Whenever you are threatned with the Gout's approach, take two of the Pills — and one every hour — until you perceive a passive perspiration with a disposition to vapour — Encourage both, by the cool drink, and warm small drink, according to your Palate — When you awake — begin to cool, change all your Cloths — first rubbing your skin and open The obstructed pores, by warm dry Towells — Then Attack, and Treat it whenever you perceive The Slightest Symptoms, and instead of perhaps Months Purging pains with hyp & vapours, you will have Jolas, health and free Relief
