The guilt of Poojarry Naig and Alwar Pillay having been substantiated in the fullest manner the Board entirely approve the sentence pronounced by Major Macaulay on those atrocious criminals, and consider the impressive manner in which Major Macaulay has conducted the whole enquiry and its awful termination to be well calculated to repress that spirit of licentiousness which has been so long suffered to exist under the Poligar Governments.—

Read the following letter from the officer commanding the Northern Division.—

Josiah Webbe Esqr.
Secretary to Government.

Sir,

I have been honored with the receipt of your letters of the 27th Ultimo, relative to the Stores destined for the use of the subsidiary force— His Majesty's Ship the Suffolk together with the Lord Mornington arrived yesterday.—

I shall use every exertion to hasten the disem-
-barkation of the Stores; and to accelerate their
departure for Hyderabad.— I have written to
the Resident informing him of the time when
they will probably be dispatched; and request-
-ing that an escort may be ready at the frontier
to receive charge of them.—

A party of Artillery Drafts under Captain Charlton arrived a few days ago from Viza-
-gapatam. I have directed them to proceed to the
Presidency on board of the Lord Mornington:—

I have been favored this morning with the receipt of a letter from Head Quarters,
communicating orders for the March of the Volun-
-teer Corps, and informing me that General Brath-
-waite will direct his immediate attention to the
subject, and provide a remedy for the evils incur-
-red by their departure.— But the situation of
the Volunteer Corps should be relieved, before they
march.— If we relinquish only for a few days the

footing which we have acquired in that Country the Rajah will instantly return, collect his dis-persed adherents, and re-establish himself; the Company's Districts will be open to the incursions and depredations of his Peons, and the final settle-ment of the Zemindary will be rendered difficult as those inhabitants who have accepted terms, find-ing themselves abandoned, and exposed to the re-sentment of Munyapetty Doo will be afraids of sub-mitting to us a second time.— From a reflection on these circumstances I have ventured to antici-pate the arrangement of General Brathwaite; and have ordered the four Companies of the 9th Re-giment under Lieutenant Colonel Smith to pro-ceed with the utmost expedition to Polaveram.— — The Collector has informed me that the services of the two Companies which replaced the Marine Battalion on the frontier, can be spared.— I have directed these companies also to march to Polave-ram.— Six Companies will be employed under

I hope that these measures will meet with the approbation of the Government. —

Sir.

From the Barrack master at the Presidency — States the compromise which he has made of the disputed claims the property of the building occupied as a dispensary. Recommends that the Kitchen yard of the house occupied by the Board of Revenue may be transferred to the Medical Store Department.—

In obedience to the commands of Government communicated to me in your letter dated the 27th March. I have had frequent communications with the persons claiming the building appropriated to the Medical Store for the purpose of effecting a compromise.—

In the consideration of these claims it seemed impossible to regulate the adjustment on any principle which should be altogether

incontrovertable. But that which appears to me the least objectionable is to estimate the present value of the building, and to allow a retrospect as far as the usual limit of prescriptive right. I accordingly requested the Civil Architect to make a rough estimate of the present value, which that Gentleman states

at ---------- 2,700.-.-

and the claimants having with some difficulty agreed to accept that sum, I have the honor to enclose a conditional obligation on their part to execute such farther instrument as may be required should his Lordship in Council approve this arrangement.

In that event I should now suggest that the Kitchen yard of the house commonly called the Admiral by, and now occupied by the Board of Revenue, should from its convenient situation be allotted to complete the accommodation of the medical Dispensary.-

The Bill of Interpleader lately filed in the Court of the recorder being solely relative to a piece of Ground called Boudriah's Garden, the claim transmitted to me by the Secretary to Government on the 19th ultimo to Ground, on Rog Hill, and in the Black Town cannot be introduced, as being matter foreign to the object of that Bill.— But were it possible, I do not think it necessary to have recourse to the Judgement of the Recorder's Court to ascertain the persons to whom the pur-

Your Petitioner has likewise settled with Mr. George Westcott, for his claim on the above said Ground, whose adaress your Petitioner here-with inclosed.—

Therefore your Petitioner humbly beg leave to solicit your Lordship &c. to order pay-ment of the amount of the said Grounds together with the Interest due thereon, as similar claims of other Individuals has been paid off by the Honorable Company, For which act of Justice your Petitioner as in Duty bound.—

Chitty and Cottah Vencatakistnama Chitty
Dated 2d December 1797.-

Whereas a Dispute having arisen between Suncoo Chinnakistnama Chitty and Gundawady Sashachellum Chitty, respecting a Parcel of Ground lying and being in the Honble Company's Old Garden at Mootal Pettah in Mun-nady street, granted by the Honorable Company to late Gundawady Mannar Chitty in lieu of the Ground taken by them for extending the Black Town Walls, the Parties having incon-sequence choosen us arbitrators, and entered into Muchilkan or Penalty Bond to abide to our determination, we on hearing the Argu-ments made use of by the Parties and examin-ing into the Vouchers and Documents in every respect produced by them, do hereby make this award in following manner.-

It appears that the above said Suncoo Chinnakistnama Chitty has in the-

year

year 1780. purchased of Gundavady Vencatasaw-
=my Chitty the spot of Ground now in question
and disposed the same to the Honorable Company
But Gundavady Sashachellum Chitty as admin-
-istrator to the Estate of the said late Gundavady
Mannor Chitty has in the year 1793, claimed the
Honorable Company for the payment of the same
inconsequence of his being administrator to the
Estate of the said Gundavady Mannar Chitty
the original proprietor, in whose name the Title
Deed bears, and the said Suncoo Chinnakistnama
Chitty delivered a Petition to the Government, &
claiming for the same payment to himself, we
understood from the both Parties that the Go-
-vernment were pleased to resolve, to pay the same
to any of the Parties who may appear to be entitled
to it by an award of the Arbitrators or Decree of
the Mayor's Court, if they will have the difference
settled either one or in other.-

We on considering the matter in

view, are of opinion, that Gundavady Sasha-
-chellum Chitty as administrator to the Estate
of the said Gundavady Mannar Chitty, is
entitled to the payment of the Amount produce
of the sale of the Ground now in question incon-
-sequence of the said late Gundavady Mannar
Chitty being Original Proprietor of it by vir-
-tue of the Title Deeds, bearing his name. The
Honorable Company should pay the amount
to him the said Gundavady Sathachellum
Chitty administrator, and not to any other,
Suncoo Chinnakistnama Chitty has no right
in any respect whatever to interfere with any
affairs of the Ground now in question, but in
Justice to the said Suncoo Chinnakistnama
Chitty, we are of opinion that the said Gunda
-vady Sashachellum Chitty, should pay to the
said Suncoo Chinnakistnama Chitty for all
expences he has undergone according to the ac-
-count proved by him to our satisfaction, a propor-
-tion

tion of 12½ per cent on the amount payment which he the said Gundavady Sashachellum Chitty may receive actually from the Honorable Company, and to that effect Gundavady Sashachellum Chitty has by our desire entered into an written agreement with Suncoo Chinnakistnama Chitty under this date, we have given this award unanimously to this effect.—

Suncoo Chinnakistnama Chitty mentioned to us that the Ground in question is mortgaged to Manaly Moodokistnama Modely and that Mooduen Saib administrator to the Estate of Wooteramullore Meyah Saib has given him the said Suncoo Chinnakistnama Chitty an indemnification or acquittal respecting the Ground in question on receiving an agreement from him, we in consequence caused the said indemnification to be given up to Gundavady Sashachellum Chitty who is to receive payment from the Honorable Company respecting

The Adjutant General

Sir,

From the Officer commanding in Mysore to the Adjutant General. Encloses the copy of a letter from Lieutenant Colonel Montresor giving an account of the attack & capture of Anakerry.

