Under the circumstances represented, the Right Honorable the Governor in Council grants authority for the Village of Sadarajapooram in

in the District of South Arcot being continued on
ardha Maniem tenure to the present incumbents
during their lives, care being taken to keep a co
register shewing the share to which each is entitled
in order that in the demise of a shareholder,
his or her share may be subjected to full a
assessment.-

Ordered to be communicated to the

B. No. 2223.
From the Secretary to Government.

Read the following Resolution

No. 869.

Extract from the Minutes of Consultation,
under date 4th September, 1852.

/ From Board 29th July 1852. /

The Right Honorable the Governor
in Council proceeds to consider the several cases
of lapsed Enams submitted for his orders in the
Tabular Report of the Acting Collector of
Tanjore.-

1.

This Enam appears for upwards
of 50 years to have been in the family of the deceased
and

and is now claimed by his adopted son Soobra=
=manijer. The Board of Revenue recommend con=
=tinuance of the Enam to this party if his matured
relationship to deceased is not remote, if co
otherwise or unconnected with the family, that
the right of Government to resume should be
asserted. The Government desire that the lapse
be disposed of on this principle.-

2. On the death of Verootachella pillay,
His widow and son sold his share of the Enam for
43 Rupees. The sale having been effected subse=
=quent to the issue of the orders prohibiting co
such alienation is invalid, and it would seem
proper that the share of Enam should rather
lapse to Government than be made over to
the widow, who has already received its co
equivalent value. If however the Board
are satisfied that the sale was made by co
the widow bonâfide and in ignorance of
the prohibition, she may be allowed to co
hold it for her life on her refunding the co
purchase money to the vendee Vencaiah.-

3. Under all the circumstances of
this

this case the Governor in Council will not
object to the shares of this Enam being
continued respectively to Cavery Ammal
the Mother of Venkatasem, and Ella-
=mal the widow of Dorasamia for the
period of their natural lives.-

4- This share will be continued
to the widow Ellamah for the period
of her natural life.-

5- This grant will be continued
to Veerasami Naik, son of the deceased
Gooroonaiya Naik, subject to the condition
specified by the Board of Revenue.-

6- The alienated portion of
this Enam will, as the Board of
Revenue recommend, remain
undisturbed

undisturbed subject to report on lapse.

and the portion in possession of the
deceased at her death will be continued
to her eldest son.-

7- As recommended by the
Board of Revenue, this share will be
continued during the lives of
the three daughters of the deceased
or the Survivor of them.-

8- Under all the
circumstances of this case the Governor in
Council

10694 Fort St. George 20th September 1852.

Council will not object to the share of the deceased Streenevasa Iyengar being continued to his Mother and widow for their natural lives.

B. No. 1929.

Order thereon - 1.

Ordered to be communicated with the Board's Remarks for the information and guidance of the Collector of Tanjore.

2. The Collector will dispose of Case No. 2 in conformity with the instruction of Government.

B. No. 2168.

From the Secretary to Government. - Reviewing the Settlement Report of the Madura district for Fusly 1260 calling for information on certain points and authorizing the writing off of certain old balances.

Read the following Extract -

Revenue Department -

No. 878

Extract from the Minutes of Consultation, under date the 6th September, 1852 -

Read the following Extract from the Proceedings of the Board of Revenue. -

/ Here enter 2d August 1852 No. 327 /

Para 1. The season of Fusly 1260 in the Madura District was on the whole very good, notwithstanding a deficiency of rain towards the close of the North East Monsoon. It was more favorable for dry than for wet Cultivation. The produce of the Poonjah lands is stated to have been good, but that of the Nunjah fields was below the average.

2. The want of rain in this as in the preceding year was chiefly felt in the Meyloor Taluk which is unfavorably situated as regards irrigation; its Tanks are also small and require to be filled more than once during the year to ensure a good return under them. The Board of Revenue should ascertain whether measures could not be taken for deepening or enlarging these Tanks.

3. Cholera and Fever were experienced in

Taloks but most marked in Teroonungalum—
Rupees 26,823 and Maylore Rupees 32,849.

The entire settlement was
formed as shewn in the subjoined abstract—

7.

	Rupees	Increase or decrease as compared with Fusly 1259
Land taken up for Cultivation—	12,47,650	+43,472
Deduct for land left unsown—	69,184	−33,948
	11,78,466	+77,420
Remission on lands Cultivated—	105,130	−31,076
	10,73,336	+108,496
Add Ready Money Collections—	50,003	+5,693
	11.23.339	+114,189
Deduct charges of Devastanums allowances of assumed Zemindaries—	17,382	+1.313.
	11,05,957	+112876
Peishcush—	7,82,856	+ 40
	18,88,813	+112.916

The total is Rupees 18,88,813 which surpasses the outturn of the previous Fusly in the sum of Rupees 112,916 and exceeds by Rupees 22,606 that of Fusly 1258 hitherto the best year on record—

The

in parts of the District during some months of the year— The Cattle were healthy.—

4 The price of grain was lower than in Fusly 1259 but was above the commutation standard.—

5. The population according to the last census amounts to 17,56,791 persons, exceeding

Returns of 1839— 5,52,477
Fusly 1260— 17,56,791
12,04,314

Returns of 1839 in 12,04,314 persons an large an increase required to be explained, for it is not in the nature of things that population should treble itself in 11 years by natural increase, and it does not appear that there has been any extraordinary emigration into Madura. There must either have been gross error in 1839 or the present return is a fiction. It is observed that the Census of 1839 did not include "the Zemindaries and properties similarly situated," and it should be explained what is the Amount of this population in Madura.

From Bd 19th July 1852 para 2.

6. The net Settlement of the District exclusive of that part of it which is held under the Permanent Settlement amounted to Rupees 11,05,957 or Rupees 112,876 above that of the preceding years. There is an increase in every Taluk

Report P. 7.

8

The collections within the Fusly amounted to Rupees 16,72,868 and those made subsequently to the end of May, Rupees 2,14,461 in all Rupees 18,87,329. leaving in balances of Rupees 1,653 of which Rupees 923 were on account of peishcush and Rupees 580 outstanding on the Government lands

9.

Under the circumstances represented in para: 19 of the Board's Proceedings, the Government Council grants authority for writing off in the accounts of the Madura Collectorate the arrears of Land revenue for Fusties 1256-7-8-9. reported to be desperate, amounting to Rupees 70. 12. 11 as also the further sum of Rupees 1,397-13-6 on account of Inam Summah represented in para 21 to be irrecoverable; in all Rupees 1468-10-5 / one thousand four hundred and sixty eight, annas ten and pies five.

10.

The Government authorize the discontinuance of the Collection of the cawil fees referred to in Para 57 of the Collector's Report.

11.

The extent of land Government cultivated with cotton was 74,687 Cawnies or 11,112 Cawnies more than in the preceding. The Government approve the instructions

Pros. P. 12

issued by the Board in regard to the assessment of lands planted with Sugar Canes—

12.

There is a very large increase in the tax on grazing land which is nearly double that of the preceding year, tho' less than that of Fusly 1258. The Government would draw the attention of the Board to the remarks recorded in Extract Minutes of Consultation 8th July 1851, Para 11. They request that the working of this tax in Madura may be noticed in the next report upon the Settlement of the District and in the Board's review of it—

1. The Governor in Council does not doubt but that a Vady or halting place for Carts &c would be a great convenience to the community, provided the entering into or using it be entirely optional, and has no objection to the Boards' encouraging institutions on these principles. In the instance however which has led to this correspondence, resort to the Vady was compulsory and coupled with rules which absolutely interfered with the liberty of person and property. To add to these evils it was further subverted into a source of private gain to unscrupulous and irresponsible parties—

2. The Governor in Council cannot after what has transpired permit Mr. Alexander to resign his Office, and he directs that he be dismissed from the 1st May the date of the Acting Collector's report and not again employed in any capacity without the special permission of Government—

3. The Board of Revenue will instruct

instruct the Collector to transfer to other stations any public servants who may have been employed about the Vady at Seyapetam, and to use his discretion in dismissing any connected with this affair whose conduct may appear to him to merit that punishment. The Governor in Council approves of the arrangements the Collector has made for the employ of Mr. Minchin.

1. This Lapse was brought to light only in Fusly 1257, when in consequence of a complaint preferred on the subject, the Enams were attached pending enquiry. No further steps, however appear to have been taken until the subject came to my notice recently. The circumstances connected with this Lapse are as follows.-

2. Hoofsain Beebee, the last Incumbent, mortgaged the Enams in Fusly 1240 for a sum of Pagodas 16 to one Elloosa who appears to have been in the enjoyment of the same from that period holding in possession the two Summuds referred to in Col. 3. as also the deed of mortgage executed to him by the Hoofsain Beebee. The mortgagee has likewise produced two other mortgage bonds also stated to have been executed by Hoofsain Beebee in Fusslies 1243 and 1246 for the sum of Pagodas 34 and 28 respectively. The mortgagee has further urged that he has executed two mortgage deeds for the Enams in question to a third party Moonipa for the sum of Rs. 278 in Fusslies 1255 and 1260 retaining at the same time possession of the Land.- 1850/51

3. The amount of the 1st Mortgage bond or Pagodas 16, must, clear, have been liquidated from the Proceeds of the Enam land several years ago, and as the validity of the documents connected with the other mortgages, which were made subsequent to the Enactment of Regulation IV of 1831, must be considered questionable, besides the documents being in themselves suspicious, it does not appear necessary to decide on the merits of the case in respect of the rights conferred by such mortgages-

4. I must also be noticed that one Shaik Enam lays claim to the Enams in question as being one of the three surviving grandsons, in the female line of descent to Ubeed Sahiba, elder sister of Hoofsain Beebee in support of which relationship, he has adduced evidence, & has also referred to a Promissary note or a bond alleged to have been executed by Fusly 1248 in favor of Elloosa for the sum of Pagodas 5 which he states, he borrowed for the performance of the funeral ceremonies of Hoofsain Beebee. The Bond in question, which is on an unstamped paper seems a suspicious document, and the evidence adduced cannot be implicitly relied on, is the interest of all parties concerned to avert the reversion of the Enams to Government. The Enam Register of this Office, does not shew that the Beebee, having succeeded to the sole possession of the Enam, which she held for upwards of 30 years, must render the claims of her sister's branch of the family nugatory. 5. Under any circumstances, transmission of Enams of this description through the female line, is inadmissible, and contrary to the rules in force. It is therefore recommended that the Enams be resumed. The attachment Enams being opposed to the principles laid down in Para 13 of the C. O. of the Board of Revenue dated 27th July 1848 Orders have been issued for release pending the decision of Govt. on the subject.

Remarks thereon.

The documents produced in
support of this Enam show that the grant was
for "subsistence" of the original Grantee, and
contain no provision for the extension of
the Grant beyond her life and the deceas-
ed was her Grand daughter.-

2. Under the circumstances represented
by the Collector, the Board see no reason to

3. In the Board's opinion the order
for the release of the Enam after its attach-
ment for nearly five years and at the

was irregular.-

appears to have been addressed to this

erroneous quotation of that date in the
Para 57 late Mr. Lockhart's communication to the
Board of the 6th November 1849.-

3. I however, beg to enclose a

Encl. No. 1.

To, W. E. Lockhart Esqr
Collector of Salem.

Sir,

I have the honor to bring
to your notice the present state of
the Agraharum of Teroomalanamasa=
=mooduum and to request your instructions
on the subject.

2. In my letter of May 30th
1846, I stated that there were two
parties who applied for the lands
and

and I obtained your authority for allow-
-ing the former members of the Agraharam
to cultivate it on the full assessment,
but I then stated, and have since had
occasion to repeat that I did not think
that the land could remain in cultiva-
-tion at that high assessment after
the prices of grain should revert from
their high rates to the ordinary standard-

3 In consequence of the more fa-
-vorable seasons of the past and present
years, the price of grain has fallen greatly
below the rates which then prevailed,
and the result seems to be such as I
anticipated. There is a balance of 909
11-11 Rupees outstanding, and I fear
that a considerable portion of this
cannot be collected without much se-
-verity. I have issued such instructions
to the Tahsildar as seemed to me
to be necessary, especially pointing
out that where the collections fall
short of the Jodigy formerly paid on
the lands this must arise from
neglect on the part of the officers
of Government, and measures are

to be immediately taken to realize it.
And I shall on receipt of further
reports take the best measures I can
to realize the Government Revenue,
except in cases when I am satisfied
that the Ryots have really fulfilled
their engagements to the best of their
power.

4 But I trust that as the
land has now become, the property of
Government, measures will be taken
for reducing the assessment to an
amount which it is within the power
of the proprietors to pay in all seasons.

5. The land was originally
assessed at the same rate as the
Village of Vayloor or Rupees 21-7-9 per
acre. The Enam reduced the payments
to Government to Rupees 12-14-3 per
acre. The assessment which the lands
of Vayloor now bear in consequence of
Mr Hargeave's reduction is Rupees
14-9-3 per acre and I beg to recom-
-mend that the standard be
adopted in assessing the Enam
lands

lands. The amount payable by the Village will thus be Rupees 1610-12-5 instead of a Sodigy of Rupees 1416-7-0, and the assessment per acre will be Rupees 14-9-3 instead of Rupees 12-14-3.

6. This assessment is higher than that of Poyary, being Rupees 9-3-4 per acre. But as the Enam has been attached in consequence of the proprietors failing to comply with the orders of the Government, it is desirable that the demand should not be less than the Sodigy formerly paid by the Brahmins, but I think it is as high an assessment as can be realized without severity.

In accordance with the instructions conveyed in the Board's Proceedings of the 19th July last for putting up to public sale certain lands appertaining to Defaulters of several Villages in the Villoocutty Talook &c. I have the honor to report that pursuant to Advertisement I proceeded to the Cutcherry of the Talook and offered the lands for public competition on the 25th Instant and the two following days. But I regret to say I was enabled to dispose of only a portion of the lands situated in the Villages of Poyapoothoor, Chittalavoy, Cummandalore and others. While for Kistnaroyapooram I could find no person willing to take on purchase more than Goolies 79 12/16.

2. I beg to transmit the accompanying Statements, shewing the results. It will be evident from

Fort St. George 20th September 1832.

from it that the Total arrears of Revenue amounted to Rupees 5323-9-9. The sum paid up by the Defaulters prior to the Sale or at the hour of sale was Rupees 625-9-6. The proceeds realized by the Sale Rupees 2,460- and the amount due on account of the non Sale of lands Rupees 2,799-1-3.

I solicit confirmation of those lands disposed of the purchasers having paid a deposit of 15 per Cent and bound themselves to make up the residue in twenty days.

4. I am inclined to the belief that the high assessment together with the present and past low prices deterred persons from bidding for the lands of the Villages of Kistnaroyapooram.

5. I have released from distraint all the personal property of the Defaulters, and I would recommend that the land also should be free from the present attachment, of those whose holdings would realize nothing.

Reporting on Petition No. 1784 of 1852 presented by Moottoosawmy Iyer one of the defaulting Meerasidars of the Village of Chittalvoy in Vittoocutty Talook.—

No. 1784 of 1852.

I do myself the honor to submit my reply to the Petition of Moottoosawmy Iyer one of the defaulting Meerasidars of the Village of Chittalvoy in the Vittoocuttty Talook.—

2. Your Board have required an early report and I furnish it by return of post, for I am not taken by surprise at this appeal.—

3. The petitioner has stated anything but the truth in his address so far from exhibiting any hurry or haste in the sale, I was most patient and did not knock this lot of land down for nearly an hour.—

Petitioner himself was present the whole time and watching the proceedings evidently with the exception that no person would bid.— And I frequently spoke to him and advised him to make immediate arrangements for satisfying

satisfying the Government demand, otherwise I would sell the property for what it might fetch.-

4. When the lot was knocked down for Rupees 275, Petitioner rushed out my tent, brought up his brother and offered to pay down the balance, or to purchase the lands for 1000 Rupees, if I would put them up again.

5 I confess I was provoked at such conduct, and positively refused. But after much argument and entreaty I consented to annul sale, provided, the purchaser was willing to give up his bargain. This the party declined doing, and as the sale was open and fair, I felt I had no right to coerce him.-

6. The above is exactly what occurred in my tent, and in the presence of the Head Sheristadar the Sahsildar and many Officials. The conduct of the Petitioner is such that I must be permitted to consider him debarred of all consideration or indulgence, and though he were to make the arrear due by him good I am of opinion the

the sale could not be set aside without injustice to him who purchased in good faith.

The original petition is herewith returned.-

Proceedings to Dr. 16th August	

The Collector having already given all practicable information on the subject of the land purchased by Captain Reilly from the Burghers now repeats

Fort St. George 20th September 1852.

repeats his opinion that if the land is not to be included in the Government Waste it should be returned to the Burghers.

3. The Board observe that it has already been shewn that the transaction between Captain Reilly and the Burghers took place shortly previous to the Collector having with drawn the Grass Puttahs from the Jaccatallah Burghers, and allowed them to graze their Cattle free of Tax. It has been explained that the only title which the Burghers held in the land was that of Pasturage, that they parted with the title in consideration of Rupees 50, paid by Captain Reilly, who expended Rupees 38 more to clear the land from the Jungle, and render it fit for Garden purposes.

4. Under these circumstances the Board would express their hope that sanction may be granted for the sum of Rupees 85 paid by the Acting Collector Mr. Underwood to Captain Reilly when the latter relinquished the land, and for its incorporation with the Cantonment waste.

With

Fort St. George 20th September 1852.

5. With regard to the change in the Boundary line of the Cantonment it will be seen that the Quarter Master General appears to have mistaken the wishes of the Burghers for although a considerable space was allotted to them in exchange for an old and favorite Kraal still it was only after much persuasion on the part of Collector that the Burghers consented to take that land in exchange as it was a steep slope partly covered with Jungle, while the Kraal had been long used by several neighbouring Villages.

