10 9	18 9 4	2 10 4	4 - 2
Sub Collector's Do	87 8 -	59 - 10	67 9 11	19 14 1	22 11 6	8 9 1	14 8 1

The moderate rise in grain was owing mainly to last year's harvest having proved deficient (see para 5 of last year's report) and partly to many of the Ryots having withheld a portion of their stock from

from market in hopes of a rise in price.

7- The Settlement of Fusly 1260 was commenced later than usual. It began at Pulliconda on the 21st March and was concluded at Venkatagherry Cottah a few days after the expiration of the Fusly. The total number of Puttahs distributed including Moturpha was 125390- of which 90527 were for lands in my Division and 34863 in that of the Sub Collectors- The following Statement specifies by what Officer and at what place Each Talook was settled.

The total increase of Dittum in the Fusly under report is Rupees 42376-2-10. But of this Rupees 17705-13-2 alone are actual increase in the Talooks over and above the Dittum of last year. The rest is for land cultivated in the resumed Pollium of Mamundoor and in the Anelcondah Saghire which as has been before explained, were this year for the first time settled Ryotwar. The Turrum or assessment of the lands of the above Saghire and Pollium not having been completed in time for the Dittum they are entered in the Columns - "After Dittum". The instructions of the Board conveyed in Para 25 of their Proceedings dated 8th April 1850 that Bogajasty should be exhibited in the Dittum, have not been fully acted upon in the Fusly under Report owing to their misapprehension by the Talook authorities but since the receipt of the Forms which accompanied the Extract from the Proceedings of the Board dated 3d July last in which Columns are provided for the Fuzuljasty Dittum, fresh instructions and explanations have been issued to the different Tahsildars and it is to be hoped that in future no difficulty would occur to prevent the carrying out the Board's intentions on the Subject.

9. The actual cultivation in each year out of the extent taken up is shewn in the annexed Statement which includes Stalls Cummy & Nantungaul but not land ploughed only and not sown. It will be seen that this Statement exhibits an increase

increase of cultivation in all the three descriptions of land. The total increase including that in Bogajasty amounts to more than two lacs of Rupees.

The

16 The gross Dittum Bunjer amounted to Rupees 180901—13—2 of these Rupees 179195—15—10 were remitted and Rupees 1708—13—4 brought to account. But besides this there was a sum of Rupees 4749—11—6 levied in conformity with the Rule laid down in Para 5 of the Summahbundy Hookumnamah and for particulars of which see Statements Nos 5 and 6 which accompany this Report— from those Ryots who cultivated Poonjie Poovafsee and covered Poonjah into Nunjah and Totacal respectively by means of private wells and let part of their Dittum land lie waste. In every case full enquiry was made at the Summahbundy why the land was left waste. In the vast majority of instances the cause was ascertained to be the want of water. Where this was the case remission was granted, but where the means of irrigation were at hand and the omission to cultivate was proved by the actual Cultivation of adjoining lands or other evidence to have been the fault and not to have arisen from the misfortune or indigence of the Ryots it was refused

Of

17 Of the remissions from the gross Settlement two only were unusual Viz.t that for Short produce which in one instance which will be hereafter noticed was found necessary and that for "Coyempuddahs" in the resumed Pollems of Mahmundoor the Beriz fixed on which fell short of the Assessment.

† See Para 21.

18 For the rest. The remission on account of Mullacummy was smaller and that for Chickerpooldy slightly larger than those allowed for the same causes in Fasly 1259. That under the Head Boganuchty also shews an increase owing to the want of water at the 1st crop season and the consequent partial failure of the Car Remissions were also made under this head from the consolidated Teerwah of the lands in three Villages of the Vellore Talook, Viz, Veeringipoor, Cheddapairy, and Torapandy for reasons which I have stated in my letter of the 11th December 1851 No 89. In all these Items the same rule was followed as that above mentioned in the case of Dittum Bunjer, and in the case of Mulla Cummy waste was brought to account when less than a fourth of the Mullum according to the provisions of the Standing Hookoomnamah. The result was as follows.—

Items

Fort St. George 5th April 1852.

Fusly 1259

No.												

Fort St George 5th April 1852.

of Fusly 1259 owing of course to the more favour-
-able nature of the season under Report. The Ta-
-look that suffered most was Sholinghur. In
it the Nunjah Shavee was Rupees 4,697—14—5
of which Rupees 2,063—3—1 were deductions
on that account at the rate of 10 per cent
from the Ryots productive cultivation
and the rest Rupees 2634—11—4 was remission
In the other Talooks collectively it was
Rupees 1,002—2—9 of which Rupees 1717—6—5
were remitted and Rupees 2284—12—4 brought
to account, for reasons similar to those
given in the case of Sholinghur. There was
besides Poonjah Shavee in 4 Talooks amount-
-ing to Rupees 63—0—2 and Totacal in
3 to the amount of 12—6 but no remis-
-sion were made on either account. Thus
the Shavee of all kinds for the whole
District was Rupees 8775—1—10 of which
Rupees 4423—0—1 was brought to account and
Rupees 4352—1—9 remitted. The portion
belonging to the resumed Avelcondah
Jaghire and Mahmundoor Pollium
was Rupees 32—13—0 of which Rupees
14—7—1 were brought to account and
Rupees 18—5—11 remitted. If this be
deducted

Fort St George 5th April 1852.

deducted the result will be a remis-
-sion on account of Shavee for the District
as it stood last year of Rupees 4,333—11—10
which is Rupees 14,816—5—2 below that of
Fusly 1259. In every case care was taken
to ascertain the truth thro' public ser-
-vants of competent rank.

