Fort St. George 1th October 1855

No 152

To

H. Forbes Esqre

Collector of Tanjore

Sir

I have the honor to submit the following report on the Settlement of the Division for Fusly 1264, accompanied by the usual Statements No I and II.

2 The Settlement of the several Talooks was made as follows.—

Talooks	Villages
Combaconum	Venayakan Teroovoo
Coottalum	Cusbah
Mayaveram	Cusbah
Sheally	Cusbah Anikaram bhut. Trum & Tranquebar patam
Parellum	Moattoopakem

Total number of Villages.

3. The number of Villages in the Division is 2,011 and the tenures under which they were held in the Fusly under report are shewn in the annexed Statement.

Tenure

	Tenure	Fusly 1263	Fusly 1264	Increase	Decrease
I	Olungoo rented	448	447	"	1
II	Field Afsefsed	919	919	"	"
III	Moottumfysel	458	458	"	"
	One years rented	184	184	"	"
	Grain rented	1	1	"	"
IV	Sumary	1	2	1	"
	Total	2011	2011	1	1

Irrigation

4. The nature and the esctent of the Sources of Irrigation were stated in my report of last year. Since that time considerable improvements have taken place in the drainage of the Villages lying near the coast, and the canal has been found to be of great Service in Securing a more permanent drainage for the country lying between Teroomulvafel and Tranquebar. The esctension and raising of the lower Calcroon Sunicut which has been already carried out will also, it is hoped, Secure a more permanent supply of water in the South Rajan Voikal.

The

State of the Season

5. The Season of Fusly 1264 has been a most favorable one, and the outturn of produce has been larger than for many years past. The freshes in the Rivers were some what later than usual (from 2 to 3 weeks), but they continued without intermission. The rains also were abundant and Seasonable.

Sanitory Condition

6. The Sanitory State of the Division has also, I am happy to say, been Satisfactory, and the number of deaths from disease and Epidemic has been much below what it was in the preceding Fusly.

Prices

7. In addition to the large outturn of produce, the Morafsidars have also had the benefit of high prices, though of course, they are some what less than those obtained in Fusly 1263. The Commutation price for the Olungoo Villages in the Fusly under report has been fixed at D. Fr. 1. C. 67/32, being an increase of upwards of 37 per cent above the Standard price and about 17 per cent less than the price of the preceding Fusly.

The

Fort St. George 4th October 1855

cultivation

8. The following statement exhibits the extent of cultivation in Fusly 1264 as compared with that of the preceding one.—

	Fusly 1263		Fusly 1264		Increase		Decrease	
	Land	Assessment	Land	Assessment	Land	Assessment	Land	Assessment
Nunjah	35,582	14,84,880	1,0081	15,39,021	1,499	54,141	"	"
Poonjah	7,131	69,789	7,110	69,583	"	"	21	206
Bagayet	27,46	68,770	27,35	68,489	"	"	11	281
Total	1,51,159	16,23,139	1,09,26	16,77,093	1,499	54,141	32	487
		Net Increase			1,467	53,654		

The increase in the Nunjah cultivation is owing to the favorable nature of the Season and to the comparatively small extent of land which came under the head of Tarius and Nuttoopaul (including Poonjah V. M. G. 6—17—41) V. M. G. 5—5—21 of Survamaniem land which were Sequestered according to the orders of Government noted in the Margin, were also brought to account for the first time this year. The Beriz thereof amounted to Rupees 122—4—9 (This is the Nunjah Beriz only including Poonjah the amount is Rs. 153—1—11)

× M. 62 July 1853.

The small decrease in the Poonjah and Bagayet cultivation

Fort St. George 4th October 1855

cultivation is attributable to the conversion of Poonjah into Nunjah, and also by some lands having become unfit for cultivation owing to accumulations of drift-sand and other causes.—

Alungoo pented Villages

9 The Number of Villages held under this tenure it will be observed is one less than in the preceding Fusly. This is the Village of Veilachary in the Combaconum Talook, which the Mirasidar refused to rent on any reasonable terms and which was therefore kept under

Among Of these 147 Villages, 2 Suffered from Drought and were reaped under Circar management, and in 5 Villages received in exchange from H. H. the Rajah, the Beriz does not vary with the current price, and was Rupees 7720—3—6. The Beriz of the remaining 140 Villages was for the Fusly under report Rupees 1,33,270—10—2 being an increase of Rupees 95,388—..—5 over and above the Standard and which has been caused by the increase in prices.—

Field afafsed Villages

10. In these Villages, there is an increase in the Fusly under report of Rupees 86,229—11—2

over

Fort St. George 4th October 1855

over that of the preceding Fusly This is entirely owing to the favorable season and to the Comparatively small amount of remission which it was found necessary on account of Tarus and Nuttoopaul.—

The Subjoined Statement shews the increase in the Beriz of Villages in the Several Talooks.—

	No. of Villages	Beriz of Fusly 1263			Beriz of Fusly 1264			Increase			Decrease		
Mayaveram	207	89,329	14	3	105293	5	5	15,963	7	2	"	"	"
Coottalum	173	94,127	14	"	96,356	9	1	2,128	11	1	"	"	"
Combaconum	1	626	11	11	701	12	7	75	"	8	"	"	"
Sheally	388	204,983	11	5	263718	15	4	58,735	3	11	"	"	"
Parellum	150	57,521	12	11	66,519	1	3	9027	4	4	"	"	"
Total	919	446,590	"	6	532,819	11	8	86,229	11	2	"	"	"

Tarus and Nuttoopaul

11. The remissions granted under this head in Fusly 1264 were only Rupees 1,582—3—2 and were given in the following Talooks.—

Mayaveram	Rs.	529	10 5
Cottalum	Rs	none	
Sheally	Rs	867	5 9
Parellum	Rs	185	3 "
	Rupees	1,582	3 2

Tu.

Fort St. George 4th October 1855

In my report of Fusly 1263 I had the honor to bring to your notice that I had struck off from the Inmmabundy lands which had been waste for 5 years, and which had never been Cultivated, and in the Fusly under review, every care has been taken in granting remission to see that they were absolutely called for, and each case has been carefully examined and decided by myself.—

12. You are aware that the Village of Venayakum Teroovoo, which is the only Field assessed Village in the Combaconum Talook, Formerly belonged to the Wodiarpaulem Talook in the Trichinopoly District and that its assessment is and continues to be made on the same principles as hitherto prevailed in that Talook, but which has now been discontinued by order of Government. On the 21st March last, I requested instructions as to how the Settlement of this Village was to be made, but the reply of the Board was not received in time to enable me to carry out their orders in the present Fusly, and with the exception of the amount of

Exctra

Extra cesses as Roosooms, Sauderwared which the Government in their Proceedings of the 10th July 1854 directed to be "at once relinquished," the settlement has been made as usual. I shall have the honor to address you separately ere long as to the revision of the assessment of this Village, and trust that the temporary suspension of the amount above mentioned will meet with the Board's approbation.

Moottumfysel 4 Villages

13. Of the total number of Villages held under the tenure Vizt 629 were reaped by the Merasidars. The Beriz of these Villages, as compared with that of the preceding Fusly, is shewn below.

	No. of Villages	Beriz of 1263			Beriz of 1264			Increase			Decrease		
Moottumfysel	448	517,420	13	2	519,980	15	2	32,560	2	"	"	"	"

Grain rented	1	585	5	1	462	7	2	"	"	"	122	13	11
Total	629	629,459	4	9	662,177	9	6	32,841	2	8	122	13	11
							Net	32,718	4	9			

Droughted Villages

14. In the past Fusly, only 16 Villages suffered from the cause. Of these, 2 were Alungoo rented, 10 Moottumfysel, and 4 1 years rented. In the preceding Fusly, no less than

229.

229 Villages came under this head and of these 15 have again suffered from Drought in the Fusly under report, and one has newly come under this head. The outturn of these Villages is as follows.

	No. of Villages	Standard	Beriz of Fusly 1263		Beriz of Fusly 1264			Increase			Decrease		
Alungoo rented	2	879	6	"	652	1	1	527	10	4	"	"	"
Moottumfysel	10	13,564	12	10	7730	15	1	12,442	12	1	4711	13	"
One years rented	4	8700	11	2	4,580	11	8	4,463	12	7	"	"	"
Total	16	23,145	1	"	12,971	11	10	17,434	3	"	4711	13	"
								Net Increase			4462	4	2

Amany.

15. 2 Villages were held in Amany during the Fusly under report, Vizt the Villages of Anackoody and Boilachary in the Combaconum Talook. The former Village has been under Amany for many years, and the latter, though rented in Fusly 1263. was also so for the 10 preceding years. The Village has now changed hands and the Merasidar having refused to rent on any reasonable terms. it was also kept under Circar management. The outturn of the Village this Fusly, has been

been within 90 per cent of the Standard produce, and about 2000 Cullums above the quantity, at which the Merasidar offered to rent it

The result of the harvest of these Villages is shewn below.

Taluk	Villages	Standard Beriz	Gross produce Beriz Fusly 1263	Gross produce Fusly 1264	Beriz Fusly 1263	Beriz Fusly 1264	Comparision Increase	Comparision Decrease
			colls	colls	Rs	Rs	Rs	
Combaconum	Anackoody	Rs 1757	2983	6262	1275	2053	778	"
	Covilachary	Rs 1786	5800	6675	2095	2140	45	"
		Rs 3543	8783	12937	3370	4193	823	"

The portion of the Village of Eroomalay which was under Amany in Fusly 1263 was rented in the present Fusly for 1 year.—

Total remissions

16. The total amount of remissions granted in Fusly 1264 is only Rupees 1582, being Rupees 2422305 less than in the preceding one.—

General Abstract.

17. The following general abstract exhibits the Settlement of the divisions in the past and immediately preceding Fusly ...

Demand Collection & Balance

18. Of the total demand for Fusly 1264 Viz. Rupees 1,18,370 the sum of Rupees 1,14,983 was realized within the 30th June, and upto the 15th instant a further sum of Rupees 7,134 has been collected making the total collections upto the latter date Rupees 1,22,117 The balance remaining on the 16th July was Rupees 6,255 or 3 27/32 per cent on the gross demand.—

Old Balances Fuslies Rs. A. P.
1263 — 11,068 — 6 — 7
1262 — 283 — 10 — 11
1260 — 1 — 1 — 3
1259 — 4 — 4 — 11
upto 1257 — 7 — 14 — 11
Total 11,085 — 6 — 1

19. The sums noted in the margin have been collected in Fusly 1264, on account of balance due in the Fuslies specified.—

coercive measures

20. Hitherto coercive measures have not been had recourse to but I am apprehensive that some of the outstanding balances will not be realized till one or two sales of land have actually taken place, and the Merasidars are convinced that the Regulation authorizing these sales is no longer a Dead letter. I would take the liberty of here suggesting that as the Government have declared their intention of applying for a new legislative Act for the recovery of arrears of Revenue, provision should be made for the summary recovery of small sums on the responsibility of the Revenue Officers and that

Carried over

that in all cases of arrears of Revenue under Rupees 20, the local authorities should have power to distrain the personal property of the defaulter without referring to higher authority. This would expedite in a great degree, the collection of these small balances, and as Revenue Officers are amenable to the Local Courts for all acts done in their official capacity, I do not think that in practice this would be attended with any difficulty or injustice.—

21 With reference to the Orders of the Board noted in the Margin, I have to state that the following Lands have been sequestered and incorporated with Government Lands.—

+ 7th December 1854.

No 285

To G. S. Forbes Esqre
Acting Secretary to the
Board of Revenue
Fort St George

(121)

B of R. No 2822

From the Collector of Tinnevelly - - submitting the report on outstanding balances called for in Circular No 1331 Extract from Proceedings of the Board of Revenue dated 31st May 1855

Sir,

Para 1 I have the honor to submit the Report on outstanding balances called for in Circular No 1331 Extract from Proceedings of the Board of Revenue dated 31st May 1855-

The

2 The Balance at the Close of
Fusly 1263 was ——— Rx. 18534-2
Deduct amount Collected
in Fusly 1264 ——— Rx. A.P. 2362-8

Remitted by Government
under date 6th November 1854- 916-12-7

Recommended for Remissions
in para 43 of my Report on
the Summahlundy of
Fusly 1263 ——— 14734-2-3. 2-3

Amount of Teermah on
disputed lands which
have now been decided to
belong to certain Poligars 445-10-7

3333-1-5

Remainder— 15201-2-9

3 Of the above sum Rupees
228-5-1 are entered in the accounts
under the head of Recoverable and
Rupees 14,972-13-8 under that of
doubtful-

4 The Recoverable sum of 228-5-1
is an arrear of Fusly 1262 against a
Poyt of Vullyoor Taloot who has hitherto
withheld payment on the plea that a
portion

portion is payable by his Brother. But
as he is the Pattahdar, orders have been
issued to enforce payment from him if
necessary by attachment and sale of land-

5 The sum Reckoned as doubtful
Rupees 14,972-13-8 is under several items
and depends upon the decision of certain
questions of property in lands in which
this District is at issue with the Travancore
State and with certain Poligars-

To Board 17th Novr 1852
From Do. 27th January 1853-

6 The Principal of these are the
claims for arrears of Quit Rent from
the Travancore Government on certain
Pagoda lands in Shencottah endowed
to the Courtallum Pagoda amounting
to Rupees 8290-12-5 and the Rent of
Lands in dispute with the Rance of
Ramnad amounting since Fusly 1252
to 4599-15-1-

7 The former of these cases is
in train of settlement the Travancore
Government having acknowledged the
debt to the amount of Rupees 7387-13-4
subject to deduction on account of
other claims against this District to
the amount of Rupees 859-10-4-

The

Fort St. George 4th October 1855

8 The other item cannot be disposed of until the Ranee of Ramnad procures a decree of Court in her favor for the lands Concerned which have been attached under the orders of the Board of Revenue dated 19th February 1852—

9 Of the Remaining amount of arrears Viz.th Rupees 2102-2-2. Rupees 86-2-9 belong to certain disputed tracts of land on the borders of the Shencottah Taloob of Travancore which will be settled very shortly as the boundary is being marked out and Rupees 2015-15-5 to lands pin dispute between Government Villages and others belonging to certain Poligars. some of these disputes involving arrears amounting to Rupees 651-4-4 have been arranged but the adjustment of the arrears waits for final Removal of the cause of dispute by the erection of Boundary stones - The Remaining cases involving arrears to the Amount down to Fasly 1262 of Rupees 1,364-15-1 are under enquiry and will be decided as soon as possible—

certain

Fort St. George 4th October 1855

10 certain sums have been Collected on account of the balances under Report and are held in deposit. Thus there is in deposit on account of the Travancore disputes a sum of Rupees 8,270-12-5 and on account of the Ramnad differences Rupees 683-3-7 and on account of sundry of the other cases Rupees 1206 9-1 making in all Rupees 10160-9-1 part of which however will probably have to be refunded to the parties Concerned—

Read the following papers —

No. 1077.

Extract from the Minutes of Consultation in the Revenue Department under date the 25th September 1855:—

Read the following Extract from the Proceedings of the Board of Revenue — (Here enter 14th Sept.r 1855 No. 2309)

Para 1 The Governor in Council authorizes the Acting Collector of Canara to purchase 810 Garces of Bombay Salt at the rate of Rupees 20 12 6 per Garce; and to advance one third of the amount, being Rupees (5611) Five thousand Six hundred and Eleven. —

2 With reference to Para 3 of this Extract of the Boards Proceedings the Government observe that they have not stated, nor do they entertain any objection to advances such as these in question if found convenient as they now appear to be. But as they have no relation to ordinary Tuccavy advances, they had no proper place in a Statement of such.

3 The Governor in Council is also of opinion that the special annual Sanction of Government to these advances, as well as to the purchase of any specific quantity of Salt, is

is unnecessary Henceforward so long as Bombay Salt shall be purchased on account of Government, the Board of Revenue will determine every year the quantity of that commodity to be purchased, and the rate, and the Collector shall be authorized without any special permission to make advances to the Contractors, on sufficient Security to the extent of one third of the amount of their respective engagements.—

4 Bombay Salt is purchased on account of Government in Malabar as well as in Canara, and as it does not appear that applications for making advances to Contractors, or even for the annual purchases have been made to Government on behalf of the former District the Board are requested to report what is the practice in these respects in Malabar.—

B[d] No. 2793.
From the Secretary to Government

No. 1095.

Extract from the Minutes of Consultation in the Revenue Department, under date the 28th September 1855.—

Read the following Extract from the Proceedings of the Board of Revenue.

(Here enter 14th Sept[r] 1855 No. 2388)

With these proceedings the Board submit a correspondence with the Collector of South Arcot relative to certain ready Money allowances, and lands on easy tenure, enjoyed by Andiappa Soorriahundry, Polygar of Mungalore in that District, who died on the 30th June last, and they recommend that the pension of Rupees 798-4-9 per annum held by the deceased, be continued to his eldest son for life.—

2 The receipts of the late Polygar from his lands and ready Money allowances amounted

amounted to about Rupees 5492 per annum, and consisted of the following items. Rs A P

1st 196 Cawnies of land on half teerwah in 8 Villages of the resumed Dⁿ Mungalore Jaghire, yielding annually ——— 500 " "

2nd The Villages of Vendal and Rattacovehy on a rent of Rupees 533, being one fourth of the ordinary assessment ——— 1599 " "

3d Pension in lieu of Cowil fees — 798 1 9

4th Money allowance from the revenue of the resumed Jaghire of Mungalore in lieu of Civil fees yielding on an average — 2595 11 4

5492 13 1

Of these, the remission of half teerwa in No 1 was allowed at first through inadvertence on the part of the local Officers, and was continued by them afterwards without due authority. No 2 was simply a life grant to the deceased holder. No 3 like No 1 was enjoyed by the deceased through the oversight of the District Officer, having been properly terminable with the life of his father, and in No 4 the income enjoyed by the deceased ought

ought to have been resumed on the death of his father, and a life grant to a reduced amount have been made to him in its place.—

3 The family left by the late Polygar is stated to consist of two widows, two sons aged 9 and 6 years respectively, and ten other relatives and connexions. The Collector reports the family to be in "affluent circumstances;" having property in land, houses and jewels, admitted to be worth 20,000 Rupees, but which he supposes to be of much greater value.—

4 It has been shewn above that none of the four sources enjoyed by the deceased were of a nature to be continued as of right, a large part of that income was enjoyed by him without any good title, and his family are left well provided for. Under these circumstances, the Governor in Council sees no ground for acceding to the Board's recommendation, and he resolves to direct that the lands and allowances enjoyed by the deceased as above enumerated be resumed from the date of his demise.—

From the Secy
to Government

Official Memorandum.—

Adverting to the letter from the Board of Revenue of the 29th September No. 2538 the Secretary to Government is requested to be informed whether it is the meaning of the Board that the freight only of Salt conveyed to Chittagong should be 45 Rupees or that the Cost of the Salt also should be included in that sum.—

Information is also requested on what authority the Board consider it to be certain that, as mentioned in Para 6 of their letter of the above date the 45 Rupees specified in the Notification which accompanied the letter from Bengal of 30th July 1855 is intended to be exclusive of the Cost of the Salt.—

An answer to this Memo is requested as early as practicable.—

To The Secy to
Government

Ordered that the following Official Memo be sent in reply.—

Official Memorandum

With reference to the Official Memo from the Revenue Secretary to Government dated

Fort St George 5th October 1855.

