A Man arrived here this Morning at 10 O'Clock from Seringapatam, and makes the following Report. I left Seringapatam on Friday (the 17th Instant.) the — day previous to my departure (Summa Raat or Thursday) having been deemed propitious, and the Star of Tippoo Sultaun Khan discovering a victorious aspect, this Sunday /Standard/ was brought out and hoisted at Sultaun Pete. — The Sultaun with his Chief Sirdars assisted on this occasion, when the usual Sacrafice of a few goats took place. — after which the Sultaun repaired to the Divan Dowlet Baug, in the Mahaul of which he entertained the whole party. — In consequence of Baddar Summa Khans standard being thus hoisted, it was said throughout that the part of the Army to be under his command will first move during the present Month of —

I had last the honor to address you on the 21st July P. Pearl and I have now in consequence of the non-arrival of the expected Cruizer from Bombay and the impossibility of procuring any direct conveyance to that place determined to communicate to you by means of express boats Via Muscat very interesting political intelligence received here on the 1st and 6th instant. —

The intelligence in question is confirmed in the Extracts from Letters from the agent at Aleppo dated the 19th and 22nd Ultimo. the Extract from a letter from Marseilles dated the 15th May. the copy of a letter from John Spencer Smith Esqr. of the 7th Ultimo. and the Extract from a letter from His Majesty's Consul at Smyrna. to that Minister. dated the 2nd Ultimo. which

13th he immediately set sail from thence with all his Fleet and the Bayeswara Ships left that Place at the time first - and in their passage they again saw 7 sail of that Fleet near one of the Islands on that side of Sicily which were steering towards Alexandria, so far what is reported by the Captains of the Bayeswara Ships at Cyprus. -

In the second letters received here from Cyprus it is written that they had received letters from Limisso a place on the other side of Cyprus giving them advice with signs of much fear. that the same day arrived there a Greek Boat belonging to Tripoly in Syria from Damiata having escaped from thence with much difficulty. and the Reis or Commander of the Boat deposed. that the Republican Fleet had actually entered the Port of Alexandria. and had taken that place after a very great Massacre and that on his departure from

13th from Damiata. that place was in the greatest confusion. —

It is said here that this Fleet — consists of Men of War. Fregates. Bomb Vessels. and Transports. and on board of them there is 80 or 100.000 Men consisting of Artists and Soldiers. besides 4.000 Horses 15.000 Saddles and Bridles. with twelve Ships loaded with Lime and Stones to build Forts &c. — and it is further given out their chief design by this undertaking is to pass thro the Red Sea to the East Indies. and attack and take the English Settlements in those Parts. —

Monsieur Chasseloup the French Consul here reports that there are only 25.000 — Troops on board the Fleet. and his account I look upon to be more exact. —

You may depend upon my giving you further advices about this important business in a few days by another Despatch. I shall have to send you. —

I am highly pleased my Conduct in my Official Duty has met with your approbation. I beg of you to be persuaded, I shall neglect nothing in my power to serve my King and Country with Zeal and attention. and as the Europeans here are much alarmed for their safety, for fear of the French coming to these Parts. I must beg of you to believe me that I am not at all apprehensive of any fear of their making such an attempt, therefore I shall steadily attend to my duty let the consequence be what it will. and I am of opinion that the Ottoman Porte had never any Knowledge of the designs of the French. and it is absurd to think they took possession of Alexandria with the consent of the Grand Signior - you will oblige me much to give me your further directions in whatever manner you think I may be more useful to my Honble Employers in my Post here. and you may depend upon your orders being strictly observed. -

I have the pleasure to send you an Extract of a letter from Marseilles. I procured it from a Friend here, who assured me that altho' it was — without Signature, he knew by whom it was — written.- I translated it myself, and I consider the Contents to be of the greatest importance. —

I beg of you to give me some good account of Monsieur Raoul as I now suspect him to be entirely in the secret of the expedition undertaken by Buonaparte against Egypt. I am pretty sure he cannot escape your Vigilance. –

From the operations on the Coasts of the Mediterranean from Malaga to Civita Vecchia an immence Convoy will unite with the Toulon Fleet and the Venetian Ships under the orders of Bournaparte. The armament will proceed to the Eastward, plant the tree of Liberty at Malta. Garrison that Island, visit Sicily and Candia and disembark a great Army at Alexandria in Egypt, which Army will proceed by the Red Sea to India. In Bengal the Republic will there attack her great Enemy, and will make alliance with Tippoo Sultaun and other Powers in those Parts and raise all India against them. —

Fort St. George — October 1798.