21. In making remission
on account of short produce too the
utmost care and circumspection
was used. The solitary instance was
in a Village of the Pennurry Talook in
which the stalks of some Indigo planted
last year in 4 and 1/2 of Nunjah land by
sixteen Ryots sprouted again this year
and yielded a slight return, for which
half Teerwah was brought to account
amounting to Rupees 29—4—2 and the
other half remitted.—

22. The remission on account of
Pawny bundy or land flooded in the beds
of Tanks as well as for Paymallee or Culti-
-vation destroyed by inundation is considera-
-bly larger than that
allowed last year. The
increase is Rupees
1395—14—11 for Pawny Bundy
and Rupees 57—3—3
on account of
Paymallee

	Rs.	a.	p.	Rs.	a.	p.
Actual increase in the Talook Rs.	1353	9	8	46	13	4
Remission allowed in the Villages of the Avelcondah Jaghire and mamun-door Villages	4244			4	5	11
Talook Rs.	1395	14	11	57	3	3

Paymallee. It is owing to the larger quantity of rain that fell during the Fasly as under report and especially to a Continuous fall in September and October

23 Under the Head "Bit. Mukkah Ryaye t" there was an increase amounting to Rupees 608-11-. It occurs in the Tripatty Talook and is owing to 6 full Villages and a part of another belonging to the newly added Mannundoor Pollam being Woolwadah Gramums.—

24 There was also an increase in the remission, on account of "Teezgarry" "Dasavundum remission" "the general remission of 12½ per Cent" and of the small Items "Chaloor Bagum" and "Punchum Arissah" which (as all of them vary with the quantity of land brought under Cultivation or left waste) was owing to the more favourable nature of the season and its effects in that respect. I would remark that one of these remissions have not been allowed in any of the newly settled villages formerly belonging to the Avelcondah Jaghire and Mannundoor Pollams.

There

25 There is a decrease in the Amount of Cowle remission owing to the Amount of Teerwah remitted in a Village of the Arcot Talook according to previous agreement having been but a quarter of the whole amount instead of a half as in Fasly 1259. and to a remission granted to a Ryot of Calavagontah in the Chittoor Talook who got some waste lands on certain Conditions in 1826 and this year for the first time brought a portion of it under Cultivation for which he claimed and received a remission of 7/8 Teerwah according to agreement Both of these together amount to Rupees 28-11-6.

26. In Para 17 a remission is alluded to as having been allowed under the head of Hayrum Puttah. It amounts to Rupees 24-2-9. The cause is simply that stated in the above para. The Poligar was found to have permanently granted certain lands at an arbitrary and unsufficient Beriz. These were in the Fasly under Report surveyed and assessed and the difference between the amount of the lease and the proper assessment remitted and exhibited.

exhibited under the head of Cayemput-
-tah remission. In the Current Fusly these
Cayemputtahs will be enquired into
and disposed of with reference to the
14th August 1848. Board's letter quoted in the Margin.-
27. The following Memoran-
-dum shews an increase in the Revenue
from the Hill Villages of Vellore and
Poloor Talaks.-

Talaks.	Fusly 1259.	Fusly 1260.	Increase.	Decrease.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Vellore	824 " 3	914 " "	89 13 9	" " "
Poloor	660 " "	699 " "	39 " "	" " "
Total	1484 " 3	1613 " "	128 13 9	" " "

28. An increase of Rupees 205-2-10 is exhibited under the head of "Oolwaday Villages" in Mannundoor Pollium as per Margin- which re-
-quires explanation. The Revenue of these Villages a fixed sum levied by the Poligar from the Oolwadah-
-dar used to be entered under a separate Head- But in the year

Revenue of Fusly 1259 from seven Oolwadah Villages in the Mannundoor Pollium	43	3	11
Deduct the amount of 6 Villages assessed in the Fusly under report and included in the Ryotwar. Settlement	38	11	11
Revenue of the remaining one Oolwadah Village not assessed	4	8	"
Add Revenue of the Villages of Mannundoor and Bant-
-pully	243	14	9
Total	248	6	9
Increase	205	2	10

year under Report that of six of these
Oolwadah Villages which had in the mean
while been assessed and surveyed has
been entered under the Head "Cultivation"
in the same way as that of similar
land in the Tripulty Talaks, that is the full
extent and Teerwah has been entered as
Cultivation and the Remission allowed
to the Oolwadahdar (which is the differ-
-ence between the Teerwah and his Oolwaday
Revenue) under that of "Remission" together
with similar Remissions allowed in
Tripulty and this has caused an increase
under the Head "Bill Mucktah Rayet"
as mentioned in Para 23 while, on the
other hand the decrease of 38 Rs. 11 as. 11 p. which
would in Consequence have appeared
under the Head "Oolwadah Villages" was
swallowed up in the increase caused by
the entry under that Head of the Revenues
of two Villages of the Pollium, Mannundoor
and Bantpully, Consequent on their not
having in the year under report been
leased as in Fusly 1259 (owing to none
having Come forward) and therefore to
their Revenue not appearing under the
head "Rents for one Year" and to the

necessity

necessity at the same time of excluding them from that of "Cultivation" on account of their not having been assessed and surveyed. The reason why this was the case was that having been given on Cowle (as explained in the following Para) it was found necessary to postpone the assessment and Survey till they had been brought fully into Cultivation by the Cowldars and the same was the case with the deserted Villages of Cunnapully and the Village of Gollavanny goontah, the former for the cause above stated and the latter pending an Enam dispute.—