I enclose the Copy of a Letter &c which I have received from Lieutenant Colonel Montresor, in which he States, that he has carried the post of Arakeery, at the attack of which the Detachment heretofore failed, since that failure it is probable that the Polygar had — strengthened his Post considerably, and the loss which has been sustained in the attack, proves that the resistance was great.— The Conduct of the Troops therefore who — carried it, merits the favorable notice of the Commander in Chief and I have promised Lieutenant Colonel Montresor

to

7

to represent it to him.— In Captain Rose who was unfortunately killed, the Honorable Company have lost a Gallant, active and Zealous Officer who will be lamented by his whole profession — The further operations in Bullum are to ascertain the nature of the Road to the Bifsolee Ghaut, and to provide for the Security of Munserabad during the rains by an Arrangement of the Rajah's Troops on both sides of the River Hyrnutty, and by throwing into it a Sufficient Quantity of Provisions

To do the latter may not be difficult, but there may be difficulties and impediments to the march of Troops to the Bifsolee Ghaut at this Season of the year of which I am not aware, and I have therefore desired Lieutenant Colonel Montresor to go there if he can not, as he may find it practicable.—

It will be impossible at present to take those measures which will effectually keep that road open; all that can be done is to gain such a knowledge of it, as will enable any Detachment which may be sent into that Country hereafter to act with

advantage,

7

Advantage; but for this, it is not worth while to risk the loss of Men or to detain the Detachment long in that part of the Country.—

Sir,

I did myself the honor to write to you on the 28th Instant, stating it was my intention to march to Munzerabad, and attack Kistnapah Naig at Arakeery— I accordingly marched to Munzerabad on the 29th and on the following Morning (this day) after leaving my Equipage and Stores under the protection of the Guns of that Fort. and of the Rajah of Mysore's Cavalry, I attacked and Carried Arakeery— dispersed the Polygar's adherents— and burnt several of his Villages and Magazines of Grain— I am much indebted to the Troops under my Command for the Zeal and Gallantry displayed throughout the day.

My Lord,

1st Having examined the Estimate of the Military Paymaster General for the month of May 1800 which accompanied Mr. Sub Secretary Buchan's Letter of the 27th Instant, I have the honor to Report that the sum of three Lacks, Twenty four thousand, six hundred and Seventy Eight Pagodas, thirteen Fanams and Seventy five Cash (Pags 3,24,678.13.75) is required for the payment of such Military Charges, as become due on the first of the ensuing month Vizt.

From the General Treasury	1,82,537.31.34.

Total Pags	3,24,678.13.75.

I

2d I have deducted the Sum of Sixteen thousand and thirteen Pagodas, twenty four fanams and sixty four Cash (Pagodas 16,013.24.64) from the Estimate of the Paymaster at the Presidency as it appears from his Abstract of Receipts and Disbursements for March, that a Balance to that amount remains on hand, but which he was not enabled to ascertain at the time of making out his Estimate.—

3. Observing that a Sum equal to the payment of the Honorable Company's allowances, to the whole of His Majesty's 74th Regiment, Viz. Three thousand Pagodas (3,000) has been included in the Estimate of the Paymaster at Trichinopoly. I beg leave to recommend that the Military Paymaster General may be instructed to deduct half of this Sum from that Estimate and to add to the Estimate of the Paymaster at Vellore, for the purpose of discharging the allowances of the five Companies of the said Regiment Stationed at Pondicherry.—

Gentlemen

To the Military Board - approving their recommendation relative to the Lascar

Para 1st We have received your letters of the 25th. 29th and 30th Ultimo and 3d Instant. -

Lascar Establishment and Ordnance Department, Captain Scott selected for the situation of Commissary of Stores at Chittledroog. The Regulations proposed for the supply of Articles for the use of the Arsenal by Indent approved, and the necessary orders have been issued to the Board of Trade. Their proposition for procuring certain Articles by contract approved; but the appointment of Committee of Officers to Check the quality of the Articles is judged inexpedient. Application has been made to Bengal for a supply of Rum not exceeding 60000 gallons for the year 1800/1. The duties of Mr Goldingham in relation to the Military Board defined as also the future duties of the Chief Engineer. Copy of the letter to Mr Goldingham communicating his appointment, enclosed. The orders which have been given for repairs at Coimbatore approved, and the necessary repairs to be authorized at Guntoor.

2. As the late extension of territory under this Presidency appears to render indispensable the addition to the Establishment of Lascars Artificers &c. which you have proposed, We have ordered it accordingly on the Principle of distribution recommended by you.—

3 We have likewise approved and ordered the distribution of the Officers of Ordnance proposed by you, and have selected Captain Scott of the Corps of Artillery for the Situation of Commissary of Stores at Chittledroog.—

4 We entirely approve the judicious regulations which you have proposed for the supply of Stores for the use of the Arsenal by Indent, and we have communicated to the Board of Trade our Orders for supplying on Indent such Articles as the Civil Department shall have the means of furnishing.—

5 We concur in your recommendation for procuring by Contract the Articles specified in the advertisement which you have submitted to us, but as it is the special duty of the Commissary of Stores according to the Regulations prescribed for his

Fort St. George 9th May 1800

Gunstor. The Commanding Officer at Arcot to be authorized to construct an hospital at that place and to charge the expence on honor. The measures taken for completing the equipment in Mysoor as approved. Orders will be given to the Collector at Dindigul to destroy the hill fort of Shahrageery and the old Guns and Arms to be removed from thence, if worth the expense of Carriage. The Copy of a letter from the Secretary at Fort William in answer to a representation to Bengal on the inferior quality of the rice sent to this Presidency enclosed.

Department, to check and be Responsible for the Quality of all Articles delivered into the Arsenal, we are of opinion that the casual Appointment of Committees of Officers by roster for that purpose will be inexpedient, as such Committees would be generally inexperienced in the quality of the various Stores to be inspected and would remove from the Commissary of Stores, the Responsibility which belongs to his situation without obtaining, an adequate Security for the public.—

6. Any doubt which may arise between the Commissary of Stores and the Contractor, in regard to the Articles supplied by Contract will be determined by your Board; through a Deputation of your own Members, or through a Selected Committee of Officers on application to Head Quarters; and either of these modes may at your option be adopted, as a previous check in the case of large deliveries when particular precautions shall appear to be requisite.—

7. We have stated our recommendation to the Governor General in Council, that a Supply of Rum

not

Fort St. George 9th May 1800

not exceeding sixty thousand Gallons may be sent from Bengal to this Presidency for the Consumption of the year 1800/1.—

8. In regard to the appointment of Mr. Goldingham to be Civil Engineer, as the arrangement is preparatory to the introduction of a more efficient system, it is intended to supersede the present Regulations for Works performed by Estimate, as far as Regards all Military Works, buildings, and Repairs, at the Presidency.—

9. The Civil Engineer under this arrangement is to be considered the Agent of Government in the execution of these Works buildings, and Repairs, acting on honor, and the Control of the Military Board will relate to ascertaining the quality of the Materials and the sufficiency of the Work performed through Committee in the usual form.—

10. In the execution and repair of all Civil buildings, Mr. Goldingham will be under the Control of the Board of Trade.—

2748 Fort St. George 9th May 1800

11. The duties of the Chief Engineer at the Presidency will relate to his professional avocations - Exclusive of the general duties of his Office and the instruction of the jimior part of the Corps; He will see that the Fortifications and Military Buildings are kept in proper Condition and Report to the Military Board when repairs are wanting, in order that the Agent of Government may be directed by the Board to execute them without delay. He will prepare plans and estimates of all projected Military Works and buildings which will be executed by the Civil Engineer in quality of Agent of Government, if under two thousand Pagodas, and if exceeding that sum in such manner as Government may direct. -

12. His Lordship in Council desires that all establishments for the execution of Works and buildings hitherto paid by the public either under the Chief Engineer or the executive Engineer at the Presidency may accordingly be discharged with the exception of such Masters and other Natives as you may deem necessary for the assistance of the Chief Engineer in examining the state

of

Fort St. George 9th May 1800

of the Fortifications, Military Works and buildings at the Presidency; on which subject you will report your opinion.—

12. We enclose the Copy of a letter to Mr. Goldingham on the subject of his appointment for your information: and the range of Mr Goldingham's charge under this arrangement will be the same as that formerly entrusted to the Executive Engineer at the Presidency.

14. We approve the orders which you have given for the repairs required at Coimbatoor, and we desire that Colonel Wahab may be authorized to execute the repairs required at Gimtoor in the manner you propose.

