## Saturday 12th. November 1796.

Received the following letter from Government

To Mr. Nathaniel Edward Kindersley

Sir,

I am directed to inform you that the Right Honble the President in Council having resolved to establish a Court of Cutcherry for the decision of Suits between the native Inhabitants of Madras, has been pleased to appoint you Judge of the said Court with a Salary of Six hundred pagodas per Month.

The object of this establishment is sufficiently pointed out in the accompanying Copy of the Right Honble the President's Minute, and provided for, as far as is possible at present, by the accompanying Regulations, which have received the Sanction of the Board. In order therefore to its being carried into immediate effect, You will prepare a list of the native Officers and Servants whom you think necessary to the establishment for the Consideration of his Lordship in Council.

Should it occur to you that any further Regulations are necessary previous to the opening of this Court, You will lose no time in laying them before the Board

Board, nor in translating into the native languages the plan and regulations of the institution.—

I am,
Sir,
Your most obedient Servant

## Minute of the President in Council

25th October 1796.

The serious inconveniences which are felt by the native inhabitants of Madras, for want of a jurisdiction to determine questions of property, except in cases where the parties voluntarily agree to submit to the decision of the Mayor's Court, has long attracted the attention of the President, as an evil, to which it is the indispensible duty of those entrusted with the Government to provide a remedy— The necessity of it may be conveyed in a few words— At this moment, in a Commercial Capital and under a British Government, where either of the parties is indisposed to Justice, the Creditor has no legal means of recovering his debt, nor the Heir his inheritance.—

Under this impression, and aware that difficulties have formerly occurred upon this Subject, the President has bestowed very great pains to ascertain whether any serious obstacles oppose themselves to the adoption of some plan for the removal of so serious a grievance, and he is perfectly convinced,

Madras 12th November 1796

convinced, that none exist— First because he conceives that the ordinary superintending authority of Government, upon general principles, must be competent to so necessary a measure— Secondly, because the joint opinion of the Attorney and Solicitor General and Council to the Company is decidedly in favor of it.—

It was given in the year 1786 in the following terms— upon a question referred to them relative to the Administration of Justice in the Company's territories— "We understand the question to be confined to places where the English laws do not exist, and "we are of opinion that the Acts of Parliament, already passed "authorize the Governor General in Council to exercise all the "functions of the Civil and Military Government, and where "no laws antecedently exist, restrictive of this power, no new "power can be necessary to provide for the Administration "of Justice among the natives according to their former laws".

"The Company may under the directions of the "Board of Controul establish civil or criminal courts or make "other Regulations which shall appear to be proper in the "Civil Government of the Natives".

"The exercise of military Authority is wholly "exercisd by act of Parliament, but in civil Government the "legislature refers to the actual exercise of Power, by the "Company who had in fact assumed all the powers of the "Antient Sovereigns over the Natives."

Thirdly

"Thirdly, Because the Clause of the Bill of 1793 enacts "that the whole Civil and Military Government of the Presidency of Fort St. George on the Coast of Choromandel, and the ordering, management and Government of all the territorial acquisitions and revenues on the said Coast &c. &c. shall and are hereby vested in a Governor and three Counsellors of and for the said Presidency of Fort St. George" — and fourthly, because it appears from the 1st. paragraph of their Revenue Letter of the 28th. of April 1795 that the Court of Directors are satisfied that such an authority can be exercised by this Government.

"Being thoroughly convinced of the propriety and efficacy of the late Revenue and judicial arrangements in Bengal, we direct that you consider of the expediency of adopting similar plans for the northern Circars, including the Jaghire and ceded districts, and should you be of opinion after mature deliberation, that the Bengal arrangement might be extended with equal promise of advantage to the several districts under your Presidency, we confide in your wisdom and discretion to carry the same into effect by such degrees, and in such a manner, and at such times, as local circumstances may seem to warrant." The Court of Directors renew the same subject in their Letter in the Revenue department dated the 3d. of July 1795 Para: 7th — In our reply to your

Madras 12th November 1796

"your revenue dispatch of October the 6th 1792 (having under our "view your subsequent dispatch of the 2d May 1793) we signified "our approbation of the measures you were pursuing for the esta=-"blishment of Civil Justice in the Jaghire, and ceded "Countries; your letters of the 20th of September and 9th of "October 1793 mention the further steps that have been taken "in this business, and we expect shortly to hear of its completion, "agreeably to the intimation in the 57th paragraph of your revenue "dispatch of the 20th of February 1794 Paragraph 36 — We approve "of your establishment of the native Servants for the Provincial "Courts of Judicature, and Civil cases referred to in this paragraph, "and as the criminal Jurisdiction in the Bengal Province "has been formally arranged, and received our approbation, "we trust that no time will be lost in effecting a similar reform "for the districts under your controul, agreeably to the intimation "in the 3d paragraph of your revenue dispatch of the 6th Oct. 1792"

The President having stated the evil, which the proposed arrangement is intended to redress, and the grounds on which he conceives the Government is authorised to adopt it, submits it to the Board with great deference — He is persuaded, that it will require frequent revision, but it will at all events lay the foundation of some plan, which every man's experience must tell him is indispensably necessary. It will lead to, if it does not immediately produce, an equal Administration of Justice in Civil Suits among the native Inhabitants; it will tend to the advancement

of

of Commercial credit; and by testifying to the bulk of the Natives residing under this Government, that in return for their submission to its authority, they have protection for their property, it will remove an imputation highly injurious both to its credit and Character.

The President having had frequent communications with the Attorney General upon this Subject, and having availed himself of his assistance in preparing the Arrangement now submitted, he has his authority to inform the Board, that he concurs both in the necessity of the measure, and the powers of this Government to carry it into execution.

The Right Honble the President in Council, observing the inconvenient consequences of that Clause in the Charter of 1753, which, without establishing any native Tribunal at Madras, precludes the Mayors Court from taking cognizance of Suits between the Native Inhabitants, unless both Parties agree to submit to its decision, and convinced that the will and pleasure of his late Majesty King George the 2.d as expressed in the Charter, "that Suits arising between the native Inhabitants should be determined among themselves" must ever remain inoperative without the decided interposition

Madras 12th November 1796

interposition of Government, Has, in virtue of the Powers vested in him by the act of the 33.d of his present Majesty, Chap. 52, determined to give effect to the gracious intentions of his late Majesty by the institution of such regulations for the Administration of Justice, as may be deemed conformable to the ancient usages of the several descriptions of Natives: and for this purpose he has thought proper to order and direct.

of

of finding bail the Superintendant shall order him to be detained in Custody until he shall have found such bail or until Judgment be passed in his favor, unless he shall be willing to lodge the amount of the Complainant's demand and of double the deposit in Court, and in case he shall be so willing the Court shall receive the same in money or goods or in Company's bonds, and shall forthwith order him to be enlarged and set at liberty.

