 said Brig. Upon which Request the Declarant
 Kadar Seigbee before me declared: that he on the
 14th of February by Sunset, left this port with
 the Brig Kadar Boat, belonging to Alin Seigbee
 for the port of Nagov. At 12 o'clock in
 the Night, a Boat from His Britannic Maj-
 esty's Ship Ruffel commanded by Captain
 Baulfield, came onboard with Lieutenant
 Mab, who immediately took charge of the
 said Brig, and all her papers, and that he
 thereafter was ordered to return in the Boat
 of this port, where he again came to Anchor
 the 15th of February in the morning 3¹/₂
 o'clock that all the Ships Crew thereafter
 was ordered on shore, and that all the papers
 belonging to the said Brig afterwards were
 put together in a packet, and sealed with
 the seals of Captain Baulfield and Lieute-
 nant Colonel Watson, and in such Bon-
 dition delivered back again with Order

 The Declarant further declared, that the
 said packet to that very moment is in

The Appraiser Mr. Saybi declared further, that it were not in his power before this Day, to make the present protest; besides that he during most part of the time had remained in Expectation, that the said Ship and Cargo his lawful Property would in Justice have been returned to him, in which hope he was the more strengthened as the Ship's papers first taken possession of, has again been redelivered to him.

Whereupon I the said Notary at the Request of the said Mr. Saybi, have protested, and by these presents do solemnly protest in Consequence of the forerunners, against Captain Coulfeld and Lieutenant Colonel Watson, or whom the same shall or doth concern, by reason of their illegal Detention of the Ship Radoer and her Cargo, and by these presents do likewise make them responsible for all Retardation Losses and Damages, that already has or hereafter may ensue to the concern of whatsoever Name and Nature it may be - To the End and Purpose that all such Retardations Losses and Damages

on the Twenty Second of February last he arrived
in these Proads as Chief Mate of the Danish Ship
Sophia, commanded by Captain Meinhardt &c.
found lying here His Britannic Majesty's Ship
the Buffel, Captain Cassfield, &c. the
of War the Victor, commanded by Captain

7. Gracile, who on the 11th of the said sailing, on the same Day,
 sent an Officer & Ship'sman & ten Sailors to take
 possession of the said Ship Sophia, of which the Officer,
 the Ship'sman and two Sailors remained armed
 aboard that night, and he further declared, that
 on the next Day the twenty third of February, Capt
 Juan Gracile and an Officer came onboard and ordered
 that the crew should go on shore with their baggage,
 that he should send ashore for Captain Menéndez
 to come aboard & take his baggage, & that he the De-
 ponent also should go on shore in the same Boat, but
 that all Chests & Trunks should be opened, in order
 to see if there were money in them, Captain
 Gracile then asked him if he had any thing on
 board that belonged to him, to which he the
 Deponent answered, that he had some money
 in his Chest, and was then asked again how
 much it was, to which he the Deponent answered
 that it was One Thousand Eight Hundred &
 Ninety two Spanish Dollars, of which One Thousand
 Three Hundred & Sixty six belonged to himself, and
 Five Hundred and Twenty six to other poor families
 at Panquibar, on which the said Captain Gracile
 ordered him to take the money out of his Chest
 and to put it in another, which he the Deponent
 should shut & seal up & put down in the Hold; he
 told Captain Gracile in answer to this order,
 that he hoped the money would not be taken
 from him, as it was all he was worth, & he knew it was
 not usage amongst the English to take from
 Officers what he had in his Chest, but if his Captain
 would accept it, he was better than saying

August 12th

By this Public Instrument of
 Declaration and Protest, Be it known
 and made Manifest, unto all People, whom
 it both shall or may concern, that on the
 twelfth Day of August in the Year One
 Thousand Eight Hundred and Nine
 before me Erick Kier Muller Notary
 public residing and practising in Tran
 quebar, by lawful Authority duly admitted
 and sworn, came and appeared Mr. B
 S. v. Haltern Inhabitant of Negapa
 tam, who declared, that he had received
 from Mess^{rs} Strengh & Sims, on the
 sixteenth February this year, a Bill of
 Exchange according to the one joined
 to this present protest, by which Mess^{rs}
 Strengh and Sims did order Mess^{rs} Specht
 and Ham to pay to B. S. v. Haltern or
 Order the nett proceeds of five Bales
 marked Number 19 to 23, included in
 the generate Invoice of Goods shipped
 onboard the Danish Brig Hero, belonging
 to the said Mess^{rs} Strengh & Sims

The Appearer further declared:

that the said Bill had been forwarded
 Batavia to Mr. Cantorvischer to cash
 for the Account of the Appraiser, the
 Amount of the said Bill from Messrs.
 Specht & Ham who had let the said Bill
 to be protested on the frivolous pretext
 that the real Amount in Cash of the
 said Bill could not be ascertained.

