Dear Sir

We have been favord with your Letter dated 27th Ult enclosing
Copy of Mr Hamets Bill to you by which account they intend their Proportion of the particular
charges subjoined thereto. The amount is most assuredly an Enormity & we
shall be glad for the Honor of the Company, but we cannot sincerely & upon that we are entitled to
the Charges for the Voyage, but we cannot sincerely & upon that we are entitled to
the Charges for the Voyage as well as the Ships that the Cap
tain & Owners were for the benefit of the Cargo as well as the Ships that the Cap
tain proceed to Bombay for Pinang and the expences incurr'd in consequence of that
Measure must certainly fall hence the Proportion of the Underwriters on the Cargo of
the Ships are not liable paying their proportion & We hope that the

We were much embarrassed upon the arrival of the Lexington to find that none of the letters sent by her to be inquired particularly of the Captain & Passengers & the Clerk denied any recollection of having received any Packets for us. We nevertheless learned your Goods, fortunately for us, were on board the Packet & brought us the happy news of your safe passage & the pleasure of your company. We were much disappointed at not receiving the Invoice & Bill of lading — for reasons which we already be acquainted with, but we hope the inadvertency of your Clerk in not forwarding them by the Lexington will not be attended with any inconvenience to you. —

Respecting a freight on Tobacco we shall have the pleasure of writing to you hereafter. —

We received the Letter from Mr Baring respecting the Expenses of Capt Brannon. We never could have a doubt but Capt Brannon must have been responsible for Emargent's Bond as he drew the Commission on the debt for which it was granted. — Since however it is paid we will now trouble you on the subject. —

We have read with attention your observations on the Trade of Canton & return you many thanks for them. — We shall be obliged to you to favour us from time to time with your remarks upon the articles, Bricks, Rice, Beads &c which we shall be glad to receive as early as possible. We beg of you likewise to inform us of the Weight & Measure of the Piculs &c. We beg of you likewise to inform us what are the average Rates of Exchange at your place; and what are the Charges on Tobacco &c. — We have credited Capt Brannon for $3161.— for the Tobacco sold at 34 Cents & $358.— for 100 Catties of Rhubarb at 3 1/2 Cents. — We have credited you for the Amount of the Bill on Baring Brothers & Co for £1000 Sterling at 4/6 Exchange — We have also credited you for the Amount of the Bill on Messrs Kirkpatrick

Messrs. Baring. Money & Co

Gentlemen

We hope that within a month after this reaches you, Capt. Porter

will arrive with his Ship with cargo which he is instructed to deliver over to you.

We enclose our Invoice request that Capt. Porter be furnished with such

charge of those Goods as he may require of you, & with as practicable dispatch.

We have engaged to furnish the N. Sec. Chinese Shipper of this

Ship, with 30 to 40000 Dollars upon Responsible Gentlemen from Canton. Particulars

of our engagement we shall have the pleasure to send you by the Sec himself

We wish the balance of your funds to be remitted in Gold or Gold Dust,

& sent to us by the first good opportunity. If Bar of Gold or Dust from China to

Bengal should be wanting, send from China to

Madras the earliest return by the first opportunity of sending us

an Invoice

We observe that the Charge per Catty in your Market for some

years has been 13 to 15 Spanish Dollars which price is quite unknown to us by

the returns we expect from thence are reduced by the scarcity of Money in India

to the lowest possible, & the Spring & early part of the Season for the Sale

of Piece Goods is almost over, so as to take for the Sale—

Chest for the money just mentioned to you, we have to suggest to you whether

it may not be practicable & advisable the Merchants Chops for the Goods to

them, & whether you could not anticipate the Sales in

order to avail yourselves of any good opportunities of purchasing Gold or making

remittances for

Referring you to our last from Tranquebar, we have to acknowledge the receipt of your letter of the 3d May from Tranquebar, & the 12th from Malacca.

We observe the Bills you have drawn upon us for the amount of the Opium & you bought. The former appears to us very high, but we hope you will turn it to good account nevertheless. You are now completely manned & well manned, & if attacked we have no doubt but you will make a good defence.

You did all that was right & necessary with regard to the Nine Shipped upon you, & the Quality of Mr. George Bailey. We confirm our instructions of the 28th March last respecting your return to Europe with a Cargo of China Goods, & we hope you will bring us Home a full cargo of Teas & a large amount of Gold. But any thing should delay your return to Madras beyond the period at which we now expect you in the mid of December) we beg you will make a Remittance from Canton of the Goods you shall require for Sales next year, so that we may have time as much time as possible to prepare them.

Messrs Baring & Henry & Co will deliver this Letter to you. These Gentlemen have furnishing you a Returning one from Canton, & you will be pleased to address yourself to them according to Orders you may receive for the Disposal of your Cargo.

Sir

A Receipt of the Commission that passed between you & us
yesterday past due to the mode of adjustment of your Bonds for Pg 315. due to
Mr M.C. Arnachel & C. Arnachel, will be very little satisfaction to those
Gentlemen. It is our duty to call upon you for the actual payment of
the Bonds, or some equivalent for it. With regard to the Private
Bills upon England which you propose to give in part payment
we do not think we shall be justifiable in receiving them because we
apprehend on account of the great amount of Public Bills & Private
Drawers upon England, that Mr C Arnachel would find very great
difficulty in Negociating them.

We feel, & we have shown very disposition to accommodate
& we are sorry to observe that we have not yet received the proper
attention & punctuality

Madras 31st August 1800

Mr C. Strachey Esq.

Sir

We have received your letter of the 15th Inst. & as you have heard long ere this that we have obtained security of one kind or other for almost the whole of your demands upon Mr J. Balcome, we trust your mind has been more at ease & better satisfied towards us than it was when you last wrote to us. We cannot help expressing our astonishment that you should say you were uneasy at our not sending you any Bills in part of 6000 Pagodas which we had recovered for you.

When did we inform you that we had recovered 6000 Pagodas for you? We refer you to our several Letters, & you will there find it repeatedly & explicitly written that we had obtained a Government Six P Ct. Certificate for P 6982 with authority to dispose of it in payment of your Bills for P 6000 & that we had failed in our several endeavours to dispose of it. In fact this Paper is at this moment unsaleable at almost any discount, & had we not for your Interest blended it with our own concerns we should not now have disposed of it as we have done. We are to receive Government Bills for the amount & as soon as they are issued from the Treasury we shall forward them to you.

With regards to Mr J. Balcome's circumstances we presume you must have been well acquainted with them when you gave us your Commissions respecting him, and at any rate much better acquainted with them than we could be, for we have never had any transactions with him. He is now gone to China on his Ship the Fame a Armenian & we are informed, in very great distress.

