Bd No. 1470. Sir

From the Acting Collector of Tanjore

Fort St. George.

I have the honor to request the Board's sanction to make over the Abkarry rents for Fasly 1263, to the parties who have offered for them according to the accompanying Statement.—

In submitting a similar Statement for the current year the Collector remarked that the offers were considerably less than those made for the previous Fasly, and he explained to the Board the cause of the decrease. It is believed that the profits of the renters were considerable, and a knowledge of this has led to a large advance in the offers for the ensuing year.—

B/. No. 1131.

From the Collector of Masulipatam. } Para 1.

Reporting the measures necessary to be adopted in regard to the proper arrangement of the Native records of the Cutcherry.

Sir,

With reference to your letter of the 9th Instant, I have the honor to state that the examination of the Teloogoo records which I stated in my letter of the 5th February last was in progress, has not yet been completed neither does it appear possible from the great accumulation that this can be finished for many months, especially as I have directed that the examination shall be a complete one and that lists be carefully prepared.—

From

2. From the small progress already made by the few Members of my Establishment whom I can spare for this important duty, and from my conviction that it is most necessary that the arrangement of the records which have accumulated during the last 6 years, should be satisfactorily effected without delay and from much inconvenience having been experienced in the despatch of business from the great disorder in which they are at present lying I have now determined to apply through the Commissioner for sanction for a small temporary Establishment of Goomastahs for 6 months as the only way of ensuring the due arrangement of the records. I believe I am correct in assuming that this recommendation should be forwarded through the Commissioner's Office or I would at once apply through the Board for the purpose of obtaining it.

3. I take this opportunity of stating that detailed accounts connected with the late inland customs, as well as of

of other Departments which appear now to be of no use, form a considerable portion of the old records occupying valuable space and tending to create confusion I would suggest that these should be disposed of by sale or be destroyed. Their removal would relieve the superfluous accumulation and materially contribute to the efficiency and regular arrangement of the important records to be retained. This was I believe done in Guntoor a few years since and I would request early instructions from the Board on this point.

4. I have already reported to the Board that the native records for some years are in utter confusion, that the late Record Keeper has been removed, and that measures are in progress for arranging the records, and that as I find it impossible to effect this object in any reasonable time through the means of my regular Establishment, I am applying for assistance.

5. Under these circumstances

I

I venture to express my hope that my attempt to effect a complete examination and arrangement of the records of this District, which cannot be effected within many months, may not necessitate delay in the disposal of the other reports before the Board.-

6. It was my intention to turn my attention to the subject at the earliest possible date after my return to Masulipatam, as I have not been able to visit the station except for 2 days on duty with the Civil Engineer since I addressed the Board on the 5th February, but I think it best at once to apply to the Commissioner for the temporary Establishment the necessity of which is already apparent.-

Proceedings thereon.
(17-18)

Resolved that the foregoing letter with its enclosure be submitted for the orders of the Right Honorable the Governor in Council.

2 The Board recommend that under the explanation afforded by the acting Collector to the remarks of the audit Office, the Civil auditor be authorized to admit the charges for Fusslies 1258-59. and 60, as exhibited in the Extract, amounting in all to Rupees (9241-2-6) nine thousand two hundred and forty one, annas two and pice six.

3 They further recommend that the disbursements to these Cavilly Peons up to 12th October 1851 of Fusly 1261 be also admitted as it is observed that on the following day the whole District Establishment was revised according to the sanctioned Mozenzabetah in which the Cavelly Sibbendy is included.

Sir,

19

B.R. No. 847.
From the Collector of Tinnevelly.
Requesting to be instructed whether under the amended Circular of 25th November last ryots will be entitled to have the full benefit of their own improvements of every kind whether by digging wells constructing Tanks &c. and also upon what principles disputes between Poraj Goodies and land owners of the nature within mentioned are to be decided.

Para 1- With reference to Extract from Proceedings of the Board of Revenue dated 25th November 1852, I have the honor to request you will be good enough to instruct me whether under para 1 of the amended Circular ryots will be entitled to have the full benefit of their own improvements of every kind whether by digging Wells, constructing Tanks, building Anicuts, forming Channels &c.

2- There are many places in this District where Poonjah lands may be converted into nunjah by means of new Tanks, anicuts or Channels without water being perceptibly drawn away from any previously existing Government work. And it is likely that ryots would be induced to undertake the requisite improvements in some instances on condition of paying poonjah teerwah only while in consequence of the outlay not being recoverable within 5 years by increased assessment the works could not be recommended to be undertaken

on

on account of Government.—

3. But if it is intended under para 1 to allow ryots the full benefit of their own improvements of every kind I am at a loss to understand why in para 2 the assurance that the taxe on lands cultivated by means of the ryots future improvements will never be enhanced unless on a general revision of the District rates is limited to the case of Wells alone. or why para 3 makes allusion only to that species of improvement.—

4. I must observe however that though no harm is likely to attend the rule that when Wells are to be sunk notice need not be given to the Collector, it would be hazardous to allow the more important descriptions of works above mentioned to be constructed by ryots without notice being given to the Collector for the purpose of his procuring the Civil Engineers opinion whether exciting or projected Government works are likely to be detrimentally affected by the ryots proposed undertaking.—

5. With respect to Wells I beg to bring to the Board's notice that near the Sea Coasts in the Punchamahl and Vellijoor Talooks of this District water is found within 2 or three yards of the surface of the soil in land which

7141 Fort St. George 9th June 1853

is excavated at the cost of four or five Rupees By means of such wells or rather pits a great extent of garden Cultivation especially of Plantains is annually carried on. When the wells fall up which they soon do in the land where others are dug it may be in a different place. I apprehend that the spirit of the orders under Consideration are not applicable to works such as I and describing, which not being costly and having no permanency can scarcely be designated as improvements of the land. At present notwithstanding the instructions given in para 13 of Extract from Proceedings of the Board of Revenue dated 15th September 1842 the practice is to levy the usual taxe on plantains &c. when raised with the help of water from such new Wells and at other times when Common Poonjah Crops have been grown on the same land to collect the usual poonjah Teerwah.

6. I beg to submit for the Board's Consideration Copy and translation of a Proclamation made by the Collectors in July 1253 at the time of distributing Puttahs

Pullaloo which explains the extent to which the Board's instructions which have just been pointed to have received effect. From this it will be seen that in the whole of the Punchamahl and the parts near the sea of the Vellioyoor Taluk where water is found in shallow Wells hollowed out of the sand, lands classed as Poonjah when Cultivated by means of irrigations from new Wells are assessed as before for Poonjah Betel and Plantain Crops, but at double the poonjah rate for Cocoanut and Jack trees or Sugar Cane and that in all other parts of the District the assessment on lands watered from such Wells remains the same as before for Poonjah and Betel, but is double the poonjah rate for Cocoanut and Jack trees, Plantains and Sugar Canes-

7 If the Board think proper I propose that the orders now to be promulgated shall be made applicable also to all lands irrigated from Wells sunk by the Ryots at their own Cost after the year 1842 In all parts of the District except Punchamahl and the Sea Coast of

+ But see Board's Ord: 6th February 1846 Para 17

of Vellioyoor Taloks, the Concessions allowed in the amended Circular should I consider be carried out to the fullest extent, but in those excepted tracts as I cannot regard Wells in the light of improvements of the Land, I beg to recommend that the rule proclaimed in 1846 may be continued as respects Poonjah, Betel, Plantains and Sugar Cane Cultivation, but that the Culture of Cocoanut and Jack trees be dealt with in accordance with the topic Rules sanctioned by Government under date the 4th January 1848-

8. The landed Tenures of this District where Meerasy rights exist differ so materially from those with reference to which general Rules for the Revenue administration of the Madras Presidency are usually made that there is almost always some difficulty experienced in applying them here-

9. The object proposed to be effected by the operation of the new rules is to elevate the Cultivators to the condition of Land owners, a Class of whom there is no deficiency in Tinnevelly, and unless some care is taken in the application of the new Rules they may be found to have the effect of Conferring on one party a semblance of a title

titles to ownerships of land belonging to another. The majority of the Villages in this District are held as Pungamally Battamy or yekabhogum tenures and though as a large proportion of the land in them is cultivated by many ryots distinguished as Paracoody ryots the Puttahs are in general given and held by the Meerasidars. But the Meerasidars are not allowed to eject the Paracoody ryots from their holdings so long as they cultivate and pay their dues - Under the new rules it is likely to become a question whether a Paracoody may sink a Well at his own expense without the land owner having a right to increased rate of Swamibhogum on the improved land, or whether the land owner has a right to dig a Well himself and take the land under his own cultivation, or oblige the Paracoody to pay him a higher rent for it. The importance of this question will be very great if the new rules include improvements of all kinds as well as Wells and this will be found most particularly in some of the northern parts of the District, where a peculiar system has become established in some Villages In the cases I allude to the Paracoodies

7141 Fort St. George 9th June 1853

Paracoodies have gained a Concession to have Puttahs made out in their own names for the Poonjah lands Cultivated by them, while the Punjah is Registered and the Puttahs for it made out in the name of the Pungallies; under this system whenever any Poonjah becomes Converted into Punjah by whatever party the Paracoodies right to the Puttahs ceases and the land is entered in the Puttahs of the Pungally although the right of the Paracoody to hold the land is still upheld if he is willing to pay the Punjah teermah and Customary Swamibhogum to the Pungally -

11 If in one of these Villages the Pungallies should be able to make improvements and Convert poonjah lands Cultivated by Paracoodies into Punjahs or Gardens it will have to be decided how they are to derive benefit whether, though only the poonjah teermah is to be collected from them, they will be at liberty to demand the usual rent for Punjah from the Paracoody or to eject him. It will also have to be decided whether the Paracoody in such Villages possesses a right to convert his Poonjah holdings into

into Nunjah without forfeiting his Poonjah Puttah or without obtaining the Consent of the Punchaiet -

12. Disputes arising out of the cultivations described by rotation are not unfrequent now, and will be more frequent under the new Rules. I beg therefore to be instructed upon what principles they should be decided. In connection with this point the Board will perhaps call to mind Mr. Thomas's observations in the 32nd and following paras of his letter dated 31st January 1816 -

13. There are no old garden lands in this District as the ayacut accounts contain only the distinctions of Punjah and Poonjah and therefore the 4th and remaining paras of the Extract from the Proceedings of the Board of Rev: -menue under Notice Require no re: -marks from me -

Proceedings thereon -

Assuming instructions respecting lands Cultivated by means of Wells sunk at the exclusive expense of Ryots

19-20

The Board of Revenue understand the orders of the Honorable Court to have reference especially to Wells - Works which from their nature require scientific superintendence, and the stability of which is likely to affect both Public and private interests should not be undertaken without special reference to the Board -

2 The Rules are applicable to Canals Wells or Coodalu Rivers but in the opinion of the Board not to such Dams as merely divert Circar Waters from Rivers into the Ryots field -

3. The proclamation referred to in para 6 should be cancelled. In the Cases referred to therein the Demand of Government will be limited to the fixed assessment of the land irrespective of the description of Product that may be grown. The Proclamation it is presumed has reference to Well irrigation only and not to Lands supplied from Circar sources -

4 The Collector proposes in para 7 that the recent orders should be made applicable also to all Lands irrigated from Wells sunk by the Ryots at their own cost after the year 1812. He is informed that the Board's instructions were not intended to have retrospective effect -

With

Fort St. George 9th June 1853.

5. With respect to the question discussed in paras 8 to 12 the Board would observe that the recent orders regarding Kell cultivation should be fully carried out, so far as regards the demand of Government, but they are not prepared to lay down any specific rules for the regulation of the respective rights of Inferior Landlords and Para-Coodies; all disputes in this respect should be disposed of by the Collector under the authority vested in him by the Regulations, due Consideration being given to local usage and the claims of the party at whose expense and by whose labour improvements have been made or else by the Civil Courts

R. No. 1269.
From the Collector of Tinnevelly
Reporting the sales of Abkarry and of the Kill rents of the District for the ensuing Fusly 1263.

Sir,

I have the honor to report the sale of Abkarry and of the Kill rents of the District for the ensuing Fusly 1263 which took place on the 28th Ultimo before me at Tinnevelly.

2. The accompanying Statement exhibits the amount of the rents for Fusly 1262 in comparison with the offers now made for Fusly 1263 with the names of the renters.

3. The highest offer made by the Individuals named in the enclosed Statement for the Arrack rent of the whole District including the Toddy rents of the towns of Palamcottah and Tuticorin amounts to Rupees 27,560 and is in excess of the sum for which they were sold last year by Rupees 9,560. For the general toddy rents of the District with the exception of those of the said two towns the highest bid is Rupees 5,630 which exceeds that of last year by Rupees 810.