I have the honor to enclose herein, for the perusal of the Board of Revenue, copies of the petition presented yesterday to the Court of Foujdaree Udalut by Mr. Ouchterlony on behalf of Mungala Easwara Shirroochooly Manigul Moottoosawmy Ninar, Covil Stanigul and Coolalumee Butter and Chinna Davisigamany Ootragosamungay Stanigul of Davastanums in Ramnad, and its accompanying order of the Sessions Judge of Madura dated 24th July 1852.—

To

A.

To,

The Judges of the Fouzdary Udalut Court.

The respectful petition of Mungala Easwara Thirroochooly Stanegal, Mootoosawmy Ninar, Covil Manigal, and Coolalum Butter and Chin: na Davisiganany, Ostragosamun: gay Manigal, of Davastanums in Ramnad, by their Pleader James Ouchterlony Esqre.

Sheweth,

That your petitioners humbly submit an appeal from the order (hereunto attached) of the Sessions Judge of Madura under date the 24th July last, which said order is based upon and embodies a ruling (in the case at issue) of the Honorable Court, and consequently renders the present appeal a motion at the same time for a review of such decision. Your petitioners however hope that the decision in question will not be allowed to prejudge in any way the case they have to lay before the Court, in as much as they were no parties to it, nor had any opportunity of advocating the views which they

they conceive to justify the course they have been endeavouring to have pursued in the matter.

2. In this case, your petitioners, who held official situations as above recited in connection with the Ramnad Davastanams, preferred formal complaints before the Collector and Magistrate of Madura of fraud embezzlement and falcification of accounts to cover such delinquencies against the manager of the said Davastanums and her establishment. The Magistrate having on application, allowed your petitioner's Vakeel to attend the examination of the accounts, which had been zufted and were in his Cutcherry, your petitioners were enabled to place these charges in a distinct and specific form before him, and they thus set out a Catalogue of offences of the gravest kind against the interests concerned in the Davastanums. Notwithstanding however that it was urged upon the Magistrate that the complaint was brought before him as a criminal offence punishable

under

under Statute, he persisted in making it a matter of reference by him, as Collector to the Board of Revenue. The result was, certain Proceedings of the Board of Revenue under date the 15th March last, in which a former declaration of this Court that the Davastanums formed "an appendeage" to the Zemindary was quoted an opinion expressed that "the Court alone" could interfere on proof of Malversation, and it was finally pronounced that the Board felt precluded from issuing instructions to the Collector to investigate the charges preferred, and suggested that your petitioners should be referred to the Civil Courts an endorsement to this effect was then given by the Magistrate, who signed only as "Collector" and thereupon an appeal was preferred to the Session Court, which led to a reference by the Judge to this Honorable Court, and an eventual rejection of the complaint under the orders of this Court, on the ground that

that the Zemindar and her Servants were not liable to prosecution under Act XIII of 1850 for the alleged frauds and embezzlements, "1st because Act "XIII of 1850 has no retrospective "effect and therefore no prosecution "can lie under it in regard to the com= "plaint in question" and 2nd[ly] because "with reference to the former ruling of "the Court that the Davastanums, "Chuttrums, &c are appendage to the "Zemindary they consider that the Ze= =mindar as Manager thereof, is not "amenable as a Trustee within the "meaning of the said act, even if "it were otherwise applicable" and that "under all the circumstances of the "case therefore, it appears to the Court of "Fouzdaree Udalut that the proper course "for the Sessions Judge to pursue is to "refer the complainants to a Civil suit "for redress".

3. Your petitioners may in the first place be permitted to advert to the obvious and necessary effect of this ruling which must be, to vest in the Zemindar the power of a proprietary right in the Davastanums included within the

the boundary of his Estate. To admit that he is only a manager of these, and still to place him above the reach of ought save the Civil Courts, would be to allow him practically to use every proprietary right, unless some party were found able to dispute this by shewing that beneficial interest in what the Zemindar seeks to appropriate, which must form the basis of any Civil Suit and looking at the peculiar character of Davasta= =nums, who is to be found having such an interest as this? Not certainly your petitioners, for to them in every point of view the reference to a Civil Court for "redress" is only a mockery. The redress sought by them is not for their own personal wrongs, it is for wrongs done to these religious and charitable Institutions by the fraudulent usurpation of their e= =means; and they could neither plead that any individual embez= =zlement had defrauded themselves, nor could they pursue such an action in the first place from having no means for prosecuting it, and in the

neat

neat because they could prove nothing that impounding of the accounts, which has taken place on their criminal com= =plaint and which affords the means of bringing home every charge that is made being a course that practically could not be pursued in a Civil Suit, for there would be ample opportunity of placing all beyond reach. This Court in its order in S. M. P. No. 188 of 1852 (30th April) has abundantly shewn how greatly it doubts that any such Civil action could be sustainable, and therefore, with this course left as the only means of checking delinquencies, the Zemindar and his Servants must necessarily be left free to perpetrate any amount of spoliation on these Davasta= =nums that their inclination may prompt.-

4. The grave question to be determined is whether the Zemindary holds such a relation to these Da= =vastanums as bears the quantity of a proprietary right. If he do, and this cannot be of a partial nature, it must be entire then he posseses the power of appropriation which involves

"resuming"

"resuming" & "newly assessing" lands attached to them. If he do not, but be in the position of one having in charge interests other than his own, than he is in the plain sense of the term a Trustee, and must be amenable to some tribunal for unfaithfulness in the discharge of his Trust. Your petitioners submit that the Law directly denies to him the position exhibited in the first hypotheses.-

5. There can be no surer Document to refer to, to establish this point, than the Summud of the Zemindary and the Regulation which fixes its terms. and this is explicit. Section IV of Regulation XXV of 1802. reserves exclusively to the Government the disposal of all "Lakheraj lands" and of "all other lands paying only favourable quit rents," and the XII Section recites "that it shall not be competent to a proprietor of land to "resume lands or to fix a new assessment on lands, which may be allotted (at the time when such proprietor may become possessed of the

estate

"estate in which the lands are situated)
"to religious or to charitable purposes
"under the denominations of Devastanum
"or Daviadayem, of Bhramadayem or
"Agraharam, of Yemiah, Deevadan
"or Muddad Mash, of Peeran Fuckeran,
"or any other description of exempted
"lands, described under the general
"term of Lakheraj, unless the consent
"of the Government shall have been
"previously obtained for that purpose"
again the Regulation XVII of 1817 is equally clear. the II section vests the general superintendence of "all "endowments in land or money "granted for the support of Mosques, "hindoo temples or colleges, or for "other pious and beneficial purposes "entirely in the Board of Revenue". Thus the Legislature seems to have laid down beyond the possibility of misinterpretation, that a proprietary right in Devastanums, or even supreme control over them is absolutely removed beyond Zemindars, and your petitioners would humbly observe that even if the reverse had

been

been ruled in any Court which your Petitioners are prepared to contend has not been done / such ruling must give way before the clear intent and meaning of the statute which affect it. The question has however not been without decisions in the Judiciable Courts. In Original suit No. 418 of the file of the late Ramnad Zillah Court a suit was brought which involved the right of the Ranee of this very Zemindary of Ramnad to remove a party from his situation in certain Covils, and a Decree was passed on the 27th of February 1805 in which the right was denied / the party not having been appointed by the Ranee / this being under the Regulation of 1802 above quoted, no appeal was made from the decision.-

6. It may be pretended as an argument in favor of leaving the absolute control over these Devastanums with the Zemindar which is now contended for, that the should fairly possess it over what was

was founded by his ancestors. But in the case of the Institutions now under the Courts notice, their antiquity is so great that it is impossible to trace by whom they were actually founded, and certainly there is no evidence to shew that such was by the ancestors of the Zemindars of Ramnad. Indeed in the suit in the Ramnad Zillah Court above alluded to the Plaint dated in 1801 speaks of the Covils there in question having been established 65 years previously by one Tumby Chetty. Even however if the case supposed were proved to exist, the existing Zemindar could acquire no rights whatever therefrom; for 1st, a new order of succession was established, when the Zemindary escheated to Government and the Ranee Mungala Easwara Nauchear had it conferred upon her, and thus no claim could be preferred in right of ancestors to Devastanums founded long before and which the Sovereign power had expressly removed beyond the power of the Zemindar; and 2nd, the Sudder Adaulat Court-

Court has emphatically ruled in its Decree in S. A. S. No. 50 of 1805 that "it "is obvious that in the management of "charitable institutions, the heirs of "the founders can have no legal right "to interfere, unless under some spe: "cial powers given to them by the "founder."

But it has been advanced by the Board of Revenue, defended to by the Collector and Magistrate, and supported by this Honorable Court, that, as the Davastanums have been declared by the Sudr. Adaulut Court to be "an appendage" of the estate, therefore the Zemindar cannot be amenable to criminal process for misusing them. Your petitioners have sought to shew in the foregoing that any interpretation of this term "appendage" which goes the length of giving the Zemindar the absolute control of a proprietor over the Davastanums, must be opposed to the plain letter and intention of the law, but they humbly appre: hend that no such meaning was designed

designed to be conveyed, and would further observe that as being merely an extra judicial opinion upon a point of reference it cannot finally determine a regular suit on a question arising between conflicting interests. In 1842 and 1844 the questions referred to the Sudr Adalut Court arose out of claims to the management of the Davastanums solely, the management as such is commonly understood, being the charge and care of all the property and of its due and fit appropriation to the services of the endowment. The Court could have meant no more than to say that this management rested properly with the Zemindars for the time being (though how it went so far your petitioners are unable to understand, for no law is quoted, no grounds stated on which this declaration of even so much of a right is made to stand) and it must be concluded that it deemed him the regular manager under the spirit of the X th " XI th " and XII th " Sections of

of the Regulation VIII of 1817, and that the general regulations provided for a due performance of the Trust.—

8. Your petitioners then assume that all that can belong to the title of "appendage" is an abiding privilege of the Zamindars to manage, to superintend, to hold in Trust for those allotted objects these and moreover a public Trust, Devastanums. They are thus a Trust, & Specific ab revenues are set aside for specific purposes, the Law (Regulation XXV of 1802) has expressly prohibited their alienation or misappropriation and it inevitably follows that he who undertakes their control and management must be responsible to the Law for the strict performance of his Trust.— How then does the Law provide that the breach of this shall be punished.—

9. Regulation VIII of 1817 is very explicit on this head. The last Section runs. "The Legislative provisions now

"now in force or which may hereafter be "enacted for the punishment of fraud "or embezzlement in the native servants "of Government employed under the "Collector in the department of land "revenue, shall be held applicable to all "native servants and to all Trustees, mana- "gers or Superintendents, employed in "or charged with the Settlement, Custody "or appropriation of the Revenues, funds or other "property of the public institutions referred to in "this Regulation." It is only necessary therefore to enquire what the provisions are for punishing fraud and embezzlement in native servants of Government. The Magistrate of Madura in a Return to the Sessions Court of the 27th May 1852, argues that an investigation into the present charges could only be conducted under the Regulation IX of 1822, and that at the pleasure of the Board of Revenue, and mainly adds that no informer or Revenue or Devastanums malversation can insist upon his proceeding under Act XIII of 1850, because "Regulation IX of

of 1822 has not been rescinded." To this it is sufficient to remark that where a later enactment provides for the case treated of in a former one, it is unnecessary to recite that such former one is rescinded, it ceases to have force beside the later Law. Act XIII of 1850 was especially passed "For the punishment of Breaches of Trust," and its first clause runs, "every person employed in the Public service "of Her Majesty or of the East India Company "and entrusted by reason of such employment "with receipt, custody or control of any chattle, "money or valuable security, who shall em= "bezzle the same or any part thereof or in any "manner fraudulently apply, use, or dis= "pose of the same or any part thereof for "any purpose other than a purpose to which the "same is applicable under the trust repos= "sed in him, shall be deemed to have "feloniously stolen the same." This latest Law accordingly embraces all these persons whose cases the Regulation of 1822 was intended to meet

and it is submitted that a Magistrate therefore has no option but to hear and (if made out) to Commit a case under it, if the party charged answers the description set out in its provisions.

10. The first reason however given by this Honorable Court (as quoted by the Sessions Judge) for ruling a non liability of the Zamindar to this prosecution, is that Act XIII of 1850 has no retrospective effect and therefore the complaint made cannot be prosecuted under it. But the Court has probably not had the opportunity of knowing that amongst the numerous acts of fraud and embezzlement charged against the manager of the Devastanums, many occurred subsequent to the passing of the act in question, which can be clearly proved, and the falsification of the accounts all took place after the first complaint lodged before the Magistrate which was in February 1851. The objection made will therefore not interfere with the prosecution of certain of the charges preferred. In your

11.

Your petitioners have now finally to pray your Courts attention to the remarkable nature of the case which is now brought under its consideration. They submit that their position and the duties they have to fulfil, rendered it incumbent upon them to brave the risk of coming forward against the wealthy and powerful to denounce and to prosecute for the enormous spoliation to which they saw religious and charitable endowments exposed, and the great and grievous injury thereby inflicted on a suffering people. The privileges attached to their own Native rights in these Davastanums gives them a legal status in coming forward, as informers under the Criminal law. But with charges of the grossest malversation clear and explicit, an ability & power them no reasons yet advanced for in any

way mistrusting their truth, but on the contrary the gravest grounds of suspicion that there must be something wrong with these Institutions, Your petitioners find themselves suddenly arrested on the threshold of Judicial enquiry, by a character given to the management and a position assigned to it which must practically have the effect of letting such wrong and robbery as is complained of be perpetrated with impunity, and leaving the poor who are the interested parties really in the conscientious discharge of the duties of these Davastanums to suffer while the rich may rest in their fraud. It never can or will be contended that a Zamindar may do what he likes with the property of a Davastanum and if he cannot the fact betrays a responsibility which constitutes a Trust, a breach of the Trust must then render him amenable to the Law. The Law of 1817 has declared how the offending party shall be tried and punished on conviction and the latest act passed that of 1850. is made applicable

applicable to the persons whom that
of 1817 pointed out as forming the
the guide to the treatment of
others. Your petitioners therefore submit
to the Court that to leave them
in their present position would be
in effect to give crime a license, to let
impunity attend a palpable breach of
Trust, to imperil those Institutions upon
which the comfort and happiness of the people
so much depends, and this, while as is
believed, the law opens a plain course of redress
in which no private rights are in any way in-
fringed and public justice alone is effectually
vindicated.-

2. Your petitioners therefore pray that the
Court will be pleased to call up the whole
record of the case from the Sessions Court
of Madura, and they entertain a confidence
that after a perusal thereof the Court will
be induced to order that the Magistrate of Madura
may forthwith proceed with the investigation
under

under Act XIII of 1850 of the grave
Criminal charges that have been pre-
ferred before him.-

13. Your petitioners further
pray to be heard orally in this matter
by their Pleader, and in consideration
of the importance of the case by a
full Court.-

And your Petitioners as
in duty bound will
ever humbly pray

Madras, / Signed / I. Auchterlony

No 1 in A

Extract from the Proceedings of the Session Court
of Madura, under date the 24th July, 1852.-

Read again M. P. No 16 and 18
of 1852 presented by G. F. Fischer Esqr on behalf
of the Stangul of the Nivor Ostragasamungay and
Terovchooly Comils respectively, within the Zamin-
dary of Ramnad, and Appealing against the refusal
of the Magistrate to take cognizance of charges pre-
ferred by them against the Zamindar of Ramnad
and her Servants under Act XIII of 1850.
for misappropriation and embezzlement of

of Durastamum Revenues—

Read again proceedings held by this Court under date 18th June 1852 on M.P. No 18 referring for consideration of the Court of the Fouzdaree Udalut whether the Zamindar was liable to such indictment.

Read again Proceedings of Fouzdaree Udalut under date 13th July 1852. ruling and declaring herein to be not so liable 1st because "act XIII of 1850. has no retrospective effect and therefore no prosecution can lie under it in regard to the complaint in question, and 2nd by because with reference to the "former ruling of the Court that the Durastamum Chuttrums, &c are an appendage "to the Zamindary, they consider that the "Zamindar as Manager thereof is not amenable as a Trustee within the meaning of the "said act, even if it were otherwise applicable "and that Under all the circumstances of the "case therefore, it appears to the Court of Fouzdaree Udalut that the proper course "for the Sessions Judge to pursue is to refer the complainants to a Civil Suit

"suit for redress."—

Read also M.P. No 59 of 1852 presented on the 22d July 1852 by the above G. F. Fischer Esqr on behalf of the same parties and praying that this Court will either make a further reference to the Fouzdaree Udalut more fully setting forth the circumstances of the case and the arguments by which they conceive that Court would be induced to alter its present determination or at least allow them such time as may be necessary for making an application to that Court for review thereof before ordering the accounts, now impounded by order of the Sessions Court, to be restored to the opposite party.—

The Sessions Judge declines to comply with the prayer of the latter petition in so far as it solicits him to make a further reference on the point in question, as however it is open to the Petitioners to make direct application to the Fouzdaree Udalut and as in case that Court should see fit to modify or alter their ruling, the accounts to which Petitioner refers ought to remain in the interim in their present safe custody, and to be there forthcoming the Sessions Judge considers it equitable to direct, that they so remain until such time as the case be finally disposed of.—

1 — To C. Pelly Esqre
Collector of Bellary.

Bd. No. 2292 —
From the Collector of Bellary —

Sir,

I have the honor to request that you will submit to the Board of Revenue for the final sanction of Government my application for extension of leave as per* medical Certificate herewith enclosed. In explanation of the delay in forwarding this application I beg to observe that I did not receive the enclosed Certificate until the 23d of August and that on seeing your leave in orders, I imagined you were absent from Bellary — under this impression I forwarded my application with the Medical Certificate to the Secretary to the Board of Revenue — Both the application and Certificate have been returned by order of the Board to be forwarded through you, and this has occasioned another long delay.

