Secretary to the
Board of Revenue
Fort St. George.

After B. No. 2939.

From the Collector of Vizagapatam } Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 12th January last No. 139, stating that the fines appear among the assets on which the Permanent Peishcush was based under the head of Sewaj Summah, and in reply, I beg to state that on a thorough examination of the accounts of the 1st and 2d Division, it is ascertained that the fines are credited under the head of Sewaj Summa are not those levied on cattle for trespassing as already stated in my communication of the 7th August 1857, but are fines levied from farm

labourers

Fort St. George 1st July 1858.

laborers &c. for negligence of duty but much I think the Board have apparently supposed to be fines on trespassing cattle. I have called upon the Zemindars and Proprietors to state whether they have any claims to advance on this account the result of which will be duly reported to the Board. In conclusion I am of opinion that Act III of 1857 should not be brought into operation in any of the Hill Zemindaries but should be enforced in those of Vizeanagram and Bobily exclusively.-

Vizagapatam, Collectors office, 30th June 1858. } Signed C. W. Reade Collector.

No. 62.

To

G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George.

Bd. No. 2630.
From the Collector of Guntoor — }

Sir,

In reply to Extract from the Proceedings of the Board of Revenue No. 563 of the 5th February last, I have the honor to state for their information that the Fundra remission" therein alluded to, was allowed to Petitioner's Father by the Zemindar of Suttanapully many years ago - but whether as personal indulgence or

or as emoluments attached to the office of Curnum cannot now be ascertained.

2. Subsequent Proceedings however would appear to show that the Petitioner was allowed to retain his allowance of Vundra pending the settlement of the question of the emoluments of village officers on the grounds of his holding the office of Curnum, his case appearing to have been considered as an exception when in 1848 it was ruled by Mr. Stokes that Vundras should be withheld from those enjoying Enam or other allowances.

3. There are three other Curnums in the village who enjoy like remissions to the amount of Rupees 91-2-1 as noted in the margin, one of these B. Nurhary died some months ago, and his son, who has succeeded to the office, claims its continuance on the same grounds as those set forth by the Petitioner-

1 B. Narahary	38-9-8
2 B. Bhuddriah	28-7-"
3 M. Cotuppah	24-1-5
	91-2-1

4. Petition No. 1836 of 1857 is returned herewith.-

No. 188.

To
G. S. Forbes Esqre
Secretary to the
Board of Revenue.
Fort St. George.

Bd. No. 3511.
From the Collector of Nellore.

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 27th May last calling for information on some points in connection with certain Enams in the late Woodiagherry Jaghire.-

2. The early history of this Jaghire will be found in Paras 30, 31 and 32 of Mr. Hanhouse's report of the 24th August 1810. It was conferred in A.D. 1717 by Saadut Oollah Khan Nabab of Arcot on Syed Moostifa ally Khan whom he appointed Killadar of the Woodiagherry Dist.

3. On the 9th November 1804 the British Government conferred the Jaghire upon Abbas ally Khan for his life on the same conditions as he held it during the Mahomedan Government, Viz. the furnishing a quota of Peons, and the payment of a Peishcush of Rupees 13,241. 5-8. The question of the validity or otherwise

Fort St. George 1st July 1858

otherwise of the alienations made by the Jaghiredars of Woodiagherry, as regards smaller Enams held by private individuals does not appear to have been definitively settled. In the discussions which took place on the sequestration of the Jaghire regarding the resumption or continuance of certain Rentfree and Shrotriemi Villages therein, Government however seem to have laid down certain general principles which may well be considered as applicable to the smaller grants. Speaking of the Objects they had in view in sequestrating the Jaghire, Government add, this should be effected without injury or injustice towards persons who may have an interest in the property and yet have not shared in the evil designs of the Jaghiredar - In carrying out these principles the parties in whose favor the alienations had been made were to be permitted to remain in possession of the villages for the term of their natural lives, after which they were to revert to Government -

To Board 24th August 1840 Extract Proceedings of Board of Revenue 29th October 1840 para 8.

To Do 27th February 1841. Extract Proceedings Ditto 6th May 1841.

Para 1. Extract Minutes of Consultation under date 5th January 1841. Forwarded with Extract from the Proceedings of the Board of Revenue dated 28th idem. Para 2 & 3 ditto ditto.

Subsistence

Fort St. George 1st July 1858

4. Subsistence grants made by the Jaghiredars of Woodiagherry should I consider be dealt with in the same manner, Viz. be continued during the life time of the holders, and then Resumed, unless on enquiry and report on occasion of lapses, there should appear special grounds for their continuance -

5. As regards the enquiry why in the case under consideration the recommendation of the Enam committee was not acted on at the time, I am not aware of any particular reason in the case of this Enam, but I consider such recommendation, and the enquiry of which it was the result, as the preliminary steps taken by the then Collector, with the view probably of bringing the whole subject under the consideration of the Board and Government -

The

1 Order issued in Fusly 1215 bearing the seal of the Jaghiredar of Wandiwash renewing this and other Enams to Nursinga row and his descendants.

× Vide Endorsement dated 1st March 1855 on Petitions Nos 124 of 1851. 1100 of 1852 and 1362 of 1854 Last Para.

6. The Documents which the Petitioners claim is founded to the Dry Enam recommended to be continued to him by the late acting Collector is specified in the margin.

Nellore, Collector's Office, 5th September 1856. } Signed F. B. Elton Collector.

No 96

To

G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

B. No. 2583.
From the Collector of Nellore . . . } × herewith returned.

I have the honor to submit the following reports Petition No 3797 of 1857 from Chenna Shinnamah and others of the Davagoodoor Talook with reference to the Boards endorsement thereon, dated 4th December 1857.

The

2. The Kundregas of Peddacundlagoonta and Chinnacundlagoonta the restoration of which is sought by the Petitioners, were formerly held by one Pedda Thimmanniah, to whom they were continued after the assumption of the country by the British Government. He was succeeded by his son Venkatanursoo, after whose death his descendants held them for a time. The Kundregas fell into arrears, and the owners left the country, probably owing to a famine in Fusly 1233 A.D. 1823/24.

3. There were × persons in charge of the Chinnacundlagoonta upto Fusly 1235, at which time the balance outstanding against it was Rupees 1216-2-11, the lands were uncultivated, and the Managers stated they could hold the Village no longer. The Tahsildar was directed to receive an Listifa from the Kundregadars, and to keep the Village under amany.

× Akana butt 11 Shareholder & Chawmurty Sambaniah

The

Fort St. George 1st July 1858.

The Istifa was not however, as far as it appears taken but the Kundrega was incorporated in the Government lands as reported in the Summa-bundy report for fusly 1236 Para 32.

4. The Peddacundlagoonta was also attached for arrears due for fusly 1237, and former years amounting to Rupees 545-13-3 and incorporated with the Government lands, as reported in the Summa-bundy report for fusly 1238 Para-No formal resignation appears to have been taken in this case either which appears to have been dealt with less formally than the other Kundrega.-

5. In the hands of Government the Villagers have yielded a Revenue upto the present period which would seem a small surplus as shown in the accompanying statement: after defraying the arrears outstanding on themselves they were remitted; and the Ryots of the subsequent years.-

Fort St. George 1st July 1858.

6. There seems no reason to doubt that the Petitioners are the grandsons in the Male line of descent of the original grantee. They first advanced their claims for the restoration of the Villages in 1852. The great defect in their case is the length of time they have allowed their claims to remain dormant. If this is not deemed an insuperable objection, I beg to recommend the restoration of the Kundregas to the Petitioners, on their engaging to pay the Jody punctually in future.-

Nellore, Collector's office, 16th June 1858.

(Signed) F. B. Elton
Collector.

No. 103

To

G. S. Forbes Esqre.

Secretary to the

Board of Revenue

Fort St. George

Bd. No. 2688.

From the Collector of Nellore .....

Sir,

At the request of the Sub Collector I have the honor to solicit special sanction for the disbursement of the Board for killing a Cheeta under circumstances displaying considerable courage, but in which the conditions laid down in the Boards Circular orders regarding the production of the claws has not been complied with.

Boards Circular order Book Volume I Page 211 Note a Para 4.

The circumstances as described by Mr. Minchin were as follows.

2. A Cheetah having strayed from the western hills was found in the villages near the Coast where it created some alarm, and was fruitlessly pursued for two days by Bhaby Row. On the third morning

morning it was seen near the Village of Yaroogoomally, where it attacked one of two brothers in the fields and while struggling with this man, was killed by this brother who was fortunately armed with an axe, the first individual being rather severely wounded, and both of the brothers showing great resolution in their encounter.-

4. The case was reported by the Head of the Village to the Head of Police and through him to Mr. Forbes, who was then in charge of the Sub Collector's Office and who ordered the parties to be forwarded to the Hoozoor to receive Rupees 17½ the largest reward

reward grantable for a cheetah.-

5. The parties appeared at the Sub Collector's Cutcherry, with the skin of the animal, and the absence of the claws not being noted, he paid them the amount promised by Mr. Forbes, and which by their courage he considers they had richly merited.-

6. The want of the claws was only discovered in this Office, and on a reference from me, a search was made for them, but without effect, as the Ryots who killed the animal not being Shikarries were unacquainted with the technical requirements in such cases, and had not preserved them.-

7. Wild beasts it is stated hardly ever come within fifty miles of

Fort St. George: 1st July 1858

of the Villages were this Cheetah was killed, and consequently the Moonsiff was as ignorant as the Ryots of the necessity for preserving the claws.

8. That part of the circular order which prohibits payment of any reward without the production of the claws being of very old date, might I think be allowed to be dispensed with at the discretion of the Collector, where the other conditions are satisfactory, which is the more necessary since the introduction of monthly audits, and the authority for every disbursement being required by the Civil Auditor to be quoted in the margin of the Bills.

Nellore, Collectors Office,
22d June 1858.

Fort St. George.

B. No. 2481.

From the Collector of Tchinglepet

Sir,

I have the honor to report on the accompanying Petitions No. 127 and 160 of 1858 bearing the Boards Endorsements dated the 11th February last.

Reporting on Petitions Nos. 127 & 160 of 1858 from Nymoodeen Saib son of Moonshee Shumsoodeen Saib late Shrotrumdar of Vadacadoombady.

2. Petitioner complains that the Shrotrium Village of Vadacadoombady in the Tchinglepet Talook which had been granted to his ancestors for the support of a Mosque at Covelong was resumed by Government in July 1261 on the alleged ground that the balance of Peishcush Rupees 33—15—2. outstanding against it had been omitted to be liquidated by the Shrotriumdars while nearly double that amount had been collected and appropriated to his own use by the Notagar of the Village. In support of his statements Petitioner produces the receipts granted to the Ryots by the Notagar showing

that a larger amount than was actually due to Government had been collected from them and that if credit had been given to him for as much thereof as was sufficient to meet the alleged balance there would still be a surplus to be paid to him.-

3. In regard to the first point I beg to state that on the report of the then Tahsildar of Chingleput, based on the information of the Nattagar now complained of that the Shrotriemdars had failed to liquidate the balances outstanding against them and were absent at Madras the late Mr. Cochrane recommended the resumption of the Village in his letter of the 10th February 1853. No. 24 which was accordingly sanctioned in Extract Minutes of Consultation No. 337 of the 24th March following.

4. As regards the second point the report of the present Tahsildar goes to show that the Receipts produced by the Petitioner are genuine that they

bear the signature of the Nattagar complained of and purport to acknowledge the receipt of some from the Ryots on account of the Shrotrium the total amount of which exceeds the balance outstanding against it.-

5. The Nattagar is now dead and his son a boy of about 16 years of age denies having in his profession the Tundal Wt. Accounts, on examination of which might tend to throw light on the subject- The present Nattagar was only appointed to his post about two years ago, and has no connexion whatever with the former and professes to know nothing of the speculations now laid to his charge.-

6. Under these circumstances I think the Shrotrium may be restored to the Petitioner whose losses appear to have been occasioned not so much by his own neglect as by the roguery of the Nattagar more particularly as the service in the Mar-que seems to have been continued from the time

of

10785 Fort St. George 1st July 1858.

of the attachment to the present hour should the Board concur, the revenue profits from Fasly 1262 to 1267 both inclusive will have to be paid to a Petitioner amounting to Rupees 953-14-0

Br. No. 2764.
From the Collector of Bellary - -

With reference to Circular Extract from the Proceedings of the Board of Revenue No. 1509 of 28th April last communicating Extract Minutes Consultation No. 408 of 29th March and calling for an Estimate of Type and other materials as well as Bookbinding apparatus shewing distinctly the supplies now on hand those still required. I have the honor to forward herewith 2 lists. 1 Shewing the materials Type &c now on hand and the other shewing what are now required to make the press efficient. The Board will observe from Para 7 of my Report of 19th Instant that the wooden

Wooden press I borrowed from the Mission at Bellary and for the purchase of which a sum not exceeding 50 Rupees has been sanction-ed by Government is found to be unserviceable. I therefore purpose returning it to the owners when I may be furnished with a good one from Madras. for which provision is made in the Indent. herewith Submitted. I would however rather have a new Iron Press instead of a wooden one as it would be more useful. Provision is also made in the accompanying Indent for Bookbinding apparatus. and a graduated scale for regulating the Charges of Printing according to the scale adopted by the Superintendent of the Fort St George Gazette Press.-

× Ext. Mins Cons. 29th March 1858 N: 408 Para 10

C & B Page 83 of 1856.

2 The quantity of Type &c. now indented for with that already on hand is considered to be sufficient to make the Esta efficient.-

S.

3 I beg to state that I have made arrangements for the Establishment of a Dis-trict Gazette from the beginning of the follow-ing month of July. and a copy of the same when published shall be forwarded to the Board of Revenue. ets the type &c already on hand are rather worn out, and in some res-pects incomplete, and the want of a second Press being much felt. I beg to request that the Type Press, and other materials which are urgently and indispensably required, may be furnished to me with as little delay as possible, as the supply on hand is barely sufficient especially from the publication of the proposed District Gazette.-

Sir

Bd No 2791
From the Collector of Cuddapah - - - } 1

With reference to your Offi-cial Memorandum under date the 22nd ultimo calling for a report upon the Poollery tax alluded to in Para 22 of the Extract Minutes of Consultation dated 27th March 1858 No 400. I have the honor to forward the information required. Some delay has occasioned in searching among the old Records for the information.-

2 . . . From the cession of the country up to Fusly 1221 or A.D. 1811. there was no fixed tax upon Sheep or Goats the property of shepherds. The tax was upon the men one paid more and another less for the flocks they were possessed of. the rates were not equal. In Fusly 1222 or A.D 1812, a complaint against this irregular course was preferred to Mr Ross, the

Fort St George 1st July 1858

the then Collector of Cuddapah, he ordered the number of sheep in each Talook to be ascertained together with the actual collections. This being ascertained, he devided them into flocks of 400 head which was designated "Mundahs" and taking the actual collections be divided this by the number of Flocks in each Talook, respectively and fixed the assessment accordingly. Thus supposing that in Muddenpully there were a hundred flocks and 200 Rupees was the sum collected. 2 Rupees was the sum fixed as Pollery for each flock and as the number of Flocks differed the assessment differed in each Talook. Since 1812, up to present time, the rate of assessment levied by Mr Ross is annually collected.

3 The following Statement shows the names of the Talooks, the number of flocks in each, the amount collected and the rate fixed on each flock, under Mr Ross's arrangement.

№ 61.

To J. D. Sim Esqre
Acting Secretary to the
Board of Revenue
Fort St George.

Sir

After B.d № 1135.

From the Offg Agent to the Governor &c Fort St George at Kurnool

Submitting the annual Report on the Land Revenue and Exctra Sources of Revenue of the Kurnool District for Fasly 1266.

I have the honor to submit my annual report on the Settlement of the land and Exctra Sources of Revenue &c of the Kurnool District for Fasly 1266, together with the prescribed Statements called for in the 12th Para of a Circular letter from the Board of Revenue dated 23d August 1856 and Exctract Minutes Consultation under date the 21st March 1857 № 6.

2. The Jummabundy operations commenced on the 19th November 1856 and were concluded on the 20th February 1857. The Talooks of Chagulmurry, Serivell, Nundial Paunium, Nundicotookoor and Atcoor, were settled by me. The officiating assistant Agent Lieut. Grove commenced the Jummabundy of the Talooks under his charge Viz.t Dhone and Goodoor on the

7th

7th January and finished the same on the 2d April 1857. The Stations at which the Settlement was performed by the respective Officers will be seen in Statement No. 1.—

Villages and Hamlets
Government Villages 470
Hamlets ------ 100
570.

Shrotriem Villages
Laying a fixed Jodee 6
Do Hamlet ---- Do 5
11

Jaghcer Villages enjoyed on life tenure — 8
Surva Enam Villages — 1
Villages ---- 485
Hamlets ---- 105.
590

3 The number of Villages and hamlets brought under settlement in the year under review is exactly the same as in Fasly 1265, amounting in all to 590 the Town of Nurmoot excepted. Two Villages Roodravasum and Mootanapully, were transferred from the Dhone to the Nundi: coolcoor Talook as per letter from the Board of Revenue dated 19th November 1856.

4. The Season was the best we have had for many years and the increased yield of his lands compensated the ryot for the fall in prices.

5. The annexed Statement shews the prices of all grains produced in this District in Fasly 1266 in comparison with Fasly 1265—

Grain

No.	Grain	Average price per Garce up to the end of Fasly 1265.	Average price per Garce up to the end of Fasly 1266	Comparison Increase	Comparison Decrease

Entry Nos 5
Decrease on account of resumed Enam restored Rs 15-9-4.

8. The decrease of 10-9-1 is owing to the restoration of some Enams in the Village of Goobagoondanoor to Ittchemmah widow of Venkatnarsh Bhuttoo as per Extract Minutes of Consultation dated 5th October 1856 No. 1116, and to the accumulations of the produce thereof credited to Government Viz.t. 101-8-6.

being repaid to her, a further decrease of Rupees 2-15-10 is attributable to the restoration of an Enam in the Village of Yadavadah as per Extract from the Proceedings of the Board of Revenue dated 26th January 1857 No. 259.

Entry No 8
Yaraab Cummee Rs. 159-9-11.

9. The lands of the Village of Nullah Calwah being forest lands were at the time of the survey entered in the accounts at random but some of them having been reclaimed and brought under cultivation it became necessary to measure each holding hence the decrease.

10 The following Statement shews the particulars of the decrease under this head.

Entry No 12
Reduction of Assessment in the Villawaree accounts Rs. 2428-2-6

10832 Fort St. George 1st July 1858.

35 The irrecoverable balance at the commencement of the current Fusly from Fusly 1261 is Rupees 22,122-11-7- of which Rupees 7230-12-3 was written off as per Extract Minutes Consultation under date the 11th March 1856 No. 285 collected up to the end of Fusly 1266 Rupees 2,552-10-1- added to balance remaining makes a total of Rupees 9783-6-4- which deducted from the irrecoverable balance leaves Rupees 12,339-5-3 still outstanding which is irrecoverable from death, poverty and desertion of the ryots which I beg to recommend may be written off, particulars of the above will be seen in the following Statement.

Fusly

10834

Fort St. George 1st July 1858.

Due by Bundy Sunjeevacondah of the Village of Tipparaddy pully in the Chagulmurry Tallook Rs 142 11-10. Realized by sale of his property Rs 19-8-6.

36 The individual noted in the margin, being a defaulter his property was sequestrated and sold.

37 The balance of Sevoy jummah alluded to in para 29 of this report, Rupees 218-13-0, and that of former years alluded to in para 35 Rupees 12339-5-3. Total Rupees 12,558-2-3. Having been ascertained to be irrecouerable. I beg to request that the Board will be pleased to obtain the sanction of Government, to write off the same from the accounts.

