## PREFATORY NOTE

---

This volume contains the Proceedings of the President and Council of Fort St. George for the year 1711, comprised in the forty-second volume of the Series "Diary and Consultation Books." As the original manuscript volume in this office runs up only to a few lines of the Diary and Consultation for November 9, the India Office had the kindness to supply typescripts for the gap, November 9 to December 20.

The manuscript volume has been mended and is in a fair state of preservation.

\* The President having private advices that a small vessell was arriv'd at Pondichery with Danes colours from Bengall, that at the time when he came thence they see a small vessell with English colours suppos'd to be one of the Companys vessells cruizing to look out for the French ships expected there, and that some of their people having been on board the English vessell it was there declar'd to them that they had seen four ships in the offing and being in that track suppos'd them to be the French, it is further added that said ships are in their way to touch at St. Thoma for advices because there goes a report that nine Dutch ships are design'd to intercept and attack them, in their way [to] Pondichery, which we are more apt to beleive because the three expect'd ships of the Companys and severall Country ones are detain'd so late that we may reasonably beleive is occasion'd by the French ships [being] there, which we are the more confirm'd in by letters rec<sup>d</sup> from Cap<sup>t</sup>. Raym[ond] to the President and severall others by a Sea Conveyance dat'd the 9<sup>th</sup> Decemb<sup>r</sup> wherein he says that he waits nothing but to have certain advices of the French ships

Upon the whole the following resolutions were taken and order given (Cap<sup>t</sup> Phrip being present) that he keep a good look out att Topmast head, that on the sight of one single ship he putt abroad usuall colours, but upon the appearance of two or more that he [fly his pennant at Fore-top] mast head, that he keep his decks clear [*one line lost*] attempt in night that the Frederick fire a shott athwart their forefoot of which if the enemy take no notice, then to fire as fast as they can to alarm the Garrison, that the Commander doe bring his ship as near the shore as possibly he can with safety, that he may receive all the assistance we can give him from the Fort.

The Cheif Gunner being sent for is orderd to draw all the guns upon the severall batterys that face the sea and load them with Europe powder [&c<sup>a</sup>] that they be kept shotted untill our further order.

Generall letters from the President & Council in Bengall dated the 17<sup>th</sup> ult<sup>o</sup>. rec<sup>d</sup> the 1<sup>st</sup> inst<sup>t</sup>. 4 ships Des Bouverie & Sherborne now read advising they might have dispatchd these ships to us much sooner, but were delay'd thrô the apprehensions of the French ships expected there, as two of them were but did not stay long, and proceeded thence along the Coast for Pondichery, and passd by this Road the 20<sup>th</sup> ult<sup>o</sup>, they likewise advise that they had dispatchd the King William & Concord and that they would dispatch home the Europe & Susannah the latter end of that month.

In the Packet by the Des Bouverie we rec<sup>d</sup>. a letter from Mess<sup>rs</sup>. Hedges & Russell who were sent down to dispatch the shipping dated the 21<sup>st</sup> ult<sup>o</sup>. advising that the Commander of the Sherborne had returnd severall goods that were sent down in order to be laden on board said ship, and invoicd [upon] to us, and they having askd the Command<sup>r</sup>. the reason why he did not take on board his full Tonnage he gave them for answer it was occasiond by the carelessness of his Officers in the ill Stowage, and Cap<sup>t</sup>. Cornwall being now sent for and the said letter read to

—FORT ST. GEORGE, FEBRUARY 1710-11—

him, gave us for answer that the goods were sent down in such a hurry, and they being in haste to dispatch him in Company with the Des Bouverie that he had not time to stow his ship to advantage, otherwise could have taken in fifty Tuns more, It is therefore orderd that the Gunner, Cap<sup>t</sup>. Jones, & Cap<sup>t</sup>. Hurst doe immediately goe off on board the said ship (before any thing be unloaden) to view and examine the Stowage of her hold, and make their report to us in writing, and being returnd from on board doe deliver in the same which is as Enterd after this Consultation, the Commander is likewise orderd to send on shore all his Kentilage Lead on the terms agreed on between the Hon<sup>ble</sup> Comp<sup>as</sup>. & his Owners.

Mr. Martin Warehousekeeper pays into Cash Four Thousand Pag<sup>s</sup>. acco<sup>t</sup> Silver sold, and also produces an acco<sup>t</sup>. of velvets, silks, and druggets, which begin to decay as Enterd after this Consultation, which are Orderd to be sold at publick Outery.

Agreed and Orderd that all the goods Loaden on y<sup>e</sup> Bouverie in Bengall proper for Europe be continued on board her, and the Warehousekeep<sup>r</sup>. is orderd so soon as he has unloaden all the packing Stuff, stores &c<sup>a</sup>. for this place that he doe then load on board what bales he has in the Godowns in such manner & sort as the Captain shall direct, and the Command<sup>r</sup>. being now [s]ent fo[r] was ask'd what quantity of bales he thought might be sufficient to fill up his ship, to which he could give no certain answer, but beleivd it might be between 8 & 900 bales the Season being late and fearing we shall not gett such a quantity of goods so soon ready here, as to give him a timely dispatch, It's therefore agreed and orderd that we write to the Dep<sup>ty</sup>. Govern<sup>r</sup>. & Council at Fort St. David that they doe with all diligence and Secrecy send us up [three] or four hundred bales upon any good ship or vessell that may be at their Port, but to take speciall care that all the bales be mark'd with Geutue marks, and the English notes taken out of the bales and sent us overland, which is necessary to be done at this time there being four ships of the common enemys now in Pondichery road.

Cap<sup>t</sup>. Raymond requests that what Saltpetre brought up [from] Bengall more than his Charterparty proportion, may be continued on board him to make him sail worthy, which is granted and said request is as Enterd after this Consultation.

—FORT ST. GEORGE, FEBRUARY 1710-11—

TO THE HON<sup>BLE</sup>: WILLIAM FRASER ESQ<sup>R</sup>.  
GOVERN<sup>R</sup>. OF FORT ST. GEORGE & TO  
THE GENTLEMEN OF THE COUNCIL.

The Petition of Anne Foquet & Elizabeth Browne doth humbly sett forth.

The unworthy treatment your Petitioners have mett with from Cap<sup>t</sup>. Henry Cornwall Command<sup>r</sup>. of the Sherborne, yo<sup>r</sup>. Hon<sup>r</sup>. is no stranger to this story, nor the rest of the Gentlemen at this Hon<sup>ble</sup>. Board, therefore shall be as breif in relating it as we can, In the year 1707, and before he went last for England Henry Cornwall aforesaid and your Petition<sup>r</sup>. Elizabeth Browne, did enter into a Contract of Marriage, and that in as solemn a manner as such Contracts usually are or can be done, for we plighted our Faith either to other in the most binding terms, and changd rings in the presence of competent witnesses, Anne Foquet, yo<sup>r</sup>. Petitioner, M<sup>r</sup>. James Wendey then one of the Ministers of this place, & M<sup>r</sup>. Bernard Benyon Merchant being present, and for the due performing of the aforesaid Contract, the said Henry Cornwall & Elizabeth Browne did enter into Articles in writing, and did both of them sign and seal the same in the presence of the Rev<sup>d</sup>, M<sup>r</sup>. James Wendey and M<sup>r</sup>. Bernard Benyon aforesaid, who hath been sworn in Court, and moreover the said Cap<sup>t</sup>. Henry Cornwall did bind himself in a bond of One Thousand Pounds Sterl. for the due performance of those Articles, and further to confirm us in the reality of his intentions he made a Gift to your Petitioner Elizabeth Browne of what Estate he had in India, and left a will in her hands, wherein he bequeaths her his whole Estate, and makes her sole Executrix but notwithstanding all the vows, tyes, and obligations he had brought himself under, Cap<sup>t</sup>. Henry Cornwall in a short time after his arrivall in England marrys himself to another Woman, and after all this injurious and unfair dealing towards yo<sup>r</sup>. Petition<sup>r</sup>. the said Henry Cornwall to prove himself the same man thrô out, would have his bonds and obligations under his hand and Seal to goe for nothing, and to be of as little force and validity [as] his words and vows, we therefore yo<sup>r</sup>. Petition<sup>rs</sup>. humbly apply ourselves to yo<sup>r</sup>. Hon<sup>r</sup>. &c<sup>a</sup>. for redress, hoping you will oblige him to [pay] his bond for One Thousand Pounds, which he hath forfeited, a poor reparation for all the injustice he hath done us, There hath been a suit commened upon this Bond, for some time, depending in the Mayors Court, but deferrd to be brought to a judgement upon advice that Cap<sup>t</sup>. Henry Cornwall was designd for this place presuming as may be suppos'd he would either comply with his bond, or offer such terms as would be accepted of, and the Rev<sup>d</sup>. Padre Lewis did before and since the arrivall of the Sherborne speak to yo<sup>r</sup>. Petition<sup>rs</sup>. to accomodate matters amicably with Cap<sup>t</sup>. Cornwall (if it might be done) and not drive things to Extremity, to which your Petition<sup>rs</sup>. did not seem averse, but instead of offering to come to an accomodation, Cap<sup>t</sup>. Henry Cornwall the second day after his arrivall sent a letter to yo<sup>r</sup>. Petition<sup>r</sup>: Elizabeth Browne, of which she cannot better, nor more modestly give you the Contents then by saying it was made up of all the ill nature and ill Language he is Master of, and after so much unworthy and base treatment as we have mett with from this man, for him to think at last to run us down, and to carry his point by Calumny and Slander is so vile a thing, that no man who hath the least sense of honour, or the least grain of honesty would be guilty of, we shall not be further troublesome to yo<sup>r</sup>. Hon<sup>r</sup>. &c<sup>a</sup>. but only beg leave to observe that if such principles, and such practices be connivd at, no mans honour, person, or estate can be any longer safe, we hope yo<sup>r</sup>. Hon<sup>r</sup>. &c<sup>a</sup>. will take these things into your serious Consideration, and doe us that justice which to your wisdom shall appear our due, the reason of our addressing yo<sup>r</sup>. Hon<sup>r</sup>. &c<sup>a</sup>. at this time is that M<sup>r</sup>. Mayor hath refus'd his warrant to arrest Cap<sup>t</sup>. Cornwall in an action of One Thousand Pounds at the suit of yo<sup>r</sup>. Petitioner Elizabeth Browne, and we as in Duty bound shall ever pray.

Generall letter for the Dep<sup>y</sup>. Govern<sup>r</sup>. &c<sup>t</sup>. Council at Fort St David of this days date read, approv<sup>d</sup>, and signd.

We being low in Cash, and being under a necessity of paying our Fort St. David Merchants what due to them on their last Contract of 50000 Pag<sup>s</sup>. having been brought in and finish'd some time agoe, and we having kept the Companys Silver being 32 chests till now to await an opportunity to dispose of the same to their best advantage, for which we were never offerd more than 16 $\frac{3}{8}$  and it seeming probable that Silver may become rather cheaper than dear[er] there being one Manilha ship arrivd at Fort St David, and another daily expected, and Mr. Scattergood now appearing before us for our answer to what he proposd last Consultation day relating to the Companys Silver, in which intervall of time, wee could not gett more than what he offerd, it is therefore unanimously agreed that we sell Mr Scattergood the said 32 chests of Silver at the rate of 16 $\frac{3}{8}$   $\Psi$  10 Pagodas, he paying ready money for the same.

Pursuant to the order of last Consultation M<sup>rs</sup>. Foquet & her Daughter Elizabeth Browne as likewise Cap<sup>t</sup> Cornwall appear now before us, where after all partys were fully heard more especially Cap<sup>t</sup>. Cornwall being askd what he had to offer in his own defence, deliverd his answer in writing, and is as Enterd after this Consultation, all persons being desired to withdraw it's the unanimous opinion of this Board (Mr. Raworth excepted) that Cap<sup>t</sup> Henry Cornwall having marry'd a wife in England, notwithstanding his preingagement with M<sup>rs</sup>. Brown, he has forfeited his Obligation, and thereby become lyable to the penalty therein express'd, but in regard we ought to weigh matters in the scales of equity and right, reason, and considering the present Circumstances of Cap<sup>t</sup>. Cornwall which are but moderate having mett with great losses, and he generously offering a moiety of what he has in the world, and he having cleard the Reputation of said M<sup>rs</sup>. Browne, both partys being calld in were reconcild and made freinds, and the said Cap<sup>t</sup> Cornwalls proposall accepted of, the mother & daughter & M<sup>r</sup> Lewis was desired to examine the

TO THE HON<sup>ble</sup>: WILLIAM FRASER, ESQ.,  
GOVERN<sup>r</sup> OF FORT S<sup>t</sup> GEORGE & C<sup>a</sup>. COUNCIL.

GENTLEMEN,

You were pleasd on Thursday last to summon me to answer to a Petition preferr'd by M<sup>rs</sup>. Elizabeth Browne & Anne Foquet of this place touching a designd marriage between the said Elizabeth Browne and self, a perfect account of which I gave at that time, and comes incerted in this Narrative.

The motive that induc'd me to enter into an Obligation of that nature was the assurances M<sup>rs</sup>. Anne Foquet gave me of preferment from England by her, & her freinds recommendations home w<sup>ch</sup> prov'd no ways serviceable but rather the contrary, I often repeated to her and Daughter if I could not better my self by Post or Fortune I would by no means think of complying with that Obligation, when M<sup>rs</sup>. Foquets freinds prov'd of no use, I solicited my own Relations that entirely refusd all merchandize being Strangers to Trade, then the time drawing near for the India Shipping to depart, that year, I petition'd the Hon<sup>ble</sup>. United Company to come abroad a passenger on Cap<sup>t</sup>. Phrip, which they granted and he refus'd, being full and my circumstances not able to permitt me to pay for my passage, I solicited both the Cap<sup>t</sup>. Hudsons which refus'd the same then advis'd with my freinds what method to take that might be of service to M<sup>rs</sup>. Elizabeth Browne, and a sufficient acquittance to me, first I declar'd my circumstances so miserable when in England I was forc'd to run in debt and that considerably, Secondly, I had no int'rest in the Company then governing to serve me by recommendations abroad, Thirdly, I presume the most of this place knows M<sup>rs</sup>. Foquet not able to better any ones Circumstances by Interest or Fortune notwithstanding her present encouragement in this affair, these Circumstances considerd on both sides if any one Gentleman can see the least appearance of anything but compleat misery in case of that marriage, I should willingly submit to the severest Sentiments I cant perceive that M<sup>rs</sup>. Anne Foquet ever design'd a Marriage because she declared to Robert Raworth Esq<sup>r</sup>. Mayor of this place that she refus'd me marriage before I went home because she was assur'd I would marry in England, then she would have the opportunity of prosecuting this Obligation, and further why did M<sup>rs</sup>. Anne Foquet & Browne give me an Obligation of Cap<sup>t</sup> Lee's now Command<sup>r</sup>. of the Litchfield to prosecute him for not Complying with the marriage according to his Obligation, not out of Date at the commencing of mine, if she design'd her Daughter my wife, I can give severall instances wherein M<sup>rs</sup>. Foquet has show'd herself a designing Woman of no Sincerity, she and her Daughter is pleas'd to term the penalty of the Obligation a poor reparation for injurys I have done them, if they were as just in their aspersions as I have been in this proceeding, they would not have troubled yo<sup>r</sup>. Hon<sup>r</sup>. & C<sup>a</sup> Council with their Petition on this occasion.

I think since I could not procure a passage out occasion'd by my miserable Circumstances, M<sup>rs</sup>. Foquet & Daughter, are under Obligations to me, that I advis'd them of it, in order to M<sup>rs</sup>. Elizabeth Brownes not refusing any offer to her advantage, I did at my first arrivall at the West Coast order my Attorneys here, to make M<sup>rs</sup>. Elizabeth Browne a considerable present for the favours receiv'd when last here, but since my arrivall at this Port I found so many malicious reports from her, that it has

## —FORT ST. GEORGE, FEBRUARY 1710-11—

entirely remov'd the thoughts of any such thing, my Circumstances are miserable enough, having lost all I was worth, by my misfortune on Zeloan and the ball<sup>c</sup> of my acco<sup>t</sup>. for four years Service in this place Amounts to so small a sum, that I fear I shall goe off a Debtor from this place, I am ready to make oath in every particular here incerted, hoping yo<sup>r</sup>. Hon<sup>r</sup>. & y<sup>e</sup> Council will take it into your serious Consideration, than doubt not but you'll perceive my actions on my side justifiable, otherwise must referr my self to the Courts at home, by whose Verdict I must rest satisfyd, I am with due respect.

Letter from the King of Pegue to the President read the purport of which is he desires two Clocks may be sent him with such movements and images as said Letter directs, which is as Enterd after this Consultation.

Perwanna from Cawne Bahawdir read being in auswer to ours wrote him the 20<sup>th</sup> of June last, about the five new Villages of which he says he knows nothing of, but has wrote concerning them to the Duan which makes us beleive the letter we rec<sup>d</sup>. the 16<sup>th</sup> of June from the Duan said to have been from Cawne Bahawdir to be false & counterfeit as we suspected then, by comparing the chop of said Letter with those we formerly receiv'd.

The Maddapollam Braminy sending us an acco<sup>t</sup> of wages due to him for 9 months ending the ult<sup>o</sup>. last month amo<sup>ts</sup>. to Pag<sup>s</sup>. 36 : 31 : which he requests may be paid Kittee Narran, Agreed the same be paid accordingly.

It drawing late in the Season and we having been greatly disapointed by not receiving the Fort St. David bales, by reason of the four French ships intending home lying so long at Pondichery as the 18<sup>th</sup>. Curr<sup>t</sup>. that they saild thence, but we are well assur'd by advices brought us on the 22<sup>d</sup>, that the said four Ships was seen the day before in the Offing abreast of Sadrassapatam, which occasion'd us to take an empty Briggantine in the Road, on whom we put 14 Lascars on board, with Cap<sup>t</sup>. Jones, to goe out to make a discovery which said advices prov'd true in fact, Cap<sup>t</sup>. Jones having mett with a ship belonging to the King of Pegue bound for this Port who declared that they had been chased by four French ships which came up with them in the Latitude of 11<sup>o</sup>: 30' N<sup>o</sup> by judgement about 20 or 25 Leagues from shore, which gives us cause to beleive the severall reports we have had from Pondichery & Fort St. David to be true, which was that they intended to lye in wait for the Des Bouverie who is now almost full Loaden, and having seriously perusd and read the Hon<sup>ble</sup>. Companys orders relating to the time for dispatching their ships, but more especially that of the 17<sup>th</sup>. April 1708 wherein they recommend to us the dispatching of their ships by the middle of Feb<sup>r</sup>. but their positive orders are that none be dispatch'd after the last day of that month, the further consideration of this weighty affair is deferr'd untill next Consultation.

The Warehousekeeper with Mess<sup>rs</sup>: Mountague & Jennings who were orderd to buy up what Long Cloth & Sallampores they could geft in Town, doe now report that pursuant to said order they have enquir'd but cannot meet with any, of the Companys sorts and prizes, said report is as Enterd after this Consultation.

Generall letter from the Dep<sup>y</sup>. Govern<sup>r</sup>. & Council at Fort St. David dated the 24<sup>th</sup> inst<sup>t</sup>. rec<sup>d</sup>. this day now read, advising, having intelligence that some of the Cheif men of the Chingee Government were at Pandeshola Nellore about some 12 or 14 miles distant, and in the endeavouring to seize some of them by way of reprizall for our so long detained Captives at Chingee, in which attempt there were three men killd upon the Spott (as likewise one of ours) the Moors having begun the first acts of hostility, which having happend they are apprehensive that troubles will ensue from the Chingee Government, and therefore desire us to send them a supply of provisions &c<sup>a</sup>, upon which it is resolvd that we send them a supply of provisions, stores, & ammunition on ship Sherborne, and the Commander being sent for was Orderd to gett his Ship ready w<sup>th</sup> he promis'd to doe, and that we likewise send them Eight Thousand Pagodas they wanting money to pay their Merchants, and that we also send them a recruit of sixty of our Military including Officers, under the Command of Lieut<sup>t</sup>. 4 a clock in  
ye afternoon.

