I feel myself particularly interested in the present
situation of those senior Servants
who have so long filled the Council without
any other Benefit than that which resulted from
their meritorious Employs, Benefits by no means
adequate to the heavy Expences necessarily incurred
by their Station at this Presidency / I speak in
General terms / much less to compensate them
for so many years service — deprived of
their Seats in Council only a few days ago by
means of the late Acts, they will sensibly feel
the preference of a Junior servant appointed to
so important a trust, while their Seniority and

Mr Daniell's Dissent

The President in reply to Mr Daniells Minute.

I am concerned to find any
difference of Opinion arising so early in the
present Government, upon a point on which
I should have hoped for unanimity and on
which there probably would have been una-
nimity if Mr Daniell had had leisure to
pursue the records during my administration
where very good reasons for my recommend
ing Mr Hudleston to the appointment of
President at Bajore exclusive of those
given in my Minute would have appeared
to him —

Mr Daniell seems to lay
much stress upon seniority and there are
occasions where it is not to be disregarded
But on the present occasion I conceive I
lay very little — Other merits outweigh much
more

more with one; and the seat which Mr Daniell Simsey holds, is a proof of the little value set upon Seniority by our Honorable Employers in the disposal of important Offices

The Board will however please to recollect my mentioning that if our Choice had been limited to the Members of the late Council I should have recommended Mr Maxwell as a Gentlemen perfectly well qualified and whose merits the Select Committee had particularly marked their sense of by appointing him one of their Number in preference to several of his Seniors

The Gentlemen of the late Council are at present in the same Employments which they held before the new Government took place

My Lord & Gentlemen

From Vizagapatam enclosing their Proceedings of Consultation relative to the late fray at Chicacole between the Company's Officers and Sitteramraze

We have had the Honor to receive your commands signified to us by Mr Secretary Sudleston under date the 12th Ultimo, and by the enclosed Copies of our Proceedings your Lordship &c will perceive we had previously made such progress in the Enquiry into the Disturbances that happened at Chicacole between some of the Sepoys and Sitteramrauges Peikemen that we conceived your Intentions would be equally answered by finishing it at our Board.

The circumstance that gave rise to the whole affair seems to have been merely accidental We are hopeful Lieutenant Lindsey was not the first agressor, but however it was, We deem it a very unfortunate Circumstance as what seems to be considered by Sitteramrauze in a serious light. We shall not hesitate to judge whether the precautions taken by the Commanding Officer severe or even not necessary in a Military view. But we are persuaded that he brought them on, and that it was far from his inclination or Intention to give the least Cause of Offence to Sitteramrauze. It is not improbable

improbable that the reluctant Regard he found, paid in the beginning to his orders might have made him diffident of his Men, and led him to an Extreme of Caution. Be that as it may, it was certainly unlucky and to satisfy the Rajahs mind who appears to have conducted himself with great propriety and Prudence, pains have been taken to explain the steps we had pursued, and to assure him that could we have traced the most distant Intention of offering an Indignity to him or that any of our Officers had been the first aggressor, the severest Punishment would have been the consequence, as your Lordship &c had signified not only your concern that he should have the slightest cause of complaint against any of the Companys Officers but that you would never countenance any Insult or Disrespect to him

Select Committee of

Fort St George

My Lord & Gentlemen

From the Chief Engineer with Recommendation for several Reparations in Fort St George

In my address of the 29th of March last accompanying the annual Repairs Stock I took the liberty of requesting your particular attention to the wall that defends the Fort against the Encroachments of the Sea, the Encroachments having been of late very great, and no steps being yet taken for the future preservation of this wall, I hope I shall be excused for again expressing my anxiety on that head, and as the most advanced part of it by the Sea Gate has derived considerable protection from the Roots of Red wood piles surrounding the Bastion angle, I would in addition to the Repairs before proposed, recommend securing the other projecting parts in like manner

Since I had the honor of addressing you St Georges Bastion. St Georges Bowlin, and the Limmitts south and south of St Georges Bowlin, together with

the

 Fort St. George 15th Feby 1805

the Lunnette North of Mallajah Bavelin have had the exterior Revetments of their parapets repaired as I proposed and their interior Revet- -ments new pointed with Chunam, where they required it, and it is intended to continue this necessary reform to each of the other parapets as have suffered by the late Monsoon, or are in Danger of suffering by the next fall of heavy rain —

The buildings within the Fort remain with the injuries of another Monsoon in addition to their former bad state — The Drains ordered to the Southeast are in hand and I should be glad of your permission at the same time to finish those to the north east, which will complete the whole of this essential Work within the Fort — The Gratings of the Cesspools in general being extremely bad, or entirely gone into decay, I apprehend the safety of passengers renders their Repair unavoidable —

The Glacis before the Saliant Angle of Mallangaw Bavelin against which the river has been mentioned to act so forcibly as to require an almost constant repair has occasioned much Labour since that time to avoid which in future

I

536. Fort St. George 15th Febry 1715

I propose carrying a retaining Wall in Clay of a foot and a half, or two feet from Walking Sortie to the sortie on the south face of the Fort at about twenty feet from the River, to prevent the Glacis which is there steep from being cut by the Rains, and the earth from washing into it. On this wall a Palmera Railing is intended to keep the way of the Passengers to the fishing Villages immediately on the Bank of the River which by constant treading will I hope acquire a degree of solidity equal to resist the rain from the Glacis, its force being first broke by the retaining wall, — This together with the painting of the Draw Bridges, Chains and Bridges of Communication I wish to make the early Business of the present favorable season and shall recommend their speedy execution to the Contractor unless I am directed by you to the Contrary —

The earthern Works of the Bastions round the Black Town have had some repairs, and the earth Work was in the Gateways kept shut during the War has been removed and the Gates repaired

Inserted

Fort St George 15th Jany 1786

Painted and hung. Some part of the Stockade towards the Sea at the North East Angle of these Works, has been washed away, and a much greater proportion of it has been injured by the heavy Ground surfs that rolled in against it during the Monsoon. It is very much to be wished for the preservation of the Beach both before the Black Town and Fort St George, that the works designed for the defence of that Angle had been executed, as the approach of the Sea has of late been such as to wash the Firewood from the Bankalls of the Black Town into the Ditch of the Fort and as the Sea has been evidently gaining on the shore during the course of the Year.

The Stores from Nungambaccam and Purnaccum Redoubts have been removed agreeable to orders and they together with the Entrenchments lay the Governor's Garden house, restored to the use of the proprietors

I am most respectfully &c

My Lord & Gentlemen

I have been favored with your Letter of the 17th Instant. whatever diffi-dence I may feel in suggesting to the Right Honble Committee any measures for the prevention of the daring robberies in this Neighbourhood, an earnest Zeal to pay the strictest attention to their orders must at present outweigh every reluctance at offering an opinion of my own.

From Lt. Sundt submitting to the Consideration of Government the best modes to be adopted for the Prevention of the frequent Robberies committed in his Neighbourhood.

The

The best exertions towards a discovery will always want the necessary degree of activity without the assistance of some Polygar who is perfectly acquainted with the haunts of every Gang. this is only to be obtained when he happens to be at variance with the person in whose Country the Robbery has been Committed for here such an advantage may be taken of their Quarrels, as to make private pique wear the aspect of Zeal for the good of the Circar, for a Polygar who should attempt to investigate a Robbery committed by his own people would only discover himself to be Chief of the Gang.

