announcing the dispatch of a body of troops to his Northern Frontier, to check depredations committed by bands of plunderers, who found refuge in the Shahnoor country, and requesting that orders might be issued to Doondo Punt Coktty, the Mahratta Officer in that quarter, to withdraw his protection from the plunderers in question; which, Moro Pundit added, was communicated for my information in the way of friendship, for which I made the requisite acknowledgements—

I have made repeated enquiries as to any intercourse subsisting between Tippoo Sultaun and any of the chiefs in this quarter, but cannot learn that any agents have of late passed between the Peshwa or Sindea and Tippoo, nor that any negotiation has been on foot between Sindea and Tippoo respecting Gooty; notwithstanding the rumours that have been so repeatedly in circulation on those points in

My Lord

From the Military and

Retrenchments made in
the accounts of the
Paymaster in the Guntoor

he has been called upon
to refund -

I have the honor to lay before
your Lordship in Council the enclosed letter from
Major Hector Maclean addressed to Mr. Secretary
Webbe under date the 9th July: and forwarded to
me this the Paymaster on the subject of
Retenchments made from the abstract drawn
by

4765 Fort St. George July 1797.

26th by that Office from the 1st May to 31st August 1795. and confirmed on Reaudit—

2 As this letter commences with an imputation of delay in the commu=nication of the above Retrenchment. it becomes me to state that the Audit of the accounts of the late acting Paymaster of Ongole, — Mr. E. M. White / for the month of May 1795. were transmitted from this Office on the 3d of July, those for June on the 11th August. for July on the 12th September and for August on the 21st of October following / and as the Government orders of the 3d April 1792. Paragraph 4th direct "that Paymasters "are immediately upon the receipt of the "Auditor General's Retrenchments to furnish "copies of them to those respectively concerned "requiring them to repay the amount" the "imputation above mentioned does not apply to this Office—

I find that those rates only were charged and allowed. consequently no more could be admitted to the Vakeel drawn for by Major Maclean—

4. Regarding the charge of Mr. Assistant Surgeon Anderson for the Carriage of Medicines during the months of June. July and August 1795. at the rate of One Chairby, and Six Coolies amounting P Month to Pagodas 14. 21. I have only to observe that as the Regulations allow an assistant Surgeon of a Corps consisting of 8 Companies. a Chairby and 6 Coolies for the above purpose. and as the Detachment under Major Maclean — consisted of only 4 Companies. the allowance

The Right Honorable Lord Hobart

President and Governor in Council

Fort St. George

From the Military Auditor General communicating the Information required from Bengal in regard to the Passage Money established for Officers proceeding on Foreign Service —

My Lord,

1 I have the honor to acknowledge the receipt of Mr. Secretary Webbe's letter of the 19th Instant, and feel as sought the very distinguished and honorable Testimony which it contains of your Lordship's approbation of my conduct

2 Having been directed in the concluding paragraph of the same letter to furnish the Information required by the Supreme Government in regard to the Passage Money allowed to Officers going on Foreign Service. I have in consequence to state that the former usage at this Presidency (expressed in the enclosed Extract from the printed Book of Regulations published in the year 1788) allowed the Captains of Ships at the rate of 5 Shillings per day for the Diet of each Officer while on Board. but this rule has never been adhered

26. adhered to in respect to His Majestys Ships. the Officers of which Having represented that the above Sum was inadequate to the expence they actually incurred, it was settled during the Government of Lord Macartney, that the Pursers or Officers of the Kings Ships should be paid One Pagoda ℔ day for such Officers of His Majestys or the Companys Forces as were messed in the Ward-Room, a practice which has continued invariably since that period. the consequence has been, that the Captains of the Companys as well as the Commanders of Country Ships have expressed great reluctance, and the latter often refused to accommodate the Officers at the old rate of 5 Shillings ℔ day. As this Distinction therefore was found productive of delay to the public Service, and inconvenience to Individuals. besides subjecting the Company to a charge of Batta from the Officers while on board exclusive of the allowance before mentioned, I took the liberty of suggesting in my letter to Government under Date the 18th April last. the expediency of making it an established Rule in future that Officers embarking on the public Service should only receive the customary allowance of

Half

4775 Fort St George July 1797

26. Half Batta during the period of there being on board Ship. and that the Company should pay the usual allowance of One Pagoda ℔ day if embarked on board His Majestys Ships. submitting at the same time whether on account of the encreased price of the necessaries of life and the Complaints that had been made by the Commanders of the Company's and Country Ships of the inadequacy of the old rate of 5 Shillings. it might not be well to make the same allowance general

3. This arrangement which your Lordship in Council was pleased to approve, promises to be no less useful to the Service than convenient to the Individuals concerned in preventing the delay which would unavoidably result from the Officers being obliged to provide themselves and enabling them to embark at the shortest notice, a circumstance particularly calculated to forward the Service, as it respects the Corps ordered from Out Stations, who having no previous preparation to make, will be ready to go on board. if required. the day after their arrival—In addition

L776 Fort St. George July 1797

26 addition to this important consideration it will be found that the allowance of a Pagoda for each officer to the Captains of Ships amounts on an average to very little more than the difference between Half and Full Batta to the several ranks. taking into the Calculation the encreased number of Superior Officers attached to Corps by the new arrangement—

I have the Honor to be with great respect

Extract from the printed Book of Regulations of 1788 under the Head of Orders respecting Batta and "General allowances"—

Article 12 Whenever any Troops are — transported by Sea from one place in India to another, the Captains of the Company's Ships are to be allowed at the rate of 5 shillings or 26 Fanams 20 Cash per day for the Diet of each Officer. 6 Fanams per day, for each Non Commissioned Officer and Private man, and 4 Fanams per day for each Lepoy or Lascar, to be computed

26. computed at 42 Fanams per Pagoda when they are transported on any of His Majestys Ships. exclusive of the allowance of 6 Fanams per day which is always paid to the purser for the Kings Provisions; the Officers are to be allowed the 5 Shillings per day to enable them to lay in Fresh Provisions. this allowance is deemed sufficient for Kings and Company's Ships. and for Country Vessels proceeding on their Voyages to places for which the Troops are destined. but when the latter are taken up expressly for the purpose of conveying Troops. and their destination is changed. the Freight must be settled at the lowest rate, and as they are seldom furnished with proper Provisions for Europeans. the alternative may be offered to the Captains or owners. of accepting the above allowance, or of being furnished with Provisions for the Troops at the Companys expence in addition to the Freight.