Ltr Cor 5th October 1855 No. 2834.

dated 4th October 1855. the Acting Secretary to the Board of Revenue has the honor to inform him, that, in proposing to offer the same rate for conveying Salt to Chittagong, as has been sanctioned for shipment to Calcutta, the Board intended that it should be 45 Rupees per 100 Maunds, as freight alone.—

2 The Board assumed that the 45 Rupees specified in the Notification in the Gazette of the 11th August 1855 page 948 was for freight only on the following Grounds.—

(a) 1298 B. to Govt 23 June 1854.
(b) 4691. Govt to B. 12 Decr 11 " Decr "

3 The last two Contractors Vencatreddy and Oodutchum Dosa received (a) 48 and (b) 38 Rupees per 100 Maunds respectively as freight.—

4 In the Notification from Bengal published in the Gazette of 5 June 1855 page 667 the amount offered for Salt taken to Calcutta on private Trade was 53 Rupees per 100 Maunds and it was specially explained that of this amount 38 Rupees was freight and 15 Rupees Cost price.—

5 When therefore the Board observed the Notification in the Gazette of 11th August 1855. they concluded that the freight had been raised from 38 to 45 Rupees and not lowered from 38 to 30 Rupees per 100 Maunds.

Board of Revenue
Fort St George

(143)

B No 2637.
From the Collector of Salem
Reports the Sale of the lands on account of arrears of Revenue as authorized in

Sir

With reference to an Extract from the Proceedings of the Board of Revenue dated the 4th July last authorizing the Sale for arrears of Revenue of certain lands situated in

Fort St George 5th October 1855.

in Board's Proceedings of the 4th Instant.

situated in the Denkencottah Talook I have the honor to report that the lands referred to were put up at auction before the late Sheristadar at Denkencottah on the date specified in the advertisement—

+ 15th August 1855.

2 One of the six sequestered fields belonging to the defaulter Sidden was sold for a sum of Rupees 18 0 — As this Amount exceeded the arrears due from the defaulter another land belonging to the same person was not sold.—

3 No bid was made for the other four lands They were therefore purchased on account of Government at a nominal price The sale was not adjourned to another day, as there was no reason to expect that any bids would then be obtained for them.—

Belonging to defaulters Lutchmy, Puttu Vencatachalah Vencatachellah and Lutchmy Ravanniah.

I enclose a Statement 4 showing the particulars of the land sold, and I request the Board will be pleased to confirm the sale referred to, and authorize the payment of Rupees 2 4 6 being the sale proceeds in excess of the arrears, to the defaulter Sidden.—

I beg

Fort St. George 5th October 1853.

5 I beg to explain that I deputed the Nail Sheristadar to conduct the sale at Denkencottah instead of going myself, in consequence of unavoidable obstacles which prevented my so starting at the required time.—

6 I take this opportunity of submitting for the consideration of the Board whether the order which requires that all sales of land should be conducted in the presence of the Collector or one of his European + Subordinates may not be relaxed in some measure. Whether the sale be superintended by the Collector, or one of his Assistants, the duty is often attended with a great loss of time, and there seems no good reason why a Tahsildar who has much more important interests entrusted to him should not be permitted to sell a few acres of land. It appears inconsistent to prohibit the employment of an Officer in the position of a Tahsildar on such duty, where the agency usually employed by the Civil Courts in selling land consists

+ C.O. 29 May 1823. Note 3 Page 337.

Fort St. George 5th October 1853

land consists of a Summons peon and the Village Monsiff. I would therefore suggest that Collectors should be permitted to employ their Tahsildars on this duty when the extent of land does not exceed 25 acres in the case of any one defaulter.—

7 In para 4 of the Circular No. 1019. dated 30th April 1853, the Board directed that interest shall be charged from the day when the arrears accrued to that of payment or sale agreeably to Section VIII Regulation XXVIII of 1802. I have not considered this order as superseding that of 17 January 1848, directing with the view of securing one legal and definite System that the interest charged under the above Regulation should be reckoned from the 1st of the Month following that in which the Kists fall due. In the Salem District each Kist is actually due on the 11th of the Month.

Salem, Collectors Office, October 13 September 1853.

I have the honor to be Sir Your most obedient Servant (Signed) H. A. Brett Collector

N. A. Brett
Collector

16054 (144) Fort St. George 5th October 1853.

B No. 2579.

Proceedings thereon The Board of Revenue confirm the sale of the lands alluded to in the Statement which accompanies the foregoing letter, and authorize the Collector, after carrying to the credit of Government the amount of arrears due by the late proprietor to discharge to him the remaining sale proceeds.—

2 With reference to para 6 the Board are of opinion that petty sales of land for small Ryotwary balances may be allowed to take place at the Talook Cutcherry in the presence of the Tahsildar. It is observed that the rule to which Mr. Brett refers merely says "that a European Officer should be present "in all practicable Cases" and that it will be sufficient if this is done in selling Mootahs and important Estates in Ryotwary Districts.—

C. B. Page 337 Note 3.

From the Collector of Sea Customs.....

Sir,

Para 1. I have the honor with reference to the Extract Proceedings dated 7th Instant No. 2317, to transmit copy of a letter from Messrs. Griffiths and Co. but under the impression that the Board might desire further information, I waited, on these Gentlemen and learnt from them that Lieutenant Colonel Henderson not being abble to obtain the articles he required in this country forwarded to them various drawings of hinges &c., having especial reference to the dimensions and shape and weight of the various articles.— These were forwarded to Birmingham and when executed received by them in this country and forwarded to Lieutenant Colonel Henderson at Secundrabad. I imagine that the estimate for the building was calculated upon the assumption that Hardware would be purchased in the market

Market, in which case the duty thereon would have been paid—

2. Under the head "Free" duty goods" Military stores extending to all articles the property of Government are directed to be passed free— I imagine that the Rule is meant to apply only to stores sent out by Official authorities and not to such as Officers may import whether in cases of this description or for the Amicuts &c. It appears desirable that the Rule should be defined for future guidance, as well with reference to the papers noted in the margin* respecting stores &c. imported for H.C. H. the Nizam, is also whether, without special order from Government, any stores shall pass free to Public Departments except such as may be transmitted by the authorities in England.

Madras.

Sir,

With reference to your communication of this date and the Minute of the Revenue Board therein Enclosed, we have to inform that no stipulation was entered into at the time of our undertaking to supply the Hardware for the Government works at Secunderabad, that they should pass through the Customs duty free.

The thought that such a stipulation should be considered necessary did not occur to us, and even now it appears to us that it must be a matter of small concern to the Government whether such stipulation were made or not, for if the duty be charged to us we shall, as a matter of course, recover the amount from the other department.

From the Collector of Bellary — Sir,

The new Talook Cutcherry in the Eastern Pettah of this Town, having been completed, I have the honor to request the instructions of the Board for the disposal of the old Cutcherry in the centre of the Bruce Pettah.-

I believe it is in contemplation to transfer the Police or part of the present Military cantonment from the Military to

the

Fort St. George 5th October 1855

the Civil Jurisdiction, and in that event it is possible that a separate Police Annexe may be authorized, and the situation of the old Cutcherry would, I think, be convenient for an Annexe Office, and I would therefore propose that it be retained for the present, should it however not be required for that purpose it might be sold by public auction.-

I take this opportunity for also requesting permission to sell the old Hoozoor Treasury situated near the East Gate and within the Fort. It would be proper to do this in concert with the Military Authorities who might desire its entire removal rather than it should be made a private residence or shop &c.

From the Collr. of Bellary — 5 1.

Sir,

In the Board's Circular letter of the 18th June 1855, my attention is directed to a tax levied in Nellore as rent for the privilege of sifting the ashes from the furnaces of Goldsmiths which the Board had directed to be discontinued for the future and I am requested to furnish information as to whether the practice exists in this district, and also whether there are any other items of Motupha falling on labor only, or on the very poor which it would be desirable to relinquish. I have the honor to state in reply, that a tax similar to that levied in Nellore is collected in this District from persons who wash the ashes from the furnaces of Goldsmiths, and also a sand in which Gold is occasionally found, and the persons who follow this profession are called Jellacadoogoos; Motupha Tax is collected as follows from those people.

2 There are only a few persons, it will be seen, of this profession; who for the privilege of obtaining the ashes from the Goldsmiths render their assistance in making their crucibles &c. It is believed they never gain more than about 4 Rupees per month from this trade. The Goldsmiths are separately taxed under the head of Baglire Veesabady on their profession. Their taxation amounts to Rupees 3,728-2-- per annum. It would be expedient therefore to remit the tax that is chargeable on the Jelladoogoo people amounting to Rupees 108-14-- for fusly 1263.

3 The Moturpha Tax is collected under two heads and amounted in fusly 1263 in this District, as follows-

1 Veesabady levied on the profits of trade according to Regulation IV of 1818 10,536-6--

2 Baglire Veesabady levied on Handicraft ... 15,706-12--

25843-2--

4. The following items appertaining to the Head of Baglire Veesabady, leviable from the poorer classes, have already been recommended for remission by the late Collector Mr. Mellor in his letter to Board under date 24th May 1845 No. 27

No.

Fort St. George, 5th October 1855

		Nos. of Individuals	Tax for fusly 1263.

	Total	315	373	1756	5	--
	Grand Total	714	391	3214	13	--

5 These Items of Baghire Veesabady are collected in only a few Villages of 11 Talooks and not universally assessed. The nature of them is given below.

Nos. 1 to 5. First. These 5 items of Tax leviable on the following accounts are paid to the heads of the different classes.

1. Payable for Marriages
2. Payable for deaths
3. Payable by persons infringing caste rules
4. Payable by females who during the life time of their husbands, connect themselves to others by an irregular Marriage, which is called Cheeracuttladum among Hindoos.
5. Payable by widows who re-marry.
6. Payable by those of both sexes who are found guilty of illicit intercourse

6. In some of the Villages of the above talooks the Collections of these items of tax, according to the customs of different castes, is rented out and in the remaining Villages it is collected under the management of the Officers of Government by means of the heads of the different castes the fixed amount of Beriz is usually

Burton

made up by the people at a certain rate payable on account of each house and no rules in regard to its collection have ever been framed by the Circar. The tax is a partial one - and in its nature very objectionable and falls on the poorer classes, who also pay other taxes - and therefore these items, amounting to Rupees 1720-5-11 should be remitted. At the Summabundy of last year, a complaint was made to me against the levy of the Comanchy (No 2) Item in Kurponhully. I found that Mr Mellor had passed an order some years ago for the remission of this tax which was partly rented on a Complaint made to him - but that part which was not rented had not been brought at the time to his notice. But it appeared to me there was no difference and I ordered it to be no longer levied either in that Talook where it amounted to Rupees 84-12-11 or Madyperah, where I also found it, and where it was Rupees 35-2-11 I had not then these orders of the Board before me or I should have deferred passing any orders on the Complaint pending instructions from

from the Board - But the tax is obviously one so very objectionable and raised by an arbitrary Suffreek on the people; and had been in part, abolished by order of a former Collector that I did not hesitate to abolish it altogether.

Second. The tax leviable under the item "Right hand Managaum" No 6 is collected from some only of the Mala or Paria Caste, whose general business is to act as porters and guides to travellers passing through their Villages - the amount payable by 86 persons in the list is Rupees 378-12-0. This class of people generally are entitled to half a share of the flesh of the Cattle that die in the Village (the other share being the portion of the Madega Caste coming under the item "Left hand Managaum" No 7) and they have Ayah and Mara fees - and the heads of the Caste decide in matters of infringement of Caste rules for which this Mamabah tax is levied.

Third. The tax leviable under the item "Left hand Managaum" No 7 amounting to Rupees 1116-8-0 is similar to the former and is collected from 47 persons

of the Madega or Chuckler Caste, This class are generally entitled to the whole or half share of the flesh of the Cattle that die in the Village, and a share of their skins according to different Customs, they also get Ayah and Mara fees on cultivation, and in some villages they possess Sodee Enams - they settle their Caste disputes among themselves.

Many belonging to the two Castes mentioned under the Items Nos 6 & 7 pay distinct tax for looms which for fusly 1263 is as follows.

Parties	Number of Individuals	Number of Looms	Amount of Tax.		
Right hand party No 6	2,178	2,432	3,077	10	0
Left hand party No 7	318	340	673	8	0
	2,496	2,772	3,751	2	0

And they also pay Sodee or Quit Rent; and that not only on their Enam lands, but also on their Grain fees and supposed village perquisites, which is often very heavy and more than they can bear.

4 The distinct amount payable by these Castes, under the items "Managaum" now alluded to is

By

Fort St. George 5th October 1855

	Individuals	Rupees
By the Malas or Right hand party No. 6	86	378-a-a
By the Madegas or Left hand party No. 7	27	1116-8-a
	113	1,494-8-a

These taxes appear to me as objectionable as the five first Items and should be remitted in whole, as partly recommended by Mr. Miller.

9 There is another tax of the same kind which I find has not been mentioned before among the Manabah. It is the [illegible] Goottah (See No. 57 in the accompanying Statement No. 1); it is collected from one man only who has the privilege of collecting fines for breaches of Morality from certain Members of the Community. The tax is Rupees 36-12-a-

10 In the annual Statement of Pratisphta No. 6 which is usually submitted with my Extra Revenue Report there are three other items No. 13, 14, 22 under the head of Baghire Vessabady which for the most part I should, on carrying into effect the Board's instructions, be given up.

No.	Individuals	Amount
13	1098	4,706-a-a
14	4,373	6,355-8-a
22	39	129-a-a
	5,510	11,190-8-a

11 I have the honor to submit a List of all the

Fort St. George 5th October 1855

the different classes of persons entered in those Items which I have had extracted from the accounts. The whole of these classes are persons, with a very few exceptions, who may be included under the head of "Items of Notorpha falling on labor only, or on the very poor" The total amount of these 3 Items, as at present collected, is Rupees 11,190-8-a. I have marked, I think, those which I think may fairly, with reference to the General taxation under the head of Atoturpha, be retained. Amounting to Rupees 3,832-14-a, but there will still remain Rupees 7,357-10-a to be remitted. Should any person now entered under the head of House-

Ft Wm Fort St George 5th October 1855

House Tax be fairly liable to tax, for any Trades, he might be taxed, but all others should be exempt under the Construction I have put on the Board's order - Though at the same time I believe that there are many on whom the Motorpha tax properly falls as a tax on the different trades and Manufactures who are as indigent as many of those included under the general head of House Tax.

12 The sum to be given up deducted from the Motorpha will make the accounts as follows -

Total

Fort St George 5th October 1855

Number		Veesabady	Bagheire Veesabady	Total
	Total Motorpha of Fusly 1263	105136 6 "	151706 12 "	256843 2 "

Fort St George 5th October 1855

4 The Correspondence between this Department and the Civil auditor has brought to my notice that the Deputy Collector without the Knowledge of his superior in his Capacity of Deputy Collector entered into a Communication with the Civil auditor which he did not place on the Records or in any way permit to come to my Knowledge and this unprecedented Conduct has forced on me this most disagreeable Reference as will be observed by what follows- Had I seen the Civil auditor's opinion given on the 8th Instant I should have Communicated with Mr Cochrane, have at once yielded to that officers opinion and arranged with the Deputy Collector to receive charge of his duties on the day he might elect to depart- I believe this is evident from my letters to the Civil auditor- Thus it is apparent at the outset that Mr Cochrane's intentional withholdment of the Correspondence from my inspection led him on from one false Step to another until it finally ended in the most deliberate insubordination

The

Fort St George 5th October 1855

5 The grounds upon which Mr Cochrane concealed these papers from me are unfortunately made too apparent by his subsequent Conduct- He Received the letter from the Civil auditor on the 8th September, on the 10th at 2 oclock he left the office without my Knowledge sending a letter intimating his intention on that day to avail himself of the leave granted and transmitting the Key of the Cash Chest in the letter. I considered it my duty to order him to Return to the office he had so clandestinely quitted as he had not Completed his duties for the day in as much as among other matters, he had omitted to clear the Vessels whose Commanders were in waiting to receive their clearances from him. Having left the office in a manner which precluded my detaining him till his duties had been performed, he on the Receipt of the written order directing him to Return sent me a written Refusal to obey it-

6 Mr Cochrane in Corresponding in the manner he did with the Civil auditor Committed an irregularity the more especially as it appears from the letter of that

Officer

Fort St. Georges 5th October 1855

officer he Coniondered the letters as an au:
=thoritative decision for the Department, a
grave error was Committed when Mr. Cochrane
failed to file these letters in the office with the
intent to preclude their being seen by the
Collector, a more serious error than either
when he took the letters from the office at
the time he quitted his duties without Com:
=municating their Contents to me -

7 The following letter was written
by Mr. Cochrane -

To W. E. Underwood Esqre.
Collector Sea Customs -

Sir,
I have the honor to inform
you that agreeably to the instructions Con:
=veyed to me in your official Memorandum
dated the 8th Instant, I have transmitted to the
General Treasury the sum of Company's Rs.
Seventeen Thousand (17,000) and have Re:
=ceived the Receipt in duplicate for the same
I have also the honor to inform
you that I shall this day avail myself
of the leave granted me in the official
Gazette of the 7th Instant -
I beg to forward you the Key
of the Padlock of the Cash Chest -

Sea Customs House
September 10th 1855

(Signed) W. E. Cochrane
Deputy Collector Sea Customs

In

Fort St. Georges 5th October 1855

8 In the Cash Chest there was on the 8th Instant Seventeen Thousand Rs. and Company's Papers as per margin. Mr. Cochrane in effect thus proposed to deliver over charge to his immediate Superior. I have sent 17,000 Rs. to the Treasury. I have the Re:=ceipt. I sent you the Key, and have left my duties of the day not finished which you may ascertain upon enquiry, and perform yourself, which I did. I Submit to His Lordship

Deposit of Company's Papers		
Messrs Arbuthnot & Co.	10000	
" Binny & Co.	2000	
" Parry & Co.	1000	
" Cotton, Macleod & Co.	1000	
" Griffith & Co.	2200	
" Leech, Harris & Co.	2000	
" Lindsay & Co.	2000	
" Parry & Co.	2000	
" Pulicat Salt Farm	1000	
" Oakes & Co.		
" Overseer of Mint	1000	
" Mr. R. Fearon	100	
Sheriff's	1000	
Rs.	34400	

in Council that this mode of resigning office is without precedent and very contrary to the Spirit of all the Circular orders Respecting Cash Chests ex:=pecially as the Chest was then under the seal of Mr. Cochrane. The practice of this office Mr. Cochrane was ac:=quainted with, having taken leave and rejoined the office in the last Year. This precedent he should have followed. He determined however to give over charge in the way he thought fit, deaf to

16085 Fort St George 5th October 1855

to all Remonstrance and expostu:
=lations he had determined to set
my authority at defiance and he
most unfortunately did so for, when
in a subsequent written order dated
10th I directed Mr. Cochrane in a more
peremptory manner to return to the
Office and give over Charge in proper
form, he in writing with marked per:
=tinacity and deliberation refused

received on the following day, in
words as follows -

The Collector of Sea Customs
solicits Mr. Cochrane's serious Consi:
=deration to his Conduct. To the dis:
=respectful manner of his leaving the
office without giving over charge
of the Department under his charge
to his superior officers. To his dis:
=obedience of an order to return to the
office and Complete his duties for
the day as well as to the order dated
8th Instant, directing him to give two
days notice of his intended depar:
=ture on leave, To his disregard
of an order directing him to Compile
certain Rules, and to submit such
as were completed to the Collector

16086 Fort St George 5th October 1855

before his departure, and to the order of
this day directing the Deputy Collector
to frame a Report for the information
of Government before his departure. These
latter orders the Deputy Collector has not
even had the Courtesy to notice but
left the office at the busiest period
of the day without Communicating with
the Collector or without giving over charge
of his duties -

The Collector of Sea Customs
again directs Mr. Cochrane to attend the
office by 12 O'Clock tomorrow to give
explanation of his Conduct in writing
and to give over charge of his duties in
proper form to the Collector if the De:
=puty Collector determines to proceed

until the 15th Instant, the Collector
will Report Mr. Cochrane's insubordi:
=nate Conduct to authority for order -

Sea Customs House
Madras 10th September 1855

(Signed) W. B. Underwood
Coll. Sea Customs

9 In his Memo. of the 11th he de:
=clined Compliance with the Collectors'
Requisition for his attendance to day
at the office "having driven in his Car:
=riage to the office of Messrs. Arbuthnot & Co.
next door to the Custom House
buildings

buildings and from thence transmitted this written
Refusal to returns to the office Mr Cochrane called the
last written order as "(requisition)" It is apparent
therefore that he clearly Comprehended its Character
he had several hours for its Consideration before
he decided to Refuse obedience thereto and in doing
so Committed a second and a most wilful and
deliberate act of insubordination—

10 I respectfully submit Mr Cochrane
was bound to obeying orders and to give over
charge of his office and the Cash Chest to his
superior officer in such a manner as he
might demand—It was open to him to submit
to the Consideration of authority the order given
but obedience to written orders was his duty.