To trace the persons who have actually committed the Robbery must therefore be always precarious & seldom successful the pe it will appear a more effectual mode to have immediate reference to the person in whose Country the Robbery is Committed (not permitting the evasion of tracing the footsteps from one district to another) to make him answerable for the restitution of the plunder & delivery of the Robbers, and in failure to dispossess him of his Pollam; however severe

The President explains himself on M. de Contenceau's Letter relative to the Claim made by him to the Seaen Jenkins.

I &c

551 Fort St George 10th February 1785.

The 14th Article of the Treaty — mentions nothing more, than that the two Districts of Villenour, & Bahour shall be procured for an additional Dependency to Pondicherry. The Court of Directors in their Letter on this subject, apprise us, that Villenour, & Bahour consist of eighty Villages, the Names & descrip-tions of which, with the Amount of the Revenues are taken from the Memorial of Mr. Dupleix, and the Extract sent for our Information and Guidance. This Extract says nothing of the Customs of Waldour, but simply states the eighty Villages, with the Amount of their Revenues: But as a further proof that the Customs claimed by you, make no part of the Cession, Waldour only, on which those Customs depend, is not ceded to the French Nation, and the Customs being an appendage to the Havelly Purgunno and Cuzba of Waldour, cannot of course form any part of the Cession, unless they had been specifically mentioned in the Treaty; — This Circumstance added to the Statement of Mr. Dupleix, and to the Report of the Canongoe of the Carnatic, and of the Canongoe of the particular District, which expressly says that the Customs of

Waldour

558. Fort St. George 10th February 1785

Walsour were never included in the Talook of Villenour, and Bahour, Amounts to a demonstration that these Customs are not by any possibility of interpretation within the meaning of the Treaty. What has given rise to the Claim which you make, is, I apprehend the expression of the Court of Directors, that the Extent of those Cessions may be ascertained by the actual Possession of France in 1754 — But France in 1754 was in possession of Walsour itself, and of several other Districts besides Villenour and Bahour. The Extent of the Cession cannot therefore be ascertained by that standard. — I trust that this explanation will prove satisfactory to you, as nothing will give me greater pleasure than to cultivate & improve to the best of my power the friendship now subsisting between our two Nations, and particularly to prove the truth of those sentiments of Esteem & Consideration with which — I have the Honor to be

My Lord and Gentlemen,

I have had the Honor to receive your Dep.y Secretary's Letter of the 12th Instant informing

From Gen.l Campbell forwards Copy of the Proceedings of the Court

360. Fort St. George 10th February 1785

Court of Enquiry held at Poonamalee, and recommends the modes to be adopted in consequence

informing me of the new System of Government which has taken place in the Presidency of Fort St. George, in consequence of an Act of Parliament passed in the twenty fourth Year of the Reign of His present Majesty.— and have accordingly this day communicated the same, to the Troops under my Command.

I herewith have the Honor to transmit a Copy of the Proceedings of the Court of Enquiry, which in my Letter to the Right Honble the President and Select Committee of the 24th ultimo, I informed that Board I had ordered to sit at Poonamalee, to examine into the cause of the Discontents which had prevailed in His Majesty's 52d Regiment, and which occasioned the late Mutiny in that Corps.

They leave to propose to your Lordship &c. as the most adviseable mode of proceeding with respect to the 52d Regiment.— that, that Corps be removed from its present station, and likewise that it be divided.

Loss of the 2d Battalion of Sepoys - and requesting a Reimbursement

I have lately been honored with Your Lordships Sel.t Committee's Orders thro' Mr. Secretary Chamier to continue the Allowance some time ago made to Bastian Fraick /one of the Lombum Polygars/ upto the 30th of April next; in which Order no Notice is taken of the other Polygar, Seyram Reddy - As he was, both from his Attachment to our Army & the Number of Troops he brought into the Field, by far the more Zealous & deserving of the Two, I hope Your Lordship will pardon the Liberty I take in requesting in his Name, that his Allowance may be also continued

During the time I acted in the Field as Lombum as Dep.t Agent the 2d Carnatic Battalion was detached by Major General Jones in Front, which Batt.n being cut off the 4 Bullocks both Draught & Carriage with which they were equipped were all of them either Killed or taken by the Enemy - As I do not apprehend that the Contract is meant to extend to a general Carriage of this Kind, but only to the common Occurrences that Cattle are subject to in Camp; as Deaths, Sore backs, breaking

During the whole Period I was in Camp, I acted as Commissary, Paymaster, Dep.y Agent, Contractor, & Agent for Prize Money, for all of which Employs no Allowance — whatever is drawn by me yet — I therefore request to be favored with Your Lordships Determination what I am to draw on the above Accounts.

requested to inform Government what are the Claims of Capt.n Rose to Off Reckonings, on what founded, for what time, & to what Amount.

Ingram Reddy & Barker Paid to receive the same allowances as before, till the 30th April.

The Board consent that the same Allowance, as before, be paid to Ingram Reddy & Barker Paid which is to cease the 30th April next.

Mr Gardiners Claim not admitted.—

With respect to Mr Gardiner's Claim for a Reimbursement on Account of the Bullocks which were cut off in the Field, it is Agreed that it cannot be admitted, neither can the Board permit him to draw any Allowances, excepting Pay & Batta as Paymaster, double Allowances being unusual for the same Person in charge of different Employs.

Read the following Letters entered in the Miscellany Book.

From Genl Campbell—

From General Campbell dated 16th February with an Enclosure No 59 stating a request of Lieutenant Auchmuty of the 52d Regiment, who is Deputy Judge Advocate between the Nizam & the Carnatic, that an Allowance may be made to him for repairs of his Quarters at Arcot

Agreed

Fort St. George 18: February 1785.

Minute thereon

Agreed that Genl Campbell be informed, that the Board conceive Lieut Auchmuty will naturally be Stationed with his Regiment when he is not called upon Service as Deputy Judge Advocate — if the General is of opinion that Lieut Auchmuty's Presence is necessary at this time at Arcot, the Board have not any objection to his being there, but as he receives a constant allowance from the Company as Deputy Judge Advocate, it is to be considered in lieu of all Claims for Quarters, Travelling Charges &c. &c.

From Mr Agilvie

From Mr Agilvie dated the 2d 15th Instant No. 60. 61. desiring to know what he is to do with the Company's Stock of Arrack amounting to 35 Pipes, which will probably leak fast, & requesting the orders of the Board respecting the disposal of some Shirts, Hats &c, which were sent to Vellore some time ago for the Prisoners from the Mysore Country, & desiring directions respecting 250 barrels of Gun Powder which are damaged.

Minute thereon.

Agreed that Mr Agilvie be directed carefully to secure the Arrack, which must be kept in Store in case of Emergencies, that he be desired to sell the Shirts &c. &c. by publick outcry, & that he be informed that his application

application respecting the Gun Powder will be referred to the Committee of Stores, whose Answer will be forwarded to him as soon as received.

From Masulipatam.

From Masulipatam dated 27th Jany with an Enclosure N°62 expressing their Doubts whether their Settlement is to be included in the late Regulation for supplying the out Garrisons with Arrack, urging many reasons to induce the Board not to include Masulipatam in Mr Cockrane's Contract — enclosing a Letter from their Storekeeper on the subject.

Prima thereon. —

As Mr Cockrane's Proposals, in which Masulipatam is included, have been accepted — The Board are unable to comply with the request of the Chief & Council. —

From Ensign Benning.

