Translation Copy of an Arzee

From. Meer Hemer ul Din. Ali Chan

To. Aazim ul Omra Bahadur

Recieved (at Hydrabad) 8th. November

After Compliments

I have been honored with your letter upon the Subject of the Troops Stationed in the Guntoor Country; and desiring my attendance, after the arrangements of the Country shall have been completed.-

My impatience for the Honor of waiting upon you is unbounded - and my delay to do so arises merely from the want of mens, - the particulars of which are known to your Excellency - I have however exerted myself in providing the necessary means, and so soon as Mahommed Sadik ali Chan shall though your Excellencys favor arrive here, I shall leave him to make the adjustments and attend myself in the presence —

There are four or five small talukah and thirteen small Villages, of which the Zemindars of this quarter had unjustly possessed themselves - agreeably or orders, I had detached a body of horse and foot and was settling this business - In the mean time I received repeated letters from the Sirdars of the Company - the forces had been sent - and altho the progress of the Seige and entrenchments had advanced nearly to the Rampart of Cheddumitt yet was

interrupted

interrupted - this Circumstances have been represented to be the Sirkars -
Chiddum and Rendore appertain to the Mavile of Bedapell -
and the Zemendar of that place had even attended on me, and settled his
pesheash, when the aamil of misur investigated him to Rebellion and to the
hostility which has ensued. -

I have no business with wealth or territory - my regard is directed to -
Your Excellency whom I considered as my patron, my Master, and the object of my
veneration - and if it were your order, I shall relinquish the whole Country - but as
as the abovementioned territory has from an ancient period belonged to Gurumcondah
therefore have I stated these Circumstances. -

The amount of about five lais of Rupees of the Gurumcondah territories, which
have fallen to my share; I have, in the present emergency, endeavoured to settle, whether
by pesheash, or probably amani - but the disturbances excited by the Zemindars in the
vicinity of the Company's territories, who, after burning the circumjacent Villages,
shelter themselves in Chitus render the realization of the money difficult -
- I have however in order to prevent any Complaints of one in the presence, contrived
to advance 10000 Rupees to the Sibendi of the Fort - they have again given me so
much vexation, that it is impossible for me to explain it - I repeatedly wrote to them
that if they were so inclined they shall be at liberty to take possession of the
Country appropriated for the Sebende, which meer aalum Bahadur had
inserted separately in the Sanned - otherwise I requested to be allowed one or two
months time, when, at any rate, I should procure money and settle with them faithfully
- they replied in a vague manner, and sent a Battalion to importune and demn me,
Seeing that it is incumbent on me to state minutely to your Excellency every Circumstance
I declar that I have been stung to the Soul in Satisfying them - Therefore request that
you will direct the Killadar either to take the Country formerly allotted, or to give
two months time otherwise as they are extremely tumultuous and mischievous I cannot
suffer the daily importunity, more would be disrespectfull

Jos. Webbe Esqr.

Secretary to Government.

Sir I have received your letter of the 6th Inst.

in which you inform me that the Right Honorable

the Governor in Council desires that I will dispose

of the Honble Companys Elephants Camels and

Bullocks in such manner as I may Judge most

Convenient for their accommodation.

adverting to the proposed plan stated

in your letter of the 9th Instant (supposing Certain

intelligence received to be well founded and the

design of the Enemy to be an attack upon the

British Possessions in India) I have thought it best

for the present, that each Corps should have with

it the Means of moving in case there should be a

Necessity to call for its Services.

As therefore it has become necessary to detach

from under the inspection of the Officers who have charge

of them some of the Honorable Companys' Elephants

Camels and Draft Bullocks, I have given out orders

of which the inclosed is a Copy, in order if possible

to

From the Office Commanding the Troops in Mysore &c. &c. &c.
Copy of an Order published by Him regarding the Management of the Companys Elephants Camels and Draft Bullocks which it may be found necessary to detach from the inspection of the Officers who have charge of them. Requests to in case it should be found necessary in Consequence of the Separate instructions conveyed to him on the 9th Instant to reassemble the troops that he may have the Command of them

7422

Fort St. George - December 1799.

to have them taken care of and fed. - As the Corps which are going to the Carnatick will be no longer under my Command and will have with them the Honorable Companys Cattle it will be necessary that the Right Honorable the Governor in Council should Confirm these orders if he should approve of them. -

I have made arrangements for placing the Elephants Camels and draft Bullocks which will not be attached to Corps in such situations as that I shall be able at a short notice to send to either Coast such a supply as the Right Honble the Governor in Council may order. -

I feel myself much obliged to the Right Honorable the Governor in Council for having left me in the Command at Seringapatam and of the troops in Mysoor: but I hope that in case the Enemy should appear on either Coast his Lordship will employ me with the troops destined to act against them. -

We approve your authorizing the repairs immediately required to the Powder Magazine and Sally ports at Seringapatam but concur with your opinion that it will be advisable to postpone all permanent repairs at that place until the General plan for repairing the fort shall be determined.

We enclose for your information extract of a letter from the Honorable Colonel Wellesley relative to his relief of the Lascars at Seringapatam.

In Consideration of the Reasons and the particular difficulties stated against the principle on which we had directed the intended gratuity to be distributed to the Bullock Owners, we have adopted that recommended by you and accordingly authorize you to proceed to a final adjustment of their accounts by remitting the unrecovered balances on the 1st May with the deduction for Bullocks not actually provided and by granting

From the Military and.r General states that a Retrenchement appears against Major Hill of the 1.st Madras Battalion of Pagodas 89 g. 40. to which he has neglected to reply within the Period fixed by the Regulations encloses Copys of a Letter from Major Hill explaining his Reasons for this delay, and requests to know the determination of the Board states the Major Hill has in addition to pay the and allowances of Major granted him when appointed to the Command of the Black Town applied for his Regimental Pay Requests to know if the staff Serjeants of Tanjore are to be Continued in this appointment after the Troops were withdrawn from that garrison.—

My Lord

I.