29. In Compliance with the orders of Government noted in the margin Cowles were granted for the three Villages of Cunnapully Mannumdoor and Baulapully in the Talook of Tripatty. The Cowledars in consequence commenced removing the Jungle and had even proceeded to Cultivate a portion of the lands. They had also been promised Tuccavy (as per sanction of Government dated 30th May 1850) when a Fever broke out amongst them

24th January 1850
24th June "

of so malignant a Nature as to kill many of them and so completely frighten the rest that they at once deserted the place leaving their growing crops behind them and thus of course completely defeated the object for which the Cowle was granted.—

30. There is an increase in the three Kinds of Enam Jodee under the Head "Soornadayem" attributable to the superiority of the season and the Consequent extent of land brought under Cultivation in the year under report as Compared with Fusly 1259.

31. The Head Villages rented for one year" shews a decrease of Rupees 15,204—"—. It is the full Amount shewn under this head last year. The cause of the decrease is the removal from the Head of the several

villages

4500 Fort St. George 5th April 1852

Villages of the Mahmmudaon cs Pollium and Avelcondah Jaghire the Beriz of which was last Fusly included but which have this cs year been surveyed, assessed and settled ryotwar, as explained in para 5 of this report and the transfer to the Head Cutwadah of three of the four Villages that have not been assessed and surveyed, as stated in Para 28. The fourth (Cummapully) being Bay che. = rank and therefore having no Beriz.-

32. The following cs statement exhibits in one view, a Comparison, of the Revenue of the District from all Sources in the two Fusslies 1259 and 1260.-

The still remaining balance is in course of Collection and I shall request sanction in my report on the Current Fusly for writing off such partas may on final enquiry be found to be irrecoverable. In the second item, Peishcush, Rupees 20,033. as P. 8 - " are still outstanding against the zemindar of Calastry, he prays to be allowed to pay the same by instalments and urges as the ground of his request the losses he sustained by the bursting of many of his Tanks owing to a very severe storm of wind and rain which happened in May last, but before recommending to the Board the grant of this indulgence it is necessary that full information should be given on the points contained in the Circular of the Board of Revenue dated 10th June 1824. I am now in Communication with him with a view to obtaining it and will submit the result of my inquiries and if necessary an application for the indulgence in a separate Communication.-

† See Page 22 of the Circular order of the Board

The balance of the demand 34.
of Fusly 1259 at the date of Mr. Bourdillon's report on that year - was Rupees 4,285 - 7 - 8, as P. of these Rupees 3,842 - 12 - 4 - as P. have since been Collected and a balance remains of Rs. 442 - 11 - 4 - still due according to the Subjoined Statement

5 - 13 - 7 Teerwah charged twice in Consequence of a land having been by mistake entered in two different Villages - Rupees

as P.
2 - 13 - 11 part of a balance for the liquidation of which the price fetched by the lands put up to sale by orders of the Board proved insufficient - Rupees

as P.
6 - 11 - 9 Jusulgusky Teerwah charged on Poonjah converted into Nunjah by means of private well irrigation in the Talook of Arcot belonging to the Sub Division, on the ground of the Ryot having left waste his Pullicut Nunjah but which ought to be remitted as it appears on Enquiry that the land was unfit for Cultivation - Rupees

as P.
1 - 11 - 1 charged on a land in Seroovulloor in the Poloor Talook but subsequently ascertained to have been improperly included in

in the Jamabundy) as a separate Teerwah had been already) fixed upon the trees growing on it - Rupees 9-3- shown by the holders to have been an excess teerwah fixed on Bagayet land in Vellore Talook - Rupees 11-14-3 Jodee fixed on certain emolu- -ments attached to Inam lands in the Pummury Talook of which Rupees 5-9-3 as. ps. is the Jodee fixed on the Inams in Mogaral and Ganaonnaguttoopully) resumed in the Current Fusly by order of the Board (dated 24th April 1851.) Rupees 3- the Jodee of a Pullacut Inam which the Inamdar resigned in consequence of his inability to pay the Jodee; and the rest Rupees 1-5-0 as. ps. the Jodee of an Inam the Inamdar of which died without issue or heir as far as can be ascertained - and whose Inam I therefore beg to request I may have sanction for resuming - Rupees 26-1-5 as. ps. the amount of an item styled Ob- -ruin in the Chittoor Talook Payment of which is refused by the parties subject to the demand - and which as

as has been the case in former years must be remitted and lastly Rupees 11-5-3 as. ps. the teerwah fixed upon certain Cultivation in the Polore and Wundiwash Talooks which after the Jummahbundy was proved to have been shawy - All which sums amounting in the aggregate to Rupees 110-12-2 as. ps. I now request sanction for writing off the accounts as "irrecoverable." of the sum of Rs. 94-10-10 which is still under enquiry Rs. 90-4-10 is outstanding on account of a boundry dispute in which no less than 5 places in three different Talooks are concerned and the remainder Rupees 4-6-0 as. ps. is teerwah objected to by a ryot of the Sulwaid Talook as having been fixed in excess and regarding which enquiry is now going on. -