We have now the pleasure to acquaint you that your Bill of the 19th May favor of Mr Balcome for AO 1533 has been discharged, that the Padre Jacques has received 4 000 Pags of the 6000 due to him & that we are exerting ourselves to recover from the other Persons joined in the Bond with Mr J. Balcome the balance due to the Padre & to you. We assure you that this Business has been a most unpleasant, endless & troublesome one to us & the many Persons connected with & having applications & demands upon Mr Balcome are astonished at our strength

Sir

We are favord with your letter of the 11th Instant & are happy to find that you are satisfied with what we have done for your Service —

We are sorry that we have not yet been able to get out the Bills we are to procure for the amount of Sir Geo. Paper we lately sold, but we are happy to have it in our power to serve you in some measure by appropriating to a remittance to you some Bills that we yesterday agreed for for another Gentleman, & accordingly we inclose you the First & Two Bills upon the Supreme Government No 76 & 77 dated 11th Ultimo in favor of Messrs John & Lewis D'Tons for Nine Thousand Arcot Rupees (Rs 9000) each making Rs 18000 which we remit you at the Par exchange of Rs 365 ₱ Pag & according by debit for the same at Par Rs 4931 22 65

We cannot get any thing more satisfactory respecting the Balance due to you at the Paper Segregat, but as we still hold the Bond for 9315 Pagodas we hope we shall succeed in recovering them — We have the honor to be

Patterns small will answer. They must be of the three Sorts in a bit of the same Muslin, one of the three to be used as a Border must have a handsome border of flowers &c. or right about broad, mostly of small flowers. The Border must be round as broad as Muslin. We think you sent Mr. Woodcock Bandanna about twenty different patterns of Chintz under the sizes before mentioned. Accordingly thirty six pieces of each pattern must make up the number; one of these twelve of each pattern must have the Border; four of four inches in breadth, four of six and four of Eight. But if you think that some of the Patterns are prettier than others, & better suited to the taste of the People of Amboyna, (for which place these goods are intended) you may increase the quantity of such patterns, & decrease that of others that you think less suitable to the above Market. Of the Chintzes we sent lately to Amboyna was one Pattern much admired. We do not know whether it was among those Mess.rs W. & M. made of you as, or those we bought of Mr. R. when here, perhaps Lawrence he will remember it. It was of small Red Pattern flowers. We are ignorant whether there was any figure within those squares, but we think a Coral might be made of a small Black flower in the centre of the Square upon one Fourth of the Chintz of this Pattern which might be to the extent of Ten Corge. Observe however that one piece out of three must have the Border before described. The whole of these thirty six Corges must be of a fine Calicoe Cotton cloth about the Ghaut better in quality than the finest of that Mess.rs W. & M. sent us by the May-flower, measured at Mr. 25 Corge. 33 Corges of Chintz upon Long Cloth 12 by 24, Corresponding in every respect with the Chintz above described & of the same quality with the Chintz upon long Cloth sent us by the May flower measured at Mr. 25 Corge; & 30 Corges of the same dimensions & Patterns upon Long Cloth of the same quality with that Gotten by Lawrence measured at Mr. 22½ Corge making together 99 Corges of Chintz of 12 Cubits by 24 & 45 Corges of Chintz Corresponding with the

Sir,

We have received your Letter of the 19th Inst. and in reply beg to say that we have this day written to Messrs. Wallace & Rutland requesting payment of the Amount of the Ship Bonito and the Freight due under agreeably to the terms of our Charter Party.

After a lapse of more than twelve Months since our claim was due, and Eight Months since our last application on the Subject of it, we hope the Right Honble the Governor in Council will not think us importunate if we again respectfully solicit the adjustment of this claim.

But if the Right Honble the Governor in Council should think it expedient to wait the result of the reference to the Governor General upon this subject, which result we cannot doubt (for on the terms of the Charter Party must be favorable to our claim) We hope we shall not be thought unreasonable in now soliciting the payment of the Money with Interest from the day it was due, under the engagement on our part to be accountable for the same in the event of any objection being started by the Governor General to our claim and ultimately established; and further that the payment of this Money shall not in any wise affect such objection, nor at all be construed into any admission of our claim by the Right Honble the Governor in Council.

We trust we have carried our objection to have awaited patiently the result of the reference upon which the Right Honble the Governor in Council now should we now intrude, after the Loss he has already sustained for the inconvenience we suffer from this delay and for the inconvenience of being in this time of scarcity of so large a sum of Money in this time of Scarcity.

Ship Belvarina now the amount of the Specie and Bullion private Consignment will be found more than sufficient to invest all that it should be objected to bring back to us on Your safe arrival at Cronie that you dispose with the Ship Belvarina ceases with the sale of the Goods at Cronie, and that You do not to have no Concern with us in our Returns. —

Having thus explained to you the manner in which we have resolved to Conduct your & Vessels Discarrons wishes respecting a joint adventure we may desire you will hasten as much as possible the unloading of the Ship Belvarina, and that as soon as the is ready for Sea you will direct Capt. Mathewman to proceed direct to Cronie. Upon your arrival there you will immediately wait upon Mr. Stokes with whatever Letters you may have for him and solicit his protection and his aid, if required in the sale of your Cargo. You will of course immediately afterwards wait upon the Consul with this Commission and upon Vasse Discarron acquainting him with the Concern, and assuring him that it is owing to our desire of promoting a closer Connection with them which may prove mutually advantageous that we embark in it, otherwise under the present many discouraging Circumstances we should not wish to speculate to Largely to Cronie. — You will then dispose your Cargo and proceed to dispose of your Goods without delay in which he will of Course greatly assist you. If he himself should offer to take the whole Cargo on his own account pay a fair price according to the Market You cannot do better than let him have it, but you must take care to procure immediately whatever Money he pays to you with your purchases and not wait the arrival of the other Ship we shall send you to you. —

You must likewise take immediate steps for the sale of the Ship Belvarina, which you will of course effect upon the best terms you can, and in the event of your not finding an Owner you will ship the Officers & Men upon the Russian to return home as also upon our Ships the Griffon, the Earl of Warmington and Lady Clive if any of them should be here, any where Gibraltar there. The Cutlass may be shipped upon Neutral Ships as they are returning empty, but in this Case you must furnish the Consul with a List of their Names, and settle their Wages up to the day that your Ships Sail. If the Officers should refuse to Ship, and they should be wanted you may Ship them Compulsorily, and they should be wanted you may Ship them

on account of the sale of the Belvarina which are again most urgent at a very desirable Circumstance. We send herewith our Royal Power of Attorney for this purpose, which you may affix to the Bill of Sale you will give, and if required a Bond of Indemnity declaring that we will make over to them the original Bill of Sale of the Ship & indemnify them for any demands that may at any time be made upon the Ship. If you should sell the Ship to Arabs, they probably will not require all these forms, and it will not be necessary for you to clog the Sale with them unless particularly demanded.

Our Agent Mr Joseph Peile that we shall be ready either to execute any Commission for him here and at Bengal, or take a share with him in any speculation that he from his own knowledge and experience can recommend, if he will give us proper information on the subject, and trust to us to execute the Adventures for our Common Interest to the best of our judgment according to existing Circumstances. You must advise him to make this remittance to us in future by Bills upon the Government, as we occasionally gave Credit by the Exchange upon Bengal, and we never at any time want funds there to lay in our Investments, but if he should not be able to procure Bills upon Madras, he may procure them upon Bengal.