Collector 1st Division Vizagapatam District

Sir.

I beg leave to inform you that Eleven thousand Rupees /11000 Rs/ will be required by the Paymaster of the Bengal Southern Detachment to pay that part of it now at Caplim-cottah for the present month.— Independent of the convenience which will arise by the Cash being received on the spot, I have been necessitated to make an additional demand on Mr Webb this month, in consequence of the low state of Mr Scotts Treasury, which will not allow of his complying with the Paymasters Drafts, for any part of the amount required here. I therefore hope you will now have it in your Power to inform me that you are authorized to answer the Paymasters Drafts.—

Sir.

I have been honored with the receipt of your letter of the 15th Instant. informing me that Eleven Thousand Rupees will be required by the Paymaster to the Bengal Southern Detachment. for the pay of that part of it Stationed at Cajeemcottah. and suggesting the convenience of receiving the amount on the spot; particularly, as the Collector at Chicacole is unable to make further immediate advances. which has rendered an additional

demand

demand necessary on Mr. Nathaniel Webb. the Collector at Vizianagrum.

I have it not in my power as yet. to communicate the resolutions of Government, on the subject of my reference regarding the applica=tion contained in your former letter of the 21st ult.o: Notwithstanding which, in order not to disappoint or inconvenience the troops stationed at Cassimcottah, You will have been informed, that I discharged the several Bills presented to me for their pay &c. for the month of June, amounting to / 10268. 11. 6 / ten thousand two hundred and sixty eight Rupees, Eleven Annas and four pice—

It would not very much — inconvenience the affairs of my station, to furnish the further sum of ₹1,000 / Eleven thousand Rupees, required to pay the troops at Cassimcottah for the present month, though beyond that advance I could not make a lenden of any part: but, before I can venture on any payments of this nature at all, it becomes my

We beg leave to report to the Board

that, on visiting the Powder Works, we had the opportunity

of observing the advantages which the improved Pilon

Mill, made by Mr Farquhar, has over those Pilons

of the former construction, as well as over the Cylinder

Mills, but particularly the latter; for however well

these serve the purposes of grinding the materials

seperately; they have been found defective, when

applied to the Composition, which has induced our

noticing the Circumstance, of an application to this

Government, for some Cylinders and Beds for the

use of the Powder works at Madrass; as, should it

appear, that they are intended for more than

grinding the materials seperately, it would be

adviseable, that the Board recommend in preference

the improved Pilon Mill, with a moving Trough;

as we have had sufficient experience of its —

Superior advantages. —

Honble Sir.

To the Committee of the Bombay Government at Tellicherry, communicating the Intelligence received of Tippoo movements on the Mysore Country, and desiring to be advised of his operations on the Malabar Coast—

Your entire silence upon the subject of any military preparations on the part of Tippoo Sultaun in the neighbourhood of Mungalore has hitherto induced us to give less credit to the frequent reports, which we have received upon that subject. those reports however have continued so long, and have now obtained such universal currency in this part of India, that we deem it incumbent on us to attract your notice to them.—

All our communications of intelligence from the western Frontier, from Hydrabad and from Poona concur in describing the expectations which are entertained by the Sultan of the early arrival O

With the particulars of these reports we deem it unnecessary to trouble you: but we think it necessary to state our perfect conviction that Tippoo is collecting a considerable force in the neighbourhood of Seringapatam, and that some French emissaries have of late been extremely active about his durbar. We therefore request you would be pleased to furnish us with all the information you may be able to obtain respecting Tippoo's operations on the Malabar Coast.

To the Right Honorable Lord Hobart

Governor and President in Council

Fort St George

My Lord,

From the Assistant Resident at Hydrabad on the subject of Lippoo's Intention of landing a Body of French Troops at Mangalore. Thinks some Ships of War should be stationed off that Port.

Though I am far from supposing that your Lordship in Council have hitherto been furnished with sufficient grounds of information to warrant a conclusion that any considerable Body of French Troops are as yet landed in Lippoos Dominions, notwithstanding the various Channels through which accounts to that effect have been conveyed to you, you may nevertheless (I can conceive) be abundantly satisfied both of that Prince having really entertained sanguine expectations on this score, and of his indisposition towards our Nation being of that inveterate Kind, as would be likely to tempt him to give full scope thereto, in the

the possible event of such expectations being realized

The opportunities indeed which my situation here have afforded me of acquiring what I consider as tolerably authentic information respecting the Sultaun's views and sentiments, enable me to affirm with no small degree of confidence, that he has long been meditating and as seriously preparing for another rupture with us, though at the same time, I am disposed to think too well of his prudence and sagacity, to suppose, that he will suffer his ambition or thirst for revenge, to hurry him on, without some tolerable prospect of success being held out to him, to an undertaking which dear bought experience taught him his inadequacy to, even with far greater means than he now possesses. I have accordingly great pleasure in thinking, that his dread of our power, will preserve us from his active hostility, provided that those hopes of aid and Co-operation which French Emissaries have almost unquestionably

buoyed

4820 Fort St. George 1st August 1794

Enraged than upwith, can by any means be
frustrated —

These expectations of Tippoo are
spoken of in the most clear and unequivocal terms
in Kaazim ali Khans Letter from Seringapatam
transmitted to me through the Secretary of your
Lordships Government, and I confess that my former
experience of the man, inclines me to give rather
more than ordinary credit to his communications
when to this I add, that all the French at this place
assent with the most unbounded confidence that
a considerable force of Europeans and Coffrees from
the Mauritius is positively intended to be landed
at Mangalore, conceiving as I do that Peace
with Tippoo depends essentially on our defeating
such an enterprize. I trust that your Lordship
in Council, will have the goodness to give me
credit for my motives at least, in offering it
with all due deference as my humble opinion
that if some of his Majestys Ships could be
employed in cruizing off Manyalore as soon
as

as ever the season may admit, it would be a measure which might be attended with the most solid beneficial consequences to our — national interests in this quarter of the Globe.