11 I very much regret to be obliged
to notice that Mr Cochrane's disobedience
is not Comprized in this detail—

12 On the 20th August I directed
Mr Cochrane to give a statement of the
goods in Bond the ware house being in
his charge Requiring this with Reference to
the papers noted in the Margin. I on
the same day directed him "at his Con-
=venience" to report whether the scales
and weights were in proper order
and there were good & Co
grounds

grounds for this procedure—on the
8th September I directed that officer to draw
up a Code of Rules and Submit such
as were finished before his departure
I also directed him to give me two clear
days notice of his intention to leave
Madras, that period being Required by
me to examine before transmission the
voluminous statement of Trade appers-
=taining to the office of Esternal Com-
=merce, Mr Cochrane might in reply
on the 8th when the order was received,
especially after he had received the letter
from the Genl auditor, have informed
me with Reference to the order to give
2 days notice, he had the power to leave
when he pleased and intended to exercise
it, or certainly on the 10th, but he did
not, but left me under the belief he
could not quit the office before the
15th he having applied for leave to "take
effect from that date" on the 10th I
directed Mr Cochrane to make a
Report on the Poligar Case with Reference
to

Fort St George 5th October 1855

to the Minutes Consultations of Government
and letter from the Board of Revenue
"before taking his departure on leave".

13 These several orders Mr. Cockrane has never had the Courtesy to acknowledge and performed no part of the duties as directed. He left the office without Communicating with me respecting them or Returning them into the office but took them away treating them with Contempt so much so that in his Memo: Randering notification of this procedure he observes "that a reply was not necessary "unless he could at the same time furnish "the Reports Called for" and stated that "he has given all the notice of his departure "from Madras, which the Collector had "any Reason to expect and made over "Charge in as formal a manner as is "usual". I refrain from Comment upon Conduct which I believe to be unparalleled and from observations upon this language addressed to a superior officer urged in extenuation for disobeying distinct and

Fort St George 5th October 1855

and separate orders in writing, I have endeavoured to do my duty temperately yet firmly and look to Government to enforce subordination being assured that authority will never permit it to be violated with impunity.

14 The facts of this painful case appear to be—

That Mr. Cockrane the Deputy Collector Corresponded with the Civil auditor without the Knowledge of his Superior—

That he Concealed his having written to the Civil auditor as also that he had Received a reply—

That he failed to place these documents on Record—

That he improperly possessed himself of and retained possession of these Records and took them out of the office—

That he Received, Retained and Concealed these papers with the intent to set his immediate Superior at

Fort St George 5th October 1855

defiance and used them for the purpose.

That he is chargeable with deliberate deception and Concealment in the Course he has thus pursued. The letter to the Civil Auditor was in his own hand writing and the Correspondence studiously Concealed from all in the office no Copy being kept even by himself.

That he left the office clandestinely without giving over charge of his duties or the Cash Chest which was under his seal.

That he neglected to perform duties appertaining to the day which it was his special duty to transact. Thus neglecting his duty and insulting his superior officer by leaving him to discharge those duties.

That he refused to obey an order in writing to return to the office and perform these duties.

That he again peremptorily and after deliberation repeated this refusal

Fort St George 5th October 1855

Refusal to obey the "Requisition" Contained in Para 8 of this letter.

That he failed to acknowledge or act upon three separate written orders. viz. dated 20th August, 8th and 10th September 1855, but Retained them without returning them to the Office.

15 It is my painful duty to hand Mr. Cockrane up to Government for neglect of duty in not performing duties as Required by various written orders.

For treating those orders with Contemptuous silence.

For

1093 Fort St. George 5th October 1855

For having deliberately refused to obey on two several occasions two written orders and for having in deliberate defiance of those orders left the Presidency and thus absented himself without leave-

16 It is my further duty to notice he has Conducted the duties which were entrusted to him with a carelessness which is Reprehensible and in a manner which obliged me to Relieve him from the executive Department-

Sea Custom House
Madras 29th September 1855.

(Signed) W.E. Underwood
Collector of Sea Customs

1094 Fort St. George 5th October 1855

No. 274

To F. Luskington Esqre
Civil auditor-
Fort St. George

Sir,

Para 1 I have the honor to state that Mr. Cochrane the Deputy Collector of Sea Customs left Madras last evening- His officer applied to Govern-ment for leave from the 15th Instant, the leave so solicited was given, no date of Commencement being specified in the Gazette of the 7th Instant-

2 I gave Mr. Cochrane in-structions on the 8th Instant to "inform the Collector of his intention to leave Madras two clear days before giving over charge of the Departments under his Charge."

I

I subsequently directed him to Con:
=tinue his duties until the 15th in
Conformity with his application for
leave laid before Government which
leave was sanctioned -

Setting these instructions at de:
=fiance and not even acknowledge:
=ing their receipt he quitted the
office about 2. P.M. on Monday
last Refused to return to the office to
finish duties appertaining to that
day which it was part of his duty
to perform, and on the following
day peremptorily refused either
to attend the office to give over charge
or to remain until the 15th Instant
though Required to do so -

3 Having given the proceed:
=ings of this Gentleman due Con:
=sideration, it appears to me that
acting

acting as he has done he is defacto
absent without leave, the more espe:
=cially as only Ten Months and
eighteen days have elapsed since
the expiration of his last leave -

He took leave last year under
Rule XI (amended) of the absentee
Rules 17th May 1848 which pre:
=scribes "No second leave shall be
"granted under this Rule until the
"Completion of eleven Months from
"the expiration of the last leave"
and in the Rules published on
the 25th August 1854 and 8th June
1855 the same words are used, so
that I imagine Mr. Cochrane
was either entitled to another
months leave within the year
right, on the 21st October 1854, the
day after his Return to office
under the Rules of August 1855
and to a third Months in a

the

Fort St George 5th October 1855

the year any day after Rules of 1855 were published in the Fort St George Gazette or if not, he was not entitled to leave until the date in which he would have Completed the eleven Months from the expiration of his last leave. If however Mr Cockrane was entitled to leave before the expiration of 11 Months it was his duty to have made the CoC: =lection acquainted with the information he had elicited from you before quitting the office contrary to orders during the busiest hour of the day on the 10th Instant, for like him: =self, I had no knowledge that leave was obtainable, except after the expiration of 11 Months, which would expire on the 15th Instant, and had Consequently Reasonable grounds of assurance that

Fort St George 5th October 1855

that until that date the services of the Deputy Collector would be at my disposal-

No instance has come within my observation where a Public officer soliciting the permission of Government to quit his duties on leave from a specified date has been authorized to take it up before that period though days may be permitted to elapse subsequent to that date before he avails himself of the leave granted. I apprehend in the absence of any authoritative decision as a subordinate cannot assume that his interpretation of the date upon which his leave is to Commence is to overrule that of his Superior officer for according to the Rules of the Service a Reference to authority is the proper Course to be pursued in the event of

of a difference of opinion upon that point, but when a Subordinate officer undertakes on his own authority not only to overrule the decision of his superior but to set reiterated orders at defiance, I apprehend he grossly errs and passes the bounds of subordination.

5 Your letter to Mr. Cochrane of the 8th September Copy of which he forwarded to me after having disobeyed orders I consider to have been given for his information and upon which he might have preferred claim to me to be permitted to leave prior to the 15th Instant. I however attach much importance to the fact that the letter from you does not refer to the questions whether an officer can leave prior to the date of the leave applied

applied for or whether if directed by his superior officer to give two days notice prior to taking leave or to remain at his post until the day named to Government he can set, each and all of these orders at defiance and leave his duties at any moment during office hours having special duties appertaining to the day unperformed.

I trust I do not use a strong expression in observing your letter of the 8th was turned from its legitimate purpose when quoted as an authoritative decision on these questions and used as a ground of defence for having disobeyed as noticed above, the orders of his superior. I take the liberty of mentioning these circumstances that you may be aware of the use to which your letter has been applied by Mr. Cochrane addressed to him "as a Member of the Civil Service" and

not

not as Deputy Collector of Sea Customs-

6 I beg the favor of your forwarding to me Copies of any Correspondence which may have passed between Mr. Cochrane and yourself on this subject as he pleads your sanction for the Course he has pursued which I regret must with other matters be submitted for the Consideration and orders of Government-

7 I on the ground stated in this letter now beg leave to Report to you that Mr. Cochrane has in my Judgment quitted his duties without leave but am gratified

gratified at being able to submit the question to your better Judgment before Reporting his Conduct to Authority. I may however be permitted to observe I ground my opinion as to fact upon his disobedience to Reiterated orders requiring him to Return to his duty, his disobedience to which Constitutes his offence-

The propriety of the issue of those orders when obeyed as I am aware, subject to the Consideration and Judgment of Authority-

(Signed) W. E. Underwood

Collector Sea Customs

To

16103 Fort St. George 5th October 1855

To W. E. Underwood Esqre
Collector of Sea Customs
Sir, Madras.

I have the honor to acknow-
-ledge the Receipt on this date of your letter
of the 12th Instant, and in Compliance
with the Request therein Contained to
annexe Copy of a letter from W. E. Cochrane
Esqre, which is the only Communication
addressed by that Gentleman to this
Office on the subject of his leave -

2 In support of the opinion which
I have expressed in Respect to Mr. Cochrane's
being entitled to avail himself of the
leave granted to him on the 8th instant

I

16104 Fort St. George 5th October 1855

I have the honor to state that it
has been Recently decided by Government
that the Resolution of the Government
of India dated 12th November 1847
/published at page 35 of the old Civil
Absentee Rules/ and which is now em-
-bodied in Section XIII of the new Rules
applies to one months privilege leave
tho' not to the commutative leave obtain-
-able under Section XII -

3 When submitting my Official
Report upon the application of Mr.
Cochrane, I simply stated that no
objection existed to the grant of one
Month's leave of absence, leaving it to
the Government, if it deemed fit, to specify
the date from which it should take
effect

Fort St George 5th October 1855

effect. No date was specified and as Mr. Cochrane's service at that time entitled him to the leave solicited I was of opinion that he was at liberty to avail himself of it at any time subsequent to the publication of the Government order - On receiving therefore Mr. Cochrane's letter of the 8th instant - I Communicated to him my opinion to that effect and which I certainly Considered to be as far as this office was Concerned an authoritative decision on the question at issue, tho' my reply I may remark, was addressed through inadvertence to Mr. Cochrane as a Member of the Madras Civil Service instead of as it perhaps

ought

Fort St George 5th October 1855

ought to have been in his Capacity of Deputy Collector of Sea Customs.-

4. Whether or not Mr. Cochrane was justified in his subsequent Course of proceeding in setting at defiance your orders Commanding his attendance at Office subsequent to the publication of his leave in General, a question beyond the province of the Civil Auditor to determine.-

Fort St George -
Civil Auditor's Office

Deputy Collector Sea Customs.

Official Memorandum.

The Collector of Sea Customs solicit Mr. Cochrane's serious consideration to his conduct. To the disrespectful manner of his leaving the Office without giving over charge of the Department under his charge to his Superior Officer. To his disobedience of an Order

order to return to the Office, and complete his duties for the day as well as to the order dated 8th. Instant directing him two days notice of his intended departure on leave, To his disregard of an order directing him to compile certain rules, and to submit such as were completed to the Collector before his departure and to the order of this day directing the Deputy Collector to frame a report for the information of Government before his departure, these latter orders the Deputy Collector has not even had the courtesy to notice but left the Office at the busiest period of the day without communicating with the Collector or without giving over charge of his duties.

The Collector of Sea Customs again directs Mr. Cochrane to attend the Office by 12 Oclock tomorrow to give explanation of his conduct in writing and to give over charge of his duties in proper form to the Collector. If the Deputy Collector determines to proceed on leave

forthwith

forthwith instead of waiting until the 15th. Instant the Collector will report Mr. Cochrane's insubordinate conduct to authority for orders.

(Signed) W. E. Underwood
Collector Sea Customs.

To, W. E. Cochrane Esqre
Deputy Collector Sea Customs.
Madras 11th. September 1855.

Official Memorandum.

The Deputy Collector of Sea Customs begs to acknowledge the receipt of the Official Memorandum of the Collector of Sea Customs of yesterday's date.

He is unable to perceive that his conduct has been wanting in respect or Courtesy or in a due regard to the convenience of the Public service so far from evading the performance of his duties, he begs to point out that although yesterday the 10th. will be included in his leave, he purposely attended Office on that day at considerable personal inconvenience to perform a special duty in the Office Treasury assigned to him by the Collector in his Official Memorandum of the 8th. Instant with regard to his failure to reply to the two

Official

Official memorandums regarding the rules of the Office, and the report to Government, the Deputy Collector considered that a reply was not necessary unless he could at the same time furnish the reports called for, which was not possible to be done before his departure on leave. He believes he has given all the notice of his departure from Madras, which the Collector had any reason to expect and made over charge in as formal a manner as is usual on similar occasions, and he is sorry he is compelled to decline compliance with the Collector's requisition for his attendance to day at the Office and that he should remain in Madras until the 15th Instant.

To,
W. E. Underwood Esqre
Collector of Sea Customs
Madras.

Bangalore
18th September
1855.

Sir,

I have the honor to acknowledge the receipt of your letter dated the 15th Instant which reached me this morning by Sunday's Post from Madras.

In this letter you state that you have learned from a communication from the Civil Auditor that I had addressed a letter to him on the 8th Instant

and

and received a reply, both of which I "deliberately concealed" from you, and then go on to desire me to return "forthwith" these Official documents of which I have "unauthorizedly possessed" myself, under a threat, in case of my non compliance, of reporting me to Government for an act of "deliberate insubordination" with regard to the point of "deliberate concealment". I have the honor to refer you to my letter to your address of the 10th Instant when a copy of this very letter from Mr. Lushington is forwarded for your information, and in the Second point of "unauthorized possession" I trust I have not erred much in supposing that any member of the Civil service was at liberty to refer a point of privilege to the Civil Auditor and to retain the letter which that Officer might be pleased to give

give him in reply, To show however that I have no wish to cavil against your decisions or to raise frivolous objections to your expressed desires, I have the honor now to enclose the original letter from the Civil Auditor, and regret that I am compelled to refer you to that Gentleman for a Copy of the communication which I addressed to him, as I have not myself retained one.-

As you state that you are about to lay before Government a list of "similar Acts" of insubordination committed by me, I have the honor to request that you will at the same time do me the favour of transmitting Copies

Copies of your letter to me of the 15th Instant and the present reply to it.

To

16126 Fort St. George, 5th October 1855.

152. 153

B. No. 2802

To the Coll.r of Sea Customs

Stating that if Mr. Cochrane is unable to account satisfactorily for his not having informed the Coll.r on Saturday of his intention to take his leave from the next Monday and why the Collector was not requested to take personal charge of the Cash Chest, he will be reprimanded & requesting the Collector to report in what instances of the Deputy Collectors carelessness, he was obliged to relieve him from the executive Department.

Sd/ 5 Oct.r 1855

To,
The Collector of
Sea Customs

Sir,

I am directed to acknowledge your letter of the 29th Ultimo and its accompaniments in which you request the Board to bring to the notice of Government certain alleged improprieties and inattention to orders on the part of the Deputy Collector Mr. Cochrane when availing himself of the leave of absence granted to him by Government and published in the Official Gazette of the 7th Ultimo.

2. It appears that Mr. Cochrane applied for a Months leave, expressing his intention to take it from the 15th September under an impression that he was not entitled to the privilege before that date. The Government order gave the leave without reference to any particular date, and Mr. Cochrane learning from the Civil Auditor that he might immediately avail himself of it, did so on the 10th September, reporting to you his departure.-

3 You now charge Mr. Cochrane with

Fort St. George, 5th October 1855.

P. L. & H.

with having entered into a secret and improper correspondence with the Civil Auditor which "he did not in any way permit to come to your knowledge" and which was brought to your notice by your own correspondence with the Civil Auditor. On referring however to the papers which accompanied your letter, the Board find that you addressed the Civil Auditor on the 12th September and that two days previously Mr. Cochrane had sent you a copy of that Officer's communication to him authorizing him to make immediate use of his leave. The Board therefore deeply regret that you should have seen fit to accuse Mr. Cochrane of "deliberate deception and concealment" when they can perceive no grounds for so serious a charge.

4 The Board are also unable to concur with you in thinking that Mr. Cochrane acted wrongly in entering into correspondence with the Civil Auditor regarding his leave and omitting to place the letters on the records of your Office, every Servant of Government is entitled to address the Civil Auditor to seek explanation of the absentee

Fort St. George, 5th October 1855.

absentee rules, and this correspondence had no connection whatever with the duties of your Office. For all public purposes for which it may be required such correspondence is recorded in the Civil Auditor's Office, and because Mr. Cochrane when addressing that functionary added to his name, the appointment which he holds, the Board are unable to see that his letter should have been placed on your records.

5 The next point to which you advert is the impropriety of Mr. Cochrane's manner of taking leave. 1st in not giving you the 2 days notice which you had required, and 2nd in not obeying your order to return to the Office, and finish certain work before he went away.

