The President lays before the Board the following Letter from Count de Bylandt, Chief of Sadras.

To the Honble. Major General Sir A Campbell K.B.

&c. &c.

Sir,

From the Governor of Sadras Complaining that the Natives Rent and his People stationed between Pondichery & Sadras exact unwarrantable Duties on the European Merchants & behave in a very unbecoming insolent Manner

Immediately on the Arrival of the Letter of your Excellency did me the honor to write me on the 5th December, I sent Money & people in search of the Two Deserters in question they only returned Yesterday Evening without having seen them. By Jean a Spie of your Excellency they have not passed this way.

As I am too much flattered in finding Occasions to prove to your Excellency my Zeal my esteem & my respect for you, on the other hand nothing more concerns me than when I find myself obliged to importune your Excellency, who has Business of too much more importance.

But

Fort St. George 18 December 1787.

But does it not rest with your
Excellency to do us Justice, can we well acknowledge
any other protector for the Carnatic than the
One belonging to great Britain, conducted &
managed with your Wisdom, for which Reason
I sought to congratulate myself on Account of my
Nation more than any one else; & if then the
Nabob himself enjoys that protection, than we
can have no Reason to complain, and for that
Cause it is necessary that our Complaints in
general should be addressed to your Excellency
in preference to a Nabob.

To adhere to my instructions & to
preserve with your Excellency and the Nation
in general the best understanding I think
it would be acting improperly to speak to the
Nabob.

It appears that the Complaints
I made of the rents stationed between Pondichery
and Cuddalore have only made them more insolent
to Europeans as I have received no redress, and

even

even the English Captain Born & the Dutch &c
have ruined none, this is the case M.r Pontou.
a Scotchman found that the Cantonment at
Wallaja had exposed him to too great expences
& obliged him to give more extensive Credit
than his independent circumstances could ad-
admit of, he chose to reside at Sadras promising
to furnish the Cantonment and serve Supply
as he had done before and at a cheaper rate,
in Consiquence he went to Pondicherry. and
bought for three or four hundred Pagodas
Wine, and Brandy. the whole of which he
put upon 15 Carts. He was Stopt two Leagues
from Pondicherry to pay sixty Pagodas to
the Renter he said I have not that Sum, I am
going to Sadras where I have money; if you
will permit me to proceed the rest of my Journy
you may Keep as a Security two or three Carts,
the weather is becoming bad & I shall not be
able to pass the Rivers, no replied he I will not
neither give you that permission to leave
a Security

a Security nor an acquittance, others do as I do, they collect from every one they can, he came to me & told him, he had better return & avoid all disputes I will give you the Chelingues for nothing and & take back the Loads to Pondicherry I sent a Peon on Account of the delay of Ponton, he was sent back and said they had agreed for thirty Pagodas and the Renter gave him an assignation to pass unmolested to Cadras. Ponton departed but before he had got two Leagues & farther he was again stopt for 60 Pagodas, & being anxious to preserve his right he shewed the Sign he had received from the first they however stopt him, threatened him and ill= treated a Peon of our Company & would neither permit him to proceed or return, at Last he again agreed for 30 Pagodas & again proceeded on his Journey, he was stopt for the third time in the English Territory where they again asked him for thirty Pagodas he

compromised for 15 Pagodas; in short he was delayed 17 Days - all this ouasioned a Loss amounting to Pagodas 117, the Carts belonging to Pondicherry ought to be indemnifyed - the Poor Ponton had only a very little left to pay the 5. p.Cent which I imagine he could not have paid without my Assistance, he would have been under the Necessity of in fact abondoning his Merchandize to the Renter. what distress! what Vexation! nothing can be more cruel, than a reprisal of that Nature. they pay nothing here but we must establish a Similar Venter for to collect upon what comes from Pondicherry to Madras - For it suffices that an Englishman residing with the French or With the dutch, must experience all these Grivances, no one will refuse paying the established Venter, but so arbitrary a One as him I have the honor to point out to your Excellency is insufferable, but

still

still payments is insufficient the poor Europeans are moreover flogged - Your Excellency after this will conceive with me how they treat the Natives, and the Injury this does to trade, your Excellency will excuse me for being thus particular but as continual complaints absolutely Allegiance, & I should not have now been so pointed on this Matter had your Excellency honored me with a reply to my last Complaints of a similar Nature.