Revenue Despatch

No: 857

Extract from the Minutes of Consultation
under date the 3d September, 1852

Directing that the allowances for the Hindoo and Mahomedan religious ceremonies in the Coimbatore district specified in the Board's Proceedings of 25th July 1852, with all similar payments in that or other districts may be forthwith discontinued.

Read the following
letter from the Secretary to the Board
of Revenue.

(Here enter 25th July 1852. No: 310)

The Right Honorable the
Governor in Council has had
under his consideration the above
letter and its accompaniments
in connection with the previous
correspondence

Hindoo	Rs a p		
Vyasa Poojah	46 11 9

on the subject of the money payments made from the Coimbatore Treasury on account of certain Hindoo and Mahomedan religious ceremonies.

2 The Board of Revenue after explaining the nature of each of the ceremonies observe that the question to be determined is whether payment for these ceremonies should continue to be made by the Government or whether they are such as should in the spirit of the orders of the Honorable Court of Directors be at once repudiated, and they recommend that with the exception of the allowance for "Ceremany for Rain" the disbursement for which cannot be made without more or less mixing up the Collector personally

Roodra Abbeshegum

personally with the performance of the services, and which on that account should be discontinued, the allowances for the remaining ceremonies both Hindu and Mahomedan should continue to be regularly paid to the present recipients. They do not think that the Collector has sustained his position that these ceremonies are all open to the same objection of requiring his direct interference or that the omissions made by him with reference to the Native Hindu Ceremonies equally apply to the expenditure for Mohomedan festivals".-

3 It is observed that the Honorable Court's orders of the 20th February 1833, subsequently repeated in 1841 require the total separation of the Government and its Officers in such matters or in the words of the Despatch "Sixthly, that in all matters relating to their temples their Worship their festivals their religious practices their ceremonial observances or Native

Native subjects be left entirely to themselves". These orders have been fully carried out in the other Presidencies, and in a great majority of instances, also in this Presidency, but from what is now before Government, it is clear that they have not been carried out in Coimbatore to their full extent.-

4 The Governor in Council considers it wholly impossible that the allowances for such ceremonies can be continued without giving the recipients and people of the Country the impression that Government place confidence in their efficiency and are therefore willing to pay for them, he can see no grounds for the distinction drawn by the Board "between Hindu and Mahomedan religious practices," and he is of opinion that all connection with them on the part of Government should cease.

5. Under the foregoing views the Governor in Council directs

Fort St. George 23d. September 1852

directs that the allowances for the Hindoo and Mahomedan religious ceremonies in the Coimbatore District specified in para 1 of these Proceedings, and amounting to Rupees 1157-10-4 one thousand one hundred and Fifty seven, annas ten, and Pice four, with all similar payments in this or other Districts, be forthwith discontinued.

Sir,

I am directed by the Board of Revenue to inform you that the Government in ordering the discontinuance of the allowances paid in the as District of Coimbatore, on account of certain Hindu and Mahomedan Ceremonies named in the Margin, have directed that similar payments in other Districts be forthwith discontinued. You will therefore be so good as to give effect to the orders of Government but in such a manner as not to press with hardship on the present recipients of these allowances, who have no other means of maintenance to look to. In these cases the Board will be prepared to recommend their continuance as life Grants for subsistence.-

7 Some difficulties have now arisen in regard to the future management of the Village

Cotundaramasawmy

Cotundaramasawmy Naidoo the surviving son of Dr Sawmy Naidoo who has hitherto Consented to the Village remaining under Circar Management now requests (as will be seen from the enclosed address* which he requested to submit to the Board) to be placed in possession of his 1/3d share as all as those of the Minor on the plea of his having been already appointed guardian to the Original Minor by the Zillah Court and of his having likewise been nominated guardian to the present two Minors by the Will of their deceased father. The Probate of the Will in question has not as yet been taken out and it is stated to be now with the Supreme Court. Adverting however to the embarrassed Circumstances of the party and to his insolvency I am not prepared to recommend that the management of the Estate should be made over to him even in the event of his being appointed by the Zillah Court guardian to the present Minors also.—

* No IV

8 Under these Circumstances the only course left is that directed by Government in Para 5 of their Minutes of Consultation dated 20th December 1851 Viz: that the Court of Wards should apply to the Civil Judge under Section V Act

Act XIX of 1841 for the appointment of the Collector as Curator to prevent misappropriation or waste of the property during the Minority of Venkatasa Ramanjooloo Naik and the other two boys.—

I beg respectfully to state that the applicability of the enactment to the present Case appears to me doubtful as it purports to refer only to cases of disputed possession in which the authority of the Curator is not to continue beyond the determination of the summary suit by the Civil Judge. I am not aware of any other means of with-holding from Cadumdaramasawmy Naidoo the possession of his 1/3d share of the Village, should the Board therefore decide upon giving up the 1/3d share to him, I request instructions in regard to the management of the remaining 2/3d shares I have desired the other members of the family to state their wishes on the subject which in due course will be reported to the Board.

9. Cadumdaramasawmy Naidoo has been urgent in his solicitations for the settlement of the accounts and the distribution of the profits of the expired Fusly 1261—I request the

sentiments of the Board in regard to the propriety of disbursing the 1/3d share of the profits of Fusly 1261 to him despite the Communication of the Official Assignee now under reference.—

I beg further to report for the approval of the Court of Wards that with reference to the average profits of the Village during the last 8 years viz. Rupees

a monthly sum of 35 Rupees for the main-
tenance of the other two Minors.—

To,

The President and Members
of the Board of Revenue
Fort St. George.

The Petition of W. S. Cothunda Ramasawmy Naidoo Shrotriemdar of Wootoocandoo in the Zillah of Chingleput.-

Respectfully Sheweth

That in the Month of January last the Collector of Chingleput cited Petitioner to appear before him in consequence of the orders of Government communicated to him, through the Board.

Fort St. George 23d. September 1852.-

Board, and requested to know Petitioner's wishes about the Shrotriem of Wootoocandoo, in which, he said, both Petitioner and his brother, were by the decision of the Honorable Court of Directors henceforth to be participants with the Minor.-

That in consequence of this divided interest, resolved upon, as it appeared to Petitioner contrary to the express orders of the Honorable Court of Directors, against which he was to appeal, both Petitioner and his brother determined upon and agreed before the Collector, that the Village should continue on his management, as before.-

But since that date Petitioner has been appointed, by the unanimous consent of all the family Guardian of the Minor by the Zillah Court of Chingleput with the acquiescence of the Minor himself, which has been duly reported by the Court to the Collector and Petitioners brother also has since departed this life, appointing by his last Will and Testament, Petitioner both Executor of his Estate and Guardian of his Children, the Probate whereof is now being issued out of the Supreme Court at Madras.-

That

Fort St. George 23d. September 1852.

That under these circumstances which necessarily give to Petitioner besides his own share therein the entire Management also of all the other shares in the Village, Petitioner would prefer having it put into his own possession, and he therefore prays your Honorable Board will be pleased to direct the Collector of Chingleput to deliver up the said Village to him upon his producing the Probate of his brother's Will.-

That Coupled with the above circumstance Petitioners object also, is to augment the resources of the Village by his own personal exertions on the spot which will not only save much expence defrayed for servants wages &ca. but increase the Revenues also above the present rate for by past accounts, he finds the income considerably below the amount the Village yielded during the life time of his father, at that time personal exertions of the Shrotriumdar and his frequent presence in the locality, saved most of the lands from being let to run to waste. The same plan now pursued would, benefit in a large measure, both the Petitioner and the Minors entrusted to his care and he humbly begs therefore your Honorable Board will be pleased to grant the prayer of this Petition and your Petitioner as in duty bound.-

From Board 18th April do

Adverting to Para 3 of my letter dated the 28th Ultimo. I have the honor to refer the Board to the Correspondence noted in the Margin* from which it will be observed that the allowance of 50 Rupees per Mensem was sanctioned for the maintenance of the minor Shrotriemdar of Ootocand- and his adoptive Mother and that it was intended that the other members of the family should look to the minor for support.

Proceedings stating the Board's views regarding the payment to the Official Assignee of 2/3 of the net accumulated profits of the Ootocandoo Shrotriam and requesting the Collector of Chingleput to ascertain the wishes of the family relative to the future management of the Village Consequent on the death of Suggunadasawmy Naidoo.-

37-39

The Board of Revenue approve Mr. Cochrane's reply to the Official Assignee of

As one of the two Brothers Suggunadasawmy Naidoo has deceased, the Board entertain considerable doubts whether as he had only a life interest in the property, his share can hereafter be held available for the payment of his debts. At all events the Collector has no authority to pay to the

Official

Official Assignee any proceeds that may arise from the Estate but only the accumulations up to the time of the "Notice" adverted in the Order of Court.

2. As regards the mode of paying the 2/3 past accumulations to the Official Assignee, the Boards are of opinion that the Company's Paper should be sold. The interest due on it together with the premium on the 5 per Cent paper will no doubt make up the deficiency of 479 - 4 - 8, and thus enable the Collector to settle with the Official Assignee at once. If this does not quite meet the demand the Collector may draw any remaining balance from the Cash deposit with the Accountant General.

3. With reference to Para 5 of the Collector's letter the Board of opinion that the 3 sharers are entitled to share equally the interest on the Company's

Company's paper purchased. The Board see no reason for Complying with the request of Codunda Ramasawmy that the 4,300 Rupees which the Board Considered should be debited against the minor may be deducted from the gross profits of the Village.

4. With regard to the future management of the Estate in consequence of the death of one of the 2 Brothers, the Board are inclined to think that it cannot be well retained under the Court of Wards after the protest made by the surviving Brother who has already been appointed Guardian to the former Minor and who state he is appointed Guardian to his deceased Brother's Children also. It is resolved however to call on the Collector to ascertain and report on the views of the other Members of

of the family.

5. With reference to para 9 of the Collector's letter, the Board consider it the safer plan to make no immediate payments to C. Ramasamy, but to inform the Official Assignee that he shall do so, unless the said Assignee can produce an order of Court to pay the future proceeds to him.

Bd No. 2095

From the Collector of Canara - - -

Submitting a detailed statement of certain sums remaining long unadjusted in the accounts of his Collectorate on account of Civil Suits brought against the Public Servants and requesting the Sanction of the adjustment of the Same.

Sir,

Fort St. George

I have the honor to lay before the Board of Revenue the annexed Table which has been prepared in my office for the adjustment of an account which is of very long Standing and of a Complicated nature Connected with the advances made on behalf of Government in Stamps and Cash for the defence of Suits brought against the Servants of Government.

2 The Settlement of this account is necessary for the adjustment of those of the Stamps department and the Treasury and this obliges me to lay it at once before the Board.

3 The account goes back over a long period during which several practices have prevailed in defending Suits against the officers of Government.

4 At one time it has been usual to take the necessary Stamps from the Stamps department

department leaving adjustment to be
afterwards. The stamps appear on the
accounts as if they were still a part of the st
5 Afterwards this practice was changed
for that of purchasing the stamps with mon
advanced for the service of Government
the purchase of stamped papers &c.a for defend
suits brought against the Public servan
This appears as an adjusted advance in my recon
6. Subsequently again the stamps have
been taken for the purpose and struck off
not being brought to account as stamp
Revenue as directed in instructions d
1st February 1849.
7 The first of these is an account with
Stamp Superintendent. The second is an
advance which requires adjustment in my
accounts. The third does not affect either
stamps department or the treasury having
been adjusted from months to months.
8 In endeavouring to adjust these account
has been desirable to ascertain 1st whether there
has been any authority for defending the suits
the publick expense 2d. whether the suits
have

have been decided in favor of Government
3d. whether the costs have been recovered or
4 whether they are recoverable.
9 The accompanying table will show to the
Board that the suits go back as far as
1824 and in Consequence of the destruction
of our records I find it impossible to trace
them. In some instances the decision cannot
be ascertained in some it is found impossible
to discover whether sanction for the defence
of the suits was given and in many although
a decision was given in favor of Governm:
ment the costs are irrecoverable.
10 There are many cases in which the
main costs have been recovered and re
adjusted but the cost of petitions for time
to answer &c.a &c.a have not been recoverable.
11 There are on the other hand many cases
in which more than the costs have been recover:
ed.
12 The account has been prepared in my
office with much labor, and great pains
pains have been taken to ascertain the decisions
in some of the cases and to recover such
of the costs as are recoverable But owing
to the lapse of time the abolition of the
Provincial Court and dispersion
of

of its servants and in some degree of it
documents it has been found impossible
trace many of the cases in their progress through
the Courts-

13 I have therefore the honor to request
I may be allowed to adjust this complica
account in the following manner-

14 I have arranged the suits under four he
1st. The first comprises suits still pen
ing and requires no immediate orders-
2d. The second comprises but one case, a
suit brought against Mrs. Dickinson by pers
in whose house some bullion was found-
party claimed it as his property but Mrs. Dickin
shewed such good grounds for believing th
it was part of a wreck and property taken charg
of by himself as Magistrate that the suit w
thrown out the costs of the suit were not th
collected for what reason I cannot ascert
They might be collected now from the hei
the Plaintiff deceased but after a lapse
23 years and against a person in no way
fault this would be so harsh a measure
I propose to realise the amount from the proper
which has now become a lapse to Government
which the Board have directed me to carry
to the account of Government The amount

the Costs is 92 Rupees and the value of the
property about 6000 Rupees-

The 3d. head Comprises 4 cases which I have
to submit for special sanction The first is
one well known to myself It was a suit
brought by an old woman Coorapalo against
the Collector for the sale of a plot of ground
for arrears of rent By the Provincial Court
Mr. D. a decree was given against the Collector
for a large sum of money made up of the value
of the land Compound interest and heavy
Costs application for a Review of judgment
was made under sanction of the Board of
Revenue This was Refused a motion was
then made in the Sudr Court to order a
Review. This was successful but on Review
the original decision was Confirmed &
against this further proceedings were in-
-stituted and finally after litigation
extending over nearly 20 years the decree
was annulled the sale allowed to have been
legal and the old woman having died a
pauper it now only remains to obtain sanc-
-tion for the sum of Rs. 166-4-0 the Costs of
defending the suit on behalf of Government-

The second Case is one in which the sum of
Rs. 81-0-10 appears as having been expended in
defending a suit brought by one Ishmy Beury
Rs.

Fort St. George 23d. September 1852

The suit is of a date prior to the destruction of the Records in 1837-

It was defended by order of the Board in answer to a letter dated the 9th August 1832. The suit was against the Yekkildars of Mangalore Coorpa Row regarding a drain opened for the cleansing of the town. The suit was first decided in favor of the Plaintiff but an appeal was remanded by the Provincial Court N. D. on second hearing it was decided against the Plaintiff and then was confirmed in appeal. The Plaintiff is now a pauper of 70 years old and it is desirable that these costs should be written off.

Rs 15-10-a

The 3d case was filed in 1831 and decided in favor of Government with costs in ++++ Execution was applied for but there were prior claimants on the property which was sold by the Court in 1845 and failed to satisfy the Government claim. The Plaintiff is a pauper and there are no means of realising these costs-

++++ The year cannot be ascertained

Rs 11-15-2

The fourth case was an action brought in 1827 against Government for a piece of newly cultivated land. It was decided in favor of the Government but it has been found

Fort St. George 23d. September 1852

impossible to realise costs as the Plaintiff is dead and his heirs are paupers-

I trust therefore that I shall receive authority for writing off these sums-

4th Under the 4th head I have arranged the cases in which the costs are irrecoverable from their being in excess of those allowed by the Courts as being mere motions for time to file answers &c or from the decree being adverse. These amount in all to Rupees 122-11-10-

15 Against these I have a sum of Rs 125-a which has accumulated in small items either as interest on the Costs or difference between the Costs awarded and those actually expended &c-

16 I therefore request that the sum shown under the 4th head may be written off and the latter sum be carried to the Credit of Government-

17 In this manner the adjustment of the account will be completed-

18 The whole sum which I have thus to request

Item 3d- 274-14-a
4th 122-11-10
397-9-10

the Government to give their sanction for my writing off amounts to Rs 397-9-10 The accounts spread over so long a period and from the destruction of our records are so imperfect that I cannot enter more into detail without greatly extending this letter. The principal portion of this sum consists of stamp papers on which I may remark that the expenditure made by Government has been merely nominal-

To The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of Canara dated 23d. August 1852 requesting sanction for the adjustment of certain sums remaining long unadjusted in the accounts of his Dist. - viz. on account of Civil suits brought against the public servants of Government.

2 The suits range from 1824 to 1850 and the Collector has submitted a statement classifying them under the four following heads.

The 1st. Comprises suits still pending and requires no order.

The 2d. is the cost of a suit brought against Mr. Dickinson by a party in whose house some bullion was found but which upon its

Fort St. George 23d. September 1852

it being shewn that it was part of a wreck and property taken Charge of by him in his capacity as Magistrate, was thrown out by the Court. Mr. Maltby is unable to ascertain why the Costs were not recovered at the time but proposes to realize the amount from the property now in deposit which has become a lapse and ordered by the Board to be carried to the credit of Government. The Cost is stated to be Rupees 92 and the Value of the property about Rupees 6000.

It is recommended that the Costs Rs. 92 may be written off the Property being carried to the Credit of Government.

The 3d. head comprises 4 suits all of which were decided in favor of Government but owing to the Plaintiffs being paupers it has been found impossible to recover the Costs. The Board recommend that the aggregate amount Viz. Rupees 274-11-4 may be written off in the accounts of the District.

The 4th. head Consists of cases in which the Costs are said to be irrecoverable from

From the Secretary to Government Reviewing the Board's Proceedings on the Subject of Teerwah Jasty levied on Cultivation by means of Wells &c. constructed at the Ryots own expense Agreeing generally in the sentiments expressed by the Board - Resolving to submit the question for the further orders of the Honorable Court and Calling upon the Board to furnish certain information.