The Council being mett upon this extraordinary occasion and the Captains letter being now read a 2<sup>d</sup> time, in which interim Seak Jee Baddall deliverd in a Petition that Cap<sup>t</sup> Raymond had sent his boat with armed men on board his Ketch, which they

—FORT ST. GEORGE, MARCH 1710-11—

had seizd and forced from her anchors, and brought under the Stern of his ship Bouverie having examin'd what was on board and left severall of his people to take care and charge of said Ketch.

This matter being well considered and seriously debated the rather because the Company having never advised us that any such power was lodgd in their Commanders superiour to their President & Council here, as this unpresidented rash action of Cap<sup>t</sup>. Raymonds demonstrates, which has sett all our Native Merchants Inhabitants of this place in convulsions, and makes them despond of adventuring to Sea, it being equall to them if their losses come from the common enemy the French, or their freinds the English, besides [this un]paralleld affront he has given to the Establishd Go<sup>d</sup>] name of this place, and that in sight of all the people of the severall Nations that inhabit with us, first that the said Commander should seize a Vessell in this Road under Moors Colours, after she had saluted the Port and the same was answerd, without any previous notice given us of such his intentions, or any other order he might have, to empower him so to doe in this Port.

And Secondly that the said Vessell does properly belong to Aga Jee Nassure an eminent Moor man Merch<sup>t</sup>. in Bengall a very good freind to the English, which said Letter & Petition are as Enterd after this Consultation.

Upon the whole it is resolv'd that we send Cap<sup>t</sup> Raymond our positive order for him to deliver up the said Ketch with all her effects to the said Seak Jee Baddall, and that he goe immediately on board with Mess<sup>rs</sup>. Smart & Legg who are to deliver our said order to the Captain which said order is as Enterd after this Consultation.

Generall Letter from the Cheif & Council of Pullicat, dat<sup>d</sup> y<sup>e</sup>. 9<sup>th</sup>. inst<sup>t</sup>. S. Cap<sup>t</sup>. Raymond in pursuance to last days Consultation, having delivered the Govern<sup>r</sup>. two Commissions, namely one from the Queen relating to Pyrates, and the other to our Common enemy the French under the Seal of the High Court of Admiralty, both which being considerably read and seriously debated, we find that from the High Court of Admiralty being in generall terms referring to the instructions delivered the said Captain with their said Commission.

Cap<sup>t</sup>. Raymond being now sent for and the said Instructions demanded of him, gave us for answer that he had lookd over his papers but could not find them, being apprehensive that they were either mislaid, or that he had left them in the hands of President Weltden in Bengall, which gives us no Satisfaction, but was told that there was nothing in any of his Commissions either in generall or particular to justifye his late rash action by which he had so much affronted the Government, and was therefore orderd to produce his Instructions by next Consultation day to which time the further examination of this matter is deferr'd.

They also advise that they have sent their Egib to the Govern<sup>r</sup>. & C<sup>a</sup>. at Chingee to demand the Captives, and on refusall to protest against them for all damages that shall accrue.

To our great wonder they write us that they rec<sup>d</sup>. advices from the Govern<sup>r</sup>: & Council at Negapatam that the four French ships w<sup>ch</sup>. saild from Pondichery were seen off of Batticalas & Trincamalay, and that the Fishermen give an acco<sup>t</sup>: they heard the firing of severall guns at Sea, after which three ships were seen at an Island called Punnee Cadave, and two more near Callatee, by which it's concluded the French have taken a prize.

Cap<sup>t</sup>. Raymond pursuant to last days Consultation being now sent for, and we having demanded of him to produce his Instructions gave us for answer that he could not find them, and being made sensible of his late precipitate action, by how

much he might thereby have prejudiced the Hon<sup>ble</sup>: Comp<sup>as</sup>: affairs and the contempt of their Government here, does now declare that he had no such intentions, and if in any thing he had done was so taken, he was sorry for it, and now begs the Govern<sup>r</sup>. & Council's pardon.

Cap<sup>t</sup>. Raymond was likewise told as to his request deliverd in last Consultation day, relating to the unloading of all the Hon<sup>ble</sup>: Comp<sup>as</sup>: bales on board his Ship, or to have a quantity of Lead in lieu, we gave him for our finall answer that wee were positive as to the unloading all his bales, and that wee could not gratifye him in sending off Lead.

REC<sup>d</sup> 30<sup>th</sup> MARCH 1711.

I have rec<sup>d</sup>. your kind Letter and observe the contents wherein you mention your sending me presents, which I esteem no ways equivalent to your freindship, but if you had sent them in a freindly manner I should certainly have accepted of them, which I hear are now lying in yo<sup>r</sup>. Factory, notwithstanding return you thanks, I have sent severall messages that I deliverd my money into yo<sup>r</sup> : Factory wholly relying thereon, and that the bill was chopd with the Companys Seal, therefore had no dependance on M<sup>r</sup>. Holcombe, in whose time I largely extended my assistance to your Factory and all upon the Companys Acco<sup>t</sup> in hopes of preserving and encreasing our freindship, at which time the Companys affairs flourishd, you wrote me to produce my bill to your Gomosta which I am very willing to doe, but he won't use fair

means for my doing it, besides I cant rely that confidence in one single person, as to deliver it into his hands, but I have shewd it to your Mullah Mahmud Hussein who can acquaint yo<sup>r</sup>. Hon<sup>r</sup>. it is now 12 years since I deliverd this money, for retreiving of which I have mett with abundance of trouble, therefore hope you'l now consider the case and give your Gomosta such orders, as that these troubles may be at an end, pray what is the meaning of your saying you'l send the Bengall ships hither, if you should so lessen and diminish your freindship by sending the said ships, they'l only be tossd up and down without effecting any thing, so such matters are better kept private than divulgd, you ought to take direct methods to maintain a freindship; the letters which M<sup>r</sup>. Hastings writt to Samuell Blount Cap<sup>t</sup>. of Bengall, and to Robert Symonds Cap<sup>t</sup>. of Ganjam I have receivd and sent them to yo<sup>r</sup>. Hon<sup>r</sup> whereby you will discover his witt and his fidellity towards yo<sup>r</sup>. Hon<sup>r</sup>.

## —FORT ST. GEORGE, APRIL 1711—

That on the 3<sup>d</sup>. inst<sup>d</sup>. they rec<sup>d</sup>. a letter from the said Nabob by a Braminy to make up the buisness, and when they had agreed for<sup>t</sup> about the Principall sūm of Pag<sup>t</sup> 6500 he demanded Interest or Profit for Tradeing with his money and allowance for his great charges with Vizagapatam Town's money and that he still continues all acts of hostility, the said Letter is as Enterd in our Copy book of Letters receivd N<sup>o</sup>. [*lacuna*].

Generall Letter from Cap<sup>t</sup>. Goodman at Gallee dat<sup>d</sup>. 19<sup>th</sup>. ult<sup>o</sup>. rec<sup>d</sup>. the 3<sup>d</sup>. inst<sup>d</sup>. now read, advising he and ships Company were all well and that he speedily designd for this Port, by w<sup>ch</sup> we perceive he had not then rec<sup>d</sup>. our letter wrote him early last month, advising him that the four French ships were gone off the Coast.

## AT FOUR A CLOCK IN THE AFTERNOON THE COUNCIL METT.

They having wrote us from Vizagapatam that they are in want of 15 garse of rice to be sent, and there being now a Sloop in this Road belonging to that Cheif and bound to the said Port, Agreed & Ord<sup>d</sup>. that five garse of rice be loaden on her or as much as she can take in.

The Merchants being now mett were calld in to whom it was proposd to give us their Opinions and best advice what was most proper to be done in order to accomodate the present troubles at Vizagapatam who gave us for answer that they knew no better way than to agree all differences in a freindly manner.

In consideration of the present troubles at Vizagapatam it was proposd sending a Europe ship thither, upon which it was agreed that the Hallifax be forthwith dispatchd for that place and that the Sec<sup>y</sup>. doe acquaint the Command<sup>r</sup>. of this our resolution that he may gett his ship in a readiness accordingly.

Adjournd untill to morrow morning 8 a Clock.

## THE COUNCIL BEING NOW METT

FRIDAY  
6<sup>th</sup>

The Sec<sup>y</sup>. acquaints the Board that pursuant to what orderd him last night, he had been with Cap<sup>t</sup>. Hudson who now delivers a letter from the said Captain which is now read, the purport of it is that being but just returnd from his China Voyage that his ship was in want of all manner of stores and necessarys and that he could not be in a readiness for such an expedition in less than 30 days.

Upon which Cap<sup>t</sup>. Raymond was now sent for to whom the same was proposd who gave us for answer that should he be sent now for Vizagapatam, and that if we designd to dispatch him hence next October it would be very doubtfull whether he could arrive here time enough to be dispatchd hence in the aforesaid month, besides the danger that he may be exposd to by riding there a single ship, or turning it up hither, by reason of the six French ships expected on the Coast this summer, and the Sherborne not being as yet returnd to us from Fort S<sup>t</sup>. David, and the Des Bouverie having all her Petre & Redwood on board.

It's therefore resolvd that we load on ship Raworth bound for that Port the remaining part of the rice, it's likewise Agreed that wee send them Five Thousand Pagodas to defray Military Charges and Factory Expences, they writing us that they are out of Cash.

## —FORT ST. GEORGE, APRIL 1711—

The President now produces a letter he rec<sup>d</sup>. from Habib Cawne Nabob of those Northern Country's, the purport of which is that he offers his freindly mediation to accomodate and make up all differences between us and Fuckerla Cawne which letter is as Entered after this Consultation, it's therefore agreed and resolvd that the President doe write him a kind Letter and accept of his said offer on condition that Fuckerla Cawne doe deliver up to him to be sent us M<sup>r</sup>. Holcombes Obligation, with the Comp<sup>as</sup>. Seal affixd to it, and that the President write a Letter to Fuckerla Cawne to acquaint him of the terms and conditions aforesaid.

The Merchants being sent for was askd why they were so slow and dilatory in bringing in their Investment, gave us for answer that Cotton being so dear disheartend the Weavers for that reason, but this being the proper Season for gathering in the present Cotton crop we need not doubt they would bring in cloth fast enough, and being ask'd how they were enclind to the undertaking another Investment of about Fifty Thousand Pag<sup>a</sup>. they said they were altogether unwilling to engage any further untill the Investments made in the late President Pitt's & President Addison's time were adjusted, but in regard there hath been no Contract in writing between the Govern<sup>r</sup>. & Council and the said Merchants since the practice of the Companys advanceing money beforehand ceasd, so that nothing more was done than that a List of what goods we would have provided was deliverd them to which they gave their verball promise to bring in as many goods as they could procure but would not come under the Obligation of any penalty in case of failure, because they adventurd their own money into the Country and not the Comp<sup>as</sup>. It's therefore Agreed and Orderd that the Accountant doe forthwith make up the acco<sup>t</sup>. of said Investments and lay them before this Board.

Agreed and Orderd that Peter Prichard, John Baptista Baileur, & Frederick Chaquett be entertaind to serve in the Gunroom Crew.

M<sup>r</sup>. Martin Warehousekeep<sup>r</sup>. pays into Cash Two Thousand Pag<sup>a</sup>: on acco<sup>t</sup>. Silver sold.

FROM NABOB HABIB CAWNE [AT] RAJAMAHENDRUM.  
REC<sup>d</sup> 6<sup>TH</sup> FEB<sup>R</sup>. 1711.

When Rahiman Cooly was here, then come a Vackeel from Vizagapatam belonging to the English and acquainted me that the debt owing to Fuckerla Cawne was just 6000 Pag<sup>a</sup>. without profits &c<sup>a</sup>. so I bid him bring the said sum, otherwise I told him if he desird me I'd pay it, and that he must procure it for me from his Master, so adjust the acco<sup>t</sup>. with Fuckerla Cawne, since which time he has not appeard to me, nor has the English at Vizagapat<sup>m</sup>. cleard the acco<sup>t</sup>. of which you may enquire of the s<sup>d</sup>: Raheman Cooly, when people have that confidence as to leave their money in your Factory, and afterwards to make so many storys and scruples to pay it, who can creditt you again, notwithstanding send your Trusty Vackeel to me to pay the money according to equity and justice, yo<sup>r</sup>. Gomosta at Vizagapatam will not clear the acco<sup>t</sup>. but designs to fight which is not proper among Merchants as you are, if you desire me I'll pay the money, and you may pay me again, when you please, so that this trouble is but cleard, what can I write more.

The two following notes were sent by the Govern<sup>r</sup>: to the Gentlemen of Council.

S<sup>rs</sup>.

Nowargee a person of great Trust with his Master Cawne Bahawdir as being Chamberlain and Steward for collecting his Jaggeir in these Countrys which amo<sup>ts</sup>: to no less than tw[o] Lack of Pagodas, and as I am told is in more favour with [Cawne] Bahawdir than the present Duan is, whose Counsell has a great influence upon his Master than the latter, and as so may be [of] good use to the Comp<sup>a</sup>. if happily he may prevail so farr with Cawne Bahawdir as to restore to us the five New Villages, and therefore I'm advisd to present him to the amo<sup>t</sup>: of Pag<sup>s</sup>. 100 which in my opinion I think necessary.

Cap<sup>t</sup>. Alexander Hamilton delivers in a Petition relating to acco<sup>ts</sup>. between Malpapoy the Dutch Comp<sup>a</sup>. Broker at Cochín and Mr. John Maxwell dec<sup>d</sup>. which is as Enterd after this Consultation, and the further consideration of the same is referrd untill another time.

Mr. Henry Davenport delivers in a paper in the nature of [a] Remonstrance wherein he doth not acquiesce to what resolv<sup>d</sup> by us on the 2<sup>d</sup>. inst<sup>t</sup>. but charges us with partiality and other tart reflections, but because a clear understanding is as necessary to inform and guide the mind to a right judgment, as Light is to the eyes to guide and direct our ways, Wee doe therefore affirm it as a certain and positive truth that wee were no ways misguided by any partiality or prejudice and that for the reasons following Vizt.

First. That the Hon<sup>ble</sup> : Comp<sup>a</sup> : by their Generall Letter dated the 4<sup>th</sup> of Feb<sup>ry</sup>. 1708 rec<sup>d</sup>. P<sup>mo</sup> Ship Heathcote accompanying their Commission by said ship for establishing their Government in this place doe name and appoint eight persons with the Govern<sup>r</sup> : to be the number of their standing Council here, and upon the death of the late Govern<sup>r</sup>. Addison who dy'd here 17<sup>th</sup> Octob<sup>r</sup>. 1709 and upon Mr. Mountagues going hence to Fort St. David to Succeed as Dep<sup>ty</sup> : Govern<sup>r</sup>. there, and the present Govern<sup>r</sup>. having upon the death of Mr. Addison succeeded to the Chair as the Hon<sup>ble</sup>. Companys Commission does direct, by which two of the said number of Council were wanting therefore we did on the 23<sup>d</sup>. & 29<sup>th</sup>. Decemb<sup>r</sup>. following elect Mess<sup>rs</sup> : Harrison & Warre to fill up the number vacant

Second. The ship Susannah arriving here the 6<sup>th</sup>. July last from England who brought us the Hon<sup>ble</sup> : Comp<sup>a</sup> : Generall Letter dated 9<sup>th</sup>. Jan<sup>ry</sup>. 1709 which did appoint Mr. Richard Farmer Dep<sup>ty</sup>. Govern<sup>r</sup>. of Fort St. David, by which Mr. Mountague returning hither to take his place as Second at this Board, and the said Letter naming Mr. Henry Davenport to be continued of Council, but in regard he having laid down the Hon<sup>ble</sup> : Companys Service for the reasons given in his Petition, which is as Ent<sup>d</sup>. after our Consultation of the 22<sup>d</sup>. Septemb<sup>r</sup> 1709, made us resolve on the 2<sup>d</sup> inst<sup>t</sup>. to stand by what wee had done as P<sup>mo</sup> our Consultation of the 20<sup>th</sup>. Augu<sup>t</sup> last to which wee referr.

Third. And as to Mr. Marshalls petitioning for leave to lay down the Service and to goe a Voyage to China, which he did in a very civil and gratefull manner as does appear by both his Petitions enterd Vizt, the first after the Consultation on the

—FORT ST. GEORGE, APRIL 1711—

3<sup>d</sup>. March 1703, the other on the 26<sup>th</sup>. of June 1704, but on advice of their having been Pyrates gone for the Streights of Malacca made M<sup>r</sup>. Marshall suspend his first design for that time and there being an Order of Consultation then for his continuing of Council during his stay on shore, untill he proceed[ed] on the ship Queen to China which was on the 28<sup>th</sup>. June 1704, whe[n] having returnd laid no claim to the Service, altho mentioned in Comp<sup>as</sup>: Generall Letter ¶ Fleet Friggat, which we take notice of as a wrong assertion in the aforesaid paper.

Fourth. As to what alledg'd in relation to Mess<sup>rs</sup>: Brabourne, Mountague, and Bulkley who had likewise laid down the Companys Service, they being appointed of Council for this place as ¶ the Commission rec<sup>d</sup>. by the Heathcote as aforesaid, and it can't be deny'd but that the Hon<sup>ble</sup>: Company are Masters of their own Orders and Laws to their Servants, by which we cannot perceive they give us leave to exceed the number of nine including their President to be the establishd Government of this place.

Fifth. As to M<sup>r</sup>. Davenport's valuing himself so much on taking up one of the Comp<sup>as</sup>. Ships for China, the President doth affirm th[at] on the 2<sup>d</sup>. Novemb<sup>r</sup> 1709 when he arrivd here from Fort S<sup>t</sup>. David he found a project laid and a design formd to hire a Danes ship called the Golden Lion for a Voyage to China, and had actually agreed for the said ship for the sum of Pag<sup>s</sup>. 4500, which design so clearly laid and formd the President and Council had no other way to break [it] than by refusing to sell them any of the Comp<sup>as</sup>. Silver any otherwise than to those that should take up the ship Hallifax for Voyage to China which at last they did, and as to the Advantages that accrud thereby to the Company, that would have been so wh[ether] the said M<sup>r</sup>. Davenport had gone or not, who otherwise ought rather to have been thankful to the Subscribers of such a Stock that Amounted to Pag<sup>s</sup>. 128000 who allowd him the moiety of so large a Commission as 5 ¶ Cent on the said Stock, when at the same time severall others who had been Supra Cargoes at China before, offerd their Service, and would thankfully have accepted to have gone that Voyage on the same terms and encouragement as he did.

Sixth. As to his looking on himself to be one of the Hon<sup>ble</sup>: Comp<sup>as</sup>. Servants, and as so expects his Sallary, Dyet money, &c<sup>a</sup>. Allowances, to which wee can say no more than that matter will be best determind so soon as the Hon<sup>ble</sup>: Comp<sup>as</sup> next expected shipping shall happily arrive here, however, it is Agreed that his said paper be enterd after this Consultation.

The President produces his Letter wrote to Nabob Habib Cawne as agreed on last Consultation, which is now read and approvd and is as Enterd after this Consultation.

HUMBLY REPRESENTETH

Petit<sup>n</sup>. thô having the just and common resentment of such proceedings, did by the prudent advice of the Gentlemen our Supra Cargoes, decline answering the said Challenge, as being a practice

Your Petit<sup>r</sup>. humbly begs that in consideration hereof yo<sup>r</sup>. Hon<sup>r</sup>. &c<sup>a</sup>. will be pleasd to order his Discharge from the Hallifax, Cap<sup>t</sup>. Hudson having by his ill treatment renderd him incapable of serving him any longer, he being generally known and even to his freinds of so insulting and haughty a disposition, that no man of common spirit and manners can bear with, for had not the Gentlemen our Supra Cargoes interposd their Authority and Protection yo<sup>r</sup>: Pet<sup>r</sup>. must have undoubtedly mett with most barbarous treatment and ill usage during his said Confinement.