The

4- The total increase under the two heads of Arrack and Toddy rents of the District arising from a strong party feeling which has influenced the biddings for the ensuing Fasly amounts to Rupees 10,370 as shewn in the Margin-

Fasly	Rupees
1262 -	22,820
1263 -	33,190
Increase	10370

5- The Kill rents of Tenneavey, Brammadasum, Kangoonary and Vellioor were disposed of for the sums set down opposite each on the Statement, making in all Rupees 4595 or 1,315 Rupees in excess of the sum for which they were sold last year Vizt Fasly 1262-

6- The highest bid now made for the Cheyroot rent of the ensuing Fasly is Rupees 1450 which is below that of the previous year by Rupees 3800 owing to experience having taught the candidates that under the liability of being excluded from the most productive lands, the farm is too uncertain to venture upon at so high a rent as was given for it at the last sale-

7- The present holder of Chank rent was the only Candidate present at the auction for next Fasly, and bid 2000 Rupees subsequently he has offered by letter

Cop

(of which a Copy is enclosed) to take the rent for one year for Rupees 2500 or for 3 at Rupees 2250 per annum - Under the existing state and prospects of the Market for Chanks, I would recommend Mr Coggs offer to be accepted for three years - The purchasers from Government of the Chanks fished under Arrangements in Fasly 1260, have still a considerable number of shells lying at Tuticorin which they have been unable to dispose of-

8- The Candidates for the Cheyroot rent having made a deposit of Rupees 145 on account of one Months hist and Rupees 290 in lieu of Security or both together of Rupees 435 and the other proposed renters of all the farms excepting Chank having in addition to a deposit of one Months hist tendered Security for the due performance of the contracts, orders have been issued to the Tahsildars to ascertain and report on the Competency of their securities meanwhile I have the honor to request the sanction of the Board for the final acceptance of the proposals now submitted -

To, C. J. Bird Esqre
Collector of
Tinnevelly.

Sir,

There being no competition against me above Rupees 2,000 for the Chank rent of this District for the coming season and as you think that Government will not dispose of it for the above amount, and that you cannot recommend the same under what I paid for it last year, I hereby beg to offer you for the said rent Rupees 2500 which is nearly the amount that I gave for it for the past season.

Should Government be inclined to dispose of the above-mentioned rent for a series of years, I am prepared to take it for the next three years at the rate of Rupees 2,250 per annum.

Proceedings thereon. (21-22)

1. The Board of Revenue sanction the acceptance of the offers for the Abkarry Farms of the District of Tinnevelly for Fusly 1263 exhibited in the Statement which accompanies the foregoing letter amounting in the aggregate to Rupees 33,190 and authorize the renters being placed in possession of their respective Farms on their making the necessary deposits and giving the required Security.

C. O. 14th July 1828 page 79.

2. The Board also sanction the acceptance of the Offer for the Chank Fishery, for three years, Fuslies 1263 to 1265, at Rupees 2,250 per annum; on the conditions specified above.

3. They also conditionally confirm the sale of the Hill rents for Fusly 1263 for Rupees 4,895 as a proposition has been submitted to Government for their abolition.

From Govt. 11th May 1853 To Collector 4th June 1853.

4. As the Government have recently ordered that no alteration be made in the assessment of the lands producing Chay root. Mr. Bird is requested to put up this rent again to auction and to report the result for the orders of the Board.

B. No. 1102.

From the Collector of Malabar } Sir,

In reply to the Extract from the Proceedings of the Board of Revenue dated 7th Instant I have the honor to state that the first of the 3 branches (the second in rank) mentioned in para 2 of my letter of the 17th February is named

Parpanad Valloova Poodia Hovila-gam the adopted heirs are -

Ittimar Rajah :
Revy Varmah Rajah.
Coorky Coothy Rainy -

2. The second branch (the first in rank) is the Parpanad Valloova Koredatha Hovilagam, and the only surviving member -

Rave Verma Furst Rajah -

3. The adopted member of the Pyanjery Colote"

Colote, who set up a claim in 1823 in opposition to the three nephews of the deceased Cunjoony head of the Poothee Colote alias Poodia Hovilagam, died. He was of a distinct branch and by the claim he then advanced appears to have been only adopted by the Perpanad family - There is no trace on record of his name or the period when he died - Subsequent to that event however the then surviving member of the Perpanad Valloova Poodia Hovilagam, adopted (on the countenance given by Government on the 3rd October 1823 to right of adoption and succession") and in concurrence with the three nephews of the other branch (five other heirs (two of whom have died, and the three surviving are those indicated above -

1. Of the three nephews of the deceased Cunjoony Rave Verma Furst Rajah of the Koorieadatha Hovilagam, is now the only survivor -

5 The three adopted heirs of the second branch do not appear to have bonafide participated in any share of the Malikhana attached to the first branch, tho' they signed the receipt

receipt for it in Common with Rave Verma first Rajah in accordance to the private agreements entered into between themselves.

Proceedings thereon. Resolved that the foregoing letter be submitted for the information and orders of the Right Honorable the Governor in Council.

2 During the tyrannical sway of Tippoo in Malabar, the Parpenaad family were made by force, outward Converts to the Mahommedan faith, and were thus debarred by the law and usage of the Country, from succeeding to their Rajium or Estate, on the British assumption of the Territory, a Malikana of Rupees 4,114-2-8. was however allowed to the head of the House. For the last fifty years this family has separated into two branches each of which enjoys a moiety of the MalikKana

From Collr 7th augt 1823 inCons 18th Octr 3 In 1823 Cunjoony Cummer ly called the Parpenaad Rajah died leaving three nephews heirs to the Poothia Colete

Colete or family of which he was the head, but a Counter-claim having been set up by an adopted member of another Colete called the "Pyangerry Colete," the Government decided that "the payment of the MalikKana to the Parpinaad Family should be continued and their right of adoption, and Succession recognized and assented to notwithstanding their forcible circumcision."

From Govt 3d inCons 9th October 1823

Under the Sanction thus granted 4 both branches agreed in 1824 to adopt heirs from another family, and five individuals were thus introduced two of them have died, and the other three are living.

From Collr 17th February 1853

5 Of the two branches of the Parpinaad Family the Poothia Colete or Kovilagam has entirely died out, and the Share of the MalikKana enjoyed by its Members has lapsed to the adopted heirs. The other branch called the Koorieda Thia Kovilagam, has dwindled away to one Surviver Rave Verma Rajah who now enjoys the whole moiety of the MalikKana.

attached to that branch.

6 The dispute which has arisen between the adopted heirs and the above Rajah would thus appear to relate to a more equitable division of the Mali-Kana allowed to the family, but as the existing arrangements are reported to be in accordance with the private agreements entered into between themselves the Board see no ground for the interference of Government and would therefore only recommend that sanction be granted for the prayment to Ranee Verma of the arrears not disbursed since 1849 and that the parties be informed that Government will be prepared to sanction such further apportionment of the authorized allowance as may be mutually agreed upon among themselves.

To W. H. Bayley Esq[re]
Secretary to the
Board of Revenue.

Sir.

I have the honor to acknowledge your circular letter dated 8th November inquiring whether there are any delays in the recovery of costs of civil suits brought against public servants. I can find only one case on record in this office of a suit brought against a Public Servant.

In the year 1839 the Collector was sued in the Supreme Court and Judgment in favor of the defendant

defendant was given, as appears from Mr Advocate Generals letter dated 12th April 1841 addressed to Government Not finding from the accounts of this Office whether or not the costs were recovered I enquired of the Company's Solicitor but he appears to have misunderstood the question, and as further reference is made to him.

No. 1 in A

Remarks upon Statement A

Collections of arrears of Land Revenue Colm 11

In Cuddapah, North Arcot, Masulipatam, and Guntoor the deficiency in the Collections is owing to the Demand on account of arrears at the beginning of Fusly 1262 being less than that of Fusly 1261.

Collections of Current Land Revenue Colm 12.

The Decrease in North Arcot is attributed to the want of punctuality in the payment of Kists in the proprietory Estates to the remittances from certain Talooks not having been received within the close of the Month under notice / respecting which explanation has been called for from the Collector / and to the falling off in the Cultivation to the amount of Rupees 21,334 below that of the previous year.-

Do

In Rajahmundry the decrease is attributed to the change of Kists according to the circumstances of the Villages in the Government Estates & the non-payment of Peishcush at the stipulated instalments in the proprietary Estates owing

owing to the high freshes of the Godavary and very heavy rains which injured the then standing Crops.

Do

In Chingleput the decrease arose chiefly from a less extent of Cultivation owing to the failure of rains and the depressed state of the grain Market.-

Do

In Nellore the decrease has occurred in the Annamy Collections as the Crops were swept away by floods and some fields covered with Sand.

Balance on account of arrears of Land Revenue Colm 101.-

In Masulipatam the arrears were owing to a large amount outstanding against Zemindaries. the greater portion of which appertains to the Estates transferred to the Circar by purchase, and would it is stated be recommended for remission. Respecting the remaining balance due by the Circar Villages it is observed a report will be sent to the Commissioner of the Northern Circars.-

Do

In Nellore the better portion of arrears appertains to Shrotriem Body.

The

Balance on acct. of arrears of Land Revenue Colm 101.

The remainder of the recoverable portion will it is stated be realized.

Do.

Regarding the arrears of Gunteor it is stated that one half of them appertains to Village Servants fees and Enam Jody allowances, while the other half is outstanding in consequence of the distressed state of the Ryots from successive bad Seasons Vizt a portion of this will however be brought to account.

Balance on account Current Land Revenue Colm 111

In Canara of the Current Balance Rupees 2,20,348 have since been collected and the remainder will be realized.

Do.

In Tanjore the Balance occurred Chiefly under the Head of Village rent including fixed grain rented Villages and is in course of Collection.

Do.

The Current Balance in Rajahmundry is due by several Zemindars and Proprietors, a portion of which amounting to Rupees 24,854 has since been realized, and the remainning

Balances

Balance on account of Current Land Revenue (continued) Colm 111

Balances are in course of Collections.

Of the Current balance in Masulipatam Rupees 23,449 have since been collected and the remainder will it is stated be realized as early as possible.

Do.

Of the Current Balance in North Arcot Rupees 73465 have since been recovered and the remainder is under Collection.

Do.

In Ganjam the Current balance is due by the Jaury Zemindarees which will be collected hereafter.

Do.

Regarding the Current Balance in Madura, Rupees 4,112 have been since collected and the remainder due by the different Estates, will be collected.

Collections of Salt Revenue Colm 19

The decrease in Ganjam and South Arcot is owing to the want of Stock on hand for sale and in the remaining districts Vizagapatam, Masulipatam, Chingleput. Nellore, and Tanjore to the inefficient state of the roads occasioned by heavy rains. In Masulipatam the decrease arose also from the small

quantity

quantity of Salt manufactured and in Nellore to the sickness among the Cattle.

Collection of Tobacco Revenue Colm 43.

The large decrease under the head of Tobacco occurred in Canara and Malabar in consequence of the abolition of the Tobacco monopoly under the orders of Government.

Balance on account of arrears of Extra Sources Colm 104.

The balance under the head of arrears in Chingleput chiefly occurred in Abkarij; no explanation has been furnished.

Current Balance of Extra Sources Colm 112.

The Current Balance in Canara in the different branches of Extra Sources is considerable, amounting to Rupees 48,389 which seems however to have been reduced by subsequent Collections.

Sir,

I have the honor to acknowledge the receipt of the Extract from the Minutes of Consultation No. 292 in the Revenue Department dated 14th Instant, requesting me to state with

Fort St. George 13th June 1853.

Site with reference to a letter from the Military Board, therewith forwarded, whether I consider it necessary to Maintain the Arrack Distillery at the expense recommended or have any other Course to suggest.-

2. In reply to the enquiry of Government as far as it can be answered without going into the large and difficult question of the Government Monopoly of Arrack, I would say that the present System of having all the Country Arrack required for Consumption in those limits manufactured in one spot and under the direct Control of the Officers of Government possesses important advantages. It is much more easy than it otherwise could be to prevent illicit distillation and the sale of deleterious Liquor. It is at the same time desirable to simplify as far as possible the working of the several Departments of this Office in the prospect of the Establishment being placed on a reduced footing. If a Contract could be Concluded with some Firm or individual to Manufacture the required average quantity of Arrack

for

Fort St. George 13th June 1853.-

for the Madras Abkarry in one Distillery subject to the Supervision of this Department and to such process of testing the quality of the Spirits as may be decided upon I think it would be best to discontinue the Government

as the outlay Rupees 615-15-6 is small Compared with the Net annual revenue from Arrack &.

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue dated 21st March last, I have the honor to inform you that since the receipt of the instructions of Government dated 5th June 1850, conveyed in the Board's letter of the 1st July following about 3/4 of the female Pensioners above the age of 50 years have been in the habit of attending at the Cutcherry to receive their Pensions. The remaining 1/4 have hitherto been exempted from attendance at the Cutcherry, and are seen periodically by the Heads of Police in whose jurisdiction they reside, and their existence certified by them until which their Pensions are not disbursed to their Vakeels. It is not very clear on what considerations, whether as regards caste or condition in Society, this exemption from attendance at the Cutcherry has hitherto been allowed

From the Coll. of Nellore.....
Circular dated 10th March 153.

Sir,

As required in your letter noted in the Margin, I have the honor to report upon the Balances outstanding under the head of Sewoy Jummah in this District.

	Rs	A.	P.
Fusly 1254	212	5	-
" 1255	77	2	11
" 1256	193	9	8
" 1257	132	1	10
" 1258	239	11	3
" 1260	50	3	2
	905	1	10

These balances extending over a period of 7 years amount to Rupees 905-1-10 may be classed thus.-

Recoverable..... 314-2-5-
Doubtful..... 197-13-2-
Irrecoverable..... 393-2-3-

2. The first of these items is in course Collection and does not call for remarks.

3. The greater portion (Rupees 125) of the doubtful Balance consists of disputed items comprising chiefly the demand on supposed encroachments upon Circar land on the part of Maniendars but as these contend that the alleged excess is within the limits of their Enams the subject is still under enquiry and

and will be disposed of hereafter. The difficulty arises from the boundaries of the Maniems not being properly defined either in the original Summuds or in the accounts on the records, but some further research is necessary for a satisfactory disposal of the items will be made and the balance will be speedily collected or otherwise adjusted as the circumstances of each case may call for. The remaining 72 Rupees under this head tho' admitted and beyond dispute due by poor Ryots must be collected as their future years resources offer an opportunity for doing so.-

The sum of 393 Rupees appearing under the head of Irrecoverable is due.-

By Ryots dead..... 16-10-2.
By Do. absconded..... 8-4-10.
By Do. poor..... 368-3-3. and

is thus outstanding almost entirely upon Ryots whose condition holds out little prospect of the eventual recovery of any portion, and it is therefore requested that sanction may be obtained for writing off the balance in question amounting as already stated to Rupees 393-2-3.-

From the Collr. of Nellore - - -

Sir,

I have the honor to submit the accompanying Copy of a letter dated 19th May 1853, from Mr. B. Pauncefote late Acting Head Assistant Collector in this District, and to request the decision of the Board on the point at issue.