6 On the 1st point the Board observe that Mr. Cochrane only learnt that his leave was available immediately on the 8th September. the following day was Sunday, and on Monday Mr. Cochrane attended the Office and reported his departure to you. Mr. Cochrane may therefore have been unable to make an earlier official report to you, and the

Board

Fort St. George, 5th October 1855.

Board resolve to call on him for explanation, before deciding how far his conduct was blameable on this occasion. Regarding the 2nd point the Board must observe that you assigned to Mr. Cochrane work which would apparently occupy a much time after his leave had appeared in orders, and the Board cannot admit that the head of an Office is empowered thus virtually to stop or delay leave granted by Superior authority without grave necessity - as your letter shows that you had previously seen cause to take away the duties of the Executive Department from Mr. Cochrane, they cannot perceive that sufficient necessity existed for delaying Mr. Cochrane's leave on this occasion or that Mr. Cochrane was bound to obey your requisition and return to the Office.-

7 The Board observe that Mr. Cochrane delivered over charge to you by an Official letter with which he sent the key of the Cash Chest although the Chest did not contain any money, you state that Company's Paper to the value of Rupees 34,400

Fort St. George, 5th October 1855

34,400 was deposited in it, and the two Officers giving over and receiving charge ought to have met on the occasion. The Board will therefore require Mr. Cochrane to explain why he did not request you to fix an hour for this purpose.

8 If Mr. Cochrane is unable to account satisfactorily for his not having informed you on Saturday of his intention to take his leave from the next Monday, and to explain why he did not request you to receive charge of the Cash Chest, after personally examining its contents, he will receive the Board's disapproval of his conduct, and such cessation of opinion be sufficient notice of his error under the difficulty in which he was placed respecting personal communication with you.-

They do not therefore see occasion to address Government on the occasion and with the view which they take of your letter they would regret having to do so. It is however open to you to appeal from the opinion they have here pronounced on Mr. Cochrane's conduct, and if it is still your wish they will be prepared to lay the whole papers

18131 Fort St. George, 5th October 1855

papers before Government.

Q. In the final para of your letter, you observe that in consequence of Mr. Cochrane discharging his duties with "reprehensible carelessness" you were obliged to relieve him from the executive Department. If you feel that on Mr. Cochranes return from his leave you cannot assign to him the duties ordinarily entrusted to the Deputy Collector — you are requested to report, when you gave this order and on — what instances of carelessness it was founded stating at the same time what duties — you have lately assigned to Mr. Cochrane and whether they are such as have hitherto been performed by a Covenanted — Officer.

Resolved that the following letters be despatched

156
Bd. No. 2587

To the Secretary to Government } Sir

Submitting with reference to 6 In. Con. 17th February last the information required regarding the

To
The Secretary to Government
Revenue Department

With reference to para 2 of the — Extract

Fort St. George 5th October 1855

the recovery of outstanding balances of costs in suits brought against Govt. and suggesting that the opinion of the Accountant General may be obtained as to whether a separate account should be prepared of these items or not. Govt. 26th March 1855

Extract Minutes Consultation dated 17th February last, I am directed to submit the required information regarding the recovery of outstanding Balances of costs in suits brought against the officers of Government in the 6 Districts noted in the margin.

				No.
Ganjam	28th June	inl.	6th July 1854	2325
	14th February	inl.	5th March 1855	507
Rajahmundry	11th "	inl.	18th July 1853	1869
	27th June	inl.	5th July 1855	1834
Masulipatam	26th March	inl.	14th July 1855	364
Madras	11th "	" inl.	15th January 1855	127
	10th "	" inl.	14th August 1854	2893
Salem	25th April	inl.	14th July 1855	1124
	24th May	inl.	3d June 1853	1414
Coimbatore	13th June	inl.	29th Septr. 1855	1619

2 In Ganjam the aggregate Balances amount to Rupees 221-- -6-1 of which 8 Rupees are recoverable and the remainder Rupees 213- -6- hopeless for the reasons assigned in para 2 of the Acting Collectors letter.

3 In Rajahmundry the amount outstanding is Rupees 310-11-3, of which Rupees 68-11- is in process of collection. A sum of Rupees 230-0-3 is under investigation and the remainder Rupees 12 apparently irrecoverable

The Collector states that those sums were debited in the accounts when disbursed, and as realised are

Fort St. George 5th October 1855

are credited in them under the head of "recoveries of Law charges". The Board therefore will not now solicit sanction for abandoning the irrecoverable amount but will await the Collector's report on the entire balances

4 In Masulipatam there is only one case in which costs are due to Government and it is under appeal.-

5 The Collector of Madras mentions a case in 1839, in which Hyder Hussain Khan, Board and the Government were parties, and costs were awarded in favor of Government to the amount of Rupees 6,470-6- Hyder Hoosain Khan was however discharged by the Insolvent Court in 1853-. As the case was conducted by the Law officers at the Presidency the Board presume it has already been adjusted in their accounts.-

6 In Salem the sum outstanding is Rupees 536-3-5-1 of which Rupees 3 are said to be recoverable of the large sum remaining Rupees 307-14- - - are owing to the costs being in excess of the amount awarded by the Courts or to the decrees being adverse and Rupees 178- - -8- are irrecoverable from the poverty.

poverty of the parties

7 The Collector of Coimbatore furnishes a Statement of Suits against Government Officers up to 1848 the total costs in which amounts to Rupees 6,253-13-9- Of this however Rupees 106--11, was recovered and Rupees 168-7-3 lost from the decrees being adverse es of the remainder / Rupees 5,979-5-7 / the large sum of Rupees 5,407-12-6 accrued in suits against Causey Chetty1 and the remainder Rupees 571-9-2 is irrecoverable from the poverty of the parties or other causes not now ascertainable- The items however no longer appear in the accounts.

8 The sums which the Board now recommend to be finally abandoned amount to Rupees 6,725-9-6--

	Rs.
Ganjam	213--6
Salem	533-3-5
Coimbatore	5979-5-7
	6,725-9-6

9 From the present mode of at once debiting law charges in the accounts and separately crediting recoveries as realized which obtains in some if not all the districts it is evident that from lapse of time or the changes of officers, sums adjudged to Government may be lost sight of until their recovery is

is hopeless- It may be desirable therefore to obtain the opinion of the Accountant General as to whether the entries in this Department can be so managed as to give some clue to the subsequent claims of Government or whether a separate account or memorandum of them should be prepared.-

From the Secy. to Govt. —

Extract Minutes Consultation in the Revenue Department, under date the 27th August 1855.

Read the following letter from the Acting Secretary to the Board of Revenue

(Here enter 10th August 1855 No. 208.)

Para 1. In this letter the Board of Revenue report on the result of the contract entered into with Venkatareddy for the conveyance of Indent Salt to Calcutta. They state that the failures of the Contractor to conform to the terms of his engagement have been such as to render him liable to forfeiture to the amount of 25,100 Rupees. But in consideration of some pleas in mitigation which he has urged, and allowing the whole force to them which he claims, and more than is justly due, they recommend that penalties be levied on him to the reduced amount of 12,650 Rupees.

2. The Governor in Council observes that in all respects this contractor has received full and indulgent consideration; and in particular all the weight which he even claims is allowed as above said, to his pleas for mitigation of the penalties which he has incurred. To the extent recommended by the Board, the Government consider it

Fort St. George 6th October 1855

it proper and necessary to enforce the terms of the contract, and they accordingly resolve to direct that the fine of Rupees 12,656 be recovered from Vencatareddy.

3. Ordered that the above letter and Resolution be communicated to the Government of Bengal.

Ordered that the following letter be sent to Government

To, The Secretary to Government

Revenue Department

Sir,

I am directed by the Board of Revenue to request the instructions of Government regarding the course to be pursued in the case of Vencata Reddy, late a Contractor for the transport of indent Salt to Calcutta

2. In Extract Minutes Consultation dated 27th August 1855. Vencata Reddy was declared to have rendered himself liable to a penalty of Rupees 25,100 on account of his failure to fulfil the terms of his contract, but

(174-175)

Bd. No. 2610.

To the Secy. to Government—

Suggesting that as Vencat Reddy evinces no disposition to pay that portion of the fine imposed on him by Govt. which is still due, the Company's Solicitor be instructed to proceed against him for the recovery of the same.

Fort St. George, 6th October 1855.

but in consideration of certain pleas admitted in extenuation the Government reduced the amount of the fine to Rupees 12,656 which they directed should be recovered.

3. Vencata Reddy was absent from Madras when the decision of Government reached the Board, but he has lately attended at their Office and has been made aware of the orders passed on his case, he evinces no disposition to pay that portion of the fine which is still due, and has announced his intention of appealing to Government for a mitigation of their late order.

4. The Board have declined to enter into any fresh enquiry into the merits of his case which have already been laid before the Government and I am directed to suggest that the Company's Solicitor be instructed to proceed against Vencata Reddy for the recovery of the money. Should this course be approved by the Government,

the

Fort St. George, 5th October 1855.

the Board will communicate to Mr. Boyson the particulars of the case.

5. If the present value, including interest, of a Promissory Note 5,400 Rupees, deposited by Venkata Reddy, as a pledge for the fulfilment of the contract and now in the Cash Chest of this Office be carried to account the balance still, according to the order of Government is 7,652 Rupees But the Board are inclined to the opinion that if Venkata Reddy does not take advantage of the lenient consideration shewn to him by the Government and forces them into litigation, the whole penalty should be demanded.

Extract

176

Bd. No. 2774.
From the Secy. to Govt. . . . .

Fort St. George, 5th October 1855

No. 1079.

Extract from the Minutes of Consultation, in the Revenue Department, under date the 25th September 1855.

Read the following Extract from the Proceedings of the Board of Revenue

(Here enter 12th September 1855, No. 2368)

The correspondence submitted with these Proceedings relative to the Saint Thome Survey, conducted by Mr. Walker, is very unsatisfactory. Mr. Walker has neglected the rules specially prescribed for his guidance, and has allowed parts of his work to fall considerably into arrears. On a former occasion, the Government found it necessary to express displeasure with him on account of the little progress that he had made in the Survey and he was placed under the orders of Lieutenant O'Connell, but as it now appears without much improvement.

Extract Minutes Cons. 23d Jany. 1855.

2. It appears clear that Mr. Walker cannot be trusted with the conduct of the Survey, except under such superintendence as will efficiently control his proceedings. At present he is under no adequate supervision as neither the Collector nor the Board can really control operations which

are

Fort St. George, 6th October 1855.

are foreign to their pursuits, while this nominal superintendence affords scope for idleness and neglect. It is therefore very desirable that Mr. Walker should be subjected to strict professional supervision; and the Government are of opinion that the best mode of ensuring this will be to place him wholly under the orders of the Deputy Chief Engineer of the Centre Division, so long as he is engaged on the Survey. Before issuing orders to this effect, however, the Government would wish to have the opinion of the Board as well as of the Chief Engineer, with respect to the arrangement. The object in view, as already said, is to ensure due professional control over Mr. Walker, and the Government will be happy to receive suggestions from either authority as to any better method of securing that, than the one here proposed.

Bd. No. 2666.

Proceedings thereon.

The Board are of opinion that it is desirable Mr. Walker should

Fort St. George, 6th October 1855.

as suggested by Government, be placed under the orders of the Deputy Chief Engineer of the Centre Division until that Officer is satisfied from an examination of his work and from his method of proceeding, that Mr. Walker may be entrusted with the completion of the Survey under his careful supervision.

2. As only a portion of Mr. Walkers work was examined by Lieutenant O'Connell, the Board think it probable that what has been done subsequent to that period may evince greater accuracy. Mr. Walker having himself challenged further scrutiny into the character of his work.

Extract from the Minutes of Consultation, in the Revenue Department, under date the 28th September 1855.

Read the following Extract from the Proceedings of the Board of Revenue.

Submitting letter from the Collector of South Arcot reporting on Petition from Lingappa Naicken of Voyathoor and Seneva[illegible]a Naicken of Sutchimpoorum, and stating that there is objection to Petitioners being permitted to sue for the disputed land in the Courts.

/Here enter 24th September 1855 No. 2467/

The Petitioners Lingappah Naick and

Fort St. George 6th October 1855.

and Seenevasa Naick are at issue with the Shrotriumdar of Poovaulay, regarding their respective interests in some land belonging to the Shrotrium Village. No Enam question appears to be involved in the case, such as are alone contemplated in Section II Regulation IV of 1831- it is simply a case between an Inamdar and his under tenants. The case does not fall within Regulation IV of 1831, or Act XXXI of 1836; and the permission of Government is not necessary to enable the parties to sue in the Courts.-

To, G. S. Forbes Esqre
Acting Secretary to the Board of Revenue

Fort St. George,
Sir,

180
Bd. No. 2841
From the Commr. Northern Circars

In reference to the Board's Circular

Fort St. George, 6th October 1855

Circular Order No. 2383 of 14th Instant, I have the honor to forward a Copy of the Proceedings of the late Commissioner dated 4th April 1854, regulating the exception of backyards from assessment in the Districts of the Northern Circars.-

Commissioner's Office
Vizagapatam,
28th September 1855

/Signed/ I. Goldingham
Commissioner

No. 1
No. 170

Extract from the Proceedings of the Commissioner for the Northern Circars, dated Vizagapatam 4th April 1854.

Read the following letter from the Acting Collector of Guntoor, dated 1st November 1857, submitting a Statement of backyards assessed to the Revenue.-

/Here enter No. 108/.

Para 1 Since the date of the above papers, further communications have been received on the same subject from other Districts, from which it seems that the extent of grounds appropriated from the Village site as yards is very variable in different places. Upon reference to the Statement received from Guntoor it appears that the extent of ground occupied

as

Fuslies	Persons	acres C	List as
1258	400	97–18	340
1259	589	120–10	394
1260	712	147–27	445

as yards and assessed to revenue on account of cultivation was in Fusly 1260 — acres 147—27 occupied by 712 individuals and that of this, 85 acres constitute yards not exceeding half an acre held by 668 persons. The total extent of land exhibited in the statement, as being thus held, appears very moderate and not more than the occupants of the houses may fairly be allowed to retain without taxation. The Commissioner observed with regard to Mr Parres' proposition to limit the exemption from assessment for cultivation to ¼ acre for each person that this rule should not be rigidly enforced where long usage had sanctioned a larger extent and that it would suffice in general to limit the imposition of assessment to cases of undue encroachments upon the Granacuntum, considering the very vexatious nature of the assessment of these petty items and the inconsiderable amount of revenue derived from them at the expense of the privacy of the ryots, the Commissioner is averse to interfere with the free enjoyment of these appendages to the ryots' dwellings and directs the remission of the assessment imposed upon them—

Proceedings 4th July 1857.
" 16th Decr —"
" 29th Sept. 53

2. He considers it however requisite to place some check on the abuse of this privilege and the Collector

Collector will still be at liberty wherever a party may be found to have unduly encroached upon the neighbouring lands and to have appropriated more ground than is reasonable with reference to the extent of his agricultural operations or the accommodation of others, to impose an assessment, but these exemptions from exemption will probably be very few and should be made with caution.—

3. The occupation of detached spots within the Village site for the purpose of cultivation should be discouraged as being opposed to the objects for which the Grama Cantum is intended, and in cases where parties are accommodated with sufficient spaces adjacent to their houses, they should be taxed for any separate ground employed for cultivation

Ordered that Copy of these Proceedings be forwarded to the Acting Collector of Guntoor with reference to his letter of 1st November 1851, and also to the Collectors of Rajahmundry and Masulipatam, with reference to the communications and the Commissioner's Proceedings upon them noted in the margin, and also to the Collectors of Vizagapatam and Ganjam with the view to their adoption of the above principles in their Districts

From Rajahmundry 20th June 1853

Decision

The Plaintiff in this case having failed to make any exertion to substantiate the points to be proved by him, the

Principal

Fort St George 6th October 1855

Principal Suder ameen proceeds to pass his decision in this case without any evi-dence from him under the provisions of act X of 1855.-

It is evident from the plaint itself, that the land in dispute was origin-ally waste and the Plaintiffs father and others obtained it on application for the manufacture of Salt.-

The Circar accepted the Tenders only for its own advantage & and not for any thing else.-

It was the duty of the Plaintiff to manufacture Salt in such Lands at Seasonable times according to the orders of the Circar.-

It was proved by the 1st and 2nd Witnesses of the Defendant & that notice was served in December 1852 to the Plaintiff as was done to all other Manufacturers and by the 2nd & 3rd witnesses that the Plaintiff was informed by & Mr

Fort St George 6th October 1855

Mr Campbell on the 14th February 1853. and particularly by the 4th Witness that notice in writing was served to the Plaintiff on the 18th of the said Month to manufacture.-

The Plaintiff failed to Esta-blish his Statement in the Plaint, that he had in 1852 and 1853. spent much money to improve the said land altho' he did ac-tually incur much expense as he states. yet as he failed to fulfil his agreement with the Circar at the time of the proposal the fact of this expenditure will not avail him any thing.-

The Original complaint was therefore nonsuited with all costs.-

The total of Court costs is

Rupees 96-7-6.-

B. No. 2817

From the Sub Collector in Charge of North Arcot.

Sir,

Adverting to your letter of the 28th Ultimo, calling for the Demand Collection Balance statement for June last, I have the honor to state in reply for the information of the Board that the transmission of this document has been unavoidably delayed owing to the late period at which the Samabundy settlement commenced, and its necessary consequences all of which have been fully detailed in Mr. Whittingham's letters to the Board dated the 12th of June and 13th of July last. I beg however to assure the Board that all possible care will be used in hastening the transmission of the Statement in question within the current month. The settlement of one Talook has not yet been completed and a few days will certainly be necessary for the preparation of the Accounts &c.

* For vacation in the Sub Division.

Proceedings thereon.

Fort St George 6th October 1855

In the above letter Mr Binning states that the transmission of the Demand Collection and Balance Statement from the District of North Arcot for the Month of June 1855, has been unavoidably delayed owing to the late period at which the Summabundy Settlement commenced, he however assures the Board that all possible care will be used in hastening its transmission within the Current Month.

2. The Statement from North Arcot is the only one yet unfurnished - but as the Board are unable to submit to Government their annual General Statement ending 30th June 1855 until after its receipt they resolve to furnish the above explanatory letters from the Sub Collector in Charge of North Arcot for the information of his Lordship in Council.

3. Of the two letters quoted by Mr Binning in his present letter the one dated 12th June was laid before Government on the 20 ultm the other dated 12th July is herewith submitted.

Sub Collector in Charge.

Encl No 1.

No 303.

Official Memorandum

The Collector has the honor with reference to the concluding sentence of Proceedings of the Board of Revenue dated 14th May last, to call the attention of the Head Assistant Collector to the great discrepancies in the following several estimates of the population of the town of Vellore.

