The Receipt

acknow-
ledged.

The action of the late Govern^r: are as Viz. I unto whom the Diwan have been pleased to deliver me their Chop, & have ordered me to remain in these Parts on their behalf: but the Late Govern^r: never took any notice of w^t: I used to write to him, And there Comeing the Kings Phyrmaund & Braminy Maddana & Achanas Roccas, and y^e: Divans, to your Town, he would take no notice thereof, but turned y^m: away. The town of St. Triplicane doth belong to Polemeelee Countrey, for Verona being a Persō y^t: used to doe a great deale of Charity, & haveing desired to Let him have y^e: Place at [ffarm ?] we lett him have it Since w^{ch}: I haveing sent our People to take possession off itt, they were trusted away & besides wⁿ: Braminy, Achana came to these Parts he did not send to Visi^t him nor Vouchsafe to write him an humble Letter. And besides he hath proclaimed, that none belonging to your towne shall lend any Money; nor offer to buy any Paddy, of any Person belonging to y^e: Countrey und^r: our Government. And if they did they Should be Severely punished, and many the like things. Notwithstanding all this, Consedering y^t: Strangers of great Quality tradeing into this Countrey, and many People being Maintained by y^m: and those y^t: live under y^e: did doe great deeds of Charity; for these Reasons I have wincked at it as much as I could He hath Laid a Tax upon all y^e: Inhabitants of your Town, and hath taken from Several of y^m: Money by force, & fined Severall others & done many other things w^{ch}: they being not able to endure any Longer, Left y^e: town & Came away expecting to have a Cowle granted y^m: And y^e: Comp^a: Merchants should Leave y^e: Place, & Come to Live wth: y^m: it being a Custōe Amongst y^e: Casts of this People, that if some Should refuse to doe y^e: Rest to make a kind of a Mutiny,

A Comple-
ment to the
new Govern-
our.

A Complaint
against the
ill Proceed-
ings of the
late Govern^r:

& thereupon y^e: People of y^t: Cast have hindere 1 y^e: Carrying of any Merchandize to your Town; but y^e: Late Govern^r: Seeing this Sent about one hundred Shouldiers, and two Hundred Peons towards S^t: Thoma, & Pelomole And fallen upon y^e: Town, Robbed y^m: & Carried away y^e: goods.

One Son of a Whore a Traytor & a Murderer Called Serapa, the Late Governours Crediting that Pittifull fellowes Words that made him beleive Saying, that the Golcandah People, had no horse, nor Men and that they Should not doe y^e: Countrey any greater Harma ffor Gods Sake, an^d v^t: if y^e: English, did Intend to take all y^e: whole Countrey, who could hinder y^m: & w^a: y^e: late Govern^r: did write to me he did used to write as a Master to his Servant wth: many Threatnings and many the Like things; my Master had Notice of all These Words he was Pleased to write me Saying that it was true that y^e: English had farmed that towne for 1200 Pag^a: ₧ Annum, that it was likewise true, that we have only given the Cowle for their Europe Ships, and the Comp^{as}: goods And not for the goods that are brought, & Carried from this Countrey upon Such Shippas as Come from Acheen, Pegu, Bamtam, Manilla, Arracan Malacca, Ormus, Tanasery, Orix, Bengal, &c^a: Places, and that we did not give them y^e: Juncan thereof freely to y^m: it is not onely this but S^t: Thoma, did use to produce us 10,000 Pag^a: ₧ Annum, but by the great disaffection we took against y^e: French we rased that Citty to the ground But all y^e: People belonging to that Place came to your towne; & therefore we Looze that 10,000 Pag^a: ₧ Annum, and besides this they have kept and protected in your towne, Such Merchants as Came from great Places, as Pollamalee, Changallapett, Conjevaram, Coorepacca who did use to pay the Divan, Certain Taxes, and therby the English gett a great deale, & that whether or noe the English had a Phyrmaund ffor all these things, and why the Divan should loose all these benefitts, for farming the towne to the English, for 12,000 Pag^a: ₧ Annum & therefore Ordered me to endeavour to make the English to give Satisfactions for all these Losses, And y^e: Money those People owe the Divan, the English must either pay it, or if not willing to doe it they must be gone to their owne Countrey, & that such Insolent People should not remaine in this Kings Countrey, and this he writtes me but I Considering it would be a great Affliction to y^e: People, I have onely prohibited Merchandize & Permitted Provisions to be Carried to y^t: towne, but the late Governour being a Very Understanding Person, & Serapah being his favorite, & Councellour took it Very ill I should do soe, & Sent & Robbed Candore and Intended to Cutt off the cheif Talliars head of that Place but he being there wth: a few People [he made his Escape].

M^r: Jearsey having desired my Leave to gett goods brought from S^t: Thoma, w^{ch}: he intended to have Ship^t for Manilla, but the late Governour having Sent some people there [*lacuna in the original*] fetched the goods to Chinapatam by force and besides that there being a Jaffanapt^m: vessell coming to S^t: Thoma, the late Governour prepared a Vessell and having shott Severall gunns; the men y^t: were upon this Vessell being much Surprised and affraid, endeavouring to gett away, Some of y^m: fell into the Sea, & were drowned & w^t: became of some of y^m: it is not yett knowne; but y^t: boate was Carried to Chinap^t: Road, riding in S^t: Thoma road w^{ch}: had brought Palmeiros from Jaffanap^t: they cut her cable & carried her likewise to Chinap^t: having also kept a couple of Sloopes in S^t: Thoma road, & firing off Gunne wth: a designe to lay hold of all the boates that were bound thither & therefore all the Merch^t: that were there, left the place for fear & went away.

His Highness y^e Allumpanah hath Sent me a Phyrmaund Saying S^t: Thoma was a great road & therefore I should name y^e: Place Hassennabaud, and Should endeavour to Increas the Place, as much as I could a Person as my King having graciously lookt upon it the late Governour did endeavour [to Ruin it as much as] he could. But how long should I suffer it.

The Divan did grant their Cowle for Chinap^t & [not] for such Persons as the late Governour to Come further into the Countrey And therefore to Prohibit our Countrey people from goeing to that Place, I have only kept a few People about 3 or 4000 round about your towne wth: a designe that the English imagining y^t: Golcandahs people had but these Shouldiers, the English would Sally out upon our People.