Yesterday we had the favor to send you an account current of your last transactions on your Account, & the Amot of the Bill for Rds 3600. We now send you a Statement of our transactions with Mr G. Balcom & this connexion with him for the Settlement of your several demands upon them. We shall take the liberty of calling your attention to a few circumstances respecting your Relative situation with Mr G Balcom when your first entered into Agency with us the Triumph, and we trust that upon consideration of them, & on

with this, declaring to us that you did Complain much of this in your hands to Cover the amount of the other account in which you wish this sum to be placed.— Had we not agreed to it you would not have been able better off, for it would only have procured a Balance against him, for we are persuaded we could not have got more from him than we did.—

Chaw's last note of Hand for P$ 6000 at six Months is perfectly solid. You remarked that it was at along date.— It is very true, but if we had not been satisfied with that we might have lost it altogether.— Mr A Baboo's acceptance for P$ 461 may not perhaps be paid punctually, but we can only say of this, as we have said of the others that it was the best we could get. If Baboo should not pay it, we must of Course bring it to your debit on account with us, for G Baboo is gone with his whole family to Chittagong, & it is much doubted if he will return.— The Padre Sargnor has proved 4000 Pagodas of the money due to him. The Balance still remaining due we have secured in the best way we could as specified in the accompanying Statement. To Conclude we have under very unfavorable circumstances, & in a most unpleasant & ungraceful manner exerted ourselves for your Interest as it had been our own, and our Success has been such as to excite the admiration of many Persons here who had similar demands upon other Baboos, & were unsuccessful in their prosecution of them.—

about you on Account of the Prisoner. I hope before this time you are settled in your own house at Ingarum, & that you & Bro may have leisure & repose to recover from your late Confinement

I am sorry I paid Morgan the money, for I believe him to be an idle Vagabond. But he assured me, what I readily believed, that he could not get out of Madras without money & your Brother & Abbott agreed with me that it would be better to risk that than his Arrest as you seem'd to require them at the time — his Arrest as you seem'd to require them at the time — his Arrest as you seem'd to require them at the time —

are taking steps to have the whole invested in Goods for your Market
such Sort we judge will render a good profit. We do not now intend
to Adventure largely to your Market this Year as we fear that the
number of Ships that have frequented it lately may have overstocked
it. We have hitherto great difficulty in procuring Shipping sufficient
to take all the Goods contained in your Indents, for all our own
large Ships are engaged, and Freights are every where enormously
high. We likewise fear that the Quantity of Rice mentioned in
your Indent may be much too great now that the Fleet has
quitted the Red Sea. These Considerations would deter us from
speculating to your Market this Year but as you express a
desire to be concerned with us, and we are equally desirous
of establishing a more intimate Connection with you we
have resolved upon sending two small Ships this Year with
an Assortment of such articles as we judge will render a good
Profit, and we beg leave to allot to you two thirds of this
Concern and we venture to ourselves the remaining one third.—
For further particulars we refer you to Abbott who will
himself deliver this Letter and who has in charge the Goods
you desired and which we hope will please you.—

If after the entire expulsion of the French from
Egypt the Trade with India by way of Suez should be thrown
open some good Speculations may be made that way by the
Joint Adventurers, and we shall be very happy to second your
views in any way you please either by inserting your Consignments
in Indents, or by obtaining a Post in your Concern, but for this
purpose it will be necessary for you to collect and transmit
to us very Correct information respecting the Trade, the
Quantities of the Goods that may be required for it, and the
Prices that may be expected for them.—

the Voyage intended with perfect safety to her Cargo and that you will
make as long a Passage to Sea as possible. We this is a

Fanam afterwards packed in Bales of the ordinary size. —

By the Albion arrived this day from Batavia we have received the enclosed additional Musters, and we beg you will get made up for us 44 Corges of Cuttys conformably to them & in the proportions affixed to them, measuring 3 Cubits by 2 & not exceeding 12 Pagodas p Corge. They must be packed as the other 3 in a Bale, one of the three having a Border. We wish this Commission to be executed with all possible expedition, but if it cannot be completed by the same time that our former one will be done, one by no means intend that the one should wait for the other. We wish our General Piece Goods to be sent to us as fast as good opportunities offer, but we trust that the whole will be received and sent to us with January. We likewise want in addition to the third Cloth already ordered 20 Pairs at 12 Pagodas each Prime Cash. — also 20 Corges of 12 Panjum Cloth in Madras. — This last order is for account of our R. Maitland's Contract with Government, and as the last same of the last sent by your late firm, pointed, we request you will be particular in the quality and strength of that you now send us. We beg this may be put by the very first Opportunity. —

This order will amount perhaps to about 1500 Madras Pagodas. If you should not procure any money from the Salaries due to us in the Country we beg you will write to Mr. G. Watson the Paymaster of Guntoor and procure from him what money you require against your Bill upon us which shall be duly honord.

Madrid 28th November 1804

Captain James Smith

Commanding the Brig Admiral Rainier

Dear Sir,

We enclose an Invoice & Bill of Lading of Assorted shipped upon the Brig under your Command & consigned to you for our account.

We desire you will repair on board your Vessel, & get under way as expeditiously as possible & make the best of your way to the West Coast of Sumatra, where you are to dispose of your Cargo bringing us the returns in Gold Dust.

We shall not point out to you in what Ports you are to sell your Cargo, but simply acquaint you what our Object is, & leave it to your own judgment & discretion to accomplish that Object in the most expeditious manner, with most advantage to us.

Our Object is to have the Voyage performed in the shortest time possible, & to receive the returns of the Goods in Gold dust, but if this cannot be obtained for the whole Amount of the Goods, you must then take in Barter such Goods as will cause least detention & will render best here.

If Coffee should be offered to you, clean of the Husk & of a good Quality at 8 Dollars p^r Picul you may take any Quantity of it provided it does not detain you.

We are desirous of having on board a few hundred Bundles of Rattans with which you may dunnage your Vessel.

You may also bring us 3 p^r C^t Pearls of Cornelian of the same quality as that you brought in the Lunch invoiced at 8 Dollars p^r Catty, we mean this kind in preference to any other, but at any rate bring us 3 p^r C^t Pearls if procured without detention & upon reasonable terms.

We likewise enclose a Bill of Lading of 135 ℔ Cotton which we desire you will appropriate exclusively to the purchase of Red Sanders Wood Bonjamin which you sell us is to be had of the best quality as Sumatra 25 Dollars p^r Picul, & we should wish to have as much of this article as you can procure as far as 100 Pearls if the dollars will procure any of your Goods on Pay.

Enclosed accompanies this Letter.

Invoice & Bill of Lading above mentioned, we wish the whole of the returns of your Cargo to be made in Gold Dust, except any necessity should compel you to bring other Goods, in any way advantageous for trade should present itself to you, on which ends you will suspend your judgment.

