Adds that the result of Captain Biden's personal examination and enquiries on the occasion of his visit to the wreck of the Phoebe has confirmed the Board in the opinion which they previously entertained that unless efficient Steam aid can be rendered to a Vessel stranded on the Coromandel Coast within a very few hours after she takes the ground there is no hope at a later period of having a tugging her off in such a condition as would admit of her again being made Seaworthy. Brings to the notice of Govt. the zeal and ability manifested by Captains Biden and Newman on the occasion in question.

448A	Minute by the Hon'ble G. Elliott Esqre.	"	17th July	28th July		It is not presumed to agree with the Medical Board - that the "resources for the suffering female" afforded at the existing Hospitals are "sufficient for the wants of Madras" - The experience of Dr. Scott's institution furnishes proof to the contrary so far as it goes. It may be true that the existing establishments could afford relief to many more women than have ever resorted to them But constituted as they are in general (with exception of the Lying in Hospital) and situated as they are, does not think it reasonable, to conclude from that fact, that there is not a want for an institution whose object is exclusively and exclusively the treatement of women and children

483	Intimates that one Iyavyah and one Pereira were at the last Sessions convicted of forging two Govt. Tanjore Promissory Notes and have been sentenced to transportation for life. Observes that it appears from the evidence that Soobaroya Chetty Cash Keeper and Streenavasa Row Translator in the Revenue Board Office are deeply implicated in the guilty endeavour to dispose of the forged documents but as the evidence is not sufficient to convict them at the Sessions he submits the matter to Government the parties being Govt. Servants. States that two more Lithographed Tanjore Notes were forged and left in the hands of Iyavyah and suggests that a search should be made by the Magistrates to obtain possession of them.
484	Is of opinion that there is no chance of convicting Streenivasa Row and Soobaroya at the Sessions by having endeavoured to pass forged Tanjore Promissory Notes, they should be dismissed and declared incapable of ever serving the Government again.
485	Does not concur with the Advocate General in his representation that Soobaroya Chetty Cash Keeper of the Board of Revenue, is deeply implicated in the guilty endeavour to dispose of the two forged Govt. Tanjore Promissory Notes for the forgery of which one Iyavyah and one Pereira were convicted at the last Sessions and states the grounds on which he has come to this conclusion.

807	Presidents Minute	" 12 Nov.			States that the Superintending Surgeon Godfrey's Report on Dr. Scotts' female institution is highly creditable to the latter Gentleman, and demonstrates that it is deserving of support so far as this Government can extend it. Proposes that the Military Board be instructed to furnish Dr. Scott with 16 additional Cots on loan, and the Commissary General to dispose to that Gentleman the condemned Hospital Stores which would otherwise be sold, reporting their estimated value at the expiration of a year. With regard to the question of pecuniary aid is prepared to recommend a grant either to the Court of Directors or the Government of India.	
808	Minute by the Hon'ble D Elliott Esqr.	" 21 Dec.			Concurs in the opinion of the Right Honorable the Governor that the Superintending Surgeon's Report upon Dr. Scotts Institution is highly creditable to the latter Gentleman by whose exertions a very considerable amount of good has been done in the relief of women suffering from the diseases of their sex and in Child birth. Shows the utility of the private institution, and states that it is beyond comparison greater than that of any of the public ones in India expressly intended for the aid and relief of women, of which this Government has information. The present resort to it has proved that an institution of the kind is required in the Black Town of Madras, and a contribution of Rupees 187½ per Mensem would therefore, it would seem suffice to keep this institution on foot. He would heartily concur in a recommendation to the Government of India to authorize a charge to this amount, or he would rather say 200 Rupees for a period of 12 months.	
809	Presidents Minute	" 12 Dec.			Cordially concurs in the Honorable Mr. Elliotts views and proposes that an application grounded on that Gentlemans Memo. and his of the 12th November 1849, be made to the Government of India.