11th. Extract of a Letter from Captain J. A. Kirkpatrick Assistant at Hydrabad to the Right Honorable the Governor General. Dated 29th. September 1798. —

"3rd. In consequence of the Ministers intimation to azeez Oollah of his wish that a Passport should be granted by me to Mr. Baptiste. I lost no time in making out one, which I sent to him accompanied by a Note expressive of my readiness to comply with his wish, by furnishing him with a Guard to attend him to Masulipatam. To this Note however I received no answer, and having since ascertained that he has taken a Route very wide of the Masulipatam one, I lost no time in addressing a Letter to the Officer Commanding at Ongole. A Copy of which I have the honor to inclose for your Lordships notice. — Though I describe this Frenchman in my Letter to Lieut.t Colonel Vigor's as having it in contemplation to proceed to Pondicherry, yet upon further reflection I am inclined to think that Tranquebar is more likely to be the place of his intended destination, as affording him a more

secure

6203 Fort St. George October 1798.

H. secure asylum and better opportunities of pursuing his objects of whatever nature they may be, Pitham any other place on the Coast of Coromandel. The Persian Letters spoken of in my address to Lieut. Colonel Vigors as in the charge of Baptiste, were reported to merely one of my secret intelligencers as having been conveyed to him very secretly by Hamed Dowlah the efficient Head of the Renegade party, but I cannot learn any thing as to the subject of them, nor the names of the person or persons to whom they are addressed. I do not think it at all likely that Baptiste will repair for the present at least to Seringapatam having as I have reason to think, too much ready access with the Sultan to trust himself in the power of so faithless and rapacious a Tyrant as Tippoo Sultan. I have nevertheless thought it proper to give the Minister a hint of the possibility of his doing so, and he has in consequence promised me to take the necessary measures of prevention. —

The Sultaun again resumed his speech, commenting on what had been

been reciated of his Father, and particularly alluding to the great exploits he had achieved with little to support a him. - now added he, this Empire so nobly acquired had been overcome by an host of foes; - necessity under such distressing circumstances, compelled me to give away my treasure, and a great part of my territory. I forfeited neither your freedom or your property on the occasion; my own children and my treasure were alone sacrificed; but recollect that by such resignation of my children into the Company's hands, your honor and fame have been tarnished as well as my own; - from hence to Europe, and from Europe to Rome, the Turkish Dominions are understood, and back again to Hindostan; the report of my disgrace thus known & proved it will rest with you however, still to redeem the good name handed down to me, and to support this a Empire of great Hyder. - I want not the support of allys from abroad; - the report of aid from the Mahrattas, as rumoured, is without foundation; - your aid and hearty Concurrence is all I want, all

And that in the confidence entertained of the Admirals complying with this Recommendation Captain Welson will be instructed in case of his departure from Pondicherry before their arrival to leave Orders of the manner and Channel in which the wished for Communication may be most readily opened between him and the Commanders of his Majesty's Ships. —

If the Board concur with me in the preceding Suggestions I will prepare without delay for your Instructions for Captain Welson who should in such case be allowed unlimited Credit to draw on this Government for such Sums as well for the support of his own Establishment (on the amount of which I think he should for the present be entirely discouraged without prejudice to the Offices he holds at the Presidency) as also to enable him by the gradual application

application of pecuniary considerations to any of the Chieftains or others within the Gulph, whose services it may be necessary to procure, the more efficaciously to accomplish the very important objects of this mission. —

Besides the precautions above intimated, I beg leave to suggest to the Consideration of the Board, whether it may not be advisable to make a confidential Communication to the Governor General of Goa, of the apprehended designs of the French, and of the possibility, at least, that they may be directed against the Portuguese Settlements on this side of India, to the end that, if meeting with his Excellency's concurrence, such a Co-operation of our Naval force may be concerted as may appear most conducive towards defeating the Designs of the common Enemy. —