My Lord,

As some time may yet elapse before this Court enables me to give your Lordship in Council full satisfaction on all the points which Mr Secretary Webbe's Letter of the 7th ultimo has a reference to, I think it proper in the mean while, not to defer any longer transmitting to you a Set of Bills on the Military Paymaster General of Fort St George for Sonant Rupees Forty Eight Thousand /38,000/ or Eleven Thousand Eight

4822 Fort St. George 1st August 1799

Eight Hundred and Seventy-five Star Pagodas (Pagodas 11.875/) drawn by the Paymaster of the Bengal Detachment, and endorsed in my favor by his Deputy Lieutenant Pennington.

The amount was paid by me to Lieutenant Pennington upon the arrival of the Bengal Detachment here, in order to enable him to discharge arrears due to it previous to its falling to be paid by His Highness the Nizam. that is, allowances for May, and advances for June - when I transmit the account current of this Presidency with Mr. Collector Wrangham, the above advance made by me to the Bengal Detachment will appear as a set off against the sums which that Gentleman advanced partly in Cash and partly by a Bill on this place, beyond what I at that time had any claim upon him for, and which in my letter of the 27th May to your Lordship in Council, I proposed should be returned back to the Masulipatam Treasury -

In my letter here alluded to,

I

Fort St. George 1st August 1797.

I stated that the Balance due to this estate up to the end of A. F. 1205. would not much exceed thirty three thousand Rupees. but though I have considerable reliance on the General accuracy of this statement, yet there are one or two Items of it disputed by the Mutsaddies of this Court, who assert for instance that the sum of one thousand Pagodas which is taken credit for in the accounts of this Presidency as payed at Madras in Ninety two or Ninety three to Meer Mhedie Khan a servant of the Nizams, was a present made to that person by order of Lord Cornwallis. and of course not chargeable to his Highness. Should it be in your Lordships power to furnish me with any information with regard to this transaction, it will be very acceptable —

Supposing Mr. Uhthoff to be able, as I have some reason to think he will, to discharge the remainder of Azim ul omrahs assignment for Three Lacks of Rupees granted to him by the Nizam on the 1st Heat of A. F. 1206. there will only remain Fifty thousand Rupees due

4824 Fort St. George 1st August 1797

due to this state of that Nist; and should your
Lordship in Council have received any instructions
from the Supreme Government relative to the
liquidation of any part of that Installment. It
may be acceptable to your Lordship to know, that a
considerable saving would accrue to the Company by
raising money here for Bills on Madras in
preference to Bengal, the Exchange being just now
from Eight to ten P. Cent in favor of the former,
and Barely at par. with regard to the latter of
these places In the event of your Lordship in
Council approving the suggestion. I can upon a
final settlement of the Paishcush account with this
Court, raise money here at a considerable premium
for Bills on Fort St. George. For the Ballance which
will be due to it of the 2d List of A. F. 1205. and
which is I have already stated, will not I imagine
be found to exceed Thirty three or at most Thirty
four thousand Rupees— I have the Honr to be

the Madanapilly man; but he stands out for the 2019 Rupees agreed upon, to be given, and indeed ought to have been given at once, by the Nabobs Circar for the Calmaspilly mans share. The whole of his Highnesses Naibs and Aumildars, having been changed, new Hookums are wanting - I am confidently assured, that 1,000 Rupees worth of Grain &c. &c. have been received by the Nabobs Circar, from Colmaspilly and Districts - and yet they only acknowledge to 900 Rupees - As however the same difficulties, are likely to exist on the part of his Highnesses Servants as to payment, I conceive my continuance here, any longer useless. Another circumstance of fancy will render my stay, still more unnecessary, which is that within these three days, we have received certain information, that Dossipnaigue late of Colmaspilly has received Cowle, from Beem Row Poligar of the Malwaugle Country - Letters have been written to the Aumildar of Malwagle, also to Bennow, intimating that either Dossipnaigue, or must be

In the event of refusal to deliver up Dossipnaigue. itis certain that assisted by Beem Rows Poligars Dossipnaigue intends forthwith to infest and do all the mischief he can. along these Borders. and I should humbly conceive that nothing but an application from Government, to the Sultaun; can avert the consequences to be apprehended—

From intelligence brought me by the Hircarrahs sent to enquire after Dossipnaigue at Malwangle. I understand. that a Division of the Sultauns Army; under Commerul deen Khan. and Fatteh Hyder. the Sultauns Son, marched three stages from Seringapatam and waited for a reinforcement of 2,000 French and 1000 Coffrys. to proceed for Cuddapaw or Kurnool. the natives are numbered of this Division. at Six thousand Horse. and ten thousand Foot, with light Guns. but no Battering Train. Further that the Main Body of the Sultauns Army was encamped at a place

place. called Gundapill not far from Mangree, where Battering Cannon. and Stores of all Kinds were joining from Seringapatam daily. and it was said. that several thousand French were shortly to join. In the event of this Intelligence proving wholely. or in part true. The march of Cummerul Deens Division. will by the shortest Route. approach so very near to these Borders. that I should beg leave to request the Right Honble the President in Councils particular instructions. in respect to the conduct. to be observed. by the three Companys / and perhaps myself / which may be in these parts—

Minutes on the Subject of completing the Cavalry Barracks and Stables at Conatoor.

Before the Board incur so consider=
=able an expence, as is estimated for the stables at
Connatoor, they are desirous of being furnished with
the sentiments of the Military Board upon the —
expediency of an entire removal of the cavalry —
cantonment from that place — The reported unhealthiness
of that situation, and the strong recommendation
of the Commander in Chief in India (as entered in
Consult 29.th March 1796) together with the —
advantages, which will be derived to the jahgeer
from the cantonment of a corps within it, have been
forcibly impressed upon the consideration of the Board.

Resolved therefore to desire that
the Military Board will go into an investigation
of the advantages and disadvantages, which may
attend the removal of the cantonment to the —
neighbourhood of Carangooly —

My Lord,

From the Military Auditor General forwarding Statements shewing the Expence of each Fort Garrison & Cantonment under this presidency for the year 1796/97-

1 Conformably to your Lordships desire expressed in Mr. Secretary Webbe's letter of the 27th ultimo. I have the Honor to enclose a Statement (marked A) of the expence which each Fort. Garrison or Cantonment under this Presidency has cost the Company for the year 1796/7. including the Extra allowances drawn by the Commanding Officers and all charges incurred by the Garrison Staff with every other incidental expence. the usual Pay of the Troops alone excepted-

2. This Statement is accompanied by detailed particulars of the expence of each Station from N.o 1 to 13. the nature and extent of which will account to your Lordship for the time which it has taken, with every exertion, to complete them -

From the Military Auditor General. Suggestions with a view to bring the value of the Company's Stock and all expenditures on the Department of Grain and Provisions on the Books of this Presidency from the commencement of the official year 1797/98.

