*1.	Minute by the Honble W. Chamier Esqr.	" 26 Dec.ʳ	1846 2. Lany 23d	1847	Does not think that any student has a right to ask for a copy of the reports upon his examinations but is of opinion that reports of examinations passed by all Candidates for the honorary rewards, whether successful or not, should be laid before Govt. to enable it to judge whether the time allowed for study in for the reward has been properly employed or not.
1.					As there is reason to believe that some alteration of standards of qualification has recently been adopted in the examination of the students, that the Govrs should enquire into the matter to prevent unnecessary discouragement to the Junior civil servants, and suggests that the Report promised in the College Board's letter of 29th October 1846 be required to be submitted without delay.
*2	Minute by the Honble W. Dickinson Esqr.	" 30th 2 Do.	27 Lany 85	March 1847	Considers Mr. Brown's condemnation of certain Telugoo Works read in the College, and which have been reported on by competent Judges in the most favorable terms to betray at once his inability to appreciate them and his unfitness to direct the studies of the Junior civil servants.
2.					Thinks that no student has a right to demand from his Examiners a Copy of the Report of his proficiency, but that it is open to him to appeal to Govt. if he think necessary. Would not require the College Board to submit to Govt. a Report on every examination for the Honorary reward whether successful or otherwise.
3	Minute by Do. — Do. —	" 29 Do. 2 Do.	22d Lany 78 79.	11 Feby	Notices the establishment by Mr. C. P. Brown of a higher standard of examination than students have hitherto been required to attain, and suggests that he be called upon to explain his proceedings with regard to Mr. C. Macdonell.
3.					Can observe nothing of which the Memorialists have to complain in the questions proposed by the Council of Education and noticed in the Memorial.
					Regrets that it is in contemplation to put any question whatever to Mr. Morehead.
*4	Minute by the Hon. W. Chamier Esq.	" 24th 2d	3 Sept 5th Feby 129.	1847	
4.					Can see nothing in the fifth Annual Report of the Memorial Board that does not properly find a place there, and is of opinion that it should be printed as it stands & the judicious measures suggested by the Board sanctioned.
					On the subject of the education of females thinks the Govt. should express its warm approbation of the voluntary efforts of native students to pro-

this objects.

Suggests that the acknowledgements of Govt. be tendered to the Head Master & Tutor, Examiners Presidency Governors for the services which they have rendered to the Institution and to the State.

M^r Dickinson made no observation whatever, and it was not until M^r Chamier read the Most Noble the Gov^rs Minute dated 22^d Oct^r 1826 in which some Notes of M^r Dickinson were quoted that he was aware M^r Dickinson entertained any objection to the directions which he had given.

As the right of the Acting President to execute his office under the provisions of certain Regulations and the express injunctions of the Hon^ble Court is recorded, requests that a reference may be made without delay to the Gov^t of India for the immediate guidance of Gov^t.

42	Observing the inconvenience arising from the transmission to the Governor papers on very important matters, on which opinions varying in some trifling degree, were noted by the Members of Council at the Presidency, and the delay thus occasioned in the transaction of public business he desired the Secretaries to bring all such papers to Council in the first instance and to circulate all others for perusal before transmitting them to the Governor — Considers the resolution of Gov^t of 12^th May 1826 passed during his absence and the practice under it, to be not only illegal but also contrary to the orders of the Hon^ble Court and understands the wish of those authorities to have been that the proceedings of Gov^t should be conducted with as little deviation from the Law as possible not that the Law should be entirely set aside adduces in few instances shewing that he has not
43	observed that the Minute of the Governor of the 31^st October affords another proof of the inconvenience of the present mode of conducting business as it contains a Note by his Colleague (on one by himself) of the existence of which he was totally ignorant until he saw it for the first time transcribed in his Lordship's Minute — another Memo: by the Hon^ble M^r Dickinson (on the proposed restoration of an Enam Village) which has been forwarded to the Mills without his knowledge was also seen by him for the first time with a Minute by the Gov^r — The delay occasioned by this Course of business has at length when it was pointed out to the Secy in the Public Dep^tt of Council that sending papers to the Mills on which there might be difference of opinion before bringing them to Council would occasion inconvenience — the Hon^ble

44	Does not understand upon what principle orders were to be given to the Secretaries by the Senior Member of Council without either communication with himself or the Junior Member of Council no Minute of proposition being placed before Govt.n either for the modification or repeal of the orders in force. Is of opinion that the Course of proceeding directed by the Govt.n under date the 12 May 1846 is the only course consistent with his position & the orders of the Hon.ble Court & observes that it has been followed but without difficulty during the Senior Members absence and without detriment to the public Service.
45	Possessing the opinion of the Hon.ble Court on the mode in which business was to be conducted the most proper business was to be conducted the most proper during the Presidents absence sees no ground for referring to the Govt.r of India on the subject as proposed in the Hon.ble Mr.r Chamiers' Minute of 4th Nov.r 1846 - Referring to the remarks contained in Minute of 31st October 1846 relative to the illegality of the proceeding prescribed in the Resolution of 12th May 1846. passed in his absence and therefore not binding on him as Acting President claims from the Hon.ble Court that support to which he is entitled while endeavouring to correct these mistakes without infringing the constitution of Govt.r or by Laws established. With respect to a reference to the Govt.r of India, without the question of the present state of this Govt.r has been raised & the lawful authority of the Acting President resolved, it appears that this Govt.r under the act of Parliament (quoted) has no option, but must be guided by the orders and instructions of the Govr.r General in Council.

637 Minute by the Honble W Chamier Esqr

Considers the renewed application by the Council of Education of the question of the introduction of the Bible as a Class Book into Govt. schools, after it has been set at rest by the Home Authorities, to be highly censurable.

Observe that the use of the Bible in schools in Native States is owing to the employment of Missionaries in their superintendence and, as to any benefit which the public interests are supposed to derive from the pure standard of morals set × before the Native Students in schools under christian guidance can only say that the public records of proof that the Sacrifices which Natives make in abandoning their religion and becoming Christians are not unfrequently recompenced at the public expense at the earliest convenient moment after admission into the public service.

848 Confirms Sanction granted by the Govt. of Madras for the Construction of the Stone Groins on the South Beach near the Marine Villa at a cost not exceeding Rs. 10276-5-0

849 Considers the Conduct of the Civil Auditor in taking upon himself to pass the allowances of Colonel Filix as Private Secretary to the Governor in defiance of the positive orders of Govt. to be exceedingly reprehensible. Is of opinion that the Civil Auditor was not correct in his interpretation of the Court's Despatch which he considered to justify his acting thus. Thinks that the orders of the Hon. Court of the 5th July 1843. should be strictly enforced.