From Captain Forbes stating the insulting and unwarrantable conduct of the Nabobs Manager Nazar Mahommed Cawn—

I am sorry to be under the necessity of troubling the Right Honble the Governor in Council with a Representation of the unwarrantable Conduct of the Nabobs Manager here (Nazar Mahomed Cawn.) who on the night of the 9th. instant, assembled a large Body of his Troops close to the Powder Magazine. so much so that only a low Mud Wall separated it from the Spot where fireworks of all descriptions were continued to be played off during the greatest part of the Night by his Orders. with Drums and Fifes beating the Grenadiers March accompanied by all kinds of Martial Musick. Troops under Arms with fixed Bayonets. and Officers with Swords drawn consisting

consisting of Cavalry, Artillery and Infantry regularly
clothed and Armed.—no persuasions or cautions the
small Guard over the Magazine made use of could
prevail upon them to desist, altho they repeatedly
pointed out the eminent danger they themselves
were in. and that of many thousands besides. as
the Magazine contains upwards of Seventy Barrels
of Powder, and almost in the Centre of the Fort; this
circumstance being reported to me about One
o'Clock in the Morning, I immediately sent to
the Party to know by whose authority they were
behaving as aforementioned. The answer was.. by
the Nabobs.- which they in common style Mazar
Anahomed Cawn. I again sent the most positive
orders to desist from such irregular Conduct. but
to no kind of purpose- they as positively persisted
and continued it.- saying they had the Nabobs
orders. and that mine to the contrary they
deemed of no avail. nor would they obey them, and
desired the Rajaue of the Guard to tell me so.—

Nuzar Mahomed Cawn has more the appearance of a General, Commanding an Army than that of an Amildar. or Renter of a Country. having under his Command five Companies of Sepoys. a Troop of Cavalry. a Company of Gun Lascars. and upwards of Two Thousand Polligars Armed with Matchlocks and Pikes. and the former regularly clothed and Accoutred. besides many Revenue Peons employed in the Country. the five Regular Companies consist chiefly of the late Ameer's Troops that Mutinied here. which he sported to Government on the 27th of May last. and appeared by Men inimical to the Company's Interests. for instance, no less than four Sons and Relations of Ballkistnah formerly a Commandant in the Nabob's Service. and now in Nellore. three of whom bear the Subidar's Commissions. and the other a Jemidar in Nazar Mahomed Cawn's Company. one of the Subidars only four Months ago quit Tippoo's Service and appears to me a very suspicious Character. having reason to

think from the information I received this Morning that he carries on a Correspondence to Tippoo's Country. — The conduct of Ballkistnah Commandant, the Father of said Subidar is well known to Government, having been Banished to Bencoolen for being concerned in attempting to deliver up this Garrison (Think in 1783.) to the Enemy, and I had laid a Plan for the Massacre of the then 11th. Battalion of Sepoys &c. &c. — Yesterday afternoon while Lieut. Jones and I was on Parade, the Nabobs Drummers contrary to all regularity, and my Orders, Beat off their Drums in my presence, on which I went and stopped them, they a second time attempted it, and I again stopped them, they both times told me, their Beating off was in Obedience to the Nabobs Orders, who a little before that had gone out in his Carriage, upon his return they reported the Circumstance to him of my having stopped them, and he in a very Boisterous and turbulent Manner in the hearing of the greatest part of my Company of Sepoys, asked him

them why they did not put the person to Death who stopped them, and Beat off: and instantly made them beat off. at 10 o'clock at a very late hour, and continued the whole night beating Drums, and fifes playing H.a H.a in his Authority which he has surrounded with a very high Mud Wall, and is by far a Stronger Post than the Fort itself. - That night sent the Subidar of the Company, and another Man to expostulate with him, and point out the impropriety of his Conduct, and after waiting two hours they were refused admittance, and brought me a Message from him through his Dewan + (Nagalapatter Vunket Row, the Man who caused formerly so much trouble to Government in May 1797.) That I had no authority whatever in the Fort except immediately over the Company's Servants, and that of shutting the Gates, that he was the person to Authorize and order the beating of Tom-Toms. + Drums, playing fireworks H.a H.a and that he would do it, desiring me to report the same to Government whenever I thought proper. Mr. Surgeon Little
His majestys 36th Regiment