15. As an Hospital at Arcot will be ultimately required for the sick of the Regiment of Cavalry allotted to that Station, we desire that you will give the necessary orders for its construction under the superintendence of Lieutenant Colonel Sentleger, who will be permitted to charge the expence which may be incurred on honor.—

16. We entirely approve the measures which you

2750 Fort St. George 9th May 1800

you have taken, for completing the equipment of the Troops in Mysoor.—

17. We have authorized the several payments recommended by you.—

18 Having deemed it necessary to withdraw the guard Stationed in the hill fort of Shahragerry We desire that you will give the necessary orders for removing from that place the old Guns and Arms. if they should be worth the expence of Carriage, and that orders may be given for delivering the fort to the Collector, who will be directed to cause it to be destroyed. His Lordship in Council conceiving, that under the circumstances of its situation this mode will be the most Economical.—

19. Having stated to the Governor General in Council, that Rice of an inferior quality had been occasionally supplied in Bengal, for the Military purposes of this Presidency, we enclose the Copy of a Letter from the Secretary at Fort William on the Subject, and desire that you will be careful to furnish the information

required

required whenever any future Supplies of Rice may be found inferior to Muster.—

To Major General Brathwaite

Sir

To Major General Brathwaite — The Suggestion for an augmentation of the Gun Lascar Establishment of this Presidency contained in the Adjutant General's letter of the 11th Instant approved, and to be made on the principle proposed — The Casthomes of the different Regiments of Cavalry to be delivered to the Paymasters of the range, in order that they may be sold by public auction — Horses to be purchased at Hyderabad for the Regiment attached to the Subsidiary force under certain restrictions — Lieutenant David Foulis has been appointed Major of Brigade to the 2 Brigade of Cavalry, vice Walker — He will be furnished hereafter with orders of the Governor in Council, relative to the Commands of Revenue Corps.—

Para 1st. I am directed to acquaint you that the Right Honorable the Governor in Council has given the fullest consideration to your opinions, stated in the Adjutant General's letter of the 11th Instant, on the subject of the Lascar Establishment.—

2. His Lordship entirely concurs in your sentiments regarding the expediency of assimilating the Military establishments of the several Presidencies as far as local circumstances will permit, and with that view would have been disposed to give due consideration to the Plan of an Establishment of two Companies of Lascars of an encreased strength to be allotted to each Company of Artillery, conformably to the Establishment in Bengal.—

But

Fort St. George 9th May 1800

3. But as his Lordship observes that an additional Company of Natives is attached to each Company of Artillery in Bengal under the denomination of Golandauze, which does not appear to be suited to the Circumstances of the Military Establishment under this Presidency, it becomes necessary to decide on the proper establishment consequent to the encrease of the Artillery on the Coast, without reference to that of Bengal. And His Lordship concurs in the reasons which you have assigned for giving the preference to an establishment of Lascars, to the Additional Companies similar to that which now obtains - namely three Companies of Lascars of the present strength, to be allotted to each Company of Artillery.

4. The Governor in Council directs you to give orders for striking off the strength of the different Regiments of Cavalry the horses, which have been cast by the Committees held at the different Stations under your Authority. His Lordship also desires that the Officers Commanding the Corps respectively, may be instructed

Fort St. George 9th May 1800

instructed to deliver the Cast horses to the discharge of the Paymasters of the Range, who will be ordered to dispose of them by public Auctions.—

5. The Governor in Council is well pleased at the favorable Report of the Horses procured under the Agency of Captain Montgomery, but Concurs in your opinion of the convenience of supplying the — Regiment attached to the Subsidiary force with horses to be purchased at Hydrabad: His Lordship therefore desires that Major Rumley may be authorized to — procure proper horses for his Corps, under the restrictions specified by you, and at a price not exceeding 100 Star Pagodas for each horse, but no horse is to be admitted on the strength of the Regiment, unless approved by the Officer Commanding the Subsidiary force, whose Countersignature will be requisite to authenticate the bill for the purchase of each horse —

6. In conformity to your recommendation the Governor in Council permits Captain P. Walker to resign, and has appointed Lieutenant D. Foules to —

succeed

Succeed him as Brigade Major to the second Brigade.—

The Extraordinary advantage I see by the Colts and Fillies of all Ages, now here) in favor of those bred from high Cast Mares in preference to those bred from Mares of inferior Blood, although Superior in Size and figure makes it necessary that every effort should be made in the first instance to procure those Mares of very high Cast, Bone, and Strength. I have therefore taken measures to ensure me Success on this Head and Captain Montgomery will also assist me in the neighbourhood

Sir, I have the honor of forwarding Lieutenant Johnstons letter, detailing the Conduct of Shaik Mean Subidar in the Capture of Poojanny Naig and I have to add as the only thing that came immediately within my Notice during the Short time he remained here, the Zeal and Solicitude he shewed in the Commencement of the important Service Committed to his trust from which I augurred that Success, the perseverance of his Conduct so Completely insured, he arrived in the Evening of the day after my having joined, and on whom the Command of the Battalion by Seniority devolved, the individual merits of which I was utterly a Stranger to - I was therefore

therefore happy to see so much Zeal manifested by the first person coming under my notice, as was by the Subadar in pursuing his Journey the Same night to effect the Object of his mission which under the happy Auspices of Major Macaulay were so soon accomplished.—

Sir,

I had the honor to receive yours of the 21st. Instant and agreeable to desire, send you a detailed account of Subadar Shaik Meers conduct, in securing the person of Poojairy Naig; on the 26th. February, the Subadar sent to me for a reinforcement of Fifty Men, but as I did not know

Know what they might be wanted for, I went with Eighty Men, as soon as it was Dark, and Arrived at Yellamurry about 9 O'Clock; when the Subidar informed me he had information of Poogunny Naig, being in an Old Fort, Call'd Chouty Naig, a Circar Poligar in the Madura District —; we accordingly Marched from Yellamurry between 10 and 11 and got to Chouta Naig about 12 O'Clock, the Subidar then placed Sentries, round the place, to prevent any one leaving it, we afterwards — went into the Fort and examined Several Houses, and found two Men, who dressed his Victuals, who with the Monigar Swore that Poogany Naig, had not been there, and they knew nothing — about him, however after a great Deal of equivo-cating, and flogging one of them they owned he had left the place that Day, the Subidar having been out two Nights before to different Villages where Poogany Naig, some times Slept, he therefore was afraid to Stay in that Village,

they took us into the hills, and we hunted about
the place for two or three hours but he was off
the night being dark, we could not find the road
down again, so were obliged to Stay there tile

From this order it will, I think, appear evident, that it was the intention and wish of General Harris that the Allowances which I then enjoyed of Head Surgeons Pay and Lieutenant Colonels Batta, should be Continued to me at Seringapatam, and I believe I can venture to Appeal to the Resident of Mysoor, and the Adjutant General of the army to Corroborate the Assertion.—

Copy of a letter from Captain Boardman, Commanding a Detachment on its march to Hydrabad, to the Adjutant General, dated Camp at Pondigul - South bank of the Kistna 25th. April 1800. -

Sir,

I beg leave to inform you that I arrived here on the 23d. Instant, with the Detachment under my Command, and having this day received Lieutenant Colonel Dalrymple's Orders to pass the Company's Coun- dary I shall tomorrow Morning cross the River Kistna in pursuance of my route to Hydrabad. - In Compliance with your instructions I did not march beyond the prescribed Limit, until I received orders to that effect; I therefore feel myself Obliged to State to you that a Cowle has been Conveyed to me, by the Resident at

Hydrabad

Fort St. George 13: May 1800.—

Hydrabad, because I did not immediately pass into the territory of the Nizam: I think myself, however justified in adhering to your Orders, and I hope you will, in this respect, think me undeserving of any Censure.—

I should not acquit myself of my duty were I to pass over in Silence the Conduct of the Nabob's Renter at Datchapillie, who on my arrival there (although he had received two days previous Notice of the march of the Detachment) instead of Shewing a disposition to be accommodating, raised the Price of every article to an exorbitant Degree, ordered the exchange of the Rupee at 12 Fanams, a lower Rate by 40 Cash than the Troops had hitherto been accustomed to receive, and even though the Country abounded in forage, he would not permit the requisite Supply, until I was at a late hour in the Evening put to the disagreable necessity of inserting one of his Sepoys accompanying my People, while they took from the Stacks in the Neighbourhood a

Suffering of forage, for many Cooly-load of which he charged 12 Fanams; In short, His Conduct on the whole was so unfriendly, that the Troops were not only put to an Expence which they could not well Sustain, but were absolutely in Danger of Starving.— To prevent any Complaint which might affect the Character of the Detachment, I (after ineffectually admonishing him of his extortion) paid his full Demands, and have Since, in the Villages of this District, obtained things thirty or forty per Cent Cheaper.— I therefore trust you will not think I have improperly obtruded on your time by this Statement of facts, which appears to me of such a Nature as ought publicly to come to your Knowledge.—

To Josiah Webbe Esqr.