Honourable Sir, & Sirs

From the Commandant at Amboor — With a Bill for repairs &c — communicates Intelligence received from the Mysoor Country —

Herewith I have the honor to transmit the Accounts for transporting the Guns Stores &c up the Hill at Amboor, and work done on the Hill, which I hope will meet with your Approbation.

I have also the honour to send you the following intelligence which was brought to me by a Man I sent out above two Months ago, who returned yesterday after being Prisoner some time, and making his escape out of the Guard on Tippoo Sultaun's Camp.

My man informs me that he went

1561. Fort St. George 18th. Decer 1787

went to Malcottah about 30. Miles from Seeundera-
-pott/a New Town built by Sippoo/near to
Seringapattam, That whelst he was at
Malcottah he heard that the Marattah
Army was at Henpanelly near to the River
Kistna; he also tells me that a Detachment
consisting of 3000 Horse & Battn. of Sepoys
14 Guns and a number of Camels with Rockets
came to Malcottah whilst he was there; &
that they received Orders from Sippoo Sultaun
to March and join Comorodeen Cawn who
was gone towards the Malabar Coast with
a Detachment of 12,000 Horse, 16 Battalions
of Sepoys a great Number of Peons and 30
heavy Guns, besides Field Pieces; he also says
that Sippoo Sultaun is Sick at
Seringapattam; and the Report is that he has
a large Bile on his back and another on his
thigh, That he had not been out of Seringa-
-pattam for 20 days before he left it to
return to Amboor which was about 12
Days

1562. Fort St. George 18th December 1787

days ago, the Army near to Seringapattam he says moves ground every two or three days & that they are five Months in Arrears, and the Sepoys receive five gold Fanams a Month and the Peons three in part of their Pay, that the want of Grain in that Country has made all kind of Provision very dear.

That near to Bangalore there is an Encampment of 20 Battalions of Sepoys & a great number of heavy Guns Field Piece and Mortars, besides Bandys and Camels for carrying Rockets, he says that the large Reservoir Tank that supplies Bangalore is quite dry — The Cudapah and Conde Troops under Dowlet Cawn and Sultaun Sing were Encampe near to Balapore where they had been for near 3 Months. My Man says the G general talk amongst Sippoys people was that he intended to enter the Carnatic but waited to see if the Rains would fall as he was apprehensive from the Accounts he received that

Honble Sir & Gentlemen

We have the honor to lay before you the proceedings of the Committee on the Investigation of the Army Accounts from the first arrival of his Majestys Troops in India up to the 30th June 1781.— Our reasons for sending in our proceedings made up to this Date, we hope you will approve as the specimen may be forwarded to Bengal for the revisal of that Government & any necessary alteration in the form be made in time should it not exactly correspond

From the Committee for examining the Accounts of the Kings Troops with their Proceedings applying for a Monthly Salary —

Correspond with their Ideas.

The 24th of June 1781. is also the period fixed by the Act of Parliament for the Company to Commence paying the Subsistance as well as the Extraordinaries to his Majestys Troops; We therefore thought we could not break off on amore suitable occasion.— Our Investigation however has advanced some Months into the year 1783. & if the Report we have now the honor to make shall be found to meet your approval, we shall begin to flatter ourselves that the business committed to us will in the end be accomplished to your satisfaction notwithstanding the complicated difficulties that break upon us in proportion to the increase & dispersion of the Hinges Forces over the Companys Possessions upon the Coast.

The Adjutant General of the Army has furnished us with all the Returns belonging to his Majestys Troops in this possession but there are many absolutely necessary

Possession of his Majestys Adjutant General who
accompanies General Meadowes's Detachment
from England, We have to request that he be
directed to furnish us with the Returns in
his profession from the time that the Troops

The enclosed Papers we perceive
will give you a very faint Idea of the personal
trouble & Application we are reciprocally
obliged to give to our Office — Yet we hope our
endeavours in executing this business expres-
sly ordered by the Honble. Court of Directors
will induce you to take into consideration our
particular Situation & that you will be #
pleased to make us a Monthly Allowance
We take the liberty of observing that we

Honble Sir & Sirs.—

From Major Jourdan, requesting to resign the Service, & to be recommended Home for Permission to return to his Duty, after the settlement of his private affairs.