Having confirmed on Re audit a Retrenchment in the accounts of the Military Paymaster at the Presidency from the month of February to September 1797 exclusive against Major Hill of the 1.st Madras Battation amounting to Pag.s 89 g. 40. in Consiquence of a part of the Charges as well as the whole of the Replies to the Retrenchment not having been brought forward in the time prescribed by the Regulations I have the Honor to enclose Copy of a Letter from that Officer assigning his Reasons for the delay, which under the Circumstance he has stated may appear to entitle him

2. As it is conceived by Major Hill that Government in appointing him to the Command of the Black Town upon the pay and allowances of a Major did not intend to prevent his drawing his Regimental Pay independant of such allowances I request your Lordships Decision on this point as no instance has before occurred of an Officer drawing double Subsistence in the Command of a Station and it appears to me that the Terms of the Order do not warrant the Construction which has

Fort St. George 10th December 1799.

Presidents Minute His Lordship states his opinion of the necessity of an increase of the East army and proposes that two additional Regts be raised and that the 5th extra battalion and the Masulipatam Battalion be formed into a Regiment

The Right Honorable the Governor General having communicated to me his desire that the 10th Regiment of Bengal Native Infantry now forming a part of the Subsidiary force with His Highness the Nizam should be speedily relieved for the purpose of returning to Bengal that the three Native Battalions of Bengal Volunteers should likewise immediately be returned to that Presidency, and that His Lordship wishes it to be considered as a fixed principle that the whole of the Subsidiary force for Hydrabad shall in future be furnished from this establishment It becomes indispensably necessary to supply the place of the troops to be immediately removed by such a levy on the coast establishment of Native Infantry as may at least render our establishment adequate to the current demands during peace of our widely extended territory.

Adverting to the possible return of some portion of our native troops from our foreign conquests on the restoration of

7456

Fort St. George 10th. December 1799.

of a general peace in Europe I shall not propose at this time so large a levy as if the absence of the whole of those troops were to be considered a permanent deduction from our force on the Peninsula of India but shall rather confine my proposition to narrower limits than under the Circumstances just stated is altogether consistent with an adequate allotment of troops to the different stations which must necessarily be occupied.

On these grounds I propose that the 3rd. extra Battalion shall be incorporated with the temporary Masulipatam Battalion to form the 15th. Regiment and that a Sixteenth and Seventeenth Regiment be raised at such stations as the Commander in Chief shall recommend and that he be requested to prepare the necessary details for carrying this levy into immediate effect. (Signed) Clive

Resolution thereon

Resolved that the Commander in Chief be requested to prepare the

Resident to Minute proposes that Coll. Wellesley be requested to Superintend the Repairs of the palace & in the Laal Baugh which his Lordship proposes shall be allotted as a habitation for the Resident in Mysore

Necessary details for carrying into effect the arrangement proposed by the President. Colonel Wellesley having very properly ordered the palaces in the Laal Baugh to be cleared for the Reception of the Resident in Mysoor I propose that the palace and garden be accordingly considered as appropriated to his use.

As these buildings will necessarily require some trifling alterations to render them a suitable Residence for Lieutenant Colonel Close and I understand that some small Repairs are immediately required I propose that Colonel Wellesley be requested to take the opportunity of Colonel Close's absence on a tour of which he is about to undertake to cause the palace and buildings to be completely repaired and put into such a state as to render them a Comfortable habitation for the Resident on his return and that he charge the expence incurred

of enquiry which was held at this place.

About three Weeks ago Captain Crawe reported to me that a Considerable desertion of the Hydrabad Sepoys had suddenly taken place from the Masulipatam Battalion under his Command I desired that he would endeavour to ascertain the Causes. He soon after informed me that he had discovered by the means of the Hydrabad Officers that Dindial Sing a Sepoy who three Months ago was punished and dismissed for mutinous Conduct had returned from Hydrabad to Sheer Mahomed Pett whence he dispatched two emissaries a Banyan and a Silver Smith to Seduce away the Sepoys of the Masulipatam Battalion. Presents of Money immediate admission into the Nizams Cavalry and promises of speedy Promotion were the incitements and Rewards held out to those who should desert. In consequence of this information I imprisoned the two Agents who belong to Hydrabad and directed Lieutenant Colonel

7465

Fort St. George 10th. December 1799.

Colonel Hamilton to apprehend Dindial Sing.

He was accordingly taken up and forwarded to this place.

The Hydrabad Sepoys who deserted have been replaced by better men of this Country still the loss of thirty drilled Sepoys is severely felt by a Corps recently formed.

The Deserters had no motives to their Conduct except what proceeded from the enticements of Dindial Sing for Captain Crewe has uniformly treated his men with justice & clemency and attention.

I need not represent to the Commander in Chief the pernicious Consequences of such attempts of the necessity of Regorously punishing them Were I permitted to Suggest the punishment of Dindial Sing and his emissaries I would recommend transportation to Bencoolen or Ceylon as the best Method of preventing a Repetition of their intrigues and as the example of most efficacy

The President informs the Court that they are assembled by order of the Commanding Officer to investigate a Complaint preferred by Captain Thomas Kinder Crewe Commanding the Masulipatam Battalion against a Man Named Dindial Sing lately a Sepoy in the said Battalion

for

Fort St. George 10th. December 1799

for decoying Sepoys from the Corps.