2. In 1848 on the representation of the Head Assistant, regarding the state of the Police of the town of Vellore, the Magistrate Mr Bourdillon requested him to ascertain the number of the population. Mr Sullivan gave it as 117,883 Mr Bourdillon in his letter to the Board of Revenue 30th May 1848. stated that it had been usually

estimated

Fort St. George 6th October 1855

estimated at a lac and that this result showed that this estimate was within the truth. Mr Bourdillon however stated that ten large hamlets adjoining the town had not been taken into calculation and that therefore the total population might safely be taken at not less than 1,30,000. The Head Assistant in his reply dated 14th June 1852, to Proceedings Board of Revenue forwarded to him on the 5th December 1851, on the subject of introducing Act XXVI of 1850, stated that a correct and detailed Census of the town of Vellore and it suburbs gave the population as 51,500. The census taken in 1850 gives the population as 38,868.

3. The Collector will be much obliged to his Head Assistant Collector to furnish any explanation he may be able to afford on the subject of these great discrepancies as they tend to throw a doubt upon the accuracy of the last Census.

Official Memorandum

In reply to the Collectors Official Memorandum of the 25th Instant No 303, the Head Assistant Collector has the honor to say that he can confidently state that the detailed census of the Town of Vellore and its suburbs forwarded with his letter of the 14th June 1852 in reply to Proceedings Board of Revenue forwarded to him on the 5th December 1851 on the subject of introducing Acting XXVI of 1850 giving the then population as 51,500, was as correct and detailed a one as it is possible to obtain having been taken under his own supervision by a small establishment employed by and paid for by him.

2. The Statement by the Head Assistant Collector in 1848 to the effect that the population

16174 Fort St. George 6th October 1855

population was 117,883 was founded and State-
ment furnished by the then Police Ameen,
the present Tahsildar of Satwaid, Lutchmah
Nursapah and would appear to have been
partially made up from former accounts and
and a careless sort of guess work which as
the Head Assistant Collector was but then
imperfectly acquainted with Vellore he did
not at the time detect or doubt.

3. It occurs to mention that
the 51,500 inhabitants were exclusive of
Regiments, Camp followers, Officers, servants
Military, Bazaarmen &c. &c.

Ex. No. 2828.
From the Coll'r of
South Arcot —

Reports
the result of
the experiment to
introduce half
bred Merino
Sheep —

Sir,

I have the honor to acknow-
-ledge your letter of the 23rd August last, request-
-ing me, under instructions from Government
to submit a report on the result of the experi-
-ment made to introduce into this District,
half bred Merino Sheep for the improvement
of the breed of the Country flocks.

2. Agreeably to the instructions of the
Board conveyed in Mr Bayley's letter dated
20th July 1852, twelve Cross bred Rams and twelve
Ewes were received from the Mysore farm, as
stock for this District.

3. They were not kept as a Govern-
-ment flock but were distributed as follows
8 Rams and Ewes were taken by Mr Wood,
the late sub Collector to Graze with his
Country Sheep at Virdachellum, 10 Do were
given to the Ryots of Trivady, Tindevanum
and Trinomally Talooks, with instructions
as to the proper mode of treating rearing and
feeding

feeding them, and remaining ones were made over to three respectable Inhabitants of Cuddalore who had expressed a wish to try the experiment of breeding from them - The yield from the first stock was 9 Rams and 3 Ewes, but notwithstanding every precaution, many deaths have taken place, leaving at the present time only 14 animals alive Viz.t 10 Rams and 4 Ewes, among which are 7 of those originally received.

4- No charges have been incurred for keeping this stock, and the only disbursement which has been made from this Treasury is a sum of 19 Rupees, paid to a Peon and Shepherd who went to Mysore to receive charge of Sheep -

5- I cannot learn that the Ryots and others possessing flocks of Country Sheep have evinced any interest in the success of this attempt to introduce a superior kind of animal into this District -

6- The breeding of Sheep is but little attended to by the people, and I do not regard this District as one favorably situated for Sheep Farming -

7- Sheep do not usually thrive well on the Coast and the grazing lands of the

District are entirely confined to the Western Talooks on the Salem Frontier, from whence Sheep are brought in by the breeders and others to supply the coast Markets.

8- None of the Natives hereabouts seem to have any idea of the value of Wool; or of the great benefit which would result from their possessing flocks of Sheep which would yield such an article, neither do they understand what advantage there would be in their having Sheep of a better description than those which are common to the Country -

9- It appears that the wool of the surviving Sheep out of those which were brought into this District has deteriorated and I observe that the only Lamb there is at Cuddalore, although somewhat resembling the Merino breed yet has the hair of the Country Sheep.

10- I must confess that I do not see any use in prosecuting the attempt to improve the breed of Sheep in this District - If however a further trial is made, it would be advisable, I think to keep at first a Government flock in one of the Western Talooks and to distribute the stock and the produce to such applicants as may really have the

the means of fairly testing the experiment.

11. I do not however believe that there are any large influential owners of Sheep among the ryots of this District. The breeders are a poor class of people who are not likely to appreciate an attempt to improve their stock.

of Revenue Survey.

Ordered to be submitted to Government with the following letter.

To,
The Secretary to Government.
Revenue Department.

197. 198
Br. No. 2614.

To the Secretary to Government.

Sir,

I am directed by the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying letter from Lieutenant Hefsey at present employed as Assistant Superintendent of the Revenue Survey in South Arcot.

5th in Cons. 6th October 1855
2840.

Mr

16180 Fort St George 6th October 1855

2 Mr Hefsey has been employed for several months as Captain Priestley's Assistant in the Revenue Survey and has gained considerable practical experience having proved himself as Captain Priestley states a very efficient Survey Officer. The Board have lately laid before the Government an application from Captain Priestley for the services of a second Assistant and recommended that the Survey establishment should thus be rendered more efficient, they would be very unwillingly therefore that Mr Hefsey's services should be taken from Captain Priestley at a time when they have become valuable to him and as Mr Hefsey himself is anxious to continue in the Survey Department the Board would strongly recommend his being retained in his present employ.

To Government 22nd Sept 1855.

To the Collr of Sea Customs
Madras.
Bangalore

Sir,

I am directed by the Board of Revenue to request your explanation on two points mentioned in a letter addressed to them by the Collector of Sea Customs under date 29th Ultimo—

Submd 8th Octr/55—

2— Mr Underwood states that he had called upon you to intimate to him the date of your proposed departure from Madras on leave, two days prior to your leaving the Office; the Board understand from the correspondence between yourself and Mr Underwood that you were made acquainted by the Civil Auditor on Saturday the 8th September of the construction of the rule under which you availed yourself of your leave on the 10th, they wish therefore to be informed whether it was in your power to comply with Mr Underwood's directions by communicating to him on Saturday your intention to take leave on the monday, and why in that case you omitted to do so—

3— Mr Underwood has also stated that the charge of the treasury was not made over to him in due form, the rules direct that when an Officer delivers over charge of a treasury both he himself and the person who takes charge from him should be present. the Board request that you will explain to them why this rule was not observed on the occasion of your giving over charge to Mr Underwood instead of your merely sending the key of the Cash Chest to the Collector with an Official letter as the Board observe that the Chest contained Promissory notes of some value, although no money—

Read

Burton

16185 Fort St. George 8th October 1855.

Read the following Papers -

No. 1085.

209 B. No. 2770. From the Secy to Government stating that it is not only inexpedient as they have already twice declared to resort to temporary legislation for the sale of personal property for arrears of revenue but unlikely that the Legislative Council would pass such an act. -

Extract from the Minutes of Consultation in the Revenue Department under date the 26th September 1855.

Read the following Extract from the Proceedings of the Board of Revenue -

(Here enter 10th September 1855 No. 2356.)

In these Proceedings the Board urge again the arguments which led them in their former Proceedings of the 2d July and 15th August, to recommend the passing of a temporary Act to legalize the sale of personal property for arrears of land Revenue under Ryotwar settlements. They also explain a passage in their Proceedings of the 15th August, with reference to a remark in Extract Minutes of Consultation of the 30th idem -

2 The Governor in Council fully admits that there is much truth in what the Board state as to the position in which the Revenue servants are placed by the existing law for the recovery of arrears of Revenue, as construed by the Government Pleader, being liable to censure on the one hand for not realizing the revenue, and to disgrace on the other for resorting to other than legal means, the actual means conferred by the law being inadequate as dilatory

dilatory. The Government are anxious that the law relating to the Collection of the Revenue should be placed upon a proper footing as soon as practicable But it is not only unexpedient as they have already twice declared, to resort to temporary legislation of the character proposed, without a very strong necessity but it is in a high degree unlikely that the legislature Council would pass such an act, in the knowledge that the whole law on the subject is under revision and the repeal would place things in a worse position than they are in at present. and even supposing that the act were obtained, it could only be after such long delay as would render it useless for all immediate purposes.

3 The expression "highly unbecoming" in the Extract Minutes of Consultation of the 30th August (Para. 5) to which the Board take exception, was used of the course of action supposed to be recommended by them, Viz. that the Government should direct systematic adherence on the part of their revenue Officers to a practice which their legal adviser had deliberately pronounced to be contrary to the law. The Board now explain however that their recommendation was misunderstood by Government and that their real meaning was simply that Government should take the course recommended, with the view of bringing the point of law involved to a formal and authoritative

authoritative decision before a legal tribunal. The Government regret having before misapprehended the Board's intention, a mistake however attributable in some degree to its not being very clearly expressed. The Government would be glad if measures could have been taken, to bring the question of law to a formal hearing and decision at an early date, and if any proceedings had been pending which would have afforded the opportunity of doing this, they would readily have taken advantage of it. but they cannot concur in the Board's suggestion to authorize the general continuance of a practice declared by a competent authority to be illegal in the expectation that some individual will bring the question to trial, and they must observe that at the usual rate of legal Proceedings in this Country it would be many months, perhaps several years before the question could be so decided by the highest Court.

4 With regard to the closing para of the Board's present Proceedings the Government observe that in their former order two particulars were pointed out, wherein the Acting Collector seemed certainly to be under a misapprehension as to the extent of his powers even under the law as at present interpreted. They may add that the additional circumstance now stated does not seem to them to present any insuperable difficulties to the attachment and sale of land in other

other districts besides Canara, estates are occupied separately though not Officially divided, and in such cases, when a balance occurs which the ostensible holder refuses to pay, the Collector can attach and sell such part of the land as he believes on the best information at his command, to belong to the real defaulter - if it be said that this may cause hardship to Co-proprietors, it must be remembered that such parties might and ought to have taken measures when they separated their land, to separate also their responsibility, the omission to do so is their own and the Government cannot fairly be made to suffer for it.—

To the President and Members of the Board of Revenue.

B. No. 2523.

Proceedings thereon.

The Board of Revenue desire to point out that the 4th para of this Extract shews that in another point than that alluded to in the second para they have failed to convey their meaning to the Government - The difficulty pointed out by the Collector of Canara was that a portion of an estate cannot be sold without affixing to it its proportionate assessment and that so to fix the assessment of a portion, the whole estate must be surveyed

Dated 13th Sept. 1855 in Cons. 15th Sept. 1855.

Pointing out with reference to the 4th para of Extract Minutes Consultation 26th September 1855 that the meaning the Board intended to convey was that if the whole estate was sold for arrears of revenue due on a portion, it would be a measure of great severity and if a portion was sold

sold it would cause great delay in having the whole estate surveyed as in Canara there is no field survey and assessment -

surveyed, as in Canara, there is no field survey and assessment - Hence the Board observed that if the whole estate was sold it would be a measure of undue severity, or if a portion was sold it must cause great delay - The opinion expressed by the Board was not that to sell the portion belonging or believed to belong to the defaulter would cause hardship to the Co-proprietors, but that this cannot be done without great delay in realizing the public Revenue -

2 As the Board are desirous that their arguments should be fully before the Government they think it right altho' the question is now disposed of to submit the above explanation - The words used in their former letter were, "when the owner of the plot falls into arrears it would be a measure of great hardship to attach and sell at once the whole estate, parts of which have often been long possessed by parties quite unconnected with the defaulter, but before endeavouring to collect the arrear by selling the plot on which it is due the whole estate must be examined and formally apportioned - Hence the unavoidable delay deprecated by Mr Fisher" - It was so far from the Board's intention that Government should "suffer" by the sale of landed property in Canara that

Fort St. George 8th October 1855.

that they were proposing measures to make the recovery of arrears from defaulters more speedy and certain.

(211) Revenue

B. No. 2803.

From the Secy to Government—

No. 1094.

Extract from the Minutes of Consultation in the Revenue Department under date the 28th September 1855.

Read the following letter from the Secretary to the Board of Revenue.

(Here enter 24th August 1855 No. 2232)

On the 15th February last Colonel Pears pointed out to Government the expediency of endeavouring to introduce in the Villages or Towns likely to spring up in the neighbourhood of the Railway Stations every possible improvement on the usual style of building Native Villages. He thought that Government might reserve to itself the right to prohibit buildings within a certain distance of a station except by its consent, and that as inducement to persons to build within those limits, the land might be given free, the Government reserving the right of to take the buildings on it at a future time, at a valuation. The Government fully approving of the general object proposed by Colonel Pears, referred

Fort St. George 8th October 1855.

referred the question to the Board of Revenue for their opinion how it might best be effected.

2 The Board in reply state their opinion that the object can only be attained by Government becoming the actual proprietor of all the land in the vicinity of stations, to the extent as they suggest of half a mile in all directions. They propose that act XX of 1852 should be put in operation for this purpose; but think that in some instances proprietors will be willing to adopt their premises to the proposed rules, rather than dispose of them. They propose also that the Collectors and Civil Engineers be instructed to prepare General Plans of Towns for all the nineteen stations between Madras and Salem adopting each to the particular locality. They would levy a rent, to be expended partly in municipal improvements, and they propose that Collectors should submit drafts of municipal rules for granting land for building, as well as for the management of the affairs of the contemplated towns fixing rates of assessment and providing for lighting, watching and drainage.

3. The Governor in Council must observe that the proposal of the Board of Revenue as above stated that the Government should purchase land for the Villages in question when they had not already control over it would

would in all probability involve a very considerable outlay. There can also be little doubt that to resort to the provisions of act XX 1852 in view to obtaining private land for the purpose, would be stretching the enactment beyond the object for which it was originally designed. The terms of the act are certainly very large, but it seems obviously intended to meet the case of land needed for some specific public work, as a road or a railway or for a building, as a Court House Cutcherry or the like. It could scarcely have been meant to apply to the purchase of land to be afterwards granted or let out for ordinary building purposes to private persons, still less to authorize land being taken considerably in excess of the quantity actually wanted, merely to prevent its being used in a certain manner by the present owners.

6. But supposing the land acquired, it could scarcely be expected that the Government should themselves undertake the erection of the buildings to be constructed on it. and on the other hand, it is to be feared that to impose such stringent conditions as those contemplated by the Board, on parties building on their own account, might prevent them from settling within the limits assigned for station villages,

Villages, as to avoid the inconvenience attending those conditions, people connected with the railway, and who would otherwise have fixed themselves near the station, would for the most part settle just outside the prescribed circle, and the site of the town would be transferred thither.—

5. It seems to Government that too much should not be attempted and that the Regulations laid down should be confined to such as may be necessary to ensure width and straightness to the streets, and to guard against overcrowding with a small provision for drainage. Where there may be waste land, the property of Government, conveniently situated for the purpose streets and house Grounds may be marked out, and sites may be given to applicants on certain terms, such as building within Six Months or other fixed time a payment of a small sum for a stone or masonry side drain in front of the house, and an annual payment for the ground. Some conditions of this kind are necessary otherwise people are prone to get grounds and then neglect for years to occupy them. There should be no stipulations as to the style of building except some very general ones (as for example that the house should be either tiled or terraced not thatched)

thatched) in parts reserved for the better classes, where also the ground should be larger. The grounds in those parts designed for the poorer classes should be smaller, and the occupants should be prohibited from subdividing them. Subject to those or other similar conditions the land should be made over in full proprietory right, with a permanent Puttah specifying the conditions, to constitute a title deed.

6. At stations where there might be no unoccupied Government land at hand the new population would necessarily settle on private land. But in this case also much might be done by the influence of the Collector and of the Railway authorities combined to ensure attention to the points above indicated. in particular all land except Enam and Zemindary, would be of course liable to the Taram Assessment, Government would be prepared to relinquish this payment on land bona fide occupied with buildings &c streets, &c. in these situations, and this concession would go far to make the Puttadar willing to conform to such rules as those above suggested. He would of Course be at liberty to levy a rent on his land thus occupied, and the municipal fee or tax for draining &c. would be levied

Whether

Whether there might be a town side laid out on Government land or not, no restriction should be laid on the building of houses on any private ground where it might suit individual convenience to settle, except such as relate to the particulars above specified.

7. Under such a system as that above set forth little would be gained at first except scope for future improvement. There would be width and straightness of streets, and each house ground would be of sufficient size. But these would be no inconsiderable advantages, and others might be expected progressively to develope themselves. Various inducements would be in operation to promote improvement. The sight of the neat and substantial railway buildings, intercourse with the railway Officials of various grades, occasional visits to Madras and other places, the cheapness of some materials by reason of the railway, increasing wealth on the part of some at least, it is to be hoped, the emulation arising when once a beginning should have been made, all these would operate to produce the effect sought, more surely than the direct interference of Government - certain, by the improvement thus effected would be more likely to spread in the other case, all would

would be looked on as a Government work, and there would be no thought of attempting to imitate it.—

8. The Board of Revenue will communicate these observations to the Collectors of those Districts which will be traversed by the Railway for their information and guidance - where Government waste land may be available in the vicinity of the Railway stations, Collectors will take up a moderate extent on each side of the line and mark it out in streets and house sites to be given for occupation to intending settlers - The Collectors will report for the information of the Board and Government the quantity of land which they would thus appropriate at each station, with a sketch of it and of the land in the vicinity, and will state the terms on which it should be granted, which should be similar to those above specified.

To the President and Members of the Board of Revenue.

(A true Extract)
(Signed) J. D. Boardillon -
Secretary to Government.

211. 212
Bl. Dt. 2025.

Proceedings thereon - Recommending that Collectors be instructed to endeavor to arrange with the proprietors of the land in the vicinity of the Railway stations to transfer their rights to the Government on moderate terms before the sites of the stations are decided.

It appears from this Extract that the purport of the Boards letter of the 29th August last has been misunderstood by the Government - It was far from the intention of the Board to suggest that "the Government should themselves undertake the erection of the buildings to be constructed on the lands allotted for building near the Railway stations" - They only proposed that Government should as landlord lease the ground to those who agreed to build in conformity with the rules, and that they should levy a Quit rent on the land to be applied to reimbursing Government for its outlay in purchasing the ground and to municipal purposes -

2. They are not aware from what portion of their letter the Government drew a different conclusion and entirely concur in the objections expressed by Government against such a course -

3 The Board would now venture to recommend that the Collectors may be instructed at any rate to endeavour to arrange with the proprietors of the land in the vicinity of the Railway stations to transfer their rights to the Government on moderate terms - as the sites of the stations are in several instances still undetermined, it may be easy for the Collectors in conjunction with the Railway Agent to make terms advantageous alike to the Government and the land holder and the Board think that if the present opportunity is lost, considerable difficulty and

and greater expense hereafter are, as likely to be entailed upon the Government. While the option where the station shall be placed remains with the officers of Govt. the Zemindars may be willing to grant land that has hitherto been useless to them on the usual Pattah terms and Government may thus obtain a perpetual lease, in other instances similar arrangements may be made.