Yo<sup>r</sup>: Petit<sup>r</sup>: desires further to inform you that his Mate is sufficiently qualifd for the employ, having officiated as Surgeon on board one of her Majestys Ships, and since his being on board the Hallifax has given sufficient proofs of his good behaviour and capacity.

Yo<sup>r</sup>. Petit<sup>r</sup>. being here in the month of August 1707 was sued by Mr. John Maxwell for payment of a ballance of an account due by Malpapoy to him, which yo<sup>r</sup>. Petit<sup>r</sup>. had obligd himself to see paid in case the said Malpapoy did not pay according to their Contract yo<sup>r</sup>. Petit<sup>r</sup>. knew nothing of any certain sum but was satisfd that the Ballance could not reach above 6000 Rup<sup>s</sup>. but said Maxwell bringing in false acco<sup>ts</sup>. which he profferd to swear to yo<sup>r</sup>. Petit<sup>r</sup>. was obligd to pay him 10166 Rup<sup>s</sup>. which award and receipt of Mr. Maxwells for said sum when deliverd to Malpapoy in Cochin made him apply himself to the Commodore and Council there who before had discussd that matter, and had the Acco<sup>t</sup>. Curr<sup>t</sup>. in their possession, in which acco<sup>t</sup>. he made no demand of Commission nor pocket money &c<sup>a</sup>. errors which are to be found in his acco<sup>t</sup>. here, but they drew out a fair acco<sup>t</sup>. and with a Letter of advice sent it to Govern<sup>r</sup>. Pitt a Copy of said acco<sup>t</sup>. is hereunto annexd.

## —FORT ST. GEORGE, APRIL 1711—

My most humble request therefore is that yo<sup>r</sup>. Hon<sup>r</sup>. &c<sup>a</sup>. will please judiciously to weigh the matter and order the Estate of said Maxwell to reimburse me in what I overpayd him, with interest since the terme of payment of said sum of 10166 Rup<sup>s</sup>. To THE HON<sup>ble</sup>: WILLIAM FRASER ESQ<sup>r</sup>:

GOVERN<sup>r</sup>: OF FORT S<sup>t</sup>. GEORGE & C<sup>a</sup>. COUNCIL.

HON<sup>ble</sup>: S<sup>r</sup>. & C<sup>a</sup>.

The 6<sup>th</sup>. instant M<sup>r</sup>. Sec<sup>ry</sup>: Warre sent me Cops of severall Paragraphs of your Consultations Dated 25<sup>th</sup>. August, 26<sup>th</sup> March, and 2<sup>d</sup> April last, relating to the Hon<sup>ble</sup>: Comp<sup>ss</sup>. orders for continuing me in the Council of Fort S<sup>t</sup>. George, which I demanded as my right when I was before you the 26<sup>th</sup> past month, offering then my Service to the Company, as being the first opportunity I had since the arrivall of their last years Shipping, but you having denyd me the same, by coming to a positive resolution to deprive me thereof, contrary to the Companys orders, or ever hearing what I could say against those reasons you endeavour to give for my not sitting and acting as one of the Council of this place, obliges me here Hon<sup>ble</sup>: S<sup>r</sup>. & C<sup>a</sup>. Gentlemen to tell you I think there seems a great deal of partiallity in your afores<sup>d</sup>. orders of Council, you wholly refusing me what before you had granted in the like case to two of your Council setting at your Board Viz<sup>t</sup> M<sup>r</sup>. Mountague & D<sup>r</sup>. Bulkley who had both of them laid down the Comp<sup>ss</sup>. Service before the late Commission you quote came out, and of which the Company could have no advices thereof. M<sup>r</sup>. Marshall in the late Governments time was designd for China, and

———FORT ST. GEORGE, APRIL 1711———

had lay'd down the Comp<sup>as</sup>: Sevice, who not going was reinstated, many other instances [I] can give you, but at this time beleive these are sufficient. As for my making a Voyage to China, one would have thought that would have enlind you to have done one a service rather than a prejudice since it employd the Hon<sup>ble</sup>: Comp<sup>as</sup>: ship lying upon your hands, for which we payd so considerable a freight, together with the advantages will acerue by the Customs on her returning Cargoe, The Hon<sup>ble</sup>: Comp<sup>a</sup>: you find had appointed M<sup>r</sup>. Brabourne Second of this place and Dep<sup>y</sup>. Govern<sup>r</sup> of Fort S<sup>t</sup>. David notwithstanding he had employd a Seperate Stock Ship, and himself gone upon her, which they thought not so great a crime as to hinder his being reinstated in their Service, so had that poor unfortunate Gentleman liv'd, suppose his absence must have deprivd him of the Succession, as being paralell case with my own, I doe hereby declare notwithstanding your aforesaid entrys of Consultation, I look upon my self the Hon<sup>ble</sup>. Companys Servant, as having profferd my Service to them, so expect my Salary, Dyet money, and all Allowances the Hon<sup>ble</sup>: Comp<sup>a</sup> are pleasd to grant to those in my Station, which doubt not but will be granted in a month or two, notwithstanding what has been now done to

Hon<sup>ble</sup>: S<sup>r</sup>. & C<sup>a</sup>.

FORT S<sup>t</sup>. GEORGE  
8<sup>TH</sup>. APRIL 1711.

Yo<sup>r</sup>. most Humble Servant  
HEN: DAVENPORT

TO HIS EXCELL<sup>CV</sup>. ABBID CAWNE  
NABOB OF CALLINGA & YELLORE ALL HEALTH

It is now almost two months past that I rec<sup>d</sup>. the honour of yo<sup>r</sup>. very obliging kind Perwanna wherein you were pleasd to offer me your freindly mediation, in order to compose and accomodate all differences between Fuckerla Cawne and the English at Vizagapatam, relating to what remains as a Ballance due to Fuckerla Cawne which our people of that Factory say is Pag<sup>a</sup>. 6500 which because wee now find and not before that the R<sup>t</sup>. Hon<sup>ble</sup>. English East India Comp<sup>as</sup>. Chop or Seal is affixd to the Obligation given by M<sup>r</sup>. Holcombe the former Cheif of that Factory for the money he (and not the Comp<sup>a</sup>.) receivd of Fuckerla Cawne, I am therefore willing for the honour of our said English East India Comp<sup>a</sup>, and the credit of their common Seal or Chop, to accept of your very kind offer as mentiond in your Perwanna where you promise to pay for me the remaining Ballance due to Fuckerla Cawne which is the aforesaid sum of Pag<sup>a</sup>. 6500 but conditionally on the following terms Vizt. that first of all the said Seer Lascar Fuckerla Cawne shall raise the seige, cease from all acts of hostility, remove and withdraw his army from our bounds, and march them to their former usuall distance, as when we were in perfect peace, and good freindship, that Fuckerla Cawne deliver up to your hands the Obligation given him by M<sup>r</sup>. Holcombe with the Companys Seal or Chop affixd to it, on these terms and conditions yo<sup>r</sup> Excell<sup>CV</sup>. may draw Bills upon me for the abovesaid amount of Pag<sup>a</sup>. 6500 payable to any person at any time that shall bring me your order under your own Chop, together with the afores<sup>d</sup>. Obligation with our Companys Seal given Fuckerla Cawne, w<sup>th</sup>. done I promise and engage my faith, word, and honour, God willing, punctually to comply and make you all good and full payment, besides I shall always take it as a speciaall mark of your favour and great goodness to me never to be forgotten, because that when these troubles are happily at an end, the poor innocent Natives in those parts so long deprivd of the means of a livelyhood may again Come to live comfortably because 'tis said Blessed are the Peace makers Pray God keep you always under his kind care, with an Increase of the Kings Love and favour, what need I say more.

TO WILLIAM FRASER Esq<sup>r</sup>: PRESIDENT

HON<sup>BLE</sup>: S<sup>rs</sup>.

Being advisd last Consultation day that my Doctor had deliverd in a Petition to yo<sup>r</sup>. Hon<sup>r</sup>. &c<sup>a</sup>. for his discharge from the ship Hallifax alledging his being ill treated by his Comand<sup>r</sup>. when you was pleasd to send for me I did then by word of mouth give yo<sup>r</sup>. Hon<sup>r</sup>. &c<sup>a</sup>. the whole acco<sup>t</sup>. of the occasion of the difference between us as now I doe in Writing. At Canton my Boatswain being very ill of a Flux I askd him as usually I did how he did, he told me he was very ill, the Doctor standing by swore by God he was much better, and that he did not doe him justice, for that he was much better than he was, I spoke very mildly to him for some time, he still persisting in his way of swearing I askd him what he meant & told him he talkd very saucily and so left him, his carriage to me afterwards as if he never knew me, and always past by me daring of me, I sent for him up and askd him the reason of his Carriage to me, he told me he did not care what he did, and talkd to me in his former Language, which treatment urgd me to strike him, his Carriage still being very imperious for fear of any further disputes I thought it best to send him on board which I did but without any manner of confinement as he declares in his Petition, he having the same Liberty as all the rest of the Soldiers on board the ship, now whether it is proper for the Hallifax to proceed to Europe with eighty men in time of warr with a valuable Cargoe of the Comp<sup>as</sup>. I leave to yo<sup>r</sup>. Hon<sup>r</sup>. &c<sup>a</sup>. consideration

—FORT ST. GEORGE, APRIL 1711—

having been so many Presidents of Sailors denying defending of their Ships, not haveing of a Surgeon on board since my arrivall here I have sent my Purser twice to tell him that he might goe on board and that I should forgett what had passd, and that he should be with me as he had been formerly his Answer was positively he would not goe on board without being forced, my Cheifmate, Gunner, Carpenter & Boatswain being now very ill and forced to make use of other people, I desire yo<sup>r</sup>. Hon<sup>r</sup>. &c. to take it into your consideration and that my Surgeon may be sent on board, I being very well informd that he only makes this difference his pretence, for that he has all the Voyage had a design to stay in the Country, my Officers on board hearing of the Doctors petition to yo<sup>r</sup>: Hon<sup>r</sup>. &c. for his discharge sent me on shore the inclosed Letter, I am heartily sorry I am forced to give yo<sup>r</sup>. Hon<sup>r</sup>. &c. so much trouble, tho I must needs own it's with no small regret having commanded a Ship now Seventeen years, and never mett with the like occasion nor indeed such Treatment from Officers I am

They being in great want of money at Fort S<sup>t</sup>. David and are therefore very urgent with us to send them a Supply It's therefore Agreed and Orderd that Ten Thousand Pagodas be sent them by the first good Sea Conveyance which we beleive may be a Danes Ship bound for Trincombarr in a day or two.

The Merchants being now sent for were again ask'd what resolution they were come to as to the undertaking for a new Investment according to the List delivered them the 12<sup>th</sup> inst<sup>t</sup>. and for their encouragement we promisd to pay them ready

money as fast as they could bring it in, and the same should be sorted and embaled, to which again they gave for answer that they could not promise certainly, but they would use their utmost endeavours and bring in what goods they could gett, which are now very scarce in regard of the dearness of Cotton which is at Pag<sup>s</sup>. 26  $\frac{1}{2}$  Cañ. which brings us under a great Dilemma in regard that no New Merchants can be found to undertake for a New Investment because our present Merchants have preingagd all the Looms the further pressing of this matter is deferred to another Consultation.

TO THE R<sup>y</sup>. HON<sup>ble</sup>. THE GOVERN<sup>r</sup>. & COUNCIL.

FOR THE AFFAIRS OF THE ENGLISH NATION AT FORT S<sup>t</sup>. GEORGE.

The reasons by being parted from Cap<sup>t</sup>. Raymond in the Latitude of 38°. 42' or thereabouts Cap<sup>t</sup>. Raymond and I were seperated being the 16<sup>th</sup>. of Feb<sup>r</sup>. at eight in the morning.

The night before having contrary winds and thick weather the Commodore made his Signall for lying by the fore part of the night.

At ten the wind sprung up at N.W.

I lay by till 12 expecting to hear or see the Commodores Signall for making Sail, but did not for 'twas dark weather.

But I made sail keeping in sight of some of the Fleet but at day light the Commodore was a great way a head, I made the best of my way to them expecting to find all the East India men there but at eight looking out I saw a parcell of ships to Windward w<sup>ch</sup>. proved to be them, containing in all five sail, I then could but just see their Hulls, which was impossible for me to think of joyning with them, neither I never thought that our Ships would have parted from the men of Warr as soon as daylight, till we were all gott together and see how we lay.

March the 2<sup>d</sup>. I anchord in Madera.

On the 6<sup>th</sup> I saild making the best of our way to the S<sup>o</sup>ward still in Company with the men of Warr.

March 11<sup>th</sup>. parted with the men of Warr off of Canaries.

June 21<sup>st</sup>. Anchord in Cape Bon Esperance.

July 13<sup>th</sup>. Saild from thence.

Sept<sup>r</sup>. 11<sup>th</sup>. I anchord in the Outer road of Gallee.

Which upon receiving a letter of Advice from the Commadore & Council of that place how strong the French was, and where they lay upon the Coast of Choromandell made me goe into Gallee Bay for the interest of my Hon<sup>ble</sup> : Masters, and had saild a great deal sooner if I had but the least Advice when the French went off the Coast.

FROM HIS EXCELL<sup>cy</sup>. ZOUDER CAWNE  
REC<sup>d</sup>. APRIL 27<sup>th</sup> : 1711.

I rec<sup>d</sup>. the favour of yours with the presents which you sent to the Govern<sup>r</sup>. of Bengall and heartily return you thanks for the same, I have often visited the said Govern<sup>r</sup>. who is a Gentleman of so many good parts that I want words to express them, and under his management the Comp<sup>ys</sup>. affairs cant fail of flourishing.

I observe what yo<sup>r</sup>. Hon<sup>r</sup>. writes concerning the French, whom I have threatend severely, and design to make them enter into bonds not to give any trouble between Pullichery and this place, I told them that if there was Warr in Europe, let them dispute the matter there & not in the Mogulls Dominions who is no ways concernd therein, to which they answerd that all their buisness in these parts is Trade, but that the English & Dutch committed Acts of Hostility not them, upon which I sent for all their Vackeels, and demanded a bond from them that they should remain quiet, without molesting one another, but the Govern<sup>r</sup>. of Calcutta refusd to give any such Obligation, alledging that he could not doe it without orders from her Majesty his Sovereign & the Company his Employers, however have issued out my orders to them that they doe not at their peril pursue their quarrell in these parts.

By Noquedah Sherif Hussein & Hodjee Mahaudee on Aga Mookeems Ship I have sent his Maj<sup>ty</sup> Phirmaund & Prince Azemoodeens Nishân & Seerpow for the King of Pegue, which I designd to have sent to be forwarded by you to him, but missing the Monsoon I was forcd to send it directly hence, I desire you'l write to that Prince to send back Abdull Fuzzill whose name the King has now chang'd to Hagib Cawne.

Yo<sup>r</sup>. Hon<sup>r</sup>. writes that you have sent severall ships to Metchlepatam to take in the present but the Government there hinder it, all which I have advisd to Court, and the Govern<sup>r</sup>. of Calcutta has likewise sent his Petition concerning it, I have also wrote about a Phirmaund for your being Custom free &c<sup>a</sup>., in a short time you may be assurd of an Hosbullhookum, about the Metchlep<sup>m</sup>. affair, and I hope your buisness will be finishd as you desire.

Pray write strictly to your Gomosta at Metchlep<sup>m</sup>. that he send the presents away without delay, for I can't imagine what the Gusbardar, or any other person there has

## —FORT ST GEORGE, MAY 1711—

to doe with it, the longer you desist from forwarding it to the Court, the less acceptable it will prove there but as the presents are yours you may doe what you please with it.

Aga Mookeem & Mahomud Ruzzau, are very gratefull in Acknowledging to me the favours you are pleas'd to conferr on them, to whom I desire your utmost Countenance and Assistance, if the latter is willing to come to me this Year I request you'l assist him therein.

Herewith comes the Princes Seerpow and one from me, which you must receive with the usuall Solemnity.

If you have any good Oranges from China pray send me some, as also the Orange Trees yo<sup>r</sup>. Hon<sup>ble</sup>. Predecessor wrote me he had procur'd and I will forward them to Court.

FROM DITTO REC<sup>d</sup>. MAY 27<sup>th</sup>: 1711.

Having rec<sup>d</sup>. frequent orders from Court to procure and buy up the Elephants that come from Tenassery, Quedah &c<sup>s</sup>. I have desir'd Aga Mookeem and some others my freinds to help me therein the like favour I begg of yo<sup>r</sup> Hon<sup>r</sup>: and that you will please to use your interest with those Merchants, as also with those who deal in precious Stones that they will bring them hither, and whatever Cowle you are pleas'd to give them I will stand to it.

The Sea ports of the Cornatta & Golcondah countrys are confirmed to me, and I shall speedily receive orders about the Jaggeir, the Hosbulhookum that was formerly sent against it, was done by Cawne Bahaw[dir] without the Kings knowledge but now he and I are very good freinds and all I hope will succeed well.

I have wrote to Isuph Cawne, the Gusbardar, and your Gomasta at Metchlepat<sup>a</sup>. about the presents, which pray forward to them.

FROM DITTO REC<sup>d</sup>. DITTO TIME:

I am surpriz'd to hear that you have turn'd Serapa out of your place, and that he is forc'd to take protection in St. Thoma he was in your Predecessors time the Manager of most of your affairs and a well wisher to him, therefore to use him so now is very improper for 'tis in a great measure owing to him that your place is in so flourishing a condition as it now is, which oblig'd the former Gov<sup>r</sup>. to be so civil to him, but if he has done any thing amiss to you let me interceed for his pardon, and I have also desir'd the Govern<sup>r</sup>. of Calcutta to write to yo<sup>r</sup>. Hon<sup>r</sup>. about this matter, but if I am so unfortunate as not to obtain my request, pray send him and his family hither, and I will give him a considerable Post under me for [such] a person of his approv'd wisdom, and as such I should think it my interest to be kind to him, and keep him with you, or else let him come to this place, where he may be assistant to yo<sup>r</sup>. Comp<sup>as</sup>: affairs.

Agreed and Orderd that the ship S<sup>t</sup>. George so soon as unliverd be sent to Bengall with all the Rupees we have now and what more can be gott ready by that time, but that in her way she touch and call in at Metchlepatam, there to take on board the Kings present which having been detaind there so long by the Gusbardar, which no doubt for that reason must have rec<sup>d</sup>. great damage, It's likewise Agreed to send on the said ship what great Gunns lye there formerly belonging to the New Company, the Gentlemen there having wrote us for what Culverins we can spare.

Agreed and Orderd that the Hon<sup>ble</sup>. Comp<sup>as</sup>. ship President be dispatchd for Vizagapatam for their assistance as a Guard ship if their occasions require it, otherwise to be sent to Bengall to be dispatchd thence with Salt petre and Stores for the West Coast, to prevent as much as in us lyes her being a dead charge to the Company.

As to the Chay goods of the Metchlepat<sup>m</sup>. sort the Company have so frequently wrote for and we as often discourd our Merchants to procure the same, who can't be prevaild with to undertake providing them on any other terms but by advancing money [before]hand, for which reason the further urging of this matter is [deferred] untill another time.