My Lord.

Conceiving it to be highly expedient that the operation of the new Regulations for the Grain and Provision Department on the Military Books of this Presidency, should commence with the present official year 1797/8 in order that the value of the Honorable Company's Stock may be exhibited, and the whole of the Expences incurred in the above Department entered from that period in this Office and that of the Military Paymaster General, I beg leave to suggest to your Lordship in Council for the purpose of effecting these desirable objects, that orders

Bonds to such as are inclined to receive them,
the sum of Pagodas 4220 included on that account
in the Estimate of the Military Paymaster at
Trichinopoly. has in consequence been deducted from
the General Estimate. as has an Error of Ten -
Pagodas /Ps. 10/ in the addition of the Estimate
from the Madura pay office -

The Gross sum herein reported
on, is included Pagodas Twenty three thousand -
nine hundred and Sixty six. and four Fanams -
/23966. 4/ being the amount of Pay and Field
allowances to the Bengal Detachment. comprehending
that part of it serving with His Highness the
Nizam. composed of one Company of European
Artillery. Two Companies of Gun Lascars and one
complete Regiment of Native Infantry. for whom
thirteen thousand. one hundred and twenty five

Paymaster General. I beg leave however to observe, that the Detachment of the Madras Army lately serving with the Nizam under the Command of Lieutenant Colonel Roberts. was in general supplied by the Resident at His Highness's Court, with such Sums of Money as the Commanding Officer required for the payment of the Troops, and the Paymaster of the Detachment entered the money thus received to the Credit of the Nizam. as so much in part of the Sum stipulated to be paid annually by His Highness on account of the Detachment. if therefore the Troops now serving with the Nizam are to be supplied with Cash in the same manner for the current months Disbursements, the sum Estimated as already stated on this account. ought to be deducted from the Total amount reported "payable by Bill" least as Government best know the terms under which the Detachment is to serve, and the source from whence they are to be provided with

Payment of this Detachment

Of the Amount contained in the
additional Estimate of the Military Paymaster
General for the present month, which accompanied Sec.
Secretary Webbe's Letter of the 18th Instant the Sum of
Ten thousand Eight hundred and Sixty Pagodas / Pagodas

discharge pay and Field allowances for July: stated
to be due to the Detachment lately arrived at
Masulipatam under the Command of Lieutenant Colonel
Roberts, and which is payable at the Subordinates
for Bills drawn on the Military Paymaster General
the Sum included on account of the Bullock Department
Viz.t Six hundred Pagodas / Pag.s 600/ should have been
applied and estimated for by the acting Principal
Agent for Draught and Carriage Bullocks at the
Presidency, and has therefore been deducted from the

Secretary to Government

Sir,

From Colonel Champagné orders the useless trees and Hedges surrounding the Cocoa Nut Topes to be cut down - detains one Company of the 78th Regt N. I. and represents the insufficient strength of the Artillery — Detachment in garrison at Trincomalee and Batticaloa —

I yesterday had the honor of your letter of the 10th instant, have directed the useless trees and hedges that surround the topes &c to be immediately cut down —

The last division of the Malay Corps are arrived and the remainder of the 1st Battalion N. Infty will embark to morrow morning on the "Eliza Ann" for Pondicherry except one Company which I detain upon a conviction that the service would suffer most Materially for want of a detachment of Sepoys in this district. I am further induced to keep them from a report that the Ship has not room for more than 600 and with this number much crouded —

I beg leave to represent to the Right Honorable the President in Council that in consequence of deaths and removal of Corps &c. the Garrisons of Trincomalee and Batticaloa are reduced since I first took the Command 535 Rank & File, besides a number of Officers and Non Commissioned —

In the months of February

Having learned from P

Regiments from Colombo and included by him in his last Abstract forwarded to the Military Paymaster General's Office, have been deemed inadmissible by the Military Auditor General. I beg leave to state to you the circumstances on which the charges I have made are founded and to request that you will be pleased to take such steps as may appear to you requisite and most effectual towards my being reimbursed in the money I have actually laid out on account of the detachment under my Command during the above period:-

On the 18th February last the detachments of His Majesties 72d and 76th Regiments on duty at Colombo were ordered to embark on board of two Donies provided for them by Major Agnew Adjutant General Ceylon under the Command of Captain Mac Innes 72d Regiment, the Senior Officer, and I directed by Major General Doyle to proceed with the least possible delay to their several

several Corps. Major Agnew only hired the
Dowry to Manar the boat men being averse
to go further and he conceiving that others
might easily be had from that place Captain
Mac Innis on leaving Colombo ordered me to
take charge of the smallest Dowry with a
detail of one Serjeant, three Corporals one
Drummer, one Fifer and two privates &
followers &c. a part of the 72d Detachment
under my Orders. Owing to the imperfection
the large Dowries Sailing, I did not arrive
at Manar until the day after Captain
Mac Innis left it. Having been informed
that he went from thence to Jaffnapatam
to effect which he was under the necessity
of procuring the boat and people who had
brought him from Colombo, all the other
boats belonging to the place being then at
the pearl Fishery I thought it my duty
to follow him with every possible expedition
and taking advantage of a Dowry which was
then about to sail for Kair I put the 4
detachment

detachment on board and paid freight &
for the same as mentioned in my charge
against the Honorable Company — boat hire
from Hair to Jaffna it likewise became
necessary to pay as the Dony I came to H
Hair in was too large to go up the River —
Finding that Captain MacInnes had &
also left Jaffna before my arrival &
I embraced the earliest opportunity of
procuring a passage for myself and the
people under my Command from Jaffna
to Pondicherry agreeable to the instructions
I had received

"I have thus endeavoured as
minutely as possible to detail the various
causes which obliged me to make the
advances I have stated and hope that they
may afford the wished for satisfaction"

To Lieutenant General Harris

President &c. Members of the

Military Board

Gentlemen

I am directed by the Right Honble the President in Council to ack-
nowledge the receipt of your letter of the
dated 25th Ultimo