Sir,

I have had the honor to receive
your letter of this date, and in answer
thereto have to inform you, that, as by
the

6277 Fort St George 11 October 1798

16th His Majesty's Warrant recited in the
G.O. issued by Government on the 17th May
last) an Increase of Pay was granted to
Surgeons & Assistant Surgeons from the
25th December 1796 - Government now
issued in consequence to publish a
Table shewing the Differences to be paid,
to each of the Surgeons and Assistants,
Surgeons in his Majesty's service, from
the last mentioned period, in order to
"place them exactly on the same footing
in point of allowances" as the Surgeons
and Assistant Surgeons in the Company's
Service" - The Tables alluded to after "
Comparing the King's Subsistence and
Net arrears with the Company's Pay and
Gratuity consolidated, leaves only the "
Sums

6278 Fort St George 11 October 1798

16th Sum of Pagodas 13:30:17: per month
on the Difference payable by the
Company - and as the Difference
between the old and New Rates of
Hiring Substitutes has been drawn
on account of the Surgeons and Assistant
Surgeons from the period before alluded
to - Consequently the Difference between
what was formerly drawn as difference
of Pay - and Gratuity, and that allowed
by the new Table was necessarily
withheld.

From the above reasons I trust
you will see that it is not in my power
to permit the Retrenchment without
the express authority of Government,
to whose decision I will immediately
refer the case should not those reasons
appear to you satisfactory.

I have

very considerably, and I can only observe
that of the Regulations alluded to the
only claim that has been carried into
effect, in this Country is the one which
goes to deprive the Surgeons of this
emolument.

I hope Government on my

which was drawn eighteen months ago —
and which has been granted to the

have been already sent home.

The Paymaster of the Regiment having called upon me a second time to retrench a certain Sum drawn on account of my Bowat Bill to which I had before given an answer – And which I had a strong reason to suppose from the lapse of time that had elapsed since that period had finally adjusted the matter.

My surprise is naturally very great to find myself called upon at a perplexing moment and when on the eve of Embarkation for Europe to refund a sum which though small will be very inconvenient. –

As I cannot account for the delay that has taken place in not obtaining

The order of the Court of Directors under
date the 27th July 1796 published by Government
on the 7th April 1797 - do not in any opinion
apply to, or in any respect invalidate
Captain Mackenzie's claim to the Pay
and allowances attached to his rank from
the date of his Commission - By the order
above alluded to, it appears that no less
than 272 officers (a great Majority of
whom obtained Regimental Rank) are
prohibited receiving the back Pay and
allowances attached to and dependent on
the Commissions which they hold from
their Honble Masters - His Majesty on
the contrary invariably grants to his
Officers

The orders and regulations of Government also authorize His Majestys Officers to draw the Pay and allowances allotted to their Rank so that had a similar promotion of Regimental and Brevet Rank taken place in His Majestys Service at the above period with that published by the Court of Directors, His Majestys Officers could not have been affected thereby, unless the aforesaid authorities had been first annulled, of which we yet

Captain Mackenzie does not appear to stand
in a similar predicament with the officers

considers his claim valid, but is willing at
the same time to leave the matter to the
arbitrature of Government, should the
Military auditor General consider himself
not sufficiently justified in passing the

My Lord

To Bengal respecting the Expediency of increasing the Force and the expediency of removing them from Indostan and the idea of employing the Bombay & Bengal Troops as a Corps de Reserve to the Cape of Good Hope or eventually to England.

1 Judging under the present Circumstances of public affairs a very great importance attached to the disposal of the Seamen as well from the great expence of maintaining them, as from the inconvenience of guarding so great a number of men, we think it our duty to bring the subject under your serious Consideration.

