States that on the preparation in 1838 of the Statement of the Sums due to the Govt. Bazar Establishment, the Petitioners claim was considered inadmissible in Consequence of her being in receipt of a Pension from Government — as it seems, however, that the Sums subscribed by the Petitioner were deducted from her pension her position is quite different to that of the family of a public Servant in the receipt of a pension, and therefore not entitled to a Refund of the deceased Servants' Subscriptions —

Should Government concur in this view, requests authority for the Amended Statement of the Government Bazar Establishment forwarded herewith —

The effect of neglecting to clear out the bed of the River would be that it would fill up and the Water would cut out for itself another which would be more injurious to Madras and its buildings it is not impossible that the River might seek to force a perets former mouth and there cut into the Fort Ditch or it might seek a new exit thro' the Government Compound. as the inner fells and the bar has to be cut sometimes twice in the Year and as an amount of Rs. 6216-7-8 is now sanctioned. thinks if 2000 Rupees annually is laid out on it after this Years Estimate is executed it will be suffecient to keep it clear.

523 Requesting the sanction of Government for having entertained a Native Doctor for affording Medical aid during the prevalence of Cholera in the Salem Town and its Suburbs.

524 Representing the great necessity which exists for the erection of a Bridge over the Coovum River near Ashtons' Shop on the Mount Road, & Submitting a Plan and Estimate of the Work amounting exclusive of the Cost of Iron Railings & Lamp Posts, to Rupees 16208-5-6.

527	Minute by the Honble H. Chamier Esqr.	"	5 July	12 July

× Regrets that his Minute with all papers connected with the Subject may be communicated to the Govt. of India, or a distinct refusal recorded in order that he may be justified in forwarding Copies of his Minutes without the intervention of Govt.

528	President's Minute	"	21 Do.	21 Do.

Order for Bengal should be carried out at this Presidency
sees therefore no grounds for reference to the Govt. of India; but as
at the same time prepared if the controlling authority see ground to
interpose to carry out its order to the letter.

Is satisfied that the views expressed in the Draft question
are in strict accordance with the recent orders of the Hon. Court
and that the measures of this Govt. on the Subject of Education have been
referred to those authorities.

Enters fully into the grounds for not acquainting with Mr. Chamier
proposition for the appointment of Mr. Norton the Advocate General as the
President to the Council of Education, & considers that the Gentleman
composing this Committee should be left independent in the election of their
own President.

Desires the Secy to Council to submit the Draft with all
papers referring to it and request the opinion of the Senior
Member of Council on the question.

526 Forwarding a List of Forms with the quantity of each required for the use of the Office and requesting to obtain the Sanction of Government for the same being struck off at the Fort Saint George Gazette Press.

527. Refers to opinion given on a previous Minute that on the general subject of Native Education, this Govt. should report its proceedings to the Govt. of India and to the Suggestion Revenue on a Draft of a Resolution which has not been noticed & observes that, to obviate the illegality he had pointed out of granting pecuniary rewards without the Sanction of the Supreme Govt. the Draft has been now altered so as to authorize the grant out of the Funds set apart for the purposes of Education a measure opposed to the act directing that no Salary, gratuity or allowance be given without the previous Sanction of the Govt. of India & Considers the proceedings of this Govt. in this matter to be irregular.

Adverting to the printed papers submitted by the Court of Directors to Parliament on the Subject of Native Education observes that the Honble Court is returned as the Govt. of Education at Madras, & that evidently no other is contemplated or Considered necessary if however one is finally determined hopes that the recorded opinion of the majority of the Board that Mr. Norton should be the President will not be overlooked. ×

528 Observes that as the Hon. Mr. Bird concurred in the Draft of the Resolution of Govt. on the Subject of extending sound and liberal education at this Presidency with the alterations proposed by himself the measures were passed by the Board.

Agrees with Mr. Bird that it is competent to the Govt. of its own authority to appropriate a portion of the funds placed at its disposal for the purposes of Education, for pecuniary prizes to be annually competed for considers it also within the province of the Local Govt. to adopt such measures as it may deem advisable for carrying out the views of the Governor General, and the Govt. to be the most competent to determine to what extent his Lordship

†661	Minute by the Honble R Chamier Esqr.	"	5 do.	6 do.	27 Dec. Despatch 70 Octo. No. 23 Para 6		661.	Offers explanation regarding a seeming misapprehension of a Statement known to be by him that properly qualified gentlemen could be readily be found to hold the Office of Governor of the Madras University, and urges further reasons for objecting to the proposed Members of the Council of Education - states why ignorance of the Native languages should not be objected to against Mr. Nortons Appointment to the Council and does not know on what grounds the compliment paid to the Mussulman and Hindoo Members of the same Board should not have been equally paid to any European

Members of the University Board. Anticipates the failure of all that has been done towards the great object of Native Education at this Presidency from the day on which the Appointment of the proposed Council of Education shall be notified in the official Gazette.

662	Presidents Minute	—	15 Sep	16 Sep	27 Sep	To avoid misapprehension, considers it necessary to remark that, in selecting the gentlemen composing the Council of Education he was guided not only by their influential position in the service and their acknowledged qualifications but by the fact that gentlemen holding similar offices formed the Boards of Education at Calcutta and Bombay observes that the University Board at this Presidency was constituted in a similar manner & does not see the validity of the objection now raised. Observes that all the Military Members of the Council of Education are well acquainted with the Native Character, believes them, to possess a Knowledge of one or others of the Native languages think the course he has pursued to be best calculated to give effect to the Governor General's wishes in which he fully concurs — ×

850	Enclosed for transmission to the Honorable Court a Memorial in Triplicate, stating that, in consequence of a question of doubt arising out of the construction of a certain passage in the Honorable Court's despatch, which sanctioned the grant to him of the difference between his salary at the late Govt Bank and his present income "as a personal allowance", he surmises thereby that, under the spirit of the orders of the Govt of India notified in the Official Gazette of the 15th October 1844, he will in the event of his retirement, be shut out from a pensionary provision calculated in accordance with the increased rate of Salary - So convinced this could never have been the intention of the Honorable Court and thus place him in a less eligible position, as to a pensionary provision, than his compeers in the Revenue, Military and Public Departments, who are on the receipt of from 200 to 250 Rupees - prays therefore that when no longer capable of discharging the duties of his office, he may be permitted to retire on a pension, calculated on the average of the Salary which he may be actually enjoying at the time.

847 State in reply to Extract Min: of Consr. dated the 10th instant, that in consequence of the actual cost of the Incidents posed by them on the Commissariat and Ordnance Departments, and the Clothing Board, not being known to them, under circumstances explained, until some time after the charge has been incurred, and no provision having been made for the great increase of labor entailed by the requisition of quarterly Statements under the orders of Government dated the 28th July 1843, the delay in the Submission thereof was unavoidable. Respectfully suggest, for reason stated, that the quarterly Statements in question may be ordered to be discontinued and the Annual Statements only be submitted.