After Bail shall have been given, or lodgment made as aforesaid, or the Body of the defendant shall have been arrested and detained in prison for want of such bail or lodgement; the Superintendant shall appoint a certain day for the defendant to put in his answer; which answer shall be brief and direct, and contain either a denial of the charge expressed in the Bill of Complaint, or an acknowledgement thereof: and when the same shall have been filed, and the matter in dispute is not a matter of succession or Inheritance the Superintendant shall, unless the Parties shall mutually desire to submit the decision to himself, recommend it to them to chuse some common friend for the adjustment thereof, and in case they cannot agree in the choice of such common friend, he shall recommend it to them to chuse each party one friend with power to the two friends so chosen to name an Umpire for the adjustment of the matter so in dispute; in the event of their not making their Award by a certain day, and if they agree so to do, their Submission to the Umpirage or award, shall be made a rule of Court, and

and the Parties shall be concluded thereby, unless it shall be proved by the Testimony of two credible Witnesses that the Umpire or the Arbitrators or one of the said Arbitrators was corrupted or otherwise unduely influenced.

If the person or persons chosen by the Parties for the adjustment of the matter in dispute shall refuse to accept the Arbitration, or if the Award shall not be brought in at the time appointed by the Court, or if brought in, it shall be set aside for undue influence or Corruption, or if both the parties shall not submit to private Arbitration, the Court shall pass an Order for the Parties to proceed to the examination of Witnesses, which Examination shall be had in the presence of the parties or their Vackeels before the Examiner, or by commission as the Court shall think fit, and when the Witnesses shall be so examined, and the Depositions and exhibits (if any there are) shall be returned into Court, if there be good causes of exception to the Witnesses, or exhibits, or to the Depositions of such Witnesses or any part thereof, the Parties shall be at liberty to state the same; and in case such exception shall be allowed, the matter or thing excepted against, shall be suppressed, and the Superintendant may if he see reasonable cause for the same, pass an Order for the further examination of Witnesses, and when the evidence shall be closed on both sides and returned into Court by the Examiner or Commissioners, the Superintendant shall

much of the Money paid or levied for the satisfaction of his demand as shall be equal to the deposit mentioned in the 5th Article; and provided that on failure to make good his demand he shall be liable to be whipped if the Court shall think proper so to punish him.

Josias Webbe Esquire
Civil Secretary —

Sir,

I have received your Letter of the 29th Ultimo announcing the appointment with which the Right Honble the President in Council had been pleased to honor me.

In obedience to His Lordship's Commands, I now beg leave to submit (A.1) a List of Native Officers and Servants which appear to me necessary, together with their proposed Salaries. (A.2) is a List of fees taken from those allowed in the Mofussil Court of Dewanny Adawlet at Bengal, which are extremely moderate; to these I have

Madras 12th November 1796

have added two other Articles 15 and 16.—

The further Regulations immediately necessary, seem to be very few; though on the first I have proposed in the enclosed Paper (A. 3) it is material to have the Decision of Government.—

The Offices and Court Yard of the House hired for the Court of Cutcherry, will, at least for the present I hope be quite sufficient to answer the purpose of a Debtors Jail; A small additional height to the Wall, and a Guard will however be requisite; and I request Orders may be given to that effect.—

I presume His Lordship in Council will be pleased to exempt me from serving on Juries, or Court of Requests.—

I expect to be able so far as depends on myself to open the Court on the 10th or 12th of this Month.—

I have the Honor to be,

Sir,

Your most obedient Servant

The Board deferred to make the Cauzy any compensation for the loss of his Nussooms, which were abolished upon the introduction of the new Regulations for the Sea Customs, until the Court of Cutcherry at that time in contemplation should be established, by which it was supposed that a means would be opened to provide for him in a professional manner.

manner, but as the small compensation which the Superintendant proposes for an attending Cauzy at the Cutcherry is in the Opinion of the Board inadequate to the loss which Mohi-o'deen Abon Bauker has sustained by the abolition of his Nuzsooms, Resolved in consideration of that loss, of his long attachment to the English Government at Madras, and of his General good Character that he be allowed a pension of Fifty Pagodas per Month for his life only, payable by the Board of Revenue out of the produce of the Sea Customs.—

Resolved that the Cauzy be also permitted to draw the fees established for him by the regulations in addition to his pension.—

Resolved that his constant attendance at the Cutcherry whenever his presence may be required, be the condition on which he holds his pension.—

Ordered that the Superintendant of the Cutcherry and the Cauzy be furnished with copies of the foregoing Minutes.—

Monday 2d January 1797

Wrote the following Letter to Government with four Enclosures No. 1, 2, 3 and 4 —

To the Right Honble Lord Hobart

President in Council of

Fort St. George.

My Lord,

I have now the honor to make to your Lordship my first Report on the Proceedings of the recently established Court of Cutcherry No. 1 is the English Abstract thereof; No. 2 an Abstract of Suits which have been brought to a final Decision; and No. 3 an Abstract of Suits pending, in different Stages of Progress — The second of these Documents will shew that, within 7 Weeks, 31 Suits have been begun and prosecuted to final Effect; and these for Sums amounting in the aggregate to Pagodas 17843. 7. 30. at the total expence of a Deposit of Pagodas 520. 24. 52. ; and of fees of Office and Fines, to the Amount of Pagodas 55. 9. — Of these Suits eight were adjusted by the mutual agreement of the Parties, One dismissed for non attendance — One as Vexatious — One has been decided by public Arbitrators; 6 by the Superintendant as Claims directly acknowledged, or not answered; and 11 by the Superintendant as sole Arbitrator mutually chosen by both Parties — Only two of these Causes were capable of Appeal, which has however not been resorted to in the sole Case, where the period of Appeal has expired —

The Deposits received Amount to Pagodas 1199. 22. 56. a Sum nearly equal to the whole Expences of the Establishment; and had I filed all the numerous Bills still pressed upon the Court,

those

those Deposits would probably have already been double, perhaps treble the above Amount.—

Whether the Decisions on these Suits have given general satisfaction or not; seems therefore the only point on which that remains to be assured; and this point can perhaps best be ascertained by individual Enquiry.— It may however be considered as affording a presumption favorable to the former supposition, that the Press of further Suits is increasing so much, that besides the Causes pending as stated in № 2. I have a List of above 100 Persons, who desire their Bills to be filed, and who are accordingly gradually admitted in their turn as fast as I can attend to them, without confusion.