Fort St. George.

Sir,

I request you will inform the Right
Honorable the Governor in Council, that Lieutenant Colonel
Muhldorff accompanied by two Danish Gentlemen, arrived
at Tanjore on the 18th. Ultimo and delivered a letter —
addressed to me by his Excellency Major General Anstruther
the Governor of Pranquebar announcing Colonel Muhldorff
and Suite, on an Embassy from the Danish Govern-
ment to the Rajah of Tanjore. —

I have the honor to enclose General
Anstruther's Letter — an address to the same purport was delivered
No. 1. to the Rajah — as soon as the Ceremonies of Congratulation
were over Colonel Muhldorff imparted to me the
General

From the Resident at Tanjore — States that he has received an Application from the Governor of Tranquebar relative to the Payment of a Mortgage on certain Villages of the Tanjore Country assigned to the Danish Government and incloses different papers Connected with that Subject. —

2837 Fort St. George 13: May 1800.

Several Subjects, which he was instructed to Submit to the Rajah's Consideration.—

The first was to know the Rajah's pleasure, respecting the loans made at different periods to the Circar by the Danish Government, and for which the Danes hold in Mortgage, Sixty Seven Villages of the Tanjour Country.—

The terms of these loans expiring with the last Crop — previous to the Cultivation being renewed it is General Ankers wish to Come to an Adjustment.—

The other two points relate to Water Courses, and to a Small Spot of Ground Contiguous to their original Boundary which the Danes from its local Convenience, are very Anxious to hold in Rent or in grant from the Rajah.—

No. 2.

The Rajah explained to Colonel Muhldorff his intention to refer him at once, to the English Government on the Subject of the Loans, and in matters of less Consequence, he offered him his Assistance.—

Colonel

2838 Fort St. George 13th May 1800.

Colonel Muhlenhoff represented
these Circumstances to the Governor of Tranquebar
and he informed me a few days after, that he
was Directed by General Ansley to Apply thro' me
to the Right Honorable the Governor in Council at
Fort St. George, and to request that I would Signify
his wish to restore the Mortaged Territory provided
it was Convenient to the Honorable Company, and
the Rajah to redeem it by the Payment of the
Demands of the Danish Government upon the
Tanjour Circar— The Colonel at the same time
Delivered me the enclosed Account, Stating the nature
of the Danish Claims and Shewing a balance
in their favor of Star Pagodas 1,26,102 15/16.

No. 3

On my assurance that the
above Statements Should be Compared with the
Palace Accounts and then transmitted to Madras
for the Governor's inspection, Colonel Muhlenhoff
Declared the principal Object of his Mission was
Accomplished and that he had General Ansleys Orders

after

After taking leave of the Rajah to return to Tranquebar.—

I am now to report to you for the information of his Lordship in Council, that the Statement delivered in, of the Claims of the Danish Government, is fully Supported by the engagements and other Documents which I have procured from the Palace Duftar, and which were entered into with the Governors of Tranquebar by the late Rajah Amersing, and the deceased Rajah Sulyaga.—

I have the honor to enclose to you Translations of all these papers No. 1 to 7 and to add that the 67 Villages which are pledged for the payment of the annual interest were fully Adequate to the Demand prior to Amersing's Invasion of the Male warum (or a part of the Ciezes Share of the Crops) throughout the Tanjore Country.—

The Inhabitants of the above Villages demanded of the Danish Government to partake of this Invasion and in Consequence a

Subsequent Engagements was granted by Annexing to the Dates and Amounts for the Sums of Star Pagodas 14670 1/16 which the Tanjore Circars must now pay in addition to the principal.—

Annexing the late Rajah not only indemnified them for the deficiency of their Annual Interest, but stipulated to allow them Interest upon that Deficiency.—

The papers however are — sufficiently explicit and there does not appears to be any Considerable difficulty in — effecting an Adjustment.—

General Anker particularly — desired it may be understood, that in the mode of payment he should not require more than 25 or 30,000 Pagodas in Cash, and would accept the rest in Bills upon the Honorable Company, or in the Securities of the Madras Government: The Interest to be payable Annually in India and at Such rate, as should be — hereafter

To lie on the Table

Ordered to lie on the Table.—

Read the following Letter from

the Officer Commanding at Madura:—

To Josiah Webbe Esqr.

Secretary to Government

Sir,

From the Offic Commanding at Madura reports on the Nature of the Concerns of Mr. George Hughes in the province of Madura encloses a List of Natives who have been in the habit of engaging in prohibited Concerns in that province—

The Difficulties which I foresaw in detecting the various illicit transactions in this province, increased on advancing; and I found myself, at length, bewildered in a Labyrinth, from which resolute perseverance alone could have extricated me. The menaces of arbitrary power, the machinations of Brahmins and Banians the Subtleties of the interested, and the fears of the timid, have combined for some time to withhold the necessary information; But I am hopeful the Statements contained in the accompanying Documents, may yet be found sufficiently Clear, to enable Government to appreciate the nature of those Speculations which have so long harassed this unhappy Province.—

The Facts brought forward in the

declarations

2861 Fort St. George 13th. May 1800.

Dulaterations (1) have indued me to Suspend the Com-
munication eventually directed to be made to
Mr. George Hughes, by your Letter of the 24th.
Ultimo; and it is Scarcely necessary for me to offer
any Opinion on a Subject which Speaks so
forcibly for itself.

If further proof were necessary in
this place much I believe could be adduced; but I
shall restrict myself to two evidences now in my
possession. The first (2) is a Malabar Contract given
in the name of Mr George Hughes, as Renter of
the Sramungalum Talook appointing a renter to
the Junkams of that District. The other is an
Order from Comdal Chitty desiring the instant
restoration of that Office to the same person; who had
been dismissed, but who, on threatening to lay the
transaction before me received the Order.

That Mr. George Hughes, there-
fore, is virtually the Renter of Sramangalum, the
most Considerable Talook in that province, which,

with

Fort St. George 13th. May 1799.

with the Darmasanam. the Villages of Tanakany and Mullapolliam, and, the mortgaged Districts, from an aggregate in Value, little short of one Third of the entire province — Sums indubitable; and it appears no less certain that his avowed objects the Culture of Cotton and Manufactures, actually embrace but an inconsiderable portion of those extensive Concerns, which are in Direct opposition to the Companys orders; nor is it without reason to be feared (independent of those immediate and ascertained objects) that thus situated, further opportunities will not be wanting to Conduct transactions inimical to the General interests of this Country.—

Condal Chitty his Chief Agent, and perhaps his partner, is Shroff to Mr. Robert Hughes the Paymaster here; and as a follower belonging to the Troops, has been Guilty of a positive Breach of the Government Order of the 27th. July 1791. which prohibit "the borrowing "or lending of money, or taking any Concern in farming "or Securityship, or to Sell, or to contract, to Sell any articles "&c. or to have any dealings of any Kind, with Dewans; Zemindars,

‡ Lands inhabited by Bramins

2863 Fort St. George 13. May 1800.

Zemindars, farmers, Ryotts &c. these orders shall be equally binding on the Native Officers, Sepoys and followers of Corps.

The inclosure (3) Contains a list of the Natives here, who have been in the habit of engaging in those prohibited Concerns. Two of them I think it necessary to Specify in this place. The first Sookalala, a Pensioned Dubash, and an Evidence against Omar Saheb, was one of that Combination, which by a Monopoly of the grain last Year raised it to Such an exhibitant price; and my information establishes his Concern on that occasion, as nearly equal to that of Mr. George Hughes and Gondal Chetty. Accident or possibly Suspicion of the present Annuldar, has Kept him from any Concern this Year; but neither his very Advanced Age, nor his Competent wealth appear to have influence in re-staining him from those injurious Speculations.