The Court agreeably to these instructions proceed to examine Witness's on the Subject and Captain Crewe is directed to state for the information of the Court what he knows relative to the Subject of the present enquiry

Captain Crewe — the Day after I issued pay to the Corps for the month of October a report was made to me by the European Adjutant that one Havildar and thirteen Sepoys had deserted the preceding night and the Day following it was reported to me that twelve more were absent in three days afterwards I had information that four other Men had gone off and that the whole of the desertions were from the Hydrabad Lines In Consequence of this I sent for Meer Bahadur Ally Subidar and told him that I was surprised that the Hydrabad people should go away considering the attention which was paid to them

in

7468

Fort St. George 10th December 1799

in every respect the Subidar Requested me to give him a few hours and he would endeavor to discover the Cause this he accordingly went to do and took up two Men one a Banyan and the other a Silver Smith both belonging to Hydrabad and who were employed by Dindial Sing for the purpose of assisting him in decoying the Sepoys from the Corps — the two people had brought some presents to a Sepoy of the Corps Named Swindial Sing and Brother of Dindial Sing and were lodged in his house from whence they were in the practice of going about and urging the Sepoys to desert telling them that if they would enter the Nizams Service along with Dindial Sing who was then at Sheer Mahomed Pett ready to receive them that he would procure them encreased pay To these Suggestions I ascribe the considerable desertion which has taken place from the Battalion —

with the Banyan several men had deserted from the Corps who the Banyan told me had been received by Dindial Sing at Sheer Mahomed Pett and sent off to Hydrabad —

Umeer Cawn a Naigue in the Masulipatam Battalion promoted to that rank for having collected part of the Hydrabad Levies another Evidence on the 5th. Instant I was told by a Sepoy in the Battalion that a Banyan from Hydrabad said that Dindial Sing was raising men for the Nezams Service at twelve Rupees each man for Month that he had already Collected three hundred men and had received a Sum of Money from Hydrabad for the purpose of enlisting more on this I observed to the Sepoy that he had better not mention the Circumstance in the Battalion otherwise he would be taken up and punished the same night. that Sepoy deserted and I in consequence reported the whole to Meer Bahander Ally Subidar. —

Hoolas Sing Banyan says that he came from Hyderabad in Company with Dindial Sing and the silver Smith that the latter is now in Dindial Sings pay at five Rupees a month and was sent to this place on his Masters business. Hoolas Sing adds that he is entirely ignorant of the matter which is now the Subject of enquiry before the Court.

Sir

Having observed in the orders
of

7476 Fort St. George 10th December 1799.

of Government Received at this station yesterday that Four Companys of European artillery have been allotted for the Garrison of Vizagapatam. I consider it as my Duty to acquaint you for the Information of Government that the temporary Barracks in the Fort were erected for the Accommodation of three weak Companys of the former Establishment and will Contain no more than Two of the present and there is no other place adopted for Military quarters within the Fort or pettah adjoining.

The present Barracks are on the East Face fronting inwards to the West another Range of more Extent might be erected on the North Face fronting South at right angles with the former which would Contain Two or Companys and a Small Detail of about thirty artellery Men.

Should Government judge of this addition Necessary I would most Respectfully Recommend that the Building should be of

Brick

7477

Fort St. George 10th December 1799.

Brick in Chunam all other Materials being of such perishable Nature and so often standing in need of Repair that I am convinced a Building Constructed of the first mentioned Materials with suitable Timbers and a Roof of flat and pan Tiles is ultimately the cheapest Invention a Tiled roof in preference as many Instances have shewn that Terraces in this part of the Country are never Weather proof from what Cause I cannot pretend to say.—

The Officers quarters all of them in the Pettah of Vizagapatam and six in Number besides the Surgeons which is the only one in good Repair are in a most Wretched Condition and have been so often reported to the Military Board more particularly in December last when an Engineer was ordered to attend but I can add little to it besides an Opinion which as the Execution of what appears to me most eligible would be attended perhaps with Considerable Expence may be deemed objectionable and I only

Respectfully

7478

Fort St. George 10th December 1799.

Respectfully submit it to the Consideration of Government under an Idea that some proposal may be expected from my situation on an augmentation of the Garrison under my Command.

That which I would therefore humbly propose would be to sell the quarters in the Pettah which on account of their Situation would I believe be readily purchased by the Inhabitants and perhaps at a good price Considering their ruinous Condition and that Government might purchase a range of Buildings on the South Face of the Fort facing inwards to the North which by being joined together and if Necessary extended to the Westward which is very practicable might be converted into as many Officers quarters as the Garrison may be thought to require.

Whatever may be determined on I hope to be forgiven for thus freely having stated my opinion and have only further to suggest that if any Part of this Plan should

be

be adopted the presence of an Engineer would be necessary to Carry it into Execution.

From which it follows that Cover for 1815 Barrels is wanting; and it appearing on enquiry from Colonel Browne that unless a Magazine is built for the purpose, no other Cover can be procured, but by either borrowing from His Highness the Nabob a Building at Trichinopoly usually appropriated to the purposes of a Granary.

I have the honor to enclose You a Letter
from Samuel Smaller Sub- Assistant Surgeon, who has -
for upwards of five years past been attached to the -
Lunatic Hospital. He requires of me to make application
to Your Board for its Sanction to retire temporarily
from the duties of an active situation, which from extreme
ill Health he is at present totally unable to fill;
and requests that leave may be granted him, to
resume -

Fort St. George 16th. December 1799

Resume his appointment, when his Health shall be restored.—

In soliciting your attention to his respectful Petition on the above subject, I beg permission to state, that he seems to me well entitled to Indulgence, as will further appear from the accompanying Certificate given him by Mr. Conally, to which, from my own knowledge of his Character, I can bear ample testimony. Indeed, he has by experience, rendered himself so useful in his present line, that I consider his being allowed to return to it, an event very desirable.