2. I also forward copy of part of Para 7 of a letter dated 9th February 1826, from the Inspector General of Civil Estimates referred to in Mr. Pauncefote's letter, from which it appears to me that the Bungalow alluded to must be considered a Public one, though whether it is so or not in the sense contemplated by the Rules is more doubtful. On a previous occasion 16th January 1824. also an Estimate for Rupees 730-12- was framed for the repair of this Bungalow.

3. There is however no establishment kept up there, nor is it included in the list of Travellers Bungalows forwarded to the Board.

Sir,

Having lately while Acting Head Assistant of Nellore proceeded from Nellore to Eskapully to Ship Treasure on board the Steamer "Hugh Lindsay" which was expected to arrive at that Port on the 25th Ultimo, and as you do not consider me entitled to draw Extra Rent allowance for the time I resided at that place on the ground that the Bungalow is a Public one, I have the honor to request you will be so good as to refer the matter to the Board of Revenue for their decision.

2. From Para 7 of a letter from the Inspector General of Civil Estimates to the Chief Secretary to Government under date the 9th February 1826, it appears that the Bungalow in question was erected for the convenience of Captains of Ships touching at Eskapully for Salt and that it is occasionally occupied by the Collector and his Department while regulating the manufacture of that article during the hot weather. As it is not available for Travellers I consider that it is not strictly speaking a Public Bungalow of the description referred

Recommendation of the Collector and the grounds on which it is made.-

It appears from the Talook records to have been proved that the deceased regularly adopted the claimant Venkatanursoo his daughter's son when he was a boy of 7 years of age as he had no male issue and that he afterwards performed his Oopanainum Ceremonies it also appears that the adoption was subsequently recognized and an order passed bearing date the 30th June of ~~Tuely~~ 1252 Fs. No. 229 and that he has ever since held both the Enams mentioned in this Statement.-

The claimant produces a document bearing date the 3rd of Jaishta Shoodda of the year Soobacnootoo of Salevahana Seeka 1765 Corresponding with A.D. 1842 which purports to have been executed by the deceased in favor of the claimant and is attested by witnesses the deceased therein constituted the claimant sole inheritor of his property as his adopted son in the absence of male issue.

This Enam being of the Deshayee class the case is reported to the Board of Revenue for decision in conformity with Extract from the Proceedings of the Board of Revenue dated 1st July 1852. The Collector recommends that the Enam be continued to Venkatanursoo (present claimant) on the grounds that he is the legally adopted son of Hummuntapah the last holder and also his grand son or daughters son.

There was a Monthly cash allowance of Rupees 2-14-8 or Rupees 35-0-0 per annum formerly continued on account of this Pagoda and the Pagoda having fallen to ruin about 30 years ago the Poojaree removed the portable idols to another temple known as Anjanayaswamy Goody performed service there and enjoyed the allowance - he requested that being unable to put the Pagoda in order he might be permitted to remove the Standing stone image also to that temple to perform the Ceremonies there and to continue to draw the allowance his case was entered in the Bhuturuthy Quarterly Statement ending 31st December 1850 and submitted for the consideration of the Board of Revenue but the Government in Minutes of Consultation under date the 13th January 1852 expressed that they cannot admit that the removal of the images to a separate Pagoda and the performances of service there constitute valid grounds for the continuance of the allowance it was thereupon discontinued. The Enams entered in this account were not formerly reported upon in consequence of the Talook authorities not having brought the same to notice - The Poojaree Seddiah offers to retain the Standing image as also the smaller ones in the Anjanaya Pagoda and to perform service there, and prays that as the cash allowance has been discontinued these Enams at least may be continued to him the orders of the Board thereon are requested - The request made by the Poojaree Seddiah the Collector begs to recommend for the favorable consideration of the Government to the extent at least that the Enam may be held by him during life. 27th November, 1852.

Recommendation of the Collector and the grounds on which it is made.-

It appears from the Talook records to have been proved by witnesses that the deceased having had no male issue took his daughter Rindhamah's son the present claimant, when he was a child and brought him up performed his Opanainmum (investiture of the Saredotal thread) and Marriage Ceremonies and constituted him heir to his Estate. The claimant has also been proved to have performed the funeral rights of the deceased and it further appears that the claimant's natural father being dead he has no means of support besides this Enam on which he has hitherto subsisted for which reasons the Collector begs to recommend that the Enam be continued in the claimant's name:-

No. 2 Lamedaree Dasai Enam Gooltem Talook
23-34-12 Rt. 55-11-4

§ 2 As this Enam is of the Dasai class it must be disposed of in conformity to the orders of the Honble Court dated 12th February 1851 No. 2 communicated in Extract Minutes Consultation 9th August 1851 No. 8014 by which such grants are ordered to be limited to life tenures. The claimant being an adopted son and descended from the last holder through the female line, the Board of Revenue would recommend that the Enam be continued to him as a Means of subsistence for life.

Bd. No. 1502.

From the Collector of Bellary ----- Submitting a Tabular Statement of Offers for the Rent of Abkarry Revenue of the Bellary District for Fusly 1263 amounting to C. Rs. 3,37,025 & requesting sanction of the Board for accepting them.

Sir,

§ 1. Pursuant to Proclamation given throughout the District on the 11th April last, the Sale by Public Auction of the Abkarry farms for Fusly 1263 (1853/54) took place before me in my Huzoor Cutchery at Bellary on the 11th Ultimo and I have now the honor to report that the Offers accepted by me for the ensuing Fusly 1263, Amount in the aggregate to Rs. 2,87,029 being in excess of the Fusly just about to be closed of Rupees 3,275.—

§ 2. I beg to submit a statement of the Offers made drawn up in the Form furnished by the Board of Revenue on the 28th April 1825; with a few additional Columns showing the nature of the Deposits and names of the Securities. There is a decrease in the proposals in 4 Talooks compared with last year and it may be attributed generally to loss sustained by the Contractors in the Current Fusly. The Bellary Talook was rented by Mr. I. Abraham for 3 years from 1260 to 1262 fusly at a fixed annual rent of 29600 Rs. The Contract ceases with the Current Fusly and owing to losses occasioned by the flooding of some Villages Mr. Abraham was unwilling to offer more than the Sum of 19000 Rupees which has been accepted for one year only.

Sir,

B.d N.o 1263.
From the Collector of Chingleput.

I have the honor to report on the accompanying Petition No. 1669 of 1852 Board No. 1 of 1853 presented to the Right Honorable the Governor in Council by Veeraragavaraauze a Son of

of the late C. Mulrauze Shotriem=dar of Moraiur the Ponamalee Talook and bearing Endorsement of the Board of Revenue dated the 12th April 1853.-

2. The Pension granted to the late Mulrauze consequent on the abolition of the Office of Police Darogah and which ceased on his death was of the same nature as that enjoyed by the late Venkatakristnamah Naik Shotriem=dar of Talumboor, the subject of which has been recently disposed of in the correspondence marginally noted. These were the only two Poligars out of the four Police Daroga's on whom Pensions of the above nature were bestowed in addition to the produce of their Shotriem Villages. Both are mentioned in high terms in the papers quoted in the Margin; circumstances which led to their selection for the Daragahships and to the subsequent Endowment of Pensions to them. Beyond this I am not aware of any particular act of meritorious service

This case is similar to the one brought forward in the Petition to Government No. 1621. of 1851.

To Govt. 30th Sept. 52
B. & N. 31 of 1851.

On the abolition of the Cavelly system in Chinglepat in 1802, four of the Principal Poligars were appointed Police Sirdars on an allowance of 70 Pagodas monthly in addition to their Shrotriem Villages.—

From Coll. 30th Oct. 1801. in lieu 31st March 1802.

On a remodelling of the Police in 1816–17 these Police Daragaships were discontinued.—

Two

Two only of the Police Sirdars were then alive, and these in consideration of loss of allowances received a life pension of 30 Pagodas monthly—The other two Sirdars had demised previous to 1816 and their heirs were in the enjoyment of their Shrotriem Villages only.—

One of the first mentioned Sirdars died in June 1851 and his brother on behalf of the Minor Son of deceased solicited a continuance of the life pension, and the Board having reported upon this Request (Proceedings 30th September 1852) the Government did not see sufficient grounds to comply with it.—

B. No 1337
From the Collector
of Chingleput...

Sir,

In returning the Memorial of the Reverend Labo acting Bishop of St Thomé, received with the Board's Proceedings under date the 29th March last, I have the honor to state that I have no further remarks to offer on the subject. Mr Johnson has never urged any clear or specific claims for the reduction of Assessment on the Garden. He simply solicited that the sale might be postponed until his "return from Mysore in June" not about the beginning of July as erroneously mentioned in my previous communication in view to his preferring certain claims to a reduction of Rent on his Garden. His request was acceeded to, but the Board will observe that there was a sufficiently long interval between the expiration of the time allowed him for the payment of his Rents and the actual

Fort St. George 13th June 1853

actual date of the sale 16th July, the period for the suspension of the sale having expired on the end of June. Copy of the only communication addressed to this office by Mr. Johannes prior to the sale is enclosed for the information of the Board.—

Enclosure No. 2.

To,

The Right Honorable
The Governor in Council
Fort St. George

The humble Petition
of the Reverend Michael
Francis Lobo, acting Bishop
of Saint Thome,

Sheweth

That certain Land situate in the Village of Codumbaukum in the Zillah of Chingleput was left by the late John De Monte Esqre for certain charitable uses which under the Decree of Supreme Court bearing date the 23d day of September 1831 were decreed to be carried out according to the terms of the Testators will.

That by a further Decree of the Supreme Court bearing date the 27th day of March 1840 the Bishop of St. Thomé was declared to be the proper person to carry out such Trusts and uses.—

That the Title deeds of the said Land were deposited during the suit in which such Decree was pronounced in the Supreme Court where the same

now

now remain of record.

That Mr. Emanuel Bilderbeck since deceased who was the surviving Executor of the said Mr. De Monte's will rented the said Land to Mr. Johannes for a term of Ten years, he paying the Government Quit Rent.

That although the said Term has expired Mr. Johannes continued up to the time herein after mentioned to hold the said land upon the aforesaid terms.

That your Petitioners' tenant has always continued to discharge the Government claim upon the said land nor has there ever been any desire or wish on his part to dispute his liability on that account and that the circumstances under which the land has been put up and sold have arisen solely through unintentional error and from no other cause whatever.

That Mr. Johannes conceiving that the quit rent was very highly assessed, the land being mere waste land applied several times to the Collector of Chingleput both verbally and by letter in the early part of last year to reconsider the matter with a view to a reduction in the amount.

That

That while these references were pending Mr. Johannes was compelled to leave Madras for Mysore on private business and that before his departure, he requested Mr. Cochrane to allow the matter to stand over until his return to Madras in July to which the Collector assented.

That notwithstanding, during his absence and without any notice to him further than a paper being affixed to a Tree on the Ground and of which fact he was altogether ignorant, the land was put up and sold at public auction for the arrears of quit rent.

That this arose as your Petitioner has been informed and believes and as indeed appears by a letter of the Collector of the 9th December 1852 (Copy of which is appended) because the Collector when signing an order for the sale of the said land was not aware that it was the very land about which he had previously assented to the question of the quit Rent standing over till the return of Mr. Johannes to Madras, from the circumstances that the Quit rent Bill standing in the name of the original owner, Ane Venculaurungum Pillay the same never having been altered by the subsequent purchaser Mr. De Monte as frequently happens in similar cases in Madras.

That

That though true it is, in Law that all persons are bound to take notice at their peril of Government sales for arrears of Quit rent yet that in point of fact Mr Johannes never knew that the Land was about to be sold until after the sale was over, nor indeed after what had passed between him and the collector was there any reason for him to suspect that any sale would take place so as to put him upon his guard.-

That had your Petitioners tenant Mr Johannas been aware that the land was about to be put up for sale he would forthwith have paid the amount of arrears due, and so raised the question of diminution afresh.-

That had your Petitioner received any notice as Landlord, either from the Collector or from the tenant or any other person he would forthwith have paid up all arrears, the more so readily as this is Trust and Charity property which he would have been bound to have preserved sacred to the purposes for which the Testator and the Supreme Court disposed of it.-

That upon Mr Johannes' return to Madras he at once conferred with the Collector who informed him that he would apply to the Revenue

Revenue Board, the sale being conditional upon their confirmation and that it would be necessary for him before doing so, to pay into the Collector's Office the arrears of Quit rent for which the land had been put up and sold.-

That Mr Johannes immediately complied with such directions and paid the amount required into the Collector's Office who had informed him that upon his so doing, that he the Collector would make a recommendation to the Board of Revenue to cancel the Conditional sale as appears by the Collector's letter of the 8th September 1852 Copy of which is herewith sent.-

That the money now remains in the Collectors Office.-

That upon the 29th of November 1852 Mr Johannes and your Petitioner respectively addressed the Revenue Board through its Secretary setting forth the circumstances hereinbefore mentioned and praying that the Conditional sale might be cancelled.-

That on the 9th December 1852 they respectively received back their Petitions endorsed by Mr Cunliffe Secretary to the Board as follows.-

"The sale of the land herein referred to having been confirmed by the Board

Board of Revenue they are precluded from Complying with Petitioners request.