In the letter from the Lord Zoudee Cawne to the President wee notice that he expresses a great zeal and affection for Serapa formerly Cheif Merchant here, and wonders much that he should [quit] this place, and goe and take protection at S<sup>t</sup>. Thoma, of which [he] knew nothing of at the time he went hence, but on enquiry in [to] the reasons found them to be, that he could not withstand the [cry] and clamours of so great a cloud of Creditors as he was indeb[ted to] notwithstanding for the Lord Zoudee Cawnes sake who sollicite[d] much in his behalf, that he may be permitted to return to Fort again, Its therefore Agreed that wee give him a Cowle, but that [it] be so worded and circumstantiated as may fully bind him to his good behaviour that he may not create any disturbance amongst the Casts or otherwise.

Mr. Martin Warehousekeep<sup>r</sup>. who with Mess<sup>rs</sup>. Raworth & H[unt] was Orderd to see the twelve chests of Silver deliverd sold last Consultation day doe now report that on opening chest N<sup>o</sup>. 14<sup>th</sup> found one entire bagg to be wanting 12<sup>th</sup> as 12<sup>th</sup> inv<sup>o</sup>. 72<sup>th</sup>. 8<sup>oz</sup>., said report is as Enterd after this Consultation.

The Warehousekeep<sup>r</sup>. with Mess<sup>rs</sup>. Raworth & Hunt are therefore Orderd to open all the rest of the Treasure that came on said ship and report the condition to us, to which time the further consideration of this matter is deferrd.

WEDNES-  
DAY 23<sup>rd</sup>

Generall Letter from the Cheif & Council at Vizagapat<sup>m</sup>. dated the 22<sup>d</sup>. ult<sup>o</sup>. rec<sup>d</sup>. last night now read being a sad and melancholly theam of their hard suffering there by reason of Fuckerla Cawnes having laid a more closer seige than ever to that Factory, and that they were in want of all manner of stores and provisions, and were very urgent with us to send them down a Europe Ship to give a countenance to the place, upon all which the following was resolvd that the ship S<sup>t</sup>. George formerly orderd to goe hence with all the Comp<sup>as</sup>. Rupees wee had ready to Bengall, but in her way to touch at Metchlepatam and take in the Kings present there is now Orderd to be gott ready as soon as possible for Vizagapat<sup>m</sup>. and what Stores and Provisions were designd to be sent them on the ship President be now loaded on the S<sup>t</sup>. George.

It's also Agreed that Ensign Hobbs and twenty men be drawn out and gott ready to send on said ship as recruits to that place, Ensign Dixon formerly sent thither being unfortunately shott and soon after dyed of his wounds, of whom the Cheif &c<sup>a</sup>. give very large encomiums of his valour and conduct on all occasions.

Generall Letters from Mess<sup>rs</sup>. Faucet & Noden at Metchlept<sup>m</sup>. both dated the 7<sup>th</sup>. rec<sup>d</sup>. the 22<sup>d</sup>. inst<sup>o</sup>. now read.

M<sup>r</sup>. Molyneux now appearing before us again in behalf of M<sup>r</sup>. Henry Davenport and himself, and desires our answer in relation to our letting out ship S<sup>t</sup>. George and he being desired to withdraw the same was taken into consideration in manner following, first that wee are likely to have much more Tonnage of Shipping then wee can by any foresight promise our selves to have goods to [fill up, and] the late President Welt den and Council advising us in their letter of the 25<sup>th</sup>. Novemb<sup>r</sup>. last that in case the S<sup>t</sup>. George should arrive us that wee provide for her, by which they cast the whole care of that ship on us, and wee knowing no better way than to lett her out rather than lye a dead charge, therefore it's Agreed that the said ship be lett out to Mess<sup>rs</sup>. Davenport & Molyneux for Bengall and Surat for Eight Thousand Pag<sup>a</sup>. but if in case the said ship shall proceed to Persia than to pay Two Thousand Pag<sup>a</sup>. more, and the said ship to arrive us (with Gods permission) by the fifth of August that shall be in the Year 1712, otherwise to pay Demorage *pro rato* according to Charterparty and that she be dispatchd from Vizagapatam, by the 20<sup>th</sup> of July next to proceed thence directly for Bengall, and there to be deliverd up to their order, M<sup>r</sup>. Molyneux was call'd in, and acquainted with this our resolution, who us'd some arguments with us to moderate the freight but was told wee had fixd the same, which at last he acquiesced in and agreed to, upon which the Sec<sup>ry</sup>. is orderd to draw out interchangeable contracts accordingly.

The ship President formerly orderd to Vizagapatam, is now Agreed to be sent to Metchlepatam there to receive and take aboard the Kings present, and proceed directly to Bengall consigning the same to the President and Council there.

In discoursing of the Hallifax so as if it might be possible to dispatch her hence next October, and the Warehousekeeper being askd what number of bales he had in the Godowns, he told us there was of all sorts 1842, and there being but about 70 bales at Fort S<sup>t</sup>. David of the last years Contract, which being in all but 1912, of which quantity at least 1650 must be allowd for ladeing of the Des Bouverie, so that there will remain but 262 bales an overplus, which with the 600 bales the Merchants promise to bring us in by the 10<sup>mo</sup> Septemb<sup>r</sup>. next, which if so will be in all but 862 which will not give a full Ladeing to the Hallifax, It's therefore resolvd that if wee

## —FORT ST. GEORGE, MAY 1711—

have not a prospect within twenty days to gett a full Lading for said ship of this and Fort St. David goods, that wee send her to Bengall, and load on her Six hundred Bales of Callicoos, with all the Companys Rupees that shall be then ready.

Mr. Thomas Frederick Paymaster reads that account for last month Vizt.

A Single Chamber built over the Sorting Godown having been always assignd to him that was assistant to the Warehousekeep<sup>r</sup>. but there having of late been such a resort and rendezvous of severall young men whose practice and behaviour have been so disorderly that it has given offence to all the Neighbourhood, besides the danger that may happen by fire to the Companys Estate by reason so many of their goods are lodg'd there, and all other means hitherto us'd for preventing the aforesaid danger having been ineffectuall, It's therefore resolvd that the said room be forthwith demolishd and pulld down and the Paymaster is Orderd to execute the same accordingly.

There being a vacancy of a Searchers Employ at the Sea Gate occasiond by the death of Mr. John Rudge, It's therefore Agreed and Orderd that Mr. William Warre be Head Searcher and Mr. Francis Cooke Under Searcher there.

The Govern<sup>r</sup>. does remind the Council that the days prefixd to what we resolvd concerning the Hallifax as  $\Phi$  our Consultation of the 23<sup>d</sup> past being expird, he did therefore send for the Merchants yesterday with two or three of the Council, and having us'd all the Argum<sup>ts</sup>. possibly we could with the said Merchants in regard that cotton was fallen, peace and plenty in the Country, and no Manilha ships here in the Road to provide Cargoes for, it was therefore prest home to them for their finall answer what wee might for certain depend on them, to bring in goods timely to give the Hallifax a full Loading for England and therefore the Govern<sup>r</sup>. gave them a sheet of paper and left with them a Braminy in the Consultation room to give their answer

It's therefore Agreed and Orderd that the Warehousekeep<sup>r</sup>. doe lade on board the Hallifax the remaining part of her Charterparty allowance of Salt Petre and Redwood.

reasons.

M<sup>r</sup>. Warre, and the Secretary Acquaint the Board that having been to wait upon M<sup>r</sup>. ffraser pursuant to an Order of last Consultation to know if he gave leave to DeLaal Cawn to Land his Elephants at Trivlecane, upon what terms and for what reasons, he gave the following answer That the said Affair having formerly been proposed and debated in Consultation, and to the best of his remembrance agreed to by the board, he had given an Order for Landing the said Elephants, and a promise that they should pay no more custom than according to the rate of S<sup>t</sup>. Thoma Viz<sup>t</sup>. half a pagoda  $\Psi$  Coved, and further added the following reasons for what he had done, first that the Merchant told him that the Elephants were very small. Secondly that if he had not consented to their being Landed at Trivlecane they would have been Landed at S<sup>t</sup>. Thoma and consequently the whole custom would have been lost to this Port.

The Council

The President demanded of those Gentlemen that were of M<sup>r</sup>. ffraser's Council if ever they consented to the Landing of the Elephants, who answered that they had once sett all their Hands to a Cowl for Landing Elephants as afores<sup>d</sup>. except M<sup>r</sup>. Warre who refused, and for giving his reasons for not signing, the rest of them had been convinced and retracted what they had done denying to give the said Cowl and consequently nothing of this matter was entered in Consultation, the petition on

— FORT ST. GEORGE, AUGUST 1711 —

which the Cowl was grounded being unanimously thrown out, They say likewise that they did consent to the Landing the Elephants at Trivlecane for the Merchants convenience being near the Garden where they were to be kept, but never Agreed that they should be excus'd the usuall cust[om] *ut valorem*.

assented to their Landing at Trivlecane for y<sup>e</sup> Merchts. convenience but not excus'd y<sup>e</sup> customs as formsly.

This Affair being thorowly debated the Board came to the following Resolutions.

That Mr. frasers reasons for consenting as aforesaid were frivolous and ill grounded, Because as to the first reason, had the Elephants been great or small the custom *ad valorem* had been much more than the S<sup>t</sup>. Thoma Duty by the cov<sup>d</sup>. And as to the Second reason, if we once consent to abate our custom on One Merchant's Acc<sup>t</sup>. for fear of his Landing Goods at S<sup>t</sup> Thoma, we should lay open a fair road to destruction of the Sea Customs in this Port, for every Moor wou'd bring us petitions of the like nature, & the Elep<sup>s</sup>. D[uty] wou'd be in a manner wholly lost w<sup>ch</sup> amo<sup>ts</sup>. to considerable  $\text{₹}$  Annum.

Resolutions to prevent ye future diminishing ye revenue.

Resolv'd that we have no power to alter the establishment of the Sea Customs without permission from our Hon<sup>ble</sup> Masters.

The established custom to continue without deviation.

Resolved that De Laal Cawn the Merchant who landed the Elephants on Mr. fraser's parole as has been confess'd by him and fairly proved by Wittnesses ought not to pay more than the S<sup>t</sup> Thoma Duty according to the late Govern<sup>r</sup>'s promise.

The Merch. required to pay no more than the S<sup>t</sup>. Thoma Duty &

Resolved that the Gentlemen of Mr. fraser's Council are not answerable in this case having refused their consent.

Ye Council not answerable for ye same since they refused their consent.

Resolv'd that the late Govern<sup>r</sup>. Fraser having on his own head given leave to De Laal Cawn to Land 32 Elephants value 7900 Pagodas on condition to pay only the S<sup>t</sup> Thoma Duty ought to be accountable to the Hon<sup>ble</sup> Company for the difference of the Customs which amounts fairly to Pag<sup>s</sup>. 286. — as  $\text{₹}$  Account enterd after this Consultation.

But Gov<sup>r</sup>. Fraser to be accountable for ye difference.

Ordered that this matter be referr'd home in the gener<sup>l</sup>. letter for our Masters Approbation and that it be publish'd at the Sea Gate, that no such liberty shall ever be granted for the future, this matter haveing happend only by mistake, and this is done that the Merchant may not pretend he brings his Elephants in hope of being favoured in the same manner as Delaal Cawn.

A TRUE NARRATIVE OF AN ACTION THAT HAPPENED BETWEEN CAPTAIN ROACH'S PARTY & OUR ENEMY'S THIS DAY, BEING THE 17<sup>th</sup> OF AUGUST 1711.

I was order'd to posses myself of a part of the bounds, were the Enemy were seen to be firing very briskly from, last night, which I did this morn<sup>g</sup>: by break of day, I ordered about 200 Peons that belonged to the Outguards to Attend me, the Cooleys began to work about the demolishing the Walls by six in the morning & continued till 12 at noone, but cou'd not hear of any of the Enemy's to be near our bounds, only a few peons about a mile off, but about twelve a clock intelligence was brought, that Mohabut Cawne with all the force of Chingie was within a Mile of our bounds, upon which I dispatch'd immediately a peon to the Gov<sup>r</sup>. & Council who was not arrived in two hours in the Interim before I had any releafe from the rest of the bounds, they Attack'd me with about 400 horse & 1,000 foot, it was a great misfortune to me, there Attacking the party Cap<sup>t</sup>. Coventry had the Command of, & Ensigne Somerville, the latter prov'd such a Coward, y<sup>t</sup> he was the occasion of the ruin of the whole party, in shewing them an Example, by running away first, which cost him his life, & abundance more of the same party, but I must doe Cap<sup>t</sup>. Coventry that Justice, that he behaved himself Extraordinary well, & wou'd have made a very good Officer, if please God he had lived, He rec<sup>d</sup>. several Wounds before he

dropt, I had my horse shot under me & was charg'd Several times by the whole party of Horse, upon both Flanks & rear & kept them in play till they were glad to leave me Master of the ffeild with less then forty men, there was not one of the 200 Peons, I carry'd with me, would stand, neither Officers nor peons, but when the Horse charg'd me they presently ran away, if they had but stood by me I would have mounted as many Horses of the Enemy's as would have made a good Troop for the Company for there was not less then Seventy, or Eighty of them running about the Feild without Riders, their masters being dismounted, we compute that the Enemy cou'd loose not less, then 140 & 150 men kill'd & wounded, besides horses & 2 sent unto the ffort, I have buryed the dead all in the ffeild of Battle, except<sup>s</sup>: Cap<sup>t</sup>. Coventry & Somerville, I sent to the ffort, I leave any Impartial Person to judge w<sup>t</sup>. the loss of the Enemy must be, when they were at the push of the Pike for two hours together & apply'd them with our Bullets & swan shot, as fast as possibly we could, this is the true Narrative of what happened.

To ROBERT RAWORTH ESQ<sup>r</sup>:

DEPT<sup>y</sup>: GOV<sup>r</sup>: OF FFORT ST. DAVID

&C<sup>a</sup>. COUNCILL.

S<sup>rs</sup>.

Yesterday we rec<sup>d</sup>. yours of the 18<sup>th</sup> with the unwellcome news of an Action wherein you lost, Cap<sup>t</sup>. Coventry & Ensigne Somerville, we lament the unhappy fate of the former, & the shamefull behaviour of the latter deserves little or no Compassion.

Cap<sup>t</sup>.  
Coventry &  
Ensigne  
Somerville  
kill'd.

no care taken  
to prevent a  
surprise.

It appears too plainly by your own Narrative, y<sup>t</sup> due care was not taken to prevent a Surprise, nor were party's laid Sufficient to Succour those that were employ'd to demolish the wall, considering the Enemy were so near you the day before this accident hapned.

it is ye. very  
Essence of  
ye. Military  
art so as to  
dispose of yre  
partys y<sup>t</sup>  
they may be  
assistant to  
each other.

no Surgeons  
made [is]  
procurable.

It is the very Essence of the Military art to dispose your party's, so that upon an Attack of one place they may speedily repaire to the releife of their Companions we hope this unfortunate Action will cure our Officers & Soldiers of that vanity that has lead them into the Error, & that they will readily embrace the first good opportunity, to make their barbarous Enemy's pay deare for their cruell triumph.

We shall send you a case of Instruments by the very first opportunity in the mean time you must get what you can from Pondicherry, M<sup>r</sup>. Raworth knows we have never a Surgeons Mate here, y<sup>t</sup>. is good for any thing, or else we would certainly send him, apply to the ffreneh & Danes to gett one for the time.

to treat w<sup>th</sup>.  
ye. Enemy  
sword in  
hand, an  
Ambuscado  
proposed.

Wee agree with you that you must treat sword in hand & now y<sup>t</sup>. your Enemy is flushed with Success, we hope they will give you an Opportunity to quit Scores, A Well dress'd Ambuscado if your spys could be trusted would draw them into your power & if you part with them before you have revenged your Countrymen we shall think it high time to begg a peace.

disposall of  
the rice  
approv'd off.

We approve of what you have done with the Comp<sup>as</sup>. rice to make the poor easy for the present, as we shall doe of any other further measures you shall think convenient to take for that purpose.

no mention  
made of the  
number  
kill'd.

You say the kill'd & wounded in the late Action amounts to the same number as last advised, but we dont find any number mention'd neither in our Letter nor what M<sup>r</sup>. Raworth wrote the Gov<sup>r</sup>. nor in Cap<sup>t</sup>. Roaches Narrative which makes it very deficient.

The Cap<sup>t</sup>. to  
have thanks  
return'd him  
for his  
conduct.

However we thank the Cap<sup>t</sup>. in our Masters name & our own for his courage & Conduct in bringing the men well off & desire you to acquaint him with the same adding withall y<sup>t</sup>. we would not have him despise his Enemy so much as to expose himself or his souldiers to any unnecessary danger, You all know how difficult it is for us to Recruit.

— FORT ST. GEORGE, AUGUST 1711 —

We are Surprised at the infidelity of the peons & Servants you have about you & recommend it to yo<sup>r</sup>. Care to make thêrô reformation

A reformation to be made with the Peons.

We shall be glad to hear of an investment, on the best terms you can gett these troublesome times, we have perused the Chingy Letters & take them to be intended as delusions to draw you into Snaires, & wish we may find ourselves mistaken, we conclude w<sup>th</sup>. Assurance we will doe all we can to make peace & would have you neglect no means to doe the same if they Offer to treat, but mony is what we cannot part with, unless in the greatest necessity, However we would not have you loose any Opportunity of taking full Satisfaction, of your bloody Enemys for their barbarous usage & are.

RECEIVED THE 24<sup>TH</sup> AUGUST 1711.

I have rec<sup>d</sup>. your kind Letter wherein you acquaint me of your Arrivall to the Government of Chinapatam which highly rejoyses me, heartily congratulating your Succession to the said Employ, in the same letter you mention the injustice of Suroop Sing which I observe & according to your Letter I have Strictly writt to him, being what it behoves mee to doe & doubtless he'll occasion you no manner of trouble for the future.

Herewith comes a Serepow to my friend & you ought frequently to acquaint me of yo<sup>r</sup>. health what can I say more.

M<sup>rs</sup>. SECRETARY

S<sup>r</sup>.

To the Paper you sent me yesterday I now return you the following answer.

At the time I returned here from Fort St. David which was in November last was 12 months I found my self very uneasy by the Petitions & frequent complaints of the Inhabitants of Yegmore & c<sup>a</sup>. the Comp<sup>as</sup>. Villages against Colloway Chittee & Vincatty Chittee, The ffarmers & Renters of the said Villages for their taking 70  $\frac{1}{2}$  Cent of all the produce of paddy of the said Villages & allow'd the Inhabitants but the other 30  $\frac{1}{2}$  Cent for all their Subsistance & c<sup>a</sup>. charge which was contrary to the agreement between them & the Aforesaid ffarmers the Inhabitants strenuously Alledging the same as matter of fact which the ffarmers as often denied in this contest between both parties the Inhabitants deserted the Villages & went away into the Country at which time I sent for both the ffarmers & told them what had happen'd by reason of their extorting more then was their due. the Villages thereby became desolated, & that neither the deserters nor any other people could be prevailed with to come & live under such hard pressures but after a Multiplicity of Words in their own excuse it concluded in their sending a Writeing to the deserters wherein they promised & obliged themselves to allow the Inhabitants 40  $\frac{1}{2}$  Cent if they would return againe to their several Villages & former Occupations.

— FORT ST. GEORGE, AUGUST 1711 —

On the promises & Assurance the People return'd to their Several Villages again but the Renters non Performance of what they promised made the Inhabitants renew their complaints to me & said 'tis impossible for them as being of the R<sup>t</sup>. hand cast, to live under the Renters who were of the contrary cast & rather then so they must leave their habitations & be gone unless (as they humbly Requested) they could get Conapah Chittee as being one of their own Cast to be the Renter in cheif of the Villages w<sup>ch</sup>. if done then all manner of complaints would then cease and be quiet.