2 Under this impression we thought it advisable to consult the Gallant Admiral upon his opinion in these points, whether in the event of his not being able to detach one of his Majesty's ships for the protection of a Convoy, he

common precaution on the part of the
Commanders - we advertised for proposals
of freight for this service, but not
having received any tenders we were
desirous of embarking the prisoners

of which ship had already made it
necessary for us to dispatch the

6 If your Lordship in Council should concur in this opinion we are inclined to believe that this will prove the means of employing the Orderly now in these roads: as it will hardly be possible for us to discombark the whole of the Cargo before the monsoon, and as there is no probability of her being dispatch'd on account of the owners while engaged on the part of the owners she must necessarily be kept in the service during the period when it may be advisable to dispatch her.

Sir,

Having Issued the Lackarow Rupees Received from you, at the rate of arcot, to the Sepoys of my Battalion, I beg leave to acquaint you they have represented to me, that the Rupees are not the Currency of this place, and bear a discount on the Bazar, of thirty Cash on each Rupee, and the Shroffs demands the same on exchanging them for arcots.

Considering this Loss a very great hardship to the Soldiery, I have to request the Marine Battalion may either be paid in the Currency of the place, or the Batta on the Rupees allowed them.

I beg you will be pleased to State that Major Browne His Majesty's 36th Regiment was in the same predicament in the year 1796, and upon a reference being made to Government he was allowed to draw full Batta during the time he was Stationed at Warriore, and that a similar indulgence has also been granted to his predecessors at that Station. -

Read the following Letter from Bengal

To the Right Honble Lord Clive Governor in Council at Fort St George

My Lord,

From the Supreme Government enclosing a Letter from Lieutenant Colonel Roberts to the Resident at Hyderabad stating the Difficulties he experienced in the Command of his Detachment. Strictures of the Supreme Government thereupon, requesting those Difficulties they figured that an investigation be made.

We have the honor to transmit to you the enclosed copy of a Letter from Lieutenant Colonel Roberts to the Resident at Hyderabad dated the 10th Ultimo, stating a number of circumstances which he observes must retard the March of the Detachment under his command into the Territories of his Highness the Nizam

2 The zealous exertions which were made on the part of Captain

approbation by the Governor in Council

on

6331

Fort Stanwix 23d October 1798

in forwarding this Detachment, and
the expectations which he had expressed
to Captain Hoskpatrick of the pro-
bability of its being ready to move
into the territories of the Nigons by
the end of august, compared with the
information now before us, induce us
to apprehend, that the endeavours of
the Governor in Council have not
been seconded by a correspondent zeal
in the Subordinate Departments, to
which the execution of his orders was
entrusted. -

3 Lieutenant Colonel Roberts states
the impediments to the advance of the
Detachment to be; that the Bullock
Agent did not join the Detachment
until the 5th September, and could not
then

6332

Fort St George 22d October 1798

Have arrange the parties of this
Detachment on account of the dispersed
state of the Troops, that the Comp.
equipage for the greatest part of
the Staff Corps was deficient, and
that arrears of pay were due to the
Troops, who have arrived with all
their families, and were distitute
of money not only to enable them
to settle their families previously
to their quitting the Companys
territories, but even to support
themselves

4 The serious consequences
which may arise from any delay in
the arrival of the Troops at Hyderabad
render it a duty incumbent on us to
request that a diligent enquiry may
be instituted into the causes of
the

0333 Fort St George 23d October 1798

The several circumstances as presented
by Lieutenant Colonel Roberts. —

5 The arrival of pay due to the Troops
is stated by Colonel Roberts to be
the principal obstacle to his progress;
and as it must have been evident
that the Detachment would not be
in a condition to move without
receiving at least that arrear, it was
the duty of the Officer to perform the
orders of the Governor in Council
for providing the requisite supply of
cash were it found to have taken
such precautions as should have
effectually secured that supply at
the moment when it was likely to
be required. It is our opinion therefore
that this circumstance should not
undergo

6334

Fort St George 23 October 1798

undergo the fullest investigation, and
we particularly request that your
Lordship in Council will ascertain,
whether any, and what steps were
taken by the Officer to whom the
execution of the orders of the Governor
in Council was entrusted, for
satisfying himself, that the collector
of Masulipatam would be in
possession of funds sufficient to
answer the assignment in favor of
the Paymaster to the Detachment.

