		4 @ 6	In fixing the allowance to the Bishop of Madras for his visitation expences, the Court state that they have been guided principally by a reference to the allowances already sanctioned on the same account to the Lord Bishop of Calcutta, and under circumstances noticed, sanction the payment to the Lord Bishop of Madras of 1,000 Rupees p mensem, during the period of His Lordships absence for the purpose of discharging his visitorial functions, within the territories subject to the Government, and also authorize Lascars and Tents to be furnished for His Lordship's use.	..	..

Observe that the amount of the first donation had been expended without Estimate or supervision and think that there should always be some check on the expenditure of considerable grants of the Public money.	..	..
8	30th November 1842.	..	The Court have permitted the Reverend G. I. Cubitt, a Chaplain on this Establishment to retire from the Company's service, such retirement to commence from the 26th July 1841.	..	..
9	30th December 1842.	1	The Court observe that, in their despatch in this Department, dated 5th April 1839, they desired to be furnished with a correct and authenticated copy of the Ecclesiastical Registrations of the Vepery Mission Church, in reply to which requisition, copies of certain Registrations were forwarded which the Court named only with the view of shewing the necessity of their being furnished with the Ecclesiastical Registrations generally.	..	..

		3	Do not object to the regulation established at this Presidency, whereby Chaplains according to seniority are allowed the option of officiating at Ootacamund for two years without prejudice to their allowances, but adverting to the appointment of Archdeacon Harper to that station, deem it deserving the consideration of the Lord Bishop whether it can consist with a proper and efficient discharge of the duties of Archdeacon that a Chaplain filling that Office should be located at such a distance from the Presidency.	..	..
		4	Under circumstances noticed, the Court are disposed to grant to the Reverend G. Trevor the extra allowances, solicited by him for the whole period during which he remained in sole charge of the Joint Chaplaincy of Bangalore.	..	..
		5	Advert to the impossibility of extending to the Presbyterian Community the principle recognized in regard to visits by Chaplains to every station where members of the Church of England are resident, but do not object to one of the Presbyterian Chaplains occasionally visiting any of the Out stations, at which a large number of Christians of that persuasion may reside.	..	..

Dr. Powell and that this Reverend Gentleman should be removed from the Presidency to an up-country station, the Court observe that it is not their province to interfere between the Bishop and his Presbyter on questions of a purely spiritual character, at the same time they observe they are not prepared to pass unnoticed, any disposition on the part of their Chaplains to be wanting in that respect towards their superiors, which is alike required from all branches of their service, and express great regret to see in Dr. Powells' communication with his Diocesan a tone of writing unbecoming his situation.		
4 @ 6			With respect to the Company's servants generally being connected with the Public Press, the Court's views were made known in a Political despatch to the Government of India, which if ever communicated to this Government appears to have escaped the notice of Mr. Chamier when referring to the subject in his minute recorded in these Proceedings and as the Court do not think the occupation of editing a Newspaper can be compatible with a proper discharge of the sacred duties devolving on a Chaplain, desire that their Clergy be required to disconnect themselves from any such engagements.	..	..
7			With reference to Dr. Powells' continuance at the Presidency, the Court observe that they will not interfere with the discretion of the Governor in Council to locate the Chaplains, as in communication with the Bishop, he may think fit, but desire a conformity with the orders issued to Bengal, that those places at this Presidency which may be preferred by Members of the Ecclesiastical Establishment shall in future be filled according to seniority from the Eleven full Chaplains.	..	..

		4	Approve of sanction given to such part only of the Bishop's plan for increasing the efficiency of the Ecclesiastical Establishment as could be carried into effect without contravention of Courts' orders respecting the employment of Clergymen not in their regular service, and direct that, in any further arrangement for the same object, their positive prohibition on this head be always borne in mind.	..	..
10	2d Octr. Do.	2	With reference to the complaint of the Reverend W. T. Blenkinsop against the Reverend Dr. Powell for visiting a sick lady and christening her child in the district of the former the Court are of opinion that altho' such occasional Offices should not be absolutely prohibited, yet when practicable, a communication should always be made without delay, the fees being received exclusively by the Chaplain of the district or station.	..	..

Desire that the Revd. I. McEvoy be relieved from the retrenchment of the monthly Batta of Rupees 100 while at Jaulnah, this special allowance being discontinued on any future appointment to that Chaplaincy.

3 & 6

Cannot depart from their former decision on the Revd. G. Trevor's claim as communicated in para. 4 of their Despatch of the 26th April, No. 4 of 1843, and adverting to the position in which those Chaplains appointed previously to the 31st August 1836, as compared with the position of those subsequently appointed, determine to fix the same rate, viz., 700 Rupees per mensem for all full Chaplains, whether appointed before or after that period. This arrangement, as regards those Chaplains who may be drawing less than that sum will take effect from the date on which the 1st Assistant Chaplain may be promoted to a full Chaplaincy, whilst those drawing more will not be deprived of their existing allowances, so long as they continue in charge of the Chaplaincy.

7 Consider the circumstances of the Revd. Mr. Blenkinsops being temporarily without Colleague at the Cathedral, does not afford any reasonable ground for a claim to a special allowance in addition to his allowances as Junior Presidency Chaplain.

3 2d April 1845.

Transmit copy of a letter from Captain A. M. McCally the staff Officer recently in charge of Public Buildings at Mangalore, furnishing explanation respecting the erection of the Church at that station, consider the whole of the Proceedings connected with that Building as most unsatisfactory, the work having been extravagantly, inefficiently and badly performed, and desire that their sentiments may be communicated to the Military Board whom they cannot exonerate from blame.

Having recently called for information on the whole subject of the system of holding churches in Joint occupancy with missionary societies, will not at present discuss the term on which that joint occupancy takes place in a single instance but suggest that, on the interpretation to be put upon any existing engagement with the society, the Government be guided by the opinion of their legal advisers.