Next day in the afternoon I sent for Colloway chittee & Vincattee chittee & told them the trouble I had by the frequent complaints from the inhabitants of the Companies Villages, I likewise sent for Conapah Chittee & got them all to meet in the dining Room with Paupia the Comp<sup>as</sup>. Dubash to concert the best ways & means to accommodate & reconcile all differences between the Renters & the Inhabitants of the three Villages in conclusion they agreed y<sup>t</sup>. Colloway Chittee & Vincattee Chittee should hold the Villages till the first of June or July 1710 after when Conapah Chittee was to commence, all which they declared before me in the Consultation Room with Joyned hands while all their mouths spake the same thing in confirmation of which I sprinkled them with Rose water about which time I got their Cowle least they should relasp, & they demanding the Counterpart which could not be found was the reason that Matter had not the Sanction of an Act of Council. I am

AN ACCOUNT OF THE MURDER OF THOMAS PARSONS SERJANT BY JACOB  
VANBASHAYSON CENTINELLI, ONE OF THE BENGALL MEN, BUT AT PRESENT  
BELONGING TO CAP<sup>T</sup>. ROACH'S PARTY.

Jn<sup>o</sup>. Kirk Jn<sup>o</sup>. Buck and Abraham Clark belonging to Cap<sup>t</sup>. Vivers Company at Cuddalore by his permission came to the ffort to visit some of their Comrades, particularly Thomas Parsons who had the command of the party at Tevenepatam Gate, on meeting him they went in Company to a punch house near the said gate, where they found severall more of their vocation drinking, but being none of their acquaintance they passed by 'em saluting them with their usuall Ceremony, good morrow to yee Brothers, and so went into another yard, where they stay'd no longer than to drink a dram each man, and then were returning, when Jacob Vantashayson a Dutchman without any manner of provocation given attackt the said Serjant Thomas Parsons with his naked sword, and struck him severall blows over his head w<sup>ch</sup>. without giving him time to defend himself from, he immediately seconded with a thrust into his body, on which he immediately fell, Jn<sup>o</sup>. Kirk abovemention'd was the person next to the Serjant who the said Jacob Vantashayson attackt in the same manner he did Parsons, but seeing the fate attended him he defended himself so well w<sup>th</sup>. his sword (which was not drawn) that thô he cut his scabbard in six places, and made severall thrusts at him, yet he received no harm, but had certainly been murder'd, had not Jn<sup>o</sup>. Buck stept in to his Assistance, who immediately coller'd Jacob Vantashayson and seiz'd his sword w<sup>ch</sup>. notwithstanding he drew through his hand and gave him some strokes over the head, and at last made a stabb at him which just touching his thigh, for safety of his life he was obliged to Quitt his hold, when the said Jacob Vantashayson still pursued him and to save his life, having no weapon, he was fore'd to dodge him round some pillars w<sup>ch</sup>. were in the yard, till he found an opportunity to go out of the door, which he immediately embraced, but as he was going over the threshold was prevented by Derrick Johnson who pulled him back by the Coat and likewise knockt down Jn<sup>o</sup>. Kirke, by this time the guard from Tevenepatam came and made the two Dutchmen prisoners, thô they resisted some time with sword in hand before they would surrender, and the murderer was so very desperate for fear of condign punishment, that had he not been bound, he would open breasted have run upon the Bayonetts on the muzzell of the guards peices.

## —FORT ST. GEORGE, SEPTEMBER 1711—

Jacob Vanbashayson say's nothing more in his defence than that he was drunk and knew not what he did, that he had no malice at all against the Serjant, and repented sincerely of the fact, notwithstanding as he had imbrued his hands in a fellow souldiers blood, he thought he deserv'd to die, but begg'd if we could not be mercifull, as he had good relations (tho he now was no more than a Centinell) that he might not die the death of a Rogue, but a Soldier, and be shot to death by a file or two of men of the party he belong'd to.

Derrick Johnson who was with him is a fellow that has been publickly scourged at Batavia, and wears the cross on his back, he deny's he was accessary to the murder, and that he only interfere'd when he knockt Kirk down to part the persons engaged, but all Circumstances make the Contrary appear, and show's his inclinations as good, but it was not in his power to commit as heynous a crime as his Companion.

Thomas Parsons was brought speechless into the ffort, but at that Juncture more occasion'd by liquor than his wound, the Doctor had some hopes at first, but in six hours, they ended with the fellows life, upon opening his body we found the wound very near direct down, and that the sword had penetrated his midriff and wounded severall of his gutts.

This is what the three persons first named have declared upon oath before the Deputy Govern<sup>r</sup>. and Councill.

Letter from

read.

General letter from the Dep<sup>y</sup>. Govern<sup>r</sup>. and Council of Fort St. David dated the 17<sup>th</sup> Instant was read acquainting us that according to our former orders they had sent up the Lievetenant and Ensign that were found drunk upon their guard at Cuddalore and likewise that they had drawn a bill of Exchange on us for pagodas Two hundred and sixty nine payable to Thomas Frederick.

Agreed that the said bill be paid.

The charge  
against Capt.  
Viver &  
Ensign  
Williams  
read.

Leivtenant Viver and Ensign Williams being sent for up and the charge against them being read by the Secretary, they were asked by the President what they had to say in their vindication, who making many frivolous excuses, but at last confessing their crime and begging pardon were orderd to withdraw and the President offerd to the board as follows that the Military in generall under this Precidency are by slack disipline for the past two years become so intolerably sottish and disorderly that tis high time a reformation should be made for the security of our Settlements and the Hon<sup>ble</sup>. Companies Estate committed to our charge.

The barbarous murther latley committed on Serjeant Parsons by a drunken Dutch man at Fort St. David is testimony sufficient to what a height of insolence matters are grown and tis well known that Mr. Farmer when Dep<sup>y</sup>. Govern<sup>r</sup>. durst not go out of the Fort for fear the guard should shoot him as he pass'd the gate.

Add to these instances the daily disorders of drunkenness in this Garrison which thô severly punish'd yett the seeds still remain and the cure is not thoroughly perfected.

If the Officers themselves whose business it is by strictness of discipline and good examples to preserve their command and keep their people within the bounds of their duty, if they shall be found dead drunk upon their posts in a time of service when surrounded by the Enemy what can be expected but ruin and destruction to the affairs of those that employ them.

Offerd further that this crime in our European Armies is punish'd in a capitall manner and than the question was putt and unanimously agreed that Leivtenant Viver and Ensign Williams be cashierd & that Captain Viver doe prepare to go for England by the Hallifax.

A Sloop

MONDAY  
24<sup>th</sup>.

Generall letter from the Generall and Council of Bombay dated the 24<sup>th</sup> August was read wherein they request that we would seiz on William Keble Master of Ship William for breaking his orders in not proceeding to Bombay but Touching at Cochin and landing part of the Freighter's Sugar, and coming from thence to this place with a Cargo of pepper on his own Account.

Letter from  
Bombay read  
containing  
directions  
about the ship  
William &  
ye. Master of  
her.

The said Keble being sent for and ask'd severall questions by the President relating to his proceedings in the Voyage more particularly his landing the foresaid sugar & coming hither, and his reasons for so doing, he answer'd that there was a great scarcity of provisions, by which means he cou'd not subsist, and as to the taking out the sugar, he found by the lateuess of the season that was no possibility of gaining his passage to Bombay, and thought it more for the interest of his employers to proceed to Madrass in hopes of getting freight rather than to continue there at a dead charge & therefore took out the sugar to make room.

Capt Keble  
examin'd.  
Kebles  
reasons for  
coming  
hither.

Then those that have freighted on the said ship at this place to whom Keble had sign'd bills of lading were sent for and asked by the President whether they were willing that he should proceed the voyage as Cap<sup>t</sup>. or if they had rather have any other person, readily answer'd they lik'd the man very well.

The freight-  
ers summonsd,  
& he to pro-  
ceed the  
voyage if  
the[y] are  
willing who  
consented.

## — FORT ST. GEORGE, SEPTEMBER 1711 —

The charge against him, being the design of malice.

He's order to Continue Capt. & an able person to be Agent of sd. ship giving a bond for his good behaviour of 5,000 pagas.

The Secretary & register of Court prosecute Capt. How. & deliver in an accot. Curr. of the estate. Capt. How orderd to pay the balla.

Doctor Jolly entertaind Doctor of fort St. David.

Fear of the Hallifax's going dead freighted.

Agreed to buy a quantity of white pepper now offering of about 20 candy.

Skingle delivers in a petition desires leave to go for Europe.

Wch is denied him till he clears himself of the charge against him.

Agreed to write to the Bay to freight salt petre on the Dolben for the West Coast.

Capt. delivers in his answer.

The Secretary acquaints the board w<sup>th</sup> Hudsons reasons for refusing his Doctor.

The greatest part of what Cap<sup>t</sup>. Keble is charg'd with seeming to be the malice of some ill designing person to get him turn'd out of his employ in hopes of obtaining the same, & the said Keble being very willing to go for Bombay to justifie himself on any terms we think fit.

Its therefore agreed he continues as Cap<sup>t</sup>. and that we pitch upon an able person to proceed the voyage as Agent of said ship & cargo the said Keble giving a bond of five thousand pagodas for his good behaviour, and to obey all such orders as he shall receive from the foresaid Agent and that the cheif and second mate be sworn to obey such orders likewise as they shall receive from the Agent during this present voyage to Bombay.

The Secretary and register of the Court who were orderd in Consultation dated 7<sup>th</sup> ins<sup>t</sup>. to prosecute Cap<sup>t</sup>. William How acquaint us that they had proceeded upon the matter, and deliver in an accot. Currant of the Estate of William Lee deceas'd w<sup>ch</sup>. was produced in Court by Cap<sup>t</sup>. William How attorney to the said William Lee and sworn to w<sup>ch</sup>. is as entred after this consultation, And further that the court had condemn'd the said How to pay the ballance.

The Deputy Govern<sup>r</sup>. and Councill of ffort St. David having acquainted us in theirs dated the 20<sup>th</sup> ins<sup>t</sup>. that Doctor Jolly who went down hence purely on account of their present troubles was willing to be entertaind in the R<sup>t</sup>. Hon<sup>ble</sup>. Comp<sup>s</sup>. Service, he the said Jolly being known to be a sober man and skillfull in his buisness, its agreed he be entertaind as surgeon of said place w<sup>th</sup>. the usual pay and allowances.

On consideration that we are not sure of any bales coming timely for the Hallifax from ffort St. David, and that there is some fear of her going dead freighted unless we will run the hazard of the monsoon with great part of her cargo aboard which we can by no means think adviseable.

Agreed to buy up any goods y<sup>t</sup> we can find fit for the Europe market to fill the said ship, and a parcell of white pepper being offer'd (w<sup>ch</sup>. the President acquaints the board pay's no more custome than black pepper) agreed for the same being about twenty Candy at pagodas twenty four & Candy and order'd the Warehousekeep<sup>r</sup> do take it aboard in baggs.

M<sup>r</sup>. Richard Skingle delivers in a petition as entred after this Consultation wherein he requests leave to go for Europe on ship Hallifax.

Considering the heavy charge against him by the R<sup>t</sup>. Hon<sup>ble</sup>. Comp<sup>s</sup>. & his accusers daily expected on the Jane we cannot consent thereto, till such time as he has endcavour'd to clear himself of what alledged against him.

For the same reasons mentiond in consultation of the 17<sup>th</sup> ins<sup>t</sup>. It is agreed that we write to the Bay to put one thousand to fiveteen hundred baggs of salt petre on board the Dolben bound for Batavia, if he will undertake to deliver them for a moderate freight at Benecoolen in his way.

Cap<sup>t</sup>. Hudson delivers in his answer to his surgeons petition as entred after this consultation.

The Secretary acquaints the board that according to order he had been w<sup>th</sup>. Cap<sup>t</sup>. Hudson to know his reasons for refusing his Doctor to act in his employ, and what provision he had made for the security of the R<sup>t</sup>. Hon<sup>ble</sup>. Company's Estate in case he shou'd meet w<sup>th</sup>. an enemy, his answer was that he was well satisfied with the Ability of his mate, & that he could not answer to carry a man who had severall times declared that he would neither give him or his family Physick, and that the Doctor had likewise declared he cou'd not answer for his own behaviour.

THE PETITION OF RACHELL ABENDANA.

HUMBLY SHEWETH.

Whereas your petitioner having had judgement pass'd against her in the wor-ship<sup>n</sup>. Mayors Court for to give security to M<sup>r</sup>. Henry Davenport as attorney of Robert Nightingall Esq<sup>r</sup>. upon account of Moses Barrow & Aaron Panheco (Jews) for the sume of one thousand pagodas w<sup>ch</sup>. your petitioner thinks is very hard there being no satisfactory accounts given her nor any Copy of the bill of Exchange upon which is the demands only a letter from the aforesaid Jews wherein they pretend that your petitioners husband did draw all their mony out of the hands of Robert Nightingall Esq<sup>r</sup>. without their orders w<sup>ch</sup>. with submission is a great falsecity and that your petitioner shou'd repay to Robert Nightingall Esq<sup>r</sup>. order their mony w<sup>ch</sup>. lay in your petitioners hands.

Therefore your petitioner appeals to your Hon<sup>r</sup>. &c<sup>a</sup>. Council and hopes that you will take it into your most judicious and serious consideration the Jews holding great sums of mony of your petitioners w<sup>ch</sup>. can prove by their own letters from one year to the other to this present but your Hon<sup>r</sup>. &c<sup>a</sup>. petitioner is ready to pay the aforesaid sum provided she has an order under your Hon<sup>r</sup>. &c<sup>a</sup>. Councils hands upon what particular account the mony is paid that she may be clear of the aforesaid Jews and then hopes that your Hon<sup>r</sup>. &c<sup>a</sup>. will grant permission for your petitioner to go where she pleases

And as in duty bound shall for Ever pray.

## — FORT ST. GEORGE, OCTOBER 1711 —

TO HIS EXCELLENCY ZULPHACKAR CAWN BAHADUR  
NUZZERAT JANG, BACKSHEE OF THE WHOLE  
EMPIRE &c<sup>e</sup>.

S<sup>r</sup>.

Understanding how great a share your Excellency bears in the government of this mighty Empire I thought it my duty to acquaint you of my arrival here to preside over the English Affairs in these parts, and I think myself obliged more especially so to do, in regard that my predecessors in this government have informed me, before I left England, that as your Excellency was one of the cheif pillars of the Empire, so you had upon sundry occasions manifested your good inclinations to the English in these parts, and that it was under your shadow, and by your good Countenance that they enjoy those privileges and security in their trade which now they do. While your Excellency lay with your army at Chingee, I understand you were pleas'd to Issue out your firwanua for securing to us our privileges &c<sup>e</sup>. at Devnapatam, Upon my arrival here I found that place in troubles, Serop Sing having seiz'd some of the English there, and carryed them prisoners to Chingee, on occasion of some disgust given hi[m] by a former Govern<sup>r</sup>. we are but a small handfull of people and our buisness is trade, and therefore all quarrells with the government is extreemly prejudiciall to us, and destroys the end for which we settle in these parts, since my coming I have labour'd all I could to compose this difference, but to my great trouble, it hath hitherto been ineffectuall; if this Affair comes to be represented at Court, no doubt but Serop Sing's Agents will do it as much to our disadvantage as they can. I therefore humbly beg of your Excellency that if any complaint be made against us on this Subject, that you will be pleas'd to excuse the matter: and that we desire nothing more than to live in tranquility and peace in our severall ffactories, and if your Excellency would be pleas'd to procure us his Majesties Hosbulhukum to Serop Sing to let us live in quiet and mind our trade, it will be a Singular Service to your petitioner, and which he shall always retain a gratefull sence of.

Since my arrival here nothing has given me a greater concern then the mismanagement that hath happened in relation to the present, which by your Excellency's order was provided to be sent up to the King at Golconda, but it was [my] Predecessors misfortune that he could not get it ready untill [he] understood that his imperiall Majesty was march'd back again to Indostan, but what Councill or by whose direction I cant tell I understand that since part of this present was sent to Bengall by Sea and another part of it to Metchlepatam, where your Excellency sent some Gusbadars to convoy it safe to Court, certain as your Excellency was the person that advis'd the sending of this present, and told us that it was necessary in order to the Procuring of the firmaund we petitiond for, we could never think any person so propper to recommend our piseash, nor propose to Offer it by more precious hands than your Excellency's, and I am inform'd that part of it was intended for your Excellency in token of our gratitude, I received an order lately from the Divan to deliver this present to the Gusbadar at Metchlepatam, but my Predecessor had orderd it to be shipt for Bengall in June last, fearing by reason of the troubles in those parts, it might happen to miscarry we having no factory to secure it there, in fine this whole Affair was strangely managed but how to excuse it, or where to lay the fault I cannot tell.

What I have further to trouble your Excellency with is my humble request that you will be pleas'd to Continue the English nation under your patronage still, and that upon any trouble, or molestation we meet w<sup>th</sup>. in our buisness, we may have leave to make our petition to and seek for redress from you, for such is your power and influence thorowout the Empire, that if you permit us the hon<sup>r</sup>. to own you for our patron, we shall be safe and follow our buisness unmolested in all the parts of it.

According to your order of Consultation for us to examine the Invoices of those ships, wherein there is wanting p<sup>s</sup>. of Callicoos in severall bales as & the Hon<sup>ble</sup> Company's list sent out w<sup>ch</sup>. accordingly we have done and find all the Invoices to

## — FORT ST. GEORGE, OCTOBER 1711 —

agree with the severall bales according to the package of this place, and the amount of them in pagodas comes out exactly therewith.

The Bettelaes of 50 coveds 19 Heathcot is here Invoiced 4 Corge, and no more viz<sup>t</sup>. N<sup>o</sup>. 27-60 p<sup>s</sup>. N<sup>o</sup>. 28-20 p<sup>s</sup>. so t<sup>w</sup>as false entred in the Invoice that went home by that ship.

Sallumpores N<sup>o</sup>. 2 by the Stretham are Invoiced from hence 80 p<sup>s</sup>. in a bale and just so were they invoiced to us from ffort St. David, those very number of bales that went upon that ship came here in our Invoice from thence.

This is all the satisfaction we can give your Hon<sup>r</sup> &c<sup>a</sup> in this Affair for we find neither, in the warehouse, nor the generall books such goods to have been wanting nor can we believe it to be here because it must be by Combination of eight persons of quite different interests to commit such a mistake or roguery, for at the packing of all goods here, there is the warehousekeep<sup>r</sup>s. Assistant, two of the Comp<sup>a</sup>. Conicopies the cheif packer and two more, and two of the merchants conicopies who are allways present and Count in two peices at a time, & how one p<sup>s</sup>. in a bale come to be wanting seems strange to us.

genl. letter from ye President. & Councill. in Bengall read.

A Generall letter to the Court of Directors intended by the Hallifax was read to the 96 paragraph.

Henry Davenport warehousek<sup>r</sup>. acquaints the board that thrô the great hurry in getting bales ready to fill up the Hallifax, the beaters who were kept to work night and day had not been able to perform their part so well as usuall, so that the Long-cloth & sallumpores that were put aboard in hast at last by not being well beaten will appear worse than ordinary to the eye thô in reality they are as good as others of the same number.

the warehousek<sup>r</sup>. reports the ill beaten of ye cloth, being done in hast. but is as good as the rest.

Order'd that the same be mention'd in the generall letter.

the same mentiond in ye genl letter.

Receiving advice from Bengall that there is no likelyhood of any ships going from that place to Batavia this season so that we shall be disappointed of the salt petre we expected would have been sent that way, we find our selves under a necessity of agreeing w<sup>th</sup>. the owners of the ship Oxford to carry over fifteen hundred baggs of salt petre and two hundred and fifty candy of redwood paying as usuall one pagoda 4<sup>p</sup> bagg for the petre, but upon condition that they carry the redwood freight free, and be ready to sail clear before the next full moon.

no ships likely to go from Bengll to the west coast. the Oxford freighted. freight of ye salt petre at pa 1<sup>p</sup> bag.

Generall letter to the Dep<sup>ty</sup>. Govern<sup>r</sup>. and Councill of York fort of this days date was read and signd.

dispatch  
of the  
Averilla  
discoursd  
of  
merchants  
sent for.