From Ensign Practitioner Benning 17th Instant N°63, stating that he was on board the first Ship from Bengal in which he could procure a Passage by the 8th January requesting therefore that his Allowances may be paid him for that Month. —

To the Right Honorable Lord Macartney K.B.
President & Governor &c. Members of the
Select Committee
for
Fort St. George

My Lord & Gentlemen,

On perusal of the accompanying Letter received this Morning by the Rajah, from his Vakeels at Cuddapah, Your Lordship &c. will be fully apprized of the particulars which have passed between them, and Ibrahim Ally Khan. We should have been properly prepared against his requisition of Security for the Payment of the Second Kist, had not Kummer ud deen Khan, more than once assured Captain Close that the Rajah's Bond alone, was sufficient. However as the Rajah from the Steps he has taken has strong hope that the Sowcars will be prevailed on to satisfy Ibrahim Ally, We trust, that the impediments created by this unexpected demand will be shortly removed.—

Although the Rajah coincides with us in Opinion that his refusing to discharge the Nazzir

From Mess.rs Lind & Close, recommending that a Letter be written to Tippoo Sultaun, in order that his demands on the Rajah for the Nazzer & the Customs of Marellee may be relinquished; and that the affair of Condeor, be settled with him independent of any Medium.—

Fort St. George 10th February 1705.

Nazzir, and Your Lordship for determination not to admit of Tippoo Sultaun's unfounded claim to the Sayer, or Customs of Mareka, will not prove an insurmountable Bar to the restitution of the Districts, nevertheless he is apprehensive that those Points remaining unadjusted may be the cause of future trouble to him he has therefore requested of us to entreat of your Lordship for to address Tippoo Sultaun on the subject of them in order that they may be totally relinquished

As from Ibrahim Alley's Declarations in the course of the Meetings, with the Vakeels, it would appear that his Authority is confined within such narrow bounds, as not to admit of his transacting any casual business with us, except specially instructed, which would naturally occasion extreme delay, We are in consequence induced to submit to Your Lordship's consideration the propriety of having the Affair of Condicore settled with Tippoo Sultaun independent of any Mediums.

His Lordship's Letter / lodged with us / for Tippoo Sultaun containing overtures for an accommodation different from those Agreed

569. Fort St. George 10th February 1785.

Sir John Burgoyne —

My Lord & Gentlemen

The Right Honble the President having thought proper to erase from the distribution given in by my Paymaster for the 23d Light Dragoons, a charge of Arrears due to three of my men, during their confinement in Prison with the Enemy, alledging that his own memory is sufficient to assure him that they have been already been paid to those men, though vouchers are to be produced to the contrary. I beg leave as Colonel of my Regiment to say that I am willing to assert the same has never been paid, and that I am ready to stand Security for it in case it should be proved I am mistaken or if that is not sufficient to induce the Right Honble the President to do justice to those injured Soldiers, who have patiently remained so long without their just demands being satisfied, then I do hope in such case this your refusal may be signified in writing that I may have proper authority to draw for the same on the British Treasury —

Importance is to free the Company from some part of the heavy burthens of the War, and of the Current Military Expences, which at present consume so very large a portion of their Income. The new act has particularly suggested the necessity of Retrenchments in every Branch of the public Expenditure, and that which is now imposed upon us as a legal Injunction, must have every claim to our obedience. I therefore call upon the Board to assist me with their Endeavours in promoting this material Object, and to lend their firm and united Support in the Execution of such measures as may be found necessary to attain it.

My Lord & Gentlemen,

From Pondicherry requesting that the Sieur Duraft a Delinquent now at Madras may be delivered up —

The Sieur Paul Duraft lately a Merchant at the Mauritius had made a fraudulent Bankruptcy. The Criminal conduct is not the only reason which engages me to address you respecting a man whom the

Laws

Laws condemn. He is also a Plunderer of the Royal Treasury — The Government at the French Islands where these Crimes have been committed have desired one to claim a Subject so criminal, when a man violates all the Laws, all nations are interested in stopping his Career, and in maintaining the Sacred Bonds of Society — We know that the Sieur Duvejat is at Madras, under the name of the Chevalier de la Bauve, and that he lives in a Style which ascertains his Delinquency —

It is with confidence, my Lord and Gentlemen that We address you that the person whom we have discribed to you on may be delivered up to us —

gone to a Danish Settlement. The President has also been informed that during his residence here, the Siem Dargah did not make himself remarkable by an expensive manner of living as mentioned by Mr. Contenceau and Mannuron,

Letter to Pondicherry in consequence thereof.

Agreed that a Letter be written to Pondicherry to the foregoing effect.

The Board, adverting to that part of the Letter from General Contenceau and Mr. Mannuron which observes that all nation are interested in stopping the career of a man, who has violated the Laws, are doubtful whether they ought to deliver up a Delinquent to a foreign Power, if any future application should be made to them of a similar nature at a time when it may be in their power to comply with it.

The Board are doubtful how far they are authorized to deliver up a delinquent.

Agreed that a Letter be written on the foregoing subject to the Governor General and Council that they may, if they judge proper take the Sentiments of the Supreme Court of Judicature on the point in question, and transmit their Opinion for the future guidance of Government on this Precedency.

My Lord & Gentlemen,

From Mr Sullivan inclosing a Form of an act of Restitution for Pondicherry and the two Districts of Villanour & Bahour with two Passages and desiring to know whether or not those References are to have a place in the Act of Restitution for Karical.

I have received from Mr Sulivan a Form of an Act of Restitution and Cession / copy of which awaits on your Lordship &c Enclosed / which was sent him by Mr Hoyer as a guide for the delivery of Karical and its Depundencies with the four contiguous Magans, a remark made by Mr Hoyer at the foot of this paper, induces me to beg the favor of your Lordships &c opinion whether it is necessary that the two passages quoted in the marginal references should have a place in the Act of Cession and Restitution now to be made for Karical &c. If your Lordship &c should be of opinion that they are not necessary to be inserted and that the act of Restitution for Pondicherry and the Districts of Villanour and Bahour should be the basis of that for Karical and its ancient Depundencies, as well as the four Maganums I would beg the favor of your Lordship &c to order a Copy of the late Act of Restitution executed by the English and French Commissaries at Pondicherry to be sent me.

I flatter myself that this reference to your Lordship &c will not be the cause of protracting the business a single day, as the order from the Rajah

599. Fort St. George 22d. February 1785.

Rajah of Tanjore to his Minister for the release of the four Magans in the neighbourhood of Karical is not yet arrived from Mr Sullivan, and Mr Debartille wishes to have the Cession of the four Magans included in one, and the same Act of restitution with Karical and its ancient Dependencies. I may therefore hope for the honor of a Line from your Lordship &c on the foregoing subject before the Magans can be delivered over to me by the Rajahs ministers.

for his most Christian Majesty.

Sir.

I have the Honor, in reply to your
favor of this date to assure you that I have
represented to the Right Honble the President
and Council of Fort St George whatever you have
been pleased to communicate to me relative to
the Island situated near the Bar of the River,
which separates the Districts of Nagore and
Trimalrauzapatnam. As you were pleased Sir
to lay considerable weight on the propositions
for the neutrality of the said Island, with
a view to save all discussion on the Subject,
should the Madras Government disprove in
the first Instance of my acceding thereto
the Business can at once be settled —

I am at present both from
Inclination as well as Duty obliged to
remain at Karical, from whence this
Island is at the distance of several Miles
that no possible delay may arise on my
part to impede for a moment the

Sir.