It is of very great importance to us, your Owners that you will be able to execute this Voyage in two months.

We enclose a Letter for Walter Lee Esq^r Supercargo of Bencoolen who purchased six Pipes of Madeira Wine last March from Messrs Sykes the Supercargo of the Belisarius & you are to deliver the Wine to you under & by any orders should be directing him to deliver the Wine to you, & upon the receipt of the said six Pipes of Madeira you to Bencoolen we request you will receive the said six Pipes of Madeira Wine & sell them on the best Way you can upon the Coast, we leave them to be sold for our account. If you should not go to Bencoolen we request you will make over the Order Letter & Bill of Lading to him to get rid the Wine by the first opportunity & dispose of it as his Bill to us may direct. Mr. Abbott has shewn us a Letter from you Mr. J. Barnard on the subject of our Agreement with your House respecting the sale of Bastia of Pepper we have in consequence referred to the Agreement & we find it there expressly stipulated that besides the Madeira Wine we were to receive in payment of your whatever Pieces goods

Should the ~~Albion~~ Vessel bringing the Pepper might require with 10 ℘ Cent Commission &c there is no mention whatever of the Balance being paid in

Nevertheless as we were desirous of transacting as much business with you as possible, we did apply to you for goods to the amount of the Balance, notwithstanding it was neither desirable nor ~~advantageous~~ to us to take those goods from you, and you could not furnish them.

Having therefore actually performed more than our part of the Agreement, we did not expect to be called upon to take Piece goods at an advanced rate & for

per the remainder we should most readily have acceded to your proposal of receiving back our Copper & delivering up the Wire, but as it is considered unfavourable for you, as the Copper if properly managed is likely to bear a good price —

Secretary to the Military Board

Sir I have the honor to acknowledge the receipt of your letter of the 1st Instant enclosing Extracts of the Proceedings of the Military Board & a Copy of their Resolution on the Subject of my letter of the 16th May last.

I hope I shall not be thought importunate on soliciting the Board to take my Case again into Consideration, and to afford me such relief as to them shall Worth I meet.

Although I did not take the precaution to guard against the Circumstance that has occasioned this Appeal, I hope the hitherto invariable practice of Government with its Contractors will in some Shape or other, namely that of supplying them with whatever Articles they may require from the Company's Warehouse at the Prime Cost.

I am informed that the Contractor for Army Clothing is still furnished with Cloth at this rate.

It is Certainly my own fault if I have not taken the same precaution that other Contractors have, more particularly with respect to an Article that might naturally be expected to rise Considerably in Price on Account of the extraordinary Consumption of it during a War of unexampled length, but I beg to Call to the notice of the Board that were they now to make a Contract, to supply on good for the Supply of Copper Mines, they would be obliged to pay the price of the Copper whatever it might be, they would be liable to the loss by Wastage in working it up they would be liable to the Charges of Workmanship, and either the Profits of the Contractor, or a liberal Compensation to the Agent, or a Compensation for their time, trouble, risk and responsibility. By their present Resolution I am to sustain a heavy loss by Wastage and Charges of Workmanship, and receive no Compensation for my time, trouble, risk and responsibility.

With regard to my Profits on the other Articles of my Contract, I must beg leave to observe that whatever they may be, they are Certainly less than any other Person would have been satisfied with, since my Tenders were preferred to all

In consequence of the Scarcity which now understand prevails in your District, having ordered our Ship Athion, with a Cargo of Rice from Bengal to touch at Masulipatam, on her way hither, should our Orders reach Calcutta in time, you will distinguish her, coming into your Roads, by a Blue flag with white Borders & a Red Pendant aloft, at the fore of Gallant Mast head; which is the Signal the Captain is ordered to make; on perceiving which, I shall be extremely obliged to you to dispatch the accompanying Letter for Capt. Watson, on Board, so as to reach him, if possible, before he brings the Ship to an Anchor; in order that he may pursue his Voyage, should the Market not afford the Price he is limitted to, on the Receipt of that Letter and with a view to enable him to form a Judgement, I shall esteem it a particular favor if you will be so obliging as to inform him, at the same time, by a few lines, the highest price per Candy at which he can readily sell about 180 Garce of Swagy Rice. as we have urged that Cargo with our Intention of sending it to the Cape of Good Hope, if the Price we have limitted him to it not likely to be obtained readily, it is of the utmost Consequence to us that the be not obtained a Day at Masulipatam if possible.

By her we received your two favors of the 1st Instt & we shall attend to your instructions respecting the return of the Packet. We have already applied to Mr Bishop for any Government Freight there may be for the Ports to the Northward.

We are sorry you would not either ascertain the date of the Packets departure for by it we should have saved the Insurance upon our Goods. Being Desired by you that she was to sail on the 22d Ult we thought it most proper on the 15th Instt to effect insurance upon our Goods, but had no reason that there was any Chance of her not sailing until the 3d Inst we might have safely have taken the Chance of a few more days. We take the liberty of mentioning this particularly because by attention to this point we may frequently save our insurances in this Monsoon.

We note the further Bill you have drawn upon Messrs Hy P. Pr. & Abell on our Account, & we trust you will be able to provide your Bills upon either Calcutta or this Place for the balance of our Credit.

We approve of your resolution of not sending us any Goods, & we hope you will procure Freight sufficient for the Despatch to defray the expences.

Dear Sir

We have duly received your favor of the 9th & 17th Inst. We are sorry to find the Despatch is likely to be so much later than we had calculated upon, but we are satisfied that no exertions has been wanting on your part to expedite the repairs, & that these are properly attended to with regard to the expence of them.

We very much disapprove of Capt Hutchinsons applying to you for money to impress a Crew at Ingeram, because we pointedly directed him to advise us what men he would want in order that we might impress them here, & because we do not wish any unnecessary advances of Money to be made at Ingeram where it is so difficult for us to replace. We are besides fearful that the Lascars found at Ingeram may not be very good.

We believe we shall obtain a freight of nearly 200 Pagodas for the Ingeram Packet to Masulipatam, & that we shall be able to despatch her on wednesday next.

We shall send you by her the two Candies of Coppers you desired to have. We have agreeably to your directions paid Capt Bolton 595 Rupees, & passed the Amount to the debit of the owners of the Ingeram Packet.

Although the Sungam Cloths are not conformable to our orders we shall make them answer very well. We before advised you that we should take the two bales of Coarse Chintz. We must however take the liberty of observing that it will be a bad practice to indulge the Weavers in deviations from your orders. The two bales of Chintz consist chiefly of the olde patterns they have been using for many years back, but our orders were for particular patterns such as we know will answer the Markets they are intended for.