The dispatch of the ship Averilla for Europe in time to join the Dutch fleet at the Cape was taken into Consideration, debated and agreed to, accordingly y<sup>e</sup> merchants were sent for and ask'd what quantity of bales they cou'd undertake to bring us in, in fifty days to which they answer'd that cotton is so dear and hands so scarce in all the weaving villages of this country and paddy so dear for want of rain that it was impossible for them to go on with any further investment upon the old terms they having been very considerable losers by the last goods they brought in.

Presidt.  
acquaints  
'em they had  
brot. in short  
of y<sup>e</sup> two last  
contracts.

The President then told them that they were not now desired to come upon a new contract but that on enquiry into matters it appear'd that they had brought in far short of the two last contracts made in the time of Govern<sup>r</sup>. Addison and M<sup>r</sup>. Fraser, wherefore all we desired of them now was to bring in as many goods as would fullfill their old contracts.

merchants  
answer there-  
to.

To this they answer'd that the eight hundred bales agreed for in June last were to compleat the aforesaid contracts and that they never wou'd have consented upon any other terms tho' M<sup>r</sup>. ffraser kept them prisoners severall days in the garden, and in a manner forced them to a compliance thôthey knew very well then (and it has proved so since) that they should be very considerable losers.

— FORT ST. GEORGE, OCTOBER 1711 —

The merchants were then order'd to withdraw, and the President offer'd to the consideration of the board that with what bales we may depend upon at ffort St. David and Vizagapatam three hundre[d] more wou'd be sufficient to compleat the Averillas lading, and after duely considering the present circumstances of affairs the question was put whether if the merchants wou'd agree to bring in three hundred bales in fifty day's we should take them for the ballance in full of their former contracts w<sup>ch</sup>. we unanimously agreed to as the only sure means to get the Averilla dispatch'd in time to join the Dutch fleet, and when we have rec'd these three hundred bales there will be no great matter due on their former agreements.

order'd to withdraw.

debated for a contract of 300 bales.

The merchants then were call'd in a second time and made acquainted w<sup>th</sup>. the resolution we had taken, after some disputes among themselves they freely undertook to bring in two hundred and fifty bales by the time limited and fifty more if possible to be procured w<sup>ch</sup>. they said was the utmost they cou'd undertake, considering the unusual want of rain at this time of year that has allready raised the price of grain twenty five  $\Psi$  Cent and that the people of the country are under great apprehensions of a famine.

merchts agree to bring in 250 bales in 50 days.

Upon the foregoing considerations we came to an agreement with them as entred after this consultation.

agreement entred after consulta.

Pursuant to an order of Consultation on Wensday the 17<sup>th</sup> ins<sup>t</sup>. Thomas ffrederick accomptant delivers in the merchants account Currant adjusted & ballanced to the 31<sup>st</sup>. of July last, at which time it appears that the merch<sup>ts</sup>. were then indebted upon the ballance twenty five thousand eight hundred fifty two pagodas twenty five fanams and five cash.

Accompt. delivers in the merchts. accounts.

Order'd that their account be further settled from the 31<sup>st</sup>. July to this day that we may see what we are indebted to them in order to make them a payment for their encouragement to go on chearfully with the work they have in hand.

& is order'd to be further stated to this day.

A bill of Exchange drawn by the cheif and Councill of Vizagapatam payable to Richard Horden for Madrass Rupees five hundred was offer'd.

Bill of Exco. payable to R. Horden.

Order'd that the same be paid by the warehousek<sup>r</sup>. in Rupees.

The President reads a letter from the Dep<sup>y</sup>. Govern<sup>r</sup>. of Fort St. David wherein he writes that their cash is very low, and that their merchants are pressing for mony having brought in goods to the amount of ten thousand pagodas, also demands severall small articles for presents to Serop Sings Envoys that are come down from Chingee to the camp to treat for a peace.

they acquaint us from ffort St. David of their want of mony &c.

question.

We cannot but observe with a great deall of concern the unaccountable folly and ill management of these gentlemen thrô the whole course of this affair, but most particularly in this article, for after they had sent out all their forces without any orders from hence to burn and destroy all the country and grain round about them impower'd by a single order sign'd by M<sup>r</sup>. Farmer only, a copy of which is as entred after this consultation, they now as good as tell us in so many words that the unlawfull depredations they have committed realy make Serop Sings demands carry too much justice with them, and shamefully confess that they are afraid they shall be necessitated to ask us to disburst something considerable out of the Companys cash.

Reasons for

Broadcloth  
as requested.

come to a  
resolution of  
sparing it  
them for the  
foregoing  
reasons.

warehousek<sup>r</sup>.  
order'd to  
deliver it.

This matter was taken into serious consideration and argued that if the ffort S. David merch<sup>ts</sup>. who have contracted for the whole shou'd come to know that we have deliver'd any part to the merchants here it might be a means to make them fly from their contract and leave the remainder upon our hands.

Again we ought to consider that we are now in the month of Novemb<sup>r</sup>. and those merchants instead of sending to take away their Broadcloth, upon their bringing in goods at ffort S<sup>t</sup>. David as by agreem. have wrote to us for a payment of mony and all our this years cargo of cloth now lies by us in the godown w<sup>ch</sup>. is a very great quantity to be vended in seven months time.

And further if this parcell of red cloth belonging to our merchants w<sup>ch</sup>. is about one hundred and fifty bales shou'd lye unsold in the country for want of the greens and Auroras to help it of, it must undoubtedly be a great hindrance to the putting of the great quantity we now have by us thô the ffort S<sup>t</sup>. David merchants shoud comply w<sup>th</sup>. their contract and take it all of our hands, yet they will be so glutted w<sup>th</sup>. it, and the town will be so full of it that it will be utterly impossible to vend what we expect by the next years shipping especially since the camp is at such a vast distance from us.

Wherefore we have thought fit and agreed upon the foregoing considerations to deliver our merchants forty bales of green and twenty of Aurora to help of the one hundred and fifty bales of red beforemention'd w<sup>ch</sup>. will make a clear stage for the ffort S<sup>t</sup>. David merchants whenever they think fit to take away what they have contracted for, and if they shou'd fly from their bargain as we have some reason to fear they will by their letting it lye so long this will enable our merchants the better to take the quantity of our hands.

Order'd that the warehousek<sup>r</sup>. do deliver the sixty bales aforesaid as privately as possible.

According to the result of last Consultation the Govern<sup>r</sup>. and Councill went at six this morning to view the buildings from the Carpenters yard to [y<sup>e</sup>.] godowns as allso St. Thomas Point were the foundation was laid open on each side and in some places only found to be three bricks under the sand.

All the people being summon'd that have any knowledge [ ... ] opinion was ask'd if we cou'd safely cause St. Thomas's point w<sup>ch</sup> wou'd save a considerable sume of mony but they all unanimously declared that it is impracticable and that there is an absolute necessity for laying a new foundation and rebuilding it from the ground.

The hospitall free guard house and m[ud] wall that join in a range of building altogether were found upon survey as has been before represented by the paymaster and surgeon the walls being in several places crackt from top to bottom, the rafters of the roof rotten and ready to fall in, the whole somuch out of repair that we are unanimously of opinion it is most for the [Hon<sup>ble</sup>.] Companys interest to pull all down and rebuild it firm and strong so as to last for many years, but we find upon enquiry that M<sup>r</sup>. TO ROBERT RAWORTH ESQ<sup>r</sup>.

DEPT<sup>y</sup> GOVERN<sup>r</sup>. OF

FORT S<sup>t</sup> DAVID & C<sup>a</sup>. COUNCILL

S<sup>rs</sup>.

This morning the Govern<sup>r</sup>. has [placed] before us M<sup>r</sup>. Raworth's letter of the 3<sup>d</sup>. ins<sup>t</sup>. wherein [he writes] that the enemy will not come to any agreement unless we consent to pay thirty thousand [chuck]rums w<sup>ch</sup>. we take to be sixteen thousand six hundred odd pagodas, in consideration of which they will [give] the villages of Trevendeporum PadreCopang and Corromuttum besides their half of all the towns w<sup>ch</sup>. lye [part] within our hedge and part without and that they will intirely renounce all claim to our bounds on any pretence whatsoever.

We have very seriously consider'd the first article and find it to be so unreasonable a sum of money that we can never consent to pay it on our Hon<sup>ble</sup>. Masters account.

We cannot judge if it be worth while [to] buy the three Villages beforemention'd, and the half of the towns that lye part within our bounds and part with[out] till you send us a computation of what revenue they [will] annually yeild, and what security we can have that [we] shall continue in quiet possession of them hereafter for we must be of opinion we have too much ground allready at your settlement to defend against an enemy. If Surop Sing dares dispute a grant confirm'd to us by Cawn Bahawder what value ought we to put [upon] his grant (or what else he will call it) who is [no more] in Comparison with the other than his Buxy [. . .] and may be not so much, pray let this point be [urged] home and let us have a speedy answer.

An entire renuntiation of claim [to] all things within our bounds is a tender point to be handled for his pretending to a claim after Cawn Bahawders grant, is an undeniable reason why we should buy no grants of him since by the same [right] the next Govern<sup>r</sup>. of Chingee may dispute our [title] to all we possess and by the same forcible means may compell us to pay what sune he pleases so our title will allways be precarious.

## — FORT ST. GEORGE, NOVEMBER 1711 —

We should consent to paying of the renters debt and if we could have good security that even he himself and the rogues about him would not molest us in the possession of these grants he offers we might thô unwillingly consent to pay a sũme of mony for them, but never the sũme they insist upon since upon the best account we can get of the Villages here the rent will be but inconsiderable.

We shall wait your answer to these materiall points, and in the mean time desire that the treaty may go on in the manner we have mention'd that is to say that the renters debt be kept apart and made up by it self and if we give any thing more that it may be for something that you are satisfied will bring in an equivalent in few years or otherwise we can never consent to buy till we have orders from England.

We leave this management as we did formerly to the Deputy Govern<sup>r</sup>. with the same directions that he lay the Treaty before the board ere the agreement is perfected and are

Upon examination of the severall accounts that want a due clearance in the books [letter] J deliverd in by the accomptant we humbly offer the following.

The want of weight in the acco<sup>t</sup>. plate of ounces four hundred seventy nine twelve penny w<sup>t</sup>. twenty one grains amo<sup>t</sup>. to pagodas three hundred and one eleven fanams and four cash arrises thus.

In books letter B the plate bought of Gov<sup>r</sup>. Pitt weighs

bettr. y<sup>n</sup>. standard— „ 59: 8

———— 1647 : 2 w<sup>ch</sup>. 59 oz so [added] is not reckon'd in the amount of weight by the standar'd, rema 420 : 4 : 21 proceeds from waste in use [and] melting to new fashion the same, and has from time to time been omitted to be wrote of from the Union, it is our opinion the same should be ele[ar'd] by Proffit and Loss.

Iron Ordnance there has been 16 guns formerly cast as useless and not wrote of ought to be clear'd by Proffit and Loss.

## ARMORY STORES.

In the month of November 1710 books letter J there were 1644 old gun barrels sold at outcry for pagodas two hundred fourty f[...] w<sup>ch</sup>. were in former accounts charged as fire arms valued at pagodas [lacuna] and the difference never wrote of w<sup>ch</sup>. ought to be clear'd by Proffit and Loss.

## GUNNERS STORES.

The granadoes shot & c<sup>a</sup>. broken and useless and old stores less in value not wrote of since the Union ought to be cleared by Proffit and Loss.

TO ROBERT RAWORTH ESQ<sup>r</sup>.

DEP<sup>ty</sup>. GOVERN<sup>r</sup>. OF FORT ST. DAVID.

S<sup>r</sup>.

Just as we had sign'd the inclosed and were sending it away yours of the 4<sup>th</sup>. came to hand w<sup>ch</sup>. the Govern<sup>r</sup>. communicated to us, and we have stopt the peons to send you the following answer.

We are still of the same opinion for a speedy and Hon<sup>ble</sup>. peace, we agree that Surop Sing ought to have satisfaction for the renters debt and we shou'd as readily agree to make M<sup>r</sup>. Roberts pay it, if it was in our power, but since it is not we must by the necessity of Affairs submit to pay it for him because he was the Companys Govern<sup>r</sup>. and it being allways customary for the Govern<sup>rs</sup>. to treat singly w<sup>th</sup>. the great men of these parts that whatever is transacted between them they look upon it as firm as done with the Company themselves we shall apply the [money] we have attach'd belonging to M<sup>r</sup>. Roberts for the payment of this matter as farr as it will go, and shall take care to debt him for the remainder.

We think this article of your trea[ty] ought to be first settled and as to the remaining part of the sūme demanded we had much rather let his precarious Villages alone than have anything to do w<sup>th</sup>. them, tho we must confess six thousand Chuck-rums Ƴ annum is a Sufficient rent for the sūme we are [to] pay.

If you can make good what you write in your letter and can have good security that we shall enjoy the Villages peaceably and be un[mole]sted in our Affairs we are content that you make a peace upon the terms you mention, tho we hope you will show your dexterity in procuring an abatement.

It will behove you to be very circumspect in the articles of the treaty and to part [w<sup>th</sup>.] no mony till you have some security, for there is not a more faithless wretch upon earth than the man you have to deal with, we desire that there may be an article inserted for the ease and security of passengers at Bomipollam w<sup>ch</sup>. we think is the place were M<sup>r</sup>. Raworth formerly met w<sup>th</sup>. some trouble in going to ffort S<sup>c</sup>. David.

You will do well to lay these [terms] now before your Councill and before you conclude the treaty it will be propper that you protest [in] form jointly against M<sup>r</sup>. Roberts as the author [of] all these troubles, and the person that ought to [be] accountable for all the damages sustain'd thereby.

As for your merchants offering to leave the bounds, we cannot but think it a great peice of insolence at such a Junecture, and since they woud seem thereby to necessitate you to a compliyance, it was a very propper time to ask them how much they woud Contribute to a peace, when they made their contract they knew the warr was afoot and tho you have not yet sent us a Copy of your contract we dont remember you ever mention'd that you had oblig'd your selves to buy a peace.

It is a great sūme of mony we now consent too, and should never have done it upon any terms but the equivalent to reimburse us, we shall impatiently expect your answer and remain.

John Bayley

brought  
before the  
board.

Then John Bayley who deserted our garrison at Vizagapatam as mention'd in our Consultation of the 29th October was again brought before the board and the following depositions were given in upon oath against him.

TO THE HON<sup>BLE</sup>. EDW<sup>D</sup>. HARRISON ESQ<sup>R</sup>.

PRESIDENT & GOV<sup>R</sup>. & C<sup>A</sup>. COUNCIL OF FORT ST. GEORGE

HON<sup>BLE</sup>. SIR & C<sup>A</sup>.

Mr. Hordens  
deposition  
against the  
prisoner.

According to your Hon<sup>r</sup>. & C<sup>as</sup>. orders I have drawn out the following depositions :

The deposition of me Richard Horden against John Bayley.

Soon after my arrivall here from Vizagapatam (which was the beginning of February last) I receiv'd a letter from Mr. Francis Hastings Cheif of Vizagapatam dated the 5th January advising me that on the 2d of said month John Bayley desert'd that garrison which was then close besieged by Fucharla Cawn, and on my arrivall at Vizagapatam from this place being at the out guards from thence I can depose upon oath that I saw the said John Bayley upon the stone hill adjoining to the sand hill where the Enemy then lay encamped in a hostile manner seeming to be preparing platforms for gunns, and as I heard Mr. Smith and severall souldiers affirm that he used to come near the out guards in a very audacious manner calling to them to prepare (saying to morrow was the day). There are severall other reports which I omitt these being what I declare as the truth, I am with all submission

## —FORT ST. GEORGE, NOVEMBER 1711—

I the Subscriber doe upon the holy Evangelist solemnly declare that I did see John Bayley come within pistoll shott of the walls at Vizagapatam when that place was beseiged by the Moors, and with him some Portuguese and Musteez which he seem'd to command in the Enemys Camp, and I could perceive that he and most of them with him were under arms, and I did see the said Bailey flourish his naked sword in a way of defiance, saying words to this effect, here is a sword that shall cutt of a highlanders head, and I did also see him upon the Enemys works seeming to give direction, and making observation thro' a telliscope, to the truth of all which I now make oath and in confirmation thereof have hereunto sett my hand.

I the Subscriber doe upon the holy Evangelist solemnly make oath that I did see John Bayley upon the Enemys works under arms having a musquett or gun upon his shoulder when Vizagapatam was beseiged by the Moors, unto the truth of which having now sworn I do likewise hereunto sett my hand.

I the Subscriber doe upon the holy Evangelist solemnly declare that I saw John Bayley upon the Sand hill with the Nabob pointing and seeming to direct at the works the Enemy were forming when they beseiged Vizagapatam, and I did see the Enemy challenge in English and do beleive there was no other Englishman in the Enemys Camp at the time but the said Bailly, to the truth of which I now make oath and have hereunto sett my hand.

JOHN BROWN.

*Jurat coram me

E. HARRISON  
Gubern<sup>r</sup>.

John Brown further declares upon oath that when the said Bailey deserted he forced the Companys Cattamaran to carry him over the river.

The prisoner being asked what he had further to say for himself only repeated as formerly that he went away by Mr. Hastings Consent intending to go to Metchlepatam and being taken prisoner by the Nabobs people and detain'd against his will, which appears to be a notorious falsity both by the foregoing depositions one of which is given by the Second of the place and by Mr. Hastings Letter the Factory diarys and Consultations.

The prisoner  
says he went  
by Mr. Hast-  
ings Consent.

Then the prisoner was ORDER'D to be carry'd out and after some debate came to the following resolution :

The Prisoner  
to be carry'd  
out.

That John Bailey having deserted from the garrison of Vizagapatam during the time that the place was closely beseiged by the Nabob, and acted in the Enemys Camp against his own nation do next monday morning run the gantlett thro' both Companys, and that the same punishment be repeated twice more at such times as the President shall direct and that he be detain'd a close prisoner till we shall see fitt to send him [out] of the place.

The Prisoner  
to run the  
gantlett.

Severall persons that have been sent of the shoar of this and other settlements in India for their vile actions and scandalous behaviour having found some means or other and we suppose under false names to enter themselves in the East India House and come abroad again in our Hon<sup>ble</sup>. Masters Service,

— FORT ST. GEORGE, NOVEMBER 1711 —

AGREED that we write home in the next generall letter our humble request that care may be taken to prevent such persons entering in the Service for the future and in case that any should clandestinely gett themselves enter'd and come abroad in the shipping it may be not taken amiss if we deny them landing in these parts.

The President acquainting the board that it is recommended to him in his private Instructions from the Hon<sup>ble</sup>. Court of Managers to see that all matters of difference between the Natives under this Presidency be decided by Arbitration, and that no causes between the Moors be tried in the Mayors Court least either side being agrieved or thinking himself so should fly to the Country Justice and thereby embarrass our affairs.

Mr. Jennings the present Mayor is desired to take particular notice of the said paragraph in order that it may be duely comply'd with.

The President further acquainting the board that in compliance with his instructions he has putt severall causes to fair arbitration by the heads of the Casts since his arrivall and particularly a cause depending between Vincatrama and Areapa Braminy which has been fairly decided by the most considerable persons of their cast in the place, and the award given after the usuall manner, but Vincatrama the Defendant obstinately refuses to comply therewith under pretence that he has not wherewithall thô the Arbitrators are well satisfied that he has effects sufficient, and that he has convey'd them away or made them over during the dispute.

Taken into Consideration that if this method of arbitration, thô never so just in itself, will be of no good effect in the conclusion if there is not a way found to handle such obstinate fellows, and make them submitt to equity and reason

AGREED that whenever any cause depending between the Natives is fairly putt to arbitration by consent of the partys who are to choose their Arbitrators according to Custom and to be bound in an obligation to stand to the award under a penalty proportionable to the Sum in dispute whatsoever shall after the award is given refuse to comply therewith as far as he is able shall upon complaint being made, either at the Mayors Court or at this board have execution granted against him.