I have the honor to enclose you a
Copy of the Protest I caused to be transmitted to
Mr Godfrey Commandant of the English Garrison
at Nagore the 4th May 1778. mentioning apart
he had established upon a spot of ground
dependant on the Village of Vanjour, which
comprehended a part of one of Villages. I
sent a Copy of it to Mr Bellecombe who
forwarded it with his remarks to the
Committee at Madras. Hostilities which
commenced four months after were the real

then settled, I informed you the day before yesterday that I had received Instructions to conclude this point with the Commissary appointed on the part of his Britannic Majesty who shall be vested to deliver to us our Possessions conformably to the 11th Article of the Treaty of Peace made and concluded between their Britannic and most Christian Majesty's the 3d September 1783. I beg of you Sir, after the information I have the honor to give you, to be so good as enquire if my Claim is not just and well founded. to inform me of your opinion, and acquaint me likewise if it is your Intention to comply with my request you will recollect what I proposed that, to avoid all difficulty, I can think of no other means for our mutual Accommodation than that each nation respectively shall not occupy a post nor place Sentinels on the spot pointed out in my protest —

After what Mr Sulivan told me on the 15th Instant, it appears very singular that you should not as yet have received the necessary powers to put me in possession of Karical its ancient Dependencies and the four Magans, it is to be wished that a period was fixed for the termination of this Business —

Britannic Majesty the Town of Negapatam with the Dependencies thereof. and your Lordship &c are in doubt whether as all the Dutch Factories on the Coromandel Coast to the Northward of Negapatam have been considered and denominated Dependencies of Negapatam, you should retain them as such, or understand the Expression as meaning no more than the Lands and Villages adjoining to and immediately dependant on Negapatam — This Doubt has it seems been since confirmed by your Perusal of the printed Supplement of the Leyden Gazette of the 2d July 1784 containing a Letter from Messrs de Berthemode and Boursten the Dutch Embassadors and Plenipotentiaries at Paris which shews that our Court had avoided explaining itself on the Subject —

We have no particular instructions from the Court of Directors that enable us to form a clearer Judgement than your Lordship &c of the Intention of this Clause in the Preliminaries, but we imagine that if the Cession of the Factories or separate Establishments which the Dutch proposed on the Coasts of Coromandel or Orixa had been meant to have been included under the Term of Dependancies, the Places would have been mentioned by name at all Events we are very desirous to avoid every act

that

that could tend to procrastinate the Execution of the late treaties of Peace with France and the States General, and we are unaccuses not to leave them and ground for Union or united Complaint against any of the Company's Governments in India, We desire therefore that on receiving Possession of Negapatam your Lordship &c will not insist on the Construction that might be annexed to the 4th article of the Preliminaries with the States General, but consider it for the present as applying to no more than Negapatam, and the Lands and Villages adjoining to and immediately on it but we think it proper to direct at the same time that you agree to such present Construction of this article under a formal Representation of the Rights that Great Britain will desire to the other Dependencies of Negapatam, as they have been heretofore considered of this under Construction of the 4th article of the Preliminaries should have been already determined on, or should be hereafter determined on by our Court and the Republic of Holland —

We have the honor to acknowledge the receipt of Letters from your Right Honble President bearing Date the 10th and 11th Instant advising us of the Death of the Marquis de Bussy and transmitting to us a Letter from his immediate Successor Monsieur de Coutenceau It gives us Satisfaction to acknowledge also the

For some time past I have been obliged to prevent a regular flow of Water in the Ditch by temporary Dams the Sluice Gates were bulged in order to fill the Ditch when we apprehend the approach of the Enemy the preparations of mud prevented from operating as originally intended exclusively they are quite decayed." I therefore imagine the Reinstatement of the Sluices to be the first thing required as the Water, which in the rainy Season is often upon the Berm, may thereby be kept within the Parapet, which will greatly relieve the Foundations of all the works by continueing them in the same state, a constant change of Texture in bad ground rendering the support of any incumbent Weight very precarious, and when the reform of the Escape wall is undertaken, will enable them to lower the water in the Cunnet considerably without loading the Ebb, and flow of the tide there being upwards of four feet,

The Estimate is moderate but it is impossible to say with any degree of precision what an undertaking so liable to accident will amount to.

It appears from the foregoing Letter that the Escape Wall at Masulipatam has failed more than once. That particular caution is necessary in the proposed reconstruction that the Fortification at that Settlement undergo considerable change —

Colonel Kyd to proceed to Masulipatam to survey the Fortification

On these Grounds and in order that the Chief Engineer may confer with Captain Prescott upon the Spot on the State of the Fortifications, It is Agreed that Colonel Kyd be directed to proceed to Masulipatam and that he be desired to examine in person the Fortifications and report fully upon them to the Board —

My Lord & Gentlemen

On the 6th Instant I had the honor to receive an address from the Secretary & Cashier Enclosing therein, by your Order a Report of the Court of Enquiry at Ponamalee, and to inform you respecting such points as relate to myself and the People under me —

I have the honor to acquaint your Lordship &c that in the month of February 1784. I took the Charge of the Farms

Fort St. George 25th February 1785

Farms of a Paragraph of Poonamalee in the Honble Company's Inguiir and Gmoor Mattoo and agreeable to the Cowle from the Honble Company I gave Directions for the carrying on those Farms —

The Farm of Gmoor Mattoo is the Farm of the Collection of Duties of all Sorts of good entering that Parganah from the Southward, Northward Westward to Sell there and at Madras, and also on all Sorts of goods going from Madras to the Southward Northward and Westward — those duties are Collected by afixe rates on Different sorts of goods Differently by an Established Rates called in Malabar Teeva Chatam which Chatam is always kept in Maratta in the Custody of another Officer of the Government called Canagoy and in Malabar in the Custody of an Officer of the Government called Canagoy and in Malabar in the Custody of another Officer of the Government called the Hala Carnam

Daily sent in that are where is collected more
than the usual Duties according to the Establishe

I know not that at any Place and any where,
any duties collected in any administration
more than the Established rules —

On perusing the proceeding of the
Court of enquiry at Poonamaly — I have observed
the Petition No 3. which the Portugue People
at Poonamale have presented to Colonel

one Cotwall named Anna Swamy sent by the

as usual while we are to supply whatever
may be necessary to the Fort, but now one
Venkatachlum Pilla present Cutwal insists
on us to pay more than mentioned in the
Licence granted us by the Government long
ago which was burnt away in Hyders
troubles the difference between the usual

I have examined the accounts of
the Collection of Duties by Anna Swamy
and as find it corresponds with the Established

I do really think that I have in every Respect endeavored to oblige the Commanding Officers at Poonamalee and the Garrison there for I have ceded any right in certain things and have object anyd to unnecessary Expence, by the Account I your Lordship &c will see the quantity of Rice Wheat and Sugar permitted to pass Duty free to Poonamalee and by account I will appear the Monthly Tax I am at which by no means I am oblige to, It is true the practise of Praying for such Number of Persons and Furnishing with Firewood &c took place since the Nabob Walajah had the Honble Companys Peiguir in Farm, he either paid it, as a Nabob, Hard Generosity or either made the Inhabitants Contribute for it, but I cannot do either long not being in the same situation

I humbly by leave to Represent to your Lordship &c That since 10th July 1783. to January 1784. about 7 Months in my Farm the Duties at Poonamalee was Collected, as I am informed at the rate