Before the President in Council incurs so considerable an ex-
pense as is estimated for the shifting of Cantonments at Coimbatore, he is desirous of
being furnished with your sentiments upon the expediency of an entire
removal of the cavalry cantonment from that place — The reputed unhealthiness
of that situation and the strong recommen-
dation of the commander in chief in India
of which I enclose a copy for your information
together with the advantages which will
be derived to the Sepoys from the
cantonment of a corps within it, have
forcibly

to the Military Board their opinion required as the Eligibility of establishing a Cavalry Cantonment at Caroor by, as also on a suggestion of the Bengal Government of substituting the improved Pilon Mills for the Cylinders and Pestles recommended by the Board to be used in manufacturing Gun Powder — a revision to be made of the Statements of Expenditures on account of the different Garrisons and Cantonments under this Presidency, with a view to curtail any disbursements that may appear avoidable orders on the subject of bringing the Company's Property on the Grain and Provisions Department on the Military Books of this Presidency from the commencement of the present official Year — a return of Sircarwood shipped at Tuticorin on the Kings account enclosed. —

2d Fort St. George August 1797

forcibly impressed this consideration upon
her Lordships mind adverting to the
necessity of erecting so large a range
of new stables, and to gain recommendation
for the removal of his majesty's 25th
Regiment Light Dragoons to Walajahbad
by which the opposing guardian at that
station may in a great measure be escaped
the President in Council suggests to
your consideration the propriety of placing
a cantonment in the neighbourhood of
Karangoly the objects which upon
a first view recommend such a measure
are the facility of forage and water
from the extensive cultivation in
that district and the proximity of the
river, the convenience which may
be made of the remaining buildings
within the fort, the practicability of
protecting the cantonment against
the ravages of an irregular enemy
and finally the consumption of the
produce

Fort St. George August 5th 1797

2.d produce of that district, a consideration of
to which considerable importance is attached
The President in Council therefore desires
that you will go into an investigation of
of the advantages and disadvantages, which
may attend this measure, and report the
result for his information.—

I inclose copy of a letter
from the Military Board in Bengal
with the papers therein referred to &
and am directed to call for your
information whether the cylenders should
be furnished from thence or whether
the improved pilow milly should be
substituted for them.—

I am further directed to
refer for your consideration the enclosed
copies of statements from the military
auditor General of the expence, which
each fort garrison, and cantonment
has cost the Company including every
expence, except the usual pay of the
troops, and to desire that, if upon a
minute

1903

2.d Fort St. George August 5th 1797

a minute inspection of those papers
you should deem it practicable to
to curtail any part of this heavy
expenditure, you will report to
the best means of doing so without
injury to the public service —

Judging it expedient
that the new regulations for
bringing grain and provision to
department on the military books
of this Presidency should commence
with the present official year
1797/8. The President in Council
has issued orders to the garrison
Storekeeper and acting commissary
general of grain and provisions to
for transmitting without delay
to your Board a return of all the
grain and provisions and every other
article in store at the Presidency

and at the several out stations shewing the quantity or number of each kind remaining on the 30th april last — their condition whether serviceable damaged or unserviceable and periods of having been in store affixing the present cost of each of the serviceable and estimating the damaged articles at one third of the original price. I am therefore directed to desire that from these documents may be formed a general return of all the grain and provisions and other articles in this branch the property of the Honble Company and an abstract thereof with the amount valuation according to the principle before laid down to the military — Auditor general —

that in consideration of the low State of the Funds of this Presidency and the high & Descount which Government are obliged to allow on the issue of their Bills on & Bengal, it is thought more eligible that you should raise Funds for the Liquidation of the Current Disbursements by Bills on the Supreme Government than by Drafts on this Presidency — Any Balance that may remain due to the Nizam on account of the 2.d Kist for Fasly 1205 will be & liquidated from the Masulipatam & Treasury; and you will notify the & probable amount of such Balance, as early as possible, to Mr. Collector Wrangham you will receive an early communication of such Information as the records of this Government may afford relative to the & Sum of one thousand Pagodas which is & claimed as a present to Meer Mehdee Khan. —

Sir

The Right Honorable Lord Hobart

President and Governor in Council

Fort St. George

My Lord

From the Military Auditor General referring for the Decision of Government a Claim advanced by the Captains Paymaster and Surgeons of the 19 Dragoons under the Head of Contingent & Allowances also certain Differences of allowances to the non commissioned Officers and privates of the Kings Regiments serving under this Presidency arising out of Regulations recently established in England

1 I have the Honor to submit to your Lordship in Council a claim preferred by the Officers Commanding Troops, the Paymaster and Surgeon of His majesty's 19th Regiment of Light Dragoons for the Difference of Contingent & allowances in consequence of the augmentations ordered to take place in that Corps on the 23d March 1791 amounting as per abstract enclosed /No. 1/ to Pagodas 2,889. 15. 60. –

2 In stating this subject it is proper that I should first bring to your Lordships notice, that the Sums hitherto drawn Half yearly under the head of Contingent allowance have been 30 £ per Annum for the Captain or Officer Commanding each Troop – 60 £ for the Paymaster and 68 £ for the Surgeon, instead of which 50 £ is claimed for the former, 105 £ for the second and 84 £ for the latter which claim is founded on the enclosed Extract /No. 2/ of Regulations

for

4921

Fort St. George August 1797

5th for the Cavalry Regiments published in England on the 13th August 1794 shewing that the above allowances are proportioned to the number of Privates in each Troop, On this principle I apprehend there is a mistake in the sum claimed for the 19th Dragoons, the augmentation ordered on the 23d March 1791 as appears by the enclosed copy from the War office No 3/ fixing the number of Privates at 484 or 69 each Troop, consequently the allowance to the Captains upon the latter of the Regulations can only be 40 £ to the Paymaster 90 £ and to the Surgeon 72 £ p annum. It also I becomes necessary to ascertain whether these allowances are to commence from the date of the augmentation being ordered, or only from the date of the Regulations. -

3 It appears in the enclosed Extract of a Letter /No 4/ from Lord Cornwallis No 1 to the Government of Fort St George dated 12th August 1793 nearly 17 months after the augmentation was ordered that the Act of Parliament fixed the above allowances

4922 Fort St. George August 1797

5th allowances as they have been hitherto rejd. & 30 £ to the heads of Troops, 60 £ to the Paymaster and 48 £ to the Surgeon, and that this allowance may not to be exceeded.—