Board of Revenue Office,
Fort St. George,
9th December 1852.

By order

That your Petitioner has been informed and believes the Board of Revenue are precluded by the orders of Government from cancelling sales requiring their confirmation without the sanction of Government and that as in this Case, the sale had already been confirmed by the Revenue Board before your Petitioner addressed them, they were precluded by the general rule from looking to the merits of this particular Case.

That your Petitioner is now acting Bishop of Saint Thome having been appointed to that Office by competent authority, and as such entitled to receive the interest of the Government Notes standing to the credit of the said Charities, to collect the rents and profits of the real Estate and to administer the Trusts and Charities generally.

That your Petitioner is informed and believes that the purchaser of the land in question has commenced cutting down Trees

growing

growing thereon, and otherwise damaging the property; and that unless the question shall be speedily settled this Charity property will be very much deteriorated.

That under the circumstances above set forth it is as your Petitioner respectfully submits abundantly manifest that there was not any intention on the part of the tenant to refrain from payment, that the sale originated in an oversight wherein no blame was attributable to the tenant that the tenant never had any notice, in fact that your Petitioner never had any, that in either Case the money due would have been readily and immediately paid up; that the merits of this case have never been yet considered by any Body having authority to interpose, that the Revenue Board is precluded by a General Order of Government from considering the hardship unintentionally inflicted on the charity of which your Petitioner is the duly constituted Administrator, and from which as in duty bound he would have protected it had the matter ever been brought to his knowledge.

That to your honors in Council the only authority in the state who can now Consider this case upon its merits, your Petitioner respectfully

Fort St. George 13th June 1853.

respectfully appeals and Prays that your honor will be graciously pleased under the circumstances above set forth and upon such further verification of them as may be deemed necessary to order that the sale of the said charity property be annulled and the Land restored to your Petitioner.-

Madras,
Saint Thomé,
14th February, 1853.

And Your Petitioner shall ever pray

Acting Bishop of Saint Thome'

Sir,

In reply to your letter of the 23d Ultimo I have the honor to inform you that the Board of Revenue having confirmed the sale of the land therein alluded to situated at Codumbankum their orders have been carried into effect. The land bearing a Quit Rent Bill in the name of one Vencataranga Pillay and having been in the occupancy of Mr Johannes, I was not aware of your connection with it, and no notice was therefore given to you of its intended sale. The Usual Notice however was posted on the Gate or Entrance to the property as well as at the Talook Cutcherry, and it behoved all Parties whose the matters concerned, to adopt measures for the liquidation of the rents due on the land before the date fixed for the sale in default thereof.—

To the Chief Secy to Government.
Explaining certain points relative to the sale of Mr Johannes's Garden at Codumbankum in reference to a Memorial from the Revd. Lobo.
From the Revd. Lobo dated 18th February 1853
In Cons: 8th June 1852.

Sir,

1 In obedience to the orders of Government conveyed in Extract Minutes Consultation 26 February 1853, I am desired to report the following circumstances connected with the sale of the land referred to in the Memorial herewith returned

2 On the 24th December 1851, the Collector of Chingleput forwarded an Advertisement for the sale of certain lands as per list accompanying his letter for arrears of revenue.

3 In this list was included a Garden containing Cawr 8 — Gds 17 — Sqft 1500, together with 245 Margosa trees, situated at Codumbankum in the Talook of Sydapet registered in the name of Vencataranga Pillay, the arrears on which amounted to 183-6.

6th June 1852
From the Collr 21st Septr in Cons: 11th Octr 1852 Para 4

4 The Board granted authority for the sale, but disputes having arisen on V. Rungia Pillay's land, and the tenants of Mr Johannes having requested the Collector to postpone the sale until his return from Mysore in July since corrected to June. — From Collector 20th May 1853.

In Cons: 13th June 1853.

1853/ a sale of it was effected on the 16th July the tenant not having returned or communicated with the Collector up to the latter date.

From the Coll.r 1st viz Cons: 25th Oct.r 1852.

5. The Collector subsequently recommended that the sale should be cancelled on the ground that if Mr. Johannes was dispossessed of the land, he would be involved in law proceedings with the executors of the late Mr. De Monte.

6. The Board however thought that they were not justified in putting aside on this plea a sale held after a prolonged notice and with the usual forms, as such annulments would tend to create a distrust of the stability of purchases made at Government sales.

From Cons.l 23d Oct.r 151 in Cons: 19th Jan.y 1852.

7. The Board were not aware previous to the receipt of the Memorial that the land was a charitable Endowment but in their opinion ample opportunity had been granted for the satisfaction of the demand which was in Arrear for four years.

No. 36

To, W.m H. Bayley Esq.re
Secretary to the Board of Revenue
Fort St. George.

B.d No. 1295 From the Dy Coll.r of North Arcot

Sir,

With reference to the Proceedings of the Board of Revenue dated 11th Ultimo, calling for explanations on certain points connected with the Revenue Accounts of the Cavelnugger Zemindary which were transmitted with my letter of the 15th March last, I have the honor to submit the following remarks.

With reference to the Board's Proceedings dated 15th April 1853, submitting certain remarks, respecting the revenue accounts of the Cavelnugger Zemindary.

Para 1

2 In para 2 of their Proceedings the Board wish to have a Statement in the form enclosed in their Proceedings of 28th September 1818, and to be informed whether the whole of the demand for the 3 years has been realized or whether there is any balance still outstanding.

3. The statement now called for is intended to show the present value of the Villages to be divided, computed on the actual collections for 7 years with the diffrence between such value and the proposed Peishcush and in the same manner, the difference between the value of the entire Zemindary computed on

on similar data for 7 years and the total Permanent Peishcush.

4. I beg to point out that much time and labor must be expended in preparing such an account, and that an account prepared in this manner will not be of any important use, as the average beriz for 3 years and not the average amount of Collections is the data on which the Peishcush must be proportioned.

5. To prepare such an account it will be necessary not only to examine the Collection accounts for 7 years, but to separate for each year such portion of the Collections as is held to be balance from that which should be carried to the account of the year current, and the labor and time which must necessarily be devoted to this work will be proportionate to the irregular way in which Collections are usually made in the Zemindary, and to the imperfect mode of keeping the Collection accounts.

6. In respect to outstanding balances, I am not able to state the exact amounts of the Arrears, but I have no doubt that there was a considerable balance outstanding against the whole Zemindary at the end of Fusly 1260, and that a portion of this

this was due from the Villages it is now proposed to sell.

7. In regard to para 3 in which the Board require a statement of the former produce of the Villages to be sold, with a separate account respecting the remaining Villages of the Zemindary; I beg to be informed for what period this account is required. The accounts already submitted show the Zemindar's share of the produce, i.e. the beriz for 3 years, both for the divided portions, and for that portion which remains. As 3 years is mentioned in Section IX Regulation XXV of 1802 as the time for which these accounts should be furnished, no steps have been taken to prepare a beriz account for previous years.

Para 4

8. In estimating the value of the Villages, I computed it at 10 years purchase of the net profits, because from general information I have reason to believe that this is a near approximation to what such property is likely to sell for. The excess alluded to in para 4 will be less than sufficient to cover the usual Commission at 6¼ per Cent for selling the property. This Commission is reckoned at 6¼ per Cent with reference to Section XXXII Regulation

Fort St. George 13th June 1853.

Regulation XXVIII. 1802, but I am not certain as to the precise rate at which Commission should be charged on occasions like the present, I request that the Board will favor me with instructions on this point.

9. In para 5 the Board remark that no information has been afforded as to the party who is entitled to the amounts "deducted from the Assets as "Enams granted prior to the permanent Settlement and nominally attached by the Zemindar, as also Enams collected contrary to the provisions of Regulation XII of 1817," The Enams falling under Regulation XII of 1817 ought to revert to the purposes for which they were originally granted. I am not prepared to say what individual persons are intended in these alienations, but for present purposes, it was deemed sufficient to exclude such Enams from the Assets to which the Zemindar is allowed to have a fair title. The Enams "nominally attached" are alienations which are not actually resumed, and which the Zemindar's right to resume is a subject of dispute between him and the Original Grantees or the descendants who are at present in possession. c

The

Fort St. George 13th June 1853.

The total Ayacut entered in

10. the Column for fusly 1260 in the Statements for fusly 1260 in the statement given in para 6 is exclusive and not inclusive of Perumpoke. The increase to which the Board refers is owing to three Villages having been newly formed subsequent to Fusly 1252, and to a large extent of Perumpoke land having been brought under cultivation since that date.

I have the honor to transmit

11. copy of an Extract from the Proceedings of the Civil Court dated the 23rd April last, suspending further execution of the Courts process in one of the two cases (Suit No. 23 of 1835) to which my accounts refer.

Centre Provincial Court, stating that on a Razeenamah being presented by the parties in the above suit under date the 6th Instant for Rupees 60,000, the Court refused on the 22nd Instant to file the same on the ground that the fees of the Plaintiffs Vakeels were irregularly included in it, and as the Civil Court will be adjourned from this date, and as there is no time to file a fresh Razeenamah, the petitioners pray that the Acting Collector may be directed by a Precept to suspend the execution of the former Precept issued to him in this case until further orders.

Ordered that the Acting Collector of North Arcot be accordingly directed by Precept returnable in 3 days to suspend the sale until the 30th June next of the Villages &ca attached in execution of the Razeenamah in the above suit with reference to the Courts Precept of the 17th June 1852.

To, The Acting Collector of North Arcot

Sir, With reference to para 8 of your letter dated 13th May 1853 I am directed by the Board of Revenue to inform you, that as it appears the excess pointed out in para 4 of their Proceedings dated 14th April 1853, will be less than sufficient to cover the usual commission at 6¼ per cent for selling the property and as Section XXXII Regulation XXVIII of 1802 expressly states that the commission should be deducted from the amount of the sale, it would be advisable to include a few more Villages in the proposed sale, so as to cover this Commission as well as the balances due to the several parties.

2 You will therefore be good enough to submit a fresh advertisement for the sale of the Villages on account of Suit No. 38 of 1848, drawn up in accordance with the form prescribed by the Circular Order of 10th August 1826.

Sir,

In reply to your Board's requisition for a statement of the grounds on which a Yeomiahdar named Baupah Bee, is recommended for exemption from future personal attendance to receive the allowance assigned to her.

2 I have the honor to report that this person does not appear ever to have been in the habits of attending before the public authorities; that from her position in life, she is deemed to be a "Goosha" female and asserts that it will be repulsive to her feelings and subversive of the prejudices of the class of which as a Mahomedan she is a Member, now imposed on her the necessity of exhibiting herself

herself to the Officers of Government in order to the realization of her small stipend.

3. The fact of her present age being in excess of fifty years does not seem to the Yeomiahdar to be a sufficient reason for the relinquishment on that account of the habits of her previous life.

Sir,

Agreeable to the instructions conveyed by Extract from the Proceedings of the Board dated 29th Ultimo, I have the honor to submit translation of an Urzee from Gagunnabarum Pillay Tasildar of Volicondapooram furnishing Explanation of the cause of delay in preparing the Jummabundy Accounts. Also I beg to enclose original letter from the Garrison Surgeon reporting upon his physical fitness for active duty.

Collector of Trichinopoly.

Sir,

In reply to your letter under date 19th Instant requesting me carefully to examine its Bearer, P. Gagumbanum Pillay, Tasildar of Volicondapooram, as to his physical fitness for active public Service, I have the honor to state that I have done so this day

The Tasildar suffers under a Hydrocele (a collection of Water in the Scrotum) and the tumor being entirely water, its weight and incumbrance are so much in proportion to its size as might be supposed. Therefore though the tumor must be some hindrance to him in moving about, and as its tendency is to continue to increase, it is likely to become in time still more so, I do not consider that at present it incapacitates him for Active public Service.

Enclosure No. 2.

Translate of an Arzee respectfully submitted to J. Bird Esquire, Collector of Trichinopoly, by Gagambanum Pillay, Tasildar of Volicondapooram.

Your Summud Dated 7th April 1853 No. 128 was received by me, stating that Six Takeeds have been sent dated respectively the 25th November 1852 No. 336, 8th December No. 356, 5th January 1853 No. 6, 6th January No. 11, 21st January, No. 22 and 23 directing that the Summabundy of the present Fusly should commence in January and to depute persons for examination. To examine soon and send the accounts to the Hoozoor every five days once, and requesting to know what measures had been taken by me in the matter that notwithstanding these orders, instead of sending the Adungul examination accounts on their receipt I cause unnecessary delay and that only from the 2nd to the 6th February, I have sent some accounts and and not the whole that the examination accounts of 6 Villages are still due. And that as you must report to the Board of Revenue I am directed to submit my Explanation without delay.

1 If the Proceedings of the Board requiring explanation have been received, Your Honor might have from the Arzees I have already sent, had pity on me and written to the Board regarding my exertions, that I have sent in the Accounts of my taloork earlier than the other 3 Dry talooks, of which this is the most difficult. Instead of which your honor issued a false taked as if I had not acted to your orders and consequently delay has been occasioned, and to submit my Explanation- What reply could I make who always act up to orders. However I shall here under enter into particulars.

The order of the 25th November No. 336 directing to send Servants immediately for examination and to forward some of the Adungal Accounts which have been examined and another No. 83 to issue takeeds to the Village Curnums to survey correctly and send the Odoogoo and Thokoyadoo Accounts quickly and send the same after signature to the examining Officers have been received by me.