SEN^R. STREYNHAM MASTER.GOLCANDAH, JULY: $\frac{16}{26}$ REC^D: DITTO Y^E: 29th: 1681.Much worthy & noble S^r:

I rec^d: y^r: Lett^r: in Comp^a: wth: 3,200 Pag^{os}: & according to your worsp^l: order, myself & Achanazer deliver'd y^e: 2,000 Pag^{os}: present. & y^e: other 1,200 Pag^{os}: w^{ch}: y^e: remained owing of the last Year, w^{ch}: Madana & Achana told us y^t: after 2 or 3 dayes they would dispatch us according to w^{ch}: Promise y^e: S^d: dayes being pass't I & Accanazer went ~~another~~ time to them, wⁿ: we were answer'd that in y^e: Space of 5 or 6 dayes, they would ~~form~~ their promise, then s^d: I to Accanazer that in this manner y^e: dayes were Str[te] hed out w^{ch}: would be a great delay now wⁿ: all things necessary were stopped frō Coming in to us, it was better to follow them close and make an end presently, then y^e: S^d: Accanazer went and gave Madana & Achana to understand about y^e: Stop upon w^{ch}: they called for me & bad me write a letter to your Worp: that you should send Some discreet & Sufficient P^{son} wth: a present to Podula Lingapah to treat wth: him & whatsoever he wrote to y^m: was Necessary to be done belonging to your Worsp^l: they would do itt if that we did not make an [sic] wth: this difference wth: Lingapah, they themselves [. . .] I answered that they were Head of Lingapah, & more others also. And therefore I came to make an end of this P^{ticular} & yⁿ: Shewed them y^e: Copies of the Phyrmaunds your Worsp^l: delivered me Madana and Achana answered those Coppies Should be shewed to Lingapah yⁿ: I said he would not obey them, therefore I brought them hither; Madana & Achana answered y^t: Lingapah was minded to make a Citty and a Port att S^t: Thoma & build Ships & in this manner bids me write to your Worsp^l: to give him help therein, and I likewise to affirm that there is not anything in Madrass, w^{ch}: this Madana & Achana does not understand by meanes of Lingapah, and So quick is he that he hath published by writeing that y^{or}: Worsp^l: hath sent up Money & they understood itt here before it had bin 2 or 3 dayes upon the way & y^r: Worsp^l: understands bett^r: by whose meanes he would make this Contract in Shippes there is also many things w^{ch}: appertain to you. I have to Speake but dare not write them, because they will become publick neither is itt proper for me who am an Inhabitant & have a family there; likewise Madana & Accana told me y^t: your Worsp^l: had taken from Verona, & Timmona's people more yⁿ: one lack of Pag^{os}: I answered w^t: was Verona & Timmona y^t: they should have So much Money & it was better they asked [. . .] Metchelepat^m: who knew them and in w^t: manner they were & if it was so that y^e: S^d: Verona & Timmona did possess any money, itt was y^e: Comp^{as}: w^{ch}: they took to trade wth: all & also they being their greatest servant, they gave their Cargo, but in y^e: end of 7 or 8 Yeares making a right accompt wⁿ: wanted So much money w^{ch}: the Comp^a: recover'd to w^{ch}: Madana & Accana replied y^t: it was not in this manner Saying that Verona & Timmona had taken some townes of twelve thousand pag^{os}: yearly rent & that they have Govern^r: y^t: S^d: town more then 15 or twenty Yeares and in this they gott their money & y^t: y^e: S^d: money belonged to them to w^{ch}: I answered how could this be it was better they enquir'd further, att y^e: time we deliver'd y^e: money we gave a Coppy of a Rocca, wherein was those Necessary things as Concerned your Worsp^l: & after y^e: Space of 15 dayes Madana & Achana gave a Rocca w^{ch}: wⁿ: I had gotten & Read it was not according to y^e: Coppy w^{ch}: we gave after all these things I asked Accanazer that in coming too [sic] thousand pag^{os}: all things would be agreed wth: but any hinderance & also they would send Tasheriffs & a Phyrmaund & Rocca's, how would all these things be for his Credit, now that your Worsp^l: had sent y^e: Money & in y^e: end Madana & Achana bid us to [. . .] wth: Lingapah if we would treat wth: Lingapah there was no Necessity for us to send hither wⁿ: y^e: S^d: Accanazer remained Somew^t: Sad and answered me that he for his part, Should not desist takeing paines and Serving as much as he could yⁿ: I went to enquire Some newes in this cause by means of some P^{sons} from whence they affirme to me that Lingapah had wrote to Madana & Achana touching yo^r: Worsp^l: & y^t: if any

Persons Should come to gett favour in this Particular they should not assist them for y^e: he y^e: said Lingapah by one meanes or other would Endeavour to gett 15 or twenty thousand pag^{as}: & this is y^e: cause y^e: y^e: agreem^t: wth: Accanazer had made was hindred & there is not any thing that passes there but they know it here by way of Lingapah for why he sends Post for Madana & Accana wherein to damnifie all y^e: Comp^{ny}: buisness there and I do also declare that there is not any Confidence to be put in y^e: King or any other Persons here for as much as I have procured by all manner of wayes that I cann, & there is no remedy; & this day there is not any one y^e: can take y^e: advantage of Maddana & Achana & all things are in their pleasure, & they are so secure on this writeing of Lingapah, touching y^e: 15 or 20000 Pag that your Worsp^l: must not desist to secure yourSelf as much as Necessary for why this day I strive wth: Embroyles Cheats & forme to manifest this Your [Worsp . . .] better then myself, So that God Almighty will be done in itt & I likewise to affirm all y^e: discourses we have had were to y^e: 23 July I also asked Accanazer that he would write to your Worsp^l: but he answered he was greived to write to you, and again another time y^e: S^d: Accanazer & mySelf went to Madana & Accana to know of them certain newes, then they answered that they would give their resolutions by the 28th: July in y^e: meantime I wrote this letter, in my other I shall give y^e: my Intire resolutions, according to y^e: Sayings of Madana & Achana; here goes also y^e: Coppy of the Rocca in y^e: Same stile as Madana & Achana made it, y^e: Rocca itself as being not right remains here also y^e: Coppy of a Rocca I made in y^e: manner it Should be made, and in this yo^r: Worsp^l: may better rectifie itt, and likewise Madana & Accana Say if your Worsp^l: would send some officer of the Company to remain there and y^e: Send Merchandize as y^e dutch do, & in that manner they shall not give any impediment nor take any Juncan & wth: it is not in this way then they say there will allwayes be doubts & thus they bad me write to your Worship, wth: he pleased to take itt into Consideration and according as I have an answer I shall receive favours I likewise affirme to your Worsp^l: in that wth: I can Serve and take trouble I sollicite by all the wayes I can & [.] If this buisness, Gods will be done, likewise for those Peons 7 Persons wth: brought y^e: Money I gave 7 Rupies. God give a long life wth: much Health & happy augmentations of your Estate both Spirituall & Corporall every thing according to y^e: measure of your own desire, for my beniffitt and Comfort. God keep your Worsp^l:

Lingapah gives an account to Accana & c. of wth: passeth att ye ffort.

No Confidence to be putt in ye King in as much that Madana & Achana rule all. Puttigg offs and delays that the Egyb & Accanazer had.

We can by no meanes P^p swade either of those Merch^{ts}: usually Imploy'd or the Pettopolee Merch^{ts}: to abate any thing in the prizes of the goods but rather would P^p swade us to take off the 8th: P^pc^t: complaining their goods are 15 P^pc^t: dearer then formerly occasioned by so many sevⁿ: Sorts of People, makeing provision in these parts & in the same sorts of goods we require from them.

We have bin Very free wth: them and have strictly Charged them to acquaint us w^t: Summs of money they formerly issued out to p^ticulars p^{er}sons faithfully promising them those summs shall be now taken off and therefore they might very well abate in y^e: Prices of their goods but they absolutely deny them to have given in any Such things to any p^{er}son or p^{er}sons whatsoever notwth: standing we threatned them to discharge them from their imploy if they would not Confess and make an abatem^t: in their goods w^{ch}: we have endeavoured to make them Comply wth: thō we presume that any of y^r: Councell will not be able to discern any such matters you write about yett if you think it will be Considerable to advance the Comp^{as}: Interest by sending of them we shall readily assist o^r: parts, finding that our p^r sent Merch^{ts}: are so indifferent to y^e: Service that they would think themselves oblig'd to be released from their Contract formerly made.

We herewth: send our Consultation Diary and acc^t: Cash for the moth: of Aug^t: and should also have sent you M^r: Harris's acc^t: of expences but that he has bin a long time sick & for recovery of his Health gone to Madapollam So y^t: we cannot gett the acc^t: drawn up and Signed by Him [. . .] the acc^t: of expences during M^r: Harris's absence we cannot conceive the occasion of his Sickness to be any thing but the dampness of the lower roomes, w^{ch}: during this time of year do exceedingly give and have we fear bin the occasion of the death of many of the Hon^{ble}: Serv^t:

The 25th: Curr^t: we [rec^d] yours of the 15th, wth: Coppy of y^{rs} of the 5th: ditto to w^{ch}: [last we] have allready replyed and Come now to answer your [. . .] of y^r: 15th:

We shall none of us be wanting in forwarding our Employers affaires under our managem^t: so far as we are able and more we [hope . . .] expected. where the writeing work now more then hath bin in some of our Momoryes nor the Investm^t: greater we must Confess here will be hands enough, but being otherwise now is the reason we writ for help espically since this is so Sickly Place, that it is Very rare to have all of us well att a time nor hath it bin Since our meeting here Since the Shipping hath bin gone to Bengall, and Jn^o: ffeild return'd from Madapollam we have taken into Consideration the regulateing the Charges of this factory and have ordered, the buying in of sev^l: stores w^{ch}: are to be given out by certaine allowances or wth: w^t: frugality possible w^{ch}: we

esteem a Cheaper way then hath been practised here by buying all by the Cash and allwayes shall be used to lessen the expences, but if nothing will do but a Certaine limitt, we request it may be by your order and not our directions, & that it may be particularly expressed what each of our allowances shall be in all matters.

Timothy Harris is a present example of the Mischeifs accrewe by the lower Roomes who Soon after his arrivall here gott a Feavour, upon w^{ch}: he was forced to goe to Madapollam, and there haveing his Health, return'd few dayes Since, and the first lying in the ffactory his feavour again seized Him and still Continue we presume to tell you that a room or two att the garden, or a Chowltrey, wth: a room att each end of itt be sufficient for the sick to retire to, if that were all, but we esteem a greater expence to be more beneficiall to y^e: Company by haveing Godowns under the Chambers for their goods to be secured from fire or water as y^e: dutch have and then we could be by this time att work att Embaleing whereas now it is esteemed [dangerous to] bring the Cloth into y^e: town till Novemb^r: is over for fear of another Inundation we shall be Carefull not to abuse the Liberty you were pleased to grant us in occasioning thereby our Masters affaires to Suffer.

We herewth: send you the box of M^r: Ayloffs papers as we found them not esteemeing itt Secure for us to burn any of them or detain any part of them when y^e: rest are sent away.

We have allready acquainted you w^t: we have done as to this years Investm^t: and now we are promis'd about 5000 p^s: of Saile cloth on or near the first muster w^{ch}: we hope will prove to the Hon^{ble}: Comp^a: likeing more we Cannot do this year but hope the next to Succeed bett^r: by the timely Contracting for w^t: (severall years experience shewes) the Comp^a: allwayes.

We have not rec^d the accomptant paper this year therefore are Ignorant wherein he accepts against stateing M^r: Fleetwoods acc^ts:

The 2 Chests of Corall according to your order shall be sent you on y^e, ffleece or Bengall Merch^t:

We have not heard any thing of the moore that lays Claime to y^e: ffactory since we then advised you and beleive he is returned to Golcandah wⁿ: he next appeares shall endeavour to make a full end wth: Him.

We have but little Scarlett left nor [no sword] blades fitt for this Countrey People and we advised M^r: Davis is already gone to the great Govern^r: but if he shall hereafter write for any Scarlett we shall send him w^t: we can Spare.

What those att Madapollam have done we know not but are well Satisfied as to ourselves that no endeavours hath bin wanting to procure w^t: goods the Comp[a]: requir^e.