650 Fort St. George 25th February 1785

Demand of him a Particular account of the
Manner he levied the Duties, and to pay
one whatever he may have collected in the
time of my Farm agreable to the Established

From Mr Tallofield requesting to know on what Day the Revenues of Karikal and the contiguous Pagans are to belong to the French –

My Lord & Gentlemen

Colonel DeBoistel has communicated

to

to one an article in his Instructions from the Pondicherry Government in consequence of which he says the Revenue arising from Karical and the Villages depending thereon before the commencement of the War as well as the Revenue of the four Mayanems in the Neighbourhood should belong to their Government from the 1st of this Month, He at the same time observed to me that the English Colours were hoisted in Cuddalore and the French Colours in Pondicherry on that Day, upon the restitution of Pondicherry and the Districts of Villanoor and Bahour as well as Karical and its ancient Dependencies, with the four Mayanems should be considered as having taken place Mr Sloyer in a letter to Mr Sulivan, copy of which I have the honor to send your Lordship &c enclosed; mentions the 10th of February as the day on which he had engaged to enter upon the immediate restitution of Karical and its Districts together with "the four Contiguous Mayans" and he concludes his Letter in these Words "you will be pleased to cause to be delivered "under the said Mr de Bostel, the said "Town and Districts of Karical, together "with the four contiguous Mayans, in "Conformity to the Treaty of Peace upon

Fort St. George 25th February 1785.

This producing to you this Letter, and the accompanying Order from the Right Honble the President and Select Committee of Fort St. George

I humbly beg leave to offer it to your Lordship &c as my Opinion that all possibility of future discussion would be prevented by the Day being ascertained, from which the Revenue of Karical and the Four Maganams is to belong to the French Government, I shall have the accounts of Karical and the Villages formerly belonging thereto which have been under my Management, drawn out in as clear a manner as possible both to the 1st and the 10th of February — The Revenue of which for these few days will be inconsiderable as very little of the Paddy was cut down but it is out of my Power to give your Lordship &c any certain information at present respecting the time when the Husbandmen in the Four Maganams began to cut their Crop, in this part of the Country it is generally usual to cut the Sumbah and Peshanum Paddy from the beginning of February till the end of April —

I am extremely concerned that any Circumstance should have arisen to

Sir,

I have just received an Answer from Mr de Contenceau; if the one you expected from Madras is arrived, we could finish our Business tomorow but in the meanwhile that no time may be lost, I think it necessary for you to order the Annulaar of the four Maganes, to send you without delay the Chief Inhabitants and the Records of Paraguenes, Serrannellar, Nawengar, Thattacherry and

A Slight indisposition pre-vented me the Honor of seeing you yesterday, and of assuring you with what particular regard.

From Mr Irwin En-
closing a Statement
of the present footing
of Army Payments Pro-
posing a Mode for fut-
ure Disbursements.
With Copy of a Letter to
him from Colonel
Pullarton on the Subject
of the Outstanding
Bills of Exchange, drawn by
Mr Digby for Camp Dis-
bursements, and ac-
cepted by him.

Sir,

I have been favored, with
Your Letter of the 23d Instant, enclosing Copy
of the Letter to Captain North by Order of the
Right Honble the President & Select Committee
I have the pleasure to understand from
Mr Hinderson, to whom I forwarded the
Letter, that the Contents have been duly
Complied with, and the Padre of Tutocorin
fully Satisfied.

My necessary absence from
this place to arrange some public Matters,
with Mr Sullivan relative to the Polygars of
Warriore —

Warriore Pollaver, & Arinlore has kept me
silent so long on the Subject of the Army Arrears.
The enclosed State (№ 1.) of the
present posting of Army Payments, furnished
me by Mr Digby, will I hope, convince the
Right Honble the President &c. that We
have not been inattentive to the great object of
our Commission — I beg leave to refer them to
the Paper itself for an Explanation of our
Situation; and shall Content myself with
observing, that about 90,000 Star Pagodas, have
been advanced to the Paymaster of the Southern
Army, on Account of the Arrears of the Native
fighting Men, since my Arrival here, from
the Revenue of the several Districts under
my Charge, besides 60,000 Pagodas more to
the Paymasters of Tinnevelly, Madura and
Dindigul, for the Current Pay of the
Troops in Garrison, as will appear from my
Accounts Current with those Districts for
the Months of December & January
transmitted to the Right Honble the President

Mr Digby & I propose the
following mode for future Disbursements,
which we conceive from its equitable principle
will give the greatest Satisfaction to the
Army

6/d Fort St George 1st March 1785

I may in general, be met with the approbation of Government

1st to pay the two Current Months for 1784 (Nov.r & Decr) in order to keep the Cantonments on a footing with the Garrisons

2dly To Ditto the Officers for January 1785..

3dly To Ditto, the Europeans for March

4thly To level the Arrears, by clearing the Year 1783, estimated at 60000 Star Pagodas or thereabouts; after which there will be only 3 Months Subsistence to clear off. from the 1st. of January to the 31st. August 1784 - besides the Balance of the Batta, as Stated by Mr Digby in his Estimates of the 5th. January.

From this review of things I flatter myself it will appear to the Right Honble the President &ca that this the Demands on the Company in this Quarter are heavy & pressing; the Resources in their Hands are Justly adequate to the removal of their Difficulties — and that the peculiar Circumstances attending the Nabob's Assignment still operate to prevent the possibility of our Committing ourselves for the Event, so much in reason is still to be gathered from the past, as to become an earnest for the Success of our future measures.

Before

1680 Fort St George 1st March 1785

Before I dismiss this Subject it is incumbent on me to say a few Words on the Head of some outstanding Bills of Exchange drawn by the Paymaster of the Southern Army for Camp Disbursements, & accepted by me. By the late restraining Orders of Government they remain undischarged; a Circumstance that appears to have occasioned a Letter from Colonel Fullarton to me previous to his quitting the Command, a Copy of which (No 2.) I have now the Honor to lay before the Right Honble the President &c. The Amount may be 24,000 Star Pagodas, and I request their pleasure on a Subject, that may become very distressing to me, if some Method be not soon taken to liquidate the Bills, or leave be not given me to appropriate a small portion of the Pinnevelly Revenue for that purpose.

Having now discussed every point that I conceive relates to the appropriation of the Revenues, agreeably to the Spirit of the late Orders of Government I cannot avoid stepping beyond the Line prescribed, to urging something in behalf of an indefut, but clamorous set of People, who daily

21

daily surround us with the Cry of Distress. and are not to be satisfied with the Answers we can afford them.

The Situation of the Lascars & Artificers is become so hopeless from a vain attendance of 6 Months as to inspire them with a Resolution of proceeding in a body to the Presidency ——— Without Current Pay or a prospect of Subsistence, they decline the tender of Certificates; which they say, are not only unproductive, but Subject to be lost at a distance from the place they were granted. On private Loans and a little Paddy which in Spite of our own Wants I could not withhold from their obvious distress, chord been their whole Dependance.

I humbly Conceive, that an Order for Grain on different Districts in Monthly Proportions, or the appropriation of some Funds, on which to raise Money for their Relief, real[ised] at distant periods, would go far to alleviate their immediate Wants, and to induce the Paymaster to exert himself in their behalf. From every Motive of Duty and Interest — If this Idea were adopted the same relief might be extended to the Bullock Men &c., who come under the Description of

682 Fort St George 1st March 1785

of the Followers of the Army, & to the Subscriptions for Moguel Horse and discharged Sibbendy.