The Appraiser considering that the
 sale of Messrs. Specht & Ham was only
 in the Intention to avoid payment,
 he could very easily ascertain the value
 of the said Bill, and that the only
 excuse which could be given by Messrs.

Specht & Ham for the non payment of the
 said Bill, would be that they had no cash
 of their own to have refused it or sold it
 by which he the Appraiser could
 have recovered against Messrs. Specht &
 Ham the sum of the said Bill, and the
 frivolous Excuse.

In consequence of all which
 he has found it necessary to protest
 against Messrs. Specht & Ham for
 Lopes and Damages, in respect
 of the non payment of the said
 in Capital Interest and Damages
 as well as against Messrs. Specht & Ham

him for non payment of the said Bill
 if Messrs. Specht & Ham should prove
 and clearly prove by their Books, that
 at the time when the Bill was protested
 the said Messrs. Specht & Ham had not
 funds belonging to Messrs. Strong & Sims.
 Whereupon I the said Notary at the request
 of the aforesaid Appraiser, have protested &
 by these presents do solemnly protest
 in consequence of the Premises against
 Messrs. Specht & Ham for all Lopes and
 Damages. That his refusal or non
 payment of the said Bill, is the concern of what
 ever Name & Signature it may be in or
 signature on the non payment of the
 before mentioned Bill. I therefore by these
 do solemnly protest against Messrs.
 Strong & Sims, for non payment
 of the said Bill, in case it should be pro
 ved by the Books of Messrs. Specht & Ham,
 that the said Gentlemen at that time
 the Bill was protested, had no funds
 belonging to Messrs. Strong & Sims.

This done and protested in the Gar

Amount of the said Bill from Messrs.
Specht & Stam who had let the said
to be protested on the frivolous pretext
that the real Amount in Cash of
said Bill could not be ascertained.

The Appraiser considering that the
sal of Messrs. Specht & Stam was on
in the Intention to avoid payment
the could very easily ascertain the
of the said Bill, and that the only
excuse which could be given by Messrs.
& Stam for the non payment
payment of the said Bill, would
be that they had no Cash
of their to have refused it, or
by which the Appraiser could
be secured against Messrs. Specht &
which resorted Messrs. Specht &
have deprived the Appraiser of
frivolous Excuse.

In Consequence of all which
he has found it necessary to protest
against Messrs. Specht & Stam
Lopes and Damages, in respect
the non payment of the said
in Capital Interest and
as well as against Messrs. Specht &

47
1807
Lopes for non payment of the said Bill
if Messrs. Specht & Stam should prove
and clearly prove by their Books, that
at the time when the Bill was protested
the said Messrs. Specht & Stam had not
funds belonging to Messrs. Strong & Sims.
Whereupon I the said Notary at the request
of the aforesaid Appraiser, have protested
by these presents to solemnly protest
in consequence of the Premises against
Messrs. Specht & Stam, for all Lopes and
Damages that has resulted or may
hereafter ensue, to the concern of what
ever Name & Figure it may be in or
signature of the non payment of the
beforementioned Bill. I likewise by these
to solemnly protest against Messrs.
Strong & Sims, for non payment
of the said Bill, in case it should be pro
ved by the Books of Messrs. Specht & Stam,
that the said Gentleman, at that time
the Bill was protested had no any funds
belonging to Messrs. Strong & Sims.

I have done and protested in the Gar
denhouse of Mr. Sims at Batavia
on 24th & Year as above written
in the presence of Mr. J. S. Prochius
as witness.

we have to import the following —

After having with attention considered your proposal for establishing a Bakery here with a view to furnish the Public with Bread of a good quality, on condition that you should exclusively have this privilege conferred on you, and that importation of Bread should be prohibited, we in regard to the first of your conditions do hereby grant your request as long as you do furnish Bread in sufficient quantity and of unexceptionable quality; of which we have no any doubts, and we have this day on account hereof, ordered the master of Police to make the necessary arrangements regarding the prohibition for the present Bakers, and you will from him be acquainted at what time you can commence with the said. — With regard to the interdict of importation of Bread from foreign places, we find such inadmissible, the more so, as we do not see how it can interfere with your ^{plan} being convinced, that as long as your Bread is found

Notary public, dwelling and practising
at Tranquebar by Lawfull Authority
duly admitted and sworn, came and
appeared Robert Bayfield Parin
Commander of the Gal Ship Pembroke
arrived in this Road yesterday -
his Chiefmate Joseph Lavelli, and
second Mate Charles Augustus
who according to the Logbook said
before me declared: That they on their
voyage from Bengal to the Mauritius
the 11th 12th & 13th Day of June past
experienced very severe Weather, during which
time the Ship laboured very severely
that, on the latter aforesaid 13th Day of
June the Larboard Pump became very
defective, and necessitated the Depo-
sants to bale out the Water, with Buckets, and
that a quantity of Grease and Oil of
different description came up the Board.