Being under the necessity of returning to England to settle some Concerns regarding the Estate of My late Brother I must request leave to proceed thereby the first Opportunity; and as it is my Intention with Permission to return to India in the course of two or three years, and the Court of Directors have been pleased to direct, that No Civil or Military Servant should go home without resigning the Honble Company's Service. I hope the Honble Board will recommend me in such terms, as my Services for these 19 Years past merit, that I may return to India with my Rank.—

Sir,

From the Chief of Pulicat stating that the Appearance of the Royal Admiral & Grosvenor did not hasten or influence him to a Surrender of Jaggernaickporam

I have had the Honor to receive your Excellency's Letter dated the 17th Inst. in forming you, whether or not the Claims of the Owners & Commanders of the Royal Admiral & Grosvenor to a Share of the Prize Money arising from the Capture of Jaggernaickporam be well founded. A Request of a similar Nature had been made to me in the Year 1784 by Mr. William Hamilton, and I now take leave to send you my Answer to that Gentleman, dated the 16th July 1784.

Hon'ble Sir & Sirs.

We have the honor of Acknowledging the receipt of Your Secretary's Letters of the 6th & 12th Instant, with their several enclosures

From Masulipatam Orders will be given for exempting from Duties all Goods belonging to the French Nation of Revenue collected by Duties upon Goods the property of British Subjects & Natives will be transmitted.

Conformably to your orders directions shall be given for exempting from Duties all Articles of Merchandize passing thro' these Districts, whether belonging to the French Company or Individuals of that Nation, that are accompanied by the Dustucks of either of the French Chiefs residing at this Place, or Yanaon. We hope that those who have the Previledge of granting such Dustucks, will not make an improper use of the Powers which they possess, by extending the exemption to other, than the Subjects of the French Nation. This however will be very much in their Power, as the Dustucks presented at Custom Houses

or

Fort St. George 28th. Decr 1787

or Choukies, will of course carry the Authority of an order to the Collectors of Duties, for passing & such Goods as may be accompanied by them & Duty free, which might be liable to very great abuse, if good faith is not observed, as it does & not appear intended that any Account is to be taken of Goods that passed, which might in some measure have operated as a Check, and we only Mention these Circumstances, in order that such precautions as appear Necessary May be taken in time, for preventing the inconveniences that we apprehend may arise, by which the Protection, and consequently the influence of the French Chiefs Might be extended to Native Merchants as well as to Subjects —

Directions shall be given to our Sea and Land Customs, for making out as accurate Accounts as possible, of the Amount of Revenue Collected upon Goods the Property of British Subjects, which however we conceive is

not in their Power to ascertain, as we understand it constantly happens, that the Name of the Servant or Person who pays the Customs is inserted in the Accounts instead of that of the Proprietor thereof. If your Honor &c. think it necessary, directions shall be given for keeping the Accounts of Customs collected from British Subjects and Natives from hence forward in different Books, which will remedy this inconvenience in future, and afford more accurate information on the Subject than we expect can be obtained from a Retrospect into the Accounts of former Years Collections — We have it only in in our Power to furnish the Account required for such Goods as are Imported or Exported by Sea & Land at this Place, the Ports of Covinga, Narsapore, and Nizamapatam being Situated in the Havelleis, which are no longer under our Authority Directions we doubt not will be sent to Managers for such Accounts as it may be necessary for those Gentlemen to furnish—

Fort St. George

Honorable Sir

From the Commissary General of Grain & Provision with a Report of the Grain in Store at Tanjore, and a General Return to the 1st November —

I have the honor to send you a

General Return of Grain at the several Garrison

on the 1st. November. —

In consequence of the Orders

received from you on the 10th Instant when I

stated the particulars of M. Stranges report of

the State of the Grain in Store at Tanjore —

I directed him to lose no time in making Sales, but

at the same time requested if he found upon trial

that the Company would sustain any considerable

loss

1611. Fort St. George 28. December 1787.

lose to report to me that I might state the
particulars to Government

I have now the honor to lay before
you that report together with Sealed Samples
of the Grain taken from the three Granaries.—

W. Strange's representation so
fully point out the necessity of disposing of
the Grain that it only remains for me to state
the probable loss the Company will sustain at
the price the Merchants are willing to give for
about half the quantity in Store.—

The Rajah appears to have delivered
to the Company from March 85 until August 1786
2,19,678 Cullums 10. Marcalls, — 73,362 Cullums of
which appears to have been received in 1785 and is
charged in the Account Current with the Rajah
at 5 Gold Fanams & 3/4 Cash p Cullum Carriage
included or Pag.^r ..... 16,007–15–60.