I however, take the liberty of submitting to your immediate consideration, the Necessity of having a proper Person appointed to the temporary succession: or should that be found impracticable, I request to be permitted to procure a Man capable of performing the duties of the Hospital during Smallen's absence: This, is in fact, what has been done for some time past at my own expence; which, with the daily hope of his amendment—will I hope apologize for the Remoteness of the date of the accompanying Letter, and the delay that has occurred in forwarding it. addressed to Futteh Hyder, with the Persian Copy and English trans=
=lation of the letter for my information.=

I this morning waited upon Futteh Hyder=
and delivered to him the letter - he opened and read it before
me, but did not speak on the subject of its contents.

I sometime ago had the honour to forward
thro' M.r Webbe four Heretahs, one from each of the Saheb=
=zadas addressed to Lord Clive - Futteh Hyder in his letter
to His Lordship makes mention of his mother the Rooshny
Begum and refers to me for particulars - the particulars
he alludes to are these; The Rooshny Begum (as she herself
informs me) was included in the list of those of the Hauss
or Tippoo's) Mahaul who, after the fall of Seringapatam,
received their Rateb or daily allowance of provisions from
the Sircar - She continued to receive that allowance until
her departure from Seringapatam - since that period she
has not received it, nor any equivolent in cash, but has
been living on the bounty of her son - Material affection
she, says, caused her to attend Futteh Hyder hither, and
her request now is that she may have independentty of him

the Nabob or allowance she formerly enjoyed and also that the
arrears of that allowance may be made up to her—

Roostmy Bejums request the former part
of it at least, seems not unreasonable and as she has
repeatedly urged it to me I have sent her a message that
it should be made known to Lord. Mornington and to
Lord Clive—

In a letter which I had occasion to
write to Colonel Kirkpatrick some days ago I mentioned
the Circumstance for the information of Lord. Mornington
and I request you will be pleased to Communicate it
also to Lord Clive—

To Josiah Webbe Esqr.

Secretary to Government

Fort St. George

Sir

From the Resident in Mysoor enclosures a Sketch of the Tappal Routes established in Mysoor together with a Sketch of two Routes from Mysoor to Bombay and suggests that the Resident may be requested to state his opinion which route it will be most expedient to adopt

Requests to know if the Tappal accounts are to appear in the account of the Post-master General or if they are to appear in the accounts of the Residency.—

The Post in Mysore, and the Provinces of Canara and Sonda, being now under the Superintendance of Mr. Cochrane, I do myself the pleasure to Submit for the information of Government, a Sketch shewing the various Lines in which the Tappall Peons are established for the purpose of keeping up direct and convenient Communications between Seringapatam and the Cartic, and between the former Place and the principal posts in Mysoor, Sonda and Canara, and also with Cannanore on the Malabar Coast, by the short Route through Coorg.— a few cross Communications have been also established, as shewn by the Sketch for the purpose of connecting Sonda with Nuggur and Goa, and different Stations in Canara.—

Having reason to imagine that the

7533

Fort St. George 10th. December 1799.

the Right Honorable the Governor in Council is desirous of extending a Tappall from the Northwestern frontier of Mysore to Poonah, I take occasion to forward two Routes which appear to be practicable for such purpose both leading from Seringapatam, one by Chittledroog, Copul, and Badamy and the other by Chinraypatam, Buswapatam, Hurry Hurr and Darwar:- Both these routes would Conveniently connect with the Presidency, by Bangalore and Chittledroog, the one running from the latter post to Hurry Hall, and the other from the same point to Harponelly.- the Distance of each of the Routes, appears to be nearly equal, but I imagine the Line by Copul and Badamy would be subject to least interruption- Hyder's Tappall with Poonah was formerly established on this line as being in general most secure.- Both Routes might be Communicated to the Resident at Poonah, and his opinion taken as to the line of Communication that might be adopted with most safety and Convenience- In the Marratta Boundary

it

7534

Fort St. George 10th. December 1799

it will be necessary to employ Peons of that Country, but the Duffadars or Officers in Charge of the Runners may be chosen from Mysore.

I understand that to give dispatch to the Post it will be necessary that the Peons be posted at the distance of two Sultany Cos, or a little more than six Miles. The Tappalls which now connect with Camp from Seringapatam will cease in a few days. Mr. Cochrane on arriving at Seringapatam will prepare a Statement shewing the monthly expense of all the Tappalls under his superintendance and I shall be happy to be informed whether it is the wish of Government that Mr. Cochrane should transmit his Tappall accounts to the Post Master General at the Presidency or that his Receipts and expenditures under this Head should appear in the accounts of the Resident in Mysore.

Order thereon

Ordered that the arrangement recommended by the Commander in Chief be published in General Orders.

Read the following letters from His Excellency the Governor of Ceylon.

To the Right Honorable Lord Clive

Governor and President in Council

Fort St. George

My Lord,

From the Governor of Ceylon states his apprehension that an attack will be made on the Island of Ceylon by the fleet of 64 sail which was said to have been seen on its way to this country and requests that a reinforcement of troops may be ordered from this Coast. Requests also a supply of Salt Provisions. —

I have this moment received from the Earl of Mornington an account, which has probably been transmitted also to your Lordship in Council of a large fleet consisting of 64 Sail of Shipping having been seen by an American Captain on the 7th of July last in Lat 5: 28 N. and 16 W. of London. An Extract from the Frankfort Gazette dated Paris 17 June mentions the Brest fleet having past to the W. of Toulon on the 9th of that month.

Under these circumstances it will I presume appear probable to your Lordship that

7559 Fort St. George 13th December 1799

that the fleet seen by the American, is that, which sailed from Brest and since from Toulon and that its destination is for this Country

The fall of Tippoo will probably — prevent an attack from that fleet on the — Continent, while the inadequacy for the force on this Island may induce the French Commander to make an attempt here.

