517	Advocates the necessity of a Rule to prevent the arbitrary dismissal of Uncovenanted Civil Servants &c, & states that the power of dismissing should be subject to some such restrictions as the following - That no public servant of 10 or 15 years standing, holding a responsible post, should be dismissed, until convicted of the charge against him upon plain & overpowering Evidence & after a defence heard in his behalf - That no dismissal should take place till confirmed by a superior power. Proposes that the practice of Heads of Depts. bringing into Office favorites & dependents to the disadvantage of those employed in the Office, be restricted & forbidden
518	Agrees with Mr. Thomas as to the necessity of a Rule which he says has been already furnished in the 6th para of the Hon: Cts' Despatch on the subject - States that the dismissal especially of Old Servants should be subject to the sanction of a superior authority - Thinks that the charges should be reduced to writing as well as the defence of the accused & the decision of the superior authority - Doubts the propriety of laying down a positive Rule to the effect of that lastly suggested by Mr. Thomas, but thinks the practice he adverts to should be declared objectionable by Government
519	Concurs in the views of Mr. Thomas & recommends that Std Rules be laid down in conformity with them - Believes that the greatest injustice is often done to Old Servants in removing them & that the Bd. of Rev: is no check to this System - Thinks that the reasons for Every dismissal should be stated in writing & a copy given to the dismissed