After making copies of the above order and the Koohummamah which

accompanied

accompanied it, I forwarded them by active Peons (as delay would occur were I to send them as usual by Pettiahs) to the several Curnums, and with reference to order No. 356 requesting to know what measures have been taken by me. In my Arzee of the 10th December No. 360 I have stated that the accounts of even a Village have not as yet been received from the Curnums, and in my Arzee of the 25th December No. 374, I have submitted the Depositions of some of the Curnums whom I have examined, with regard to the cause of delay in sending the Odoogoo and Thokoyadoo Accounts.

2. With reference to order No. 11 of the 6th January directing to send Servants for examination and to forward a list of the Villages completed, I have stated in my Arzee of the 7th of the same month No. 11 that some Odoogoo Accounts were received and have also sent a list shewing the Villages apportioned to the Servants.

3 Adverting to your order No. 12 dated 11th January, stating that you would send the Hoozoor Goomastah on the 5th February and consequently to have the Moozoomdar and Nauk Curnums &ca in attendance

And

and to another No. 23 of the same date to enter the Examination accounts in paper and to send the same to the Hoozoor. I wrote an argee No. 39 Dated 25th January, Stating that as the Examination Accounts of even a Village not having been received, it would be better for the preparation of the accounts were the Hoozoor Goomastah to be sent after the end of February. To which I received an order No. 35 Dated 27th January Stating there was no use in pleading frivolous excuses, and not commence the Summabundy in proper time, that as soon as the Hoozoor Goomastah arrives, if I did not procure the attendance of the accountants &c. You would be under the necessity of informing the Board about me. Whereupon I have written an Argee No. 56 Dated 11th February particularizing from the beginning the exertions, I had used in the matter. Of my having gone to Villages and procured the Cologoo Accounts from the Curnums and of my having issued Strict orders to the Examining Officers and also with regard to my having sent accounts to the Hoozoor and that this there was no delay to the Summa-bundy being prepared.

With

4. With reference to the order that the Examination accounts are not sent on their receipt that I am evading and that only from the 2nd February, I have sent some Accounts and that not without delay and that the accounts of 6 Villages are still due on the 7th April.

The practice up to last fusly 1261 was to enter in the accounts only Certain Number of Cawnies under the Heads of Nunjay, Poonjay and Shottum and the examination accounts were given at the time of the Summabundy but never sent to the Hoozoor. Whereas in the present fusly the names of every Individual and the extent of land Cultivated by him with its Teerwah required by the Kooh-um-namah to be mentioned in the Examination Accounts and in this method have I furnished Accounts to your honor for 123 Villages of this Taluke.

The difficulty of preparing one such account as the examination Teerwah Jokayadoo account, is equal to that of the Summabundy Otha Yadoo account, in as much as it contains the cultivation of each Individual and the waste left by him, and points out the increase and decrease of teerwah &c.

of

Fort St. George 13th June 1853.

of the last and present fusly and of this your honor may be aware.

Of the three Talooks, arrealore Ordiarpollium and Torriore- this talook has its variety of production in crops and rates of assessments, as Teenvah Bathum, Tussal Bathum besides diversity of Classification of land, and that to this is ascribed the difficulty of preparing accounts. I am desirous of Elucidating by the following detail.

5 I understand that in the talooks of Arrealore, and Ordiarpollium, there are only 2 Tarums in the Punjay land and four kinds of produce as the Ranghee, Cumboo- Varoogoo Pease and Coriander and in the Nunjah though there are different sorts of produce they are assessed generally with one crop teenvah.

6. In the Talook of Torriore there are 4 Tarums in the Poonjah and two kinds of crops Viz Thavasum and Kumum, and for the Thottum Nunjah 2 rates of teenvah Viz Punavarasy and Varaputtoo besides, I understand such crops as Nunjah Raghee- Croopoo Punjah- Corospoo Nunjah- Poonjah are also taxed.

7 This Talook is divided into 6 Maganums or Subdivisions. In the Maganums of

Fort St. George 13th June 1853

of Ootlatoor and Konoombaloor Poonjah lands are assessed with reference to the different soils called Kanesel, Sowul, Paroomanel, Gellomanul, Calai; Nunjah lands are taxed according to the various species of crop grown such as.-

Ranghee Nellco that is 1st Crops Ranghee
2nd crop Paddy

Nellady Nellco that is 1st and 2nd Crop Paddy

Corroloo Poonjah 1st Sort 1st Crop Cholum 2nd Crop Cumboo

Do. Do. 2nd Do. Do. Do.

Corroloo Nellco. that is one Crop Paddy

Do. Poonjah one crop Poonjah

In the Maganums of Iyvalee, Coogoor and Vadagramampoondy- Poonjah and Nunjah lands are taxed with reference to the Crops raised. The teenvah of the former is regulated according to the two classes of crops called Cader Mookapier and Arapyer. The Nunjah Crops such as.-

Canadee Caur that is 1st & 2nd Crop- Caur Paddy

Canady Manavarey Do. 1st Crop Caur Paddy 2nd Crop Manavarey Paddy

Catharady Cather Do. 1st Crop Cholum or Cumboo
2nd Crop Cumboo or Cholum

Catharady Caur that is 1st Crop Cholum or Cumboo
2nd Crop Caur Paddy-

Catharady

Cathenady Shumbah Do. 1st Crop Do. Do. 2nd Crop Shumbah Paddy

Cuthady Katherce, Molagay, that is 1st Crop Cholum or Cumbo 2nd Crop Bringal and Chilly

Catherady Pondoo that is 1st Do. Do. 2nd Crop Garlic

Catherady Valay Munjul that is 1st Crop Do. 2nd Crop Plantain and Turmeric

Catherady Pogayelley that is 1st Crop Do. and 2nd Crop Tobacco

Catheree Talady Pogayelley that is 1st Crop Bringal 2nd Crop Do.

are assessed with two Crop teerwah and if these are cultivated with one Crop, One Crop teerwah is fixed.

In the Maganum of Runjo-nagoodee Poonjah lands are classified into 4 Suttees with reference to the Crops raised on it, and the Punjah lands are divided into 4 Sorts called Madoo-Pallom-Carol-Tamel Pidee. Each of these sorts has it's own peculiar Teerwah.

In the 6 Maganums alluded to in the 7th and 8th paras, tax is fixed with

with reference to the occupant of the soil as follows:-

If By Oolacoody Full Teerwah

If By Poracoody 3/4 Do. or according to discretion.

If By Majanum 3/4-9/16-1/2 Teerwah.

If By Nattar 13/16 or 1/2 Teerwah

If By Soogavassee 7/8 Teerwah

Besides the difficulty of fixing Teerwah in the above number a great extent of Poonjah lands which are newly taken up and cultivated in proportion to those left waste are also required to be newly taxed. In fixing teerwah to those lands care must be taken to regulate the teerwah with reference to classification of the land Suttee- Crop and occupant. A comparative statement shewing the increase and decrease of cultivation and then the accounts of Examination are required to be prepared. Notwithstanding the difficulties attending the preparation of these accounts I was ordered by your honor to have them completed prior to the Commencement of

of the Summabundy. And as the arrangement would facilitate the collection of the Revenue, I have caused the Examination accounts of all the Villages to be prepared and sent to your honor as quick as possible. Also the abstract accounts called Cottayadoo have been nearly completed. As your honor is now going to Arrealore and Codiarpolliem for the distribution of Puttahs your honor on your return, may distribute the Puttahs of this Talook before you go to Torriore.

Sir,

Agreeably to the orders conveyed by Extract from the Boards' Proceedings dated 29th March last, I have the honor to submit translation of an Explanation afforded by the Tahsildar of Woodiarpolliem of the delay in preparing the accounts for the settlement of his talook in this Fusly.

I obey also to transmit Original letter from the Garrison Surgeon expressive of Veeraragava Naiks health and physical fitness for active Service.

I have just left the Woodiarpolliem Talook, having marched right across the whole length of it, but I failed to discover any signs of bodily activity in the Tahsildar.

I rejoice however now to observe that there is a prospect of Veeraragava Naik setting aside his usual mode of conveyance, and going about his division on horseback.

Translate of an Arzee respectfully submitted to J. Bird Esqre. Collector of Trichinopoly by Veeraragoova Nauk, Tahsildar of Codiar pollieu.—

Your Summud No. 167 dated the 7th April was received by me on the 9th Idem in which it is stated that six takeeds were sent to me dated respectively 25th November 1852 No. 492 8th December No. 507 5th January 1853 No. 5 21st January No. 30 and 32 and 5th February No. 60 requesting that the Jummabundy of the present fusly should commence in January, that the Adungal examination accounts should be sent once in five days that you intend to send the Hoozoor Ghos: mastah, that only from the 10th to the end of February some accounts have been received that notwithstanding these orders I still on occasion delay further that as on the receipt of my report you must apprize the Board of Revenue of the matter I am enjoined to submit my explanation without delay.—

Your takeed of the 25th November was received on the 27th stating that you contemplate the commencement of the Jummabundy in January, and complete the same

same soon and in which I am directed to send for both the Adungul Cologoo and Fhoka Yadoo accounts from the Curnums sign, and send them by the servants who are deputed for the examination, and then forward the examination accounts once in five days to the Hoozoor with the Goshwar statement according to Hookumnamah.—

On the same day I received this Order I issued strict takeeds to go Curnums of the 255 Villages of this talook apprizing them of the particulars of the Hoozoors order and directed them to prepare and forward the Cologoo and Fhoka yadoo accounts to the Talook Cutcherry within 8 days. Whereupon the Curnums appeared before me and stated that in consequence of rain not having fallen in proper season, the cultivation of some land which is now being carried on should also be entered in the accounts and that therefore they should be allowed some more time.

In the meantime I receive your takeed of the 8th December 1852 No. 507 and in reply I have not only made known the request of the Curnums in my Arzee the 13th Idem No. 563, but have sent with the above arzee to the Hoozoor a

a list of servants who have been nommated for the purpose of examination and finding that the Aloogoo accounts have not reached by the 18th Instant I sent Stringent orders on the 19th to the Thyen Peons of the respective Vuttums to get and send immediately the Aloogoo accounts.

I again received another Summud dated 5th January 1853 stating that with reference to the former orders, no examination accounts have yet been received at the Hoozoor, and that the measures taken by me are not known nor could the number of Villages examined be ascertained and to report on the same.

On the receipt of the takeed above stated Viz.t 19th December the Curnumms appeared before me and stated that as in some of the Punjay land Cotton and Indigo and in the Poovafsy highly taxed crops and in the Punjay young plants, and in the Garden land Tobacco and Chilly were being cultivated, and that as these must be entered in the accounts and examination of them made some delay would entail. Moreover fearing that delay would arise were I to wait for the

the whole of the accounts and then send them at once to the Hoozoor. I signed the Aloogoo accounts of the 75 Villages which came to the Talooks Cutcherry up to the 4th January and on the 5th I sent the Talook Moozoomdar Ghomastahs, and Naut Curnums by means of Takeed and Yadast for examination and apportioned 2 or 3 Villages to each and have besides sent accounts with Yadast to the Police Annees. All these I have made known to the Hoozoor in my Arzee of the 9th January No. 20.

Moreover on the receipt of the Aloogoo and Thoka Yadoo accounts from the Village Curnums I immediately signed and sent them to the examining Officers of the Vuttums and in pursuance to order No. 42. dated 26th January I issued Yadasts and takeeds to the examining Officers to send the accounts of each one Village on their completion, but they state that if they were to be engaged with the examination and preparation of the accounts of one Village only the rest would be delayed and that some Curnums have 4 or 5 Villages in a Vuttum, therefore if they were permitted to

to despatch the whole accounts of one Vuttum at a time business would be expedited.

Such orders as seemed to me proper I pass'd to them, and they have also with activity examined and sent accounts to the Talook.

No sooner the Goomastahs who are engaged on the examination arrived according to orders I prepared the Koshparay account and despatched on the 27th January the accounts of 7 Villages. On the 10th February those for 23 Villages. On the 11th 50. On the 12th 49. On the 13th 33. On the 14th 23. On the 15th 15. On the 16th 14. On the 17th 10. On the 18th 5. On the 19th 6. On the 22d 10. On the 23d 7. and on the 26th 3 Villages thus I have sent by an Urzee all the examination accounts of 255 Villages of this Talook.

In this Talook there are 255 Villages but the servants are few.

For the above reason there has been some delay in the Curnums going to the Villages and preparing accounts besides the examining Officers have to go from Village to Village and prepare the superavision of from 8 to 25 Villages. To this may be ascribed the little delay and

and not to any negligence on my part.

I have never lost a moment in using my exertions towards your honors intention of completing the Jummabundy soon.

On the arrival of the Hoozoor Ghaut: mastah on the 9th February according to order No 30 dated 21st January I procured on the same date 24 Curnums and by the 19th the whole of the Curnums were in attendance of which I have apprized by Urzee No 62. There is no impediment for the distribution of Puttahs, which together with the accounts are now ready.

I have hitherto performed the Circar duty with great attention, but it is owing to my misfortune that in order No 60 your honor state that I have not evinced a regard to commence the Jummabundy and complete the same as purposed by your honor.

I write this for your honors information.

With reference to your letter under date 29th Ultimo, I have the honor to state that I have carefully examined its Bearer Veeraragawa Naik, Tahsildar of Woodiarpolliem, as to his physical fitness for active service.