Extract from the Minutes of Consultation in the Revenue Department under date the 21st October 1851 —

Extract from the Proceedings of the Board of Revenue. (Here Enter 20th January 1851 e N.o 26)

+ + +

In their Proceedings under date

Para 1. the 20th January 1851 the Board of Revenue have recorded the result of their enquiries, and their own conclusions, on the subject of raising the assessment.

information omitted to be supplied.—

assessment upon lands improved at the cost of the Ryots by means of Wells and otherwise.—

2. This subject was under the consideration of Government in 1845 and instructions were communicated to the Board under date the 17th June of that year for their guidance in framing rules for the taxation of lands so improved in accordance with the principle repeatedly laid down by the Court of Directors and particularly in a Despatch dated 21st August 1842 No. 25 Viz. "that the Ryot should in all cases be allowed to enjoy the benefit of any improvement he may have effected on his lands without any additional charge until he shall have been, not only amply compensated but liberally rewarded for the labour & expenditure which he may have applied."—

3. The Board now report that having called upon the Collectors for the information which appeared to them to be necessary to enable them to give effect to the above instructions

Para 2. the answers they have received "prove the existence of such a variety of tenure, soil assessment, extent of land irrigated, of labour and cost of construction, and of the period of exemption from additional assessment, which would be required to secure remboursement to the Ryot that

that they "find themselves unable to devise any plan by which these conflicting elements can be reconciled, or the spirit of the instructions be advantageously carried out."—

4. Referring to the condition prescribed that no additional charge should

Para 5. be made until the Ryot has not only been amply compensated but liberably rewarded for his labour and outlay and to the explanation of that condition, that the compensation must be sufficient to induce ryots to undertake and continue improvements which are of so much importance to the general welfare

Para 6. and prosperity of the Country, the Board represent, that here they have met with great difficulty arising out of the diversity of opinions and facts which have been laid before them in the reports of the Collectors. "The general tendency of these," they observe, "is to raise a serious doubt whether the largeness and certainty of returns from well cultivation has not been somewhat over estimated" whether particularly "the return is so large that it will in all cases fully reimburse the ryot for his outlay within any specified term, and will afterwards enable him to pay the very heavy

heavy additional assessment which is imposed in most districts under the Term "Peerwah Jastee" - After quoting from the reports of several of the Collectors statistical details of the capital laid out on Wells and the returns derived from the lands irrigated by them, from which it would appear that the profit on the average is less the the ordinary interest of money, and stating that the Collectors referred to are averse to the imposition of any additional tax upon Well lands as likely to discourage the application of Capital in a way so bene= =ficial, they refer to the opinion of one of the ablest of the old Revenue Officers Mr. Thackery as according with their sentiments, and quote a passage from Sir T. Munro's Minute of 31st December 1824 on the state of the Country and condition of the people to shew that he who introduced the plan of exempting the improve= =ments executed by the Ryots themselves from additional taxation, in his settlement of the Ceded Districts after the lapse of 20 years, gave it the sanction of his most matured experience" -

In noticing this reference to

to the high authority of Sir T. Munro, it will be proper to advert to the opinion ex= =pressed by him on the same question in 1818 as quoted by the Board of Revenue in their Proceedings of 12th September 1844 in favor of the principle of entire exemption, respecting which he said "there could be no doubt that the adoption of it would in all Districts be favorable to the Ryots and to the ultimate increase of the revenue" It is necessary to make this quotation because the remarks of Sir T. Munro are referred to in the Minutes of Consultation under date the 17th June 1845 as supporting the opinion there expressed, that no great obstacle was to be anticipated to the immediate and general enforcement of the principles laid down by the Court of Directors - whereas he advocated the general adoption of the contrary principle, & contemplated the allowance of favorable terms for a limited period only in Districts where it might be thought unsafe, without longer experience, to grant entire and permanent exemption, lest the present revenue should be reduced by the with= =drawal of Cultivators from the old high rated lands to the new low rated lands - It is however clear that he did not contemplate

Para 19.

Para 7.

contemplate the supercession of the principle of entire and permanent exemption where it already obtained, but on the contrary looked to its extension, wherever it could be introduced without detriment to the existing revenue of which he himself thought there was little danger.—

Section 23.

6. In their proceedings of 12th September 1844 the Board of Revenue shewed that in 1818 in preparing the Draft of a Ryotwar Regulation the Board of that day laid it down as a general principle that the assessment should not be raised where the productive powers of the land were increased by means of improvements made by the Ryots at their own expense in digging Wells, repairing tanks &ca and that this principle had been steadily maintained by succeeding Boards and generally assented to by the Government till the Court of Directors prescribed the limits to the practical application of which is the problem now to be solved.—

7. The present Board as has been noticed profess themselves to be unable to propose any satisfactory method of obviating the difficulties that have presented themselves to

to them in endeavouring to devise a plan for carrying out the intention of the Court

para 24 They further state that they have been led to entertain very serious doubts whether the measure of assessing improvements, will at all events for the present be compatible with their expressed wish to see Well cultivation carried to the utmost practicable extent, or whether it may not rather have the effect of greatly restricting it hereafter by damping the spirit and energy of the Ryots.—

8. Not deeming themselves at liberty however to suggest a reconsideration of the question before preparing a set of rules in compliance with their instructions, they have drawn up general heads of

Para 24. rules for the consideration of Government to be afterwards amplified or enlarged, if approved. These rules they observe contain certain modifications of the Original Plan which they wish to be understood as submitting for the consideration of Government rather than absolutely proposing them as embodying the principles laid down by the Honorable Court and they remark that they

they would probably require some further alterations in applying them to the several Districts.—

Para 25 9. The Board point out that they have not attempted to lay down a rule for the Assessment within a specified period of that numerous class of improvements which it has been shewn only yield a fair return for the Capital invested.—

10. The rules they observe are not intended to apply to wells already constructed under the Cowles granted by Colonel Munro in the Ceded Districts and under similar circumstances in other Provinces as the Assessment of such improvements after the distinct promises of exemption which have been held out would bear in the Eyes of the people the appearance of a Breach of faith.—

11. The rules as proposed refer exclusively to Wells, but the Board see no objection to their being extended to

to irrigation Nullahs and other works of a similar nature carried out at the expense of the Ryots.—

12. With respect to Tanks, the Board contemplate the concession of advantages similar to those of Duswund Enams to persons constructing them at their private expense under certain regulations and restrictions.—

13. On referring to the rules it appears that as regards Assessment all that is laid down is the general principle viz.th "that the Ryot shall be permitted to cultivate the land watered from his Well free of all extra demand for Teerwa Jastee for a period sufficient to reimburse him in the full amount of the outlay he has incurred, and also to afford him a profit of 20 per Cent clear of the cost of construction" The specification of the amount of profit to be realized before an Extra Assessment is imposed is new. A Rule is given for calculating the period to be allowed for the fulfilment of their conditions with an example

example of its application.—

14. The modifications referred to by the Board at least those most important, are contained, it may be presumed in the 5th and 6th Rules. The former declares that after the expiration of the period of exemption the land will be liable to Teerwa Jastee but that for the purpose of providing for the future repair of the Well, and also to meet the additional labour of working the Well, and with the view of encouraging such useful works by affording a certain prospective profit to the Ryots, two thirds of the Teerwa Jastee will be remitted to him as long as he continues to keep the Well in efficient repair. The 6th Rule extends this provision and the rule for new wells generally to old wells which have gone to ruin and have been repaired at the cost of Ryots, when the lands under the wells have been uncultivated for a period not less

less than 10 years.—

15. The upshot under these rules, is that for a great proportion of the wells, Teerwa Jastee will never be leviable, because the saving by exemption from it, will not within any assignable period, replace the capital laid out, with 20 per Cent over and above, while for the best Wells, whose lands have been rendered most productive, nothing more will be leviable, after the whole cost has been reimbursed to the Ryot, with 20 per Cent profit, than 1/3d. of the Teerwa Jastee, that is 1/3d. of the difference between the present rate of assessment upon the land as Poonjah and that assessable upon it as Bagayet or Garden land, 1/3d. of Rupees 3-8. in the example given by the Board or Rupees 1-2-8 per Acre.—

16. If the Court of Directors had contemplated such a result as this, it is hardly to be supposed that for such a trifling eventual gain to the revenue they would have proposed to change the system which has had the sanction of

of usage in so many Districts for such a length of time, and in Bellary and Cuddapah where, with exception of Coimbatore, cultivation under private Wells is most extensive it was guaranteed to the Ryots as an essential part of the General scheme of Assessment introduced at the Survey.—

17. The Government were at first disposed to think the Board had underrated the profitableness of Well cultivation on the average in assuming that it scarcely yields a moderate interest on the capital laid out on the Wells. But upon consideration of the information submitted by the Board and of that obtained by independent inquiry they are induced to believe that the opinion is not far from the truth. Of course no Well land which did not yield not only a moderate interest but the interest actually payable on the capital laid out, if it was borrowed, or what the Ryot, if the capital was his own, could have readily

readily obtained for it in other Employment could ever be liable to additional Assessment under the Courts proviso. The land must yield therefore a net profit exceeding 12 per Cent, which may be considered the common rate of interest in dealings of the Ryots, before it can fall within the scope of the Courts plan for ultimately increasing the assessment. No doubt the lands under a great many Wells yield much more than this.— But there seems to be

be reason to believe that the Well lands scarcely yield more on the average. It is to be remembered that the ex-pense of raising water from the Wells for the purpose of irrigation which is very considerable is additional to all the ordinary expenses of wet cultivation by irrigation from Tanks.—

18. In the example given by the Board of the application of the Court's principle, no allowance

is made for interest on the capital during the 20 years through which it is supposed to be in process of recovery probably it is assumed that the net profit minus the Teerwah Jastee just pays the interest, the saving of the Teerwa Jastee being alone reckoned upon for paying back the capital. Of course on this view however, as the capital was gradually recovered, there would be an accruing profit.—

19. The Government entirely agree with the Board in the objections stated in the 22nd Para of their Proceedings to the proposal of the Court of Directors that the cost of maintaining wells the lands under which have been subjected to additional assessment should be borne by Government directly, and in the opinion they express that if the principle of increased assessment be maintained an allowance sufficient to cover the charge should be made by a reduction of the additional assessment. It appears to be partly to provide for this that the remission specified in their 5th Rule is proposed.—

Another

20 Another object contemplated in the proposed eventual remission appears to be that advocated by the Board in the 20th Para of their Proceedings the object of "leaving a more permanent advantage to the Ryot who effects the improvement of his land at his own cost, than will be practicable under a rule requiring the full additional assessment to be levied at the termination of a given period" On this point the Board say "there seems to be a very general impression that a light additional assessment such as would secure to the Ryot a permanent advantage for his outlay, but coming somewhat earlier would be much preferred to total exemption for a limited period followed by the imposition of the full rate of Second Sastee". It is to be observed however that the rule proposed by the Board gives both a total exemption for a period as long as the Court of Directors intended that is sufficient to redeem the cost, but also the light assessment in the end, to gain which permanently the Ryots according to their view would be contented with a short period of Total exemption.

Para 21 21 The Board seem further to have had in view the object of recompensing

Ryots by the favorable terms to be allowed to successful works for the losses they are liable to by the many that are unsuccessful. They observe that the risk of entire or partial failure has not been sufficiently considered. In support of which observation they refer to an Estimate by the Collector 7164 of Coimbatore of the number of wells commenced but not completed from the occurrence of Rock or other cause, which made it necessary to abandon them, the cost of which they calculate at Rupees 188,142. This computation is obviously exaggerated, for the cost of each of these unfinished projects is reckoned at the full cost of a complete work. But there can be no question that much capital is sunk in such unsuccessful experiments and as the Board properly observe "such failures should not be lost sight of on a broad view of the general question, although it may be thought to be unnecessary that the profit should not only be sufficient to cover the outlay in each case, but should suffice to make up the loss sustained in other undertakings which have not been successful".

Not

22- Not only is there a considerable risk of failure in the original construction of wells by unforeseen causes which prevent their completion- But there is some precariousness in their operation- It is probably within the experience of many persons that wells which have worked satisfactorily for years, yielding a copious supply of good water, have afterwards failed, sometimes by deficiency in the supply, sometimes by deterioration in quality.-

23 The view which the present Government take of this subject very closely agrees with that expressed by Mr Thackeray in the Extract from his report of 4th October 1817 given by the Board in the 12th Para of their Proceedings- They quite concur in his concluding observation that in most cases it would not be so much a sacrifice of revenue as a favorable bargain with the Ryot giving him up the difference between the present Teerwah and that to be imposed, on his future improvements to induce, and so far to enable him to pay his present rents regularly.-

24- They entirely concur in the remarks of the Board that "although it may not have appeared in the form of direct taxation or

Para 18

or be capable of being exhibited as a matter of accounts, there can be little doubt that in many ways the Government has indirectly derived no inconsiderable advantage from such improvements." The Board point out that in the Ceded Districts dry land converted into wet by means of private wells loses the advantage of the general remission of ¼ which at once adds 25 per Cent to what it at present yields to the revenue- "But independently of this" the Board proceed "it can hardly be questioned that in many cases the profits of these well lands have furnished the means of paying up the assessment of others in bad seasons, that remissions which would otherwise have been necessary have thus been avoided, and that they have enabled the Ryots to take up and cultivate additional land which but for this cause would have remained waste." The Government think that the Board might have laid more stress upon this point of the question- They look upon the exemption of lands improved at the Ryots expense from additional assessment on account of the improvement as an indirect means of lightening the general burden of the land tax- They do not think that

Government

Government should aim at the augmentation of the revenue derived from the Lands at present in Cultivation, but be satisfied with securing it. For the augmentation of the revenue they should look to the extension of Cultivation. To both these ends they think the liberal measure introduced by Colonel Munro in the Ceded Districts of leaving to the Ryot the benefit of his improvements entirely and permanently is eminently conducive.

25. The difficulties which as above shewn the Board of Revenue have experienced in their endeavour to frame any general rules for giving effect to the Court orders of 24th August 1842 the doubts which they entertain and in which the Government participate whether those orders could be acted up to without prejudicing the great object which they were intended to promote; Viz.t, the extension of waste land cultivation under this Presidency the impracticability of carrying out some parts of those instructions such as of fixing any term, however, protracted after which works constructed by the Ryots would

would in many cases become liable to tax, or of providing for the conservation or repair of such works at the expense of the State, the pledges of immunity from Extra assessment which have been held out and have long been in operation in some Districts. All these considerations would of themselves require, that before any change be made in the existing system a further reference should be made to the Honorable Court. The Government therefore resolve to forward the Proceedings of the Board of Revenue of 20th January last with the papers connected with them to the Home authorities at an early date. Adverting to the views expressed by the Board and for reasons stated more at large in the Minutes thereon recorded, they further determine strongly to urge upon the Court the expediency of relinquishing to the Ryots throughout the Provinces of the Madras Presidency, under such precautions only as may be requisite to prevent abuse of the indulgence, the permanent and full benefit of their own improvements as the most direct and influential

influential mode of furthering the grand object of elevating them to the condition of land owners and of thereby laying the only sure foundation for the general pro-gress and improvement of the country.

26. In recommending that waste executed by the Ryots be left wholly untaxed, the Government must of course be understood as alluding only to substantial and permanent improvements, as to mere temporary and partial ones. It will probally be found that much of the money wasted in Coimbatore has been in small sums, on wells of comparatively cheap construction. This is a point which should be investigated fully by the Board and a remedy devised.

B^ds Proceedings Para 10.

27. The Board have neglected to notice the important subject of the revision of the assessment upon the garden cultivation under wells discussed in Extract Minutes of Consultation 17th Sept 1845 Para 12 and their attention will now be called to it. They have likewise left unnoticed Para 14 of the same proceedings upon

upon which they were specially required to report and furnish certain information. They are requested to supply the omission as also to submit a Statement shewing the different rates of Teerwah Jastee chargeable in the several Districts.

28. With respect to the subject of Duswandum Enams the Government entertain some doubt of the correctness of the Board's view and whether the system of granting Enam, is not better adapted to the country and more likely to induce the Ryots to undertake such interprizes. It is only necessary to secure the benefit of their system of improvement to Covenant, that the Enam shall be forfeited if the tank or irrigation channel is not maintained in good order, but this part of the general subject may be reserved for future consideration.

Bo. No. 2212.

From the Collr. of Nellore. — Sir,

Report on Petition No. 1809 of 1852, from the Ryots of Alloor &c. Villages in the Tala-munchy Talook. Returned

I have the honor to acknowledge receipt of Mr. Cunliffe's letter dated 1st. July last, forwarding for further report a + Petition from certain Ryots of the Talamunchy Talook of this District, in which the protest against the Endorsement of the Board of Revenue founded on my report upon their former Petition No. 758.

2. The points on which more particularly the Board desire information are stated to be

1st. The nature of the season.

2d. The statement that lands many years waste had this year been charged, and that a portion of even that which had been cultivated had failed for want of water.

3rdly The unequal rates of Assessment which appear to have been levied upon Petitioners and other Ryots.

3 If the Board entertain any doubt on the first of these points, I beg to request their attention to the remarks upon the season contained in the Monthly Demand Collection and Balance sheets which for more ready reference are presented in one view in the accompanying + Enclosure 1. Paper. It will be seen from this that the commencement of the season of Fusly 1761, was marked by an almost unprecedented flood, the Pennar and other Rivers receiving the largest fresh almost ever known, that from May to November there was rain more or less during every month, and that the season was generally very favorable for Wet Cultivation. It is true that Cultivation under Rain Tanks is stated in the August, September and October Returns not to have progressed for want of sufficient water in the reservairs, but this remark does not apply to any one of the Villages to which the Petitions refer, for while Gundanarum is irrigated by the largest river channel in the District, the Tanks of Allour, Woolcoor and Moodiverty are fed, those of the first by a distinct Monsoon stream the Pydaroo and

and of the latter by a large Water Course called the Muldavy Ponnapoody is the only Village depending solely on the falling rains, but is fields as already stated are entirely Guddavary and require little artificial irrigation. These, the Petitioners state "cannot be cultivated without there is "rain every Month from the beginning of the season which is in May" but that there was rain every month from May to November is proved by the Demand Collection and Balance Statements, and with the means which these Ryots possess, the waste which was alternately charged with Cuffoory in this Village need not have occurred, unless the land was wanted for other purposes. That the description given of the season for the whole District in the Monthly Returns may not be thought to be inapplicable to the particular Villages under notice I have exhibited in one of the enclosures the quantity of rain which fell in each month in each of these Villages according to the Native mode of reckoning as taken from the Weekly rain reports received from the Talooks.