35. There is also a sum of Rupees 50-8-8 outstanding against certain ryots of the Village of Yalavoor

Yalavoor in the Talook of Sutwaid but as that Village was transferred to Chinglepat at the beginning of the present Fusly and the ryots have in consequence passed from within my Jurisdiction - I have written to Mr. Cochrane to give me credit for the sums in his accounts.—

36. The subjoined Statement shews the sums still outstanding on account of Fusly 1258.—

Items.	Amount.		
Recoverable			
Irrecoverable, being due by insolvent ryots	14	2	3
Under enquiry	22	15	6
Total	25	15	9
	63	1	6

The sum recoverable is due by two ryots of Trivallum Talook - It is the balance still remaining due by them after the recovery of a portion of their outstanding debt by the sale

of

of some of their lands under the sanction of the Board, and to liquidate which other lands are still available for sale tho no fit offer has as yet been made for them - That set down as irrecoverable amounting to Rupees 22-15-6 is due by two ryots the proceeds of whose lands sold under the sanction of the Board was insufficient fully to make up the balance which appeared against them - As neither of them have any further means and the recovery of the sums is altogether hopeless - I beg leave to request that sanction may be given me for writing it off - The sum of Rupees 25-15-9 entered as "under enquiry" must for the present remain as an outstanding balance as it cannot be realized till after certain boundary disputes connected with the Village of Bodoor in the Talook of Sutwaid on the one side, and Madamumbaidoo of the Zemindary of Calastry on the other shall have been decided.

37 Of the collections on account of Tusdeek Davustamms (one of the items which up to Fusly 1247 used never to be included in the Demand) certain sums are still outstanding the adjustment of which was not submitted

to

The

Fort St George 5th April 1852

The total demand it will be seen is Rs 15,668-2a-6p Of this Rupees 14,392-2a-0p have been collected (within and after the Fusly) and endeavours are being made to collect the remainder. Should any balance eventually remain it will be spoken of in my report of the current Fusly. The particulars of the balance of arrear of Fusly 1259 are

	Rupees	a	p	Rs	a	p
Recoverable						
Excess Cultivation in Sutwaid Talook	20	12	3	20	12	3
Irrecoverable.						
Excess cultivation in the Cauveripauk Talook	3	15	0			
Fuzzuljooter entered in excess by mistake in Chattoor a Village of the Arcot Talook of the Sub Division	5	12	9			
				9	11	9
Total				30	8	0

Of the Total Amount (Rupees 9-11-9) set down

Fort St George 5th April 1852

down as irrecoverable and for writing off which I now beg to request sanction Rupees 3-15-0 are tearwah fixed upon Cultivation raised after the Summabundy but which ought in this particular case to have been remitted. as the Cultivation in question which was in the bed of a Tank was subsequently flooded. The remaining Rupees 5-12-9 are excess charge made in consequence of full tearwah having been inadvertently fixed on totacal cultivation raised on Poonjah by the falling rains instead of 3/4 according to para 5 of the Hookoomnamah.

39. The following is an Abstract Statement shewing the comparison between Fusles 1259 and 1260 as regards Sugar cane Cultivation.

Circar Lands

Cranns Lands

Fort St George 5th April 1852

It has been prepared in conformity with the requisition contained in Para 30 of the Proceedings of the Board of Revenue dated 27th Febrary 1851 on the report of the Settlement of this District for Fusly 1259 and shows the Sircar, and Enam lands distinct from each whether Ayen Zemindary or Polliem. The decrease under "Total Enam" is merely nominal. It is owing to the opening of a new Item "Zemindaries and Polliems exclusive of the Enams in them" in which the Zemindary and Polliem Sircar land were this year included instead of in "Enam" as heretofore. Had the Zemindary and Polliem cultivation exclusive of the Enams in them been included as last year in "Enam" the result would have been an actual increase of 369-2-2 as may be seen from the table given in the Margin.

Fusly 1260	bunnies	as	10s
Enam	1084	9	8
Sircar in Zemindaries and Polliems	483	6	14
Total Enam & Sircar in Zemindaries & Polliems in Fusly 1259	1588	6	-
	1198	14	1
Actual Increase	369	2	2

The net Increase of bunnies 733-6-8. is owing to the increased advance given out by the Mercantile Housed interested in the Sugar trade.

There was a large increase in the

Fort St George 5th April 1852

the Quantity of Sugar (the produce of this District) judging by the number of Certificates granted for exportation in the Fusly under Report as the table joined Statement will show

	Fusly 1259		Fusly 1260		Increase	
	Maunds	Seers	M	S	M	S
Collectors Division	316,337	35	981,914	5	665,576	10
Sub Division	43,375	"	52,410	"	9,035	"
Total	359,712	35	1,034,324	5	674,611	10

This increase is doubtless in part owing to the produce of Fusly 1259 having been Kept back and Exported in the Fusly under Report but I have some reason to fear that part of the amount certified was the produce of the neighbouring Districts lying farther from Madras than this the of this I have no absolute proof.

The following is a comparative State

41. ment of the cultivation of Indigo in Fusles 1259 and 1260-

Fusly 1259						Fusly 1260						Increase					
Land			Seerwah			Land			Seerwah			Land			Seerwah		
ℂ	as	16s	Rs	a	s	ℂ	as	16s	Rs	a	s	ℂ	a	s	Rs	a	s

The

4518

Fort St George 5th April 1852

The net increase in Nunjah Rs 3,628-5-7 is owing to the Tank being better supplied in the Fusly under Report than in that which preceded it. The decrease in Total is so trifling as to need no explanation on the whole the amount of cultivation under the Tank has been satisfactory the Bering exceeding by 501 Rupees that of Fusly 1264 which was the best of the last 15 Fusles.