We are not I [. . .] of giving Passes hath bin taken lately from this ffactory and given to the ffort w^{ch}: was not formerly, as also the Place of Secretary, but you haveing restored y^e: Lett^r., it would be a great encouragem^t: to him now in the imploy and w^t: allwayes allowed while one here to have y^e: beniffitt other Secretariys had formerly w^{ch}: we esteem will much encourage him who hath so little assistance to do all writing work.

We are in great want of lett^r: paper the last yeares stores being out, and that sent us this year being not fitt for any writeing use whatsoever so y^t: we Cannot but say the Comp^a: are extreemly wronged by him that buyes itt or Him that putt itt up.

We have sold 25 half p^s: of broad cloth at 25 pag: each and Shall dispose of the rest of the Europe as appertunity shall offer w^{ch}: being w^t: at p^sent worthy your notice, we Respectfully Remane

MADAPO^{ll} 9th OF 9 1681.

R^r: Worspⁿ: S^r: &c^s:

We have rec^d: yours of y^e 6th: Oct^{br}: the 20 D^o: accompanied wth: the accomptants directions for [the] right stateing M^r: fleetwoods acc^t: having according to your orders dispatched James Wheeler for Metchlepat: the 27th: ditto wth: them and w^t: books relating to that affair the better to make a concurrence in that acc^t: the result whereof they have remitted you but for the paper acc^t: you mention to be sent home inclosed in the Accompt^{ts}: lett^r: and ordered to be Sent a copy thereof to Metchl we have not any transcript thereof.

We have according to your order acquainted M^r: Ba[rrow.] wth: your allowance of pag^{as}: 4 $\mathfrak{P}$ moth: and that you are willing to allow him w^t: usuall in the Bay referring to our freinds there for the remainder.

We observe w^t you write concerning M^r: Barrows Estate that you would not have it brought into our books but that we must all be accomptable for it. having concerned our Selves therein w^{ch}: we have noe farther in ordering an acc^t: to be take [*sic*] of w^t: loose Thi[ngs] in the roome where he deceased, the remainder being Still in a Godowne, under his own Chop. in w^{ch}: concerne we are not willing to meddle wth out your possitive orders not knowing w^t: after claps may arise thereon by concerning our Selves in that we have nothing to do wth:

You are pleased to advise that y^e Sale of our Silver depends on theirs at Metchlep^m: and that the price is likely to rise there, so that you would not willingly have us to make money of it till theirs be disposed of wth: out a probability of providing more goods or our occassions absolutely require it.

We have earnestly prest it to our Merch^{ts}: to enlarge their contract, that the Hon^{ble}: Comp^{as}: might not be disappointed in their expected returnes by the want of those goods ordered to be provided at Metchlepatam who have declared they are not in a Capacity of engaging for more then w^t: already contracted for by them of w^{ch}: we are doubtfull of their compliance in.

W^t: y^e: are pleased to advise concerning our forbidding the Merchants providing the 933^{as}: $\mathfrak{P}$ cullaes wⁿ: twas your order that w^t: was wanting at one place Should be made up by the other we had no notice of their wants at Metchlepatam till y^e: 20 Augst: and they exceeding the quantity required from [w^t: was] fitt to forbid the provision [. . . w^{ch}: we have . . .] againe order'd them to provide but more of any Sorts they will not engage for.

The 14th: oct^r: we rec^d: a Gen^l: from M^r: Jn^o: ffleld & c^a: in answer to ours of the 3th: d^o: wherein they advise y^e: Agents & c^{as}: dissatisfactions at the price of the Silver at pag^{as}: 5: $\frac{3}{4}$ $\mathfrak{P}$ seer, w^{ch} price we had agreed wth: our Merch^{ts}: wth: your approbation to deliver it to them but finding M^r: Jn^o: ffleld & c^a: desiring to have it at the same rate promiseing to Supply us wth: Pag^{as}: to y^e: amount thereof, it was Order'd by Consultation of the 17 D^o: y^t: they should have it, supposing they had y^e prospect of a bett^r: Markett for it & y^t: it might not be objected by them, that our Selling it at that Price to y^e: Merchants was the reason theirs produced no more.

The 24th: D^o: we rec^d: a lett^r: from M^r: Jn^o: ffleld & c^a: advising that they had Sent by M^r: Rob^t: freeman pag^{as}: 11,000 on acc^t: of our Silver, w^{ch}: we have received and by Consultation the Same day ordered the 10 Chests of Silver to be delivered him for the Hon^{ble}: Comp^{as}: acc^t: at pag^{as}: 5 $\frac{3}{4}$: $\mathfrak{P}$ Seer and y^e: remainder of y^e: money due on that acc^t: to be paid M^r: Wheeler.

You are pleased to take Notice that our Charges in Gen^l: in the moth: of Augst: runns very high, we have therefore according to your Orders sent you y^e: $\mathfrak{P}$ ticulars of that months expences and entreat you to beleve that all our charges are managed wth: as great frugallity as possible.

The Sorting placed [*sic*] was finished before our arrivall here by M^r: Jn^o: ffleld & c^a: w^{ch}: was built by order of M^r: Master & c^a: as you may please to your Gen^l: of date the 28th: ffeb^r: 168².

We are glad to understand you approve the Settlement of the ffactory, and hope by Gods assistance to finish our buisness in good time, to the Hon^{ble}: Comp^{as}: and your Satisfactions that wⁿ: it Shall please him to ^{convey} our Ships in Safety from the Bay they may have a speedy dispatch hence w^{ch}: to effect our endeavours observe in Shall not be wanting.

Sam^l: Wales is going on wth: the Gen^l: books w^{ch}: shall be done wth: all expedition and forward to you the reason they have bin thus long detained, being because there are Sev^l: acc^{ts}: entred not Corresponding wth: y^e: Merch^{ts}: acc^{ts} kept by the Bramenyes w^{ch}: when made to concurr Shall be dispatched.

Here is noe evidence to be produced against y^e: prisoner Jn^o: Young of his killing his Servant the Portugeze here declaring that he did in his Confession to him acquitt his Master of it owneing himself to be the occasion of that sad

[accident] that had befallen him therefore [he hath prayed] us to advise you that he doth in most humble manner crave that you would be pleased to revoke your orders of Sending him to the fort and acquitt him here.