The aforesaid Depo-
sants also declared
which also according to the Logbook is the
cause that from the 4th to the 12th of
July, the present month, a series of
severe Weather was experienced and the
Sea so high, and confused, as to occasion
the Vessel to labour tremendously, and
open her seams forward and aft, &
continuing to make 5 fathoms of Water
an Hour - and that a greater quantity
of Oil & grease were coming up with
the Bilge Water.

Further the aforesaid Depo-
sants

1813
July

31st declared: that on the sixteenth day of July
on opening the Gunroom, to commence
an examination, to find out, from whence
the Leak proceeded, that they found the
Violence with which the Ship pitched, had
occasioned the seams to open, and the Water
to come in all along the Transverse
gang - seven Bolts of which was
the only article, that were fished after
the Gunroom, and that they however
were not able to ascertain with the Cargo
in the Hold had suffered.

Finally the above Depo-
sants further declared, that they had endeavoured
to stop the water from entering aft but
were unable, and that now for the safety
of the ship and Cargo, and for the benefit
of all concerned in the said Ship and
Cargo it was absolutely necessary, to
undergo some repair and

at this place, and also either to put
the aforesaid Pump in proper order,
or get another one.

In consequence of all which
the appo-
sants have requested of me
the said Notary an act to avail the
said Robert Bayfield Parin, the
owners and others in the premises.

Wherefore I the said Notary
at the requests of the aforesaid ap-

these presents do solemnly protest

We the undersigned Commander
resident at present at Tranquebar
having been called upon by Capt.
B. Pavin upon a survey on Board
the Pembroke, in order to examine the
state of sundry Casks of Mustard
Oil, for said to contain Mustard Oil,
we have accordingly repaired on
the Pembroke, and strictly examined
the whole of the aforesaid Casks, and
and brought them on shore after the
said examination and do declare
that they are stowed in a secure
like and proper manner, and

2nd Bondson & John Moralle do moreover declare
that we have several times brought Oil
from Bengal, and that from experience
we are confident that the barge proved
chiefly from the Casks being of too slight
a nature to contain Oil, and also that
they are in a very bad condition, very badly
coopered and prepared, neither are the
hoops sufficiently secured.

And we the undersigned having ex-
amined the Ship Pembroke, Logboat, and
finding she has experienced very severe
weather we are consequently of opinion
that the Leakage may have partly arisen
from the great Labouring of the Ship.
We the undersigned are also of opinion
that it is for the benefit of every person con-
cerned in the said Oil, to put all that
is remaining in the bad Casks, into other
good Casks, otherwise if such precaution
is not used, it is almost certain that they
will leak entirely out by the time the
Pembroke arrived at the Isle of France.

The Affidavit of Frederick Helmer, late Chief Officer of the Brig *Petterhøp*.

The Deponent on his Oath, said that he sailed from Batavia, on or about the 2nd February 1813, in the Brig *Petterhøp*, commanded by Capt. Groth, for the Coast of Coromandel, as 1st Officer, that finding it impracticable to get thro' the Straits of Mindar, at that time, it was determined to go round Java, that on the 14th February after encountering a series of bad weather for several Days, in which we lost all our Anchors, Cables, and two Guns, and the Vessel labouring much with the Cargo, we were obliged to run her on shore, for our Preservation - that on the 21st of February, we succeeded

in heaving her off, after procuring new anchors, and proceeded to Sourabaya, to repair her Damages. — That on the 24th of March, having relieved Distresses, we left Sourabaya to proceed again through the Straits of Sunda, for the West Coast of Sumatra. The Monsoon had then so far changed, to make the route now preferable. — That during our attempt to get thro' the Straits of Sunda we experienced bad weather, which caused the Vessel to strain, and obliged us to pump her out every 2 Hours, — That in the 13th May we anchored in Benicolen Roads — That on the 14th of the same month when at anchor in Benicolen Roads, we discovered a Leak in the Pump, which was repaired immediately, and sent down, — as will appear from the following Extract, from my own Logbook, which I kept.