The man outwardly has all the appearance of being fully equal to his work, on particular examination however I find that he suffers under a disease of the heart, palpitation; but I do not consider this a necessary disqualification for public service, except when much going about on foot is required. The Tahsildar insists that he is fully able to move about on horseback as much as required of him and his general appearance supporting his assertion; I am not able to deny his ability so to do.-

Report to the Sale of Abkarry Farms for Fasly 1263

Sir, I have the honor to report for the information of your Board that agreeable to advertisement Circulated the Abkarry Farms of this District were put

put up to public Competition and sold this day at Trichinopoly.

2. In conformity with the usual practice the several Talooks were put up separately, and the result terminated with a Net Increase of Rupees 2560 over the past Fusly year 1262 / 1852/53, making a demand for the ensuing Fusly 1263 / 1853/54 of Rupees 29170.—

3. As directed by Circular order dated 28th April 1825 I beg to enclose a Statement according to forms which will put the Board in possession of the bids for each Talook.—

Page 32.

4. The present offers far exceed the average of former years and are in advance of the past five years by 2954 Rupees.—

Average of 5 years ... 24216
Present offer 29170

5. There is an increase in all Talooks save Laulgoody and Woodiarpolliem and in these the deficit is so trifling that it seems to call for no particular explanation.—

6. The successful bidders engage to make the usual deposit of one months instalment and to tender security in the amount of one fourth of the Rents. I beg to recommend the acceptance of these offers and to solicit instructions to put the Renters

Renters in possession of their several farms on the 13th Proximo, the day on which the new Fusly year Commences.

7. The privilege of Grazing the Fort ditch has also been submitted to competition, and I regret to say I was unable to obtain an offer in advance of Rs. 455 at which sum it was knocked down. This is a fall on last years rent by Rupees 345. The cause of this great and sudden deficiency is the falling of the ramparts on the demolition of the stone facing of the walls, not only contracting the ditch itself, but exposing it in such a manner that, the inroads of stray Cattle cannot be prevented. The Ditch also is so filled up in many places as to be used as a thorough fare for Carts and foot passengers.

From the Coll. of Coimbatore

Forwards copy of a letter from Lieutenant Michael on the result of the Annamullay Hill produce kept under Amany and recommends that the produce should be left free to the poor tribes of Kadars and Mulsers in future.

Sir

With reference to Extract from the Proceedings of the Board of Revenue dated 6th November 1851, I beg to forward Lieutenant Michael's report of the Management and result of the Anamalay Hill Produce held under Amany with the present condition and prospects of the Kadars and Mulsers, the two races to emancipate and ameliorate whom, was the main object in view.

2. This has been in a great measure effected, and there is little doubt that a gradual and beneficial change is taking place among this Hill tribes, that they should at once rise from their poverty and degradation, to independance and energy was not to be expected, they are naturally indolent and abject their energies and better qualities will be gradually called forth by their freedom.

3. Lieutenant Michael's energy

enngy and the benevolent interest and trouble he has taken in the experiments, has prevented Government being any great loser in the matter, and I could cordially advocate and recommend Lieutenant Michael's suggestion, that the Kadens and mulsers should be left to their own resources, that the Hill rents, a source of oppression and injustice, be relinquished and Lieutenant Michael be requested to watch and foster the effort so favorably already begun in behalf of these degraded races.

4

Of the correctness of Lieutenant Michael's statement that the Hill rents would fall with the tobacco Monopoly I have not the slightest doubt. My own enquiries on the spot and elsewhere have long convinced me that a large and most lucrative smuggling trade was carried on over the Annamalay Hills. it was this object mainly that influenced the Hill renters and the Kadens and Mulsers kept in subjection, the grazing and wood cutting under certain modifications may still be rented but the Hill wild produce as

as Lieutenant Michael suggests should be left free to these poor tribes who make a scanty subsistence out of it, but who will I trust be led gradually to cultivation and independance.

I have the honor to enclose you the Accounts of the Anamally Hill Produce, from 1st November 51 to 30th November 1852. The value of the goods received from the Kadens and mulsers up to this date exceeds the amount expended in furnishing them with cloths, Provisions &ca by Rupees 224-12-8. If however the Original proposition that 2/3rds of the Value of the produce collected be given to the Hill people and 1/3rd of the value be reserved for Government is in this case strictly acted up to, The Kadens and Mulsers will be indebted to Government to the amount of about

about 230 Rupees.

When the collection of the Hill produce was taken under Anaiy in November 1851, I at the request of the Kaders adopted as far as possible the system of the Renters in issuing provisions &ca. to them and as the Cardamom Season was then nearly over and the Dry weather, in which little or no produce is collected, was approaching, they received from me advances in provisions &ca. to some extent, the value of which they promised to clear during the season in which, wax, Cardamoms &ca. the most valuable of the Hill produce, were more easily procurable and they then turned their attention towards cultivating some small patches of ground which they cleared near the Parreycaddavoo River.

The wax and Cardamom Season for 1852, are now over and though the debts of the Hill people have been cleared, the balance in favor of Government is very small, so small indeed, that had not the whole management and accounts of the Collection of the Hill produce been undertaken

Fort St. George 13th June 1853.

undertaken by me and my Establishments so as to render a separate one unnecessary almost the whole of that balance would have been swallowed up in the payments of an Establishment which would have been necessarily organized.

It will be seen by the accounts that now the Hill people collect the produce voluntarily and not on compulsion, the value of the total amount collected in 13 months only amounts to Rupees 1641-13-11. One third therefore of this sum Viz Rupees 557 is as much clear profit as Government can ever reasonably expect to obtain annually from the transactions as cultivation increases among the Kaders this will doubtless decrease, so that I very much doubt in the event of an Establishment being appointed to collect the Hill produce whether any profit could be made.

The question naturally arises as to how the former Hill renters could afford to pay Rupees 2,000 a year to Government. In the first place the right of collecting

collecting Hill produce included that of grazing cattle / let this year separately for Rupees 100-1-6 / and one of the perquisites of the renter / and a very valuable one / was the right to the skin and horns of every Bullock which died within his limits. The renter also held the exclusive right / or at all events the custom / of cutting building wood in the low country Jungles. This was cut by the Malcars under his orders and sold at 8 Annas a Bandy load, so it was easy for a Native to turn all these practices to good account though of course, none of these could be carried on by Government. But the greatest of all inducements to the possession of the "Hill contract" was the entire command the holder for the time being, had over the numerous passes thro' these Hills, into Cochin and Travancore for the purpose of Tobacco Smuggling I venture to state that now the Tobacco Monopoly is abolished the value of Hill rents had they still been in existence would have fallen one half.-

Under these circumstances

and

and under the firm conviction that there is little or no profit to be gained by the system now in force I would beg most strongly to recommend that instead of continuing to hold the collection of the produce of these Hills under Amany. The Kadars and Mulsers of the Annamallay Hills should equally with their brethren of the Bolcampully and the Poulghaut Hills be declared entirely free to collect and dispose of at their own pleasure the produce of the Jungles they inhabit. The experience I have now gained of the Sentiments and feelings of the Kadars themselves has convinced me that they consider the Government Monopoly of the Hill produce a very great hardship / although better than the Hill renting system / and only look upon their present condition in the light of a milder sort of slavery than that to which they were formerly subjected.-

They are now no longer driven forth to work in all weathers or against their inclinations, but they smart terribly

under

under the necessity of bringing the fruits of their labor and selling it to Government at a fixed price, when by taking it to the Village of Annamullay, which they are now beginning to do clandestinely to a considerable extent, they could realize nearly one third more than Government allows.

The boon to these hill races, who number about 400 souls, will be so great and the loss to Government so very small, that I am induced thus to recommend that the collection of the produce of these jungles may be no longer held under Annamy.

As I am located on the spot for the great part of the year, I shall be able not only to protect them from imposition and illusage, but it will be my earnest endeavour to induce them to increase their cultivation.-

Bd No 1215 To the Chief Secretary to Government

From Coll. 2nd May in Bnd 13th June 1853

No 256.

To

The Chief Secretary to Government.

Sir,

In continuation of the Board's Proceedings of 6th June 1853. I am directed to forward the accompanying letter from the Collector of Coimbatore giving cover to a communication from his Assistant, Lieutenant Michael, detailing the result of the Annamy management of the Anamalay Hill produce for 13 Months up to November 1852.

The Board recommended in the 2 Proceedings above referred to, that the Hill produce in the Districts marginally noted should be kept under Annamy, rather than that all claim to them on the part of the Government should be given up the former arrangements carrying out the object in view Viz: the emancipation of the Hill tribes from the thraldom and severe exactions imposed upon them by the renters, and at the same time retaining the right of Government to this equally with any other produce of the soil.-

Coimbatore.
South Arcot.
Tinnevelly.

Though exempt from oppression it 3

it would appear from Lieutenant Michaels report, that the restriction of the Aumany System are extremely distasteful to the Hill tribes as confining their exertions and bringing them profit for their labor, of less amount than obtainable in an open market.

4. The Board therefore are of opinion that to give these Tribes the full benefit of the measure it will be requisite to abandon all tax from Hill products in future, and as the consequent sacrifice of revenue is not of importance, when taken in connection with the object of improving the position in life of these semi-barbarous classes and of inducing them to adopt habits of order and industry, the Board beg to suggest that all claim on the part of Government to the jungle products in the three Districts mentioned shall be renounced, and that the collection of them be free to all.-

W. H. Bayley Esqre
Secretary to the
Board of Revenue.

Sir,

With reference to my letter of the 29th Ultimo, I have the honor to forward Copy of one

49

Bd. No. 1343 from the Collr. of Canara. Dated 6th May 1853.

Submits for the Board's Orders a further Correspondence between himself

and the additional Collector Mr. J. Silver with regard to the disposal of Jacks Bungalow at Honore and the Head Quarters of that Officer and explains the circumstances under which that Station was made this Cutcherry.

one from Mr. Silver and of my reply to it on the subject of the purchase of the bungalow at Honore called Jack's bungalow and the site on which it stands.-

2. Mr. Silver has expressed that he is not desirous of purchasing the property and has entered into a Statement which he requests me to lay before the Board, the object of which appears to be to represent that his removal to Honore was a very great hardship, and that the arrangement is one disadvantageous to the Public service which he requests may now be altered.-

3 The circumstances of the case I have already in part laid before the Board but I must now beg to do so more fully.-

4. The change of divisions was made entirely on Mr. Silver's own request.- In reply to Mr. Silver's note asking me if I had any objection to turn the matter over in my mind, I observed that the merits of the two arrangements were so nearly balanced that I thought that the wishes of the parties might settle the point. When the time came, I carefully considered the matter again and had much pleasure in writing to Mr. Silver to say that I had been able to make the arrangement which I believed he preferred. I was entirely influenced in this by the fact, that Mr. Silver was of nearly

nearly my own standing in the service, and that the position of the Additional Sub Collector at Mangalore was little more than that of an Extra Head Assistant, Collector on higher pay. The position of the Head Assistant in the North was far more independent, and I felt it due to Mr. Silver to make the change at a time when it could be done to the convenience both of Mr. Silver and the Head Assistant. At the same time I was satisfied that on public grounds the arrangement was the best.

5 In acknowledging my letter Mr. Silver requested me if I saw no objection to allow him to make Bellikeri his head quarters, but added that he should wish to act according to my wishes, I then replied pointing out that Honore was properly the head quarters, but adding that he was of course not restricted from passing a fair proportion of his time at each of his talooks. The Board will particularly observe that when this request was made and this answer given, there was no difficulty whatever about a house at Honore; Mr. Silver had then engaged the Mission house.

6. Mr. Silver then acquiesced in my wishes. At a subsequent date the Mission notified to Mr. Silver that they would shortly require

require their house, but requested him to occupy it rent free in the meanwhile. Mr. Silver then wrote to me saying that he hoped that I should now have no objection to his making Bellikeri his head quarters, especially as the health of his child rendered it necessary that he should go to the Coast. Mr. Silver wrote from above the Ghauts. I replied that I trusted that he would at once proceed to Bellikeri and that a residence on the Coast would soon reestablish his child's health, but I was of course compelled to add that the circumstances were not changed, which had led to the remarks I had made on Bellikeri considered as the head quarters of the division. At the same time the Mission wrote to Mr. Silver expressing their willingness to postpone their arrangements for some months till they could receive possession of their house without inconvenience to him.

7. Mr. Silver replied to me that under these circumstances he should not go to Bellikeri while at the same time he declined the use of the Mission house. He observed, I think in this note, that he would be the last person to take undue advantage of a convenient residence to the inconvenience of the people. In answer I wrote as nearly as I can remember

remember in these words.

My Dear Silver

"I am sure it may safely be left
"to your judgment what portion of your time
"you give to the different portions of your district
"but remember that in making the arangement
"I have to consider not only yourself but your suc-
"cessors. If I now declare Bellaheri your head
"quarters I may hereafter have a person not fond
"of moving who will settle himself down there to the
"great inconveniance of the people of Cundapoor. Yrs. &c. Yrs."

9. I feel sure that the Board will excuse my entering into these details for at the same time that I shall never hesitate to exercise the authority vested in me as my judgment tells me is best for the public ser-vice, it is due to myself to shew that this has been done with the utmost courtesy and consideration towards a Gentleman little below me in the service and with whom I was thrown on terms of cordial intimacy. I beg that the Board will remark that the great hard-ship which Mr. Silver represents as having arisen from his transfer to those Talooks arose merely from facts quite unconnected with the arrangement I had made. The inconvenience arose entirely from the fact of the Mission requiring their

their own house and of the Government bungalow being very uncomfortable and dilapidated. Further than making the whole of the current and accumula-ted rent available for repairs I had only the power of regretting that an arrangement made in accordance with Mr. Silver's wishes had put him to inconvenience.