It is with particular satisfaction, I take leave to observe that the probability which the mere existence of this Institution affords of its being the passive means of amicably deciding, in a private way, many pecuniary Disputes, (especially such as relate to the division of inheritable property) is confirmed to me by two or three important instances of the fact, which have chanced to come to my Knowledge — and this tho' the least obvious of the beneficial tendencies of the Court, may possibly prove one of the most essential.—

The multiplicity of the Business of the Court and especially the labour which arises to myself individually from the frequency of the Parties availing themselves of the Option of submitting the trial and Decision of their Suits to the Superintendant, obliges me to request that I may be allowed an Assistant; who may when I shall find it requisite, relieve me from the Decision of petty Causes mutually referred to the Superintendant; and who may also

Madras 2d. January 1797

also (in the Event of my inability from Sickness or otherwise) obviate interruption to the Proceedings of the Court by occasionally attending them in my stead.—

I shall conclude with submitting to your Lordship in Council some proposed Modifications № 4 of the existing Regulations on the Subject of trial by Sworn Arbitrators on which I request your Commands.—

I have the honor to be with much respect.—

My Lord

your Lordship's most obedient
humble Servant

Superintendant Court of Cutchery

Madras
2d. January 1797.

Whereas the obligation imposed by the 7th. Article on certain descriptions of the Inhabitants of Madras and its Environs, to act as Sworn Arbitrators was of course meant to put them to no further inconveniences than the public Welfare should seem to require; it is Resolved.—

1st. — That when both Parties to a Suit are willing to dispence with the Oath appointed for Arbitrators it shall not be exacted.—

2d. — That in Suits for Sums not exceeding 200 Pagodas where public Arbitration is preferred, each party shall name as before 4 Persons from whom three instead of two shall be withdrawn by the Opposite Party— The Superintendant however, in this Case to name 5 instead of three; of which 5, two shall be withdrawn by each Party— In Suits for the above Sum, when the Superintendt. is chosen

chosen to decide, he may refer the decision to his Assistant, which decision must however be approved by the Superintendant under his hand—

3 — That in the Cases stated in the 21 Article, where an Oath is dispensed with from a Native when called upon as a Party or a Witness, it be so Likewise when required to act as Arbitrator; and only a simular solemn Declaration taken.—

## To the Right Honble Lord Hobart

President and Governor in Council &c. &c. &c.

My Lord

Among the various Causes coming before the Court of Cutcherry, it may naturally be expected that occasions must from time to time occur for the further Explanation of the existing Regulations for the Conduct of the Court, and sometimes for alterations of, or additions to them. The points on which I consider it at present necessary to request instructions from your Lordship in Council are the following – The General Principle of the institution I clearly understand to be the Provision of – means for the adjustment of disputed property among the –

Natives

Natives in the mode most adapted to their usages, - I presume further that the Court in receiving Bills of Complaint and deciding on them is to have no necessary reference to the situation either Party may be in with respect to any European Court or former decision, that I may not however remain under a mistake in this idea, or err in its application, I request to be instructed.-

1st. ---------- Whether a Suit brought before the Court by Native against Native is to be heard, altho already decided upon by the Mayors Court, or by former Justices of the Peace, or by private Arbitration; such decisions would of Course have their weight, but the question is whether they must be deemed altogether conclusive.-

2d. ---------- Whether a Suit for the recovery of the Property of an Intestate from the hands of a Native holding it under Powers of Adminstration from the Mayors Court, brought forward on the Ground of preferable right to its distribution, under the Native Laws, and usages, may be received and decided by the Court of Cutcherry -

3d. ---------- Whether a Suit brought against a Person holding Powers of Adminstration, where no objection is urged to the Powers itself, but only a demand made of debt due by the Intestate may be heard, and on conviction of its Justice and of means to discharge it, it may be Enforced under the penalties

Madras 23d. January 1797

penalties attached to personal debts, I mention this because I understand the Native Laws would consider and punish a person in such a predicament, exactly as if he were the personal debtor.-

4th. ---------- I presume that no European is to be Summoned by the Court as a Witness, because such a Summons cannot be enforced; but that European written Evidence procured by either party, must of Course be received.-

5th. ---------- In those Causes where I am chosen to decide, I presume myself, in one particular, in the situation rather of the former Private Arbitrator mentioned in Article 7th than in that of the Public Arbitrators in Article 8th. I mean that I do not as in the latter case take previous Depositions and Vouchers, but having the parties brought before me, I inspect the Documents, question the Parties and Witnesses, viváVoce, and afterwards pass Award on the Bill and Answer.- This Seems the most Satisfactory mode of proceeding for the Superintendant, but is not Explicitly marked out in the 7th. 8th. Articles where that matter is treated. - Should I in any Case from the performance of the duty prescribed in the Regulations, or from mistake, or oversight, be led into legal difficulty, I take it for granted that I shall be

be born entirely harmless by my Honble Employers —

To Mr. N. E. Kindersley

Superintendant of the Court of Cutcherry

To the Right Honble Lord Hobart

President and Governor in Council

My Lord,

In Obedience to your Lordships Commands, I have perused Mr Kindersley's letter to Government for Orders how to enquire into a Charge of perjury

Madras 28th January 1797

perjury said to have been committed in a Cause tried before him as Superintendant of the Court of Cutcherry and have the honor to inform you that Charges of this Nature being improper Subject of Arbitration the enquiry ought in my opinion to be made by the Superintendant himself.

Should the result be that the Charge is unfounded the person who has preferred it will I conceive deserve, at least the punishment directed by the 24th Article of the Instructions for frivolous and Vexatious Suits; but if on the contrary the guilt of the persons accused be established to the Superintendants satisfaction, I conceive it will Justify his setting aside an Award founded in perjury and granting a new trial; for the mode of trial by sworn Arbitrators being some what simular to the trial by Jury of an issue out of Chancery, the Cutcherry may I think in this respect follow the practice of that Court; and there I understand it to be a rule that perjury in any of the Witnesses

on

Madras 28th January 1797

on a trial at Bar is good Ground for a new trial

In Council

My Lord,

In obedience to your Lordship's order I have considered the several points on which the Superintendant of the Court of Cutcherry desired to be instructed in his letter of 23d January last, and have the honor to submit it to your Lordship as my opinion. first— that every suit heretofore decided by the Mayor's Court, or by Justices of the peace, or by private arbitration ought to be considered as final and conclusive between the parties:— Secondly, that no Suit ought to be entertained in the Court of Cutcherry to divest an Administrator of the possession of an estate committed to his care by the Mayor's Court,— Thirdly— that Suits may be entertained against Native Administrators in the same manner as against other Natives, if the laws of the Country make no distinction in this respect— Fourthly— that the attendance of an European Witness cannot be enforced, nor written European evidence received without oath, unless by consent of the parties— and Fifthly— that when the Superintendant is chosen to decide, it will be proper to take down the whole proceedings in Writing, for the information of Government and the better to enable them to judge of his conduct in the event of any complaint being preferred.

