Mr Henry Dalby as Proctor to the Opponent
Richard Orford Esqr and the Witness
to present Letters of Administration pending the
Suit to the Estate and Effects of the said Charles

Benjamin Birchall Esqr the other Opponent
Claiming Himself right to have Letters of

Opponent on Oath saying that the Worth

the said Henry Dalby as Proctor for the

...how now this Opponent by his Letters and Proxy doth and exhibits
to all intents and purposes in the Law whatsoever will alledge and say that the
said Benjamin Birchall hath no Right or Title to have Letters of Administration
to the Estate and Effects of the said Charles Bromley and the Will annexed or
unadministered by the said Elizabeth Bromley for the Reasons hereafter mentioned

First

Because as there is one person of Right to the
of Administration to the Estate
that the Opponent

Bromley in the nearest and closest intimate Confidence with the said Deceased
until the day of his death which happened some time in the month of May One
Thousand Seven hundred and Eighty Seven which mutual friendship and Confidence
this Opponent saith did Commence and was increasing from the time of this
Opponents arrival in London which was in the year one Thousand Seven hundred
and Eighty two untill the said Time that the deceased died — and this Opponent
Sheweth that the said Deceased Charles Bromley did at request of this Opponent
as a mark of the Confidence that he the deceased had in his friendship integrity that
he this Opponent would be only God father at the Baptism of one of his Children
Born in his Life time To Wit to Laura Bromley, and this Opponent saith that
the said Charles Bromley did on many other and frequent instances only on
the friendship of this Opponent in his Life time and untill the time of his
death in a manner more intimately than he shewed and testified to any other person
which are fully well Known and which this Opponent is ready and willing to prove

Secondly — Because this Opponents right to have Letters of Administration to the said Estate
as aforesaid being thus incontestable the same ought not to have him contested by
the Opponent who was barely acquainted with the deceased Charles Bromley and him
whom there never was any friendship and Confidential intimacy existing — and this
Opponent saith that the Opponent having obtained and now Having possession of the
Estate and Effects of the said Charles Bromley unadministered by the said Elizabeth
Bromley will give him an Legal title to withold the same nor doth it give him
any Title to have Letters of Administration thereto notwithstanding he hath given out
that he took possession thereof at the decease of the said Elizabeth Bromley — which
this Opponent saith will not give him any Title without that such declarations of
her desire were duly Committed to Writing so as to enable the same the Last

of this Opponent was on the twenty fifth day of this present October file his
allegations in this Worth Court and this Opponent in answer to the said allegations
and to the several Charges therein and thereby alleged and pretended says that he
hath good and sufficient right and title to have Letters of administration granted to
him of the Estate and Effects of the said Charles Bromley deceased with the Will
annexed whereunto he by the said Elizabeth Bromley executrix named in
the said proponent to the Contrary and to the fact of which Matters this Opponent says

That it can not appear by the Will — of the said Charles Bromley
deceased that the proponent hath in the smallest or any degree of Kindred with the said
deceased Charles Bromley or that he was in the most ordinary or any Confidence with
him for the space of the proponent does not attempt or pretend to the said Deceased
Hence any other Expression or mentioned although it appears that the said Will was executed
some time subsequent to the Baptism of Charles Bromley to whom the proponent pretends to be
sole Heir and this Opponent says and pretends both of Kindred and otherwise
Confidence does not appear from the proponent having ever seen the Letter to one of the Executors
of the said deceased Charles Bromley known of personally except that once upon
an occasion to wait on as messenger except that she was sent and formerly
one Confidence appear from the Counsel of the Proponent towards the said Elizabeth
Bromley during her last Illness for although she was in a dangerous State and
languishing Condition for several months previous to her Decease yet the Proponent
never came to the House to make any enquiries as to the cause and the condition of the
deceased nor to the Office employed to be taken to secure the Effects of the said
deceased Charles Bromley

In the Second Place

Proponent came to Jersey that is to say in the year of our Lord one Thousand Seven hundred
and Seventy Six and this Opponent did always employ the said Charles Bromley as
his Sole Law attorney in his own Business and did always recommend Him to his
Friends and Connexions from which Recommendations the said Charles Bromley
hopeless Succeeded so that the assertion of the proponent is incorrect when he says
that this Opponent was barely acquainted with the said deceased Charles Bromley — and
this Opponent says he is advised that the Proponent has departed from the true intent and
meaning of allegations and instead of showing a proponable right to Letters of Administration
to the Estate of the said Deceased Charles Bromley with the Will annexed has gone into
Circumstances matter altogether important and unnecessary and such as ought not have been the
Subject of Argument much less Set forth just or any portion on the Part of the Proponent
to Letters of Administration to the Estate of the said Deceased —

And this Opponent says it has been shown on his part that he has
lived in Friendship with the said Deceased since the year of our Lord one Thousand
Seven hundred and Seventy Six and this Opponent in addition thereto says to State
that Subsequent to the death of the said Charles Bromley he has had the arrangement
of the affairs belonging to his Estate committed to his care by the said Elizabeth Bromley
during her life time and who ordered Special trust and Confidence in this Opponent and
order in his Discourse thereon for the mutual advantage of herself and her Children the
sister Legatees in the Will of the said Deceased Charles Bromley deceased and this
Opponent has proven evidence of Friendship to the said deceased and Regard for the
Family Part such Endeavours to the utmost of his power and did accordingly attend
Elizabeth Bromley and to the interest of her Estate and did constantly

The Answer of John Floyd Lieutenant Colonel in His Majesties Service Commanding the Regiment of Light Dragoons to the Petition of Benjamin Roebuck Esqr. Lower Merchant in the Service of the North East Fur Company under the Hudsons Bay Company