I have been led, much further into the Business of the Army Arrears than I was aware of, when I took up my Pen, or perhaps, than my Situation can fully justify but my Sentiments are Submitted with the greatest Deference to the Judgement of my Superiors, who will always find me ready to execute their Commands than to offer my Opinion.

I remain,
Sir
Your &c.

N.B. The Batta not yet paid for the Months as it hath been suspended at times, pending the Arrangement to be made for the future Pay.

Since my Statement of Arrears transmitted the 5th January last to Genl Burgess after Mr Irwin's Arrival at Tritchinopoly. One Months Arrears to the Black Troops lately composing the Southern Army, Two Current Months to those in Cantonments with four Months to the European Privates, have already been disbursed, and the Officers in Cantonment cleared off from August 1784 to the end of December last, besides advances towards finishing the Mellore Cavalry, and Bills of Stores Officers gone Home, by order of Government.

The Public Followers, and Departments remaining as Stated in my last Estimate, excepting a small Portion of Batta distributed among the Garrison to silence their importunate Clamours — And the 15 Days in September allowed by Government

The Officers Arrears to the 31st August 1784 are in the same predicament; only Sixty four Certificates have been taken out and those Surrendered, not yet liquidated.

It has been recommended by the Commanding Officer to the Subscribers in consequence of representations from the Troops in Cantonments of those in Garrisons being further advanced in the Payment of Current Months, to issue alternately one Months Arrears and two Current Months to preserve an equality among them.

By the former (Arrears) is to be understood Field Pay to the Battns upon the Old Establishment, the Rice being deducted from the Batta (when the Subsistance is cleared — By the latter (Current Months) Pay deducting Rice, upon the New Arrangement of the Troops. The Commissary of Stores Department coming under the Description of the Government Order forbidding Payment has received no Advance for the Current Months

To Eyles Irwin Esq.

Sir,

As I propose soon to leave this Country, I think it my duty to state to you or rather to recall to Your remembrance & to solicit Your attention, to a point of public Business, in which I conceive the public Credit is concerned.

In the course of the several equipments of the Southern Army, in which Your exertions tended so materially to support the public cause, it is well known to You Sir, that the Storekeepers of different Garrisons at any urgent request used every means of procuring Stores & Supplies for the Army & in doing so were obliged to enter into agreements Contracts & Obligations with various Merchants. Some Stores were also furnished from Cochin, & as these Articles were furnished & the faith & Credit of the Servants of the Public pledged for them, many Months before the Orders of Government were issued, restraining the Disbursements. I am hopeful Sir, that the same Rectitude of Conduct & public Zeal, which has ever distinguished You in your present Situation will induce You to take measures for the payment of such Demands as fall within the Description above Stated.

I have the Honor to be,

Sir.

The Board approve the Mode recommended by Mr Irwin for future Disbursements & it is accordingly Agreed that he be desired to adopt it, observing always to reserve & secure with Regularity the Sixth Part of the Revenues, which is appropriated to the Nabob.—

Do.

The Board are very desirous of discharging the Bills drawn by the Paymaster of the Southern Army, which Mr Irwin has accepted, and as similar Claims have been liquidated here by Bonds, or by Bills upon Bengal, of which the former Mode is still open, it is Agreed that Mr Irwin be desired to offer Company's Bonds to the holders of Bills, if these Accounts have been duly Audited.—

As the Board cannot at present consent to Mr Irwin's Plan of appropriating any portion of the Collections for the discharge of the aforementioned Claims, they are disposed to Consent to such Appropriation in favor of the Lascars & Artificers, whose very distressed Situation makes it necessary to render them some immediate Assistance, & the Board think this Mode preferable to Mr Irwin's Proposal of granting in their favor Orders for Grain on different Districts, which would diminish the Peishcoush, or Revenue from the different Polygars or Renters—with respect to the Butbot People

My Lord and Gentlemen

From Mr Sullivan the Polygars of Ramnadpuram and Shevagunga agree to defray all the Charges of the Troops stationed in the Marawar Countries from the 1st February 1785. several Papers on the Subject inclosed

Having with the approbation of the Right Honble the President Negociated with the Polygars of Ramnadpuram & Shevagunga for relieving the Company from the Expence of the Troops Stationed in the Marawar Countries, and having had the good fortune to succeed by inducing those Polygars to defray all the Charges that may be incident to that Establishment from the 1st day of this Month

Fort St George 1st March 1785

Month inclusive, I have with the Concurrence of Colonel Martin, formed the accompanying Estimate of the Monthly Expences to the Polygars & tho' it has been made upon the most Contracted Scale that the Service would admit of Your Lordship &c. will perceive that it will amount in the Year to about one Lack of Rupees a Sum which may be Considered as so much added to the Tribute of those Countries & as a Reduction of the Expences of Government in the same proportion at least.

I say at least, because the force which I found established in those Countries in the pay of his Highness the Nabob & the Charges of which hath fallen on the Company from the Date of the Assignment of 1st December 1781. has been found to amount upon an average of three Years & two Months to the Sum of Star Pagodas 64,568. 34. 60 per Annum altho' the greater part of the Troops were disbanded on the 1st September last year as will appear by the General Orders issued for that purpose by Colonel Stollarton Copy of which, & of the Reduction made by him in the Establishment accompany this

Secretary to the Council
Fort St George

Sir

From Mr Sullivan enclosing Copy of a Letter from him to Mr Jackson Stating some Circumstances relative to the Examination of Company's Accounts of Company's Attorneys have received Instructions to answer for him any Demands made by Government for a Reimbursement.

I have the Honor to acknowledge the Receipt of Your Letter of the 27th Ult.
It has ever been my endeavours to anticipate the Wishes of Government in every Act of Duty or Service and I trust it will appear that I have been particularly attentive to this in the instance pointed to by Your Letter.

With a View of evincing this I am to request You will be pleased to lay before the Right Honble the President and the Council the accompanying Copy of a Letter addressed by me to Mr Auditor Jackson and delivered to Him with my Declaration upon Oath, which I conceived a necessary Attestation as well as in Duty to the Government under which I had the Honor to be employed, as in Justice to those Individuals who had confided their property to my Care.

Some time before the
delivery

Fort St George 1st March 1785

delivery of the above mentioned Letter, I transmitted to Mr Auditor Jackson at his desire a particular Account of the Number of Bullocks employed by me for the Company with an Explanatory Statement of the particular Services in which they had been employed. Supported by a Return of the Stores and Grain brought into Tanjore each Month, and I had the pleasure to receive a written assurance from Mr Jackson that those Accounts and Statements were perfectly Satisfactory. I have not a Copy of those Papers, or I would add it to this Packet for the Information of Government (by Letter Books and all official Papers left with Mr Hippesley, who can give every necessary Explanation in every Department of the Accounts, and I shall leave particular Instructions with my Attorneys Messrs Benjamin Sullivan, John Balfour and John Cope Hippesley to answer for me to any Demands that the Justice of Government may make for reimbursement or otherwise, I will only add that as I stand answerable to Individuals for near a Lack of Pagodas on account of Stores delivered in which I had no interest direct or

I have the Honor to be
Sir
Your &c:
(Signd) John Sullivan

Fort St George

To Wm Jackson Esqr
Commissary of Accounts
at Warriore.