4 The Board would beg strongly to recommend that these instructions may be given to the Collectors and that the Government be guided by their reports as to the measures to be taken in each case. The Board urge this from being satisfied that if the present opportunity is lost the influence of the Collector will not suffice to counteract the self interest of those concerned - negociations may not even now be successful in all cases, but if they are so even in some, much will be gained in favour of the public.

5 With the sanction of the Government the Board desire to forward instructions to this effect with those already issued by the Government in the minutes of Consultation now under acknowledgment. Unless Government becomes the owner of the ground the Board fear that the objects in view will not be attained, and although their plan would entail expense in the first instance the outlay would be re-imbursed from the Quit Rent collected. The rules which the Board contemplated establishing were intended principally to ensure cleanliness and security from fire. The Board themselves would deprecate any rules of such a stringency as would prevent persons from settling in the limits, and they had hoped that the success of these towns might make the object of the Municipal act better understood and facilitate its general introduction into Towns where Government is not the landlord.

Sir,

I am directed by the Board of Revenue

16203

Fort St. George, 8th October 1855.

Revenue to submit, for the information and orders of the Right Honorable the Governor in Council, the accompanying letter from the Collector of Madura, dated 21st September 1855, requesting sanction for the payment of the portion of a share of the Beriz of the Ramarajapoorum Village in the Madacolum Talook for Fusly 1264 due to the late Enamdar.-

In Cons 8th Oct. 55.

From Government dated 3d in Cons. 17th May 1841.

2. This Village was authorized to be continued in 1841 to its then holder, Dasa Pundit, during his life, and to be resumed on his demise- The Enamdar died on the 28th December 1854, and the Village was therefore incorporated with the ayen lands from that date- The widow of the deceased now claims a share in the Beriz (Rupees 838. 13- 10) for the five and a half months her husband lived lived in Fusly 1264.

3 The Board concur with the Collector in the justice of the widow's claim and they accordingly recommend that sanction be granted for the disbursement to her of Rupees 277-11-8, making with the sum (Rupees 106-12) collected by the late Enamdar the proportion due to him for the period in question.-

To
C. B. Thomas Esqre
Collector of Coimbatore

Sir,

I have the honor to request you will do me the favor to obtain sanction for a grant of land in my favor of the extent of
x5 five acres, at Peedmund in the Koondahs, for the purpose of building a small cottage as a shooting box.-

I have already built some outhouses on the spot and purchased a Cottage View from Mr. Bromley some time ago, which was unfortunately burnt down - Under these circumstances, perhaps I could obtain the grant without the usual formality of the land being put up to auction as in the event of any one bidding against me, and purchasing the place, I should lose the advantage of the outhouses and the foundation of the cottage which was dug out of the Hill at a good deal of expence and trouble.-

I shall do myself the honor of forwarding a plan and survey of the above extent of grounds as soon as the weather admits of a survey being taken, and in the meantime shall feel obliged by your taking measures to obtain the grant for me

1620 Fort St. George 8th October 1855.

No. 1055

To

I. D. Bourdillon Esqre
Secretary to the
Government of
Fort St. George

Sir,

With reference to your letter No. 638 dated the 29th May last, and enclosures, I am directed to state for the information of the Right Honorable the Governor in Council that the Honorable the President in Council sanctions the augmentation of the duty on all salt imported into the Madras Presidency from 12 annas to 14 annas a maund.—

2 His Honor in Council sanctions this increase of duty on the assumption that the average cost of home made salt to the Government including all charges that can be fairly debited to the manufacture is about 2 annas a maund and that all salt imported into the Presidency by Sea whether coming from

from Goa, Bombay, or elsewhere is admitted on payment of duty at 11 annas a maund at the Ports fixed by the Madras Government without any condition as to the persons to whom it is to be sold or any other restriction whatever. As the fixed selling price of home manufactured salt is one Rupee a maund imported and home made salt will now be as practicable on the same footing.—

3 His Honor in Council also approves of the measures taken by the Madras Government towards equalizing the garce by which home manufactured salt is sold, with the garce by which duty is taken on imported salt. It would be a still greater improvement, and would be more in conformity with the usage in other parts of India if the home made salt were sold by weight instead of measure, so that the quantity of imported salt upon which the duty of 11 annas is paid, and the quantity of home made salt for which the fixed price of one Rupee is paid may be exactly the same, namely, a garce of 120 Indian maunds weight instead of the duty being taken on a garce of 120 Indian

Indian maunds weight, and the price being paid for a garce of 42½ Measals by measure, the supposed equivalent. This point His Honor in Council recommends to the careful consideration of the local Government.—

4 I am desired to request that if the Collector of Canara still continues to act, to any extent, upon the permission to reduce the price of home made salt below the fixed rate of one Rupee a maund, he may be immediately required to raise the price to the fixed rate, and prohibited from lowering it again, under any circumstances, so long as the orders of the Honorable Court remain in force.—

5 But as the Right Honorable the Governor in Council is aware the Madras system differs from the Bengal system in this important particular, that whereas in Madras the selling price of home made salt is fixed, while the Cost and the duty are variable, in Bengal the duty is fixed, and the cost and selling price are variable.

The

16219 Fort St. George 9th October 1855

The President in Council has no doubt that the latter is the correct system and the only one in strict accordance with the views of the home authorities There is nothing in Act No. VI of 1844 to prevent the introduction into Madras of this system, the advantage of which is that whilst the general charges of the manufacture and sale are thrown upon all salt on the average the particular cost of the salt of each place of manufacture is thrown upon that particular salt By this method the buyer who buys cheap salt has the full benefit of its cheapness, and if the Government persists in continuing to manufacture salt where the manufacture is costly the mistake is soon corrected by the absence of a market for such costly produce

6 The President in Council would therefore recommend the Right Honorable the Governor in Council to commence forthwith the enquiries necessary to the introduction of this system, and he would draw His Lordships' attention to the correspondence printed in the Appendix to the fourth

16220 Fort St. George 9th October 1855

fourth Report of the Select Committee of the House of Commons in 1853, as shewing the principle upon which in the Bengal Presidency the general charges of the Salt Department are distributed, and debited to manufacture on the one hand, and to revenue on the other

7 In conclusion, I am directed to request that the attention of the local authorities of the Madras Presidency may be again drawn to the 4th para of Mr. Plowden's letter No. 117, dated the 13th January 1854, and that it may be explained to them that the Government does not desire to maintain the home manufacture where foreign salt can successfully compete with it on equal terms and be supplied at a cheaper rate to the consumers.

Fort William the 24th August 1855 } (Signed) Cecil Beadon
Secretary to the Government of India

The foregoing letter will be communicated to the Board of Revenue for their own information and for communication

to

16221 Fort St. George 9th October 1855

to the Acting Collection of Canara, with reference to the order of Government of May 29th 1855, No 637 and the subsequent correspondence on the same subject. The attention of the Acting Collector should be specially called to the fourth para.

2 In para 3 of this letter, the Government of India express themselves strongly in favor of the substitution of weighing for measuring in the inland sales, as well as in the importation of salt - and in paras. 5 and 6, they recommend this Government to consider whether the Madras system of a fixed monopoly price of salt may not be advantageously charged for that of Bengal, whereby the revenue or duty on all salt is the same, and the price various with the cost of manufacture. In the

Extract

16222 Fort St. George 9th October 1855

Extract Minutes of Consultation to which this letter relates, / May 29th 1855, para 17 / this Government distinctly declared their own deliberate and decided preference of weighing for all the transactions of the Department but under the changes supposed to be impending in the system of the Salt Revenue they deemed so radical a change inexpedient. But as it would appear from the present letter that no such change is immediately in contemplation, the Board will now be pleased to give careful consideration to both the above cited propositions, and submit their sentiments upon them to Government at as early a date as practicable. —

Proceedings thereon.

Stating that the Board have already expressed their opinion in favor of weighing over measuring in Salt transaction, and recommending that it be carried out generally and offering their advice against the proposed change of assimilating the system of Madras to that of Bengal in fixing the duty, the cost & selling price of salt being variable—

In this Extract the Board of Revenue are requested to submit their opinion upon two propositions; firstly, the substitution of weighing for measuring in the transactions of the Salt Department. Secondly, the assimilation of the Madras system to that of Bengal, the present difference being that "whereas in Madras the selling price of home made salt is fixed, while the cost and duty / or rather profit / are variable, in Bengal the duty is fixed and the cost and selling price are variable."—

To Government
12th July 55

5°

2 With reference to the first proposition the Board have already expressed their opinion in favour of weighing over measuring, and in Canara where imported salt and home made salt came into competition, it was obvious that the change was essentially necessary, and it has already been carried out at those stations where the home trade was most affected by the Salt imported by weight. The

Board

16225 Fort St. George 9th October 1855

Board beg strongly to recommend that it be carried out generally.—

3 One great advantage to be expected from the change has lately come prominently before the Board. The Government have recently remarked upon the large amount of wastage shown in the accounts of Canara. Upon this subject the Board will report fully on receiving an answer to a reference made to the Acting Collector of the District; but it is important here to point out that what is entered as wastage is really in a great measure consolidation. A late report from the Acting Collector on the experiments made in weighing and measuring Salt shews that the difference between new and old salt is such that while of old salt 150 to 180 Mercals equal on measurement, 120 Indian Maunds of new salt 509 Mercals are required. It is therefore clear that a great change takes place in the bulk of the Salt, what was stored in

From Govt 10th in Cons 22nd Sept 55

Dated 23rd August in Cons 7th Sept 55

Dated 28 August in Cons 7th Sept 55 P4

16226 Fort St. George 9th October 1855

in loose grains becomes in a year so condensed and firm that it must be cut with a Mamaty, and a Mercal of Salt as received by Government from the manufacturer is very different from a Mercal of Salt when it is sold a year afterwards.—

4 By the substitution of weighing for measuring the difficulty is obviated and the scales will shew the actual wastage without reference to consolidation.—

5 The Board will hereafter report why the wastage appears to be larger in Canara than elsewhere, and will only here remark that it is probably in part owing to the dampness of the climate but chiefly to the strict prohibition of the old abuse of heaping the measure in receiving salt from the Manufacturers. They allude to the subject now as a further proof of the advantage of conducting all the salt transactions by weight, which they had before strongly recommended.—

6 To the second question the Board have given their careful consideration the

Fort St. George 9th October 1865.

the result of which is that the change of system proposed will be accompanied in their opinion, by several disadvantages which will more than Counterbalance any advantages to be derived from it.—

Para 181

7 At page 61 of their salt Memo. the Board have given the nearest Estimate they could form of the cost of a garce of salt in the several districts of the Presidency. They understand the proposition of the Bengal Government to be that a duty of 1/4 As. being fixed, to this is to be added the cost price and a certain proportion of the Establishment charges. the whole forming the price at which salt is to be sold in each district.—

8 Taking one half of the charges as properly belonging to the mercantile and half to the Revenue expenses: the price for each district, omitting Malabar and Canara

Fort St. George 9th October 1865.

Canara will be as follows.—

	Duty at 1/4 annas	Cost price	Establishment	Total
Ganjam	105	+ 5	+ 1	= 111
Vizagapatam	105	+ 6 1/2	+ 2 1/2	= 114
Rajahmundry	105	+ 7	+ 2 3/4	= 114 3/4
Masulipatam	105	+ 6 1/2	+	= 111 1/2
/Swamp/	105	+ 1 1/2		= 106 1/2
Guntoor	105	+ 7 3/4	+ 1 1/4	= 114
Nellore	105	+ 8 1/2	+ 2 1/2	= 116
Chinglepat	105	+ 13 1/2	+ 2 1/4	= 120 3/4
South Arcot	105	+ 10	+ 1 3/4	= 116 3/4
Tanjore	105	+ 10	+ 1 1/2	= 116 1/2
Madura	105	+ 10 3/4	+ 2 1/2	= 118 1/4
Tinnevelly	105	+ 10	+ 2 1/4	= 117 1/4
Madras	105	+ 16 1/4	+ 1/2	= 121 3/4
Ennore	105	+ 19		= 124

9 Should the comparison be carried further, and the prices of the several cutays be distinguished, as minute variations in each District will appear.—

10 Three questions require consideration firstly

Fort St. George 9th October 1855

firstly, whether the change proposed can be made consistently with the existing law, secondly, whether it will be advantageous. and thirdly, whether if it is to be made, the proposed duty is properly fixed at 14 Annas.—

11 Firstly. The existing law provides that the price of Salt in the Madras Presidency shall be one Rupee per India Maund.—

12 The general tenor of the Proceedings of the Bengal Government shews that they were written under the impression that with a fixed duty of 14 Annas. the inhabitants of each Province of this Presidency, where salt is manufactured, would not pay more than was intended by the legislature. that if the price was higher at one Depot of a District. the dealer would be able to resort to another, and the falling off in the sales at the dearer Depot would at once correct the error.

13 But this is not the case with our wide spread sea board; and a

Fort St. George 9th October 1855

a general average struck for the whole Presidency will really raise the price of Salt in several Provinces beyond the legal amount. For instance, if the price is raised at Ennore to 12¼ Rupees it is no compensation to the purchasers that Salt is procurable at Gunjam at 111. all that effects them is that they are made to pay more than the legal price.

14 If this is the case with regard to the Eastern Coast, much more is it so if Malabar is to be affected by the new rule. There the cost will be raised to 105 + 32½ + 1¼ or 138¾ Rupees, if the supply is furnished as at present, and to more than this if the trade is forced into the hands of private Merchants. On this subject the Board will have occasion to speak more fully hereafter. The above facts appear to them to prove that

that under the existing law the duty of 14 Annas cannot be applied to this Presidency - that the Government would thereby raise the price to whole Provinces above what the existing law permits. Secondly, The Board consider that on the whole the advantages to be derived from the proposed change are not such as to compensate the inconveniences attending it. The differences will in most instances be so minute that while they will seriously affect the net Revenue, they are not likely to influence consumption - When the price is lowered it will be only in an amount that cannot affect the retail price - In Ganjam alone the difference will be 9 Rupees - in all other districts the reductions will be such as cannot affect local consumption and only tell very slightly on the wholesale inland trade. There is always a strong objection to small reductions where the Net Revenue is demenished without the cost of collection being so in any degree.

With

15 With the trade in salt the duty to be advanced, and the enormous cost of carriage, caused by the concentration of the Manufacture disturb all the ordinary calculations of supply and demand. If salt were allowed to be Manufactured, as rice is grown, wherever the soil and climate permit the ordinary rules of trade would be applicable, but while our present system of heavy duty and restricted production is in force it is necessary to avoid measures which only diminish revenue without in any sensible degree mitigating the burden of taxation or really opening the trade. The change proposed will not in the Board's opinion encourage additional production or consumption in any degree commensurate with the loss of Revenue, and although they would gladly see the price of salt reduced in Ganjam they do not think that this should be done at the cost of the people of other Districts.

16 There are some considerable advantages

advantages. under the present system in a fixed price for all salt. It prevents deception ow the part of the publie servants, and facilitates accounts and statistics and unless a radical change can be made which shall really open the trade, or the duty is so reduced and the places of Manufacture are so multiplied that a trifling difference in the cost of production is likely to be felt by the consumers. the Board are satisfied that the change proposed will have no real advantage to compensate the serious disadvantages above alludeat to.—

17 The Board believe that between the Bengal system and that of Madras there is a marked difference. In Bengal the manufacture is concentrated on a few spots which, as they understand, compete for the

the supply of the wholesale trade; but in Madras the Manufacturing provinces are widely scattered. their Markets are distinct. each is influenced by causes quite independent of the other and an average for the whole cannot be adopted without simply transferring taxation from one to the other and taxing some more highly than they have ever been taxed before. It is also to be remarked that a large portion of the Madras sales consist of petty retail transactions of a few Maunds.—

18 Supposing the calculations given above to be correct, the effect upon revenue will be nearly as follows, taking the consumption of Fusly 1262.—

(Appendise O. Board's Memo)

	Consumpt on tie on to be made Fasly 1262 in Garce	alteration from 1206 per garce	Effect on the Revenue

Eastern Coast

Western Coast

Thirdly

19 Thirdly. the question still remains whether if a fixed duty is to be adopted it has been correctly calculated at 1s annas —

20 In their late calculations upon which the duty was raised from 12 Annas to the above amount the Government excluded the cost of salt supplied to the people of Malabar and south Canara. But the people of Malabar and those who trade with them are dependent upon Bombay for their supply, and the furnishing this supply is as essential a part of the Monopoly expenses of Madras as the Manufacture of salt in other provinces. In the Boards opinion therefore if an average was to be struck affecting those provinces, the cost of that supply should be taken into account. The Manufacture of salt in south Canara and Malabar is prohibited for

Fort St. George 9th October 1855.

for Monopoly reasons, and the Govern-
=ment undertook the supply, the cost
of salt in Malabar and south Canara
should therefore not be excluded from
the calculation.—

21 The Board find however
that this will not effect the general
calculation to any important ectent. The
average cost would be 16 Rupees per Garce
(salt Memo. p. 53) which added to 10/-
the duty at 1/4 As. makes 12/.— and
from this the charges properly falling
in Revenue being excluded the duty
of 1/4 Annas as nearly as possible re-
represents the average Monopoly pro-
=fit. But the consequences to Malabar
and Canara of an import duty of 1/4
instead of 12 annas will require to
be presently alluded to.—

22 The conclusions then at which
the Board have arrived on a carefull
consideration

Fort St. George 9th October 1855.

consideration of the questions proposed to
them, are that the Bengal system cannot
be advantageously engrafted on the e-
Monopoly system of Madras, that the e-
change would entail a loss of Revenue
without any diminution of expense without
benefitting the consumer, and without e-
making any effectual advance towards
an open trade, and that it will impose
on one portion of the Presidency a burden
of taxation beyond what they have hitherto
borne and beyond what the law allows.
The Board therefore consider it their
duty to offer their advice against the
proposed change.—

23 But should such a change
of system be still deemed escpedient they
strongly urge that the Eastern and e-
Western Coasts cannot be treated alike
It has been most clearly shewn that
with a duty of 12 Annas private Mer-
=chants have not as yet brought salt
for sale at one Rupee the Maund and

to

to raise the duty to 1½ Annas will place it quite beyond their power.—

24 The Bengal Government have sanctioned the duty of 1½ Annas and proposed the change in the system on the supposition as above observed, that the people of the Madras Presidency will be able to procure a supply without paying more than one Rupee per Maund and also that this duty places all salt home and foreign in fair competition. On the Malabar Coast neither of these requisites will be fulfilled salt in Malabar will cost more than one Rupee per Maund, and the Board have previously shewn that the duty on Goa salt by land being 12 As. the salt of Canara cannot under a duty of 1½ Annas compete fairly with it.—

25 The Bombay excise and import duty is 12 As. and while that duty

× Its cost at present is 3½ which added to a duty of 1½ As. or Rs. 10½ per garce would be Rs. 13½ To Govt. 12 July 65.

duty prevailed in Malabar and Canara and the Monopoly price was modified to suit it all difficulties were obviated. Bombay, Goa and Canara salt all competed fairly for the inland trade the import duty by sea and by land were the same the trade was really free and there was a prospect that the Merchants would gradually undertake the supply of Bombay salt to Malabar and South Canara.×

The only objection was that the people of Canara got their salt a little cheaper than the rest of this Presidency. But this is not entirely obviated by the measures lately adopted. they still get it cheaper in North Canara, but instead of our own it is the foreign salt of Goa now favored by a differential duty on the land frontier.—

For the above reasons the

27 Board must strongly urge that the duty should be calculated for the provinces of the Western Coast in entire independence of the produce and markets of the Eastern

× Note A Merchant has lately petitioned on the subject.—

10241

Fort St. George 9th October 1855.