The said Respondent saith he is aware that the Petitioner hath not sworn by his Petition or by his Affidavit and that it doth not appear by the Affidavit of William Rose or by that of Hannah Turnor whereby he the said Petitioner in support of the said Petition and Affidavit that the Facts and Complaints which the Petitioner praises Elizabeth Bromley late of Fort St. George Widow and Relict of Charles Bromley late one of the Factors of the Honble Court exposed in the Power and custody of the Petitioner during her last illness or at any time previous to her decease which took place on the sixth day of this present month of November were such as he ought, nor doth this Respondent know, that it was the intention of the Deceased Elizabeth Bromley that he the said Petitioner should have the care and Charge of her infant Children Laura Maria Bromley and Eliza Bromley — Nor doth this Respondent admit that the pretended act of the Petitioner having most Solemnly promised in Compliance with the intent of the said Elizabeth Bromley who as she gave him any legal Claim or Title to have the Guardianship of the said Laura Maria Bromley and Eliza Bromley during their minority during the pleasure of this

23

and ineffectual in Law and otherwise and consequently cannot operate in the Law to give the Petitioner the authority claimed by him under the said Declarations of the Guardianship of the said Children during their minority or during any part thereof

The Affidavit of the said Petitioner Benjamin Roebuck as this Respondent is advised very imperfect as to the intentions of a person about to express so tender a trust as that of the care and Charge of her Children in the last moments of her life and the said Affidavit doth itself express that she was aware of the Sincerity of the Petitioners promises that he would faithfully perform that Sacred office by saying that he would Swear in a Solemn manner that he would as an Affidavit doth not show that he did...

The Affidavit of William Rose as this Respondent is advised goes to declare that the Deceased during her last illness did frequently declare that she desired the Petitioner to take Charge and Care of her Children Laura Maria Bromley and Eliza Bromley and particularly on the sixth day of the present month of November she expressly declared to him that she had requested the Petitioner to take Charge of her Children meaning the said Laura Maria Bromley and Eliza Bromley and he goes on to declare that he firmly believes from the Confidence placed by the said Deceased in the Petitioner that it was her Will and earnest desire that he should have the entire Care and Guardianship of her said Children...

This Respondent saith that he is aware that the said Affidavit is also very imperfect as to the intention and meaning of the Deceased that the Petitioner should have the Guardianship of her said Children after her decease except that such intention and meaning are supplied and explained by the belief of the said William

The Affidavit of Richard Terrill as to a Conversation that he had with the Deceased during her last Illness and about the day of her death that she had been Confined Frequently within that she knew She had left the Care of her Children—Sister Mary Bromley and Elizabeth Bromley to Engross Minutes of Instructions Drawn that particularly on the Sixth Day of the Present month of November after Dinner Desired the Deponent to inform the said Deponent that she had given the care and Charge of her Children to the said Benjamin Knight and that he was to have the care of them—and desired Deponent to Write on Board to Inform that he should have the Care and Charge of them after her decease—The Deponent further said that the Deceased during the last Illness and particularly since the time of her death she apprehends was neglectful and paid little Confidence to the said Petitioner—

The Respondent begs to observe that the last Deponent appears to be a Christian person in the Language of the Country that he answers the same and he may be supposed to understand what the Deceased might say and could [illegible] more, than what the said the Deceased did say—The originality of which cannot be [illegible] against the Respondent and will be observed by this Honble Court—

The Respondent hath been advised to insist that affidavits as made that this Honble Court may at one view comprehend the Meaning and intendment of them for the purpose for which they are designed—and that every material part of the Deceased

And this Respondent saith that he may with truth declare that he did stand in this relation of Confidence and friendship with the said Charles Bromley and the Deceased until the hour of his death and that he hath made it a duty since that period to exert his utmost in serving and assisting the Deceased Elizabeth Bromley in the management of the affairs of her late Husband—That the Deceased Elizabeth Bromley had the utmost Confidence in this Respondent and did not act in any material matter relating the Estate of her said Husband without Consulting him and she constantly expressed herself in terms of gratitude and obligation to him for his care and attention shewn towards her and particularly for his affectionate attention towards the Infants the Grievances of whom is now claimed by the Petitioner—And this Respondent saith that he hath been informed and hath reason to believe that the Deceased Elizabeth Bromley sat in her last Illness and upright herself much concerned and to be very uneasy that this Respondent was absent from her and that she had no other person to take care of her Children and property in the Event of her death—And this Respondent saith that has he known that the Deceased had been so much the person of her Choice that he would certainly have come to Worcester to offer her the last Services he could do of to her, In Hot that of taking care of her Children and property according to her aforesaid desire or order that they might be sent to Knight to the care of their Testamentary Guardians appointed by the Will of the said Charles Bromley—and this Respondent has Continues the same unremitting attention to the Welfare of the Deceased's children as he was before her death—This Respondent saith that he received a Letter from the said Elizabeth Bromley which came to hand at Christmas on the Twenty ninth or Thirtieth day of [illegible] last about one or Two days before her death which was written in the Life

mention of them out of the Will — and the Letter they wrote in a week before
their arrival — The Respondent saith to James Anderson Physician Edinburgh mentioning the
said Letter he had received from the Deceased acquainting him of her illness and requesting his opinion
and also whether she was Capable to execute her Power and to appoint her Trustees
taking care of no answers to that Effect — and this Respondent saith that he received an answer
from the said James Anderson in Writing which did not give him any reason to believe that
she was in immediate danger or Dying of which Letter or Letters answer or Letters he craves
the Inspection of this Honble Court when this Respondent prays may be considered as part of
this his answer the Original whereof being in this Respondents possession and ready to be
produced when called for —