Sir

My ill State of Health having
obliged me to resign my Employments and
to prepare to leave India before the Garrison
Accounts of Tanjore can be finally
audited, I feel it incumbent on me to
State some Circumstances relative to
those Accounts particularly to the Head
of Purchase of Stores which under the
Circumstances of this Declaration; I
trust, will have full Weight when
brought forward to the Audit

On

Fort St George 1st March 1805

On forming the Southern Army in October 1782, the reduced State of the Stores in all the Southern Garrisons occasioned by our Losses in the Field and the great difficulty of procuring Supplies from the Presidency, rendered a provision on the Spot, of indispensible necessity — On the great Reinforcements of the Army under the Subsequent Command of Colonel Stuart, that Necessity became still more Urgent — The Public Resources at that period, afforded but a Scanty Supply to the fighting Men in the Field, (the Tinnevelly Provinces and the Polygars being then unproductive;) No advances therefore could be made to Departments which were daily receiving Indents & urgent Requisitions for the Equipment and Supply of Stores, without which the Army could not move, much less Act.

With these obvious and weighty Embarrassments to Encounter, the Supplies & Equipment of one of the largest British Armies ever Collected in the East, became a Subject of serious and difficult Arrangement. Every Article of Provincial Fabric not only required immediate Advances

to

to the Manufactures, but from the
scarcity of Materials and Workmen (in
the general distress of the times) were advanced
beyond all proportion to the Current prices
before the War and to the Prices in those
Districts of the Peninsula less exposed to
the Devastation of the Enemy. all Articles
of Foreign Growth or Manufacture bore
an Advance still more Disproportionate.

Under these Circumstances
of public Difficulty and Distress, the Compa:
ny's treasury admitting of no Advances
and the Articles of most pressing Demands
being only purchasable by prompt payment,
I Considered myself authorised, under
the urgent and repeated Directions of
Government. "That every Exertion should
"be made for the Equipment & Supplies
"of the Army." to enter into such Engage:
:ments as might most effectually
Secure the great Objects in Contemplation.
And I found the good fortune to see
the public deficiencies supplied by the
Exertions of private Credit.

Many Articles of the
Stores so provided, should be found to
differ

Fort St George 1st March 1795

differ from the Charges made in other
Garrisons or places even to the Southward.
No inference can in general be drawn, or
such a Comparative View, in prejudice
or even in favor of those Charges, because
it is a known fact that the prices of
Several Articles of Provincial Manufacture
varied as much as the prices of Grain,
and were often widely Disproportionate
in the Neighbouring Provinces of Tanjore
and Tritchinopoly; — still more to the
Southward, which was less exposed to
Casualties, or affected by the Calamities
of the War —

It may not be unnecessary
to remark here that from the first
formation of the Southern Army in
October 1782, to the Conclusion of the Peace
with Tippoo Sultaun, the Fluctuation
in the prices of Grain afforded the means
of realizing very large profits by Secure
& quick Returns, & this so obviously
that the Company's Bonds were offered
to Sale, even by Wealthy persons, at a
Discount of 50 P.r Cent nor can it be
necessary to observe that however decided
a Claim the public may have upon the

most

Fort St George 1st March 1785

most Signature labours of their Servants,
it could have no Claim to the appropriation
of their Private Funds and Credit to an
Extension of those advantages which every
Day presented themselves to the Ordinary
Merchant or Dealer.—

As Charged with the
public Expenditure of this Garrison, I can
over that the Disbursements, Receipts and
Issues Stated to Government in the Store
Accounts during the term of my Employ
are Strictly & bona fide just; The Charges
of Purchase are Such as have either been
actually paid or engaged to be paid to the
Merchants or Providitors, without the least
participation of Advantage, Expence or
implied on my part, Either as a Servant of
the Company, or in any other Character.
in support of which Assertions I will
Chearfully make the Affidavit, if it should
be judged necessary.

It is here incumbent
upon me in Justice to those whose labours
and Credit have aided me in those Supplies,
to State, that tho' in my Original Engagements
I had pledged the public Credit to Acquit,
at

Fort St George 1st March 1785

at an Early period, the Obligations I had entered into on Account of the several purchases for the Company — Should have been mortified to find myself unable to keep my Engagements or to extend the Allowance of Interest beyond the Account Stated to Government in — 1784 — The disappointment and consequent Loss will I hope plead for the Earliest possible discharge of those Ballances, which can only enable me or my Representatives, to Acquit myself of these long protracted Obligations.

With respect to the purchase of Arrack as Stated in the Agents Account it may be proper to Observe that on the first intimation of the intended Reinforcements of Europeans, I thought it of most Essential Public Service to Secure a large Supply of Arrack, and having no Public Resource that could be appropriated to that Service, I should have thought myself Warranted to go as far as the then known Selling Prices of that Article at the Presidency permise the obvious advantage of Employing a Capital with such Returns as before Stated, afforded a much larger profit than could be possibly drawn from any

Such

Fort St George 1st March 1785

Such Engagements, that the period of
payment been even Considerably less pro-
tracted, and because the Expence & Risk of
bringing Arrack from the Residency
would have greatly increased the Charge of
that Article to the Company —— But in
fact no purchase had been Stated to
Government at so high a price as the
Current Sales at Madras by ten Pagodas
pr Leaguer —— It is to be observed too
that the Opportunities occasionally offered
of making purchases, with Ready Money
on the Coast, at a lower Rate, Yet at
the most Critical periods of demand for
this Essential Article (particularly at
the Time of the March of the Grand
Army to Cuddalore) scarcely any Arrack
could be Obtained but from those with
whom I had engaged, and who, as
Merchants, were free to Square their
prices to the Public Exigency. —— I feel
myself bound in justice to make this
Observation, because I am persuaded
that a much greater portion of Public
Zeal than Consideration of private
Advantage influenced those who under-
took the Supply of this & many other
Articles

Fort St George 1st March 1785

Articles of Provision for the Public, and the Essential Services rendered by Such Opportune Provisions are very forcibly, and I can take upon myself to say, not over Stated to Government, in the several Addresses of Colonel Fullarton, whom in Command of the Southern Army.

Having Stated thus much on the General Head of Provision & Equipment, I will only add that on all points of Detail of Receipts & Issues in the Store Department of this Garrison, when they come forward to Examination I have the Satisfaction to Reflect that Mr Hippesley who essentially aided me in many Departments of my Extended Employ, will be ready to give every Satisfactory Information. Whenever Deficiencies or Wastages appear, He can shew that they have been unavoidable, and wherever Vouchers from a Variety of Causes, may be wanting to ascertain the Issues, agreably to the prescribed Forms of the Service, He can adduce such Testimonies as I trust, will be perfectly Satisfactory in the Audits as far as my own Solemn Asseveration can add weight to such Statements, I

can

Fort St George 8th March 1785

can take upon myself to swear, that to the
best of my knowledge & belief, no prevarication
or Neglect has obtained in the Administration
of this my important Department of my
Employ, but that the whole has been
Conducted with the most Scrupulous
Zeal & Attention to the Interests of the
Public.—

From Mr Digby with a Statement of the Differences between the Accounts of the Committee of Assigned Revenue and the Paymaster of the Southern Army also the Particulars of the Sums charged to his Debit from Rammad and Shevagunga with the Remarks thereon.

of the Finneveltly Sums — But although much Correspondence has already passed to reduce them to the present State, I am still in hopes to reduce the Sums still further, when I can obtain the Information I have written for, in the mean time I have left the whole Amount in Suspence