Eastern Coast with which they have no
connection Calculated for those provinces
separately the cost of salt is as nearly
as possible 4 As. which leaves a profit
of 12 As. at the present monopoly rate,
thus exactly equalling the excise and
Customs duty of Bombay and the land
Customs duty of Madras on the goa frontier
28.

In conclusion the Board would
remark that they have repeatedly had occasion to refer to the Excise duty of 12 annas which prevails in the Bombay Presidency and whatever system may be established for conducting this branch of revenue in where they must express the great regret with which they would see the people of Madras subjected to a heavier rate of taxation they would hope that the object of any new measures will rather be to lower the taxation of the Eastern Coast to a level with that of Bombay than to raise that of the Western Coast above what is paid by those who compete with them for the same market the latter as the Board have shewn in a previous letter as well as the present is the result of raising the duty to 12 As. instead of 12 As. the Maund

Extract

B. No. 2784.

From the Secretary to Government &c.

Reviewing the report on the revenue administration of the five Laccadive Islands attached for arrears of Peishcush due by the Beebee of Cannanore - requesting explanation as to the meaning of the expression "value of supplies furnished to the islands," and to report the next season regarding the commodities the Islanders were allowed to keep to themselves.

No. 1093

Extract from the Minutes of Consultation in the Revenue Department under date the 27th September 1855.

Read the following letter from the Acting Secretary to the Board of Revenue -

(Here enter 1st September 1855 No. 2274.)

With this letter the Board of Revenue forward one from the late Collector of Malabar reporting on the revenue administration for the first season, of the five Laccadive Islands attached for arrears of Peishcush due by the Beebee of Cannanore -

Androth.
Kalpeny.
Cavarty.
Akaty.

2. The order for the attachment of these Islands issued on the 7th September 1854; but from circumstances beyond control, there was some delay in carrying it into effect. The four Islands named in the Margin were taken charge of on the 19th November 1854, and the fifth "Menacay" on the 22d March 1855.

3. The Revenue from these Islands appears

appears to consist in a monopoly of the various kinds of produce, the chief of which are coir, cowries, and tortoise shell. No particulars are given, however, as to the various customs, and it is requested that this omission may be made good in the report on Fusly 1266. The articles received in the year under report were coir, cowries and tortoise shell, with a small quantity of cocoanuts and Sagree. The first mentioned is the staple of the islands. The quantity received was Candies 640—18—11½, which realized on sale Rupees 25,544 1—3, very nearly 40 Rupees a Candy, is stated to be much more favorable than it has usually been, on account of the Russian war. The other items brought in an inconsiderable amount, and the aggregate of all receipts was Rupees 28,302-5-8. It is stated that intelligence of the coming segregation preceded the arrival of the Government Officers, and that part of the produce of the year was made away with. From Menacay which as already said was not attached till near the end of the Fusly, scarcely

scarcely any thing was received though it is by far the most extensive and important of all the five Islands.

4. The Charges amounted to Rupees 13,991-7-5, of which however Rupees 10787-5-- constituted the price paid to the Islanders for the produce, the remaining Charges were the expenses of management, freight of produce, and value of supplies furnished to the islands. The meaning of this latter item is not clear, and it is requested that it may be explained. The net Revenue, Rupees 14,310—14—3, was carried to the credit of the balance standing against the Beebee, leaving the amount of Rupees 54,267-2-- still due.

5. From para 4 of the Collectors letter it appears that besides the articles delivered into store, there were other petty commodities which the Islanders were allowed to keep to themselves. The Government wish in the next report to be informed as to the description of commodities here referred to, and as to the custom in respect of them under

the

the Beebee's administration. However much the Government might wish to relieve the people, they feel bound to maintain the rights of the Beebee, more especially as the Islands will in a very few years, revert to her possession. This consideration also properly restrains the Board from advocating the abandonment to the Islanders of all other produce than coir, a course which would be highly expedient if the islands were the property of Government.

To The President and Members of the Board of Revenue.

In box 11th July/55.

Read letter from the Collector of Salem under date the 17th January 1855, reporting on the land settlement of his District for fusly 1263. (1263/1853/4)

253
Bd's No 2653.

Proceedings thereon.

Reviewing the report on the settlement of the district of Salem for fusly 1263 and requesting explanation and information on certain points.

The principal subject of this report having been embodied in the Board's general report but few remarks are now required.—

2 The settlement was made by Mr. Brett the Collector Mr. J. W. Cherry the Sub Collector, and Mr. R. C. Lewin Acting Head Assistant.— Mr. Brett settled nine Talooks at 17 stations.— Mr. Cherry four Talooks at 8 stations and Mr. Lewin one Talook at 2 stations. The convenience of the Ryots appears to have had full consideration in the arrangement.—

3. The accounts now submitted are affected by the purchase on behalf of Government of one Mootah containing four Villages, and by the attachment of one service Enam Village and one Agraharam.— the assessment of these Villages being now collected Ryotwar.—

Para 5— 4. An account of the number of Tenka channels, and Wells of the district is given and will afford useful means of comparison hereafter, but as it

is

is explained by the Collector that it supplies many omissions and correct errors in previous accounts it cannot be used in comparison with those of a former date.

5 In para 7 a statement of the Cattle, the Ryots, ploughs, and puttahs of the year is given. There is a slight decrease in the number of Ryots and Puttahs and increase in that of Cattle. The latter, the Collector explains, is due to a more careful preparation of the accounts. It is remarkable that while the number of Puttahs is 1,37,904 that of ploughs is only 38771. Pucha ploughs as the Collector explains, 77542 ploughs with 2 bullocks.

Para 8

6. The season is reported not to have been a favorable one owing to a scarcity of rain in June and July and dry Crops yielded below the average. The wet Crops were saved by falls in the succeeding Months till November: but the want of rain at a subsequent period told unfavorably upon them. The season is described as having been unhealthy, but the mortality was not great.

Para 9.

7. Prices are particularly favorable.

They

exceeded those of fasly 1262 by Rupees 30 — — 5 per Cent. and those of the preceding ten years by 38 — 5 — 6 This was owing not to the produce being insufficient for consumption but to the demand in other Districts and the unusually large exports particularly to Coimbatore from the lower Talooks and from the Baramahal and Balaghat Talooks to Bangalore Bellary and Cuddapah.

Para 10-

1262 — 1378009-11-11
1263 — 1367526-8-3
10483-2-8

Para 11 & 12

1262 — 12023-3-4
1263 — 2762-8-5.
15439-3-1-

8. Owing to the failure of the early rains the Dittum necessarily shewed a decrease and the Kabooliaty Bunjer or land afterwards left fallow an increase in Comparison with the previous year.

9. The general result on the cultivation of the district was decrease of Acres 28,250-27-5 in the dry lands of 817-39-13 in the Garden and an increase of Rupees 772-13-6 in the wet lands. The net decrease is 28,296 — 13 — 2 bearing an assessment of 23,777 — 13 — 6.

P. 13.

10. The Villages lately transferred to Ryotwary management yielded a Revenue of Rupees 5,628-14-7 which must be added to this deficiency to make the Comparison with the former season a correct one.

Para 17.

11. The remissions made at the settlement amounted to Rupees 36,877-4-3 on a demand of 13,40,064 — 1 — 10 including the pay of Village servants and other items shewn in the margin, the deduction from the assessment amounts to 11,51,32-14-7

Pay of Village servants	92,657-7-7
Agraharam Shares	15,315-14-7
Dasabundam —	272-4-2

Shewing

Fort St. George 9th October 1855

shewing an increase of Rupees 272-3-3 in Comparison with the previous year.

12. In explanation of the decrease of reductions the Collector states (para 29) "that a sum of Rupees 4,068-2-7 is owing to the imposition of the full assessment on certain lands in the Samoodrum Mottah &c. for which the Mottahdar's Cowle was continued in the last fusly, and the rest, amounting to Rupees 171-8-3 is owing partly to the imposition of full assessment on lands occupied under Mr. Cockburn's permanent Cowles, in consequence of deaths and changes on transfers of Puttahs."

13. With reference to these lands, it is the desire of the Board to modify the standing orders upon which the Collector has acted in raising them to the full assessment, experience has shewn that the reductions made both by the Mottahdars and by Mr. Cockburn are oft-times necessary and that the lands are constantly thrown out of cultivation on being raised to the full Beriz. In prospect of the revision now in progress it is very undesirable that the present occupants should be disturbed if they are paying as high an assessment as

Fort St. George 9th October 1855

is likely to be demanded from them hereafter. The Board resolve therefore to direct the Collector to make these cases the subject of special enquiry and report, and they authorize him to abstain in the meanwhile from raising the revenue beyond the amount which he has proposed or is prepared to recommend as their future assessment. The Board wish these instructions to be applicable to the Mottah and the Cowles alluded to in the above report as having been raised this year.

Para 31. The land applied to the cultivation of Sugar cane, Cotton & Indigo was as follows.

	Acres		assessment		
Sugar Cane	1054	26 2	8,786	1	7
Cotton	1390 8	23 4	2,1743	2	11
Indigo	1,822	20 8	5,013	6	9
	16,785	29 14	35,542	11	3

15. The variations in the Sevoy Summa and Enam Jodjy detailed in paras 32–37 do not call for special remarks.

16 Under the head of Topadayem or rent of Topes of trees there is an increase of Rupees 3,519-11-1. But it is explained that of this the sum of 2,917-8-5 was previously entered erroneously

Para 38

erroneously under the head of fruit gardens instead of rents the actual increase is therefore only Rupees 602—2—8.

Para 39. 17. Under the head of fruit gardens and Palmyrahs there appears a decrease of Rupees 2,650—5—1. But deducting Rupees 2,082—7—4 transferred to rents the actual decrease is 567—13—9.

Para 40. 18. In the Hill revenue there is a decrease of Rupees 1,832—9—9 owing principally to the failure of the rains.

19. The entire demand of the year on the amanay portion of the district is Rupees 14,02,105—2—4 or Rupees 24,956—1—3 below that of fusly 1262. To which deficiency Rupees 5,628—14—7 must be added being the demand on the annexed Villages.

Para 45. 20 The total demand for the year or estates in the hands of Proprietors is less than that of the preceding year by Rupees 3,101—12—2. Rupees 3,238—3—8 is the Peishcush of the purchased Mootah, and Rupees 136-7-6 an addition made to that of the Salem Mootah in consequence of the incorporation of lands occupied by commercial buildings, being

being credited, the result is the net decrease above stated.

21. The aggregate Land Revenue demand on the entire district, including the Amany Beriz, Permanent Beriz, of Jaury Mootahs, and Pollipet Peishcush is Rupees 17,47,994—5—6 being Rupees 29,990—2—5 below that of the preceding year Viz:—

	1262	1263	Decrease
Ryotwar	13,13,738 1 6	12,88,764 11 3	24,773 6 3
Rented Village	928 6 6	813 6 6	115 " "
Mootahs	4,41,376 11 10	4,38,274 15 8	3,101 12 2
Pollipets	19,941 4 1	19,941 4 1	" " "
	17,77,984 7 11	17,47,994 5 6	29,990 2 5

22. The aggregate demand of Land Revenue and Extra sources is given below. It shews a Net decrease in the year's Revenue of Rupees 28,325—2—9. being composed of the above decrease of Rupees 29,990—2—5 less an increase on the Extra Revenue of 1,664—15—8.

			Decrease
Land Revenue	17,77,984 7 11	17,47,994 5 6	29,990 2 5

Extra Revenue.

of

Collections.

Para 50. Of the total demand 17,47,994-5-6 of land revenue the sum of Rupees 16,99,446-12-5 was collected within the fasly leaving a balance of Rupees 48,549-9-1 reduced by collections up to October to 18,145-11-3 being 1-"-7 per cent on the demand.

23. Of this balance Rupees 2,150-1-10 due on Mootahs has been recovered or is recoverable. Of Rupees 15,995-9-5 due on Ryotwar Villages the sum of Rupees 10,495-9-5 is considered

Para 51. recoverable, and a balance of 5,5000 due from indigent, deceased or absconded Ryots, or on

Para 52. the over assessed village of Timmalanad Samoodrum will form the subject of special enquiry and report.

24. The arrears up to 1261 and of 1262 amounted to Rupees 54,023-6-3 Collections and remissions amounting to Rupees 44,191-3-4 reduced this to Rupees 9,832-2-11 the whole of which arrear is due on many Villages.

25. Of this sum Rupees 1201-10-8 are deemed recoverable; and the sum of Rupees 8,387-7-2, considered irrecoverable has been entered for sanction in the Boards general report. To this is to be added the sum of Rupees 207-"-2 an arrear of Sevoy Jumma also deemed irrecoverable, making a total of Rupees 8,594-7-4 as specified in the Margin.

Para 54 & 56

+ amount recommended in Gl. Report of Fasly 1262 } 4,179-13-3
D. D. Fasly 1263 4,414-10-1
8594-7-4

26. The land sold in collecting the public Revenue amounted only to Rupees 12,33-4-" which realised the sum of Rupees 91-4-"-

The Statement of private wells

27 held by the Ryots without extra demand on their lands is very satisfactory. It shews an increase of 373 over the previous year. The aggregate number is 4,087, estimated to

Para 60. have cost 2,79,502-4-9 irrigating Acres 4295-13-13. The assessment paid on this area is Rupees 8,473-9-11 and the enhanced assessment remitted is Rupees 12,801-2-7.

The Government plantations are

28. shewn to cover an area of Acres 4-21-6 and yielded a rent of Rupees 108-6-" being nearly 25 Rupees an acre. The topes public and private amounted to 32, covering an area of As 153-36-15 and containing 3514 trees. They shew an increase of two plantations in the present year.

29 Mr Britt speaks in favorable terms of the services of the Officers employed under him whose names are noted in the Margin. The Board are especially gratified to observe the terms in which Mr Brett speaks of Mr Cherry the Sub Collector as at all times displaying much interest in the management of his Division and both

Mr Cherry
Mr Dalyell
" Davidson
" Hodgson
" Levin

both active and intelligent in the discharge of his duties. Mr Brett also speaks with ap-
-probation of the conduct of the Head Shanstadar Sirmul Row & Naib Serishtadar Vadagur Row.

30. The Board proceed to record a few re-
-marks on the accounts now before them-

Para 8- 31- In statement No. 5 the rent roll of the amany portion of the district is shewn to be 13,98,023, while the total of additions in No. 16 is Rs. 12,89,778- The difference is Rupees 1,08,245 which appears from statement 14 to consist of the three items of remission Village Sibbendy, Agraharum, and Dasabun-
-dum. It is desirable that the amount of these remissions should be given in No. 5, so that the rent roll and the settlement account may agree-

Para 10- 32. The Collector is requested to explain what are the commutation rates entered in Para 10, as it was stated in the 21st Para of the last year's report that the commutation rates of only certain Talooks had been discovered-

From Salem dated 9 Jany in Cons: 2nd March 1855-

Para 13- 33. Some confusion arises from entering Nelapanday and Aoravandoor as separate talooks in Statement No. 12 making the apparent number 16, instead of 14, as shewn in the abstract statement in

in Para 13. The Collector will state whether there is any objection to incorporating those Villages with the neigh-
-bouring Talooks-

In the comparative state-
34-
-ment subjoined to Para 20 the Caboolaty Bunjer is stated to be 6,501 being below that of the previous fusly by Rupees 1378- But in statements Nos. 10 & 11 there is a discrepancy- in the former it is stated at 6,591 and in the latter 6,501- Explanation of this discrepancy is required-

Para 27- In Para 27 the remissions
35-
for Cowle Lands left waste are stated to be 383—10—11 while in Column 44 of statement 17 they appear to amount to Rupees 88—13—10-

In statement No. 17 there is an
36-
omission of a heading to columns 12-13 & 14 which renders them unintelligible-

Statement No. 14- The
37-
fourth item in this statement is entered as Cowle for Bunjer lands instead of "Punjah Cowle lands left waste on account of a deficiency of water" as shewn in para 27 of the Report-

In para 32 the fifth
38-
item of the Sevoy Jummah is entered as

"Revenue

10259 Fort St. George 9th October 1835

"Revenue". This should be explained. It is probably a clerical error.

39- In para 55 the irrecoverable balance at the close of 1203 against the Amany Villages is stated to be Rupees 8387- But in this is included the sum of Rupees 3,977 proposed for remission in the report of 1202, and subsequently sanctioned. The blending of those together is calculated to cause confusion. The Collector should state 1st the entire irrecoverable balance, 2nd the amount already proposed for remission.

3rd The sum now proposed for remission.

40- The sum of Rupees 8,593-6-5, the irrecoverable balance shewn in Para 54 does not tally with the marginal Statement Rupees 8594-7-4.

41- The plan which has prevailed of taking half the number of ploughs to represent the number of "Pucka ploughs" is objectionable, and should be given up. The heading should be entered as "Cutcha ploughs" and the whole number be entered.

42- In para 79 the Collector remarks that in the district of Salem the term Teeruva Jasty is applied to the extra assessment levied for a second crop raised

10260 Fort St. George 9th October 1835

raised on one Crop land and Fusljasty to the additional cess levied on Garden and Kunjah raised on dry land- As this is exactly the reverse of the application of the terms in other districts it is better that the usage in Salem should be altered for the sake of uniformity.

Para 84- 43- The Collector states that in accordance with the instructions of the Board Rule 25 of the Hookoomnamah will be altered so as to relieve all trees from taxation when they grow upon land for which assessment is paid. The Collector is requested to submit for the information of the Board a Copy of the revised Clause.

Para 85 44- With reference to the entry of the amount of Rent on Government Plantations the Collector observes "that the item was hitherto included in the head of Land Revenue in statement No 23. but that this item will hereafter be entered under the head of Extra Revenue in the same statement according to the instructions of the Board". Now the Collector seems to misunderstand the Board's instructions. The Board never meant that he should enter this item under the head of Extra Revenue in the aforesaid statement, which relates to "Seoy, Jummia", but that it should be altogether

Fort St. George 9th October 1855

altogether transferred to the head of "Sundry small Farms and Licences" in the general abstract statement of Revenue from the Land and Extra Sources; ie in such a Statement as

Statements Nos 7 & 8.