6 We request to be furnished
with the result of this investigation
with all practicable dispatch, together
with your Lordship's opinion, whether
the delay in the march of the troops
is to be imputed to any of the Officers,
who were entrusted with the
execution

Sir,

I am this morning favored with
yours of the 6th Instant by Express - In
my reply to your letter of the 2d I stated
to you the Situation of the Troops that
compose the Detachment and of my
having

0330

Fort St George 25th October 1798

Having immediately given orders for their
assembling which I had not before
an Authority to do - Lieutenant Colonel M'
Dairymple Marches this day from
Immacondah with the first part of the Detach-
ment assembled there for Burrara, what
were here have also marched for the
same place where I shall proceed myself
this evening - The whole of the artillery and
the greatest part of the Guns being at
Burrara on Boats being collected there
I conceive it will be the most the shortest
the most expeditious Route we can take -
I am very sorry to be under the necessity
of stating to you a number of Circumstances
that must retard the March of the Detach-
ment into His Highness's Territories and
put it out of my power to conform to
your directions in proceeding with that
expedition I could wish - The two Battalions
of

6337

Fort St George 23d October 1798

From the Southward arrived here the
one on the 2d the other on the 3d Instant with
all their Families neither of those Battalions
nor the 11th Regiment have yet received
their Pay for last Month — Mr Cherry the
Paymaster and Mr Goldsworthy the Bullock
Agent only joined me on the 5th the former
has as yet been able to procure but 2500 ℔
Madras Pagodas for the whole Detachment,
the Letter from the dispersed State of it
has not been able to arrange the Duties of
his Department — The Brigade Major and
Surgeon have not yet joined nor am I yet
provided with Camp Equipage for the
greatest part of the Staff Line, but the latter
I consider as small obstacles compared
with the want of money for the Troops
to enable them to settle their Families &
and from support themselves, without
which you must be sensible of the
difficulty

0338

Fort St George 23d October 1798

Difficulty or even the impossibility of
ascertaining to March Thousands of the
Coromandel Territories - The Paymasters
having been informed that an order
has been sent to Bengal for his
being employed on the Coast, I hope we
our being assembled at Banana perhaps
Services cannot be till the 16th that
we shall be able to arrange every thing,
you may depend on it nothing shall
be wanting on my part to accelerate the
March of the Detachment. -

You will see from the above the
impossibility of my complying for the
present with your wishes in sending a
present state; and our Estimate of the
Sums required for the Monthly Disburse-
ment of the Detachment, as soon as it
is in my power I will do it, and
shall

6339 Fort St George 23d October 1798

shall inform you from time to time of
our motions — I shall pay particular
attention to the last Paragraph of your
former Letter, as well as what you recom-
mend to me in my conduct to the
Persons sent by the Ministers to meet me,

structions from you to the contrary.

Resolution thereon

Resolved, That the following

answer be returned to the Supreme

Government

To the Right Honble the Earl of Mornington K.P.

Governor General in Council

Fort William

My Lord

Letter to Bengal in reply to the above

We have had the honor to receive

your letter of the 3.d Instant, and are much concerned

that a your Lordships in Council should have

entertained any cause of disputatious faction at the

expressions of the Guntoor detachment: but

we are confident that the explanation, which

we shall now have the honor to offer, will

remove this suspicion from your Lordships

Mind. —

On the 31 July the orders of the

Supreme Government for superseding the detach-

ment were taken into consideration, - on the same

day orders were dispatched to the officer commanding

the

0341 Fort St George 25 October 1798

The northern division of the army
informing him of this intention; and on
the 1st august the particular arrangements
were transmitted to him for relieving the
several detachments of the 11th Regiment native
Infantry in order that the whole corps might
assemble in the neighbourhood of Innaconda

On the 31st July orders for
equipping the Bore and ordonnee expeditions
of this detachment were given to the
Military Board; and on the same day
the two corps destined for the Mysore
service from the Presidency and Wala-
jahbad were warned to march

On the 3d august the Superintendent
and Commissary of Stores were informed
of their appointment; but as the several
Corps of the detachment would be supplied
with carriage agreeing to the practice

J

6342 Fort St George 23 October 1798

of the enemie at the different stations from
whence they marched, just brought it neces-
sary to appoint an agent for the department
of Cuddapa and Guntoor until the 21 August
- on that day this officer was appointed
on the 27 August he received the order
at Bellumcondah where he commanded
and having delivered over charge of that
Garrison, joined the detachment at Guntoor
on the 5 September.