According to Calculation we shall have here 1700 bales or thereabouts if our Merchants comply wth: their contract, and the Godowns of this factory will not above one thousand bales, So that we shall be forced to house the rest abroad in thatched houses, w^{ch}: for y^e: Generality are extream low and compacted of such combustible Matter w^{ch}: renders them very Subject to fire, an accident w^{ch}: too often happens and here being no brick godownes to be hired we doe entreat your leave for the building one in the factory of w^{ch}: conveniency we are in very great want.

After our often repeated endeavours of the Sale of our broadcloth & Lead to y^e: Merchants they have given their finall denyall declaring that for y^e: most part of them they are but men of mean Stocks and that they never dealt in any of those Commodity desireing that we will not impose them on them, so that w^t: we have done therein hath proved ineffectuall.

We are now bid by Sanco Narso pag 18 [the] half p^s: of broad Cloth w^{ch}: price he will not exceed and to [pay the] money in 4 months after the delivery of the goods to him, on w^{ch}: Conditions he is willing to take of the whole quantity, having not before been bid any thing for it therefore desire your orders concerning it w^{ch}: if you please to accept, we Shall deliver him though we doe esteem it but a small price yet considering this is no Markett for it & no likelywood of advancing thereon have thought fitt to offer to your Considerations.

There are Sevⁿ: disbursments brought to acc^t: in y^e: month of Augst: w^{ch}: were before expended, but omitted to be brought to acc^t: at their proper times, w^{ch}: you may please to observe, being noted in the Margent of that acc^t: & also Some P^r ticulars yⁿ: remaineing in Stores the reasons that acc^t: Swelled so high We now remitt you our Dyaries & Consultation acc^t: Cash, Acc^t: expences for the past month and moth: of Septem^{br}: to all w^{ch}: we humbly entreat you to be referred w^{ch}: is w^t: we have to offer at present to crave leave to Subscribe our Selves.

4th 1681.

R^t: Worsp^l: S^r: & c^a:

We have rec^d: yours of the 6th: or 10th: whereby we P^r ceive your approbation of our proceeding as to w^e: Silver by our Consultation of the 13 ultim^o: you will see w^t: Course we have taken to prevent w^t: [spoiling] the Sale of ours w^{ch}: we hope will be well approved off.

We heartily wish we could enlarge the Investm^t: and fully comply wth: w^t: the Comp^a: requires, but find it impossible this year, not questioning but they will be Satisfied wth: our endeavours imputeing the fault to the Mortality of their late Serv^{ts}: and the non-Settle^t: of this factory.

It was an Agreem^t: made between them & the late Agent that if Merch^{ts}: Should know w^t: goods they were to provide in March or Aprill and have money delivered them to begin the Investm^t: if they would pay 6 P^r cent advance w^{ch} would much forward y^e buisness considering the Hon^{ble} Comp^a require yearly larger Investm^t: . yⁿ.

formerly of w^{ch}: our Merch^{ts}: had no Not [ice] Neither of Sorts nor quantities till after our Arrival here in August w^{ch}: those at Madapoll: had and money delivered them w^{ch}: we presume will be y^e only way the next year to have our orders before the Shipping arrives for those Sorts of goods our Masters are pleased constantly to require Such as Sallampores, Allejais Bengall, Beetelaes, and y^e Agent and Councell, last year Supplied Madapoll: ffactory by their Orders from y^e ffort to Metchlepatam to beginn this years Investm^t: but Suppose there will be no Such occasion here Since as far as we can understand from our Merchants they desire not to take up Money upon Interest but only to give y^m: an Acc^t: w^t: goods they are to procure, whereby they are enabled the better to goe through the buisiness by preingageing the weavers, and in a bett^r: capacity to provide w^t: other goods y^e: Hon^{ble}: Comp^a: Shall require by their next Shipping.

We shall be very careful in y^e: Sorting of Cloth as it comes in and wish we had as convenient a place here as by the late Agent & Councell, approbation is built at Madapollam.

That their Cloth should be twenty p^r c^t: worse then formerly and yet brought at y^e: Same price, and by the same Muster wth: 8th: p^r c^t: abatement, must needs be ill Sortm^t: w^{ch}: we shall endeavour to gett the Cloth Sooner in for a more timely Sortment.

Although [. . .] Harris was Sick his Acc^t: was carried on as formerly writt you by John Goddard but were not Sent to you because they could not be passed under his own hand, w^{ch}, if he had continued longer in that condition we must be forced to have done although every one here have had buisiness in their own proper Stations and Since the intertaining of ffrancis Bett have bin employed in Copying out the Gen^l: Books for last yeare while Vincent Sayon brought up these for this.

The Present given to y^e: Govern^r: does very little exceed w^t formerly given by M^r: Hatton & Councell to Aga Jeloll y^e: yⁿ: Govern^r: and tis certaine wth: out a present we could never have Carried on the Comp^{as}: Affaires, but all things consider'd, the present is not So great Since those 250 Pag^{as}: formerly promised by M^r: Wiu and Councell according to y^e: Hon^{ble}: Comp^{as}: Directions for the Stopping M^r: Alleyes proceedings wth: the Govern^r: then deferred the receeving of it. Still he had orders for the takeing y^e Cirkeels p^r sent. At w^{ch}: time tis usuall to give him a private present of 300 pag^{as}: this buisiness of M^r: Alleyes being upon another acc^t: had the Govern^r: required that likewise we cannot tell how we could have refused it. he is in many things bett^r: conditioned then formerly yet sufficient by Cross deferring to give Orders a long time for sev^l: things we have Liberty for the Kings Phyrmaund w^{ch}: how to help we know not except we had a power to wth: stand him here and a factory at Golcandah as y^e: Dutch have wherey on all occasions to make their greivances, known at Court both w^{ch}: the Dutch have & Notwth: standing their low condition doe not find any way prejuditiall or disadvantageous, but by both keep these Govern^{ts}: below in Awe and though they have for Some years given very seldome any present and w^t: done Very Small, yet their buisiness goes on wⁿ: ours is Stopt and we forced to present according to y^e Govern^{ts}: will and pleasure.