Josiah Webbe Esqr.

Secretary to the Government —

Sir,

I request you will inform the Right Honble the President in Council that a Summons having been served upon our Shaik Alley a Soubadar in the service of His Highness the Nabob in consequence of a Bill filed against him in the Court of Cutcherry, the Soubadar announced his resolution not to attend without orders from the Nabob.

I am informed that the man has even presumed to confine the person of the Complainant.

A Warrant of Arrest is out against the Soubadar but as that also has been obstructed from reaching the party by Sentries, I think it my duty to apprize His Lordship of these Circumstance, espicially as I am this day informed that another Summons served upon a Moorman of Family at Triplicane has been treated

## Thursday 27th. April 1797-

Received the following Letter from the Chief Engineer with an Enclosure

Dear Sir -

By the enclosed Extract you will see the authority by which Piers were put up at the distance of 600 Yards from the Saliant angles of the Black Town Wall, and every thing cleared away, within that distance, of the Fortifications - at the same time, directions were given that no new erections or enclosures should be permitted for 600 Yards beyond these

Piers

Purs, in all, 1200 Yards from the Black Town Wall.—

A Number of Potmakers &c.a whose Village was situated close upon the West front were at that time removed, and received some Compensation for the pulling down of their Houses; which they were permitted to erect in the district of Punnevakem, beyond Vepery, But never with an intention of yielding up to them the Company's unquestionable right of property in the Soil.—

The Washing Towns on the North Front,— partly within, and partly without the 600 Yards; it is more particularly necessary should remain the undisputed Property of the Company, that their Inhabitants, tho' immediatly Servants of Government, should be liable to removal in case of Neglect, or, ill behaviour, to make room for the better disposed, or more Skilfull in that branch of the Manufacture; they having been permitted occasionally only, and of necessity, to put there for the Convenience of Bleaching the Linnen.—

From the foregoing Instances, particularly within my knowledge, you will see the necessity of much caution in granting any kind of Instrument that may hereafter be construed into a Claim of Property by these People, to whom I understand, it has been recommended to take out Certificates previous to

to their obtaining Bills of Sale.—

I am directed by the Right Honble the President and Select Committee to inform you that an Advertisement has been issued for the Removal of all Houses, Huts &c.a situated within 600 Yards of the Black Town Wall, you will therefore if necessary enforce a Compliance with the said Advertisement.—

Wrote the following letter to Josiah Webbe Esqr Secretary to Government

Josiah Webbe Esqr

Secretary to Government,

Sir,

I have the honor to enclose No 1 Abstract of the Proceedings of the Court of Cutcherry for last Month. No 2 Abstract of Suits determined during that period, and No 3 List of Suits pending - The Second of these papers exhibits a List of twenty five Suits, for the total Amount

Madras 10th May 1797

Amount of Pagodas 60,73.37.71. brought to a conclusion in April.-

Take this opportunity of stating one or two occasions in which I have considered it expedient to deviate from, or rather to act beyond, the letter of the Regulations.- When the Proceedings in a Cause are unusually long or intricate, I allow the Arbitrators to meet oftener than the limitted number of times, which are only three.- When important matter is brought forward by a losing party, soon after an Award has passed and which could not be before produced; I reassemble the Arbitrators and refer such matter to them, to decide how far it ought to affect their Award.- This I have had occasion to do twice or thrice; but in none of these cases has an Award been yet altered in consequence.- When a Decree of Arbitration is confirmed (as it always is) by me, tho' I never take the liberty to alter the Sentence, I generally allow short period for payment, to prevent the Sail being unnecessarily crowded by persons able to pay, if a little time is but allowed them.-

In consequence of the Establishment by the 18th Article of the Regulations, of an Office for the Registry of all Transfers or Mortgages of Houses or Grounds situated within the Jurisdiction of the Court of Cutcherry a variety of applications have been made to the Register of Native Alienations for the Registry of their Houses and for the Bills of Sales thereof in order to certify their Property and to facilitate the transfer of it.- as However it appears from

Madras 10th May 1797

from the Cowle granted by Government in 1787 to the Pagoda of Chinda-dreipet: and by the Orders of Government to the Chief Engineer dated 26th August 1782 that Bills of Sale granted in the usual form might furnish a pretence for Claims of the Ground on which the Houses Stand; and which in both the above bases (and perhaps in some others) appear to belong to the Honble Company, I would propose to insert in each Bill of Sale, these words,- "This Bill of Sale is not to be "understood as in any degree affecting the Rights of the Honble "Company, or of those to whom by Cowle or otherwise such a right "may have devolved, to the Ground on which the abovementioned "House Stands".-

I have the honor to be-
Sir-
Your most Obedient Servant-

Wrote the following Letter to Government.

Josiah Webbe Esquire

Secretary to the Government

Sir,

In the progress of the New Court of Cutcherry some further circumstances have occurred which lead me to solicit the Instructions of Government on the following points.—

In the 12th Article it is stated that in all matters of Inheritance and Succession the Superintendant after the evidences shall be closed, shall call two or three persons learned in the Hindoo or Mussolman Law (as the case may require) and taking their opinion shall pass Judgement thereon.—

As however the decision of the question of Inheritance seems to be distinct from that of the actual amount of property to be in consequence appropriated by it, I have thought it more expedient (and if his Lordship approves I propose to continue the practice) to receive from the Learned in the Native Law their written opinion of the Principle and proportions of Distribution in the Cases occurring:— leaving the facts and the actual Sums assessed to the decision of the Arbitrators chosen on both sides, first furnishing them with the above opinion as their guide.— I am the further led to this method because I

Madras 29th June 1797.

I can find no learned Persons of the description required, on whose Integrity or even accurate Knowledge I could with satisfaction rely in cases where large Sums are at Stake: and because without a certainty on this head, too much seems left to the power of the Superintendant.—

The attorney General observes that "every Suit "heretofore decided by the Mayor's Court or by the Justices of Peace, "or by private Arbitration ought to be considered as final & conclusive".—

I conclude however that where a decision of the Mayor's Court has been reversed on the Ground of the Parties being Natives, it is then of Course to be received in the Court of Cutcherry. I conclude to that nothing is to be considered as having been decided by Justices of peace or by private Arbitration, except where such a decision has been given in writing.—

It has already been stated by the Attorney General (18th February last) that "no Suit should be entertained to "do away the Powers of Administration granted by the Mayors Court to "Natives". I presume the same rule must hold with regard to the Powers of Executorship derived by Natives from the said Court.—