Thomas Woodward having been very negligent in his duty was severely checked by the Gov<sup>r</sup>.

Thomas Woodward Factor having been very negligent in his duty, and irregular in his course of life, was called before us and very severely reprimanded by the President who acquainted him with the orders to discharge all such persons from the Service and send them home, but upon his humble submission and fair promises of good behaviour in all respects for the future we have thought it reasonable to forgive him this time, with assurances that no consideration shall prevail with us to forbear putting the Companys orders in Execution if he presumes to offend again.

Messrs. Davenport & Benyon acquaint the board that they have look'd into the orders of Consultation relating to the boatmen that were fined in Gov<sup>r</sup>. Pitts time for theft committed in the boats that carried off the Dutchess Cargo, and that they find that the person who discover'd the theft was made chief boatman, and the three other head boatmen concern'd were whipt round the town and fined five hundred pagodas into the Companys Cash after which they were discharged, the Pedanague giving Security for their good behaviour.

Messrs. Davenport & Benyon acquaint the board they have examined the Consultation concerning the boatmen.

Upon enquiry we find that these boatmen had served the Company very well a great many years and it does not plainly appear to us that they were any way more guilty than the person that discover'd the roguery who was a stranger in the place and by his poverty unqualified to be made an example of by way of fine tho all equally guilty, only he finding that the theft was discover'd elsewhere gott the start of the rest in making the discovery to the Gov<sup>r</sup>.

The boatmen have served the Company very well.

On consideration that we seldom have so many boats as we can employ and that the business of the place is not to be done as it should be unless those fellows are continued in their employs, it is AGREED that the President do endeavour to reconcile them that they may go on chearfully in repairing their boats ready against the arrivall of the shipping.

The President to reconcile the boatmen to go on chearfully to gett their boats ready.

Messrs. Frederick and Warre deliver in their report by order of Consultation of the 29th of October relating to the Copies of orders collected by the Council of Fort St. David for the commencement and carrying on the present warr by which it plainly appears that Mr. Farmer & his Council never had any sufficient orders from hence to bear them out in what they have done, the consideration of which is referred till an other opportunity.

Messrs. Frederick & Warre deliver in a report concerning the carrying on the war at Fort St. David.

Complaint being made both from the Accomptants and Secretarys office that papers have been lent out and never return'd and it appearing particularly that such considerable papers as the Tripartite and Quunquepartite Indentures have for some years lain about the town and not return'd to the Office from whence they were taken to be perused by some of the Council,

Complaint made by the Accomp. & Secretary of papers taken out of the offices and not returned.

ORDER'D that for the future neither the Accomptant nor the Secretary do deliver any books or any papers to be perused by any person whatsoever out of the Fort who is able to come and read them in the Office and in case of any persons inability by lameness or otherwise, that they do first make the Gov<sup>r</sup>. acquainted, and afterwards take a receipt for what lent out and carefully call them in again after a convenient time allow'd for the perusal.

Generall Letter from the Deputy Gov<sup>r</sup>. & Council of Fort St. David dated the 11th Instant was read as also one from the Deputy Gov<sup>r</sup>. dated the 13th Instant acquainting us as follows :

That they had sent Serapa back to the Camp since the receipt of our letters, in which we had given them power to conclude a peace, and that they hoped he would be able to procure an abatement of their demands.

—FORT ST. GEORGE, NOVEMBER 1711—

That they had sent us their report of Cash for the month of October and their account of Charges for the month of September which were taken into immediate consideration and it appears thereby that the monthly expence of that settlement amounts to more than four thousand pagodas besides the charges of presents and what we supply them with from hence, that there is nothing brought to credit of rents and little or nothing of revenues so that to the best of our judgements if we can't putt a speedy end to this expensive warr we had better demolish the Fortifications and retire.

They likewise sent their report of Cash for Sept<sup>r</sup>. wch. amounts to more than 4000 pagodas.

Mr. Frasers Answer given in by the Secretary.

Upon further examination into the matter we find that Padre Milton has been the person that undermined Manuell De Sylva by false and groundless reports being himself a man of very indifferent character wherefore in compliance with our Hon<sup>ble</sup>. Messrs  
Martin &  
Warres report  
of goods in  
the godown.

Messrs Martin & Warre deliver in a report of what goods they find in the Sea Gate godown uncleared no owners appearing to claim them.

—FORT ST. GEORGE, NOVEMBER 1711—

ORDER'D that the said goods be open'd and examin'd and that the liquors and what else is perishable be sold at the Sea Gate within thirty days, notes being putt up at the Sea gate as usuall to give timely notice, and that the produce of such goods sold remain in the Sea Customers hands till further order.

Ordered to be sold at outcry.

William Jennings Land Customer making Complaint that severall goods are daily run into the pettas, some parcells of which he has seized and fears that the Conicoplys of the Choultry may be underhand concern'd in these rogueries wherefore he prays the direction of this board what shall be done with the goods seiz'd, and which way to prevent the like practices for the future.

Land Customer complains of goods being run.

The Custom has hitherto been that whenever any goods have been seiz'd that were endeavour'd to be run they were discharged again upon payment of double Custom, which penalty does not prove sufficient to deterr people from making it their daily practice to run all they can.

Goods seiz'd formerly paid double Custom.

ORDER'D that from henceforth all picee goods that are brought into town without passing the Choultry and paying the Custom shall be seiz'd and confiscated two thirds to the Hon<sup>ble</sup>. Company and one third to the informer and that the tom tom be beat round the town to give warning to the Merchants and all other Inhabitants of this City, at the same time it is recommended to the Land Customer to have a watchfull eye over the Conicoplys and to use his utmost endeavours in discovering the foul practices of which they are suspected.

All goods run to be seiz'd.

There being some reason to suspect that the Armenians and other Merchants of this place have at severall times imported rich goods elandestinely by means of false package because some chests have lately upon examination been found to contain such goods at the bottom and Course trumpury at top.

Suspicion of the Armenians running goods.

It is earnestly recommended to the present Sea Customer and to all in authority under him that they be very vigilant and carefull to prevent all such frauds for the future, and in order thereto the following method is prescribed.

which the Sea Customer is desired to prevent.

ORDER'D that every Merchant importing do give in a list with an account of the package to the Sea Customer of what goods he lands before they come to be examin'd, and if afterwards upon examination it shall appear there is any false package, the Sea Customer shall not presume to discharge the said goods or any other goods attempted to be run without first acquainting the Gov<sup>r</sup>. in order to have the matter fully examin'd into and the offender fin'd according to the value of the goods so attempted to be run.

The Sea Customer not to clear goods run.

And whereas sometimes goods are landed with intent to be sold but the markett not answering the expectation of the Importer he has been permitted to reshipe them without paying Customs upon a false pretence that the said goods were landed by mistake of the Captain or Officers aboard,

All goods landed to pay custom.

ORDER'D that before any ship is permitted to break bulk the Commander or Supra Cargo be obliged to deliver in a list of all freight goods consign'd to this place as well as the generall manifest of their Cargo and that no goods whatsoever be permitted to be reshipe without paying Custom upon any pretence whatsoever without a fair hearing before this board and the Captain and Officers oath that the said goods were landed by mistake, except only in such cases where goods are landed by order of consultation for sufficient reasons express'd therein which are to be always in the Custody of the Warehousekeeper till they have another order from this board to reshipe them.

All commanders of ships to deliver in a manifest. No goods to be reshipe without paying Custom. Without an order of Consultation.

Conapa Chittee pays into Cash pagodas eight hundred seventy five in full for one years rent of Egmore &c<sup>r</sup>. Villages which is the time he posest them by the single order of Mr. Fraser when he took away the Cowl from Colloway and Vincattee Chittee which was granted them by Gov<sup>r</sup>. Pitt & Council so that all the rest of the rent is due from Colloway & Vincattee Chittee.

Conapa Chittee pays pag<sup>s</sup>. 875.

Coja Ovannes an [Armenian] delivers in a petition against Auga Pera his Countryman as enter'd after this Consultation.

ORDER'D that Auga Pera be summon'd to attend next Consultation to answer to the said petition.

Two letters  
from the  
Dep<sup>y</sup>. Gov<sup>r</sup>.  
of Fort St.  
David.

Generall letters from the Dep<sup>y</sup>. Govern<sup>r</sup>. of Fort St. David dated the 13<sup>th</sup> & 18<sup>th</sup> November were read acquainting us that the Enemy fly backward and forward from the terms formerly proposed without coming to any positive agreement, but that he still continues firm to his first principles resolving to suffer the utmost extremity rather than submit to their unreasonable terms.

— FORT ST. GEORGE, NOVEMBER 1711 —

Mr. Bulkley acquaints the board that he has, pursuant to the order of Consultation dated the 9th Instant, been to view the beef and pork which came up from Bengall on the Hallifax, and finds it to be very rask, rusty and unsavoury.

Mr. Bulkley reports of the beef & pork,

ORDER'D that he endeavour to dispose of the best of it upon any terms he can gett, and that the remainder be buried under ground.

which is ordered to be sold.

Mr. Davenport for Robert Raworth Sea Customer pays into cash pagodas one thousand.

Mr. Davenport pays into cash pag<sup>a</sup>. 1000.

Alexander Bennett Steward delivers in a paper by way of apology for the great increase of the expences under his management, during the time he has acted under Mr. Frasers Government, which is enter'd after this Consultation.

A Paper of apology delivered in by the Steward,

The said Bennet being call'd in was told by the President that it is the opinion of this board he is very wrong in his Computation, that the difference in expence between twenty Companies Servants in Gov<sup>r</sup>. Pitts time and thirty six in Mr. Frasers amounts to two thousand eight hundred pagodas per annum.

Who is wrong in his Computation.

That as to his second excuse namely the dearness of provision and Syrash wine it appears to the board upon examination that some provisions are dearer than formerly but most part not, and as for the Syrash wine it appears that it has been the quantity lavished away rather than the high price that has swell'd this article of the expence tho it has been bought at 15 pag<sup>a</sup>. per chest in the dear time of the year instead of buying it up at ten when the ships first arriv'd, it is allow'd that Syrash wine was formerly bought from five to eight pagodas per Chest and that article may amount to one hundred and fifty pagodas a year instead of six hundred and sixty charg'd in Mr. Bennetts apology.

Large quantity of provision lavished away.

The next of the reasons contain'd in the said paper give us no manner of satisfaction, for we find upon strict enquiry into this matter that this extravagant expence has been occasion'd as follows: excepting only one thousand five hundred pagodas per annum, which is a very modest allowance for the increase in number of the Hon<sup>ble</sup>. Companys Servants.

1500 pag<sup>a</sup>. per annum a moderate allowance for the Companys servants.

Mr. Faucett who made a tolerable good Steward under Gov<sup>r</sup>. Pitt, that had alwaies a strict eye over his conduct, and made a constant scrutiny into the whole expence, proved a very lavish Steward under his Successour that left matters wholly to him and instead of calling him to account permitted him to do what he would which appears in a great many instances of extravagant prices given for severall things that either were or might have been bought up at proper seasons for little more than half the value.

The former Steward lavish & no strict eye kept over him.

During the whole course of Mr. Frasers Government we observe greater liberty than ordinary given to all manner of servants both white and black, extravagant allowances at the table, and especially of liquor the most pernicious article, in so much that twenty bottles of wine were expended in a day, where half the number now serve full as well, so that the Masters Carelessness and the Servants negligence not to call it worse, to which we must add the knavery of the Stewards Servants under him have occasion'd this unaccountable expence, and to prevent the like for the future,

Great liberty allowed in Mr. Frasers time.

ORDER'D that whatever liquors, wine, arrack, beer, &c<sup>a</sup>. be hereafter bought up, or brought hither for use of the table be delivered into the Warehousekeepers Custody to be issued by him to the Steward from time to time as it is expended.

All stores delivered to the Warehousekeeper to be issued to the Steward.

ORDER'D that a regulation of prices be made for all species of live provisions, and that the Steward do seek out fitt persons to contract with for supplying a sufficient quantity at sett rates for the year.

Regulation of prices to be made.

ORDER'D that the Steward do monthly deliver an account separate from the Paymasters in such a form as shall be hereafter agreed upon, to be particularly inspected into by the Governour and such others of the Council as shall be thought

The Steward to deliver in a separate account.

TO THE HON<sup>BLE</sup>. EDW<sup>D</sup>. HARRISON ESQ<sup>A</sup>.

PRESIDENT & GOV<sup>R</sup>. OF FORT ST. GEORGE & C<sup>A</sup>. COUNCIL.

HON<sup>BLE</sup>. S<sup>R</sup>. & C<sup>A</sup>.

Having perused the report deliver'd to your Hon<sup>r</sup>. & C<sup>A</sup>. by Messrs. Henry Davenport William Jennings and Bernard Benyon, wherein they take notice that the Stewards expences are so considerably increas'd as to be double to what they were Anno 1698-9, in answer to which I humbly offer the following reasons :

The first and Cheif increase of the Stewards expences is the large number of their Servants, which have been more for this last year than severall years past and very near double the number they were Anno 1698-9 as per a List of them which am ready to produce, wherein the above said year 1698-9 there were but twenty Companys Servants (married men excepted who being allow'd diett money do not encrease the Stewards expences) and this year there has been no less than thirty six, so that where six or seven dishes used to be enough formerly, this last year not eleven or twelve have been sufficient, which at a moderate computation may encrease the Companys expences two thousand eight hundred pag<sup>a</sup>. per annum.

The second encrease of the Stewards expences is the dearness of provisions, for all the housekeepers in town do complain they are risen above twenty per cent, which I beleive in most things to be true, for having look'd over some of the former Stewards books I find all sorts of poultry to be dearer than formerly and Syraish wine, which is the only wine drank last year at the Companys table to be risen much more, it being bought in some of the former Stewards books at five pag<sup>a</sup>. per Chest and the most at seven or eight, where as this last year it has cost (tho bought at the best hand) from ten to twelve pagodas per Chest, most other things are risen in proportion, but reckoning one or another at but ten per cent it encreases the expences six hundred and sixty pagodas per annum.

The third encrease of the expences has been the charge of buying all the Bengall goats, geese, Deer, & C<sup>A</sup>. used throughout the year, which formerly were sent to Gov<sup>r</sup>. Pitt in presents near as many as there was occasion for without any charge to the Company, this expence amounts to about one hundred and fifty pagodas per annum.

The fourth encrease of the Stewards expences has been occasion'd by the late Gov<sup>r</sup>s. allowing beer, cheese, & C<sup>A</sup>. to the generall table all the year round, the former of which Gov<sup>r</sup>. Pitt allow'd only the time of the hott winds and that at his own charge, and the latter during the stay of the Europe Shipping only, this expence amounts to about three hundred pagodas per annum.

The fifth encrease of the Stewards expences is the charge of buying twenty leaguers of Batavia arrack to lye by here in case the troubles at Subordinate Factorys should require them, which tho bought in April and then charged yett was not a drop of it expended the last twelve months before mention'd so consequently no ways encreases that years charge and amounts to five hundred & fourty pagodas.

I could name a few other reasons but being trifles in comparison makes me unwilling to be further troublesome to your Hon<sup>r</sup>. & C<sup>A</sup>. so submit the above written to your Consideration and crave leave to subscribe with all respect.

HON<sup>BLE</sup>. S<sup>R</sup>. & C<sup>A</sup>.

Your Hon<sup>rs</sup>. & C<sup>A</sup>. most faithfull obed<sup>t</sup>. Servant

ALEXANDER BENNETT.

called  
Mallaputta.

The same letter further adds that by the best information he can get these are the lowest terms he can ever hope to bring them to and that he has used a great deal of art and pains to procure these Villages &c<sup>a</sup>. that will be very advantageous to us thô themselves at present make little of them.

The lowest  
terms they  
can be  
brought to.

That if we do not make an end our Merchants declare they shall never be able to comply with their Contract and all the Inhabitants will infallibly forsake the bounds which will be an irreparable damage.

Fear of the  
Merchants  
not complying  
with their  
contract.

That our Merchants have four hundred bales of cloth ready in the weavers hands, but dare not venture to bring in a bale whilst the Enemy surround our bounds.

The  
Merchants  
have 400  
bales ready  
but are afraid  
to bring them  
in.

Messrs  
Benyon &  
Hunts report  
agreed to.

The report made by Messrs Benyon & Hunt in Consultation dated the 23d ultimo was taken into consideration and we do agree with them in the said report the substance of which is that Mr. John Foquett not being debted in the year 1696 for any rent role, that same year was elapsed without any collection made and the year following instead of gathering for two years together he gather'd anno 1697 for anno 1695, the same omission was made in Mr. Charles Bugdens time and never endeavour'd to be remedied nor so much as mention'd in any of the Consultations, the said Charles Bugden is not debted anno 1701 in the general books as he ought to have been, and the year elapsing without any collection, he afterwards gathers in the year 1703 for the year 1700 so that when Mr. Richard Hunt who knows most of this affair came to be made Rentall Generall anno 1704 he found that 1702 was not clear'd and accordingly he gather'd in 1704 for 1702. Mr. Hunt affirms that he complain'd of this to Gov<sup>r</sup>. Pitt but never receiv'd any orders about it so that during the time he was in that employ he collected annually by a rent roll given him by the Gov<sup>r</sup>. & Council for one year only and the two elapsed years were never demanded to this day.

— FORT ST. GEORGE, NOVEMBER 1711 —

Mr. Hunt left this employ to Mr. Jennings Anno 1709 when the rent roll then afoot was for the year 1707 which Mr. Jennings gather'd in and has since gone on in the same method collecting by a rent roll made out 1710 for the year 1708.

This omission has not only been a dead loss to our Hon<sup>ble</sup>. Masters but it has occasion'd so many Difficulties to arise in the collecting the money that much encrease the annuall deficiency upon the rent roll, and if we go on in the same method we still grow worse and worse by peoples yearly shifting and selling their houses, we have therefore after due consideration and seriously weighing the affair thought it the Interest of our Masters to come to the following resolutions :

That the present Rentall Generall do collect by the last rent roll what he can gett in for the two elaps'd years taking care not to be hard on such as are really poor and not able to pay.

That the next rent roll be made out for the year 1711 commencing the 1st Sept<sup>r</sup>. 1710 and ending the last August 1711 and that the Scavengers duty be settled and gather'd by the same roll.

That the Accomptant do alwaies for the time to come debt the rental generall at first opening of the generall books and that he do take care to see that account clear'd and laid before this board ere the books are ballanced.

That one of the youngest Writers be alwaies employ'd under the Rental Generall and particularly to accompany the Conicoply that gathers in the Quitt rents &c<sup>a</sup>. and take account of what receiv'd that the Conicoply do not keep the money in his hands as has often been practised pretending that he can't gett it in.

That Robert Brooks be employ'd under the Rental Generall for the present year.

The Accomptant delivers in the generall books ballanced to the last of April 1711.

ORDER'D that pagodas two thousand be advanced Edward Bulkley Paymaster to defray Charges Garrison.

Gen<sup>l</sup>. Letter from Vizagapatam advising the death of Ensign Highlord, & that they have sent 39 bales of severall goods.

General letters from the Cheif and Council of Vizagapatam dated the 12th and 24th November were read advising that their Ensign Zachariah Highlord was dead, and that they have sent thirty nine bales of severall goods amounting to pagodas three thousand eight hundred sixty one, thirty three fanams and five Cash, and that as soon as the new moon is over when the Country people will venture their boats more goods will be ready and they have a good prospect of answering our expectation.

The said letter further adds that they have been treating with the Dasheroun Merchants for a parcell of Longcloth and Sallumpores to the amount of fifteen hundred pagodas of which they have sent Musters by this Conveyance.