Enclosure 2.

If

4. If further proof were wanting of the favorable nature of the season it might be found in the small amount of remission granted in Fusly 1261 on account of Sooktee or perished Crops compared with the preceding year as marginally noted. Taking it Talookwar, Rupees 2193-7-5 were remitted in the Talamunchy Talook for Shavy in Fusly 1260 and actually nothing in the past year. The Petitioners in stating that a portion of Cultivated land failed, probably allude to some Wet Cultivation having failed in Ulloor from the land being Chavara, and for which Rupees 663-2-9 have been remitted. But this arising as it does out of the nature of the soil, which is impregnated with Soda is almost of annual occurrence, and what no quantity of water in the Tanks can ever prevent. Far from any Cultivation therefore having failed from want of water nothing failed from that cause in the whole of the Talamunchy Talook, and only Rupees 442-10-11 in the whole District.

Fusly 1260 — 8216-15-1

5. If then the season was good, and afforded the means of Cultivating the

the Dittam lands it is not I think a sufficient excuse for their not having been cultivated this year that they were laid waste in former years; neither is this circumstance any proof of the lands being unfit for cultivation or otherwise useless to the occupants for if they had been, they would have been relinquished in preference to running the risk of being assessed for them, and this course was freely allowed by an order of Mr. Bishop's which was Cancelled only in 1850 under instructions from the Board. The practice of retaining lands in the Dittam without the remotest intention of cultivating them, but expressly for the purpose of pasture was so notorious, and was found to prevail to such an extent that Mr. Bishop deemed it necessary to introduce this rule requiring the relinquishment of land kept waste for more than 5 years. The circumstance therefore of the lands now assessed, not having been cultivated for the last 10 or 12 years far from being a reason for exempting them this year also and thus perpetuating an objectionable practice seemed to afford

To Board's Summabundy Report for Fasly 1258 Para 32.
Board's Proceedings on Do. Summabundy Report Fasly 1259. Para 4 & 6

afford sufficient grounds for enforcing the just dues of Government in such a favorable season as the past. But it is not true that all the lands which have now been assessed with Cuzzoory are waste of 10 and 12 years standing. From accounts which have been prepared, tho' some fields appear certainly not to have been cultivated within the last 10 years, there are others which have been cultivated altho' not in each successive year during several years of the series. Thus out of the 186 Rupees of land which was charged in Ponnapoody, nearly the whole (93 11 1) is land cultivated almost regularly during the past 10 Faslies. It is true that some lands in this Village were irrigated by means of Pecotahs in the past Fasly but Palavasy remission was granted for the same. The Petitioners admit that the Guddavary fields in Ponnapoody could be cultivated with Codavary Crops if there were sufficient water in the Tanks. This species of Cultivation commences about November, and the Board will be able to judge from Enclosure 2 whether or

+ Rs. 11 10 5

or not there was water enough for the purpos

6. The irregularity in the rates of Cuspoory imposed to which the Petitioner next advert, is, I beg to observe, only a result of the individual mode of settle= =ment pursued. So long as the contin= =gencies of season, the varying circum= =stances and condition of each Ryot, the situa= =tion of his fields, his cultivation in Enam Sheotriem or Cundrega lands, and other= circumstances affecting his ability or inability to cultivate his fields and meet the dues Government, are taken into account in determining the demand against him, long must be inequalities complained of exist. I confess that the disparity, a respects the Petitioners is more than ordenarily marked this year, but it is owing entirely to the remarkable obstinacy displayed by them. If they are the richest and most influential Ryots in their respective Villages; if they are large Cattle owners and have an interest more than others in reserv= their Dittum lands for purposes other than their legitimate use and thus evading the just demands of Governm=

if by cultivating the best portions only and keeping the rest of the Dittum waste every year, they virtually set at nought the operation of the provision of the Hookoomnamah requiring the relin= =quishment of equal proportions of good and bad lands and if they have cultivation in Enams to which they divert their capital and the water secured at the Government expense to the neglect of the ain lands I conceive there is no hardship in assessing them more heavily than their poorer neigh= =bours nor was such assessment imposed without much previous warning. In November last my Head Sheristadar took occasions to enquire on the spot into the cultivation of Ulloor and he reported to me at the time that the two Tanks in that Village were 4/16th and 11/16th full respec= =tively; that much of the water was being wasted by the Ryots, and that he thought that the cultivation, considering

Fort St. George 27th September 185

considering the supply of water in the reservoirs ought to equal

Rs. 29,900 that of Fusly 1257. Strict orders were sent on the subject founded upon this report, and early in February when I myself passed through the Village, I warned the Head Ryots of the consequences of their neglect. So likewise, the Woodcoor Ryots were reported in December last to be neglecting their cultivation and turning it

Fort St. George 27th September 1852.

water away from their Tanks and I sent a Dhuloyet to prevent this, and look after the cultivation, but during all the three months that intervened between this and the Summabundy, which took place towards the end of February the Ryots almost every one of them rich and possessing ample means, cultivated but one Gorton of land. In Gundavarum, the land now charged with Loossoory was similarly assessed in the preceding year, but on the representations of the Ryots, it was afterwards remitted under the expectations that similar neglect would not occur again, but that expectation having been disappointed they were again charged with the Loossoory Rupees 283-5-9 now complained of, but of this amount, with the exception of Rupees 103-5-9 charged on the two Ryots who are among the complainants and on some others, land assessed at the remainder Rupees 179-13-6 has been cultivated since the Summabundy, thus proving that neither the season was bad nor the impost levied unreasonable. Further, that the Loossoory lands were cultivated to a great extent after the Settlement, in Talooks much less favorably situated

situated than Talamunchy will be seen from the Marginal statement and where a disposition was thus shown to cultivate, but the lands could not from any cause be cultivated the Cusoory assessed on such was remitted and the amount so struck off of Fasly Summahundy of Fusly 1264, was Rupees 1509. 2.—

7. The Petitioners state in Para 3 of their Petition that the waste lands of their Villages are of no use to them as pastures, and that they usually drive their cattle to their Villages in quest of it. It is true that rich pastures or as they are commonly called Cumchas are purchased in Talamunchy where they are annually sold by Ryots who have large droves of cattle too numerous to be fed in their own Villages; but this does not by any means imply that the waste lands in their respective Villages are unfit for grazing, or are not applied to that purpose. According to the Petitioners own showing these lands have been

in their occupation for 10 & 12 years, but it does not appear why they are not given up, if so useless to them as now represented, under the facility afforded to them for relinquishing such waste lands, by Mr. Bishop's rule already adverted to & which they may now be resorted. The fact is, the lands if given up must be used in Common by all the ryots, until taken up for cultivation by any other party.—

Para 4 of the Petition

It is also stated that Petitioners 8. lands assessed with Cusoory in Gundavarum are Pootoomooloom and Chavara and that they cannot therefore be cultivated. If they are Chavara and the cultivation fail in consequence, remission of the full assessment is allowed. That therefore is no reason for laying the lands entirely waste. That 23 Rupees of land out of the 70 Rupees waste belonging to the Ryots of Gundavarum who are among the complainants, is Pootloomoolloom is true, that is they are lands which from their situation can only be irrigated by means of Pootahs; but this the Board are aware does not involve any unusual amount of labour or expense.—

Vide Para 5, 7, 8 & 9

Some of the lands assessed with 9. Cusoory in Vellore, Moodivurty, Wootcore and Gundavarum, are stated to be under water and consequently incapable of Cultivation. If lands partly

partly submerged in the beds of Tanks are assessed, they are such as are usually under cultivation and can be tilled as the waters subside.

Para 12

10. In regard to the Statement of the Petitioners that their old grain and cattle were attached while their current year's produce was lying in the fields available for distraint. I beg to observe that it is true that the Tahsildar attached the grain in their Houses and fields indiscriminately but when this was brought to my notice, I directed that the produce in the fields should be first Reaped and any deficiency afterwards made good by distraining other personal Property.

11 Under the foregoing circumstances and considering that in the 5 Villages under

12th to 31st July. There was a partial fall of rain during this period and freshes came down the Pennar. Wet and Dry lands are being cultivated.—

August. There was a partial fall of rain in this month and freshes came down the River, the water running from 8 to 11 feet deep. Water is running in the channels and is serviceable for wet cultiva tion. Cultivation under Tanks depending on rain has not progressed, the Tanks not having received any water.—

Here

September. There was a partial fall of rain and no freshes in the Pennar, but there is still water in the River Channels Cultivation under Tanks depending on rain has not advanced properly, the tanks not having yet received any water.—

October. There was a partial fall of rain and the freshes in the Pennar rain from 4 to 11 feet deep affording a good supply to River Channels, but cultivation under Rain Tanks has been somewhat undefeded, the Tanks not having received Sufficient supplies.—

November. Rain has fallen in this month throughout the District and the Pennar re: ceived freshes from 1/8 to 3/8 of its full supply Water is running in it from 4 to 10 feet deep. Tanks have received from one fourth to a full supply. The 2nd or 2d Series of Dry crops was sown late, the soil having been too moist to admit of its being sown earlier.

December. Partial rains have fallen in this month, but as freshes came down the Pennar

There do not seem sufficient grounds for the continuance of the entire Yeomiah but looking to the intention of the Original grant, Viz. of the encouragement of learning, and the length of time the family have been in enjoyment the rule for the gradual extinction of Pensions not strictly hereditary might perhaps be applied in this case. With this view the Board recommend that a moiety or Rupees 4-2 per mensem be allowed to Nursoo Sastoorloo, the eldest son of deceased to cease at his death.

From the Collr. of South Arcot ... Sir

I

Brings to notice that while enquiring into the old arrears his attention has been drawn to a balance against the

In Scrutinizing the old outstanding balances of this District preparatory to forwarding the report upon them called for by the Board my attention has been drawn to

to an annual arrear of Rupees 887-12-2, which has accumulated in the Paliemcottah Jaghire Villages on account of the Cavil Poroopoo since the resumption of the Wodiarpolliam Poligars Inamniems and fees in Fusly 1252, The subject has already been brought before the Board and I have now the honor to proceed to give the information called for in the letter from your Office to my predecessor under date 7th May 1846.

2.

The Statement in the Margin shows the correspondence which has passed on this question, and I may shortly observe that on the resumption of the Poligars income in Fusly 1252/1842, the Collector Mr. Davis, finding that the Paliemcottah Villagers would not make any satisfactory individual arrangement regarding the Cavil Poroopoo, entered the Inuctah, or fixed amount due from each Village in a Sunedogeem Puttah, and directed that

the Village Officers should collect it from their communities according to the just liabilities of the different Cultivators. The people however objected to the Demand, alleging that it was a new and improper one, and on their appealing to the Board the Collector was called upon for explanation and meanwhile instructed not to enforce the demand. On the Collectors reply being sent, more detailed information was required, which there has been difficulty in obtaining and the question has thus remained unsettled up to the present time.

Pctr. No. 379 of 1845

3. In the Board's letter now under acknowledgment, information is asked for regarding the increase shown in the Settlement Report for fusly 1252 under the head of Cavil Fees amounting to Rupees 1,400—14—3 occasioned by transferring from the Enam account to the ain Jummah the amount of Cavil fee in the Villages of Callamalay and Poliencottah Jaghires as the Manargoody and Chellumbrum Talooks did not originally belong to this District the old records connected with them

are imperfect and this want is naturally most conspicuous in the Jaghire Villages from their not having been under Sirkar Management in the early part of our rule. In fixing the amount of the Cavil Poroopoo due from the Collamalay and Pollicemottah Villages it was consequently necessary for Mr. Davis to act upon information obtained from the Jaghire dar's records, or Duftar in 1239 — when the particulars of this item were entered in the District Enam account. According to the Muctah of the different Villages as then obtained the Cavil Poroopoo amounted to Rupees 887—12 2. in the Palicemottah Jaghire and to Rupees 513—2—1 in the Callamalay Jaghire, thus constituting the sum to which the Board refer.

4. In the Collamalay Villages no objection was made to the demand and the Cavil Poroopoo has been paid with regularity from the resumption in Fusly 1252 up to the present time.

In

In the six Villages of the Manargoody and Chellumbrum talooks also the Cavil fees, or Sotuntrum as they are termed, have been regularly collected according to the data shewn in the old accounts of Fusly 1217.- In these Villages the payment of this Sotuntrum is confined to the cultivated Sirkar lands, Manieums being excepted.-

5. As the Cavil fees are prevalent throughout the District and no objection was offered to them in the Colemalay Jaghire I am of opinion that the opposition made by the Policencottah ryots is unfounded, and that their payment would have been acquiesced in if Mr. Davis proceedings had been supported. Before however yielding, the Villagers were emboldened by the known want of accurate early accounts to complain that the demand was a new one, and they obtained the aid of the Canungoes in carrying out their views for although the Canungoes could not deny that a Cavil Charge was paid according to the information obtained

from the Jaghiredars records they purposely made confusion about Sirkar and Manniam lands, and surrounded the question with such difficulties as to impede its settlement.-

6. But although the demand was thus in my opinion a legitimate one it would press injuriously hard upon the Cultivators to proceed to the recovery of the arrears now by the distraint of their property and in submitting my report upon the outstanding arrears I propose therefore to request sanction for writing this item off. With respect to the course to be pursued in future regarding these Cavil fees I should certainly deem it proper under other circumstances to recommend their levy in the Policencottah Villages, as discontent would otherwise arise from their being collected in the other parts of the Talook.- But as Government has sanctioned a general revision of the assessment, including the introduction of a fixed assessment into the

the Jaghire Villages, during which these fees will merge in the land teerwah, as is already the case in the Hooloos Salooks, perhaps the Board will deem it unnecessary to agitate the question in the meantime. For this degree of indulgence arguments may be found in the circumstances of the Pollicencottah Villages where the Cultivators are poor and the land consists principally of Poonjah which still pays a Coonasy or 2d. crop assessment. The Cavil Muctah would also require to be revised before being introduced, as the amount entered in the accounts is unduly heavy in some Villages, a point which my predecessor Mr. Davis has brought to notice, and these fees are about to be absorbed in the land teerwah on the introduction of a fixed assessment it may be deemed inexpedient to make any arrangements now for regulating their amount and enforcing its collection.

7. In accordance with the instructions

instructions given in Para 4 of the letter now under reply. I forward an abstract Statement in the form received from your Office shewing the particulars of the Cavelly lands and fees resumed from the Woodiarpolliem Poligar according to the Settlement of Fusly 1252. as it would require accounts of great length to give this information separately for each Village, and a similar Statement could not be prepared for the two subsequent fusslies without entailing much labor on my Office, I am induced to hope that the present Statement will be deemed sufficient, in conjunction with the information given in this report, regarding the manner in which the Cavil fees have been collected since their resumption especially as all questions connected with

Fort St. George 27th September 1852

with them will be set finally at
rest in the approaching revision
of the assessment.

8. In the last Para. of the letter now under reply in=formation was desired regard=ing the sum of Rupees 120 which appeared by the Dutch manuam accounts to be alienated to the Pagodas in 7 Villages. The detail of these alienations were ascertained by the Tah=sildars from the examin=ation of the Village Offic=es and I find allusion to such alienations in the old correspondence of the Dis=trict

prior to the resumption, the Cavil Collection from was collected in the nine Villages by the Talook servants, according to the rates fixed in Fusly 1217, and paid to the Cavilgar or his agents upon his receipts. Since the resumption the amount has been carried to the credit of Government after disbursing to the Pagoda authorities a sum equivalent to the proceeds of the alienated portion for 5 years under the author=ity given in the orders of Government dated 7th May 1843.—

Reporting on the claims set

Sir,

In obidence to your Board's orders conveyed by Endorsement — hearing

10960

Fort St. George 27th September 1852.

Sets up by Loonimara Venkatachella Reddiar the present Zemindar of Torriore for the management of Davastanums of the Torriore Talook agreeably to the order conveyed in the Board's Endorsement on Petition No. 1627 of 1852

hearing date the 21st Ultimo on Petition No. 1627 of 1852. I do myself the honor to report on the claims set up by Chettia Lollemma Loonamra Venkatachella Reddiar. at present holding temporary professions of the Torriore Zemmindary for the Control and Management of the several Davastanums in the Talook of Torriore.—

2. Before passing my endorsement on the Application made to me by the Petitioner. I perused the Correspondence that took place at the time when Mr. Onslow made his arrangements for the withdrawal of the Government interference with the Hindoo Temples of the District, and the impression made on my mind was that, the transfers then established and approved were to be for ever considered as final and complete, and that the Government interference once withdrawn was not again to be applied, unless in the case of investigation called for under provisions of Regulation VII of 1817.—

3. In the present case we find that Durmasumvurthy Ummal was nominated both because she was the proprietor

+ Vide Para 31 of Letter 11th September 1841 when the opposition to the Zemindar as a female was considered factious.—

proprietor of the Zemmindary and as a fit + person to Superintend the Institutions in which duty she has up to the present time performed without complaint. Consequently I cannot see that there exists any necessity on the part of the Authorities to interfere and deprive her of the Control, & proprietorship of the estate upon Security pending an Appeal before the Sudr Udalut Court at Madras. The result of which law proceedings may or may not be favourable to the claims set up by the adopted son in opposition to the Widow who made the adoption in the first instance.—

I cannot think that it ever could have been intended, in the first instance when the Davastanums of the Torriore Talook were made over to Durmasumvurthy Ummal to declare that, such nomination to the Trust of the Institutions was of itself to be deemed as belonging to the Office of Zemmindar apart from the individual.