4 Having referred this matter to Genl. Major General Floyd as the most respectable source of Information on points relative to the Cavalry in India, he has obligingly communicated to me every thing in his power on the subject, and is of opinion that the allowances claimed by the Officers &c. of the 19th are correct, for altho' the Regulations express that they are to be proportioned to the Number of Privates, yet that it is understood to mean rank & file which includes the Corporals, and under construction the Number in each Troop will be 73 Rank & file, but the General has not been able to ascertain from any documents in his possession when the increased allowances commenced but thinks it likely it may from the date of the augmentation on the first point I have to remark that the Regulation expressing the number of Privates to be the Criterion upon which

1923

Fort St. George August 97

5th

which the allowances are to be regulated it
appears confirmed by the subsequent 2
paragraphs which fixes the allowance for
Medical attendance and Medicines for
the Sick as follows. –

For one Troop of 46 Privates . . . . . 15 ℔
For a Corps of 2 Troops of 46 Privates . . . 25. –
From one Troop of 76 Privates . . . . . 24. –

Under this view of the subject with very diffidence
for the respectable authority before mentioned
I cannot but be of opinion that the Question
must be governed by the letter of the 2
Regulation, until further authority is given
in support of a different construction, and it
that the allowance in the mean time should
be drawn according to the number of Privates
414 in the Regiment only each Troop as
before stated from the date of the warrant
before mentioned Vizt. 13th August 1794 which
will consequently give 40 ℔ per annum
to the heads of Troops, 91 ℔ to the Paymaster
and 92 ℔ to the Surgeon. –

I &c

4924

Fort St. George August 1797

5th 5th In consequence of a similar demand having been made by the Officers &c. of His P Majesty's 27th Regiment Light Dragoons I have received a letter from the Military Auditor General at Bengal under date the 17th June last in P which he requests Information of the practice at this Presidency respecting the payment of the allowances of the 19th In this letter (copy of which with my answer I have the honor to enclose for your Lordships Information) there is a paragraphe on the subject of the annual allowance commonly called "Gratis money" of which has been hitherto made to the non Commissioned and privates of the 19th at P the rate of £ 1. 11. 10 per annum. The origin of this allowance appears to have been for the purpose of providing the Dragoons with P such necessaries as were not by the — P Regulations for Cloathing supplied by the Colonel, and in the Regulations before P quoted of the 13th of August 1794 is thus stated "To every effective Non Commissioned Officer "and private man in lieu of the Expences

7

4925

Fort St. George August 1797

of Necessaries £ 1. 11. 10. or 15. 11 Half yearly
/old allowance formerly called Grass money/ and
yearly further aid of Ditto 1. 3 yearly or 11. 6 8
Half yearly /new allowance/ making together
2 £ 14. 10 per annum I send however by a
Warrant from His majesty under date the 8
th September 1795, copy of which I have the
honor to enclose /No. 7/ that the several
allowances called "Bread Money" and allowance
old and new for Necessaries, are consolidated
and that the allowance to each Serjeant
Corporal Trumpeter and private of Cavalry
is 3/4 per Diem, and in the 12th Article of
the same Regulation it is stated that non
Commissioned Officers and privates of Cavalry
and non Commissioned Officers of Infantry
on Foreign Stations having supplied with
Provisions or having other local advantages
shall not have the allowance."

6 It would follow from this
Regulation that the non Commissioned
Officers and privates of Cavalry in India
would be excluded from receiving what

they

Fort St. George August 1797

has been hitherto paid to them Half yearly under the denomination of Grass Money or old allowance in lieu of Necessaries" which is clearly included in the consolidated allowance of 3¼ per Diem / if they had local advantages to put them on a better footing in India than the persons of the same discription serving in Europe, but as the pay of a private Dragoon in this Country is 3½ Pagodas per Month or 42 Pagodas per Annum / exclusive of what he has been accustomed to receive as Grass Money is less than the pay he receives in England viz.t 8 D per Day for Subsistence and 3¼ Consolidated allowance / making together 11¼ D per Day or £17. 2. 2 per Annum, equal to Pagodas 42. 32. 50. it is / evident that the Grass money cannot be / discontinued without diminishing the pay / which the Dragoon has always received in India, and consequently the Regulation / above mentioned does not apply to this Country.

7 With respect to the Serjeants Corporals and Trumpeters of the Cavalry who' their pay with the Companys allowance is

rather

4927

5th

Fort St. George August 1797

rather more than their Subsistence in
England with the additional 3/4 per Day
as consolidated allowance ie. 3 Pagodas
8 Fanams 44 Cash per Annum to the
former and 2 Pagodas 50 Cash per Annum
to the two latter, yet as His Majesty's
Soldiers in India have hitherto received
more than those in Europe by the local
allowances which put them on a footing
with the Company's Troops, it might be
considered an hardship if those allowances
were now to be diminished because the
allowances in England had been increased
in this point of view your Lordship
will probably determine that the Regulation
respecting the consolidated allowance
ought not to apply in any case to His
Majesty's Country in India, but that the
former allowance of Gross money should
continue to be paid as heretofore to the
Non Commissioned Officers and Privates of
the Dragoons restricting it however to the
actual number of Effectives mustered which
accords with the opinion given by Earl
Cornwallis

4928

Fort St. George August 1797

5.

Cornwallis, an opinion that is further confirmed by the Regulation for the Cavalry dated the 13th. August 1794 granting the old allowance called Grass Money expressly to Effectives only.-

8 The 13th. Article of the Regulation contained in His Majestys Warrant of the 1st. September 1795 having ordered "that the Privates of Infantry on Foreign Stations who have been used to receive Half yearly the old allowance for Nessaries formerly called Poundage shall receive in lieu thereof one half penny per Diem" making it instead of 12. 2 which they before received the sum of Shillings 15. 2 p. each man, or a difference of 3 Shillings and one half penny per Annum I request your Lordships directions whether the same shall be admitted in the Distribution of Subsistence &c. to His Majestys Regiments on the Coast altho' the Regulation does not appear to have been communicated from the War office to the Court of Directors and from thence to the respective Governments in India; which I apprehend should invariably be done in all cases effecting a change in the appointments or allowances of His Majestys Troops in this Country.-

I have the honor to be with a great respect.-

Fort St. George. August 1797

Extract of a Letter from the Right Honble Earl Cornwallis &c. to the Honble Sir Charles Oakeley in Council dated 12th August 1793.-