Saturday 15th

The first part of this 15th Morning the Wind variable from S.W. to N.E. with rain — carrying away one of the main Stowages in the Starboard being rotten, — at 3 P.M. found the pump delivered Water as before, found a Leak in the Pump — stopped the Leak with Lead and Tallow — then the Captain thought it best to try to get a new one, — That on the 16th we sailed from Benicolen for Padang, that on the 24th we anchored in Padang Roads & left it again on the 25th — That the Lead Pump was left at Padang, and that the other was sufficient to keep the Vessel clear of Water — That our Passage to Tappenoolly we experienced

severe bad Weather, and on the 1st June, when 143 of that Port, we experienced a very severe Gale, and the following is an Extract from my Logbook of the same —

Monday 1st June Fresh Breeze and squally from the Westward, at 2 past 3 P.M. came to an anchor in 13 fms with the small Bower, but the current, N. N.W. the Sugar Loaf, S. by W. Distance 4 miles, at 4 past 4 P.M. the Wind shifted to the N.E. with a violent gale & Sea, set up the Bower & still driving, at 5 past the Bower being now 14 fms — the Sugar Loaf S. by W. but the current, N. by W. a very heavy confused Sea, sent the People about to get the Top gallant Masts and yards down, but in vain, the Vessel pitching so severely, that we expected the masts to go over Board every moment, at 6 P.M. the gale abated, got down, the Top gallant yards & Masts —

And the Dependent further says, that the Prig Butterhope did not damage her Cargo, and that when she left Port Louis, she was sound and strong & worthy, perfectly capable to perform the Voyage, & that but of my knowledge, and that I am convinced, and she not get on shore in the first Instance, and not meet the extraordinary bad Weather, afterwards, she would have made her Passage to the Commodore Coast in perfect Safety —

Signed by M. Holmes, and sworn before

Port Louis the 28th of April 1814.

whom it hath, shall or may concern, that on the 15th Twenty fifth Day of February, in the year of our Lord One Thousand, eight Hundred and fifteen, before me Erich Kier Miller, Notary public, dwelling and practising at Tranguibue, by lawful authority, duly admitted and sworn, came and appeared Philip Jamieson, Commander and Owner of the Ship "Cheerful", now lying in this Road, with his Chiefmate John Bailiss, and his 2^d Mate James Shannon - who according to the Logbook read before me, solemnly declared on oath: that they on their Voyage from Bengue towards Madras, the 13th Day of January past, experienced very severe Weather accompanied with a heavy Sea - which put them under the necessity, for the safety of the Ship and Cargo, and for the Benefit of all concerned, to have overboard 250 to 300 Bags of Wheat and Black Seeds - as no other Alternative was left them.

In consequence of these aforesaid Reasons the Dependent Capt. Jamieson have requested of me the said Notary, a legal Act and protest made, to avail and to exempt him and others in the premises, for all Losses and Damages, occasioned, or to be occasioned by reason of the aforesaid.

Whereupon the said Notary, of the request of the aforesaid Capt. Jamieson, have protested, and by these presents do solemnly protest, against all and every person or persons whomsoever, whom it hath or may concern, for all Losses and Damages whatsoever, occasioned, or to be occasioned by reason of the aforesaid,

Cables on Board, having lost them all in the 16th late bad Weather on this Coast - and that it was not in his power to procure any Anchor in this Port, for which reason he was under the necessity, to proceed to Nagore, for there if possible to procure the same.

The Depoent further declared, that during his Passage from Bengal, he found the Brig making a considerable Quantity of Water, occasioned by a Leak, as he supposed to be close to the Keel, on the Harbour side, abreast of the Gangway, which Leak he found daily increasing - and that a part of the Cargo already was damaged on account of the said Leak. - For which above stated reasons, he thought it necessary, and benefit for all in the said Brig and her Cargo, concerned - to go in with her in the River of Nagore, for there to repair the said Leak.

In Consequence of all which, the Depoent Capt. Phillip Garrison was requesting of me the said Notary, a legal Protest made to avail him for all possible responsibility, Losses, Damages, and delay, that already had, or hereafter may ensue, to the Concern of whatever Name and Nature it may be, by reason of the aforesaid.

Whereupon I the said Notary, at the request of Capt. Phillip Garrison, have protested, and by these presents do solemnly protest, against the above stated Accidents, and

appeared the said Robert Bayfield, Master, accompanied by Thomas Burgess, Chief Mate of the said Brig Bucephalus, who producing unto me the Log Book of the said Brig, repeat, say and depose as, and for true, what is therein and herein, written, To Wit. That the said Brig Bucephalus being tight, staunch and strong, her Cargo properly and securely stowed, her deck & hatches well covered and the said Brig in all respect well and sufficiently found, manned, provided and furnished with all things necessary for her intended Voyage sailed from Port Louis, in the Island of Mauritius bound on a Voyage to Ceylon and Bombay on Sunday the Nineteenth day of October, in the said year one thousand eight hundred and sixteen without meeting with any thing worthy of Notice, until Friday the 7th day of November, from which day to Sunday the 23rd of November the Wind being continually from the Westward attended with a very strong Eastwardly current, drove the deponents Vessel into Lat. 6° 10' North & Long. 85° 27' East, and consequently entirely to leeward of the Island of Ceylon, that having exercised all their ability and skill, and used their utmost endeavours to reach the said Island of Ceylon to no effect, they on Thursday the 27th day of November, finding the provisions getting short, came to the determination of proceeding to the Coromandel Coast for refreshment, and arrived at Tranquebar on Saturday the 13th day of December.