In compliance wth: your orders M^r: Wheeler Arrived here y^e: 28 Ultim^o: and y^e: 29th: we proceeded upon M^r: ffeetwoods Acc^t: and herewth: send you an Acc^t: of w^t: we have done therein and Shall at y^e: Conclusion of y^e: years books clear his Acc^t: by Acc^t: Curr^{nt}:

We herewth: Send you our last years books w^{ch}: Mortallity and Sickness hath kept wth: us thus long also y^e: Consultation Dyary: Acc^t: Cash & Stewards Acc^{ts}: for y^e: month of Oct^{br}: and y^e: Acc^t: Curr^{nt}: for Septem^{br}:

W^o: M^r: Horner returnes from Tanasseree where he is now gone we shall make Demands of the money you mention and wish he may be in a Capacity to pay it being very poor wⁿ: he went off this Shoare and forced to borrow money to laid his Sloop and pay his Lascars.

We have as Customary Sent a small p^r sent to y^e: Cirkeel ordering our people to carry it to our Brameny Egib kept their by him to be delivered.

We have herewth: Sent the box off M^r: Aylloffs papers as we found them in the factory at our coming here which we omitted to send before w^{ch}: is all we have at present worthy your Notice So respectfully remaining

We have rec^d: yours of y^e: 27th: Octb^r: y^e: 12 Novemb^r: and have given an Acc^t: of the Sale of our Silver in our of the [*lacuna in the orgl*] past to w^{ch}: and our Consultations of y^e: 17 and 24 Oct^r: we desire you would pleased to be referred as to w^t: you advise concerning its price being higher here yⁿ: at Metchlepatam, we doe assure you to be amiss informati^o. We observe w^t: you advice concerning the disposing of our Europe goods y^t: your Merch^{ts}: would faine have Shifted them of w^{ch}: not wth: standing you have putt of to y^m: and how acceptable a peece of Service, it would be for us to doe the like here, w^{ch}: to effect we have used all endear^{rs}: through y^e: Success hath proved ineffectuall, we are Sensible of the advantage you have there in vending your Europe Commodities, it having been allwayes Customary for the Merch^{ts}: to take them off and therefore not to be objected against them as a new thing w^{ch}: from ours it cannot be expected, they never having dealt therein and w^t: formerly Sent hither being so inconsiderable that for y^e: most part was expended in presents not being Ven [dable] here and for w^t: consigned to us y^e: whole quantity still

remains unsold never having been bid any thing for it though we have often prest them thereto being willing to allow them a considerable time for y^e: payment of the money. Supposeing that might have encouraged them to come to some thing of an Agreem^t, but nothing we can doe or say will bring them to any termes thereon, we have advised w^t: proffers w^{ch}: we esteem so inconsiderable not worth acceptance, though thought fitt to advise you thereof, y^t: you might y^e: bett^r: Judge y^e: esteem of it here.

You have often been pleased to Shew dissatisfaction as matter of our charges and all that hath been Say'd therein hath not [*lacuna in the origl*] anything, we have only this to offer to your Considerations, that for y^e: generality of provisions here, they are double y^e: rates as there and desire you would be pleased to take a view of the expences of this factory in M^r: Hattons & M^r: feild's time consider^d ing how many more there is, of the Comp^{as}: Servants now than then and y^e: Charges now will appear to be much less in proportion then formerly, but w^t: you Shall please to order herein we Shall be ready to Submitt too.

We have done w^t: lyes in our power to p^{swade} Merchants to an abatement on y^e: goods to w^{ch}: they will add here & not [wth standing] all y^e: p^{swasions} we could use could not prevaile wth: them to supply y^e: wants of our freinds at Metchlepatam though we were willing to allow them the former price w^t: you Intimate concerning S^r: Edw^d: Winter's making an Abatem^t: on the goods that were contracted for by M^r: Blake before his Arrivall we doe Suppose to be done by imposition and for us to Act in that Nature would certainly provee the overthrow of the Investm^t: the Merch^{ts}: haveing Sufficiently demonstrated their unwillingness to engage for so great a quantity of goods and 'tis to be feared that in y^e: conclusion they will not be able to Comply wth: their contract, though we used all Care and dilligence to forward them, haveing layd before them, how far y^e: season of the year is Spent how much of the buisness remains undone and how great a prejudice it would be to y^e: Hon^{ble}: Comp^a: if they comply not wth: their engagem^{ts}.

As to W^t: you advice that you hope Ju^o Davis may improove [*sic*] his goeing to Ellore in the Carpett Investm^t: we never had y^e: least order concerning it and have acted nothing therein.

We shall observe your orders in y^e: Speedy sorting & packing our Cloth as fast as can be got in readiness and to send you exact Coppies of our Invoices for England [. . . shall] be laden by us wth: [Coppies] of Dyaryes & Consultations for England and also to give y^e: Ships a speedy dispatch for Metchlepatam as possible.

Our care Shall not be wanting to be dilligent in preventing w^t: Shall come to our knowledge that there be no transgression comitted in y^e: Diamond buisiness.

R^x: WORSPL^l: WILL^m: GYFFORD ESQ. GOVERN^r: DATED Y^e: 19th: 9^{mo}: 81.

After that I had taken my leave of your Worsp^s: I arrived here y^e: 7th of 9^{hr}: & wⁿ: I had talked wth: Sevill: great P^rsons here and the 13 d^o: I went to Visit Brameny Madana & Achana haveing carried along wth: me Brameny Viligandala Vencana haveing delivered y^m: your Worsp^s: Lett^r: & acquainted y^m: what I thought fit whereas they did much rejoice and gave mee Beetlenut, haveing likewise told me to remaine wth: a contented heart, and that they would be ready to favour us in our Affaires as they ever did.

As concernig coyning rup^s: I did intend to discourse wth: Brameny Achana therewth: but Seeing here was a report that he was Journeying to a Godly place called Shrisilam therefore I could not talk wth: him concerning the same, & now there is a report that a great Army of horsmen of the Mogulls is comeing d^{wn} and y^t: y^e Mogull himself is wth: it (people report this for certaine) for w^{ch}: reason Brameny Achana did forbear his Journey I shall after this discours him concerning the Rup^s: buisness and Shall yⁿ: acquaint your Worsp thereof.