38 No advance for cultivation was made to the ryots.

39 The subjoined statement shews the entire collections and disbursements and the percentage thereon from Fusly 1265 up to the end of Fusly 1266.

Extra Sources of Revenue

40. I have also the honor to report on the settlement of the extra sources of Revenue of this District for Fusly 1266. The following State=ment exhibits the comparison be=tween the Receipts of the past and current Fusles.

Items	Fusly 1265	Fusly 1266	Comparison Increase	Comparison Decrease
Abkarry	74913 - -	73510 - -	- - -	1403 - -
Motorpha	45333 1 4	45860 11 1	527 9 9	- - -
Stamps	3899 4 -	6330 4 -	2431 - -	- - -
Total	124145 5 4	125700 15 1	2958 9 9	1403 - -
			Net= 1555 9 9	

Abkarry
Fusly 1265 74913-0-0
" 1266 - 73510-0-0
Decrease 1403-0-0

41 The Abkarry farms for Fusly 1266 and 4 following years were disposed of as per Extract from the Board of Revenue dated 3d April 1856 No. 958, and a decrease of Rupees 1403-0-0 was the result.

Motorpha
Fusly 1265 45333-1-4
" 1266 45860-11-1
Increase 527-9-9

42 The net demand under this head was Rupees 45860-11-1 or Rupees 527-9-9. more than the previous year. The particulars are shewn in the an=nexed Statement.

No. 118.

To G. L. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George

Dd No. 2767
From the Collector of North Arcot.

Sir,

Para 1. I have the honor to submit my annual report for the Official year 1857/58 on the working of the Printing Press attached to this Office.

2 The value of the work done in the period under report is Rupees 2301-11-0 as shewn in the accompanying Memorandum No. 2 and 3, prepared according to the Form prescribed. The items entered therein have been calculated according to the Government scale of charges for printing, circulated with the Board's letter dated 15th September 1856. The receipts during the year available for meeting the charges of the Establishment and contingencies of the Printing Office, amounted to Rupees 53-7-8 shewn in my annual account Current rendered to the Board with my report for 1856/57 to

Fort St. George 1st July 1858.

to have remained in favor of the Press on the 30th April 1858 being added to the above; increased the available fund to Rupees 1193-2-8- The expenditure was Rupees 1140-1-1 and the remaining Rupees 53-1-7, appears in my account Current of 1857/58 herewith forwarded, as cash balance remaining in favor of the Press on the 30th April 1858.

3 The expenditure of the year under report, exceeds that of the preceding year by Rupees 132-11-1, attributable partly to there having been no reductions on account of Fines and vacant periods in the year under Report- The difficulty of obtaining steady and competent workmen adverted to in para 5 of my last report having become overcome, there have been no stoppages on those accounts- In part, the increase has been caused by the purchase of Printing ink, and a small quantity of Types in the year under notice.

4 The value of the work done in the year under report exceeds the expenditure by

Fort St. George 1st July 1858.

by Rupees 1161-9-11. It is scarcely possible to over estimate the value of the Press in affording the means of disseminating Proclamations, Tables of new rates &c. connected with the recent remission of assessment, which it was of the greatest importance to circulate as widely as possible, and which would not have been practicable without the aid of the press- The Press has done some work for other Departments-

5 Adverting to the 2d Para of the Proceedings of the Board of Revenue dated 28th April 1858, I have the honor to forward herewith an Estimate of the materials required for the use of the Printing Office together with the Book binding apparatus- The Types and other materials of which a Statement is herewith forwarded were purchased in 1853 by Mr. Bourdillon himself, who was afterwards reimbursed by Government for the outlay- These types have now become old, and some of them have been rendered quite unfit for use.-

6 The want of accommodation adverted to in the 5th Para of my last years report for setting up the american Press, has since been supplied, and the Press has been set to work.-

From the Collector of North Arcot } Sir,

Para 1. With reference to the circular letter of the sub secretary dated 22d Ultimo, I have the honor to submit a statement of Maramut Expenditure of 5 years from 1850 to 1854. During the subsequent years the maramut execution has been in the hands of the Engineers Department and I have not been able to obtain the statement from that Department from 1855 to 1857 as will be seen by the accompanying copy of the letter from Acting District Engineer dated 5th Instant.

The

Fort St. George 1st July 1858.

2. The amount inserted in the Column 2 of the statement does not include Engineers Department.

3. The subject alluded to in the 7th Para of the Acting District Engineer's letter is under enquiry and will form the subject of a separate communication.

No. 197

To

C. Whittingham Esqre.

Collector of North Arcot.

Sir,

I have the honor to acknowledge the receipt of your letter No. 150 of the 2d. Instant enclosing a Copy of a letter No. 1843 of the 22d. Ultimo from the Sub Secretary of the Board of Revenue.

2. I beg to state that until the yearly and regular departmental accounts are completely closed it will be impossible for me to supply the information therein called for and at the same time to suggest that the proper course, for the above named Gentleman to adopt would be to apply to you for the expenditure during the year when the works were under your department and to the Chief Engineer for the expenditure during the subsequent years.

3d. The present one appears to me

me not calculated to allow a fair comparison as your department has taken credit as expenditure for money which was merely advanced and for which work has not yet been done whereas my Department has been Obliged to waste the greater part of its time in collecting information regarding your advances and afterwards in getting the work done.

4. I do not think any credit should be taken by your Department for work done on the Palaur Anicut and Bridge Vellore Bridge and Ponay Anicut which works were carried on without any assistance from your Department.

5. I also must object to a comparison being made with last years expenditure and charges considering that an "immediate and absolute stop" was put to all public works on the 14th of July.

6. It must be also recollected that there are a number of very indifferent hands employed in the present Department of Public works simply because they were formerly employed by the late department and

Fort St. George 1st July 1858.

and not because they had earned the reward of permanent employment from energetic action and good conduct.

7. I take this opportunity of enclosing a letter from M. Ramanjoolo Pillay Assistant Supervisor regarding an allowance of (30) thirty Rupees per annum to the Cuddapany Inhabitants for work which has long since ceased to be done and which should in my estimation be immediately recovered from them.

8 In your reply to the Sub-Secretary I trust you will forward a Copy of this correspondence

I Signed J. H. Dobbing

From the Collector of South Arcot.

Sir

I do returning petition No. 1217 of 1858 addressed to the Board of Revenue by Ameroon Nissa Begum sister of the late Zaghiredar of Rungungoody I have the honor to state that her claim to a share in the Pension granted to Zara Begum having been finally adjudicated by Government under date the 19th February last I consider her present demand for an increase to be inadmissible.

2. As regards the request contained in the last Para of her Petition I am not aware of any objection to her Pension as well as that of her husband being drawn from the Collector of North Arcot upon Bills to be granted by me monthly after the receipt of the usual abstract supported by a life certificate from the Collector of that District.

The

Fort St. George 1st July 1858

3. The amount of arrears due to thom from 1st December 1851 to 30th January 1858 is 570 Rupees. This sum will be paid at the rate of 15 Rupees per mensem in addition to their Pension of 30 Rupees commencing from February last by making a corresponding deduction from the Pension of Yara Begum agreeably to the orders of Government dated 1st May last which have been only communicated to the Petitioner thro' the Collector of North Arcot.

Sir

In returning Petition

D. No. 2667
From the Actg. Collector
of South Arcot.....

No. 1507 of 1858 presented by Narayana Rayah late

Fort St. George 1st July 1858.

late Kavilgar of Kolianoor in the Talook of Villapooram, I have the honor to state for the information of the Board that his name was entered as such in the accounts of Kolianoor and of other Jaghire Villages which have long since been resumed by Government and the income attached to it was also then enjoyed by him.

2. He subsequently held the Office of Taliar to the said 8 Villages but the duties were performed by some parochs appointed by him. Since the receipt however of the order of Government enjoying that separate Taliars should be appointed to each large Village Petitioner was nominated to do duty at Kolianoor with an allowance of 30 Rupees per Annum being the maximum fixed by Government and

and the individuals who had previously been acting under his authority were confirmed on the 27th May 1857 in their respective Villages after a careful enquiry made by Mr. Hall into the merits of each individual

The Petitioners claim is therefore inadmissible.

From the Acting Collector of South Arcot ... herewith returned.

Sir,

Parl

In reference to the endorsement of the Board on Petition No. 1430 of 1858, I have the honor to forward Copy of a report from the late Head Assistant Collector Mr. Bambury dated 6th February 1856 and Extract from Mr. Halls answer thereto dated 28th of the same month, explaining the causes which led to the dismissal of the Petitioner from the office of Sheristadar in the Talook of Tinderamum.-

South Arcot. ... Collector's Cutcherry, Cuddalore, ... 21st June 1858 ... } Signed G. A. Taylor Acting Collector.

To

To

Arthur Hall Esqre.
Collector of South Arcot.

Sir,

I have the honor to bring to your notice some irregularities which I regret to say have taken place in the Tindivanum Taluk regarding the disposal of Durkhasts and which were first represented to me by the claimants unfairly deprived of the land they proposed for

2. I enclose the records of the cases which I will endeavour to explain as briefly and clearly as possible. One Arnachella Pillay presented a Durkhast No. 223 for 7½ Cawnies on the 7th February 1855; on the 18th April 1855 Rayagopaul Naick proposed in Durkhast No. 1185 for 8½ Cawnies which 8½ Cawnies together with two more were subsequently fraudulently added in another hand writing at the bottom of the above Arnachella Pillay's original Durkhast and corresponding false entries made

made in the Taluk Register Book in which you will see "7½ Cawnies" has been changed to "17 Cawnies".-

3. Again Iyavanomy Pillay Curnum of Paunkotatore on the 13th February 1855 proposes in No. 165 Durkhast for 9 Cawnies, subsequently on the 15th of the same month Eyambara Nauck and Iyaloo Naick propose in Durkhast No. 280 for 9½ Cawnies of which 3 Cawnies are as can be plainly seen falsely added to the former Durkhast and the entry in the Register changed from "9" to "12". These frauds were committed in order to deprive the latter proposers of the land they would have fairly obtained.-

4. By my enquiries it appears that a Curnum named Nadarajah Pillay a near relative of Durkhastdars No. 223 and 165 and the Taluk Rayasagar Govindarayoo were the persons who made these fabrications and tampered with the Register.-

The

5. The first Durkhast came to my notice before the land was delivered to either party and consequently has been properly settled but the latter case was not discovered until after the sheristadar of Tindevanum had disposed of the same in a manner most improper as I will proceed to shew. Three or Durkhasts were given as follows for Poonjah land lying within the same limits Viz.t.—

No. 205 Joint Durkhast. Venkatramanien Iyasamy Pillay	13	Cawnies Presented on the 13th February 1855.
No. 165 Iyasamy Pillay	12	do. on the 13th Do.
No. 338 Narrain Chetty	10 1/2	do. on the 15th Do.

6. Thus Iyasamy Pillay gave two Durkhasts on the same date for the same land, one conjointly with Venkataramanien, and one in his own name, the latter being the one falsified as before mentioned. Upon measuring the limits of the land proposed for it was found to contain 18 Cawnies and as the Durkhast exceeded 10 Cawnies, the

sheristedar should have forwarded the usual Memorandum Kaitwary account to the Hoozoor for final orders before disposing of the proposals but in order to avoid doing this I find the several proposals thus entered in his Register.—

No. 205 Durkhast entered 8 Cawnies
instead of 13 Cawnies 13.
" 206 Durkhast entered — 9 — do.
instead of 12 Cawnies
338 Durkhast entered 10 — do.
instead of 10 cs 1/2. thus having done away with the necessity of reporting to the Hoozoor, he delivers on the 9th August 6 3/4 Cawnies to Venkataramanien taking a Razeenamah from Iyasamy Pillay as not requiring the land. Then without asking him his wishes regarding the other Durkhast No. 165 given singly, the sheristedar delivers 2 1/10 Cawnies to the subsequent proposer Narrain Chetty finally granting 8 5/10 Cawnies to Iyasamy Pillay. but never bringing to notice either

either the very palpable alteration in the original Durkhast or the untrue entries in the Register. The Sheristedar in explanation affirms that he knew nothing about the fictitious addition and untrue account. that all was owing to the duplicity of his subordinate Venkatroya Pillay, and that as the Durkhasts were settled whilst he was engaged in other pressing duties he did not know that Iyasamy Pillay had given a proposal singly for the land, or he should have been asked before any portion had been given to the Chetty.

7. The Rayasagar pleads that he was new to the work. that the sheristedar disposed of the Durkhasts in question himself, being well aware of all the circumstances connected therewith, and that the subsequent Durkhastdar Narrain Chetty obtained prior choice of land owing to his being the brother in law of a Merchant who supplies the sheristedar. —

8. If as the Sheristedar pleads he knew nothing of the matter and disposed of the tenders according to his subordinates telling he is guilty of great and culpable negligence but if knowing all the circumstances of the case (as and certainly believe he did) he aided and abetted the dishonesty already committed, he comes under a more serious imputation. —

9. It is most probable that when Iyasamy Pillay found he was deprived of that portion of the land granted to the Chetty he feared to complain lest his own deceit in altering his original proposal should be brought to notice the sheristedar was thereby able to serve his friend in apparent safety. —

10. altho' in this instance the amount was not large still it is to the fair and speedy settlement of these Durkhasts that we look for an increase of revenue, after the late liberal revision of assessment, and it

Fort St. George 1st July 1858.

it is highly necessary that the Head Talook Servants should be to their utmost impartial and industrious in this respect. From the enclosed Settlement Diary of the sheristidar from the 1st August to the 18th during which he disposed of the proposals in the manner above mentioned it appears that he cancelled no less than 172 proposals for land without any reason being assigned the plea of press of business urged by him cannot therefore be entertained as this Officer was formerly dismissed from the Hoozoor for making a fictitious entry in the Durkhast Diary to correspond with a similar one in an original proposal I would beg to recommend that he be employed in an appointment of less trust and emolument when the one he now holds. With regard to Rajasagar Govindarayoo and the Curnum Nadarajah Pillay I am of opinion they should both be suspended for a period

of

Fort St. George 1st July 1858.

of not less than one year. The Sheristadar's Goomastah Vencatraya Pillay could not be ignorant of the frauds going on, and although a Subordinate should have brought them to notice without lending his aid thereto; as he has not been long in the service and this is thier first offence, I would recommend that he be also suspended for not less than six months.

Extract from a letter addressed to the Head Assistant Collector by Mr. Hall Dated 28th February 1856.

Parral.

Adverting to your letter of the 6th Instant and of mine to you dated 12th Idem, I have now the honor to inform you that after hearing what Veeraraganiah Iyah the sheristadar of the Tindevanum Talook

Talook had to say in explanation of the proceedings detailed by you and after taking into consideration the former career of this Officer and the Circumstances of the present case against him, I have been led to the conviction that he is unworthy of being retained in the Public Service.-

2. I have therefore dismissed him I shall feel obliged if you will recommend a qualified man to succeed to the situation.-

No. 110

To
G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George

B. No. 2591
From the Collector of Tanjore

Sir,

I have the honor to reply to

20th May 1858. to the communication of your Board Marginally noted in which I am required to consider my decision relative to the dismissal by the Sub Collector, Mr. Cadell of the Exshroff of Talook Combaconum.-

2. The shroff, as the Board Know, was duly reinstated in his office at Combaconum under a view of certain alleged Culpability in which I did not concur with the Sub Collector who had dismissed him before I joined this District - The Sub Collector was not quite satisfied that your Boards orders necessitated the man's reinstatement in the Combaconum shroffs situation, but I held to the opinion that that course was incumbent on him and Mr. Cadell yielded.-

3. When, some time afterwards, I observed in a Sakeed from the Sub Collector to the Treasurer which passed through my Cutcherry

Fort St. George 1st July 1858.

Cutcherry in the usual manner that the shroff in question had been transferred to another Division, it certainly did occur to me that there might be grounds for interference and the interposition of my general authority over the sub collector's acts. On consideration, however, and on reference to the Boards circular Orders, I came to the conclusion that an officer of the rank of sub Collector competent in his own Division to exercise the full authority of his immediate superior had clearly the power to make the shroffs services available wherever he might deem them most needed. Under that impression, then when the shroff failed to proceed to take up his appointment, objectionable though he may have regarded it, I did not feel at liberty to cancel an order of dismissal which, assuming the

7th February 1/25
Page 27 Vol. 1.

Fort St. George 1st July 1858.

premises to be correct the sub collector had necessarily full power to make.-

From your Boards present communication, I gather, however, that they take a different view of my liberty to control the sub collector in directing the transfer of a revenue officer from one Talook to another in his own limits.

5. Thus instructed, I have no hesitation in stating that with such authority in my hands, I see no sufficient grounds for the shroffs removal from the Combaconum to the Shealy Division and certainly, in reference to the peculiar circumstances by which his replacement in the former Talook was attended, I should myself have abstained from making a new distribution of shroff agency unless under a very urgent necessity for modification.-

The

10906 Fort St. George 1st July 1858

6. The Sub Collector will accordingly now be requested by me to replace the shroff in office at combaconum, with an intimation that the anxiety and inconvenience caused by his dismissal should be considered sufficient punishment for his omission at once to proceed to take up the appointment at Sheally to which he had been transferred.—

B. No. 2661.
From the Collector of Tanjore
Govt. No. 2160 of 57 herewith returned

Sir,

I have the honor to report on the Petition marginally noted, sent to me through your Board.

In the Village Madhavaraya poorum, Talook Cottalum, 2-2 1/2 m of land were, it appears, granted in A. D. 1795 by the late Rajah Amirsing to one Rooty sastry. It is entered in the Survamaniem Register No. 79 in the name of the Grantees brother Soobbasastry.—

3. A moiety of it having been sold during the life time of the grantee, the other moiety amounting to 1-1 1/2 m remained with his family. Having no male issue the grantee adopted Iya sastry one of his brothers three sons, and the remaining land being apportioned

10908

Fort St. George 1st July 1851.

apportioned between his brother and his adopted son (deceased) m G 10–22 fell to the share of the latter and m G 10–78 to that of the former. Of the two Petitioners now before Govern:ment, Annoo Deetchit is one of the sons of the grantees brother above named and Yeggaya Sool: bramany Deetchit is the son of his other son Chittoosastry, as shewn in the marginal Table. They request authority to sue the widow of the Grantees adopted son named Venca: :lalatchoonee ann: :nual for the re: :covery of her hus: :band's share on the ground that being a childless widow she is not entitled to inherit it.–

Soobba sastry — Keattay sastry

Chittoo sastry — Annoo Deetchit — adopted son Iya: sastry. — Venkata Lutchoo: mee.

Yeggaya Soobba bramany Deetchit

4. They seem to me however to have no legal right to the share of the widow; for under the circum: stances of their having separated from the Grantees descendants long ago;

Sir

With reference to the Proceedings of the Court of the 17th March last No. 960 I have the honor to enclose translate of 3 documents as per margin. No other Document is forthcoming to throw light upon the ground on which the Zemindar resumed the Village.

No. 1 Grant made by the Zemindar in 1835	
2. Mr. Blackburnes order 12/3/38	
3 Zemindars order 31st /12/47	

2. Petition No. 341 of 1858 from Esoo. pullee Saibund others dependants in the case connected with this is herewith returned as it cannot be disposed of by me while the case is pending before the Court.

* herewith returned

3 It should be remarked that in the 1st Para of the Petition the Defendants themselves admit that Moodoo Bristna Naik was the first person who obtained the

the disputed Village from the Zemindar on rent tenure / styled in Tamil Jeevidum adavaly or rent agreement / and allege that in consequence of his having left it uncultivated without making repairs / to the Tanks &c. / during the ensuing 30 years it was given by the Zemindar to Ramiengar and others who sold the same to Defendants father. I beg to observe here that of the foregoing 2 allegations the first one is a fact altho' unfavorable to Defendants to claim while the finish part of the 2d one is false in as much as the evidence connected with the case does not shew that the lands of the disputed Village were left waste by the above said Moodoo Kristnama Naik for any period.