And this Respondent saith that the Deceased could not
have assigned her reasons for the Children to any person but to the Petitioner and the said William
Hamilton the said Hannah Ferrall however there were no other persons or persons present as
he hath been informed and doth believe — and also that the said Petitioner then supplied the
Control of her House for some Weeks before the Death during all which time she was in
weak and languishing Condition This Respondent saith also that the Deceased
Servants some of whom had served many years in the Family had been discharged and the
Petitioners own Servants had been placed in their room some time before the death of the
the Deceased and her Children — and this Respondent saith that on Eighteen Months
married Mrs Grenell Wife of Charles Grenell who had formerly served the Deceased
and for some years before had regularly attended her in her several Sickness and who had
left her without any remarks of displeasure or Reproachment on the part of the Deceased
was next permitted to see the Deceased

and Hannah Ferrall places in her Sick room a month before the second time — and this
Respondent saith that he hopes to make it appear that the Deceased when in Health and had
intentions of going to Europe had determined to leave the Charge and management of the unfortunate
Child of the said Charles Bromley with him — and the Deceased as a preparatory Step thereto
sent this Respondent an Inventory and Statements of the Account thereof drawn out by
Charles Dowie of Messrs Marchant and Signed by Herself — and that there cannot be stronger
but that this Respondent was the only person to whom the Deceased could in Contemplation
of Death, if in Compleat possession of her senses have Committed the Charge of her Children
for the purpose afore alleged to by this Respondent from the Experience and Conviction she
had of his invariable Friendship and attachment to her Family and particularly for his —
affection to her said two Children —

And this Respondent saith that he believes that the Deceased could not
positively assign for acting to the Petitioner or to any other person on her last moments, and —
under the Circumstances before Set forth that the Petitioner should have the Guardianship
of the said Children during their minority — Because she knew that that Trust had among
her delegates by the said Charles Bromley to the Executors and Executrices of his last Will and
Testament on which she the Deceased was in her life time — and she could also have known that
as that Trust on his part could cease by his death that she could not delegate it to another in
opposition to the appointment of her deceased Husbands Will but that the Trust and Guardianship
for her Children would accordingly to the said Will continue in the surviving Executors and —
Executrices, and that they should execute that office and Trust towards the Children in particular
in the same manner as they had before done and were Entrusted to do as this Respondent
is informed and believeth towards the other Children in Europe —

This Respondent therefore saith that he is desirous the Petitioners prayer
to have the Guardianship of their Children and the Allowance prayed to Support them

that she had been in Compleat possession of her understanding and in the uncontrolled exercise
of her Will at the time that it is said that she made the Declarations in the said Petition and
Instruments Contained which it will not appear by any of them that she was—

And this Respondent doth verily believe that if the said Deceased had been
in full possession of her senses at the time that it is said that she did execute the Petition &
take Care of her Children that her real intention and meaning by so doing was only for
other purposes and ought then that he should act as such they ought to be allowed to the sole
and Charge of this Respondent in whom the deceased confidently confided for their protection
until they arrive to Years to take their Testamentary Guardians—

And this Respondent saith that the Petitioner himself was so well convinced of
this Confidence that the deceased Elizabeth Bromley had in him and of the interest that
Respondent had in the Concern of the Family that he immediately on the day of the death
informed this Respondent thereof by Letter wrote to this Respondent at Charleston
with the Petitioner had not often occasion to have the compleat Will of the deceased
both already he might have of none this Respondent an Opportunity of doing somewhat
to her—

And this Respondent further saith that he was a Stranger a few days after
the death of the said Elizabeth Bromley was on his arrival found the Petitioner having
the Custody of the said two Children who he had removed from the Lawful house
of the deceased to the Ufe from one of the Sons which as they had cost from the age
of their Births been accustomed to make not fast Residence as this Respondent
conceives, an unfavourable alteration in their health and this Respondent was thought
with the sole view to the benefit accruing and Profit
to the Petitioner to Continue

with by the Petitioner to the great astonishment and regret of this Respondent as this
Respondent could have no Ends to answer thereby than the gratification of a certain feeling of
affection for these Infants on their own account as well as on account of his Regard and
Friendship for their deceased parents—

And this Respondent saith that being willing to become as far serviceable to the
family and Children of his deceased Friends as might be in his power he did after his arrival at
Madeira to Wit on or about the fifteenth day of this present month of November file Caveats
to the applications that had been made by the Petitioner for Letters of Administration to the
Estate and Effects of the said Charles Bromley and also of Elizabeth Bromley— and
this Respondent doth saith that he did thereafter To Wit on or about the Twenty fourth
day of the said month propose to the Petitioner in Writing that an Inventory of the
Effects found in the possession of the said Elizabeth Bromley at the time of her death
should be taken That the Petitioner did on the same day assent and agree to such your
Respondents voluntary and explicit proposal and did appoint the following day for that purpose
as may appear by Copy of the Respondents said Letter hereunto annexed No 2— the Original
being in this Respondents possession ready to be produced when properly called for—

That agreeably to such agreement next ensuing of the Petitioner to take the said
Inventory this Respondent did apply to Anthony to attend at the house wherein the deceased died
to take an Inventory of the Effects found therein at the time of her death But this
Respondent saith that to his great astonishment the Petitioner instead continuing on and completing
the just and fair intentions he had shown in his aforesaid Letter of attending an Inventory to be
taken which this Respondent considered and is advised he could not in conscience explain at the
repeated Instance of this Respondent who by having filed Caveats to the Petitioners applications
for Letters of Administration as aforesaid became a legal Competitor with him for those
Effects— nevertheless the said Petitioner instead of attending an Inventory to be taken at the

Letter to the Respondent requiring to attend this Respondent to make the Inventory and Appraisement not to take an Inventory of the Effects of the deceased as appears by Copy of the said Letter hereunto annexed this Respondent submits that the said Petitioner ought to be present when properly called for.