Dear Sir

I shall be very much obliged to you if you will make very convenient to you to have them with the Pilot previous delay to Madras, the Swing & all the Rooms that can give us time about the Charlotte cannot you may hinder them in their business any legal punishment for their trouble but

your letter of the 17th ulto inclosing one from Mr Woodcock on the subject stating the difficulties he had to struggle with in counting our Investiture for Chintzes, you observe on that notwithstanding those difficulties you were fully confident the whole of your orders would be completed by the end of January. We trust that on the 6th January you experienced some disappointment at not having some of our Chintzes to send us by the Ingraham Packet, between them you gave no reason to hope that the whole would have the greatest part of your Goods ready by the end of the month. Since then you have never given us any reason to doubt our receiving the whole of them by the Dispatch. We have all along relied upon receiving them & made our arrangements accordingly. Now the Season will be too far advanced for the voyage we entended & we must keep the Goods until the opportunities offer of disposing of them -

Agreeably to what we promised you in the 17 Inst in mine your Mess. Accounts with us, viz^t your Ingraham Account balancing in our favor Rupees 7209 13. your Madras account balancing in our favor Rupees 498: 16. 61. & the Account of the owners of the Ingraham Packet balancing likewise in our favor Rupees 575 29 67. all without Interest. We trust you will find these correct, & we request you will pass them accordingly -

We are persuaded that you have done us every justice in the Repairs of the Dispatch, but we are unfeignedly disappointed in the Amount cost of them, for in your letter of the 9th January you advised us it would not much exceed 1000 Pagodas inclusive the Offer & the Stores we sent you, in your letter of the 17th you advised us it was to be somewhat under what you had before stated, since we find they Amount to Rupees 1301 30 20 besides the Stores we sent you which amounted to about 200 Pagodas

We fear that you have but poor Cottons to Sell Cause the Bad Market we are already acquainted with this article, & the Price will necessarily cause a further considerable reduction in the Price - We do not expect more than three Bales per Boll pack'd as they to Shew, whether we may put on the

Bengal, we beg you will have the goodness to address them to our friends Messrs Forbes Abbott,
advising them that they are on our account. For the amount of this Sum you may either draw
upon us, or you may pass it to our debit to be reimbursed you out of the Proceeds of the cargo
we shall send to Mocha next year, to which you may rely upon seeing early in the season.
In the earnest hope that our Commerce disappointment may not interrupt that correspondence

Ackn. Letters 25th Feby 1802

Mr. J. T. Sykes.

Dear Sir I herewith you have triplicate and duplicate of your letters of the 9th and 16th October last, and we have now to acknowledge the receipt of your letters of the 30th August to Albion and 8th September to Centurion. As this letter goes by the Fox to china and it is uncertain when or whether it will ever reach you we shall still defer entering upon the particulars that we have to remark upon for your conduct and confine ourselves principally to the subject of our disappointment in receiving so very small a portion of our funds by the Albion, and in receiving none at all by the Centurion that had sail from Amboyna until the latter end of September. It appears from your accounts and letters that the balance of the proceeds of our Goods sold to the 8th September and not remitted to us, was about 9300 Spanish Dollars, and it is presumable that from this last date to the sailing of the Centurion you must have made a further considerable sales. When you reflect what a property we have under your charge, how long it has been outstanding and how many calamitous circumstances have attended this Adventure, you must be sensible that the above Sum will have been acceptable if not by the Centurion. You allege for the security of Bruyn present you from not settling the Gentlemans Bills as we instructed to you, but we beg to remark that you advanced them at your earliest to the Resident for which he drew his Bills on us when an opportunity offers for transmitting them home. Although you accommodated the Resident by these Drafts of Early, you certainly had a good right to ask of him in return his Bills in advance, and he could not have refused you, particularly as he must be well acquainted with the magnitude of your Property in the Place and that you could not carry from thence the Specie but through his means. But since he has not afforded you this accommodation in return we presume he indemnified you by paying you without upon the Sum advanced, which of course you will bring to account in due time. We have not only to enjoin you to make every exertion to send us Remittance Remittance to the Bengal Presidency but to take with our Goods to their neighbouring Islands we entirely disapprove of it, thereby protest against any Concerns whatsoever at Amboyna except the Sales of our Goods and Stock as we may hereafter charge you with.

Property to so large an amount, but we fear the Underwriters may
resist payment upon these grounds unless you furnish us with
sufficient documents to establish her seaworthiness.- You must
obtain the declaration without delay, lest it should, by a forced
construction of the Underwriters, be turned to our prejudice. If your
home ordered the remainder of your Interest on the Gunnery Friends
at Canton you will do well to send us the documents upon which
You recover, paid as declaration to become effect, and as it is to be
presumed that the Underwriters at Canton were acquainted with the
State of the Ship, before they ordered upon her, it will go far, to
establish her Seaworthiness here.-

We must likewise request the favor of you to send us
more detailed and Certified Accounts of the Condition of the Cargo
of the Gunnery Friendly landed at Canton, and of the Quantity
Drawn overboard.-

We perceive that the Beetle Nut is 7/10 Cents short,
and that it sells at little more than half the ordinary Market
Price. This depreciation must necessarily have been caused by the
damage it sustained on the Typhoon although it is not so
specified in the report of the survey held upon it. The same
remark applies to the Birds Nests and Beche de Mar, which sold
at one third less than the Sums Cost.

Regarding the weight of the Tortoise Shell we cannot
speak, for it is not specified in the Invoice but we observe
that it scarcely produced one third of its cost. We request
the favour of you to send us by any opportunity how declaratory
proofs can be obtained, that we may adjust our claims upon the
Property Insured.-

We request that you have not sent us a Price
Current this Year, which is at all times acceptable.-

Allowing you every Credit for your regard for
our Interest & your judgment in your general management
of it, we cannot help remarking that there was some want
of Caution in Coughkong our Ship to Mr Gregory Batavia
who from the total derangement of his affairs, might have
been difficulty in making her Consignments delay & Attaching her,
for rendering, nor of course any allowance stipulated for her in

You are likewise to give the accompanying Letter from our Worthy Friends Messrs Baring Brothers & Co to the Administrator of the Customs. You will request of the Governor to introduce you to the Governor to whom you will likewise shew a Letter from R. H. Markham Esq.

You will clear the Vessel from the Custom House with all dispatch as expedition was found to the Sale of them. As you will be arrived some time before the other Ships will be ready to sail, and as your Cargo is Composed of such Goods as we know are much in demand for them the Natives You will find a ready and very advantageous Sale.—

You must not however discover too much anxiety to dispose of your Goods for they will suspect it to your knowledge that other Ships are following you closely and they will Sell theirs accordingly. On the other hand you must be cautious not to let them discover that other Ships will

Conformity to the following Instructions which you are to consider as your Sailing Orders.

You are to proceed with the Ship under your Command to Manilla where you will find Mr Baboon who goes Passenger in the Packet that sails with the Cargo. You are to communicate with him and to inform him of the Ships you expect to get for your Cargo.