The Sums for which I am Debited in the Committee's Account Current from Shevagunga and Ramnad not having passed thro' my hands, it required time and Investigation to trace the Heads under which these Sums should appear: The Statement № B will shew, what part may be carried to my Debit, when proper Vouchers for the Delivery of the Grain can be produced. But I much fear an Accident has deprived me of the Documents necessary to give Your Lordship the particulars of the Sums received by Colonel Fullarton Commanding the Southern Army, to whom I find the Sums mentioned in the annexed Account have been paid and which he Acknowledges in his Reply to my Letter on that Subject, and promises both before, and after his Arrival at Porto Novo to transmit me the Explanation together with Copies of his Letters to, and

from Government, that are now become so essentially necessary for me, but to my utter Astonishment I heard of his Sailing, without being able to obtain any Intelligence from that day to this of the Packets alluded to. that by Report, I understood were forwarded under my Address. I am still in hopes that as this Money must have been Appropriated for the Various Demands of Secret Service, for which he had received no Advances from me; that he has possessed Your Lordship with such Explanations as the Nature of this Expenditure demands. In the mean time I must entreat Your Instructions on the Mode of Adjusting these Sums, that in Case You should think proper that they appear in my Books as so much received, to advise me what Head should be Debited for the Disbursement.

I am the more induced to believe Colonel Fullarton has left behind him Papers explanatory of the Expenditure of this Money, from a Paragraph in M.r Sullivans Answer to my Application to ascertain the Receiver, where he says, after Stating to Colonel Fullarton his

1 Every Endeavour has been used to investigate this Demand and discover to Persons to whom they can be Charged a very small Proportion has yet been accounted for and we still wait the result of our Correspondence.

2 The Bullocks at the Posts alone could have received it deny the Receipt and presume to allow the Stoppage

3 This being Taken by Plunder it is impossible to ascertain the Receivers.

4 Sums of these Bills &c for Horses purchased for the 2d Temporality Troop and should be transferred to their Books which will be done hereafter

5 The Amount deducted being an Error in the Acceptance of the Bills at Temporality it is since adjusted there.

6 The Bullocks delivered before Captain Cunyngham my could deliver them over in Camp of course the Agent could Charge them to no particular Person. And the Company hire, but never own Bullocks.

7/8 These Bills have been twice Charged once in the Sum of 9720 Dº and again Separately they will be objected in the next Receipts

9 Upon Application to the Superintendant he informs me these Vouchers were transmitted to the Right Honble the President but will be essential to support my Accounts having granted a Receipt for the Accounts.

Committee of Assigned Revenue

1/23 Fort St George 1st March 1803

To Chas Sykes Esqr

President &c. Committee of Assigned Revenue

Gentlemen

The President's Letter to the Committee of Assigned Revenue thereon

I have the honor to send to Your a Letter, which I have received from Mr Digby, late Paymaster of the Southern Army, inclosing two Accounts, which relate to the Adjustment of his books with those of the Committee of Assigned Revenue — You will please to examine them, and take such Steps thereupon as appear to You best suited to the Public Service.

I have only to observe to you that, with respect to Colonel Fullarton's Accounts, I am a total Stranger to the particulars of them, tho I dare say they will appear Satisfactory, when explained) but it seems to me that there has been an Original Irregularity in the Manner (Stated, as received from Ramnad, and Shevagunga, (amounting to above a Lack Thirteen thousand Rupees) not having been paid by Mr Sullivan to Mr Digby who was the proper Officer to receive them instead of Colonel Fullarton's* delivering in

the

the Account of his Disbursements — Colonel Fullarton did not possess one, as Mr Digby conjectures, with an explanation of the Nature of the Expenditure, nor do I imagine that any thing like so large a Sum was appropriated to the Demands of Secret Service, because the Charge in such a period would bear no kind of proportion to the Secret Service expended by other Officers in similar Commands, or to the Annual Amount of the Secret Service of this Government, which altho' including several Sums ordered by the Select Committee to be placed to that Account, that could not well come under the usual heads of the Books, have not amounted during the whole time of my Residence here of near four Years to two Lacks of Rupees, but as Colonel Fullarton's papers which would have cleared up the point, have miscarried, there is no other Way, But to Request the Court of Directors to call upon Colonel Fullarton in England for his Accounts, which I have no doubt will accurately explain the matter, and to transmit them here by the first Ship I presume at all Events that Colonel

Read the following Letters
as entered in the Ad. B. Vol. Pp. 130, 131, 132, 133, 134

From Mr Ogilvie dated
25th and 27th Ult.o the former transmitting
Sundry Accounts of Arrears in one of which is
included the Amount of his Contract for the
building of Granaries — the latter, Stating that,
as his Allowance of Pay. 26: 2 for taking Charge
of, & selling the Arrack must necessarily cease
since a Contract for that purpose has been
made with Mr Cochrane he hopes the same
Allowance will be Continued to him in Consi-
quence of his being in Charge of the Grain
and Provisions at Vellore.

Agreed that Mr Ogilvie
be informed that the Board are willing to
liquidate his Claim of Pay. 7405. 26: 20, (the
Amount of his Contract for the Granaries)
by a Company's Bond, & that for the discharge
of

Of the Remainder, Of the Arrears (being Pagodas 760) Cash will be shortly sent to him.

With respect to his Request that the Allowance of Pagodas 26: 21. be Continued to him Monthly, as above Stated, It is agreed to inform him that it cannot be Complied with, since it is unusual to make Allowances for similar purposes.

From Mr Falk

From Mr Falk, dated 22d Ulto stating the Inconvenience which would result from the having two large Boats for the Service of the Rivers to the Southward, & recommending their being built, which he thinks may be done for about 300 Pagodas.

Minute thereon

The Board concur in Opinion with Mr Falk on the Utility of having Boats for the Service of the Rivers, & it is Agreed therefore to desire the

He will inform the Board whether he is willing to build the Boats upon certain Conditions, such as that the Builder shall have the profits of Toll (to be approved and fixed by the Board), for a certain Period, which may amply Reimburse him for the Expences in Constructing the Boats — after which period, the Boats & future Profits to belong to the Company

and Troops which Reports he has taken upon himself to execute as they can be performed with the Materials of Buildings pulled down, at a small Expence beyond the Workmanship.

Agreed that M.r Sloisard be informed that he must send an Account as soon as possible of the Repairs in Hand, & be cautious to avoid the smallest unnecessary Expence.

Minute thereon

From Captain Dowes dated 24th Ult.o requesting to know, if any, and what Quantity of Rice is to be left in Chillumbrum for the Guard who remain in Charge of the Garrison.

From Capt.n Dowes.

Agreed that Captain Dowes be desired to inform the Board what Quantity of Rice is in Store at Chillumbrum, after which he must leave it in Charge of the Jemidar, taking his Receipt for the quantity. thus left with

him, when the Account is finished directions will be sent to Mr Hoijsard respecting it.

The President informs the Board that the Commissary of Stores has reported to him that some Military Stores for the Southern Garrisons are ready to be transported thither, & that Mr Garrow has offered to provide Tonnage for them for the Sum of 450 Pagodas.

The President informs the Board of Mr Garrows Proposal for transporting Stores from hence for the Southern Garrisons for the Consideration of 450 Pags.

As there are about 450 Candies in which are included 400 Barrels of Gun Powder for Madura, the Board think the Proposal reasonable & it is accordingly Agreed to accept it & that Bills be drawn on the Resident at Madura for the Amount of the Freight, payable when the Stones shall be safely landed.
