278 Submitting their views on the opinions recorded in the Advocate General's letter to Govt. address of date the 29th Ultimo & soliciting the further orders of Govt.—

279 States that, to enable him to report to Govt. what reduction of expense can be effected by the adoption at this Residency of certain improvements which have been introduced into the Lithographic Office at Calcutta he would suggest that an application should be made to Bengal for a Victoria Press to be sent here, and for a detailed description of the new process of cleaning the stones. The establishment of the Lithographic Press in his charge is very small, and he doubts whether any reduction can be made in its expense except perhaps in the number of Lascars.

280 Stating that the several enactments of the Legislative Enactment of the Govt of India prohibiting the Emigration to the Mauritius of Natives of India as Laborers, have been brought to the notice of the Indian Govt. with a view noticed. & Conveying observations thereon