Neither can I conceive that such nomination was intended to grant a right per se to others claiming the Proprietorship as long as Durmasumvurthey Ummal was alive, or

or the issue of any claims to the Zemindary still pending and in doubt before a Court of Law.

5 — The proprietorship of the Zamindary in the present instance is still undecided, and as we have a Trustee of the Pagodas in possession against whose administration heretofore no complaint or opposition has been made, I would respectfully urge that it is more advantageous to allow the present Management to proceed than to put in a fresh incumbent who may again in his turn be removed in the event of the present suit for the Zemindary going against the Respondent placed in temporary possession of the Estate upon the security given by Mr. G. Fischer of Salem and who in consideration of such suretiship has the entire Management and Control of the Istimrar Estate.

6. Should Chettia Collero Comara Venkatachella Reddy be successful in his actions and obtain full right, title and possession to the Zamindary, It will then, I submit, be time sufficient for the recognition of his claims or rather pretensions of the Office of Trustee and to the possession of Devasthanums which never at any time formed an integral part of the Estate.

7. The subjoined exhibits the number and revenues of the Institutions in the entire Talook and your Board will observe that the interests at stake are large, and such, that should not be permitted to pass from hand to hand during the uncertainty of legal proceedings where

8. Doubtless it was as your Board observe, "the intention of the Legislature that the Office should be held by the proprietor of the Zemindary," but I question the expediency or justifiableness of disturbing present arrangements in the present stage of the Petitioner's affairs. If however your Board are of a different opinion and determine to transfer the Davistanems to the Management of Petitioner, I would suggest he be required to give security for the Rendering of all the proceeds and surplus Revenues of the Temples in the event of the award of the Appellate Court being against him.

To J Bird Esqre

Collector of Trichinopoly

Sir.

I have the honor to acknowledge your letter of the 29th July last, transmitting to me 3 appeal Petitions presented to the Board by Seethavarnien the late Curnum of the Village of Poyarnary and Seeroochapoor in the Talook of Vettively Ramasamy Iyengar and Sungaravar and Moodelly late Varit Curnums of the said Talook against my decision passed under the provisions of Regulation IX of 1822 on the 18th February 1852 and directing me to furnish explanation to the several allegations and objections put forth in the appeal Petitions.

2 The matters put forth in these 3 appeal Petitions form one and the same subject as all the appellants are concerned in one case.

3 The first appellant states that he is a Curnum of the Villages aforesaid. This allegation is utterly false. He was employed by the

the Collector only in 1845. Neither his father nor his grand father held that office prior to the above said period. It was not held as hereditary in his family.

4 The 2 and 3d appellants are not Government servants. They are mere agents of the Village Curnums who were appointed to do duty in the Talook Cutcherry and are entitled to grain fees deducted from the allowance of the Curnums.

5 These 3 appellants who combined together to defraud the Government produced false Edyvar accounts in Fusly 1260 and obtained remission to the Ryots as follows. Rupees 93-4-7 to Poyarnary Village Rupees 33-3-0 to Seeroochapoor.

6 After the completion of the Gummahbundy one Soliem a Meerasy inhabitant of Poyarnary presented a petition to the Hoozoor stating that the accounts furnished by the appellants were false. on which an order was issued to the Tahsildar directing him to examine into the truth of the matters set forth in the petition and make a report. The Tahsildar accordingly made his report on the

31st

31st December 1851 Stating that the complaint of the Petitioner is correct and that there was no Edylear whatever.

7 The 1st appellant presented a petition stating that the Tahsildar misrepresented the matter, and made an unfavorable report owing to the ill advice of certain adversaries whom the Tahsildar consulted and also gave a deposition on the 20th January 1852 and endeavoured to confirm the truth of the Edylear account.

8 In order to ascertain the truth of this case. I proceeded to the locality accompanied by Head Goomastah Ruvaga Row and inspected on the 31st January 1852 the spots pointed out to me by the appellants as having been encroached upon. but to my surprise. I found nothing which could lead to the discovery of Edylear. on the contrary I found the field to have suffered no injury. a Nallah or Channel was running between the field and the bank of the Wyacondaw and the bank of the Wyacondaw was also entire and protected

protected by the Durbah Grass and wild cane planted about 10 yards in the bed. all these signs are calculated to shew that neither the bank nor the field suffered any injury during the freshes. If it had undergone any such alleged change there would have been left sufficient marks to shew it. no such marks were visible. no trees of several years standing were destroyed, but were found to remain in the same state in which they were found prior to the time in which the Edylear is said to have taken place.

In order to satisfy the appellants and the Ryots who obtained remission on account of Edylear. I thought it proper to measure the paddy fields stated to have been injured I therewith forward two Statements of my measurement by which it will be evident that none of the fields underwent any injury or change except two which appear to have an actual deficiency of 10¾ Goontahs, and which is under 5 per Cent. In the Statement of Teeroochia poot village there is a decrease in two spots

spots which is very trifling and unworthy of notice.

The appellants state that in fusly 1259 or 1260 a remission of Rupees 1258 was granted on account of the allegal which occurred by the breaches of the Wyacondam. This allegal was not caused by the breaches of the Wyacondam but by the fresh of a Jungle Stream.

The appellants further state that in consequence of recent repairs done to the bank of Wyacondam no marks of the breach are visible. Even if this were granted there would be some decrease in the extent of the field which is said to have been damaged. on the contrary the field is entire as usual.

They also state that the whole village was not surveyed. It was quite unnecessary to do so. The survey of such fields as stated to have been damaged was alone found necessary.

The 1st appellant states that he did not affix his signature to the allegal account. This statement is an utter falsehood. The 5 Cudjans bear containing

containing the accounts of Poyamaney Village dated 3d December 1850 4 Cudjan leaves of the same account dated 5th February 1851 and 3 Cudjans of the accounts of Seenoochapoor bear his signature. The other two appellants assigned the first mentioned accounts. an inspection of these accounts will disprove the allegation of the appellants.

The 3 appellants were present during my examination but refused to sign the accounts thinking that if they did, it would prove detrimental to their interest.

In short the falsity of the accounts of Edybar furnished by the appellants is proved in the examination made by the Tahsildar and in the survey conducted by me. What further proofs can be adduced against the appellants than these accounts.

I herewith forward 3 depositions given before me by the appellants in which they persist to confirm their false allegation of

Edybar

Edybar but no confidence can be placed in them after my own personal inspection.

In order to set an example to the other Curnums of the District I fined the 1st. appellant 100 Rupees and the other two in the sum of 50 Rupees each besides this they were dismissed from their respective office which are not hereditary.

Complainant
Soobayen of the Village of Poyamaney in the Talook of Vittoocotty.

Defendants
Seta Ramayen Curnum of Poyamaney and Seroothapoor
Sangara Narain Modelly and Ramasamy Pyergar Curnums of the Talook of Vittoocotty

The Complainant states in his plaint that the 1st. Defendant the Curnum of the Village of Poyamaney and

Trichaspoor and the other two Defendants who are the Curnums of the Talook connived together with the Ryots of the above two Villages and defrauded the Government Rupees 93-4-7- being the tax of Cawnies 6-69-7/16 and Rupees 33-3-- in the Village of Sreechaspoor, being a tax of Cawnies 2 Goolies 90 11/16 by producing false accounts of ye despaur on the lands said to have been encroached on by the Wyacondan river in fusly 1260.

This plaint was referred to the Tahsildar of Vittoocotty Talook for examination and report.

The Tahsildar accordingly examined the Yedespaur spot, and reported to the Collector on the 31st. December 1851 with several documents stating that the claim of the Ryots for yedespaur is false, and the Defendants give false accounts and got the remission.

This report of the Tahsildar has been referred by the Collector to the Head Assistants Office under the authority vested in him by the provision of Regulation VII of 1828 for his examination and decision. The Defendants proceeded to confirm their Statement of Yedespaur being true when examined. The Head Assistant Collector with the Head Goomastah of the Huzzoor Cutchery proceeded to

Fort St George 27th September 1852

to Examine the spots on the 31st January and is of opinion from personal inspection of the spot, that the ye despaw account produced by the Curnum the 1st Defendant, and the account of re-examination produced by other two Defendants are entirely false. By the present survey account it appears that all the fields remain unaltered to their original extent.

The 1st Defendant the Curnum of the Village has framed this false account in the first instance and the other two Defendants the Kant Curnums of the Talook who were deputed to Examine the truth of the Curnums account of the Poyamary Village instead of declaring the truth gave false report.

Therefore the first Defendant is fined the sum of Rupees 100 the other 2 Defendants 50 Rupees each and in default of payment the 1st Defendant to be Confined in the Zillah

Fort St George 27th September 1852

Zillah Jail for a period of 3 Months and two other Defendants 2 Months each.

The Tax of the land remitted in these two Villages in Fusly 1260 being Rupees 126-7-7- is forthwith to be recovered from the Cultivators who had remission on false pleas and the land is to be brought again to the account of Fusly 1261.

The First Defendant not being a Merasdee Curnum of the Village he and the other two Defendants are dismissed from their Office they having persons unworthy of trust-

Sir,

With reference to your letter of the 8th September 1852 on the subject of the comparison made between the Estimates of Cummums at the Salt Spans and their outturn on actual measurement at the Golams. I am directed by the Board of Revenue to point out to you that you have not stated in your letter whether the comparison extends to the Estimates received from the Cummums at Vulloor and Vyaloor yet the Memorandum enclosed in your letter leads to the inference that the same examination is made as to all Estimates whether from Vulloor and Vyaloor or other Spans otherwise it does not appear how the difference between the Estimated quantity and actual outturn could be entered.—

The Board do not see how the check to be effected must proceed from the Chingleput authorities, who can only know of the defects in their Cummums Estimates on complaints from you of deficiency &c. and will punish them accordingly.—

2 In affording further information on the points noticed the Board request that you will explain on what data the Cummums Estimates are framed and state whether no other measure of check suggests itself to you beyond the mere comparison between the Estimated and actual measurement as mentioned by you.—

The Chief Secretary to Government

Sir

I am directed to submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying

Fort St. George 30th September 1852.

Collectors in connection with the recent orders of the Court of Directors on allowing Ryots the full benefit of improvements made by their own Capital without additional assessment and submitting certain points for Special Consideration.

From Govt. to Collectors 30th Sept. 1852.

accompanying Copy of instructions which the Board propose to issue to the several Collectors in connexion with the recent orders of the Honorable Court of Directors allowing to the Ryots the full benefit of improvements made by their own Capital without additional assessment The points which it is desired to bring specially under the notice of Government are 1st the Nature of the pledge to be given to the Ryots in the event of a revision of the assessment at any future period and 2d The restrictions which it may be deemed expedient to impose on the general application of the privilege now about to be conferred.—

2 With respect to the assurance directed to be given viz. "that when the general rates may be altered the revision as respects lands improved by their holders will have regard only to the intrinsic quality and position of the land as compared with other lands of similar natural soil and situation" the Board entertain some doubt whether this assurance does not convey a pledge which will have the

the effect of limiting for ever the assessment on well lands often to the lowest Poonjah rates, and so thus embarrass the Government when it may undertake a general revision of the assessment at some future period. The effect of the liberal measure now to be undertaken cannot exactly be foreseen but should it result in the relinquishment of much of the higher assessed lands or the necessity for giving up a larger proportion of the assessment of the old well lands than is at present contemplated it might hereafter be deemed expedient to improve a some what higher the still moderate rate or the more profitable new well lands such for instance as that adopted in the Palnad viz the highest Poonjah rate of the Taloork or village They would remark that in Bellary and Cuddapah the practice of withholding the 1/4 permission on new well lands is in effect an addition to the assessment to that extent and it seems desirable that the Government should not deprive itself of the option of making an equivalent increase in districts

districts where the 1/4 remissions are unknown. There will be nothing to prevent the principle of making no increase in the rates when a general revision shall take place as from being carried out to its fullest extent all that the Board desire is that freedom of action hereafter should not be fettered by a pledge now to be given and which circumstances at present unforeseen such as a great change in the market rate of produce may render it inconvenient or impolitic to adhere to.—

93 The Honorable Court has

Para 1 referred to the recommendation of Government that the benefit proposed should be conferred under such precautions only as may be required to prevent abuse" and the Board have carefully considered what restrictions by way of precaution it might be necessary to impose or retain These have hitherto had reference to the amount of outlay on the wells the permission of the local officers being required before a well could be dug and to the rule by which

a

a ryot is not allowed the indulgence if any part of his ordinary holding be relinquished &c. but they have not thought it necessary to specify any with the exception of that referred to in Para 3 of the draft Circular now submitted for approval Viz. that no well constructed at a ryots expence will be free from additional assessment if it in any way interferes with or derives benefit from any existing work kept up at the expense of Government by which they understand all tanks and watercourses as well as the surplus water from such works They are doubtful whether the prohibition should extend to wells sunk in the immediate vicinity of large rivers or jungle streams the more so that there would be much difficulty in defining with precision as where such prohibition should cease or take effect but for the present and until the result of the measure should be ascertained it might the Board think, be prudent to consider all flowing water of every description as Circar water and

and wells deriving an immediate and evident supply from such water as not entitled to exemption.—

4 The Board would not specially repeat the rule requiring that no part of a ryots ordinary holding shall be given up but the general rules in the Rookumnamah which require that good and bad land shall be relinquished in like proportions that is that the separated field or fields shall form a profitable holding for another occupant will still remain in force.—

5 In revising the assessment on the old well lands the Board consider that the attention of Collectors should be first directed to those which are specially adverted to by the Honorable Court in the 6th and 7th Paras of their despatch Viz. well lands which have been already abandoned in consequence of the high assessment imposed upon them. The General rules of assessment on well lands whether in the shape of original assessment

assessment or of Punjah Sastee will then have to be reported on and the object being to place the old highly assessed garden lands on a fair equality with the lands subsequently brought under well cultivation and at the date of the survey recorded as Poonjah" the revision of these pates will be more immediately required in those districts, where there are even at the present time considerable quantities of this discription of lowly assessed garden lands In the districts to which the privilege of sinking wells on Punjah land without additional assessment has not hitherto been accorded, no immediate equalization will be called for and the revision may be more gradually effected as the new wells increase.

(Here Enter No. 7351)

Ordered that Copy of the foregoing orders of Government with Copy of the Honorable Courts Despatch to which it has reference be circulated for the information and guidance of the General Collectors.

2 Under the orders of the Honorable Court the ryots are to have the full benefit of their own improvements, the lands thus improved being subjected to no additional assessment on that account so long as the general pates of the District remain unaltered and it is the desire of Government that every rule that may be found opposed to the letter and spirit of those orders may be struck out of the Rookomanahs. It is also to be explained to the Ryots that when the general pates of a District may be altered the demand will be regulated with reference to the intrinsic quality and position of the land as compared with other land of similar natural soil and situation, and not with reference to any improvement which may

may have been effected by the Ryot at his own cost.—

3 Whatever may be the limitations at present enforced as to what wells shall be free the only restriction in future will be the following.—

No well constructed at a Ryots expense will be free from additional assessment if it in any way interferes with, or denies water from any existing work kept up at the expense of Government.— When Wells are to be sunk this should be given to the Collector in order that a correct return of those works may be kept on the Public records.

Para 5-6-7

4 Adverting to the concession now made, it is the desire of the Honorable Court that the state of the old Garden lands where the additional cess is heavy, should be enquired into and brought under the consideration of Government.— They point however particularly to gardens deserted on account of the failure of the supply of water, or from the inability of the Ryots to make good the original Jamabandi

even after abatements which may have been sanctioned.— In all cases of this description it is the desire of the Honorable Court that the demand shall be re adjusted without delay, by bringing the assessment to a fair equality, with the lands subsequently brought under well cultivation and at the date of the survey recorded as Poonjah. It is not intended by these orders that the Poonjah rates shall absolutely form the Maximum of demands in all cases in which a reduction is necessary, but that a fair equality shall be maintained for which purpose it is important to bear in mind that the land on which the excessive rates are imposed will be found for the most part of good quality and that in the Ceded Districts to which the Honorable Court specially refer in Para 4 of their Dispatch as furnishing a rule in the introduction of the present measures, land occupied by private wells does not enjoy the benefit of the 25 per Cent reduction allowed on all Poonjah lands which is tantamount to assessing well land at 25 per Cent above the ordinary Poonjah

I The present extent and Teerwa of land under Well Cultivation, distinguishing between lands originally classed as Bagayet and that originally classed as Poonjah, but now paying Teerwa Jaster. and the amount of that Teerwajastee.—

II The extent and Teerwa of land under Well Cultivation, distinguishing between Bagayet and Poonjah before, which is undubitably too highly assessed, and the assessment at which the Collector thinks it is desirable to fix.—

III The extent of land under Wells, abandoned on account of the high assessment, shewing the pates imposed and those proposed for the future and the total difference it would make in the Teerwa of the whole land thus abandoned.—

honors notice by the local authority at Benares that the endowment though originally proposed to the Government as one of a public and secular character for the convenience and entertainment of Travellers has now become exclusively a religious institution for the feeding of Brahmins and celebration of certain rites of worship.-

3 The local authorities are desirous of being informed upon what footing the other Choultries established in Madras now exist, and whether they are devoted to the public benefits of the comfort and refreshment of Travellers, contemplated by Colla Singhana in his first address to the Board of Revenue.

4- They further desire information as to the wishes of the heirs and executors of the Founder of the Choultry, whether they are desirous of keeping up the religious character of the endowment at Benares, or whether they would desire the Choultry to be adapted according to Colla Singana's original proposition to the general convenience of Travellers.-

Bd. No. 2218
From the Secretary to Government.