The Attorney General observes at the same time that "Suits may be entertained against Native Administrators" (and therefore of course against Native Executors) "in the same manner as "against other Natives, if the Laws of the Country make no distinction

in

"in this respect."—

As Suits between Natives tho' carried thro' in the Mayor's Court are I understand invariably reversed by the Court of appeals, whether or not entertained or defended in Quality of Executor or Administrator, it follows of Course that the Court of Cutcherry should be, as the Attorney General's Opinion implies, equally open to Native Executors and Administrators as to other Natives.—And so I have always considered it and received causes where one or other Party has appeared in such a quality at the same time. I know not how far the deriving Powers from the Mayor's Court may be considered by it, as subjecting those to whom the Powers are granted, to the control, and even exclusive control, of that Court.—

Again— A Native of any description shall be cast in a Suit in the Cutcherry and his House Sold by its Authority to satisfy the demand.— He shall perhaps soon afterwards suffer Sentence from the Mayor's Court to pay a Claimant who <u>has</u> a right to sue him there (and who may too have instituted his Suit long before) by which the same House may be decreed to be sold.— Whether the Mayor's Court are prepared to respect the prior Sale by order of the Native Court?

On these heads I request information: and as these two instances of the numerous points at which the operations of the Court of Cutcherry may meet those of the Law of England, to gether with the representations made in my letter of

Madras 29th June 1797.

will suffice to satisfy Government that as no circumspection on my part (uninformed especially as I am on Legal questions) can secure me from the possibility of laying open, however innocently, to Legal embarrassment; and as no regulations can be framed so comprehensive and minute as not necessarily to leave something to the understanding and discretion of the Superintendant, I therefore trust the peculiarity of my situation in this respect will excuse my repeating that I take it for granted, that should I in any case, either from the performance of the duty prescribed by, or resulting from the regulations;— or from misapprehension or oversight, be led into <u>Legal</u> difficulty, I shall be borne entirely harmless by my Honorable Employers.—

I have the honor to be

3d Virdarajah Moodeliar, Defendant in Suit (A 122) brought against him by Viesvanada Tauker for Porto Novo Pagodas 6977. 13. 40.

These People will be shortly furnished with Translations of the Proceedings, regarding them, respectively —

In the Regulations, provision is made for the Punishment of Perjury, but none for Forgery; as the prevention of both these Crimes is essential to Justice, I would submit that Forgery be tried and punished in like manner as perjury or perhaps it may be thought proper to refer such cases for prosecution to the Quarter Sessions —

Saturday 29th July 1797

Received the following Letter from Government with an enclosure

To Mr. N. E. Kindersley
Superintendant of the Court of Cutcherry

Sir,

I am directed to furnish you with the enclosed copy of the Attorney Generals opinion upon the doubts proposed in your letter of the 29th Ultimo —

In regard to any legal difficulties which may affect you personally, I am to inform you that having been appointed

appointed by and acting under the authority of the Right Honble President in Council you will most certainly receive the support of Government upon any questions which may arise out of the competency of the Court of Catcherry —

I am
Sir,
Your most obedient Servant
(Signed) Josiah Webbe
Secretary to Government

Fort St George 29th July 1797

To the Right Honble Lord Hobart
President and Governor in Council

My Lord,

In obedience to your Lordship's Commands I have perused the letter addressed to you — by the Superintendant of the Court of Cutcherry under date 29 Ultimo. and have the honor to submit it to you that as the 12th Article of the Regulations has been found, from the want of proper Professors of the Mahomedan and Gentoo laws, not fully to answer the purposes of Justice the alteration suggested by Mr Kindersley may in my opinion be adopted. —

I submit it also to your Lordship that as the institution of that Court is new, and established on an implied power in the late act of Parliament, the Superintendant may be exposed to the action at law of such of the dissatisfied

Suitors

Madras 29th July 1797

Suitors as conceive the Authority for erecting it ought to have been express, and has therefore in my opinion, a fair Claim on this head to the consideration of Government —

In regard to the little attention the Mayors Court may pay to the Decrees of the Cutcherry when they may happen to come in competition with its own, it seems to me a meerly possible case, but should the Sheriff put his seal on property already sold under a Decree of the Cutcherry, the Sufferer may Petition the Mayors Court to have it taken off and if refused may appeal to your Lordship in Council. —

I have only to add that the inferences Mr. Kindersley has drawn from my letter of the 18th of February seem to be correct. —

I have the honor to be
My Lord
Your Lordships most obedient humble Servant

Wrote

Madras 10th October 1797

Wrote the following Letter to Government

To the Right Honble Lord Hobart

President and Governor in Council

Fort St George

My Lord,

At the close of the present Month, the Court of Cutcherry will have been instituted a complete Year, when I had proposed to make my first annual Report on its progress. As however the present dispatch for Europe will probably be closed before the Month expires, and another Opportunity may not soon occur, Your Lordship will probably approve a brief anticipation of the information I should then have to offer on the Subject.

During the eleven Months then that the Court has existed 229 Bills have been filed in it, for the recovery of the aggregate Sum of Pagodas 44,025.23.73. of these Bills 199 to the Amount of Pagodas 31,859.3.28.42. have been heard, tried and finally decided, - Three only of them, have been Appealed; -

The Monthly charge of the Establishment is Pagodas 1015: - The Extra Expences never exceeding five Pagodas per Month, after the first necessary repairs &c. - which altogether cost only 166.18.64. - The Deposits received during these eleven Months amount to Pagodas 9772.33.28. The fees (after allowing 1/3 to the Cutcherry Servants as provided for in the Regulations) to Pag.s 929 - and the fines for non attendance, and other irregularities to -

Pagodas

Pagodas 345 In all Pagodas 11046. 33. 22. which Sum divided in eleven parts, gives about Pagodas 1004 to cover the Monthly charges of about 1020 Pagodas.

I am particularly happy to observe that tho' so many Suits and so large an Amount have been concluded, the number of Debtors confined at any time has seldom exceeded ten; nor does the whole amount due by those now imprisoned, exceed Pagodas 3737. 38. 12. I am no less pleased to add, that the information I have collected confirms, what indeed is probable from the nature of the Case, that the existence of the Court has occasioned the private adjustment of many important disputes of Property, which prudence or Shame has led the Parties to accommodate without recurring to the expence and discredit of a legal contest.

So long therefore as the Court is conducted in a manner calculated to secure the confidence and approbation of the respectable part of the Natives, the advantages of the institution, to their domestic happiness, and to their Prosperity as a Community must be very great.

It may be considered as affording some presumption of its general practice and Tendency being approved, that I have now by me a List of as many Candidates to be heard, as can be brought to issue in a nother Twelve Months; The Bills and Deposits of these Persons I do not receive till their Suits can be begun upon. The proper discharge of the duties of my Assistant / particularly that of attending the examination of Witnesses is

is very material, and Mr Stratton has in every respect acquitted himself so much to my satisfaction and not only so, but to that of the Natives, that I feel it an obligation on me to recommend an increase of his salary. I request also leave to employ a nother English Writer at Ten Pagodas pr Month as the Proceedings are far more voluminous than I expected.