This Respondent saith that he is informed that the said Petitioner is about to be present at the taking an Inventory of the said Effects by himself or by some person on his behalf, a very illegal and that of the deceased both under any declaration contrary to the interest of the property found in her possession at the time of her decease or some of the Effects which is deemed to be a Theft which is an arbitrary offence by the Petitioner as the said attorneys Letter and to which Effect and purport this Respondent doth here referr to. That such Declarations ought to have been published and made known in this Honble Court in order that they might be able to determine whether the deceased was or was not entitled to otherwise — and that if any declarations were made by the deceased that the Petitioner should have the possession of the Goods and Effects after her death, he answers that the same ought to have been made in the presence of the persons who have appear that he should have the Care of the Children and in Case she did not make such declaration this Respondent submits that the whole of such matters relating to the deceased respecting the said Effects proceeds to such at the time of her death, should have been agreed to by the said persons as well as the other matters by them agreed — because if any part is omitted it might hereafter be discovered to be a Suppression of such part by which the first intention of the deceased and Petitioner both given not that the Declarations might be known to be a Combination of said Conspirators upon the whole the Effects of the deceased ought

Instance that she did so in the other also. Consequently the possession of the deceased Goods and Effects cannot be Claimed a Right in the case. Letter and which he unwarrantably declares a determination to maintain as by him unlawfully maintained. Because if the deceased died intestate the Right of possession is vested in this Honble Court in their Capacity of Kings Ordinary and the possession kept thereof by the deceased is itself presumption and his refusal to allow of this Respondent to take an Inventory of the deceased Effects argues a Concealment of an unjustifiable appearance as this Respondent did not only require the same in the Right of a Competitor and Opponent but also with a view to the benefit and advantage of the Infant Children of his deceased Friends.

And this Respondent saith that he hath thought proper to set forth the refusal of the Petitioner to allow him to take an Inventory as aforesaid of the deceased Effects to the intent that the Petitioner in offering so reasonable and necessary appropriate for the ultimate benefit of the Children and that he can be influenced by any improper motive towards the said Children by refusing to allow of this Respondent to have the care and Charge of them till they can be sent to Europe to their Testamentary Guardians because this Respondent cannot have any doubt of the Sincerity of this Respondents affection and regard for them, of which he has at all times shewn the utmost disinterested Testimony from their earliest Infancy.

And this Respondent hopes that this Honble Court will be of Opinion that the Objections made by him to the said Petitioner having the Guardianship of the said Children and the Cause by him shewn against the same in this his Answer will be deemed sufficient and sufficient to overrule the said Petition. And this Respondent therefore prays that this Honble Court will be pleased upon the Premises of the several Facts and Circumstances in the said Answer contained supported by the accompanying Affidavits of Charles Dirth Sarah Fennell and Jonathan Pearson to assuage that this Respondent

I am just favoured with your Letter of the 21st inst. signifying that the Secretary was desired by the Duke of Newcastle to send to me the Depositions for the Information which you Conceive may be had of Mrs Bromley from them but I am sorry to find Sir entertains so high opinion of the Letter and Postscript to Mrs Bromley as to think they have any Tendency to the Discovery of the Author of the Letter which I am satisfied they have not for the reasons that may be to the contrary of the persons most concerned you have shewn Mrs Bromley and her family every possible Civility & as strongly attached to them as human nature can be for which you have great obligations to you as they should

The second reason not being clear reasons in which you have stated the Case of the property is reasonably ask on your part and most satisfactory to Mrs Bromley and her family

That the said Elizabeth Bromley was at all times since she this Deponent had known was attached her affections towards the said John Floyd and in her last Voyage of the highest esteem and Confidence in the said John Floyd and in her last Illness often declared to the said Elizabeth Bromley and frequently say that if the said John Floyd had been with her that she would be better attended. It would not be as it was as if she thereby thought that she should be better attended after his Interment than she was in his absence. The said Deponent further saith that she never heard the said Elizabeth Bromley mention the said John Floyd with the smallest ill humour or ungentleness. The said Deponent further saith that during the time she attended the [illegible] and September

That she came down to Madras in July aforesaid from Chinsurah to attend the Deceased Elizabeth Bromley at the particular request and desire of the said John Floyd who desired her also to remain with the Deceased till her recovery. the Deceased that she the Deponent was in the House that after the said Depont
Rowe had returned from the Deceased Room this Deponent asked him if he
had told her the Deceased that she the Deponent was in the House to which he
answered that he had not — That the Deponent desired the said Depont
Rowe Mr Penhurst and Hannah the creation Servant and also the Waiting Woman to

she was awake and desired to see Sir — That Mr Penhurst carried the Tea and told
Rowe, and when he came out this Deponent asked him if he had told the Deceased
that she was in the House to which he answered that he had but that she took no
notice of it — this Deponent further saith she stood in the House a considerable
time, and then came away going to the said Mr Penhurst that in case of any alteration
in Mrs Bromley that she was willing to come at any time and continue with the Deceased

was then sick — This Deponent at the same time having a direction where she might
be found, but that to the said Mr Penhurst did not come for her or inform her of the
Deceased death — That this Deponent considering the long time she had known

Affy to this Honble Court on the Sixth day of November last past for Letters of Administration to the Estate and Effects of Elizabeth Bromley late Deceased and he the sd Proxy as Proctor to the said Executor and the Opponent also exhibited the Petition of the Proponent and by his Proctor Mr Henry Dudley filed a Caveat & prayed to be heard on the behalf of the Opponent and on the twenty fifth day of the present Month filed his Allegations in this Honble Court and this Opponent in answer to the said Allegations and to the several Clauses therein and thereby alledged and pretended says that he has good and sufficient right and Title to have Letters of Administration granted to him of the Estate and Effects of the said Elizabeth Bromley deceased notwithstanding the Clauses of the said Proponent in the Petition and to the fact of which the Opponent says —

That the very Reason given by the Proponent in Petition to this Court a bill of which this Opponent hath the right to have Letters of Administration granted to him of the Estate and Effects of the said Elizabeth Bromley deceased manifestly shows that the said Proponent and knows there is no person of Kin to the said Deceased in Law —

The Answer of [illegible]

[illegible]

The said Respondent Saith, that he is aware that the Petitioner hath set down by the Petition & by the Affidavit and that of Thomas Smith annexed to the said Petition in Support of the said Petition and Affidavit that the said Petitioner is Executor of the Will of Charles Bromley late of Great Bridge in the County of Stafford Esquire deceased which the Petitioner pretends Elizabeth Bromley late of Great Bridge aforesaid Widow and Relict of the said Charles Bromley late one of the Masters of the Kings Court against the Will and Codicil of the Petitioner thereto annexed were duly proved in the Prerogative Court of Canterbury which took place on the Sixth day of the present month of November and that the said Elizabeth Bromley died on the same day but this Respondent believes that it was the intention of the Deceased that the said Petitioner should have the Care and Charge of her infant Children Laura Maria Bromley and Eliza Bromley and this Respondent believes that the pretended Will of the Petitioner thereto annexed was executed by the said Elizabeth Bromley as the last Will and Testament of the said Deceased with the intent that the Petitioner should have the Guardianship of the said Laura Maria Bromley and Eliza Bromley during their minority according to the purport of the Petition

exhibited by the said Petitioner and

under the said Declarations of the Guardianship of the said Children during their minority or during any part thereof