4 The other allegations contained in the Petition require no explanation from me as my first report in detail will suffice

Fort St. George.

B. No. 2306
From the Jr. Collector of Madura . . . . .

Sir

With reference to two Extracts from the Proceedings of the Board of Revenue (No. 265 and 672) dated as per margin and the Extract from the Minutes of Consultation of Government No. 178 dated the 10th February last I have the honor to report that an order conformable to the instructions contained in para 5 of the said Minutes of Consultation has been given.

As regards the conduct of the present Curnum (para 10 M: C:) I do not think that he is a fit subject for further punishment inasmuch as the records connected with the case shew that he brought the fraud to the notice of the then Sahseldar of Sivamungalum I offer Hoofsaim on the 30th April 1850 within six months of his appointment. He was fined

3

3 Rupees for this delay by the late Acting Collector who passed the award Am inadvertently upon.

Para 10 Min: con: of Govt.

3 As the Petitioner Vundawa Naick did not prefer his first complaint till July 1851 (when the matter was under investigation before the Tahsildar) I do not consider him entitled to any award.

Paras 7 & 8 Min: con: of Govt.

4. As regards the general question of the existence of similar frauds there can be little doubt that they exist to a considerable extent, and at present without any special machinery for their detection the collector is mainly dependant upon the interested report of an enemy to the holder or a candidate for either the office or the land.

5. It might be in a measure beneficial to publish a notice that any future concealments of this nature on the part of Village Officers either thro' connivance or ignorance will be visited with their dismissal as it is clearly incumbent that each official Enam holder should satisfy himself as to the title of his land.

1858

To
G. S. Forbes Esqre.
Secretary to the Board of Revenue
Fort St. George

B. No. 2519
From the Acting Collector of Malabar. } Sir,

With reference to Extract from the Proceedings of the Board of Revenue dated 30th April 1856 No. 1293. I have the honor to report on the subject of the revenue administration of British Cochin.

2. When Cochin fell into the hands of the British in 1795 the Dutch held a territory containing about 3 square miles, commanded by a Fort within which the Dutch and other Christian residents lived. The proprietary right of the soil of the factory was vested in the Government but all Dutch and Christian residents lived free of Ground rent and taxation a privilege continued to them under the act of Capitulation, to this day

no

no tax is levied on the fort of Cochin.

3. Beyond the fort walls the land was divided into Estates (Patam or lease holds) and registered under a variety of names as shown in the accompanying statement.—

No. 1.

4. Several of these Estates had even under the Dutch Government passed into the hands of private individuals who enjoyed them free of rent a privilege still continued to their decendants all the representatives of the old Dutch families formerly in official position.

× 50 gardens

The lands pertaining to the Teeros: = mulla Deva Temple are likewise enjoyed rent free it is believed under the ancient customary immunity enjoyed under the Hindoo Rajahs of the Cochin Country to which it belonged before the European factory was formed.—

5. All other Estates = were

where leased to dependents and slaves of the factory on the tenure prevalent in the neighbouring native circar Country Viz.th a 20 years lease on the expiration of the lease the land with all the improvements made by the lessee reverted to the Proprietor or Govern: ment they being free to enter on a Contract with fresh parties. The Cocoanut tree the only Cul: tivation of British Cochin beers very rapidly in the soil of Cochin and the 20 years lease had been considered to indemnity the tenant sufficiently No tenant right or com: pensation to an out going tenant was admitted.—

N. B. This is the tenure on which much Cochin circar land is held by ryots within the Cochin circar territory it seems a very unsatisfactory one but that Government invariably renews with the old tenant and in practice it is sufficiently safe.—

N. B. In Malabar this is universally given under the name of Viz= Kanom and Kooy Kanom.

6. The same revenue = system was continued when the small Dutch territory fell under British rule but this grievous drawback

drawback that the leases were as they fell in, put up to public outcry. The farmers of the Estates have in general been wealthy persons who undertook to collect the produce of all the standing trees and any thing that could obtain from the mi: -serable poor ryots residing within the Leasehold. Latterly they (the farmers) had begun to improve on their own account but generally speaking such improvements as were made in the plantation were executed by these resident Ryots or sub-tenants who for their Expense and trouble were allowed one half of the gross produce (known by the name of

of Vechabady) during the currency
Planters share
of the lease the former taking all the rest. This Vechabady of the poor ryots of course was lost when the new lease was sold and he had
Planters share
to commence "denovo". These settlers in the garden were generally the old occupants of the soil the Farmer being the mere farmer of a state of things which he found ready to his hand.-

The injustice and unfitness of the system were great and the poor suffered severely under the exaction of these middlemen but it was allowed to subsist for half a century. The late Mr. Leonolly at once saw the desirableness of putting an end to such a system and did so as soon as opportunity occurred.

A

8. A large number of these leases expired in 1847 when he determined to introduce a permanent Ryotwary settlement with the actual settlers and others competent to improve the estate permanently and the Head Sheristadar was deputed to Cochin during that year to survey and settle the Estates (Patoms) The settlement made is given in the accompanying abstract statement No. 2 considerable increase of Revenue was the result.

No. 2.

9. Leases were exchanged specifying the future rate of rent calculated at the rates and on the principle usual in the Country in reference to the then condition of the plantation. These leases do not provide that if required

required the land should be relinquished. They contain no re-emmption clause.

10. In Malabar Plantation lease holders are subject to a periodical revision, and estimate of the rental Vizt. with reference to the improved condition of the gardens, and on a reference on this subject Mr. Conolly determined to retain which had become customary in that part of the Country Vizt. 20 years as the period for the revision. The leases are therefore 20 years leases and are of course to be renewed with the Puttah holder put in possession of the time of the introduction of the new System. The Board is aware that as between Jenmy and tenant in Malabar, the period for revising,

revising Plantation rent is 12 years.

11. On the review of the settlement of the 1st year and with our present knowledge one might wish that it had been more entirely made with the occupants of the soil. A considerable quantity of land and power was again granted to the former whose lease had expired and some new comers received grants for improving land. But the system was untried. it seemed questionable whether the rent could be easily and safely collected from many minor occupants and Mr. Conolly on full consideration confirmed the settlement of that year.

12. Peace has since been undisturbed

undisturbed whenever the occupant was put in possession of his own piece of land and received his own Puttah. where occupants have remained under the former farmers and new Cool. holders some reasonable discontent still prevails But it may be kept within bounds by proper management on the part of the Revenue Authorities.

13. In 1848 no leases fell in In 1849 and 1851 the leases of two estates expired and the Nail. sheristadar was deputed to make the settlement. The figured statement No. 2 shows the settlement then made. Leases within the inhabited portion of the Estate were entered into with the actual occupants. The settlement of the rest

was

was made with the outgoing farmer and other Cowl holders.

14. In 1853 the five Estates noted in statement No. 2 were settled the measurement Wcs having been conducted by the late Head Moonshy of the Collector's Office Manjoonath Kamon Shy.

15. In 1854 and 1855 two other Estates were settled on the same principles on measurement Wcs made by the 2d Sheristadar.

16. During the past season two others have been settled under my orders, while on a visit to Cochin the 2d Sheristadar having conducted the measurement Wcs.

17. In 1856 the Head Sheristadar settled another Estate noted

noted in the statement No. 2 on the same principle.

No.	Name	Rent			Date of Expiration of the current lease.
1	Ramentooraliy Padiyare Patton	64	"	"	31st December 1862
2	Anthony Fernandes Patton	48	"	"	18th February 1860
3	Athayakand Patton	30	8	"	20th December 1861
	Total	84	12	"	

18. There remain three other small Estates named as per marginal statement to be settled when the leases Expire. The principle of the settlement is clearly good and I consider that in these cases likewise it should be adhered to the settlement made with the actual occupants when these two have lapsed the settlement of Cochin on sound and permanent principle will be completed.

19. In several of the readjustments it will be observed that the settlement was renewed to

to a considerable extent with the former middle men and a number of old occupants were thereby left at his mercy. These arrangements Could not and should not be reopened at the period, but there appears to have prevailed some confusion, as to the relative position of these persons, the old resident and the renter. Indeed it was not defined at the time. The value of land has increased at least 3 fold in British Cochin The Rents payable by occupants to the Patcumkars (present renters) have been raised or exacted from the occupants who never before paid Rent and when the exactions have been demurred to, summary ejection has been attempted or resorted to. It has in short become the object of the Farmers to oust the occupants and ryotwars and to obtain entire possession of the lands within their leasehold with

with a view to favorable transfer and better condition with the new comers several instances have occurred of the farmer of the Vellyapatai told No 10 and Tamera Parumba No 9 suing tenants and occupants in the Principal Sudr Ameens Court for ouster and decisions have been given in their favor as I conceive erroneously on Land. In short these Patamdars have pretended to the positions of Proprietors of the soil whereas they are mere renters of Public properties, made ready to their hand and long improved. They are clearly in the position contemplated in Regulations XXVIII of 1802 and V of 1822. They have no right to oust Subtenants who are prepared to enter into fair terms with them without

N.B. The liberal determination of Government to continue the tenancy uninterrupted does not alter their position in law.

Fort St George 1st July 1858

without the intervention of the Collector as representing the proprietor.-

*et translate of which accompanies this No 3.

20 I have therefore given orders that all such differences are to be brought before the revenue authorities and to be reported for the decision of the Collector. This arrangement will I trust have the effect of preventing oppression and litigation

21 I have traced the history of Cochin Pattom /tenures/ at some length that the Board may have before it the grounds for forming a Judgment on the subject of Paras 11. 12. and 13 of Extract Proceedings of the Board of Revenue dated 30th April 1856.

22 The alteration required with a view to giving security and stability to the Ryots tenure has to a

Fort St George 1st July 1858

a great extent been accomplished. The people thoroughly understood that they will not be ousted. so long as the rent is paid and that they stand in the position of ordinary Ryotwary tenants under Government Putta. The leases are transferable and are constantly bought and sold without interference. Many cases could easily be instanced where entire holdings and parts of holdings have changed hands at very high rates as compared with those at which they are held from Government. They deal with the land as if their own private property.

At

Fort St George 1st July 1858

A penalty is necessarily attached to non fulfilment of the contract - The rental for such and not assessment is what is paid exacted ~~is~~ ~~to~~ on the whole lighter and is now far short of the worth of the plot occupied -

N.B. In the Revenue account 42-10-8 per Cent is carried to the Head assessment 57-5-4 pct to that of proprietors share.

23 The plan of giving perfect Security to the occupant by the Sale of land at Cochin would be very profitable to Government even now but the value of the land is yearly increasing and it will no doubt become very valuable as trade advances - He is calculated that on the average 500 to 700 Rs per Acre would certainly be realized. The average of the Estates in British Cochin / those within Travancore and Cochin

Fort St George 1st July 1858

Cochin Circar should not be sold) exceeds 1300 acres giving a probable amount of Rupees 7,80,000 as the value of public land outside the Fort -

24 The above remarks refer- Specially to the land outside the Fort and beyond the old bazars of Kalvetty -

№	Name	Area		Quit Rent		
		C	Sft			
1	Mr Sebiller	-	35 4/11	1	2	7
2	Revd Mr Ridsdale	12	244½	63	12	10
3	Mrs Allardice for Mr Schuler	4	64 7½	23	2	-
	Total	16	124 6¾	88	1	5

With regard to the latter it remains to be remarked that with the 3 exceptions noted marginally in which under a Government grant quit rent at 5½ Rupees per Cawny had been levied there was no ground rent or tax levied on any land within Cochin before 1820 - about this time - Mr Kensington Assistant Collector

Fort St George 1st July 1858

sale of these yards or the grant of per-
-manent leases and occupancy to
persons who now only rent some of these
building yards with a view to subsist-
-ing them to Catch and steal building
Ships at Cochin were I think opposed
to the interest of the important Sea
port. I should deprecate a hasty
Settlement of this matter in the pre-
-sent transitive State of Cochin.

2 Lastly the land occu-
-pied by the shops of the Kulvetty
bazars and by the Merchants Busing
Yard formed on old places &c
with one or two petty irregular ex-
-ceptions paid no tax or quit rent
till 1847. In this year the whole of the
land

Fort St George 1st July 1858

land &c was carefully surveyed and
measured and a quit rent imposed vary-
-ing from $\frac{1}{4}$ of a rupee to 2 Rupees per
544½ Square feet 2 Rupees is the Stan-
-dard and maximum rate at which all
the shops in the large bazar are assessed
to quit rent and to which it is proposed
as the value of land in other localities
increases to raise the whole

28 These Pultahs and grants
all contain the resumption Clause but
it is and ever has been inoperative.

It

Fort St George 1st July 1858

It was considered that the glacis &c. of a Fort should be resumable. The Fort dis-appeared and the resumption clause may well be concealed. tho' I do not think that effects the price &c. of land - European Merchants alone find it inconvenient. The confidence of their principals in England and elsewhere is shaken by such reservations and mortgages are of course made at some dis-advantages, and as it is a mere form, I would by all means recommend that it be cancelled. It is impossible to estimate the value of the

Fort St George 1st July 1858

localities if sold.

29

The subject of the immunities enjoyed in Vpeeca was disposed of in the correspondence noted in the Margin.

P.S.

I regret the delay that has occurred in submitting this paper I found a visit to Cochin with which I was not myself acquainted necessary to enable me to understand its condition. This I made out in November last since that time so much business has devolved on me and my Establishment that I have been unable to complete the necessary references.

Enclosure N:3

Order issued by W Robinson Esqr acting Collector of Malabar, to the Cochin Revenue Sheristadar

It appears that several Sub tenants of the Company's Farms in Cochin have represented that the rent- -ers of the Farms in question are in the habit of oppressing in various ways the Sub tenants who reside in them and effecting by means Law Suits &c the ejectment from their houses and the grounds in their occupation. When the subject is mooted the Renters it appears assert that they act in this manner in consequence of the Subtenants fai- -lure to pay rent according to their Kanar or agreement. To allow the Renters the opportunity existing parties who have long been in occupation would prove a source of grievance to [redacted] people. The renters are therefore hereby decidedly prohibited from acting of their own accord in the manner aforestated, for the future. Should any of the Subtenants allow his rent to fall in arrear by failing to pay it according to the stipulated terms. assistance should be afforded to the Renter for the pur- -pose of attaching his property under the provisions of Regu- -lation ~~XXVIII~~ of 1802 and of 822 for the recovery of the arrears of Rent due to him. If any of the Renters be found to behave himself in opposition to this order. the transfer of the ground (in his profession) to his Subtenants them- -selves without allowing its retention longer in his hands will be determined upon by the Collector.-

Dated 23rd January 1858.

Compd R

10949 Fort St George 1st July 1858

No 86A

From G. S. Forbes Esq
Secretary to the Board of Revenue
Fort St George

To
The Secretary to Govt
of Malabar

Dated 20th May 1858.

Sir

I have the honor herewith to submit translate of a Petition by the Renters of the Cardamum Farm of Wynaad, painting out that they are unable to meet their liabilities from causes beyond their control and praying relief.

2. The Cardamum Farm is one of the most ancient & regular in Wynaad. Under former Rulers a Chunkam or duty was levied on all Cardamum passing down the Ghaut Passes which eventually amounted to about one half of the quantity of Cardamum so

to transported; the purchase given
rise to into the exclusive right
of purchase. This Revenue was
let to Native traders who advanced
large sums on it to the Rajah
and managed the collection.

3. The nature of the early
management is not now known.
By Known. But on the acquisition
of the District of Wynaad in
1799 this source of Revenue was
secured, and a monopoly of
purchase was clearly established.
The exclusive privilege of
purchasing Cardamum produced
in Wynaad from the Rajah
and Ryots has been secured
to the Government nominee and
this farm has been put up
to Public outcry and knocked
down

down to the highest bidder for
many years.

4 The growers are bound
to sell all the farmes at the
rate of Rupees 30 per maund
of 28 lbs the value of which in
the market amounts to Rupees
37½.

5. The Cardamums is grown
in the deep forests that clothe
the sides of the Western Ghauts
ranges towards Wynaad. Having
been a close and inaccessible
country there had been great
difficulty in maintaining the
privilege though unaided and
unprotected by any legislative
provision. The forests are
all private property and legally
speaking this is optional with
the

the owners to employ their forest lands as they please. The Cultivation of the Cardamum is not restrictive.

6. The Board is well aware that the condition of byroad has been altering most rapidly during the last 10 years. The Coffee plantings have cut deeply into the Cardamum forests which of course, once they are opened no longer produce this valuable spice. The number of Estates open has led to the Hill tribes who formerly engaged in this culture taking service with European Gentlemen or becoming contractors for felling the forest. Neighbourhoods which

which were once quiet and capable of being patrolled by the Contractors people now so arm with Axes, Contractors People Merchants Vouchers of whom can get away with a pocket full of this valuable and not bulky spice. Lastly European Gentlemen into whose lands much of the Forest land has passed, discourage all cultivation of the Cardamum on their lands with a view of depriving the Farmers and Contractors people of an excuse for wandering about near these Estates, at the season the Coffee crops are ripe.

7. There is consequently much reason I have taken care to

to ascertain the fact (from personal inspection) on the allegation of the Contractor that it is impossible to carry on the farm save at a great loss. I would therefore recommend that the Contract be cancelled. It cannot be desirable to bring men on a Company of really enterprizing and respectable men. But this must be done with a distinct understanding that this arrangement shall be in full of every and all claim. The farm was a mercantile speculation and has proved a losing one. It ought to be kept on by the termination of the Farmers and the Consideration should suffice.

Rs 10000 per Annum.

*For Rs 85000 for 5 years of which 3 years have yet to run.

8. If this be done the whole matter should be placed on a proper footing; and I am much at a loss to recommend a system likely to succeed. In the margin is given the annual Revenue derived from this source for the last 32 years. As large a sum cannot be abandoned altogether. But if the same farm be put up again, it will realize but a small and I fear annually decreasing rate.

	Rupees
Average of 5 years 1827 to 1831	27,987
Do 5 do 1832 to 1836	19,850
Do 5 do 1837 to 1841	27,099
Do 5 do 1842 to 1846	6,505
Do 5 do 1847 to 1851	13,005
Do 5 do 1852 to 1856	18,775
do 2 do 1857 to 1858	32,200

9. The present arrangement of a fiscal system is a very pernicious one. The Cardamom of

Fort St. George 1st July 1858

of Wynaad, the finest in the world
is a very valuable product, but
the present system encourages
unnecessary destruction of the wood
yielding it. Many European Coffee
Planters would preserve Cardamum
Scholahs if they could derive the
profit and escape the interference
of the farmer. In short were
Wynaad relieved in this respect
I doubt not, that a large increase
of Cardamum Export would be
the fruit of the more liberal
administration. But then how
to collect a Revenue in any degree
approaching what has been
(but never will again be) realized
this Year at a loss to devise, even
after the most careful consider-
ation of the subject.

10. A quit rent on Cardamum
Hill

Fort St. George 1st July 1858.

Hill would perhaps be the best
and safest but the consent of the
people would be required. The Revenue
would be small.

11. Probably the proper time for
considering the matter will be after
the Board have decided whether it
be desirable to relieve the Renters and
entertain the matter now or not.

Madras 3rd June 1858.