All which circumstances are duly noticed in the said Bridge Log Book, and the said Appraisers declare that whatever dam-

age hath arisen or may arise to the said Brig, or the Goods of her Lading, or whatever losses, detentions or detentions may be sustained either now or at any time hereafter is to be entirely ascribed to the Contrary Winds and Weather experienced at the period herein set forth, and did not in any manner arise from any insufficiency of the said Brig, or from want of Care or Skill, in the Appraisers or their Ships Company, whom in the Contrary Wind their best, and utmost exertions, during the whole of the Voyage as well for the preservation of the said Brig and the Goods of her Lading, as for the Navigating of the said Vessel.

Wherefore the said Robert B. Pavin and Thomas Burgess have requested of me the said Notary to protest as by these presents I do, in the most solemn manner protest against the Underwriters and Assignors, of the said Brig, and her Cargo, their Heirs, Executors, Administrators and Assignees, and all other, whom the same doth concern, for all losses, Costs, charges, damages, injuries, expenses, which have arisen, or shall, or may arise in the Premises, to the end, that same, and all and every part thereof, may be borne, suffered, and sustained by those, to whom of right the same may appertain, and be recovered and received in time, & place convenient.

In faith and testimony whereof, I the said Notary, have granted these presents, and caused the same to be subscribed by the said several Appraisers, who with the undersigned Witnesses and me, the said Notary have subscribed their Names to a Counterpart hereof, which is now remaining in my Protocol.

Be it made known and Manifest that on
Monday the 15th day of January in the year of our
Lord One thousand eight hundred and Eighteen
at Tranquebar in the East Indies, before me Julius
Lorentz Notary Public, duly admitted and sworn
and residing & practising in Tranquebar aforesaid,
personally came and appeared Thomas Burgeps
Chief Mate of the Brig called the Bucephalus
now riding at anchor in the said Roads of Tran-
quebar, and Khoben Mahomed, Syrang, who
producing to me the Log Book of the said Brig
repeat, Say and depose, as, and for true, what is
therein and herein written. To wit. that a few
day the 14th of January between the hours of
9 & 10 in the morning, there was a loss of
Brandy of the said Brig Lading Imported
from the Mauritius stow and the whole of
the same lost; the deponents further state
that the same arose from the aforesaid
Brig Bucephalus taking a very heavy toll
when her boats caught the Catamaran on which
the Pipe of Brandy was laden, and entirely strewed
it in. - All which Circumstances are duly
notified

in the said Log Book, and lastly, the said
Apparatus declare that the loss which has been sus-
tained is to be entirely ascribed to the violent rolling
of the Vessel, and did not in any manner arise
from any insufficiency of the said Brig, or want
of care or skill in the appraisers or their Ship Com-
pany, whom on the contrary used their best and
utmost exertion for the preservation of the Lading
of the said Brig.

Wherefore Robert Bayfield Parin
Commander of the said Brig Bucephalus, Thomas
Burgeps Chief Mate and Khoben Mahomed
Syrang, have requested of me the said Notary to
protest, as by these presents I do in the most
solemn manner protest against the Unlawfulness
& Assigns of the said Pipe of Brandy, their Heirs
Executors, Administrators & assigns and all others whom
the same doth concern, for all losses, costs, charges, damages,
inquiries expenses which have arisen or shall or may arise
in the Premises to the end, that the same and all
and every part thereof may be borne, suffered, and
sustained by those of right the same may appertain

It is made known and manifest, that on Monday the 13th day of May, in the year of Our Lord: One Thousand Eight Hundred and Twenty, at Tranquebar in the East Indies, before me Julius Forster, Notary Public duly admitted and sworn, and residing and practicing in Tranquebar aforesaid, personally came and appeared William Ogden, Commander of the Schooner *Blair* John, now riding at anchor in the Roads of this Place, who, producing unto me the Log Book of the said Schooner, therein says deposes and declares upon his Oath as and for true what is therein written and of which the following is an Extract.