The Affidavit of the said Petitioner Benjamin Roebuck is as this Respondent is advised very imperfect as to the intentions of a person about to impose so tender a trust as that of the Care and Charge of her Children in the last moments of her life and the said Affidavit doth itself express that she had doubts of the Sincerity of the Petitioner's promises that he would faithfully perform that Sacred office by desiring that he would Swear in a Solemn manner that he would do so — which his Affidavit doth not Shew that he did —

The Affidavit of William Raine as this Respondent is advised goes to declare that the Deceased during her last illness said frequently declare that she desired the Petitioner to take Charge and Care of her Children Laura Maria Bromley and Eliza Bromley and particularly on the Sixth day of the present month of November she expressly declared to him that she had requested the Petitioner to take Charge of her Children meaning the said Laura Maria Bromley and Eliza Bromley and he goes on to declare that he firmly believes from the Confidence placed by the said Deceased in the Petitioner that it was her Will and earnest desire that he should have the entire Care and Guardianship of her said Children —

This Respondent Saith that he is advised that the said Affidavit is also very imperfect as to the intention and meaning of the Deceased that the Petitioner should have the Guardianship of her said Children after her decease except that such intention and meaning are supplied and explained by the belief of the said William Raine which this Respondent Saith he is also advised is very irregular and that

their lives time—

And this Respondent saith, that he may with truth declare, that he did continue in this relation of Confidence and friendship with the said Charles Bromley and the Deceased untill the hour of his death, and that he hath made it a duty since that period to assist his attorney in serving and assisting the Deceased Elizabeth Bromley in the management of the affairs of her late husband— That the Deceased Elizabeth Bromley had the utmost Confidence in this Respondent, and did not act in any material matter relating the Estate of her said Husband, without Consulting him, and she constantly expressed herself in terms of gratitude and Obligation to him, for his care and attention shewn towards her, and particularly for his affectionate attention towards the Infants the Guardianship of whom is now claimed by the Petitioner— and this Respondent saith, that he hath been informed, and hath reason to believe, that the Deceased Elizabeth Bromley died in her last illness, expressed herself much concerned, and to be very uneasy that this Respondent was absent from her, and that she had no other person to take Care of her Children and property in the Event of her death— and this Respondent saith, that had he known that the Deceased had been so near the period of her Existence that he would certainly have come to Malvern, to offer her the last Services he could be of to her, So Not that of taking Care of her Children and property according to her aforesaid desire, in order that they might be sent to Europe to the Care of their Testamentary Guardians appointed by the Will of the said Charles Bromley— and this Respondent did continue the same unremitting attention to the Welfare of the Deceased, untill after days before her death— This Respondent declares that he received a Letter from the said Elizabeth Bromley which came to him at Christenmas on the Twenty ninth or Thirtieth of October last past, about seven or Eight days before her death, which were written in the Style of Confidence

mation of which, and of the taking Execution — and the Letter being written in where
hand This writ — This Respondent saith & James Anderson Physician Should mention
the said Letter to her Counsel from the Deceased, inquiring the facts as regards
the Offence, and also whether she was Perfectly attached and whether the Defect in
question were perfectly taking care of in Prison at that Time — and This Respondent
saith that he cannot or knows from the said James Anderson or Hastings that
did not give him any reason to believe that she was in connection except as Copy
of which Letter is hereto annexed marked No 3 for the Inspection of this Honble Court
which This Respondent prays may be annexed as part of this his Answer the original
thereof being in the Respondents possession and ready to be produced when called
for —

And This Respondent saith that the Deceased did not
have appointed her executrix for her Children to any person but to the Petitioner and the said
William Rees except the said Thomas Ferrett, because there were no other persons re-
sponsible present, as he doth hear informed and verily believes — and also that the said
Children had applied the Interest of their Fortune for some months before her Death,
during all which time she constantly and diligently Executed This Respondent
also hath informed, that the Deceased labored under a Complaint which
in the Family has been thought, and the Petitioner and Servants had been placed in
their stead, some time before her death, to attend the Deceased and her Children —
and This Respondent saith that one Margaret Morgan married a Mr. Ferrett High of
Quarter master Ferrett, who had formerly Served the Deceased and for some years
before had regularly attended her in her severe attacks and who had till her retirement
any knowledge of such Illness

Deceased's house on purpose — and This Respondent saith, that among other Servants who were
so employed was a woman who had attended the Children for some time, and Hannah
Ferrett placed in her Stead about a month before the deceased died — and this Respondent
doth not believe to exhibit or appear that the Deceased when in Health and
had intentions of going to Europe, had determined to leave the Charge and management
of the unliquidated Estate of the said Charles Bromley with him — and the deceased as
a preparatory Step thereto, did send This Respondent an Inventory and Statements of the
Account thereof drawn out by Charles Darke of Madras Merchant and Signed by
herself and that there cannot be a doubt but that this Respondent was the only person to
whom the Deceased would in Contemplation of Death, if in Compleat possession
of her mind, have committed the Charge of her Children for the purpose afore alluded
to by this Respondent from the Experience and Conviction she had of his invariable
Friendship and attachment to her Family, and particularly for his affection to her said
two Children —

And This Respondent saith, that he believes that the Deceased
could not justifiably consent by writing to the Petitioner or to any other person, in her last moments
and under the Circumstances before Set forth, that the Petitioner should have the Guardianship
of the said Children during their minority — Because she knows that their Trust had already
been delegated by the said Charles Bromley to the Executors and Executrixes of his Last Will
and Testament one of which she the deceased was in her life time — and she must also have
known that as that Trust on her part would cease by her death, that she could not
subject it to another in opposition to the appointment of her deceased husbands Will, but that
the Trust and Guardianship of her Children would accordingly to the said Will continue in
the Surviving Executors and Executrixes and that they should execute that office and Trust