(Signed) W. Robinson
Acting Collector

To
W. Robinson Esq
Collector of Malabar

The representation of
Kattyad Govind Swarka
Mookunda Agutha Cooshy-
Hurry Bappoo and Kurio-
watty Coonda Nimon Renters
of the Cardamum Farm.
In consequence of the
European

European and other planters having cleared off the Jungles on the Cardamum Hills on the Wynaad Talook for the purpose of Cultivating Coffee the Cardamum Spots have been interfered with to the disadvantage of the Farm We repeatedly brought this circumstance to your notice begging that the Encroachments of the Coffee Planters may be prevented at least until the Expiration of the lease. On the 28th May 1857 you passed a final order that as the Puniyars of land are cultivating Coffee for their own benefit they cannot in order to serve the interests of Government be prevented from so doing. Whilst we

are admit the justice of your order we cannot but state that unless Government pay us losses in the Farm we have no other means to recover them We beg to observe that such losses had formerly been paid to the Renters by Government.

On the 16th May 1858 we urged this point on your consideration when you recorded the order No 1495 that we might submit an application in detail on order that it may be laid before the Higher Authority We beg therefore to submit this application accordingly.

In consequence of the Coffee plantation we have not been able to reap a full Crop of Cardamum hence we had to borrow a part of the amount of Rupees 3¼-3-5½ 2nd as which

which we had to pay to the Circar for the last Fasly in order to discharge it. One Kist for the year Rupees 8550. was likewise paid by borrowing a part of the Sum we have not now the means of paying another Kist.

Thus our losses are gradually on the increase. If the Government would not therefore pay them in one Sum to be fixed by taking average for 5 years or pay the loss as it occurs every year or who have taken the Farm for 5 years will be subjected to heavy losses. an assertion both true and reasonable as is known to yourself.

The profit arising out of the Coffee plantation is considerable at any time Government should receive only a portion of it as Revenue or otherwise they shall come by a Sum larger than that obtained in

this Cardamum Farm. but as regards our loss we see no means of recovering it other than that stated above.

When the Farm was sold at Auction we never anticipated the present loss. Our boldness in renting it naturally rested on the belief that Government would put down Rates binding to operate against any Farm for which we have to pay Money.

Tho' the Cardamum produce is fluctuating still when we consider that the plantation of Coffee is throwing the truth of our assertion that Cardamum produce will gradually be on the decline, as appears.

It cannot now be determined as to the extent it will fall off yearly, and it is difficult for the Government to make good the loss yearly by inspecting and Estimating it periodically. If it be resolved that the damage is to be nearly made good leaving us to bear the profit and loss the average for 5 years may be estimated at 30,000 Rupees.

If

Fort St George 1st July 1858.

If this sum be remitted we shall not have to complain of the above loss but we will continue to hold the Farm and pay the rent.

If the Government should be of opinion that the said sum is a considerable one, and by a resale of the Farm it may not be so great, we shall be satisfied if our loss be estimated and paid to us in the regular manner and the Farm resold and placed on other hands.

At any rate if no remedial measures are taken towards our loss we beg to state our inability to hold the land and pay the rent. We therefore pray that these circumstances as well known to yourself may be laid before the high authority and our grievance redressed.

B. No. 706

From the Collector of Madras . . . . .

Sir

The Superintendent of Salt has applied for Cloth Belts for 28 Permanent and 74 Hungkamy Peons.

2. The Board's Circular No. 4378 enjoins leather belts for Talook Peons under which designation the Peons of my salt and Abkarry Establishments are I suppose to be entered.

3. I would suggest however that 1/2 a dozen of each Department who may be considered to be more immediately about the superintendent to and their

their Officers, may be treated as Delegates and furnished with Cloth belts.

4. The relative cost just now of the two kinds is much on a level a yard of ordinary Blue Cloth at Rupees 2-8- would make 4 belts at 10 Annas each and the leather belt will cost at least 8 Annas though the latter kind will last the longer

Enclosing Copy of an answer filed in the case of Malavyavoor Pagoda apologizing for having failed to make previous reference to the Board and reporting that if any thing it to be further added it can be filed in a supplemental answer

With reference to the correspondence marginally noted I have the honor to forward for the Board's information Copy and translate of the decision passed by the Principal Sudder Ameen dismissing the Suit therein adverted to brought by the ex. Durmakurtahs of the Malavyavoor Pagoda against the Collector and others in which they claimed the restoration of the management of the Pagoda

2. An appeal from this decision has been preferred in the Civil Court by the plaintiffs in the Original Suit reiterating the Statements contained in the original Plaint and adding that the Pagoda in question was private property. As the time allowed for filing an answer was permitted to pass during the Revenue settlement

settlement and no time was left to allow of a reference being made to the Board I prepared and caused the accompanying Copy of an answer to be filed which as the Appeal Petition contained nothing that was not fully met in the original answer will I trust be considered sufficient by the Board.—

3. Should they wish any thing further to be added it can be filed in a supplemental answer.—

Decree of the Principal Sudar Ameen in Suit No. 15 of 1853.—

Plaintiffs.

Annasawmy pillay
his Son
Teroovengadapillay
Vakeel
Soondra Moodely.

Defendants.

1 C. B. Smollett Esq.
2 Venkatanarasoo Pundit
Vakeel to the 1st Defendt.
M. Runga Rayer
D. of the 2d Defendant
Kistna Rowa.

The plaint sets fourth that during the life time of Moonnacale the 1st foregoing

of the 1st Plaintiff Streevengatachella Patty Swamy made his appearance before him on the hills of Malavyavoor that from that period the said Moonnacole withdraw himself from his family and abstained from taking food and subsisted upon milk and fruits that he held regular intercourse with the Deity aforesaid and erected the Pagoda Muntapums Vemanums &c. managing at the same time the Charity purposes appertaining thereto. The name of the God Prasumna Venkatasawara Swamy and his name Moonnacole are epithets significant of the fact of the deity having appeared to him and held conference with him epithets which are current to this day without mutation.—

2. That the forefathers of the Plaintiff succeeded the aforesaid Moonnacole in the management of the Charities &c. and the epithet Pasoom Paroomal has been applied to the successors of Moonnacole that the above

above meraculous circumstances had induced the Government to confer upon the Pagoda Malavyavoor and three other Shrotriems as wellas Inerahs and Manniems in other Villages that besides the above sources of income due allowances are made for the maintenance of the Pagoda by the Villagers on the occasions of Marriages, deaths &c. and that the images of the Plaintiffs forefathers had been carved in the Pagoda in Common with other religious images that Tahseeldar had ordered in the name of the 1st. Plaintiff and his ancestors by several Collectors admitting their right to the Management of the Pagoda and that the property appertaining thereto had been made over to them by the Criminal Court though in pursuance of the order of Government dated February 1833 the Pagoda in question with others in this

District was taken under Circar management by the then Collector Mr. Maclean the honors due to the 1st. Plaintiff were ordered to be continued.—

3. When the Davastanum in question was relieved from the Circar Management in accordance with the Government order of 1842 it was not entrusted to the care of the Plaintiff alone but through the Assistance of the then Sheristadar Streenevasa Iyengar the 2d. Defendants father relative to the Tahsildar was made to share in the trust under Mr. Freese's order dated the 5th. November 1842 that the (1st. Plaintiff) requested the Collector to make over the Davastanum to him alone his request was attended to but an order issued under date the 28th. June 1843 that it should be made over jointly to the two parties alluded to & that endorsement was made to the same effect on the Urzee presented by him That the Ryots subsequently sent in a Muhazer to the Board and the Collector which was endorsed by

by the former under date the 29th November 49. to the effect that they would not interfere in the matters thereof that under these circumstances the Plaintiff prayed that Malaivyavoor Davestanum wherein the expenditure is about Rupees 1800 a year its Durmakurthaship and the property appertaining thereto may be all entrusted to him and that in accordance with the receipt granted by the 2d Defendants father Jewels, utensils &c. valued at about Rupees 1000 may be made over to him.

4. The 1st Defendant in his answer stated that the 1st Plaintiff managed but for a time the affairs of the Davastanum & the property appertaining thereto in virtue of his forefathers having done so when it was proved during investigation that he had allowed the Shrotriem tank to go to ruin & Circar Bariz to deteriorate discontinued the Celebration of festivals in the Davestanum and appropriated to his own use the salaries due to the servants thereof & mortgaged a portion of its property. The 1st Plaintiff under this circumstance resigned his wardenship & subsequently the Davastanum was taken under the Circar Management.

5. When the several Davestanums were made over to the Hindoos under the order of the Honorable the Court of

of Directors in 1842 the antecedents of the 1st Plaintiff and his want of affluence were taken into consideration & the 2d Defendants father who was a man of good character was associated with him. That this arrangement not having been acceded to by the latter the former (2d Defendants father) was appointed the sole manager that this arrangement was adhered to notwithstanding the Plaintiff had remonstrated against its continuance, his claims were also rejected by the Board Government and the Honorable Court.

6. The Collectors being empowered to appoint proper persons for the management of the Davastanum affairs under Section ~~XII XIII~~ Regulation ~~VII~~ of 1817 and the arrangement detailed above having been carried out by the 1st Defendant the Collector the present suit is dismissed with Costs.

Costs.—

7. In the answer filed by the Defendant it is stated that the Plaintiff had no right to the wardenship of the Davustanum in question that it is to be regarded as public property under Regulation VII of 1817.—

8. That the suit is barred by Clause IV Section XVIII Regulation V of 1802 and the Circular order No. 120 [illegible] origin of the suit dating 1835 or 20 years backwards when the Defendant's father was appointed to the wardenship and the claims of the Plaintiff having been rejected as groundless by the Board, Government and the Honorable Court.—

9. The deity Prasanna Venkataswara Swamy is stated to have appeared to the great "Rushees or ascetics and the Davestanum to have been celebrated in Poornancho. the individuals Moonnacole alluded to in the plaint is not an ancestor of the Plaintiff. That the deity had

had a conference with him is not to be believed in this age of Caleeyoogum that there are many images carved on pillars and steps and Statement made in the plaint that some of them represent the Plaintiffs ancestors is incorrect.—

10. That the Davustanum was never in the management of the Plaintiffs ancestors before 1835 it was only for a short time in the hands of the Plaintiffs father and after his decease was taken under the Circar management. That subsequently it was under the management of the 1st Plaintiff for 2 years and his conduct during that period having been indifferent its management was resumed by the Circar that again the Davustanum was entrusted to the 1st Plaintiffs care when Complaints having been lodged against him and it having been proved that he had appropriated its incomes, neglected to perform its charities the 1st Plaintiff himself having declared that he did not want the wardenship and given a Karaarnamah to tender security for the payment of the appropriated

appropriated in comes Vn a Takeed was issued on the 15th February 1836 Conferring the Durmakurtaship on the 2d Deftr father a very Charitable man The 1st Plaintiff raised objections to this arrangement but they were declared inadmissible.—

11 In the reply it is set forth that the property of the Davustanum in question was not mortagaged by the Plaintiff that the 2d Dependants father never performed any charities that the suit cannot be barred by the statute of limitation as the Davustanum was under the Circar management in the Interim.—

Points proposed to the Plaintiff.

The Vakeel on behalf of the Plaintiffs was ordered to produce within 8 days any public documents he may have testifying to either the Plaintiffs or their ancestors being the owners of the Davustanum in question The documents already produced by the Vakeel were also returned to him with an order to

to produce them accompanied by a list in the Court on Tuesday next.—

Points to the Dependants—

It was ordered that all correspondence &c relating to the appointment of the 2d Dependants father to the Durmakurtaship of the Davustanum in question to the nomination of the 1st Plaintiff as Co Durmakurtah and his subsequent removal should be produced in the Court for perusal and reversal of orders if necessary.—

Here enter documents produced by the Plaintiff and the Dependants and the names of the Witnesses on behalf of the Plaintiff).

Judgment.—

1. The evidence given by three Witnesses on behalf of the Plaintiffs shews that they were the descendants of the founders of the Davustanum in question and the documents from No. 32 to 65 prove that the 1st Plaintiff was the manager of the Davustanum and a descendant of its founder.

2. The documents No. 74-75-76-77-78-81-82-83-84-85-86-87 produced in favor

favor of the 1st Defendant, shew that while the 1st Plaintiff was managing the affairs of the Dawestanum he did not duly pay the salaries of its servants that he appropriated to his own use the incomes derived for its support and mortgaged the lands appertaining thereto.—

3. The Documents Nos. 95-96 produced on behalf of the 2d Defendant bear out the above facts.—

4. The Deposition No. 8 taken from the 2d Plaintiff admitted that the Property aforesaid was mortgaged by the 1st Plaintiff and he owed debt of Rs. 600 to the Dawestanum. The Plaintiff tried to give satisfaction but the reasons adduced by him are not such as are natural but invented.—

5. The Proceedings in the Case having been carefully perused a decree cannot be passed in favor of the Plaintiff.

6. It is an undoubted fact that the Plaintiffs are the descendants of the founders of the Dawestanum in

question.

7. It is true that the Sudr Court admitted in their decree A No. 29 of 1849. the propriety of making over the Pagodas to the decendants of the parties to whom their origin had been ascribed. But whosoever may be the founder of a Dawastanum it is open for the adoration of all persons it therefore assumes the character of public property. Besides the endowments of lands by Circar for its maintenance and support divests it of the nature of the private property but makes it a Common to all and subjects it to Circar control. It is the duty of the Circar to look to the proper appropriation of the incomes derivable from lands granted by them as well as other sources. It being proved the 1st Plaintiff abused the trust reposed in him it was quite necessary to set him altogether aside and appoint another

10984 Fort St. George 2d July 1858.

another for the management of the Davastanum but the Circuit only proposed to nominate the 2d Defendant to do duty in conjunction with the 1st Plaintiff who not acceding to the arrangement the 2d Defendant was entrusted with the sole management of it setting the 1st Plaintiff aside and this arrangement was confirmed by the Honorable Court Under these Circumstances the Suit is dismissed with all costs against the Plaintiffs.

Appeal Petition presented by Annasawmy Pillay son of Serovangada Pillay & Serovangoda Pillay son of Annasawmy Pillay Ryots of Malavyavoor 8th Pauper Plaintiffs in Suit No. 15 of 1855 in the file of the Principal Sudr Ameen.—

That the original suit brought by them against the Defendants the Collector P. B. Smollett Esqre Vencatanarooso Pundit son of Venegee Pundit Ryot of Comaravady a Village in the Covangoly Talook and the Supplimental Defendant C J Shubrick Esqre for placing under their control and management the Davastanum of Rasumna Vencatachella Putty at Malavyavoor where in an annual expenditure of Rupees 1800 is incurred together with jewels and utensils valued at Rupees 1000. and other property appertaining thereto which are now under the control of the 3d Defendant having been decreed against them / Plaintiffs / by the Principal Sudr Ameen on the 31st March 1857 they pray that the same may be reversed. First of all it has to be ascertained whether or not they have any

Fort St. George 2d July 1858

any right to the Davastanum in question and when the Government ceased to leave the management of the Pagoda whether or not the Pagoda in question should have been entrusted to those that have a right to it 2nds That the Principal Sudr Ameen had not only admitted clearly in the 6th and 7th Paras of his decree that they (the Plaintiffs) are the descendants of the founders of the Davastanum in question but also alluded to the Sudr Court having in their Decree of the 29th April 1849 expressed their opinion that the management of the Davastanum should be entrusted to those that have a right to them so that, as it was the duty of the Principal Sudr Ameen to pass his judgment in their favor without requiring further evidence 3dly That the Davastanum adverted to in the decree of the Sudr Court are public & not private 4th While such public Davastanums are decreed to be entrusted to

Fort St. George 2d July 1858.

to persons possessing right in them it is undesirable that the Davastanum in question which is a private one should be placed under their control and this assertion is substantiated by Clauses XI and XII Regulation VII of 1817 5th in the 7th Para of the original decree it is stated that by whomsoever a Davastanum may have been founded it becomes common property to all and as such subjects itself to the control of the Circar that this rule cannot be applied to a private Davastanum the reason may perhaps hold good as long as a Davastanum was under the Circar but that when its connexion with it ceased should it not be made over to persons possessing right in it. So that the Decree of the Principal Sudr Ameen is opposed to that of the Sudder Court above quoted 5thly The Davastanum in question having been in their possession at the time it

Fort St. George 2d July 1858.—

it was taken under the Circar Manage-
ment it ought to have been restored
to them again when its Connexion with
them ceased that the entrusting of the
same to a person totally unconnected
with it must be considered unjustifi-
able 4thly If they are proved to be guilty
of any offences the circar can only
withdraw the lands allowed for the
maintenance of the Dawustanum
but not to deprive them of their right
to it by making it over to a person
totally unconnected with it 5thly The
Principal Sudr Ameen stated that
they had mortgaged the lands of the
Dawustanum and failed paying the
salaries of its servants and are in
debt to the extent of Rupees 500 But
the document produced in Suit No.
176 of 1845 on the file of the Principal
Sudr Ameen shows that the lands in
question had been mortgaged solely for the

Fort St. George 2d July 1858.—

expenses of the Dawustanum itself and
that they were subsequently redeemed
from their private resources. As for
the debt of Rupees 500 charged
against them the Kararnamah No. 96 bears
out that they have paid out of their own
money Rs. 600 on account of articles pur-
chased from Merchants an account of
the Dawustanum and the salaries of
servants the latter amount being due
to Dawustanum from the Circar The
alleged debt of Rupees 500 is not carried
and the Collector having refused to
furnish them with Extract of some
public documents Connected with the
matter they are unable to throw light
upon it. Besides the obstinacy of Mr.
Maclean and the object and inclination
of Janakiram Pundit to obtain the Durma-
kurtaship of the Dawustanum in question
for the 2d defendant who is his relative pre-
vented them from ascertaining the validity
of the Kararnamah &c. filed on behalf of the 2d
Defendant—

Fort St. George 2d July 1858.

Defendant and the Collector had also expressed in his answer that the Documents were not examined. Their rights to the Davastanum does not suffer in any way from the charge of Rs. 600 & against them and that cannot be offered as a plea for depriving them of the Durmakurtaship which had been in the possession of their family for a very long time 9th. The appointment of the 2d Defendant for the Durmakurtaship was never confirmed by the Court of Directors as stated a wrong Construction seems to have been put upon their views 10th. The lower Court did not take into consideration the Urzee presented by most of the people praying that the Durmakurtaship for several reasons should be conferred on them (Plaintiffs) 11th. The daily expenses of the Davastanum having-

Fort St. George 2d July 1858.

having been circulated during the time it was under the Circar Management on amount of Rupees 10,000 was due to it by the Circar subsequently when the Davastanum was entrusted to the 2d Defendant he obtained from the Circar the 10,000 Rupees alluded to on the plea of making repairs to the Pagoda and also received the annual contributions made to it which he (2d Defendant) and the others annected with him have misappropriated. Under these Circumstances the plaintiffs pray that the decree of the lower Court may be reversed.

The Civil Judge of
Chingleput

The Appeal answer presented by

Fort St. George 2d July 1858.—

by M. Runga Row Government Pleader for and on behalf of C. S. Shubrick Esqre Collector of Chingleput and Respondent in appeal Suit No 11 of 1855 filed by Annasawmy Pillay and Terovengada Pillay claiming the wardenship of the Pagoda of Malavyavoor.