28 March 1820 at 2 P.M. Anchored at Bomben or Adams Bridge in 2 1/2 fathoms. Threatening appearances to the East. Equally attended with rain - down top masts and yards. - Drizzle during the night. 29 March 1820 at 8 A.M. Pilot and his gear came on board to pilot the Schooner through the Falls at Adams Bridge employed Warping from the Anchorage at 9 the Pilot ordered Sail to be made, at 10 the vessel struck hard on a Rock, hove all aback and back'd her off. Pilot ordered the anchor to be let go. Sounded 1 fathom. Water ran out an anchor employed in warping out. Should any damage have been sustained, which does not at the present appear. I hereby protest against the said Pilot on account of those whom it may concern - at noon passed through the Bridge. Large threatening appearances to the S. & W. anchored in 2 fathoms at 2 P.M. Heighed and stood out for the bridge or fairway and anchored in 2 1/2 fathoms. From the appearance of the weather apprehended a gale was coming on. At 4 P.M. it commanded the vessel being anxious to get clear of the Island

in consequence of the Pernicious

Further appeared before me Mr. L. Meinhardt, Master Attendant of this Place P. Kock, late Commander of a Vessel, L. Buffet late officer in the French Navy, now a Bourgeois J. Mullins, carpenter & brazier, & P. Amie native carpenter, all of this Place, who at the request of the aforesaid Capt. B. Chabrie, had this morning early been onboard the said Ship for to examine the above mentioned Leak, and now declare upon oath: That the Ship des Trois Socurs, after the pumps, in their presence had been sufficiently worked, still continued to hold 12 inches of water in her hull; That an hour, after pumping, the water had increased to 23 french inches, and after the operation of half an hour from that time, there was again found to be 27 inches of water not withstanding the Ship did not labour in any way; That they then went down into the hold of the Ship in

search of the Leam, where by the advice of the Officers of the Ship, they made several holes in the interior, jamming, but could not find the Leam.

They accordingly were of opinion that the said Leam was in the bottom of the Ship, and of course any further examination of no use, the Ship riding in this open Road, where a Leam so situated can not be repaired. They therefore all together agreed upon, and were of opinion, that the said Ship could not with safety be considered seaworthy, and they declared, in consequence that Capt. Chabier had better seek the nearest Port viz. Portonovo or Killeby in order to get the Ship properly examined, and repaired, provided it can enter these harbours, if not, they advised him to go to Ceringo or Trinquemalai. In consequence of these circumstances the said Capt. Chabier has requested of me the said Notary to protest as by these presents I do in the most solemn manner protest against the above mentioned Leam for all possible delay, losses and damages, that upon the said scrapen has already & may hereafter ensue to the concern of, whatever name and nature it may be according to the Premises.

In faith & testimony whereof I the said Notary have granted these presents, and caused the same to be subscribed by the said several Appraisers, which Persons were the only ones, possessed of the requisite qualification in this case, wherefore full faith & credit ought to be given to this their declaration on Oath, now made before me.

Thus done & protested at Tranquebar day 4 year as above written.

Publicat D. June 1820

/ Signed / W. Odum

On the Fifteenth day of June in this Year of our Lord one Thousand Eight Hundred & Twenty at the Request of Dalway Tambos and Kandoo Moddeliar, J. Julius Lorentz Notary Public, dwelling and practising at Tranquebar, by Lawfull authority duly admitted & sworn, exhibited the original Bill of Exchange, above Copied, to the Royal Government of this Place to whom the same is addressed, and demanded acceptance thereof. The said Government replied: that it could not accept the said Bill, because the drawer had in the first place given no advice of issuing a Bill of Exchange, and in the second by doing so, they had acted quite contrary to the orders of this Government in respects to the mode of payments of the sums remaining in the Royal Treasury, for accounts of the late Firm of Messrs. Harris & Stevenson.

Whereupon I, the said Notary at the Request of the aforesaid Bearers Dalway Tambos & Kandoo Moddeliar did & do hereby solemnly protest against

The Drawers of the said Bill, and all others concerned,
for Exchange, Re-exchange, and all costs & Damages and
already suffered & to be suffered for want of acceptance
of the said Bill.

Thus done & protested in Tranquebar aforesaid day
and year as above written in the presence of

Gentlemen,

I have this moment been favoured with
your answer on mine letter of this Morning, and am
sorry to observe that its content is not satisfactory
to mine request, after you have duly received from
me, on demand, mine Indemnifications Bond for
the said Bill of Bills.