A temporary addition of one thousand Men to our Sepoy force together with the expected Companies of H. M. 19th Regiment would make me perfectly easy on that Score and if your Lordship could spare me that afsistance from Trichinopoly and your Southern provinces I would request you to allow them to embark near Rammad in Donies in which they could easily pass over by adams Bridge to this Coast and come down to Calpetty — from whence I can bring them to Columbo by inland Navigation. The same method I will take the liberty of proposing to your Lordship in

Council

Fort St. George 13th. December 1799

Council for the passage of the 19th. Regiment as it appears to me dangerous to hazard them on the open Sea at a moment like the present. — I will also request your Lordship in Council if a proper opportunity should offer to send to this Garrison and that of Trincomale such quantity of Salt Provision as can be spared by you as we are very deficient in that article. —

I have the honor to be
My Lord

Obedient humble Servant

One	Ship	S.E ward	not viable	First seen at Sun rise standing to the Southward at 7 Tacked and stood in Shore — under an easy sail (topsails and fore sail) altho a very light bruze - which rendered her in my opinion suspecious, which suspecion I had just time to Communicate to — Captain Brown of the ajax at that time under way and who is now off the Port, untill from some farther manouvre we can more certainly ascertain what this stranger is, whose motions I am now watching very narrowly - and have a Pilot on board the ajax in case she proves an Enemy 11 A.M. The stranger has now tacked and is standing this way under a croud of sail which confirms my former opinion of him, but all his manoeuvres will avail but little - for the ajax is again standing in and will soon be out of his reach - indeed long ere he can get near her - This suspecious Ship - is lofty but I think not so large as a Frigate - She has short top Gallant Masts but I think I see Cross trees for Royal masts - an immense Jib boom with a flying Jibb and a Bosprit almost upright - when I can see more for she is still too far off at present / I shall do it by Tappall Expns.

To the Right Honorable Lord Clive

President and Governor in Council

Fort St. George

My Lord.

From Dr. Dr. Expresses his acknowledgements for the Detachment of His Majestys 19th. Regiment having been ordered back to Ceylon - but urges his request for a further reinforcement - Requests that a supply of Gun Carriages may be sent -

The prevalence of contrary Winds having detained the Coast Tappal for some time past at Ramnad, I have been indebted to an Officer of H. M. 19th. Regiment, who arrived from Negapatnam at Manaar for information of the prompt and kind attention which your Lordship in Council has shewn to my Government in ordering the immediate march of the Five Companies of that Regiment and the Company of Bengal Artillery drawn last Spring from this Island, back again immediately and of the provident Disposition which you have taken to secure their safe arrival - allow me to return my most grateful thanks to your Lordship in Council and to repeat the Solicitation which I made you some days ago for the temporary assistance of a Battalion of Sepoys - That Force is absolutely necessary to enable this Garrison to

meet

Fort St. George 13th December 1799

meet the Enemy before it can approach the place and if it can be granted as Major General McDowall seems to think that there is no danger of any — serious Calamity. —

I know from your answer to a former — application on that subject, that you consider it as likely to be attended with Inconvenience to your — Military arrangements. But I trust, that the pressure of the time and Importance of the object will excuse my importunity, and I can assure you — that as soon as the danger of this Garrison will be over, which it must be on the arrival of a Reinforcement to our Fleet, I will send the Troops — back again to any part of your Coast that you may appoint. — The Malay Corps, which we may look to as likely to supply the place of Native Infantry has been too lately incorporated to be entirely trusted to, on an Emergency like the present. —

I will also take the liberty of applying to —

your

7564 Fort S.t George 13.th December 1799

your Lordship in Council for a supply of Gun Carriages for Twelve Brass six Pounders, Twelve Iron Twelve Pounders - Twelve Iron Eighteen Pounders and Twelve Iron Twenty four Pounders -

If you can afford me this supply I will request you to send it or as much of it as you can with all possible dispatch by the Inner Passage and if the Donies which bring them should be too large and heavy to pass Manaar the Carriages may be landed there and the Commandant will find means to send them on to Columbo without danger.

In case your Lordship in Council cannot comply with this request I will beg you to forward it to Bengal that measures may be taken by that Presidency for sending the Articles without loss of time -

To the Honorable Frederic North

Governor of Ceylon

Honble Sir,

We have the honor to acknowledge the receipt of your Excellency's letters of the 20th and 26th Ultimo.

We should have felt great pleasure in affording your Excellency's Government every assistance from the resources of this Presidency and in a zealous cooperation for the general defence had the grounds for apprehending an invasion of the British possessions in India still remained, but the length of time which has elapsed since the date of the intelligence regarding the fleet said to be destined for India and the recent authentic advices from the Mediterranean seem to invalidate entirely the authenticity of the report, and to leave no room to think that the enemy have dispatched a force to this Country.

Under these circumstances We are led to believe that an increase of the military establishment of the Island of Ceylon will not now appear to your Excellency to be so urgently necessary.

We shall direct the Military Board at this Presidency to report the quantity of Salt Provisions and the number of Gun Carriages, which can be supplied from the Stores, and We shall have great pleasures in furnishing your Excellency with such a supply of those

If there appear now no reason to fear an attack on the British possessions in India the Board are led to believe that his Excellency will not judge an increase of his military establishment necessary. To Colonel Urban Vigors

Commanding the Northern Division of the Army

Sir,

I have just been favored with the receipt of Brigade Major Munro's Letter of the 1st Instant. The Orders alluded to in the enclosed copy of a Letter from the Secretary to Government, have not yet reached me: but as soon as they are received, I will conform in all respects to what you have pointed out.