Sheweth first. That the points of the case having been fully set forth in the answer filed in the Original Suit it does not seem necessary now to recapitulate them here or add any thing further

In the Appeal Petition presented by the Appellants, it is emphatically asserted that they are the Proprietors of the Pagoda & that it is private property in which

the

Fort St. George 2d July 1858.—

the Government having endowed it with Shrotriem Villages &c. for its support. The allegation was not made in the Original Plaint and it does not seem necessary now to enter into it at length nor does it call for the Courts attention under the explanation above given The fact that the Appellants are the founders of the Pagoda may be indisputable but owing to their want of means and good behaviour their rights of wardenship were forfeited They were allowed to enjoy these rights so long as they fulfilled the trust committed to them but failing in this their rights were taken from them which they cannot now recover Enough has been said in the Original answer to shew that

Fort St. George 2d July 1858.

that the appellants abused the trust repos
in them and it does not seem necessary
to add any thing further. The proofs addu
in the answer in support of this Statement s
have been admitted by the Principal Sudr Ame

The reasons assigned by the appel
lants in Para 8 of their Appeal Petition fo
having mortgaged the lands of the Pagoda and
Omitted to pay the wages of the Servants do not
seem to be just or credible and were they true
ought to have found in place in the Origin
Reply filed by the appellants but nothing
was said by them on the subject. The inference
therefore is clear.—

In the deposition No 60 given by the 2d Appellan
before the Principal Sudr Ameen in the Origin
Suit it is stated that the properties of the
Pagoda had been mortgaged and that a sum of
Rupees 00 was due to the Pagoda by first Appellant
Under such circumstances therefore there is every
Reason to believe that the Charities of the Pagoda
were never properly conducted by the appellants

The 1st Respondent therefore trust that the
Court will take the foregoing reasons into their
Consideration & dismiss the Appeal with costs so far as he
Concerned.—

No 58

To,

G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George

B. No 2609
From the Collector of Cuddapah.....

Reporting the discontinuance of any share of Pension enjoyed by Abdool Mujeed Khan of Tulpoola Sagheer, to his Brothers and Sisters for the last 14 months forwarding Translation of his deposition and requesting an authority to divide the Pension between him and his Brothers.

Sir,

I have the honor to bring under the consideration of the Board of Revenue, the conduct of Abdool Mayeed Khan, the Tonjeedar of Tulpoola in the Cudree Talook, formerly of Doolevendlah who has appropriated to himself the whole of the Pension and has, up to the present time, refused to support his father, Brothers and Sisters.

2. In a letter addressed to the Board of Revenue by the late Collector on the 31st January 1846. No 6, he recommended that the Pension granted to Abdul Mohabut Khan, late Jagherdar of Tulpoola, should be divided between his two Grandsons, Abdool Mayeed Khan and Abdul Summud Khan, the former then 12 years of age. The Government in the Minutes of Consultation No 392 of the 3d of April 1846. Sanctioned the sum of Rupees 441

per

Fort St. George 2d July 1858

per annum to each. and Rupees 168 to be paid as hereto-
fore to their grand Mother Katoobebee, under
the orders of Government dated 25th of June 1839
No 811.

3. Abdool. Masjeed Khan has now come of age
and separated himself from the rest of the family,
reserving to himself the whole of the Pension. Repea-
ted complaints have been preferred to me by his fa-
ther Abdul. Mahomed Khan, stating that they are
in very distressed circumstances on account of his
not receiving any portion of the allowance granted
to his eldest son and as he, the father, has to suppo
the younger children, his means of doing so is
greatly straightened. I called for the said Abdool
Masjeed Khan and spoke to him upon the
impropriety of his conduct and at the same
time, intimated to him, that I would consider
it my duty to lay before the Board his neglect
in supporting his family and request that a
Sub Division might be made of the allowance
in order to support the family. After some
delay, he gave a Statement before me men-
tioning the sum he would allow for the
support

Fort St. George 2d July 1858

support of his Father, Brothers and Sisters. As several
months Pension was then in arrears in the Talook
Cutcherry an order was sent to the Tahsildar
to pay him the amount and to see that he paid
over what he had agreed to do before me for the support
of his relatives. He refused to pay any sum whatever
to his relatives, saying he would do so after returning
home and refused to receive his Pension unless
the whole was paid to him. As it appears to me evi-
dent that he will not support his family, I have
deemed it advisable to lay the matter before the Board
for their consideration and decision and would beg to re-
commend that the Pension be paid to the parties in accor-
dance with the deposition given by Abdool. Masjeed
Khan before me, translation of which is herewith sent
or that one fourth be paid to him and three fourths
for the support of the family which is and old. Mahamadan
4. There is now several months Pension due to the
family in the Talook Treasury but the father states
that he has not received any share for the support of the
younger Children for 11 months this it had been drawn
by Abdool. Masjeed Khan. The Board have on former
occasions sanctioned the division of Pensions when
the head of the family contumaciously refused to support
the members of it. I think there can be no objections to the
present proposal of paying over to Abdool. Mahomed Khan
the father of the Sanjedar such sums for the support of
his Brothers and Sisters, as the Board may deem sufficient for
their support.

Fort St. George 2d July 1858

Translation of a Deposition given before the Collector of Cuddapah by Abdool Mazeed Khan aged 24 years, Pensioned Jaghiredar residing in Village of Jaloopoola, son of Abdool Mahamed Khan Mayana, on the 6th January 1858

In what language will you depose?

In the Teloogoo language.

Your Father Abdool Mahamed Khan Mayana states, that the Pension of Rupees 36-12-- you now enjoy originally granted to your mothers Brother Abdool Mohobut Khan, on whose death he having left no heirs, it was given to you by Government on the recommendation of the former Collector Mr. Cochrane, upon a particular solicitation of your Father, who begged that the same may be granted to you as a claimant being sisters son to the deceased and the Eldest of your 6 Brothers and one Sister who are to be supported on the Pension, that from that time they were all supported by your Pension in one family and about 9 months ago you went and lived seperate and refused to allow any share of the Pension. You being the Eldest son, how can you do so and what have you to say now in answer?

About 9 months ago, I and my Father had some dispute and therefore I went and lived

Seperate

10999

Fort St. George 2d July 1858

seperate. It is true I drew my Pension during that period and spent it without giving my Brothers and Sisters any share. When I told my father I would give him a small portion for the support of my Brothers and Sisters he refused to take it. He demanded equal shares to my Brothers out of the Pension granted and I told him that I will not be able to give them at that rate, but such sum as I could spare under a private arrangement, but not agreeing to this he came and complained to you. I do not positively deny to pay for the support of my Brothers and I cannot say why he made this a subject of complaint. If the circar order me to divide my Pension in shares between me and my Brothers what can I do If I am ordered to give my Brothers a share each by a private arrangement I am ready to do so after I drew my Pension every month, but I cannot consent to my Pension being divided in equal shares between me and my six Brothers and Sister by the circar

2 What confidence is there that you will give shares to your Brothers and sister privately, when you have not paid them any thing for the last 9 months?

A. I will grant a document to that effect if no confidence will be placed in what I say.--

You

Fort St. George 2d July 1858

2 You say that you will allow each of your Brothers and Sister a share out of your Pension Rupees 36-12-0 respectively, state how you intend to divide it?

A. As it is very inconvenient for me to go and draw my Pension every month in the Talook Cutcherry I shall retain Rupees 6-12-0 out of 36-12-0 and pay the remainder Rupees 30 to my Six Brothers and Sister at Rupees 5 each I shall do this without fail and shall also grant a document if required. I have a Sister who is not yet married. I and my other Brothers must perform her marriage at our own expense and I am ready to do according to my promise.-

2 Half of the Pension enjoyed by Hoossainkhatoo Bebee, Rupees 7, has been granted to you by Government lately, how do you intend to divide this between you and your Brothers?

A. As Rupees 7 has been granted we will each take 1 Rupee as we are 7 Brothers, and I shall grant a document to this effect.

2 Here the deposition read to you and say if it be correct.

A. I heard it is correct

No. 62.

To

G. S. Forbes Esqre

Secretary to the

Board of Revenue

Fort St. George

Bd. No. 2707.

From the Coll.r of Cuddapah

Sir,

I have the honor to state for the information of the Board, that I have been called upon by the Officer Commanding the 30th Regimen6 N. I. Cuddapah to supply him with 315 Carts, 44 carriage Bullocks, Bamboo Coolies 24, Dhooly Bearers 47, Cowdy Cooly one, and Draught Bullocks 9. The Tahsildar of Chennoor informs me that he had supplied in this Month 25 Carts for a Detachment of Recruits proceeding to join their station from Bangalore so for, the Commissariat and 40 more were required which he would give. Thus making altogether within the space of 2 Months 390 Carts from this District. There are all forced. I have received intimation both from the Tahsildar of Chennore and the Officer Commanding the 30th Regiment that the owners of carts have taken them to pieces and concealed them and driven

driven their Bullocks to the jungle and there is the greatest difficulty in obtaining the carts required. In fact I hardly know where they are to be obtained even with forcing. The Board are aware, that the Ryots in this District do not live by the hire of carts alone as they do in Madras, South Arcot and various other places. Thus Bullocks are kept for cultivation and they only make use of them during the hot weather when the land is fallow. But some heavy showers have fallen and the cattle are required for ploughing the land and sowing the early crops, such as Lamp, Oil seed, Bajaree, and various other species of grain delay in sowing this crop may be very injurious to ryots and equally so to Government as should the land be left waste by the Cattle being taken by Government, they must be allowed remission upon their Dry land which is not permitted. I therefore propose to press as many of the carts which bring up the 3d extra Regiment to relieve the 30th as possible and with reference to Para 4 of the Extract Minutes of Consultation underdate 27th April 1858 No. 533, I propose that the hire should be 1-4- for every 10 Miles the common rates from Cuddapah to Madras and elsewhere

where being 1 Rupee for every 10 Miles the 4 annas additional being given to the parties whose carriage are pressed.

2. With regard to the Dhooly Bearers, I know not where they can be got. The Commissariat Office at Bellary has written to me for a hundred which I cannot supply unless Government will authorize me to press every man who has carried a Palankeen this will include the most of the Village Washerman and Toddy drawers, but whether I am authorized by Government to press such men I am at a loss to know but believe I am not and should wish the Board's opinion on the subject.

3. With reference to Para 3 of the Minutes of Consultation above alluded to, wherein it is ordered that the Commanding Officers of Regiments shall indent upon the Collector for the quantity of the supplies required at each stage and that the Collector shall advance money from the Treasury for the purchase of the articles required and the supplies are to be made over to an Officer at the end of the stage appointed for the purpose. The 3d extra Regiment is now passing through the District and I have received no Indents for

for supplies- a party of Recruits passed up to join their Regiments from Vellore no Indent was made, and a third party is to pass thro the Dornab ghaut, still no Indent, Thus the Rules laid down by Government for the supply of provisions to Regiments and Detachments up to the present a dead letter and not acted upon. This is very inconvenient and I request that means may be adopted for carrying the Government view into effect-

4. In making the present communication to the Board I have only to add that I shall endeavour as much as possible to obtain the carriage required and press wherever it can be obtained should any complaint reach the Board with regard to the carriage being pressed, I deem it advisable to explain the reason for such a proceeding and at the same time the Board will not consider the hire of 1-4 too high-

Board of Revenue
Fort St. George

Sir,

Ba No. 1783
From the Collector of Ganjam

I beg to forward Copy of a letter addressed to me by Mr. Knox late Acting Collector expressing his views on the two subjects in connexion with the Salt Department which are referred to in paras 17 and 30 Extract Minutes Consultation No. 354 of 16th March 1858 It will be observed that while Mr. Knox is strongly in favor of an Uncovenanted Assistant for the general charge of the Salt he altogether deprecates any reduction in the pay of the Superintendents and in this I entirely concur with him.-

In the latter portion of the letter which has reference to Lieutenant Colonel Cottons proposal for having Salt stores at Calingapatam Mr. Knox is of opinion that the advantages of a Salt store at Calingapatam are not such as to necessitate the expense which it would entail on Government.

/Signed/ J. D. Lushington
Collector

Enclosure No 1

To
J. D. Lushington Esqre
Collector of
Ganjam

Sir,

I beg leave to offer the following remarks on Para 30 of Extract Minutes of Consultation No 354 dated 16th March 1858 herewith returned.

2. I fully admit that it is most desirable that there should be an Uncovenanted Assistant in Charge of the Salt and I would add Sea Customs, but I respectfully submit that the pay of the Superintendents ought not to be reduced they are now subject to great exposure and great temptations I know of none exposed to greater, the makers and the buyers of salt are always ready to see them and the whole influence of the native Officials is against them if they remain honest as in that Case no presents of value can be made to the Cutcherry Servants the wear and tear

tear of body, the constant exposure to the Sun in the hot weather and frequent visits to the heaps to see they sustain no damage from the rain, must be paid for. Salt situations are notoriously disliked one of the last requests made me before leaving

Mr. D. Sims

Ganjam, was by the Salt Superintendent of Ganjam who begged that he might be removed and was willing to leave the District where his family have long lived respectably and take an appointment on lower pay elsewhere rather than remain in the salt Department if therefore these monsalaries are reduced, the appointment will fall into the hands of adventurers as before. The Establishments in other respects are on the lowest possible scale, and will require to be increased when the manufacture extends as I expect it will.-

3. The Board and Government are fully aware of the distances between each salt pan from Woomerilly to Nowpadah is a nights run from Nowpadah to Ganjam it is about 24 hours dawk no person therefore could satisfactorily superintend the details of the manufacture at all these Cotaurs he leaves for one day and on that day half or 3/4 of the Salt made is removed and concealed, the returns are

Sent

sent in they give the usual Amount made and there is no way of Checking this dishonesty as the return of the days outturn is given not by measurement but by Estimate / there not being time for the former made / and the Estimate is invariably below the mark to allow for loss by wastage &c. This is only one of the many ways in which the Government may be defrauded and I very much regret on this account that the Moomerwilly Pans have been placed under the Superintendent of Nowpadah, for I do not believe one man can do the double duty and if it is a question of expense I firmly believe it will be better for Government to have 3 Superintendents at Rs 320 than one Assistant at the same rate.

4 The advantage of an Uncovenanted Assistant would be that he would be available at a moments notice to go to pans where the work was slow and the wastage out of the common or where complaints of any sort were ripe he would also serve as a Cheque on the Salt Servants and the Cutcherry and on the Salt ryots and the officials at the pans, but the Superintendents are the persons who must have the hardest work to do and the greatest temptations to withstand and

and if a Tahsildar who Collects 80 or 90,000 Rs is not overpaid at 100 Rs a Month these men who have a much more trying and disagreeable duty to perform, should be at least as well paid. The experience we have already had as mentioned in Para 3 proves this and if each Superintendent makes only 10 Garce extra and prevents 10 Garce from being smuggled he more than pays his own expenses. It is therefore the true policy of Government to pay the Salt Servants at a very high rate to ensure honestly while they continue to sell for 120 Rupees what Costs 7/2-

5 With reference to Colonel Jr Cottons suggestion I confess I am averse to all Salt stores. It is true in theory that Merchants should tempt their Customers to purchase by affording easy access and by displaying their wares at the best markets but this only done when it is found to pay or when the stock is so large it must be forced on the public this is not our case we have no surplus stock and to have stores at Calingapatam, would entail the expense of a Separate Guard the cost of transport and loss by wastage and pilfering in

11018

Frost Sta George 3da July 1858

in loading and unloading the boats and yet the price would be the same as at the pans the same party too could not sell salt at Calingapatam and watch the manufacture at Woomerilly and the ryots could not afford to carry it to Calingapatam for Measurement. — a all of which would entail much expence to Government. What appears to me the most feasible plan is to connect Woomerilly with the river by a Canal sufficiently deep to allow small Cargo. boats to take in Salt and go over the bar and out to the Ships the success of the grains at Cosanadah, leads me to hope that some thing of the same sort would be of use at Calingapatam river and as for the Brinjaries their great object is to get despatch and provided they are not kept waiting they care little for a few miles more or less. they leave the empty bags at the Colours and send the bullocks away to graze while they are getting the Salt measured and are filling their bags and preparing their loads this they must do whether the store is at Calingapatam or at the pans. It appears to me therefore that the advantages of a store at Calingapatam are not such as to necessitate the expence which it would entail on Government.

Sir,

Bd No 1955
From the Collector
of Vizagapatam

Referring to the Boards Proceedings of the 22d March giving cover to an Extract from Minutes Consultation dated 19th idem I have the honor to forward herewith Statement Shewing the former the present and the proposed Establishment for the manufacture of Salt at the different Sanahs in this District

Carriage on month Annum

Cost of present Establishment } 412-10-4951+8-4

Do proposed —— 910—4—10920—4—4

Net Rupees —— 497—6—5968—8—4
2

The nett increase under the new arrangement amounts to Rupees 497. 6 Months or Rupees 5968—8—4 Annually

The Season being so advanced all I have done with Currassah is to repair and open the Pans there so as to admit if possible of some Salt being realized to meet the years wants and the Manufacturer hope to turn out at least 24000 Maunds before the rain which will be a great help and in this event I purpose arranging for its security and sale out of the aggregate Sum Sanctioned.

3. The permanent Establishment recommended for the conduct of all the Cotaurs is fixed at

Fort St.e George 3d July 1858

at the lowest possible limit compatible with the efficient working of the Pans.

4 I have now to request that an early date the Board will favor me with the sanction of higher authority for carrying out the above Measures. The new Establishment of General Superintendent Vizg as well as for the Cotaurs of Currassah should be fully organized by the 1st of November Next when the Season of Manufacture Commences.

To

The Collr
of Bellary

Sir,

Bd No. 2474

With reference to the observation of the Board expressed in their Extract from the Proceedings dated 26th May 1858. No. 1874 that "with a single exception" all the Tahsildars of Bellary are held by Brahmins I have honor to state that there were two* persons of other classes than Brahmins holding the situation of Tahsildar in my District in the year 1857, and their names are entered in the return of Sheristadars and Tahsildars for that year to which

* 1 Athobalrow
1 Veroovengaliah

Comps E.R.

11024 Fort St. George 3d July 1858

which the Board's remarks refers but as one of the Names viz. that of the Tahsildar of Roidroog bears the affix of "Row" it has probably been mistaken for a Brahminical name and the Board will observe from a Similar Return for this year which has already been Submitted to them that there are now three* Tahsildars in this District who are not Brahmins.

Fort St. George

3d July 1858

Recommendation of the Collector and

the grounds on which it is made

Recommendation of the Board of Revenue

Decision of Government

At the time of the British assumption of the Country

the Original grantee had left three sons and 2 daughters. The sons, it appears,

were recognized as heirs, and the Village was registered in the name of the eldest

of them, Syed Sawzdeen, as will be seen from Regulation of Enam Villages dated

the 31st December 1814 and submitted to the Board of Revenue on the 3d January

1815 and they acted jointly in dealing with Government officials on matters

connected with the village. One of them Syed Kaneemdeen died in 1828.

In 1848 a dispute arising between the male and female

heirs touching the portion to be enjoyed by the Magistrate confirmed the then

existing arrangement, as shown in Columns 6 & 7 Syed Sawzdeen thereupon brought

a Suit in the Civil Court to deprive the females of any right in the Village, but the

Civil Judge upheld the decision of the Magistrate, copy of his decree, which stands

final is enclosed.

Syed Sawzdeen and Syed Mohideen, the surviving sons of the

original

11028

Fort St. George 3d July 1858

Recommendation of the Collector and the grounds on which it is made

Recommendation of the Board of Revenue

Decision of Government

original grantee, lay a claim to the whole Village, on the ground that it having been endowed for the personal benefit of the family, and consequently in alienable neither their sisters, who have entered into another family, nor their descendants, could claim a division in it, and the widow of their deceased brother having left no male issue, her right should revert to the and that the decree of the Civil Judge is null, in as much as the question at issue was not cognizable by him under the provision of Regulation IV of 1834 This point has already been noticed.

Syed Oomer claims the 3/8 share enjoyed by the deceased parties under the following titles.

1/8 as son and sole heir of the deceased Syed Kader

1/4 as son in law & on behalf of his wife the daughter and the only heir of the deceased

I would recommend that Syed Oomer's claim be recognized and submit the matter for the decision of the Board.