Your Worsp^s: was pleased to order Vollarabeney Grua to deliver me w^t: Should be remaining in his Custody of the [. . .] carryed wth: him to be presented to Some great P^rsons here, wⁿ: he had read his Lett^r: he told me y^t he had Still by him Some glass plates, and Six looking glasses w^{ch}: he said he would deliver me and y^t: all the other things he had disposed of whereof he said he would give your Worsp^s: an Acc^t: these people here haveing notice y^t: y^e: Mogull came over Narmada River, they do designe to send Meirza Sangeer and Some horse to meet him by the way haveing already Sent Some Captains of horse to y^e: fronteirs and do likewise intend to Send Some part of y^e: Annuall tribute to y^e: Mogull 15 Elephants and Some maunds of gold & Silver here is a great report that a great many horse are comeing down hither and therefore this City is in a great fear, I shall hereafter Informe your Worsp^s: of w^t: Shall pass here and in y^e: Interim your Worsp may please to lay your Commands upon me.

Our people from Metchlepa: did Send hither to y^e: Shar Lasker some presents and Some Cowries, of Rose water, all w^{ch}: I have delivered him and shall gett him to write an Answer to y^t: lett^r: I being dispatching this lett^r: to your Worsp^s: here arrived lett^r: from Metchleß Informing that y^e: Tarrofdor

Husenbeague did stop their Cloth and other goods coming from Mangalaguiry those parts to them demanding Custome, for the same Seeing y^e: s^d: Husenbeage is come hither they desire me to procure a Rocca from him for the delivery of the same I Shall discourse wth: him [about it & yⁿ:] shall acquaint your Worsp: w^t: Shall pass.

Wⁿ: discours't Some great P^{ersons} here concerning coining Rup^s, they answered me y^t: as yet y^e English never had liberty to Coin Rup^s: whereby y^e: Divans does gaine great benefitt & and if y^e: Divan should P^{er}mitt to coyne Rup^s: at Chinapatnam no Silver in y^e: Countrey would be brought hither to be coyned & by y^t: means y^e: Divans revenue would be lessened, wherefore Brameny Madana will not give his consent thereto & y^t: if the English would pay the Divan Some thing yearly to coine Rup^s: whereby he may regaine Some p^{er}cent of his Loss y^t: he shall Sustain thereby yⁿ: these great P^{ersons} will venture to Speak to him about it, to w^{ch}: I answered y^m: that y^t: Worsp^s: will not consent to pay any thing yearly but y^t: if they would endeavour their utmost to prevaille wth: y^e: Divan to grant it: that your Worsp^l: would make him Some presents and that if Should doe w^t: we desire we Shall yⁿ: present both Brameny Madana and them wth: some thing upon w^{ch}: they replied that if they would give 2000 pag^s: to y^e: Divan & to Madana & Achana 500 pag^s: a peece at least and some thing to them y^t: they will try w^t: they can doe in the buisness to w^{ch}: I answered w^t: Shall we get by it y^t: we desire it that we must give soe much for it and y^t: it is not for the proffitt that we Shall gett by it y^t: we desire it but for honours Sake to w^{ch}: after many words they told me that if they would give 1000 Pag: to y^e: Divan & 350 pag: a peece to Madana & Achana & some 3: or 4 pag more for petty expences w^{ch}: makes together 2100 pag [y^t: . . .] they could doe in y^e: buisness and [that] if we would at least promise to give the said Summe of [money they] would talk about it w^{ch}: otherwise they say they could not speak about it, neither would it come to any effect and I haveing talked wth: other P^{ersons}, concerning this buisness, they doe expect from us a great deale more, I have endeavour'd my uttmmost about y^e: buisness and cannot find we can have our buisness done for less money then y^e: abovemention'd, and therefore may it please your Worsp^s: to consider of it and to order me w^t: to do in it, & I Shall follow your Orders if your Worsp Should be willing to order me to make an end of this buisness for y^e: abovesaid Summe of 2100 pag^s: of the buisness Should come to effect yⁿ: these people here will much press me for money after a grant and if your Worsp^s: should remitt y^t: sum of money, I shall yⁿ: endeavour my uttmmost if possible to lessen Some thing of y^e: 3 or 400 pag^s: w^{ch}: we proposed for petty expences for I Shall receive y^e: Phyrmaund and Roccas before I pay y^e: money either to y^e: Divan Bramenys Madana and Achana or any petty expences if the buisness does not Come to effect, Ill returne your Worsp^s: y^e s^d: money back if yo^r Worsp: doe think convenient to make an end of this buisness as abovesaid and Should order me to doe it, you may please to Send me y^r order & money together, yo^r: Worsp may be pleased to write me yo^r: pleasure here abouts that I may know how to behave my Self herein by reason I could not gett a person to send this Lett^r: by to yo^r Worsp: therefore I was so long before I could send it and at last hired a Cooley to send it yo^r: Worsp^l: by.

R^t: Worsp^l: S^r: & C^a:

I have thus long deferred writing to give your Worsp^l: a prospect of our affaires that from thence you might take Some measures of the Success but first to Satisfie your expectations, in a short Acc^t: of our Journey w^{ch}: we have prosecuted wth: all possible expedition and made Such Necessary observations therein, as so hasty a proceeding could admitt of w^{ch}: for the P^{ar}ticulars pleased to be referred to my Diary, w^{ch}: though less then I desired yet are so tedious for this opportunity after parteing wth: your Worsp^l: I mett little of Importance till our Arrivall the 16 at Codoleur where we were Courteous^{ly}: treated by the Aveldar & Merchants who that might [sic] brought the musters of their Sevrall Sorts of

cloth, w^{ch}: next day I examined and treated about their Prices and after a long debate till about 7: o'clock at Night, I could bring them to noe lower termes then the enclosed list, after which enquireing what quantites of those goods they had ready, they told me very little, but that in 30 dayes time, they would provide to y^e: amount of 10,000 or [. . .] for the following year for [50 or] 60,000 Pag: w^{ch}: I declined for the [. . .].

first because we and our Customes were yet [. . .] on w^{ch}: occasion the Subidar might have taken advantage by forceing us to pay the Customes of the place w^{ch}: is here at least 3 Pcent and 7 at Porto Novo and so made that a President, for our future trade w^{ch}: would have been a great charge and difficulty ever to have reduced.