This Respondent therefore doth deny that he or anyone the Petitioners proper Guardianship of their Children and the efforts pursued to support him in his Claim thereto are unconnected not only with but did on contrariety to what the deceased would certainly have desired and only could have meant and intended in the Supposition that she had been in Complete possession of her understanding and in the uncontrolled exercise of her Will at the time that it is stated that she made the Declarations in the said Petition and instruments Mentioned which it doth not appear by any of them that she was —

And this Respondent doth strongly believe that if the said Deceased had been in full Possession of her senses at the time that it is said that she did desire the Petitioner to take care of her Children that her real intention and meaning by so doing was not for no other purpose and reason than that he should do so until they could be delivered to the care and Charge of this Respondent in whom the deceased confidently relied for their protection until they could be sent to Europe to their Testamentary Guardians —

And this Respondent doth deny that the Petitioner himself was at all convinced of the Confidence that the deceased Elizabeth Bromley had in him and of the interest this Respondent has in the Concerns of the Family, that he immediately on the day of her death informed this Respondent thereof by Letter directed to this Respondent at Charlestown — with the Petitioner has ever before communicated to him the unfortunate State of the deceased's health although he might have done it repeatedly and of having Intended to do —

And this Respondent further

the deceased to the Life time use of the Fort which as they had ever from the day of their Births been accustomed to reside not but making as this Respondent conceived an unfavorable alteration in their healths and this Respondent did therefore with the sole view to the benefit advantage and Comfort of the said Children propose to the Petitioner to undertake the Care and Charge of them until such time as a favorable opportunity should offer to send them to Europe to their Testamentary Guardians which reasonable proposal on the part of this Respondent was confessed to be Complied with by the Petitioner, to the great astonishment and regret of this Respondent as this Respondent could have no End to answer thereby, than the gratification of a tender feeling of affection for these Infants on their own account as well as on account of his regard and Friendship for their Deceased parents —

And this Respondent saith that being willing to become as far serviceable to the family and Children of his deceased Friends as might be in his power he did after his arrival at Charles Town To Wit on or about the fifteenth day of this present month of November file Caveats to the applications that had been made by the Petitioner for Letters of Administration to the Estate and Effects of the said Charles Bromley and also of Elizabeth Bromley — and this Respondent further saith that he did Thereafter To Wit on or about the Twenty fourth day of this said month propose to the Petitioner in Writing that an Inventory of the Effects found in the possession of the said Elizabeth Bromley at the time of her death should be taken — That the Petitioner did on the same day assent and agree to such your Respondents necessary and useful proposal and did appoint the following day for that purpose as may appear by Copy of the Respondents said Letter hereunto annexed N 2 The Original being in the Petitioners

Mayors Court

The Petitioner to take the said Inventory This Respondent was willing to a notary to attend at the time, whereas the answer was to take an Inventory of the Effects found therein at the time of her death. But This Respondent saith that to the great astonishment The Petitioner instead of continuing in and completing the just and fair intentions he had shewn in the aforesaid Letter of allowing an Inventory to be taken which This Respondent conceives and is advised he could not in equity refuse at the aforesaid Instance of this Respondent who by having first Consented to The Petitioners application for Letters of administration as aforesaid, thereby obliged Compliance with them for their Grants— nevertheless the said Petitioner instead of allowing an Inventory to be taken at the said Aforesaid Instance and request of This Respondent and on the day following To Wit on the Twenty fifth day of the said month by his attorney at Law wrote and sent a Letter to this Respondent refusing to allow this Respondent to take the house and Consequently not to take an Inventory of the Effects of the deceased as appears by Copy of the said Letter hereunto annexed the Original whereof This is ready to be produced when properly called for.

This Respondent saith that he is advised that the said refusal to allow him to take or be present at the taking an Inventory of the said Effects by himself or a Notary on his behalf, is very illegal, and that if the deceased hath made any declaration touching the disposal of the property found in her possession at the time of Her decease in favor of the Petitioner which he denies to Wit, which is no more than assertions asserted by the Petitioner in the said Affidavit

made known to this Worthy Court, in order that they might be able to determine whether the deceased died an Intestate or otherwise— and that if any declaration were made by the deceased that the Petitioner should have the possession of her House and Effects after her death, he conceives that the same ought to have been made in the presence of the persons who have deposed that he should have the care of her Children and in Case she did make such declaration This Respondent is advised that the whole of such matters ordered by the deceased respecting the said Effects, previous to and at the time of her death, should have been deposed to by the said persons, as well as the other matters by them deposed— because, if any part is omitted it evidently amounts to a Suppression of such part, by which the fair intentions of the deceased cannot possibly be discovered— as by a Combination of and Comparison upon the whole the true intentions of the deceased might appear quite different, and might have left the Charge of her Effects to one and the temporary Care of her Children only till another could appear to take Charge of both—

And This Respondent saith that he is advised If the deceased died Intestate in one instance, that she did so in the other also. Consequently the possession of the deceased House and Effects, wherein he Claims a Right in the said Letter and which he unwarrantably declares a determination to maintain— Because if the deceased died intestate the right of possession is vested in the Worthy Court in their Office of Kings Proctor— and the Possession Right thereof by the deceased is a Self exemption, and this respondent is advised of this Respondent to take an Inventory of the deceased Effects, requires a Consideration of an unfavorable

And the Respondent saith that he hath thought proper to suspend the request of the Petitioner to allow him to take on Security an account of the suspicion of the Petitioner on opposing as reasonable and necessary adequate for the ultimate benefit of the Children, and that he can be influenced by no favorable one towards the said Children by refusing to allow of this Respondent to have the care and Charge of them till they can be sent to Europe to their Testamentary Guardians, because the Petitioner cannot have any doubt of the Sincerity of this Respondents affection and regard for them & that he has at all times shewn the most disinterested Testimony from their earliest Infancy