The same reason induces me to take the Liberty to propose that 2/3 instead of 1/3 of the fees should go to the Officers of the Cutcherry, whose allowances are very moderate. The difference during Eleven Months has only been Pagodas 164. 17. 73.

I have the honor to be with great Respect

My Lord,

Your Lordship's most Obedient humble Servant

Sunday the 15th October 1797 -

Wrote the following Letter to Government.

To the Right Honble Lord Hobart
President and Governor in Council &c. &c. -

Fort St. George

My Lord,

I had sometime a go the honor to suggest
to your Lordship in Council, the Propriety of Forgery being punished
in like manner as Perjury, on conviction in the Court of Cutcherry -
Some late occurrences there, induce me to bring the Subject again
before your Lordship, that I may be furnished with your instructions
on

on a matter which will be found of the last importance to the Security and Welfare of the native Inhabitants of Madras.—

A Cause / N.173 Golla Ravanapah Chitty — against Sunkoo Sashachella Chitty / to the amount of Pagodas 25,000 - and upwards, was by mutual consent of the Parties referred to my decision.— The Claim appeared to me Groundless; but in the progress of the trial, the defendant has to my full conviction, been guilty of wilfully uttering a Forgery; but no provision being made in the — Regulations for the punishment of that offence, I have Awarded that he shall suffer such Chastisement as Government may chuse to — inflict.—

When I remark that this Forgery was uttered by the Party to screen himself from a demand, which, after all did not / in my judgement at least / hold good against him; this singular circumstance in the case, indicates an indifference in the perpetration of this crime, which I fear is not peculiar to this Man; and when your Lordship considers of what extreme importance it is, effectually, and at the out set of this new Court, to check a practice, often as — difficult of absolute detection, as it is big with mischief to society; — I am persuaded, the punishment appointed for the commission of it will be exemplary.—

While no disgrace seems too great for this crime, I would at the same time submit to consideration how — far it is advisable that the decision on what involves / more than — fortune / the public Character and fate for life, of a Subject of this

Government

Madras 15th October 1797

Government, ought to be left to native Arbitrators, or as is directed in Cases of Perjury / to the Superintendant, who, even with the best — intentions, may pass an erroneous judgement, which must be either injurious to the community at large, or fatal to an innocent individual.—

It may therefore be proper to consider whether charges of Perjury and Forgery may not altogether be separated — from Civil Causes, as I believe is the case in English Courts and be referred to the Criminal Court of Madras.— If however they are to come under the Cognizance of the Cutcherry, it will be necessary that the mode of trial be determined; and on this point, as the trial of — criminal Suits does not seem properly matter of Arbitration and as their decision by the sole voice of the Superintent would not only add — much to his Labors and be invidious and but sometimes perhaps prove dangerous, I would submit whether charges of Forgery and perjury may not with advantage be tried by a Sort of Native — Jury selected by the Superintendant of whom the Accused might — challenge a proportion perhaps 5 out of ten.— This decision appealable to the Governor in Council in their Capacity of Court of Appeals from that of the Cutcherry.— In this case I would recommend that the same deposit be made on trials for this crime, as on the previous Suits whence they originate, as otherwise the time of the Court will be occupied, ——— without a return for the expences attending it.—

I have requested the orders of Government on this Subject more particularly now, because in a recent Suit — (N.174 Condaliah against Vencataramiah / for 34,000 Pagodas tried by

by Arbitration; the Arbitrators have pronounced on a document produced by the Defendant / towards annihilating the demand, and establishing a counter-Claim of not less than Pagodas 87000) that it is a Forgery, and they refer the matter as such, to the Court, in their Award. The size of the Sums contested in both the Suits I have mentioned, will prove the peculiar importance of the Subject.—

I have the honor to be with much respect
My Lord,
Your Lordships' most obedient
humble Servant—

Sir,

I am directed by the Right Honble the President in Council to acknowledge the Receipt of your annual Report of the proceedings of the Court of Cutcherry, dated the 16th Instant. —

Aware as the Right Honble the President is, of the difficulty of discharging the important functions of this responsible trust — of the temper, the integrity, the impartiality and the Capacity which must combine, — to conciliate the Confidence, and to encounter the Chicanery of the Natives, he cannot but accord you his perfect approbation of your Conduct; —

The President in Council also derives much additional Satisfaction, in remarking that the institution of the Court has hitherto answered his most sanguine — expectations, in regard to the effects likely to accrue from it, —

to

Secretary to Government

Sir,

I have had the honor duely to receive your letter of the 25th November, enclosing the new Regulations for the trial of Forgery and Perjury — I have now on this head only to request to know whether the two Awards mentioned in my letter of the 15th October (viz: the Award of Arbitration in the Suit No 184 of Condaliah against Vencataramyah and my Award in No 173 the Suit of Colla Ravanapah Chitty against Sunco Sashachella Chitty, in both of which Awards the Defendants are charged with uttering Forgery) are to be considered as efficient only as to the Sums decided by them, and the question of Forgery open to trial in the newly prescribed mode, or if those Awards are to be deemed as decisive on that latter head also and therefore leaving both points now only refer able to the Court of Native appeal, whether indeed one is carried and the other is going —

The Papers in the Suit appealed are so Voluminous that I adopted the plan of having them translated by different able Natives and after revision by myself submitted to the inspection of the Parties concerned in order to their being satisfied of their fidelity previous to their being delivered to the Clerk of appeal —

One

Madras 22.d December 1797.

One further Circumstance yet remains to be brought before Government, the 27.th Article of the Regulations declares that "all "appeals from the decision of the Superintendant or of sworn Arbitrators "shall be dismissed with costs, except full proof be made to the Satis-"faction of the Court by the oaths of two credible Witnesses that the "Arbitrators or Superintendant or the Native Officers of the Court of Cutchery, "have been guilty of Corruption or of gross partiality or neglect in the "Cause so appealed" This Regulation excludes redress in Cases where decisions may appear to the Court of Native appeal as arising from error of Judgement; and it will I humbly conceive be found to deserve the very serious consideration of Government whether in a Court where Suits to so large an Amount as 3 or 4 Lacs per annum are judged, it may or may not be, upon the whole, advisable to admit the setting aside decrees appearing to originate from error of Judgement; especially as many Awards are passed on the opinion of a Single man, the Superintendant, who without any necessary general impeachment even of his understanding, may sometimes be found wrong in his decisions, at any rate it is material to the Character of those who pass the Award, that this point should be clearly understood; and if the Regulation be not altered, that it should be kept in particular recollection by the Members of the Court of Native appeals.

