Verdict

Drowning in a well with
two incised wounds on her throat
inflicted on her by her husband
Govindoo Ann under such circum-
stances that the Act of Govindoo Ann
was culpable Homicide amounting to
Murder.

The jury are of opinion that
Kamala Phoois' throat was cut by her husband
Govindoo Ann, and before life was extinct,
she was thrown by him into the well where
she was drowned.

In their verdict, we assign the following
reasons -

1. No signs of blood either on her, in room
on the way to or at the well.

2. If Kamala Bai did commit suicide
the instrument should be found near or
in the well or about the house.

3. The wounds on her neck are too parallel
and too regular in depth to be self
inflicted.

4. From the evidence of the 1st Class
Hospital Assistant this day, it is clear
that Govindoo Ann's unconscious shock
caused by his immersion in the well is
all pretended and assumed.

5. It is clear from the evidence that the
deceased Kamaloo Bai was ill treated.

6. The marks on the husband Govindoo
Ann's throat, from the evidence of the 1st
Class Hospital Assistant
and the 1st Class Hospital Assistant
were self-inflicted to avert suspicion.