Stating that Government see no sufficient reason for disturbing the boundaries of the Grazing Farm at Bellary as at present fixed, and sanctioning the actual charges incurred in fixing the permanent boundary stones.

No. 894

Extract from the Minutes of Consultation, Revenue Department, under date the 10th September, 1852.

Read again letter from the Commissary General dated 29th November and recorded in Diary to Consultation 10th December 1851- No. 1351.

Read also the following Extract from the Proceedings of the Board of Revenue

(Here enter 16th August 1852- No. 352)

Para 1. The Right Honorable the Governor in Council has had under his consideration the letter from the Commissary General dated 29th November last and the voluminous correspondence which accompanied it, together with the Report of the Collector of Bellary submitted by the Board of Revenue with their Proceedings recorded above.

2 The object of the Commissary General's communication is to obtain for the public Cattle Grazing farm in Bellary the retransfer of a range of Hills close to Saltanpore with the view of "affording "sufficient food for the Draught Bullocks and Camels without interfering with private claims."

3. It appears from the Collector's explanation that the present extent of the Grazing Farm as limited under the orders of Government dated 11th December 1849 and 27th June 1850, is 10,019, besides 539 acres of land in Yettumhully belonging to the Soondoor Rajah, making in all 10558 acres the limits of which have been defined by permanent Boundary Stones. It appears also that this extent gives an average of 26 acres per head to the entire number of Cattle on the Commissariat Establishment, and 48 acres per head to the number (216) actually Grazing on it, and is therefore more than sufficient for the purposes of the Farm: and that the retransfer of the portion now applied for, besides undoing what has been already effected at the expense of so much time and labor, would lead to many inconveniences.

4. The Governor in Council concurring in the views of the Collector of Bellary sees no good or sufficient reason for disturbing the boundaries of the Grazing Farm as at present defined, and he desires that the Commissary General will distinctly understand this resolution to be final and that Government are to be subjected to no further references on the subject.

subject.

5 As directed in para 4 Extract Minutes of Consultation 27th June 1850 the Quarter Master General's Department will supply a Map in Duplicate of the present boundaries of the Grazing Farm, acres 10,558; one Copy of which will be deposited in the Collector's Cutcherry, the other with the Commissariat Officer.

6 The Governor in Council sanctions the actual charges incurred in fixing the permanent boundary Stones of the Grazing Farm amounting to Rupees 393-9-0 three hundred and Ninety three, and annas Nine.

7 The unnecessary length to which the correspondence respecting the Grazing Farms has been carried is much to be deprecated. The attention of the Commissary General should be given to check undue prolixity in the correspondence of his Department.

The

The position of the Topes it will be observed are difficult of exact definition- They consist of straggling lines of trees running mostly along the sides and in the beds of Nullahs but there is no difficulty with the aid of the Map in distinguishing the Trees now given over to the Military Albarry and I apprehend no misconception on this head-

It will be only necessary to define the extreme limits of these Military Albarry Topes by placing 10 large Stones shaped in a proper way to distinguish them from the Cantonment Stones and fix them at the points shown in the Map by 10 yellow marked to represent stones The Cantonment stones are coloured blue in the Map-

It will be observed that he is entered as having served both in the Chittoor and Bellary Districts at the same time Viz. from the 11th April to 7th July 1840 a discrepancy which after a correspondence with the Collectors of those Districts on the subject still remains unexplained. I have reason to know that the good conduct and character of Narrain Moodily and his professional acquirements gained him the confidence and good opinion of the several Commissioners and Engineer Officers under whom he has served and I am able to add my own testimony in his favour. The period of his service is 25 years 10 Months and 18 days and I beg to recommend the grant of a Monthly pension of

Bd No. 2077

From the Collector of Chingleput

Sir,

I have the honor to report on the accompanying petition presented to Government on behalf of Condanna Naidoo the Junior son of the late Venkatakrishnamah Naidoo a Canil Shrotriemdar of this District with Reference to the Board's endorsement thereon dated the 27th October 1851.

Reporting on the nature of the title under which the continuation of a Pension to the Junior son of the late Venkatakrishnamah Naidoo a Canil Shrotriemdar is claimed in Petition addressed to the Board of Revenue

I beg to refer the Board to the Correspondence noted in the Margin which fully explains the Circumstances under which a pension of 30 Pagodas per Annum was granted by Government to the deceased Venkatakrishnamah Naidoo the Continuance of which pension to his Junior son and heir is sought for in the present Petition. The allowance in

question having been entered in the Register of this Office as a life Pension apparently in Consequence of the finial order of Government dated the 4th August 1818 (Copy of which accompanies this Petition) granting the Pension "to Pooloo Reddy Venkatakrishnama Naidoo" without any allusion being made as to the same being hereditary I had an alternative but to discontinue it on the demise of Venkatakrishnamah Naidoo in June last.

3 It is however to be observed in favor of the claim set forth in the Petition that the recommendation of Collector Mr. Boor as contained in his letter to the Board dated the 29th December 1817 for granting a life Pension to Venkatakrishnamah Naidoo was discountenanced by Government who in their letter to the Board dated 31st March 1818, expressed their opinion that the allowance to the Petitioner further and afterwards to Petitioners has been regulated with reference to claims proposed by the Poligar on Government in consideration of Resumed Cavil privileges

Fort St. George 30th September 1852

4 His allowance having exceeded the sum considered as an adequate remuneration for the duties required of the Petitioner as Police Darogah was on the abolition of the said office fixed at 30 Pagodas per Month Exclusive of the proceeds realizable on his Shrotriem Villages) the Remainder having been resumed in Consideration of his having been relieved of the duties of the Darogaship. His arrangements by which the reduced allowance was continued to the son of the original grantee in Consideration of resumed family privileges would tend to the supposition that the grant was hereditary though not so expressly declared.

5 The Shrotriem Villagers referred to are according to the terms of the Purwanah enjoyed by the grantee and his heirs as are the other Cavil and Nattamar Shrotriem villages in the District. It will under these Circumstances remain with the Board and Government to decide on the propriety or otherwise of Continuing the Pension.

6 The four Shrotriem Villagers enjoyed

enjoyed by the Petitioners family have upon an average of the last five years and according to the accounts furnished by the Curnums of the respective villages yielded Pagodas 280 per annum including Shrotrium Rist Pagodas 43 and Sibbundy and Inaum Charges Excluding Fuslies 1259 and 1260 as unfavorable years and taking the average of the preceding five years the Villages in question have yielded Pagodas 320 which is considerably below that stated in Collector Mr. Cooke's letter of the 29th December 1817.-

From the enquiries instituted the Shrotriumdar's family appears to consist of 40 persons his daughters and their husbands living in the same family.-

Proceedings thereon.

Communicating with the Board's views thereon a letter from the Collector of Chingleput relative to the pension granted to the late Pota Reddy Venkata Kristnamma Naik being continued to his Son.

Resolved that the above letter be forwarded to Government with reference to Endorsement on Petition 1621 of 1851.

2. Petitioner is the brother of the late Pota Reddy Vencata Kristnama Naik and Guardian of his nephew the son of deceased in whose favour he prays that the pension granted to his father may be continued.-

3. The Civil privileges of the Polligars of the Jaghire having been resumed in 1802. with the exception of their Shrotrium Villages which were continued to them.- Pota Reddy Condama Naik the father of deceased was one of the four Polligars selected by Mr. Greenway to fill the Office of Police Darogah on a monthly allowance of 70 Pagodas.

4. Upon his death his Son Venkata Kristnamma Naik succeeded, and held the office until the years 1816-17 when on the general reform of the Police system, these Darogahships were abolished and on V. Kristnama Naik's petition Government were pleased to grant him a pension of

To Magt. Chingleput
1st August 1818.

of 30 Pagodas monthly, which was discontinued on his death in June last.

5. The Collector in giving a sketch of the circumstances which led to the Grant supposes that Government in their letter to the Board under date 31st March 1818 "discountenanced the recommendation of a life pension preferred by the Collector and the Board, and he appears therefore favorable to it's continuance to the Son of deceased.—

In Consg. 9th Apl. 1818. P. 3. L. From Collector 5th in Cons. 8th June 1818. To Chief Secy. 8th June 1818

6 The Board are unable to see that this conclusion is borne out by the communication referred to which they view only as indicating the grounds on which the Government considered that a pension should be granted, and the principle upon which it's amount should be regulated; but it leaves untouched the question of whether it should be an hereditary or a life Grant— This can only be inferred from the general principle upon which the claims of the Pollegars were treated at the time, and the Proceedings adopted in the case of others similarly situated. The former question is very fully discussed in the Board's report

report to Government on the introduction of the Perm: manent assessment (9th April 1802) in which (Para: 66) it was proposed that the Pollegars who had Mocassa villages should continue to enjoy them as Shrotrium on payment of a small assessment and those only who had no lands should receive life pensions.—

7. It is to be observed that as the date of the Collector's letter in 1818, one only of the 4 Pollegars originally appointed was alive, and that the heirs of the remaining two, enjoyed their Shrotrium Villages only.—

From the Collector 29th December 1817 in Cons. 8th January 1818 Para. 7–9

8. It may be inferred also that where the contrary is not expressed, the "pension" granted by the Government was the life pension recommended by the Collector and the Board.—

9. The 4 Shrotrium Villages of deceased, which are hereditary are calculated to yield, including Quit Rent and charges, 1330 Rupees per annum, the Board are therefore of opinion that under the circumstances above noticed, there are not sufficient grounds for recommending the continuation of the ready Money pension.—

From the Collector of Salem

Sir,

I have the honor to request that should there be no objection your Board will favor me with a copy of the communications noted below in view to my being assisted in the consideration of a matter connected with the practice of this District of altogether removing from a ryots pottah for any given year, the nunja lands on which for want of water, a remission of assessment has been granted.

From the Sub Collr in charge, Madura

Sir,

In reference to the Board's Circular dated the 6th May last which requires Assistant Shroffs to give Security for 2,000 Rupees each, I have the honor to inform you that besides 3 Assistant Shroffs there are in the Treasury 3 others servants designated "Gollahs" whose pay is 7 Rupees each per month and who had given security for 500 Rupees each previous to the receipt of the Circular referred to, and in soliciting the instructions of the Board as to whether the same amount of Security is to be demanded from them as from the Hoozoor Deputy Shroff, I have the honor to explain that their duties are to open and shut and seal the Treasury rooms and cash chests, to take the

the cash bags from and keep them in the chests, and to tie up the bags, assisting the shroffs at the time of shroffing the coins, in weighing and counting the money subject to the orders of the shroffs.-

It does not seem desirable that they should be altogether exempted from furnishing Security but adverting to the nature of the duties and the small amount of the Salary perhaps the Board may deem the amount already furnished sufficient.-

B/ No. 2030.

From the Collector of Tinnevelly.

Submitting a report on all Items of balances of Revenue due on account of Fusly 1218 to 1259 and remaining unadjusted at the close of Fusly 1261 as shewn in the accompanying two Statements A and B.-

Sir,

1. With reference to the concluding para of the Board's Circular of the 11th March last, I have the honor to submit a report on all Items of balances of Revenue due on account of Fusly 1218 A.D. 1808/9 to 1259 A.D. 1849/50 and remaining unadjusted at the close of Fusly 1261, as shewn in the accompanying two Statements A and B.-

2. On reference to the Statement A it will be seen that the balance due from Fusly 1218 to 1259 on account of Land Revenue amounts to Rupees 16,981-1-9- and that due on account of Exctra Revenue of Fusly 1259 to Rupees 79-6-11, of the former sum are considered as:-

Doubtful Rupees	15,781-8-11-
Irrecoverable Do.	1,199-8-10-
	16,981-1-9-

3. The doubtful balance embraces

embraces the undermentioned 4 Items.-

1. Teerwah on 11 Seed Cottahs of wet land in the Iyen Village of Shencottah Mailvarum and 6 11/64 Chains of Poonjah in Vadacaray Reelpedaghy entered in the accounts of this District as due to the Company, but objected to be paid by the Travancore Circar, the former since Fusly 1218, and the latter since Fusly 1252, on the ground of the lands being in their enjoyment for a long time Rupees 1976-8-6.

Vide Items Nos 6 and 7 of the Statement which accompanied my letter of the 5th Instant.-

2. Teerwah on lands in dispute between the Government and certain zemindars in Tinnevelly which must remain under this Head until the efforts used for effecting a Settlement of the dispute prove successful Rupees ——— 4,356-12-1.

3. Do. on Do. on lands in dispute between the Government and the Ryots of Ramnad in Madura ——— 3,080-11-1.

15,413-4-8.

15,413-4-8.

The necessary orders have been given for the attachment of such portions of the lands as are considered to belong to Tinnevelly agreeably to Minutes of Consultation of 7th February last.-

4. Do. on lands under Canoolum a Tank belonging to a Chuttrum but remaining as a balance in consequence of the said lands having yielded a short produce ——— 368-4-3.

15,781-8-11.

The improvements to the irrigation of this Tank alluded to in my report of 13th September last having been effected, there was an increase in Cultivation in Fusslies 1260 and 1261. and the trifling amount collected on account of those Fusslies in excess of the Cuttoogoottah bariz is now in deposit, which with the amount realized in the Current fusly will be carried to the credit of Government in part satisfaction of the balance.-

With regard to the sum of

4. Rupees

Rupees 1199-8-10- entered as Irrecoverable in the Statement A. I have the honor to state that of Rupees 540-13-5 are debited to parties situated as particularized in the Margin, and all efforts to recover the same having proved ineffectual, this amount must be pronounced hopelessly irrecoverable, and I therefore request you will be good enough to obtain sanction from Government to write off the same to profit and loss as well as the remainder Rupees 658-11-5 which are also classed as irrecoverable for reasons detailed in the accompanying Statement B.

Dead Rs. 97-8-0
Insolvent 443-5-5
540-13-5

5- Of the sum of Rupees 79-6-11. due on account of Exctra Revenue of Fusly 1259 Rupees 1412-2-0 are against parties whose condition is noted in the Margin, while the remainder or Rupees 64-10-9. is considered irrecoverable for reasons given in the Statement B, and I beg therefore to request you will be good enough to obtain the sanction of Government for writing off the above sum also to Profit and Loss.

	Rs.	A.	P.
Dead	1	6	4.
Deserted	1	14	6.
Insolvent	11	7	4.
	14	12	2.

6- With reference to the Board's Proceedings of the 30th. October and the Minutes of

of Consultation of 5th. December last prefixed to the Board's Proceedings of 18th. December on my report of 13th. September 1851 on the old balances up to Fusly 1258, I have the honor to state that out of the balance of Rupees 619-6-10- entered as recoverable in Statement A which accompanied the said report Rupees 195-9-5 having been already collected previous to the receipt of the above orders of Government, the remainder Rupees 423-13-5- being mostly balances which are due by persons who have become insolvent is entered under that Head in the Statement A accompanying-

7- Of the Items Nos. 3 and 4 of the Statement B which accompanied my last report, the former has been agreeably to the Board's instructions at once deducted from the Jummabundy accounts of Fusly 1261, and the latter will be treated as in the accounts of the current fusly.-

Proceedings thereon.

Submitting for the orders of Government a letter from the Collector of Sivaveilly reporting upon the outstanding Balances of his district from Fusly 1218 to 1258 remaining unadjusted to the close of Fusly 1261 and requesting the Collector to furnish certain further particulars in his future reports.

(Proceedings of Fort St. George 30th October 1851. From Dist. & C. Collr. 18th Decr. 1851.)

Resolved that the letter above recorded together with its enclosures be submitted for the consideration and orders of the Right Honorable the Governor in Council.

2 The Balances from Fusly 1218 to 1258 remaining unadjusted to the close of Fusly 1260 were reviewed in the papers noted in the Margin, and the irrecoverable portion Rupees 3124. 10. 5 having been written off under the sanction of Government to be followed in the following items for future adjustment and report.—

Recoverable Balances. 619. 6. 10.

Doubtful do — " — 14700. 12. 6.

3. Of the Recoverable balances the sum of Rs. 195. 9. 5 which is particularized in the Margin were recovered in Fusly 1261 leaving Rs. 423. 13. 5 at the close of that year, which is now declared to be irrecoverable and the items composing the last sum are in like manner noted Marginally.—

Fusly 1238. Rs. 20. 5. 1.

and being hopelessly Irrecoverable, the Board recommend that sanction be granted for writing them off in the Collector's Accounts.

5. With regard to the doubtful balances the particular heads of which were stated in the Board's Proceedings of the 30th October 1851 para 4 and amounted to Rs. 14,700-17-6, a further balance of Fasly 1259 of Rs. 1080-17-5 accrued under the same head in the following proportions

1. On lands in dispute between the Tinnevelly District and Travancore Circars	Rs. 184-10
2. " in dispute between the Government and Zemindaries in Tinnevelly	Rs. 715-10
3. " in dispute between the Government and Ramnad in Madura	" 177-15-10
4. " belonging to a Chattrum	" 203-11-2
	1080-17-5

Thus increasing the amount of doubtful Balance to Rupees 15,781-8-11.

6. The Board have already in the Proceedings just quoted, pointed out that the realization of the First and Third items are contingent on the adjustment

Fort St. George 30th September 1852.

adjustment of the dispute referred to - and they would now observe that the Collector in a recent letter reported the steps that have been taken

From Collr. 5th Aug. 1852 — 26th Aug. 1852 Resolution thereon 7th Sep.

for the adjustment of the First, but was called upon to state whether the boundary between Tinnevelly and Travancore could not be laid down by a properly qualified Officer and was reminded that he had not specified as required by Government the sums in Deposit, realized from time to time from the Trustee lands. Adverting to the Third item the Board would point out that the Collector of Tinnevelly has been directed to carry out the orders contained in Extract Minutes of Consultation 7th February 1852.—

In Cons. 19th July 1852.