The Second is Gopaul Naig formerly Dubash to Colonel Sale. He is Solely an Agent, and

a retained Dependent on the Amildar at 15 Pagodas pr?
Month to effect the accomplishment of the transaction
stated in the last, he disobeyed, once openly, and after-
wards Secretly my prohebitory Orders: and had not the
times been unpropitious, he was, supported from the
Same Source, to have Launched forth in Competition
and Rivalry with Omrao Sahebs.

I have the honor to be

Translation of the Interrogatories and Answers of Davy
Soobiah Mahajanum, Chief Inhabitant of the Madura
Province.—

Question Who is renter of the Teroomangalam District?

Answer, Condul Chetty the Paymaster Shroff has all the
Bonds in Mr. George Hughes's Name and Ranga-
nadapilly in his Pettcarrah.—

What Rent does he Pay for that Talook?

Originally 24,000 Chuckrams or Pagodas 15000, afterwards the
Amildar of the Province Squeezed it up 27000 Chuck-
rams

2865 Fort St. George 13th. May 1800.

Chuckrums or Pagodas 16.875.—

What is the chief produce of that Talook?—

Paddy about 10,000 Chuckrams or Pagodas 6250 Dry Grains of Sorts about 13,000 Chuckrums of Pagodas 3125. Cotton about 5,000 Chuckrums or Pagodas 3125.. In good Seasons (including the Customs) such as this years it will produce 40,000 Chuckrums or Pagodas 25000.—

From what you Know of that Country, is the Cultivation of Cotton there of any Consequence Compared to its Products of Grain?—

I have already said it is not a fifth part and of that fifth part, there are Several established Merchants there who purchase a large Share.—

Is the Seromangalam Talook a Considerable District?

It is the principal in the Madura County.

How do you Know that Mr. George Hughes is the Renter?—

As Chief Inhabitant in the Province I was called on to Sign the Bond of engagement, which I saw,—but, declined Signing it, as not belonging to that Talook: all the Country Knows it, and I can prove it.—

What

2866 Fort St. George 13th May 1800.

Paddy and Grain of Sorts, very little Cotton, with the exception of Soovodarputty in which he bought 2 lots — of Ground for 20 Chuckrums or Pagodas 12.80 which Yeild some Cotton. —

Has he Rented any more? —

Yes Sangany and Mooliapaliam two Villages in the Solavandan District for which he pays 2500 Cullums of Paddy or Chuckrums 2250 Pagodas 1356 but which Yields 3500 Cullums of Paddy, and in a good Season much more. —

a Mortgage for 5 Years about 2 Years ago . If not redeemed
it becomes his property at the end of the period.-
Had Mr. George Hughes any Concerns, and of
what nature before this Year.?
Yes He lent money to Gobal Kistnah the last annum
Amounting I understand to upwards of 10,000 Pagodas
at 3 p Cent p month and 2 p Cent Primium .-
How was this Concern Settled.?
Chiefly in Paddy - Upwards of 12,000 Cullums were delivered
him @ 8/9 or 10 Fanams per Cullum and which he
Sold in the end of the Season @ 17-18-19 and 20 Fanams
p Cullum Considerably above one Pagoda p Cullum.-
Did any Balance remain when Gobal Kistna
was turned out ?-

Yes

2268 Fort St. George 13. May 1800.—

Yes 3 or 4000 Pagodas—

How did he get that Paid?

By lending the present Renter 2000 Pagodas on the usual terms, which was deducted from the Tero-mangalam Rents by which mode the whole was Settled except it is said a balance of 500 Pagodas.—

Are you ready to Declare this on Oath, and if necessary produce further proofs of the above?

Sir,

From the officer Commanding in Mysoor. Requests that a supply of Dooly Boys may be immediately sent to Mysoor

In order to compleat the equipment of the Corps in this Country for Service it will be — necessary that some Dooly Boys should be sent up from the Carnatic. There are but few of that discription of people in Mysoor, there are but — little accustomed to carry Palanqueens or dooleys, their common occupation being that of Ryots in the Villages, and they are unwilling to leave it in order to follow the troops in the Field. To take them from their present occupation will besides be attended with some — inconvenience and loss to the Country. I shall — therefore be obliged to you if you will lay my request before the Right Honble the Governor in Council that he will give directions that six hundred Dooly Boys may be sent to this Country from Madras.

From Major General Brathwaite. Encloses an address from the Commissary of Stores relative to the offices. =nings of the Lascar Establishment.

I have the honor to lay before your Lordship in Council a letter addressed to your Lordship by Major Clark Commissary at the Arsenal.

I can not just now form any estimate of the amount of the Sum, which may arise from the Stoppages, made from the rent and Slow Lascars which may probably be such as to induce your Lordship in Council to devide it between the lines of the Quarter Master General and the Commissaries according to its magnitude, but I have no hesitation in saying, that I think, that Major Clark has strong ground for the address which he now submits to your Lordship.

2 Among these charges is a monthly Establishment of Carts &c. under the Chief Engineer for the repairs of the public roads, (the particulars of which are shewn in the enclosed Statement) and conceiving it necessary that the whole of such charges should be brought under the controul of the Military Board, I beg leave to recommend that instructions may be given to that Board accordingly - with respect to the 18 Extra Carts

Fort St. George 20th May 1800

Carts hired by the Civil Paymaster, and employed under the directions of the Chief Engineer by authority of Government for completing the repair of the Mount road, as the object for which they were taken into the Service has been entirely — " accomplished, they were discharged on the 30th " Ultimo, and altho' a part or even the whole of that number should be occasionally required for the repair of that road, yet as the Military Board will be most competent to judge of the time and occasion for their being so employed, there cannot, I apprehend, be any necessity for their being retained as a permanent Establish- -ment.

3 The Regulations for the Lunatic Hospital under date the 10th October 1799 having directed that the Monthly allowance on account of each patient not belonging or attached to the Military Establishment, should be discharged by the Civil Paymaster, it is probable your —

Lordship

2956

Fort St. George 20th. May 1800.

Lordship may be pleased to order this distinction to be continued, as it will appear from the — enclosed abstract, that he has confined his payments strictly to the description of persons before — mentioned.

4th. Having observed in the detailed — Statement furnished from the late Civil — Paymaster's Office that a large sum was — disbursed monthly by Mr. Paymaster Skardon on account of Judicial and Civil Establish: ments &c. at Pondichery, and having — understood that considerable reductions had been lately made in those Establishments by Government, I addressed a letter to that — Paymaster on the subject, and have the — honor to enclose a Copy thereof, together with his answer and the Statement which — accompanied it, for the purpose of obtaining your Lordship's instructions in regard to the future payments which are to be made from the

Fort St. George 20th. May 1800

the Military Department on that account: It occurs to me that your Lordship may be of opinion, that whatever sums are to be paid to Officers employed in the administration of Justice, the Choultry Court, Police and Roads, should be discharged from the Civil Department to which they appear properly to belong, and that only the Pensions named in Voucher No 1 / of which a Copy is enclosed / and the Medical Department, / Vouchers No 20, 21, 22, 23. / should be paid by the Military Paymaster.

5. In obedience to the orders signified to me in Mr. Secretary Webbe's letter of the 23d. Ultimo, I have passed the bill of Lieutenant Pulham formerly Commanding His Majesty's Brig the ambuyna, from the November 1797 to the 19th. November 1798 at the rate before paid to him by the Resident at that Station viz. 160 £ per annum, but as I am directed to authorize payment of the arrears

due

Fort St. George 20th May 1800

due to that Officer in conformity to the
existing orders of the Court of Directors, and
of the Governor in Council, it becomes my
duty to state, that the personal allowance
fixed by the Court of Directors in their
General Letter of the 22d December 1786 for
a Master and Commander is 250£ per
annum, the Resident at Amboyna having
however no guide for payments to an Officer
of inferior rank considered that £160 for
a Lieutenant Commanding an armed Brig
would be a just proportion, according to
which Lieutenant Pulham has been paid to
the 19th November 1798, but as his predecessor
in the command of that Brig Lieutenant
Dobbie was paid on his return to Madras
at the rate of £85 Annum, not it
would seem as a personal allowance but for
the Mess of the Ward room according to
the sum fixed by the orders of the Court of
Directors

Fort St. George 20th. May 1800.