From the Proceeds of these you are to purchase as far as 12000 Dollars worth of Sugar provided the first cost exceeds the Invoice with you and does not amount to more than 70 Dollars per Picul 100 lb English. We have fixed the utmost limit of Manilla, but we are persuaded that with a little management you will get it much cheaper. Whatever further purchase of Sugar to 6000 Dollars worth of Indigo you shall procure they are to be bought at prices not exceeding by more than 6 per Cent Dollars per Picul. With the Balance of the Proceeds you are to purchase Dollars or Spanish Gold the Ship shall be ready to sail from Manilla by the 15th of August. If the above Cargo should be sold by that time we leave you at liberty to remain there till the 15th of September when you are to return with the Ship if such your Cargo shall be compleated. If not you will sail on the 15th of August and if you cannot get a Cargo at Manilla you will proceed to Batavia where you are to dispose of the Ship and Cargo to the best advantage and remit us the Proceeds in Dollars or Gold.

You are to be very careful in observing the Winds and Currents in your Passage to Manilla and to keep a regular Journal of your Course and Distance every day and to make such Observations as may be necessary for ascertaining the Longitude and Latitude of the Ship at Noon every day and you are to keep a regular Account of the Ships Provisions and Water and to be very careful of the Ship's Company in preserving their Health by cleanliness and proper Diet. You are to keep a regular Account of the Ships Company and to make a Report to us of the Number of Men you have when you arrive at Manilla and when you leave it and of the Number you have when you arrive at Batavia and when you leave it and of the Number you have when you arrive at Batavia and when you leave it and of the Number you have when you arrive at Batavia

Sir

I have received your Letter of the 17th Inst. and in reply to the first Query I have to observe that I do not think it necessary to make any Alteration in the Instructions which I have already given to Captain Smith, relative to his Conduct in the event of his meeting with any Vessel of War of the Enemy, but I shall at the same time write them for the Captain's own private information, to desire that in case he should meet with any Vessel of War of the Enemy, he will not on any account suffer himself to be detained by her, but will proceed on his Voyage, and I am persuaded that he will not do so, unless he should be convinced that he has no chance of escaping.

I have no further occasion for Sugar or Cotton, but I shall be obliged to you for any information you can give me on the Subject of those Articles, as well of the quantity of each, procurable in any given time, as of the different qualities & their different prices.

I should also wish to be informed what Corn you and your Neighbours could furnish me with, and of your ability upon application for procuring for me Samples of all those Articles in their different qualities, with their cost on the Spot, and all Charges that will attend them to Dantzic. I may therefore look to an extensive Correspondence with you, and I expect you will inform me at the same time of the Rate of Exchange & what Bills you can draw upon London, & whether you can procure any thing from the Interior of the Country.

I have appointed Mr Hunter, Deputy Post Master of Hull, to be Deputy Post Master of Dantzic, I shall therefore write to him by the Dispatch which will carry this Letter to you, on the Subject of your Letter of the 23d Inst. and request of him to communicate to you the result of his enquiries, by which means you will receive the Information by the Way of Memel.

My Cousin John Wildman is desirous of going abroad to Dantzic, to live with his Brothers, but I hope he will be induced by my Advice to remain where he is, for I am sorry to say that I do not think there is any Opportunity of his doing well at Dantzic, but I should be glad to see him, that I may explain to him my Reasons for giving him this Advice.

Dear Sir

We have received your several favors of the 27.th ult.o & 2.d inst.t with the Bengal & Bills for 21 Lacs & 300 Rup.s which shall in due time be passed to your Credit.

The demand of the old eight p.cts Bonds has been the ground of late that we have not been able to complete the Assortment you require, & we grow do not approve of the new Eight p.cts which we have ordered our Broker to take out, for some Eight p.cts Debenture Bonds. In the meantime we have to advise you that we have at last received from the Accomptant Generals office the following Bonds in your own Name. Viz.t

Pet. 1840 dated 10 August 1799 ... 20000 -- --
220 of 1801 ... 1 Sept.r 1801 ... 4000 -- --

The Demand for the old Eight p.cts has not been in Consequence of any Influx of Money or rise in the Company's Credit, but in Consequence of a considerable Deposit of Company's Bonds to be made to the new Loyalty Subscription & that since your Order for the additional Investment we have never had it in our Power to make it in this Paper for you.

All our own Paper of this Denomination is deposited for much less than some our friends in the Bank

Commanding the Ship Ramee

Dear Sir

Herewith you have an Invoice of Twenty Pun Boats shipped upon the Ship under your Command, & consigned to you for conveyance with which we request you will proceed and with all practicable expedition to the Mouth of Jordan.

As you have already been at this Place and are acquainted with the Character of the People, it may be thought unnecessary to say any thing to you on the Subject of your Conduct but that of your Self & Crew, we think however, notwithstanding, as accidents have happened there, we think it right to caution you on the Subject & earnestly recommend to you to make your Guns & Men observe the strictest Order, Sobriety and Vigilance both the Shore & on board.

We refer you to your Instructions with them, & mistake necessary for you to be extremely Cautious and guarded, at the same time you must not betray any mark of Confidence in them.

The Sultaun, Seamans & all the Principal People are well acquainted with our Ships and our Woods, more particularly with our late Expedition to Rhio & Lingen & therefore unnecessary upon your Arrival amongst them to dilate upon this Subject. You may at present inform the Sultaun of the Accident that has befallen Capt. Barton & our Intention of sending a Ship to Rhio next Season to supply the Place of the Boats lost in that Expedition & Capt. Barton in our Name will thank him for the Assistance he may render him in the Recovery of the Property lost.

You will receive from Capt. Barton a Letter of Credit on Mr. Scott for Dollars 1000 which you will draw for in favor of Mr. Scott at 7 Months Sight.

The Balance of the Amount of the Boats promised at 1200 Dollars each we shall pay to Capt. Barton's Attorney at Rhio on his Arrival there conformably to the information you have at present Dollars Twenty Eight Thousand Eight hundred.

Thirdly. You have also Capt. Appel on board as Pilot for the Straits of Malacca, & Lastly. The Balance of your Funds that you cannot invest in the foregoing Articles in this Place which Pilot will purchase with the Value of which Articles you are always well acquainted with.

Wherefore to satisfy our Employers you should wish to have Masters of the different Sorts of Boats to the Amount of your Three Hundred Dollars Bond Pay.

Sirs,

The Sine Qua Non being under dispatch for Manilla we avail ourselves of the Opportunity to write you a few lines.

Although we mean to limit the Validity of your Bills to the date of your Departure from Manilla, we do not mean that you should depart at that date if you should have sold all your Cargo sooner. On the Contrary it is our wish that you return as speedily as possible from what we have learnt since you sailed from hence, we have reason to think that you will have sold the whole of your Cargo before this reaches you.

Mess.rs Lys d'Aller and De Monte instruct their Agents to remit the Proceeds of their Consignments in Dollars by the Dispatch. You are at Liberty to take this Treasure and as much more as you can get upon Freight at the current Rates of Exchange, but we insist upon your not having any Interest directly or indirectly in remitting the Proceeds of the Treasure.

All Letters containing information respecting the Market, and Invoices for the Ensuing year you must expect.