7. The Board observe that the Balance against the 4th head of Doubtful Balances for Fasly 1259 is greater than the accumulated arrear for all the period antecedent to it - but as the Sank which irrigates the land has since undergone repairs it is hoped that it will enable the Ryots to meet the past as well as future demands with greater punctuality.—

8. The Collector will in his future reports enter into some further detail regarding the Doubtful Balances under these four heads and will submit a Statement

11037. Fort St. George 30th September 1852

Statement exhibiting the details under each Fusly wax - He will also state Fusly wax the amount of Cuttoogoottah Beriz of the Land under the Tank belonging to the Chettums adverted to in the last items and whether the produce is divided by the Government authorities and under what circumstances their interference became necessary -

Ordered that a copy of the foregoing Extract be submitted to Government and a transcript of the same be furnished to the Collector of Tinnevelly -

To The Collector of Coimbatore.

No. 1964. Sir,

To the Collector of Coimbatore } I am directed by the Board of Revenue to return herewith your Demand Collection and Balance Statement for 11th July 1852 with its Enclosures, and to request that you will revise and return them, in accordance with the instructions contained in their letter of 19th July 1852.

11th July in Cons 6th Sept 1852

2- In the present Statement it is observed that the Sum of Rupees 7710-10-11. is entered as the "Current Demand" and "Current Collection" of Extra

Extra Revenue, and that the columns for "Collection on account of Arrears" is left blank & thus making it appear that the Amount collected was the entire Current Demand.

3- On a reference to your letter of 14th October 1851 in which he requests that the irrecoverable Sewoy Jumma Arrears from Fusly 1225 to 1260 Amounting to Rupees 7618-1-10 may be struck off, it is noticed that of the recoverable portion, Viz. Rupees 289-7-3 a sum of Rupees 100-15-11. was Collected - RP 7328-10-7. September 1851 which the Board presume has been included in the Amount referred to in para 2 above, tho' it is not shewn separately in the Statement.

4- Under the head of Arrears, both in the Demand Collection and Balance Statement and Enclosures C and D. the Demand Collection and Balance of Sewoy Jumma Arrears should also have been entered.

5. You are likewise requested in revising the Statement and Enclosures now returned as well as in future Returns, to distinguish separately the

From the Collector of Madras

Sir,

With reference to your Circular Letter-

Fort St. George 30th September 1852

letter of the 6th May 1852 I have the honor to forward a List of persons from whom it is proposed to take Security in compliance with the requisition of Act XII of 1850.

2 It will be observed that the Officers from whom Security is proposed to be taken in this Office differs in some degree from the List given in Rule 1st Appended to Para 1 of the Circular under dated Knowledgment. This difference arises from the peculiarities of Revenue Management obtaining in this District.

3 The Statement forwarded shews the persons from whom it has been usual in this Collectorate to take Securities and the Amount hitherto demanded contrasted with the present proposals.

4 I have endeavoured to fix the Amount of Security now to be demanded with reference to both to the Actual receipt of money by each individual and the Salary he receives from Government.

5 On receiving the Board's sanction for carrying out the proposed System of Securities I beg I may be at the same time favored with the Board's opinion

Fort St. George 30th September 1852

opinion whether in taking security as above proposed, the Collector may not be left to his own discretion in taking either real or personal property as the case may require.

6 Believing that the expression "personal property" signifies all property as opposed to "real" or landed property I would also solicit the orders of the Board whether Collateral Security by another individual merely of the value of a personal obligation, and suretiship should be received in any but the lowest situations. This has been a general mode of taking Security in this district for the lower appointments of Toddy Conicopolies and premises of Toddy Conicopolies and premises. The Act No. XII of 1850 appears to exclude Suretiship alone and the Bonds Circular does not refer at all to this mode of Security.

7 In conclusion I beg to be informed whether the Security Bonds in future to be taken, can be Registered at the Sudder Adalut or whether I should forward them for the purpose of Registry to the Singleput Courts.

11 The Increase in the collections of current Land Revenue occurred in the Districts noted in the margin. In South Arcot from a larger extent of Land cultivated. In Rajahmundry from the unfavorable season in Fusly 1259 having prevented the due collection of revenue from Government Estates, as well as from Zemindaries which was not the case in Fusly 1260. In Madura from an Enhanced Beriz, and from a more punctual realization of the Peishcush. In Salem, Cuddapah, Kurnool, Trichinopoly, and Malabar, from a more favorable season. In Masulipatam from the revenue from the Vayore 4 Zemindaries as well as from certain Amany Villages for Fusly 1259 not having been realized until the close of that year whereas the Demand of Fusly 1260 was more punctually realized. In Tanjore from enhanced prices of Grain, as well as from extended cultivation in Olungoo Villages. In Chingleput and Canara from

from an enhanced Beriz and in Ganjam from the reversion to Government of Mokherry Zemindary by purchase at public sale for arrears of Peishcush.

Decrease	3,38,382-6-7-

12 The Decrease occurred in the Districts noted in the margin. In North Arcot chiefly from the 3d Kist of the Peishcush of Fusly 1260 due by the Zemindars of Calastry and Cavetruggur having been allowed to stand over for future collection in consequence of unfavorable season. In Guntoor from the Ryots having thro' poverty abandoned certain dry lands and from the large remissions in several Taloks on inundated Crops and on inundated lands left fallow In Tinnevelly from a less extent of land cultivated in consequence of Drought and from short produce on lands caused thereby. In Nellore from a diminished Beriz influenced by the losses sustained by the floods of May 1851 and by a fall in prices of Grain In Bellary from

from the remissions which followed the Storm of May 1851. and the forbearance from the same cause shown to the Ryots generally in the realization of the revenue. In Coimbatore Vizagapatam and Madras the variations are trifling.

Extra Collections of Land Revenue.

13. Under this head there was a net Increase of Rs 12,984-10-11 resulting from a Gross Increase of Rupees 37,402-9-5 and from a Gross Decrease of Rupees 24,417-14-6.

14. The Increase occurred in the Districts noted in the margin. In Coimbatore from larger sales of Sandalwood and Sea Mark of the Government Forests credited under this head. In Canara from the sale proceeds of Timber rejected out of that felled for the Bombay Dockyard. In Madura from larger Advances for repairs of Tanks adjusted under this head. In Malabar from greater penalties levied on unstampt deeds and the value of Stamps recovered under Regulation XII of 1818. In Bellary from the Collection of revenue of 2d Crop cultivation in excess of the Jummabundy. In Salem from the revenue of lands cultivated after the Jummabundy was closed. In Chinglepute, Ganjam, Rajahmundry Cuddapah Kurnool, Trichinopoly and Madras the increase is from usual fluctuations.

15. The Decrease occurred in the Districts noted in the margin. In Vizagapatam from Commission on the Vizianagram Zemindary not having been credited in the accounts, as it was transferred to the Special Agent. In Masulipatam from the large credits to this head, in the preceding year, of surplus collections of the Chavadam Village, whereas no such result occurred in Fusly 1260. In Southern Arcot from less Woolegam allowance to Village Servants credited to this head, and from no rent having been collected from the Porto Novo Iron Company. In North Arcot from the smaller extent of Enam Lands resumed in Fusly 1260. In Nellore partly from this cause, but also from the small amount of Sista Cumum Rookums which remained unrealized at the commencement of Fusly 1260. In Tinnevelly, Guntoor and Tanjore, the decrease is from the usual fluctuation to which this head is subject.

Increase

24. The Increase under this head is the result of a Gross Increase of Rupees 61,078-1-7 and of a Gross Decrease of Rupees 40,030-1-6. The Increase occurred in Bellary from Mr. Pelly having drawn the paid salary of Collector while in the preceding year Mr Mellor drew the portion only to which he was entitled when on leave from 9th February 1850. In Salem from the arrears of Salary due to the late Mr Lockhart and from the appointment of an Assistant

Assistant Collector - In Kurnool from the adjustment in account of the Salary drawn by Mr Maltby at Salem from 12th February to 30th June 1850 - In South Arcot from the adjustment in account of the Salary of Mr C. J. Reid for a longer period than in the preceding Fasly - In Trichinopoly and Tanjore from the appointment of an Extra Assistant - In Canara and Madura from the short payments adjusted in the accounts of the preceding year which did not occur in Fasly 1260 - In Tinnevelly from larger arrears of salary drawn, and in Rajahmundry from the disbursement of Mr Gosttings' Salary.

The

Decrease. 25 The decrease occurred chiefly in North Arcot from part of the salary for June 1851, not having been charged within the Fasly, and the Salaries of the three Assistants in Fasly 1259 having been beyond the usual proportion. In Chingleput from the adjustment in Fasly 1259 of the Salary of Mr R. R. Cotton which result did not occur in Fasly 1260. In Ganjam from the arrears debited in Fasly 1259, which was not the case in Fasly 1260. In Cuddapah from 11 Months Salary only having been debited in Fasly 1260. In Guntoor from deductions in the Salary of the Collector on account of

DJ. leave

leave of absence and from the salary of an Assistant Mr Sandeman not having been debited — In Nellore from the Sub Collector not having drawn full salary and from Mr Cadell having drawn no deputation allowance as in the preceding Fasly — In Malabar from no Assistant having been appointed within the Fasly subsequent to the death of Mr Chester. —

The Decrease under this head occurred chiefly in the Districts of Trichinopoly, North Arcot, and Cuddapah — In the first District from 13 Months Salary having been debited in the preceding year, whereas a whole year's Salary was charged in Fasly 1260. and in the two last Districts from 11 Months only having been debited in Salary only Fasly 1260.

The Decrease under this head requires no remark —

The Decrease occurred in the Districts noted in the Margin. In Madras from a season of drought having occasioned scanty wages to the lower orders of the inhabitants who are the chief consumers of Arack and Toddy. In Chingleput from the small arears outstanding at the commencement of the year and from the Renter having been punctual in the payment of his Kists. In South Arcot from the former cause. In North Arcot and Masulipatam from the irregular payment of Kists by the Renter. In Kurnool and Cuddapah from a diminished Dowle. In Nellore partly from the last cause and partly from the less punctual payment of rent. In Guntoor from the Sale proceeds of Palmyra Trees and leaves hitherto included under Abkary having from Fusly 1260 been credited under the head of Small Farms and

and Licences and Canara from the depressed price of Grain having led to a diminished consumption of Arack and Toddy

49

Charges.

There was a Net Decrease in Charges which is confined to the Madras Collectorate and is attributed to a diminished supply of Arack received from the Commissary General for the licensed shops as well as from a less quantity of Jaggery purchased for distilling Putta Arack.

In the Collections under this head there was a net Increase of Rupees 8788 7 4 resulting from a gross Increase of Rupees 29073 12 9 and from a gross Decrease of Rupees 29285 5 5.

51 The Increase occured in the Districts marginally noted. In Canara from a brisk demand

demand for Amendeni Coir having augmented the Sales as well as from enhanced offers for the Ferry Farms - In Bellary from the large Arrears due at the commencement of the Fusly - In Masulipatam partly as from this cause and partly from the increased rent of Fisheries In Guntoor as from the Sale proceeds of Palmyra Trees and leaves formerly brought under Abkarry having from Fusly 1260 been credited under this head - In South Arcot from the Renters having been more punctual in the payment of Kist - In Rajahmundry from augmented rents caused by an improved trade In the remaining Districts the items of Increase are small.—

52

The Decrease in Madras is from the omission in Fusly 1260 of the Cochrane Canal Toll on Salt imported from the Ports which is not a cash receipt but merely a nominal one - In Tinnevelly from less Arrears due at the commencement of

the Payment of Tax in Rajahmundry to the same cause arising from an improved Trade in Bellary from the larger Arrears due at the commencement of the Fusly in the remaining Districts the Increase is immaterial—

55 The Decrease occurred in North Arcot from the Collections of the entire year not having been punctually realized in Cuddapah from the large arrears collected in the preceding Fusly which did not result again in Fusly 1260. In Guntoor from the destruction of Cattle and Sheep during the rains of Fusly 1260 on which Tax would otherwise have been payable in Tinnevelly partly from certain Weavers in the Shermadavy Talook having thro' poverty relinquished their Looms and partly from no Moturpha Maneins having been assessed as in the preceding year. Letter from the Secretary to the Court of Wards To Messrs. Dale & Boyson 22d May 1851.

Para 1. With reference to your letter to our address noted in the Margin, and the subsequent correspondence thereon and particularly our letter of the 6th July last We do ourselves the honor of forwarding for the information of the Court Copy of an Extract from the Proceedings of the Court of Sudr Adalut dated the 16th instant refusing to review, but explaining the effect of their Order of the 19th April 1852.

2. With reference to our letter to your address under date the 28th July 1851, requesting you to send us a sum of Rupees 2000 as an advance on account of the fees of Mr. Advocate General and ourselves on the

the Appeal suit regarding the Sivagunga Zemindary we beg to state, that in making that request we were under the impression that Mr. Advocate General had determined on requiring in his Sudr Court practice, a fixed fee for all cases in which his services might be desired whether such cases were of a trifling nature, or otherwise under this impression we on the 2d July 1851, forwarded to Mr. Advocate General our Cheque for the amount of the fee we had understood he had so determined on requiring. This Cheque was realized, and until Monday last, we were under the impression that Mr. Advocate General had accepted the amount as his fee in the Sivagunga Appeal suit. On that day however he intimated to us, that in formerly mentioning the particular sum we have referred to, he had intended to convey to us, that that amount was the minimum fee which he would accept, in any case in the Court of Sudr Adalut, in which his services were desired we are quite ready to admit that the sum

Sum Mr. Advocate General had named was a most inadequate fee for a case of the extent and importance of the Shevagunga Appeal suit, but having received from Mr. Advocate General, the impression of the course he had determined on pursuing which we have before alluded to, we never gave a moments consideration to the subject, as regarded the Adequacy or inadequacy of fee we had marked and paid. Mr. Advocate General having however now explained what he intended to convey to us, and having requested us to mark and pay him what we consider an adequate fee in the Shevagunga Appeal suit we are under the necessity of soliciting from you a further advance—

3. The papers were furnished to us at different periods, and irregularly, owing to which and the shortness of the time between the period of our being instructed, and the time fixed for the matter coming on, we were obliged to deliver to Mr. Advocate General the instructions as we could complete them, and not having as yet received the

the papers back from Mr. Advocate General, we are not able to make out a memorandum of our fees, but if you would now favor us with a further advance of Rupees 8000, we would settle with Mr. Advocate General in regard to his fees. Then obtain the papers from him, and send you a Memorandum shewing the balance which will remain due to us—

(Here enter S. M. P. No. 326 of 1852).

In the foregoing Petition No. 221 of 1852 the Petitioner prays the Court of Sudr Udalut to review the judgment passed by them under date the 19th April last dismissing from the file of Sudr Udalut a suit No. 7 of 1849 and either to reverse or omit so much of the 9th para thereof as declares that the parties therein referred to can pursue their rights in the Court of Original Jurisdiction in the first instance viz. the Zillah Court and that that Court must be guided in the admission and hearing of their claims by the Regulations in force or so to explain and modify the same as to preclude any inference being drawn therefrom that the Court of Sudr Udalut has decided in favor of or given sanction to, the claim of any or either of the parties whose appeal has been

Fort St. George 30th September 1852

been dismissed to bring another Original suit for the recovery of the Shevagunga Zemindary—

The Petitioner contends that the admission of any of the parties referred to, to file a new suit, based upon the title claimed by them as the heirs of the Original Plaintiff for the Establishment of a title which has been adjudicated on by a Court of competent Jurisdiction and has been disposed of by a Decree which has become final in consequence of the dismissal of the appeal preferred from it would be illegal and inequitable as being contrary to the Laws in force in this Presidency and calculated to entail upon the Petitioner serious hardship and to expose him to endless litigation

The Counter Petitioner on the other hand contends that that portion of the Order referred to, to which the Petitioner objects, is perfectly correct and prays that it may be allowed to stand—

It appears to the Court of Sudr Udalut that the Petitioner has misconceived the purport and intenment of the observations contained in para 9 of this Courts Proceedings of the 19th April last

St

Fort St. George 30th September 1852

It was not intended by those remarks to convey any recognition or sanction of the claim of any of the parties referred to, to file a fresh suit for the Establishment of the title in litigation in A. S. No. 7 of 1849 which was question not then before the Court, but to point out that the only means open to them for prosecuting any claim they might respectively consider themselves to possess to the Zemindary of Shevagunga was to have recourse to the Court of Original Jurisdiction which Court it was expressly added would be guided as to the admission or hearing of their claims by the Regulations in force.

This portion of the Order in question is sufficient to preclude the inference that any expression of opinion in favor of the admission of any such claim to a hearing before the Court of Original Jurisdiction, much less that any authoritative sanction for the adoption of that course was intended to be conveyed, and the Court therefore deem it unnecessary to omit or modify that portion of the Order to which the Petitioner refers.

It will be for the Court to give a decided opinion on the point in question should it be ever duly brought before them by motion.

Extract to the Petitioners Vakeels on his application.

Extract also to Counter Petitioners Vakeels on application.

Fort St. George 30th September 1852

Ordered that the following letter be sent in consequence.

57-58

To Messrs. Dale and Boyson

Gentlemen,

Dt. No. 951
To Messrs. Dale & Boyson
In Cons. 30th Sept. 1852.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of 22d September 1852, and to inform you that they feel it incumbent on them as responsible for the interests of the Minor Zemindar to call for some explanation as to the extent of the Fee expected by the Advocate General, and what you propose to give him, as it would appear by your application for a further advance of 8,000 Rupees to be something far beyond the amount usually received by him. The Board further desire me to intimate their wish that instead of making an advance, they may be furnished with an account of all Costs and Fees in this Suit, up to the present date and they will then be ready to enter upon an adjustment.

Revenue Board Office,
Fort St. George,
30th September, 1852.