By a very considerable exertion the
two Corps from Malajahbad and the Guidway
reached Guntoor though heavy roads and
bad weather on the 3 September after a
very fatiguing March.

I am with dutie your Lordships in
Council will observe from the Station
at which we proposed in our Letter of
the 3 August to assemble the detachment
on

6343 Fort St George 23d October 1798

on the best plan on which it might meet the
eventual command of the residency at Hyderabad;
But as Lieutenant General Harris had every
reason to expect that the Detachment would
be called for even before it could arrive at
the place of Rendezvous he deemed it
expedient that it should proceed to Bazaroa
(where only it could cross the Kistna with
expedition and safety) by the circuitous
Route of Innamanah, on the 21st august
we accordingly appointed Lieutenant Colonel
Roberts to the command of the detachment
in order that he might be present on
the spot to make such arrangement
as might be necessary as soon as the
whole corps should reach the rendezvous.—

On the 2d September we received
private intelligence that it was the wish
of the resident at Hyderabad that the detach-
ment should move as soon as possible after
the

0344 Fort St George 23d October 1798.

the junction, per Thompson anticipates
his public application by sending orders
on that day to Colonel Roberts for moving
the detachment as soon as possible towards
the Frontiers of his Highness the Rajahs
dominions -

On the 9th of that month
the detachment from guntoor commenced
its march & on the 10th the whole had
left that place. It was not until the
20th - that the detachment had effected the
passage of the river at Bezawarra at
that time full and rapid. on the 25th
it recommenced its March, and on the
1st October entered the Rajahs territories
according to the particular plans of Captain
Kirkpatrick. -)

On the 4th September we received
a representation from the Paymaster of the
detachment that the Collector of the Guntoor
Circar

0345 Fort St George 23d October 1798

Circar was unable to comply with his
indent of cash, and in consequence
we sent orders on that day for dispatching
the detachment with money from the
general treasury at Masulipatam —

as we had already issued orders for
causing all advances on account of the
investment and as no considerable sums
of money had lately been drawn from
the Circars, we had no apprehension of
disappointment in this important article:
we were much concerned however to
learn from the Paymaster at Masulipatam
that the whole of the collections in that
Circars were unable to supply a
sufficient Sum of money for the demands
of the detachment. —

On this unexpected emergency
we embarked a sum of money which
we could dispose from our Treasury,
on a ship then in these roads destined
for

6346 Fort St George 23d October 1798

for Masulipatam, and at the same time
directed the Collector at Masulipatam to use
his influence among the principal people
of that place to borrow a sum of money
for this particular service

Mr Oakes was directed to follow in
accomplishing this object and we find
in consequence the satisfaction of
observing by a letter from Colonel Roberts
dated 30th September that the Company was
was in cash more than sufficient
for all the demands against him.

In the review of these circum-
stances compared with dates and
distances, we conceive that we do not
observe any delay that could have
been avoided, except perhaps the interval
between the passage of the river on the
20th and the renewal of the march
on

6347 Fort St George 25th October 1798

on the 25th September, but it has not been
reported to us that this delay was
actually occasioned by waiting for
money.—

In respect to the arrear of pay
due to the troops, as mentioned by Lieutenant
Colonel Roberts, we have the honor to
inform you that all the arrears of the
two corps which marched from the
centre division were settled previous
to their departure, and a large advance
of August Pay made to the two corps
marching from the Centre in order
to prevent every inconvenience to them
of a sudden and unexpected move and
that the subsequent inconvenience arose
from the absolute deficiency of money
at Guntoor and Masulipatam. —

We

6348 Fort St George 23.d October 1798

We beg leave to assure your Lordship
in Council that passing as well as the most
zealous disposition to execute whatever share
of their arrangements the Supreme Board
may commit to us we should have thought
it our duty to notice any relaxation in the
Subordinate officers under this Government;
but we persuade that we are not sensible of
any want of exertion in the officers to
whose the execution of our orders has been
entrusted. We beg leave to offer this opinion
as the result of the best consideration we
have been able to give the subject, and
to add our belief that, if any delay has
occurred, it arises from circumstances,
which it was not in our power to controul.