I have the honor to be
Sir,
Your most Obedient Servant
Signed N. C. Kindersley
Superintendant of the Court of Cutcherry

In Council —

Honble Sir

In obedience to your Commands I have perused the Letter to the late President from his Excellency the Rajah of Tanjore, under date the 1st Ultimo and have the honor to offer it as my opinion that such of his Excellency's Servants as have been received and acknowledged by this Government as his Vakeels are in no wise to the Jurisdiction of the Court of Cutcherry, or of the Mayor's Court; but that such as are employed merely as Agents, and in the Management of his private affairs without being vested with any public character, are not under any particular protection of the law of nations. I have also the honor to submit it as my opinion that though a Vakeel, or Embassador, is by this law exempt from the Jurisdiction of our Courts, he is not excluded from the right enjoyed by every alien in amity with us, of bringing actions for the recovery of money or other purposes; but as no Civil process will be against him, the course of proceeding is to oblige him at the commencement of the Suit, to give security

Sir,

I request you will inform the Honble the Governor in Council that on a decree issued by the Court of Cutcherry against Abdul Cawder Cawn Bahawder for a Sum of Money appearing due by him, a Notice was affixed to a House in the Black town said to be his, of its eventual Sale to satisfy the Debt, a Claim to the exclusive property in the House was then set up by the Younger Brother of Abdul Cawder by name Nauser Mahomed Cawn Bahawder tho' the title deeds appear in the name of the lately deceased Mother. The proof however was promised to be produced to me by his Vackeel, who had at my first hearing him failed to estab lish his assertion required by me; instead of attending at the time, and agreed on by him, I find the Notice of the Court torn down and another affixed of which the enclosed is translate. The act and the paper speak for themselves, I have desired

Josiah Webbe Esquire

Secretary to Government

Sir,

In consequence of the Opinion of the Attorney General, that it would be adviseable in the two great Suits of Condaliah against Venkataramiah, and of Golla Ravanapah Chitty against Sunk Sashachella Chitty, to have the question of Forgery (asserted by the Arbitrators in each of them) tried, previous to the decision on the appeal made by the Defendant, I desired the Complainants to file Bills for the purpose; — This was done reluctantly by the latter — but Condaliah has objected on the ground of his Adversary being dead and incapable of receiving the punishment prescribed in case of Conviction; while if the new Arbitrators should not find the forgery, he dreads the consequence, as in a recent cause of his against another person for perjury, the Defendant has been acquitted, as he asserts, most unjustly, and as far as I can judge, who have not had to decide on the point, I fear his assertion may not be — without foundation; as both their Causes are of very great magnitude I have thought it my duty to submit to you Condaliah's Petition and [illegible] to the Honble the Governor, that it may be decided whether these

Sir

I think it necessary to request you will be pleased to report to the Honble the Governor in Council that Condaliah (in the Suit between him and Vencataramiah) still persists for the reasons mentioned in his late Petition to the Governor in declining to proceed in the trial of the question between them of Forgery — according to the mode prescribed — I have accordingly issued a Warrant of arrest against his person for this Contempt of Court, — and I submit how far it might be proper, if he persevere in this — conduct to deprive him of the benefit of the Decree in his favor by rendering all the proceedings in the suit null, leaving him to seek redress where he may be more disposed to respect the authority of the Court to which he may chuse to address himself — I do not however know how far this would be acceptable to the opposite party who may perhaps rather desire to have the benefit of the appeal Vencataramiah had made from the Decree of the Cutcherry —

Josiah Webbe Esquire

Secretary to Government

Sir,

I have the honor to enclose No 1 Abstract Proceedings of the Court of Cutcherry for April, No 2 List of Suits Determined, and No 3 List of Suits pending—

I take this opportunity of informing the Honble the Governor in Council that Condaliah after my issuing a Warrant against him as before reported by me consented to bring forward his charge against Vincataramyah for Forgery; When the time however arrived for him to file his Bill for that purpose, he represented that a Warrant from the Mayors Court in some other Cause was out against him, and requested in consequence time to raise the means to pay the Deposit required by the Regulations. Finding the circumstance of the Mayor's Court Warrant true, I offered to accept Security for the Deposit (about 300 Pagodas) but I declined receiving the Bill without this or the money, as his Adversary's Representative objected to any deviation from the Rules of the Court. I therefore judged it proper to renew my warrant, but as this may not under his present Embarassment have any effect, I presume in this case that the matter must end, in the whole proceedings held in this Suit

Suit being rendered null, and the parties left severally to seek redress elsewhere.

In consequence of the obstructions to the regular Exercise of the powers of this Court of Cutcherry and arising from the universal opinion that the late Act of Parliament will supercede its authority, and chiefly as this prospect by inducing Appeals would only be productive of vexations to the parties coming before the Court without increasing the funds of the Establishment should those Appeals not be finally decided on by Government I have of late declined receiving more Bills of Complaint and confine myself to bringing those on hand to early Settlement in order the better to purpose for the eventual dissolution of the Court. From the Motives abovementioned I have postponed with a view of dropping altogether, two or three Suits arising apparently from peculiar malignity in the Parties and likely to be attended, if entered upon with particular difficulty. In all this Month I expect nearly to close the whole Business of the Court.

I have the honor to be

The Governor in Council also approves your declining to receive any more Bills of Complaints, under the idea that the new Charter of justice will put a period to the proceedings of the Court Cutcherry; and he desires that you will endeavour to bring the Business now before you to an early close, in order that the Court may be dissolved on the last day of this Month, on which the expences of the establishment are to cease.

Secretary to Government

Sir,

Conformably to your letter of the 17th Instant I shall close the Proceedings of the Court of Cutcherry on the 31st of this Moth: as soon after which as possible I propose to make a final report of the whole. In the mean while however I take it for granted that I am to bring to final execution those unappealed Decrees which are not yet wholly put into effect owing to the time limitted for payment not being yet expired or to some other semular Causes. I presume too that those Debtors who are in Confinement in consequence of Decrees against them (only 16 or 17 out of about 320 Suits) are to remain in the Custody of the Daroga till they have fulfilled the Awards against them. In this case, it will be necessary that a small Establishment be kept up for the pay of the Daroga and Register, and of a proper place for the Confinement of the Prisoners. all which may be done within 100 Pagodas per Month and which I should consider it my duty to continue to superintend till the whole is brought to final issue.

If the Prisoners remain in Custody I would request permission to enlarge at discretion those who can find

Charles Baker Esquire

Clerk to the Court of Appeal

Sir

I take leave to enclose you the following Petitions of Appeal -

№1 Abdul Cawder against Hussein Saib & Dany Boye

№2 Sunkoo Chinna Kistnama Chitty against Colla Ravanapah Chitty

№3 Munnevahum Ramasawmy Moodily against Mr Tenvengada Moodily.