On your proposal respecting a Bill of Exchan-
ge to be given to me on the Royal Board of Commerce
at Copenhagen payable in London, for the amount
of your Protested Bill, I have to say, that it is en-
tirely not convenient to me to accept it, as having
got accounts with Mr. Ambrose & Mr. Arnold to be
settled here, I therefore beg leave to repeat to you
by this, mine request of this Morning, and expect
to meet with an immediate discharge of the amount
of your dishonored Bill in my favour, with all its
charges as for Protest forwarded to you by mine

The said Notary, at the request of J. Kierfeld Esq.^r did solemnly protest against the Drawers of the said Bill and all others concerned for Exchange, Re-exchange and all costs, damages and Interests already suffered and to be suffered for want of acceptance of the said Bill.

But as John Wickens further declared that he could consider this act of Protest only as a nullity because it was executed on a Sunday, a day upon which such business, according to the laws of the country was not permitted, I the said Notary therefore informed him that, according to the Danish Laws, which he, as an Inhabitant of this place, now was under the necessity to obey, it was entirely indifferent in respect to the legality, whether a Bill of Exchange was presented and protested on a Sunday or any other day, and if this be the reason of his not accepting the Bill, I should be obliged to present it again on the morrow, for the same purpose; whereupon John Wickens declared himself satisfied, and acquiesced in the Protest done. However at the request of the aforesaid J. Kierfeld Esq.^r, to avoid all possible risks on his part & of those concerned, and to prevent any future excuse on the part of John Wickens in the above respect I the said Notary, this day the Twenty fifth of September 1820 again went to the dwelling of Mr. Wickens in order again in due time to present & protest the said Bill, but being told he had left this Place on the preceding night, I noted my Protest of yesterday before Mr. Røp the brother in law of Mr. Wickens, who promised to inform him thereof as soon as possible. I then protested

25th
and do hereby protest in the most solemn manner against the Drawers of the said Bill and all others concerned for Exchange Reexchange, and all cost damages and interests already suffered and to be suffered for want of acceptance of the said Bill.

Thus done & protested in Tranquebar aforesaid as above written, in the presence of Mrs. Areboe as Witness.

Sentence
in the cause No. 1820, C. C. Tr. 1820,
Counsellor Kopied as Mandatarins for
Mr. Edward Musket at Colombo, versus
Capt. John Wilkins. —
#

On the 6th of January this year the defend-
ant issued his promissary Note to the
amount of 1000/- One Thousand/- Rys.
Dolar Colombo four to being part payment
of purchase money for the latter Eligable
to be paid down to Mr. Edward Taylor or order
6th of 1st Months after date, for the 6th of July
1820 with interest 9 p^{er} 100 p^{er} ann which
Promissary Note, on the same day,
6th of January 1820, by the said Mr.
Edward Taylor has been transferred
or endorsed to Mr. Hendrick de Haan
or his order.

On the 24th of July next after, the new ment
tioned Hendrick de Haan has given to Mr.
Edward Musket a general Power of Attorney
in his name and in his part to demand, sue for
and receive from every person or persons
whomsoever, every sum or sums of money
due to him of every kind whatsoever due to him
in consequence of which power of Attorney Mr. Musket by
an other Power of Attorney, dated the 4th of
August 1820, has again in a like manner
authorized the Plaintiff Counsellor Kopied,
in specie to demand and receive what the
defendant Capt. Wilkins owed according
his above mentioned Promissary Note is-
sued the 6th of January h. a. to Mr. Edward Tay-
lor or Order.

In a Letter dated 24 August next after
the Counsellor Mr. Kopied has called on
Capt. Wilkins to recover his beforementio-
ned bond of the 6th of January 1820 by pay-
ing the amount of the same. Capt. Wil-
kins has in reply thereto, under the
same date, as well as afterwards on
the 28th of the same month, when the
Notary Public visited him for that pur-
pose, alleged to have issued his of men-
tioned Promissary Note under
supposition, that Mr. Rodney Kemprat
Boribay had no claim whatever on the

Cutter Eliza, sold to him, that Mr. Edward Taylor, who sold him the said Cutter certainly, had given him the Title and on the same, but that he J. Taylor had got it back again, that he Capt. Wilkens therefore did not believe himself obliged to pay the amount of the Bond in question, and that the Counsellor Mr. Hoiford would guaranty him the delivering back of the said Title Deed of the Cutter Eliza, for which Bond had been issued as part payment, and also ensure him against the claim which Mr. Rodney Kemp is said to have on that Cutter.

As Capt. Wilkens, in consequence of the above, refused payment of the said debt, the Counsellor Hoiford found himself under the necessity by a fiat of 4th September 1781. to summon Capt. Wilkens to meet before the City Court on the 11th of the same month in order there to see him sentenced by Law to pay the before mentioned Capital of 1000 Rixdollars plus interest at 6% per annum from the date of the Bond, the 6th January 1782 until payment, and also to reimburse all expenses of the suit.