The Statement of Population 43 numbered 15 and prepared according to the form and in strict observance with the rules Circulated with the Board's Circular of 7th February 1850 accompanies this report. The following is an abstract.

Fusly

Fort St George 5th April 1852

		Fusly 1259	Fusly 1260	Increase
Circar Villages	Males	4,21,302	5,16,789	95,487
	Females	397,544	4,92,484	94,940
	Total	818,846	1009,273	190,427
Zemindary Villages	Males	"	2,45,926	2,45,926
	Females	"	2,30,974	2,30,674
	Total	"	4,76,600	4,76,600
Total	Males	"	7,62,715	3,41,413
	Females	"	7,23,158	3,25,614
Grand Total		8,18,846	14,85,873	667,027

The

Fort St George 5th April 1852

The total increase is 667,027 but this includes the population of the Zemindaries now numbered for the first time. The increase over and above the numbers given in 1259 is 190,427 but how much of this is actual increase it is difficult to say considering how untrust worthy must have been the return of former years under the System described by Mr Bourdillon in para 58 of his Report on the Settlement of Fusly 1259. This year great care has been taken to ensure their correctness the Returns of many Villages taken at random having been personally tested by myself and my European and Native Subordinates.

The subjoined Statement 44 shows the number of Cattle in the Fusles 1259 and 1260 respectively.

	Fusly 1259	Fusly 1260	Comparison Increase	Decrease
Cows	2,14,671	2,17,308	2,637	"
Bullocks	2,01,288	197,249	"	4,039
Cow Buffaloes	64,690	65,082	392	"
Buffaloes	40,568	41,512	944	"
Sheep	4,05,412	4,12,282	6840	"

Last

Fort St George 5th April 1852

45 Last year Mr Bourdillon in the 50 Para of his Report on the Settlement brought to the Board's notice the circumstance of the landed property of certain Public Servants not having been entered in the Register as required in the Circular dated 28th August 1829. This has been rectified and the register is now complete upto the end of Fusly 1260 An Extract shewing the entries made in the Register for that Fusly is herewith forwarded.

46 I enclose Copy of a Report received from the Acting Sub Collector of the Settlement of the four Talooks under his charge. The circumstances of his Division are fully explained by Mr Goldie, and call for no special remarks

47 Mr A. W. Sullivan my Head Assistant made the Settlement of two Talooks Satgluv and Trivallum to my entire satisfaction. His Gentleman's great attention to business and Knowledge of his duties render him a most efficient assistant and I have great reason to acknowledge the help I have received from him especially since I have been deprived of the assistance of

Fort St George 5th April 1852.

Mr W. J. Blair with whose attention and efficiency also I had every cause to be pleased. I would also acknowledge the very great assistance I have received from the Head Sheristadar Soobah Row Having come so lately into the District (only 11 days) before starting on my Summabendy Tour. I had of course to depend a great deal on this Officer and upon the Naib Seristadar Tolasinga Chitty and in no case had I reason to repent the confidence I placed on their judgment and experience I need say no more on this head Mr Bourdillon who has had ample experience of judging of their Characters and Conduct has having already expressed his high opinion of the merits of these officers.—

Abstract

Fort St. George.

5th April 1852.

N: 9. Abstract Statement shewing the Charges and per Centage of Charges in each Branch of Revenue Composing the General Statement for Fusly 1260 in Comparison with the preceding in the Northern Division of Arcot conformably to the instructions contained in the Board's letter bearing date the 29th November 1851.