The internal Peace of the Kurnedy Country is completely reestablished, for the present; and as Captain Molloy will have received your Orders thro' the Commanding Officer of the Troops in the District, in which I perfectly concur, to withdraw such part of the Troops, as he may think can be done with safety, to the Tekally Country, I have no doubt that he will be able immediately to comply therewith, and I sincerely hope that it may be the means of preserving the health of both Officers and Men. I expect to Doogaraugy in the course of a few days at this place,

when

Fort St. George, December 1799.

when I shall have an opportunity of knowing more of the dispositions of the Vesoyes and other Inhabitants than I do at present; but Captain Molloy being on the Spot, is better qualified than I can be to Judge at what Stations it may be necessary to Keep Guards. There is some reason to believe, that the late conduct of the Vesoyes was greatly owing to ill founded and malicious Reports, that Doogarauze had lost my confidence, but that he nevertheless had secret Orders to secure the persons of all the Vesoyes. The absurdity of a Secret Order of this kind being given to Doogarauze, without the knowledge of the Officer Commanding on the Spot, did not perhaps strike people who are so extremely ignorant; but I trust that they are now convinced that no breach of the Conles that had been sent them ever was intended. →

I am sincerely sorry, for the unhealthiness of the Troops, but perfectly satisfied with their services to the Company; as all Mischief has been prevented, scarcely any lives lost, and an impression, it is to be hoped, made, which will convince those lawless people of the folly of resisting the Authority of Government by

From the Military Auditor General reports on the Paymaster Generals estimate of the 10th Instant for Pagodas 14,507.18.68 the amount of which is payable in Bills. —

My Lord,

Having examined the Estimate of the Paymaster at Vizagapatam for the Current Month; which accompanied Mr. Sub Secretary Buchan's letter of the 12th Instant; I have the honor to report, that the amount thereof Viz.t Fourteen thousand, five Hundred and seven Pagodas, Eighteen Fanams, and sixty eight Cash (Pagodas 14,507.18.68) is unobjectionable, and payable by Bills on the Military Paymaster General. —

That this Estimate was not transmitted at the regulated period, was probably occasioned by the change which has taken place in the Paymasters

To Colonel Vigors

Commanding the Northern Division of the Army

Sir, Masulipatam

I am sorry to inform you that I or yesterday received intelligence of four Hundred Sheep having been driven away from the Pollampelly Jungle the day before by a party of Tenriahs. The Havildar of the Guard at the Village has reported the following circumstances attending it - He says, and the Villagers

advised

15.

admit its validity, that the Sheep were driven early in the morning into the Jungles to about two Cos distant from the Village; and about 8 o'Clock they were carried off by the plunderers who had concealed themselves in the Jungles, the alarm was not given to the Guard until 12 o'Clock at which time its services of course were of no avail, however intelligence had been also conveyed to the Guards at Dobackpilly and Mudeapore, all of which joined and proceeded in pursuit of the Sheep, but from the extreme thickness of the Jungles and the delay which had taken place, their endeavours were fruitless – I understand the Sheep are secured in the Fort of Pammy guarded by a party of 50 Peons –

I have repeatedly (as you are already informed of) used all my efforts and patience to make the Natives sensible of the impropriety and danger of grazing their Cattle in the Jungles which border on the Nizam's as they have extensive pasturage in the Vear, but if they did, not to allow them to go without a Guard of Peons; and altho they appeared perfectly convinced of the advantage of my recommendations yet they are

so totally regardless of advice, and devoid of exertion in defence of their property, that I only wonder depre=dations are not more frequent than they really are; the nature of the Country being peculiarly favorable to these predatory incursions, and the Forts possessed by the Banditte as near to the scene of depredation as those of the Company's. —

I have frequently acquainted the Rajahs Vakeel that it was impossible for me to protect their Cattle if they were sent such a great distance in front, and under such circumstances all that I could afford was protection to their Villages, which have not been molested since Guards have been placed in them. I also received intelligence at the same time that an attempt had been made by a Party of Rajarows to plunder some Cattle from a Village not far from his Talook and only about 3 Cos from Sheer Mahomed Pettah, but their designs were frustrated by the resistance of some Peons, stationed there. I have however thought it necessary to detach a Naick and six to remain at the Village to support the Peons in

To

To William Petrie Esqr.
President & Members of the
Board of Revenue

Gentlemen,

To the Board of Revenue - Informing them of the treaty concluded with the Rajah of Tanjore, and detailing the arrangement which is in consequence to take place in that Country - Copy of the proclamation which the Resident at Tanjore has been directed to publish enclosed. -

I am directed to acquaint you that a treaty has been recently concluded between the Honorable Company and His Excellency the Rajah of Tanjore, by which it is stipulated that the whole territorial revenues of the entire Country of Tanjore with the right of establishing Courts for the administration of Civil and Criminal justice have been forever transferred to the sole and undivided authority of the Honorable Company; and that His Excellency the Rajah has formally relinquished all right of interference in the collection of the revenue or in the administration of Justice.