Madura

Fort St.e George 3.d July 1858

Enc: (N:1)

Translation of a Summud issued to Moulvi Syed Mahomed residing in the Port of Madura, dated 02.d Jummadi Ussani in the Hejri year 1208, corresponding with 5.th January A. D. 1794.-

Seal of Nabob mahomed Salabut Kha 1155

In consequence of the poverty of the Inhabitants of the Village of Anoor in Madura District, added to the alarm occasioned by the occurrence of frequent robberies, much of the land belonging to that village and adapted for cultivation is left waste and grown with jungle the results of which are the emigration of the people to other Villages and a diminution of Cultivation. From want of repairs moreover, the Tank of the said Village is filled with Sand. A five years average calculated by certain Public Officers, shews that the

Fort St.e George 3.d July 1858

highest revenue in the Village was obtained in Fusly 1202. The Village is now accordingly rented out to you, permanently for the yearly consideration of 30 Pons of 220 Cullums of Paddy, you will therefore take charge of the same, make the necessary repairs to the Tank, aid and encourage the Ryots to clear, cultivate and improve the lands, & pay to the Circar annually the consideration in question (as a Peroopoo or low rent) from the out turn of the Village you will also duly pay to the Ryots their usual Coody waram and other general Expences your proceedings must be such as not to give room for them to Complain to the Circar. After paying the rent, Coody waram and other general expences from the out turn of the Village, you are at liberty to enjoy the remainder

and

Fort St. George 3d July 1858

and pray for my long life & increased prosperity

The present amildar and his successor are hereby directed to receive the rent (both in Money and Grain) from the Monbani, grant him a receipt and credit the same yearly to the Cirkar account. They must not demand more than what is hereby authorized, and they must not also interfere in the watching &c arrangements of the Village. Whenever the Monbni may be in want of assistance, the Cirkar Servants should afford it, this Sunnud must be considered as a particular Cowle namah, and the instructions contained in it duly followed.

This

Fort St George 3d July 1858.

This was an action to recover an additional portion in share of the Village of Anungeeyoor.

2 The original Grantee died in 1801 leaving three sons Vg.t Plaintiff 1.st Defendant and Kureemooddeen (husband of 4.th Defendant) and also 2 daughters (2.d & 3.d Defendants) and the Plaintiff avers that the property being under the original Grant as well as by the deposition of them father "Ogapoo" or limited to heirs male, 2.d & 3.d Defendants were not entitled under the Mahomedeen Law to any share so that the three abovementioned sons enjoyed it among them

3 The Plaintiff further contended that on the death of Kareemooddeen Sahib in 1828 he left a 3.d widow with a son and a 4.th widow (the 4.th Defendant) with a daughter that the son who would have been entitled to his fathers share relinquished it in favor of himself and 1.st Defendant and the 4.th widow and daughter being excluded by the nature of the tenure as aforesaid he

Fort St George 3d July 1858

he and 1.st Defendant enjoyed the whole jointly and equally from that time to 1847. In July of which year the 4.th Defendant at the instigation of 1.st set up a pretension that the Mailwarums had been and ought to be divided into four equal shares, and had been allotted one to Plaintiff one to 1.st Defendant one to 2.d and 3.d Defendants and one to 4.th Defendant and her daughter to which of absention they succeeded by fraud and by the Convenience of the 5.th & 6.th Defendants in obtaining the belief of the Revenue authorities by whom the arrangement was recognized and confirmed leaving Plaintiff to have recourse to the Civil Courts if he chose.

4 The Defendant from 1.st to 4 contended that no such limitation or exclusive tenure existed, and on the death of the father in 1801 the three sons took according to law 1/4.th share each

and

and the 2 daughtens 2.d & 3.d Defendants
1/4 share between them but that they all lived
together and the estate was entered in the Cuzz
accounts in the names of the three brothers
In 1808 Deed of division were they say
executed stipulating that the proceeds of
the Estate should be divided into 5 portions
of which the three brothens should take
one each the two sistens one between them
theis Mother a half share or 1/10.th and that
the remaining 10 should be expended on the
funeral offerings of their father - but that
the actual right was not affected by these
arrangements the property was still con
sidered as vested in the lawful holders
of the four shares as above mentioned:
5 Kareemooddeen Sahib who died
in 1828 left, as the Defendants say but on
widow the 4.th Defendant and a Daughter
who succeeded to his share, and still
enjoy it as 2.d & 3.d Defendants do

theirs

theirs their Mother for whose maintenance
a portion was allotted having died:

The Acting Sub Judge on
6 consideration of the pleadings and
evidence was of opinion that the Court
was not called on to pronounce whether
the 2.d & 3.d Defendants were entitled
to share, and that the Plaintiff was only
only for half the share of the deceased
Kareemooddeen Sahib but awarded that
Plaintiff had right to no more than he
already possessed" and therefore dismissed
his claim "which if allowed would
leave 2.d & 3.d Defendants & 4.th Defendant
without any provision whatever" and
ordered him to pay all costs."

The Plaintiff appeals
7 on the Ground that the facts pleaded
by him in bar to the inheritance of
females are proved and have been
admitted by the lower Court when it
declared

Fort St George 3d July 1838

declared that no explicit provision seemed to have been made for the 2d & 3d Respondents and therefore prayed reversal to Original Decree.

8 2d 3d & 4th Respondents in Appeal answer deny the existence of any such bars to their inheritence in usual course of law and contend that it has been fully proved as well as admitted by various acts and deeds of the appellant himself that none such was originally pretended or acted upon The 2d & 3d Respondents also object especially to so much of the Original Decree as says that the property was originally divided into three shares making no provision for them and pray that their rights may be considered and a just decree passed.

Decree

9 The Court having carefully considered the original Record - Decree and exceptions taken thereto in appeal is

Fort St George 3d July 1838

is of opinion that it is in the main and so far as it dismisses the claim of appellant with costs perfectly just and correct and must be affirmed there is not one little of evidence to show or the slightest ground for believing that the grant was originally or was made by the Grantee of the nature contended for by Appellant on the contrary all the actions of the family in respect of it including appellant himself demonstrate the contrary and show that no such pretension was until a late period advanced and that it never was admitted But there is in the Decree a certain ambiguity and doubt as regards the rights of the parties claiming to be entitled in distribution which requires under the provisions of Section XIX Regulation II of 1802 and as solicited by the 2d & 3d Respondents in their appeal answer to be removed and the Civil Court accordingly in confirming the Original Decree

Fort St George 3d July 1838

Decree to the ecstent abovementioned further declares and awards that the appellant having failed to establish his plea in bar of the inheretence of females to the above estate in the usual course of law that the same ought to be and shall be held and enjoyed as Respondents absent it has been; Vizt in 4 shares or portions of which the Appellant is entitled to one the 1st Respondent to one the 2d & 3d Respondents one between them and the 4th Respondent and her daughter to one.

10 The appellant pretended that the has made no attempts to prove it that there is a preferable heir in existence to the share of Kareemaddeen Dyt his son from all the circumstances of this case this would appear false but supposing it to be true the fact would not alter this Decree as to the division in 4 shares nor would it prevent such heir

Fort St George 3d July 1838

heir from contending for the particular share with the 4th Respondent and her daughter.

11 The appellant is ordered to pay all costs in appeal.

To

J D Sim Esqre
Acting Secretary to the
Board of Revenue
Fort St George.

Sir:

B No 3009
From the Coll of Tinnevelly

With reference to para 1 of Extract from the Proceedings of the Board of Revenue under date the 29th June 1837 and to paras 6 and 7 of Captain Collyer's letter to the Chief Engineer No 46 of the 4th April therein referred to, stating that every work should be put into a thoroughly efficient state, describing the manner in which useful water is wasted, and adding that in order to prevent effectually the wastage of water, and realize the expectations of

of Government from the greatly increased efficiency of the Department of Public Works that the works will in the course of a few years be in a very different state to that in which they too frequently now are, the Engineer Officers require a greater amount of authority than they have at present. I have the honor to inform you that in this District instances have seldom or never occurred in which water has been lost by leaky sluices, inefficient Calingulahs &c. as immediate measures to restore them to efficiency are taken on information given by the Moneagars or ryots interested in the works, who in almost all occurrences of such damages, report the circumstances to the proper

proper authorities without fail. still it will not be unadvisable to direct the lower subordinates attached to both the Revenue and Public Works Departments, to give immediate notice of the occurrence of any injury to irrigation works, to the executive Officers in their neighbourhood, on pain of incurring the serious displeasure of their Superiors.

2. In reply to para 2 of the Board's Proceedings under acknowledgment, requesting me to state what class of Servants are charged with the distribution of the water from Government reservoirs, and whether it would be advisable to place them under the entire or partial control of the District Engineer, I have the honor to state that the servants employed for the care,

care conservancy and management of irrigation works in this District, are the Channel Moneagars and Keeranic Runs partaking of the nature of Village Officers. A list showing the designation, and number of these servants is herewith forwarded. These servants have already been made over to the Engineer Department with the executive charge of the District on the 1st May 1857, agreeably to the orders of Government, and their pay is since disbursed by the Officers of the Department of Public Works. Consequently and with reference to Captain Collyer's suggestions that Engineer Officers require a greater amount of authority than they have at present, I beg to give it as my opinion that the Officers of the Department of

of Public Works may be vested with powers to punish this class of servants for neglect or other offences to the extent to which the other Subordinates on the Native Establishment of the Department of Public Works are liable for neglect or offences committed by them.-

3. Adverting to the latter part of para 7 of Captain Collyer's letter in which he states that offences such as cutting tank banks to get water for irrigation, wasteful distribution of water &c. &c. should be summarily punished by the Engineer Officers, as sending up the delinquent to a Police authority for punishment is attended with little or no advantage from nothing being done to the offender, I beg to remark that offences of the description under

notice,

notice are of rare occurrence in this District, and that no party, when proved guilty of such offences, has escaped punishment that I have ever heard of under these circumstances, I beg to state that pending the more direct conservancy Act looked for from the Supreme Government, the powers vested in the heads of Villages, Tahsildars, and Magistrates by Regulations XI of 1816 XV of 1821 and IX of 1816 for apprehending and punishing persons injuring Public Works appear to me to be sufficient for all purposes.-

4. As regards the suggestions thrown out by Captain Collyer that non execution of "Mamool" labor, such as clearing minor Channels &c. should be constituted an offence punishable by the Engineer Officers, I have the honor to inform you that there is no regular "Mamool" labor performed by ryots in this District, but the ryots in order to avoid delay which might

might otherwise occur, generally clear the irrigating Channels, and sometimes supplying Channels also at their own expense. As this labor is voluntary, and for the sole good of the Ryots who execute it, and as the ryots in this District make certain payments for Maramut purposes, under the head of "Tank Merah", I do not think it necessary that nonexecution of "Mamool" labor should be rendered punishable in this District.

5 Referring to para 3 of the Board's Proceedings under notice, I beg to state that there are no Enam lands in this District to such an extent, as mentioned in para 8 of Captain Collyer's letter therein alluded to, and the contributions obtained from holders of Enam lands towards the repairs of tanks &c. irrigating also their Manium lands, vary which the shares held by them in the lands irrigated by such tanks &c. viz. in the proportions of one half, one third, and one fourth. Tanks &c. exclusively irrigating Enam lands are kept in repair at the expense of the Enamdars themselves, and no contribution is generally levied from Enamdars possessing less than one fourth the entire extent of land under a tank or channel, which is kept in good order at the Public expense.-

of Malabar
dated 6th May 38
No 1825-

With reference to the orders of the Board noted in the Margin. I beg to

11056

Fort St George 3rd July 1838

+ dated 20 July 1838
* No 3794 dated 25th Joolaum 1038

to refer to my letter dated 28th February 1838 No 24 and the Boards Endorsement+ on the Cherikul Rajahs Petition* the cases are precisely annalogous and the same inconveniences will arise from giving effect to the Boards orders I therefore venture respectfully to suggest that a Similar order be passed in this case There are 74 Malikana holders in Malabar and if the exceptions be Sanctioned it will be impossible to get rid of the confusion of account and constant arrear &c which Mr Clarke had set his face against when he required each Malikana holder to pay his revenue with regularity and in accordance with the Stated Kist.

Read also the following Papers.

No. 103.

To,

G. S. Forbes Esqre.
Secretary to the
Board of Revenue
Fort St. George

Bd. No. 2706.

From the Collr. of Vizagapatam.

21st December 57

Sir,

I was lately at Bimlipatam when I found that there was a difficulty in disposing of the Salt purchased under sanction of the Board as noted marginally, the reason being that at the neighbouring Cotaur of Conada there has been an abundance of Salt for some time and of a very superior quality indeed it is the best Salt manufactured in the District and the Tanadar of Bimlipatam informed me that he did not expect

Fort St. George 6th July 1858.

expect to be able to get rid of the Salt to which I refer. It is black, dirty and of small grain and although at the time when ordered to be purchased at my instance, Salt was much wanted throughout the District and I was glad to have it, still meanwhile the outturn of the new Salt every where has been so rapid and successful, that the majority of people would seem to prefer to go to a distance to purchase a superior article, than buy an inferior one at the same price on the spot.

2 I am aware of the orders of the Board prescribing the rates of sale, and my Head Sheristadar has suggested that this Salt be forced on the people at the fixed rate, by sending it to Conada with injunctions to the Tanadar to dispose of it before selling any from his own Cotaur. I do not myself view this as a dignified or strictly fair proceeding, indeed I shall not feel it right to sanction such a proceeding, and therefore in reference to the unmediately approaching rains and to the desirableness of at once getting rid of this Salt at Bimlipatam. I have directed the Tanadar to sell it at 25 per Cent below

below the usual Government price the consequent loss on the entire purchase by this arrangement is given in the Margin and I request the Boards sanction to what I have done.

Salt purchased at Bimlipatam	2320--
Do. sold upto 15th June 1858 at 1 Rupee per maund	178--
	2142----
Loss at 4 annas per maund	535½--

Vizagapatam Collectors Office, 18th June, 1858.

/ Signed C. W. Reade
Collector.

No. 68.

To
G. S. Forbes Esqre
Secretary Board of Revenue
Fort St. George

Bd. No. 2814.

From the Collector of Rajahmundry—

Sir.

No. 12,73

I have the honor to submit the Statements prepared in the forms forwarded with the Boards Proceedings of the 21st April 1858 shewing the result of the working of the Printing Press in this Office during the past Official year.

2 I also submit a detailed Statement of work executed to which perhaps the Board may wish to refer.

3 There has been some increase in the work done for the Civil and Sub Courts and further work is now on hand, The District Engineer has a small press under his own Superintendence at Dowlaswaram so that he has not often occasion to seek the aid of that under my charge.

The

4. The first number of the Local weekly Gazette was published on the 19th September last and has been regularly continued since. In the Margin is shewn the number of Copies distributed to the different Departments The number of private subscribers is at present but limited but will I hope, increase, The utility of the publication, and the great saving in the work of transcribing alone, both in my own and the Talook Cutcherries is almost too obvious to need remark. Of the continued usefulness of the Press itself it is unnecessary to speak. One is almost inclined to wonder how the work of the District could ever have been carried on without one.

Government, Board and Collectors of other Districts	12
Collectors and Magistrates Department including Tahsildars, Sub Officers Sanbutdars &c &c &c	181
Civil, Sub and District Moonsiffs Courts	8
Post Office Department	7
Officers of the Public Works Department	57
Subscribers	40
Total	313.

5. I had purchased and paid for 6 fts of Telugu type before the receipt of the Extract from the Minutes of Consultation of the 29th March last, I will in a separate communication conform to the instructions given in Para 7 of the same and Para 2 of the Boards Proceedings of the 28th April last.

Rajahmundry District Collectors Office, Cocanada, 26th June, 1858.

/ Signed A. Purvis
Collector.

Pariahs, Toddy drawers Moosulmen, Mootrageers, Canpoos, and several others are permitted to dig the grass in the same localities, although they pay no tax whatever tho they dig the grass to sell in the market, while the weavers and others dig it for the use of their own Cattle.-

4 Further enquiries have elicited from the oldest Kurnum of the Village, that the tax originated in Fusly 1223, when certain Managers of the Zemindar instituted the tax as a sort of hold on the weavers who having nothing whatever to say to cultivation, were becoming too independent of the Zemindar servants.-

5 Under these circumstances, I feel no hesitation in supporting the recommendation of my predecessor for the abolition of this tax.-

6 A tax on boys tending Cattle had its origin about the same time, and on similar questionable grounds, and is continued to this day it amounting only to Rupees 12-1-8- I would respectfully suggest that this also be given up with the other

No 159.

To J. S. Sim Esqre
Acting Secretary to the
Board of Revenue

Sir,

I have the honor to forward the several Statements connected with the Settlement of this District for Fusly 1266 / 1856/57 prepared in the prescribed form:-

2 The Jumabundy was completed several weeks previous to my taking charge of the District Of the 11 Talooks, 11 were disposed of by Mr Arnill Acting Collector, and 3 by the Head Assistant, and the following Tabular Statement exhibits the different Rations at which the Settlement and the distributions of Puttahs took place.-

Name of

B No 4859.
From the Sr Collr of Guntoor
Forwards Settlement Report of the District for Fusly 1266 / 1856/57 together with Genl Statt pr paper in the prescribed form describes the State of the Soil and of plows the causes of increase & decrease under the various heads of Settlement.-
Villages at which the Settlement was made.-

11078

Fort St. George 6th July 1858.

3.— Some of the subordinate stations above shown were selected in preference to the Cuttack Tauns both on account of their central position, and as being more convenient for the Villagers. It appears that Mr. Ravilli's presence having been necessarily required in the several Talooks of the Guntoor Circar in carrying out the numerous important measures that were introduced it was not practicable for that Gentleman to visit Poland as suggested in para 2 of the Proceedings of the Board of Revenue but their instructions will be attended to as far as practicable during the ensuing settlement.—

10th January 1859.

Number of Villages and the Tenures under which they are held.—

2d The number of Villages and the tenures under which they are held are given in the subjoined abstract for one Village in the Patchapelly Talook in which

5.— The Police villages in the Taluk appertaining to the Vencatagherry Estate in the Nellore District, and was transferred to Guntoor in 1847 under the orders of Government indicated in the margin.—

Ref Mr Ch. 22 June 1847.

Nature and Extent of the principal sources of irrigation.—

6.— The nature and extent of the sources of irrigation are exhibited in Statement No. 18 of which an abstract is given below the principal Channels are the Pongalladra and Commamoor the others mentioned to be excavated in 1854 and 1856. have not been yet completed the revenue derived under each of them will be shewn in its proper place. The large tanks in the District are those noted in the margin. all the others are comparatively small and of secondary importance.—

The

Mont St George 1st July 1858.

General Statistics

7.— The census taken in this year after careful examination shews an increase of population of about four per cent. and the Statistical returns obtained from Talooks likewise exhibit an increase in almost all the other items vide abstract below.—

Items	1	2	3	4	5	6	7	8
	Ryots	Cattle	Sheep	Goats	Ploughs	Carts	Boats	Looms

Increase	942	53175	772	50551	1668	24275	432	98754
Decrease								

(Remainder illegible)

Mont St George 1st July 1858.

8.— The number of Ryots in column 2 when compared with the number in last year is less by 1775 caused by the abolition of Polliary, the contributors of which usually received puttahs and were classed as land holders and the decrease in the number of sheep has been occasioned from disease.

9.— The rent roll of the District is given in the subjoined Memorandum.—

Compared &c

Fort St. George 6th July 1858.

10.— The number of Rainy days in this year has been greater than that of 1265. the increase being 13 days.

Season 11.— The season in the year under review was generally favorable as will be seen from the register of rain given in the margin. From the month of April to August 1858. the following was good except in some few places where it was partial, but in September and October it was still partial and insufficient. there were however heavy showers in the middle of November but they were accompanied by violent hurricanes which caused the death of a large number of cattle, but the rain which fell in December was very beneficial.

12.— The freshes in the Kistna river

Fort St. George 6th July 1858.

river were abundant and almost all the Tanks in the District also received the usual supply of water.