Items of Receipts.	Total Beriz.	Particulars.	Amount.	Per Centage.	Total Beriz.	Fusly 1259 Charges.	Fusly 1260.	Comparison of Charges between Fusslies 1259 and 1260. Per Centage.	Increase.	Decrease.	Remarks.
1	2	3	4	5	6	7	8	9	10		11.
	Rs. a P.		Rs. a P.	Rs. a P.	Rs. a P.	Rs. a P.	Rs. a P.	Rs. a P.	Rs. a P.		
Land Revenue	18,76,919 0	Collections &c. Salaries including Tent allowance	7,615 1 5			58,073 2 "	12,941 15 5			N: 1.	Salary and Tent allowance of 3 Assistant Collectors from June 1849 to February 1850 were paid in Fusly 1259 hence the decrease.
		Buzzoor Sibbendy	325 0 12 5			33,604 14 "	10,334 2 2			" 2.	The increase is the amount of the increased Salary of the Head Sheristadar paid from 25th November 1849 to June 1851 at 8½ Rupees per month as per sanction of Government dated 23d August 1850.
		Talook — Do. —	80,855 3 2			7,485 0 "	6009 " 2.			" 3.	The Pay of Talook Sibbendies for June 1851 was not charged in Fusly 1260 or before 11th July 1851 as usual hence the decrease.
		Village — Do. —	2,170 10 5			298 12 5 "	187 7 14 0			" 4.	The Decrease is owing to the ready money allowances of the Village Sibbendies for Fusly 1260 not having been charged as usual within 11th July 1851.
Permanently Settled	1,44,180 3		1,44,180 3		18,76,919 "	1842 9 5 "	1012 6 8			" 5.	The decrease is in consequence of the Amount of Summabundy Sunderwarg not having been charged within the Fusly 1260 owing to the non receipt of the account particulars of actual charges thereof from the Talooks.
		Buzzoor Sadarward	2855 " 1			2388 14 5 "	634 10 4.			" 6.	The decrease is owing to the Amount of Magisterial charges having been transferred to a separate Statement.
		Talook — Do. —	2823 8 9								
			192 9 8 6 4 3			17,664 7 10 "	1034 2 2	222 7 4	7.	" 7	The decrease is owing to the Amount of Batta paid to the public Servants and cart hire for conveying Records being less in the current Fusly than in the preceding one in consequence of the Collector and his Subordinates having been on Circuit for a shorter period than anticipated and from the Pay of additional Summabundy Poomastahs not having been fully discharged within the Fusly.
		Extra Revenue Charges	3731 " 2			2701 4 7 "	1029 11 7.			" 8.	The disbursements to the Dehaut Enamdars in the current Fusly fell short of those in that which preceded it.
		Refunds of Land Revenue	1062213 7.			8877 3 5 "	1745 10 2.				
		Repairs of Tanks &c.	52,922 9 "			62,661 2 1 "	9808 9 4.			" 9.	The Amount of Repairs was larger in Fusly 1260 than in Fusly 1259.
Total	18,76,919 "		20,84,219 11 8			2,45,903 11 11	12,910 9 0 2	11 8	2,35,051 4 4.		
Motupha Revenue	38,367 11 9										
Sea Customs	30 12 "	Talook Sibbendy	528 " "			50 12 4. " "	471 3 8			" 10.	This Establishment was transferred to the Police Charges from 10th August 1850 hence the Decrease.
Abkarry Revenue	1,35,900 " "										
			1,35,710 " "								Vide.

4584

Fort St. George.

5th April 1853.

Items of Receipts	Total Beriz	Fusly 1259 Charges. Particulars	Amount	Per Centage	Total Beriz	Fusly 1260	Per Centage	Comparison of Charges between Fuslies 1259 1260. Increase	Decrease	Remarks
1	2 Rs. a P.	3	4 Rs. a P.	5 Rs. a P.	6 Rs. a P.	7 Rs. a P.	8 Rs. a P.	9 Rs. a P.	10 Rs. a P.	11.
		Pay of Sibbendy	78932 " "	" " "	" " "	733 " 9	" " "	" " "	56 2 5	No 11 Vide Remark No 3
		Saunderward Charges	54 " "	" " "	" " "	49 8 "	" " "	" " "	4 8 "	
Salt Revenue	189708 "	Extra Charges	106 " "	" " "	" " "	20134 "	" " "	1084 " "	" " "	" 12 The increase is the amount of Reward paid to Informers of smuggled Salt.
		Purchase of Salt	79847 " "	" " "	" " "	112647 "	" " "	627 " "	" " "	" 13 This increase arises from the increased manufacture of Salt in Fusly 1260.
	165269		8114	210 15 "		222948	109683	784	60 10 5	" 14 The increase is chiefly owing to the greater amount of Stamp duties refunded under act XVII of 1848 in Fusly 1260. and partly to the increased Commission paid to the Darogah and Venders in proportion to the sale of Stampt Papers.
Stamp Revenue	239173 6	Commission to the Darogah and Venders &c.	24401	4 10	10 3 3	240343	13134	1602	155 " "	
		Compensation in lieu of Resumed Lands & Offices and privileges	29788 5	" " "	" " "	28924 3 "	" " "	863	87 "	" 15 Vide Remarks No 3.
		Pensions and Charitable allowances Charges allowed on the Revenues	33353	10 5 "	" " "					" 16 The Decrease is owing to the allowance of certain female Yeomiahdars above 50 years of age and of their Vakeels not having been paid on account of the non appearance of the former before the Collector.
		Pagoda & Mosque allowances in lieu of resumed lands & privileges	2809	2 3 "	" " "	22787 "	" " "	1119	543 "	
		Law Charges of the Revenue Department	33 " "	" " "	" " "	2123 "	" " "	856	9 3 "	" 17 The decrease is owing to the allowances to certain Davastanums for Fusly 1260 not having been fully disbursed during the Fusly 1260.
	9120		3 "	" " "	" " "	10 10 "	" " "	22	6 "	" 18 Stampt Papers used on account of Government having been less than in the preceding Fusly.

No. 23

To

S. N. Ward Esqr.
Acting Collector of
North Arcot

Sir,

I Compn of Rooms and remissions between Fasles 1259 & 1260 1849/50 1850/51.
II Dr. of the Maliga-lum or Hill Villages—
III Dr. of Motirpha.
IV Statement of Lands Cultivated with sugar Cane

Para 1 I have the honor to submit the usual Annual report of the Settlement of the Sub-division of this district for Fusly 1260 together, with the necessary explanatory accounts as noted in the Margin.—

2— The Settlement of the Jamabundy was commenced at Poloor on the 25th February and the distribution of the puttahs of that Talook having been Completed, I proceeded to make the Settlement at Wundiwash and from thence to Trivuttoor, and subsequently to Arcot, at which place the Settlement was Concluded on the 16th July. The total amount of puttahs distributed to the Ryots amounted to 34863, of which number 826 were at first refused upon various trifling pleas but chiefly in consequence of the dutkum Buzjee having been brought to account, 530 having been refused on this ground, 296 were therefore left to be distributed by the Tahsildars who were directed to investigate and furnish

a

4621 Fort St. George 5th April 1852

a report respecting the grievances alleged by the Ryots. The following State-ment shews the Names of the places at which the puttahs were distributed in each Talook.—