10. They will also remark that so far from debarring Mr. Silver from resi-ding at Bellikeri. I left his residence en-tirely to his own judgment, nor had I the slightest reason to believe that this would be in any way abused. But I was bound not to relinquish the power of preventing it's being abused.

11 The cordiality which before existed has subsequently on Mr. Silver's part entirely ceased. He has made the discharge of a purely public duty the cause of an entire cessation of all but official correspondence and the public service has been I consider seriously impeded in conse-quence.

12 That Bellikeri is a most im-proper Cusba for an Officer in charge of Ankola, Honore, and Cundapoor would not admit of a question, when if it had been

been a town but it is hardly even a village.
White Hmone is exactly central and is the site of the Court of the Division treasury of the Taloks, Cusba of the records, and of the detachment and the original head quarters of the Sub Division and as such provided with a Sub Collector's Cutcherry.

13. My statement that Bellikiri was made the Head quarters of the Head Assistant when Ankola and Soopa was the charge of that Officer was made carefully and correctly, and I believe that it was so on the special ground of the Head Assistant having the charge of Soopah, and its being desirable that he should be near to that large Talook while it was impossible that he should live in it on account of its unhealthiness. At a much later date the Head Assistant I know had for a time police charge of Gundapoor but the inconvenience of such an arrangement is most apparent.

14. That Mr. Silver should at first have solicited this change, and that now he should endeavour to shew that it is one which is disadvantageous to the public service has surprised me much.

But

15. But to the request which he now for the first time makes that he may be replaced at his former station at Mangalore, it has been my duty to give full consideration, I have done so, but I still think that on public grounds the arrangements which I made is in every respect the best. On private grounds it would obviously be most unjust to the Head Assistant to allow Mr. Silver to change as suits his convenience, and to send the Head Assistant there because Mr. Silver does not see fit either to repair the house which his predecessors occupied, or to build one.

16. I cannot at all enter into the objections regarding the Sheristadar which Mr. Silver has now stated nor was any difficulty complained of by Mr. Robinson or Mr. Sutherland. The Head Assistant certainly had no more assistance from my Office in managing those Taloks than is now available to Mr. Silver at any moment.

17. There are now other reasons which preclude my recommending this change at the present time. When I leave Mangalore on

Fort St. George 13th June 1853.

on circuit my communications with the Officer left in charge of the treasury and of my office, are constant, if not daily, on a great variety of subjects. This is carried on with convenience and despatch by numerous private notes. If this were to be exchanged for such official correspondence on each subject as has lately passed between Mr. Silver and myself, the despatch of public business would be almost impossible and my other duties would be most seriously impeded.

From Mr. Silver dated 23rd March 1853. To Ditto 31. 10.

18. I now beg to forward a correspondence with Mr. Silver subsequently to that transmitted to the Board describing the ruinous state of the bungalow. It appears that Mr. Silver has had the opportunity of renting the Mission house and that Captain Pope is desirous of renting Jack's bungalow which Mr. Silver recommends he should be permitted to do. Captain Pope is at present renting a house from Mr. Lascelles.

19. Mr. Poulten the Assistant Collector in the Forest department has written to me expressing a wish to exchange his house at Sedasheguv for that at Honore on a valuation, if the Government should see fit to convert the former into a public bungalow.

20. The Board will determine in

Fort St. George 13th June 1853.

in whatever way under present circumstances it is best that the premises should be disposed of.

21. In this letter I have quoted Mr. Silver's notes from memory as they are not at hand. Of mine to Mr. Silver I have no copies, but Mr. Silver doubtless has the originals.

No. 1

To F. S. Malthy Esqr.
Collector of Canara.

Sir,

I have the honor to acknowledge your letter of the 29th April, transmitting an original letter from the Board of Revenue dated 21st April, herewith returned, and Copy of your reply to the same.

2. I am not desirous to purchase Jack's Bungalow, and the site on which it stands. I beg permission to make a few remarks on the subject of my having been transferred to these Talooks, which

which you detail to the Board, and which in the view you then took of the circumstances under which I was placed, was not to me a boon, but a very great hardship. Jacks Bungalow at Honore consists of one small upper room, with a narrow wooden veranda round it. When the Missionaries annulled the engagement they had entered into, to rent to me, their house at Honore, I renewed the request, I had formerly made, that Bellakeri might be made my head quarters, where there is a commodious house for the Sub Collector, an excellent Cutchery and dwelling houses for the Cutchery Servants. I referred particularly to what you knew of my business habits, that I was not likely to remain there inactive, but that a due portion of my time would be spent in my other Talooks and the chief object of Bellakeri to me would have been to have a roof over my head during the monsoon for with Jacks Bungalow, you knew, I could not take my family.

3- At a subsequent period, you proposed to me, should I wish it, to build a house at the Juddie, making that my head quarters, but while there is good accommodation for the Cutchery at Bellakeri, there would have been none at the Juddie and the places are only 12 miles apart.

The

4. The extent of the charge stated by you, to have been that of the Head Assistant when Bellikery was the head quarters, I beg permission to point out, is not quite correct. The Head Assistant had charge of Ankola Soopa and the Police of Cundapoor, and Bellikery was the head station, this I find from records with my Circuit Cutcherry, to have been the case since 1848, when Mr. Forbes was Head Assistant. Mr. Forbes and Mr. Fisher with Ankola, Soopa and the Police of Cundapoor, had Bellikery for their head quarters, and Mr. Channer with Ankola Honore, and the Police of Cundapoor, had also Bellikery for his head quarters, his removal to Honore was for private family reasons of his own.

5- I beg distinctly to disclaim in going into this detail, all idea of setting myself in opposition to your wishes I did not press the point at the time, but I wish to take this opportunity, respectfully, to submit, to the Board of Revenue, that under all these circumstances

circumstances, the request I made to you, was not an unreasonable one, and one which might have been acceded to without any injury to the public service.

6. With regard to the expediency of having the Senior officer in the Northern Talooks Ileg to say that, that was not a point, on which you laid any stress at the time - In your Demi-official letter of 5th May 1851 offering me the charge, you stated, that "the arguments "were so nearly balanced, that you thought "the wishes of the parties might settle the "point," and that it was "not likely to be a "matter of interest to Mr Fisher, as he would "not probably be long in the district" So that under that view of the case it did not appear of importance to you, whether Mr Fisher's successor was here, or at Mangalore.

7 Since my return from the Cape, I have felt frequently the want of a Sheristadar, for you are aware I can have no assistance from the Sheristadar in the Balaghaut Cutcherry, except during the month, he comes down for Jummabundy, and it

it strikes me, that the positions of the additional Sub Collector and the Head assistant here and each without a Sheristadar, are widely different - Many matters fall for decision in the Cutcherry of the additional Sub Collector, which in that of the Head assistant would be referred to your own Cutcherry; while at Mangalore, the additional Sub Collector can always have assistance, from either the Head or Naib Sheristadar, a good example has just been afforded, for when Mr Ball's Sheristadar came down six weeks ago for the settlement of an Kola, I had a large arrear of papers, accumulated on which I had to procure his opinion, on revenue matters to be disposed of at once - It is but justice to the Sheristadar Govindia to say that he worked with great zeal and assiduity the whole time he was with me -

8. another point for consideration

consideration is that when the additional Sub Collector is at Mangalore, he is always available to take temporary charge of the district, should the Collector leave, and thus avoid the necessity of the Sub Collector being brought down from Sircy. In this manner, I took charge of the district the first year I was in Canara when Mr Blane proceeded on leave to Bombay.

9 For these reasons I beg to request that I may be replaced at my former Station, Mangalore, and should you see no particular objection, I trust you will do me the favor to support my request. Should it be determined, that the former System in the district be reverted to, I would propose for the convenience of all parties, that the change be made after the monsoon, and I request you will do me the favor to lay

lay a Copy of this letter before the Board.

Additional Sub Collector's Cutchery on circuit, Belli Kery, 5th May, 1853.

/Signed/ J. Silver
add.l Sub Collector.

To James Silver Esqre
Additional Sub Collector
of Canara.

Sir, I have the honor to acknowledge your letter of the 5th Instant, and beg to inform you that I have, as requested laid it before the Board of Revenue a Copy of my letter to the Board. I beg to forward for your information.

2, I regret that for reasons which I have detailed to the Board, I am unable to support the request which you have made to be replaced at your former Station of Mangalore. The arrangement which I made more than a year and half ago was made carefully on full consideration of the present State of the

the present state of the district and the standing of the several officers and so far from finding occasion to alter my opinion on the subject, I am satisfied from experience with three different officers that the arrangement is advantageous as well as suitable to the relative position of the additional Sub Collector and Head assistant, giving to the former the more important and generally much preferred charge.

3. Now that the Balaghaut has risen so much in importance as to form the division of the Sub Collector and remove that officer permanently from Honore, I consider that the Billah station of Honore and the neighbourhood of the commercial capital of North Canara, certainly the second and perhaps the most rising town of the district, is the proper station of the additional Sub Collector.

4. I must also observe that although in making the arrangement I certainly took your wishes

wishes into consideration, as being the Senior Officer, I should consider it unjust to the Head assistant now to transfer to him the inconvenience which you experience from the want of a proper residence unless the present arrangement were very clearly disadvantageous to the public service.

5. I am surprised at your stating in the 7th Para of your letter that I am aware that you can have no assistance from the Sheristadar of the Balaghaut except at the time of the Jummabundy, because he has just conducted a survey in your division, and while Mr Robinson was in charge was placed specially under his orders to assist in clearing off the accumulation of Revenue cases. At the same time I am aware that the want of another Sheristadar is very great but this want would certainly not be less if the Head assistant were in charge of

your

Fort St. George 13th June 1853

Your Talooks - It arises from the increased importance of every division of the district -

I have only to add that you have made a very great mistake in saying that I ever suggested Tudderi (which you state to be 12 miles from Bellaveri) as a residence for the Sub Collector - The purport of my remark was that if the officer in charge had to build a house I should not be sorry if he should take a fancy to build near Coompta towards the Tudderi, for when I was on the spot it struck me how very suitable and advantageous a place this would be considering the rising importance of the town - But if this was done in preference to building at Honore it would of course devolve on the party to provide a suitable Cutcherry - This was a mere idea thrown out in unofficial correspondence.

Sir,

With reference to the correspondence noted in the Margin relative to the supply of salt for sale at Madras till the next season,

To Board 14th April 1853.
From Do. 19th April "
To Do. 22d Do. "
From Do. 25th Do. "

I have the honor to report what has since been done.-

The Comatties Rungiah Chetty and others, who had contracted for the freight of 200 Grace of Salt from Iskapully having subsequently raised repeated and vexatious difficulties, the last of which was that as Circar Peons had been promised to accompany the Salt they were not bound to deliver it over at Madras by measurement, I considered it better to have this Agreement cancelled by mutual consent; which was done on the 4th Instant.-

3. I have given an order to P. Venkat Reddy for an additional quantity of 200 Garce on the same terms as before. But as he professed himself

himself unable to give security, I obtained his signature to a supplementary clause on his former Agreement which is subjoined for the information of the Board, by which the salt is pledged to Government until the stipulated price is paid for it.-

4. On the 31st Ultimo I received the Collector's reply to my inquiries as to the quantity of Salt available from the Pans in Chinglepat. The whole stock up to 24th May was 825-359 of last year's, and 305, 244 of this year's manufacture. Copies of the correspondence as noted in the Margin are now forwarded. I would beg to suggest that the Board will be pleased to convey to W. Cochrane direct their instructions as to the Manufacture for the present season.-

From Do. 28th Do.

5. The Superintendent of Salt has been urged to use every exertion to manufacture to the fullest possible extent at our own Pans, and I believe he has taken much pains to do so. But the out turn of May has not equalled my expectation and the Manufacturers complain that notwithstanding the bright hot weather the wind

during

Fort St. George 13th June 1853.-

during much of the month of May was unfavorable to the full production of the pans, I now send the Superintendents last report dated the 6th Instant. It will be seen that about 900 Garce had been stored to the end of May of which however only 476 — 239 remained on hand on 1st June. According to latest returns these were on the 7th Instant.-

No. 117.

To, H. Stokes Esqre.
Acting Collector of Madras.

Sir,

Para 1. In reference to inquiries made by you I beg to report that at this date we have stored 950 Garce and that about 450 Garce more are at the Pans, making together 1400 Garce. I estimate June's supply from our own Pans at 1500 Garce which would then amount to 2900 and if this result takes place it would render it necessary for us to have 1100 Garce merely the close of the season to complete 4,000 Garce which is the utmost I feel sure we can obtain from our own Pans and which would be less by 2000 Garce of this year's Estimate.-

receipts of salt for the past five years which I trust will answer the purpose required.-

3. The accumulation at the Pans arose entirely since the 26th of last Month upto which the quantities never averaged more than 200 Garce. In the three first Months of last year's manufacture the quantity at the Pans amounted to 1566 Garce of which 947 Garce were shipped for the Colaurs within that period.-

4. I mentioned in a Note to you that the Shipments from about the 26th April 1853 were irregular as Cholera had broken out among the Boatmen. The stop to Shipments on Sunday may in some measure but not materially tend to an accumulation hereafter if the boat contractor fails as he has done recently in his engagement.-

5. Theft on Transit is not entirely checked because the Boats almost invariably from one cause or another / but Chiefly from the bad state of the Canal in Two / parts / have been detained at night on the passage up. One instance was noted by myself last week in the Morning two miles up the Canal, and the Peons in charge fined.-

Do

Fort St. George 13th June 1853.-

An order was passed last week that if Boats were detained by the shallowness of the water one of the Peons should give notice and Two permanent Peons would be sent from here one on one side of the river and the other on the opposite to keep watch.-

6. I am certain that thefts do go on at the Pans but not to any great extent- The situation of the Pans renders impossible to put a stop to them entirely, except we have more Peons.-

7. I enclose copy of a Tamil paper from the Aneen now residing at Cuttevauk for his health which he addressed to my Deputy as well as of another paper that I took from the manufacturers stating the cause of the scrapings being short of last year at this period.- Enclosure No. 3. Do Do No. 4.