Directors before mentioned for a Sloop of war and as Lieutenant Pulham has applied for a continuance of his former allowance of 160 £ from the 19th. November 1798 to the 10th. august 1799 when he ceased to have the Command of the Ambuyna Brig, I request to be honored with your Lordships Instructions whether he is to be paid at this rate, or at the rate paid to his predecessor of 85 £ per annum. the personal allowance made by the Honble Company to Officers of His Majesty's Ships serving in India, not extending below the rank of Mr. and Commander.

6 Having investigated the claim of Captain Hiitland referred to my report in Mr. Sub Secretary Buchan's letter of the 30th. ultimo, I am of opinion that as he was regularly constituted Deputy Judge Advocate to General Court Martial which

which assembled at Amboyna under the authority of the Commander in Chief, he is entitled to the allowance of 10 Shillings per Diem — which he has drawn for officiating in that Capacity from the 29th September 1798 to the period of his being relieved from that — Station.

7. In regard to the application of Captain Heitland to be allowed, as Commissary of Grain and Provisions, and Paymaster at Banda, the same Establishment of Servants that has been granted to his predecessor for conducting the duties of those Departments amounting to Pagodas 78 ½ Month I have the honor to state that as he was appointed Commissary of Grain and Provisions and — Paymaster at Banda in General Orders from His Excellency Admiral Rainier published at Amboyna on the 21st October 1796, the former from the 24th February and the latter from

Fort St. George 20th. May 1800

from the 4th. april, there can be no objection whatever to his being allowed the establishment of Servants which he has drawn on that account, as such Establishment appears to be both moderate and necessary; I can not however admit that he has a claim to a Salary equal to that granted to Captain Meuth Commissary of Provisions and Paymaster at Amboyna, as neither his charge of payments were so extensive as those at the principal Station of the Moluccas, but as the Pay alone of Captain may not appear to be a sufficient recompence for the responsibility and trouble to which he was subject from having charge of both Departments at Banda, I would beg leave to offer an opinion that while he acted in the joint capacity of Commissary and Paymaster, he should be allowed 60 Pagodas P month as an equitable proportion between the pay of

Captain

29.62

Captain, which he has already drawn and the Salary equal to the Pay and full Batta of that rank / or Pagodas 93. 31. 40. ℔ month / granted to Captain Meuth holding Similar — appointments at Amboyna.

I have the honor to enclose Copy of a letter from Captain William Cunningham acting Quarter Master General to the Troops in Mysoor, desiring permission to resign his appointment of Muster Master to the — Southern Division of the Army.

Fort St. George 20th May 1800

Resolved that the Military Board be directed to take the subject into consideration and to suggest the best arrangement for managing the public Roads.

The Board will postpone their orders relative to the expences of the Patients in the Lunatic Hospital not belonging to the Military Establishment; as likewise regarding the establishments at Pondicherry.

The allowance of £ 160 per annum was granted to Lieutenant Pulham by the Commercial Resident at Amboyna, from the circumstance of the Resident being unacquainted with the rate of Salary applicable to Lieutenant Pulhams situation, and the Board were induced to relinquish the retrenchment made in consequence against that Officer in consideration of the expenses to which his situation had subjected him, but the Board are not at liberty to grant an extension of this indulgence,

Resolved

2981 Fort St. George 20th May 1800

Resolved therefore to desire that Lieutenant Pulhams arrears may be paid at the established rate of £85 per annum.

Resolved to confirm the several allowances drawn by Captain Hiitland, and to grant that Offcir a Salary of sixty Pagodas per Month while he acted in the capacity of Paymaster and Commissary at Banda.

Resolved to sanction the extra expence incurred by Major General Sydenham on account of the business of his Offcie amounting to ninety four Pagodas.

To Josiah Webbe Esqr.
Secretary to Government Fort St. George

From the Resident at Hydrabad. no material objection appears to him to exist against the admission of foreigners into the Company's service. Encloses a statement of the strength of the subsidiary force & expresses anxiety for the arrival of the Military Stores. Enclosed copies of correspondence with Colonel Wiggins and Mr. Brandfill relative to the pursuit of the Zemindar of Palveram beyond the Company's boundaries.

Sir,

I have the honor to acknowledge the receipt of your letter of the 23d Ultimo.

There can be little doubt of

Recruits

recruits being procurable in his Highness the Nizam's
Dominions, in sufficient abundance to supply —
both the immediate and future demands of the
Subsidiary Force, provided no solid objection exists,
as for my own part, I incline (I confess) to —
think, there does not, to the introduction of —
foreign Subjects, into the Company's Native
Army, but my communications on this head
with the Commanding Officer of the Subsidiary
Force lead me to ascribe the want of sufficient
success hitherto in the recruiting Service, to —
certain restrictive Regulations in that Depart-
ment, of a Nature but ill calculated to promote
the end in view the accompanying Statement
which I have just received from Lieutenant —
Colonel Dalrymple will serve to shew how
great a deficiency still exists in the requisite
complement of the respective Corps forming the
Subsidiary Force, and which considering the —
possibility of its services being soon called for,

ii

Fort St. George 20th May 1800

is certainly much to be lamented.

The prospect above alluded to, makes me extremely anxious also for the early arrival of the supply of Military Stores, announced in your letter, the wants in this essential Department having now become very urgent, and you may assure the Right Honble the Governor in Council of a relief of Troops being sent from hence to the Company's Borders, in sufficient time to prevent any delay in their progress hither from Masulipatam.

From the enclosed copies of my Correspondence with Colonel Vigors and Mr. Collector Bramfill, his Lordship will learn with pleasure, the readiness with which this Court has assented to the refractory Zemindar of Polaveram being pursued if necessary beyond the Company's Boundaries.

Minutes and resolutions thereon

From the intimate alliance which subsists between the Company and His Highness the Nizam, the Board concur in the Resident's opinion that no material objection exists against the admission of recruits into the British service, from His Highness's Dominions and the Board accordingly approved an arrangement submitted to them by the Officer Commanding the army in Chief for that purpose.

The difficulty of recruiting the Native establishment of this Presidency renders the success of this plan an object of considerable importance and from the readiness which the Resident has invariably evinced to promote the public service the

Board

2995 Fort St. George 20th May 1800.

Board are satisfied that he will use his best endeavours to facilitate a measure which may prove is beneficial to the Company's Army.

The Board trust that no objection exists to the recruiting service on the part of his Highness's Government; Resolved however to request the Resident to make an immediate communication of any difficulty of that nature which may occur; and the Board will be at all times happy to avail themselves of the Residents suggestions for promoting the success of this material object.

The Board have observed with much satisfaction the readiness of His Highness the Nizam to concur in the pursuit of the rebellious Zemindar of Polaveram within His Highness's Territories.

Resolved that the necessary orders be dispatched to the Officer Commanding the Northern

2996 Fort St. George 20th May 1800

Northern Division, to send to Hydrabad one compleat Company of the escort in charge of the Stores, in compliance with the Resident's request.

The President records the following letter from His Highness the Nabob, & entered in C.C. N°. 30.

Translation of a Letter from His Highness the Nabob of the Carnatic. To the Right Honble Lord Clive - Governor of Madras.

Dated & received { 15th Zelhego 1214 Hegery / 10th May 1800.

From the Nabob. Remonstrates against the interference of this Government with the interior management of his Highness's Country.

When grievances are represented and injustice complained of, the sufferer has same reason to expect investigation and redress; but to your Lordship I have written many letters expressive of the injuries I have sustained by the Servants of the Company and soliciting your Lordships' aid and Protection; and yet so far from affording me

Fort St. George 20th. May 1800

me any support, your Lordship has not thought proper to take the least notice of those letters nor even to acknowledge the receipt of them. Although those letters evinced to your Lordship that the Servants of the Company in the Province of Tinnivelly were pursuing against me, measures as violent as they were unjustifiable and as oppressive as they were injurious, contrary to every principle of right and in breach of an existing Treaty; Yet instead of reprobating and punishing a conduct which aims at my ruin and at the same time violates public faith, your Lordship has been pleased to observe a profound silence and permitted those against whom my complaints have been directed to continue in their destructive course with impunity.

