States the circumstances under which he has been compelled to resort to the aid the highest Legal Authority at Madras for an interpretation of the Act 39 & 40 Geo. III Cap. 79 Section XII and that the Chief Justice's opinion is to the effect that no act of Govt can be required to be submitted to the Governor when on the Hills that so long as he is there, all the acts of Council are valid without his assent or approval & that the entire authority of Govt is vested for the time being with the Senior Member of Council. Having referred the question of his temporary absence to the Hon'ble Court and having their orders is of opinion that each Member of the Govt is bound to act in accordance with them - sanctioned as they are by the responsible advisers of the Crown and being the proper guide for the proceedings of this Govt. Doubts of the propriety of the Course pursued by which matters under the Consideration of the Govt have been brought under the Cognizance and Revision of the Chief Justice of this Supreme Court, would request the orders of the Hon'ble Court whether it is their wish that the views of the Chief Justice at this Presidency should be interposed on questions before the Board, and whether it is competent for him to authorize his legal opinion to be placed on the records of the Govt as a guide for its decision when that opinion has not been officially asked. Questions if it could be sanctioned by Law that the Governor, when called away by emergent duty as Commander in Chief in his own Presidency should thereby lose all power

No. 290 Pub: Department dated the 21st instant stating that the Supreme Government in their letter of 21st October 1835. decided that, as Vacancies occured, the District Surgeons at Madras should be remunerated as in Bengal by a consolidated Salary of Rupees 400 with 90 Rupees for House rent per mensem, and as in that letter the allowance of 100 Rupees for the Chentadrepettah Dispensary drawn by the Surgeon of the Black Town District is specified together with his other Emoluments it was considered as included in the Consolidated Salary appointed for future incumbents Observes that Surgeon Davidson is correct in stating that a Special allowance for the charge of a Dispensary has been granted to several other officers in addition to their Consolidated Salaries, and annexes a list of the officers receiving such Special allowance States that the case of Surgeon Cole of the North East District, in charge of the Triplicane Dispensary appears to be strictly Analogous to that of Surgeon Davidson and draws the attention of Govt. to the case of the Surgeon of the North West District which for reason stated, would seem to bear strongly upon the Claim preferred by Surgeon Davidson which appears to be well fou

No. Purport—

771 Apprehends that it is not competent to the Govt. under the Honble Court to orders to appoint Mr. Crawford, even temporarily or provisionally to any situation in the Company's Service without the permission of those authorities—

772 Doubts whether the Honble Court in their dispatches on the Case of Mr. Crawford contemplated his being nominated to to subordinate an appointment as that of Secretary to the University & College Boards & believes there restriction to apply only to the superior offices in the Service. Thinks Mr. Crawford might be appointed to the duties in question subject to the approval of the Hon. Court & the consideration of his circumstances, the Govt. might strongly recommend his being promoted eligible to hold an inferior & subordinate appointment—

773 As a doubt is entertained & a question raised as to the Competency of the Government to appoint Mr. Crawford even provisionally to an Office, Suggests that the matter be referred without delay for the instructions of the Hon. Court & proposes the nomination of Mr. A. D. Arbuthnot to officiate as Secy to the College Board & Madras University until further orders—

774 Submits for transmission to the Honorable Court a Memorial from the Hindoo Community of Madras seeking redress for certain Acts of the Local Govt. and of some of the Civil Servants, by which they conceive themselves aggrieved and their Civil and Religious interests infringed—