No. 27 forwarded with the report under Review.-

45. This is the first year in which these two statements have been prepared and forwarded with the Summabundy Report. They are unnecessarily full and are also incorrectly prepared. Statement No 7 does not exhibit correctly the quantity land under "Ryacut". As for instance, referring to Column 2 of this Statement, portion still enjoyed by Enamdars are given at 5,039 acres and going still further up to Column 13, Lands assigned as Enams subsequent to the Dymash settlement appear to be 4,407 Acres, so that there are on the whole 63,446 Acres under the head of Enam. But on a reference to Column 10 of Statement No 8, it will be seen that Maniem Villages including Cayem Jody Villages Nos contain 1,79,894 Acres and that total Enams amount to 95,288 acres. The total of Enam land according to statement No 7 does not correspond with either of the aforesaid entries in Statement No 8. while properly it should agree with the total of acres under the

Fort St. George 9th October 1855

head of Maniem Villages &c. Again in Column 6 of Statement No 7, 7,1408 Acres are said to constitute the decrease consequent upon the lands of one description being transferred to another, while in Column 12 of the same statement 7,3891 Acres are given as the increase in consequence of a similar transfer; so that there appears a difference of acres 2,483 between the increase and the decrease.-

acres
7,3891 Increase.
7,1408 Decrease.
2,483 Differences

10263 Fort St. George 9th October 1855.

46. It is to be observed here that the Collector seems to have had recourse to so many transfers, additions and deductions, in order that the statement may tally with the present condition of the different descriptions of land Viz. Dry, Wet, and Garden. The Statements in question should be prepared in accordance with the Original Survey, and the subsequent changes shewn as in the form sent.-

254

Bye. No. 2164
From the Collr of
Bellary -
Submits his
report upon
the Complaints
preferred
against
Narasapah
Curnum
of Raydroog
&c &c

Sir,

In reply to the orders of the Board (as per margin) I have the honor to report that the Cases mentioned in my letter of 12th May (as pending Enquiry were investigated by myself at Raydroog during the Summer - months in last month together with several other matters of Complaint against Narasapah the Curnum of Raydroog and other Villages.-

1st The Claim of Timmapah a Shopkeeper for 18 Rupees alleged to be due for goods supplied was settled by a Punchayet who decreed that Narsapah had to pay 8 Rupees and 12 Annas.-

2dly The charge made by Sonnagowd that Narsapah had extorted 12 Rupees from a woman on threat of accusing her of adultery.-

P.

Fort St. George 9th October 1855

It appears that the woman from whom the money is alleged to have been ex-
-torted is one Pippamma an elderly woman a Relative of Somanagowd it was her daughter who was threatened with an accusation of adultery But neither the one or the other appeared and Soma-
-nagowd said they did not intend to make the charge so the matter dropped

3d. The Claim made by Roodragowd against Narasapah for his straw was settled by Amelagat as previously agreed on; When Roodragowd left the Village the Curnum took possession of his straw for the Ryots and himself The Amelagat settled that the Curnum should pay Rooda-
-gowd 7s Rupees and the Ryots should repay to Curnum the quantity of straw he gave them and 1½ Rupees extra as difference of Value:-

4th. The application of Nullapoor Reddies to be reinstated in Office was disposed of by ordering Bhrma Reddy to be put in Office if he can give Security. Roodrapah does not appear.

Fort St. George 9th October 1855

appear to be a Necessary, at all events there is no occasion to keep the Curnum in the Potails Office as an enemy Ryot or other person may be put in if Reddy is not Competent.-

5th. The Complaint of Nullapoor Bhrmareddy that the Curnum had taken possession of the property of two persons who had died without heirs. The pro-
-perty in question was a bullock and buffalow calf, and there is reason to believe that Narasapah allowed them to be used by others instead of pa-
-stureing and reporting to the Tahsildar These are all the Cases referred to in my letter. But as I called upon the people to prefer any charges they had to make against the Curnum I received several others.-

6th. Cooroba Nonnorapah and Pinapah of Gulgul laid claim to a well which belonged to them some 20 years ago and which had been appropriated by Curnum. They had no valid Claim to it but as Narasapah was willing to give it up, orders to that effect were given

7. Nonnorapah Nullaya and other

Complain

Fort St. George 9th October 1833

Complain that for two years the Curnum made them Cultivate the Land of Roodra- -gowd and took more from them than was due. Curnum was answerable for the Cultivation of this Land and there is nothing to shew that he Compelled the Ryots to Cultivate it- on the Contrary there is their own agreement Neither does it appear that he took more than agreed for.-

8th Roodragowd of Gulgul Com- -plained of Curnum destroying his garden and Cocoanut plants. The Complainants charge is not well founded he has nine but himself to blame. The Pun- -chayt however have settled that Curnum shall make good a loss of 15 Cocoamt Plants.-

9th A Complaint made by the same man of Curnum during his absence from the Village forcibly entering into his house and Carrying off some planks is not proved.- There is Cause to believe that Curnum removed some planks from near Roodragowds house which it appears do not properly belong to Roodragowd. The planks to be given to the person to whom.- — — — — —

Fort St. George 9th October 1833

they belong to be settled by Ameliayt.

10th Same man's Complaint that Curnum allowed his Betel Nut plants to go to ruin through neglect is not sustainable.-

11th Also his Complaint of Curnum usurping his Meerasse is also false.

12th The Complaint of Gulgul Somanagowd that he had to pay 15 Rupees and again 6 Rupees to get water from a Channel is not proved- It occurred nearly 3 years ago, and no Complaint was made at the time though the dis- -pute about the water was brought before the Tahsildar.-

13th Adivoppa Talaris lay Claim to the Skins of dead animals which by favor of the Curnum are given to the Chucklers- The Tahsildar is ordered to settle this matter.-

14th A body of Ryots of Gulgal Gollapully and Adivoppah petition for the Removal of the Curnum, and ask for Bunjer to be remitted- Every piece of Bunjer is remitted.-

15th Gazala Ramapah Complains that Curnum appropriated to his own use 5 persons who were not properly appropriable as they were only. — — — — — —

his

his Coolies - The tax on four of these is ir-
regular and is remitted. The Tahsildar
is ordered to inquire respecting the
tax on the other two persons - Some Com-
plaints says the Curnum takes
3 Rupees from him in excess of his tax -
There is no proof and he admits he
has not paid it for a year.-

16th The Mortinplia Ryots of
Mullapoor Muzrah Pallapully Complain
of some petty oppressive acts which
they cannot substantiate - The Tahsildar
ordered to inquire into the ability of
these parties to pay the tax assessed
on them.-

17th The Serroyaty Ryots of the
same Village Complain of Curnum Collecting
for a Gonchy garden 50 Rupees in July 1262.
42 Rupees in 1263 July and demand 40
Rupees for present 1264 July to be paid 30 days
By examination of accounts the amount
Collected in 1262 Viz. 50 Rupees appears
Correct - For 1263 it should have been
only 35 Rupees. The Curnum who has a
share in the Gonchy says he only Collected
35 Rupees - It is probable the Ryots as-
sertion may be true but they should
have Complained at the time There is
no proof now and if they gave it they did so
willingly

willingly then - For this year the four Ryots
are to pay Rupees 35-14-- less any Buyer that
may be proved in Examination ordered.-

18th Sunjeevapah of same Village
Complains that he has to Cultivate Ramanna-
-nah's field for which takes the whole
rent the only part is dry - It is all dry in
the Circar accounts Examination ordered.-

19th Ramaya of same Village Complains
that Curnum makes him Cultivate a field
and share the Crop though the field is in
his / Ramayahs / pattah. The Curnum
claims the field, Examination ordered.-

20th Mullapoor Bundapah -
Complains of Curnum giving him a garden
to Cultivate for Rupees 4/4 but Collected
13 Rupees and 3 Coomes of Paddy This
was 3 years ago the garden is assessed
now at 16 Rupees, Truth of Complaint
is not ascertainable now

21st Mullapoor Venkador Com-
-plains that his well has been
taken by Narasapah The
Complaint is false The Com-
-plainant may however have the well

22d Narishmmapah of same Village
wants

Fort St. George 9th October 1853.

wants to obtain a well from Narasapah formerly in his families profession but none of his family have had it for 20 years — Claim disallowed.—

23d " Venkadoo of same Village Complains he gave for two preceding years 30 Rupees for land he now pays only 21 Rupees — not proved — The proper assessment for 1262 and 1263 Fusles was Rupees 28—2 and for present 1264 fusly only 21 Rupees as some of the land is given to other ryot.—

24th " Adoogoopah Poojaree &c. — complained that Cumum took his goat because he would not give him a douceur to let him have the use of his own Toddy Trees and pricked the Toddy man paying him rent of 6 Rupees for the Trees. This charge is proved and the Cumum is fined 6 Rupees 3 of which to be given to Complainants.

25th " Adoogoopa Reddy and others Complain that the Cumum prevents their having the rent of some Tamarind Topes — This petition was sent to Government they have not

not had the rent for 20 years and the trees are rented to the Renter of Topes in the Taluk and Narasapah has nothing to do with it.—

26th " Raidroog Merchants Complain that Cumum takes their Marahs — Cumum says the ryots refuse to pay it not he — The Tahsildar will inquire and settle this.—

27th " Raidroog Talaries put in a Petition Complaining of Narasapah and one Sacrapah of Pogdagole digging a Channel to the injury of their well on being called they say they did not Complain against the Cumum and don't know who wrote the Petition

28th " Some Talaries Claim from Village authorities arrears of Virtanah — Tahsildar is directed to inquire and report for orders.—

29th " Ragunah has a Claim for a share in the Inam Meerasee His claim is not very clear but an inquiry ordered.—

30th " Agnerah Petition presented to oust Narasapah out of Raidroog

31st " Narahah Complained to Tahsildar against

Fort St. George 9th October 1855.

against one Sashaya for taking her property
away and Tahsildar it appears referred her
to the Curnum who took a bond that
Sashaya had given her for 40 Rupees
and gave it back to Sashayah and
took 60 Rupees from him.-

The Tahsildar was directed to report
regularly on this Complaint.-

The Curnum holds the Office as Sirkar
Curnakum Meerasdar in 11 Villages He
was also put in Charge of the Reddies
Office of two Villages Pulgalah and
Mullapoor in Consequence of the inability
Reddies the is a Man of a bullying disposition
and has influence to a small extent
in the neighbourhood For the Complaints
which were proved against him I think
it advisable to remove him entirely
from the Potail Office of the two
Villages and from the Curnakum
of the following Villages for one year.

Gulgalah Gollapilly
Adoogoppa Mullapoor

For it is clear to my mind, though each
separate Case is not Satisfactorily proved
that this man who was once on a previous
occasion removed by me from Office
in Raidroog for similar petty oppressive
Conduct and ill treatment of the ryots has
been abusing his authority

Signed J. C. Pelly

No. 2629

Proceedings thereon

Submitting with reference to the orders of Govt. in Pt thereon No. 2747 of 54 dated from the Collector of Bellary reporting the result of his enquiries into the charges preferred against Nursappah Curnum of Raidroog and into various other Complaints subsequently made against him.-

Mem. Cons 17th July 55
Mem. 9th Octr 55

In the above letters the Collector reports the results of his enquiries into the charges preferred against Nursappah Curnum of several villages in Raidroog by certain parties who petitioned the Government and into various other Complaints subsequently made against him.-

2 It is necessary for the Board to note each Complaint, the most serious are those first noted in para 3 of the Collectors letter of the 12th May and the 24th in his letter of the 26th July in both of which Cases the Curnum was found guilty and fined.-

3 The Curnum is evidently unpopular in his village and this ill feeling against him has perhaps occasioned many of the Complaints now reported on, still the offences brought home to him are serious and he was on a former occasion removed from Office for similar misconduct.-

4 Under these Circumstances the punishment recommended by the Collector does not appear to the Board sufficient to mark their displeasure and they resolve to direct the Curnum's suspension for one year from all the Offices he holds as well as his permanent removal from the Potail Offices of the villages of Gulgalah and Mullapoor as suggested by Mr. Pelly

Nursappah

erroneously under the head of fruit gardens instead of rents the actual increase is therefore only Rupees 602—2—8.

Para 39. 17. Under the head of fruit gardens and Palmyrahs there appears a decrease of Rupees 2,650—5—1. But deducting Rupees 2,082—7—4 transferred to rents the actual decrease is 567—13—9.

Para 40. 18. In the Hill revenue there is a decrease of Rupees 1,832—9—9 owing principally to the failure of the rains.

19. The entire demand of the year on the amanay portion of the district is Rupees 14,02,105—2—4 or Rupees 24,956—1—3 below that of fusly 1262. To which deficiency Rupees 5,628—14—7 must be added being the demand on the annexed Villages.

Para 45. 20 The total demand for the year or estates in the hands of Proprietors is less than that of the preceding year by Rupees 3,101—12—2. Rupees 3,238—3—8 is the Peishcush of the purchased Mootah, and Rupees 136-7-6 an addition made to that of the Salem Mootah in consequence of the incorporation of lands occupied by commercial buildings, being

being credited, the result is the net decrease above stated.

21. The aggregate Land Revenue demand on the entire district, including the Amany Beriz, Permanent Beriz, of Jaury Mootahs, and Pollipet Peishcush is Rupees 17,47,994—5—6 being Rupees 29,990—2—5 below that of the preceding year Viz:—

	1262	1263	Decrease
Ryotwar	13,13,738 1 6	12,88,764 11 3	24,773 6 3
Rented Village	928 6 6	813 6 6	115 " "
Mootahs	4,41,376 11 10	4,38,274 15 8	3,101 12 2
Pollipets	19,941 4 1	19,941 4 1	" " "
	17,77,984 7 11	17,47,994 5 6	29,990 2 5

22. The aggregate demand of Land Revenue and Extra sources is given below. It shews a Net decrease in the year's Revenue of Rupees 28,325—2—9. being composed of the above decrease of Rupees 29,990—2—5 less an increase on the Extra Revenue of 1,664—15—8.

			Decrease
Land Revenue	17,77,984 7 11	17,47,994 5 6	29,990 2 5

Extra Revenue.

of

Collections.

Para 50. Of the total demand 17,47,994-5-6 of land revenue the sum of Rupees 16,99,446-12-5 was collected within the fasly leaving a balance of Rupees 48,549-9-1 reduced by collections up to October to 18,145-11-3 being 1-"-7 per cent on the demand.

23. Of this balance Rupees 2,150-1-10 due on Mootahs has been recovered or is recoverable. Of Rupees 15,995-9-5 due on Ryotwar Villages the sum of Rupees 10,495-9-5 is considered

Para 51. recoverable, and a balance of 5,5000 due from indigent, deceased or absconded Ryots, or on

Para 52. the over assessed village of Timmalanad Samoodrum will form the subject of special enquiry and report.

24. The arrears up to 1261 and of 1262 amounted to Rupees 54,023-6-3 Collections and remissions amounting to Rupees 44,191-3-4 reduced this to Rupees 9,832-2-11 the whole of which arrear is due on many Villages.

25. Of this sum Rupees 1201-10-8 are deemed recoverable; and the sum of Rupees 8,387-7-2, considered irrecoverable has been entered for sanction in the Boards general report. To this is to be added the sum of Rupees 207-"-2 an arrear of Sevoy Jumma also deemed irrecoverable, making a total of Rupees 8,594-7-4 as specified in the Margin.

Para 54 & 56

+ amount recommended in Gl. Report of Fasly 1262 } 4,179-13-3
D. D. Fasly 1263 4,414-10-1
8594-7-4

26. The land sold in collecting the public Revenue amounted only to Rupees 12,33-4-" which realised the sum of Rupees 91-4-"-

The Statement of private wells

27 held by the Ryots without extra demand on their lands is very satisfactory. It shews an increase of 373 over the previous year. The aggregate number is 4,087, estimated to

Para 60. have cost 2,79,502-4-9 irrigating Acres 4295-13-13. The assessment paid on this area is Rupees 8,473-9-11 and the enhanced assessment remitted is Rupees 12,801-2-7.

The Government plantations are

28. shewn to cover an area of Acres 4-21-6 and yielded a rent of Rupees 108-6-" being nearly 25 Rupees an acre. The topes public and private amounted to 32, covering an area of As 153-36-15 and containing 3514 trees. They shew an increase of two plantations in the present year.

29 Mr Britt speaks in favorable terms of the services of the Officers employed under him whose names are noted in the Margin. The Board are especially gratified to observe the terms in which Mr Brett speaks of Mr Cherry the Sub Collector as at all times displaying much interest in the management of his Division and both

Mr Cherry
Mr Dalyell
" Davidson
" Hodgson
" Levin

both active and intelligent in the discharge of his duties. Mr Brett also speaks with ap-
-probation of the conduct of the Head Shanstadar Sirmul Row & Naib Serishtadar Vadagur Row.

30. The Board proceed to record a few re-
-marks on the accounts now before them-

Para 8- 31- In statement No. 5 the rent roll of the amany portion of the district is shewn to be 13,98,023, while the total of additions in No. 16 is Rs. 12,89,778- The difference is Rupees 1,08,245 which appears from statement 14 to consist of the three items of remission Village Sibbendy, Agraharum, and Dasabun-
-dum. It is desirable that the amount of these remissions should be given in No. 5, so that the rent roll and the settlement account may agree-

Para 10- 32. The Collector is requested to explain what are the commutation rates entered in Para 10, as it was stated in the 21st Para of the last year's report that the commutation rates of only certain Talooks had been discovered-

From Salem dated 9 Jany in Cons: 2nd March 1855-

Para 13- 33. Some confusion arises from entering Nelapanday and Aoravandoor as separate talooks in Statement No. 12 making the apparent number 16, instead of 14, as shewn in the abstract statement in

in Para 13. The Collector will state whether there is any objection to incorporating those Villages with the neigh-
-bouring Talooks-

In the comparative state-
34-
-ment subjoined to Para 20 the Caboolaty Bunjer is stated to be 6,501 being below that of the previous fusly by Rupees 1378- But in statements Nos. 10 & 11 there is a discrepancy- in the former it is stated at 6,591 and in the latter 6,501- Explanation of this discrepancy is required-

Para 27- In Para 27 the remissions
35-
for Cowle Lands left waste are stated to be 383—10—11 while in Column 44 of statement 17 they appear to amount to Rupees 88—13—10-

In statement No. 17 there is an
36-
omission of a heading to columns 12-13 & 14 which renders them unintelligible-

Statement No. 14- The
37-
fourth item in this statement is entered as Cowle for Bunjer lands instead of "Punjah Cowle lands left waste on account of a deficiency of water" as shewn in para 27 of the Report-

In para 32 the fifth
38-
item of the Sevoy Jummah is entered as

"Revenue

16275

Fort St. George 9th October 1855

5 Nursappah will of course not be allowed to retain any portion whatever of the emoluments in land or fees of the two last offices which will be conferred on parties who are not related to him. The Collector will assign to these Offices such a portion of the emoluments as with reference to the size and revenue of the villages and the nature of the duties he considers are adequate remuneration for the Offices, reserving the remainder if any and reporting his proceedings for the Board's information.

6. Mr Pelly will warn the Cummum that any repetition of misconduct such as that for which he is now punished will be severely dealt with.

Ordered that Copy of these proceedings be submitted for the information of the Right Honorable the Governor in Council with reference to the orders of Government on Petitions No. 2547 & 48 of 1854. The other Petitions have not been returned by the Collector.