Orders have been in consequence transmitted to the Resident at Tanjore for receiving charge of the Soubahs of Combaconum, Trivady and Puttucotah from His Excellency the Rajah, and for publishing a proclamation, of which I inclose a copy, to apprize the Polygars, Cavilgars, Puttuckdars and Inhabitants of the entire and permanent change of Authority. -

It

7597 Fort St. George 17th December 1799.—

It is the intention of the Right Honorable the Governor in Council that the whole province of Tanjour with the districts of Nagore should be divided into and form two Collectorships. and I am directed to desire that measures may be immediately taken for effecting the most commodious division of these territories without reference to the former divisions either of the Company's possessions or of the Soubahs of Tanjour.—

It is therfarther intention of the Governor in Council to introduce and establish with all practicable expedition rights of property, with a view to a permanent Settlement of the revenues of Tanjour under the protection of Courts of Justice. To facilitate the acquisition of the preparations information necessary for this purpose I am directed to transmit to you the report and proceedings of a commission appointed by the orders of the Honorable the Court of Directors to investigate the resources and actual State of the Tanjour Country.—

The Governor in Council having deemed it expedient that the proposed change should be introduced with as little violence to established usage as may be practicable but at the same time with sufficient energy and effect to secure its success for altering the condition of the Cavilgars, Polygars or Tuttuckdars, without the previous sanction of the Governor in Council.—

On this occasion the Governor in Council thinks it necessary to order, and direct that the district of Devicotah shall be reannexed to the Soubah of Mayaveram, and subjected to the authority of the Collector of that part of Tanjour.—

The remainder of the districts lately under the management of the Collector at Cuddalore are of too little importance either in point of extent, or revenue to incur the expensive establishment of a Separate Collector; and as the geographical

position

Fort St. George 17th December 1799.

position of the farms of Cuddalore and Pondicherry admits a convenient arrangement for the abolition of the Collectorship, I am directed to desire the villages of Cuddalore may in future be managed by the Collector of the Eastern Division of Tanjour, and that the Villages of Pondicherry may be brought under the Superintendance of the Collector of the Jahgier.

You are aware of the frequent endeavours which have been made to relieve the Country of Tanjour from the destructive System of administration, under which it has so long laboured; and you are acquainted as well with the anxiety expressed by the Honble Court of Directors for the information of that System, as with the sanguine expectation they have formed from the administration of the revenues of Tanjour under their own authority.

The arrangement now concluded is calculated to establish the prosperity of that Country and the happiness of the people on the Solid foundation of a permanent, just and efficient government; but the ultimate accomplishment of these important objects must in a great degree depend on the diligence, ability, and integrity of the collectors in carrying the orders of your Board into execution. Of these qualifications in Mr. Harris and Mr. Grant, the Governor in Council has no doubt, and as no occasion can call more forcibly for the exercise of them, than that of emancipating a whole people from tyranny and of restoring them to the enjoyment of rights under public and defined laws, the Governor in Council feels it his duty to commit this sacred charge to the Collectors under the most serious injunctions of their responsibility for a diligent Zealous, and faithfull cooperation in the future Government of Tanjour.

I have the honor to be,

From Amer Sing — Urges his wish to be permitted to remain at Combaconum.—

The Letter which your Lordship did me the favor of writing to me on the 15th November has been delivered to me by the Resident Mr Torin, and I understand the contents of it. Having relinquished every thing without any deviation from the orders of the Honorable Company, I relied on their protection. My residence here having now appeared to me to be improper, I had communicated to Mr Torin my desire of residing at Combaconum; but as your Lordship has desired me to communicate to yourself my wishes without any reserve whatever, and has expressed your willingness to comply with my desire as far as may be practicable (I have the honor to state that) my confidence in the protection of the Company is implicit in that reliance I have formed a fixed desire of residing with my family at Combaconum.

Letter dispatched to Rajah Serfogee—

His Lordship proposes that the following Letter be dispatched to Rajah Serfogee also entered in C.C. N°. 82. —

To the Rajah of Tanjour &c.

To the Rajah of Tanjore—Informing him of the treaty concluded with His Excellency having been ratified by the Governor General in Council and transmitted to the Resident—Strongly urging him to comply with the wish of Ameer Sing to remain at Combaconum. —

I have this day transmitted to the Resident at Tanjour for the purpose of being delivered to your Excellency the treaty of Tanjour ratified by the Right Honorable the Governor General in Council under the Seal of the Company. —

An

7601 Fort St.t George 17.th December 1799.

On this occasion it is impossible for me not to express my Sense of your Excellency's prendration and candor in seeing the inveterate abuses which had been introduced into the Government of Tanjour, as well as of your magnanimity in determining to apply the only effectual remedy to the vindication of those evils and errors under which your Country has so long laboured. It will now be my duty, a duty which I shall perform with the most scrupulous attention to the sacred trust you have reposed in the Honorable Company to evince to the World that by a noble act of self denial your Excellency has fixed the prosperity of your Country and the happiness of your people on the most permanent foundations.

I have ordered the Resident Mr. Torin to consult your Excellency's wishes on the subject of the several points provided by the 7.th, 13.th, and 15.th articles of the Treaty of Tanjour; and I request that your Excellency will make known your desire to that Gentleman in the perfect confidence of my inclination to meet them.

The liberality of your Excellency's conduct towards the brother of your late father Tulja Maharaj, assures

Fort St. George 17th. December 1799.

assures me of your wish to render his present situation as comfortable as may be possible; it is therefore with perfect confidence I make known to your Excellency the desire of that Prince to remain in future at Combaconum. Attachment to the hereditary territories of your family and the vicinity of the river Cavery render him reluctant to move at this time of life into a foreign Country; and his removal from the fort of Tanjour under the conditions of the late treaty will be productive of mutual convenience to his own and to your Excellency's family.