13 The early dry crops of Cumbu and Cudda Jowar suffered from grubs in the early part of July. but they recovered themselves by subsequent rains and yielded a good return. In the eastern Taluks, Rocca Jowar cultivation failed to a considerable extent both from the heavy rains in August and from the freshes in the Kistna. The produce of dry Paddy likewise failed to some extent from the partial and scanty character of the rain which fell in September and October. the late crops such as Varaga &c. yielded an ordinary return. The staple dry crop of Jowar was good, but the cultivation of Cotton suffered greatly from the heavy rains in November the produce of Oil seeds was also affected by grubs, and yielded generally one half of the ordinary return.

14.— The wet cultivation under channels

Channels branching from Kistna
was successful except here &
there where in consequence of
the inaccessibility of water and
the insufficiency of rain it was
not so good as it would other
-wise have been Under the tanks
dependent upon rain the cultiv-
-ation was equally prepared.
although on the whole I looked
owing to the scanty fall of
rain in September it suffered
to some extent.—

Sanatory Condition. 15. The sanatory state of the District was generally good throughout the year Cholera made its appearance in June but ceased in a few days. small pox pre-vailed to a small extent and fever in the Hilly tracts was light Cattle and sheep suffered very little from disease.—

Price of grain 16.— The price of grain & other agricultural products although less than those in the past fully were still remunerative to the ryots and enabled them to pay their kists with punctuality and a abstract statement of these prices compared with the price of 1265 is annexed which will explain the state of the market during the fully under report.—

The

Settlement

17.- The preliminary settlement annually made by the Taluk officials was discontinued this year under the orders of Government conveyed in para 2 of extract from Minutes of Consultation dated the 11th March 1856 No 735 which has proved a great relief both to the Taluk servants and to the ryots generally; and relinquishments and exemptions of land on the part of the ryots are entered in separate registers kept in the Taluk Cutcheries for that purpose which are produced for examination and checked at the time Jummabundy settlement no serious inconvenience has been experienced thereby on the contrary a good deal of unnecessary labor and delay has been saved and

and the Taluk officials have now time to attend to other matters of more importance.-

18.- The annexed Statement shows the extent of dry land and wet Cultivation and the quantity of waste lands charged to the ryot as compared with the results of Fasly 1265 also the amount remitted on waste lands and other particulars

Waste given up

19.- It will be seen from item No 2 that the quantity of waste given up in 1266 in Dry garden and wet lands amounts to 32,063 acres bearing an assessment of Rupees 91,464 but these are not real relinquishments a large portion of the sum of Rs 29163 exhibited in column 13. is on garden lands in the coast villages which were transferred to the head of Punjah; the assessment on them having been reduced to the level of the ordinary dry rate and excluding this item the remainder amounts to Rupees 64,675 a greater portion of which is still to be deducted on account of transfers from one individual to another. so that the actual relinquishments would not much exceed 40,000 Rupees under the several heads of Punjah. Garden and Punjah the present accounts are not sufficiently explicit to distinguish the transfers from relinquishments before the Tahsildars. But this deficiency

deficiency will be supplied in future.—

Waste remitted

20 The Calculated waste remitted in the Ruthy under report amounts to Rupees 7,492 being less by Rupees 14,857 than the sum given up in the last Ruthy under similar circumstances.—

Waste Charged

21.- The quantity of waste lands charged to the Ryots amounts to Rupees 2,34,246 or 14-3-6 per cent of the whole land revenue demand upon the average being in advance of the amount charged in 1265 in the sum of Rupees 68,832. Of this Rupees 85,317 are in "Madupoo Beedas" or waste usually retained by ryots for pasture a large portion of which they would never be willing to give up and the other sum of Rupees 148,929 are on lands thrown out of cultivation and on those necessarily taken up for grazing cattle; the orders of Government sanctioning the discontinuance of Pullary not authorizing the occupancy of land for pasture except under the payment of full

Rent

rent in common with other culti=vated lands. It may as well be remarked that the extent of waste charged bears a proportion of more than 1/4th or Rs 15-7-5 per cent on ac=tual cultivation.

Actual cultivation Dry

22.— The cultivation of dry land exceeds that of Kuttay 1285 in the sum of Rupees 5859 of this balance=ing the transfers to the head from the item of Gardens, the net in=crease may be assumed at Rupees 31,925 distributed over almost all the Talooks, which has been occa=sioned from the favorable chara=cter of the season, and the remu=nerative prices obtained by ryots for their produce the liberal remi=tances in 1254 / 1854-55 having also promoted the restoration of the District from being impaired by the adverse na=ture of the season in that year.

Pardon

23.— The decrease under this head of Rupees 28,584 caused chiefly by the transfer of lands to the head of Dun=jah as stated in para 19 and I beg leave to explain that in the Lands last

tract extending along the coast, large crops of cheyroot. Raghee, and other valuable products are raised these crops being watered from pits dug by the ryots from 3 to 8 feet deep the water is raised by the hand as the nature of the soil would not admit of any other mode of irrigation and the lands also require ma=nure manuring; all lands thus watered were classed as garden and the demand upon them regu=lated with reference to Crop and rates ranging from 4 to 40 Rupees an acre, whilst the ordinary Punjah rates on lands not watered, range from 1 anna to 2 8 Rupees, these exorbi=tant rates having been found op=pressive, constituting, as they did, a direct tax upon industry, they were discontinued under the orders of Government conveyed in Extract from Minutes of Consultation, Only the dry rates of the respective c villages having been charged, and the lands themselves transferred to the head of Dunjah, the following Statement

7 Feby. 1857 Rev. No. 1148
x ranging from 1 anna to 2 8 Rupees

statement will more clearly point out the result of this arrangement in a financial point of view; the reduction of the high garden rates above explained has not been attended with any loss of revenue to government as the ryots have taken up new land to make good the deficiency arising from the reduction. It encourages improvement, and has done away with the objectionable system of taxing the crop not the land. It has also removed the many evils arising from the intrigue and corruption practised by the village servants in the annual measurement of several patches of small holdings many not exceeding fractions of an acre and ensures the permanency of occupation; all the ryots having under this arrangement received permanent pattahs under the understanding that no alteration will be permitted in their holdings except under special circumstances. For more detailed information upon this point I beg leave to refer to Mr. Ramills official Report

report for 1856/57. and to the correspondence indicated marginally, a remission of 1/8 in the demand on these lands was allowed as directed by Government in the Valooks of Pauliputtah, the settlement of Royapolla and Poonoor having been completed previous to the receipt of the orders of Government, but this indulgence will be extended also to the latter Valooks in the ensuing settlement. I would further remark that the maximum quantity of holding entitled to the remission of 1/8 was fixed by Government at 10 acres; but Mr Ramill considered it expedient to reduce it to 5 which had been found to be the utmost extent that can be worked with a single plough in the sandy tracts of the coast villages.

Remission on allowance

North George 1st July 1858.

24.— In requesting attention to the large advance of 7351 Rupees I cannot but express my diffidence as to the permanency of the existing holdings. Permanent pattahs have in fact been given; and the Ryots have clearly been informed that they will never be permitted to relinquish any portion of their farms, but I apprehend that in the course of a few years some of these will be given up where can however be no doubt that in the long run the remission now made will be found to work beneficially both as regards the interests of Government and of the cultivators.—

Kunjah 25.— The net cultivation in the present year amounts to Rs 2,42,746 and is in advance of the Jamma bill of the last Fusly in the sum of Rupees 85,909 which has been occasioned from the extension of Kistna irrigation, and from several of the Tanks which were deficient to admit of the cultivation of the lands under them. The following Memorandum exhibits the classification of the irrigation of

* Including 2,42,746 of waste lands

Net Increase 33278

2nd

27.— The remissions upon the amount of 1265 in the Cumbum of Rupees 33.278 the amount forming the items Nos 1 and 2 with reference to Report not remitted chiefly in Ruttlepaud and Ummalaghurry in the former Taluk, on lands rendered unfit for cultivation from inundation, and in the latter, on lands taken up in this year consequent on the encouragement afforded by the revision of assessment which the ryots were not able to cultivate from want of rain. the Amjah remission of 7.775 Rs was granted in Rumpatta Pomaar and Rayputty on lands which were necessarily kept waste from the insufficient supply of water in Tanks.—

28.— The remission for short produce and allowed to wet cultivation under the irrigation of tanks which partially failed in this year. this remission was of late given on all lands, whereon the produce appeared to have fallen short, but this practice has been discontinued this year as regards the lands

under Tanks and Channels, and the remissions confined solely to cultivation under tanks which in consequence of the uncertainty of the supply of water required this indulgence.—

29.— Item No 4 requires no comment, being the remission of additional rent on lands where a second crop has not been raised.—

30.— The nature of the Cumbum remission amounting to Rupees 58.247 is explained in the margin and Statement that has been obtained from extended cultivation of dry and wet lands and Cumbum towers the latter chiefly under the First in Channels in the Taluks of Pomaar Tenally Ruttlepaud and Ummalaghurry.—

31.— The item of "Manual remission" is under scrutiny and will be disposed of in due course the nature of it having been explained in para 18 of Mr. Cavill's report.

15th Oct 1856 No 133. further comment seems needless.

32.— The remission under the head of "Sudra" to Brahmins and other privileged Castes is an item which does not admit of immediate disposal It has been prohibited to be allowed on lands occupied since 1258; but the amount shown in the above statement is found the remission granted prior to that year.—

33.— As connected with this subject, I think it necessary to remark that one third of the Pullary amounting to Rupees 57,123 was struck off this year, the other two thirds having been given up in 1265, so that the order of Government Regarding its discontinuance have now been fully carried out, but in renting out the Hills and Jungles, at the final instructions of Government were not

received before the completion of the arrangement, many of the open villages where there were neither Hills nor Jungles were also included under the uncertainty as to whether the Government would authorize the relinquishment of revenue to the extent recommended by Mr Cavill to be given up this arrangement has however since been rectified, and the Rents are now confined to Hills and Jungles exclusively as directed in Extract from the Minutes of Consultation No 747 dated 18th July 1856. the following Memorandum explains the particulars of the present rental and the amount given up.—

To Commr. 24th March 1858 No. 4.

34.— In para 22 of Mr. Ravenshaw's communication the probable rental of Hills and Jungles was estimated at 10 to 15,000 Rupees. but the actual results show an increase of more than 2,000 Rupees many of these rents were given for a period of 5 years from 1266.—

×800 Rupees

35.— The rent of the Coast Jungles has also been given up this year under the orders of Government.

36.— The system of Joint Rents which prevailed in the Talooks of Mangalagherry. Tenally and Raypoor has been done away with, and the Villages, under that system, which amounted to 53 in number have been settled under Ryotwary tenure in common with other Villages. a detailed report on this subject, has already been submitted to the Board of Revenue by the late Acting Collector.—

×31st December 1858.

37.— The settlement of the Coast Villages is given below. the increase of Rupees 4408 above the Kowauna of 1265 has been produced by the extended occupancy of land under the increment held forth by the Revision of assessment. explained in para 23 of this report

except in two small villages, whereas in the year under review many more villages were rented which will account for the increase.

4 The decrease in quit rent on Enams has been caused by the relinquishment of lands on the part of Enamdars from inability to pay the arrears due further for explanation vide margin, the item of "Pootla Badiga" was levied upon certain Enams at 4 Rupees a Pootty on the estimated quantity of produce; but in order to prevent fraud and other irregularities incident to this item, it was commuted to a money payment at 4/10ths of the assumed demandable upon the land the rate of assessment having been assumed with reference to the average rates prevailing in the neighbourhood there are a few instances (29) in which a similar arrangement has yet to be made but it will be completed as early as practicable

On Enams resumed for non payment of arrears of quit rent 385

42. The decrease in the Assessment on aggraharam amounting to

Fort St George 6th July 1858.

to Rupees 97 has arisen from the relinquishment of an Aggraharam by the Party who held it as stated in para 4.—

43. The falling off in the demand on Fruit Trees Viz. Rupees 1,482 is not a real deficiency many of the Topes which were formerly rented annually have, under the orders of Government been made over either to the original owners or others on payment of assessment on the land and transferred to the heads of Punjah Garden or Punjah as the case may be there are some other Topes yet to be rented which will likewise be disposed of shortly the correct decrease under this head amounts to Rupees 818 caused by the assessment on the land being in some cases below the amount of rent.—

Rentals of 1265 Rs 8322
Topes taken on condition of paying land assessment 3664
Topes rented 3840
7504
Difference 818

44. The sundry small Farms and Licences consisted of tax levied on drawing toddy and on Palmyra fruits and wild dates the former has been transferred to Abkarry Revenue under

E. M. Le. 31st May 1855 Boards Proceedings Dated 29th October 1855.

6th October 1856. under instructions conveyed in Extract from the Minutes of Consultation and the latter still continues under this head with reference to this transfer the entry of the amount in 1265 as regards this item has been modified in the Statement appended to para 38.

45. The aggregate amount of land revenue for 1266 when compared with that of 1265 shews a net increase of Rupees 125014, as explained hereunder.

The

46. The only explanation that appears necessary in this place is in reference to the item of "Ghuttoo toom" the falling off in which is attributable to a materiate having been charged on Punjah Exam lands as directed by Government which x 6 Mr. 1st Augt 1856. & 10th January 1857. has rendered the levy of "Ghuttoo toom" unnecessary.

47. The above demand is exhibited Talookwar in the Statement below from which it will be seen that the increase referred is distributed over the several Talooks in the District. the cause of this has already been explained and requires no further elucidation.

1266	97163
Decrease	8307

The cultivation of Cotton 50
has not been successful this year from the unfavorable nature of the season as respects the growth of that article the decrease in the extent of cultivation amounts to 8307 acres the produce has been short and not sufficiently remunerative to the grower and it may be estimated at something less than one half of the average quantity.—

Extra Revenue 57.— The particulars of Sunnah or Extra Revenue are given in Statement 9 of which the following is a concise abstract.—

Items	Fasly 1265 Rs.	Fasly 1266 Rs.	Difference Increase Rs.	Difference Decrease Rs.

Total	9554	6882	2153	4825

The

Fort St George 1st July 1858.

52.— The increase in land reve-
=nue is chiefly attributable to an
item of Rupees 580 collected on account
of Duttary and held in deposit having
now been carried to account and
to the levy of double till 1st Augt.
Rupees 613 on village sites improp-
=erly cultivated to the inconvenience
of the Ryotwars and also to fines
in the Revenue Department having
been more than in the previous
Fasli, the variations in other items
will be noticed under their proper
heads.—

Motorpha 53.—

The demand on account
of Motorpha falls short of that
part of 1265 in the sum of Rupees
4.672 arising principally from the
exemption of Sheep from taxation
under orders of Government dated
18th July 1856 in all the other item
the fluctuation is not to great as
to need special notice. the follow-
=ing memorandum shows the details
of some of the chief items of the
Motorpha demand for Fasly 1268 com-
=pared with its predecessor the fasli
amount of extra Revenue under this
head required no notice.—

Item

* The decrease on refunds of Revenue charges arises from Rs Fasli salary not having been paid and debited in this year.

Fort St George 1st July 1858.

Mharry Revenue 54.— The Demand of Mharry Revenue for the Fasly under re-
=view is Rupees 28266 which is
more than that of Fasly 1265 by
Rupees 1282 the increase having been
produced from competition among st
the Bidders. It will be perceive
from the accounts submitted in
last year that the Mharry
Demand was Rupees 19875 but
this entry has been increased
in this year to Rupees 21934 the
increase of 1709 having been added
contingent on the transfer of
certain items to the head which
formerly were classed under "Sundry
Small Farms and Licenses."

A.

2nd St. George 1st July 1858.

Salt Revenue. 55.

A comparative abstract of statement is subjoined shewing the sales of salt the revenue of the Year under consideration is below the revenue of the preceding year by Rupees 3930.

Net Increase 3930

The

2nd St. George 1st July 1858.

56. The increase in the sales for home consumption has arisen from the quantity at Nizampatam & c having been sold by heaps instead of by actual measurement this arrangement was necessary to clear the Stores in view to the abolition of the Depôts at Nizampatam, Prody. and Podda Ganjam at an early date for the purpose of remodelling the Salt Establishment sanctioned in Extract from Minutes of Consultation N.° 394 of the 29th April 1857.

57. The decrease in Exports to other Districts has been caused by some of the Merchants from Cuddapah having proceeded to the Cottaurs in the Nellore District instead of to Podda Ganjam where there has been no Salt consequent upon the sale of the article in the manner explained in the preceding para.

58. There is a considerable falling off in the Exports to Hyderabad

Fort St George 6th July 1858.

Hydrabad which has been mo-
-lested under circumstances simi-
lar to those set forth in par
Dated 15 Oct. 31 of Mr. Cavill's report on the
1856. Co. 133.— settlement of Fasly 1265.

59.— The decrease in Dustoor
by sea is attributable to the
limited demand in Bengal.

60.— The consignments to Pe-
-tapoly under the orders of the
Board of Revenue dated the 29
July 1856 amount to 7,800 Sicca
Rupees as shown in the State
-ment referred to in Para 58.

61.— The increase in the sale
of muster salt over last year
duced by the disposal of the
Extra quantity found in some
of the kept above the prescri
-bed standard. and the excess
in Extra Revenue hardly seems
to require notice being only 12,000 Rs.

62.— The reason for the manu
-facture of salt and left un
-favorable in this year than in the
last. and the quantity manufactured
amounted

Fort St George 1st July 1858.

Land Tax Sold Purchase Rent &c
Co. Rs. Fasly.
1265 - 24,43,325 - 13 - 633 - 15 - 2 - 18 3/4
1266 - 12,34,581 - 1 - 3073 - 25 - 2 - 19 1/2

amounted to 737,573 Rupees a large
portion of which had been stored
within the Fasly under the Superi
-ntendence of the Acting Head
Assistant Collector.—

63.— The wastage of salt in this
year has nearly been the same as
in 1265 as will be seen from the
marginal Memorandum.—

Sea Customs 64.— The Sea Customs amount
to Rupees 47 in 1266 there were no
collections at all under this head
in 1265 the decrease of 151 in the
Extra Revenue under this head is
attributable to the non levy of
tonnage on the same ship within
6 Months vide order of Government
dated 17th October 1855 Co. 226.—

Stamps 65.— The item of Stamp Re
-venue is in advance of the Revenue
of the past year by Rupees 5,49
caused by the increased sale
of Stamps.—

66.— The following Statement
shows the aggregate demands of
all sources of Revenue for Fasly

1266.

the late Zemindaries, and the re-
-venue actually derived from them
in the year under report It
will be seen that the gross
collections exceed the Distri-
-cts in every Estate except that
of Vizzeredy where there is a
deficiency of about 1 per Cent
In order to institute a fair
comparison the deductions
of Cesses which have since
taken place the amount of
Rundra deballoned and many
other items of a similar
nature should be deducted from
the gross Collections but I
have not been able to do this
from want of accounts sufficiently explanatory.

St George 6th July 1858.

74.— Explanation as to the extent of coercive process that was employed in the collection of Revenue with the other particulars called for by the Board in their Circular No 13 the sales of property have taken place only in cases of contumacious refusal — and not in those instances in which the Ryots were unable to adjust their demand from real incapacity.—

Vide Enclosure A

75.— They have to annex a Statement of Sums which are considered irrecoverable under the head of Land Revenue, and for the remission of which Request that the sanction of Government may be obtained, every enquiry was made at the time of Summary by the result of which established the impossibility of the recovery of these balances. the arrears on Estates are likewise hopeless and require to be remitted to the extent exhibited in the Statement the Estates on which they were so having been returned in consequence of the non payment of the same.—

78— The practice of making advances to Ryots for cultivation has been discontinued in this District long ago.