His Majesty's 19th Regt of Dragoons

The Charge to the Commandant for Rough Riders £ 23. 6 - appearing to be authorized by the Office Act, it should of Course be continued.-

There can also be no doubt that the Specific Sum granted by that Act to every Captain Commanding a Troop in lieu of non-effectives being £ 30 per Annum should be allowed.-

The allowance fixed for the Paymaster by the said Act of Parliament is £ 10 per Annum per Troop of Dragoons of the Establishment of 60 Privates, and £ 7. 10. for each Troop of a lower establishment and the allowances should be drawn accordingly.-

The allowance to the Surgeon is £ 8 per Annum for each Troop of 60 Privates and £ 6. 4 - per Troop for a lower Establishment

and

and it should not be exceeded.-

It appears that previous to the pay Office Act the preceding allowances now provided for as above, for the Commandants Paymasters and Surgeons had been paid out of the Monies issued under the Name of Gross Money and we observe that the Statement of this Article by your Auditor General, is expressed in the following words "To each effective Dragoons Gross Money per Ann. "£1. 11. 10. as the number of Effective is "continually varying, this allowance is "Calculated for the Establishment. Viz. "414 Dragoons." The Establishment cannot be exceeded without express authority, and we are of opinion that the charge should be made for the actual number of Effectives mustered, especially as the purposes to which the surplus of this allowance had probably been applied before the said Act was passed are provided for in the Specific allowances above detailed.-

Sir

1 His Majesty's 27th Regiment of Light Dragoons, being the only Corps of European Cavalry, that has yet served in Bengal, there is not any precedent to ascertain the amount of certain Kings allowances they should receive, and I have therefore, adopted, for the present, the Table of "Kings Subsistence" received by the 19th Dragoons at Fort Saint George for my guidance both Regiments being precisely of the same Establishment. -

2 I observe that Captains of Troops at Fort Saint George, receive annual allowance £30 each - The Regimental Paymaster of the 27th Dragoons claims £50 each, for Captains. -

3 The Surgeon of the 19th Dragoons at Fort Saint George, receives annual allowance £60. - The Regimental Paymaster

7

4939

5.r Fort St. George August 5.th 1797

of the 27.th Dragoons claims here. for the 8
Sergeon, £ 14 per Troop which for 6 Troops
amounts to £ 84.-

4 The Paymaster of the 19.th
Dragoons receives annually allowance £ 48
the Paymaster of the 27.th Dragoons claims
£ 17. 10 per Troop which for 6 Troops it
amounts to £ 105.-

5 Grass money at Fort Saint George
appears to be confined to Effective Private
Dragoons but here it is claimed for 8
Non Commissioned Officers and Privates
and the amount to each, is stated viz. 8
the Madras Pay Table at £ 1. 11. 10. per 6
annum whereas, here only £ 1. 11. 6. it is
claimed.-

6 It is way to give implicit
credit to a printed Book in Military &
Finance which one of the Officers of the
27.th Dragoons brought with him from England
and lent me to peruse, I should think
that neither the annual allowance
claimed here, nor those paid at your
Presidency

4910

5.re Fort St. George August 1797

Presidency are correct - Grass money is not
mentioned in the Books. -

I request to be favored with
the fullest information in your Power of
the authority by which the before mentioned
allowances were established; and it will
be particularly satisfactory for me to
know whether they were adopted by the
Madras Government or were established in
consequence of instructions received from
the Court of Directors - Grass money is
supposed to be something of the nature
of Poundage, but if it is meant for any
extra Service usually performed by the
Men, in Europe you perhaps may be able
to inform me. -

Sir

1 I have the honor to acknowledge the receipt of your Letter of the 27th Ultimo & respecting certain allowances claimed by His Majesty's 27th Regiment Light Dragoons and requesting to have the fullest information in my power of the Authority by which those allowances were established --

2 Having made the Necessary Inquiries on the subject, I find that the allowances above alluded to Originated in an act of Parliament for the payment of His Majesty's Forces, which gave to the Commanding Officers of Troops Paymasters and Surgeon of Cavalry, the sums which the 19th Regiment of Dragoons have hitherto received at this Presidency and which have been recapitulated in your Letter with this difference that the Paymaster has been paid 60 £ and the Surgeon 48 £ per Annum which by an Error in the Pay Tables lately published

4962

5.

Fort St. George August 1793

published at Fort St. George - a Claim has P
however been preferred within these few days
from the 19th Dragoons for the difference detailed
in your Letter, in consequence of the Augmenta-
tion Ordered to take place on the 23d May 1791 and
According to the Numbers in each Troop as
Specified in the Treaties of Military Finance" -
which is the only authority yet produced
in support of the Claim by which the Captains
demand 50 ℔ the Paymaster 17. 10 and the Surgeon
15 ℔ each Troop but as the above Augmentation
gave only 69 Privates to each Troop I shall
require some further explanation before I can
recommend to Government the admission of
more than 40 ℔ for the Captain 15 each Troop
for the Paymaster and 12 each Troop for the
Surgeon I am now prosecuting my Inquiries
on the Subject and shall do myself the pleasure
of Communicating to you the result

In the meantime I have
enclosed Extract of a Letter from Earl Cornwallis
Governor General in Council to the Madras
Government dated the 12th August 1793 respecting

the

4943

Fort St. George August 1797

the allowances of his Majesty's 19th Regiment
Regiment Light Dragoons which you will
perhaps find useful – the Gross money is
spoken of in this Letter, which allowance is
drawn here at the rate of £ 1. 11. 10 per Annum
for every non Commissioned Officer and private
effective instead of being Confined / as stated
in the old Table from which the new was Copied /
to the Privates only on this particular also
I hope to obtain full and explicit information. –

4 The Act of Parliament regulating
the payment of the Contingent allowance to
the Corps of the Cavalry and Infantry in his
Majesty's Service was framed in 1783 and
in that year I conclude therefore that a new
Act has Passed authorizing the increased
allowances to the Cavalry as stated in the
"Treatise on Military Finance" and Supported
this Authority must be produced before the
Governments in India will sanction the
Difference. –

War Office September 7th 1795

Sir

I have the Honor to enclose for your Information and Guidance, a printed Copy of a Warrant which has just received the Royal Sign Manual, and with I doubt not impress the Minds of the Corps under your Command, with a due sense of His Majesty's most gracious attention to them. —