Deduct for 73,362 Cullums @ 1/4 Gold Fanams
the price offered by the Merchants p Cullum } 4,585–4–—
and 24 Fanams p Pag.^r .....

11,4,22–11–60.

The loss to the Company therefore 73,362. Cullums
exclusive of Wastage would at the above rate be Pag.^r 11,422–11–60
and

1612. Fort St. George 28. Decr 1787.

and for a greater Quantity in proportion, if the whole of the Grain was laid up at the same price as that of 1785. which I cannot at present learn, nor does M. Strange mention it.

It is to be observed however that every day will make the Loss whatever it may now be more Considerable. and I beg leave therefore to submit to your Consideration & whether it would not be convenient & Satisfactory to appoint a Committee Consisting of the Commanding Officer, Resident, & Storekeeper to examine & report upon the State of the Grain In the several Granaries previous to the Sales

Thomas Cockburn Esqr.
Comm. Genl. of Grain & Provisions.

Sir,

Fort St. George

I have been honored by the receipt of your last Letter dated 11th Instant enclosing &

to.

Fort St. George 28th Decer 1787

to me the Governor wishes, to have the Grain under my charge, forthwith disposed of - In the present decayed, and decaying state of it, I am sensible how desirable it would be to sell it as soon as possible, but this I fear cannot be done, but at a very Considerable loss indeed; and which, by each days delays, will no doubt be more and more augmented - The new Crop being so soon expected. -

I understand, that when it was lately Issued to the Troops, in lieu of Pay, great discontent was expressed by them although as an Encouragement to receive it, it was supplied them at a Considerably lower Rate, than what it was possible for them to procure Grain at in the Buzar - The Cause assigned for their dislike to receive it, proceeded, I am informed, from the Effects it had on their Bowels, occasioning them very severe and painful Gripings, which, with the natives, so I am told, the usual Effects produced by Old Grain - Complaints to the Value even at the time of laying it up in Store, are I believe on Record - Since when it has certainly

lost

1614. Fort St. George 28th Decr 1787

lost much of its good Qualities.—

If I might be permitted to ad-
vise Government I would recommend that
hereafter Orders should be given to all Store-
-Keepers, to expose the Grain under their Charge
to the Open Air, during a Continuance of Eight
or ten Days at least, and to renew this Operation,
not less than three times a Year; taking care
to sift and otherwise Cleanse it— This simple
process, I should have no Doubt, produce to the
Company a considerable saving in this perish-
-able Article of their Stores— and which in
the present Instance they must unquestionably
Sustain.—

As the time the Grain was Issuing
to the Troops notice was likewise given to the
Inhabitants of Tanjore, that they might in like
manner be supplied with whatever quantity they
required— This Notice notwithstanding the then
favourable Season of the year, was totally dis-
regarded by them, so much so, that not
ten Pagodas worth was sold to them in the
course

course of a Month - If a like notice was now given
them, I am confident, that a very inconsiderable
quantity would be then got rid of; such is the present
plenty of good Grain, and such the prospect of an
abundant Crop. -

I have already intimated to the
Principal Merchants here, that I would
dispose of any Quantity of the Grain in Store (taking
it promiscuously) at the Rate of Two Fanams
& Cullum to be instantly delivered to them, on the
receipt of Government's Approval of the Contract
I have had no offer whatever, even at this reduced
Price. A Society of three or four Merchants, have
agreed to take one Lack of Cullums, at one and
an half Fanams & Cullum, and these, I am told,
are the only likely Men in Tanjore, who are able
to take upon them the risk of such a quantity, and
whose Payment is not to be doubted. -

I must beg to be honored with the
Orders of Government on this Subject as soon as
possible; because, on a Speculation of this Kind
if any unnecessary delay happens, they may Choose
to recede from their word, and avail themselves of
that

I shall have the honor, by this

the Bulk of the Grain, which I apprehend

is in a more decayed State, in proportion as it

is near the Ground. -