8. With regard to measuring Salt at the Pans none of the manufacturers will consent to have a second measurement made because it will be attended with wastage which they will have to bear and as a general Rule it could only be carried out by the transfer of our measures and Establishment

to

to the Pans still if you desire the experiment to be made and will allow the Coodiwarums to be paid on the Salt measured at the Pans and not upon its remeasurement at this Cotaur I will have this done when I next proceed to the Pans which will I hope be in a day or two.

To, The Collector of Chinglepute.

Sir,

Referring to my letters in the Margin I have the honor again to request your cooperation to the utmost of your ability in endeavouring to provide against the risk of a short supply of Salt in the present season, the early part of which has proved so unfavorable and I would beg you to have the goodness to order the manufacture to be carried

on to the fullest possible extent not only at Covelong but at Poongolum and at all the other pans in your district. I am informed that but very little progress has yet been made in the pans noted in the Margin which are to supply these stores. I shall be obliged to you to hasten the manufacture as much as possible and to send me a return shewing the quantity available at each of your Pans at the date of the account and a similar Statement every ten days.—

To, The Acting Collector of Madras.

Sir,

In reply to your letter of the 18th Instant, I have the honor to enter in the Margin the quantities of Salt which have been manufactured at the Pans of Vulloor, Vayaloor and Vitchoor up to the 24th Instant, I request that Boats may be despatched to Vulloor from which Pans I am informed that two Boats of Salt can be daily supplied to your Depôt. the Canal from the Voyaloor Pans to Cochrane's Canal will be shortly completed when Boats may likewise be despatched to these Pans.-

2- The contiguity of the Pans at the places above referred to, to the Cottillar River and their consequent inundation, have rendered them unfit for manufacture till recently and I am apprehensive that the supply will fall considerably short of the quantity ordered to be manufactured Viz.t. Garces 3300. a Memorandum of the quantity of Salt at present available at each of the Pans is herewith transmitted as required, but I am unable to perceive the necessity or object of my furnishing you with accounts of manufacture once in 10 days, the responsibility of arranging matters for the manufacture being carried on to the fullest possible extent, so far as the circumstances of the season will permit devolving on this Department.-

Proceedings thereon.-

54-55

The Board approve of the arrangement reported in Para 3.-

Ordered that the following letter be dispatched to the Collector of Chingleput and a Copy furnished to the Collector of Madras for his information.-

To The Collector of
Chingleput.-

Sir,

1. From a Copy of your letter to the Collector of Madras, of the 28th May 1853, forwarded to the Board by that Officer, they observe that only 316 Garce have been manufactured and still remain mstored up to the 25th May last in the several pans of your District.-

2. The Salt available at the Vulloor Voyaloor and Vitchoor pans, the produce of which is especially reserved for sale at the Madras Cotaurs was at the same date 121 Garce out of an order for 3,300 Garce.-

3. It is of the utmost importance that the Madras authorities should not be disappointment in the supply expected from the Vulloor &c. pans, that the manufacture in the other portions of your District should be carried on with all practicable vigour and dispatch, and for the promotion of these measures

Fort St. George 13th June 1853.-

measures the Board rely on your best exertions.-

4. Not only at Covelong should the manufacture be carried on to the fullest extent according to the requisition of the Acting Collector of Madras, but also at the other pans between that place and Madras, you will be pleased to report at the close of this month and again at the end of July what quantity of Salt may be ready and the further quantity expected this season.-

B. No. 1207.

Sir,

To the Chief Secretary to Government.

Forwarding with Board's observations an abstract exhibiting in one view the transactions in the Management of

Para 1. With reference to Extract Minutes of Consultation under date the 23d October 1847, and to the Copy of the despatch from the Honorable Court

Fort St. George 13th June 1853.

of the Salt Revenue of the Madras Presidency for Fusly 1261.-

Court of Directors dated 25th August of the same year, communicated therewith, I am directed by the Board of Revenue to submit the accompanying Abstract, exhibiting in one view, the transactions in the Management of the Salt Revenue of the Madras Presidency for Fusly 1261.-

2.- It will be seen from the Statement that the Quantity of Salt in store in all the manufacturing Districts at the commencement of the fusly was Indian Maunds 42,73,710-4-9½ which added to that manufactured during the year Indian Maunds 530,7918-25-15½ made a total of Indian Maunds 95,21,628-30-9.-

3.- The sale of Salt in the several Districts in Fusly 1261 (including Wastage Indian Maunds 15,27,14-27-11.) was Indian Maunds 56,22,928-30-7½ of which the following is an Abstract.-

For

Fort St. George 13th June 1853.

For consumption within the Madras Territories	36,18,347-3-4½
For transport into Native states	15,63,314-7-8
To the French Government	40,52-32--
For Export on requisition from Bengal Government	94,800----
For export on private trade to Calcutta and other places	15,3600----
	54,70,214-2-12½
Wastage	15,27,14-27-11
Total Indian Maunds.	56,22,928-30-7½

4.- The Balance of Salt in store at the close of the fusly was Indian Maunds 38,98,700---½.-

5.- The gross revenue derived from the sale of Salt in Fusly 1261 amounted to Rupees 49,28,546-7-6 and the charges of every description exclusive of recoverable advances, to Rupees 6,74,094-8--.-

6.- The net revenue derived was Rupees 42,54,452-15-6- which compared with the results of the preceding fusly (Rupees 41,63,260-4-10) shews a Net increase of Rupees 91,191-10-8. The chief increase occurred in the Districts of Ganjam, Madura and Nellore.-

7.- There has been no alteration in the price of Salt during the year, and the results do not appear to call for any particular remark, as they have been already received in the Board's Proceedings upon the Management of the Extra sources of Revenue in each District for Fusly 1261.-

Proceedings thereon-

The Government in the Minutes of Consultation at the head of these Proceedings enlarge upon the reasons which influenced them in not extending to the Salt of Bombay and Ceylon the provisions of admitting Salt from Europe on a fixed duty of 12 Annas the Indian Maund, remarking that while the Government Salt was sold in Canara at the fixed rate of 120 Rupees the Garce it was questionable how far it was expedient to introduce in competition with it an inferior Article, which could be profitably sold at a lower rate and would therefore in process of time command the Market.

2 They thought that before the admission of Bombay Salt could be permitted it was advisable to determine whether it was practicable to establish a System

system of excise to enable the home manufacturer to compete on equal terms with the imported article.

3 On the subject of the admission of Ceylon Salt the opinion of the Board was desired after communication with the Collectors on the Coast on the feasibility of admitting it on a reduced duty without giving room for a contraband trade.

4 The replies of the several authorities addressed are submitted with these proceedings and the Board will first take in to consideration the question of a general excise on all Salt produced in Canara simultaneously with the admission of Bombay Salt at a fixed duty and next whether the latter may be introduced during the operation of the Monopoly.

5. It will be necessary first to remark that the Bombay Salt is not in itself an inferior article as the Board and Government were led to believe it was from the Collectors remarks in a former letter. Though imported in an adulterated shape it recommends itself by the solidity of its crystals to the traders above the Southern Ghats by whom it is much preferred to our own, the people of the District

From Coll.r S.A. in Cons.n 25th Sept.r 1851 N.5.

Fort St. George 13th June 1853.

District however inclining to the latter.

6. As to the expediency of a general excise on the Salt of the District the Collector in the present as well as in a former report (To Government 10th November 1851) is of opinion that this System would be the best as far as as his information enables him to form a judgment. He discusses generally the principal inducements to an excise System, but does not recommend its immediate introduction. He would rest content for the present with throwing open the Bombay trade and watching its effects on the Government sales and would report at some future period the expediency of an excise. The Board concurring in this view have but few remarks to offer upon the plan as broadly sketched by the Collector. In the first place it will be necessary he thinks to precede the Establishment of an excise by the formation of good roads to the coast and opening out the means of communication with the interior in order that all portions of the District might be supplied from the coast as easily as they now draw their stores from the inland Depots of Government. On this subject, the Board observe that great

Para 26

progress

Fort St. George 13th June 1853.

Progress has for some years been made in the construction of roads leading from the interior to the Coast but there are some places such as Cundapoor where it would be very difficult to construct a good road up to the Coast depôts and there are other considerations connected with the difficulty of procuring forage for Cattle &c. which were the main cause which led to Establishment of Depôts more inland and which would still operate to impede the resort of inlands purchasers to the Coast.

7. The present cost of Govt. of from 7 to 12 Rupees the Garce is stated to be in excess of the real charge of production to the Manufacturer but even on the higher Estimate it is evident that with the excise duty included the manufacturer would be able to sell his Salt at 90 + 12 + 3 for incidentals expended = 105 R. or equal to the price of Goa Salt at the frontier and 5 Rupees less than the lowest sum at which the Collector supposes that Salt might be landed from Bombay thus placing the Market in the hands of the home manufacturer except that portion of it which from the vicinity would naturally seek its supply from the Goa frontier.

A.

Para 10

Fort St. George 13th June 1853.

8. A Comparison of the financial results of the present and the excise System as carried out in Bombay is drawn by the Collector in Paras 41 & 45 of his report shews a Net decrease under excise on the Estimated consumption of the Districts of 16000 Rupees annually, but so many important points require to be established or any detailed consideration of the System which is not proposed at this period that the Board will not further dwell on the subject remarking only that to them as now informed the excise System in operation at Bombay does not appear to be less cumbersome or expensive than the Monopoly enforced at this Presidency.

9. The Government interference would appear the same, the working of the Bombay System more complicated and its profits the charges being deducted from the excise less less than what are derived from the present Monopoly. The Superintendence being borne by Government and not differing in any material degree from the Monopoly Establishment illicit Sales are rendered difficult.

10. The Bd will pass to the consideration of how far the adoption of Bombay Salt would interfere with the Government Sales.

From Coll.r 3 Sept.r 1851
To the Chief Secy 5th February 1852.

11. The proposition of the Collector as reported

Fort St. George 13th June 1853.

supported by the Board was the admission of Bombay (and Arabian) Salt at Cundapoor and the ports South of it and the Board are not aware that the Government had in view a more general importation extended to the other ports of the District when they addressed the Supreme Government.

12 The Manufacture of Salt is limited to the 3 Northern Talooks of Ancola, Honore and Cundapoor and at the latter port alone would the Bombay Salt compete with the home produce. The Average Annual produce at Cundapoor is stated to be 70 Candies retailed at the Monopoly rate. If the Bombay trader can land his Salt at Rupees 110 it is obvious that the Cundapoor home sales will be superceded but there is considerable discrepancy in what the Collector has stated on this point.

Para 10.

13 In Para 12 of his report of the 3d Sept. 1851 he observes that the sale of Bombay Salt was not likely to affect in any great degree the sales of home produce this in his present report he appears to be prepared for the supplanting of the home by the imported Article.

Para 08.

14. The Average net profit on the

Fort St. George 13th June 1853.

the Government Sales of Bombay Salt has been 89-7 so that the supercession of these by private trade on an Excise of 90 Rupees will be no loss to the State and the authorities will be spared the care and labour of superintendence and retail sale. Nor will there be any loss to Government on the total Salt Sales of the District, as the Net profit upon these allowing for the high charges for Salt imported from Bombay has been 91-2-5 per Garce.

Encls 1 to Collr 3d Sept. 1851

To Chief Secy 19th April 1852.

15. The Board are not disposed to think that there will be any loss of revenue on this head or that a consideration of it should prevent the experiment of an admission of Sea borne Salt from whence an healthy trade might spring up along the Coast and be productive of much benefit to the District.

16. It is no greater concession to Salt from foreign countries than has already been made in favor of Salt from the foreign countries of Goa and Arabia.

17. There need be no apprehension of the Merchants having the supply Salt Market in their own hands and thus perhaps forcing upon the people a deleterious Article for as already observed the Salt of Arabia

Fort St. George 13th June 1853.

be made for wastage and as along such an extensive Sea Board it may be expedient to limit the ports of receipt they would recommend that only at the principal ports hereafter to be named should Ceylon Salt be imported

23. Smuggling they think would be attended with great risk all Salt found out of the line of an authorised port being liable to confiscation —

To, The Acting Collector of Cuddapah.

B. No. 1198.

To the Acting Collector of Cuddapah

Sir,

Enclosed in Petition No. 1045. 1853 No. 111 of 1853.

Your mention is made in your Endorsement on Petition 292 of 1852 of the alleged sale of Petitioner's puttah land. Before passing final orders in the case, the Board wish you to state the reasons of the above sale if effected.

Revenue Board Office, Fort St. George, 13th June, 1853.

/Signed/ B. Cunliffe Sub Secretary.

60

To, The Collector of Tinnevelly.

13th No. 1199.

To The Collector of Tinnevelly.

Sir,

With reference to your Endorsements 14th May 1852 and 31st January 1853 on the Petition of Teetarappah Moodally the Board think that the matter at issue is of that importance which should obtain for it a personal enquiry at your hands. I am desired therefore to request that you will make such an investigation and report the result for the Board's information.

Petition No. 765 of 1853.

Revenue Bd. Office, Fort St. George, 13th June, 1853.