№4 (A and B) - A Petition and Letter to myself dated 28th March 1798, from Tayapah Mondihar in the Suit against him by Letchoomanah -

I must observe that tho' the Regulations require a Petition of Appeal to be lodged within 14 days after passing a Decree, yet in the hope (and sometimes successfully) of the Parties accommodating, I have ordinarily been satisfied with the appellants given written Notice, within the 14 days of their intention to Appeal, and not required the Appeal itself to be lodged for a reasonable time afterwards -

Latterly however as the Court was drawing to a close, I gave public Notice that all intentions of appealing which had been announced to me, must be put in Execution within 14 days from the date of that Notice -

All those mentioned above except the first have more or less failed in observing this Notice - but the excuse of Chinna Kistnama Chitty that he was absent as a Prisoner at Canjeveram and thence ignorant of the Notice, seems admissible. That of Mr Ramasawmy Moodily who did not -

must

much exceed the time prescribed and who pleaded want of materials may perhaps also be accepted by the Honble Governor in Council, and therefore till his pleasure is known, I have suspended the Execution of the Decrees in this two Suits.—

Of Tayapah's Case who is cast for a bout 34000 Pagodas, I must say that he gave due Notice of his intention; yet more than two Months afterwards when I required all Petitions of appeal, to be rendered within 14 days more, instead of complying he produced only this Petitions and Letter to myself.- Another two Months have now elapsed, and I have not yet heard of his Petition of Appeal, His Adversary on sending Tayapah desired to appeal, chose to appeal likewise, and his Petitions you already have, it is this appeal lodged after the Notice of the Tayapah, which is referred to in his accompanying Letter to me as irregular. Whether in consideration of the Magnitude of the Sum at State the charge being for above Pags 62,000 it may be proper to receive his so long delayed Appeal, or perhaps rather to require his Answer to that of his Adversary, is for the determination of Government.—

Clerk to the Honble Court of Native Appeals

Sir

I beg leave to enclose you the following Appeals, some of which have been a considerable time on hand, but which it escaped my recollection to forward with the rest.

No 1. Appeal of Paulagerry Condaliah against Sulla Kistna Iyer.

No 2 Do. Ambadypoody Alamalummah against Gouramah.

No 7 Powney Narrain Pillay against Chittivay Pillay.

Having in my last enclosed a short address to myself covering one of the Honble Court of Native Appeals, from Tyapah Moodily on the subject of his Appeal in the causes against Letchoomah, I could not decline receiving and troubleing the Court with

No 8 An address and Petition from his Adversary the said Letchoomah.

The Defendants in Appeals, being many of them undo-ers (as indeed I was) of any limitted period for giving in

Answers to appeals, and others also suspecting that it may be resolved not to hear them, at all, having avoided taking out Copies.- This I presume, will not prevent (when this last question of hearing Native Appeals is decided) their being allowed a reasonable time, to deliver in their defences.

Friday the 20th July 1798

Wrote the following letter to Government

To the Honble Lieutenant General Harris

President and Governor in Council

Fort St George

Honble Sir

I have the honor to enclose (No 1) Abstract proceedings of the Court of Cutcherry for May and June (No 2) List of Causes determined since 1st May last (No 3) List of Suits remaining undecided.

Of the four undecided Causes, three have been purposely postponed by me for the reasons mentioned in my letter of the 11th May last, namely, that they appeared to originate in malice, or to be attended with difficulties peculiarly aggravated by the then approaching dissolution of the Court of Cutcherry.- Both these objections occurred to the two first Suits (No 287 and 301), both being the complicated result of the inveterate enmity of two Brothers.-

The

Madras 20th July 1798

The reason of the Cause N° 515 (Colla Ravanapah Chitty against Sunkoo Sashachella Chitty and others) not being concluded is that the Arbitrators appointed to determine the Question of forgery being (as well the Natives are) particularly averse to decide ~~on~~ [illegible] points; and expecting to a speedy abolition of the powers of the Court, had proposely withdrawn themselves from the limits of its Junction or concealed themselves in it. I therefore was obliged to name twelve persons from among the croud who happened to be present at an open Court, meaning to detain the four of them whom the Defendants should select till they give an Award. Sunkoo Sashachella, the principal defendant, however, positively refused to select any, without further time to consider the names, when my object would have been defeated by the flight or pretended sickness of some of the Arbitrators till my authority should cease. It remains therefore when Government take up the Native appeals to consider whether this refusal should prevent their coming to decision on the cause already appealed by the said Sunkoo Sashachella Chitty previously to the formation of the recent Regulations for trying the distinct question of Forgery and if no Native appeals shall be heard, whether at least the expense of the Deposits should not fall on him for his contumacy rather than be returned (to the prosecutor) by the Court.

I take leave to enclose (Marked A) an Abstract of the whole receipts and disbursements of the Court of Cutcherry from its first institution to this time, with accounts particular of the Items N° 1 to 10. The receipts for the last few Months have not equalled the expences of Establishment, chiefly because the Court has been employed

Madras 20th July 1798

employed of late in bringing to a conclution the Suits on hand; and as continuing to receive deposits for more Suits, when the institution was closing, would have been fruitless in itself as well as vexations to the Parties. For the small disbursments for repairs cots ₹ in N° 5 and 6 (in all Pagodas 80.14.20.) I request your Sanction.

The paper Marked B is a List of those [illegible] which though decided are not yet brought to final execution, [illegible] because the parties are unable to pay and therefore in confinement liable to it; or because the periods for the total execution [illegible] rds have not wholly expired: Of the Debtors whom these [illegible] are to have actual Confinement the number will [illegible] gradually [illegible] complete adjustment. The total amount of [illegible] ettled (those appealed accepted) is trifling compared [illegible] st sued for in the Court viz: about Seven Lacks [illegible] ten Months.

The paper C is List of Suits appealed, on [illegible] ided the deposits on them must of course be returned, [illegible] all former proceedings on them in the Cutcherry.

The present Establishment for the Debtors Jail, [illegible] of the Darogas Duty and for completing the proceedings [illegible] ave (as per paper D) confined Pagodas 100 per Month, [illegible] by Government under date the 26th May 1798.

I am sincerely of opinion that the beneficial objects [illegible] have been very extensively felt in its effects and are

Institution, but I trust it will appear Sunkoo Sashachella,
from the very letter of the Regulations, so by refused to select any,

I am sorry to add (what however I consider it my

but especially of its European Inhabitants) that I have generally
found among the Natives, an indifference to truth and Justice,
and even to the crimes of perjury and forgery the more alarming as