Next I considered the goods provided, (now at their time) would come too late for this years Shipp, and So of little Advantage to the Hon^{ble}: Comp: and would be the Same thing two or three months hence, for next ships.

Lastly I judged them too dear, according to this Countrey rates tho: as they are above 10 P^c: cheaper yⁿ: y^e: goods of our parts, considering, [their] breaths [sic] and Substance. I likewise found some of the leading Merch^{ts}: where [sic] so nearly related to ours of Madrass, to be easily brought to bett^r: tearmes, besides their Native principles of imposeing upon Strangers, w^{ch}: I think will be bett^r: reduc't by a sedate deliberate contract w^{ch}: is more agreeable to their tempers, then a suddaine Itenerary bargain, w^{ch}: mine [sic] must necessary, be in a Journey So long wth: such diversity of buisness and Variety of Places, under Such ill Circumstances and Limitt of time and Season if the Hon^{ble} Comp^a must have an Acc^t: of my proceeding this year, these conclusions made me desist from any farther treaty wth: them onely to find fault wth: the high prices of their goods, on w^{ch}: I dismist them to bett^r: considerations, takeing wth: me some of their Musters, at the aforementioned rates (w^{ch} I now Send for your P^{usall}) w^{ch} I told them should be noe rule for a future Contract, they parted not well pleas'd yet next morning they returned againe, but wth: the same tearmes and effect, our Brameny here rec^d: a Lett^r: from Gopall Pundit at Celamberam about 9 miles off desiring us to stay there, and him to come thither, w^{ch}: I consented too, ordering to tell him wth: what troubles and Charge we were come to pay him your Respects and thanks for his kindness in our buisness wth: my desire to hasten its Settlem^t: on as good terms and as soon as possible, w^{ch}: when well affected we Should not be unmindfull of him I also cautioned the Brameny from Indulgeing his avaritious hopes in those extravagant demands he made to him and most Certainly either through his fear, folly or fraud, he has very illy managed our buisness, by givinge them hopes of great Pischases and Shares in our trade, w^{ch} Since it cannot be allowed off, will strangely disappoint them and I doubt our buisness too, wth: my [. . .] this I hear [has] been his Practice and am too [. . .] to beleieve it, Since I observed his [lett^r: . . .] to part wth: money, then procure priviledges [. . .] indeed he understands So very little of our Interest and trade that he cannot plead well the advantages of our Settlem^t: and priviledges we have in other p^{ts}: besides in my opinion the buisness was first begun at the wrong end, and Since we must come up to y^e head (the nearest way is best) whose Authority Commands all downwards, but Since the buisness has run so long this way tis now absolutely Necessary to continue it, otherwise they will Swell to our prejudice; and tis certaine they are more capable of obstructing our buisness, then furthering it. Just now (after 2 days absence) our Brameny came from Gopall Pundit wth: a tedious frivolous Story of kindness and Wellcome but makes an ill Conclusion, that he cannot treat wth me nor act in our buisness, till I give him a promise of 5000 Pag^{as}: he having long Since the greatest part of it to Harje Raja and his wife &c: & this he speaks to be his Positive and finall resolutio and that he swore by his head the Dutch paid him 16000 Pag^{as}: & that if I lik't not his propositions, I am at Liberty to goe (the truth is it putts me to a Strange Dilemma). If I proceed to the great Subidar wth: out his Company recom [. . .] Assistance, he will certainly impead our buisness and discredit or Affront us, and to Comply I will not, w^{ch}: Such unreasonable high demands, however to amuse him & try his resolutions I ordered the Drum to beat, and our people to be in readiness to morrow morning to goe towards

Harjee Raga, tho I Intended to Stay a day or two, to See if he will accomodate the buisness to reason; but if not I am resolved to Harje Raja and there plead the Advantages we Shall bring to the Divan and possess him wth the best opinion of us I can, for I am loath to returne (wth: y^e Labour in vain to my Motto, considering the people I have to deale wth:; have little faith or honesty, and their Employments are so uncertaine; they study noe Interest but their own (the Dutch are very Mischiowous in this buisness and obstruct our Settlem^t: wth: all the prejudice they can. But whatever the Success Shall be Your Worsp^l: may be assured of my most faithfull endeav^{rs} and that I act your Instructions to the best of my Judgm^t for the advantage and honour of my Hon^{ble}: Masters & your Cred^t and that I am in all things as frugall as y^e: good of their Affair will p^rmit, w^{ch}: I beleieve is y^e utmost they or you Desire.

I must entreating y^r: recommending me to the Hon^{ble}: Company and to give them my most hum^{ble}: acknowledgements for their Particular [sic] favour to me [. . .] by serving them wth: y^e: most diligent fidelitty [I am] Capable off.

M^r: Gyfford and M^r: Dutton & c^a: are all well & depart themselves, wth: great Prudence and Cred^t: which please to doe them right to the Hon^{ble}: Company.

I wish you had given me Commission to treat wth: Eccojee Naigue of Jangoa about a settlem^t: at Trimolavas, ab^t: 12 miles from hence reported to be a Civill people a good town and River and affoord a great Store of Coarse Cloth I am in great want of y^e Mouratt Brameny who was unfortunately left behind.

Notwth: standing our past great discouragments I thank God I have effected our buisness well beyond expectations wth: this wellcome and Strange remark (considering the circumstances, and people I treated wth: I have preserved the Hon^{ble}: Comp^{as}: honour and their money too w^{ch}: you will easily beleive was a difficulty that sufficiently rackt my Wits and patience and I am Sure is an event far beyond your hopes or prospect, considering how deeply we were engaged before my undertaking it and long after by Gopall Pundits importunate demands, I advised you, who by arguments, promise[s] and p^rswasions, I have reduced to reason, & I think to freindship having here been Active for us; We have had many hotts disputes, about the Severall Articles of our Cowle, Some of w^{ch}: are denyed & others more materiall granted as a settlement & trade at Porto Novo, Cudolor & Connimeed, w^{ch} before was onely limited to Codolour, then the Maine [. . .] Customes are much lower to our Merch^{ts}: Viz^t: at [Connimeed . . .