79— The gross receipts and charges of the Tuesby under review are exhibited in Statement No 11 the cause of variation in the receipt having already been explained under proper heads. a repetition them does not appear called for the following abstract shows the various items

North George 6 July 1858.

Items of charges compared with 1265.

Items	Tuesby 1265	Tuesby 1266	Comparison Increase	Comparison Decrease
Land Revenue charges	177433	166035	"	11398
Abkarry Do.	"	18	18	"
Motorpha Do.	315	326	11	"
Salt Do.	22943	47246	24303	"
Sea Customs Do.	432	430	"	2
Stamps Do.	1343	1680	307	"
	202491	215933	24637	11400
		Deduct Decrease	11400	
		Net Increase	13237	

80— The net decrease in the land revenue charges arises chiefly from the absence of the payment of Mr. Woods salary in the present year Statement No 11 shows a decrease of 30.07 under the head of Establishment Huzzoor and District whereas in the item of "Extra Revenue charges" not chargeable to any particular source of Revenue" there is an increase of Rupees 39,015. but this variation has principally been produced from the fact that the pay of Mokteears and village Curnums and Mooniffs which were formerly included in the charges

Fort St George 1st July 1858

charged for Hospitals and Sick
Establishment has now been trans
=ferred to Extra Receipts.—

81.— The Salary Charges of 16 Rs.
were incurred this year for the
Plantation of Rhuria Trees in Pl.
=ces and other places where they
are seen.—

82.— The increase in the expen
=diture under the head of Mater
=ials is too small to require notice

83.— The increase in the Salt
charges is attributable to the Ma
=nufacture* of a large quantity of
Salt in the year under report.

84.— The details of the Rupee
Collections needs no remark.

85.— The increase in Stamp
charges arises from the refund of
Stamp duty under Act No. XVII of 1843
being greater than in 1256 and also
from the payment of Commission
on the increased Sales of Rupee

86.— Having been in charge of the
District but 3 months it may be
considered presumptuous in me
attempting to report upon the conduct of

Compd Off.

my Subordinates but I am sure
I speak Mr. Revell's sentiments
as well as my own in saying
that Mr. Master the Acting Head
Assistant by his attention to his
duties and the manner in which
he has conducted them provides
to become an excellent public
Servant.—

87.— From Coopoo Row the Head
Sheristadar I have received great
assistance. his character is too well
established to require any com
=mendation from me During my
short incumbency I have had
reason to be generally satisfied
with the conduct of the
Huzzoor Establishment.

Fort St George 5th July 1858.

No 58

To G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St George.

B2 No 2633
From the Collr
of Guntoor

Sir,

Adverting to the Board's in-
dorsement No 1116 of 1858, I have the honor
to state for their information that
the statement of the Petitioner that
Pullary tax is demanded from
him is untrue -

The demand on land held by
Petitioner in $\frac{1265}{1855/56}$ amounted to Rupees
30-12-8, of which 4-6-8 were struck
off when the assessment in the village
of Motadaca was revised in 1856. He
then took up additional lands to the amount
of 27-1-6. thus raising his list from 26-6-
to 53-7-6. He has since given up a small
portion of his land bearing an assess-
ment of 2-2-6 and the rest remains
still in his occupancy a large portion
of this has been cultivated, and the
demand on waste does not exceed 12-1-
which having been appropriated by him as
pasture

11176 Fort St George 5th July 1858

pasture ground to the exclusion of other ryots, no remission upon it was allowed. Under these circumstances Petitioners complaint appears groundless.

3. Petition No 1115 of 1858 is returned herewith.

Bd No 3840
From the Coll.r of Guntoor

Sir,

With reference to the Board's circular dated 19th April last No 1362 I have the honor to forward copy of my Report to the Circular from Government dated 10th February 1858 No 234 Public Works Dep.t ment respecting the condition of Tanks and minor Works of irrigation in this District under the present maramut system.

Encl.e No 1.
No 5.

To. W. H. Bayley Esqre
Acting Secretary to
Government,
Fort St George.

Sir,

With reference to Mr. Forbes's communication of the 10th February last No 234 I have the honor to state for the information of Government that I see no grounds for supposing that neglect or delay in making repairs to tanks &c has become general so far as this District is concerned on the contrary, I find from a comparison of the past and present

amount expended by the Collectors — 1,64,075
Do by Civil Engineers — 1,50,452

expenditure that the maramut operations are now carried on more efficiently than they were, when the executive charge of the Department rested with the revenue authorities.

Board of Revenue
Fort St George.

B2 No 2841
From the Collr
of Guntoor

Sir,

With reference to
Submitting a report on the Local and Ferry Funds in this District for the Official year 1857/58.

Extract from the Minutes of consultation dated 29th August 1856. I have the honor to forward returns, Nos 1 and 2 of receipts, and disbursements of Local Funds in this District for the Official year 1857/58.

2 The total receipts amount to Rupees 1091-11-4- which consist of Ferry rents, sale proceeds of the loppings of avenue trees and the amount levied from the ryots of coast villages for repair of cross roads

3 The small expenditure of 8-11-2- has been incurred in the payment of bullies employed for taking

11178 Fort St George 5th July 1858

taking care of the Boats constructed for crossing Troops and Travellers over the Kistna river in the Pondigul Ferry on the Hyderabad Road to Hyderabad. These Boats have since been made over to the Renter and are no longer an expense to Government.

4 The balance at present available for expenditure amounts to Rupees 1082-5-2 and I am of opinion that the appropriation of this amount in the manner proposed in para 7 of Mr Newills communication of the 8th May 1857 No 68 will be of much advantage to the Public.

B. No 2590 From the Collr of Nellore

Sir.

In forwarding the Statement and Bill for Extra Tent allowance received from the Sub Collector I have the honor to transmit Copies of Correspondence with that Officer, and request the decision of the Board regarding the interpretation to be put on that of the Rules which requires that an Officer should have his tents with him.

To Sub Collector June 7th 1858. From Do June 10th 1858.

Nellore Collector's Office
12th June 1858

/Signed/ F. B. Elton
Collector

Enclosure No 1.
No 48.

Memo

The Sub Collectors Extra Tent allowance Statement is herewith returned with a view to his entering an explanation of the circumstances under

Travelling Dawk
Extract Boards
Proceedings 11
April 1853

under which he considers himself entitled to the allowance for the 10 - 11 and 12 of May.

2 The Collector does not consider that Extra Tent allowance can be drawn under Rule X unless the Officer has his Tents with him, which Mr Minchin has stated was not the case on this occasion. It may however be drawn under the Boards orders noted in the margin, if they are still in force.

Nellore
Collectors Office

I Signed I F. B. Elton
Collector

No 41.

To F B. Elton Esqre.
Collector of
Nellore.

Sir

I have the honor to acknowledge the receipt of your Incmt No 48 requesting me to explain under what circumstances I consider myself entitled to Extra Tent allowance for the 10 & 11th and 12th of May last and stating that you do not consider that the allowance can be drawn under Rule X unless the Officer

has his Tents with him, which on this occasion was not the case.

2 I was myself under the impression that the phrase an Officer must have his Tents with him" meant that he must be provided with suitable Tents at his Chief Station, and not that he must carry them to a place where he has no need to use them, to draw the Extra Tent allowance to which according to the Rules he is entitled.

3 At many Stations an Officer Keeps up a Revenue Bungalow at his own expense, to avoid the necessity of using Tents, and in such cases I do not think that the Board could have intended that Extra Tent allowance should not be drawn, when for instance the Tents have been forwarded to another place or not brought to the Station at all, owing to their use not being required there on a short visit.

4. If however it is absolutely necessary

Fort St George 6th July 1858

necessary for an Officer to have his Tents with him, to draw the allowance under Rule X I believe that I am entitled to it under the Rule for travelling.

5

On taking charge of my Cutcherry on arrival at Nellore, I at once directed to it to rejoin my Station a distance of 45 miles, and followed it by Dak on the 3d day, as has been the usual custom on the establishment of the Sub Collector moving to or from the Cutcherry and the Division on these occasions. both my predecessors and myself have hitherto drawn three days Tent allowance for the journey, under Extract Board Proceedings 11th April 1853, and which I believe is full authority for the

Fort St George 6th July 1858

the charge in the present instance.

5 Under the circumstances I shall feel obliged by your forwarding this letter to the Board with my Extra Tent allowance Statement for last month, herewith returned, that the question as to whether an Officer must have his Tent with him in all cases to entitle him to allowance under Rule X may be authoritatively settled.

2

By this means there will be a joint responsibility among these persons, which will check any connivance at robbery, as well as afford protection in case of attack. It is besides consistent with the legitimate duty of the Police and is likely to work well in practice.

3

If the servant of the Public Works Department did not accompany the guard, there might be some difficulty in finding out where the persons for whom the money was intended actually were, in consequence of their moving about so much on duty.

No. 153.

To

G. S. Forbes Esquire
Secretary to the
Court of Wards
For.t St David George.

Rd. No. 2555
From the Collector
of Chingleput.
Reports that
he has assumed charge
of the Villages of Croon-
gaudoocottah
and Luttore
in the Ma-
neenunga-
lum and
Chingleput
Talooks res-
pectively on
account of
the Minor
Proprietor
thereof and
proposes mea-
sures for their
management.

Sir,

I have the honor to report, for the information of the Court of Wards, that agreeably with the instructions contained in Extract from their Proceedings No. 874 of the 11th March last, I have assumed charge in their behalf, of the Villages of Croongaudoo-cottah and Luttoor in the Maneenungalum and Chingleput Talooks respectively on account of the Minor Proprietor therein adverted to.

2. The Villages have been under attachment since 6th November 1856, the date of the late Shrotriumdar's death, and a Surfdar and a Peon have been entertained for the management of Croongaudoocottah alone, at a monthly charge of Rupees 8. The other Village Luttoor has been managed by the Talook Tahsildar. The 2 Villages will

To A. Saint George 5th July 1858.

will now have to be looked after with greater care, and the present arrangement is considered unfitted for the purpose.—

3. In conformity with the Mothers request I have nominated one Saravana Moodelly who had been her husbands Coomastah, as the manager of the Estate on a salary of Rupees 11 per mensem, and taken the necessary security from him which I trust the Court will approve of.— The Villages yield about Rupees 3,000 a year, and the servants noted in the margin will be required for their management. The monthly charge for the manager and his Establishment will be Rupees 34 or Rupees 408 per annum.—

* 2 Turjdars at 2½ & Rs each 3-10
3 Peons at 3 Rs each 3-9
Sadeerwared 1
20

4. As regards the maintenance allowance of the Mother and her Minor son I beg to inform the Court that she now receives Rupees 20 per mensem under that head she has furnished me with a list of her family numbering altogether 19 persons many of whom have fastened themselves on her since her husbands death, and applied for her allowance to be increased to some Rupees

To A. Saint George 5th July 1858.

Rupees 120 I do not think her present allowance sufficient either for ordinary purposes, or to meet the escpenses she has to perform in Ceremonies to her husbands memory and I therefore propose to increase it to Rupees 50 which will be sufficient for all her wants, and allow her the use of necessary servants for herself and Child, while it will necessitate the departure of those persons who have come to live upon her, and have no claim to do so.—

5. As regards the widow of Vencata Nauk who enjoyed ¾ths of the Village of Lutchoor, I consider that a monthly allowance of Rupees 25 should be made to her. This will give her Rupees 300 per annum, or somewhat less than ⅓d of what she is supposed to have derived when in the enjoyment of the Village. Though the Orders of Government are to treat her liberally, I think that consideration should be had to the rights of the real proprietor,— and that in justice to him, a larger sum cannot be allowed her. As might be expected the Orders of Government relative to the widow are any thing but palatable to her.—

6. The receipts of the two Villages amount

Fort Saint George 6th July 1858.

Amount to Rupees 3000 per annum on an average as already stated and deducting the annual charges as shewn in the margin the annual surplus to be carried to the credit of the Estate may be expected to be

Fort Saint George

Rd. No. 2837.
From the Collector
of Bellary

Sir

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 21st Inst. Cont. No. 21145 communicating para 3 of Extract Minutes

1195. Fort Saint George 6th July 1858.

Minutes Consultation dated 7th Inst. No. 1078 and paras 2 and 6 of Colonel Faber's letter of 7th May, and directing to report if arrangements cannot be made for remitting money to the Subordinates of the Public Works Department when required by talook Peons say once a month and in sums within 200 Rupees.—

2. In reply I beg to state that there does not seem to be any great difficulty in making arrangement for remitting money to the Subordinates of Public Works Department provided the sum does not exceed 200 Rupees, and this remittance occur only once a month. But at present a much larger sum than 200 Rupees is required to be disbursed to the several Members of the Department employed in various parts of the District on Drafts drawn by the District Engineer in favor of an Executive Officer, for expenses of the Works in Progress - and this happens 3 or 4 times in a month. The amounts of Audited Bills on account of the salaries

Fees

Fort Saint George 6th July 1858.

Vide of the Department Public Works are also paid from the Talook Treasuries, and as all the Bills are not received at the same time but on various occasions, the sums ordered to be discharged to the Members of the Department as the Bills are received from the District Engineer or other Executive Officer. It is evident therefore that a much larger sum than 200 Rupees has to be paid to the Subordinates of the Department Public Works on more than one occasion in month. Any arrangement limiting the sum of 200 Rupees to be transmitted by Talook Peons once in a month to the Subordinates of the Department Public Works would be of no use should it be resolved to direct that all sums of whatever account are to be transmitted to the several Members of the Department Public Works as often as occasions require by Talook Peons, many Talook Peons must be allotted for this purpose two Peons and sometimes more if the sums are large being required for taking each remittance.—

3. The arrangement of limiting the remittance

Fort Saint George 6th July 1858.

remittance to a sum of 200 Rupees and confining the remittance to once in the month will not I fear answer.—

G. B. Forbes Esquire
Secretary to the
Board of Revenue
Fort St. Geo^e

Sir,

I have the honor to submit my

11199 For^t St. George 6^th July 1858.

my annual Report on the working of Presses attached to this Collectorate, up to the 30^th April 1858.—

2. The Press has been in full work during the whole of the year, tho' at times it has been interrupted by sickness in the Establishment belonging to it. In fact, the inhabitants of the town of Cuddapah, have during the last year, suffered severely from fever and the town has been more unhealthy than usual and those from other Districts suffer more severely until they become acclimated.—

3. I need not enter minutely into the state of the Press as it was reported on last year, I shall merely allude to the work performed which appears to me satisfactory.—

For the Collector and Magistrates Department 310,508 copies of various documents, such as Puttahs, Moochelkas Istyars, Magisterial Process, usual letters and Statements have been struck off, and the value is 1331—4—3

For the Civil and Sessions Court 17,079 copies of Process have been printed and the value 55—9—7 Of this sum, Rupees 37—11—7 have been collected and the balance Rupees 17—11—7 will be demanded. For the Subordinate Court.

of Cuddapah
Submitting a Report on the
Press of this Collectorate
for the Official year 1857/58.

11200

For A. Bam.t George 6.th July 1858.

2671 copies of Process &c.a have been struck off the value of which is Rupees 35—7—1 of which Rupees 30—7—4 have been received and the balance will be recovered making a total value work performed of Rupees 1431—4—11 during the year.—

4. The expense of the Establishment is Rupees 80 per Month, or Rupees 960 per annum Of this sum, Rupees 56 are made up from the reduction in the Collectors Establishment, and it was at first agreed that Rupees 25 should be paid by the Civil and Sessions Court, but this amount was afterwards objected to by Government and the Judges of the Foujdary Udalut, and only Rupees 10 has been available for the salary of the Press Establishment and Rupees 10 have been received from the Sub Court, which leaves a sum of Rupees 15 monthly to be paid by Government and it has been ruled that no further deductions can be made from the Collectors Establishment, as it is already as small as can be.

There is a sum of Rupees 71 due from the Courts being their contributions for the months as per margin and these are very irregularly paid particularly from the Civil Court.—

Enclosure No. 1.

No. 37.

W. H. Bayley Esquire
Acting Secretary to Government
Fort Saint George.

Sir

I have the honor to submit the information called for in para 3 of your Circular letter of the 10th February 1858 regarding the neglect of and delay in making repairs to Tanks &c in this District since the transfer of the Maramut executive to the District Engineers Department.

2. Immediately on the receipt of the order of Government, I called for a report on the subject from the Tahsildar of each Taluk. I have not however yet received any report from 6 Tahsildars. In explanation I beg to state that during the whole period that has elapsed since the date on which I first received the requisition for a report on the subject, the Tahsildars and their Subordinates have been engaged in the preparation of accounts connected with a Summary of unusual difficulty, owing to the introduction of the new rates of assessment, and that in consequence of the complete transfer of all business connected with the Maramut to the Engineer's department no information was at hand but it had to be sought for and ranged by those whose time and attention were already fully occupied by their other duties. The

3. The seven Tahsildars who have sent in reports give 231 instances of neglect of execution of requisite works. In one or two instances the works had been commenced by the Revenue authorities before the transfer to the Public Works Department but had been entirely neglected since. The neglected state of two large tanks in the Sutwaid Talook which that Tahsildar has noticed was observed by me when in that Talook these two tanks irrigate lands yielding a revenue of upwards of 3000 Rupees.—

4. This result is undoubtedly owing to the imperfect information and numerical insufficiency of the Civil Engineer's Department. Under the former system the information regarding the condition of tanks &c. which the revenue servants of the Talook possessed derived not only from the constant personal inspection brought about by their revenue duties, but from habitual intimate intercourse with the ryots must never be superior to that obtainable by the numbers of a department constituted as the Public Works Department is, and with regard to numbers, it would not be possible with due regard to financial consideration to put the Public Work Department on the same footing with that under the former system, when every revenue servant was also to a certain extent a Paramut Officer. These remarks are intended to apply chiefly to tank repairs, the most numerous and certainly not least important of irrigation works, and not to works for the proper execution of which some engineering skill is requisite.—

No. 2851.
From the Collector of North Arcot.
Submits the information called for in the Board's Circular of the 15th December 1857 No. 4476 respecting the Weights and Measures of this District

Para 1.

Sir

I have the honor in submitting the information called for in your Circular of the 15th December 1857 No. 4476 to state with reference to para 5 of your letter, that in this District the correctness of the three Statements of weights & measures forwarded to the Board, were carefully ascertained by the personal scruting of European Assistants the Statement of Measures forwarded with Mr. Bretts letter of the 21st July 1852 No. 108 was drown up under "Mr. Smyths personal supervision, who in conformity with the arrangements ordered in detail by the Board tested the measures Talook by Talook."—

The correctness of the Statement of weights forwarded with Mr. Binnings letter of the 5th October 1853 No. 93 was "ascertained by the Mr. Lewin the Assistant Collector."—

2. In the paper which accompanied your letter under reply, the Pullum of North Arcot is said to equal 3 Tolas; but in the Statement prepared by Mr. Lewin, the Pullum is shown to equal 3 Tolas only in some Talooks; in other Talooks it equals $2\frac{11}{16}$ or $2\frac{3}{4}$ tolas

Fort Saint George 5th July 1858.

tolas. The same observations applies to the smaller weights. It may however be intended that the Board's Paper should show the weights as they ought to be and not as they actually are. —

3. I have delayed this long my reply in the hope that I might be able to make it more satisfactory; but I find it impossible amidst my many pressing duties to devote that time to the subject which it requires. I refer the matter to an Assistant would be productive of no advantage, the Board are already in possession of the result of Messrs Smyth and Lewin's personal investigations. —

4. In the event of the Board desiring that at a period of greater leisure I should reply to the Circular in question I shall after the Summalumoly has been concluded devote that personal attention to the matter which would be necessary to ensure the results required by the Board but as I have received more than one reminder on the subject I have considered it proper no longer to withhold

Fort Saint George 5th July 1858.

withhold this reply however unsatisfactory. —