Name of Zillah	Name of the Officer	Talooks	Place at which the puttahs were distributed	Remarks.—
Sub Division of North Arcot	J. H. Goldie Esqr. Acting Sub Collector.	Arcot	Arcot	+ The puttahs of a few Villages in the Wundiwash Talook were distributed at Trivuttoor (12 Miles distant) in conse-quence of the Ryots of those Villages having failed to attend at Wundiwash at the time they were summoned.—
		Trivuttoor	Trivuttoor	
		Poloor	Poloor	
			Allyabaud	
		Wundiwash	Wundiwash	
			+ Trivuttoor	

3. The season of Fusly 1260. in respect to healthiness was on the whole salubrious. Cholera prevailed to a slight extent compared with former seasons. The Talook of Trivuttoor escaped the disease entirely but in the Talook of Poloor the number of deaths was not much below the number which occurred in the last Fusly. The number of deaths from

Fort St. George 5th April 1852

from Cholera throughout the Sub division shows a diminution to the extent of 5/8ths below the deaths from Cholera in the preceding Fusly. The annexed Statement exhibits the number of deaths reported as having been occasioned by Cholera during Fusly 1260.—

Talooks	Male	Female	Total	Remarks.
Arcot	16	11	27	
Trivuttoor	"	"	"	
Poloor	39	36	75	
Wundivash	15	16	31	
Arnee Jaghire	25	30	55	
Total	95	93	188.	

No cases of any other Malignant epidemic are reported to have occurred in the division.

4. The season of Fusly 1260 was on the whole much more favorable than the preceding one but the early rains in the Month of May were scanty and partial, they fell principally in the talooks of Arcot and Poloor. In the month of June, the talooks of Arcot, Wundivash and Trivatoor received a moderate supply of rain, but in the Talook of Poloor in the same Month there was scarcely any rain. In the Months of July and August the fall of rain throughout the

Fort St. George 5th April 1852

the talooks of Poloor and Wundivash was plentiful and in excess of the quantity which fell in the corresponding Months in the preceding Fusly but in Arcot and Trivuttoor (with the exception of a few Villages in each Talook) the rains were not so Copious but were considered sufficient for the purpose of Cultivation. The rains were partial in the Month of September throughout the Sub division but the rain was in excess of the quantity which fell in the Month of September in the preceding Fusly. The Poonjah Crops in each of the four Talooks were more abundant than in the preceding Fusly and also exceeded those Produced in Fusly 1258 but in the talook of Wundivash the increase was to the extent of a few Rs only. From May to September the tanks were scantily supplied with water but the Nunjah Cultivation was carried on to a greater extent than in the preceding Fusly. The talook of Poloor was benefited much more than the other Talooks by the rains of the North East Monsoon which fell in that talook principally in October and November and the rains in the Month of

of October extended to Wundiwash Talook which received a fair supply - but the Talooks of Arcot & Trivattoor in the above Months and Wundiwash in the Month of November were not equally favoured with Poloor, the rains in the said Talooks at the above period were partial and considerably below the quantity which fell in Poloor - In December the Talook of Trivattoor received a fair supply of rain which was very much needed at that time and is supposed to have saved the Nunjah Crops in many Villages, the December rains also in Arcot and Wundiwash appear to have exceeded the quantity which fell in the previous Month but in the Talook of Poloor the rain was not so abundant - The Tanks supplied by the river Cheyaur in the Talook of Poloor were well filled and an abundant supply was provided to the lands irrigated by the Channels cut from the said river and the tanks of the Villages not supplied by the river were also amply filled, under these circumstances the Nunjah Cultivation was greatly extended in the Talook of Poloor - In the Talook of Wundiwash the means of irrigation by Channels do not exist but the Cultivation under these Tanks which received a full supply of water was extended so as to make up to the extent of

of 9/16ths for the deficiency of the Nunjah Cultivation which occurred in this Talook in the last Fusly. In the Talook of Arcot the Villages and Tanks which are supplied from the Paular were amply supplied with water and the Nunjah Cultivation in most of the Villages was in excess of the Cultivation of Fusly 1259. by Cawnies 116 41/64 or Rs. 1,417-9-10 In the remaining Villages the supply was not so good but the Nunjah Cultivation was increased to a trifling extent beyond the last Fusly. The Tank of Vramundoor in Trivattoor Talook having received during the early months of the Fusly under report only a trifling supply of water from the River Palaur, although it received an abundant supply in the subsequent Months the ryots of five Villages under this Tank who held lands declined to Cultivate their lands in consequence of the insufficiency of water preventing them from gathering a 2d Crop from their lands and thereby preventing them from discharging the high rate of assessment at which their lands were assessed, consequently the Nunjah Cultivation under this Tank was less than the preceding Fusly to the extent of Cawnies 29 52/64 or Rupees 499-0-1 assessment - The remaining tanks supplied by the Palaur Chanel and from the river Cheyaur which also flows through Trivattoor were also well supplied with water but the tanks of many of the Villages in Trivattoor received

Fort St. George 5th April 1852.

received an insufficient supply of water - Notwithstanding that insufficient supply the Runjah Cultivation was increased so as to make up to the extent of more than one third for the deficiency of the Runjah Cultivation which occurred in the last Fusly - In some of the Villages in the four Talooks of the sub division there was a trifling loss of Runjah Cultivation or Shawe in consequence of the rains in December having been scanty and insufficient and the ryots having Cultivated their lands in the expectation of receiving a sufficient supply of rain in that month. The increase in the Cultivation of Totaikaul which is principally carried on under Wells and in some places under tanks arose from the same cause which affected the increase of Runjah Cultivation, the fall of rain in the Fusly under report is considered to have been slightly in excess by 1/8th of the quantity which fell in the preceding Fusly. —

5. The following Statement exhibits the extent of lands left waste by the Ryots out of those taken by them for Cultivation at the time of dittum in Fasly 1260 and that brought to account out of those lands.