The Allowances granted at different Periods and under various denominations, both to the Cavalry and Infantry Soldier had tended so far to complicate the personal Accounts of the Men that with the strictest care and most Regular Management it was difficult to ascertain the claims of Individuals, and in many Instances impossible to render the Settlement of them clear and Satisfactory. —

To remove these Inconveniencies to lessen thereby the Trouble of the Officer, and to enable the Soldier fully to comprehend

The

5th the nature and extent of his Claim, the King has been pleased to make a new Arrangement of the usual Allowances hitherto known under the Names of Bread money, Grass Money and the new allowance for Necessaries so as to comprize them under one head and form a daily Rate of allowance.—

Beside the facility of stating, render intelligible and settling the Soldiers Accounts on this new footing several other advantages will accrue to him, which I think it my duty to explain.—

The Bread Money which he till now the Soldier was not entitled to, but when on duty, makes a part of the daily allowance both to Cavalry and Infantry.—

The allowance of 2d per diem to the Non Commissioned officers of Infantry gives them an addition of £2 each per Annum.—

The allowance of one half penny per diem to the Privates of Infantry on Foreign Stations on lieu of Poundage

4946

5.

Fort St. George August 1797

Poundage Money given each of them and a
addition of three Shillings and half pennny
per Annum.—

And Lastly shortening the
periods of Issue, by bringing the whole to
a Monthly Settlement will add much to
the ease and convenience of all the
Ranks Concerned.—

Sir

From the Commissary of Grain and Provisions at Colombo reporting the low state of the Stores in respect to Grain and arrack, and the purchases he has made to obviate eventual Destitution

On the 29th May I addressed a Letter to the late General Doyle, stating that there was not sufficient Rice remaining in Store for the Consumption of the Troops in Garrison for three Months, and requesting that he would represent the same to the Honble the Governor in Council, and to procure his Lordships sanction to purchase a quantity until a fresh supply could be sent from the Coast or Bengal but I have not as yet received any Instructions upon this Subject.—

Since

1965

Fort St. George August 1797

7th

Since that period the Stock has considerably decreased, and I have now little more remaining in Store than will enable me to complete the Indents on the 1st of next Month for fifteen days Rice, for the Native Troops and Public Followers - Having so small a Stock upon hand, and no prospect of receiving a Supply from Bengal for some time, I have in the absence of the Commanding Officer accepted of a tender, made to me by Mr. Hope to deliver 1500 Bags at the Company's Godown of the best Bengal Cargoe Rice, each Bag weighing 164 lbs Nett Wt. at 10 Rupees per bag, payable by a Bill upon the Commissary General at Madras. - I have taken upon myself the responsibility of making this purchase, from a full conviction of its being an advantageous one, knowing that the Price will increase towards the end of next Month, and its being delivered at the Company's Godown, the Expence and Wastage in bringing

4966

Fort St. George August 1797

bringing it from the Pettah to the Fort,
it thereby saved, and I trust the measure
will meet with the approbation of the
Board.

The quantity issued monthly
from the Public Stores is from twelve
Hundred to fifteen hundred Bags, and as
I have not in Store including that 500 Bags
more than will enable me to Comply with
the Indents to the middle of September, I
have to request that you will represent
the same to the Noble Board, and procure
Authority for me to purchase Sufficient
for the Consumption of the Troops for two
or three Months. –

I have also reported to

leave however to observe, that the rates of
Specified for the Portuguese, as well as for the
Head and Second Conicopoly, are more than
what I conceive people in their stations in
their stations should be allowed; I have
therefore postponed for the former, the regulated
pay and Batta of a Pucktally being Pagodas
Four and Twenty six fanams per month of
thirty Days, for the Head Conicopoly Twelve
Pagodas, and for the Second Pagodas Six
four months, which I consider to be
fully sufficient.—

As the whole of the public
Followers for the intended expedition
will be victualled in the same manner
as the Native fighting People I apprehended
it may be found expedient, when the
service on which they are employed is
completed to withhold the issue of Provisions
grates, and to cause the regulated Stoppages
to be made from their pay and Batta for
such Articles as may be issued out from the
public Store, a Regulation which should
equally

equally apply to the public Followers, who were before in the receipt of Provisions, as the Pay and Batta proposed for them is beyond the P established rates and consequently equal to all their wants as well as the maintainance of their Families during their absence. —

In consequence of an application from Captain Mackenzie of the Corps of Engineers respecting Pay and allowances for the Officers &c required for foreign Service, I have the honor to enclose a list of the public Servants allowed him by Government annexing to each the rates of Pay at which alone, I understand, they can be procured and which, tho considerably more than the pay which they in general receive, appears to be an unavoidable increase from the P nature of the service on which they are to P embark and the great difficulty of procuring people properly qualified even on these Terms. I have also proposed rates for the same description of persons when employed in the Field agreeably to the Suggestion of

To the Military Auditor General in reply to the foregoing letter

I am directed to acknowledge the receipt of your letter of this date, and to send you hereunto a regulated table of the Pay including batta to be allowed the artificers &c about to proceed on foreign service. —

The President in Council adopts your recommendation upon the subject of victualling the public followers, and therefore directs that the necessary instruction may be issued from the office of audit for causing the regulated stoppages to be made from their pay and batta for such articles, as may be delivered out to them from the public stores those stoppages are in consideration of the advanced pay and batta which has been granted the artificers to be made as well on account

Upon a former occasion Mr. Swartz and the rest by evil advice to mahomee Khaire Saheb &c. excited a dispute in my family after the return of mahomee mohare Khaire Saheb to this place, she rejoined my family in consequence of which I have continued to pay her annual allowance of 3500 Pag.

being in those apartments sealed and locked up, Sherfoge has broken those seals and taken away some of the furniture — In the westward of the place in which the horses of Mohamad Khaie Saheb are kept there is an octagon bungla on this side of it there is a thatched place and Khone trees; on this side of them again is a wall which is Sherfoge's limit. on this side of it Sherfoje has no right, the Khaie Saheb is therefore much concerned that you should have written to me as well as herself requiring this place to be cleared out It is by no means proper that you should on this manner send word to the Khaie Saheb that you would your self come to be seated near her door. As Sherfoje has no right to that apartment there is no reason for your writing to me. As it is my apartment I shall not clear it out. If you should hereafter