And This Respondent hopes that this Honble Court will be of Opinion that the Objections made by him to the said Petition being the Guardianship of the said Children and the Power by him sworn against the same in this his Answer will be deemed as well grounds and sufficient to over rule the said Petition — And This Respondent therefore prays that this Honble Court will be pleased upon the Grounds of the several Facts and Circumstances in the said Answer contained supported by the accompanying Affidavits of Charles Dorke Sarah Sproull and Jonathan Nowers to dismiss the said Petition with Costs and to order that this Respondent is entitled to have the Charge and Care of the said Infants Laura Anne and Eliza Henrietta until the first proper Opportunity shall offer to send them to England to their Testamentary Guardians and that the Petitioner may be ordered to pay to this Respondent the Costs of this Application and such other Order in the Premises as to this Honble Court shall seem meet

Esqr and that she had as known her upwards of Two years — The said
Deponent further saith that between the latter end of July in the year
Years of our Lord One Thousand Seven hundred and Eighty seven the said
Elizabeth Bromley told her the Deponent that Colonel John Floyd
Commanding the said Regiment had offered to send her Children Lucia
Maria Bromley and Olga Bromley to Europe under the Care of Mrs.
Nicolls Wife of Lawrence Nicolls Esquire of the said Regiment who
was then going to Europe & the Deponent saith that the said John Floyds

she would send them to Europe & that the said John Floyds Sister
The said Deponent further saith that the deceased Elizabeth Bromley
during the time she attended her in her last illness in the months of July
August and September last past told the Deponent that she had
received a Letter from the said John Floyd informing her that he
had made his Will & left those persons and that Lucia Maria Bromley
one of the aforesaid Children was one of them and that the Child
Lucia Maria was thereby provided for and that the said John Floyd
had also advised her to make her Will & left Elizabeth

Confidence in the said John Floyd, and in her last illness afore deponed to the
Said Elizabeth Bromley did frequently say that if the said John Floyd
had been with her — that she would be better attended — It would not be
as it was — as if she thereby thought that she should be better attended
under his presence than she was in his absence — The said Deponent
further saith that she never heard the said Elizabeth Bromley mention
the said John Floyd with the smallest ill humor or displeasure —
The said Deponent further saith, that during the time she attended
the Deceased in her illness in July August and September she often
heard her perish and out of humour with Mr Roebuck and that
during the said time aforesaid, she has seen her strike her hand on the
Table and Solemnly exclaim that nothing should tempt her to part
with her Husbands Will, which Mr. Roebuck wanted her to send to
Bengal — and that not even the said John Floyd himself should get
it from her — The said Deponent also saith that she thought the
said Mr. Roebuck behaved to the Deceased in the most attentive and
kind manner — The said Deponent further saith, that she left the
Deceased Elizabeth Bromley over about the fourteenth of September
last past tolerably recovered, that she then took her leave of the

one every Body that he was afraid it might be of prejudice to let her see them — That this Deponent desired of the said Doctor Raine to inform the Deceased, that she this Deponent was in the House, that after the said Doctor Raine had returned from the Deceased Room this Deponent asked him if he had told her the Deceased that she this Deponent was in the House, to which he answered that he had — That this Deponent desired the said Doctor Raine, Mr Roebuck and Hannah the Greater Servant, and also the Water Woman to inform the Deceased that she was in the House — that the Deceased was at that time unwell, because a Servant came out of the Room and told Mr Roebuck that she was unwell and desired some Tea — That Mr Roebuck carried the Tea into the Room and when he came out this Deponent asked him if he had told the Deceased that she was in the House, to which he answered that he had but that she took no notice of it — This Deponent further saith she staid in the House a Considerable time, and then came away offering to the said Mr Roebuck that in Case of any alteration in Mrs Bromley that she was willing to come at any time and remain with the Deceased Four or five days being sure that Mr Bromley her husband would have no objection altho he was then Sick — This Deponent at the same time leaving a direction where she might be found, but that to the said Mr Roebuck, did not send for her or inform her of the Deceased Death — That this Deponent considering the long time she had

much to her satisfaction She this Deponent saith that she was greatly hurt in her cruse that she had not an Opportunity of seeing her when she was so ofttimes or oftenness before her death as she was not aware to have any further occasion about her except the cruse I now know Mr. Roebuck and Elizabeth Bromley that the said John Floyd was cruse for her and that she was by the said Elizabeth Bromley before been seen after — That she this Deponent further saith that on the ninth of the said October she this Deponent enquired of the said Elizabeth Bromley whether she was Sophy and cruse that her Mistress the Deponent was frequently to call out Sophy and called her the said Hannah Sophy and she this Deponent said to her why will you not say that you are —

Debts due to the Estate of Charles Bromley and Mrs. Elizabeth Bromley as they stand in her Book with Remarks on the Same

Mr. Mitchell late Mrs Smith ..... Pags. 1577. 21

Since Mrs. Bromley's Death Accounts have been received from her attorney at Bengal that she has joined her Suit in the Supreme Court against Mr. Mitchell and that 9609. 11. 6 Rupees Current have been recovered and that 1728. 7. 6 Rupees Current have been paid for expence on the Suit but that this Sum cannot as yet be correctly accounted as the opposite Party talk of appealing from the Decree of the Supreme Court to the King in Council.

Willoughby Ormsby ..... Pags. 100. -.

Mrs. Bromley was never able to procure Payment of this Debt and the Ormsby did not look upon himself as indebted to her.

Major George Brooke ..... Pags. 8. 00.

Sir

about the whole of these are due from Insolvent People.

William Wynch ..... Pags. 3000. -.

This is an embarrassed Concern which cannot be determined without a close Enquiry the issue uncertain.

His Highness the Nabob Separate Account ..... Pags. 26253. 11.

Many attempts have been made by Mrs. Bromley and her Friends to get the Nabob to acknowledge this Debt and grant a Bond for it so that it might be put in a Train for Payment at some future Period their attempts have hitherto been ineffectual and the Receipt of any part of this Sum is very distant.