The fallen condition of Amer Sing requires all the consolation which your benevolence can impart; and they are the enemies of your Excellency's peace, who would insinuate any danger to the stability of your own prosperity from the indulgence of these sentiments of humanity. Believe me that your Excellency has no cause to look with jealousy on the future conduct of Amer Sing. I am sanguine therefore that your Excellency will comply with this last and only wish of so near a connexion; and enable me to fix his future residence in a manner so consistent with your own dignity, and

so conformable to the wishes of your Fathers Brother. —

Sir,

From the Commander in Chief in India to the Commander in Chief. He has given Major General Floyd permission to proceed to England. —

Major General Floyd has, on account of urgent private business, applied for my leave to return to England; and though I shall extremely regret the loss of so valuable an officer to this Army, his claims, founded on a residence of seventeen years in the constant execution of his duty in India, are too strong to meet with any opposition from me, I have therefore consented to his going by one of the first Ships that may afford him a convenient passage home, after you can dispense with his presence in the Field; and I am to request you will be good enough to take a proper opportunity of making the Government

near Vellore the allowance appears reasonable, but should cease when Quarters are provided for this detachment, which is considered (tho' subject to monthly relief) as a part of the Garrison of Vellore -

3 An application from Lieutenant Colonel Sentleger regarding the provision of Saddles for the 6th. Regiment N. Cavalry -

Note - As the Saddles, when provided are to be kept in repair at the expense of the Commanding Officer who draws a Monthly allowance for that purpose; it appears that the best mode of providing Horse accoutrements for the 5th. and 6th. Regiments will be to order an advance of Cash to the Officers Commanding to make up a complete Sett for each Corps conformable to the pattern, they have received - And to authorise their drawing the Monthly allowance for the number of Saddles now in use from the date of the formation of the Corps - that for those to be provided, from the first of each month for the number reported finished, and inspected by a Committee of Officers, on the last day of the preceding Month -

to the Galloper Guns, the Officers Commanding should be authorised to Indent on the Arsenal for Guns and Stores complete with the Proper Harness.—

4th. A Report from Lieutenant Deas at Mangalore of the arrival of a lot of Horses at that Port for the Remount of the Cavalry.—

Note — As these Horses are young and may be injured by the unskilful treatment of inexperienced Riders, it appears proper to allot all of this description to the estab=lished Corps and to furnish the 5th. and 6th. Regiments with Horses by Drafts from the other Corps of Cavalry, which will be more fit for the drill duty, and if after a year or more of Service they are found unequal to the fatigues of the Field, they can be replaced by the fresh Horses which may then be procured, and which the men of those Corps will then be able to break — This arrange=ment the Commander in Chief thinks it will be for the good of the Service he should be authorised to make.—

=drawing the Artificers of the whole of the 9th Regiment

The Commander in Chief states to
the Board that on requiring from Major Bannerman
a List of the Officers of the Detachment he lately com=

=rawcurchy, he has not been able to furnish any particular
instance of misconduct so as to fix specific blame on any
Native Officer altho' a want of Zeal and energy appears
to have marked the Conduct of the whole. — It might
therefore be too strong as measure at this late period to
dismiss the whole as the proofs against them are vague,
and to particularise any [illegible] might under such circum=
=stances lead to an act of injustice — The Commander
in Chief therefore proposes to mark the displeasure of
Government to those Officers &c. by excluding them from
the large promotion which will take place in other Corps
in consequence of the increase of the establishment, and
publishing in orders As the reason for such exclusion,

Memorandum of the Commander in Chief - States that the 1st Battalion 6th Regiment and 2d Battalion 9th Regiment on their march to Hyderabad are in want of different articles of Camp equipage, which he recommends may be immediately forwarded - Recommends an advance of pay to Captain Crane. -

The Officers Commanding the 1st Battalion 6th Regiment and 2d of the 9th under Orders of march for Hyderabad have reported their Camp Equipage unserviceable - and considerable repair wanted to the Limber of one of the Field Pieces attached. - It may be advisable to Order, without waiting for an Indent, the Military Board to direct Tents sufficient to supply them to be sent from Vellore, and a Six Pounder and Limber from the nearest garrison in the Carnatic to replace that requiring repair. -

Captain Crane also states the want of an advance of Pay. -

It is impossible to expect to sell any large quantity of this Paddy by Contract in this Country, should the Military Board be inclined to order it to be disposed of, the only method of disposing of it to advantage is to open one of the Granaries, and to retail it as Mr. Gordon proposes. —

The Secretary of the
Military Board

Sir.

I have the honor to enclose you a Return of the Gun Carriages &c.a &c.a which have been found in Seringapatam and have been examined by the Committee of Survey, and a letter from Lieutenant Colonel Deacon respecting them — I entirely concur with him, and recommend that I may be allowed to order that the Carriages which are in the worst state may be destroyed; the Wood Work to be laid up as firewood, and the Iron work carried to account. —

Upon a former occasion I transmitted to the Military Board a Return of the Arms captured in Seringapatam. there are in the Stores at present about 13,000 Stand of English Arms which some repairs would render serviceable, and fit for the Company's use. It is very desireable that the Board should come to a decision respecting them and that I should receive orders to destroy those which the Committee have reported to be unser=viceable. The Iron work and materials of these might

be carried to account. —

Sir,

I have the honor to enclose you a Return of the Gun Carriages, Limbers, Tumbrils, Carts, Yokes &c. found in the Fort of Seringapatam, and from the Old, and unserviceable, State of most part of them, would beg leave to recommend their being broke up — The Wood work could be laid up as firewood for Garrison Store, more particularly in this place where Wood is scarce, and the Iron work carried to account.

The few Carriages returned Serviceable, and Repairable, are Coarsely made, but strong, and would answer for Garrison use for some

The justness of my claims upon His Highness the Nabob, and his Family, as well as my singular hard case, as in my humble Memorial to the Honorable Court of Directors, which with the greatest deference I herewith lay before your Lordships in Council, I Pray may be my excuse for intruding upon, and im-ploring your attention in Council to my Case - and I humbly Pray that my Memorial may be transmitted to the Honorable Court of Directors, a number in your Lordship's next Dispatch. -

The Original Letters from His Highness the Nabob, which are copied into my Memorial, in support of my claims, I also humbly lay before your Lordships in Council, to pray, that you will be pleased to state to the Honorable Court, that they are justly copied,