From those facts my Lord what conclusions am I to draw? Does your Lordship imagine that my communications have

Fort St. George 20th May 1800

have resulted from erroneous intelligence or misconceived information? If such were the case and if your Lordship could have any reason to entertain the smallest doubt of my representations the means of rigid and minute enquiry are within your Lordships' power, nor was it ever my wish that your Lordship should afford to me that redress which I have solicited at your Lordships' hands until it should appear upon the fullest investigation that I was entitled to receive it.

If your Lordship did entertain doubts, I am to presume that your Lordship has made the necessary enquiries that were to realize or obviate them, and your Lordships silence demonstrates to my mind that your Lordship is fully convinced of the wrongs which I have submitted to your Lordships consideration and that the

detail

Fort St. George 20th May 1800

detail of them which I offered to your Lordships
notice rests on the firm basis of truth.
and yet how can I reconcile with the
high sense which I entertain of your "
Lordship's honor and Justice, that with
a perfect knowledge that I have in my "
own County been insulted and disgraced
by the Servants of the Company and that
they have imprisoned and scourged my "
people and with-held my Revenues or "
rendered them unproductive, your Lordship
will not grant any relief nor even "
shew to me the common civility of
acknowledging the receipt of my letters
on that subject.

Thus discouraged by your
Lordship's treatment of me, I can "
scarcely entertain the hope that the present
address will be more successful than those
which have preceded it - yet urged by "

imperious

Fort St. George 20th May 1800

imperious necessity, I again offer to your Lordship, in continuation of the wrongs which I have experienced, accounts that I have lately received from the ill fated province of Tinnevelly. Major Macaulay the Commanding Officer of the Company's Troops there, sends for the Amils and other Servants of the Circar and the Ryotts and Inhabitants, and either by presents or punishment endeavours or tempts them to take such an Oath as he thinks expedient to dictate for the purpose, as he avows, of enabling him to get possession of the Country from me. He places Hircarahs in the Talloocka and Spies over my Cutcherry and if any person is discovered purchasing Paddy or carrying on any dealings with the Circar they are seized and punished or turned out of the Country.

I have already repeatedly mentioned

Fort St. George 20th May 1800.

mentioned to your Lordship that Paddy is
the principal Article produced in the "
province of Tinnevelly and if I am not
allowed to dispose of it how can I pay "
my Hist to the Company? Your Lordship
knows that Chuckrums are the Coin of
that Country and that they would be refused
at the Treasury of the Company it is "
therfore necessary that they should be "
exchanged by the Soucars who remit me
Bills on Madras; but Soucars in "
common with others are prevented from
entering into any transactions with my
people. When the grain is sold in small
quantities the expence of collection, which
at all times is very heavy, is greatly "
increased and yet those who are inclined
to purchase large quantities are deterred from
doing so. The inhabitants of the "
Country have grain of their own and do

not

3002 Fort S.t George 20th May 1800

not require any or at the utmost very —
trifling quantities from the Circar; but if
it were otherwise it must be given out to
them in retail and at distant periods. I
should not therefore under such circumstances
be enabled to collect my Lists at a certain
day and your Lordship well knows the —
consequence of a failure in paying them.
There are other articles the produce of my
Country and which have hitherto been sold
to Merchants of all Nations and descrip=
=tions; but the door is now shut against
them by Major Macaulay and punishment
awaits any attempt at commercial —
intercourse with my Servants.

With such interdicts of the
Company's Servants and with such their
unwarrantable exercise of authority in —
my Country by which every thing is thrown
into confusion and my people filled with
the

Fort F. George 20th " May 1800.

the most serious apprehensions for their " personal safety, when they imprison and otherwise punish my Servants and the " Inhabitants at their pleasure, and indeavo= =ously inculcate the Idea in the minds of all, that I have no longer any power in my own territory: and that they will " insult and disgrace me by all means and on all occasions: Let me ask your Lordship how it will be possible for me to fulfill my engagements with the Company? Direct them my Lord to desist from such extraordi= =nary such unjust and such arbitrary " proceedings and I assure your Lordship that I will be punctual in the payment of my Lists, or in the event of failure your " Lordship will be justified in assuming the management of my Country in conformity to the Treaty; but if that Treaty be violated by the Servants of the Company and I in

consequence

consequence should become unable to perform —"
the duty which it imposes. The fault not —"
being mine I could not incur the penalty —"
which the Treaty has provided and the voice
of reason and Justice would oppose any —"
measure to enforce it against me.

In a former address I referred
your Lordship to a letter from my Lord
Cornwallis dated the 1st October 1792 in which
I have the pledge of his Lordship's word, a
pledge never yet forfeited that the Officers of
the Company appointed to the Command of
Forts in my County should not interfere
in the affairs of my County "with which"
his Lordship observes "they have no concern
further than for its' defence." That letter
which I frequently read with emotions of
gratitude, breathes the mildness of benevo-
-lence and the spirit of Justice: the —"

and the Language of a man who knew no other guide than honor and no other path than that of rectitude.

Sir Charles Oakeley in a letter of the 10th. May 1791 speaking of the Commanding Officer of Tuchenopaly says "your "Highness will knows that in the time "of war a considerable share of responsibility "attaches to the situation of those who are "in charge of important Fortresses and that "too much caution can not be observed, but "tho' this be the case you may be assured "that I shall never countenance the least "disrespect to any part of your family "by the Company's Servants, on the contrary "I would punish in an exemplary manner "any one guilty of it." And in a nother part of the letter Sir Charles says "so far as the "Company's Authority and the safety of "the place will admit he will be directed

to

Fort St. George 20th May 1800

"to adhere to established customs" I need not observe to your Lordship that this letter was written during the time of war and when the Country had been assumed by the Company and under their management.

The established customs in my Country with regard to the Servants of the Company is that they shall not interfere in any degree or manner with my Servants or Revenues unless when called upon to give assistance. By established custom they are in the exercise of their duties confined to their Forts and the garrisons under their command and any disrespect to the authority of the Circar or illtreatment towards those intrusted with any part of the Revenue has constantly been severely punished by the Government of Fort St. George.

Judge then my Lord of my surprise

Fort St. George 20th May 1800

surprize and astonishment at the change which has taken place under your Lordship's Government by which established custom has been destroyed my authority wrested from me and treated with every insult and contempt, Lord Cornwallis's assurances considered as insignificant and threats and punishment resorted to with a view to subvert my Government and plunge me into ruin.

When your Lordship arrived in this Country I rejoiced in the good fortune which I imagined awaited me and considered that Heaven had interposed in my favor to relieve me from further trouble and anxiety, and tranquilize and make happy the future period of my life - The magnanimity of your Lordship's illustrious Father and the name he had acquired in this Country for justice and liberality, burst in

upon

3008

Fort St. George 20th May 1800

upon my mind like streams of light — "
penetrating the clouds of darkness and I
said the Son will emulate the virtuous of
his Father and he too must of consequence
be just and liberal I shall find him the —
Champion of Virtue in a Land which his —
Father conquered and that no considerations
will lead him from those objects which his
noble father invariably pursued. As my —
revered parent walked in friendship and —
affection with his munificent Father, the
Son will tread the same circle and he will
guard and protect me against oppression - Our
situation will be endeard by Retrospect which
will produce sensations the most grateful
and interesting.

Suffer me then still to indulge
in the hope that the gloom which at present
surrounds every prospect may be dissipated
and that your Lordship may complete the
expectations

Fort S.t George 20.th May 1800

expectations I had formed: aid me in my honorable purpose of fulfilling my engagements with the Company: protect me against that oppression which will otherwise plunge me into disgrace and ruin and in one word my Lord give me Justice strict and rigid Justice, and I shall be perfectly satisfied- and surely in asking that, I seek no more than what is due to every man in every situation. As the Memory of your great and noble Father is dear to you. in the name of the King of Great Britain my Father and Protector. in the name of the British Nation whom I love and in the name of those Laws which are revered by mankind, I conjure your Lordship to weigh with deliberation the grievances I complain of, examine them with impartiality and grant me that justice which I may be entitled to and which my wrongs and injuries may

demand

3010

Fort St. George 20th May 1800

demand but if your Lordship should withhold
from me the Justice that I entreat and —
think it not convenient to send immediate
orders to the Commanding Officers of —
Palamcottah and Madura to desist from
the outrages which they have committed and
the violence they are pursuing towards me
and my people; there, in the same solemn
manner and by those sacred distinctions —
I protest against the events and consequences
that must inevitably ensue and your —
Lordship so far from blaming will, in
your own Bosom at least commend me.