The defendant J. Capt. Wilkens gave his reply in this Cause,

263
in his Plea of 25th 1781 as well as in an other one of the 9th inst. he pretends:

1. That the Power of Attorney which Mr. Pinsket under Date of 4th August 1781. has given to Mr. Hoiford must be considered as unlawful, because the Authority concerned has not certified on the same, that the Person J. Giffening, who has signed it as acting Notary Public, really is such a person, as he styles himself.

2. That the Endorsement of the Bond in question neither to Mr. E. Pinsket nor to the Plaintiff Counsellor Hoiford, was written on the same. And that he until then took place did not believe himself obliged to recover the same.

3. That he neither recognizes nor acknowledges the signature of Mr. Edward Pinsket and the power of attorney issued the 4th of August. On this reason the defendant pretends the cause to be rejected, and all expenses suffered on account of the same restored to him.

Having thus shortly mentioned the protestations alleged by the defendant under the proceeding of this Cause, the Court proceeds now to examine, if, and how far, these protestations ought to be followed.

Previously it must be observed, that the Court has not been able to take any notice whatsoever of the protestations

alleged by the ~~the~~ defendant as well as the
Note to the Councillor Mr. Hooper dated 27th
August, as afterwards in his reply to the
Notary on the 28th instant, because he
the defendant has not, even by one word,
mentioned the same under the pro-
ceeding of the Cause before the Court,
which protestation accordingly must
be considered as renounced.

In respect therefore to the above 1st,
the Court must observe that, notwithstanding
the most solemn warnings from the pro-
secutor on the part of the Plaintiff, the defendant
has not dared to declare the signature of Mr.
Gifford as Acting Notary, to be false, but
has only contented in asserting that the
power of Attorney was unlawful because
the pretended verbal Attestation by the Go-
vernment-Secretary at Colombo was
wanting on the same. — Our laws
at least do not require the observation of
this formality. Every Officer in the Service
of the State must under such Circumstan-
ces, and in justice, be acknowledged in the
quantity the subscribed himself, until the
contrary has been proved, and until that
time his signature must have public
fidei, the Court can accordingly take
no Notice of this protestation.

As to the second, the same is of as
little consequence, because those Con-

263
cerned, one to another, by lawful powers of
Attorney have transferred their right to des-
cend, and by all lawful means to sue
for and receive from the defendant, the
sum now in question, which powers
of Attorney in respect to the transferring
of this right, doubtless must have the same
virtue as any simple Endorsement on
the bond itself. The Court is over and
above of opinion, that, whenever the
defendant got back his bond acquitted,
on paying the amount of the same, he
from that time would be covered and
sufficiently secured against every claim
in that respect.

As to the 3rd and last protestation
the same must likewise fall to the ground
as unfounded, since the Power of Attorney
granted to the Plaintiff by Mr. Misset,
according what has been stated in the
certificate of M. H. must be acknowledged
as lawful, and the protestation thus,
by the Notarial Attestation, to be refused.

The defendant, Contradictions
thus falling away all together as unfounded,
and the claim for the rest acknowledged
by him, it accordingly becomes a matter
of course, that he must also be deemed
bound to pay the same as demanded,
and therefore the before in every respect,
it further follows, that he must indem-
nify the Plaintiff for all expenses suffered on.

on account of this lawsuit.

The Judge further thinks it proper to observe that the defendant, Capt. Wilkens, who on the 14th inst. never spec-
tably made himself manifest, and entirely disappeared from this Colony by this behaviour, little becoming the Character of an honest man, has just-
ified the opinion, that his intention in alleging the above mentioned Con-
tradictions and protestations under this lawsuit, against paying his debt, has solely been to protract the Cause in order, in the mean while, to execute his intended and now effected escape.

With reference to, and in consequence of the above stated:

The Court deems just to be:-
The Defendant, Capt. Wilkens, is bound to recover his Bond or Provisionary Note, issued on the 6th of January 1820 in favour of Mr. Edward Taylor or Order, by paying to the Comptroller Mr. Hooper the amount of the same, being One Thousand £ 1000/ Regsdollars Colonially or Madras Rupees 634. 9th 11/4th of Six Annas & Thirty One, Nine Annas & Eleven ¹¹/₁₆ Raps, and besides interests of this sum 9 pth 9th a: from the date of this Bond the 6th January 1820 untill payment. He is likewise bound

267
further to repay to the same, Mr. Hooper, all expenses suffered by this lawsuit untill perfect indemnity according a just ac-
count.

All of which to be adjusted and obeyed before the expiration of 15 days after this Sentence being lawfully denounced, -