J. P. R.

Fort St. George 5th April 1852.

lands after careful examination as to the cause of the lands having been left waste — the result of such examination shewed that in many instances the lands had been left waste through the negligence of the Ryot to cultivate and not from any scarcity of water or want of means but in many instances it was shewn that it arose in consequence of the Ryots of those who possessed Enam lands having raised a 2d Crop on their lands by which they derived more advantage than by cultivating the lands taken at dittum, no additional assessment being imposed on the cultivation of a 2d Crop in the sub division. — The bringing such waste lands to account has caused much dissatisfaction amongst the ryots in the sub division who appear to consider it a new regulation to which they had not been previously subjected and consequently many appeal were made by dissatisfied ryots to the Collector who generally confirmed the decision of the Acting Sub Collector - The omission to strictly scrutinize the dittum Bunjer in former years and the careless manner in which the Talook servants have performed the dittum have caused many ryots to hold much more land than they had ability to cultivate. — If the dittum Bunjer is carefully scrutinized in each year and the ryots are compelled to pay a portion (according to their means) of the assessment of the lands negligently left waste by them, it will no doubt cause them to relinquish the lands they are unable through want of means to cultivate and such lands will be taken up by Ryots possessing sufficient means to cultivate them and thereby a great increase of cultivation will be produced. —

1629

Fort St. George 5th April 1852.

In conformity with the orders contained in Para 2 of the Proceedings of the Board of Revenue under date the 21st February 1851, the amount of Settlement which was brought to Jummabundy exhibited in Statement No. 1, which accompanied this Report.

By Order &c.

(Signed) W. Morgan Secy. to Govt.

To the Board of Revenue.

Total cultivation was carried out to a greater extent in each of the four Talooks of the Division than in the preceding Fusly — This increase was owing to the season having been much more favorable and the supply of water more abundant.

The Collector compared with the increase obtained by the operation of the Act for the Settlement of Poloor and Wandiwash = made in the Talooks of Poloor and Wandiwash = ed away to the cultivation of the above Talooks in the preceding Fusly. The increase in extensive in the preceding Fusly than in the Talooks of Poloor and Wandiwash is as the latter during the same Fusly Increased is a Statement showing the quantity of land cultivated under each of the above Heads together with a State = ment of the increase of cultivation in each Taluck as compared with the preceding Fusly

(Signed) W. Morgan Secy. to Govt.

To the Board of Revenue.

Sir,

I have the honor to forward herewith a Statement of the increase of Rs 35688-7-9 in the Jummah of Poloor the sum of Rupees 25862-8-9 arising from the cultivation carried on in 12 Villages in the Annaikoondah Poygah which have been taken this year under Amanee.

I &c.

8 A Statement shewing the quantity of land cultivated with Sugar Cane in the four Talooks of the Sub division accompanies this report, from which it will be seen that

Fort St. George 5th April 1852

that Cawnies 7,20 52/64 (including Cawnies 21 32/64 Mauneem and Cawnies 8 22/64 Shotreem lands) were cultivated with the Cane and amounting (excluding the Teerwah of the Mauneem and Shrotreem lands) to Rupees 9,225-2-2. Under the instructions conveyed in Para 29 of the Extract from the Proceedings of the Board of Revenue dated 27th February 1851 and passed on the report of the Settlement of this District for Fusly 1259 the Teerwah Jasty on Poonjah lands cultivated with cane under private Wells is directed not to be included in the Statement of the cane cultivation. The quantity of Sugar transmitted to Madras during the Fusly 1260 as per Certificates granted amounted to 52,410 Maunds, which is 9035 Maunds in excess of the quantity sent to the same place last year.—

| | | | | |

4639

Fort St. George 5th April 1852.

15. From para 3 of the Proceedings of the Board of Revenue under date the 27th ult. in February 1851 it appears that no final orders have been passed on the subject of preparing the price lists with reference to the size and weight of the measures, the price lists have therefore been prepared in the usual manner. These lists shew that the ryots have had a better season than the preceding one. It will appear from the annexed Statement that the ryot has obtained a favorable price for the sale of his grain in the Market. Although the average increase in the price of grain per Garce in the four Talooks of the Sub division was Rupees 10-13-0 in excess of the price obtained the preceding season, yet there is a trifling decrease below the Commutation rate to the amount of Rupees 5-1-2 per Cent. The rise in the price of Grain in the Fusly under report is attributed to the price of Grain in the Sub division having been much the same as in the adjoining districts and the ryots consequently having met with little Competition in the sale of their Grain. The subjoined Statement exhibits the average prices of Kar and Sumbah paddy in the principal or Cutcherry towns of the Sub division