My Lord

From the Military Board inclosing a Memorial from Mr Bullock to whom they recommended an Advance of Cash on account of Cash Government having authorized Lieutenant Colonel Read to repair the Store Houses & Granary of Pagoda & mention that no proposals have been made for supplying by contract the different Stations in the Quarter Circar with Grain & suggest the supplying the quantity required from the Company's Grain in the Godowns at Pattanapistnam — & recommend the payment of 3000 Pagodas to the Garrison Storekeeper of Fort St George

We have the honor to acknowledge the receipt of Government's Letter of the 10th Instant: also of Mr. Secretary Webb's Letters of the 13th and 16th with their respective Enclosures, and on the subject of Captain Agilby's Address to Government referred to our consideration, We beg leave to state that in consequence of a similar communication from that Officer to us, and of Government having given over to Board a latitude to devise the repairs of

6356 Fort St George 25th October 1798

of the Granaries in the Barracoon at Chepauk
Stations as Grain was ordered to be
provided; We under the consideration
that the Store rooms at Masulipatam were con-
nected with the Granary, have already
authorized Lieutenant Colonel Read to
direct the necessary repairs to be made to
the Store Houses as well as to the Granary
2nd
We deem it necessary to inform
Government that having directed Advertise-
ments to be published in the Masulipatam
and Guntoor Circars inviting proposals
for supplying by Contract the quantity of
Grain ordered to be laid up at the
different Stations in the Guntoor Circar,
and it appearing by the reports of the
Garrison Storekeepers of Masulipatam
and Innaconda that no offers have
been made in consequence, We are
desirous of having your Lordships further
instructions

instructions in regard to the mode of supply to be adopted, and beg leave to submit whether the quantity required may not be conveniently supplied from the Company's Grain in the Masulipatam District, and transported after the Monsoon by Vessels from thence to Madapollam: in which case, a Contract might be advantageously for conveying the same from that Port to the different Stations in the Guntoor Circar.—

3rd We have the honor to recommend that an Advance of 3000 Pagodas be authorized to the Garrison Storekeeper of Fort St George on account of Provisions &c. ordered to be sent by him on board the Honble Company's Ship Bombridge

Resolution thereon

Before the Board a Memorandum upon
the necessity of erecting for the protection of
the Gunboat Carriages they intend to
construct to carry Battering Guns
of a description upon his means of conveying
a sufficient quantity of powder into
that district.

To the Right Honorable Lord Clive

Yea " Yea " Yea "

From the Military Board giving it as their opinion that no part of the Battering Guns ought to be sent from the Presidency at the present season of the year.

My Lord

1st We have to acknowledge the receipt of Mr. Secretary Webbs Letter of yesterdays date, and having given particular attention to the subject thereof find that a Division of Guns 8 to 10 Battering Guns may be got ready on the Arrival as to proceed on the 23. instant

and

6361 Fort St George 23d October 1798

and that as the Draft Bullocks which
have been lately collected for the Service are
in general untrained, the least time that
can be allowed for their reaching Vellore
must, with every exertion, be twelve Days,
supposing the Weather to continue fair, &
and the River Palaur to be so low as to be
readily passed, which would carry the date
of their arrival to the 4th of November, But
as it is more than probable that the
Monsoon may set in before that period,
and as, in such an event, or even by the
River continuing full, the Guns, from there
being no intermediate Post would be left
exposed during the Rains, which would
defeat the Object in contemplation, We
from such considerations, strongly think
it would be advisable to avoid if any
part of the Battering Train at this
advanced period of the year. —

In

6362 Fort St George 23d October 1798.

2nd In giving this opinion We mean it to apply to the Guns only, as it appears that it would require a further time to prepare their complement of Ammunition, and Stores: many of the Articles remaining yet to be provided by the Agent of the Supply. –