His Highness the Nabob Amer ul Omrah ..... Pags. 3002. -.

There is very little probability of recovering any part of this Debt

Robert Sheriff ..... Pags. 37. -.

He has been wrote to by Mrs. Bromley but has declined Payment

Peter Le Cost ..... 37. -.
The Estate of Andrew Magnadie 13. 25. 45
Edward Frend ..... 90. -.
Baron Thomas Pichett ..... 200. -.

He denies the Debt

Edward Ellis ..... 102. 36.

Estate Insolvent

Major Henry Alexander his Note Amount 1892. 10. 16

A Decree has been given for 500 Rupees and Costs but the attorney of Major Alexander disputes the Payment of any Interest.

The Petition of Anna Sith Relict the above named Opponent

Humbly Sheweth

That your Petitioner is the Widow of the late Sith Arratt of Madras Merchant deceased and that in consequence of such her Relationship she did on the twenty Sixth day of January in the present year of our Lord one Thousand Seven hundred and ninety by her Proctor Mr James Stuart Hall apply to this Honble Court for Letters of Administration to be granted to her of the Estate and Effects of her said deceased husband That Marcoth Joseph and Catchick Joseph the above named Proponents under the pretext of being Executors of the said Estate of her said deceased husband did on the ninth day of February following file a Precat thereto together with certain allegations thereon and to which she has filed her Answer and your Petitioner further Sheweth that being desirous she had admitted the legal Statements setforth in the said allegations of the Proponents and that the matter might be determined with due Equity and Justice to the parties concerned therein upon the allegations and Answer she did by her said Proctor on the Sixth Instant move this Honble Court that the said matter might accordingly come on to be heard upon the Proceedings already had, but that this Honble Court were pleased to over rule such the motion of your Petitioner and order Issue to join and a day for the Examination of Witnesses— and your Petitioner further Sheweth that

litigation and thereby save the Estate of her said deceased husband and Principally those numerous family who depend Solely thereon from utter ruin and your Petitioner further Sheweth that there are great quantities of Silks Satins Muslins and Taffaties Chints Rice Rice and Sundrys and other Articles of merchandize in every Shop owned by up in Godowns and which she has every reason to believe are already greatly injured must be immediately altogether unfit for Sale if they remain longer in such a State that Perishable Articles to the Estate of her said deceased husband have left creditors without discharging the same and from the present Situation of affairs she has also reason to believe that other people indebted to the said Estate of her said deceased husband may also have monies and effects in Situation beyond the Jurisdiction of this Hon^ble Court and thereby create payment of the Same due from them to the said Estate Under all the Circumstances your Petitioner strongly believes that unless the present Court for Letters of Administration of the said Estate of her said deceased husband be speedily determined that the Estate of her said deceased husband will be totally ruined that many are by reason thereof the poor and two fold Creditors of the said Estate will be oppressed of their just and that your Petitioner and her numerous family will be reduced to misery and Ruin Wherefore your Petitioner further Sheweth that the object of the Proponents in the said Court is to wrongfully and unduly your Petitioner until she is no longer able to support with unavoidable difficulties until such time as might elapse to Change of their measures and so give them an opportunity of using such expressions to the said Estate of her said deceased husband and ruinous to herself and family

Your Petitioner therefore most humbly prays that this Hon^ble Court will be pleased to grant a Citation to the said Proponents to Shew cause why the prayer of your Petitioner should not be granted and your Petitioner as in duty bound shall ever pray &c

In the affair of the Administration of Suggenait to the Estate of Vaitiliegh Deceased.

The Humble Petition of the said Suggenait Administrator to the Estate and Effects of Vaitiliegh Deceased.

Shaveth

That the said Vaitiliegh was in his life time indebted unto your Petitioner in a Sum of one Thousand and thirty Eight Rupees that the said Deceased died without paying or discharging the same or any part thereof that after his Death his Wife took upon herself and promised to pay your Petitioner the Amount of his Debt but on the contrary the said Woman died and your Petitioner thereupon applied to the Son of the said Vaitiliegh to sue for Letters of Administration from this Honble Court and pay your Petitioner the Amount of his Debt which he refused to do and declared any ways acting or

Greatleigh The Person or whose existence he is most likely to appear and whose Interest it is that Administration for him to administer as the Son in Law of the said Deceased. Your Petitioner therefore humbly hopes that he will not refuse to take out Letters of Administration pretending that he has nothing to do with the said Deceased in Consequence of which Several Creditors your Petitioner applied for and Obtained Letters of Administration to the Estate and Effects of the said Deceased as a Bona Creditor to the said Deceased and gave good and sufficient Security for answering for his Conduct in the said Administration but your Petitioner therefore thinks that as soon as he Obtained Letters of Administration from this Honble Court he immediately applied to his Attorney at Law who sent a Writer in the presence of whom one of several Creditors of the said Deceased an Inventory of the Effects of the Deceased was taken in the City of which notice hereby for the Satisfaction of this Honble Court but before your Petitioner could Extract the Deceased Debts or settle his affairs the said Greatleigh who first refused to interfere with the Deceased Estate and who is largely indebted to the Deceased fearing that your Petitioner should call him to an account for what he owes the Deceased and assisted with several evil designed persons that apply to this Honble Court for a Citation to bring in the said Letters of Administration and to enter into a Bond with your Petitioner

Your Petitioner begs leave to remark that altho the said Greatleigh may be the Brother in Law of the said Deceased yet such Connexion to this Honble Court he has not nor can he have a better right than your Petitioner who is a Creditor and whose Debt is acknowledged by the said Greatleigh to be four times what not such as cannot be disputed and the only allegations that will be given by him is whether he is the Brother in Law the a Debtor or your Petitioner as a Bona Creditor has a preferable right

Your Petitioner humbly recommends the above to the Consideration of this Honble Court and humbly prays that Letters of Administration hereafter Granted him may be confirmed and that the Citation of the said Greatleigh may be discharged with Costing Costs