The Merchants will contract for 30,000 pag<sup>s</sup>.

Further that the said Merchants have proposed to provide next year thirty thousand pagodas of Longcloth, Betteelas and Sallumpores of the same goodness with the musters.

Their musters appear to be better than ours.

Then the musters were laid before the board and compar'd with ours of this place, the course Longcloth and Sallumpores appears to be a much better sort of cloth then ours, if well sorted to the muster is undoubtedly worth the prices they propose to make it at, vizt. thirty pagodas for the Longcloth and twelve and half for the Sallumpores.

The said musters to be washt.

ORDER'd that the said musters be sent to washing when we can still compare them the better with ours in order to give our final answer to Vizagapatam.

Gen<sup>l</sup>. letter from Fort St. David read advising the Enemy were fallen from their own proposalls.

General Letter from the Dep<sup>y</sup>. Gov<sup>r</sup>. of Fort St. David dated the 24th November was read, as also one from the Dep<sup>y</sup>. Govern<sup>r</sup>. dated the 29th advising that when he expected the Enemy would have come to a conclusion by signing the treaty they fell off entirely at once from their own proposalls refusing to grant us anything of what they had promis'd and nevertheless peremptorily demanding the said sum of fifty thousand rupees, and whilst we were expostulating upon these unreasonable alterations of their terms the 28th in the morning they had placed their men ready in ambuscade near our bounds and as our people drew out early in the morning as usual they fired upon them without any manner of provocation tho no great damage was done.

Fired upon them without any damage.

They likewise sent a very scandalous paper.

The same day they sent us a very scandalous paper by way of remonstrance which is as enter'd after this Consultation, advising us to stand upon our guard for they would be among us.

No likelihood of coming to an accommodation.

Wherefore seeing no likelihood of an accommodation Mr. Raworth thought it best to be beforehand with them, and accordingly the 28th at night fell into their camp with a hundred men and did notable execution killing abundance of men and horse tho we have not yet the exact particulars.

Our willingness to have made an end of this troublesome affair did undoubtedly encourage the Enemy to beleive that we were so weary of the warr as to submit to any terms and they realy began to think that we were afraid of their numbers but undoubtedly this action will convince them to the contrary.

A Letter to be sent to Fort St. David.

A letter drawn up and sign'd to be sent Mr. Raworth upon this occasion as enter'd after this Consultation.

ORDER'D that his account be sent home by the next ship to the Hon<sup>ble</sup>. Company in order to have their money recover'd from those that were his Security at his coming abroad. His account to be sent home.

Dispatched a generall Letter to the Cheif and Council of Vizagapatam of this days date. 4<sup>th</sup>.

FROM ANNOMOJEE PUNTELLO TO SERAPA.

I receiv'd your letters and shew'd it to Laula who says its the custom of these Country people to be troublesome with repetitions and that he knows not what to say, upon which he summon'd the Buxee and after consulting order'd me to write you as follows :

Since your arrivall at Tevenapatam you wrote us severall letters upon which propos'd to Suroop Sing making an accommodation of the troubles created by the former Gov<sup>r</sup>. of that place which occasion'd a great deal of pains and earnest sollicitations to treat with you about a peace which at last he conceeded to and you

---

—FORT ST. GEORGE, DECEMBER 1711—

---

promis'd we should be dispatched again in eight days time and fourty are already elaps'd and our Forces has been this way now five months which has created vast charges notwithstanding by the instigation of some ill advisers you are now for breaking of the truce, it cant be thought you or the Gov<sup>r</sup>. are culpable after so much pains so that we con't continue idle the Mogulls Dominions reach from Ramash Sharum to Europe and Surop Sing under so great a Prince commands to the amount of twelve lack of pagodas yearly and absolute Gov<sup>r</sup>. of Chingee granted by the Mogulls Phirmaund which includes Cuddalore, Trepopilore, Mangee Copang &c<sup>a</sup>. towns which intitling us to a propriety of claim, we therefore according to our lawful title are come to demand and discourse about them, so that if you can produce any writings Authentick that nominate your title desire you'l produce them and we shall act accordingly, but you can't shew us any such writings, you have settled yourselves at Tevenapatam and Secured yourselves and all the towns under it by your bribery and craft, hitherto making yourselves Masters of bounds and to this time enjoying the product but we can't any longer suffer such doings and now make our demands on your bounds conformable to our grant from the Great Mogull.

We are assur'd you have no lawfull title and by your subtilty have infring'd and impos'd as an Enemy on the great King, your revenue amounting to twelve thousand Chuckrums per annum and do further declare that whosoever opposes our taking possession of Cuddalore and Tevenapatam are Enemys to the Great Mogull, and for every horse that may be lost on any such occasion must be answerable ten thousand pag<sup>a</sup>. to which I call the following evidence and take their attestations to forward to the Great Mogull demonstrating the impositions you have been guilty of. To say Cawn Goy Deske moukee Darrag Moushref Bux Busaude tis well known the Great Mogull labour'd twelve years at an immense charge to conquer Chingee Country to instate Suroop Sing, and your purchase was in the time of the Moratta troubles and by firing your guns extended your bounds as farr as Cuddalore to the Southward and Witchmere to the Northward, and the Town of Trepopilore you got by bribery which was worth two thousand Chuckrums per annum, and your being there seems purposely to incroach on the Kings Country which will further involve all your Sea ports in irreparable trouble, your proper place is only Tevanapatam but you have for these twelve years enjoy'd forcibly ten towns besides that is worth thousand Chuckrums yearly which we shall now demand by virtue of the Kings Phirmaund on our heads and can only compare you to the Fuckers of the country who make a trade of begging and are generally the greatest thieves immaginable, so you under the name of Merchants are destroying and turning utter Enemys to the Mogull, but as we eat the Kings Salt you shall find how we'll serve him now in the Waldore country you have destroy'd fourty towns & fifty thousand Chuckrums of paddy and Yembollum Pander a man unarm'd and praying to God with about thirty more was kill'd and plunder'd to the amount of ten thousand pagodas, their people went to the Duans brother with the complaint and he wrote to Suroop Sing to gett them the mony again and you plunder'd Laula Deepsea whose houses and mony you are possess'd of, and want to know in what manner you can acquitt yourselves of this and because we came to demand our due of twelve thousand Chuckrums due yearly on your bounds you run into our country and burn and plunder above one hundred thousand, the occasion of enlargeing so is upon the account of your inviting us in a friendly manner and keeping us fourty dayes though we was obliged to write what ought to have been done before, therefore send your answer what you think proper, this is the Mogulls affair and although you may think to fee and acquire an accommodation by other means you may depend it will never do, and who ever will undertake being mediator will alwaies have reference to our just pretences which are in writing and be only a great expence to you, so if you will quietly resign to us or lett us peaceably take possession of Trepopilore, Cuddalore, &c<sup>a</sup>. what you plunder'd in the Waldore Country, damages done to Yembollum Pander Sheva Nague Redee renters debts of eight thousand Chuckrums and its interest, and on your delivering Verage to Armutta Pilla who is his security for six thousand Chuckrums you must make him pay the money and interest as also the charges of our Camp

—FORT ST. GEORGE, DECEMBER 1711—

and then we shall be peaceable otherways shall remain here being come on purpose to visitt you so would advise you to keep your forces in usuall good order, all which Laula order'd me to write you and desires me you would seriously consider the purport you wrote me very reflecting complaining of my letters I think it pretty well agrees with your treatment because you undertake being a mediator and are partiall altogether which ought not to be under pretence of concluding a peace with us, you in the interim have made your contract and gott your roads cleared your prisoners enlarg'd and supply'd with provisions sent for Laula and in forty day time appear'd twice and then break of a truce as if you was ignorant not considering Surop Sings Friendship you now feign unexperience. You promis'd when I was at Chingee the renters should pay their debts and since I came and discours'd you, you promis'd the Company would pay it and three days after their Braminy came to some of your people and perswaded you to make the Company pay their debt and take it upon them, besides all this the business between Armutta Pilla and Veragoo Reddee severall of your Merchants how 'twas decided which summ you likewise exclude us from, you often repeat to me about Six peices of ground and a town &c<sup>a</sup>. if you can satisfie Laula by agreement and dispatch him if you want any town you then may ask him which is what alwaies told and wrote you and now you insist on a town in the Waldore country, we came here to make our just demand for our Jaggeer & not to sell you any towns or ground which you know can't be done and is only a device to break of the peace and sett at your own ease Merchant like you often complain of me and excuse yourself this being the last time induces me to enlarge knowing the Gov<sup>r</sup>. and you are willing to make an end, and God will punish the instigator of breaking such a peace and after three or four days after we have mett and try'd hand to hand you'l find the ill consequences so you must not be angry tis not our fault. I must take leave of you as the last time about this business.

Nov<sup>r</sup>. 28<sup>th</sup>. 1711.

To ROBERT RAWORTH Esq<sup>r</sup>.

DEP<sup>ty</sup>. GOV<sup>r</sup>. OF FORT ST. DAVID.

S<sup>r</sup>.

Yours of the 29th came to our hands yesterday which takes no notice of your having receiv'd ours either of the 24th or 27th.

Since all the steps we have made towards an accommodation of your troubles have only serv'd to make them mistaken wretches our Enemys beleive we would buy our peace at any rate and since they insulted us in our bounds at a time when we had reason to expect they would have been satisfied with our agreeing in a manner to their own proposalls we can't but unanimously applaud your bold attack made upon their Camp in the night and heartily congratulate your good success of which we hope a more particular account according to your promise.

Since the hopes of peace are vanish'd for the present we desire you will engage as many of your neighbours as you can in your Interest and that you will lett us know your circumstances frequently that we may do our best to supply you.

The hon<sup>ble</sup>. example you shew'd those under your command in being abroad during the action to secure the partys return and give the necessary directions deserve our particular thanks and we hope had that effect upon your Council as to carry them along with you, our Gov<sup>r</sup>. tells us he has lately heard our Hon<sup>ble</sup>. Masters say that they expect their Covenant Servants as well as the Millitary should upon occasion draw their swords in defence of their Estates, we don't know but that it may be so with you, but we observe we have not yet heard anything tending that

Farmers.

and pays into Cash pag<sup>s</sup>. 50 on that acco<sup>t</sup>.

The President acquaints the board he has a complaint made him by the Arrack Farmers that by reason of a much greater number of persons than usuall being licenced to sell arrack by the dram they find such a decrease in the vend of their arrack that they are not able to go on with the farm, praying releif or otherwayes they are undone.

Upon examination into the wine licence last granted to Simon Kilpatrick and Lewis Melique we find they are only permitted by the said Cowl to sell all sorts of Europe liquors and punch but no arrack mention'd either in drams or otherwayes.

ORDER'D that the Justices of the Choultry do send for Lewis Melique and make enquiry how he had comply'd with his Cowl how many persons he has licenced and in what manner and that they do make a report thereof to the board.

The Justices  
of the  
Choultry to  
send for  
Lewis  
Melique.

An Investment at Vizagapatam for the ensuing year was taken into consideration and debated.

AGREED that considering the troubles at Fort St. David are likely to continue whereby we may be disappointed of part of our Investment there we cant do better than to give timely directions to Mr. Hastings to contract for the amount of fifty thousand pagodas especially considering that by reason of the cheapness of grain in those parts and the great number of hands in all likelihood he will be able to procure

—FORT ST. GEORGE, DECEMBER 1711—

Longcloth, Sallumpores and Sail cloth better and cheaper than we can contract for here because grain is at double the price and the number of weavers very much diminish'd by this last years sickness.

Mr. Thomas Frederick reports pursuant to an order of Consultation dated 23d November that he finds severall creditts upon the generall books and particularly the Town Conicoplys duty which is that part of the said duty belonging by ancient right to the Corporation, also the produce of goods unclear'd at the Custom house for which no owners have appear'd, with severall other summs as per list enter'd after this Consultation.

Mr. Frederick reports severall creditts upon the generall books.

AGREED that the foresaid summs be employ'd in the necessary buildings that we are now going about and particularly that we subscribe in the Hon<sup>ble</sup>. Companys name to the Hospitall to be made good out of the said summ.

The aforesaid sum to be put to necessary uses.

Recommended further to the Justices of the Choultry that they forbear Corporall punishment and alwaies fine those offenders that are able to pay to the use of the hospitall.

A generall letter receiv'd from the President & Council of Bengall dated the 1st October by pattamars was read advising the arrival of the Europe ships at Rogues River, and that Loodee Caun was turn'd out of his employ, which is mallancholly news to us at this juncture and plainly convinces us of what a long time apprehended that Sulphaker Cawn who now entirely mannages all the great affairs of the Empire is thoroughly disoblighd by our attempting to introduce the present any other way than by him.

A proposall having formerly been made in Consultation dated November 1st by  
 [N]alla Mutta &c<sup>s</sup>. Renters under Colloway & Vincattee Chittee of a piece of ground  
 belonging to the Village of Tandore that they would plant it with lime trees for the

 lease of Colloway and Vincattee Chittee is expired, for which piece of ground they  
 are willing to pay the annuall rent of seventy pag<sup>s</sup>. instead of fifty four pag<sup>s</sup>. which

The Merchants were call'd in and the old musters of Metchlepatam goods  
 produc'd in order to contract for the quantity mention'd in the list of goods to be  
 provided by this years shipping, for which they demand the following prices alledg-  
 ing that it is setting up a new Manufacture in this place, and that Chay is dear, but  
 that they do not question when the people have been once sett to work and are  
 falling into the right way of manufacturing these goods they may be able to make  
 them as cheap as they have formerly been at Metchlepatam.

Their  
proposalls  
very  
extravagant.

It is the opinion of this Board that the prices propos'd are too extravagant tho  
 we observe they are much about the same as specified in the New Companys contracts  
 at Metchlepatam and therefore we have deferr'd coming to any agreement in hopes  
 by some means or other to contract upon better terms so as to have the goods ready  
 in time by the next September Ship.

 tation dated the 19th November which have been conceal'd severall days in a

 been brought to the Choultry directly according to order.

—FORT ST. GEORGE, DECEMBER 1711—

Letter from Metchlepatam read as also Mr. Nodens accot. of disbursements.

ORDER'd that they be deliver'd the Accomptant to be examin'd and compared with other accounts.

To be examined by the Accomptant.

Severall Complaints having been made since the arrivall of President Harrison by the Surgeons and Military Officers that the Mint house being over against and so very near to the Main guard and Joining to the Free guard house has contributed very much to the late Sickness amongst the Souldiers by the hott land winds blowing the offensive smoak made by melting the lead directly in among them night and day, which upon consideration we are realy of opinion is but too true, and further considering that the said house is dropping down and requires a very large repair, as also that it is ill contriv'd and so streight that we are oblig'd annually (when we have most business in the hight of the land winds) to build a shed before the said house half way into the Street over against the Fort gate where the Souldiers parade, for in melting the lead & silver which is an insupportable noisance and occasions an extraordinary expence, we have thought it necessary for the foregoing reasons to sett up a convenient Mint in some other place where it will be less offensive and Mr. William Martin being about disposing of his house which stands by the river side in a very proper place within the walls and has already upon a survey by sufficient persons been reported to us to be a very well contriv'd substantiall building that will last many years and that it has all the conveniencys necessary for our intended purpose without putting the Company to any further Charge

Complaints made to the President by the Surgeons & Military Officers of the Mint.

AGREED to purchase the said house of Mr. William Martin with all the ground thereunto belonging for the Summ of thirteen hundred pag<sup>s</sup>.

Journall  
Parcells read.

The Accomptant reads his Journall parcells for the month of October last.

Sea Custo-  
mers acco<sup>t</sup>.  
read.

William Martin Sea Customer reads his acco<sup>t</sup>. for last month.

The President acquaints the Board that he has detected a Villainous practice among those that are employ'd under the Farmers of the Measuring duty upon grain, who forcibly take from the poor buyers four times the quantity allow'd by the Cowl, which is so great an oppression upon the poor that if not timely prevented will make that revenue insupportable, also that he had severely punish'd the under officers upon sufficient proof made by the person that complain'd.

It appears by the Cowl granted to the present Farmers by the late President & Council that they are strictly enjoin'd not to take more than is therein allow'd them (which is one small measure in every pagodas worth from the buyer and two fanams per garce both from the buyer and seller) on any pretence whatsoever under penalty of forfeiting the said Cowl, and being fin'd at the pleasure of the Governor & Council.

AGREED that the said Farmers have forfeited their Cowl and that it be lett out to the fairest bidder upon giving sufficient security that neither he or any employ'd under him shall do anything contrary to the tenor thereof.

ORDER'D that the offending Farmers be taken into Custody till they pay such a fine as shall be thought reasonable by this Board according to their circumstances.

Poncolo Kistna the cheif person of the present beetle and tobacco Farmers who have hitherto punctually comply'd with their monthly payments which was never done before their time offering to take the measuring Farm for five years at eight hundred and twenty pagodas per annum, and to abate the two fanams per garce from the buyer which will be some ease to the poor, in consideration that he is the best person we can trust

AGREED that the Cowl be granted him and that the Secretary do prepare the same to be sign'd next Consultation.

The President acquainting the Board that he has had severall proposalls made to him for farming a small duty upon toddy, salt, and Tamerin

AGREED, in consideration that we are at present employed to give the Averilla a speedy dispatch when she arrives from Bengall, these matters be deferr'd till that Ship is gone and that in the mean time we will inform ourselves exactly concerning the same imposts and particularly if they will not be burthensome to the poor.

The employment of Master of the Arms being vacant by Ensign Hobbs going to Fort St. David

AGREED that Mr. John Cottrell a sober and diligent person be taken into that employ.

The Land Customer gives account of severall Chests with odd things in them which have lain many years upon the Choultry no body being able to give an account to whom they belong.

ORDER'D that they be examin'd and dispos'd of for what can be gott and the produce brought to the Companys account.

## — FORT ST. GEORGE, DECEMBER 1711 —

Mr. Hunt being ask'd what progress he has made in extracting all standing orders from out of the Generall Letters into a proper book for that purpose pursuant to an order of Consultation [*lacuna*] answers that by reason of his indisposition and the assistance he has been oblig'd to give the Accomptant in bringing up the books he has not been able to finish that work thô he has made a beginning and will now go on expeditiously therewith.

ORDER'd that for the future the Secretary do never fail upon the receipt of all generall letters to extract all standing orders and insert them in a proper register for that purpose to be viewed at all times by any person setting at this Board, and that all orders relating to particular persons be serv'd upon them by the Secretary that no one may pretend himself Ignorant of the same.

Mr. Thomas Way Inhabitant of this place having for some years serv'd as weigher at the Sea gate being a person very well skill'd in building and having the most knowledge of any body here in Fortifications offering his service to Supervize and direct the works that we are by necessity oblig'd to go about

AGREED that he be employ'd in that Service at a Salary of ten pagodas per month so long as we shall have occasion for him and no longer.

Warehouse-

demanded to  
deliver in a  
list of all  
goods  
embaled.

The President reads a private letter from Mr. Raworth dated the 15th instant advising that he had one hundred and fifty bales ready and did not doubt but to make them up three hundred by the 1st of January.

A private  
letter from  
Mr. Raworth.

The great want of rain in this latter Season of the year having destroy'd all the crop of grain in these parts and made the people in the Country round about us apprehensive of a very great scarcity, no paddy has been brought into Town these last three days, and those that have store by them in their godowns, are unwilling to sell at the present price of seventeen mercall to a pagoda, if we should raise the price when the boats come in from the Northward it would be a hard matter to bring it down again.

Want of rain  
has occa-  
sioned great  
scarcity of  
grain.

AGREED therefore to sell out all the Companys rice by the Averilla and what else we had before daily to the poor people at two and three fanams worth each, which will supply them for a few days till the boats may arrive and then there is no fear but the Merchants will bring the paddy in from the Country at the present price which is dear enough.

All the  
Companys