With regard to Mr. D. Balcom if he should require one thousand or fifteen hundred Dollars for his private use, you may let him have them taking his Receipt for them, but you are not by any meand to let him have any thing to do with the Proceeds of the Consignment particular circumstances render this Caution necessary, we imparted to you in Confidence.

We enclose a Letter with what we request you will transmit upon Don Juan Balcom's the admission of the Letters, with our Compliments.

Gentlemen We duly received your favor of the 2d Instant. The price you talk of for the Orient is so very far beyond what we conceive her entitled to, that we consider ourselves attempted to make any offer for her. —

We know that the Ship was Contracted for at 105000 Rupees, and because she was not ready at the time stipulated, the Contractors threw her on the Builders hands. Certainly if she had been Commanders a Reasonable purchase at 106000 Rupees she would not have been rejected in the manner she was; and we do not suppose her entitled to more than is intended by her buy to the Monitor. —

Dear Sir

Capt Robertson having communicated to me what you wrote respecting the Vessel we had Engaged to purchase her from us on our getting her upon Sea 12 months time. We shall therefore be obliged to you if you will negociate the purchase of her for us, you will of Course manage the business with all right, get her as cheap for us as possible, but if you cannot get her for 60 thousand Rupees we would agree to pay for her that Sum as with a Complete outfit of Stores for the months shall Amount to 67,500 Arcot Rupees, the money to be found by three equal instalments at 3, 6 & 9 months with Interest at 10 p Cent p annum. Upon a Survey of the Ship you will be able to ascertain the Amount of the outfit she will require, you will make your offer Accordingly. The Ship must be delivered here but I must not Quit no more than the above sum of 67,500 Arcot Rupees, equipped for a voyage of Six Months with every thing but Provisions & Seamen.

From what we have learnt of the Cost & Outfit of this Ship at Chittagong & from the Circumstance of the good sale in order of the Ships at Bengal, we are led to hope you will get this Ship at a price much within our limits. She was contracted for by Captain Bay at 80,000 Rupees, was she here could be made to pay here. Even at the Sale of Prices, she will not be a good bargain at the price we have fixed. As however you desire that we will make it, & cannot get her for less, you may use your discretion in Agreeing some trifle above what we have named but we hope for the Ships sake for her delay here, because it will not be attended with any expence to the present Owners, will have no good Results Consequences.

We cannot think Sunday should be a day Attended from Business without any
thought — has you communicated this to the Rajah Linga Settle with Us for com-
plyments to have been better than acknowledging him officially; for on
reply to Mr Gold letter to him as Lieut Gov^r you are aware he made
no allusion of the transaction publickly — we have now laid the Matter on
its true light before the Admiral, not with fond hope that supported
by him, he shall bring this unfortunate affair into a manner to be
Adjusted — we are surprised that the matters of Mr R advances
to the King of Dundee were not represented to the Lieut Gov^r on
their first Arrival as we have always understood them to have
been candidly informed by those at Penang at the time, & Mr Cochrane
is particularly commended, that Mr R. was in view only to facilitate
the supply of Cattle for the Army when he entered into engagements
with the Rajah — It is necessary to us that you should be
ignorant of this —

We observe that the Lieu Gov^r has taken upon himself
to pay the Note [illegible] from Mr Bonney value belonging to
our late Ship Mr Apollaby Nine Journeys of Wages for Lascars
as the Acts of these people who from the circumstance of
their Captains not being on board, are not having any
claim done right not to pay this claim more Recently we do
not by no Means authorise your doing — You have [illegible]
Mr G & A your Views & intentions about Penang after will Enable us
the subject, we have come to the determination of sending on Pay
of these, as well as the common expence of Establishment &
confine these to salary nearer Lieu^t Gov^r the Staff we are
obliged to make the Allowance you have stated to us
us among the Natives to Establish which Really we cannot
afford to Continue, We are Convinced that in the Army
our interest Advantage Should the

[illegible] Rawson but support on this Line of Agency, by throwing
in your way any Commercial operations we may have with
Penang, & we shall look no opportunity to recommend you to our
Merchants to favour you with their Orders, in the mean time we are ready to shew
to you all the good in our power, and rest assured we shall be
ever ready to assist you in every thing that may be for your
advantage, & that we can do without materially
prejudicing ourselves. The Manner of Occupation we give
you will depend upon the degree of Energy that we
discover in your Manner of Conducting Business.

In the event that the Lieutenant Governor desires
purchasing Arrack you should Dispose of Sale by
Auction, & for proper & sufficient notice in three Separate
Gazettes Lots — 1st The Warehouse, Godowns & grounds on Beach
Street. 2d the Carpenters yard — & lastly the Ground & Godowns
in China Street — two Lots to each Lot the prices before Mentioned, observing again that small sum under the
Mark must not be an obstacle to the Sale — for thereby
it would induce individuals to bid by Omitting Payment
to be made in Merchandize at Market prices — & we have no
objections to make this condition in the event of any of Each
Lot which you can previously ascertain at from 15 to 20 pCt over &
above the money price — The Articles we are willing to receive
payment are Pepper, Tin & Rattans to Persons with you till
further Orders.

You will first of all clear away Place & Godowns
by a Public Sale, and agreeing to the Invoice returned to us
by Mr L. & we wish the Sum following Articles only not to be
Sold Viz

Pepper from Singly Muntong
Lagan & Pulo Penang may be sold if you have no Orders

thus Orgn we cannot instruct you from hence — We therefore rely entirely on your liquidating the many disagreeable Old Accounts on your last balance that with as little loss to us as possible —

You may close Mr P. Watts Account by passing the balances to our debt. Mr W. Roberts Expired Estate Accounts may be disposed of in the same Manner, as will all those Accounts that we can settle here upon your sending us proper Documents —

As we are unwilling that you should be by the purchase of Furniture &c you have made in Consequence of your being left in Charge of our Concerns — any part that you cannot appropriate to your own use, you are desired to dispose of to the best advantage —

We intended to have forwarded the foregoing by this Dispatch, but gave up the idea of so doing for fear of detaining her, in her way to Bermuda, particularly as Mr Thom seem to expect that the Albion would have soon follow'd him — But the unaccountable unfortunate delay in the arrival of the Pilot has been the Cause of the detention and we are at last obliged to dispatch her without knowing by the information that she must unexpectedly bring us of the wind answer, If has consigned our sight on Capt Forsyth not forwarding from Madeira by the Thetis ship that has dispatched us, our Letters from Lisbon Thence, as at least the substance of their Contents —

Sir

We have this Instant received your Letter by the Envoy & Cashmere but the Armenian being about to go on the Buoy have only time to notice such parts of your Letter as appear to us most urgent. As you have intended an Answer for this upon the 1st September before which the Indiamen will have completed their Cargoes for China, we hope you will be able to settle all the Remains of the Account by that time. You have misunderstood us widely when you call it Good that we require an Payment for the Remains. We did not expect a Response for Goods, but only suggested them if they should facilitate the sale of Money, that could be procured at all, certainly if you had arrange the Loss on such Debts Days that received Payment in Goods were entitled to make them with advantage to the Indiamen Liberty for which reason we desired the Remains of our Property, which is what we want. If the Settlement of the Account by Instalments should facilitate the sale we should have no Objection to it the purchaser mortgaging the Property & paying Interest upon the Amount. Part of all Charges we request you will to remit Bills not on Payment and it is to us here, for it makes Cash or nothing.