The humblest animal on the —
face of the creation when trampled on will
turn itself round in reproach towards the
oppressor, and man feels, and resents as he
feels, an injury or insult that is offered to
him. and am I my Lord, the Sovereign

the sincerest and most affectionate
friend of the King and the British
Nation, tamely to submit to those
arbitrary proceedings of the Servants of
the Company which must involve me
in disgrace divest me of all the attributes
of a prince, hold me up to derision and
contempt deprive me of my highest
ambition; the ambition of being regarded
as an ally by a King whom I adore and
a people whom I love, and hurl me

my Lord, I will assist my rights both
as a Prince and as a man; and if I
succeed not, that great and just King

public Faith will not suffer me to fall.

or

I have entreated, and anxious to avoid those
appeals which must produce dreadful —
discussions; I have solicited from your
Lordship as a favor that which I might
have demanded as a right and I am still
hopeful that your Lordship may grant
me that Justice which your Lordship
knows has been denied to me.

It has been urged that I —
anticipate my revenues and that my —
managers dispose of the grain before it is
reaped. I do not deny the fact and your
Lordship is well acquainted with the —
necessity of the measure. Every month
does not produce the same collections and
it is therefore requisite to make that —

No. And let me ask your Lordship whether the Company do not and whether every Power in Europe does not occasionally anticipate its Revenues: but whatever might be the effect of my conduct in my own Country, so that — I perform the covenants contained in the Treaty, I am a Sovereign Prince, and the Company have no right to interfere. Thank Heaven I have not created my debt since I have held the reins of — Government in the Carnatic, and inorder to relieve my people and make them — happy I have dispensed with all the — pomp of state and live now like a —

not then my Lord allow the Servants of the

Is this my Lord in unison with the Treaty? is this conformable to right and Justice? Representations the most injurious to my Fame and character have been circulated in England and I have been calumniated and traduced. It has been there asserted that regardless of the welfare of my People and totally inattentive to my own character and dignity I have suffered myself to become a prey to usurers and extortioners that in consequence my people groan under a load of misery and wretchedness

and

and that my Country must of course soon be in such a deplorable State as to be of no service to the Company, when, on account of failure in the payment of my Lists it may fall into their Possession. your Lordship knows that such representations and such assertions are founded in malice and falsehood; but if your Lordship should permit Major Macaulay and Mr. Lushington to continue in the exercise of that arbitrary authority which they have assumed and those distinctive means that they are now pursuing in the Country my people will inevitably be rendered miserable and wretched, my Country will be depopulated and I must of necessity fail in the payment of my Lists - The world might then say that every blame which has been attributed to me and every act of impropriety and injustice with which

I have been charged here by no means exaggerated and if I should fall I should find no one to commiserate my misfortunes, no one to hold out the arm of assistance - It is then the most important duty of my Life; a duty which I owe to my friends and to the world, to my honor and character as a man and as a Sovereign to detail to your Lordship the oppression and injury and the insults and disgrace which I have suffered by the Servants of the Company — and to demonstrate to your Lordship and to the world that, if I fail in my engagements and my Country should be assumed in consequence, the fault is not mine and that my disgrace and ruin will be occasioned solely by the conduct of the Servants of the Company - Nor will I suffer without complaining - I will — approach the Throne of that wise, just and

merciful

merciful Prince who governs his vast Empires with the mild hand of a tender parent; and from him, my Father and my Protector, I will ask Justice; and your Lordship knows that I shall not ask in vain. I will appeal to the British Nation whose candor and generosity, I am well acquainted with, who acknowledge no power beyond the laws by which they are governed, and who are ever ready to espouse the cause of the oppressed. They will listen to my grievances with the ear of attention, and the feelings of benevolence now will they remain inactive in my behalf. Every consideration which is dear to me in life prompts and urges me to make these unequivocal avowals to your Lordship. Hitherto I have confined myself to entreaties and supplications, which

by

by many may be regarded as too humiliating, and below the rank I hold in life - but to my own breast I stand acquitted - My motives were the most pure and honorable and I shall never be ashamed to confess the acts which they operated. I was encouraged to hope that they would have had due weight with your Lordship and procured a redress of those grievances of which I complained - and I repeat that, it would have afforded me the highest gratification to receive at your Lordship's hands that satisfaction which I felt myself compelled to solicit, and to which my sufferings are justly entitled - But instead of redress, your Lordship has not taken any notice of my complaints and my wrongs are → permitted to accumulate.

When these truths shall → meet the consideration of the impartial,

will it not be said that finding me punctual in my Visits and the fulfill-ment of my Engagements as delineated by the Treaty, there did not appear any prospect of acquiring the possession of my Country, and that therefore the Servants of the Company were allowed to destroy my authority, to insult and disgrace me, to imprison and scourge my people, to prevent Soucars and Merchants from having any transactions with the Circar, to put a stop to my Revenues, and to procure improper testimony against me.

A husbandman had a rich and extensive Garden, fair as the face of nature, planted with tall and Majestic trees, whose fruit hung in vast clusters like things of amber tinged by the Rubys brightest a River delicious as the Streams of Samerkand flowed through it; margined by

by the most delightful verdure, adorned by
bowers that diffused odoriferous sweets, —
which like the musk of Khoton perfumed
the air. The husbandman had a large —
family and numerous dependants and —
from the produce of the Garden they enjoyed
the gaieties of profusion beneath the wide
spreading vine of contentment. A stranger
from a far distant Country appeared amongst
them the door of hospitality was opened to
him, and he was welcomed with the —
embrace of sincerity: The husbandman
addressed the stranger and his Language
was devoid of guile: You shall reside —
with us and we will be brothers. our
interests shall be one, and we will —
reciprocally assist each other. a portion
of this garden shall be yours and from the
remainder which Providence has blessed —
with abundance you shall have a share of

the choisest Trusts in common with us:
The stranger tuned the instrument of Joy
and Sang in praise of generosity and
friendship, of Candor and sincerity: but
alas! the words of the Stranger flowed not
from the heart. In the neighbouring Towns
he soon formed connexion which rendered him
powerful, and he followed the guidance of
ambition. He complained to the Husband-
man that the compact which had been
formed between them had been departed from,
that the Servants of the Husbandman had
committed outrages and violence against
his People and professions, and that in order
to create security against future depredations,
the separate authorities should be united
in one, and that he should hold the
reins: The husbandman heard with sorrow
the suggestions of the stranger and the
thorn of affliction pierced him to the soul

He

He placed in his view the occurrences of former times and pressed on his consideration the unsolicited kindness which he had received when accident introduced them to the knowledge of each other. The Stranger heard the Husbandman with indifference and treated him with contempt. The dwelling of the Husbandman was no longer the Mansion of Security. the people of the Stranger destroyed his bowers: the Trees of the garden were deprived of their fruit ere they had been touched by the hand of maturity. Scarcity and want stalked through the once enchanting spot and the ruins of contentment withered and decayed. The Stranger viewed the dreary change with exultation and triumph and charged the Husbandman with misconduct and an abuse of Power. The tongue of malevolence dwelt on the theme and the world in recounting the misfortunes

misfortunes of the Husbandman spake
of his misconduct and his abuse of
Power and exclaimed he is justly punished.
The Husbandmans anguish burst forth
and he said. The chelling blasts of
Calumny have destroyed the fair blosoms
of my Fame, and the voice of friendship
is heard no more within my habitation:
the Sun of my Glory by it's lengthened
shade shews how nearly it has approaches
that region where darkness commences
and where all is horror - My generosity
has proved injurious to my prosperity,
my sincerity has procured reproaches, and
the Friend of bosom turns against me
with a hostile hand. Crushed are all
my hopes and the prospect of happiness

My Friend!