Commg the Ship Friendship

Gentlemen

Goods shipped upon our Ship the Friendship under your Command will be the request you will dispose of at Batavia for account.

We desire you will first proceed to Batavia where you will make application to Government for permission to export Gold Dust shipped upon the Account of your Cargo, which you will represent to them at the same time you make known your Business to sell at Batavia only this Voyage; praying that you may obtain the Permission of Government to buy a sum equal to Seven Thousand Rix Dollars in Silver.

If the Government shall not grant you this Permission, you are only to buy the Ventapollam Handkerchiefs sold at most of those Ports, and take Bills on Bengal for the purchase of 1000 Bags of Rice & 50 Bags of Beach, or Casks of Flour for the Convenience of Packing; with which you will proceed without delay to Amboyna for the Expedition to Amboyna.

But if you succeed in your Application, you will immediately proceed to the disposal of your Cargo - The Chintz, Longcloths, Handkerchiefs were manufactured purposely for us, conformably to Patterns sent on Board at Amboyna & after Dated Patterns, as the natives were also supplied with these Goods from Batavia we must premise they will find ready Sale there, [illegible]

Brothers for such parts of the Proceeds as he may have remitted to us, the Amount of Cash on hand, Sundry of the Goods remaining unsold. Also inclosing Regular Accounts pronounced by him of the Sales, the Accounts Current made out Monthly excepting those for the Mos of April, May & June which he desired might not be for Shipment Lists. You will compare his Accounts with those we have with you, with our Original Invoices & the Goods remaining unsold. If by the Sales & the Goods remaining on hand he does not make up the Amount of our Invoices, or if the funds in hand & the Remittances do not make up the Amount by the date, You will of course call upon him to account for the Difference. And if after a strict Investigation of the Accounts, enquiry respecting his Conduct in the Management of our Affairs, you shall be satisfied that he has not Acted honorably by us, you are to direct him by Letter of the Accompany Power of Attorney call upon him for the Surrender of all the Amount, Property & Goods belonging to us into your hands. If on the Contrary you shall be satisfied that he has acted honorably by us to the best of his judgment & Abilities with good Intentions, You will thereby nothing of the Power with which you are Invested, but proceed to the Execution of the Intended purpose in your new Connection with him. Our Object in this Adventure is to get the Goods we have made use of for the Purpose to Salize what we have now by selling & bringing away the Proceeds. After having consult of the State of the Market for Raw Cotton & the Quality & Sorts of Goods that answer best at Canton & Whampoa, & having Letters from those we may have had, You will Load Your Ships & bring on board the Requisite Quantity of Piece Goods as will be required for your trading Voyage & give the Command of Mr Sykes or such other Person as you shall judge most worthy of Confidence. Having settled this your self proceed immediately upon your trading Voyage, which we hope will not take up more than 6 months to Compass. Return to Amboyna You will place our Concerns as far as possible upon a Footing & if any Goods should remain unsold of sufficient Amount to make it our Agent to Touch at Pencalan & Padang, you may do so in your Return to Amboyna Them as soon as possible bringing Gold Dust in Return. If the Amount of Goods unsold at Amboyna should be inconsiderable you may dispose of them at Auction for whatever they will bring, so that you have no Outstanding there.

It has been suggested to us that our Ships going to Manilla & the Dutch a great deal might be done with the Inhabitants of Amboyna self in the Country Cloves which would

not be known by it whether we get the Contract or not. As
Comission upon Estimate of the Tonnage & Charges may doubt.
We have no more than seven Months Payment of Canal on
our last Contract, & we have had Tonnage or less on the
& ahalf: & the Charges of Constable Rents to more amount
to nearly half a Pagoda of Canal. This of itself added to charges of 4 per Cent
upon the Cost of the dull & Tonnage. We must also shew that you
have found many economies upon some of the Articles to be made
by the dull Contract. There is not in them an Item that
could not be happily to take it at a future that would shew
to them a reasonable prospect of saving a Profit of 10 or 12 per
Our Tenders therefore must be very Moderate if we made to
Secure the Contract. If you can come to us the dull at 3 & 4
Tonnage at 4 per Canal, we think
unfortunate we before either be enabled to pay upon Completion
to our Agents at the Different Ports I cannot but think
to awaken at that Regarding of Canal we have had those
expences on this Tonnage having but the Contract
times: The Ships Owners on the Canal are always high
in their demands at first they will want Canal shew the Profits
Page of Canal; forgetting upon the generally steady Market at
Calcutta, with an allowance of 5 per Cent to Tonnage &
afforded no reduction from the Rent the Ship they had
of unloading dull at Canal one month of Canal to the
with not be credited until we have Canal Rates
be established between the two Parties even on the Canal we shall
not be hard tyed; hence the Ships Attending dull for Canal
would then be taken away from Madras

Regarding the Comission upon the Amount of Tonnage proposed
it is right to observe that we proposed in our last Contract
from 10 to 5 per Cent: under the persuasion that the latter rate was
a fair Compensation for our trouble & that we meant to propose

Competition the lower with the Natives he & Consequently the Means of paying high freights. Reasons it may be, are dont wish you to make any further engagement for Tonnage until we obtain the Contract, but to return us at what rate you think it will be procurable, in order to guide us in our Proposals. As to European Officers although some Accidents happen to them at Sea yet we have not experienced that they detain either than Black Officers, but the reverse. We always grant them 40 Star Pagodas ₱ 120 Rupees, ₱ Ship bound to any Port to the Northward or Southward, 5 Pagodas ₱ Ton loaded at Madras, Fifty Coolies, & nothing when they only ballast is with Salt.

Dear Sir

We are favord with yours of the 12th Inst. We return you thanks for the Insurance you have effected for us upon the Despatch, & credit you for the same Pg Rs 5404

We are sorry that we mistook the advice you gave us respecting the necessity of observing to you for the information of your Insurance strictly the risque we should wish to insure. Be assured however that it was entirely unintentional. The Despatch is so well known here, that I was unnecessary to describe her to our Officers, & in writing to you & our Correspondents in Bengal I did not deem it necessary that more was necessary than to acquaint you & them that we had dispatched her. For your satisfaction however we enclose a Copy of the Report made by the Surveyor to the Equitable Insurance Office with regard to the high premium, it was asked & was Consented to pay it, in Consideration of the possibility of the Ships leaving Manilla during the South West Monsoon. Had we been Certain that she would not leave Manilla until the North East Monsoon had set in, we should have done the Insurance at 3 p Cent Certainly & perhaps at 2½

We hope there will be no occasion to call on you on the Ships Company.
